 Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan  
 Gentlemen:

Your Budget and Executive Committee to whom was referred the request from the Marquette County 4-H Council for the purchase of \$150.00 in advertising space in a proposed county plat book to be published under contract with the Rockford Maps Company, wishes to report that the matter was considered by your committee at its February 14, 1961 meeting. Your committee feels that the publication of such a plat book would be of great benefit to the general public as there have been numerous requests from state personnel, prospective land purchasers for such a book.

Your committee has been informed that the total cost of publication is in the neighbor-

hood of \$4,000.00 and that a large sum has yet to be raised by way of advertising to finance the project. It is recommended that the Board of Supervisors authorize the expenditure of \$150.00 towards the publication, provided that the financing of the project is actually completed and the book published and made available for sale to the general public.

Respectfully submitted,  
 Budget and Executive Committee

The following report of the Conservation Committee was read. Supervisor Backlund moved it be adopted. Supported by Supervisor Rautio and carried.

March 20, 1961

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan  
Gentlemen:

On March 8, 1961, your Conservation Committee held a meeting at which State Conservation officials and Conservation Officers were present. It was the feeling among the members of your committee that every effort should be made to promote an expanding program of fish hatchery and planting operations rather than a curtailed one. Besides the great recreational benefit our own citizens would enjoy of increased fish planting, your committee feels that it would bring about an expansion of our tourist business as well. This of course, is of great importance to our area as the tourist business is now the number two industry in this area.

Officials of the Conservation Department explained to your committee that the decrease in hatchery and planting operations has come about as a result of decreased revenues. As has been experienced in all phases of government, costs of operating the Conservation Department have climbed steadily in the past several years but during those same years revenues to the Dept. have fallen off. It has been explained

that one half of the cost of operating the Conservation Department is drawn from the State General Fund and the remainder is financed by the sale of deer and fishing licenses. These sales have been steadily declining and the end result is a smaller budget for operations. This directly affects the fish hatchery and planting program.

Because of the great importance of the Conservation Department's activities, your committee believes the State Legislature should be urged to find some means to expand the budget for that department so that it will be in a position to expand its program. It is further suggested that interest should be stimulated in sportsmen's clubs, tourist councils, economy advancement groups and other similar organizations towards this goal. It is again pointed out that better fishing in the Upper Peninsula will certainly help the tourist business which in turn, will help the economy of our area.

It is recommended that the information in this report be conveyed to Honorable John B. Swainson, Governor, Honorable Phillip Rahoi, State Senator, Honorable Dominic Jacobetti, State Representative and to Mr. Gerald Eddy, Director of the Michigan Department of Conservation.

Your Committee was very pleased with the helpfulness and co-operation given it by the representatives of the Conservation Department and it is hoped that this committee will be permitted

to meet again so as to pursue its study of the problems in conservation. Suggestions in the matter will be welcomed by any member of your committee for study.

Respectfully submitted,

The following report of the Budget and Executive Committee was read. Supervisor Ewing moved it be adopted. Supported by Supervisor Carlson and carried.

March 20, 1961

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Gentlemen:

Your Budget and Executive Committee to whom was referred a request from the Marquette City Health Council for the establishment of a county health unit, wishes to report that the matter was studied by your committee at its meeting held on March 15, 1961.

The Committee is in sympathy with the recommendations of the Marquette City Health Council and realizes that this additional agency of the county would be desirable. The financial problems such a unit would pose for the county, however, seem insurmountable.

Our county has tried for years to live within its income. Counties having the same problems as other units of government in coping with the ever increasing costs of operation and the solution to the problem lies in either increasing the revenues by taxation or by curtailing expenses so as to live within our income.

Three years ago because of increasing costs of welfare, it was necessary to ask the voters to approve the raising of an additional two mills for a five year

period. This approved millage will expire in two years and we will again have to ask the voters to extend the millage if we are to be able to run our existing departments.

The establishment of a county health unit has been considered several times by the County of Marquette within past years. The county has relied on experts in the health field for guidance and it has never been felt that such an agency was desperately needed. The Marquette County Board of Supervisors has never been able to determine how to finance such additional health facilities without placing an additional tax burden on the people.

