DELTA COUNTY SEEMS STRONG FOR TOWNSEND

He Addressed 1,500 Enthusiastic People at Escanaba Last Evening and Good-Sized Crowds at Rapid River and Gladstone Earlier—Prominent Men With Him.

Escanaba, Mich., Aug. 19.—Townsend will carry Delta county by a goodly majority. Such was the confident prediction of John P. Norton, editor of the Escanaba Daily Press, this evening, following a day of whirlwind campaigning by Representative Townsend for the senatorial nomination.

That He Will Carry the County Is the Confident Prediction—Progressive Candidate for the Senate Surprised at the Warmth of His U. P. Reception.

On no previous occasion have the voters of Delta county been so completely taken by storm as they were by the brilliant and aggressive Jackson man today. His three meetings, that at Rapid River, Gladstone and Escanaba, were characterized by enthusiastic approval of the progressive sentiments of the candidate and by an attendance that, as was the case at Menominee the previous day, surprised even the most sanguine of his friends.

The Escanaba meeting was held from the steps of the city hall. Fifteen hundred people are a conservative estimate of the crowd that gave Representative McLaughlin a representative Townsend a hearing, the close attention of which was punctuated by rounds of applause as the points were driven home.

ment yards do not bid against each other in this matter, as was indicated in the story coming from New York. The vessel must be built at a government yard, according to the law passed by Congress, and unless congress should change the law she would have to be built at a government yard if she cost twice \$12,000,000. The navy department specified the New York yard for the building of the ship because that yard is the best equipped for the purpose.

 D. J. Caven, of Menominee, was in the city last evening.  
 John F. Carey has returned from the West to visit relatives here.  
 A meeting of the Modern Woodmen of America will be held in Fraternity Hall this evening.  
 Mrs. F. J. Burtcher and two children of Fostoria, Ohio, are visiting her parents, Mr. and Mrs. A. F. Agnew.  
 Miss Bridget Kilgallen left this morning for Port Huron, as a delegate to the convention of the L. A. A. O. H.  
 Roy Wise, of Traverse City, has taken a position as pharmacist at the Stafford Drug store. Mrs. Wise is also in the city.  
 Dan Sullivan and wife and W. E. Noyes and wife returned yesterday from a fishing and camping trip near the mouth of the Yellow Dog river.  
 The board of managers of the Guild Hall association has decided that baseball games on Sunday shall not be permitted on Longyear field.  
 John Tahminen, of Ishpeming, died at St. Mary's hospital Thursday night of blood poisoning. Tahminen was injured in the Cliff Shaft mine four weeks ago.  
 Carl Meeske Jr., returned yesterday from Bass Lake, where he spent several days fishing with Frank Norton, of Saranac, Pa., and Joe Lalochelle, of Princeton.  
 A dancing party will be given at the Presque Isle pavilion Thursday, Aug. 25, by Marquette Council, No. 689, Knights of Columbus. Dancing from 9 to 12, with music by Trombly's orchestra. There will be special street car service. The party is given for members only and their lady friends.  
 The electric light plant will be shut down from 7 a. m. to 6 p. m. Sunday in order to repair the damage done by lightning a week ago. Three poles supporting the high tension wires must be replaced.  
 The streets were alive with Jack Tars yesterday, and by some it was thought that a United States battleship must have touched at Marquette. However, the blue jackets were Escamaba boys, members of the state naval brigade, who have just returned from their cruise on the Yantic, leaving the vessel here to go to their homes last evening.  
 Sunday School Picnic—The Presbyterian Sunday-school picnic will be held at Presque Isle this afternoon. An egg hunt and a series of contests for both girls and boys have been arranged, with suitable prizes to the winners. The street cars to be provided will leave the church at 1:30 o'clock.  
 New Sidewalk Needed—A walk around the foot of the hill on Lake street to the water works pumping station should convince anyone that a new sidewalk is badly needed there. Part of the way there is no walk at all and what board walk there is narrow and in dangerously dilapidated condition. In some places weeds on each side nearly close up the cut down town for those living near Lighthouse point and would be popular for strollers, if there was a walk that was a safe to travel over.  
 Affiliated With D. E. Rice—D. E. Rice, who has a chain of theatres through the upper peninsula and who is just opening a fine new house in Ishpeming, spent yesterday afternoon in the city in consultation with Manager Dorsey, of the Bijou theatre. An affiliation was effected by the two, and the local playhouse will from now on be associated with the chain of Rice's houses, assuring local people the very latest and best of motion pictures. Manager Dorsey is also affiliated with the Griffin circuit of vaudeville houses and all acts playing Griffin time will come here. The Bijou is therefore peculiarly situated and the best things will be presented at all times. The Bijou is becoming the little house of big acts.  
 Motored From Munising—Marcus A. Doty, of Munising, with a party of five drove to Marquette in an automobile yesterday in three hours and fifteen minutes. Mr. Doty reports that he found excellent going all the way and that the roads, in fact, are better than usually found in lower Michigan. The new dirt and macadam road from Munising to the Marquette county line has been opened through and is in very fair condition. The new road east of Harvey is now in very good shape, and from now on the Marquette-Munising run is likely to be very popular with motorists. Mr. Doty expects to return to Munising today.  
 Golf Club Branching Out—A meeting of Golf club members has been called for Monday evening August 29, to act upon a proposal to change the name of the organization to the town and country club, since the activities of the club are not confined to golf. The old Marquette Gun club has been practically absorbed by the golf club. Traps have been set for clay pigeon shooting, and rifle ranges are being laid out, both for long range shooting and for practice with 22 calibre rifles, designed to afford sport for both ladies and gentlemen. A croquet ground is also being arranged for and a special green for use in putting contests, where the game of clock golf may be played, will be placed where contests may be viewed from the clubhouse veranda. A handsome cup has been purchased by subscription to become a club trophy, and in competitions for it the members will be eligible on a handicap basis so that, as nearly as possible, the chances for winning the trophy will be equal. In order to arrive at a fair basis for handicaps it is probable that a preliminary contest of thirty-six or more holes will be started early next week. A new low record for the links has been made by C. B. Dunster who negotiated the course in forty-one strokes.  
 INSURE WITH PETER WHITE & CO.  
 People who are still anticipating the purchase of a Majestic Malleable Range will kindly bear in mind that the exhibit at Kelly Hardware Co. closes at 9 o'clock tonight and after this date the factory will furnish no free ware with the ranges. (8-20-10)

