

HIS WELCOME IN IOWA IS A CORDIAL ONE

Theodore Roosevelt Finds No Evidence of the Criticism Which He Had Heard Was Being Made of Him in the Hawkeye State—Reception Enthusiastic, Indeed.

Snow and Slush Fill Streets, There Is Rain and the Air Is Damp and Cold, Yet the People Turn Out in Crowds to See and Hear and Cheer Him.

Des Moines, Ia., Nov. 4.—Through snow, sleet and rain and biting cold, Theodore Roosevelt campaigned Iowa today in behalf of the Republican ticket. His reception was cordial. People pattered through slush in crowds to see him and hear him speak in behalf of Charles G. Davenport, Republican candidate for congress. Mr. Roosevelt had heard that he was being criticized in this state by persons who believed that he espoused one set of doctrines in the West and another in the East, but he found a hearty welcome awaiting him here.

The colonel urged the people of Iowa to support Mr. G. G. G. as a man who stood with the progressive leaders of the Republican party, and in his speech here tonight he endorsed Governor Carroll and the state ticket and put in a good word for Senator Cummins. He did not attempt to go into local politics but confined himself largely to appeals for the support of the general principles which he said the Republican party as a whole represented. This evening he addressed several thousand members of the Iowa State Teachers' association on education and good citizenship, before speaking at the campaign rally.

Mr. Roosevelt reached Davenport from Chicago in the middle of the night and remained in his car until morning. He made his first speech from the platform of the car at Liberty City and Marengo. Iowa City turned out an enthusiastic throng, with a band and a cheering squad from the University of Iowa. At both West Liberty and Marengo several hundred persons stood in the snow at the stations to listen to him.

Striking Reception at Des Moines. The reception of Mr. Roosevelt in Des Moines was most striking. At the time of his arrival the streets were covered with slush and the air was cold and damp, yet the downtown thoroughfares were lined with crowds which cheered constantly and kept the colonel on his feet laughing and waving his hat as he moved through the city, escorted by a troop of cavalry. Mr. Roosevelt was taken to the University Church of Christ, where he spoke to more than two thousand high school students. He told the pupils that he was going to make a speech some time on "the invaluable use of useless information." He said that during his life he had accumulated an enormous amount of information which years later had proved of great value. He urged the boys and girls to read good books and plenty of them and reminded them that the value of their education depended more upon what they put into their work than upon what the teachers put into them.

From the church Mr. Roosevelt went to the Grant club, where he had dinner with the Des Moines Commercial club. Then he went to the Coliseum and made an address to the teachers and later to the campaign rally at the Auditorium.

Every seat in the Coliseum, which holds ten thousand persons, was filled when Mr. Roosevelt addressed the teachers' association, and several thousand were unable to get in. The colonel told the teachers that the schools of America have not been adapted to present conditions so successfully as have those of some other countries, notably Germany. He said: "It is recognized by some of the best minds that have grown up in our educational system, much of its value will disappear."

The colonel said that the schools should train the boys toward the farm and the shop, and not away from them. He thought it a bad thing for the boy to become a poor clerk when he would have made a good blacksmith, and he said that industrial training should be extended to all grade schools and to the colleges.

Senator Cummins sat on the platform at the rally at the Auditorium, and Mr. Roosevelt's praise of him brought out a cheer from the crowd.

Goes to Ohio Today. After the last meeting the colonel went to his car to start on his homeward trip. He is due in Chicago at 8:30 in the morning and will be met there by representatives of the Ohio Republican state committee, who will take him across Ohio in a special car. He is due to leave Chicago at 8:25, will speak at Toledo and Cleveland and probably at several other places and then will return to New York, arriving there Sunday morning.

JOHN A. DIX SHAKEN UP IN AUTOMOBILE ACCIDENT. Troy, N. Y., Nov. 4.—John A. Dix, Democratic candidate for governor, while enroute from Albany here tonight, figured in an automobile accident when his machine ran into a street excavation. The automobile was badly damaged. Mr. Dix and his party escaped with a severe shaking-up.

SENATOR LODGE'S OPPONENT ASKS HIM TO WITHDRAW. Lowell, Mass., Nov. 4.—In an open letter addressed to United States Senator Henry Cabot Lodge, Congressman Butler

Ames, of Lowell, Republican representative for the Fifth district, tonight called upon the senator to pledge himself not to be a candidate for re-election, in the interest of the Republican state ticket. Ames is a candidate to succeed Lodge.

WISCONSIN MAN'S CRIME: KILLS SON AND WOUNDS OTHERS OF THE FAMILY.

Cedarburg, Wis., Nov. 4.—Louis Hoffman, a butcher, during the night shot and killed his twelve-year-old son Carl and wounded his wife, his brother Ernest, and Ernest's son Walter. Hoffman was arrested. It is believed he is insane. According to Mr. Hoffman, the husband returned late last night from a cattle buying trip in the country. She says he appeared morose and declined to go to bed. The shooting occurred while the other members of the family were sleeping.

ACCUSED 'FRISCO MAN IS CONVICTED OF MURDER.

San Francisco, Nov. 4.—Senator Robert Thomson, charged with the murder of Eva Swan, was found guilty tonight of murder in the second degree. The body of Miss Swan, who had died as a result of an operation, was found two months ago buried under the basement floor of a deserted cottage.

CASHIER COMMITS SUICIDE: LOOTED THE BANK, IT IS SAID.

Seaside, Ore., Nov. 4.—Edward Henniger, cashier of the Seaside National bank, committed suicide in the front yard of his home here today, as a sequel to the alleged looting of the bank of all its deposits.

RIOTING AT CHICAGO PREVENTED BY POLICE

Many Arrests the Accompaniment of a Big Parade of Striking Garment Workers.

Chicago, Nov. 4.—Led by a throng of women singing the "Marseillaise," several thousand striking garment workers paraded through the North side factory district today. They visited each of the open shops and shouted at the strike breakers. The police prevented rioting, making many arrests. It is believed that a settlement will be reached soon.

Expressmen Stand by Their Union.

New York, Nov. 4.—The quarrel between the six trans-continental express companies and their employees in the Metropolitan district did rather blindly today into an impasse. The men received assurances from the state board of mediators that their grievances would be favorably listened to if they would consent to drop their cardinal demand for the recognition of their union—the International Brotherhood of Teamsters.

At a meeting tonight the men unanimously resolved that they will stay out until the union is recognized. Dan J. Tobin, president of the brotherhood, estimated today that the men did not seem clear but might recommend a general strike of all the teamsters in the country, about 150,000 men.

CAUSES EXCITEMENT IN PHILADELPHIA

Armed With Tiny Gun, Man Shoots at City Official With Blank Cartridges.

Philadelphia, Nov. 4.—Harry Clark, a demented man, aged fifty-five, created much excitement at the city hall late this afternoon when in the presence of Director of Public Safety Clay, he drew a revolver of the smallest calibre and fired two shots while conversing with the director. Attaches of the director's office, believing their chief had been shot, rushed upon the man and overpowered him. An examination revealed the fact that the tiny weapon contained blank cartridges. Rumors of an attempted assassination spread throughout the city and it was some time before the friends of Mr. Clay were assured that the shooting was more of a joke than a tragedy. Clark had called to ask permission to sell a novelty in the streets. Mr. Clay told him to make application in the usual way. This seemed to excite the visitor, and he drew the revolver. Clark later was sent to a hospital to be examined as to his sanity.

BOLD BANDITS HOLD UP C. & A. MINING OFFICIALS AND GET ELEVEN DOLLARS.

El Paso, Texas, Nov. 4.—Entering the private car of Walter Douglas, general manager of the Phelps-Dodge interests in the Southwest, two bandits held up a party of directors and officials of the Calumet & Arizona mine at Lordsburg, N. M., in the night, getting \$11,200 out of the crowd, which contained several millionaires. The twenty cents was obtained from the negro porters. The victims in the wild West hold-up scene, which was staged on a siding, were: C. D. Antremont, James Briggs, Captain James Houston and J. C. Greenway, general manager of the Calumet & Arizona.

CHICAGO MOVES TO BANISH THEATRE TICKET SCALPERS.

Chicago, Nov. 4.—With the purpose of forcing theatre owners and the managers themselves to banish ticket scalpers from Chicago, the license committee of the city council today recommended an ordinance closing all theatres and amusement places on Sunday. The committee will urge that the ordinance be enforced until the theatres have permanently broken with the scalpers and then the measures will be used as a club to keep the theatres in line.

OSBORN HAS A BUSY DAY IN WAYNE COUNTY

In a Whirlwind Wind-Up of His Campaign, the Candidate Makes Many Speeches in Detroit and Its Vicinity—Visits a Number of Manufactories.

He Repeats His Endorsement of the Employers' Liability Plan and Decalres for a General Betterment of the Conditions Under Which Wage-Earners Toil.

Detroit, Nov. 4.—Declaring for the same principles he has heralded in every nook and corner of the state, Chase S. Osborn, Republican candidate for governor, began a whirlwind two-days windup of his campaign in Wayne county today. This afternoon, when he made a trio of speeches in Wyandotte, over four hundred men greeted him warmly. He appeared at the Pennsylvania Salt company's works. Later he spoke in the street to a good assemblage, while his other speech was made in the J. H. Bishop Fur company's plant. Tomorrow afternoon he will speak at Ypsilanti and Ann Arbor and will continue his campaign in the city of Detroit tonight. He spoke in the Concordia, Turner, Schiller and Vinwood halls and also at the Detroit Bowling club. At each place ex-Mayor George P. Coad, of this city, spoke in Mr. Osborn's behalf.

In his speeches today, the candidate continued his plea for a general uplifting of politics, political affairs and the type of office holders who occupy places in the state capital. "If I am the next governor of Michigan," he said, "I want to act like a father of a great big family. Every resident of our state I consider a member of the great big family. If they are not, I want them to be."

Mr. Osborn returned to his warm endorsement of the employers' liability law and declared that he stood for the general uplifting of the conditions under which the men in Michigan work. "The employers and their employees are really partners," he said. "I want them all to be such, and I shall work to secure those conditions whether I am elected governor or not."

The candidate compared the Republican party with a skilled mechanic. "The candidate who runs in the best manner their state affairs run in the best manner they should vote the straight Republican ticket, as the party has been trusted in the past and found capable in every line. He repeated his promise of a housecleaning in the various state departments and added that Lawton T. Heams, the Democratic nominee, had viewed the situation through smoked political glasses when he sought to stir up a sectional feeling among the voters of the state.

In introducing Mr. Osborn at the meeting held in his factory this afternoon, J. H. Bishop, a lifelong friend of the candidate, said that Mr. Osborn "is the biggest man in Michigan today in every sense of the word, and that goes whether he is elected governor or not."

PONDS CAN'T BE RESERVED.

Maine Court Holds Such Waters Are Public Property.

Portland, Me., Nov. 4.—Lakes or ponds in Maine, held by clubs or private individuals, are public places and are free to all citizens for fishing and hunting purposes, according to a decision just handed down in the Maine supreme court. The decision is an important one to Maine, and is of considerable interest in other states, because of the number of bodies of water which are reserved by clubs and individuals as private, because of ownership.

The specific finding is in the case of Great pond, at Cape Elizabeth, which has been the subject of much litigation, and in which the question of privilege has been disputed with weapons at several times. Great pond is owned by a sportsman's club, which has sought since coming into possession to prevent public access and trespass. The deputies of the club have met frequent resistance from persons desiring to fish or shoot from its shores.

