

Massachusetts Keeps Democratic Governor

While the Opposing Ticket Otherwise Is Generally Successful, Foss Is Re-elected by 8,000 Plurality.

NEW YORK AND NEW JERSEY FURNISH THE PRINCIPAL SURPRISES

Republicans Gain Control of the Assembly at Albany and Probably Both Branches of the Legislature at Trenton, Much to the Embarrassment of the Present State Executives--Kentucky Is Lost by the G. O. P.--Maryland and New Mexico Are in Doubt--Results in Ohio in Favor of the Democrats.

Washington, Wednesday, Nov. 8.—Elections held yesterday in many of the cities throughout the country resulted in the election of Democratic candidates in Massachusetts, Kentucky, Mississippi, a Republican governor Rhode Island, a Republican assembly New York, which will challenge the influence of Governor Dix's policies, a New Jersey legislature with a narrow plurality not in accord with Governor Woodrow Wilson of that state, the results of the state elections in Maryland and New Mexico still in doubt. Massachusetts, Governor Foss, Democrat, was elected by a reduced plurality of about eight thousand over the Republican, Philip L. S. Frothingham, Republican. The returns indicated Governor Foss' victory. The Republican candidate for lieutenant governor was elected by seven thousand majority and the other Republican state candidates probably are elected.

Rhode Island, Governor Potter, Republican, is re-elected over Louis W. Auers, Democrat, by a greatly increased plurality. The state senate is elected by the assembly largely Republican. New York state furnished one of the surprises of the election, reversing present Democratic majorities in forty-four of the state assembly and electing a Republican majority of fifty. The change removes the support which both branches of legislature heretofore have given Governor Dix's policies. In New York city, Tammany's control was shaken but not completely broken. The Tammany candidates in Manhattan and the Bronx being elected, those in Brooklyn and Queens were defeated by the fusion candidates.

New Jersey similarly furnished a surprise by the probable reversal of the control of the legislature, the returns at Trenton indicating Republican majorities in the senate and assembly. Maryland returns inconclusive. The returns up to midnight from Maryland were inconclusive. Claims made of the election of Democratic majorities in the senate and assembly. A Democratic legislature also elected, which insures the choice of Governor Ollie James as United States senator.

Ohio municipal elections resulted in the election of Democratic mayors in Cincinnati, Cleveland and Columbus. Independent Taft cast his vote in Cincinnati. Canton contest in doubt. Kentucky, James B. McCreary, Democrat, was elected governor by a plurality of eight votes; but the official returns indicate his nearest competitor, Harry Schilling, socialist, incomplete returns indicate the election of socialist mayors at Barbours and Cuyahoga Falls.

Four Congressmen Chosen. The congressmen were elected to fill vacancies, namely, Joseph A. Taggart, Democrat, in the Second Kansas district; D. Almy, Republican, in the Fourth Pennsylvania district; William J. King, Republican, in the First New York district, and probably Daniel V. Heins, Democrat, in the third Nebraska district. Large socialist strength developed in municipal contests of Ohio, where cities elected socialist mayors; also Schenectady, N. Y., where a socialist or a socialist member of the assembly were elected, and in Mississippi, where the socialist candidate lieutenant governor polled a considerable vote. Mississippi elected a Democratic governor and state officers by a decisive majority.

FORM FORCES WIN AT PHILADELPHIA, PA.

Blankenburg's Election as Mayor Is Conceded by the Progressive Machine.

OLLIE JAMES TO REPRESENT THE BLUE GRASS STATE IN THE SENATE AT WASHINGTON.

Louisville, Ky., Nov. 7.—One of the results of the conceded Democratic victory in Kentucky is that a Democratic state legislature will be sure to elect Ollie James, now congressman and Democratic nominee for United States senator, to succeed Senator Thomas H. Paynter.

KANSAS DISTRICT SENDS A DEMOCRAT TO CONGRESS.

Kansas City, Nov. 7.—Joseph A. Taggart, a Democrat, was today elected to congress from the Second Kansas district by a majority estimated at twelve hundred votes over his Republican competitor, Ulysses Gayer. He will fill the unexpired term of the late Republican congressman, A. C. Mitchell.

CALIFORNIA'S CAPITAL RETAINS PRESENT MAYOR.

Sacramento, Cal., Nov. 7.—The indications are that Beard, Democrat, is re-elected mayor by a large plurality over Stuart, socialist, who seems to be running ahead of Sutcliffe, Republican.

HOLD OF TAMMANY IS LOOSENED SOMEWHAT

Republicans in Greater New York Pluck a Number of Political Plums.

New York, Nov. 7.—Tammany's hold on New York city was shaken today in a battle of the ballots in which local offices were mainly at stake. The Democrats successfully defended their ancient strongholds of Manhattan and the Bronx, but by greatly reduced pluralities. Queens county also stood by the Democrats, but the Republican fusion candidates made nearly a clean sweep of Brooklyn and probably divided the honors in the borough of Richmond.

BIG CITIES IN OHIO WON BY DEMOCRATS

Cleveland, Cincinnati and Columbus All Against the Grand Old Party.

Cincinnati, Nov. 7.—Despite the announcement that George B. Cox had retired from the local political arena and that President W. H. Taft had put his sign of approval on the local municipal ticket, Henry T. Hunt, Democratic nominee for mayor of Cincinnati, was elected today by a majority estimated at between five and six thousand votes. The early returns also indicate that Hunt, while leading his ticket, has exercised strength enough to carry his entire ticket to victory with him.

NEW YORK ASSEMBLY CHANGES COMPLEXION

Whereas It Has Been Democratic by 24, It Will Now Be Republican by 50.

New York, Nov. 7.—From a Democratic majority of twenty-four, the New York state assembly today turned overwhelmingly Republican. At midnight, all indications point to the Republicans in the lower chamber having a majority of fifty. Thus the Democratic majorities in both houses which existed in the first half of Governor John A. Dix's administration will be lacking next year. The present senate holds over.

GOVERNOR FOSS WILL CONTINUE IN OFFICE

However It Is by a Greatly Reduced Margin—Legislature Is Republican.

Boston, Wednesday, Nov. 8.—Complete returns governor give Foss, Democrat, 210,622; Frothingham, Republican, 202,888; Foss' plurality, 7,734.

FORM FORCES WIN AT PHILADELPHIA, PA.

Blankenburg's Election as Mayor Is Conceded by the Progressive Machine.

The Weather

Washington, Nov. 7.—The following is the weather bureau's forecast for Upper Michigan: Fair, Wednesday; Thursday, probably snow; moderate variable winds.

VIRGINIA ELECTORS RATIFY RESULTS OF THE PRIMARY.

Richmond, Va., Nov. 7.—With no opposition to the regular Democratic ticket except in some districts where the Republicans nominated candidates, the general assembly, the election today was merely a ratification of the primary. The returns tonight indicate that the Democrats will have a majority of about 110 votes in the joint assembly, which consists of 140 members.

NEWS FROM THE POLLS ELATES CHAMP CLARK

Speaker's Idea Is That It Indicates a Democratic Triumph Next Year.

St. Louis, Nov. 7.—Speaker Champ Clark is elated with the result of the more important elections throughout the country, as indicated in the early returns. Talking tonight over the telephone from his residence in Bowling Green, Mo., he said: "This is good news. It surely is an endorsement of the work of the Democratic congress and shows we'll elect a president next year. It is very good news to me."

MR. TAFT AT CINCINNATI URGES FORTS AT CANAL

Speech Brims With Peace but Advocates Important Measures of Defense.

Cincinnati, Nov. 7.—Reiterating his oft-quoted theory of peace, but advocating the fortification of the Panama canal, President Taft delivered the principal address before the opening session of the national conference of the American Society for the Judicial Settlement of International Disputes here today. President Taft also spoke on the question of the international treaties between the United States and England and France and urged their ratification. It was a talk brimming with peace, but urging precautionary measures in case of war.

NEW YORK ASSEMBLY CHANGES COMPLEXION

Whereas It Has Been Democratic by 24, It Will Now Be Republican by 50.

New York, Nov. 7.—From a Democratic majority of twenty-four, the New York state assembly today turned overwhelmingly Republican. At midnight, all indications point to the Republicans in the lower chamber having a majority of fifty. Thus the Democratic majorities in both houses which existed in the first half of Governor John A. Dix's administration will be lacking next year. The present senate holds over.

GOVERNOR FOSS WILL CONTINUE IN OFFICE

However It Is by a Greatly Reduced Margin—Legislature Is Republican.

Boston, Wednesday, Nov. 8.—Complete returns governor give Foss, Democrat, 210,622; Frothingham, Republican, 202,888; Foss' plurality, 7,734.

FORM FORCES WIN AT PHILADELPHIA, PA.

Blankenburg's Election as Mayor Is Conceded by the Progressive Machine.

SOCIALISTS ARE GAINING IN STRENGTH

That Shown in the Elections in Many Portions of the Country—Buckeye State in Particular Is a Winning Ground for the Younger Political Party.

It Elects There the Mayors of Ten Cities—It Makes Almost a Clean Sweep at Schenectady, N. Y., and It Polls a Notably Increased Vote in Kansas.

Chicago, Wednesday, Nov. 8.—Socialist gains marked the elections held yesterday and gave that party power in districts where heretofore it had been unable to muster a carrying vote.

Schenectady, N. Y., the socialists elected a mayor, all the city officials except one and a majority of the county board. In addition, the assembly district in which Schenectady is located returned a socialist assemblyman.

