

Copper Country

CHARITY BALL WILL BE A GREAT SUCCESS

Portage Lake People Eager to Contribute to the Aid of St. Joseph's Hospital.

Probably the best pleased group of copper country people yesterday was the committee in general charge of the plans for improving the condition of St. Joseph's hospital, Hancock.

The movement is not going to stop with this charity ball. This will probably be made an annual charity ball for one thing and then, too, the hospital benefit movement will be so well organized that it probably will be reduced to an annual subscription basis.

The charity ball to be given Dec. 29 in the Amphidrome will be the biggest social event of the year in Houghton. The members of the committee are insisting on a big attendance.

That Suit for Libel Against the Postum Cereal Co., Ltd., Gave a Splendid Chance to Bring Out Facts

A disagreement about advertising arose with a "Weekly" Journal. Following it, an attack on us appeared in their editorial columns, sneering at the claims we made particularly regarding Appendicitis.

Plain common sense shows the better way is to stop food that evidently has not been digested. Then, when food is required, use an easily digested food, Grape-Nuts or any other if you know it to be predigested.

Or should the child be at once carted off to a hospital and out? We have known of many cases wherein the approaching signs of appendicitis have disappeared by the suggestion being followed.

ONLY A FEW DAYS MORE

And the Cable Piano Co.'s Greatest of All Sales Will Be a Thing of the Past.

Never Again Will Such an Opportunity Present Itself to Buy a High Grade Piano at So Low a Cost.

PIANOS FOR \$187.00 AND \$235.00 ON EASY TERMS

When we announced about two weeks ago that we were going to put on a big Piano Manufacturers' Clearing Sale here in Marquette, we expected and intended to get quick results but we did not anticipate the large volume of business that has been done.

PIANOS SELL THEMSELVES.

From all over the iron country piano buyers have come to investigate the bargains we are offering. They soon realized that every instrument in our stock is standard and has an established value based on its reputation and artistic quality; they also knew that the prices being made were far below the price these pianos have always sold for, and they did not hesitate to purchase at a saving of \$100 or more to themselves. Many pianos are now being shipped to various points in the iron country. Freight prepaid to out-of-town customers who, if it had not been for this unusual opportunity, would have waited long before buying.

DO NOT DELAY.

There is no good reason for further delay in making your selection. This sale will not last much longer, and our

stock is rapidly getting smaller. The coming of winter makes it desirable for you to own a piano or player piano for your own use. Cheer up your home with a little music.

We have attractions for you here, not only in the finest exhibit of pianos ever shown in the iron country but in the wide range of prices at which these pianos are offered.

THE MOST SATISFACTORY PLAYER PIANO YOU CAN BUY.

When we say that one of our Inner Player Pianos will give you satisfaction, we state what we have proven through our customers. After you have used an Inner Player there is no satisfaction in playing on any other player piano. It is by far the best of any of them. The numerous patented devices by which this player is controlled while in operation are not contained in any other player piano.

During this sale we will offer several Inner Players at a big reduction. If you already have a piano or player come in and let us talk exchange to you. You ought to own one of these players, as with them all mechanical effects are done away with.

REMEMBER

Dozens of fine, new pianos are included in this sale. We have every instrument we advertise, and at the stated price.

Every piano is fully guaranteed for ten years.

We have sold thousands of customers in the upper peninsula who are satisfied. You will also be satisfied if you buy.

Our easy payment plan is the most reasonable ever offered. If you have no ready cash, come and see us anyhow. Let's talk it over with you.

Now is the time to buy, if you want to take advantage of the Greatest Piano Sale ever held here. In a few days it may be too late.

Our store is open every evening.

You save from \$100 to \$150 on any instrument you buy.

CENSUS FIGURES ARE QUESTIONED

Ishpeming People Believe That City Has Gained Rather Than Lost Population.

Ishpeming people were greatly disappointed yesterday when they read in The Mining Journal that Ishpeming's population had, according to the census taken last summer, decreased from 13,255 in 1890 to 12,448, a loss of 807. It is thought by many Ishpeming people that the census clerks may have made an error in computing the enumerators' reports. One of the men employed as an enumerator here some time ago advised The Mining Journal representative that judging by the figures given him by the other enumerators the new census would show Ishpeming's population to be in the neighborhood of 15,000.

It stands to reason that either an error has been made or the enumeration was not complete because there is practically not a vacant dwelling in the city, and over 150 new houses have been erected within the city limits during the ten years between the two enumerations.

The enumerators did not have sufficient time to go over the city thoroughly, and some of those employed in the work admit that they did not take the census of all the people in their districts. Most of the enumerators employed in this city were school boys, who did not appear to realize the necessity of doing the work thoroughly and in strict accordance with the government's requirements. Some of the reports sent from Ishpeming, as well as from other places in the county, were returned for corrections, and it is said that a number of foreigners were missed entirely. The enumerators received a stated price per capita for each name taken. In many cases foreigners who did not understand the English language were passed up entirely by the enumerators. As Ishpeming's population includes several thousand foreigners, it is only fair to assume that many of them were missed.

Shortly after the census was completed The Mining Journal representative's attention was called to the fact that a number of laborers employed on railroad work here, and living in boarding cars, were overlooked, also that many of the men working about the mines and in the shops had not been interviewed by the census takers. In the railroad crew that was overlooked there were over twenty-five men. It is also said that there were a number of large boarding houses where foreigners live, not only in Ishpeming, but in other places in the county, that were passed up. In one boarding house in Negaunee eight names were secured after the enumerator in that particular ward had gone over the ground.

