

SURPRISE IS SPRUNG AT BANQUET

Speaker Cannon and Gifford Pinchot Appear Arm in Arm at a Kansas City Function at Which the Former Forester Is the Guest of Honor.

Then They Have an Extemporaneous Debate as to Who Is the Father of Conservation—Uncle Joe's Appearance Accidental—He Just Happens in Town.

Kansas City, Mo., July 15.—Gifford Pinchot and Speaker Cannon engaged in an extemporaneous debate upon the subject of conservation before the Knickerbocker club here tonight.

Mr. Cannon said that the late J. W. Powell, at one time director of the government geological survey, deserved the honor, but Mr. Pinchot said that Roosevelt was the man.

"J. W. Powell was the father of conservation," shouted Mr. Cannon. It was Powell, said the speaker, who appealed to him when he was chairman of the committee on appropriations to do something for conservation.

"The house was in favor of the legislation, but the senate fought it, but in 1890 the senate passed a bill which contained a provision withdrawing all water power sites, and that was the pioneer work of conservation.

"Turning to Mr. Pinchot, 'Uncle Joe' said: 'I have the greatest personal regard for you, but I understand that you are now engaged in conservation work for the organization of a new party.

Mr. Cannon shook hands with Mr. Pinchot at the conclusion, and apologized because he had to leave without hearing the former forester.

Mr. Cannon was not the regular program, but having stopped at the hotel where the dinner was given, he was invited to attend and speak.

Mr. Pinchot Given an Ovation. The entire club stood up and cheered for several minutes.

"The National Conservation association is continuing the work he started. Last session congress did great work and our association was largely responsible for it.

"We now intend that the people must be compensated for what the private interests get. The old practice of the future is now safe against the oppression of the monopoly.

"I believe a new school of policies is coming in the United States. This new school will decide whether the country shall be governed by money for profit or by men for human welfare.

"I made a speech at St. Paul recently and in connection with that speech somebody mentioned the possibility of the organization of a new party.

"I am a Republican. I do not believe in the necessity of a third party, and there won't be any. I am not a Cannon Republican nor an Aldrich Republican.

"I have an exceedingly kindly feeling for the speaker. The 'old man' in his fight with Murdock and the other insurgents stood for obsolete tradition, but he was manly about it. His courage had

made him great while fighting for a proposition in which I think he was mistaken. It is a sad thing when men who have done the work must stand aside and give the leadership to others.

"I think I am as good a Republican as Mr. Cannon." "But, some of us are Democrats," shouted some one in the audience.

"I am glad you said that," answered Mr. Pinchot, "for the ideals of the public-spirited Democrats are exactly the same as the ideals of the public-spirited Republicans. We must all work together to put the special interests out of politics.

"The speaker mentioned Major Powell. He was a great man. Frederick H. Newell is the same kind of a man. I consider Dr. Newell the best officer in the federal service at Washington at the present time.

"The greatest tribute ever given Theodore Roosevelt was that of the But this has ever been the story of progress.

English writer who said that when president of the United States Roosevelt surrounded himself with the most effective, most enthusiastic company of young men ever engaged in carrying forward the executive duties of any government."

A surprise was sprung upon the members of the club when 'Uncle Joe' appeared at the entrance of the banquet hall with Mr. Pinchot, the club's guest of honor and principal speaker.

The two were given a rousing reception as Mr. Pinchot offered his arm to the speaker and started toward the guests' table.

"Uncle Joe" gently pushed Pinchot ahead, declining his arm, desiring to emphasize the fact that he realized the ex-forester was the specially invited guest of the evening.

Mr. Cannon left four hours later to begin a speech-making tour in the state of Kansas.

"I am on my way to speak for an insurgent candidate for congress in California. This is my first appearance in public."

"Mr. Cannon said that a party cannot stand on one issue. Well I know that the people will never become enthusiastic on the one proposition of standing pat. I want to be counted with the men who go ahead.

"I have an exceedingly kindly feeling for the speaker. The 'old man' in his fight with Murdock and the other insurgents stood for obsolete tradition, but he was manly about it. His courage had

made him great while fighting for a proposition in which I think he was mistaken. It is a sad thing when men who have done the work must stand aside and give the leadership to others.

"I think I am as good a Republican as Mr. Cannon." "But, some of us are Democrats," shouted some one in the audience.

"I am glad you said that," answered Mr. Pinchot, "for the ideals of the public-spirited Democrats are exactly the same as the ideals of the public-spirited Republicans. We must all work together to put the special interests out of politics.

"The speaker mentioned Major Powell. He was a great man. Frederick H. Newell is the same kind of a man. I consider Dr. Newell the best officer in the federal service at Washington at the present time.

"The greatest tribute ever given Theodore Roosevelt was that of the But this has ever been the story of progress.

VOICES THE GOOD WILL OF JAPAN

Count Komura, Minister for Foreign Affairs, Makes a Forceful Utterance at a Banquet at Tokio in Honor of American Secretary of War Dickinson.

Relations Between the Countries, He Says, Are too Firmly Established to Admit of the Possibility of Any Question Which Will Not Yield to Diplomacy.

Tokyo, July 15.—Unhappily, forces for evil for unknown but sinister purposes constantly are endeavoring by false reports or other methods to create conditions of ill will or distrust between the two neighboring powers.

Their relations are too firmly established and their interests are too distinct to admit of the possibility of any question arising between Japan and the United States which will not yield readily to the ordinary process of diplomacy.

Increased and more intimate exchanges of views between the two governments dispel all apprehensions on that score."

This forceful utterance was made tonight by Foreign Minister Count Komura in toasting J. M. Dickinson, American secretary of war, at a banquet given by Count Komura in honor of the American cabinet officer.

Mr. Dickinson was the guest of honor at the dinner which was held at the American consulate in Yokohama today.

Secretary Dickinson will be given an audience by the emperor tomorrow. When he arrived at Yokohama today on the steamer Siberia, he and his party were saluted by the American ships in the harbor and when they landed they were warmly received by a great crowd of natives.

On the way to the American consulate Mr. Dickinson spoke of the busy bowing his acknowledgments to the cheers of the people. In the afternoon the party left for Tokio.

DR. WILSON A RECEPTIVE CANDIDATE FOR GOVERNOR. Newark, N. J., July 15.—President Woodrow Wilson, of Princeton University, announced today that he will accept the Democratic nomination for governor of this state if he is convinced that a majority of the party sincerely desire him to be governor.

DR. WILSON A RECEPTIVE CANDIDATE FOR GOVERNOR. Newark, N. J., July 15.—President Woodrow Wilson, of Princeton University, announced today that he will accept the Democratic nomination for governor of this state if he is convinced that a majority of the party sincerely desire him to be governor.

SAYS THE RURAL TEACHER HAS IMPORTANT MISSION. Normal, Ills., July 15.—J. H. Bailey, head of the country life commission appointed by President Roosevelt, speaking before the Country Teachers' association of Illinois today, declared that the rural teacher should take the leadership in the development of higher ideals and better conditions in country life.

BRISTOW MAKES REFERENCE TO DENIAL OF PATRONAGE. Osage City, Kas., July 15.—For the first time since he returned to Kansas, Senator Bristow, in a speech here tonight, referred to the fact that he had been denied patronage by President Taft.

SECRET SERVICE DISCOVERS A NEW COUNTERFEIT NOTE. Washington, July 15.—The appearance of a very poor counterfeit of a two-dollar silver certificate has been discovered. The note is of the series of 1899 and is adorned with a portrait of Washington. The seal and the large figure "2" are in purple instead of blue.

CHINA JOINS PORTUGAL IN WAR UPON PIRATES. Hong Kong, July 15.—The pirates on Calicut coast today hoisted a flag of truce, in order to remove their wounded. The Chinese authorities have sent ten gunboats and 1,200 soldiers to the scene to assist the Portuguese if necessary in the exterminating of the outlaws.

BEEF TRUST INVESTIGATION WILL BEGIN NEXT MONDAY. Chicago, July 15.—The special federal grand jury will begin its investigation of the so-called beef trust next Monday, according to the government officials.

The Weather

Washington, July 15.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Saturday and Sunday; light variable winds.

DANIEL KINET, AEROPLANIST, DIES FROM HIS INJURIES. Gand, Belgium, July 15.—Daniel Kinet, the Belgian aeronaut, who fell when the rudder of his aeroplane broke last Sunday, died today from his injuries.

CLARA WARD ONCE MORE APPLIES FOR A DIVORCE. Paris, July 15.—Clara Ward, formerly the Princess Chimay, has brought divorce proceedings against her husband, Peppino Ricciardi.

SHOOTS YOUNG WIDOW AND KILLS HIMSELF. Chicago Tragedy Declared the Outgrowth of a Romance Involving Love and Business.

Chicago, July 15.—Charles W. Rignold, sixty-five years of age and well-known in real estate circles, seriously wounded Mrs. Emma Deufex, a young widow, and then shot and killed himself in the office of John C. Fetzer in the Bedford building here late today.

Police Inspector Lavin says that the shooting was the outgrowth of an involved romance in which love and business are hopelessly tangled.

Mrs. Deufex, say the police, called up Rignold to carry out certain business promises. Although Mrs. Deufex was accompanied to the Fetzer offices, where Rignold had a private room, by Miss Mary Wilson, of Hinsdale, Ills., and Fetzer talked with the two women previous to the shooting, the police have been unable to determine the exact conversation that took place between Rignold and the woman.

Mrs. Deufex is being treated under guard and Miss Wilson is being held prisoner. Mrs. Deufex is said to be from St. Paul and to have a sister who is a nurse in a Wisconsin convant.

Two unsigned letters were found in the dead man's coat. Both were written by women. One criticizes Rignold, and the other addresses him in endearing terms.

Fetzer seems disinclined to talk. Fetzer is rated as a millionaire.

INDIANA FARMER CONFESSES TO BRUTAL MURDER OF A TWELVE-YEAR-OLD SERVANT. Fort Wayne, Ind., July 15.—The body of Charles Coast, aged twelve, horribly mutilated, was found in a bed at the home of Moses Richer, a farmer, near Grabb, today.

Richer was arrested, charged with the murder of the boy, and confessed to the crime. He said that he had been tormented by the boy's back, breast and abdomen. Neighbors threatened to lynch the man. Richer declared that the boy had been kicked by a cow last night, and he had put him to bed.

Farmers report that Richer often carried strips of flesh from the boy's body and afterwards had killed him. "The boy had aggravated me a long time," Richer said. Richer, the prosecutor says tonight, related that for months he had bitten the boy to punish him. Last night he is alleged to have cut strips of cotton against the side of the house and killed him.

WEALTHY STEP-FATHER IS CHARGED WITH KILLING TWO CHILDREN. LeSueur, Minn., July 15.—Martin O'Malley, a wealthy farmer, is under arrest here, charged with the murder of his two little stepdaughters, aged five and three. A month ago O'Malley, a widower with eight children, married Mrs. Bergel, a widow with three children, and not long afterward two of the Bergel children died. An autopsy was held and arsenic was found in the children's intestines.

BODY OF MRS. CRIPPEN EXAMINED BY PHYSICIANS. London, July 15.—While the authorities here exhaust their resources to try to identify Dr. Harvey Crippen and his woman typist, physicians were examining the mutilated body of his wife with a view to determining the manner in which the murder was done.

The finding in the collar of a revolver gave rise this afternoon to a report that the woman had been shot before her body was battered into an unrecognizable mass and buried in quicklime in the cellar of the Crippen home at Hilldrop Crescent, North London. It is also reported that traces of poison have been found.

The man who does not look up will look down, and the spirit which does not dare to soar is destined, perhaps, to grovel.—Beaconsfield.

No man can be brave who considers pain to be the greatest evil of life; no temperate who considers pleasure the highest good.—Cicero.

BUSINESS WAITS ON THE CROPS

Quiet Still Characterizes Most Lines of Trade and Industry—Operations Are Conservative and Curtailment of Production and Price Concessions Continue.

However Evidence of Improvement Are Not Lacking and the Prospects Are for Much Activity in the Fall—Stock Market Is Firm; Wheat Very Strong.

New York, July 15.—Dispatches to Dun's Trade Review from all portions of the country indicate reasonable dullness in many lines of trade.

Business in all branches waits on the outcome of the year's crops. In the meantime, the leading industries are experiencing something more than the customary midsummer dullness, and curtailment of production and price concessions continue.

Hot weather has helped the distribution of merchandise in some lines and retarded it in others. The retail trade is much better than the wholesale trade, which has been largely demoralized by the price situation.

With the advent of fall a general awakening of interest is looked for in iron and steel. The production of pig iron continues at a good rate, but the uncertainty as to prices is a deterrent influence and the accumulated stocks have depressing effect.

Drygoods buyers are coming to the primary markets more freely. There is a better tone in the silk markets.

Gradual recovery will say: Quiet still characterizes most lines of trade and industry. The first fall buyers are in the leading markets, but their operations are conservative, pending clearer views of the crop outcome.

Trade as a whole is claimed to be equal or in excess of last year at this period. At the largest Eastern markets the trade still is of waiting character. Curtailment is still largely in evidence in the iron and steel, cotton, woollens, coal, lumber and coke trades.

Stock Market Dull, but Firm. New York, July 15.—The stock market today displayed its narrow limitations in every way.

The dealings were small and the fluctuations narrow. Oppressive weather and apathetic interest in the dealings played part in the showing.

The rigidity of the market was due also to the obstacles which were encountered in the course of any price movement.

The buying orders uncovered on the declines intimidated the bears and their efforts to secure stocks showed how scarce were the offerings.

The selling pressure was not conspicuous at any level and it was this fact which gave the market its negative strength and power of resistance.

The buying orders uncovered on the declines intimidated the bears and their efforts to secure stocks showed how scarce were the offerings.

Wheat Active and Strong. Chicago, July 15.—The wheat pit today passed through a day of continuous excitement and turmoil, starting with the opening and continuing throughout the session.

The September option went half a cent above the figures quoted during the crop scare last spring, touching 107 1/2 at one time.

