

TOWNSEND IN HIGH FAVOR IN COPPER ROOM

Warmth of His Reception in Houghton and Keweenaw Counties a Gratifying Surprise to the Progressive Republican Candidate Who Seeks Senatorial Toga

Two Thousand People Turn Out to Hear Him Speak at Calumet—The Meeting the Biggest Held in the Metropolis in Years, as Well as the Most Enthusiastic.

Calumet, Mich., Aug. 26.—Congressman Charles E. Townsend of Jackson, candidate for the Republican nomination for United States senator, in opposition to J. C. Burrows, arrived in Calumet this noon, accompanied by State Senator Arthur Tuttle and Congressman W. J. McLaughlin, the latter a brother of Cashier McLaughlin of the Houghton National bank.

Both the senatorial candidate and Senator Tuttle expressed themselves as greatly pleased with their treatment in the upper peninsula. They said it was one continuous reception, with every evidence of hearty good will for the Jackson senatorial candidate.

This afternoon Mr. Townsend and his party made an automobile tour of the country about Calumet. They visited Ahmeek and Mohawk, in Keweenaw county, where the congressman delivered brief addresses to assemblies composed largely of miners.

Congressman Townsend was introduced by Prosecuting Attorney Wm. J. McDonald. He was in excellent voice and spirits and he delivered an address along progressive Republican lines that was punctuated throughout with hearty applause and cheering.

Mr. Townsend talked from an automobile around which were gathered the young Republicans of Calumet, his hosts in the first town of his visit to the copper country. The candidate reviewed the history of the government, showing why the popular election of United States senators was impossible in the early days and it is possible now.

Mr. Townsend kept the big crowd interested, and he made a great impression alike through his personality, his oratory and his argument. He was preceded by Congressman McLaughlin, who told of Mr. Townsend's legislative career and what he had accomplished in congress.

Warren, Pa., Aug. 26.—Waiving his preliminary hearing on charges of conspiracy to defraud the electors of Warren county, Joseph C. Sibley, recently resigned as a candidate for congress, was today held for court trial by the justice of the peace before whom he was arraigned.

Grand Island, Neb., Aug. 26.—The West gave former President Roosevelt a warm greeting today. The people gathered in crowds at all the places where he stopped in his journey across Iowa and part of Nebraska.

Lee Browne Trial Takes a New Turn. Special Grand Jury to Investigate Charges of Perjury "and Other Matters."

Chicago, Aug. 26.—The second trial of Lee O'Neil Browne, charged with purchasing votes to elect William Lorimer to the United States senate, took a new turn today, when Judge Theodore Brennan ordered a special grand jury to assemble Aug. 30 to investigate charges of perjury and other matters.

Stock Market Scores a General Recovery. Trading Is Very Narrow, However, and the Overturn Is the Smallest of the Week.

New York, Aug. 26.—On the smallest overturn of business this week, today's stock market made a general recovery from the losses of yesterday when rumors of frost in the Northwest precipitated a general selling movement.

Speech Makes Hit With the Crowd. Mr. Townsend talked from an automobile around which were gathered the young Republicans of Calumet, his hosts in the first town of his visit to the copper country.

FAST TIME IS MADE ON THE ELGIN COURSE

Winner of the Illinois Automobile Trophy Averages Better Than a Mile a Minute.

Elgin, Ill., Aug. 26.—Out of the potpourri of races over the new 8 1/2-mile automobile course today, three drivers and three cars emerged with distinguished honors—A. Livingstone, spinning a mile a minute for 203.53 miles, annexing the major event, the Illinois trophy, with a National; C. D. Buck, who drove half of his race with one spring suspension broken and captured the Kane trophy, covering 169.46 miles in 3:04:45.79; and A. Hearne, who drove his own car, a Benz, in the small car contest and who took the Fox River trophy, his time for 135.57 miles being 2:30:43.55. Livingstone averaged 60.6 miles per hour, Buck fifty-five miles and Hearne fifty-four.

Marquette, Mich., Aug. 27.

The cruel war is nearly over.

Well, we can at least look forward to a peaceable state convention.

Don't worry, William Barnes, Jr.; Theodore will be back from the west in time to be there, all right.

Mrs. Cudahy will neither go on the stage nor marry Lillis. What will the guessers try now?

If the accusations current are to be believed, the rumor bureau of the Muselman campaign is located at Escanaba.

Of course if Bible Student Browne is convicted in Chicago his plans to secure a re-election will be seriously interfered with.

Secretary Ballinger's critics keep him such a busy man that it is hard to understand how he can find time to attend to his departmental duties.

The second relation of the tale of how Agent Browne purchased Senator Lorimer's seat for him doesn't differ much from the first. Only it is a little more so.

Ted Sullivan, the baseball scout, suggests a professional league, to be composed of four teams in the copper and iron countries. No thank you, Ted. We have troubles enough as we are.

Mayor Gaynor's recovery is so far advanced that he is now laying his plans to resume official business. The only result the attempt to assassinate him had was to cheat him out of his dearly earned vacation.

The stock market, like the rest of the country, is just now dominated by politics. The brokers are pulling long faces again, although it is but a few days ago that they were bubbling over with cheerfulness.

Says the Iron Mountain Press: "Mr. Townsend delivered an address at noon from the bandstand and had an audience of several hundred. He is a brilliant and convincing orator and he undoubtedly won the friendship of his hearers."

Negaunee and Marquette clash today in the first game of an important series. If Negaunee wins it, no one can quarrel with its pennant aspirations. But if Marquette should cop the games the disposal that will be made of the bunting still will be an open question.

Senator Cummins will speak for Senator La Follette in Wisconsin the last three days of the month. La Follette's stomach may be a little below par, but apparently he has many eloquent friends whose digestive apparatus is in the best possible working order.

Lieutenant Governor Kelley has ripped the lid off his campaign, and the burden of his appeal to the voters is suspicions of the upper peninsula. We believe the issue will show that Mr. Kelley has greatly overestimated the attractiveness of this kind of an issue.

Senator William Warner, of Missouri, announces that he will not be a candidate for another term. He says that his great age and consequent debility will not allow him satisfactorily to discharge the duties of his office. Senator Warner is seventy-one years old. P. S. Senator Burrows will be seventy-four next March.

Speaking at Dunkirk, N. Y., Colonel Roosevelt said: "I have always admired the railroad men because they have certain qualities I like to think of as typical of Americans. They know how to act, each for himself, and also in combination. They know how to work. They know how to obey orders. The average American in our political, industrial and social life must show just these traits."

State Chairman Canfield, of the Democratic committee, reported on his return to Detroit from an extended tour of the upper peninsula that he was astounded at the rapid growth of the sentiment here in favor of Representative Townsend for senator. Chairman Canfield came to the upper peninsula believing that Senator Burrows' endorsement on Sept. 6 was assured. His observations in this region led him to materially revise his estimate.

The wonder is how a man who has been credited with the political acumen that has been generally ascribed to Vice President Sherman, and who has always been disposed to cat-foot it through

ticklish situations, ever came to get himself into such a mess. The "old guard" seems to be losing all its finesse at the game, and finesse was once its highest boast.

The issue of Cannonism is playing hob not only with Republican candidates for renomination to congress, but also with Democrats. Two Georgia representatives, of long terms of service, were defeated in the primaries this week because they were members of the group of Democrats, led by Representative Fitzgerald, of Brooklyn, who aided in securing the Cannon organization of the last house, with the sole concession of calendar Wednesday. The successful candidates made this the issue of their campaign.

The candidates for governor will devote the greater part of next week to Wayne county and Detroit. Mr. Osborn has an admirable organization in Wayne, in which is found many of the most important political factors in both county and city. Lieutenant Governor Kelley has by no means neglected this field, and has the assistance of the numerous appointees of the heads of the various state departments who are resident there. Mr. Muselman has done less to organize Wayne than either of his opponents. Detroit is expected to turn out a substantial majority for the upper peninsula candidate, as his campaign there has been pushed aggressively for several weeks. Both he and Lieutenant Governor Kelley will address numerous meetings during their stay in the city.

In view of the story, put out by the Burrows campaign bureau, that Senator La Follette has expressed his approval of Michigan's senior senator and made the statement that if he were a Michigan elector he would vote for him, a few extracts from an article in La Follette's Magazine on the subject of that venerable gentleman do not come amiss.

