

IS A 'WEIGHTY' PROBLEM FOR CABINET HEADS

Whether the Clerks at the Nation's Capital Shall Labor Seven or Seven and One-Half Hours Is a Question Perplexing the President's Official Family.

Mr. Taft Authorizes the Longer Day in the Interest of Economy, but Whether It Will So Work Out His Advisers Disagree.

Washington, Dec. 16.—President Taft today authorized the members of his cabinet to increase the working hours of the various department clerks in Washington by requiring them to report half an hour earlier in the morning or remain half an hour later in the afternoon.

Doctors Disagree Over Walsh's Health. Washington, Dec. 16.—John R. Walsh's application for pardon is marking time in the department of justice while a dispute over the state of his convicted partner's health is being settled.

Weather Bureau Chief Accused. Washington, Dec. 16.—James Berry, who resigned as a division chief of the United States weather bureau last August, "under circumstances that left the other members of the bureau," has addressed a letter to President Taft, charging Willis L. Moore, chief of the weather bureau, with "gross mismanagement, extravagance and irregularities in the conduct of the affairs of the weather bureau."

Uncle Sam's Sealing 'Is Profitable. Washington, Dec. 16.—By doing its own sealing in Alaska, the United States government has profited this year more than three times as much as it ever did in any single year when the sealing privileges were rented to a commercial company.

COMMERCE COMMISSION TO PROBE EXPRESS RATES.

Baltimore, Dec. 16.—A letter received today by a well-known Baltimorean shows that within a couple of weeks the commerce commission will begin an investigation of the rates and charges of express companies operating throughout the United States.

SAYS WAR SCARES ARE MANUFACTURED

They the Production of Armament Dealers, London Man Tells Peace Conference.

Washington, Dec. 16.—That the war scares are largely inspired by "armament contractors, who ultimately would drag the various countries into the bankruptcy court," was charged by Francis W. Hirst, editor of the London Economist, in an address before the international conference of the American Society for the Judicial Settlement of International Disputes tonight.

Not a New Idea. Mr. Clark also said: "The assumption growing out of ignorance in certain quarters, that Mr. Taft or Mr. Cummins or any other Republican has discovered something new in tariff revision by the separate schedule scheme, is preposterous. As far back as the Fifty-second congress, Chairman Springer introduced separate bills for separate schedules and even for particular items."

CHAMP CLARK MAKES PUBLIC HIS PLATFORM

Speaker-to-Be Favors the Appointment of the House Committees by a Committee and Believes That Revision of the Tariff Should Be by Schedule.

He Does Not Care the Snap of His Fingers to Exercise the Power Now Lodged in "Uncle Joe"—Is Looking to the Campaign of 1912.

Washington, Dec. 16.—Representative Champ Clark of Missouri gave out a statement tonight, outlining his platform as prospective speaker of the Democratic house of the next congress. He proclaims himself in favor of the appointment of the committees of the house by a committee rather than by the speaker and states his belief that the tariff should be revised by schedule.

Not a New Idea. Mr. Clark also said: "The assumption growing out of ignorance in certain quarters, that Mr. Taft or Mr. Cummins or any other Republican has discovered something new in tariff revision by the separate schedule scheme, is preposterous. As far back as the Fifty-second congress, Chairman Springer introduced separate bills for separate schedules and even for particular items."

Mr. Clark declares that he is heartily in favor of inviting to the caucus all the Democratic members-elect. Then he says: "As to the mode of selecting the committees in the event of my election to the speakership, I would not care the snap of my fingers to exercise the power of appointing them."

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY
THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich. MARQUETTE, MICH., DEC. 17.

Only seven more shopping days.

As might have been expected, the Detroit Free Press and the Detroit Journal are in a virtual agreement as to what killed Tom Navin.

Yes, it probably was Lafe Young's swan song. When one thinks over what has been manifested regarding the political temper of the Iowans it must be admitted that it read like a swan song.

Congratulations, Jim Helme; in time of tribulations it is a fine thing to have the home friends stand by you and the home friends in the Michigan grange are standing by the great and only Jim in a manner that is quite exceptional. They're for Jim first, last and all the time, and the National grange can go hang for all of them.

Asked by the Detroit News for a statement in regard to the death of the late Tom J. Navin, Governor-elect Osborn wired as follows: "I do not care to make any statement at this time beyond the fact that Mr. Navin was in full accord with my desire to accomplish certain reforms. The last words he said to me were that he believed in my sincerity and good intentions and would help me in any way that was in his power. He did not die from a broken heart. He was too brave a man for that. I deeply deplore Mr. Navin's death."

Many sporting clubs have already elected delegates to attend the meeting of upper peninsula sportsmen at Marquette on the 20th, and much interest is being shown in the purpose for which it has been called. The local organizations in a number of cases have met and canvassed the situation, deciding on the present that they will advocate. The present promise is that the gathering will be both large enough and representative enough to warrant it in speaking for the upper peninsula. And if it does this in no uncertain voice it can be depended on that the legislature will give heed to what it has to say.

Arthur J. Tuttle, senator from the Ingham district, is said to be in line for a federal office, and the one he is said to be willing to accept is the appointment of federal district attorney in place of Frank Watson of Orosco. Mr. Tuttle is one of the men to whom Representative Townsend is indebted for valuable assistance in his successful candidacy for senator. He accompanied Mr. Townsend on his speaking tour and was one of his closest advisers throughout the campaign. When Messrs. Townsend and Smith take up the task of apportioning the good things, it is regarded as a matter of course that the former will insist that something be laid aside for Tuttle, and a federal attorneyship would certainly be an attractive office for him.

