

HE TAKES THE STUMP FOR THE STATE TICKET

Theodore Roosevelt Opens Whirlwind Campaign in the Interest of the New York Republican Nominees—He Speeds About on a Special Train.

Tammany's Alliance With Wall Street Is His Only Theme, and This Alliance He Declares the Most Corrupt and Shameful Since the Days of Tweed.

Elmira, N. Y., Oct. 14.—With a broadside for Tammany Hall and another side for the Republican party, Theodore Roosevelt opened his campaign today for the Republican state ticket.

Mr. Roosevelt started things going at Dunkirk. Then he sped on a special train through western New York, up the valley of the Allegheny and then down the Chemung valley, making a dozen or more speeches. He had only one theme. It was what he termed the alliance between Wall street and Tammany Hall, which he said was the most complete and most shameful alliance between corrupt business and corrupt politics since the days of Tweed.

Candidate Stimson Speaks With The Authority of Mr. Taft. New York, Oct. 14.—Henry L. Stimson, Republican nominee for governor, said in a speech in Carnegie Hall tonight that he was authorized by Mr. Taft to say that this New York campaign "has nothing to do with the nomination of the Republican candidate for president in 1912."

UPSTATE SENTIMENT STRONG FOR STIMSON

New York City Disaffection Will Be Offset by Enthusiasm Among the Farmers.

New York, Oct. 14.—There is no doubt that at the present time the majority sentiment in this city is setting strongly against the Republican state ticket, or at least against a part of it.

But to offset this there come from up the state reports that whatever losses the Republican ticket may meet with in the larger communities are likely to be offset in the great districts of the state where farming prevails.

Paris, Oct. 14.—As a result of the strong measures put in force by the government the railway strike situation continues to improve. With the exception of the Western road, where tie-up is still in force today, the traffic conditions have greatly improved.

Paris, Oct. 14.—A powerful bomb was discovered by the police today at the foot of a tree near the American embassy. The attempted outrage is attributed to anarchists who sought to put new ginger into the apparently dying railroad strike.

There is one feature of the campaign which is spoken of by every intelligent person as most gratifying. That is the endorsement by the Democratic party of the candidate named for the court of appeals bench at the Republican convention, and on the other hand the endorsement by the Republican organization of the candidate named by the Democratic party for the other one of the two vacancies upon that bench.

are elected by popular vote. The court of appeals bench has for many years maintained a very high reputation among lawyers of the United States.

The Next Legislature. At present there appears to be only one thought in the minds of voters respecting the political character of the next legislature, and that is this: "Will the Democratic majority be elected, so that the successor of Chauncey M. Depew in the federal senate shall be a Democrat?"

INFORMANT IN LINE FOR A BIG REWARD

Raid on Duveen Bros. the Result of an Anonymous Note Sent Collector Loeb.

New York, Oct. 14.—An anonymous note sent to William Loeb, Jr., collector of the port, precipitated the sensational raid yesterday on the establishment of the Duveen brothers, art dealers, and the arrest of two members of the firm.

Lands Valued at \$100,000. Seattle, Wash., Oct. 14.—Munday, Simmonds and Christopher were arrested here today. They were released on bonds.

FIERCE STORM SWEEPS CUBA AND THE ISLE OF PINES. Havana, Oct. 14.—A severe wind and rain storm swept over Cuba and the Isle of Pines today.

Furious Gale on Baltic Sea. St. Petersburg, Oct. 14.—A hurricane swept the eastern coast of the Baltic sea last night, causing many wrecks.

LONDON DENIES BRITAIN HAS RECOGNIZED PORTUGAL. London, Oct. 14.—There is no truth in the report that Great Britain has recognized the republic of Portugal.

FRENCH GOVERNMENT HAS THE UPPER HAND

Railroad Strike Situation Continues to Improve—No Serious Disturbances Anywhere.

Paris, Oct. 14.—As a result of the strong measures put in force by the government the railway strike situation continues to improve.

Powerful Bomb Discovered Near the American Embassy. Paris, Oct. 14.—A powerful bomb was discovered by the police today at the foot of a tree near the American embassy.

One Bright Spot. There is one feature of the campaign which is spoken of by every intelligent person as most gratifying.

DANIEL REID, MILLIONAIRE, WEDS A NOTED BEAUTY. New York, Saturday, Oct. 15.—Daniel G. Reid, millionaire, organizer of the tin plate trust and a director of many large corporations, was recently married to Miss Isabel Carrier.

SEES PLOT TO GOBBLE LAND RICH IN COAL

Government Charges Fraud in the Entry of Claims Involving Almost 25,000 Acres in the Bering Strait District and Will Prosecute the Alleged Offenders.

Evidence Against Men Said to Be Concerned in the Attempted So-Called Steal Is Presented at Tacoma, With the Result That Indictments Are Handed Down.

Washington, Oct. 14.—After months of secret effort, the officials of the general land office were able to announce today the indictment of a number of claimants to coal lands in Alaska.

The indictments were handed down in the United States district court at Tacoma, Wash. The information was conveyed in two telegrams received today from Special Agent Christensen, who investigated the cases.

Both groups of claims figured in connection with the Ballinger-Pinchot inquiry. Charges of fraud in connection with the entries were made two years ago. It was alleged that the inventor, Michael J. Honey, a contractor who was building a railroad in Alaska for the Guggenheims.

Seattle, Wash., Oct. 14.—Munday, Simmonds and Christopher were arrested here today. They were released on bonds.

DANIEL REID, MILLIONAIRE, WEDS A NOTED BEAUTY. New York, Saturday, Oct. 15.—Daniel G. Reid, millionaire, organizer of the tin plate trust and a director of many large corporations, was recently married to Miss Isabel Carrier.

The Weather

Washington, Oct. 14.—The following is the weather bureau's forecast for Upper Michigan: Fair, Saturday and Sunday; warmer Saturday; light variable winds, shifting to moderate south.

WOMAN IS JAILED, ACCUSED OF BIGAMY

Chicago, Oct. 14.—Mrs. Alice Goodwin, said by the Chicago police to have eight husbands, was arrested at Medford, Okla., today. She will be returned to Chicago on a charge of bigamy, made by J. F. Young, one of her husbands.

HER WILL LEAVES MUCH TO CHARITY

Servants, Relatives and Friends Also Share in the Estate of Mrs. Mary Loomis.

Chicago, Oct. 14.—The will of the late Mrs. Mary Hunt Loomis, widow of Colonel John Loomis, was filed here today. The will bequeaths to close friends, eight old servants and several charitable institutions are given bequests amounting to several hundred thousand dollars.

St. Louis, Oct. 14.—Alfred LeBlanc today established what is said to be the world's record for airplane speed over a measured course. LeBlanc made a mile in thirty-three seconds.

Russians Narrowly Escape Death. St. Petersburg, Oct. 14.—Lieutenant Petrovsky and a passenger fell from an aeroplane while up 115 feet today. The lieutenant's face was torn; the passenger escaped unhurt.

WOMEN'S GOLF TITLES LIES BETWEEN TWO CONTENDERS. Flossmore, Ill., Oct. 14.—Miss Dorothy Campbell, of Canada, former British champion woman golfer and holder of the American title, and Mrs. G. M. Martin, American born, but now of Tavistock, England, disputed handily of their opponents in the semi-finals of the women's national golf championship.

EDDY BOXING IS ILLEGAL; MCGORY BOUL CALLED OFF. Milwaukee, Oct. 14.—The ten-round boxing contest scheduled for tonight between Frank Kraus of Pittsburgh and Eddy McGory of Oklahoma was called off. McGory was called off because of a foul in the first round.

Philadelphia Defeated Again. Washington, Oct. 14.—The All-Stars and the Philadelphia team gave a splendid exhibition of fast baseball here today.

CHICAGO BANKERS ORGANIZE A CURRENCY ASSOCIATION. Chicago, Oct. 14.—In accordance with the provisions of the Aldrich-Freedland currency law, Chicago bankers today formed a currency association similar to the New York organization.

SENATOR DOLLIVER STEADILY INCREASING IN STRENGTH. Fort Dodge, Ia., Oct. 14.—That Senator Dolliver is not afflicted with valvular leakage, as rumored, was the statement made today by Mrs. Dolliver. The senator is steadily increasing in strength.

BODY OF CHICAGO MAN FOUND IN LAKE MICHIGAN. Chicago, Oct. 14.—The body of Walter B. Coles, president of the Keeffe-Coles Printing company, was found in the lake today.

PASTOR RESIGNS AS PENALTY. Church Members Object to Minister Witnessing Boxing Match. Pittsburgh, Oct. 14.—When the Rev. D. A. Greene, pastor of Manchester Presbyterian church, accepted the invitation of former Sheriff A. C. Gumbert to witness a boxing match, he resigned his pastorate.

STREET CAR HITS AUTOMOBILE AND FOUR MEN MEET DEATH. Sebring, O., Oct. 14.—Charles Albright, manager of Sebring Bros., photographers, and three employees of the firm were killed today when an electric car hit their automobile.

WISCONSIN'S OLDEST NATIVE. Philadelphia, Oct. 14.—Pleading guilty in the Camden police court to a charge of assault and battery in spanking his wife, Frank Gatz, twenty-seven years old, said: "I didn't think I was violating the law, because I often saw my father spank my mother and he wasn't arrested."

NOTED BEAR HUNTER DEAD. Bangor, Me., Oct. 14.—Benjamin Young, a noted bear hunter, trapper

FLYER GIVES MARVELOUS EXHIBITION

Aeroplane Grahame-White, of England, Alights at Door of Executive Offices at Washington After a Flight of More Than Six Miles Across the City.

He Comes Down in a Narrow Street, Upon the Precisely Selected Spot, Where the Slightest Deviation from the Course Would Have Meant Disaster.

Washington, Oct. 14.—In a narrow street and upon the precisely selected spot, after an aerial flight of more than six miles across the city, Claude Grahame-White, the English aviator, today dropped his aeroplane at the side door of the White House.

AVIATOR LEBLANC FLIES A MILE IN 33 SECONDS. St. Louis, Oct. 14.—Alfred LeBlanc today established what is said to be the world's record for airplane speed over a measured course.

Russians Narrowly Escape Death. St. Petersburg, Oct. 14.—Lieutenant Petrovsky and a passenger fell from an aeroplane while up 115 feet today.

WOMEN'S GOLF TITLES LIES BETWEEN TWO CONTENDERS. Flossmore, Ill., Oct. 14.—Miss Dorothy Campbell, of Canada, former British champion woman golfer and holder of the American title, and Mrs. G. M. WISCONSIN'S OLDEST NATIVE. Philadelphia, Oct. 14.—Pleading guilty in the Camden police court to a charge of assault and battery in spanking his wife, Frank Gatz, twenty-seven years old, said: "I didn't think I was violating the law, because I often saw my father spank my mother and he wasn't arrested."

NOTED BEAR HUNTER DEAD. Bangor, Me., Oct. 14.—Benjamin Young, a noted bear hunter, trapper

WATER OF A NEARBY LAKE BOILING HOT

Eruption of the Bogoslov Volcano in the Aleutian Islands Is More Violent Than Ever Before Known—Flames and Rocks Are Shooting from the Cones.

That There Has Been Discovered a Peak 2,000 Feet Higher Than the Famed Mt. McKinley Also Is News from Alaska—Lies North of the Arctic Circle.

Seattle, Wash., Oct. 14.—Government Engineer Riggs, working on the Alaska boundary survey, reports the discovery north of the Arctic circle of what he believes to be the highest mountain on the continent, exceeding Mt. McKinley by two thousand feet.

MODERN ARCHER SLAYS DEER WITH LITTLE BOW AND ARROW. Patten, Me., Oct. 14.—F. B. Pillsbury of Providence has made good with his little bow and arrow, contrary to the expectations of the natives.

TRADERS SUSPICIOUS OF THE MOVEMENT

Dealings in U. S. Steel in Wall Street Are on an Enormous Scale.

New York, Oct. 14.—Another active day added the speculative movement for a rise in stocks. The revival of the speculative activity removed all the growing out of the crop yield and faith that the revived effect of that country's wealth was destined to work an effective improvement in all values.

HELEN GOULD TO BUILD A \$60,000 SWIMMING POOL. New York, Oct. 14.—Miss Helen Gould is to have a private swimming pool at her country estate in Lyndhurst. It will cost about \$60,000.

HITCHING POSTS MUST GO; HELD MENACE TO HEALTH. Des Moines, Ia., Oct. 14.—Hitching posts in Iowa are deemed as a result of an edict from the state board of health.

HAZING AT ANNAPOLIS. Annapolis, Oct. 14.—Accused of hazing plebes, or underclassmen, who have just entered the institution, four upper classmen at the Naval academy are under arrest.

Trade Situation Irregular. New York, Oct. 14.—Bradstreet's tomorrow will say: "Trade is irregular and still lacks snap, but the better undertone noted last week has become more widely disseminated."

WIFE SPANKER ARRESTED. Philadelphia, Oct. 14.—Pleading guilty in the Camden police court to a charge of assault and battery in spanking his wife, Frank Gatz, twenty-seven years old, said: "I didn't think I was violating the law, because I often saw my father spank my mother and he wasn't arrested."

DAILY MINING JOURNAL

It was announced some weeks ago that President Taft had cancelled his plans for a visit to the Isthmus of Panama.

What's the matter with playing that All Star eleven against the Chicago Cubs?

Republicans who don't like the state platform are advised to forget about it. Certainly the candidates are O. K.

The question of the week in football circles: Can the teams that were trimmed up last Saturday come back?

Collector Loeb's customs sleuths have lost none of their cunning. See Duven Bros. of New York, London and Paris.

The straits of Mackinac already have the two peninsulas of Michigan far enough apart, without Mr. Hemans doing anything to widen the breach.

Before he gets through with his New York campaign Mr. Dix may be able to appreciate just how heavy a lead Wall Street has tried to carry it.