"Senator Burrows, of Michigan," says the Magazine, "is one of the younger members of the 'old guard' in the senate. He is only seventy-three years of age and has been a senator a little over fourteen years. But the 'system' has found him most reliable and his promotion in the organization has been rapid. When the 'system' organized the business end of the last national convention it selected Julius Caesar Burrows, of Michigan, to make the keynote speech of the convention. This was an exacting job, to be done under critical circumstances. The 'system' did not want Taft, but on this point it acknowledged defeat unless— and the alternative was a nightmare to the 'system'—unless the convention should be stampeded to Roosevelt. Next to Roosevelt himself, the 'system' feared most the injection of any Roosevelt or progressive ideas into the platform. Of course the situation was carefully gone over and analyzed and it was planned to have things happen according to the 'system' program—unless a burst of enthusiasm should upset things. Such must not be permitted to happen. There must be no excitement, no enthusiasm, nothing to interfere with the precise and scheduled movements of the machine. To forestall such a contingency, the 'system' needed a chairman who would act as a vet blanket. Senator Burrows was put in the chair."

STEPHENSON BUTTS IN.

Uncle Ike Stephenson, of Marquette, who is the controlling factor in a number of important Delta county industries, has been over at Escanaba telling the voters of that city how they should dispose of their ballots for senator in the primaries September 6.

The burden of his advice, which is set forth in an interview printed in the Escanaba Mirror, is to vote for Senator Burrows, who has been one of his dearest pals since he forsook the Wisconsin progressives who elected him to office and cast in his lot with the remnants of the old Stalwart faction.

Neither Uncle Ike Stephenson, nor any other Wisconsin officeholder, has any business invading Delta county to tell the intelligent electors there what to do with their ballots. The offense is particularly flagrant in the case of Uncle Ike because he is one of the members of the United States senate who bought his way into that body. His campaign expenditures in the primary two years ago gave rise to one of the most noisome political scandals that has ever occurred in Wisconsin. His managers admitted an outlay of nearly \$100,000, and the total outlay was largely in excess of that figure.

So bald was Stephenson's use of money in his campaign that the legislature deadlocked on the question of whether the endorsement he obtained at such a cost in the primaries should be ratified, the opposing Republicans taking the position that there had been wholesale debauchery of the voters. And the deadlock might have continued indefinitely had not the opportune absence of two Democrats at one sitting of the joint session of assembly and senate permitted Stephenson's election by a mere majority. There is an abiding belief that these recant Democrats were substantially "induced" to remain away and that if the truth could only be unearthed there would be a story that would not make pretty reading for future generations of Stephensons.

Stephenson is a man of mediocre abilities, a moneybag in politics, who has attained his present high position through the brute force of his great wealth. He is a sorry figure to invade Delta county, or any other Michigan town, and endeavor by his influence as an employer to turn votes to Senator

Burrows. This would be an impertinence in any man. In Stephenson it is a joke.

A LAUGH OR TWO.

Dear Old Soul.

It was her first voyage, and the old lady took a keen interest in the working of the big liner. The vessel had not long left port when she slowed down.

"The ship appears to be stopping, captain. Why should we stop here?" asked the old lady, in some anxiety.

"To let the pilot off, ma'am."

"Do you mean to say that the pilot does not go with us all the way and direct the course, captain?"

"That's what I mean, ma'am."

This gave the questioner food for thought. Presently she smiled, as if struck by a bright idea, and she added: "How silly of me! Of course, after the pilot has set the rudder pointing in the right direction there's nothing more for him to do, so he goes."—Tit-Bits.

Beware the Dog!

A family moved from the city to a suburban locality and were told that they should get a watchdog to guard the premises at night. So they bought the largest dog that was for sale in the kennels of a neighboring dog fancier, who was a German. Shortly afterward the house was entered by burglars, who made a big haul while the big dog slept. The man went to the dog fancier and told him about it.

"Well, what you need now," said the dog merchant, "is a leedle dog to vake up the big dog."—Everybody's Magazine.

Ruse Went Wrong.

To have themselves called publicly out of a crowded place of entertainment on the pretense that they were urgently wanted by importunate patients is stated to be one of the stock methods of advertising resorted to by young doctors, who wish to build up a practice. A budding physician tried this device. He instructed his boy to go to the door-keeper of the theater and say that a patient of his was in urgent need of attention.

"Right you are, sir!" said the servant, with a solemn wink. "You leave it to me. I'll manage it all right."

But apparently the honest retainer exceeded instructions in his zeal, for at the end of the second act the manager appeared before the curtain and made this announcement: "If Dr. Blank is in the audience; I am requested to tell him that he is wanted at once, as the poor fellow he gave some physic to this afternoon has been having fits ever since!"—Tit-Bits.

A Campaign Story.

A story that has done service in political campaigns to illustrate supposed dilemmas of the opposition will likely be revived in the approaching political "heated term."

Away back, when herds of buffalo grazed along the foothills of the western mountains, two hardy prospectors fell in with a bull bison that seemed to have been separated from his kind and run amuck. One of the prospectors took to the branches of a tree and the other turned into a cave. The bull bison followed at the entrance to the cavern and then turned toward the tree. Out came the man from the cave and the buffalo took after him again. The man made another dive for the hole. After this had been repeated several times the man in the tree called to his comrade, who was trombling at the mouth of the cavern: "Stay in the cave, you idiot!"

"You don't know nothing about this hole," bawled the other. "There's a bear in it!"—Everybody's Magazine.

HERE AND THERE.

With a few weeks the antiquated horse-car service on several short, cross-town lines in New York will be discontinued and replaced with storage battery cars of the latest type.

The Chicago Tribune's summary of automobile fatalities for the year shows 210 persons killed.

When ex-Empress Eugenie dies she will be interred in a tomb which will be unique in England if not in the world. There has just been made a remarkable addition to the mausoleum in the Benedictine abbey church at Farnborough which was built by Empress Eugenie at a total cost of over \$300,000. On either side of the high altar there are granite sarcophagi containing the bodies of Napoleon III and the prince imperial. Behind the altar is a small door leading into the monastery, and over this arched doorway has been built into the wall an arch designed by French architects. It is of stone throughout. This new work forms the framework of a tomb in which the empress will be interred.

The New York Central Railroad company has just closed a deal whereby it says \$1,000,000 for an entire city block in New York, bounded by Tenth and Eleventh avenues and Thirty-second and Thirty-third streets. The company will build on the site a \$500,000 station for express companies.

Two more Englishmen—Sir William Ramsay and Sir E. Ray Lankester—were admitted into the select body of twelve foreign associates of the Paris Academy of Sciences. There were only eight foreign associates of the academy until December of last year when the number was increased to twelve. Of the eight associates on the list last year, two were Americans, namely, Newcomb and Agassiz; but it appears that no Americans have been found to fill the places left vacant by their deaths. There is at present one vacancy to be filled, the eleven associates being: Lister, Stuess, Hooker, the prince of Monaco, Rayleigh, Van Baevel, Van der Waals, Dedekind, Hittorf, Ramsay and Lankester.

A park for birds, costing \$250,000, covers a two-acre tract near Cincinnati. It is being established by Mrs. Emory under the name of "The Mary Emory Bird Preserve." Thousands of birds congregate there, and the ground is to be placed in charge of the biological department of the University of Cincinnati.

"Bokhara," writes William E. Curtis in the Chicago Record-Herald, "is the most important commercial center in Turkistan and does a business of about \$25,000,000 annually, carrying on an active trade by caravans with China, India, Afghanistan and other countries. The merchandise that comes by rail from Russia is stored in large warehouses along the railway track until the camels are ready to be loaded. The produce that is brought in by these same camels is transferred to the railway cars and sent westward to the Caspian sea, and northward to Astrakhan, Odessa, Baku, Moscow and other Russian markets. From China, India and Afghanistan are brought vast quantities of tea, silk, earthenware, drugs, furs, nuttun, fallow, camels' hair, goat's hair, dye-stuffs and other raw materials, as well as finished goods, sugar, coffee, hardware, and a large variety of other merchandise from the factories of Moscow and other Russian cities."

Clyde H. Marshall of Kingston, N. Y., with an average of 298 words a minute, won the national shorthand reporting championship and cup at Denver, W. B. Bottomo of New York, holder of the title and ineligible for the cup again, broke the world's record with an average of 269 words.

Cincinnati is to have a union depot and terminal that will cost \$30,000,000.

SANITARIUM FOR TUBERCULOSIS CASES

Committee of Supervisors Will Recommend Several Sites to the County Board.

