

REIGN OF THE MANCHUS HANGS IN THE BALANCE

With the Garrison at Pekin, Itself, Honeycombed With Revolutionary Sentiment, Dynasty of Chinese Empire Is in Immediate Danger of Being Immediated.

News Reaching the Capital City Gives Ruling Power Little Basis for Hope—Rebels Are Well Organized and Revolt Is Spreading With Remarkable Rapidity.

London, Saturday, Sept. 14.—A special dispatch received from Shanghai says: "A republic has been proclaimed at Wu Chang. A strong force of rebels has left Hankow with the object of engaging the imperial troops coming from the north and a big battle is expected within two days. It is reported that a conflagration has broken out in the native city of Hankow and that the government building and banks have been destroyed."

Throne's Position Desperate. Pekin, Oct. 13.—China today faces an unprecedented crisis. With the spread of revolutionary activity, the opinion is gaining ground that the fate of the ruling dynasty hangs in the balance.

Members of the cabinet admitted today that the garrison here is known to be honeycombed with revolutionary sentiment. The same condition exists in the two great military posts which guard the capital—Pao King Fu and Tien Tsin.

Rome Government Issues a Warning. Smyrna and Saloniki Will Be Attacked if Turks Massacre More Italians.

Rome, Oct. 13.—It is semi-officially asserted that Italy has notified the powers that she will send a fleet to attack Smyrna and Saloniki if other massacres of Italians, like those reported by consuls to have taken place on the Hodjaz railway, or the boundary line between Egypt and Syria, occur.

Occupation to Cost \$50,000,000. General Vallerie has been entrusted with the entire work of organizing the occupation of Tripoli. It is stated that the cost of the occupation is estimated at \$50,000,000 and the occupation is expected to continue at least twenty months before Tripoli can be entrusted to a civil administration.

Turks Launch a Boycott. Constantinople, Oct. 13.—The government today ordered the expulsion within twenty-four hours of all Italian correspondents in Constantinople. A society has been organized to wage an economic war against Italy.

Peace Overtures Rumored. London, Oct. 13.—The Constantinople correspondent of the Chronicle says that Italy, counseled by the powers, has made proposals to Turkey which are expected to bring about peace.

Russia Advises Turks Not to Interfere With Ships That Carry Grain. St. Petersburg, Oct. 13.—The text of a Russian note to Turkey regarding the free export of Russian corn was made public today. Russia considers that cargoes of corn are subject neither to arrest nor confiscation when addressed to Russian ports in the Black Sea or to Italian ports, so long as the cargoes are not destined for the Italian field forces.

Chinese Leader Sun Sen, Prospective President, Due in Chicago Today. Chicago, Oct. 13.—Dr. Sun Yat Sen, leader of the revolutionaries in China and in line for the presidency there if the uprising be successful, will be in Chicago tomorrow and will address his compatriots here on behalf of the efforts to overthrow the government in that other country, it was announced here tonight.

The announcement followed a declaration that Dr. Sun was in China, and that V. de Sien, secretary and head of the Young China association here, had

received a cablegram less than three days ago from the doctor in Shanghai. Attempts were made to conceal the fact that the revolutionary was in America and to divert publicity from his movements.

It was further acknowledged that he was in Chicago the last few days and that he probably would be here for nearly a week, working with the local office of the Young China association.

Once Near Execution. Dr. Sun has long been identified with the revolutionary movement and was one of the leaders of a plot to seize Canton in 1895 and from that city carry on the revolutionary movement throughout the empire.

London, Saturday, Sept. 14.—A special dispatch received from Shanghai says: "A republic has been proclaimed at Wu Chang. A strong force of rebels has left Hankow with the object of engaging the imperial troops coming from the north and a big battle is expected within two days. It is reported that a conflagration has broken out in the native city of Hankow and that the government building and banks have been destroyed."

Absolute Neutrality Advised. San Francisco, Oct. 13.—Fearing that the present anti-Manchu rising in China may develop into an anti-foreign movement, the Young China association in the United States is preparing to petition Washington to instruct all American officials in China to see that missionaries and other Americans there maintain absolute neutrality.

The petition will be forwarded simultaneously from the Young China association and the Chinese Free Mason society, which is affiliated with the revolutionary party. It is said that 90 per cent of the Chinese in this country are members of the Free Masons.

A donation of \$20,000 to aid the revolution was forwarded from this city last night to Hankow. It is only a small part of the sum already forwarded or to be sent.

There are still official attempts to minimize the gravity of the situation, but the reports reaching the capital give little basis for hopes. Today's news included reports that Chung King was in danger that it had been taken, that Yow had fallen and that communication between Hankow and Chang Sha, the capital of Hunan province, was interrupted.

A well-informed revolutionary sympathizer told the Associated Press today that the rebels probably would have the capture of Pekin and Shanghai in the next few days, because of the danger of foreign intervention. He said the utmost confidence seems to prevail among the rebels.

It is stated that they have been two years in perfecting their organization and now have members in all the government offices. The national assembly showed revolutionary tendencies last winter, and the reassembling of that body in a fortnight is regarded with anxiety. The provincial assemblies at most without exception are anti-government.

All the available railway cars are carrying to the south troops which will be used to guard the line and thereafter attempt to recapture the towns taken by the revolutionists. It is reported that the rebels today allowed the weekly express to leave Hankow, crowded with refugees. It is believed the rebels found over a million dollars in Mexican money when they captured the treasury at Hankow and also obtained half a million dollars in the same coin from the Hankow merchants.

Some Inner History. London, Saturday, Oct. 14.—The London Chronicle today publishes a three-column statement which purports to give the inner history of the Chinese revolutionary movement. It shows that Dr. Sun Sen for many months has been engaged in secret journeys to England and to the United States, to start the revolution, and it gives copies of many letters, with the dates and names suppressed, which Sun Yat Sen wrote in an endeavor to secure financial assistance.

These letters partly reveal his hopes and plans for the revolution, the aim of which is to start in China a republican form of government. He claims to possess guarantees from a large Chinese bank and some substantial Chinese merchants. "The present position of the revolutionary movement," said one of the letters, "resembles a forest of dry wood and only wants a spark to set the whole mass in flames. This spark is the half million pounds (\$2,000,000) I am asking."

Apparently after many failures, Sun Yat Sen succeeded in negotiating a loan and a subsequent letter contained a suggested proclamation of a republic.

CHINESE LEADER SUN SEN, PROSPECTIVE PRESIDENT, DUE IN CHICAGO TODAY. Chicago, Oct. 13.—Dr. Sun Yat Sen, leader of the revolutionaries in China and in line for the presidency there if the uprising be successful, will be in Chicago tomorrow and will address his compatriots here on behalf of the efforts to overthrow the government in that other country, it was announced here tonight.

The announcement followed a declaration that Dr. Sun was in China, and that V. de Sien, secretary and head of the Young China association here, had

BALL FANS IN GOTHAM HAVE THEIR IRE UP

Tremendous Row Is Precipitated When It Develops Tickets for the World's Series Are Mostly in Hands of Speculators Who Are Charging Exorbitant Prices.

So Eager Are Intended Spectators of Today's Initial Game That They Form in Line at the Gates and Eat and Sleep There—Betting Continues About Even.

New York, Oct. 13.—With the stage set and the curtain about to be raised on the final act of a season of memorable baseball, the night before the first game of the series for the world's championship between the Philadelphia Athletics and the New York Giants may be epitomized as follows:

Both teams are in New York, ready for the initial game. Of the forty-four eligible players, all are reported in fine fettle with one exception—First Baseman Melvin, of Philadelphia, whose injured wrist may keep him out of the game.

The pitchers were not chosen tonight, or, if they were, neither manager would divulge his choice. Tickets to the series, though still to be had, are mainly in the hands of speculators who are charging exorbitant prices.

The disclosures that speculators had obtained a great block of tickets precipitated a tremendous row among the fans. Vague charges were made of mail robbery in connection with the ticket scandal.

All is ready at the Polo grounds for a crowd of nearly sixty thousand people, the largest that ever saw a baseball game. So determined were some of the fans that they formed in line at the grounds late this afternoon, intending to eat and sleep at the gates until admitted tomorrow.

The betting today continued practically an even thing. Many Philadelphia supporters gave odds of ten to nine.

White Sox Defeat the Cubs. Chicago, Oct. 13.—Scoring three runs in a ninth inning rally, the Chicago American league club defeated the Chicago Nationals in the initial game of the city championship series today, 4 to 3.

Holding a lead of two runs at the start of the ninth inning, the Cubs seemingly had the game won, until the Sox lined out four singles and brought in the winning tally.

Cincinnati Again Beats Cleveland. Cleveland, Oct. 13.—By hard hitting and errorless fielding, Cincinnati won its second game of the state championship series with Cleveland today, 10 to 2.

Republic Overthrown, Manuel and Miguel Will Submit Claims to Popular Election. Lisbon, Portugal, Oct. 13.—It is now known that a secret arrangement exists between former King Manuel and the pretender to the throne, Don Miguel of Braganza, whereby if the monarchists are victorious in their fight against the republicans general elections shall be held to decide whether Manuel or Don Miguel shall be king.

Moreover, in case of the death of Manuel, it has been agreed that his uncle, the Duke of Oporto, being childless, the eldest son of Don Miguel, Prince Miguel of Braganza, who married Anita Stewart of New York, shall succeed to the throne.

Anita Stewart was married to Prince Miguel in Scotland, Sept. 15, 1909. She is a daughter of William Rhinelander Stewart of New York and Mrs. James Henry Smith, who married Mr. Smith after she divorced Stewart.

POISON FOUND IN SOMACH OF FOURTH ONE OF A FAMILY TO DIE WITHIN PAST YEAR. Uby, Mich., Oct. 13.—Arsenic poisoning is blamed by the coroner's jury for the death of Cyril Sparling, aged twenty, the fourth member of the Sparling family to die in the same household within the last year. The verdict does not place the responsibility and the prosecu-

tor attorney declared today that he is not prepared at the present time to cause any arrests. Young Sparling's stomach was sent to the University of Michigan laboratory and the examination revealed sufficient arsenic to cause death.

The Weather

Washington, Oct. 13.—The following is the weather bureau's forecast for Upper Michigan: Local rains, Saturday or Saturday night; Sunday, probably fair; light to moderate variable winds.

Morrice, Mich., Oct. 13.—August Wilcox, the oldest resident of Shiawassee county, was for nearly seventy years been trying to collect \$5.04 from Uncle Sam, has at last succeeded—minus the interest. Mr. Wilcox was postmaster at Bridgewater, Mich., under President Tyler and some time after he was succeeded in the position he learned he had some money coming to him.

FRIDAY, THIRTEENTH, NOT HIS UNLUCKY DAY. Waiter Who Deluges Diner With Soup Was Mistaken—Falls Heir to \$50,000.

Chicago, Oct. 13.—A waiter in a downtown restaurant spilled a whole tub of hot soup on a customer he was serving with dinner today.

"Oh, excuse me, mister," he earnestly apologized. "I couldn't help it, you know. This is my unlucky day—Friday, the 13th."

"The excuse is irrelevant, improper and immaterial," responded the patron, thereby disclosing himself as an attorney. "What's your name?"

RODGERS' MOTHER IS SUPERSTITIOUS. Aviator Didn't Fly Yesterday, Because Parent Asked Him Not To—Friday, the 13th.

Kansas City, Oct. 13.—C. P. Rodgers, the aviator, today postponed his flight to the Pacific coast until tomorrow, because his mother did not want him to start his westward journey on Friday, the 13th.

Why That Absence of Three Democrats. Quizzers Will Investigate Strange Situation Resulting in Uncle Ike's Election.

Milwaukee, Oct. 13.—Intimations were made today at the senatorial investigation of Senator Isaac Stephenson's election that the committee intended to thoroughly probe into the charges of bribery relating to the absence of certain members of the Wisconsin legislature on March 4, 1909, when the senator was elected.

