

NEGOTIATIONS FOR PEACE ARE RESUMED AGAIN

Mexico's Warring Factions Once More Are Considering the Terms Under Which Tranquility Can Be Restored, and With Prospects Asserted to Be Very Bright.

Pending New Elections, Half of the Cabinet Places and Half of the Governorships Are Asked by the Rebels, Diaz to Remain Till His Successor Is Chosen.

Juarez, May 14.—Peace negotiations, unofficial but auspicious, have been resumed between the Mexican federal government and the insurgents, and the prospects tonight are that a definite understanding will be reached within twenty-four hours.

The propositions are somewhat different from those heretofore considered, though similar in intent. What the rebels really want, and have been wanting for some time, is a guarantee that the reforms they desire will be put into operation, and that they will be able to participate in the administration of the republic.

Cabinet's Reorganization Demanded.

To satisfy both of these conditions, the proposition now being considered includes an immediate reorganization of the cabinet of President Diaz, probably by a blanket resignation of that body, and the introduction into the new cabinet of four members—one-half its membership—from the revolutionists' party.

President Diaz could remain in power until complete tranquility is restored; the revolutionists have no objections to that. They have, however, not only personally, they say, against the aged executive and are willing that he shall retire decorously, so long as there is a new administration and a complete change of policy in the republic, which constitute their basic condition.

Means New Regime at Once.

This will strengthen the all-important guarantee for which the revolutionists are clamoring. The change in the cabinet, of course, is placed above all other propositions by the rebels, and they consider that a reorganization of that body means a practical overhauling of the federal government, for which they declare their primary struggle has been.

Orozco's Coup d'Etat Falls.

The supreme test, a clash between the military and political authorities, was experienced by the provisional government yesterday and it left President Madero complete master of the situation. Early in the day General Orozco called on Madero, and the two men talked alone for some time. Suddenly their voices were raised and the other rebel political chiefs rushed in the room, only to find themselves held back by some of Orozco's men.

General Orozco was at his side. His men ostensibly had been summoned to take part in a coup d'etat, but as Madero stepped forth among them and talked in his calm reassuring way, the affection which has ripened among the men since the revolution began crystallized into one mighty shout, "Viva Madero." There were all sorts of stories in regard to the clash, but at the bottom it was apparent that dissension among the military chiefs was the basic cause of the disturbance.

Navarro Sent to El Paso.

Apprehension for the safety of General Navarro stirred the sympathy of General Madero after the incident at the municipal building and he determined at the risk of his own life to save the federal commander. He was whisked away in an automobile to where General Navarro had been staying since he was captured, and after a brief explanation conveyed General Navarro to the river front, where the latter waded the river and was soon safe on American territory.

INSURRECTOS AT JUAREZ ARE AT ODDS, IT IS SAID; MUCH LOOTING GOING ON.

Washington, May 14.—Consul Edwards at Juarez, has reported to the state department rumors of dissatisfaction and bad feeling among the insurgents at Juarez and that considerable pillaging and looting have been going on since the surrender of the city. From ten to forty refugees have been seeking protection at the consulate daily.

MEXICAN GOVERNMENT INTRODUCES A LAND BILL IN INTEREST OF THE PEOPLE.

Mexico City, May 14.—Another of the reforms proposed in the president's message to congress on April 1, and which indicates a promise of importance through its ultimate effect upon the country, was given definite form by the introduction in the chamber of deputies yesterday of a bill providing for a division of the public domain and of large private estates, and the distribution of the land in small tracts among the people.

The bill was drawn in the interior department and was referred to a committee of that department and of the minority branch of the government. In general terms the bill authorizes the executive to undertake to divide and sell through the department of the interior such national lands as possess the requisites for farming.

ONE FACTION ATTEMPTS TO OUST THE PASTOR

Polish Catholics at Cleveland Engage in a Fight—A Dozen Persons Are Injured.

Cleveland, May 14.—A riot in which two persons were shot and ten others were injured resulted late today when a delegation of the congregation of St. Cassin's Polish-Roman Catholic church attempted to forcibly remove the pastor, Rev. Ignatius Piotrowski, because they were dissatisfied with the way he conducted the affairs of the church.

LAFAYETTE'S FAVORITE DOG, SEATED IN BIG AUTOMOBILE, IS ACTOR'S CHIEF MOURNER.

Edinburgh, Scotland, May 14.—The funeral of the actor, Frank Traubowski, who was burned to death in the fire which destroyed the Empire Palace theatre, took place this afternoon. There was a remarkable display of public interest, and the funeral procession passed through three miles of crowded streets.

HIS CAR OVERTURNS AND THEN IS BURNED

Automobile Driver Hayeraft Marvelously Escapes Death in a Race at Jacksonville.

Jacksonville, Fla., May 14.—E. Hayeraft, driving a Giant Knox against Bob Burman in a Dixie, in a special match race of five miles, miraculously escaped death today. Burman passed Hayeraft and the Knox was enveloped in clouds of dust, preventing Hayeraft from seeing the exact curvature of the turn.

JACK LESTER DISQUALIFIED IN FISTIC BATTLE WITH BILL LANG AT SYDNEY.

Sydney, Australia, May 14.—Bill Lang got the decision over Jack Lester, the American heavyweight, in the sixth round last night, the latter being disqualified for going down without being hit. Lester broke away from a clinch in a corner and dropped to his knees in the center of the ring. The referee immediately declared Lang the winner.

SOUTH AFRICAN OUT-RUNS AN AMERICAN SPRINTER.

Melbourne, Australia, May 14.—Jack Donaldson of South Africa today easily defeated C. E. Holway, the American sprinter, in three races, 75, 220 and 100 yards, respectively. The 100-yard race was run in nine and four-fifths seconds, which is a world's record for a grass track.

NEGRO OUTLAW FIGHTS POSSE TO THE DEATH

Spectacular Battle Lasting Hours and Reaching Its Climax Only When the Torch Is Applied Marks an Attempt to Capture a Murderer in Alabama.

As the Outcome of a Tragedy and Its Sequel, Two Colored Men Are Dead, Another Is Dying and Four Deputies Are Wounded, One of Them Fatally.

Montgomery, Ala., May 14.—Two negroes are dead, another negro is mortally wounded and four deputy sheriffs are wounded, one fatally, as the result of a murder committed by one of the negroes today and a spectacular battle that followed an effort to capture the murderer.

The trouble took place twenty-one miles from here. The dead were Tom Benson and Peter Fols. The injured are: Art Priner, colored; Eugene Nafel, a deputy, shot in the shoulder; Harry McCord, a deputy, shot in the abdomen and will probably die; Owen Ellis, a deputy, shot in the eye, and Blank Alford, chauffeur, shot in the shoulder and face.

Benson murdered Fols and shot and mortally wounded Priner this morning. The cause of their trouble is unknown. Sheriff Hood sent Deputy Sheriffs Rivers, Nafel and Ellis to the scene in an automobile. When they arrived, Benson was barricaded in his cabin. The officers opened fire on him and he returned it, wounding Nafel. Sheriff Hood was telephoned and he went out with Deputies McCord and Bridges. The posse again opened fire and an hour's battle followed. Ellis and Alford were wounded in this fight.

Falling to dislodge Benson by their continuous fire from pistols, the posse set fire to the cabin and when the cabin was filled with smoke the negro stumbled through the door and was shot. He fell, but raised himself and returned to the fire, wounding Deputy McCord in the abdomen. Taking refuge behind a fence, he fired several other shots at the officers, but finally was killed. The wounded men were brought to a hospital here.

BODY FOUND IN RIVER AT NEW YORK MAY BE THAT OF DOROTHY ARNOLD.

New York, May 14.—The body of a girl taken from the river late yesterday was viewed in the morgue this morning by John Arnold, a brother of Dorothy Arnold, who has been missing since Dec. 12. The young man said that the body might be that of his sister, although he could not be sure. The body is so far decomposed that positive identification will be difficult. Other members of the Arnold family will view the remains today, if they can identify the clothing as that of the missing girl.

SMALL BOAT CAPSIZES IN A LAKE IN IOWA AND THREE BOYS DROWN.

Onawa, Ia., May 14.—A triple drowning took place in Blue lake here this afternoon when a boat in which six boys were riding was struck by a huge white cap, sinking it. Not being able to swim, three of the boys lost their lives, all being drowned near shore. The other three boys were saved by companions in another boat.

DOCTOR MEETS DEATH IN A COLLISION AT INDIANAPOLIS; NURSE IS SERIOUSLY HURT.

Indianapolis, May 14.—While going after a patient this afternoon, the city hospital ambulance was struck by a street car, killing Dr. Andrew G. Cooper, an interne, twenty-nine years old, and, probably fatally injuring Miss Gladys Freeland, a nurse, twenty-two years old. The chauffeur, Grover McClain, jumped and escaped serious injury.

LION IN ANIMAL SHOW AT CONEY ISLAND ATTACKS, AND BADLY CLAWS KEEPER.

New York, May 14.—A young lion lately added to the performing troupe of a Coney island animal show tonight attacked and seriously injured his trainer, Victor Reviro. The animal was prevented from clawing the man to pieces, only by the prompt measures of the show keepers.

SON OF THOMAS BAYARD IS KILLED AT WASHINGTON.

Washington, May 14.—Nine hours after he had fallen or jumped from the third story at a hospital to a veranda below, Philip Bayard, a son of the late Thomas F. Bayard, who was secretary of state and ambassador to England, died here today. An autopsy revealed that Bayard suffered from peritonitis and died from a shock which broke no bones and which hardly would have resulted seriously to a man in normal health. An inquest will be conducted tomorrow.

LADY DECIES RECOVERING, AFTER SURGICAL OPERATION.

London, May 14.—The condition of Lady Decies, formerly Vivian Gould, who was operated upon for appendicitis on Friday, is entirely favorable.

