The following communication was read, and in conforming to the suggestions from the state highway commissioner, it was moved, supported and carried, that the money received by this county from the tax on swamp lands and homestead lands shall be used in maintaining the county's portion of trunk lines through the county.

Lansing, Mich., Jan. 5, 1921.

County Clerk, Marquette, Michigan.

Dear Sir: Under the provisions of Act 116 of the Public Acts of 1917 the money received by each county from the tax on homestead lands and state swamp lands is required to be expended under the supervision of the Board of Supervisors upon trunk line highways within the county in manner prescribed by law and in accordance with recommendations of this department. This act must be construed in connection with the Aldrich Act, Act 19 of 1919, which is controlling in so far as the construction and maintenance of trunk line roads are concerned. It seems to us that money derived from the tax under the Act of 1919 should be used by the county for trunk line maintenance purposes. It is my recommendation therefor that your Board of Supervisors adopt a resolution directing that money received by your county from the tax on swamp land and homestead land shall be used in maintaining the county's portion of trunk lines through the county.

Will you kindly call the matter to the attention of your Board of Supervisors at the next session thereof, and place this recommendation before them.

Very truly yours,

Frank F. Rogers

State Highway Commissioner.

Some of the new forms suggested have been adopted. The County Clerk's record books and forms which have been in use for a number of years, we find are practically identical with the state's forms and to adopt their forms would mean duplication of work and a heavy expenditure for books etc., We, therefore, suggest a continuation for the present of the forms and records now in use by the County Clerk, at least until the supply is used up.

Respectfully submitted

Ishpeming, Mich., June 6, 1921.

Mr. Frank G. Jenks, County Clerk.

Marquette, Mich.

Dear Sir:- At a meeting of the Board of County Road Commissioners held in Ishpeming on June 3, after considerable discussion of the Shore Road north from Marquette, being the so-called Saux Head Road, the attached resolution was unanimously adopted pertaining thereto. I would thank you to bring this matter before the Board of Supervisors at their next meeting.

K.I. Sawyer, Superintendent.

Resolved, That the Board recommends to the Board of Supervisors an appropriation of fifteen thousand dollars to be used under the direction of this Board immediately, or so much thereof as may be found necessary to bring up to a fair tratable condition the Shore Road north from Marquette to Big Bay, and for maintaining the same until the road can be taken over as a county road and the necessary provision for it made in the annual county road budget.

The following communication was read, and upon motion of Supervisor Trembath the same was referred to the county parks committee and the chairman and clerk of the Board, to report back at the next regular meeting.

To the Honorable Board of Supervisors,

Marquette County, Michigan.

Gentlemen:- Believing that Marquette county should purchase camping grounds for tourists near all points of interest in the county, I am offering for sale a tract of land containing one hundred thirty-three (133) acres lying west of Marquette bordering on that portion of the County Road called Lover's Lane.

Last Thursday the auditing committee and park committee visited this property, and I think they will agree with me that this is particularly well suited for park purposes,

having an excellent spring of pure water, which could be pumped to any part of the grounds, a beautiful view overlooking the city of Marquette, Presque Isle and Lake Superior, well wooded and having a fairly good turf.

The legislature at the last session passed a law giving unlimited authority to county boards to purchase lands for this purpose. In addition I might state that in purchasing this land it would save for the county the woods along the Lover's Lane road, which, in my opinion, is one of the most beautiful pieces of road we have.

Yours truly,

F.H.Vandenboom.

Your committee on county roads and bridges reports in the matter of a project to build a State Trunk Highway between Little Lake and Lathrop, officially known as Job 35-8.

Your committee met with the Board of County Road Commissioners and a representative of the State Highway Commissioner on June 8, 1921, at which time bids were received by the State Highway Commissioner for the constructing of the above mentioned road, with the Board of County Road Commissioners sitting jointly in the letting to recommend thereon and to act as to concurrence for the counties interested in the project.

We found that there was keen competition in the bidding. After analysis of all figures presented, the lowest bidder was asked to appear before the meeting. From his statements it was found that his bid was incompetent, being too low to properly construct the job. It was recommended that this bid be rejected, and the State Highway Commissioner later confirmed the recommendation.

The next to the lowest bidder was then called. His figures were also some sixteen thousand dollars under the engineers estimates of cost, but he showed possession of such machinery and equipment as would make it possible to do the job at his figure using the high grade equipment in his possession. Therefore the bid of W.S.Peters was determined as the lowest competent bid.

The matter of the unemployment of large numbers of residents of the county was then brought into discussion and consideration was had of the advisability of the county bidding this road in, so as to place the employment of men to accomplish as much relief to unemployment as was possible. This being possible under the statute of placing a bid in the name of the county less than the lowest competent bidder and this less the bond premium, as a bond is now required from the county

Pertaining thereto, after considerable discussion, the following resolution was unanimously passed by your committee and a copy thereof subscribed for use of the Board of County Road Commissioners in negotiating the contract with the State.

The resolution passed reads.

Resolved, that the Board of County Roads Commissioners be instructed to enter into agreement with the State Highway Commissioner of Michigan for the construction of

of Job 35-8 in Forsyth and Turin townships, locally known as the Little Lake Lathrop road, in accordance with plans and specifications and for the amounts as set forth upon proposal of even date.

And further be it

Resolved, That any action of the Board of County Road Commissioners in so contracting have the endorsement and approval of the Board of Supervisors of the county of Marquette.

And further

Resolved, That the State Highway Commissioner be urged to accept such tender, both because of the fact that it is a reasonable figure for the construction of the road, that the construction of the road is necessary, and further for the reason that it will make work and afford relief for the labor in this district, which is fast becoming indigent.

Pursuant to this resolution the Board of County Road Commissioners has secured this contract in the name of the county. They have organized an employment board to recommend persons for employment so as to investigate and make employment as far as practicable, this Board being W.H.Moulton, Ishpeming, Chairman; Peter Trudell, Negaunee; John Stickney, Marquette.

