

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription Rates: Per year, by mail, \$4.00; Per month, by carrier, .60.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

IT SOUNDS FISHY.

In the face of Roosevelt's editorial in the Outlook, censuring the administration for the use it is making of the Sherman anti-trust law...

The public will hesitate about putting faith in such intimations, no matter how exalted the source from which they come.

Editorially, he has arraigned the Taft administration for going too far in forcing dissolution of trusts...

Beattie, the youthful wife-murderer who is looking death in the face, has abandoned his bravado...

SATED WITH SOCIALISM.

Milwaukee is under a socialistic government from the mayor down. Its people have had about all they want of it.

The mayor and his advisers have been doing all kinds of crazy stunts since they have had charge of the city's affairs.

If it had not actually happened, one would say that to have a city ranking as the Wisconsin metropolis does socially, commercially and industrially...

The lesson given the Milwaukeeans is worth what it has cost if it teaches them that the principal thing to be sought in local affairs is decency and honesty in the municipal government.

zens," by that being meant the proneness of good citizens to neglect taking an active and intelligent part in the selection of their officials.

SPARE THE TAXPAYER.

It is a prevalent belief among the people of Marquette that the office of street commissioner might well be abolished as a measure of economy...

In private business it is found that only by the practice of close economy in all its departments can bankruptcy be averted.

The attention of Mayor Jacobs is called to this inviting opportunity for the inauguration of a needed reform in the city's method of handling its business.

Beattie, the youthful wife-murderer who is looking death in the face, has abandoned his bravado and is now said to have turned to his Bible for support and consolation.

Beattie, the youthful wife-murderer who is looking death in the face, has abandoned his bravado and is now said to have turned to his Bible for support and consolation.

There is being expressed by the newspapers of the state a quite general approval of the suggestion of Chairman Knox of the Republican State Central committee relative to the separation of state and local taxation...

The Cleveland Leader finds evidence that Bryan is scheming to secure the presidential nomination himself in the fact that he is speaking favorably of so many Democratic leaders who are being considered in connection with that honor.

The Merritts of Duluth ought to be ashamed to admit that Rockefeller skinned 'em. It is equivalent to confessing that they were easy marks.

The Boston Herald puts in these words a thought that is in the minds of many Republicans: "Mr. Taft is a good man, but few competent observers now suppose that he can be elected."

Gompers and his adherents won a victory over the socialistic element in the Federation of Labor convention at Atlanta.

Gompers and his adherents won a victory over the socialistic element in the Federation of Labor convention at Atlanta.

He fell down badly in his attempt to make Bryan president, when he undertook to swing the labor vote to the mouthy Nebraskan in 1908; still he has managed to hold his job as president of the Federation of Labor.

Down South they are talking about instituting court proceedings against short sellers of cotton, on the ground that they artificially depress the price of that staple to the great loss of the producers.

The late Mr. Pulitzer's valet gets \$100,000, which shows that valetting is, once in a while, almost as profitable as parlor car portering.

Deaths in France exceeded births by over 21,000 during the first six months of the current year.

The Yale students who will lose their diplomas for wrecking the playhouse in which Gaby des Lys appeared last Saturday night, can form a society of Gaby des Lys victims.

A young man who committed a burglary at Lansing pleaded guilty and was allowed his freedom on probation by Judge Collingwood on condition that for a period of ten years he shall attend church every Sunday.

A Republican club in Ohio has come out with a call to Roosevelt to permit the people to make him president again.

When a man challenges the searching rays of the "flere light that beats on a throne" he should be sure that he has had the dark spots in his career carefully covered over with a heavy coat of nice white enamel.

A Minnesota paper plaintively observes, amid the reports of hunting fatalities which keep coming in: "The man who is mistaken for a rabbit and killed by a fool hunter has not lived for much."

Perhaps J. P. Morgan wouldn't have stubbed his toe and spilled the money if it had been his own cash he was carrying.

Somehow the La Follette boom appears to be dragging on the ground. Can't his bunch of insurgents furnish hot air enough to lift it?

It isn't what you pay but what you get for your money that determines the wisdom of the purchase.

State Press

Astronomers report that Mars has just had the first frost of the season, putting Mars immediately into Woodrow Wilson's class.—Detroit Free Press.

But we'd like to see any little cushion cause J. Pierpont Morgan to drop money on week days.—Detroit Free Press.