PREMIER ASQUITH PREDICTS VETO BILL'S ENACTMENT.

London, May 14.—Premier Asquith, at a private political dinner, today expressed his opinion that the veto bill would

The Weather

Washington, May 14.—The following is the weather bureau's forecast for Upper Michigan: Showers, Monday, and probably Tuesday; moderate east to north winds.

Baseball

Table with columns: TEAM STANDINGS, W, L, P.C.

Table with columns: W, L, P.C. for National League.

Table with columns: W, L, P.C. for American Association.

TODAY'S SCHEDULES.

American League. Boston at Detroit. New York at Cleveland. Philadelphia at Chicago. Washington at St. Louis. National League. Chicago at Brooklyn. St. Louis at New York. Pittsburgh at Boston. Cincinnati at Philadelphia. American Association. Minneapolis at St. Paul. Kansas City at Milwaukee. Louisville at Indianapolis. Columbus at Toledo.

YESTERDAY'S GAMES.

American League. Chicago, 6; Philadelphia, 5. Chicago, 14; Morgan's wildness and a timely single by Bode in the seventh sent Chicago to win the first of the Philadelphia series today. Score: R. H. E. Chicago . . . 03000120—6 8 0 Philadelphia . . . 00010220—5 11 2 Batteries: White and Sullivan; Bender, Morgan and Carrigan. Two-base hits—Collins and Carrigan. Three-base hits—Collins and Oldring. Philadelphia: Tammehill, Chicago. Detroit, 6; Boston, 5. Cleveland, 14; New York, 3.

Cleveland, May 14.—The first Sunday game ever played at home by the Cleveland American league team was won today by the locals from the New Yorks. The batting of the Cleveland players was terrific, and neither Warhop or Quinn could stop it. Score: R. H. E. Cleveland . . . 04700304—14 12 2 New York . . . 00010220—3 11 1 Batteries: Harkness and Fisher; Warhop, Quinn and Sweeney. Three-base hits—Jackson, Ball, Olson and Easterly, all of Cleveland.

St. Louis, 6; Washington, 2. St. Louis, May 14.—With new players in the field, St. Louis today won a game, defeating Washington. Score: R. H. E. St. Louis . . . 13001100—6 10 1 Washington . . . 00000020—2 10 4 Batteries: Petty and Stephens; Oley and Henry. Two-base hits—Meyers, St. Louis. Three-base hits—Meloan, Hallahan and Austin, St. Louis.

American Association. Columbus, 7; Louisville, 5. Second game. Columbus, 10; Louisville, 1. Indianapolis, 2; Toledo, 1. Twelve innings. St. Paul, 10; Minneapolis, 7. Milwaukee, 5; Kansas City, 3. SATURDAY'S SCORES. Games played Saturday resulted as follows: American League. Washington, 11; Chicago, 6. Philadelphia, 7; St. Louis, 6. Cleveland, 12; New York, 6. Boston, 12; Detroit, 11. National League. Philadelphia, 5; Cincinnati, 4. Pittsburgh, 9; Boston, 3. New York, 19; St. Louis, 5. Chicago, 5; Brooklyn, 4. American Association. Minneapolis, 8; Milwaukee, 2. St. Paul, 1; Kansas City, 5. Indianapolis, 3; Toledo, 2.

UNIVERSITY OF MICHIGAN DEFEATS SYRACUSE HANDILY IN THE DUAL TRACK MEET.

Ann Arbor, Mich., May 14.—Michigan won handily from Syracuse yesterday in a dual track meet, the Easterners scoring only 40 points to 84 for Michigan. Michigan won first in ten of the fourteen events. Hanavan furnished the only record breaking performance, lowering the Michigan record for the mile to 4 minutes, 23 seconds.

Results of Other Contests. Springfield, Mass., May 14.—From start to finish there never was a question in yesterday's race of the superiority of the University of Pennsylvania over the Yale team. The Quaker crew slid across the finish line more than six lengths ahead. Pennsylvania's time for the two miles was 9 minutes, 29 4/5 seconds.

Chicago, May 14.—Track athletes representing the University of Illinois triumphed over the University of Chicago yesterday in a dual meet, for the sixth time in as many years. Illinois piled up 71 1/2 points, while Chicago scored 54 1/2.

Ithaca, N. Y., May 14.—Cornell ran away from Princeton in the annual dual track meet, the University of Chicago swamped the Tigers, 79 1/2 to 37 1/2.

Minneapolis, May 14.—The Minnesota university track team met and defeated the Nebraska university athletes yesterday afternoon, 62 to 57.

MRS. W. H. TAFT IS TAKEN ILL IN NEW YORK CITY

Wife of the President Suffers a Nervous Attack Similar to That With Which She Was Seized Two Years Ago—Her Condition Apparently Is Serious

Nation's Chief Leaves the Bedside of the Patient to Fill an Engagement at Harrisburg, Pa., but Loses No Time Returning—The Attending Physicians Reticent.

New York, May 14.—Mrs. William H. Taft suffered an attack of nervous trouble in this city today, similar to that with which she was seized two years ago.

Mrs. Taft came to New York with the president late last night, after he had kept an evening speaking engagement in Newark, and attended with him a banquet given in connection with the conference on reform of the criminal law of the state. It was during the dinner that Mrs. Taft first felt ill, but she remained until after the president had finished his address and then went to the home of her brother, Henry W. Taft. It was after midnight when they reached there.

Shortly before 10 o'clock this morning, the hour which the president had set for returning to Washington by way of Harrisburg, Mrs. Taft's condition was deemed such that she could not accompany him. The announcement prompted over-alarming reports of her illness, which the president thought would be still more exaggerated if he did not keep his appointment to speak in Harrisburg. Accordingly, he left as scheduled, and Mrs. Taft remained in his brother's house.

Henry W. Taft said tonight that the president's wife had improved during the day, and that there was nothing at all alarming in her condition. It was hoped she would be able to return to Washington in the course of three or four days.

President Talks to Trainmen.

Harrisburg, Pa., May 14.—Contrary to his personal inclinations, but in the belief that it would do much to silence sensational reports of the serious illness of Mrs. Taft, President Taft came to Harrisburg today. He had intended to spend the night here, but instead he stayed only three hours and then left on his return to New York. In the few hours he was here the president motored through streets that were lined with thousands of persons, silent for the most part, because they had heard through bulletins posted about town of Mrs. Taft's illness.

He visited Representative Olmsted for half an hour and made a speech to several thousand persons. The speech of the president was delivered to the tenth biennial convention of the Brotherhood of Railroad Trainmen. The president spoke of trade unions, their good and bad points, and wound up by defining his position in regard to the affiliation with the American Federation of Labor organization of government clerks. The question, he said, is most likely to come up in congress, and presents a serious problem which the president declared demanded the attention of the whole people.

The president left for New York shortly before 6 o'clock for the bedside of his wife in New York.

Doctors Refuse Information.

New York, May 14.—President Taft reached here at 10:20 o'clock tonight from Harrisburg and went directly to the home of his brother, Henry W. Taft, where Mrs. Taft is ill. The physicians refused to make a statement concerning the condition of Mrs. Taft.

New York, May 14.—The following statement was given out from the residence of Henry W. Taft late tonight: "Mrs. Taft is much improved tonight. The attending physicians at Washington in a few days. President Taft will return to Washington at 10 o'clock tomorrow."

Miss Helen Taft, summoned from Bryn Mawr during the day, is with her mother. The sons, Charles at Washington and Robert at Harrisburg, were notified of their mother's illness, but were not summoned.

WOODS IN FIVE PENNSYLVANIA COUNTIES ARE AFLEAME AND ALREADY THE LOSS IS HEAVY.

Ridway, Pa., May 14.—Serious forest fires are raging in Leaning, Potter, Cameron, Elk and McKean counties tonight. Already the damage is estimated at more than \$1,000,000. Unless a heavy rain falls soon it is believed the large number of men fighting the flames will be unable to subdue the fires, and a large portion of the timber in the five counties will be destroyed, causing enormous loss.

The Elk county fire, which threatened this city yesterday, was turned back through the efforts of the fire department and volunteers early today. At Hamilton and Straights, towns near here, men fought the flames all night. The fires in Lycoming, Potter and Cameron counties are the worst in the history of the region. In Lycoming county a strip thirty miles long and more than ten miles wide is burning, and many settlements are in danger. A number of farm houses and buildings have been burned and scores of cattle have perished.

Throughout the burning district, telephone wires have suffered, and communication with many points is suspended. Details of the fire are drifting in here slowly. A force of men was summoned in by the flames Saturday near Helms Run, Lycoming county. With difficulty they made their way through smoke to Slate Run creek, where they remained standing in the water for six hours. The fire here was burning fiercely since last Wednesday.

Flames Ravaging Other Regions. Wheeling, W. Va., May 14.—Reports coming in here tonight from the north-eastern part of West Virginia and a portion of Maryland are to the effect that forest fires are raging through the mountains west and south of Cumberland, Md., for a distance of 200 miles. Along the line of the Western Maryland railroad and the Baltimore & Ohio road in the Allegheny mountains a vast area is aflame.

OLIVE AND TOBACCO CASES TO BE DECIDED TODAY? IT'S ANYBODY'S GUESS.

Washington, May 14.—Will the supreme court of the United States announce its opinion tomorrow in either the Standard Oil or Tobacco corporation suits under the Sherman anti-trust law? It is anybody's guess. Only one other decision day—May 29—remains in this term. Few believe that the court will carry the cases over for consideration during the summer vacation, which will extend into October.

JUDGE POLLARD, ORIGINATOR OF PLEDGE FOR DRUNKARDS, LEAVES BENCH WEDNESDAY.

