

ROOSEVELT RIDES IN AN AEROPLANE

He Has the "Bullest Time of His Life" at the Aviation Field Near St. Louis, Mo.—He Soars Aloft as a Passenger in Arch Hoxsey's Machine.

He Waves His Hand Enthusiastically at the Big Crowd Below, While Most of the Spectators Are too Dumbfounded to Move—Flight a Complete Surprise.

St. Louis, Oct. 11.—Theodore Roosevelt made an aeroplane flight today. He said it was the finest experience of his career.

Arch Hoxsey, the Wright aviator with whom Mr. Roosevelt made the flight, said his passenger made a good fellow voyager, stepped out instead of being afraid he was having such a good time that Hoxsey was afraid he would fall out or interfere with the engine at his side.

Governor's Objection Ignored. The former president reached the aviation field at the head of a long procession of motor cars.

"I'd like to have you for a passenger," said Hoxsey. The colonel began to take off his coat, and with a searful look, said: "Are you really going up, colonel?"

"Of course, I am," said the colonel, and without another word he took his seat beside the engine.

Members of the Party Astounded. The members of the party which had accompanied Mr. Roosevelt from St. Louis, missing him, began a mad hunt for the colonel.

When the colonel swept past the grandstand, he waved his hand. The spectators were so frightened to call back. The machine sped by and made the turn for the second lap.

At the end of the second lap, Hoxsey dipped his planes and the aeroplane descended easily. Roosevelt, smiling his most expansive smile, climbed out backwards. When the people were convinced that he had landed safely, they cheered the colonel wildly.

Not a Bit "Scarey." "Did it feel scarey?" he was asked. "Not a bit; not a bit." "What were your sensations?" "Oh, it was perfectly fine. I enjoyed every minute of it."

Governor Hadley, with a long sigh of relief, piloted the colonel to his automobile and started back to St. Louis. Walter Brooks and A. L. Welsh, the latter on an endurance run, followed Mr. Roosevelt in aeroplanes, while Alfred Le Blanc, in a Blériot monoplane, led the automobile procession.

MISSION BOARD RECEIVES BIG SUMS IN GIFTS. Boston, Oct. 11.—Gifts of more than a million dollars were announced at a meeting today of the Congressional mission board.

GRAND PRIZE AUTO RACE TO TAKE PLACE AT SAVANNAH.

New York, Oct. 11.—Formal sanction for conducting the international grand prize automobile race at Savannah, Ga., Nov. 12 was voted by the board of governors of the Automobile club of America this afternoon.

EAST AND CANADA LEAD IN WOMEN'S GOLF CONTEST.

Flossmore, Ills., Oct. 11.—Eastern and Canadian players retained the advantage in the first round of the match in the women's sixteenth annual championship tournament of the United States Golf association at the Homewood Country club today.

AUTOMOBILE BOARD STRIKES AT RACERS

Barney Oldfield Is Disqualified and Jack Johnson's License Is Revoked.

New York, Oct. 11.—The contest board of the Automobile association tonight announced the suspension and the disqualification of Barney Oldfield for his announced intention of racing Jack Johnson, the pugilist, in an unsanctioned contest at Sheepshead Bay Oct. 20.

Oldfield is indifferent to the attitude of the board. Johnson, whose license was revoked last night, says he will go to the courts if necessary to regain it. Both say that the race will be held, in any event.

When Johnson's license was revoked, no explanation was forthcoming, but the board, in suspending Oldfield, declared the entrance "into an organized and well-accustomed sport of a leading exponent of an unorganized so-called sport which is under the ban in most states and which, we believe, without the requisite experience in automobile track racing and has as yet to demonstrate competency as a racing driver."

AVIATOR EUGENE ELY QUILTS IN DISGUST

Abandons Chicago-New York Flight After Covering 22 Miles in Three Days.

Chicago, Oct. 11.—Eugene Ely, the aviator, late today gave up the attempt to make the Chicago-New York flight for the \$25,000 prize of the Chicago Evening Post and New York Times.

Ely left his aeroplane in a field near South Chicago, twenty-two miles from the starting point at Hawthorne Park, and departed for Cleveland. The machine will be shipped to New York tomorrow. Ely declared that his continued trouble with the aeroplane was due to the failure of the mechanics to properly arrange the gasoline tank.

SENSATIONAL TROTTER MARKS THE GRAND CIRCUIT RACES.

Lexington, Ky., Oct. 11.—Earl, Jr., won the 2:06 pace, the feature card offered by the Kentucky Trotting Horse Breeders' association here today, in the first time of 2:04, and in straight heats. Well-driven by Cox, the horse managed to take first place at the finish in the last two heats, though hard pressed by W. A. The performance of the four-year-old stallion, The Plunger, in the 2:13 trot, and the sensational last three quarters of Earl, Jr., and W. A. in the 2:06 pace were the day's features.

MRS. W. K. VANDERBILT PAYS \$11,000 IN DUTY.

New York, Oct. 11.—Eleven thousand dollars in duty, mostly on Parisian gowns, was paid by Mrs. William K. Vanderbilt when she returned from Europe on the Kron Prinzessin Cecilie today. This is believed to be the record amount of duty paid on individual baggage.

RAILROAD TELEGRAPHER INDICTED FOR MANSLAUGHTER.

Cairo, Ills., Oct. 11.—Charles E. Clark, known also as Charles E. Roger, today was indicted on two charges of manslaughter in connection with the wreck on the Mobile & Ohio railroad at Beech Ridge, Ills., Sept. 18, last. He was the operator in charge of the station.

T. R. TURNS GUNS ON THE DEMOCRATS

Republican Party's Political Opponents Are Raked Fore and Aft by the Colonel in His First Address of the Campaign—He Speaks at St. Louis.

He Denounces the "Unholy Alliance Between Wall Street and Tammany Hall" and He Defends the G. O. P.'s Present Attitude in Regard to the Tariff.

St. Louis, Oct. 11.—Theodore Roosevelt denounced the Democratic party in New York as "an unholy alliance between Wall street and Tammany Hall," in a speech here tonight, and he attacked the Democratic party in Missouri by calling it "a party that represents special interests and special privileges."

Some of the more practical among the insurgents are endeavoring to make the present campaign the basis of a continued organization, especially to exercise an influence in the municipal election in this city next year. This will be one of the most important in years. Furthermore, it is sought to continue the opposition to Penrose. His term will not expire until 1913, but in the meantime, if an organization can be maintained, it is believed that some progress can be made in destroying the grip of the machine.

It was Mr. Roosevelt's first speech of the present campaign. The great stadium was crowded. The speaker said: "In New York state our opponents call themselves the Democracy. They have the very slenderest relation to any historic national party bearing that name. It is enough to make Andrew Jackson of Tennessee and Tom Benton of Missouri turn in their graves to realize what the organizations are that claim to be their spiritual heirs and representatives at this present day."

Mr. Roosevelt closed with a vigorous attack upon the Democrats and with an appeal to the people to support the Republican party. "Our opponents stand for nothing," he said. "The party that nominates Bryan as a radical one year and Parker as an ultra-conservative the next time, then Bryan won't carry an election, and somewhere else they nominate him again. That party has forfeited the right to the respect and the support of independent citizens who seriously wish well to their native land. We have a coherent policy."

Mr. Roosevelt leaves at eight in the morning for Peoria.

FUSION REJECTED IN PENNSYLVANIA

Strife in Opposition Ranks Defeats Opportunity to Down the Old Guard.

Philadelphia, Oct. 11.—Through the failure of fusion negotiations aiming at the retirement of State Senator Webster Grim, Democratic candidate for governor, and ex-State Treasurer William H. Berry, non-partisan Keystone candidate, in favor of a new man, the Republican machine's prospects of success in the election a month hence have been materially increased.

Government's Argument Is Concluded. St. Paul, Oct. 11.—Before the United States circuit court today the argument of the government's case in which the dissolution of the merger of the Union Pacific and Southern Pacific railroads is sought was concluded.

ALLEGED GRAFTERS ARE DEALT A BODY BLOW

Court Orders That Bank Accounts of Illinois Central ex-Officials May Be Investigated.

Chicago, Oct. 11.—The bank accounts of Frank B. Harrison, John M. Taylor and Charles L. Ewing, the former Illinois Central officials involved in the alleged car repair frauds, may be subjected to court scrutiny as a result of a ruling made by Municipal Judge Brugger today. The court declared that it was proper for the prosecution to check up the financial accounts of the railroad men. Hence the judge announced that he would issue subpoenas for the accounts on the banks with which the defendants transacted business during the time the alleged losses are said to have been sustained by the railroad.

COLORADO COAL MINE YIELDS A SCORE OF BODIES.

Starkville, Colo., Oct. 11.—A score of bodies had been recovered up to a late hour tonight from the wrecked Starkville mine. It is admitted that there is no hope of finding any of the remainder of the fifty-odd men alive.

HITCOCK WIPING OUT THE DEFICIT

Before the Close of Another Fiscal Year Uncle Sam's Postal Establishment Will Be on a Self-Supporting Basis, Declares the Postmaster General.

"Penny Postage" Not an Irresistible Dream, but Actually Is in Sight as a Practical Business Proposition—An Effective Reorganization Under Way.

Washington, Oct. 11.—"Before the close of another fiscal year, the federal postal establishment will become self-supporting. This will be accomplished without curtailing in the slightest the service rendered or lessening in any respect its efficiency."

This statement was made tonight by Postmaster General Hitchcock in connection with the announcement that today he had submitted to the treasury department his estimates of the appropriation for the fiscal year beginning July 1. Many labor-saving devices have been introduced in the postoffice, and by effective reorganization Mr. Hitchcock believes that the deficit, which a few years ago reached \$17,000,000, will be wiped out. Mr. Hitchcock is convinced that "penny postage is not the 'irresistible dream' that it has been declared to be; he is almost prepared to assert that it now is in sight as a practical business proposition."

DEPARTMENT OF JUSTICE BEGINS INVESTIGATION OF ALLEGED "LUMBER TRUST."

Washington, Oct. 11.—To determine if there is any foundation for the numerous complaints received at the department of justice alleging the existence of a "lumber trust," special agents of the department are investigating the operations of a large number of organizations in all parts of the country connected with lumber. None of the officials would admit today that any plan of procedure had been determined upon or that the investigation had reached a point where legal steps were in order.

SOME TOWNS THOUGHT BURNED ARE SAFE

Loss of Life in the Rainey River Region Now Estimated at Less Than 100.

Rainey River, Ont., Oct. 11.—The loss of life in the forest fires of northern Minnesota is now estimated at less than one hundred. There are thirty dead in the morgue here, and that many more have been taken to Duluth. The financial loss may reach five million dollars. The fires are now well under control.

BOARD OF TRADE CHARGES RAILROADS WITH CONSPIRACY.

Washington, Oct. 11.—A conspiracy on the part of the railroads to deprive Western grain shippers of the advantage of cheap water transportation and to drive the grain transportation business from the Great Lakes is charged in a petition filed today with the interstate commerce commission by the Chicago board of trade.

PRESIDENT REFUSES TO ACT IN BANKER MORSE'S CASE.

Beverly, Mass., Oct. 11.—President Taft announced today that he would decline to take any action on the recent applications for clemency in the case of Charles W. Morse, the convicted New York banker serving a term in the federal prison at Atlanta, until the papers in the case come to his desk through the regular routine channels and with a report from the department of justice.

FRENCH RAILROAD EMPLOYEES GO OUT ON A STRIKE.

Paris, Oct. 11.—The French government employees of the National railroad struck early today, and tonight the strike spread to the Western railroad, which also is owned by the state. The indications are that tomorrow will see a complete tie-up in northern and western France. The strikes at present involve 12,000 men. The strike on the Western road was chiefly by 8,000 employees whose work chiefly is in the Paris suburbs. This has threatened a scarcity of food supplies. Freight, mail and passenger transportation is partly prostrated.

WHITE HOUSE CHAUFFEUR SAVES SMALL BOY'S LIFE.

Beverly, Mass., Oct. 11.—While running through Salem shortly after six last night one of the White House automobiles, occupied by Mrs. Taft and two of her sisters, struck six-year-old Wilfred Crowell. Only the quickest work on the part of Abel Long, one of the executive chauffeurs, saved the child's life.

CASE OF THE DIETZ FAMILY IS ADJOURNED TILL OCT. 18.

Hayward, Wis., Oct. 11.—John, Leslie and Mrs. Hattie Dietz were arraigned in court here today. Dietz said that they were not ready for examination, having no attorney, and the case was adjourned until Oct. 18.

SUSPECTED DYNAMITER TAKEN INTO CUSTODY

Man Believed to Be Concerned in Los Angeles Outrage Is Arrested at Sacramento.

