

UNCLE JOSEPH BIDS DEFIANCE TO OPPONENTS

He Knows of No Reason, Personal or Political, That Would Prevent His Being Speaker Again if the Majority of the House Should So Desire.

He Expects to Be Sent Back to Congress, He Says, and in That Event He Will Be a Candidate to Succeed Himself as Wielder of the Gavel.

Chicago, Aug. 15.—The Inter Ocean tomorrow will print an interview with Joseph Cannon, speaker of the house of representatives, in which he denounces the insurgents, says he will be a candidate for the speakership of the next house and declares that the reports of the contemplated reorganization of the Republican party have originated with the insurgents and Democrats.

"I don't believe Mr. Taft contemplates reelection as stated in the dispatches, the speaker is quoted. "The president is not the kind of a man to yield to every passing whim of the minority. The story that Senators Aldrich and Hiale and myself were to be thrown out of the party will be found when traced to its source of origin in the dispatches, the speaker is quoted. "I expect to be reelected to congress by an overwhelming majority, and then will be a candidate for speaker."

LAND OFFICIALS GO WEST TO PROMOTE HARMONY IN THE RIVAL FIELD DIVISIONS.

Washington, Aug. 15.—In order to promote harmony and co-operation between the field officials of the general land office and the forest service in the settlement of claims for homestead settlement within the national forests, representatives of the interior and agricultural departments will leave Washington Thursday for the West to confer with the field agents of these two branches of the government. The task has been delegated to James M. Sheridan, chief of the field division of the general land office, and W. W. Williams, Jr., chief of the department of agriculture. It will be the duty of the delegation from Washington to elucidate and interpret the instructions so there will be no misunderstandings or clashes of authority between the two services in the settlement of such claims.

POSTAL BANK COMMITTEE PROPOSES CERTIFICATES INSTEAD OF PASS BOOKS.

Washington, Aug. 15.—Postmaster General Hitchcock today received a report that the committee on organization of the postal savings bank system is in favor of the use of certificates of deposits instead of the pass books previously decided upon by the committee framing the tentative plan. The system proposed contemplates a mechanical method of keeping the record of deposits. Postal savings banks which would render unnecessary a great part of the bookkeeping that would be involved in the pass book system. Under the plan every depositor of an amount from \$1 to \$9 will be given a certificate punched in duplicate to show the amount of the deposit.

MONUMENTS AND TABLETS ARE PLANNED AS MEMORIALS ON THE SIEGE OF VICKSBURG.

Washington, Aug. 15.—The siege of Vicksburg will be memorialized by stone monuments and bronze or iron tablets if the hopes of the Vicksburg National Military Park commission are realized. "The plans of the commission are outlined in a report to the war department made public today. Aided by donations from patriotically inclined Americans and the appropriation of the legislatures in various states, the commission expects to install a statue or tablet for each brigade, division, corps or army commander engaged in the operations around Vicksburg, and for each field officer and battery commander killed or mortally wounded.

SURFACE OF COAL AREAS IS OPENED TO ENTRY.

Washington, Aug. 15.—Coal lands in North and South Dakota amounting to about a million acres and which recently were withdrawn from the public domain by President Taft have been opened to homestead settlement under the act passed at the last session of congress authorizing agricultural entries on coal lands. The title to the coal and the

CONVENTION OF NEGRO VOTERS TO BE HELD IN WASHINGTON.

Washington, Aug. 15.—For the purpose of co-operating with the republican national congressional and state committees in the work of organizing the negro voters in the close states and congressional districts, the Administration Republican club has called a convention of negroes to meet in this city Sept. 19 and 20. Various states and the District of Columbia have joined in the call.

JULY IMPORTS AND EXPORTS RAN UP TO BIG TOTALS.

Washington, Aug. 15.—The imports and the exports from the United States in July last were greater than those in any previous July, except that of 1907. The total imports amounted to \$117,312,105, compared with \$112,500,000 in 1909. The exports were valued at \$144,493,222, compared with \$109,333,330 in 1909, \$103,330,330 in 1908 and \$128,900,000 in 1907. The July imports exceeded the exports by \$24,818,883. The imports entering free of duty constituted more than 49 per cent of the whole, a larger per cent than in any previous July except that of 1897.

SAYS TARIFF BILL IS BRINGING PROSPERITY

Senator Bradley of Kentucky Eulogizes Republican Party and Plays the Insurgents.

Louisville, Ky., Aug. 15.—Senator Bradley was the principal speaker tonight at the Fifth district republican convention, which nominated J. Wheeler Kenney, of Louisville, for congress to oppose Swager Shirley, Democrat, the incumbent, and former Mayor Robert W. Bingham for judge of the court of appeals to oppose Shackelford Miller. Senator Bradley's speech marked the real opening of the congressional campaign in Kentucky. He paid a high tribute to the Republican party and the administration of President Taft and referred to the fact that the deficit of \$98,000,000 which faced the president when he entered upon his term had melted away and there now was a surplus of \$20,000,000.

"The tariff bill has brought prosperity," said Mr. Bradley, "and it is rapidly bringing more. The song of prosperity is heard alone by the usual discordant notes of the democratic croak. They have had considerable encouragement in Kansas and Iowa, but when we remember the records of the states on Populism and greenbacks and how the Republican party was defeated by these heresies, we are not astonished at the present condition of affairs and indulge the hope their sanity will return in a few years, as it did after the former temporary aberration of intellect."

MORE SOLDIERS ARE SENT TO THE FOREST FIRE ZONE.

Washington, Aug. 15.—Following the receipt of news that the forest fires in the national park in Montana, were spreading, General Leonard Wood, chief of staff of the army, today ordered additional troops on duty at fire fighting there.

DYNAMITE EXPLOSIONS BRING RAIN.

Wallace, Idaho, Aug. 15.—Two companies of infantry from Fort George Wright, Spokane, arrived today to aid in quenching the great forest fire in the Coeur d'Alene national forest. The conditions continue to improve. Dynamite was exploded in Wallace yesterday with the hope of bringing rain, and a shower fell during the night. The Placer Creek fire is under control and the only danger to Wallace is from the fires in the Big Creek district.

VENEZUELA MODIFIES DECREE AGAINST AMERICAN PRODUCTS.

Washington, Aug. 15.—As a result of diplomatic exchanges, Venezuela has modified an attitude which threatened to keep American food products out of the country. Regulations were issued by the Venezuelan authorities in May and July which required that sanitary certificates be issued at the point of origin and properly authenticated. Advertisements were received at the state department today from the American legation at Caracas, stating that the Venezuelan minister of finance had assured the legation that he wishes only to know that the food exports are up to the standard set by the laws of the United States for internal consumption.

PETITION FOR WALSH'S PARDON WILL BE FILED SEPT. 1ST.

Washington, Aug. 15.—A letter was received at the department of justice today from the attorney for John R. Walsh, the convicted Chicago former banker, announcing that in view of Attorney General Wickersham's absence the petition for the pardon of Walsh would not be filed until Sept. 1. Walsh is serving a five-year term in the federal prison at Leavenworth, Kas.

QUITS PULPIT BECAUSE ASKED TO CEASE TALKING POLITICS.

Oshkosh, Wis., Aug. 15.—Rev. Daniel Woodward, pastor of the Methodist church at Omro, Wis., has resigned his pulpit because the superintendent of the Oshkosh district of the church had notified him either to give up his pulpit or cease talking politics. He has been talking against county option.

EIGHT MEN NOW IN THE LEE O. BROWNE JURY BOX.

Chicago, Aug. 15.—Four veniremen were sworn in as jurors in the Lee O'Neil Browne case today, making a total of eight. So far five hundred testimonies have been examined.

GOSSIP SAYS ROOSEVELT IS NOT PLEASED

Belief at Oyster Bay Is That His Program Does Not Include, for the Present at Least, a Definite Indorsement of the Taft Administration.

Supposedly the Bearer of a Message from the President, Lloyd C. Griscom Visits the Colonel—What Transpires at the Conference Is Not Given Out.

Oyster Bay, N. Y., Aug. 15.—No tidings went forth from Sagamore Hill today, at the conclusion of the conference between Theodore Roosevelt and Lloyd C. Griscom, chairman of the New York republican county committee. The chairman is known to have been the bearer of a message from President Taft, and it was generally supposed that the message was sent in an effort to obtain Mr. Roosevelt's support for a move to obtain harmony within the republican party. In spite of Mr. Roosevelt's reticence it is believed here that he has mapped out a program which does not include, for the present, a definite indorsement of the Taft administration. Mr. Griscom was not anxious to make it appear that he had come as an emissary from the president. He not only said that the president had not sent him, but he added that Mr. Taft did not know the conference was to be held. Mr. Griscom said that no names had been mentioned in connection with the gubernatorial nomination, although a good many had been considered. He said it was too early to settle on a man and it would be necessary to consult the leaders before a choice could be made.

BEEF TRUST GRAND JURY SEEKS INFORMATION ABOUT STENOGRAPHERS' NOTEBOOKS.

Chicago, Aug. 15.—The United States grand jury which is investigating the affairs of the Chicago packers devoted today to an effort to learn whether certain stenographers' notebooks of Armour & Co. and called for by the jury had been destroyed by employees of the company after having been ordered produced. It was in connection with the destruction of the notebooks that the grand jury was ordered to show why they should not be cited for contempt of court.

ESPERANTO DELEGATES CHEER AUTHOR OF NEW LANGUAGE.

Washington, Aug. 15.—Lusty cheers from the throats of the representatives of nearly two-score nations today greeted Dr. Ludwig L. Zamenhof, of Warsaw, Poland, author of Esperanto, when he rose to greet the more than a thousand delegates to the sixth international Esperanto congress, which today began a session that will continue throughout the week. After a busy day the Esperantists enjoyed the evening by a moonlight sail down the Potomac beyond Mount Vernon.

REVOLUTION IN HONDURAS IS REPORTED ABANDONED.

New Orleans, Aug. 15.—Reports completing what appears to be the complete abandonment of the revolution in Honduras by Manuel Bonilla and his followers were brought by passengers on the steamer Viator, which arrived from Port Cortez today. It is said that news of the arrest of General Lee Christy in Guatemala reached Port Cortez several days ago, and this, with other reverses, brought about the determination by the Bonilla sympathizers to give up the fight.

WIRELESS COMPANY'S AGENT IS HELD FOR TRIAL.

Seattle, Aug. 15.—George A. Pesker, fiscal agent of the United Wireless Telegraph company for the territory west of the Mississippi river, appeared before United States Commissioner Totten today for a hearing on a charge of defrauding the company by using the mails to defraud. He was bound over to the September term of the United States district court for the Southern district of New York and was released on \$10,000 bonds.

TWENTY-SIX HORSES ENTERED FOR \$15,000 TROTTING RACE.

New York, Aug. 15.—Senator Bailey, of Texas, president of the American Association of Trotting Horse Breeders, notified the Trotting Horse Breeders' club today that the final payments have been made for twenty-six colts and fillies to start in the \$15,000 matron futurity stake race for three-year-olds on Aug. 23, the opening day at the Empire City track. Senator Bailey will come from Texas to attend the meeting.

CENSUS GIVES PITTSBURG A POPULATION OF 533,905.

Washington, Aug. 15.—The population of Pittsburgh is 533,905, an increase of 82,303, or 18.2 per cent, compared with a combined population in Pittsburgh and Allegheny in 1900 of 451,512.

NEW BANK AT INDIANAPOLIS IS CAPITALIZED AT \$2,000,000.

Washington, Aug. 15.—The comptroller of the currency today authorized the Fletcher American National bank of Indianapolis to begin business. The new institution has a capital of \$2,000,000.

The Weather

Washington, Aug. 15.—The following is the weather bureau's forecast for Upper Michigan: Showers, Tuesday and Wednesday; moderate east winds, becoming variable.

YESTERDAY'S GAMES.

Table listing yesterday's baseball games, including National League and American League games, with scores and key players.

MAYOR GAYNOR CONTINUES TO MAKE HEADWAY

Surgeons in Attendance Predict That He Will Be Able to Leave the Hospital a Fortnight Hence and Will Be Back at His Desk Within a Month.

Gallagher, the Assailant, Reiterates That He Acted Alone and No Shred of Evidence Is Found in Support of a Rumor That He Was the Tool of Others.

New York, Aug. 15.—The following bulletin on Mayor Gaynor's condition was issued at 10:30 o'clock tonight: "There has been no change in the mayor's condition today. He is taking nourishment well, has been comfortable and has rested from time to time." Mr. Gaynor's progress toward recovery from the bullet wound inflicted by Gallagher was uninterrupted by untoward symptoms today. All the official bulletins were of the same tenor as those heretofore issued. The surgeons in attendance predict that he will be able to leave the hospital for the Adirondacks in two weeks and will be back at his desk in the city hall within a month.

Detectives are carefully investigating a rumor that Gallagher was a tool of others who sought to take the mayor's life, but no shred of evidence in support of this has been found. Gallagher reiterated today that he acted entirely alone, because he thought he was an object of persecution by the city officials.

STOCK MARKET CALLED DULL AND IRREGULAR

Business Is Very Light and the Prices Fluctuate Between Narrow Limits.

