

JOHN A. DIX IS NOMINEE IN NEW YORK

"Fingy" Connors' Successor as Chairman of the State Committee Is Named by the Democratic Convention at Rochester as Its Candidate for Governor.

He Is Murphy's Choice and He Wins Over Congressman Wm. Sulzer by the Vote of Over 400 to Only 16—The Platform Is Radically Progressive.

Rochester, N. Y., Sept. 30.—A state convention that will go down in political history as one of the most remarkable in the annals of the Democratic party was closed tonight with the nomination of John A. Dix, the chairman of the party's state committee and a wealthy Washington county business man, to run for governor on a progressive platform of the widest type.

Regarding the platform, there was from the first little or no division of opinion. But the candidate was not chosen until Charles F. Murphy, leader of Tammany Hall, who by virtue of his 213 delegates was in position to control the convention, had canvassed the merits of no less than fourteen others.

Dix Reluctant to Run. Mainly on account of his office as state chairman, but for personal reasons also, Dix stood out against the wishes of the leaders until after the time set for concluding the session of the convention when he had once accepted the offer of the nomination, the rest of the ticket took only two hours to arrange.

Mr. Dix is fifty years old. He was born at Glens Falls, N. Y., and received his early education in his home schools. He graduated from Cornell in 1882. Two years ago with Lewis Stuyvesant Chanler as the head of the tie-tent government, he received sixteen votes.

Platform Hits at Roosevelt. The platform condemns the attacks on the supreme court of the United States, opposes any usurpation by the federal government of the rights of the states and denounces the session of the law as a betrayal of the trust of the people because it has failed in the promise for revision downward.

Of the "new nationalism," the platform says: "We solemnly declare inflexible opposition to the so-called 'new nationalism.' Its inventor has put this forward as if it were progress, while in reality it is sheer reaction to tyrannical methods long ago shaken off by the free countries of the world.

Washington, Sept. 30.—The total estimates for the appropriations necessary for the naval service during the next fiscal year were announced today at \$128,200,000, as against \$122,884,000 for the present fiscal year.

IS INDICTED FOR MURDER; HIS AUTO KILLED A GIRL.

New York, Sept. 30.—Edward T. Rosenheimer, a millionaire manufacturer, today was indicted for murder in the first degree, charged with being responsible for the death of Miss Grace Hough, who was killed in an automobile collision on Pelham Parkway Aug. 18.

RAILROAD PRESIDENT DIES AS RESULT OF OPERATION.

New York, Sept. 30.—Nicholas Menarratt, of Columbus, O., president of the Kanawha & Michigan railway, died suddenly in this city today, following a surgical operation.

MR. LA FOLLETTE IN HOPEFUL MOOD

Senator Minimizes His Reported Critical Condition—The Surgeons' Verdict Withheld.

Rochester, Minn., Sept. 30.—The examination of Senator Robert M. La Follette's condition will not be completed until tomorrow, and until then it cannot be determined whether he will be operated upon. The senator walked to the office of Dr. W. J. Mayo today and after an examination took an automobile ride and attended the Olmstead county fair.

Senator La Follette stated that he had been suffering intermittently from gall stones for three years. He added: "I feel certain that my friends need feel no anxiety. Aside from the recurrent pains, I enjoy my usual health. There is no reason for any alarming reports regarding my illness. My condition has shown improvement, but this is not as rapid as I have desired, so after a consultation with my family physician I decided to come to Rochester for consultation with the Mayo brothers.

Roosevelt Assailed in Iowa. An attack on Roosevelt which appeared today in the Des Moines News, which is said to be Senator Cummins' personal organ, brought forth no comment from the senator, but the statement that he had heard of it.

WOULD-BE ROBBER IS LODGED IN JAIL

Unable to Support a Family of Nine on \$1.50 a Day, He Tried to Loot a Bank.

Council Bluffs, Ia., Sept. 30.—A bold attempt was made to rob the Bank of McClelland, at McClelland, a small town in this (Pottawattamie) county this afternoon. A man giving the name of Tom Kirby, whose home is said to be Oakland, Ia., entered the bank and, presenting a revolver, demanded the cashier, Walter Julius, to turn over the bank's cash.

Nebraska Burglary Nets \$2,000. Lorton, Neb., Sept. 30.—The safe in the bank of Lorton was blown by thieves this morning, and \$2,000 was taken.

AVIATORS TO STRIVE FOR PRIZE OF \$30,000

Race from Chicago to New York Will Take Place Early This Month.

Chicago, Sept. 30.—The opening events of the aviation tournament that is to eliminate in a race from Chicago to New York for a \$30,000 purse will be held at the Hawthorne park tomorrow.

NAVAL ESTIMATES ARE SCALED DOWN SOMEWHAT. Washington, Sept. 30.—The total estimates for the appropriations necessary for the naval service during the next fiscal year were announced today at \$128,200,000, as against \$122,884,000 for the present fiscal year.

OPENING GUN IS FIRED BY THE COLONEL

With an Address to the National Republican League, Theodore Roosevelt Delivers the First Speech of the Campaign in the Empire State.

On Ground the G. O. P. Has "Turned the Rascals Out," While Bossism Still Controls the Democratic Party, He Appeals for Support of the People.

New York, Sept. 30.—Theodore Roosevelt, addressing the National Republican league, in session at Carnegie Hall, today delivered his first speech of the state campaign. Praising the platform and Henry L. Stimson, Republican nominee for governor, he compared the Republican state convention with the Democratic convention in session today at Rochester, and on the strength of his comparison said that he felt that the Republicans had the right to appeal to every decent citizen in the state, without regard to party affiliation.

Mr. Roosevelt held up a clipping from the New York Times, a Democratic paper, which admitted that Tammany Hall was in unquestionable control of the Rochester convention and which also admitted the presence of many lobbyists or railway attorneys. The colonel then said: "Now, this is not what I am saying. It is the New York Times, describing the state convention of its own party."

Brooklyn, Sept. 30.—Brooklyn and Philadelphia played ten innings to a tie today, in a heavy hitting battle in which six pitchers were used. The game was called on account of darkness.

St. Louis, Sept. 30.—Chicago defeated St. Louis today in the final game of the series.

St. Louis, Sept. 30.—Chicago defeated St. Louis today in the final game of the series.

EXPLAINS WHY HIS VOTE WENT TO LORIMER

It Was Not Owing to Any Monetary Consideration, but to a Promise Concerning a Postoffice Appointment, Testifies Representative Henry A. Shepard.

This Legislator One of Six Witnesses Who Give Interesting Evidence—Another One Is Michael Link—He Got \$1,900, but Denies Taint of Bribery.

Chicago, Sept. 30.—Representative Henry A. Shepard of Jerseyville, Ill., a Democrat, testified today before the Lorimer investigating committee that he was induced to vote for Senator Lorimer on the verbal promise of Lorimer that he would do all in his power to prevent the appointment of two certain Jerseyville men to the postmastership of that town.

Representative Michael Link testified that he received \$1,900 from Browne and \$900 from Representative Wilson in St. Louis, but insisted that the money was not in payment for his vote, which he declared he had cast for Lorimer because of his position in favor of federal aid in the Illinois deep waterway project.

That Postoffice Deal. The postoffice promise, Shepard declared, was made in person by Lorimer. Shepard said that the man to whom he objected was W. P. Richards and J. W. Becker, of Jerseyville, and that he suggested last fall the name of W. S. Pitman, a Republican, for the appointment, which had not yet been made.

St. Louis, Sept. 30.—Chicago defeated St. Louis today in the final game of the series.

St. Louis, Sept. 30.—Chicago Defeated St. Louis Today in the Final Game of the Series.

St. Louis, Sept. 30.—Chicago defeated St. Louis today in the final game of the series.

The baby was cared for by funds that had been left in trust, but it was not until about a year ago that her identity became known through the declarations of a parish priest.

She had made several visits to this city, visiting friends she had made in New Orleans, and during one of these visits was introduced to Mr. Yarling, to whom she was married about six weeks ago. The proofs will also be submitted to Ambassador Jusserand, after which the grand-daughter will visit her ancestral estates in France.

VIRGINIA SOTHERN, ACTRESS, FILES SUIT FOR DIVORCE.

Reno, Nev., Sept. 30.—Virginia Harned Sothern, the actress, today filed suit for divorce against Edward H. Sothern, the actor, in the district court here. Mrs. Sothern alleges failure to provide and desertion for a period of more than a year. The complaint alleges that Sothern deserted the plaintiff in 1906, ten years after their marriage in Philadelphia. Since then, the plaintiff alleges, her husband has failed to contribute to her support. This is the second suit filed by Mrs. Sothern. Two years ago a decree was denied, on account of Mrs. Sothern having never resided in Nevada. Mrs. Sothern alleges that she has been resident six months in Nevada, and her husband the last two years.

OFFERS TO AID THE INVESTIGATION

Ban Who Is Said to Be the Real Head of Scheffels & Co. Surrenders Himself.

New York, Sept. 30.—Simon Jacob Herzog, who under the name of George Graham Rice is said to be the real head of the firm of B. H. Scheffels & Co., the mining specialty firm which was raided by the federal officers yesterday, surrendered today, almost at the same time that proceedings were taken to throw the firm into bankruptcy. The bankruptcy proceedings were instituted by creditors who filed a petition of involuntary bankruptcy in which the assets of the firm are given as only \$30,000.

STATE TO PRODUCE MISSING WITNESS

Announcement at the Trial of the Illinois Central ex-Officials Provokes Surprise.

Chicago, Sept. 30.—Counsel for the prosecution in the Illinois Central railroad car repair fraud hearing before Judge Bruggemann announced today that William M. Drennan, former treasurer of the Ostrernann Manufacturing company and Henry C. Ostermann's right hand man, was in Chicago and might be called. This caused surprise, as it had been reported that Drennan was outside the jurisdiction of the Illinois courts. It was intimated that Drennan would corroborate the sensational story told by Ostermann and would give the details of the alleged plot by which the railroad is said to have lost \$1,500,000.

CHICAGO DRESSMAKER SHOOT AND FATALLY WOUNDS A MAN.

Chicago, Sept. 30.—Miss Inez Barton, aged twenty-three, a maker and cleaner of dresses, shot and fatally wounded Walter Roberts, a cleaner and dyer, at Miss Barton's home today. According to the police, Roberts called for some clothes which Miss Barton had been cleaning for him. She demanded her pay, amounting to \$225, and Roberts tendered her a \$50 bill. Miss Barton was unable to secure change, whereupon Roberts is said to have made as if to depart with the money and the clothes. Miss Barton asked him to wait. She procured a revolver from a dresser and as the dyer turned around she is alleged to have shot him. The bullet entered his brain. At the hospital \$1,300 was found on Roberts' person.

CARPENTERS' UNION REJECTS A PLANK FAVORING SOCIALISM.

Des Moines, Ia., Sept. 30.—The international convention of carpenters and joiners came to an abrupt close tonight. The convention turned down a resolution offered by the Chicago and Milwaukee delegations to the effect that "socialism" is the salvation of the laboring man. A resolution favoring woman's suffrage, offered by the New York, Pittsburgh and Des Moines delegations, was adopted. The carpenters favored giving an industrial course to young men in the public schools, and voted to establish a home for sick and infirm members of the union.

MINING CONGRESS CLOSES.

Los Angeles, Sept. 30.—The mining congress closed today with the adoption of several resolutions, one calling upon congress to instruct the department of justice to investigate all grants involving oil or mineral lands and to take action to restore the title to those in the public. Arizona was chosen for the 1911 convention and either Douglas or Phoenix will be the place of meeting. The selection being left to the board of directors. John Derr, of Salt Lake, was elected president.

HUSBAND HAD KILLED HIMSELF; WIFE NOW DOES THE SAME.

Neenah, Wis., Sept. 30.—Mrs. Wm. Masson hanged herself today. She was despondent over the suicide of her husband last April.

JUST WANTED TO GET INTO THE LIMELIGHT

Fred Wahlenmeyer, a Chicago Young Man, Throws the Household of Mrs. Potter Palmer Into Wild Excitement—He Is Corralled by the Police.

He Places a Bomb Close to the Mansion and to Bear Out a Story of Frustrating a Diabolical Plot Cuts His Clothes to Shreds With a Knife.

Chicago, Sept. 30.—After placing a bomb beside the residence of Mrs. Potter Palmer and cutting his clothes into shreds with a knife to bear out his story that he had seen another man place the bomb and had fought with him, Fred Wahlenmeyer, twenty-six years of age, was arrested here last night. Wahlenmeyer had demanded an audience of Mrs. Palmer, but the watchman had balked his efforts to enter the Palmer home. The whole household was thrown into excitement by the proximity of the bomb.

Wahlenmeyer was questioned for hours by the police, but refused to explain his motive. A letter signed "Mary" and dated 2005 University avenue, Des Moines, which the prisoner said came from Mary Cummins, McHenry and who mentioned and asked him to eliminate the word "love" when telegraphing, as the recipient found it embarrassing. Later Wahlenmeyer's mother and sister were found at their homes here. They declared that the young man suffers from an aggravated form of hypochondria, amounting to dementia at times.

Tonight Wahlenmeyer broke down. He is said by the police to have signed the following confession: "This bomb was made in the basement of my home by myself Sept. 27. I loaded it with powder left over from a year ago last July 4 and let it go to the basement on Thursday at 7:10 o'clock. Then I took it to the bushes south of the Palmer mansion and returned later. My first story was framed up. The only reason I can give is that I wanted to get into the limelight."

