

OMAHA GIVES ROOSEVELT A DAY OF "REST"

All the Colonel Does Is to Attend Four Social Functions. Take Auto Ride, Make Three Speeches and Talk With Numerous Politicians and Friends.

Visitor Is Tired, So the Program Is Cut and He Retires Early—His Principal Address Deals With the Panama Canal and Its Great Value to the Nation.

Omaha, Sept. 2.—The people of Omaha gave Theodore Roosevelt a day of comparative rest today. All the colonel did was to attend a breakfast given by the Roosevelt reception committee, a luncheon at the Field club, a dinner at the Omaha club and an entertainment given by the Ak-Sar-Bon.

The colonel's principal speech in Omaha was delivered before the Auditorium. It was preceded by an enthusiastic introduction of the speaker by Senator Burdett. Mr. Roosevelt said of the senator: "I have endeavored to live up to that description, and that I was able to accomplish what I did accomplish at Washington was only because of the way in which I was backed up by men like Senator Burdett and, as we have as a guest from Iowa at present, let me say also like Senator Dolliver."

When Mr. Roosevelt had finished, there were cries for Dolliver. The senator said: "There have been three men in American history who have stated the central doctrine of our institutions so that all could understand. Jefferson gave us the doctrine of equal rights for all. Lincoln restated this doctrine. It is good providence that in our time that doctrine has been stated again—the doctrine of the 'square deal.' The mention of the 'square deal' brought forth tremendous applause. Senator Dolliver concluded: "In the next ten years the young men of the United States will see to it that the doctrine of the 'square deal' is made true and is kept true."

At the luncheon at the Field club Mr. Roosevelt spoke of millionaires whom he liked and millionaires whom he did not like. He pointed out the interest of the people of Europe in the success of representative government in America, and declared that the reactionaries abroad cast sinister eyes upon America's institutions, hailing with delight every story of graft and mob rule as evidence that a government of, for and by the people must fall. Mr. Roosevelt spoke contemptuously of the "merely multi-millionaire," a man whom he said was a discredit whenever pointed to in Europe as the typical man.

Mr. Roosevelt said in his Auditorium speech: "In travelling in Europe last spring one thing struck me. It struck me with the fact that the two feasts which made the deepest impression abroad were the cruise of the battle fleet around the world and the digging of the Panama canal. These were the two feasts to be credited to the American people during the past century. It had most profoundly and favorably affected foreign judgment of America during that time. Such judgment depends not in the least upon what people say they can do, but on what they actually do; upon their willingness to meet responsibilities, and the success of their efforts to meet them.

SECRETARY DICKINSON EULOGIZES THE ADMINISTRATION OF TAFT.

Manila, Sept. 2.—At a popular farewell banquet tendered him today, Secretary of War Dickinson paid a tribute to the administration of President Taft. The present progress of the American government was unequalled, he declared, and it stood as a monument to Wm. H. Taft. Among other things, the secretary said that the policy of government outlined by McKinley and Roosevelt had been carried out unchanged by Taft.

Copenhagen, Sept. 2.—Herr Ledebour, the socialist member of the German reichstag who on Wednesday, at the session of the international socialist congress, made an attack upon Theodore Roosevelt, calling him a "political drummer," returned to the attack today. President Roosevelt's defense of British rule in certain parts of the world, said Ledebour, would make Franklin, Lincoln or Washington ashamed that he was the representative of a great democratic nation.

New York, Sept. 2.—The executive committee of the Republican central committee of Hudson county, N. J., has adopted resolutions reciting that "the committee goes upon record as declaring that the progressive political movement must be led by Theodore Roosevelt, and that the first step in that leadership is that he shall be nominated as the next Republican candidate for president of the United States."

WANTS THE COLONEL IN WHITEHOUSE AGAIN

Republican Committee of Hudson County, N. J., Declares for Roosevelt's Renomination.

VICE PRESIDENT SHERMAN AT EL RENO, NEVADA.

El Reno, Nev., Sept. 2.—In heat registering from 100 to 106 degrees, Vice President Sherman spoke to a full house at the opera house here tonight. He drove home the tenets of the Republican party in vigorous fashion. He also spoke to the cavalrymen stationed at Fort El Reno.

When Mr. Roosevelt had finished, there were cries for Dolliver. The senator said: "There have been three men in American history who have stated the central doctrine of our institutions so that all could understand. Jefferson gave us the doctrine of equal rights for all. Lincoln restated this doctrine. It is good providence that in our time that doctrine has been stated again—the doctrine of the 'square deal.' The mention of the 'square deal' brought forth tremendous applause. Senator Dolliver concluded: "In the next ten years the young men of the United States will see to it that the doctrine of the 'square deal' is made true and is kept true."