New York, Aug. 15.—On a light volume of business, the bulk of which was professional, the stock market today was called dull and irregular. While no marked pressure was directed against a particular group of stocks, the tendency was for the most part downward. Some disappointment was expressed at the failure of the market to continue last week's gains. The day's news was without direct bearing upon the values of securities, although the suspension by the interstate commerce commission of the livestock rates which were to become operative today was accounted an adverse factor. The political situation continued the subject of some discussion, but was not considered of sufficient importance to govern the course of prices.

By general consent, the Western financial situation was considered to have cleared the past week and little apprehension of a stringency is now entertained. Business in mercantile lines throughout the Middle West continues dull. The industrial news, especially in iron and steel, was conflicting, but the trend seemed in the direction of a further restriction of operations. This was exemplified in the case of the Pittsburgh Steel company, one of the largest of the independent concerns, which announced another shutdown. The crop news was encouraging, with an improvement in the corn conditions in Nebraska and Kansas. A slight fractional advance was announced in the price of copper and tract authorities were quoted as declaring that the sales of the metal the past three weeks had aggregated pretty near a record-breaking total. The monetary conditions showed greater ease, due largely to the reduced demand for long term commodities except commercial paper, where activity was reported.

Grain Markets Are Weak.

Chicago, Aug. 15.—Wheat today closed weak, 1% to 1% lower. The foreign weakness, induced by heavy wheat shipments, was a factor which worked against the bulls. Late in the day some little export business was reported, but it failed to affect the market. The news from abroad was supplemented by a heavy movement of grain from the interior and a marked increase in the supplies on ocean passage. The primary receipts, despite the slack returns from the southwest, were 2,164,000 bushels, compared with 1,447,000 bushels a year ago, while the increase in the visible supply was fourfold that recorded for the corresponding period last year. The September opened at 102% to 102% and closed at 102 to 102%.

The reports concerning corn crop conditions were unfavorable today. This helped the bulls lift the prices for a time from the opening decline. The wheat weakness, however, was a constant drag throughout the day and the close was weak, with the September % lower. The September opened at 84 to 84% and closed at 83%.

WASHINGTON GIRL STRANGLES DOG WITH HER BARE HANDS.

Washington, Aug. 15.—With her bare hands, Miss Maude Barbour, a young woman of this city, today strangled a large strange dog, apparently mad, which attacked her. The animal's body was taken to the bureau of animal industry to be examined for rabies. Miss Barbour received a slight wound on the arm from the dog's teeth.

SURGICAL OPERATION IS FATAL AND DOCTOR KILLS HIMSELF.

Harisburg, Pa., Aug. 15.—That Mrs. Ida Morrison died from the effects of an operation and that Dr. Campbell died from poison taken with suicidal intent as a result of the fatal outcome of the operation is the verdict of the coroner's jury which investigated this double tragedy at New Germantown today.

ICE CREAM EATEN AT CHURCH MAKES MANY PERSONS ILL.

Glenn, Ky., Aug. 15.—Seven persons are dying and a score of others are seriously ill as the result of eating ice cream at a church function last night. The poisoning is thought to have resulted from the use of an unclean tin vessel in making the ice cream.

DROWNING THE FATE OF FIVE PERSONS

Three Die When Raft Overturns and Two When Automobile Slips Into River.

Marionette, Wis., Aug. 15.—Three children—two girls and a boy—were drowned in the outlet of Lake Noyebay last evening when a raft on which they were standing overturned. Those drowned were Hazel Lindholm, aged thirteen; Eva Bengren, twelve, and Willie Bengren, ten.

CONVICTS MADE MONEY.

Inspector Tells of Counterfeiting Operations in Massachusetts Prison.

Boston, Aug. 15.—Secret Service Agent Patrick J. Ahearn of the treasury department, after finishing his investigation of the state prison counterfeiting case, said two principals and an accessory—all prisoners—were involved, and that the evidence in hand will be presented to the supreme court. From statements made by the military officials, Ahearn assumed that the soldiers will shoot to kill.

TROLLEY CARS COLLIDE IN THE NIAGARA GORGE.

Niagara Falls, Aug. 15.—In a head-on collision between two trolley cars in the gorge this evening, nine persons were injured, one seriously. The collision occurred at a point in the gorge where the river breaks into the swift rapids above the whirlpool. The cars were shattered by the terrific force of the collision, but neither left the rails. Among the injured are Miss Elizabeth Campbell and Mrs. James Gordon of Ottumwa, Ia. The accident was due to the failure of the brakes to work on the down-river car.

TOLEDO MAN IS KILLED WHEN AUTOMOBILES CRASH TOGETHER.

Toledo, O., Aug. 15.—George H. Beymann, of this city, was killed and his wife, his sister, Mrs. Z. Taylor of Detroit and Mrs. Helling of Toledo, were seriously injured in a collision of automobiles at Perrysburg, near here, tonight. Mr. Beymann had stopped his machine to repair a tire when two automobiles said to be racing bore down on him. The first passed within a few inches of the stalled machine, but the second crashed into it at full speed.

TRAGEDY AT ABILENE, KAS., A PUZZLE TO THE POLICE.

Abilene, Kas., Aug. 15.—After an hour's session in which no information was gained, the coroner's jury investigating the death of Miss Bertha Bonigus adjourned this evening for a week. The police still hold to the theory that two persons entered the girl's room and overpowered and chloroformed her, while Dr. Steelsmith declared his opinion that the girl had been murdered. It is thought that Miss Bonigus was either the victim of house breakers or a revengeful suitor.

ILLINOIS COAL OPERATORS PLAN TO REOPEN MINE.

Chicago, Aug. 15.—The advisory board of the Illinois Coal Operators' association, at a meeting today, decided to purchase a mine from one of the individual members and made an attempt to operate it. The attempt probably will result in a test case, as prosecutions are expected to result from violation of laws forbidding the importation of miners. The association also voted to sever negotiations with State President Walker of the United States of America.

STATE TROOPS ARE ASSIGNED TO STRIKE DUTY

One Thousand Soldiers, Members of the National Guard, Are Ordered to Columbus to Assist in Preserving Order During the Street Railway Labor Troubles.

Due Partly to the Mutiny of the Police, the City Authorities Cannot Cope With the Situation, the Governor Points Out, Hence the Use of the Military.

Columbus, O., Aug. 15.—Troop B and Battery C, both of Columbus, have been ordered out for duty in the car men's strike. The military officials will order about 1,000 soldiers to Columbus. Harmon, in a formal statement, gives the reason why he has called out the troops. He says that the mutiny of a portion of the police of Columbus has weakened the force, that the police are unable to control the situation and that troops are necessary to preserve order.

Cincinnati, Aug. 15.—Acting under the orders of Governor Harmon, three hundred members of the First Ohio regiment, of this city, departed tonight for Columbus to enforce order during the traction strike there. Each member has been provided with twenty rounds of ammunition.

Authorities at Odds.

Columbus, Aug. 15.—Tonight it was predicted that a conflict would ensue tomorrow between the military and civil authorities, for the reason that Mayor Marshall had not been placed in full charge of the situation, the militia as well as the police. He had that authority before, and he expects to assume it again, for he said he had not determined upon the distribution of the troops to be made now. The militia commanders say that the mayor is not to decide upon the militia's distribution. As soon as it was announced that the governor had gone over the mayor's head and recalled the troops for strike duty, it was stated that the military would be in supreme command. From statements made by the military officials, it was assumed that the soldiers will shoot to kill.

CONVICTS MADE MONEY.

Inspector Tells of Counterfeiting Operations in Massachusetts Prison.

Boston, Aug. 15.—Secret Service Agent Patrick J. Ahearn of the treasury department, after finishing his investigation of the state prison counterfeiting case, said two principals and an accessory—all prisoners—were involved, and that the evidence in hand will be presented to the supreme court. From statements made by the military officials, Ahearn assumed that the soldiers will shoot to kill.

PET DOG UNEARTH'S BODY OF MURDERED WOMAN.

Los Angeles, Aug. 15.—Otto Schultz, a young German, accused of the murder of Mrs. Frieda Schultz Castine, whose body was unearthed by a pet dog yesterday at a ranch near Lancaster, was arrested tonight by detectives. When taken to the police station Schultz was questioned through an interpreter and, according to the police, confessed the crime.

MARQUETTE, MICH., AUG. 16.  
 Entered as mail matter of the second  
 class in the postoffice at Marquette, Mich.  
 REPUBLICAN COUNTY CONVENTION.

A Republican convention for the county  
 of Marquette is hereby called to meet at  
 the City Hall in the City of Marquette, on  
 Wednesday, the 17th day of September, A.  
 D. 1910, at 11 o'clock in the forenoon, for  
 the purpose of electing twenty-two dele-  
 gates to attend the Republican state con-  
 vention to be held in the City of Detroit  
 on Thursday, the 6th day of October, 1910,  
 at 11 o'clock in the forenoon, for the pur-  
 pose of nominating candidates for state  
 offices, for the election of a state central  
 committee and a chairman thereof, and  
 for the transaction of such other business  
 as may properly come before the conven-  
 tion.

The several wards in the cities of Mar-  
 quette, Ishpeming and Negaunee, and the  
 townships of the county are entitled to  
 delegates in the convention, based on the  
 vote for governor at the general election  
 held in November, 1908, as follows:

Wards and Townships	Votes	Dele- gates
<b>Marquette City.</b>		
First ward	339	3
Second ward	303	3
Third ward	388	4
Fourth ward	455	5
Fifth ward	337	3
<b>Negaunee City.</b>		
First ward	120	2
Second ward	220	2
Third ward	192	2
Fourth ward	358	4
Fifth ward	245	2
<b>Ishpeming City.</b>		
First ward	167	2
Second ward	232	3
Third ward	301	3
Fourth ward	291	3
Fifth ward	235	3
Sixth ward	154	2
Seventh ward	151	2
Eighth ward	151	2
Ninth ward	211	2
Tenth ward	150	1
<b>Townships.</b>		
Champion	188	2
Chocoma	118	1
Elly	118	1
Forsyth, 1st precinct	84	1
Forsyth, 2nd precinct	243	4
Humboldt	72	1
Ishpeming	55	1
Michigan	15	1
Marquette	29	1
Negaunee	26	1
Republic	348	3
Richmond	117	1
Sands	45	1
Skandia	117	1
Turin	37	1
Tilden	215	2
West Branch	56	1
Wells	24	1
Powell	107	1
<b>Total delegates</b>		<b>50</b>

Dated, Ishpeming, Mich., Aug. 3, 1910.  
 M. M. DUNCAN,  
 Chairman, Marquette County  
 Republican Committee.  
 E. W. MacPHERRAN, Secretary.

Marquette gained one game on Ne-  
 gaunee, but the gain came rather late,  
 as far as pennant aspirations are con-  
 cerned.  
 Saginaw is fighting a proposed light-  
 ing merger; evidently objects to being  
 benevolently assimilated by its public  
 service corporations.  
 Once more Mr. Ballinger has denied  
 that he has any intention of resigning.  
 He doesn't seem to meet with much suc-  
 cess in making people believe it.  
 If the state has to be redistricted as  
 a result of the census, likely as not the  
 geography of the Twelfth district will be  
 changed, and if that comes to pass it  
 will probably lose some of its eastern  
 counties.  
 A press dispatch says that Colonel  
 Roosevelt is largely responsible for the  
 probable early retirement of Richard  
 Achilles Ballinger. Only Richard Achil-  
 les says there isn't to be any retire-  
 ment.  
 The number of automobiles that are  
 driven over the almost impassable road  
 between here and Escanaba indicates  
 that we can expect a heavy travel of in-  
 coming and outgoing cars when we are  
 opened up to the country to the south  
 by good roads, either by way of Escan-  
 aba or Iron Mountain.

Senator Burrows has transferred the  
 base of his operations to the Tenth dis-  
 trict. He is still accompanied by that  
 most optimistic of press agents, Jack  
 Cremer, so there is no doubt that when  
 his tour is completed he will have car-  
 ried the Tenth by a large majority—on  
 paper.  
 Lawton T. Hemans was asked the other  
 day if he would run for governor.  
 He replied, "I don't want to." But he  
 will. The Democrats won't have it any  
 other way. And besides Hemans doubt-  
 less has a lurking idea that can hardly  
 be dispelled before the November elec-  
 tions that he will be a formidable figure  
 in the race.  
 Mayor De Foe, of Alpena, has with-  
 drawn from the field as a candidate in  
 opposition to Representative Loud, of  
 Au Sable, and now unless Frank Buell  
 of Bay City takes up the fight Mr. Loud  
 will be renominated without opposition.  
 Representative Loud has been an avowed  
 supporter of Chase S. Osborn in the  
 gubernatorial race, and the Kelley lieuten-  
 ants have endeavored to "start some-  
 thing" to keep him busy in his district.