EAT SPINACH AND GROW THIN

Society Leader, Once Fleeshy, Now Newport Model of Gracefulness.

Newport, Nov. 4.—Mrs. Richard Gambrell has solved the riddle of the universe that is one of the riddles. She has shown society women how to banish flesh without exiling themselves and spending small fortunes in the capitals of Europe.

Mrs. Gambrell has lost at least fifty pounds since she began her new system of life last July. She is now the envy and admiration of Newport society, having been fully restored to the graceful figure of youth. Her simple recipe has greatly improved her health, she says. Some might not think it so tremendously simple, although it has only four tenets. First, abstain from all meats; second, abstain from all liquor; third, provide that one must "live on spinach and few other vegetables," while the fourth prescribes long walks after breakfast and luncheon.

CHURCH AT KANSAS CITY IS ERECTED IN ONE DAY.

Kansas City, Nov. 4.—On a lot that was vacant this morning tonight stands the Swope Park Christian church, an edifice fifty by sixty feet. The members of the congregation constructed the building between the hours of 7:30 a. m. and 7 p. m.

The Weather

Washington, Nov. 4.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow, Saturday; Sunday, fair; light variable winds, becoming westerly.

SPANISH SENATE SHOWS HOSTILITY TO THE CHURCH.

Madrid, Nov. 4.—The senate tonight, 149 to 58, passed the "Widow bill" which forbids the creation of further religious establishments in Spain until the revision of the Concordat with the Vatican is completed.

The government announced today that it would prevent at all hazards the labor manifestation arranged for tomorrow at Barcelona. Captain General Weyler, of Catalonia, has a big force of troops at his command and these will be reinforced by 15,000 soldiers.

CHINA'S FIRST PARLIAMENT TO BE CONVOKED IN 1913.

Peking, Nov. 4.—An official decree was issued today announcing that an imperial parliament, the first in the history of China, will be convoked in 1913.

GUNBOAT PRINCETON CLEARS FOR ACTION

Honduran Rebel Must Be Good, Else His Palace Will Be Shot Full of Holes.

New Orleans, Nov. 4.—The United States gunboat Princeton, at anchor off Amapala, Honduras, is cleared for action and its guns are trained upon the governor's residence, now occupied by General Jose Valladares, leader of the revolt against the Davis government, according to a special cable to the Picayune from San Salvador. The dispatch says that Valladares yesterday insulted the American consul agent at Amapala, George Schmechel, and threatened to shoot up his residence. Immediately upon being notified of this, Commander Hayes, of the Princeton, prepared his ship for action and sent word to Valladares that if foreigners were molested he would shoot the governor's palace full of holes.

EMPEROR OF RUSSIA IS THE GUEST OF THE KAISER.

Potsdam, Nov. 4.—Emperor Nicholas of Russia, attended by Sergius Sazonoff, Russian minister of foreign affairs, and a suite of fifty, arrived here tonight for a visit to Emperor William. He was received at the station by the emperor, with princess of the Hohenzollern family, Chancellor Von Bethmann-Hollweg and members of the cabinet. Tsar and Kaiser kissed repeatedly. Nicholas will be lodged in the new palace. The meeting of the emperors was followed by a great banquet in the new palace tonight, in which prominent personages from Russia and Germany participated. There were no speeches, as the visit of Emperor Nicholas is regarded as non-political. A number of socialist demonstrations held tonight to protest against the Russian ruler passed off without incident.

PLAGUE OF MICE AT PLEASANT BAY

Nova Scotia Town Is Overrun With Rodents and Much Havoc Is Wrought.

Halifax, N. S., Nov. 4.—A present day Pied Piper, such as relieved the town of Hamelin of its famous plague of rats, is needed sorely at the town of Pleasant Bay on the gulf shore of Inverness county, Cape Breton, to rid the place of a plague of mice which has created great havoc. Ordinary means have failed, and the hamlet still is overrun with the rodents.

The ravages of the pest have extended to nearly everything in the town. Crops of hay and of vegetables have been so damaged by the mice that they are unfit for marketing, or for home use. The mice have besieged the homes of the inhabitants, and in several cases people have been forced to abandon certain houses.

In the cellars the winter's provisions have been ruined, and the rodents in some houses have so badly undermined the walls that they have had to be rebuilt. The roads are burrowed several times through, and horses have been injured by breaking through into the holes. Cheese has become a minus quantity.

No relief from the plague is in sight. The staid old tabby cats have been unable to cope with the great swarm of invaders, a number being killed. Cats with local reputations as good rat catchers have been imported from nearby towns, but without result, other than to lessen the number of cats returned.

Pits filled with water have been made to drown the mice. This has been the most successful device yet tried, but although hundreds of mice have been drowned, thousands still remain. Poison has been placed about the town, but cats and dogs have suffered more than the mice, seemingly. The townspeople are afraid to use too much poison for fear of polluting their streams and wells.

Pleasant Bay anxiously awaits a deliverance from its plague.

KELLY OUT-BOXES CAPONI.

Winnipeg, Nov. 4.—Hugo Kelly had the better of a twelve-round bout with Tony Caponi here tonight. Kelly did most of the leading, Caponi contented himself with defensive tactics.

Panoroff, Ia., Nov. 4.—Robbers dynamited the safe of the Farmers & Traders' bank here last night and escaped with \$4,000 in cash.

MAILS CARRY MUCH MONEY ACROSS SEAS

No Less Than \$89,000,000 Went Forward the Past Fiscal Year, the Postoffice Department Reports—Italy Got the Bulk of It, or More Than \$22,000,000.

Of the Total Revenues for the Twelve Months, Approximately \$24,000,000, an Increase of 10 per Cent., One-Tenth Stands to the Credit of New York City.

Washington, Nov. 4.—The postal receipts for the fiscal year ending June 30 were \$224,128,657,62 an increase of 10 per cent over last year. The New York post-office collected 10 per cent of all the receipts, and Chicago came next, with 8 per cent. The expenses for the year showed an increase of 4 per cent. More than \$89,000,000 went abroad in the form of money orders last year, while less than \$10,000,000 came in. Italy got the bulk of the money thus sent abroad, or more than \$22,000,000.

Mr. Hitchcock's Magazine Plan

Postmaster General Hitchcock's plan of requiring magazines to pay increased postage on their advertising pages sufficient to eliminate the postal deficit and warrant, in the near future, one-cent postage on first class mail, was officially explained today. Mr. Hitchcock does not favor under the present conditions an increase in the rates of postage for carrying reading matter. Any increase thus applied, he points out, would place a special burden on a large number of publications, such as educational and religious periodicals, that derive little or no profit from advertising. It is the circulation of this type of publications, which aid so effectively in the educational and moral advancement of the people, that the government can best afford to encourage.

For these publications, and also for any other legitimate reading matter in periodical form, Mr. Hitchcock suggests the continuation of the present low postage rate of one cent a pound and recommends that the proposed increase in the rates shall be applied only to magazine advertising matter. In view of the vanishing postal deficit, Mr. Hitchcock thinks that if the magazines can be required to pay what it costs the government to carry their advertising pages, the department's revenues will be large enough to warrant one-cent postage on first-class mail. He does not include newspapers in the recommendation, because they chiefly are of local distribution and do not employ the mails in any such manner as the widely circulating magazines.

WEALTHY AUTOMOBILE DRIVER IS ACQUIRED BY THE JURY.

New York, Nov. 4.—After only thirty minutes' deliberation, a jury late today acquitted Edward T. Rosenheim of the charge of criminal negligence in causing the death of Miss Grace Hough by running down in his automobile, the buggy in which she was riding. The trial had been closed following because of the wealth of the defendant and the attempt of the people to convict him of murder. Evidence was adduced to show that the buggy carried no tail lamp and that it was carelessly driven.

DAWSON'S MARMON CAR WINS ATLANTA'S 200-MILE RACE.

Atlanta, Ga., Nov. 4.—Joe Dawson's Marmon car was just three and one-half seconds ahead of Ralph Mulford's white LeZair at the finish of the 200-mile race here today. The duel between the two began after the hundredth mile. The time was 2 hours, 51 minutes and 12.73 seconds. The winner took the Atlanta trophy and \$1,000 in cash. The seven other events were all at ten to twenty miles.

AMERICAN TEAM FIRST IN INTERNATIONAL FOOT RACE.

New York, Nov. 4.—The American team, Hans Holmberg and Wm. Quest, won the twenty-mile international foot race tonight at Madison Square Garden in the world's record time of 1 hour, 29 minutes and 20 seconds. Fred Meadows and Abbie Woods were second, and the Swedish team, Gusts L. Ljungstrom and John Svanberg, was third. Finland was fourth, France fifth and Italy sixth.

OFFERS PRIZE FOR HIGH FLIGHT BY AEROPLANE.

Baltimore, Md., Nov. 4.—General Felix Agnus, in behalf of his papers, the Star and the American, has offered \$2,500 for the first aviator to reach a height of 10,000 feet, thus creating a new world's record.

DIES OF INJURIES RECEIVED IN A FOOTBALL GAME.

Roanoke, Va., Nov. 4.—James M. Mock, a student at Roanoke college, died here tonight from injuries received a week ago in a football game.

AUTOMOBILE KILLS ONE GIRL, FATALLY INJURES ANOTHER.

Akron, O., Nov. 4.—Helen Starr, aged sixteen, was killed and Laura Waldrick, fifteen, was fatally hurt by being run down by an automobile here today.

MICHIGAN CANCELS FOOTBALL GAME WITH NOTRE DAME.

Ann Arbor, Mich., Nov. 4.—The Michigan-Notre Dame football game scheduled for tomorrow was cancelled today as a result of the investigation by the

HE APPEARS HOIST BY HIS OWN PETARD

As a Sequel to His Action in Filing Charges Against State's Attorney Wayman, Attorney Charles Erbstein Is Indicted by the Grand Jury at Chicago.

Chicago, Nov. 4.—On the petition of State's Attorney Wayman, Judge Kavanaugh late today appointed former Judge John Barton Payne as special state's attorney to investigate the charges of conspiracy made by Mr. Wayman against Attorney Charles E. Erbstein and others. The action is the result of steps taken by Lawyer Erbstein to have the Chicago Bar association begin disbarment proceedings against Mr. Wayman for alleged jury-bribing.

It is probable that the October grand jury, which is still in session, will make an investigation under the direction of Judge Payne. Mr. Wayman says that he wants the inquiry taken up immediately, because he believes the charges should be considered by a legal body before any disbarment proceedings are taken up by the bar association.

Following the appointment of former Judge Payne, Judge Kavanaugh issued an order directing Attorney Fogle, of the Bar association, to turn over to the grand jury the affidavit, making the charges against Wayman, which Erbstein had filed. Judge Kavanaugh also entered an order directing certain witnesses to tell the grand jury the name of the juror alleged by Erbstein to have been bribed.

When told of Judge Kavanaugh's action, Attorney Erbstein said: "It is absurd to think of the grand jury taking up the investigation of the charges against Wayman. The statute of limitations has run the matter. The grand jury can do nothing with it."

Grand Jury Votes Indictments.

Chicago, Nov. 4.—Within two hours after Judge Kavanaugh had issued his orders, the grand jury returned indictments against Erbstein, Arthur Mr. Erbstein, one of the signers of the affidavit against Mr. Wayman, and others, charging a conspiracy to do an illegal act. Three unidentified men also were specified in John Doe indictments returned by the grand jury in connection with Erbstein and the alleged conspiracy to injure Wayman.