LEE O. BROWNE WITNESS TO STAND TRIAL

George P. Gloss, a Street Car Motorman Who Gave Important Testimony in Behalf of the Accused Legislator, Is Indicted on the Charge of Perjury.

Chicago, Sept. 2.—W. S. Forest, chief counsel for the defense, completed his closing argument in the second Lee O'Neil Browne bribery trial today. He will be followed tomorrow by other attorneys for the defense. The state's attorney will close Monday and the case will then be given to the jury.

An indictment charging perjury against George P. Gloss, a street car motorman, was returned in court today. Gloss, a witness for Browne, testified that Sidney Yarborough, an important state witness, slept at Gloss' home the night of May 24, instead of being in Springfield, as sworn to by Representative White and Yarborough himself, and when White alleges that he was approached for his vote for Lorimer.

REPUBLICAN COMMITTEE OF HUDSON COUNTY, N. J., DECLARES FOR ROOSEVELT'S RENOMINATION.

Chicago, Sept. 2.—Frequent clashes between the attorneys for the railroads and the legal representatives of the shippers marked today's hearing before the examiners of the commerce commission over the proposed advance in the freight rates on certain commodities. Attorney E. B. Pierce, of the Rock Island railway, clashed with E. B. James, the attorney for a group of shippers, resenting the suggestion that certain statistics had been omitted by the comptroller of the road for ulterior purposes.

DEFENSE WANTS STATE WITNESS HELD TO THE GRAND JURY.

Chicago, Sept. 2.—The hearing of the conspiracy charges against the former Illinois Central officials in the municipal court today resulted in a demand by the defense that Clarence H. Polley, former chief clerk of the Ottumwa Manufacturing company, be held to the grand jury as a self-confessed participant in the Illinois Central repair frauds. Polley has given considerable evidence. The matter will come up tomorrow.

Stockbridge, Mass., Sept. 2.—Joseph H. Choate today declared that the charges against him, presented to the American Bar association, were absolutely unfounded and expressed pleasure that the association had disavowed responsibility for them. He says that he never acted for Watts or had any knowledge of his affairs.

BIG STRIKE OF CLOAK MAKERS COMES TO END

Great Industrial Disturbance at New York Is Settled After Costing Many Millions of Dollars, and Seventy Thousand Toilers Will Now Return to Work.

New York, Sept. 2.—The cloakmakers' strike, one of the greatest industrial disturbances in the history of American labor, was settled tonight. The outcome is a notable victory for the employees, although the manufacturers, too, have won concessions. Seventy thousand garment workers have been idle nine weeks and those dependent on them—fifty thousand souls in all—were on the point of eviction, and hundreds already had been forced into the streets.

Chicago, Sept. 2.—At the close of a meeting of miners and operators that lasted until midnight, it was announced that the strike situation in the Illinois coal fields had virtually been brought to an end. Although the settlement will be ratified by the Illinois Coal Operators' association, that is said to be a mere formality. In the settlement the miners get the lion's share of their demands, only a few minor details having been changed. The full scale of wages and prices set by the Peoria convention will be paid by the operators.

London, Sept. 2.—Lockout notices were posted at all the federated shipyards today, advising the members of the boiler makers' society that their services would be dispensed with after today. Fifty thousand men are affected. The trouble is due to the strike yesterday of the riveters.

Chicago, Sept. 2.—Speculative dealings in the stock market were curtailed greatly today. Yesterday's active session seemed to represent the limit to which professional operators were willing to go. Some further selling was in evidence today, apparently designed to test the market. The bears were intimidated by the poor support in two or three stocks in which the activity centers. They found also little evidence of a supply of stocks for sale which would prove available for their needs in the event they decided to cover their short contracts. The bear selling came to a stop. Shortly after noon many brokers left the floor of the exchange until next Tuesday, when business will be resumed. The government report on the cotton condition was the last factor to weaken active interest in the market. Both the stock and cotton markets were practically unresponsive to the showing. The preliminary estimates of the week's currency movement bore out the supposition that the drain on the cash holdings of the banks in the evening had amounted to ten million dollars. The great dullness of the present demand for credits in New York leaves the movement without any great influence.

Chicago, Sept. 2.—The wheat market today closed fairly steady, with net gains of 1/8 to 1/2. The brisk demand in France for cargoes from the Antipodes, Russian crop damage estimated at 30 to 40 per cent and denials that the drought in Argentina had been broken were bullish factors. Another source of encouragement to holders was the fact that the September delivery was relatively higher than the other months both here and elsewhere. A small lot of 16,000 bushels was sold from Chicago to Hamburg at an especially low ocean rate. On the bear side, the fact that the milling sales were small, the primary arrival of large and the world's shipments promising to be nearly two million bushels heavier than a year ago. The December both opened and closed at 103 1/2 to 103 3/4.