Work of installing camps is started and we are advised that the main crew should be started after the 4th of July.

We recommend that the resolution of the committee be adopted, and

We recommend that the actions of the Board of County Road Commissioners be approved.

Your Committee on county roads and bridges reports in the matter of the Goose Lake Road, relative to which a petition was presented to this Board and referred to your committee.

Your committee viewed the Goose Lake Road and met with the officials of Negaunee township.

We find it will be necessary to brush out approximately two miles of this road and to repair various mud holes and do patch repairing upon the road at a total estimated cost of eight hundred dollars (\$800.00) to make the road fairly passable.

We recommend that an appropriation of four hundred dollars (\$400.00) be made to Negaunee township from moneys not otherwise appropriated and further

We recommend that the county clerk be authorized to pay such money to said township upon certificate of this committee that the township of Negaunee has done work to the value of eight hundred dollars (\$800.00) upon this highway.

Your committee on county roads and bridges reports in the matter of the so-called Saux Head road, which was reported to your Board at our last meeting and referred to the Board of County Road Commissioners with recommendation to act,

Your committee met with the Board of County Road Commissioners on Wednesday, June 8, 1921.

We find that the Board of County Road Commissioners had considered this proposition at a meeting on June 3 and unanimously adopted the following resolution;

Resolved, That this Board recommends to the Board of Supervisors an appropriation of fifteen thousand dollars to be used under the direction of this Board immediately or so much thereof as may be found necessary to bring up to a fair travelable condition the Shore road north from Marquette to Big Bay and for maintaining the same until the road can be taken over as a county road and the necessary provision for it made in the annual county road budget.

Your committee, after considering the matter, concurs in the recommendations of the Board of County Road Commissioners further,

We recommend that the sum of fifteen thousand dollars be appropriated from moneys not otherwise appropriated for the use of the Board of County Road Commissioners to be expended on the so-called Saux Head Road, and further

We recommend that the Board of County Road Commissioners be directed to proceed in accordance with their recommendations.

Ishpeming, Mich., Sept. 21, 1921.

Honorable Board of Supervisors, Marquette County, Marquette, Michigan.

Gentlemen:- As reported to you at the last meeting, Michigan has a new statute pertaining to the erecting of signs at all railway crossings outside of incorporated cities and also pertaining to making smooth all the railway crossings.

As also reported to you, the Michigan Public Utilities Commission has requested that the County Road Commission attend to the matter of erecting all signs, both on the county roads and on the other roads.

This matter was taken up at a joint meeting of the county road and bridge committee and the board of county road commissioners and after consideration of the matter, it was decided that it was advisable for the county road commission to concede to the request of the Michigan Public Utilities Commission and to do this work, and that in their estimation and that of the committee the proper method or procedure would be to request from your body an appropriation of one thousand dollars (\$1,000) which, it is expected, will defray the cost on roads which are not county roads.

To that end the undersigned was directed by the Board of county road commissioners to call this matter to your attention and to recommend that the sum of one thousand dollars (\$1,000) be appropriated for the use of the board of county road commissioners for the purpose of erecting railway crossing signs in pursuance to the above mentioned

Seventy-five persons have been inmates of the county infirmary during the year and fifteen hundred thirty persons have received temporary aid during the year, two hundred eighty-seven in first district, nine hundred seventy-three in second district, and two hundred seventy in third district.

We regret that we are again ending the year with a deficit, namely, fourteen thousand one hundred ninety-eight and five one-hundredth dollars (\$14,198.05).

Owing to the fact that there are many men out of employment and in all probability the poor board will have many calls during the coming winter, we feel it would not be wise to ask for less than one hundred thousand dollars (\$100,000.00)

Therefore, your superintendents of the poor respectfully request that your honorable body appropriate the sum of one hundred thousand dollars (\$100,000.00) as relief for the poor of Marquette county for the ensuing year.

The crops at the poor farm were poor this year, owing to the fact that there were so many potatoe bugs and grasshoppers. We note the following supplies on hand, estimated, viz;

300 bu. potatoes, 100 heads cabbage, 90 bu. carrots, 18 bu. parsnips, 20 bu. beets, 12 tons hay, 3 tons wheat straw, 300 heads, celery and 314 cords of 16-inch wood.

All of which is respectfully submitted,

H.F. Handford,  
Secretary of Supts. of Poor.

The Upper Peninsula Development Bureau of Michigan.

Marquette, Mich., Oct. 4, 1921.

Frank G. Jenks, County Clerk,  
Marquette, Michigan.

My dear Sir:- You perhaps have received notice through the public press or otherwise of the fact that the State Department of Agriculture has virtually taken over the Upper Peninsula Development Bureau, under the title of the "Upper Peninsula Development Bureau co-operating with the State Department of Agriculture," and the state will henceforth give the sum of \$8,000 as its share of the support of the bureau.

Our board of directors have decided that the sum of \$25,000 should be raised in addition to the \$8,000 received from the state, in order to carry on the work as in former years. It will be understood, in the future, that while I am employed at Lansing I will give personal supervision to the affairs of the Upper Peninsula Development Bureau, and will be in position, while at Lansing, to be of service to the

upper peninsula in many ways which can not be anticipated at this time.

The finance committee of the Upper Peninsula Development Bureau. J.S.Weidman, president Weidman Lumber Co., Trout Creek; E.A.Hamar, vice-president Worcester Lumber Co., Chassell; R.P.Bronson, Consolidated Fuel & Lumber Co., Ishpeming; Leo C.Harmon, Vice-president Consolidated Fuel & Lumber Co., Manistique; Dr.C.F.Whiteshield Powers, have devoted several days to the subject of making a proper apportionment to the different counties for support of the bureau. These amounts will be raised from the board of supervisors and from public subscriptions.