When J. Proctor Knott reflects on the propensity of certain Detroit newspapers to tie up the political dead ends doubtless he is not as disturbed as he might be because they are again him.

Ty Cobb's teammates united in a telegram of congratulations to Lajoie, because he headed the American league batting list and copped the prize automobile.

The fact that Senator Burrows didn't continue to "stand pat" against Mr. Byrnes can be taken to indicate that the senator, when it was too late, came to see that the "stand pat" game is a losing one.

Senator William Alden Smith will be the big gun the Republican state central committee will send north of the straits. Mr. Osborn and Representative Townsend will be kept busy in southern Michigan territory.

The Houghton county Republican committee is busy with plans for an aggressive campaign in the few weeks intervening before election.

Candidate Harding, who wants to be governor of Ohio, visited W. W. Wedemeyer's district this week, to give his candidacy for congress a boost. But, according to all accounts, Harding is much more in need of boosting than Wedemeyer.

Muskegon county proposes to spend \$100 sending an "habitual" to a gold cure institute. On first glance this appears to be a reckless precedent.

Speaker Cannon was not among those present when Colonel Roosevelt visited Danville. He had a pressing engagement in another corner of the country, and left town in an automobile somewhat ahead of the arrival of the Roosevelt special.

Yeukio Ozaki, mayor of Tokio, Japan, said in New York: "I have been mayor for seven years. We do not have the great systems of graft in Japan that are spoken about so much in this country, but I suppose they will come."

Evidently Mayor Ozaki regards them as one of the prospective evils of a more complete and thorough civilization, based on western models.

"To release criminals like Walsh or Morse, when they have scarcely become acclimated to the bars, would," says the Milwaukee Free Press, "be to place a premium upon the perpetration of national banking frauds, to extend an invitation to unscrupulous big business to make the most of every opportunity for plunder."

If the state officials could club the Manistique railway into keeping its road in operation, they might do it. But it is their opinion that they haven't the power.

There has been an exodus from Grand Marais, and the population and importance of the place are to be greatly lessened by the loss of rail transportation to the outside world. It

Cured Stomach Trouble

Mr. Jas. P. Stansel made sound and well after several years of suffering. Read what Mr. Stansel says: "I had stomach trouble for several years and began using Duffy's Pure Malt Whiskey. In a short time I was sound and well."

THE STATE PRESS.

Unfortunate circumstances, which have always been Walter Wellman's chief reliance, have so far prevented his balloon start for Europe.—Pontiac Press-Gazette.

It would not be surprising if the next speaker of the house of representatives were to be the little emporium with the experienced eye of Uncle Joe Cannon constantly upon him.—Kalamazoo Press.

More twins were born in Chicago this year than ever before, says the Chicago Daily News.—Chicago always was a great town for double-headers.—Detroit Free Press.

The people living south of Mason & Dixon's line are having another demonstration of the fact that while Colonel Roosevelt lives in Oyster Bay he is not a clam.—Flint Journal.

Chicago proudly holds second place in the galaxy of American cities, but stubbornly refuses to use soap and towel on its political face.—Saginaw News.

King Manuel is no doubt being fast converted to the theory that it is better to be half a king than no king at all.—Saginaw Courier-Herald.

Quite a bunch of gamblers remain in Reno until such time as a little honest work on their part will result in sufficient funds to carry them to pastures new.—Pontiac Press Gazette.

LOWER STATE NOTES.

WHITE CLOUD—A petition containing 1,900 names was presented to the board of supervisors asking for a resubmission of the local option question in Newaygo county at the spring election.

LANSING—There is little doubt that the next legislature will be asked to appropriate money for additional buildings at the Home of the Feeble Minded and Epileptic at Lapeer, as Auditor General Fuller states that something must be done immediately to relieve the overcrowded conditions at that institution.

GRAND RAPIDS—Judge Perkins has granted a decree of divorce to Stella McGill from Charles W. McGill, assistant attorney general, by the terms of which the complainant is given the custody of a minor child and the defendant is required to give Mrs. McGill \$1 in lieu of her dower rights.

PORTLAND—John McClelland had an exciting chase after a burglar whom he discovered in his house at an early hour. The fellow had entered the house and after ransacking the lower floor went upstairs, where after robbing McClelland's trousers of \$16 and his wife's pocketbook of \$1, escaped a flashlight in McClelland's face, awakening him.

FLINT—Rev. Francis L. Church, pastor of the North Baptist church of this city, has accepted a call to the Michigan Avenue Baptist church in Saginaw and will preach his first sermon there the first Sunday in November.

IONIA—Anna Vanassche, a beautiful girl of the Belding silk mills caught with having written herself and another girl anonymous letters, and carried a revolver, is in the custody of the sheriff.

LANSING—Treasurer Harvey Wilson, of Ingham county, presented an unique claim to the board of supervisors. Although a strong advocate of local option last spring, the treasurer evidently finds that his fees are somewhat lower and desires to be reimbursed.

HOLLAND—Although it was supposed that Abraham Van Der Kool would pay a fine of \$10 rather than serve twenty days in jail for the prisoner struck to his declaration in justice court that he would not pay one cent for cutting up a tree on a neighbor's lawn.

TRAVERSE CITY—In a letter to the board of supervisors of Grand Traverse county at a recent session, the state board of charities and corrections condemned the county poor house and made severe criticisms of its inadequacy and lack of suitable sanitary equipment.

MUSKEGON—Muskegon county is asked to defray the expenses incurred in snatching a brand from the burning, or, in other words, in trying to "effect a cure for drunkenness in the case of By-By A. Way. Way admits he is an habitual drunkard, has tried to reform repeatedly only to go down and out in his struggle against old J. Barleycore. He stands ready to sign an agreement to take all that is given in extreme

HERE AND THERE.

Australia's old-age pension scheme will cost it about \$1,020,000 for its first fiscal year. This amount is expected to increase as the population grows.

British cotton mills bought 5,700 fewer bales of raw cotton in August, 1910, than in the same month last year. But what they did buy cost them \$2,000,000 more.

In 1906 the public debt of Portugal amounted to \$800,000,000, a tremendous amount for a nation of some 5,500,000 people, with an area of perhaps 40,000 square miles, including the island colonies.

Mayor Gaynor of New York city, who holds that "all honest folk should be in bed before midnight," would find Vienna a city after his own heart. The Viennese are subject to a form of imposture unknown in America, the "sperrgeld," or doorknocking tax.

Senator Lodge, in a speech to the Middlesex club, said: "What do they propose to punish us for now? It is not very easy to find out. Some of the statements made are extremely vague. Generally it comes down to dissatisfaction with the tariff."

THE NEW SWEDISH MINISTER TO THE STATES TO SUCCEED H. L. F. Lagercrantz, recently resigned, is 43 years of age and has served his country as minister to Belgium and Holland for the last two years, prior to which he was an official of the supreme court at Stockholm.

The full census returns from Missouri show a population of 3,293,335, a gain of only 6 per cent in the decade. It may not enable the state to hold fifth place, which she has long held. Texas is likely to pass her and possibly some other state also.

Classified Want Directory

HELP WANTED. WANTED—At once, fifteen potato diggers. Apply to H. Blumheller, 10-15-10.

WANTED—An illustrated catalogue explains how we teach barber trade in few weeks. Mailed free. Moler Barber College, Milwaukee, Wis., 10-15-10.

WIFE DESERTION FAR TOO COMMON

Sheriff Byers Starts a Campaign to Round Up and Punish Fugitives.

Wife desertion and the desertion of families are offenses altogether too common in Houghton county, and Sheriff Byers yesterday began a campaign which has as its object the arresting and punishing of all the men against whom complaints have been made in this particular. There are not less than thirty such complaints on file in the sheriff's office.

These men are scattered far and wide and the exact whereabouts of none of them are known, but an effort is to be made to find and arrest them. As a result of their desertion their families are nearly all county charges and it means a saving to the county to send them to prison, under the terms of the law which provides for a payment to the families of imprisoned deserters money for their services while in prison.

The sheriff yesterday sent seven complaints to Justice Oliver of Hancock for the purpose of securing warrants. He sent a large number to Calumet justices, while other justices around the county received the remainder. When the warrants are issued the task of locating the offenders will begin.

One of the first men to probably receive a sentence to Lonia under this charge of desertion is Herman Hakkila, who was arrested recently in Billings, Mont., on a charge of non-support. He was taken before Justice Jakola yesterday for hearing and undoubtedly will be bound over to the circuit court.

The sheriff believes that the prosecution of these men will teach others a salutary lesson. They no longer neglect their families and get off with a jail sentence.

GREAT MUSICAL EVENT. Mrs. Nellie Melba and Her Concert Company at Kerregge Tonight.

One of the greatest musical events in the history of the upper peninsula will take place tonight at the Kerregge theater when Mrs. Nellie Melba, the world's greatest soprano, will sing in concert. The event is under Houghton auspices as it is due to the enterprise of A. K. Cox that this musical opportunity is given to the district.

ST. PATRICK'S FAIR. Enterprise to Continue Ten Days for Benefit of the Church.

The ladies of St. Patrick's church of Hancock will tonight open a church fair and bazaar in the parish hall, the basement of the church. It will continue ten days and will be one of the biggest enterprises of the kind conducted in the copper country.

NEW STUDENTS AT COLLEGE OF MINES

Freshman Class Numbers Fifty-Five—Two of These from Oriental Countries.

President McNair of the Michigan College of Mines yesterday gave out the list of the freshman class. There are fifty-five new students this year, all from the United States with the exception of one from Japan and one from China. The list follows:

Geoffrey Vaughan Baker, Chester, Pa.; Kenneth Ban, Tokyo, Japan; Ralph Emerson Benedict, Muskegon; Harold Koch Brighton, Chicago, Ills.; Joe David, Muskegon; Ralph Damon, Owasco; Bart Dwyer Downey, Hubbard; Arthur Karl Drecker, Grand Rapids; Gardner Edwards, Houghton; Harry Rice Edwards, Houghton; Donald Alonzo Fenwick, Detroit; Archibald Gilechrist, Vancouver, B. C.; Philip Golden, Bay City; William James Harris, Saginaw; Samuel Thomas Harrison, Jr., Duluth, Minn.; Elmer M. Pang, Houghton; Barney Hirschberg, Bay City; Clifford Hang, St. Johns; Martin Aloysius Holland, Woodville; Clyde Lawrence Holmberg, Ishpeming; Sinfao C. C. Hsu, Heenan, China; William Lewis Hughes, Philadelphia, Pa.; Verne D. Johnston, Grove City, Pa.; William Henry Jones, Chaparral, Ariz.; Arthur Matthew Kivari, Hancock; Fedor Julius Kutzbach, Cleveland, Ohio; Stanford Leand, Jackson, Idaho; Lionel Leaton, Mahes, Ottawa, Ont., Canada; Charles Edmond Mathews, Piquette; Francis J. Meier, Ida Grove, Iowa; John Cowley Perkins, Cleveland, Ohio; Robert Maritz Peterson, L'Anse au Loup, Quebec, P. E. I.; Walter Edmund Rutledge, St. Louis, Mo.; Lawrence C. Schlatter, Alliance, Ohio; Houston Poppleton Smith, Cleveland, Ohio; Harry Edward Sparks, Houghton; Charles Frederick Steinhilber, L'Anse au Loup, Quebec, P. E. I.; Seymour Arthur Stoenig, New York, N. Y.; Henry Joseph Sterk, L'Anse au Loup, Quebec, P. E. I.; Edwin Baldwin Stratton, Newark, Ohio; Verne A. Wright, Lake City; Stanley Hughson Zimmerman, Milan.

Football Game Today. The freshman-sophomore annual football game will be played this afternoon at the Hancock park. It is the big athletic event of the college year and the students are making great preparations for it.

DEATH OF MRS. MARY GRIBBLE. Well Known Osceola Woman Passes—Widow of Osceola Fire Victim.

Mrs. Mary Gribble died at 7 o'clock yesterday morning at her home in Osceola, after an illness extending over a year. She was fifty-nine years of age and had been a resident of Osceola since girlhood. She is survived by three daughters—Mrs. William Jacka of Calumet, Mrs. Charles Backman of Tamarack and Mrs. Emma of Osceola—and one son, William, of Osceola. The funeral will be held tomorrow afternoon from the Calumet M. E. church to Lake View cemetery. Rev. C. L. Adams will conduct the services.

LIFE NOT WORTH LIVING. Is the way Miss Alta Abel, of West Baden, Ind., summed up her existence after having sought in vain for health. She writes, "I was a complete wreck—always tired, worn out and nervous. I had had a headache one-third of my time in bed, and my life was not worth living."

EXPRESS CONSOLIDATION. The Wells-Fargo Express company and the Western Express company, the two express carriers of the business in the upper peninsula, are to be consolidated in the upper peninsula. No official announcement has been made regarding the matter, but it is stated that the consolidation will be perfected within a very short time.

RESERVOIR IS COMPLETED. Important Addition to Houghton Water System Soon in Commission.

The big million-gallon concrete reservoir for the Houghton water system, located south of the village on Dakotah Heights, was completed this week and it shortly will be in commission. The work remaining to be done is the back filling of the excavation around the tank and the making of pipe connections.

HIGH SCHOOL FOOTBALL TODAY. The Calumet and Houghton High school football teams will play this morning at Hancock Park, the morning being chosen for the game because of the use of the grounds in the afternoon by the freshmen and sophomores of the Michigan College of Mines.

Markets

WALL STREET STOCKS.

New York, Oct. 14.—The stock market broadened considerably during today's session, with a marked increase in the amount of business. The manner in which realizing sales were absorbed was the subject of favorable comment, and among the buyers were identified with those who for some time have been rather skeptical as to the genuineness of the recent strength in the list.

SOME ODDITIES OF NATURE. Columbia River Salmon Caught—Wild Strawberries in October.

