

SURPRISE IS SPRUNG UPON STARD SOLONS

Lafe Young of Des Moines, Ia., Has the Temerity to Deliver a Speech in the United States Senate After a Membership of Only Ten Days.

Not Only This, but He Calls the Grave and Dignified Legislators "Boys" and Lectures Them from the Standpoint of an Editor, Which He Is.

Washington, Dec. 15.—Senator Lafayette Young of Iowa today gave the senate, of which he has been a member only ten days, the surprise of his existence. He had prepared to make an attack on his colleague, Mr. Cummins, who seeks the passage of a concurrent resolution changing the rules of the senate and house so as to permit of piece-meal revision of the tariff. This he did, and more. He lectured the grave and dignified senators from the standpoint of an editor, which he is.

The senate gasped and then laughed. Mr. Young told "that the country would feel relieved were congress to adjourn altogether for two "solid" years. He alluded to the senators as "boys" and declared that the editors of the country, and not congress, ruled the country. Then the galleries joined with the senators in the laugh.

Senator Young's speech commanded the strictest attention. He had prepared an address, but he seldom consulted the printed transcript. Apparently realizing that it might be at once his salutatory and swan song, he spoke his real thoughts.

The Iowan's reference to editors and printers' ink as the real directors of the destiny of the nation was followed by a disavowal of any intent to offend. When he called his colleagues "boys," he accompanied it with a wave of his hand. The incident followed a story of how, just as he was about to take the train for Washington and the senate, a constituent had "button-holed" him.

"Go down there, senator," said the constituent, "and for heaven's sake put up a fight for the consumer."

"I will not do that," Young said he replied. "Those boys are doing just what I am going to fight for the producer."

Is Opposed to Tariff Revision. Senator Young opposed all efforts at the revision of the existing tariff law, because, he contended, the law protects the interests of the farmer. He had great fear, he said, that ultimately the adoption of the Cummins resolution would prove injurious to the great agricultural interests of the country.

"The principal complaint against the tariff as regards prices has had reference to the products of the farm. Therefore we might anticipate that the first schedule that would come from the other house would be the agricultural schedule. It is an apology for Secretary Wilson or any number of great farmers to be caught alone with that schedule with no means of defense.

"The weapons of offense and defense in legislation are the right of amendment and the privilege of offering substitutes. My colleague would take away from himself and myself the right of introducing the woolen schedule as a substitute for a proposed amendment which might put agricultural products on the free list. If the proposed rule should become a law, we should be denied the privilege of fighting for our interests by the introduction of the interests of others."

Mr. Young spoke of the recent elections and, plainly referring to the progressive Republicans, said that the arguments made by men within the republican party had produced Democratic votes. In discussing the attacks by the insurgents upon the principle of protection, Mr. Young told of meeting Wm. J. Bryan recently and saying to him that just as the latter had progressed in fitness for the presidency his chances had diminished and as he had now become a conservative his party would not prefer him for that high office.

Mr. Young contended that the use of the word "progressive" was inadmissible. "It is an apology for a man caught with the gang. Addressing the insurgents directly, he added: "You've got to come back to your father's house. I am keeper of the ark and I tell you that when Democrats are elected to the seats of Wm. McKinley and James A. Garfield the circumstances should make you pause. Now, if any progressive here wishes to recant, I will see him after the meeting is out."

Mr. Young was generally congratulated.

ONLY TWO GOVERNORS-ELECT ATTEND DEMOCRATIC BANQUET.

New York, Dec. 15.—Only two out of the six Democratic governors electable to be present at a banquet given in their honor at the National Democratic club tonight—John A. Dix of New York and Eugene N. Foss of Massachusetts—were there. Messrs. Wilson and Harmon sent letters which were read. Norman E. Mack, chairman of the Democratic national committee, presided. Richard Croker, former leader of Tammany, and Charles W. Murphy, present leader, were present.

DINNER AT THE WHITE HOUSE.

Washington, Dec. 15.—The first cabinet dinner of the season was given by President and Mrs. Taft tonight. Among the guests were Governor Deneen of Illinois and Mrs. Deneen.

IDAHO'S GOVERNOR CALLS CONVENTION OF WOMEN VOTERS.

Omaha, Dec. 15.—The first national convention of women voters will be held here Jan. 14. The convention was called today by Governor Brady of Idaho. The other equal suffrage states—Utah, Wyoming, Colorado and Washington, representing about 270,000 women voters—will participate.

SENATE ASKS FOR TESTIMONY TAKEN AT THE RATE HEARINGS.

Washington, Dec. 15.—The senate today adopted a resolution by Mr. La Follette, directing that all the testimony taken in the rate increase cases before the commerce commission since July 1, last, be forwarded to the senate. The nominations of Judges Van Devanter and Lamar for associate justices of the supreme court were confirmed. Both branches of congress adjourned out of respect to the late Representative Joel Cook of Pennsylvania. The house was in session a few minutes.

MORSE'S PLEA FOR PARDON SIGNED BY 50,000 PERSONS.

Washington, Dec. 15.—Charles W. Morse's petition for a pardon has been formally presented to the department of justice. It is signed with the names of 50,000 persons of prominence. Mrs. Morse's personal petition is a letter addressed to the president. It is a short, businesslike plea.

CARNEGIE SEES MR. TAFT.

Washington, Dec. 15.—Andrew Carnegie visited the White House today and chatted an hour with Mr. Taft. The president congratulated the steel master on his gift of ten million dollars to promote peace among the nations.

URGE BIG EXTENSION OF MERIT SYSTEM

Civil Service Reformers Would Exempt Only President, Cabinet and Vice President.

Baltimore, Dec. 15.—The opening sessions of the thirtieth annual meeting of the National Civil Service Reform association today and tonight were notable for the lengths to which those of the association desire the government to go in the adoption of their views. If the ideas of the association are put into practice, virtually only the president and vice president of the United States and the cabinet will be exempt from the application of civil service rules. There will also be, if the association bring it about, a thorough revision of the government's merit system. The proposals will be made strictly on the basis of merit and length of service, after examination. These points are elaborated in the report of the committee on promotions and also in the annual address of President Dr. Charles W. Eliot, delivered tonight.

MEXICAN AMBASSADOR DENIES TROOPS BUTCHERED PRISONERS.

Washington, Dec. 15.—Mexican Ambassador Barra emphatically denies that the Mexican troops ruthlessly bayoneted the captives of Chihuahua, as reported in yesterday's despatches. On the other hand, Madero, representative of the revolutionists, said he had received dispatches confirming the reports of the killing of wounded prisoners by the federal troops.

Chihuahua, Mex., Dec. 15.—Heavy fighting today near San Andres, about thirty miles east of San Diego's battle at Cerro Prieto, between insurgents and regulars. No statement as to the result is obtainable.

THIS IS THE PLATFORM OF THE STATE GRANGE OF ILLINOIS.

Springfield, Ill., Dec. 15.—The state Grange, Patrons of Husbandry, today passed resolutions endorsing initiative and referendum; offering opposition to indirect systems of taxation, such as the tariff, and demanding the direct system; demanding the election of senators by direct vote, and also a parcel post law; opposing ship subsidies; favoring the physical valuation of the railroads, and opposing a centralized United States bank.

DIPLOMAT'S WIFE HONORED BY EMPEROR OF AUSTRIA.

Washington, Dec. 15.—Baroness Hengelmuller, wife of the ambassador from Austria-Hungary, has been designated by the emperor as an imperial and royal lady of the palace, according to advices received here today. This gives her the highest rank of the court.

CANADIAN FARMERS WANT RECIPROCITY WITH THE U. S.

Ottawa, Dec. 15.—Reciprocity with the United States and free trade with Great Britain were the demands which a farmers' big convention here today agreed to put up to the Canadian government tomorrow.

GERMANY ADOPTS AVIATION IN BOTH ARMY AND NAVY.

Berlin, Dec. 15.—The ministers of the marine and war have introduced aeroplanes for regular service. Officers of both arms will be selected for instruction as pilots.

STAR POINTER IS DEAD.

Nashville, Dec. 15.—Star Pointer, the famous pacer (1:59 2/5) and with a race record of 2:00 1/2, died yesterday at the Rosewood stock farm in Mary county. He was aged twenty-one and was owned by J. A. Murphy of New York. The hide and bones will be sent to the University of Chicago.

CANADA WILL OFFER PLAN TO PREVENT WAR

It Proposes That Britain and the United States Shall Enter Into a Compact Whereby Disputes Between Them Will Never Result in Bloodshed.

A Permanent Treaty of Peace Is Contemplated by the Government, and It Has the Unanimous Support of Both the Liberal and Conservative Parties

Ottawa, Dec. 15.—Canada will make an effort to have a permanent peace treaty made between Great Britain and the United States. As soon as parliament reassembles, a resolution will be introduced urging the British government to take steps to make a compact with the United States which will forever prevent bloodshed in the settlement of disputes between the two countries. The resolution will be presented by direction of the government and will have the unanimous support of both Liberals and Conservatives.

Within the past two years ninety disputes of long standing between the two countries have been disposed of forever by negotiations and agreements. This has made a deep impression on both the Canadian and British governments and has led them to inquire if the plan cannot be carried further and a declaration for permanent peace made.

Senator Frederick Borden, Canadian minister of the militia, who has held the war portfolio of the Dominion, today said: "I have no reason why such an agreement should not be speedily reached. I do not see why it has not been reached before."

Peace Conference at Washington.

Washington, Dec. 15.—That the worst results of arbitration are incalculably better than the best efforts obtained through war, and that a permanent court of arbitral justice of judicial and not of diplomatic character is the ideal for which humanity should strive in its effort to abolish war, was the prevailing sentiment at the opening session here tonight of the international conference under the auspices of the American Society for the Judicial Settlement of International Disputes.

War itself, as well as the extensive preparations for it, impose immense expenditures, were generally deplored. Andrew Carnegie, the principal speaker, declared that 70 per cent of the taxes collected by the country were spent on war or on pensions connected with it. From Cardinal Gibbons, who pronounced the association of the peace, the secretary of state, there was a concord of expression against war and in favor of judicial arbitration.

Mr. Carnegie's gift of \$11,500,000 for a peace foundation which shall attempt to abolish war between the nations was mentioned frequently, and the large audience of diplomats, international lawyers, former ambassadors and educators who gathered applauded the donor many times.

"Mr. Carnegie was given an enthusiastic ovation. He said: "We must get a code of international law, and it pleases me greatly that perhaps I've placed within reach some of the money that may contribute to the success of that work."

IRISHMEN WILL HOLD BALANCE OF POWER IN THE HOUSE OF COMMONS.

London, Dec. 15.—The latest returns announced tonight give the government coalition 333 seats, and the Unionists 257, a government majority of ninety-six. In the new parliament, as in the last, the Nationalists, by combining with the Unionists, could overthrow the government, but the Liberals, Laborites and Nationalists are all equally desirous of abolishing the veto power of the house of lords and may be expected to work together to attain that object. Chancellor Lloyd-George predicted today that when the elections are completed the government, apart from the Irish vote, would have a British majority of at least sixty.

COLLEGE ROMANCE AT END.

Ithaca, Dec. 15.—The action brought by Mrs. Leonard Allen for the annulment of her daughter's marriage, marks the end of a college romance. Charlotte Allen and Frederick Preston Badger, a student in the Cornell college of law, were married in Baltimore, Nov. 18, 1909. The basis of the action is that Miss Allen was under the age of consent. No defence is to be made, and it is expected a decree will be granted in a short time.

Miss Allen, who was sixteen years of age, ran away with Badger Nov. 9, last year. They left home at dusk and rode on a train to Toronto. There they were refused a license, and they went to Baltimore, where Miss Allen represented herself of age. The honeymoon was spent at the home of the bridegroom's parents at Jermy, Pa., where the couple got a stormy reception. They separated two weeks after the marriage. Her father came from Montana to bring the action.

The Weather

Washington, Dec. 15.—The following is the weather bureau's forecast for Upper Michigan: Snow, Friday and Saturday; warmer, Friday.

WESTERN ROADS ASK MEDIATION

Erdman Law Is Invoked in Effort to Reach Settlement With Engineers.