However, they have not met with any  
 large measure of success. Representative  
 Loud is strong and popular, and experi-  
 ence has shown that the man who un-  
 dertakes to contest the representative  
 nomination with him has shouldered a  
 large contract and entered on a labor  
 more irksome than profitable.  
 If Senator Burrows is saved in the  
 primaries, his friends expect that the up-  
 per peninsula will do it. There isn't  
 much brave Burrows money that says  
 he will carry lower Michigan. Nor is  
 there any great measure of confidence  
 that the upper peninsula will dash to  
 the rescue in sufficient force. The up-  
 per peninsula is but slightly acquainted  
 with Senator Burrows and there is no  
 particular reason why it should admire  
 the pen portrait of him presented in  
 the unwieldy numbers of the Congres-  
 sional Record. In short, Senator Bur-  
 rows is in a pretty tight hole and there  
 is more hope than confidence that he  
 will be able to wiggle out of it.  
 It is now feared that no one of the  
 candidates for lieutenant governor will  
 be able to file primary petitions carry-  
 ing signatures enough to entitle him to  
 a place on the official primary ballot. So  
 far as they have been filed at Lansing,  
 the petitions prepared for the candi-  
 dates for this office are several thousand  
 votes shy of the required number of  
 names and doubt is expressed whether  
 any one of the men seeking the nomina-  
 tion can make the deficiency good in the  
 short time remaining. If this is the  
 case, the only way the Republicans can  
 place a candidate for lieutenant govern-  
 or in nomination will be by writing his  
 name on the ballot, the law not provid-  
 ing for filing a nomination in cases  
 where the petitions are found to be in-  
 sufficient. If it should prove that only  
 one candidate for lieutenant governor  
 produced sufficient petitions a predic-  
 tion that he would win a sweeping vic-  
 tory in the primaries would be a toler-  
 ably safe one.

**EXTEND CAPITAL PUNISHMENT.**  
 The attempted assassination of Mayor  
 Gaynor has called attention to the fre-  
 quency of incidents of this sort. The  
 United States has lost three presidents  
 through assassination, while instances of  
 the killing of executive officers of all  
 rank, from governor down to mayor or  
 village president, are all too frequent.  
 It is but a few years since Mayor Carter  
 Harrison of Chicago was shot down in  
 his own home. Within a year or two a  
 Chicago chief of police was similarly at-  
 tacked. But a short time before the  
 shooting of Mayor Gaynor the mayor  
 of a Virginia city was assassinated. The  
 number of crimes of this character indi-  
 cates a laxity of social organization and  
 a dissatisfaction with governmental  
 regulations which is surprising in view  
 of the fact that we pride ourselves that  
 in this country the people make the gov-  
 ernment.  
 It is now suggested that crimes against  
 those in authority be made especially  
 punishable. Any attack upon the pres-  
 ident of the United States, whether suc-  
 cessful in bringing about his death or  
 not, is a capital offense. A governor, a  
 mayor or other state or municipal offi-  
 cial has no such special protection, how-  
 ever. The assassin or attempted assassin  
 is dealt with as if he had attacked a pri-  
 vate citizen. Thus if he fails to escape  
 on an insanity plea—and such a plea  
 must always have some undercurrent of  
 justice in a case of this sort—the man  
 who shot Mayor Gaynor will, if the  
 mayor lives, probably serve a maximum  
 term of some twenty years.  
 Yet it is evident that an attack on  
 an official is more serious than a similar  
 attack on a private individual. There is  
 the crime against the individual included  
 in the more serious offense but added to  
 it is a direct attack against the munic-  
 ipality, the state or the nation. Gallager  
 not only shot Gaynor but he shot the  
 mayor of New York city, who had been  
 giving that city a vigorous and clean  
 "reform" administration, and he shot  
 him because he had given an efficient ad-  
 ministration and had eliminated the  
 moral laxness that had rooted under  
 the Tammany rule. His great at-  
 tack was directed not against Gaynor  
 the individual but against clean govern-  
 ment.  
 It is suggested that attacks of this  
 character on public officials be made cap-  
 ital offenses in municipality and state  
 as well as in the nation. When we ele-  
 vate a man to the head of a branch of  
 government and expect him to give a  
 vigorous and fearless administration we  
 necessarily make him a shining mark  
 for the assassin, the malcontent, the in-  
 sane, who are always with us. To a  
 slight extent, although it is easily pos-  
 sible to overstate it, a heavier pen-  
 alty is greater protection and it is ar-  
 gued that we owe our public officials all  
 the protection that can be accorded them.  
 At any rate it is evident that as the crime  
 is more serious than ordinary murder or  
 attempted murder so its punishment  
 should be accordingly severe.

 Distributor.

OSBORN AND TOWNSEND.  
 The revised figures in the Detroit Sat-  
 urday Night's poll of state editors show  
 that the majority sentiment of the men  
 in charge of the Michigan newspapers  
 is in favor of the success of Osborn and  
 Townsend in the primaries on September  
 6 and also that the majority of the  
 editors believe that these candidates  
 will be nominated.  
 Saturday Night's revised figures show  
 that the editors participating in the poll  
 stand as follows on the candidates for  
 governor: Osborn, 160; Kelley, sixty-  
 five; Musselman, thirty-five. Asked for  
 an expression as to which man would  
 probably carry their respective repre-  
 sentative districts, the editors indicated  
 their belief in the strength of the can-  
 didates as follows: Osborn, 107; Kelley,  
 sixty; Musselman, thirteen.  
 Among the editors Representative  
 Townsend is a strong favorite over Sen-  
 ator Burrows. Of the number voting in  
 the Saturday Night poll 159 were for  
 Townsend and eighty-six for Burrows.  
 That Townsend would carry their repre-  
 sentative districts was the opinion of  
 112 editors and that Burrows would be  
 successful in their districts was the be-  
 lief of eighty-five.  
 These figures will confirm the impres-  
 sion, now rapidly gaining ground, that  
 Mr. Osborn has Lieutenant Governor Kel-  
 ley on the run in the gubernatorial can-  
 vass, in which evidences multiply that  
 Mr. Musselman is a negligible quantity,  
 and that Mr. Osborn will win a signal  
 victory at the polls on primary day,  
 doubtless carrying both peninsulas.  
 Representative Townsend's strength in  
 the senatorial canvass, as shown by the  
 Saturday Night poll, has proved an eye-  
 opener for the supporters of Senator  
 Burrows, and indicates that he has been  
 steadily and rapidly gaining ground since  
 his canvass began.  
 Senator Burrows' upper peninsula tour  
 fell far short of arousing the enthusias-  
 m that was expected in a region where his  
 managers have been so modestly claim-  
 ing three-fourths, or more, of the vote.  
 His Soo meeting was so disappointing as  
 to warrant the employment of the term  
 "frost" in referring to it, and the Her-  
 ald-Leader speaks of his week's visit  
 as "A Political Frost," saying: "The  
 visit of Senator Burrows to the upper  
 peninsula is a repetition of the unfor-  
 tunate meeting held in Menominee on  
 Feb. 22 this year. Mr. Burrows should  
 have retired from the senatorial contest  
 in June, as his friends urged him to do.  
 His meetings this week are depressing  
 and as much of a disappointment as the  
 Menominee incident, the only saving part  
 of which was the special trainload of em-  
 ployes of Senator Isaac Stephenson,  
 which the Marinette man brought from  
 Escanaba at his own expense to boost  
 Mr. Burrows along in a hopeless race."  
 In Marquette the voters who called on  
 Mr. Burrows outside of those holding  
 office and seeking office were a mere  
 handful, and his visit didn't cause a  
 ripple in the work-a-day activities of the  
 town. His Ishpeming meeting has been  
 admitted, even by the men most inter-  
 ested in his welfare in this county, to  
 have been disappointing in its lack of  
 both enthusiasm and attendance.  
 There are thus many indications that  
 the independent and intelligent voters of  
 the upper peninsula have been applying  
 their best thought to the senatorial  
 situation and that, as a result, the elec-  
 tion returns will be a considerable dis-  
 appointment to the friends of Senator  
 Burrows. The upper peninsula isn't as  
 far off the map as some people assume  
 it is, and the upper peninsula is living  
 in the twentieth century. It naturally  
 isn't very enthusiastic about anti-bellum  
 and Bourbon representation in the United  
 States senate.

**HERE AND THERE.**  
 A party of Cologne students re-  
 turned to visit Milwaukee tomorrow.  
 In 1861 an industrious meteorologist  
 collected particulars of the weather on  
 July 15 for the previous twenty years  
 and found that the greatest number of  
 rainy days after St. Switthun's day had  
 taken place when July 15 was dry. The  
 greatest number of rainy days following  
 a wet St. Switthun's was in 1860, with  
 twenty-nine rainy days; but 1818 was a  
 dry St. Switthun's and thirty-one rainy  
 days followed. In fact the saint had be-  
 lieved his reputation on many occasions.  
 The modern meteorologist has no use for  
 him. By the way the pretty tradition  
 that when it rains on July 15 the old  
 saint is "christening the apples" is still  
 remembered in the west country.—Lon-  
 don Daily News.

**A LAUGH OR TWO.**  
 Still Susceptible.  
 He was a nervous, fidgety young man,  
 and he looked with considerable appre-  
 hension at the woman next him, who  
 held a baby, his face covered with a thick  
 veil. The baby gave now and then a  
 sharp cry, which the woman evidently  
 tried to suppress.  
 At last, after many anxious glances,  
 the young man spoke.  
 "Has—has the baby any— anything  
 contagious?" he asked.  
 The woman looked at him with a  
 mixture of scorn and pity.  
 "I wouldn't be for most folks," she  
 said, in a clear, carrying tone, "but may-  
 be 'twould for you. He's teething."

**THE STATE PRESS.**  
 There will be no radical changes in  
 this season's style of hay fever.—Kala-  
 mazoo Telegraph.  
 Congressman Fordney's glowing ac-  
 count of what happened in Kansas is  
 eagerly awaited.—Saginaw News.  
 One has to spend a few months vaca-  
 tion in order to appreciate what a good  
 place the rut is.—Pontiac Press-Gazette.  
 Pat H. Kelley was in an automobile  
 smash-up in which three persons were  
 killed. This gives him a batting average  
 slightly in excess of either of his oppo-  
 nents.—Flint Journal.  
 Mr. Newberry, of Detroit, says he will  
 not be a candidate for the senatorship  
 this year, but he might receive certain  
 persons of considerable anxiety if he  
 would late just what year he expects to  
 be one.—Grand Rapids Press.  
 THEY HAVE A DEFINITE PURPOSE  
 Foley Kidney Pills give quick relief  
 in cases of kidney and bladder ailments.  
 Mrs. Rose Glaser, Terre Haute, Ind.,  
 tells the results in her case. "After  
 suffering for many years from a serious  
 case of kidney trouble and spending  
 much money for so called cures, I found  
 Foley Kidney Pills the only medicine  
 that gave me a permanent cure. I am  
 again able to be up and attend to my  
 work. I shall never hesitate to recom-  
 mend them." The People's Drug Store.  
 From Sickness To "Excellent Health"  
 So says Mrs. Chas. Lyon, Peoria, Ill.:  
 "I found in your Foley Kidney Pills a  
 prompt and speedy cure for backache  
 and kidney trouble which bothered me  
 for many months. I am now enjoying  
 excellent health which I owe to Foley  
 Kidney Pills." The People's Drug Store.

**STAGGERS SKEPTICS.**  
 That a clean, nice fragrant compound  
 like Bucklen's Arnica Salve will in-  
 stantly relieve a bad burn, cut, scald,  
 wound or piles, staggers skeptics. But  
 great cures prove its a wonderful healer  
 of the worst sores, ulcers, boils, felons,  
 eczema, skin eruptions, as also chapped  
 hands, sprains and corns. Try it. 25c

 Cigar 5c  
 has all the traits of  
 Jom Moore Cigar 10c  
 simply hasn't grown up. Half the  
 size and half the price, but just as  
 good, just as mild, just as  
 satisfying. Not merely a  
 light cigar, but mellow  
 in filler as well as wrapper,  
 gentle, fragrant, satisfying.  
 Best values at a nickel  
 and a dime.

**Follows in His Father's Footsteps**

other good people get pickled as regu-  
 larly as they get supper at night. It  
 makes me think of one of my first visits  
 up the state when I was a young man.  
 I stopped at a little wayside tavern. Sit-  
 ting by the open fire in the hotel office  
 was an old man with a fine white beard.  
 The clerk introduced me. He was the  
 local banker. "He's done this section a  
 power of good," said the clerk recently.  
 "He never foreclosed a mortgage yet."  
 "After dinner we sat there talking.  
 Every now and then the old man would  
 rap on the floor with his cane. A boy  
 would hurry in from the bar with a  
 glass of apple toddy, the old man  
 would drink it, smack his lips, and go  
 on with the conversation. By and by  
 he became silent, but he rapped at regu-  
 lar intervals. Finally, without saying a  
 word, he got up and went upstairs. The  
 steps led up from the hotel office. When  
 he got to the top he turned around,  
 came down again, sat down and rapped  
 for more apple toddy. He repeated that  
 three times. Finally, he turned to the  
 clerk, grunted, and the clerk got him un-  
 der the arms and helped him upstairs to  
 bed.  
 "Fine old man," said the clerk when  
 he got back. "Admirable character.  
 Never foreclosed a mortgage."  
 "But," said I, "why did he climb those  
 stairs four times, and then come down  
 again for more apple toddy?"  
 "Oh," said the clerk, "as long as he  
 could climb the stairs without help, he  
 knew he wasn't ready to go to bed."  
 Cincinnati Times-Star.

**TOO NAIVE.**  
 Mayor Gaynor, at a dinner in New  
 York, said of a politician's excuse:  
 "It was altogether too ingenious and  
 naive. It reminded me of the butler  
 story."  
 "A gentleman advertised for a good  
 butler, and the next morning a young  
 man presented himself.  
 "Have you got references?" the gen-  
 tleman asked.  
 "Yes, sir," said the applicant. "I have  
 a number of excellent references."  
 "And where did you get them from?"  
 said the gentleman.  
 "From the reference library, sir," was  
 the reply.

