

PRICES NOT TO BE CUT IN STEEL TRADE

Producers Representing 95 Per Cent. of the Output of the Country Meet at New York and Decide to Maintain the Quotations as They Are at Present.

Without Exception, It Is Stated, the Views as to the Future of the Industry Are Favorable—New Pension Plan Announced by the U. S. Steel Corporation.

New York, Nov. 30.—The price of steel will not be cut. Forty leading producers and representatives who stand for 95 per cent. of the production of the country met here today to agree that it was for the good of the industry to keep the quotations where they are.

It was stated that on an average of all the branches, the bookings were about 50 per cent. of capacity and the shipments somewhat in excess. There has been a slight though marked increase in the daily bookings, month by month, since the first of August to the present time.

The prices as a rule are well maintained, though in some lines, as usual, there is some cutting on the part of small producers who were not represented. Without exception the views expressed by those present regarding the future were favorable. Also each one voiced the opinion that the present prices were fair and reasonable and should not be changed.

Steel Corporation Pension Plan. In a separate announcement issued today, Judge Gray stated that, beginning Jan. 1, the United States Steel Corporation would pay three classes of old age pensions to employees who had served with the parent company or its subsidiaries for twenty years or more.

First—Pensions by compulsory retirement, granted to employees who have been twenty years in the service and have reached the age of seventy years for men and sixty for women.

Second—Pensions by retirement at request, granted to employees who have been twenty years in the service and have reached the age of sixty years for men and fifty for women.

Third—Pensions for permanent incapacity, granted to employees who have been twenty years in the service and have become permanently incapacitated through no fault of their own.

states and was upheld by Governor Noel of Mississippi at the conference of governors today. Governor Norris of Montana started the denunciation and was supported by Governor Shafroth of Colorado and Governor Sloan of Arizona.

TAMPA'S LABOR ASSEMBLY SUES THAT FLORIDA CITY FOR DAMAGES OF \$20,000. Tampa, Fla., Nov. 30.—Suit was filed against the city of Tampa today by the trustees of the Central Trades and Labor Assembly for \$20,000 damages. It is alleged that the assembly has suffered the damages by the closing of the labor temple for three weeks during the strike to prevent gatherings and by damage to furniture and the loss of valuable papers.

TWO WOMEN DEAD AS RESULT OF EATING CANNED ASPARAGUS. North Yakima, Wash., Nov. 30.—Mrs. Frank E. Kuhn and Mrs. M. E. Kuhn, both of whom are dead from ptomaine poisoning, died as a result of eating canned asparagus tips at Thanksgiving dinner.

RAILROAD SECURITIES WATERLOGGED, HE SAYS In Four States Alone, a Witness Testifies, the Over-Capitalization Is \$400,000,000.

Washington, Nov. 30.—The testimony in the Eastern trunk line freight advance case was concluded by the interstate commerce commission today, after many witnesses for the shippers had agreed that the proposed increase in freight rates would be a serious interference with business.

CHARGE THAT A FOREIGN STEAMSHIP LOBBY EXISTS NOT WELL SUPPORTED YET. New York, Nov. 30.—None of the witnesses who appeared today before the congressional committee which is investigating the charge that foreign steamship interests sought to defeat the ship subsidy legislation at Washington today testified of their own knowledge that the committee had maintained a lobby.

"WOMEN FIRST" IN BOSTON Elevated Railway Posts Large Signs to Make Men Gallant.

Boston, Mass., Nov. 30.—Women are to have the right of way on Boston street cars if men heed the signs posted at the elevated stations by the company.

WESTERN RAILROAD MAN IS APPOINTED ASSISTANT TO PRESIDENT MCELLEN. New Haven, Conn., Nov. 30.—It was announced tonight that H. J. Horns, assistant general manager of the Chicago, Burlington & Quincy lines west of Missouri river, had been appointed assistant to President McEllen, of the New York, New Haven & Hartford railroad.

ALLEGED GIVER OF BRIBES TO HAVE A NEW TRIAL. San Francisco, Nov. 30.—The state supreme court today reversed the judgment of the trial court in the case of Louis Glass, former vice president of the Pacific States Telephone & Telegraph company, convicted of having bribed a member of the Schmitz board of supervisors and sentenced to five years in prison. This gives Glass a new trial.

ULTIMATUM OF MR. TAFT BEARS FRUIT

Department Heads Further Prune Their Estimates of the Money Needs of the Government, With the Result That Fourteen Additional Millions Are Lopped Off.

Senator Burrows Announces That the Investigation of Wm. Lorimer's Election Will Be Resumed Next Week and It Is Hoped to Offer the Report Before March.

Washington, Nov. 30.—A cut of \$14,000,000 in the estimates for the running expenses of the government the next fiscal year was reported to the president today, as a result of his ultimatum to the heads of the departments at the cabinet conference yesterday. This is in addition to drastic reductions previously made.

Lorimer Investigation. Senator Burrows, of Michigan, chairman of the senate committee on privileges and elections, today said that the sub-committee which investigated in Chicago the charges against Senator Wm. Lorimer, of Illinois, would make its report to the full committee immediately after New Year's.

Wheat Market Is Firm. Chicago, Nov. 30.—Buying credited to leading millers put up the price of wheat here today. Export sales to France gave off, and so did the smallness of the primary receipts. The close was firm, $\frac{1}{2}$ to $\frac{3}{4}$ higher.

BANK ROBBERS, DISGUSTED, LEAVE LOOT IN STREET; IT WAS \$17 IN PENNIES. Aberdeen, S. D., Nov. 30.—Five robbers blew the vaults of the Farmers' State bank at Bushnell, S. D., and the First National bank at White, S. D., early today.

THIN DANCER CAN'T ENLIST When Sands Gets His Weight Back He Will Try Again.

NEW NATIONALISM DENOUNCED AT CONFERENCE OF GOVERNORS. Louisville, Ky., Nov. 30.—New nationalism, in so far as it affects the conservation of the natural resources, was denounced by the executives of three

The Weather

Washington, Nov. 30.—The following is the weather bureau's forecast for Upper Michigan: Snow, Thursday and Friday; continued cold; brisk to high northwest winds.

NO FETES IN MEXICO AT THIS INAUGURATION

Mexico City, Nov. 30.—With simple ceremony, General Porfirio Diaz will be inaugurated as president of Mexico for the eighth time tomorrow. In view of the recent disturbance, the inauguration will not be marked by the usual season of festivities.

Said Reyes Will Become Ruler. El Paso, Nov. 30.—The correspondent of the El Paso Herald in Mexico City writes that it is rumored there has been a change of power in Mexico and will be allowed by President Diaz to assume the reins of government in a few months.

PRICES OF STOCKS BREAK ALL AROUND. New York, Nov. 30.—The prices broke with some violence in today's stock market, the active list registering losses of 1 to 2 $\frac{1}{2}$ points.

WALL STREET BULL MOVEMENT GOES STALE FROM LACK OF OUTSIDE ENCOURAGEMENT. New York, Nov. 30.—The prices broke with some violence in today's stock market, the active list registering losses of 1 to 2 $\frac{1}{2}$ points.

GALE IN FRANCE DRIVES U. S. BATTLESHIPS TO SEA; SEVEN MEN REPORTED LOST. Cherbourg, Nov. 30.—A fierce gale is raging along the coast and the battleships of the second division of the Atlantic fleet have been forced to stand off shore under full pressure.

FOREIGNER IN WISCONSIN IS REPORTED TO BE ILL WITH ASIATIC CHOLERA. Madison, Wis., Nov. 30.—The Wisconsin state board of health has started an investigation of a report from Cumberland, Wis., that Gottlieb Jeneschke is ill with Asiatic cholera.

POPULATION OF MINNESOTA ROUNDS TWO-MILLION MARK. Washington, Nov. 30.—The census reports published today show the population of Minnesota to be 2,075,708, an increase of 324,314.

DISORDERS IN NEW YORK. New York, Nov. 30.—The striking chauffeurs kept the police on the jump today running to the rescue of wrecked taxicabs. The strikers smashed windows, slashed tires and broke gears.

NEW ISSUES TO THE FRONT IN BRITAIN

Election Campaign Now in Progress Is One of Amazing Changes in Policy, Surprising Alike to the Supporters and the Opponents of the Government.

Following Lansdowne's Presentation of a Scheme for the Reform of the Lords, Balfour Furnishes a New Sensation by Dropping the Tariff Reform Question.

London, Nov. 30.—The present election campaign is one of amazing changes. Lord Lansdowne's unexpected presentation of a scheme for the reform of the house of lords has been surpassed in suddenness by Mr. Balfour's throwing over of tariff reform as an issue of the election.

PORTUGUESE GARRISON IN CHINA REVOLTS AND TAKES POSSESSION OF CITY. Macao, China, Nov. 30.—A revolt of several hundred soldiers and sailors connected with the Portuguese garrison here occurred last night.

ILLINOIS TOWN BURNS AND MANY FAMILIES ARE HOMELESS. Mount Vernon, Ill., Nov. 30.—Many families at Haven, Ill., which was destroyed by fire today, are held pressed tonight to find shelter from the cold.