**THEATRICAL**  
**"The Blue Mouse."**  
 A play that gives one nothing to think of but all to laugh at is what "The Blue Mouse" is said to be. Clyde Fitch's clever farce has received the honors for being one of the biggest hits the New York theatrical season has seen in years. It will be presented at the opera house next Friday under the management of Messrs. Shubert. The foundation for the play has been obtained from the German. In the land of the Kaiser "The Blue Mouse" has the splendid record of running over two years. It was successfully presented in France and was amusing in Denmark, Sweden and Austria. The Clyde Fitch version is local in every respect. There are three novel scenes and a cast of twenty-five persons is required to interpret the story, among whom are Grace Merritt, who will be seen as "The Blue Mouse," a Salome dancer, Wilton Taylor, Inda Palmer, Guy D'Emery, John Gordon Mendelssohn, Mary McGregor, Margaret Siegel, Doris Kraker, Manual Alexander, and others.  
**"Rosalind at Red Gate."**  
 "Rosalind at Red Gate," which comes to the opera house next week, is a dramatization of Meredith Nicholson's latest novel of the same title, and is described as a "near neighbor" to "The House of a Thousand Candles," with the scene laid in the same delightful spot, and with the adventures of Larry Donovan in the role of the hero. Mr. Nicholson's oft-quoted statement that writers might well take a modern setting for their romances of love and adventure, is well exemplified in this story of Indiana country life. The adventures of Larry, Helen and Rosalind do not seem in the least improbable. Larry has been left in charge of the Glenarua place, upon John Glenarua's departure for Europe. To him comes a telegram from a friend, a priest, placing under his protection dear old Aunt Pat Holbrook and her niece Helen, who are coming to St. Agatha's school which is closed for the summer in order to escape the machinations of Helen's villainous father, for whom Aunt Pat is holding a million in trust, conditioned upon the behavior of Henry Holbrook and his brother Arthur. The latter has mysteriously disappeared with a stigma on his name, but Aunt Pat believes partly in his innocence, will not consent to give the money to Henry until Arthur is found. The discovery of Arthur, who has a daughter Rosalind, in appearance almost the counterpart of Helen, the confusing identity of the girls by Larry, who seeks to unravel the tangle of the Holbrook millions, the appearance on the scene of a suitor of Helen's who turns out to be one of the best of humorous characters, and the thrilling adventures lead up to a climax that satisfies the most exacting.  
**THE POPE AN EARLY RISER**  
 The pope has become stouter than he was and less inclined to physical exertion, altogether he is more robust and less mental labor less of a burden. Of one thing he is proud, he says, namely, that he is the earliest riser in the whole apostolic palace, as it is his constant practice to get up at dawn, a habit which he himself says dates from his early childhood, when he was obliged to get up with the sun in order to have time to do his lessons and to cover, barefooted, the several miles which separated him from the nearest school.  
 The excellent state of his health makes people wonder whether the life which the head of the Roman Church has imposed upon himself since the fall of the temporal power—that is to say, of remaining always within the Vatican—is not conducive to longevity. In fact, while in the past the average duration of a pontificate was from four to five years, since 1870 we have had the longest reign known among the occupants of the chair of St. Peter. Pius IX. was the first to surpass St. Peter's in length, while Leo XIII. who was elected chiefly because he was supposed to be so feeble that his life would be a short one, remained pope for twenty-five years, and Pius X. has already worn the fisherman's ring for seven years.  
 Of course, there is a prediction that the present pope will not outlive the nine years of pontificate, because he was nine years a parish priest, nine years a bishop and nine years patriarch of Venice. However, whenever he has read in the papers, which he peruses carefully every day, that he is also expected not to be more than nine years pope, he has exclaimed:  
 "This time I am going to disappoint them."

### LOWER STATE NOTES.

**LAPUER.**—Schuyler Kudner better known as "Skiy," 17-year-old son of Editor H. C. Kudner of the Lapuer County Press, is in a rather battered condition as the result of an automobile accident. Young Kudner, was on his way to Lake Népessing, a summer resort a few miles west of this city, and in going down a steep hill at a good clip struck a bed of gravel. The machine jumped down an embankment, throwing young Tinker in some brush, slightly bruising him, and pinning Kudner under the car. Luckily no bones were broken, but the machine is a wreck and Kudner is badly bruised.