The Soo is in line for more congratulations. The delegation of its citizens who put the matter up to the war department succeeded in obtaining a modification of the order in regard to the shutting off of the water at the Lake Superior company's power canal, and instead of an immediate suspension of the carbide works and other employing industries there they are going to continue steadily in operation, under the more liberal ruling of the war department. The business interests at the Soo are much pleased with this disposition of the matter, as the interruption of industry that would have followed on any suspension of the water power service at so early a date for three months or more would have been a serious matter for them.

The telegraph companies are making great efforts to educate the public to a more liberal use of their lines for general purposes. They are taking the right way to do it, too. There is nothing that promotes business and trade like good value and compared with the old service there is certainly exceptional value in such innovations as the night letter service. It has resulted in giving the companies business that they would not otherwise get and has, besides increasing revenues without any proportionate increase in the expense, served to impress the public with the idea that the companies plan to give it the best service they possibly can. The best asset any public service corporation can have is popularity and the innovations of the telegraph companies of late have certainly been making for their popularity. One of these days they will take up the important detail of organizing a fairly efficient messenger service and then, perchance, they may become the most popular public service corporations in the country.

Barring Lafe Young, Senator Hale and a few others of whom they appear to be the most distinguished prototypes, there is now rather general agreement that there are lots of bad spots in "the best tariff ever enacted by the Republican party" and that the more progress made within the next few weeks toward outlining an effective way to improve the measure where it is deficient the better will be the Republican party's chance to "come back" in 1912. Nothing can be more illuminating than the way men like Senator Aldrich and Senator Lodge have come around to this way of thinking. There is virtual agreement on the principle of piecemeal revision, with the definite and scientific knowledge that a permanent commission is able to throw on individual schedules to draw on. The only difference now existing between the great body of Republican representatives and senators is over the matter of details.

The people's dances that have been a feature of civic activities in Milwaukee the past few weeks have met with such a large measure of success that they have created a problem of their own. They have grown so large that it is no longer possible to give them the proper supervision in the large halls in which they have been held and this opens them up to some of the objections of the dance hall, whose place they were expected to take. These dances are of course public and are open to every well-behaved and apparently moral person. But there are many well behaved and well-dressed persons who are not the kind of persons the organizers of these public dances desire to have attend, and who are not the sort that the parents of decent girls desire them to associate with. In a hall where the floor is occupied by several hundred, if not several thousand, dancers it is impossible to exercise the amount of supervision that is necessary, and it is now planned to hold more of the public dances and to hold them in smaller halls, where it will be possible to guard against the presence of undesirable persons. The dances have been so successful that their originators feel that they should be continued, with the modification suggested. There is a genuine interest in them, and there would be much regret among those who have observed the way they have worked out if they were to be given up.

The Pullman porters are petitioning the company in whose employ they are for an increase in their wage scale to \$45 and \$50 a month, according to length of service. They represent that a growing sentiment against tipping has resulted in a marked decrease in their incomes, which, coupled with the high cost of living and the expenses they have to meet in connection with their positions, makes it difficult for them to get along. In pursuance of its policy of making the public which already pays very generously for the use of the accommodations of the sleeping cars also defray the cost of the service necessary in them, the wages of the porters have been fixed away below the expense that a self-respecting man must meet in order to live in any condition approaching decency. The Pullman porters have been paid at the rate of eighty-three and a half cents a day. Their tips have, under these circumstances, not been tips, in the proper sense of the word, but that part of what would be fair wages that they have been compelled to levy on a public that had already paid for the service they tendered. This saving at the expense of the public of an item that should properly be charged to cost of operation accounts for no small amount of the excessive earnings of the Pullman company. Under the circumstances, the demand of the company's porters does not appear to be an excessive one. Certainly it appears that the company ought to be able to put up more than eighty-three and a half cents a day toward what would make a living wage for this class of its employes.

A COSTLY FAILURE.
The attempt of the anti-La Follette faction to defeat Senator La Follette and to nominate a set of state officers in the Republican primaries in Wisconsin was a costly failure.

The preliminaries to this fiasco are still fresh in the public's memory. The anti-La Follette faction first baited the voters with President Taft's name. They dubbed themselves "Taft Republicans," and in some manner induced the president to make the error of recognizing them as the simon pure Wisconsin Republicans and to send Vice President Sherman to a conference they held in Milwaukee, at which several hundred anti-La Follette delegates were present, to deliver the kind of an address that they wanted to hear. Sherman was received with great enthusiasm. The sentiments he gave utterance to were wildly applauded. The "Taft Republicans" organized and prepared to sweep everything before them. Extensive lists of former La Follette men who had reneged on their old leader were published; former State Chairman Connor was persuaded to take over the management of the anti-La Follette campaign; Cook was groomed for the senate; Fairchild for governor. The Milwaukee Sentinel and the Milwaukee Free Press promised to do the heavy weight newspaper work. A smashing big campaign fund was raised and it seemed, from the viewpoint of the anti-La Follette chieftains, to be all

over but celebrating the final downfall of the once potent Little Bob.

What happened was of a nature to persuade President Taft that it is bad policy for presidents to allow their names to be dragged into factional state fights and perhaps gave him an inkling of what was in store for November. The "Taft Republicans" were routed, foot, horse and dragons. The only office they landed out of the wreck was the one of attorney general and they only got that because the La Follette candidate killed himself in the course of the primary. La Follette got a majority somewhere in the neighborhood of 100,000, and McGovern was a handy winner over Fairchild, the "Taft Republican."

The La Follette forces accumulated a large majority in the legislature. There was no jot or tittle of comfort in the results for the ill-advised fathers of the "Taft Republican" movement.

And what did it cost the "Taft Republicans" to accomplish this great fiasco? Figures made public this week tell the tale. There was expended by the committee of which Mr. Connor was the head \$114,219.50. That is considerably more money than the Republican organization in New York had to run its whole campaign with. Against it the expenditures by the La Follette organization proper were trifling in amount, and all through the campaign Senator La Follette was a sick man and took no part in the work being done in his behalf. It is unfortunate that the Wisconsin law does not call for an accounting of the contributors to these funds. It would possess a certain interest to observe where all this money put up to defeat La Follette came from. Doubtless the name of Uncle Ike Stephenson would have a prominent place in the list.