Ohio was another winning ground for the socialists. The returns show ten socialist mayors elected. This puts the socialists close in order, numerically, with the two old parties. In Ohio, where socialists have been chosen as mayor, elected, progressives of more or less radical views were returned by the Republicans.

Besides Schenectady, Cleveland, Columbus and Dayton were the most notable cities for the younger party. In the Second Kansas congressional district, where a successor to the late Congressman Mitchell was elected, the socialists made extensive gains.

In several other states, among them New Mexico, where the socialists had a full ticket in the field, further gains were predicted.

Socialist Sweep at Schenectady. Schenectady, N. Y., Nov. 7.—For the first time in the history of this country, the socialists have polled a counting vote, electing a mayor, all but one city official and a majority of the county officers, which will make the common council and probably the county board of supervisors socialist.

The Rev. Dr. George R. Lunn, pastor of the United People's church and editor of a socialist weekly, was elected mayor by a plurality of 1,990 or practically two-thirds of the total vote. The early returns indicate that Herbert M. Merrill, socialist, will represent this county in the assembly, as he carried the city by a plurality of about one thousand.

Dr. Lunn began his career here as pastor of the First Reformed church, the oldest and one of the most aristocratic in the city. About three years ago he was compelled to resign because of his socialist preaching and then organized the United People's church.

Four Miners Chosen at Saginaw. Saginaw, Mich., Nov. 7.—In a light vote today, the Republicans elected eleven of the twenty-three commissioners to revise the city charter. The big surprise was the election of four socialists, all miners.

Jackson, Miss., Nov. 7.—Except for the unexpected candidate shown by James T. Lester, socialist, elected for lieutenant governor, the election today was a perfunctory affair, all Democrats being elected.

Bridgeport, Conn., Nov. 7.—The Bridgeport socialists elected one councilman today. BOTH PARTIES SUCCESSFUL IN COOK COUNTY FIGHT.

Chicago, Nov. 7.—Six Republicans and four Democrats were elected to the superior court of Cook county in today's election. John P. McGorty, Democrat, was elected to fill the one circuit court vacancy.

KENTUCKY AGAIN IN DEMOCRATIC RANKS

Republicans Are Swamped Under a Majority of 20,000 to 40,000 Votes.

Louisville, Ky., Nov. 7.—Kentucky, for years considered in the balance between the Republicans and the Democrats, today went back into the ranks of the latter by a big landslide.

The returns tonight indicate that James B. McCreary, Democratic candidate for governor, has been elected by twenty to forty thousand majority. His opponent was Judge Edward C. O'Rear.

The Herald and Post, both of which supported the Republican ticket, concede McCreary's election by 40,000. However, the figures taken from all sources hardly justify such an estimate. The returns have surprised even the most optimistic Democrats, most of whom said the election would be close.

OLD TALE OF CORRUPTION RETOLD BY THE YARBROUGHS AT THE LORIMER QUIZ

Chicago, Nov. 7.—Sidney and Otis Yarbrough, friends of former State Representative Charles A. White, the alleged confessed bribe taker, were the principal witnesses today before the Lorimer investigating committee. Both related practically the same stories that they had previously told regarding their alleged connection with incidents of Senator Lorimer's election. They said that White told them he had been promised \$2,000 to vote for Lorimer and later that he had exhibited a number of \$100 bills.

CANADA IS TO HAVE FREE HAND IN DEALING WITH UNITED STATES.

London, Nov. 7.—A determination to leave Canada an entirely free hand in dealing with the United States in matters concerning the Dominion was indicated today by Sir Edward Grey's answer in the house of commons to a question regarding the reported naval activities of the United States on Lake Michigan. "I propose to leave to the Canadian government the initiative and thereby show our desire to act in harmony, sympathy and co-operation with them," said the foreign minister.

MANHOOD SUFFRAGE IS PLAN OF THE BRITISH GOVERNMENT.

London, Nov. 7.—Premier Asquith announced in the house of commons this afternoon that the government intends to introduce a manhood suffrage bill at the next session of parliament. Manhood suffrage means one vote for every adult male, with the exception of aliens and the insane and other persons usually disqualified by law. Under the present system, men maintaining several residences have the right to vote in each place.

NOBEL CHEMISTRY PRIZE IS AWARDED MME. CURIE.

Stockholm, Nov. 7.—The Nobel prize for chemistry has been awarded to Mme. Marie Curie.

Mme. Curie is the chief professor of sciences in the University of Paris. She was the co-discoverer with her husband, Professor Pierre Curie, of radium. The prize is worth \$40,000.

EVENTS IN CHINA FORETOLD AT SEANCE

Messages from "Spirit World" to Wu Ting Fang Now Being Borne Out.

Washington, Nov. 7.—Friends of Dr. Wu Ting Fang, when they read today that the former minister from China to the United States had been chosen minister of foreign relations in the Chinese republic, recalled with considerable interest a spiritualistic seance in which he took part here two years ago, when the events of the past two weeks were foretold to a marked degree.

Dr. Wu's penchant for investigation while he was accredited to the United States won for him the name of being "the human interrogation point." During a seance at which the medium conveyed him messages from the "spirit world,"

The striking part of the communication, which is now mentioned as having been confirmed by the recent events in China, was that the spirits foresaw for Dr. Wu "a terrible war in the Chinese empire." They told Dr. Wu that during this war he "would occupy a place of great importance and influence."

Dr. Wu Supports the Revolution. Shanghai, Nov. 7.—Dr. Wu Ting Fang, who has been chosen director of foreign affairs in the reform government, established by the revolutionists in the province of Kiang Su, today gave a long statement to the Associated Press, in which he announced his adherence to the movement designed to establish a republican form of government in China.

Dr. Wu Ting Fang has twice occupied the office of Chinese minister to the United States, in which country he became widely known. He is the most important figure that has appeared in the revolution recently.

Dr. Wu said today: "Personally, I favor a limited monarchy, retaining the emperor as a figurehead, with a strong Chinese cabinet and a constitution. But the prevailing sentiment appears to favor a republic."

"I admit that there are tremendous difficulties before us. But we must win. We guarantee an adherence to foreign treaties whether they were made unfairly or fairly. We will pay our obligations to foreign nations and open up all the ports of China to foreign trade. This will be guaranteed an enormous advantage to all foreigners as well as to China."

"I believe that the institution of a republic is feasible," Dr. Wu said. "If I had been asked this question a month ago I would have answered that such an outcome would be impossible. Now, I am surprised, but I am convinced."

ONLY AVIATION WORSE THAN FOOTBALL, ASSERTS DR. ELLIOT; EVEN PUGILISM IS BETTER.

New York, Nov. 7.—Pugilism is better and aviation is the only sport worse than football, according to Dr. Charles W. Elliot's farcical remarks to reporters as the president emeritus of Harvard University sailed today for a trip around the world.

"I don't take much interest in football," he said. "Is there anything to your mind, worse than football?" "Yes—aviation. That's demoralizing to the spectators. They don't go to see the aeronaut in flight, but with the anticipation of seeing him fall and perhaps be killed."

PRAYER SERVICE HELD WHEN ENTOMBED MEN ARE SAVED.

Joplin, Mo., Nov. 7.—Six men employed at a zinc mine at Oranogo, ten miles northwest of here, were entombed for five hours today by a cave-in which choked the shaft and cut off all means of escape. Water rising in the mine was within a few feet of them when they were rescued. A prayer service was held when the men were removed.

MRS. PANKHURST, INJURED, LECTURES AS SCHEDULED.

Oshkosh, Wis., Nov. 7.—Although suffering from a sprained ankle, Mrs. Emmeline Pankhurst, the English suffragette, stood for over an hour during the course of a lecture she delivered here today. The accident occurred as she was alighting from a carriage.

REIGN OF THE MANCHUS IS ALMOST OVER

Legations at Peking See No Chance of Even a Nominal Monarchy—Provinces North of the Yang Tse River Are Now Declaring for a Republic.

It Is Indicated That the Capital City Will Be Surrounded by Chinese Soldiers Before Many Days and the Court Is Preparing for Flight.

Peking, Nov. 7.—The legations consider that the end of the Manchu dynasty is imminent. There seems to be no hope of saving even a nominal throne. The provinces north of the Yang Tse are now declaring for a republic. The only force of Manchu troops large enough to cope with the local situation is in Peking, but there are indications tonight that the capital will be surrounded before many days by Chinese soldiers.

Foreigners Not Altogether Safe. American soldiers with a supply of skyrocket were sent to each outlying mission compound tonight. The legation has advised the Americans to come into the quarter or seek other places of safety. A concerted attack upon foreigners is not feared, but there are many persons within the city who are opposed to foreigners.

Where the court will take refuge is a question. There are evidences that the court intends to proceed to Chang Kia Kuan. The troops guarding the route to that town, which lies 125 miles northeast of Peking, were expected to dynamite the tunnel after the passage of the train bearing the emperor and his household.

Reports have now been received that Chang Kia Kuan is unsafe.

Mysterious Movement at Night. Peking, Nov. 7.—One hundred carts left Peking tonight for Jehol, and two hundred mounted Manchus proceeded in the same direction early in the day. The Chinese believe this party is preparing the way for the flight of the court, but many Manchus are fleeing and troops are constantly moving in the vicinity of Peking. The city is quiet tonight.

Chaofo, in Shan Tung province, has gone over to the revolutionists.

Capital's Fall Near, Says Frisco. San Francisco, Nov. 7.—The prediction that Peking will fall within two weeks is made by revolutionary leaders here. An uprising had been planned, they declare, but on account of the difficulty of getting arms and ammunition to the disaffected imperialists within the walls the outbreak was delayed.