"Our heavy loss in the population according to the last census was certainly a great disappointment to me," said a well-known Ishpeming man yesterday. "I cannot believe that there has been a falling off in the population. On the contrary, I am satisfied that there are now more people living within the city limits than there were ten years ago. A glance at the new houses that have been erected and the way the city has grown in the past ten years is enough to convince anyone that the census work was inaccurate. I think that the city officials should take the matter up with the census bureau to ascertain if an error has not been made in the totalling of the enumerators' reports, and if they find that a mistake has not been made I believe that a new census should be demanded."

Seal caps, fur caps, fur and fur-lined gloves and mittens are elegant gifts and useful.

RESOLUTIONS OF CONDOLENCE.

At a special meeting of the Good-man lodge of the Modern Woodmen of America of Little Lake, held Dec. 15, the following resolutions of condolence upon the death of the late Charles A. Carlson, a member of the society, were unanimously adopted:

"Whereas, Our Supreme Ruler has seen fit to call from our midst to a better life beyond our beloved brother, Charles A. Carlson;

"Resolved, That we hereby extend our sympathies to the bereaved relatives and enter in the minutes of this meeting an expression of the loss we feel by the departure from our midst of one whom we respected and honored, and who was entitled to the high esteem in which he was held by his surviving brothers.

"Resolved, That the charter of Good-man lodge be draped in mourning for a period of thirty days; and, further

"Resolved, That a copy of these resolutions be mailed to the bereaved relatives of the deceased; also that a copy be published in The Daily Mining Journal."

W. SNYDER, President.
OLAF H. SETTER, Secretary.

JOCHIM HARDWARE CO.

GREAT RAILROAD KING WON OVER BY GIRL

Seizing Opportunity She Gets Subscription From Noted Financier in West.

That the young ladies of Marquette and vicinity and their friends are alive to the opportunity presented to them by the offer of The Mining Journal is fully evinced by the way in which nominations continue to come into the office of the Bermuda tour manager.

The offer is really an irresistible one, and realizing the advantages of an early start, the friends of the candidates are vying one with another to be the first in the field.

One of the many features that appeals to one in a contest such as has been inaugurated by The Mining Journal is that success in the winning of one of these trips is not a matter of luck or chance, but simply the result of systematic, persistent, earnest effort. Success rests entirely in the hands of the candidates, and any contestant can achieve the victory and the winning of the trip from her district if she will but make the proper effort. Here is one time that they absolutely control their own destiny.

It is, of course, important that those who enroll have a definite plan of campaign, but with this properly mapped out the trip will be won from each district by that candidate who pushes her campaign with the greatest energy. The victory is surely worth the winning, and the successful contestants, as they enjoy the benefits of the delightful tour,

but have faltered owing to the fact that you were afraid of the reception you would receive when you commenced to ask the support of your friends in saying the ballots for you and paying their subscriptions to The Mining Journal. Let us cite you a little instance which shows how foolish a stand this is.

Would you ask a man like Mr. E. H. Harriman, the late railroad king, for a subscription if you didn't know him? "Horrors! No!" we hear you say.

Well, he did subscribe for a candidate in a contest exactly identical to this one. Miss Florence Crandall, of Yuma, Ariz., heard that Mr. Harriman would pass through that town on his way to Los Angeles, and she decided to approach him. He did not refer her to his secretary, as you would naturally expect; but talked with her himself. He asked her about the contest, her progress, complimented her on her ambition and foresight, and finished by subscribing for a length of time which gave her 5,000 votes. Miss Crandall told him she quaked with fear on being ushered into his august presence. This occasioned some real hearty laughter from Mr. Harriman, and he dismissed her with a handshake and some words of kindly encouragement.

There is no need for fear. When you once commence your campaign you will be amazed to see how your score will

will feel that the efforts they put forth have been compensated one hundred-fold.

Those who have contemplated entering, but have not done so yet, should lose no further time. Each day that a candidate delays the commencement of her active canvass for the votes which are now appearing in The Mining Journal, her more ambitious sister contestants may be securing them. An early start is a prime factor for success. It elicits the greatest amount of enthusiasm on the part of their friends when the field is clearest for the canvass, and will produce the greatest results. A golden harvest of ballots awaits the efforts of the early entrants. Perhaps you have considered entering,

shoot up. Be cheerful and of good courage. A pretty girl, a bright smile—who can resist?

The chief advantage is that you are asking for no favors. Everyone reads a newspaper, then why not The Mining Journal. It is the simplest thing in the world to get a person to pay for something they want. The application blank for enrollment in the contest will be found on another page. Why not send it in and commence your campaign today?

Any information relative to the contest will be cheerfully furnished on application in person, by letter or telephone to the Bermuda Tour Manager, The Mining Journal.

Ishpeming

PURSE FOR FIREMEN.

Citizen Thinks Members of Fire Department Entitled to Consideration.

To The Mining Journal:—There has been, as I understand, talk of a petition being circulated for the mail carriers of Ishpeming. I wish to ask any fair-minded person if they think that the mail carriers are entitled to anything outside of their salary. Doesn't Uncle Sam pay them a salary for doing their work?