Why Cutters of Trees Were Jailed for Treason; A House Fly to Blame. Chicago, Oct. 13.—An ordinary housefly caused four men to be locked up in the Cook county jail for "treason." Police Justice John R. McDonnell of the village of Lyons today explained the circumstances.

First Talesman Is Still Being Examined. Work of Selecting the Jury at the McNamara Trial Is a Stupendous Task.

Los Angeles, Oct. 13.—After three days of court session in the trial of James B. McNamara for the murder of Charles J. Haggerty, a victim of the Los Angeles Times explosion and fire on Oct. 1, 1910, no juror had been selected even tentatively tonight and no decision had been reached as to the eligibility of the first talesman examined.

Paroles Are Granted to Two More Bankers at Leavenworth Prison. Leavenworth, Kas., Oct. 13.—Paroles have been ordered for two more bankers in the federal prison here. They are H. T. Wells, a former Kenosha (Wis.) bank clerk, and H. C. Goll, who was connected with the Bigelow bank in Milwaukee.

ASK WITNESS WHERE HE GOT THE CURRENCY. Senators Conducting the Lorimer Inquiry Put Some Embarrassing Questions to Former State Representative Wm. C. Blair—His Answers Are Not Satisfactory.

Chicago, Oct. 13.—William C. Blair, lawyer, former state representative and brother of Francis G. Blair, state superintendent of public instruction, was a target today for a merciless cross-examination by members of the committee of United States senators conducting the Lorimer investigation.

After Spending Practically All His Salary, He Is Said to Have Flashed a Roll of \$1,500—His Various Financial Transactions Now to Be Probed Thoroughly.

Washington, Oct. 13.—Associate Justice John M. Harlan, of the supreme court of the United States, is suffering from an attack of acute bronchitis at his home in this city. Justice Harlan is seventy-eight and his condition is regarded as grave, because of his advanced years.

FEARED AGED JURIST IS ON HIS DEATHBED. Supreme Justice Harlan, 78 Years Old, Is Critically Ill at Washington.

Washington, Oct. 13.—Justice Harlan has been ill since last Monday, when he contracted a severe cold. The following day he did not occupy his seat on the bench.

Some hope was given by this peaceful rest of the patient, although the attending physician said as he left that Justice Harlan was in a very serious condition.

SAYS OTHER STATES WILL FALL IN LINE. Dr. Anna Shaw Gloriously Happy Over the Suffrage Victory in California.

New York, Oct. 13.—The national headquarters of the Woman's Suffrage organization are in gala dress today over the news of their victory in California.

MURDER HIS MANIA, IT WOULD APPEAR. Jim Dygart's Sinister Eye on a Persons Other Than His Three Known Victims.

Minneapolis, Oct. 13.—As more becomes public of the alleged confession of James P. Dygart, the man employed on the Bolton farm in Anoka county when Mrs. Walter Bolton and her cousin, Frank E. Rhoades, were murdered Sept. 12, it appears that persons other than the three known dead were followed by the sinister eye of the mysterious "Jim."

ONE MORE HORROR AT GRADE CROSSING. Four Lives Are Wiped Out When Train Crashes Into a Wagon in Wisconsin.

Neillsville, Wis., Oct. 13.—August Langmuir and a son and a daughter and Ruth Cook were instantly killed on a grade crossing at Columbia, seven miles west of this place, this afternoon when a freight train crashed into the vehicle which was conveying the children from school.

STOCK MARKET IS FIRM; GOOD GAINS ARE SCORED. New York, Oct. 13.—Moderately high prices prevailed at the close of today's session of the stock exchange, which was characterized by the same firm tone as on previous days.

GOVERNMENT SCORES IN ITS BATTLE WITH THE "BATH TUB" TRUST. Baltimore, Oct. 13.—In the United States circuit court here today, Judge John C. Rose tendered a decision in favor of the government in its dissolution suit against the Standard Sanitary Manufacturing company and others, the so-called "bath tub trust."

BAHAMA GIVES GLAD WELCOME. President Taft Is Greeted Heartily at the Golden Gate City, Where Today With Inaugural Governor Johnson He Will Break Ground for Panama Canal Exposition.

State Executive Meets Him at the Northern Boundary of the Commonwealth, but Does Not Attend the Banquet at Night, Pleading Previous Engagement.

San Francisco, Oct. 13.—President Taft found what may prove to be the heartiest welcome of his trip awaiting him here tonight. He had spent the entire day in the state, traveling down from the northern border, where Governor H. W. Johnson and a party of officials met him.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MARQUETTE, MICH., OCT. 14.

SHOULD RESERVE JUDGMENT.

Warden Simpson, of the Jackson prison, is now finding that the job of running a penal institution is not a bed of roses and that newspapers are inclined to be "hop, skip and jump" critics.

There will be a hearing today before the full bench of circuit judges in Detroit to pass on the merits of the dispute between John S. Haggerty and Clyde I. Webster, both of Detroit, as to which man is entitled to a place on the Jackson prison board.

The first word to be said is a word of warning to give Warden Simpson a chance to make his case. Governor Osborn's attitude is worthy of emulation.

Much of the criticism of Warden Simpson appears to have had its origin with former guards whom he has removed or with disgruntled officials.

The announcement that the suffrage amendment had been defeated in California was premature and was based on incomplete returns.

It was in the days before church organs and choirs, that Deacon Dorsey volunteered to lead the singing of an old hymn.

One day at a local colliery Bill was going to take a rise out of his mate. Said he: "Geordie, dis thoo ken Fatty Simpson, the butcher? What dis thoo think he weighs?"

Next day Geordie met Bill, and said: "He thoo heard about the pork butcher doon the raa?"

"Wey, no, man," Geordie replied. "They wear pigs' feet!"—Tit-Bits.

Uneda Biscuit never disappoint!

You have never heard anyone say—"The Uneda Biscuit in that last package were not as good as usual."

You have never said it yourself. It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are not only always better than all other soda crackers, but always of unvarying goodness.

The name "Uneda"—stamped on every one of them—means that if a million packages of Uneda Biscuit were placed before you, you could choose any one of them—confident that every soda cracker in that package would be as good as the best Uneda Biscuit ever baked.

5c a package—never sold in bulk.

CHILDREN SAVED PROVISIONALLY

Houghton Youngsters Play With a Wire Carrying 13,000 Volts of Electricity.

The nine-year-old son of John Driscoll, a resident of Houghton Heights, West Houghton, had an experience Wednesday afternoon which, were he old enough to appreciate it, would keep him thinking a long time. He almost brought upon himself and his playmates a terrible death by electrocution.

The way of it was that the little fellow got hold of a piece of live wire. He made use of the wire as a plaything in various ways and finally entertained the idea that he could throw it high in the air and have it hang in the electric wires along his street. After several attempts, for he is a very small boy, he succeeded and the wire dropped across two big copper wires carrying just 13,000 volts of electricity, the power furnished by the Houghton County Electric Light company to the Houghton Copper company. Then things of various sorts happened.

The power was shut off from the hoist of the Houghton Copper company just after the engineer had received a signal to hoist from a man in one of the lower levels, a man who had immediate business on surface. This man finally had to climb some hundreds of feet of ladder to accomplish his purpose, because the powerful juice was running out of the end of a burned-off wire somewhere in West Houghton.

Children Play Fireman.

The little Driscoll boy saw the live wire and the two copper wires spring into a smoky blaze and he saw the big wire drop spluttering into the street. It dropped within a matter of inches from two of his playmates and others of them ran up to look at the funny wire with the sparks of fire at its end.

In the meantime the electric light station noticed something was wrong and the Houghton Copper company telephoned down to corroborate the impression. The station turned on more juice, with no effect, other than to make the live wire in the midst of the Houghton Heights children burn more fiercely.

Superintendent Alexander sent a trouble man out in a hurry and he followed the line along until he came to the children. They had come to the conclusion that the fire was not a thing to be permitted and that they should put it out. So they were crying and shouting and from the middle of the road and dumping it on the spluttering wire.

Provisionally, none of the children touched the wire and none of them were injured. But they had played with death for a few moments.

A Warning to Mothers.

Superintendent Alexander cautions mothers about the danger of live wire in the hands of children, especially when the live wire is brought into contact with the electric wires. He suggests that mothers teach their children that the wires overhead are dangerous and that they should not be used for targets. Mr. Alexander does not blame the little Driscoll boy, as he was a boy once himself, and not so very many years ago at that, and he is glad that the incident did not result in injury to the children. The fact is that a number of children might have been killed instantly in the affair. Instructions from mothers may prevent similar incidents.

SHOOT AT PAINESDALE.

Members of the Rod and Gun Club competing for prizes.

Considerable interest has been aroused on the South range in the trap shooting tournament being carried on under auspices of the Painesdale Rod and Gun club. The first shoot took place Sunday. Archie Parsons carried off the high honors, getting seventeen out of a possible twenty-five birds. Harry Whitney was second, with sixteen. President Frank Beiswanger shot in hard luck, getting only seven birds.

The tournament will continue for several weeks yet, the prizes being awarded to the members who get the greatest number of hits out of 200 shots. A merchandise pipe, donated by the Painesdale store, is the first prize. Another fine pipe is up for second place. There is some talk of a special shoot for the officers of the club, as there is considerable discussion as to who will win the corn-cob pipe which is to be presented to the man farthest removed from the winner of the tournament.

SONG BIRDS BEING KILLED.

Deputy State Game Warden John McDonald of Laurium states that during the past several days he has found birds of Calumet and vicinity in the woods in pursuit of song birds and that a considerable number of these birds are being slaughtered with 22-caliber rifles, pistols and slingshots. Mr. McDonald states that he has failed to catch any boy in a second offense and he believes that many of them kill the birds in ignorance of the fact they are liable before the law. The deputy promises to make examples of some of the offenders unless the practice is stopped at once.

RETURN FROM CONVENTION.

Mrs. Joseph Forster, Sr., and Mrs. L. C. Gourd of Calumet, who attended the national convention of the Woman's Catholic Order of Foresters in Chicago this week, have returned home and report a very successful and well attended meeting. The other delegates from the Calumet lodges, Miss Blanche Ryanski, Mrs. J. Pulak and Mrs. J. W. Shepar, are expected home today.

BIG DERRICK IS PUT IN SERVICE

Powell & Mitchell Now Handling Stone With a Twenty-Ton Machine.

Powell & Mitchell, contractors for the repair of the upper canal brickwater, received this week twenty-ton derrick for the handling of the big masses of rock used in the work. The derrick was first utilized yesterday when the first shipment from the new quarry at the old Cliffs mine was brought into Agate harbor on the Lake Superior dock. The derrick takes the rock from the train and places it on the Joseph Croze scow, Pat Cook, for trans-shipment to the canal.

Powell & Mitchell began their operations last spring with rock quarried at Agate harbor on the Lake Superior shore. It was found that the shipment of the rock from the quarry to the job on scows was uncertain, owing to the erratic tempo of old Lake Superior. So it was decided to open a new quarry at the Cliff and convey the rock to Houghton by rail, the final water trip via Portage lake being unaffected by storms.

Sixteen-Ton Rocks.

Some of the masses of rock being transported are huge, weighing from fifteen to sixteen tons. Of course they are not as large as might be supposed with this weight, because the rock is very dense and weighs 184 pounds to the cubic foot. But they are big enough, about as large as could be handled with the machinery at hand. One of the masses yesterday measured five by eight by seven feet. It was irregular in shape and did not weigh as much as this measurement might indicate.

After these big rocks are hauled to the canal on scows, they are placed under water at the outer base of the breakwater, their weight serving to protect the structure from the force of the waves.

Contractor El Mitchell said yesterday that it will require all of the remaining season of navigation to complete the work.

METHOD OF PAYING FOR COAL.