FOOT OF SNOW FALLS AT TRAVERSE CITY, MICHIGAN. Traverse City, Mich., Nov. 30.—Passenger train service is delayed one to two hours and some branch lines are entirely blocked by the first blizzard of the season.

WHEAT MARKET IS FIRM. Chicago, Nov. 30.—Buying credited to leading millers put up the price of wheat here today. Export sales to France gave off, and so did the smallness of the primary receipts.

VILLAGE ELECTION SAID TO BE ILLEGAL

Traveling Men Arrested for Voting at Red Jacket Are Thus Likely to Go Free.

There is a suspicion that Harry Rose of Minneapolis and Percy Fitzgerald of Cleveland, the traveling men who were arrested on a charge of illegal voting Monday, have a joke on the village of Red Jacket and its officials. There appears to be no doubt of the fact that the men are not legal voters in Red Jacket, but there also appears to be some doubt of the legality of the election. Patrick H. O'Brien of Laurium is defending the men, and he will go before Justice Jackola on their behalf Saturday morning, their hearing being adjourned until then. They are out under bonds.

The Red Jacket special election was called for the purpose of permitting the people of the village to express a choice for the office of village clerk to succeed N. F. Kaiser, the theory being that Mr. Kaiser had resigned. It is reported that Mr. Kaiser had not tendered his resignation up to the time of the election. But this fact is not necessary to the illegality of the election. Mr. O'Brien points out that the village charter says that when an elected village officer resigns the council must appoint his successor until such time as a successor may be elected regularly. From this view of it, the council could not call a special election, but should have appointed the new clerk. Of course the council could ask the people to express choice and then appoint the choice so expressed, which probably will be the action.

When Nick Kaiser was elected county clerk, there immediately were nine applicants for his job. They were all good men with a considerable following and the council apparently lacked the nerve to express a choice and call an election. As it was not legally an election, at least according to Mr. O'Brien's contention, Rose and Fitzgerald or anybody else could vote in it. Thus it is believed that the men will be discharged on Saturday.

This is still another comic element in the situation. A number of the taxpayers of Red Jacket, being convinced that the election was illegal, threatened to oppose the payment of the election expenses. They observed during the election that the election inspectors had provided themselves liberally with luncheon and cigars and they do not intend to allow the taxpayers' money to be used in paying for them, even to the extent of an injunction.

LAST OF THE DEER SEASON.

Chicago Man Takes Out License Last Day—Case at Alston.

The deer season closed at midnight last night, the greatest deer season is believed since game have been protected in the upper peninsula. Thousands of deer have been killed in Houghton county alone, judging from the reports of uniform success by hunters. The hunters have forty-eight hours from last midnight in which to get their kill out of the woods, but the express offices may not accept deer for shipment until the afternoon of Monday. Axel Huseby of Chicago is under suspicion. Mr. Huseby called at the county clerk's office yesterday and took out a non-resident deer hunter's license, paying twenty-five good, honest dollars for it. He said that he wanted to have one deer sent to him at least. County Game Warden Wilson has a suspicion that all is not right. It is somewhat unusual for a non-resident or anybody else to take out a deer license the last day. Mr. Huseby may be all right, but the game warden is going to keep watch and unless the Chicago man presents a freshly shot deer for shipment not later than this morning and can show that he shot it he is likely to be investigated.

Mr. Wilson and Sheriff Byers will go today to Alston, where a party of Houghton county hunters are under arrest, charged with stealing a deer from a party of lower Michigan hunters. Details of the case have not reached the sheriff's office or the game warden.

PORTAGE LAKE BUSINESSMEN.

Association of Houghton and Hancock Merchants Expanding.

The Portage Lake Businessmen's association, the organization of Houghton and Hancock merchants, is to open its doors to South Range and Dollar Bay merchants and those in intervening mining locations. Secretary Davis has received communications from these merchants, signifying their willingness to come in.

The association is formed for mutual help among the merchants. It aids in keeping the list of credits clean, gets after delinquents and generally takes charge of all movements for the benefit of the merchants as a whole.

PROJECT HELD UP FOR ANOTHER YEAR

Chief Engineer Recommends Delay in Portage Lake Harbor of Refuge Work.

The recommendations of the chief of engineers, United States army, published recently in The Mining Journal's Associated Press dispatches do not include any new work on Portage lake, although special reference is made to the proposed harbor of refuge at the eastern end of the lake, in Portage river. It is recommended that this plan be not carried out this year. This means that Portage lake will have to wait for another congress and another rivers and harbors appropriation before the work may be done.

The harbor of refuge has been recommended by George H. Banks, superintendent of the waterway, by Colonel Graham D. Fitch, in charge of Lake Superior, and by the great vessel interests. These recommendations were adopted last year and an appropriation of \$35,000 was made to purchase property necessary in constructing the harbor, which is planned to be a basin just west of White City and including Earl Edger-ton's dock.

It appears that the chief of engineers is not following out the desire of President Taft that in the next year no new work shall be started, but the Portage Lake harbor of refuge should not be considered as new work, because one appropriation has been made for it already. Superintendent Banks adheres to the idea that it is a necessary improvement. Every season boats are anchored out in Keweenaw bay in a very precarious shelter and are constantly in danger, while if the new harbor was ready they would have an adequate and convenient shelter. Mr. Banks considers that the present condition merely makes for delay and not an entire abandonment of the scheme, considering that as one appropriation already has been made for it the plan will have to be carried out, as the original appropriation could hardly be diverted to another purpose.

Plans are already under way for securing title to the necessary lands, which are owned by Michael Messner, Earl Edger-ton and the Sheldon-Douglas company. The latter interest has set a price which probably is satisfactory to the government and it is understood that condemnation proceedings are to be instituted in Washington for the purpose of securing the other lands.

ORGANIZE SEWING CLASSES.

Associated Charities of Calumet to Teach Domestic Science.

The activities of the Associated Charities of Calumet are not exploited in the direction only of relieving the poor in a material way. Some time ago the charities organized physical culture classes with Miss Frances Faucett of Laurium in charge and now a new department has been opened.

The charities have organized girls' sewing and domestic science classes in charge of Miss Schurtz, domestic science teacher at the Calumet High school. These classes will meet Monday, Tuesday and Thursday nights in the rooms over Beer Bros' meat market on Fifth street, Red Jacket. Here all girls desirous of learning sewing and other domestic science arts may receive instruction free of charge. The association asks that somebody donate a stove to the use of these rooms. One stove has been secured, but it is insufficient. A few chairs also would be appreciated.

REVIVALS AT BALTIC M. E.

Various Copper Country Pastors Assisting Rev. F. C. Watters.

Rev. Frank C. Watters, pastor of the Atlantic M. E. church, which charge includes the churches at Wana, is conducting a series of revival meetings at the latter place, which meetings will be continued until Dec. 9. In this series he is assisted by a number of pastors of other Methodist churches in the county. The series opened Monday night with a sermon by Rev. F. C. Deighton of Red-ridge, who talked also Tuesday night and last night and will conclude his list of appointments tonight. The other dates follow:

Dec. 2—Rev. R. E. Miller, Baltic.
Dec. 5 and 6—Rev. W. H. Collycott, Osceola.
Dec. 7—Rev. W. S. Smith, Trimountain.
Dec. 8—Rev. R. E. Miller.
Dec. 9—Rev. W. E. Marvin, Hancock.

OLD HOUGHTONITE RETURNS.

Dan Hanley Visiting Relatives After Absence of 21 Years.

Dan Hanley, who had not been in his old home town of Houghton for twenty-one years, is there visiting with friends and relatives. Mr. Hanley has been for the past eight years a shift boss in the Green-Canaan mine in old Mexico and has worked in various other mines during the other years of his absence. He was born and raised in Houghton. His parents are dead.

Mr. Hanley has been all through the Mexican territory affected by the recent Madero revolution. He says that most of the revolution is purely newspaper talk and that it never assumed the proportions reported. He left Mexico before the Madero invasion started, but has kept in touch with conditions there and considers the revolution could not have been anything but a fizzle.

FIRST WINTER DAY.

Two Inches of Snow, a Thirty-Six Mile Breeze and Colder.

The copper country enjoyed its first real winter day yesterday. A young blizzard blew during the day, scattering the new snow about in drifts and furries; there was a pretty low temperature and generally it was considered that winter had arrived.

If the last week in November is any criterion this is going to be a severe winter. Weather wise, acres are at

BUILT ON HONOR
HONORBIT
SHOES FOR MEN

All Types of Men Wear Honorbilt Shoes

The dressiest, snappiest shoes you could ever hope to wear—shoes that are not only modern and stylish and hold their shape, but that have wearing qualities far beyond the average shoe.

Mayer Honorbilt Shoes are made to give lasting service. They stand up and hold their shape and style because they are made right. Only selected leather goes into them. The finest uppers, the toughest soles, the most skilled labor—Mayer Honorbilt Shoes are built on honor—that's how they get the name. To get the biggest shoe values obtainable, ask for Mayer Honorbilt Shoes.

