

Hundreds Are Missing and May Have Perished

Believed to Be Hemmed in by Flames, It Is Feared a Terrible Fate Has Overaken Many Persons in the Forest Fire Zone of the Far West.

LIST OF THE KNOWN DEAD, HOWEVER, CONTAINS ONLY THIRTY-FOUR NAMES

A Light Rain Falls, But It Works Little Improvement, and With High Winds Prevailing the Conflagrations in Various Districts Are Reported Utterly Beyond Control--Vast Areas Ablaze in the Panhandle of Idaho, and in Montana and Washington.

Spokane, Wash., Aug. 23.—Nearly the whole of the Pan Handle of Idaho, a timbered mountain country, is on fire and it is possible that four hundred persons may have perished. United States Forest Supervisor W. R. Weigle has not heard from three hundred of his men who were in the burning woods, and he fears they have gone to their doom.

A light rain began to fall this afternoon in Wallace and other Coeur d'Alene mining towns which have been scorched or threatened by forest fires, and the weary fire fighters took new hope. Nothing, however, but a long, heavy down-pour will quench the flames that are eating up the big trees of northern Idaho, northwestern Montana and northeastern Washington.

The forest supervisors of Idaho and Montana are unable to get into communication with one hundred of their rangers, but it may be that many of them are unharmed. The most sensational rumors of loss of life continue, and it is impossible to verify them, and it seems likely that aside from the losses among the national rangers the number of the dead in the three states will not exceed one hundred.

Some National Forests Doomed. The mining town of Wardner is almost surrounded by flames and the miners are out fighting the fire. The fires in the great Coeur d'Alene national forest are beyond control and timber worth millions of dollars is burning.

Lives Lost in Idaho. Wallace, Ida., Aug. 23.—Steve R. Marquette, of Independence, Ia., who was a member of Ranger Dells party of this city, several months ago, was killed at Beauchamp's ranch on the Big Fork of the Coeur d'Alene river, ten miles from Wallace, arrived here today and reports that ten of the party are dead and eight are in the hospital camp, four being blind and four suffering from broken bones.

High Winds Prevail. Missoula, Mont., Aug. 23.—Forest Supervisor Fenn today forwarded to the local forestry bureau a report from Kootenai, Idaho, which paints a distressing picture of the conditions in that district. The supervisor asserts that the fires now cover an area of more than fifty miles square, that high winds prevail and there appears to be little chance of bringing the flames under control.

Partial List of the Dead. The following is a partial list of the dead to date in the fire areas of northern Idaho, northwestern Washington and Montana: LOUIS HOLMES, Spokane; THOMAS WELCH, Spokane; WILLIAM M'KEY, Taft, Mont.; RODRICK AMES, rancher, Big Creek, Ida.; JOSEPH BEAUCHAMP, rancher, Big Creek, Ida.; GEORGE ZIEGLER; MRS. ERNEST DENHARDT; GEORGE CAMPBELL; LESLIE SELLERS, of Gem, Ida.; "FRENCHY," a familiar Spokane

The Weather

Washington, Aug. 23.—The following is the weather bureau's forecast for Upper Michigan: Showers and cooler, Wednesday or Wednesday night and probably Thursday; moderate variable winds becoming northwest.

FLINT'S POPULATION SHOWS A REMARKABLE INCREASE.

Washington, Aug. 23.—These populations were announced today by the census bureau: Flint, Mich., 38,650, an increase of 25,447 the past ten years; Battle Creek, Mich., 25,227, an increase of 6,704; Jackson, Mich., 31,433, an increase of 6,253.

Baseball

STANDINGS OF THE TEAMS.

WRIGHT TO PLAY BUNNY IN TENNIS SEMI-FINALS.

Newport, R. I., Aug. 23.—Beals C. Wright, of Boston, and Thomas C. Bundy, of California, will meet in the final match of the thirteenth annual all-comers national lawn tennis tournament here tomorrow to determine who shall have the privilege of playing American Champion Larned for the national title the following day.

7,000 HORSEMEN SEE A RECORD SHATTERED

Colorado E Sets a New Mark for Three-Year-Old Trotters at the Yonkers Meeting.

New York, Aug. 23.—Seven thousand trotting horsemen, owners, breeders, drivers and followers of the sport, cheered wildly today when Colorado E, a bay colt by The Bondsman and Bess McGregor, established a new world's record for three-year-old trotters at the opening of the five days grand circuit harness meeting at the Empire City track, Yonkers.

Chicago, Aug. 23.—Kane's timely batting for Chicago defeated Boston, 3 to 2. Score: R. H. E. Chicago...00200100—3 4 0 Boston...01000010—2 5 3 Batteries: Renbach and Kling; Frock and Graham.

Taft Gives the Keynote of the Fall Campaign

In Letter Prepared for Publication in the Republican Congressional Textbook, the President Declares for the Further Revision of the Tariff.

Though Still Convinced the Present Law is Best Yet Enacted, He Finds Decided Room for Improvement and He Proposes Legislation to That End.

Beverly, Mass., Aug. 23.—President Taft's keynote speech for the congressional campaign became known here today. Mr. Taft will favor the further revision of the tariff. While he is still convinced that the Payne-Adrieh law is the best tariff law the country has had up to this time, he has at last reached the conclusion that there is decided room for improvement.

MEANS TO FIGHT THE "OLD GUARD"?

Statement Made by Roosevelt Is Considered Very Significant by New York Politicians.

New York, Aug. 23.—I am very much pleased with President Taft's statement. It makes the situation perfectly clear. If Nassau county wishes me to go to the state convention, I shall go. I regard the issue as clear cut and, as far as I am concerned, there will be absolutely no compromise.

TOWNSEND VISITS MENOMINEE RANGE

Speaks in Dickinson and Iron Counties and Is Received With Marked Favor.

Crystal Falls, Mich., Aug. 23.—The close of the fifth day of Representative Townsend's campaign in the upper peninsula of the nomination for United States senator found him addressing an assemblage of three hundred voters in front of the Lockwood House in this city.

FORMER CONGRESSMAN IN THE LAW'S TOILS

Joseph Sibley of Pennsylvania Arrested on the Charge of Conspiring to Debauch Voters.

Franklin, Pa., Aug. 23.—Former Representative Joseph Sibley, who recently withdrew as a candidate for congress on the Republican ticket in the Twenty-eighth district, was arrested today on a warrant charging "conspiracy to debauch the voters."

STARTS HIS PILGRIMAGE TO THE WEST

Roosevelt Is Cheered All Along the Route to Utica and in the Latter Vicinage Receives an Ovation from a Great Assemblage of Farmers.

Utica, N. Y., Aug. 23.—Theodore Roosevelt would up the first day of his pilgrimage into the West by placing himself directly in opposition to Vice President Sherman. Speaking today in the vice president's own country, he warmly endorsed State Senator Frederick Davenport, who is a staunch progressive and whom Mr. Sherman has led his would not support. The vice president was out of town today and did not see Mr. Roosevelt.

HE TALKS ON CONSERVATION AND COUNTRY LIFE AND IN INDORSING A STATE SENATOR PLACES HIMSELF DIRECTLY IN OPPOSITION TO VICE PRESIDENT SHERMAN.

It was late in the afternoon when Mr. Roosevelt reached Summit Park, ten miles west of here. At every stopping place along the way from New York to Utica the colonel was cheered, but the roar of applause which went up from the great throng of farmers of Onondaga and Herkimer counties gathered at the park shook the pavilion. As soon as Mr. Roosevelt finished his speech he hurried to the Henderson house, at Jourdenville, Herkimer county, where his brother-in-law, Douglas Robinson, of New York, resides, and will remain there until tomorrow night, when he will start for Cheyenne, Wyo.

COLONEL GIVES FARMERS ADVICE.

The colonel told the farmers that they ought to avail themselves of expert advice from technical men and not be content to go on without improving their methods of farming. He said they ought to learn to combine effectively in business, as has been done in the industries. He thought that farm life should be made more attractive and that the farmer's wives ought to have an easier time, in part, he spoke as follows:

CONSERVATION AND COUNTRY LIFE.

"There are no two public questions of more vital importance to the future of this country than the problem of conservation and the problem of the betterment of rural life. Moreover, these two problems are really interrelated, and neither of them can be successfully solved save on condition that there is at least a measurable success in the effort to solve the other.

CONSERVATION AND COUNTRY LIFE.

"In any great country the prime physical asset—the physical asset more valuable than any other—is the fertility of the soil. All our industrial and commercial welfare, all our material development of every kind, depends in the last resort upon our preserving and increasing the fertility of the soil. This, of course, means the conservation of the soil as the great natural resource; and, equally, of course, it furthermore implies the development of country life, for there cannot be a permanent improvement of the soil if the life of those who live on it, and make their living out of it, is suffered to starve and languish, to become stunted, and weakened, and inferior to the type of life lived elsewhere.

CONSERVATION AND COUNTRY LIFE.

"We are now trying to preserve, not for exploitation by individuals, but for the permanent benefit of the whole people, the waters and the forests, and we are doing this primarily as a means of adding to the fertility of the soil; although in each case there is a great secondary use both of the water and of the forests for commercial and industrial purposes. In no sense is the conservation of the soil as the great natural resource, and, equally, of course, it furthermore implies the development of country life, for there cannot be a permanent improvement of the soil if the life of those who live on it, and make their living out of it, is suffered to starve and languish, to become stunted, and weakened, and inferior to the type of life lived elsewhere.

CONSERVATION AND COUNTRY LIFE.

BEEF TRUST INVESTIGATION IS SHIFTED TO BOSTON.