The potash controversy has been settled. If anybody on either continent knew what it was all about he succeeded in keeping the press from finding out.—Manistee News.

The late Mr. Pulitzer's valet gets \$100,000, which shows that valetting is, once in a while, almost as profitable as parlor car portering.—Houghton Gazette.

"New revolution started at Juarez at daybreak," says a dispatch from San Antonio. Later bulletin: "Kill it; it was the sunrise."—Detroit News.

Now they are talking about monetary reform. If they can make currency more elastic it will be mighty handy around holiday time.—Calumet News.

Queen Mary of England has started a crusade against the use of hatspins. King George will have to buy some patent pipe cleaners now.—Grand Rapids Press.

The Chinese have learned to manufacture beer. Now there will probably be a town in China called Mil Wau Kee.—Grand Rapids Press.

Perhaps New Jersey merely wanted the country to understand that it is not carried around in the vest pocket of one Woodrow Wilson. The country seemed to be taking too much for granted.—State Journal.

It is announced from Washington that the president's message to congress is to deal with the high cost of living. This is remarkable, considering the fact that Senator Burrow's special committee had already shown that the high cost of living was caused by the high prices.—Detroit News.

The Yale students who will lose their diplomas for wrecking the playhouse in which Gaby des Lys appeared last Saturday night, can form a society of Gaby des Lys victims, with King Manuel as honorary president.—Detroit News.

The Detroit justice is not the first man to lose through the slot machine. While he lost his job, other people have lost their coin.—Bay City Times.

Eastern society has taken up the Turkey trot and the Chicken reel. Probably the last dance number will be called the Homing pigeon waltz.—Detroit News.

A New York woman's conversational club has set out to learn 7,000 new words. Here's where a man's chance for a "word edgewise" goes glimmering.—Kalamazoo Telegraph-Press.

The late General Gordon of the confederate army was a young man when the Civil war began. He organized a company in Kentucky and came down with his men by easy stages through Virginia.

Years afterwards, when the country was at peace and General Gordon had settled in Virginia, he was running for congress.

He arrived at Petersburg to make a speech, and while in the middle of it a grizzled confederate veteran rose.

Here and There

Cartage, Mo., has the lowest death rate of any city in the world, according to government census statistics.

A farmer who lives near Portland, in Callaway county, Mo., recently drove 475 turkeys to market.

Black river, in Reynolds county, Mo., is known for its windings. Along the road leading from Sabula to Centerville, the county seat, the river must be forded twenty times in seven miles.

In Jasper county, Mo., near Sarcoxie, there is a peony farm. In one plot there are more than fifty acres of peonies.

Maryville, the county seat of Nodaway county, Mo., has the highest saloon license of any town in the United States.

A man in Lincoln county, Mo., was sent to the insane asylum because he persisted in baptizing his wife every time he became possessed of a surplus amount of religious zeal.

The City of Gallatin, in Davies county, Mo., has a city park a block square, which is the gift to the city of A. M. Dockery, former governor of Missouri.

The old oak tree under which U. S. Grant received his commission as general is still standing in Fronton, Mo.

ROMANCE HAD CLIMAX IN MINE AT HANGCOCK

Divine Sara's Troth Plighted to Her Leading Man in Underground Workings.
Washington, Nov. 23.—The romance of Mme. Sarah Bernhardt, the famous French actress, who, at seventy, is announced, is to wed her leading man, M. Lou Tellegen, a Finnish actor, aged twenty-six, began in Washington when young Tellegen, a native of Holland, joined the "Divine Sara's" theatrical company on its recent tour of America. It reached a crisis on a speeding railroad train near New Orleans when madame's favorite bulldog, Bow Wow, lost his head, dashing through the door, tripped the star of L'Aiglon, who fell into the arms of M. Tellegen. It continued in one mad whirl through Texas, Arizona, Washington, California, Michigan and many other states, surviving the dimensions and jealousies of probability the most remarkable theatrical tour America has ever known, and came to a climax in the depths of the Hancock Consolidated copper mine at Hancock, Mich.
The authority for the statement is M. W. Sherman, of 1760 P. street N. W., who was a member of the party on the tour. "When I read in the papers that Mme. Sarah Bernhardt, on whose private car I acted as chef during her last grand tour of America, was to marry Lou Tellegen, a member of her company, I was not surprised," said Mr. Sherman. "I started with the party at Washington, So did Tellegen, and by the time we had reached Chattanooga the romance had begun to attract the attention of the whole party. One day while the train was running between New Orleans and Texas, Mme. Sarah Bernhardt was coming through the passageway when Bow Wow, her big bulldog, rushed against her. M. Tellegen caught her in his arms as she fell. After that he became even more attentive and began to eat in madame's private car.
"M. Tellegen was a person to be considered at madame's dining table. She waited on him personally and saw that he was given the choicest of everything. He refused water at all times and only drank champagne. Madame was so overcome with love for him that she at very little herself at the love feasts and would only nibble at birds that he shot for her. No one else at the table was allowed to eat these birds.
"In Hancock, Mich., when Mme. Bernhardt went down into a copper mine, M. Tellegen was her devoted cavalier. Strangely enough Mme. Sarah fell again and again on the trip. Tellegen was always near to catch her.
"Of course none of us knew whether he proposed to her down there or not, but they seemed to have a thorough understanding after that happening."