It all goes to show how fruitless it is to try and bull anything through against the will of the people, and how strongly entrenched in politics a man is who builds on the people. Even his mistakes and his shortcomings are forgiven him if the idea is held that he is sincere, honest and devoted.

 C. H. Farmer, of Grand Marais, was
 in the city on business yesterday.
 Marous A. Palola and Tyne A. Maki,
 of Princeton, were married yesterday
 by Justice Byrne.
 Some of the boys and girls of the
 Eighth grade, Ely school, enjoyed a
 sleighride party last evening.
 The Normal school closed yesterday
 for the holiday vacation and all of the
 out-of-town students left for their
 homes.
 Mrs. Otto E. Arnold, of Iron Moun-
 tain, is in the city for the holidays, the
 guest of her mother, Mrs. Marie J.
 Huillier.
 The annual banquet of the Marquette
 County Bar association will be held in
 the Marquette club at 7 o'clock, Wed-
 nesday evening, Dec. 28.
 Miss Ruth Stafford is expected home
 from Wellesley this morning to spend
 the holidays with her parents, Mr. and
 Mrs. E. O. Stafford.
 The usual Saturday night dance will
 be given this evening in Fraternity Hall
 by the Superior orchestra. Next Sat-
 urday night being Christmas eve, no
 dance will be given.
 The Young Woman's guild of St.
 Paul's church will hold a sale of fancy
 work, dolls, aprons, etc., in Morgan Me-
 morial chapel this afternoon from 1:30
 to 6 o'clock.
 Miss Mabel Russell arrived home yester-
 day afternoon from Sanford, Me.,
 where she has charge of the depart-
 ment in the public schools. She was
 accompanied by Miss Edith Russell, who
 has been visiting the past several weeks
 in Boston and Brooklyn.
 The grand march will be one of the
 features of the Owls dance at Fraternity
 Hall Dec. 26. The march will be led
 by two great Owls and is expected to
 be one of the prettiest marches ever
 put on in this city. It will take place
 at 10:30 p. m., and the public is invited
 to be present.
 S. B. Bowron has been called to
 Roberts, Wis., by the death of his
 mother, Mrs. Jessie B. Bowron, who
 has visited here frequently and has
 many local acquaintances. Mrs. Bowron
 passed away at the home of her daugh-
 ter, Mrs. H. H. Milbee, at Marshfield,
 Wis.

Death at Yalmar—Mrs. Arthur Joss-
 lin, of Yalmar, passed away Thursday
 evening after a brief illness at the age
 of twenty-seven. She leaves a husband
 and four children, the youngest of whom
 is only a little over a week old. The
 funeral will be held this afternoon at
 2:30, with interment in the German
 cemetery at Yalmar. The deceased was
 the daughter of John Levke, of Man-
 gum.

Open Sunday Afternoon—For the
 convenience of persons wishing to send
 Christmas packages by mail, the
 Marquette postoffice, registry depart-
 ment, will be open Sunday afternoon
 from 3 to 5 o'clock. Outgoing Christ-
 mas mail has been coming in at the
 postoffice at a great rate for the last
 few days, a few packages are coming
 in from outside points, which are being
 delivered by the carrier.

Turkey Shoot Christmas—A turkey
 shoot will take place Christmas morning
 at the Town and Country club, in
 which everybody is invited to partici-
 pate. The contests will consist of off-
 hand rifle shooting and the shoot has
 been so arranged that no one can carry
 off more than one turkey. At a recent
 meeting of the gun committee of the
 club, A. C. Richards was elected rifle
 captain and it was voted to hold a reg-
 istered trap shooting tournament next
 summer.

Four Prisoners Received—Four pris-
 oners were enrolled at the Marquette
 prison yesterday, having been brought
 up from Kalamazoo county by Sheriff
 Campbell and Deputies Shafis, Fair-
 child and Burke. Two of them were
 Greeks, aged twenty-one and nineteen,
 who were convicted of murder. One
 has a life sentence and the other from
 twenty to forty years. Harry Davis
 and Wilbur Johnson, negroes, were the
 others in the party. These two are
 under sentences of from five to fifteen
 years for highway robbery.

Water at Electric Plant—There has
 been sufficient water flowing in Dead
 river to operate the plant though the
 reserve in the dam is being lowered a
 little every day. By shutting off the
 plant on Sunday, it is hoped that the
 dam will be replenished sufficiently to
 carry the plant through next week, but
 this cannot be stated with any cer-
 tainty. With the colder weather the
 reduced more rapidly than during the
 milder weather early in the week.
 Superintendent Rettalle hopes to be able
 to give the city full service until after
 Christmas but with the January and
 February zero weather, it is feared that
 the plant cannot be operated full time.

Note Case Appealed—The case of
 Tillinghast, receiver of the First National
 bank of Ironwood, against A. W.
 Peterson, of the same city, which was
 decided in favor of the plaintiff at the
 October term of United States court,
 has been appealed to the United States
 court of Appeals by the defendant.
 After hearing the evidence in this case,
 which involved payment of an "accom-
 modation note" for \$3,000, Judge Deni-
 son directed the jury to return a verdict
 in favor of the plaintiff. The defen-
 dants in their bill of exceptions main-
 tain that the judge was in error in mak-
 ing that order.
Boys Shooting Carelessly—Citizens are
 complaining that the boys in their zeal
 to kill sparrows, on which a bounty of
 two cents each is now paid, are shoot-
 ing within the city limits and commit-
 ting other depredations in defiance of

BOUGHT IN MRS. TAFT DOLL.