R. R. Seiber, of Winona, a member of the board of supervisors' committee on the tuberculosis sanatorium, was in Houghton yesterday, on business.

Mr. Seiber favors locating the sanatorium on the county infirmary land, believing the location ideal for the purpose, but he fears that objections will be raised because the site is difficult of access.

PREPARE FOR SCHOOL OPENING. Matter of Text Books an Important Feature of Opening Work.

The schools of the copper country are preparing to open after the long vacation. The majority of them will resume work next Monday.

This work is in charge of Miss Adams, supply clerk to the schools. In the fall when the schools are in session, the text books are returned from the schools to the supply room in the Central building.

Spellers may be taken as examples of the number of books which the schools of the Houghton district carry for the use of the pupils. The schools have in stock 500 spellers of one edition, showing that 500 children are taking that subject.

Amalgamated's Usual Attitude. The attitude of the Amalgamated toward the Ballaklava is exactly the same as that taken with respect to every other independent mining company in the Butte camp.

Oscar Lindberg, who has been in the employ of the Carpentier-Gook company as salesman in the fruit and vegetable department, has taken a similar position with J. Mufgar & Son.

Mr. Isaacson, wife of Rev. E. V. Isaacson, a former pastor of the Swedish Lutheran church, now located at Land, Texas, was given a surprise Wednesday afternoon by a number of her Ishpeming friends at the home of August Carlsson, corner Fifth and North streets.

Regarding the suit instituted by the Anaconda company against the Butte & Ballaklava, claiming damages of \$1,800,000 for ore taken by the latter from the Mountain Chief and Right Bower properties, and also asking an injunction restraining the defendant corporation from working the district ground, John A. Percival, district secretary of the Butte & Ballaklava, has issued a statement to the stockholders in which confidence is expressed that the allegations of Anaconda will be proved groundless.

The statement says: "The suit brought by the Anaconda is simply a move of the Amalgamated crowd to gain control of the richest mining property on Butte hill. Our company purchased over three years ago from Bishop Carroll of the Catholic church of Montana, the Burke and Ballaklava claims on Butte hill, paying therefor \$400,000 in cash. We at once began the development of the property and after ore bodies of great value had been developed on the ground, title to which has never been questioned, we proceeded to do proving up work to determine beyond all doubt whether or not the veins opened up apexed on our property. For over a year we employed our entire mining force in this work. The surface was trenced from one end to the other, laying bare the veins traversing it for a total length, east and west, of 2,500 feet. From the lower levels these veins were raised out, showing their direction and dip in such a conclusive manner as to establish beyond all peradventure of doubt that the apexes of all the ore bodies opened by us were on our property."

John Robertson is about to build a house on Magnetic street, which will be offered for sale when completed.

Alderman and Mrs. Robert Peters returned yesterday from England, having been out of the city since June 22, last.

Mrs. S. E. Byrne, Miss Laura Byrne and Willis Byrne have returned from a several weeks' visit at Buffalo and Toronto.

Mr. and Mrs. R. C. Young have returned from Escanaba, where they attended the funeral of Mrs. Young's mother.

Mrs. W. P. Finlan and little son, of the Soo, are visiting at the home of her sister, Mrs. P. T. McCarthy, of Presque Isle avenue.

Miss Delphine Mayer, of the Soo, left for Stambaugh to resume her teaching after a few days' visit with her sister, Mrs. P. T. McCarthy.

M. F. Goldberg and Sam Wiseman have gone to Chicago. Mr. Goldberg will make fall purchases and especially will be on the lookout for bargains in diamonds.

The Knights of Columbus will hold a special meeting in Bureau's Hall at 8 o'clock this evening, at which candidates will be initiated into the first degree.

There will be a basket picnic at the Golf club Monday evening. Supper will be served at 6:30. Cards and other entertainment have been arranged for the evening.

Tomorrow will be the last Sunday of the trout fishing season, and many local anglers are planning to make their final visit of the season to their favorite streams.

A number of local politicians are busy checking up on copies of the enrollment lists, with a view to getting out a full vote for their favorite candidates on primary election day.

The Knights of Columbus will hold a dance at the Presque Isle pavilion Monday night, Aug. 29. Music will be furnished by Trombly's orchestra. Owing to disagreeable weather last Thursday the dance was postponed.

R. S. Donaldson, of Davenport, Iowa, is visiting in the city. Mr. Donaldson was formerly vice president manager for the New York Mutual Life Insurance company, and is now the Iowa state manager for the same company.

Posters announcing the Marquette county fair have been put up the past week, which serve to remind the public that fall is approaching, if nothing else. Only three more Sundays of baseball, too.

Bear at Big Bay—Numerous bear stories have been reported of late, but the best to date comes from Big Bay, it being stated that a bold cub walked right into the Hotel Independence one day this week and suffered himself to be captured, where he is now shown as proof of the veracity of this story. Whether the bear willingly submitted to having a rope placed around his neck is not stated.

Last Night of Fair—Tonight will witness the close of the French church fair in Fraternity Hall. A chicken supper will be served from 5 to 8 o'clock, for twenty-five cents per plate. Ten cents admission will be charged at the door in the evening. The diamond ring contest will close at 12 o'clock, and the two contestants, Misses Elva Rivers and Jennie Trecotte, request the presence of all their friends. All the other prizes will be shown and distributed during the evening.

School Registration—Persons eligible to vote at the school board election Sept. 5, who are not registered, may register at the city hall between the hours of 8 a. m. and 8 p. m. today. This will be the only opportunity for registration. Men or women who are registered and are taxpayers, or have children of school age, are eligible to vote at the election. One member of the board of education is to be elected Sept. 5, and there are two candidates for the job, Dr. H. J. Hornbloom, the present incumbent, and J. E. Reau, a former member of the board.

Second Team at Gwinn—One of the best games yet played at Gwinn is expected Sunday, when the second team will clash with the boys of the timber town. With Mitchell at first, White playing third and Swanson in the box, the Gwinn boys will have the strongest lineup of the season. Swanson, who hails from Ishpeming, showed wonderful speed in the game with the Negaunee Buffaloes. It is reported that Swanson will be signed by the Ishpeming league team. Marquette will have about the same lineup as before.

Tent Shows at Fair—Negotiations are now under way by which it is possible that there will be several tent shows and other midway features at the county fair this year. Overtures have been made to the Barkoot Amusement company, the proprietors of the carnival which will exhibit on Barrage avenue fair week, relative to some of the shows operating on the fair grounds in the afternoons, as they are prohibited from keeping open down town except in the evenings. The company's answer to the proposal will not be received until the first of next week. Other arrangements for the fair are progressing nicely, and all of the sporting events promise to be interesting, though matters are not yet in shape for definite announcement.

At the Golf Club—This afternoon the ladies will serve refreshments at the club house, and Mrs. E. W. Allen and Mrs. A. T. Roberts will act as hostesses. On Monday evening a special meeting of

the members will be held for the purpose of acting upon a resolution to change the name of the association to "The Town and Country Club of Marquette," in view of the varied activities of the organization. It is proposed to absorb the old Marquette Snowshoe club and perpetuate the gentle art of snowshoeing. Possibly a toboggan slide will be built and a variety of winter sports are in prospect. All members of the old snowshoe club are especially invited to be present at the club house Monday evening. Supper will be served at 6:30 o'clock and singing and dancing will follow. Another of the special thirty-six-hole matches now being played to determine the golf championship of the club was decided yesterday at the eighth hole, being won by E. V. Allen, two up, one to play, over F. G. Jenks.

PRIMARY ELECTION.

Notice is hereby given that a General Primary Election will be held in the several wards or precincts of the City of Marquette, State of Michigan, on Tuesday, Sept. 6, A. D. 1910, at the places in each ward or precinct as indicated below, viz:

First Ward, at Lake Superior Carriage Works, Champion street.
Second Ward, at City Road Roller building, Spring street.
Third Ward, at Hodgkins' Livery Office, Pine street.
Fourth Ward, at City Hall, Washington street.
Fifth Ward, at Building at No. 825 North Third street.

For the purpose of nominating by direct vote candidates for each of the several political parties for the following offices: NATIONAL—One candidate for United States Senator; one candidate for Representative in Congress from the Congressional district of which said voting precinct forms a part. STATE—One candidate for Governor, and one candidate for Lieutenant Governor. EXECUTIVE—One candidate for Senator in the State Legislature for the Senatorial District of which said voting precinct forms a part; one candidate for Representative in the State Legislature for the Representative District of which said voting precinct forms a part. COUNTY—One candidate for each of the following County offices, viz: Sheriff, Clerk, Treasurer, Judge of Deeds, Probate, Surveyor, Assessor; also two candidates for Circuit Court Commissioner and two candidates for coroner.