**LANSING.**—There is likely to be "something doing" when the state board of tax commissioners held their general reappraisal of the assessments of the village of Midland in September. It will be remembered that some time ago it was charged that the assessed valuation of the Dove Chemical company was this year at double what it was the year before, and it was alleged that the "wets" were instrumental in having the assessment raised all on account of the fact that the proprietor of the plant affiliated with "dry" forces. The findings of the state commission will soon be made public.

**LANSING.**—Land Commissioner Russell states that the recent sale of state lands held at Muskegon, which consisted mainly of city lots, netted the state a total of \$8,459.74 or \$1,492 above the amount at which the state had appraised the properties. This sale, according to Mr. Russell, plainly shows that land values are getting better all the time, and that real estate is being more sought after. The average expense of conducting a land sale is estimated at \$190, and almost every sale held of late has netted the state more money than the state appraisers has appraised the property.

**LANSING.**—Attorney General Kuhn holds that the nomination of candidates running for the legislature in districts comprising a county or less than a county, must be petitioned for by the same as county officers, or not less than two per cent or more than four per cent of the enrolled voters of the party with which he is connected. The ruling was handed down because section 26 of the general primary law said that a candidate must have "a number of enrolled voters" on his petition. Just what number was necessary was not given.

**TRAVERSE CITY.**—Thirteen saloonkeepers were arrested here on a charge of selling liquor to Indians. M. J. Sero, a half-breed Indian, and a special government agent whose home is in Denver, made the complaint. The government will prosecute the cases. The same day 12 of the accused waived examination to the circuit court and were held for trial under bonds. The other one, Patrick Burden, pleaded not guilty, and demanded an examination. He had been arrested once before on a like charge, and conviction this time meant forfeiture of his license. Sero came here on the complaint of Charles H. Dickson, the government agent, who recently paid the Ottawas their share of a large government grant. While he was in town many Indians went on a wild rampage. Two became intoxicated and laid down on the railroad track and went to sleep. A yard engine cut them in two. Another Indian was killed in a drunken brawl. Dickson closed the office and moved it to Petoskey. Sero was then sent for and with a member of the Ottawa tribe, visited the 14 saloons whose proprietors are now accused. He said in the complaint before the police that he secured intoxicants in each place. Sero has been in town since Aug. 9.

**OWOSSO.**—Hugh and Paul, the two sons of Mr. and Mrs. Claud Tate, were playing on Comstock avenue, when the elder started to cross the street, and was followed by his little brother. Workmen had cleaned the sewer and had left a man-hole partly uncovered, the lid being propped up. Paul, aged two, struck his foot, falling headlong into the sewer and in falling knocked the prop from under the lid so that it fell back into position. Hugh, scarce realizing what had happened, ran to his mother, who was ill in bed and laughingly told of his brother's misfortune. The mother rushed screaming to the rescue, but it was too late. Paul had reached the scene of the accident. John Adams, a neighbor, succeeded in rescuing the child.

**BATTLE CREEK.**—Sworn on the witness stand for the first time, James B. Olney, salesman for a road roller company, testified that Alderman Ralph Erskine informed him that he would have to pay \$150 if the council committee, of which Erskine was chairman, ever bought Olney's road roller; that the witness paid Erskine \$50 down, and that later, Erskine, seeing trouble, gave the money back, or rather had his wife return the bills to Olney. Simultaneously testimony was taken in the house, Aldermen S. A. Howe and Robert Rae admitted details of the "teaparty" enjoyed by the aldermen at the agent's expense.

**LANSING.**—Prof. M. E. Cooley has filed with the state railroad commission his appraisal of the properties of the water power companies which have applications before the commission for large bond issues. He states that the present physical value of the Grand Rapids-Muskegon Power company plant is \$3,796,780, and that it can be reproduced for \$3,913,482. The Pontiac Power company plant is valued at \$223,889 and can be reproduced for \$223,110; Saginaw Power company plant, \$732,276, and can be reproduced for \$880,005; Bay City Power company, \$523,587, and its reproduction cost is fixed at \$587,153. The Grand Rapids company has outstanding bonds to the amount of \$2,215,000 and owns \$600,000 more. The Pontiac company owns \$113,000, the Saginaw company for \$410,000, and the Bay City company for \$500,000. W. A. Foote of Jackson in a statement of the net earnings of these concerns for 1909 gives the following figures: Grand Rapids-Muskegon, \$240,693.50; Saginaw, \$113,117.42; Bay City, \$43,809.68; Pontiac, \$10,905.

Operations at the Michigan property have been without much encouragement recently. Some time ago it was hoped that through opening up the adit level on the old Bee property, regular shipments might start, but thus far these hopes have been in vain.