Houghton County Electric Light Company Pays By Chemical Test.

The steamer Cherokee is unloading coal at the Houghton County Electric Light company dock. There is nothing unusual about this fact for the ordinary observer, but an eye trained to detect the unusual will see that a youth on the runway, along which the coal is taken in barrels, has apparently a soft snarl.

This youth walks up to every barrow of coal and with an ordinary kitchen fire shovel takes out a small quantity of the coal and throws it into a chute which leads down from the runway into a barrel on the ground. He keeps this up all day. In so doing he is taking the first step in the operation followed by the Houghton County Electric Light company in paying for its fuel for the big electric light and power plant.

At the end of each day the youth has dumped just about a barrel full of coal through the chute. Another workman then takes this coal and divides it fractionally till he has procured about four quarts. In dividing it has been passed through screens and only the fine stuff has been saved but the resulting four quarts is a fair sample of the whole mass.

NO HIGHWAY FOR A YEAR.

Oscoda and Calumet Farmers Petition Board But Are Too Late.

Because the highway fund of Calumet is about depleted the third freshet in the southern end of the township who have just petitioned the board for a new highway will have to wait until next year for their road. Farmers in Oscoda and Calumet townships want a road along the boundary line of these two townships. The Calumet township board is asked to build this highway in co-operation with the Oscoda township authorities. There are a large number of fertile farms in the region that would be tapped and the farmers of the district would be able to get to Calumet much easier than at present.

Farm lands in the neighborhood of

MARKING DYNAMITE CARS.

Inspector Mitchell Says Copper Country Railroads Are Complying.

C. A. Newell, inspector of the bureau of explosives of the American Railway association, who has been inspecting copper country railroads, left for his home in Chicago yesterday. He addressed the employees of the Copper Range Thursday night on the handling and marking of dangerous freights and was pleased with the interest shown. Inspector Newell says the copper country railroads all are complying with the bureau's regulations. The bureau has no legal right to enforce those regulations but they are part of the regulations of the interstate commerce commission and as such are enforced by law.

There is much shipping of dynamite in the copper country, because of the factory at Senter and the large amount of the explosive used by the mines. Every care is exercised in handling the stuff and it is not on record that there was ever an accident on a copper country railroad from this cause. Every case containing explosives or other material must be marked with a notice card, 12x14 inches, partially printed in

red. One of these cards is placed on each side and each end of the car. A car containing an explosive must be placed in the middle of the train, fifteen cars from the engine and ten feet from the caboose, if possible. Explosives may be shipped in cars containing other freight but they must be blocked up and separated from other packages in the car. Explosives may not be carried on a passenger train but they may be carried on a mixed train when it cannot be avoided.

In this latter exception there is a caveat in point. A Copper Range way freight runs daily south of Houghton and carries dynamite. The road has never permitted a passenger to ride on the train for this reason. Inspector Newell says passengers may be carried on this train though yesterday the road had not decided to do so.

CHURCH FIFTY YEARS OLD.

Hancock Methodist Celebration Will Open Sunday, Oct. 29.

Except for a few minor details, the program for the fiftieth anniversary of the founding of the Methodist Episcopal church of Hancock is completed. The golden jubilee will open Sunday morning Oct. 29, beginning with a praise service at 9:30. Services for the day will be preached by the Rev. Joseph Dutton of Marquette. "The Joy of Life" is the topic of a lecture to be heard Tuesday, Oct. 31. This will be delivered by Rev. W. O. Shepherd of Chicago. An instrumental and vocal concert will take place Wednesday. The concert will be conducted by Mrs. Katherine Bree, assisted by a Calumet & Hecla Orchestra. The Portage Lake Glee club and a chorus of sixty voices. Popular soloists will appear. Thursday, Nov. 2, will be banquet day. An elaborate menu will be served by the Ladies' Aid society, the banquet to be followed by a program of toasts and music. District Superintendent Pascoe will be toastmaster. Music will be furnished by Sarbeck's orchestra. A reminiscence meeting, entitled "The Family Reunion," is scheduled for Friday, Nov. 3. At this meeting addresses will be given by such former pastors of the church as are able to attend and by others. Music will be furnished and light refreshments will be served. The closing exercises will be held, Sunday, Nov. 5. At 9:30 that morning an anniversary love feast will be conducted. The morning sermon will be given by Rev. C. M. Stewart, D. D., of Chicago, and the evening sermon by Dr. W. O. Shepherd.

AN INTERESTING LEGAL ARRAY.

Stannard Murder Case at Ontonagon Will Be Sternly Fought.

The Stannard murder case, scheduled to open at Ontonagon next Monday, will present an interesting array of legal talent. The latest attorney to become interested is William A. Burritt of Hancock, senior member of the firm of Burritt & Burritt. He will assist the prosecution.

The defense will be conducted by John Jones of Ontonagon, prosecuting attorney of Ontonagon county. He will have the assistance of Walter E. Van Slyck, judge of probate of Ontonagon county, and of Mr. Burritt. The defense will be conducted by J. H. O'Brien of Laurium, judge-lect of H. Twelvetree, and his partner, E. F. LeGendre, assisted by Arthur H. Brown of Ontonagon, circuit court commissioner of that county.

No official statement has been given yet regarding the identity of the trial judge. It very probably will be Judge Flannigan of the Marquette circuit, though none of the attorneys in the case have been advised definitely of this fact.

SHIPMENTS OF GAME.

Express Companies Advising Agents About the New Laws.

Agent Thoeney of the Wells Fargo Express company, Hancock, has received from the main offices of the corporation a circular letter relative to the game laws as the legislature has revised them. The company is priming its agents for any exigency that may arise.

Non-resident hunters are permitted to ship one deer out of the state this season, providing they conform with the necessary rules and regulations, which means procuring a permit from the proper authorities. There are several other phases of the new laws with which the agents must acquaint themselves.

The deer season in this state will open tomorrow, almost a month earlier than in previous years. However the season for actual hunting is not any longer, because the hunter has only twenty-five days after the license is issued.

Under these conditions it is unlikely that many copper country hunters will take to the woods for some time yet. The partridge season also opens tomorrow, and the woods will be filled with hunters and dogs in quest of the game.

CALUMET ENROLLMENT.

During the month of September there was a total enrollment of 5,780 in the schools of Calumet No. 1 district, according to figures compiled by Superintendent E. J. Hall. The high school enrollment was 693, an increase of fifty-three over the enrollment of last year for the same month. In the grades, slight decrease, compared with the September enrollment of last year, is shown.

RENWICK PITCHES FINE GAME.

According to advices received from Fowlerville, Mich., Bobbie Renwick, pitcher for the Calumet team in the Copper Country league the past season, won his first game Tuesday in the Fowlerville tournament. In this tournament some of the best ball players in the Central West take part. Renwick's team won by the score of 5 to 0. Renwick allowed but one hit. The many copper country friends of the Calumet man will be pleased to learn of his success.

LITTLE GIRL BADLY BURNED.

The infant daughter of Lawrence Mihalich, of Calumet was terribly burned about the arms and body yesterday morning. She was playing with matches and her sleeves caught fire. It is believed she will recover. The child is eighteen months old.

HOLLAND—The contract for the new edifice of the Trinity Reformed church was let by Boners & Smeeweg. Not including the heating plant, wiring the building and other minor details, the cost will be \$11,808. The church was organized six months ago and has grown rapidly.

DEATH OF MRS. PAUL EXLEY.

Mrs. Paul Exley, wife of the Hancock chief of the fire department and one of Hancock's most prominent businessmen, died suddenly Thursday evening. She was stricken with heart failure on the street and was taken to her home, living only a few minutes thereafter. Her husband, a son and three daughters, as well as numerous other relatives survive. Mrs. Exley was born in Hancock and lived in that city all her life.

BIG FOOTBALL GAME TODAY.

Copper Country Championship May Be Decided This Afternoon.

The Hancock and Houghton high school football teams will play at Hancock park this afternoon. If Houghton wins, the copper country high school championship will be decided and Houghton will have it. Houghton already has beaten Hancock and Calumet and this time with a "hot" settle the matter. Houghton then would be the copper country representative against the iron country champion for the upper peninsula honor.

WATERLOGGED WRECK TOWED TO PORT AT HOUGHTON SEAR FIRST.

The waterlogged schooner Exile, which sank in the upper canal, Sept. 27, and was later towed into Lily pond, was brought into Houghton Thursday night by the steamer Homer Warren, after which she was towed at the time of the sinking. The Exile was towed into port stern first, which is considered by marine men the most disgraceful thing that could happen to a vessel.

The Exile was loaded with lumber and this was removed at the time of the sinking. The Exile was returned from Saginaw after discharging her cargo there. The lighting of the lumber floated the schooner to a certain extent, though her decks were awash and it was possible to tow her in. The reason she came in crab fashion was that her forward works were torn out in the storm in which she foundered.

The schooner's cargo will be taken from her at Croze's dock and then a survey will be made to determine whether she is worth repairing or altogether likely that she will be beached and abandoned, as she is a very old vessel.

NO HIGHWAY FOR A YEAR.

Oscoda and Calumet Farmers Petition Board But Are Too Late.

Because the highway fund of Calumet is about depleted the third freshet in the southern end of the township who have just petitioned the board for a new highway will have to wait until next year for their road. Farmers in Oscoda and Calumet townships want a road along the boundary line of these two townships. The Calumet township board is asked to build this highway in co-operation with the Oscoda township authorities. There are a large number of fertile farms in the region that would be tapped and the farmers of the district would be able to get to Calumet much easier than at present.

GERMANY IS FAST OVERTAKING AMERICA

Washington, Oct. 13.—The mobilization of the Atlantic and Pacific fleets at New York and Los Angeles, Oct. 30 and Nov. 2, will mark the gathering of the greatest naval force that ever floated in the waters of this hemisphere. This probably will be the last assembly of present-day warships with the United States standing second in the list of great maritime powers. For it is certain that at the rate of development of the shipbuilding plans of Germany, that nation, within three years at least, will move up to second place, unless congress should see fit to authorize each year additions to the American navy at least double those now provided for by the existing naval program, which contemplates the construction of but two battleships yearly.

The naval department today made public the list of vessels for the great reviews at New York and Los Angeles.

DETROIT—Judge Donovan has granted a temporary injunction to John Haggerty, present member, against Clyde Webster, restraining him from taking his seat on the Jackson prison board under appointment by Governor Osborn.

A hearing on the permanency of the injunction will be held Saturday morning before the full bench of the Wayne county circuit.

GRANT—Erosé J. Koch, butter maker, has become possessor of the local holdings of the Rudell Creamery company of Grand Rapids, which has stood idle for two years. Mr. Koch is rated as one of the best butter makers in this part of Michigan, having on several occasions captured prizes, and it is felt that the new venture means much to Grant. A milk condenser will be installed. Mr. Koch also is figuring upon putting in an electric lighting plant.

ROGERS CITY—The supervisors at their annual session here accepted the petition of the wets and the local option question will be submitted to the people next spring. Two-thirds of the voters of the county have signed the petition. It is given out that local option workers will be able to do little or nothing as the last two years of dry rule have proved a failure. In addition, it has cost the county about \$4,000 trying to enforce the law. The board was unanimous for the resubmission.

HOLLAND—The fumes of formaldehyde nearly overcame an applicant for life insurance who was being examined, but the man thinking the breathing of the fumes was part of the test, while Dr. Godfrey was testing him, the doctor's father, city health officer, returned into the bath room, where he burned a few fumigators. The patient later felt better so long that when the junior doctor went into the bath room to see what was wrong, he found his patient nearly overcome.

