A resolution adopted by Alleghen County in regard to the County publishing an account of receipts and expenditures each month, was read. It was moved by Commissioner Agnoli, supported by Commissioner Goldsworthy, that an identical resolution be adopted asking the Legislators to repeal the statute requiring publication of claims and accounts paid. This motion was defeated by a roll call vote. The following Commissioners voted aye: Commissioners Agnoli, Goldsworthy, and Leadbetter. Commissioners Coombs, Doucette, Gaboury, May, Racine, Trapp and Anderson voting nay. The majority of the Board felt that it is important for the people of the County to know how and where all County monies are spent. It was then moved by Commissioner Coombs, supported by Commissioner Leadbetter and carried that the matter of costs of these publications be referred to the Budget and Executive Committee for study and report as to a more economical way to publish all these claims and accounts. The concern of the whole Board was the cost of publishing these claims and not the publishing of the claims.

A communication from the Prosecuting Attorney, in regard to legal responsibility of enforcing Dog Control, was read. It was moved by Commissioner Leadbetter, supported by Commissioner Trapp and unanimously carried by a roll call vote that the matter be referred to the Environmental Quality Committee for study and report.

The Board was reminded that a vacancy still existed in regard to a person being elected as Commissioner in the Sixth Commissioner District, composed of Ishpeming Township, and parts of the City of Ishpeming. It was moved by Commissioner Racine, supported by Commissioner Goldsworthy and unanimously carried by a roll call vote that the Board request the County Clerk to set up the mechanics for such an election, that would include both a Primary Election and General Election, and that the possibility of this election being held in conjunction with the election for Ishpeming Township Supervisor, be looked into by the County Clerk.

It was moved by Commissioner Trapp, supported by Commissioner Doucette and carried that a suitable plaque and letter of recognition be drafted by the County Clerk, for delivery to Mr. H.L. Shroeger, retired Superintendent Engineer of the Marquette County Road Commission. Presentation to be made by Commissioner Doucette, Chairman of the Transportation Committee.

It was moved by Commissioner Trapp, supported by Commissioner Leadbetter and unanimously carried by a roll call vote that the Board of Commissioners adopt a resolution in regard to the problem of increased rates for Malpractice Insurance for Doctors, and that copies of the Resolution be sent to Senators Hart and Griffin, Representative Ruppe, Governor Milliken, all Upper Peninsula Representatives, the State Bar Association, the State Medical Society, Michigan State Insurance Commission, and the Marquette County Medical Society.

RESOLUTION

WHEREAS, the health of our citizenry should be a prime concern of all officials, elected and appointed, and,

WHEREAS, the non availability of malpractice insurance for physicians will impose impossible hardship on all citizens throughout the nation, and,

WHEREAS, some types of medical services by Marquette County physicians will be affected as early as May 1, 1975, and,

WHEREAS, assigning blame or seeking to determine cause of a completely untenable situation should be secondary to an immediate solution,

THEN HEREBY BE IT RESOLVED, that the Marquette County Board of Commissioners urges all appropriate officials, elected and appointed, on all levels of government, to pursue without delay a solution to the problem of malpractice insurance for physicians in order that not one citizen be jeopardized in any way in his ability to seek out the best possible medical services available, and,

BE IT FURTHER RESOLVED, that if an immediate interim solution be devised that said solution be only the first step in a long-range insurance program that will assure both patient and physician the protection necessary to a satisfactory physician-patient relationship.

BE IT KNOWN, that copies of this resolution are being sent to Senator Hart, Senator Griffin, Representative Ruppe, Governor Milliken, all U.P. Legislators, the State Bar Association, the State Medical Society, Michigan State Insurance Commission, and Marquette County Medical Society.

Henry A. Skewis
County Clerk

Clayton J. Anderson
Chairman, County Board of Commissioners

RESOLUTION

WHEREAS, the Constitution has divided the three branches of government into Legislative, Executive and Judicial and

WHEREAS, all three branches were created as co-equals, each with its own powers and duties, thus acting as a check and balance for each other, and

WHEREAS, the Separation of Powers Doctrine has been and always must be a basic concept to prevent the dictatorial usurpation of power by one branch over the other.

WHEREAS, recently the Supreme Court of the State of Michigan has arrogantly overridden this historic concept of Separation of Powers by its dictatorial and self-serving adoption of the Inherent Power Theory, thereby assuming legislative powers, and

WHEREAS, it appears the only redress we have from this rueful precedent is by direct legislative process,

NOW, THEREFORE BE IT RESOLVED by the Marquette County Board of Commissioners that we strongly support and recommend enactment by the Legislature of House Joint Resolution F which would add Section 31 to Article 6 of the Michigan Constitution banning any court or judge from ordering the Legislative Body of the State of Michigan or any County, City, Township or Village to appropriate money for any reason.

With copies to be provided to the Governor, the Supreme Court, Legislators, Chairmen of Judiciary Committees of both House and Senate and to clerks of the 82 Counties and Michigan Association of Counties.

RESOLUTION DECLARED ADOPTED

Henry A. Skewis
County Clerk

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the Board of Commissioners of the County of Marquette, State of Michigan, at a Monthly Meeting held on March 19, 1975, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting notice by publication or posting at least twelve hours prior to the time set for the meeting.