Through county government facilities at the present time, in the health field we now operate a tuberculosis hospital, a medical unit for non-tuberculosis cases and hospital and medical care is provided by local hospitals and doctors at county expense through the Welfare Department. These combined annual expenditures now amount to approximately \$306,000.00 and are ever increasing.

It is the opinion of your committee, based upon previous studies made in the field of county health units, that an adequately staffed unit for Marquette County would cost at least \$100,000.00 per year to operate. During 1960, by careful management, Marquette County was able to pay its obligations and close out the year with about \$7,000.00 unspent in its budget. This figure is indeed a small one when the many varied responsibilities of the county are considered; it is a so too small to even consider as a starting point to finance a county health unit. We are now facing declining mine valuations within the county and this will seriously effect the amount of county income to support presently operating agencies.

Because of the reasons stated in this report your committee

recommends that the Board of Supervisors regreifully inform the Marquette City Health Council that the County of Marquette is unable to support so costly an agency at this time.

Respectfully submitted,

At the March 15, 1961, meeting of your Budget and Executive Committee, a request from Pro-

secuting Attorney Edward A. Quinnell to reorganize the duties of assistants in his office was discussed. Briefly, it entails the combining of the duties of two assistants into one job at the combined pay now authorized for two assistants. A communication in this matter from the Prosecuting Attorney explaining the matter more fully is attached hereto. Your committee recommends that the request be allowed.

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan  
Gentlemen:

At the March 15, 1961 meeting of your Budget and Executive Committee, a discussion was had regarding the designation of the part of Morgan Heights Sanatorium which is now being used as a non-tuberculosis medical unit. Some objection has been raised by families of patients in the non-tuberculosis unit to the fact that the patients are referred to as patients in Morgan Heights Sanatorium. Your committee recommends, therefore, that the part of Morgan Heights Sanatorium which has been set apart for the care of non-tuberculosis patients be designated as the Marquette County Medical Unit and that its patients be referred to in the future as patients in the Marquette County Medical Unit.

b. The Marquette County Office of Civil Defense will be the coordinating agency for all activity in connection with Civil Defense: It will be the instrument through which the Board of Supervisors and its Chairman may exercise the authority and discharge the responsibilities vested in them by this resolution, and Act No. 154, Public Acts of 1953 as amended by Act No. 98, Public Acts 1954.

c. This resolution will not relieve any county department of the normal responsibilities or authority given to it by general law or by local ordinance, nor will it affect the work of the American Red Cross or other volunteer agencies organized for relief in natural disaster.

2. "Attack" shall mean a direct assault against the county, or any part of the State of Michigan, by the forces of a hostile nation or the agents thereof, including assault by bombing, chemical or biological warfare, or sabotage.

3. At this point the Prosecuting Attorney, Mr. Edward A. Quinnell addressed the board and further explained his reasons for his request to pay Mr. Hansen, Asst. Prosecuting Attorney the salary for two assistants. He stated that Mr. Hansen would devote one half of his time to the office of Asst. Prosecuting Attorney rather than the required one-fourth as was done previously by the former Asst. Prosecuting Attorney who had resigned. He stated it was impossible to get a lawyer to spend half his time for \$175.00 a month and earnestly requested the board

to reconsider the matter of his last month's request that the board had turned down. After a great deal of discussion, Supervisor Dompierre moved the Board reconsider the motion of last month and that Mr. Hansen be paid \$350.00 a month and \$40.00 for office expense as requested by Mr. Quinnell. Supported by Supervisor Morrison. The vote being taken the motion carried by a roll call vote as follows:

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Gentlemen:

Your Budget and Executive Committee to whom was referred the request from the City of Ishpeming Board of Review for a reassessment of all properties in the County of Marquette, wishes to report that the matter was considered by your committee at its meeting held on June 12, 1961. Your committee believes that re-

assessment is not the answer to the problems which exist in assessing within the county as it is a very costly project and a temporary one under the present assessing laws. Your committee further believes that the best results, the most economical and permanent solution to the problem lies in the establishment of a county tax department with sufficient authority to control all assessments in the county. Such a department can only be had when enabling legislation is adopted.