**LIFE ON PANAMA CANAL.**  
 Has had one frightful drawback malaria  
 trouble that has brought suffering and  
 death to thousands. The germs cause  
 chills, fever and ague, biliousness, jaun-  
 dice, lassitude, weakness and general de-  
 bility. But Electric Bitters never fail  
 to destroy them and cure malaria trou-  
 ble. "Three bottles completely cured  
 me of a very severe attack of malaria,"  
 writes Wm. A. Fretwell, of Lucas, N.  
 C., "and I've had good health ever since."  
 Cure Stomach, Liver and Kidney Trou-  
 bles, and prevent Typhoid. 50c. Guar-  
 anteed by The Stafford Drug Co.

**HE KNEW HIS LIMIT.**  
 "It's bound to be a hardship to some  
 people," said Senator Grady, referring  
 to the one-jag-a-year bill by which resi-  
 dents of New York city are to be com-  
 pulsorily made temperate.  
 "Lots of people really need more than  
 one stew in twelve months, and lots of

Copper Country

A JOKE ON THE DOUBLE H.

Lake Linden Team Forfeits but Make-ship Nine Wins Game.

Something of a joke was played on the Double H, the Hurontown-Houghton representative in the Copper Country Amateur Baseball league, at Lake Linden Sunday afternoon. The Double H have been on the tobbogan lately. After holding that thousand per cent for more than half the schedule they lost two games straight and then Thursday night Charlie Wagner, the team's star pitcher, lost a finger in his hand while fighting a fire.

The Double H were scheduled to play Lake Linden in the latter's yard on Sunday, but when they appeared Lake Linden was not on hand and forfeited the game. It was decided not to disappoint the crowd so a team was picked up to support Dimmer, the Lake Linden pitcher, and the makeshift team and the Double H went to it. When the slaughter was over the volunteers had defeated the regulars with score of something like 5 to 3. McAuliff, an infielder, pitched for the Double H.

PRISONERS PUT TO WORK.

Half a Dozen County Jail Inmates Digging Sewer Ditch.

The first step in the direction of building the addition to the Houghton county jail was taken yesterday when Sheriff Byers set a gang of six prisoners at work excavating for a sewer. The prisoners do not like it. Deputy Sheriff Tom McGrath has charge of the operations and he says he believes the work will be slow as the workmen are somewhat averse to work. One prisoner has entertained the deputy sheriff with a heart-breaking plea for his family. He wants to know who is going to support his family while he is engaged in working for the county and his board. The deputy sheriff asked him why he did not think of this before he was run in, but the man does not care to discuss that phase of the unfortunate condition in which he finds himself.

MINOR MARINE MATTERS.

Steamer Ontario on Ground—Government Inspectors Here.

The steamer Ontario, east bound, went aground on a shoal point in Portage river Sunday afternoon, but released herself after being on one hour. She went to Marquette to take on a cargo of ore.

The steamer International, the White City excursion boat, went on in the fog Sunday night en route to the resort. She arrived at White City at midnight and reached Houghton on the return trip about 5 o'clock yesterday morning.

The Vilette, the private yacht of Major Graham D. Fitch of Duluth, United States engineer in charge of the harbors and waterways of Lake Superior, arrived in Portage lake Sunday night having on board John L. Darling, assistant engineer, and James L. Owen, chief clerk of the Duluth office, as well as Superintendent George H. Egan of the Portage lake waterway, who had been in Duluth on official business. Messrs. Darling and Owen are on a trip of inspection. They visited Houghton and Ontonagon en route and left Portage lake for Marquette yesterday morning.

The yacht Sagawa, owned by C. W. Harkness of New York, was in port yesterday.

INDIGATES BAD SEASON.

Farmers Have Cancelled Large Orders for Harvesting Machinery.

One excellent indication of the poor crop conditions in Houghton county this season is seen in the cancellations of farm machinery orders by a number of farmers. Bell & Michaelson, the Houghton dealers in farm implements, report cancellations of orders for three binders and a number of mowing machines. Mr. Michaelson, of this firm, has covered the entire county this summer and he says that farmers have virtually lost their entire crop of grain and hay. He admits that the Liminga district, between Houghton, and Redridge, as well as the Paradise district and the lowlands near Lake Linden, have not suffered as much as the other sections.

FINNISH MILLING COMPANY.

A meeting of the Finnish Farmers' Milling company, which conducts a mill at Salsu, was held recently in Hancock at which the directors made plans for the annual meeting. This will be held Aug. 27. At the annual meeting will occur the election of officers and the reading of reports. Jacob Ojala was in from the canal to attend the meeting. He said there was plenty of winter ice being raised, but that the wheat and oat crops were practically failures. With plenty of winter rice the mill may be kept busy all winter.

tor. The plant is not working now, on account of the lack of grain, but at the annual meeting arrangements will be made to put it in operation again.

KILLED BY A TRAIN.

Nicholas Jaki, Sleeping on Railroad Track, Meets Death.

Nicholas Jaki, a man who had been employed until recently by the Worcester Lumber company at Chassell, was instantly killed some time Sunday night by a passenger train on the Copper Range railroad near Grove station, Lake Linden.

The body was found on the track at an early hour yesterday morning with the top of the head shorn off. It is believed that Jaki had started to walk from Lake Linden to Hancock while intoxicated and, as many another unfortunate has done on the railroads of the copper country, lay down on the track to sleep. The passenger train left Calumet for Hancock and Houghton at 6 o'clock, passing the point where Jaki's body was found. He had lain down with his head in the direction of the approaching train and it took off the top of his head, not injuring the body in any other way. The death probably was painless.

Jaki had a suit case with him and this was found beside the track. He had a receipt for a \$16 money order which he had sent to Ontonagon to pay a bill. This gave his name. It was later learned that he had been employed until a few days at Chassell. Jaki was about thirty years of age. As far as can be learned he had no relatives in the copper country.

Coroner Prince of Lake Linden conducted an inquest yesterday morning and a finding of accidental death was made. The body has been turned over to the county authorities for disposition. It will be held for a day or two while an effort to locate relatives is made.

HOUGHTON AS SUMMER RESORT.

Morris Richberger of Barberton, O., Praises the Climate.

Morris Richberger, a prominent merchant of Barberton, O., who has been visiting his brothers-in-law, Ed. L. N. and Mart Haas, is returning home today, after spending two weeks in Houghton. Mr. Richberger praises the Houghton summer climate and declares Houghton an ideal summer resort town.

"I cannot understand," said Mr. Richberger yesterday, "why it is that Houghton people leave Houghton to go to so-called summer resorts when they have as fine a summer resort as there is in the world right here in their own town. I have seen Houghton people spending the summer at Mackinac island, where I would not stay for more than a day on a bet. The days in Houghton, with the opportunity for boating and nighting and fishing, are superb, but the nights are cool and the good night's sleep one can get is the greatest thing of all. I feel sorry for any Houghton person who thinks he must get away from here in the summer for his vacation. Also, I feel a little sorry for him if he has to stay here in the winter."

CONDITIONS AT HURLEY.

Under Sheriff Sheridan on Wild Goose Chase—Interesting Situation.

Under Sheriff Phil Sheridan returned yesterday from a wild goose chase to Hurley, Wis., Chief Swenson of the Hurley police wired Sheriff Byers Saturday that he was holding there a man suspected of murder in Calumet. The man had been arrested on some trivial charge and a girl in Hurley told the chief that about two years ago the man had killed a man at Swedetown, Calumet, and had left the body in a swamp. Under Sheriff Sheridan went to investigate. No record of any such killing had been made here, nor was there anyone suspected about that time, but it was thought best to get the girl's story. When called down to facts she had little to tell and the man was ordered released.

In Hurley the under sheriff found an interesting condition of affairs. Hurley is the county seat of Iron county, Wis., and sometime ago Governor Davidson removed the sheriff for official misconduct. He sent a substitute sheriff up and the latter official is at loggerheads with the Hurley officials. Hurley, by it is known is not an incorporated town and is governed by the township board. Mr. Sheridan discussed the situation in this wise:

"The chairman of the board rents several buildings to saloons. The new sheriff is trying to enforce the saloon laws, relative to night and Sunday closing, but is getting no assistance. He claims that all of the township and county officials are in league against him and it now transpires that Governor Davidson is again going to take a hand and will send a judge and county attorney to Iron county if the sheriff is not upheld."

HORSE RACING MEET.

Louis Saam of Hancock announces that arrangements have been made for three days of horse racing at the Hancock Driving Park Aug. 19, 20 and 21, and that sixteen entries have already been received. Some of the horses are Caspar Dean, Ontonagon; Artoletta, Hancock; Prince Hall, Better Promise and Skidoo, owned by William McGraw of Bergoite, Mich.; Happy Hooligan, Donald H., and Minnie R. owned by Leonard Phelps of Duluth; Little Johnnie, Ontonagon, and Mark Hanna. These horses have records ranging from 2:09 1/2 to 2:25. The purses being up amount to some hundreds of dollars. The program planned is as follows: Aug. 19—2:25 and 3:15 class. Aug. 20—2:19 and 2:07 class. Aug. 21—Free-for-all, 2:10 class and gentlemen's driving race.

FOLLY KIDNEY PILLS

Tonic in quality and action, quick in results. For backache, headache, dizziness, nervousness, urinary irregularities and rheumatism. The People's Drug Store.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organs and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, insures a hearty and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

CALUMET MILITIA COMPANY.

Engineers Making Preparations for the National Encampment.

It is expected that the largest military company ever sent out of Calumet to an annual camp will go to the U. S. regulars' big maneuver camp this year at Fort Benjamin Harrison, near Indianapolis, Ind. The company will take between eighty-five and ninety men, it is expected, if all or the greater part of the members can secure leave of absence from their work. This is to be the biggest camp ever attended by the engineers, who are part of one of the most important and best drill corps in the National Guard today. At this camp the engineers will be given practical instruction, being drilled and instructed by regular army officers. They will be trained in building bridges, surveying and laying out railroads, constructing purposes, constructing engineering entrenchments, etc. It is hoped that practically every member of the company will be able to make arrangements to go.

Calumet's company, which has been one of the largest military organizations in the state for some time, shows greater strength than ever before. There are between eighty-five and ninety men and officers and recruits are being taken in steadily. The company, according to the regulations, can be recruited to a strength of 100 men. Although it is not probable the company will become so strong as this, every effort is being made to procure new men and to pick the best material obtainable. The company is made up of a high class body of young men. No undesirable are admitted, and the men are offered by very able leaders.

Company A will go into Keweenaw county next Sunday to spend a couple of days in a practice camp. The men are to be given leave of absence from their work. They will also do engineering work. The camp will be open to public inspection.

COPPER COUNTRY FAIR.

Auction Sale of Privileges Will Be Held This Morning.

The copper country fair management has set this morning as the time for the opening of the sale of advertising space and privileges. The advertising space will be let to first comers, but the dining room and outside privileges will be sold at auction to the highest bidder. The outside privilege is that of maintaining a pop corn and peanut stand, only one being permitted in the grounds. Secretary McNamara has just completed the laying of the concrete floor in the Amphidrome and is now ready to take up the fair work in earnest. He has virtually closed contracts for the fair attractions and may be in a position to announce them within a few days. He hints at starting outside free attractions. It will not be an aeroplane, because the grounds will not permit of the use of such an attraction.

HOT WEATHER HOCKEY TALK.

Pryor's Chicago Rink Is Completed and Will Open This Fall.

Chicago has a hockey rink at last. Chicago has been going to have a hockey rink for a number of years, ever since Houghton started the professional hockey craze in the United States, but Chicago's hope has failed of realization until now. Manager John T. McNamara of the Amphidrome has returned from Chicago. While there he visited the rink promoted by Theo. W. Pryor and built by the Chicago Ice Rink company. It is a mammoth affair.

Manager Ryan has turned over the hockey phase of the proposition to Art Leader, a former Brandon and Ottawa star hockey player, and he will organize a four-team city league of amateur players. The players probably will be secured in Chicago, as there are 100,000 Canadians in the city and almost any Canadian can play a little hockey.

MARVELOUS WOOD CARVING.

Sheldon-Ryan Donation to Trinity Church Is Being Completed.

The most wonderful examples of the wood carver's art, ever seen in the upper peninsula, if not in Michigan, and they may only be spoken of in superlatives, are now being put in place in the sanctuary of Trinity Episcopal church, Houghton. These carvings complete the altar donation of Mrs. Carlos D. Sheldon.

Weak? Tired? Run-down?

These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel "all in," hardly able to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS

and note what a difference they make in your condition. The stomach is the first to feel the good effect. The food tastes good, the digestion is strengthened, bowels and bile work regularly, the blood is cleaned, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

Boxes 10c. and 25c., with full directions.

AGE OF THE EARTH MUCH DISCUSSED

Scientists Differ, but All the Estimates Run Well Into the Millions of Years.

Washington, Aug. 14.—The age of the earth has always been a subject for discussion among men of science, and largely without any definite agreement among the representatives of the different branches of studies, on account of the different points of attack.