Why not get up a purse for the Volunteer Firemen of Ishpeming, instead. If anybody deserves it they do, as they are always on the job, whether in winter or summer. I am not a fireman myself, but I have seen enough of their work to satisfy myself and all taxpayers of Ishpeming that they are entitled to a purse in preference to the mail carriers. They have to get out of their warm homes and run to fires at all hours of the night and what do they get for it? The mail carriers get their salary every month and the firemen do not get anything. I ask once more, which is the most deserving?

CITIZEN.

Holiday neckwear, late exclusive designs, just received at L. W. Atkins & Co.'s.

POSTOFFICE EMPLOYEES BUSY.

Heavy mails are now the rule at the Ishpeming postoffice, but the heaviest days of the Christmas season are still to come. The quantity of mail being received has been increasing daily for the past two weeks, and Monday it was necessary to put on an additional clerk. During the remainder of this week each mail carrier will have an assistant. Many extra bags of mail are being received, and several bags in addition to the regular quantity of mail are also being sent out. The mail going to foreign countries has fallen off considerably during the past week, but the increase in the domestic mails has more than made up for the loss.

Bath robes, night robes, unjamas and pajamas are all acceptable gifts for men. L. W. Atkins & Co. have them.

BOYS' ENTERTAINMENT.

The Young Citizens Republic of the Young Men's Christian association has secured the A. O. U. W. hall, on Main street, above J. D. West's office, for dining and refreshment purposes, to be used on Wednesday evening, Dec. 28, in connection with their entertainment for the boys of the city. The boys will install two stoves, one for cooking and the other for heating, the latter end of this week, and it is expected that gas fixtures will be put up at the same time. A committee will decorate it attractively.

Silk mufflers, silk half hose, silk handkerchiefs, silk suspenders, silk garters.

Ishpeming WOODMEN OFFICIALS REFUTE CHARGES

Leaders of Fraternal Society Say
Iowa Man Has No Ground
for Accusations.

"The charges preferred against the officials of the Modern Woodmen of America by John Dennison, Jr., of Dubuque, Ia., and published in a recent issue of the Chicago Examiner, have been refuted in most emphatic terms," yesterday said C. J. Byrnes, executive, a member of the executive council of the society, who arrived home Monday from a meeting of the board of directors at Rock Island, Ill. "The trumping up of charges against officials of the Woodmen is not a new game and they usually come up a short time before a national camp meeting in an effort to overthrow the management. The charges preferred by Mr. Dennison are the most malicious that the officers have ever had preferred against them, and they are just as false as they are malicious.

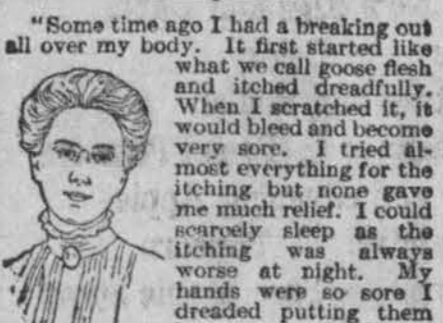

"The membership will not be exercised over the charges made by Dennison and his friend, Webb, a former employee of the Modern Woodmen Journal. Webb is at the bottom of the charges. The officials of the society had known for nearly six months past that he was ready to make some sensational move, and he finally succeeded in inducing Dennison to help him out. A short time ago Dennison endeavored to induce the executive council to hire him in the legal department at a salary of \$3,000 per year, and when his proposition was turned down he began making threats. "Messrs. Dennison and Webb evidently did not know that it has been the custom of the Woodmen officials for some years to have their books examined and their accounts audited by the department of the commissioner of insurance of the state of Illinois. The object in having this done is to present to the head camp at each session a statement from that official source of the exact condition of the society's affairs. For two months past I have been the employ of the commissioners of insurance of both Illinois and Virginia have been working in the Woodmen offices, preparing this report, which will be presented to the head camp at its next meeting, to be held in Buffalo in June.

"Mr. Dennison will wish before he gets through with this affair that he did not prefer the charges, as W. A. Northcott, former head consul, has taken steps to bring Dennison to time. Mr. Northcott, a few days ago, issued an appeal to the members of the society in Illinois for a 'square deal' in the politics of the Modern Woodmen of America. He appealed to them to stand against slander and malice. He said that the society boasts

BREAKING OUT ALL OVER BODY

Itched Dreadfully. When Scratched It would Bleed and Become Very Sore. Could Scarcely Sleep as the Itching was Worse at Night. Dreaded Putting Hands in Water.

Used Cuticura Soap and Ointment 3 Weeks. Trouble all Disappeared.

"Some time ago I had a breaking out all over my body. It first started like what we call goose flesh and itched dreadfully. When I scratched it, it would bleed and become very sore. I tried almost everything for the itching, but none gave me much relief. I could scarcely sleep as the itching was always worse at night. My hands were so sore I dreaded putting them in water and after I would wash dishes or do laundry work that required the use of other soaps they were always worse. This went on for about six months. Then I used Cuticura Soap and Cuticura Ointment, and in two or three weeks the trouble all disappeared. I always found that my hands were worse (with a dry scale on them) after using any cheap soap but the Cuticura Soap produced such a soothing feeling on my skin that it was a pleasure to use it. I also know what wonders the Cuticura Remedies have done for a friend of mine, so I would recommend them to any one. Mrs. Delaware Barrett, 611 King St., Wilmington, Del., Nov. 15, 1909."