To be sure you are getting the genuine, look for the Mayer Trade Mark on the sole.

Sold by leading dealers everywhere. If your dealer cannot supply you write to us.

We also make **Leading Lady Shoes, Martha Washington Comfort Shoes, Yerma Cushion Shoes and Special Merit School Shoes.**

F. Mayer Boot & Shoe Co., Milwaukee, Wis.

variance on the point but if coming events cast their shadows before this winter is going to be something here. On the last day of November last year there was a six mile breeze, rain and a temperature of 45.

Yesterday the wind blew thirty-five miles an hour and there was a fall of two inches of snow with a temperature of twenty-three above zero. It is interesting to note that the temperature at Duluth was six above zero. Weather Observer Condit says that the higher temperature in the copper country is due to the benign influence of Lake Superior. The northwest wind blowing out of Medicine Hat and beyond strikes Duluth at its best, but in crossing Lake Superior the water, not having lost all of its summer heat, warms it somewhat, delivering it in the copper country in a much milder form.

Weather conditions all over the United States were colder yesterday, a temperature of as low as 40 degrees being registered at all stations excepting those on the Gulf and Pacific coasts.

MUNICIPAL PHYSICAL CULTURE.

School is Conducted in Basement of Houghton Village Hall.

The village of Houghton is one of the few municipal cities which conducts a physical culture school. The village board has provided, of course, a corps of seventy chefs, cooks, waiters and kitchen helpers is necessary to look after the comfort of the show at meal-times. It is not unusual for 5,000 pan-cakes to be baked and eaten at a single breakfast. There is a dynamo plant on the grounds that furnishes the current for 6,000 incandescent lamps, are lights and beacons. It also furnishes power for various shops. This is also a post-office in "Ringlingville." Mail is received there every day from nearly every country on earth. The show carries its own doctors, lawyers, dentists and force of detectives.

"There are five Ringling brothers in the firm: Otto Ringling is the financial director. He is master of details and method. Charles Ringling is the chief of the three advertising corps and the various advertising brigades. He is the father of up-to-date advertising methods. Alfred T. Ringling is in charge of the bureau of newspaper and magazine publicity. John Ringling routes the shows. He is the best-posted man in America on crops and conditions. Al Ringling is the equestrian director. He is a past-master of stage craft and circus organization.

"Ringling Bros.' circus is twenty-seven years old. In April of 1883 the five showmen gave their first performance on the public green of their home in Baraboo, Wis. They had but one horse, and their tent was home-made. The seat planks were borrowed from a lumber yard. They started without financial capital. Today they are managers and equal owners of the greatest circus in all the world."

DEATH OF MRS. LIND.

Mrs. Mary Christina Lind, who had been ill for three weeks past, died Tuesday evening at the home of her daughter, Mrs. M. Breggren, corner of Third and Bank streets. The deceased entered a cold about three weeks ago and she gradually grew worse until pneumonia finally settled in, causing her death. The deceased was eighty-four years of age and a native of Sweden. She came to America, accompanied by her late husband and children, in 1872, locating at Champion, where she remained until two and a half years ago, when her husband passed away. She then moved to Ishpeming to live with her daughter. The deceased is survived by two sons, A. A. Lind, publisher of the Superior Posten, of this city, and Charles Lind of Portland Ore., and one daughter, Mrs. M. Breggren. The funeral will be held Sunday afternoon at 2 o'clock from the Swedish Lutheran church.

INDOOR BASEBALL.

The Calumet Y. M. C. A. indoor baseball team is arranging a number of games with fast teams from other towns of Houghton county and the first

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

two of these will be played at the association gymnasium the coming week. The St. Johns team of Lake Linden will meet the Y. M. C. A. Tuesday evening and the Hubbell Eagles will play Friday evening.

GUN CLUB ELECTION.

The Houghton Gun club on Tuesday night elected the following officers for the ensuing year:

President—Paul D. Swift.
Vice President—Jefferson Alexander.
Secretary and Treasurer—J. James Zealand.
Field Captain—H. L. Swift.
Executive Committee—J. Orison, J. H. Rice, R. M. Edwards, J. C. Pryor.

COUNCIL MEETINGS TONIGHT.

The Houghton village council will hold a regular session tonight. The most important thing noticed to come up is the sale of the old Heffeneffer building, adjoining the public library.

The Red Jacket council will hold a regular meeting tonight. The most important matter will be the appointment of John J. Ellis, Jr., as clerk to succeed N. F. Kaiser.

LITTLE BOY INJURED.

Bernard Leppage, six years of age, was struck by a street car in East Houghton while coasting Tuesday night. He was taken to St. Joseph's hospital, where yesterday it was believed the foot could be saved.

Ishpeming

RINGLING BROS.' CIRCUS.

Theatrical Man Gives Interesting Data on World's Biggest Show.

Tom North, a lower Michigan man, who some years ago used to bring his stock company to the upper peninsula and is well-known to the theater managers of this region, and who of late years has been engaged principally in circus work, is a frequent contributor to the Billboard, one of the leading theatrical papers of the country. One of his stories in last week's issue had reference to Ringling Bros., the circus men, and their show, which has for some years been conceded to be the greatest circus in all the world. The data was obtained from the proprietors of the show and the following facts contained in the article are of particular interest.

"The train upon which it travels is composed of eighty-five double-lengthed railroad cars. The show covers fourteen acres of ground. It employs 1,280 people. Among them are representatives from twenty-nine nations. In the show's stables there are 650 horses. In the menagerie are forty elephants and 1,000 other wild animals. The parade is three miles long. The performance is given by 375 artists. There are fifty ovens. The daily expenses of the show are \$7,500. Nearly \$4,000,000 is invested in the circus. Winter quarters are maintained at Baraboo, Wis., and foreign workshops at Stoke-on-Trent, Eng. The company also maintains offices in Chicago and in New York city. It has foreign agencies in Berlin, Hamburg, Paris, London, Melbourne, Constantinople, Peking and Johannesburg. It has traveling and hunting expeditions that travel out of four cities in Africa, and from three remote points in South America.

"A single season the show often travels 40,000 miles. It has in one summer toured from Maine to California, and from Canada to the Gulf, giving over 400 performances in thirty-five states and territories. Over 3,500 meals are cooked and served every day in the dining room of the show grounds. A corps of seventy chefs, cooks, waiters and kitchen helpers is necessary to look after the comfort of the show at meal-times. It is not unusual for 5,000 pan-cakes to be baked and eaten at a single breakfast. There is a dynamo plant on the grounds that furnishes the current for 6,000 incandescent lamps, are lights and beacons. It also furnishes power for various shops. This is also a post-office in "Ringlingville." Mail is received there every day from nearly every country on earth. The show carries its own doctors, lawyers, dentists and force of detectives.

WILLIAM GOVNE HAS MOVED HIS FAMILY INTO HIS NEW HOME ON MAPLE STREET.

William Govne has moved his family into his new home on Maple street.

C. D. MASTERS, M. C. OLP AND A. W. HAMMERBROOK SPENT FRIDAY IN NEGAMUE, WHERE THEY ATTENDED A PARTY GIVEN BY THE ASSEMBLY.

Axel Larson spent Sunday in Negamue, visiting relatives.

ANDREW GENTFON HAS TAKEN OVER THE BLACKSMITH SHOP AT NEW SEANOEZY, AND IS READY TO DO ALL KINDS OF BLACKSMITHING WORK.

Jake Dubord returned from a hunt one day last week with a fine deer.

W. F. COLLAR, OF NEGAMUE, SPENT TUESDAY IN GWINN, ON BUSINESS.

The Misses Mary Nelson, Sarah Bally and Marie Ham spent the latter part of the week in Marquette, visiting friends.

THE INDOOR BASEBALL TEAMS OF THE GWINN CLUB WILL CROSS BATS EVERY FRIDAY

rise until 9:20. As soon as the scenery was placed on the stage the curtain was raised and the audience was permitted to watch the stage being set. The east presenting the baseball musical farce is an exceptionally well balanced one. The scenery and the costumes were appropriate and the songs were tuneful. The song hit of the piece was "Put the Ball Over the Pan, McCann," sung by Granger Woods, assisted by the members of the ball team. Mr. Woods is one of the cleverest comedians that has been seen here in a long time. Although the company is not as large as is usually seen in a musical comedy attraction, all of the parts are in good hands, and the many witty lines and funny situations bring many laughs.

MISS ELEANOR POWERS SPENT THANKSGIVING WITH FRIENDS IN ISHPeming.

William Rodgers spent Thanksgiving with relatives and friends in Negamue.

GUST SAARI VISITED WITH RELATIVES AND FRIENDS IN ISHPeming, MONDAY.

Miss Huldah Koski visited with friends in Ishpeming the latter part of last week.

MISS EVA PEPIN HAS ACCEPTED A POSITION AS ASSISTANT BOOKKEEPER IN R. QUAYLE'S STORE.