These amounts to be assessed to the Board of supervisors have been arrived at by taking the population, the assessed valuation, the bank deposits of each county, and making a composite table, which later was adjusted to conform to the amount which the committee believed would be a just apportionment to the county.

That amount is \$1,500 for Marquette county. Every member of the board of supervisors has received or should have received a copy of the annual report of the Development Bureau giving an account of its activities during the past year.

We believe that your board realizes the importance of this work and that you will want to make the contribution above asked for.

Very truly,

Upper Peninsula Development Bureau

The demand on this fund has been as large this year as during any previous year and will be fully as large the coming year, as the old soldiers and soldiers' widows are all, or most of them, between seventy-five and eighty years of age, and every added year leaves them less able to assist themselves

Every request for relief from this fund has been fully investigated and this money has been used as the law intended it should be and to the best of our judgment.

Therefore we consider it our duty to respectfully request that your honorable body appropriate the sum of twelve hundred dollars (\$1200) as a fund for the relief of the old veterans and the widows of veterans during the coming year.

All of which is respectfully submitted.

Gentlemen- Your committee on county roads and bridges reports:

In the matter of a bridge over the Escanaba River, near Clarksburg, in Ely Township, concerning which assistance has been requested from this board and the matter referred to this committee.

On October 5th your committee did go to Clarksburg and view the bridge site.

We found that the township of Ely had constructed and just finished a bridge over the Escanaba river at this point, built with concrete abutments "I" beam span and plank floor and had done a creditable job thereon.

We found that the expense to the township for this work was a little over six hundred dollars (\$600) in excess of the moneys they could justly put into this structure, and we found that in our judgment the township should have assistance; therefore,

We recommend that the sum of six hundred dollars (\$600) be appropriated from moneys not otherwise appropriated and paid to the township of Ely for help on this bridge.

October, 10th, 1921. Annual meeting.

To the Honorable Board of Supervisors:

Sirs- Your committee on county roads and bridges reports:

In the matter of assistance to Skandia township for the construction of a highway between the end of a highway in Turin Township at the Skandia township line and the county road east of Carlshend, petition for which was received by your board and referred to this committee.

Your committee did on the 5th day of August view the site of this proposed road, did look over this territory in Skandia and Turin townships to be benefitted and did determine that this is a worthy project and one which should have assistance and be built.

Further, your committee did meet with the board of county road commissioners on the 19th day of September and consulted with them thereon. It develops that this project may be handled so that this road can be used as a detour to State Trunk Line Job 35-8, providing this road can be used as such in the early spring and thence during the time this latter job is under construction, and that the state is willing to assume its share of not exceeding five thousand (\$5,000) to make this road into a detour.

Therefore, if twenty-five hundred dollars (\$2500) is made available to the county road commission to use on this road, it will be possible for them to work with Skandia township, construct this road, expending not over five thousand dollars (\$5000) of county money, and receive a refund of twenty-five hundred dollars (\$2500) from the state. To that end we recommend that the sum of twenty-five hundred dollars (\$2500) be appropriated from money not otherwise appropriated to the use of the board of county road commissioners to be used in co-operating with Skandia township for the constructing of this road in Skandia township.

To the Honorable Board of Supervisors,

Gentlemen:- Your committee on county roads and bridges begs leave to report:

That on the 19th day of September they met with the board of county road commissioners at their request.

Figures, estimates, plans of future work and the agreements with the state highway department and budget estimates for the ensuing year were presented and discussed. The board of county road commissioners adopted a resolution, which has been reported to you in their determination, and is before your board at this meeting. Your committee unanimously adopted a motion that the action of the county road commission in this matter be approved and we respectfully report that in our opinion the determination as given should be received and the taxes levied.

The matter of marking railroad crossings as provided in a new statute, was then discussed and action was had by the board of county road commissioners and approved by your committee, directing the superintendent of the board of county road commissioners to address a letter to the board, suggesting that signs be erected by the board, as requested by the Michigan Public Utilities Commission, and reported to your board at the July meeting, and requesting an appropriation of one thousand dollars (\$1000) be made for that purpose, and your committee respectfully reports that in our opinion this request, when made, should be granted and the work handled in this way.

A proposal made by Frank Klotz, to sub-contract major portions of the Little Lake Lathrop road, was brought before me by the board of county road commissioners. In this matter your committee had viewed the work at the time and together with your board while making the inspection trip over the county roads. We examined the books and accounts, and after careful consideration the following resolution was unanimously adopted.

Whereas, as has been heretofore reported to the board of supervisors, this committee did on June 8, 1921, after careful consideration of the bids for constructing the Little Lake Lathrop road and consideration of the present condition of lack of employment within the county, advise the board of county road commissioners to bid this job in from the state in competition with a contractor's bid which was nineteen thousand dollars below the engineer's estimate in order that the county could control what men to be employed and thereby use the job for relief so far as practicable; and

Whereas, the board of county road commissioners did bid this job in as advised and reported, and both of which actions were approved by the board of supervisors at the time when reported, and

Whereas, the county road commission now has a proposition to sub-let the job

so that no loss in money would accrue to the county, but the county would lose control of the employment of men, and

Whereas, an inspection of all costs and earnings upon the job seems to show that the job is proceeding about along the lines as originally shown on the engineer's estimate; therefore, be it

Resolved, That this committee advise the board of county road commissioners to continue the control and operation of the little Lake-Lathrop road and to reject the proposition of Frank Klotz for sub-contracting the same, providing that they may at their discretion deal with him for hauling on contract as with any other party; and be it further

Resolved, That this action is reported to the board of supervisors with the recommendation that such action by the Board of county road commissioners be approved.

The board of county road commissioners complied with our recommendation in this matter by a motion, which was unanimously adopted therefor.

Your committee respectfully recommends that the action of your committee in recommending the rejection of the sub-contract offer and the action of the county road commission in rejecting the same and continuing jurisdiction by force account be approved.