Cuticura Remedies sold throughout the world. Potter Drug & Chem. Corp., Sole Mfrs., Boston, 24-Mailed, free, 22-page book on Skin Diseases.

of free government and good clean politics, which things he has found, during the years he has been identified with it, to be necessary in the election of officers and the making of laws.

"Mr. Northcott brands Dennison's act, F. Potter, superintendent of the department of insurance in Illinois, demanding a thorough and impartial investigation. Mr. Northcott asks the members of the society to withhold their judgment until the result of Mr. Potter's investigation is made public. He states that if these charges are found to be true in all particulars, then the guilty parties should be condemned, but if the charges should be found false and untrue, then Dennison should be expelled."

Hawes Makes Denial.

The Rock Island Daily Union of last Friday contained the following statement from Major C. W. Hawes, the society's head consul:

"So far as I am concerned, you may say for me that I am not afraid of the report the examiners are going to make after the first of the year and that I am not afraid of any examination of the books. So far as the officials are con-

cusations as slanderous and libelous, because of the fact that he (Northcott) has not been identified with the management of the society for nearly eight years. He has referred the matter to W. C. Keim, the affairs of the Modern Woodmen of America have been conducted in an honest manner, and we have nothing to fear and nothing to conceal."

A. R. Talbot, head consul of the society, is also quoted in the interview. He referred particularly to the by-laws of the order, which state that it shall be the duty of the executive council to invest the society's funds in bonds, and that all of the funds must be so invested. In Dennison's charges he claimed that the officials were investing money in excess of the amount provided for by the laws. Mr. Talbot declared that the reports of all bond investments have been made and that they have been in strict conformity with the by-laws. He further said that an examination of the order was made by the Illinois insurance department two years ago, such examination covering all books and records up to Dec. 31, 1907, and that the charges that are now made by Dennison were investigated at that time and were found untrue. The joint examination now in progress under direction of the Illinois and Virginia insurance departments dates from the close of the previous examination.

In reply to the charges made by Dennison that officials of the society had been receiving a "rake-off" in the way of extra interest on investments of the funds of the order in the official depositories, Mr. Hawes showed a number of affidavits received from the bankers having the funds. The society has ninety-seven bank depositories and affidavits have been received from every one of them, all declaring that the officials have not received any "rake-offs."

Vote of Confidence.

On the evening of the day that the Chicago Examiner published the charges preferred by Dennison, there was a big class initiation in Chicago, where 1,750 candidates were received into the society. There were nearly 3,000 members of the order from all parts of the state in attendance. Among those present were Head Consul Talbot and Directors Byrnes and Murphy. Mr. Talbot took occasion to reply to every charge contained in Dennison's statement and at the conclusion of his remarks the members present rose in a body to express their confidence in the officials of the society. A resolution was also adopted condemning the action of Dennison and Webb in their effort to bring disgrace upon the officials and to cause dissension in the ranks of the members.

Mother, wouldn't you like to have your boy (who, perhaps, is filling his first position) save some of the money he earns? Your advice may add his financial future. Our system meets the requirements of the wage earner.

N. E. SKUD ESTATE

Upper Peninsula

Will Not Be Tried for Murder—

Thomas Pierson, the old man who shot and killed his son-in-law, Charles Anderson, at Jesseville, Gogebic county, will not be tried for the crime. He was found insane at a hearing held at Bessemer and has been committed to the asylum at Newberry.

Deer Hunter Pays a Fine—

Deputy Game Warden Harrington of Marquette and Hunt of Manistique recently arrested Frank Mitchell at Curtis, Mackinac county, for violating the game laws by hunting deer with a dog. They took him to Gould City, where Judge Healy imposed a stiff fine with costs. The warden shot the dog. It is understood that the complaint was made by hunters from lower Michigan.

Newport Miner Killed—

The victim of a fatality at the Newport mine, Marco Bojeich is dead at Ironwood. It appears that when the shift boss came along Bojeich told him that he was going to take out a post that was in the way of the track so he could move the rails to prevent a sharp curve around which he had to push his car of ore. The foreman ordered Bojeich to leave the post alone and to go and get a "turn-sheet," to turn his car on. After the foreman left Bojeich placed a

piece of lagging under the cap and saved off the post. As he knocked the latter from its place the cap and overhead timbering came down, falling on Bojeich and killing him. These facts were brought out at the inquest. The accident occurred on the fifteenth level west of D shaft. The deceased was a single man nineteen years old, and a native of Austria. He had worked at the Newport some time.

Pioneer of the Peninsula—

In the demise of Mrs. Katherine Loth at Stephenson, Menominee county, an old resident of Upper Michigan has passed away. Mrs. Loth was born in Ellfelder, Saxony, Germany, June 2, 1825, and was consequently past eighty-five years of age. She came to America in 1853, resided in the copper country thirteen years, then removed to Ishpeming, living there twenty-five years, and removed with her family to Stephenson in 1892. She was married to Joseph Loth in the copper country in 1854 and six children were born to the couple, namely: Albert N. Loth, who died in 1903; William N. Loth of Chicago, Herman Loth of San Francisco, Mrs. C. H. Rohl of Champion, Helen E. Loth of Stephenson, and Henry M. Loth of Chicago.