There shall also be elected as many delegates to the county conventions of the several political parties as said precinct or township is entitled to under the call of the county committee of said political parties, which number will be indicated by the number of blank lines printed on the official primary ballots used at said election under the heading, "Delegates to County Conventions." The Board of Primary Election Inspectors will furnish delegates with credentials, outfitting them to attend the county conventions, except in a township and the county committee require the election of delegates from the township as a whole, such delegates must be admitted without credentials.

RELATIVE TO ENROLLMENT.

The enrollment for this election was held April 4, 1910, but any qualified elector in any election precinct in this state who failed to have his name enrolled on enrollment day by reason of sickness or unavoidable absence from the election precinct, and who is a qualified elector in said precinct on primary election day, or any person who may have become twenty-one years of age or a qualified elector after enrollment day, may have his name enrolled by the board of primary election inspectors on any primary election day upon making oath as provided in the general election law relative to the registration of electors on election days; or any person who was duly enrolled in the manner provided by law, but who has changed his residence to any election precinct other than that in which he was enrolled, may be enrolled in the new election precinct and may vote therein. Provided, that he has resided in the new election precinct in which he seeks to be enrolled for a period of twenty days and that he obtained from a member of the enrollment board of the election precinct in which he formerly resided, a certificate stating that he was duly enrolled in said precinct, and that he is entitled to enrollment in the new precinct. In the absence of such certificate, if he can satisfy the said enrollment board of primary election inspectors upon making oath to such facts, according to the provisions of the general election law relative to registration of electors on election day, he shall be entitled to enrollment and permitted to vote following such enrollment.

No person can vote at any primary election whose name is not enrolled.

Any enrolled voter who has changed his party affiliation can be re-enrolled on enrollment day only.

THE POLLS of said election will open at 6 o'clock in the morning and will remain open until 8 o'clock standard time, in the afternoon of said day of election. Dated this 26th day of August, 1910.

DANIEL S. DONOVAN,
Secretary.

NOTICE TO SCHOOL ELECTORS.

Notice is hereby given that the Board of Registration for school electors will be in session in the City Hall, Saturday, August 27th, 1910, between the hours of 8 a. m. and 8 p. m. of the said day, for the purpose of securing the names of qualified electors not previously registered under the school law. No person will be entitled to vote who is not registered.

By order of the Board of Education,
EDWARD S. BICE,
Secretary.

the members will be held for the purpose of acting upon a resolution to change the name of the association to "The Town and Country Club of Marquette," in view of the varied activities of the organization. It is proposed to absorb the old Marquette Snowshoe club and perpetuate the gentle art of snowshoeing. Possibly a toboggan slide will be built and a variety of winter sports are in prospect. All members of the old snowshoe club are especially invited to be present at the club house Monday evening. Supper will be served at 6:30 o'clock and singing and dancing will follow. Another of the special thirty-six-hole matches now being played to determine the golf championship of the club was decided yesterday at the eighth hole, being won by E. V. Allen, two up, one to play, over F. G. Jenks.

RELATIVE TO ENROLLMENT.

The enrollment for this election was held April 4, 1910, but any qualified elector in any election precinct in this state who failed to have his name enrolled on enrollment day by reason of sickness or unavoidable absence from the election precinct, and who is a qualified elector in said precinct on primary election day, or any person who may have become twenty-one years of age or a qualified elector after enrollment day, may have his name enrolled by the board of primary election inspectors on any primary election day upon making oath as provided in the general election law relative to the registration of electors on election days; or any person who was duly enrolled in the manner provided by law, but who has changed his residence to any election precinct other than that in which he was enrolled, may be enrolled in the new election precinct and may vote therein. Provided, that he has resided in the new election precinct in which he seeks to be enrolled for a period of twenty days and that he obtained from a member of the enrollment board of the election precinct in which he formerly resided, a certificate stating that he was duly enrolled in said precinct, and that he is entitled to enrollment in the new precinct. In the absence of such certificate, if he can satisfy the said enrollment board of primary election inspectors upon making oath to such facts, according to the provisions of the general election law relative to registration of electors on election day, he shall be entitled to enrollment and permitted to vote following such enrollment.

NOTICE TO SCHOOL ELECTORS.

Notice is hereby given that the Board of Registration for school electors will be in session in the City Hall, Saturday, August 27th, 1910, between the hours of 8 a. m. and 8 p. m. of the said day, for the purpose of securing the names of qualified electors not previously registered under the school law. RAIN STOPS BALL GAME.

The heavy rain Wednesday broke up what would have been one of the best baseball games ever played here. "AIF" Dower's "Infantry" and Munson's "Navy" teams had battled for five innings when the rain started. Munson had imported an unknown pitcher; Bill Laxstrom wore the mask for the "Infantry" and caught in old time form. Alex Laxstrom, the outlaw shortstop, played with the "Navy" and startled the fans with two unassisted double plays. Captains Dower and Munson did the honors with the stick, each securing two hits out of two times at bat.

The score by innings was as follows:
Navy 0 1 1 2 0-4
Infantry 1 1 1 2 0-5

Batteries: Navy, Unknown and Eades; Infantry, Weinberg and Laxstrom, Umpire, Goggin.

WHY MR. TOWNSEND SHOULD SUCCEED MR. BURROWS.

Some of the newspapers that are loyally supporting Senator J. C. Burrows for re-election are inclined to make light of Mr. Burrows' acknowledgment of his subservient support of Senator Aldrich in a speech at Detroit earlier in the campaign, and to cover the sins of omission and commission, at home and at Washington, of their candidate by wrapping the flag of his country about the senator, with a cry for just one more term, that the Kalamazoo statesman may round out his declining years in the service of his party at the national capital, where he has served so long. They say he is entitled to this as a mark of affection and esteem from a loving constituency, etc., etc.

All of which is very much mush. The State Republican believes that Senator Burrows should be retired for several reasons, some of which it will elucidate:

For years, Senator Burrows has not been in accord with the progressive spirit of the people of Michigan. His influence at Washington has been directed in an opposite direction than that which served the best interests of his state. His vote has been mortgaged in advance to a few men who have furnished the substantial aid for his campaign. His record at Washington and his own admissions at home are evidence of this statement and it has been a matter of common knowledge among the well informed in Michigan political circles. Except on rare occasions, when seeking a legislative endorsement, or after repeated requests in campaign years, has he taken any interest in Michigan affairs, his acquaintance in the state being extremely limited.

Senator Burrows has passed the age when he can represent Michigan as it should be represented. This is said in all kindness. In spite of his own oft repeated statement that he was never in better physical condition and the statements of his friends to the effect that he is now better than the men who are in their forties, there are everyday evidences that the senator is "shaky." Next March Senator Burrows will be seventy-four years old. Another six year term would make him past eighty. There is no demand that any man at his age should be compelled to serve a great state like Michigan in so important a position. He cannot do so with credit to either himself or the people he represents. He should retire in favor of a younger man, whose brain and frame can stand the severe strain of Washington life; who will represent the state in the full meaning of the word and who can accomplish something for the state.

Senator Burrows has doubtless been a great man in his day. If re-elected Mr. Burrows will doubtless be but a negative quantity, for the former associates are fast disappearing from Washington before the hurricane of public protest which is menacing them, even in the reactionary strongholds of the east. Mr. Burrows has never been a positive influence. His ballot has helped the forces against which he has fought, but he has not achieved the force of a personality. Senator Burrows in the United States senate has been an Aldrich voter, not a Michigan man. Shall this progressive state waste more precious years when vital work needs to be done? A great service rendered, weak sentiment is out of place. There is big work to be done and the state deserves and requires strong representatives. Mr. Townsend is vigorous and independent. He is a constructive thinker and an experienced lawmaker. Only he can lead the forces that stand for progress and reform. Michigan cannot afford to re-elect to the nation's senate an official of failing or convenient memory and with a doubtful past of public service. The United States senate should be something more than an old man's home.