Mrs. E. N. Breitung Carried Away Choice Trophy from Xmas Auction.

When Mrs. E. N. Breitung returns to Marquette next week to spend the holidays she may bring with her the Mrs. Taft doll, one of the greatest prizes offered at the annual Christmas doll auction held at the Plaza Hotel in New York this week, under the direction of Frederick Townsend Martin, one of the leaders of the swaggar New York set. The proceeds of the auction, which were great, went to the fund to provide Christmas dinners for the poor of the great city. The New York American says of Mrs. Breitung's purchase:

"The doll, which Mrs. William Howard Taft, the president's wife, decorated and donated, was, of course, the 'star' of the collection, the most sought for among all the 170. Bidding on this was very lively from the very first. It was bid in for \$130 by Mr. Martin, acting for Henry C. Frick. Mr. Frick generously redonated the baby—whose name proved to be Alice—to the fund. It was put up for sale again, and this time was carried off for \$130 by Mrs. E. N. Breitung, making a total of \$260 for the doll. "Mrs. Breitung also got a 'surprise' doll, which created no end of amusement among the fashionable folk present. This was a miniature representation of Mr. Martin himself, called 'Little Freddy,' which Mrs. George G. Heye brought to the auction room. Mrs. Breitung got 'Freddy' for \$65, redonated him and then she liked him so well that she purchased him over again for \$21. When she left the Plaza for the theater, she had 'Freddy' and 'Alice' with her in her motor."

The article is accompanied by an admirable picture of Mrs. Breitung, who, with Mr. Martin and Lord Deedes, whose engagement to Miss Vivian Gould, daughter of Geo. J. Gould, was announced this week.

PRESBYTERIAN CHURCH MEETING.

Members Will Consider Matter of Calling a Pastor Sunday Night.

A meeting of the First Presbyterian Church society of Marquette has been called for tomorrow evening, at which the question of calling a new pastor for the church will come up for consideration.

At this meeting all persons who have been regularly received as members of the church, and are in good standing therein, and all persons of full age who for the next preceding six months have been regular attendants upon one or more of the regular meetings of said church for public worship and who have during such time regularly contributed to the expenses of the public worship of the church are entitled to vote upon any question brought up for consideration, and it is expected that there will be a large attendance at this meeting.

Rev. M. M. Allen, of Ishpeming, who was appointed by the Presbytery of Lake Superior, as moderator of the session of the Marquette church, will act as moderator of this meeting, preceding which there will be held the regular evening service, at which Mr. Allen will preach.

LIVELY CONTEST IS IN PROSPECT

Wellknown Ishpeming Teacher May Seek Office of County Commissioner of Schools.

There promises to be an interesting contest for the nomination for county commissioner of schools at the Republican county convention next spring, between Albert E. Sterne, the incumbent, and Miss V. Winifred Lacey, of this city. Although the latter has not yet announced her candidacy, she is being very strongly urged to enter the race and it is expected that she will seek the office. During the past month Miss Lacey has received a number of encouraging letters from friends in the county, who have offered to support her, and she says she will soon announce whether or not she will become a candidate.

Miss Lacey has held the position of principal of the Cleveland school for several years past, and she is recognized as one of the most efficient instructors in primary work in the upper peninsula. For some years past during the summer terms she has been instructor in primary methods at the Northern Normal, and her work has been highly commended by teachers, as well as students.

Mr. Sterne, who has held the office of commissioner for seven or eight years past, has secured some strong endorsements for re-nomination. He has secured the signatures to his petition of members of the board of supervisors and of the boards of education in the various townships of the county. He has also received the endorsements of several of the school superintendents, as well as many of the prominent business and professional men. Mr. Sterne has given the county good service, and he intends to make a stiff fight to retain his position. Next spring will be the first time that the office of county school commissioner has been voted upon by the people of this county, the appointment having previously been made by the board of supervisors.

Miss Lacey recently consented to write a series of articles on different subjects on primary school work for "The American Primary Teacher," published monthly in Boston. The columns of this publication are devoted almost exclusively to the interests of the teachers, and it has a large circulation, it being conceded to be one of the best papers of its kind published in the United States. The December issue contains the first of Miss Lacey's articles, together with her picture.

The article occupies five columns of space, and it is well written and interesting. Miss Lacey writes on the duty of the teacher to the children. She says that the teacher, especially one engaged in primary work, never feels more deeply the great responsibility of her

calling than when she stands face to face with a roomful of little children. She says that the old saying "As the teacher is, so is the scholar" in many instances proves true, so that the primary teacher cannot be too particular in the manner in which she presents herself to the pupils. The primary teacher holds in her hands the material of our future citizens, not only of this generation, but of many generations to come. In the moulding of the child the primary instructor must constantly keep in mind that the true value of the teacher is determined not by what they know, nor by their ability to impart what they know to the little ones, but by their ability to stimulate in others a desire to know and want to know, the writer says.

BASKET BALL AND ATHLETICS.

Now that the mid-season gymnastic exhibition at the Young Men's Christian association building is over, attention will be centered in the organization of basket ball teams in the different classes of the association and other indoor athletics. The junior class will organize a basketball and athletic league this evening the business boys will organize next Tuesday evening and the intermediates on Wednesday afternoon. Monday evening a pentathlon athletic meet of five events, participated in by the Seniors, will be run off.

SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrinkannels or woollens, or turn clothes yellow.

Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

RED CROSS SEALS.

Ishpeming and Negaunee People Urged to Use Them on Christmas Gifts.