Your Committee recommends, therefore, that the Board of Supervisors direct the Prosecuting Attorney to draw a proper resolution asking that the right to

create a county tax assessing unit with sufficient authority to control assessments be included in the Constitution of the State of Michigan when revised and that copies of the resolution be sent to the Governor of the State of Michigan, the State Association of Supervisors, District No. 1 of the State Assn. of Supervisors and to all counties within the State of Michigan.

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan  
Gentlemen:

Your Budget and Executive Committee to whom was referred the request of the Marquette County Harvest Festival Assn. for permission to change the name of the Marquette County Fall Festival to the Marquette County Fair wishes to report that this request was considered by your committee at its meeting held on June 12, 1961. It is the consensus of your committee that the name "Marquette County Fair" should not be used as our present festival is not similar to what is usually termed a county fair in other counties and may be misleading. It is also believed the use of the name "Marquette County Fair" may well create pressure to enlarge the activities

to usual county fair proportions at county expense.

Your committee recommends, therefore, that the name of the Marquette County Harvest Festival either not be changed or that it be changed to some name other than Marquette County Fair.

Respectfully submitted,  
Budget and Executive Committee

June 2, 1961

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Marquette, Michigan  
Gentlemen:

The annual meeting of your Morgan Heights Contact Committee was held at Morgan Heights Sanatorium on June 1, 1961. Your committee wishes to report that the affairs of this institution are being capably and efficiently handled. The incidence of tuberculosis in this area is steadily decreasing but the available room is being used to very good advantage in the care of long term non-surgical or convalescent patients in the section set aside and designated as the Marquette County Medical Unit.

As was reported by your committee in prior years, Morgan Heights Sanatorium has been faced with the financial problem of decreasing income due to a decrease in the tuberculosis caseload while the total cost of operating the institution remains almost the same. We are happy

to report that during the past year the caseload in the Marquette County Medical Unit, of which the vast majority are county patients has steadily risen to a point where 27 patients are being cared for there. Since the patient day rate charged the Social Welfare Department is approximately \$4.00 per day less than the rate in private hospitals in this area, and further, since the smaller rate also includes drugs, there is a considerable savings to the county. It has been estimated that the savings affected this year on county cases cared for in the medical unit is in excess of \$35,000. This new program has enabled the sanatorium to continue its work without requiring an additional appropriation.

The trustees informed your committee that the budget request for the ensuing year will be the same as it has been for the past three years and much credit should be given to the Board of Trustees and Dr. Acocks, Supt., in the orderly and profitable transition they are accomplishing by increasing the load in the Marquette County Medical Unit to compensate for the loss in the tuberculosis caseload. It is, of course, very gratifying to report that this dread illness is still on the decline and it is hoped that this trend will continue.

Respectfully submitted

June 30, 1961

Honorable Chairman and Members of the Marquette County Board of Supervisors, Marquette, Michigan Gentlemen:

Your Buildings, Grounds and Insurance Committee made its annual inspection tour on June 28, 1961 and wishes to report that all buildings inspected were found to be well maintained and properly managed. Your committee also finds that the insurance program on county owned buildings and county liabilities is adequate and in good order.

The matter of the Detention Home facility was given special attention this year. Your committee believes that the small number of cases and the short duration the average inmate is detained does not justify a large county expenditure for either

the erection of a new detention home or the extensive remodeling of the present facility. The major objection to the use of the Detention Home at present is the fact that inmates in the fire proof cells could not easily be removed in the case of fire and they might suffer from heat or smoke. Your committee recommends that the window on the south wall of each of the two cells should be replaced with a type that can be locked and unlocked from the outside and that keys for these windows be kept on hand at all times in the matron's home and in the office of the sheriff where a 24 hour a day coverage is now maintained. A regulation metal fire escape should be attached to the south wall of the building so as to service the two cells in case of fire. Your committee believes that if this small improvement is made there will be no further objection to the use of the detention cells as far as fire regulations are concerned. It is further recommended that the Detention Home matron be urged to make her home facilities available to inmates of proper disposition during non sleeping hours.