DANGEROUS UPRISING IN PORTUGUESE WEST AFRICA.

Lisbon, Nov. 7.—Serious news is received daily from Angola, the Portuguese possession in western Africa. A revolt among the natives is spreading rapidly and the blacks are burning and pillaging everything in their path. The number and nationality of the victims are not known. There is great terror among the settlers.

ITALIANS AT TRIPOLI BEGIN AN ADVANCE

Flanking Movement Is Executed, It Is Said, and a Fort Is Recaptured.

Paris, France, Nov. 7.—A Tripoli dispatch from an Italian source says that the Italian advance began today. A turning movement was executed and the Hammedich fort was occupied.

Derna Not Retaken by Turks. Constantinople, Nov. 7.—The war office today does not claim that Turkish troops have recaptured Derna, Tripoli. An official telegram from that quarter, however, reports that the Turks won a big victory, five hundred Italians being killed.

Turkish Gunboat Sunk. Constantinople, Turkey, Nov. 7.—An Italian cruiser bombarded the town of Akabah (Arabia) on Sunday, sinking the Turkish gunboat (Iadli), which was lying in the port. The second officer of the gunboat was killed, but the others on board escaped. Subsequently the cruiser shelled the hilly portion of the town. The extent of the damage was not stated.

Aeroplane Put to Good Use. Washington, Nov. 7.—With the aid of an aeroplane, the Italian troops at Tripoli have located the headquarters of the Turkish army and have ascertained that the forces are considerably diminished, according to an official dispatch received by the Italian ambassador today.

The Italian minister of war states that the Turkish artillery was repulsed Nov. 5 in attacks upon both the eastern lines of the Italian defenses of Tripoli and the Italian left wing.

The Italian dispatch states further that the spirit of the Italian troops is very high, while the Arabs show dissatisfaction with the Turks and have committed several acts of rebellion.

Bloody Clash at Tunis. Tunis, Nov. 7.—Groups of Italians and Arabs came into collision here today and a desperate fray ensued. A large number have been killed and wounded on both sides.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription Rates: Per year, by mail, \$6.00; Per month, by carrier, \$0.60.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MARQUETTE, MICH., NOV. 8.

WILL MEAN FAIR TAXATION.

The Mining Journal believes that the council took a commendable step when it approved the project for revaluing all the property in the city...

Probably there isn't a manufacturer who would seriously contradict the contention of the state commission on tax inquiry that manufacturing property has been escaping its fair share of taxation...

By persistently keeping at it, there is no doubt at all that the council and the health officer will finally get that garbage collection ordinance in working order...

Italy has formally annexed Tripoli on paper, but according to all accounts there is still much heavy fighting to be done.

An analysis of the manner in which the fire department turned out to the fire at the Anderson dairy barn yesterday morning illustrates the quality of the contentment of the Mining Journal...

These men have no arbitrary power. By the council's plan their work is to be reviewed by a general committee on which all interests in the city will be well represented.

When the work is finished and the new roll made, Marquette property will probably be equitably assessed for the first time since the city was organized...

VICE REPRESSION URGED.

Jane Addams, of Chicago, has begun in one of the magazines a series of papers, dealing with the social evil, that promise to be an important contribution to the literature on this subject.

killing off people by the hundreds. In support of this view, she points out that every commission that has studied the subject has reached the conclusion that the ultimate solution of the drastically bad conditions existing in all the large cities, and many of the small ones, will be the enforcement of the now disregarded laws affecting this problem...

Miss Addams does not overlook the corrupting influence flowing from organized extra-legal vice that eats into and makes rotten police and other public officials, nor does she fail to arouse a new heat of indignation against the institution she attacks by her strong, if unemotional, presentation of its heavy and damning drain on the youth of the country.

Probably there isn't a manufacturer who would seriously contradict the contention of the state commission on tax inquiry that manufacturing property has been escaping its fair share of taxation.

By persistently keeping at it, there is no doubt at all that the council and the health officer will finally get that garbage collection ordinance in working order, and a garbage collector on the job.

# City Brevities

Today's weather: Probably fair. Yesterday's temperatures: Seven a. m. 37 degrees; noon, 38; 7 p. m. 36. Highest, 41 degrees; lowest, 35.

Mrs. H. T. Perkins left yesterday afternoon for Detroit.

J. R. Van Eyra went to Houghton on business last evening.

Miss Elizabeth Tonella left yesterday afternoon to visit with friends in Cleveland.

W. F. Fitch, president of the South Shore railroad, has returned to the city after a three weeks' western trip.

Rush Culver, of L'Anse, is in the city. He expects to leave for Louisiana, where he has purchased a plantation, next week.

James Robertson, assistant freight agent of the South Shore road, whose headquarters are at Houghton, was in the city last evening.

C. S. Mellons, proprietor of the Dead River boarding house, returned last night from a business trip to his old home on the Yellow Dog river.

South Shore train No. 1, due here from the east at 3:15 p. m., was over two hours late yesterday, due to the Michigan Central train being late at Mackinaw City.

Miss Helen Yungbluth, who has been clerk in the county treasurer's office some time, has taken a position as stenographer in the purchasing department of the South Shore railroad.

Alex. Paenande, formerly of Norway, who has conducted a drug store here for several years, was moved to the Stambaugh hospital this week, after an illness of two weeks at his home. Mr. Paenande is reported to be in a very bad way. His friends hope that he will soon recover.—Iron River Reporter.

Guild Hall Notes.—The businessmen's class will meet at 7:30 this evening. All members interested in boxing are asked to meet in the gymnasium at 4:15 this afternoon. Last evening Chas. Carr's team won two games from E. O. Stafford's team, in the bowling contest. It is planned to make up two more bowling teams. Any members who care to join are asked to send their names to the director.

Dismantling the Leuty.—The work of dismantling the steamer Leuty is going ahead rapidly. It will probably be a week yet before the last of the machinery and equipment has been removed. One railroad car has already been loaded with equipment taken from the Leuty, and is ready for shipment. Some of the heavy machinery, such as the boiler and engines, will probably be shipped down the lakes next spring by boat. In the opinion of some vessel men, the hull of the Leuty will remain on the rocks for years, unless it should be broken up and broken to pieces by an extraordinary storm.

Albion Dairyman Pleased.—Arzy Rascon, a prominent dairyman of Albion, Mich., who is the guest of Alderman Michael Hennessy, is visiting the model dairies of the upper peninsula. He spent Sunday at the Marquette City dairy and on Monday, accompanied by F. H. Vandenberg, he made a trip to the Embarras dairy at Ives Lake. He will visit the Roycroft dairy at Sidway in the near future. Mr. Rascon expressed himself last evening as very much surprised and highly pleased with the condition of the Marquette county dairies he has inspected, and declares that down state dairymen can get many pointers up here.

Wanted by Sheriff.—A warrant is in the hands of Sheriff Smith, of Manistique, for the arrest of Rev. S. Donald Rogers, who has been "grifting" a pretty good living in the upper peninsula for the last six months. It is alleged that the renowned Quaker parson left Manistique a few weeks ago without paying his hotel, livery and other bills. Sheriff Smith notified the Iron Mountain officers a few days ago to arrest Rev. Rogers, but he had left that city supposedly for Crystal Falls. Rev. Rogers' game has been to collect subscriptions for different visionary projects and it is presumed that the money so collected was appropriated to his own uses. At Manistique and the Soo he purported to be about to establish an agricultural or nature school, while at Iron Mountain he was taking orders for a book soon to be published, and in this city for a time he talked of taking over the Hotel Superior as a home for ex-convicts.

Many Does Being Killed.—Fewer deer than usual at this season of the year are being brought into Marquette, and it is also noticeable that a large majority of the deer killed by hunters are fat. This is said to be the result of the earlier season, as the bucks keep hidden in the swamps until well along in November. Opponents of the new game laws contend that the killing of so many does will result in a more rapid extermination of deer than in the past. In this connection it is interesting to note that officials of the government biological survey claim that very few accidents occur in those states which prohibit the shooting of does as deer. This is said to be because hunters are not a deer has horns is often sufficient to prevent the shooting of a human being.

Uniform Classification.—For the first time in twenty years a general revision of rates governing the hauling of freight on steam railroads has been made. The new classifications, prepared for the western, official and southern territories, will be made public early in December. Work on this readjustment of the present classifications has been in progress for the last three years. Numerous changes have been made with a view to securing a uniformity of description of articles, also uniformity in rules and minimum weights, as far as possible. Nothing has been done toward a unification of rates. The new classifications have been arranged by the various classification committees, composed of rate experts of the different railroads represented in the three territories into which the United States has been divided. It is proposed to make the new rates effective about Feb. 1, but there probably will be many applications for suspensions of certain features which will set this date back. Various mercantile associations that are vitally interested are expected to attack different classifications.

INSURE WITH PETER WHITE & CO. Gray horses are the longest lived; cream colored ones the most easily affected by changes in temperature.

# MISS EARLING WEDS.

Eloped With Fiancee and Were Married at Racine Monday.

Marquette friends of Miss Adine Earling, daughter of E. J. Earling, of Milwaukee, were much surprised yesterday to hear of her romantic marriage to Adolph Hoppe, a business man of that city. The Earling family spent most of last summer in Marquette, and Mr. Hoppe visited his intended bride during her stay here. The couple went to Racine and were secretly married. A Milwaukee dispatch regarding the marriage follows:

"Eloping with a chaperon in an automobile was the unique method taken by Adolph Hoppe, an automobile man of this city, and his fiancee, Miss Adine Earling, niece of President A. J. Earling of the St. Paul railroad, to dodge a formal church wedding. Miss Earling is the daughter of Emil Earling, head of a local coal company, and her engagement to Mr. Hoppe had been known to the family for some time.