FLINT—A crusade to insure a supply of bread made where sanitary conditions obtain was started by the board of health, when it inspected every bakery shop in the city. One establishment, that of a large company, was pronounced sanitary. All of the others came in for a certain amount of criticism and one was so bad that it was ordered closed until the conditions were remedied. In the shop they stored the flour in the stable where the horses were kept and there was a toilet room opening off the bakeshop. None of the receptacles in which the ingredients were kept for baking were screened. Slightly better con-

GRAND RAPIDS—Abandoned by her husband a few days after she had been led to the altar, in December, 1904, when he started with his partisans on a tour to Africa, and forgotten ever since, Mrs. Carolyn C. Mitchell has granted a divorce by Judge McDonald in circuit court from George C. Mitchell, of Cleveland, O. According to the records in the suit, Mitchell, four days after the wedding, departed for Africa, promising to send for his bride. The life of the dark continent proved so diverting that the records declare, he forgot the lonely wife. Years passed and no word came to join him. Then the wife gave up hope. Mitchell returned and settled in Cleveland. The bill of divorce shows he gave her only \$200 after the time they were married. The decree was granted on the grounds of desertion and non-support.

LANSING—Has Michigan any dams which threaten the lives of communities or of citizens? The question is raised by H. von Schöen, a well-known civil engineer of Detroit, in a letter to Governor Osborn, in which he refers to the Austin (Pa.) tragedy and suggests the advisability of taking precautionary measures against any similar catastrophe in Michigan. He states there are many old dams in Michigan, perhaps not kept up, that might be a source of danger, and he offered to submit his views as to any feasible protection. In reply to von Schöen Governor Osborn expresses his appreciation of the timely and interesting letter, adding: "I am not authorized, as you must know, to pay out any moneys for expert work in this connection. If there is anything you have to offer as a patriotic citizen, which I know you to be, it will be acceptable." Governor Osborn states von Schöen has had charge of the construction of a number of big dams and he believes his suggestion will lead to an agitation worth while.

Normal Notes

The attendance at this time is very gratifying, the total at present being 288. Active work is going on in all departments.

On Friday evening of next week the faculty will give a reception to the students. This reception will take place at the school.

Thursday morning Mr. Lautner gave a talk at assembly. His talk was somewhat in the nature of advice to students and he placed special emphasis upon the importance of early forming the study habit.

The faculty room has also been given up to the training school, and changes are being made in the science building for the accommodation of the art department, thus securing more room for both the art department and the training school.

The Normal school faculty was well represented at the Upper Peninsula Educational association at Houghton last week. School closed on Thursday and Friday and all who could get away attended. A number of the students also attended the sessions.

Dr. Fracker gave a brief resume of the U. P. E. A. meetings at the assembly hour Tuesday morning, dwelling principally upon the theories and ideas presented by Dr. P. P. Claxton, United States commissioner of education, Dr. Goddard of Vineland, New Jersey, and Hon. L. L. Wright, of Lansing.

Directions governing the Kaufman oratorical contest have just been issued at the Normal. This contest takes place annually and is open to members of either of the literary societies. There is a great deal of interest manifested in the work of the literary societies this quarter, and it is expected that the contest will be very successful.

Several changes have been made in the training school during the past week. In order to facilitate the work it has been found necessary to open more rooms for the different grades. Therefore, in order to accommodate the fifth, sixth, seventh and eighth grades on the top floor the third and fourth grades have been transferred to the first floor.

An informal party was given last Thursday evening by the Student Girls League. Each guest was requested to come representing some book. On Friday afternoon the league and its friends enjoyed a sewing bee.

On Wednesday afternoon of this week the first of a series of thimble parties was given. Tea and wafers were served and all had a most enjoyable time.

Ostris held the first meeting on Monday evening, Oct. 2. After a short business session Miss Margaret Hampton rendered a piano solo, and Mr. Lautner, one of the girls' critics, gave a talk. Miss Eva Wait then read "The Sign of the Cross," and Miss Nellie Wood gave a scene from Macbeth. Miss Sylvester was to have sung during the evening, but was unable to be present. After the program refreshments were served and a social hour was enjoyed.

Ygrasil Literary society held its regular meeting on Monday evening of this week. After the address of the president, Earl Ross, and the reading of the Constitution by Miss Margaret Scully, the following program was given:

Vocal Solo—Miss Grace Farrell.
Parliamentary Law—Miss Daisy Shaul.
Mandolin Solo—Miss Margaret Scully.

On Thursday afternoon the student teachers in the seventh and eighth grades gave a very interesting Columbus Day program, as follows:

Early Lift of Columbus—Grace Farrell.
Character of Columbus—Irene Backet.
Poem for Columbus Day—Ethel Bergdahl.
Columbus' Voyages—Anna Christensen.
Extracts from Journals of Columbus—Margaret Sherman.

The pupils also sang the national songs "America," "Columbia, the Gem of the Ocean," and "Star Spangled Banner." The origin and history of the words and music were discussed.

The fact that the Northern Normal has a host of loyal alumni and former students scattered throughout the upper peninsula was certainly emphasized during the recent meetings of the Upper Peninsula Educational association. One of the memorable events of the association was the splendid banquet which Normal alumni, friends and faculty enjoyed Friday evening.

The banquet was served by the ladies of the Presbyterian church, and the church parlors were prettily decorated with colors and banners. Potted ferns formed the center pieces for the tables, which were arranged in a double hollow square. Covers were laid for 150 and though there were nearly 170 present they were all well cared for. John Erickson, class '05, principal of the Houghton high school, acted as toastmaster. President Kaye, Dr. Fracker, and Mrs. Rushmore responded to toasts. School songs and yells held prominent places, and everyone felt that it was the most successful Normal banquet ever held.

The success of the undertaking was due entirely to the untiring efforts of H. D. Lee, of Lake Linden, who personally directed it, and everyone appreciated his work. The faculty on Tuesday evening at the regular meeting tendered a vote of thanks to Superintendent Lee for his splendid management.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by the People's Drug Store.

City Brevities

Today's weather: Rain; slightly warmer.
Yesterday's temperatures: Seven a. m., 44 degrees; noon, 53; 7 p. m., 52. Highest, 55 degrees; lowest, 38.

Dr. E. J. Hudson went to Chicago on business last evening.

The Catholic Boys' club will hold a meeting at Guild Hall at 8 o'clock this evening.

The Saturday Music club will meet this afternoon with Mrs. R. W. Boyer, East Ohio street.

The usual Saturday night dance, given by the Modern Woodmen, will be held at Fraternity Hall tonight.

There will be a sale of home-made cooking held in Morgan Memorial chapel this afternoon at 1:30 o'clock.

Tarrell Division, No. 961, B. of L. E., will begin tomorrow, meet regularly at the hour of 2:30 p. m., instead of 10, a. m.

The fourteen delegates from this city who attended the Woman's Relief corps convention at Iron Mountain, returned home last evening.

Mr. and Mrs. Ed Bell have returned from their wedding trip. They visited at Mr. Bell's home in Ohio and other lower lake points.

GAME LAWS FARCE, SAYS C. E. BREWSTER

Government Expert Expects and Hopes They Will Be Declared Unconstitutional.

Charles E. Brewster, former deputy state game warden in Michigan and now in the employ of the government biological survey, was in the city for a few hours Thursday evening. One of Mr. Brewster's duties is to compile the game laws of the various states for the use of the department with which he is connected. In that capacity, he has given considerable study to the game laws now in the statute books in this state, which he condemns in unqualified terms. In Monroe county, a move has been made recently to test the constitutionality of the game law, its opponents taking the position that the action of the conference committee was not formally acted upon by the house, by reason of which the law slipped through illegally and unconstitutionally. Mr. Brewster very frankly declares that the law ought to be knocked out, and hopes that it will be. He has all sorts of criticism of the act and declares it one of the most pernicious passed by any legislature in the United States.

"The act is so loosely drawn, so garbled and so susceptible to almost any interpretation," he said, "that our department has had more correspondence in search of rulings with the attorney general of Michigan than all the other

states put together. You can prove anything you want to in this act and it keeps us constantly asking the attorney general for a ruling on some feature of the act in order to find out what it does pretend to mean.

"The most pernicious feature of the entire bill is that it expressly repeals all those special acts by which deer were protected in certain northern counties of the lower peninsula and throws open every county in Michigan to the slaughter of deer. In my estimation, this would mean the extermination of deer in Michigan within a comparatively few years."

Sale of Rabbits Prohibited.

"The act knocks out the sale of rabbits by placing them on the game list. The rabbit is the poor man's food. It multiplies so fast that such protection is absurd. The season for deer is lengthened and there are a dozen other things in the bill which make it pernicious. The most important feature of it, so far as I have been able to discover, is to prohibit the hunting of rabbits with guinea pigs. This is the most ridiculous feature of the whole bill and we have it hung up among our specimens of freak legislation along with a Dakota act which prohibits the hunting of water fowl with an automobile. Why, the guinea pig is the best friend a rabbit has. In New England they place guinea pigs in rabbit hutches to protect the rabbits from predatory animals, but in Michigan the savage little guinea pig is prevented from hunting rabbits. It's too absurd for anything except to laugh at."

Mr. Brewster also takes exception to the ruling of the attorney general's department last week that the egret is a manufactured article, and that its sale, therefore, may not be prohibited.

"The man who wrote that opinion showed his ignorance most conclusively," said Mr. Brewster. "He has held Michigan up to ridicule and at the same time placed the state in a most unique position of being the only one in the United States which permits the sale of the egret."

BEECHAM'S PILLS

Sold Everywhere. In boxes 10c. and 25c.

Hughes, superintendent of the Grand Marais schools, was appointed county school examiner to succeed E. J. Lederle, resigned. Joseph Pelissier was reappointed janitor of the court house at a raise in salary of \$5. The matter of appointment of a county poor commissioner expires Oct. 1, was held up on the question of whether Mr. Stevens could hold the office of poor commissioner and at the same time act as superintendent of the county poor farm. Frank Walkup, of Trenary, was placed before the board as a candidate. A committee was appointed to make arrangements to secure an oil portrait of Judge J. H. Steere to be placed upon the walls of the court room. The painting will be made by August Klugstaad, a Marinette artist.

WEDDED TUESDAY.

The marriage of George Putvin to Miss Lauretta Depew, daughter of County Treasurer John W. Depew, both of Munising, was solemnized at Sacred Heart Catholic church Tuesday morning at 8 o'clock, nuptial high mass being celebrated by Rev. Father Dittman. The ceremony was witnessed by a large number of friends and relatives and was followed by a wedding luncheon, served at the home of the bride's father. The bride and groom are two of Munising's most estimable young people and they received many handsome gifts as evidence of the esteem in which they are held by those who know them best. Mr. and Mrs. Putvin will reside in Munising and will be at home to friends after Nov. 1.

DEPUTIES APPOINTED.

For the convenience of those residing in distant parts of the county, who desire to purchase licenses to hunt deer, County Clerk Gibson has made the following appointments of deputies from whom the necessary tags may be had upon payment of the fee of \$1.50 for residents and \$25 for non-residents: Dixon—William Robarge. Limesione—Alfred Swanson. Trenary—Charles G. Peterson. Chatham—C. C. Brown. Grand Marais—W. C. Davidson. Au Train—George Moore. Onota—Orville Labonty. Wetmore—W. F. Cox. Shingleton—A. Beauman. Grand Island—Eric Johnson. Rumbley—D. M. Farland. Loud's Spur—W. J. Kehoe.

MUNISING BRIEFS.

Ed. Storrs is visiting in lower Michigan. A son was born to Supervisor and Mrs. Thomas S. Clare Tuesday morning. A sale of state lands was held at the office of the county treasurer Tuesday

morning and was attended by but a small number of prospective purchasers. Description after description went begging, no bids being offered. Several sales were made.

Martin Norkowski, of Grand Marais, was in Munising Tuesday, on business. Charles Hunter, clerk at Burrows' pharmacy, has returned from a trip to Detroit.

William Clark arrived home from Detroit Monday.