Out of Mr. Burrows' own mouth Michigan judges him. Here again are the words of our United States senator that are Michigan's shame: "Whenever I have wanted anything for Michigan I always knew where to go and to get it and he (Aldrich) never failed me." The statement stands. It epitomizes Mr. Burrows standard of conduct. Mr. Burrows' character and Mr. Burrows' work. It is an accurate revelation of the man. John Callan O'Loughlin, political writer for the Chicago Tribune, on this week called it "Mr. Burrows' great mistake." The mistake is going to cost the senator his togo. Mr. Townsend is gaining strength very rapidly in the closing days of the campaign and his nomination is assured.—Lansing State Republican.

Jacob Arnech of Negaunee spent Sunday here with friends.

David Morley, of Galesburg, Ill., is here to secure relief from hay fever.

A number of the young men of the village will give a dance of the town hall Monday evening. The champion orchestra of four pieces will furnish the music. A number of people from Negaunee, Ishpeming, Diorite, Humboldt and Michigan have signified their intention of attending and one of the largest crowds that has ever attended a party here expects to attend. Train No. 8 will stop at Humboldt and Clarksburg.

LOWER STATE NOTES.

OWSONO.—The Alma Sugar company has openly declared war on the Orosko Sugar company. It has purchased land north of this city and has begun the erection of a weigh station. The Mt. Clemens company already has one in this territory and the new one will make three within a radius of half a mile. Previous to one year ago all three companies had an unwritten agreement to refrain from soliciting a acreage in each other's territory, but a falling out occurred and a three-cornered fight has been precipitated, with each company fighting for business in the other's territory.

BENTON HARBOR.—A sea serpent in the form of a man eating alligator is at liberty at Pelee lake, one of the biggest resorts in this section. The alligator is twenty years old and six feet long. It is owned by a druggist by the name of Dewey and escaped from his prison today into the lake. Consternation spread among the resorters when it became known that the alligator had followed the instigation of notices on the August contracts, and the price of that option broke 25 points in the early trading, but recovered as the liquidation ran its course, and the notices found lodgement with those willing to take the cotton. Other months opened about unopened, and some selling was followed by the ring crowd hoping to force further liquidation there, but the market evidenced no disposition to go to a lower level at this time, and the undertone was stronger. The weather east of the Mississippi will be more important from this time on than in Texas, as the latter state has made her record and cannot change the final results now one way or the other.

NEW YORK COTTON MARKET.

New York, Aug. 26.—The Southwest had cooler weather, but Texas got no real rains except local showers and the indications are for fair weather and warmer in the section where they fell. Scattered liquidation followed the issuing of notices on the August contracts, and the price of that option broke 25 points in the early trading, but recovered as the liquidation ran its course, and the notices found lodgement with those willing to take the cotton. Other months opened about unopened, and some selling was followed by the ring crowd hoping to force further liquidation there, but the market evidenced no disposition to go to a lower level at this time, and the undertone was stronger. The weather east of the Mississippi will be more important from this time on than in Texas, as the latter state has made her record and cannot change the final results now one way or the other.

Chicago Wheat.

Chicago, Aug. 26.—The fine weather throughout the Northwest, a weaker tone at Minneapolis and the other spring wheat markets, the slump in corn and liberal receipts, formed a combination of bearish elements that were too potent for the bulls to resist and kept the market down, or rather about stationary. The cash demand was moderate and the mills quote lower prices on special brands of wheat. Paul Morton's report that the French crop was considered almost a total failure helped to sustain the market. The primary receipts were 1,174,000 bushels vs. 814,000 bushels. If these continued foreign advices come to us in the past few days have, we are likely to have a market, therefore we would rather take the buying side of wheat.

Edgar Anderson, a former resident of Republic, is here from Calumet, on a visit with relatives and friends.

BETTER THAN SPANKING.

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Markets

(By Payne, Webber & Co.)

WALL STREET STOCKS.

New York, Aug. 26.—The stock market displayed some strength throughout the day, especially in the shorts, the principal buyers. The fact that corn was, particularly with regard to crop news, somewhat more favorable, and the action of the grain market, caused a better feeling, but the general tendency seemed to be rather to even up accounts than to make new commitments. It is not expected that tomorrow's bank statement will make a flattering exhibit, but the position of the New York institutions is such as to dispel concern at this period. A feeling of hesitancy is reported in various commercial lines. Bank clearings in certain sections are rather below the average and the policy of merchants generally seems to be that of purchasing on a hand-to-mouth basis, pending, no doubt, the outcome of the corn crop and also of the various matters now occupying the public mind. Politics and crop news seem likely to influence the course of the market, but the action of the list today, after yesterday's irregularity, is rather an indication of the fact that the short side should not be pressed on the drives. The closing prices were as follows:

RAILWAY LINE TO BARNES PROPERTY

Gust Fredin Will Construct Extension—Also Line to Cyr Mine.

The Lake Superior & Ishpeming and the Marquette & Southeastern Railway companies have given Gust Fredin a contract for the construction of a railway line from the Cleveland-Cliffs iron company's North Lake property to the Barnes mine, being opened up at Dexter, also for the construction of a spur from the main line, near Gwinn, to the Cyr property, which the Cleveland-Cliffs iron company is opening up. This latter spur will be about one and one-half miles in length. The line from North Lake to Dexter will be about three miles.

Mr. Fredin, who has had crews working since early in the summer on the highway in Ely township, extending west from Ishpeming, also on the road that connects Marquette and Dickinson counties, expects to finish both of these contracts within two weeks, when all of his workmen will be transferred to the railway jobs.

The grading for the Dexter line has already been started, but work on the Cyr branch will probably not be commenced until about the 12th of September. The Cyr spur will go in more rapidly than the one between the North Lake and Barnes properties, as the greater part of the route is over level territory, while there will be some heavy grading on the line to the Barnes. Mr. Fredin has been given until Nov. 1 to complete both contracts, and he does not anticipate any difficulty in finishing up the jobs by that date. He has a complete equipment and has had so many years experience that he gets over the ground quickly. He has finished his contract on the Lake Superior & Ishpeming line extension to the North Lake properties. This was an expensive piece of work as there were some heavy fills, a few good-sized cuts, and two large steel spans on West Division street.

As soon as Mr. Fredin completes the two railroad jobs he intends to resume logging operations on the Menominee range, where he has had crews employed for several winters past. He has some big work in prospect there, and will employ a good-sized force. He is at present working over 125 men on his road work, and will employ from 150 to 200 on the two railroad jobs.

YOUNG PEOPLE'S CONVENTION.
Annual Meeting of Societies in Ishpeming District at Iron Mountain.

The annual meeting of the Young People's societies of the Swedish Lutheran church in the Ishpeming district, which

comprises the territory between Calumet and Sault Ste. Marie, will meet today, tomorrow and Monday at Iron Mountain. The meetings will be held under auspices of the Young People's society of the Iron Mountain church, and extensive preparations have been made for the entertainment of the 100 or more visitors expected. There will be meetings each evening and there will be a picnic either today or Monday.

Nearly fifty members of the Young People's society of this city, Negaunee and Marquette will be present. The delegation from here will number twenty-two, and it is expected that as many more will go from Marquette. The Negaunee society will be represented at the convention by Titus Thoren and Charles Kronberg. Those going from Ishpeming, departing on the St. Paul train this morning, are: Olga Grund, Nina Blomgren, Lydia Ring, Huda Hult, Edith Lindbon, Anna Halberg, Elsie Skoglund, Jennie Blomgren, Mable Shultz, Julia Moistedt, Hulda Swanson, Hedvig Grund, Olga Bergdahl, Ethel Bergdahl, Gerhard Alexis, George Skogberg, Arvid Hult, C. B. Benson, Oscar Johnson, Mrs. John Johnson and Mr. and Mrs. H. R. Sjolander.

TOWNSEND WELL PLEASED.
Candidate for U. S. Senate Had Better Meeting Than He Expected.

Charles E. Townsend, candidate for United States senator, who spoke at Braastad's Hall Thursday evening, was delighted with the reception accorded him. He said the attendance at his meeting was much larger than he expected, as the weather was most unfavorable. Mr. Townsend also expressed himself as well pleased with his Negaunee meeting, where he spoke for more than a half hour before he came to Ishpeming. The senatorial candidate was preceded by Congressman J. C. McLaughlin, of Muskegon. Mr. McLaughlin spoke for more than thirty minutes, dwelling principally upon the work of Mr. Townsend during the eight years that he has been a member of the lower house at Washington. He declared that Mr. Townsend is today the best fitted man in Michigan for the office to which he aspires. He reviewed the story of his life, from early days on the farm to the present, and he said that in the event he is elected to the senate, the people of Michigan will not regret having voted for him, as he will make good in every respect.

