GOV. JOHNSON WILL APPROVE THE LAND BILL

Answer of California Executive to the National Administration Notice That He Will Sign the Anti-Alien Measure—He Wires Lengthy Explanation.

Proposed Act Violates No Treaty, He Says, nor Does It Present Any Discrimination—Duty to the State and People Impels Him to Give It Ratification.

Sacramento, Calif., May 14.—Expressing his determination to sign the alien land bill recently passed by the legislature, Governor Hiram W. Johnson of California telegraphed to Secretary of State Bryan late today a lengthy explanation of the action taken by the legislature in passing the measure.

After a long explanation, in which he states that while the legislation does not contravene any treaty with Japan, he governor says: People of the State United. "We have shown no shadow of discrimination; we have given to no nation the right to be justified in taking offense."

London Standard Sees Significance in Forthcoming Visit to the Mediterranean. "Europe will be reminded of the fact, often ignored, that the United States is the second naval power of the globe."

Washington's Task Difficult. Washington, May 14.—With Governor Johnson's announcement today that he will sign the California alien land bill in spite of the federal administration's appeal for a veto, it now becomes a question whether it will proceed with negotiations with the Japanese government on the basis of defending and maintaining the right of the Californians to deprive the Japanese of the right to acquire property.

AD OF LUTHERAN SYNOD PREDICTS A UNION OF ALL THE PROTESTANT CHURCHES. Jackson, Kas., May 14.—A "Universal Christian church," in which all Protestant sects shall be united, is the hope of the future, and rapid strides toward the accomplishment of such an ideal are being made, according to statements of the Rev. Junius B. Remensnyder, pastor of St. James Lutheran church, here today at the forty-fifth biennial convention of the general synod of the Lutheran church.

MODERN INSURGENTS IN CONVENTION TODAY. Springfield, Ills., May 14.—Eight hundred Modern Woodmen insurgents will convene here today for the purpose of electing officers of the society, because of the attempt to increase the size of the order, when a national convention of insurgents meets here tomorrow.

RINETTE WOMAN FINDS RACCOON UNDER HER BED. Marinette, Wis., May 14.—When Mrs. D. Fitzpatrick, looking for the prowling man, glanced under her bed last night, she was startled by two shining eyes, which, upon investigation, proved to be those of a large raccoon. Alarmed,

SENATE HEARS A PROTEST SENT FROM MICHIGAN

Much to Republican Enjoyment a Letter Written by a Lansing "Original Wilson Man" Is Read, Despite Strenuous Democratic Endeavors to Suppress It

Author of the Epistle, Louis C. Rowley, Wielding a Fluent Pen, Bitterly Condemns the Free Sugar Plan—Calls It a Boomerang to Knock Out the Party.

Washington, May 14.—Using an "original Wilson man" from Michigan with a fluent pen for an oracle, the anti-free sugar Democrats, led by Senator Ransdell of Louisiana, assailed the Underwood sugar schedule in the senate today, despite the strenuous efforts of Senator Simmons and other Democrats to stop the attack.

The Republicans enjoyed the efforts of the Democratic leaders to prevent the reading of a long letter submitted by Senator Ransdell and written by Louis C. Rowley of Lansing, in which the free sugar advocates were characterized as "unscrupulous, unpardonable apostates of Democratic faith" and the free sugar schedule a "boomerang to knock out the Democratic party."

DISCUSSES CRUISE OF AMERICAN FLEET

Sees Danger in Wilson's Zeal. With Republican votes, Senator Ransdell was aided in getting the long epistle before the senate as a part of the arguments against the proposed sugar tariff.

London, Thursday, May 15.—In an editorial on the proposed visit of the American fleet to the Mediterranean, the Standard today says: "Europe will be reminded of the fact, often ignored, that the United States is the second naval power of the globe."

AEROPLANE AVIATOR COLLIDED AND ONE AVIATOR IS KILLED. Johannisthal, Germany, May 14.—Another collision in the air occurred here today. A highly skilled pilot named Dietrich as a passenger collided with a monoplane at an altitude of sixty feet.

MILITANTS APPLY THE TORCH AGAIN. Organ in Historic Church in England Is Destroyed by a Fire Set by Suffragettes. London, May 14.—Militants this evening set fire to the organ of the old parish church of Penn, Buckinghamshire, which because of its associations with the founder of Pennsylvania is of great interest to Americans.

MOB HANDLES WOMEN ROUGHLY. Hastings, England, May 14.—A joint demonstration of the Tax Register's league and militant suffragettes held here today as a protest against the sale of belongings of those who refused to pay taxes, was broken up by a mob. The women were roughly handled and half-smothered with soap.

POWERS OCCUPY SCUTARI. Cetinje, Montenegro, May 14.—An international naval force, commanded by Vice Admiral Burney of the British navy, took possession today of the fortress of Scutari. The international force was escorted into the city by a Montenegrin guard of honor.

NINE BOY PRISONERS IN CHICAGO ARE FOILED IN BOLD PLOT TO ESCAPE.

Chicago, May 14.—Nine boys, prisoners in the juvenile home, muffled to night, bound and gagged their male attendant and made a break for liberty. They were prevented from escaping by policemen on the beat attracted by the noise of the boys.

GOV. HEDGES RIGHTS CRIME AGAINST MAN

Convict Who Served 23 Years for Stealing \$3 Watch and a Meal Is Paroled. Topeka, Kas., May 14.—Upon information that he had spent twenty-three of his thirty years of life in prison for no other crime than the theft of a \$3 watch and a meal, Arthur Patten was paroled from the state penitentiary today by Governor Hedges.

JACK JOHNSON FEARS HE'LL GO TO PRISON

He Says—Claims Defense Has Cost Him \$60,000. Chicago, May 14.—Jack Johnson, convicted yesterday of violating the Mann white slave act, was crushed today by the realization that the conviction might send him to prison.

EASTERN TRAIN CONDUCTORS WILL ASK INCREASE OF PAY.

Forty-eight Eastern railroads will present their demands for an increase in wages of from 15 to 20 per cent. July 1, and if the roads refuse to arbitrate a strike will be ordered within the fortnight following, said F. S. Thomas, general chairman of the Eastern association, here today. Mr. Thomas is in Detroit, at the biennial convention of the Order of Railway Conductors.

NATIONAL LEGISLATION IN PROSPECT.

Congressional action prohibiting miscegenation is expected to result from the conviction of the negro champion prize fighter, Representative Hodder of Georgia, who has introduced legislation in congress forbidding the intermarriage of blacks and whites, today sent word to the federal officials here, asking for a transcript of the testimony in the case. Mr. Hodder said his intention was to use the story developed in the Johnson trial to show that relations between the races are impossible.

FREDRICH FRIEDMANN BOOKED FOR HARSH CRITICISM TODAY.

St. Louis, May 14.—A resolution condemning Dr. Friedrich F. Friedmann, discoverer of an anti-tuberculosis serum, has been prepared and will be introduced in tomorrow's session of the annual convention of the Missouri Medical society. A great many of the delegates are said to be vigorously opposed to the German physician's method of treating the disease.

THE MERRY DANCE.

Rev. Adams, of Calumet, formerly stationed at Ishpeming, is not in agreement in regard to the question of dancing in the public schools with many other clergymen of infinitely more experience than he in sociological work and the encouragement of civic morality. He has treated of this subject exhaustively in a sermon in which the school authorities are placed under a burden of criticism because they have sanctioned school dances.

But while Rev. Adams would prevent the schools from in any manner being identified with dancing, there are, as we have said, many clergymen of all denominations, experienced in sociological work and possessed of the idea that for every social evil there must be supplied a constructive remedy, who urge that there shall be not fewer, but more, dances in the public schools. These dances, they say, should be given not for students alone, but for the general public as well, as part of the social center activities now being developed in the schools.

There will be, of course, essential agreement with Rev. Adams' characterization of the public and un-sponsored dance as a source of corruption of the young and as a means of sending many young persons, of both sexes, the wrong way. Even in the smaller towns, where the public dance is not accompanied by the promiscuous sale of liquors, the moral tone of the public dance hall is low, and its influence tends to the breaking down of character.

But the young of the world, and the old, too, have always danced, and always will dance. Even the religious prohibition on this form of social amusement formerly imposed by Rev. Adams' denomination has broken down, and this to such an extent that it has been proposed formally to abrogate it. Rev. Adams' congregation surely contains a large representation of dancers who can see no harm in the amusement.

Thus the question arises whether Rev. Adams is not spending his energies along the wrong line. He can't stop dancing. His homilies on the subject will even be unavailing materially to decrease the amount of it that is carried on. It is even to be doubted whether he can, in any manner, influence the school trustees of Calumet to interfere with dancing in the schools, for the public view on this subject is broader than Rev. Adams; and the practice of holding high school dances under proper chaperonage is generally approved.

Wouldn't it be far better if Rev. Adams and the men inclined to follow his lead in this matter would concern themselves with its constructive phase? The way to wean young persons away from dangerous amusements, or resorts where conditions leave much to be desired, is to supply some alternative entertainment that will claim, and hold their attention in surroundings in which no harm can come to them. The most effective way in the world to combat the vicious public dance would be to provide public dances, at moderate expense, where the proprietors would be insisted on, but where there would be no unnecessary restriction of the individual.

If this view is correct, and it has the endorsement of all authoritative social workers, men like Dean Sumner, of Chicago, what is needed is not fewer dances in the schools, but more dances. When our schools have reached their greatest development they will be largely given up to social uses in the hours the children are not busy in them, and they will frequently resort to the merry music of the dance and the happy voices of dancers attracted, perchance, from less desirable environments, and well entertained in surroundings where no harm can come to them.

IN WISCONSIN.

If the male and female possess in Wisconsin continue to let their tongues clap with little regard to the truth and with criminal carelessness of the rights and reputations of other persons, they will do it at their peril, for the legislature passed a bill designed to fit their particular cases which Governor McGovern lost in time signing.

This law provides that anyone who, in the presence or hearing of another, other than the person slandered, whether he be present or not, shall maliciously speak of or concerning any person in such a manner as shall impair his or her reputation for virtue or chastity, or expose him or her to hatred, contempt or ridicule shall be deemed guilty and be punished by a fine of not more than \$500 or imprisonment for a term not exceeding one year.

The bill, it will be seen, is adequate to provide effective legal discouragement for the crime of mischief-breeding slander, and a few cases successfully prosecuted under it would be effective, no doubt, to curb this vicious practice. In most states slander is even now a crime punishable by law. The trouble is the legal penalties are not imposed sufficiently to make the law respected.

The Wisconsin law, it will be noted,

does not make malice essential to the crime. Gossips, male or female, who thoughtlessly take a kick out of a perfectly good reputation are as likely to be haled into court under it as those who spread discreditable tales with malice. All slanderous gossip, under any circumstances, is absolutely tabooed. The law will be a ready weapon for any person who desires to nail a vicious lie affecting his character. It won't require much enforcement of its provisions to put silencers on the clapping tongues that would as soon blast a reputation as discuss what Jones had for dinner. It may make an effective modern equivalent for the ducking stool.

IS ALL IN THE RECORD.

A reading, with the compliments of the U. S. government via the Congressional Record, of Mr. Young's address of resignation of Saturday last shows that he made a strong case for the state board of canvassers that issued to him a certificate of election. The cases he cites and his general argument on the subject appear, to a layman, fairly conclusive.

Whether the board of canvassers would have disposed of the matter just as it did if a Republican, and not a Progressive, had been the aggrieved party is a matter of doubt, and there will ever be those who will believe that it was Mr. Young who had suffered in Ontonagon county through the misprinted ballot he would have been tipped off by the board as to the situation and been given a chance to appeal to the courts before the issuance of a certificate of election to his opponent. Then he would have been able to have forced the issue in the courts before the question of the ultimate jurisdiction of another tribunal could have arisen.