Your committee wishes to commend all those in charge of county buildings and grounds for an excellent job in maintenance.

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan

Gentlemen:

At the August 14, 1961, meeting of the Budget and Executive committee, the matter of replacing the photocopy equipment used by the Register of Deeds, Probate Court and other offices in the Court House was discussed. The present equipment is over 14 years old, is obsolete and worn out to the point that breakdowns weekly are holding up the work to be done by the machine. Your committee believes that the machine should be replaced with new equipment as soon as possible. It is expected that the replacement cost will be in the neighborhood of \$8,500.00. Your committee recommends that bids be solicited for the replacement of the photocopy equipment and that the Budget and Executive Committee be empowered to accept the bid most advantageous to the county.

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors,  
Gentlemen:

Your Budget and Executive Committee, to whom was referred the request of Negaunee Township to acquire a parcel of county owned land in Section 27, T 48 N R 26 W, containing approximately 3 acres, wishes to report that the matter was considered by your committee at its meeting held on August 14, 1961. The request is made to enable Negaunee Township to construct warehouse facilities for snow removal equipment and other township functions. We have been informed by the County Road Commission that the location is ideal for snow removal equipment. Your committee does not foresee a need for this parcel of land for any other county function and believes that it should be made available to Negaunee Township for the purposes specified. It is recommended, therefore, that the Board of Supervisors authorize the Chairman and County Clerk to execute a lease for a ninety-nine year period to Negaunee Township, subject to any easements, for the sum of \$1.00 and covering the following described parcel of land:

That part of the SW 1/4 of Section 27, T 48 N R 26 W lying north of old U. S. 41, east of County Road to Airport and south of re-located U. S. 41 in Negaunee Township.

Respectfully submitted,

Sept. 15, 1961

Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan Gentlemen:

Your Parks and Airport Committee held its annual inspection tour on Sept. 14, 1961. The inspection began by a meeting at

the Marquette County Airport. The large hanger building has been painted and a complete new roof has been installed. The four stall hanger and the heated garage have also been completed. The VORTAC Dopler building and installation of equipment has been completed by the United States Government at a total cost of approximately \$200,000.00 and this facility is now in operation. Paving of the taxiway, hanger ramp, hanger approach road and the parking area have also been completed with the

Michigan Department of Aeronautics sharing in the cost of the improvement.

At the Gwinn Park, a new roof was placed on the bathhouse and a portion of the new access road to the bathing area was completed. In preparation for further park development, approximately 60 cords of pulpwood were cut and removed.

At Perkins Park, the sewage disposal system was completed and put into operation. Toilet facilities were also installed in the toilet buildings used by the public. Reports indicate the following usage of county parks during the 1961 season.

	Camping	Visitors	Bathers	Parties

Honorable Chairman and  
Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan

Gentlemen:

Your Budget and Executive Committee has had under consideration the matter of appointment of a Marquette County Medical Examiner and the matter of expenses in connection with autopsies. Request has been made to the Board of Supervisors for the allowance of a \$10.00 morgue fee and a \$15.00 technician's fee for laboratory work in connection with each autopsy. Information has been had from other counties within the State of Michigan using the Medical Examiner system and your committee believes that the morgue fee and laboratory fee are proper and reasonable charges. It is recommended, therefore, that the Board of Supervisors adjust the pathologist's fee for autopsies from the present \$50.00 fee per

case to \$75.00 per case and that this adjusted fee include the morgue and technicians fee.

Your committee further recommends that Dr. R. L. Carefoot be appointed Medical Examiner for Marquette County effective immediately. It is further recommended that the Medical Examiner be authorized to draw up rules consistent with State law to regulate the reports to be made by deputy medical examiners and to further provide that the Prosecuting Attorney or other law enforcement agency be notified of all sudden deaths without delay, such rules to be approved by your committee before becoming effective.