St. Louis, May 14.—Judge Wm. Jefferson Pollard, whose famous Pollard pledge for drunkards has been adopted by courts in England, Ireland, Scotland, France and Germany, will end eight years of service as a magistrate here on Wednesday. Judge Pollard was appointed by President Taft in 1900 as a delegate to the international congress on alcoholism and received many honors abroad. The Pollard pledge provides for the parole of a prisoner if he signs the pledge to abstain from drink for a given period.

CUSTOMS OFFICERS RUN DOWN OPIUM SMUGGLERS; RAILROAD MEN INVOLVED.

Montreal, May 14.—With the arrest of an express messenger in Plattsburg, N. Y., today the customs officials of the United States and Canada announce that they have run down a gang of opium smugglers that has operated throughout America for months. Evidence has been obtained, involving twelve persons in the illegal traffic. Employees on railroad trains crossing the Canadian line are alleged to have taken the drug into the United States.

MARQUETTE TO HAVE A POSTAL SAVINGS BANK

This City One of Several at Which Institutions of the Kind Are Ordered Created.

Washington, May 14.—Postmaster General Hitchcock announced today the designation of forty-seven additional postal savings depositories, making a total of 176 postal banks created since Jan. 3, last. The offices designated today will be ready to receive deposits June 12. The forty-five offices announced a week ago have reported that they will be in readiness for operation June 12. Among the towns designated today are Marquette, Mich., and Eveleth, Minn.

FALLING DEBRIS KILLS A FIREMAN AT CHICAGO.

Chicago, May 14.—While fighting a fire which destroyed the piano cabinet factories of Decker Bros. & Co. and the Edward Mikkelsen company today, John Moran, a fireman, was caught under falling debris and was killed. The property loss is said to be \$75,000.

Costly Blaze at Canadian Soo.

Sault Ste. Marie, Ont., May 14.—In a fire that for a time threatened to sweep over half of the city thirty coxswains owned by the Standard Chemical company of Toronto were destroyed in this city last night. The blaze started in a coal shed and entailed a loss of \$100,000.

BAD FIRES SWEEPING FORESTS IN THE EAST

Woods in Five Pennsylvania Counties Are Aflame and Already the Loss Is Heavy.

Ridway, Pa., May 14.—Serious forest fires are raging in Leaning, Potter, Cameron, Elk and McKean counties tonight. Already the damage is estimated at more than \$1,000,000. Unless a heavy rain falls soon it is believed the large number of men fighting the flames will be unable to subdue the fires, and a large portion of the timber in the five counties will be destroyed, causing enormous loss.

The Elk county fire, which threatened this city yesterday, was turned back through the efforts of the fire department and volunteers early today. At Hamilton and Straights, towns near here, men fought the flames all night. The fires in Lycoming, Potter and Cameron counties are the worst in the history of the region. In Lycoming county a strip thirty miles long and more than ten miles wide is burning, and many settlements are in danger. A number of farm houses and buildings have been burned and scores of cattle have perished.

Throughout the burning district, telephone wires have suffered, and communication with many points is suspended. Details of the fire are drifting in here slowly. A force of men was summoned in by the flames Saturday near Helms Run, Lycoming county. With difficulty they made their way through smoke to Slate Run creek, where they remained standing in the water for six hours. The fire here was burning fiercely since last Wednesday.

Flames Ravaging Other Regions. Wheeling, W. Va., May 14.—Reports coming in here tonight from the north-eastern part of West Virginia and a portion of Maryland are to the effect that forest fires are raging through the mountains west and south of Cumberland, Md., for a distance of 200 miles. Along the line of the Western Maryland railroad and the Baltimore & Ohio road in the Allegheny mountains a vast area is aflame.

EXTRA SESSION AT WASHINGTON IS NEARING END

After Only Five Weeks' Work, Talk of Adjournment Is General in the Halls of the Congress—Arrival of Hot Weather Stimulates the Discussion.

Senate Is Expected to Pass the Reciprocity Bill Within a Month—The House Will Have Completed Its Program by That Time and Will Be Ready to Quit.

Washington, May 14.—Although the special session of congress is little more than a month old, talk of adjournment has become general. Republicans in both branches have been hinting that a recess during the hot months would not interfere with legislation, while many Democrats in the house are beginning to believe they will be through with all they care to enact of their legislative program within another month.

The house expects to have before it the revised woolen schedule within a week or ten days. There has been much missionary work during the last week to unite the factions for an agreement upon a revision in the nature of a compromise which will be between the advocate of a revenue tariff on free wool and the champions of no duty on raw wool. While many Democrats have openly declared for free raw wool all have agreed to abide by the caucus decision.

The Democrats believe the house can dispose of the woolen bill without much delay, and some of them urge that this should end the initiative legislation for the session. Outside of the woolen feature of the tariff, with perhaps some revision of the cotton schedules, there is little before the house. The caucus decided a month ago to make this a tariff session. When the house meets on Tuesday there is nothing to come before it except some inquiry resolutions.

Senate Hostile to Tariff Bills.

Though the Democratic free list bill probably will not be passed by the senate—it may not be considered at all—the Democratic leaders insist that they have demonstrated to the people that in passing that measure their intentions were good, and that it will not be necessary for them to insist upon remaining in session to await action on it by the senate. The reciprocity bill is expected to pass the senate within a month, and then all that President Taft asks of the extraordinary session will have been disposed of. The senate, the Democratic leaders further believe, will then be ready to go home. Meantime, the house will consider such matters as army reorganization, labor legislation and reforms in the civil service.

In the senate, the hearings before the finance committee on the Canadian reciprocity bill will continue this week, and on the floor the fight over the selection of a president pro tempore to succeed Senator Frye will be resumed. Representatives of the regulars and insurgents in the senate insist that there will be no break in the deadlock.

The bill passed by the house for the popular election of United States senators may come up for discussion in the senate during the week, Senator Borah intending to call up the measure at the earliest opportunity.

LUTHERANS FROM MANY STATES HOLD A MONSTER CELEBRATION AT ST. LOUIS.

St. Louis, May 14.—Sixteen thousand persons gathered in the Coliseum this afternoon to celebrate the 100th anniversary of the birth of Dr. C. F. W. Walther, who is credited with reviving the Lutheran church in the United States. Four thousand Lutherans, many of them from Chicago and Milwaukee, were unable to get into the building.

The celebration was in connection with the session here of the Missouri synod of the Lutheran church, comprising 5,000 congregations in the United States, with a membership of 900,000. There was a chorus of 4,000 voices, including 3,000 children.

KANSAS ORDER CLOSING THE THEATERS ON SUNDAY IS NOT GENERALLY HEEDED.

Kansas City, Mo., May 14.—Though Attorney General Dawson of Kansas is issued orders that all theatres and places of amusement in that state be closed today, the command was not generally heeded. In Kansas City, Kas., the moving picture shows were operated as usual today and tonight. The proprietors were not molested, but it is expected that warrants will be issued tomorrow for all persons who defied the order.

NO CHANGE IN STRIKE ON PENNSYLVANIA ROAD.

Pittsburg, May 14.—The strike situation on the Pittsburg division of the Pennsylvania railroad was quiet today. The engineers and firemen held a secret meeting in Pittsburg, but no announcement was made as to their attitude in connection with the strike of the shopmen. Much importance is attached to a conference scheduled for tomorrow between the general superintendent and a committee of the men.

FARM PRODUCTS LAST YEAR WORTH NEARLY NINE BILLIONS.

Washington, May 14.—The value of the wealth produced on farms of the United States was \$8,920,000,000 during 1910, as estimated by the department of agriculture, in a statement just issued. This was an increase of \$104,000,000 over 1909.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

MARQUETTE, MICH., MAY 15.

Farmer N. P. Hull is getting to be a national character.

The report of the verdict of the coroner's jury in the Hartford mine case indicates that even our coroner's juries have gone insurgent.

Secretary of War Stimson has a national reputation as a "trust buster."

However, Ed Stair, of Detroit, and of the Journal and the Free Press, has not surprised anyone.

With the insurgents in charge of customs houses and in receipt of regular supplies of arms, ammunition and rations the insurrection in Mexico has left its most picturesque phases behind it.

Former Governor Warner, when taxed with opposing President Taft on reciprocity, said that no Republican president had ever gone so far wrong on the tariff before.

The summing up by the state accountant of the figures relating to the budget voted by the legislature and trimmed down by the executive shows that among the distinctions Governor Osborn will carry out of office will be the one of having struck more money out of the appropriation bills than any other governor ever thought of doing.

In caucus at Madison the Democrats in the Wisconsin legislature have decided that if the session isn't adjourned by June 3, on that date they will walk out in a body and refuse to come back, unless forcibly arrested and detained.

Remember Pingree's potato patches? Milwaukee, under socialist rule, is to duplicate them, it seems.

Members of school boards and school superintendents met in Marquette with State Superintendent of Instruction Wright last week, and the meeting is described as having been a helpful and interesting one.

Senator Townsend is said to regard the row over the election of a president pro tem as piffle, and piffle it is.

It will be generally agreed that President Taft's cabinet has not suffered in any manner because of the changes it has undergone.

Emblagaard Dairy Pure Dairy Products from Holstein Cows. George Gillette DISTRIBUTOR.

C. S. Millington, of Herkimer, N. Y., who has been designated assistant treasurer of the United States in New York, is the man whom Vice President Sherman picked out to be his successor when he was nominated by the Republican national convention in 1908 to go on the ticket with William H. Taft.

A sound judgment governs Governor Osborn in his recommendation that the experts chosen to value the mines of the state shall be brought from outside.

Another column The Mining Journal reprints an article on the Hartford mine fire, and the questions it raises, from the Ishpeming Iron Ore. It is interesting and significant because its writer, George A. Newett, is regarded as an authority on mining questions.

In the case of the fire at the Hartford mine, Negaunee, last week, a few men with helmets could have gone into the shaft and helped some of those whose lives were lost.