In his address Mr. Young contends in detail and at length that the supreme court did have authority to dispose of the MacDonald case and did, in fact, consider it on its merits, finding against Mr. MacDonald. But, as 'The Mining Journal' has pointed out, it has been contended in extenuation of the course of the court—or in explanation of it—that the court did not go into the merits of the case, but refused to do so for the reason that congress had ultimate jurisdiction. Mr. Young and the men and newspapers that have advanced this defense of the court's action, or refusal to act, obviously cannot both be right. This continues one of the obscure features of the case.

In the course of the debate, Mr. Young explained another matter that has been the cause of considerable discussion. The point has been made that while the votes cast in Ontonagon county for "Shelden William J. MacDonald" were not counted for "Gustavus A. Pope" (Pope being a misspelling of Pope) were counted. This was due, Mr. Young explained, to the fact that the Ontonagon county board of canvassers was furnished with a printed list of returns on the state candidates on which the name of Pope was properly spelled. They had to write the names of the candidates for congressmen in making the returns and they copied Mr. MacDonald's name in the form in which it was printed on the ballot.

The debate developed an explicit understanding of the status of Mr. MacDonald as an aspirant for a seat as representative of the Twelfth. It was stated that his case is just where it was before Mr. Young's resignation. He will have to prove title, just as he would have had to have done in the first instance, and he will have to satisfy a majority of the members that he is entitled to a seat among them. The merits of the case were little entered into during the debate, and there was little said, or done, to indicate bias on the part of individual congressmen either for or against Mr. MacDonald.

Nevada, California, Wisconsin, Massachusetts, New York, Connecticut, Rhode Island and Vermont have more than 250 insane persons to each 100,000 population.

That self-preservation is the first law of nature is an axiom that explains why Boss Murphy and Boss Barnes have joined hands and hearts to prevent the passage by the New York legislature of an honest primary bill. No boss can bullyrag a primary election legislature, it looks for its instructions to the people who under the representative system of government it is supposed to represent. Besides, Boss Barnes has also noted that the job of guarding the ark of the covenant is a much more difficult one in the primary election states than it has been in states, like New York, where coalitions of bosses have so far succeeded in fighting the people off.

"If the Progressives stand for principle they will stand with the Democratic party," says Mr. Bryan. Mr. Bryan will no doubt explain how the Progressives who stand for principle can stand with the Democratic party in New York, where, under dictation of Boss Murphy, and with the able assistance of the Republican machine responsible to Boss Barnes, the Democrats of the legislature brazenly refused to redeem the party pledge to give the state an honest primary election law. What particular principle is inherent in an organization

that has compelled Governor Sulzer to call a special session of the legislature to seek to redeem a plain promise and that makes it necessary for Colonel Roosevelt to take the stump to help strengthen the governor's hand, so that the people of New York may take over the management of their own political affairs? And, by the way, is Mr. Bryan going to Governor Sulzer's assistance that this Democratic promise may be redeemed and to place to the credit of the party this piece of highly essential progressive legislation?

Obviously the fact that Mr. Bryan got a strange hold on the Baltimore convention and forced it to nominate a progressive candidate for president does not make the Democratic party progressive. No more does the fact that fear of the Progressives and the shadow of Roosevelt has given the Democratic majority in congress an appearance of cohesiveness that, in fact, by no means possesses. More bosses and Bourbons are found in the Democratic party than in both the Republican and Progressive parties put together, and well Mr. Bryan knows it. There were enough of 'em at Baltimore to cut his comb when he aspired to be the temporary chairman of the convention, and if the Democratic convention acknowledged the rule of the majority, as all the other conventions do, Mr. Bryan's head would have been chopped off to make a Democratic holiday. The Democratic party may be progressive at the head and the feet, but it has a body of Bourbons whom the present administration is making mighty tight.

The organization men and the "originals" are now aligned against one another in an effort to land the Menominee postoffice. Representative Beakes has endorsed Cuddy, the candidate of the originals, and the organization men are behind Juttner. M. J. Doyle, one of the leading Democrats of the county, asserts that the candidacy of Juttner is generally supported by the rank and file of the party, and says that if the organization is turned down the Democrats will be set back in the upper peninsula in a way that it will take several years to make good. Some talk is heard that the originals may accept Juttner, but it is probable that the contest will be fought through along the lines already mapped out. If this is the case, it will be highly interesting to observe whether Beakes can win for the originals or whether the organization men will be able to have the last word effectively. It is perhaps the clearest test case of the respective strength of the rival factions that has yet been made up in Michigan.

Judging from the conservative attitude of the standpat Republican press toward the Chicago conference, it is not enamored either with its personnel or the trend of its deliberations. If the G. O. P. is to be reorganized, the question of who will be the reorganizers is apparently going to give rise to considerable friction.

Suspicion to the contrary notwithstanding, it is said there is no connection between Mr. Bryan's wireless dinners and the skepticism that the continental countries display toward his peace plans.

That self-preservation is the first law of nature is an axiom that explains why Boss Murphy and Boss Barnes have joined hands and hearts to prevent the passage by the New York legislature of an honest primary bill. No boss can bullyrag a primary election legislature, it looks for its instructions to the people who under the representative system of government it is supposed to represent. Besides, Boss Barnes has also noted that the job of guarding the ark of the covenant is a much more difficult one in the primary election states than it has been in states, like New York, where coalitions of bosses have so far succeeded in fighting the people off.

"If the Progressives stand for principle they will stand with the Democratic party," says Mr. Bryan. Mr. Bryan will no doubt explain how the Progressives who stand for principle can stand with the Democratic party in New York, where, under dictation of Boss Murphy, and with the able assistance of the Republican machine responsible to Boss Barnes, the Democrats of the legislature brazenly refused to redeem the party pledge to give the state an honest primary election law. What particular principle is inherent in an organization

One on Two Swaggers.
Mark Twain was in a restaurant one day and found himself next to two young men who were putting on a great many airs and ordering the waiters about in a most impressive fashion. One of them gave an order and told the waiter to inform the cook whom it was for.
"Yes," said the other, "better tell him my name, too, so as to make certain of its being all right."

The Earl of Morley, on his return from Jamaica, remained a while in New York, and at a dinner there he told, apropos of self-confidence, a story about a young English statesman.

He wanted recently to push a bill that had little support from his own party. A friend, however, said to him in a warning voice:

Full of Innuendo.
Apropos of the incorporation of the New York Stock Exchange, Theodore P. Shonts said the other day:
"Doubtless the incorporation of the exchange will be a good thing. I deprecate, though, the idea that there is a low standard of honor among stock brokers on Wall Street, and so many crooks on the Stock Exchange that every sentence contained an innuendo—like the San Quentin prison tale, you know."
"There were two convicts in San Quentin, one in for stealing a watch, the other for stealing a cow. They disliked one another, and their conversation was full of innuendo."
"Thus the man who had stolen the cow said to the one who had stolen the watch:
"What time is it Jim?"

Wonderful Visit.
A well known insurance official said the other day at the Auditorium in Chicago:
"In the beginning of my career, when I was only a humble insurance agent, I gained access one morning to the august and formidable presence of J. Pierpont Morgan."
"Not?"
"Yes," the official insisted; "yes, it was. I was qualified to propose such a getting together. Some of the Swiss Cantons are French, others are German, and the Swiss national feeling is friendly to both her great neighbors. The fact that men of French and Swiss race co-operate so excellently in the Alpine republic is of itself an indication that there is no ineradicable reason for enmity between Gaul and Tenton."
The conference is not expected to have definite results, as it will not be a gathering which can be officially recognized either by France or Germany. It should, however, be of value in paving the way toward a better understanding between the two peoples. Anything which even looks toward ending the present unendurable conditions of the armed peace is commendable. Switzerland merits praise for her disinterested assumption of the role of international philanthropist.—Cleveland Free Dealer.

Mediation in Time of Peace.
The national council of Switzerland, desirous of mitigating the hostile feeling in France and Germany, has proposed a Franco-German conference to be held at Berne. The parliaments of both countries are urged to send as many members as possible to participate. The suggestion has been received in a friendly spirit in both France and Germany. A Swiss citizen is qualified to propose such a getting together. Some of the Swiss Cantons are French, others are German, and the Swiss national feeling is friendly to both her great neighbors. The fact that men of French and Swiss race co-operate so excellently in the Alpine republic is of itself an indication that there is no ineradicable reason for enmity between Gaul and Tenton.

EDITORIAL OPINION

The Progressive Example.
In the one state in which it was placed in full power by the election last fall—California—the Progressive party through its legislature and governor so executed the commission given it by the people of California that today, on the adjournment of the legislative session, it can pride itself on having kept complete faith with the people. Whatever one may think of its program, or of specific measures therein, it is only praise for the performance. Party allegiance to pre-election promises is not so common in this country, or in the average American state, that strict adherence to campaign pledges after success has greeted the proposals ought to be let pass unnoticed.

All of the legislation passed is new for California, and, again for California, radical. Some of the measures have been in force in other states of the Union for some time. For instance, a workmen's compensation act is part of the result in California; we in Michigan have had that law in operation for some months now. In yet other things, California is placed by this legislature abreast of other progressive states; in the enactment of a mothers' pension act and of a teachers' pension act, to cite instances. In some few matters, California is given advantage by the passage of advanced measures which so far have reached only the stage of discussion in other states. But in nothing has California ventured into entirely unexplored fields; for all her new laws are at least in course of consideration in other states of the American Union, and in some of the other progressive states in some political way of the world.

A summary of the laws passed by the progressive legislature, under the urging of Gov. Hiram Johnson, includes a workmen's compensation act; teachers' pension act; mothers' pension act; a rural credit commission to study the European systems of handling farm loans; a minimum wage law; the creation of a corporation commission to regulate investment securities; a non-partisan primary election law; state civil service commission to control practically all non-elective positions; state water commission, to control power and irrigation supplies; the red-light abatement law, which brings responsibility for the housing of vice squarely to the property owner and threatens him with confiscation of his property by the state for a year as penalty for violation; provision for the aiding of discharged convicts and for the payment of a wage to convicts set at labor while in prison; direct election of United States senators; the addition of health requirements to safeguard marriage; and the extension of a sort of a Mann act to inter-county traffic in white slaves.

Of course, to the stand-patter this is all quite "paternal." It means in some degree or other the restriction of initiative and incentive and amics of socialism. But to him who studies the trend of the times, knowing the while that the whole body of the people have found in their own laws the agencies for doing of themselves things that private individuals never will do for them, California's new political and economic laws appear more or less mild.—Detroit News-Tribune.

KALAMAZOO—Although his friends and relatives have practically given up the search for E. B. Ehrly, the missing white slave, who is one who will be night and day for the old man. It is his dog. Night and day the faithful canine lies in front of the cobbler's shoe shop waiting for its master to return. Neighbors in the vicinity of the place say that the dog eats practically nothing, only once or twice during the day leaving the place. Ehrly disappeared over a week ago, and the dog has been waiting ever since for the return of its master.

ITHACA—The seven boys implicated in the recent vandalism at the high school, when the books were "stacked" and some of them destroyed, were arrested and when arraigned in justice court, pleaded guilty. Five of them, Clarence Barstow, Francis Fry, Ives McCredie, Merlin Hamilton and Bert Watson, were fined \$5 each, and the other two, John and Joseph Ford, were turned over to the juvenile court, being too young to come under justice court jurisdiction. Though the boys were expelled from school, it is probable that they will now be allowed to return.

LANSING—Although there is a state law prohibiting the use of roller towels in public places and the state board of health has carried on an effective campaign against them, they are still in use in the state capitol building. Charles S. Pierce, who becomes superintendent of the capitol Friday, announces, however, that the first thing he will do will be to abolish them in all the capitol toilet rooms. Pierce will also put a stop to the use by the capitol policemen of air rifles to shoot dogs which gambol on the capitol lawns. Hereafter dogs will have the freedom of the lawn.