Des Moines, Ia., Sept. 30.—Fred C. Wahlenmeyer, who in Des Moines several weeks, but left a month ago. He said he was traveling for an automobile manufacturer. On this claim he was permitted to use the company's machines, until he became destructive. Wahlenmeyer claimed to be infatuated with a prominent Des Moines young woman, and never tired of displaying her photograph. Attorney Walter McHenry resides with his family at 2005 University avenue. Mrs. McHenry is a sister of Senator A. B. Cummins, Mr. McHenry tonight said: "Wahlenmeyer is not engaged to my daughter, Cummins, if by that it be meant that he is engaged to my daughter. He has been here often and is a friend of my daughter, but there is no engagement."

ANNOUNCEMENT AT THE TRIAL OF THE ILLINOIS CENTRAL EX-OFFICIALS PROVOKES SURPRISE.

Chicago, Sept. 30.—Counsel for the prosecution in the Illinois Central railroad car repair fraud hearing before Judge Bruggemann announced today that William M. MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per year, by mail, \$6.00; Per month, by carrier, \$0.50.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MARQUETTE, MICH., OCT. 1.

Nearly every class of voter can find something to his liking in the progressive-stand platform adopted by the New York convention.

The farther the prison labor commission, appointed by Governor Warner, goes the more clearly it realizes that it has no easy job on its hands.

It was a familiar jibe of the "last of the Stalwarts" during the Wisconsin primary campaign that Senator La Follette's illness was largely feigned, so that he might escape the embarrassment of having to meet the local option issue.

The satisfaction felt by President Taft with the outcome of the New York convention was well attested to in his telegram of congratulation to Mr. Stimson, the party's nominee for governor.

The Tammanyization of the Democratic party in New York state appears to be complete. For decade after decade the up-state leaders of the party successfully fought back the Tammany chiefs.

The Chicago Record Herald met with a much larger measure of success in its latest venture into aerial navigation than it did in the ill-fated attempts made by Walter Wellman, under its auspices, to sail away to the North Pole and back again in a dirigible.

According to the United States census bureau's annual report 6,659 persons were killed in this country in railroad accidents during the last year, 1,723 by street cars, 632 by automobiles and 1,907 in mine disasters.

There may be things about Dr. Willey's food facts and fancies which you do not like; but he's all right when he says that a good meal is one which includes apple pie—the kind that contains real apples entirely surrounded by a flaky crust.

COLONEL WILL LEAD FIGHT.

Those gentlemen who throw a caption fit every time they find Colonel Roosevelt's name prominent in the headlines on the front page of their favorite newspapers will have to wait some additional time for relief.

Emblagaard Dairy Pure Dairy Products from Holstein Cows. GEO. GILLETTE, Distributor.

that, after all, he did not put all he had into the canvass.

The colonel's intended course it the courageous and manly one. It is upstanding, as was his fight against the "old guard," throughout which he stood in the open, informing the public from time to time about the details of his plans.

MURPHY IN THE SADDLE.

The "bosses" were overridden at Saratoga, but the "boss" was in full control at Rochester. Charles T. Murphy, leader of Tammany hall and overlord of the New York City Democracy, had at his beck and call a clear majority of the delegates.

While reform undoubtedly is on the way the progress is slow. Evolution and not revolution are correcting many of the ills of which the dark figures are the outward symptom. The bald statistics, however, remain as a sinister sermon on the essential criminality of neglect and carelessness.

THE TRAGEDIES OF PEACE.

The Chicago Record Herald met with a much larger measure of success in its latest venture into aerial navigation than it did in the ill-fated attempts made by Walter Wellman, under its auspices, to sail away to the North Pole and back again in a dirigible.

There may be things about Dr. Willey's food facts and fancies which you do not like; but he's all right when he says that a good meal is one which includes apple pie—the kind that contains real apples entirely surrounded by a flaky crust.

investigation as to the employment of unskilled labor. The Cherry mine disaster, with its loss of more than three hundred lives, aroused the nation to the necessity of rigid inspection and regulation of conditions underground and definite action to minimize such accidents may be expected.

The murder record of this country has long been an international scandal. The indiscriminate sale of revolvers and the slow, cumbersome and highly technical administration of the criminal laws in many districts is partially responsible.

THE STATE PRESS.

Mr. Fordney could talk with considerable less damage the next four weeks on Chautauque topics—Saginaw News.

Chandler, the fellow whom Cavalieri got, made a mistake in taking out a marriage license. He should have had a bill of sale.—Jackson Citizen Press.

A LAUGH OR TWO.

Still Running. A very small negro boy was a regular attendant at a boy's reading club, and always called for the same book, and always turned to the same place, at which he looked eagerly and then laughed heartily.

A Ready Example. The school managers were present—all of 'em—and the teacher was anxious that her pupils should do well.

HAD SCRATCHED FOR 28 YEARS

Till It Got to be Second Nature—Suffering Endless and Without Relief—Cuticura Made Skin as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my skin. The scales would drop off of me all the time and my suffering was endless and without relief.

REPUBLIC IRON & STEEL COMPANY. Notice of Eleventh Annual Meeting. Notice is hereby given that the annual meeting of the stockholders of Republic Iron & Steel Company will be held at the principal office of the company, at Number 15 Exchange Place, in the city of Jersey City, New Jersey, on Wednesday, the 19th of October, 1910, at 11 o'clock in the forenoon.

HERE AND THERE.

Henry Lewis Stimson, Republican nominee for governor of New York, first came prominently into the public eye as United States district attorney for the southern district of New York, to which he was appointed by Theodore Roosevelt in January, 1906.

The death of Mrs. Ira D. Sankey, widow of the singing evangelist who became famous when he had been robbing the closets in Brown university for a long time without detection. A pocketbook was inserted between the jaws of a spring contact, the terminals of which were carried to an alarm in a nearby office.

The corporation in business is no modern invention. The Romans formed ecclesiastical corporations, and the idea was carried to England, where the instrument which created the corporation was originally granted by the king.

MODERN CORPORATIONS

Their Formation Not Popular Until About Fifty Years Ago. The corporation in business is no modern invention. The Romans formed ecclesiastical corporations, and the idea was carried to England, where the instrument which created the corporation was originally granted by the king.

FORCED TO LEAVE HOME.

Every year a large number of poor sufferers whose lungs are sore and racked with cough are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home.

"IT BEATS ALL"

This is quoted from a letter of M. Stockwell, Hannibal, Mo: "I recently used Foley's Honey and Tar for the first time. To say I am pleased does not half express my feelings. It beats all the remedies I ever used. I contracted a bad cold and was threatened with pneumonia. The first doses gave great relief and one bottle completely cured me."

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of Supervisors of Marquette county, Michigan, on October 10, 1910, for the heating of the Morgan Park Sanitarium at Morgan, Marquette county, Michigan.

ONLY TWO KINDS.

Little Lawrence's grandfather was very ill and a trained nurse had been employed to care of him. When he became convalescent a young woman, who had studied in a hospital for a short time, was secured in her place.

A SMALL DETECTIVE.

The man was nearly through taking down the awning when the bell rang for luncheon. Little Mrs. Day looked at all her trinkets and lingered about the room on one pretense and another until her small boy, looked up with that unguessed insight so discerning to his elders, observed in his piercing rebuke.

THE RIGHT THING.

"I hope it will be a long time before I have such another test applied to my honesty," a downtown merchant remarked, as he returned from waiting on a customer.

Copper Country

MANY GREW CORN FOR COPPER COUNTRY FAIR

Five Hundred Children Submitted Exhibits—The Last of the Prize Winners.

The purely agricultural aspect of the Copper Country fair has not been lost sight of this year by the big crowd which has daily visited the Amphitheatre grounds. The superintendents of the vegetable, grain, fruit and livestock departments assert that a greater interest has been taken in their exhibits than ever before. The interest in the agricultural possibilities of the copper country may be ascribed in large measure to the attention paid the school corn exhibit. Five hundred children submitted exhibits of corn grown from seed furnished by the fair and the judges had great difficulty in arriving at a choice of the most worthy. The following is the list of prize winners:

- Grand prize—gold medal—Carl Schook, Ontonagon.
- Silver medal—Ed Millard, Ontonagon.
- Ontonagon county—Carl Schook, Ed Millard, Marion Schook.
- Baraga county—Ingelborg Lamin, Bert Kent, Theron DeLude, Adria Anderson, all of Baraga; Mabel Loewen, Skamoo; Valeria Scramini, Baraga; Phoebe Jackson, L'Anse.
- Houghton county—Christina Barnes, Mabel Williams and James Stellar, of Hancock.
- Keweenaw county—Hjalmar Tavakoski, Mohawk; Rose Longbe, Kearsarge; Charles Tavakoski, Mohawk.

Livestock Show.

The livestock department is marked rather by the better quality of exhibits than by the number of entries. All of the stock shown is registered. Notable examples are specimens of the Rorerford horn heads of Jerseys, Berkshire pigs and poultry, and the exhibits of J. K. Barnes' Fair Oaks stock farm; of Eben; Rudolph Stindt's Holsteins, from Topaz, near Even; and a team of Percheron-Norman draft horses, from the Pryor Lumber company. These horses weigh 3,700 pounds, but are active and magnificently proportioned. Superintendent Finegan says that the poultry exhibit is the best ever shown at the fair, which fact is to be credited to the advance in poultry culture resulting from the Copper Country Poultry association's annual show. William Martin of Houghton shows some fine O. L. C. pigs.

Vegetables.

James E. Crooker, superintendent of the vegetable department, declares that his department as a whole could not be surpassed by that of any county fair ever held in the north. It shows every manner of vegetable which will grow in a temperate climate. The mammoth variety of cauliflower was never successfully grown in the copper country until this year. Splendid specimens of this are shown. The citron display is remarkable and the cabbage exhibits show that there will be no want of food in the district this year. The potato, tomato and squash exhibits are excellent. Such odd vegetables as Chinese potatoes, mangle wurzles, yama and peach tomatoes also are shown.

Grains and Fruits.

The grain department shows that the copper country can grow wheat, oats, barley, buckwheat and peas and beans in quality and quantity to feed itself. There is a specimen of dressed flax as an unusual exhibit.

Superintendent Lucas admits that the fruit exhibit this year is not what it has been in other years, but this has been an off season for fruit. There is a notable lack of cranberries, which in other years have been represented numerously.

DEATH OF MRS. UNDERWOOD.

Aged Mass City Resident Passes Away—Burial in the East.

Mrs. E. H. Underwood, seventy-four years of age, died Thursday morning at Mass City, where she had lived the past four years. Her son, S. D. Ives of Duluth, formerly agent for the Marquette Brewing company in Ontonagon county, arrived in Houghton yesterday on his way to Mass City. Mrs. Underwood is also survived by her husband and two other sons, A. S. Ives of Mass City and H. C. Underwood of Duluth. She is expected at Mass City today, when all the relatives have arrived if probably will be decided to take the remains of Mrs. Underwood back to her old home in New York for interment.

CRICKET MATCH POSTPONED.

The Mohawk-All Star cricket match which was to have been played at Mohawk today was yesterday postponed for another week on account of the Copper Country fair.

TAX COMMISSION MEETING.

The Michigan State Tax commission will meet in Hancock this morning for the purpose of reviewing tax rolls and learning why \$150,000 of mortgage taxes were not spread on the state any county tax rolls of the city.

LOGGING OPERATIONS WILL BE EXTENSIVE

Houghton Concern to Cut Forty Million Feet of Pine in Northern Minnesota.

Wick O'Connell, head of the Houghton contracting firm of Wick O'Connell & Co., returned yesterday from Duluth, where his firm is now engaged on a big tunnel job for the Canadian Northern railroad. He came back for the purpose of shipping out a logging outfit, which he will use this winter at Winton, Minn.

Mike Ward of Harvard, Mich., has let to the O'Connell firm a contract to get out 40,000,000 feet of pine timber at Winton. Mr. O'Connell says he will get out half of it this winter and will employ two hundred men on the job. The outfit which he will ship today will be a complete one—horses, sledges, saws, axes, cook camp equipment and everything necessary to complete the contract.

BRUTAL HUSBAND JAILED.

Man Who Attempted Wife's Life Returns for a Second Try at It.

Leander Heikila was yesterday morning sent to the Houghton county jail by Justice Oliver for ninety days on a charge of assault and battery preferred by his wife.

This sentence is just a preliminary to Leander's punishment, for he will be arrested at the expiration of ninety days on the charge of assault with intent to kill his wife.

Heikila attacked his wife about a year ago with a fork, stabbing her in the chest, with the result that she came close to death. He escaped and went west. He returned to his home Thursday night and attacked his wife again. This time he pushed her from a wall, injuring her painfully. He did not make his escape on this occasion, and the jail sentence resulted.

ADVISES CROSSING GATES.

Michigan Railroad Commission Says Two Are Needed in Hancock.