It is a long time since a candidate for office has been so enthusiastically greeted by Ishpeming voters as was Mr. Townsend. He created much enthusiasm and more than 50 per cent of those who heard his address remained after the meeting to congratulate him. Although Mr. Townsend has been covering much territory and delivering many speeches daily, his hard work does not seem to affect him in the least.

Miss Mabel Metherell has returned from Green Bay, where she spent the past two weeks visiting relatives.

Wind Razes Smokestack—

During a terrific wind and rain storm three big smokestacks at the mill of the Bay de Nocquet Lumber company at Nahma, Menominee county, were blown down. Toppling over sorting sheds, the stacks did not materially damage the plant, but the mill will be out of commission a number of weeks, until the stacks can be replaced. All of the single men have been laid off, the married men being retained to aid in the work of making repairs.

Automobile Drivers Reckless—
Axel Nordquist, a chauffeur, was arrested during the week for exceeding the speed limit in an automobile. It was his third offense, he having been arrested twice before, receiving fines in both instances. For his latest transgression, he was assessed \$5 and costs. Following the arrest of Nordquist, Chief of Police English stated that hereafter all automobile drivers caught exceeding the speed limit would be arrested without favor. The speed limit in the business or uptown districts is ten miles per hour, and in the residence districts fifteen miles. Mr. English states that during the past few weeks automobiles have been speeding to such an extent that it is almost dangerous for anyone to cross the streets.

Big Huckleberry Crop—
William Clancy has left the Soo for his home in Traverse City. He has been in the Lock City and vicinity since July 29, buying huckleberries for a Chicago company. Altogether he has shipped 7,171 crates, which according to present sale prices are worth about \$11,000. He expects to return to Chippewa next year. There have been, according to estimates, about 7,200 cases shipped from Kiroos the past six weeks, and about 25,000 picked from the big Mackinaw marsh during the same time. The same estimates give the total amount picked in Chippewa county during the year at 150,000 crates, valued at between \$200,000 and \$225,000.

DIED IN WOODS.

Ishpeming Man Found Dead at Camp Near Bass Lake.

The body of Victor Salo, a well-known Finnish resident of this city, was found outside a camp at Bass lake Thursday by a party of men who were driving in from Camp S. Salo had been ill and he expressed a desire to go into the woods to remain a week or two, thinking it would improve his condition. He was accompanied to Bass lake by friends from the city. He was not in a critical condition and he told his friends that he felt quite able to take care of himself, but it appears he was taken seriously ill after they had left him. The men who found Salo reported to Coroner Prin that he had been dead

but a short time when they arrived at the camp, and they tried to revive him. The deceased was about thirty years of age and is survived by his widow and two children. He had been a resident of the city for a number of years and was well known among his countrymen here. The remains were brought to the city yesterday.

WILL SPEAK AT PICNIC.

Congressman H. O. Young, who has been making a tour of the district, has almost completed his visits to the outside cities and towns, and will spend the greater part of the coming week in Marquette county. He and A. W. Jurma spoke Thursday evening at Negaunee, at a rally held in the Finnish Temperance society's hall. Mr. Young left yesterday for Hancock, where he will be the principal speaker at an Italian picnic to be held today. His dates for Marquette county are now being arranged. His meeting here will be next Saturday evening, Sept. 3.

LOVED THEIR PIPE AND BACKY.

Just now there is a crusade against the smoking of cigarettes by women. The fact that society women have taken up this solace is considered an evidence that our present social course is leading the way to decay, comments the Washington Post. Yet the only thing that is new about the smoking of cigarettes by women is the protest against it. Andrew Jackson's mother used to smoke a cornob pipe. Probably Abraham Lincoln's mother did, too. Certainly most of the ladies who came over in the steamer—and the daughters of many of them are now found in our most exclusive circles—were rarely without their old pipes, some clay, some cornob.

No protest was made against the smoking of a pipe by Andrew Jackson's mother, and we have never heard of any meetings of protest in Mrs. Lincoln's neighborhood. Incidentally, each of these women reared a son who made his mark in the world.

Negaunee Department

HANSEN & SONS HAVE ICE MACHINE

Negaunee Concern Adopts Modern Method of Cooling Meat Refrigerators.

Hansen & Sons, the Tobin street meat dealers and grocers, are installing one of Wolf, Sayer & Helers' ice making machines. Henry Rebanen is here from the factory, directing the job. The machine has been running satisfactorily the past two or three days, but it will be a week or more before all the work about the refrigerators is completed.

Hansen & Sons have the only ice making machine in operation in a meat market in the upper peninsula. It is of sufficient capacity to accommodate retail and wholesale meat dealers who desire to have their meat or poultry frozen, and the firm is planning on a third refrigerator, to be used exclusively by other dealers, who will be charged at the rate of fifty cents per hundred for freezing and storage.

The plant is similar to those used in large cold storage houses. It will make four tons of ice in ten hours. The ice is accumulated in tanks, from four to eight inches in thickness, on the sides and ends of the refrigerators. Above these are the pipes through which the air, water and ammonia pass. In testing the plant yesterday, a pan of water placed in the lower refrigerator was frozen into solid ice in two hours. The desired degree of temperature can be maintained by ten hours operation of the motor in each twenty-four. The great advantage of an ice making machine over the old method of storing ice on the top of the refrigerator is the fact that any temperature desired can be secured and maintained.

"We frequently have calls for aged meat, but we have never been able to supply our patrons under our former system," said Alfred Hansen, one of the junior members of the firm yesterday. "but with the ice making plant the meat can be kept in the refrigerators for an indefinite time. Attempts to age meats formerly resulted in heavy losses. Under the machine freezing system the meat will keep perfectly. We believe that the ice making machine will result in a big saving to our stock."

"The filling and refilling of our refrigerators has been a source of much annoyance. With the new system there will be no dampness either on the floors or walls. All of the water coming from the melted ice will drain away through pipes. In the event the ice becomes soft during a period when the plant is not in operation it can be solidly frozen again within two hours."

"While the first cost of the plant is heavy, we expect to save enough in the cost of ice and the spoiling of goods in five or six years to pay for the outfit, to say nothing of the labor and worry we will save. We figure that our electric power will cost us \$15 to \$20 per month, considerably less than we formerly paid for ice."

TOWNSEND RALLY.

Candidate for United States Senate Made Fine Address Here.

Representative Charles E. Townsend, of Jackson, who aspires to the office of United States senator, in opposition to Julius Caesar Burrows, created a most favorable impression here Thursday evening. It had been planned to hold the meeting in the city square, but because of the unfavorable weather it was adjourned to McDonald's opera house. The attendance was large, considering the conditions, and it is doubtful if a more enthusiastic audience has ever listened to a political address in this city. It was intended that Mr. Tuttle, who accompanied Mr. Townsend to the city, would talk briefly, but as Mr. Townsend was also billed for an address at Ishpeming he occupied the entire time. The speaker was introduced by Thomas M. Wells. A number who attended the Negaunee rally were so enthused over Mr. Townsend's address that they went to Ishpeming to hear him speak there. It was the opinion of practically every man in the audience, that Mr. Townsend is the finest orator who has ever been heard in Negaunee. That those present were among his supporters was evident from the frequent applause he received throughout the three-quarter hour that he spoke. Mr. Townsend covered much ground in his address, and although his talk was much shorter than he would liked to have given here, he covered many important points. Following Mr. Townsend's address many of the voters went forward to congratulate him.

During the short time Mr. Townsend was in the city he met many business men and other voters, and judging from the comments heard yesterday Townsend sentiment has had a big boost here, as a result of the candidate's visit.

PICNIC TOMORROW.

A number of Negaunee people plan to attend the picnic to be given tomorrow at Palmer by the newly organized tent of

the Modern Maccabees of the World. The members of the Negaunee and Ishpeming tents and their families have been invited, and others will also be made welcome. The Ishpeming band will furnish music during the day and in the evening there will be a social in the Finnish Temperance society's hall, at Palmer.

BASEBALL TODAY.

Negaunee's Games With Marquette Will Be Important Ones.

The members of the Negaunee baseball team are set on winning the games to be played here today and tomorrow with Marquette, as by taking them they will probably have clinched the pennant. Inasmuch as the Marquette nine is now playing faster ball than at any previous time this season, it is expected that there will be a large delegation of fans from that city today.

