

CONVENTION AT KALAMAZOO IS A STRENUOUS ONE

Democrats Lock Horns Over the Question of Inserting Initiative and Referendum in the Platform, and Then Lay the Issue Aside Until They Meet Again.

Tariff is Assailed, Civil Service is Demanded—One Place On the Ticket Falls to the Upper Peninsula—Ironwood Man Named for Secretary of State.

Kalamazoo, Mich., Oct. 7.—After passing over an initiative and referendum plank until the next convention, the discussion concerning which almost culminated in a fight on the floor, the state Democratic convention finished its business and adjourned tonight.

The resolutions committee struggled for five hours and then presented an unfinished platform. The platform finally adopted denounces the Payne tariff bill and arraigns the Republican congressmen of Michigan for their acceptance of it. It demands state protection against scandals such as were recently exposed in the state.

Justice of the Supreme Court—Mark Norris, Grand Rapids.

Secretary of State—Adolph Peterson, Ironwood.

Treasurer—R. V. MacArthur, Grand Rapids.

Land Commissioner—O. F. Barnes, Roscommon.

Auditor General—Thomas Gordon, Howell.

Edward C. Shields was named as chairman of the state central committee.

Prohibitionists Complete Their Ticket.

Detroit, Oct. 7.—The prohibition state convention met today and completed the state ticket, for which the candidates for governor and lieutenant governor were nominated at the primaries. W. A. Taylor, Battle Creek, was nominated for senator.

WILL SIT AT SAME BANQUET BOARD

Lorimer and Vice President Sherman to Attend Knights of Columbus Function.

Chicago, Oct. 7.—Vice President Sherman and Senator Lorimer will sit at the same banquet board Oct. 12 when the Chicago Knights of Columbus will celebrate Columbus Day. The feast will take place in the grand room of the Congress hotel where the Hamilton club dinner took place and which Theodore Roosevelt declined to attend unless the club's invitation to Lorimer with withdrawal. Both have accepted invitations.

MASSACHUSETTS NOMINEE IS PROMINENT IN LABOR CIRCLES

Boston, Mass., Oct. 7.—Frederick W. Mansfield, who early this morning was nominated by the Democratic party for governor at the state convention, is a leader prominent in labor circles. He is the attorney for the Massachusetts branch of the American Federation of Labor. Mr. Mansfield lately has been making a vigorous attack on the so-called "labor record" of Congressmen Eugene Cawley, who also is a Democrat and who was the leader in the two ballots taken for the gubernatorial nomination late last night, prior to the choice of Mansfield by acclamation. Mansfield's nomination was accomplished when James H. Vahay, likewise a candidate, withdrew from the contest and threw his support to him.

MESSAGE FROM HEARST DENOUNCES BOTH PARTIES.

New York, Oct. 7.—The Independent League, which nominated John F. Hopper of New York for governor and William R. Hearst for lieutenant governor Wednesday night, met in convention again tonight and completed its ticket. A message from him, read at the convention, denounced both the Republican and Democratic parties.

NEBRASKA MURDERER TO DIE ON THE GALLOWS.

Lincoln, Oct. 7.—The supreme court this afternoon overruled the appeal of Bert M. Taylor, a convicted murderer, and sentenced him to be hanged in the state penitentiary Oct. 28. Near Minden, in 1908, Taylor assaulted his sister-in-law, Pearl Taylor, and abused her younger sister. Then he set fire to the home and fled. Pearl Taylor died. Taylor was captured in California.

SWINDLER OF BANK GOES TO SING SING PRISON.

New York, Oct. 7.—Adolph Rotsbarth, a merchant, who pleaded guilty to having defrauded the banks of New York out of \$300,000, was sentenced today to serve not less than three and not more than seven years in Sing Sing prison.

FALLS FROM AEROPLANE WHILE UP 3,930 FEET.

St. Petersburg, Oct. 7.—Captain Macievich was killed today by a fall from a bi-plane while up 3,930 feet. He held the Russian altitude record and was trying to exceed this.

Long Flight Planned for Today.

Springfield, Ill., Oct. 7.—Arch Hoxsey will sail from Springfield to St. Louis tomorrow in the same Wright bi-plane in which Walter Brookins made his famous flight from Chicago to Springfield. He leaves at noon. Hoxsey said tonight that he expected to make the flight without a stop. He expected with good weather to negotiate at least forty miles an hour and reach the Missouri metropolis in less than two and a half hours.

BARNEY OLDFIELD DRIVES A MILE IN 52 SECONDS.

Springfield, Ill., Oct. 7.—Barney Oldfield broke the record for daring driving at the Illinois state fair today when, on a muddy track, he drove a mile in fifty-two seconds. Oldfield, after the races being called off, drove at the request of Governor Deneen.

GAS ASPHYXIATION KILLS AN EX-CHAMPION PUGILIST.

Patterson, N. J., Oct. 7.—Tom Bates, at one time the light weight champion pugilist of England, was found dead of gas asphyxiation in a boarding house here today.

SETTLER DIETZ REFUSES TO YIELD

Sheriff's Army Closes in, and Battle is Scheduled to Begin Early This Morning.

Winter, Wis., Oct. 7.—The final effort to get John F. Dietz to surrender peacefully to the sheriff of Sawyer county failed this afternoon, and Attorney General Frank T. Gilbert, upon leaving for Madison, said to Sheriff Madden, "Do your duty." The sheriff intends to do this, as seventy-two deputies are drawing closer to the little log cabin on the Thornapple river and at daybreak tomorrow an attempt is to be made to arrest Dietz.

At the conclusion of the conference this afternoon Dietz predicted that he would be shot, but declared he would die a martyr to his cause and family. The governor's representative offered to guarantee Dietz immunity for all the alleged crimes charged against him and the members of his family, with the exception of the shooting, which would be surrendered. He offered ample protection, legal counsel and a change of venue, but Dietz insisted that all the civil claims against him must also be dismissed. These civil claims include judgments against him amounting to \$25,000.

The Catholic priest here, Father Joseph Pilon, will leave Winter at 2 o'clock tomorrow morning by team for the Cameron dam, to render any assistance he can.

Attempted Trap Failed.

The circle of deputies about the Dietz cabin is closing in, and the finish must come soon. Throughout the day the besiegers and besieged eyed each other through field glasses, neither side caring to fire the first shot. Dietz at one time this afternoon walked into what was planned as a trap, but two deputies sent to a point in the woods near which he was standing had not arrived at the station. If they had, the end would have come then. Later in the afternoon Dietz refused to leave the cabin, and the evening chores were done by the children. Helen, aged fourteen, and Leslie went to the spring for water.

Late tonight Thorban and Roy Vanalstine, the straightest shots among the deputies, stepped out into the clearing through field glasses, neither side caring to fire the first shot. At the moment Dietz appears, they will call up him to surrender. If he refuses, the shooting will commence. The two deputies shook hands with Sheriff Madden before entering the clearing, and Thorban said: "We will get Dietz or Dietz will get us."

In the evening Leslie Dietz was seen going to the barn with a blanket, with the evident intention of staying there throughout the night. When the sun discloses their position, he and the deputies, Thorban and Vanalstine, will find themselves at close quarters. The town of Winter is in a state of feverish excitement tonight. Sheriff Madden is at the Cameron dam, close to the edge of the clearing.

SCHWAB TO FINANCE AERO.

He Plans one With an Engine of 200 or 300 Horse Power.

New York, Oct. 7.—Charles M. Schwab has come forward with a proposition at the Hempstead Plains aviation field to advance the science of aeronautics in this country. Mr. Schwab's idea is to perfect an American machine that will carry a 200 or 300-horsepower engine, and he offers to finance an organization of American aviators to undertake the task of building such a machine. He discussed the plan with Israel Ludlow, a member of the field committee, and Ted Sherwin, who is giving exhibitions at the field. Both Mr. Ludlow and Mr. Sherwin favored the scheme and thought it feasible. Of course such a high powered engine would not be adapted to the present type of aeroplane, since it would be necessary to strengthen the frame in proportion with the increase of power.

Sherwin is confident that a practical machine along this line can be built and says only lack of capital has kept inventors from working out plans. He says the present drawback in aviation is the lack of a suitable motor and that precedence in this direction. It is the object of Mr. Schwab to have this country take the lead in working out a perfect motor, one that will excel the 100-horsepower Gnome engine.

SOUTH OPENS ITS ARMS TO THE COLONEL

It Gives the Former President a Welcome Which He Characteristically Describes as 'Great, by George'—He Spends the Day in Virginia and Tennessee.

Crowds Greet Him at Every Station and He Makes Many Car-End Speeches—"New Nationalism" Is His Theme—The Crush at Knoxville Is Tremendous.

Knoxville, Tenn., Oct. 7.—The South gave Theodore Roosevelt a welcome today which he described as "great, by George." Throughout the first day of his Southern trip, which took him across Virginia and parts of Tennessee, he received all the honors which the South can pay.

The colonel talked of his "new nationalism" idea today. He defended it from the criticisms directed against it and said that it was not revolutionary but rather designed to put a stop to things which might bring on a revolutionary movement if unchecked. The two chief speeches were delivered at Bristol, Tenn., and Knoxville. The colonel left tonight for Atlanta.

Knoxville's celebration was held on the grounds of the Appalachian exposition, where Mr. Roosevelt spoke in the afternoon and again at a banquet tonight. There was a tremendous crush at the exposition grounds. Mr. Roosevelt, just before beginning his speech, piloted a lost boy to his father in the crowd.

The colonel made many car-end speeches during the day. Crowds greeted him at every station.

CLUBMAN AND GOLFER LOSES HIS POSITION

F. O. Horstmann, too Busy as an Excise Inspector at Washington, Is Removed.

Washington, Oct. 7.—F. Oden Horstmann, one of the most prominent clubmen in Washington, globe-trotter and frequent companion of President Taft on golf course, has been discharged from service of the District government. Several months ago Horstmann's physician gave him a prescription which read, "Go to work." Horstmann took the advice and with the aid of President Taft got a job at \$1,000 a year as clerk in the excise board of District government. Horstmann has been an exceedingly active excise investigator, so active in fact, he has been reporting directly to the District commissioners, instead of to his immediate superiors, and in these reports he reflected on members of the board. The board determined to cut Horstmann off the payroll, which did not net him enough to pay his club dues, and he was summarily discharged. Horstmann's friends declare he is preparing to fight the excise board, and later he will again go to work for the District.

Baseball

STANDINGS OF THE TEAMS.

Table with columns for National League (W, L, P.C.) and American League (W, L, P.C.) listing teams like Chicago, Pittsburgh, Philadelphia, etc.

GAMES SCHEDULED FOR TODAY.

National League. St. Louis at Cincinnati. Philadelphia at Boston. Chicago at Pittsburgh.

American League. Detroit at Chicago. Boston at New York. Philadelphia at Washington. Cleveland at St. Louis.

YESTERDAY'S GAMES.

National League. Chicago, Oct. 7.—Brown held Pittsburgh to two scattered singles. Steinfield starred at the bat, getting three singles in three times at bat.

American League. Chicago, Oct. 7.—Singles by Zeider, Meloane, Chouinard and Mullin gave the Sox two runs in the fourth.

Other games postponed. Cincinnati, Oct. 7.—The corner grocery store in the crowded downtown section of the great cities in the United States will be crowded out by automatic grocery stores if the formation of a great corporation to install slot machine stores in congested districts proves a success.

Other games postponed. Chicago, Oct. 7.—Singles by Zeider, Meloane, Chouinard and Mullin gave the Sox two runs in the fourth.