"Sunday night the two decided not to have a formal wedding but to be married at once. They took for a chaperon a relative of the groom and made an automobile trip to Racine, twenty-five miles from here, where the young man tried to get a marriage license through a special dispensation.

"Some of the Racine judges would issue a dispensation on Sunday, and the issue of taking a chaperon on the elopement saved the day, for this made it possible for the two to remain in Racine until Monday, when the dispensation was granted and the wedding solemnized.

"The wedding took place at 9 o'clock Monday morning, but was not announced to the relatives until late Monday afternoon, when the chaperoned honeymoon began. The chaperon was dropped here and the two departed Monday night for the real honeymoon."

# BOWLING RESULTS.

The W. B. & I. team defeated the Rust Eaters by 151 pins at the bowling alleys last evening. The winners were at once challenged by the Dock Wallpapers, who on Monday evening lost to the cement mixers by eighty-five pins. The challenge was accepted. The Vikings are seeking a match with a strong team and are particularly anxious to meet the aggregation which last year went under the name of Coca Cola. Following is the result of last night's game:

Loken	110	101	115	226

# Theatrical

"Busy Izzy" Nov. 14. The merry musical comedy, "Busy Izzy," with George Sidney and a large cast headed by the charming comedienne, Miss Carrie Webber, and containing such well-known names as Dick Hines, Nick Basil, Frank Gibbons, Walter Webber, Leona Burrad and Lottie Liswood, comes to the opera house next Tuesday night. "Busy Izzy" has taken a firm hold upon amusement seekers, by reason of its superiority of construction. With a well developed plot to guide the action of its merit, it is reputed to possess novelty of scenes and incidents, which appeal to the playgoer. Those who have the financial interests of "Busy Izzy" at heart have not overlooked the necessity of providing pretty girls, especially that class of girls who

# SOO LAWYERS WANT U. S. COURT THERE

Possible That Three or Four Terms a Year Will Be Held in Upper Peninsula.

A delegation of attorneys from Sault Ste. Marie, who are in attendance at the term of United States court, called upon Judge Sessions late yesterday afternoon and asked that one or two terms of United States court each year be held in the Lock City. Earlier in the day, Judge Sessions had stated that he thought three and possibly four terms of United States court should be held in the division, and the Soo men want the proposed extra terms to be held in their city.

Residents of the Soo have contended for some time that United States court should be held there occasionally, inasmuch as a large part of the business of the court comes from the eastern end of the peninsula. In fact, it is claimed that the majority of the criminal business for several years past originated in Chippewa county. In view of this district's proximity to the Canadian border, and the United States army post being there, the Soo attorneys contend that many cases to be settled in United States court always will arise there, and that the government would be saved much expense and the Soo people much inconvenience if all such cases were tried at Sault Ste. Marie, instead of at Marquette.

In stating yesterday to the members of the upper peninsula bar his belief that more terms of court should be held in this district, Judge Sessions said that from September until May was too long between terms and that an injustice was being done upper peninsula people. He further declared that he would be glad to endorse a request of upper peninsula attorneys for one or two more terms, provided the latter showed sufficient interest in the matter to take the initiative. He made no suggestion of the extra terms being held at Sault Ste. Marie, and it is not known how he stands on that proposition. The Soo attorneys put forth the completion of the new federal building, which has a court room, as an additional reason why their claims should be recognized.

# SOO CANAL PASSAGES.

Names of the Boats Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Nov. 6.—[Special].—The following upbound boats have passed the canal the past twenty-four hours: Moll, House, 6 last night; Morgan, Jr., 11; Morrell, 1:30 this morning; Stadacona, 4:30; Weeks, Presque Isle, 6:30; Corey, Renovale, 10:30; Republic, noon; Jones, 12:30 this afternoon; Hebard, North Star, 1:30; Normania, 2:30; Adiabasa, 3; Davock, 3:30; A. E. Ames, 4.

To the property owners, taxpayers and other persons interested in the following proposed improvement, to-wit: For the construction of a sewer in Mesnard and Division streets.

Notice is hereby given that the specifications for the construction of an eight-inch sewer in Mesnard street, from the center of Division street to a point 42.5 feet east of the west line of Mesnard street, and in Division street, from the center of Mesnard street to a point 55 feet north thereof to lamppole, with four-inch "K's" for lateral sewers, together with estimate of the expense of constructing said sewer and profile of the work to be done and district to be improved and assessed to pay the cost thereof, are now in the office of the city controller for public examination.

The district to be assessed to pay for said sewer comprises all the lots and parcels of real estate abutting on said portion of Mesnard street on both sides thereof.

The common council of the city of Marquette will meet on Monday, the 20th day of November, 1911, at 8 o'clock p. m., in the council chamber in the city hall, and consider any objections to said proposed improvement, and the district assessment map prepared therefor, and for the confirmation of said roll.

Dated, Marquette, Mich., November 7th, 1911. DANIEL S. DONOVAN, Recorder of the City of Marquette.

# HUNTERS SPECIAL.

On the M. M. & S. E. Ry to the Big Bay hunting country Leave Marquette at 6:30 a. m., on the following Sundays: Nov. 5th, 12th and 19th. Returning will leave Big Bay at 5:00 p. m. Fare for the round trip to Big Bay, \$1. to Birch, seventy-five cents. In addition to the above a train will also be run on the three Saturdays preceding the above dates leaving Marquette at 2:00 p. m. and returning from Big Bay at 6:15 p. m. 11-8-10

It requires 100 years to grow a 20-foot cedar pole for telegraph purposes, but there are other poles which answer all purposes which are grown more quickly.

WHY SATURDAY NIGHT HAS WON

By Rt. Rev. Charles D. Williams, (Bishop of the Protestant Episcopal Diocese of Michigan.)

The Saturday Night is a unique venture in our local world of journalism. It is a weekly, representing no party in church or state and standing for no particular movement or propaganda; consequently it has no locking save only its own quality.

By Norman Hapgood, (Editor of Collier's Weekly.)

We think very highly of the Detroit Saturday Night in this office. The local weekly is an important institution in the United States. Its influence is not always unassociated. Where a weekly is free, courageous and able it can be of the greatest benefit to the community.

By Lucius E. Wilson, (Secretary of the Detroit Board of Commerce.)

I like Detroit Saturday Night because it is a constructive newspaper. Being positive—standing for something worth while and urging others to take the same stand, is the finest thing a paper ever does.

By John W. Bailey, (Battle Creek.)

The weekly visit of your bright, clean paper to our home is always anticipated by all of us with keen pleasure. Your editorials are strong and fair, and the style unique.

By W. E. Brown, (Treasurer of the Michigan State Bar Association, Lapeer.)

I would like mighty well to have every voter in Michigan, and a few who are not voters, read your paper. It would be worth their time.

By John J. Carton, (President of the Constitutional Convention of 1907, Flint.)

I like the clean-cut, concise manner in which you treat current questions. The other parts of the paper are good.

By J. J. Crowley, (President of Crowley Bros., Inc., Detroit.)

I do not believe that the first page of your paper can be improved upon. The strong and vigorous manner in which you handle the questions of the hour are to me very refreshing—they have the ring of sincerity and truth.

By J. L. Hudson, (President of the J. L. Hudson Co., Detroit.)

Let me say to you how well I think of Saturday Night and what good it has accomplished. Of course I have not agreed with you on everything, but you have been straightforward and consistent in your course and have stood for the best things for the community.

By Aaron V. McAlvay, (Associate Justice of the Supreme Court of Michigan.)

I have read your paper since its first issue. It has improved with every week. I have no criticism to offer. I am pleased with every department.

By J. C. Hutchins, (President of the Detroit United Railways.)

Among the cardinal sins, the sin of bearing false witness is one of the worst. And such a sin is particularly heinous when committed by an editor to extend the circulation of his paper or to further some notion of his own.

By Otis Fuller, (Warden of the Michigan Reformatory, Ionia.)

Detroit Saturday Night is the handsomest, best and most evenly balanced weekly newspaper ever published in Michigan. Its editorial page is eagerly read and widely discussed by public men, and its illustrated page, business page and special articles are valuable features.

By Mrs. R. H. Fyfe, (929 Woodward Ave., Detroit.)

I like the Detroit Saturday Night because its reading matter is clean and wholesome and free from sensationalism, and its criticisms are fair and just.

BEGINNING NOVEMBER 11TH

Pingree THE FIRST Insurgent

Under this title Detroit Saturday Night will publish, beginning November 11th, a series of thrilling and authentic stories on the life and work of Michigan's Pioneer "Progressive"

THE LATE HAZEN S. PINGREE

It is more than ten years since Hazen S. Pingree died. In that time the issues which he raised and fought out as mayor of Detroit and as governor of Michigan have become, though sometimes appearing in different form, the leading issues of the nation and the propaganda of the radical leaders of both the great political parties.

JULIUS HAWTHORNE, in an unpublished "Life of Pingree," written in 1902, says:

We cannot too much honor, or too attentively regard the deeds of persons who devote their lives unselfishly to promoting the public welfare according to the faculty and power that are given them.

Washington was such a man; Lincoln was another; and that nation may deem itself rich which, in a hundred years, can boast of two figures of that stature and mettle. Men of that sort are rare, though false prophets and demagogues, who dazzle and prevail for a season, are often met with.

