

Copper Country

THIS THE DAY THAT LABOR CELEBRATES

Parade, Addresses and Athletics Make Up the Program—Religious Service Yesterday.

The celebration of Labor Day today was anticipated yesterday afternoon by a special religious service in the Kerzberg theater at Hancock.

One of the features of the day will be the baseball game between the undefeated Y. M. C. A. baseball team of Calumet and the Mohawk team, the leaders in the Copper Country baseball league.

In the early afternoon the Calumet Y. M. C. A. athletic meet will open at Athletic Park. The best athletes in the copper country will participate in this meet.

The Portage Lake Motor Boat club has completed all arrangements for the regatta which is to be Houghton's contribution to the Labor Day festivities this afternoon.

Some betting has already been done on this race, and there will be more today when the boats come out, as all of the owners have been tuning up their engines, polishing brass, cleaning bearings, making general repairs and resorting to all sorts of speed producing devices.

The Class B boats are so numerous, these being craft of less than seven miles per hour and more than twelve, that a list of the entries could not be made up yesterday. It is known that Clarence Pryor, Joseph Pryor, John Reed, Graham Witte and the Arrow's owner will enter, and it is believed that these entries will be doubled.

NORMAN HACKETT TO RETURN.

Norman Hackett, one of the best known and most talented American actors, a former resident of Calumet and who started his stage career in amateur theatricals in that community, will appear in Calumet Sept. 12 in Clyde Fitch's strong play, "The City."

VERY LARGE VOTE IS THE INDICATION

People of the Copper Country Taking Great Interest in Tomorrow's Primary Election.

There never was so much interest in a primary election in Houghton county, considering the caucuses and conventions of the past as primaries, as there is in the election for nomination to be held tomorrow.

The Kerr-Young contest for the congressional nomination has brought out one of the most hotly contested elections in the copper country.

It is said to say that by sheer force of personality he made more votes for himself than any other office seeker that ever struck the copper country.

The big contest in Houghton county is for the Republican nomination for county clerk. Louis H. Richardson, the present clerk, seeks the office again.

There is little doubt that the primary election vote in Houghton county will be large. The excitement has been intense, the people having been compelled to take an interest through the sheer weight of oratory and newspaper controversy.

HOUGHTON GOLFERS DEFEATED.

Northland Club's Team Wins Contest at Duluth by Big Margin. The Northland Country club golfers scored a decisive victory over a team from the Portage Lake Golf club of Houghton at Duluth Saturday afternoon in the second match for the W. D. Callery trophy, winning 13 to 3.

TAMARACK MINERS' OUTING.

Big Sum of Money Raised Saturday for Charitable Purposes. The Tamarack miners held their annual outing at the Calumet & Hecla park Saturday. The picnic was one of the biggest of the season and was attended by thousands of people.

COPPER RANGE LOSS.

Examination of Burned Paint Shop Reduces Figure Considerably. The estimate given Saturday morning of the probable loss to the Copper Range railroad in the fire of Friday night, that it might reach as high as \$10,000, was greatly reduced when Superintendent Fales and Master Car Builder Brown made an examination of the ruins.

J. A. Minnear & Co. BROKERS

Direct Private Wire to all Markets. We handle orders for all stocks listed on the New York or any other exchanges. We can give you the best executions possible in either listed or curb stocks.

ment and the Houghton fire department. The building was as inflammable as any structure well could be, and only fast and expert fire fighting could have saved as much of it as was saved.

There is one instance of damage in the carpenter shop which would make any woman weep. Master Car Builder Brown had just received a bolt of fifty yards of costly red silk plush to be used in upholstering car seats.

DECLARES A DIVIDEND.

Park Brewing Company of Hancock a Prosperous Institution. At the last regular monthly meeting of the Park Brewing company directors of Hancock the first dividend in the history of the concern was declared.

At the last regular monthly meeting of the Park Brewing company directors of Hancock the first dividend in the history of the concern was declared.

RETURNS TO CORNWALL.

Frank Ward, Red Jacket Ex-President, Going Back to Native Land. Frank Ward, formerly president of the village of Red Jacket and at one time chief of police, left yesterday for his old home in Cornwall, Eng.

IS A LEGAL HOLIDAY.

Saloons of Copper Country Cannot Transact Business Tomorrow. It has been published in the copper country that tomorrow—primary election day—is not a legal holiday and that the saloons may transact business as usual.