The vagaries of the copper country climate are something wonderful to contemplate at times. They appear this fall in a few oddities in natural history which have come to notice. The first one is hardly climatic as it concerns a fish. A fisherman from Portage, Mich., has caught a six-pound salmon which he caught in Lake Superior.

INJURIES RESULT FATALLY. Jacob Maderich, aged thirty-two years, died Thursday afternoon in the Calumet and Hecla hospital from the effects of injuries received in a mine accident.

C. & H. BATH HOUSE. The outside walls of the Calumet and Hecla bath house at the corner of Calumet avenue and Depot street, Calumet, is being erected on terra cotta, fire-proof blocks, brick veneered. The outside work will be completed before the setting in of stormy fall weather and the interior work will be done during the winter. It is planned to have a large pool or plunge in the basement.

Chicago, Oct. 14.—Wheat will depend on the revival of the flour demand and the ability of the mills to continue payment of steep premiums. Taking everything into account, it looks as if the selling pressure in wheat which was going on all day today, had somewhat expended itself around the closing level, as indicated by the quick rallies from bottom figures at the close.

Wheat. Chicago, Oct. 14.—Profit-taking seemed to be the feature in the cotton market today and was about the only thing that served to send the market down some twenty points.

Health of Smart Set Improves

The death of King Edward has affected profits at Carlsbad and Marienbad. When the king was alive he was in the habit of going in the summer to Carlsbad or Marienbad, or some such place, to tone up his stomach and liver. For years a large number of Americans and Britons wore their hats compelled by stomach and liver troubles to follow his example, and in order to be sure of getting the full benefit of the mineral waters of the springs they used to engage rooms in advance of the development of their ailments. This summer not one of them has followed him necessary to go to any of those places to take the cure.

Mining News

Cactus. Unfavorable developments at the Cactus copper property as outlined in the recently published report of Consulting Engineer C. W. Fritchett have been responsible for a decline in the stock from the high point of \$7. touched in January of this year, to 61 cents. In substance, Mr. Fritchett's report states that the ore body while fairly large is quite shallow, and that it will take two or three months' drilling to determine whether Cactus will ever develop into a mine.

Arizona. The property is located in the Globe, Arizona, district, about ten miles from the Miami property but off from the general trend of the porphyry formation. The company holds title to 450 acres of land, together with 31 per cent. of 200 additional acres. Development has been going on through two shafts—the Hamilton and Pinto and according to a report made in June of this year there were about 2,500,000 tons of sulphide ore developed running from 1/2 per cent. to 4 per cent. copper, of which over 500,000 tons was estimated to average 2 per cent.

The present Cactus copper property succeeded the Cactus Development company, which had a capital of 500,000 shares, par value \$1. Sixty cents per share was paid in on 480,000 shares of the development stock and at this price large amounts of stock were placed in Boston and Duluth. There is still \$180,000 due on the property, although payments do not mature for about one and one-half years. There are also \$205,000 in bonds outstanding, maturing in 1916. The Cactus Copper company has a capital of 1,000,000 shares, par value \$5 per share, of which 500,000 shares are issued. In January, 1910, stockholders of the development company were offered the privilege of exchanging their development share for share, for the Copper company stock and in addition were asked to subscribe for 50,000 shares of the Copper company stock at \$4.50 per share. The 50,000 shares were underwritten by a Boston brokerage house at this price.

Cactus today has \$102,000 in cash on hand and is spending about \$3,500 per month for development. Interests closely connected with the company state that notwithstanding recent disappointing developments the property cannot be considered a failure, and that only a very small proportion of its acreage has been prospected.

BISBEE MINING MERGER. James Douglas, manager of the Montezuma copper property, controlled by Phelps, Dodge & Co., and Dr. Ricketts of the Greene-Cananea copper company have completed their reports on the Calumet & Arizona and Superior & Pittsburg copper properties.

NOTES OF COPPER NEWS. Although the Lake Copper company has not been a producer for several months it still has a considerable amount of refined copper on hand; the sale of which at the present price of metal would give the company between \$25,000 and \$30,000.

The output of the Lake Superior mines for September amounted to 17,429,635 pounds of copper, the smallest output for any month since February, 1906, when it was 17,344,200 pounds. The output last month was 1,144,071 pounds, or 6 per cent. less than during August.

All the large stockholders of Truhenne have placed their stock in a pool, pending the settlement of the trouble with North Butte. This represents some 600,000 shares out of 800,000 issued. It is reported that Truhenne holders are offered \$6 per share, but want \$10. It looks like compromise at \$8. Every share issued will have to be accepted before any payment will be satisfactory.

While no official announcement has been made, it is said that the Gironx Consolidated Mines company will eventually build its own smelter. No date has apparently yet been fixed for the commencement of production, but in its early stages the Gironx ores will be sent to the Toole smelter of the International Smelting & Refining company for treatment.

The management of the Inspiration company states that the property contains at least 20,000,000 tons of ore, and that it is probable that one-half of 600,000 shares out of 800,000 issued, in men's will preserve reserves of 50,000,000 tons, thus making Inspiration the possessor of one of the largest low-grade disseminated ore bodies. The management is considering plans for the erection of a 5,000-ton mill and the financing of its construction needs will receive early attention.

Preparations for shaft sinking at the Indiana have been under way for several weeks. Heretofore it has been uncertain whether this shaft would be started this fall or in the spring, but the recent favorable disclosures in No. 1 hole apparently has settled the question in the mind of the management and it is expected the shaft will be started at once.

This is quoted from a letter of M. Stockwell, Hamilton, Mo.: "I recently used Foley's Honey and Tar for the first time. To say I am pleased does not fully express my feelings. It beats all the remedies I ever used. I contracted a bad cold and was threatened with pneumonia. The first doses gave great relief and one bottle completely cured me. Contains no opiates. The People's Drug Store."

City Brevities

Today's weather: Generally fair; stationary temperature.

Yesterday's temperatures: Seven a. m., 48 degrees; noon, 48; 7 p. m., 47. Maximum, 59 degrees; minimum, 47.

Mrs. Jerry Sharland has gone to lower Michigan on a business trip.

R. C. Young went to Milwaukee last night on a short business trip.

Wm. Noon left last evening for Chicago and the West, to spend a short vacation.

The vested choir will meet at the Methodist church this evening at 7 o'clock for rehearsal.

The North End Stars and the Guild Hall E class football teams will clash at Longyear field this afternoon.

Miss Chene Stolpe, who is teaching at Gladstone this year, is spending a few days with her parents here.

Jacob Bucher, of this city, was adjudged insane in probate court yesterday and committed to the Newberry asylum.

Mrs. James Russell and Mrs. A. F. Koepeke will be the hostesses at the Town and Country club this afternoon.

The Marquette City band will give a dance tonight in Fraternity Hall. Music will be furnished by the Peerless orchestra.

R. C. Young left last evening for Denver, Colo., to attend a convention of railroad civil engineers. He is accompanied by Mrs. Young.

The Guild Hall football and indoor baseball teams left for Ishpeming last evening, where they will play corresponding Y. M. C. A. teams in that city.

Phil O. Sheridan, deputy sheriff of Houghton county, was in the city yesterday as a witness in one of the Chinese deportation cases on trial in United States court.

The Marquette City band will give a dance tonight in Fraternity Hall. Music will be furnished by the Peerless orchestra.

R. C. Young left last evening for Denver, Colo., to attend a convention of railroad civil engineers. He is accompanied by Mrs. Young.

The Guild Hall football and indoor baseball teams left for Ishpeming last evening, where they will play corresponding Y. M. C. A. teams in that city.

Phil O. Sheridan, deputy sheriff of Houghton county, was in the city yesterday as a witness in one of the Chinese deportation cases on trial in United States court.

The Marquette City band will give a dance tonight in Fraternity Hall. Music will be furnished by the Peerless orchestra.

Guild Hall Notes

The Ishpeming Y. M. C. A. indoor baseball team defeated the Guild Hall team at Ishpeming last evening by the score of 23 to 4. The Ishpeming team outplayed the Guild Hall team in every phase of the game. The poor showing of the Guild Hall men was due to the fact that the team had never before been together in a regular game, and the men were not accustomed to playing on a field as large as that of the Y. M. C. A. A return game will be played at Marquette in the near future.

The Guild Hall football team plays the Ishpeming Y. M. C. A. team at Union Park this afternoon at 2:30. The team will leave on the 1 o'clock train for Ishpeming, dressed to play. The lineup will be: Pendill, left end; Hayes, left tackle; Anderson, left guard; McKeehan, center; Bastian, right guard; Scully, Foster, right tackle; Bowser, right end; Drake, Byrne, quarterback; Christensen, left halfback; Jensen, right halfback; Reynolds, Brown, fullback; C. Johnson. A number of Marquette people are planning to accompany the team this afternoon and see the game and also the game between the Negaunee and Ishpeming High schools, which will be played at Union Park also.

The football teams of the "E" and "F" clubs are still looking for games with other teams of their size. The average weight of the "E" club team is about 100 pounds, and that of the "F" club about seventy pounds. Any teams of those weights that want a game can arrange one by communicating with Guild Hall.

Street Railroad Sued

Officials of the city street railway company have been served with notice of the commencement of a suit for damages against the company, the plaintiff being Mrs. Selma Billings, who was struck by a car on Presque Isle avenue and injured a few weeks ago. The accident occurred at night and Mrs. Billings was injured while crossing the track. The amount of damages asked for is \$10,000.

U. S. Court Adjourned

The October term of United States court, which has been in session for nearly two weeks, adjourned yesterday, and most of the court officials returned to their home in Grand Rapids on the afternoon train. Most of yesterday was taken up with Chinese deportation cases, the last of which have now been submitted to the court. Judge Denison has not decided any of these cases, either of this term or of the June term, and it is expected that all of them will be decided by him at one time.

Visited the Prison—Delegates who attended the W. C. T. U. convention in Marquette this week visited the prison this week, carrying with them white carnations, which were given to the prisoners. The ladies report that they were shown every consideration by the warden and deputy and that their visit was one of great pleasure. Miss Seaman, of Drummond, was elected press superintendent of the society, and Mrs. Craig, of the Soo, Sunday school superintendent.

Mrs. Roberts Will Sing—Lovers of music will be pleased to know that Mrs. Roberts will assist in the singing at the Methodist church at both services tomorrow. Local people are so well acquainted with Mrs. Roberts and appreciate so fully her talents as a vocalist that it is hardly necessary to urge them to be present. To strangers in the city, however, and the new students at the Normal, it may be proper to add that a rare treat is in store for them if they attend and hear Mrs. Roberts.

Went to Ashland, Wis.—Chas. Retaille and John Erickson, superintendent and chief engineer of the city light and power plant, left for Ashland, Wis., last evening to inspect the water wheel governor in use in that city. The Marquette commission has recently purchased a water wheel governor similar to that used in Ashland and Messrs. Retaille and Erickson have gone there to get ideas regarding its installation and operation. By putting in an automatic governor, it is expected to do away with the unsteadiness and flickering of the lights, of which there has been complaint recently. This trouble is caused by sudden variations in the amount of light and power used.

Story Is Questioned—The claim of Mrs. Rhoda Chanler that she is a descendant of the family of Pocahontas, as published in "The Mining Journal" this week, has caused considerable discussion. Some students of history are inclined to discredit the story, inasmuch as Mrs. Chanler states that the father of Pocahontas was King Philip, whereas it is a matter of history that his name was Powhatan. As a matter of fact, latter day historians are inclined to discount the entire Pocahontas story, and claim that much of it is merely tradition or romance. Mrs. Chanler probably is telling the story as it was told her by her father, and honestly believes it to be true, however much it may be doubted by critical students of history.

The Secret of Good Complexions

Good complexions are made from the inside. Those who want a fresh, healthy complexion must get it where the child gets it—through sound digestion and pure blood.

Those who have no care for the beauty of a healthy skin should care for it as an evidence of health.

People are never really well if the skin is sallow or dimmed by eruptions. Desjardins' Sarsaparilla with Iodine of Potassium and Iron makes clear complexion. It purifies the blood, aids digestion and overcomes kidney and liver troubles.

SAVING

Is more important than hard work. You may work from morning till night, year after year at good wages, but unless you save a portion of what you earn you will have nothing to show for your work when the time comes that you cannot work. Save something each month—begin now and keep it up. When you have a dollar to spare start a bank account with this bank—then add to it.

THEATRICAL.

"The Kissing Girl," Tonight.

The Cort Theater company will tonight at the opera house present the musical comedy success, "The Kissing Girl." The production has had the advantage of the personal staging of Mr. Stange, assisted by Charles Jones, who staged all the musical and dance novelties. In the work, the author and composer have returned to those principles in vogue in the days of comic opera when a succinct romance with music of quality was deemed the prime essential in the composition of opera comique. There are twenty successful musical numbers. For environment and costume charms, Mr. Stange has invaded the Bohemian mountains, in Bohemia, near Austria's boundary. The first act has a setting in this mountain atmosphere with a quaint old Bohemian inn, "The Hunter's Rest." The second act moves to the hall in a wealthy brewer's house. The last act is set in a German rose garden. The company is a large one, with a complete orchestra, directed by Whitney Bennington.

"The Cow Patcher."