MARSHALL—Clarence Howard, twenty, and Annetta Fredenburg, nineteen, were drowned in the Kalamazoo river when their canoe capsized. Clarence Walbridge and Anna Reyer, who were also canoeing, passed the couple about 11 o'clock and had drifted down the river only a few hundred feet when they heard screams. They went back, but all they could find was the empty canoe. They notified the sheriff, who, with a party of men, spent the night in searching the river. The search for Howard's body is being continued. Howard could swim, but had never been in a canoe until this week, when two of his friends attempted to teach him how to paddle.

BENTON HARBOR—So confident was Mrs. H. J. Pettys, a farmer's wife residing near Soda, that she plans to take her own life would succeed that she dressed herself in her best clothes and then left a note directing that her body be shipped to the University of Michigan. Her husband found the note and summoned a physician, who by last night managed to save her. She had drunk two ounces of poison. In addition to directing what disposition should be made of her body, Mrs. Pettys wrote: "Leave everything as it is. I want my husband to have a housekeeper."

PONTIAC—Mrs. Ellen DeBell, of Pontiac, was granted a decree of divorce from John DeBell on the grounds of cruelty and non-support. The DeBells were married thirty-three years ago, and are the parents of sixteen children.

JACKSON—George Irwin, sixty-six, who came to prison three weeks ago Saturday from Kalamazoo, committed suicide in his cell, cutting his throat with a razor. Irwin had been given a five to twelve years' sentence for a statutory offense. He was a railroad flagman at Kalamazoo.

LANSING—The postoffice clerks of Michigan will hold their annual convention in Representative hall May 30. Morning and afternoon sessions will be held, and in the evening there will be a banquet and ball in the Masonic temple. Over 400 delegates, representing about 300 postoffices in the state, are expected to be present.

PONTIAC—There were no bidders for the \$50,000 park bonds recently authorized. The interest rate is but four and one-fourth per cent. The clerk was directed to readvertise for bids, to be opened two weeks later. The ordinances fixing the salary of the city attorney at \$8,000 per year and that of the meat inspector at \$1,200 were adopted.

EAST LANSING—Laundry, pies, cakes and other articles coming under the parcel post added 1913 pounds to the incoming and outgoing mail at M. A. G. during the last two months as compared with the two months before the parcel post was inaugurated. The new scheme has proved particularly welcome to the students, who now have mother do the mending and laundry work back on the farm. Pastry and goodies concealed in the returning parcels do much to bring the old home closer and make college life worth living.

BAY CITY—Attorney General Fellows has sustained the action of Police Justice Gaffney in refusing to issue warrants for keepers of disreputable houses, as asked for by Rev. John G. Rutledge last week. After the warrants were refused, Rutledge wrote, asking Gov. Ferris, complaining of the course followed in the police court and asking for an investigation. Governor Ferris referred the letter to Attorney General Fellows, who has written Rev. Rutledge that criminal complaints must be made on personal knowledge.

BUT ONE CHANGE IN HOUGHTON FACULTY

Only New Instructor in the High School Will Be in Commercial Department.

Announcement was made yesterday by Superintendent Doelle of the Houghton schools that A. E. Spaulding, for the past four years director of the commercial department of the high school, had resigned.

Mr. DeHaven has had a varied experience in commercial teaching, having spent half a year as assistant in the department here now to direct. He was promoted there because he was temporarily unattached, but it was impossible to retain him at the salary paid.

Mr. DeHaven taught commercial work for four years at the Ottawa (Kas.) university, and for three years at the Drake (Illa.) university and for ten years conducted a private business college at Wichita, Kas. For the last two years he has been director of the commercial department of the Manitowish (Mich.) schools, a large system.

Aside from the changes referred to, the Houghton high school faculty will be the same next year as this. Principal Erickson and his entire corps of instructors having been re-elected.

According to the last census of Hancock's school population, the city has approximately 2,600 persons of school age, which will bring to the public schools between \$19,000 and \$20,000 as their share of the primary school money next July when the appropriation is made.

That a special committee, to be organized by the board of education, will be given the duty of preparing the budget for the coming year.

No successor to Miss Priscilla Endy, school librarian, has been named by the Hancock board, although a number of applications have been received.

WOMAN COULD NOT WALK She Was So Ill—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Pentwater, Mich.—"A year ago I was very weak and the doctor said I had a serious displacement. I had backache and bearing down pains so bad that I could not sit in a chair or walk across the floor and I was in severe pain all the time. I felt discouraged as I had taken everything I could think of and was no better. I began taking Lydia E. Pinkham's Vegetable Compound and now I am strong and healthy."

Read What Another Woman says: Peoria, Ill.—"I had such backaches that I could hardly stand on my feet. I would feel like crying out lots of times, and had such a heavy feeling in my right side. I had such terrible dull headaches every day and they would make me feel so drowsy and sleepy all the time, yet I could not sleep at night."

Such letters prove the value of Lydia E. Pinkham's Vegetable Compound for women's ills. Why don't you try it?

Section Men's Pay Increased.

The section men at Norway and vicinity were on a strike during the week. The men had been receiving \$1.63 a day, demanded \$2 and were granted \$1.75, with a promise of an increase on June 1st.

City Officers Succeed Themselves.

Mayor Wickstrom of Norway was re-appointed all the old city officials, as follows: Attorney—James C. Knight, Marshall—Tom Thorsen, Health Officer—Dr. Swift, Janitor—William Anderson, Policemen—Charles Oliver and Anton Poll.

This Farmer in Hard Luck.

County Poor Commissioner August A. Anderson, of Chatham, has succeeded in raising a fair sized sum of money for the relief of Isaac Lakso, of Eben Junction. Lakso's misfortunes began last fall when some one out shined shot all of his cattle in mistake for deer.

Former Mayor's Daughter Weds.

In the presence only of close friends, Miss Ida Miller, daughter of ex-Mayor William A. Miller of Gladstone, was married early at the home of her parents to Milton Danitz of Gladstone.

Suffering Child Passes Away.

Little Emma Bean, daughter of Eugene Bean of Metropolitan, after going through a long illness, died Sunday morning at the home of her mother.

Lost 400,000 Feet of Logs.

The Sawyer-Goodman company was the heaviest loser in the forest fire in Iron county. A blaze got started in the big slash southwest of the Dunn, a slash which had been accumulating for two or three years, and driven by an extraordinary high wind, it rolled along to the big skidways where the cut of the late winter and spring was piled, awaiting shipment.

Bondsman Pays a Fine.

Game Warden Andrews of Iron Mountain was in Crystal Falls the other day, and was instrumental in vindicting the game laws at long range.

Gladstone Girl Shot at a Picnic.

While its possessor, one of the party, was on a picnic at Maywood with a company of young people from Gladstone, a 22-caliber rifle in the hands of Romeo Tessier was accidentally discharged, the bullet crashing into the neck of Miss Ruth Anderson, daughter of Mr. and Mrs. A. E. Anderson.

though a number of conflicting stories are told, it appears that a "phymate" was attempting to wrestle the gun from Tessier, when it was discharged. The young girl gave evidence of a great deal of pluck by walking to the boat, but at Gladstone she collapsed. The physician decided that it would be dangerous to probe for the bullet and allowed it to remain.

During the last fortnight Detective Stephens of the Soo Line has been in Manitowish, investigating a wholesale disappearance of coal consigned to the company and a petty thieving of merchandise consigned to merchants. All sorts of rumors are current. That the matter will come to a head within a few days is a certainty, says the Pioneer-Tribune, and the list of persons involved will surprise the public. The men investigating the matter are reticent and are not saying anything for publication.

The Iron River Reporter says: "When visitors to the city on Sunday will comment on the number of drunken men seen on our streets it is evident that the bars are being let down somewhere. It is no uncommon sight to see drunken men reeling on our streets, and the number apparently has increased. This should not be so, and we would suggest to the village authorities that they demand a stricter observance of the Sunday closing law. The law plans on a reduction in the number of saloons in the city, and those remaining in the business will not find it necessary to be continually violating the law."

Little Emma Bean, daughter of Eugene Bean of Metropolitan, after going through a long illness, died Sunday morning at the home of her mother. She was only five years of age. Her father, Eugene Bean, is a well-known farmer in the vicinity of Metropolitan. She was suffering from a severe case of diphtheria, which she contracted at school. Her mother, Mrs. Emma Bean, is a devoted mother and was very anxious to see her daughter recovered. She had spent a great deal of money on medical treatment, but to no avail. She was very distressed and was very anxious to see her daughter recovered. She was very anxious to see her daughter recovered. She was very anxious to see her daughter recovered.

The danger that accompanies the illegal cutting of timber on lands owned by the state is demonstrated in a case that has been settled by State Trespass Agent W. C. Foard of Marquette. William Currier of Ironwood township, Schoolcraft county, was the culprit. Currier was required to pay at the rate of \$300 per acre for all pine logs cut, \$18 per cord for all spruce, 90 cents for each tamarack tie and \$12 per cord for all tamarack timber. The prices fixed are much in excess of the value of the timber taken and represent the highest prices ever received by the state in settlement of claims for wood cut on lands owned by the commonwealth.

The Sawyer-Goodman company was the heaviest loser in the forest fire in Iron county. A blaze got started in the big slash southwest of the Dunn, a slash which had been accumulating for two or three years, and driven by an extraordinary high wind, it rolled along to the big skidways where the cut of the late winter and spring was piled, awaiting shipment. Superintendent Cleary and his men fought the flames for two days and nights, but no man could stand against the fire that finally rolled up the skidways and turned easily and in a remarkably short time, amounting to 400,000 feet of mixed timber, was licked up. Owing to the logs being piled close to the slash and timber, the company could not get insurance, and the loss is therefore complete. D. E. Boyle & Co. lost about fifty cords of wood in a fire that got into their chipping. They had considerably more wood piled about, but had not been insured. Standing timber suffered heavily.

Game Warden Andrews of Iron Mountain was in Crystal Falls the other day, and was instrumental in vindicting the game laws at long range. Several weeks ago, a laborer employed on the St. Paul road extension was arrested for illegally killing game. The foreman agreed to produce the accused in court on a certain day. Failing to do so, the man having left the county, the foreman was arrested. A Greek business man at Crystal Falls signed bonds for the appearance of the foreman. A day or two before the trial the foreman disappeared, leaving debts amounting to several hundred dollars. The business man, in order to save his bond money, appeared in court and entered a plea of guilty to a violation of the game laws and paid a fine.

E. Anderson. The girl was at once assisted to a boat by the frightened children and taken home. Although the wound was painful it is not thought it will prove serious. All went well in the picnic until the boys decided to shoot at a mark. Although the wound was painful it is not thought it will prove serious. Rev. Platt T. Amstutz left last evening for Iron Mountain, on a few days' business mission.

T. J. Maloney and F. H. Raisky, of Ishpeming, were business visitors in Marquette yesterday.

Morgan W. Jopling has returned from a week's business trip to Grand Rapids, Detroit and Chicago.

William Newcombe, city marshal of Negaunee, brought a prisoner to the county jail yesterday.

E. E. Small, of Florence, Wis., was among the out-of-town business visitors in Marquette yesterday.

J. M. Williams left last evening for Duluth, after spending several days in this city attending to business.

Miss Hazel Pellow arrived home last evening from Negaunee, where she has been visiting friends since Sunday.

Joseph LaRoche, of Princeton, brought fifteen beaver pelts to the office of the county clerk yesterday for cancellation of seals.

The regular weekly meeting and drill of the Marquette division of the state naval reserves will be held this evening in Fraternity Hall.

The Swedish Crown society will meet this evening at 8 o'clock in Kosuth's Hall to arrange to attend the funeral of Olof Olson, who died last evening.

The Women's Christian Temperance union will hold its regular meeting this afternoon at 3 o'clock in the parlors of the Methodist Episcopal church.

"Ike" Schram, Escanaba fur dealer and baseball fan, wellknown to the sporting fraternity of Marquette, was a business visitor in this city yesterday.

Mrs. Locker, mother of Mrs. E. L. Stewart, Hewitt avenue, left yesterday for Kendallville, Ind., where she will spend two months visiting relatives and friends.