St. Ignace Mourns Him—

The death of Thomas Dolan has removed from life one of St. Ignace's most prominent citizens. Mr. Dolan had

been ill two months. Accompanied by his wife, he had made two trips in the hope of receiving successful treatment, both failing to benefit him—one to Harper hospital, Detroit. From the latter city he was taken home critically ill. Thomas Dolan was born in Boston, Mass., March 17, 1853. In 1871 he enlisted in the United States army and served six years, his term expiring in 1877. At the time of his discharge, his regiment was stationed at Mackinac, and he remained at Mackinac for three or four years. He went to St. Ignace in 1880, and he had held residence there ever since. Mr. Dolan was prominent in Mackinac county political affairs. He was a Democrat, but was as popular with Republicans as among his own partisans. He was a particularly hard man to beat at the polls. He was a supervisor for thirteen years, sheriff of the county three terms, from Jan. 1, 1894, to Jan. 1, 1898, and for the two years ending Dec. 31, 1903. He was president of the village of St. Ignace at the time the legislature granted the town a charter, succeeding B. Brooks Hazleton, the first president. Mr. Dolan was twice married. His first wife was Miss Bridget Hoban, of Mackinac, a sister of James and John Hoban. To them were born six children, four of whom are living, namely: "Alie," A. Dolan of Detroit, Mrs. J. R. Jones and Mrs. J. A. Knight of Racine, Wis., and

James A. Dolan of St. Ignace. His second marriage was to Miss Catherine Hoban of St. Ignace, June 4th, 1892. To them was born a son, William E., who is at home.

SPORTSMEN WANT A COMMISSION

At Upper Peninsula Meeting Held Here Yesterday It Was Decided to Co-Operate With Michigan Association Toward the Creation of a State Game Board.

Delegates Were in Harmony and Action Is Expected to Have Far-Reaching Beneficial Effect--Several Radical Changes in the Present Laws Proposed.

Though there was not a very large number present at the annual meeting of the Upper Peninsula Sportsmen's association, held in this city yesterday, nearly every section in the upper peninsula was represented by at least one delegate and a great deal was accomplished in the way of better game law legislation. The delegates were in session almost constantly from 11 o'clock in the forenoon until 5 o'clock in the afternoon, and before adjournment resolutions were adopted which were substantially in accord with the views of everyone. When it is considered that at the opening of the meeting nearly everyone had his own ideas on the subject, it is easily seen that the results of the meeting may be far reaching.

The delegates seated at the meeting were as follows, each representing the sportsmen's organization of his home town or city: W. S. Ewing, Chocoma;

Goldberg's Is the Place

To Buy Your Diamonds
Five per cent less the amount you pay in two years' time.

M. F. GOLDBERG
Third Street.

Jas. Hudson, Marquette; H. J. Waterbury, Dr. A. W. Deadman, Marquette; Dr. S. S. Hubbard, Paul Swift, Houghton; H. S. Thompson, Houghton; Percy Patterson, Chas. E. Chipley, Sault Ste. Marie; Jas. C. Wood, Manistique; Geo. Mashek, E. C. Voght, Escanaba; Thos. B. Wyman, Munising; Rolland Ames, Channing.

Game Commission Wanted.

First, last and all the time the sentiment of upper peninsula sportsmen, as put on record at the meeting yesterday, is in favor of the creation by the coming legislature of a non-partisan, non-salaried game commission, to have jurisdiction over all matters pertaining to game and game fish. At the forenoon session, the following resolution on this subject was unanimously adopted:

"Resolved, That we favor the appointment of a non-partisan, non-salaried game, or fish and game commission, that shall have jurisdiction over all matters that pertain to the protection of fish, and to the protection and propagation of game."

Changes Recommended.

All of the afternoon session was taken up with discussion of revision of the game laws, as the result of which the following recommendations were adopted, which will be drafted into formal resolutions and presented to the lower Michigan assembly:

A gun license of \$1 per year for shot guns and rifles of .22 caliber or under, for killing small game.
A license of \$1.50 per year to hunt deer. No license to be issued earlier than five days before the opening of the season. License issued only in county in which applicant resides and to applicant in person.
Rod license of \$1 per year to all residents fifteen years of age or over; non-resident rod license, \$5, non-residents being permitted to take home a legal day's catch.
Deer license to permit killing of two deer, one of which must be a deer with horns.
All deer carcasses shipped to be accompanied by the holder of the license to its destination. Holder of non-resident license to be permitted to ship two deer under such regulations.
Legislation permitting shipping of deer in parts.
Favoring provisions endorsed by the North American Fish and Game Protective association relative to a deer breeder's law. This would provide that hunted game and game reared in a wild

state by breeders (including farmers) should be distinguished by law so that such preserved game can be legally sold under state regulation, except during the breeding season.

Protection for the Northern hare from March 1 to Oct. 1.
All foreigners who have not taken out their first citizenship papers to be under the same regulations as non-residents, as far as game, rod and deer licenses are concerned.

All proceeds from the game, rod and deer licenses to be used toward the protection of game and the enforcement of the game laws.

Open season for rainbow trout to be from June 15 to Sept. 15 and for brook trout from May 15 to Sept. 15.

Removal of protection on bears and skunks.
Closed season on Mongolian pheasants, prairie chickens, English pheasants, wild turkeys, hazel grouse, wild pigeon and capercaillie.

Requiring all trappers to be licensed. Increasing the bounty on wildcats from \$3 to \$6 and making the bounty on lynx the same.