Sacramento, Calif., Oct. 11.—George Wallace was arrested at the postoffice today while receiving letters which it is declared connect him with the Los Angeles Times dynamiting. He was arrested just as he was endeavoring to destroy two letters. The letters show that Wallace left Los Angeles the day following the dynamiting and intimate that he knows much concerning the affair.

The writer uses bitter language in speaking of General Manager Chandler, of the Times, and General Otis, its owner. "If I only could see you, George, I could tell you a lot of things, but one cannot be too careful what he writes in a letter," the letter says. The letter refers to the dynamiting, but guardedly.

WALL STREET MARKET SHOWS MORE ACTIVITY

Bulk of the Trading, However, Is in the Low-Priced Stocks—Wheat Prices Slump.

New York, Oct. 11.—The speculation in stocks threw off some of the restraint today which had kept it in check. The activity was most conspicuous in a variety of specialties not usually prominent. Many of these were of the low-priced, non-dividend paying class. This was found in the narrow resources of the money market and the smaller supply of credits requisite for carrying on operations in low-priced stocks.

WHEAT GOES TO LOWER LEVELS.

Chicago, Oct. 11.—The weight of large accumulation of wheat the world over pulled down the prices today. The amount available is now 66,000,000 bushels greater than a year ago. The closing prices were 1 1/4 to 1 1/2 lower, compared with last night. The market showed increasing weakness as the day wore on. The rallies were few. Part of the unloading was in view of tomorrow's holiday in nearly all the important markets, but far the greater share of the selling resulted from the withdrawal of Argentina as a cause for crop fears. Still more important from the bear standpoint were the United States government figures indicating that the shortage in the domestic crop is not so large as the trade had estimated. In addition, the northwestern stocks continued to pile up, despite the light receipts. The December opened at 96 3/4 to 97 and closed at 95 3/4.

ALL-STAR DEFAT ATHLETICS.

Philadelphia, Oct. 11.—The All-Star Americans today defeated Connie Mack's champions in the first game of the series.

CROPS OF AMERICAN FARMS BETTER THAN A YEAR AGO.

Washington, Oct. 11.—The agricultural department announced today that fifteen aggregate crop conditions Oct. 1 (or at the time of harvest) were about 1.8 per cent higher than on the corresponding date a year ago and four-tenths of 1 per cent lower than the average condition on Oct. 1 during the past three years. The area under cultivation was about 3.2 per cent more than last year.

MANUAL TO FIND HAVEN IN ENGLAND

King George Orders the British Royal Yacht to Gibraltar to Embark the Exiled Sovereign—Police of the Port Jail Suspicious-Appearing Portuguese.

Tranquility Prevails at Lisbon—Martial Law Continues, Though Troops Have Been Withdrawn from Streets—Irish Religious Orders Not to Be Molested.

Gibraltar, Oct. 11.—It is announced that King George has ordered the British royal yacht to proceed to Gibraltar to embark King Manuel and Queen Mother Amelie.

London, Oct. 11.—A despatch from Gibraltar says that a suspicious appearing Portuguese, direct from Lisbon, has been arrested at Gibraltar. Since the arrest special precautions have been taken to guard King Manuel.

Perfect Tranquility at Lisbon. Lisbon, Oct. 11.—Although the city remains under martial law, the soldiers have been withdrawn from the streets. Perfect tranquility prevails. Guards have been supplied to those establishments which the religious orders still occupied and which are flying foreign flags to prevent possible attacks. The papal nuncio, Mgr. Tonti, has hoisted the Austrian flag over his residence at Contra. The Irish Dominican fathers and nuns will be exempted from expulsion. This step is due to the desire of the republicans to keep on good terms with Great Britain.

Italy Closes Door to Exiles. Rome, Oct. 11.—A semi-official communication states that the Italian government has adopted measures to prevent the religious orders which have been expelled from Portugal from settling in Italy.

BASEBALL

STANDINGS OF THE TRAMS. National League. W. L. P.C. Chicago ... 101 49 673 New York ... 91 63 591 Pittsburgh ... 80 67 505 Philadelphia ... 78 75 510 Cincinnati ... 75 78 486 Brooklyn ... 64 88 421 St. Louis ... 62 88 413 Boston ... 51 100 338

GAMES SCHEDULED FOR TODAY. National League. Boston at Brooklyn. Philadelphia at New York. St. Louis at Chicago. Pittsburgh at Cincinnati.

YESTERDAY'S GAMES. National League. Chicago, Oct. 11.—Golden's wildness and hit by Schutte and Zimmerman in the tenth inning scored the winning tally. Score: R. H. E. Chicago ... 2000000011—4 8 1 St. Louis ... 2000100000—3 9 1 Batteries: Reulbach, Rieble and Kling; Golden and Bliss.

New York, Oct. 11.—The locals hit Slaughter and Culp hard in the first game. The second game was easy for Philadelphia. Score: R. H. E. New York ... 02302320—12 16 0 Philadelphia ... 3001200000—7 15 3 Batteries: Marquard and Wilson; Slaughter, Culp, Girard and Moran.

Second game: New York ... 00000010—1 2 3 Philadelphia ... 00000000—6 10 2 Batteries: Hendricks and Wilson; Chambers and McDonough.

All-Stars Defeat Athletics. Philadelphia, Oct. 11.—The All-Star Americans today defeated Connie Mack's champions in the first game of the series. Score: R. H. E. Philadelphia ... 020000001—3 7 3 All Stars ... 0112103000—8 15 3 Batteries: Bender, Plank, Coombs and Thomas and Lapp; Johnson and Street.

Carlisle Wins Football Contest. Carlisle, Pa., Oct. 11.—The Carlisle Indians defeated Gettysburg, 29 to 6, at football here this afternoon.

CROPS OF AMERICAN FARMS BETTER THAN A YEAR AGO. Washington, Oct. 11.—The agricultural department announced today that fifteen aggregate crop conditions Oct. 1 (or at the time of harvest) were about 1.8 per cent higher than on the corresponding date a year ago and four-tenths of 1 per cent lower than the average condition on Oct. 1 during the past three years. The area under cultivation was about 3.2 per cent more than last year.

 Entered as mail matter of the second  
 class in the postoffice at Marquette, Mich.  
**MARQUETTE, MICH., OCT. 12.**

A national committeeman of one of the southern states says that if the colored abolitionists want 'em, nothing could prevent his getting his share of the southern delegates in 1912. Well, it looks it.

Wouldn't it be an interesting experience if a president or an ex-president somehow got the idea into his head that it was necessary to "win" the upper peninsula? The best we have so far been able to achieve has been a United States senator or two, and they have, as a rule, only been solicitous about seeking our acquaintance when they needed our votes.

President Taft thinks that drainage of swamp lands, to prepare them for agricultural uses, should be the concern of the states alone. Colonel Roosevelt believes that this drainage should be a national duty, because it is an interstate affair. However, there is no warrant for assuming that the agreement between them on this point is not an entirely honest one.

The case of John Dietz has taken the turn it was expected it would take, when it was learned that one of Sheriff Madden's deputies was found dead in the woods, on the outskirts of Dietz's clearing, with a bullet wound in his head. The coroner's jury has found that the deputy was killed by a bullet fired from the Dietz cabin, and it is said that a charge of murder in the first degree will be returned against Dietz, his wife and son, Leslie. Dietz asserts, and his wife bears him out, that he was the sole defender of the Dietz cabin, and that no other member of the family fired as much as a single shot. If this can be proved, the burden of blame for the deputy's death will be placed on Dietz. It is inevitable that he shall be tried for murder, for the shooting was murder, if Dietz did it. Dietz was an outlaw, in rebellion against authorities bent on doing their sworn duty. By no possible legal reasoning can his crime be extenuated or excused. On this and any other charge that may be brought against him he is entitled to a fair trial and the support of good counsel that will carefully defend him and see that he is given the squarest treatment in the courts. To this end, it will be hoped that he will have all the assistance he needs from his sympathizers. There should be, in case of a conviction, not the slightest suspicion that Dietz has been railroaded. He must have the fairest, if rigorous, treatment if we are to hear the last of his case when a jury has finally passed on it.

**A SHOCK TO BASEBALL FANS.**  
 It has been the proudest boast made for major league baseball that it is always played on the level, with the men working honestly to give their teams the best that is in them and to cause their opponents the maximum of difficulty in winning games. It comes as a good deal of a shock to a public that has long accepted this estimate of the game to learn that when Lajoie, the great Cleveland batter, needed eight hits out of nine times at bat to secure a lead in batting average on Cobb, of Detroit, he experienced no great difficulty in getting them, in the double header played against the St. Louis team. A charge of a deliberate frame-up to put Lajoie ahead of Cobb in the batting list, and thus to win for him the automobile offered as a prize to the best batter in the American league, is now being repeated on every hand, and nothing that can be said or done will dissuade the public of its present idea that Lajoie pulled up on Cobb and passed him by means of an agreement with members of the St. Louis team that permitted him to hit at will. So ugly a look has the incident that the chairman of the national baseball commission declares that hereafter no special prizes, or bonuses, will be permitted. This is a proper stand, as they would certainly operate to discredit the game, if they should mean developments like Lajoie's phenomenal hitting streak against St. Louis. That this will be regarded as the shabbiest and most disgraceful incident of the entire season there is no room to doubt. It has made little difference whether Lajoie or Cobb headed the American league batting list, as long as the successful batter gained the distinction fairly. But if Lajoie has won it, the indications are plain that he has secured it by unfair and dishonorable tactics that cannot be too much

frowned upon by devotees of clean and decent sport.

**NOT A POLITICAL QUESTION.**  
 There is little practical difference between the Republican and Democratic platforms on the subject of state taxation. The Democratic convention at Kalamazoo took its cue from Mr. Hemans and let the tonnage tax idea go into the discard. It favors the commission plan of revaluing the mines of the upper peninsula for taxation purposes, as does the Republican party, and favors a general inquiry into taxing conditions that will have as its purpose outlining ways and means for rectifying the inequalities in assessments with which the state now teems. In short, both great parties stand for a complete revamping of the assessing and taxing system, and for strengthening it in the manifold places where it is weak. There is no doubt that the next legislature will seriously take up this work. It is not, and ought not to be made, a partisan question. There is no reason why the Democrats and Republicans should not occupy the same ground on it, or why the Democrats and Republicans in the legislature should not work harmoniously to apply a proper remedy to acknowledged evils. All good citizens, no matter what their party affiliations, agree that just and equitable taxation is an absolutely indispensable thing, worthy any cost of money or trouble to achieve. They must also agree that Michigan hasn't got it at this time, and that the local assessing system, unrestricted by comprehensive powers of review granted some strong state commission, has given the state a condition that seriously threatens the legality of the existing railroad taxation at any time the railroads choose to fight it, Democrats and Republicans are practically a unit on this, as they are on the remedy to be invoked. Now let them work in harmony to obtain a proper solution of the problem, always remembering that it is not, and should not be made, a partisan issue. There is no underlying difference of opinion in regard to it, and as far as political principle enters into the problem at all it is principle in regard to which everyone is agreed.

**THE STATE PRESS.**  
 The building of breweries is being encouraged in Michigan. The only thing that has been brewing down there up to now has been trouble.—Grand Rapids Press.

England heard the news and rushed two warships down at full speed. If there is anything around loose, you know who gets it.—Detroit News.

The Saginaw man who tried to elude the Flint police by hiding in a haystack may have counted on getting bailed out.—Flint Journal.

Now that Chase Osborn and Lawton Hemans have shaken hands they may start in to punch each other according to Queensbury rules.—Detroit Journal.

The prospects of Senator La Follette's recovery are good, but how about those of Sunny Jim?—Saginaw News.

A Flint woman complains that her husband has not spoken to her in four years. What was it originally—a hat or just bread pudding?—Detroit News.

At any rate, the romantic girl who wrote her name on an egg in hopes of thereby winning a husband is assured that it will not fall into the hands of anyone afflicted with poverty.—Saginaw Courier-Herald.

John R. Bradley announces that aside from the fact that he has been in the Rockies all the time, the report that he is in the Arctic regions looking for Dr. Cook's proofs is substantially correct.—Detroit Journal.

Prince Tsai Tsun, of China, had all the vehicles stopped within a block of his hotel in Philadelphia that he might get a little sleep. And Philadelphia is pointing to this incident with pride.—Detroit Free Press.

The Literary Digest observes that the English obituary articles on the late Professor James were, as a rule, superior to the American articles in breadth, knowledge and clear appreciation of the philosopher's work. The English and the French did not dispose of him as chiefly a dabbler in spiritualistic phenomena, as so many American journals did. No doubt the point is well made. The American press as a whole cannot easily be surpassed in superficiality.—New Orleans Picayune.