The sale of Red Cross Christmas seals has been started in Ishpeming and Negaunee. They are designed to be placed on express or mail packages. The seals, a reproduction of which is here presented, will be sold at one cent each and they can be bought at Tylson's, Harwood's, Girzi's, Anderson's, Finnish Pharmacy, the Y. M. C. A. and the Marquette County Gas & Electric Co.

pany's office in this city and at Perkins, O'Donoghue, and Kirkwood's drug stores, in Negaunee.
The sale of the seals was started by the National Red Cross society, of which

President Taft is president. The sales began in 1908 and the seals are now being disposed of in all parts of the United States. In 1908 a sufficient number of them were sold at one cent each to produce \$150,000, and in 1909 the seals brought \$240,000. It is said that the seals have been in larger demand than ever before during the present year, and it is thought that the sum raised in 1910 will reach \$300,000. The officers

of the society have started out with the intention of raising at least \$1,000,000, which will be used for the establishment and maintenance of a tuberculosis hospital.
Our assortment of fancy hanging and stand electric lamps, electric irons, toasters and other articles in the electric line suitable for Christmas gifts is complete. Call and see them. Electric Equipment Co. 12-16-1f

Gladness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Senna. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

FROM MR. BRAASTAD.

To The Mining Journal: I have been asked to sign a petition protesting against the conducting of moving picture theater entertainments on Sunday, but I refused. In order that there may be no misunderstanding as to where I stand on this question, I wish to say that if a petition is circulated among the citizens of the city asking for the closing of all business that is being conducted on Sunday in violation of the law, I will quickly and gladly sign it. I am in favor of the general observance of the Sunday laws, but I do not care to go on record in an attempt to close one line of business and to permit another being conducted in direct violation of the state statute.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer lothered in any way by my old enemy lumbago." The People's Drug Store.

YOU CAN CURE THAT BACKACHE.

Pain along the back, dizziness, headache and general languor. Get a package of Mother Gray's Australian-Leaf, the pleasant root and herb cure for all kidney, bladder and urinary troubles. When you feel all run down, tired, weak and without energy use this remarkable combination of nature's herbs and roots. As a regulator it has no equal. Mother Gray's Australian-Leaf is sold by druggists or sent by mail for 50 cts. Samples sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

THE LAW BREAKERS.

Further Discussion of Moving Picture Theatre Question.

(Communicated).

An Escanaba paper has the following to say on the Sunday show evil, which is of special interest to us at this time, for which reason I pass it on, with a few remarks of application:

Judge Wagner, of Reading, rendered a public service, at a recent session of the juvenile court, when he declared that the lure of the moving picture show lay at the root of the bad boy evil. As a judge dealing with the boys who are taking their first lessons in crime and lawlessness, his words of warning should have weight. He very properly addresses himself to the parents where the real responsibility lies, if they do not do all in their power to do away with the evil. He says: "I am not in the least surprised that boys go wrong when their parents allow them to go to attractions of this kind. The parents are to blame and not the boys. Children should be kept at home in the evening and made to study their lessons and get their proper amount of sleep. The moving picture shows in this town would do for our boys." These are then the boasted educational agencies, which are to replace religion itself. These are the shows with which unprincipled men are to desecrate the Sabbath; which are to

be forced upon us against laws human and Divine. If it could be done it is enough to make the heart of any anarchist leap for joy. The truth of the matter is, too many parents themselves are in dire need of training and hence totally incompetent to train their children. They themselves attend cheap shows and theaters, where morality and religion are outraged, until their conscience become like alligator hides, impervious to appeal from the moral law. These are the ones who, Don Quixote like, gallantly and valiantly come to the defense of the poor innocent lawbreakers. Their religion may be summed up as this: Do as you please and take the consequences if you must. "Now, what difference, if any, is there between the picture shows, which the judge condemns, and those which will be presented to the youth of our town? Have we any show censorship? Is it not time for us to heed Judge Warner's warning? Or shall we rather heed the opinions of those interested financially, or that class of hangers on, always ready to sympathize with lawbreakers, and irregularities and ungodliness in all forms, because they do not believe in government, human or Divine. The evil connected with Sabbath breaking is proverbial; the warden of a certain prison once said: "Of all who come here ninety-nine out of every hundred started on the road that led to prison through Sabbath breaking and the things connected therewith." If the judge knows what he is talking about, and he ought to, can not these shows injure our young people fast enough, working six days a week, without taking the Sabbath also? A CITIZEN.

Beautiful Bermuda, "The Land of the Lily and the Rose"

SIX WOMEN WILL TOUR BERMUDA

ALL EXPENSES PAID BY THE DAILY MINING JOURNAL

FIVE DISTRICT PRIZES

14-Day Tour to the Bermuda Islands

ON TO BERMUDA

"The Land of the Lily and the Rose"

Where Is Bermuda?

Where is Bermuda? Everyone has heard of it, yet many well-informed people will be puzzled when asked that question.

The Islands are within 45 hours' sail of New York, by the fast and commodious steamships of the Quebec Steamship Company, Ltd.

When the Mining Journal trippers leave New York in late winter for Bermuda, leaving behind a snow-clad shore, with an icy wind blowing briskly, the crowd of people who come to see their fortunate friends off for more genial climes, stand shivering on the end of Pier 47, and watch with interest the big steamer pull out and turn her prow toward the south.

gradually wraps are laid aside by our happy tourists, and a grateful change in the quality of the atmosphere is experienced.

When the Gulf Stream is passed, both sky and water take on brighter and deeper hues. In the warm seas fly-fish may be seen sporting and skimming from wave to wave.

At last the capital of Bermuda, Hamilton, is reached—a charming picture as the steamer approaches the wharf. Its white houses, glistening in the bright sunshine, rise from the water front on a gentle eminence, and contrast pleasingly with the green foliage of many gardens.

On shore our contestants find that they have reached a land of matchless beauty and boundless hospitality. On all sides there is color. Many of the most brilliant blossoms and flowering shrubs of the Tropics are to be found at one place or another.