RECEIVER IS NAMED FOR COL. GUFFEY

Pennsylvania's National Democratic Committee, the Owner of Oil and Coal Properties Valued at Many Millions of Dollars, Is in Financial Straits.

Without Ready Money to Pay His Debts, He Appeals to the Courts, and an Order Is Issued Restraining the Sale of His Collateral at a Sacrifice.

Pittsburg, July 15.—Colonel James M. Guffey, national Democratic committeeman for Pennsylvania, who figured so prominently as an object of attack by the Bryan adherents at the last national convention in Denver—the multimillionaire oil man—went into the hands of a receiver today.

The action was taken upon a bill in equity filed by J. H. Gayle. The bill filed alleges Colonel Guffey's indebtedness to be \$3,700,000, of which \$850,000 is unsecured; that the defendant has no ready money to meet the payments due, and that certain creditors are threatening to sell his collateral and enter suits. It is further asserted that Guffey has assets of more than \$17,000,000, a large part of which is stock in coal and oil properties.

All the stock is pledged as collateral, and the receivership was found necessary to prevent the sacrifice of this collateral. The court order restrains the creditors from disposing of any of the collateral securities or other assets.

Colonel Guffey said tonight: "My assets are more than double the amount of my obligations. I do not expect that the receivership will continue long. I have properties of great value. It is only a question of time, if permitted to dispose of them without sacrificing them, when I shall be able to pay all of my obligations."

GEERS DRIVES TO VICTORY IN AN EXCITING RACE. Terre Haute, Ind., July 15.—Geers today drove Walter W. to win the 2:04 pace against the greatest field ever matched on the Terre Haute track.

Two races were unfinished on account of rain. Walt Boy and Nathan B ran a dead heat in the third heat of 2:21 pace. Summaries: 2:06 pace, \$2,000; seven starters—Walter W. won; R. F. D., second; Baron Whips, third. Best time, 2:05.

2:11 trot, \$3,000; seven starters—Alice Roosevelt won in straight heats; Justo, second; Jennie Constantine, third. Best time, 2:08 1/2.

2:21 pace, \$700; six starters (unfinished)—Walt Boy and Nathan B each won a heat, while the third one was a dead heat; Tiger Lilly, third. Best time, 2:10.

Three-year-old trot, \$500; five starters (unfinished)—Lulu Aron won one heat. Time, 2:15 1/5.

Cleveland, July 15.—Hailworth, a bay gelding, won the fourth heat in the first race at the Rockport track today in 2:11 1/4, making a record for the track, a new record for the fourth heat of a half-mile track and beating his own record.

BUILDING OPERATIONS SHOW A GOOD GAIN. Washington, July 15.—Building operations in 123 cities of the United States during the calendar year 1909 represented expenditures close to a billion dollars, or to be exact, according to statistics compiled by the United States Geological survey, \$939,529,713.

That result is taken to be one fourth the principal indications that during 1909 the country recovered from the financial panic of 1907 and 1908, for the building record for 1906 was beaten 10 per cent. Of the cost of the new buildings, 73.24 per cent was for fire-resisting buildings and 26.76 per cent for wood buildings.

Of the total cost of additions, alterations and repairs, 65.55 per cent was for fire-resisting buildings and 34.45 per cent was for wooden buildings. The average cost in 1909 for new wooden buildings was \$2,269; for new brick buildings, \$3,522; for stone buildings, \$11,679; for concrete buildings, \$17,969; and for miscellaneous fire-resisting buildings, \$63,890.

ALLEGED FORGER PLANNED TO SPECULATE IN WHEAT. Chicago, July 15.—Wm. S. Clark, aged thirty-eight, of Newport, Tenn., was arrested here today after an unsuccessful attempt to deposit \$40,000 of alleged fraudulent cashier's checks drawn on the Spartanburg (S. C.) National bank at the bank of the Illinois Trust & Savings company here. The police say that they found \$217,000 of these checks on Clark's person. Clark is reported to have made a confession in which he is quoted as saying that he intended drawing the interest on the check deposits to open a line of wheat deals. Clark was masquerading under the name "A. R. Swan."

NECK BROKEN BY UPPER CUT. Hominy, Ok., July 15.—After, it is said, making a demonstration last night with a six-shooter and terrorizing the family of Columbus Egbert, an Osage county farmer, James Norman was laid out by an upper cut on the neck by Egbert that broke Norman's neck, causing death. Egbert went to Pawlhuska and surrendered to the sheriff, but no person would appear against him and he was released. This was the sixteenth killing in Osage county since statehood.

PERSONAL STRIFE IN THE MARINE CORPS

Navy Department Is Compelled to Send Letters of Censure to Eight High Officers.

Washington, July 15.—The personal strife among the officers of the United States Marine Corps today reached a climax when the navy department, as the result of an inquiry, sent letters of censure to nearly all the officers concerned.

No further judicial proceedings are contemplated. The censured officers are: Major General George F. Elliott, commandant of the corps; Colonel Charles H. Lauchheimer, adjutant and inspector; Colonel Frank L. Denny, quartermaster at Washington; Colonel Charles A. Doyer, commanding the marine barracks at the naval academy at Annapolis; Lieutenant Colonel Thomas C. Prince, assistant quartermaster, Washington; Lieutenant Colonel Henry C. Haines, assistant adjutant and inspector, Washington, and Majors Louis J. Magill and David D. Porter, assistant adjutants and inspectors at Philadelphia and Washington, respectively.

The inquiry was ordered as the result of the suspension by General Elliott of Colonel Lauchheimer for five days on the charge that he had been "keeping tabs" on the personal conduct of Colonel Lauchheimer then sought an inquiry. At the bottom of the disension in the corps is said to have been the question of the successorship to General Elliott when he retires in October, the fight being between the officers of the line and of the staff.

STILL HOPE OF PEACE ON THE PENNSYLVANIA RAILROAD. Philadelphia, July 15.—Nothing developed here today in the struggle to relieve the tension caused by the vote of the Pennsylvania railroad employees to strike unless granted a wage increase and better working conditions.

The officers of the men employed on the lines west of Pittsburg are still negotiating. On the lines east of Pittsburg the negotiations have been broken off. If a strike is called, it will probably affect both divisions of the road, involving some 25,000 conductors and trainmen.

While the situation is not bright, it is believed that the controversy will be adjusted. At Altoona, the 12,000 employes in the Pennsylvania shops here were interrogated this afternoon as to what capacity in which they would be willing to serve in protecting the company's interests in the event of a strike of the conductors and trainmen.

They were asked whether they would serve as brakeman, deputy or watchman. The responses generally were favorable to the company, although a large majority named the position of watchman.

GOVERNMENT OFFERS TO SELL 1,000,000,000 FEET OF TIMBER. Washington, July 15.—With the purpose of contributing to the development of northwestern California, the department of agriculture has offered to sell about one billion feet of timber in the Trinity national forest. The Humboldt & Eastern railway, organized to build a road from Eureka to the Sacramento valley, crossing the forest, informed the government that the construction of the road depended largely upon the tonnage to be obtained from the national forest timber.

In order to encourage the building of the road, the department has decided to sell all the timber covering an area of 200,000 acres. The successful contractor will be allowed ten years for the cutting and removal of the timber, and the minimum price which will be accepted will be \$1.50 per thousand for all timber taken during the first five years and \$2 for the remainder.

CLUBMAN AND CRACK GOLFER BECOMES A SALOON INSPECTOR. Washington, July 15.—Inspecting saloons in the District of Columbia for his health is the undertaking of Foden Horstmann, clubman, society man and champion golfer. Instead of paying doctors' bills, he will receive \$1,000 a year and, he hopes, a cure for emphysema by watching drinking emporiums.

Mr. Horstmann does not have to work, but when he consulted a physician recently concerning the condition of his health the doctor prescribed "work in regular quarters looked upon as good for emphysema." The close went back to the high point of the market at the opening of the day, the September at 60 1/2.

Outs took on some of the boom in prices during the day at one time touched the high figure of 39 1/2, the lowest point of the session being one cent below that figure. The September opened at 39 1/2@39 3/4 and closed at 39 1/2@38 3/4.

European Outlook Flattering. Washington, July 15.—According to reports to the department of agriculture, made public today, a good harvest is expected in Europe. Seasonable weather has removed the fears of a shortage caused by the tempestuous storms of June. The harvesting in the next two months is expected to exceed over an expanse of upwards of 120,000,000 acres of wheat, 100,000,000 of rye, 80,000,000 of oats and 45,000,000 of barley, the four crops occupying a total surface, the vast extent of which is reflected in the fact that it is between three and four times the combined acreage under the same crops in the United States.

Two important crop reports will be issued by the department of agriculture next week. The first will be that showing the condition of the cotton crop on July 25. This will be issued Aug. 2, at noon. The others one, which will be issued Aug. 8, at noon, will give a summary of the conditions of the principal crops on Aug. 1.

Irrigated Crops Doing Well. Farmers in western North Dakota began to realize during the latter part of last month the benefits from the irrigation projects in their territory. Owing to the high temperatures and scorching winds the unirrigated crops have burned up so that the best yield is expected to be rather less than 50 per cent of the normal, according to a reclamation report. The irrigated crops, on the other hand, are reported to be in excellent condition.

DAILY MINING JOURNAL A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Horatio S. Earle, one time highway commissioner, can tell Mr. Musselman what usually happens to the third man in the race.

The torpedo boat destroyer Roe has made a speed of thirty-one knots in her trials. She's the fastest thing in our tight little navy.

That speech for Senator Beveridge is the only thing that looks like politics in the cologne's itinerary, as far as it has been announced.

The Soo seems somewhat dissatisfied with its gain in population. After all the hard luck it has had the Soo ought to be pleased that it is not shown to have gone backward.

The attendance at the Elks' annual convention at Detroit this week was by no means up to expectations.

Marquette and Negaunee, tied for first place in the league, will clash in three games over the week end, and the league will, in consequence, get a sure nuff leader.

The Traverse City assessment roll was boosted \$3,100,328, or 66 per cent, by the tax commission, as a result of an inquiry by its agents into tax valuations.

For the first time in many years the thirty-second senatorial district is going to have a contest for the Republican nomination.

There's no doubt about the direct nominations system adding to the gaiety of our politics.

The subject of a young man's essay, who was graduated from a high school.

Very inelegant.

Copper Country

MACCABEES ARE IN FEAR.

Copper Country Tents Await State Commissioner's Decision.

Houghton tent, Knights of the Maccabees, held a festival Thursday night. It was the occasion of the election of a treasurer to succeed Joseph St. Amour, who has resigned with the intention of making his home in the state of Washington. Mr. St. Amour has been treasurer of the tent for the past eight years and has been one of the most enthusiastic members. In recognition of his services he was presented with a \$20 goldpiece. Andrew Weir was elected treasurer to succeed Mr. St. Amour and was followed by a banquet.

A Tinge of Misgiving.

But there was a slight tinge of misgiving at the meeting. The fact is that some of the copper country members of the Maccabees see the handwriting on the wall, or think they do. The state insurance commissioner of Michigan threatens to investigate the order. Some Houghton members of the order were formerly members of the Ancient Order of United Workmen, now no more, though once the most numerous lodge in Houghton. The state insurance department found that the United Workmen was lacking in the essence of future stability, principally a reserve fund, and the order was ordered out of the state. All but a very few of the copper country members lost all that they had paid in for years, the few being those who decided to continue payments into the supreme lodge. One of these is paying now \$10 a month for his United Workmen protection. Whether or not the Maccabee situation is similar to that in which the A. O. U. W. found itself is a problem yet to be solved, but the Houghton members are fearful.

A TRIP DOWN THE OTTER.

Party of Houghton Men Will Make Trip in Small Boats Soon.

A party of Houghton men, consisting of Dr. C. T. Ferris, Dr. C. E. Runge, Ed. Romp, E. M. Ingram, Ivan Hart and George Carroll, will leave Houghton a week from tomorrow for their annual outing. It is at least an annual outing for some of them and for some a new experience—a trip in small boats down the Otter river.

The Otter river winds through the southern portion of Houghton county through a country sometimes mountainous and sometimes wooded, partly through the wildest country still remaining in Michigan. It is a rapid stream but easily navigable for small boats for the most part and it abounds in game fish, such as brook trout and grayling. Dr. Ferris and Mr. Romp have made the trip annually for six years and hope to be able to make it every year as long as they live.

The six will descend south into the country until the junction of the Otter and Otter rivers is reached. They will haul four flat bottomed punts with them and will take to the river at this point. The journey back to Houghton by river is about twenty-five miles in length, so that it will be a long one. Each night the party will go in a canoe, they will fish as the mood seizes them, taking their time in making the run down the river.

FOURTH IN TWO EVENTS.

"Tal" Goodell Up With the Leaders of Minnesota Golf.

R. T. "Tal" Goodell of Houghton, playing with the Northland State club of Duluth in the Minnesota state golf tournament at St. Paul, had been in fourth place in the qualifying round of two big events, besides winning the bogey competition, up to yesterday.

Out of 135 entries in the qualifying round of the state individual championship Harry G. Legg, present champion, led with 133. Mr. Goodell was fourth with 162. It is a 36-hole tournament.

Mr. Goodell, paired with L. J. Hopkins, was fourth in the Scotch foursomes event at eighteen holes, total best ball of a pair to count. Their best was 74, as against 68 for Mr. Legg and his partner.

SKANEE FARMER IS KILLED.

Horses Run Away While He Is Driving a Mowing Machine.

C. J. Carlson, a farmer, was killed at Skanee, in Baraga county, yesterday morning. He fell from a mowing machine, the horses running away. His left leg was cut off and he was badly bruised. He died shortly after. The deceased leaves two children. He was born in Sweden and came here in 1880.

DOUBLE H VS. WINONA.

Southern Team Will Attempt to Reduce the Thousand Tomorrow.