"COPPERS" WEAKEN AND HANG BACK

Otherwise, and Particularly the Railers, Stocks Advance in Energetic Fashion.

New York, Nov. 23.—The upward movement of stocks was resumed in energetic fashion today, after a period of hesitation. During the fore part of the day the list was lifeless and dull. In the afternoon, for no obvious reason, the tide turned.
A broad and effective bull movement invigorated the market. Prices were marked up in every quarter, although the movement was chiefly among the railroad stocks. When the day ended, prominent railroad issues showed an advance of one to two points, with a sprinkling of larger advances elsewhere in the list, running up to six points.
The speculative movement in the copper shares weakened and they hung back, in spite of a further advance in the price of the metal. United States Steel participated moderately in the upward movement and was not affected by the announcement that some further reductions had been made in the prices of finished steel products.
Copper Metal Quotations.
On the Metal exchange today, standard copper was called firm, spot at 12.55 to 13, the November at 12.55 to 13, the December at 12.75 to 13.10, the January at 12.75 to 13.12, and the February at 12.80 to 13.35. The market at London was steady, the spot at £58, 10s and futures at £59, 5s. The customs house returns show exports of 22,221 tons so far this month. New York dealers today quoted lake copper at 13 to 13.25 cents, electrolytic at 13 to 13.25 and casting at 12.62 1/2 to 12.81 1/2.

Get Ready for Winter and at the Same Time Save Money

G. O. P. NATIONAL COMMITTEE WILL BE DINED BY MR. TAFT.

Washington, Nov. 22.—One dinner that President Taft plans to give in the White House this winter did not appear in the printed list of those functions sent out recently, but the preparations for it are being made as rapidly as possible.
Mr. Taft is going to be host to the Republican national committee, most of the well-known leaders of the party and to many of his cabinet all at once. The national committee is to meet in Washington about Dec. 11 to choose a chairman and the place for holding the national convention. The president's dinner probably will be given on the night of the 11th.

STARTS MUCH TROUBLE.
If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at The Stafford Drug Co.

COUGHING AT NIGHT.
Means loss of sleep which is bad for everyone. Foley's Honey and Tar Compound stops the cough at once, relieves the tickling and dryness in the throat and heals the inflamed membranes. Prevents a cold developing into bronchitis or pneumonia. Keep always in the house. Refuse substitutes. For sale by all dealers.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with salves greasy lotions and fancy hair dressings trying to rid your scalp of germ life? They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF and ITCHING SCALP.
This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.
A shampoo with ZEMO (ANTISEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and seborrhea. Do not hesitate, but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it.
Sold and endorsed by Stafford Drug Co., Marquette; City Drug Store, Negaunee and Henry Harwood, Ishpeming.

Upper Peninsula

Municipal Ice Risk—The people of Iron Mountain are to have a municipal ice rink. The rink will be built and maintained at the expense of the city and will be open everybody, without charge. The Oliver Iron Mining company has donated the use of the site.

Iron Mountain Taxes—Of the taxes to be levied at Iron Mountain this fiscal year, the Oliver Iron Mining company, owner of the Chapin mine, will pay 70.7 per cent. The Peavine and Bessant companies, the two banks, the Water company and the Henze-Tollen Brewing company will pay together 19.2 per cent, leaving only 10.1 per cent as the proportion assessed against all the other property in the city.