To briefly refer to some of the more recent discussions on this topic, it may be said that Lord Kelvin in 1862 first discussed the age of the earth, considered as a cooling body. His results were for some years received with sorrow and indignation by most geologists, and especially by evolutionists, who then desired unlimited time in which to effect the development of species. More nature study has convinced the scientific world that there is no necessary discrepancy between Kelvin's 20,000,000 to 40,000,000 years and the conclusion of geologists or paleontologists. In 1893 Clarence King, with the aid of Carl Barus, introduced the important criterion of tidal stability and reached the conclusion that 24,000,000 years best represented the conditions. This result was accepted by Kelvin in 1897, and he then placed the limits at 20,000,000 and 40,000,000 years. The earth considered has uniform initial temperatures. In 1908 George A. Becker showed that such a distribution of temperature necessarily involved a prolonged period of tidal instability and discussed a globe the initial temperature of the outer shell of which increased in simple proportion to the distance from the surface.

During the last twenty years much energy has been expended upon the study of the maximum thickness of sedimentary rocks and the time rate of their deposition. In 1890 De Lapparent thus estimated a period of from 67,000,000 to 90,000,000 of years. A more careful investigation of this kind was made by Charles D. Walcott, the present secretary of the Smithsonian Institution, who, in 1893, carried out minute and cautious studies of the rate of deposition, both mechanical and chemical. His estimate for the lapse of time since the base of the Cambrian is 27,640,000 years, and he allows for the Algonkian a period of 17,500,000 years. Naturally, this figure is based on extremely imperfect data, and should probably be increased. According to Mr. Walcott, therefore, the maximum age would be about 70,000,000 years.

Nearly 200 years ago Edmund Halley, the great astronomer, devised a method of determining the age of the ocean from the amount of salt which he estimated. He recognized the character distinction as between the Jewish and Roman faces is very marked. The draperies on the figures, the armor of the Roman soldiers, the details of the architecture of the building all combine to compare with the figures of the artist. In every picture the artist has given Christ a noble and dignified bearing and a facial expression which could be wrought in wood only by the hand of a man who is at once an artist and of the faith of Christ.

The Bethlehem scene is of even wider scope in its composition. The venerable and dignified wise men, Mary with the child on her knee, the sheep and ox in the stall, shepherds on the hillside without, the stable, the hills and rocks and shrubs, and doves are all faithfully wrought. Lang's work is also seen in the figures of Christ and two angels of almost life size in the niches in the altar. A body to complete the crucifix over the roof screen and figures of the Blessed Virgin and St. John the Baptist are yet to come from the Wansan factory. All of these figures are the work of Lang. The figures on the altar and those to come are in white oak.

This wood carving completes the final details in the building of Trinity church at White City, Wis., designed by Rev. G. Mott Williams of Marquette, bishop of the upper peninsula, Sept. 7. On this occasion the diocesan convention for the upper peninsula will be held in Trinity church. On the preceding day the vocation of a missionary auxiliary of the diocese will meet.

MORE NATURALIZATION CLUBS.

Charles Rouleau, one of the prim movers in the French-Canadian naturalization clubs of Houghton county, says that the French-Canadian clubs are growing in strength and he expects soon to assist in organizing one in the South legions town. There are now clubs in Hancock, Calumet, Dollar Bay, Lake Linden, Hubbell and Chassell and their total membership is about 600. The central organization is soon to take a census of the French-Canadians of the county and the clubs expect to have every one not a citizen enrolled and registered in the county clerk's office as an applicant for naturalization.

TAMARACK MINERS' PICNIC.

The Tamarack miners have decided to hold a picnic at the C. & H. park Sept. 3. It will be for charitable purpose, and similar to the annual picnic of the Calumet & Hecla underground workers.

No matter if your kidney troubles acute or chronic Foley's Kidney Remedy will reach your case. Mr. Claude Brown Reynolds, Ill., writes us that he suffered many months with kidney complaint which he could not get relief from. He tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says, "It has been of inestimable value to me." The People's Drug Store.

MINING NEWS

ARIZONA COMMERCIAL. The balance sheet of the Arizona Commercial Copper company as of June 30, 1910, which was filed in connection with the filing of the \$1,000,000 six per cent convertible bonds, shows a surplus of cash and accounts receivable of \$24,000, in addition to which the company has on hand supplies to the amount of \$70,000. The balance sheet of Dec. 31, 1909, showed an unexpended floating debt and was one of the causes leading to the decline in the stock from above 50 to 12 1/2. That statement showed notes and accounts payable of \$102,000 against which there were cash, supplies, etc. of about \$86,000. The 1910 balance sheet was all converted into stock previous to March 1 of the present year, with consequent increase in capital stock from \$2,517,000 to \$3,000,000. The present bonds are convertible after June 1 next at 80 per share, so that when this operation is completed the stock outstanding will amount to \$4,250,000, divided into 170,000 shares at par value of \$25 each. Present Amstar has never lost faith in the property, and even when the discouraging developments took place on the seventh level he maintained that the rich ore which was expected there would be found on the lower levels, and the recent diamond drill results seem to bear out his theory. If further encouragement is had with the drills, it will be only a matter of a few months when the ore on the lower levels can be opened up when the smelter should be able to start again.

DAVIS-DALY.

Stockholders of the Davis-Daly Copper company responded very well to the call of the management for additional funds, as out of 600,000 shares outstanding the first installment of fifty cents a share was paid on 561,585 shares, leaving but 38,415 shares upon which assessment remains unpaid. JAP WOMEN LIKE TO GROW OLD.

In the eyes of Japanese women it is just as absurd to wear a kimono as a dressing gown as it is to put on an evening dress just after getting out of the morning bath. "One thing that has astonished me," said a Japanese woman in America, recently, "is the fact that women here have a fancy for the kimono as a dressing gown. I wonder what they would say if they went to Japan and found some of my country women leaving their morning bath or taking the first meal of the day in ball dresses or afternoon gowns. I think they would say that Japanese women were quite mad." The observing visitor also made criticisms of the way American women wear the kimono. "If they must wear the kimono," she said, "why don't they fasten it as we fasten it. It should lap over from left to right, not from right to left. When a Japanese woman walks her draperies must fall from left to right. If American women delight to wear Japanese clothes they should wear them properly. Furthermore, in Japan the older a woman grows the shorter are the sleeves of her kimono made. Japanese are proud of their age, and they do not care to shorten it by a single month, and they always have their kimonos made accordingly."

 Today's weather: Unsettled with, probably showers, and warmer. Yesterday's temperature: Seven a. m., 54 degrees; noon, 62; 7 p. m., 59. Maximum, 64 degrees; minimum, 50.  
 Kenneth Wheeler has returned from a month's visit at Detroit.  
 Will Hamill of Detroit spent Sunday and yesterday in the city.  
 R. C. Williams, of L'Anse, was in the city on business yesterday.  
 R. Eddy Mathews, of Chicago, is visiting with his parents, Mr. and Mrs. A. Mathews.  
 Drs. Harkin and Cunningham returned last evening from a week in camp in the woods north of the city.  
 Kaarlo Juhola and Miss Saari Saari, both of Marquette, were married by Justice Byrne at his office yesterday.  
 Miss Theora Swift arrived home Saturday evening from a three week's vacation trip spent in Cleveland and vicinity.  
 G. L. Burtis has returned from the Bitter Root valley and expects to take a party of Marquette people to that fruit country next month.  
 Mr. and Mrs. Frank Noleman, and daughter, Irene, of Centralia, Ills., are visiting at the home of Edward Church. Mrs. Noleman and Mrs. Church are sisters.  
 The Misses Hazel and Irene Bush and Marie Flanagan and Mrs. F. A. Wentworth have returned home, after a visit at Milwaukee and other points in Wisconsin.  
 Vessels entering the Marquette harbor were considerably troubled last evening by the thick fog, which settled over the lake very suddenly in the later afternoon.  
 County Clerk Frank G. Jenks is making a count of the number of enrolled voters of each party in Marquette county, for the purpose of determining how many primary ballots it will be necessary to print.  
 Robert Martin, who has been in Kansas for some time, is visiting with friends in the city. His father, H. A. Martin, was formerly manager of the Foster store, and he now plans to locate in business in Escanaba.  
 Superior vice, No. 217, L. O. T. M. M. will hold a special meeting in Fraternity Hall this afternoon at 2:30. All members are requested to be present. Mrs. Carrie Gilbert, deputy grand commander, will be present to explain plans and rates.  
 Sunday School Picnic—The Sunday school of the Presbyterian church will hold a basket picnic at Presque Isle next Saturday afternoon, taking street cars at the church at 1:30 o'clock. All necessary dishes, etc., for the tables will be furnished by the Ladies' society of the church, making it unnecessary for scholars or their parents to provide these articles.  
 Poles Split in Two—Superintendent Retailer reports that the electric storm last Friday night did greater damage to the electric light system than any storm for a long time. In some parts of the city the poles were split in two, and light lines between the city and the power station, splitting them in two. The linemen are still working on the damaged poles and wires, and the three poles will have to be replaced with new ones.  
 Mayfairs at the Bijou—The Mayfairs are the feature of the Bijou theater, and commenced at the matinee yesterday. The lady member of the team has a splendid voice and her singing is being highly complimented. The Mayfairs promise a complete change of act every night during their stay in Marquette. A Chicago firm is now furnishing the pictures at the Bijou, which are new and exceptionally interesting.  
 Majestic Range Demonstration—A demonstration of Majestic ranges was begun at the Kelly Hardware company's store yesterday. There was a large number of callers who were well pleased with the exhibit. The demonstration will continue the balance of this week. Ladies will find much of interest there. The Kelly Hardware company has sold Majestic ranges for many years, so successfully that there are now over 400 in use in the city. Such success could not be attained with an article unless it has superlative merit. The Majestic range occupies a place in the households of this city of which the local agents are justly proud, and they are aiming to widen its usefulness by selling more to those not now using them.

**MARINE ACCIDENTS.**  
 Thirty-four Occurred in July, Five of Being Collisions.  
 Accidents to lake vessels during July were fairly numerous and some of them serious. In all, thirty-four accidents occurred, five of them being collisions. The most serious was that of the tug T. R. Wiehe, which was destroyed by fire near Escanaba, and the large Grace Whitney, which was run down by the steamer Ogdenburg at Bar Point. The most costly accident was that of the steamer Zenith City, which stranded at Point Au Sable, Lake Superior, on July 27, smashing about sixty plates. A singular accident happened to the steamer Parks Foster, a large hole being blown through her bottom from an explosion of dynamite in the Chicago river. The machinery of the Eastern States became disabled, necessitating the withdrawal of the steamer from the Buffalo route and the substitution of the steamer City of Cleveland in her place. The new steamer attracted much attention at Buffalo and has proved so popular that she will be retained on the Buffalo run during the balance of the season. Meanwhile, the Eastern States is plying to Cleveland. The steamer D. G. Kerr ran on the rocks near the Limekiln during a dense fog on Aug. 3 and could not be released until about 1,200 tons of ore had been lightered. Her injuries, however, are not extensive.  
 An accident which is now undergoing the most rigid investigation is that of the steamer Lake Shore, which not only took about 100 feet of timber off the south pier walls, but ran the full length of the A. W. lock and actually struck the upper gates, opening them a little. By this time, the steamer began backing and the pressure of the water mitered the gates perfectly so that no further damage resulted. The cause was doubtless a misunderstanding of signals between the bridge and engine room, but the case will doubtless be more thoroughly investigated, as accidents at the locks have been too frequent of late.  
 The parting of wheel chains bears its usual quota of accidents.

**PALMIST ARRESTED FOR DUPING MAID**  
 New Bedford 'Professor' Charged With Illegal Attempt to Cure a Domestic's Ills.  
 New Bedford, Aug. 15.—"Professor" G. W. Rose, "The Gifted Man of the Far East, clairvoyant and palmist," who "comes to save, not to destroy," appeared in the district court and pleaded not guilty to the charge of the illegal practice of medicine.  
 Professor Rose was arrested on complaint of Amanda S. Potts, a domestic, who claims that she paid him \$50 July 16 upon his alleged agreement to cure her of physical ailment July 28 she further asserts, she gave him \$80 upon his alleged agreement to teach her the art of palmistry with the promise that she should be enabled to make \$10 a day.  
 Her teachings, so far as she has informed the police, stopped upon the receipt of a "book of instructions" on a few sheets of paper bearing crude drawings of a couple of "palanges," "the Mount of Venus," "Mercury," "Saturn," "the thumb" and "Mount of Moon."  
 There are about six sheets of paper making up the instructions. On each sheet is a drawing done in red ink. Here are the instructions:  
 "Your Thumb Shows Loyalty and Trustworthiness if any one leaves any Thing in your Possession one year or Ten you will have it for them unless some one Steals it from you."  
 "Mount of Moon, see here you have had a great deal of Distress But things is a gain to Change for you, for the Better."  
 "It is like a large Mountain one side dark and the other Side Bright the Bright ness will Soon come to you in a Short Time."  
 "Mount of Venus, This is like a main spring of a clock your Blood is supposed to go three your Vaines 10 million Times a day yours Show good that Shows you will Enjoy Good Health for some time to come."  
 "Palanges, Saturn—This Shows here from the First and second and Third Phalange that you are a person who Goes Very Deep into details if you no one Part of a thing you want to Know the other Part. You want to no Both sides of a thing or you are not Satisfied."  
 "Full Knottles—One who loves beautiful Things and all money with you means for Life you do not want to marry, to Day and Separate to morrow if the Proper one Comes in your Life you will be Loyal and good and stick to the End."  
 Then follows a crude drawing in red ink purporting to represent "Mercury," the little finger. On one side of the drawing is written "Ordeley" and on the other side the word "Artistic." Then follows on the "Ordeley" side:  
 "This Shows that you are ordeley you Love to Have your Home Look Better than Thees who call upon you. Also your Room Must be Ordeley."  
 The "Artistic" reading is:  
 "This Shows you are Artistic you Love Buitefull Things, Milenary Dress making Music Anything that is Buifull and good you love the Forrice and Flowers. Everything of nature that is good and Buifull."  
 LIGHT AND POWER COMMISSION PROCEEDINGS.  
 At a regular meeting of the Light and Power commission, held at its office in the City Hall, Monday, July 11, 1910, present: Commissioners Harris, Pearce, Lewis, Rule and Chairman J. E. Sherman.  
 Minutes of last two meetings read and approved.  
 The bills amounting to \$24,873.29 and named below were read, on motion duly supported and carried, were ordered paid.  
 The request of camp owners for lights on Middle Island Point was presented and by motion duly supported and carried, was declined.