The Winona team of the Copper Country Baseball league will play the Double H at Hurontown tomorrow afternoon. Winona has a team of good ball players. Considered individually they are as good as any in the league but they have thus far lacked the inside try and their team work is lumpy and it is in teamwork that the Double H excels. But Winona thinks it has a chance tomorrow to knock a few of the ciphers off that 1,000 cent standard which the Double H has held with considerable alacrity in all seasons. The game should be a good one. It will make league history if the Double H should happen to lose.

HOW'S THIS?

We offer one hundred dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Dr. J. C. CHENEY & CO., Toledo, O. We, the undersigned, have known E. J. Cheney for 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations incurred by him.

A REAL CURE FOR BLOOD DISEASE

S. S. S. is a real cure for Contagious Blood Poison because it is a real blood purifier. We all realize that this disease is a specific blood infection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat are attacked, the glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, sores and ulcers appear, and even the bones ache with rheumatic pains. It is reasonable to believe that in a blood poison so powerful as this that only a blood purifier can have any permanent good effect. S. S. S. is the greatest of all blood purifiers; it goes into the circulation and by thoroughly cleansing the blood of every particle of the insidious virus makes a permanent and lasting cure of Contagious Blood Poison. It does not hide or cover up the disease in the system but it entirely removes the last trace of its destructive germs. If you are suffering with this disease S. S. S. will cure you because it will cleanse your blood and enrich its health-promoting corpuscles. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is a medicine so absolutely safe and certain in its results, that everyone may cure themselves at home, and be assured that the cure will be permanent and lasting. Home Treatment book containing much valuable information for successful treatment, sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WILL PLAN FOR BIG PICNIC.

Calumet & Hecla Miners Will Hold Meeting Today—A Miners' Band.

The Calumet & Hecla miners, who will hold their annual clearing picnic late this month at the Calumet & Hecla park, will hold another meeting this afternoon at the Red Jacket town hall for the purpose of further perfecting the plans for the big event. John Glasson, a well known Calumet musician, is organizing a band to take part in the big picnic parade and to play at the park. The band will be made up of reel instruments. The members will be first class musicians. The band will consist of about twenty pieces. The Finnish drummers, Calumet & Hecla and other bands will also take part in the big parade.

HANCOCK BOOSTERS' CLUB.

Organization Is Non-Political—Suggests City Improvements.

The Hancock Boosters' club recently organized themselves. It will not lead to a republic when the conventions are held by parties or individuals. It is a club for the furtherance of the interest of Hancock only. The Boosters club will ask the city to make improvements in the Quincy street asphalt pavement so it will not be a reproach when the conventions are held the next summer. The club is conducting the campaign to land the Bremen's tournament for Hancock next year, and will make special efforts to bring conventions and gatherings of all sorts to Hancock.

AHMEEK WILL HAVE TOWN HALL.

Company Is Formed There to Erect a Municipal Building.

The plan to give the new village of Ahmeek a town hall when the village is not in a sufficiently prosperous condition to undertake the expenditure is going to be carried out. A meeting was held Wednesday night at which the citizens decided to get together and erect a building for village use as a private enterprise. It will cost \$7,000 and it is expected seven men will put up the entire sum. It will be a two-story affair with the village offices and fire department on the ground floor and the upper floor arranged as a hall for council meetings and public and private entertainments.

HOUGHTON BUSINESS CHANGES.

New Masonic Temple Building Causes Three Removals.

The prospect of immediate commencement of building operations on the Masonic temple at Portage and Sheldon streets will cause three business changes in Houghton. The present occupants of the buildings on the site being compelled to move.

Mrs. W. D. Gordon will move her tailoring establishment to the Wimmer building a block east on Sheldon street. John Klus is now remodeling the building on the opposite corner of Portage and Sheldon streets and this permit probably will be granted.

As soon as these changes are made the old buildings will be torn down and by that time it may be that the Masonic temple contract will be let.

REUNION AT THE CENTRAL.

Final preparations are being made for the annual reunion of present and former residents of the Central location, Keweenaw county.

The reunion of the Central location, Keweenaw county, Superintendent Alfred Nichols of the Osceola schools, who is expected home from Boston today will at once call a meeting of the executive committee and will announce some of the plans for the gathering. Rev. John Sweet of Detroit, formerly of Central, who is to preach the reunion sermon, is expected to arrive in the copper country within a few days. It is believed that more than 200 former residents of the location will gather for the reunion. There will be special excursions from all parts of the copper country for the event. The reunion is to be held Sunday, July 24.

LOGGING IN KEWEENAW.

The J. S. Morrison estate of Calumet is carrying on logging operations in Keweenaw county.

The J. S. Morrison estate of Calumet is carrying on logging operations in Keweenaw county. It is getting choice pine and hemlock. The operations were started during the present week in the vicinity of the Silver river, on the west shore of the point. Here there is a camp of about seventy men and it is

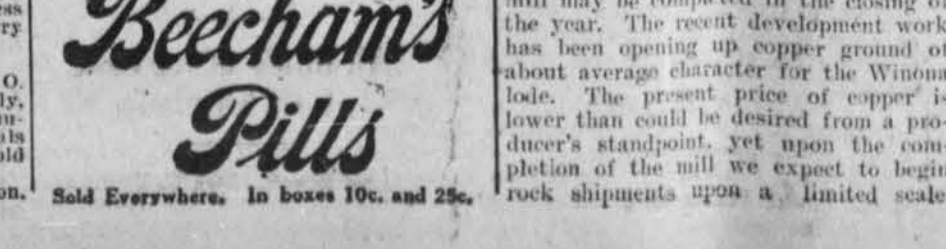

WINONA.

In a circular to the stockholders of the Winona Copper company, relative to levying the assessment of \$1 on the stock.

Treasurer E. B. O'Connor says: "As expected at the time of calling the assessment, the money so raised would be sufficient for your company's half-interest in the record mill that is being built in conjunction with the King Philip Copper company, and to carry on development work through July. The mill is progressing fairly well, but there have been several vexatious delays in the delivery of machinery. Parts of the stamp-heads are only just coming now that should have been delivered some time ago. We hope the mill may be completed in the closing of the year. The recent development work has been opening up copper ground of about average character for the Winona lead. The present price of copper is lower than could be desired from a producer's standpoint, yet upon the completion of the mill we expect to begin rock shipments in a limited scale.

Good Fellowship

occasionally leads to over-indulgence in the good things of the table. Be good to your stomach. Right it at once with

Sold Everywhere. In boxes 10c. and 25c.

Your Check an Indicator

If you are depositing your money with this bank and paying your bills by check you can always know the exact status of your finances. The record you keep on your check stubs is like the speedometer on the auto—shows just what pace you are going and warns you against spending too fast. That is why the man with a bank account is able to live more economically, thereby increasing his net earnings. Net earnings, you know, is what you are able to save from your salary, and a bank account will help you reduce expenses and increase your earnings.

Elected Without Opposition—At the annual stock election at Manistique, Wm. B. Thomas and Henry J. Neville were elected without opposition to fill the offices of trustee for three years. There were twenty-seven ballots cast.

Log Drive Held Up—

The Ford river drive has been hung up at Birch Rapids. The drive will be abandoned for the summer as all hope of bringing it down this season has been given up. The driving has been attended by many difficulties caused by the low water, the drivers having been at work for seventy-eight days and traveling little more than half of the stream.

Meets Death in a Mine—

Alfred Mitchell, aged twenty-four years, was killed Thursday night at the Baker mine at Stambaugh, operated by the Corrigan-Mekimney interests. The young man was a miner, and was working under Captain Fred Mitchell, his uncle. A chunk of ore fell down the shaft, striking him. The young man came from England a year ago.

More Saloons for the Soo—

Because the Soo has shown such a surprising increase in population, as shown by the census recently taken, a number of the liquor dealers who were frozen out when the plums were passed around the first of July are active again. The returns will allow of twenty-five licenses being issued by the council, an increase of four, and for these there will be more than twice that number of applications. It is likely that bonds and applications for the four additional places will be filed during the week and the council will have another problem on its hands.

School Instructor Resigns—

C. W. Fiskert has resigned his position as commercial teacher in the Escanaba High school. He wrote from Lakeview, O., where he went with his family about two weeks ago, stating that he had been offered a more desirable position nearer home and that it would pay him several hundred dollars a year more salary than his position in Escanaba. Mr. Fiskert has been commercial teacher in the high school for the last two years and has made many friends who regret his determination not to return. He is a very efficient instructor in the commercial branch.

Rival Ball Teams Matched—

The Soo management has arranged for a baseball game with Trout Lake on Sunday, July 17, at the Soo for a side bet of \$100. Trout Lake had been offered a match some weeks, but the Lake City nine ignored the challenge and no game was played. However a short time ago Ollie Smith put up \$100 as proof of the confidence which Trout Lake places in its team. This sum has been covered. Trout Lake has a number of semi-professional players from the lower peninsula. However, the Lake City people are anxious for the seventeenth to prove that the Soo also has a swift lunch and incidentally to take a little Trout Lake money.

Munising People Incensed—

Sheriff J. M. Conry of Munising has taken charge of Mitchell McClelland, who is wanted at Munising on a statutory charge and was brought to Escanaba from Nehalem by Under Sheriff Jolly. According to Sheriff Conry, feeling against the Indian was intense at Munising immediately after the commission of the alleged offense and it is said that had he been charged at the time the prisoner might have been dealt with by a mob. The man is charged with attacking a prominent young woman of Munising and in jail at Escanaba he is said to have admitted the offense, claiming that he was intoxicated when the assault was committed.

More Contract Jumpers Jailed—

Sheriff Bayliss of Chippewa county has four more boarders as a result of men returning to work after having their transportation paid and signing contracts. John Erickson, Jacob Johnson, Newton Koyne and Jaab Jawhik recently hired out through a Soo employment agency to work for the Hudson Lumber company at Garnet. They were furnished trans-

portation and after arriving at their destination refused to carry out the terms of their contract. They were arraigned before Judge Rummel, pleaded guilty and each was sentenced to a term of thirty days in the county jail. In speaking of the case the court said that if possible he was going to break up this practice. If a short term does not do the work he will go the limit of the law and offenders of this nature need expect no mercy at his hands.

Lovely Bid Turned Down—

Members of the city council at Crystal Falls are evidently not anxious to save the public's money on street paving work, declares the Escanaba Press, which continues: "In spite of the fact that the Solid Rock Construction company of Escanaba presented the lowest bid that was filed for constructing a tar macadam pavement on the principal business street of that city the contract was awarded to a Duluth firm whose bid was ten cents a yard higher. The Solid Rock company filed a bid of \$2.37 per yard for constructing the pavement and the bid of the Duluth firm that was accepted was \$2.47.

Many Automobiles at Manistique—

There are forty-six automobiles in Manistique, a great many of which are new this season. Two cars have been wrecked so far this summer—a Maxwell owned by W. S. Crowe, destroyed by a fire, and a Packard owned by George Nicholson, Jr., wrecked by his mechanic. There are five agencies viz: Benjamin Gero, Hudson, Humphre and Oldsmobile; N. S. Johnson, E. M. F. "30" and "40"; V. Coffey, Roy, Wm. S. Crowe, Maxwell, D. E. Soller, National Harvester. There are sixteen different makes represented in the city, of which the Olds people lead, with fourteen machines, and the Maxwell is second, with five machines. It is estimated the total value of the machines owned in Manistique is \$30,000. There are many good road leading out from the city and the distance the automobilist can drive is practically unlimited. Several times recently machines have been driven from Manistique to Gladstone and a number of citizens have made trips via automobile to Newberry.

Proposed Bond Issue Is Opposed—

Monday next, the property owners in Menominee will be called upon to vote on a proposition to bond the city for \$15,000 for the purpose of building a school of manual training, domestic science and a gymnasium on the high school grounds. The proposition is vigorously opposed by the Herald-Leader. The grade schools of Menominee, it declares, with the exception of the Roosevelt school, are old, dingy and unsuitable for the needs of thorough overhauling and systems of ventilation. In the ill-ventilated rooms of the grade schools 90 per cent of the school children of Menominee are at work—in some small rooms fifty or sixty little ones being huddled together day in and day out. There is no better investment for public funds than the money expended in public schools, but it is important that it should be spent in the proper place. The place for any money Menominee has to spend just now is in the remodeling of the grade schools. The necessity of a separate school of manual training and domestic science is not pressing. Menominee already has such a school. The Menominee County Agricultural school makes a specialty of manual training and domestic science. It has placed at the head of these departments practical and well trained instructors, and has already shown splendid results. This school is open to the boys and girls of Menominee who are ambitious to specialize along these lines, and affords facilities for practical training under expert instructors, which are all that could be desired. When all the circumstances are taken into consideration the demand for a bond issue of \$15,000 appears to be ill-timed and unnecessary. Menominee's first duty is to its grade schools.

Chamberlain's Stomach and Liver

Tablets gently stimulate the liver and bowels to expel poisons, and cleanse the system, cure constipation and sick headache. Sold by The People's Drug Store.

LAST WEEK OF OUR GREAT RAZOR SALE

Owing to the great demand for these goods which have exceeded our expectations, we have decided through a special request from many who were unable to attend last week's sale, to continue our Razor Sale for one more week. City Brevities

Today's weather: Partly cloudy; stationary temperature. Yesterday's temperatures: Seven a. m., 72 degrees; noon, 62; 7 p. m., 68. Maximum, 78 degrees; minimum, 62.

Mrs. Henry Dutmer is visiting relatives and friends in Grand Rapids. C. A. Hager arrived home yesterday from a month's recreation in the East. Mrs. A. A. Guck, of Lake Linden, is in the city visiting her mother, Mrs. Martha Egloff.

Weather permitting, the Finnish band will give a concert in Lakeside Park Sunday evening. The Anderson fish tug Columbia has been taken to Houghton where she will undergo repairs in dry dock. Captain Burr, of the Salvation Army, expects to leave for his new station at Devil's Lake, N. D., next Wednesday. Dr. Howarth and Frank Walter, who have been lecturing at the Normal school this week, left for Chicago last evening. Mrs. S. S. Ormsbee and Mrs. Richard Blake will serve tea at the Golf club this afternoon. Bridge will be played.