To the Honorable Board of Supervisors

Gentlemen- Your committee on county roads and bridges reports;

In the matter of the inspection of the books of the county road commission, as is provided by the statute, your committee met in the office of the board of county road commissioners on October 5, 1921, and inspected the books, files and records and looked over the annual report of said board.

We found all records in detailed and workmanlike shape and in order. We also found two representatives of H.A. Higgins, special auditor and accountant working on the books and making a detailed audit of all accounts.

We desire to report in our judgment the books are in proper form and well kept, and recommend that the action of the board of county road commissioners in arranging for this detailed audit be approved.

The special committee on improvements at the fair grounds presented the report, and stated that in their opinion they would need \$6500 for the following improvements next year; Enlarging grand stand, \$2000; stables for race horses, \$3,000; fencing and bleachers, \$1,000; exhibition buildings \$500; and moved that the above mentioned sum be appropriated out of the funds now in the hands of the county treasurer not otherwise appropriated. The motion was seconded and adopted by the following yeas and nays vote; Yeas- Anderson, Bush, Christian, Collick, Currie, Eggan, Farm, Flannery, Gill, Gray, Graff, Hanson, Jensen, Johnson, Charles; Johnson, R.E; Koski, Labold, Lafreniere, Leece, Libby, Neidhart, Nightingale, Orr, Poerier, Samson, Sherwood, Sicotte, Sihvola, Stanaway, Stickney, Tousignant, Trembath, Vandenboom, VanRiper, Wertenen, Wiseman and Keese-37. Respectfully submitted,  
H.S.Nightingale,

Chairman Finance and Taxation Committee.

It was moved and supported that D.S.Yape be re-elected as county school commissioner for the ensuing two years. The motion was unanimously carried.

Supervisor Bush presented the following resolution, which was, on motion duly made and seconded, unanimously adopted:

Whereas, due to industrial conditions now prevailing in Marquette county, a large number of men are working part time or out of work entirely, it appears desirable for this board, through its individual members to keep in close touch with the superintendents of the poor in their respective communities, in order that every worthy case entitled to county aid shall be found and proper assistance furnished therefore be it resolved.

One. That the superintendents of the poor of the several districts be and are hereby instructed to furnish each supervisor, each month, a list of persons receiving county aid in his community.

Two. That each supervisor be and is hereby requested to keep in close touch with the Superintendents of the poor in his district, and be diligent in assisting him in his work,

Three. That the chairman of the committee of this board on "Superintendents of the Poor", be and is hereby instructed to attend the meetings of the superintendents of the poor, thereby becoming familiar with the conditions throughout the county and act as the agent between this board and the board of superintendents of the poor. Said chairman to report to the board of supervisors from time to time such facts and information deemed necessary by said board. Said chairman shall also report upon his own initiative any information that may come to his attention by virtue of his attendance at the meetings of the board of superintendents of the poor, or otherwise, as may be of value to the board of supervisors.

Four. That all bills against the county for aid be referred, after being approved by the board of superintendents of the poor, to the auditing committee of the board of supervisors for audit and payment.

Five. That the superintendents of the poor be and are hereby instructed to avail themselves of and request the aid of the Red Cross, public, industrial and private nurses the health officers and other officials of the different communities to assist them in the work of locating and investigating needy persons, and in following up and caring for such cases as may develop.

Six. That the clerk of this board be and is hereby instructed to write to each superintendent of the poor, furnishing each of said superintendents with a copy of this resolution with instructions to put same into immediate effect.

Seven. Realizing as we do that the present industrial conditions are exceptional, we feel that more than ordinary methods of handling this matter are necessary; therefore, this resolution is presented with the object in view of making sure that every person in Marquette county entitled to aid is adequately cared for from this time forward.

Supervisor Deadman reported that the Yellow Dog river bridge was unsafe and requested that the clerk notify the county road commission.

Supervisor Bush reported that in accordance with the instructions with this board his committee had employed Miss Wixon as home demonstration agent for this county at a salary of \$1800.00 and necessary expenditures \$1,000 to be paid by the state and \$800 by this county, and asked that his committee be continued in this work and be authorized to approve expense bills. Upon motion, duly made and seconded the committee was continued and request granted.

At the April 1921 meeting of this board a committee report was adopted giving the agricultural agent and the school commissioner the privilege of buying the county's Ford cars used by them for \$225 and \$200 respectively. It was moved that this report be made to read \$200 in each case. The motion was duly seconded and carried.

The following report of the County Treasurer and County Clerk were read in part and ordered filed.

Marquette, Mich. Oct. 10, 1921.

*Frank G. Jenks*

Clerk.

*F. E. Jenks*  
Chairman.

November, 30th, 1921.

The Honorable Board of Supervisors of Marquette county met, pursuant to a call duly made, at the Court House, in the City of Marquette, on Wednesday the 30th day of November A.D. 1921.

The meeting was called to order by the Chairman, F.E. Keese.

The roll being called, the following supervisors were found to be Present:

Present- Anderson, Bush, Christian, Collick, Currie, Deadman, Eggan, Farm, Flannery, Gill, Gray, Jensen, Johnson, Charles, Johnson, R.E., Koski, Labold, Lafreniere, Leece, Libby, Niehdart, Poierier, Samson, Sihvola, Stanaway, Stickney, Tousignant, Trembath, VanRiper, Wertenen, Wiseman, Yungbluth and Keese-32.

Absent- Graff, Hanson, Nightingale, Orr, Sherwood, Sicotte and Vandeenboom-7.

The reading of the minutes of the previous meeting was dispensed with.

The following communication was read, and upon motion duly made and seconded the recommendation was unanimously adopted.

Board of County Road Commissioners  
of the County of Marquette.

Ishpeming, Mich., Oct. 27, 1921.