Chicago, Dec. 15.—The Erdman act was invoked today by sixty-one Western railroads as a means of avoiding the strike threatened by the engineers to enforce their demands for an increased wage schedule. A formal appeal was addressed to Commissioner of Labor Charles P. Neill and Chairman Knapp, of the commerce commission, to act as mediators and try to effect a settlement. The refusal of the engineers to meet the advances of the railroad committee and to agree on arbitration is given by the railroads as the reason for the action, and it follows the refusal of the engineers to accept an offer of a 9 1/2 per cent increase over the old scale. The demands of the engineers at present are for an approximate increase of 17 per cent.

GIVES OUT FINAL CROP ESTIMATES

Department of Agriculture at Washington Sums Up Year's Output of the Farms.

Washington, Dec. 15.—The final estimates of the crop and yield were announced today by the department of agriculture as follows:

Corn, 3,125,713,000 bushels, from 114,002,000 acres; total farm value, \$1,523,968,000, or 48.8 cents a bushel.

Winter wheat, 444,044,000 bushels, from 29,427,000 acres; value, \$415,775,000, or 89.1 cents.

Spring wheat, 231,399,000 bushels, from 19,788,000 acres; value, \$207,888,000, or 89.8 cents.

Oats, 1,126,765,000 bushels, from 35,100,000 acres; value \$348,716,000, or 31.1 cents.

Tobacco, 948,349,000 pounds, from 1,233,800 acres; value \$91,450,000, or 9.3 cents a pound.

Barley, 102,227,000 bushels, from 7,257,000 acres; value \$96,785,000, or 57.8 cents.

Rye, 33,039,000 bushels, from 2,028,000 acres; value \$2,840,000, or 72.4 cents.

Hay, 69,978,000 tons, from 45,691,000 acres; value \$747,769,000, or \$12.26 a ton.

The total value is \$3,735,404,000, against \$3,717,426,900 Dec. 1, last year. The average prices were about 8.5 per cent lower on Dec. 1 this year than last.

DEMAND FOR BONDS SHOWS A SIGNIFICANT IMPROVEMENT IN WALL STREET MARKET.

New York, Dec. 15.—The most salient feature of today's Wall street market was the greater breadth and the better demands for bonds. The sales of these issues were the largest in the recent history of the exchange and a correspondingly improved tone was reported in direct sales by bankers. This movement is the increasing belief that the year-end disbursements of interest and dividends is being anticipated by many investors. There was a disposition to attribute the improvement to yesterday's decision by a Georgian court favoring the bondholders of the Central of Georgia railroad. Further improvement was shown in stocks part of the session, but latter in the day almost all the early gains were wiped out. The sales of bonds amounted to \$3,007,000, par value.

What Prices Are Lower.

Chicago, Dec. 15.—Estimates that the world's wheat crop is greatly in excess of the average for the last five years acted as a hammer on the market here. The closing figures were at a net decline of 1/4 to 3/4, the May at 97 1/2@98 1/2. According to a high authority the world's wheat yield is 3,672,000,000 bushels, against a five-year average of 3,378,000,000 bushels. Although this year's total is less than for the previous twelve months, the comparison otherwise disheartened the bulls. Corn closed steady with the prices advanced to 3/4@3/8 higher, the May at 47 1/2. Oats closed 1/4 off, to a shade advance, the May at 34 1/2.

ARE TRAVELING LIGHT, EXCEPT IN POCKETS.

Boston, Dec. 15.—Their pockets bulging with coin and their only baggage an umbrella and a cane, Franco Staric and his bride arrived on the steamer Menominee from Antwerp on their way from Croatia to Milwaukee. They were detained by the customs inspector and asked where their baggage was.

"We are traveling light," said Staric, his face lighting up when he realized that he would not have to pay any duty, "but we have got plenty of money," he added, at the same time presenting to view no less than three pockets containing coin and rolls of bills.

TWENTY-FOUR PERSONS DIE IN MARINE HORROR ABROAD.

London, Dec. 15.—The German steamship Palermo is a total wreck off Cape Corrubedo, west coast of Galicia, Spain. Her five passengers and crew of nineteen were lost. The wreck occurred during the gale Sunday night.

SENSATIONAL RAID MADE BY UNCLE SAMUEL

Acting Through Agents, the Government Swoops Down on the Capital Investment Co. of Chicago, an Alleged Get-Rich-Quick Concern With Many Branches.

A Stock Business of \$10,000,000 Annually Has Been Done on the Basis, "Heads I Win, Tails You Lose," It Is Said—"Longs" Played Against the "Shorts."

Chicago, Dec. 15.—Agents of the United States government tonight made preparations to swoop down early tomorrow upon twenty-five branches of the Capital Investment company scattered through eight Middle Western states. Following a sensational raid on the main offices and four branches of the company in Chicago and the branches at Joliet and Aurora, Ill., today this round-up will mark one of the most extensive movements of Uncle Sam's war against alleged get-rich-quick concerns.

Purchase Price of the St. Louis Americans Said to Be a Half Million Dollars.

New York, Dec. 15.—"Ben" Atkins, water commissioner of St. Louis; Mark Ewing and his brother, composing the St. Louis stock brokerage firm of Ewing Bros. and Messrs. Hall and Hogle, prominently identified with St. Louis interests, are the purchasers to ascertain the standing of the new candidates for membership, financially and otherwise. If satisfactory, Mr. Hedges will be authorized to sell. It is said that Fielder Jones, former manager of the Chicago White Sox, will become manager of the club.

The American league ended its meeting today. The National league approved the retention of the present classification of the Western and Three I leagues. The sale of the Boston Nationals will probably be consummated by Saturday. W. H. Russell and L. C. Page are the purchasers. President Garry Harrison of Cincinnati was re-elected chairman of the national commission. Willie Keeler, the crack outfielder, recently secured by the New York Nationals from the New York Americans, was sold today to the Toronto club of the Eastern league.

MINE WORKERS' PRESIDENT LAYS CLAIM TO REELECTION.

Indianapolis, Dec. 15.—Reports received here today by Thomas L. Lewis, president of the United Mine Workers of America, have led him to believe, he said, tonight, that he has been re-elected. E. S. McCullough of Bay City, Mich., has been elected vice president, and Edwin Perry of Iowa has been re-elected secretary and treasurer. Mr. Lewis said that he was undisturbed as to the balloting in Illinois, but he believed his majority in the other states would overcome the possible loss in that state.

FIRE ON OCEAN STEAMSHIP IMPERILS MANY PASSENGERS.

Norfolk, Va., Dec. 15.—Fire partially destroyed the steamer Maryland, of the New York, Philadelphia & Norfolk railroad, tonight, and three hundred passengers had a narrow escape. The Maryland left Norfolk at 4:15 o'clock for Cape Charles. Thirty minutes later a negro deckhand discovered fire among the cotton in the freight hold. A dozen lights responded to the distress signals and in a short time had streams on the blaze. The steamer Pennsylvania took off the passengers.

MRS. HARRIMAN GIVES \$100,000 TO THE YALE FORESTRY SCHOOL.

New Haven, Dec. 15.—Announcement was made here tonight by the Yale University authorities of a gift of \$100,000 to the Yale forestry school by Mrs. Edward H. Harriman for establishing a chair of forest management in memory of her husband, the late E. H. Harriman.

MICHIGAN AGGIES' NEW COACH.

Lansing, Dec. 15.—Hugo Bezedek, former football coach of Arkansas University, today accepted the position of coach of the Michigan Agricultural college eleven.

AMERICAN ART DENOUNCED BY T. NELSON PAGE.

Washington, Dec. 15.—Caustic criticism of the art of America, with particular reference to the standard of national monuments, which he characterized as "a travesty on art," was advanced by Thomas Nelson Page in an address before the American Civic association here today. Speaking of the statues in the national Capitol, he asserted that "some are good and one or two are even fine, but gathered together they represent a terrifying spectacle."

BANK ROBBER KILLS HIMSELF WHEN CORNERED BY A POSSE.

Salina, Kas., Dec. 15.—Ira Ward, aged thirty, who this morning robbed the State bank at Paradise, Kas., securing \$2,500, killed himself when surrounded by a posse of farmers fourteen miles north of there late today. The money was recovered. Ward this morning forced five men in the bank to lie on the floor while he bound them. He looted the vault and escaped on horseback.

FIRE IN A COLORADO MINE IS DEADLY TO TEN TOILERS.

Denver, Dec. 15.—Little hope is held out for the safety of ten miners entombed in the Leyden mine, sixteen miles northwest of here, as the result of a fire last night.

DOROTHY LAWSON A BRIDE.

Egypt, Mass., Dec. 15.—Dorothy Lawson, daughter of Thomas W. Lawson, was married to Henry McCall, son of Congressman Samuel W. McCall, here today.

STREETS OF BIG WESTERN CITY A BATTLEGROUND

Garment Workers at Chicago Are Thrown Into a Frenzy of Despair With the Fading of All Hope of a Speedy Settlement of the Strike, and Rioting Ensues.

Police Are Attacked With Lead Bullets—One Man Is Dead, Another One Is Fatally Wounded and Others Are Badly Hurt.

Chicago, Dec. 15.—The passing of all hope of an immediate settlement of the garment workers' strike threw many of the strikers into a frenzy of despair today. In riots which began early in the day one striker was shot and killed, another was probably fatally wounded, four policemen were injured and a third striker was badly hurt.

The strikers were shot by the police during a riot in which the strikers had attacked the bluecoats with pieces of lead, through holes in which leather things had been passed. The names of the dead and badly injured follow: Frank Nagayewski, shot three times, died instantly; Michael Lugey-Gel, shot through the lung; Charles A. Wineke, detective sergeant, skull fractured.

The rioting was precipitated when Annie Novjacek, a strike breaker, slapped a picket who had seized her. Private detectives interfered and policemen went to their assistance. Only one arrest was made. Following the outbreak every available policeman was ordered on reserve duty, to be prepared to rush to the strike district.

Another effort to devise means of effecting a settlement was begun during the day by the city council committee. A conference was held with the representatives of the Chicago Federation of Labor and the clothing manufacturers. The result of the conference was not made public, but on all sides it is agreed that an immediate settlement is unlikely.

DIETZ IS HELD FOR TRIAL ON STILL ANOTHER CHARGE.

Hayward, Wis., Dec. 15.—The charge against Clarence Dietz was dismissed and John F. Dietz was bound over to the circuit court this afternoon by Municipal Judge J. T. Riordan in the preliminary hearing on the warrants accusing the "defender of the Cameron Jam" and his oldest son of assault with intent to kill Bert Horst Sept. 6, last, at Winter, Wis. The hearing of the charge of assault with intent to kill John Rogich, John Heff and others July 27, 1906, was commenced immediately. Bail for the appearance of John Dietz before the circuit court was fixed at \$7,500, but was not furnished.

That indefatigable trust buster, Mr. Wickereham, is back on the job once more.

The prospective whitewash of Senator Lorimer is hailed as another strong and irrefutable argument in favor of the direct election of senators.

How could the population of Cork be expected to grow if the principle of the referendum was introduced into British politics? Cork has the highest voting mortality of any city in the kingdom.

The Mexican revolution is shot to pieces, and is ready for the junk heap. The revolutionists might have known that they could not catch Porfirio Diaz napping. He is a past master at the art of chasing the wily revolutionist to his most secret lairs.

As a measure of self-defense the Brazilian government may have to abandon its navy and either sell its warship for junk or to other nations which will be able to man them with well disciplined forces. The Brazilian navy, as the case now stands, is worse than no protection at all. Indeed, its continued maintenance threatens a constant state of war.

Charles E. Hughes, of Washington, formerly of New York, was some governor, but think what an insignificant achievement he would have had to his credit if he had closed his accounts at the end of his first term. But against this it can be said that the Michigan legislature will be a more public spirited and conscientious body than the one Hughes went up against.

As far as the case of Mr. Lorimer is concerned, if the senators don't choose to be particular about the company they keep that's their own business, and is not a matter of great importance to the country, in view of the new found knowledge of how easy it is to unmake old senators and to make new ones. If the people become satisfied that the moral tone of the body needs a little more invigorating they won't hesitate long about trying new blood in a selected number of seats.