FUNERAL OF RICHARD ROWE.

The funeral of Richard John Rowe, who was electrocuted Friday morning while climbing an electric wire pole in a case of spirital, took place yesterday afternoon with services at the Laurium M. E. church.

MR. SEDWEEK'S FAREWELL.

Rev. E. Sedweek, pastor of the Calumet M. E. church for the past five years, preached his farewell sermon last night. He took for his subject, "A Final Word."

HOLIDAY FOR ALL MINERS.

The miners of the copper country will be given a half holiday Tuesday afternoon, in order that they might be able to attend the polls and vote at the primary.

RESULTS OF CRICKET GAMES. The cricket game played in the copper country league Saturday resulted as follows: Mohawk 88, Baltic 42; Kearsarge 131, Menard 34.

Mining News

FRANKLIN. E. N. Skinner, E. M., who has been examining Lake Superior properties for Thompson, Towle & Co. of Boston, says of Franklin's No. 1 Pevabic shaft.

The management of the First National Copper company is concentrating its efforts on the completion of the Cottrell bag system for dusting the smelter furnaces which causes the shut-down of the smelter.

TENNESSEE.

The next regular meeting of the directors of the Tennessee Copper company will be held Sept. 21 but whether action on the dividend will be taken at this meeting cannot be ascertained at this time.

NOTES OF COPPER NEWS.

The annual report of the Victoria Copper Mining company, filed at Ontonagon county, as of date Jan. 1, shows that \$13 per share has been paid in on the stock and that \$410,293 have been expended to date in the development of water power including plant.

INSPIRATION.

Development work at Inspiration is said to be continuing with the same rapidity that has characterized operations there in the past. The Colorado shaft is down 350 feet and will continue for approximately another 100 feet to bring it to the level of the Inspiration shaft.

S.S.S. FOR BAD BLOOD. Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of iron from food eaten, and this nourishment is then supplied through the circulation to every part of the system.

nearly every hole ore over 300 feet thick. The holes ordinarily drilled at the corners of 200-foot squares are here being put down at closer intervals due to the reported great thickness of the ore body.

FIRST NATIONAL.

The management of the First National Copper company is concentrating its efforts on the completion of the Cottrell bag system for dusting the smelter furnaces which causes the shut-down of the smelter.

TENNESSEE.

The next regular meeting of the directors of the Tennessee Copper company will be held Sept. 21 but whether action on the dividend will be taken at this meeting cannot be ascertained at this time.

Upper Peninsula Fire Threatens Lumber Plant—20,000 feet, caught fire in some manner not explained, at an early hour in the morning in Forster Brothers' mill yard at Munising. The pile was partly destroyed. Good work prevented the flames from spreading.

ST. JOHN'S MILITARY ACADEMY (EPISCOPAL). Boys prepared for college, East and West. Special Commercial Course. All Athletic Sports: rowing, football, baseball, basketball, tennis, rifle practice, canoeing.

Census Decrease Explained—Menominee is one of the few counties that has shown a falling off in population. According to the official reports, Menominee county had a population ten years ago of 27,046, whereas the population today is but 25,438, there being a decrease of 1,608.

About Baseball; Musing Chortles—The Musing News publishes the following in its editorial column: "The quarrel over the division of rearing the county was the rock on which the Marquette-Alger County Baseball league was wrecked. The Neganue and Ishpening magnates last spring declared they were going to turn out twice as many people to the games this season as Marquette and ever so many more than Musing."

Many Fine Catches of Trout—The trout fishing season which came to a close with the passing of the month of August furnished much excellent sport at the Soo and vicinity. Many fine catches were made. The most unique event of this kind was recorded by dredging at work on the canal widening job. A trout weighing thirty-five pounds was picked up by one of the dippers.

Three Casts, Three in each of two and two in the other cast. This was in the vicinity of Lake Superior.

Sir Isaac Newton while attending school was considered by his teachers but little better than a idiot, and Sheldrake, the celebrated playwright, was presented by his mother to a tutor as a "block-head."

Dr. J. F. Deadman caught eight trout in three casts, three in each of two and two in the other cast. This was in the vicinity of Lake Superior.

City Brevities

Today's weather: Probably showers; stationary temperature.
 Yesterday's temperature: Seven a. m., 56 degrees; noon, 65; 7 p. m., 60; maximum, 65; minimum, 52.

A large crowd of Negaunee fans attended the baseball game here yesterday.