Salem is really showing signs of life after many years. Its present decennial population increase amounts to 21.5 per cent, as compared with 16.7 in the previous decade, and 11.7 per cent from 1880 to 1890. The city's relative growth during the past ten years is nearly as great as for the thirty years from 1850 to 1880, and more than twice what it was from 1810 to 1850.

As soon as he gets back from his visit to the south, Theodore Roosevelt will take the stump in New York. "He has left it with me to arrange his schedule," says Chairman Prentice, Timmie Woodruff's successor. "I cannot say yet just what it will be, but Mr. Roosevelt will make at least eight important speeches in different parts of the state. I shall arrange for a speech in New York city and in Brooklyn, and one in Buffalo, and probably one in Erie. We also want him to speak in the northeastern part of the state and in other districts where it will do the most good."

The resignation of Mr. Justice Moody

gave President Taft his opportunity to say to the people that one of the vital purposes for which the supreme court of the United States exists is to "preserve the fundamental structure of our government as our fathers gave it to us." These are words to be read, marked, learned, and (as the prayer book hath it) inwardly digested, by every American citizen.—Hartford Courant.

The labor party of Australia is going to bring forward an amendment to the commonwealth's constitution requiring employers to increase wages proportionately as their own profits increase under the working of the protective tariff.

The story is told that Judge Story and Edward Everett were once the prominent personages at a public dinner in Boston. The former, as a voluntary toast, gave: "Fame follows merit where Everett goes." The gentleman thus delicately complimented at once arose, and replied with the equally felicitous and engaging: "To whatever height judicial learning may attain in this country, there will always be one Story higher."

The royal family of Portugal has for years been piling up investments in England and France and now it has many millions at its disposal. It is thought likely that Manuel will spend the rest of his days in France, for which country, particularly Paris, he has always had a strong attachment.—From a London dispatch.

"If the (Irish) lacemakers could work constantly," writes Deputy Consul Armstrong from Cork, "their compensation would vary from \$3 to \$10 per week in proportion to their skill; but, as it is, their remuneration is small. It is estimated that there are about 6,000 lacemakers in the lacemaking industry in Ireland. The majority of these do their work at home, in poorly lighted and uninviting quarters, very much out of keeping with the spotlessness required of the dainty fabrics which they produce, but there are a large number of convents where the work is done, and the supervision of nuns, whose work-rooms are usually well lighted and suitably equipped. Most of the point lace of Youghal, Kinsale and other centers is produced in these convents. The girls who work independent of the convents usually make the lace under contract with dealers in Cork, Dublin, Queenstown, Belfast and London. Some of the smallest shopkeepers keep as many as 100 girls at work for them, and buy up all their produce."

Many Marquette Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Marquette citizen and you will be convinced that this is so.

Mr. W. Lawrence, 212 W. Crescent St., Marquette, Mich., says: "For some time my back ached and I had other symptoms of kidney trouble. Doan's Kidney Pills made me feel better in every way and for that reason, I recommend them highly."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

IT'S THE WORLD'S BEST.

No one has ever made a salve, ointment or balm to compare with Doan's Ointment. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped Hands, or Sprains, it's the supreme. Infallible for Piles. Only 25c at The Stafford Drug Co.

An old Pennsylvania German living the best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by The People's Drug Store, S. B. Jones, prop.

**Do You Get Up With a Lame Back?**  
 Kidney Trouble Makes You Miserable.  
 Almost everyone knows Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder, and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney, liver or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, 345 E. 12th St., Binghamton, N. Y., on every bottle.

**DATES GROWN IN AMERICA**  
 Palms Thrive in the Blazing Sun of Southern California.

The date industry of California promises to become a great factor in the fruit markets of the world, for it has been proven that the conditions in the Coachella valley are more favorable for the development of the date of first quality than those of any country where the date is grown. It has also been demonstrated that a much larger percentage of first quality dates can be produced from the seed than in the Salarnian oases.

In planting the date seed plant in rows 30 feet apart placing the seed about 18 inches apart in the row, thus planting about 1,000 seed to the acre. During the first few years any kind of crop can be cultivated between the rows. When the palm is three years old it begins to blossom. At this time the process of thinning begins, and the male plants can be taken up and sent to the city to be planted as ornamental trees. From this time until after the fifth year the thinning and re-arranging in rows must be properly attended to as plants should be at least 30 feet apart each way when 12 or 15 years of age, they will have 50 good plants to the acre to dispose of, but when one considers the profit to be derived from the first offshoots, which may be expected from a 5-year-old plant, one will be tempted to leave the plants 15 feet apart. In this way the parties at least. A conservative estimate places an average of four offshoots to the plant five years old, and an average of one offshoot to the plant per year for the next five years. The offshoot always bears fruit identical with the parent tree. In this way the parties who plant the first seedling orchards will be in line to reap a rich harvest for their surplus offshoots, or the imported offshoots will be very expensive for several years to come.

**CHINA BARS ALIEN MARRIAGES.**  
 An imperial decree just issued temporarily forbids all Chinese who may be visiting foreign lands or residing there in an official capacity, for purposes of study, or in connection with industry and trade, from contracting marriages with foreign women. The effect of this new law will be not only to render unions between white women and Chinese invalid in the eyes of the imperial government, but also to impose severe penalties upon any colonial gentry of disobedience to the commands of the prince regent. Discussing the decree a correspondent of the Chicago Tribune finds the reason for it in the Chinese custom of childhood betrothal which practically makes every Chinaman of special position "engaged" before he is out of his boyhood. The betrothal is regarded by the Chinese as a bond more sacred even than that of marriage, and for the young Chinaman to violate this pledge is a crime against both law and custom.

Copper Country

IS CHARGED WITH MURDERING INFANT

Hilma Steinback Arrested by Sheriff Byers—In This Country Only Three Months.

Hilma Steinback, a young woman who arrived in the United States only three months ago, was arrested Monday night at South Range by Sheriff Byers on a charge of murdering an infant, the body of which was found in Portage Lake Monday afternoon near the Copper Range dock. The girl virtually has confessed the crime.

In explaining the matter she said she did not know the child was living, which is taken by Sheriff Byers to mean that she did not know the child was born alive. Going further with her story, she said that she was employed in the kitchen of the 'Toll du Nord' restaurant, Hancock, when on the night of the infant took place she was working. The child was born in the kitchen while the mother was at work. No one else was present. The mother wrapped a towel around the little one's neck and then wrapped the body in burlap and took it to Portage Lake. She returned to her work.

A short time afterward, the young woman decided to get away from the scene of the crime. She walked to South Range, but after arriving there the affair began to affect her mind and she became melancholy. She cried constantly and told some of her neighbors that she had thrown a baby in the lake. They believed this statement to be a figment of the imagination, but it was circulated none the less and finally reached the ears of Deputy Sheriff Viyan. He advised the sheriff of the rumor Monday evening as soon as he heard of the finding of the body, and the sheriff made the arrest.

SUPT. DOELLE EXPLAINS IT.

Declares Castigation by Negannee Iron Herald Uncalled For.

The Negannee Iron Herald takes occasion to editorially castigate the copper country and its school officers and teachers for having an institute a week in advance of the Upper Peninsula Educational association meeting at Negannee this week. The Herald charges that this district is trying to be exclusive.

Superintendent John A. Doelle of the Houghton public schools said yesterday that the criticism regarding the time of holding the meeting is just, though it should reflect against the upper peninsula association rather than against the copper country counties. The institute was for inspiration to the teachers and naturally should be held as early in the year as possible. Many superintendents believe the upper peninsula meeting should be held later in the year so as not to conflict with county institutes.

Mr. Doelle says, in replying to a gibe of the Herald, that all of the copper country superintendents and many of the teachers will be at Negannee's meeting. He contends that all teachers should not be expected to attend as the expense, amounting to from \$10 to \$15 is too much for them this early in the year. The institute held for Houghton and Keweenaw counties was arranged as much by the state superintendent as by the two county commissioners and was held at the time because it was the most convenient time to procure Messrs. Ferris, Winship and Clark as instructors.

HELPED NOMINATE KUHN.

Houghton County Delegation Figured in State Convention.

At the recent Republican state convention, Houghton county got away with the honors, according to the report of some of the delegates who attended from this county. It seems that Franz Kuhn, candidate for attorney general, came within some sixty votes of getting the nomination on the first ballot. On the second ballot it was thought that many of the delegations would switch to Grant Fellows, but Cass and Berrien counties changed to Kuhn. At this juncture R. H. Shields, chairman of the Houghton county delegation, after consulting with his fellow delegates, mounted a chair and announced that Houghton county desired to change its vote for Kuhn; and when the thirty-seven votes from Houghton went solid for Kuhn his nomination was cinched. It was just the proper moment, the Houghton county delegation saw it and Kuhn's nomination followed. It is generally admitted that the nomination of Mr. Kuhn for attorney general strengthens the ticket materially.

LABRUM MICH. CALUMET, MICH. \$1.12 5.15 5.11 10.11

DESERTED WIFE DENIED A DIVORCE

Circuit Judge Streeter Refuses Calumet Girl's Petition, for an Interesting Reason.

Judge Streeter in the circuit court, sitting in chambers, yesterday morning refused to grant the divorce petition of a deserted wife, for an interesting reason. Complaint had never been made against the husband for non-support and the court evidently believed that this should have been done as an earnest of the desire of the wife that he should support her. The names of the parties were not given out.

The couple, who are Calumet people, were married at Calumet Sept. 9, 1909, when the bride was sixteen years and four months old. She is not yet eighteen years of age. The husband took up his home with his wife's family and remained there for a month. Since the wedding day he has given his bride just one dollar in cash and has failed to provide her with food and clothing. He is shown to be well able to earn money for her support as a common laborer. After the lapse of a month the husband left his wife and has not since had anything to do with her. He is at present in parts unknown.

In refusing to grant the divorce Judge Streeter pointed out that the wife had another remedy than the divorce court—she could have her husband arrested for non-support, and if that course did not bring him to a sense of his responsibility and duty he could be sent to the Iowa reformatory. In this connection the court called attention to an interesting phase of the law governing sentences to state reformatories for non-support. Men so sentenced earn certain money on contract labor, and of this the state pays fifty cents a day to the wife and \$1.50 a week for each child. In this way the recalcitrant husband and father is compelled to work for the support of the dependent upon him. This will be the fate of the man in this instance if he can be apprehended.

Prevalence of Desertion.

In discussing this case yesterday County Clerk Richardson called attention to the fact that the county poor superintendents, in making their reports to the board of supervisors Monday, showed that a large percentage of the men given from the poor funds was to all families deserted by the husbands and fathers. The poor superintendent pointed this out as an alarming condition and one that seemed to be contagious. Both the Salvation Army and the Calumet Assisted Charities have found this condition to be all too common in Houghton county.

The law governing the provision for families of men imprisoned for non-support is recent and is not understood generally. Judge Streeter wishes that it be more generally understood and his action yesterday shows that, having the authority under the law, he will probably compel deserting husbands to support their families by putting them where the state will force the industry out of them and divert the resultant earnings to their families.

GRADUATING GOWN REFORM.

Houghton High School Senior Girls Voluntarily Taboo Finery.

The girls of the senior class of the Houghton High school met at the close of the session Monday afternoon and decided upon a graduating gown reform which reflects great credit upon them. They have decided that each girl will have only one dress for graduating and the other functions of commencement week, this dress to be white and inexpensive and made of material.

THE QUESTION OF THE COMMENCEMENT FINERY.

The question of the commencement finery has been a serious one with the school officers and the high school faculty heretofore. There is usually a senior reception, a class day program and the commencement exercises in the last week of school and in the past many of the girls have had a different new gown for each occasion. They did not thus intend to dim the lustre of the poorer girls of the class, but they thoughtlessly did so and the result has been that graduation has been an ordeal for many girls whose parents could not afford the expense of such a wardrobe of finery. The school officers know that many girls have dropped out of school because they could not stand the expense of commencement week. Superintendent Doelle heartily commends the action of the senior class this week of school and makes a little lighter the burden on many poor parents.

GRAPE WINE SEASON ON.

Big Shipments of Grapes Earout—Receipts Less Than Last Year.

The Copper Range railroad, which has for some years made a specialty of bringing in grapes from southern Michigan and New York for the use of the makers of wine in the copper country, has begun receiving grapes for this purpose from New York. It is expected the receipts will be much less than last year, owing to the partial failure of the crop in the two regions from which the copper country supply is drawn.

Italian and Austrian families in the copper country are great consumers of home-made wine and they annually produce an enormous amount of the beverage in the fall for consumption throughout the year. The wine made for the purpose is similar to chianti or claret and it is used actually as a food, being a common table beverage.