It isn't easy, in such times of excitement, to always do the correct thing, and it sometimes happens that those in charge of mining operations do not possess the knowledge that should be had concerning the action of smoke, gases, and other things under certain conditions.

It will be generally agreed that President Taft's cabinet has not suffered in any manner because of the changes it has undergone.

It will be generally agreed that President Taft's cabinet has not suffered in any manner because of the changes it has undergone.

filled the back gives way and the damage has been done. But every mining organization must take account of these things.

Mr. Stimson, like his predecessor, is a lawyer, and it was as a lawyer that he was best known until he was drafted by the Saratoga convention to head the Republican ticket in New York last year.

Under pressure from its readers, who have begun to see through the animus in the Marquette prison conspiracy.

ED. STAIR AND "POLITICS."

Under pressure from its readers, who have begun to see through the animus in the Marquette prison conspiracy.

RESCUE HELMETS FOR ALL THE MINES.

Every mining organization in the Lake Superior country should possess an equipment of rescue helmets—modern mine operating underground anywhere should have help of this kind.

MINE FIRES.

In another column The Mining Journal reprints an article on the Hartford mine fire, and the questions it raises, from the Ishpeming Iron Ore.

It isn't easy, in such times of excitement, to always do the correct thing, and it sometimes happens that those in charge of mining operations do not possess the knowledge that should be had concerning the action of smoke, gases, and other things under certain conditions.

It will be generally agreed that President Taft's cabinet has not suffered in any manner because of the changes it has undergone.

filled the back gives way and the damage has been done.

But every mining organization must take account of these things. The man who unthinkingly throws the burning end of a candle into a place where there is something so inflammable as the lives of all his companions, and there is always some such careless fellow on the job.

We do not have many fires in the iron mines, but we do have them, and every mining company should be prepared in the very ablest way to cope with them when they do occur.

ED. STAIR AND "POLITICS."

RESCUE HELMETS FOR ALL THE MINES.

Every mining organization in the Lake Superior country should possess an equipment of rescue helmets—modern mine operating underground anywhere should have help of this kind.

MINE FIRES.

In another column The Mining Journal reprints an article on the Hartford mine fire, and the questions it raises, from the Ishpeming Iron Ore.

It isn't easy, in such times of excitement, to always do the correct thing, and it sometimes happens that those in charge of mining operations do not possess the knowledge that should be had concerning the action of smoke, gases, and other things under certain conditions.

It will be generally agreed that President Taft's cabinet has not suffered in any manner because of the changes it has undergone.

at Marquette Admits He Flogged Prisoner 26 Times, when the fact was that the prisoner had only received 26 strokes of the paddle?

E. D. Stair, who owns the Detroit Journal and has a controlling stock interest in the Detroit Free Press has no political ambitions.

City Brevities

Yesterday's temperatures: Seven a. m., 54 degrees; noon, 60; 7 p. m., 58. Highest, 71 degrees; lowest, 46. Probably showers Monday; not much change in temperature.

George Laing, of Boyne City, was in the city yesterday.

Mr. and Mrs. R. P. Patterson, of Sault Ste. Marie, are visiting in the city.

Mrs. C. E. Miller, of Grand Forks, N. D., is the guest of Mrs. A. B. Eldredge.

Henry Russell left last evening on a business trip to Cincinnati and Lexington, Ky.

Marquette news will be found on pages four, five, seven and ten this morning.

The funeral of Ed J. Pelissier will be held at 9 o'clock this morning from the French Catholic church.

A. J. Perrin, of Duluth, a former resident of this city, was calling on old friends here yesterday.

Paine, Webber & Co. moved into their temporary office in the Peter White insurance company building on Saturday.

Trombly's orchestra will play for a dance to be given in Legion Hall by Red Cross legion Wednesday evening.

F. H. Withey, manager of the Northwestern Collection agency, left last evening on a short business trip to Powers and Escanaba.

A car of Italians arrived in the city yesterday morning from Chicago, and they will be employed in the construction of the new ore dock.

Ladies will be much interested in the Paris Fashion advertisement in this issue, announcing a low price suit sale beginning tomorrow noon.

A. L. Hentzer's May sale of undermuslins begins today and continues throughout the month. He also offers bargains in coats and suits today.

H. S. Gallup, until recently connected with the Western Express office in this city, left last night to take his new position as Duluth agent for the company.

Tickets for the Colored Jubilee singing entertainment, to be given at the opera house under the auspices of the Methodist Sunday school Monday evening, May 22, may be secured at Bigelow's. Prices will be fifty, thirty-five, twenty-five and fifteen cents.

C. Zyril, who has been unable to work for two years as the result of an accident he suffered while in the employ of the South Shore railroad, is able to be out again, and has taken a position as solicitor for Peter White & Co. He also handles accident insurance.

Carl Siegel, the fire warden, has arranged with Lafrenre & Rangette, of Ishpeming, to come here for a few days to clean chimneys and orders may be telephoned to him. This firm has done practically all of this work at Ishpeming, where the fire department had to respond to but two alarms for chimney fires during the last fiscal year.

Buttons for Boosters—The Upper Peninsula Development bureau has recently placed an order for 5,000 buttons, which are to be worn on the coats of members of the association. All members will receive a button free, while those who are not members who wish to have one of the buttons, can secure one for \$1, which fee also includes membership in the association. The buttons are about half an inch across, and bear the words, "Boost the Upper Peninsula of Michigan."

Had Good Workout—Though no game was played, the members of the Marquette baseball team had a good workout at the fair grounds yesterday afternoon, before a large crowd of fans.

Opening of Circuit Court—The May term of Marquette county circuit court opens this morning with Judge Flammigan on the bench. The forenoon will be taken up with the calling of the calendar and hearing the pleas of those charged with criminal offenses. The jury has been ordered to report at 2 o'clock this afternoon. Tomorrow will be given over to the hearing of petitions for citizenship, of whom there are between forty and fifty.

Novelty Singing Act—Always on the hunt for novelties, the management of the Bijou announces The Lenza for the first half of this week. The Lenza are Alpine yodlers and operatic character singers. Bella, the singing comedienne, is a brilliant mezzo-soprano, while her partner, Joe, has a high tenor voice and has been styled the Alpine Caruso. At the matinee and evening performances this week, a new lady singer will be tried out. The pictures will be up to the usual high standard.

To Remodel Residence—The Watson residence on Cedar street, which has been purchased by H. R. Harris, is to be extensively remodeled. The work will consist of removing several rooms added to the back part of the original residence when the property was acquired by J. M. Longyear many years ago, so as to materially reduce its size. The residence is now one of the largest in the county. The work is to proceed at once. The lot to the south of the residence and a lot on Michigan street, east of it, are now for sale.

Chicago Train Later—Beginning last night, South Shore train No. 11, handling the Northwestern and St. Paul Chicago sleepers from Marquette to Negaunee and Champion, leaves at 5:15 p. m., instead of 4:50 p. m., as for several months past. The later departure of this train will be much more convenient for local people, particularly the business interests, who have had no little difficulty getting their Chicago mail on time, since the train has left at 4:50 p. m. No change is made in the leaving time of other South Shore trains from Marquette.

Crooker a Candidate—A. P. Crooker, deputy supreme commander for Michigan for the Knights of the Maccabees of the World, leaves this morning for the state convention of the order, to be held at Grand Rapids tomorrow. Thirteen representatives from the upper peninsula will attend the convention. Mr. Crooker is a candidate for representative to the Supreme Tent review, to be held in Cleveland, July 17 to 25. Michigan will have two representatives at this review. If Mr. Crooker is elected, it will be quite an honor for the upper peninsula, as the incumbent holds the

office for four years and the nomination is coveted by many. The Maccabees of the World have been in the upper peninsula three years. Mr. Crooker represents Marquette tent, and other cities that will be represented at the Grand Rapids meeting are: Negaunee, Ishpeming, Palmer, Biorite, Hancock, Calumet, Sault Ste. Marie, St. Ignace, Manistique, Gladstone, Escanaba and Menominee.

INSURE WITH PETER WHITE & CO. MISSED HIS FOOTING.

Raymond Dougherty hurt while attempting to board moving train.

Raymond Dougherty, Palms street, was painfully injured Saturday afternoon about 5 o'clock, when he attempted to board the Marquette & Southeastern train for Munising as it was passing through the yards below Baraga avenue.

Dougherty was going to Munising and as he did not get around in time to catch the train at the station, he thought he would get on board as it passed through the yards. The train was moving more rapidly than he thought, and when he grabbed the platform rail his feet failed to land on the steps. Fortunately, he was not thrown under the wheels, but was dragged for some distance over the ends of the ties before he could release himself.

He was at once taken to St. Mary's hospital, where it was at first thought that he might die, but an examination showed that no bones were broken and that his injuries apparently consisted of flesh wounds, from which he is expected to recover in a short time. He is most badly cut about the hips and lower back.

Over a hundred suits go on sale at the Paris Fashion this week Tuesday, all at one price, \$17.50, but no two alike. 5-15-1d.

NO BIG FIND OF ORE.

The report received in the city to the effect that the company which has been drilling holes in the Wagner farm for several weeks had struck a large deposit of iron ore is incorrect, according to Michael Gunter, who has been the prime mover in the exploratory work, says the Escanaba Press. According to Mr. Gunter a small body of ore was cut by the diamond drill, but the ore was not in sufficient quantity to warrant extensive operations there. Because of the failure of the drillers to find a satisfactory deposit all work stopped and it will be many years before another man with the confidence and nerve of Mr. Gunter will appear to conduct the work in the district on the east side of Little Bay de Noquette.

The Paris Fashion garment store is offering some of their best Tailored Suits for \$17.50; its a spot cash purchase, and contains all of this season's models. This will be a great week for Suits. 5-15-1d.

Red Cross Legion will give a dance at Legion Hall Wednesday night. Trombly's orchestra. 5-15-3t.

BIDS WANTED.