"The Cow Patcher," a western drama by Hal Reid, under the direction of W. F. Mann, will be presented at the opera house Wednesday evening. The action takes place in Arizona, and tells a story of power and heart interest, for whose interpretation an excellent company has been engaged. "The Cow Patcher," Tom Lawton, defends the girl he loves against the treachery, peridy and sordidness of several bad men headed by a renegade Mexican, Carlos Mendoza. John Graham, the owner of a ranch dies and leaves his sister Geraldine, who is attending college in the East, his sole heir. Carlos Mendoza and Denver Dan, two cattle rustlers, plan to run off her cattle and steal the girl, but Lawton manages to frustrate their plans and finally after a pretty love scene wins the girl and fortune. Luchia Cordiva, Carlos' cast off sweetheart, is a strong portrait of a girl whom love has blinded into villainy. Little Dan Slattery, a bawdy wail adopted by Tom Lawton, is a lovable character within whose breast the pure sands of golden womanhood are seen clear and bright. Tacoma Tim, a native of Ireland, and Spokane Ike, are two characters who see the bright side of life always ready with a joke, but whose hearts are staunch and true when danger threatens. Several pleasing specialties are introduced, and the scenic and electrical effects are worthy of commendation.

IT'S THE WORLD'S BEST.

No one has ever made a salve, ointment or balm to compare with Bucklen's Ointment. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum, For Sore Eyes, Cold Sores, Chapped Hands, or Sprains. It's supreme. Infallible for Piles. Only 25c at the Stafford Drug Co.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by the People's Drug Store, S. B. Jones, prop.

Scene from "The Kissing Girl", Marquette Opera House, Saturday, October 15th.

and have got as far as Wakefield this year. Next year they will continue on to Marinisco and the following two years will be consumed in getting to Watersmeet, when the matter of building the stretch of twenty-odd miles between that point and the line between Iron and Gogebic counties will be taken up. In the meantime the hills on the present road in Iron county will be eliminated, then the Sagola end will be built and after that the extension to meet the Gogebic road.

Bear Put His Foot In It—

Game Warden Uren of Keweenaw county has returned from Lac La Belle with the hide of a black bear which Andrew Anderson of that place caught in a trap and killed. The trap had been set for wolves, but brain literally put his foot in it, with the result that the bear population is one less. As soon as Anderson secured the animal he notified the game warden and stated that he would turn over the skin to him. Mr. Uren communicated with State Game Warden Pierce. Mr. Pierce requested that the skin be sent to the game warden's department, which request will be complied with.

Will Enlarge Factory—

The Goodwillie company, manufacturer of boxes, operating at Wausau, Wis., and Manistique, has decided to enlarge its plant at the latter place. An addition 50 by 200 feet will be erected and new machinery will be installed. Work will be given an increased force of men. The W. L. company's sawmill, also a Manistique industry, has, however, suspended operations and it is believed the shutdown will be permanent. The plant was erected in 1893 and has been operated every season since then, giving employment to one hundred men. At the present time only a watchman is on the payroll. The people of Manistique are hopeful the mill will be taken over by some other industrial concern.

Chicken Thief Frightened Away—

A chicken thief raided the henry of J. A. McGillis at 421 South Elmore street, Escanaba, the other night and killed fourteen of the chickens before being frightened away. The fellow gained an easy entrance to the coop and as he pulled the fowls from the roost cut their throats and placed them in a neat row. One of the chickens squawked loudly and the noise awakened John A. Burns, who lives in the adjoining house. He hastily dressed and taking his gun went out the rear door of his home. Hearing a noise in his neighbor's poultry house he fired at that building and a man came running from the entrance and, leaving a fence, disappeared in the darkness. Upon investigation it was found that the thief had killed fourteen of the twenty-one chickens in the coop. Indians Hold Big Pow Wow—

In accordance with notices sent out Indians from Drummond Island, DeTour Sugar Island, Neebish, Bay Mills, Superior and the Soo who were omitted from the rolls of Agent Dickinson and as a consequence did not come in for a portion of the treaty money received at a meeting held at Sault Ste. Marie this week. There were nearly 100 representatives present, and the gathering included many full-blooded Indians, direct descendants of the big chiefs of the days when the red man was supreme in the upper peninsula.

The conference lasted for several hours when it was finally decided to appoint a committee of one member from all the different sections of the county where Indian residents reside. The duty of this committee will be to make a roll containing the names of every Indian entitled to pay as descendants of the persons receiving pay under the roll of 1870 and whose names were omitted from the roll used by Agent Dickinson. This new roll will be carefully gone over by another meeting to be held here as soon as a meeting of the Indians entitled to pay as descendants of the persons whose names appear on the roll to participate in the funds will be submitted and passed upon. The entire matter will be submitted to authority higher than the Indian commissioner and if this fails to bring satisfaction, a congressional investigation will be asked for. Similar action has been taken by the Indians of Potoskey and vicinity and it is proposed for the two bodies to work in harmony.

U. P. in the Fruit Belt—
It is only during the late years that the stories of great crops of apples, pears, grapes and even of vegetables in upper Michigan have been spoken or written about and advertised as being superior to corresponding crops of more southerly places. But during the past four years the state fair judges have dropped off the high spots and are willing to come down and acknowledge the supremacy of fruits, vegetables and grains coming from the upper peninsula. They cannot question the fact that the season in northern Michigan is long enough to ripen any fruit whatever, and the development in several years of production from the delicate southern fruit to the hardier class of vegetation, commonly grown in the north, is recognized to be a boost in value.

To prove the fact that apples and grapes are becoming reasonable upper peninsula crops, W. E. Davidson has on display at the Soo some Wealthy and Gideon apples, which are said by those who have seen them to be exceptional. They were grown in Samuel Kendrick's orchard, about three miles north of Rudyard, Chippewa county. Mr. Davidson also has on exhibition in his office some grapes, taken from the same orchard, which are a little larger than

the common blue grapes generally imported and which are also thoroughly ripe. The reason the size is not usually questioned by critics when referring to northern fruits is due to the recognized botanical fact that the further north any vegetable can receive its full growth, the larger the plant will become. This because of the absence of droughts which are so common in the lower part of the state and in Ohio and Indiana.

Mr. Kendrick has been enlarging his orchard for years with the pear and grape idea in view, and although this is but the second year these crops have been produced on his property, he is confident that he will make greater successes in the coming years.

Timber Escaping Taxation—

It is certain that the valuations of the upper peninsula counties will be greatly increased in the near future; and this increase means more money for county roads, comments the Crystal Falls Drill. The hardwood timber that is at present escaping taxation must bear its share towards opening up this country before it is cut and started off to be saved elsewhere and thus escape taxation altogether. This seems to be the determination of all county boards and it is brought about by the recent statewide agitation for a thorough revamping of the state tax administration and the work that is being done nowadays on roads is done with an eye to permanency. Even our township highways are being built with that end in view. Heretofore the practice was to follow up some old tote road and make it possible. Now the roads are being built the line as far as possible and hills and swamps are being avoided wherever possible.

Poisoning Case Dismissed—

Mrs. Selma Potter and daughter, Mary Potter, charged with having exposed poison to several heads of cattle owned by Julius Brown of Devil's Creek, the alleged result of which was the death of one cow valued at \$50, were given a hearing in Justice Larson's court at Stephenson, Menominee county, this week. The arraignment resulted in the discharge of the prisoners. The evidence introduced by the complainant failed to connect the Browns with the poisoning. After the hearing the prosecutor had moved to liberate the defendants he severely scolded Brown for having sworn out the warrant. This case, which was but a repetition of an arrest in which Brown had the Potters brought to justice for having poisoned his cattle about a year ago and which resulted in the discharge of the defendants, owing to the non-appearance of the complainant, grew out of a feud existing between the two parties. It appears that Brown and the Potters, who live in the town of Devil's Creek district, have not been getting along very smoothly and both claim to be subject to the annoying abuses of the other.

Important Litigation Decided—

The supreme court has handed down a decision in favor of the defendant in the case of John L. Buell vs. the Menominee River Lumber company and William J. Turner involving the title to six hundred acres of land in the township of Norway near Vulcan. This case was tried before Judge Stone at Iron Mountain at the October, 1908, term of the Dickinson county circuit court. Buell brought the suit to recover an interest in these lands under an old deed executed in 1875. The Menominee River Lumber company, at the suggestion of Buell, had given a trust deed of the lands to Daniel Corry, who died nineteen years ago. The trust created was for the benefit of Buell, Daniel Corry and the Menominee River Lumber company, and the plan was to lay out and establish a town site of the village of Sturgeon. The Chicago & Northwestern Railway company was about to build its line into the northern peninsula and into the Iron county, and the crossing lands in question, and the plan was to have the depot located on one of these tracts and then plat the entire ground and sell village lots.

Ore was discovered at East Vulcan about that time and it was found that the ore body dipped toward the land where the depot was to be located. The railway company, fearing that the mining would ultimately result in undermining the depot, changed its plan and located the depot and townsite at Vulcan. Hence the plan for the village of Sturgeon fell through and nothing further was done in regard to it.

Daniel Corry, the trustee, deeded the lands back to the Menominee River Lumber company without, however, obtaining Buell's consent. The lands were subsequently leased and then sold to

ITCHING RASH ON FACE AND NECK

Cured—Scatched Until Face was Mass of Raw Flesh—Used Cuticura and had First Good Night's Sleep in 3 Months.

"An itching rash broke out on my face and neck, so bad that I scratched until my face was a mass of raw flesh which kept me awake all night. After going to my family doctor, not helping me, I tried another doctor but without success. After doctors failing, a friend recommended the Cuticura Remedies. That night I used Cuticura Soap and Ointment. I applied some Cuticura Soap and Ointment and had the first good night's sleep in three months. I used about two lots of Cuticura Soap and Ointment when you could see a mark on my face or neck. I will gladly recommend the Cuticura Remedies to anybody."—Wm. Silver, 346 West 28th St., New York, Mar. 1, 1910.

In another letter Mr. Silver says: "My case was of about two years' standing. After using Cuticura Soap and Ointment for about three days I saw a decided improvement and was entirely cured in two months." For the prevention and treatment of itching, burning, scaling eruptions and the promotion of permanent skin and hair health, Cuticura Soap and Cuticura Ointment are absolutely unrivaled in purity, efficiency and economy. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient.

Sold throughout the civilized world. Potter Drug & Chem. Corp., New York, Branch, Boston, Mass. Mailed free, latest Cuticura book, a Guide to the Treatment of the Skin.

William J. Turner by the Menominee River Lumber company. Buell, to use a law term, laid by and slept on his rights for twenty-eight years and then, when the Chicago, Milwaukee & St. Paul Railway company instituted condemnation proceedings to obtain a right of way for a spur track across these lands, he was made a party to the proceedings because of this old trust deed. Mr. Buell then conceived the idea of establishing his rights under the trust deed and of recovering his interest in the six hundred acres of land, which are of course now very valuable.

The Menominee River Lumber company maintained that, although Mr. Buell did have an interest in the land and could have enforced the same if he had acted promptly, such rights were, however, barred by reason of his laches and his long delay. Judge Stone decided the case in favor of the company upon that point. Mr. Buell appealed to the supreme court. This tribunal has now affirmed the decision of Judge Stone, thus cutting off Mr. Buell's rights and interest in the property.

It was a case of some importance, not only because of the property involved, but of the questions decided, the principle being that, even though a party may hold and own an interest in real estate he may lose the same by failing to enforce them promptly.

OSBORN BEST OF RAILROAD BOARD

Traveling Man of Long Experience Praises Candidate for Work as Commissioner.

"I see that Lawton T. Hemans, the Democratic nominee for governor, is making campaign remarks to the effect that Chase S. Osborn, the Republican nominee, conducted the most expensive administration the state ever had, during his term as state railroad commissioner. The 'senator' Charles S. Brown, of Grand Rapids, as quoted by the Detroit Free Press.

"I want to say, and say it with all the emphasis I can, that since the office of state railroad commissioner was created, Michigan has never had a man in the position before or since, who accomplished so much good for the traveling public as Chase S. Osborn. Every commercial traveler in the state who knows anything about it will bear witness to that fact. He did things, and the office under him was not a sinecure, but a real and substantial benefit to the public. I take it for granted that it cost more to do business in that way, but we got results for the money."

Brown has been a commercial traveler for upwards of thirty years and is one of the best known in the state and throughout the middle west. In 1896 he was a candidate for the Republican nomination for auditor general and came near winning, but he was beaten by Roscoe D. Dix, of Berrien. Since then he has not been directly active in Michigan politics but he takes a keen interest in every campaign.

He is the man who was selected by President Roosevelt in 1906 to be inspector of the government printing office at Washington, an office which the president created for the purpose of cleaning out the graft which had infested the big establishment for so many years that it required the keenest kind of an expert to ferret it out and get rid of it. Brown stayed there one year and made a house cleaning that made him famous all over the country. He was offered all kinds of inducements to remain, but after the cleaning was done he preferred to return to private life and business.

"I have known Chase Osborn, said he, 'for more than a quarter of a century, and he is not only a big man mentally, but one of the squarest and most efficient men I ever met. Michigan will have one of its old-time fine administrations if he is elected governor. He will do in that office just what he did as railroad commissioner, accomplish results for the good of the state and its people. I shall make it a point to be in Michigan on election day so as to vote for him."

OSBORN-TOWNSEND PLANS ANNOUNCED

They Will Confine Their Work to Lower Michigan—Smith Is Coming to the U. P.

After wrestling with the problem for a week, the Republican state central committee has succeeded in making out itineraries for Chase S. Osborn and Charles E. Townsend which will enable the candidates for governor and the candidate for United States senator to cover as much of the state as possible between now and election day.

The tours of the two big candidates will be entirely separate from the motor or car tours of each county which will be participated in by the congressional, legislative and county candidates and the speakers will be assigned by the state central committee. Both Mr. Osborn and Mr. Townsend will speak evenings only, with the exception of a few afternoon meetings, and they will only travel by motor when it will serve better than their train.

Both Mr. Osborn and Mr. Townsend opened the campaign last night at a banquet in St. Joseph. But today they separated. Mr. Townsend going over to Paw Paw while Mr. Osborn jumped clear across the state to Lenawee county to speak at Moreau with Warren G. Harding, Republican candidate for governor of Ohio, who will jump over the line to make a speech for W. W. Wedemeyer, candidate for congress in the Second district.