Andy Carnegie has given \$11,500,000 worth of bonds, which will be productive of an income of some \$500,000 annually, for the purpose of furthering universal peace. The distinguished board of trustees has, at this writing, no idea how it is going to employ the money in a practical way to carry out the purposes of the trust, but as it is the members business to find out they will no doubt in time be able to plan a procedure that will keep them even with the income. Meanwhile suggestions along this line will, no doubt, be thankfully received. Persons with brilliant ideas to offer can address Senator Root, of New York, who has been honored with the permanent chairmanship of this new Carnegie commission.

Lafe Young, the new senator from Iowa, has asked for a hearing for his maiden speech. It must be an early one, for the sands of Lafe's official life are running out swiftly. He was a recent appointee of Governor Carroll's and immediately on its being called to order the Iowa legislature will be competent to elect a successor to him. Lafe's first speech promises to help persuade the legislature that this is, by all means, the wisest thing it can do. He says he is going to speak against the Cummins tariff commission plan. Inasmuch as the Cummins plan is the Taft plan and as all of the erstwhile "standpatters," except a minority of Hales and Joe Fordneys, are getting in line for it as rapidly as they can, it is hard to see how Lafe's bourbonism on the subject will recommend him to a Twentieth century state like Iowa. It is to be feared that Lafe is too thoroughly schooled in his "standpat" habits, too thoroughly set in his old ways, to be able to represent the people of Iowa in the senate as they have repeatedly shown of late they want to be represented.

The Detroit Journal has followed the lead set by the Detroit Free Press and seems disposed to embarrass Governor-elect Osborn as much as it can even before he takes up the work of his administration. It implies that he was, in a manner, responsible for the death of the late Tom Navin, who, it says, was greatly affected by being informed by Mr. Osborn that it was his purpose to call for the resignations of all of the

members of the Jackson prison board. This is straining a coincidence into a cause with a vengeance, and introduces in connection with Mr. Navin's death a matter that cannot with any propriety be raised. The suggestion that as strong minded and aggressive a man as Mr. Navin could have been so seriously affected by an incident like the Osborn interview that he went into a speedy decline that resulted in his death within a few days is preposterous, and is more indicative of a desire to raise misconceptions about Governor-elect Osborn than anything else.

Senator La Follette, of Wisconsin, is again in good standing at the federal pie counter. A collector of customs at Milwaukee has been appointed in accordance with his recommendation, and it is announced that he is about to name the men who will fill several other offices in the eastern district of Wisconsin. When Senator La Follette found that he was persona non grata at the pie counter, he quietly went his way and let Uncle Ike Stephenson have all the pie, confident that the president would shortly be shown that when it came to Wisconsin La Follette was the real factor and Uncle Ike was bogus. And that's the way it fell out. In the primaries and in the fall election La Follette won the most notable series of personal victories achieved by any leader who went to the people this year. The futility of holding off the pie from a man who gets along just as well without it is plain. Therefore Senator La Follette's requisitions on the counter will be honored to the same extent as those of any other senator, even if he shows no great disposition to get on calling terms with the White House.

The progress that the movement for the direct election of United States senators has been making is clearly shown by the fact that the committee on privileges and elections is expected shortly to report favorably to the senate on the constitutional amendment that will make the reform effective. The sub-committee that has had the matter under consideration is expected to report to the full committee favorably to the amendment. Monday, and the full committee will, it is said, recommend that the senate take steps to have the amendment made operative. Once the amendment is put before the senate so that there will be no chance of further dodging, the way will be paved for finally eliminating the legislatures from the senatorial elections, a result that would have been attained long ago had it been possible to have forced the issue. The senators who have opposed the reform become, with practice, wonderfully adept about sidestepping the question. But it is now realized that it is no longer safe, or feasible, to continue at this game, and that at last all the senators must submit to standing up and being counted.

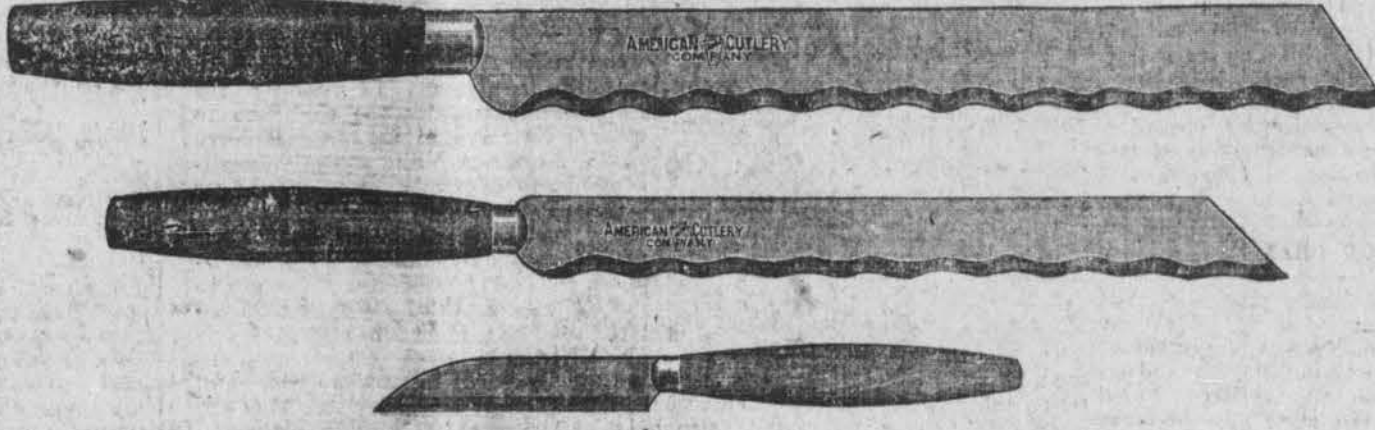

The Standard Oil company, it is reported from Lansing, will spend considerable money in Michigan in experiments aimed to devise means of building up, by means of oil treatment, sand roads, into permanent highways that will be able to stand heavy traffic. Experiments along this line in other states have met with a measure of success sufficient to warrant extended investigation. The perfection of a method that would accomplish the thing aimed at would be one of the greatest incentives to good work that has ever been given. One of the greatest handicaps that the builders of good roads have to overcome is the opening up of regions where the soil is sandy and where there are no convenient supplies of rock to be had. The expense of highway improvement under these circumstances mounts very high, and it is often there that the farming communities that most benefit from them are found. The road that the county highway commission is now building east of Marquette furnishes an example of this. In the lower part of the state, where there is no local supply of rock and where all the material used on the roads has to be brought in long distances, the benefits that would follow on the development of a method of building good roads from oil treated soil would be of inestimable value.

So much of the secret document that the war department wanted the house to consider has leaked out that it seems that the house might as well have gone ahead and discussed it. It is a matter of common knowledge, anyway, that we have no military secrets of any importance, and it can be taken for granted that the other powers are pretty well informed as to where and how our coast defenses are lacking and where our other weaknesses in national defense are found. Their agents have kept them well informed on these matters. They have not found it particularly difficult to do so, as our forts and shipyards have few places where the visitor is not permitted to enter and there is practically no obstacles in the way of foreigners finding out all they wish to know. Probably the singularly acute Japanese intelligence department could tell congress practically all there was in the secretary of war's confidential report, if it desired to demonstrate its prowess in that way. The incident of the submission of the report has all the elements of comedy in it. The house didn't decide that it could not keep it secret if it were received and discussed until several of the representatives had looked it over with sufficient thoroughness to be able to talk

### TO CURB SPEAKER'S POWERS.

There is no longer any need for speculation as to the course the Democrats will take in regard to committee assignments, which has been a fruitful subject of discussion ever since the November election assured that the next house of representatives would be Democratic. Champ Clark, whom the Democrats will elect speaker, though he was one of the leaders of the Democratic-Insurgent coalition in its fight on Cannon in the course of the last session, has been most uncommunicative on the subject of the powers of the speaker, since it has appeared certain that he was to succeed to them, and it has been stated that he was not inclined to look with any great favor on the proposal to abridge these powers by taking away from that officer the privilege of making committee appointments. Whatever Mr. Clark's personal ideas on the subject may have been, we are assured that the Democrats will adopt some new system to replace the arbitrary power of the speaker to dispose of the committee places. What it will be is not suggested, but the only likely alternative is a committee on committees, which shall be empowered by the house to name all the other committees, in accordance with what the majority opinion of its members conceive to be the wisest way.

It is conceivable that Champ Clark, the prospective Democratic speaker, is not enamored of this plan, and there are doubtless also many other Democrats who do not like the idea of weakening the speaker's prerogatives. But there are also many Democrats who incline to the liberal view on this subject, and who might leave the reservation unless the party restricted the speaker's power, at least to the extent that the Republican insurgents in the house have insisted it should be restricted. The politics of the situation has favored the contentions of the progressive Democrats. The Democratic leaders could

not help but realize that they would be but poorly recommending their party to the country if they insisted on endowing the speaker with practically all the powers that he has had under the Cannon regime. It would be a bad way to start out to carry the country in 1912, for there can be no doubt that the great mass of voters, Republicans and Democrats alike, favor more liberal procedure in the house and would suspect very deeply the right intentions of the party that declined to use its power to secure this boon.

In the light of the decision of their leaders it is likely that the Democrats will propose the greatest liberalization of the house rules and procedure that these have yet seen. The aim of the innovations will be to give freer expression to the views of the individual congressman, and to prevent any great centralization of power in any one man, or group of men, such as was held by Speaker Cannon and his rules committee. The danger is that freer expression will interfere with businesslike conduct of the affairs of the house. However, the measure of liberalization of the rules gained at the instance of the progressives during the last session does not appear to have worked out that way. Since the rules committee was remodelled there has been no loss in the efficiency of the house. It has been getting results as expeditiously, and as good results, as ever. So there is reason to hope for the best from other moves looking toward further liberalization.

### A SIMPLE SAFEGUARD FOR MOTHERS.

Mrs. D. Gilkerson, 329 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house." Accept no substitutes. The People's Drug Store.

## POINTS TO BIG COPPER MERGER

### Rumor Says C. & H. Officials Will Have Hand in Managing the Amalgamated.

J. A. Minnear & Co., brokers, of Laurium, yesterday issued the following:

"There is a persistent rumor in circulation which greatly affects the copper producers and copper share holders of the world. It more especially concerns the Lake district from the fact that the feature of this rumor is the removal of the residence of James MacNaughton, now general manager of the Calumet & Hecla and its subsidiaries, to some other point. The rumor further states that Mr. Shaw, now president of the Calumet & Hecla, will be directly interested in the management of the Amalgamated mines, and that Mr. MacNaughton's position will not only be general manager of the Calumet & Hecla, but possibly of the Amalgamated mines. This would lead one to the conclusion that if there is any truth in the rumor, which circumstances would lead one to believe, there is, it simply means the working out of a gigantic copper working combination. There is no question that there is something hanging over the copper share market and the railroad market which will greatly affect the stability of these issues."

### SUICIDE'S FUNERAL TODAY.

The funeral of the late Mrs. Robert Brown, who committed suicide on Tuesday at Calumet, will be held this afternoon from the M. E. church. The remains will be interred at Forest Hill cemetery. The inquest to be conducted by Coroner Fisher has not been given a definite date.

## SEPTUAGENARIAN ROVER FOUND

### Erie Aho of Old Colony Discloses Himself After Five Weeks.

Erie Aho, seventy years of age, a resident of the Old Colony location near Calumet, left home five weeks ago and his family had not since heard anything of or from him until yesterday. Then they received a letter from Ontonagon county, in which he stated that he would be home today. The old man is considered to be slightly unbalanced mentally and his family has been very anxious regarding him, having kept up a search ever since his disappearance. He says in his letter that he has been working in a lumber camp in Ontonagon county.

The wonder of this all is that a man seventy years of age could be lost in the copper country for such a long period of time. Inquiries for him were made in all Finnish locations and Finnish people generally were on the lookout for him, but he managed to keep his whereabouts concealed till he chose to disclose them himself.

### CHANCE FOR CHARITABLE.

A golden opportunity for charity is brought to the notice of the public by the Houghton County Anti-Tuberculosis society. The society is caring for a destitute widow and six children. The family needs a cook stove. Its present stove is useless, worn out. The widow has been making the best of it with a badly broken stove, till yesterday when the entire internal structure of the stove fell into the oven. It is the only heating apparatus in the house and an effort is being made to keep fire in it but the house is filled with smoke.