CATS AWAIT NEWLY WEDS

Thousands Taken to Hotel Through Advertisement by Practical Jokers.

Wheeling, W. Va., Nov. 4.—When Dr. J. C. Wallace and his bride, of Cleveland, O., arrived in Wheeling on their honeymoon they found the police on guard at the Melure Hotel, where the couple had engaged quarters, to keep back the mob of several hundred boys and grown-ups, each carrying in both arms or in baskets or sacks cats, literally thousands of cats. Inside the hotel was a motley army of men and young women seeking jobs as chauffeurs and maids.

All resulted from a joke played by Cleveland friends of the couple. They sent to all four of the Wheeling papers two "man ads," which appeared for three days in advance of the arrival of the Wallaces. One advertisement offered 50 cents apiece for 100 cats "for dissecting purposes." The other offered \$150 a month for a chauffeur "with no objections to foreign touring," and \$35 a month for a lady's maid. All applicants were instructed to apply to Dr. Wallace at the hotel.

In the mob in front of the hotel there were some boys who hugged as many as twenty-five cats in sacks and baskets. Ninety-five per cent of the chauffeurs of the city were on hand to apply for a job that would pay them a good salary at the same time as they were enjoying a tour of Europe, and it was really surprising the number of Wheeling young women who were willing to hire out as maids at "85 per cent."

Frank L. Greenbauer, manager of the hotel, didn't know the joke and he asked the bridegroom about the cats and the throng of men and women waiting for him in the reception hall. The Wallaces were, of course, surprised, but when told of the advertisements they realized their friends had played a practical joke on them and they hurried to their rooms, asking Mr. Greenbauer to please drive all those people away. Then a few thousand cats were turned loose, and such excitement reigned on the most prominent street corner in the city that traffic for a time was blocked.

TOLD SENSATIONAL STORY OF THE LOS ANGELES OUTRAGE.

Phoenix, Ariz., Nov. 4.—A sensational story of participation in the destruction of the Los Angeles Times building was told here by Edward Gilham, a waiter, at a Salvation Army meeting last night. Gilham, who was arrested today, denies the story, saying he was intoxicated last night. Gilham had said that he was one of seventeen blindfolded men who drew lots at the Los Angeles union headquarters, and that he was one of three chosen to blow up the building. He said the plan was to blow up the paper after it went to press, but some employee encountered the wires and caused the explosion to occur shortly after midnight.

STOCKS LEAVE OFF AT NET DECLINES

Wall Street Trading Is Highly Congested Again and Arouses Much Distrust.

New York, Nov. 4.—The operations in stocks became highly congested again today in two or three favorite speculative issues, giving the market an appearance of professionalism and of direction and control from centralized sources. The volume of the dealings in United States Steel were again nearly one-third of the aggregate, and the sales of Reading stocks within one hour were almost as large as Steel. The latter stock opened at a fractional advance over any of the prices touched since April last and moved to a higher plane by successive stages. The general list was unresponsive and there was much distrust following because of a short-term note to be issued by the New York Central there came a violent release in the prices and the closing was unsettled, with many substantial net declines. The day's market was ascribed to the political sentiment to a large extent. After an election revival is almost as traditional as the pre-election flurry, and the stock market was said to be discounting such a movement. Indications were disseminated, also, that the copper producers' report for October to appear next week may be expected to show a material reduction in the unwieldy surplus stocks of the metal. The price of the metal rose again in London today, but the copper industrials made little response here.

Chicago, Nov. 4.—Wheat closed at nearly the highest prices reached and with a net gain of 3/4 to 5/8 cent, mainly as a result of the covering of short wheat that at any time in some days. The December closed at 88 1/2. December corn left off at 47 1/2.

110-YEAR-OLD PEACOCK ROOSTS ON SAME LIMB FOR SEVENTY-FIVE YEARS

Glasgow, Ky., Nov. 4.—Thomas Lambert, a farmer of Sulphur Well, Metcalfe county, is believed to be the owner of the oldest peafowl in the world. The bird apparently is just as active as ever. He has roosted in trees 110 years.

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY
THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second
class in the postoffice at Marquette, Mich.

Despite the advance of civilization and
the spread of education, the use of kero-
sene as a quick way of lighting fires
continues to be one of the "best killers"

Marquette, Alger and Dickinson coun-
ties will beat Mr. Earle's inter-county
seat highway law by several laps. It is
now possible to travel between their
county seats by highway and plans are
outlined in all three counties to provide
modern roads of good construction and
firm surface without state aid.

The resignation of James V. Barry as
insurance commissioner will deprive the
state of the services of an official whose
good work recommended him to two
governors and who has filled the position
from which he now retires since 1901.

Once more it is time to utter the
warning, "Don't forget to register."

There are some hundreds of Marquette
voters who must attend to this duty
today, or lose their right to vote next
Tuesday. Among them are men who
have come here since the last registra-
tion, young men who have lately become
of age, and voters who have moved from
one ward to another since they last
registered.

Mr. Humphrey vigorously refuted Mr.
Hemans' slander that the mining "bosses"
in the upper peninsula vote their em-
ployees like sheep. It is a foolish slan-
der, as any one with an adequate
knowledge of the upper peninsula knows.

On the trip to Calumet mentioned by
Mr. Knox I paid every dollar of my
expenses. When I did not incur ex-
penses I turned in no vouchers. Vouch-
ers have been issued to me, and are
still in my possession, for expenses
which I did not incur, and they were
never cashed, nor will they ever be
cashed. I think I have two such vouchers.

stantial majority over him.

WOODMEN'S PROJECT SHOULD BE
COPIED.
If all the other powerful fraternal or-
ders of the country would follow the
example of the Modern Woodmen and
provide sanitaria for the care and, if
possible, cure of those of their members
who are suffering with tuberculosis, the
task of combatting this disease would
be made easier.

Two reasons exist why fraternal so-
cieties, in particular, should be interest-
ed in projects like the Woodmen have
carried out at Colorado Springs. For one
thing they have large memberships, com-
pactly organized, and the financing of
sanatoria is, for them, comparatively
easy without being in the least burden-
some on the individual member. They
have unrivaled means for a co-opera-
tive effort to assist their own people
unfortunate enough to fall under the
blight of this dread disease.

Again, the fraternal societies are par-
ticularly interested in all efforts to in-
crease the average longevity of their
membership. The insurance feature is
the basis of their existence. Without it
they could not have attained their pres-
ent size and influence. The prospect of
getting cheap insurance is the motive
that leads the great majority of their
members to enter into the fold. The
longer the average life of the member-
ship, the better financial position the
fraternal orders will occupy. There is
a business, as well as a humanitarian,
reason why they should be interested in
sanitaria for sufferers with consumption.

The way the people of the country are
rallying to the cry "fight tuberculosis"
must be inspiring to the devoted men
who for years have given liberally of
their time and money to awaken the
public to a realization of the absolute
necessity of grappling earnestly with
this dread disease. It is being attacked
from every quarter and with an energy
which, if sustained, is certain to admin-
ister to it a severe and much needed
check.

ON THE QUESTION OF LIARS.
The question of whether Mr. Hemans
cashed a voucher for expenses on a
junketing trip to Calumet, when he was
a member of the legislature, is now much
discussed in the lower state papers. Alva
M. Cummins had this to say about it:
"I know personally that when the
legislature took a junket to the upper
peninsula Mr. Hemans was a member
of the junket. A special train was fur-
nished, with a free diner attached.
When the party returned the chairman
of the committee made out expense
vouchers for the members, allowing
them for mileage and meals for which
they had never paid. I know that Mr.
Hemans was the only member of the
junket who did not get his voucher
cashed, but keeps it as a souvenir of
Republican methods of government."

But surely Mr. Cummins must be mis-
taken about Mr. Hemans' keeping this
voucher as a souvenir. It must be
stowed away in Lansing somewhere, as
the records show that a voucher for
\$44.04 issued to Mr. Hemans February
18, 1903, for the Calumet trip, was
cashed four months after the expense
account had been turned in, or June 10,
1903. As Mr. Hemans could not have
both preserved the voucher as a souvenir
and cashed it, and if Mr. Cummins is
right about the Republican legislators
making a grab, as he doubtless is, that
being the prevailing legislative style in
1903, it appears to have been one that
Mr. Hemans participated in. As a
matter of fact, Mr. Hemans does not
deny that he cashed the voucher, but
does assert that his statement of ex-
pense account was a true statement. He
is quoted as follows:

"I repeat that I have never turned
in an expense account or cashed a
voucher where I did not incur ex-
pense. On the trip to Calumet mentioned
by Mr. Knox I paid every dollar of my
expenses. When I did not incur ex-
penses I turned in no vouchers. Vouch-
ers have been issued to me, and are
still in my possession, for expenses
which I did not incur, and they were
never cashed, nor will they ever be
cashed. I think I have two such vouchers."

There happens to be a few dol-
lars in one voucher which I cashed
which were not actually incurred ex-
penses. The expense accounts are
made out for the members of the
committee by the committee chair-
man. I explained to the deputy
state treasurer that the bill was
somewhat larger than my actual
expenses, owing to the reckoning of
the chairman, but he explained to
me that he had no account to which
he could credit any refund, and that
it would disarrange their bookkeep-
ing. My recollection is that the dif-
ference was \$7 or \$8.

Out of this tangled skein one can
make just what he wants to. Obvi-
ously Mr. Cummins knows not whereof he

RHEUMATISM
PURIFYING THE BLOOD
THE ONLY PERMANENT CURE

No case of Rheumatism was ever
cured except by a thorough purifica-
tion of the blood; just as long as the
blood remains charged with ferment-
ing uric acid poison, the painful dis-
ease will continue. The pains and
aches of Rheumatism are simply su-
perficial effects of the impurities in
the circulation, and sometimes may
be temporarily relieved by the applica-
tion of plasters, liniments, hot
cloths, etc. But the person who trifles
with this dangerous disease by de-
pending on local treatment alone, is
certain to pay for the mistake with
constant suffering later on. S. S. S.
cures Rheumatism in the only way it
is possible to cure the disease. It
goes down into the blood, and re-
moves the uric acid from the circula-
tion, so that the nerves, bones, mus-
cles and joints are lubricated and fed
with nourishing elements instead of
being continually ir-
ritated and in-
flamed with the
sharp, uratic
impurity.
When S. S. S.
has cleansed
and purified the

Killed, 3,804; injured, 82,374—this is
the cost of the railroad accidents in
the United States during the year ended
June 30 last, according to the interstate
commerce commission. It is an increase
of 1,013 in the number killed and 18,454
in the injured over the previous year's
figures.

The Minneapolis Union station plan
as worked out from now on will pro-
vide for joint ownership by all the roads
entering the city. The tenant roads, the
Northern Pacific, Omaha, Soo, Great
Western, Burlington and Rock Island
were agreed to put their interests into
the hands of representatives of the ter-
minal owning roads, the Great Northern,
Milwaukee, and Minneapolis & St. Louis.
Whatever the terminal owning roads de-
cide upon will be satisfactory to the
tenant roads.

Ex-Gov. Durbin of Indiana says that
the present campaign in his state is the
most remarkable ever. "I will not say
that the campaign is grand," he adds,
"but I will say that it is gloomy and pec-
uliar. I will not be surprised at any-
thing that may happen, and no man can
safely predict the outcome. When I was
asked recently in Indiana whether I was
a progressive Republican, I replied that
I did not understand the present accept-
ance of that term. I said that I had al-
ways been a Republican and that I had
never known the Republican party when
it was far-seeing and progressive. But
the people are very much
stirred up this year and some of the
arguments that are being made to them
seem attractive in these troublous
times."