Following is Mr. Osborn's complete itinerary until election day: Oct. 15, Adrian; Oct. 14, Monroe; Oct. 15, Romeo; Oct. 17, Coldwater; Oct. 18, Sturgis; Oct. 19, Grand Rapids in the afternoon and Kalamazoo at night; Oct. 20, Allegan; Oct. 21, Ithaca; Oct. 22, Pontiac and Detroit; Oct. 24 and 25, Kent county; Oct. 26, Holland; Oct. 27, Greenville; Oct. 28, Benton Harbor; Oct. 29, Shelby in the afternoon and Maize at night; Oct. 31, Flint; Nov. 1, Bay City; Nov. 2, Saginaw; Nov. 3,

ANOTHER CAVE-IN NEAR SECTION 16

Large Area of Ground Went Down Yesterday, Taking in the Team Road.

Another cave-in occurred yesterday morning, about 11 o'clock, between the old Lake Angeline and Oliver company's Section 16 properties. The opening takes in the road leading from Excelsior street to the Salisbury location, and the ground went down just over the Oliver company's line into a worked-out portion of the Section 16 property. The original shaft at the Section 16 mine stood close to where the cave-in occurred. The opening is over 100 feet in length and nearly 100 feet wide. If the ground around the foot nearest the Section 16 engine house had gone down, it would have taken one of the Marquette County Telephone company's poles. The cave-in is a little over 100 feet east of the Section 16 mine engine house and less than fifty feet from a stockpile on the east side of the workings of the old Lake Angeline mine in the neighborhood have been caving for several years past and the original road, extending across the hill, east of the Section 16 engine house, went down several years ago. The road has been moved westward from time to time, as the ground has dropped away. Several teams with heavy loads passed over the road yesterday morning a short time before the surface went down.

The cave-in that occurred three years ago next Christmas, threatening the destruction of the water main, was about 200 feet north of where the ground went down yesterday, in the Lake Angeline property, close to the Oliver line. The greater part of this opening has since been filled in and last spring the Duluth, South Shore & Atlantic Railway company again constructed its main south side track through the caved territory. The ground now seems to be solid and people have been walking over it for a few years past. Teams have been driven around the west side of the opening. It was intended that the road should be abandoned entirely when the new road was put in around by the Junction, but the latter increases the distance to the Winthrop by more than a mile and for that reason nearly all of the team drivers have been using the old road. Vehicles must now be driven over the Oliver company's road, underneath the trestle at the Section 16 mine, but it is possible that this road will, in time, be closed for public traffic, as it is a dangerous thoroughfare, while mining operations are being conducted. Another road that is now used considerably extends over the caved portion of the old Lake Angeline workings, south from the Lake Angeline mine office to the west end of the Salisbury location.

Section 16 Improvements.
The Oliver Iron Mining company will, within two weeks or so, complete the construction of its new coal trestle at Section 16 mine. About one-half of the trestle is already in position. The foundation for the other half is being raised several feet. Men and teams have been employed some days, hauling dirt for the filling and removing of the coal from the old portion of the coal trestle. The bents for the new trestle are heavy square timber, and the upper portion is of steel. It will have a much larger capacity than the old one and as soon as it is completed the size of the winter supply of coal will be doubled. Concrete is being put in for the foundation for the new steel shaft house.

The company plans on tearing down the old crusher building. The plant has not been used for two or three years past, as all of the ore from the Hard Ore properties in this city is now being crushed at the No. 1 plant. The company has made a number of surface improvements at the Section 16 property during the past summer, in order to increase the trackage at the mine and stockpiles.

The Wilson hats for fall and winter wear are nobby. I have placed on sale a large assortment from which to make your choice. H. J. Peterson, Mulvey block, Negaunee. (10-11-10)

DEATH OF WILLIAM CONWAY.

Popular Ishpeming Young Man Passed Away Rather Unexpectedly.

Ishpeming friends of William Conway, second son of Mrs. C. Conway, of Euclid street, were shocked yesterday to learn of his death, which occurred about 9 o'clock. The deceased had been in the employ of the Chicago & Northwestern Railway company at Florence, Wis., where he was taken ill Tuesday evening. His condition was critical all that night, but he improved somewhat and came home Thursday afternoon. He felt well enough to walk from the station to the house, two blocks distant. He was home but a short time when he was taken with another bad spell, and within a few hours became unconscious. The deceased had been a sufferer from asthma for some years, but his death was thought to have been caused by a rapidly developed case of pneumonia.

The deceased was a fine young man and had many friends in the city. He worked for a few years at the Cleveland-Cliffs Iron company's Cliffs Shaft property, and then took a position with the Northwestern company at Florence, Wis., before being transferred to the Menominee range, he worked on the passenger train running between here and Marquette and points in the western end of the county. He was about twenty-six years of age and was born in Ishpeming. He is survived by his mother, two brothers and two sisters. He was a member of the Ishpeming division of the Ancient Order of Hibernians, Marquette council of the Knights of Columbus and the Brotherhood of Railroad Trainmen. The funeral will be held tomorrow afternoon at 2 o'clock from St. John's church and the requiem mass will be said Monday morning at 7:30 o'clock.

FOOTBALL TODAY.

Two Games Will Be Played This Afternoon at Union Park Grounds.

This afternoon at Union Park gridiron the Young Men's Christian association and Guild Hall teams will meet for their second contest of the season, and the Ishpeming and Negaunee High school teams will appear in their first game. The Guild Hall eleven defeated the Y. M. C. A. team last Saturday at Marquette by a score of 6 to 0. The Ishpeming and Negaunee school teams have each defeated Marquette this season. The high school game will be played first, and will start at 1:45 sharp. Joseph H. Primeau, Jr., of Negaunee, will officiate, and it is possible that he will referee the Guild Hall-Y. M. C. A. game. W. H. Norman, physical director of the Y. M. C. A., will be the umpire for the school game. There will be one admission for both games.

The Y. M. C. A. team will line up as follows: Paulusne, center; Lind, left guard; Nichols, right guard; Henrickson, left tackle; Webber, right tackle; Haglund, left end; Thompson or Henry Walters, right end; Perrault and Howard Walters, quarterbacks; Johnson, right half; Crumhart, left half; Dixon or Gill, fullback.

Cream puffs on sale today. Walker's Home Bakery, corner Main and Pearl streets. (10-15-11)

REV. ROBINSON ARRIVES.

New Pastor of First M. E. Church and Family Reached Here Yesterday.

Rev. S. C. Robinson, who succeeds Rev. C. L. Adams as pastor of the First M. E. church, arrived in Ishpeming yesterday, accompanied by Mrs. Robinson and their three children. Rev. Robinson will preach at both the morning and evening services tomorrow. His subject in the morning will be "The Overflowing Cup," and in the evening his theme will be "America's Need of Christ in 1910."

Rev. Robinson is a comparatively young man. He is a graduate of Lawrence college, of Appleton, Wis., and after completing his work there took a post graduate course in Chicago. He has served sixteen years in the Methodist ministry, but is a new man in the Detroit conference. During the sixteen years that he has been a pastor he has served five different churches.

Mrs. Robinson is a cultured woman. She was educated in Michigan and after completing her college work traveled extensively in Europe. Their children are aged eleven, ten and six years.

IRRISISTIBLY FUNNY.

"The Kissing Girl," which will be at Ishpeming theater next Wednesday evening, is bright, tuneful and irresistibly funny, infused with the charm of novelty. The cast includes some of the

BIG ORE CRUSHER.

Largest Plant of Its Kind in the World Installed on Mesaba Range.

What is declared to be the largest ore crusher in the world is being installed at the Biwabik mine, at Biwabik, Minn. The castings for the machine weigh about 500,000 pounds, one piece alone tipping the scales at 100,000 pounds. A special car had to be constructed by the Omaha road to transport the larger casting. The capacity of this crusher is 1,000 tons of ore per hour, but it is doubtful if so much ore can at any time be fed into its maw. The machinery of the crusher is twenty-four feet above the foundation. The Allis-Chalmers people of Milwaukee manufactured this piece of machinery and had men in Biwabik for some time superintending its construction. This immense machine was made necessary by the peculiar quality of the ore in the Biwabik mine. Much of the choicest of the product comes forth in great chunks, which have been blasted in the past. Superintendent Lutes secured the consent of his company to put in this wonderful crusher, the cost and installation of which will cost in the neighborhood of \$70,000. The machine will be used during the next season, greatly increasing the value of the Biwabik ore at the furnace.

TWENTIETH ANNIVERSARY.

John T. Quine and wife celebrated the twentieth anniversary of their marriage Tuesday evening at their home, 413 Vine street. Ninety guests were present. Those from out-of-town were Captain Peter Pascoe, wife, and daughter Ethel, of Republic, and Captain Pascoe's son, William Pascoe, of Chisholm, Minn., Mrs. Frank Crowley and son of Iron Mountain, and Captain William Goodman, wife and daughter Flossie of Negaunee. Mr. and Mrs. Quine, who were married in Ishpeming by Rev. J. P. Varner, a former pastor of the First Methodist Episcopal church, were recipients of a large number of beautiful presents. The evening was most enjoyably spent, and a fine lunch was served.

REVIVAL MEETINGS.

There will be a series of revival meetings at the Salvation Army hall, commencing today, and continuing until the 30th. They will be in charge of Adjutant Charles J. Staiger, the officer in charge of the Ishpeming corps. He will be assisted by Major Percy Morton, of Minneapolis, from the 22nd to the 25th. The meetings every evening will be at 8 o'clock, and there will be meetings at 11 a. m. and 8 p. m. on Sundays. Adjutant Staiger's subjects for tomorrow at 11 a. m. will be "Consecration for Service," at 3:30 p. m. "Broken Walls" and at 8 p. m. "A Great Conspiracy."

BROKE RECORD.

Raffles of the Barnum-Raffles company, appearing this week at the Ishpeming theater, broke his own record for length of time under water Thursday evening. He was tied into a steel safe, the bottom and top of which is perforated, and then lowered into the big tank of water. He remained just five minutes. His previous record was four minutes and thirty-nine seconds. The company will close its engagement this evening and will go from here to Iron Mountain, where it will play all next week.

CARD OF THANKS.

To our many friends in Ishpeming and Negaunee we wish to express our appreciation for the many favors and sympathy extended during our recent bereavement. The kindly acts of those who came to our assistance did much to lessen our burden of sorrow. We feel particularly grateful to neighbors for their kindness; also to our many friends who sent floral tributes. William Russell and family. James H. Rough and family.

FOR SALE—Parker shot gun, valued at \$100, will be sold cheap. Charles Lavigne, Champion, Mich. 10-15-10.

WANTED—Men to shingle roof. Swift Co., Front street. 10-15-10.

WANTED—A girl for general housework. Mrs. J. McDougall, 1011 Third street. 10-11-10.

WANTED—At once, a young man to take over a well established tea and coffee business, which is on a good paying basis. About \$200 required. Answer quick. State experience. W. D. Taylor, general delivery, Duluth, Minn. (10-6-10)

ISHPEMING IN BRIEF.

Dan Harrington, a former resident, is here from Butte, Mont.

The employees of the Lake Angelina mine were paid yesterday.

Miss Minnie Fredine of this city, who is ill in Negaunee with typhoid fever, is getting along nicely.

Mrs. Thomas Ryan, formerly Miss Mary Crane, of this city, and her child, are here from Butte, on a visit to relatives.

Mrs. Michael Hickey was returned from Idaho and Butte, Mont., where she spent the past month or so visiting relatives.

Mesdames H. W. Krogman and F. H. Raisky will serve coffee this afternoon between 3 and 5 o'clock at the golf clubhouse.

The skylight in the developing room at Child's Art Gallery is being replaced with a bay window. R. H. Shaver is doing the carpenter work.

Mrs. J. Siney and her daughter, Miss Margaret, arrived home yesterday morning from St. Paul, where they spent the past month visiting relatives.

Arthur Bergquist, who was in the employ of F. Braastad & Co. for several years, has bought out the Cameron confectionery business on First street from the Mugur estate.

The Y. M. C. A. indoor baseball team defeated the Guild Hall nine in the game played in the Y. M. C. A. gymnasium here last evening by the score of 23 to 4.

The members of the A. O. H. are requested to meet at the Convent hall Sunday afternoon at 1 o'clock for the purpose of attending the funeral of the late Wm. Conway.

Dr. Finch's sermon theme at the morning service at the Salisbury M. E. church tomorrow will be, "How to Shine." In the evening, at 7 o'clock, he will treat of "How God Loved the World."

Arthur West, who was in the employ of Johnson & Heard, the barbers, for several years, has bought out Alphonse Lavasseur, in the Mine Workers' building, and has already taken possession. Mr. Lavasseur plans on engaging in the barber business in Marquette.

John Beal and family have moved into their new home on High street. Mr. Beal some time ago purchased the property from E. F. Murray. The house has been remodeled and improved in many ways.

The Owl society will conduct a Halloween dancing party on the evening of the 31st at Braastad's Hall. It will be an invitation affair, and cards are now being issued. Trombly's orchestra will furnish the music.

At St. Paul's church tomorrow morning prayer will be held at 10:30, and Sunday school at 12. There will be no communion at 7:30 a. m. nor evening service at 7:30 p. m. The choir will meet in the chapel this evening at 7:45.

The funeral of the late Mrs. Radina Schoeneman, who passed away at National Mine Thursday morning, will take place this afternoon. The services will be conducted at the Norwegian Lutheran church.

The Ishpeming branch of the Order of Owls has made arrangements for special train service to Marquette Monday night, when a lodge of that fraternal society is to be instituted in the Queen City. It is expected that seventy-five members will make the trip. The train will leave Ishpeming at 7:30 o'clock and will depart on the return trip shortly after midnight.

The famous Palmer and Style Craft lines of ladies' suits, coats and capes on sale today. F. Braastad & Co., Negaunee store. (10-14-10)

CURB STOCK QUOTATIONS.