The Misses Manley and Beard of Ishpeming are visiting Mr. and Mrs. Medos Desotelle, Fisher street.

Mrs. Fred Bureau was taken to St. Mary's hospital yesterday, suffering from a severe attack of appendicitis.

Ernest Pearce, who has been in Chicago on business, will arrive home this evening on the steamer Pere Marquette.

Miss Hollie Oster left on the Tonesta Saturday night for Detroit and other points, and will be out of the city for a month.

With a county fair, Labor Day picnic and street carnival in Marquette today, there should be plenty of amusement for everybody.

Miss Ethel Haynes is acting as stenographer at the Marquette County Savings bank, during the absence of Miss Mame Garvey.

William Kelling, who has been acting manager of the Postal Telegraph company at Escanaba for three weeks, has returned to his desk at the Marquette office.

One of the deck hands on the Angeline, at the Presque Isle dock, left the boat yesterday, taking with him a pair of trousers and a safety razor belonging to another member of the crew.

Died at Munising—Thomas Garvey, at one time a resident of Marquette, died at Munising at 10 o'clock Saturday night, after an illness of three weeks. Mr. Garvey was seventy-two years of age and moved to Munising fourteen years ago, where he was the sexton of the cemetery. He leaves a widow and five grown up children: Mame, stenographer at the Marquette County Savings bank; Thomas, Katie, Martin and Jennie, of Munising. The funeral will be held at Munising Tuesday morning at 9 o'clock.

Beware of Electioneering—One entirely new feature of the law under which the primary election of tomorrow will be conducted is that forbidding electioneering of any kind within 100 feet of a polling place. Heretofore, it has been the custom to distribute dodgers and get in other campaign work on the sidewalk in front of the polling place and sometimes even within the building itself. Any such electioneering tomorrow within 100 feet of the polling place is forbidden and is punishable by a fine not exceeding \$500 or imprisonment not exceeding six months, or both.

Going to Dayton, O.—The Edward Russell Stock company closed a week's engagement at the opera house Saturday night, and will play in Ishpeming this week. The following week the company is billed for Iron Mountain, after which Mr. Russell will go to Dayton, Ohio, where he has a contract with a popular theater and will play in permanent stock all winter, putting on a new play each week. Mr. Russell is experimenting with a rather new type in stock attraction, in that he believes plays with a reputation can be put on to good patronage at popular prices, and absorbs pieces that savor of the melodramatic such as are usually played by repertoire companies.

Dogs Chasing Deer—Robert Hume, keeper of the Presque Isle park, states that several deer have been chased by dogs recently, and that any dogs caught engaged in that pastime will be shot. He advises that owners of hounds keep them tied up in order to insure their safety. Last week, one deer, pursued by dogs, ran into the wire fence near the L. S. & L. dock office, the animal breaking the animal's neck and it had to be killed. As this deer had two fawns, the accident was particularly unfortunate.

Bijou Theatre This Week—The arrangement between Manager Dorsey and the chain of theatres operated by E. D. Rice, of the copper country, is beginning to bear fruit. Miss Ethel Pein has been loaned the Bijou for a limited period and will sing the illustrated songs, beginning with the matinee today. Two big acts of vaudeville are on for the first half of this week. George Leslie, a favorite black face comedian, has been engaged and Ro Nero will do a novelty act. Both are headliners in the show world. A good program of motion pictures has been secured and the week will give all the regular patrons, as well as the visitors to the city, an unusually attractive show at this little house of big acts.

INSURE WITH PETER WHITE & CO. SCHOOL ELECTION.

Notice is hereby given that the Annual Election of the Trustees of the Public Schools of the City of Marquette will be held on Monday, September 26, 1910, at the City Hall, of said city, at which election one School Trustee will be elected for the term of three years. The polls of said election will be open from 8 o'clock a. m. until 8 o'clock p. m. on said day.
 The Annual Meeting of said Public Schools will be held at the City Hall on the said day at 8 p. m. for the transaction of such business as may lawfully come before said meeting.
 Dated, August 22, 1910.
 By order Board of Education, Public Schools, City of Marquette,
 EDWARD S. RICE, Secretary. (8-20-10)

NOTICE TO TAXPAYERS.