To the Honorable Board of Supervisors,  
Marquette County, Michigan.

Sirs:-

It has been called to our attention that at the time of making estimates for the purpose of determining the tax levy for use in 1922, voted by your Board in the October meeting, an unused balance accruing to the benefit of the Saux Head road was erroneously credited to work to be done on the Palmer-South Road, and that for that reason the operation of the budget as voted would give twenty-six thousand available for use on the Saux Head road, or eleven thousand more than was included in our plans for use upon this road this year, and the Palmer-South road is a corresponding amount short of the figure necessary to meet these plans, which were explained in detail to your committee and approved by them.

For that reason we recommend that the estimates for which the 1921 tax levy was voted be amended so that the following items therein shall read.

Saux Head Road- Construction and repairs	\$4,000.00
Palmer-South Road- Re-grading and surfacing	69,297.00

instead of heretofore reported.

Yours very truly,  
Board of County Road Commissioners,  
Marquette County.

By W.H. Johnston, Chairman.

The following communication was, upon suggestion of the Prosecuting Attorney, referred to the Marquette County Agricultural Society.

Marquette, Mich., Nov. 30th, 1921.

Marquette County Board of Supervisors,  
Marquette, Michigan.

Dear Sirs: During the Marquette County Fair this fall my son happened to be one of the boys who were hurt in the motorcycle accident alongside the race track. Now I don't know who was to blame or who was not to blame, but his doctor bill amounts to \$5.00 and his hospital bill \$6.00, and as I am a poor man with a large family I would respectfully request the Marquette County Board of Supervisors to pay those bills. Hoping that the request may be granted, I am

Yours truly,

Mike Smith.

A petition signed by Charles G. Kirkpatrick of Negaunee, Michigan and 113 others from Ishpeming, Negaunee and Marquette, asking that the public highway between Marquette and Negaunee be kept open for automobiles and trucks during the winter. Marquette, Mich., Nov. 26, 1921.

To the Honorable Board of Supervisors  
of Marquette County, Michigan.

Gentlemen:- Your superintendents of the poor committee made their annual inspection of the county house and make the following report:

Found everything in good condition with the exception of a few repairs on the porches which should be made, and your committee therefore recommends that the porches be repaired and painted; also that part of the exterior which has not been painted recently. The committee also recommends that a suitable flag should be purchased to replace the old flag, which is worn out. The committee further recommends that the chairman be authorized to furnish some sort of entertainment for the inmates occasionally. It was found that the horses, cattle, and poultry are in fine condition, and there is an ample supply of potatoes, carrots, cabbage, apples and sauerkraut.

It was moved, supported and carried that the next meeting of this committee be held in July, 1922, the exact date to be fixed by the Chairman.

The following report was read and adopted and ordered filed.

To the Honorable Board of Supervisors,  
Marquette County, Michigan.

Gentlemen:- Complying with the resolution passed at the last meeting of the Board of Supervisors, I attended the regular meeting of the Superintendents of the poor held at the Court House on October 8. All bills were checked over and found satisfactory. The accounts covering the same period running about sixteen hundred dollars higher than a year ago, owing to the general labor depression. I ordered the fixed charges paid at once, such as light, telephone, etc., and the salaries paid to the keeper and helpers at the county house. All other accounts were presented to the Auditing Committee.

F.H. Vandeenboom,  
Chairman.

The reports of Secretary of the Poor Board, Superintendent Morgan Heights Sanitarium, Home Demonstration Agent and County Game Warden were read in part and ordered filed.

Moved, supported and carried, that the Clerk of the Poor Board send to each supervisor a list of people in his township or ward.

Supervisor Bush moved that the action of this Board appropriating \$2,500 to Skandia township at their October, 1921 meeting be rescinded, for the reason that the funds which were available from the state for detour lines is now exhausted.

The motion was duly seconded and carried.

Hon. Board of Supervisors, Marquette County, Marquette, Michigan.

Gentlemen:- In making an appropriation to the County Road Commission for the purpose of making it possible to relocate the road in the vicinity of Michigamme, there was a condition placed upon the appropriation that the Township transfer certain properties to be used for industrial purposes.

So far as I know the Township has not transferred these properties to date, but it is my understanding that they do intend and expect to do so. In any instance, the job is well worth its cost and I believe should be carried on at this time when the State is willing to carry it on and the State does carry 80 percent of the cost of the project.

By arrangement with Mr. Frank F. Rogers, State Highway Commissioner, bids will be received upon this job the first week in May. If we cannot definitely state at that time that we have our share of the funds available, there can be no letting and automatically this job becomes annuled.

For this reason I would recommend that the appropriation as already made, be confirmed without the condition as set forth and the Clerk be instructed to effect the necessary transfer of the funds.

Yours truly,

Board of County Road Commissioners,  
By K. I. Sawyer, Supt.

The following communication was read and, upon motion of Supervisor Stanaway, duly seconded, referred to the Highways and Bridges Committee with power to act.  
Ishpeming, Michigan, April 11, 1922.

To the Honorable Board of Supervisors, Marquette County, Marquette, Michigan.

Gentlemen: The State Highway Commissioner has assured the Board of County Road Commissioners that he will call for bids about the 4th or 5th of May, for the construction of a penetration macadam job running west of Ishpeming.

As you are aware, the County last year bid in the job between Little Lake and Lathrop, so as to use this job to relieve the unempolyment situation in the County, desiring to control the employment of this labor so as to make the selection of labor as effective as possible in relieving the unemployment situatinn and to that end an employment Board was formed and their advice and assistance has been used in the employing of men upon this job. This job has up until within ane week ago, employed better than 100 men continuously since the 1st of last July and during the peak of work last season, there were upwards of 200 men on the job and throughout the winter months there were from 140 to 150 men upon the job. This job will, by the 1st of May be completed to the point where it will require the services of but few men and these will necessarily be mechanics or similar trades, that is roller men, truck drivers, etc., and it will be of no further use as a labor relief proposition.