The Weather

Washington, Oct. 7.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Saturday, with cooler in the northwest; Sunday, fair; brisk to high southwest winds, becoming variable.

HE HELPED TO CAPTURE SANTA ANNA'S WOODEN LEG.

Bloomington, Ill., Oct. 7.—Captain Thomas B. Briggs, a veteran of the Mexican and Civil wars, died at Delavan today, eighty-five years of age. He was a member of the squad which captured Santa Anna's wooden leg.

UNIVERSITY REGENTS ACCEPT BIG BEQUEST

\$200,000 Willed by Arthur Hill Is to Provide Auditorium at Ann Arbor.

Ann Arbor, Oct. 7.—The regents of the University of Michigan today received official notice that the \$200,000 bequest of the late Arthur Hill of Saginaw for an auditorium at the university is at their disposal. The bequest formally was accepted. The resignation of Professor J. B. Davis, one of the oldest members of the faculty, was received. It was accepted and the instructor was made professor emeritus of sociology.

Fortune Goes to Philanthropy.

Albany, N. Y., Oct. 7.—The will of Florence B. Silliman, of Coloco, a former well-known textile manufacturer, admitted to probate today, bequeaths the entire estate of over \$400,000 to philanthropic purposes. One-half goes to Wm. R. Moody, son of the late Dwight Moody, the evangelist, to aid in conducting his institutions at Northfield, Mass. The other half is divided among various schools and Presbyterian institutions of the East. Mr. Silliman, previous to his death, erected an industrial school for the boys of Manila and gave \$200,000 to the Presbyterian board of home and foreign missions of New York.

NEW CHILD LAWS.

Messengers, Theatre and Restaurant Help in New York Affected.

New York, Oct. 7.—New statutes just effective place strong restrictions on the employment of children for night work. One of the new laws prohibits the employment of boys under twenty-one years of age as messengers in the Tenderloin districts after 10 o'clock in the night and before 5 o'clock in the morning. The employment of boys less than sixteen years of age as messengers, ushers or checkers in places of amusement is prohibited unless they are in possession of employment papers, and then only between the hours of 8 o'clock in the morning and 7 o'clock at night. This law will affect theatres and restaurants.

MUCH WANTED WITNESS CAN'T BE CORRALLED

Senators Probing Lorimer's Election Make Every Effort to Round Up Legislator Wilson, but Fail—He the Alleged Distributor of the "Jackpot."

Speaker Shurtleff Will Take the Stand Today, as Will Senator Holtzlaw—This Will End the Inquiry at Chicago—Lee Browne Concludes His Testimony.

Chicago, Oct. 7.—Before the Lorimer investigating committee, Lee O'Neil Browne concluded his testimony today. A subpoena was issued for the speaker of the legislature, Edward Shurtleff, Senator D. W. Holtzlaw also will be recalled tomorrow. This will end the inquiry here.

Every effort was made today to discover the whereabouts of Representative Robert E. Wilson, the alleged distributor of the St. Louis "jackpot," but without success. He is said to be in poor health. He also is said to be in the West on real estate business.

Browne, examined by Senator Frazier, denied receiving anything of value to vote for Lorimer or for his efforts to induce others to do so. He said that friends had borne the expense of his two trials and that he had received no money for his recent campaign.

Browne testified that Speaker Shurtleff first formally approached him in reference to securing Democratic votes for Lorimer. He said the Democrats did not like Governor Deneen and were inclined to some degree in voting for Lorimer to share the governor's power. He said that Lorimer had endeavored himself to many Democrats and Republicans by his attitude toward the Illinois deep waterway proposition.

Attorney Austrian asked if Governor Deneen could have been elected senator, if the employment of children for night work had been passed, after White had asked Browne for a loan. On cross-examination, Attorney Austrian brought out that Simmons did not know either Browne or White at the time of the alleged loan and did not tell of the occurrence until the next spring.

FIVE-CENT CHECKS

Hundreds Drawn by a Washington Concern Enraged a Bank

Washington, Oct. 7.—A Washington dyeing and cleaning establishment has caused considerable excitement in the financial world of the city, in which the establishment keeps its account, was swamped with hundreds of checks for five cents each drawn by the firm. The checks were enclosed in letters addressed to residents of the city and with each was an advertising circular inviting the recipient to cash the check and invest the proceeds in carfare for a trip of inspection to the dyeing and cleaning works.

The checks to the number of hundreds were promptly cashed and within a couple of hours began to flow in upon the banking institution.

Thereupon a loud wail of distress went up from the clerks of the bank and shortly afterward a man from the bank lodged a protest with the controller of the currency. He said he wanted the outrage stopped at once.

The controller said he was in the business of controlling national bank paper, but not dyes and cleaners' checks and could do nothing in the premises.

UNCLE SAM'S EVELESS EDEN.

Not a Woman in the Interstate Commerce Commission's Bureau.

Washington, Oct. 7.—There is one branch of the national government that has not yet capitulated to the invasion of the business woman. While women employees are rapidly taking many of the best places under the federal civil service, the interstate commerce commission has successfully kept the door locked against the female employe.

The railroad department is the only branch of the federal service in which women are purposely and consistently discriminated against. Officials of the commission admit that women could do much of the work now being done by men as well as the latter do it, but they simply decline to authorize the appointment of any female employe.

All clerks, as well as stenographers and other employes among the 650 on the lists of the interstate commerce commission, are men or boys. Only one woman has ever been successful in breaking into the pay roll of the commerce body, and her position was telephone operator.

SLOT MACHINE MARKETS

Cincinnati, Oct. 7.—The corner grocery store in the crowded downtown section of the great cities in the United States will be crowded out by automatic grocery stores if the formation of a great corporation to install slot machine stores in congested districts proves a success.

Other games postponed. Chicago, Oct. 7.—Singles by Zeider, Meloane, Chouinard and Mullin gave the Sox two runs in the fourth.

Other games postponed. Cincinnati, Oct. 7.—The corner grocery store in the crowded downtown section of the great cities in the United States will be crowded out by automatic grocery stores if the formation of a great corporation to install slot machine stores in congested districts proves a success.

Other games postponed. Chicago, Oct. 7.—Singles by Zeider, Meloane, Chouinard and Mullin gave the Sox two runs in the fourth.

NEW REPUBLIC STRIKES BLOW AT THE CHURCH

Provisional Government of Portugal Suppresses the Religious Orders and Banishes Their Members From the Country—Public Instruction to Be Secularized.

Adhesion to the New Regime in the Provinces Is Reported General, and the Enthusiasm of the Populace Unparalleled—Oporto Discards Monarchy.

Liquor Cannot be Sold Anywhere in Northern Minnesota's "Indian Country."

Washington, Oct. 7.—The eighth International Prison congress practically concluded its work today. The executive body chose London for the next meeting, to be held in 1915, and selected Sir Evelyn Rusles Brier, K. C. B., president.

TREATY AGREEMENTS TO BE ENFORCED

Since the issuance of the order, which provided that in certain sections of the Indian territory the traffic in liquor would not be interfered with by the federal authorities, there has developed protests from the cities in the territory, principally Moorehead and Cass Lake, claiming that the order was discriminatory. Several delegations of officials from Minnesota have been in Washington to discuss the matter with Mr. Ballinger. The secretary has determined that there shall be no so-called "liquor zones."

PRICES OF STOCKS LITTLE CHANGED

New York, Oct. 7.—The speculation in stocks lapsed into apathy today and the prices vibrated within a narrowing range. There was an appearance of strength at times, but the effort to advance prominent speculative stocks met with the same kind of obstacle in the form of firm selling as earlier in the week. This had a like discouraging effect on the general tone. Some specialities held up, but without much beneficial effect on the general tone. Outside those in a number of the specialties, the price changes at the end of the day were trifling.

Wall Street Speculation Becomes Apathetic Again—Copper Report Not Relished.

New York, Oct. 7.—The speculation in stocks lapsed into apathy today and the prices vibrated within a narrowing range. There was an appearance of strength at times, but the effort to advance prominent speculative stocks met with the same kind of obstacle in the form of firm selling as earlier in the week. This had a like discouraging effect on the general tone. Some specialities held up, but without much beneficial effect on the general tone. Outside those in a number of the specialties, the price changes at the end of the day were trifling.

WARSHIPS SALUTE ROYAL FAMILY.

Gibraltar, Oct. 7.—The American American cruiser Des Moines and the British fleet, with the ships dressed and flying the Portuguese flag, fired a royal salute this morning in honor of the Portuguese royal family, who have found refuge here.

UNCONSCIOUS ENGINEER AT FAST TRAIN'S THROTTLE.

Barnesville, Minn., Oct. 7.—While leaning from the cab window of his locomotive, Engineer Dubois of the Great Northern struck a tower just out of Grand Forks today. For forty miles the passengers of the Oriental limited of the Great Northern road traveled with an unconscious engineer at the throttle. The train sped through several small towns. It was not until Fireman Morrow spoke to the engineer to inquire why they were losing time that his condition was discovered. The fireman worked over the unconscious engineer until he had restored consciousness. Although a deep gash bled profusely, Dubois remained at the throttle until the train reached here.

HALF INTEREST IN BALL CLUB SELLS FOR FIFTEEN THOUSAND.

Denver, Oct. 7.—James C. McGill today became the sole owner of the Denver baseball club of the Western league by purchasing the half interest of Secretary H. C. Gunthorpe. The consideration is said to have been \$15,000.

Kalamazoo Wins Championship.

Jackson, Mich., Oct. 7.—Kalamazoo today won the championship of the Southern Michigan league by defeating Lansing for the fourth time in the post-season series of seven games for the pennant. The score was 5 to 2.

CHARACTER IN SHOES.

A kindly old doctor in Geneva had invented a new method of reading character which he calls scarpology, or "know a man by his shoes." He says that a pair of boots which has been worn for two months will reveal to him the age, social position, personal habits and even the moral character of the wearer. The economical man of the vain woman, the slovenly person of either sex, the taker of constitutions—all these are easy to recognize.

DAILY MINING JOURNAL
 A MORNING PAPER PUBLISHED BY
 THE MINING JOURNAL CO. (LIMITED).
 Issued daily except on Sundays. Con-
 sists of 12 pages. Published at Marquette,
 Michigan. Entered as second class matter
 October 10, 1907, at Marquette, Mich.
 Postoffice at Marquette, Mich.
 MARQUETTE, MICH., OCT. 8.

Readers are getting accustomed to their daily traction horror.

The possibilities of the aeroplane do not seem to be appreciated in the case of Homesteader Dietz.

The Republican convention, according to all reports, achieved a gratifying measure of harmony.

When automobile builders fall out automobile purchasers will no doubt get a better run for their money.

After Mr. Osborn, Senator Smith and Representative Townsend had come to an agreement the rest appears to have been easy.

Nothing is said of the inscription on the new standard flying over the public buildings in Lisbon. Perhaps it's "For Revenue Only."

Dietz's daughter has been offered \$1,000 a week in vaudeville. Here is an opportunity to put the whole D family on easy street.

A stubborn offender and a lowbrow sheriff share in the responsibility for the ugly mess centering around Cameron's Dam, up in Sawyer county, Wisconsin.

"One good term deserves another" was a rule applied by the delegates at Detroit in disposing of the minor nominations for the Republican state ticket.

Sometimes the king who runs away lives to reign another day, but not often. The probabilities are that Manuel will continue to write "ex" before his title for the remainder of his life.

Senator Cummins says he owns no newspaper in Iowa and that there is no newspaper authorized to speak for him. When he has anything to say he is accustomed to speak for himself. Now we can all understand one another.