Boston, Aug. 23.—The beef inquiry begun by the government some time ago at Chicago was shifted to Boston today when the federal grand jury came together at a special session. Before the jurors have finished their work they will have sifted thoroughly the manner and method of handling beef in all parts of New England. The investigation will include both the marketing of the fresh meat which goes to the retailers and from them to the consumers, and a study of the processes afterwards, with particular attention to the rendering of tallow.

REPORTED AMERICAN DEAL EXCITES FOREIGN DIPLOMATS.

Tangier, Morocco, Aug. 23.—Great excitement has been caused in diplomatic circles over the reported purchase by Americans of the Angler country, in northern Africa, opposite Gibraltar. It is considered strategically equal to the British mountain and could be converted into a second Gibraltar. Spanish circles especially are alarmed.

THOUGH STILL CONVINCED THE PRESENT LAW IS BEST YET ENACTED, HE FINDS DECIDED ROOM FOR IMPROVEMENT AND HE PROPOSES LEGISLATION TO THAT END.

Beverly, Mass., Aug. 23.—President Taft's keynote speech for the congressional campaign became known here today. Mr. Taft will favor the further revision of the tariff. Marquette, Mich., Aug. 24.

Noted as mail matter of the second class in the postoffice at Marquette, Mich.

The Nicaragua revolution has furnished something out of the ordinary. It has been successful.

Now that the talk about it has begun to subside, does Mrs. Nick Longworth really smoke cigarettes?

The rupture of relations between the president and the colonel is, it may be clearly seen, indefinitely postponed.

Detroit is now boosting for a million population in 1920. But Detroit must know that this automobile business has got to stop somewhere.

One of the leading issues of the senatorial campaign continues to be whether there shall be two senators from Michigan or three from Rhode Island.

Of course if Marquette should manage to upset Negaunee's thoroughly matured pennant hopes it would expect Negaunee to do the graceful thing and surrender to it the right of playing that post-season championship series with Escanaba.

Colonel Roosevelt will open his speaking tour in Vice President Sherman's town. If the colonel would unfold to the voters just what he thinks of the manner in which Sherman got the "old guard" endorsement for temporary chairman of the New York convention the good people of Utica would be given something to talk about.

President Taft expects shortly to reiterate his former declaration that no one man, or group of men, can read any one out of the Republican party. Quite right. The only place where power lies to put any one outside the Republican party is in a clear majority of the Republicans of any given state, clearly expressed. The Republican party in each state is a majority of the Republican electors. In the nation it is a majority of the Republican electors of the nation.

George A. Ferris, of the Soo, has just circulated the first number of his monthly magazine, "Progression," a magazine of "reformation, renovation, innovation and information." It is an interesting publication, consisting largely of original work by Mr. Ferris and covering a wide field of comment and relation of fact. It is attractively and conveniently arranged and is the seed from which Mr. Ferris is able to develop a strong and widely circulated magazine. His friends will expect to see "Progression" enjoy a long and fruitful life.

Chairman Griseom, of the New York county committee, intimates that the question of the chairmanship of the forthcoming New York convention will be opened when the delegates assemble and that the name of Colonel Roosevelt will be presented for the honor. If it is put forward, Colonel Roosevelt must win, if the Republican party is not to be smote in its vital parts in the New York elections. To reject Colonel Roosevelt for Vice President Sherman would assure, beyond any question of doubt, ignominious defeat. The unwillingness of the "old guard" to make concessions to popular sentiment has, in any event, left no very promising outlook for Republican victory. The remaining chance would be extinguished by the rejection of Roosevelt for Sherman, if that issue should be raised before the delegates.

Speaking of the upper peninsula electorate Monday evening, Representative Townsend paid the people of this region a high compliment. "Nowhere that I have been in the state," he said, "have I found the mass of the voters more thoroughly informed in regard to the issues of the campaign and of the senatorial canvass than in the counties I have visited in the upper peninsula. They are familiar with all the essential points which furnish the grounds for debate between the candidates. They are readily responsive to a presentation of intricate subjects, and show by their intelligent interest in the speaker's remarks that they have read carefully and digested well the news coming from Washington and the several states where momentous issues have been fought out the past few months. Some careless observers in our part of the state choose to assume that the average upper peninsula voter is indifferently informed about national affairs and easily susceptible to the dictation of employing interests. I am firmly convinced by my experience in your district that this is an unwarranted conclusion in regard to him. I am thor-

oughly persuaded that the voters of the Twelfth district are as well informed, patriotic and independent as any class of voters in the entire state, and I believe whatever verdict they register on September 6 will be the result of their best thought applied to the problems and conflicting candidacies on which they are called upon to pass.

AN ILLUMINATING INCIDENT.

It had been stated that President Taft would take no cognizance of the unwarranted reports that he was informed in advance that it was planned to have the "old guard" on the New York State Republican committee slap out at Colonel Roosevelt by refusing to accept him as temporary chairman of the Saratoga convention. No one except would-be mischief makers even assumed to seriously believe that President Taft would have been a party to such unworthy, and foolish, conduct, but Mr. Griseom was insistent that the matter be cleared up by a definite announcement from the president, thus the letter made public Monday.

This letter shows that not only was President Taft in no manner a party to the goatish tactics of Barnes, Woodruff & Co., but that in every case where his advice was sought he urged emphatically that the counsel of Colonel Roosevelt should be sought and accorded the respect and consideration due it, before a course of action was decided on.

As a matter of fact, the action of the New York state committee was about as much a slap at the president as at the colonel. It seems strange that Vice President Sherman should have put himself in a position that in any degree made the attitude of his chief liable to misinterpretation. It is explained, however, when it is remembered that Mr. Sherman was nominated at the Chicago convention as a sop to the reactionaries and that throughout his public career he has been one of their shining lights and most successful lieutenants. Mr. Sherman is lined up in company with him who feels quite at home when he touches elbows with Woodruff and Barnes and their satellites in standing out against Colonel Roosevelt.

The incident plainly serves to show what a deal of life still remains in the "standpat" crew and how hopeful they still remain of keeping their grip on affairs. It carries its warning to states like Michigan, where the essential issue is up in the senatorial primary, to be on guard and not let the men opposed to and unsympathetic with the Roosevelt-Taft policies slip one over. If the President Roosevelt started and President Taft is pledged to carry on in right, then Senator Burrows is wrong, and should be emphatically rejected on September 6. It is as plain as pikestaff.

THE "FEDERAL PUSH."

Representative Townsend touched upon the "federal push" briefly but emphatically in his address Monday evening. Wherever a federal building is located the "federal push" is observed to be in the closing days of the primary campaign as busy as a pup with a root. It is not, as a rule, confining itself to either the congressional or senatorial contest, but is slopping over the whole political situation with an engaging confidence that it is fully capable of wisely disposing of the people's political affairs in county, state and nation.

The voter must watch for the trail of the "federal push" in all cities where it is active, and be careful not to fall into any of the clever little games that these gentlemen so assiduously set up. The voter should not forget when he is sounded by emissaries of the "push," or if he happens to be honored by a direct approach by one of the gentlemen who bask in the pleasure of senator or representative, that their controlling motive is an essentially selfish one. They are delivering service in payment for political preferment, and in the hope of obtaining an indefinite continuance of political preferment. They like the preferment for the money that goes with it.

Many of these men here and there in the state are worthy gentlemen, to be sure, and fully entitled to the good things they enjoy. There is no quarrel with them because they have been fortunate enough to obtain office. But it should be borne in mind by the voters that, in the nature of things, their consent cannot be disinterested. They have too obviously a selfish motive for it. Their position may be indicated by a paraphrase of a historical saying: "The ins, may they always be right, but right or wrong the ins."

It's a feeble minded person, indeed, who, in this day of quick and ready means of communication, cheap magazines, newspapers, frequent opportunities to hear public questions discussed intelligently on the stump, allows himself to be swayed by the self-interested arguments or activities of men who, to all intents and purposes, are on the senator's or representative's payroll. Every citizen worthy of a vote should disregard such impertinent activities, look well to the issues with all the clear thought of which he is capable, decide what is right to do, as he sees the right, and do it quietly and courageously. The greatest privilege possessed by the average man is his ballot; his greatest duty is to dispose of it honestly and fearlessly, repudiating dictation of men interested from purely selfish motives in securing a certain disposal of it.

To keep your health sound; to avoid the ills of advancing years; to conserve your physical forces for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy. The People's Drug Store.

MR. BURROWS' TOMB FOR REFORMS.

In the United States senate is a sepulcher. That sepulcher is in charge of Julius Caesar Burrows of Michigan.

The tomb was built to bury a living issue—the proposed constitutional amendment providing for the direct election of United States senators. Aldrich and his confederates long ago sandbagged the reform into unconsciousness and dragged it to the cemetery of the committee on privileges and elections. It has rested there ever since. Senator Burrows is chairman of that committee.

During the last session of the upper house Senator Robert L. Owen, of Oklahoma, made an effort to have Senator Burrows' committee discharged from further "consideration" of this measure. Owen showed in his speech how the Burrows committee has for years been the burying place for this proposal demanded by the progressive men of the nation as a cure for the ills of privilege and unresponsiveness with which the senate is afflicted. He showed that Burrows and his colleagues are refusing the people an opportunity to say whether they want direct election.

Did his protest avail? Mark how the forces of reaction in the United States senate protect their own! Owen got his motion to discharge by a rattle of votes in the morning business. It was privileged for one day only and had no right to the floor after 2 o'clock. It was talked to death and lost its right. Mr. Burrows uttered not a word of defense. Thus by parliamentary trickery the people were fooled once more!

