**DRIFTING TOWARD ORE BODY AT BARNES**

**Cleveland-Cliffs Iron Company's New Mine Will Soon Be Producing Ore.**  
 Good headway is being made with the sinking of the new shaft at the Cleveland-Cliffs Iron company's Barnes property, at the Dexter location. The shaft is now down 150 feet and a drift has been started in a northerly direction to the ore body, which will be encountered less than 200 feet from the shaft. The ore at the point where it will be reached extends upward to within twenty-eight feet of surface. The management plans to mill it down to the 150 foot level, and several other levels will be put in below this point.  
 The Barnes shaft will be one of the best equipped on the range, and it has been provided with a fine steel shaft hoist. The hoisting plant, pumps and other machinery are being operated by electricity generated at the new Maas mine plant at Negaunee. It is expected that the Barnes will be producing ore within two months, but it is not likely that any of the product will be shipped this season. A railway is now being extended westward, from the North Lake mine. Gust Fredin, who has the contract for the grading, expects to complete the job by the first of November.  
 The Cleveland-Cliffs Iron company has a number of drills in operation at points between the North and Barnes properties, also north and west of the latter. Ore has been encountered on the Barnes Land company's acreage, on the west shore of North Lake, and it is possible that a mine will be opened at that point during the coming year. The company has employed a goodly force of men this summer at the North Lake and Barnes on preparatory work.

**CONSUMING IRON ORE DUST.**  
 United States Steel Corporation Will Use It as By-Product in Steel Making.  
 Iron ore dust is to be used by the United States Steel corporation as a by-product in the steel making industry, and it is anticipated that the process will result in saving the company a large sum annually.  
 Vast quantities of ore dust for which no use heretofore has been found is to be utilized through a discovery by the engineering department of the Carnegie Steel company, and the process is to be put into operation at once at the mills of the latter company in Homestead.  
 The ore dust is to be made into briquettes and utilized in making pig iron. It is claimed the saving will act as a reduction in the cost of pig iron. The dust, under the tremendous pressure of the blast, is caught at the top of the furnace by "catchers" and then carried to the base of the stack to be carted away.  
 A binder for the briquettes has been found, composed mostly of lime, which also acts as a flux in the smelting. Steel men regard the step of equal importance to the development of the cement industry from furnace slag, which until the organization of the Universal Cement company, as one of the corporation's industries, was a bug-bear to all manufacturers of iron.  
 Along the terminal railways of the Carnegie Steel company, 200,000 tons of ore dust are piled, which, with ore at \$4 a ton, would represent a saving of hundreds of thousands of dollars. Construction of a plant for the transportation of the ore dust is being expedited.  
 Millinery display now ready. Ladies invited. Miss Enright, Dundon block, second floor. (9-15-24)

**STIFF PORK MARKET.**  
 Spring Chicken Is No More of a Luxury Than Ate Chops.  
 Fresh pork is now as much of a luxury as are spring chickens, and is commanding a top notch price. Pork chops are worth from seventeen to eighteen cents per pound, wholesale, in the local markets, and the better grades of bacon and hams bring from twenty-four to twenty-eight cents per pound, wholesale. Live hogs are bringing in the neighborhood of ten cents per pound in the Chicago markets.  
 "In spite of the unusually high price of pork, the wholesalers cannot fill one-half the orders they receive," said a representative of one of the big packing concerns yesterday. "The heavy hogs in the city districts as well, are in luck when they receive 50 per cent of the pork that they order for their trade. This condition has existed for several months and there is no indication that the supply will equal the demand in the near future, nor are indications favorable for a reduction in the prices. The price of pork will probably continue to advance at least for a few months, as the farmers and cattle raisers in many parts of the country have lighter stocks. For some time past, on account of the unusually dry weather during the summer season. Many of the stock raisers were obliged to either sell or kill their stock early in the season, as they could not afford to buy the necessary feed to fatten them for the market.  
 "The prices of other meats are also high, but the proportionate increase in pork of all kinds during the past year has been greater than at any time for more than a quarter of a century. When hogs were bringing from seven to eight cents on foot in the late summer, they could hear more complaints about high prices than we do now, as the retail dealers, as well as the consumers, are now satisfied that the packers are not to blame for the high prices. The stock is not to be had and the dealers generally think it to be the case.  
 "The cost of fresh eggs, as well as some other commodities, is gradually growing stiffer, with indications that the season of low prices has practically passed for this year. Eggs have advanced from two to three cent a dozen during the past ten days and they are not any too plentiful. The demand for eggs is at present heavy in spite of the fact that they are wholesaling at from twenty-two to twenty-five cents."

