Chicago Police Have a New Experience and One That Plainly Confuses Them-Matrons and liam H. Ashton, general organizer, and Maidens Prominent in Society International Brotherhood of Teamsters. Ranks of Strikers. Join

Chicago, Nov. 1.-Mounted police charged threatening mobs of striking garment workers and made numerous arrests in three districts of Chicago today, only to be dumfounded when met by obdurate groups of wellknown club women and society women who produced engraved calling cards at the police staplainly confused them.

A score of these women champions of rioting were taken into custody. They were immediately released, however when their identities became known One of them was injured when struck by a policeman's club, but her name did not become known, as she was hurriedly placed in an automobile and taken to her home.

Garbed as Working Girls.

Most of the women of prominence in volved in today's demonstrations were garbed as working girls, and for this reason the police could not distinguish them from strikers until after the arrests were made.

Riotous and spectacular scenes were duplicated in the down-town district, on the North side and on the West side More than 500 men and women were engaged in the down-town demonstra tion, which was broken up by the police after considerable trouble. As they left the headquarters in La Salle street. the strikers and their sympathizers clanged bells, blew whistles and tooted The line of march proceeded in horns. to the wholesale district near the river passing various large tailoring estab lishments where the employes were Leckoned to join the strikers. Mor than two thousand persons took part in one of several incipient riots on the West side. In each instance women headed the crowds of strikers and their friends.

a number of drivers went out, while in WUU this city the wagon employes of several of the big department stores joined the THE walkout. The leaders tonight made the threat that unless the trouble is speed-ily adjusted they will call out thirty thousand drivers of all classes of vehicles They declare that more than ten thousand men already are involved. There was rioting in many parts of Jersey City and Manhattan today. For the most part, the outbreaks were quickly nuclied by the police. Whether there will be a general strike Contest of the Shippers of the Midof all the teamsters in the metropolitan district rests upon the decision of Wil-

Valentine Hoffman, vice president of the Authority to call such a strike at moment's notice whenever they deer such course necessary was vested in them by the joint executive council of

> ACCUSED "GO-BETWEEN" IN ALLEGED BRIBERY PLOT

OFFERS TO PLEAD GUILTY.

New York, Nov. 1.-Dagelbert Tiementions in lieu of bail bonds. It was a dorfer, accused of being the go-between new experience for the police and it in seeking a bribe of \$2,000 for George W. Yeandle, who was drawn as a jurot in the case of Edward T. Rosenheimer the garment workers who faced today's the wealthy merchant charged with murder, offered to plead guilty to the indictment returned against him late today. As Tiemendorfer was not represented by counsel when arraigned, District Attorney Whitman asked Justice O'Gorman not to accept the plea. Yeandle pleaded not guilty. The arrest of Yeandle and Tiemendorfer halted temporarily the trial of Rosenheimer, who is accused of causing the death of Grace Hough when his automobile ran down the carriage in

which she was riding. DEALINGS IN STOCKS

to the state ticket, and particularly to making a poor enough job of it, because

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Once a Rayo User, Always One. Dealers Everywhere. If not at yours', write for desci circular to the nearest avency of the Standard Oil Company

Facts For Sick Homen 019

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and nor nal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minnenpolis, Elinn.:-"I was a great sufferer from female troebles which caused a weakness and broken down condition of the system. I read so much of that Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help no wonderfully. Within three months I was a perfectly well woman.

"I want this i ster made public to show the benefits to be dei ved from Lydia E. Pinkham's Vegetable Compound." – Mrs. John G. Moldan, 2115 Second St., North Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

political meeting. Late. in the evening he appled at the Atlantic hotel for lodgings. In the morning when Wright was called there was no response. When the room was entered he was found to be dead and by his side were an empty glass and bottle which had contained carbolic acid. LANSING-The offices of the state game and fish warden presented a uni-

que appearance Saturday and resembled a fur store rather than a state office due to the shipment's from various parts of the state of confiscated skins of furbearing animals. Included in the lot were 900 muskrat skins, seized at Manistee, 190 seized at Kalamazoo and small lots from other sections of the state. Mink skins were also much in evidence, as well as various other skins, including raccoon, skunk and otter. These animals, according to Mr. Pierce, were captured by trappers and hunters who would not await the opening of the season, which occurs November 1. The consignment will net the state several hundred dol-

HART-What is said to be a record breaking feat in potato digging was that performed by William Straight on J. W. Mitchell's farm a few miles northeast of here. In nine and one-half hours Mr. Straight dug 212 bushels of tubers, ago, when he dug 205 bushels in the same number of hours. The yield was at the rate of 240 bushels to the acre.

HAD PSORIASIS FOR IEN YEARS Itching and Burning Terrible. Ap-pearance Worse. Had Specialists and X-Ray, with Some Success, Others without Relief. Used Cuticura. In 4 Days Relieved. Inside of 2 Weeks Cured. "I had been suffering with psoriasis for a period of ten years. It would dis-appear occasionally for a year or so and then return in worse form than before. then return in worse form than before. The last attack came on a little over a year ago, and by early summer had covered me all over. The itching and burning were tertible, and my appear-ance was worse. I had tried different specialists and had had the X-rays used on me, sometimes with some success and at others without relief. In the early fall of 1909 I was induced to try the Cuticura treatment. by a party who throughout with steel.

company in the southwest. The announcement recently made that the Miami company had contracted with the Greene-Cananea for the smelting its concentrates attracted considerabl attention and pointed out the fact that the Cananea reduction works must be in admirable shape to secure this contract in competition with the Copper Queen and the El Paso smelter. The Cananea mines are said to be bet ter than ever before and the ore is beng mined at a record for low cost. Aside from the operation of the big company there is not much being done in the Cananea district, though there are a number of properties which have made excellent showings for the amount of development work done and a better price for copper would no doubt quickly bring resumption of work on a numl GIROUX.

The problem of prices for the moment

hinges on spot markets and spinners' anxiety. The spinners cannot wait