The father of this family died some time ago of tuberculosis. The oldest is the six children, a girl of twelve, is tubercular. The family is destitute. A cook stove here may save the little girl's life and it certainly will make the family comfortable. Any person having a serviceable cook stove which is available for the charitable purpose should at once communicate with Miss Carolyn Elliott, visiting nurse of the society. A Miss Winifred Salisbury, secretary of the Associated Charities of Calumet, yesterday voiced another plea for contributions to the poor of Calumet. She says that coal would be a particularly acceptable donation just now.

Many requests from catarrh sufferers who use atomizers have caused us to put up Liquid Cream Balm, a new and convenient form of Ely's Cream Balm, the only remedy for Catarrh which can always be depended upon. In power to allay inflammation, to cleanse the clogged air-passages, to promote free, natural breathing, the two forms of Cream Balm are alike. Liquid Cream Balm is sold by all druggists for 75 cents, including spraying tube. Mailed by Ely Bros, 56 Warren Street, New York.

## HAS MEMBERS AT MANY PORTS

### Houghton Lodge of the Tugmen's Union Will Hold Annual Meeting Saturday.

The annual meeting of Houghton lodge, No. 12, Licensed Tugmen's Protective association, will be held in the Tugmen's hall next Saturday night. Officers and a delegate to the annual convention at Toledo in January will be chosen.

The meeting may be one of the most important organized labor gatherings held in Houghton in years, if all the members attend. The Houghton lodge of the L. T. P. A. has a number of members in Marquette, where there is no local lodge, and it is expected that some of these will attend, as the election of a delegate to Toledo is an important matter. The lodge also has members in Duluth, Toledo, Erie, Hancock, Lake Linden, Baraga, L'Anse, Piquette and Grand Marais.

This condition indicates the change in marine conditions on Portage lake. Houghton formerly was one of the most important tug ports on Lake Superior. It was headquarters for much logging operations, dredging and general work. But its importance as a tug center has changed and the members of the local L. T. P. A. have scattered to other ports. The lodge has more than fifty members, licensed tug captains and engineers, but only a few of them now live in Houghton.

The Houghton organization is the only tugmen's lodge on Lake Superior between the Soo and Bayfield, Wis., there being only four on the lake at Houghton, the Soo, Bayfield and Duluth.

It is believed that Oscar Johnson was the man killed at the Mass in November through a boiler accident in which he was scalded to death by escaping steam.

### HACKENSCHMIDT AND SAMPSON.

Victory of Former Over Lehto Gives Rise to Comment.

Saturday evening the copper country wrestling fame will have an opportunity of seeing George Hackenschmidt, the Russian lion, in action at the Kerredge theater. He will wrestle a handicap match with Ole Sampson, somewhat of an unknown, in which the big fellow agrees to throw Sampson twice in an hour.

The victory of Hackenschmidt over Lehto at Duluth Tuesday evening was not unexpected. It was impossible to conceive how Lehto could stay any longer than he did with the mountain of strength, especially when "Hack" was throwing boiler and the rest of the topnotchers of the country.

The questions foremost in the minds of copper country enthusiasts now is how long will Sampson stay with "Hack" and how soon will the Lehto-person match be pulled off, and will it take place in the copper country. This latter match would be one which would bring out members of the wrestling fraternity from all parts of the country.

The match next Saturday evening interests only so far as seeing Hackenschmidt in action is concerned, although there will be a passing interest in learning what this man Sampson really can do.

### LAKE LINDEN ELECTRIC PLANT.

Rumor That It Is to Be Abandoned Current in the Village.

There is current in Lake Linden a rumor that the Houghton County Electric Light company is to abandon its plant there. The rumor seems to arise from the fact that the Lake Linden council has decided to no longer lease electric power from the company for pumping water.

General Manager Rogers denied the rumor yesterday, but said the abandonment of the station would make no difference to Lake Linden, as the station is not producing power anyway, the Houghton plant furnishing all the power for that station as for all others.

### CHILDREN WILL EAT VENISON.

Game Warden Gipp Sends Deer Carcass to Good Will Farm.

John Welch of Gay on Wednesday shipped to Game Warden John Gipp of Calumet the carcass of a deer which had been killed accidentally. Mr. Welch found the body of the animal at the foot of a cliff near Gay. It evidently had been driven over the bluff by dogs. Its back was broken.

Mr. Gipp has sent the carcass of the deer to Good Will Farm and the children of that institution may now eat deer out of season with impunity.

## ELKS' BIG SHOW.

Calumet Lodge Minstrels Put on a Pleasing Performance.

The minstrel men of the Calumet lodge of Elks last night presented their annual entertainment, under the direction of S. A. Grubbs of Chicago. As usual with the Calumet Elks shows it was attended by a big audience and it was wholly enjoyed. Space will not permit a discussion of the various acts, but it must be said that Bob McVeigh, for years a premier Elks' fun-maker, outdid himself. The Hancock lodge of Elks will go up in a body to witness tonight's performance, the last.

## AN ERROR IN GEOGRAPHY.

Coroner Little Receives Query About Mass Mine "at Calumet."

Coroner Charles R. Little has received from the Swedish American, a newspaper published at Chicago, a query regarding the facts connected with the death of Oscar Johnson. The letter says the man was killed at the mass mine, Calumet. The coroner has forwarded the letter to the Mass officials.

The error in this letter is a common one. Many persons residing without the copper country seem to think that all of the copper mines are located at Calumet.

It is believed that Oscar Johnson was the man killed at the Mass in November through a boiler accident in which he was scalded to death by escaping steam.

## ESTATES OF FOREIGNERS.

Consular Attorney Here in Interests of Russians and Austrians.

Moritz Heim, of St. Paul, attorney for the Russian and Austro-Hungarian consulates of Chicago, has been in Houghton this week, examining the records of the probate court in the interests of the estates of foreigners who have died in this country. Mr. Heim would not talk very freely about his work. He said, however, that the consular agents of foreign governments have the authority, by treaty, to investigate the condition of estates of foreigners who have died in this country, that is foreign citizens, or of foreigners who left estates in the old countries. He has just completed investigations of several cases in Mar-

## LANSE COUPLE MARRIED.

Baraga County Couple Came to Hancock for the Ceremony.

Delore P. Menard and Miss Florence Campbell of L'Anse were married Wednesday afternoon at 3:30 o'clock at the parsonage of the First M. E. church, Hancock, Rev. W. E. Marvin performing the ceremony. The ceremony was witnessed only by relatives of the bride party. They left on the St. Paul train over the South Shore road after the ceremony for Chicago to spend their honeymoon.

The bride in Wednesday's wedding is one of the most charming and popular young ladies of L'Anse. She is a daughter of John Campbell one of the oldest businessmen of that town. She is a graduate of the L'Anse High school and is prominent in social affairs. The groom is engaged in the livery business and, like his bride, is a graduate of the L'Anse High school.

After the ceremony they were entertained at the home of Dr. and Mrs. W. W. Kimmell of East Hancock, the groom being a brother of Mrs. Kimmell. Both young people are well known in the copper country.

## HOSPITAL PLEA IS POPULAR.

Movement to Induce Houghton People to Contribute Succeeds.

Success already has crowned the efforts of the Houghton ladies, headed by Mrs. Joseph H. Hodgson, who have set in motion plans looking for the betterment of conditions at St. Joseph's hospital. Mrs. Hodgson reported Wednesday night that the receipts that day amounted to \$28 in cash and one dozen sheets and one dozen pillow cases. The identity of the donors will be made known to the Sisters of St. Joseph only. Mrs. Hodgson's home is the headquarters for the reception of contributions and anything which could be useful to a hospital or to the patients personally will be received gratefully. The movement in favor of the hospital promises to be one of the big successes of the kind in Houghton history. On every hand the interest in this great public charitable institution is being awakened.

The meeting at Gay & Sturgis' office Saturday night to make known the needs of the hospital promises to be a large gathering. Everyone is invited. Drs. Scallon and Abrams will give addresses.

He speaks particularly of the generous treatment accorded him by the mining companies.

## OATES IS KEEPING MUM.

Concerning the reports from Lansing and Detroit that he is to be made secretary to Governor-elect Chase S. Osborn, William R. Oates, of Laurium, representative from the First district of Houghton county, will say nothing definite. When seen by a reporter Mr. Oates admitted that there was some possibility of his being appointed but there was nothing to give out at present. Mr. Oates is one of the most able young lawyers and popular professional men in Houghton county. He also was one of the most popular men in the state legislature. He is thoroughly capable to fill the important position of secretary to the governor.

It comes to copper country ears that Mr. Oates' prospective appointment as secretary to the governor will be merely to groom him for an important bureaucratic position. It is understood that Mr. Osborn will work to have many of the present state boards merely honorary positions and that the actual work of the boards will be left in the hands of a general secretary, who will draw a considerable salary. For this prospective office Mr. Oates is slated, in the minds of rumor mongers.

## WANTS TO HELP SOME ONE.

For thirty years J. F. Boyer, of Ferris, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself, he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c at The Stafford Drug Co.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agreed with me." For sale by The People's Drug Store, S. B. Jones, prop.

# What About Brain Food?

## This Question Came Up in the Recent Trial for Libel

A "Weekly" printed some criticisms of the claims made for our foods. It evidently did not fancy our reply printed in various newspapers, and brought suit for libel. At the trial some interesting facts came out.

Some of the chemical and medical experts differed widely. The following facts, however, were quite clearly established:

Analysis of brain by an unquestionable authority, Geoghegan, shows of Mineral Salts, Phosphoric Acid and Potash combined (Phosphate of Potash), 2.91 per cent of the total, 5.33 of all Mineral Salts.

This is over one-half.

Beaunis, another authority, shows "Phosphoric Acid combined" and Potash 73.44 per cent from a total of 101.07.

Considerable more than one-half of Phosphate of Potash.

Analysis of Grape-Nut shows. Potassium and Phosphorus, (which join and make Phosphate of Potash,) is considerable more than one-half of all the mineral salts in the food.

Dr. Geo. W. Carey, an authority on the constituent element of the body, says: "The gray matter of the brain is controlled entirely by the inorganic cell-salt, Potassium Phosphate (Phosphate of Potash). This salt unites with albumen and by the addition of oxygen creates nerve fluid or the gray matter of the brain. Of course, there is a trace of other salts and other organic matter in nerve fluid, but Potassium Phosphate is the chief factor, and has the power within itself to attract, but its own law of affinity, all things needed to manufacture the elixir of life."

Further on he says: "The beginning and end of the matter is to supply the lacking principle, and in molecular form, exactly as nature furnishes it in vegetables, fruits and grain. To supply deficiencies—this is the only law of cure."

The natural conclusion is that if Phosphate of Potash is the needed mineral element in brain and you use food which does not contain it, you have brain fog because its daily loss is not supplied.

On the contrary, if you eat food known to be rich in this element, you place before the life forces that which nature demands for brain-building.

In the trial a sneer was uttered because Mr. Post announced that he had made years of research in this country and some clinics of Europe, regarding the effect of the mind on digestion of food.

But we must be patient with those who sneer at facts they know nothing about.

Mind does not work well on a brain that is broken down by lack of nourishment.

A peaceful and evenly poised mind is necessary to good digestion.

Worry, anxiety, fear, hate, &c., &c., directly interfere with or stops the flow of Ptyalin, the digestive juice of the mouth, and also interferes with the flow of the digestive juices of stomach and pancreas.

Therefore, the mental state of the individual has much to do (more than suspected) with digestion.

This trial has demonstrated:

That Brain is made of Phosphate of Potash as the principal Mineral Salt, added to albumen and water.

That Grape-Nut contains that element as more than one-half of all its mineral salts.

A healthy brain is important, if one would "do things" in this world.

A man who sneers at "Mind" sneers at the best and least understood part of himself. That part which some folks believe links us to the Infinite.

Mind asks for a healthy brain upon which to act, and Nature has defined a way to make a healthy brain and renew it day by day as it is used up from work of the previous day.

Nature's way to rebuild is by the use of food which supplies the things required.