The recently organized Guild Hall baseball team will play the South Shore team at the fair grounds at 2:30, this afternoon. Mrs. M. J. Griffin and son Leo have gone to St. Anne de Beaupre, in Canada. Later they will visit relatives of Mr. Griffin at Ashfield, Ont. Miss Ella Byers has resigned her position with the Michigan State Telephone company and will shortly leave for Grand Rapids to visit relatives. William Day, a ball player who is well known to local fans, has arrived in the city and will play at first base in the game with Negaunee today.

The young women of the Guild Hall organized into a class last evening and arranged to give an entertainment Tuesday evening, to which their friends will be invited. Attorney Belmont Waples left for his home in Ironwood last evening but will return Monday to attend to the defense of the Ironwood bank note cases in which he is interested. Earl G. Killeen, of Ann Arbor, will sing at the First Baptist church, Sunday evening. Mr. and Mrs. Killeen are visiting Mrs. Killeen's mother, Mrs. George Hager. Mr. Killeen is director of music at the University of Michigan. M. H. Foard reports that a number of persons are interested in the camp sites he is selling at Thoney's Quarry point. These are among the most desirable camp sites to be found along the shore of Lake Superior.

Policeman Laid Up—Policeman Foard is off duty because of a very sore hand and arm caused by a dog bite. A few days ago, a dog was run over by a street car and the officer was detailed to shoot the animal. While attempting to do so, the dog bit his finger. He at once had the wound dressed by a physician and anticipated no further trouble, but yesterday the arm and hand were swollen badly and he is now carrying it in a sling and is suffering great pain.

Marquette at Negaunee—The Marquette baseball team will go to Negaunee today and tomorrow, and on Sunday a double-header will be played. The players are requested to take the 1 o'clock train this afternoon and the St. Paul train this evening will stop opposite the grounds to bring home those from Marquette who may attend. As these three games are between two teams that are tied for first place in the league, large crowds are expected at all the games. The management expects to play Tallion at second base and Hamilton in center field during this series.

Sidewalk Crew Busy—The city concrete sidewalk crew is very busy this summer and a large number of applications for work are still on file in the office of the street commission. Up to July 1, the crew had built walks for private parties to the amount of \$4,996.77. This figure includes street walks, lawn walks, concrete drives, steps, etc., but does not include work done for the city. Up to July 1 the crew had been working about six weeks, and is building an average of 250 feet of regular four-foot walk per day. The Manistique officials here a few days ago stated that thirteen cents was the price charged in that city for the same work, that the city for the same work that is built here for nine cents.

Accuse Third Man—Albert Bernard and Louis Shakey, who were arrested Wednesday on the charge of having broken into the Daily residence at Birch, were arraigned before Justice Cray yesterday, and pleaded not guilty, claiming that the theft had been committed by a third party, James Sax, nick-named Spiler, whom the officers have not been able to locate. All three of the men came down from Birch on the same train and Bernard and Shakey say Sax showed them articles he said he had taken from the house. They further claim that Sax went to the Daily home to get something to eat for the three and that he said no one was at home so he went in and lifted what he could find. The cases have been continued.

The Association of Collegiate Alumnae, composed of more than 5,000 members in various cities, is about to test the law of heredity by an investigation of its own membership and antecedents for three generations or more.

Normal Notes

The public is cordially invited to attend all lectures and entertainments given at the Normal during the summer. The new year book for 1910-1911 has just been issued, and copies of the same may be secured by making application at the office.

Thursday evening, July 21, at 8:15, a concert will be given in the Normal assembly hall, under the direction of Miss Linton. The attendance at the school during the present term compares very favorably with that of last summer, and the quality of the student body is excellent. Instructors and all feel greatly pleased with the progress of the work.

On July 25 and 26, Dr. E. A. Winship of Boston will give a series of lectures at the Normal. The subject of one of his talks will be his famous lecture "Our Schools and Their Critics," which has been given in a great many cities throughout the United States. Superintendent Clemo of Republic, Commissioner Sterne of Ishpeming and Commissioner Legg of Gladstone have been visitors during the past week. Wednesday afternoon, Mrs. Kelsey entertained the faculty and visitors at a most delightful picnic at Presque Isle. The day was perfect and all had a most enjoyable time.

During the past week, the Normal students, faculty and friends have thoroughly enjoyed the series of lectures given by Dr. Ira Howarth of the University of Chicago. Dr. Howarth is an excellent speaker, and the messages he has had to bring us, have been presented in such a way that they will not soon be forgotten. We hope Dr. Howarth will come our way again.

On Wednesday afternoon, July 20, at 4:10, Miss Eva Watt will read an original dramatization of Booth Tarkington's "Monsieur Beaucaire." Miss Watt has a beautiful and intellectual appreciation of the lines, and her suggestion of dialect is very good. The quartet, "Les Quatre Paysans," will also render several numbers both in French and English. A cordial invitation is extended to all.

Mrs. Rushmore will give a reading of "Madame Butterfly" on the evening of July 25, at the school. Mrs. A. T. Roberts will sing Puccini's songs, "Butterfly's Return," "The Lullaby," and one or two others. Mrs. Rushmore has read "Madame Butterfly" in several of the larger southern cities, such as Chattanooga, Nashville, and Macon, but this will be the first opportunity of hearing her give it in Marquette and all who can come, are cordially invited.

On Monday evening, July 18, at 8:15, Mrs. Abby Snell Burnell will give an entertainment in the assembly room at the school. This will be in the nature of a monologue on Indian life, and the entertainer will appear in Indian costume. Mrs. Burnell has spent a number of years in India, and is well acquainted with the people, their manners and customs. Mrs. Burnell has given her impersonations in many college and university towns and her work is very highly spoken of. Tuesday afternoon at 3:20 she will give her second entertainment. The public is cordially invited.

The students in the library department have enjoyed a special treat during the past week, in having had with them Frank K. Walker of the Library school at Albany, New York. Mr. Walker is one of the best informed men on his subject in the United States, and his lectures have been greatly enjoyed. Tuesday afternoon at 4:10 he gave a general lecture to the school on the subject "What Americans Read Most," and on Wednesday morning at the chapel hour, he spoke on the subject "Tools for Modern Life."

Monday morning Mrs. Mary C. Spencer, state librarian, gave a talk at the chapel hour which was appreciated by all who heard her. She strongly emphasized the importance of books to the teacher, and the pupil, and explained how the Michigan school teacher may secure aid in procuring the books she needs for her work.

TRIBUTE TO BAND.

Editor Mining Journal: I was in your city and heard the band entertainment Thursday evening, and thought what a nice entertainment it was. It is these little things that make life worth the living, and they cost so little. I live in a large city and a few days ago I attended a band concert in one of the parks. All the electric lights were covered with Japanese lanterns. I notice that your lights here could be covered with Japanese lanterns for a small amount of money and if properly cared for they would last all summer. In our city the band is paid with money raised by public subscription. Who pays the band here? I would suggest to Marquette people that they pass the hat for the band—pass it at concerts—and hear a band concert every Saturday and Sunday evening. Pay your band and pay them well. Nothing looms a town like a good band.

Better than an orchestra

The Victor plays all kinds of dance music, loud and clear and in perfect rhythm.

Always ready when you want it. Keeps on playing as long as you want. Obliging enough to repeat any barn dance, waltz, two-step or any other selection. Takes up little room—doesn't crowd the dancers. Does away with the trouble and expense of hiring musicians. Provides high-class entertainment of every kind between the dances. Come in and hear some waltzes, two-steps and other dance music by the Victor Dance Orchestra, Fryor's Band, Sousa's Band and other famous musical organizations. YOU can own a Victor—\$18, \$17.50, \$25, \$32.50, \$40, \$50, \$60, \$100. Victor—\$125, \$150, \$200. Easy terms if desired.

ON INLAND SEAS YOUR VACATION TRIP

ALL the important ports on the Great Lakes reached regularly by the excellent service of the D. & C. Lake Lines. The ten large steamers of the fleet are of modern steel construction, propelled by powerful engines, and have all the qualities of speed, safety and comfort. The United Wireless Telegraph Service used aboard.

The D. & C. Lake Lines operate daily service between Detroit and Buffalo, Detroit and Cleveland, four trips per week between Toledo, Detroit, Mackinac Island and way ports, and two trips per week between Detroit, Bay City, Saginaw and way ports. About June 25, a special steamer will leave Cleveland twice a week direct for Mackinac, stopping only at Detroit every trip and Goderich, Ont., every other trip. Send two-cent stamp for illustrated pamphlet and Great Lakes map. Rail tickets available on steamers.

Address: L. C. LEWIS, G. P. A., Detroit, Mich.; P. H. McMillan, Pres. A. A. Schantz, Gen. Mgr.

Excursion Bulletin

Every day to Sept. 30. Low round trip summer tourist fares to Eastern Canada, New York and New England. Optional routes.

During July. Every Friday, low rates by train and steamer to Detroit, Toledo, Cleveland and Buffalo.

July 12 to 19—Annual Pilgrimage to Ste. Anne de Beaupre.

July 20, 21, 22—Sons of St. George reunion, Iron Mountain, Mich.

Aug. 10, 11, 12—Firemen's Tournament at Sault Ste. Marie.

Sept. 2, 10—Eucharistic Congress, Montreal.

Watch for announcement of other excursions. For particulars apply to ticket agents.

"Oh, My Corns!"

Why do you have corns, anyway? A few applications of our Cure-A-Corn will rid you of every corn on your feet.

Don't resort to paring for relief. Relief obtained in that manner is only temporary, and it's dangerous—may cause blood poisoning.

There's no danger from the use of our

CURE - A - CORN

no pain or soreness, either. Corns come out, roots and all and your feet are left smooth and comfortable. Make the first application tonight.

Price, 25c.

YESTERDAY'S GAMES.

National League.

Pittsburg, July 15.—New York forced in the winning run by a base on balls.
Score: R. H. E.
Pittsburg . . . 3 2 0 0 2 0 0 1—12 2
New York . . . 0 4 3 0 0 0 0 0 0—7 8 1
Batteries—Maddox, Leever, White and Gilson; Wittse, Raymond, Meyers and Schlei.

Cincinnati, July 15.—The locals knocked Curtis out of the box in the second inning and won easily.
Score: R. H. E.
Cincinnati . . . 2 2 0 0 0 1 0 0—5 8 0
Boston . . . 0 0 0 1 0 0 0 0 0—1 11 2
Batteries—Suggs and McLean; Curtis, Ferguson, Graham and Raridon.

Chicago-Philadelphia and St. Louis-Brooklyn games postponed on account of rain.

American League.

Philadelphia, July 15.—Both runs were due to errors by the visitors.
Score: R. H. E.
Philadelphia . . . 0 1 1 0 0 0 0 0—2 4 2
St. Louis . . . 0 0 0 0 0 0 0 0—0 4 2
Batteries—Coomb and Lapp; Pelly and Stephens.

Detroit, July 15.—Washington hit Kilian hard, while Groom was effective.
Score: R. H. E.
Detroit . . . 0 0 0 1 0 0 0 1—3 9 3
Washington . . . 1 0 0 1 2 1 2 0—7 12 0
Batteries—Kilian, Works and Schmidt; Groom and Beckendorf.

Boston, July 15.—Boston won its fourth straight game by knocking Scott out of the box in the fourth.
Score: R. H. E.
Boston . . . 0 3 0 2 0 1 0 0—6 5 1
Chicago . . . 0 0 0 2 0 0 0 0—2 6 2
Batteries—Smith and Carrigan; Scott, Lang, Payne and Block.

New York, July 15.—The winning run was scored in the ninth on a wild throw by W. Mitchell, who tried to catch Knight napping at first.
Score: R. H. E.
New York . . . 0 0 3 3 0 0 0 1—8 10 3
Cleveland . . . 0 5 0 1 0 0 0 0—1 8 4
Batteries—Manning, Quinn,weeney and F. Mitchell; Falkenberg, Harkness and W. Mitchell.

INDIANA AWAIT'S ROOSEVELT.

His Coming Speech Expected to Increase Vote of the Republicans.

Indianapolis, July 15.—When Indianapolis heard of the news that President Roosevelt would come into Indiana and make a speech and that he had reached this decision after a talk with Senator Beveridge, the leaders of the state organization began to consider plans for his coming, believing that a speech by him would be important. They preferred to come to Indiana late in the campaign. Meanwhile the people will not be allowed to forget that he is coming. Indianapolis doubtless will be the city selected for the Roosevelt meeting. The city is centrally located, has the facilities for taking care of a large crowd and has larger newspapers than any other city in the state. The general opinion even outside organization circles is that the coming of Roosevelt will be a boost for the party cause.

Senator Beveridge is now working against odds and is hampered by a personal disposition which is not pleasing to some of the old party leaders even if they were disposed to agree with him on the tariff and other public questions, as they are not. A few days ago Chairman Lee called in Republican congressional nominees for a conference. Among those who attended were Congressman Crumpacker and Barnard, the only Republican Indiana congressmen, both of whom voted for the Payne-Aldrich tariff bill. Senator Beveridge, who voted against the bill, also was present. It was reported that Beveridge was present at the meeting and the word went out that in the congressional campaign little would be said about the Payne-Aldrich bill. President Taft had made a good congressional finish at Washington and his popularity in Indiana was greatly increased thereby.

Senator Beveridge has had printed fifty thousand copies of his state convention speech and will distribute them all over Indiana. The distribution of this speech is not regarded as likely to promote harmony. As a matter of fact, President Taft does not have any too kindly feeling for Senator Beveridge, and the policy of the Republicans fear that the campaign tactics of the senator will not go far toward reducing the reported strained relations. The feeling which is said to exist between Beveridge and the president, taken with the fact that Beveridge is coming to Indiana to speak for Beveridge, greatly complicates the situation, and there are those who predict that it will lead to even a greater rupture in the party than exists now.

Markets

WALL STREET STOCKS.