Mr. and Mrs. John Schilling, Jr., have returned from a pleasant visit spent with friends and relatives in Detroit and Toronto.

Game Warden Marks returned from Newberry Tuesday.

Miss Una Simon left Wednesday morning for a week's visit with friends in Milwaukee.

Arthur D. Wood returned home last evening from a three days' visit in Grand Marais.

Sheriff Conry returned from the Soo Tuesday.

William Leighton returned to Grand Marais Wednesday.

Raymond Lively returned home yesterday morning from a three weeks' stay in Cusino.

The card party given by the ladies of the M. B. A. was largely attended. The card game was followed by luncheon and dancing.

Secretary Wyman, of the Northern Forest association, has issued several thousand copies of a neatly printed card containing a synopsis of the game laws as amended by the last session of the legislature and pamphlets with suggestions for the prevention of forest fires. They are to be distributed throughout the upper peninsula.

Messrs. Boswell and Williams, of Marquette, were in Munising Tuesday, coming down via auto. Owing to the rain of the previous day they encountered considerable difficulty in making the trip and spent most of Monday night on the road. They returned Tuesday afternoon.

CHOLERA KILLING TURKS.

Discase More Deadly to Siltan's Army Than Italian Foe.

Washington, Oct. 13.—A personal letter received here from an American traveling in the Turkish provinces north of Greece indicates that the Ottoman empire has much more to fear from the cholera than from the Italian warships cruising the Adriatic. The tourist was sailing down the Albanian coast ten days ago when the vessel anchored off the pest camp of what was left of two Turkish regiments. In his letter he states that 800 of the soldiers had died in the preceding fortnight.

The Turkish authorities have imitated the Italian officials in their efforts to keep secret the extent of the plague in their country and apparently with better success. On this voyage down the Dalmatian and Albanian coast the writer reports that out of sixty-two hours the trip lasted, thirty-six hours were spent at anchor before little ports, at none of which the ship was allowed to enter. Official reports of cholera in this region have been very meager, only a few cases having been listed.

INSTALLATION OF OFFICERS.

At the last regular meeting of Munising camp, Modern Woodmen of the World, the following officers were installed by District State Deputy Laundry: Council Commander—Frank Taber. Adviser—Lieut.—Mort Broughton. Banker—Edward Blom. Clerk—Charles Hunter. Escort—Ray Hill. Watchman—Oscar Johnson. Sentry—Leroy Metz. Managers—Eugene Coty, Edward Vandien, Charles Fitzmaurice. Physician—Dr. G. A. Truman.

BOARD OF SUPERVISORS.

After transacting a grist of business, the board of supervisors adjourned Tuesday afternoon. The appropriations were made and the state and county tax apportioned to the several townships. There was sentiment among the members of the board in favor of a re-equalization, but after some discussion it was decided to let the tax rolls stand as equalized at the June meeting. The recommendation of the county road commission for an appropriation of \$4,000 for a rock crusher was denied. L. C.

Furs! Furs! Furs!

OUR LINE of Furs this year has been very much admired and many beautiful sets have been sold. But our line is still very complete. We advise all those who want nice Furs to come and make their selection now while we are in a position to give you better value than we could give you later on.

If you wish some very exclusive styles and qualities, the time to select them will be next Wednesday and Thursday, when F. N. Matthews & Co., of Chicago, will be with us with a complete line of Suits, Coats and Furs which will be received here direct from their shop and will be delivered to the buyers from the display. Alterations, if needed, will be made here by one of their expert fitters. Do not forget the date, Wednesday and Thursday of next week, Oct 18 and 19.

Ishpeming and Negaunee Ladies who wish for some exclusive Garments will do well to remember us during this display. All the ladies of the city and vicinity are cordially invited to visit our store during this sale.

"THE MAN ON THE BOX."
"The Man on the Box" which will be presented at the Ishpeming theatre on Tuesday next, is from the pen of Harold McGrath, who has won popular fame among the readers of good clean books. The story of the play relates to a young army officer, who, lately resigned, returns home to surprise his sister. He disguises himself as a cab driver and takes his sister to a ball at the British embassy. On his return home he gets

Ishpeming Department

WILL WELCOME NEW PASTOR TOMORROW

Public Is Invited to Attend Dr. Haller's First Service at Methodist Church.

Dr. J. G. Haller, the new pastor of the First Methodist Episcopal church, who arrived in the city early in the week, will be heartily welcomed by his parishioners tomorrow morning, when he will preach his first sermon at the 10:30 o'clock service. Dr. Haller is highly regarded in lower Michigan. He served a long and successful term as pastor of the largest districts in the state, and he has been pastor for some of the largest congregations in the Detroit conference. Dr. Haller comes to the local congregation highly recommended by the bishop. He is secretary of the Inter-denominational churches of Michigan, an auxiliary of the National Protestant churches. Since Dr. Haller's arrival in Ishpeming he has been presented to many members of his congregation and other residents of the city. He has been favorably impressed with Ishpeming, which will be his first charge in the upper peninsula. He has found the church property in excellent condition, and its financial affairs in good order.

Dr. Haller Commended.
The Republican, of St. Clair, Mich., where Dr. Haller served as pastor of the Methodist church for the past two years, said of him:

"Dr. Haller has made for himself a place here, and had grown stronger as he became better known, and knew his people better. Sending him away from St. Clair was a surprise to his congregation and to the people of the town, but the ways of church authorities are sometimes past finding out. It is the duty of a Christian minister to go where duty calls, and Dr. Haller is a man who will never for a moment shrink his duty, even though it may be unpleasant. "The history of the church during Dr. Haller's administration has been one of continual upbuilding. Financially, the church is in better shape than when he came here. All of the various departments are prosperous, and the utmost harmony prevails among the members of the congregation and between them and their pastor. The attendance upon church services has been increasing, and during the past year twenty people have been baptized, and thirty received into membership. "Outside of his own church Dr. Haller had been doing most excellent service also. In his work with the young ladies' conducting the Boy Scouts he has won the respect and gratitude of the

citizens, irrespective of denominational beliefs, and he has always been ready to put his shoulder to the wheel to help along any public enterprise. To the good people of Ishpeming we commend Dr. Haller and his most estimable wife, and congratulate them upon their good fortune in securing the services of such capable and excellent workers in the Christian field."

TO CHAMPIONSHIP GAMES.
Ishpeming Men Will See the White Sox And Cubs in Action This Afternoon.

Marshal M. W. Trevarrow and Dr. A. E. Goudreau last night for Chicago, where they will attend the city championship games between the White Sox and Cubs. This afternoon they will be guests of W. H. Traver, general manager of the Chicago Pneumatic Tool company, who recently spent several days in the city. While here Mr. Traver invited Messrs. Trevarrow and Goudreau to be his guests at the ball games, and he has notified them that he has engaged one of the front tier boxes. Today's game will take place at Comiskey's new park, which is one of the finest in the country.

AN INTERESTING MEETING.
Presbyterian Synod Session Shows That Church is Prospering.

That the Presbyterian church is prosperous and gaining ground throughout Michigan was shown in the reports received by the state committee on home missions at its annual meeting in Detroit Tuesday morning. The session was the forerunner of the synod, which opened Tuesday night and closed last evening. Several upper peninsula ministers, including Rev. M. M. Allen, pastor of the Presbyterian church here, attended the sessions.

The committee found that a number of churches which were dependent last year are now self-sustaining; also that many others will hereafter be able to get along on a smaller allowance than in the past. There are only a few churches which are asking for more liberal aid than they have been getting. The committee was well pleased with the condition of affairs shown. For some years past the synod has provided on an average of \$12,000 annually for state missionary purposes, but a smaller sum will be sufficient this year.

Rev. M. M. Allen is chairman of the Home Mission committee of the Lake Superior Presbytery, the most northern of the seven Presbyteries in the state, and his report to the synod was in keeping with the reports of the other Presbyteries in that it showed that the churches in this region are in better condition than they have ever been before.

Rev. M. E. Jacquess, pastor of the Trumbull avenue Presbyterian church, of Detroit, was elected moderator of the synod. Dr. Jacquess is particularly interested in the question of church federations. The most important and most important feature of its interdenominational character and the nature of the subjects discussed. The addresses touched on church union. It is reported from Detroit that there is a general feeling among the clergymen that from hereafter of pastors of different beliefs will come the proposed alliance of Protestant churches.

It is expected that Rev. Allen, who will arrive home at the midnight train tomorrow, will have something to say about the synod meeting in his sermons at tomorrow's services.

CAMP OWNERS TO ORGANIZE.
Movement Has Been Started to Form Marquette County Association.

Ishpeming camp owners who for some weeks past have been advocating the organization of an association for the protection of camp properties have started to solicit members. Nearly every camp owner in Ishpeming who has been asked to sign the membership roll has done so. The roll was circulated by John L. Bradford, whose camp at Lake Lauris has been broken into no less than three times during the past three years. The Negaunee roll is in the hands of L. Sperry and M. E. Asire is circulating a roll among the camp owners of Marquette.

Mr. Bradford yesterday said that the promoters of the organization expect to secure the signatures of at least 100 camp owners, and possibly 150. The organization meeting will be held in Marquette. Mr. Bradford said that the camp owners agree that it will be a good plan to offer rewards to officers, or others, who find sufficient evidence against camp breakers to secure their conviction. Mr. Bradford's idea is that the reward should not be less than \$200 and he even favors making it \$300. He thinks that if a good sized reward is offered, it will be an inducement to the officers to work hard in an effort to secure evidence against guilty parties.

Most of the camps in Marquette county have been broken into at one time or another, and many heavy losses have been sustained. The camp thieves usually carry away everything that is work taking, and in many cases they have not only stolen the equipment, but have also damaged the walls and the articles left behind.

AVIATOR FELL FROM AEROPLANE.
Will H. Dorbin, who is this season playing the lead with "The Aviator" which will be the offering at the Ishpeming theatre next Monday evening, nearly lost his life in June, while making a trial flight. Having signed a contract to play the part of "The Aviator" he felt he should know something about the working parts of the machines and how to fly them, so went to the aviation school in St. Louis, Mo. After getting thoroughly acquainted with the machine he decided to make a trial flight. He started and got about 100 feet in the air, when he lost control of his machine and fell to the ground, breaking three ribs and an arm. He was laid up in a hospital until almost time for the company to rehearse.

NIGHT CLASSES HAVE COMMENCED WORK

Young Men's Christian Ass'n. Classes Will Be Directed by Competent Instructors.

The night school of the Young Men's Christian association opened for work Thursday evening, when a number of students enrolled in the plumbing, chemistry and mechanical drawing classes. The instructors are Louis Swanson, of Negaunee, who will direct the work of the plumbing class; Charles Hawes, Jr., who will have the work of chemistry; H. Yutzey, in charge of the manual

training work at the Ishpeming High school, who will teach mathematics and mechanical drawing, and T. A. Hopper, a member of the high school corps, who will have charge of the common school course.

The classes will meet for study as follows: Plumbing, Monday, Wednesday and Friday evenings; chemistry, Monday and Thursday; mathematics and mechanical drawing, Tuesday and Thursday; common school course, Tuesday and Thursday. The schedule for the English class for foreigners, the public speaking club, and the bookkeeping class will be arranged later.

The studies in all of the classes will be practical, and will aim to better qualify men for their work and for advancement. There is still opportunity to enroll in any of the classes. The fees are low and do not stand in the way of any young man with ambition to succeed.

The equipment for the use of the plumbing and chemistry classes has been received. Most of the practical work in these two departments will be done on the fourth floor, where a room was recently fitted up for that purpose. The students will have ample space in which

to work to advantage. The quarters will be properly heated and they are well lighted and ventilated. The practical soil pipe tests, which will be given in connection with the plumbing instructions, will be made in the basement, as water is needed for this work.

