

SENIOR DIAZ SURRENDERS HIGH OFFICE

Final Triumph of the Mexican Revolution Comes When the Head of the Federal Government Formally Tenders His Resignation and Congress Accepts It.

War Department Is Turned Over to Madero's Representative and Today De LaBarra Will Become Provisional President—People of the Capital Jubilant.

Mexico City, May 25.—President Diaz is dead. Long live Citizen Diaz. President Diaz's resignation was read by the president of the chamber of deputies...

Everyone has expected an uproar and a demonstration when the announcement was made, but within the chamber the words announcing the event were followed by a dead silence.

On the motion to accept the president's resignation, 167 deputies voted aye, while two of them did not express themselves.

Francisco De LaBarra, late ambassador to Washington, was chosen provisional president. The latter will take the oath of office at noon tomorrow.

Of scarcely less interest in the popular mind was the practical assumption of military control of the federal district by Alfredo Dominguez, Madero's personal representative.

Deputy Speaks Eloquent. The one dramatic feature of the day was made by Deputy Jose Aspe in introducing the president's letter of resignation.

Populace Makes Merry. In the city generally the acceptance of the resignation of the president was announced by the ringing of bells of the cathedral and two discharges of cannon.

National Palace Strongly Guarded. A heavy guard of mounted police was maintained in front of the national palace, near which seven persons were killed and thirty-six were wounded when the mob was fired on last night.

Provisional President De LaBarra acknowledged his election to that high office in an open letter to the Mexican people tonight.

Diaz's Letter of Abdication. The following is the letter of President Diaz to the chamber of deputies: "Sirs: The Mexican people, who generously have covered me with honors, who proclaimed me as their leader during the international war, who patriotically assisted me in all work undertaken to develop the industry and the commerce of the republic, establish its credit, gain for it the respect of the world and obtain for it an honorable position in the concert of nations, that same people, sirs, has revolted in armed military bands, stating that my presence in the exercise of the supreme executive power is the cause of this insurrection."

Flight from Paris to Madrid for a Prize of \$30,000 Proves the Hardest Test to Which the Aeroplane Has Been Subjected, With a Single Exception.

Of the Three Contenders Remaining for the Last Stage, One Wrecks His Machine and Another Is Forced to Land Where a New Start Is Impossible.

Madrid, May 25.—With the exception of the crossing of the Alps by George Chavez on Sept. 23, 1910, a feat which ended in his death, the third stage of the aviation race from Paris to Madrid for a prize of \$30,000 has proved to be the most severe test to which the aeroplane has yet been subjected, and two of the three contestants, it now appears, have been forced to abandon the flight.

Aviator Fights With Eagle. Gilbert fought the first recorded battle of the air. A large fierce eagle swooped down to give battle to the new rival, the air man.

Cherry and Pancoast Disasters. On the afternoon of Nov. 13, 1909, the Cherry mine, in Illinois, was fired, with the result that 242 lives were lost and the property seriously damaged.

Badger Commonwealth an Object Lesson for Rest of the Union When It Comes to Solving Civic and Industrial Problems, Declares the Former President.

Under the Leadership of LaFollette, He Says, It Is Blazing the Way Along Which the States in General and the Nation Itself Must Travel.

New York, May 25.—Ex-President Roosevelt has an article on "Wisconsin; an Object Lesson for the Rest of the Union," in the current issue of the Outlook, in which he says, in part: "I doubt whether American students of social economics fully realize the extraordinary work that has been accomplished during the last decade and is now being accomplished in the state of Wisconsin under the lead of Senator LaFollette and the group of entirely practical and at the same time enthusiastic workers who have come into control of the state mainly or largely because of the leave he has given them."

Students and Politicians Work Together. "We can now, at least in many cases, look for leadership to Wisconsin when we desire to try to solve the great industrial problems of the present and the future, instead of looking for it to look abroad. It is noteworthy that in Wisconsin when one speaks of such leadership it is possible to include therein the students as well as the political leaders. In no other state in the Union has any university done the same work for the community that has been done in Wisconsin by the University of Wisconsin."

A Pioneer Blazing the Way. "It is only in Wisconsin, so far as I know, that a really serious and thorough effort is being made to find out how to frame measures which shall give the people effective control over the big corporations without going into wild extravagances; and in this effort politicians and students have joined hands. Again, I found the legislators grappling with the question of workmen's compensation. They were engaged in considering the introduction into the state political system of the initiative, referendum and recall. What they were considering in each case was the probable practical results of the measure, what it would do for good, what it would do for evil, and how in actual practice it could be guarded and so applied as to make it likely that it would secure the maximum of good at the cost of the minimum of evil."

After my visit I felt like congratulating Wisconsin upon what it had done and was doing; and I felt much more like congratulating the country as a whole, because it has in the state of Wisconsin a pioneer blazing the way along which we Americans must make our civic and industrial advance during the next few decades."

BASEBALL AND SPORTSMANSHIP

Tomorrow will occur the first baseball games between the teams in the Marquette-Delta county league.

Part of the responsibility for its success rests with the public that will patronize the games.

What the public always wants in its sport is fair dealing and gentlemanly behavior, both on the part of the contestants and on the part of those witnessing the games.

A plea for the good sportsmanship that fights to the last ditch is not amiss in this connection.

AN INTERESTING SITUATION

An interesting situation is created by the announcement of John A. Topping, chairman of the Republic Iron & Steel company.

Senator La Follette to the contrary notwithstanding, what we have learned from the penman of the Illinois legislature of 1909 indicates that \$100,000 would have been all the money required to bid in the votes that the Lorimer forces needed and to defray, besides, all the contingent expenses of the campaign.

While at Wrangel one of the citizens there told me of the difficulties of missionary work among the Indians.

ter of the gospel was to secure and hold the attention of the average Indian, who, under ordinary conditions, is perfectly willing to go to church but is not disposed to accept anything he is told.

The missionary thought the thing over carefully and at the first meeting told his congregation of aborigines the story of the flood, how it had rained for forty days and forty nights, until the waters covered the entire earth and forced Noah to seek refuge in the ark he had built.

As the missionary sought to point some lesson from the Biblical deluge, one big buck got up and shuffled down the aisle toward the door and muttered:

SHOCKING DEATH IN ONTONAGON COUNTY

Janitor of the Rockland School Falls from Belfry and Is Killed.

Louis Gagnon, janitor of the high school at Rockland, Ontonagon county, met a terrible fate at 3 o'clock Wednesday afternoon when he fell out of the belfry of the building.