The broken coast line, the many enclosed harbors or sounds, the low rounded hills, the frequent glimpse of the wonderful blue of the Ocean, the lower grounds where mangroves and huge ferns flourish form so many exquisite pictures in every direction our happy contestants may go, that Bermuda is at once enthusiastically admitted to be worthy of the appellation often used to describe it—an Ocean Paradise.

Though Nature wears her most attractive aspect in Bermuda, the great charm of the Islands for our contestants is the varied life, the types one meets, the refined society and the characteristic hospitality everywhere experienced.

DIVIDED INTO FIVE DISTRICTS

A Trip for Each District

Open to women in territory surrounding the City of Marquette. No advantage to anyone.

Care Exercised to Insure Absolute Fairness

Although Marquette is the home of The Daily Mining Journal, its interests are with the adjoining cities as well. They have not been overlooked in this great plan.

Those fortunates will be selected entirely by popular ballot of The Daily Mining Journal readers. With them will rest the full decision as to who will be our guests.

Really Five Contests

Each district will, in reality, be a contest in itself. You are not confined to your own district boundaries to secure votes.

The announcements of the standing of the candidates will be made daily so that the progress of each can be carefully noted by the different contestants.

SHAFT WORK FINISHED.

New York Foundation Co. Has Completed Big Job on Mesaba.

What is declared to be the largest concrete shaft in the world has been completed at Hibbing by the New York Foundation company, which is now starting a crew at the Cleveland-Cliffs Iron company's Mas mine shaft here. The Mesaba range shaft was sunk for the Tod-Stambaugh company at its Morton mine, which it is expected will be one of the biggest shippers in the Mesaba district next season.

The Morton shaft is the deepest ever constructed of solid concrete. The walls are four feet thick and the inside dimension is twenty-one feet, making the total width twenty-nine feet. It is 185 feet deep and it is not only the deepest concrete shaft in the world, but unusual difficulties were encountered in its construction and it took several times as long to sink it as has been needed for any other concrete shaft ever put down.

Work on the shaft was begun by the New York Foundation company over a year and a half ago. Early in June of this year fresh difficulties were encountered, and it took nearly three months to sink the last nine feet. Since September the company has been doing repair work and on Thursday it turned over the shaft to the Tod-Stambaugh company. J. C. Fox, one of the Foundation company's ablest superintendents, was in charge of operations until August. He was succeeded by Superintendent G. R. Johnson.

Since starting the Morton shaft the New York Foundation company has completed shafts of similar kind at the Scranton mine, Hibbing, the Woodbridge at Buhl, the North American at Tower, the Marble mine at Marble, one at Deerwood, on the Cuyuna range, and is now constructing another at the latter place, in addition to the shafts it has sunk on the Marquette and Swanzeny ranges.

LOCAL LACONICS.

Michael Curley is here from Colerain, to spend the holidays with his folks.

Will Wagner, the jeweler, will be at Perkins' store until noon today.

Red cross seals are on sale at Perkins', O'Donoghue's and Kirkwood's drug stores, at one cent each.

The Negaunee green houses have already received many orders for flowers for Christmas delivery. Patrons are requested to place their orders early, to insure prompt delivery.

The employees of the Cambria and Lilly mines were paid yesterday. The men at the Rolling Mill property and the employees of the Oliver Iron Mining company's Regent mines, will be paid today.

It will be some weeks before the extensive improvements being made at W. J. Crane's dwelling, on Cyr street, are completed, and the new portion at the rear is as large as the original building. Men have been working at the dwelling for several months past.

The Negaunee Italian band will conduct a special hop tonight in the Scanlonian society's hall. Men will be charged fifty cents and ladies will be ad-

mitted free. Dancing will start at 8:30 o'clock, continuing until 12. Music will be furnished by the complete band.

At a special meeting of the Negaunee tent of the Lady Maccabees of the World, held last evening, a class of thirty-one candidates was adopted. Twenty-six of these are insurance members, and the other five are social members. The class was organized by Mrs. Cora Sunday, district deputy, assisted by local members. Mrs. Sunday will leave today or tomorrow for her home in the lower peninsula, where she will spend the holidays.

T. O'Callaghan of Norway, Mich., will give a lecture on Monday evening in Shea's hall on "Under Currents and Common Customs of Today in the United States." Mr. O'Callaghan says he is not a professional lecturer, but he believes that his address will be of much interest to his hearers, particularly the working men. The admission to the lecture will be twenty-five cents for men and fifteen cents for ladies and children.

The Negaunee business men who have put in special lines for the holidays expect a rush next week, especially after the last of the paydays, which will occur Tuesday, when the employees of the Hibbing estate mines will receive their checks. Most of the merchants have had a steady holiday trade this week, but there has been no particular rush. The merchants report that the people generally are buying substantial gifts, but there is also a good demand for toys.

The coroner's jury in the case of Silas Savolainen, who was killed at the Rolling Mill mine Wednesday morning, when he fell from the cage to the bottom of the shaft, a distance of 650 feet, returned a verdict of accidental death.

Six of the workmen riding in the cage with Savolainen when he fell away were witnesses. Their testimony was to the effect that the deceased was either stricken with heart disease or an affection of the brain, causing him to fall off the cage.

FAREWELL PERFORMANCE.

The Francis Greene Stock company will close a two weeks' engagement at McDonald's Opera house today with a matinee and night performance. That the performances given by the company have been satisfactory is evidenced by the excellent business done during the entire engagement. The company will follow the rule usually adopted by all theatrical companies and will lay off for a week before Christmas.

GET THE GENUINE ALWAYS.

TAKE CARE!

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." The People's Drug Store.

Irrigated Farm Lands in Fertile Valleys of Colorado, the World's Famous Health Resort THE OWNER OF THE LAND IS KING

The land of wonderful crops where there are no droughts, no floods. Long summer season and very mild winters. Delightful climate, deep rich soil, abundant water supply. This property is adjacent to the City of Pueblo, and but forty miles distant from the "Garden of the Gods," Colorado Springs, and in close proximity to the rich mining fields of Colorado, making this one of the very best markets in the west.