**SUNDAY SCHOOL PICNIC.**  
 The Sunday school picnic of the Presbyterian church will be held tomorrow at Presque Isle. The excursionists will go down on the Duluth, South Shore & Atlantic train, leaving here at 9:45 a. m., and returning on the train leaving Marquette at 5:55 p. m. The fare will be fifty cents for adults and twenty-five for children. The picnic will be held on the island. In case the weather will not permit of going to Presque Isle the members of the Sunday school and their relatives will assemble in this city and partake of refreshments.  
**NEW SCHOOL AT NORTH LAKE.**  
 The board of education of Ishpeming township, through Charlton & Knechtel, architects, is advertising for bids for the erection of a school house in the North Lake district, where the Cleveland-Cliffs Iron company is developing mining properties. The plans will call for a four-room building, but only the two on the lower floor will be finished at this time. The children at North Lake are now attending school in one of the Cleveland-Cliffs Iron company's double houses at the location. Forty-two children are enrolled, and there are sixty children attending the school in West Ishpeming, over a mile distant from the North Lake location.

**ISHPEMING IN BRIEF.**  
 Harry Graff, district manager of Swift & Co., was in the city yesterday.  
 Mrs. Burr D. Grove of Neenah, Wis., is visiting her sister, Mrs. J. S. Mennie.  
 Byron Landahl has returned from Chicago, where he spent a week, visiting friends.  
 Mrs. Ray Wenker, of Milwaukee, is in the city visiting her cousins, Mrs. E. J. Butler and Miss Elizabeth McNulty.  
 Mr. and Mrs. George Goodman, of Houghton, former residents of this city, are the parents of a son, born Wednesday.  
 Mrs. James Clancey entertained a number of lady friends yesterday afternoon, with cards, at her home on South Pine street.  
 Peter Koski was up from Gwinn yesterday. He was one of the delegates from Forsyth township to the Republican county convention.  
 The Ishpeming dealers in cigars, tobacco, etc., have decided to raise the price of Fatima cigarettes to twenty cents. This is necessary on account of the increase in the manufacturer's price.  
 The Ishpeming band will conduct a hop tomorrow evening at Braastad's hall. The entire band will be present to furnish music and dancing will start at 8:30 o'clock, continuing until 12. Tickets will be fifty cents per couple.  
 Miss Ruth Goodman arrived home last night from a visit in Montreal, Can. She will leave within a week or so for the Wisconsin university, where she will attend school the coming year.  
 The Barkoot Carnival was attended by large crowds Wednesday evening and last night. Mr. Barkoot yesterday said that the shows are receiving about 25 per cent better patronage than he expected.  
 Humboldt is to have a tent of the Maccabees of the World. James A. Goodman of Negaunee, the district dep-

**PIERCE PLAYERS.**  
 Popular Stock Organization Will Be Here for But One Night.  
 The Pierce Associate Players, who were at Marquette the first three evenings of the week, are now filling a three-night engagement at the Kerrelge theater. Hancock, will be in Ishpeming only one night on their present tour. The company was originally booked for the evenings of the 24th, 25th and 26th, but the management was given an opportunity to put the show into the Lyceum theater at Duluth for five nights, so the Ishpeming engagement will be cut down to Monday, the 24th.  
 The management has not yet decided what play will be produced, but it will likely be "The Soldiers of Fortune," dramatized by Augustus Thomas from Richard Hardin Davis' famous novel of the same name. William Jossey and Blanche Douglas still head this fine company of players. The company is practically the same as when last seen here, with the addition of three new members—Jack Livingston, Claude Kimball and Miss Edna Marshall.