No one can tell just how the accident happened as no one saw the unfortunate man while he was in the belfry. He had gone up to make repairs in the ceiling. In falling, his body struck the bell, which sounded an alarm. Investigation into the cause of the bell's ringing resulted in the finding of the janitor. He was lying on a pile of rocks, having struck the roof of the belfry and tumbled off.

It was found that the man had sustained a double fracture of his skull, which left a gaping hole in the top of his head. As he lay in breaths in his last agony, the air would come out of the hole in his head, forcing the brain matter out with it. Gagnon never recovered consciousness.

The victim was a man about forty years of age and leaves a wife and three children. He was a much respected resident of Rockland and there is general sorrow in the village over his death.

NEWS OF THE COURTS.

Baraga County Tribunal Adjourns—Houghton Term Reopens.

The May term of the Baraga county circuit court at L'Anse adjourned Wednesday night, after being in session a day and a half. No cases of importance were tried. Judge Sappala will reconvene the Houghton county term yesterday morning, having taken a recess of two days to go to L'Anse.

The court was occupied yesterday with the case of John Jarviah, charged with assisting in the Sappala murder. The intention in murdering him, Jarviah's defense is that he was drunk that night, April 22, that he remembers absolutely nothing that occurred. The case was not concluded yesterday afternoon.

SHIELDS FOUNTAIN ARRIVES.

R. H. Shields' donation to the People of Houghton Is Here.

F. W. Stoye yesterday received from the makers in Chicago the fountain which Robert H. Shields has donated to the people of Houghton. The fountain is a metallic structure made on Mr. Shields' own design. It is eight feet high and surrounded by an electric light globe. The fountain is in three sections, one for the use of humans, one for dogs and one for horses.

Chairman Hartman of the street committee of the village council said yesterday that the fountain will be located at a point on the south side of Sheldon street west, eighteen feet west of Dakota street. Placing the fountain at this distance from the corner will obviate any blocking of the crossing by teams which are using the fountain. For the use of men, women and children there is a bubbling jet of water, which avoids the use of the deadly public drinking cup. The dog bowl is between the man and horse fountains.

In accordance with the wishes of the donor there will be no public ceremonies in connection with the installation of the fountain. It will be placed as soon as possible and the only dedication will be the first drink which the first thirsty and grateful man, horse or dog will take.

ENDS GERMAN SINGING SEASON.

Houghton Arion Maennerchor Going to Laurium Saturday Night.

The official closing of the German singing season in the copper country will be marked Saturday night by an entertainment to be given at Laurium by the Maennerchor of that village. The Houghton society, of that village, will attend and will make the trip in a special car. The Hancock Maennerchor also will be represented.

BUSINESSMEN'S COMMITTEE.

President J. H. Rice of the Houghton Businessmen's association has appointed a numerous reception committee to act when the Detroit Board of Commerce comes to Hancock and Houghton June 9. The Detroiters will be in Houghton the afternoon of that day and plans for their entertainment and reception are being made. Hancock's plans along this line already have been printed here.

SIDEWALK PROBLEM AGAIN.

Houghton Council Is Going After Dilatory Property Owners.

The Houghton council is shortly going to take up the sidewalk campaign which was opened somewhat abortively last year. A village trustee said yesterday that the council will at once get after such property owners as have given flagrant evidence of their disregard for the wishes of the municipal governing body. There are numerous instances of these in cases of property owners who have neglected their adjoining neighbors to build walks and have not built in front of their property, making an unsightly gap in the walk. These property owners are going to be compelled to build at once. The council meets next Thursday night for the regular June session and at that time certain property owners who are aggrieved because some of their neighbors have felt themselves strong enough to resist the council's fiat, will be present to make complaints.

HANCOCK'S N-W THEATRE.

The furniture and fixtures for the Orpheum, Hancock's new vaudeville house, will be purchased in Chicago, D. E. Rice, the proprietor, leaving for that city this week on this mission. Mr. Rice will have special attention in managing the place George K. Spoff of Chicago. The two men operate a chain of vaudeville houses in the Middle West and they expect the Orpheum to be one of the best of the kind. Connection with the theatre will be open for business shortly after the first of July.

MINE FIRE OF SHORT DURATION.

Work was resumed yesterday morning at No. 5 shaft of the Tamarack mine, where fire broke out on the thirty-first level Wednesday noon. The fire burned itself out before evening, without doing much damage, other than the sus-

Houghton Mining Engineer Writes of the Capture of the Town of Cananea.

A Houghton mining engineer, writing to his brother in Houghton from Cananea, Mexico, writes he is employed at the Green-Canaan mine, tells some of the exciting incidents arising from the Mexican insurrection. For obvious reasons his name is not given, one being that he wants to live in peace in Cananea for a time. The letter follows:

"(Guess you are wondering a little as to whether Cananea is still on the map or not. She is still here and right side up doing as well as can be expected considering the drastic housecleaning that she was subjected to a few days since.

"Colonel Cabral came up to this town seven miles of town and sent in word to the United States consular agent that he should get the women and children out of the way as he intended attacking the town next morning at daylight. Talk about people moving the streets were full of women and men and children within a half hour, dragging everything imaginable with them, just milling around in circles and scared to death.

Janet's fight was most awfully fresh in their minds. The celebration will be held in Houghton this year. Arrangements to that end were made at a joint meeting of the societies of Lake Linden, Calumet and Houghton-Hancock Wednesday night. The celebration includes a parade, high mass at St. Ignatus' church, picnic at Haas' Park and a ball at night.

The Houghton-Hancock society with the Quincy band will meet the Lake Linden and Calumet societies at the Copper Range station at 8 a. m. June 24. The societies then will march to St. Ignatus' church, where high mass will be celebrated. Following the mass the parade will form at the church and march west to Pawnee street, north to Sheldon and then east to Haas' Park, where E. J. Bayard, president of the village of Houghton, will deliver the address of welcome. Dinner will be served in the park and during its progress the Quincy band will play a concert.

In the afternoon there will be a musical program and the degree will be conferred by E. F. Prince and H. LaPlante of Lake Linden, Joseph Ouellette and J. R. Cloutier of Calumet, L. N. Legris, E. J. Dube and Amadeo Cornillon of Houghton and P. J. Verille and C. E. Bayard of Hancock. The celebration will close with a ball at the Citizens' National bank hall at night.

This celebration will bring to Houghton thousands of French-Canadian residents from Lake Linden, Calumet, Hancock, Lake Linden, Hancock and smaller towns of the copper country.

FORESTERS OF AMERICA.

Important Meeting of the Order at Calumet Saturday.