With the law passed by the last state legislature which gives the voters of Michigan, for the first time in history, a voice in the selection of a senator, Mr. Burrows had no sympathy. Instead he showed open hostility by deliberately denying to announce his candidacy and thus make himself amenable to its provisions as to publicity. He secured much valuable advertising by this subterfuge, but it is for the people of this state to decide if such petty artifices will gain real advantage. Mr. Townsend scorned the advantage and refused to be seized and early announced that he was a candidate.

While Michigan has what approaches a direct choice in the selection of a senator, many other states have not. Hope for the country at large rests on the constitutional amendment which has proposed so long in Mr. Burrows' private tomb. Burrows has earned the gratitude of Aldrich, et al, by his faithful service as keeper of the morgue in which a great reform is imprisoned. In fact he is a prize-jigger of the United States senate. Will it prove to be a real advantage in the end?—Grand Rapids Press.

THE STATE PRESS.

It is being noised abroad that an international congress of deaf mutes is in session in Colorado.—Pontiac Press Gazette.

Judging by the tend of the campaign one might almost imagine that Warner was running for a fourth term.—Saginaw News.

Now the prohibition candidate for governor falls upon gubernatorial candidate Musselman from the rear.—Detroit Journal.

The sultan of Sulu maintains fourteen wives and their brood of children on a salary of \$125 a month. Might he well to invite him over here to deliver a few lectures on the cost of living.—Bay City Tribune.

Strictly party newspapers have suffered a terrible jolt in Michigan during the past quarter of a century. The few strictly Republican party papers left in Michigan are now suffering because standpatism is popular only with officeholders and their friends and they are in a minority as far as the newspaper reading public is concerned. The people want newspapers of the independent and progressive type. This explains the fact that strictly party papers have been left behind in the progress of events.—Kalamazoo Press.

In other words Joe Cannon's enemies believe he should take a trip in the region farthest distant from the north pole.—Saginaw News.

HERE AND THERE.

Charles H. Peck, botanist of the state of New York, in his annual report states that the known species of edible mushrooms in New York amount to 200. Five new kinds of edible mushrooms were discovered in the last year.

There are now only 45,000 laemakers in Belgium, as compared with 150,000 in 1875. The maximum wages paid to the most skillful laemakers never exceed thirty cents a day, and out of 2,500 workers only about twenty are paid the maximum.

Summer Comfort There's a solid satisfaction and delightful refreshment in a glass of Iced Postum Served with Sugar and a little Lemon. Postum contains the natural food elements of field grains and is really a food drink that relieves fatigue and quenches the thirst. Pure, Wholesome, Delicious "There's a Reason"

POSTUM CEREAL COMPANY, LTD. Battle Creek, Mich.

ing class. This is always the most popular feature of the show, for every amateur rose grower wants to know the last word in rose fashions, and yesterday the new seedlings were shown for the first time in a special tent. The two outstanding features of the seedlings are the Rayon d'Or, a rich yellow hybrid rose from the popular salmon-tinted Lyon shown by Dr. Wardell, and the Edward Morley, a dark rich, black crimson hybrid tea which in the opinion of some good judges is likely to prove the largest red rose in cultivation.—London Graphic.

Major General Thomas H. Barry, who has been succeeded as commander of the department of California by Brigadier General Tasker H. Bliss, will arrive in Washington Thursday on his way to West Point to become superintendent of the military academy. This will be the first time in more than a quarter of a century that the academy has been headed by a major general. From 1876 to 1881 Major General Scofield was superintendent of the academy. From 1881 to 1882 Brigadier General O. O. Howard, appointed to the superintendency as a brevet-major general, was at the school. These are the only two instances in which officers of this high rank have had duty at the school.

LOWER STATE NOTES.

FLINT—David Jaskosi, twenty-three years old, lies at his boarding house on Industrial avenue, on the outskirts of the city, suffering from a fractured skull, with only slight chances for recovery, and Frank Rustki, the same age, is in jail, awaiting the outcome of the condition of his alleged victim. According to the police Jaskosi and Rustki quarreled over a young Polish girl who stays at their rooming house, and the former was struck on the head with a brick. Rustki was placed under arrest as he was packing his trunk, presumably to make a hasty departure from town.

COLDWATER—The severity of the drought in Branch county can hardly be overestimated. The more favored localities. It will be four weeks next Tuesday since it has rained here, and this, with the extreme high temperature prevailing most of the time, has ruined the late potato crop as completely as the earlier crop that has been leveled by the sun. The soil is so parched that it has withstood the heat and lack of moisture, but much of the crop has been badly injured, while pastures are about a thing of the past.

MUSKOGON—Muskegon has secured another industry. The Wright Cooler and Hood company of Chicago will locate here and employ at least 100 men from the start. The company will manufacture coolers for gasoline engines, mud guards, gasoline and water tanks and hoods for automobiles. The company will receive a bonus of \$10,000 for moving here which has been secured through the efforts of the chamber of commerce. The plant will be located at Clay avenue and Eighth street.

LANSING—Edgar Smith of Mancelona, through a misfortune in the family, became separated from his mother twenty-two years ago. He was then about six years old. After a search extending over a period of several years he found her in Lansing. She is Mrs. F. L. Strong, residing on Dayton street. Smith as a child was buffeted from pillar to post, and when a very young boy started out to shift for himself. Three years ago he married. His wife immediately instituted a search for her husband's mother, and after a correspondence that covered nearly every section of the United States succeeded in locating a brother in Bellevue, Iowa. Through him she recently learned that Mrs. Strong of this city was her husband's mother. A search for her was held at the Strong home. Mrs. Strong, her husband, Smith, the lost son who had long since been mourned as dead, Mrs. Smith and a few friends participated.

HOLLAND—Mrs. John Knoll, living five miles from here, passed away when the reservoir which she was filling on a gasoline stove took fire and exploded. She was overcome in flames and her clothing burned from her body. Her husband succeeded in putting out the flames which threatened to destroy the house.

BOYNE CITY—The first case against Herman L. Swift, of the Beulah home, tried before Judge Mayne at Charlevoix, resulted in a disagreement. After the jury had been out for a long time, twenty-four hours, the people's case appeared to be particularly strong, but the defense claimed it was a conspiracy to oust Swift from the management of the home, and it appears some of the jurors were of that opinion. Swift was charged with improper treatment of boys at the home.

CHARLOTTE—Charged with the larceny of an automobile from Contractor Frank Curtis, Philip Gordon Lennox and Don Leon Burdette Hastings were arrested at Grand Rapids by Sheriff Donovan. Lennox rented the machine of Curtis Friday, agreeing to be back Saturday morning, but he failed to return. Hastings to get a young lady and from there to Grand Rapids, where they were to be married. Hancock went as chauffeur. The pair arrived at Hastings, got two girls and from there went on to Grand Rapids, but failed to return to this city as agreed. Lennox has passed himself off as "Viscount" Philip Gordon Lennox, a spy in the employment of the British government. He also claims that he was recently a prisoner in a military prison at Nicaragua, but escaped, being shot in the leg at the time. Alta Romak, who is said to be the girl in the case, is a seventeen-year-old Hastings miss and according to reports the pair have been to South Bend, Elkhart, Chicago and other towns in an effort to secure a marriage license, but on account of the young woman's age were unable to do so.

WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY AND BLADDER TROUBLE.

Kidney trouble presses upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need a same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root. Home of Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

the girl replied. "That's where it's all a-comin' from, ain't it?" Doubtless a Libel. Glenn H. Curtis, after a superb flight over the sunlit sea, sat on an Atlantic City pier scribbling his name in the auto-graph albums of beautiful young ladies. "The summer girls here," he said to a correspondent in a lull, "are the best specimens I have ever seen. In bathing dress, swimming like dolphins, or in evening dress, dancing like young deities, they are indeed fine specimens."

Mr. Curtis smiled and shook his head. "But handsome is as handsome does," he added, "and understand that a handsome summer girl does many a millionaire."

The Wish Is Father to the Thought. Dr. Robert L. Waggoner, the president of Baldwin University, said in the course of an address on pedagogy at Berea, O.: "And one of the most remarkable changes in the last thirty years of teaching is the abolition of corporal punishment. A boy of this generation is never whipped. But a boy of the last generation will!"

Dr. Waggoner smiled. "The boys of the last generation," he said, "must have believed that their instructors all had for a motto:—"The wish is father to the thought."

A Misunderstood Genius. Mischa Ellman, the boy violinist, told on his last visit to New York, a story of his early childhood. "When I was very small indeed," he said, "I played at a reception at a Russian prince's, and, for an urchin of my age, I attracted I rattled off Beethoven's 'Kreutzer Sonata' finely. This sonata, you know, has in its several long and impressive rests. Well, in one of these rests a motherly old lady leaned forward, patted my shoulder, and said:—"Play something you know dear."

Upper Peninsula

Wins Cup at Manistique—The loving cup presented to the Manistique Gun Club by Congressman H. O. Young for competition among the gun clubs of the upper peninsula is now the property of Soites who won it at the Manistique recent tournament. Four teams competed, the Soo winning over its nearest competitor, Channing, by twelve birds. There were thirteen other events in the tournament besides that for the Young cup, and the Soo was in all and made a fine showing. The team winning the cup was composed of Charles Hewitt, W. E. Gowan, Forest Halgren, E. C. Fort and F. T. Tromp.

Steel Trust Absorbs It—The Miners City band of Iron Mountain has passed to the control of the Oliver Iron Mining company, subsidiary to the United States Steel corporation, and will hereafter be known as "The Oliver Iron Mining Company's Military band." The band was organized several months ago. Eugene Langier, of Iron Mountain, was chosen by the members to guide the destiny of the organization, and the band will continue under the leadership of Mr. Langier, though under the direction of the Oliver company. From comparatively few pieces, the band has increased to an instrumental outfit of twenty-four as its present strength.