Chicago's school of domestic science

embly in a Flint store left a note com-
plaining of the owner's parsimony and
how he saves the check for the thieves
and the drawer every night. Sounds very
philanthropic but the true test of his
philanthropy will come when the bur-
glars try to cash the check.—Pontiac
Press Gazette.

HERE AND THERE.
Robert Smith, a brother of Sydney
Smith, and an ex-advocate-general, once
engaged in an argument with a physi-
cian over the relative merits of their
respective professions. "I don't say that
all lawyers are crooks," said the doctor,
"but you'll have to admit that your pro-
fession doesn't make angels of men."
"No," retorted Smith; "you doctors cer-
tainly have the best of us there."

The American Bible society has added
to its list of versions of the scriptures
in the languages of the North American
Indians a translation of the book of
Genesis and the gospel of Mark into the
language of the Navajos. This is the
first publication of the translation of the
scriptures into the tongue of these peo-
ple.

Rosario, Argentina, on the River Pa-
rana, is the second important city of
that country. It has a population of
about 200,000. With its modern facili-
ties and improvements it occupies a
strategic position in South American
commerce and is the terminus of Buenos
Aires. All the wealthy and educated
Argentines in Rosario entertain a most
friendly feeling toward the United
States.

The Minneapolis Union station plan
as worked out from now on will pro-
vide for joint ownership by all the roads
entering the city. The tenant roads, the
Northern Pacific, Omaha, Soo, Great
Western, Burlington and Rock Island
were agreed to put their interests into
the hands of representatives of the ter-
minal owning roads, the Great Northern,
Milwaukee, and Minneapolis & St. Louis.
Whatever the terminal owning roads de-
cide upon will be satisfactory to the
tenant roads.

fact that "Bill" often had his claim
of being the oldest man in the service
of the United States navy challenged.
"Bill" had something on any of the
claimants because he had a record of
his baptismal certificate from his birth-
place in Ireland. Some of the inmates
of the home were not so well equipped
with evidence.

Not many years ago one old fellow
was telling some visitors to the home
about his exploits, and among the other
great naval commanders he said he had
served under was Capt. Paul Jones of
Revolutionary fame.
"Gracious sakes," exclaimed a woman
in the party, "that was about 125 years
ago."
"Nothing daunted, the old sea dog re-
plied:
"Is it possible? How time does fly!"
—Philadelphia Times.

Upper Peninsula
Signs With Columbus—
"Zick" Tallon of the Soo has signed
a contract for a tryout with the Colum-
bian American association baseball team.
The contract states that Tallon shall
for one month receive \$100 and all ex-
penses and if he "makes good" in that
time he will be retained on the club
with an increase of salary. Tallon is
one of the best hitters that the Soo
team has put out in recent years, and is
a fast fielder. He made good from the
start with Marquette in the iron county
league last season, and the fans of
the Iron City are looking for him to
burn up the diamond in the American
association.

Central Delivery a Success—
By the record made by the Escanaba
Dealers' Credit & Delivery company in
conducting the central delivery system
the first two weeks of business, the suc-
cess of the venture is assured. During
the two weeks the merchants of the
city using the central delivery system
saved a total of \$287.18 as compared
with the cost of the old individual de-
livery system, according to the records
of the company. It cost the merchants
belonging to the association a total of
\$363.15 to deliver their goods the past
two weeks, while under the old system
it would have cost them a total of
\$651.38.

Settler Is Awarded the Property—
The case of the Bay de Noquette
Lumber company vs. Joseph Jolly, an
action in ejectment tried in the Delta
county circuit court, has resulted in fa-
vor of the defendant. The verdict gives
Mr. Jolly legal possession of a piece of
property which he has occupied and
used for a period of twenty years and
which he claimed the company had given
him in settlement of a claim for dam-
ages for personal injuries sustained while
in the employ of the company. Jolly
had no deed to the property, but he
claimed title to it by virtue of adverse
possession for more than fifteen years.

Mayor and Aldermen Clash—
A majority of the members of the
Escanaba city council clashed with
Mayor Solomon Greenhoot at a meeting
held this week, and for over half an
hour red fire and heated arguments
flamed and flared. Because the mayor,
without advising the members of the
street committee or other council mem-
bers, ordered three cars of crushed
stone at a cost of \$84.55 and used a large
part of the stone, it was charged, in pay-
ing a portion of Michigan avenue and
some of it in front of the mayor's resi-
dence, the council refused to pay the
bill. The vote was four to seven.
Samples of the arguments pro and con
follow:

Mayor Greenhoot—I want to tell you,
gentlemen of the council, that I consider
it better policy to repair the streets that
we now have and keep them in a pas-
sably good condition rather than to go
headlong into street building work and
force the city further into debt. If I,
as mayor, haven't the right to order
three carloads of stone, I would like to
know what you elect a mayor for. Here
you aldermen time after time spend
thousands upon thousands of dollars by
simply putting your O. K. to the matter,
and now when a bill for less than \$90
comes in you want to turn it down. I
say, shame on you! Shame on you as
businessmen!

Albermar Edward Kirkpatrick—You
say that the stone was ordered to fill
up the holes in the streets about the
city. I took a walk around the city
Sunday and I saw where this work was
going on. There must have been holes
for four blocks on Michigan avenue and
around the corner of your home for
there is crushed stone spread over there,
as well as on Dunsman avenue. The two
worst mud holes in the city are on
South Georgia street and North Char-
lotte street and not a pound of this
stone was put there. When the street
where I live was paved we poor men up
there were forced to dig down in our
pockets and pay for it. Now when the
silk stockings on Michigan avenue want
their street fixed it is done out of the
general fund and we poor people up in
my part of the town are forced to pay
our part of the cost.

TO TAKE A COLD IN ONE DAY
Take LUXATIVE BROMO QUININE Tablets.
Druggists refund money if it fails to cure.
E. W. GROVES' signature is on each box.

HEXAMETHYLENETETRAMINE
Is the name of a German chemical, one
of the many valuable ingredients of
Foley's Kidney Remedy. Hexameth-
ylenetetramine is recognized by medical
text books and authorities as a uric acid
solvent and anti-septic for the urine.
Take Foley's Kidney Remedy promptly
at the first sign of kidney trouble and
avoid a serious malady. The People's
Drug Store.

This will Stop Your
Cough in a Hurry
Save \$2 by Making This Cough
Syrup at Home.

This recipe makes a pint of better
cough syrup than you could buy
ready-made for \$2.50. A few doses
usually conquer the most obstinate
cough—stops even whooping cough
quickly. Simple as it is, no better
remedy can be had at any price.
Mix one pint of granulated sugar
with 1/2 pint of warm water, and stir
for 2 minutes. Put 2 1/2 ounces of
Pinex (fifty cents worth) in a pint
bottle; then add the Sugar Syrup. It
has a pleasant taste and lasts a fam-
ily a long time. Take a teaspoonful
every one, two or three hours.
You can feel this take hold of a
cough in a way that means business.
This a good tonic effect, braces up the
appetite and is slightly laxative, too,
which is helpful. A handy remedy for
hoarseness, bronchitis, asthma and all
throat and lung troubles.

The effect of pine on the membranes
is well known. Pinex is the most val-
uable concentrated compound of Nor-
wegian white pine extract, and is rich
in galuic acid and all the natural healing
pine elements. Other preparations will
not work in this formula.
This Pinex and Sugar Syrup recipe
has attained great popularity through-
out the United States and Canada. It
has often been imitated, though never
successfully.
A guarantee of absolute satisfaction,
or money promptly refunded, goes
with this recipe. Your druggist has
Pinex or will get it for you. If not,
send to The Pinex Co., Ft. Wayne, Ind.

City Brevities

Today's weather: Probably rain or snow and colder. Yesterday's temperatures: "Seven a. m., 32 degrees; noon, 38; 7 p. m., 37; highest, 38; lowest, 27.

M. H. Foard has moved into his new house at 105 East Ridge street.

Miss Linnie Knowles has returned after spending two months in the East.

Mrs. Edward Church has come to Chicago to make an extended visit with relatives.

J. W. Young has returned from a several weeks' trip to Ashland and Ladysmith, Wis.

On the last page of this paper, J. H. LaRoche announces his annual 20 per cent discount sale on children's coats.

Louis A. Nemeck Jr. of Ishpeming, was adjudged insane in probate court yesterday and committed to the Newberry asylum.

Chauncey Dougherty and Miss Sadie Morris will be united in marriage next Wednesday morning at St. Peter's cathedral.

The Superior orchestra will give the third one of its series of dances in Fraternity hall tonight. The popularity of these dances is increasing rapidly.

There will be no rehearsal of the M. E. vested choir this evening. The members are requested to meet at the church Sunday morning promptly at 10 o'clock.

Miss Mattie Minton, who has been visiting Miss Inez Handford, went to Chicago last evening to visit for a few days before returning to her home in Buffalo.

The funeral of Edward Maki, who died at St. Mary's hospital Thursday, will be held at Tonella & Johnson's undertaking rooms this afternoon at 2:30 o'clock.

Beginning tonight, the county clerk's office will be open evenings from 7:30 to 8:30 until the opening of the deer season. There had been 216 deer licenses issued up to yesterday.

Mrs. A. T. Roberts left last evening for Boston. Mr. Roberts will attend the same city Monday night and they will attend the Harvard-Yale football game a week from next Saturday.

The prizes to be awarded for the Marquette City band's contest dance have been purchased, and will soon be placed on exhibition. A full description of the Contest dance will be published later.

The Elks' convention in Detroit will be shown in moving pictures at the Grand this afternoon and evening. The pictures are very clear and show some fine views of the parades. Two other fine features will be shown besides the Elks' picture.

In Faster Company—"Ziek" Tallion, the Soo ball player who was a member of the Marquette team the past season, has been signed by Columbus and will be given a tryout by that club next spring.

Presbytery Took Action—Rev. J. M. Rogers and Charles Kelsey attended the meeting of the Presbytery at Iron Mountain yesterday, at which the request of Rev. J. M. Rogers to be released from the pastorate of the Marquette Presbyterian church was presented and accepted. Mr. Rogers will continue as pastor of the local church until Dec. 1, when he will begin his new work of superintendent of missions in the upper peninsula.

Registration Day Today—The polling places in the five wards of the city will be open today from 7 a. m. to 8 p. m. in order that those who are not registered in the ward in which they expect to vote may do so. All voters who have moved into the ward since the last election day must register in order to vote next Tuesday. The law requires registration, twenty days' residence in the ward and six months' residence in the state in order to be eligible to vote.

Guild Hall Defeated—The Ishpeming Y. M. C. A. indoor baseball team defeated the Guild Hall team at Guild Hall last night, 9 to 1. Although the game was one-sided, it was interesting to watch. Both teams played fast ball and outside of the batteries were evenly matched. Erickson struck out seventeen men, and Christensen twelve. Felch Pendill and Eugene Short challenge any two boys in Marquette of their age to a five-game bowling match at the Guild Hall alleys.

Enlisted From Marquette—City Recorder Donovan has received a letter from a Washington D. C. attorney, asking for information concerning James Smith, John Boyle and John Griffin, who are said to have enlisted from Marquette at the beginning of the Civil war in Company I, First Infantry. The letter states that a bounty may be due these veterans by reason of their service in the army during the Civil war. None of the three men have lived here for many years and Mr. Donovan knows nothing about them.