Henry A. Skewis
County Clerk

It was moved by Commissioner Leadbetter, supported by Commissioner Trapp and unanimously carried by a Roll Call vote that the County Clerk proceed with having the Bonds printed by Midwest Bank Note Company, of Plymouth, Michigan, for the approved cost of \$259.00 plus an additional cost of \$15.00 for each additional rate change.

A resolution in regard to what is assumed to be unfair fire rating equipment standards, set by the Insurance Services Office in Detroit, Michigan, was read. It was moved by Commissioner Doucette, supported by Commissioner Gaboury and carried by a roll call vote, that the following resolution be adopted and the ayes and nays recorded as follows:

Ayes: Commissioners Alderton, Coombs, Doucette, Gaboury, May, Racine, Trapp, and Anderson.

Nays: Commissioners Agnoli, Cheatham, Goldsworthy and Leadbetter.

RESOLUTION

WHEREAS, the Marquette County Board of Commissioners is against the present means being used by the Insurance Services Office (ISO) in Detroit, which sets fire insurance rates for Michigan Communities, and

WHEREAS, a large part of the rating has to do with the age of the fire engine and has little or no consideration given to its capabilities to still get the necessary job done. Many small Communities are forced to buy new fire engines to keep their fire ratings, and the old fire engines often have less than 10,000 miles on them and are still like new,

WHEREAS, the County of Marquette is asking that a more sensible approach to the enforcement of fire insurance equipment standards be set. When large sums of money on a new chassis, engine, etc., are spent, when only the pumping equipment and tank requirements should be updated to meet standards, the engine, chassis, ladders, hoses, etc., are basically the same from truck to truck, and a truck with 10,000 miles or less is far from worn out,

THEREFORE BE IT RESOLVED, that the County of Marquette join the struggle of Congressman Philip E. Ruppe and the Village of Mineral Hills, and City of Iron River, in bringing about an investigation of Insurance Services Office by the State of Michigan Insurance Bureau,

BE IT FURTHER RESOLVED, that the County of Marquette ask each County Commission to pass a similar resolution and pass it on to their representatives and down to the Municipalities located within its jurisdiction for consideration.

RESOLUTION

WHEREAS, the Proposed Revised Juvenile Code has been reviewed in detail by the CUPPAD Criminal Justice Planning Committee, and

WHEREAS, school and home truants would no longer be able to be petitioned to probate court, even as a last resort, and therefore, may quit school or may run away from home at will, and

WHEREAS, the proposed juvenile code is extremely cumbersome procedurally, and the rights that it seeks to safeguard would, in fact, be violated because of these difficulties,

BE IT FURTHER RESOLVED, that copies of this resolution be sent to all Upper Peninsula Legislators, to all County Board of Commissioners in the Central Upper Peninsula, and the CUPPAD Regional Commission.

RESOLUTION

WHEREAS, the Lake Superior water level has been steadily increasing for the last several years and is now approaching a record high mark due to control of Superior's outflow at Sault Ste Marie, and

WHEREAS, these increasingly high water levels have caused and continue to cause extensive shoreline erosion and extensive damage to personal property along the shore of Superior, and

WHEREAS, at a recent meeting in Marquette held by the U.S. Army Corps of Engineers discussion was held on methods of reducing damage caused by high water, but no discussion was allowed on the Corps' policy of maintaining the high water levels, and

BY Hope Y. Trapp, Chairperson

Honorable Chairman and Members of the
Marquette County Board of Commissioners
Marquette, Michigan

Ladies and Gentlemen:

Your Finance and Taxation Committee recommends that the various departments in the Courthouse and Jail Group keep within the budgets as adopted at the annual meeting and that no clerk hire or salaries be paid beyond the amount fixed by the Board of Commissioners.

In the case of an emergency or in case a department requires additional funds or needs some special equipment which could not be foreseen at the time of the annual meeting, we recommend that the head of that department, together with the Controller, present the matter to the Board of Commissioners for their consideration and that they grant, where deemed necessary, authority to exceed the figures established in the annual budget.

If it develops that the amount stipulated in the budget of any department exceeds the need of that department, or if a sum authorized is found unnecessary, then we recommend that authority be granted to transfer a sum or surplus to some other department by proper resolution of the Board of Commissioners.

Respectfully submitted,

FINANCE AND TAXATION COMMITTEE

A recommendation from the Environmental Quality Committee, and a resolution concerning excessive muffler noises, were read. It was moved by Comm. Coombs, supported by Comm. May and unanimously carried by a roll call vote, that the following resolution be adopted.

RESOLUTION

WHEREAS, The use of motorcycles and motor-driven vehicles is growing in Michigan and in Marquette County each passing year; and,

WHEREAS, Since 1970, the number of motorcycles in the State has been increasing at a rapid pace, compared with a 20 per cent increase in the total motor vehicles between 1970 and 1974, the number of motorcycles has increased 96 per cent; and,

WHEREAS, There are an increasing number of individuals in Marquette County that have no respect for the laws of our State or the residents of our County, by altering their exhaust systems or driving with bad exhaust systems to the point that, if driven on our roads and highways, the noise level is so excessive it is an excessive irritant; and,

WHEREAS, The residents of Marquette County should not have to tolerate such excessive noise created by motor-driven vehicles in our County and State.

NOW, THEREFORE, BE IT RESOLVED, That the Marquette County Board of Commissioners go on record petitioning Secretary of State Richard H. Austin, the Michigan Association of Counties, Colonel George L.