E. S. White, of Calumet, E. J. Leach, of Getchell & Leach, of Hancock, and S. T. Harris, of Houghton, were among the country business men who attended to business in Marquette yesterday.

Rollin Payne, a field man for the state tax commission, came down from Baraga yesterday to consult with F. M. Twiss, chief field work, who has been attending to business in Marquette the last ten days.

Mrs. William Layne, who has been seriously ill at St. Mary's hospital the last several days, is reported to be improving in health, and her sister, Miss Marion Reidy, of Negaunee, has returned to her home, after attending her the last three days.

The fire hydrant on Front street, in front of the Scott passenger station, was knocked out yesterday, a careless driver having run his wagon too close to the curb, bending the top of the hydrant out of place and the valve stem.

Marriage licenses were issued yesterday at the office of the county clerk to Matti Heikkila and Miss Fanny Maria Mattila, of Ishpeming, and Charles T. Johnson and Miss Elinor Humphrey, and Andrew G. Anderson and Miss Esther Johnson, of Carlsbad.

The Hub Clothing company offers a special inducement to buyers in this morning's issue, advertising "a great opportunity to save money." It would be well for the Hub's customers to read of the special free gifts which are offered with small purchases. The sale opens today.

C. F. Moore, son of Courtland E. Moore, of the city, who is a consulting engineer for the United States Mining, Milling & Smelting company, at Salt Lake City, Utah, left last evening for his home, by way of Chicago, after spending two days visiting his father in this city. Mr. Moore happened to be in this part of the country on business, and extended his trip so as to visit in Marquette.

"Class Day" at the Prison—The one-act farce, "Class Day," which was presented last Friday night at the Guild Hall by the senior class of the Marquette high school, will be repeated this evening at the Marquette prison. The members of the cast will be taken to the prison in automobiles.

Death of Olof Olson—Olof Olson, of this city, passed away last evening at his home, 239 West Hewitt avenue, after a brief illness. Mr. Olson was fifty-seven years of age and was born in Vernalund, Sweden. He is survived by his wife, two sons, Hjalmar and Oscar, and three daughters, the Misses Lydia, Alma A. and Naomi Olson, all of this city. The time of the funeral will be announced later.

Injury from Long Hatpin—An object lesson in the danger lurking in long hatpins in small hats was had this week when Miss Elvira Frei, a student of the Marquette High school, had her left eye pricked Monday evening at Fraternity Hall when she unexpectedly came in contact with a long hatpin worn by another girl who suddenly turned in her direction. While the accident caused considerable alarm, the injury was shown, by examination, to be more painful than serious.

Beaver Season Closes—The season during which beaver may be lawfully killed closed yesterday at midnight. Those who have pelts in their possession, sealed with the season's series may hold them uncancelled until Nov. 10. The open season begins again Nov. 1. A new series of seals will be issued for each season. The county clerk believes that one of the ineffective provisions of the law protecting beaver is that which extends the time for the cancellation of seals until the tenth day of the follow-

ing season. He believes it to be a loophole for those who persistently break the game laws. Unless caught in the act of killing, there is nothing to prevent trappers from taking heavier any time during the closed season and tagging the pelts with last season's seals. It caught with these pelts in their possession there can be no technical cause for prosecutions. While no violations are anticipated, this provision is one of the weaknesses of the law governing the taking of beaver. The game wardens are inclined to feel that it is a provision that will discourage them in their efforts to enforce the statute.

Inspectors to the Soo—C. M. Gooding and Captain C. M. York will leave today for Sault Ste. Marie, where they will inspect the tugs Lorenzo Dimick and Charlie O. Smith, the latter of the Peninsula Bark & Lumber company's fleet. Messrs. Gooding and York may also inspect the Canadian steamers Caribou and Manitou, which are in international freight and passenger service. The inspectors yesterday prepared themselves for this work by studying the new rules for the American inspection of foreign ships.

New Up-Town Store—Allen Cowden, a retired South Shore locomotive engineer, has leased the building at the corner of High and Michigan streets, formerly occupied by W. S. Shrook, who conducted a cigar store and factory in it, and has opened a candy, tobacco and grocery store. Mr. Cowden is conducting business on a cash basis. He carries a large line of canned goods and has installed a refrigerator so that he may handle fresh milk, butter and soft drinks. He will not have delivery service, however.

State Master May Attend—Word was received yesterday that John C. Ketcham, master of the state grange, has accepted the invitation of the committee that is arranging for the Marquette and Alger county grange picnic, to be held June 25 at Chatham, extended to him through Robert Shaw, master of the grange of this county and a member of the committee, and, having no unforeseen interference, he will attend the outing. It is understood that Mr. Ketcham will deliver an address. An invitation was also extended to Miss Jennie Buell, state lecturer.

Fined for Speeding—Harold A. Deadman, chauffeur for A. B. Eldredge, was arrested yesterday and arraigned for speeding Mr. Eldredge's Mitchell touring car Tuesday on Washington street, also on Fifth street, on the complaint of Marshal John Manning. The warrant charged that Deadman was driving faster than ten miles an hour and on his own admission in court he was speeding at least twenty-five miles an hour. He was fined \$15 and costs. This is the second conviction this year for speeding and the marshal does not believe he has rounded up any of the really noted speed cranks.

Guild Hall Party—Mrs. H. R. Harris' committee, composed of Miss Mapes and Mesdames Ryan, Wishart, Schneider, Blake, Teeple, Boyer, Elliott and Westlake, of St. Paul's guild will give a social party Friday evening in the Guild Hall. Dancing will commence at 8:30 o'clock. Tables will be furnished for those who may wish to play cards. Doughnuts, cakes and coffee will be served. The public is cordially invited. A general admission of twenty-five cents will be charged. The bowling alleys and billiard tables may be rented at the regular prices. The proceeds of the party will be added to the Guild Hall fund.

New Restaurant—Emil Limpert, who has leased the corner store, and rooms above it, in the Donovan building, at the corner of Front street and Baraga avenue, is having the place completely rehabilitated. The woodwork and walls are being repaired, the stairway at the rear is being changed and hardwood floors are being laid in the rooms on the second floor. The first floor will be occupied by a restaurant and the rooms on the second floor will be rented to transient lodgers. Mr. Limpert comes from Big Bay, where he has spent the last three or four years working in the woods for the Lake Independence Lumber company.

Silver Shower for Miss Watt—The traffic girls of the Michigan State Telephone company's Marquette exchange gave Miss Ann Watt a silver shower last evening at her home on Palm street. The rooms were prettily decorated with blue and white, the company's colors, as the color scheme. The floral decorations consisted of lilies of the valley and ground pine. In the center of the dining room table was a clock telephone instrument, from which blue and white ribbons extended to a dome in the ceiling. Bell-shaped place cards containing the operators' telephone numbers were used. The favors were miniature telephones. Music and cards furnished amusements and delectable refreshments were served. Miss Watt, who is now evening chief operator, is to be married in the near future. She has been employed by the company for the last three years and her work has met with the approval both of the company and the public. Always patient, courteous and accommodating, even under the most trying conditions, both subscribers and the management regret that she is to leave the service. There were sixteen young women present at last evening's function.

Theatrical

Miss Bates in a Powerful Play. Blanche Bates will come to the Marquette Opera House next Tuesday evening under Charles Frohman's direction, in a new play, "The Witness for the Defense," which was one of the recent London successes. A. E. W. Mason, the well-known novelist, is the author of the play. His previous dramatic work includes "Miranda of the Balcony," in which Mr. Fiske assumed the leading role, and the comedy of "Green Stockings," cast with Margaret Anglin. "The Witness for the Defense" is a powerful drama, telling the story of a young woman who kills her drunken bully of a husband in self defense. After acquittal she becomes engaged to a young English soldier and is forced to confess her past before marrying him. She stakes her life on her agreeing to be a powerful drama, telling the story of a young woman who kills her drunken bully of a husband in self defense. TRADE SECRETS—No. 2.

A shoe store without shoes would not do very much business—would it? And each shoe store buys its shoes from those makers who manufacture the kind of shoes for which it has a market. It must have shoes adapted to the requirements of its trade. How many men—yes, and women, too—are trying to do business without a bank account? You can no more do a successful business without a bank account than a shoe store can sell shoes without stock. For whatever you do that is your business. You need a Bank of Personal Service. One that takes a hearty, personal interest in you and your individual needs. The Marquette National Bank is a Bank of Personal Service. It gives the same individual attention to the small depositor that it does to the large.

Terrible Teddy, Aged Three, Plays Havoc in Indiana Household.

Hammond, Ind., May 14.—"Terrible Teddy," three-year-old waif, whose escapades have set Hammond and more particularly the household of H. E. Granger by the ears, will be sent to Chicago this field of operations here is too narrow.

Mrs. Granger, a sociological worker, found him in a destitute home with his mother at the point of death. She sent the mother to a hospital and took the boy to her own home. Here is a partial list of his accomplishments in two days:

Whipped Mrs. Granger's seven-year-old boy.

Whipped five neighbor children.

Planted garden seed in all the carpets.

Turned the hose on Mrs. Granger.

Clambered on the pantry shelves and broke many dishes.

Set the house on fire.

Gnawed the rope by which he was tethered to a stable.

Painted red and yellow streaks all around the house.

Choked the Granger cat to death.

Threw food at his benefactor at every meal.

Carved the legs of the dining room table.

Smeared muck over the piano keys.

Threw a stove lid out of a window, killing a young duckling.

Present—Aldermen Butler, Donovan, Ekstrom, Hennessy, Jopling, Madigan, Mellin, Schauer, Scully and St. John.

The records of the sessions of April 21st and 29th, approved.

The mayor presented the following:

To the Common Council of the City of Marquette:

Gentlemen: I hereby appoint, subject to your approval, E. Stuart Byrne to be a member of the Board of Trustees of the Peter White Public Library of the City of Marquette, for the ensuing term of five years, to succeed Joseph A. Malliot.

Dated, May 5, 1913.

WM. FASSBENDER, Mayor.

On motion of Alderman Scully, supported by Alderman Madigan, the appointment of E. Stuart Byrne as member of the Board of Trustees of the Peter White Public Library was duly confirmed by the following vote:

Ayes—Aldermen Butler, Donovan, Ekstrom, Hennessy, Jopling, Madigan, Mellin, Schauer, Scully and St. John—10.

Nays—None.

The mayor presented the following:

To the Common Council of the City of Marquette:

Gentlemen: I hereby appoint, subject to your approval, John B. Neault to be a member of the Board of Police Commissioners of this city, for the full term of five years, to succeed himself.

Dated, May 5, 1913.

WM. FASSBENDER, Mayor.

Moved by Alderman Donovan, supported by Alderman Madigan, and carried unanimously, that the vote upon the confirmation of John B. Neault, as member of the Board of Police Commissioners, be taken at this session.

On motion of Alderman Donovan, supported by Alderman Butler, and appointment was duly confirmed by the following vote:

Ayes—Aldermen Butler, Donovan, Ekstrom, Hennessy, Jopling, Madigan, Mellin, Schauer, Scully and St. John—10.

Nays—None.

The petition of T. J. Farney and five others, requesting that Ohio street, from High to Pine streets, be graded, curbed and macadamized, was presented and referred to the Committee on Parks, Cemeteries, Streets and Sewers.

A communication from the Marquette Commercial Club, relative to the annual convention of the Michigan State Lumbermen's Association, was presented and referred to the committee on Harbors.

Moved by Alderman Jopling, supported by Alderman Mellin, and carried unanimously, that the recorder send said Lumbermen's Association an invitation to hold their convention here, and requesting the common council to extend an invitation to said association.

A communication from the finance committee of Marquette Lodge, No. 4, Knights of Pythias, relative to the annual reunion of the Upper Peninsula League, Knights of Pythias, to be held in this city June 3rd, 4th, 5th and 6th, next, stating that the expense entailed is more than they can bear alone and respectfully requesting assistance from the common council, and requesting that same would meet with favorable consideration and a suitable donation, was presented and referred to the Committee on Finance and Taxation.