Last year the Copper Range railroad brought into Houghton county eighty-two carloads of grapes for this home manufacture of wine. The grapes run fifteen tons to a car, and 100 gallons of wine are produced from a ton of grapes. However, the copper country produces only 123,000 gallons of wine. This does not at all presume to give the total figures on the wine consumption. Grapes come from other sources, and the importation of

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble? Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irassburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends would call to see me have noticed a great change."—Mrs. A. H. Scoborn, Irassburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited. What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman can afford to neglect this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

California and foreign wines to the copper country is large.

THIS OCTOBER WEATHER.

Copper Country Climate Now at Its Best—Weather a Year Ago.

There is a general expression of satisfaction over present weather conditions. Whether or not this is Indian summer which the copper country is enjoying is a problem, but the fact is that the weather is delightful and is more agreeable than it was a year ago. A weather wisecracker yesterday declared that last year on Oct. 11 there were several inches of snow all the way from Houghton to Ontonagon. The fact is that there had been no snow up to Oct. 11 last year. Weather Observer Crowder's records show that on Oct. 11, 1909, there was no snow, but that there was rain and the temperature was low. A trace of snow fell Oct. 12, while Oct. 13 there was a considerable fall. Generally throughout the period last year the weather was much the same as this year, in spite of the one or two bad days mentioned.

CELEBRATE COLUMBUS DAY.

This Day, the 12th of October, a Legal Holiday in Michigan.

This day, Oct. 12, Columbus Day, the anniversary of the landing of Christopher Columbus on San Salvador in 1492, is a legal holiday in Michigan and the United States and as such is to be observed by the courts, banks, postoffice, weather bureau and many business houses. Saloons are closed today by statute. The big celebration of Columbus Day will be under the auspices of the Knights of Columbus at Calumet, where tonight in the Armory a big dance will be given by the two councils of the order. Houghton and Hancock people will go out in the evening by train and street car and after the dance they will be taken home in a Copper Range special train.

DEATH OF OCTOGENARIAN.

Mrs. Margaret Murphy, widow of

in Florida, against which the residents had protested. The board appointed a committee to investigate.

MASONIC OFFICIALS HERE.

Series of Schools of Instruction Opened at Hancock Last Night.

A series of schools of instruction for the Masonic lodges of the copper country opened last night at Hancock. Masons of both Hancock and Houghton participated. The school will be held at Calumet tonight, at Laurium tomorrow night and at Lake Linden Friday night. Conducting the school are Frank J. Gilbert, grand lecturer; G. Roscoe Swift, most worthy grand master; William M. Perrett, worthy senior grand deacon, and James G. McGregor, grand Tyler.

VALERIO AND MESALIO HELD.

Calumet Men Charged With Highway Robbery Are Bound Over.

Tony Valerio and Martin Mesalio, charged with holding up and robbing Peter McDonald of Lake Linden two weeks ago, were yesterday bound over to the circuit court by Justice Fisher of Calumet. They are charged with obtaining McDonald of \$200 and a watch after knocking him down in a lonely field in the Calumet location.

GOLDEN WEDDING CELEBRATION.

The golden wedding of Mr. and Mrs. Fabian Yendow of Phoenix, Keweenaw county, was celebrated yesterday. Mr. Yendow has lived in Keweenaw county sixty years and his wife almost equally as long. They were of English birth and were married at the old Central church fifty years ago yesterday. A seven-man Central special train was chartered from Hancock to Calumet to accommodate the relatives and friends who went to participate in the celebration.

Mining News

HELVETIA.

The Helvetia Copper company discontinued shipments last October by reason of the Old Dominion Mining company advancing its smelter charges about \$2 a ton. Because of the low price at which the metal has been selling for the past year, the Helvetia management considered it injudicious to pay the higher cost for smelting and ordered production stopped. Work at the property, however, has not been discontinued entirely. Considerable exploration work is being carried on. This work of development calls for about \$10,000 a month and the 50-cent assessment last March was called to provide working capital. The management claims that the results of development work have been very satisfactory and that over 400,000 tons of ore have been uncovered which is expected to run between 2 per cent and 3 per cent copper. There is little prospect that the company will resume production until the price of copper again gets around the 15-cent mark, as it costs the company about \$5 a ton to transport its ore from the mine to the smelter and most of the rock is low grade. Eventually the company may erect a reduction plant of its own and build a railroad in order to secure proper transportation facilities which will call for considerable money and further assessments may consequently be expected.

ISLE ROYALE.

As the owner of 3,520 acres on the mineral formation Isle Royale possesses underground values not yet fully demonstrated. The Baltic-Superior lodes traverse the property in the vicinity of the "A" shaft, near the Superior and Houghton properties. It was only recently that Isle Royale discovered commercial copper ground in the "A" shaft, by drifting south on the third level. The appearance of the rock led to the belief that the Baltic or Superior lodes had at last been intercepted after a long and persistent search. At the present time development work in "A" shaft is confined to diamond drilling at the seventh level. Whether this work has resulted in locating likely ground at depth is not yet known. Operating results on the Isle Royale lode are showing up better than for some weeks. In August practically 50 per cent more mineral was obtained than in July, from nearly an equal tonnage of rock. This improved condition continues. Isle Royale has modern equipment, a good stamp mill, as well as excellent railroad facilities for the quick and economical handling of ore. If the Baltic or Superior lodes are found commercially valuable at depth, Isle Royale has an excellent opportunity of turning a profit on the past two years into a respectable surplus.

NOTES OF COPPER NEWS.

It is claimed that the Inspiration Copper company has actually blocked out ten million tons of ore running 2-3 per cent copper. This does not include partly developed territory. The management claims a thirty-million-ton mine, with the possibility of the tonnage reaching 50,000,000. A fifth drill in the Arizona Commercial has disclosed the same good ore as brought up by the other four. The five drills have covered a distance of nearly 1,800 feet on the vein and as each has brought up good ore the management is much pleased with the showing. Of the five drills, two have gone below the 900-foot level and three between the 800 and 900-foot levels. This shows that the banking on the 700-foot level does not go down.

Keweenaw's No. 6 diamond drill hole on the Phoenix property has cut the Ashbed lode and found it well charged with copper. In each of the preceding five holes this lode has indicated commercial copper ground. No. 6 has entered the lode thirty feet and has not reached the footwall. The entire distance shows copper. The lode has been richer than any ground heretofore cut. The first five holes passed through the lode at a depth of 200 to 300 feet. The distance tested on the strike of the lode is about 3,000 feet.

Old Dominion recently made a very important strike of ore on the fourth level of the "Hoosier" claim. Assays show 16.88 per cent copper, 2.9 ounces of silver and about \$12 in gold to the ton. The new hoist at the "A" shaft is working satisfactorily but is not near its capacity. Old Dominion is hoisting between 600 and 700 tons of

Small Sums Grow Rapidly into large amounts if placed regularly in the bank. How is it with you? Is your surplus cash earning interest? An account with the Citizen's National Bank will be of great assistance to you. 3 per cent Interest Paid on Savings Accounts. One Dollar and Up Accepted. Citizens' National Bank, HOUGHTON, MICHIGAN.

ore a day divided about equally between concentrating and smelting ores. The smelting ore runs from 7 per cent to 9 per cent copper while the concentrating ore averages about 3 per cent copper.

HIS SHORTAGE \$100,000 OR MORE

Deficit in Atlas Tack Company Funds Disclosed After the Manager's Death.

W. G. Weymouth, the Accused, a Former Congressman and Prominent in Connecticut Business Circles.

New Bedford, Oct. 11.—The exact amount of the shortage in the accounts of the late ex-Congressman George W. Weymouth, president of the Atlas Tack company of Fairhaven, who was killed in an automobile accident at Bingham, Me., last month, is not known, but unofficially the sum is placed at \$100,000. The amount was estimated at \$150,000, but the company's lawyers, Crovo, Clifford & Prescott, announce the shortage much less. The statement said: "The statement in relation to the defalcation from the funds of the Atlas Tack company by its late president, which appeared in the paper, is substantially correct. The sum taken is overestimated. The amount which is absolutely known that Weymouth misappropriated is considerably less than the figure given. How much more is to be added depends upon certain investigations which are not yet completed."

The lawyers added that the accounts had not been manipulated in order to warrant the payment of larger dividends, as was reported. They further said that the company, which is controlled by the estate of the late H. H. Rogers, is in no wise financially embarrassed. The books and accounts, said the attorneys, are in no confusion whatever, as the defalcation was so managed as to have no connection whatever with the book entries. The examination of the president's books was made at the instance of Urban H. Bronson of New York, son-in-law of the late Mr. Rogers, who since Weymouth's death has been in temporary charge of affairs. It is understood that the accounting was made, not from any suspicion of a defalcation, but merely in the regular course of business. The shortage will have no effect upon the continuation of the company's business.

Speculation Blamed.

There is a general belief that the misappropriations made by Weymouth were due to bad investments in the stock market. President and general manager of the Atlas Tack company, widely interested in business and banking in New England, lived in modest style. Meanwhile Weymouth had been living modestly in a house rented from Joseph K. Nye on Main street, north of the bridge, on the east shore of the river. His establishment was very modest for a man of his supposed means, drawing a salary of about \$12,000 a year. His wife was an invalid and the family did no entertaining. They kept one maid. Weymouth apparently indulged in no extravagances. He rode to work from his office by a trolley car, and was seldom seen in places of amusement. He was a member of the society of the Unitarian church, took some interest in Masnie events. He was a mason of the thirty-second degree, and belonged to the village Improvement society. At the time of his death nobody had doubted the integrity of Weymouth. Then came the news that Weymouth had stolen thousands of dollars from the corporation. The surplus funds in the Wachusett bank had been drawn from time to time.

Lived in Modest Style.

Meanwhile Weymouth had been living modestly in a house rented from Joseph K. Nye on Main street, north of the bridge, on the east shore of the river. His establishment was very modest for a man of his supposed means, drawing a salary of about \$12,000 a year. His wife was an invalid and the family did no entertaining. They kept one maid. Weymouth apparently indulged in no extravagances. He rode to work from his office by a trolley car, and was seldom seen in places of amusement. He was a member of the society of the Unitarian church, took some interest in Masnie events. He was a mason of the thirty-second degree, and belonged to the village Improvement society. At the time of his death nobody had doubted the integrity of Weymouth. Then came the news that Weymouth had stolen thousands of dollars from the corporation. The surplus funds in the Wachusett bank had been drawn from time to time.

SKIN DISEASES HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the article has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthful state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the BLOOD and REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, healthful blood, nature's evaporation is renewed, and the skin becomes soft and smooth. Book of Skin Diseases and medical advice free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

SLIMES IN THE CLASS ROOM.

Hartford, Ct., Oct. 11.—A fourteen-inch garter snake, appearing suddenly in a class room at Trinity college, threw the class into disorder and gave some of the students a good scare before it finally wriggled out of the room to the campus, where it met death at the hands of a student.

It was while Professor G. A. Klesse was lecturing on economies that the snake crawled from a hole in the wall and after remaining a while near the professor's desk crawled to the foot of a student's desk and made its presence known. Instantly the class was in an uproar and it did not come to order until the reptile left the room.

In connection with the incident it came out also that two snakes had been killed in the "Catacombs" under Jarvis Hall, and that a freshman who was taking a bath in the basement of that hall had been a precipitate retreat when a garter snake wriggled over his toes in the bathroom.

Chamberlain's Cough Remedy Cures Colds, Croup and Whooping Cough.

The Famous Rayo Is the Lamp of Real Beauty because it gives the best light of all lamps. The Rayo gives a white, soft, mellow, diffused light—easy on the eye because it cannot flicker. You can use your eyes as long as you wish under the Rayo light without strain. The Rayo Lamp is low-priced, and even though you pay \$5, \$10 or \$20 for other lamps, you may get more expensive decorations but you cannot get a better light than the low-priced Rayo gives. A strong, durable shade-holder holds the shade on firm and true. This season's new burner adds strength and appearance. Once a Rayo User, Always One. Standard Oil Company (Incorporated)

**City Brevities**

Today's weather: Partly cloudy and cooler.  
Yesterday's temperatures: Seven a. m., 53 degrees; noon, 57; 7 p. m., 48; maximum, 57; minimum, 48.  
John Stiles, probate judge of Menominee county, was in the city yesterday.  
Mrs. J. M. Martin of Tacoma, Wash., is the guest of her sister, Mrs. T. B. Catlin, at the prison.  
This being Columbus Day, a legal holiday, the city hall and court house will be closed.  
City Recorder Dan Donovan is a patient at St. Mary's hospital, threatened with typhoid fever.  
The Degree of Honor will hold a card party at Keough's Hall Thursday evening. Lunch will be served.  
The Delta Alpha society will meet at Miss Jessie Stroug's home, West Park street, this evening at 7:30.  
It is generally believed that the smoky atmosphere of the last few days is caused by smoke from the Minnesota forest fires.  
The annual Knights of Columbus ball will be given in Fraternity Hall this evening, and a large crowd is expected to be in attendance.  
Dr. H. M. Cunningham is still located in his offices in the Savings Bank building, and will not move into the Frei block until next Monday.  
The funeral of Mrs. Katherine Reinhart will be held at 1:45 this afternoon from the residence, 136 Rock street, and at 2 o'clock from the German Lutheran church.  
The funeral of the late George E. French will be held this afternoon at 4 o'clock from the residence, 202 Division street, with interment in Park cemetery.  
John Butala of Princeton passed away at St. Luke's hospital yesterday, after an illness with typhoid fever. The body is at Hager's undertaking rooms, pending the arrival of the deceased's relatives. He was twenty-two years of age.  
Employees of the Stafford Drug company gave a farewell party to Wm. B. Smith last evening at the home of Gus Johnson, North Fourth street. Cards furnished amusement and lunch was served. Mr. Smith will leave Saturday to spend the winter at Spokane, Wash.