The modest Mr. Hearst is a candidate for the minor office of lieutenant governor on the Independence league ticket. Mr. Hearst is sure to lose, but hopes to be able to win in defeat by seeing Dix, the hope of the Democrats, go down with him.

At the Detroit convention Grant Fellows showed up much stronger on the first ballot than Attorney General Kuhn's friends expected he would. In fact, the latter did not breathe at all easy until they could count up the number of votes on the second ballot necessary to assure Kuhn's nomination.

Lee O'Neil Browne has been very positive that he didn't buy any votes for Lorimer, but the weight of the evidence, if nothing else, is heavily against him. There have been a number of competent witnesses who have insisted with equal positiveness that he did, and that they got some of the money he disbursed.

The federal government, we are told, is weeding out shaky national banks. During twelve months ending Oct. 1 last 113 national banks were liquidated. Is the government also weeding out shaky bank examiners? In the past many of these officials have shown a nothing less than marvelous inability to find out when things were badly wrong in the institutions under their charge.

Colonel Roosevelt is not to stump New York state, after all. Previous engagements call for much of his time. He is going to get in some good licks whenever opportunity offers, but he's off for the south for a week, and only a month intervenes before election. There isn't much time for campaigning. Candidate Stimson will have to carry the greater part of his own burden. However, he is pretty well equipped to do it, and will have the field pretty much to himself, as his opponent, Mr. Dix, is opposed to "prancing" up and down the state.

The conflicting ambitions of Paul H. King and Nicholas J. Whelan, with the post of secretary of the Republican state central committee in view, were happily adjusted at Detroit this week by making a new place for Mr. Whelan. Mr. King will be the regular secretary of the committee, but Mr. Whelan will be field secretary, and will have general charge of the speaking campaign in the few weeks intervening before election. The recognition given Mr. Whelan is grateful to him and to the friends of Lieutenant Governor Kelley, and his

services will be found of much value in carrying the campaign on to a successful conclusion, as he is well-informed in regard to political conditions in the state and is an aggressive worker. Mr. Knox, the new state chairman, and Mr. King will find him a valuable aide. Those acquainted with the effective work done by all three of the officers of the state central committee in the primary canvass can have no doubt that the campaign forerunning the November election will be most effectively handled by them.

The Republican convention held this week in Oneida county, Vice President Sherman's home county, was in complete control of the progressives. Former Assemblyman Hart and Senator Davenport were among the leading figures in the conduct of its affairs, among whom the vice president was conspicuous by his absence. The progressives controlled the organization at every stage and named a county ticket that was representative of the new county of Oneida county politics. The old Sherman machine sued for terms and pleaded for a compromise, but the progressives declined to give away any of the advantage they had gained. The convention, and the events that immediately foreran it, is regarded as marking the elimination of Mr. Sherman as a controlling power in Oneida county politics.

The Republican convention disappointed many prophets of discord and trouble. Before it convened reports were rife of friction over the platform, over the officials of the state central committee, and over the contest for attorney general. It was related that there was little harmony on many of the delegations and it was predicted that there would be many flare-ups. But instead of any of these things coming to pass, the delegates transacted their business with harmony and dispatch and brought it to a conclusion in a manner that augured as well as could be asked for the election next month. It was the general report from all parts of the state that the situation was much more favorable for the head of the state ticket than it was in the campaign of 1908. There is comparatively little defection from Osborn, not at all the serious defection there was from Governor Warner two years ago, and a majority of Osborn of 50,000 or more votes is a favorite prediction among political leaders.

The Grand Prize automobile race that was to have been held on Long Island October 15 has been called off. This action is a direct result of the bad job that the motor association in charge of that event made of handling the Vanderbilt cup race a week ago today. That race owing to indifferent police arrangements, due, many critics have said, to the unwillingness of the promoters to diminish their profits by spending money to obtain adequate protection, was attended by several deaths and many serious injuries to spectators. Little regret will be felt by the public at the abandonment of the Grand Prize race. There has been no guarantee that it would be adequately policed and that there would be no more needless deaths. In any event the race could serve no useful purpose. We already know full well—and often see it demonstrated on our city streets by mere stock cars—that automobiles can travel much faster than express trains. That Smith's or Jones' car, and this or that driver, can best stand the terrific strain of a lunatic road race and drive across the line a winner proves nothing in particular and has no significance of importance. The Vanderbilt cup race of last week could be the last event of the kind ever held in America without warranting any serious complaint.

AUTOMOBILE PRICES.
 Following on the declaration of the E. M. F. company that there will be a 20 per cent reduction on their "30," and a smaller reduction on their Flanders "20," the Detroit Free Press quotes representatives of four other concerns as saying that prices of high grade cars cannot be cut, and setting up that there have been no appreciable declines in materials, as President Flanders, of the E. M. F. company, says there have been. Incidentally, these other motor carmen insinuate that the E. M. F. is a low grade car, anyway, and not to be compared to real automobiles.

The public will naturally be interested in this row between automobile men, because it has a bearing on the prices it will have to pay for cars next year. President Flanders will, if he thinks it worth while, challenge his competitors' assertion that his cars are not of high class. He will assert that standardization of the company's output, the steady development of its resources for manufacturing, its ability, because of its great output, to purchase materials at favorable quotations, permit his company to market its cars at the figures named without in any way impairing their quality, which, as a matter of fact, is backed up by a year's guarantee.

Automobile manufacturers will have a difficult time persuading the public that their industry has not to date been on a badly inflated basis, and that exorbitant and unfair profits have not been reaped because the demand has been outrunning the supply and people have been willing to pay almost any prices to have their wants satisfied. That this period of the automobile industry has approached its close is now

generally believed. Twenty per cent reductions on standard cars, as announced by the E. M. F. company, will persuade the public of the justice of its views on this subject and will incline it to hold off from purchasing until it is given material price concessions.

A GOOD PLATFORM.
 The Republican convention at Detroit fitted out the party candidates with a sound platform on which to make their appeal to the voters this fall. Its general tone is progressive and, coupled with the progressive victories of Mr. Osborn and Representative Townsend in the party primaries last month, it leaves no doubt about where Michigan stands on this issue. The platform regards President Taft as a progressive and commends him for his part in securing the admirable legislation passed by the long session of congress. The tariff is slurred over, with a few colorless references, and particular commendation is given to the tariff commission plan. The general tone of the platform cannot fail to please those Republicans who sympathize with the somewhat revolutionary developments in the party of late months, but at the same time it contains nothing to rasp, or alienate, those voters who have not yet managed to get completely in step with the new onward movement.

State affairs are tactfully discussed. Here, again, while probity and devotion to the public weal in office are praised and pledged, there is nothing to offend any body of Republicans. The party promises a business-like and efficient administration, the trimming out of unnecessary employees and the strictest economy in the conduct of all the various activities of state government. The excellent legislative enactments of 1909 are reviewed and duly commended, and the party is pledged to numerous and more advanced steps in the public's interest.

The taxation problem is treated definitely and in a most satisfactory manner. The next legislature is urged to provide for a commission of experts which shall review the entire taxing system of the state and recommend whatever steps may be necessary for the correction of all existing inequalities. Such a commission would, of course, scrutinize mine valuations with the closest attention. It would not stop there, however, but would scrutinize other valuations as well. Such a high-grade commission as would be put to work on this work would throw a light on this whole intricate question, and pave the way for making taxation throughout the state harmonious, fair and equitable.

THE STATE PRESS.
 The navy department is in a quandary as to what to do with Peary. Why not sentence him to the Chautauqua?—Flint Journal.

Wilbur Glenn Voliva has bought "Zion City" for \$700,000 and given a mortgage for \$500,000. Now that certainly is "faith"—Detroit Journal.

In regard to the prediction that Gaylor would stultify himself by accepting that gubernatorial nomination, Mr. Hearst was wrong—as usual.—Pontiac Press-Gazette.

So far, none of the perfumery they have put on the New York Democratic ticket has killed the Tammany smell.—Battle Creek Enquirer.

An American collector has paid \$200,000 for the Rubens picture, "Bath of Diana." Pictures of Diana in her bath come high.—Detroit Free Press.

Bay City reports a "tomato war." The riper the weapon, we suppose, the better.—Detroit News.

It seems as hard to get a pure milk supply for the city as to get pure water. Is there any relationship in the problem?—Saginaw News.

Strained relations are said to exist between "Venezuela" and "Colombia." Somebody probably trod upon somebody else's toe in a street car.—Detroit Journal.

It would not take long to thoroughly civilize the Sultan of Sulu and make a real American out of him. Already he evinces a fondness for griddle cakes, and that is very encouraging.—Pontiac Press Gazette.

Holtslaw admits that he received \$2,500 for voting for Lorimer for United States senator. He told the senate investigating committee that it was true. And yet if he were to be put on trial for the crime, would an Illinois jury convict him?—Kalamazoo Telegraph.

FORCED TO LEAVE HOME.
 Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. E. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottle free at The Stafford Drug Co.

A GENEROUS AND CHARITABLE WISH.
 "I wish all might know of the benefit I received from your Foley's Kidney Remedy," says I. N. Regan, Farmer, Mo. His kidney and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him. The People's Drug Store.

Don't delay ordering your stove repairs. We furnish repairs for all stoves and furnaces.

AGED MAN KILLED AT RED JACKET

Michelle Pische, Village Garbage Collector, Falls from Wagon to His Death.

Michelle Pische, sixty-three years of age, driver of the Red Jacket village garbage wagon, was instantly killed just before noon yesterday.

TWO CALUMET WEDDINGS.

Joseph Kemp, of the Calumet force of mail carriers, and Miss Magdalena Bruns, a graduate nurse from the Calumet & Hecla hospital training school, formerly a well known Lake Linden young lady, were married Thursday night at the Sacred Heart church, Hecla.

Rev. A. Romsdahl, pastor of the Calumet Norwegian Lutheran church, officiated Thursday night at the wedding.

HOUGHTON VILLAGE COUNCIL.

The Houghton village council held a long meeting Thursday night, not adjourning until midnight, but the business transacted was unimportant, excepting in two instances.

APPLY FOR NATURALIZATION.

Fourteen French-Canadians Ask Citizenship—New Laws Received.

A party of fourteen French-Canadian residents of Lake Linden called on County Clerk Richardson Thursday night and filed applications for full citizenship.

NEW SECRETARY NAMED.

Al. Fred, assistant city clerk of Hancock, has been appointed as secretary of the Portage Lake Businessmen's association.

FOR LA FOLLETTE FOR PRESIDENT IN 1912.

Monomonic, Wis., Oct. 7.—Dunn county Republicans are for La Follette for president in 1912. At a meeting of the Republican county committee the following resolution was adopted by unanimous vote.

Whereas, Our esteemed leader in state and national politics, Senator Robert M. La Follette, is at present under the doctors' hands at Rochester, N. Y., and is unable to appear before the committee of Dunn county, at the court-house in Monomonic assembled, extend to him its sympathy, with the hope of an entire and speedy recovery, so that in 1912 he may lead the American people in the political principles of Jefferson.

State, receive from the said court a final certificate of naturalization, and said court may issue said certificate without requiring proof of former declaration by or on the part of such person of their intention to become a citizen of the United States.

HEARING DATE NOT SET.

Difficulty Over Alleged Boy Bandit's Age Delays Matters. The time of the hearing of Andrew Johnson and Norbert Kallio, the Calumet boys charged with robbing a Mineral Range freight car earlier in the week, has not been set.

CHILD WILL RECOVER.

Little Tillie Mincerick Not So Badly Burned as Thought. It was announced yesterday in Calumet by attending physicians that little Tillie Mincerick, daughter of Matt Mincerick of Blue Jacket, will recover from the severe scalds sustained while playing with a toy stove Thursday afternoon.