Court North Star, Foresters of America, of Calumet, will be the host of the Foresters of America of Houghton county at a big meeting at the Calumet Light Guard armory Saturday evening. There will be a banquet, following which a program of addresses and musical numbers will be given. The meeting will be one of enthusiasm and good fellowship. During the evening the degrees will be conferred by the local lodge of Houghton and North Star courts will hold a friendly competition. It is expected that about six hundred Foresters will be present and will witness the work. Hancock, Wolverine, Hubbell, Mohave, Hancock, No. 10, Ristic, Laurium and North Star courts will be represented. Grand Chief Ranger Edwin Edwards of Calumet will give a short address.

All of the delegates elected by the copper country courts to the grand lodge annual meeting at Port Huron, Mich., especially are requested to attend this meeting, when plans for the convention will be talked over. It is proposed that the copper country delegation should travel by way of Chicago, there to witness the games of ball June 4 and 5 between the Chicago and New York National league teams.

MINISTERS NAME OFFICERS.

The copper country Ministerial association has elected officers for the year as follows: President—Rev. Luther K. Long of Calumet Congregational.

Vice President—Rev. George D. Harger of Calumet Baptist.

Secretary—Rev. Frank P. Knowles of Houghton Presbyterian.

Outing Committee—Rev. J. A. Ten Broeck of Calumet Episcopal and Rev. W. E. Marvin of Hancock M. E.

Program Committee—Rev. W. M. Wood of Laurium M. E., Rev. Harger and Rev. Knowles.

SCHOOL CENSUS FALLS OFF.

Six census districts in Calumet township have been enumerated by the school census takers and it is reported that in the six a total falling off of 100 has been shown. This results in a money loss to the township of \$700, on the basis of the primary school fund apportionment just made, in which Calumet township received \$7 a head or a total of \$7050.

FUNERAL THIS MORNING.

William Parsons, aged seventy-two, a resident of Calumet for fifty two years, died Wednesday evening of infirmities attendant upon old age. He is survived by six children. His wife died two years ago. The funeral will be held this morning from the residence with interment in Forest Hill cemetery, Houghton.

F. D. SHERWOOD IS HONORED.

F. D. Sherwood, physical director of the Calumet Y. M. C. A., has been invited to act as one of the leaders at the state Y. M. C. A. boys' camp at Torch lake, Antrim county, in June. He has accepted and will spend two weeks at the camp.

NEW ITALIAN LODGE.

The second lodge of the Cavallieri di Romolo, the national Italian society organized in Calumet last year, was instituted this week in Hancock. It is expected that lodges will be organized this year in all the large Italian colonies of the United States.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or low fever complaints. It is simply impossible, and so says every one who has used it. Sold by The People's Drug Store.

Powell & Mitchell Had to Pay \$425 to Continue Contract.

At the session of the Keweenaw county circuit court last week, F. X. Kaiser of Eagle River secured an injunction restraining Powell & Mitchell from proceeding with the quarrying of rock at Agate harbor, on the representation that he had leased the quarry for a summer season. When the injunction was served on Ed. Mitchell of the firm he had to pay \$425 to Mr. Kaiser and others interested with him in order that he might be permitted to proceed. Mr. Mitchell secured permission to quarry rock at Agate harbor from F. W. Nichols, agent for the owners, several months ago. Mr. Nichols leased the same land last March to Mr. Kaiser and his associates. The rock is being quarried for use on the canal breakwater contract.

ST. JEAN BAPTISTE REUNION.

Annual Gathering of Copper Country French-Canadians June 24.

The annual reunion of the St. Jean de Baptiste societies of the copper country, the annual celebration of June 24, natal day of St. Jean de Baptiste, the patron saint of the French-Canadians, will be held in Houghton this year. Arrangements to that end were made at a joint meeting of the societies of Lake Linden, Calumet and Houghton-Hancock Wednesday night. The celebration includes a parade, high mass at St. Ignatus' church, picnic at Haas' Park and a ball at night.

ALPENA—John Cramer, a stepple jack fell fifty-five feet from the stack of the Alpena Motor Car company, which he was painting, when a C. H. Noyes and officer of the company, returned with a physician after fifteen minutes search he found Cramer sitting on the ground with a wan smile on his face but only a small finger in his right hand broken.

Cramer was a seat which fell on him and it is thought he became tangled with the ropes and broke his fall.

PONTIAC—Following the adjournment of the board of review, City Assessor Griffin announced the following valuations: Real estate, \$7,292,000; personal property, \$4,703,000. The total of \$12,000,000 is just \$2,715,000 more than the valuation of last year. The board of review states that but few valuations were increased, the gain being due almost entirely to new property added to the city within one year. Mayor Lounsbury states that the city tax rate will be at least \$1 lower on each \$100 of valuation than last year and that the budget, which the commission will adopt, will be ample for all the city's needs, including the pavement of South Saginaw street from the end of the present pavement to the city limits. The stretch of road has been declared by autoists the worst road in Michigan, and to make the improvement permanent the street will be paved.

ALLEGAN—Alleging that at the time I. A. Shepard, cashier of the Plainwell bank that failed a year ago, made false reports to the state banking commission he did not know he was investing \$28,000 of the depositors' money in Texas lands, the defense in circuit court asked the acquittal of Shepard. Shepard's trial has been on for over a week, and today the defense took up its side of the case. An effort will be made to show that Shepard was laboring under a mental delusion at the time the bank failed and that he knew nothing of the wrongs that were alleged to have been committed. It is said that girls employed in the bank will testify that Shepard at times acted queerly and often complained of not being able to sleep. Shepard claims that just previous to the time of the bank failure he saw Christ and also talked with his father who has been dead many years. The trial promises to be of a most sensational nature.

ANN ARBOR—George H. Purchase, of Detroit, is in the county jail and on a writ after Elmer Glenn, of Pinckney, both sent here on a body warrant issued by the supreme court because of not paying a judgment of \$11,092.20. Purchase was found guilty of fraudulent representation of a lease on valuable oil lands in Tipton, Ont. The case was brought by Theodore Mast, janitor in the law building, and brought out the fact that several of the most prominent members of the U. M. C. church, including Professors Thomas Fogie, (Samson Yutz), Robert Banks, Herold Sadler, Julius Schlotterback, John R. Allen and others also figured quite heavily in stock holdings and found themselves co-defendants by the action of Mast, though they too had been "sued" by Purchase as had Mast. Purchase has refused to pay the amount ordered by the court, and when he came to the jail, he announced: "I've come for the nine months." Which may be enough satisfaction so far as the faculty of Purchase is concerned, but with that, well, he'd rather have his share of that \$11,092.20.