Mayor James of Hancock is in receipt of a communication from State Railroad Commissioner Dickinson, who recently visited that city to investigate the demand that the Mineral Range railroad should put in safety gates at dangerous crossings. The commissioner says he thinks that gates should be installed at Michigan and Elevation streets on Railroad avenue. He considers these the most dangerous points, as it is there that the electric cars and the steam cars run parallel to each other. He thinks the gates should be maintained by the Mineral Range Railroad company and the Houghton County Traction company jointly. To this proposition Manager Rogers of the Houghton County Traction company objects, as he says his company has a franchise with the city to operate the cars at a rate of eight miles an hour and that their speed is regulated at the crossings to the satisfaction of the municipal officials. Mr. Rogers says he is willing to have his cars run at five mile speed on the upgrade and stop at the crossings when coming down, if that will provide any protection, but that the gate proposition is not wanted. What the outcome will be is not known. There seems to be a possibility that there won't be any gates at all.

INSPIRATION INSTITUTE.

Program for Teachers' Gathering of Houghton and Keweenaw.

The program for the teachers' annual institute for Houghton and Keweenaw counties was yesterday given out by commissioners Rath of Houghton and Bradshaw of Keweenaw. The institute will be held at Calumet Oct. 7 and 8. It will be conducted by Professor W. N. Ferris, head of the Ferris institute at Big Rapids, and he will be assisted by Dr. Winship of Boston and Professor Clark of Chicago. The program follows: Friday Forenoon—Address, Mr. Ferris; "Modern Boys and Girls," Mr. Winship; "Mental Arithmetic," Mr. Ferris; "Making Modern Boys Manly," Mr. Winship. Friday Afternoon—"Arithmetic," Mr. Ferris; "The Interpretation of the Printed Page," Mr. Clark; "Making Modern Girls Womanly," Mr. Winship. Friday Evening—Dramatic Recital, Mr. Clark. Saturday Forenoon—"The Spirit of Literature," Mr. Clark; "Schools and Their Critics," Mr. Winship; "Fine Art of Speech," Mr. Ferris; "Getting Into the Game," Mr. Winship; "The Spirit of Literature," Mr. Clark.

LAKE BEING DRAGGED.

Systematic Search Is Made for Downed Aeronaut's Body.

A systematic search for the body of Homer Hazard of Lansing, the missing aeronaut, was commenced at Houghton yesterday morning. There is no question that the man met death by drowning, and until every possible means have failed the search will continue. Five motor boats went out yesterday morning, each supplied with a drag. This system of search will continue for a time at least, and if this does not prove successful dynamite will be used. Relief crews have been prepared so that the work may not be abandoned any time during the light of day. So far there has been much volunteering on the part of Portage Lake citizens to assist in the search. General regret is expressed at the sad misfortune and the now admitted death of the aeronaut.

WILL WED IN THE WEST.

Announcement is made of the coming marriage of Dr. W. Weldon Pascoe, son of Rev. and Mrs. James Pascoe of Hancock. He will be married at Dallas, Ore., to Miss Helen North Wright of that city Oct. 12. Dr. Pascoe was a graduate of the University of Michigan last June. After the wedding he and his bride will make their residence at Tacoma, Wash., where the doctor is located. Rev. and Mrs. James Pascoe will attend the wedding.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce at cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

GAME WARDEN MAKES ARREST.

Game Warden Wilson of Hancock reports the arrest of two Houghton men—Wm. Foster and Wm. Reis—yesterday on the charge of violating the game laws. The arrests were made at Otter Lake, twenty-three miles south of Houghton. The men are said to have been hunting partridges and to have had seven of the birds when Warden Wilson corralled them. The defendants will be given a hearing in Justice Oliver's court at Hancock next Tuesday.

Ishpeming

STEALING GARDEN PRODUCE.

To The Mining Journal:—During the month of September, I was out at digging from the gardens at the Sallis bury location. Apples, carrots, turnips, cabbage and pumpkins have been taken and destroyed, also the fences have been broken down. It is time now to put a stop to it. Some of the offenders are known, but the people don't want to make a public example of them. If it is not stopped they will be arrested. We hope that this warning will be heeded, and that further steps will not have to be taken in the matter.

Champion

Al Rich visited in Ishpeming Friday.

Mrs. A. E. Houle of Elreuo, Okl., is visiting with her sister, Mrs. G. Marchand, and family.

Ray Fish of Escanaba visited his mother, Mrs. G. Marchand, last Sunday.

Miss Katherine Roll is home from Birch, Mich., on a visit with her parents.

Walter Nord and Atlas Hebert left Thursday for Ann Arbor, where they will attend the university.

Miss Eva Nord has gone to Selmecady, N. Y., where she will attend school.

Louis Cardinal has returned to Kenton, after a visit with relatives.

Eskeil Carlson, Adona Horgren and Ida Johnson are attending the Normal at Marquette.

Ed Olson of Michigan was a Champion visitor Sunday.

James Madden, of Baraga, spent Sunday in Champion, visiting friends.

Al Cardinal is confined to his bed with an attack of the grippe.

James Simmons has accepted a position at Humboldt.

Miss Margaret McCleskey of Dollarville, who has been visiting with Champion friends for the past three weeks left Thursday for Marquette.

Sanford Patron has accepted a position in the Diorite store at Diorite.

Miss Mable Bellmer visited in Ishpeming Thursday.

Miss Mae Collins has returned to her home in Ahmeek, Mich., after a five weeks' visit with William Thomas and family.

Howard Lally of Ishpeming is visiting with Mrs. M. C. Bellmer and family.

Loe Voelker of Ishpeming spent Wednesday in Humboldt, visiting friends.

Fritz Palm is in Detroit, where he is attending the state fair.

A moving picture and illustrated song entertainment was given last evening in the town hall by the Crebassa Motion picture company.

Michigamme

Archie Bruce spent Thursday in Marquette, on business.

E. G. Muek visited relatives and friends in Ishpeming Sunday.

Gus Schweideman has had a hardwood floor laid in his office.

It is reported that the Imperial mine will install a new crusher and hoist this winter.

Joseph Beausley attended the baseball game at Negaunee Sunday between Negaunee and Gwinn.

Frank L. Brown, has arrived home from an extended visit on the Mesaba range and in the copper country.

Archie Williams, the wellknown early man of Houghton and Marquette, called on his trade in Michigamme Thursday.

Mrs. E. G. Muek and daughter, Ruth, who have spent the past two weeks visiting in Jefferson, Wis., are expected home today.

A dance was given last evening by the Pioneer Gymnastic club, and was largely attended. Johnson's orchestra furnished the music.

The Misses Agnes Domplere and Kate Dieckhoff will have today for Aberdeen, Wash., where they will accept positions in Dr. Goodnow's hospital.

C. J. Graham and William and Arthur Christopher, of Pittsburg, were the guests of C. F. Sundstrom at Alhoo cottage Wednesday.

William Heibin, the barber, in the Johnson building, will close his shop today in preparation for moving to Hibbing, Minn., where he will open a larger shop. This leaves an opening for a good barber in Michigamme.

Miss Ella Johnson, of Ishpeming, has taken the position of music and drawing instructor in the Michigamme schools. Miss Johnson is a graduate of the Ishpeming high school, of the Chicago Art college and also of the Chicago Art institute. She has organized a girls' glee club and will soon organize a girls' class. Miss Johnson has also started a class of private students in voice culture and music.

Michigamme was visited Wednesday by a number of the officers of the Katherine Mining company, who looked over the workings of the mine and made a general inspection. They were: Martin Voelch of L'Anse, president; C. J. Graham, Pittsburg, vice president and general manager; Frank Hires, Pittsburg, treasurer; William P. Christopher, W. M. Graham and Arthur L. Christopher of Pittsburg, stockholders. A new engine house is being built to take the place of the one recently destroyed by fire. It will be about twice as large as the old one.

ISHPeming IN BRIEF.

John Small, Jr., is visiting friends in the copper country.

Mrs. John Redmond is visiting Mrs. Patrick at Hancock.

George Newett, Jr., left last night for Chicago, where he will enter the university.

S. E. McKinney and wife have left for North Lake, where they will locate permanently.

Louis Rutenber, a former resident, is here from Milwaukee for a few days visit.

Mrs. J. H. Quinn and E. G. Fobbin will serve coffee this afternoon at the Golf club house.

The Y. M. C. A. football squad will practice in the gymnasium tonight at 7:15.

Marshall Trevarrow has arrived home from the copper country, where he spent a week visiting friends.

Mrs. Susie Hooper has left for her home at Hibbing, after spending several weeks in the city visiting relatives.

A number of prominent Marquette Democrats came to the city yesterday to meet Lawson T. Hemans, the Democratic nominee for governor, and to hear him speak upon the issues of the campaign.

Seldon White is here from Chicago on a few days' visit. Mrs. White and their child have been in the city for some time, visiting her parents, Mr. and Mrs. W. H. Johnston.

The funeral of the late John Larson, who was killed while working for Gust Fredin on his railway construction job at North Lake, was held yesterday afternoon, with interment in the Wah-pemung cemetery.

Rev. C. L. Finch, who has been returned to the Salsbury Methodist church, will arrive home tonight on the midnight train from Detroit, where he attended the conference. He will be accompanied by Mrs. Finch. Dr. Finch will preach at both the morning and evening services at his church tomorrow.

J. H. Billings, wife and daughter have left for Battle, Mont., and Seattle, Wash., to be absent several weeks. Mr. Billings owns some land in Seattle and his brother, who is in the clothing business here, has advised him to come out and sell it, as land is in demand and desirable tracts are bringing good prices.

The Misses Selma Hoyeseth and Agnes Kennedy left for Thursday night for Ann Arbor, where they will resume their studies at the university. Miss Helen Brown left for there last night to enter upon her first year's course. Clifford Jaaedecke, who was a student at the university last year, has also left for Ann Arbor.

The masses at St. John's church tomorrow morning will be at 7 and 10 o'clock. The change in the early mass is due to the fact that Rev. J. A. Keul, the pastor, is to assist at confirmation services at St. Joseph's church at 8 o'clock.

Mrs. Joseph Martin of West Division street entertained a number of her friends Thursday evening in honor of her cousin, Miss Bessie Phillips, of Calumet, who has been visiting relatives in this city and Marquette for the past three weeks and who left for her home yesterday.

Mr. and Mrs. E. E. Olson were given a surprise at their home on Fourth street by a number of their friends Thursday evening, the occasion being the twelfth anniversary of their marriage. They were presented with a handsome rocker and a most enjoyable evening was spent. Cards were played and music was furnished by an orchestra. John S. Olson won the gentlemen's prize and Mrs. E. E. Olson the lady's prize.

A. G. Russell will be busy for several days in Negaunee, where he is wiring the Negaunee National bank block.

The funeral of the late Charles Gillstrom was held yesterday afternoon from the Mission church, under auspices of the Scandinavian society, and was largely attended.

ALUMNI DINNER.

The Ishpeming alumni will give a dinner in the corridors of the high school on the evening of Oct. 12. Invitations will be issued to all of the alumni in the city, as well as the other patrons of the school. Some good speakers will be present and plans will be formulated for securing a suitable memorial to the late Miss A. E. Olcott, who held the school for many years.

CAPACITY OF THE OCEANS.

An officer of a liner once remarked that most men seem to be as ignorant about the size of the sea as they are of the distance between the heavenly planets. Here are a few facts: The Pacific covers 68,000,000 miles, the Atlantic 40,000,000 and the Indian Ocean, Arctic and Antarctic 42,000,000. To store the contents of the Pacific it would be necessary to fill a tank one mile long, one mile wide and one mile deep every day for 44 years. Put a finger in the Pacific holds in weight 984,000,000,000,000,000 tons, and a tank to contain it would have each of its sides 430 miles long. The figures of the other oceans are in the same startling proportions. It would take all the sea water in the world 2,000,000 years to flow over Niagara.

BIlliousness is due to a disordered condition of the stomach.

Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it; to regulate the liver and to banish biliousness positively and effectually. For sale by The People's Drug Store, S. B. Jones, prop.

Speculation

and the savings account are not related. The element of chance predominates in speculation, while with your savings in this bank you know it is "a sure thing" with 3 per cent interest. Better be safe than sorry.

WALL STREET STOCKS.

New York, Sept. 30.—The trading during the first few hours was on a somewhat broader scale, but towards the end of the session dullness became the feature. Aggressive short covering took place in Amalgamated and Smelters. It is said to be based on the reported advance by a prominent copper producer in its asking price for the metal. The easier tone of the grain markets has been assuring effect on sentiment, but a great many were inclined to refrain from making additional commitments in the stock market, in view of the prospects for a rather poor bank statement tomorrow. Politics did not receive much consideration, but a speech by a prominent Republican, expected to be delivered tomorrow, will undoubtedly attract attention. We still feel that the tendency of the market will be towards higher levels and a lessened tomorrow, on account of the usual week-end evening up of accounts, we consider prevailing prices attractive for moderate profits. The day's closing prices follow:

Boston Coppers.

Boston, Mass., Sept. 30.—Rumors that the copper producers report next month would be very favorable made the local traders much more bullish. Good buying was especially noticeable in North Butte and Lake. Insiders were working on the bull side in Algonquin, North Lake and Indiana and all the stocks showed a gain for the day. The best opinion considers it a creeping bull market and we do not see how any money can be lost by buying stocks at present prices. Patience and courage will win out for the bulls at the present time. Closing prices were as follows:

A Godsend to Sickly Children

Mr. N. L. Duffey, of Helena, Ala., the thankful father of a little baby girl who was made healthy and fat after she was not expected to live, writes: "Duffey's Pure Malt Whiskey is the finest of medicines. I have a girl baby, now 5 months old, who until she was 2 months old we hardly saw any chance of raising her. At that time I procured a bottle of Duffey's Pure Malt Whiskey and gave her a few drops at a time. Now she is acknowledged to be the finest looking baby in town. Baby is still growing as fat as a pig."