Time can only bring him closer to the affections of millions who did not personally know him, but who will learn to recognize him, now that he is gone, as an American who was all his life faithful to the soundest ideals of American citizenship.

LA FOLLETTE, now the insurgent candidate for the presidency, took his lead from Pingree.

This is set forth in terms in "Governor Bob," a LaFollette story recently published in The Saturday Evening Post, in plain terms: "La Follette (in 1894) set Athlete Cochems—now practicing law—to the task of looking up the facts—always, the facts—with reference to the railroads. Cochems ran across some of the writings of Potato-Patch Pingree, of Detroit, and took them to Bob. They were full of the iniquities of railroad tax-dodging in Michigan. 'Here is a bigger thing than anti-pass,' said Cochems. 'The roads in Wisconsin are only paying what they feel like donating.'"

Other contributions of wide and varied interest will be made to the pages of Detroit Saturday Night during the next six months by many well-known writers. Some of them are mentioned below

MONTAGUE GLASS

Author of the famous Potash & Perimeter stories, which have become so popular throughout the country for their pungent humor. We have secured a number of his best stories for publication in the near future.

O. HENRY

Pronounced by many competent critics to be the best short story writer the American nation has produced in a century. His stories, which have appeared in Saturday Night during recent months, have proven to be some of the most popular ever offered to Michigan readers. There are many more to come.

A. CONAN DOYLE

Creator of the world-known Sherlock Holmes. Several of his newest and best yarns will appear exclusively in Detroit Saturday Night.

"M. QUAD" (C. B. LEWIS)

This old favorite with Detroit and Michigan readers has just written his reminiscences of service in the Civil war, and these thrilling stories of the battles of 50 years ago will appear exclusively in Saturday Night, beginning in December.

WILLIAM A. PINKERTON

The head of America's historic detective organization, begins in this week's issue of Saturday Night the relation of some of his extraordinary experiences. They will appear in no other Michigan publication.

WILLIAM CARL CHAPMAN

After six years of student life at the Michigan Agricultural College, Mr. Chapman, now in business in Detroit, has consented to contribute some reminiscences of prankish days on the campus that will appeal to all generations of men and boys.

E. ST. ELMO LEWIS

This authority on business methods and the literature of business has long enjoyed a national reputation. He has been previously introduced to Saturday Night readers as the author of "After the Day's Work," and is now preparing another series of articles which are sure to command the attention of the business world.

ROY MARSHALL

It was this writer who composed many of the stories that appeared in "Democracy" some months ago. He also compiled many of the semi-humorous narratives lately printed in Saturday Night pertaining to the adventures of the professional charity grafter. He is now at work on another series of the same delightful flavor.

N. H. BOWEN

For several years Mr. Bowen has been generally voted the most competent and accurate writer on football and amateur sports of all kinds in Michigan. He is frequently quoted in the eastern press as a reliable authority on western games. His work appears regularly in Saturday Night.

JACOB NATHAN

As business editor of Saturday Night, Mr. Nathan is recognized by manufacturers and merchants as a proper spokesman on matters relating to trade and commerce. His articles on the proposed corporate excess tax in Michigan are now being compiled in pamphlet form for general circulation.

H. M. NIMMO

Careful investigation shows that the vast majority of Saturday Night's constituents read the front page, which contains Mr. Nimmo's editorial comment on men and affairs. Politics has long been his specialty, but his ability as a writer on things in general is unquestioned.

N. J. COREY

No contributor to the literature of music enjoys a wider or more enviable reputation in this country than Mr. Corey, who edits the music column of Saturday Night. His articles are sufficiently broad and authoritative to interest many readers who regard music as an entertainment as well as those who regard it as an education or a profession. Our dramatic criticism is in equally competent hands.

GERTRUDE R. O'BRIEN

For nearly five years, ever since its inception, Saturday Night has enjoyed the services of Mrs. O'Brien as a writer on society events. That she knows her subject and can write it is a fact now long established.

SPARK PLUG

Under this nom de plume the automobile editor of Saturday Night conducts a page devoted to those numerous folk who, as makers, dealers or users, are interested in Detroit's greatest industry. This was the first page of the kind established in Detroit by a full twelve-month, and is still the premier.

ILLUSTRATIONS

This is Saturday Night's specialty. The news of the week is not only summarized in a page of text for the benefit of the busy reader, but it is presented in picture form from photographs gathered from all corners of the earth, and printed on the best available paper. Saturday Night is "Michigan's Illustrated Weekly."

**MONTE CARLO'S PENSION LIST.**

Monte Carlo, the famous gambling den of France, has probably the most remarkable pension list in the world. Men and women who absolutely ruin themselves at the Casino are allowed small sums for the rest of their lives. The pensions vary from five francs to forty francs a day, according to the amounts lost at the tables, states the National magazine. A Scotchman who lost about \$1,000,000 at roulette is said to receive \$7 a day. This gentleman resides today in a tiny villa at Nice. Every year the Casino company pays out some \$15,000 in pensions.

Madam Shanks will be at Levine Brothers' Store, Negaunee, tomorrow to demonstrate the excellence of Gossard corsets—New models will be introduced. 11-7-21

### ROYAL THEATRE HAS CHANGED OWNERSHIP

Moving Picture House, in Voelker Brownstone Block, Bought by a Negaunee Man.

Charles Skiff, part owner of the Bijou theatre in Negaunee, yesterday purchased the Royal theatre, in the Voelker block, from the Royal Theatre company, of which C. S. Sullivan is manager. The deal had been in progress for two weeks or so.

Mr. Skiff took possession at once and the house will be closed until Monday evening, while repairs are being made. Mr. Skiff is one of the best moving picture machine operators in this region and he has been successful as a house manager. He made the Bijou in Negaunee a paying venture, and he is giving the people there a good picture service.

There has been rivalry for some weeks past between Messrs. Sullivan and Rice in their efforts to dispose of their interests here. Mr. Skiff had an option on the Lyric as well as on the Royal. These managers also had opposition theatres in Laurium. Sullivan succeeded in disposing of his house a few weeks ago.

Mr. Sullivan yesterday said that Ishpeming is not a good moving picture town without Sunday business. If the theatres here were allowed to operate on Sunday, both of them, he said, would earn the owners good interest on the investments, but without the Sunday business it has been hard work to break even.

Mr. Sullivan still has houses in Calumet, Hancock and Escanaba and he says he is doing a good business in all of them. The houses are open seven days a week and the Sunday receipts are usually twice as large as those of any other day.

Our store will be closed on Friday, Nov. 10, to prepare for our big surplus stock sale, starting Saturday morning at 9 o'clock. N. E. SKUD Estate 11-8-31

**SKI PICTURES IN FEBRUARY.**  
Lyman H. Howe Reserving Ishpeming Views For More Timely Season.

So many patrons of the Lyman H. Howe's travel festival, the attraction at Ishpeming theatre tomorrow and Friday nights, asked whether the program included views of the ski and dog races secured here last February, that the manager of the theatre Monday wired Mr. Howe, asking for information on this point, and the following reply was received:

"We have so many remarkable features in our present program, including winter sports in Switzerland, which are a striking comparison with life in Upper Michigan, that we have decided not to put on the Ishpeming views until February, when they will be more timely."

Mr. Howe's company is booked for winter dates on Feb. 25 and 29, one week following the Ishpeming ski club's annual ski and dog races.

The seats for both Thursday and Friday night are in good demand, and the house will be well filled both evenings.

Manufacturers' sale of fine furs today at BRAASTAD'S. 11-7-21

Madam Shanks will be at Levine Brothers' Store, Negaunee, tomorrow to demonstrate the excellence of Gossard corsets—New models will be introduced. 11-8-21

**NEW ORE DISCOVERY.**  
High Grade Deposit Has Been Found At Tower, Minn.

It is reported from Tower, Minn., that a strike of high grade ore has been made on the property of the Minnesota Steel & Iron company, about half a mile east of the North American mine.

Ore was encountered at a depth of 125 feet and the drill is in the ore body for a distance of fifty feet. Drill core run as high as 66 per cent. The Minnesota Steel & Iron company is putting down its eleventh diamond drill hole on this property. Osterburg & Johnson of Virginia are doing the work. Eight of the eleven holes have been removed and the ore body, which has been proved to be large. It is likely that work will be started shortly on a shaft.

Surface indications at this property are the best on the Vermillion range. Outcrops and iron boulders dot the ground in all directions and test pits and trenches have shown up ore on all sides. On the surface are large bodies of ore that will run 40 per cent iron. These low grade ores are likely to be utilized in a Jones' step furnace.

**TO HUNT NEAR ESCANABA.**  
C. A. Grinnell, head of Grinnell Bros. company, piano manufacturers, of Detroit, who has hunted deer in the territory north of Ishpeming for some years past, in company with Ishpeming men, will this year hunt out from Escanaba. He is expected to arrive in Escanaba today, accompanied by G. T. Lewis, president of the Lewis institute, of Detroit. L. C. Schroeder, manager of Grinnell's Ishpeming store, expects to spend two or three days at the camp with the party. They will be accompanied on the expedition by F. E. Levine, manager of Grinnell's Escanaba branch, and F. Brotherton, and will make their headquarters at the latter's camp, on the line of the Escanaba & Lake Superior railway, where the hunters will be afforded some good shooting, as the district is considered to be one of the best for deer in the entire upper peninsula. This will be Mr. Lewis' first experience deer hunting above the Straits.