**D. T. MORGAN & CO.'S LETTER.**  
 D. T. Morgan & Co., brokers of Ishpeming, yesterday issued the following market letter:  
 "The New York market opened slightly lower and held firm for a time. After the first hour, which a few stocks affected and the market grew weaker, losses of from 1 to 1 1/2 points being the result of the day's operations. The professional element is bearish on the falling off in the steel business. The better informed people, however, maintain that the fundamental conditions are steadily improving and the technical position is strong enough to prevent any serious break. Gironx, Indiana, Algoma, Isle Royale and North Butte were features in Boston all being active and strong until near the close, when fractional recessions occurred. Gironx was in strong demand at 7 mill and last half has reached 13 1/2, but later declined to 13 1/4. Indiana and Isle Royale both lost large fractions. There were a number of sales of Shattuck at 23. The others were quiet, with little change. We consider today's weakness as only temporary and look for improvement, especially in the Lake issues, North Butte, Utah Consolidated and Shattuck."  
 An expert tailor, representing the Continental Tailoring company of Chicago, will be at our store today, tomorrow and Saturday, and will show over 500 yardage samples of the newest fabrics in men's suits. Every suit made to order will be fully guaranteed as to fit, style and material.  
 F. BRAASTAD & CO.  
 Furniture upholstery and hair mattresses made over. Franklin Wade, at Swanson & Person's store. Both 'phones. (9-1-11)

**FOR SALE.**  
 A fine rifle that will attend the Lawrence University.  
 The Gwinn band serenaded G. R. Jackson at his home Saturday evening.  
 The Gwinn baseball team defeated a team from Ishpeming Sunday by the score of 9 to 4. Laneville and Johnson were the battery for Gwinn and Cornish and Prigley for the visitors. Laneville had the Ishpeming players at his mercy and at no time during the game did they have a chance to win. Del had fourteen strikeouts to his credit.  
 Rev. Hultman's mother is here from Wisconsin, visiting him.  
 J. B. Pratt, J. D. Keeton, Peter Koski and E. A. Peterson, of Little Lake, were in Marquette Wednesday attending the Republican county convention.  
 Gust Fredin, the contractor, was a business visitor here this week.  
 Peter Dugas and Mrs. J. Baby of Little Lake were married in Negaunee Monday. The wedding party was composed of the bride and groom and Mrs. Gerson and Mrs. Brady. A dance was held in Baby's hall Monday evening in honor of the event.  
 J. I. Keeton and family spent the week in Ishpeming visiting Bert Ramsdell and family.  
 The Gwinn High school will have a football team this year that will keep the rest of the school teams in the county busy. The boys are practicing daily and Coach Hammed expects to have the team in condition for games by the end of the month.  
 Axel Larson spent Sunday with his folks in Negaunee.  
 George Barry, chief chemist of the Cleveland-Cliffs Iron company on the Swaney range, spent the greater part of the week in Pontiac, Ills.  
 Dr. M. M. Main and John Maroney spent Sunday in Ishpeming.

**Champion**  
 Miss Clara Fouault of Baraga is visiting with Nellie Rochon.  
 R. R. Thomas left Thursday for Detroit, where he will spend some time at the Detroit Mineral Bath springs.  
 Miss Nellie Cronin left Sunday evening to teach at Humboldt.  
 Leslie Hawes left Sunday for his home in Kilbourne, Wis. A surprise party was given in his honor Saturday by a number of young people.  
 Louis Verville has been called to Hancock because of the illness of his brother Felix.  
 James Simmons has returned from

ANNUAL REPORT OF SOUTH SHORE

Revenues from Both Freight and Passenger Traffic Show Big Increase Over Previous Year, but Expenses Were Much Heavier, Leaving a Large Deficit.

Present Board of Directors Re-elected at Annual Meeting of Stockholders—Rumor of President Fitch's Intended Resignation Authoritatively Denied.

The annual meeting of the stockholders of the Duluth, South Shore and Atlantic railroad was held yesterday afternoon in the company's offices in the Nester block.

Of late the oft repeated rumor that President Fitch would resign his official position at the head of the head of the South Shore at the coming directors' meeting has been more than usually persistent.

The annual report for the fiscal year ending June 30, 1910, was submitted by the auditor, A. E. Delf. The report shows that the traffic has been heavier the last twelve months than for many years.

Amount of Equipment. South Shore rolling stock, as shown by the report, consists of eighty-five locomotives, all but three of which weigh over thirty tons.

Operating expenses, maintenance of way and structures, maintenance of equipment, traffic expenses, transportation expenses, general expenses, sleeping and dining car service, show an increase all along the line.

Big Increase in Freight Handled. During the year, the railroad carried 3,695,469 tons of freight, more than a million tons more than during the previous year.