The boys' basket ball tournament at the club house is well underway and games are to be played weekly. The first game will be played Monday afternoon at 4:30 o'clock. Every Tuesday and Thursday evening the ladies' and men's teams will play, the former at 7 and the latter at 8:15 o'clock. The public is cordially invited. No admission will be charged.

MISS ELIS PELLO SPENT THANKSGIVING WITH RELATIVES IN NEGAMUE.

John Quayle spent the week end with relatives and friends in Ishpeming.

THE MISSES HAZEL AND FAY WILLS RETURNED TUESDAY FROM ISHPeming, WHERE THEY VISITED FOR THE PAST WEEK.

An Italian had drifted down to Texas and was working with a gang at railroad construction. He had been told to beware of rattlesnakes, and was assured that they would always give the warning rattle before striking. One hot day he was eating his noon lunch on a pine log when he saw a big rattler coiled a few feet from him. He eyed the serpent and began to lift his legs over the log. He had barely got them out of the way when the snake's fangs hit the back beneath him. "Son of a gun!" yelled Pietro. "Why you no ringa da bell!"

"I AM PLEASED TO RECOMMEND Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by The People's Drug Store, S. B. Jones, prop.

A Reliable Remedy FOR CATARRH
Ely's Cream Balm

Ely's Cream Balm is quickly absorbed. Gives Relief at Once. It cleanses, soothes, kills germs and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 4 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts. Ely Brothers, 56 Warren Street, New York.

GWINN.

J. B. Pratt spent Sunday in the woods near Princeton, and was lucky enough to bag a big buck.

Oscar Nyquist, Arthur Gunville, John Francis, Bill Johns and Len Olson spent the week end with relatives in Ishpeming.

Carpenters are at work remodeling the Oliver boarding house. It is thought that J. M. Johnson who conducts the boarding house near the Princeton mine No. 1, will take charge of it.

Con Driscoll, of Negamue, spent Monday in Princeton, on business for the Oliver Iron Mining company.

Mrs. Joseph Buzzo, who had visited with her mother, Mrs. William Jozzy, has returned to her home in Negamue.

Arthur Nyquist shot a large deer Monday morning near Polina's home-stead.

A. H. Tillson and wife have returned from Ishpeming, where they visited with relatives.

G. R. Jackson, L. F. Bacon and W. R. Myers were among those attending the welcoming supper, tendered to M. M. Duncan by the Cleveland-Cliffs club at the central office in Ishpeming Monday evening.

Captain John Ellis was unable to attend to his duties a few days last week, because of illness.

Captain Fogerberg and Tom Hardgrove were among the lucky deer hunters this season.

William Maddiford will, in a few days, move his family into his new home in Gwin, from Princeton.

William Govne has moved his family into his new home on Maple street.

Best for Blankets

YOU probably know that the ordinary yellow laundry soap does to blankets. It shrinks the life out of them because it contains from 30% to 40% rosin.

Sunny Monday Laundry Soap is white and contains no rosin. It will wash woollens and flannels without shrinking—colored goods without fading.

Sunny Monday also contains a wonderful dirt-starter which saves half the rubbing. Washes in any kind of water.

The N. K. Fairbank Company, Makers Chicago

"Sunny Monday bubbles will wash away your troubles."

"MY CINDERELLA GIRL."

"My Cinderella Girl," the offering at the Ishpeming theatre Tuesday evening, pleased a fairly large audience. The company did not arrive until 8 o'clock on account of a break-down on the Ashland division of the Chicago & Northwestern line, and the curtain did not

City Brevities

Today's weather: Snow and continued cold.

Yesterday's temperatures: Seven a. m., 26 degrees; noon, 27; 7 p. m., 27; highest, 27; lowest, 23.

John Keyes, of Hancock, spent yesterday in Marquette.

Alfred Ernst, of Sault Ste. Marie, was in the city on business yesterday.

The second of the series of Masonic parties will be given in Masonic Hall Friday evening.

The Misses Alva Sullivan and Atdlyu Gibson will leave for Chicago this evening, for a short visit.

A meeting of the Marquette fire department will be held at the hose house at 8 o'clock this evening.

The Young Men's club of Guild Hall will hold a meeting at 8 o'clock this evening, at which a large attendance is desired.

Because of the rough weather, the work of dredging the harbor has been suspended for a few days. The contract is now about half completed.

Superior Hive No. 217, L. O. T. M. M. will hold a regular meeting in Fraternity Hall at 7:30 this evening. As officers are to be elected, a large attendance is desired.

Chas. Bennett, of St. Paul, who worked in the Mining Journal printery about twenty-five years ago, was in the city yesterday calling on old friends. Mr. Bennett is now proprietor of a linotype composing shop at the Twin cities and says he is doing a fine business.

The condition of Frank Witheril, of Shingleton, who was shot by Wm. Schafer, a negro, a week ago last Sunday, has taken a turn for the worse, pneumonia having developed in the injured lung. Schafer is now in the Munsing jail and in case Witheril should die, he will be held for murder.

To Close Down Saturday—The Marquette plant of the Du Pont Powder company will cease operations Saturday of this week for an indefinite period. Superintendent Reynolds stated last evening that none of the machinery would be moved away and it is possible that the plant will again resume operations in Marquette. The new plant in the copper country will soon be put in to service and a number of the men employed at the Marquette factory will be given employment there.

Bank Appeals Case—The case of Barney McGraw vs the Marquette National bank, which was decided in favor of McGraw in Justice Cray's court a short time ago, has been appealed to circuit court by the defendants. McGraw is suing to recover four drafts for \$50 each, issued in his favor by the bank, and mailed by his attorney, W. S. Hill, to him in California. The letter with the drafts enclosed never reached McGraw, however, but fell into the hands of some other person who endorsed them with McGraw's name and cashed them at a western bank.

Thirteen More Deer—The American Express company handled thirteen more deer through its Marquette office yesterday, making the record for the season 198 carcasses, as compared with eighty-five last year. The company is not allowed to accept any more deer for shipment, the law stating that no shipments can be made after the departure of the last train on the last day of the season. It is estimated by hunters and railroad men that about 10,000 deer have been killed in the upper peninsula during the last twenty days.

High School Entertainment—The Girls' Glee club and the Girls' Literary society of the high school will give an entertainment in the high school assembly room next week, Friday evening, Dec. 9, the proceeds of which will be used to buy a picture or a piece of statuary to be placed in the high school room. The program will consist of a farce by the members of the literary society, entitled "In the Sleeping Car," and of several selections by the glee club. Those chosen to take part are rehearsing diligently and a program of much excellence is anticipated. Twenty-five cents admission will be charged.

M. B. A. at Munsing—About forty officers and members of Grand Portal lodge, No. 1257, M. B. A., attended the district meeting at Marquette, Nov. 23, and furnished five candidates for initiation. Grand Portal lodge of Munsing is alive and prosperous. They have added over 140 members to the order in the past year, making a total membership of 222. The speeches of the supreme officers at the Marquette meeting were enjoyed, especially that of State Manager D. M. Davis. The banquet given by Shero lodge was a complete success and the Munsing members departed for home happy and inspired for better work.

Sparrow Season Opens—The season on which a bounty of two cents each will be paid for English sparrows opens today and continues until Jan. 31. Sparrows killed must be taken to the city recorder's office, and after counting the birds, that official will then give an order on the county treasurer for the amount due in bounties. Sparrow killing in Marquette is almost entirely confined to boys, a number of whom depend on the bounties they receive for their Christmas money. The boys report that the best hunting ground for sparrows is in the South Shore yards, especially when there are grain cars on the switch.

Jury Fix's Value at \$70—The jury in the condemnation suit brought by the Munsing railroad against Napoleon Gauthier of Escanaba to determine the price the railroad company shall pay for a right of way across a forty south of Gwin, fixed its value at \$70, bringing in a verdict yesterday afternoon after having heard the evidence submitted. The company intends to build a spur from the D. M. & M. mine to the main line, the junction being about two miles east of Gwin. It is understood that Mr. Gauthier wanted \$300 for the right of way across his land and that the railroad offered him \$38. Attorney H. J. Rushton of Escanaba represented Mr. Gauthier, and W. P. Belden, of Ishpeming, the railroad company.

Blaker St.

Lower State Notes.

GRAND RAPIDS—A bill asking for an amendment of the constitution to provide full franchise for women will be introduced at the coming legislature, according to Mrs. Huntley Russell, vice president of the state suffrage association. She says the state is well organized and she believes the amendment would carry at the polls.

SAGINAW—The end of the fight in Saginaw against smallpox has been reached, and business resumed under favorable circumstances. All public and private schools have been opened with large attendance, students, teachers and all employees being required to show a clean bill of health. The fumigation and vaccination inspectors at railroad depots, freight and express offices have completed their work, as have the medical inspectors who have canvassed the city for the unvaccinated. The general quarantine, which has existed since Oct. 1, has been raised.