### Markets

#### BOSTON COPPERS.

Boston, Aug. 19.—In view of the political agitation which filled the papers this morning, the action of the market today was perfectly satisfactory. No real liquidation appeared and even the bears did not feel like hammering the market. In the local list there were no changes worthy of mention except the strength in Indians. Two diamond drills are expected to reach the lode within a week and inasmuch as these will locate almost the same spot which was reached in drill No. 28, they are expected to produce rich cores. If the result of these two drills is satisfactory a vertical shaft will be started immediately. Closing prices were:

#### Wall Street Stocks.

New York, Aug. 19.—There was a noticeable absence of news of a nature tending to account for the action of the stock market today. Some liquidation by those who were disappointed on account of the lack of outside response was said to be in progress, and there was also some selling in Steel on the theory that the reported reduction in the pig iron output would necessitate the blowing out of additional furnaces. Politics have become quite a factor and the street seemed divided in opinion as to what the effect of agitation in that respect would be with regard to the securities market. The final prices follow:

MR TOWNSEND'S STRENGTH.

The reports of the progress of Congressman Townsend's campaign for the senatorial nomination are filled with every element of encouragement for his friends. Not only is the man personally making a splendid impression on the people, but they are becoming more attached to his political ideals the more that hear him and study his record, and he also wins out when identical communities come to the task of comparing him with his opponent and what his opponent represents. That is to say, Mr. Townsend is making a decidedly successful campaign.

Perhaps one of the best proofs of this is the line of misrepresentation which his opponents feel compelled to use against him. The very exaggeration of their statements is the best disproof that can be offered against them. And what do they mean by Townsend's "inconsistency?" They refer to the thirty-six-hour fight in congress in which they say he zig-zagged from one side to the other. It cannot be expected that every man has time to read the congressional record and chart for himself the line of scores of ballots, but certainly this is what anyone ought to do before he brings a charge of inconsistency against a man—for it is always possible to have the facts against one. That fight reveals a zig-zag course, all right, but it was the zig-zagging of Charles E. Townsend, but the ebb and flow, the attack and repulse, the sweep to this side and then to that of men under the impulse of tumultuous passions—this minute striking for rule revision, next minute striking personally at Speaker Cannon, anon fighting for the influence of the insurgency, and again battling forces with the Democrats to beat the regulars. In the midst of all this, Congressman Townsend sat with one ideal in mind—the revision of the house rules. For this he voted "aye" when it was a question of one enemy seeking to slap another. During the rumpus Congressman Townsend arose and made one of the most eloquent statements of the main objects of the fight that has yet been made, and he warned his colleagues that there was only one way to get the definite, substantial reform and that that way was not the way of personal abuse and party passion. When the house kept the main track Mr. Townsend voted "aye," when it left the main track he voted "no." The fact is that Mr. Townsend was one of the most consistent men in the house, save those who voted consistently against any reform whatsoever.

Mr. Townsend is one of the ablest of the younger men in congress. His grasp of national problems of the deeper sort led Theodore Roosevelt to give him charge of the Roosevelt railroad policy in the house, and President Taft has likewise relied on his knowledge and his capacity for work in digging out the facts. He has had four terms in congress and his election to the senate will be in the nature of a deserved promotion. Michigan cannot afford to lose a man as strong as the congressman from the Second district. She needs him to help give her the senatorial prestige she deserves. Count up the number of times Mr. Burrows has voted for Aldrichism and the number of times Townsend has voted against Aldrichism, and then decide which man you want to be your representative.—Detroit News.

It is claimed that the Nevada Consolidated during the month of July made its copper at the lowest cost of any property now operating in the country—about 5 1/2 cents as compared with 5 1/2 cents in the month of June.

## Facts Concerning Mr. Townsend's Congressional Career

Had Charge of Railroad Rate Bill during Roosevelt administration.

Recognized Friend and Adviser of President Roosevelt.

Author of Bills, among others—

- To regulate rates charged by railroad companies.
- To promote safety of railroad employees.
- For investigation of strikes and lockouts.
- To increase pensions for loss of limbs.
- To provide for relief of volunteer enlisted men.
- To relieve State from payment to federal government of \$50,000 in St. Mary's Canal fund.
- To amend Interstate Commerce Law by creating commerce court, preventing stock watering and increasing power of the Interstate Commerce Commission.

Introduced and championed amendment to rules providing for Calendar Wednesday, so that bills can be considered without speaker's consent.

Voted against consideration out of order of "regular" and "insurgent" resolutions in fight against Cannon in order to save Calendar Wednesday. Voted to depose Speaker from Committee on Rules and to retain him as a presiding officer shorn of his arbitrary power.

Votes according to merits of questions and not according to demands of either "insurgents" or "regulars".

### LABOR DAY PICNIC.

Miners' Union Will Hold Its Annual Outing at Cleveland Park.

The Ishpeming Mine Workers' union will hold its fifteenth annual picnic on Labor Day, Sept. 5, at Cleveland Park. A program of sports is being arranged for the afternoon and there will be dancing both afternoon and evening. The music will be furnished by the Finnish band. In the event of unfavorable weather the band will give a concert in the Union hall at 3 p. m., and there will be a dance there in the evening, starting at 8 o'clock. The admission for the concert will be twenty-five cents and the charge for the dance will be fifty cents. The proceeds of the picnic will be donated to the miners of the Black Hills district, who have been idle for several months because of the lockout at the Homestake mine.

There will be speeches in the city square by former Mayor W. J. Roberts, Frank Altonen and Tom Corra. Mr. Altonen will speak in Finnish and Mr. Corra in Italian.

Demonstrations of the Free sewing machine at William Leininger's store, Monday and Tuesday, Aug. 22 and 23. Souvenirs to the ladies. All are invited to call. (8-19-34)

### HIKE TO MICHIGAMME.

Boys of Y. M. C. A. Walked to Camp Wisagaming Yesterday.