Hay Crop a Big One—The Broders Gazette of Chicago publishes a letter from Judge Holden of the Soo in which the writer estimates the surplus hay of Chippewa county this fall at 15,000 to 18,000 tons, and states that one individual alone will market a crop worth about \$25,000. The Gazette also prints a half-page half-tone picture of a hay harvest on the farm of John A. France, near the Soo. The plate was made from a photograph taken on July 17 and shows Farmer France and his assistants gathering in the crop, with Judge Holden in the background bossing the job.

May Have Fish Hatchery—Though the old station near the rapids will be abandoned, it seems almost now that a fish hatchery will be continued at the Soo. Frank Clark of the national fish commission and Superintendent George M. Bowers of the state fish commission, have been in the Lock City to consider the proposition. A site was selected at the lower end of the old Fort Brady park, adjoining the dock of the Great Lakes Towing association. Mr. Clark will recommend to the department that the building be moved from the old site to the new one this fall, so there need be no interruption to the operation of the station. The new building will be a joint state and national one. The commissioners conferred with Mayor Sullivan and the aldermen and talked over the matter informally. The city will be asked to furnish free water and motor service for the old station, and their request will be complied with, no doubt.

Alleged Swindle in Wolf Bounties—The Iron county board has unearthed what it considers to be a big swindle in wolf bounty claims, says the Crystal Falls Drill. Claims aggregating nearly \$600 were disallowed at the recent meeting and the officers set at work in an effort to ferret out the offenders. The parties implicated got frightened and fled, and a person who is suspected of having planned the deal skipped out. Wolf bounty claims had been increasing in number for several meetings until finally some twenty odd claims were registered with the clerk for payment. The increase of these claims and the fact that all the hides appeared to be of the coyote species aroused the suspicion of County Clerk Wall and he communicated his suspicion to Sheriff Holmes and Prosecuting Attorney Watson. The claims were registered by residents of the county who are not to be hunted wolves. These parties gave as an excuse that they had purchased the hides from trappers. A fellow named Hicks was suspected and the officers started to look him up. In the meantime the board met and at the request of the county officers the claims, aggregating about \$600, were laid on the table for verification. Hicks got suspicious and skipped out. About this time trace of his past life was found. He comes from the state of Washington and had, it is alleged, purchased the hides from west where coyotes are as thick as fleas and brought them to Michigan where there is a bounty of \$25 on each hide in some of the counties. Iron county is one of these places; Marquette and Houghton counties are others, and it is quite likely that, if the truth were known, all of the hides of these counties have been swindled by this fellow. Hicks went from here to Houghton county and from there he wrote a postal card to a Crystal Falls man who had claims before the board to "look out, there was something doing." The Iron county man did not have his spectacles and gave the card to a friend to read. Since that time the fellow has not been heard from. The claims have not been paid and no pressure has been brought to bear by the parties having the claims, which leads those in charge of the investigation to believe that there has been considerable crooked work.

QUIET HOME WEDDING. Miss Eleanor Wallace Becomes Bride of John M. Drake, Jr.

John Miller Drake, Jr., of North Freedom, Wis., and Miss Eleanor Wallace of Houghton were married Monday evening at the apartments of the bride's mother in the Johnson flats, East Houghton, by Rev. John E. Curzon, rector of Trinity church.

PASTOR TENDERS RESIGNATION. Rev. A. B. Sutcliffe of Grace M. E. Church, Houghton, May Leave.

Rev. A. B. Sutcliffe, pastor of Grace Methodist Episcopal church, Houghton, is unwilling to continue as pastor of that church for another year.

It is quite probable that Mr. Sutcliffe would tender to the congregation his resignation if the mode of procedure in the Methodist church in these contingencies did not differ from that which makes such action on the part of a pastor all but impossible.

NOTES ON CHASSELL VILLAGE. New Business Buildings Are Going Up—Local Water Supply.

The village of Chassell, excepting in the most indirect way, is one of the few centers of population in Houghton county not dependent on the copper industry for its prosperity.

New Business Buildings. Dr. Percy H. Willson has been a resident of Chassell for the past seven years and a little more.

Convenient For Any Meal Post Toasties

Are always ready to serve right from the box with the addition of cream or milk.

Especially pleasing with berries or fresh fruit.

Delicious, wholesome, economical food which saves a lot of cooking in hot weather.

"The Memory Lingers"

POSTUM CEREAL CO., Ltd., Battle Creek, Mich.

This action, of course, amounts to a resignation, and it is quite probable that the conference at Detroit next month will transfer the Houghton pastor to another church.

EX-PRESIDENT STARTS ON LONG PILGRIMAGE. Roosevelt Is Cheered All Along the Route to Utica and in the Latter Vicinity Receives an Ovation from a Great Assemblage of Farmers.

son why the great business men of today—the great industrial leaders—have gone ahead, while the farmer has tended to sag behind the others, is that they are far more willing, and indeed eager, to profit by expert and technical knowledge.

"Book Learning" Profitable. "During the last half-century we have begun to develop a system of agricultural education at once practical and scientific, and we must go on developing it.

Business Is Still Contracted and With the Bulk of It in a Handful of Securities.

New York, Aug. 23.—From a very weak opening, today's stock market turned rather sharply and made a general recovery.

Wheat and Corn Are Strong. Chicago, Aug. 23.—Wheat was strong all day and closed 3/4% to 1% up.

CHORUS GIRLS ARE SCARCE. Jake Shubert Says Pretty And Wise Ones Are Hard To Get.

Chicago, Aug. 23.—Jake Shubert says that the Windy City has the most attractive chorus girls in the world and that New York is barren of fair counterparts.

WHEAT INSPECTION PLAN. Secretary McNamara of the Copper Country fair has been advised by Secretary Henry E. Hooker of the Michigan Milling association that he has referred to the Agricultural college the scheme to send two experts into the copper country to look over wheat lands and judge wheat at the Copper Country fair.

City Brevities

Today's weather: Unsettled and cooler. Yesterday's temperatures: Seven a. m., 60 degrees; noon, 59; 7 p. m., 64; maximum, 64; minimum, 58.

Born, yesterday, to Mr. and Mrs. F. Thibideau, Washington street, a son.

W. A. Ross has returned from a business visit in southern Michigan.

Miss Daisy Shaull has gone to Detroit and other Michigan points for a month's visit.

Mason Burt, of Erelth, Minn., is visiting with his parents, Mr. and Mrs. M. W. Burt.

Mrs. C. M. Gooding left last night for Chicago, South Bend, Ind., and Detroit for a short visit.

Mrs. R. C. Young was called to Escanaba yesterday on account of the dangerous illness of her mother.

The Modern Brotherhood of America will give a social hop at Bureau's Hall tonight. Trombly's orchestra will play.

All members of the Marquette baseball team are requested to be out for practice at the fair grounds this afternoon.

The Brotherhood of American Yeomen will give a card party and lunch at Siegel's hall to night. Everybody is invited.

J. E. Pierce, formerly of the firm of Robinson & Pierce, is now located at Los Angeles, as route agent for the American Express company.

Born, at Duluth, Aug. 19, to Mr. and Mrs. Paul Hitecock, formerly of Marquette, a daughter, Mrs. Hitecock formerly was Miss Lucy Fitzgerald of this city.

In the list of candidates for county office published yesterday, the name of Shields McGraw, Democratic candidate for register of deeds, was inadvertently omitted.

A goodly number of Marquette fans went to Ishpeming yesterday to see the baseball game between Ishpeming and the Union Giants, which was won by the latter.

Miss Minnie E. Moore and Mrs. C. W. Gring, who have been abroad for three months, are due to arrive in Montreal Aug. 29. F. M. Moore and Mr. Gring expect to meet them there.

A. L. Huettner has returned from New York, where he made his fall and winter purchases. Mr. Huettner has added furs to his stock this season and will be ready to make his fall announcement very shortly.

Mr. and Mrs. L. R. Thomas of Chicago left for Duluth last night, after a two days' visit here with Mr. and Mrs. L. J. Drummond. Mr. Thomas is the assistant superintendent of the Postal Telegraph company.

Supper will be served at the French church fair tonight from 5 to 8 o'clock by the Lady Brevities. A musical program will be rendered during the supper and throughout the evening. Everyone and especially the members of all fraternal organizations in the city are cordially invited.

At the Baseball Game—"Hey, there; don't close up that hole in the fence until I get through."

Hand Cut Off—M. J. Patten, an employe at the L. S. & L. railroad shops, had his hand cut off at the wrist while at work yesterday forenoon. He was working under the ash pit of a locomotive and placed his hand on the rail in such a manner that the moving engine passed over it. The injured man was taken to St. Luke's hospital.

Miss Doris Kingman, of Chicago, will give a series of dancing lessons in this city, beginning the first week in September. Miss Kingman teaches social and gymnastic dancing; also corrective gymnastics, dynamic breathing, elocution and the simple tricks of self-defense of the first system. Further information may be obtained from Mrs. W. J. Pettie.

Bids Wanted for Hospital—Elsewhere in this paper bids for the construction of the county tuberculosis hospital at Morgan are advertised for, which will be opened Sept. 7, and the contract for the building is likely to be let by the board of supervisors at that time. At the last meeting of the board, the special hospital committee was authorized to proceed with the erection of the hospital as expeditiously as possible.