The liquor application and liquor bond of Sinal Pancher were presented.

On motion of Alderman Scully, supported by Alderman Ekstrom, the following resolution was unanimously adopted:

Resolved, That the application of Sinal Pancher for permission to transfer his retail liquor business from its present location at No. 412 Second street, to a new location at No. 225 South Front street is hereby approved; and

Resolved, That the liquor bond of said Pancher for such new location, with Michael Hagerly and William Dorcas as sureties, is hereby approved; and the consent of the common council is hereby given for the transfer of said business from its present location to such new location.

The liquor application and liquor bond of William Kevola were presented.

On motion of Alderman Scully, supported by Alderman Donovan, the following resolution was unanimously adopted:

Resolved, That the application of William Kevola for permission to transfer his retail liquor business from its present location at No. 136 West Spring street to a new location at No. 125 West Baraga avenue is hereby approved; and

Resolved, That the liquor bond of said

Kevola for such new location, with Herman E. Butler and Charles Moskwa as sureties, is hereby approved; and the consent of the common council is hereby given for the transfer of said business from its present location to such new location.

The official bond of Robert P. Byrne, treasurer; surety, Southern Surety Company, an Oklahoma corporation of St. Louis, Missouri, \$50,000, was presented.

On motion of Alderman Donovan, supported by Alderman Schauer, said bond was accepted and approved.

A communication from John Flink relative to keeper of the dump ground was presented and referred to the Committee on Public Health.

The Committee on Parks, Cemeteries, Streets and Sewers submitted the following:

Resolved, That the profile prepared by Charles Cummings, civil engineer, and here to attached, be and the same is hereby approved and adopted for a sewer in Presque Isle avenue, from manhole in Waldo street southeast 55 feet, thence south 625 feet, thence east 105 feet, and thence north and said profile be duly certified by the recorder and placed on file.

On motion of Alderman Butler, supported by Alderman Schauer, said resolution was unanimously adopted.

The Committee on Parks, Cemeteries, Streets and Sewers submitted the following:

Resolved, That the profile prepared by Charles Cummings, civil engineer, and here to attached, be and the same is hereby approved and adopted for a sewer in Waldo street, from manhole in Presque Isle avenue to a point 331 feet west of west line of Presque Isle avenue, and that this resolution and said profile be duly certified by the recorder and placed on file.

On motion of Alderman Butler, supported by Alderman Donovan, said resolution was unanimously adopted.

The Committee on Harbors submitted the following:

Resolved, That the construction of a ten and two-inch sewer, according to the profile heretofore adopted therefor, in Pine street from the eastern trunk sewer in Fair avenue to Park street, with proper Y's and manholes, is hereby determined to be a necessary improvement, the expense of which should be borne by the property benefited by such improvement; and

Resolved, That the controller cause to be prepared an assessment roll for defraying the expense of said improvement according to law, and that he submit the same to the common council for its action thereon.

On motion of Alderman Butler, supported by Alderman Jopling, said resolution was unanimously adopted.

The Committee on Harbors submitted the following:

To the Honorable Mayor and Common Council:

The committee on Harbors, appointed by the common council to investigate the question of a new motor boat dock at the place where the new proposed dock is to be placed is very much exposed to the storms, and that if one is built there must be a substantial one that will withstand the elements.

Your committee therefore would ask for more time and recommend that plans be obtained so that an estimate can be submitted by which we can be guided in our recommendations.

AUGUST MELLIN,
HERMAN SCHAUER,
MICHAEL HENNESSY,
Committee on Harbors.

On motion of Alderman Scully, supported by Alderman Ekstrom, said committee were granted further time.

Resolved, That the compensation of the members of said commission shall be one dollar per day for actual attendance upon the commission for a session for not more than ninety days; and

Resolved, That said charter commission is hereby authorized to incur such liabilities for supplies, services, printing and other miscellaneous expenses as its judgment may be necessary for the proper performance of its duties; claims for the same, and also for the compensation of the members of said commission, to be presented, allowed and paid out of the general fund, in the manner or other miscellaneous expenses of the city.

On motion of Alderman Schauer, supported by Alderman Butler, the following resolution was unanimously adopted:

Resolved, That the City Hall and all city offices therein are hereby authorized to be closed during the afternoons of each Saturday from May 18th to October 31st, 1913.

The council then, on motion, adjourned. DANIEL S. DONOVAN, Recorder.

FOURMAN WRITES OF LIFE IN SUNNY MEXICO

Interesting Epistle Telling of Advantages in Southern Country Is Received.

The Mining Journal has received an interesting letter from C. A. Folkman, an old resident of this county, who is now in Tuxtepec, Mexico, which he writes a vivid description of the country and his experiences. Excerpts from the letter follow:

"At present I am in the ancient city of Tuxtepec, a population of 10,000 inhabitants and although hundreds of years old has a thoroughly modern system of electric lighting and water distribution as well as many other municipal improvements. It is sixty miles inland from Vera Cruz and is the county seat of Tuxtepec county. The city is situated on the banks of the beautiful river Papaloapan, known as the 'Mississippi of Mexico,' which has its source in the eastern slope of the Sierra Madre mountains.

"The river and railway transportation facilities of Tuxtepec makes this city a great market. The Vera Cruz & Pacific railway crosses the river eight miles below the city at a station called El Hule. The town is prosperous and thriving and the inhabitants are hopeful that its population will increase materially when the Americans, who are rapidly settling in this region, are able to take advantage of the agricultural pursuits increase in numbers.

Rich Alluvial Soil.
"The soil is chiefly alluvial deposit and has a depth six to fifteen feet, consisting mainly of sandy loam and its production is prolific. The drainage to bed rock is perfect, which makes it adaptable to the cultivation of oranges, grapefruit, mangoes, pineapples, sugar leaf tobacco and all tropical fruits. Rice, corn, beans, in fact anything that will grow under the sun can be raised in this country. The land extending westward from the Gulf of Mexico is quite level and compares with the prairie lands of Illinois and Indiana. The jungle of which much has been written is nothing more than underbrush, similar in many respects to that which underlays the forests of Michigan, Wisconsin and Minnesota, except that the vegetation is of slightly different form. In going through the jungle on one of my trips I ran across no animals, insects or snakes. This is remarkable when one compares the country to the southern part of California, where lizards, rattlesnakes, scorpions and tarantulas abound.

Timber Possibilities.
"Near the foothills of the Sierra Madre range the great timber belt is found. The standing timber includes mahogany, giant Spanish cedar, Mexican walnut, hickory and a number of other species of valuable cabinet woods. The Spanish cedar, the most prevalent and most valuable forest product, grows to great height. I estimated the timber on one average acre and found that it contained about 8,000 feet of cedar. The price for this in the log at New York is \$125 a thousand feet. It is possible to float it down the river to Tuxtepec or to Alvarado bay, or Vera Cruz, where it can be loaded into ships and sent to all parts of the world. Without the stream to float it, however, the timber would be practically worthless, as the cost of transporting it by railroad would be more than its market value.

A Fine Climate.
"The climate in this part of Mexico, I believe, is unsurpassed by any other climate in the world. It is simply perfect. At this time of the year the thermometer indicates but 85 degrees in the shade. Whenever the wind is in the north the weather is cool, and the gulf wind also has an agreeable influence on the country. The natives as well as Americans are fine health in all year round and pneumonia, typhoid fever and malaria are not prevalent.

"The natives of Tuxtepec are descendents of the Aztecs and Toltec races and some of the Indian families are intermarried and have Spanish blood in their veins. The natives are a most polite and courteous people and do all they can to make foreigners feel at home, knowing well their presence indicates the development of their country. The city has three well-kept hotels charging for meals and lodging one American dollar per day.

Cheap Native Labor.

"Twenty miles south of Tuxtepec, on the Vera Cruz & Pacific railway, is an American colony, promoted by the Mexican Land company, of Peoria, Ills. The colony at present has a population of about 100 families. They have come from Oregon, Oklahoma, Washington, Wisconsin, Illinois and Texas. I spent two days recently among them, looking over their plantations. The holdings of each colonist is from ten to thirty acres, which are planted to a large variety of the soil products I have already named. The labor on all the plantations is performed by the natives, who receive fifty cents a day for their services. The American planter, if one of large or small holdings, would reduce his dignified standing in this community if he performed his own labor.

"There has been no revolutionary disturbances in this part of the country or in the entire state of Vera Cruz. The state is prosperous and its people cannot afford to lay off to have trouble with the bandits, as the rebels are called by the natives. One of the American colonists said that the people really felt one ragged at the American press reports as to the safety of their colony. There was a little trouble here caused by a young American who deceived a Mexican girl. Finally justice was done, the girl had spread, President Taft's message warning Americans to leave Mexico, also created hard feeling. But now the best of feeling has been established between the natives and colonists.

Of Interest to Marquette People.

"It will be of interest to the residents of Marquette to know that I am nightly entertained with a phonograph concert by Samuel Ely, a nephew of the Ely family of Marquette. Mr. Ely knew

everyone in Marquette county, I guess, to hear him talk. He had charge of Cuban iron mines. Finally he retired and settled in the tropics. He spends about six months of every year in Tuxtepec and he thinks it has the finest climate in the world. Mr. Ely has very large and prosperous plantation interests here. A number of prominent Pittsburg and Cleveland families reside here every winter. All of these also have fine large plantations.

"This neck of the woods, is not so distant but Americans can find it if they will take the trouble to cross the sandy, barren wastes of desert that bound Mexico on the north and from which Americans are prone to get their ideas of the country and its inhabitants. The populations of this desert section of which I speak is largely made up of the lowly class of half-breeds and Indians and it is among them that the largest amount of trouble starts. The real Mexico of today, is the southern, tropical part of the country. I expect to see Tuxtepec some day a second Los Angeles.

Life Worth Living in Mexico.

"The people here know what living is. Go to Mexico City if you want to see living that vies even with that of Paris and New York. I doubt not but that it is even on a higher scale. Culture, education, science, literature and art abound among the Mexicans, with their gentle southern natures, even more perceptible than with their American cousins across the northern border. A more cosmopolitan city than Mexico City would be hard to find. One can scarcely believe if it is American, although it is fully as American as any of the cities of the United States."

MRS. DRUMMOND TOO ILL FOR HER TRIAL.

London, May 14.—"General" Mrs. Flora Drummond, the militant suffragette leader, is in a state of collapse and was unable to appear at the resumed hearing at Bow street police court on the charge of conspiracy under the malicious damage to property act.

A doctor testified in court that, owing to her illness, she had been moved to a nursing home. He said it would take weeks for her to get into a fit condition to undergo an operation which was necessary and another two months before she would be able to be tried.

The other "conspirators," who comprised Miss Harriet Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kennedy, Miss Laura Lennox and the analytical chemist, Clayton, all surrendered to their bail.

CONFERENCE RESULTS UNDER HEAVY FIRE

Both Bull Moosers and G. O. P. Standpatters Scoff at Work Done in Chicago.

Washington, May 14.—It looks more like an immediate fight as the result of the meeting of so-called progressive Republicans in Chicago than like coalition and peace.

The headquarters of the bull moose national committee in Washington hastened to prepare and make public a statement in which the bull moose estimate of the Chicago conference was set forth in plain language.

Who are these Republican leaders holding their widely-heralded conference in Chicago? They are Senators Albert B. Cummins and Kenyon and Iowa; William E. Borah, of Idaho; A. J. Gronna, of North Dakota, and former Governor Hadley, of Missouri.

These men in the role of national leaders of the Republican party. Each of them has attained prominence in Republican leadership in his own state, but never heretofore has proposed to play an important part in national Republican leadership.

Who are the old rule of judging the future by the past, the evidence is that the Republican party has no interest in the doings of these new leaders, and will pay no attention to their leadership.