HOLLAND—While driving a herd of ten cows home from his pasture Thomas Scholton, a farmer living near Zeeland, was seriously injured in a most peculiar way. He had to drive nine cows over the Pere Marquette railroad track and the Chicago River struck the tenth, hurling the animal against Scholton, breaking some of his ribs and causing serious internal injuries. The animal was killed. The train was stopped and the crew carried Scholton to his home near by and Dr. J. Masselink of Zeeland was called.

Which may be enough satisfaction so far as the faculty of Purchase is concerned, but with that, well, he'd rather have his share of that \$11,092.20.

HOLLAND—While driving a herd of ten cows home from his pasture Thomas Scholton, a farmer living near Zeeland, was seriously injured in a most peculiar way. He had to drive nine cows over the Pere Marquette railroad track and the Chicago River struck the tenth, hurling the animal against Scholton, breaking some of his ribs and causing serious internal injuries. The animal was killed. The train was stopped and the crew carried Scholton to his home near by and Dr. J. Masselink of Zeeland was called.

### City Brevities

Yesterday's temperatures: Seven a. m., 55 degrees; noon, 72; 7 p. m., 66. Highest, 81 degrees; lowest, 42. Today's weather: Probably showers Friday; stationary temperature.

O. C. Carlson of Chassell, was a Marquette visitor yesterday.

S. R. Kaufman went to Chicago on business last evening.

W. W. Hargrave, of Grand Marais, was in the city on business yesterday.

Mrs. E. W. MacPieran left last evening to spend a few days in Chicago.

Mrs. P. G. Teeple left yesterday afternoon to visit relatives at Pipekey, Mich.

The Brotherhood of American Yeomen will give a social dance at Keough's Hall tonight. The public is invited.

Another baseball player arrived in the city yesterday. He is J. MacLean, who comes recommended as a good pitcher.

The Young Ladies' Missionary society of the Presbyterian church will meet with Miss Coles, West Washington street, at 7:30 this evening.

The Woman's society of the Presbyterian church will hold a missionary meeting at 3 o'clock this afternoon with Mrs. E. W. Allen, 347 East Ridge street.

The Ladies' Aid society of the Methodist church will enjoy a basket picnic at Presque Isle this afternoon. The ladies will leave on the 2 o'clock car and the men are invited to supper.

Rev. Platt Amstutz, the new pastor of the Presbyterian church, arrived in the city yesterday from New Athens, Ohio. He will not begin his pastorate here until a week from Sunday.

Art posters advertising "The Elopement of Ellen," the play to be given by high school students at the opera house June 2, have been placed in downtown show windows. The cards are well designed and make attractive advertising.

Victim of Typhoid Fever—John McMillan, aged forty-three years, unmarried, a resident of Baraga, died at St. Mary's hospital Wednesday night of typhoid fever. The body was shipped to Baraga yesterday afternoon for funeral and interment.

U. S. Court June 6—The adjourned May term of United States court in this city will be opened June 6, not June 10, as stated in the heading of the article outlining the work of the term published yesterday. The date was correctly stated in the body of the article.

Old Soldiers, Attention—All old soldiers and Spanish American War veterans are requested to meet at the post headquarters in the city hall Sunday morning at 9:30 sharp to attend Memorial Sunday services at the Baptist church.

No C. & D. Boats This Year—Marquette will have no marine freight and passenger service direct to Chicago this summer, such as was enjoyed last summer. The Chicago & Duluth transportation company, which had a boat in service that stopped at this port on its weekly trips from Chicago to Duluth last year, has cut Marquette off its calling list this season, it being stated that the business here was insufficient to make the extra stop profitable.

Spanish War Veterans—All members of Sam'l Wheeler camp, No. 37, Spanish War veterans, are requested to be at the G. A. R. hall at 10 o'clock Sunday morning, to accept the invitation of the G. A. R. to attend divine service at the Baptist church, and also to be on hand to join with the G. A. R. in the observance of Decoration Day. Any others who took part in the Spanish-American war are asked to accept this invitation.

Shrine Meeting June 7—The semi-annual ceremonial session of Ahmed temple, Nobles of the Ancient Order of the Mystical Shrine, will be held in Marquette June 7, and it is expected that a large class will be initiated into the mysteries of Shrinism at that time. Members of the order throughout the upper peninsula are now receiving hand-somely gotten up announcements of the coming event. A business meeting will be held in the afternoon and the ceremonial session in the evening.

Circus Coming in July—A. H. Baragley, advance agent for W. H. Coulter's thirteen car show and circus, was in the city yesterday making arrangements to show in this city July 27. Mr. Baragley stated yesterday that anyone who patronized his show would get a man's worth of work that no objectionable characters or side shows were permitted to travel with the Coulter circus. He also stated that he understood the Yankee Robinson shows intended to show in Marquette the latter part of June or the first of July.

A Dangerous Spot—Complaint has been made to The Mining Journal that the Presque Isle drive at the scene of the operations carried on by the contractors who are building the new L. S. & I. dock is a dangerous place and that unless precautions are taken to warn persons in vehicles when the locomotive crane moves across the roadway some serious accident is likely to occur. The ground alongside of the roadway is piled high with piles and other material so that it is not possible to get a good view of the track. It is said that warnings should be given to people using the road when the locomotive-crane crosses it.

Settled Out of Court—After nearly all the evidence on both sides had been submitted, the damage suit brought by Frank Szymonowsky of Escanaba against the Lake Independence Lumber company, of Big Bay, was settled out of court at Marquette yesterday. Under the settlement, Szymonowsky is to receive \$600 from the defendant company. Szymonowsky was hit on the arm with a flying block, while employed at the Big Bay mill, the injury permanently partially disabling the arm. He was feeding a machine used to grind up refuse, commonly known as the "hog," when the accident occurred.

### AUTOMOBILE COLLISION.

John Contway Was Spilled Out of Rig on Way Home Wednesday Night.

While driving from Marquette to his home in Marquette township Wednesday evening, John Contway says he was run into by an automobile, driven by Matt Koivisto, of Palmer, his wagon being wrecked, his horse being thrown and he himself thrown out of his wagon, a distance of several feet. The collision took place near the brewery. The axel of the automobile was broken.

Mr. Contway was in the city yesterday consulting with Marshal Manning and judging from his talk, he will start a suit for damages against Mr. Koivisto. Fortunately, Mr. Contway was not seriously injured, but he states the damage to his horse and wagon was considerable. Mr. Koivisto formerly conducted a grocery store in this city, but for about a year past he has been managing a store at Palmer.