SAGINAW—A warning of an approaching fight to reduce the number of saloons in Saginaw to conform with the provisions of the Warner-Cramton law, allowing one saloon for every 500 inhabitants, was given at the council meeting this week, when Alderman Penney submitted a communication in which he asserted that he would at the next meeting introduce a resolution raising the city liquor license from \$500 to \$1,000. At present there are 186 saloons, eighty-six more than the population of 50,000 allows. The city ministerial association is believed to be behind the proposed measure.

LAPER—Miss Irene Stearns, music teacher at the Michigan home for feeble-minded, died of smallpox. Miss Stearns passed the crisis of the disease some time ago and on being told so became extremely nervous, later developing hysteria, then unconsciousness. She has laid between life and death for several days and put up a brave fight for her life. It was her first position since leaving the training school. The employees at the home are grief-stricken, as she was a great favorite with them all.

LANSING—This is the first season in the history of Michigan navigation that every boat, plying the inland lakes and streams within the state, has been properly equipped with life preservers. One hundred and six boats have been inspected and a total of 4,634 life preservers ordered and supplied. The state received \$655 from inspection certificates. One hundred and forty engineers' licenses were granted and \$700 received for pilot licenses.

CADILLAC—Judge Lamb sentenced Ward Charles and Charles Kelly, the two Gilegany men convicted of violation of the liquor law, now detained in Wexford county. Charles was given a fine of \$100 and costs of \$100 and eighty days in the county jail, and if the fine and costs are not paid within forty-eight hours he must serve five months in the Detroit house of correction. Kelly was sentenced to pay a fine of \$50 and \$100 costs and to serve eighty days in the county jail, or four months if the fine is not paid.

LANSING—The Northern Turpentine company is having a hard time trying to make a deal with the state land department for the pine stumps on several thousand acres of northern land owned by the state. The turpentine company, which was recently incorporated and whose members are composed for the most part of physicians throughout the state, desire the old stumps for the manufacture of turpentine. They are willing to pay the state a small amount for the stumps and take the same from the land, but the main point involved, on which the state and the company appear to differ, is the question of how much time the company is to be allowed to remove the stumps. They desire all the way from one to twenty years and the state wants them to clear up one "forty" at a time, giving them a stated time in which to have the job completed, and then the state land department can place the description of land on the market for sale.

GRAND RAPIDS—Adjutant General McGurkin of the National Guard states that he has obtained the signatures of about eighty officers of the National Guard to a petition asking that he be reappointed to his present position, and he is hopeful that Governor-elect Osborn will respect the wishes of the state soldiery and re-issue the commission to him. The local battalion of troops, while desiring to go on record as opposing General McGurkin's re-appointment, is divided on the matter. The opponents of General McGurkin say that the appointment of adjutant general should be governed by the rule of seniority now whether or not it has always been, and that the appointment should go to Brigadier General Bates, of the 500, which would mean a general move up all along the line, from highest to lowest.

ANNUAL MEETING.

Marquette, Mich., Dec. 5, 1910.
The annual meeting of the Marquette County Agricultural society will be held at the city hall, Marquette, Michigan, on Monday, the 9th day of January, 1911, at 2 o'clock p. m., for the election of officers and the transacting of such other business as may properly come before the meeting.

The Store of Quality

BRONCHITIS

A condition and not a disease. A dozen causes, but there's only one cure. Bronchitis comes when the membranes of the air passages are unable to throw off the waste products that some morbid condition of the system allows to accumulate there.

The remedy needed is our COD LIVER OIL. It is a constructive tonic with specific action on the bronchial tubes. Ours is the best emulsion because always fresh.

The Quality of Your Clothing Is As Important As The Price

Price alone never makes a bargain, and we would be throwing good money away if "cheapness" was all we offered as an inducement. Our 91 stores, the result of 40 years of fair prices and good goods, were never established because we were cheaper than other stores. Our success is entirely due to giving the public what they have a right to receive, and that is a "Square Deal."

We are offering today the finest quality of clothing that can be bought, and are charging you no more for these goods than small buyers with limited means charge for the inferior grade of clothing.

Men's and Young Men's Suits, latest models, \$10 to \$25.
Men's and Young Men's Overcoats, Presto Collars, \$15 to \$25.
Boys' Suits and Overcoats, \$3.50 to \$10.
Large assortment of Winter Caps, 75c to \$1.75.

Come in and let us show you what they look like on you. See the style and fit.

Your Credit is Good. Pay As You Get Paid.

TAXES ARE PAYABLE AT THE MINERS BANK

Rate is \$3.37% On Each \$100 Valuation, Compared With \$3.27 Last Year.

The city taxes are this year payable at the Miners' National bank, as are the taxes for Tilden township. The tax collections for Ely and Ishpeming townships will be made at the Peninsula bank. The Miners' bank clerks have been busy for some days past making out the receipts for the city taxes and those desiring to make early payments will be privileged to do so within the next few days, when the last of the receipts will be made out.

The total sum to be collected on the city roll this year is \$228,548.29, an increase over last year of approximately \$1,000. The rate on each \$100 valuation is \$3.37%, compared with \$3.27% last year.

The total valuations of both personal and real estate property in the city, as fixed by the council when it sat as a board of review at its annual meeting in June, were lower than they were last year, but the county board of equalization boosted the total to \$7,500,000, the same valuation as was fixed by the county board in 1909. There is very little difference in the sum to be raised for city purposes, as compared with 1909, so that the increase in the tax rate is due to the increase in the county taxes. When the board of review completed the roll in 1909 it footed up in real estate values, \$5,060,645, compared with \$5,024,125 this year, making a reduction of \$36,490. The board last year valued the personal property at \$1,011,556, compared with \$1,710,060 this year, the reduction being \$192,496. The total valuation of personal and real estate property in 1909, as fixed by the board of review, was \$6,792,201, and this year the total of both was \$6,743,215, a reduction of \$28,986, as compared with 1909, or an increase of \$736,785, as fixed by the county board of equalization.

The three mining companies, the Oliver, Cleveland Cliffs and Pittsburg & Lake Angeline, pay the big end of the taxes. The Oliver company's properties are assessed at \$835,900; the Cleveland Cliffs at \$1,826,000 and the Pittsburg & Lake Angeline, \$450,000.

The city officials estimate that \$18,000 will be received in liquor taxes, all of which will be used for city purposes, reducing the total sum spread upon the tax roll for city purposes to \$63,450. The money to be used for the city's operating expenses will be appropriated to the several funds as follows:

Highway fund	\$28,000 00
Fire fund	6,000 00
Library fund	6,700 00
Sewer fund	10,000 00
Cemetery fund	750 00
Street lighting	\$10,000 00
Police	7,500 00
Interest, salaries, general expense	12,000 00
Total, Contingent fund	\$30,000 00
Total	\$81,450 00

BOWLING LEAGUE.

Members of Young Men's Christian Association Participating in Series.

The handicap bowling tournament, being participated in by members of the Young Men's Christian association, has been in full swing for a week, and some good bowling has been done by several of the teams. Thirteen teams have entered, but two of them, composed of Arthur Erickson and R. Watters, and G. Johnson and C. Johnson, have not yet bowled any games. The standings of the other teams are as follows:

	W.	L.	P.C.
Roberts and H. Johns	3	0	1000
Rose and Tomkins	3	0	1000
Rogers and H. Bennett	3	1	833
Norman and A. Watters	4	2	667
L. Williams and Boase	3	3	500
Saline and Pelto	3	3	500
Bowers and Bennett	4	3	544
H. Watters and Nyquist	4	5	444
Mudge and H. Williams	1	2	333
Lundquist and Rydger	3	1	333
G. Erickson and Libby	0	6	000

A three-team baseball league was organized by members of the Business Boys' class Tuesday evening. The names of the teams and their players are as follows:

Clippers—Martin, captain; Magnuson, Nelson, C. Blythe, Vorece and Eckold.
Rangers—Gordon, captain; Williams, Rowe, Laffer, Martin, Saugla.
Strollers—Cornish, captain; Miners, Stevens, F. Blythe and Stansberry.

Each team will play one game with the other two teams each class night.

STEEL TRUST WILL PENSION OLD HANDS

Announced From New York That New Plan Will Become Effective Jan. 1.

According to a press dispatch from New York, the United States Steel corporation will soon announce a pension plan for employees between sixty and seventy years of age, which will become effective Jan. 1. It is said that employees in the service for twenty years will be privileged to retire at the age of sixty, and when after the twenty years of service they reach the age of seventy-one years, a compulsory retirement will become operative.

This new plan of the United States Steel corporation will affect quite a number of employes on the Marquette range. There are now a larger percentage of men who have been in the company's employ over twenty years working at its mines in the Marquette district than in any of the other districts of the Lake Superior region.

When the company celebrated its fiftieth anniversary in Ishpeming in 1903, there were eighty-four employes on the range who had been working continuously with the corporation for over twenty years, while there were in the neighborhood of 250 who had been in the company's service from ten to nineteen years. A large majority of the workmen who were in the twenty years and over class at that time are still in the company's employ, though several of them have passed away. The company's oldest employe in the Lake Superior district is Captain John McEnroe, who entered the service in 1858, nearly fifty-three years ago. Peter Redmond, the veteran engineer at the Lake Superior Hard Ore mine No. 1 engine house, is the second oldest employe, he having begun work in 1863. The late Michael Hickey, who passed away a couple of years ago, followed Capt. McEnroe, he having entered the service in 1861.