Meeting of Timber Owners—The Meeting of upper timber owners, full notice of which was given in The Mining Journal a week ago, will be held at the Marquette club at 10 o'clock this morning. The meeting has been called for the purpose of forming an Upper Peninsula Timber Owners Forest Fire Protective association, the prime mover in this project being T. A. Green, of Ontonagon. The idea is to establish a forest patrol of the lands owned by members of the association, by means of which it is believed that the annual loss from forest fires can be greatly reduced.

Death of Mrs. Gray—Mrs. Victoria Gray, of Division street, died at St. Mary's hospital last evening at 9:30 o'clock, of tuberculosis. She was forty-two years of age and leaves four children, her husband having died fifteen years ago. The children are Mrs. Frank Schweinmer, Mazie, aged eighteen, Leroy, twenty, and Willie, fifteen, all residing in this city. She also has three sisters and two brothers living: Mrs. John Cyr, of this city; Mrs. E. T. Page, of Big Bay; Mrs. Henry Baker, of Iron River, Mich.; and William and Peter LaPlant, the former of Montana and the latter of this city. Funeral arrangements have not been made.

German Opera Cancelled—Manager Koepcke, of the opera house, yesterday received notice of the cancellation of the German comic opera, "Alma, Wo Wohnst Du," which was advertised as the attraction at the opera house this evening. The management states that

the dates in the iron country have been cancelled because of the illness of the leading lady, but reports from Duluth, where the company gave its last performance Monday night, state that the company has disbanded because of poor business. "The Golden Girl," which was booked for the night of Nov. 14, has also been cancelled. The only attractions now booked this month at the opera house are the Barnum-Raffles company next week, Lyman Howe's moving pictures next Friday night and Stetson's "Uncle Tom's Cabin" Thanksgiving night.

COMMUNICATED.

Editor Mining Journal:—I was much amused at the statements of the retailer who thinks Marquette people are so much superior in intellect that they would not partake of the meat eaten by their Duluth neighbors. I would like to ask this retailer if he thinks the people of this city would eat meat purchased in the shop of W. B. Thompson, Detroit, who conducts one of the "swell" meat markets and sells at the following prices:

Bacon	25 cents
Canned beef	10 "
Hamburg steak	12 1/2 "
Porterhouse steak	18 "
Sirloin steak	15 "
Round steak	12 1/2 "
Prime Rib Roast	18 "
Leg of Lamb	16 "
Front quarter Lamb	12 1/2 "
Veal Outlets	20 "
Stew Veal	12 1/2 "
Roast Pork	17 "
Front quarter Pork	15 "
Pork Sausage	14 "
Ham	17 "
Liver	10 "
Bologna	10 "
Oysters, quart	40 "
Chickens	16 "

Mr. Thompson, who is the Democratic candidate for mayor in Detroit, gave those figures to Congressman Denby to be used in a speech for comparison on the high cost of living. The retailers claim that they are paying more than those figures for their meat, looks as if they were at the mercy of the four packing houses that supply this district. This is denied by the packing houses, who claim that the credit system is one of the prime factors in the cause of high prices.

A MEAT EATER.

THEATRICAL.

Barnum-Raffles Show. Commencing Monday, the Barnum-Raffles company will open a week's engagement at the Marquette opera house. Barnum, a foremost hypnotist, will present all that's new and novel in laughable and scientific tests in hypnotism. At 7:30 tonight Barnum will hypnotize a young man over long distance telephone from Calumet, where the company is now playing. He will be put in the display window of Seigel's billiard parlor, opposite the opera house. He will sleep there for fifty hours and will be awakened on the stage of the opera house Monday night about 8:30.

The mysterious Ladies of Chicago American fame, has mystified millions in his great death defying act, "Neptune's Prison." The audience sees him securely

on a plate glass window in the front of the tank and reveals him struggling under water freeing himself from the shackles.

JACOB ROSE

Magazine and newspaper advertisements are bristling with the keenness of competition and most telling superlatives are used in setting forth the fine points of tailoring, fit and fabric. So promiscuously have these cold type truths and untruths been employed, that it is now bewildering to the average buyer, and it is an open question whether even the truths have not lost their force with men folks.

We will welcome the opportunity to let our clothing tell their own story to every man, and the more critical he may be, the more readily will he be convinced of the many worthy points we might introduce in their favor.

300 CANAL PASSAGES.

Sault Ste. Marie, Mich., Nov. 4.—The four tugs that will engage in the herring industry here this fall are the Theora, owned by John Parker; the Columbia, owned by A. Anderson; the Ethel J., owned by W. R. Ladd, of Houghton, and the Silver Spray, which has been leased for the herring season by a Bay City firm. In addition to the tugs, there will be a number of gasoline boats engaged in the herring industry. The Ethel J. was formerly owned by the Handford interests here but has been sailed out to the south coast of Lake Superior for the past summer. She was steamed back to this city about a week ago and will be put into commission here Monday with John Berg as captain. The Silver Spray has been at Munising all summer, but the Bay City people who have leased the boat for the herring season have decided to put Marquette as the best location for fishing. She will be sailed by Captain Wm. McLean, who has been sailing a tug in the copper country this summer. Captain McLean is already in the city.

There will be a sale of home made cooking at the Morgan Memorial Chapel this afternoon at 1:30. (11-5-10)

Champion

H. S. Thompson spent Wednesday here on business. Masters Jack, Richard and Campbell Thompson attended the performance of Brush, the magician, at the Ishpeming theater Wednesday evening.

Captain F. E. Keese, of Ishpeming, was a Champion visitor Monday, on business for the Oliver Iron Mining company.

Miss Nellie Cronin, who is teaching at Humboldt, spent Sunday with her folks. Walter Kennicott, of Evanston, Ill., spent the forepart of the week, visiting with H. S. Thompson and family.

Mrs. William Richards, of Doriote, visited with Beason friends Sunday.

Miss Alva Rowe, who is teaching school at Doriote, spent Sunday with her folks.

John Blair spent the greater part of the week in Covington, on business.

Charles Lark, of Kearsarge, is the guest of A. J. Rich and wife.

W. J. Roberts, of Ishpeming, gave a socialistic address to a number of Champion voters Sunday, from the platform of the South Shore depot.

Several parties of lower Michigan hunters have already arrived here and have gone to camps in the woods.

Peter Derocha has resigned his position with M. C. Quinn as deliveryman and has accepted a similar one with the Doriote Store company.

The bridges on the Chicago, Milwaukee & St. Paul railway between Champion and Republic are being overhauled.

There will be a basket party in the Scandinavian hall this evening.

Miss Florence Horngren has gone to Hancock.

Miss Lucy Cartier, of Nestora, is visiting with Champion relatives and friends.

Miss Lavinia Adams, of Houghton, is the guest of Mrs. M. C. Belhumer and family.

Howard Lally, of Ishpeming, called on Champion friends the forepart of the week.

Claude Murry, Wilfred Benway, Ed and Jim Brophy, of Michigamme, spent Sunday with Champion friends.

John Blaney, Ed. Paul, Will Derric and Charles Simmons attended a meeting of the Elks in Ishpeming Tuesday evening.

FIT THE GROCER.

Wife Made the Suggestion.

A grocer has excellent opportunity to know the effects of special foods on his customers. A Cleveland grocer has a long list of customers that have been helped in health by leaving off coffee and using Postum.

He says, regarding his own experience: "Two years ago I had been drinking coffee and must say that I was almost wrecked in my nerves."

"Particularly in the morning I was so irritable and upset that I could hardly wait until the coffee was served and then I had no appetite for breakfast and did not feel like attending to my store duties."

"One day my wife suggested that inasmuch as I was selling so much Postum there must be some merit in it and suggested that we try it. I took home a package and she prepared it according to directions. The result was a very happy one."

"My nervousness gradually disappeared and today I am all right. I would advise everyone affected in any way with nervousness or stomach troubles, to leave off coffee and use Postum."

"There's a Reason." Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

HERRING SEASON WILL SOON OPEN

Four Tugs Will Be Operated Out of Marquette This Fall as Compared With Two Last Year—High Price of Fish Reason for Fishermen Being More Active.

Theora, Columbia, Ethel J. and Silver Spray Will Be Put Into Commission Next Week, and Over 100 Men Will Be Employed in Industry for About a Month.

Marquette fishermen are now busy getting their herring nets in readiness for use and are taking up the trout and whitefish nets day by day and storing them away until next spring. Herring fishing will be begun some time next week and will continue until about Dec. 10.

Four tugs will be operated out of Marquette during the season, as compared with two last year, and the industry will be pushed more vigorously than for several years past. At least twenty-five men will be employed by each tug, and during the four or five weeks' season employment will be furnished to more than 100 men. When fishing for herring it is necessary to employ more men than during the trout and whitefish season, as the nets are lifted every day and the fish being smaller require more labor to prepare a given weight for market. Most of the herring sent out from this city are salted before being shipped, but some are sold fresh.

The four tugs that will engage in the herring industry here this fall are the Theora, owned by John Parker; the Columbia, owned by A. Anderson; the Ethel J., owned by W. R. Ladd, of Houghton, and the Silver Spray, which has been leased for the herring season by a Bay City firm. In addition to the tugs, there will be a number of gasoline boats engaged in the herring industry. The Ethel J. was formerly owned by the Handford interests here but has been sailed out to the south coast of Lake Superior for the past summer. She was steamed back to this city about a week ago and will be put into commission here Monday with John Berg as captain. The Silver Spray has been at Munising all summer, but the Bay City people who have leased the boat for the herring season have decided to put Marquette as the best location for fishing. She will be sailed by Captain Wm. McLean, who has been sailing a tug in the copper country this summer. Captain McLean is already in the city.

It is stated that more herring are likely to be caught all along the south shore of Lake Superior this fall than for many years. The three tugs at Grand Marais and Whitefish point, which heretofore have been laid up at the close of the trout and whitefish season, will be put into service fishing for herring.

These tugs at the Booth interests. Similar reports of unusually extensive plans for catching herring come from all ports along the lake. The stiff demand at good prices for all kinds of fish is said to be the reason for this state of affairs. Fish have been scarce all summer and the total catch at the Parker and Anderson fish houses has been much lighter than during the average season, but the fishermen in most cases have been able to make ends meet because they have received better prices for their catches than in many years.

The herring market seems to be quite strong and this fact has induced many to enter the business this fall. On Lake Michigan herring are fished for nearly all the year round, but on Lake Superior they can be caught profitably only in the late fall, from about Nov. 10 to Dec. 10. At this time of the year they come into shallow water in large schools to spawn, but at other times they are scattered about in deep water. The nets are set close to shore and, as a rule, only a short distance from the port from which the fishermen operate. Local fishermen have had whitefish and trout nets set the past summer as much as fifty miles away from Marquette, both east and west. As the lake is apt to be rough during much of the herring season it would not be practicable to set herring nets so far away, and most of the fish are near shore, anyway.

The herring begin to come in to shore just about the time that the catches of whitefish and trout begin to fall off. For the past week the catches of whitefish and trout have been very small and the advance guard of herring have been noticed along the shore, and in the harbor. Herring fishing will be continued until the fish leave their spawning beds, which is generally about a month after they begin to come in to shore.

SALVATION ARMY CAMPS

For Mothers and Children.