### ST. PAUL ORCHESTRA GIVEN HIGH PRAISE

Same Program Given at Grand Forks Will Be Heard Here Monday.

Several factors undoubtedly combined to draw two large and discriminating audiences to hear the St. Paul Symphony orchestra, with the assisting artists, Wednesday afternoon and evening, says Mr. Rothwell of the Times. Yesterday's programs, though different in character, were of unusual attractiveness. And, last but not least, the reputation of the sincere and artistic work of Mr. Rothwell and his men had created the desire to give them a cordial welcome as well as to enjoy the beauty of their art.

Mr. Rothwell's reading of the "William Tell" overture—with the delicate charm of the melody work and the stirring precision of the martial passages, the voice of the orchestra—made friends with every man and woman present. Mr. Rothwell is a great conductor. A discussion of the rare combination of all the qualities that constitute greatness in art is superfluous; suffice it to say that Mr. Rothwell's hearers marveled at the variety, the beauty and splendor of his tone coloring, his genius, his conceptions of the compositions he directed and the poetic authority of his control.

From the moment Mme. Orendorf appeared on the stage, radiant with her well known potential personal charm, she had her audience with her, and at the close of the aria, "My Native Land," by Georges, everyone was under the spell of her gorgeous voice. The audience broke into a storm of applause so spontaneous that it must have been most gratifying to the artist.

Mr. Champlin, the baritone soloist, appeared in an aria by Matti, "My Native Land." A singer, blessed with a magnificent voice that he has under control, a musician and an artist, Mr. Champlin has won his reputation and seems to have still greater honors before him. An insistent encore brought "The Hills of Sky," by way of response, which was given with greater smoothness than the major offering.

The evening program, devoted to favorites from the opera world, furnished two hours of unusual enjoyment. For the Tannhauser overture, the Meistersinger prelude was substituted. Mr. Rothwell is content to let great geniuses speak their own tongue without restraint and how much his reverential attitude is appreciated the audience showed by its attention and applause. The suite from "Carmen" was a joy. The precision of the attacks at the opening of the suite was superb and the rhythmic swing all through irresistible.

Mme. Rothwell-Wolf was naturally the focus of special interest. Her first number was the beautiful "O Hall of Song, I Give Thee Greeting," from Tannhauser. It is a rare treat to hear so pure a soprano as this talented woman possesses, and her art in singing is delicious. She has a voice and style that appeal especially in the upper voice, disclosing a lovely opulence of tone which was in the highest degree ravishing. "One Fine Day," from "Madame Butterfly," was graciously added as an encore—with the same beauty of tone and much pathos and effectiveness.

"Walpurgis Night Scene" from "Faust" proved an attractive orchestra number. Mr. Harris, the tenor, a great favorite wherever he sings, received a genuine ovation after the "Meistersinger," Preishis. He possesses that rare gift, a pure tenor voice, with all the ability which perfect training can add, and the result is a consummate art seldom found and a pure delight when it does appear. Mr. Harris added an encore number, playing his own accompaniment.

The ever popular "Rigoletto" quartette is seldom heard with better balance than last night. After deservedly loud and long applause the quartette was finally repeated.

The dainty entre act from "Mignon" was followed by the "Meditation" from "Thais"—one of the most exquisite bits to be found in Massenet's wonderful opera. The violin solo was played by Mr. Timmer with a luscious, smooth tone. Mr. Timmer is the concertmaster of the orchestra and it is to be regretted that he does not appear again during the festival.

Mr. Atli, the harpist, gave an extra number, which was enthusiastically received. His technique is wonderful and his pianissimo and fortissimo effects were splendidly contrasted.

During the evening Mr. Rothwell generously added two encore numbers—the Argentine from "Le Cid" and the Barcarolle from the "Tales of Hoffman." The last orchestral offering was the entrance of the Gods into Valhalla from "Rheingold."

## ALL STATE'S MINES WILL BE EXAMINED

Expert Must Appraise All Properties in Michigan Within Three Months.

Ever since the agitation over the reappraisal of the mining properties in the upper peninsula began during the primary campaign for the gubernatorial nomination last fall when the members of the State Grange, and former Lieutenant Governor Patrick H. Kelley declared that the huge financial interests beyond the straits controlling Michigan's output of iron and copper ore were not paying their first share of taxes into the coffers of the state, and even when the legislature passed an act requiring a reappraisal of these properties by an expert mining engineer, the opinion seems to have gone broadcast that only the mines located in the northern counties would be investigated.

However, there is a provision in the bill introduced by Senator Charles White which requires that all mines of the state which are now subject to taxation shall be included in the list, and Secretary Arthur P. Loomis of the state tax commission says that the coal, salt and gypsum mines of lower Michigan will be subjected to an investigation by the engineer chosen for the work. The legislature appropriated \$30,000 with which to pay the expense of conducting this reappraisal, which must be finished and the report filed with the members of the state board of equalization on or before the third Monday of August. When the terms of the contract became known a number of mining engineers who were willing to undertake the task balked, and it was only after considerable research that the tax commission was able to find a competent man willing to engage in such a gigantic undertaking. A private mining engineer of New York city has been approved by the state board of auditors and the members of the tax commission and if he is satisfactory to Governor Osborn he will receive a formal appointment and begin work at once.

The principal coal mines of the lower peninsula which employ on an average of 2,457 men, according to statistics compiled by the state labor commissioner are located in Bay, Saginaw and Shiawassee counties. Bay county's coal mines are assessed at \$264,650, while those in Saginaw and Shiawassee are assessed \$406,551 and \$9,250 respectively.

It will readily be seen that the engineer who undertakes to superintend the reappraisal of all the mining properties in the state has entered into a big contract, and some of the most expert men in the country have declared that it will be impossible to complete the work by the third week in August.

## Guild Hall Notes

The Hit and Miss club will give a gymnastic and swimming exhibition, followed by dancing, tonight beginning at 8 o'clock. The program will consist of an exhibition game of indoor baseball, a drill by the class, work in the gymnasium on the horizontal bars, the parallel bars, the swinging rings, the traveling rings, mat work, and water events in the pool. After the swimming dancing will be in order until 12 o'clock. Tickets can be procured of the members of the club or at the office. A limited number will be on sale at the door tonight. The price of the tickets is twenty-five cents. During the evening candy and ice cream will be on sale at the booths. The exhibition will be repeated tomorrow night at the same time.

The members of the F club are requested to meet on the baseball field tonight at 4 o'clock to organize into teams for the purpose of starting a league among the members. No more games will be played with outside teams after tonight until the series between the members is over.