A party of the junior members of the Young Men's Christian association started yesterday morning at 7 o'clock on a hike to Michigamme. They were accompanied by W. H. Norman, the new physical director, who will remain in camp with them. Upon their arrival at Michigamme they were met by the camp launch and boats and were towed across Lake Michigamme to Camp Wisagaming. A party of younger boys went up to Michigamme on the Chicago & Northwestern train, leaving here at 10:15.

A cook has been engaged to prepare food for the campers and there will be boating, fishing, hikes through the woods and ball games with the Michigamme boys' team. The boys will be given instructions in first aid to the injured and life saving. Social evenings will be held around the camp fire.

A special Y. M. C. A. service will be held at the Methodist church in Michigamme tomorrow morning. Visitors will be welcomed at the camp at all times.

Souvenirs to all lady callers at William Leininger's store next Monday and Tuesday, Aug. 22 and 23, during the demonstration of the Free sewing machine. (8-19-34)

### BASEBALL TODAY.

The Ishpeming and Negaunee baseball teams will meet today and tomorrow for their last games in the league series. Manager Stocking has been endeavoring all week to secure new players to fill the vacancies in the team, and it is expected that two or three new men will be in the lineup this afternoon. A pitcher is expected from Chicago. If he does not come Reinhart will probably be in the box today and Dixon tomorrow. In tomorrow's game the Ishpeming players will face their former team mate, "Rube" Goulette. Next Tuesday the Union Giants, a colored baseball team of Chicago, which is making a tour of the country, will meet the Ishpeming nine.

### ARE DAMAGING CAMPS.

Ishpeming men who own camps north and south of the city report that their places are continually being damaged. One man, who has a camp north of here, yesterday said that the locks, doors and windows on his place have been broken repeatedly and everything in the hut has been carried away. He said he had nearly \$200 worth of stuff in the place. He declares that there is no use attempting to lock up anything, as the doors and windows will be broken no matter how securely they are fastened.

For mixing concrete a spade has been invented with long oval holes in the blades, the perforations allowing the finer cement to flow through and give the face a finer finish.

### PLUMBERS HAVING A BUSY SEASON

Negaunee Concern Has Important Contracts Both Here and in Ishpeming.

P. Barasa & Co., the Case street plumbers, have obtained several important contracts during the past week or so. Mr. Barasa has been in Chicago this week, purchasing goods and engaging two plumbers to steam fit the concern is already working several men and expects to have the busiest fall season since the business was established.

Among the more important contracts recently secured is the plumbing at the Labor Temple, being erected on Tobin street. The building operations are progressing satisfactorily and the plumbing work has been started. The concern will also install a hot water heating plant and plumbing in the new residence of Peter Trudell, Jr., now building on Teal Lake avenue. The firm recently completed hot water plants in the homes of Captain Richard Roberts, Charles Steele and a dwelling owned by Mrs. L. Corbit near her residence, on Lincoln street.

The concern is doing considerable work in Ishpeming. Contracts have been taken for the plumbing in three dwellings, also a hot water heating plant and plumbing in the home of Miss N. Dwyer, on Euclid street. Barasa & Co. are also doing the work in Victor Honkavara's new dwelling and two bath is being installed in Mrs. J. Voelker's houses on North Elm street.

The present season has been one of the best that the plumbers of Negaunee and Ishpeming have had in years. In most of the new dwellings, also in the homes that are being remodelled, hot water plants are being installed. A few years ago there were from four to five steam plants to one hot water plant in this city, but now there are more than twice as many water as steam plants. The water plants are the most satisfactory. They are easier to take care of and less expensive to operate than steam plants.

#### FAIR A SUCCESS.

Bazaar Conducted by Ladies of Catholic Church Will Close This Evening.

The members of the Young Ladies' Guild of St. Paul's church who are managing the bazaar being conducted this week at McDonald's Opera House feel certain that they will raise a sufficient sum to pay off the debt on the school property. The fair has been the biggest kind of a success, socially and financially.

A unique feature of Thursday night's entertainment was the selling of green tags. The purchaser gave whatever he pleased for a tag. The orchestra played Irish melodies and all of the singers sang Irish songs. Those who sang were Henry Navins and Edward Hickey of Ishpeming and the Misses Emma Langhin, Florence King and Jim McAvilite of this city.

Miss Reidy is still in the lead in the ring contest. Thursday evening she had 800, Miss Arnett 450 and Miss Annino 475. Mrs. O. Jandren won the door prize.

This afternoon will be children's day from 2:30 until 5 o'clock, and the French ladies will serve coffee and cake. The City band will furnish music this evening.

#### HIBERNIAN CONVENTION.

The Marquette county members of the Ancient Order of Hibernians who will attend the annual state convention in Port Huron next week will leave on the early train Monday morning. Michael Byrns, one of the delegates from the Negaunee division, will leave today, going to Detroit, where he will spend a few days before leaving for Port Huron. C. B. Driscoll and Daniel Shea will be the other Negaunee men attending. They will be accompanied by James Clancy, vice president of the state organization, P. G. Gleason, Joseph Kenney, Patrick Cronin and Dennis Harrington, representatives of the Ishpeming division.

#### POST-SEASON GAMES.

Negaunee and Escanaba Teams Will Play Series Next Month.