Hundreds of tired mothers and sickly children were given fresh air and rest during the past summer by the Salvation Army at its fresh air camps. There are many tired mothers who have sickly children who were not fortunate enough to be given such an outing and we ask these mothers as a duty to themselves and their children to read the two following letters:

Mrs. Rose Hawthorne, Lathrop, who has done so much good among the children of New York City, says: "Little children seem to delight in taking Vinol. In my work among the destitute sick, I give Vinol in many cases where it would be impossible to give cod liver oil in any other form, on account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and infuse new life in many cases of sick women and children when everything else failed."

Mrs. C. W. Stump, Canton, Ohio, says: "I wish I could induce every mother who has a weak, sickly child to try the delicious cod liver preparation, Vinol, as it restored health and strength to our daughter after all else had failed." Vinol is a boon to weak mothers and sickly children. If it fails to give satisfaction we will refund your money. The Standard Drug Co., Marquette; also Fred P. Tibson, Ishpeming; and J. E. O'Donoghue, Negaunee.

Normal Notes

Miss Harriet Lewis has been appointed as assistant in the office.

Thursday afternoon Miss Hill gave a talk on Spain before the girls of the High School Literary society.

President Kaye conducted the Baraga County Teachers' Institute at Baraga on Thursday and Friday of this week. Miss Abbie L. Day of the training school assisted him.

"Immigration" was the subject of a talk given by Miss Bates at assembly exercises Tuesday morning. She described some personal observations and experiences on her recent visit to Ellis Island, and explained some of the regulations relating to immigration.

The following Bryant program was carried out at the last meeting of Ostris Literary society, held Tuesday evening: Vocal solo, "Just a Wearying for You"—Miss Mae Grills.

Paper, "William Cullen Bryant"—Miss Irma Bielenberg. Reading, "The African Chief"—Miss Emily Wood.

Piano solo, "Lily of the Valley"—Miss Pearl Trathen. Reading, "To a Waterfowl"—Miss Emily Wood.

Tuesday morning the children of the training school gave an excellent program for the students, faculty and friends. Saturday matinee poems were sung and read, and the children showed very clearly that they have been observing the changes that have taken place in nature during the past few weeks, and are appreciative of the same.

Following was the program: Chorus, "O, Come"—Fifth, Sixth, Seventh and Eighth Grades. "Autumn"—Louise Doetsch. "The Little Bud"—Merza Manhard. Story, "Mother Butterfly's Baby"—Isabel Davis.

Poem, "Autumn Fires"—Raymond Dennett. "The Golden-rod"—Lottie Liberty. Song—First and Second Grades. Reading, "A Still Day in Autumn"—Marian Koepeke.

Original poem, "Seeding Time and Harvest"—Anney Bricker. Group of Songs—Third and Fourth Grades. "October's Bright Blue Weather"—Mildred Kaye.

"Down to Sleep"—Helen King. The children in the kindergarten celebrated Halloween with appropriate exercises, on Monday. The morning occupation work was typical of Halloween. Jack-o-lanterns were placed on each table, and refreshments of apples and animal cookies were served, much to the enjoyment of all.

The first and second grades celebrated with a Halloween party Monday afternoon. The blinds were drawn and the room was lighted by means of pumpkin Jack-o-lanterns, while a small candle had been placed on each child's desk. Orange paper festoons were suspended round the walls and Halloween sketches were on the blackboards. After appropriate songs and stories the pupils and student teachers "bobbed" for bright red apples and a merry time was had by all.

Monday evening the Seniors of the dormitory gave a unique party by way of initiating the Juniors. The day before the great event there appeared on the bulletin a mammoth skull and cross bones under which was written the following invitation: "Oh let us warn you Juniors dear, That now has come the time of year At which you all may quake with fear. On Halloween we'd like to meet The Juniors at a mystic fea. Come clad in something odd, but neat, For the pranks of Seniors can't be beat."

This is its intended affect upon the Juniors for they appeared quaking with fear. They were seized by a number of uncanny spirits and as they went through the reception committee they encountered wet, limp, slimy gloves. Then came the most important part—the taking of the Senior oath. Each Junior knelt before a Senior and with right hand raised and left hand on Montgomery Ward's catalog, swore her obedience and loyalty to the Seniors. A cross was then placed upon her forehead as a mark of inferiority, and a large green bow tied under the chin as a mark of inferiority. They were then led to the execution block and duly beheaded. After the initiation, Halloween pranks and songs were indulged in. This was followed by fortune telling, dancing and refreshments. The dormitory dining room was prettily decorated with Jack-o-lanterns, evergreens and other things appropriate to the occasion.

SUNDAY AT THE CHURCHES.

Methodist church—At the First Methodist church Sunday evening, Joseph Dutton, the pastor, will speak on "Some Problems in a Young Man's Life." What interests the young men will, of course, be of interest to the young women. Everybody is welcome.

Presbyterian church—Morning theme, "The Duty of the House of God;" evening, "The Tongue." Sabbath school at 12 m. Y. P. S. C. E. at 6:30 p. m.

Baptist church—All are cordially invited to attend the regular Sunday meetings, which are as follows: Morning worship at 10:30, subject of sermon, "The Early Church." This is the second of a series of sermons. Sunday school at 12 noon. Young People's meeting at 6:45. Evening worship at 7:30, subject of sermon, "The Nature and Value of Worship."

CHANGE IN TIME. Commencing with Sunday, November 6th, the M. & S. E., Munising and L. S. & I. Ry's will discontinue their Sunday passenger service. All week day trains will be run on the same schedule that has been in effect during the summer. The Saturday afternoon run from Marquette to Big Bay will be continued. Special excursion rates will be in effect on trains of Saturday, good to return on the first train Monday morning. (11-2-10)

SPECIAL TODAY.

Home made blood sausage and fresh killed chickens at Charles Dorais' meat market. (11-5-10)

I only burned 1 1/2 tons hard coal in my Favorite Base Burner last winter. Says J. R. McDonald, 109 E. Arch St. They are sold by Kelly Hardware Co. only. (10-17-10)

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cares the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

WERLINE'S COLUMN
Political Advertisement.

In appealing to the public through the medium of the press, I hope to spread the gospel of "equal rights to all and special privilege to none."

Of equal taxation as near as may be, under the Constitution, therefore the lowest possible tariff on necessities, the highest on luxuries.

Of a business-like administration of public affairs, and so, of course, of withholding special privilege from those who "rob the people in their market place."

Of minimum expenditures of public moneys for all and singular of the "panoplies of war, and maximum expenditures for education, good roads and permanent public betterments.

Of specific, definitely ascertained and just compensation for injuries sustained by employees engaged in industrial enterprise, state and interstate.

Of the initiative, referendum and recall.

My platform is equity.

A vote for me will be an endorsement of the principles above enunciated.

A vote for my opponent will signify your approval of the reactionary abuses which are condemned by all progressive Republicans and Democrats alike.

I am, respectfully, at your service,

G. T. Werline,
Democratic Candidate for Congress,
Twelfth District.

STRANGER COMMITS SUICIDE AT LOW MOOR

Matt Kullia, Recent Arrival from Ontonagon, Found Dead With Throat Cut.

Coroner William Prin was called to Low Moor farm, eight miles west of Ishpeming, yesterday to investigate the cause of the death of Matt Kullia, whose body was found yesterday morning behind the Low Moor farm. The coroner found that Kullia had committed suicide. There was a big gash in his throat and a pen knife was found covered with blood by the side of the body.

Kullia was a stranger at the farm. He called there Wednesday evening and asked for lodging. He was given his supper and about 9 o'clock went to bed on a lounge. An hour or so later he got up and went into the room occupied by two of the men and wanted to get into bed with them. They objected and he began to pound his head against the wall, soon breaking a hole in the plaster and laths. The men thought that perhaps he was under the influence of liquor. He danced around the room and almost knocked over the stove. He was then told if he did not behave himself he would have to leave. He picked up his telescope, containing his belongings, and put on his shoes, and started from the house. He was seen going down the railroad track toward Ishpeming. It is assumed that he returned to the farm later in the night and killed himself. Judging from the appearance of the body, the man had been dead several hours.

Coroner Prin has not obtained any information concerning Kullia other than that he had been at Ontonagon and was a recent arrival in this country. He was seen near the American mine, two or three miles from Low Moor, the day he called at the farm house. His name was found written in a book found in his pocket. He was apparently about twenty-five years of age. Mr. Prin is holding the remains at the Finnish Furniture company's morgue for identification.

GAVE STRONG POLITICAL TALKS

W. R. Humphrey and Horatio S. Earle Discussed State and National Issues.

The voters who attended the Republican rally Thursday evening at Ishpeming theatre heard strong addresses by W. R. Humphrey, of Saginaw, and Horatio S. Earle, former state highway commissioner. The meeting was presided over by William P. Belden, chairman of the Republican city committee, and the Light Guard band furnished music.

Mr. Humphrey discussed the Payne-Aldrich tariff bill at length. He said the voters are called upon to choose between two parties, and the Republican and Democratic tickets. "It was said years ago by Patrick Henry, that he had but one lamp to guide his feet and that was the lamp of experience," declared Mr. Earle. "I took part in the first campaign in which a Republican president sought office. It was the campaign of 1856, when John C. Fremont was nominated for president by the Republican party. Since that time we have had many Republican presidents. Fremont was defeated by Buchanan. In 1860, when Abraham Lincoln was elected, he found this country, after it had been ruled by Democrats for over thirty years, with a bankrupt treasury and with no credit in any other country. Today under the republican form of government we have a country that stands foremost in the world. If you feel as guided by the lamp of experience, would it lead you to the Democratic party, which after a rule of thirty years left the country in a bankrupt condition?"

"In 1884 Grover Cleveland was elected president and held office for four years, but on account of the discussions that arose during that administration, he was re-elected and again a Republican president was elected.

"The principal issue in the present campaign is the Payne-Aldrich tariff bill. Many things in that Payne-Aldrich bill which are listed for too high a rate of duty and one candidate for congress on the Democratic ticket goes around the country with a pair of stockings in each pocket and tells about the high tariff on stockings. It is exactly the same kind of a campaign as we had in 1892, when Grover Cleveland was elected. Because of the protest against the McKinley bill, what was the result? Another Democratic administration with a Democratic president and both houses Democratic. They enacted the Wilson bill, and what was the result? Thousands upon thousands of men traveled across the country from the Pacific to the Atlantic, going to Washington and pleading for an opportunity to work. Among these men were not only common laborers, but highly educated men, railroad conductors, railroad engineers, machinists, men of all classes and occupations; not one of them was a tramp. All were men ready to work and asking for the opportunity."

Mr. Earle created a most favorable

Y. M. C. A. GAMES.

Boys' Indoor Baseball Teams Playing Lively Contests.

The boys of the Junior A and B classes of the Young Men's Christian association played two interesting games of indoor baseball Thursday afternoon. The Highlanders defeated the Yankees in a score of 17 to 3 and the Cubs won from the Giants by a score of 17 to 10. The teams now stand as follows: Highlanders, won four, percentage 1000; Yankees, won one, lost two, percentage .333; Cubs, won one, lost two, percentage .333; Giants, won one, lost three, percentage .250.

In the Junior A league series the Athletics won from the Tigers by a score of 9 to 8, and the White Sox defeated the Pirates by a score of 9 to 5. The Athletics and the White Sox are now a tie for first place, each with three games won and one lost. The Pirates have won two and lost two and the Tigers have lost all the games they have played.