The game between the teams of the E club which was to be played Saturday afternoon will be played Saturday morning at 10:30, because of the double header which the Guild Hall team is to play in the afternoon. Saturday afternoon the Guild Hall teams will play two games on Longyear field, one at 1 o'clock with the Ishpeming High school, and one at 3 o'clock with the Ishpeming Y. M. C. A. Tickets will be required to see these games. All persons on the grounds will either have to have one of the Guild Hall season tickets or purchase a ticket for the game. Tickets, including both games, will be ten cents. There will be batting and fielding practice for all members of the Guild Hall teams tonight.

## Marine Notes

The steamer Carter cleared from the South Shore dock yesterday, and the Castalia, which has been unloading coal at Pickands' dock, will load with ore today. The Winnipeg is discharging a cargo of hard coal at Spear's dock. At the S. & L. dock, the Donaldson, cleared for Ashtabula and the Andaste for Cleveland yesterday.

The recommended draft for upbound ships through the Canadian canal is 17 feet 10 inches, and for downbound vessels 18 feet 3 inches. Superintendent J. W. Le Ross of the Canadian Soo will file all vessels loaded deeper than those drafts which try to pass through the canal. A number of vessels loaded during the winter beyond the opening draft and a few downbound boats got through loaded deeper than was recommended. The success of these vessels has caused carelessness about meeting the recommendation and Superintendent Ross decided drastic measures were needed. Second offenses will draw double the first fine.

## SOO CANAL PASSAGES.

Names of the Boats Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., May 25.—[Special.]—The following upbound boats have passed the canal the past twenty-four hours: Soper, 11 last night; McKee, 11:30; Ottawa, 1 1/2 this morning; Chesley, Bradley, Woolson, Brightie, 2:30; Phipps, 5:30; Townsend, Burnham, 7; Poe, Bell, 9:30; Schiller, 11:30; Harmonie, Alberta, 12:30 this afternoon; Hill, 1; Morgan, Jr., 1:30; J. ## Upper Peninsula

Educator Gets Good Berth—

Professor E. L. Parmenter, of Iron Mountain, who for many years has been commissioner of schools of Dickinson county, has been appointed superintendent of schools at Alpena, Michigan. Mr. Parmenter is one of the foremost educators of the upper peninsula and Alpena is to be congratulated on securing a superintendent of his calibre and experience. The appointment is a highly responsible one. Professor Parmenter's successor in Dickinson county is Donald O'Hara, who was chosen to the office at the spring election.

Drowning an Object Lesson—

The drowning of young Ralph Larson at Menominee, while a regrettable accident, is an object lesson for other boys and for their fathers and mothers as well. A rescue of two occurred at Menominee every summer, and in nine cases out of ten it is due to the carelessness of the individual who ventures in water too deep or, in the case of the most recent fatality, because the boy attempts to float around on a raft too weak to carry the load placed upon it. In the past few years, at least twenty-five drownings have occurred in the waters of the Menominee river at Menominee and Marinette.

Lock City Has Auto Fever—

There are at least forty-two automobiles owned in the Soo. This is one for every 295 inhabitants. Other machines have been ordered and autos will likely be arriving until the close of the season. For instance, Mayor Short and A. L. Ferguson have just returned from Chicago, where the mayor purchased a five-passenger Oldsmobile and Mr. Ferguson a seven-passenger car. It may be of interest to know that the first sightseeing car to be brought above the straits was for a Soo man. Since that time a number of others have been received in the peninsula. There are two auto trucks in both cities and both likely to interest all the business that they can do. The large number of machines owned in the city has resulted in the organization of an association among the owners. The object is to see that the ordinance relative to throwing glass and other material in the streets is enforced and to improve the condition of the streets in general.

### PLAN REUNION FOR MIDSUMMER DAY

### French Societies of Three Counties Will Assemble at the Deer Lake Grove.

The members of the L'Union Canadien Francaise society, under whose auspices the reunion of the French societies of Marquette, Delta and Dickinson counties will be held on Midsommer day, expect a large attendance from outside. Invitations have been sent to the lodges at Iron Mountain, Norway, Escanaba, Marquette, Negaunee and Republic. All have already accepted, with the exception of Norway and Escanaba.

The membership of the lodges mentioned is over 1,500. The Escanaba lodge is one of the largest in the upper peninsula, its membership being about 400. The Ishpeming lodge has 350 members and the Marquette and Negaunee lodges each have considerably over 200. It is expected that the members of the Iron Mountain, Norway, and Escanaba lodges will come to the city by special train, returning for home about midnight.

The members of the Ishpeming branch are much interested in the reunion. At a recent meeting it was decided to impose a fine of \$2 on each member who fails to turn out for the party. It is anticipated that there will be from 600 to 800 men in line. The members will attend high mass at 8 o'clock at St. Joseph's church and the parade will take place at about 10 o'clock, immediately following the arrival in the city of the last of the visiting lodges.

The picnic will be held at Deer Lake grove. Dinner and supper will be served on the grounds by members of the lodge, assisted by members of the Alpena society, and there will be a program, consisting of musical numbers by the Ishpeming band, and speeches by prominent members of the society. There will be dancing all afternoon and the festivities will wind up in the evening with a dance in Anderson hall.

The chairman of the committees have been appointed and each chairman will appoint his assistants. Adelard Morin, president of the society, is chairman of the construction committee, and will supervise the erecting of all refreshment stands, tables, etc., at the grove. The committee that will have charge of the purchasing of the refreshments is composed of Joseph Bissonette, Emil Lioret and Wilfred Nault, and the refreshment committee will be composed of Alfred Racine and Archie Mitchell. Wilfred Nault will have general supervision of the dancing at the grove as well as in the hall, and Henry Routhier is chairman of the program committee. An orchestra will be engaged to furnish music for the dance in the evening.

### THREE NEW BOILERS.

### Oliver Company Has Improved Plant at Lake Superior Mines.

Three new high pressure Kewanee boilers have been installed at the Oliver Iron Mining company's No. 1 plant, from which the hoisting at the Hard Ore and Hematite mines is done. Two of the old boilers still remain, but most of the work will be done by the new ones. Two of the boilers taken out have been in use for nearly forty years and they have given excellent service.

The old hoisting engine at the No. 1 engine house has not been in commission lately, only two of the drums in the main plant are in use, as the hoisting from the Hard Ore properties is now confined to one shaft. The hoisting from the engine stationed at that property, and the ore crusher at No. 1 is operated by an engine stationed in the building where the old No. 1 air compressor was formerly located.