During the week of Sept. 12, after the close of the Marquette-Iron County Baseball league, the Negaunee and Escanaba teams will play a post-season series of five games, commencing Wednesday, the 14th, and ending on Sunday, the 18th. The negotiations have been pending for several days. The details will be arranged next Thursday, when either Manager Thoren or Captain Ed Steimle will go to Escanaba.

It is likely that the first three games will be played in Escanaba and the last two, on Saturday and Sunday, at Union Park. The Escanaba management wants a series of six games. The team will disband for the season after the Sunday game, as Steimle and Rains have to leave for their schools on the 19th.

The series with the Escanaba team will draw large crowds both here and at the Sault City, as the games will practically decide the championship of the upper peninsula.

Negaunee fans are showing much interest in the games to be played today and tomorrow with the Ishpeming team. It is expected that there will be an unusually large attendance tomorrow, as Goulette will pitch for the Negaunee nine. Either Siebenthal or Rosevear will pitch today's game.

#### MARRIED AT ANN ARBOR.

Miss Ethel V. Reed, who was a member of the Negaunee High school faculty until the close of last term, was married Tuesday last at Ann Arbor to Dr. Harry McNeil of Ravenswood, La. Cards announcing the marriage have been received by a number of the bride's friends in Negaunee. Dr. and Mrs. McNeil will be at home to their friends in Ravenswood after Oct. 1.

## Ishpeming

#### PRETTY PLAY TONIGHT.

Middleton's Drama Will Be on View at the Ishpeming Theatre.

"Rosalind at Red Gate," by the author of "The House of a Thousand Candles," will be the offering at the Ishpeming theatre this evening. The play is a dramatization of Meredith Nicholson's novel of the same title. The play is full of action and is in humor and brilliant dialogue. The plot concerns a gentle old lady who endeavors to keep her two seaplace brothers from gaining possession of an even million of money which her father left in her care.

The two men have each a lovely daughter, who are as alike as two peas, and it is this wonderful likeness between them upon which the author builds his complications.

"Rosalind at Red Gate," according to audience press notices, is a splendid production, and is even exceeding "The House of a Thousand Candles." Mr. Nicholson's first success, in popularity.

#### DEATH OF FORMER RESIDENT.

Robert McCutcheon, a former well-known resident of Ishpeming, and a brother of James McCutcheon, for many years in charge of the surface work at the Oliver Iron Mining company's properties here, died Thursday at his home in Hancock on tuberculosis. The deceased resided in Ishpeming for ten or a dozen years before locating in the copper country. He was a bricklayer and stone cutter by trade and he worked under his brother at the Oliver mines. He was forty-eight years of age. His sister, Mrs. David Gordon, lives here, though his brother, James McCutcheon, is now in Duluth. The deceased also has three other sisters and another brother, the latter being at Hibbing. One of the sisters lives in Chicago, one in British Columbia and one in Scotland. The deceased is survived by his widow and two children. Their baby died two weeks ago. The funeral will be held this afternoon at Hancock, under direction of the Independent Order of Foresters, in which the deceased held membership.

#### MANUFACTURING BOXES.

A crew of men and boys started work yesterday morning manufacturing blueberry boxes and crates for J. Ewald, the building expert of the Nelson Morris Beef company's headquarters, on East Ridge street. Mr. Ewald had several thousand crates in storage since last winter, but all of these have been shipped to the berry districts since the season opened. Some twenty or more boys will be employed for four or five weeks. Mr. Ewald may be here within a week or so.

#### SALVATION ARMY SERVICES.

A specially interesting program has been arranged for Sunday at the Salvation Army. Karl Klaws, a Salvationist commercial traveller, will be present and take part in all the services. For the 3:30 p. m. service the Salisbury choir will be present and give a special musical program. At the evening meeting Adjutant Chas. J. Staiger will speak on the subject "From Bad to War." The adjutant's addresses for the last two or three Sunday evenings have created much interest and comment. On Monday evening there will be a musical program and ice cream social.

# FAST BECOMING FISHLESS LAKE

### Local Fishermen Getting Ridiculously Small Catches, and They Claim That Superior, Home of the Finest Whitefish in the World, Is Becoming Depleted.

### Only Remedy for Condition Believed to Be Wholesale Restocking by the State and Government Hatcheries, a Method Successfully Followed Elsewhere

What has become of the trout and whitefish in Lake Superior? This is a question that Marquette fishermen, in common with others on the south shore of the lake, are now asking. Catches have never been so light as during the last month and the local fishermen have not been able to supply the local trade on Thursday and Fridays, to say nothing of shipping any to other cities. The result of an all day trip with one of the fish tugs is often not more than 300 pounds of fish, which is not enough to pay the operating expenses and the labor required on the boat. A half ton is considered an average catch on a single trip.

Did this complaint come from but one or two fishermen, it might be attributed to a run of bad luck, but every fisherman on Lake Superior is complaining of small catches. The fishermen expect things to be dull in August, but this year the situation is worse than ever before. The Fishing Gazette, under recent date, says: "Whitefish and lake trout are so scarce in Lake Superior that many fishermen predict that the time is not far distant when the business will be dropped as unprofitable. Even herring, usually common, are becoming scarce."

