Not only did the president refuse to pardon either Walsh or Morse, but he ilso declined to exercise at this time any other source of exccutive elemency n these cases and he refused to shorten the sentence of either man. In denying the pardons, the president took a firm stand that the national banking laws or any other laws must be upheld when they affect the rich man even more than when they affect the poor.

#### Records Show Guilt.

The records in the Walsh case, the president said, shows "moral turpitude of that insidious and dangerous kind to punish which the national banking laws were especially enacted." estored to Health by Lydia E. Pinkham's Vegetable Compound

A woman who is sick and suffering, and won't at least ry a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is, it would almost seem, to blame for her own wretchedness. Read what this woman says:

Richmond, Mo. — "When my second daughter was eighteen months old I was pronounced a hopeless invalid by specialists. I had a consultation of doctors and they said I had a severe case of ulceration. I was in bed for ten weeks, had sinking spells, and was pronounced to be in a dangerous condition. My father insisted that we try Lydia E. Pinkham's Vegetable Compound, and brought me six bottles. I soon began to improve, and before it had all been taken I was as well and strong as ever,—my friends hardly recognized me so great was the change."—Mrs. Woodson Branstetter, Richmond, Mo.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what another woman says:-

Jonesboro, Texas. — "I have used Lydia E. Pinkham's Vegeta-ble Compound for myself and daughter, and consider it une-qualled for all female diseases. I would not be without it for anything. I wish every mother in America could be persuaded to use it as there would be less suffering among our sex then. I am always glad to speak a word of praise for Lydia E. Pink-ham's Vegetable Compound, and you are at liberty to use this testimonial."—Mrs. James T. Lawrence, Jonesboro, Texas.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble? /

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

► If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

Only the woman who has tried knows what comfort and relief a New Perfection Oil Cook-stove brings into the kitchen.

It is not only that the New Perfection cooks so well. It saves so much work in other ways. . There are no ashes to clean up before going to bed; no fire to bank for the night. Everything is ready for cooking in the morning at a touch of a match.

You are saved from an overheated kitchen; saved from soot and dirt; saved from chopping wood and carrying coal. In the kitchen or the laundry, for the lightest or the most elaborate meal, you will find the New Perfection stove with the New Perfection oven is the best and most convenient.

Made with 1, 2 and 3 burners, with long, turquoue blue enameled chimneys. Handsomely finished throughout. The 2-and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc. Dealers everywhere; or write for de-scriptive circular to the nearest agency of the New Perfection Oil Cook-stove of the Standard Oil Company (Incorporated)