 Secretary.

A director of the Granby company is quoted as follows: "I think I can say that the Granby situation is not so bad as even some of the directors thought it was six months ago. Now one is being discovered which will add materially to the reserves beyond the 6,000,000 tons reported last spring, and with production being well maintained, to say nothing of the income from the Crow's Nest Pass Coal company's investment, present prices for Granby stock can hardly be considered extravagant."  
 It is worth \$8 to you to read our advertisement in this paper, so don't overlook it.

# Ishpeming Department

## THEATRICAL SEASON OPENS NEXT SATURDAY

Some Good Attractions Are Being Booked for Fall and Winter Months.

A larger number of theatrical attractions have been booked for the coming season for the houses of the iron and copper districts during the past week than had been secured for a month previous. The booking agents report that they expect to route a larger number of shows this season than were sent out last year, but the bookings have been delayed because of the fight between the syndicates and the backers of the open door movement.

The list of shows routed for this circuit during the early months of the season is now fairly large, and several more will probably be booked during the next thirty days. The Ishpeming theater will be opened next Saturday evening with "Rosalind at Red Gate." This attraction met with unusual success on the road last season, and the management is this year sending out two companies. The play is from Meredith Nicholson's book of the same title, and constructed by George Middleton, who made the dramatization of "The House of a Thousand Candles."

The second attraction of the season at Ishpeming theatre will be "The Flower of the Ranch," a week from Thursday, the 26th. The show opened its season last week at Waukegan, Ill., and it is coming north through Wisconsin. The comedy was first produced in New York two years ago and the company played a whole summer at the Garrick theatre in Chicago.

Other attractions booked for early dates are "The Blue Moose" on the 30th, Edward Russell Stock company, the week of Sept. 5, Shubert's "The City," Sept. 14. Attractions coming later in the month are "The Lottery Man" on the 29th, "The Volunteer Orphanist," the 30th. Attractions already booked for October are "Mrs. Wiggs of the Cabbage Patch," on the 7th, "Paid in Full," 14; "Panhandle Pete," 18; "The Kissing Girl," 19th; "The Cow Puncher," 21st; Frank Daniels company in "Eric Erickson," 25th; "A Broken Idol," 28th, and "The Fighting Parson," the 29th.

The Edward Russell Stock company, which will open its engagement on Labor day, is said to be the strongest stock organization that has played in Lower Michigan this season. Mr. Russell and Miss Grace Bryan, a niece of William Jennings Bryan, are the leading people in the company. Last season they portrayed the leading parts in "The Man on the Box," playing one-night stands.

### "ROSALIND AT RED GATE"

Company Producing Wellknown Play Will Open Fall Season at Ishpeming.

"Rosalind at Red Gate," dramatized from Meredith Nicholson's wellknown novel of that name, will be the opening fall attraction at the Ishpeming theatre next Saturday night, the 20th.

There are some unique and interesting characters in the play. Over the division of property the chief incidents of the story are concerned. An older sister, Miss Patricia Holbrook, is entrusted by her father with the division of a million dollars between her two brothers at a certain time, provided they prove worthy. These two, Arthur and Henry Holbrook, succeeded to their father's banking business and after some time there is trouble and Arthur disappears. Henry solicits his sister for the money, maintaining that Arthur has forfeited his share. As Henry's life does not justify Patricia in giving him the money, he institutes a division of the property of his sister, even to the point of attempting murder. His laughter lives with Miss Patricia and is on her father's side, and assisting him as far as possible. A third party, in the person of Larry Donovan, who befriends Miss Patricia, and endeavors to save her from her brother's annoyances, proves the hero of the tale. He falls in love with Rosalind, daughter of Arthur Holbrook, who married the twin sister of Henry's wife.

The scenes of the play are located near Ann Arbor in Indiana, near the Glenora mansion, made famous in "The House of a Thousand Candles." In fact, the play is described as "a near neighbor to the 'House of a Thousand Candles.'"

"Rosalind at Redgate" in book form has been accorded one of the largest sales given any work of recent fiction, and as a play is proving the popular success of the present season.

### DEMOCRATIC CONFERENCE.

A conference of the Democrats of the city will be held this evening at 8 o'clock in Andrews' hall, for the purpose of organizing for the coming campaign. The members of the city committee extend an invitation to all the Democrats in the city to attend. The placing of a county ticket in the field will be one of the principal matters discussed. E. R. Canfield, secretary of the Michigan Democratic committee, was in the city yesterday, conferring with some of the leading Democrats. He left here for Iron Mountain. Mr. Canfield published a newspaper in Clare.

### WILL START WORK TODAY.

J. Wahlman & Son, who were last week awarded the contract for the erection of ten double houses for the Cleveland-Cliffs Iron company at its North Lake location, will begin work on the dwellings today. They will be located west of the dwellings erected a year ago. Two of them will face the main highway on the north side, and the other eight will be on the street one block to the south. A large force of men will be employed, as the firm is under contract to complete the dwellings by Dec. 1.

The directors of the Calumet & Arizona Mining company are scheduled to meet within the next fortnight to take action on the quarterly dividend. The present rate of \$4 per annum is expected to be maintained.

### ENTERTAINMENT TONIGHT.

Ladies of Calvary Baptist Congregation Will Give Program.

The Young Ladies' club of Calvary Baptist church will give an entertainment this evening, commencing at 8 o'clock, in the basement of the church. The admission will be ten cents and refreshments will be served at the conclusion of the program. The young ladies extend an invitation to the public to attend.

The program will be as follows:  
Invocation... Rev. Meade.  
Piano Solo... Miss Knight.  
Vocal Solo... Miss Endahl.  
Reading... Miss B. Jenkin.  
Cornet Solo... Mr. Wilkins.  
Vocal Solo... Mr. Betts.  
Reading... Mr. G. Johnson.  
Vocal Solo... Miss M. Cornish.  
Piano Duet... Misses M. and E. Olsen.

### ISHPEMING IN BRIEF.

E. R. Nelson and wife are the parents of a son.  
R. F. Stone and wife of Chicago are here on a short visit.  
Miss Junieta Lossing of Ironwood is visiting Miss Ruth Goodman.  
J. Dryfoos and wife, of Milwaukee, were Ishpeming visitors yesterday.  
Miss Pearl Roulston of North Third street is visiting relatives at Sault Ste. Marie.

Mr. and Mrs. J. S. Mennie have returned from a lake trip to Cleveland and other points.  
Mr. and Mrs. R. E. Thrasher, Jr., of Chicago, were visitors in the city yesterday.

Miss Kate Aronson of Duluth is here, visiting her friend, Anna Nelson, of Cleveland avenue.

John A. Olson and family are spending the week at J. L. Bradford's camp, at Lake Laurier.

Mrs. A. K. Sedgwick will entertain the Afternoon Bridge club next Friday afternoon.—The Virginia.

J. H. Hooper is if the lower peninsula, attending meetings of the state board of barbers' examiners.

Michael Mullins and wife are here from Amasa on a visit to M. F. Lally and family. Mr. Mullins has charge of a meat market at Amasa.

The Ironquois club will give the first of a series of hops next Friday evening at the Anderson hall. Trombly's orchestra will furnish the music and dancing will start at 9 o'clock.

Miss Flossie Randall, first assistant to the librarian in the Carnegie public library, is taking her annual vacation. She will spend most of her time at her father's camp, near Sidway.

Frank J. Heindel, manager of N. E. Skud's store, left Sunday night for Chicago, where he will purchase new fall goods. New fall millinery and a line of rugs will also be bought.

M. M. Duncan and wife will leave Thursday for Europe, where they will remain until the latter part of November. They will first visit England, going from there to Carlbad, Germany, where Mr. Duncan will take the bath treatment.

The old No. 7 shafthouse at the Michigan mine, which has been inactive for some years, was struck by lightning Friday night and destroyed by fire. The No. 7 shaft is on the hill, so that the fire did not reach any of the other buildings.

Mrs. F. Braastad and her daughters, the Misses Flora, Ingeborg and Lillian, and the Misses Olga Eggan and Anna Asgaard, who are visiting in Europe, will sail from Christiania on their homeward journey next Friday, the 19th, and will arrive home about Sept. 1.

S. J. Fazerkerby and his company, who gave free shows on the Cleveland-Cliffs Iron company's plat on North Third street for three weeks, closed their business Saturday night. They will spend the next three weeks at Ironwood.

J. H. Keifer and his family and Mrs. F. Benedict and her son, who have been camping at Lake Laurier, will be home today. William Leisinger's family will be returning from their camp at Lake Laurier Friday. Mr. and Mrs. C. L. Sloan have been their guests the past few days.

Dr. R. E. Drake and his son, Donald, Dr. E. L. Drake and his son, Claire, of Marquette, and W. E. Davis, brother-in-law of Dr. R. E. Drake, of Chicago, have returned from a week's outing at Huron Mountain.

The Misses Olga and Lydia Girzi have returned from Grand Island, where they visited Dr. Barnett's family. Mesdames W. T. Potter and E. Tommesen went down Sunday to spend a few days with Mrs. Barnett.

Births recorded in the city yesterday were a son to Mr. and Mrs. Joseph Kennedy, 340 South First street; a son to Victor Pulmaki and wife, 322 South First street; a daughter to Mr. and Mrs. John Asikanen, 249 Davis street, and a son to Mr. and Mrs. Albert Pearlstrom, 425 New York street.

Mrs. H. Muck and her daughter, Lola, and Miss Margaret Waterbury of Jefferson, Wis., who visited Ed Muck and family and other relatives in Michigan, returned to the city yesterday to visit J. C. Altschwaeger and family.

Deputy Commander Carrie Gilbert of the Lady Macabees will conduct a school of instruction next Thursday in the Mill-don hall. The session will open at 9:30 o'clock and will last all day. The officers of the tent desire particularly to have members who have been suspended for the non-payment of the last two assessments present.

Twenty or more of the junior members of the Young Men's Christian association plan to go to Camp Wismagung the latter part of the week for an outing. Most of them will "hike" up, leaving here Friday. It was at first planned to start for the camp in the afternoon, spending the night enroute, but some of the boys favor leaving early in the morning in order to complete the hike that day.

Gas is in every way more satisfactory for cooking than any other fuel. Save money by putting in a gas stove. (6-14-10)

### Mining News

#### PORPHYRY MINES.

Henry Krumb, said to be one of the best known porphyry mining engineers, is quoted as saying: "The only mines to be feared in the copper situation, for many years to come are the porphyry mines. The mines of Alaska are very rich, and there are big bodies of copper ore in various parts of the world, which play an important part in the copper industry but the porphyry mines appear to me to hold the key to the copper metal situation. Although periods when the vein or lode properties will not find as good ore as the general run in the mine experienced in porphyry mining still they know all the time what they have and just where they can get it.

"That the United States will eventually be the dominant figure in the copper business of the world seems certain, and this will be done through the immense porphyry mines that have up to this time only found berth in the United States. Every country in the world has been searching for the low grade porphyry deposits without success. Low grade deposits have been found in beds, but this is not the porphyry. Benefits of rich copper ore discoveries have emanated from time to time, although in recent years but few have materialized.

"The rich vein mines in Alaska may be

big producers of copper in a few years to come. Africa's projects may have some effect on the copper situation, but the consensus of opinion among mining engineers is that the porphyry mines will make the United States the greatest copper center for the longest number of years."

#### MIAMI.

The continued enlargement of the Miami ore body has made of this a considerably larger proposition than it was at first believed to be. It is reported from Boston. Since Mr. Channing's estimate of 14,000,000 tons of ore in sight, claim drills have been steadily at work and have considerably increased the limits of the probable ore body. This makes it desirable to increase the company's equipment to a corresponding capacity. Instead of a mill of 1,000 tons' daily capacity, as at first planned, a mill of 2,000 tons capacity is being built. At the same time, foundations have been built for a third unit of another 1,000 tons. Ultimately, it is expected that the Miami will treat 5,000 tons of ore daily; 200,000 tons of ore are on the dump and it is believed that the first section of the mill will be in operation by Jan. 1.

The handling of such a heavy tonnage requires a large working capital and to provide for this—in a broad way—stockholders will be asked to increase the authorized capitalization from 700,000 shares to 800,000. There are now outstanding 603,247; 88,889 are held against the conversion of the bonds and the bal-

ance remains in the treasury. If the proposed motion is passed, shareholders of record Aug. 24 will have the privilege of subscribing to one-tenth of their holdings at \$18 a share. The subscription right will close Sept. 14 and the subscriptions will be payable in full September 15. Bondholders who convert their bonds into stock before Aug. 24 will of course have the privilege of subscribing to this new issue. The new stock has been underwritten by the General Development company and Hayden, Stone & Co.