**THEATRICAL**  
"Seven Days" Is Coming.  
"Just about once in every twenty years," wrote Acton Davies, the brilliant dramatic critic of the New York Evening Sun, "a really fresh ingenious and rollicking comedy comes to town and knocks the risibilities of the public out of all gear. 'Seven Days' did just that. It is one long laugh from start to finish."  
So much by way of preface to the announcement that "Seven Days" will be at the opera house Monday evening. Now in the second year of its record run at the Astor Theatre in New York, the only comedy ever to remain through a summer on Broadway, from its opening night shaking Old Manhattan with laughter that has never ceased, "Seven Days" is declared by everybody, critics and public alike, the best, the funniest, merriest and the jolliest play yet produced in America. Recall anything you've read about it, ask anybody of the thousands and thousands who have been convulsed with gay hysteria over it, and all will bear out the assertion that never has so much uproarious fun been compressed into a play as in "Seven Days." One critic said, "It has more genuine fun than any twenty others of so-called comedy successes."  
Mary Roberts Rinehart and Avery Hopwood wrote this famous success. Messrs. Wagenhals and Kemper are its producers. It is a brilliant company of picked players who will exploit the riotously laughable complications that befall a party of New York's smart set who meet for dinner and are quarantined for a week—"Seven Days." "See 'Seven Days,'" urged Everybody's Magazine, "and laugh seven months."

### A THOUSAND DEER ON GRAND ISLAND

More Suggestions as to Proposed Revision of Game Laws by the Legislature.

Game Warden Pierce states that V. R. Townsend, representing the Cleveland-Cliffs Iron company, has taken up with him the question of how to dispose of a portion of the huge herd of deer on Grand Island, which lies in Lake Superior, off Marquette. It is estimated there are over 1,000 head of deer on the island, which the company owns, and they have been increasing so rapidly that it has been necessary to buy forage for them.

The state law will not allow deer to be shot except in season, and there seems to be no way to avoid the law in this instance. Mr. Pierce states that Mr. Townsend believes the breeding of deer offers a good field for increasing the food supply, pointing out the rapidly with which the number on the island have increased. In connection with the pro-

tection and propagation of game in this state. Warden Pierce states that fine success is being had with a herd of caribou on Presque Isle, which is now said to number 100 head.

One of the latest suggestions for the proposed revision of the game laws at the coming session of the legislature comes from A. A. Juttner, a well known Menominee sportsman. Mr. Juttner says:

"For one thing I think that the law should be changed so that each hunter is allowed but one deer. At the present time, with the laws as they are, a great many more deer are killed each year than there should be. As a result, the hunting will soon be a thing of the past in this district, unless the law is changed.

"Another law I would advocate would be to have the law changed in such a manner that every hunter must accompany the carcass of the deer whenever or wherever shipped. At the present time a great many hunters come up here from the lower peninsula; they take a license along with them and also have some of their friends at home to buy a license, and they take them along too.

"In that case, if they kill more than two deer, they can ship the others down home to their friends on the license issued to them. This is not true sportsmanship. I think any hunter should be satisfied with but one deer.

For, as a usual thing, when a man kills more than one he either sells or gives away one of them, and keeps but one himself.

"If the law was changed so that a hunter had to accompany the carcass home there would be a great many less deer killed every year. Hunters could not take licenses of their friends with them to the northern woods and ship out a deer. The only way they could get around that would be to have the friend take a trip to the northern woods and accompany the carcass home, which would be a rather expensive procedure."

#### LIQUOR TAX STATEMENT.

License Money from Saloons and Warehouses Amounts to \$65,814.67.

The annual statement of the liquor tax collected by the treasurer of Marquette county for the year ending Nov. 30, 1910, has just been completed by Deputy County Treasurer Wright, and shows that the liquor dealers of the county have paid into the county treasury \$65,814.67. In the entire county there are 139 saloons and eight warehouses. Each of the saloons pays an annual license of \$500 and each wholesale warehouse a license of \$50. The fractional sum total is due to one of the dealers not having been in business the entire year.

The saloons are distributed over the county as follows: Ishpeming, thirty-six and five wholesale warehouses; Marquette, forty-two and one wholesale warehouse; Negaunee, thirty and two wholesale warehouses; Champion township, two; Chocoma township, three; Ely township, two; Forsyth township, five; Humboldt, one; Michigan, five; Powell, one; Republic, one saloon and one wholesale warehouse; Wells township, two.

#### GEOLOGY OF COPPER FORMATIONS.

State to Publish Book of General Interest to Mining Men.

Weighing over fifty pounds and filling a big suit case is the mass of manuscript now in the state geologist's office which, according to Mr. Allen, will attract more attention in state and national mining circles than any printed information ever issued in Michigan.

The manuscript is the life work of A. C. Lane, former geologist of Michigan, and now dean of the geological department of Tufts college in Massachusetts. It is entitled "The History of Copper Bearing Rocks in Michigan," and is the result of a quarter of a century's study and exploration by a man who for years has been foremost in the geological world. The manuscript will be published in two volumes next spring, the state geological department taking charge of its publication.

Mr. Lane's work will be the only comprehensive history on copper bearing rocks ever attempted. It traces the course from Keweenaw point in the upper peninsula, through Keweenaw, Houghton, Baraga, Ontonagon and Gogebic counties, thence into Wisconsin and into Minnesota. Every feature connected with the study of the rocks is discussed in detail. Scores of photos and maps accompany the manuscript. Mining men confidently believe that with the assistance they expect from Mr. Lane's books they will be able to open up new copper fields and make

the copper mining industry greater than it has ever been.

The ex-geologist of Michigan secured practically all of his information while in the employ of the state and for that reason is turning his material over to that Department instead of publishing it personally.

Ever since the first publication in 1888 of James Bryce's work "The American Commonwealth" the book has been quoted and studied as one of the best accounts ever written of the political system and social conditions of the United States. Its third edition, which appeared in 1903-04, was carefully revised and new material added. During the last year Mr. Bryce has again gone over the entire work, adding further chapters and on nearly every page making the alterations which signify the difference between observations made twenty years apart.

#### 500 MAN'S MONEY BURNS.

The home of Henry Forsythe at the Sea was badly burned the other morning and \$145 in greenbacks in Mr. Forsythe's working clothes was burned up. Almost \$500 worth of notes in the same suit of clothes was untouched. Mr. Forsythe had collected the money for the fall's threshing, and had not time to bank it. He had started a fire in the dining room and kitchen stoves, and on leaving the house had turned the drafts off. He had been out of the building but a few moments when a neighbor noticed smoke issuing from the roof and telephoned the alarm to the fire hall. When the department arrived the entire top story was in flames. The fire was extinguished with but about \$500 worth of damage to the house. A defective chimney is believed to have been the cause.

### ENTERTAINMENT WAS A GREAT SUCCESS

Mid-Season Gymnastic Exhibition Witnessed by Nearly 500 Ishpeming People.

Nearly 500 people attended the gymnastic entertainment given Wednesday evening in the gymnasium of the Young Men's Christian association by members of the several gymnasium classes. The program was by far the most entertaining that has ever been given by members of the local organization, and every feature of it was thoroughly enjoyed.

Inasmuch as 120 boys and young men took part in the exercises, their training in the various features was no small task and the splendid work they did reflected much credit on W. H. Norman, the association's physical director, who not only prepared the program, but also directed the work in detail. The exercises opened with a selection by the Y. M. C. A. orchestra, and musical numbers were interspersed throughout the evening by the orchestra and glee club, the latter directed by C. J. Sladick. It was the first appearance this season of the Glee club and it was most favorable received.

The gymnastic work started with a free hand drill and gymnastic dance by thirty-six of the smaller boys of the junior class. This feature closed with a pillow fight and later there was a very amusing basket ball contest in which all of the boys of this squad participated. The German wand drill by members of the Junior A class was a particularly pleasing feature and the intermediate leaders entertained very nicely for a few minutes on the horizontal bar.

The pyramids put on by members of the Junior A and Business Boys' classes were a new feature in the gymnasium work and they brought forth much applause. S. Drake and C. Keskey posed in wrestling holds, their exhibition being instructive as well as pleasing. J. McDougal scored a hit with illuminated club swinging and F. Hanst and W. H. Norman gave a scientific exhibition of fencing. The features of the acrobatic work were exhibitions on the horse and parallel bars and the tumbling by members of the senior class. Owing to the crowded condition of the floor, it was impossible to pull off the class relay race between the Intermediate and Business boys, but an extra tumbling act by the Seniors was substituted.

The clown contingent brought forth many laughs and much applause. They successfully performed seven or eight very clever stunts, some of which were entirely original. The clowns scored a big hit in their barlesque baseball game, also in their quartet singing, following a selection by the Glee club. A barrel boxing contest also made a big hit.

Just before the close of the entertain-

ment, Mr. Norman announced that preparations were already under way for an indoor circus, to be given by members of the association the latter part of April. The gymnasium floor will be converted into an arena and all of the circus acts will be given by members of the association. He also stated that there will be a number of side shows that will contain curiosities and exhibitions that will be in keeping with the arena program.

**ISHPEMING IN BRIEF.**

The Royal Neighbors will elect officers this evening. The officers request a large attendance.

Captain Harry Roberts, a well known mining man of Duluth, was a visitor in the city yesterday.

The baseball games for the senior class schedule of the Young Men's Christian association for this week will be played tonight.

Swanson Bros. have taken a contract to put in a basement, with concrete walls, under the Micklow building, on East Pearl street. They will begin work after the holidays.

The Ishpeming Y. M. C. A. basketball team will open its season here on the evening of Dec. 30, when it will line up against either the Guild hall team of Marquette or the Gwin club five.

J. H. Malloy and wife left last evening for points in the west, to be absent for some time. The trip is being taken in the hope that the change will improve Mrs. Malloy's health, which has been poor for some time past.

Miss Mary Anderson has returned from Chicago, where she spent the past five weeks receiving treatment in the Covenant hospital. She is much improved in health as a result of the treatment received there.

C. T. Fairburn, general manager of the Republic Iron & Steel company's mining properties, and F. J. Webb, his assistant, are in the city. Mr. Fairburn is soon to move to Birmingham, Ala., but Mr. Webb will remain on the Mesaba range.

Oscar H. Siewert, proprietor of the Electric Equipment company, in the Jones block, on Canada street, is distributing some very neat calendars among his patrons. Mr. Siewert announces in this issue that he has on sale a complete assortment of goods, including electrical stand lamps, irons, toasters and other articles, which are suitable for the holidays.

The degree team of Hematite camp No. 1,128, Modern Woodmen of America, has issued invitations for its annual ball, to be given in Braastad's Hall Monday evening, Jan. 2. Lundahl's orchestra will furnish the music. The admission will be \$1 per couple, with an extra charge for lunch, which will be served in the hall.

J. D. West and Bert Ramsdell spent yesterday in Escanaba. They went down to attend the funeral of the late Charles Moores, whose remains have been taken to Racine, Wis. Mr. West represented Zenith lodge, Knights of

Pythias, and Mr. Ramsdell represented the Ishpeming Masonic and Elks societies. The late Mr. Moores was also a member of the Brotherhood of Locomotive Engineers.

The Hematite five-men team, which has perhaps won a greater number of bowling contests than any other team in the upper peninsula, was defeated by the recently organized City team, the latter leading in the three games by forty-eight pins. The scores were 2303 and 2255. Wade and Saline will tonight bowl Gray and Fitzpatrick the first five games of their fifteen-game series.

James Donovan, secretary of the Owls' society, has received a letter from Holly Shepard, the minstrel man, advising that he will come to Ishpeming about Jan. 17, to commence rehearsing for the Owls' minstrel performance to take place early in February. Mr. Shepard is this week putting on a show in a Canadian town and he goes from there to his home in Bay City to spend the holidays. Immediately after Christmas Mr. and Mrs. Shepard will go to Alpena to put on a minstrel show for the Elks, coming from there to Ishpeming.

### FOR WOMEN OF MARQUETTE AND VICINITY

An Offer Unparalleled in the History of Marquette

### 6--14-Day Tours to the Bermuda Islands

"THE LAND OF THE LILY AND THE ROSE"

All at the Expense of The Marquette Daily Mining Journal

#### PLAN OF CONTEST

The City of Marquette and vicinity has been divided into five districts as described on this page. The trips will be awarded as described below. A coupon will be printed in each issue of the Marquette Journal, and will entitle the holder to vote when properly filled out. Votes will also be issued for paid-in-advance subscriptions in proportion to the length of time subscriptions are paid.