Table with columns for stock names and prices. Includes items like Ahm, A. & M., Beg, R. S. P., R. S. G., R. S. H., R. S. I., R. S. J., R. S. K., R. S. L., R. S. M., R. S. N., R. S. O., R. S. P., R. S. Q., R. S. R., R. S. S., R. S. T., R. S. U., R. S. V., R. S. W., R. S. X, R. S. Y, R. S. Z.

D. T. Morgan & Co.'s Letter.

The New York market was very broad and strong again today, the whole list advancing until noon, after which it receded somewhat. Profit-taking, though, nearly all stocks met net gains for the day. The feature was the strength and activity in steel common stock, which advanced 7 1/2%. Amalgamated and Smelters were also very strong all day. New York says all stocks offered are well taken, sentiment in the street bullish and all indications point to much higher prices. North Butte and Lake were most conspicuous in the Boston market, although the whole list was active. North Butte sold up to 3 1/2%, but later receded to 3 1/4%. Lake was weak for a time, selling down to 2 1/2%, but later recovered to 3 1/4% before the close. The other new lake issues were all weak in sympathy with Lake. Greenock advanced 1/2% to 2 1/2% and Giroux to 3 1/2%. Superior and Pittsburg was strong around 2 1/2%. Hancock at 2 1/2%, to 2 1/4% and Wolverine advanced four points. There may be some recovery in the level, which should cause a temporary recession, and on which stocks should be bought. We look for steady improvement for a time and later a very active and much higher market. The curbs were also more active today, and nearly all advanced. Live Oak touched 30 on a few transactions. Ohio and Inspiration were both stronger. South Lake was steady at 3%, and Bolems at 5. The changes in the others were important.

Upper Peninsula

Steel and Amalgamated again led the New York list. Steel advanced from 7 1/2% to 7 3/4% but fractionally declines before the close on profit-taking. The copper share market is attracting more attention today. Lake was weak at the opening, but activity and prices are creeping up. North Butte and Lake were the most active today. Lake was weak at the opening, but advanced only to 3 1/4%. North Butte was in good demand all day, advancing to 3 1/2%. Hancock, Calumet & Arizona, Copper Range, Green and Giroux were the other issues which came in for considerable attention, and show nice gains for the day.

George F. Rues's Review.

Steel and Amalgamated again led the New York list. Steel advanced from 7 1/2% to 7 3/4% but fractionally declines before the close on profit-taking. The copper share market is attracting more attention today. Lake was weak at the opening, but activity and prices are creeping up. North Butte and Lake were the most active today. Lake was weak at the opening, but advanced only to 3 1/4%. North Butte was in good demand all day, advancing to 3 1/2%. Hancock, Calumet & Arizona, Copper Range, Green and Giroux were the other issues which came in for considerable attention, and show nice gains for the day.

Locates in Southern Michigan.

George Gallup, long one of the leading attorneys of Escanaba, has left the city permanently. He has established a law office at Saginaw, Mich., and will engage in the practice of his profession in that city. Mr. Gallup's library and all of his personal effects have been shipped to the lower peninsula.

Fishermen Reaping a Harvest.

"Biggest catch of fish this year," is the claim made by John Peterson, a fisherman operating about twelve miles north of Menominee. The cause of this statement is a haul of 4,500 pounds of fish in one net. Among this big catch was a sturgeon weighing seventy-five pounds. This is generally conceded to be one of the largest catches that has been made on Green bay, and is the largest catch that has been made this year. The fishing has been good the past few weeks, and the fishermen have been reaping a rich harvest. The price of fish advanced earlier in the season because of a reported scarcity of the finny tribe, and the fishermen are taking advantage of the higher prices and with the big hauls they are making they are realizing more money than ever before.

Too Much Automobile Driving.

William Richer, oldest son of Thomas Richer, of Escanaba, is threatened with paralysis as the result of the constant driving of an automobile for the past two years. In that period the youth has covered nearly 25,000 miles. A short time ago the boy complained of a peculiar numbness in his feet. The paralytic symptoms grew and when physicians were consulted he was warned to abandon automobile driving at once and to walk as much as possible, that the growing defect might be overcome.

Prosecutor Takes a Bride.

At a quiet home wedding, Miss Helen Seymour, daughter of Mrs. Henry Seymour, and Melvin A. Wiley, prosecuting attorney of Chippewa county, were united in marriage at the Soo. The bride, a daughter of the late ex-Congressman H. W. Seymour, was born in Saint Ste. Marie and is a Bryn Mawr college girl. For the past number of years her winters have been spent at the family home in Washington and her summers at the Lake City. The groom is one of the brightest young lawyers of the upper peninsula. Mr. and Mrs. Wiley have taken up their domestic life at the Seymour home, and will be at home to friends after Nov. 1.

Stolen Money Returned.

Escanaba has an "honest burglar." At least an intruder who entered the home of Henry Blake on upper Ludington street last Sunday evening and escaped with \$19 returned to the house a few days afterward and, calling Mrs. Blake to the door, returned the stolen money. Immediately after placing the sealed package containing the cash in the hands of Mrs. Blake, the stranger disappeared and she can not recall his description. It is supposed that the theft was committed by some young man of the city and that the act so preyed upon his conscience that he decided to make restitution.

Boys to Be Taught Sewing.

The boys of the Escanaba High school are to be taught how to sew on buttons and make matches, according to action taken by the board of education this week at the suggestion of Superintendent E. E. King. It was reported to the board that for forty-five minutes, each week the boys of the different classes are to be given instruction in receiving domestic science instructions. That the time of the boys may also be improved they are now to be taught rough sewing, basket making, sterilizing and other useful accomplishments.

Negaunee

F. Braastad & Co. announce a special sale today of ladies' suits, coats and trimmed hats at their Negaunee store. (10-14-10)

LOCAL LACONICS.

Messrs. W. H. Mitchell, Irving Argill and William Verran are now ready to accept applications for deer licenses. The season will open Nov. 8.

Manager McDonald has booked "The Cow Puncher," a western comedy drama, for next Thursday evening, the 20th. The company will play at popular prices.

F. D. Davis, former superintendent of the Negaunee public schools, is among the educators in attendance at the upper peninsula institute meeting, being held in Negaunee.

The employees of the Rolling Mill mine, operated by the Jones & Laughlin company, will be paid today. The workers at the Cambria, Lilly and Hartford properties will receive their checks Monday.

The board of public works will finish up the street improvement work today or Monday. A crew has been working for several days past, spreading crushed stone on the alley between the two school buildings, extending from Pioneer to Teal Lake avenues. The top dressing

Exceptional Clothes at Moderate Prices

Every young man no matter what his means, wishes to dress well. We have solved the problem of dressing well on limited means. We are the exclusive agents for Hart, Schaffner & Marx and Adler's Collegian Clothes. The style of the clothes is well known. They are the leaders of fashion everywhere, and the prices are moderate. NATION DECEIVED BY POMEROY

Notorious Child Murderer Deserves No Sympathy—Is Well Treated in Prison.

Boston, Mass., Oct. 14.—A false story which has circulated throughout the country declares that Jesse H. Pomeroy, who has been confined in the Massachusetts state prison at Charlestown for more than thirty-four years, is kept in a dark, poorly-lighted and ill-ventilated cell, and this year is causing the warden to receive hundreds of letters of protest. These letters are nearly all from women, and many of the communications are being received at the state house protesting that such treatment is inhuman.

Jesse Pomeroy was committed to the prison on Sept. 7, 1876, at which time his sentence had been commuted to life imprisonment in solitary confinement. Most likely it is the "solitary confinement" wording which has caused the untrue stories to be circulated. Many people do not understand what is meant. Warden Bridges naturally has no choice but to enforce the laws governing the institution over which he has jurisdiction. In fact, most eighteen years, and those who know him realize that he has done this to the best of his ability and has not been swayed by pulls or prejudices. Pomeroy, as a matter of record, is treated with more consideration than his own conduct would appear to warrant.

His cell is in the "Cherry Hill" section of the prison and is one of the largest in the institution and a model of its kind. It is sixteen feet long by eight and one-half feet wide and is thirteen and one-half feet high. There are two windows, each thirty-three inches long and six inches wide. These give plenty of light by day. At night the prisoner has the use of an electric light within the cell. The ventilation is particularly good and it is steam heated. The door is of the steel bar grating type and when Pomeroy is fed the dishes are carried into the room by an attendant, and are passed through an opening as the story claimed. There is a comfortable bed, a chair and a table in the room and Pomeroy has a plentiful supply of reading matter on hand at all times.

The regulations provide that each prisoner confined in the Cherry Hill wing shall be permitted three hours in the yard each week. This applies only to the men committed to separate confinement, which really is what is meant by "solitary." Instead of this three-hour allowance, however, Pomeroy gets six to seven hours in the yard each week. As to his not being allowed to attend religious services in the chapel, along with other prisoners—that is true. It could not be otherwise if the court's instructions to keep him separate were to be carried out. But Pomeroy does have spiritual advice whenever he cares for it, and the chaplain may call upon him at any time. His religious services are allowed to visit him, and she goes to the prison every month, always hopeful that her son may some day be freed. Formerly she was permitted to see Jesse only every two months, but when Warden Bridges took charge he succeeded in getting permission for her to come twice as often.

The warden and the prison physician said this afternoon that never since they have been at the institution, eighteen years, has Pomeroy been ill enough to be taken to the prison hospital. There may have been a few times when the doctor has dropped in to see him because of a slight cold or some trifling ailment, but never anything of a serious nature. This gives good evidence of his treatment and good physical condition.

A part of the punishment prescribed by the court was "hard labor," but this Pomeroy has escaped. He absolutely refused to work and the warden does not believe that it is worth while to make him work by severe and frequent punishment. When Warden Bridges first took charge, Pomeroy worked for a few days, then he refused to do any more, saying that when he was free he would earn his own living, but he would not work for anyone else. His nature is naturally sullen and his mental make-up has continued to huddle the experts the same as it did during the investigation of his atrocious crimes.

Pomeroy has made attempts to get out, but for a year or two he has found no opportunity to do so. Once after he was put in the cell which he now occupies, which is in one of the modern wings, the prisoner removed some of the boards in the floor and dug out a considerable section of the mortar underneath. So skillfully was this done that the only way in which it was detected was by an attendant running a slender-bladed knife through the cracks in the floor and striking nothing where there should have been a solid foundation. After that Jesse was deprived of his wooden floor and in place of it got a cement one. This work of cutting under the floor had been done with a narrow piece of tin which he had secured unknown to the officers.

At another time Pomeroy made a saw from a piece of knife, cut into a gas pipe and tried to blow a hole through the wall by lighting the gas at the risk of his life. He started the cement ceiling and singed his eyebrows; but that was all, except that he badly frightened some of the other inmates by the explosion. He was sawed off from bars and patched up the cuts with soap colored by scraps of paint which he had picked off the bars and soaked in water in his pepper shaker.

Pomeroy has made many other attempts to get out but of late years he has succeeded in making only a poor showing at them. His cunning work has been greatly aided by his studies of chemistry, physics, etc. He is a studious reader and at different times has taken up French, German and Spanish and he appears to be more interested in the natural sciences, perhaps because he hopes that through these he may be able to overcome the handicap of heavy walls built to withstand the attacks of such as he, and the watchful eyes of the prison officers.

GIRL MARKS FLIRT

Set Her Teeth Into an Amorous Motorist When He Got Gay.

New York, Oct. 14.—If you are a Brooklyn surface car motorist, with a little red circle on your right forearm made by Brooklyn girl's teeth, you may inform Miss Etta Rosen, aged 16, of 399 Rockaway avenue, so she may cause your arrest. She sought you anxiously, accompanied by her parents and a score of relatives.

Miss Rosen is known at Brighton Beach as "the pretty poppaw girl." She is mostly always chipper and bright, but early in the morning—it was 2:30—she looked as if about to weep when which she was returning home from work undertook to flirt with her in a most open manner, to the delight of other car drivers of the Brooklyn Rapid Transit on their way home.

She acted quickly in defense of herself. She screamed with rage and claved at his face, and when he laughed and sought to hold her and stop her struggles she seized his forearm with her teeth. She bit him in the hand. Then she jumped from the car and threw a stone through one of the windows at her assailant. She says the motorist jumped out of the car, as if to pursue her. Reaching her home in a state of fright and exhaustion she reported her story to her parents. They reported the case to the police and an attempt was made to find the motorist, but the effort was fruitless.

SARATOGA PLATFORM ECHOS TAFT'S WORDS

Tariff Plank Now Said to Be Written Under Chief Executive's Dictation.

New York, Oct. 14.—Otto T. Barnard, it is now said, and not Seneca E. Payne, wrote the tariff plank of the Saratoga platform. Mr. Barnard, it was declared today, framed the plank in the presence of President Taft, who virtually dictated it to the man who more than anybody else wields his personal representative at the Saratoga convention.

Task an Enormous One. The commission itself realizes the difficulties of the situation, but is apparently not able to meet them. It has sought to overcome them by committing a good deal of work to examiners and special agents. Just now the all important question is whether the commission can catch up. Extra hard work in a measure may be made up for the time lost during the summer, but it seems unreasonable to expect that all or even a large part of the duties imposed under the act of last June can be performed satisfactorily for a good while to come.

HINDERED IN CENSUS WORK. Officials Say That Boom Tactics Hurt Instead of Helped. Washington, Oct. 14.—The brass band method of taking the census which was practiced this year in almost all cities of the country arouses no enthusiasm among the officials of the census bureau at Washington. They state frankly that as good a better result could be obtained with less waste of effort, if the cities would abandon their boom tactics and let the government enumerators work in peace.