Office of the City Treasurer:
 Marquette, Mich., July 15th, 1910.
 Notice is hereby given that the general tax roll of the city of Marquette has been deposited with me, and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due and may be paid to me at any time up to and including the 31st day of October, A. D. 1910.
 Upon all such taxes paid to me before the first day of September a collection fee of one per cent will be charged, and on all such taxes paid on or after the first day of September a collection fee of three per cent will be charged.

R. P. BYRNE,
 City Treasurer.

CARNIVAL SHOWS ARE IN THE CITY

Train Arrives About Midnight and Begins Unloading at Day-light—Opens at 7 p. m.

The special train of the Barkoot shows did not arrive until nearly midnight last night, owing to several hours' delay at the straits. The train was due here at 4 o'clock in the afternoon and many people were anxiously awaiting its appearance. Quite a number were on hand to greet the show train, even at the late hour of arrival. With a great deal of backing up and then going ahead, then backing up again and a whole lot more bumping around, the big train of carnival paraphernalia and gorgeous equipment finally came to a standstill, and the shows were "officially" on hand.

Few people who gaze with wonder or curiosity at the incoming carnival train of an organization like this one, ever stop to think of the tremendous expense entailed in the railway movement from town to town. The amount of money paid for transportation by K. G. Barkoot is a good sized fortune, but only a mere bagatelle, when compared with the daily running expenses of an exhibition of this size and character.

As the working people under Superintendent Rhoades had not had any rest since Saturday morning, the work of unloading did not commence until day-break. Then the wagons containing the various shows began to move over to Baraga avenue. A small army of men are beginning to pitch tents up and down the avenue, as the Mining Journal goes to press. Then will begin the work of getting the concessions in place. It will be a busy day on the avenue and the progress of erecting the various shows and exhibitions probably will be watched by hundreds of people, men, women and children.

In the afternoon Count Angelo Mummolo's Royal Concert Band will give a concert at the intersection of Third and Washington streets, and before 6 o'clock in the evening, every show will be prepared to open its doors to the visiting public at 7 p. m. From the time Manager Barkoot has his secretary, Harry Parker, give the signal to switch on the lights, there will be something doing every minute, while the great amusement and fun feast is entertaining its patrons.

Heavy Voting in Contests.

The contests are moving along more briskly than they did at the start, Saturday's count being the largest since the opening day. In the Queen contest, Miss Anna Johnson is slightly in the lead, with Miss Smith an exceedingly close second. The other two contestants in this race have not as yet shown any votes, although they are known to have been very successful in obtaining support from their friends.

The doll contest has two new candidates, Miss Salome Mosher and little Miss Mary Gulike. They are both promising aspirants and will give their opponents a close finish if they let up in their hustle for votes. Miss Price still leads, Miss Liebshar is second and Verah Hartman is third. Little Miss Tobin is fourth, while Edwidge Gagnon, who has only been two days in the running, stands fifth. Eloysia McNulty still holds her own in the sixth place and from appearances could move up a pace or two if she so desired. Miss Charlotte Marvin makes a close count but has to be placed seventh, and Lois Atkins eighth; Norma Schauer, ninth; Salome Mosher, tenth; Katherine Little, eleventh; Agnes Griffin, twelfth; Mary Gulike, thirteenth; Belle Anderson, fourteenth.

There are only three more counts after today and the candidates are warned that no votes will be accepted after 12:30 noon on Thursday. A public vote will take place in front of Hager Bros. from 11:30 to 12:30 on Thursday, with the Royal Italian Band in concert and a talker urging the people to cast their votes for their favorite candidates. There are no favorites with the committee and no skull duggery in the balancing. The actual winner will get the first place and the prize.

SUICIDE AT PRESQUE ISLE.

John Hoglund, Mentally Deranged, Jumped Off the Breakwater.

It became known late Saturday afternoon that John Hoglund, an employe at the Pioneer furnace, had committed suicide by jumping into Lake Superior off the Presque Isle breakwater at an early hour Saturday morning. Hoglund has been deranged at times all summer, and Saturday morning he was missing from his brother's home on Fair avenue. Search was begun and, being barefooted at the time he left the house, he was tracked to Picnic rocks, then along the lake shore to Presque Isle.

The foot prints led toward the breakwater and in the afternoon his hat was found near the land end, and in it a note stating that he had gone out on the breakwater to end his life and that his body would be found in the lake.

When the searching party was about half way out from shore, Hoglund's corpse was noticed, standing upright in about seven and a half feet of water, on the harbor side. The life savers were notified and the body was soon recovered. Captain Cleary states that this is the first time in his long experience he has ever known of a drowned man standing erect under water for several hours after his death. The lake has a gravelly bottom where the body was found, and it was not supported in any way.