IN THE CIRCUIT COURT.

Paul Menare Sues the Copper Range Consolidated Company. Paul Menare, a miner formerly employed in the Globe shaft of the Copper Range Consolidated, is suing that company for damages for injuries received by a fall in the shaft.

Menare was injured by being knocked from a bucket by a falling miner. The fall while Menare was going up in a bucket. Through an alleged fault in the ladder the descending man fell, hit Menare, knocked him from the bucket and caused Menare to receive a fractured leg through striking the bottom of the shaft thirty feet below.

Later on the ground of contributory negligence on the part of the plaintiff, Judge Streeter yesterday afternoon took the case from the jury and directed a verdict for the company. This was the last jury case of the circuit court's present term.

FREDA PARK ATTENDANCE.

Copper Range Officials Fix the Season's Figures at 10,000. The passenger department of the Copper Range railroad announced yesterday that the total attendance at Freda Park during the company's summer resort, the past season approximated 10,000.

INSPIRATION INSTITUTE.

Hundreds of Teachers of Both Sexes Gather at Calumet. The largest gathering of teachers ever known in the copper country was seen yesterday when the annual inspiration institute for Houghton and Keweenaw counties opened.

DR. FISCHER TO LECTURE.

The invitation of Dr. A. F. Fischer of Hecla to lecture on tuberculosis before the people of Hubbell under the auspices of the village council has been accepted by that body. A council committee will secure a hall and decide upon a date.

DETROIT PLATFORM OF REPUBLICAN PARTY

"We, the Republicans of Michigan in state convention assembled, reaffirm our fidelity to the principles of the political party which our state gave to the nation more than half a century ago."

"We reiterate the country upon the recent enactment of wise, aggressive and progressive laws for the advancement of the common good." "We renew our faith in and express our admiration for the president of the United States, whose leadership and personality strengthen the confidence of the American people in their institutions."

Great Work of Congress.

"We commend congress for the beneficent legislation which it has enacted. In no other congress have more and better laws been enacted for the welfare of our people. Under the leadership of the president congress promptly passed a tariff law giving special attention to the preservation of the wage scale of our workmen from injurious competition, to the protection of American industries and to the financial necessities of the government."

Primary Law.

"We believe that the operation of the primary law has increased the interest of the electorate in the choice of the political candidates and that the selections made thereunder demonstrate the wisdom of its enactment. We recommend the passage of a primary election statute which shall require the publication before election of all candidates in detail the expenditures by their campaign funds, and such amendments to the primary law as will best serve to commend it to the active interest of the voter."

"We believe in the conservation of all natural resources and favor placing such safeguards around them as will prevent waste or monopoly and at the same time not retard the development of our state. We point with pride to the work done by the public domain commission. We believe in the developments of all the natural water power of the state, but in reserving the right to the state to regulate both rates and construction. We renew our commendation of the work of the state railroad commission which was originally enacted with authority by a Republican legislature, and we ask the next legislature to extend the jurisdiction and authority of this bipartisan body so that it may more fully comprehend the operations of all public utilities within our state."

"We urge upon the next legislature the designation of a commission of experts which shall review the entire system of taxation in the state, with the purpose of securing for the people the full measure of taxation income from every source upon which the commonwealth is entitled to draw and the correction of inequities in taxation wherever found."

Amend Public Land Act.

"We suggest to the coming legislature the desirability of amending the public land act that no title shall hereafter be given to settlers or purchasers of public lands that does not reserve for the benefit of the people a definite percentage of the value of the natural resources discovered or developed."

Taft Conserved Treasury.

"The efforts of the president of the United States in his determination to reduce public expenditures, and the excellent results which he has already attained, meet with our most cordial approval. His attitude in this respect as well as to his opposition to the unscientific river and harbor appropriation bills mark him as a sincere conservator of the public treasury."

"In state affairs the Republican party declares that probity and efficiency in the affairs of the commonwealth which are typified in the character of the widely expressed opinions of the eminent scholar, traveler, author and statesman, Chase S. Osborn, whom we offer to the people of our state as a candidate for governor worthy of the suffrage of every voter who loves courage and honesty in high places. The personal integrity which he heads is ample assurance to the people of Michigan that under Republican rule the state will be given an administration which will be honest, economical and businesslike."

Party of Progress.

"In conclusion, the Republican party is the party of progress. It has stepped forward to meet the great responsibilities of the past. It must solve the problems of the future. Under its control of state and national affairs a marvelous material prosperity has been attained. That prosperity is attended by evils which must be controlled. Maliciously and unscrupulously."

General prosperity and business decency are not incompatible. The Republican party wages no war on corporations honestly conducted, or wealth honestly acquired. But it wages relentless warfare against lawlessness, rank abuse, whether practiced by the big or by the little. Through the evolution of time the country demands clearer civic and public life, and every man elected to public office should be inspired and controlled by the highest motives of public service, and a purpose single to the general good. The Democratic party is the party of opposition. Its record discloses no hope for better things. Its success in November would not make things better, but would stem the tide of progress, and turn it backward upon itself. We pledge our party to promote the moral, political and industrial welfare of our state, so far as legislation and administration can accomplish it, and we recommend to the national and state administrations a close observance of the principles of progress, which Republicans throughout the country, where they have been given an opportunity, have indorsed."

WALL STREET STOCKS.

New York, Oct. 7.—The report of the copper producers association, published today, made a very favorable showing, but failed to stimulate activity in the metal shares to the extent anticipated by many. The list as a whole, however, maintained its strength throughout the session, despite the fact that considerable realizing was in progress.

Boston Coppers. Boston, Oct. 7.—All the coppers showed continued strength, with North Butte the most active feature. Buying all through the list was better in character and the future looks bright.

The copper producers report was very favorable, showing a decrease of 20,000,000 pounds in the surplus. The most encouraging feature of the report was the fact that this decrease was accomplished by heavy consumption and not by a reduction in production.

It is said that the cost of producing Old Dominion copper for September was less than ten cents per pound sold in New York. This is by far the lowest cost the property has ever made and compares with an average of 10 1/2 cents for the first eight months of 1910 and 11 3/8 cents for the fiscal year ended Dec. 31, 1909. Although underground conditions are declared to be better now than ever before the lower cost is not the result of the treatment of a larger proportion of high-grade ore than is customary. It is claimed. Operating economies which have been introduced all along the line, the installation of new and improved equipment, such as larger pumps, turbine electrical machinery and the new hoist at the "A" shaft, have all been factors making for greater operating efficiency. The company is also deriving considerable income from the sale of water to the city of Globe.

INDIANA.

The cutting of heavy copper in the Indiana conglomerate at a depth of 1,450 feet by the diamond drill this week, while important as proving the continuity of the formation, assists the management very little in the solution of the knotty problem as to where this rich felsite lode outcrops. The No. 2 drill, which created a sensation last spring, and which was put down at right angles to the general dip of the Lake Superior beds, encountered the felsite lode at a depth of 1,441 feet. Since then numerous drills have been sunk in an endeavor to cut this same bed at shallower depths and in this way secure some data as to the location of the probable outcrop. None of these shallower drills, however, have encountered the lode. The latest or No. 9 drill encountered the lode at a vertical depth of 1,450 feet. The theoretical deduction, of course, is that the copper bed at this point is absolutely flat, but further drilling will, of course, be done in an effort to gain further light on this unusual situation.

BETTER HEALTH

A Pleasing Sense of Health and Strength Renewed and of Ease and Comfort. It follows the use of Syrup of Figs and Elixir of Senna, as it acts gently on the kidneys, liver and bowels, cleansing the system effectually, when constipated, or bilious, and dispels colds and headaches.

IT BEATS ALL!

This is quoted from a letter of M. Stockwell, Hannibal, Mo.: "I recently used Foley's Honey and Tar for the first time. To say I am pleased does not fully express my feelings. It beats all the remedies I ever used. I contracted a bad cold, and was threatened with pneumonia. The first doses gave great relief and one bottle completely cured me." Contains no opiates. The People's Drug Store.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength. Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives health and strength to the whole body.

Today's weather: Fair and continued warm.
Yesterday's temperatures: Seven a. m., 30 degrees; noon, 64; 7 p. m., 63; maximum, 68; minimum, 41.

W. C. Dolf leaves today for New York city, where he intends to locate. Services will be held at the German Lutheran church at 3:30 o'clock Sunday evening.

Your presence is respectfully requested at J. H. La Rochelle's opening today.

Misses Leveque and Van Evera will be the hostesses at the Town and Country club this afternoon.

Frank G. Jenks, Judge Potter and James Russell returned yesterday, after attending the Republican state convention at Detroit.

Mrs. P. W. Brown and daughter, Alice, were called to Missouri Valley, Iowa, last evening, by the illness of Mrs. Brown's mother.

The steamer Agawa, heavily laden with ore, went aground of Speer's coal dock yesterday afternoon, but released herself after about an hour's delay.

The committee on county officers accounts, of the board of supervisors, went over the books of the various county officers at the court house yesterday.

Miss Emroy Spencer, who has spent the summer with her mother, Mrs. L. M. Spencer, will leave this evening for Chicago, where she has accepted a traveling position.

Mrs. Ames A. Maywood left last evening for Jackson, to join her husband, who has been assigned to the pastorate of the First Methodist church in that city.

The funeral of Sylvester McLees will be held at 4 o'clock this afternoon from Hager Bros' chapel, conducted by Rev. Mr. Bridges. Interment will be in Park cemetery.

Rev. J. M. Rogers, pastor of the Presbyterian church, will leave the first of next week to attend the annual meeting of the synod, comprising the Presbyterian churches in the state of Michigan.

Members of L. S. Pioneer camp, No. 991, Modern Woodmen of America, are requested to meet at Fraternity Hall at 2 o'clock Sunday afternoon to attend the funeral of neighbor Charles Pedlar.

The Knights of Columbus dance, to be given in Fraternity Hall the night of Oct. 12, will be strictly an invitation affair. The committee is planning elaborate decorations and all the arrangements are being made on a large scale.

"Paid in Full," one of the greatest plays of the age, will be given at the opera house tonight. This play was seen here a year ago and made a strong impression, which should assure a large audience on its reappearance in this city.

"Mike" Day, formerly of Marquette, now operating a steam shovel on the Mesabe range, is visiting in the city. "Mike" was once a star on the Marquette base ball team, playing in the outfield.

Killed in Traction Wreck—Many Marquette people were grieved to learn of the death of Mrs. Frank Reed, of Peoria, Ill., who was among those killed in the traction wreck near St. Louis last Wednesday. Mrs. Reed visited Mrs. T. F. Ball last summer and made many friends during her stay here. She was on her way to St. Louis to visit her daughter, Mrs. Henn, and to attend the celebration of the Veiled Prophet, when the fatality occurred.

Came from Iron Mountain—Chas. R. Nelson, of this city, and brother-in-law, R. B. James and family, of Iron Mountain, drove Mr. James' forty horsepower Rambler automobile from Iron Mountain to Marquette yesterday in five and a half hours. They left Iron Mountain at 11 o'clock and arrived here at 4:30. Mr. Nelson states that the trip was made without mishap and that the roads were found in good shape, with the exception of about four miles, two miles near Sagola, and about the same distance near Witch Lake.

Gave Interesting Lecture—Those who attended the lecture on Rome, given by Elizabeth King Maurer at the Presbyterian church last evening, enjoyed it immensely. The lecture was illustrated with stereopticon views, taken from photographs made by Mrs. Maurer during her travels, and they were decidedly different from the usual travel pictures. The speaker proved an entertaining talker and brought out points of modern and ancient Italian life that are not usually touched upon by platform speakers. She will give the same lecture at the Marquette prison Monday evening.