Duffey's Pure Malt Whiskey

can be safely given to children, no matter what age, in small doses. It is just the right thing for them when they have coughs, colds or any throat or stomach troubles that are so prevalent with the children. It is an absolutely pure, gentle and invigorating stimulant and tonic. It is invaluable for overworked men and delicate women.

All druggists, grocers and dealers, or direct, \$1.00 a large bottle. Refuse substitutes and imitations; they are impure and dangerous. The Duffey Malt Whiskey Co., Rochester, N. Y.

Speculation

and the savings account are not related. The element of chance predominates in speculation, while with your savings in this bank you know it is "a sure thing" with 3 per cent interest. Better be safe than sorry.

Markets

WALL STREET STOCKS.

New York, Sept. 30.—The trading during the first few hours was on a somewhat broader scale, but towards the end of the session dullness became the feature. Aggressive short covering took place in Amalgamated and Smelters. It is said to be based on the reported advance by a prominent copper producer in its asking price for the metal. The easier tone of the grain markets has been assuring effect on sentiment, but a great many were inclined to refrain from making additional commitments in the stock market, in view of the prospects for a rather poor bank statement tomorrow. Politics did not receive much consideration, but a speech by a prominent Republican, expected to be delivered tomorrow, will undoubtedly attract attention. We still feel that the tendency of the market will be towards higher levels and a lessened tomorrow, on account of the usual week-end evening up of accounts, we consider prevailing prices attractive for moderate profits. The day's closing prices follow:

There's a Reason

prevailing, copper is being sold by these two rival selling agencies about as follows: United Metals Selling company, 471,000,000 pounds; American Smelting & Refining company, 325,000,000 pounds. The position of the United Metals Selling company seems to be a leading one as in 1909 the company had the selling of 536,000,000 pounds of annual output against 552,000,000 pounds in 1908. The Guggenheims a year ago were credited with the annual sale of 250,000,000 pounds, and only 120,000,000 pounds in 1908. Within two years Ray's Consolidated and Chino are expected to be producing copper at the combined rate of 125,000,000 to 150,000,000 pounds per annum. Cerro de Pasco is expected to increase its output to 100,000,000 pounds to 60,000,000 and Ohio Copper may be brought up to 25,000,000 pounds. In the meantime, the Braden property in Chile will have commenced operations and be in position to output 20,000,000 pounds annually. The total, amounting to almost 200,000,000 pounds, will accrue to the Guggenheim agency, and when Inspiration and Mason Valley enter the producing ranks within the next year or two, it is highly probable that the contracts for the sale of their copper will go to the American Smelting & Refining company. It is conceivable, therefore, that the Guggenheim agency within two years will be handling close to 550,000,000 pounds of copper.

There are two prospective producers in sight for the United Metals Selling company—Miami and Giron. These companies, and only 120,000,000 pounds in 1908. Within two years Ray's Consolidated and Chino are expected to be producing copper at the combined rate of 125,000,000 to 150,000,000 pounds per annum. Cerro de Pasco is expected to increase its output to 100,000,000 pounds to 60,000,000 and Ohio Copper may be brought up to 25,000,000 pounds. In the meantime, the Braden property in Chile will have commenced operations and be in position to output 20,000,000 pounds annually. The total, amounting to almost 200,000,000 pounds, will accrue to the Guggenheim agency, and when Inspiration and Mason Valley enter the producing ranks within the next year or two, it is highly probable that the contracts for the sale of their copper will go to the American Smelting & Refining company. It is conceivable, therefore, that the Guggenheim agency within two years will be handling close to 550,000,000 pounds of copper.

While there is no love lost—and in fact, the most intense rivalry exists—between the Amalgamated and the Guggenheim interests, it is important to note that when occasions require, they can "come together" when all parties consider that it is for the best interests of the trade that the production of copper shall be reduced. The copper world is keenly interested in the progress which the two important interests make in their struggle for supremacy. The United Metals Selling company has lost some important selling contracts

City Brevities

Today's weather: Unsettled weather and cooler. Yesterday's temperature: Seven a. m., 60 degrees; noon, 71; 7 p. m., 67. Maximum, 76 degrees; minimum, 58.

Mrs. L. G. Kaufman left last evening to visit in Chicago.

T. H. Noble went to Chicago on business last night.

Miss Nellie Dillon left last evening for Escanaba to visit relatives and friends.

Mrs. Bates G. Burt and baby left yesterday to visit relatives at Sault Ste. Marie.

L. Getz's store will be closed next Tuesday and Wednesday in observance of the Jewish New Year.

Victor Elling and family, who have been at Huron Mountain club, returned to Chicago last evening.

Miss Abbie Hogan, who has spent the last three weeks in Detroit, returned home yesterday.

Mrs. C. A. Wheeler and Miss Catlin left yesterday morning for Detroit, where they will reside.

Miss Mamie Howard, who has been visiting in the city for two weeks, has returned to Virginia, Minn.

Bruno Primeau left yesterday afternoon to resume his studies at the University of Michigan.

Mrs. J. H. Dougherty, who has spent the past two weeks in Chicago and Milwaukee, has returned home.

The front glass of the box office at the Bijou theatre was crushed in by the immense crowd trying to get in to see the light pictures last night.

The Guild Hall F. Club football team defeated the North End Stars on Longyear field yesterday afternoon by the score of 6 to 0.

The "Has Beens" of this city and an Ishpeming Y. M. C. A. team will play baseball on Longyear field at 3 o'clock this afternoon.

Lowell Youngquist and Vincent Burroughs left yesterday for Ann Arbor, where they will resume their studies at the university.

John J. McCarthy, of Standish, Mich., state inheritance tax examiner, completed the annual examination of the county probate court records yesterday.

A subscription dance arranged by a committee composed of Miss Shiras, A. E. Miller, H. C. Reynolds and George Shiras will be given at Guild Hall this evening.

Film Did Not Arrive—Owing to the film failing to arrive, the "Uncle Tom's Cabin" pictures could not be shown at the Grand theatre yesterday, as advertised. The pictures were delayed because some other picture house kept them longer than it was supposed to. Manager Woodworth has received a telegram stating that the film will be here on Monday.

Porcupine at Library—About 7 o'clock last evening, a porcupine was seen on the walk leading up to the steps of the Peter White public library. When a bystander attempted to approach closer to the animal, it ran in toward the rear of La Valle's bakery. This is believed to be the same porcupine seen on East Ohio street one morning early in the week.

Marquette vs. Negaunee—The first high school football game of the season will be played this afternoon at the fair grounds between Marquette and Negaunee. The game will be called at 3 o'clock. While the Marquette eleven is light, they have been practicing diligently and may be expected to make a good showing. This is the first of a series of six games between the Marquette, Negaunee and Ishpeming High schools.

Partridge Season Opens—Many hunters are planning to go into the woods today to hunt partridges, the season opening today. Several who are going some distance left yesterday to be at the hunting grounds the first thing this morning. During the summer the birds have been numerous and very tame, but after a few days' shooting they are likely to be as scarce as the proverbial hen's teeth.

Opening of Bowling Season—The Marquette bowling alleys will be opened to the public today. During the week, the hall has been thoroughly cleaned and the alleys have been re-dressed and varnished. The alleys are now in the best of condition and skill is all that is required to make high scores. It is expected that many local bowlers will try out their arms on the alleys today and this evening.

Receivership Closed Up—The Anderson & Lindstrom receivership, which has been in effect for about two years, has been closed up this week by the sale of the firm's building on North Third street to Fred Donkers, enabling the firm to pay off their creditors. Mr. Anderson and Mr. Lindstrom have dissolved partnership, but will continue to conduct business, one a grocery and the other a meat market, renting the building bought by Mr. Donkers.

Taken to Supreme Court—Final briefs are being prepared for submitting the case of John Spear against James Pendill to the supreme court. This suit was brought for damages because of Mr. Pendill having made certain statements of a derogatory nature concerning the brokerage business at one time conducted here by Mr. Spear. The suit was tried at the May term of circuit court and a verdict rendered Mr. Spear, Mr. Pendill is now carrying the case to the supreme court.

Watchman Makes Getaway—A watchman on the steamer Tampa, which was in port with coal this week, succeeded in getting away with a small amount of money and personal belongings of a crew member. The man was caught by the officers of the vessel with stolen property on him, which he returned and was permitted to go. It afterwards became known that he gave up only a part of the stuff he had stolen, but by that time the man had made himself scarce and his whereabouts are unknown.

Game Wardens Appointed—Word was received in Munising yesterday that Joy Marks and Wallie Masters were the successful applicants for game wardens in Alger, Luce and Schogleraff counties, in place of W. O. Frost, recently resigned. No reason was given for appointing two wardens, instead of one, as formerly.

The district covers a large area. Very efficient service should be rendered by two wardens. Mr. Marks has been for some time assistant superintendent of the fish hatchery in Munising and Mr. Masters was until recently woods foreman for the Forster Bros. company. Supervisor Ezra Busha and J. T. Thornton, marshal of Munising, were also applicants for the position.

INSURE WITH PETER WHITE & CO. DETAILS OF SALE.

Bondholders Bought Manistique Railroad for \$77,303.99.

Further particulars of the sale of the Manistique railroad, which took place at Munising this week, are given in yesterday's Mining News as follows: "Charles R. Dunn, treasurer of the Union Trust company of Detroit, and Attorney Ledyard, of the firm of Russell, Campbell, Bulkeley & Ledyard, of that city, attorneys for the trust company, were here Tuesday and Wednesday to conduct the sale of the Manistique railroad. The sale was made Wednesday morning on a mortgage given to the Union Trust company of Detroit for \$76,125 and accrued interest. The road was sold to the bondholders for \$77,303.99. The Manistique railroad extends from Grand Marais in this county, in a southerly and southeasterly direction through part of Schoolcraft county to Wilman, Mackinac county, together with the branch lines from Beaver, Liston and Portage, with sidings and spur tracks, amounting in all to 266.01 miles. The entire equipment of the road and the bills receivable were included in the sale. Sale was made under the railroad mortgage law. The bondholders were represented by John Millen, of Duluth, Minn. The "unofficial" report that the road is to be abandoned lacks confirmation."

THEATRICAL.

"The Lottery Man."

After its long run at the Bijou theatre, New York, Rida Johnson Young's comedy, "The Lottery Man," will be seen on tour. The Messrs. Schubert, under whose management the piece has been produced, will offer "The Lottery Man" at the opera house Monday evening. The New York press was unanimous in pronouncing the comedy one of the most delightful entertainments of the season. Though termed a comedy, it is more in the nature of a farce. The popularity of "The Lottery Man" is unquestioned, and "Lizzie," who contributes so much to the humor of the play, has been one of the most popular characters extant among Broadway attractions. Lizzie, by the way, is a thin and elderly spinster who plays the part of a companion, and to whom eventually falls the "lottery prize" in the shape of a real, live, prospective husband. The latter, however, when he finds the tools of fate closing around him in the form of Lizzie—determined and relentless in her purpose to marry him—begins to realize the enormity of his offense in offering himself as the human prize in matrimonial lottery. To make matters worse, at any rate more humorous for the fun of it, as the troubles increase, he has fallen in love with a beautiful girl who spurns him when she finally learns that he has actually been the originator of the scheme. He fails to make her see at first that he had a good motive, which was to realize a sum of money in order that he might better provide for his little mother and "pal," as he calls her. After providing endless fun for the audience, the difficulty is straightened without resorting to any kind of a tragedy. The author and the excellent company which portrays the piece provide a wholesome and effectual cure for mental ills.

"Mrs. Wiggs of the Cabbage Patch."

Optimism, undaunted by the rude jolting of the world's rough elbows and simple, unshaken faith in human nature are the predominating tones in "Mrs. Wiggs of the Cabbage Patch," which comes to the opera house next Tuesday night. Mrs. Wiggs, dear, kind-hearted, optimistic soul, seeing everything through rose-tinted spectacles, appears to have been transplanted from the printed page to the lighted stage without having lost any of her sterling goodness. The homely, wholesome philosophy of Mrs. Wiggs with her quaint sayings and her optimism that cannot be subdued even under the most depressing circumstances, is uplifting and at the same time thoroughly amusing. The play itself is a homely story of humanity and real goodness, honesty and right purpose, with a pardon in sight for every sinner who looks for it. There are thirty in the cast and even the goat and "Coby," the "fit henny," bid for popular approval. The scenery is descriptive of humble surroundings and preserves the atmosphere of the play.

Germain.

The entertainment offered by Germain, the magician, and the Herby Quintet at the opera house last night was generally considered to have been one of the best of the kind that has been here in years. Germain does many very skillful magic and slight-of-hand tricks and the stage settings is a work of art. The Herbys are a whole show in themselves and the entire performance was excellent. The audience was disappointingly small.

TO PRINTERS.

The Mining Journal has a large number of news and job cases and racks, all as good as new, which will be sold for a mere fraction of their value, for cash.

NOTICE.