Remember the candidate in the five districts having the largest number of votes at the close of the contest may select the Chaperon for the party. "Get Busy Girls."

#### WHO MAY ENTER

Any woman, single or married, over 16 years of age, of good moral character, is eligible. Each candidate must be indorsed by two responsible citizens who will vouch for her character. Candidates may enter their own application, or they may be nominated by their friends. There are no strings attached to this offer. The only restrictions are as to age and character.

#### Rules, Regulations and Conditions

**RULE No. 1**—Any woman over sixteen years of age—single or married—residing in any of the contest districts, may enter the Contest, having one of the application for membership blanks (ask for blank) filled out and endorsed by two reputable citizens of her district.

**RULE No. 2**—There are five separate districts from which to enter, described on this page.

All coupons clipped from The Mining Journal will be known as "SINGLES," and in order to be voted, must be neatly trimmed for filing.

All coupons issued on paid in advance subscriptions will be known as "SPECIALS" and must bear the receipt number from which it was issued for the proper recording of the same in vote ledger.

No coupon, either "SINGLE" or "SPECIAL," will be sold for money or other consideration, but can be obtained only by being clipped from The Mining Journal, or secured through the regular subscription channels.

No vote coupons will be issued on subscription to The Mining Journal during the life of the contest unless paid down, and for no shorter period than three months.

**RULE No. 3**—First publication of nominations will be made on Thursday, Dec. 22; voting will commence immediately afterwards.

First publication of names of candidates, showing vote exhibit, Thursday, Dec. 29.

All "SINGLE" and "SPECIAL" coupons will be void unless voted within seven days of date of issuance.

**RULE No. 4**—Any district that may have only one candidate running will be declared off and said district will be merged with district closest to it, and contestant from said district added to the one with which it is merged.

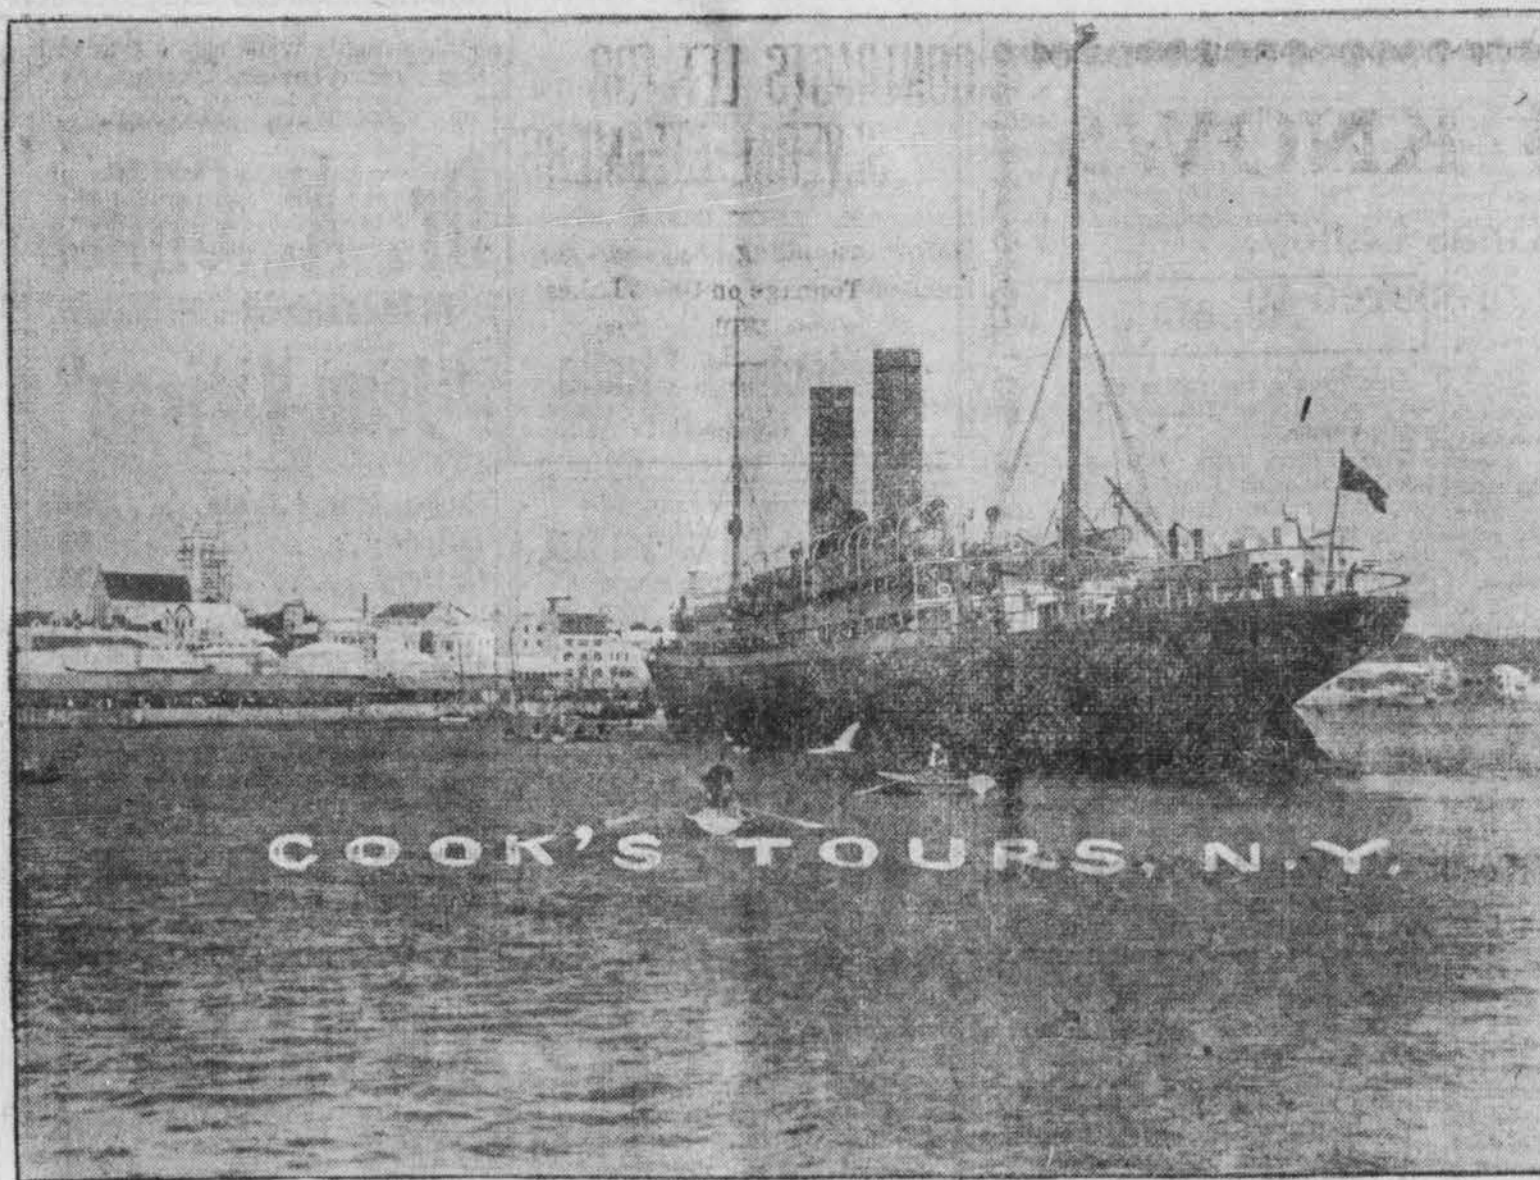

**RULE No. 5**—All coupons will be filed in The Mining Journal office, subject to the inspection of contestants and their friends at any time during the contest.

#### Get in and Win

Think of the great sights of a lifetime that the fortunate young ladies will be enabled to witness.

One continuous round of pleasure from the very moment they start on this grand tour, until our happy guests return to their homes.

Not a dull moment, not a second without pleasure of some kind. Not the smallest amusement will be missed. It will be a case of on the go all the time; and such arrangements have been made in transporting the ladies from one place of interest to another, that they will suffer no fatigue and will enjoy the panorama constantly being unfolded, with all the comforts of travel that money can possibly procure.

## The Journal Tourists Off for Bermuda.

#### THE DISTRICT BOUNDARIES

**DISTRICT No. 1**—All that portion of Marquette lying south of Ridge street. The boundary lines are, Ridge street on the north, city limits on the west, city limits on the south, and Lake street on the east.

**DISTRICT No. 2**—All that portion of Marquette lying north of Ridge street. The boundary lines are, Ridge street on the south, city limits on the north, and the city limits on the east.

**DISTRICT No. 3**—All that portion of Negaunee lying within the city limits of Negaunee.

**DISTRICT No. 4**—All that portion of Ishpeming west of Main street. The boundary lines are, West Ishpeming on the west, the city limits on the south, and the city limits on the north.

**DISTRICT No. 5**—All that portion of Ishpeming east of Main street. The boundary lines are, Bluff street on the south, the city limits on the east, and the city limit on the north.

For Further Particulars Address Contest Manager, The Daily Mining Journal Office, Marquette, Mich.

#### Rules, Regulations and Conditions

**RULE No. 6**—A board of three responsible business men will have exclusive control of the ballot box the last day of the contest, and make the announcement of the results of that day's voting.

**RULE No. 7**—No employe or close relative of employe of The Mining Journal is eligible to enter this contest.

**RULE No. 8**—Contestants can only enter from districts in which they live.

Candidates moving from one district to another after being nominated, will be retained in the district in which first nominated.

**RULE No. 9**—Votes cannot be transferred from one contestant to another.

**RULE No. 10**—In case of a tie in any of the districts named, the two contestants tying for the trip will be sent.

**RULE No. 11**—Nominations of candidates may be entered at any time during the contest without cost. The Mining Journal reserves the right to reject any nomination or application.

**RULE No. 12**—Contestants will only compete against other contestants in the same district for the district prizes, but may secure subscriptions anywhere they choose.

**RULE No. 13**—This contest will close Saturday, February 18, 1911.

**RULE No. 14**—No statement or promise made by anyone varying from the above rules as set forth, will be recognized by The Mining Journal.

#### Be One of the Party

And why not be one of the party? The trip is yours for the mere reaching out and embracing this wonderful offer. All you will have to do is to enroll and ask your acquaintances to help you. They will appreciate and welcome the opportunity to do so.

There is plenty of time and the trips are surely worth "going after." Your chances are just as good as any one's. The main qualification to win is "Stick-to-itiveness." You can do it.

**"Sunkist" Oranges for Health**

**A Veritable FEAST of "Sunkist" Oranges for Christmas!**

**Santa Claus Has Just Arrived, Bringing Millions of California's Finest Oranges—the "SUNKIST" Kind. On Sale All Week at Your Dealer's!**

Oranges for *breakfast!* Oranges for *lunch!* Oranges *between meals!* Oranges served *whole* and in halves! Oranges in *desserts* and *salads!* Oranges in every *conceivable form.*

That is the program for Christmas and the Holidays. The people of this city and vicinity are to be given an orange treat such as they have never had before.

For *millions* of delicious, fresh, tree-ripened, hand-picked oranges, direct from California's fruit farms, have arrived. They will be on sale Monday morning. Your fruit dealer will supply you at a very reasonable price.

**The Perfect Orange**

"Sunkist" is not a *species, size or variety* of orange—it is a certain *grade or quality*, the choicest of each of 5,000 California Orange Farmers, who produce 60% of the state's entire crop. They pack all their perfect oranges under the one name, "Sunkist," and ship them by special fast freight.

It is a tree-ripened orange. Every "Sunkist" orange is firm, solid and sound. It is picked by a gloved hand. No orange that falls to the ground or becomes bruised or damaged in any other way, ever bears the "Sunkist" name.

**"Sunkist" Lemons, Too!**

The better grade of lemons are now packed in "Sunkist" wrappers. By calling for "Sunkist" lemons, you avoid the kind that are thick-skinned, pithy and insipid. "Sunkist" lemons contain 50 per cent more juice than any other lemons.

**You Save Money by Getting "Sunkists"**

In addition to being the finest flavored of all oranges, "Sunkist" are also the most *economical* you can buy.