The company plans on putting the crusher at the hard ore mines into operation the first of the month. Since it was closed Monday from Mexico, work has been generally repaired and new platforms have been constructed around the pockets. The plant, which is of the Gates type, is one of the largest in use in this region. When running to its capacity it will treat in the neighborhood of 100 large carloads of ore daily. This is a little more than can be dumped into it under the present arrangement, but when everything runs smoothly and there is no delay from eighty-five to ninety carloads are crushed in a day.

### WILL RETURN TO MEXICO.

John Collins, who with his family, arrived home Monday from Mexico, will leave for there again tonight or tomorrow night, but Mrs. Collins and the children will remain here for the summer. Mr. Collins is engaged in diamond drill work and he has been absent in Mexico for several months. He did not intend to return at this time, but all of the Americans having their families there were advised to take them away, as there was no telling what might happen during the summer. Near where Mr. Collins was working last fall the building of the bridges was threatened, and it was feared that if they remained there much longer they would not be able to get out. Up to the time he left there no attempt had been made to interfere with the drilling operations and none of the Americans had been molested. He expects to resume work immediately upon his return.

### LINEN SHOWER FOR MISS VICK.

Miss Evelyn Vick, a popular, young lady of the Salisbury location, was tendered a linen shower Wednesday evening by a number of her girl friends at a social gathering at her home on Marquette street.

Among the articles presented to Miss Vick were a number of beautiful and costly linen pieces. The evening was happily spent in playing games and singing and a fine supper was served at 9:30 o'clock. The guests departed for their homes at 11:30.

### ISHPEMING IN BRIEF.

Mrs. Agnes Barber and Miss Gertrude Main left Wednesday evening for points in New York.

Mrs. Thomas Martin, formerly of this city, is here from the Menominee range on a visit to relatives.

The Marquette County Gas & Electric company is erecting gates at the entrance to the Cleveland Park.

Miss Lillian Williams, of Iron Mountain, is here on a visit to her aunt, Mrs. William Kennaugh, of North Pine street.

The Bank street bowling alleys have been closed for the summer months. They will be reopened in October.

Mrs. W. C. Jarvis entertained the members of the Whist club Wednesday afternoon at her home on High street.

Hans Peterson, wife and child, are here from Milwaukee on a visit to her sisters, Mesdames G. A. Newett and J. S. Wahlman.

The members of the Young People's society of the Norwegian Lutheran church will meet this evening at 8 o'clock at the Peterson home, at Lake Angeline.

The Setters baseball team will play the Republic nine at Republic on Decoration day, next Tuesday. The players will leave here on the St. Paul train at 8:17 and will return on the afternoon train.

The work of removing the bodies from the old cemetery, which has been in progress for the past week or ten days, will be discontinued the last of the month. It will be resumed again in the fall.

The members of the Ishpeming branch of the Women's Christian Temperance union will meet this evening at 7:30 o'clock at the home of Mrs. Will He-

## Markets

**WALL STREET STOCKS.**

Paine, Webber & Co. yesterday wired from New York as follows: The market was unfavorably affected today by yesterday's developments in the steel trade. Of course the near approach of another decision day in the supreme court had much to do with the unsettled mood, but in addition, Mexican affairs, according to reports, are far from reassuring. The advance of prices last week was accompanied by a considerable contraction in the short interest, which tended to somewhat weaken the position of the market, particularly when the long stocks appeared in volume. Therefore the element arrayed on the selling side met less than the usual amount of resistance. Rallying tonight was noted in the last hour, but it would seem that irregularity is likely to predominate during the remainder of the week. Closing prices were as follows:

Amalg	95 1/2	Nor. Pacifc	127 1/2

### Boston "Coppers."

Of the market at Boston, Paine, Webber & Co. yesterday said: Both the local market and the New York market had a sagging tendency all day. The coppers held the best. There was considerable liquidation in North Butte, but the buying was consistent and it only reached 3/4, being 3/16 bid and strong at the close. Mohawk rallied 2 1/2 points, with odd lots at 45. Lake and Copper Range were quiet. Altogether it was a very satisfactory showing for the coppers, in face of the weakness in Steel. Closing prices were as follows:

### County Experimental Farm.

At the recent meeting of the Iron county board of supervisors, Attorney Byers of Iron River addressed the board in favor of making the poor farm a county experimental farm and urged that an experienced farmer be hired who shall make his headquarters at the farm and become an instructor for the farmers of the county. Mr. Byers advocated the plan of having blooded stock on the farm and raising young stock which could be sold to the farmers at a reasonable price. The proposition was presented to the board so favorably that a committee, consisting of Supervisors Quirt, Olson and Udd, was appointed to investigate the matter and report at the next meeting.

### Baseball Parade at Escanaba.

Elaborate plans have been made by the board of directors of the Escanaba baseball club for the opening of the playing season of the Marquette-Delta County Baseball league at Escanaba tomorrow. The City band has been engaged and a baseball parade, led by members of the Escanaba and Ishpeming teams, will start the festivities of the afternoon. At the park the first ball will be pitched by Mayor John S. Lindsay and President E. J. McMartin, of the baseball club, will act as receiver. The two teams will then get into action and the season's schedule will be on. Everything possible will be accomplished by the club officials to make the opening game a fitting event for the launching of the fastest baseball team ever to represent the Delta county metropolis on the diamond.

### CITY IS SCENE OF TWO TRAGIC EVENTS

#### James Gaffney Is Shot by John McAuliffe—Herbert Biznette, a Boy, Is Drowned.

One of the most regrettable tragic events in the history of the county took place in this city at 9:20 o'clock last evening when James Gaffney was shot by John McAuliffe and was very seriously wounded. The prominence and popularity of the two men lent unusual interest to the affair and on every hand last night the unfortunate incident was eagerly discussed. Rarely has Negaunee been in such a pitch of excitement.

The shooting took place in the saloon in the Kirkwood block and of which Mr. Gaffney is the proprietor. Apparently it was the outcome of an old grudge. Mr. Gaffney and his bartender and two or three other men were in the room when Mr. McAuliffe entered. Almost immediately a shot cracked out and Mr. Gaffney fell to the floor, the result of a bullet fired by Mr. McAuliffe from a .38-calibre revolver. The ball penetrated the abdomen. Medical aid was summoned and as soon as possible the wounded man was conveyed to Dr. Robbins' hospital. He is aged forty-two, is married and has a number of children, the oldest a boy of eighteen.