ALIENS CAN'T OWN LAND IN ILLINOIS

Law Passed in 1887 Stopped Purchases by 'Lord' Scully— Upheld by Courts.

Mount Carmel, Ill., May 14.—While columns have been printed recently in the newspapers about the anti-alien law in California, there are few who have read these discussions who realize that Illinois has even a more stringent law on the same question, since it applies to all classes of aliens.

The history of the Illinois alien land law is interesting. "Lord" Scully, who was not an English lord at all, but a rich untitled Irishman, who lived in London, was responsible for the first alien land law passed in Illinois.

"Lord" Scully's Land Purchases. Then Scully proceeded to buy land in Illinois. He kept it up until he had acquired 80,000 acres, 27,000 of which were in Logan county.

STEEL CORPORATION OFFICIALS IN CITY

Delegations from East and from Duluth Inspected Oliver Properties Here Yesterday.

Seven officials of the United States Steel company and its subsidiary, the Oliver Iron Mining company, visited Ishpeming and Negaunee yesterday. The party was composed of J. J. Kerr, of New York, vice president of the Steel corporation; W. J. Olcott, Duluth, president of the Oliver Iron Mining company; Pentecost Mitchell, Duluth, vice president; J. H. McLean, general manager, and J. H. Herding, assistant general manager, both of Duluth; O. C. Davidson, general superintendent, Menominee range, and Metcalfe Shiras, ore agent, Pittsburg.

The party is traveling in Mr. Olcott's private car "Frontenac," and it came here direct from Minnesota, where some time was spent inspecting properties. It will visit the Menominee range before returning to the head of the lakes. The visitors were accompanied to the various properties yesterday by W. H. Johnston, general superintendent of the Marquette range.

To Build Model Town.

The Steel corporation has just announced that a model town will be built adjoining its new steel plant, near Duluth. Work will be begun this summer on 350 buildings, some of which will be apartment houses and some dwellings, and at least 100 will be completed this year. The cost of the buildings will be about \$1,300,000, which sum has already been appropriated.

The officials of the Minnesota Steel company, a subsidiary of the corporation, have been working for some time to secure this appropriation, realizing the necessity of providing decent housing accommodations for the men who will be brought to Duluth to operate the plant. The plans for several types of houses have already been drawn and the specifications are now being prepared for the contractors.

Where steel making companies have not attempted to solve the housing problem, it has been the experience that slums spring up near their plants. The demand for low rents results in cheap shacks, without proper sanitary provisions. Government reports show that in some of these settlement districts as many as forty or fifty people have been found sleeping in four or five rooms.

The new steel plant is located so far from the central part of Duluth that it would be impossible for the men to find homes in the city. A few of them might be taken care of in West Duluth, but without a street car line to the plant and without the extra charge of railroad fare, the officials could see that most of their men would have to be housed near the plant. Most of the men employed at the plant are skilled workmen, who draw good wages.

Basement and Baths.

It is planned to equip every house with a basement, bath room and other conveniences. Most of the buildings will be apartment houses, containing four and six apartments. There will also be a number of separate houses for the skilled workmen. The buildings will be of brick or brick veneer, with slate roofs. The houses will be rented at the lowest possible figure.

Whether or not the employees will be given an opportunity to buy the houses has not yet been decided, but for the first year or two they will be rented at a figure that will insure a fair rate of interest on the investment and provide for the upkeep and repairs. It is believed that the plan will go a long way toward solving the labor problem at the Duluth plant.

EPIDEMIC OF MEASLES.

Fifty-four Cases Reported to City Health Officer Tuesday.

An epidemic of measles is reported. Fifty-four cases were reported to Dr. A. A. Solberg, the city health officer, Tuesday. The cases are spread over a wide area, and their number is rapidly increasing. This is the first epidemic that has been reported to the health officer in several years.

Dr. Solberg will, within a few days, inspect the city streets, together with the board of public works, with a view of improving the health conditions. For the past several days the board has been engaged in getting the streets in repair work necessary during the coming summer, and their recommendation will be made at the next meeting of the common council in June.

Dr. Solberg has recently opened offices in the Anderson block, the rooms formerly occupied by A. W. Jurma, city attorney.

PLAYING GOOD BALL.

McCorkindale's Nine Is Doing Creditable Work on the Diamond.

W. J. McCorkindale, former manager of the Marquette County Gas & Electric company, who is now manager of the Wilmington Gas company, of Wilmington, Del., has informed Ishpeming friends that his baseball team is making a fine record, and is defeating some of the best independent nines in the East. The team is composed principally of former league players, and they are playing three or four games a week.

The team lost to the St. Louis A. A. nine of Philadelphia in the best game of the season one day last week, the score being 6 to 5. Nearly 5,000 fans witnessed the game. A feature was a one-hand catch by "Cy" Prentiss, of the McCorkindale squad, who, after a long run, pulled down with one hand what would have been a home run. "Hock" Glynn started pitching the game for the gas team and was invincible until the seventh inning, when two bases on balls and two hits resulted in two runs. Young was then sent to the mound with the bases full and none out and he held the Philadelphia team to two runs.

The two latest song hits, "Dixie Lou" and "O'uld Ireland," sold at Grinnell Bros. at 10 cents per copy. 6-14-2d

WOMEN'S CONVENTION WAS WELL ATTENDED

Missionary Society of the Upper Peninsula Held Annual Session in Ishpeming.

The annual convention of the Houghton district of the Women's Home Missionary society, which has been in session at the First Methodist church the past three days, was attended by delegates from nearly every city in the western part of the upper peninsula, some of the cities represented being Calumet, Houghton, Hancock, Ironwood, Ishpeming, Negaunee, Marquette, Laurium, Trumountain, Kearsarge, and Iron Mountain. Approximately sixty delegates were present, and many others who did not come as official representatives of any branches of the society. Two hundred were in attendance at the meeting of the convention Tuesday evening when Dr. Haller addressed the delegates on the subject of "Christian Women and Their Work."

At the final meeting of the convention at the Methodist church yesterday noon officers were chosen for the ensuing year, as follows:

District president—Mrs. A. K. Cox, Houghton.
Vice president—Mrs. Bessie M. Phillips, Hancock.

Recording secretary—Mrs. George Roberts, Hancock.
Corresponding secretary—Mrs. J. D. James, Calumet.

Treasurer—Mrs. Joseph Rasleigh, Houghton.
Auditor—Mrs. John McPherson, Marquette.

Secretary of literature—Mrs. Kate Bennett, Laurium.
Secretary of mite boxes—Mrs. John Delbridge, Ishpeming.

Secretary of systematic benevolence—Mrs. Theodore Matt, Marquette.
Secretary of deaconess work—Mrs. W. E. Marvin, Hancock.

Secretary of temperance—Mrs. R. F. Brunner, Marquette.
Secretary of reading circles—Mrs. G. D. Westerman, Calumet.

Secretary of home guards and mother's circles—Mrs. J. G. Haller, Ishpeming.
Secretary of young people's work—Mrs. William Tonkin, Ishpeming.

Mrs. W. G. King, of Marquette, was chosen as delegate to the Detroit conference of the Women's Home Missionary society, to represent the Houghton district of the society.

Miss Rena Waltz, of Berkeley, California, who was announced to address the convention Tuesday evening, was unable to be present, owing to serious illness. Dr. Haller, the pastor of the First Methodist church, took her place on the program. The choir of the Methodist church sang at several of the sessions.

During the past fiscal year the society has spent \$1,355 in educational work.

PLANS FOR NEW BARN IN ABEYANCE

John S. Mennie, C. C. I Co. Architect, Will Present Suggestions to Officials.

The officials of the Cleveland-Cliffs Iron company have not yet decided what kind of a structure will be erected in place of the barn at the Barnum location which was badly damaged by fire at an early hour Saturday morning.

John S. Mennie, the company's architect and master builder, arrived here yesterday from Milwaukee, where he spent a few days inspecting modern stables, and will submit the ideas he secured in Milwaukee to the officials. It may, however, be several days before a decision will be reached as to whether a new structure will be erected or the old one rebuilt. The lower floor of the stable was not badly damaged by the fire and if it is decided to rebuild, the greater portion of this part of the barn can be used. The timber in the structure is of excellent quality and cannot be duplicated at the present time. If it is decided to put up a new building it is likely that it will be constructed of some material other than timber.

Since the fire the company has been using rented horses, secured from the local livery men, in place of those that were lost in the fire or are still laid up. Mr. Duncan's driving horses, which were burned about the heads, are getting along nicely and they will be working again in a very few days.

The company has not started to remove the hay, oats and other material damaged in the fire, as the insurance

MARRIED LAST NIGHT.

Jalmar Handberg and Miss Lily Koppila Are Joined in Wedlock.

At the parsonage of the Norwegian Lutheran church at 8 o'clock last evening, Jalmar Handberg and Miss Lily Koppila, daughter of Herman Koppila, were united in marriage. Rev. Mr. Hill officiated. The couple were attended by Sivert Handberg and Miss Clara Handberg, brother and sister of the bridegroom. A reception and a supper at the Handberg home, 703 Morris street, followed the ceremony. The bridegroom is a meat cutter employed in the shop of the A. W. Myers company and is a popular young man. His bride has been a clerk in the mercantile establishment of the Henriksen estate for several years. She will be succeeded in that position by her sister, Elsie, who recently returned to Ishpeming from Coleraine, Minn.

OLIVE Tablets OIL the Bowels

A Physician's Substitute for Dangerous Calomel

When you feel that your liver and bowels need help take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects.

Olive Tablets are especially made to take the place of Calomel. Dr. Edwards' ten years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil colored tablets. Olive Tablets are mild but effective. Safe and sure. Pleasant to take but infallible in results.

Olive Tablets of the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

If you want to regain that feeling of joyous loquacity and clear thought take Dr. Edwards' Olive Tablets. They work like a vacation. 10 and 25 cents per box.

"Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, O.

le Blake's circus, by far the biggest and most expensive act that has ever been staged here. It includes several ponies, "Maud," the famous kicking mule, monkeys, dogs and several people. Matinees will be given daily at 4 o'clock, and the gallery will be open for the evening performances. The prices will be ten cents for all seats on the ground floor and balcony and five and ten in the gallery. The matinee prices will be five and ten cents for seats in any part of the house. Because of the length of the performances, the evening shows will begin at 7:15 sharp.

Included in tonight's picture program will be a feature of two reels—"A Retreat From Moscow."

LIVING STATUARY.

At the Lyric tonight and Friday and Saturday night may be seen a remarkable exhibition of living statuary poses given by Mme. LaVenerie, assisted by her little son. The woman has been in this country only since September, having come, by way of Australia, from France, her native land, landing at San Francisco. Her husband accompanies her and supervises the stage arrangements. Mme. LaVenerie is able to hold a pose for five minutes, apparently without flexing a muscle. Her most remarkable feat is a pose standing on one foot, in a cramped position.

Mme. LaVenerie's work is a triumph from an artistic standpoint. She is evidently a student of art and sculpture. She has a repertoire of almost one hundred subjects, nearly all of which she rehearses weekly. Each of her programs consists of ten poses, chosen from the famous classics. She is excellent in all. Her life has been devoted to learning how to imitate with her body the artistic naturalness of pose and beauty sought after by artists.

ATTENTION.

This week we are displaying in our window, our beautiful Playtona player-piano, 1913 model. This piano is constructed the same as other players with just as good tone as some at even \$650 and \$700. Burglars Still Busy at the Soo.

Another petty robbery at the Soo was committed when the cigar store at 214 Ashmun street, owned by City Controller Charles Field, was broken into through a back window. Cash to the amount of \$10 was taken from the register and a large amount of cigars were stolen. Although no clue to the thief has been found, the proprietor is of the belief that the robber was some one familiar with the store. These robberies have been taking place in the Sault for some time. Every week affairs of this kind are reported and it is evident from the feeling in town that culprits caught in such acts will be dealt with severely by the law.

Banquet for M. H. Kern.