**The California Fruit Growers' Exchange, 34 Clark Street, Chicago, Ill.**

Being thin-skinned, fibreless and seedless, they are nearly all "meat" and no waste. You waste money when you buy any other kind of oranges.

**Buy a box of "Sunkist" oranges and your fruit dealer will make you a special price. You will find no trouble in keeping them as long as you want to, because "Sunkists" reach you in excellent condition.**

**Most Healthful Fruit Known**

Physicians now claim that the orange is the most healthful of all fruits. Hence, it is a food that can be eaten liberally and as often as desired. It is much more appetizing and healthful for children, men and women than candy, pastry and other too-rich foods.

Medical authorities state that to counteract the meats and other heavy foods we eat, one should eat oranges liberally. It is a universally known fact that orange juice is an excellent food for the brain cells and a tonic for run-down nerves. No better laxative than sound, ripe oranges can be found.

**Save Your "Sunkist" Wrappers**

By saving your "Sunkist" orange and lemon wrappers you can easily secure a full set of genuine Rogers orange spoons, dessert spoons and fruit knives. The patterns shown are new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the maker. No advertising appears on any of our premiums.

**Read on the right the description of these valuable premiums and how to get them.**

**"SUNKIST" Premiums**

This spoon will be sent you, charges, packing, etc., prepaid, on receipt of 12 "Sunkist" wrappers and 12c. For each additional spoon send 12 "Sunkist" wrappers and 12c.

**Valuable Dessert Spoon Free**  
The picture shows our new 1911 design, Dessert Spoon, actual size. It is of the same excellent quality and beautiful design as the orange spoon, but being larger and heavier is more valuable. Sent to you on receipt of 24 "Sunkist" wrappers and 20c additional. For each additional dessert spoon send 24 "Sunkist" wrappers and 20c.

**This Fruit Knife Free**  
Our 1911 "Sunkist" Fruit Knife is shown here, actual size. It is made of special tempered steel heavily silver-plated. Fully guaranteed by manufacturer. Sent to you on receipt of 24 "Sunkist" wrappers and 20c. For each additional knife send 24 "Sunkist" wrappers and 20c.

**Notice!**  
On all remittances up to 24c please send one-cent stamps, on amounts above 24c, send post office money order, express money order or bank draft. Do not send cash. Make your money order or draft payable to The California Fruit Growers' Exchange, and address your letters to The California Fruit Growers' Exchange, 34 Clark Street, Chicago, Ill. You can secure these premiums with "Sunkist" orange wrappers, "Sunkist" lemon wrappers, "Red Ball" orange wrappers, or "Red Ball" lemon wrappers. If you will make it a point to buy only "Sunkist" and "Red Ball" oranges and lemons, you will not only get the finest fruits that grow, economically priced, but you will soon have enough wrappers to secure a complete set of the beautiful spoons and knives here shown.

**CONTRACTS LET FOR SEVERAL STEAMERS**

Notwithstanding Apparent Surplus of Tonnage on Great Lakes, Shipyards Will Be Busy.

An excellent shipbuilding program is being lined up for lake ship yards this winter, notwithstanding the apparent surplus of vessel tonnage on the lakes, says the Marine Review. The Pittsburgh Steamship company has been authorized by the United States Steel corporation to build two 600-foot steamers for 1911 delivery. They will be built on the Isherwood system, though contracts have not yet been let. The Jones & Laughlin Steel company will build a 600-footer to replace the W. C. Moreland, wrecked on Eagle river, Lake Superior. She will be a duplicate of the Moreland, and will be built by the American Ship Building company. The interests of which William P. Snyder, of Pittsburgh, is the head, will shortly invite proposals for two of the largest vessels on the lakes, to be 615 feet over all and to be constructed on the new longitudinal system. They will also be somewhat of a departure in that the side tanks will be carried to the spar deck and that the cargo bulkheads instead of being carried straight from the spar deck to the tank top, as is the usual practice, will be so carried for only half the distance, and will then slope to the tank top in both fore and aft directions, describing an inverted V with a reach of about ten feet, thus making the hopper construction athwartships as well as fore and aft. This formation of bulkhead will naturally further tend to the concentration of the cargo, a desirable feature in unloading. Moreover it is understood that all the auxiliary machinery is to be

turbine-driven. While bids will be solicited for two steamers the two, however, may not be built at once. The American Ship Building company has secured a contract from the Standard Oil company for the construction of a steamer and tug to carry oil in bulk. They will be of Canadian canal dimensions, 200 feet over all, 250 feet keel, 43 feet beam and 23 feet deep. It is interesting to note that the steamer will be fitted for burning oil fuel. Both vessels will be built at the Cleveland yard. The Niagara, St. Catharines & Toronto Navigation company, St. Catharines, Ont., has given a contract to the Collingwood Ship Building company for a new steamer for service between Port Dalhousie and Toronto. The new steamer will be 200 feet long and will be designed to carry about 1,000 passengers and 300 tons of freight.

**NEW FRONT COMPLETED.**

Paris Fashion Store Presents a Greatly Improved Appearance.

The temporary entrance which was erected in front of the Paris Fashion store a week or more ago was removed yesterday, the new front being entirely completed. It was announced that the new front would be unveiled at 2:30 yesterday afternoon, and that the occasion would be celebrated with some remarkable bargains. The combined attraction drew over fifty women to the sidewalk in front of the store by the time the doors were opened. The new front and plate glass windows add very materially to the appearance of the Paris Fashion store. Both of the display windows are larger than formerly and are on a level with the floor, making it possible to display goods in a more attractive manner. Prism glass across the front of the store above the windows affords a much brighter and better diffused light throughout the store. The improvements just completed give the entire store a decidedly more cheerful and metropolitan appearance.

**The Famous Rayo**

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickel-plated, and easily polished.

Do Not Accept a Substitute

To prevent unscrupulous dealers substituting inferior goods, we brand the word "Peacock" on every piece of mild cured Ham and Bacon shipped by us. Before permitting the butcher to slice it for you, be sure that it bears the brand "Peacock" as a guarantee of its superior quality.

**WALL STREET STOCKS.**

New York, Dec. 15.—The market displayed a firm undertone during the greater part of today's session, but in the last hour looked very much as if the buying had run its course, and when attempts were made to secure profits prices receded easily. The trade reports continue to indicate irregularity, with collections in some sections rather slow and although considerable talk is heard of an improved demand on the part of the railroads in the nature of 1911 requirements, still the conditions under which such orders have been placed make it appear that the margin of profit is likely to be smaller than heretofore. We continue to feel as indicated in recent advices that a sustained advance in securities prices is not probable at this time. Today's closing prices were:

**Boston Coppers.**

Boston, Dec. 15.—Butte Coalition and Lake were again the strongest and most active stocks on the local board. Butte Ballklava holds comparatively steady, there being no new developments in the Anaconda suit and none are expected until after the first hearing, Dec. 18. Lake is certainly being accumulated at this level, and is in grand position for a sharp advance as soon as general market turns. Buy Lake Copper, Copper Range, East Butte, Butte Coalition, North Butte and Wolverine on all weak days. Closing prices were as follows:

**Wheat Market.**

Chicago, Dec. 15.—It can be said that there was good action in wheat for the day, although the close was not greatly changed from yesterday. The trade got the impression that the bull leaders took considerable wheat off the market, and this fact, with a strong turn in corn, started the shorts covering. The last hour brought a return of the heaviness. The brokers for the bull leaders were open sellers of wheat for a short time and this caused the whole trade to switch to that side of the market. It looks more than ever as if this wheat trade will have little in the way of fresh influence before the close of the year. It will do to watch the southwest crop and the Argentine harvest closely. We would limit selling orders to swells until the situation is more clear.

TO ENFORCE THE LAW.

Pharmacists in Michigan Receiving Copies of Commission's Decision.

The druggists throughout the state are receiving notices from the Michigan Drug Commission, issued through the office of the dairy and food department, giving instructions relative to the provisions of the law that will be enforced after the first of the year. One of these requires that all patent or proprietary medicines on sale must bear a statement on the label of the quantity or proportion of certain drugs and chemicals that they contain.

The Michigan drug law went into effect the first of last July. The druggists regard the order now issued as the most important that the department has given out. Ample time is given the dealers to clean out patent medicines not complying with the law. All drugs must conform to the test laid down by the United States Pharmacopoeia and National Formulary.

The following requirements issued by the commission are of much interest to the general public: "On and after July 1, 1911, all patent or proprietary medicines sold, offered or exposed for sale, must bear a statement on the label of the quantity or proportion of any alcohol, antipyrin, opium, morphine, cocaine, heroin, cocaine, alpha or beta eucaine, chloroform, cantharidin, chloral hydrate or acetanilide, or any derivative or preparation of any such substances, contained therein, in accordance with section 4, Act No. 146, Public Acts of 1900. This applies not only to preparations on hand which the druggist has put up under his own label, but also of those of other manufacturers which are not labeled in accordance with the national law and which were on hand when the law went into effect. This does not exempt until July 1, 1911, the labeling of drug products manufactured since July 1, 1910, nor the labeling of products now manufactured or those to be manufactured until July 1, 1911, but only to those which were on hand not properly labeled July 1, 1910. Old cough syrups, soothing syrups, diarrhoea remedies, etc., are the worst offenders and stocks should be gone over very carefully to see that none of these are left on the shelves not properly labeled after July 1, 1911."

The other decisions deal with the proper use of iodine and tincture of iodine. After January 1 all tincture of iodine offered for sale in Michigan must contain 7 per cent iodine and 5 per cent potassium iodide. After January 1 druggists must use the new instead of the old formula in manufacturing spirits of camphor, so as to make the article correspond with the present standard of the present United States Pharmacopoeia. Recently ninety-eight samples of spirits of camphor were examined and thirty-nine condemned. Most of the samples rejected were prepared under the old formula. During the same inspection fifty-eight samples of spirits of nitre were examined and but two were accepted.

#### CHRISTMAS CONCERT AT HIGH SCHOOL

Fine Program, Including Carols and Hymns, Will Be Given Next Thursday Evening.

Pupils of the several departments of the Negaunee public schools have been preparing for a concert that will be given next Thursday evening, the 22nd, in the auditorium of the high school building. It will be the most pretentious Christmas entertainment they have ever presented. Mrs. Marlen, who has charge of the program, has given every feature her personal attention. All of the numbers will be suitable to the Christmas season.

The entertainment is to be given especially for the parents. There will be no charge for admission. Christmas carols and hymns will be sung. The entertainment will begin at 8 o'clock sharp and the program will be as follows:  
 Overture Normandic..... H. C. Miller

CALENDARS IN DEMAND.  
 There Will Be No Shortage in the Homes of Negaunee This Year.

"A representative of one of the calendar houses told me when I placed my order for this year's supply that he had sold more calendars in Negaunee this year than ever before," said one of the Negaunee business men yesterday. "He said that none of the dealers ordered more than 300, and several purchased 1,500 to 2,000."

Ten or a dozen Negaunee merchants are already giving out calendars, and others are building them for distribution a day or two before Christmas. The First National bank, which usually gives out as fine a calendar as is distributed anywhere in the upper peninsula, has had many calls for calendars, but the supply has not yet been received.

Concerns that have already started to distribute calendars are J. E. O'Donoghue, The Negaunee National bank, J. M. Perkins, Negaunee State bank, D. D. Smith, Wentala & Orr and others. Wentala & Orr have a pretty calendar, containing one of Will Greene's pictures, entitled "A Friend at Court." These calendars are in such great demand that the supply is now nearly exhausted.

MAKING GOOD HEADWAY.  
 C. O. Stensrud still continues to make good headway with the removal of the bodies from the old to the new cemeteries, and it is expected that the total number transferred by the end of this week will be in the neighborhood of 3,500. The contractor is having some difficulty in reaching people who have not yet applied for permits for the removal of the bodies of their deceased relatives. All persons having friends or relatives buried in unmarked graves are asked to immediately furnish Mr. Stensrud, Thomas M. Wells or Dan Shea, the superintendents at the cemetery, with information about the graves. These particularly are especially desired in a strip in the Catholic cemetery 200 feet in width across the grounds, at a distance of 150 feet from the fence on the west side.

WILL PROBABLY MOVE TUESDAY.  
 The Duluth, South Shore & Atlantic Railway company's station employees here expect to take possession of the new union depot next Tuesday, the 20th. The last of the interior work will be finished within a day or two. The telegraph operators will be permanently located in the ticket office, but the freight and express offices will remain in their present quarters until some

time next spring, after the old M. H. & O. depot is moved to the new location and remodeled.