New York, July 15.—Paine, Webber & Co. have this to say of today's Wall street market: "Considerable irregularity marked today's session, with trading not so active as heretofore. The strength in the grain market did not have a material effect, although some liquidation was noticed in the northwestern roads and also in Canadian Pacific. We see nothing to warrant a change in opinion, and still believe that a depression from time to time which will afford sufficient opportunity to make moderate purchases and which, if accompanied by stop loss protection, should act as a barrier against unforeseen developments. We would lighten accounts on advances."

An event of interest to every man in Marquette—
Our Annual Sale of Men's Fine Clothing

It is our policy to clean up every season of all broken lines and with this end in view we place on sale today all broken lines and single suits left over from this season's styles at a great reduction in price.

You can now choose from several hundred suits, the regular prices of which are \$18.00, \$20.00, \$22.50, \$25.00, \$27.50 and \$30.00 at the clearing-up-price of

\$15.00
and all broken lots of suits formerly sold at \$12.50, \$14.00, \$15.00 and \$16.00 at the uniform price of

\$10.00

Men who know the intrinsic merits of our lines, the sterling grade of materials, the perfection of the tailoring, the elegance and individuality of our styles will hasten to avail themselves of this extraordinary offer. There is a great quantity of clothing included in this sale but there is no question of its selling quickly.

The Store of Quality.

GEORGE P. BROWN, Attorney-at-Law.
CITY HALL, MARQUETTE, MICH. 7-24-11

trouble in store for some of the venders of this hot weather delicacy.

LUDINGTON—Falling from an eight-cent foot pole on which he was working in Scottville, Peter Courtland, a lineman, was caught on a hook on the pole used in climbing it, and his arm was nearly severed from his body. To the fact that he was thus caught he owes his life. The young man's home is in this city, and he is in the employ of the Stearns Lightening & Power company, of Ludington, restraining the wires, when he lost his hold. The bones of the arm were badly out and the flesh ripped out until the bones were exposed. Though frightfully hurt, the physicians believe he will recover.

LANSING—John O'Berry, an aged city street sweeper, was run down and perhaps fatally injured by an automobile delivery car on Cedar street, near Michigan avenue. The auto was one of the delivery cars operated by the Olds motor works and was loaded with about 600 pounds of castings. This entire weight passed over O'Berry's body and it is feared that fatal internal injuries have been sustained. O'Berry stepped backward in front of the auto, according to a statement by the driver, A. J. Otto.

KALAMAZOO—Roy S. Moon, thirty years old, was killed by a west-bound Michigan Central train, three miles east of this city on the Comstock crossing of the railroad tracks. The train he was driving was also killed. Moon was returning to his home here after a trip into the country. The crossing is partially hidden by a hill and he did not see or hear the approaching train. More accidents have occurred on the crossing where Moon was killed than on any other in the county. This is the sixth accident within the last few years on this crossing.

BOYNE CITY—Herman La Point, employed at a tannery, narrowly escaped death when he grasped a live electric wire carrying the full current of the lighting plant. Fellow employees saw him as he grasped the wire and immediately turned off the current. La Point was badly burned and the flesh on his hands will probably come off, but it is thought that he will live.

ALLEGAN—Allegan people who wondered why the courthouse grounds were not kept as green and as well mowed as previously were amazed to find that it is due to the "dryness" of the county caused by the saloons being voted out as well as lack of rain. The duty of attending to the courthouse grounds has always fallen to the county jail prisoners, who were serving terms for drunkenness. There are now only two prisoners in the jail and neither can be employed as a "trustee" to work on the lawns. Since local option became effective, the county officials have been forced to pay real wages to get the lawns cared for. The funny thing about it all, is that the friends of the man who is doing the work for pay are kept busy explaining that he is not in jail but working for \$1.75 per day instead of jail fare, that he is a county employe, not a charge.

IONIA—The Ionia Elks appeared in the parade at Detroit in conviet suits. These suits were made to their order and were identical with those worn by the Ionia prisoners. Twenty-five of the Elks carried ball and chain in their dress to give Ionia notoriety as a prison town. The Elks received some criticism for their determination to carry out the novel stunt but determined to go the road and marched in real lock step formation through the streets of Detroit.

LANSING—The state dairy and food commission is about to start a crusade against the use of ice cream cones, which are not manufactured in conformity with the pure food laws. Some sample brands of cones, said to have been manufactured in Detroit, have been submitted to one of the inspectors, and if an analysis by State Chemist Robinson discloses the fact that the cones contain lactic acid, prosecutions will follow. Since the federal government recently seized several million cones found to have contained impure ingredients the state commission has been conducting a quiet investigation, and it is hinted that there is

trouble in store for some of the venders of this hot weather delicacy.

LUDINGTON—Falling from an eight-cent foot pole on which he was working in Scottville, Peter Courtland, a lineman, was caught on a hook on the pole used in climbing it, and his arm was nearly severed from his body. To the fact that he was thus caught he owes his life. The young man's home is in this city, and he is in the employ of the Stearns Lightening & Power company, of Ludington, restraining the wires, when he lost his hold. Upper Peninsula

Meminee's School Election

At the annual meeting of the Meminee city school district this week, the only contest which developed was between M. J. Doyle and Dr. H. A. Vennerma for commissioner, and the former won handsily. Henry Tideman was re-elected a trustee, without opposition. Concerning the meeting, the Herald-Examiner says: "The school board has perished unconsciously, assumed too much the air of a close corporation. The people have not enjoyed the open frankness they have the right to expect from their representatives, and important steps have been taken, such as reported increases in the salary of the superintendent of schools, which would not receive the endorsement of the public. The people assembled at the annual meeting were somewhat confused as to the course and purpose of the board. To aid of a loyal friend enabled her to complete the story, which was published when the author was 32. This story, which won the great prize, is now in its eleventh American edition."

In her new book, "The Girl From the Marsh Croft," the first one published by Scribner since she won the \$40,000 Nobel prize, the famous Swedish author tells how she wrote her masterpiece, "The Story of Gosta Berling." As a girl of 9 living on a farm she aspired to be an author and for many years she filled every scrap of paper she could lay her hands on with verse and prose. When she had reached the novellette stage the story was sent to a magazine and rejected. Long after she had been a teacher and the story had grown to novel size she received a prize for a few chapters of it. A leave of absence obtained through the aid of a loyal friend enabled her to complete the story, which was published when the author was 32. This story, which won the great prize, is now in its eleventh American edition.

Ishpeming Department

Ishpeming will be found on Pages 6, 7 and 8 this morning.

SILICA COMPANY PLANS IMPROVEMENTS

Additional Machinery Needed at Michigan Concern's Milwaukee Plant.

The officers of the Michigan Quartz Silica company, whose headquarters was recently transferred from Ishpeming to Milwaukee, where the annual meeting was held last month, have issued a statement to the stockholders giving information relative to the corporation's new Milwaukee mill. The financial statement shows the assets to be \$497,001.91. Of this sum \$238,915 is represented in the unsold treasury stock and \$1,378.80 is the value placed on the silica on hand. The company's property, including mine, real estate, machinery, tools, horses, wagons, etc., is valued at \$173,471.02.

The affairs of the company are being very carefully and economically handled, and no extraordinary items of expense are incurred. The management worked along conservative lines while preparations were being made for the operation of the Milwaukee plant. The officers are now endeavoring to dispose of \$10,000 worth of additional stock, to be used for the payment of machinery necessary at the new plant, also to raise working capital. The shareholders are asked to take additional stock to the extent of 15 per cent of the shares they now hold, at the rate of seventy-five cents per share. With the amount that would be acquired in the sale of this stock, the management states that it will be able to install the additional machinery needed and put the product on the market. At the annual meeting, the following resolution, which gives a fair idea of what the members of the board of directors think of the new plant, was unanimously adopted:

"Resolved, That the inspection of the new Milwaukee mill, together with the excellent equipment installed therein, by the board of directors has shown to our entire satisfaction that it is possible to manufacture the highest grade of finished product at a minimum expense, and that the enterprise can be recommended to the further support of present stockholders and their friends."

The following information is given in the report issued by Edward Copps, the president:

"The stockholders who attended our annual meeting saw our new mill in operation, and were well pleased with what they saw. For the benefit of those who could not be present, it might be stated that we have without doubt the finest and best equipped silica mill in existence. It is large enough and has sufficient boiler and engine capacity to enable us to increase our output to 100 tons per day of ten hours by simply adding additional special machinery, of the

kind we have installed to supplement the cement-making machinery already contained in the mill, when we moved into it. At present we are making ten tons in ten hours' operation. By running a day and night shift, we could easily make twenty to twenty-five tons in twenty-four hours, and the expense of manufacture by operating this would be cheaper per ton than day operation only, as at present.

"It is necessary, however, to work up the trade for our output, and while it may seem to some of you an easy matter to do this, we must tell you that it is difficult and uphill work to introduce our product without a safe working capital to pay for advertising, office and selling expenses. Up to date the company has been fortunate in having a few men who have given their time and best thought to the enterprise, with practically no compensation. In the case of the maintenance of our Milwaukee office, it has not cost the company a cent for rent, telephone or stenographer service. These men cannot continue indefinitely to work without remuneration."

"Our president, Mr. Copps, has until now refused to draw any salary, although it was voted to him more than a year ago. Now that our new mill is in operation, he has taken the superintendency of same, and moved his family to Milwaukee. He has consented to take a nominal salary, not much greater than that which the engineer at the plant is receiving."

"In order to save some of the very finest and most valuable produce which is now blown about the building and settles on machinery and woodwork, it will be necessary to install a dust collector at the mill, and we should also install a dryer. This machinery will cost in the neighborhood of \$1,500."

BASEBALL TODAY.

Ishpeming Team Will Leave This Morning for Crystal Falls.

The Negaunee and Marquette teams are to play three games at Union park today and tomorrow and Ishpeming and Crystal Falls two games at Crystal Falls. As the Negaunee and Marquette teams are now tied for first place, the one winning two out of the three games will step into that position with a clear title. If Ishpeming wins both games at Crystal Falls, its position will be greatly strengthened.

Bend, who has been playing short-stop with the Gladstone nine, arrived in Ishpeming yesterday, and will probably hold down third base. The management has induced Whitman to remain with the team for the present. Goulette will probably pitch today's game, and Dixon will be in the box tomorrow. The team will leave on the St. Paul train at 8:45 o'clock. It will return Monday morning.

MUST BE ABOVE SUSPICION.

Kidney and bladder ailments are so serious in their consequences, and if unchecked so often fatal that any remedy offered for their cure must be above suspicion. Foley Kidney Pills contain no harmful drugs, and have successfully stood a long and thorough test. Sold by all Druggists.

STRONG ORGANIZATION.

Pierce Associate Players Made Fine Impression in Ishpeming.

The production of "Strongheart" and "The Squaw Man" by the H. E. Pierce & Co.'s Associate Players at the Ishpeming theater the past two evenings were treated such as Ishpeming theatergoers have never before enjoyed at popular prices. Every claim made by the management has been fulfilled. It is said that the organization is the strongest stock company on the road, and those who witnessed the performances the past two evenings were persuaded of as much. The company is a large one and carries a complete outfit of scenery for each production. The scenery is new, having been especially built for the company's plays.

In spite of the hot weather since the company opened it has been doing a satisfactory business and its permanency is now practically assured. It is thought that after the company travels over the circuit a few times it will play to capacity business every night in all of the theaters of this region. Mr. Pierce and his associates are now organizing companies to play "Strongheart" and "The Squaw Man" in one-night stands on a \$1.50 scale. These companies will be independent of the stock organization.

Tonight's offering will be "At the White House Tavern," a comedy drama.

YOUNG WOMAN DIES.

Mrs. Trebilcock, wife of John Trebilcock, son of Captain William Trebilcock of the Oliver Iron Mining company's Section 16 mine, died yesterday afternoon at 2 o'clock at the family home on Arch street. Death did not come unexpectedly, as her condition had been critical for two or three days past. Pneumonia was the direct cause of her demise. The maiden name of the deceased was Menhennitt, and she grew up in Negaunee. Besides a husband one child, a few weeks old, survives. Mr. and Mrs. Trebilcock were married about a year ago. The funeral arrangements will be completed today.

F. BRAASTAD & CO.

Ishpeming

ISHPEMING IN BRIEF.

A. W. Myers is here from Milwaukee to spend a week or so. The interior of Peter Koski & Co.'s store is being repaired. Patrick Cronin is painting his dwellings on West Division street. M. Caughley, a former manager of the Nelson House, was here yesterday from Menominee. D. G. Mellwood of Iron River, Mich., looked after business in Ishpeming yesterday. Mesdames C. L. Sporely and H. W. Sheldon will serve coffee at the Golf club house today.

Mrs. John Clemens and family of this city held a picnic at the American mine yesterday.

A concrete walk is being laid in front of William Andrews' block on East Division street.

Mrs. C. A. Childs and son, James, have gone to Appleton and DePere, Wis., on a visit to relatives.

Mrs. Dan Gallagher of Green Bay is in the city visiting her mother, Mrs. J. Tobin, of Euclid street.

Frank Olson has reentered the employ of E. Braastad & Co., taking his former place in the grocery department.

Mrs. J. A. Blackney and her grandchild have departed for Canada, where they will spend the next few weeks.

Mrs. Grace Wasley, who has been visiting her son, John, at the American mine location, returned to her home in this city yesterday.

John T. Dixon, whose wife and children are here visiting relatives, came up from Green Bay and spent Thursday with them. He returned yesterday.

Births reported in the city yesterday were a son to Mr. and Mrs. William Hassett, 859 North Pine street, and a daughter to Nels Wittala and wife, 517 Jasper street.

The Marquette County Gas & Electric company has started to lay new rails on Pine street, from Division street to the railway crossing on the top of the hill.

John Nolan has sold the dwelling on Barnum street, occupied by F. P. Neelham and family, to J. T. Burke. The Neelham family will continue to live there.

H. P. Seaborg and Miss Libby Seaborg are visiting at the home of their uncle, John F. Gilling, First street. Miss Seaborg is a surgical nurse, and is located in Chicago.