The State law provides that a County may bid in any job such as this west of Ishpeming job, at a figure less than the lowest competent bidder.

Your Board of County Road Commissioners would like an expression from your honorable body as to whether you consider the unemployment situation in the County still such as to make it advisable to bid in this west Ishpeming job, provided the figures are such that it appears feasible for the County to do the work.

Further, if your honorable body feels that the Board of County Road Commissioners should handle the construction of this proposition, we would thank you to authorize your Committee on County Roads and Bridges to meet with the Board of County Road Commissioners at the time when bids are received and recommendations made to the State Highway Commissioner, with power to act in the matter,

For your general information we desire to inform you that the camps, camp equipment, machinery and tools now upon the job between Little Lake and Lathrop can, with the single exception of rollers and a few trucks, be released to this other job by the date of letting.

Further, the County is adequately equipped with all machinery and tools to handle this job, with the single exception that in order to handle both jobs with the necessary speed, it will be necessary to lease for a short time, at least one or two rollers and the Board knows where these are available and subject to lease.

Thanking you for full expression in this matter, we are,  
Yours truly,

Board of County Road Commissioners.

To the Honorable Board of Supervisors.

Gentlemen: Your Committee on Fair Ground Buildings report as follows:

It is planned to add 64 feet to the grandstand, move the baseball diamond, erect bleachers along the first and third base line, extend fences around tracks to provide better protection; to build bleachers along the race track west of grandstand. Also, it is planned to make some other needed improvements to buildings on the ground.

We were allowed \$5,000 for repairs and new construction at the October meeting of the Board. We figure that it will cost at least \$2,500 to make the contemplated improvements covered by the preceding paragraph. This leaves the sum of \$2,500 for new buildings.

We were informed by the Executive Committee that they wish an exhibit building constructed for housing cattle. We have had plans prepared for such a building, and bids have been received, indicating that the cost of this building will be in the neighborhood of \$5,000. Before proceeding further we wish to have authority and sufficient money appropriated to cover the cost of cattle barn; otherwise, we recommend that the work enumerated in the first paragraph be done and \$2,500 held over until next year when additional moneys will be available for construction of the new building. Appropriations for the year 1921 were exceeded by your committee, and money was voted which permitted the work under way to be completed. In view of the present financial condition of the county, your committee does not wish to exceed their appropriation without the authority of the Board.

The following communication was read and approved.

Ishpeming, Mich., July 15, 1922.

To the Honorable Board of Supervisors,  
Marquette County, Marquette, Michigan.

Gentlemen: In the matter of the appropriation of \$4,000.00 recently made by your Board to be used in connection with money to be raised by Skandia Township for the construction of road in Skandia township, starting from the county's road No. 15, about three miles east of Carlshend, running thence south to the township line, I beg leave to report as follows:

On the 10th of this month, bids were called by Skandia township for the construction of this highway. The road had been heretofore laid out to be built with a twenty-foot grade and was broken into four sections of approximately one mile each for the purpose of letting.

Upon taking the bids, it was found that the money available was not sufficient to award the four sections and purchase the necessary culverts and build the necessary bridge.

We found this situation as to the finances.

Skandia township had heretofore cleared the right of way over the entire distance and still has left \$3,000.00 to be used with the county's \$4,000.00, which, when combined with the new appropriation, makes the sum of \$7,000.00, and the combined bid with the necessary culverts and bridge runs to approximately \$9,000.00.

After consideration of the bids, the town boards, with sanction of the undersigned, decided to award the three southerly miles on this job. These three miles start at the township line and run north, and for that purpose the south mile was awarded to Walter Lattrel, and the other two miles to six residents of Ruse, bidding together. The figures received on these miles were very satisfactory. The dirt work being at 32, 33 and 40 per yard on the various sections respectively, and the balance of the bid in proportion.

It was considered by this action that an earlier opening of the road would be secured than otherwise, as there is an old trail paralleling the section which was not awarded which can be put in usable shape at a nominal figure and which the township agreed to put in shape from their repair fund.

Trusting that this action in the matter proves satisfactory, I am

Yours very truly,

Marquette County Road Commission

By K.I. Sawyer, Supt.

State Welfare Commission, 1922.

Lansing, Michigan.

August 12, 1922.

Mr. Frank G. Jenks, Marquette, Mich.

Dear Sir:- The recent report of investigation made by our representative of the Marquette county jail states that your jail is old and hardly fit to detain prisoners in. Some of the toilets are in bad condition and a majority of them do not flush at all. The bath tub on the second floor is not at all satisfactory. When one is through taking a bath and lets the water out of the tub, the contents of the sewer pipe usually backs up into the tub. This, of course is very insanitary. It is damp inside and the ventilation is very poor.

In view of this report this commission recommends that the board of supervisors give serious and deserved consideration to building a new jail.

As county clerk may we kindly ask you to present this recommendation to the board of supervisors, at their next meeting.

Very respectfully,

B. Smith,

Secretary.

The opening of this road will provide a direct route to AuTrain and adjacent towns.

To the Honorable Board of Supervisors of Marquette County, Michigan.

The following report of the superintendents of the poor committee was read.

August, 23, 1922.

To the Honorable Board of Supervisors of Marquette County,

Marquette, Michigan.

August, 23rd, 1922.

We, the undersigned poor committee beg leave to report that on Saturday August 19, we visited the county poor farm. The grounds about the building are well taken care of and the crops are in fine condition. The barns and storage buildings are clean and well kept. Some of the emmbers who visited the Farm on previous inspections commented on the improvements that had been made this year.

In regard to the home, we found everything in first class shape and the inmates are very well satisfied with the food and management. Several were uestioned about conditions and without exception they spoke in the highest terms of Mr. and Mrs. Morrison. The committee voted the management a vote of thanks for the fine dinner served them.