#### LOCAL LACONICS.

Mr. and Mrs. George Reichel are the parents of a son.  
 Mr. and Mrs. Alexander Maitland are spending a few days in Chicago.

Will Ellis is down from Proctor, Minn., to spend the holidays with his folks.  
 A number of Negaunee people will attend Rev. M. Gillies' lecture this evening at the Ispheming theater.

Captain James H. Rough left Wednesday night for Ironwood, where he will spend a few days for the Cleveland Cliffs Iron company.

Ed Davison, who is employed by the Bell Telephone company here, will leave today for Detroit, where he will spend Christmas with his mother.

Will Wagner of Cleveland will be at Perkins' store today, with a fine line of jewelry. The public is invited to see the display.

Mesdames J. H. Winter and C. L. Sporley entertained the members of the Luncheon club to which they belong yesterday afternoon at their homes.  
 About four inches of snow fell here Wednesday night. The snowplow on the street car line was put out early in the morning to clear the rails.

The barbers of Negaunee have agreed to keep their shops open until 9 o'clock on Thursday and Friday evenings of next week, and close all day on Monday, the 20th, and Monday, Jan. 2.

The Duluth, South Shore & Atlantic Railway company has removed a considerable quantity of snow from the yards here during the past few weeks. The Chicago & Northwestern company has had to haul out only a few carloads.

The hanger on the baggage car on the Chicago & Northwestern passenger train from the south, arriving here yesterday morning, was broken and the car was side tracked. It was later taken to Ispheming, where it will be repaired.

The Francis Greene Stock company presented "East Lynne" to a packed house Wednesday evening at McDonald's Opera House. Tonight's bill will be "The Oil King." Tomorrow afternoon the company will produce "The Old Homestead," and in the evening "The Way of the World."

The funeral of the late Silas Savalaime, the young man who was killed at the Rolling Mill mine Wednesday morning, will be held this afternoon from the home of his brother, Tamis Savalaime, at the Rolling Mill location. The remains were transferred from Undertaker Dave's morgue yesterday.

J. P. Freely, a dry goods merchant of Duluth, was in Negaunee Wednesday looking for a location to open a branch dry goods store. He said that he did not find a suitable place, but he stated that he would probably return within the next few weeks to make a more thorough search for a store room.

Makes a Violin—  
 C. F. Kniesly, of Sagola, Dickinson county, has just finished making a violin. The back and sides are of birdseye maple and the top of spruce. The instrument has an exceptionally fine tone.

Will Remain in Escanaba—  
 Albert Langenbach who has been one of the central figures in the Calumet Chemical works, has not disposed of his interests in that company, and will not leave Escanaba, as has been reported. Mr. Langenbach still holds a controlling interest in the company and will be in active charge of the business. He has associated with him as stockholders some of the leading business men of the county who have purchased the stock formerly held by Joseph Corvair.

River Takes Heavy Toll—  
 Since August of last year the Sault Ste. Marie lodge of Odd Fellows has lost five of its members by drowning in the St. Mary's river. Ed. Norris perished while attempting to board his launch from a steamer on which he had collected the laundry; Charles Brown fell from a dredge while dipping up a pair of water; Robert Steele fell overboard from his launch while towing a raft and got his foot entangled in a line; and Joseph Boyer and Andrew Harwood lost their lives in the recent collision between the tug General and steamer Athabasca.

Creditors and Wife Get After Him—  
 Alfonse Derocher is in a peck of trouble, says the Escanaba Press. Alphame was a merchant at Schaffer, Delta county, until two weeks ago. Then he went west and since then his creditors have been busy looking after his property. Attorney A. H. Ryall has held an attachment against the Derocher goods and Mrs. Derocher is asking for a divorce. The Derocher belongings around Escanaba amount to more than \$12,000. His wife asks alimony, attorneys' fees and a part of the estate. According to the divorce document Mrs. Derocher says her husband is guilty of extreme cruelty. Her name is Odelle Derocher. She and her husband have been living at Bark River.

Boy Skater Near Death—  
 While skating near the water company's pumping station at Escanaba, John Meiers, a barber's apprentice, employed at the shop of George Walker, broke through the ice and narrowly escaped being drowned. But for the fact that the young man was accompanied by Edward Berube, who promptly went to his assistance, Meiers would, it is believed, have lost his life. Leaving the crowd of skaters hunched off Deansman street Meiers and Berube skated toward the point where open water was seen. Meiers ventured too close and striking thin ice broke through. He floundered about in the water until Berube, lying flat on the ice, was able to approach near him on the ice, was able to approach and he was finally pulled to safety.

HUNTER HAS RABBIT RECORD.  
 Dadin, Ill., Dec. 15.—The past week saw all previous records for rabbit shipments from this section of Illinois broken. Hundreds of the elusive cottontails have been killed in Saline, Franklin and Perry counties and shipped to New York for disposal. One hunter near Galatia succeeded in bagging 110 rabbits in a half a day. Today's shipments to New York were nearly 200 barrels, principally from Eldorado, Galatia and Thompsonville.

# TEN PLEDGE \$100 EACH TO CAUSE

### At Enthusiastic Meeting of Commercial Club Last Evening, Movement Was Started for Systematic Advertising and Expansion of City of Marquette.

### Subscriptions Made on Condition That a Total of \$5,000 Be Raised Before March 1—Plan is to Employ a Paid Secretary of Experience and Training.

A movement that bids fair to mean a bigger and better Marquette was launched at an enthusiastic meeting of the Commercial club, held at the Marquette club last evening. The meeting was called primarily to discuss the advisability of employing a paid secretary to this city, a plan which has been adopted with remarkable success by many Mississippi valley and western cities. It was the unanimous sentiment that a man, technically trained in this particular line of work, should be employed by the Commercial club, if the organization is to accomplish anything worth while, and ten of those present subscribed \$100 each toward the necessary funds, provided a total of \$5,000 is raised before the first of next March.

Carl L. Zimmerman, a young man who has had wide experience in the advertising and industrial promotion of cities, was present and gave a highly interesting talk on what had been accomplished and was being accomplished in other places. Mr. Zimmerman emphasized the necessity of organized effort and gave some very valuable advice, taken from the experience of other cities. He stated that advertising in magazines had proven one of the best methods of obtaining the names of persons who might be interested in locating in a given city, but that it was necessary that this advertising be scientifically done and that it be followed up in a business-like way. He also laid stress on the necessity of having concrete facts about a city and its surroundings in such shape that an inquirer could get direct and complete answers to his questions. He recommended getting out literature in such shape that a farmer, a manufacturer, or any other prospective resident could be sent pamphlets bearing on the particular subject in which he was interested. Mr. Zimmerman also argued against offering free sites or bonuses to prospective manufacturers, which, he declared, was a practice that was out of date. As to the value of proper advertising, Mr. Zimmerman gave some interesting statistics taken from the experience of Dallas, Tex.

**Grand Traverse Organization.**  
W. P. Belden, of Ishpeming, was expected to address the meeting last evening, but he was called to Chicago unexpectedly and could not be present. In

his absence, J. R. Van Evera gave a short talk, in the course of which he explained what was being done by the Western Michigan Development association, with headquarters at Grand Traverse. Mr. Van Evera visited that city a short time ago and found that a few contiguous counties had banded together to push horticultural development and that much was being accomplished. He found the organization to be in charge of a live young man, who had all the advantages of the district at his tongue's end and was a hustler in every way. Mr. Van Evera cautioned against inducing industries to locate in Marquette, to the success of which the city was not by nature adapted, and cited several examples to show that such mistakes had already been made. He was of the opinion that one of the most important duties of a club secretary, in case such a man should be employed, would be to investigate the desirability of prospective industries. He also advised against any attempt to "boom" the town, which has spelled ruin for many cities, but was heartily in favor of anything that meant a steady, healthy growth. He stated that the small increase in population that Marquette has had in the past decade was due entirely to the Pioneer Iron company having been established here, and argued that every such solid manufacturing plant meant dollars and cents to every loyal citizen of Marquette.

**Subscription List Started.**  
Following these talks, there was a general discussion of the subject under consideration in which many of the large attendance present participated. A. E. Archambeau moved that a committee be appointed to canvass the business men and others to see how much money could be raised toward promoting the interests of the city. A. E. Miller and Mr. Van Evera favored something more definite and believed that if the right man for the secretary's job could be found, that the money could be raised to supply the "sineews of war."

After considerable discussion, in the course of which E. C. Bridgman recounted how the Jackson Chamber of Commerce had been born at an informal meeting of eighteen men, who agreed to contribute \$100 each to the cause, some one asked all present who were willing to give \$100 each to advertising and promoting the interests of Marquette, provided \$5,000 were raised before March 1, to raise their hands. Eight men at once responded and before the evening was over two more had made a similar pledge, making the total amount subscribed last evening \$1,000, with assurances that the amount could be more than doubled within a few days. Those present went home enthusiastically certain that the required \$5,000 will be raised within the next sixty days. Of this amount, it is planned to expend about \$2,000 to secure an experienced secretary and the balance in giving him funds with which to work.

At the close of the business session, adjournment was taken to the dining room, where an appetizing lunch was served, after which there was more discussion along the same general lines. When the meeting finally broke up the feeling was general that a movement had been started which meant everything to the future growth of this city.

**Upper Peninsula Fair.**  
An upper peninsula fair about which there has been a great deal of discussion since the early fall, was another matter given attention at the meeting

last night. John D. Mangum read a number of letters from prominent men in all parts of the peninsula, all of whom expressed themselves as heartily in sympathy with the movement and willing to do everything in their power to help it along. In this connection, some of the letters also suggested the desirability of the upper peninsula being represented at the land show in Chicago next fall, and Postmaster Kern, of Menominee, wrote that Menominee county would be glad to send a delegation to a meeting in Marquette, the purpose of which would be to organize for an upper peninsula exhibit at the Chicago show.

## Dictate a Telegram from Your Telephone

### Public Gets Improved Service as Result of Merging of Western Union and Bell Co.

Changes which greatly add to the convenience of communication and correspondence were put into operation last night by the Bell Telephone company and the Western Union Telegraph company. Under the new system, if you wish to send a telegram to Kalamazoo or a night letter to Australia, take off the telephone receiver and when Central answers simply say, "Telegram."

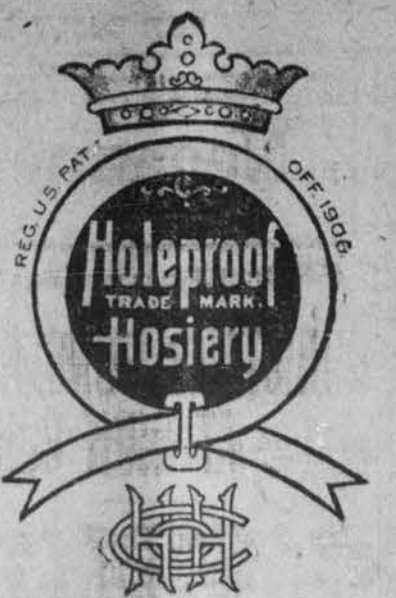

The telephone company and the Western Union have just completed their arrangements for this cooperation of service to the public. The nationwide convenience will be made possible because President T. N. Vail of the Bell system got control of the Western Union about a year ago. Since that time he has been working out these plans of extending the service so that every person who has this telephone can send or receive a telegram at any time of the day.

Nine all night telegraph offices will be in operation hereafter, one being at each of the following points in Michigan: Detroit, Jackson, Grand Rapids, Kalamazoo, Port Huron, Saginaw, Petoskey, Escanaba and Marquette. These have been located in scattering sections of the state, so that each district will be able to get the lowest telephone rate possible to the telegraph office in a nearby city, which is not closed during the evening.

For instance, here is the way the new system will work out: It is midnight in Negaunee, and the local telegraph office is closed. You desire to telegraph to Chicago. Simply say "Telegram" when Central answers your call, and immediately she will connect you with the Marquette Western Union office, as that will be the nearest all night station in this section of the state. Then to the operator there, you may dictate your message, and immediately it will be sent to Chicago. All it will cost you will be the usual fee charged for night telegrams.