Jury Heard Cow Case—A jury trial in which Fred LaCourse was the plaintiff and Mrs. Phoebe Bernard the defendant, was held in Justice Cray's court yesterday afternoon and resulted in a judgment of \$12.50 for Mr. LaCourse. A cow was the issue in this case. The cow was purchased by LaCourse from Mrs. Bernard some time ago, but owing to difficulty about the manner of making payments for the animal, LaCourse returned the cow to the Bernard barn, after having paid \$25 on the purchase price. Suit was brought by LaCourse to get back this \$25.

Forest Clerk Examination—Miss Theora Bernard, local representative of the United States civil service commission, has received notice that a competitive examination will be held in this city Nov. 23 and 24, for the position of forest clerk in the forest service. The position pays an entrance salary of \$1,100 or \$1,200 a year. Applicants must be familiar with bookkeeping, stenography and typewriting. The examination will take two days. Any who wish to take the examination should make application at once, and the applications must be filed not later than Nov. 5.

Controversy Is Decided—John Wickstrom of Norway is the nominee of the Democratic party for the office of senator from the Thirty-first senatorial district of Michigan, and not John Lewis of Marquette. Following the primaries there was some confusion as to which of the two men had received the nomination, with the result that it was decided that Mr. Wickstrom was the legal nominee. Mr. Wickstrom, who is the opponent of Michael Moriarty of Crystal Falls, the Republican nominee, is a business man of Norway, conducting a meat market and grocery store. Mr. Wick-

strom is making an active campaign of the district.

Conspiracy Trial On—The second trial of the United States against J. H. Worden, F. F. Duell and Alex. Person, who are charged with having conspired to defraud the government out of timber land near Dick, Chippewa county, was begun in United States court yesterday, and the entire day was taken up with evidence offered by the district attorney, George Covell. The evidence was practically the same as was offered at the former trial last June, which resulted in a disagreement of the jury. Judge Withy, of Reed City, one of the best attorneys in the state, has been engaged by the defendants since the first trial, in addition to those already retained in the case.

Soap Has Gone Up—The increased cost of living has another jack screwed on it. Last week it was coffee. This week it is soap. All kinds of soap will be higher in the future, both to the consumer and to the wholesaler. The grocery trade has received word that laundry brands will be advanced from 50 to 60 cents a box. Aristocratic toilet brands will also be higher, except a few standard makes which are already leaders in price. The soap manufacturers say they must advance prices on account of the increased cost of raw materials. Tallow has advanced from 6 to 8 cents a pound and rosin has also increased sharply in value. Eventually the popular 5-cent bar of laundry soap may become obsolete. Soon there will be nothing left for the lowly nickel to buy except trolley rides.

Normal Notes

The enrollment for the fall term is very satisfactory, the number at present being the same as last fall, when we had the largest enrollment of any term so far. The work is well under way and a profitable year is anticipated.

Miss Abbie Louise Day, who has been appointed critic in the first and second grades in the training school, to succeed Miss Libby, comes here highly recommended. She is a graduate of the Wisconsin (Minn.) Normal school, and has taken advanced work at the University of Wisconsin. Her experience covers several years in the public schools of Minneapolis and critic work in the Normal school at Moorhead, Minn.

Dr. Forest Stul, who is now in charge of the geography department, is a graduate of Coe college, Ia. He is a comparatively young man, and has taught in the high schools of Danville, Ill., and Canton, O.

Charles C. Spooner, who succeeds Dr. Fought as head of the department of mathematics, holds the A. B. and A. M. degrees from Amherst college, and has done most of the work required for the doctorate from the University of Chicago. He has had fourteen years of experience in teaching science and mathematics. He comes to us from Salt Lake City and is highly recommended in his line of work.

The U. P. E. A. will hold its meetings on Thursday, Friday and Saturday of next week, at Nequam, and a number of interesting papers and lectures are promised. President Kaye is president of the association this year and John E. Lautner is secretary. A number of faculty members and former students are to give papers at the different section meetings, among them Dr. Downing, Mr. Lautner, Mrs. Rushmore, Miss Mary Deasy, Miss Christine Campbell and Miss Jessie Van Cleve.

Friday evening, Oct. 14, at 6 o'clock, the alumni of the Northern Normal will give their annual banquet in Nequam. It is hoped that all the alumni who attend the association will attend the banquet. Cards have been sent out by the executive committee, but if any alumni have not received such and wish to come, they may arrange to do so by sending their names to Alma A. Olson, secretary.

Rev. and Mrs. Rogers received the faculty and students Wednesday evening at the Presbyterian parsonage.

Thursday morning, Mr. Lautner gave a very instructive chapel talk, the subject being "State Industrial Education in Massachusetts." Thursday morning President Kaye gave a talk on the value of literary societies in school, and the advantages gained through such work.

Invitations have been received for the wedding of Miss Kathryn B. Libby to Waldron M. Jerome, at Mapleton, Minn., Oct. 19.

A number of Kalamazoo people, formerly connected with the Normal, spent some time visiting Marquette during the summer. Among them were President and Mrs. Waldo, Miss Lucia Harrison and Dr. and Mrs. McCracken.

Miss Spalding, who is away on leave of absence this year, is studying art in Paris, France. Miss Hadley is with her mother in Indianapolis, and Miss Finwall, who assisted in the office during the spring and summer, is teaching in Aspen, Colo. Miss Melnich, who has leave of absence for the fall quarter, is in Massachusetts.

The annual faculty reception to the students was held on the third floor of the John M. Longyear hall last evening. The rooms were prettily decorated with autumn leaves. Light refreshments were served, and dancing formed the amusement for the evening.

TRAP SHOOTING THIS AFTERNOON

Five Program In Prospect at the Town and Country Club—Captain Hardy Coming.

Members of the Town and Country club and others are anticipating some interesting trap shooting events at the clubhouse this afternoon. Two events are on the program, one open to all Marquette shooters, whether members of the club or not, and the other the first of a series of shoots which is open to members of the Town and Country club only.

In the event open to all shooters a beautiful medal will be given to the person making the two best strings of twenty-five and an Ideal gun cleaner will be awarded to the person having the second highest score. Each contestant is allowed to shoot as many strings as he chooses. Ties are to be shot off—miss and out.

The Hunter Arms company has donated a \$15 vase, known as the L. C. Smith trophy, to be shot for by members of the Town and Country club on the following dates: Oct. 8, 15, 22 and 29. Any member of the club may shoot as many strings of twenty-five each day as he chooses, and the trophy will be awarded to the person having the four highest strings at the end of the shoot. Among the rules for this contest are that a squad of at least three must be on the firing line when strings are being shot off; that the official referee must be present, and that a record of each score must be kept by the score keeper. Ties are to be shot off—miss and out. The public is invited to watch the shoot this afternoon and to participate in one of the events, if they so desire.

An event of unusual interest in the future activities of the Town and Country club will be a free exhibition to be given by Captain Hardy of South Dakota, who is said to be the best rifle shot in the country. Captain Hardy is an ex-cow-boy and his work with rifle, shot gun or revolver is wonderful. He has a large number of feats that no one else has been able to perform and he is in as great demand for public exhibitions as any fancy shooter in America. By special good fortune, Captain Hardy has been engaged to give an exhibition in this city Saturday, Nov. 5.

FOOTBALL GAME.

Guild Hall Will Play Ishpeming Y. M. C. A. This Afternoon.

The Guild Hall football team will play the Ishpeming Y. M. C. A. team this afternoon on Longyear field at 3 o'clock. This is the first real test the Guild Hall team has had, but it should win. In the practice games with the High School team the team has shown a decided tendency to score and has played very well on the defensive. As the team will go into the game the lineup will include several men who have not played in the practice games, but they are men who have had considerable experience in football and should add much to the strength of the team. In order to meet the ex-

penses of the games played here and those played in return, the management have decided to charge an admission to those who desire to watch the game. Each person will be expected to contribute at least 25 cents and children 15 cents. As there is no way of enforcing this charge, those who attend the game will do the hall a favor if they will pay this charge to the proper parties when asked.

The lineup of the Ishpeming team will be nearly the same as in the game played between the institutions last fall. The Guild Hall lineup will be: Hayes, Pendill, left end; Drake, left tackle and quarter back; Anderson, left guard and full back; McKerrigan, center; Bastion, right guard; Scully, right tackle; Bowser, right end; Byrne, quarter back; Frazer, quarter back; Christensen, captain, first half back; Jeanson, right half back; Connell, Reynolds, full back; C. Johnson, half back and right tackle; Shonk, Quarters, Eckstrom and Zerbel, substitutes.

A Man Feels Like

he has won no small victory when he has opened a bank account with the purpose of laying the financial foundation of his life.

There is a good reason for feeling that way, too. When a man succeeds in clamping down his inclinations to spend his money in "a good time" he has done well.

When he picks out this bank in which to put his savings he has done well again.

3 per cent added to savings accounts—one dollar starts your account—or as much more as you can spare.

NEW POSTAL CARD.

Consignment of Latest One-Cent Design Expected Here.

A new one-cent domestic reply postal card has been issued and will soon be in circulation at the Marquette post-office. The new card will replace the card known as the "D" card. Postmaster Mangum has received notice of the issuance of the new postal card, and a consignment is soon expected.

The new double postal card is 6 1/2 by 5 1/2 inches unfolded or 3 1/4 inches by 5 1/2 for each leaf. The paper is a bluish tint and the design on the card is in bronze blue ink. The profile portrait of George Washington looking to the left is the subject of the message card, while the portrait of Mrs. George Washington is the subject of the reply card, both having solid back grounds. A circular border carries in capital letters above the subject "U. S. Postal Card."

TURKEYS ARE PLENTIFUL.

Lower Prices are Promised For Thanksgiving This Year.

The old, old story, which is sprung year after year, to the effect that "turkeys are scarce this year and prices will be higher," will not work this fall for the supply is plentiful and, according to advices from the largest markets, prices should be lower for the Thanksgiving meal this year than in a number of years past. Turkey, therefore, should not be a luxury for Thanksgiving dinner this year that it was last and, while no definite line has been drawn on the supply, it is the belief of the big dealers that good turkeys will sell this year at 18 to 20 cents per pound. Last year the market started at 18 cents and sold up to 25 and 26 cents before Thanksgiving. It is believed and

claimed that the supply will be plentiful this season, however, but the dealers seem reluctant to place large advance orders.

A wholesale dealer remarked, when approached on the subject: "It is generally believed among the dealers that this year will see a slight reduction from the ordinary price of the past few years. Those who have made inquiries say the Minnesota supply is much larger than last year, due to the dry summer, and we all look for cheaper turkeys."

SUNDAY AT THE CHURCHES.

Presbyterian church—Usual morning service with preaching by the pastor. Sabbath school at 12 m. A Normal school class for young ladies will be taught by Dr. Spooner, and Dr. Fracker will be glad to welcome the young men. Christian Endeavor society at 6:30 p. m. At 7:30 p. m. Mrs. Elizabeth King Maurer will give an illustrated service on Germany. No admission fee will be charged, but an offering will be taken.

Methodist church—There will be no preaching service Sunday, either morning or evening. Sunday school at 12 noon, and Epworth league meeting at 6:45 p. m. as usual.

Baptist church—Morning worship at 10:30; sermon subject, "Religious Education." Sunday school at 12 noon; Young People's meeting at 6:45 p. m. Evening worship at 7:30, subject, "Faith and Works." Weekly conference Thursday evening at 7:30. The subject for discussion next week will be "The Sunday School."

TO PRINTERS.