The degree team of the Menominee Knights of Columbus tendered M. H. Kern a surprise Saturday evening in the way of a banquet at the Eagles hall. The banquet was presided over by City Attorney John O'Hara as toastmaster. J. N. La Billois, Leon Gibout, Fred Du Bruin, A. C. Seidl, E. X. St. Peter, J. R. McLain and Charles Lynes responded to toasts. Among the out-of-town guests were J. A. Allo of Escanaba and William Goodman of Ishpeming. A handsome K. C. fourth degree chain was given Mr. Kern, the presentation speech being made by Chief of Police A. P. English.

Mayor and Council Split.

The question of appointments to office in Crystal Falls is the rock upon which the mayor and councilmen split at a meeting called for the purpose of considering the nominations. The appointments confirmed were those of Harry C. Fraser for city commissioner, J. H. Saunders for Marquette for city electrician and Eli Masie for night watch. The appointments not confirmed were those of Dr. A. A. Metcalf for city physician and Joseph Leonard for chief of police. In the case of Dr. Metcalf there was no second to the motion to confirm and so the nomination did not go before the council for a vote. In the case of Leonard there was a ballot,

Ewen Now Spick and Span.

The streets and front and back yards of Ewen are today cleaner and in a more sanitary condition than they have been in many years. Early on the day designated for cleaning up, everyone, both old and young, was on the job and prominent citizens were seen in overalls. The business places were all closed in the afternoon, including the schools, and several hundred loads of garbage, etc., were hauled away to the dumping ground. Aside from the general cleaning up about 2,000 feet of ditching was dug by several citizens, under the supervision of the highway commissioner. The day was fittingly wound up with a grand ball at the O'Rourke hall in the evening.

Upper Peninsula Potato-Growing.

John Hall, a prominent Perkins farmer, has the following communication in the Gladstone Delta: "To Farmers: Our Cleveland is now on the point of choosing one variety of potatoes for all to grow. The Rural New Yorker wrote the prize at the county fair last year, Peter Nelson, of Perkins, having the best potato exhibit. So let us all unite to grow the Rural New Yorker. The Sir Walter Raleigh, which our brother, Leo M. Geismar, recommends, has poor qualities, and we should not grow it for our local trade. The Rural New Yorker is perfectly shaped and of a better quality by far than the Sir Walter Raleigh. Farmers who tried the last named found them poor cookers and of a watery color. I sold them in our market, the city of Gladstone, one fall. They left a feeling of disappointment among all my customers. Let us grow a potato that will sell on its own merits. I intend to plant only the Rural New Yorker this fall. (Signed) John Hall." On the other hand, the Ironwood News-Record says: "We heard a chap knocking Sir Walter Raleigh potatoes the other day; said that the seed brought here last year didn't give good yields; declared Raleigh wasn't any better than other varieties, and not so

ARRANGEMENTS MADE FOR DECORATION DAY

Program Will Be Given at McDonald's Opera House at 2:30 O'Clock.

Arrangements for the Memorial Day program, which is to be given in McDonald's opera house this year, are now complete. The exercises, annually conducted under the auspices of the Charles H. Towne post of the G. A. R., are held alternately in Negaunee and Ishpeming. Last year they were held at Ishpeming theater. In the morning of Decoration Day this year the graves of the old soldiers in the Ishpeming cemeteries will be decorated and, following the program at the Negaunee opera house in the afternoon the graves of the Negaunee veterans will be visited. A picked number from the Ishpeming lodge of the Knights of Pythias will constitute the firing squad. The Memorial Day sermon will be preached at the First Presbyterian church in Ishpeming by Rev. M. M. Allen, the pastor, at 10:30 a. m. Only ten or eleven members of the Charles H. Towne post of the G. A. R. are now living. The original membership of the post was approximately fifty. A few have moved away but the majority of the members are dead. There are five members of the post in Ishpeming and about as many in Negaunee. The program at McDonald's opera house, in charge of Or. Schultz, superintendent of the public schools, will be as follows: Selection, Star Spangled Banner. Negaunee City Band. Prayer. Rev. R. T. Hicks. Lincoln's Gettysburg Address. Rev. R. T. Hicks. Music. Negaunee School Children, Mrs. Marden, director. Remarks. Superintendent Or. Schultz. Selection, Tenth Night on the Old Camp Ground. Negaunee City Band. Address. Rev. Hartley Canfield. Music. Negaunee School Children, Mrs. Marden, director. Selection, America. Negaunee City Band. FUNERAL YESTERDAY.

CULLIS PLAYING GILT EDGE BALL

Negaunee Man Is One of the Fastest Players in Northern Minnesota League.

Roy Cullis, who is playing shortstop with the Superior team in the Northern Minnesota league, is more than making good, and is already regarded as one of the fastest infielders in the league. He has made a number of sensational plays and is also doing splendid work with the stick. Besides having several two and three base hits to his credit, he is said to be leading in sacrifice hits. Cullis has received special mention in the papers following nearly every game that the Superior team has played. He has made comparatively few errors. Baseball fans in this county are showing considerable interest in the games in the Northern Minnesota league, this being largely due to the fact that Cullis and several other players well known here are members of these nines. The sympathy of the fans on the Marquette range is largely with Superior and Virginia, but the latter team has been making a poor showing. It has won only two games in nearly twenty. "Spike Shannon, the manager, has been adding recruits to his squad almost daily. Roy Cullis' work in Sunday's game, the Superior Telegram said, "The Sox played a rattling good fielding game and pulled-off speedily in field and outfield plays. Cullis booted one in the second which was responsible for a score, but that was the only bad break and he balanced things up with a couple of good stops and by active participation in the batting line. He again put over a neat sacrifice, a feat he has pulled in most of the games this year. He has yet to fall in an assist." Will Play Marquette Sunday.

The Negaunee team, which defeated the Ishpeming Setters last Sunday, will take the Marquette nine to the Union park grounds Sunday afternoon at 2 o'clock. The lineup of the Negaunee team will be Peel or Holmberg, catcher; Rosevear, Anderson and Koski, pitchers; McNab, first base; Heimann, second base; Lund, third base; Faul, short stop; McAniff, center field; Flynn, left field; Ford, right field. The admission will be twenty-five cents with grandstand seats free.

High School Game.

Saturday afternoon at 2 o'clock, at Union park the third contest between the Negaunee and Ishpeming High schools will be played. The Negaunee nine has won the two previous games, the first having been a thirteen-inning contest, with a score of 4 to 2. The game last Saturday ended 15 to 8 in Negaunee's favor.

MAY SEND TEAM.

Negaunee may be represented at the annual mid-summer meeting of the upper peninsula Finnish Athletic clubs, which is to be held in Hancock in July. A meeting of the executive committee of the association will soon be held in Hancock when dates will be selected for the meet. The association embraces Finnish athletic clubs in Hancock, Calumet, South Range, Iron Mountain, Marquette, Crystal Falls, Negaunee, Iron River, Mawaik and Ishpeming. Each team will have five men, making fifty entries in all. The meet includes foot races, discus throwing, jumping. The last meet was held in Hancock two years ago.

ELECTION NOTICES.

John T. Burns, city recorder, has posted notices of the special election that will be held Saturday, May 24, to elect a commission for the revision of the city charter. The commission will be composed of four commissioners-at-large and one from each of the five wards. The polls will be open from seven o'clock in the morning until five in the afternoon. During the five days past there has been talk of several additional candidates for the commission. The following polling places have been designated: First ward—Office of Jackson Iron company. Second ward—City Hall. Third ward—Mrs. Charles Wasmuth's residence. Fourth ward—Finnish Temperance Hall. Fifth ward—Hose House, No. 2.

LOCAL LAONICS.

L. J. Patek, of Ironwood, was in Negaunee Tuesday, on business. A. A. Kroglahl, of Gwin, was among the business visitors in the city Tuesday. Mrs. William Kranz, who was taken to the Ishpeming hospital last week, was operated on for appendicitis. She is said to be recovering rapidly. The Cleveland-Cliffs Iron company paid its employees in Negaunee yesterday. The stores will be open until 8 o'clock the remainder of the week. K. S. Baker, of Marquette, district manager of the Michigan State Telephone company, was a business visitor in Negaunee and Ishpeming yesterday. Mrs. John Jones and son, Fred Paulgreen, have gone to Bisbee, Ariz., where they were called because of the serious illness of Mrs. Jones' eldest son. Thirty-two degrees was the temperature recorded at the Breiting house at 5 o'clock yesterday morning. Freezing temperatures have been recorded several times within the past week. The new street lights on Iron street, now in use and greatly to the appearance of the street. An expert has been in the city for several days, and has tested the new lights thoroughly. The committee, which had the Elks' carnival in charge, has made its financial report, showing that the carnival was a success financially. A class of three was this week were received into the lodge. The Negaunee Finnish choir will entertain at a concert at the Finnish Temperance Hall next Sunday night.

ELECT GEHRAND BY VOTE OF 3 TO 2

Superintendent of Schools Last Evening Was Chosen to Serve Another Term by Majority of One Member of the Board of Education—Treasurer Resigns.

Scheme of Making Up Increase in Grade Teachers' Salaries by Combining Similar Grades in Neighboring Districts Is Considered—Playgrounds a Topic.

W. G. Gehrand was re-elected superintendent of schools by a vote of three to two at a meeting of the board of education last evening at the high school. The meeting was attended by every member. Trustees O'Reilly and Nieldhart voted against the reelection of Mr. Gehrand, following the attitude they have maintained heretofore. Trustees Rice, Ball and Hornbogen supported the re-appointment.

Another interesting feature of the meeting was the resignation of Mr. O'Reilly as treasurer of the board. Mr. O'Reilly did not seek this office when he was elected last year. His successor will be chosen at the next meeting. A communication from the grade teachers, petitioning the board to give their request for increased salaries further consideration was received and placed on file. After it was discussed freely, the board made no attempt to take up the matter for formal consideration. The subject of the 1913 budget is at present an all-engrossing one, and while the board did not pass upon it at this meeting it was the subject of no little conversation.

The budget for this year will contain about \$9,000 more than last year. This \$90,000, together with the primary school money to be received from the state, will give the board a total income of about \$85,000. Not only must the increased payroll be met, but \$10,000 worth of school bonds are to be redeemed this year.

Two Resignations Accepted.

The resignations of Miss Clarissa Williamson, for many years special instructor in art, and Miss Katherine Caven, since last year assistant in the domestic science department, were accepted. The superintendent must care around at once for new teachers to take these positions and as special teachers of efficient caliber equal to that of Miss Williamson and Miss Caven are not easily found, considering the remuneration offered, Mr. Gehrand apparently will have a worthy task.

The board talked over many matters that did not get into the minutes as no formal action was taken. The payroll is not likely, it is understood, to be further increased by the addition of more teachers than are already in the corps; in fact, there is likelihood of a reduction in the number of teachers on the basis of the survival of the fittest. In several instances there are similar grades in neighboring districts in which there are as few as fourteen, fifteen, and seventeen pupils, and the board is informally considering various consolidation projects. In the event this scheme is worked out, the board will make up the increase in salaries on what it saves by reducing the length of the payroll. It is a plan that is meeting with the almost unanimous favor of the board and is being considered earnestly.

Playgrounds and Public Baths.

The board received a communication from the Commercial club committee appointed to promote the movement for more playgrounds and similar institutions, asking that it meet this evening at 8 o'clock in the city hall with members of the council committee and the Commercial club members for the purpose of discussing the question of establishing playgrounds in the school yards and installing public baths in the school buildings. The board members have expressed themselves favorably to the schemes outlined by the Commercial club committee and endorsed by the council committee and members of the park, cemetery and street commission, and in proposing to spread \$9,000 more on the tax roll this year than last they are preparing to take care of the cost of the proposed improvements.

A request in the form of a communication, signed by a committee of Marquette women, asking for the use of the high school auditorium at some future date for the purpose of holding mothers' meeting, to be addressed by some speaker who is to be engaged to lecture on sex hygiene and allied topics, was granted.