At a meeting held after the inspection, we made the following recommendations.

1. The purchase of a new rug for the office. The rug now in use is nearly worn out.
2. The purchase of a new double wagon. About forty-five cars of slabs are handled each year from the farm and delivered to the poor families at Marquette. In previous years the unloading and delivery was let to outside parties at a cost of between twelve and thirteen hundred dollars. Mr. Morrison can do this himself without extra help, if the wagon is purchased, and this will be a great saving to the county. The wagon would cost about \$125.00.
3. The purchase of a Ford car or some other small make touring car. This car is to replace a driving horse that had to be shot, having outlived his usefulness. At present, when inmates are to be transported, a car has to be hired. During the winter months one of the working horses could be used for trips to town.
4. That a competent man be hired to make the necessary repairs to the ventilating system, which is in bad order.
5. That the plaster in the boiler room, which is in bad condition, be repaired before fall.
6. The purchase of a piano at a cost not exceeding one hundred dollars. Weekly religious services are held and the only instrument they have is an old worn out organ. This request came from the inmates, and Mr. Morrison told us that it would be greatly appreciated.
7. That the moving picture owned by the county be sent to the poor farm occasionally to entertain the inmates.

Respectfully submitted.

It was moved and supported that the report be adopted as read. It was moved

by Supervisor Bush as an amendment that action on the recommendations in the report be deferred until the new commission was appointed and then refer same to them. The roll being called the amendment was lost by the following yea and nay vote, Yeas. Anderson, Bush, Nightingale, Sherwood, Stanaway, Stickney, Yungbluth and Keese-8.

August, 23rd, 1922.

Moved by Supervisor Sherwood that before the vote on the original motion be taken the recommendation in the report should be addressed to the poor commission, as they are the only ones under the statutes to make these purchases. Supervisor Wiseman, of said committee, stated that that was the intention of the poor committee in making their report.

The clerk then changed the report to read as follows: At a meeting held after the inspection there was voted that we make the following recommendations to the poor commission. The board then voted on the original motion with changes as above stated, which was adopted by the following yea and nay vote.

Yeas- Anderson, Bush, Campbell, Christian, Collick, Deadman, DeFrain, Eggan, Ewing, Fassbender, Graff, Gustafson, Hemmila, Hill, Jensen, Johnson, Chas; Johnson, R.E; Kainula, Koski, Lafreniere, Labold, Leece, Nancarrow, Nault, Neidhart, Nightingale, Orr, Pomeroy, Samson, Sicotte, Sherwood, Stanaway, Stickney, Trembath, VanRiper, Wiseman, Yungbluth and Keese-38.

Supervisor Orr asked that a committee of three, together with the chair, be appointed to investigate the office of the county agricultural agent. The motion was seconded and carried and the chair appointed the following supervisors: Orr, Bush and Chas. Johnson.

During the past year there has been a total of sixty-eight (68) inmates at the County Infirmary, with an average of forty inmates per month at the cost of twenty-nine dollars per month for each inmate.

Twenty-two hundred and fifteen persons have received temporary care, three hundred forty-nine from the First District, fifteen hundred fifty from the Second District and three hundred sixteen from the Third District, classified as to causes as follows: Widowhood 806; out of employment 688; sickness 397; old age 97; deserted 80; insanity 23; crippled 29; blind 3; husband in jail 61; orphans 11; shiftlessness 15; mother dead 5;.

Acting Sec'y Poor Com.

Hon. Board of Supervisors, Marquette County.

Gentlemen: I trust your Board will be interested in the following report of your County Fair which appears to be the vital and weak spot.

The weather was about as ornery as Stafford the Mule, which no doubt made a difference of two to three thousand attendance; farmers especially were scarce. It does not appear that the Fair is run on a good business basis as I do not think it can be done so under the present system; something must be done to get the farmers and their exhibits, the most practical way appears in engaging a Fair manager and giving him six months to stage the Fair, spending at least two-thirds of his time among the farmers and other exhibitors in addition to serving the Fair, he would be a great benefit to the improvement of stock in the county. Also make a trial next year of giving registered bull calves and swine as premiums to bona fide farmers exhibiting grade stock. If Marquette county is to hold honest to goodness fairs the farmers must be interested and induced to attend and exhibit liberally. Mr. Walker as secretary-manager worked hard and faithfully, but I am convinced that more time is needed than possible for him to give.

To sum up: The Fair Association can always buy good attractions and amusements, but they have got to get right next to the farmers and plug hard for exhibits before the Marquette County Fair will ever be a real Fair.

The Fair Association Board of Directors ask that your Honorable Board will again appropriate the sum of \$5,000 for the 1923 Fair.

Very respectfully

H. E. Perkins,

President.

Lansing, Mich., Sept. 30, 1922.

Board of Supervisors,  
Marquette County,  
Marquette, Michigan.

Dear Sir: Anticipating that the Board of Supervisors will be asked to aid the Upper Peninsula Development Bureau, I wish to note in brief the co-operation of the State Department of Agriculture with that organization.

We contribute annually to its support. We realize that the development bureau is

October, 9th, 1922.

essential to carrying out a land policy For Michigan. We have numerous inquiries for farms. During the last three weeks we have had 240 letters asking about Michigan. When we receive these names we cannot send them to individuals, but we do send them to your development bureau to follow up and determine exactly where the settler wishes to go.

Our department, being a state department, cannot favor any particular locality, but each part of the state through its development bureau can advertise its section of the state and point out its advantages. Michigan's land values are low. People over the country do not know that Michigan has millions of acres of good land as well as poor land. Too often have we allowed unscrupulous men to sell sand and swamp to the man who had hoped to make his home with us and to live happily with us. You have seen the results.

We are working on a plan of certifying land before it is sold for agricultural purposes in carrying out this plan we need the development bureaus. We hope to see the time that they will only do business through certified dealers.