Ralph Rains will be in the game as usual today and tomorrow. Today's game will be called at 3 o'clock and tomorrow at 2:30. Either Siebenhal or Rosevear will pitch today's game.

LOCAL LACONICS.

Albert Olson of Virginia, Minn., is here on a short visit.

A dancing party will be given this evening at the golf club house.

Mesdames W. A. Garner and Phil Levine will serve coffee at the golf club house this afternoon.

Miss Laura Vincent has gone to Coleraine, Minn., on a visit to Mrs. James Remington, a former resident of this city.

David F. Foley, chief of the Oliver Iron Mining company's police department, in the Lake Superior district, is in the city for a few days.

"The Social Bunch" will conduct a hop tonight in Kirkwood's hall. Brotherhood's orchestra will furnish the music and tickets will be fifty cents per couple.

Miss Lucile Ferguson is here from Marquette, on a few day's visit with her grandmother, Mrs. H. E. Wood. Miss Ferguson will teach school at Sault Ste. Marie this year.

A. W. Elliott advertises for five painters. Elliott's painting crew has been rushed with work for some weeks past and he has a number of outside jobs to be finished this fall.

Miss Leonora Ferris of Greenville, Mich., who visited Rev. and Mrs. R. T. T. Hicks here the past few days, left yesterday for Calumet, where she will be an instructor in kindergarten work the coming year.

C. O. Squires, a former member of the Negaunee High school faculty, who is now in the employ of an insurance company with headquarters at Menominee, was in the city yesterday. Mr. Squires' territory includes Menominee, Marquette and Alger counties. He will make his home at Menominee. His family is now in the lower peninsula visiting relatives.

The crew that has been employed constructing the new telegraph lines between Negaunee and Eagle Mills for the Lake Superior & Ishpeming Railway company has been idle the past few days because of delay in the arrival of material. These lines will take the place of the present lines along the South Shore track between the city and Eagle Mills.

The political rally conducted Thursday evening at the Finnish Temperance society's hall, on Case street, in the interest of Congressman H. O. Young was well attended, considering the unfavorable weather. Most of those present were Finns, it having been announced that the principal addresses would be in Finnish. A. W. Jurma, an Ishpeming attorney, gave the principal Finnish talk. The Finnish band, of Ishpeming furnished music.

Miss Mable Jackson arrived home Thursday from Marquette, where she attended the Ross-Phillips wedding.

Grand Master Coburn of the Independent Order of Old Fellows, who visited the Negaunee lodge Thursday evening left yesterday morning for the copper country. While in that region he will institute a new lodge at Baraga. The grandmaster was greeted by many of the members of the Negaunee and Ishpeming lodges. At the conclusion of the session lunch was served.

WHO MAY VOTE AT PRIMARIES

Must Be an Enrolled Voter of the Party Whose Ticket He Wishes to Vote—If Sick or Out of City on Enrollment Day, a Man's Vote May Be Sworn In.

Persons Who Have Moved Into Another Precinct Since Last Spring May Vote, Provided They Were Enrolled at Former Voting Place—Changing Party.

The primary election on Sept. 6 will be confined to those who have enrolled as members of the parties. Many who will come to the polls will find out that neglect of this little matter will keep them on the side lines. Democrats who enrolled as Republicans to help out some Republican friend cannot participate in the primary of their own party.

The law provides that those who were ill on enrollment day or unavoidably absent from their precinct or township may swear in their vote as non-regis-tered voters. This may be done at regular elections. Voters who have changed their places of residence since enrollment day may vote in the new locations by securing a certificate from the place in which they are enrolled, stating that they are properly enrolled there.

It is evident there is going to be not a little arguing and discussion at the polls on primary election day because of the fact that voters are not enrolled, and if they are not enrolled they cannot vote at the primaries unless they were unable to enroll at the last enrollment because of illness or unavoidable absence from the election precinct, or those who have become twenty-one years of age since the last enrollment.

Some people are arguing that if a man moves from one ward to another, and has been in the latter ward twenty days prior to the primary election, that he can enroll that day, regardless of whether he was enrolled before, which is not true. As to enrollment on primary day, the law reads:

Enrollment on Primary Day.

"Any qualified elector in any election precinct in this state, who fails to have his name enrolled on enrollment day by reason of sickness or unavoidable absence from the election precinct, and who is a qualified elector in said precinct on primary election day, or any person who may have become twenty-one years of age, or a qualified elector after enrollment day, may have his name enrolled by the board of primary election inspectors on any primary election day upon making oath as provided in the general election law relative to the registration of electors on election days, or any person who is duly enrolled in the manner herein provided but who has changed his residence to any election precinct other than that in which he was enrolled, may be enrolled in the new election precinct and may vote therein; provided, that he has resided in the election precinct in which he seeks to be enrolled for a period of twenty days, and that he obtained from a member of the enrollment board of the election precinct in which he formerly resided a certificate stating that he was duly enrolled in such precinct, and that he is entitled to enrollment in the new precinct, which certificate shall contain all the data set forth in the enrollment book; or that he satisfy the said enrollment board of primary election inspectors, upon making oath to such effect as provided in the general election law relative to the registration of electors on election day of the existence of such facts."

It appears there are many voters who think they are enrolled who are not, and caution should be taken at swearing in their votes at the primaries, unless they are positive they are enrolled in the ward from which they moved, for false swearing would subject the voter in such case to arrest for illegal voting or for perjury.

As to change of party affiliations, the law reads: "Whenever an enrolled voter has changed his party affiliation and desires to be enrolled as a member of another political party, he may personally make application only on enrollment day for re-enrollment to the enrollment board, and said board shall thereupon re-enroll the name of said enrolled voter, and at the same time draw a pen mark through the name of said enrolled voter as previously enrolled, and opposite said name as previously enrolled shall write the word 're-enrolled' and the date of said enrollment."

IMPORTANT SERIES.

Much Depends on Result of Games With Negaunee This Week.

The importance of this week's series with Negaunee is expected to take a large number of Marquette baseball fans to Union Park today and tomorrow. The players will leave for Negaunee on the 1 o'clock train today and the St. Paul train will stop at the grounds to accommodate those desiring to return to Marquette after the game. Sunday afternoon the eastbound afternoon train will be held at the park a half hour, by which time the game will probably be finished.

Though Negaunee is the best bet as the winner of the pennant, it is still possible for Marquette to wrest the laurels from the present leaders. Marquette and Negaunee have five games to play, two at Negaunee and three at Marquette. Marquette also has two games to play at Ishpeming Sept. 10 and 11 and a postponed game with Crystal Falls. Not counting the disputed game between Negaunee and Ishpeming last Sunday, the present standing of the four teams is as follows:

	G.	W.	L.	P.C.
Negaunee	28	21	7	750
Marquette	28	17	11	607
Ishpeming	27	10	17	370
Crystal Falls	27	7	20	250

By taking all five of the games with Negaunee, Marquette stands an excellent chance of finishing on top, and would do so provided the two teams broke even on their games with Ishpeming and Crystal Falls. In case Marquette should win a larger percentage of games with those two teams than Negaunee, four out of five with Negaunee would give Marquette the cherished rig. The possibility of disputed games of last Sunday should be given to Ishpeming, the problem would be easier still. In any event, it's a long chance, but the Marquette fans are hopeful that the boys in green will be able to turn the trick.

Today's and tomorrow's games will do one of two things—give Negaunee the pennant or place Marquette in a position where she stands a mighty good fighting chance of pulling down the bunting herself. For this reason, it is expected that an unusually large delegation will accompany the team to Negaunee today and tomorrow. Whatever the result, it is certain that there will be two games that will be well worth seeing.

The Knights of Columbus will hold a special meeting at Bureau's Hall, corner Fourth and Rock streets, Saturday evening, Aug. 27, at 8 o'clock. Initiation first degree. Members are requested to be present. 8-26-21

Guild Hall Notes

The Has Beens and the Guild Hall team played a six-inning game yesterday afternoon, which proved to be the most exciting of any yet played between these two teams. When the game was called on account of darkness, the score stood seven all. The Guild Hall team started out like winners. At the end of the fifth inning the score was seven to one in their favor, then the Has Beens started one of their oldtime hitting rallies. Mr. Fox, the first man up in the sixth, reached first safely; Gilbert followed with a hit, and Hatch was safe on an error by the first baseman; then Thayer, Gehrand, Osgood, and Miller binged out a hit each but for a beautiful double play by the Guild Hall boys, which ended the inning, the Has Beens would surely have added another to their list of victories. Guild Hall in their half of the sixth failed to reach first and the game was ended. Judging from the game yesterday, the baseball tournament to be played by five teams of Guild Hall members will be interesting. These teams have been chosen and will begin the series early next week. The five teams and their captains are: Has Beens, C. W. Osgood, captain; Rival Juniors, C. Johnson, captain; Guild Hall, Perry Hatch, captain; West Ends, Louis Boyer, captain; Leftovers, John Murray, captain. All of the teams except the Leftovers are already chosen. The Leftovers are looking for nine good men to fill the weak places, and if these men can be secured the team stands a good chance to win the series. Candidates will please report to Captain Murray.