HERE'S A SNAP.

For Any One Looking for a Fine Piano Cheap.

In a shipment of fine Pianos just received from our factories for the Christmas trade, one of the finest Mahogany Cases, an art style was injured. If you have been thinking of a piano for Christmas, or any time, come in and look at this one. We will sell it for \$75 less than the regular price.

You will be pleased with the tone, touch, and finish. The injury to the case is not so serious—the music is perfect—the price and terms will be easier than you expect. The Kimball Piano Store, Cleveland Ave., opposite Braastad's, 12-1-11.

BOWLING CONTEST.

John Martin Won Over His Associates of the Giroux Team.

In the bowling contest Tuesday evening at the Bank street alleys between the members of last year's Giroux team John Martin won out, with a total of 312 pins. Thomas Dyer followed him closely with a score of 308. The scores were as follows:

Martin	185	177	150	512
Carney	124	156	153	433
West	134	160	142	436
Dyer	179	145	179	503

In the first three games of a serious nine games to be played between the grocery and dry goods teams of F. Braastad & Co., which was rolled Tuesday evening, the dry goods men won by fifty-two pins. W. Nelson had the highest score on the grocery team and F. Braastad was second, while A. C. Braastad led the dry goods men and James F. Gray was second high man. The scores were as follows:

Dry Goods Team—	
A. C. Braastad	137 135 174 442
A. Peterson	142 109 134 385
F. Isaacson	109 122 137 368

One May Overcome

constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

Geo. F. Ruez's Review.

The New York market was again under pressure and closed at about the low for the day, about two points below the opening. The break of 5 points in the Utah Consolidated from 2 1/2 to 1 1/2 unsettled the whole Boston copper list, and caused considerable selling of copper shares. The weakness in Utah Consolidated was caused by unfavorable reports by engineers. It is said that they cannot live up to their contract to deliver ore to the Toole smelter. North Butte broke from 3 3/4 to 3, Superior Copper from 4 1/2 to 4, East from 2 1/2 to 1 1/2, Grandly from 4 1/2 to 4, Hancock from 2 1/2 to 2 1/4, and Lake from 3 1/2 to 3 1/4. Calumet & Arizona was also weak, while Superior & Pittsburg was very strong in the early part of the day, selling at 14, but later when the market sold off it declined to 13 1/2. Ohio and Inspiration were active and strong on the curb considering the weakness in the listed stocks. Nevada Consolidated and Utah Copper declared regular quarterly dividends.

D. T. Morgan & Co.'s Letter.

The New York market was again very weak all day, selling down slowly and steadily until the close. There was no rally of moment at any time and the losses averaged over 2 1/2 points for the leaders. There is little news, but stocks seem plentiful when wanted. The close was near the low point and was weak. New York thinks for a still lower range of prices and the Sellers' best shot. The Boston market was also weak, a prominent exception being heavy sellers and no support was in evidence. The selling was not of great volume, but buying orders were scarce. Utah Consolidated suffered most, declining 5 points in a short time. North Butte, Lake, Hancock and East Butte were active and strong on the curb considering the weakness in the listed stocks. Nevada Consolidated and Utah Copper declared regular quarterly dividends.

ISHPEMING IN BRIEF.

Henry Paul and wife, 625 South Pine street, are the parents of a son.

The Misses Julia and Rose Donovan have gone to Chicago, to be absent a few days.

Mrs. J. W. Walton entertained the members of the Ephebe club Tuesday at her home on South Pine street.

Fred Smith, and his friends, who came up from Elk Rapids to hunt deer south of the city, came in from camp Tuesday.

Elsworth Shea, who has been working in an automobile factory in Flint, Mich., for some months past, has returned home.

T. H. C. Hicks and Miss Ethel Jane Gale, both of the Lake Angeline, will be united in marriage Saturday evening at the home of the bride's parents.

The Ishpeming band has received a lot of new music that will be played for the first time at its annual concert in the Ishpeming theatre on the evening of Dec. 26.

A great many Ishpeming people called at the Peninsula bank yesterday to look over the remodeled quarters, and the officers received many compliments on the attractive appearance of the interior.

St. John's Court, No. 611, Catholic Order of Foresters, will elect officers for the ensuing year at the regular meeting, to be held this evening in the Convent hall. Lunch will be served at the conclusion of the meeting.

The city sidewalk plows were in use the greater part of yesterday and as a result the walks were kept in very good condition in spite of the snow fall. The plow on the street railway was also kept in operation the greater part of the day.

E. M. Ramquist, who came down from Coleraine last week to attend the funeral of his friend, Emil Quaid, and the marriage of his cousin, Miss Anna A. Ellis, to Dr. Moses Strathern of Fairbault, Minn., left Tuesday night for his home.

The ladies of Grace Episcopal church held their annual Christmas sale and supper yesterday afternoon and evening. The largest crowd that has ever attended this annual event was present and a

Danderine

GROWS HAIR and we can PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair At Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp which the hair grows must receive the attention if you are to expect it to grow and become more beautiful. Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutrition; when baldness occurs the scalp has simply lost all nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine grows hair, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and ten in silver or stamps to pay postage.

PHILO P. CHASE, Superintendent.

Marquette, Mich., Nov. 1, 1910. To the Honorable Board of Supervisors of the County of Marquette: Gentlemen—I herewith submit the following report of the manner in which I was employed each day during the month of October:

- 1. Visited Buckroe and vicinity. 2. Marquette; rain. 3. Negaunee. 4. Marquette. 5. Big Bay and vicinity. 6. Northland. 7. Kates. 8. Wells to Marquette. 9. Marquette. 10. Sand River and Shot Point. 11. Champion. 12. Birch. 13. Negaunee. 14. Little Lake. 15. Big Bay. 16. Marquette. 17. Buckroe. 18. Hennigan's Crossing. 19. Marquette; rain. 20. Pickere Lake. 21. Marquette; rain. 22. Marquette. 23. Big Bay. 24. Little Lake. 25. Silver Lake and vicinity. 26. Silver Lake and vicinity. 27. Marquette. 28. Buckroe and vicinity. 29. Birch and vicinity. 30. Drove out Holyoke road. 31. Marquette.

Remarks: Made two arrests at Northland and brought both men to Negaunee, where they plead guilty and were fined. Yours truly, T. J. MANEY, Deputy Game and Fish Warden.

Office of County School Commissioner. Marquette County, Michigan, Nov. 15, 1910.

To the Clerk of Marquette County, Marquette, Michigan: Dear Sir—I hereby certify that the following is a true and correct list of schools visited by me with the time employed in each, during the month ending Nov. 15, 1910.

A. E. STERNE, Commissioner.

Negaunee township—Date of visit, Oct. 5; District No. 2; length of visit, 2 hours; teacher, Minnie Hegdahl.

Negaunee township—Date of visit, Oct. 5; District No. 1; length of visit, 2 hours; teacher, Sabina Barabe.

Ishpeming township—Date of visit, Oct. 6; District No. 2; length of visit, 3 hours; teacher, Hilma Paulsimo.

Ishpeming township—Date of visit, Oct. 6; District No. 1; length of visit, 1 hour; teacher, Ida Metherell.

Marquette township—Date of visit, Oct. 22; District No. 1; length of visit, 1 hour; teacher, Josephine Douckers.

Ely township—Date of visit, Oct. 27; District No. 1; length of visit, 1 hour; teacher, Alice V. Shea.

Turin township—Date of visit, Oct. 18; District No. 1; length of visit, 1 hour; teacher, Ethel Larson.

Turin township—Date of visit, Oct. 18; District No. 1; length of visit, 1 hour; teacher, Margaret Harrington.

Marble—Date of visit, Oct. 18; District No. 3; length of visit, 1 hour; teacher, Alice Moody.

Northland—Date of visit, Oct. 19; District No. 1; length of visit, 1 hour; teacher, Gertrude McEachern.

Wells township—Date of visit, Oct. 20; District No. 5; length of visit, 1 hour; teacher, Myrtle Walker.

Wells township—Date of visit, Oct. 20; District No. 2; length of visit, 1 hour; teacher, Clara Steinbracker.

Negaunee Department

WORST SNOW STORM OF THE SEASON

Railroad Men and Street Car Employees Were Busy Fighting Drifts Yesterday.

Yesterday's snow storm, far the worst of the season, caused the railroad men and street car employees much extra work. The storm started in Tuesday afternoon and continued all night and yesterday. A high wind prevailed during the greater part of the storm period, and the snow was badly drifted in the streets and elsewhere. It was wet and heavy and it was with some difficulty that the street railway plow, which was kept in operation the greater part of the day, moved it from the tracks.