Prohibiting all shooting of water fowl in the spring.
Open season on beaver, otter, mink and muskrats from Dec. 1 to March 31, and open season on fisher, martin, raccoon and fox from Nov. 1 to March 31, provided that a license is imposed on all trappers.

The rights of state in protection and propagation of commercial fish in international waters, including whitefish, lake trout, small-eyed pike, herring and sturgeon, be surrendered to the federal government, under the terms of the international agreement between the United States and Canada.
That the legislature make a regular

annual appropriation of \$50,000 for the propagation of fish in the state.

Mothers if you love your son come in and see Geill at his store, you will not regret it.
12-7-11.

A SIMPLE SAFEGUARD FOR MOTHERS.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house." Accept no substitutes. The People's Drug Store.

SAVED FROM AWFUL DEATH.

How an appalling calamity in his family was prevented is told by A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, until Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, laryngitis, asthma, croup, hemorrhage all bronchial troubles, it has no equal, 50c, \$1.00. Trial bottle free. Guaranteed by The Stafford Drug Co.
Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. The People's Drug Store.

NEGAUNEE CEMETERY

REMOVAL NOTICE.

The contractor engaged in removing the bodies from the old Catholic and City Cemeteries to the new Cemetery has found a large number of unmarked graves, and is having difficulty in such cases in giving notice to relatives. To facilitate this work it is desired that all persons having friends or relatives buried in unmarked graves should immediately furnish to Mr. Charles O. Stensrud, contractor, or to Mr. Thomas M. Wells, and Mr. Dan Shea, superintendents, information as to the names of persons buried, and the location of their graves, particularly within the following described portion: A strip two hundred feet (200 ft.) in width across the Roman Catholic cemetery, one hundred fifty feet (150 ft.) distant from the westerly fence of same.

On account of the difficulty also in finding relatives in many instances where the graves are marked, all persons having any information that will assist the contractor or superintendents are earnestly urged to communicate with them at once.

Similar notices will be published from time to time as the work progresses to other portions of the cemeteries. CITY OF NEGAUNEE. By JOHN W. ELLIOT, Mayor. 12-5-tf-o

Mining News

ADVISES AGAINST SELLING.

In answer to a correspondent, the Boston News Bureau says: We would not advise you to sell either North Butte or Calumet & Arizona at present prices. The experience of these two properties has been very similar. Each was extremely rich at one time, paid large dividends and made big money for the original owners. The extraordinary richness was but temporary, however, and the quick change in ore values brought precipitous declines in the market value of the shares. North Butte, however, at present is looking better than for many months. An energetic campaign of development is being made, and in the lower levels better ground is being opened not only in the Edith May and Jessie veins but in the Gem and Crosscut claims.

The consolidation of Superior & Pittsburg with Calumet & Arizona should be beneficial to both. Superior & Pittsburg is the younger property, with production and grade of ore showing constant betterment. Calumet & Arizona's production and ore values, however, are declining, but it has an efficient smelter and a comfortable cash surplus of about \$3,000,000. The consolidation gives the new company the advantage of Calumet & Arizona's smelter and cash and Superior & Pittsburg's valuable ore bodies,

UNKNOWN BODIES IN CEMETERIES

Records of Interments in the Cemeteries Are Found to Be Very Incomplete.

Since the removal of bodies from the old to the new cemeteries was started, it has been shown that the cemetery records are most incomplete. The records of the burials in the Catholic cemeteries were far more complete than those for the City cemetery, but at that it is thought that there were at least 700 or 800 burials in the Catholic cemetery of which there is no record. Few of the bodies that were interred in the potter's field, especially during the years prior to the time Matthew Chester took charge there, are recorded. In most of these cases no records were made, and the only means of identification of the remains is the tombstones. There are hundreds of graves in both cemeteries that are not marked in any way. During the few weeks that the work has been in progress the remains of 1,200 unknown persons have been transferred from the Catholic cemetery, over 200 being from the potter's field. The north end of the Catholic cemetery has been reserved for the unknown dead, and there are now seventy-five tiers, each with sixteen bodies, occupied in that section.

During the years that Rev. Charles Langer has been pastor of St. Paul's church, a record has been kept of all of the burials in the Catholic cemetery. Rev. Langer's records, up to the time the work was started, showed 2,045 interments. There are believed to have been at least 7,500 interments in both cemeteries. Mr. Chester, who has been the sexton at the cemeteries for the past eight years, yesterday said that the remains of many infants have been interred in both cemeteries without the knowledge or permission of those in charge. He said that boxes containing the remains of infants are being found at many places in the cemeteries, from one to two feet below the surface. Mr. Chester said that many of these burials of unknown infants were made during the night.

CHARLES MOORES' POSITION.

Engineers Entitled to Place Must Make Application Before Next Saturday. The officials of the Chicago & North-western Railway company have asked the engineers eligible to the passenger run between Ishpeming and Escanaba, held for more than twenty years by the late Charles Moore, to file their applications in the Escanaba office not later than next Saturday. It is understood that Theodore Farrell, the oldest engineer on the system, who was entitled to the run during the years that Mr. Moore held it, will not make application, as he prefers to present run between Escanaba and Green Bay. Thomas Greene is the next oldest engineer, but it is reported in railroad circles that he also will not make application for the run, as his home is at Escanaba and he does not want to move from that city. The next oldest man is John Fisher. It is said that Fisher will apply for the run and if it is given to him he will accept it and move his family from Escanaba to Ishpeming. Mr. Fisher is one of the few old engineers eligible to the position who does not own a home in Escanaba. His son, James Fisher, succeeded J. Wilbur as foreman in the shops at Ishpeming a few years ago.