**Notice To Teachers**—Only those members of the U. P. E. A., who have badges issued on payment of their dues will be admitted to the lectures arranged for the annual meeting at Negaunee today, tomorrow and Friday. All other persons will be charged fifty cents for each lecture.  
**Discovered 408 Years Ago**—Today marks the 408th anniversary of the discovery of America by Columbus, and will be observed throughout Michigan as a legal holiday. The observance of Columbus Day is steadily becoming more general in this country, and it is now a holiday in quite a number of states, Michigan having fallen into line two years ago. In most places the observance of the holiday is in charge of the Knights of Columbus and Marquette lodge will celebrate with a grand ball at Fraternity Hall tonight.  
**Sent to Billings, Mont.**—P. Tilling, last receiver of the First National bank of Ironwood, who has been a frequent visitor to this city the past year, has been appointed receiver of a bank at Billings, Mont., which failed a short time ago, and will shortly leave for that city. Mr. Tilling expects to be located at Billings at least a year. He will continue as the receiver of the Ironwood bank until its affairs are closed up, but most of the work there from now on will be done by his subordinates.  
**Poor Received \$42,093**—During the fiscal year ending Sept. 30, Marquette county paid out for relief of its poor \$42,093, an increase of about \$500, compared with the preceding year. Fewer persons by about seventy were aided than a year ago. Of the total amount, over \$21,000 was expended in the Second district, including Negaunee and Ishpeming, while in the First district (Marquette) the expenditure was a little over \$5,000. The poor house cost \$8,000. The poor in the Third district received \$6,963.84.

**Arguments of Attorneys**—All the testimony has been taken in the case of the United States against J. H. Worden, F. E. Duell and Alex. Person, now on trial in federal court, and three of the attorneys had made their arguments to the jury when court adjourned last evening. District Attorney Covell made his opening argument for the government, and Attorneys Larnmonth and Sullivan have spoken for the defendants. Judge Withey will close the arguments for the defense this morning. Mr. Covell will then make his closing argument and Judge Denison will charge the jury. The jury will probably get the case about noon. The charge against these men is that of conspiring to defraud the government out of timber lands.

**Many Priests in Attendance**—The funeral of the late Mrs. Margaret Cleary was held yesterday morning at 9 o'clock from St. Peter's cathedral. Solemn requiem mass was celebrated by Rev. Father Cleary, son of the deceased, assisted by Rev. Father Moriarty, of Marquette, as deacon, and Rev. Father Bennett, of Gladstone, as sub-deacon. Rev. Father Pinton acted as master of ceremonies. Rt. Rev. Bishop Eis was present in the sanctuary; likewise Monsignors Langer of Negaunee and Faust of Baraga. The following clergy were also present: Rev. Fathers Laugan, of Escanaba; Papou, of Menominee; Jodicy, of Marquette; Fillion, of Flat Rock, and Krone, of Marquette. A large number of sorrowing friends followed the remains to Holy Cross cemetery.

**INSURE WITH PETER WHITE & CO. TO PRINTERS.**  
The Mining Journal has a large number of news and job cases and racks, all as good as new, which will be sold for a mere fraction of their value, for cash.  
It will be worth your time to examine our new fall stock of wall papers before placing your order. The Decorating Co., 303 South Front St. (10-5-44)

**W. C. T. U. CONVENTION.**  
Annual Meeting of the U. P. District Is in Session Here.  
With a reception to the visitors and a musical and literary program, the twenty-second annual convention of the Woman's Christian Temperance union of the upper peninsula began its sessions at the Methodist church last evening. In the neighborhood of twenty out-of-town delegates, representing various portions of the Twelfth congressional district, are in attendance. The opening program was as follows:  
Music.  
Devotional service.  
Music—Methodist choir.  
Welcomes—In behalf of the churches, Rev. Mr. Bridges, pastor Baptist church; in behalf of the cities, Harvey B. Hatch; in behalf of the local W. C. T. U., Mrs. Cowden.  
Music—Piano duet, the Misses Hatch and Lewis.  
Response—Mrs. Rowley, Crystal Falls. Vocal solo—Francis Hatch.  
Benediction.  
Reception for delegates.  
The order of proceedings for today has been arranged as follows:  
—Wednesday Morning—  
Devotional service—Mrs. Craig.  
Roll call.  
Appointment of committees.  
Music.  
Reports of unions at Sault Ste. Marie, DeTour, Pickford, Brimley, Drummond, Manistique and McMillan.  
Paper—Mrs. William Wilson.  
Parliamentary quiz.  
Discussion on letter writing.  
—Wednesday Afternoon—  
Deviations—Mrs. Rowley.  
Reading of journal.  
Reports of DeTour Y. Ruyard, Newberry, Thompson, Menominee, Stephenson, Ishpeming and Escanaba unions.  
Music.  
Superintendents' reports.  
Music—Vocal duet, "Just a Little Bow of Ribbon White."  
Symposium by four ladies.  
Reports of Gladstone, Luma, Lancaster, Marquette, Crystal Falls, Iron River, Sault Ste. Marie, Laurium and Houghton unions.  
Music.  
—Wednesday Evening—  
Music—Audience.  
Devotional service—Pastor M. E. church.  
Music—Organ selection by Miss Clara Hicks.  
A short talk—Mrs. Liebenthal.  
Music—Vocal solo, Miss Flora Retailie.  
The children's hour—Led by Mrs. Mabel MacPherson.  
Recitation—Mrs. McDonald.  
An address—Mrs. Sidney Beckock.  
Piano duet—Misses Menhennet and Kern.  
Benediction.  
The convention will close Thursday afternoon. The chairmen of the committees are: Music, Mrs. H. B. Hatch; entertainment, Mrs. Mabel MacPherson; special, Mrs. A. M. Barry. Meals for the delegates are being served in the First M. E. church. The morning meetings begin at 9 o'clock, the afternoon sessions at 2 and tonight's exercises at 7:30.

**City Brevities**

**Guild Hall Notes**  
The indoor baseball team that will go to Ishpeming Friday night to play a game with the Ishpeming Y. M. C. A. will have a practice game in the gymnasium tonight at 8 o'clock.  
A meeting for the purpose of organizing a business men's class will be held at 8 o'clock tonight, in the assembly room. All men interested in the organization of such a club are requested to be present.  
A meeting of the board of managers of the Guild Hall association will be held at the hall at 7:30 this evening.

**Upper Peninsula**  
Sheriff Had Partridge Potpie—  
A partridge flew through a window at the court house at Newberry the other day, smashing one of the big window lights in the county clerk's office into smithereens. The bird was so badly hurt by the broken glass that it was easily captured and went to make an excellent potpie for the sheriff's dinner.

**Much Concrete Sidewalk**  
The amount of concrete work accomplished at Gladstone the past season has broken last year's record. Along every street it is now possible to walk, foot blocks upon concrete except at the street crossings. From Sixteenth to Fourth street on Wisconsin, hardly a wooden walk is to be found. While no figures are at hand, the amount of walk put in this season is said to considerably exceed a mile. And aside from this many concrete basements have been put in and two "monolithic" buildings have been erected. It is the age of concrete at Gladstone.

**Building a Sawmill**  
The Lake Superior Iron & Chemical company, operator of the blast furnace at Newberry, is building a sawmill at that place, as well as a new retort plant. The sawmill will occupy a building 40 by 150 feet in ground dimensions and will have a capacity of 60,000 feet of lumber per day.

**Gladstone Team Is Strong**  
The Escanaba high school football team met the surprise of the season Saturday afternoon when the aggressive Gladstone team fought to a finish and was beaten only by a score of 5 to 0. While reports of the strength of the Gladstone team had been received it was generally believed they were exaggerated. When the two teams lined up at Escanaba and the Upper Bay gridiron warriors repeatedly tore gaping holes in Escanaba's line and time and again threatened to score, it was admitted that the reports of Gladstone's strength were well founded.

**Important Timber Deal**  
Announcement is made from Sault Ste. Marie of the closing of a deal in that city by which M. Perron and Joseph Perron of Escanaba under the firm name of Perron Bros. have purchased 4,000 acres of timber lands from the Wolverine Cedar and Shingle company. The consideration involved is understood to be close to \$40,000. The land lies between Northland and Kates along the line of the Escanaba and Lake Su-

**Wakefield to Have a Bank**  
The Citizens' bank of Wakefield, Gogebic county, will open its doors for business sometime between now and the first of the coming month. M. J. Wolf of Columbus, Ohio, is getting the new financial institution under way. He will not conduct the bank himself and is not financially interested in it, but has simply been engaged by its promoters to see that it gets the proper start. The bank will have a capital of \$10,000, all paid in, and all the stock has been taken by citizens of Wakefield. It is to be a private bank. The institution will be located in the Ringsmith building for the present, but it is intended to build a new home for it in the near future.

### The Foundation of a Home Library

The start of many a good-sized home library has been a few books and a Globe-Wernicke Bookcase.

On the Globe-Wernicke Unit System, your bookcase space increases as your books accumulate. No big investment at one time—only a few dollars occasionally—and presently such a library as is shown below.

### Globe-Wernicke Elastic Bookcases

not only properly house your books, but they add to the charm of any room—adapt themselves to any sized wall-space—fit in odd nooks and corners.

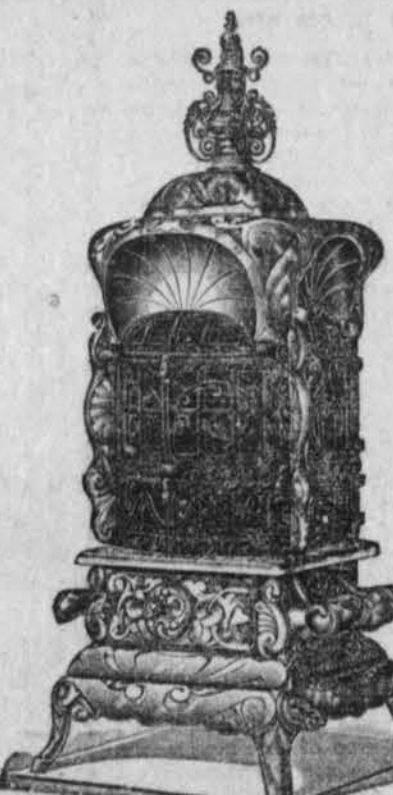

It will be a pleasure to show you our display of Globe-Wernicke Bookcases, in three distinct styles, and fourteen different finishes—making an endless variety of combinations, at prices you will consider very low.

## F. BRAASTAD & CO.

### The Best Line of STOVES and RANGES

Our line of Home Base Burners needs no introduction to the people of the upper peninsula as they have been sold and used here for the past 20 years and have always given satisfaction. They have kept pace with all the newest ideas in construction and in many respects are far ahead. They are unquestionably the leading line, are artistic and well proportioned and are constructed for the express purpose of producing the greatest amount of heat and comfort with the least amount of fuel and care. They have full base radiation, ventiduct circulation, extra large hot air chamber, double headers, duplex grates, finely nicked.

PRICES, \$37.50, \$40, \$45, \$55.

The Globe line of Steel Ranges, \$35 to \$70.

The Globe line of Oak Heaters, \$11 to \$32.50.

Remember, these stoves are fully guaranteed.

It is easy to pay the Gately Way, which helps you to afford the things which make home bright and cheerful.

### IMPROVEMENTS AT AMERICAN MINE

Additional Ishpeming on Page Seven.

M. A. Hanna Company's Property, Ten Miles West of Ishpeming, Has Been Made an Important Producer of High Grade Ores.

Company Has in Recent Years Installed First-Class Machinery and Much More Equipment, and Substantial Buildings Have Been Erected.