#### NOTES OF COPPER NEWS.

Various statements have been made as to the price paid by the Amalgamated Copper for the Clark copper mines and reduction works in the Butte district. One report had it that the Clark properties cost the Amalgamated \$12,000,000. It is understood that the price paid by the Amalgamated was closer to \$5,000,000 than \$12,000,000.

In the month of July Lake Copper was by all odds the most active specialty on the Boston Stock exchange, total sales amounting to 73,199 shares between 46 and 28 1/2. The next most active local "copper" was North Butte, with sales of 39,699 shares, the high and low of this stock being 24 1/2 and 19 1/2, respectively.

The Superior & Boston is shipping forty tons of ore per day to the Old Dominion smelter. Five hundred and forty gallons of water per minute are being pumped from the bottom of the shaft, which is 810 feet deep and sinking in shattered limestone. Much copper and iron stain are in evidence.

Indiana's new copper bearing lode has proven to be over fifteen feet wide and is a true amygdaloid sandstone. The first eight feet carried the copper in finely decimated particles, but very rich, while the last seven feet carried shoddy copper in the amygdaloid of sandstone. The copper shades off into the trap rock both above and below the main bed.

Algonah has rigged up a diamond drill outfit on its property south of Lake Michigan. There is practically no overburden and some interesting developments may be expected. As there is much that is unusual and puzzling in the formations at this point the drill borings may be expected to show the extent of the Lake lode southward as well as the depth and width of the ore body opened up in Algonah's shaft.

Have you ever cooked with gas? If not you should put in a gas stove at once. (6-14-1f)

## Negaunee Department

### PREPARING TO MOVE TELEPHONE POLES

Bell Company Has Men at Work on Changes to Be Made on Iron Street.

The first work in connection with paving Iron street was started yesterday when the Bell Telephone company put men at work digging holes for the new poles on which the telephone cables are to be strung. They will be set alongside the present poles, on the south side of the street. The new poles will average about fourteen inches in diameter and the base, whereas the present poles average eighteen to twenty inches. Two-thirds of the width of each pole will be set into the concrete walk and one-third will project out into the gutter. Some of the present poles are entirely in the gutters and others are partially in the sidewalk. The poles will be about 100 feet apart and they will carry either three or four cables, also the wires of both electric light companies.

The Marquette County Telephone company is to run its cables through the alley back of the buildings on the south side of the street. The only poles on the north side will be those holding the span wires for the street car line, in case the latter remains on Iron street.

No agreement has yet been reached between the city officials and the Marquette County Gas & Electric company relative to the removal of the street car track, and it now looks as if the line will remain on Iron street. H. H. Easterday, the Marquette County Gas & Electric company's chief engineer, who was here last week, estimates that it would cost the company \$3,000 more to change the line to the proposed route on the north side of the Northwestern tracks, extending to the eastern end of Jackson street, than it would to reconstruct the line on Iron street. In view of this the officials of the company will not pay the Chicago & Northwestern Railway company \$25,000 for the right-of-way privilege. On the other hand, the city officials do not feel that the city should pay this sum. If put to considerable expense in constructing a concrete sewer through the creek over which the street railway would pass, between Cyr and Jackson streets. This improvement would probably cost as much, if not more, than the amount asked by the Northwestern company for the right-of-way, so that the additional expense, in the event it was borne by the city, that would have to be charged to the Iron street improvement would probably be in the neighborhood of \$5,000.

Manager McCorkindale has agreed to pay for laying three inches additional concrete between the ties of the street railway on Iron street. He estimates the cost of this at \$500. All of the dirt will be removed from between the rails to the bottom of the ties and an eight-inch bed of concrete will be laid. The contract calls for five inches of concrete, but in the event Mr. McCorkindale's proposition is accepted, the concrete will be eight inches thick. This will make a substantial job, and it is thought that it will never be necessary to disturb the surface on account of the condition of the ties. Heavier rails will be put in the entire length of the street and the work will be done in a very substantial manner. Mr. McCorkindale estimates that this improvement on Iron street will cost the company in the neighborhood of \$6,000.

Wick O'Connell & Co., who were the lowest bidders on the paving job, and who will doubtless be awarded the contract, have their outfit in readiness to ship to Negaunee, so that they can begin work in a very few days after they are notified.

#### TO LUMBER IN CANADA.

Mill Man Who Has Been Operating at Basil Siding to Try New Territory.

Bob Barry, who has operated a saw mill at Basil Siding, on the line of the Marquette & Southeastern railway for some years, passed through Negaunee yesterday, en route to Saskatchewan, Canada, where he has secured a permanent location. He is shipping his horses and part of his equipment and will move his mill as soon as he secures a permanent location.

Mr. Barry has cut a considerable stumpage near the new siding and he still owns some timber in that district, but he believes that there is a better opening for him in Saskatchewan valley. He was favorably impressed with that region and although he has not closed a deal for timber he is satisfied that he will have no trouble securing all the timber he will need for the operation of his plant. Mr. Barry's father will remain at Basil and will get out some timber there during the coming winter.

#### SUPPERS IN SHEA'S HALL.

The ladies of St. Paul's congregation, who will serve suppers on Wednesday and Thursday evenings in connection with the bazaar to be held in McDonald's opera house, will serve the meals in Shea's hall instead of in the opera house. The French ladies are to serve supper tomorrow evening and the Irish ladies will serve the following evening.

#### THE BEST HOUR OF LIFE.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine that cures so quickly and so best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble, 50c. \$1.00. Trial bottle free. Guaranteed by Stafford Drug Co.

To keep your health sound; to avoid the ills of advancing years; to conserve your physical forces for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy. The People's Drug Store.

#### GOULETTE PITCHES SUNDAY.

Former Ishpeming Twirler Will Be in the Box Against His Old Teammates.

The standing of the Marquette-Iron county league teams is now as follows:

	G. P.	W.	L.	P. C.
Negaunee	27	20	7	747
Marquette	26	15	11	577
Ishpeming	26	10	16	385
Crystal Falls	25	7	18	208

Golette will pitch for Negaunee next Sunday against Ishpeming. The Ishpeming management released Golette, not because of his poor pitching, but because he was not fielding his position well. It is thought that under Steinfeld's direction Golette will play a better game than he put up for Ishpeming. It is reported that Ishpeming will have a stronger lineup next Saturday and Sunday than the one at Marquette last Saturday and Sunday.

Commenting on the Crystal Falls team yesterday, Captain Steinfeld stated that the Menominee range town now has a fine aggregation of ball players. He expressed the opinion that the team will lose very few of the remaining games of the league series, if all the positions are filled by fast men. Allen, the second baseman, was chosen for that position on the all star team in the Northwestern association league, which recently disbanded. Allen showed his work here Saturday and Sunday that he is an exceptionally fast second-sacker. He made one sensational stop Sunday of a fast ground hit that was too wide for the first baseman, but fell in reaching for it. Allen is now captain of the team. The Crystal Falls pitchers are by far the best that the mine has had.

#### BATTING AVERAGES.

Omitting McKale, who quit the team last week, from the batting averages, the Negaunee team's average is now .289. Rains is still at the head of the average column, with twenty-four hits out of sixty-three times at bat. The following are the averages of the ten players:

	A. B.	H.	P. C.
Pains	63	24	.381
Cullis	109	40	.367
Heidenson	87	28	.322
McCroary	98	29	.296
Swick	105	28	.267
Selbenthon	27	7	.259
Steinfeld	32	8	.250
Simpson	39	9	.231
Rosewar	36	8	.222
Messier	95	19	.200

#### BAND LEADER LEAVES.

Ernest Hawke, who has been the director of the Negaunee City band for the greater part of the past two years, left Saturday night for Ironwood, where he has been promised a position. He will play with the Norrie band. Mrs. Hawke will join her husband in a few days. Charles Letcher, one of the old members of the City band, will lead it until a permanent director is secured.

#### LOCAL LACONICS.

Mrs. Chas. Swanson and Fred Swanson of the Soo are here visiting L. A. Swanson.

Mrs. Anna Ryan has returned from Gladstone, where she visited friends for two weeks or more.

H. J. Peterson moved his tailoring business from the Boulson to the Mulvey block yesterday.

Miss Eva Maime of St. Paul and Miss Kate Webber of Milwaukee are the guests of Mrs. J. Mulvey.

Mrs. Mary Nicholson resumed her work yesterday in Levin's shoe store, after spending her vacation with friends in Chicago.

The medicine company that gave entertainments for three weeks on Lincoln street pulled up stakes Saturday night.

The concrete work on the second floor of the Negaunee National bank's new block will be completed today or tomorrow.

About thirty-five students from the Michigan College of Mines worked yesterday on the Jackson property. They are making their headquarters in Ishpeming.

The bazaar to be conducted at McDonald's Opera House by the ladies of St. Paul's parish will open this evening. The Light Infantry band will furnish music. The door prize will be a sack of flour.

The "Social Bunch," who conducted an enjoyable hop Saturday evening in the Kirkwood hall, plan on having a dance every Saturday evening throughout the fall and winter months, commencing a week from next Saturday.

The Independent baseball team of Negaunee, composed of boys, is prepared to meet any juvenile nine in the upper peninsula. The team has played eleven games this season, winning ten of them. Joseph Coles is the manager.

Thomas F. Sole and G. A. Tomlinson were here yesterday from Duluth. They visited the mine which the Volunteer Ore company, in which they are interested, is opening near Palmer lake, on the Cascade range.

Dr. J. C. Larson and other members of the Larson family have returned from their outing east of the Miller farm, near Goose lake. Axel Larson of Gwinn spent Sunday at the camp, returning to the Swanzy range yesterday.

Orr Schultz, superintendent of the Negaunee public schools, and wife, arrived home Sunday from the lower peninsula, where they spent the past several weeks. The schools will open three weeks from today, Sept. 5.

The children of St. John's church Sunday school society, who will hold their picnic tomorrow at the Cleveland park, are requested to be at the Breiting House at 9:45 o'clock to take the street cars. Parents and other relatives of the children are invited to attend the outing.

T. J. Flynn, secretary of the Upper Peninsula Firemen's association, arrived home Sunday from Sault Ste. Marie, where he attended the annual tournament. Messrs. Joseph Torriano, William Newcombe and Fred Anthony, other members of the department, have also returned home.

Joseph Memiere, lawyer with the Consolidated Fuel & Lumber company, who sustained a fracture of his left arm four weeks ago while adjusting the belt on the wood splitter, will not be able to

resume work for a month or so. One of the bones in the forearm was fractured in three places and another was fractured in two places. The cast was removed a few days ago.

### Upper Peninsula

**Fined for Spreading Dodgers—**  
John T. Todd, who was distributing handbills on Main street in Menominee, was arrested for scattering the dodgers promiscuously about the pavement. He paid a fine and costs of \$3 in Judge Waite's court.

**Cows Must Have Bells—**  
Announcement has been made by the cow herders of Escanaba that in the future no cows will be accepted for herding unless they are provided with bells. In the past few weeks the herders have been troubled by losing cows in the woods and for that reason they will refuse to accept responsibility for animals not properly equipped with bells.

**Boy Is Found Drowned—**  
The body of Edward Boyer, a watchman employed by the Van's Harbor & Northern railway at the Van Harbor terminal, in Delta county, and who disappeared suddenly last week, has been recovered in the boat slip at that place. Whether the boy committed suicide or whether he fell into the slip and was accidentally drowned will probably never be known. The deceased was nineteen years of age.

**Pioneer Hotel Changes Hands—**  
The Boyington House at Iron River, which has been conducted by Andrew J. Boyington and Philip L. Boyington, his son, for over a quarter of a century, has been sold to Vannoster & Jones of Waukegan, Wis. The new proprietors will take possession this morning. A. J. Boyington was among the very first to locate in Iron River and open a hotel. He is widely known.

**Stricken While at Work—**  
Mrs. George Ames was fatally stricken while at work in her kitchen at Manistiquette. The exact hour of her death is not known, for Mr. Ames, who is employed at the C. L. mill as resaw band sawyer, was on the night tour and was sleeping during the day. The husband found her dead when he came from his sleeping room. Her death was wholly unexpected. For a year or more, however, she had been ailing to some extent. The deceased was born in Canada thirty-nine years ago. Only her husband survives her. She was a devout member of the First Baptist church.

**Berry Picker Drops Dead—**  
Robert Terry was stricken with heart failure while engaged in picking berries near Perry's landing, a few miles from Grand Marais, Alger county, last week, expiring almost instantly. The unfortunate young man had complained that morning of not feeling well and announced his intention of returning to Grand Marais. He had gone only a short distance along the beach when he was stricken, falling with his face in the water. He was seen to fall, but death had claimed him before help reached him. The deceased was aged twenty-seven years and leaves a mother, two sisters, Mrs. William Bryers and Mrs. Seth Reed, and two brothers, David and Ernest, to mourn his untimely demise.

**Will Enforce Curfew Law—**  
The curfew ordinance which has been on the city law books for some time is to be enforced in Menominee, on the order of Mayor Emerson. No curfew bell will be rung, but after 9 o'clock boys and girls appearing on the streets unaccompanied by parents or guardians will be subject to arrest. One exception is made to the general rule. If the proceed to their homes directly after the performance of motion picture entertainments, the police have orders to enforce the act from now on.