Commencing Sunday, Oct. 2, train No. 40, leaving Marquette at 1:30 p. m., arriving at Marquette 2:20 p. m., and train No. 43, leaving Marquette 3:50 p. m., arriving at Ishpeming at 5 p. m., will be cancelled for the balance of the season. All other Sunday trains will be run on the usual schedule.

H. A. ST. JOHN, General Passenger Agent.

Sault Ste. Marie, Mich., Sept. 30.—The following boats have passed through the locks, bound for ports on Lake Superior: Leafield, Socapa, 8:30 p. m.; Fitzgerald (large), 9; Livingston, (small), 9:30; Sellwood, 10:30; Frick, midnight; Rensselaer, Kenney, 12:30 a. m.; Walker, Osler, 1:30; Scott, 2:30; Robbins, 3; Wisconsin, 4; Sonoma, Norton, 6; Superior City, 6:30; Meacham, John Donaldson, 7; Dinkley, 8:30; Steel King, 10; Renvoyle, 10:30; Schiller, 11; Morrow, 11:30; Hall, noon; Ericsson, Fritz, 12:30 p. m.; Black, Corless, 1; Manitoba, Brower, 1:30; Imperial, oil barge, 2; Ellwood, Rochester, 3:30; Perkins, 4:30; Manola, 5; Penobscot, Joseph Wood, 6; Byers, 6:30; Snyder, 7:20; Andrews, 8:30.

SUNDAY AT THE CHURCHES.

Presbyterian—Morning theme, "Mutual Sympathy." A Christian Endeavor rally day service takes the place of the regular evening service at 7:30.

Methodist—There will be no preaching services at the Methodist church Sunday, either morning or evening. Rev. Maywood returned from Detroit yesterday and expects to move to Jackson some time next week.

Baptist—Preaching service Sunday morning at 10:30; subject, "Remember Jesus Christ," followed by the communion service. Sunday school at 12 o'clock. Young People's meeting at 6:45. Evening worship at 7:30; sermon subject, "The Challenge of Life."

First Church of Christ, Scientist—Services in the society's hall in the Opera House block Sunday morning at 10:30 o'clock. Subject of the lesson, "Unreality."

TO WED CHINESE OR BE NUN.

Unless Church Sanctions Marriage Chicago Girl Will Take Veil.

Chicago, Sept. 30.—Torn between the duty she feels she owes to her church and love for her Chinese sweetheart, Blanche Martin is facing the alternative of seeking admission to a convent if the Catholic church continues its refusal to sanction their marriage. Miss Martin and Jon Ye were forced to change their marriage plans when the church refused to recognize the union, because Jon Ye, when only 16 years old, married a pagan girl in China, from whom he was divorced before coming to America. The Rev. Dr. Edward F. Hogan, chancellor of the archdiocese of Chicago, said: "Marriage between two baptized persons is valid. Marriage between two unbaptized persons is not recognized as a sacrament by the Catholic church, but is considered a valid contract which is morally binding and should be lived up to. If an unbaptized person has been living as the husband of an unbaptized person he cannot marry within the Catholic church while that person is living."

When the People

know—when a discriminating public is convinced that one store's facilities for serving it are better than those of another it is but natural that the tide of traffic should turn in the direction of that one store. Our advantage over other dealers because of manufacturing our own clothing, being in direct touch with the woolen market and style origin, is so pronounced that even the lay mind can readily grasp its significance. Buying direct from the maker means no middle men's profit to figure with—it means a first hand knowledge of qualities and style. It means better clothing at less money.

JUST the Thing for the October Bride---"Going-away Suit."

The youthful charm of this tailored suit makes it especially adapted for a bride's travelling suit.

The short jacket shows its French origin. It is a copy of one of the models made in Paris by one of the Wooltex designers

The loose-woven cheviot is the new fabric that is so much talked of in the fashion magazines—and is wonderfully becoming.

A lining of soft peau de cygne adds a note of luxury to this exclusive model.

The price is so modest that it will not give you an idea of the beauty and high quality of this suit—\$27.50.

For the bride who wishes a more conservative style we have many models in serges and cheviots at \$25.00 to \$35.00 which we shall be glad to show.

The Wooltex label is a guarantee of correct style, as well as of satisfactory service through two seasons.

J. H. Foster Co.,
The Store that Sells Wooltex

Ishpeming Department

Additional Ishpeming on Pages 3 and 7.
TO SUPREME LODGE.

LAWTON T. HEMANS VISITED ISHPEMING

Democratic Candidate for Governor Spoke on State Issues Yesterday Afternoon.

Lawton T. Hemans, Democratic candidate for governor, who spoke yesterday afternoon at Braastad's Hall, made a favorable impression. His audience was a small one, it being composed of from seventy-five to 100 voters, but he was given a cordial reception. There were nearly as many Republicans as Democrats present and while they perhaps did not agree with the speaker on some of his views they joined with the Democrats in applauding him when he declared against the tonnage tax on the ores produced in the mines of the iron and copper districts of the upper peninsula.

Mr. Hemans is one of the strongest campaign orators who has ever been heard in the city, and he will be greeted here again before the close of the campaign. He announced that he will arrange a date in Ishpeming for some evening after the Republican convention is held, when he will discuss at greater length the important issues.

Mr. Hemans censured the Republican administration, declaring it to be extravagant in the conduct of the state affairs. He said that during the first sixty years of the state government the total sum expended for its maintenance was something over \$40,000,000, while during the following ten years a larger amount by \$800,000,000 was expended. He said that the extravagance did not start with the Warner administration, but the tendency towards increased expenses and the desire to employ a greater number of people at the state capitol set in years before Warner was even thought of in connection with the governorship. In denouncing the present administration he said he expected that Chase S. Osborn is elected governor, he will make good his housecleaning promises at the state capitol. He declared that there are now twice as many people employed at the state capitol as there were twenty years ago, while the volume of business in the various departments has not increased proportionately. He referred particularly to the expense of conducting the land department. He said that twice the sum is expended now in that department as was spent for its conduct when the acreage of delinquent tax lands was twice as large as it is at this time.

Mr. Hemans declared that the farmers of the lower peninsula are not demanding that a tonnage tax be imposed upon the mining corporations of the upper peninsula, as many in this section have been led to believe. He said that all the farmers ask is that the taxes be equalized and that the mining companies, as well as other corporations and individuals, be taxed justly. He asserted that he was personally opposed to a tonnage tax, because he realized that it would be unjust to make a company mining low grade ore pay as large a tax upon its product as one mining high grade ore. He said that he had been reliably informed that in many cases it costs as much to produce a ton of ore that will yield 40 per cent in metallic iron as it does a ton yielding 65 per cent or better in iron.

Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. **Hall's Catarrh Cure** manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

N. E. Skud's are offering fifty women's sample tailored hats, which have just arrived, at \$5.00. (9-30-21)

Good results always follow the use of Foley's Kidney Pills. They contain just the ingredients necessary to tone, strengthen and regulate the kidneys and bladder, and to cure backache. The People's Drug Store.

Ishpeming Man Will Attend Convention to Be Held at Scranton, Pa. Judge William Andrews will leave this evening for Scranton, Pa., to attend the meeting of the supreme lodge of the Order Sons of St. George for the United States of America. He was elected representative at the last annual session of the grand lodge, held in July at Iron Mountain.

In attending this convention it will be the first time in the eight years, at most, that Mr. Andrews has been municipal judge that he has left the city for any length of time. He has fully earned the vacation he will take. It meets with the approbation of Mayor McCorkindale, Prosecuting Attorney F. A. Bell and City Attorney A. W. Jurma. Jabez Treblelock of Negaunee and John Nekewia of Calumet are also representatives to the supreme lodge meeting and will make the trip with Judge Andrews.

EDUCATIONAL CLASSES.

Lectures to be Given in Connection With Y. M. C. A. Class Work.

At a meeting of the Young Men's Christian Association Educational committee held Thursday, plans for conducting this department during the winter were outlined. The courses of study will be the same as last year, namely: Mathematics, chemistry, electricity, penmanship, arithmetic, English for foreigners, etc.

The classes in English for foreigners will begin Friday, Oct. 7th. There will be classes for men of Finnish, Italian and Swedish nationality, conducted in the afternoon and evening. Those who have no knowledge of the English language will start on a special system of instruction which gives the student a working knowledge in a few lessons, advancing him later to reading, writing and arithmetic. Special lectures will be given on how to become a naturalized citizen of the United States by A. W. Jurma. Talks will be given on community and personal hygiene, civil government and other practical subjects.

The miners who are members of the Y. M. C. A. will organize for social and educational gatherings. Harry Hulst, chief engineer of the Oliver Iron Mining company, is preparing some interesting material for talks and discussions on practical mining. The lectures on first aid begun last year will also be continued.

It is planned to have many of these lectures and talks illustrated with stereopticon views and slides, and the gatherings of a social as well as educational nature.

Students are urged to report at the Y. M. C. A. office at once, stating the course of study desired. Complete information will be given at the office. Finnish students can secure full information for the English course by applying to A. W. Jurma in the Anderson block.

FIGHT PICTURES TODAY.

At Ishpeming theater this afternoon and evening moving pictures showing the Johnson-Jeffries fight, which took place at Reno, Nev., July 4, will be shown. In order to accommodate those who will not be able to attend in the evening, a matinee will be given, commencing at 3 o'clock. The pictures will be shown twice in the evening, the first entertainment starting at 7:30 o'clock and the second at 9:15. It requires 6,000 feet of film to show the fight and the preliminaries, together with scenes taken in Reno. The admission to all parts of the theater will be twenty-five cents.

Shubert's production of "The Lottery Man" gave fine satisfaction Thursday evening at Ishpeming theater. The company is a capable one and the audience was kept in good humor from the time the curtain rose on the first act until it fell on the last. The production is adequately staged.

DON'T GET RUN DOWN

Weak and miserable. If you have Kidney or Bladder trouble, dull head, pains, dizziness, nervousness, spots in the back, and feel tired all over, get a package of Mother Gray's **URINARY-TRILEAF**, the pleasant herb cure. It never fails. We have many testimonials from grateful people who have used this wonderful remedy. As a regulator it has no equal. Ask for Mother Gray's **Australian-Leaf** at druggists or send by mail for 50 cts. Sample FREE. Address: The Mother Gray Co., Le Roy, N. Y.

Others at slightly higher prices, but all prices much less than our Chicago prices. Greater values, lower prices, easier terms than ever before. Come in and see the Kimball Player Pianos which are sold at prices that people can pay. Open till nine at night.

A. E. WHITNEY, Gen. Agent

CLEVELAND AVE.

OPPOSITE BRAASTAD'S.

When You Start Out

After that Fall Suit or Overcoat, we trust you will turn your steps in this direction. We ask the pleasure of showing you our new models in Fall and Winter Suits and Overcoats. While we are already noted for having the best clothes

we've rather outstepped ourselves this season in providing for our trade and we want you to see the idea of selecting clothes where there's nothing but the best clothes to select from—where every garment is fairly priced and you are sure of getting a full measure of clothes quality for every dollar you pay, where your credit is good, terms to suit your weekly or monthly pay, a small deposit when you purchase. We trust you for the balance in small sums that will not cause the slightest inconvenience. This

is a good idea to say the least and a feature of this store that is fully appreciated by its patrons.

The Foundation of a Home Library

The start of many a good-sized home library has been a few books and a **Globe-Wernicke Bookcase**.

On the **Globe-Wernicke Unit System**, your bookcase space increases as your books accumulate. No big investment at one time—only a few dollars occasionally—and presently such a library as is shown below.

Globe-Wernicke Elastic Bookcases

not only properly house your books, but they add to the charm of any room—adapt themselves to any sized wall-space—fit in odd nooks and corners.

It will be a pleasure to show you our display of **Globe-Wernicke Bookcases**, in three distinct styles, and fourteen different finishes—making an endless variety of combinations, at prices you will consider very low.

F. BRAASTAD & COMPANY

Ishpeming

FIRST TRAIN TO NORTH LAKE MINE

Cleveland-Cliffs Iron Company's New Property Now Served by L. S. & I. Railway.

The Lake Superior & Ishpeming Railway company this week ran its first train into the Cleveland-Cliffs Iron company's North Lake mine property. The work train has been operated on the branch for several weeks past, but the track was not completed to the mine until this week. A steam shovel and crew of men will go out today to complete the track work near the property, and to put in switch work.

The trestle extending over West Division street and the Northwestern and South Shore tracks will probably not be in position for five or six weeks to come, as the steel has not yet been received. In the meanwhile the main line will be connected with North Lake mine by a temporary cut-off near the Cliffs Shafts property. All of the concrete abutments for the trestle are in position and it will not take long after the material arrives to complete the work.

It is possible that the Cleveland-Cliffs Iron company will ship some ore from the North Lake property this fall, but the tonnage to go forward in any event will be small, as only a small quantity of ore is being hoisted from No. 2 shaft. The mining of ore has not yet been started in No. 1 shaft. The ore was encountered in No. 2 shaft over 100 feet nearer surface than in No. 1. Two drifts are now being driven from No. 2 shaft, and within a few months ore will be hoisted steadily from that part of the property.