Marie, Mich., Oct. 7.—The following boats have passed through the locks, bound for ports on Lake Superior: Widener, 8:30 p. m.; Columbia, Captain Wilson, 9:30; North Wind, American, Sacramento, Chieftain, 10:20; Jones, Gratwick (small), 11:30; Adriehe, Ream, 9 a. m.; Christie, Inter-laken, 9:30; Joshua Rhodes, Ishpeming, 11:30; Hill, noon; Gary, Neilson, Martha, Argo, Jones, Manitoba, 1:30; Wolf (steel), 2:30; Hartwell, 4; Sylvania, 4:30; Burlington, 5:30; Pope, 7:30; Morrell, 8:30.

Upper Peninsula

Wins Suit for Damages—

An interesting case tried this week in the Mackinac county circuit court was that of Mary E. Minor vs. Escanaba Lumber company—a suit for damages because of an accident on the defendant's railroad in Newton township. The plaintiff was riding on a hand car, with which a train of empties, propelled backwards, collided. Mrs. Minor sustained serious injuries and is a permanent cripple because of the accident. The jury brought in a verdict for \$4,000. It is expected that the company will appeal.

Sad Sequel to Accident—

The admission of Eckert Bieau to the county poor house at Menominee is a pitiful culmination of an accident three years ago at Cedar River. This young man, who is only twenty-one years old, because of a fall received while in the employ of the Crawford & Son Lumber company, is perfectly helpless, not being able to use his lower limbs. Bieau was night watchman and it was while making his rounds through the mill that the accident occurred. He was riding a bicycle over a high tramway when the wheel fell off, precipitating him to the ground. As a result he was paralyzed in his lower limbs. An attempt was made to collect damages through the courts about a year ago, but judgment was rendered in favor of the lumber company, leaving the young man without money and unable to do any work. His relatives have kept him up since that time, but as he could do nothing it was finally decided to place him in the poor house.

CITY IS FINISHING STREET AND CURB WORK

Amounts Charged to Property Owners Announced By Board of Public Works.

The board of public works will soon wind up street and concrete work for this year. Practically all of the macadam work planned earlier in the season will be completed before operations are suspended, despite the fact that the work was delayed in the spring because of the overhauling of the crusher at the gravel pit.

More than 3,000 lineal feet of curbing has been put in on Wabash and Ely streets. Under an ordinance regulating the laying of concrete, building of walks, curbs, etc., the city allows a rebate of ten cents per foot on each foot of curbing, the property owner paying fifteen cents per foot. The property owners from whom collections will now be made, the length of their curbs and the amount they will have to pay are as follows:

Joseph Dubard, 83 feet.....	\$12 46
Mrs. Anna Strand, 75.....	11 25

MAY PLAY CALUMET.

Copper Country Y. M. C. A. Team Desires Game With Ishpeming.

The members of the Calumet Young Men's Christian association football team have offered the Ishpeming Y. M. C. A. eleven a game at Calumet, two weeks from today, the 22nd, and in all probability it will be arranged. The Ishpeming team will present a strong line-up this season. Professor Watson, who is coaching the high school team, is also coaching the Y. M. C. A. eleven.

The team goes to Marquette today to meet with the Guild hall eleven. The men will leave on the South Shore train at 1:50. The team will be composed of Ed. Johnson, "Bony" Dixon, Joseph Gill, Henry Perrault, Ted Butler, Martin Paulsmoe, "Buff" Urquhart, Dave Lind, A. Nicholls, Matt Sivula, Tom Bargh, Henry Huot, Howard Watters and W. H. Norman.

Joseph Martin, W. Rose, A. Nicholls and A. Erickson, who have been chosen captains of the senior class indoor baseball teams that will participate in the league series during the fall and winter months will meet this evening in the physical director's office to choose their players, also to arrange the schedule. The first game will be played next Wednesday evening.

LIGHTING JOB FINISHED.

Electricity in Use in Cleveland-Cliffs Iron Co.'s Grand Island Buildings.

Oscar Siewert, manager of the Electric Equipment company, has completed a wiring contract for the Cleveland-Cliffs Iron company at Grand Island. He spent considerable time there during the summer, and he wired nearly all of the buildings on the island, with the exception of the cottages. The company has installed its own lighting plant and some 300 incandescent lights are now in use. The buildings wired by Mr. Siewert include the Hotel Williams, game keeper's home, cottage for A. O. Jopling, the company's barn, dock and boat house.

Mr. Siewert has also been awarded a contract to wire the ten new houses that J. Wahlman & Son are erecting for the Cleveland-Cliffs Iron company at the North Lake location. He has secured a contract for the wiring of the new union passenger station, being erected in Negaunee, and of the county tuberculosis hospital to be built on Morgan hill, the foundation for which has already been completed.

"THE PRICE OF A MAN."

Graduate of Emerson School of Oratory to Talk on Unique Topic.

Mrs. Alfa H. Niver, a graduate of the Emerson School of Oratory, and a teacher of oratory and public reading, will deliver an address tomorrow evening at 7 o'clock on the subject, "The Price of a Man," at the First Methodist Episcopal church. The entertainment will be given under auspices of the young people, who extend an invitation to the general public to be present. In addition to the address there will be several musical numbers by the choir and some of the church soloists.

HAS FINE ORCHESTRA.

Former Wellknown Ishpeming Man at Head of Organization in Wyoming.

Charles Sanders, who has been located at Bancroft, Idaho, has an orchestra that is said to be the best musical organization of its kind in that part of the state. Mr. Sanders is a snare drummer and for several years before leaving here he played with the Ishpeming bands and orchestras. One night recently his orchestra played at Cokeville, Wyo. The Chieftan, published at Soda Springs, said of the orchestra:

"All were unanimous in their opinion that the committee in charge of the entertainment made no mistake in securing Sanders' orchestra for the occasion. The leader, Andrew S. Anderson, is an expert on the violin, and Miss Henrietta Johnson at the piano was a most excellent accompanist. Arthur Dukry, cornet, handled that instrument very nicely, while August Sanders and his drums and the various other attachments, including a revolver, caused everyone to look in his direction when he 'got busy.' Mr. Sanders is an expert with the drums."

Women's satine petticoats, also cotton taffeta petticoats with embroidered flounces. Price 35c. N. E. SKUD. (10-8-1d)

"THE KISSING GIRL."

John Cort's Big Musical Comedy Attraction Booked for Ishpeming.

"The Kissing Girl" will play the theaters of the iron and copper circuit the week after next. Its date at the Ishpeming theater is Wednesday, the 19th. This attraction is under the management of John Cort, the wellknown Western theatrical man, who was largely responsible for putting the theatrical syndicate out of business.

The company is said to be one of power—not only in a musical sense, but in dramatic interpretation of lyrical works. It is headed by the accomplished Texas Guinan, who will be featured in the name role. Supporting her will be Harry Hermon, the basso; Dick Temple as principal comedian; Marion Mills, Mr. Rebill, the tenor, and Ida Fitzlugh, a distinguished German comedienne. These, with a chorus of handsome men and beautiful women, furnish an ensemble of seventy people. The costuming designed by Scholtz is regarded as particularly brilliant and effective.

YOU CAN CURE THAT BACKACHE.

Pain along the back, dizziness, headache and general languor. Get a package of Mother Gray's Australian-Leaf, the pleasant root and herb cure for all kidney, bladder and urinary troubles. The Best Line of STOVES and RANGES

Our line of Home Base Burners needs no introduction to the people of the upper peninsula as they have been sold and used here for the past 20 years and have always given satisfaction. They have kept pace with all the newest ideas in construction and in many respects are far ahead. They are unquestionably the leading line, are artistic and well proportioned and are constructed for the express purpose of producing the greatest amount of heat and comfort with the least amount of fuel and care. They have full base radiation, ventduct circulation, extra large hot air chamber, double heaters, duplex grates, finely nickled.

PRICES, \$37.50, \$40, \$45, \$55,
The Globe line of Steel Ranges, \$35 to \$70.
The Globe line of Oak Heaters, \$11 to \$32.50.

Remember, these stoves are fully guaranteed.

It is easy to Pay the Gately Way, which helps you to afford the things which make home bright and cheerful.

Republic

George McDonald left Thursday morning for Saginaw, to attend the grand lodge meeting of the Knights of Pythias. He will return home by way of Chicago, where he will visit with Stuart Baldwin for a few days. Mr. Baldwin was formerly a resident of Republic. Mrs. McDonald accompanied her husband as far as Ishpeming, where she spent a few days visiting Captain Duncan Campbell and wife.

B. Levine and son, Louis, spent the greater part of the week in Green Bay. Monday morning a crew of men will commence the work of putting in the reinforced concrete bridges on the county road between here and Humboldt. All of the old wooden bridges on the road will be replaced by concrete structures.

John Blay and family left Thursday for Foraker, Okla., where Mr. Blay has purchased a tract of land on which he intends to have a farm. Cards are out announcing the appearance of Mrs. Tekla Farm-McKinnin and her husband, Bert P. McKinnin, who will give a concert in the Woodmen's hall Oct. 17. Mrs. McKinnin is well known in Republic, as she was born here and lived in the village for a number of years.

What will be the last big baseball game of the season will be played here tomorrow, when the first and second nines, which have met a number of times this year, will cross bats.

Republic will have a number of weddings the latter part of the month, no less than four having already been announced.

Ed Polkinghorn, who has been employed as express messenger between Iron Mountain and Champion, and who is well known here, has been unable to attend to his duties for the past few weeks. He has had two operations on his throat at the Iron Mountain hospital.

Mr. and Mrs. August Forell came up from Foster, Mich., in their automobile last Friday and spent the week end visiting with Republic friends and relatives. Shipping was started yesterday from the Kloman property. The St. Paul

railway recently completed a spur to the mine. All of the ore will be shipped to the Ardis furnace at Iron Mountain.

Republic people were grieved to learn of the death, last Thursday, of Paul Stock, an old and well-known resident. Mr. Stock had suffered a number of years with miner's consumption, but at no time during his illness was he ever very sick. He was up and around Wednesday evening until after eleven o'clock, attending to his store. He went to bed feeling well and nothing was noticed until morning when his wife called to him to get up and found him dead. He was born in Belgium and was fifty years old. He had been a resident of Republic for thirty years. He was married nineteen years ago and is survived by his widow and seven children, six sons and one daughter. The funeral was held Saturday morning from St. Augustine's church, and was largely attended.

LOCAL LACONICS.

O. H. Lasey, of Trout Creek, spent yesterday in Negaunee.

V. F. Falls of L'Anse, was a business visitor in the city yesterday.

The brick on the alley side of the Montreal house is being reset.

Many Negaunee people are visiting the new cemeteries, with a view of deciding on where they would like to secure lots.

The attendance at the Adelphi rink Thursday evening was the largest that Manager Wilson has ever had at an opening. Over 200 people were on the floor.

L. Sher, the tailor, has received his full line of fall and winter goods, which are all of the best grade. He will sell at the very lowest prices.

M. C. Quinn and wife of this city and Mr. and Mrs. John Hickok of the upper country, who spent the past few days at Grand Island, returned to Negaunee last evening.

If the weather is favorable tomorrow there will be several hundred Negaunee men and boys in the woods hunting partridge. A number have been out during the past two or three days and several have had good success.

Men and teams were put to work yesterday removing about a foot of the surface of Pioneer avenue, extending from the front of the new hose house to the South Shore railway crossing, where crushed rock will be spread. The macadam will be extended to the end of the curb in front of the hose house, at which point the paving will be started next year.