The Ethelo club plays the Chocolate team this morning at 10 o'clock on Longyear Field. The Ethelo club team has been practicing considerably of late and has added two or three good men to their team. The game this morning should be the hardest the team has played, as several of the Chocolate team are older than the Ethelo team. The Guild team plays its first game with an outside team this afternoon at 2 o'clock on Longyear field. Munsing Y. M. C. A. are the opponents. Several new men will play with the Guild Hall team this afternoon. Most of these men are those who have played on teams which the Guild Hall team has been playing against, but all are new men who are members of some one of the present Guild Hall teams. Mr. Fox, who has been pitching for the Has Beens, will pitch for the team today. This addition to the team, together with Boyer at short, Bower at third, and F. Johnson at second makes the strongest line-up the Guild Hall has yet put on the field. As there will be considerable expense connected with the game today, and no chance of charging admission to the game, a collection will be taken at the field during the game. The players of the two teams are: Munsing Y. M. C. A.—Ferguson, c; King, p; Daniels, 1b; Bouchard, 2b; Finkbinder, 3b; Van Dein, ss; Larson, lf; Erickson, cf; Wise, rf; Jack Frost, extra. Guild Hall—C. Johnson, c; Fox, p; Hayes, 1b; F. Johnson, 2b; Boyer, ss; E. Bower, or Christianson, 3b; L. Smith, rf; Landry, cf; H. Bower, lf; Frie, extra.

WELL RECEIVED IN THE NORTH COUNTRY

Barkhoo Street Carnival Gets Good Recommend from Other Michigan Cities.

From the reports in the press of other cities and those who have seen the Barkhoo shows, which will be in Marquette fair week, it is believed that the varied exhibitions are of a clean, wholesome and truthfully above comparison with those of other organizations that have appeared here in days past.

In securing the K. G. Barkhoo shows, the Maccabees of the World have obtained an attraction that can hardly be equaled anywhere in their line. They are said to be star attractions in themselves, and it is predicted that they will meet with the favor of the Marquette patrons, as they have in other cities of the state where they have played.

Their novel color abundance of polychrome life and vivid settings, made brilliant by myriads of electric lights, follow no criterion of former efforts. Year after year—for upwards of fifteen—Barkhoo has traveled over the same ground in the south and west and made the same towns and cities in the same seasons of the year, always being gladly welcomed. This year Mr. Barkhoo determined to try the north during the summer and fall, and so far has had no occasion to regret his decision.

His shows have been highly received and have gained the hearty support of thousands of pleasure loving people as well as the officials of every city visited in the "new country." The Maccabees of the World and Mr. Barkhoo intend the people shall have a big time, which means to "laugh and be merry for tomorrow you may—" be unable to. Fourteen big shows are Barkhoo's and there are a host of other concessions to tempt and amuse you besides the great Royal Italian band, Matt Gay and Madam Lonne as free entertainers. All this comes off fair week, commencing Monday night.

There will be a most popular lady or queen contest and the children's contest for the beautiful Parisian doll. The prizes for both contests are on exhibition in the show windows of Hager Bros. furniture store.

For entrance as a candidate in the queen or girls' contest of the Maccabees of the World, the ladies and girls should call at Hager Bros. furniture store between 3 and 4 o'clock this afternoon. The contest man will be there for the purpose of listing the names of those who desire to engage in either of the contests, and to give them their envelopes and instructions. The best room suite that is to be presented to the successful queen candidate is valued at \$153, while the doll is one of the most costly and handsomest that is imported in this country, retailing for \$50. Any lady is eligible in the first contest and any child in the second. The contest man will also await candidates at Hager's Monday between 9:30 and 10:30 a. m.

THEATRICAL.

"The Blue Mouse."

If you are looking for an evening of pure, unalloyed, nonsensical fun, you missed it if you did not take in "The Blue Mouse" at the opera house last night; but if you are a theatergoer because of the uplifting influence of the stage or a devotee of problem plays, you are nothing out by having stayed at home. In "The Blue Mouse" ludicrous situations and complications follow one after another with such rapidity that one's risibles become weary with laughing. If the play were permitted to become serious for a moment it might come close to being suggestively immoral, but the compromising situations in which the characters find themselves are so ridiculous on their face that anything that might be objectionable under other circumstances cannot be open to any such criticism, even by the most fastidious in such matters. Is "The Blue Mouse" worth while? Well, that depends entirely on the point of view, but if one is better for having spent two hours in artless, side-splitting amusement, the play has served a mission.

Whatever may be said of the merits of the play, the company presenting "The Blue Mouse" last night is open to no criticism. Messrs. Shubert have gathered together an exceptionally capable cast, and from "The Mouse" down to the policeman, the players are worthy of unalloyed praise. The company presenting "The Blue Mouse" is extremely well adapted to this unique and difficult role, and succeeds beautifully in getting the audience, as well as the men in the cast, running after instead of away from her. "Mischievous temperament" describes her perfectly. Wilton Taylor plays the railroad president, even by the "The Mouse" directs her most insistent flirtation, and he does well as the type of man who can be made to follow like a dog at a pretty woman's beck and call. Guy D'Emery, the president's secretary, made the most of a prominent part, and Lind Bahner, as the jealous wife, was a decided success. Mrs. Rollette, the secretary's wife, was well played by Mabel Risley. John E. Hynes took the part of her father and Gordon Mendelssohn, that of Scarsdale, another suitor of "The Mouse," both being equal to the demands of their parts. The company was well balanced and ranks with the best that play in this circuit.

Edward Russell Stock Co.

"The Man on the Box," a dramatization of Harold McGrath's story of the same name, is one of the plays to be presented by the Edward Russell Stock company, which will be at the opera house all of next week. This story is familiar to all readers of popular fiction and was played here last year at \$1.50 prices. Mr. Russell's return to Marquette will be welcomed, as he is favorably remembered by many who saw him here last season as the star of an excellent company. "The Man on the Box" is only one of several delightful romances that the Edward Russell company will present here during their engagement next week.

OSBORN SUES FOR LIBEL.

Editor Baldwin, of Escanaba Journal, Defendant in the Suit.

The most sensational development of the week in the state political situation was the report published in the Detroit papers Thursday of the arrest on a capias of F. L. Baldwin, editor of the Escanaba Journal, on complaint of Chase S. Osborn, candidate for governor, who alleges that statements derogatory to his character, published in the Journal last week, are false and libelous. A demand for retraction is made, and notice was also served on Amos S. Musselman that unless he declares he had no part or sympathy with this article, a civil suit for \$50,000 will be commenced against him. It is stated that suits for criminal libel will also be started against other papers which reprinted the Escanaba Journal article.

W. F. Knox, Osborn's campaign manager, gave out the following statement regarding the suit:

"It has remained for Amos S. Musselman, who is advertising his own nomination on the ground that he is not a politician, to descend to the use of the most contemptible, reprehensible and malicious form of dirty politics in the gubernatorial contest. In a most vicious malignant and utterly unprovoked attack upon Chase S. Osborn's personal character and reputation appearing in the most active Musselman organ in the state, the Escanaba Journal, the Musselman people are guilty of mud-slinging and character assassination—the equal of which Michigan never before saw."

"This vicious false and criminal attack upon one of the most prominent, upright and respectable citizens of the state leaves but one course of action open to us. Immediate steps will be taken to arrest E. L. Baldwin, the editor of the Escanaba Journal, for criminal libel, and, inasmuch as this libelous attack has been given statewide publicity by Musselman purchasing a large number of copies and circulating them throughout the state, a suit will be instituted against Amos S. Musselman of Grand Rapids, unless Mr. Musselman forthwith repudiates this attack upon Mr. Osborn's character."

There will be a sale of home-made cakes, cookies, doughnuts and bread at the Morgan Memorial Chapel at 10:30 o'clock this morning. (8-27-11)