Gust Fredin is making good headway with the grading of the extension of the line from North Lake to the Barnes property, four miles farther west. He is working about 100 men and expects to complete the job by Nov. 15, when his crew will be transferred to the Menominee range, where he will conduct logging operations during the winter. The Lake Superior & Ishpeming Railway company will, within a few days, begin to construct a bridge across Carp river, which is the outlet of North Lake. The track leading to the Barnes property will cross the river at a point a mile or so from the North Lake mine. The railway company will lay the spur to the Barnes mine and the grading is completed, and trains will be running in there before the first of the year.

Practically all of the fuel, building material, etc., that the Cleveland-Cliffs Iron company will require at the North Lake properties will now be hauled in via the Lake Superior & Ishpeming railway. Up to this time much of the material used there has been hauled from the city by teams and the Northwestern has also handled considerable stuff, unloading it at a point near the city gravel pit, a half mile or more from the property.

"PAID IN FULL"

Strong Attraction Here Next Tuesday, Won Favor at Rockford, Ill.

"Paid in Full," which was favorably received at the Ishpeming theatre two seasons ago, will be the offering next Tuesday evening. The Rockford, Ill. Record of recent date said of the attraction:

"Paid in Full," the United Play Co. attraction produced at the Grand last evening, was by far the best offering of the season to date. This drama by Eugene Walter, author of 'The East-est Wey' and 'The Wolf,' made the reputation of the author and established a long run record in Chicago and New York.

"Paid in Full," is not new to local audiences yet there are many who have seen the drama two or three times. That the United Play Co. should see fit to pay hundreds of dollars for weekly privilege of producing it in the middle and western states is sufficient evidence of its great appeal.

"This is a modern drama dealing with modern conditions. The characters are intensely human and of a kind with which we are all familiar. The producers have given excellent support to the players by furnishing scenes of artistic execution showing the Harlem flat and the hotel apartments of Brooks and Capt. Williams' apartments.

"Miss Gertrude Ritchie, who plays Emma Brooks, is the star of the production and unquestionably the best in the role that has ever appeared on the local stage. Miss Ritchie is not only a very beautiful woman but a talented one as well who lends dignity and charm to the character. Eugene Dantell is a capital Jimsey Smith and Charles T. Del Vecchio scores as Capt. Williams. Hugh Harper makes a satisfactory Joe Brooks and the other members of the cast are competent. In fact although this was only the seventh performance the players are perfect in their roles and the performance is very smooth."

IT'S THE WORLD'S BEST.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one pre-empter of Cuts, Corns, Burns, Bruises, Sores, Scalds, Blisters, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped Hands, or Sprains, it's supreme. Infallible for Piles. Only 25c at The Stafford Drug Co.

GRINNELL BROS. ANNUAL SALE of Summer Resort PIANOS

Trainloads of Beautiful Pianos from Michigan's finest Summer Homes now offered at SENSATIONAL REDUCTIONS and on Easy Terms.

Here is news of the utmost importance to every intending purchaser of a Piano. Be sure to read this advertisement carefully and learn particulars of the Most Sensational Piano Bargain Event of the whole year—GRINNELL BROS. SEVENTH ANNUAL CLEARANCE SALE OF SUMMER RESORT PIANOS. This is the Great Event that Piano Buyers all over Michigan have been talking about and waiting for—and it is going to be well worth their while. We have held sales before, we have given bargains before, but this Mammoth Piano Clearance will positively eclipse anything and everything of the kind ever attempted by any House.

Owing to the long-continued fine weather of the past Summer, we were called upon to furnish more Pianos to Summer Resorters than ever before. These instruments were sent out on the rental basis, and now, at the end of the vacation season, they are being returned to our Stores as fast as the Railroad and Steamboat lines can bring them.

With our salesrooms already well filled with new, 1911 styles of the twenty famous Pianos we represent, it is manifestly impossible for us to take care of the scores of Rented Pianos arriving daily. They MUST be disposed of as fast as they reach us, or we will be compelled to secure additional storage room for them. In order to avoid this we have decided to give immediate buyers the benefit of every dollar we received as rent, and even further generous discounts to force a speedy clearance of this entire stock.

Commencing Monday Morning, October 3rd, and Continuing for Ten Days, We Will Hold

A Gigantic Bargain Sale

During which we are going to sell these High-Grade, Practically New, Guaranteed Pianos AT LOWER THAN HAVE EVER BEFORE BEEN MADE on instruments of equal quality and value.

Remember, these Rented Pianos are far superior to those usually found at Bargain Sales. They consist of the finest creations of the World's Best Makers, absolutely reliable, substantially new, and in many cases not soiled from the slight use they have received. Yet because we have no room for them and must close them out at once, we are compelled to sacrifice them in this EXTRAORDINARY SALE.

You Save All the Rent--and More!

IS NOT THIS THE OPPORTUNITY YOU HAVE BEEN LOOKING FOR? Were it not for the special red tags on these instruments you could not tell most of them from brand new Pianos, just from the Factories. They were rented only in first-class Summer Homes and received the best of care. Every purchaser will be fully protected by our GUARANTY and any Piano will be gladly exchanged if not entirely satisfactory.

In addition to the Rented Pianos, we are including in this sale all used Pianos recently taken in part exchange for our superb New Pianos and Player-Pianos. These exchanger instruments have been accurately and thoroughly repaired by our Factory Experts and are in excellent condition. BUT NOTE THE AMAZINGLY LOW PRICES. DID YOU EVER HEAR OF AN OFFER EQUAL TO THIS?

SPLENDID UPRIGHT PIANOS

\$115, \$123, \$137, \$149, \$163, \$177, \$198, Etc.

Including such makes as Steinway, Chickering, Vose & Sons, Sterling, Haines Bros., Cable, Hallet & Davis etc. etc. Regular prices \$300 to \$600.

Notwithstanding the extremely low prices, we are making SPECIAL EASY TERMS during this sale—there's no reason why any family should be without the pleasures and benefits of a Piano—

\$5 to \$10 Sends a Piano to Your Home

Then \$3, \$5 or \$7 monthly (according to price) will be accepted on the balance. Who would deny their children the advantages of a musical education when we make it so very easy to own a Beautiful, Reliable Piano?

This sale stock undoubtedly embraces the greatest collection of Pianos ever offered under price by any House. Every one of these instruments MUST and WILL be sold within the next ten days, if there is any power in LOW PRICES and EASY TERMS. No matter what kind of Piano you prefer—no matter what price you want to pay—we can suit you perfectly in this sale. BE SURE TO COME and see for yourself how great a money-saving opportunity this is.

Look for the Red Tags!

Every Piano will be marked in plain figures, showing the regular Price, the amount of rent received or other discount, and the net special sale price. No price-juggling here—one price to everybody, and that the best possible. You take no chances when you deal with GRINNELL BROS.

Lest You Forget, We Repeat---

The sale commences Monday, Oct. 3rd, and lasts ten days. Those who come early will get the best selection, so be one of the first and get your pick of the entire stock. If you can't come to the store, WRITE US and we will either send a salesman to talk with you or give you full particulars by mail.

BATTLESHIPS HAVE SEVEN-MILE RANGE

Important Demonstration Made by Atlantic Fleet.

Is Shown to Be Possible to Fire Effectively Upon an Enemy 12,000 Yards Away.

Old Point Comfort, Va., Sept. 30—Probably the most successful battle practice ever held by an American fleet was that just concluded on the drill grounds off the Virginia coast. Many problems were worked out. It was demonstrated that it is entirely possible to open an effective and disconcerting fire on an enemy at 12,000 yards or about seven miles. It was shown further that firing in salvo at this distance using all the guns bearing, justified itself, although expensive in the outlay of ammunition.

While all the scores made at those long ranges as measured by the hits allowed by the umpires might seem small to the layman, they would work out differently in actual war. The target gets only about one-fifth the length of the medium battleship, the superstructure of which also is higher than the target. The angle of flight of the shell at the point of intended impact is such that shots which would miss the target altogether would strike the further side of the deck of the enemy's ship.

Hits were made and targets were wrecked at distances which brought the object aimed at considerably below the horizon to one standing at sea level. The theory involved in firing by salvo is that of dealing your opponent the first blow with all your might. This principle is primal and has been operative ever since man or beast fought each other and will remain a cardinal principle of war to the end. The mean range used varied between the different ships of the fleet from 9,000 to 12,000 yards. This was about 4,000 yards (more than two miles) greater than the mean range of last year. The scores made are records so far as the American navy is concerned and are world's records so far as the published records of all nations show.

Fire Control Important.

One of the principal factors if not the principal factor in naval gunnery is fire control. Many elements enter into this, but in the last analysis the personal equation rules. No instrument for ranging, finding or aiming, and in saying this it is not meant to detract in the least from the value of that device, but in controlling gunfire it has only an initial value in giving quickly the approximate distance of the object aimed at. The fall of the shell and spotter at the muzzle do the rest. The spotter notes the fall of the shot, estimates how far short, how far over and what deflection right or left the target is. In the system now in use telephones or speaking tubes tell the sub-plotting station how many yards to raise, lower or correct the spot. The men in the plotting station from data at hand, such as the speed and bearing of the firing ship and the speed and bearing of the enemy, together with abbreviations of the spotter's at the masthead work out, with the aid of a mechanical device, a prediction as to the exact position of the enemy fifty seconds ahead. This prediction is sent to the gunners by electricity and appears on the indicator. The guns are trained on the elevation and deflections thus worked out and are fired by electrical order of the ordnance officer from the bridge.

Another element that affects the accuracy of gunfire is the character of powder used. That served out for target practice is worked over powder—that is powder that has begun to deteriorate as smokeless powder will. The so-called "dispersion" of this powder at 12,000 yards is estimated at 250 yards. Two guns fired at exactly the same elevation may drop their shells many yards apart. Then the condition of this powder itself has its effect. If very dry, its energy is increased; if damp it is lessened. Atmospheric conditions may have their effect—wind, barometric pressures, etc.

Night practice, which had for its purpose the training of the ships to resist attack by torpedo boats or destroyers, developed nothing startling beyond the fact already mentioned in clear weather the searchlights, if lucky, can pick up anything as large as this kind of craft up to as great a distance as 4,000 or 4,500 yards, and that within that zone it would be mighty unhealthy for the torpedo boat. Nothing new was shown in thick weather. Torpedo boats can approach much nearer with perfect safety.

More Destroyers Needed.

Torpedoes are being developed with great rapidity. Their offensive power has been increased in several ways. They are more deadly in their explosive effect and their speed, radius of action, and accuracy of direction has been materially advanced. For this reason we cannot afford to permit them to approach our costly battleships night or day with only the gunfire of the ships attached to oppose them. The answer to this is that there is a present need for a reasonable increase in the number of the highest type of destroyers, to be used primarily for offense, but certainly to be attached to every fleet of big ships for scouts and flankers to ward off possible attacks of the enemy's vessels of a similar class.

It was the desire of the navy department that this year's test should be conducted in a seaway, in order that the guns might be fired not only from a moving platform at a moving object, but that both platform and object should be rolling and pitching in a seaway. This part of the practice was an absolute failure, for the reason that the type of target used, so far as its superstructure is concerned, is utterly unable to withstand the buffeting of a heavy sea. The wooden uprights or masts on which the canvas is stretched are only held in position by the rope stays. Pitching and rolling in a heavy sea shakes the masts out of them. Then a volume of water hurled on the canvas by a shell striking directly in front of the target or even that shell itself may carry away whole sections of the canvas, and hits cannot be counted.

ed. A tubular or heavy wire lattice of close mesh should replace the wooden masts upon which to spread the canvas. Then the shots could be counted no matter what the condition of the canvas. Temporary repairs to this lattice work could be readily made.

Boat Work Wonderful.

Gunnery was not the only problem tried out. The boat work was wonderful. Night and day whole boat crews worked in heavy seas in which ordinary boats could not live. Rafts were repaired with the waves actually washing over the men. A special test of the working of the wireless was made, the station aboard sending and receiving code messages during salvo firing. Indeed, the navy is paying great attention to the wireless, and midshipmen get regular assignments to that department.

This practice more than any other approximates battle conditions. The fleet of sixteen ships was divided into four divisions. The first division was commanded in person by the admiral commanding the fleet. Each of the other divisions was in charge of an admiral, who, under certain general orders, was given considerable discretion as to the handling of his squadron. Captains were obliged to operate their ships from the conning tower, and all other officers and men were kept strictly to their stations.

Upper Peninsula

Fine New Mill Is Planned—

The new sawmill of the J. W. Wells Lumber company in Menominee will be one of the finest in the country. The plant will be built of concrete and steel and will have two hand saws and a resaw. It will be about the size of the one that was destroyed by fire. It will be similar to the one recently constructed at Gladstone. Excavation has already been made for it and the foundation has been staked out.

Wins the Pitching Honors—

In spite of the fact that the work of Henry Olmsted of the Denver baseball team this season has not been up to that of last year, he again leads the Western league in the pitching department. By carrying off the twirling honors Olmsted has won a \$50 suit of clothes, in addition to a quantity of baseball paraphernalia. He has won twenty-three games this season and has lost nine and his batting average is .253. Olmsted won his twenty-third game at St. Joseph, Mo. this week, when he shut out the opposing team, 4 to 0. He allowed but three hits.