Hoglund was a single man, about forty-three years of age, and was well known about the city, where he has his home for some time. Funeral arrangements have not yet been made.

FAIR OPENS TODAY.

Everything Looks Favorable for an Extra Good Show This Year.

The Marquette county fair opens today with indications of one of the best fairs in the history of the agricultural society, according to the directors. Though the price of admission will be fifty cents this year, those in charge promise twice as good a show as ever before and anticipate a good attendance.

Five head of trotters arrived from the copper country yesterday, and more were expected last night. Horses also are

A Bright Young Lady Found That

There are no bargains to be had today in any grade of diamonds—why, simply because their value is advancing, not decreasing. Of course, there are grades and quantities in diamonds—you can buy diamonds at different prices per karat—but high or low, price is always based on quality and color. Soiling as we do but one grade of diamonds, the very best, you will find that our prices are fair and honest—lower than we can ever expect to receive the same goods in our stock—lower, we assure you—quality considered—than you can buy elsewhere. We invite the most critical expert criticism—as to our prices and the high grade quality of our diamonds. The strongest written guarantee goes with every diamond we sell.

THIS Bank wants the savings account of the small depositor as well as the large. It is interesting to look over the accounts and notice that the small depositor of ten years ago who has been saving a little each month is now classed as a large depositor. If others have made a success of saving so can you. Remember, it is the nickel spent here and there that uses up the surplus which, if saved, will soon make a bank account of goodly proportion for you.

SECOND TEAM WINS PENNANT.

Gwin lost her only chance of winning or tying Marquette for first honors in the Marquette-Alger County league by splitting even with Munising yesterday in a double-header played before a record breaking crowd. The first game ended in Munising's favor, 6 to 5, while the second game was a one-sided affair, Gwin winning easily by a score of 12 to 0. Swanson, one of the latest finds, who could not stop Munising's sluggers, and a few errors, were the cause of Gwin's defeat. Lindville was a puzzle and had the amusing boys at his mercy at all times. Marquette plays Munising here next Sunday for the last time. If Marquette wins she will have a percentage of 750, while if she loses the percentage will be 675. The present standings of the clubs are as follows:

	P.	W.	L.	P.C.
Marquette	7	5	2	714
Gwin	8	4	4	590
Munising	7	2	5	286

VOTE FOR T. M. WELLS FOR REPRESENTATIVE.—ADV.

Guild Hall Notes

The Guild Hall baseball team lost to the Munising Y. M. C. A. team at Munising Saturday by a score of 10 to 7. The lineup of the Guild Hall team was: F. Johnson ss, Bowser cf, Boyer 3rd, Christensen ss, and P. Smith rf. G. Johnson c, Fox 1st, Gauthier p, and R. Thayer rf, and ss. The Guild Hall team will play the North Ends this morning on Longyear field at 10 o'clock.

Guild Hall will be open for a few hours this morning, but will be closed during the afternoon and evening, except for the special classes arranged for. All the drawings for the tennis tournament have been made and are posted on the bulletin board at the hall, also at the courts. Those entered are requested to play off their matches as soon as possible.

VOTE FOR T. M. WELLS FOR REPRESENTATIVE.—ADV.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the Board of Supervisors of Marquette County, Michigan, on Sept. 5th, 1910, for the building of a Tuberculosis Hospital at Morgan, Marquette County, Michigan. Plans, specifications and instructions to bidders are now on file at the office of the County Clerk, and also at the office of the architects.

The right to reject any and all bids is reserved.

Mining News

HANCOCK CONSOLIDATED.

At the Hancock Consolidated, the winze, at No. 1 shaft is down to the eighteen level, and the crosscut from No. 2 shaft to this point has been holed through, thus completing the second connection of the two shafts. These will be the channels through which all rock above the eighteen level will go to the big shaft for hoisting to surface. The steel engine, compressor and boiler house is completed, and the boilers and the tandem Corliss compound compressor are in place, while the engine is being installed. The direct hoisting plant, operating in balance, will consist of two reversible Corliss engines and one straight faced winding drum, fifteen feet in diameter by fifteen feet face.