What is the matter? Have the fish forsaken their familiar haunts or are there no longer any to speak of in the lake? The latter is the explanation most frequently offered. That Lake Superior, known as the abode of the finest whitefish in the world, is fast becoming a fishless sea is a startling statement, but that is just what the local fishermen are claiming. The fishermen have been doing less and less business each year for some time, but this season is much the worst ever. The tugs have been going farther and farther out each succeeding season, and now the nets are set as much as a five hours' run out of Marquette, and even in those unfrequented waters there are very few fish.

**Few Tugs in Commission.**

The scarcity of fish in Lake Superior is even more remarkable when it is considered that there are not more than a half dozen fish tugs on the south shore, while, in contrast, no less than 120 tugs started out to fish on the south shore of Lake Erie this season. Of course, there are many gasoline fishing boats in addition to these, but their numerical proportion on the two lakes is probably about the same as in the case of the steam tugs. There are less steam tugs on Lake Superior now than in the past. No tugs are now operated out of Ontonagon, while at one time there were two. The same is true of other towns on the lake shore.

In commenting on this condition of affairs, August Anderson stated yesterday that the reason fishing was so much poorer in Lake Superior than in the other Great Lakes was that the government was not replanting fast enough to take the place of those fished out each year. Lake Superior is now declared to be the poorest of the Great Lakes, as far as fishing is concerned, and this is in the face of the fact that it is fished the least. Until the states and government began planting by the millions and billions, however, there was the same scarcity of fish in the lower lakes. By liberal propagation, Lake Erie and Lake Ontario have become restocked until the fishing interests there report that this has been a very good season.

This year the government has planted in the vicinity of Marquette about 7,000,000 fish, which is a somewhat larger number than has been planted in past years. The total number of fry planted this year on the south shore of Lake Superior is probably not far from 25,000,000. At first thought, it would seem that this was a pretty liberal allotment, but as a matter of fact, it is only a drop in the bucket. In comparison, the fish hatchery of the state of Pennsylvania produces an annual output of over 1,000,000,000, a large proportion of which are planted in Lake Erie, in the vicinity of the city of Erie, while the government hatcheries add considerably to this quota. When it is considered that Pennsylvania is not a fishing state, these figures are quite remarkable, and go to show that the local fishermen are not far from right when they say that Lake Superior has been fished out.

**Artificial Propagation Needed.**

Seconding the complaint of Marquette fishermen, one of the Minnesota officials of the Booth company states that whitefish and trout are much more scarce the present season than they were last year. The company is getting daily supplies of these fish, but the supplies will not average up to the supplies last season. The reason given at the Booth company for the growing scarcity of whitefish is the heavy demand for them. The lake is restocked from time to time with various species of fish, but, according to the Booth official, the restocking of the lake is not keeping pace with the number of fish that are annually being taken out. It is claimed that the restocking is not always well done, and that the fry is sometimes dumped overboard from a steamer instead of being planted along the shore.

The weather this summer has been especially favorable for good fishing, which makes the scarcity all the more remarkable. As has already been stated, August is expected to be the poorest month of the year, but this is the lightest August ever experienced in Marquette. Local fishermen are hopeful that the catches will be better next month, but the general feeling here is that there will be no more extra good fishing until some wholesale planting has been done.

## BALL PLAYER ARRESTED.

Charged With Having Stolen Purse Containing \$145 in Money.

C. J. McCarthy, who has been a member of the Marquette baseball team for several weeks but was released Thursday, was arrested by Marshal Manning at the South Shore station yesterday as he was about to board the 1 o'clock train. McCarthy is charged with having stolen a purse, belonging to Miss Grace Thoney, which contained \$145 in money. No money was found on his person and he denies the charge.

The alleged theft occurred last Monday. McCarthy has been rooming at the Thoney home since he came to this city. Miss Thoney left her purse on a stand near the hall door while she went up stairs for a few moments. McCarthy was down stairs at the time and is believed to have been the only person in that part of the house. When Miss Thoney came down the purse and money were gone, though she had not been up stairs more than five minutes.

That the \$145 had been taken was at once reported to the police and the officers have had McCarthy under surveillance all week. When he started to leave the city yesterday, Marshal Manning took him in tow. McCarthy was paid off with \$9 by the baseball management Thursday, and before attempting to leave the city paid his board and other small bills that he owed.

## BEAUTIFUL BOOTHS.

French Church Fair in Fraternity Hall Deserves Good Patronage.

The fair, given by the ladies of the French Catholic church, which is now in progress at Fraternity Hall, represents three years' labor and deserves to be generally patronized. The fair opened the middle of this week, and thus far has been well attended. It was visited by fully 200 people Thursday night. A supper will be given tonight by the Alpena society, the ladies auxiliary to the U. S. C. F.

The hall has been attractively decorated, and as one enters he is transported into the midst of a series of beautiful booths, where numberless useful and fancy articles are offered for sale, including candies and other refreshments. The different societies of the church each has a booth that is peculiarly its own, presided over by attractive young women. The fair will continue all of next week.

## Guild Hall Notes

The Guild Hall team covered itself with glory yesterday afternoon by defeating the Has Beens in a most exciting seven-inning game on their new diamond on Longyear field. The game with the Has Beens was preceded by a game with the West Ends, which the West Ends proceeded to capture. The Guild Hall team started the first game with Quarters in the box but put Crebassa in after the first inning. The West Ends had the better of the game from the start and the result was never in doubt. The Guild Hall team could not hit Gauthier safe, while the West Ends seemed to be able to get at Crebassa when they needed a run. The final score, 5 to 2, shows the relative merit of the two teams as they played yesterday.