HANCOCK.

It is understood that the Hancock is about ready to start production from its No. 3 lode. It is expected to cut this lode at slightly below the 2,000-foot level. The lode has been developed by drifts from the big No. 2 shaft, and is understood to average about fifteen feet in width. The character of the rock will be determined by the initial mill run, but it is expected to go around twenty pounds of refined copper to the ton. The reserves already blocked out are estimated at 1,000,000 tons of rock. The company is ready for production above ground as it is equipped with every necessary including a railway connection. The commencement of production from the No. 3 lode will in no wise interfere with the development of the property as at first proposed. This was to sink a shaft to intersect the Quincy or Pewabic lode which goes through the property at a depth of something like 3,500 feet. The shaft, which is one of the largest at the lake, is down now about 2,700 feet and will be pushed as rapidly as possible. There being no doubt of the existence of the Quincy lode at depth, the management has developed the property so as to have it in shape for large production as soon as the lode is reached. The position of the Hancock is simply that the management started to make a mine on the Quincy Pewabic lode, and in the course of development has cut two other lodes and opened them sufficiently to permit of production on a fair scale. There is probably no financing to be done in the near future, and it may be that none will be needed until the mine gets to the point where the management will prefer to equip it with a mill of its own.

IN NEGAUNEE.

All students of the International Correspondence schools old or new, whether you enrolled this year or ten years ago, come and see the I. C. S. display at the City Drug Store. The local manager Mr. Sanders is just back from a trip to Scranton, Pa., where he has seen the schools. Come and get some inspiration.—Bring your friends. (12-20-24.)

WANTS TO HELP SOME ONE.

For thirty years J. F. Doyer, of Ferrie, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c at The Stafford Drug Co.

Chamberlain's Cough Remedy

Cures Colds, Croup and Whooping Cough.

Negaunee Department

PAINTINGS OF JUDGE STONE.

Delta and Menominee Counties Will Give Pictures Place in Court Room.

A. Glick, a representative of August Klagstad, a well-known Marinette artist, was in Negaunee yesterday. He had with him an oil painting of the bust of Judge John Stone, formerly circuit judge of Marquette, Delta, Menominee and Iron counties. Mr. Glick will take the picture to Marquette today to show it to the county officials. The supervisors of both Delta and Menominee counties recently ordered oil paintings of Judge Stone from Mr. Klagstad, each at a cost of \$200, and the picture that Mr. Glick has in his possession is a duplicate of the ones recently delivered in Menominee and Delta counties.

TOO MUCH MOTHER-IN-LAW.

Philip Monroe, a young Ishpeming Italian, who a few weeks ago left his girl wife, located at Fort Wayne, Ind., where he was arrested last week and brought back to Ishpeming Monday by Marshal Trevarrow, was given a hearing yesterday morning before Judge Verran of this city, who made out the warrant for the deserter's arrest, on complaint of the wife. Monroe waived examination and was bound over to the circuit court for trial, and was taken back to Ishpeming, where he will remain in jail, provided he is unable to furnish a satisfactory bond. Monroe seems to prefer a prison sentence to living with his child wife, as he declared that the girl was being dominated by her mother, and that he had a pretty tough time of it during the several months he lived with her, before he ran away. He said that it was a case of too much mother-in-law and that he would live with his wife and support her if she was separated from her "mammy." Monroe is twenty years of age. The case comes under the jurisdiction of C. L. Sporley, superintendent of poor, who reports that there are altogether too many similar cases in this county. Mr. Sporley frequently receives complaints from wives whose husbands have deserted them, but as a rule the women do not seem disposed to take legal steps to bring the men to time.

Upper Peninsula

Woman Probably Fatally Shot.

According to iron county advices, William May, a farmer living three miles east of Atkinson, near the Atkinson-River road, shot and fatally wounded Mrs. John Zemeller the wife of a Polish neighbor, in a quarrel over the use of a well located on May's farm and is now in jail at Crystal Falls, awaiting the outcome of the woman's recovery. He lived 22 years according to Mrs. May, Mrs. Zemeller and her husband attacked him. This the couple deny. They say the woman was alone at the time and the shooting was deliberate. May is a Kentuckian.

Graphite Mine Ceases Operations.

The Detroit Graphite company has ceased operations at its property near Taylor, Baraga county, after an activity of ten weeks. About one thousand tons of graphite have been mined. Of this amount 600 tons will be taken from the stockpile and hauled to the Taylor switch and from there shipped to the company's mill at Detroit. Joseph Bruce's contract for hauling and loading already commenced operations. Considerable work will be done at the mine next season. The Graphite company has let a contract to Henry Sands to mine and haul to Taylor switch 300 tons of graphite ore. The ore will be shipped next spring to the mill at L'Anse au Loup. Graphite is used principally for paint, it being one of the best articles on the market for painting steel structures.

Two More Gogebic Range Banks.

Bessemer is to have a new bank. M. J. Wolf, of Ohio, who recently established the Citizens' bank at Wakefield, is the promoter and says that he expects the institution will open its doors for business on or about the first of the year. It will be a state bank with a capital of \$25,000. A board of seven directors has already been elected, among whose members are Jerome Baylis, G. S. Paradis and other prominent residents of Bessemer. Mr. Wolf also has made arrangements for establishing a bank at Iron Belt. This will be a state bank, with a capital of \$10,000, and is expected to open for business shortly after the first of the year. John Wittig, a merchant at Iron Belt, is one of the chief stockholders.