Urgel Lavigne, the grocer, at the corner of Pine and Pearl streets, is preparing to open a meat market, which will be in charge of his son, Theodore, who recently returned from Seattle.

The funeral of the late Mrs. Elizabeth Henwood, who died Wednesday afternoon at Beacon, was held yesterday afternoon with interment in the Ishpeming cemetery. A number of Champion and Beacon people attended the obsequies.

Mrs. Joseph Bohemier and her daughters, Elsie and Myrtle, will leave tomorrow night for Montreal and other points in Canada. Before their return they will spend some time with friends in Detroit.

Mr. and Mrs. J. Prideaux of South Main street and Miss Malvina Varney have departed for St. Ann De Beaupre. Mrs. August Jacob and her daughter, Ella, will leave for there tomorrow night.

The funeral of the late James Mulligan will be held this morning at 10 o'clock from St. John's church. The sister of the deceased lives in Idaho and the brother, John Mulligan, is in Butte, Mont. Neither will be present at the obsequies.

Timothy Nolan, a former well-known attorney of this city, is here from Butte, Mont., on a few days' visit to relatives. He will leave for Butte again early next week. His wife and children, who have been here for two or three weeks, will remain for some time longer.

The members of Sir Humphrey Davey lodge, Sons of St. George, will attend services in a body tomorrow morning at 9:30 o'clock at the First Methodist Episcopal church. The members of the other lodges of the county have been invited to be present.

The Negaunee branch of the Mine Workers' union will hold a picnic tomorrow afternoon at the Cleveland park. Former Mayor W. J. Roberts of this city will deliver an address and music will be furnished by the Negaunee Italian band and the Negaunee Glee club.

Charles Sandberg, who conducts a liquor business in the Jones block, has purchased Howard Heyn's home on Empire street. Mr. Heyn is now remodeling the property he recently purchased on North Oak street and will take possession as soon as it is ready for occupancy.

The funeral of the late Nels Molins, who was drowned at Hibbing on Tuesday night, will be held tomorrow afternoon at 2 o'clock from the Swedish Lutheran church at Michigamme. Interment will be in the Michigamme cemetery. The obsequies will be under direction of the Ishpeming area of the Fraternal Order of Eagles, of which the deceased was a member. The members of the society are requested to take the South Shore train at 6:10 tomorrow morning for Michigamme.

THOSE PIES OF BOYHOOD.

How delicious were the pies of boyhood. No pies now ever taste so good. What's changed? The Pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at The Stafford Drug Co.

HAY FEVER AND ASTHMA

Bring discomfort and misery to many people but Foley's Honey and Tar gives ease and comfort to the suffering ones. It relieves the congestion in the head and throat and is soothing and healing. None genuine but Foley's Honey and Tar in the yellow package. Sold by all Druggists.

CURB STOCK QUOTATIONS.

Table with columns for stock names and prices. Includes entries like 'The following prices prevailed at yesterday's close: Ale 7 1/2 @ 8 1/4, Key 3 1/2 @ 4, La Rose 4 1/2 @ 5, etc.'

George F. Ruez's Review.

Investment buying and short covering continued in the New York market today and as a result stocks show gains of from one-quarter to one point. Steel Common and Amalgamated were well taken around 71 and 20, respectively. Lake was again the attraction in Boston and made a new low mark, selling down to 25 1/2. It is said to be due to weakly margined accounts at this level. Otherwise the Boston coppers, while dull, showed considerable firmness and in many cases the light tradings resulted in small gains for the day. East Butte was in good demand around 6 1/2 to 6 3/4. Greene Canada under 7, Giroux around 6 1/2. Superior & Pittsburg around 10 and Superior & Boston around 7 1/2. Alameda was the strong feature on the curb, advancing from 145 to 155 on only a fair demand. The balance of the list was only fairly active at unchanged prices. A message from the East today says that an Eastern financial paper today published the following: 'We have it upon the authority of one of the leading interests, the president of one of the largest producers, that conferences are now in progress in both this country and abroad with a view to bringing about the long looked for and much talked about curtailment of copper.'

D. T. Morgan & Co.'s Letter

The New York market opened higher this morning, being influenced by higher prices in London and a more hopeful tone in trade gossip. Trading was light, however, and there was little activity after the first hour, and the net changes for the day were small. New York says that while the market will likely remain dull for some time, it is generally expected to gradually work higher with occasional spurts due to short covering in special issues. Sentiment on the whole is more hopeful based on light offerings, low prices, and belief in an extended short interest. Lake was again the feature in a very dull and weak Boston market. This issue broke from 23, the opening price, to 28, on quite heavy trading, after recovering to 24. North Butte was also rather active and lost a large fraction. The others were quiet with little change. A prominent copper man is quoted as saying that conferences are now being held both in this country and Europe with a view of evolving plans for general curtailment of copper production. Announcement of completion of such plans would help copper stocks immensely. The curbs continue quiet. There was some demand for Custer and it sold up to 2 1/2. Algonah sold up to 8. There was little demand for the others and no material change. While it is difficult to determine the extreme low point in this kind of market, few will dispute the assertion that stocks will later sell far above present prices and afford handsome profits where bought at this level. We believe holdings bought higher up should now be sold and thus lower their average price.

Republic

T. W. Clemon spent Thursday in Ishpeming. D. T. Morgan was here for a few days this week. Rev. J. L. Hollinger was a Negaunee visitor Thursday. C. R. Patterson of Marquette spent Thursday here. Thomas Gibson was here from Houghton Tuesday. Emil Carlson spent Tuesday in Marquette and Ishpeming. Jerry Treado has opened a blacksmith shop in the Bergstrom building. Rev. A. Bennett took the White Tigers baseball team on a picnic Monday. Al. Hocking has engaged Philip Levine as clerk in his confectionery store. Arthur Carlson is building a new fence at the rear of his place of business. Jacob Davidson, now located at Green Bay, was here for a few days this week, on a visit to relatives. Miss Elsie Skoglund, who has been visiting with Miss Esther Tromberg, has returned to her home in Ishpeming. V. S. Hillyer, Dr. W. Menhennett, William Prin and Gordon Mudge of Ishpeming were business visitors in Republic Thursday. Mrs. G. Fitzgibbons and children have gone to St. Paul, where they will spend a few days. From there they will go to Tacoma and other points in Washington. The Illinois Bridge company, which is building the steel and concrete bridges on the county road between here and Witch Lake, expects to complete its work this week. Mrs. Siebenthal and daughter, Pauline, who have been visiting W. A. Siebenthal for the past week, have gone to Diorite, to spend a week or so visiting with Tate Siebenthal and wife. V. S. Hillyer of Ishpeming, county road superintendent, recently drove his automobile from Republic to Witch Lake. Mr. Hillyer expects soon to have a passable road complete to Floodwood. The Ladies' Aid society of the M. E. church will serve supper in the Woodmen's Hall next Tuesday from 5:30 until 8 o'clock. Adults will be charged twenty-five cents and children fifteen cents. J. H. McKibitt, claim agent of the Chicago, Milwaukee & St. Paul Railway company, was here Wednesday and Thursday, on business. He attended the inquest into the death of Robert Peterson, the boy who was fatally injured last week. The verdict of the jury was that the lad met death as a result of 'jumping cars.' Republic is one of the few towns in this region that has not had a shortage of water during the recent dry spell. The records at the pumping station show that 80,000 gallons of water a day were averaged during the dry period, which is a great deal more than the general average for a village of this size. The river is lower this year than in recent seasons. Republic continues to hold its record as a healthful place of residence. There has not been a single death from natural causes here in three months. This

for a village of nearly 3,000 inhabitants, is the banner record of the state. The period under consideration began shortly after the middle of March and covered April, May, June and part of this month, during which time there have been two accidental deaths, one by drowning, and that of Elmer Peterson, who died last Saturday in the hospital from injuries received by being run over by a train. Many Republic people are watching with interest the work of the teams of the Marquette-Iron County League, "Silent" Bill Laxstrom, who is playing with Ishpeming, is the man most watched and Republic fans are pleased to know that he is second in batting in the Ishpeming bunch. Laxstrom is just a few points behind the "greatest of all first sackers," who has a percentage of 276. A number of Republic fans will go to Crystal Falls Sunday, where Ishpeming and the "cellar chumps" meet.

VICE IN AMERICA. All that I have seen and heard concerning the vice of great American cities, alcoholism, gambling, immorality, seems to me to be neither more nor less than I have seen in all the great cities of Europe. I have noticed these sad features of modern civilization but they are no more hideous in America than elsewhere. I shall never forget the evening which I spent with an agreeable and clever journalist who took me to see the horrors of New York. For several hours we went about to restaurants, bars and places of amusement. I saw and noted with great attention what was pointed out to me, but I could not help, at last, coming to the conclusion that some day, if I were to take my guide on a similar tour around one of the great capitals of Europe, I could show him much more! Taking the Catholic countries of Europe as the basis of comparison, the only difference that I could perceive was that in America the family tie is weaker. Divorce is too easy by far; the women are too emancipated; the children too independent of parental control. In this respect it has seemed to me that America has reached a limit beyond which really dangerous social disorder lies.—Guglielmo Ferrero, in the July Atlantic.

Ishpeming

FINNISH BAND CONCERT.

Excellent Program Prepared for Tomorrow Night's Entertainment.

The members of the Ishpeming Finnish band have met with much success in the sale of tickets for their concert to be given tomorrow evening at the Ishpeming theatre. The selections to be played are of a high class. The members are showing much interest in their proposed trip to the Minnesota ranges. They will leave the latter part of next week, giving their first concert in Duluth on Sunday night, the 24th. All of the entertainments given on the trip will be in charge of local Finnish people. The scale of prices that will be charged here tomorrow evening will be thirty-five cents for the entire lower floor, twenty-five cents for the balcony and fifteen cents for the gallery. The program will be as follows:

- Ov Raymond
- Hearts and Flowers
- M. Tolani
- Echoes From the Opera
- Mackie Meyer
- Laurentian Echoes
- L. P. Laurendeau
- Tinhaus March
- R. Wagner
- Siirolaisten March
- O. Merikanto
- Grand Selection Op. Carmen
- Mackie Meyer
- Schiffers' Tschokolain Waltze
- J. Ivanovitch
- Schubert's Serenade
- L. Tracy
- Grand Sel. Bohemian Girl
- Balfe

SAVAGE WITHDRAWS.

Prominent Theatrical Producer Will Not Play Syndicate Houses.

In a dispatch from New York, Henry W. Savage, one of the foremost theatrical producers in the United States, is quoted as having said in a formal announcement that he has withdrawn from Klav & Erlanger, who dominate the theatrical syndicate. The text of the announcement follows: "I have definitely and absolutely severed all connection with the theatrical syndicate, and my attractions will not appear in any house owned or controlled by that organization. My reason for this radical step is that I claim the privilege of offering my goods in the places that seem best suited to my interests and those of the public at large."

While it was made known several weeks ago that Mr. Savage intended to break away from his close alliance with the syndicate, it was not believed that he would completely sever his connection with it. In fact, the statement was made on behalf of Mr. Savage that he intended to play in the houses controlled by the syndicate as well as in those allied with the National Theater Owners' association, an independent organization. The dispatch seems to mean that the Klav & Erlanger combination has refused to make an agreement on that basis, and that Mr. Savage, rather than permit the combine to tie his hands, has definitely broken off with Klav & Erlanger.

We may see many struggling against adversity who yet are happy; and more, although abounding in wealth, who are most wretched.—Tacitus.

PILES CURED AT HOME BY NEW ABSORPTION METHOD

If you suffer from bleeding, itching, burning or protruding Piles, send me your address and I will tell you how to cure yourself at home by the new absorption treatment and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P, Notre Dame, Ind.

Gas is in every way more satisfactory for cooking than any other fuel. Save money by putting in a gas stove. (6-14-11)

First-class piano tuning done by M. J. Olson. County phone, No. 520. 400 East Klidge street. (1-12-11)

Have you ever cooked with gas? If not you should put in a gas stove at once. (6-14-11)

Michigamme

BALL TEAM DEFEATED.

Poor Support Given Johnson the Cause of Michigamme's Downfall.

The Michigamme baseball team was defeated at Ontonagon Sunday by the score of 16 to 4. Michigamme played a rugged game in the field, and Ontonagon was strong with the stick, fifteen hits being made off Johnson.

The team is going to provide a ball park near the Lakeview cemetery. A new diamond will be laid out, and a grand stand and bleachers will be built. The grounds will not be fenced until next year.

The tabulated score of Sunday's game is as follows:

Ontonagon	A. B. R. H. E. O. A. E.
Coleman, ss	5 2 3 1 3 0
Hend, lf	4 1 0 0 0 0
Kane, lb	5 3 2 6 1 0
Zimmers, cf	5 1 3 1 0 0
Spare, c	5 2 3 9 0 1
Newman, rf	4 1 1 1 2 3
Gilford, 2b	5 2 0 3 1 0
Oborn, ss	3 1 0 0 3 2
Silver, 3b	3 0 0 3 2 2
Harrington, 2b	3 0 0 0 0 0
Fredrickson, rf	3 0 1 2 0 0
Mausika, cf	2 0 0 0 1 0
Johnson, p	3 0 0 0 1 0
	28 4 4 20 8 10

Score by innings: Ontonagon 3 0 0 6 0 7-16 Michigamme 4 0 0 0 0 0-4

Two-base hit—Kane. Struck out—By Johnson, 6; by Fisher, 9. Hit by pitched ball—Gebord, Meager.

MICHIGAMME BRIEFS.

Peter Dolf was in Ishpeming Tuesday on business.

Charles Sundstrom has purchased a new delivery wagon.

James Quayle of Ishpeming was here Wednesday, on business.

The Michigamme baseball team will give a dance Friday, the 22nd.

Lloyd Scholt will leave soon for the East, where he will enter the navy.

Miss Sadie DuBord left Wednesday for Fargo, N. D., where she will visit with her sister.

Anthony Cooney and Alger Peterson of Ishpeming were business callers in Michigamme Wednesday.