Primary Plank Nearly Missed. That Col. Roosevelt did not object strenuously to the omission of this subject by Mr. Barnard was explained by the statement that the colonel had told the committee in his speech (Col. Roosevelt) would make up for this deficiency in the party's deliverance by vigorous declarations in support of the general principle in the speech he should make to the convention.

SUICIDES LAID TO WOMAN. Dr. Da Costa Says Invasion of Man's Field Leads to Degeneration. Philadelphia, Oct. 14.—In a paper on "Suicide," read before the American Philosophical society, Dr. John Chalmers Da Costa declared that the invasion of man's field of work by women has contributed largely to suicide in this country, and added that this and other ills would increase if women persisted in abandoning the home for business.

FORCED TO LEAVE HOME. Every year a large number of poor sufferers whose lungs are sore and racked with cough are urged to go to another climate. But this is costly and not always sure. There is a better way. Let Dr. King's New Discovery cure you at home.

KILLS A MURDERER. A merciless murderer is Appendicitis with many victims. But Dr. King's new Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Headache, Biliousness, Chills, 25c at The Stafford Drug Co.

Good results always follow the use of Foley's Kidney Pills. They contain just the ingredients necessary to tone, strengthen and regulate the kidneys and bladder, and to cure backache. The People's Drug Store.

RATE CASES PILING UP ON COMMISSION

Belief Growing It Soon May be Swamped—Shippers and Railroad Men Anxious.

Washington, Oct. 14.—Shippers and railroad men who are closely interested in problems of interstate commerce and its control by the interstate commerce commission are feeling some anxiety with reference to the question whether the commission, as at present organized, is not in danger of getting so far behind with its work as to put it into an almost hopeless condition. This fear is based upon known facts, more and more of which are coming to light every day.

NEED NEW BUILDINGS IN MANY COUNTIES. Jails and Poor Houses, in Many Cases, Are in Unhealthy and Unsanitary Condition. Lansing, Mich., Oct. 14.—Supervisors in a number of counties in this state found themselves confronted with a severe arraignment of the manner in which their respective counties treat aged dependents and those who have to be locked away for the general good when they assembled for the fall session this week.

LATEST VENTURE. Then there followed another venture, financed, so far as equal estate and building were concerned, by President McAdoo and his associates of the Hudson Tunnel company. This investment, according to the report made by the McAdoo company, entailed approximately \$40,000,000, and that was made solely for the purpose of providing the greatest of modern structures for retail trade.

HIS STIFF SHIRT BOSOM STRANGLES MAN IN FAINT. Seated in His Carriage, Is Overcome and Dies Before Help Arrives. Hartford, Conn., Oct. 14.—Sitting in his carriage, apparently asleep, Frank Johnson, of the Hartford Rubber Works, was found dead in his seat, a few minutes after he had been seen by a friend, Brinkman, and later, when a physician stated that Johnson had been dead an hour, the medical examiner gave the cause of death as accidental strangulation caused by a stiff shirt bosom and collar band.

BLOOD TROUBLES CONSTITUTIONAL INFECTIO. Constitutional Blood Poison is the most insidious of all diseases. It begins in an insidious manner, usually the appearance of a tiny sore, being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out.

REACHING THE TOP. In any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect, action of stomach, liver, kidneys, bowels and invigorates the whole system and enables you to stand the wear and tear of your daily work.

THE SWIFT SPECIFIC CO., Atlanta, Ga. Take Hall's Family Pills for constipation.

MAINE WOMAN KILLS EAGLE.

Dextrous Blow with An Ax Ends Hen-house Depredations.

Bucksport, Me., Oct. 14.—Her thrilling experience in killing an eagle was related today by Mrs. Andrew Harriman of Bucks Mills, who she exhibited with pride the bird that measured seven feet from tip to tip of the wings. Talons two and one-half inches long were evidence of the savage work the bird might have accomplished. Just for the clever wedding gift by Mrs. Harriman.

EXPURGATION OF SAINTS. The Congregation of Rites, Rome, has commenced an energetic expurgation of the calendar of saints. There are, it appears, many illegitimate saints, who though they have never been sanctified, are venerated by the people. All these are to be blotted out from the calendar already gone, three of them being Spanish saints, four French, one German and eight Italian. For the expurgation of each saint there is a special canonical ceremony.

NEED NEW BUILDINGS IN MANY COUNTIES. Jails and Poor Houses, in Many Cases, Are in Unhealthy and Unsanitary Condition. Lansing, Mich., Oct. 14.—Supervisors in a number of counties in this state found themselves confronted with a severe arraignment of the manner in which their respective counties treat aged dependents and those who have to be locked away for the general good when they assembled for the fall session this week.

LABOR INSPECTOR COMMENDS POSTUM PLANT. Lansing, Mich., Oct. 14.—The pure food factories of the Postum Cereal Co., Ltd., of Battle Creek, Mich., which are visited by from 15,000 to 18,000 tourists annually, entertained an unexpected visitor the other day in the person of Sylvester Greusel, Michigan state factory inspector.

FIFTH AVENUE FOR SHOPPERS

Many Millions in Palatial Housing for the Retail Trade of Greater New York.

New York, Oct. 14.—A few weeks hence, possibly about Thanksgiving time, the Pennsylvania tunnel system will be in full operation. A work which has been in progress seven years, which involved original engineering, the largest investment of money for transportation purposes and for a like distance ever made, connecting Manhattan by artificial highways beneath the arm of the sea which is the Hudson river, will have been completed, and the terminal of the Pennsylvania railroad will no longer lie at Jersey City, but in the heart of New York.

NEED NEW BUILDINGS IN MANY COUNTIES. Jails and Poor Houses, in Many Cases, Are in Unhealthy and Unsanitary Condition. Lansing, Mich., Oct. 14.—Supervisors in a number of counties in this state found themselves confronted with a severe arraignment of the manner in which their respective counties treat aged dependents and those who have to be locked away for the general good when they assembled for the fall session this week.

You Can Work Near a Window

in winter when you have a Perfection Oil Heater. It is a portable radiator which can be moved to any part of a room, or to any room in a house. When you have a

PERFECTION SMOKELESS OIL HEATER. Absolutely smokeless and odorless.

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

BOY SCOUTS MOVEMENT SPREADING IN AMERICA

Play Grounds Association Has Joined to Support and Extend It.

New York, Oct. 14.—Announcement has been made that the Playgrounds Association of America had joined in support of the Boy Scout movement as started in England by General Baden-Powell and fostered here by Ernest Thompson Seton. It is expected that the Playgrounds Association, an organization with branches almost everywhere throughout the country, will appoint a paid secretary, who will give his whole time to the new work. There are already about 150,000 boys enrolled in the Boy Scouts of America in forty-six States, though the organization is only a few months old.

Safety and Service Combined

It often occurs that the effort to procure positive safety for funds results in a degree of laxness with reference to service. This bank, however, combines both positive safety and efficiency of service in the highest degree. Its officers are always pleased to render every assistance within the bounds of careful, conservative banking.

Michigamme

Miss Viola Backes left Thursday for Hibbing, Minn., where she has accepted a position as teacher in the schools.

All of the teachers of the Michigamme schools are in attendance at the teachers' institute at Negaunee.

M. J. Kennedy, of Ishpeming, and Herbert Brennen, of L'Anse, were Michigamme visitors Monday, on legal business.

The store of H. C. Cobodas was closed Wednesday evening and Thursday, because of a Jewish holiday.

The ladies of the Catholic church will give a fair in the Odd Fellows hall Oct. 21 and 22.

A new iron fence is being put up on the Stensrud property.

The Catholic church is being painted. Oscar Johnson is doing the work.

F. L. Brown, Jr., and Gust Carlson left Wednesday on a hunting trip. They will return some time today. They will hunt from Dishon's farm to the Summit.

The Pioneer Gymnastic club will give a dancing party in the Odd Fellows hall two weeks from yesterday, the 28th; Johnson's orchestra will furnish the

music. An admission of seventy-five cents will be charged.

A son was born to Mr. and Mrs. David Andia the 14th.

"YOUR INCOME."

"As gold is a commodity, it must obey the general law of supply and demand, and that law alone governs its interest rate. If one confines himself to interest rates on bonds or loans payable at a distant rate, it must be evident that a person who believes in the quantitative theory of money, and also believes that the gold production will increase, will naturally not buy bonds, but will buy equities. Therefore, people who desire to issue bonds must pay an increased rate of interest to get their money so as to compensate an investor for taking the risk of an increased production of gold and consequent rise in prices.

"In the writer's opinion, one must come to the conclusion that so long as gold continues to increase in production as it has in the past ten years, one cannot get away from deciding that the best chance of a return on his capital is an investment in equities—that is to say, he must place his money where the investment will carry the equity with it.

"It is a most serious question and

THE WOMAN WHO KNOWS

The woman who knows what's what in the enhancement and preservation of her beauty is the woman who does not experiment with her hair or complexion, she knows that at the Marinello Comfort shop she will receive the expert and scientific treatments that have made the name Marinello so famous. She knows that Marinello cosmetics are made of the purest materials, by skilled Marinello chemists.

Negaunee Department

TEACHERS' MEETING TO CLOSE TODAY

Officers of Upper Peninsula Educational Association Will Be Elected This Morning.

The annual meeting of the Upper Peninsula Educational association will be brought to a close this morning, when officers will be elected. There will also be a program, commencing at 9 o'clock. J. E. Lautner, professor of modern languages at the Northern State Normal, at Marquette will speak on "The Industrial Continuation Schools of Munich."

The retiring officers of the association are James H. Kaye, of Marquette, president; Orr Schurtz, Negaunee, vice president; J. E. Lautner, Marquette, secretary, and J. R. Reed, Iron Mountain, treasurer.

The meeting has been one of the most successful in the series. The attendance is larger than the members of the Negaunee committee expected. Practically every room engaged was needed for the visitors.

Nearly 1,000 people attended the public meeting Thursday evening in the auditorium of the high school, when Dr. Frank W. Gonsalus gave the address. Dr. Gonsalus spoke for over an hour and a half. The musical numbers by the Girls Glee club, high school orchestra, and a special ladies' quartet, were much appreciated.

The reception tendered the visiting teachers last evening in the high school was attended by even a larger number than were present at the entertainment the previous evening. Many Negaunee people were present and there was also a large delegation of Ishpeming people in attendance.

Many of the teachers will leave this afternoon for their homes. Several of the superintendents and other members of high school faculties will remain this afternoon to attend the football games between the Negaunee and Ishpeming high school elevens and the Marquette Guild hall and Ishpeming Y. M. C. A. teams.

DO IT NOW.

Phone or mail me your order for your winter's supply of potatoes, to be delivered from the car to your house. Guarantee them to be A. No. 1 White stock and low cash price. Cars will start coming in about Oct. 15. Get in early. Bell phone, 86; County phone 420. Address mail orders or inquiries to B. J. Goodman, Forey's P. O., Mich. (10-9-11)

IN BAD CONDITION.

Negaunee Fire Alarm System Needs a Complete Overhauling.

Men are at work moving the fire department's alarm system from the old to the new hose house. The members say the system should be improved, as it has not been in good condition of late. Several additional alarm stations are needed. The wiring in many places is said to be defective. Both iron and copper wire was used when the system was installed. It is possible that the council will be asked at a near date to have the entire system overhauled.

PLEADED GUILTY.

Northland Men Charged With Violating Game Laws Given Hearing.

Joe Perow and Ed. Page, two Northland men, who early in the week were arrested by Game Wardens P. Hogan and E. Maney, the latter of Marquette, were given a hearing Thursday in Judge Argall's court. Perow was charged with killing bear out of season and the charge against Page was serving partridge to his guests and boarders at his hotel at Northland. Both pleaded guilty. Perow's fine and costs amounted to \$9 and Page's to \$14.

The wardens had dinner at Page's hotel the day he served partridge. Perow, who is a deputy sheriff, shot one of the largest bears that had ever been killed near Northland.

FOOTBALL TODAY.

Two Games Will Be Played This Afternoon at Union Park Gridiron.

There will be two rattling good football games this afternoon at Union Park gridiron, between the Ishpeming and Negaunee high school elevens and the Marquette Guild hall and Ishpeming Y. M. C. A. teams. The first contest, between the high school teams, will start promptly at 1:45 o'clock.

The Ishpeming team has the advantage of several pounds in weight, as well as a greater number of substitutes to draw on. The Negaunee team has but thirteen players, and Ishpeming has eight or ten extra men. The local team will lineup as follows: Manning center; Boulier and Williams, guards; Marotte, Swartzberg and Connors, tackles; S. Gaffney, and Bodin, ends. Sterling, quarterback; L. Coffey and Rough, half backs; Lahti, full back; substitutes Carroll and either Marotte, Swartzberg or Connors.

There will be no extra charge on account of the second game. J. H. Primeau, Jr., of this city will referee the high school game and W. H. Norman, physical director of the Young Men's Christian association, at Ishpeming will be the umpire. It is possible that Mr. Primeau will also officiate for the Guild Hall-Y. M. C. A. game.

STILL UNSETTLED.

Although the council was in session for some time Thursday evening, matters pertaining to the new cemetery were not disposed of. C. V. R. Townsend who has charge of the Cleveland-Cliffs Iron company's land department, and who is a member of the board of public works, was out of the city and the members of the council decided not to take over the new burial grounds until Mr. Townsend can be present at the meeting. As soon as the city accepts the new cemetery the council will

BUILDING COAL TRESTLE.

The Consolidated Fuel & Lumber company is building a coal trestle at its plant in Negaunee. The bents for the structure were raised Wednesday, and it is expected that it will be ready to take coal Monday morning, when a cargo is expected. The trestle is 176 feet in length and will have a capacity of 2,000 tons. The present trestle holds 2,500 tons.