It takes time and money to work out these things and I hope you will try to be generous with your development bureau, so that we can help you make your part of Michigan well known and appreciated throughout the country. It is good business, We need to advertise. California spends millions of dollars for advertising her land, her products and her climate. We need to do that so that Michigan will take her place among the states whose land and climate is sought for and whose advantages, agriculturally, are known everywhere.

Sincerely,

J.A. Doelle,

Commissioner.

P.S. I have just received literature from Canada giving account of their raising one and one-half million dollars to organize a campaign for settlers. What are we going to do for Michigan?

## OFFICE OF SOLDIERS' RELIEF COMMISSION.

Marquette, Mich., Oct. 1st, 1922.

To the Honorable Board of Supervisors of  
Marquette County, Michigan.

Gentlemen:-

In compliance with the provisions of Sec. 5 of Act 253 of the Public Acts of 1895, we have the honor to submit herewith our annual report of receipts and disbursements for the year ending Sept. 30, 1922.

## RECEIPTS.

Balance on hand Oct. 1st, 1921	\$ 394.40
Appropriation	<u>1200.00</u>
	1594.40

## DISBURSEMENTS.

Orders drawn on County Treas. Nos. 2170 to 2263, both inclusive	<u>1020.17</u>
Balance on hand Oct. 1st, 1922.	574.23

The demand on this fund has been as large this year as during any previous year and will be fully as large the coming year, as the old soldiers and soldiers' widows are all, or most of them, between seventy-five and eighty years of age and every added year leaves them less able to assist themselves.

Every request for relief from this fund has been fully investigated and this money has been used as the law intended it should be and to the best of our judgment.

Therefore, we consider it our duty to respectfully request that your Honorable Body appropriate the sum of ten hundred dollars (\$1000) as a fund for the relief of the old veterans and the widows of veterans during the coming year.

Ed. C. Anthony,

Chairman Soldiers' Relief Comm.

Cortland E. Moore,

Sec'y Soldiers' Relief Comm.

The following report was read, adopted and ordered filed.

Hon. Board of Supervisors of Marquette County, Michigan.

Gentlemen:- Pursuant to the provisions of the statute your Committee on County Roads and bridges met in the office of the Board of County Road Commissioners in Ishpeming on Wednesday, October 4th, and reviewed the books, annual report, the recommendation for next year's tax levy and the various data on which next year's tax levy was founded

Your committee finds that all books and records are kept painstakingly and in accordance with a very good system, all details, supports, etc., appearing to be in good order. They find in connection with these books the Board of County Road Commissioners have employed Mr. H.A. Higgins of Chicago, to audit the books and they did approve the action of the Board of County Road Commissioners in employing this auditor. Further they have examined into the matter of next year's appropriation which is reported to your Board under other cover under the regular tax determination and they have approved the determination as made and recommend to your Board that it be approved and the taxes spread as the determination indicates.

Yours truly,

John Stickney  
O.B. Lafreniere  
Fred J. Eggan  
A.W. Deadman  
W.L. Stanaway

Committee on County Roads and Bridges.

The following report was read and, on motion duly made and seconded, adopted by the following yea and nay vote;

Yeas- Anderson, Bush, Campbell, Christian, Collick, Deadman, DeFraine, Eggan, Ewing, Fassbender, Graff, Gustafson, Hemmila, Hill, Jensen, Johnson, Chas; Johnson, R.E; Kainula, Koski, Lafreniere, Labold, Leece, Nancarrow, Nault, Neidhart, Nightingale, Orr, Pomeroy, Samson, Sicotte, Stanaway, Stickney, Trembath, VanRiper, Wiseman, Yungbluth and Keese-37.

Nays-none.

Hon. Board of Supervisors of Marquette County, Michigan.

Gentlemen:- Your Committee on County Roads and Bridges reports in the matter of the Goose Lake Road heretofore referred to them. On Wednesday, the 4th day of October, your committee went over this highway. They find that the Township is in the process of making temporary repairs that they reported would be made at the time of making their request for assistance and they are expecting certain county assistance in making these repairs. X this Goose Lake Road.

Your committee further reports in the matter of this Goose Lake Road that they have on several previous years investigated and recommended assistance to Negaunee Township for the temporary maintenance of this highway. That in their opinion there has not been very substantial net gain in the actual quality of this highway and they recommend that the clerk be instructed to advise the Township that no further request for temporary assistance will be given consideration by this Board.

We further recommend to Negaunee Township that in our judgment this road should be built in accordance with a predetermined plan and specification into a substantial highway adequate for the needs of the district and that the Township should take steps to this end,

X For that reason your committee recommends that the sum of \$200.00 be appropriated from moneys not otherwise appropriated and paid to the Negaunee Township as assistance in the matter of repairing this Goose Lake Road.

The following report was read and, on motion duly made and seconded, was adopted by the following yea and nay vote.

Nays-none.

Hon. Board of Supervisors of Marquette, County, Michigan.

Gentlemen:- Your Committee on County Roads and Bridges, to whom a petition referring to assistance in the construction of a bridge over the Dead River in Marquette Township was referred, report that they have visited the site of the bridge, have ascertained from Marquette Township that they have approximately \$8,000 in cash available for the construction of this bridge that a contract has been entered into between the Township and Geo. D. Sherman for the construction of a bridge over this river, utilizing 2 spans of a trestle formerly in the L.S. & I. viaduct over the same stream, that the contract price with Mr. Sherman for this structure is \$10,000 and that there will be approximately \$3,000 worth of additional grading and sundries to be paid for in connection with this river crossing.

After consideration of all matters pertaining to this highway crossing and realizing that a bridge such as this is a very difficult strain on the finance of an individual Township, your committee recommends that the sum of \$2,500 be appropriated from moneys not otherwise appropriated and paid to Marquette Township as assistance in the construction of the bridge above mentioned.