Chicago, Sept. 2.—The steamship Watson went aground on a reef off Waadbad, near Neah bay, last night, and now lies in a dangerous position on the rocks. All of the ninety-two passengers were taken ashore in small boats, unharmed, and are safely camped on the island, awaiting the arrival of rescuers.

Chicago, Sept. 2.—Chicago's fight for pure soda water was won today when the petition for an injunction against the health department was withdrawn in the superior court.

NATAL DAY NOT SO DEADLY AS IN YEARS GONE BY

Casualties Due to the Celebration of the Fourth of July, While Still Appalling, Show a Notable Decrease, According to Medical Association Statistics.

Chicago, Sept. 2.—Although the list of the deaths and the accidents due to the celebration of the Fourth of July is still appalling, the "sane" observance of the day this year has brought about a notable improvement, according to statistics compiled by the Journal of the American Medical Association and made public today. The decrease in the number of accidents is most marked in the sections where restrictive legislation is effective, says the Journal.

London, Sept. 2.—Lockout notices were posted at all the federated shipyards today, advising the members of the boiler makers' society that their services would be dispensed with after today. Fifty thousand men are affected. The trouble is due to the strike yesterday of the riveters.

ILLINOIS MINERS ARE THE VICTORS

Chicago, Sept. 2.—At the close of a meeting of miners and operators that lasted until midnight, it was announced that the strike situation in the Illinois coal fields had virtually been brought to an end. Although the settlement will be ratified by the Illinois Coal Operators' association, that is said to be a mere formality. In the settlement the miners get the lion's share of their demands, only a few minor details having been changed. The full scale of wages and prices set by the Peoria convention will be paid by the operators.

STOCK MARKET AT NEW YORK VULNERABLE TO TRIPLE HOLIDAY.

Chicago, Sept. 2.—The wheat market today closed fairly steady, with net gains of 1/8 to 1/2. COAL OPERATORS ACCEPT THE PEORIA SCALE AND THE STRIKE IS BROUGHT TO A CLOSE.

Chicago, Sept. 2.—At the close of a meeting of miners and operators that lasted until midnight, it was announced that the strike situation in the Illinois coal fields had virtually been brought to an end. BRITISH SHIPYARDS LOCK OUT THE BOILER MAKERS.

London, Sept. 2.—Lockout notices were posted at all the federated shipyards today, advising the members of the boiler makers' society that their services would be dispensed with after today. Fifty thousand men are affected. The trouble is due to the strike yesterday of the riveters.

BROKERS DESERT THE FLOOR EARLY

Chicago, Sept. 2.—Speculative dealings in the stock market were curtailed greatly today. Yesterday's active session seemed to represent the limit to which professional operators were willing to go. Some further selling was in evidence today, apparently designed to test the market. The bears were intimidated by the poor support in two or three stocks in which the activity centers. ARMY MARKSMEN TAKE THE MAJOR HONORS AT SEA GIRT.

Sea Girt, N. J., Sept. 2.—The honors in the Edgewater Golf club, Chicago, today achieved the honor of being the first amateur to win an open tournament in the country. In the 36-hole final for the Western open championship at the Beverly Country club, he defeated George Simpson, professional, of Lawrence, Conn. Chicago, 6 up and 5 to play. Evans is conceded to have a fine chance of winning the national amateur event at Boston.

Chicago, Sept. 2.—Chicago's fight for pure soda water was won today when the petition for an injunction against the health department was withdrawn in the superior court.

DEAN OF THE CHICAGO BAR.

Chicago, Sept. 2.—Edwin Walker, dean of the Chicago bar and one of the foremost corporation lawyers, died at his summer residence here tonight, after a lengthy illness. He was special counsel of the United States in the conspiracy case against Eugene Debs in the railroad strike in 1894. He was born in New York in 1832.

"THE MAN ON THE BOX"
Russell Company Will Open Week's Engagement With Romantic Play.

The Edward Russell Stock company opens at the Ishpeming theatre for a week's engagement on Monday (Labor Day) in Harold McGrath's great book play, "The Man On the Box." This play has had more success than any other dramatizations of recent years, it having been dramatized by Grace Livingston Furness and having served as a starting vehicle for Henry E. Dixey. Mr. Russell played here in the piece last season at \$1.50 prices and his return in this delightful romance will be welcomed, as the many who saw him then remember an artistic performance. The Russell Stock company is composed of actors who are thoroughly at home in this sort of a play and "The Man On the Box" should be greeted by a packed house Monday night.

SUPPER AND ENTERTAINMENT.
The ladies of the Norwegian Lutheran church congregation will serve a warm supper in the basement of the church Monday evening, commencing at 5 o'clock, and continuing until 8. At the latter hour there will be an entertainment, with an appropriate Labor Day program.