The Inter-Squad championship banner for the senior class has been received. The senior leaders corps will hold a meeting Monday night in the physical director's office, when the rules governing the competition for the banner will be decided upon. The class leaders are M. Paulsmoe, captain; C. Johnson, A. Hendrickson, H. Shadlick, W. Rose, J. Nicholls, A. Erickson, H. Endahl. Two more men are to be appointed by the corps at Monday night's meeting.

impression. He held the platform for about thirty minutes, and covered much ground. He declared that Chase S. Osborn, the Republican party's nominee for governor, is the best equipped man for that position that the party has produced in many years. He made a strong appeal to the voters to cast their ballots for Mr. Osborn. He said that Mr. Osborn will surely get a majority of 10,000 in Wayne county alone. He briefly touched on the record of Lawton T. Heams, the Democratic party's candidate for governor, during the time he was a member of the state legislature, and he closed his talk with a strong argument in favor of improved highways. He said that Mr. Osborn is an advocate of the good roads system and he declared that if his ideas are carried out, it will not be many years before every county seat in Michigan will be connected with every other county seat by roads that can be traveled over by any kind of a vehicle.

Banking Service

When the rooms equipped by this bank were planned, no detail was omitted which could in any way add to the efficiency of the service which the bank renders. Every modern device that aids in promptness and courtesy has been installed, and careful attention has been given to the selection of men adapted to the work which they are called upon to perform.

You are cordially invited to avail yourself of the unexcelled services which this bank affords.

SAVINGS DEPARTMENT.

Saving deposits of \$1.00 or more are cordially invited and interest is allowed on the money at the rate of 3 per cent, compounded twice a year. Try saving a part of all the money that comes into your hands. Many of the substantial fortunes in this country have been started by careful saving. A little money in the bank is always a safeguard against misfortune and sickness.

BANKING DEPARTMENT.

Accounts subject to check are invited in any amount, enabling our depositors to protect the money which they have on hand for personal or household expenses against loss by fire, burglary or other mishap. When you deposit all of your money and pay for all expenses by drawing your own personal checks, you always have receipts for your payments and do not have to pay a bill the second time.

IMPORTANT MINING CASE.

Suit of J. H. Quinn vs. Wm Tully Is Heard at Escanaba.

One chapter was written here yesterday in a case which affects the ownership of one of the richest mines of Iron River, when the testimony of several witnesses was taken in the suit brought by John H. Quinn of Negaunee against William Tully of Iron River, says the

Escanaba Press. Mr. Quinn, who formerly was a close personal friend of Mr. Tully, is seeking to establish his claim to a half interest in the Houlihan mining property, which claim is being vigorously contested by the Iron River man. The Press continues: "One of the most important witnesses examined yesterday was Judge R. C. Flannigan, who, acting for Mr. Tully, several years ago proved up the title to the property and is now interested in it with Mr. Tully. Other witnesses were Patrick O'Brien, publisher of the Iron River Standard; Reporter W. H. Solden, of Stambaugh; and J. H. Quinn, of Ishpeming. "The case is being tried before Judge

COUNCIL ADOPTS CEMETERY RULES

Half Lots Will Be Sold in One Block in Each Burial Ground at Half Price.

At the meeting of the council Thursday evening the following rules and regulations to govern the new cemeteries were adopted, on recommendation of the cemetery committee and board of public works:

All lots in block 10, east cemetery, and all lots in block 12, west cemetery, are to be sold in one-half lots and at one-half price of full lot.

10 x 10 lots to constitute a credit for \$10
10 x 15 lots to constitute a credit for 15
10 x 20 lots to constitute a credit for 20
20 x 20 lots to constitute a credit for 40

Each body in the old cemeteries entitles the relative buying a lot in the new cemeteries to a credit of \$2.50 on the purchase price of the new lot, subject to the review of the council.

The following prices are to be charged for digging graves:
Graves, size 2 feet to 3 feet 6 inches—\$3.00
Graves, size 3 feet 6 inches to 4 feet 6 inches—4.00
Graves, size 4 feet 6 inches to 5 feet 6 inches, or over—5.00

In winter, \$1 is to be added to above prices.
All graves are to be east and west.
An extra charge is to be made for decorating graves, the price to be made by the sexton.

The salary of the sexton to be \$75 per month.
The tools belonging to the sexton, as per memorandum of same, are to be purchased and paid for by the city at a price of \$25.

All walls and other markers now standing in the old cemeteries are to be removed to the new cemeteries upon receipt.

All fence, curbing and other lot enclosures in the old cemeteries are to be excluded from the new cemeteries.

All walls to be built near the site of the new cemeteries at once, and a proper committee given power and authority to act.

A man is to be hired to make a complete record of the bodies in the old cemeteries, such record to be transcribed into the new books, which are now ready to be printed for this purpose. A salary of \$60 per month is to be paid to the man so engaged.

Following the adoption of the rules, the mayor and city recorder were instructed to issue deeds of cemetery lots when they are satisfied that the parties applying for them are entitled to deeds. In all cases where the city officials are not convinced that the parties applying for the deeds are entitled to them their cases shall be referred to the council for adjustment.

Matthew Chester was appointed sexton at a salary of \$75 per month.

LAST OF HIGHWAY WORK.
Committee Submitted Report to the Council Thursday Evening.

The final report on street improvements for the year was submitted to the council at its regular meeting Thursday evening. The expenditures for October in the highway department were \$1,059.77.

The committee's report included the following: Macadamizing Peck street, \$32.15; operating crusher, \$244.20; general street cleaning, \$43.24; repairing culverts, \$11; hauling sidewalk and curb filling, \$27.50; operating road roller, \$47.25; grading alley between Cyr and Tobin streets, \$67.30; grading around new fire hall, \$59; macadamizing around new fire hall, \$34.25; widening Carp road at L. S. & I. bridge, \$97.50; cleaning out creek, \$13.30; macadamizing alley back of high school, \$61.65; cleaning alleys, \$275.03; total, \$1,059.77; to be collected from Lake Superior & Ishpeming Railway company for Carp river bridge, \$97.50; net expenditures, \$962.27.

Mrs. John Rule asked the council to exempt her from the payment of taxes on her property, also the payment of water taxes. Free water was granted, but the matter of exempting the petitioner from the payment of general taxes was referred to the finance committee.

Mrs. Catherine Reidy also asked to be exempted from the payment of taxes. Her communication was referred.

The finance committee reported a balance of \$9,231.24 in the city treasury on the 6th.

The purchasing committee was instructed to buy new caps for the police officers.

The services of the poundmaster were dispensed with for the winter. In October the poundmaster impounded twenty-seven animals.

Beware of Ointments for Catarrh that Contain Mercury.
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reliable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. The Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price, 75c per bottle. Take Hall's Family Pills for constipation.

Orenstein Bros., furriers, of Calumet, will hold a fur sale at Grinnell Bros' music store, Anderson block, Ishpeming, Friday and Saturday. Fur repairing and remodeling. (11-4-24)

Joseph Thomas, of the Maas mine, and wife are the parents of a son.

John Hicks of this city has left for Arizona, where he expects to remain permanently.

Mrs. Michael Hawley and her brother, Patrick Hawkins, of Little Lake, were visitors in the city yesterday.

Mrs. John Bush left Thursday evening for her home in Green Bay, after a week's visit with Mrs. Henry Treavor.

Mrs. Thomas McKenna, who spent the past several days in the city visiting friends, has returned to her home in Quinness.

The new heating plant has been put in commission in the Bijou theatre, in the Sunberg block. It was installed by Peter Barasa & Co.

John Rough, Jr., a student in the Negaunee high school for some time past, will leave tonight for Annapolis, where he will enter a preparatory school with a view to latter entering the United States Naval academy at that place.

Mrs. Thomas Pascoe and her sister, Miss Anna Lemere, have gone to Waukegan, Ill., on a visit to their sister, Miss Clara Lemere, who is studying with a view of becoming a trained nurse.

L. Rinne, son-in-law of A. Bouslom, of this city, who a short time ago left the Gogebic range for Finland, has opened up a bazaar in Helsingfors, the capital of Finland. He has advised relatives here that he is doing a nice business.

Edgar Williams, who recently secured a position from the government as stationary engineer at the Panama canal, and who came home from Detroit to spend a few days with his parents, Mr. and Mrs. John Williams, left yesterday afternoon for Panama.

Harry Lee left yesterday afternoon for Big Rapids, where he will take a business course in the Ferris institute. Mr. Lee was an instructor in the Ishpeming business college for several months before it passed into the control of C. O. Squires of this city. He intends to fit himself for teaching.

Dr. Fred Northey, son of William Northey of this city, who has had charge of the biological department of Parke, Davis & Co.'s drug house in Detroit for the past nine years, has been promoted to the position of manager of the firm's branch in New Orleans, and he and his family have left Detroit for that city.

Henry Sorson, a Negaunee boy who has been employed for some time past in the railway mail service, making his headquarters at Harley, Wis., has been critically ill the past several days and his father, who lives here, has been called to his bedside.

Cole & McDonald, the diamond drill

IMPROVED MAIL SERVICE.

Mail Car Added to Morning and Afternoon Trains on Northwestern Line.

The Chicago & Northwestern Railway company has added a mail car to the morning train, leaving for Escanaba and the south bound morning train. For some years past the mail car on the day train has been set out at Escanaba, where it was picked up by the south bound morning train the following day.

The mail matter arriving at and departing from Negaunee and Ishpeming has increased to such an extent during the past year or so that the improved service is absolutely necessary. Heretofore closed pouches for Escanaba and points south of there were made up in both cities and were carried on the Escanaba train, having no mail leaving here for points between Negaunee and Escanaba went to the latter city on the evening train and was bought back the following morning. Mail leaving here in the evening for Little Lake or Swaney range points has not reached its destination until the following day.

Mail leaving here on the morning train for points between this city and Escanaba hereafter, will be set out at the different stations. By adding the mail car, people in the Swaney district and other points between Negaunee and Escanaba will have two mails a day from here and from the south instead of one. Mail departing on the 9:05 train will now reach Gwinn before dinner.

MORE LAMPS ADDED.

The monthly report of W. H. Mitchell, clerk of the municipal electric lighting plant, showed that eight incandescent lamps had been added to the circuit in October, making the total now in use, \$2,146.44, compared with \$1,893.02 in September last year. A total of 156 tons and sixty-four pounds of coal were consumed last month, compared with 189 tons and 1,470 pounds in the corresponding month last year. The number of kilowatts generated was 30,700, compared with 34,200 in October, 1909. The water works plant consumed 131 tons of coal last month, compared with 138 tons in October, last year. The pumps registered 46,803 strokes, compared with 48,340 strokes in October, 1909.

TO DEDICATE CEMETERY LOTS.
The Negaunee lodge of the S. H. & E. F. will dedicate its lots in the new cemetery tomorrow. The members are requested to meet at their hall on Gold street in time to take a special train via the South Shore line, leaving here at 1:30 o'clock. The train will stop about one mile this side of Eagle Mills, and the members will walk from there to the cemetery, a distance of 300 yards. Rev. G. Pietwood, pastor of the Swedish Lutheran church of Ishpeming, will conduct the exercises and will deliver the principal address. The fare for the round trip will be twenty-five cents and the train will leave on the return trip at 4 o'clock. The officers of the society extend an invitation to the public to attend.

Orenstein Bros., furriers, of Calumet, will hold a fur sale at Mrs. Arland's millinery store on Monday and Tuesday, Nov. 7 and 8. Fur repairing and remodeling. (11-4-41)

CONVICTS WORK LIKE FREE MEN

E. C. Anthony Tells of Road Building System in Colorado—Does Not Regard It as Practicable for Michigan, Because of Different Conditions Here.