Strung by defeat in the first game, the Guild Hall team went at the second with a determination to win. The Has Beens close to go to bat first and went out easily in one, two, three order. Guild Hall did likewise. In the second inning the Has Beens succeeded in getting four men at bat but no one reached second. In their half, Hayes reached first on an error and aided by another error and a bit succeeded in tallying the first run for Guild Hall. Landry added another run to the Guild Hall score in the third and Beaudin another in the fourth. In the fourth, the Has Beens got busy and Miller, Cochran, Richardson and Primeau each hit safe, Miller and Richardson scoring. In the fifth neither side scored. The Has Beens went ahead in the sixth by adding two more runs to their score. The seventh proved the downfall of the Has Beens. B. Fry reached first on an error and scored on Christiansen's two-base hit. With one man down and Landry and Christiansen on third and second, respectively, Landry tried to steal home and was out on a close decision at the plate. While the catcher for the Has Beens was out seeking information from the umpire, Christiansen took advantage of the opening and came home, winning the game for Guild Hall 5 to 4.

The Has Beens are not willing to admit that the best team won and still think that they can beat the Guild Hall team four out of five games. Another game will be arranged shortly between these two teams.

The Guild Hall team will play the Rival Juniors this afternoon at 2:30. The absence of Crebassa, who shut out the Rival Juniors in the game played with them last Saturday, will be a serious loss to the Guild Hall team. Crebassa finishes his work at the business school today and leaves for home this afternoon. In Crebassa, the team loses a first-class pitcher and the heaviest batter on the team—his batting average in the ten games he has played with the team being over .425. In the game Saturday he did his best work at bat with a score of .750 for the game. The pitcher for today's game has not been decided upon.

At a meeting of the E club last evening two baseball teams were organized. Team A includes Messier captain and pitcher; Shoeh, c.; Tucker, 3b or p.; John, 1b; Pendill, 1b; Quarters, ss; Kepler, 2b; Daniels, 1b; Courtney, 1b; VanEvera, rf; Patenaude, 2b; Murray, c.; Farrell, cf; Donahue, p; Harkin, rf. C. O'Donnell is manager. As many as can of these two teams will meet at the field this morning at 9 o'clock for practice.

People who are still anticipating the purchase of a Majestic Malleable Range will kindly bear in mind that the exhibit at Kelly Hardware Co. closes at 9 o'clock tonight and after this date the factory will furnish no free ware with the ranges. (8-20-1d)

The usual Saturday night hops given by the Peerless orchestra in Fraternity Hall will be given this and next week in Legion Hall. This is in account of the French church fair. (8-19-2d)

# TOWNSEND HERE MONDAY NIGHT

Candidate for Senate Will Address Open Air Meeting of Marquette Voters.

Representative Charles E. Townsend of Jackson, the progressive candidate for the United States senate, will visit Marquette Monday night, in the course of his "whirlwind" campaign of the upper peninsula, coming here from the Soo, where he will address an evening meeting tonight. Representative Townsend will be accompanied by Representative McLaughlin, of Muskegon, one of his staunch supporters in his campaign for the senate.

Arrangements for the Townsend meeting have been completed. The candidate will be introduced by W. S. Hill, who was a member of the same law class with him in the University of Michigan. The meeting will be held at the corner of Front and Spring streets, where Mr. Townsend will speak from a carriage placed some distance back from Front street, so that the crowd can assemble without interfering with traffic.

Mr. Townsend will come to Marquette on the evening train from Munising, arriving at the Marquette & Southeastern depot at 7:15 o'clock. He will be escorted to his hotel, thence to the place where the speaking will occur, by the Marquette City band, which will play a number of selections until the hour announced for the meeting, 8 o'clock.

Judging from the enthusiasm with which Mr. Townsend has met since his arrival in the upper peninsula the meeting Monday evening will exceed in size and interest any seen here in recent years. At Menominee and Escanaba he addressed gatherings that not only surprised him by their size and enthusiasm, but went far beyond the expectations of his local supporters.

Reports from all directions in the upper peninsula indicate a distinct trend of sentiment in favor of Mr. Townsend in this region and astute observers are beginning to revise their figures on what the upper peninsula is likely to do in the senatorial primaries. The people are just beginning to wake up to the importance of the contest they have to dispose of, and its true significance.

BASEBALL TODAY.

Crystal Falls to Play Here Saturday and Sunday Afternoons.

It is generally expected that the two games between Marquette and Crystal Falls to be played here this afternoon and tomorrow afternoon will be as interesting as any played here this season, and the way the Crystal Falls team is going now, Marquette will be lucky to get away with both contests. Last week the Crystal Falls nine made it an even break with the Negueuse leaders and came within an ace of making it two straight. At Negueuse it is freely predicted that the visitors will give Marquette a surprise this week. The home players are nothing daunted by this report, and are confident that they will be able to annex both games. Frost will probably be in the box this afternoon. The game today will start at 2:30 and the game tomorrow at 2:30. The management will make a special effort to start the games on time. This is likely to be Crystal Falls' last appearance in Marquette this season.