Samuel Stephenson's Will Filed.

It is reported that the inheritance tax from the estate of the late former United States Senator Samuel Stephenson of Menominee, who died about three years ago, amounts to about \$9,000 and the value of the estate left by the deceased is estimated at nearly a million dollars. Although a considerable time has elapsed since the death of Mr. Stephenson, the will was filed for probate only recently. At that time, Inheritance Tax Commissioner Thomas B. White of Plainwell, formerly probate judge of Delta county, was in Menominee to see that the state was apportioned its share of the inheritance tax due from the estate. It is said that if the will had been filed immediately following Mr. Stephenson's death, as is customarily the case, the estate would have saved a considerable sum, as interest has had to be paid ever since.

ANNUAL MEETING.

Gwin, Mich., Dec. 19, 1910. The regular annual meeting of the stockholders of The Gwin State Savings bank will be held at its banking room in the building of Gwin, Michigan, on Tuesday, the tenth day of January, 1911, between the hours of 10 a. m. and 12 a. m. for the election of directors and the transaction of such other business as may properly come before the meeting.

CHESTER D. MATTERS, Cashier.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by The People's Drug Store, S. B. Jones, prop.

SHOWS UP FLAWS IN GAME LAWS

Rolland Ames, of Floodwood, a Trapper, Offers Some Interesting Information.

Rolland Ames, representing the Channing Rod and Gun club at the upper peninsula sportsmen's meeting here yesterday, being a trapper and woodsman of wide experience, was able to offer some very interesting facts concerning the game situation in the upper peninsula, some of which were a surprise to many of the delegates present.

Mr. Ames' argument in favor of the repeal of the law protecting beaver was particularly logical. He pointed out that it is ridiculous to have an open season on otter during the winter months while not at the same time allowing trappers to catch beaver. There are a great many more beaver in the upper peninsula than otter, declared Mr. Ames, and a general proposition, where one animal is found the other will be found there, too.

Mr. Ames' argument in favor of the repeal of the law protecting beaver was particularly logical. He pointed out that it is ridiculous to have an open season on otter during the winter months while not at the same time allowing trappers to catch beaver.

Mr. Ames also stated that the game laws were being flagrantly violated near his home at Floodwood. As an instance, he said that hundreds of partridges were shipped from there to the large cities this year over the St. Paul railroad, and that one of the conductors had offered him \$1 apiece for partridges only a few moments ago.

Mr. Ames also stated that the game laws were being flagrantly violated near his home at Floodwood. As an instance, he said that hundreds of partridges were shipped from there to the large cities this year over the St. Paul railroad, and that one of the conductors had offered him \$1 apiece for partridges only a few moments ago.

I have it fixed with him all right," Mr. Ames states that he knows positively of one instance where 200 partridges were shipped south on one train and that a game warden was one of the passengers on the train.

SITUATION UNCHANGED.
No More Smallpox Has Developed at Big Bay—Brought in by Hunters.

According to reports received last evening, no new cases of smallpox have developed at Big Bay since the two last weeks, which are under close quarantine. In the opinion of physicians, the situation at present is well in hand, but whether or not others have been exposed will not be known for a week or ten days, as it would take that long after exposure for the disease to develop.

Many Big Bay people are of the opinion that the smallpox was brought in from the lower peninsula by hunters. One man stated yesterday that in the homes where smallpox has appeared, down state hunters from the vicinity of Siginaw were housed during the deer season, and it is thought that they brought the germs to Big Bay.

Members of the board of supervisors yesterday discussed the advisability of quarantining Big Bay and Birch until after the holidays, in view of the fact that Marquette might be in especial danger from the many woodsmen from that locality who come here to spend the holidays. No action was taken, however, as the majority opinion was that the present situation does not warrant such drastic handling.

MUST HAVE \$50.
Some Intending to Go Into Canada Are Turned Back by Officers.

A number of Marquette people who have recently crossed the boundary line into Canada report that the Canadian immigration officers are strictly enforcing the new ruling that went into effect Nov. 30, making it necessary for all immigrants coming into the Dominion to be possessed of \$50 in addition to the cost of their tickets.

In order to protect their patrons from embarrassment as far as possible the South Shore railroad has notified its agents to give the new order as much publicity as possible. It is said that persons who intended to cross over into Canada are being turned back almost daily at the Soo and other railroad points on the border.

GIVE THE BOY A CHANCE.

ONLY FOUR MORE SHOPPING DAYS

Come to Headquarters for Popular Presents at Popular Prices

Our fine holiday stock is full of quality, variety, beauty and good taste. It is easy to select from, supplies exactly what you want, and it would be a mistake to buy before you see it.

Remember our splendid assortment contains the right thing for everybody, **OLD, MIDDLE-AGED OR YOUNG.**

We will please you; we will satisfy you; we will meet your wants, be they large or small, with the most suitable presents at the fairest prices.

Do not fail to come in and see our very special attractions in **Toys, Dolls, Fancy China, Cut Glass, Silverware, Fancy Goods and a complete line of Novelties in Holiday Goods.**

Come in early and see how satisfactorily Christmas shopping can be made, how well we can fill your wants, and how far we can make your money go.