Ishpeming people who a few years ago were familiar with the lay of the ground at and near the American mine ten miles west of the city, which is now being operated by the M. A. Hanna interests, would now hardly recognize it as the same place so completely has it been changed as a result of the company's operations. The developments at the location, and in the townsite of Diorite, are in keeping with the work that the Cleveland-Cliffs Iron company has done the past year at its North Lake and Barnes properties, on the same range but nearer the city. The North Lake property is about four and a half miles from Ishpeming, and the Barnes property is almost in a direct line between the North Lake and American mines.

While the M. A. Hanna company has been adding new surface equipment and developing the underground workings ever since it took hold of the property, some six years ago, their biggest work has been done during the past eighteen months. In this period extensive and modern plants of machinery have been installed and several fine buildings have been erected. When the improvements have been finished there will not be a more complete equipment to be found at any property on the range.

**A Fine Hoist.**

Manager J. R. Thompson and other officials of the mine are proud of the new hoisting plant, which was manufactured by the Thompson-Creer company of Chicago. It is different from most mining plants, in that the two drums are controlled, both when the skips are being raised and lowered, by steam power, making it almost impossible for the man in charge of the brakes to lose control of the skips. The drums are eight feet in diameter and both of them are in use, as two skips are operated. The shaft is now 900 feet deep.

The mine is equipped with a new Noelberg air-compressor, with a capacity of sixty drills. About twenty-five drills are now being operated. The compressor also furnishes air for some of the pumps, and for the machine and blacksmith shops equipment. Some of the pumps in the mine are being operated by steam.

When the Hanna company took over the property, the shaft was 900 feet deep. There are now nine levels, one to each 100 feet of depth. The new engine was installed last April, and it has been operated continuously ever since, without giving the slightest trouble.

A new boiler plant has also been installed this year. There are three Rust boilers, each of 250 horse power. A 900-horse power water heater has been installed and a second feed pump is to be added to the heating plant within a week or two. The plant is also equipped with a circulating pump, used in connection with distributing the steam for the heating of the buildings about the mine.

The coal for the plant is brought into the boiler house by a small hoist, installed in the boiler room. Plans have been prepared for a second coal trestle, and it will be erected in time to receive the winter's supply of fuel. The trestles will have a combined capacity of 5,000 tons, which will be about the quantity that will be needed for the coming winter. A new railway track will be put in leading from a point near the shaft to the second coal trestle. This work will be started within a few days.

**Modern Dry House.**

Within a week or so the workmen will take possession of a modern dry building, which stands on the top of the hill, immediately south of the shaft. The dry has separate rooms for the mining captain, shift bosses and time keeper. The rooms for the captain and shift bosses will be equipped with baths and other conveniences, and there will be both shower and tub baths for the miners. The dry will accommodate in the neighborhood of 400 men. The Lake Superior Heating company has the contract for the installing of the heating system.

**Unique Plan of Separating Ore.**

Practically all of the shaft equipment has been installed since the M. A. Hanna people took charge, part of the old headframe is still in use. Two two-ton skips are being used, but these are to be replaced by four-ton skips, which were received a few days ago. The shaft is equipped with a three-head Gately crusher. Besides reducing the size of ore coming from underground, the plant is also used to good advantage in separating the different grades of ore.

The Hanna people are mining in the old Boston mine, west of the American, and as they are operating under two leases, it is necessary to keep the ore from the two properties separate. The ore is dumped from the skips to a shaker near the mouth of the crusher. It remains on the shaker for a minute or so, while a man inspects it for rock. After leaving the shaker it passes into the crusher. The American ore is dumped into one side of the crusher and the Boston ore into the other side. As fast as it is reduced in size the ore is carried on an endless belt to tram cars at the top of the trestle. The men are informed by bell signals whether the ore comes from the American or the Boston, and the ore is accordingly dumped in separate piles. Trestles are now being constructed for the extension of the ore piles during the winter months. A steam shovel will soon be put in operation to load rock from the old dump, to be used for filling the swamp, which is to be converted into stocking grounds.

The stock pile grounds, which are about half way between the shaft and the bluff on the north side, and it is the intention of the management to complete the fill a couple of hundred feet farther north.

The crusher plant, also an electric dynamo, is operated by a separate engine, installed in the lower part of the crusher house. The dynamo generates power for the operation of the machinery in the machine and blacksmith shops and for the lighting of the surface and the various buildings. An electric handling system is soon to be installed, the power for which will also be furnished by this plant.

**Shops Well Equipped.**

The new machine and blacksmith shops buildings, which were recently finished, are now completely equipped with the modern machinery. The machine shop has lathes, drilling machines, planers, etc., and the mechanics are not only taking care of all of the repairs, but they are turning out considerable new work. The blacksmith shop is equipped with two power drill sharpeners and two forges are kept busy. A track is soon to be put in, extending from the shaft to the shops, for handling drills and other equipment.

**Some of the Buildings.**

Only two or three of the buildings that were used by the former operators are now standing. One of these is the old office which occupies a place on the hill, directly back of the new office building, and the other is the dry, which will soon be abandoned. All of the buildings erected by the company are modern and of ample size to meet the requirements of the mine. The new office building contains several rooms, and the laboratory building adjoins it on the east. The latter is in two large rooms and it has a first-class equipment. The company is now erecting a new carpenter shop, which will be ready for use within a week or two.

The company is at present employing over 300 men, and it is expected that this force will be added to by the opening of the shipping season next year, as with the improved machinery in operation, and with larger skips and larger tram cars underground, the output can be considerably increased. The new tram cars have been received and they will go into use as soon as the large skips are installed.

Manager Thompson has an efficient corps of assistants. The underground work is in charge of Captain John Clemons, and the bosses working under him are John Owens, Solomon Aho, Will Evans, Sam Pearce, John Nancarrow, Bert Morriette and Ed Dalton. Alex Noell is master mechanic, James Tucker, cashier, Charles Johnson, surface boss, and Tate Schenckel, chemist.

**Attractive Townsite.**

The townsite of Diorite, which was planned by R. P. Bronson and others, and which lies between the mining property and Lake Makinen, is an attractive one. Three streets have been laid out, exclusive of the one in front of the company's ten dwellings, which stand in a row, immediately south of the townsite. Space has been reserved between the company's dwellings and the buildings in the townsite for a baseball diamond. The new schoolhouse is between the company's dwellings and the townsite, on the south side of the plot used for play grounds.

There are now nineteen houses in the townsite proper, and Dr. R. E. Spinks, the company's physician and surgeon, is just moving into his new dwelling, east of the townsite, on the north shore of Lake Makinen. He has a large part of the doctor's house R. P. Bronson has just completed a dwelling, and this week he began the erection of two more.

All of the space between the lake and the Diorite bluff on the north will be platted, in none of the lots is a road outright. A road is now being cut through from the townsite to the dwellings being erected by Mr. Bronson.

John H. Jacobs of Marquette has several fine dwellings on the hillside, south of the mine, on the highway leading to Clarkburg. All of these houses were erected since operations were resumed at the mine. The Chicago & Northwestern Railway company has provided a neat depot, which is in a direct line with the Jacobs' properties and the mine.

**Store to Be Enlarged.**

The Diorite Store company, which established its mercantile business in the townsite over a year ago, under the management of Nicholas May, is just completing an addition fourteen by forty feet in size at the east side of the store building. The original building is twenty-six feet in width by seventy feet in length. The new portion will be used for dry goods, furnishings, clothing, etc., and the room now occupied by the general stock will be used almost exclusively for the grocery department. The meat market is in the rear of the main store room. The company has a combination warehouse and stables at the rear, twenty by forty feet in size, and two stories high.

A portion of the second floor of the building is now used as a store room and sleeping quarters for the clerks, but all of this space is to be given over to the hall and club rooms, as soon as a change to the new addition can be made. When the partitions are removed the hall will be twenty-six by seventy feet in size. It has a fine hardwood floor for dancing and the management of the store has provided billiard and pool tables for the use of the men living in the townsite and at the mining location.

### MYSTERIOUS RAFFLES.

**Young Man Performing At Ishpeming Theatre Has Created Much Comment.**

Raffles, the man of mystery, who offered a reward of \$50 to anyone who could make him smile, greatly enjoyed his experiences on the streets yesterday afternoon and early in the evening. He did not attempt to conceal his identity and talked with many people, including men and women, a number of whom attempted to make him smile.

Raffles' safe and water tank act, which he performed Monday night, and again last night is a complete mystery. Before being locked in the steel safe Monday evening he was securely fastened into a mail bag. He was placed in the safe and in less than a minute he stepped out with the bag in his hands. Before the safe was lowered into the water tank Raffles was shackled from head to foot and the door of the safe was bolted and locked with a half dozen or more padlocks, while several chains were placed around it. After the safe had been in the water a minute or so it was drawn out and the door unlocked, but Raffles was not there. A spot light was then thrown on the plate glass front in the tank and the audience could see him releasing himself from the shackles. He announced that some evening during the week he will try to break his record for the length of time he has remained under water.

Barnum, the hypnotist, is one of the cleverest performers in his line ever seen here. He gets his subjects under control very quickly. Mr. Barnum gives an interesting explanation of hypnotism.

### DEATH OF MRS. RUSSELL.

Wellknown Ishpeming Woman Passed Away Yesterday Morning.

Mrs. William Russell, who had been ill for more than a month, died yesterday morning shortly before 3 o'clock. Death did not come unexpectedly as she had been unconscious for several hours. Mrs. Russell submitted to a surgical operation about ten days ago, prior to which time her condition had been serious. She rallied following the operation and for two or three days it was thought that she would recover.

The deceased was the oldest daughter of Captain and Mrs. J. H. Rough of Negaunee, and she was very wellknown and highly esteemed here. She was born at the Jackson location thirty-two years ago and was married while Captain Rough and his family lived in this city. The husband and five children, the oldest nine years of age, and the youngest about three, survive.

The funeral will be held tomorrow afternoon at 2 o'clock from the First Methodist Episcopal church, and interment will be in the Ishpeming cemetery.

### CIVIL SERVICE EXAMINATION.

A competitive examination under the rules of the United States civil service commission for the position of forest clerk in the forest service will be held on Nov. 23, at 9 a. m., in Ishpeming. The position is available only for a man and the entrance salary is from \$1,100 to \$1,200 per annum. Applications for the examination must be made in the prescribed form, which, with necessary instructions, can be obtained from the commission's local representative, Joseph J. Martin, at the postoffice. Applications will not be accepted unless received by 10:45 p. m. of Nov. 5.

### Business Boys Have Arranged for a Two-Team Class League.

The captains of the two indoor baseball teams that will participate in the Business Boys' class league series at the Young Men's Christian association met Monday evening and selected their players. The teams will be known as the "Cowboys" and the "Tenderfoots." The former will be captained by Tommy Martin and the latter by J. Watters. The boys selected for Martin's team are Lind, Gomish, Elson, Avilliams, Gordon, Drew, Stranberry, Martin and Magnuson. Those composing the Tenderfoot team are Watters, Siewe, Rowe, Stevens, Nelson, Miners, F. Blight, Gripp, C. Blight and Bettinson.

### PHYSICIAN ENTIRELY CURED OF ECZEMA.

By the Use of Cuticura Remedies. Prescribes Them and Says They have Cured when Other Formulas Failed. They Always Bring Results.

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed.

"I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for twenty years, and must say I find your Remedies A No. 1. I still find the Cuticura Remedies as good as ever. They always bring results. G. M. Fisher, M.D., Big Pool, Md., Dec. 4, 1909."

### DOCTOR RECOMMENDED THE CUTICURA REMEDIES.

"When I was ten or twelve years old I had a scalp disease, something like scald-head, though it wasn't that. I suffered for several months and most of my hair came out. Finally they had a doctor to see me and he recommended the Cuticura Remedies. They cured me in a few weeks. I have used the Cuticura Remedies, also, for a breaking out on my hands and was benefited a great deal. I haven't had any more trouble with the scalp disease. Miss Jessie F. Buchanan, R. F. D. 3, Hamilton, Ga., Jan. 7, 1909."

Cuticura Soap (25c), Cuticura Ointment (50c), Cuticura Resolvent (50c) and Cuticura Pills (25c) are sold throughout the world. PATER DRUG & CHEM. CO., Sole Props., 135 Columbus Ave., Boston, Mass. **2¢ Mailed Free.** 25¢ per Cuticura Book on Treatment of Skin and Scalp Diseases.

### ENTERTAINMENT FRIDAY EVENING.

Professor Alfracta H. Niver, who has a national reputation as a high class entertainer, will give a full evening, assisted by her husband, an excellent guitar artist, at Braastad's Hall, Ishpeming, Mich., Friday evening, Oct. 14, 1910, at 8 o'clock. All who attend are promised a rare literary treat. Admissions, 25 and 15 cents.

Owing to repairs that are being done on the Methodist church it is necessary to change the place of this entertainment to Braastad's Hall.