Good Races Expected—John D. Mangum, president of the Marquette County Agricultural society, stated yesterday that he expected some unusually good racing at the fair this year. He has received inquiries from horse owners in lower Michigan and Minnesota, the latter horsemen having already planned an invasion of the upper peninsula with seven or eight fast steppers. While the baseball arrangements have not been definitely made, it is practically certain that there will be a series of games between the Marquette, Negaunee and Ishpeming league teams.

Degree of Honor Convention—The eighth annual convention of Upper Peninsula district No. 1, Degree of Honor, will be held in this city tomorrow afternoon and evening. The grand chief of honor, Mrs. Mary M. Baxter, and grand recorder, Miss Annie Tuohy, of Detroit, will attend the convention. The meeting will be held in Keough's Hall and will be called to order at 2:30 in the afternoon. The evening session will be held at 8 o'clock, when several candidates will be initiated, followed by a program which all members and their friends are invited to attend.

Orator When a Boy—Irrespective of their political affiliations, all who heard Chas. E. Townsend's address Monday evening agree that he is one of the best stump speakers that ever visited this city. A local man who went to school with him stated yesterday that Mr. Townsend has always been an orator and that in high school he was noted for his ability to make an eloquent speech on the least provocation, whether he had any previous preparation or not. This led to a discussion of the forensic ability of high school boys of today, compared with those of fifteen or more years ago. Persons thirty years of age or more can easily recall several of their classmates in school who could get up and make an eloquent and interesting speech off hand on almost any topic, and nearly all of these boys have made good in later life as public speakers. Perhaps there is not so much attention paid to imprromptu

speaking in the public schools of today; at any rate, it appears to the older generation that twentieth century boys are less capable public speakers, though they can undoubtedly "knock the spots off" the boys of a generation ago in many other ways.

INSURE WITH PETER WHITE & CO. WILL ENTER CALIFORNIA.

American Express Company Gets Direct Route to South Pacific Coast.

E. C. French, Marquette agent for the American Express company, yesterday received notice from his company that on Sept. 1 the American would take over the express business of the San Pedro, Los Angeles and Salt Lake railroad, which will give the company a direct route into southern California, a state which up to the present has been exclusive territory for the Wells, Fargo Express company. The additional mileage will also open up the Goldfield mining district, to the American Express company.

In the opinion of Mr. French, this new route west to the coast will be of great advantage to Marquette shippers, some of whom do considerable business with California houses. Until very recently all packages accepted for shipment to western cities could be billed only as far as Kansas City, where they were turned over to the Wells, Fargo company, making a double charge and frequently causing delay in transit. Hereafter, it will be possible to bill packages direct from Marquette to Los Angeles and other western points.

On April 1, last, the American company took over the express business of the Union Pacific railway and the Oregon short line, giving an outlet west from Kansas City to Ogden and Washington and Oregon. This company now has direct lines from coast to coast and from Canada to the gulf, operating in all over 55,000 miles of railroad. The largest new offices to be opened up in the southwest are Los Angeles, San Bernardino, Goldfield, Las Vegas and the Cavston ostrich farm.

SOO CANAL PASSAGES.

List of Boats That Have Passed the Locks, Bound for Superior Ports.

Sault Ste. Marie, Mich., Aug. 23.—The following boats have passed through the locks, bound for ports on Lake Superior: Christie, Interlaken, 9 p. m.; Matthews, Ream, 9:30; Cornell, 10:30; Chili, 12:30 a. m.; Superior City, Bell, 5:30; Mullen, 6; Lakeland, Murphy, Marcia, 7; Linn, Crescent City, 8:30; Mariposa, 4; Fontaine, Chattanooga, 11:30; Troy, 1:30 p. m.; Rock-celler, Manda, Athabasca, 2; Crear, Moore, Kenmont, 3:40; Saronie, 5:30; Winnipeg, Buffalo, 7:30.

MR. TOWNSEND MISQUOTED.

In the digest of Representative Townsend's Marquette speech, published in The Mining Journal yesterday, the speaker was quoted as saying that Senator Burrows voted against two bills which would have given the people the right to elect United States senators by popular vote. This was an incorrect statement, as the bills were never reported out by the senate committee. What Mr. Townsend said was that he was sorry the senator reported did not feel favorable to the plan when congress was in session, so that he could have had the bill reported out and secured its passage.

Guild Hall Notes

The regular weekly meeting of the Young Men's club is at 8 o'clock tonight. Several matters of importance will be considered. The committee appointed at the last meeting to arrange for the track events at the county fair will report; a committee will be appointed to arrange the details of the Guild Hall baseball league; and final plans for the tennis tournament will be discussed. The various committees, already appointed to arrange any of these activities will meet at a quarter before eight.

The A team of the E club will play a game with a picked team from South Marquette this afternoon at 2 o'clock on Longyear field. This is the first time that this team has played the E club and a close game is expected. As some of the members of the A team are out camping their places will be filled from members of the B team of the E club. Morrison will probably pitch for the Guild Hall team.

CAN STILL HAVE NINE LIVES.

Walled up for three weeks above the ceiling of the remodeled Nichol hotel, Seattle, a tabby cat was liberated recently by workmen who heard a faint meowing and made an opening to release the imprisoned feline. As the ceiling was plastered three weeks ago, the cat must have crept into its prison when the workmen were finishing their work. How the cat managed to live three weeks without food is a mystery. Even its natural prey, mice, would be scarce in what is practically a new building.

When released, puss crawled to the ground and laid down, apparently about to give up the ghost. A dog happened around and volunteered to assist the cat to the better lands. In a moment there was a flying mass of fur, a spitting and a scratching, then two animals rushing away in opposite directions. The cat has not been seen since.

NOTICE TO TAXPAYERS.

Office of the City Treasurer: Marquette, Mich., July 15th, 1910.

Notice is hereby given that the general tax roll of the city of Marquette has been deposited with me, and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due and may be paid to me at any time up to and including the 31st day of October, A. D. 1910.

Upon all such taxes paid to me before the first day of September a collection fee of one per cent will be charged, and on all such taxes paid on or after the first day of September a collection fee of three per cent will be charged.

UNION GIANTS WIN FROM ISHPEMING

Colored Team Played Inferior Ball, Compared With the Local Nine.

The Chicago Union Giants defeated the Ishpeming team yesterday afternoon by a score of 4 to 2. Ishpeming lost by a combination of peculiar circumstances and hard luck, as they outplayed the colored men in the field. Dixon was in the box for the third game he had pitched in four days, and he allowed but four scattered hits. One of these was a three-bagger that should have been a single, as the fielder was waiting to take the ball on the bound, when it unexpectedly went over his head.

Forvilly umpired the first five innings of the game and Day, of the Marquette team, finished the work. A disagreement arose over one of Forvilly's decisions, which gave the colored players three runs, and he quit. Jones, who had been presented with a base, and Lee, who singled, were on third and second, respectively, and two were gone, Jenkins and Harvey having fanned. Ramsay was at the bat. There were two strikes on him when Jones started to steal from third. Dixon threw the ball directly at the plate in an effort to catch the runner. Ramsay struck at the ball, interfering somewhat with Nevitt, the catcher, who let it go by, both Jones and Lee scoring. Ramsay started to make a circuit of the bases and he got around to the plate while the players argued the point with the umpire. Forvilly maintained that his decision was a correct one and the three runs were allowed.

Outside of this misplay, the Ishpeming players put up a fine article of ball. The visitors' final run was made in the seventh inning. Two men had been retired, when Ramsey hit into center field, and the ball bounded over Faul's head, permitting the runner to make three bases. Gikerson hit to Whitman, who threw wide to first, allowing Ramsay to score. Parks fanned.

Harvey, the left hand twirler for the Giants, pitched effectively throughout, two of the three hits off him having been made by Nevitt. One of them was a clean two-bagger. The third hit was a single by Whitman. In the fourth inning, when Ishpeming scored her first run, Faul walked, Nevitt was hit by a pitched ball and Scott hit for two bases, scoring Secore. Faul was put out when he led off too far from first, Gordon, the catcher, throwing to the sack. Nevitt died on second, as the next two men went out, Whitman on a fly to Jones in left, and C. Larson on a fly to Lee at second.

Ishpeming scored her second run in the sixth. Laxstrom and Faul had fanned, and Secore went to first on an error by Parks at short. He stole second and reached third when Lee missed the ball thrown by Gordon, the catcher. He scored on Nevitt's hit. Whitman went out, Gikerson to Ramsay.

The Ishpeming players discovered before the game had advanced very far that Lee was suffering from a sore arm and they got four stolen bases, though two runners were caught in their attempt to steal second. He had his right arm broken last spring. One of the other players was slated to catch the game but he was taken sick.

The Union Giants have been on their present tour for six weeks and they have lost but four games. The colored team that was defeated by the Hibbing nine was an aggregation from St. Paul. The Giants were favorably impressed with Dixon's pitching, one of them declaring that he was the strongest slab artist that they had met on their present tour. Jones, who played left field, was a member of the Page Fence Giants when they played here six years ago. He was the only one of the nine who had ever played in this section before.

MUCH INTEREST IN TOWNSEND

Candidate for Senator Will Speak in City Square Tomorrow Evening.

Ishpeming voters are showing much interest in the meeting which will be addressed by Representative Townsend, progressive candidate for senator to succeed Julius Caesar Burrows, at the city square tomorrow evening. Townsend sentiment has been growing rapidly here the past week or more, not only among the business men but among the miners, and it is now predicted that Townsend will poll a vote of large proportions in this city.