Manistique Physician Weds—

In the presence of friends and relatives Miss Clara Hartlerode of Gladstone and Dr. E. T. Southern of Manistique were married at the home of the sister of the bride, Mrs. H. J. Thierrault, at Gladstone. The ceremony was performed by the Rev. E. J. Wilson. The wedding was one of the prettiest ever held in Gladstone. The home was lavishly decorated. Following the ceremony a banquet was served and later Dr. and Mrs. Southern left on their honeymoon trip. The wedding was attended by a number of Gladstone, Manistique and Escanaba people.

Mother and Son in Hospital—

Several days ago Mrs. Helen Koppes of Escanaba accidentally fell down a flight of stairs at her home, 812 Ludington street, and sustained a fracture of her right arm and numerous painful bruises about the body. She is now at the Delta County hospital and is reported to be doing fairly well, although on account of her advanced age (seventy years) the injuries she sustained are more serious than they would otherwise be. At the hospital Mrs. Koppes' son, George Koppes, also is a patient, he having been obliged to undergo an operation for appendicitis. He is getting along nicely.

Will Charge Tuition—

Up to the present year the Sault Ste. Marie board of education has never charged tuition for pupils residing outside the district and who enter the high school. After this there will be an annual fee of \$20, which is less than half the cost per capita. Under Act 65 of the public acts of Michigan for 1909, the pupil or parents are not required to pay the tuition, but the cost is to be met by the township. The law further provides that the amount needed shall be spread on the tax rolls and collected in the ordinary way of collecting taxes. It also provides that the primary school money, or such of it as remains after the payment of teachers' wages, may be used for the purpose of paying the tuition of high school pupils.

Pioneer Railroad Man Passes—

J. H. Anthony, former master mechanic for the Northwestern road on the Peninsula division, has passed away at Escanaba. Nearly a year ago he suffered a stroke of paralysis, from the effects of which he never fully recovered. He was able to be about, however, until a short time ago, when he suffered another paralytic shock and his death followed. The deceased was nearly eighty years of age and until his retirement on pension by the company was long in the employ of the Northwestern road at Escanaba. He served for years as master mechanic; later he had charge of the company's dredge, and he also served as a locomotive engineer. In his declining years Mr. Anthony traveled extensively, spending the greater part of his time in the West, where he visited with a brother several years his senior and who is still living. He was an ardent lover of baseball and throughout the past summer Mr. Anthony, in spite of his advanced years, was in attendance at every game played on the Escanaba grounds and cheered lustily for the home team. His wife died several years ago and he is survived by three sons, one of whom, W. J. Anthony, lives in Escanaba.

CAPT. BOGARDUS AGAIN HITS THE BULLS EYE

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living in Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I had severe back-ache and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys, bladder and again feel like my own self." The People's Drug Store.

"I DIDN'T know I could get a fit like that outside of a first class tailor shop," said a prominent business man who bought a suit from us the other day. "No more fancy prices—and long waits—for me."

If you have never tried, of course, you have never known the all-around satisfaction of the good clothes we sell—ready to wear. And if you have never tried the unprecedented garments of

The House of Kuppenheimer

now is your opportunity to learn what true clothes-satisfaction really is—the satisfaction that comes from a perfect fitting garment, rightly made, of the right materials—and at the right price.

And what better time to come in and see them than right now—while the selection is as attractive as the prices?

The new fall styles in haberdashery, hats and shoes will interest you.

JUDGED BY ANY TEST

WHEN any of the requirements of conservative banking are applied, this bank bears the test, as is shown by the character and experience of its Directorate, the conservative wisdom of its policy; the volume of its capital, surplus and resources and its thorough equipment and the convenience of its service.

SAVINGS DEPARTMENT

Savings deposits of \$1.00 or more are cordially invited and interest is allowed on the money at the rate of 3 per cent, compounded twice a year. Try saving a part or all the money that comes into your hands. Many of the substantial fortunes in this country have been started by careful saving. A little money in the bank is always a safeguard against misfortune and sickness.

BANKING DEPARTMENT

Accounts subject to check are invited in any amount, enabling our depositors to protect the money which they have on hand for personal or household expenses against loss by fire, burglary or any other mishap. When you deposit all of your money and pay for all purchases by drawing your own personal checks, you always have receipts for your payments and do not have to pay a bill the second time.

ters are here from Cheboygan visiting her husband.

The Gwinn and Buffalo teams will play the last ball game of the season at Gwinn Sunday.

John Heisel of Superior and Mrs. William Delszer of Green Bay, who attended the funeral of the late John Rule this week, have returned to their homes. A number of Negaunee men will go to Ishpeming tonight to see the Johnson-Jeffries fight pictures at Ishpeming theatre. The first performance will be started at 7:30 sharp and the second at 9:15 o'clock.

The Lake Superior & Ishpeming Railway company will tomorrow discontinue the Sunday train leaving here at 1:30 o'clock, also the train coming from Marquette, arriving at 3:50 P. M.

Heidenson, who caught for the Negaunee baseball team this season, will leave today for his home in Chicago. He does not expect to play with the Negaunee team next year, as he is now considering another offer.

Napoleon Visnez, proprietor of the Montreal house, is putting new doors in the front of the building. He recently completed a concrete walk and concrete steps. Interior improvements are also to be made. Mr. Visnez is doing a good business.

Jabez Trebilcock will leave tonight for Scranton, Pa., where he will attend the annual convention of the supreme lodge of the Sons of St. George Society, William Andrews, of Ishpeming, and John E. Nekevis of Calumet will also attend.

Robert Ross, who has conducted a boarding house at Chocoyla for the past several months, will today resume his former place as conductor on the street car line. Mr. Ross was one of the first employees of the street car company and he worked continuously for it, until last fall, when he moved to Chocoyla.

Russel Shea, who came here from Los Angeles, Cal., about a month ago, with the intention of entering the medical department of the Michigan university, will leave for there today. He found after arriving here that he can complete the course in the University of Southern California, which is located at Los Angeles, in four years, and it would take him six years at Ann Arbor.

The fire alarm system, which has not yet been connected with the new hose house, will be out of commission for a short time, while the transfer is being made. Chief Jackson, of the fire department, requests that telephones be used in case of fire to notify headquarters. Both County and Bell phones have been installed in the hose house and there will be a man there to answer them at all hours.

Dennis Manning, who has been in F. Braastad & Co's employ as a deliveryman ever since the firm bought out the business of the late Nicholas Laughlin, has resigned his position and will today take a place as driver of one of the fire department teams. Mr. Manning worked for many years for the late Nicholas Laughlin before entering F. Braastad & Co's employ and he has a thorough knowledge of horses. Bert Balcom, who had been employed at the hose house, has resigned.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold, as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by The People's Drug Store, J. B. Jones, prop.

FOR MORE THAN THREE DECADES.

Foley's Honey and Tar has been a household favorite for coughs, colds, and ailments of the throat, chest and lungs. Contains no opiates. The People's Drug Store.

Negaunee Department

NEGAUNEE MAN MEETS WOLF ON ROAD

It Crossed Main Highway West of Ishpeming, Within Fifteen Feet of Motor Car.

D. D. Smith and two travelling men, whom he drove to Diorite Thursday afternoon, encountered a big wolf in the highway about a mile this side of Diorite, on their return trip. The travelling men were Tom Lindsay, representing the Hibbard, Spencer, Bartlett company, of Chicago, and George Pettit, representing the Middletown Manufacturing company.

While the occupants of the car were not alarmed, they were somewhat startled when the big animal loomed up about fifteen feet ahead of the car. Mr. Smith says that if he had been running at a high rate of speed he would probably have struck the wolf. If he had a gun he could easily have shot it. The wolf came from the south and was crossing toward the north.

This is the first wolf that has been seen in that region for months. There are many farms thereabouts and wild animals keep back in the woods. Mr. Smith says that the wolf was the largest he had ever seen. The animal seemed to be startled by the sight of the car, and after sizing it up for a few seconds it started off on a fast run through the bushes.

It is several years since a wolf has been killed in that vicinity, but a number of bears have been shot. Three years ago three bears were killed by parties hunting near the Ishpeming city gravel pit, about four miles from Diorite.

FREE MAIL DELIVERY.

Not Known When Service Will Be Started in Negaunee.

Negaunee people wonder when the free mail delivery service will be started here. The department promised the service more than six months ago and an inspector was here early in June to lay out the routes. He advised Postmaster Connors that he would recommend that the service be started as soon as possible, but he said that in all probability the carriers would not be put on inside of three months.

Mr. Connors said yesterday that he has written several letters to the department, urging the starting of the service, but nothing definite has been done. Inasmuch as the appropriations allowed by the last congress are about used up, Mr. Connors now doubts if the service will be started until more money is available. He has referred the matter to Congressman B. J. Young and the latter has promised to look into it.

All of the department's requirements have been compiled with and the Negaunee postoffice continues to do a sufficient amount of business to entitle it to the service. The business in all departments is, in fact, increasing steadily.

A RELIABLE MEDICINE—NOT A NARCOTIC.

Get the genuine Foley's Honey and Tar in the yellow package. It is safe and effective. Contains no opiates. Refuse substitutes. The People's Drug Store.

INQUEST TUESDAY.

Coroner's Jury Will Determine Cause of John Moll's Death.

William Prin, the coroner, has empaneled a jury composed of John Downing, Joseph Toreano, John Rock, Ed. Faull, John Houseman and Frank Anderson, to investigate the cause of the death of the late John Moll, who was killed by a bullet from a gun at his home Thursday, shortly before noon.

The evidence in the case indicates that the death was accidental. As stated in yesterday's issue, Mr. Moll was downtown but a short time before the fatality. It is said that when he went home he found a dog in the alley near his home with a broken leg. He decided to kill the animal and borrowed a gun from Herman Thela, who lives nearby. One of Mr. Moll's daughters was in the house a minute or so before the shooting occurred. She tells the coroner and members of the jury that her father was endeavoring to remove a cartridge from the gun. He was using a wire and was poking it into the muzzle in an effort to push the cartridge out. The gun was an old one which had not been used for two years or more, and the cartridge had rusted into it. The wire that Moll had been using was found nearby. At the time his daughter saw him working at the gun the muzzle was on the floor and the barrel was pointing towards his body. The fact that the bullet entered the body opposite his heart and went upward, toward the shoulder blade, also indicates that the gun was accidentally discharged.

The deceased was a member of the Negaunee tent of the Macabees, in which he held a \$1,000 insurance policy on his life. He also held membership in the Bricklayers' union, which is composed of mechanics living in Negaunee, Ishpeming and Marquette. The funeral will be held tomorrow afternoon at 2 o'clock from the house. Services will be conducted by Rev. R. T. Hicks, rector of St. John's church.

SLOW IN STARTING.

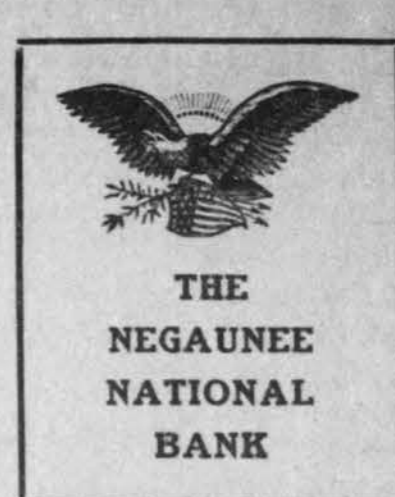

Few of the jobbers along the line of the Chicago & Northwestern railway system between here and Escanaba have yet started their season's work, but several will begin operations about the middle of next month. Very few timber contracts are made prior to Oct. 1, and as a rule most of the buyers do not come into the market until November. The jobbers look for fully as good a season as they had last year, and they hope for better car service. A number of them did not make their final shipments until late in the spring, several weeks after they had finished cutting.

MOVING PICTURE THEATRE.

C. S. Sullivan, of the copper country, who recently bought out Schott's Bijou theatre in Ishpeming, and is now conducting it under the name of the Royal, plans to open a house in Negaunee. He will engage in the business here if he can find a desirable location. As every store room on Iron street is now occupied, it is doubtful if Mr. Sullivan will succeed in getting a desirable stand.

KILLS A MURDERER.

A merciless murderer is Appendicitis, with many victims. But Dr. King's new Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness, Chills. 25c at The Stafford Drug Co.

HEMANS MAKES STRONG SPEECH

Democratic Candidate for Governor Addressed Enthusiastic Audience Last Night, Playing Republican Administration During the Last Fourteen Years.

Says State Taxes Can Be Cut Down Only by Putting Opposition Party in Power—Opposed to Tonnage Tax and Favors Valuation of Mines by Commission.

Declaring that there was something radically wrong with the government of Michigan, and that the only remedy was to put the Democratic party in control of the state's affairs, Lawton T. Hemans, Democratic candidate for governor, addressed an enthusiastic audience of about 250 voters in the auditorium of the city hall last evening. As on his visit here two years ago, Mr. Hemans proved himself an able orator, not afraid to handle state issues without gloves, and his address received the close attention and undivided interest of all, irrespective of party affiliation. The speaker was introduced by Rush Culver.

Mr. Hemans stated that the last fourteen years of Republican administration in Michigan had been a period of unwaranted extravagance, and that the constitution of the state had been persistently disregarded in the expenditure of public money. The Republican candidate for governor, he claimed, had been connected with and a party to this administration of extravagance so long that he could not reform conditions, if he would, because of his many political entanglements. The cry of Warnerism, he said, is only a ruse of the politicians to diffuse attention from the fundamental issues. The root of the trouble in Michigan is deeper than any man's personality.