FINANCE & TAXATION COMMITTEE

By James L. Dampierre, Chairman

Marquette County Board of Supervisors,  
Marquette, Michigan  
Gentlemen:

Your Finance and Taxation Committee recommends that the various Departments in the Court House and Jail Group keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Supervisors.

In the case of an emergency or in case a department requires additional funds or needs some special equipment which would not be foreseen at the time of the annual meeting we recommend that the head of that department, together with the Controller present the matter to the Board of Supervisors for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any department exceeds the need of that department, or if a sum authorized is found unnecessary then we recommend that authority be granted transferring a sum or surplus to some other department by proper resolution of the Board of Supervisors.

It is recommended that any credit balances existing at the close of the fiscal year in the Social Welfare Fund and Direct Relief Fund be transferred to the Social Welfare Department Revolving Fund to apply against possible future deficits of the Department of Social Welfare.

Respectfully submitted.

Members of the Marquette  
County Board of Supervisors  
Marquette, Michigan  
Gentlemen:

The Highways and Bridges Committee had its annual highway tour and inspection on September 27, 1961, and wishes to report the progress made to county roads during the 1961 season.

On County Road HC to Forrestville, 2.2 miles of local road was paved and completed. Marquette Township shared in the cost of this project.

On County Road 492 from County Road HD to HA, a distance of 1.08 miles, reconstruction of the road and road shoulders was carried out as a bid project. Reconstruction of 1.01 miles of roadway on County Road HA from County Road 492 easterly to the Marquette City limits was also carried out this season as a bid project. Surface completion of these projects was made by County Road forces.

Approximately 7 miles of roadways and streets were paved in the Plat of Gwinn and vicinity in co-operation with the Forsyth Township Board.

As of September 22, 1961, the blacktop plant produced 43,162 tons of blacktop during the season. 14,978 tons of this blacktop were placed on the primary road system; 24,196 tons on the local road system and 3,988 tons were furnished to the three cities of the county, the Forsyth School District, the County Airport and the Michigan State Highway Department.

Bids were taken this season for the reconstruction of 16.1 miles of highway in Wells Township. The contract was awarded to the I. L. Whitehead Co. at a total bid price of \$320,000.00. One-half

of this cost will be paid by the U. S. Government. Completion date on this project is December, 1961.

Bids were also taken this season for the reconstruction of 1 mile of County Road 561 running northerly from County Road 480 in Negaunee Township. This bid was awarded A. Lindberg and Sons at a total cost of \$61,600.00 with the U. S. Government sharing in the cost. Completion date on this project is December, 1961.

The reconstruction of approximately 1.6 miles of roadway on County Road 561 from U.S. 41 southerly to County Road 492 is planned as a winter project to be carried out by the Road Commission forces. A relocation project on County Road 557 for a distance of approximately 15 miles south from County Road EA is also being planned for completion during the 1962 season.

Approximately 42 miles of blacktop surface construction is scheduled in Wells Township for the 1962 construction season. The actual miles of paving are about equally divided between the primary and local road systems and the cost of the local road system portion will be carried out in co-operation with the Wells Township Board.

In addition to the above projects, the Road Commission carried out its normal summer and winter maintenance operations.

Your committee made an inspection of the bridge carrying County Road BAA over the Chocloy River in Chocloy Township. Since the project involves engineering and there is a problem of financing to be worked out, your committee has requested the Marquette County Road Commission to make a thorough study of the problem and report directly to the Board of Supervisors after the study has been completed.

Respectfully submitted,

Honorable Chairman and  
 Members of the Marquette  
 County Board of Supervisors  
 Marquette, Michigan

Gentlemen:

At the Oct. 23, 1961 meeting of your Audit Committee, a study was made of the 1960 annual audit of county departments prepared and submitted by the Auditor General of the State of Michigan. Your Committee was very pleased to find all transactions in order with the exception of two minor matters in the records at Morgan Heights Sanatorium. One involves a difference of \$10.46 between the sanatorium's general ledger and the County Treasurer's Control and the other item is a matter of retention of cancelled checks. Arrangements have already been made at Morgan Heights Sanatorium to correct both of these matters.