Ice Causes a Costly Wreck—The wrecking crew is still at work clearing away the debris at No. 5 siding, new line of the Chicago & Northwestern railway, where a locomotive and twenty-four ore cars jumped the track and piled up in confusion, says the Iron Mountain Tribune. Ice accumulating on the track is thought to have been the cause of the accident. The crew jumped the mine and one was injured. The loaded ore train was en route to Escanaba from Iron Mountain. So had was the mix-up that it is anticipated it will take all of this week to completely clear up the debris.

FOR BALDNESS

Three Fire Stations for Escanaba—After a determined fight on the floor, the Escanaba common council passed a resolution rescinding action taken at a former meeting to abandon No. 2 fire station at the foot of Dunsman avenue and declared in favor of the maintenance of three fire stations in the city. The vote was nine to five. The matter was brought before the council on a petition signed by over one hundred leading business men and purchasing committees, recommending that the petition be carried out; that three stations be maintained; that the hose wagon now at No. 1 house be transferred to North Escanaba; the new chemical and truck wagon placed at No. 1 station and the hose and ladder truck now at No. 2 station be allowed to remain there. The resolution was modified so that it referred back to the fire committee the recommendations as to the equipment that should be purchased and in that form was adopted.

Saloon Ordinance Voted Down—The inability of the aldermen to agree upon a method whereby objectionable saloons would be eliminated prevented the passage of an ordinance by the Escanaba council this week, cutting the number of saloons in the city next year to sixty-five and to fifty in 1913. While a majority of the members of the council as well as a majority of the citizens realize that Escanaba has too many bars, the fear that the passage of an ordinance cutting down the number of retail liquor dealers would not accom-

FURNITURE!

175 Stoves, new and second-hand, of all makes, at lowest prices. Heaters, Cooking ranges.
Something Given with Every Purchase
Given with every \$1 purchase, one fancy dish

Given with every \$30 purchase, one rocker.
Given with every \$35 purchase, one iron bed.
Given with every \$40 purchase, one stove to heat three rooms.
Given with every \$50 purchase, one dresser.
Given with every \$75 purchase, one steel range.

THE REASONABLE WAY
Strong, vigorous men, women and children hardly ever catch cold—it's only when your system is run down and vitality low that colds and coughs can get a foothold.
Now isn't it reasonable that the right way to cure a cough is to build up your strength again?
Mr. Patrick Wren of N. Birmingham, Ala., knows about this. He says, "I caught a bad cold a year ago and had a bad cough for long time, but Vinol relieved it completely and built up my strength. Vinol is the best medicine I ever used or heard of for coughs and colds."
This splendid cod liver and iron remedy does not smell or taste like cod liver oil, but is so delicious that children love to take it. Yet it has the strengthening value of cod liver oil, with tonic, blood-building iron.
Chronic bronchitis yields to Vinol because it builds up the system in all weakened and run down conditions. You can get your money back any time if Vinol does not do all we say. The Stafford Drug Co., Marquette. Fred P. Tibbon, Ishpeming, and J. E. O'Donoghue, Negaunee.

HAULING AWAY SNOW.

The Marquette County Gas & Electric company had a crew at work yesterday removing superfluous snow from the streets in the business section through which its street car line passes. The carryall has been equipped with high sides and is being used to good advantage in hauling away the snow. In view of heavy snowfall of last week it is thought that the operating expenses of the street car system will be heavier

than usual this winter, as snow will have to be hauled away after light as well as heavy falls. The company on Wednesday completed hauling snow from Iron street, Negaunee, where a crew had been employed for three days. The Duluth, South Shore & Atlantic Railway company has hauled a large quantity of snow from its local yards since Saturday, and the tracks are now in good condition.

Chickens, 11c per pound, Friday and Saturday, at Braastad's. 11-24-24

Ishpeeming Department

(Additional Ishpeeming on Page Seven)

COMPETENT WOODSMEN ARE VERY SCARCE

Ishpeeming Man Is Unable to Find Enough Men to Fill Up His Camp Crew.

N. Robear, proprietor of the Garfield House, who advertises for thirty men to work at his camp south of Ishpeeming, has had very few applications for jobs. He was in from the camp this week and said that he had not been able to procure more than five or six experienced woodsmen. He also stated that few inexperienced men have applied. He expressed the belief that there are very few unemployed woodsmen to be found anywhere in the upper peninsula, as most of the camps are now running with full forces.