News was received Wednesday of the death of Andrew Allen of L'Anse. Mr. Allen was a resident here a few years ago.

Frank Sanquist has moved his family to Nestoria, where he has a position with the Duluth South Shore & Atlantic Railroad company.

Miss Iva Defrairie has returned from Eveleth, Minn., where she spent the past six months. Miss Defrairie had an engagement singing for a motion picture show there.

The announcement of the death at Hibbing, Minn., of Nels Moline, a former well-known Michigamme business man, was a distinct shock to his many friends. Mr. Moline was popular in Michigamme, where he lived for many years. He was well known in this end of the county, also in Ontonagon county, he having been in business at Mass during the boom of several years ago.

Victor Anderson, for the past twenty years a resident of Champion, has moved to Gwyn, where his son, John Anderson, is employed by Richard Quayle.

Mrs. P. Cartier looked after business in Nestoria last week. Mrs. Cartier owns the lunch counter there. The business is managed by her daughter.

James Blamey and Peter Derocha have returned from Escanaba, where they spent the past week on business. Messrs. Blamey and Derocha have taken positions with a wine house as traveling agents.

Mrs. J. Davidson, of Green Bay, visited her sister, Mrs. H. Davidson, the fore part of the week. She was accompanied here by Mr. and Mrs. Davidson, the former returning Wednesday.

The Tigers baseball team defeated the Cubs Sunday by the score of 13 to 6. The pitchers were Howe for the Tigers and La Crosse for the Cubs. The features of the game were home runs by Howe and Truckey.

Robert J. Wise, Melville Peters and Bernard Eger are spending the week at

Champion

Dr. Goodnow went to Ishpeming Wednesday on business.

Miss Eva Simmens is visiting with relatives in Ishpeming.

Charles Croze of Marquette visited with his mother here Sunday.

W. J. Rodgers of Cuba City, Wis., is here for a few days visit.

Andrew Carlson has returned to work after a week's illness.

Miss Nellie Roehon has returned from L'Anse, where she had been visiting.

Miss Margaret Cronin visited with her sister in Marquette Sunday.

Miss Adela Chatrand of Marquette is visiting relatives here.

Charles Kinsman and family of Marquette spent Sunday here.

Charles Horrigan and William Larson of Ishpeming were Sunday visitors here.

T. Dishnow has purchased a driving horse from Harry Davidson.

Miss Josephine Fredine of Ishpeming is visiting friends at Leacon.

W. T. Mitchell and wife will chaperon a party of young people up the lake Sunday.

Bert Trebilcock of Ishpeming and F. E. Nightingale of Duluth were here on business, Monday.

Roy Meager has returned from Hibbing where he had been working the past few months.

Charles Simmens, master mechanic of the Champion mine, was in Negaunee Monday, on a business trip.

Miss Nellie Feeley will leave this week for Detroit, where she will spend the rest of the summer.

Miss Teresa Feeley has gone to Bessemer, where she will spend a week or so visiting friends.

Several baseball fans attended the game between Negaunee and Ishpeming at Ishpeming Sunday.

George Constantino, of Cohalt, who has been visiting relatives, left Friday for his home.

W. Beatty, of Chicago, arrived Sunday to spend a month's vacation with his parents at Leacon.

Miss Eva Bellmer is visiting with her brother, Dr. G. W. Bellmer in Negaunee.

D. Belisle, the blacksmith, has installed a gasoline engine in his shop. He is now prepared to cut timber in any and all sizes.

Roy Kemp, express messenger on the St. Paul flyer, has returned to work after a vacation of two weeks.

Walter Nord, who is taking a course in mechanical engineering at Ann Arbor, is home on his vacation.

Carpenters from Marquette are repairing the Duluth, South Shore & Atlantic Railway company's depot.

Charles Bennett, son of George Bennett, is home from Lansing, where he attended school the past year.

Friends of Miss Clara La Crosse and Ed. Gilman have been informed of their marriage at Marinette, Wis., recently.

The Champion mine has again started to ship ore. This is the first shipping that has been done since May 1.

Miss Eva Marchand has returned from Amasa, Mich., where she visited with her sister, Mrs. M. Mullins, the past month.

Victor Anderson, for the past twenty years a resident of Champion, has moved to Gwyn, where his son, John Anderson, is employed by Richard Quayle.

Mrs. P. Cartier looked after business in Nestoria last week. Mrs. Cartier owns the lunch counter there. The business is managed by her daughter.

James Blamey and Peter Derocha have returned from Escanaba, where they spent the past week on business. Messrs. Blamey and Derocha have taken positions with a wine house as traveling agents.

Mrs. J. Davidson, of Green Bay, visited her sister, Mrs. H. Davidson, the fore part of the week. She was accompanied here by Mr. and Mrs. Davidson, the former returning Wednesday.

The Tigers baseball team defeated the Cubs Sunday by the score of 13 to 6. The pitchers were Howe for the Tigers and La Crosse for the Cubs. The features of the game were home runs by Howe and Truckey.

Robert J. Wise, Melville Peters and Bernard Eger are spending the week at

The Y. M. C. A. camp, getting things in condition for the building operations which will soon be started.

The funeral of the late Mrs. Elizabeth Henwood, who passed away Wednesday at the home of her son-in-law, W. E. Treval, will be held today. Services will be conducted at 11 o'clock by Rev. Strike, pastor of the Methodist church and interment will be in the Ishpeming cemetery this afternoon upon the arrival of the South Shore train in that city.

WHY IS BERIBERI?

A Question Which Is Puzzling the Medical Profession.

They Wonder Also Why Polished Rice Causes the Disease and Why the Polishings Cure It—Surgeon General Wyman Summons Experts to Help Him Solve the Mystery—Slight Outbreaks at Times Reported in Various Parts of United States.

Washington, July 15.—Why should eating polished rice cause beriberi? Why should chickens which have developed beriberi after eating polished rice recover on being fed the polishings? Why is beriberi, anyway? These are some of the interesting questions suggested by Surgeon General Wyman of the Public Health and Marine Hospital Service. It is Dr. Wyman's business to study into all such curious diseases as this, and when he finds he does not know it all himself, he calls in specialists and sets them to work. Just now he is reading up on beriberi and that is why he calls upon the medical profession for all the information it can give him regarding this strange disease. Beriberi, or "endemic multiple neuritis" or "kakke," as it has been variously called, is a disease not without interest to the American physician and health officer, for sporadic cases and outbreaks have been reported in several of the states.

New England Fishermen Afflicted. In 1890 Putnam reported several cases among New England fishermen of what was possibly beriberi and referred to other cases of what seemed to be the same disease antedating these by ten years.

A series of seventy-one cases were reported among the patients in the State insane hospital at Tuscaloosa, Ala., during the years 1895 and 1898. The first case developed in February, 1895, in a white woman. There were no other cases until the following November, when seven developed. In the next six weeks six more appeared. Then there were no new cases until September, 1896, when fifty-eight were reported. Of the total of seventy-one cases, twenty-one were fatal. Sixty-four of the cases were among white patients, and of these fifteen were fatal, while of the seven cases among negroes six were fatal.

A somewhat similar outbreak, which was probably also beriberi, is reported to have occurred in 1893 at the Arkansas State insane hospital at Little Rock. The superintendent of the Texas State Lunatic asylum at Austin, in his annual report for the year ended Aug. 31, 1907, states that in the early part of July an epidemic of beriberi developed in that institution and that there were more than 200 cases and twenty deaths. The disease was confined to the patients; none of the attendants were affected. It was also stated that since 1891 there had been each year a limited number of cases of the disease, usually in the summer and fall, but that it had never assumed an epidemic form until 1907.

Disease Is Widely Distributed.

In the monthly bulletin of the California state board of health for December, 1909, there was published a list of twenty-five deaths from beriberi reported in California during the years 1907, 1908 and 1909. Of these twenty-two were Japanese, two Chinese and one German. The list was published with the note:

The following list of deaths from beriberi is given to show that this disease is present and widely, though sparsely, distributed. * * * A similar number of deaths in Japan would argue some 500 or 600 existing cases.

An outbreak of beriberi among convicts in South Carolina was reported April 8 of this year in the Public Health reports. There were at least seventeen

Tom Moore Cigar

The reputation of Tom Moore Cigar 10¢ stands back of the Little Tom Cigar 5¢ Ask for Tom Moore when you have the dime and Little Tom when you haven't the time. Mild all through—just right for you. Not merely light—a gentle but a full-flavored smoke.

Only the Size is Different

and several deaths. The diagnosis was confirmed by an officer who had had experience with the disease in the Philippine Islands. The local physicians stated that similar cases had occurred infrequently in past years.

Various theories as to the etiology of beriberi have been advanced from time to time. These have consisted mainly of two general classes, the one assuming the disease to be an infection and the other assuming it to be due to faulty nutrition or intoxication. In this connection a paper read before the Far Eastern Association of Tropical Medicine at Manila on the 10th of last March by Dr. H. Fraser, delegate from the government of the Malay states, is of considerable interest, as being perhaps the most satisfactory piece of work which has so far been done on the subject.

Caused by Eating Polished Rice.

Dr. Fraser experimented with chickens in lots of twelve. One lot was fed upon white polished rice; another lot of twelve upon unpolished rice. In the lot to which polished rice was fed, eight cases beriberi appeared between the sixth and seventeenth days. Those fed upon unpolished rice remained well. The feeding was continued for several weeks and the chickens in the lot fed upon polished rice began to die. The lot fed upon unpolished rice continued to remain well. This same experiment was repeated with other groups of chickens in which beriberi had been produced were fed with unpolished rice and they rapidly recovered.

The next experiment was to feed two lots of chickens, as in the first instance, one upon polished rice and the other upon unpolished rice until beriberi had been produced in chickens fed upon polished rice. Then the food was changed. Those which had been fed upon polished rice were fed upon unpolished rice and those which had up to this point been fed upon unpolished rice were given polished rice. The result was that the sick chickens recovered and after the usual period of approximately sixty days the chickens that were then receiving the polished rice developed beriberi.

Experiments Upon Humans.

Later an opportunity presented for performing the experiment upon man. Two hundred and fifty laborers, who were being sent to a part of the country in which beriberi had not existed to work upon railroad construction, were divided into two lots, half of them being fed upon polished rice, the other half upon unpolished rice. The men were carefully picked to exclude any cases of beriberi, incipient or otherwise, from among them. Beginning with the sixtieth day, cases of beriberi appeared among the laborers who were being fed upon polished rice; none among the others. The feeding was continued for sufficient length of time to show that no cases would develop among those that were fed upon unpolished rice.

Then the food was reversed. Those who had previously fed upon polished rice were given the unpolished, and vice versa, with the same result as that which had been obtained in the experiments with chickens. The cases of beriberi proceeded to recover, while after a period of approximately sixty days cases of the disease appeared among the group of laborers to which originally unpolished rice had been fed, but which

later received the polished rice.

How Chickens and Men Recovered.

To ascertain, if possible, the reason why a diet of polished rice apparently produced the disease, the polishings from rice were fed to chickens affected with beriberi, with the result that they recovered. Then a group of chickens was placed upon a diet of polished rice and was fed in addition to a sufficient amount of polishings to make up for that which had been removed from the rice used. No beriberi developed among the chickens in this group. It was found that chickens did not develop beriberi until the polishings given with the rice were reduced to less than half of that which had been removed from the whole rice.

The statement is also made that during the preceding year unpolished rice had been used in all the public institutions in the Straits Settlements, and that cases of beriberi had ceased to develop in these institutions.

Dr. Aron of the Philippine Medical school also presented a paper before the association giving the result of work which seemed in many ways to corroborate the results obtained by Fraser. Past Assistant Surgeon Heiser reported that in view of the findings of the beriberi patients in the hospitals of the bureau of health of the Philippine Islands have been treated by administering rice polishings, with the result that the cases rapidly recovered and that unpolished rice was being used in institutions in which beriberi had been formerly rife and that the disease had completely disappeared.

BATTLE FOR BABIES.

Their Chance For Life Improving All Over the World.

The baby that is born in Buenos Ayres has a better chance of living than if it had been born in any other of the world's large cities. In Amsterdam it would find figures more in its favor. But Amsterdam is not so big a town.

In the United States Boston has been the best place to be born if you want to stand a good chance of living to be at least a year old. In 30 years Boston has not averaged one death out of five babies born during the year.

Back in 1882 it came close to that average when 194 infants less than a year old died in every 1,000. But in 1887 there were less than 130 in 1,000; the number went below 100 in 1833 it passed the 170 mark, in 1896 the 100 mark, in 1898 the 150 mark and in 1909 sank abruptly to 115 per 1,000.

New York is making a record it may well be proud of, although its starting point in 1900 was at 203. Compare with that the record of 1905, 144, and hear that the babies the message of hope, Philadelphia began in 1900 with 173, diminishing this by 1907 to 159, and western cities, 1007 St. Louis is very low and Chicago, admitting herself to be high, is promising important reductions.

In England, as a whole, with Wales included, the infant mortality rate was 156 per 1,000 births in 1900; that of London 134; in Scotland the rate ran above 150, and in Ireland a little higher. In the same year in Boston it was 147. By 1907 England and Wales had declined to 118, London had gone as low as 116, Scotland was down to

128, and Ireland, doing not quite so well, was at 141. In all of these there are sensible and important gains for the baby.

How is it in Germany? Always the same good news, Berlin down from 220 deaths per 1,000 births in 1889 to 112 in 1907. Vienna from 197 to 141, Budapest from 167 to 155, Cologne from 231 to 195, while in Russia, Moscow has declined in the same years from 219 to 203. It is true that the Russian figures are high, but there is the fact of the same good work in progress. There is in Europe hardly an important city in the Teutonic or Slavonic countries without sensible decline, although some of them do move rather slowly. Kongsberg, for example, from 245 to 226.

In French speaking countries the news for the baby is most excellent, for Paris in 1899 was really leading the world at only 110 and by 1907 had decreased to 104, with Nice a close second at 118 to 105, Bordeaux and Amsterdam have made striking improvement in the stated time, from 132 to 82 and from 130 to 89, respectively, their rating placing them among the world's lowest rate cities.