The drum will carry 4,000 feet of rope; a load of 40,000 pounds will be hoisted at a maximum speed of 3,500 feet per minute. The load is made up as follows: weight of skip, 10,000 pounds; weight of rock, eight tons, or 16,000 pounds, and these added to the weight of the rope makes the gross load of twenty tons. This hoist as well as the structural steel rock house should be completed within the next two months. When the four eight-ton skips are installed, and in operation, an immense tonnage can be handled daily through the shaft, and it should be handled at a minimum cost. There are extensive openings on No. 3 lode, adjacent to No. 1 shaft, and the openings into new ground, are satisfactory. All work at this property has been done systematically and with an eye to future. A lode of commercial quality was opened in the mine before the big equipment was ordered, and what is known of conditions at the point where the big shaft will intersect the Pewabic lode would seem to warrant

the plant now so nearly completed. The No. 2 shaft is down to a depth of 2,450 feet, or within about 1,150 feet of the place where the Pewabic lode will be encountered. Sinking at the shaft has been retarded for several months, owing to the poor ground being passed through, making it necessary to timber every three feet. Now the ground has changed; is firmer and harder, and trenching has to be put in at intervals of six feet. The ground is more favorable for sinking than it has been for over a year, and, continuing so, good progress will be made in putting down the shaft. Within the next fifty feet the Hancock lode should be encountered in No. 2 shaft, and just what may be revealed will be watched with interest. There is a possibility that the lodes may merge and the favored No. 3 lode, where passed through by the big shaft, would indicate such a possibility.

blacksmith. In his first attempt at public speaking he displayed such a weakness of voice, imperfect articulation and awkwardness that he withdrew from the speaker's platform amid the hoisting and jeering of the crowd.

HUNTING ELEPHANTS.

Hunting elephants for their ivory is a profitable business. John Boyes, a noted African hunter and explorer, who gave Col. Roosevelt the tip where to find the white rhinoceros, has returned to London after eight years in Africa. In the Congo in that period he obtained ivory worth \$50,000. For several years Mr. Boyes was king of a tribe called the Kakeris and commander of their army of 5,000. When the British government learned that he was king he had to leave the tribe.—New York Sun.

Demosthenes, the Grecian orator and "prince of eloquence," was the son of a

TIDE OF EMIGRATION TURNS TO IRELAND

Census Figures Show That the Tendency of the People Now Is to Remain at Home.

Dublin, Sept. 1.—The tide of depopulation which has been wasting Ireland for more than half a century has at last begun to turn.

It is generally believed that Ireland's population and prosperity began to decline after the union with England, but this is not a fact.

In 1909, however, the tide turned and the population showed an increase of 115 over that of 1908.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Lotion for twenty-five cents.

WHOA, MOTOR BOAT, WHOA!

A Green Hand at Using One of Them Un- equal to an Emergency.

A small motor boat equipped with everything that the new Federal law requires and with various things that were supposed to be necessary under the regulations that some of the Government officials tried to enforce before the present law was enacted.

The boat was a dory about twenty feet long with a five-horse-power motor in it. The seats were piled up with new life jackets.

Watchers on the pier as the strange boat came in view saw that there was excitement on board.

As she circled, a series of explosions came from the motor that seemed greatly to alarm the occupants.

It has been discovered, however, that hundreds of butter dealers buy the white oleomargarine from the producers.

These butter people, the revenue officers say, seem to feel no compunction whatever about violating the federal laws.

A youngster who was sitting in a skiff alongside called out: "Shut off the current!"

Then the boy climbed over into the motor boat, closed the needle valve and opened the explosion chamber relief cock and after a few more loud pops the motor came to a standstill.

When the medicine you take cures your disease tones up your system and makes you feel better.

OLEOMARGARINE LAW IS EASILY EVADED

Government Is Declared to Be Losing Annually Over \$200,000 in Revenue.

Washington, Sept. 1.—Internal revenue officials say recent revelations indicate there are in every big city in the country wholesale violations of the revenue laws prohibiting the sale of colored oleomargarine without the payment of the ten cents a pound tax.

From statements by revenue officials it appears that 50 per cent of the big butter dealers of the large cities are guilty of infractions of the revenue laws.

A tax of ten cents a pound is placed upon oleomargarine; that is, oleomargarine that looks yellow and thereby passes for butter.

It has been discovered, however, that hundreds of butter dealers buy the white oleomargarine from the producers.

These butter people, the revenue officers say, seem to feel no compunction whatever about violating the federal laws.