The action of Mr. McAuliffe appears to have been premeditated. With an alleged remark that "he had gotten even," the assailant left the place and started down the street. He told a number of persons what he had done, and then returned to the saloon. Marshal R. W. Jackson had been at Teal lake on official duty and was on his way back to the business district when informed of the shooting. He went to the saloon and Mr. McAuliffe at once surrendered to him. The prisoner was taken to the city jail. Mr. McAuliffe is aged about thirty-two and is a veteran of the Spanish-American war.

In all quarters last night there was expressed the deepest regret at the unfortunate event, together with sincere sympathy with all directly affected by it. Both principals are of old and prominent Negaunee families and are very popular among their friends.  
Mr. Gaffney late last night was resting as well as could be expected. His wound is very serious, however, and the doctors did not feel competent to predict the outcome definitely.

#### Small Boy Is Drowned.

The shooting in the Gaffney saloon was not the only tragic occurrence in Negaunee yesterday. In a boating accident on Teal lake, a small boy lost his life. The victim of the fatality was Herbert Biznette, son of Charles Biznette of Pine street. He was aged eight or nine. Along with three companions, two of

whom were Clifford Nadeau and Charles Piaso, the boy was in a boat. The youngsters were pushing the craft about the lake with fish poles, and when it finally got into deep water and he could no longer reach bottom young Biznette became panic-stricken and deliberately jumped from the boat.

The fatality took place on the north side of the lake and at a point close to the island. It happened at 4:30 o'clock in the afternoon. There is thirty or forty feet of water where the drowning occurred and at a late hour last night the body of the boy had not been recovered.

#### POSTAL SAVINGS BANK.

Announcement That Negaunee Is to Have One Not a Surprise.

The Associated Press dispatch in yesterday's issue of The Mining Journal, stating that a postal savings bank is to be established in connection with the Negaunee postoffice, was not a surprise.

With three good banks already in the city, it is generally agreed by the citizens that there is absolutely no need for a postal savings bank here, and it is thought that the government's bank will not do a very big business. The banking business of Negaunee is now pretty well cut up between the three commercial banks and the establishment of a postal bank is a disappointment to the bankers.

#### WON SECOND PRIZE.

Miss Mabel Jackson, commander of the Negaunee hive of the Lady Macabees of the World, yesterday received a letter from Mrs. Bina M. West, editor and manager of the Ladies' Review, the society's official publication, advising her that she had been awarded second prize for her article on "My Ideals For My Year As Commander," published some few months ago. The commander of nearly every hive in the state submitted articles and the members of the society voted on which article they considered the best.

#### DEATH OF MICHAEL O'KEEFE.

Michael O'Keefe, an old and well-known resident of Negaunee, died Wednesday night. The deceased had been in poor health for a number of years, and his demise did not come unexpected. He is survived by his widow and two sons. The latter have been away from home for several years past.

A son has been born to John Bello and wife. Mr. Bello is assistant cashier of the Negaunee National bank.

Mrs. Alberta Druelle, state commander, and Mrs. Cora Sunday, district deputy, of the Lady Macabees of the World, who have been visiting the hives of the society in the upper peninsula the past few weeks, visited the Finnish hive of this city last night, and they will meet with the Palmer hive tonight. The degree team of the Negaunee hive will accompany the visitors and will put on the initiatory work.

#### LOCAL LACONICS.

The front of the Bijou theatre in the Sundberg block is being repainted.

Dave Laughlin is confined to the Negaunee hospital, where he submitted a surgical operation.

Mrs. Samuel Collins, Sr., has been critically ill with pneumonia the past few days. Her daughter, Mrs. Thomas Harvey, was called from Crystal Falls and will spend some days with her.

A retaining wall is being constructed on the south side of the South Shore track, in the Jackson cut. A considerable portion of the embankment was removed last year to make room for the Northwestern crossing to the new station.

The farmers in and about Negaunee are putting in their crops. The rains of the past two weeks have put the ground in fine condition for planting. Most of the farmers will put in more potatoes this week than formerly and less hay. Timothy hay is now retailing at fifteen cents per pound and Clover seed is retailing at twenty cents per pound.

Abraham Bonson and wife left last night on their trip to their old home in Finland, where they will spend two months or so. They will spend three or four days in New York and will sail from there on the 31st on the Cunard line's steamer Lusitania. It is thirty-four years since Mr. Bonson came to America.

Fate Siebenhall, one of the pitchers for the Negaunee baseball team, arrived in the city yesterday. He and Mrs. Siebenhall reached Republic the previous day. She will visit with relatives there for a time before coming to this city. Mr. Siebenhall will take a position as chemist at the Mary Charlotte mine and will begin work on the first of next month.

The Negaunee baseball team will play its four first games of the season of the league series with the Marquette

#### WATCH YOUR KIDNEYS.

Their action controls your health. Read what Foleys Kidney Pills have done for other sufferers. Clyde H. Fuller, 406 River St., Cadillac, Mich., says: "For the past two years I have been suffering with severe backaches, and dizzy headaches, so that at times my eyes were blurred. The kidney action was painful and troublesome and hearing of Foleys Kidney Pills, I decided to try them. After using them for a short time, I was entirely cured of the backaches; my kidney action became normal and regular. Foleys Kidney Pills cured me and I highly recommend them to any one suffering in a like manner." The People's Drug Store.

#### DO GHOSTS HAUNT SWAMPS?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malarial germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell of Luana, N. C. "and I've had fine health ever since." Use this safe, sure remedy only. 50c. at The Stafford Drug Co.

## S.S.S. NATURE'S CURE FOR BLOOD POISON

A great many medicines used in treating Contagious Blood Poison are composed largely of mercury and potash, and are intended to dry up or remove the humiliating outward symptoms. But such treatment cannot cure the disease, and its continued use will often so weaken and disease the stomach as to make a nervous wreck of the patient. And too, when these mineral medicines are left off the smoldering poison takes on new life, and soon the old symptoms of ulcerated mouth and throat, brown, scaly spots, falling hair, sores and ulcers, etc., return with increased virulence. S. S. S. cures Contagious Blood Poison by purifying the blood and keeping the stomach and digestive members in perfect condition all the while by its fine tonic effects. S. S. S. is a purely vegetable remedy, made entirely of roots, herbs and barks of recognized virtue as blood purifiers. S. S. S. cures on the principle that not only must the poison be removed from the blood, but also the circulation must be enriched and vitalized with nourishing powers. S. S. S. is known everywhere as the greatest of all blood purifiers and a safe, certain cure for Contagious Blood Poison. Home treatment Book and medical advice free. S. S. S. is for sale at drug stores.