The Bayfield (Wis.) Progress said of Miss Niver:

"The reading Saturday night at the Presbyterian church by Mrs. Niver was certainly a treat to those who were fortunate in being present. Her rendition of the numbers on the program showed that her work is truly classical and still without the least affectation. She has a rich mellow voice and gives pure dramatic effect to the author's story."

The Whitewater Register said:

"Perhaps one professional reader in five has that mysterious something of personality without which no reader has ever risen above mediocrity. Whitewater people have never listened to any one gifted with more of that rare power to 'make one forget' and be 'carried away' than is Mrs. Niver. Furthermore, Mrs. Niver is original in her interpretations and discriminating in the selecting of materials, all of which adds to the great popularity of her entertainments."

Miss Ida Gill has taken a position as stenographer and bookkeeper with Grinnell Bros.

### ISHPEMING BOYS IN TROUBLE.

A Flint despatch printed in the Detroit News, says:

"Benjamin Hassinger and Jack Charbonneau, both 18 years old, who say they live in Ishpeming, are under arrest charged with burglarizing a local store and obtaining about \$70 worth of loot.

"The lads say they came to this city in search of employment, but could obtain none and were forced to commit thefts. The police are endeavoring to fasten a number of petty crimes that have occurred within the past few weeks on the youths. The articles stolen in the last robbery, for which they are held, were found in the room where the boys were lodging."

ITALIAN METHOD.

Voice culture and true tone production. Mr. J. J. Ryan, pupil of Hermann Dervies, Chicago Conservatory of Music, will be pleased to take pupils. Terms reasonable. Voice tested free. Apply at Lurie theater or at Ernest Collins' piano studio, upstairs. (10-12-21)

### Safety and Service Combined

It often occurs that the effort to procure positive safety for funds results in a degree of laxness with reference to service. This bank, however, combines both positive safety and efficiency of service in the highest degree. Its officers are always pleased to render every assistance within the bounds of careful, conservative banking.

#### D. T. Morgan & Co.'s Letter.

Trading was rather light in New York today, said to be largely due to the holidays tomorrow, but prices were better, especially in Amalgamated, Anaconda, Steel and Smelted, and the market was expected for some time, the market will move upward from now on.

#### George F. Roe's Review.

The New York market showed a very firm tone with very good buying in Steel and Amalgamated, Anaconda, Green Cananea and North Butte were the active and strong features on Boston.

## Negaunee Department

### INSTITUTE MEETINGS BEGIN TOMORROW

Over 500 Teachers Expected to Attend Educational Sessions in Negaunee.

L. L. Wright, superintendent of public instruction, has issued a circular requesting that the schools be closed tomorrow and Friday, because of the teachers' institute to be held in Negaunee. Teachers attending these meetings are entitled to their full salaries.

Superintendent Orr Schurtz yesterday said that at least 500 teachers are expected to attend the institute from tomorrow morning. The teachers from Houghton, Keweenaw, Baraga and Ontonagon counties will not arrive until 2 o'clock. As educational meetings were held last week in Houghton and Keweenaw counties, it is not expected that there will be a round table talk, proportionately as from other places in the upper peninsula.

All of the schools, with the exception of those in Houghton and Keweenaw counties will be closed Thursday and Friday and most of the teachers will come to Negaunee. About forty are coming from Iron Mountain and from thirty-five to fifty from Escanaba. All of the teachers in Marquette and Ishpeming will attend.

The institute meetings will open tomorrow morning at 9 o'clock, when the commissioners will have a round table talk. Several of the section meetings will be held tomorrow afternoon, and sessions will also be held Friday, morning and afternoon. The meetings scheduled for tomorrow afternoon are music and art sections, high school and science sections, and kindergarten and primary sections. Mabel McGraw of Iron River is chairman of the music section and Clara Williamson of Marquette is chairman of the art section. C. L. Phelps, principal of the Calumet high school, is chairman of the high school section, and Miss Amanda T. Hamilton is chairman of the primary section.

Dr. Frank W. Gumsulius, president of the Armour Institute of Technology, of Chicago, will be the speaker at the public meeting to be held tomorrow evening in the auditorium of the high school. Dr. Gumsulius is one of the leading educators of the country and his address will be on the theme "The Next Step in Education." The teachers will be admitted to the lecture without charge, but the general admission charge will be fifty cents. The money received will be used to defray the expenses. Music will be furnished by the high school orchestra, the Girls' Glee club, and a ladies' quartet, composed of Mrs. Marden, Miss Julia McAniff, Mrs. Peter Trudell, Jr., and Miss Emma Laughlin.

The people of Negaunee are invited to attend the public reception Friday evening. No invitations have been sent out, Trombly's orchestra will furnish music during the reception and refreshments will be served later. Following the reception there will be dancing in the gymnasium.

Jones' dairy farm sausage today at Haupt's grocery. (10-12-11)

#### INSPECTED CEMETERY.

Members of Council Visited New Burial Grounds Yesterday.

Mayor Elliott and members of the council and board of public works spent the afternoon of yesterday inspecting the new cemetery and the new and old home houses.

Cemetery matters are being generally discussed and all are wondering what regulations will be adopted. The question as to the sale of the lots is being talked about considerably. The city will have to charge for the lots or raise money by taxation each year for the maintenance of the cemetery. The lots in the present city cemetery were free, though a number claim to have paid for them. If any charges were ever made for the lots, those collecting the money had no authority to do so. The lots in the Catholic cemetery have been sold at \$10 each. It is understood that the lots in the new Catholic cemetery will also be sold.

The lots in the new cemetery are much larger than those in the old. They are twenty feet in width by fifteen feet long. The lots in the old cemetery are ten feet square. Some of the city officials have suggested that the lots in the new cemetery be sold at from \$10 to \$40 each, according to their location.

The men of Negaunee are invited to call and see the new line of Wilson hats, which I have just placed on display. A large assortment to make your selection from. H. J. Peterson, Mulvey block. (10-11-10)

#### LARGE SKYLIGHT.

The skylight being put in the roof of the Negaunee National bank's new building, on East Iron street, will be completed within a few days. F. J. Clark, the contractor, who has the contract, has had three men working there for nearly three weeks past. The structure supporting the lights has three tiers of rafters and it is being solidly built. The ventilator on top will be made of glass and the skylight will be sixteen feet square. The men who were installing the vault equipment have completed their work, and the vault will be plastered within a few days.

#### COLUMBUS DAY CELEBRATION

Italian Societies Expect to Have Large Turnout.

The members of the two Italian societies of this city have for several days shown much interest in the Columbus Day celebration, to be held today, and it is expected that all of the members of both organizations who are able to attend will participate in the parade this morning. The procession will be formed in front of the Scandinavian society's hall, on Gold street, and the line of march will include all of the principal business and residence streets of the city. The societies have prepared two floats, both of a patriotic character. At the conclusion of the parade the members will assemble at the grand stand, in the city square, where they will listen to an address by Congressman H. O. Young. In case the weather is unfavorable the speeches will be given in the Scandinavian hall. The celebration will be continued during the afternoon and evening, when there will be dancing from 2 until 5 and from 8 until 12 o'clock. The Italian band will furnish the music.

Jones' dairy farm sausage today at Haupt's grocery. (10-12-11)

#### ICE MACHINE WORKS FINE.

Hanson & Sons, the Tobin street meat dealers and grocers, who recently installed a Wolf, Sayer & Heiler's ice machine, are much pleased with their investment. They report that the plant is giving satisfaction in every particular. The meats are kept in perfect condition. No "trimming" is necessary, such as sometimes was the case in the past, and there is not the dampness resulting from the uneven temperature of the refrigerators in general use. The new system is economical and satisfactory and Hanson & Sons are thoroughly pleased with it. It means the best of meats all the time.

Jones' dairy farm sausage today at Haupt's grocery. (10-12-11)

#### LOCAL LACONICS.

George J. Maas, who has been confined to his home the greater part of the past two weeks, is able to be out again.

The stores of Rosen Bros. & Klein, Levine Bros., and Joe Lowenstein will be closed tomorrow in observance of a Jewish holiday.

Mrs. William Russell, oldest daughter of Captain and Mrs. J. H. Rough, of this city, died yesterday morning at an early hour at her home in Ishpeming. The funeral will be held in Ishpeming tomorrow afternoon at 2 o'clock and interment will be in the cemetery there.

Teachers are notified that only those members of the U. P. E. A. who have badges issued on payment of their dues will be admitted free to the lectures arranged for the annual meeting to be held here today, tomorrow and Friday. All other persons will be charged fifty cents for each lecture.

A number of young Englishmen have arrived from their native place in Cornwall the past week or ten days. Most of them have relatives or friends here and they are not having much difficulty in securing employment. Most of the new comers worked in the mines in the old country and they are taking underground jobs here.

It is reported that the woods are fairly alive with partridge hunters. The weather has been favorable for the sport and nearly every man who has time to go into the woods is out with a gun. It is said that a number of partridge are being shot. It is estimated that in the neighborhood of 150 men and boys hunted in the woods out from Palmer Sunday.

Math Franzen, a Milwaukee undertaker, arrived in Negaunee yesterday and will leave today with the remains of the late Mrs. Reiner Hoch and Mr. Hoch's two children, which are interred in the Negaunee cemetery. The remains will be re-interred in Calvary cemetery at Milwaukee. Mrs. Hoch died twenty-two years ago. One of the children was drowned in the old mine pit on Gold street, near the union passenger depot.

Morris Leonville and Miss Mandolina Guglielmo were married Saturday by Judge Veran at his office in the Kuhlman building. The bride recently arrived in Negaunee from her native place in Italy. Following the marriage a large number of the Italian friends of the contracting parties celebrated the event. They drove to Ishpeming in carriages. Among those in the party were a number of musicians, who furnished music for the procession. Mr. and Mrs. Leonville will live near the Blue location.

The funeral of the late Peter Krier, who died at St. Mary's hospital at Marquette, will be held this morning at 9 o'clock from St. Paul's church, under auspices of the German Aid society. The deceased was an old resident of Negaunee and for some years conducted building work. About a year ago he fell into the basement at his building house and injured his neck so badly that he never fully recovered. Mr. Krier lived at Ishpeming before coming to Negaunee and he was a police officer there for a few years.

The Wilson hats for fall and winter wear are nobly. I have placed on sale a large assortment from which to make your choice. H. J. Peterson, Mulvey block, Negaunee. (10-11-10)

#### DO IT NOW.

Phone or mail me your order for your winter's supply of potatoes, to be delivered from the car to your house. Guarantee them to be A. No. 1 White stock and heavy with price. Cars will start coming in about Oct. 15. Get in early. Bell phone, 86; County phone, 430. Address mail orders or inquiries to B. J. Goodman, Forsyth P. O., Mich. (10-5-11)

A serious blow has been given the city of Bessemer by the closing of the Colby and Fronton mines, about seven hundred men being thrown out of employment. The suspension came as a great surprise. It is not known how long it will continue, but for the present at least no ore is being produced, only enough men being retained to keep the pumps going and to do other necessary work. The mines are operated by Corrigan, McKinney & Co.

#### ISHPEMING IN BRIEF.

Lou Hoffman was here from Green Bay yesterday.

Mr. and Mrs. Michael Cuddady, 325 West Johnston street, are the parents of a daughter.

The front of the Anderson block,

corner of Main and Pearl streets, is being repainted.

J. D. West and wife arrived home yesterday from Chicago, where they spent a few weeks visiting relatives.

Two flaming lamps have been placed in front of the Lyric theatre, in the Quayle block, on Main street.

The public schools of the city will be closed tomorrow and Friday, because of the teachers' institute, to be held in Negaunee.

The stores of N. E. Skud, M. A. Kahn and Joe Lowenstein will be closed tomorrow in observance of a Jewish holiday.

Ernest Collins will conduct his second recital next Friday afternoon at 4 o'clock at his studio in the Quayle block on South Main street. J. J. Ryan, who sings at the Lyric theatre, will be heard in the program.

The time of the funeral of Joseph LaBreeche's four-year-old son, Paul, who died Sunday night at the family home at St. Ignace, will be held this afternoon at 2 o'clock, instead of at 9 this morning, as at first planned. Services will be conducted at St. John's church.

Miss Helga Frsdine has been called home from Milwaukee, where she is engaged as a nurse, on account of the illness of her sister, Miss Minnie, who was recently taken down with typhoid fever in Negaunee, where she is employed in Dr. N. J. Robbins' hospital. Miss Helga will take care of her sister during her illness.