Most of the passing of the freight trains on all the railroads were behind time, but none of them were annulled. The Northwestern train from the south was two hours late and the St. Paul train an hour behind time. The drifts were not heavy enough on the main lines to necessitate the operation of the big railroad plows, but the engine plows came in handy, and the scrapers on the locomotives were also used to good advantage, as the wet snow formed into ice within a few minutes after the trains passed over the tracks.

The plow on the street car line, which was recently overhauled, was brought out before 5 o'clock and it did fine work. In places the drifts were from two to three feet deep. The hill approaching the Union park being the most difficult place to negotiate. One of the cars, equipped with scrapers, met with an accident when it was being taken out of the barn and had to be returned for repairs. The motorman did not notice that the scrapers were down and when the car went onto the main line they caught in a connecting point and were broken off. Only one car was run during the forenoon, while the other big line being repaired. The street car line was not open from the iron street crossing to the Breitung House until 10 o'clock, by which time nearly two feet of snow had accumulated above the rails. The plow went through the snow without the least difficulty.

Superintendent William of the board of public works, will have men and plows at work early this morning, opening up the sidewalks. Some of the roads leading to the outlying districts may also need plowing out. Yesterday's storm was the first one of the season by which the automobiles completely out of business.

Although the deer season ended last night at midnight, yesterday's storm practically put an end to the hunting, and many came in from the woods. They reported that the roads were in places badly drifted and it was with difficulty that they got their outfits in from the camps. Hunters will have twenty-four hours from last night at 12 o'clock in which to ship their deer carcasses from the woods. Six carcasses were received yesterday from the Waterset district, consigned to parties at the lower peninsula and on Tuesday thirty were shipped from there to lower peninsula points.

CURLEY MAKING GOOD.

Former Negaunee Man in Charge of Municipal Affairs at Coltraine.

A Marquette county man, recently here from Coltraine, Minn., complimented Michael Curley highly on the manner in which he is serving that municipality as village president. Mr. Curley, who went to the range some years ago to take the position of chief auditor for the Oliver Iron Mining company, under John C. Greenway, has for more than a year past, been superintendent of one of the company's properties there. He was elected president when the village was organized and has held the office ever since.

Coltraine has just completed a fine village hall, which compares favorably with the best municipal buildings in the smaller cities of the country. Thanksgiving was observed by the people of Coltraine by the formal opening of the building, which cost \$40,000. The structure is built of cut stone and brick, is three stories high in front and two stories in the back. On the first floor is the fire hall and city engineer's department, with heating plant in the rear. On the second floor are the rooms of the village recorder and treasurer, and on the third floor is located the sleeping rooms of firemen, and the large auditorium, which is the finest in Itasca county.

Mr. Curley's associates in control of village affairs are C. J. Mott, W. C. Goodwin and H. Nelson, trustees; W. J. Stock, recorder, and R. A. McQuat, village engineer.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

RECEIVED HIGHEST AWARDS

World's Pure Food Exposition

SHALL WOMEN VOTE?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at The Stafford Drug Co.

Mr. Otto Paul, Milwaukee, Wis., says Foley's Honey and Tar is still more than the best. He writes us, "all those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." The People's Drug Store.

Received Highest Award World's Pure Food Exposition

Use CALUMET—the Modern Baking Powder. At all Grocers.

GETTING ALONG WELL.

Negaunee Man Left Last Night For Rochester, Minn., To See His Wife.

Mrs. Robert Stoneman, a well-known resident of Negaunee, who left here several weeks ago for the Drs. Mayo hospital, in Rochester, Minn., where she submitted to a difficult operation, is reported to be getting along well. Mr. Stoneman, who accompanied his wife to Rochester, but returned a few days after the operation, left for there again last night and intends to remain with Mrs. Stoneman until she is ready to leave the hospital.

When Mrs. Stoneman left Negaunee her condition was serious and it was feared that she would not be able to stand the operation. Mr. Stoneman yesterday said that the Mayo hospital is certainly a wonderful institution. There were so many patients waiting to be operated upon that they are obliged to take their turn, in the order in which they are registered. He and Mrs. Stoneman waited nine days before her turn came. Hundreds of patients are awaiting treatment, and hundreds are usually on the waiting list.

The Mayo brothers have assisted greatly in the building up of Rochester, which now has a population of 9,000. The town supports six drug stores and Mr. Stoneman said all of them appeared to be doing a fine business.

FIRE CHIEF AROUSED.

If the sending in of false fire alarms does not cease, there is serious trouble in store for somebody, as Chief Jackson is tired of sending out the department to no purpose. Monday an alarm came from box No. 23, corner Kanter and Clark streets, and Tuesday noon an alarm was sent in from box No. 42, on the eastern end of Case street. The chief some years ago adopted an ordinance under which arrests can be made for this offense. In the event of conviction a fine not exceeding \$100 can be imposed or the guilty party can be sent to jail for not more than ninety days.

LOCAL LACONICS.

Fred Townsend, son of C. V. R. Townsend, has returned from Grand Island with two fine bucks. Last year Fred bagged two deer at the same place.

Mrs. William Newcombe entertained at cards a number of her Ishpeming and Negaunee lady friends Tuesday afternoon at her home on Lincoln street.

Negaunee people are cordially invited to attend the sale of useful and fancy articles at Grace Episcopal church in Ishpeming this afternoon and evening. The Christmas tree is particularly attractive. Lunch will be served and a good musical program has been provided.

Levine Bros. of the Savings Bank store will hold open a two days sale of men's and women's ready-to-wear apparel, consisting of women's tailored suits, coats, one-piece wool and silk dresses, tailored hats, sweaters and men's and boys' suits and other goods. The concern quotes prices in its advertisement in today's issue.

Samuel G. Stevens, who held a mortgaged on the two heavy chairs and mirrors in P. P. McCrory's shop, in the Sundberg block, has foreclosed it, and the goods will be sold at public auction on next Wednesday morning, Dec. 7, at 9 o'clock. Both the chairs and mirrors are in fine condition. Mr. McCrory is now at Gwin, visiting his sons.

THE FUNERAL OF THE LATE JOHN RAJALA.

The funeral of the late John Rajala, who was killed by a falling rock in the Cambria mine early Tuesday morning, will be held this afternoon at 2 o'clock from Undertaker Dawa's rooms. Rev. Saranen, pastor of the Finnish Lutheran church, will conduct the services. A brother of the deceased arrived in the city yesterday.

The modern hook and ladder truck, recently received by the Negaunee fire department, from the Sengrove company, Columbus, O., will probably not be used during the winter, as it has not been provided with runners. Chief Jackson has been advised by the company to get this equipment at home. A sleigh box will be used for carrying the ladders and other equipment, in place of the truck.

THE FUNERAL OF THE LATE JOHN RAJALA.

The funeral of the late John Rajala, who was killed by a falling rock in the Cambria mine early Tuesday morning, will be held this afternoon at 2 o'clock from Undertaker Dawa's rooms. Rev. FIRST BLIZZARD OF THE WINTER

Heavy Fall of Snow Accompanied by High Wind Tuesday Night and Yesterday Caused Streets to Drift Badly—Snow Plows Gotten Out for First Time.

Trains Were Operated Nearly on Scheduled Time in Spite of the Storm—No Trouble on Telephone Lines—Bad Weather Throughout the Country.

Marquette was in the throes of a regular mid-winter blizzard yesterday and it was predicted at the weather bureau late in the afternoon that the storm was likely to continue through today. Late Tuesday afternoon the wind rose and the falling snow began to drift on the streets and sidewalks. During Tuesday night the wind seemed to increase in velocity, while snow fell steadily, and by daylight drifts four feet deep could be found almost anywhere. The temperature did not go down below twenty-two degrees and the snow was quiet wet, packing solidly in drifts wherever it was lodged by the northwest wind. All day yesterday the storm continued unabated and up to last evening there was no sign that the skies would brighten today.

Early Tuesday evening the street cars began to experience trouble in making their trips and the electric plow was gotten out. The snow was so damp and fine that a few inches were sufficient to interfere with the movement of the cars, particularly when an up grade. The street commissioner got out the sidewalk plows early yesterday morning and by afternoon the walks on the most traveled streets had been opened. It was the first time this year that the sidewalk plows have been used.

The high wind short circuited the electric light circuit to which most of the arc lights in the business district and in the Third ward are attached, with the result that the arcs flickered and went out intermittently from early Tuesday night until yesterday noon. The electricians experienced a great deal of trouble locating the causes, which were evidently swinging on and off the electric light wire with the wind. Yesterday afternoon, it was found that the insulation of a feed wire had burned out near the corner of Front and Main street. This break was repaired, after which there was no further trouble. The telephone and telegraph companies reported that their wires were withstanding the storm in good shape and that there were fewer cases of trouble than had been anticipated.

Railroads Did Well.

Railroad service was maintained very creditably, considering the bad weather. Both the Northwestern and St. Paul trains from Chicago were about an hour and a half late, but the South Shore trains were put through on nearly scheduled time. The afternoon train from St. Ignace did not make connection at the straits, as the ferry could not make the trip across.