### INDOOR BASEBALL.

Y. M. C. A. Will Be Represented By a Strong Nine.

The first indoor baseball game of the season between teams composed of senior members of the Young Men's Christian association will be played tomorrow evening, when the Invincibles and the Miners' nines will meet. There will be no admission charge and the public is invited. The game will start at 8:30 o'clock.

The Invincibles will be composed of Joseph Martin, catcher; Howard Watters, pitcher; Elmer Swanson, first base; Bill Quilan, second base; J. Johnson, third base; Bill Clark, left short; "Pop" Geelan, right short; Roy Heppie, left field, and E. Stimmer, right field.

The Miners' team will be composed of Ed Mandley, catcher; Kerbott Harvey, pitcher; Biata Martin, first base; James Mandley, second base; S. Wilcox, third base; John Ryan, left short; H. Johnson, right short; Herman Swanson, left field; Frank Ryan, right field.

"Pop" Geelan and Bill Clark, two of the strongest men on the Ishpeming league team, have both played on indoor teams. Geelan was a member of a fast Minneapolis city league team before coming to Ishpeming and Clark played left short last winter on the Lowell, Mass., team, later playing several games with teams in Boston.

The Y. M. C. A. will soon organize a "Y" team and with such men as Erickson, Clark, Geelan, Quilan, Martin and Johnson in the lineup it should be a strong contender for the upper peninsula championship. Games will be arranged with teams representing nearby cities and towns.

The Cleveland Cliff's Iron company's paydays will this month be as follows: Hard Ore and Lake mines, next Tuesday, the 14th; Cliff's Shaft and Salisbury, the 15th; North Lake, 13th; Negaunee district, 16; Carp river, 17, and Swanzy range, 18.

W. H. Cole, of the diamond drill contracting firm of Cole & McDonald, was here yesterday from Duluth on business.

Special sale of fine furs today at BRAASTAD'S. 11-7-21

Our store will be closed on Friday, Nov. 10, to prepare for our big surplus stock sale, starting Saturday morning at 9 o'clock. N. E. SKUD Estate 11-8-31

**SWEDISH-AMERICAN ARTISTS.**  
Members of Company Coming Here Monday Are Highly Commended.

The Swedish-American Trio & Co., of New York, composed of five artists traveling under the management of Fred O. Renard, comes to the Ishpeming theatre next Monday evening highly recommended.

Miss May Corinne, the leading vocalist, was born in New York city of Swedish parents, and has devoted a number of years to the development of her art. She has appeared with marked success in musicals at the Waldorf-Astoria, Sherry's and Delmonico's, before the most exacting audiences, also in concerts in Carnegie hall, as soloist with the famous Swedish National choir. She was a leading figure among the musicians who appeared at the great Festival of the American Union of Swedish Singers in New York in May last year. She is the possessor of one of the highest voices in the world, and her singing compares favorably with many of the great artists of the present time.

Miss Judith Lindholm, the mezzo-soprano of the company, is a gifted young artist, with a voice of large volume and fine quality. Although she is the youngest member of the organization, she has, during the last year, sung with brilliant success in concerts in Brooklyn and other cities.

Miss Selma Linde is the possessor of a contralto voice of great power and of organ-like timbre. She has been a member of Dr. William C. Carl's noted choir in the First Presbyterian church of New York, and during the last few years of the Elbe choir of Dr. Parkhurst's church, Madison Square, New York. She has been heard in concerts many times and has many admirers.

Miss Viola Uddegren, interpreter of the company's lyrics, was born in Stockholm, Sweden. In her appearance in this country she has met with remarkable success; there is peculiar charm in her songs and work that seems to be irresistible. Of her work a critic on an Eastern paper said: "Her impersonations are unusual, every movement well proportioned, every phrase carefully thought out, the use of the voice skillful; she gives life and form to what she sings, and few have been given this great gift."

Miss M. Austin is the pianist and accompanist of the company.

**MANUFACTURED MILK.**  
Cows are not numerous enough in Japan, but the Japanese are fond of milk, and to meet this demand in the face of a natural shortage they long ago put their wits to work and evolved a product that the average person cannot distinguish from the regular dairy article. The artificial milk is derived from the soja bean. The beans are first soaked, then boiled in water. Presently the liquid turns white; sugar and phosphate of potash in proper quantities are added, and the boiling continued until a substance the thickness of molasses is obtained. This fluid corresponds very accurately with ordinary condensed milk, and when water is added cannot be told from fresh.

#### WILL GIVE TEAM FINANCIAL BACKING

Fifteen Menominee Fans to Pledge \$100 Each for Support of Next Season's Nine.

According to The Marinette, (Wis.) Eagle Star, the baseball enthusiasts of Menominee expect that their city will be represented in the Marquette-Delta county league next season. They will join either the league to which the teams of this county will belong or the Lake Shore league.

Marquette fans are urging a consolidation with Menominee, with one team to represent both cities. Fifteen of the leading business men of Menominee are said to have pledged \$100 each to a fund to give the team financial backing. The Eagle-Star's discussion of league matters will be of interest to the fans of this county. It says:

"Is Marinette to be represented in one of the baseball leagues next season? That is the question which is agitating some of the fans in this city. Menominee enthusiasts, it is said, are now paving the way to membership in either the upper peninsula or the Lake Shore league of Wisconsin. The report has it that fifteen of the leading business men there have pledged \$100 apiece to insure

the financial success of the team. The indications are now that Menominee will join the Lake Shore league, which plays only two games a week, on Saturday and Sunday. The U. P. plays three games and that is considered too many by Menominee. If Menominee joins a league and Marinette does not it means no big games next season in this city. And if local enthusiasts are going to do anything now is the time to take action of some kind. It is believed that a baseball team, managed along conservative lines and abiding by league rules, would be a financial success in Marinette. This city ought surely to be represented by a good ball team of some kind and two games a week seems to be about the right dose."

Bob Gilkerson, manager and second baseman of the Chicago Union Giants, who played star ball for the colored aggregation last season, is endeavoring to secure a place on the Escanaba team. The only objection to Gilkerson is that he is a colored man. He is conceded to be one of the fastest second-sackers that has ever been seen on an upper peninsula diamond. Gilkerson is to play all winter with a baseball team in Cuba.

Pure white honey, in comb or glass, ten to thirty cents, at SELLWOOD'S. 11-7-21.

#### SINGER ATTRACTION TONIGHT.

Of Mort H. Singer's musical comedy production, "The Heart Breakers," which will be the offering at the Ishpeming theatre this evening, the Register and Leader, of Des Moines, Ia., in its issue of Oct. 10, said:

"The latest Hough and Adams musical comedy, 'The Heart Breakers,' in which George Damerel is the bright and part-

cular star, furnished the clever matinee idol with a congenial part in which he sings more and dances less than in the famous role of the prince in the "Merry Widow." The preponderance of men at least in the first act of the piece is rather unusual, but is consistently brought about because of the introduction of the "Saxons" or heart breakers, who have sworn to avenge themselves upon fickle woman by wooing, but never wedding. It is their avowed purpose to kiss every girl who declines to be kissed and generally practice the heartless game of heart-breaking."

"Mr. Damerel is graceful and captivating as the Master Heartbreaker. He wins the approval of his audience from the first and with Miss Peebles, the charming sweetheart who breaks up the heart breakers, he executes a clever bit of dancing which has just a suggestion of the seductive "Merry Widow" waltz. Johnny Fogarty makes a tremendous bit in an eccentric comedy part, Louise Meyers, Margaret MacDonald, Arthur Utry and Harry Paul are others prominent in the very adequate cast. An elaborate setting and costumes add to the general effectiveness."

"Somewhere She's Flirting With Someone," "Some Golden Day," "The Songs to Love," "If I Had a Hundred Hearts," "It's Better to Forget and Smile," and "Two to Duluth."

New York pure buckwheat, 1911, five cents per pound at SELLWOOD'S. 11-7-21.

#### ISHPEMING IN BRIEF.

St. John's parochial school, which has been closed for two weeks on account of one of the sisters, being ill with diphtheria, will reopen this morning. The

patient has fully recovered and all the school rooms, as well as those in the Sisters' home, have been thoroughly fumigated, under direction of Health Officer R. A. Burke.

A regular monthly meeting of the council will be held this evening.

C. J. Stillman, of Houghton, attended to business in the city yesterday.

Robert A. Douglas, of Ironwood, was an Ishpeming visitor yesterday.

Edward Swanson and wife, 734 Maurice street, are the parents of a son.

Will Newett, who is hunting out from Michigan, shot a deer on the road into camp.

M. P. Marsh of Chicago, traveling passenger agent of the West Shore railroad, was in the city yesterday.

Mr. and Mrs. Otto Eger will entertain Friday evening, the occasion being the twenty-fifth anniversary of their marriage.

Ralph Trethewey and wife will spend a week or so with relatives at Chatham, Jr. Trethewey will enjoy a deer hunt while he is away.

Frank Hooper and Miss Mary Giles, daughter of John Giles, of Angeline street, were married Saturday evening by Rev. Lewis Keast, pastor of the Salisbury Methodist church.

Dr. and Mrs. M. Strathern of Coleraine, Minn., are the parents of a son. Mrs. Strathern was formerly Miss Anna Ellis, a well-known school teacher of this city.

George Thoney and Gordon Jaedecke each shot a deer this week, near Camp Florence, south of Ishpeming. Mr. Jaedecke brought in both carcasses yesterday. The hunting party at Camp Flo-

rence is composed of J. S. Olson, Fred Ongie, J. S. Menzie and George Thoney and their wives, and Mrs. Herman Jaedecke and her son Gordon.