The board accepted the invitation of the Negamose school board to attend a joint meeting of the county school boards to be held in that city Tuesday, May 27, or thereafter.

The bills were audited and ordered paid and thereupon the board adjourned. Another meeting is to be held shortly, at which the high school teachers' contracts will be signed and the budget prepared.

WARNING OF DANGER.

Real Old Nor'Easter Expected to Hit Lakes Superior and Michigan.

The Marquette weather bureau received a telegraphic warning yesterday afternoon of an approaching storm to be preceded by brisk to high easterly winds. It is expected that the winds will reach a minimum storm velocity, which is thirty-two miles an hour, and a real nor'easter is expected by the local observer. The threatened area includes Lakes Superior and Michigan.

Storm signals were displayed yesterday immediately after the telegram was received. A red flag with a black square in the center, under a red pennant, was hoisted both on the tower on the roof of the Savings Bank building and at the sub-station at Presque Isle. The center of the storm was over Kansas yesterday morning and it was reported to be moving rapidly northeast, probably to pass over the valley of the St. Lawrence.

Mr. Jas. Orenstein, the Furrier, of Calumet, Mich., will be at J. L. Walton's tailor store Monday, Tuesday and Wednesday, May 12, 13, and 14. Special orders. Repairing, remodeling and storage of furs. (5-9-11.)

MISS SYLVESTER IS MARRIED.

Former Instructor in Music at Normal Weds Colearaine Physician.

The wedding of Miss Nettie L. Sylvester, who until recently was instructor in music at the Northern State Normal school, and Dr. James Thayer Caldwell took place last evening at 6:30 o'clock at the home of Miss Sylvester's parents, 37 Plainview, near Minneapolis, Minn. After the ceremony and following a reception, the bride and bridegroom left on a short honeymoon trip. They will reside in Colearaine, Minn., where Dr. Caldwell is engaged in medical and surgical practice.

Miss Flora Retaille, of this city, who was one of Miss Sylvester's closest friends, attended the wedding. The fact that the ceremony took place last evening will be news to many of Miss Sylvester's friends, as it was supposed by many that she was to be married in September.

Miss Sylvester resigned her position as instructor in music at the Normal school about a month ago and, was succeeded in that position by Miss Ethel Hamaly. Miss Sylvester came to Marquette two years ago and has made a lot of friends here. It was with the sincerest regret that these saw her leave the city. They wish her every happiness and a long and prosperous married life.

WILL CALL FIFTY EXTRA VENIREMEN

Preparations for Case of Roosevelt vs. Newett Are Now Being Completed.

In preparation for trial of the civil suit of Colonel Theodore Roosevelt vs. George A. Newett, publisher and editor of the Ishpeming Iron Ore, fifty veniremen, in addition to the regular panel for the May term, are shortly to be drawn. This precaution is to be taken so that the trial of the suit may be expedited, as, because of the prominence of the complaint and Mr. Newett's considerable difficulty in drawing a jury is anticipated. It is expected that the court will uphold many challenges for cause.

Because there has been comparatively little discussion of the case of late the question whether it is going to trial as scheduled has been frequently asked. W. S. Hill, counsel in Marquette for Colonel Roosevelt, and W. P. Belden, of Ishpeming, counsel for Mr. Newett, both answer it in the affirmative. Preparations for the trial are now going forward rapidly. For the defense a large number of depositions have lately been taken, or are being taken, in Ohio. Depositions for the defense now on file with County Clerk Jenks are few in number, but they will be considerably increased before the case is called. By stipulation between the attorneys for the parties to the suit, and by order of the court, these depositions are not open to the public, and only the interested attorneys have access to them. In addition to the depositions for the defense, a considerable number from prominent men who have had a close personal acquaintance with Colonel Roosevelt have been taken.

It is impossible to learn definitely to what extent the parties to the suit will present witnesses on the stand, but it is believed that a considerable number will be examined. Colonel Roosevelt has been credited with the purpose of having a number of men of national reputation here, among them Gifford Pinchot, whose relations with him over a long period of years have been of the closest nature. It is also reported that witnesses for the defense will be presented in person.

In addition to James H. Pound, of Detroit, and Mr. Hill, Colonel Roosevelt will be represented by a firm of New York attorneys. Mr. Belden will also have able assistant counsel. While nothing definite has been learned on that score, it is expected that a number of newspapers will have special representatives here to cover the trial. The Associated Press will send one of its special correspondents to the city for that purpose.

While in the city Colonel Roosevelt and his personal party will be entertained at the White residence, where they will be the guest of George Shiras and a personal friend of the colonel through many years. Mr. Shiras spent the winter at Ormond Beach, Fla., and is now in Washington. He will shortly come to Marquette to arrange for the entertainment of the colonel. Just how long Colonel Roosevelt and his friends will be in Marquette is problematical, but the colonel will undoubtedly be here for two or three days, at least.

ACCIDENTAL DROWNING.

Inquest in Death of Henry Curley Held Yesterday Afternoon.

Coroner William Prin, of Ishpeming, yesterday conducted an inquest in the death of Henry Curley, who was drowned Sunday morning in Dead river. The jury met in the Hager building and after brief deliberation returned a verdict of death by accidental drowning. The witnesses were August Haupt, who went to the river with Curley early Sunday morning to fish, but who lost track of him before the drowning. Guy Friese who was fishing in the vicinity of Stone's mill, where the fatality occurred, and Joseph DuRoche, who discovered the body while fishing a short distance from the place Curley is believed to have fallen into the stream.

The jury was composed of John Hager, J. S. Harland, Timothy J. Downs, Charles Meyer, James Hudson and Louis Pendell.

SEATING OF M'DONALD WILL HAVE OPPOSITION

Standpat Republicans Will Seek to Have Seat for Twelfth Declared Vacant.

XTRAGOOD

A letter from an upper peninsula man in Washington the past several days relates that the resignation of Representative Young of his seat in congress last week was preceded by a close canvass of the membership of the house that indicated a strong Democratic leaning toward Mr. MacDonald, and also that if the case was forced to a vote a large percentage of the Republican delegation, including all but one or two Republican members from Michigan, would cast their ballots in favor of seating the contestant.

It is further asserted that while Mr. Young is now a stronger factor in the contest, there will be a determined effort on the part of the standpat Republican contingent in the house, under the leadership of Representative Mann of Illinois, the minority leader, to prevent Mr. MacDonald from getting the seat. With this end in view, substantially the same arguments that would have been presented had Mr. Young stuck for the contest will be presented to the committee that will consider the case. It is asserted, however, that the proposal to deny Mr. MacDonald the seat for which he received a plurality of the votes in the Twelfth has been received with little favor, and that there is little likelihood that it will meet with success.

A proposal to seat Mr. MacDonald this week was seriously entertained, but was finally passed for the reason that the house in under a gentlemen's agreement, now that the tariff bill is out of the way, not to transact any important business until the first of June. This being the case, it was suggested that Mr. Mann and other members in sympathy with his desire to have the seat for the Twelfth declared vacant would urge this agreement as a reason why there should be no immediate action.

In the present temper of the house in regard to the case it is asserted that it will probably be cleared up as soon as the way is clear for its consideration, and little doubt is expressed that Mr. MacDonald will be seated. He is said to have assurances of support from a majority of the Republican members of the Michigan delegation.

BUILDING STARTED.

John J. Donahue Will Erect Business Block at Hewitt and Third.

John J. Donahue has started the erection of a brick business block on his lot at the southwest corner of Hewitt avenue and Third street. He has not yet decided whether the building will be one or two stories in height, but it will probably be two. It will have a twenty-two foot frontage on Third street and extend back forty feet on Hewitt avenue. Masons are now working on the stone foundation. Mr. Donahue is personally supervising the operations.

The building is intended to be a permanent improvement and will be put up so as to allow of additions either in height or width, as they are found necessary from time to time. Mr. Donahue expects to make the first floor into a store room. The subject of leasing it for a vaudeville and motion picture theater, a theater would require at least a fifty-foot depth, especially if there is to be a stage. Mr. Donahue says, however, that if he can find a reliable tenant, he will take it for this purpose, his plans can easily be changed so as to add ten feet to the rear.

DEATH OF MRS. ANDERSON.

Leaves a Family of Three Children, Besides Her Husband.

Mrs. Bernt Anderson passed away yesterday morning shortly after 6 o'clock at her home, 413 Norwood street, after a six months' illness with cancer. She is survived by two children, by a former marriage with Fred Johnson, whose death occurred twenty years ago; also by a son, Henning Anderson, age eight years, by her surviving husband. The children of the first union are Mrs. Frank Nason and Gust Johnson, both of this city. Two brothers, Charles Uppstrom, of this city, and Frederick Uppstrom, of Republic, and a sister, Mrs. Christina Lindgren, also of this city, are living.

Mrs. Anderson was born in Sweden in 1864 and came to this country when she was thirty years of age, settling at once in Marquette. Two years after the death of her first husband she married for the second time. Mrs. Anderson had a large circle of acquaintances among the Swedish people of Marquette and was active in church and social work. The funeral arrangements are not complete, but the obsequies will probably be held Sunday, with services in the Swedish Lutheran church.

DEATH OF CHARLES RAGUSSETT.

Marquette Young Man Dies After Long Illness in Chicago.

Relatives received word yesterday of the death Tuesday evening of Charles W. Ragussett, at the home of his mother, Mrs. A. J. Kelly, in Chicago. The remains will be received in the city this morning and will be taken to the home of his brother, Henry Ragussett, corner of Magnetie and Front streets. Mr. Ragussett was twenty-seven years old and his death followed an illness that set in last September. Mr. Ragussett went to Chicago five years ago. He was well-known to many Marquette persons. During his residence in Chicago, Mr. Ragussett was employed in the Frank Holton band instrument factory. He is survived by his mother, his grandmother, Mrs. Henry Ragussett and his only brother, Henry, the two latter of this city.

Mr. Jas. Orenstein, the Furrier, of Calumet, Mich., will be at J. L. Walton's tailor store Monday, Tuesday and Wednesday, May 12, 13, and 14. Special orders. Repairing, remodeling and storage of furs. (5-9-11.)

Paris, May 14.—M. Benazet, reporter of the war budget, who has just returned from the theater of war in the Balkans, makes an interesting statement in La France Militaire with regard to the use of reserves in war time. "I have learned more," says M. Benazet, "in the course of this journey than hitherto in books and treatises. There are no lessons like those of experience. I have collected precious information from the lips of those who took part in the war."

"The generals, who, like General Vasog, took part in the siege of Adrianople, or like General Kutakoff, commanded at Tebataldja, formally declared, first, that it was 'criminal' to send into the firing line formations entirely composed of reservists before they had undergone a period of training, which could not possibly be less than fifteen to twenty days. "Secondly, that it was dangerous to reckon on utilizing at once in the firing lines units containing a too considerable proportion of reservists, and, finally, that in the event of a new war they would wish to start only with active units, incorporating a relatively small number of young reservists and men who had only recently done their term of active service."

"Wherever reserve formations were employed the Bulgarian generals are unanimous in saying that they did not replace the active troops. As for the Turks, the formations of Redif, even when fighting on the defensive, were the vulnerable points of the Ottoman line. As soon as one man gave way the whole gave way."

COUNTY TO STOP SPEEDING.

The Iron county road commissioner has taken steps to put a stop to the speeding of automobiles, says the Crystal Falls Drill. There are several reasons why the commissioners are taking this action, the main one, of course, being the safeguarding of life and limb. Another reason is the conserving of the roads that are being sucked up in dust and blown away from the rapid traveling of the cars. The drivers of the heavy machines are the principal offenders. They sweep along with a haughty demeanor, crowding cars and totally disregarding the rights of farmers and team vehicles of all kinds. Not all of the large car drivers are of this stamp, but the major portion of them are, and there is a very pronounced sentiment in the county towards curbing their aggressiveness.