It is impossible to detect the illegal mixers unless they are caught in the act or unless witnesses testify against them.

At the Brussels show the dogs were first judged for points, the requirements being a compact build, with great strength.

It is evident that it is not to an owner's advantage to ill-treat or overwork the dog, which is his breadwinner and costs a good deal to buy.

DWARFS IN EUROPE. DOGS IN PEACE.

The Many Uses to Which Friend of Man May Be Put.

A very interesting show of draught dogs has just been held at the Brussels Exhibition, where over a hundred animals awaited the judges.

The Belgian dogs earned for their country in one year £1,800,000, according to statistics taken ten years ago.

Cowboys Not the Only Adept at Roping.—Tugboatmen Also Handy.

The cowboy is not the only man on earth that can rope things. The tugboatmen is also pretty handy with a lasso.

When a tugboat comes alongside a wharf there is very likely to be somebody there willing to take a line and drop it over a spile.

Twelve or fifteen feet is about as far as such a lasso can be thrown.

Let the boat be coming alongside a wharf or alongside another boat.

WANTED—AN AMERICAN WIFE.

There is a handsome man in Germany who shares the European notion of American brides.

School Begins

September 6th. A few months spent at the Marquette or the Ishpeming Business College will equip you for a good position at good salary.

BOTH WERE WON BY MARQUETTE

Negaunee Ball Players Taken In to Camp Saturday by Score of 2 to 1, and Again Defeated Sunday, 7 to 5, Before Two of Largest Crowds of the Season.

Luck Was With the Boys in Green Yesterday, and Though Out Two to One, They Finished Out the Victors—Two Nerve Racking Ninth Innings Were Played.

Table with 4 columns: G., W., L., P.C. and 5 rows of team statistics including Negaunee, Marquette, Ishpeming, and Crystal Falls.

That horseshoe beside the Negaunee bats must have been wrong side up this week, for Marquette won both games from the league leaders in handy style.

By winning both of this series of games Marquette has a good fighting chance of winning the pennant, though Negaunee still has a big lead.

Yesterday's game kept the crowd on edge from start to finish, as there was plenty of hard hitting and numerous errors on both sides.

The features of the game were a one-handed catch by Ruppelle in the first, which cut off a run; a trick play on the part of Day and Scholtus; by which McCrory was caught between second and third; a beautiful catch by Lafave with two men on bases, and the batting of McCrory, who got four clean bingles in

five times up, one of which was a two-bagger.

Marquette Scores First.

Marquette was the first to score, in the second inning, when an error by Cullis, a passed ball and a hit by Young brought Mack across the plate.

Ruppelle opened with an easy grounder to Siebenthal, which the latter threw wild to first. Mack followed with a short hit to left, which advanced Ruppelle to second.

But Negaunee is never beaten until the last man is out, as later events showed. In the fifth, Negaunee scored two more runs. After Siebenthal had struck out, Cullis drove a hard low fly to Lafave, which slipped out of the fielder's fingers.

Marquette also got two more in her half of the fifth. Day, the first man up, got free transportation, was advanced to second on Ruppelle's hit, went to third on a passed ball and both scampers home when Cullis let Young's hot grounder get by him.

Then came that troublesome ninth, when Marquette for the second time in as many days came near losing her game. Simpson opened with a safe drive over second base.

Summary of Game.

Summary of Game table with columns: The summary follows: Marquette—A. B. R. H. P. O. A. E. and rows for individual players and totals.

Scoreboard for Rosevear, p. ... 2 0 0 2 2 0

retired by the Cullis-Steinle route. Negaunee's lone tally came in the fifth. Swick opened with a screaming three-bagger into deep left, and Heidensohn followed with a sacrifice fly, which was handled by Ruppelle, on which Swick scored after the ball had been caught.

Anyone subject to heart failure had no business at Saturday's game, particularly during the ninth inning. With Pitcher Devitt working as steady as a clock and having been given errorless support up to that time, and the score 2 to 1 in Marquette's favor at the opening of the ninth, it looked as if Marquette had the victory sewed up and the crowd began to get impatient.

Cullis was an easy out via the Mack-Magnan route, and Rains rolled an easy grounder into Divett's hands. The chance must have been too easy for Divett, for he picked up the ball deliberately and then tossed it away over the first baseman's head.

Marquette ... 0 0 0 2 0 0 0 0 - 2 Negaunee ... 0 0 0 1 0 0 0 0 - 1