The candidate will be accompanied by Senator Tuttle of Lansing, also an impressive speaker, and will probably also have Representative McLaughlin here. The latter remained over in Marquette yesterday, having been taken ill, but probably will be able to resume his work with Representative Townsend tomorrow. Representative Townsend is one of the most brilliant politicians of the state, and his address holds his audience's closest attention until his closing sentences. It is a straight-from-the-shoulder presentation of the reasons why he aspires to go to the senate, and a spirited defense of the Roosevelt-Taft policies and the work of the present administration. He is responsible for enacting them into laws. His talk abounds in flashes of illuminating humor and sarcasm, and while dignified and gracious yet teems with force and strength.

His upper peninsula trip has been a revelation. He has been so long in the field, his address has been so general here and widespread here. The reports sent to the Detroit papers regarding the Burrows tour were a tissue of misstatement, designed to bolster up the courage of the Burrows forces below the straits. Representative Townsend expects to carry a majority of the upper peninsula counties he has so far visited.

"FLOWER OF THE RANCH"

Musical Comedy Here Tomorrow Evening Highly Recommended.

The manager of Ishpeming theater has been assured by managers of opera houses in several of the cities of this circuit where the "Flower of the Ranch," which will be at Ishpeming theater tomorrow evening, has played during the past two weeks that it is a first-class attraction. The company created a favorable impression in Marquette Monday night.

P. M. Peterson, manager of the Peterson Opera House at Escanaba, wrote the local manager as follows regarding the attraction:

"Joe Howard's greatest musical comedy success, 'The Flower of the Ranch,' played my house last night and I am glad to be able to state that I gave LeCompt & Fletcher's company business to the capacity of the house.

"There is something doing all the time in this fast show. The little girls that make up the pony ballet, or broilers, are the greatest bunch of dancers and costume artists that I've ever seen. Their dancing caught everybody in the house from the very start.

"This is an attraction that is worth working for, and it gave the greatest satisfaction to my best theater-going people. I can recommend it as the best.

"Sincerely yours,
P. M. PETERSON."

PIERCE ASSOCIATE PLAYERS.

Popular Stock Organization Has Decided on Plays for Its Next Visit.

As was predicted would be the case, the excellent stock organization known as H. E. Pierce & Co.'s Associate Players, which recently met with less success with local theater goers, have had similar success in every city in which they have appeared.

Upon the occasion of its next appearance here the company will present Robert Edison's former success, "The Soldiers of Fortune," a dramatization of Richard Harving Davis' famous novel of the same name, also a production by arrangement with Daniel Frohman of "The Boys of Company B," in which Arnold Daly and John Barrymore both appeared with great success in New York and Chicago. The third bill announced is a revival of "Prisoner of Zenda," which will be put on with the same careful attention to detail that characterizes all productions made under H. E. Pierce & Co.'s management. With few exceptions the company will remain the same as when last seen here. However, some new blood has been secured which will tend to strengthen the organization.

CARD OF THANKS.

We wish to express our appreciation for favors and sympathy extended during our bereavement. We feel very grateful to the members of the two Italian societies of Ishpeming for their kindness to us, also to our other friends and neighbors, and particularly to those who sent flowers.

MRS. DONATO CARSO and Children.

From Sickness To "Excellent Health"
So says Mrs. Chas. Lyon, Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for backache and kidney trouble which bothered me for many months. I am now enjoying excellent health, which I owe to Foley Kidney Pills." The People's Drug Store.

here as far east as Pennsylvania and as far west as Oregon. An appropriate program is being arranged for the picnic, which will be held at Cleveland park, and there is also to be an entertainment Saturday evening in Ishpeming theater.

OSBORN MEETING LAST EVENING.

The political meeting held last evening in the city square in the interest of Chase S. Osborn, the upper peninsula candidate for the nomination for governor, was largely attended in spite of the fact that it had not been generally advertised. The speakers were Dr. J. E. Kennedy and Sherman Handy of Sault Ste. Marie. A meeting was also held in Negaunee, the speakers there being W. H. Oates of Calumet and Attorney J. C. Tracey of Menominee. Mr. Oates stated yesterday that the meetings at Iron Mountain and Norway Monday evening were the largest and most enthusiastic political gatherings ever held on the Menominee range. He said that many of the voters of these cities told him that Osborn will receive at least 95 per cent of the votes on the Menominee range at the primaries Sept. 6.

ISHPEMING IN BRIEF.

Miss Jessie Jacka of Crystal Falls is in the city visiting the Misses Nicholls of Second street.

Al Hooking was down from Republic yesterday to attend a meeting of the agents of the Metropolitan Life Insurance company.

The members of the Epworth league of the First Methodist Episcopal church will conduct a basket picnic this afternoon at Cleveland Park.

W. J. Ames, who was one of the stars on the Michigan university football team last season, and whose home is in Escanaba, was here yesterday on business for the I. Stephenson company.

The funeral of the late Donato Carso, held yesterday morning from St. John's church, was the largest Italian funeral that has ever taken place in Ishpeming. Both of the Ishpeming Italian societies were largely represented.

The agents of the Metropolitan Life Insurance company in this district held a conference yesterday with Jeremiah Hare, the company's district superintendent. Eleven men working under Mr. Hare attended the meeting.

W. A. Clark, religious director of the Young Men's Christian association, has returned from Camp Wiganing, where he accompanied the junior members last Friday. There are about twenty-five boys in the camp. A few of them will return home Saturday, but the others will remain for another week. The boys are having a most enjoyable time.

A series of dancing lessons will be given here next month by Miss Doris Kingman, of Chicago. Miss Kingman teaches social and gymnastic dancing, and also corrective gymnastics, dynamic breathing, elocution and simple jiu jitsu tricks of self defense. Mrs. Henry S. Thompson can give further information regarding Miss Kingman and her work.

THEY HAVE A DEFINITE PURPOSE

Foley Kidney Pills give quick relief in cases of kidney and bladder troubles. Mrs. Rose Glaser, Terre Haute, Ind., tells the results in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." The People's Drug Store.

Negaunee, Mich.

PEARCE B'K, W. IRON ST.

Negaunee Department

TOWNSEND WILL BE HEARD HERE LIGHTNING, HAIL AND RAIN AT PALMER

Candidate for Senator Arranges to Give Negaunee Voters Night Meeting.

While Representative Townsend's schedulers did not call for a night meeting in Negaunee, he received so many urgent requests from Negaunee voters to speak in the evening, when men employed in the mines would have an opportunity to hear him, that he has arranged to talk at the band stand in the city square at 7:30 o'clock, prior to his Ishpeming meeting. He will talk for thirty or forty minutes, which will give him an opportunity to cover many important points he is making in his canvass. He will then go to Ishpeming in an automobile, where one of the speakers accompanying him will have opened his meeting.

Negaunee is fortunate in having Representative Townsend re-arrange his schedule so as to appear here in the evening, as he is far and away one of the finest political speakers who has ever visited the upper peninsula. He has a magnificent voice and his address abounds in fine argument, light and up-to-date touches of wit and sarcasm in a manner that drives in his points effectively. His Marquette address was one of the most powerful efforts of the kind ever made in the county, and won him hundreds of supporters.

CAMPERS PLAY BALL.

Little Lake Nine Defeated by Resorters Near Swanzy.

The campers who spent Sunday at the resorts of C. L. Sproule, T. C. Yates and others in the Swanzy district defeated the Little Lake baseball team in an exciting contest, by a score of five to four. The feature of the game was the playing of Everett Sproule of Pennsylvania and C. L. Sproule. Messrs. Sproule and Sproule played on the Negaunee team back in the eighties, when it held the championship of the upper peninsula for several years. Mr. Sproule's son, Everett, was in the box and Mr. Sproule's son, Jay, was behind the bat. Al Maitland also won the applause of the ladies present by his many clever pickups at short.

BUSINESS IS INCREASING.

Steel Corporation Producing Pig Iron at the Rate of 11,000,000 Tons Annually.

It is reported from New York that the business in iron and steel products is increasing steadily and that many orders for finished steel have been placed the past week. The United States Steel corporation is now producing pig iron at the rate of 70 per cent of its capacity. This means that the corporation is turning out steel at the rate of about 11,700,000 tons annually and pig iron about 1,000,000 tons less. The independent steel interests are operating about the same proportion of capacity. It is now thought probable that the decrease in the production of pig iron by all interests this month will be less than in July. Estimating the total production on the output the past two or three months, in the neighborhood of 25,000,000 tons will be produced this year, while consumption requirements are now estimated at 24,000,000 tons. Stocks held carried on furnace books aggregate 1,800,000 tons.

In finished steel production the wire trade is the only one displaying any real activity. The railroads are still placing only mandatory orders for equipment. The New York Central railroad has not yet awarded the contract for its New York terminal, requiring 10,000 tons of steel, but it will probably be placed with the American Bridge company before the end of the month. Steel building work is light and may continue so throughout the month. Last week total contracts for fabricated steel aggregated only 15,000 tons, of which the American Bridge company looked only 3,200 tons for the Connecticut river bridge, awarded to the Pennsylvania Steel company; the plain material to be furnished by the Eastern Steel company. Bids have gone in on 2,900 tons for the Sioane building on Fifth avenue.

The principal feature in pig iron is the negotiation by the largest cast iron pipe manufacturers for 19,000 tons of southern iron. Steel making iron in the Central West has declined twenty-five cents per ton.

WILL BE MARRIED TODAY.

Miss Myrtle Ross, daughter of George W. Ross, a former resident of Negaunee, also of Republic, will be married today at Marquette to Fred Phillipson of Dowagiac, Mich. Miss Mabel Jackson, a friend of the bride-to-be, left last night to attend the wedding. It will also be attended by Miss Ross' grandmother, Mrs. Lynch, and her daughter, Miss Clotie Lynch, of Republic. Miss Ross is very well known both here and at Republic, as she has been a frequent visitor in both places. Her father was employed at the Duluth, South Shore & Atlantic Railway company's depot here more than twenty-five years ago, and prior to coming to Negaunee he worked at the Greenwood furnace during part of the time it was in operation. He has been at Marquette practically all of the time since he left Negaunee. Mr. Phillipson is a merchant and has clothing stores at Dowagiac and Cincinnati, O.