"For the first time in the history of state politics," said Mr. Hemans, "the Republican party this fall is not pointing to its achievements as a reason for its continuing in power. Both parties are agreed that there should be a house cleaning. For this reason, some have said that my Republican opponent has stolen my clothes and that I am campaigning without an issue. If this is true it is larceny, and I am not one of those who believe that larceny will carry any man very far.

"Two years ago I campaigned the state maintaining that the Republican administration of affairs had been extravagant and unconstitutional. Then my present opponent went up and down the upper peninsula branding me as a falsifier, but four days after the election the truth of the accusation was admitted. If this man has had a change of heart since then, the voters would like to know when, where and why.

Not Individual in Character.

"The trouble with Michigan is not individual in character. The politicians would rather take out a cog than a wheel, hence the cry of Warnerism and Cannonism. Warner is only an incident; the fruit of a condition. In my travels through this state I have found that the people of all sections are of the same class. If they vote differently, it is because they have been informed differently. Two years ago it was very noticeable that the other way from the capitol the Republican candidates were, the stronger they ran, and were rejected only by the overwhelming Republican vote of the northern counties.

"This claim that a house cleaning is needed is nothing new as a Republican issue. They have always advanced a proposition of reform before election and failed to carry it out afterwards. What is needed is something deeper than the personality of any one man.

"Where there are two opposing parties of nearly equal strength, conditions cannot go wrong for any length of time. A change of from 2 to 10 per cent in the Republican vote of Ohio and Indiana elected a Democratic governor. In those states the officers are in the control of the independent consentions voters. In Michigan a change of 22 per cent in the Republican vote two years ago failed to oust the administration. The trouble in Michigan is that there are not enough Democrats here.

"When a man votes he either condemns or commends. Pre-election promises have no value unless fortified by a life consistent with those promises. Extravagant expenditure of state money will continue until the voters protest at the ballot box. Economy of administration is the barometer of government. The first sixty years of the history of this state is pointed to as a period of accomplishment. They were years of achievement, years of modest expenditure.

Examples of Extravagance.

"Since the election of Governor Pingree fourteen years ago, state expenditures have been extravagant and all out of proportion to what the state has to show for it. In 1907 the political lackeys of the legislature drew in salaries \$32,000, while the legislators themselves drew \$19,000. Within twenty years the number of state employees has been nearly if not quite doubled, with no more work done than before. In twenty years, the expenses of the land department have increased from \$52,000 to \$112,000, though only one-half as many descriptions delinquent for taxes are sold. In about the same period, the expenses of the capitol building have increased from \$48,000 to \$112,000, with nothing to show for it. Illustrations of this kind could be cited without number, all going to prove that increased taxes are the result of an extravagant Republican political system. Maximum efficiency in government can be obtained only when two parties are nearly of equal strength.

"But Michigan should stand for something besides a housecleaning. The state can stand the loss of money but it cannot stand the loss of official public integrity. Democracy should stand for more than negotiation. Though the convention has not yet adopted a platform, I do not hesitate to state what I shall stand for in case of my election. I believe in a reform of the civil service. I pledge you that every appointment I shall make will be made without regard to party affiliation, and that I shall only consider the fitness of the

APPLICANTS. I BELIEVE IN THE PRIMARY LAW, BUT THAT IT SHOULD BE AMENDED BY REMOVING THE OBVIOUS FEATURES THAT WERE PUT IN IT BY ITS OPPONENTS THAT MADE IT UNPOPULAR. I STAND FOR REFORM IN THE SYSTEM OF TAXATION AND FOR THE REPEAL OF THE MORTGAGE TAX LAW. THE LAWS RELATIVE TO PERSONAL INJURIES ARE ALSO NOT SUITED TO THE TIMES, IN MY OPINION.

Opposed to Tonnage Tax.

"Still there is one subject in which you are all interested that I have not yet touched upon—the question of mine taxation. At the outset, however, let me say that I consider decreasing the state tax rate more important than any revision of the present system of taxation. It is because the farmers of the lower peninsula are overtaxed that they are turning to the mines in hope of getting relief. I repel the aspersion that I am attempting to make a campaign on sectional issues, but the sooner all get together and face the issue, the better it will be for everybody. "I am not ready to agree to a specific tax on ores, as I do not think it is Democratic. My observation has shown me that a flat tonnage tax is unfair. It was a Democratic legislature that substituted an ad valorem for a specific tax on ores in Michigan, and it was a Democratic governor that prevented a tonnage tax being levied in Minnesota. I have not forgotten these things. I am in favor of all classes of property bearing their equal burden of taxation. "To arrive at a just valuation of the great corporations of the state, I believe it should be fixed by a non-partisan expert state commission. The present system often means that an industry fixes its own taxes, particularly in the mining districts. Even the mining men would not consider it fair for the township of Grosse Pointe, Wayne county, to fix the valuation of the Michigan Central railroad, that being where the officials of the road are in control. The commission plan would result in a greater measure of justice and all would in the end be better satisfied." At the beginning of his speech, Mr. Hemans spoke of agricultural possibilities of the upper peninsula, and expressed the opinion that the public domain commission would do well to use its efforts toward inducing immigration into the northern counties of the state. He also declared himself in favor of an annual upper peninsula exhibition, such as has just been held in Detroit.

MARQUETTE BOY MAKES A STRIKE

Jack Wilson Discoverer of Rich Gold Mine at Porcupine Lake, North of Cobalt, Ont.

The current number of Pearson's Magazine contains an interesting article, entitled "The New Eldorado," describing the discovery of gold north of Cobalt, in which Jack Wilson, the son of J. B. Wilson, 125 East Ohio street, has had a prominent part. Late last fall a party of three, headed by Wilson, discovered a mining claim some 250 miles north of Cobalt, Ont., 60 per cent of which was recently sold. It is said, for \$900,000, of which Wilson gets one-fourth. Wilson is well remembered by Marquette people, having left here about eight years ago to seek his fortune in the mining regions of Canada. He visited his parents here four years ago, and now makes his home at Massey, Ont., 125 miles east of the Soo.

The substance of the magazine story, as far as it relates to Wilson, is narrated below. The story in the main is corroborated by young Wilson's parents, though they have heard nothing from him regarding the details of the sale of the mining claim.

A little less than a year ago Wilson headed a prospecting party, financed by a capitalist named Edwards, of Chicago, who went into the Porcupine lake district, 250 miles north of Cobalt. While there they discovered what has since been named Wilson's Dome mine, a claim which has been found to be the richest gold "strike" yet discovered in the Cobalt district. The "Dome" is a ridge of rock, 550 feet long, forty to eighty feet wide, twenty to thirty feet deep, and nobly known how deep, heavily laden with gold. Pull the mass from it anywhere and there is gold. Three shafts have been put down 100 feet and still the bottom of the gold bearing rock has not been reached. There is a dispute as to whether Wilson or one of his companions actually made the discovery, one of these companions being Fred Remington, a brother-in-law of Jack Wilson.

J. B. Wilson stated last evening that his son had told him the following story of the finding of the "Dome" mine: He and his companions had been looking for asbestos and silver on one side of Porcupine lake, and had been fairly successful. They had concluded their prospecting and were about to pull up stakes, when on an exceptionally clear day, they noticed a large rock on the opposite side of the lake, thirty miles away, which "looked good" through a glass. Wilson directed his companions to join him in a boat and the three rowed across the lake. They landed in a bog, through which Wilson leading and the others following, the party floundered toward the hill, which was at once seen to be rich in gold.

Under the terms of their contract with the Chicago capitalist, Wilson was to receive one-quarter of the proceeds from any of his discoveries, each of his companions one-eighth, and the Chicago man one-half. His two companions subsequently sold one-half of their rights for \$1,000 each. Very recently, a 60 per cent interest in the mine was sold to a New York corporation for \$900,000. This indicates that the mine is valued at about \$1,500,000, of which Wilson owned one-fourth before the sale. Wilson's many friends here are much interested in the news of his rich strike in the so-called "new Eldorado."

FRESH KILLED CHICKENS.

A LONGER STAY.

There is such a demand for the lovely needlework at the Hotel Marquette that Miss Hamrick is extending her stay a few days longer. She suggests ladies coming during the morning hours, thus avoiding the late afternoon crowds.

NO BETTER CLOTHES IN THESE CASES

Grand Rapids Murderers in Prison for Life Less Than Week After Crime.

Detectives Peter Vieregger and Wm. Youngs and Detectives W. G. Harley and Eugene Hall, of Kent county, yesterday delivered over to the officials of the Marquette prison Cleon Blood and Arthur A. Shellhorn, the slayers of Marius Landman, a Grand Rapids grocer, whom they held up, slugged and robbed of a few cents over \$27.

Their incarceration in the Marquette prison yesterday was not alone the closing chapter of a dreadful crime, but it marked the final step in one of the most speedy visitations of justice on wretched murderers recorded in the criminal annals of the state.

Landman, an inoffensive old man of over sixty years of age, was struck down by Blood and Shellhorn about 10:30 o'clock the night of September 21, at the Grand Trunk viaduct, near College avenue, in Grand Rapids. He was returning home from his store. The assault was a premeditated one, with robbery as its sole motive. For two or three days previous Blood and Shellhorn had been studying the lay of the ground. They waylaid Landman in the dark and he was struck with a slung shot improvised out of a sock filled with stones, his skull being fractured. He was found by a negro living nearby, the police were notified and he was removed to a hospital, where he died last Monday.

September 28 Detectives Youngs and Vieregger obtained their first clue, a tip from a former member of the gang with which Blood and Shellhorn trained. This tip first led to the arrest of two other men who had planned to rob Landman, but they proved their innocence of the murder. The detectives were then tipped off to the fact that Shellhorn was the man they wanted, and they had no trouble getting him. He was questioned closely about the affair and finally broke down and confessed, implicating Blood, who was at once taken into custody. Blood also confessed the crime.

It was the evening of Wednesday before both confessions were secured, but from then on events in the case moved swiftly. Thursday morning at 9 o'clock the murderers told their story to Prosecutor Brown and others, exhibiting the utmost composure and showing no signs of remorse. At 10 o'clock both Blood and Shellhorn waived examination in police court. At 10:30 o'clock Judge Stuart sentenced the murderers to life imprisonment in the Marquette penitentiary and late that evening they were taken aboard a train for the trip to this city, which was completed yesterday afternoon. The funeral of Landman, the murdered man, was not held until a few hours after the sentence of life imprisonment had been pronounced against his slayers.

Blood is a man of thirty-six years of age, with a bad criminal record, he having served a sentence at the Ionia penitentiary for shooting a man. Shellhorn is but eighteen years of age.

The men were put through the usual routine for new prisoners at the Marquette penitentiary yesterday, and were assigned to cells in which they will be kept without access to the yard or employment in the shops until the board of control passes on their cases and decides what work they shall be put at.

MANY SAW FIGHT PICTURES.

Good Idea of Johnson-Jeffries Bout Was Obtained at Bijou Theater.

The pictures of the Johnson-Jeffries fight at Reno, Nev., July 4, last, which were shown at the Bijou theater yesterday afternoon and evening, were witnessed by large audiences. The films are in six sections and are 6,000 feet long, affording an interesting entertainment an hour and a half in duration. The pictures were clear and distinct and gave a very realistic idea of the big fight.

It would appear from the pictures that the charge that Jeffries "laid down" in the latter part of the fight is without foundation. The first round was the most exciting of the evening, and the fight was quicker on his feet, that he used the better ring generalship, and after the first few rounds it is evident that Johnson is destined to win, barring a chance blow from Jeffries. Nevertheless, Jeffries fought gamely throughout and in the fourteenth round forced the fighting until his leg muscles gave out. In the fifteenth and final round, he fell an easy prey to Johnson's terrific face blows. Johnson's superior ring generalship is shown by his success in ending each round at or near his own corner.

Among the most enjoyable of the pictures are those showing the city of Reno, the arrival of the crowds, close hand views of the principal buildings and streets, all of which are thronged with people. There are numerous scenes at Jeffries' training quarters, in which the boiler maker is shown sparring with his trainers, and also characteristic pictures of the many prominent pugilists at the Jeffries camp. Numerous views of the immense crowd at the ring side and the events immediately preceding the big battle were also very interesting. All of the pictures were fully explained by a lecturer, who accompanies the fight pictures from city to city.

REACHING THE TOP

In any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from Kidney Trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at The Stafford Drug Co.

A GENEROUS AND CHARITABLE WISH.

"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says L. N. Regan, Farmer, Mo. His kidney and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him. The People's Drug Store.

No Better Clothes Made in the World

than Stein-Bloch make. This is the reason back of our choosing the Stein-Bloch label for ours. We have absolute confidence in them and their makers. We tell you that no better ready-to-wear clothes are made in the world than Stein-Bloch Smart Clothes. They satisfy you in fit, in style and in service. Their price is reasonable—more than that when their quality is considered.

Stein-Bloch Suits \$18 to \$30

NORTHERN STATE NORMAL SCHOOL

MARQUETTE

School Begins Monday, Sept. 26, '10

The Northern State Normal School admits graduates of approved high schools to the two years' course leading to life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers. There is a splendid dormitory in connection with the school, which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large and pleasant; the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate. Students of the Northern Normal School who finish the life certificate course are given fifty-six hours' credit at the University of Michigan. For information and catalogue write to