Seventy Men in One Camp, With No Semblance of Prison Authority—Escapes Are Few—Prison Labor Commission Has Visited Several Leading Penitentiaries.

E. C. Anthony, a member of the board of control of Marquette prison, in Marquette yesterday talked interestingly of the visits he has made, in company with Governor Warner, to various prisons, in pursuance of their investigations as members of a prison labor commission that is to report to the next legislature on the question of the best employment for convict labor. The governor and Mr. Anthony have visited the prisons at Michigan City, Ind., Joliet, Ill., Stillwater, Minn., Lincoln, Neb., and Canyon City, Col., besides making special trips of inspection to all the Michigan prisons. They intend to visit the Wisconsin state penitentiary at Waupun, and will some time within a few weeks, journey east to visit prisons in New York, Maine and other eastern states. Leonard Freeman, who was appointed on the commission, as a representative of the board of control of the Iowa reformatory, is a candidate for senator in his district, and has withdrawn from membership. John W. Adams, a member of the Jackson prison board, has only visited the Stillwater prison, so practically all the work of gathering first hand data has devolved on Governor Warner and Mr. Anthony.

The most interesting experience Mr. Anthony has had in the course of the investigation was his visit to the Colorado state prison at Canyon City. It is here that under Warden Tynan, a former Michigan man, 200 convicts are employed in roadbuilding, without the sign of a guard, under the "honor" system. Governor Warner has been quoted in enthusiastic approval of this system and as stating that he believed it could be made applicable to Michigan. Mr. Anthony is of the opinion that the governor has been misquoted, as the views attributed to him in the newspapers do not correspond with those he expressed when they had completed their inspection of the Canyon City prison, and its system of employing the convicts.

500 Convicts in Prison Proper.

There are in the Canyon City prison some 500 convicts, in addition to the 200 employed on the highway system. Mr. Anthony says, "The law prohibits contract labor, so practically the entire expense of supporting the prison is borne by the taxpayers. In the prison proper the only work carried on, with the exception of the work done in the shops run in connection with the institution, such as tailor and cobbler's shops is breaking of stone. One end of the prison enclosure is a precipitous rocky bluff, patrolled by guards. Four hundred men or more are employed breaking rock. Their work is a good deal of a joke, and seems to be arranged principally with the idea of keeping them busy. The convicts sit about the yard, each with a moderate sized hammer in hand. Before them, or on their knees, are small fragments of rock, from which they chip off pieces with their hammers. One small sized rock crusher would turn out more crushed rock in a day than this small army of convicts working in this primitive manner. The rock is sold for concrete work, and nets but a small return to the institution.

Convict Work Without Guards.

The distinctive feature of the prison is the employment of the convicts on the roadway on the highway system. Some miles of road have been built from the city leading up to the divide in the mountains, a distance of but three miles in a direct line, but which has to be gained by a devious route. Forty miles of road of the fifty-mile stretch between Canyon City and Colorado City have been built, and a camp of seventy convicts is now working on this highway. This gang of seventy men is working entirely without guards, and under direction of a superintendent of highways. There are no stockades about the camp and the only semblance of prison authority is a guard mounted at night by a man with a sawed-off gun. There were only five escapes from the road gang during the past summer.

"One thing that makes it feasible to maintain these camps without the whole working force taking wing is the fact that by virtue of a special law every member of the roadworking gang is allowed ten days good time a month for sticking to the job, over and above the usual good time provided for by the prison rules. Thus each convict who remains true to the trust reposed in him can earn 120 days extra good time in a year. The country in which the work is being carried on is inhospitable. We met only one man on our trip eleven miles up to the divide, and in the fifty miles between Canyon City and Colorado City we didn't meet more than five or six. It is a most uninviting country for a convict to try to escape into. The men are well fed in the camps, much better than in the prison proper. The only expense the country that uses the convict labor is put to is the difference between the cost of feeding them in the camps and what it would cost to feed them in the prison. For the road work trusty men are singled out, mostly short term men, though there are some examples of lifers employed at the camps. I believe that Warden Tynan has every man he could possibly trust at the work now engaged in it, and that he dare not take a chance with the 500 confined in the prison proper."

Not Feasible for Michigan.

"I do not," was his reply. "The character of the country is essentially different than I believe it would fall down in Michigan. As I remarked, the country in which the convicts are working in Colorado is most inhospitable. In Michigan,

the number of escapes would be so large that the system would fall of the desired results. Even if it were feasible it would offer employment to comparatively few of the convicts, as the number which could be trusted at large practically without restraint is of necessity very limited. It was an interesting thing to observe the Colorado convicts busily working without being guarded, but I don't regard the system as feasible for this state. It wouldn't stand transplanting to the populous states of the middle west and east. The percentage of convicts who could be employed without constant guarding, with good chances to make a getaway, would be small as to make the experiment not worth while."

Mr. Anthony was not at all favorably impressed with the Nebraska state prison at Lincoln. The warden was away, on a political mission, when he and the governor visited the institution. Mr. Anthony says it was the poorest kept and dirtiest prison he has visited on any of his trips. Pointing are interfering with the proper conduct of the prisons in both Nebraska and Colorado, he says. The warden have short tenures of office, and are turned out with every change of governors, to make room for men particularly favored by the incoming executives.

Leans To Contract System.

The result of Mr. Anthony's observations, if you had full authority to dispose of this labor in the way that you see fit, he says, "I have been asked would you do with it? The answer has, with the exception of at Stillwater, where the binder twine industry is making lots of money for the state, invariably been, 'Let it to contractors.' Wherever we have encountered a prison system based on the New York state plan we have found most unsatisfactory conditions, with the warden unable to keep the convicts busy and unable to dispose of the articles manufactured by the convicts. Under the contract system Warden Murphy had the Joliet prison nearly self supporting. Now he has to draw over \$20,000 monthly from the state to maintain it, and the problem of keeping the men employed is a vexing one. The state institutions will not buy the furniture and equipment manufactured for their use, and the prison officials have no way to compel them to.

"I believe that in our Michigan prisons we should get better prices than we do for our labor, and I believe that it is worth better prices. If we could get a little better prices at the Marquette prison we could make it self supporting. As far as I have been able to see on my trips, practical prison experience in this country as yet points the way to no better employment of convict labor than contract employment, but, as I say, I believe the convict's labor is now sold too cheaply. If it were held at higher prices there would be less complaint against competition with free goods."

Report Ready Early Next Spring.

In this latter connection, Mr. Anthony is speaking only for himself, and what he has to say does not forecast in any way the report of the prison labor commission. The members have so far simply been collecting data and have not yet approached the task of putting their ideas in the definite form of a report. This task they will take up when they complete their eastern trip. Mr. Anthony says the commissioners report will be presented early in the session of the next legislature.

GATHERING OF MASONS.

Pastmasters' Night Greatly Enjoyed by Large Number Present.

Members of the Masonic fraternity united in a delightful social gathering at Masonic Hall last evening, the occasion being the annual observance of Pastmasters' night. Dinner was served at 6 o'clock, Trombly's orchestra furnishing music while the courses were being served. At the conclusion of the repast, Frank Trombly rendered several violin selections which were greatly appreciated, after which the following program was carried out:

Toastmaster—Dr. John E. Lautner.
Reminiscences of Our Oldest Pastmaster—Francis M. Moore.
A Man and a Mason—Scott W. Shaul.
Vocal solo, selected—George Tucker.
Fifty years a Mason—Charles Kelsey.
The Spirit of Fraternity—Rev. John S. Bridges.
Something the Others Didn't Say—John R. Van Evert.
Ramblings—The U-prepared.

SPECIAL TODAY.

Home made blood sausage and fresh killed chickens at Charles Dorais' meat market. (11-5-11)

NEW DAM AT SILVER LAKE

Project Discussed at Meeting of Light and Power Commission.

At a special meeting of the light and power commission held yesterday afternoon, plans were discussed for rebuilding the dam at the foot of Silver Lake, by which water is stored up as a reserve supply for the city electric plant at Collinsville in dry weather. This dam was built more than twenty years ago and is now in such a rickety condition that it may be washed out at any time by a sudden flood. The Silver Lake dam has proven invaluable to the commission several times during the last three years, and had it not been for the water stored there, the city would have suffered seriously because of insufficient water to operate the electric plant.

The present dam is only ten feet high and about 100 feet long. It is proposed to build the new dam, on which estimates and plans are now being secured, fifteen feet high, and the estimated cost is \$8,000. This dam would be built of wood. The present dam is the property of Ayer & Longyear but they have given the light and power commission free use of it on condition that the latter employ and keep a caretaker there.

There was also considerable discussion in connection with the proposed new dam to be built at the head of the steel flume coming summer. The question of the proper location of this dam continues to be a poser. Clarence Coleman of Duluth, who was here a week ago, has recommended that the new dam be built about 1,000 feet above the present dam, but other engineers declare that a dam cannot be built under water that will hold, and that the course of river must first be diverted, if a dam is to be built above the present structure.

BOLD ATTEMPT TO ROB EWEN EXCHANGE BANK

Outer Doors of Vault Broken Open With Dynamite, but Inner Safe Resisted Explosive.

Local police officers received telegrams yesterday requesting them to be on the lookout for two men who are believed to be responsible for an attempt to burglarize the Ewen Exchange bank at Ewen on early yesterday morning. Though four or five charges of nitro-glycerine were exploded in an attempt to wreck the safe and get the money contained therein, the inner money chest resisted the explosive and the only loss to the bank was the damage to the building, amounting to about \$600, covered by insurance in the Empire State Security company, of New York.

The Ewen bank is a private bank owned by W. H. Gardner and is located in a small frame building. The burglars entered the bank between 3 and 3 o'clock yesterday morning, breaking in the front door of the building with dynamite. The main doors of the vault were opened in the same manner, but the inner safe, in which the money was kept, remained intact, though several charges of nitro glycerine were used in an attempt to break it open. No money or valuables were secured by the robbers.

The noise of the explosion awakened the Norton boys, who live nearby, and they immediately notified W. H. Gardner, owner of the bank. Mr. Gardner arrived on the scene about 3:15 a. m., a few minutes after the burglars had made their escape. Two men are suspected and \$200 reward is offered for their apprehension and conviction. It is believed that they went west from Ewen. The two suspects are as follows: One a man about six feet tall, of light complexion with a small mustache, about thirty-five years old, and he wore a gray shirt; the other also about six feet in height, forty-five years old, with a small mustache, and who wore dark clothes and high boots, his trousers being tucked inside his boots.

SATURDAY MUSIC CLUB.

Schumann Program to Be Given This Afternoon at Mrs. Ball's.

The Saturday Music club will meet at 3:30 this afternoon at the residence of Mrs. T. F. Ball, 216 E. Hewitt avenue. The following program will be given:

- Schumann as a Writer of Orchestral Music, and Outline of Opera Genreva—Miss Schaffer.
- Nocturne in F—Miss Hicks.
- Vocal solo, "Grilley"—Miss Ross.
- Overture Genoeveva—Mrs. Hodgkins and Miss Hamley.

SPECIAL TODAY.

Home made blood sausage and fresh killed chickens at Charles Dorais' meat market. (11-5-11)

"Hello, Bill!"

Will meet you at the GRAND TODAY

To see 1,000 feet of moving pictures of The Elks' Convention in Detroit

Also two other big features— Under Two Flags and The Woman and the Burglar

They are the same kind you always see at the Grand—the kind you like.