THE BEST HOUR OF LIFE.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that. It is the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever, any Throat or Lung Trouble. 50c. \$1.00. Trial bottle free. Guaranteed by Stafford Drug Co.

Residents of Location Badly Frightened When Lightning Danced Among Them.

A severe electrical storm, followed by hail and rain, gave the people of Palmer a scare Monday morning about 7 o'clock. The lightning struck the house occupied by the Hirvika family and came in contact with Mrs. Hirvika, but did not injure her seriously. The chimney was knocked off the house, the floor was ripped up and other damage was done. Three children were in the house with their mother, but none of them were injured. The doors of Henry Rector's house were all forced open by lightning, which seemed to have entered the building but did not strike anything.

A Palmer man yesterday said that the hailstones were the largest he had ever seen. Some of them were almost as large as ordinary hens' eggs. The lightning was the most wicked the people of Palmer had ever seen. The storm was as severe a few miles west of Palmer and south of the Winthrop as on the Cascade range.

Although Negaunee is only five miles from Palmer, there was neither lightning nor hail here, but there was a light fall of rain about the time the heavy down-pour occurred at Palmer.

The unusual appearance of the sky Monday caused much comment. It was generally thought that it was due to the forest fires some distance away. About the time the sky looked the gloomiest, a report was circulated that Eveleth, Minn., was burning. There are a number of former Marquette county people located at Eveleth and some of them have large property interests there, so the report caused very general comment.

It was reported that the Marquette range officials of the Oliver Iron Mining company had been advised from the company's Fayal office at Eveleth that the town was burning, but W. H. Johnston received no message to that effect.

LOCAL LACONICS.

Rev. Edward L. Rae of Chicago was in the city yesterday.

Bernard Barasa, wife and child are here from Chicago on a week's visit to his folks.

Dr. J. H. Andrus returned to his camp near Swanzy yesterday, and will remain there until Friday.

J. D. Chubb, the architect, was here from Chicago Monday, looking over the work at the Negaunee National bank's new block.

Mrs. Charles Ellis and daughter are here from Eveleth, Minn., on a visit to Mrs. Ellis' parents, Mr. and Mrs. William Walters.

Mrs. James Malloney has returned to her home in Marquette after spending several days visiting Mrs. H. W. Jackson.

Mrs. James Kendall of Houghton is here on a visit to her brothers, John and Richard Nesbitt. She will also visit Thomas Nesbitt and family in Ishpeming before returning home.

Miss Doris Kingman, of Chicago, will give a series of social and gymnastic dancing lessons in this city next month. Miss Kingman also instructs in corrective gymnastics, dynamic breathing and simple jiu jitsu tricks of self defense.

Peter Rasmussen is having fine success with his second annual clearance sale, which started a week ago tomorrow. Mr. Rasmussen is offering unusual bargains and his daily sales have been large. The sale will continue for several days more.

McKale, first baseman of the Negaunee baseball team, who has been visiting at C. L. Sproule's camp for the past two or three days, came up from there yesterday in George J. Maas' automobile and they were entertained last evening at dinner at Mr. Maas' home. He and his children are to leave this morning on the South Shore train for Houghton, where they will take the Northwest on a lake trip.

The regular monthly meeting of the board of education will be held Friday evening, when matters pertaining to the opening of the schools on Sept. 6 will be disposed of. A full corps of teachers has been engaged, and the repair work at practically all of the school buildings has been completed, so that everything is in readiness for the opening.

W. R. Oates of Laurium and other speakers were heard in the city square here last evening, in the interest of Chase S. Osborn, candidate for the nomination of governor. They are making a tour of the upper peninsula, and report that they are being greeted by large and enthusiastic audiences. Although their meeting last night was not advertised the addresses were listened to by many voters.

The funeral of the late Mrs. S. R. Hanson, whose remains were received in Negaunee yesterday morning, will be held this afternoon at 2:30 o'clock from the home of Mrs. Anna Pearce, mother of the deceased, on Merry street. Rev. D. C. Plannette will conduct the services.

The National Travelers were greeted with a large houseful of Negaunee yesterday morning, when they were held at the home of Mrs. Anna Pearce, mother of the deceased, on Merry street. Rev. D. C. Plannette will conduct the services.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by The People's Drug Store.

BOTH PHONES.

RECIPE FOR A GOOD NURSE.

This recipe is supposed to have been given by a famous doctor over a hundred years ago. You require to take one grain of sense, half a grain of prudence, one dram of understanding, one ounce of patience and one pound of resolution. Intermix the whole well together and fold up in your brain twenty-four hours; then put them in the bottle of your heart, stopping them with the cork of judgment. This, rightly made and taken in proper doses as often during the twenty-four hours as may be necessary, will soon qualify you to be a most admirable nurse and successful cook to your invalid friends.

THIS IS CERTAIN.

The Proof That Marquette Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time. Thousands of people testify that Doan's Kidney Pills cure permanently.

Grateful endorsements should prove undoubtedly the merits of this remedy. Years ago people right in this locality testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say that time has completed the test.

Mrs. Edward Hatton, 423 Duddington St., Menominee, Mich., says: "For years my back was so weak and pained me at times so severely as to lay me up. In the morning upon arising I could hardly dress myself and if I sat in one position for any length of time I was unable to arise. I tried everything I could think of in an effort to get relief but was unsuccessful until I procured a box of Doan's Kidney Pills and used them. I am glad to say that this remedy strengthened my back, removed the pain and benefited me greatly. I gladly give Doan's Kidney Pills my endorsement." (Statement given Jan. 1905.)

FARMERS ARE ASKING AID

Opinion Expressed That Government Would Do Well to Devote Special Attention to Grasshopper Problem in Upper Peninsula Which Has Become Serious.

State Experiment Farm Has Given Considerable Attention to the Subject, But Still the Insects Are the Most Destructive Pests in This Locality.

Though it is not expected that grasshoppers will do any further damage to crops in this locality this season, there are a number of farmers who are of the opinion that an effort should be made to get government aid to prevent a repetition another season of the great damage they have done this summer, and also in 1909. According to one farmer, grasshoppers the last few years have been the most destructive pests to the agricultural interests, and there is no reason to believe that they will be any less numerous next year, in case the weather should be dry and favorable to their development.

On sandy soils in this locality the grasshoppers have practically ruined the hay crops for the last two years, and have done untold damage to oats and other crops. They appear to be active only in dry weather and it is in June and July that they get in their most destructive work. A most valuable bulletin on grasshoppers has recently been issued by L. M. Geismar, of the upper peninsula experiment farm, in which various means for exterminating the pests are discussed.

In 1909 the grasshoppers disappeared almost as suddenly as they came, due to the ravages of a parasite, known as "red lice," which bored under the wings of the grasshoppers and, by the lungs, eventually leaving nothing but the dry shell. This year these parasites did not appear until later than in 1909 and not until the grasshoppers had done about all the damage they could do. The parasites seem to thrive in wet weather.

Insect Parasites.

In Mr. Geismar's opinion, the red lice cannot be depended upon to do much toward the timely and effectual extermination of grasshoppers. He says that more benefit can be expected from the ash-gray blister beetle, an insect often called "the new potato bug," which has multiplied very rapidly the last two seasons. While in their larval stages these beetles feed upon grasshopper eggs, and in this regard, Professor R. H. Pettit, entomologist of the Michigan Experiment station, states, "In fact the young blister beetle of this group is not known to feed on anything else." The eggs of grasshoppers are laid in pods covered with waterproof shells, makes it possible for the beetles to do a great deal of damage to the contents of the pods by devouring part of the pods. If all are not eaten, fermentation and the consequent loss of a part of the hatch are to follow. Therefore, it is possible for the beetle to attain its majority only at the expense of many grasshopper eggs.

The so-called hair snake is another parasite which lives for a part of its existence inside the body cavities of grasshoppers and crickets. Birds are also valuable aids in the destruction of grasshoppers. In dry seasons, however, the grasshoppers thrive and are able to survive the attacks of their parasite enemies and do great damage to crops. Mr. Geismar recommends plowing of sandy soils to bury the grasshopper eggs, thus preventing them from hatching, and the use of Criddle mixture as the most effective means of getting rid of the pests. Criddle mixture is a mixture of horse manure, salt and paris green. The insects are fond of salt and eating it get enough of the paris green to kill them. The only objection to this process is that the poison may do harm to domestic animals, though no cases of this sort have been noticed at the experiment farm.

In spite of all that has been done by the experiment farm officials, however, there are many farmers in this vicinity of the opinion that the grasshopper problem has not yet been solved, and believe that the government might well devote special study to effective means of exterminating these insects, which are now perhaps the most serious menace to the future agricultural development of the upper peninsula, especially where the soil is sandy.

SEPTEMBER JURORS.

List of Those Subpoenaed for Coming Term of Circuit Court.