It has been several years since Marquette experienced such a severe blizzard in November. A year ago yesterday, the ground was bare, the weather was mild and some farmers were plowing. Reports received at the weather office show that the storm is general throughout the United States and Canada, and that very low temperatures prevail over the central states. Snow was reported from every weather station in about this latitude. Below zero temperatures were reported from the Canadian north-west and in the Dakotas, while it was only six above at Duluth and eight above at St. Paul. Marquette's lowest temperature was twenty-two above, which was the same minimum as was reported from Chicago and St. Louis. Freezing temperatures were reported far south as northern Louisiana. The temperature was higher in all the eastern states than in the middle west. It is expected that the temperature will fall slightly after the storm passes, but the weather bureau does not expect that bitter cold weather will follow in the wake of the storm.

Guild Hall Notes

The E club basketball series will begin this afternoon. Team A will play Team B and Team C will play Team D at 4 o'clock. A special meeting of the young men will be held this evening at 8 o'clock. Among the topics to be discussed will be the formation of a basketball league among the members of the club. At a meeting of the basketball committee last evening it was decided that if enough members are interested a league will be started at once. From the teams that play in this league a Guild Hall team will be formed to play in a city league if such a league can be arranged. A practice game will be played at the hall Saturday night between the city team and a team to be formed from members of the club. Arrangements have been made to have a class in wrestling and one in boxing if enough members of the hall care to enter these branches of athletics. Members who care to join the class are requested to see Mr. Thayer about it at once or sign the paper posted on the bulletin board. The hours for the class will be arranged to accommodate as many as possible. The wrestling class will meet for the first lesson next Wednesday evening. If possible to arrange it the boxing will begin that evening also.

SAVES AN IOWA MAN'S LIFE.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, for one of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, the five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach Liver or Kidney troubles and never disappoints. Only 50c. at The Stafford Drug Co.

THREE BOATS IN HARBOR.

Waiting For Waves to Subside Before Starting Out into Lake.

Though work at all the Marquette docks was suspended for the season last evening, three boats are still in the harbor waiting for the high seas to subside. The Tampa, which unloaded a cargo of coal at Spear's dock, will go to Lake Linden to take on a cargo of copper as soon as the weather permits. The other two boats are the steamer Warner and her barge, the Thompson. These boats are loaded and would have gone out last night, had it not been for the rough weather.

The Thompson was the last boat to be loaded at the South Shore docks. Owing to the stormy weather, much difficulty was experienced in loading the vessel yesterday, and she will depart with only about 1,000 tons on board, one-fourth as much as she is expected to carry. As the insurance expired at midnight last night, the steamer and barge pulled out of the harbor beyond the breakwater and then turned back for shelter. She will lie at anchor in the harbor until the storm subsides. As the insurance policies provide that insurance holds on all vessels which have started on their way at the time the insurance expires until such time as they reach their destination, it is said that the captain of the Warner has made his insurance good by this maneuver.

ISSUES MONTHLY WEATHER CHART

Indicates Coming Weather on Basis of Records for Same Month During Past Decade.

Beginning with next January, the United States weather bureau will issue monthly a meteorological chart of the great lakes, based on the weather during that month for the preceding ten years. It is planned to issue each chart forty days before the first day of the month of which the chart treats. The first of this series, covering weather conditions during January for the past decade, has just been received at the Marquette weather station.

The charts should prove of great value to mariners and others, whose business is such that they are vitally concerned in weather conditions, especially during the months of the navigation season. For "landlubbers" the charts will be of interest for purposes of comparison of the weather from day to day with that of previous years. Among the information contained on the chart is average barometric pressure in every locality, prevailing wind velocity and direction, amount of rain, snow and ice, temperature, dates and path of violent storms. While the weather bureau does not intend the charts as in any sense a prediction of what the weather will be during any particular month, careful study of the chart gives one a very good idea of what the weather is likely to be, based on the weather for the same month during the past decade.

Some of the more interesting observations taken from the chart prepared for January, 1911, are the following: Moderate to on-shore winds during January are dangerous. As a rule high off-shore winds are not very dangerous. The most important consideration is the direction, not the velocity of the wind. Prevailing January winds on Lake Superior are from the northwest. The skies are generally overcast, from eight to twenty-four days being cloudy during the month. The average monthly snowfall in Marquette in January is 22.2 inches. One per cent of the days in January for the past ten years has been rainy; it has snowed on 51 per cent, was foggy on 7 per cent and gales blew on 1 per cent. Wind-barometer indications are summarized as follows: "When the wind sets in from points between south and southeast and the barometer falls steadily, a storm is approaching from the west or northwest, and its center will pass near to or to the south or east of the observer within twelve to twenty-four hours, with wind shifting to northwest by way of north. The rapidity of the storm's approach and its intensity will be indicated by the rate and the amount of the fall in the barometer."

State Officials Pleased With Results of Tax Land Sales.

Since the first of November the sale of tax homestead lands in the counties of Marquette, Delta, Crawford and Isosco has increased the general fund in the state treasury to the amount of \$30,000. Deputy Land Commissioner A. C. Carlton is of the opinion that this year will be the best in the history of the state for the sale of these lands.

Although the land that has been placed on sale this year has not equaled in value the property that has been offered for sale in other years, Deputy Carlton says that the state has realized twice as much money from the sale of the lands held recently in the northern part of the state.

It is the opinion of Deputy Carlton that in six years practically all of the lands with the exception of those that are being held by the public domain commission will have been sold, a systematic manner in which the sales have been conducted by Auditor General Fuller and Land Commissioner Russell have cleared up parcels of land that have not been on the tax rolls for years.

Bowling Scores

Eight games have now been bowled in the fifteen-game two-men team match between Gray and Fitzpatrick of Ishpeming and Manes and Gall of Marquette, and the Gray men lead by thirty-seven pins. Five games were bowled here last night, with the following result:

Gray	173	187	167	161	157
Fitzpatrick	178	190	189	167	158
Manes	357	377	336	328	315
Gall	163	159	182	154	170

The scores of the first three games of the match, bowled Nov. 9, and the total count to date are as follows:

Gray	452
Fitzpatrick	456
Manes	908
Gall	448

The last seven games will be bowled at Ishpeming next week.

AFTER EFFECTS OF THE GRIP

It is fortunate that the Grip epidemic this year is milder in its action than in previous years. This does not mean that it is less dangerous.

The after results of the Grip are apt to be exceedingly serious. Do not take any chances—for the general weakness, and to ally all bronchial irritation after the fever has passed, nothing equals Vinol, which is a delicious combination of the healthgiving properties of the cod's liver, with the grease eliminated and tonic iron added.

A lady from Long Branch, N. J., writes: "The Grip left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have been ill and need strength." (Name furnished on request.)

After Grip or any severe illness try a little Vinol with the understanding that your money will be returned if it does not restore your vitality and strength. The Stafford Drug Co., Marquette; also Fred P. Tillson, Ishpeming, and J. E. O'Donoghue, Negaunee.

REDUCTION IN HATS AT THE BEE HIVE.

Chamberlain's Stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by The People's Drug Store, S. B. Jones, prop.

HOLIDAY PURCHASES ARE BEING MADE

Merchants Report That People Are Shopping Earlier Than Heretofore in Marquette.

Marquette stores are taking on more of a holiday appearance daily and Christmas stocks in most business places are now being given the prominent places in the show windows. In some lines of goods, Christmas sales are already being made at a lively rate and merchants generally report that people are shopping earlier than ever before. "The public at last is beginning to realize the advantages of early shopping," said one merchant yesterday. "In past years most of the Christmas business was done within the last two weeks, but for the last year or two people have begun buying Christmas articles in November and the holiday trade is now spread over four weeks. This is as it should be, and both the merchants and buyers are better satisfied. Buyers have a fair chance to look over the stock, as the stores are not so crowded, and the clerks have more time to devote to customers. I hope the time is not far distant when everyone will have done his Christmas shopping before Dec. 24, so that business on Christmas eve will be only normal. For the past two years, our trade on Christmas eve has not been much larger than on any Saturday night, though our total holiday business shows a gratifying increase."

The searcher for toys for the Christmas season will find Marquette stores well supplied with old and new devices which delight children's hearts. For a week or more the youngsters have gone to ecstasies over the toy displays in several of the show windows. The novelties this year include airships of the biplane, monoplane and other types. Aviation feats have been the most important accomplishment of the past year in the scientific world, and naturally the airship is the distinctive feature of the new toys. Several other new mechanical toys are shown by local merchants.

In addition there are all of the old-time favorites such as performing soldiers, crying dolls and talking comedians. Character dolls are the newest and latest epitome of toy excellence in the eyes of little girls. Local merchants who deal in toys seem to have made extra efforts this year to get the best there is in the market and a visit to any of the toyshops is a delight and a revelation to both young and old.

CHEAPER MAKES IN GRAY AND BLACK, \$7.50 TO \$10.

XTRAGOOD Boys' and Children's Overcoats and Reefers—splendid values.