**Jury Failed to Agree—**  
A little excitement was occasioned at Manistiquette the other day when Godfrey Olsen had C. W. Meek arrested on the charge of assault. The trouble had its inception a month ago when one of Olsen's cows was badly torn by Meek's dog, while trespassing on the latter's land, which was not properly fenced. The parties met at Boucher's barn and the quarrel was renewed. Olsen claims that Meek drew a revolver and threatened to blow out his brains. The case was tried in Justice Knox's court. The jury, after hearing the testimony, which was con-

# COUNTY TICKET OF DEMOCRATS

Petitions for All Offices Except Surveyor Started Last Evening, and Are Being Signed by the Enrolled Voters of That Party—List of Candidates.

Placards Are Soon to Be Posted Explaining Purpose of Primary Election and Requirements as to Enrollment—Change of Residence Provision in Law.

At the Democratic meeting at the city hall last evening, petitions of the following candidates for nomination by direct vote were submitted:

Governor—Lawton T. Hemans.  
U. S. Senator—John T. Winship, Saginaw.

U. S. Representative—G. T. Werline, Menominee.  
State Senator—John H. Lewis, Marquette.

State Representative—Conrad Wellman, Marquette.  
County Clerk—Peter Trudell, Negaunee.

County Treasurer—Wm. Schunk, Marquette.  
Register of Deeds—Shields McCarthy, Marquette.

Sheriff—James Farm, Tilden township.  
Prosecuting Attorney—J. L. Heller, Marquette.

Coroner—Dr. C. N. Bottum, Marquette.  
Petitions for all these candidates were signed by all the enrolled Democratic voters present, and what further signatures are required to make up the necessary twenty-six on each petition will be secured today.

There was no contest for any of the positions on the county ticket and the proceedings went as smoothly as under the old convention method of nominating candidates.

Another meeting will be held Friday night at which the organization of a Hemans club will be perfected. All voters, regardless of party affiliation, are invited to attend the meeting Friday night.

### Primary Election Notes.

City Recorder Danovan has received a number of placards stating the location of the voting precincts and purpose of the primary election to be held throughout Michigan on Tuesday, Sept. 6, which will be posted in conspicuous places about town within a few days. The placard contains some valuable information for voters, many of whom are not entirely familiar with the working of the new system.

The election is held for the purpose of nominating by direct vote candidates by each of the several political parties for the following offices: United States senator, representative in congress, governor, lieutenant governor, state senator, state representative, county sheriff, clerk, register of deeds, treasurer, prosecuting attorney, surveyor, coroner and circuit court commissioner. There shall also be elected as many delegates to the county conventions of the several political parties as the precinct or township is entitled to under the call of the county committee of said parties, which number will be indicated by the number of blank lines printed on the official primary ballot under the heading, "Delegates to County Conventions."

The enrollment for this election was held April 4, last, but any qualified voter in any election precinct in this state who failed to have his name enrolled on election day by reason of sickness or unavoidable absence from the election precinct, and who is a qualified elector in said precinct on primary election day, or any person who may have become twenty-one years of age on primary election day after enrollment day, may have his name enrolled by the board of primary election inspectors on primary election day upon making oath as provided in the general election law relative to registration of electors on election day; or any person who may have been rolled in the new precinct provided by law, but who has changed his residence to any election precinct, other than that in which he was enrolled, may be enrolled in the new election precinct and may vote therein. Provided, that he has resided in an election precinct in which he seeks to be enrolled for a period of twenty days and that he obtained from a member of the enrollment board of the election precinct in which he formerly resided a certificate stating that he was duly enrolled in such precinct, and that he is entitled to enrollment in the new precinct. In the absence of such certificate, if he can satisfy the enrollment board of primary election inspectors upon making oath to such facts, according to the provisions of the general election law relative to the registration of electors on election day, he shall be entitled to enrollment and be permitted to vote following such enrollment.

No person can vote at the primary election whose name is not enrolled. An enrolled voter who has changed his party affiliation can be re-enrolled on election day only. On primary election day, the polls will be open from 7 o'clock in the forenoon until 8 o'clock in the evening.

"Has anyone here seen Kelly?" Kelly Hardware Co. is where the great demonstration exhibit of Majestic Ranges takes place every day this week. (8-16-5d)

### NOTICE TO TAXPAYERS.

Office of the City Treasurer: Marquette, Mich., July 15th, 1910. Notice is hereby given that the general tax roll of the city of Marquette has been deposited with me, and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due and may be paid to me at any time up to and including the 31st day of October, A. D. 1910.

Upon all such taxes paid to me before the first day of September a collection fee of one per cent will be charged, and on all such taxes paid on or after the first day of September a collection fee of three per cent will be charged.

R. P. BYRNE, City Treasurer. (7-16-4f-c)

Don't forget, Tuesday, Aug. 16th, is walking cake day at Majestic exhibit at Kelly Hardware Co. (8-13-3d)

### FRENCH CHURCH FAIR.

Ladies of Parish to Give Bazaar at Fraternity Hall, Opening Tonight.

The fair to be given for the benefit of the ladies of the parish have been prepared for the past few years, will open this evening in Fraternity Hall. It is confidently expected that the fair will be by far the biggest and best ever given by the ladies of the French church. Numerous useful and fancy articles will be on sale at reasonable prices and there will also be booths where candy and other toothsome homemade delicacies will be sold. The fair will continue each afternoon and evening until Aug. 27.

Each evening there will be a regular program and refreshments will be served. Five suppers will be served during the fair, two of which will be given this week, Thursday and Saturday nights from 5 to 8 o'clock. There will be a diamond ring contest between Misses Jennie Turcotte and Elva Rivers; a contest for a suit of clothes between Orpha LaBonte, Clement Duquette, George Beaudry and Orvil Morris, and a doll contest between Blanche Theriault and Elva Lewis.

Those who have the fair in charge are: President, Mrs. Alex. Rose; vice president, Mrs. N. Cadaret; secretary, Miss Jennie Turcotte; treasurer, Miss May Oulotte. Ten cents admission to the hall will be charged.

### ASK BIG DAMAGES.

Chocolate Furnace Explosion Last January to Be Aired in Court.

As the result of the gas explosion at the Chocolate furnace on Jan. 5, last, in which three men were killed outright and a fourth was fatally injured, two suits for damages have been started in circuit court against the Lake Superior Iron & Chemical company, the owners of the plant. The suits are brought by Mary G. Deasy, administratrix of the estate of John R. Deasy, deceased, and Wm. J. McCormick, administrator of the estate of Chas. Dolezel, deceased. O'Brien & LeGendre are the attorneys for the plaintiffs in both suits and in each instance damages to the amount of \$30,000 are prayed for.

It will be remembered that the explosion occurred on the day the furnace went into blast and is supposed to have been caused by one of the four men who were killed carrying a lighted torch into a small room near the top of the stack, which was filled with gas. Three of the men were killed instantly and the fourth, Deasy, lingered for eighteen days in an unconscious state, when he, too, passed away. No one was near the four men when the explosion occurred, and just what they were doing in the room or the exact cause of the accident will never positively be known.

The depositions set up by the defendant company was negligent in not warning the men of the danger of gas in and about the stack and in not preventing them from going to the top of it, presumably for the purpose of fixing a valve which was not working as it should. According to the furnace officials' story of the accident at the time it occurred, the men went up to fix the valve against the advice of the foreman in charge and could have gone up and down the stairs outside the stack just as easily as by going through the small room in which the explosion occurred.

### Guild Hall Notes

The Guild Hall baseball team will cross bats this afternoon with a nine composed of Captain Cleary's life savers. The game will take place on Longyear field at 5 o'clock. Several new men will be tried out. As the work on the regular diamond is not yet completed, the game today will be played on the diamond laid out Saturday.

The E club baseball team will play the Invincibles on Longyear field this afternoon at 2:30 o'clock. The absence of Ford, Sloan and Friel from the E team will be a serious handicap, nevertheless the nine expects to win.

At a meeting of the Girls' Juvenile Athletic association yesterday afternoon, it was decided to enter upon an active campaign for membership. The present paid-up membership of the club is six, and these sixteen have agreed to undertake to increase the club roster to fifty before Nov. 1. All girls between the ages of eight and twelve are eligible as members. To add to the interest of the contest, the eight present members have succeeded in obtaining the largest number of new members will be given a social party by the club eight.

The Young Ladies' club will have exclusive use of the Guild Hall tonight after 7:30 o'clock. The regular class in gymnasium work will commence that week at 8 o'clock. There will be instruction in swimming at 8:45. The steadily increasing use made of the entire building by this club Tuesday evenings warrants making the plan permanent. Unless some good reason arises for making other arrangements, the present system will continue throughout the year.

As a partial celebration of its expected victory over the "Has Beens" tomorrow afternoon, the Guild Hall baseball team is planning an "open night" at Guild Hall Wednesday evening. The members of the various nines which the team has played will be invited. There will be bowling matches, pool and billiard tournaments, indoor baseball for the "Has Beens," running contests and a general good time, with a few short talks by men interested in athletics and something to eat. The committee in charge desires especially that the members of B class will make an effort to be present; it also extends a cordial invitation to every member of the nines with which the Guild Hall team has played. This invitation includes the members of the two teams the nine is to play this week—the life savers and the West Ends.

Don't forget, Tuesday, Aug. 16th, is walking cake day at Majestic exhibit at Kelly Hardware Co. (8-13-3d)

UNITED STATES MARSHAL'S SALE. Western District of Michigan. Work of an order of sale issued out of the United States District Court for the Western District of Michigan, on the 9th day of July, 1910, notice is hereby given that I will sell by public auction, to-wit: Thursday, the 15th day of August, 1910, at 2 o'clock p. m., at Detroit, Mich., in front of Watson & Bennett's store, the tug "Vetor," her engines, boilers, machinery, boats, tackle, apparel, appurtenances and furniture, as she now lies at her dock.

FRANK W. WAIT, United States Marshal. By E. D. MOSELEY, Deputy. (8-5-8-11-15-18)

## CANDIDATE KERR TALKS HERE TONIGHT

From Now On There Will Be Much Political Activity in Marquette County.

While there have been rumbles of the congressional campaign in the neighboring counties, and while the candidates have held dozens of meetings and have delivered speeches too numerous to mention, Marquette county has as yet observed little of the contest, or, for that matter, little else of the pending campaigns. Senator Burrows' quiet visit of last week was the sole political event of the summer, and it attracted but little attention here, as the senator held no public meeting.

From now on, however, there will be increased activity. This week Angus W. Kerr, of Calumet, Representative Young's opponent, will give Marquette county some of his time. He will open his Marquette county campaign in a formal way this evening, with an address that will be delivered from the grandstand opposite the Hotel Marquette, if the weather is favorable for an open air meeting. Otherwise he will speak at the city hall. The Marquette band will be out for the meeting and will play several selections at the park.

Mr. Kerr is expected in the city today, and will make his copper country lieutenants say, a lively campaign among the voters, reaching as many of them as he can in the time at his disposal. He will visit Negaunee and Ishpeming and the towns in the western end of the county in the course of his canvass.

There will be two political meetings here next week. Representative Young's campaign will be in full swing, and campaign in furtherance of his candidacy for the senate in Menominee county Thursday. He will address an evening meeting at Menominee, one at Escanaba Friday and one at the Soo Saturday. He will be in Marquette Monday evening, coming here from Munising. Between the Soo and Marquette he will meet people at all the stations, and talk wherever opportunity offers. Wednesday evening there will be an Osborn rally here. It will probably also be held in the open air, in Lakeside Park. If the weather is unfavorable it will be held in the city hall.

## WIRELESS OR OTHER SERVICE IS NEEDED

Light Houses Should Have Means of Quick Communication With Outer World.

It would seem as though the Lake Carriers' association might with advantage turn its attention to improving the means of communication to the more remote districts traversed by vessels, says the Marine Review. The case of the Zenith City is an illustration of the necessity for more adequate service. This steamer stranded on the rocks off Point An Sable about 4 o'clock July 27. A boat was immediately sent to the log signal station about a mile away only to discover there were no means of communication with the life saving station at Grand Marais, ten miles away. The trip to Grand Marais was slow and tedious. Upon arriving there it was discovered that there were no telegraph communications whatever and that the only telephone to Seney, forty miles away, at which point the nearest telegraph office was located, was owned by the Manistique railroad. The Manistique railway runs one or two trains a day and shuts up shop at the afternoon, about 5 o'clock in the afternoon. After that hour there is no possible way of getting information out of Grand Marais until 8 or 9 o'clock the next morning.

The result was that the Zenith City was on the rocks about seventeen hours before the home office received any word concerning her predicament. It is not necessary to emphasize the extreme danger of the situation. Fortunately there was no wind and the steamer suffered no damage from the sea, but had a northwest gale been prevailing she would have foundered to pieces before any help could reach her.

It would seem as though some sort of inter-communication should obtain between lighthouses, life saving stations and the outer world. The cost of installing such service would not be costly and it certainly would be an invaluable aid to navigation.

Notice is hereby given that the annual stockholders' meeting of The Duluth, South Shore & Atlantic Railway Company, for the election of directors and the transaction of any other lawful business, will be held at the office of the company in the Nester block, Marquette, Michigan, on September 15, 1910, at ten o'clock a. m.