Respectfully submitted,

**AUDIT COMMITTEE**

 FRED RYDHOLM

✓ The following report of the Budget and Executive Committee was read. Supervisor Kivela moved it be adopted. Supported by Supervisor York and carried. Honorable Chairman and Members of the Marquette County Board of Supervisors Marquette, Michigan Gentlemen:

Your Budget and Executive Committee, to whom was referred a proposed resolution submitted by the Upper Peninsula Committee on Area Problems (U.P.C.A.P.) inviting Marquette County to membership in U.P.C.A.P., wishes to report that the matter has been under consideration by your committee for the past three months.

Marquette County has an economic planning committee made up of prominent, well qualified people who are meeting regularly and have, in the short time of less than one year, accomplished a great deal. This Marquette Economic Study Committee has already completed the preparation of a preliminary Overall Economic Development Program which has been accepted by the Federal Government in qualifying Marquette County for certain benefits. It is expected that this organization will continue to function for the benefit of Marquette County residents.

Recently a report was made available of a two year study of economic resources of the Upper Peninsula prepared for the Michigan Economic Development Commission by Ebasco Services Inc. This report was financed by the State of Michigan and civic minded groups and corporations throughout the entire Upper Peninsula. The report is adequate and complete. Marquette City and at least two of the adjoining townships in Marquette County are currently planning their districts.

Your Committee feels that Marquette County has had and is getting adequate development planning and that no additional funds should be made available from tax monies for this purpose. It is recommended, therefore, that the Board of Supervisors decline the invitation to participate in the Upper Peninsula Committee on Area Problems and that it continue to co-operate with the existing planning agencies in Marquette County and the Upper Peninsula.

Respectfully submitted,  
 Budget and Executive Committee

Whereas, the United States of America has heretofore filed a complaint in the Federal District Court at Marquette, Michigan, seeking to condemn certain lands in which the County of Marquette claims an interest,

which said action is known as Miscellaneous No. 89, and,

Whereas, the lands involved in said condemnation proceedings are identified as Tract No. A-100-8, and Tract No. A-123, and,

Whereas, the County of Marquette holds a fee simple title in and to Tract No. A-100-8 as more particularly described in Schedule "A" attached to said complaint, and said County holds a defeasible fee interest in Tract No. A-123, as more particularly described in said Schedule "A", the State of Michigan holding a reverter interest in said property in the event that said property should ever cease to be used for forestry purposes, and,

Whereas, it has been agreed among representatives of the United States of America, the County of Marquette, and the State of Michigan that the just compensation to be paid for Tract No. A-100-8 is the sum of Nine Hundred and Fifty (\$950.00) Dollars, and the just compensation for Tract No. A-123, is the sum of One Thousand Two Hundred Fifty (\$1,250.00) Dollars, and,

Whereas, it has been agreed between the County of Marquette and the State of Michigan that the total compensation to be paid for the said Tract No. A-123, being the sum of One Thousand Two Hundred Fifty (\$1,250) Dollars shall be refunded by the State of Michigan to the local taxing units in Marquette County with jurisdiction over said tract, in proportion to their tax equities and,

Whereas title to both said tracts No. A-100-8 and A-123 became vested in the United States of America upon the initiation of said condemnation proceedings,

Now Therefore, Be It Resolved:

1. That the County of Marquette does hereby assign, transfer and set over to the State of Michigan all of its interest in the condemnation award to be paid with respect to Tract No. A-123, as more particularly described in Schedule "A";

2. That the County of Marquette hereby consents to the taking of the premises known and described in said suit as Tract No. A-100-8, and consents that the reasonable value of said

3. That Edward A. Quinnell, Prosecuting Attorney for the County of Marquette, be authorized to execute on behalf of said County, the Stipulation attached hereto, and such further documents as may be necessary to effectuate and complement this resolution.

The Chairman extended Season's Greetings to the assembly.