The Light & Power Commission of the city of Marquette, Michigan, invites sealed bids to be furnished at the City Hall, in said city, on May 20, 1911, at 10 o'clock a. m., for the furnishing of all materials and labor and building of two dams on the river one about 4 miles from the business center of said city and the other on the head waters of said stream on the outlet of Silver lake on Section 17, T. 49, R. 28, about eighteen miles by road from the city of Ishpeming, Mich.

Plans and specifications on file and will be furnished May 1, 1911.

The dam near the city to be solid concrete and includes head works to connect with present operating six foot wood penstock.

The dam at Silver lake to be of earth fill, with concrete bulkhead, wing walls, core wall and spillway, and contractor to allow for settlement out of the contract price the sum of \$3,500 for 40 M. feet pine lumber and 1,000 barrels of cement used on the dam site.

Bids must be separate for each dam.

The right is reserved to reject any or all bids.

O'Keefe-Orbison Engineering Co., Engineers. LIGHT & POWER COMMISSION, J. E. Sherman, Pres. 4-29 to 5-31

Every woman within reach of The Paris Fashion should attend the \$17.50 Suit Sale, which begins tomorrow at 2 o'clock. 5-15-1d.

Marquette National Bank

Capital and Surplus, \$125,000.

UNITED STATES DEPOSITORY

half over, the score stood 10 to 2 in Detroit's favor, which last year would have been considered a safe lead. Not so this year, however, for Boston overcame the handicap and won. Early in the season, the fans were inclined to blame the big scores on the pitchers, but as the habit appears to be growing instead of diminishing, the heavy hitting can scarcely be explained in that way. It is now generally admitted that the surprising increase in batting this year is due to the cork centered ball, which has greater resiliency than the brand used in 1910.

Half the women in town still have their spring suits to buy, and should buy them at The Paris Fashion this week, because there will be some of the finest suits of the season offered at \$17.50. 5-15-1d.

Upper Peninsula

Sues to Recover \$500—

Herman Heilig has commenced suit in the Alger county circuit court against Erickson Nybeck for damages of \$500. The plaintiff claims that in the fall of 1908, after the potato harvest, he was the owner of 600 bushels of potatoes at Au Train. These potatoes, Heilig alleges, the defendant converted to his own use and disposed of and has since refused to settle.

No Trace of Missing Man—

No trace has yet been found of Frank Millette, who has been missing from Escanaba for nearly three weeks and for any information concerning his whereabouts N. Primeau has offered a reward of \$25. For many days a number of persons have been looking for the man and not a single clue has been found indicating his present whereabouts. Millette was a man of retiring disposition and it is thought he left his boarding place determined that he should commit suicide and hide his body. He had a revolver in his possession and it is believed by his friends that he walked into a morass and there ended his life.

Narrowly Escapes Electrocuting—

Herbert Rahoy, a Chapin location youth, barely escaped being electrocuted at Iron Mountain the other evening. Near the Holy Rosary church there was a live wire swaying to and fro. The insulation was worn off and the boy caught hold of the dangerous part of the wire. He was given a severe shock and was knocked to the ground. He was unable to release himself. A man chanced along and seeing the boy's predicament procured an ax and chopped away the wire. The little fellow had turned a purple hue and his hand was burned somewhat. The wire was brought near terra firma

by some boy having thrown over it a can attached to a piece of hay wire.

Must Serve Out His Sentence—

The supreme court has affirmed the decision of the Chippewa circuit court in the case of Charles Collins, the Fort Brady soldier, convicted of manslaughter and sentenced to the Ionia reformatory for a period of from six to fifteen years, with a recommended maximum of eight years. There was much sympathy expressed for Collins in the Soo, both among the soldiers at the post and the civilians. Although he had seen fifteen years' service in the United States army with the foreign service he had put in, which counted for double time, he had never been in the guard house and his life had been exemplary in many respects. On the day of the crime Collins had been drinking considerably, celebrating his promotion in the service, and had trouble with Edward Winters, a much larger man than Collins. It was alleged at the trial that Winters assaulted Collins as the latter entered the door of a saloon, and which was the direct cause of Collins shooting the aggressor. From his early life Collins had provided a home and supported his widowed mother and sisters, residents of Indiana.

Luce County Circuit Court—

A term of the Luce county circuit court was conducted at Newberry last week, with Judge Steere presiding. In the case of the people vs. John Lombie, accused of breaking and entering, Lombie was found guilty by the jury and was sentenced to from one to fifteen years with a recommended maximum of three years at Ionia. Lombie was one of a party of three Finns who broke into the depot at Dellenville last winter and destroyed a quantity of merchandise. His companions were never apprehended. John Payfamen, arrested for slashing John Hill with a knife when refused a meal at Hill's boarding house, was convicted of simple assault and battery and was sentenced to ninety days in the county jail. John McDonald pleaded guilty to a charge of forgery. Several months ago he applied to the Newberry State bank for a small loan and in order to secure the money forged the endorsement to a note. The forgery was discovered when the note fell due and his arrest followed. McDonald was given a severe lecture by the judge and was released on two years parole.

The sale of Ladies' tailored Suits which opens this week, Tuesday, at 2 o'clock will be the talk of the town for months to come. Every woman who has a suit to buy should visit The Paris Fashion. 5-15-1d.

Tetter, Salt Rheum and Eczema Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

BIG SCORES THE RULE.

Increased Batting the Sensation of the 1911 Baseball Season.

If the records being made this season by the big leagues and the American association are any criterion, Marquette fans will have a chance to see very few 1 to 0 or 2 to 1 games this season, but instead, the scores in the Marquette-Delta county league are more likely to be 20 to 15, or something like that. Tremendous hitting and large scores have been the features of the great national game this year, and managers and players are inclined to attribute the increased batting to the substitution of

the cork centered for the rubber centered ball.

A glance at the reports of the big league games almost any day will show at least one game where one or both teams has scored a dozen or more runs, and the number of shutout games has been much below the percentage a year ago. This cannonade reached its climax last Thursday, when the sixteen clubs of the two big leagues scored 126 runs, while the eight clubs of the American association scored 56 runs. In the two big leagues there were ten home runs made.

Take the Detroit-Boston game Saturday, which Boston won by the score of 13 to 11. When the game was about

Ishpeming Department
WILLIAM P. BELDEN HONORED BY GOVERNOR
SONS OF ST. GEORGE DETROIT EXCURSION

Ishpeming Man Has Been Appointed a Member of an Important Commission.

William P. Belden, the Cleveland-Cliffs Iron company's general attorney, of this city, has been appointed by Governor Osborn one of the members of a commission to investigate the question of employers' liability, in accordance with an act recently passed by the legislature. The other members of the commission named by the governor are Hal H. Smith and Clarence Neely of Detroit, and Charles R. Sligh and Michael P. McQueen of Grand Rapids. Of the members on the commission Messrs. Belden and Smith are attorneys, Mr. Sligh is president of The Sligh Furniture company, of Grand Rapids; Mr. Neely is president of a Detroit Typographical union, and Mr. McQueen is a member of a Grand Rapids carpenters' union.

During the recent session of the legislature several workingmen's compensation bills were framed, and after repeated hearings and work on the part of both the senate and house committees the legislature was unable to come to any agreement. A substitute bill was drafted by Senator Miller, of Detroit, which provided that the governor be empowered with the authority to name a commission of five men, who are to make a study of the conditions and report to the next special or regular session of the legislature their findings. In this manner it is thought that a bill can be framed that will meet the approval of both the workingmen and the employers.

The act provides that after the governor has named a committee that a meeting shall be held in Lansing at which time a chairman shall be chosen and clerical help hired, and other necessary arrangements made so as to carry on the work of the commission. It is expected that the committee will hold a meeting here in the near future. The act provides that all necessary expenses incurred by the committee shall be borne by the state.

TO OFFER CASH PRIZES.

Firemen Like Decision of Bessemer Tournament Committee.

The decision of the executive committee of the Upper Peninsula Firemen's association to give cash prizes, instead of trophies, to the winners in the racing contest at the annual tournament, to be held this year in Bessemer, is being generally discussed by members of the departments throughout the upper peninsula, and so far as can be learned the firemen, especially those of the teams which have participated in the tournaments the past few years. The races and the different prizes will be as follows:

Regulation hose race—First prize, \$110; second, \$55.
 Regulation hook and ladder race—First prize, \$120; second, \$60.
 Couplers' race—First, \$25; second, \$10.
 Flag race—First, \$60; second, \$30.
 Novelty hook and ladder race—First, \$120; second, \$60.
 Firemen's foot race—First, \$25; second, \$10.
 Regulation hub and ladder race—First, \$35.
 Ladder climbers' race—First, \$30; second, \$15.
 Hub and hub race, straightaway—First, \$60; second, \$35.
 Association prize—\$50.
 The consolation hub and ladder race and regulation hose race No. 2 were struck from the program for this tournament.

The dates decided upon, July 26, 27 and 28, meet with the approval of the firemen here, many of whom plan to take in the tournament. It is not expected that the Ishpeming department will enter a team in the races.

INSTITUTED NEW LODGE.

Mrs. Mary H. Pascoe and Mrs. Emma Greene arrived home Saturday evening from Painesdale, where they instituted a branch of the Daughters of St. George. This is the second branch that the two Ishpeming women have organized in the copper country in the past month. Both lodges start out with a good membership. Another branch or two may be organized in the copper country before the year closes. Mesdames Pascoe and Greene also expect to organize one or two branches in other parts of the upper peninsula during the year.

WATCH YOUR KIDNEYS.

Their action controls your health. Read what Foley Kidney Pills have done for other sufferers. Clyde H. Fuller, 408 River St., Cadillac, Mich., says: "For the past two years I have been suffering with severe backaches, and dizzy headaches, so that at times my eyes were blurred. The kidney action was painful and troublesome and hearing of Foley's Kidney Pills, I decided to try them. After using them for a short time, I was entirely cured of the backaches; my kidney action became normal and regular. Foley Kidney Pills cured me and I highly recommend them to any one suffering in a like manner." The People's Drug Store.