The Negaunee fire department received its first call at the new hose house Thursday evening, when fire broke out in the roof of Captain John Bowden's home on Snow street. The fire was one of the worst that the department has had to fight in some weeks, as the blaze was confined beneath the roof, where it could not be reached to advantage. For a time it looked as though the house might be destroyed and most of the furniture, including two pianos, was removed. Some of the firemen remained at the house all night.

CURIOUS CHURCHES.

Churches are always one of the "sights" of a place, usually because they are either antique or because of their beauty. But in out-of-the-way corners of the world the local churches are sometimes well worth seeing for their curiosities.

Thus, in one of the gold districts of Demerara, British Guiana, there is a little church which boasts a paper roof. The bells are merely two empty metal jars, which are struck with an iron rod. An empty flour barrel makes an effective pulpit, while the altar is constructed from a box covered with a white cloth.

The minister who preaches at this quaint place of worship also holds services at another, about three miles away, which is equally curious. It is really a dancing hall. The pulpit is a table, used at other times as a platform by the musicians, and the bell is a triangular piece of steel, struck with an old horseshoe.

Dr. W. Covieau, dentist, second floor, Peninsula bank building. County phone 178. (9-30-11)

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by The People's Drug Store, S. E. Jones, prop.

A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box 2, Notre Dame, Ind.

Negaunee Department

SPECIAL COUNCIL MEETING TUESDAY

New Cemetery Matters Will Be Taken Up Upon Request of Committee of Aldermen.

The members of the cemetery committee who, together with the members of the board of public works and the Cleveland-Cliffs Iron company officials, this week inspected the new cemetery on the main highway west of Eagle Mills, recommended to the council Thursday that a special meeting be held next Tuesday evening, to consider cemetery matters. There are many questions in connection with the transfer from the old to the new cemetery that the members of the committee desire the council to take up as a body. The contract for moving the bodies has not yet been let by the Cleveland-Cliffs Iron company.

The operators of the National Bottling works asked permission to tap the spring water pipe and to put in an extension leading to the works on Gold street. The petition was referred to the committee on water works, with power to act.

Residents of the First ward petitioned for an arc lamp to be placed about fifty feet south of the street car track, near the well at Swede town. The petition was referred to the committee on electric lights.

Residents of Cyr street asked the council to devise some means of taking care of the snow on that thoroughfare the coming winter. The communication was referred to the committee on streets and alleys.

The finance committee reported a balance in the city treasury of \$1,552.78. The committee on fire department advised the council that the new truck ordered for the new fire house is expected within two weeks, and that the old furniture in No. 1 hose house, owned by No. 1 company, had been purchased for the new headquarters at a cost of \$70.50. The committee asked the council to provide furniture for the hall in the new hose house. The committee on fire department was granted further time to submit a report on the new rules and regulations.

The police committee was authorized to purchase a half dozen flash lights for the officers.

A petition, submitted at a previous meeting asking for the improvement of the road on the Buffalo hill, was granted, and the committee on streets and alleys was authorized to do the necessary work.

Ann street residents petitioned for the extension of the sewer, and the sewer committee was instructed to prepare an estimate and specifications.

Alderman Wasmuth said that the light on Gold street, near the railroad crossing, should be placed in front of the new depot and that another arc should be put on Gold street, between the tracks and the county road. The proper committee was instructed to have these changes made.

The Chicago & Northwestern Railway company was granted a right-of-way for its spur from Burn street to the diamond crossing, with the understanding that a retaining wall be built at the

Webb street crossing. The right-of-way was granted by the adoption of an ordinance covering the matter.

The committee on sewers reported that the extension on Bluff street, from Tobin street to Mrs. John Davey's residence, a distance of 753 feet, had been completed at a cost of \$300.37. The committee was instructed to present an assessment roll at the next regular meeting of the council.

Felix Chibotto appeared before the council in behalf of the Italian societies of the city and invited the city officials to participate in the Columbus Day celebration next Wednesday. The invitation was accepted.

Alderman Wasmuth said that Henry Larson had one of his eyes seriously injured while in the city's employ putting a wire fence around Teal Lake, recently, and that he is now confined to a Milwaukee hospital. The alderman said that he thought it no more than right that the city should help out the injured man. The council voted Mr. Larson two months' salary.

REV. LINDQUIST TO PREACH.

Clergyman Called to Negaunee Church Will Be Here Today.

Rev. C. E. Lindquist, of New Richmond, Wis., who was a few weeks ago extended a call by the Swedish Lutheran church congregations in Negaunee and Champion, will arrive here this morning and will preach at Champion tomorrow morning at 10:30 and in Negaunee tomorrow evening at 7:30 o'clock.

Rev. Lindquist has not yet accepted the call, but the members of both congregations hope that he will decide to remain here. The salary of the pastor will be paid by the two congregations. If Rev. Lindquist remains he will make his headquarters in Negaunee, but he will devote about a quarter of his time to Champion and will preach there at least two Sundays a month. Rev. Lindquist was ordained about five years ago.

HIGHWAY WORK.

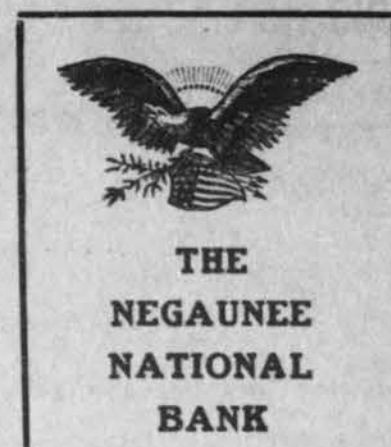

Over \$1,300 Expended for Street Improvements in September.

According to the report of the committee on streets and highways, submitted to the council at its regular monthly meeting Thursday evening, \$1,371.05 was expended for street grading, cleaning, operating crusher plant, etc., in September. The items are as follows: Grading Peck street, \$186.30; macadamizing Peck street, \$239; operating crusher, \$447.30; general street cleaning, \$40.80; cleaning ditches and gutters, \$22.10; hauling sidewalk filling, \$214.50; grading alley between Tobin and Peck streets, \$134.15.

The August receipts of the municipal electric lighting plant were \$1,917.49, compared with \$1,001.65, in August, 1909. Fifty-eight incandescent lamps were added to the circuit last month, making 8,820 now in use. There are now sixty-six arc lamps on the streets and eleven commercial arcs in use.

NEEDLEWORK DISPLAY

Miss Hamrick will display her needlework at The Brighton Hotel Monday, Tuesday, Wednesday and Thursday. Hours 9:30 to 12 and 1:30 to 5. Open Tuesday and Thursday evening. (9-8-24)

STIMSON A LOSER IN HIS INCOME

New York Requires Sacrifice of Men It Calls to Serve as Chief Executive.

New York, Oct. 7.—Measured from the money point of view, it would be to the advantage of Mr. Stimson if he were defeated for governor.

Mr. Stimson resigned the office of United States district attorney for the southern district of New York presumably because he knew that after the salary was fixed at \$10,000 a year, and the fee system abolished, he could hold that office only at a great pecuniary loss.

Mr. Stimson, through birth, family tradition, and by the distinctive temperament and intellect which characterize him, is especially qualified to serve as governor of New York.

Mr. Stimson is not properly to be regarded as a man whose total claim to political distinction rests upon the fact that he has successfully prosecuted some of the corporations, and that it was chiefly through his efforts that Charles W. Morse, the greatest millionaire who in recent years has been criminally prosecuted, is now sitting, and practically for life, at a clerical desk in the federal penitentiary in Georgia.

Next the Money.

Where is the new Republican state committee to obtain the large campaign fund of which it will stand desperately in need if a thorough canvass is to be made of the state?

A Tonic-Stimulant.

The active business man, the brain worker, and all this class, of people could not stand the constant strain on their brain and nerves...

Duffy's Pure Malt Whiskey

It has been extolled throughout the world for what it has done for suffering humanity. Its success in curing disease has caused many unreliable dealers to put up substitutes and imitations with which to fool the people.

GOVERNMENT MAKES PROFIT ON COINAGE

Is Way to the Good on Job of Furnishing Money for the Philippines.

Washington, Oct. 7.—The subject of making some advantageous use of the large income derived from the Philippine gold standard fund has been discussed with Major Frank McIntyre, acting chief of the bureau of insular affairs, by Charles A. Conant, the New York banker.

The Philippine islands now have a coinage of about \$1,000,000 pesos (or \$25,500,000), consisting of silver coins kept at a fixed gold value by the sale of exchange between Manila and the funds kept in New York.

The success of the experiment in the Philippines during the last seven years, accompanied as it has been by the success of a similar system on a much larger scale in British India, has practically evolved a new system of currency, which in my opinion, is much better adapted to countries which have not become the centers of exchange than the attempt to introduce a currency of gold coin.

UNSIGHTLY ERUPTION ON FACE AND HEAD

Afflicted for Months—Burned and Itched—Used Cuticura and He was Cured in Three Weeks—Not Even a Scar Left.

"As a grateful mother, I feel it my duty to thank you for the cure of my little son who was afflicted for about eight months with sores all over his head, back of his neck and nearly all his face.

PROFIT OF \$56,000 ON AUTO TAG SALE

Michigan Licenses Bring in Large Sums to State's Exchequer.

Lansing, Mich., Oct. 7.—Few people in the state realize the amount of money that is annually expended in the state of Michigan for the small number of plates used on automobiles.

These plates cost on an average to the state of 27 cents per pair and are sold at 83 cents per pair, a profit of \$27.50. Under the old law the state simply furnished the license and the owner could purchase a number plate wherever he deemed best.

This change is brought about by the department to further assist the police officers of the state in running down offenders who purchase a license every year. It is stated at the office of the secretary of state that there are hundreds, and perhaps thousands, of automobiles in the state that are adorned with a license that was purchased several years ago.

LOWER STATE NOTES.

MUSKEGON—Congressman J. C. McLaughlin has given out the following statement on his ideas of insurgency in politics: "Insurgency in politics has eliminated Speaker Cannon from being a serious candidate for the speakership of the next congress, regardless of the party in control, or how large the Republican majority may be."

LUDINGTON—Clara Shappee, the daughter of George Shappee, of River-ton township, who mysteriously disappeared ten days ago from the Evangelical church steps, has been found working as a domestic in a Pentwater home.

PORT HURON—The Port Huron lodge of Elks is to have a new \$30,000 temple, a deal for a new site having been made this week by the building committee of the lodge, which was recently appointed. The building will be three stories in height and constructed of brick and stone.

PONTIAC—Attorney P. H. Bromley, who appears for E. E. Henson, a Denver dealer, has asked the circuit court for instructions on how to proceed in a suit against Henry C. Ward, to proceed on promissory notes given by Ward to Henson for two valuable paintings.

BATTLE CREEK—Making his first entry into Battle Creek, Samuel Gompers, president of the American Federation of Labor, arraigned C. W. Post, before 2,000 people who crowded the auditorium. Mr. Post had advertised the meeting by publishing cartoons of Mr. Gompers.

Copyright 1910 The House of Kuppenheimer Chicago

"HOW can I appear best always—at the smallest money cost?" This is a mighty important question to you. It strikes right at the heart of the clothes question. We can best help you answer it. It's not the first cost that counts. An unworthy garment is the most expensive in the end.

And the first cost of clothes made by The House of Kuppenheimer —the kind we sell, admittedly the finest garments procurable, made specially for us —is no greater than that of ordinary clothes. You certainly can't afford to leave them out of your reckoning. Let us show them to you to-day.

The most desirable Fall Styles in Neckwear, Gloves, Hosiery, Shirts, Hats, Caps and Shoes from the best manufacturers in America.