Ten Acres of this Land, it is claimed, will Produce as much as Forty Acres in most of the Eastern States and will maintain a family with comfort and profit.

WHICH IS THE BEST INVESTMENT ?	

The long summer and endless supply of water insures success with all products. Alfalfa is pronounced without reserve the most valuable fodder plant under cultivation. Its large yield per acre, its nutritive value and its highly fertilized qualities give it points of advantage that make it invaluable. It yields three to four crops per annum and cuts five to eight tons per acre annually, with a ready market of from \$8.00 to \$15.00 per ton. Farm horses work on it without grain; dairy cows give their richest milk; cattle, sheep, hogs, and poultry give best results here.

Get Busy, be a Land Owner.

Be Master of Your Own Situation.

This is an Investment, not a Speculation.

LAND BUYERS' EXCURSION.

Arrangements are being made for a land buyers' excursion to give people who intend buying an opportunity of seeing for themselves before purchasing just what there is to this irrigation project, as well as to learn what other adjacent similar lands are producing. In case you decide to purchase land your traveling expenses will be credited on the purchase price. If you are looking for land don't overlook this project. This land will yield enough to pay for itself in a few years. Wonderfully easy terms. Ten per cent cash, balance 20 annual payments at 6 per cent. Average price of land together with perpetual storage reservoir rights, \$150 per acre. The finest and best irrigated land in the west. Absolute title given to both land, water and water rights by the

MASS MEETING TO BE HELD TOMORROW

Church People to Take Steps to Put Stop to Violation of Sunday Law.

A mass meeting has been called for tomorrow afternoon at 2:30 o'clock in the First Methodist Episcopal church for the purpose of securing a definite expression of public sentiment against Sunday amusements, and particularly the operation of the moving picture theatres on that day. The question of Sunday amusements has been generally discussed here the past few weeks, since action was started against C. S. Sullivan, who five weeks ago tomorrow, opened his Royal theatre for the purpose of treating the Sunday. Three days ago a petition was circulated among the business men, protesting against Sunday amusements, and it is expected that the names of the signers will be read at tomorrow's meeting.

The Mining Journal has received the following communications relative to a meeting that was held Wednesday afternoon, also a copy of a petition, drawn up at that meeting, to be presented to the mayor, together with the program for tomorrow afternoon:

Pastors and Laymen Meets.
To the Mining Journal:—A meeting Wednesday afternoon of pastors and laymen at which the chief topic was Sunday desecration and the means of combating it, it was decided to hold a mass meeting at the First Methodist church on Sunday afternoon at 3:30 o'clock. This meeting will be a means of expressing a definite public sentiment on the question of operating public places of business for profit on the Sabbath day. It will also give the officers whose duty it is to enforce the law, opportunity to gauge the weight and force of the moral support they can expect to find in the carrying out of the law's intentions. It was the consensus of opinion among those present Wednesday afternoon that the mass meeting would afford a very good chance to crystallize public disapproval and would lead to definite action against Sabbath breaking, and in this particular instance again moving picture shows.

The churches of this city show a solid front in opposing the entering wedge of this Sunday dollar-making, youth-perverting show-business, and very properly leading in the fight against it. A petition has been presented to the mayor with over 100 signatures, reading as follows:

Petition to Mayor.
To the Honorable Mayor of the City:—We, the undersigned citizens, express our confidence in you and commend you to your effort to maintain the quiet conditions of our city on Sunday.

We deplore the attempt that is being made by the Film Trust and private individuals to force upon us Sunday theatres. We believe it will be out of the beginning of a wide-open town.

We believe that it is not only the duty of officers to prosecute and punish violations of law, but to prevent them when they have reason to expect that they will be made. We call your attention to 124 Mich., Page 311, Scoupage and Sweet, which we feel warrants you in summarily closing Sunday shows.

COMMITTEE.
A BAD MIX-UP.

Lawyers Called in to Adjust Difficulty for Owners of Livery Stable.

The affairs of the Newald livery, in the Johnson building, on Silver street, which has changed hands two or three times during the past few months, seem to be in a badly muddled condition, and no less than five lawyers have been employed to untangle the mess. The attorneys are Messrs. T. A. Thoren and Joseph Primeau, Jr., of this city, W. P. Biden, F. H. Berg and M. J. Kennedy of Ishpeming.

The mix-up is such a bad one that even the lawyers hesitate to try to explain it. The livery was originally owned by John Hakenjos, who some years ago sold out to D. E. Comstock. Hakenjos took a mortgage from Comstock on the building, but the mortgage was not discharged when Comstock last fall sold to Newald, a Chicago man. Newald, who at the same time purchased Charles Taylor's farm at Sands, entered into a contract with Comstock for him to take over the farm. In the deal between Comstock and Newald, Mr. Taylor received a mortgage on the livery outfit. Mr. Greenthal, who has managed the livery for Newald, who is his brother-in-law, owns outright part of the horses, and it appears that the mortgages held by Taylor and Hakenjos cover the rigs and the remainder of the horses. A short time ago Newald sold the livery to a Chicago man by the name of Breen through a commission dealer by the name of Pace. The latter claims not to have found conditions just exactly as they were represented, and he is largely responsible for the effort now being made to untangle the mix-up.

One of the lawyers said that perhaps

in a day or two it would be possible to give an accurate summary of the situation, but he was yesterday unable to say where the trouble began or where it will end. Mr. Comstock has been in the city the past few days endeavoring to straighten out his interest in the livery, and it was reported yesterday that he has arranged to discharge the mortgage held by Hakenjos, thereby letting him out of the deal.