Charges to additions and betterments during the year amounted to \$381,401.22, distributed as follows: New buildings, additions, etc., \$7,130.14; new branches and sidings, \$26,360.65; new fencing, \$2,352.79; shop machinery and tools, \$7,077.75; right of way, \$647.76; bridges, trestles and culverts, \$1,374.85; increased weight of rail, \$15,393.99; track fastenings, etc., \$4,870.35; second main track, Eagle Mills to Negaunee, \$15,706.62; south main track at south Ishpeming, \$962.27; widening cuts and fills, \$200.55; protection of banks, \$528.44.

VOICE CULTURE. Mrs. Louis Vierling, studio 114 W. Hewitt Ave., Marquette, 9-12-11.

SHAKE INTO YOUR SHOES Allen's Foot-Powder, the antiseptic powder. It cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions.

WEARS STRAW HAT ON A BET.

Lee Parvin, Pierce Players' Press Man, To Buy New Lid at Duluth. Lee Parvin, the golden locked, happy little individual who does all the shouting to the press for the Pierce Associate Players, booked to appear at the Calumet theater all next week.

At Marquette a few days ago Mr. Parvin left a nice little derby, a brown affair, beneath a seat in the theater. The scrub woman found the hat, supposed it was worn out and tossed it into the alley.

GIVEN STIFF SENTENCE.

Toni Nastasi Draws Maximum Penalty for Assault and Battery. Toni Nastasi, who pleaded not guilty to shooting with intent to commit murder in circuit court last week, yesterday asked that he be allowed to plead guilty to assault and battery, and after careful investigation, prosecuting Attorney Bell accepted the plea.

The three have even become good friends with Nastasi again, it is said, and they objected very strenuously to appearing against him in court. It is even said that the men whom Nastasi shot and their friends had gone so far as to raise money with which to secure the services of an attorney to defend their assailant.

QUIET ENDING EXPECTED.

One Carrier Will Tie Up Earlier Than Usual This Season. The season of 1910 will end very quietly on the great lakes, says the Marine Review. The Pittsburgh Steamship company has notified the owners of its chartered tonnage that it will be through with the ships on Oct. 15.

The fleet moved during August 6,964, 281 tons, which is 19,092 tons more than were moved during July, notwithstanding the fact that some of the vessels carried their August requirements during July.

During the year, the railroad carried 3,695,469 tons of freight, more than a million tons more than during the previous year; and 719,169 passengers, 11,500 more than during the preceding year.

ALMA—A careful examination of the books of Ely Brewbaker, cashier of the First National Bank, who shot himself in the bank, shows them to be absolutely correct.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack.

AUTOMOBILE FACTORY PROJECT COMING UP

Important Meeting of Commercial Club To Be Held at City Hall This Evening.

A special meeting of the Commercial club will be held at the city hall this evening, at which it is hoped there will be a large attendance. J. G. Krieger, a former resident who has for some years been in the automobile business in lower Michigan, is the inventor of a new car, to further the manufacture and sale of which he is now organizing a company.

The estimated demand within the next five years for motor cars of all description is 1,500,000, and the special machinery required for car manufacture cannot be built rapidly enough to keep pace with this demand.

No business in the world is so profitable as the manufacture of automobiles. Fate has surely been very lavish in her reward to those who had the "temerity" to invest in automobile companies in Detroit.

The estimated profits of the Packard Motor Car company for 1910, based on their own claims, will be \$3,000,000. Their present plant, one of the largest in the world, was built up from profits and they are still building.

OFFICIAL COUNT.

Board of Canvassers' Figures on Primary Election in This County. The board of county canvassers has completed the official count of the ballots cast at the primary election in Marquette county Sept. 6, the results of which are given below.

United States Senator—Votes cast, 4,122; Townsend, 1,991; Burrows, 1,978; blanks, 153; Townsend's majority, 13. Governor—Votes cast, 4,994; Osborn, 2,778; Kelly, 587; Musselman, 579; blanks, 130; Osborn's plurality, 2,191.

Register of Deeds—Joseph H. Priemeau, 3,497. Prosecuting Attorney—F. A. Bell, 3,443. Circuit Court Commissioners—Geo. P. Brown, 3,041; Harlow Clerk, 2,924.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack.

There is no economy and no money saved in buying for an active Boy a cheap School Suit.

Buy the Boy one of our XTRAGOOD Suits and let him go the limit in coasting, skating, running, jumping or any other kind of sport.

Suits at \$4.00, \$4.50 and \$5.00.