Mr. Robear has his camp well started and will spend most of the winter there superintending operations. His son, Guy, has been at the camp for several weeks past, and he also has obtained competent help. He will make an effort to clean up his stumpage this winter, though he may not succeed, if he is not any more successful in getting experienced men than he has been up to date.

Reports from other sections of Northern Michigan, Minnesota and Northern Wisconsin are to the effect that experienced lumbermen are not plentiful. All of the old time woodsmen are now in the camps, and only an occasional one is to be found in the towns. In some sections the lumber camps are pretty well supplied, while in other districts there is a shortage. In the Minnesota woods, where operations will be conducted on quite a large scale this winter, there was a pronounced shortage of experienced woodsmen early in the fall, but quite a number of men have come in from other places, having been attracted by a high scale of wages, and now the vacant places at the camps that were established early are taken.

The wages being paid by the operators in this section are practically the same as last year, and there is little or no difference in the wage scales of the upper peninsula, Northern Wisconsin and Minnesota.

In view of the recent heavy fall of snow the operators in this section feel that it will cost them more to get out their timber this year than last, when conditions were ideal for logging work through almost the entire winter. There is now enough snow in the woods for successful operations and with another foot or two added to that already on the ground a great deal of snow will have to be handled in getting to the timber, breaking roads, etc.

It is said that the operators will have no difficulty getting rid of their cut this season, as timber of all grades is in good demand, though there is very little difference in the prices offered last year and those prevailing at this time.

Chickens, 11c per pound, Friday and Saturday, at Braastad's. 11-24-24

MANY DIFFICULT FEATS.

Prof. T. A. Turner of New York, who will perform every evening next week at the Elite roller rink, will change his program each evening. Mr. Turner comes very highly recommended as a trick and fancy skater and it is expected that he will be a strong drawing card for the rink, which is doing a fine business. On Monday night his work will be confined to an exhibition of trick and fancy skating; on Tuesday evening he will do novelty skating and broad jumping; on Wednesday evening he will represent the original hobo on rollers; on Thursday his work will be what he terms an "exhibition and block social" and on Friday night he will give an exhibition of trick and fancy skating and racing. On Saturday night he will give a program that he calls his farewell exhibition. Mr. Turner will take the floor each evening about 9 o'clock. There will be skating before and after his entertainment.

CARD OF THANKS.

To the members of the Ishpeeming Fire department, as well as to many other friends, we wish to express our appreciation for the beautiful floral offerings, also for many favors and sympathy extended following the death of our daughter and sister. We also wish our neighbors to know that we most thoroughly appreciate the many favors tendered us during our bereavement.

DENNIS MALONEY and Family.

BASKETBALL LEAGUE.

Strollers of Intermediate Class Have Won Every Game Played.

The members of the intermediate class of the Young Men's Christian association, who are participating in the basketball league, are playing some fast and interesting games, though the Strollers have a big lead over the other two teams, as they have won all of the four games played. The contests took place at each class session, when each team plays the other two teams. The last games took place on Wednesday afternoon, the Strollers defeating the Rangers, 14 to 9; the Clippers winning from the Rangers, 13 to 3, and the Strollers defeating the Clippers, 10 to 8.

The Strollers have now won four games without any losses, giving them a percentage of 100%; the Clippers have won two and lost two, with a percentage of 50%, while the Rangers have lost all of the four games played.

The entry list for a two-men handicap bowling league has been posted on the bulletin board at the Y. M. C. A. and the members interested in bowling are forming their teams. As soon as all of the teams have been designated the entire list will be presented to the bowling committee, which will arrange the schedule.

Chickens, 11c per pound, Friday and Saturday, at Braastad's. 11-24-24

IRON RIVER CONTRACT.

Ishpeeming Concern Will Begin Work on Mine Dwellings Next Week.

J. S. Wahlman, of the firm of J. Wahlman & Son, and Andrew Smudberg, one of the concern's foremen, went to Iron River, Mich., yesterday to prepare for the construction of six dwelling houses for the Jones & Laughlin company at the location where the corporation is to develop a mine. While at Iron River Mr. Wahlman will secure a boarding place for his men, who will be sent over to work on the dwellings.