The jurors for the coming term of circuit court, which opens Sept. 7, have been subpoenaed to appear on Sept. 12. The first five days of the term will be taken up with hearing citizenship petitions, assigning cases for trial and nonjury matters. Present indications are that the term will not be an especially long one, though there are several personal injury cases on the calendar which, if tried, will take some time. The list of jurors follows:

- Ishepning—James A. Blackney, John Bissonette, T. H. Carlson, Jr., Wm. Newman, Wm. Jenkins, John D. West, William Penberthy, Victor Holmgren.
- Negaunee—Fred Rice, George Price, Sam Stevens, James Gaffney, Benjamin Rickard.
- Marquette—Louis Bernard, Herman Lang, George P. Hodgkins, Alfred Beaufray, Axel W. Johnson.
- Townships—
 - Champion—John Plankey.
 - Chocoma—August Becker.
 - Ely—Napoleon Papin.
 - Forsyth—Ernest Noren.
 - Humboldt—Victor Finn.
 - Ishepning—Arthur Gustafson.
 - Michigan—Wm. Block.
 - Marquette—John Rublein.
 - Negaunee—Jacob Strommer.
 - Powell—Frank Brandon.
 - Republic—Isaac Silberg.
 - Richmond—Nels Nelson.
 - Scio—Fred Laramie.
 - Scandia—Charles E. Johnson.
 - Turin—Fred Grimes.
 - Tilden—Chas. Burnell.
 - West Branch—Oskar Racine.
 - Wells—Adelard Page.

STORES WERE CLOSED.

Munising Gave Representative Townsend Rousing Reception.

The interest felt in Representative Townsend's success in the senatorial primaries at Munising may be gauged by the fact that for his meeting there Monday, at 4 o'clock, President Weiss, the executive of the village, arranged with the business men to close their stores for an hour, so that their proprietors and clerks might be free to hear Mr. Townsend's address. It is said that even the saloons were closed. In consequence Mr. Townsend and the members of his party had the opportunity of addressing a large and representative audience. Dr. Trueman presided, introducing the speakers. Many of the most influential political factors in Alger county are aligned with Mr. Townsend in his fight for the nomination and he was assured at Munising that he would get a majority of the vote in Alger county.

Representative Townsend spent Sunday at Mackinac Island. At St. Ignace Monday morning, on the arrival of the car ferry, he addressed a gathering of 150 people assembled by his St. Ignace friends to hear him. He was introduced by Attorney McNamara, and had opportunity to deliver an extended address on the issues. At Newberry, where the train stopped ten minutes, he found another company of the voters assembled at the depot, and after being introduced by Sheriff Turnbull spoke until the train left, when he dodged onto the platform, as the crowd applauded his remarks.

SPECIAL MEETING OF THE COUNCIL

Primary Election Voting Places Designated and Other Matters Considered.

At a special meeting of the common council held last evening, the voting places for the different wards of the city at the primary election Sept. 8 were designated. The location of the voting places will be the same as in recent regular elections, as follows:

- First ward—Lake Superior Carriage Works, Champion street.
- Second ward—City road roller building, Spring street.
- Third ward—Hodgkins' livery, Pine street.
- Fourth ward—City Hall.
- Fifth ward—Building at 825 North Third street.

On petition of property owners along the east side of Third street between Washington and Bluff streets, the council authorized the street commission to put in a concrete gutter on the east side of Third street, same to be paid for out of the general fund.

A communication from E. S. Rice, president of the First National bank, was read relative to an assessment levied by the board of review against L. G. Kaufman, trustee, covering several mortgages aggregating \$5,000. The communication stated that the mortgages showed on their face that they were the property of the First National bank, and that Mr. Kaufman had no personal interest in them, and that, furthermore, with one exception they had been paid and cancelled before the assessment was made. For these reasons, inasmuch as banks are taxed upon their capital stock and real estate, Mr. Rice asked that the council relate the assessment against L. G. Kaufman, trustee, which clearly had been illegally made.

On motion of Alderman Schauer, supported by Alderman Asire, the council voted to refer the matter to a special committee, which was appointed by the mayor, as follows: Aldermen Asire, Schauer and Ekstrom. The duty of this committee is to confer with the board of review as soon as possible in order to get at a thorough understanding of the alleged illegal assessment. Alderman Asire stated that it was his belief that the board of review had been negligent in this matter and that his purpose in having this committee appointed was to forcibly call the attention of the board to their error. The council then adjourned until Wednesday evening, Sept. 7.

BASEBALL WAR ON.

Trout Creek and Ewen Each Boast of Championship Team.

Judging from the amount of noise that some of the folks at Ewen and Trout Creek are making, each of these towns has some baseball team, and Ted Sullivan, scout for the White Sox, will make a mistake if he passes up those towns on his trip through the north country sizing up likely baseball timber. On July 4, Ewen and Trout Creek played against each other, and Ewen got the best of the argument, as the result of which life has been made miserable to a communication received last evening as follows:

Trout Creek, Mich., Aug. 23, 1910. Editor Mining Journal: Heretofore, the Ewen Cubs have on every occasion boasted of their peerless ball playing and whenever they won a game, the losers would never hear the end of it. We, "the Trout Creek Stars," have been repeatedly laughed at by them, both personally and through the papers but now we have the pleasure of boasting that the Ewen Cubs will not give us a game under any conditions. Our manager sent them a challenge for a game here last Sunday, offering to bet \$25 or \$50, and their manager immediately resigned and wouldn't even answer our challenge. We wrote and phoned to several parties before we could find their new manager, who promised he would let us know by first mail whether or not we could be favored with a game, but at this writing no answer has been received and we feel safe in supposing "they're afraid of the cars." Our challenge still holds good and if the Ewen Cubs have any doubts about the truth of this article, the manager of "Trout Creek Stars" is ready to verify every word of it.

OSBORN RALLY HERE TONIGHT

W. R. Oates, Rev. J. A. Kennedy and Sherman Handy Will be the Speakers.

A rally in the interest of Chase S. Osborn's candidacy for governor will be held this evening at 8 o'clock at the band stand in Lakeside Park. Should the weather be unfavorable for an outdoor meeting the rally will be held in the assembly room of the city hall.

The speakers will be W. R. Oates of Laurium, president of the Upper Peninsula Osborn club, and Rev. Dr. J. A. Kennedy and Sherman Handy, who will point out the issues of the campaign and the reasons Mr. Osborn is entitled to the solid support of the upper peninsula voters.

The Marquette City band will be in attendance, and previous to the speaking will give a concert. Mr. Oates and his associates on the trip during the past week or more have covered several upper peninsula counties and before they complete their tour they will have covered all the important cities and towns of the upper peninsula. They report that the Osborn sentiment is now stronger throughout this district than it has been at any previous time in the campaign.

"The trip has been a most gratifying one in many ways," Mr. Oates says, regarding it. "Wherever we have gone the local Osborn leaders have assured us that the interest displayed in the other candidates has been gradually ebbing the past few weeks until Mr. Osborn is assured of probably 90 per cent of the entire upper peninsula vote. When you begin to figure out what this means in majority you can see that Mr. Osborn will go south of the straits with a most gratifying lead over his competitors."

THEATRICAL.

"Rosalind at Redgate."

"Rosalind at Redgate," by the author of "The House of a Thousand Candles," will be the offering at the opera house this evening. The play is a dramatization of Meredith Nicholson's novel of the same title. The new play is like its predecessor, who are as alike as two peas, and it is this wonderful likeness between them upon which the author builds his complications. "Rosalind at Redgate," according to advance press notices, is proving the big romantic play of the year, and is even exceeding "The House of a Thousand Candles," Mr. Nicholson's first success, in popularity.

"The Blue Mouse."

"The Blue Mouse," with a cast including Grace Merritt, Wilton Taylor, Inda Palmer, Guy D'Emery, Margaret Siegel, John Hynes, Gordon Mendelssohn, W. G. Reynolds, Frank Holbach, John Dunne, Mary MacGregor, Doris Kraker, Manual Alexander and others, will be presented by the Messrs. Shubert at the opera house Friday evening. The late Clyde Fitch was the author of this most amusing farce and the Messrs. Shubert are the original producers, having brought out the play two seasons ago. In substance the plot is this: Paulette Divine, a Salome dancer, who is known as "The Blue Mouse," undertakes, for a consideration of \$2,000 per month, to pose as Mrs. Rollette, the wife of the secretary to Lewellyn, an investor in the Inter-State railroad. This she does in order that she may flirt with Lewellyn, thereby gaining from him the secretary's promotion, which, of course, is the cause of the existence of the peculiar contract. It should be explained that Lewellyn enters himself immensely in the flirtation with a pretty girl, the enjoyment, apparently, being satisfied if he succeeds in accompanying his attractive companion to a fashionable cafe and afterwards to the theater. With this knowledge "The Blue Mouse" undertakes the commission and succeeds. The president swallows the bait. In order to further the affair, he sends his secretary out of town. Realizing, of course, that the trip is arranged merely to get him away from New York, Rollette does not leave the city and inadvertently meets the president at the apartment of "The Blue Mouse." Lewellyn has great difficulty in explaining the object of his call. "The Blue Mouse" does, however, by producing an order calling for Rollette's promotion and thus the day is saved as well as the honor of the alleged Mrs. Rollette. The first of the three acts shows the partitioned offices of the Inter-State railroad, the second the "inner apartments" of "The Blue Mouse" and the third the home of Mrs. Rollette. One of the New York critics called the play "the Billiken play of the season."

CARD OF THANKS.

We wish to express our sincere thanks to our many friends of Marquette for their sympathy, and the floral tributes at the funeral of our husband and father. We want also to thank the Champion lodge, K. O. T. M., and all our Champion friends, for their kindness and floral tributes.

MRS. CARON AND CHILDREN.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the Board of Supervisors of Marquette County, Michigan, on Sept. 7th, 1910, for the "Tribune Building" to be located at Morgan, Marquette County, Michigan. Plans, specifications and instructions to bidders are now on file at the office of the County Clerk, and also at the office of the architect.

The right to reject any and all bids is reserved.