Chimney sweeping, furnace cleaning, moving stoves, etc. Louis Lefrenier. Call Ishpeming fire department, or can be found at 130 Summit street. 5-9-11.

DEATH OF MRS. SHAND.

Old Resident of Ishpeming Passed Away Saturday Afternoon.

Mrs. Sarah Shand, an old and highly esteemed resident of Ishpeming, died Saturday afternoon at 2:30 o'clock at the home of her daughter, Mrs. J. Paynter, corner First and Ely streets. Death did not come unexpectedly, as her condition had been precarious for several days. She had been gradually failing for some three weeks, following a paralytic stroke. Prior to being stricken, Mrs. Shand enjoyed good health, considering her age, which was eighty-one years.

Mrs. Shand had been a resident of Marquette county for considerably over a quarter of a century, having lived at Clarksburg for a few years before locating in Ishpeming. She is survived by two sons, John Shand of this city, and Robert Shand of Ironwood, and one daughter, Mrs. Paynter. Robert Shand arrived in the city yesterday.

The funeral will be held tomorrow afternoon from the Paynter home at 2 o'clock and the Presbyterian church at 2:30. Rev. M. M. Allen, the pastor, will conduct the services.

DEATH OF MRS. SUTTINEN.

Mrs. Ellen Suttinen, wife of August Suttinen, one of the proprietors of the Finnea Pharmacy, corner Division and First streets, died Friday night, kidney trouble being the cause of her demise. The deceased had been a sufferer from the disease for some months, but her relatives and friends did not realize that she was critically ill, even up to a short time before she passed away. She was twenty-one years of age and had been married but seven months. She was a daughter of Eric Larson, a well-known resident of Lake Angelina. The funeral will be held this afternoon at 2 o'clock from the Swedish Lutheran church. Friends desiring to view the remains are requested to call at the house.

THE PURPLE OF TYRE.

How the Ancient Phoenicians Obtained Their Famous Dyes.

One of the most sought after spoils of nature in the time of the ancients was a lowly mollusc containing a gem to make it eagerly desired. This was the purple mussel, or purple fish, as it is more usually called, which yielded a liquor of the color of the property of turning purple on exposure to the air. From it was derived the famous dye, the purple of Tyre, the remains of which was spread over ancient lands.

No small part of the trade of the Phoenicians with Egypt, Babylonia, Assyria and Arabia rested on the existence of this small fish. The matchless lincens of Egypt were sent to Phoenicia and there dipped in the beautiful dye of which the Phoenicians alone had the secret, and the purple cloth thus produced was coveted by the kings and princes of the East.

Many details of the manner in which the dye was obtained from the fish and employed by the Phoenicians in the art of coloring the woolen and linen stuffs imported from Egypt have been brought to light. From the several kinds of fish a variety of natural hues could be obtained. The liquor of the purple fish, which comes from a gland in the throat, yields a dark red color in the small fish and black in the larger sort. The liquor of another, the trumpet fish, gives scarlet. The fish were pounded and the dye extracted by decoction. By mixing, weakening or thickening this material and by adding this and that ingredient various colors were composed through all the shades of crimson and violet down to the darkest black. The stuffs soaked in the liquid thus prepared were remarkable for the bright sheen of the colors; the Tyrian double dyed cloth, which had the color of curdled blood, and the violet amethyst purple were esteemed the most beautiful.

The liquor of another, the trumpet fish, gives scarlet. The fish were pounded and the dye extracted by decoction. By mixing, weakening or thickening this material and by adding this and that ingredient various colors were composed through all the shades of crimson and violet down to the darkest black. The stuffs soaked in the liquid thus prepared were remarkable for the bright sheen of the colors; the Tyrian double dyed cloth, which had the color of curdled blood, and the violet amethyst purple were esteemed the most beautiful.

Even when the art of dyeing with the purple fish had been mastered at many places in the Mediterranean besides the locality of its invention, the Tyrian purple still maintained its pre-eminence and fame.

To dye 50 pounds of wool 300 pounds of the fish liquor were usually required. From this it is evident that the quantity of fish that had to be procured was enormous and the reason becomes clearer for the wide range of search prosecuted by the Phoenicians. Wherever it might be hoped that beds of the purple mussel existed, thither they went, and thus the humble shell fish set in motion a great stream of activity which in many ways influenced the lives of the ancients.—London Globe.

SUGAR DUTY IS BEING ATTACKED

Petitions Asking Its Removal Are Now Being Circulated Among Consumers.

The wholesale and retail grocers of the United States and tens of thousands of consumers, will, within a short time, send protests to congress against the continuation of the present tariff on sugar, and asking that the duty on both raw and refined sugar be taken off. Petitions are now being circulated in Negaunee and within a few days they will be sent to Congressman H. O. Young.

The consumption of sugar in the United States in the year 1910 was 3,350,355 tons, and the duty was an important item. The price of all refined sugar in the United States is based on the in-bond value of foreign raw sugar, plus the duty and the cost of refining, and in the same way the value of raw sugar produced in Louisiana and the colonies is based on the in-bond value of foreign sugar, plus the duty, etc. Domestic raw sugar is produced in Louisiana, Porto Rico, Hawaii and the Philippines, and is sold to the American refiners, where the sugar is manufactured in the domestic best sugar plants.

It is contended that the duty on sugar, compared with the duty on other articles, is not equitable.

The letter that will be sent to congressmen Young, accompanying the signatures of the Negaunee people, who desire the duty removed from sugar, will be as follows:

"The undersigned respectfully ask for a reduction in the duty on raw and refined sugars in the interest both of the \$9,000,000 consumers of the country, and the manufacturing industries in which it is an important material. This tax amounts to 2 cents per pound on refined sugar, equivalent to an 80 per cent, ad valorem duty.

"This exorbitant tax is not justified by the conditions relating to the production or refining of sugar in this country. Leading sugar refiners have testified that they need no tariff protection against foreign refiners, and there is no good reason why all the people should be heavily taxed in the interest of one industry.

"The relatively high price of sugar operates to prevent its more general use in the manufacture of preserved fruits of all kinds, and by adding to the cost of these articles, limits their consumption. While this is the greatest fruit-growing country in the world, our exports of jams, jellies, etc., are comparatively small, as we cannot compete in neutral markets with countries like Great Britain, which have the advantage of cheap sugar. A reduction of the sugar tax would greatly increase domestic consumption of these articles, and would give us a much larger share of the export trade. In many cases the canned goods would be enabled to buy and preserve fruits that are now wasted for lack of market.

"We believe that this is a matter which should be decided by congress in favor of the policy which will benefit the greater number of the people, and that the interests of the consumers should receive the consideration to which they are entitled. The tax on sugar is paid wholly by the consumers, and is an unnecessary burden on one of the principal articles of their food. A reduction in this tax would therefore be an unquestioned advantage to the people of the entire country."

TREES DAMAGED.

The wind storm of Friday blew down some twenty or thirty fine evergreen trees in the new cemetery. When the grounds were laid out only such trees as could add beauty to the place were left standing and most of the ones blown down were unprotected from the wind. An effort will be made to replant all of them.

LOCAL LACONICS.

Mrs. T. Curran left Saturday for Green Bay, on a few days' visit to relatives.

Fat Fogarty, of Escanaba, was a business visitor in Negaunee Saturday.

The Negaunee team will meet the Ishpeming high school nine next Saturday afternoon.

Charles Thoren, Jr., has entered the employ of John Ruid, the tailor, as cutter.

Peter Rasmussen arrived home Saturday from Chicago and Milwaukee, where he spent a few days on business.

Miss Jennie Salmer, who recently resigned her position in Rosen Bros. & Klein's store, has taken a place in Peter Rasmussen's store.

Rev. W. B. Coombs, of Ironwood, former pastor of the Mitchell Methodist church, of this city, spent the past few days in Negaunee.

Arthur Meyer, who has been working in Marquette for some time past, has re-entered the employ of J. W. Elliott in the painting department.

The Guild Hall baseball team of Marquette defeated the Negaunee high school nine at the Union park grounds Saturday afternoon by a score of seven to two.

The clergymen of Negaunee will hold a meeting this afternoon at 2 o'clock in the Guild Hall of the Mitchell Methodist church for the purpose of discussing

the plans for the consecration exercises at the new cemetery.

O. C. Leminen is here from Duluth. He will probably remain permanently, and will work at the carpenter trade. Mr. Leminen is a relative of John Nadeau.

O. C. Peterson has returned from Denmark, where he spent the past year visiting his old home. He is a brother of Nels P. and Joseph N. Peterson of this city.

L. Guimond, who, for the past few weeks has been busy erecting a new dwelling at the corner of Teal Lake avenue and Clark street, will begin plastering the house today.

M. J. Greenial, former manager of the Silver street livery stable, in this city, spent Saturday here calling on his friends. He is now one of the proprietors of the Beloit Employment, Purchasing, Sale & Exchange Agency of Beloit, Wis. He left here for Marinette, on business.

Jackson & Lindquist Saturday completed the concrete wall on the south side of the Breitling house property, but it will be a few weeks before the contractors will finish the work. The crew will today start work on Teal Lake avenue, here the firm has contracts to put in walks for Fred Kalm, John Neilson, A. Lindquist and the Cleveland-Cliffs Iron company.

Upper Peninsula

Loses House and Contents—The residence of H. C. Murphy at McMillan, Luce county, was destroyed by fire last week, together with all its contents. There was no insurance on either dwelling or furniture.