It is expected that the plumbing and chemistry classes will be among the most popular at the "Y" this winter, as there is a great demand for men in both of these lines. There are a number of young men employed around the laboratories at the mines who will probably take the chemistry course, as the work to be done in that department is to be of a practical nature and will deal principally with the analyzing of iron and copper ores. It is expected that the English class for foreigners also will be popular the coming winter, as a number of newcomers to the country have expressed a desire to take the work. Practically all of the men who took this work last year entered without being able to read or write the English language, but when they finished the course most of them had a good understanding of reading and writing. They also learned to speak English.

R. J. Wise, the general secretary, has not yet completed all of the arrangements for the conducting of the English class for foreigners in Negaunee, where it is expected that from seventy-five to 100 will receive the instructions.

ISHPEMING IN BRIEF.

A. A. Miller, of Calumet, was a business visitor in the city yesterday.

Mrs. J. Marchand, of Champion, visited friends in the city yesterday.

David Verquist and bride have returned from their honeymoon trip to St. Paul and Minneapolis.

H. B. Silverman, proprietor of the Fashion Suit company's store, came up from Escanaba to spend a few days.

Eric Nygard of Amasa, Mich., who was operated on last week for appendicitis at Dr. Lindgren's hospital, has returned to his home.

The Fonia Prescription pharmacy announces that, beginning Oct. 29, and continuing throughout the winter, the store will be closed at 5 o'clock every Sunday.

The remains of the late Mrs. C. L. Dering, formerly Miss Grace Wood, an Ishpeming high school teacher, were interred in a cemetery at her old home, near Baraboo, Wis., Thursday.

Hjalmer Laitanen, proprietor of a Division street restaurant, who was operated on Monday for appendicitis at Dr. Lindgren's hospital, was removed to his home yesterday.

Mr. and Mrs. George Thoney celebrated the twenty-fifth anniversary of their marriage Thursday evening at their home on Empire street. About thirty of their friends spent the evening with them. Cards were played, Mr. and Mrs. Thoney were recipients of a number of beautiful silver presents.

Miss Maud Raulstone, of North Third street, will leave today for Edmonton, Alberta, where she expects to remain permanently. Her mother, Mrs. J. Riley, has been visiting in that part of Canada for the past week.

The rummage sale that the ladies of the Presbyterian church congregation are to conduct next Tuesday, Wednesday and Thursday, will be held in the Nolan block, corner Cleveland avenue and Second street.

Miss Edith Wright of Marquette visited her sister, Mrs. D. P. Bilkey, Thursday evening, she having come up principally to attend the harvest-home supper given by the ladies of the Presbyterian church.

J. T. Rowe, deputy food inspector, was here yesterday looking over the stocks of local dealers in food products. Mr. Rowe has for some years past been a prominent member of the Sons of St. George society in the copper country, where he has resided for some years.

Births recorded in the city yesterday were a daughter to Mr. and Mrs. John Lafraniere, 446 "E" street; a daughter to Otto Hanninen and wife, 413 South Third street, and a daughter to Mr. and Mrs. Victor Polomacki, 322 South Fourth street.

Charles A. Frohman, a former well-known business man of Ishpeming, who is now a resident of Chicago, is in the

Open Evenings During Sale

HEADQUARTERS, DETROIT.

EIGHT YEARS AGO this House originated the idea of holding a Special Sale of Summer Resort Pianos, and we inaugurated the first sale of its kind ever held in the United States. Since that time the Summer Resort Sale has become an Annual affair with us, and each year, because of our expanding business, it grows greater in scope and importance. To our certain knowledge we practically control the entire Summer Resort Rental Business of the State, being the ONLY HOUSE in a position to properly take care of it. Having 24 stores at different points in Michigan and Ontario, we can deliver Pianos at any resort quickly and at the least possible expense. We also carry an immense reserve stock of Pianos, without which no House could possibly handle the Summer resorting business, as it alone involves far more Pianos than will be found in the entire stock of other Piano Houses. For these and other reasons the Summer Piano renting business of Michigan is and always has been controlled almost exclusively by us.

This year the resort season opened early; more people than ever before migrated to the beautiful Summer Resorts with which Michigan abounds. We were called upon to furnish more Pianos than in any previous year, and in most cases they were rented for longer periods—CONSEQUENTLY THE SAVINGS TO BUYERS ARE GREATER

YOU SAVE ALL THE RENT

For we deduct every dollar received, and in many cases are making additional discounts because it is against our policy to put these rented instruments back into our regular stock—they MUST BE CLOSED OUT just about as soon as they reach us or our warehouses would become seriously overcrowded.

One of the remarkable and very important features of this sale is the fact that it embraces highest-grade Pianos of universal reputation—STEINWAY, GRINNELL BROS. (our own make), SOHMER, VOSE, WEGMAN, STERLING, HUNTINGTON, etc. These instruments are sold regularly at prices fixed by the manufacturer, but you may secure one during this sale at a genuine and substantial saving. All sample, exchanged and shopworn Pianos on our floors are also included in the sale stock. Every instrument has been carefully gone over by our expert Piano builders and many of them are to all intents and purposes BRAND NEW.

Special Summer Resort Sale Terms

We ask but a few dollars down, the balance in easy weekly or monthly installments, on these splendid bargains. If you want a Piano, you can certainly arrange to buy it HERE and NOW. We urge you to visit our warehouses without delay—the instruments listed herewith will give you some idea of the wonderful values you will find on our floors. Write us, or phone for further information if you cannot arrange to see this stock. Act quickly—an opportunity so great to your advantage in every way never before presented.

WILEY WINS A VICTORY.
 Prussian Experts Uphold His Opinion in Case of Benzoate of Soda.

Washington, Oct. 13.—The most sweeping victory that Dr. Wiley has had won in any of the struggles he has had for the enforcement of the pure food laws, came when the state department formally forwarded to the department of agriculture a full copy of the report of the German health commissioners sustaining Dr. Wiley's contention that benzoate of soda is harmful when used in preserving foodstuffs.

reads German, analyzed the report with considerable satisfaction.

The report contains a full history of the American controversy over benzoate of soda, including a resume of the opinion of Dr. Wiley, the creation of the Rensen board by order of President Roosevelt, and the opinion of that board reversing the chief chemist. In conclusion the Prussian board emphatically sides with Dr. Wiley. "The royal scientific deputation for medical affairs," says the report, "is likewise of the opinion that the use of benzoate acid and benzoates should not be permitted for the preservation of foodstuffs." It is pointed out that such preservatives give the appearance of freshness to food-stuffs that already have entered upon decomposition and the buyer may be deceived as to quality.

Markets
 WALL STREET STOCKS.

Paine, Webber & Co. yesterday wired from New York as follows: We continue to adhere to the view that the general tendency of security prices is upward and that, although the betterment for a time may be slow, still the gradual absorption of funded obligations at advancing prices, the relatively small holdings of securities by outsiders, the substantial short interest outstanding, and the fact that nearly all the adverse factors confronting the situation have at some time or other within the past year been made the basis of aggressive selling movements, taken in connection with the more cheerful feeling evidenced by prominent market factors, will all in time have the influence of forcing substantial betterment in the New York market and also commercial circles in general. The day's closing follows:

Boston "Coppers."

Of the market at Boston, Paine, Webber & Co. yesterday said: Both markets showed a stronger tendency today. Business was still dull, but the preponderance of orders was on the buying side. North Butte was the most active stock in the local list, rallying from 24 1/2 to 25 with a fair volume of transactions. Copper Range made another fractional advance, closing 32 bid with the same house still accumulating. Both markets show a distinctly sold-out condition and a steady absorption of stock and we advise all our clients to cover any outstanding short contracts and go long for at least a three to five-point rally. Buy them now. Closing quotations follow:

Chicago Wheat.

Paine, Webber & Co.'s Chicago correspondent had the following to say of the wheat market in that city yesterday: It was a good bull day in wheat, with an advance of one cent over the Wednesday closing. News from most quarters of the globe today was helpful to buyers. Several private cables again claimed injury to the Argentine crop from frost, but this news was not taken seriously. The Northwest markets were bullish in tone, and there was a strong upturn in prices. The feeling is decidedly more bullish. The closing prices were: May wheat, 104 1/2; corn, 65 1/2; oats, 50 1/2; pork, 15 1/2; lard, 8 1/2. December wheat, 99 1/2; corn, 64 1/2; oats, 47 1/2. January pork, 15 1/2.

BABY PITIFUL SIGHT WITH ECZEMA

Completely Covered. Bandaged from Head to Foot. Dared Not Wash Him. Used Cuticura Soap and Ointment 4 Weeks and He Was Cured.

"A few days after birth we noticed an inflamed spot on our baby's hip which soon began spreading until baby was completely covered even in his eyes, ears and scalp. For eight weeks he was bandaged from head to foot. He could not have a touch of clothing on. Our regular physician pronounced it chronic eczema. He is a very able physician and ranks with the best in this locality, nevertheless the disease began spreading until baby was completely covered. He was losing flesh so rapidly that we became alarmed and decided to try Cuticura Soap and Ointment. Not until I commenced using Cuticura Soap and Ointment could we get him to look like, as we dared not wash him, and I had been putting one application after another on him. On removing the scale from his head the hair came off, and left him entirely bald, but since we have been using Cuticura Soap and Ointment he has as much hair as ever. Four weeks after we began to use Cuticura Soap and Ointment he was entirely cured. I don't believe anyone could have eczema worse than our baby."

"Before we used the Cuticura Remedies we could hardly look at him, he was such a pitiful sight. He would howl until I would treat him, they seemed to relieve him so much. Cuticura Soap and Ointment stand by themselves and the result they quickly and surely bring their own recommendation." (Signed) Mrs. T. B. Rosser, Mill Hill, Pa., Feb. 20, '11.

Cuticura Soap and Ointment sold throughout the world. Sent to Potter Drug & Chem. Corp., Dept. 29A, Boston, for a liberal sample of each, post-free, with 2-p. book on the skin.

Champion

HEAVY FIRE LOSS.

Tuesday Night's Conflagration the Worst That Has Ever Occurred in Champion.

The fire Tuesday night and Wednesday morning, which completely destroyed the buildings owned by Mrs. M. C. Belhumeur, Jack Mahaney, Derric & Son and Joseph Hebert, was by far the most disastrous that has ever occurred here. The largest loss, so far as damage is concerned, was the one severally years ago that destroyed the Champion Cooperative society's store. That fire was in many respects similar to the one Wednesday night, it having started about midnight. The store building was completely destroyed because of lack of sufficient fire apparatus with which to fight it.

As soon as the fire was seen to be beyond control Tuesday evening, Chiefs Lacey and Johnson, of the Ishpeming and Negaunee departments, were reached by telephone and everything was in readiness for the shipment of fire engines if they were necessary to protect the nearby buildings.

Miss Lulu Oakman, of Marquette, is spending a few days in Champion visiting with her folks.

The employees of the Champion mine will be paid next Monday.

Miss M. Cronin spent Sunday in Marquette, where she attended the funeral of the late Dan Mully.

Will Derric spent Thursday in Marquette, on business.

William Welander, of Ishpeming, was in Champion Thursday on business for the Oliver Iron Mining company.

H. S. Thompson, superintendent of the Champion mine, attended the supervisors' meeting in Marquette this week. Tuesday night while the fire was in progress in the lower part of town, Mr. Thompson was called by telephone at Ishpeming and he sent instructions for the men at the mine to do everything possible to help extinguish the flames.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine discharges by day or night.

Michigan

MICHIGAN BRIEFS.

Ed. Schmitz, wife and youngest son, spent Sunday in Marquette.

Section Foreman J. E. Anderson spent the forepart of the week in Calumet, on business.

Frank Goodreau has returned from Munising, where he visited for the past week.

Mrs. A. Olson arrived home Wednesday from Marengo, Wis., where she spent some time visiting.