Notice is hereby given that the annual meeting of the stockholders of Republic Iron & Steel Company will be held at the principal office of the company, at Number 174 Exchange Place, in the city of Jersey City, New Jersey, on Wednesday, the 19th of October, 1910, at 11 o'clock in the forenoon.

The stock transfer books will be closed October 1st, 1910, at three o'clock P. M., and will be reopened at ten o'clock P. M., on October 20th, 1910.

JUNKET TO CITY ELECTRIC PLANT

Upwards of Twenty Marquette Citizens Drove to Power Station on Dead River Yesterday, Where the Commission Explained Plans for the Future.

To Increase Capacity and Efficiency, It Is Proposed to Build a New Dam Ten Feet Higher Than Present Structure, and Eventually a New Station.

At the invitation of members of the light and power commission, twenty odd Marquette citizens drove to the light and power plant, northwest of the city, yesterday, examined the plant and its surroundings and were informed of the nature of several large plans the commission has in mind for the future. The visit was a pleasant and profitable one to all, and to a number of the party it was the first trip to the plant for many years.

The party was taken all through the power house and the workings of the machinery were fully explained by Superintendent Retalle and others, and then they walked up the flume to the large dam, about a mile above the plant. This dam is getting old and in all likelihood will be replaced next year with a substantial concrete structure. Plans for the new dam have been in course of preparation for a year or more, and the dam might have been built this summer, had not the question of raising the height of the dam come up. Much of the foundation work for the new dam has already been done.

During the last two years the plant has at times been handicapped by the shortage of the supply of water, and this dilemma, which is constantly becoming more serious as the patrons of the plant increase, has brought up the advisability of increasing the capacity of the large dam, by making the new dam ten feet higher than the present one. Such a course would naturally flood the land adjacent to the river for some distance above the dam, and whatever land would be so flooded must first be leased or purchased by the commission.

Ayer & Longyear Proposition.

For some distance back on both sides of Dead river between the present dam and Forestville, the land is owned by Ayer & Longyear. Engineers have figured out that to raise the height of the dam twelve feet would make the top of the dam level with the dam at Forestville, and the river between would be changed into an artificial lake. The water thus penned up would spread over about fifty-five acres of land adjacent to the river. Ayer & Longyear some time ago gave the commission an option on this fifty-five acres, to purchase it for approximately \$12,000, the option running until the end of the present year. Yesterday's junket was planned principally for the purpose of consulting with various prominent taxpayers as to the advisability of closing this option, and then building the new dam ten feet higher than the one at present used. It is stated that most of those in the party looking over the ground, advised the commission to make the purchase.

By damming up Dead river to a higher level, as proposed, the entire river west of the dam as far as the mouth of Rainy creek would become a big pond or lake, and one could row a boat the entire distance. The ten or twelve additional vertical feet at the dam would tremendously increase the reserve capacity of water, and go a long way toward alleviating the danger of the recent troubles caused by insufficient water to operate the light and power plant.

Steady Increase in Business.

Superintendent Retalle states that for the past ten years the demand for electric current has steadily increased at the rate of about 12 per cent a year, and that there is no indication that increase will not continue indefinitely. Not only are new and old houses being wired all the time, but the number of power users is steadily increasing. The latest new power customer of importance is the South Shore railroad, which will operate the new car repairing shop, when completed, by electricity.

The present capacity of the plant is 1,200 horsepower, provided there is sufficient water to operate both water wheels. With the present number of customers, the plant is taxed almost to the limit during the short days of early winter, especially so on account of a limited supply of water, and if the present rate of increase in demand for current continues, as there is reason to believe it will, steps should be taken at once to provide for the future by increasing the capacity of the plant.

The first step proposed in this direction is to increase the capacity of the large dam, as already outlined. Another plan for expansion, which is likely to be carried out within the next five or ten years, is to build a new plant on the river 2,000 feet below the present building. A flume eight feet in diameter would then be built from the large dam to the new plant, by which the vertical fall between the dam and the water wheel would be increased from eighty to 125 feet. With an eight-foot flume and 125 feet fall 1,500 horsepower could be developed, which, it is believed, would be ample to take care of the needs of Marquette for many years to come. The present station would be retained as an auxiliary plant.

All of these plans were fully explained to the members of the party who visited the plant yesterday.

GRAND BALL.

Given by the Marquette Social Club. Will be held in Legion Hall Monday evening, Oct. 10, 1910. Lunch served by the ladies of the club, which is extra. Grand march at 9 o'clock sharp. Everybody welcome. Tickets, 25 cents. (10-7-3d)

DEATH OF CHAS. PEDLAR.

Well Known Railroad Man Passed Away at His Home Yesterday.

Charles Pedlar, aged forty-two years, died yesterday afternoon at his late residence, 433 West Spring street, after a lingering illness. Until about a year ago, Mr. Pedlar was a man of powerful physique, but since being afflicted with cancer of the stomach, he has steadily declined and for some time his friends have realized that there was no hope of his recovery. He has been employed at the South Shore railroad shops for twenty-two years and was well and favorably known by all railroad men, as well as many in other lines of employment in this city. He is survived by a wife, four brothers and four sisters. The funeral will be held from the residence at 3 o'clock Sunday afternoon, conducted by Rev. J. M. Rogers. The Modern Woodmen, of which he was a member, will attend the funeral in a body. Interment will be in Park cemetery.

HALLOWEEN BALL.

Maccabees of the World Arranging for Dance at Fraternity Hall.

The Maccabees of the World have arranged to give their annual ball at Fraternity Hall, Halloween night, Monday evening, Oct. 31. Committees have been appointed and are actively at work. The ball will be handsomely decorated in keeping with the Halloween spirit, and all who attend are promised an especially enjoyable evening. Music will be furnished by the Peerless orchestra and tickets will be sold at seventy-five cents per couple.

BYRNS SAYS HE HAS THE COLLECTORSHIP

Delegates Returning From Detroit Report Republicans of State Working in Harmony.

Some of the delegates from Marquette county, including H. O. Young, F. G. Jenks, W. T. Potter and F. A. Bell, arrived home yesterday afternoon from the Republican state convention held at Detroit Thursday. Those of them asked about the gathering said they were well pleased with the manner in which the various contests were disposed of, that they liked the platform adopted and that they were confident the Republican candidates will be elected by a goodly majority next month. The convention came to a close in a fine spirit of harmony, and the delegates dispersed announcing a purpose to turn in and do everything in their power for the ticket.

Both Amos Musselman and Lieutenant Governor Kelley, the candidates defeated in the primaries for the Republican nomination for governor, were at Detroit, and both are in line for the ticket. Mr. Kelley, in particular, announced that he will spare no effort to secure his sweeping success, and his friends generally express their intention of loyally supporting Mr. Osborn.

One bit of gossip brought home from the convention concerns the Marquette collectorship. C. J. Bryns, who was at Detroit, said that he had obtained Senator Burrows' endorsement, and expressed confidence that his commission will be in his hands without much further delay. Senator Smith, it is said, also asserted that he understood Senator Burrows had agreed to Bryns' appointment. Bryns has been presiding over the investigation into the bribery charges in connection with Senator Lorrimer's election, on at least one occasion, and possibly oftener, and put his case up to the senator strongly.

As The Mining Journal stated a few weeks ago, when it said it was possible that Senator Burrows would not hold out against Bryns to the end of his term, the senator was greatly disappointed by the failure of his Marquette supporters to make good in the primaries, and it has been said he could see no particular reason why he should hold out against Bryns, particularly as his ultimate appointment appeared to be among the political certainties. If Senator Burrows has agreed to Bryns' appointment, this analysis of the situation is fairly borne out. In any event it is now accepted beyond any doubt that when the Marquette customs collector's office is filled it will be filled by Bryns.

Attorney General Kuhn, who was nominated for attorney general, had much support from the upper peninsula, including a majority of the delegates from Marquette county. Mr. Kuhn was appointed to his office by Governor Warner, a few months before the primary election. He was originally an Osborn man, and was to be Osborn's manager in Macomb county. It was thought at the time of his nomination that there was politics in his appointment. During the primary campaign Mr. Kuhn attended to the duties of his office and let politics alone. Some Osborn delegates went to the candidates against him, though Mr. Osborn did not interfere in the contest, but many of Mr. Osborn's upper peninsula friends felt that it would be a political mistake to allow the rejection of Kuhn and turned in to do all they could to assist him. They perhaps, were the determining factor in securing his renomination. Mr. Kuhn was also favorably known to many of the upper peninsula men, as on a recent trip to this region he made a fine impression.

W. F. Knox was, according to program, named chairman of the state central committee. Paul H. King, Townsend's campaign secretary, was named secretary of the committee and Nick Whelan was named assistant secretary, and will have charge of the speakers' bureau. An aggressive campaign will be under way in a few weeks, with Mr. Osborn and Representative Townsend as the headliners.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by The People's Drug Store, J. B. Jones, prop.

FELL TWENTY-ONE FEET.

Struck Head on Steel Deck of Steamer but Skull Was Not Fractured.

A most remarkable accident occurred at the South Shore dock yesterday morning, about 7:30 o'clock, shortly after the men had started to work. Oscar Savola, who is employed as a pocket man, was standing on the platform at the upper end of the spout, through which the ore falls from the dock into the boats, when a piece of ore struck his hand, causing him to lose his balance and he fell head first onto the steel deck of the steamer Slaughteress, which was being loaded. Savola fell a distance of twenty-one feet and was picked up unconscious and taken to St. Luke's hospital. It was a first thought his skull was fractured, but further examination showed that no bones were broken and that severe cuts and bruises are the extent of his injuries. He is expected to completely recover.

This is the first accident of this character that has ever occurred at the South Shore docks. The pocket men are provided with a good sized platform and a wire to grasp when bending over. It is thought that Savola was holding himself by means of the wire, when the ore struck his hand, causing him to let go. It was fortunate that he fell on the deck, instead of into a hatch or between the vessel and the dock into the water, but most remarkable of all is that he could fall such a distance without sustaining more serious injuries. Savola resides on West Fisher street and has a wife and two children.

DENIED A NEW TRIAL.

Marquette Prison "Lifer," from Grand Rapids, Likely to Stay There.

If Bartolomeo Sartori, now serving a life sentence at Marquette prison for the murder of Mario and Alfredo Pavoni, at Grand Rapids, secures a new trial it will be because the supreme court of the state so orders. For the second time Judge Perkins has denied a motion for a new trial, the court being convinced that Sartori was given justice in court for one of the most brutal murders ever committed in the county.

When the judge was passing sentence on Sartori, he remarked that he believed the jury in finding him guilty was justified in bringing in the verdict according to the evidence in the case. In spite of the efforts to secure a new trial for the Italian, Judge Perkins has been unable to see any good reason for setting aside the verdict of the jury that found Sartori guilty. Attorneys Charles G. Turner and George Clapper have interested themselves in the case and have insisted that Sartori was not guilty of the offense, but declared that one Antonio Saucetti was the person responsible for the tragedy. Saucetti disappeared soon after the killing.

Arguments were heard Wednesday on the second effort to secure a new trial. Prosecuting Attorney Brown vigorously protested against the statements of the opposing attorneys that their client had not been given the benefit of a fair trial. In denying the second motion for a new trial Judge Perkins said: "I am unable to find any new or additional reasons advanced on the motion which should lead me to change the opinion already expressed on file on the first motion." It is understood the case will be carried to the supreme court.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of Supervisors of Marquette county, Michigan, on October 8th, 1910, for the building of the Morgan Park Sanitarium at Morgan, Marquette county, Michigan. Plans, specifications and instructions to bidders are now on file at the office of the county clerk, and also at the office of the architects.

The right to reject any and all bids is reserved.