"The High School March," a musical composition of Miss Ida Ellis of Negaunee, will be on sale shortly at O'Donoghue's Music House. Watch for it. (10-15-11)

The men are invited to call and see the new line of Wilson hats, which I have just placed on display. A large assortment to make your selection from. H. J. Peterson, Mulvey block. (10-11-11)

FINAL DECREE IN BIG CASE

Judge Denison Upholds Judge Knappen's Decision, Made Three Years Ago, in the Lonsdorf-Maas Suit, Involving Large Interest in Maas Mine.

Court Requires Maas to Turn Over to Lonsdorf Interests One-Third of the Undivided One-Half Reserved by Himself, and Pay \$12,000 in Back Royalties.

A final decree in the case of Margaretta Lonsdorf, of Milwaukee, against George J. Maas, of Negaunee, and the Cleveland-Cliffs Iron company, which has been in litigation in United States court for many years, was handed down by Judge Denison before his return to Grand Rapids yesterday. Judge Denison's findings coincide with the opinion of Judge Knappen, filed three years ago, and in general is favorable to the complainant. Judge Denison's decree adjudges Mrs. Lonsdorf entitled to one-third of the half interest in the lands comprising the Maas mine at Negaunee, reserved by Mr. Maas, subject to the terms of the lease to the Cleveland-Cliffs Iron company, and that Mr. Maas shall pay Mrs. Lonsdorf one-third of the royalties already received from the property, less expenses entailed by Mr. Maas in making the deal, the amount being fixed by the court at \$12,000.94.

Following Judge Knappen's decision three years ago, the defendant appealed the case to the United States court of appeals. The higher court refused to review the case until there had been an accounting of the royalties received by the defendant under the lease with the Cleveland-Cliffs company. On the order of the court, such an accounting has been made and Judge Denison's decision, with this exception, leaves the case in practically the same position as it was three years ago. The case is now in such shape that it can be reviewed by the higher court in the event that an appeal is taken, which is quite probable.

Parties Were Partners.

The parties to the case—Geo. J. Maas is the real defendant, the Cleveland-Cliffs Iron company being merely a nominal one—were partners in the exploitation of the Negaunee mineral land on which Mr. Maas proved the large, valuable deposits which the Cleveland-Cliffs company is now operating as the Maas mine. In accordance with the terms of the contract, made in 1898, and made a matter of record five years later, in 1903, when the Lonsdorfs saw there might be trouble over the settlement, Margaretta Lonsdorf, who was represented in the negotiations by her son, George Lonsdorf, agreed to defray half of the expense of conducting the proposed exploration. There was included in the contract between the parties this provision: "Said first party (the defendant) further agrees that in case he secures option on the land in the vicinity of the above described premises (land which the parties already had under option) that said second party (complainant) shall have one-third interest therein."

Though it is not brought out in the court opinion, it is stated that Mrs. Maas, mother of the defendant, furnished the other half of the money used in conducting the exploration and was also understood to be entitled to one-third interest in the options. The defendant for his part put in a diamond drill outfit, his experience as a mining man and his general services in connection with the deal. In fact, Mr. Maas had the entire responsibility of conducting the work, of the negotiations with the land owners concerned and of making leases and options. His share was to be one-third of all profits from the deal.

Big Mine Developed.

Mr. Maas' work on the property met with speedy success and in March, 1900, he wrote the Lonsdorfs that "if a mine were to pile \$100,000 in front of me for my interest, I would not take it."

In the fall of the year the defendant began to get purchase options, gradually changing the lease options to purchasing options as it was possible to perfect the arrangements. The purchase options were still running. In November, 1900, Mr. Maas was holding the property at \$800,000, the results of the drill tests being eminently satisfactory. By January of 1901, all the lease options had been changed into purchase options. Concerning them, Judge Knappen, in his review of the case, said: "The testimony is convincing that all those purchase options were taken on the promise of the express understanding between the defendant and Geo. Lonsdorf, as complainant's agent, and as part of the exploration enterprise for the joint benefit of the complainant and the defendant."

Deal With C. C. I. Company.

The value of the property was demonstrated prior to the first of January, 1901, and Jan. 14 the defendant made a contract with the Cleveland-Cliffs Iron company by which upon an indivisible consideration of \$600,000 plus the sum paid the defendant for the option extensions (not exceeding \$10,000) the Cleveland-Cliffs company was given an option until June 14 following to purchase of the defendant an undivided one-half interest in the purchase options held by the defendant, and to take a mining lease of the other undivided half interest in the fee for ninety-nine years at royalties ranging from five to ten cents per ton with a minimum royalty of \$10,000 a year, with an assignment of two cemetery leases; \$300,000 of the \$600,000 referred to, or as much thereof as should be necessary, was to be used for closing the purchase options and the rest of the \$600,000, plus the option expenses, was to be paid over to the defendant in money, or in mortgage notes.

Three days later the defendant reported to the Lonsdorfs concerning the development, but, according to the court's resume of the case, made no mention of his retaining for himself the undivided half interest in the fee, and the complainant got the idea that she was to share in the entire profits of the deal. The Cleveland-Cliffs Iron company executed its options in March, three months before their expiration.

The first intimation George Lonsdorf had of Maas' reservation of one-half of the fee for himself was an article he read in The Mining Journal, commenting on the deal and particularly on the fact that Maas had reserved one-half of the fee, it having been the general belief before the deeds were filed that the Cleveland-Cliffs Iron company owned the entire fee. Lonsdorf confronted Maas with the article. The latter admitted its truth, but took the stand that the leases were sold apart from the fee for \$300,000, and that the returns from the leases were all that the Lonsdorfs were entitled to share in. Maas refused to show his contract with the Cleveland-Cliffs Iron company.

Suit Came Later.

Notwithstanding these developments, Mrs. Lonsdorf on the advice of her son, a short time subsequently accepted \$100,000 as her share of the proceeds of the deal, and received for the same as "in payment of my one-third interest in the so-called Maas explorations, which was acquired by me by a certain agreement dated Nov. 25, 1898, a copy of which is hereto attached." At the time of this settlement, the complainant, according to the court's view, knew nothing of the agreement between the defendant and the Cleveland-Cliffs company.

The subject was not again brought up between the parties until some two years later, Feb. 1903, when the defendant at his mother's request that he give the complainant one-third of his one-half interest in the fee, offered to do so, providing the complainant would share one-third equally with the defendant's mother. The complainant declined to do this, claiming that she was entitled to a full third, but offered to submit the matter to arbitration by the disinterested parties. Soon after suit was begun to get title to one-third of one-half the fee and also for an accounting for royalties received by the defendant to date.

Judges With the Complainant.

Both Judge Denison and Judge Knappen hold that the equities are with the complainant unless they are lost by the settlement referred to. "The agreement," quoting Judge Knappen's opinion, "plainly contemplated that all profits of the explorations, and of the deal connected with the mining property, which the parties hoped to control over as the result of such exploration, should be divided between the parties concerned." The court holds that it is a matter of indifference whether Maas followed the lease or purchase method; that either was by a means to an end, and that in either case the complainant was entitled to a full third interest in the proceeds. The arguments of the defendants' attorneys, Judge Knappen takes up one by one and pronounces them untenable, his opinion throughout running strongly in favor of the complainant.

As to the settlement the court holds that it was obtained by misrepresentation of facts and therefore is not a bar in the way of preventing the complainant from seeking to recover a larger share in the profits of the deal. "In point of fact," the court says, "the defendant has never obtained the fee of the lands, in point of fact he did not acquire his purchase options under circumstances so disconnected from options from leases as to justify an expectation that nobody would ever question his right to do so. It may be true that the statement of the separate sale of the lease and the fee was taken from the defendant's standpoint, but it is not true in point of fact."

Great Sum Involved.

Involved in the case is a great sum, making it one of the most important affecting Marquette county interests that has been up in many years. The minimum royalty of the half interest in the fee involved is \$10,000. But with the present extensive operation of the mine, the royalties must amount annually to a much larger sum. The Lonsdorfs are fighting for a great stake. Ball & Bell represented the complainant in this case and Young & Bell the defendant.

PUBLIC MEETING TODAY.

Business Concerns the Proposed Purchase of the Hotel Superior.

A public meeting will be held at 2:30 this afternoon in the city hall to discuss the so-called Hotel Superior project. A good program has been prepared. Dr. James will explain the need of a sanitarium. Mrs. Sidney Beacock, a minister's wife, will give an address. All the delegates from the different churches and societies are expected to be present and give a report. Everyone is cordially invited to attend.

There was a meeting of the district officers of the Woman's Home, College and Sanitarium held yesterday. The following are the officers: Mrs. Carrie E. Clarke, honorary president; Mrs. Mary Rowley, vice president; Mrs. Wilhelmina Wilson, recording secretary; Mrs. Mabel MacPherson, recording secretary. Miss Walz was appointed general manager of the organization and presidents and secretaries were appointed in various cities and towns to assist her in following: Mesdames Minnie Taylor, May McDonald, Craig, Bush, Burley, Molloy, Riley, Peterson and Miss Erickson. Miss Walz was elected delegate to represent "The Home" at the National W. C. T. U. convention to be held at Pittsburg.

SAYS PRICE ASKED IS VERY REASONABLE

Superintendent Retailic Discusses Proposed Purchase Above Dead River Dam.

Announcement of the possible purchase of about fifty-five acres along the banks of Dead river between the upper dam of the city light and power plant and Forestville in order that the height together may be raised ten or twelve feet, has been discussed considerably among taxpayers the past week. This fifty-five acres would be what would be covered with water if the dam should be made twelve feet higher. Ayer & Longyear have agreed to sell this land, together with the undeveloped water power between the two points, for about \$12,000.

A number of citizens have been wondering if \$12,000 was a reasonable price for this land and water power and have asked City Attorney Brown whether the city could condemn land for this purpose. After having investigated the question, the city attorney states that, in his opinion, the city has the right to condemn land abutting Dead river for municipal water power purposes, in which case its value would be fixed by a jury in circuit court, and the city would have to pay and the owners have to sell at the figure stipulated by such a jury. The city attorney bases his opinion on a local act passed by the legislature several years ago.

When asked his views on this subject yesterday, Superintendent Retailic stated that he considered \$12,000 a very fair price for the land and water power contemplated in this proposed purchase and sale. "Some people seem to have the idea that the commission in making this purchase is simply buying fifty-five acres of practically worthless land and paying about \$250 an acre for it," he said. "This is an entirely wrong conception. It is not the land but the undeveloped water power that makes this property valuable. Two engineers have gone over the ground, both outsiders, and both have reported that the commission would do well to buy the property, if it could be secured for \$20,000 or less."

"As an example of what water power is valued at, we have been dickering with the powder mill people for their twenty-two vertical feet of water power, which they are about to vacate, and the price they ask for it is \$300. That is to say, we have the option on twenty vertical feet of water power above the dam at \$12,000, while the powder mill people ask \$50,000 for twenty-two vertical feet, which they expect to cease using in a short time."

"Every vertical foot of water power that we now own and utilize in Dead river nets the commission \$630 per year, as shown by our profits for a period of years. It is fair to presume that every additional foot acquired would net a proportionate increase in the profits of the plant. On this basis, the ten or twelve feet under option from Ayer & Longyear would actually be worth to us \$6,500 per year, from which it does not take anyone long to figure out whether or not its purchase would be a good investment for the commission."

WARNING TO BOYS.

Shooting Squirrels Within City Limits Prohibited by State Law.

Of late there has been complaint made to the police officers and others that certain Marquette boys are molesting and shooting at squirrels within the limits of the city. Squirrels are protected by state law.

It is the duty of citizens to stop boys from molesting these animals and to report the names of such boys to Marshal Manning. In some cities squirrels are fed by the city and become very tame. The marshal intends to make an example of any boy caught shooting squirrels or songbirds and warns parents to guard against their boys getting into trouble. Boys caught shooting air guns, or any other kind of guns, or sling shots will also be arrested. This order includes the grove on the lake shore.

Marshal Manning stated yesterday that he would pay \$1 to any boy who reported and was able to prove that any other boy had killed or attempted to kill a squirrel or song bird.

SATURDAY MUSIC CLUB.

Interesting Program This Afternoon at Miss Williams' Home.

The Saturday Music club will hold its meeting this afternoon at the home of Miss Williams, 503 Spruce street. The program prepared is as follows: Life of Schumann..... Miss Oltman. Piano solo, "Anschwang"..... Miss Mathews. Choral practice will follow the program and members are requested to bring any of the club's choral music not already handed in to the librarian, Mrs. Halby.

REPUBLIC IRON & STEEL COMPANY.

Notice of Eleventh Annual Meeting.

Notice is hereby given that the annual meeting of the stockholders of Republic Iron & Steel Company will be held at the principal office of the company, at Number 15 Exchange Place, in the city of Jersey City, New Jersey, on Wednesday, the 19th of October, 1910, at 11 o'clock in the forenoon, for the transaction of any and all business that may come before the meeting, including the election of four directors for the term of three years, and considering and voting upon the approval and ratification of all contracts, acts, proceedings, elections and appointments of the stockholders, of the board of directors and of the executive committee of this company, since the last meeting, and a special meeting of the company, as set forth in the minutes of the stockholders and executive committee, including the proceedings in and about the creation of the company's mortgage dated March 17th, 1910, made to Central Trust Company of New York and James N. Wallace, as trustees. Said minutes will be open to the inspection of stockholders at said meeting.

The stock transfer books will be closed October 1st, 1910, at three o'clock p. m., and will be reopened at ten o'clock a. m. on October 2nd, 1910.

By order of the Executive Committee.
H. L. BROWN, Secretary.

A GENEROUS AND CHARITABLE WISH.

"I wish all might know of the benefit I received from your Foley's Kidney Remedy," says I. N. Regan, Farmer, Mo. His kidney and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him. The People's Drug Store.

STEPHENSON SHIRTS and DRAWERS

MORE LENGTH MORE BREADTH MORE WOOL, MORE WEAR.

It matters not how particular a man is about his Underwear, he is sure to find his particular kind right here.