LABOR TEMPLE TO BE DEDICATED TOMORROW

Mayor Seidel Will be the Principal Speaker at Opening of New Building.

The Labor temple, a \$20,000 structure now being completed on Tobin street, will be dedicated tomorrow. Two programs will be given, the first at 1 o'clock and the second at 7 o'clock. Hon. Emil Seidel, the famous socialist mayor of Milwaukee, will be the principal speaker in the afternoon, and the feature of the evening program will be an historic drama, "Daniel Hjort," in five acts. The story is founded upon events in the seventeenth century.

The exercises at the afternoon entertainment, with the exception of one address, will be in English. George Sivola, former first vice president of the diet of the Finnish parliament, will be

MAYOR EMIL SEIDEL.

the only Finnish speaker. Mr. Sivola has been in this country but three months. He is an instructor in the Finnish Working Men's college at Smithville, eight miles from Duluth.

The committee has sold several hundred tickets for the evening exercises at prices ranging from \$1 to \$10 each. The charge for the afternoon entertainment will be fifty cents. The \$5 and \$10 tickets include the turkey dinner to be served in the restaurant of the temple. The members of the Finnish socialist organization have been raising funds to assist in paying for the property for nearly three years past. Plans are now under way for a series of entertainments, to be given later in the winter and during the coming summer, the proceeds of which will go to the building fund.

The programs for both the afternoon and evening entertainments tomorrow are as follows:

- Internationale ..
- Negaunee Italian Band.
- International ..
- Labor Temple Choir with the Band.
- Address of Welcome ..
- Frank Aaltonen.
- Musie ..

CHRISTMAS PLANS OF THE SALVATION ARMY

Poor of City to Be Provided With Dinners and Contributions Are Solicited.

The local Salvation Army corps is making the usual preparation to provide the poor of the city with hearty, appetizing Christmas dinners and it is hoped that sufficient funds and supplies may be secured to send out dinners to fifty or sixty families. All reported cases of need are carefully investigated by the Army officers before help is extended, and contributors may rest assured that their donations will be distributed where they will do the most good.

Next Friday evening the Salvation Army Sunday school will give the annual Christmas entertainment. This has been a happy occasion for the poor children of the city in years past and the intention is to make this year's program no less enjoyable. An interesting program is in course of preparation. On Dec. 24, Saturday, arrangements are being made to have a Christmas tree for the poor children of the city.

The Christmas baskets will also be distributed next Saturday. Families who are not able to call for their baskets may have them delivered to their homes, upon making a request. Baskets will be given from 3 to 4 o'clock Friday afternoon from the Army barracks, and only those that must be delivered will be distributed on Saturday.

Letters have been sent out to a number of Marquette people setting forth the plans of the Salvation Army for Christmas, and asking co-operation in every way possible. Of course, the more generous the donations, the more abundantly will it be possible to provide for the worthy poor. Persons wishing to make donations of money, provisions or clothing, may either send them to the Salvation Army barracks on West Washington street or telephone 717-J, and your contribution will be called for. As for several years past, the pupils in the public schools have been asked to make Christmas donations, which will be distributed through the Salvation Army. The school children will bring their contributions to the various school houses next Wednesday, the last day of the term.

At the Salvation Army barracks tomorrow night a memorial service will be held in memory of the late Ensign Frank Corliss, who died a short time ago at Peoria, Ill. Ensign Corliss was at the head of the Army work in this city for four years, and while here he labored effectively and indefatigably for the cause. Ensign Corliss left Marquette three years ago, but his memory is dear to hundreds of Marquette people.

A large assortment of beautiful dolls will be on sale at Morgan Memorial chapel this afternoon at reasonable prices. 12-17-10

TRAIN STILL RUNNING.

Grand Marais Has Railroad Service Under Strange Conditions.

Though the owners of the Manistique railroad announced a month ago that the operation of trains between Seney and Grand Marais would be discontinued, a train has been run into Grand Marais every day since that time and citizens are coming to believe that train service will be continued, though officers of the company will make no statements one way or the other. The southern end of the line, from Seney to Curtis, has been sold to the Escanaba Lumber company. It is stated that the Seney-Grand Marais division has been doing a big business the past few weeks.

The situation is an anomalous one and what it portends is a mystery to everyone except the owners of the road. The company's officials will not state one day whether a train will be run the next day or not or whether any more trains will be run at all, yet the train keeps coming into Grand Marais every day. While a railroad operated on that principle is quite inconvenient from the passenger's standpoint, the people of Grand Marais say present conditions are much better than with no railroad at all. It has been suggested that the company is continuing to operate the road because of prospect of selling it as a going concern.

NORMAL CLOSED UNTIL JAN. 3.

Where the Instructors Will Spend the Holiday Vacation.

The Northern Normal school has closed for the holiday vacation and the winter term will begin Jan. 3. Christmas exercises were held in the training school rooms Thursday, with trees in the kindergarten, first and second grades. Most of the students and a number of the instructors will spend the holidays out of town, among the teachers in that class being the following:

- Mrs. Edie Rushmore left for Chicago Thursday evening.
- Miss Lillian S. Bill, fifth and sixth grade critic, went to Chicago last evening.
- Miss Margaret Gable, critic in the third and fourth grades, has gone to Maunkato, Minn., to spend the holidays.
- E. M. Parker, of the Latin department, left last evening for Chicago and Dowagiac.
- Miss Sophia Linton, of the music department, left last night for Plainwell, Mich., by way of Chicago.
- Miss H. J. Oltman, instructor in music, left yesterday afternoon for Grand Rapids.
- Miss C. E. Maxwell, of the history department, will leave for Deatur, Mich., early next week.
- Miss Margaret Buchly, head of the domestic science department, leaves for Chicago Sunday evening.

The remainder of the faculty will spend the holidays in the city.