Will Teach at Iron Mountain—At a meeting of the board of education of Iron Mountain last week, the Misses Minerva Uplikke, Margaret Kays, and Mary Harris, of the present corps of teachers, were re-engaged. The following new teachers were also engaged: Miss Lona M. Byrne and Miss Mary Dunnebaeke, Marquette; Miss Belle Hubbard, Oshtosh, Miss Julia Graefe is at present teaching at Hibbing, Minn., but was a member of the corps of teachers at Manistique for a number of years.

Liquor Man Pays Fine—Joseph Hirn was arrested last week on a charge of violating the liquor law by having had his saloon open on the preceding Sunday, reports the Escanaba Journal. When arraigned in Justice Linden's court Hirn expressed a willingness to plead guilty to a disorderly charge, but said he would fight the more serious charge. He was permitted to plead guilty to the lesser offense and the court imposed a penalty of \$50 fine and \$7 costs, which the defendant paid.

Returns to the Bench—Judge Joseph H. Steere surprised his many friends by his arrival here Monday, prepared to resume at the term of circuit court, says the Newberry News. The judge is looking well, though he is still a little weak. This is the first work he has attempted since the operation at Rochester, Minn. The calendar for the term was a light one and the judge thought he would be equal to the demands upon his strength. Judge Steere is anxious to resume his duties on the bench, but has been prevailed upon by his physicians to resist from any arduous labors that will in any way tax his strength until he is fully recovered. He will not preside at the next term of court in Chippewa county, which promises to be rather a strenuous one.

Forest Fire Losses—When one takes into account the vast quantities of dry hemlock logs owned by the Munising Paper company and other concerns and that are skidded in numerous places more or less remote from Munising, it becomes a matter of some surprise that in past years the companies have not suffered greater losses on account of forest fires, says the Munising News. Now, however, the Munising Paper company has had a costly experience of the kind. A considerable part of the company's big supply of hemlock logs at Ethel, near the Miners river, seven or eight miles east of the village, has been destroyed by fire. It is estimated that at least 1,000,000 feet of hemlock logs, valued at \$8,000, were burned. The supposition is that the fire was set by some careless fisherman. The following day the people at the Deimling location, on the Munising railway, lost control of the forest fire which beset them and 800,000 feet of hemlock logs owned by the Cleveland-Cliffs Iron company were destroyed. The logs were valued at about \$6,000. The fire also destroyed two dwellings at Deimling.

SAVED CHILD FROM DEATH.—After our child had suffered from severe bronchial trouble for a year, writes J. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumed. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, hiccups, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c. and \$1.00. Trial bottle free. Guaranteed by The Stafford Drug Co.

Negaunee Department

NEGAUNEE WINS

EXHIBITION GAME

Champions of 1910 "Came Back" Yesterday in Contest Against Ishpeming.

That the upper peninsula champions of 1910 will "come back" with fast ball again this season was evident to all the fans who saw Negaunee defeat Ishpeming in the exhibition game yesterday afternoon at the Union park grounds by a score of six to two. The Negaunee team played a good game, which considering the condition of the grounds and the high wind that prevailed, was a notable performance.

The Ishpeming team played a good game, but in Negaunee's half of the eighth inning the Negaunee players gave Mahoney pitched the first four innings for Negaunee, retiring in favor of Rose-year, who worked in the last four. Each man was touched for two hits, the first one off Mahoney being a double by Hagle. Roseyear showed the same fine form that he did at the close of last season, and Mahoney also gave a good account of himself, though inclined to wildness at times.

Toman threw the first four innings for Ishpeming, allowing six hits, and Swanson the last five, allowing three, all of which counted in the run, getting in the eighth inning. Swanson gave promise of being a good man, as he is powerful, has steam and good curves.

John Kuntz, Negaunee's new first sacker, will do. In fact it is doubtful if a better baseman has ever been seen on the local grounds, taking his work yesterday as an example of what he is capable of doing. He is fast and his playing was really the feature of the game. He got the balls thrown to him with ease, and some of them were wide, and he covered much territory. Kuntz is the largest man on the team.

Callis, Rains and Swick, did their usual good work. Rains made several difficult catches. Callis showed that he has not forgotten how to use the willow, he having hit safely three times. His first hit in the first inning went out over short and passed through Dr. McGrooy's legs, the error permitting the runner to get around to third.

Heidenson caught his usual steady, watchful game, permitting but one man to get away from first on a widely pitched ball that he dropped.

All things considered, Ishpeming gave a good account of itself. Flynn seems to be a fast third sacker, and Hagle, Richardson and Geelan did good work. Scott, playing in right field, had two putouts and McGrooy, in left, had one. Nicholls in center, not having a chance. Laxstrom, caught in his old-time form, allowing but one stolen base.

One of Negaunee's pins, made in the third inning, was disputed by Ishpeming, and both of Ishpeming's runs in the eighth were questioned by some of the Negaunee fans. In Negaunee's half of the third two men were gone with men on first and second. The ball was hit safely into left field, the man on second coming home and the man on first trying for third. McGrooy fielded the ball to Flynn at third, the latter making a putout. The question arose as to whether the man running second had crossed the plate before the putout at third. The umpire did not see the play, as he was watching the putout at third.

In the eighth, when Ishpeming scored her two runs, the second and third sacks were occupied. Flynn was at the bat, he hit the ball along the first base line. Umpire Heindel called it fair, and both Heidenson and Kuntz claimed it was a foul.

The teams lined up as follows: Ishpeming—Laxstrom, catcher; Toman, pitcher; Swanson, second base; Flynn, third base; Hagle, short stop; McGrooy, left field; Nicholls, center field; Scott, right field.

Negaunee—Heidenson, catcher; Mahoney and Roseyear, pitchers; Kuntz, first base; Swick, second base; Flynn, third base; Callis, short stop; LaFave, left field; Simpson, center field; Fauli, right field.

Score by innings: 000000020-2 Negaunee; 10100010-0 Ishpeming. By Toman, 3; by Mahoney, 3; by Swanson, 1; hits—off Toman, six; by Callis, two; Rains, two; Swick and Heidenson; off Swanson, three; by Callis, Heidenson and Simpson; total hits, Negaunee, nine; off Mahoney, two, a two-bagger by Hagle and single by Laxstrom; off Roseyear, two; McGrooy and Flynn; total hits, Ishpeming, four. Base on balls—by Mahoney, two; Toman, one. Hit by pitched ball—Geelan and Scott, both by Mahoney; Laxstrom, by Roseyear and Rains; by Swanson; double play—Callis to Swick to Kuntz; Errors—McGrooy, Geelan and Swanson; Stolen base—Rains; Sacrifice hits—Nicholls and Simpson; Left on bases—Ishpeming, three; Negaunee, three. Passed ball—Heidenson. Umpires—Ed Dyer and H. J. Heindel.

NO MORE PILES.

Hem-Roid Does Its Work Thoroughly, No Return.

If you have piles, you know that the usual treatment with salves, suppositories or operations can't be depended upon for more than temporary relief. Outside treatment won't cure the inside cause—hemorrhoids. The lower bowel. Dr. Leonard's Hem-Roid, a Tablet remedy taken internally, removes the cause of piles permanently. Sold for \$1 and fully guaranteed by the People's Drug Store, Marquette, Mich., and City Drug Store, Ishpeming, Mich.

Foley Kidney Pills take hold of your system and help you to rid yourself of your dragging backache, dull headache, nervousness, impaired eyesight, and of all the ills resulting from the impaired action of your kidneys and bladder. Remember it is Foley Kidney Pills that do this. The People's Drug Store.

MAYOR ELLIOTT

INJURED SATURDAY

Negaunee's Chief Executive Fractured Leg Alighting from a Street Car.

Mayor John W. Elliott, met with an unfortunate accident Saturday afternoon at 3 o'clock. He came over from Ishpeming on a street car, and in alighting from the car in front of his hardware store, on East Iron street, he fractured his left leg above the ankle. Mr. Elliott had many times before alighted from cars on that end of Iron street near his stores without their slacking speed and without mishap of any kind, but it appears that on Saturday his foot did not strike the surface of the street squarely, being a heavy man, his weight doubtless had something to do with causing the fracture, which is a compound one.

Mr. Elliott did not realize that he was seriously injured until he attempted to walk, when one of the two fractured bones of the limb thrust itself through the flesh. He was taken to his home, where the fracture was reduced. He was reported as getting along nicely Saturday evening and he also felt quite well yesterday, but it will be a few weeks before he will be able to be around again.

ALLEN WILL RUN THEATER.

Jafet Rytkaenen Will Not Have Interest in New Picture House.

August Allen, who spent last week in Chicago and Milwaukee, on business connected with the moving picture theater that he is to open in Jafet Rytkaenen's new block, corner Iron street and Pioneer avenue, returned Saturday. Some three weeks ago Messrs. Allen and Rytkaenen agreed to enter a partnership for the conduct of the proposed theater, but they had been decided since that Mr. Allen will handle the enterprise on his own account. He has purchased opera chairs and other equipment for the house and he also arranged for a first-class film service.

The designs for the theater have been practically decided upon, and it will be erected so that vaudeville attractions can be handled. The stage at the rear of the first floor will be about forty feet wide, extending across the entire width of the building, and fifteen feet deep. There will be no loft, and the entire second floor of the building will be used for living purposes. The stage will be equipped with sufficient scenery to put on vaudeville acts and the theater will have an inclined floor, extending from the entrance to the pit.

Mr. Allen will have such a large seating capacity in the house that it will not be necessary to give more than two performances an evening. He expects to be able to open the house soon after the first of July.

TO HOLD CONFERENCE.

Adjusting of Tracks on Iron Street to be Considered This Afternoon.

H. W. Feesing, the consulting engineer who will have general supervision of the paving work on Iron street, had his revised plans and specifications ready for the approval of the council Friday evening, but it was decided to defer action on them until Monday night, when another meeting will be held. Wick O'Connell, who has the contract for the job, was present at the meeting Friday evening, and he and Mr. Feesing returned to the copper country.