The employees of the Oliver Iron Mining company will be paid as follows: Lake Superior mines, Monday, Nov. 20; Queen mines, Saturday, 18th; Champion and Stegmiller, Friday, 17th.

The Michigan State Telephone company has had a crew of men at work for some days preparing for the transfer of its cables from Main street to the alley between Main and Pine streets.

C. G. Boone and wife have returned home, after an absence of nearly a month. Mr. Boone spent most of the time while away in the West, and Mrs. Boone visited relatives in Illinois.

The N. E. Skud Estate store will be closed Friday, when preparations will be made for the inauguration of a surplus stock sale, which will begin Saturday morning at 9 o'clock.

A cripple, who begged about the city yesterday, was "aided" by a number of Ishpeming people. The officers finally gave him a limited time in which to leave the city and he took a street car for Neegaunee. He was there but a very short time when he returned. He put up such pitiable tale when he was leaving that one of the officers paid his street car fare, but before leaving the city for the copper country he flashed a big roll of bills.

#### SWIMMING INTO HISTORY.

Some weeks ago Mr. Burgess swam across the English channel. Immortality has already singled him out. He has given a sitting that a model of his head may be made for exhibition in Mme. Tus-

sand's waxworks. In America a man is on the road to fame when one of the firms of photographers that supply the press invite him to present himself to be photographed. But this is a very democratic institution—even more inclusive than "Who's Who."

### MEMONINEE WAS GREATLY PLEASED

#### Victory Over Negaunee Was More Decisive Than the Players Had Expected.

Several hundred football enthusiasts danced with glee on the sidelines Saturday and watched the local moleskin and sweater togged heroes of the gridiron trounce the much-touted tartans from Negaunee by the most unbelievable score of 81 to 0, says The Memoninee Herald-Leader.

As a result of this most decisive victory over the iron country champions, the Memoninee high school football team has become important contenders for the state title, which is held by the Negaunee team. The Negaunee boys were swift but they were too light to withstand the charges of the locals, and when they had the ball in their possession were not heavy enough to break through the lines for consequential gains. Kicking was depended on, but Negaunee had a punter who could boot the pikein down the field for any considerable distance, while the line was so weak that the Memoninee boys broke through time and again to block the kick, gaining, in almost every instance, the oval before the visitors could fall on it. Two touchdowns were conceded to be directly the result of a blocked kick.

The most perfect team work ever seen on the local gridiron was displayed by the locals Saturday. It would be an impossibility to choose a star from the entire lineup, for the simple reason that every man on the squad filled his respective position like a veteran. The best man on the Negaunee team was Sterling, the little, but fleet quarterback. He was everywhere and at the right time. Baudin, the right end, also was in request. He was quick and active, but was not given a real opportunity to display his strength.

The onslaught of the locals was so crushing that the visitors were scattered like chaff. The backfield, which is usually given all the work of carrying the ball, gave way to the men in the line, permitting several of them to cavort across the line for a touchdown.

Forward passes were worked with wonderful success. Gains of from fifteen to forty yards were made by open playing. Through were carried in catches were good. In two or three instances throws were made with too much muscle and the oval went beyond the twenty-yard limit necessitating the runner being called back. Kern took the pikein out of the air once from the middle of the field and carried it across for a touchdown, but the throw was at least thirty yards and the score didn't count.

In the third quarter, when the score was sufficient to assure the locals of a victory, eight recruits were put in, playing the fourth quarter in the line. These youngsters were wrongly named the tissue paper line and the savdust backfield, for they succeeded in making two touchdowns in the one quarter and Bob Edlitz sent the ball spinning between the posts once, making a count of eleven before the fourth quarter came on, when the regulars were put back again.

The visitors attempted open play work, but without success, for Memoninee high smothered them in the making, or succeeded in pulling the ball out before the fourth quarter came on, when the regulars were put back again.

Bobby Huebel attempted a field goal throw from the 20-yard line, but he booted wild and no count was made. He made up for this, however, in his generalship of the army of eleven, in his defense and in his runs.

indicated by the Italian troops upon non-combatants appeared, I was loud in telling my friends they were lies, that such things were impossible and that the officers of the Italian troops would not allow it."

FURS FURS. Mrs. A. B. Sider, representing T. A. Chapman Co. of Milwaukee, fur department, will be at the Breitung House today (Wednesday) with a full line of fine furs. Ladies invited to call. 11-7-21.

LEAVE FOR EUROPE. A party of five left last night for Finland. They are John Kivioja, John Lukkarinen, David Ruotsalainen, Isaac Rytikonen and John Karkainen. They will sail from Montreal for Liverpool Friday morning on the Allan line steamer, Victoria. They are returning to the old country because of the scarcity of work and the promise of a hard winter.

Mike Neman leaves this morning for New York, where he will sail on the American line steamer New York, for his former home in Beyrouth, Syria.

FURS. James Orenstein, of Orenstein Bros. furriers, Calumet, will be at Hans J. Peterson's tailor shop, until Wednesday evening, with a complete line of furs and fur garments. ORENSTEIN BROS. 11-7-21.

A BIG CONTRACT. Swanson Bros. are busy installing the plumbing and a heating plant in the new Scandinavian hospital at Iron Mountain. The contract calls for \$2,000, and is one of the largest ever handled by the firm. It will be about a month before it is finished. The men are at present engaged in "roughing in" work, getting the pipes between the walls.

Madam Shanks will be at Levine Brothers' Store, Negaunee, tomorrow to demonstrate the excellence of Gossard corsets—New models will be introduced. 17-8-21

LOCAL LACONICS. Mrs. Rollin E. Drake left Monday night for Chicago.

Born to Mr. and Mrs. Thomas Osier, on Sunday, a daughter.

Miss Margaret Riley is in Hibbing, Minn., visiting her father.

Harry Davison of Champion, was a business visitor in Negaunee yesterday.

W. P. Clark, of Escanaba, was a business visitor in Negaunee yesterday.

William Flory and William Whitburn have gone to Crystal Falls, on business.

E. C. Anthony leaves today for Detroit, to spend the holidays with relatives.

Adam Zein and son, Albert, have gone to Kalspell, Mont. to visit Albert Zein's daughter, Helen Zein.

M. P. Diller left last night for his home in Waukegan, after a short visit with Maurice Wolner.

J. J. Wentala and Al Willman have gone to the woods near Three Lakes to hunt deer.

Mrs. Martin Simonsen, of Republic, who has been visiting John Buska and family left Monday night for her home.

Miss Laura Vincent left yesterday morning for Kearsarge, where she will visit her aunt, Mrs. Samuel Rogers, and her uncle, James Vincent.

There will be a special car at 7:30 o'clock this evening for the accommodation of theatergoers who will attend the production of "The Heart Breakers" at the Ishpeeming theatre.

Harry Blew arrived in Negaunee Monday night from Maggie Camp, Canada, having been called here because of the illness of his father, Edward J. Blew of Cherry Street.

Thomas Payton, of Detroit, concluded a visit at the home of Mr. and Mrs. Patrick Flannery yesterday, and left tonight for Superior, where he will spend the winter with his son.

Fred Hackenjos, the plumber, is now engaged in installing the plumbing and the heating plant in Frank Anderson's house on Cyr street. He is also building a fence of one inch and a quarter iron piping on the stove wall on the south side of the Breitung House. Mr. Hackenjos' shop is located in the basement of the Palace roller rink building.

Madam Shanks will be at Levine Brothers' Store, Negaunee, tomorrow to demonstrate the excellence of Gossard corsets—New models will be introduced. 17-8-21

DRY GOODS and CLOTHING  
Shea Block - Negaunee

and several millions of money to get the mines into condition to supply over 50 per cent of the American trade. It is estimated by competent authorities that German potash mines can produce a surplus of potash for between 88 and 90 per ton. The German syndicate pays the freight to New York, which is about \$5 per ton. That makes a total cost of \$15 per ton at the outside. The syndicate gets 832 per ton for this potash laid down in New York, a profit of over 100 per cent. If an American mine could produce at \$10 per ton, it would have to meet a 50 per ton freight rate from Utah or Nevada to the Atlantic seaboard, making the cost \$20 per ton. A reasonable margin of profit would put the price up to \$25 per ton. This is a difference of but \$7 per ton, or about 22 per cent less than Americans are now paying. Of course this is a material amount, but it is nothing like the suggested \$12,000,000 which it is claimed American buyers could save annually, with American potash. If American users saved \$4,000,000 per year through American discoveries they would be doing well.

# CHINESE CASE IN U. S. COURT

### Term Opened Promptly at 10 O'Clock Yesterday Morning, and Jury Was Impaneled in First Criminal Trial by Noon—Grand Jury in Secret Session.

### Moi Kin Lai on Trial on Charge of Trying to Influence a Witness to Perjure Himself in Testimony Before the Circuit Court Commissioner at the Soo.

With Judge C. W. Sessions, who succeeded Judge Denison early in October, on the bench, United States court opened in the federal building yesterday morning and before noon the business of the term was well under way. The first business taken up was to impanel the grand jury, after which the calendar was gone over. At least two criminal cases will be for trial, one of which was taken up yesterday and will probably go to the jury some time today.

This case is that of the United States against Moi Kin Lai, who is charged with having corruptedly attempted to influence a witness. A jury in the case was impaneled before noon, and witnesses for the government were on the stand during the afternoon session. Moi Kin Lai is represented by Michrist & Michrist, Chicago attorneys, who moved to quash the case on the ground that the indictment was indefinite. Judge Sessions overruled the motion.