Miss Helga Vulcan returned this week from a visit with relatives in Iron River, Wis.

Herman Ellison, of Ishpeming, was a business visitor in Michigan Thursday.

Miss Rose Severy left Wednesday for Hibbing, where she will visit with relatives for a few weeks.

Miss Celia Cons, of Negaunee, visited a few days this week with Louis Severy and family.

Alelie Lumeau, who is teaching school at Iron Mountain, spent Sunday at her home in Michigan.

John Frisk and Lloyd Schultz visited in Champion Sunday.

A large crowd enjoyed the dance given last Friday at the bungalow by the Bungalow club.

Miss Jennie Johnson this week received a new Wurlitzer harp, which she will use for orchestra work.

Tom Welch's mining trip from Iron Mountain and took back the engine that Hoose & Pierson had been using on their work at the Portland mine during the past summer.

John Mitchell, who recently purchased the McDonald farm at Three Lakes, has added a new threshing machine to the equipment.

C. O. Stensrud and family are expected in a few days from Superior on a visit with relatives in Michigan, before departing for Florida, where they will spend the winter.

A crew of men in the employ of the Duluth, South Shore & Atlantic Railway company has been busy for the past week or so replacing and extending the side tracks near the old mill, preparatory to the ice season. The harvest the coming winter is expected to be a big one.

Three Italians, who had been working at the Imperial and who were thrown out of the mine when the mine closed, left Wednesday for their native land. Eleven Finns left on the same day for Finland.

Michigan township fared very well at the hands of the board of equalization, which met this week in Marquette, though the local tax roll was increased \$120,000. In view of the fact that the valuation of mines in other parts of the county were sent skyward by the tax commission, the taxpayers here were pleased to find that the mine valuations in Michigan were not given an unreasonable boost. This was doubtless due to the fact that the mines in Michigan have not been very active the past few years, and Tax Expert, Finlay was advised by the representatives of the operating companies that the properties would not be worked the coming winter, unless conditions in the iron market improved. Under the equalization, Michigan township will pay 1.13 per cent of the state and county taxes.

GRAFT IS CRY AT CANTON, O.

Mayor Attacked on Stump Denies Charges and Asks for Proof.

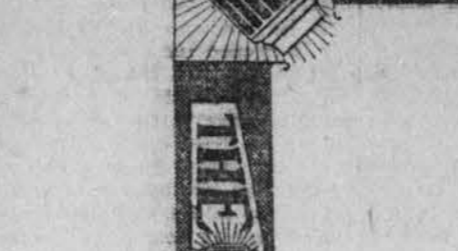

Canton, O., Oct. 13.—Charges of graft and mismanagement against the city administration and denials from Mayor A. R. Turnbull and other Democratic leaders are flying thick and fast in the most spirited municipal campaign Canton has witnessed in a number of years.

C. D. Burns, Republican nominee for mayor, who is trying to wrest the office from Turnbull, now enjoying his third term, has given the fight an unexpected twist by attacking the administration for its alleged liberal tendencies, he is appealing to the citizenship through its pocketbooks. "The city is being plundered," says Burns. "It has cost thousands of dollars too much to run it during the last six years. Someone is getting a rake-off somewhere."

"I defy anyone to prove any charges of graft against me or my administration," said Mayor Turnbull in an address to the Young Men's Democratic club. The Democratic city executive committee is running half-page advertisements in the Canton newspapers calling upon anyone who can prove charges of graft against the administration to do so.

The Municipal league, a recently organized body of business men, has completed an investigation of paving meth-

THE RIGHT OF WAY

THE HUB

WERE DISCOVERED!

THANKS TO COLUMBUS!

He discovered a pleasant spot for us—cut down some trees and "started things" by teaching the Indians how fine good clothes really feel.

We're in the clothing business almost 420 years behind his time—but just 420 years—and then some—aboard in style.

If skins were still the accepted apparel for mankind—some mighty hunter would capture the rarer animals, more than all others.

Ability for doing one thing better than their fellow men can do the same thing, has been the moving spirit of the world's greatest explorers, statesmen, inventors—merchants.

We do not put the crown "Greatest" upon our brow—but we are ever trying to gather the best of everything in men's wear than human skill and earnest effort can produce for those who honor us with their patronage.

"He that attempts more—achieves more." Our ability lies in the clothing business—to excel in our ambition.

We do not rest until we have searched every "nook and cranny" for SOMETHING BETTER.

When the doors of each new Season are thrown open we know that our ambition—so far as that Season is concerned—has been realized to its fullest extent.

Today we occupy the unequivocal position of recognized leadership in standard merchandise for men and young men.

SUITS.

Worsted—Cheviots in exclusive patterns. Beautiful fabrics, \$7.50 to \$25.00.

FALLS FIFTY FEET AND IS UNINJURED

Miner Climbing Down Ladder Loses Grip, But Lands On His Feet.

A young Finnish miner, whose name could not be ascertained last night, fell down a scam on the main level of the Blue mine, a distance of fifty feet or more. He landed on his feet, and aside from being rather frightened and shaken up, he was in good trim. Upon landing, he picked himself up slowly, grunted, and returned to work.

A run of ground on which he was working started to fall. He ran to the ladder and started to climb down to the level, but before he made any headway he was struck in the hand by a chunk of ore, and before he could get a grip with his other hand, he had lost balance and fallen away.

Some of his companions saw him fall, but when he landed, he was surrounded by a group of miners who expected to find him seriously injured. However, he was dazed but for a minute, and went right back to work. At the time of the accident there was no one in the scam but his partner, who was more used to the work and was not frightened by the fall of dirt.

A FINE INSTRUMENT.

Expert Is Sent Here to Install Organ in Mitchell M. E. Church.

C. Steinbauer is in the city to set up the new pipe organ in the Mitchell Methodist church. He comes direct from the factory of the Hinner Organ company, of Pekin, Ills.

The new organ is the largest and most complicated one in the city. It has over seven hundred pipes, forty-four of which are placed in front of the hand-some old English finished quarter-sawn oak case. These are the speaking pipes, and are beautifully gilded and decorated. There are thirteen speaking stops in it as a control, and four couplers. There

are swell pedals, and piano and forte pedals, connected ingeniously underneath with the great swellbox inside the casing. A double keyboard is used. The pipes of the instrument range from eight inches in length, having a diameter of less than one quarter of an inch, to eight feet in length, having a diameter of nearly twelve inches.

The current of air is produced by an electric motor which operates an automatic blower. In case the electric apparatus should fail, there is an arrangement for hand pumping, by which a man inside the casing can operate the ordinary bellows.

NEGAUNEE HIGH SCHOOL NOTES.

Columbus day was observed at the high school with appropriate exercises. The members of the Girls' Literary society furnished a program for the occasion consisting of the following numbers: Song, "The Star Spangled Banner,"—High School chorus.

Paper, "Spanish Monarchy in Columbus' Time"—Ivy Fern.

Paper, "Peculiar Ideas of the People in Regard to the Earth in the Time of Columbus"—Pauline Cushing.

Violin Solo—Gilbert Christensen.

Paper, "Achievements of Columbus"—Agnes Murphy.

Recitation, "Columbus"—Hazel Haupt. Song, "America"—High School chorus. After today's game with Marquette, all high school football games will be held on Friday afternoon at 2:30. School will be dismissed in time to allow all to see them. The football team is now in a position to give their adversaries a hard tussle. Coach Redell has stirred up such enthusiasm that twenty candidates have reported daily for practice. With such players as Manning, Stirling, Paull and Lahti behind the line, and Beaubien, Beaudin, and Schwartzmen before them, Negaunee should make a good showing.

The Senior officers for the coming year were elected at a meeting of the class held Tuesday at four o'clock. Arthur Moll was elected president and Grace Dunlap, vice president. Fenton Manning was chosen secretary, and Russell Thomas, treasurer. The Glee clubs are being reorganized under the supervision of Mrs. Marjien. The director of music. A play will probably be given by them during the winter months.

I. O. O. F. MEETING.

Will Attend Convention at Saginaw, and Board Meeting in Jackson.

R. G. Jackson leaves Monday to attend the convention of the I. O. O. F., to be held at Saginaw on Tuesday and Wednesday of next week. He goes as a member of the board of control of the Odd Fellows' home at Jackson. Thursday morning he will leave Saginaw and go to Jackson to attend a meeting of this board. He will be home the latter part of the week. Negaunee will be well represented at the meeting of the grand lodge.

FORCE IS CURTAILED.

Seventy men were laid off on each of the three shifts at the Mary Charlotte mine yesterday. This puts 210 men out of work. The mine has been the heavy producer of the range for the summer months, and the lay-off comes as something of a surprise. A steam shovel is still busy at the stock piles, and from fifty to sixty cars a day, on the average, are being shipped out.

FOR SALE—An extension dining room table and a 9x12 Wilton rug in perfect condition. Enquire 128 Main street. 10-12-34

FOR RENT—Office rooms in Kirkwood block, suitable for physicians, justice of peace, insurance agents and dressmakers. For prices, enquire at Kirkwood's drug store. 10-27-11

POTATOES 45 CENTS ON THE MESABA RANGE. DOLLAR MARK EXPECTED.

Biwabik, Mass., Oct. 13.—Potatoes are bringing sixty-five cents on the local market, and as the farmers believe that the price will be much higher before the end of the winter, many of them are storing their tubers in root cellars. In the Palo and Markham districts there is, it is roughly estimated, 20,000 bushels harvested and yet to come out of the ground. About 1,000 bushels have been sold in Biwabik, Aurora and McKinley, and the remainder is still on hand.

Those business men who are friendly to the farmers are encouraging them to hold their potatoes for better prices. It is believed here that the first of January will see potatoes selling for more than \$1 a bushel on the local market. At even this increase it will pay the farmers to store, as they all have root cellars in which they can keep from 400 to 1,000 bushels.

Farmers are complaining that the wet weather has reduced the quantity of eggs. Strictly fresh eggs bring thirty cents a dozen. Many of the agriculturists are going in heavily for chickens and almost without exception those who have done so have made money.

AT THE BIJOU.

Manager Skiff, of the Bijou, will again resume the announcement of his programs in his regular advertising space. Tonight he will present a film entitled, "The Sorrowful Example." Monday night he will present the Austin (Pa.) flood disaster, from views taken the day after its occurrence. Besides this he presents "The Blacksmith's Love."

LOCAL LACONICS.

Henry Luke, of Portlock, Ontario, is in the city visiting his son Norman Luke. George Schwartzman is visiting his parents, Mr. and Mrs. John Schwartzman.

Levine Brothers are holding their eleventh annual grand fall opening. They extend an invitation to their patrons, both non-resident and those who live in Negaunee, to be present today to see the display of fall goods.

G. R. Watts, of Marquette, piano tuner, spent yesterday in Negaunee on business.

J. H. Anderson, bookkeeper at the Negaunee National bank, leaves Monday to spend the first week of his fall va-

cation hunting the woods north of the city.

Alfred Hansen and wife have returned from their honeymoon trip, and will take up housekeeping in their new dwelling on Cyr street, which is now ready for occupancy.

Rosen Bros. & Klein announce their annual fall cloak opening, which takes place today and Monday. Their cloak department on the second floor of the store has been decorated for the occasion, and a large line of the latest fall styles will be on display.

Jack Fotch will conclude his engagement at the Palace roller rink this evening. During the past two nights he has pleased large audiences with his remarkable trick skating. Tonight he will race Frank Winters, a Negaunee man.

There will be a special council meeting Monday night. The aldermen will sit as a board of review on the Ann street sewer assessment roll.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by the People's Drug Store.

LAMP BUSINESS GRIP

Dissolution of Electrical Appliance Combine by U. S. Court Decree Likely in Time to Result in Lower Prices, According to Belief of Supt. Retailic.

Manager of Marquette Plant Tells How Companies Have Worked Together to Fix Prices and Regulate the Sale of Various Kinds of Electrical Appliances.