The last summer social meeting of the members of the Ishpeming Ski club, and their ladies, will be held tomorrow evening at the club house, at Deer Lake. A bus will leave the Nelson house at 7:30 o'clock for the accommodation of those who wish to ride. There will be dancing and a lunch will be served. Wadhman & Son have been given a contract to remodel the club house, and

## One True Medicinal Whiskey

Beware of So-called Ones—Imitations

Unscrupulous dealers, mindful only of their profit and caring nothing for the health of their patrons, are offering for sale low grade mixtures, which they tell you are "as good as" Duffy's Pure Malt Whiskey.

Some go so far as to try to make you believe it is Duffy's Pure Malt Whiskey. These cheap concoctions are foisted on the people with the intent to deceive.

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessing of health into so many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise. They may imitate the bottle and label only—no one can imitate the contents.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain. Its palatability and its freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It has been used with remarkable results in the treatment of consumption, pneumonia, grip, coughs, colds, malaria, fevers, stomach troubles and all wasting and diseased conditions.

It is sold in sealed bottles only. The Old Chemist's Head is on the label, and over the cork is an engraved seal. Be certain the seal is unbroken. Sold by druggists, grocers, dealers, or direct, \$1.00 a large bottle.

Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and valuable medical booklet containing testimonials and common sense rules for health, both sent free.

# RETURNED FROM LONG AUTO TRIP

### P. G. Teeple and M. A. Doty and Wives Arrived in Marquette Last Night, After Having Motored from Mackinaw to Detroit and Around Lake Michigan.

### Two-Weeks Journey Was Made in a Buick Model "16" Car, Which Ran Smoothly All the Way—Are Satisfied That Michigan Outclasses Her Sister States.

Mrs. and Mrs. P. G. Teeple of this city, and Mr. and Mrs. M. A. Doty, of Munising, returned to Marquette last evening, after having completed an automobile trip through lower Michigan, Indiana, Illinois and Wisconsin, the entire distance traveled by motor car being 3,000 miles. The trip was made in Mr. Doty's Buick Model "16" car and the party started from Mackinaw City two weeks ago this morning. The car was shipped by water from Marquette to Mackinaw city.

With the exception of a little minor tire trouble, the car ran perfectly during the entire trip, which was an exceptionally enjoyable one. The weather was delightful nearly all the time and most of the way, the roads were found in good condition. Speaking of the roads Mr. Doty said last evening: "Not only did we find a stretch of road that compares with that between Menominee and Marquette. The road between these two cities is excellent, with the exception of three or four miles near White Lake, which is rough but easily passable." Starting from Mackinaw City, the route was south to Petoskey, to Manvelona, to Traverse City, to Cadillac, to Mt. Pleasant, to Saginaw, to Flint, and then to Detroit. From Detroit, they followed the main line of the Michigan Central through Jackson and Battle Creek to Niles, through LaPorte and Michigan City, Ind., into Illinois to Chicago, Hammond and Gary. They followed a route some distance from Lake Michigan to Milwaukee and then up the lake shore to Shelbyville and from there across country to Grand Bay, Tenn. From that city, the route was through Oconto, Menominee, Powers, Norway, Iron Mountain, Republic, Clarksburg, Ishpeming, Negaunee and home. The run from Powers to Marquette was made yesterday.

**Michigan Beats Them All.**

Both Mr. Doty and Mr. Teeple have returned more proud of Michigan than ever before, and declare that it has the advantage in a comparison with any of the other states they traveled through. Michigan has the best roads, the most delightful cities and altogether the finest farming country. "Michigan farms look more thrifty than those of Wisconsin," says Mr. Teeple. "Not only are the crops good, generally speaking, but we were astonished at the fine barns and houses we saw in the lower peninsula, especially in the northern part. Wisconsin farms have many very fine barns, but the houses are not up to the standard of those in which Michigan farmers reside. Northern Illinois farms were the only ones we found that can compare with those of this state."

"Upper peninsula roads are the best of any we found anywhere on the trip. There are better roads in the northern part of the lower peninsula than in the southern counties. From Mackinaw City through the Saginaw the roads are mostly gravel turnpikes, but farther south there are many clay roads, which are nasty, especially in wet weather. Michigan would do well to adopt a system of guidposts on their highways, such as we found in Illinois. These boards are a great convenience to travelers."

**Osborn is Strong.**

"Did you make any study of the political outlook in the lower peninsula?" the reporter asked.

"Yes, we did," was the reply. "At every stop we made it a point to ask how the people of the community felt toward Osborn and Hemans. We found very little Hemans sentiment, except in the extreme southern part of the state. Throughout northern and central Michigan, Osborn is very popular and we were told that he would get a large majority of the vote. We were especially pleased to find that the Warner and Kelley supporters before the primaries have climbed into the Osborn band wagon and are among his most enthusiastic supporters. "The people are pleased with Osborn's frank anti-primary campaign and I am confident that he will be elected by a large majority."

Mr. and Mrs. Doty will return to Munising in their car today.

## HOTEL SUPERIOR PROJECT

Miss Maggie Walz Has Not Given Up Hope of Its Consummation.

Miss Maggie Walz, who was in Marquette yesterday, still has confident hope of the ultimate success of the so-called "Hotel Superior project." Miss Walz has just returned from a trip abroad. She spent last week in Detroit, interesting club and fraternal society women of that city in her plan for a woman's college, home and sanitarium in Marquette. To a Times reporter, she said:

"The home, which I secured one year ago on option and will have to pay for within five years, was formerly a big sanitarium known as the Hotel Superior. It cost \$300,000 to build. It did not pay as a sanitarium or as a hotel, into which it was later turned, and for some years has been unoccupied. It is splendidly equipped and an ideal place for the sort of institution I hope to make it. It is under option to myself and the board of upper peninsula citizens interested in the project, for \$30,000 and I have pledges for \$27,000 now. I want to have a home for friendless women, old and young, and a place where they may be taught domestic science in all its phases. I hope some day to be able to say the home has solved the 'servant girl problem' in Michigan by supplying first-class maids for housework."

## KNOX HAS NEW PLAN OF ORGANIZATION

### Republican Chairman Favors Better Organized System to Get Out the Votes.

Chairman Knox of the Republican state central committee was expected to submit a comprehensive scheme of organization of the state to the assembled state and congressional candidates and county chairmen when they assembled at the Pontchartrain in Detroit yesterday afternoon.

The plan is one which has been followed with great success in close states where it is necessary to get out every Republican vote, and while Mr. Knox is extremely confident that Chase S. Osborn and the Republican state ticket are in no danger, he does not intend to overlook any bets, and will favor taking up the plan in Michigan.

In brief, it puts in the hands of each county chairman the handling of the campaign in his county, but instead of dividing the county into township units alone for organization it calls for the appointment of a worker in each school district, outside of the cities, who will work with the township member of the county committee to get out the vote and see that meetings are advertised and effective, etc.

The plan also will utilize the state league of Republican clubs in the city. Heretofore the clubs have done little except to stand sponsor for banquets and meetings and keep the party spirit alive, but Mr. Knox proposes that they shall get busy in the cities. A system of pledge cards will be devised whereby each member of each club will pledge himself to get to the polls and bring at least one other voter with him. John W. Egan, president of the state league, was present at the conference and took up this matter with Mr. Knox. From the telegrams flowing in to the state central committee, it is certain that practically all of the state and congressional candidates and about seventy-five per cent of the county chairmen will be present at the meeting.

## MINES SHOULD NOT BE MADE THE GOAT

### Personal Property Returns Indicate Unequal Taxation in Farming Districts.

That the mines of Michigan should not be singled out as the "goat" in the investigation for the purpose of righting existing inequalities in assessed valuation of taxable property, which is likely to be made in this state within the next few years, is shown by comparing the different township valuations returned by the boards of review, particularly in the matter of personal property. Secretary Lundy's contention that there is just as much tax dodging in the rural districts as with the mining companies appears to be borne out by conditions in Marquette county.

The valuation of taxable personal property returned by the various boards of review in this township, it contains the Yalmar and New Dalton lumber mills, the latter of which is one of the largest operators in the eastern part of the county; general stores at Yalmar and New Dalton; a creamery and two large general stores at Skandia.

Choclay township, adjoining Skandia, and of the same general character and population, returns personal property to the amount of \$11,920. Powell township, with a very small farming population and the Northern Lumber company, the Lake Independence Lumber company and the Ives Lake farm as its principal developed resources returns \$81,800 in personal property. West Branch township, with quite a respectable agricultural population, reports no personal property whatever. Wells and Turin report about \$7,500 each, Sands \$1,000, and Negaunee township \$2,000.

In the townships in which mining is the chief industry, the personal property appears to be valued on a more nearly equal basis. Humboldt returns \$3,000; Michiganme, \$10,750; Ely, \$94,180; Rosburgh, \$297,500; Forsyth, \$569,000; Champion, \$192,670; Richmond, \$21,384; and Tilden, \$46,000.

Marquette city returns personal property in the sum of \$1,067,136; Ishpeming, \$1,719,000, and Negaunee, \$1,122,408. If these figures show anything, they show that the rolls of the agricultural districts need revamping just as much as do those in the mining and manufacturing communities.

## GIVEN GOVERNMENT MEDAL FOR HEROISM

### Bravery of Former Marquette Man Recognized by Uncle Sam at Superior, Wis.

In recognition of heroic daring in connection with saving the life of a drowning man near Superior, Wis., last April, the United States government has recently awarded a handsome gold and silver medal to Captain Wheton, formerly a resident of this city, and four other superior men. Captain Wheton was foreman for Powell & Mitchell for about ten years, residing on Park street, but three years ago he left the city to make his home at the head of the lakes.

The deed for which the men are rewarded occurred on April 10. Andrew Anderson was sailing on the lake. When about two miles from shore a squall came up capsizing his boat. Through a supreme effort he righted and climbing within fought with all the strength he had to gain the harbor.

The capsizing of the boat was witnessed by a Mr. Goden. Going as quickly as possible to the government works he notified the men of what had happened. Captain Wheton of the U. S. tug in a short time had together fifteen men who dragged a large sail boat which was equipped for rowing across the point to the lake shore.

When the boat was ready to be launched, Captain Wheton, Thomas Dugan and Glad Pierson got into the boat and tried to shove off, but every time they got out even a foot a big wave would drive them back a greater distance. Finally a huge roller larger than an ordinary house came roaring in and snatched the boat from Pierson. The boat was once more dashed up to the shore. The two men, Dugan and Pierson, were about exhausted from their struggle with the waves when John Conley and William Munning, the latter a lad of only 15, took their places at the oars. With two good oarsmen with the captain the boat was launched again and the party made its way towards Anderson, who was suffering from the wet and cold as well as anxiety. Several times the boat capsized but the men righted it each time. As they reached Anderson his craft again capsized and he was thrown out into the sea. Grasping the painter by his teeth he kept himself up.

Suddenly Anderson and the rescue boat were tossed into mid-air by a huge roller. As Anderson came down with the boat, he was seized by the captain and pulled into the boat. The return trip was made against the wind and the party and rescuee one, soon made shore and were in front of a roaring fire.

Powell & Mitchell state that Captain Wheton, while in their employ, ever showed himself a man of heroic mold. He was thoroughly at home on and in the water, and never showed the whitest feather when courage was demanded, though he was by no means reckless or foolhardy. Mr. Mitchell first met him under unusual circumstances. With a heavy sea raging on Lake Superior, Mr. Mitchell was at Grand Marais, when a vessel in distress asked for tug to pilot her safely across the sand bar into the harbor. The sea was running so high that none of the fish tugs would venture out of the harbor. At length Wheton came upon the scene, and, rigging up his little sail boat, bravely sailed out into the breakers and towed the larger ship through the channel into the harbor.

## STEPHENSON SHIRTS and DRAWERS

THE KIND YOU HAVE ALWAYS WORN

It matters not how particular a man is about his Underwear, he is sure to find his particular kind right here.

We carry every desirable weight and texture in the best makes. Medium weight Underwear in Wool or Merino; heavy weights in Wool, Camel's Hair, Australian Wool, Natural Wool or in heavy Egyptian Cotton.

## A GENEROUS AND CHARITABLE WISH.

"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says J. N. Regan, Farmer, Mo. His kidney and bladder gave him much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him. The People's Drug Store.

## THEATRICAL.

### "The Kissing Girl."

The management of the opera house announces that the Stanislaus Stange musical comedy, "The Kissing Girl" will be presented here Saturday night. "The Kissing Girl" has been characterized by Chicago critics as a "seminary of loveliness." With Texas Guinan featured in the title role, aided and abetted by Harry Hermon, a sterling comedian, Dick Temple, pretty Marion Mills, Mr. Rebill the tenor, and Ida Fitzlugh, an eccentric German comedienne, a cast of principals of unusual merit is assured. The opera comique is in three acts, with settings by the artist Thomas Moses. The costumes are by Scholtz and the military uniforms by Hirsch & Co. The opera is staged personally by Mr. Stange and the dancing novelties are arranged by Charles Jones.