In Marseilles, a port where it is usual very difficult to control vital conditions, the tide has set the other way and the mortality of babies is greater than 10 years ago. Marseilles comes within the Mediterranean district, the one that gives the least encouragement today, for, whether through stricter registration or greater actual loss, in Rome, Naples, Palermo, Genoa, and Florence the rate today is rising.

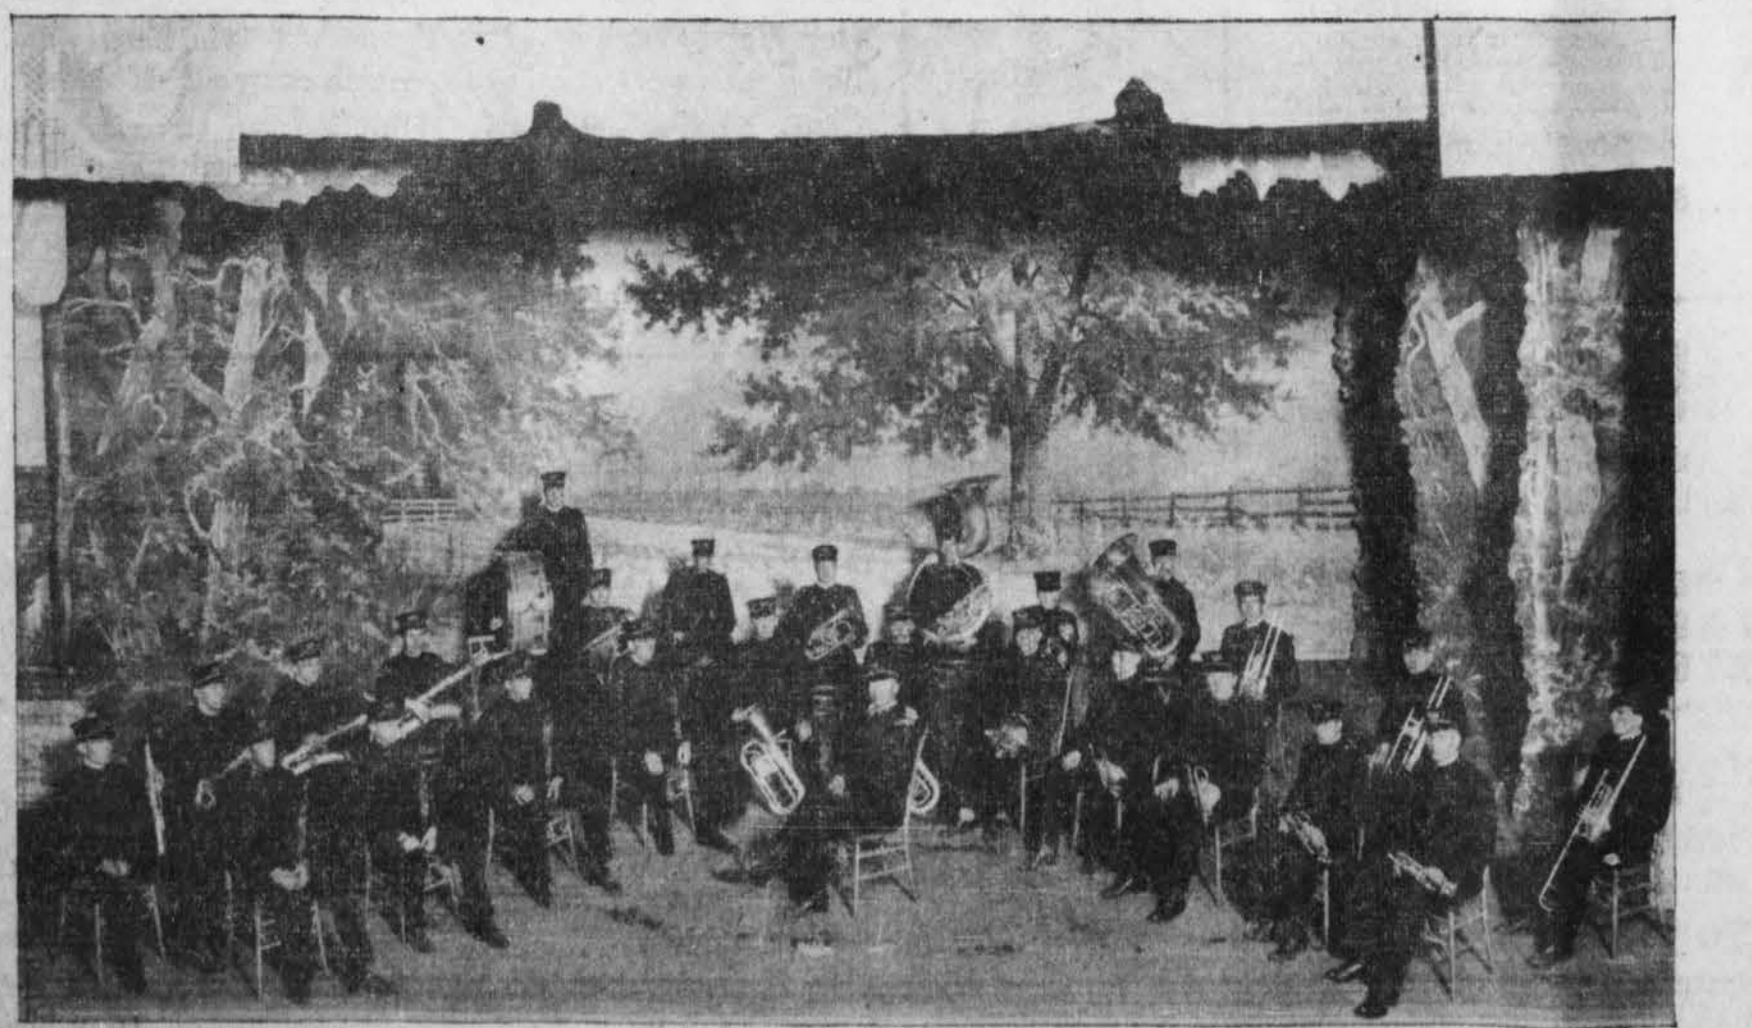

As to other great cities in the world, Tokio, with a reduction from 218 in 1889 to 138 in 1907, is in the class with American cities, while Kyoto is better still and compares very closely with Boston. Rio de Janeiro started high at 211 and has reduced its rate to 159, while Buenos Ayres rejoices in the lowest rate for a large city, constantly below 100.—American Baby.

CURING FATIGUE.

Discovery of an anti-toxin for fatigue has been announced in Germany by Dr. W. Weichardt, lecturer at the University of Erlangen. He claims to have discovered the poison that is liberated in the human tissues by the breaking down resulting from effort, and that he has found the natural antidote for it, which the body itself provides. He has succeeded in some remarkable experiments in producing both fatigue and restoration from fatigue in animals inoculated, first with the fatigue toxin and afterward with his anti-toxin. He noted that all animals show increase of endurance, following rest after work.

He argued that this indicated an over-production of an element in the blood capable of neutralizing the fatigue poison. Denying that this element could be isolated, and that the bodies of animals could be made to produce it in usable quantities, he experimented till he accomplished these results. His success has been so remarkable that it has attracted wide attention, and promising results have been attained in treatment of serious diseases by other scientists.

Restoration may come from any voice. Surely, help and pity are rarer things—more needful for the righteous to bestow.—George Eliot.

The Ishpeming Finnish Band, which will give a concert Sunday evening at Ishpeming Theatre. Prices, 25, 35 and 50 cents.

WILLIAM FOARD FINDS GRUETTE

Brutal Assault of Little Lake Girl Brought to Bay by Chocolate Man Near That Place at 6 O'Clock Last Evening and Is Lodged in County Jail.

Prisoner Is Completely Exhausted from Lack of Food and Rest and Will Talk But Little, Though He Admits His Identity—Denies Guilt of Crime.

After successfully eluding the pursuit of several posses of angry farmers and officers of the law for forty-eight hours, Palmer Gruette, who committed a fiendish assault on a sixteen-year-old girl at Little Lake Wednesday evening, was brought to bay by William Foard at 6 o'clock last evening and an hour later was lodged in the Marquette county jail. Gruette was unarmed and made no resistance. He recognized his captor at once, called him by name, and asked what was wanted with him. "The sheriff will tell you that," was Mr. Foard's reply.

The wide publicity given to this dastardly assault and the agency of the telephone led to Gruette's capture. About 6 o'clock last evening Vernon Baker, who lives on the Harvey-Green Garden road, telephoned to Mrs. J. G. Koepf at Harvey that a man answering to Gruette's description was walking down the road toward Chocoley. Mrs. Koepf informed Mr. Foard and the latter at once slipped a revolver into his pocket and started down the road to meet him.

Just as Mr. Foard crossed the Silver Creek bridge he saw Gruette coming down the hill toward him. Foard then turned up the road leading to the Germanwarens. Gruette must have caught sight of Foard, however, for he scurried off into the woods to the north of the road.

Lying Flat in the Grass.

Mr. Foard then started in pursuit and met Chas. Briggs on the county road, the latter standing guard over the road while Mr. Foard skirted through the fields to the Marquette & Southeastern railroad tracks and then up into the woods near where Gruette had disappeared. After searching a few moments he spied Gruette lying flat in the grass on a side hill, and before Gruette knew Foard was in the vicinity, Foard had him covered with a gun. Gruette made no attempt to escape and put up no resistance while he was being marched back to Chocoley at the point of Mr. Foard's revolver.

Sheriff Lehman was at once notified of the capture by telephone and he and Marshal Manning drove to Chocoley, got the prisoner and shortly after 7

o'clock last evening he was locked in the county jail. Sheriff Lehman spent all of yesterday in Chocoley, West Branch and Skandia townships, searching for Gruette.

While in the custody of Mr. Foard and on the way to the jail, Gruette talked but little, and was evidently completely exhausted. It is thought that he has gone without food since his getaway from Little Lake Wednesday evening and his capture was in a measure due to his desperate physical straits.

He admitted that his name was Gruette and that he had worked at Goodman's mill at Little Lake. He said he had been drunk for several days and did not remember what had happened during that time. He denied having assaulted the Anderson girl, however. His demeanor was that of a man who is completely down and out because of lack of food and sleep and would only talk in monosyllables. "You can consider it mighty lucky that we have you, for if some of those Little Lake men had found you your life would have been short," said the sheriff to him, but Gruette gave no outward indication that he heard.

Sheriff Lehman's theory is that Gruette was headed for Birch, where he has relatives, and intended getting through Marquette last night, which accounts for him coming into Chocoley last evening. He formerly worked at Birch and while there is said to have been implicated in several unsavory scrapes. He is well known to the officers in Marquette and some years ago is said to have attempted to rob a woman in this city.

No arrangements have yet been made for Gruette's preliminary hearing and he will be kept in jail until his victim recovers sufficiently to positively identify her assailant.

SECOND TEAM HERE SUNDAY.

Munising Will Cross Bats With the Locals at the Fair Grounds.

The Marquette second team will make their second appearance as a league organization here Sunday, when they will line up against the newly organized Munising team. It is likely that Richardson will be behind the bat for the locals, arrangements having been made for his services in Sunday's game. Jenson will do slab duty, while Van Dien and Thompson, former leaguers, will work for Munising. The second team stands a good chance of getting into first place by winning Sunday, and with good support behind Jenson and Richardson there is probability of this occurring. Street car and automobile service will be furnished the game starting promptly at 2:30. Admission will be twenty-five cents, grand stand free.

Gwinn will have an open date Sunday, but will play the locals next Sunday at Gwinn upon their new grounds, which are now being built. It is understood that a brass band will serenade the teams, while city officials will give speeches and make the opening of the Marquette-Munising league at Gwinn a grand success.

FANCY 1/2 HOSE.

25 dozen fancy 1/2 hose, all sizes, 25 and 35c qualities. They go for 15 cents per pair or 2 pair for 25 cents. Half price and less.

ORMSBEE & ATKINS. (7-15-11)

JURY FINDS OLSON IS NOT LIABLE

Receiver Tillinghast Loses Out in Suit for Payment of Note—Peterson Case.

That P. Tillinghast, receiver of the First National bank of Ironwood, has no cause of action against O. H. Olson, whom he was suing for payment of a note for \$5,000, was the verdict of the jury returned yesterday afternoon, after having seen out several hours. This was the first of the Ironwood bank note cases to go to a jury, the court having directed a verdict for the plaintiff in the Skud case, which preceded the trial of the Olson case. Receiver Tillinghast at the conclusion of the evidence yesterday morning moved that the court direct the jury to return a verdict for the plaintiff in the Olson case, but the motion was overruled by Judge Denison.

The issues of fact on which the court charged the jury to base their verdict were whether or not Olson gave his note in payment for Commercial Block note vestment company bonds, under misrepresentation and in the belief that the bonds were a good investment for him, and whether or not the defendant had any knowledge that his note was to be used to bolster up the assets of the bank and thereby deceive the bank examiner as to the true condition of the institution.

The case of Tillinghast, receiver, vs. A. W. Peterson was on trial when court adjourned last evening. In this case the receiver is suing for payment of two notes, one for \$2,500 and the other for \$500 less an endorsement of fifty some dollars. The defense in the matter of the \$2,500 note is that it was given purely as an accommodation to the bank and that no consideration was received therefor, the bank officers representing to Mr. Peterson that his paper was to be used on the credit side of the Ironwood bank's account at one of its corresponding banks, and further that Mr. Peterson had every reason to believe that the Ironwood bank was solvent and that he was perfectly safe in making the bank such a loan as the note indicates.

In the instance of the \$500 note, the defendant admits the debt, but claims that he had an equal amount on deposit in the bank at the time of its failure, which, it is held, the receiver should apply, dollar for dollar, to the payment of the note.

A FRIGHTFUL WRECK

Of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, its supreme. Surest pile cure. 25c at The Stafford Drug Co.