Five carloads of material, ordered immediately after the contract was awarded some three weeks ago, have arrived at Iron River, and eight or ten carpenters will be sent over there the first of the week. Mr. Smudberg, who will have charge of the work, may remain there until the carpenters arrive, but Mr. Wahlman will be back tomorrow or Sunday.

Wahlman & Son expect to have men employed at the Jones & Laughlin property all winter, as several mine buildings are to be erected. Although no contract has yet been awarded for these structures, it is likely that Wahlman & Son will build them. With the six dwellings and the mine buildings to be put up the contractors will have a crew there until spring.

There are few contracting firms in the Lake Superior district that have had greater experience in the construction of mine buildings than Wahlman & Son. They have made a specialty of this work for many years and have erected more mine buildings on the Marquette range than all of the other contractors combined. They also have put up a great many dwellings for the mining companies, especially for the Cleveland-Cliffs Iron company. For this concern they have erected in the past five years a great number of houses on the Swanagey range, Munising, North Lake district and at the Barnes mine location. They built all of the company's dwellings at both the North Lake and Barnes locations and they also erected a majority of the houses at Cudon and the several mining locations on the Swanagey range.

TO CURE A COLD IN ONE DAY.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

You Will Never Know How Good Are Gately's Overcoats for Men Until They Are Worn Out

Then counting the months and weeks of sturdy service, you will realize their worth—realize that if any one feature of their construction had been slighted they could not have worn so well and so long.

Right there is the secret—every little detail is regarded as of vital importance in the making of GATELY'S CLOTHING.

Quality considered, we commend these prices as reasonable.

- Black Kersey Storm O'coats. \$18.00 to \$25.00
- Double Faced Cloth Coats. 22.50 to 25.00
- Fancy Diagonal Weave Cloth Coats. 15.00 to 20.00

Sanitary Crystal Glass Freezer

No grinding—absolutely sanitary. Simple, useful and one of the best articles ever offered. For freezing ice creams, ices, mousses, frozen sweets of all kinds, for pressing jellied chicken, nestle pudding, yeast loaf and the like. Simply pack prepared ingredients in chopped ice and salt or snow and salt, and it will freeze without grinding. Ice cream may be kept several days by keeping packed. Kept on the shelf with other clean dishes when not in use. No dasher to clean, no machinery to rust. Made in one size only—capacity enough for family of eight. Each \$1.25

F. Braastad & Company

ELLERBECK

The trees were raised by Osterman & Sons, near Hamburg, Germany. They were raised from seed and when one year old transplanted in rows and cultivated for three more years. They are now four years old, from 12 to 22 inches high.

They should be transplanted in larger pots or boxes, or on the lawn in the spring. They will make beautiful decorations around the house. With little care they will grow into beautiful trees, as they are very hardy.

At Christmas time, when all other kinds of trees are dead, their green needle-shaped leaves are a pleasure to see in the window or on the porch. They will thrive best in a cool room, or out of doors.

These trees should reach us in about ten days, but we are booking orders now.

These imported little Christmas Trees will be planted in pots and sold exclusively by us at - 10 CENTS EACH

BARGAIN PRICES!

FRIDAY and SATURDAY Nov. 24-25

It is not customary to cut prices before Thanksgiving and as a rule no merchant can afford it and if it was not for a big deal our New York syndicate put through the past week, we could not and would not do this.

They have bought the entire stocks, made up during the past few weeks, of a number of the largest and best manufacturers at prices almost ridiculous. This happened on account of the extremely mild, rainy and backward fall season, but today it is different, winter is here right and it is our good fortune that this purchase was made last week instead of this week. This large purchase means in all nearly 500 garments and this season's biggest sale is right now.

Reversible Coats, Polo Coats, Fische Coats, those pretty loose Coats with large shawl collars, etc., values up to \$25.00, on sale this week at \$12.50

Another purchase of show room Sample Dresses, no two alike, for street wear, afternoon wear and evening wear going at Half Price

Plush Caracul and Velour Coats, values up to \$50.00, bought so we can sell them at \$27.50, \$19.50, and... \$12.50

Silk, Chiffon and Overnet Street and Evening Waists included, a regular line of \$5.00 Waists at 2.48

Taffeta and Messaline pure silk, deep ruffle Petticoats, value to \$5.00 each, for one big flyer at 2.75