The members of the board of public works and street and highway committee of the council met this afternoon with Manager McOrkendale of the Chicago & Northwestern Railway company, and a representative of the Chicago & Northwestern Railway company, to discuss plans for the improvement of the tracks on Iron street. Under the new specifications the traction company, also the Northwestern company, will be required to lay their rails in a bed of concrete. It is thought that the officials of the street railway and the Northwestern company will agree to this plan, as the improvement will be permanent.

HAY PRICES MOUNTING.

First-Class Timothy Now Quoted at \$24 per Ton, Wholesale.

Hay of all kinds is now very scarce and consumers fear that before the new crop is available it will be selling at from \$30 to \$40 per ton. The wholesale price of No. 1 timothy hay has advanced approximately 85 per cent in the past two weeks, and the dealers are not able to procure it in any great quantities. There is now very little timothy hay in Negaunee and the supply here will probably be cleaned out within the next two or three weeks.

Saturday a Green Bay commission firm quoted No. 1 timothy at \$23.00 per ton delivered in Negaunee. With the quotation was a notice to the dealer that if he wanted any at that price he had better wire his order at once, as a price was subject to change. A week ago the dealers here were retailing No. 1 timothy at from \$2 to \$3 less per ton than it can now be bought wholesale. Saturday the retail prices were from \$25 to \$26 per ton.

Hay of other varieties has increased in price in proportion to the advances in timothy and the poorer grades are now selling at what No. 1 timothy usually brings at this time of the year. The new crop will not come into the market in the farming districts of Wisconsin and Minnesota until early in August. As a rule, the Wisconsin and Minnesota farmers cut their hay the latter part of June or early in July, that depending largely on weather conditions, and it usually takes from three to five weeks to season and bale it.

IN CONFECTIONERY BUSINESS.

Henry Hendrickson, who is employed in Peter Rasmussen's store, Saturday opened a confectionery store, in the Thoren block, on West Iron street, taking the rooms formerly used for the same purpose by John Markanen. Mr. Hendrickson will retain his position with Mr. Rasmussen and Miss Ady Rytkaenen

WOMAN ESCAPES OPERATION

Was Cured by Lydia E. Pinkham's Vegetable Compound

Elwood, Ind.—"Your remedies have cured me and I have only taken six bottles of Lydia E. Pinkham's Vegetable Compound. I was sick three months and could not walk. I suffered all the time. The doctors said I could not get well without an operation, for I could hardly stand the pains in my sides, especially my right one, and down my right leg. I began to feel better when I had taken only one bottle of Compound, but kept on as I was afraid to stop too soon."—Mrs. SADIE MULLEN, 2728 N. B. St., Elwood, Ind.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

FOR SALE—Auto wagon used by the county road commission for the past two years. Information about same may be had by applying to V. S. Hillier, superintending engineer. 5-12-11

WANTED—A girl for general housework. Mrs. C. Meilleur, 228 Main St., Negaunee, 4-9-11

will have charge of the store. The Markanen stock and fixtures were taken over by Mr. Hendrickson and a considerable quantity of new goods have been purchased.

DO GHOSTS HAUNT SWAMES? No, never. It's foolish to fear a fanciful evil, when there are real and deadly perils to guard against. In swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c. at

SAYS REPORT IS UNFOUNDED

Superintendent Lytle, of South Shore Road, Takes No Stock in Eastern Rumor to Effect That Canadian Pacific Is to Improve Upper Peninsula Line.

Business Is Poor and Finances Are in Such Shape That Betterments Are Out of the Question, He Is Quoted as Saying—Reciprocity Would Help Some.

South Shore officials and employees take little stock in the report emanating from eastern financial centers to the effect that the Canadian Pacific is about to rehabilitate the South Shore, with the intention of making it a connecting link in a great transcontinental line. Among other things, the report had it that an order for 15,000 tons of rail had been placed, to be used on the South Shore. Local South Shore officials have been skeptical of the report from the first, particularly as a long stretch of light track west of Nesteria is now being fish-plated to insure its safety for some years longer, which would not likely be done if new rails were going to be laid within the next year or two.

While in the copper country last week, General Manager C. E. Lytle is reported to have emphatically denied the entire story. "Under present conditions, the road cannot afford to make any improvements," Mr. Lytle is quoted as saying. "Business is too dull, both in the iron and copper trades. It is estimated that not more than 25,000,000 tons of iron ore will be shipped from Lake Superior this year, as against 40,000 last year. The railroads take more of the product of the steel and iron industry than any other business, and they are taking very little this year. The rolling and the rail mills are doing practically nothing now, and many of the big furnaces are idle." Evidently with two-cent fare in mind, Mr. Lytle said: "We are not given any encouragement to make improvements and expansions."

When asked where heavy steel would be laid if the road should buy a large amount of steel, Mr. Lytle admitted that the logical territory through which to lay it would be the stretch between Nesteria and Duluth, where the light, sixty-pound steel, now in use has done service for twenty-two years. Heavy steel is already down between Marquette and Summit but is needed between Summit and Houghton. The Mineral Range has its lines covered with heavy steel. Steel of several weights is used between the Soo and Marquette.

Fifteen thousand tons of new steel would not cover more than 105 miles of line, anyway, while the stretch between Nesteria and Duluth is 210 miles in length. Fifteen thousand tons of steel would cost \$450,000, according to Mr. Lytle, and "the South Shore hasn't this amount of money to put into new

steel or anything else at the present time nor is it likely to have for some time," he continued.

Favors Reciprocity.

Mr. Lytle seems quite certain that better reciprocal agreements will be reached with the Dominion government and that the benefits to be derived will be numberless and mutual for each country. "Canadians will then be able to buy good shoes at reasonable prices," he said. "Why our business across St. Mary's river at the Soo is enormous. The Canadian Pacific hauls in trainloads of people every day who are trading on the American side. And they buy American shoes, for there is not a good shoe of English make to be had in Canada, at a reasonable price. American shoes are good and they are reasonable."

The farmers, Mr. Lytle believes, are the only ones who are in direct opposition to the reciprocity proposition and they fear that wheat will suffer if the measure is passed. "Why they should fear that, though," he said, "I cannot understand, especially when considering that last year, alone, 100,000 American farmers went into the Canadian northwest to raise wheat."

Upper Peninsula Development.

Mr. Lytle was asked just what position the South Shore, Mineral Range and other railroads will be likely to take in regard to the development and colonization campaign inaugurated recently to boom the northern peninsula of this state and said that, while the roads have not given any money towards the campaign and his road has none, at present, at least, to give away for anything, the railways will be hearty in favor of the scheme as outlined by the Upper Peninsula Development bureau.

"The advertising campaign is doing for northern Michigan is bound to result in great good," he said. "Here we have a peninsula of wide and fertile lands, practically undeveloped. We send to the outside world for our food-stuffs. But why should we do this? The railroads of the peninsula pass through valleys and fields as fine for agricultural and stockraising purposes as any in any country or any state. Certainly the railroads will be in favor of the development of northern Michigan's resources."

Mr. Lytle says that the South Shore's business in the passenger department, as well as in the ore carrying trade and the freight traffic is away off and there has been a great decrease in earnings the past few months.

CLEAN YOUR CHIMNEYS.

I have arranged with Lafrenire & Rangette, of Ishpeming, to spend some time in Marquette cleaning chimneys. They are a reliable firm, and charge fifty cents for cleaning a small chimney and seventy-five cents for a large one. Property owners whose chimneys are in bad condition should take this opportunity of having them cleaned. Orders telephoned to me will receive attention. CARL SIEGEL, Fire Warden. (5-15-11)

This is to be the greatest suit week of the season. The Paris Fashion is offering Women's high class tailored suits for \$17.50 that are really \$25, \$27.50 and \$30.00 grade, see their announcement on another page. 5-15-11.

Just received consignment of rose bushes, shade trees and shrubbery. Prices reasonable. J. S. HARLAND. (5-10-11).

STREET CARNIVALS ARE DENOUNCED

Are Against Public Policy and Demoralizing, Said Father Pinten in Sermon.

Father J. G. Pinten, in the course of his sermon at the 10:30 o'clock service at St. Peter's cathedral yesterday morning, warmly denounced street carnivals as a class of entertainments that serve no good purpose, but, on the contrary, encourage liberties and make for the demoralization of young and old, leaving in their train consequences that it takes considerable time to correct.

Father Pinten discussed at some length the laxity of conduct and indiscriminate mingling in roistering crowds of men, women and children that characterize these entertainments. He particularly objected to them on the ground that they set a bad example for the young. He took the position that the granting of licenses for street fairs is against public policy in every way, and that the city officials, whose duty it is to look after the interests of the people who elect them to responsible positions, should refuse to license these entertainments by granting them the use of the streets. He referred to the fact that they are a heavy drain on legitimate business, saying that they take out of the city large sums exchanged for admission to catch-penny shows in which there is no entertainment worthy of the name.

Father Pinten's remarks were made in reference to the petition of the Eagles' society of this city for the use of the streets for a week of street shows the coming summer, though he made no specific reference to the society or to individuals. The question of whether the Eagles should be licensed to conduct such an entertainment was brought up at the last meeting of the council and referred to a special committee, which will report this evening.

Last year there was considerable opposition to the appearance of the Bark-foot shows here during county fair week, and a number of the business men protested against giving them the use of the streets. They were finally admitted, however, for the payment of a considerable license fee, and with the understanding that none of their shows would be open for business the afternoons of the county fair dates. The petition of the Eagles for permission to hold a carnival this year has attracted comparatively little attention. The members of the committee, it is said, have not so far been in receipt of any objections to the proposed fair. One member of the committee is frankly not favorable to the street fairs, but it is said that he is not likely to insist on his views on the subject, in view of the apathy that apparently exists on the part of those who have heretofore been opposed to them.