Asked yesterday whether he expected that the dissolution of the National Electric Lamp company by the government would result in lower prices for incandescent lamps, Superintendent Retailic, said that he would not be able to say until the companies in the National Lamp company had resumed their independent status. He was inclined to believe that the victory of the government means that competitive conditions would be restored and that in time lower prices for electric lamps will be secured.

The electric lamp business, Superintendent Retailic said, has, to all intents and purposes, been in the hands of an iron clad trust. There are some sixteen manufacturers, but they are, with the exception of the Westinghouse company, been associated in close alliance in the National Electric Lamp company. This company has fixed a standard price on all of the standard products. One company has offered the same terms as all of the others, and there has been no such thing as gaining price concessions from any of them. Not only this, but the companies have had a policy of tying up future business. If the Marquette light and power commission, for instance, bought lamps from the General Electric company it had to sign a contract to supply itself from that company for a year. If it placed an order with any other company, notification of the fact would be given the General Electric company, and the commission would be informed that it was violating its contract. In contracts with electrical supply dealers the National Electric Lamp company also fixed standard prices for the various lamps, which the dealers were not allowed to deviate from. When selling to an electrical plant, such as the Marquette plant, however, there was no restriction of this nature, the plant having been permitted to sell the lamps at any price they saw fit to make.

But One Laboratory.

So close have been the relations of the companies that but one laboratory for experiments, maintenance, and the discoveries and improvements made in this laboratory were the common property of all the companies. When the Tungsten lamp was first perfected, Superintendent Retailic says, all the lamps sold by all manufacturers were made in one factory in Cleveland. They bore the trade mark of the manufacturers from whom they were bought, but they all came from the single plant. Now practically all the manufacturers are making Tungsten lamps on their own account.

Although the Westinghouse company was a large manufacturer outside the National Electric Lamp company it kept in close touch with the latter concern, and their prices and methods were identical. It has been many years since there has been any real competition in the electric lamp business, and there have been only slight changes in prices.

Superintendent Retailic says that the conditions existing in the electric lamp business have been no different from those in other branches of the electrical supply industry. There is no competition in any material needed in the conduct of an electric lighting business except in big apparatus, such as generators. Meters, for instance, have been sold on the same basis as electric lamps. There has been a standard price for the standard meters, and there has been every evidence that the makers have been acting in accordance with an agreement that constitutes a restraint of trade. The same thing has been true of transformers.

WOULD ESTABLISH SECTIONS.

Plan Suggested for Keeping Macadam Roadways in Good Repair.

A movement has been launched in Menominee county which should be of interest here, its purpose being to devise some means whereby the roads already built may be kept in repair. Any one who has traveled over the highway between Marquette and Negaunee, which was built three years ago, need no evidence to prove to them that unless more attention is paid to the upkeep of this road, it will not be long before it will have to be rebuilt.

A local automobile man stated recently that he disliked to make the trip to Negaunee and Ishpeming because the road was so hard on the rubber tires. In many places, and especially on the turns, the fine topdressing has been entirely worn off, leaving the coarser under layer of rock exposed. According to the man already referred to, as the result of this condition, local motorists are not getting more than half the mileage that they should out of their tires.

It is a well known fact that the roads in this county have not been kept up as well as they should be after they have been built. In Menominee county, several of the road experts believe that sections should be established on the county roads, adopting the same system as is used on all the railroads in the country. Discussing this subject, one man says:

"The roads in this county would be in such an improved condition after the installation of such sections that people would actually be surprised. What is the use of building good roads if they are not taken care of later? Naturally, they will run down and become as bad as before they were built.

"Roads need attention annually and sections should be established that the work may be done in a systematic manner. Suppose the Marquette-Negaunee road had sections now, one every few miles or so. There appears what is commonly called a "check hole" in which water stands when it rains, causing the hole to wear deeper and deeper. The section man on that beat would go out

MAKING A FIGHT ON WARDEN NATE SIMPSON

Lack of Discipline in Jackson Prison Charged—Governor Osborn's Position.

The Jackson prison and Warden Simpson have been projected into the limelight by the lower state newspapers the past two days, and it is reported that Warden Simpson's management may be investigated. The principal fault alleged is inability to maintain discipline. Governor Osborn asserts that he will stand behind Warden Simpson firmly as long as he runs the prison with good results. The warden has discharged Deputy Kline, former sheriff of Ingham county. Before taking this step he consulted with Governor Osborn. The governor told the warden that he had the entire responsibility for the conduct of the prison and that he should discharge any man who did not meet with his approval.

DONNING DIVER'S SUIT GIRL EXPLORES LAKE

Miss Gladys Jenney Spent Part of Yesterday Sixty Feet Beneath the Water.

By donning a diver's suit yesterday and spending a half hour on the bottom of Lake Superior, Miss Gladys Jenney, daughter of R. H. Jenney, a well known lumberman of this city, performed a feat which has never been duplicated by a woman in the state of Michigan. Miss Jenney took her submarine excursion by permission of John B. Wanless, an expert diver, who is in charge of the extension of the city water works intake. The work being performed in the execution of this contract has proven very interesting to many Marquette people, particularly the diving operations, which have been watched by a large number of spectators, among whom were several women. Miss Jenney has been one of those who has watched Mr. Wanless go down into and come out of the depths of Lake Superior, and yesterday she expressed a strong desire to put on a diver's suit and see for herself how the bottom of Lake Superior looked.

After some parley, Mr. Wanless consented to gratify her desire. Under the careful supervision of Carl Winters, an experienced diver's tender, and J. K. Giesie, a diver who is looking after the city's interests in the performance of this contract, Miss Jenney, exhibiting no nervousness, donned the submarine dress and helmet, and after being sufficiently weighted with some 200 pounds of lead and iron, was lowered sixty feet below the surface of the water, where she wandered about for some time, watching the antics of the fishes and picking up numerous articles which she values very highly as souvenirs.

Some time having elapsed, the men on the derrick above her became uneasy and pulled her to the surface, although she had not given the signal to be raised. Miss Jenney objected so strenuously to having had her submarine expedition interrupted in this summary manner that she was finally permitted to return to the bottom of the lake and complete her observations. She remained beneath the surface this time until she signalled to be pulled up.

Miss Jenney is greatly elated over her unique experience, which she says she thoroughly enjoyed. Last evening she declared her intention of again delving into the depths of Lake Superior at the first opportunity that presents itself. Miss Jenney's coolness and self-control were considered remarkable by those employed on this contract, as well as others who witnessed the novel adventure.

Theatrical

"The Aviator."

"The Aviator," which will be offered at the opera house next Wednesday, is a comedy by James Montgomery, and was produced by Colman & Harris in New York with decided success. This is a play out of the ordinary run of comedies. The story is about an author who wrote a successful book called "The Aviator," which at once became one of the most popular sellers on the market and made a hero of the writer. His friends begin to lionize him, but being of a retiring disposition, he goes to a small hamlet for rest and recreation, which, however, he does not obtain for as soon as his friends are informed of his intention they begin to circulate the story that he really took the flight which he so minutely describes in his book. No end of trouble ensues from this report and the entire town turns out to do homage to so great a personage. Further complications ensue when a real French aviator arrives, bringing with him two aeroplanes of the Blériot type. An attempt is made at once to arrange a race between the American and the French man, much to the chagrin of the American, who has never made an ascension and who is really afraid to go up in the air. He tries in every possible manner to avoid meeting the Frenchman, but he is finally forced to sign an agreement to race with him. In order to become familiar with the methods of making flights, the American secures the services of a mechanic who is to teach him to fly. He studies hard and at the appointed time both he and the Frenchman get away in the air. The Frenchman is unable to fly on account of the darkness, but the American stays up in the air because he doesn't know how to come down and wins the contest.

Tuxedo suits \$38 to \$50

You will be correctly clothed for any occasion if you allow us to fit you in a Stein-Bloch Suit or Overcoat.

ORMSBEE & ATKINS

Nester B'k, Washington St.

The discipline is good. I only want to say this, that if I have been a good warden I am now, if I have ever made any degree of success in conducting the prison I have that same degree of success now. The books, the men, the general and specific conditions of the prison are open to any probe or investigation and I shall welcome any investigation.

Convicts Claim Work is Too Hard.

It has been said by people in authority at the prison that the chief cause of complaint against Warden Simpson among the men is the complaint that the makes them work too hard and too long. The warden thinks he is fair in the matter of work and the men do not seem to agree with him. The hours have not been lengthened and the work is not different in character to what it was in other administrations, but for some reason the men are not fully satisfied with the working conditions imposed on them.

This was shown in a humorous and pointed way at a prison prayer meeting a few weeks ago. After the prayer service it was suggested by a convict that the chaplain's favorite hymn be sung. All agreed heartily. A colored man then arose and suggested that the warden's favorite hymn be sung. A chorus of groans and disapproval greeted the suggestion. After the noise subsided the colored man repeated his suggestion and named the number of the "warden's favorite hymn" and the hymn proved to be "Till Faithfully On."

Prisoners Howl Their Disapproval.

As to general discipline the statement

is made by officers that it is good. Others say it is bad. On Wednesday night the convicts took occasion to show their disapproval of the resignation of Assistant Deputy Kline, and yelled "We want Kline!" and similar cries for a long time. Neighbors say that this is sure indication of poor discipline and poor management of the men. The warden does not deny that the men knock against the cell doors and "holer," but he does not look upon that as an unusual condition in any prison. Sheriffs say that the same thing occurs in regard to the resignation of Mr. Kline. Warden Simpson viewed the matter as having no connection with the rumor of an investigation. He said that he did not care to discuss the resignation of that gentleman any more than to say that he had asked for his time

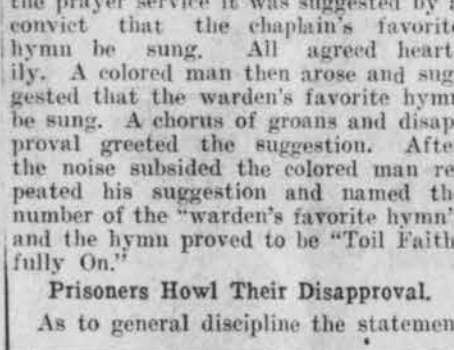

and received it. This has been Mr. Simpson's attitude in each resignation or dismissal of a subordinate. He says that he does not believe in speaking ill or recommending a man, in the public press, and that he never has nor never will discuss the resignation of a man for publication.

Further criticism of the warden has been made in the direction of economy. Economy is a strong point with Mr. Simpson, and in nearly all of his inter-

views with the press he has made statements of savings and good management in various directions. His critics say that he has done this to "make blue sky for consumption by the public." They claim that his boasts of economy have been simply boasts. They deny that he has saved the state money in many directions, and allege, on the other hand, that he has conducted several reforms at a loss to the state.

On Wednesday night the convicts took occasion to show their disapproval of the resignation of Assistant Deputy Kline, and yelled "We want Kline!" and similar cries for a long time. Neighbors say that this is sure indication of poor discipline and poor management of the men. The warden does not deny that the men knock against the cell doors and "holer," but he does not look upon that as an unusual condition in any prison. Sheriffs say that the same thing occurs in regard to the resignation of Mr. Kline. Warden Simpson viewed the matter as having no connection with the rumor of an investigation. He said that he did not care to discuss the resignation of that gentleman any more than to say that he had asked for his time

and received it. This has been Mr. Simpson's attitude in each resignation or dismissal of a subordinate. He says that he does not believe in speaking ill or recommending a man, in the public press, and that he never has nor never will discuss the resignation of a man for publication.

Further criticism of the warden has been made in the direction of economy. Economy is a strong point with Mr. Simpson, and in nearly all of his inter-

STOVES

400 Stoves, new and second-hand, of all makes, at lowest prices. Heaters, Cooking ranges.