The offense alleged in this case took place in October a year ago, when Jerry Lessard and Alex Jolineau were about to be arraigned before United States Commissioner Coleell at Sault Ste. Marie on the charge of smuggling Chinese into this country. It is alleged that Moi Kin Lai attempted to smuggle a letter to Gong Mun, who was a witness in the Lessard-Jolineau case and who was confined in the Chippewa county jail. This letter was intercepted by the sheriff and by translation was found to tell Gong Mun what he was to say when examined at the Lessard-Jolineau hearing.

#### Letter Concealed in Fruit.

The circumstances were best told by Sheriff Baylis, who was on the witness stand yesterday afternoon. Sheriff Baylis testified that Moi Kin Lai visited the county jail Sunday afternoon, Oct. 2, bringing with him a package of fruit, which he asked to be delivered to Kate Lewis, who was confined in the jail across the hall from where Gong Mun was confined. In examining the fruit, the sheriff found an envelope containing an English and a Chinese letter. The English letter was addressed to the Lewis woman and requested her to deliver the Chinese letter to Gong Mun, stating that she would receive a "nice present" if she could do so without getting caught at it.

Letter that afternoon Sheriff Baylis testified that a Chinaman whom he thought was Moi Kin Lai visited the court house grounds and evidently was attempting to communicate with the Lewis woman through the window when he was driven away by the sheriff. In cross-examination, Mr. Michrist presented another Chinaman and asked if it was not he instead of Mun whom he saw on the jail grounds. The sheriff was not positive but said his best judgment was that Lai was the man whom he drove off the jail grounds.

The Chinese letter was interpreted in court yesterday by Edward Kan, of Chicago, and proved to be a statement of the story that Mun was to deliver to the Lewis woman on the witness stand in the Lessard-Jolineau case. He was to state that he had not been smuggled into the country, as alleged by the government, but was a resident of Chicago. The letter contained a comprehensive description of the witness stand in that city, so that he could answer any question put to him to test his knowledge of the

place he called home. After reading the letter, Mun was told to chew it and throw the pieces away. If he told the story written out for him, the writer said that he (Mun) would get out of his trouble all right. This letter was signed "Lai."

Most of the evidence for the prosecution was in when court closed last evening and the evidence for the defense will be submitted this forenoon.

#### Call of the Calendar.

As the calendar for the term is very short, the calendar was gone over quickly at the forenoon session. Herman K. Axon, who is charged with having bought United States army property, pleaded not guilty through his attorney, Francis Macdonald, of the Soo, and Kohn will be tried at the conclusion of the Moi Kin Lai case.

In the case of the United States against Edward Pender, who is charged with having failed to render a monthly report as wholesale liquor dealer, District Attorney Wetmore reported that it was probable that a settlement would be effected out of court. The case was passed.

In the matter of the petition of Arthur J. Luria to have the Michigan Lumber & Fiber company adjudged bankrupt, both sides are ready for trial in case it can be arranged this week. Otherwise, the case will go over the term. The defendant company denies bankruptcy.

An order of dismissal by stipulation was entered in the matter of Samuel H. Kniesly and others, alleged bankrupts; denial of bankruptcy.

The case brought by Honora Byrne against the Western Union Telegraph company will probably be continued.

The case of the United States against William Lewis and Wm. L. Sherwood, surviving partners of Highstone, Lewis & Co., has been settled and was dismissed without costs to either party.

The case of Joseph Pariseau against the Chicago, Milwaukee & St. Paul railroad was continued by consent, and the same order was made in the case of Alexander Maitland against William H. Traver.

#### One Indictment Returned.

The grand jury was in secret session all day and late in the afternoon an indictment was returned. The name of the person or persons indicted was not given out. District Attorney Wetmore stated last evening that the grand jury probably would conclude its work today. Following is the panel of grand jurors: Houghton—John H. Grigg. Menominee—Frank Oberkircher, Geo. W. Haggerson. L'Anse—Thomas Brennan, Roger C. Williams. Manistique—Henry Armstrong. Bruce's Crossing—James N. Howlette. Rapid River—Henry Pfeifer. Pickford—William Beacom. Whitefish Point—Ralph Endress. Bessemer—Andy Byrne, Ernest N. Telling. Rockland—John H. Richards. Onota—Orville LaBounty, foreman. Escanaba—James Blake. Laurium—John A. Minnear. Marquette—William O'Meara, Gladstone—H. C. Heuck. Laurium—Robert Hall. Wakefield—John T. Finnegan. Ironwood—James Devoy. Crystal Falls—Quentin Stephany.

#### CARD OF THANKS.

We wish to extend our sincere thanks to the lodge of B. of R. T. of this city, and our many personal friends, for their floral tributes and sympathy shown us during our late bereavement in the loss of our son and brother.

MR. and MRS. BISHOP and Family

#### NOTICE.

# FIREMAN HAD TO WALK TO FIRE

### Blaze at Anderson Barn Monday Night Shows Need of Changes at Hose House.

The fire that destroyed the Anderson dairy barn on the Lake street road, about midway between the gas house and the Carp river furnace about three o'clock yesterday morning, served very well to illustrate the need of changes in the organization of the city fire department. At the same time it served to show the excellence of the personnel of the department, for the saving of the Anderson dwelling, located but a few feet from the barn, was a difficult piece of work, and the heat that the firemen faced as they manned the bucket brigade was so intense that they could hardly stand out against it.

The Anderson barn is located perhaps a little over three-quarters of a mile from the hose house. When the alarm was turned in the drivers harnessed their horses and drove them at top speed to the scene of the fire. The turnout was so fast that the apparatus carts got away ahead of the firemen, and arrived at the barn before there was a firefighter on hand to tackle the flames. Chief Maney was the first man to arrive, after the apparatus, and he got there much sooner than he would have if he had not been fortunate enough to catch a ride on a switch engine.

The next arrivals were three firemen who were picked up a short distance south of the gas house by the hose cart, which was driven back towards town to get any men who might be on the road. They all had walked long distances before the cart picked them up, so it is likely that it was from fifteen to twenty minutes after the alarm was turned in before there were as many as four firemen on the scene ready for service.

Other members of the department scrambled along at irregular intervals, many of them having had to walk long distances. The delay in getting an effective fire fighting force on the ground did not matter much, as there are no hydrants nearby and the big barn was doomed, in many cases the time lost would have meant the difference between getting the "jump" on a fire and the total destruction of the property.

The run to the Anderson barn is no longer than the department has to make to reach many other parts of the city where valuable property is located, and the manner in which the alarm was responded to does not differ materially from the manner in which all night alarms are handled. The firemen are scattered all over the city, and it is rarely that any of them can scramble into their clothes and reach the streets in time to get a ride on the apparatus carts. They usually have to run and walk to the fire, and it follows that much time is lost before an effective force is assembled. In the homes of some of the firemen are special call bells that are rung as soon as the alarm is turned in, but even this precaution to secure a speedy turnout is not general. Many of the members of the department depend on the telephone central to call them out for service.

As has been suggested, this situation could be remedied by making arrangements to have a number of the firemen sleep at the house. If there were six men ready to turn out with the carts, they would be able to get out the lines of hose and begin an attack on the flames without loss of valuable time. The expense of providing this additional protection would be small, and it would immeasurably increase the efficiency of the department for night alarms.

Commissioners Bitters and Case, to whom the board referred the matter of seeing what could be done to improve the efficiency of the department, are giving the matter their personal attention, and they expect to make a report to the full board at some early meeting. The plan of providing a second hose house in the northern part of the city is being given some thought, and it is likely that the board will decide to go ahead with this step for the better protection of that part of the city.

#### GATE BROKEN AGAIN.

Larger Generator at Electric Light Plant Out of Commission Last Night.

The breaking of one of the gates in the water wheel at the city electric plant at 6 o'clock last night put the larger generator out of commission until an early hour this morning. All of the lights of the city had to be connected with the small generator, which was overloaded and the lights were very dim all evening. The street lights were not hurt at all.

This is the third time within a year that one of the gates in the water wheel has broken, and in every case the accident has occurred about 6 o'clock in the evening. On the two previous occasions the break has come on Saturday nights. As the commission keeps extra gates on hand at the plant, the wheel can be repaired in a few hours' time. When the auxiliary generating unit that has been ordered is installed, a break of this kind will only result in the shutting down of the plant for a few minutes, until the water can be switched over to the other unit.

#### FILES CURED IN 6 TO 11 DAYS.

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding piles in 6 to 11 days.

#### ONE QUARTER OFF ON COLORED SWEATERS.

Miss Flora Wilson, of Washington, D. C., who will appear Monday evening at the Methodist Episcopal church, is the possessor of a fine soprano voice of real clarity and quality and of extraordinary range. She first won recognition in this country by singing English and Scotch ballads. She has studied abroad four years, appearing in many of the principal cities, and has received much praise for her work through the press. Miss Wilson has charmed her listeners with operatic selections from Traviata and Romeo and Juliet, and the delicacy of her technique is well shown in these numbers. Miss Wilson is not on a concert tour at this time but is coming to Ishpeming to visit friends. Mrs. Spitzer succeeding in gaining Miss Wilson's consent to appear in a concert for the benefit of the Presbyterian church at Ishpeming, Tuesday evening, Nov. 14, and through the efforts of Mrs. H. J. Hornbogen she was also prevailed upon to appear here on Monday evening for the benefit of the Methodist Episcopal church. Tickets can be secured at Bigelow & Co.
