BASEBALL LEAGUE OPENS ITS SEASON

Teams of the Calumet & Hecla Company Begin Play for Honors and Prizes.

The first game in the Calumet & Hecla baseball league was played at Calumet Saturday afternoon. The contest was between the C. & H. Surface and Mine teams, the Miners winning 6 to 4.

The score: R. H. E. Surface 0 0 0 4 0 0 0 4 8 5 Miners 1 0 0 0 1 0 0 4 6 9

Prizes for the victors. Announcement was made Saturday of the prizes to be given to the winning teams and crack players.

In addition to these, the league will offer five cash prizes, aggregating \$100. One each will go to the player making the best batting average for the season.

The games for next Saturday afternoon are scheduled as follows: Calumet & Hecla surface team and Hecla-Hoheok team at Ahmeek.

Sunday School Athletics. At a meeting of those interested in the Sunday School Athletic association, which was organized at Calumet two weeks ago, a six-team baseball league was formed.

SHIPS MAMMOTH CRUSHER.

Carroll Foundry Also Builds Clam for Marquette Contractor.

The Carroll foundry of Houghton shipped to the Pickands-Mather company at Elba, Minn., Saturday the largest rock or ore crusher ever constructed in the upper peninsula.

The object of organizing the league and athletic association is to promote clean athletics under Christian supervision and influence.

Copper Country Cricket League. The following games are scheduled for the cricket league next Saturday: Mohawk vs Wolverine.

As the Calumet & Hecla Baseball league permits only Saturday ball for league teams, two independent teams, made up largely of league players, have been organized for Sunday games.

DR. DEADMAN ENTERS HORSE IN BIG RACES

Dainty Penn, a Promising Young Animal, to Compete for Big Stakes This Summer.

Dr. A. W. Deadman yesterday received a light but strong speeding cart from Waterloo, Ia., built along the latest lines, for use in exercising the fine, young racing horse, Dainty Penn, which he will enter this summer in ten leading 2:23 events, down through the grand trotting circuit, for stakes of \$1,000. Dainty Penn is a game little horse, in which he has a part interest. It was picked up at Chicago when three years old by himself and Swan Anderson, of Limestone. The horse was born in 1907 and was sired by the famous William Penn, 2:07 1/2, which in its prime won stakes amounting to \$60,000.

Dr. Deadman has had Dainty Penn in this city since last August, and Marquette people have often admired the trim little animal he may be seen driving, a dappled gray horse in a white harness. The cart Dr. Deadman has been using, however, has been far too heavy for its purpose. The speeding cart he received yesterday weighs but forty pounds, and is built of second growth hickory, with truss-bridge construction supporting the seat. The cart is equipped with cloth dash and other comforts for the driver not found on the racing sulky, although it is but slightly heavier.

Dainty Penn was tried out last summer on the fair grounds track and showed a quarter mile on thirty-two seconds, a remarkable record for a half-mile track. Dr. Deadman drives the horse himself and, according to his present plans, will accompany it to the ten big races. The first of these events takes place July 1 at Jackson, Mich. The others will be held in Port Huron, Saginaw and Monroe, Mich., and Cleveland, Toledo and Fremont, O. The places of the others have not been ascertained. The races will follow on another about a week apart. Dainty Penn has been entered in to 2:23 class in each.

Dr. Deadman and his associate are breaking in another little horse which is just as promising as Dainty Penn. It is a black colt of renowned trotting stock.

YOUNG MEN ARRAIGNED ON LARCENY CHARGE

Alleged to Have Taken \$40 from Intoxicated Passenger on the Road to Negaunee.

Leo Rivers and Howard Stewart were arraigned Saturday afternoon before Justice Byrne, on complaint of Oscar Jarvi, a resident of Bismolli, charged with having robbed him of \$40 Thursday night, when, he alleges, the young men left him lying in the road at Eagle Mills in an intoxicated condition after having collected of him \$4 as automobile fare to Negaunee and relieved him of the remainder of his roll.

The young men denied the charge, and demanded an examination. It was set for Thursday. Bonds of \$500 were furnished each of the defendants.

According to his own story, Jarvi, who had come to Marquette on business, imbibed freely Thursday evening and was in the mood for spending money when he met Rivers and Stewart in the latter's Mitchell touring car. Jarvi wanted a ride about town and paid the young men \$2 for the rent of the machine. After an equivalent amount of joy-riding, the visitor decided he would call on Negaunee acquaintances, and as he advanced, Jarvi asserts that, having ascertained the approximate amount of his roll, the young men viewed him as an easy victim and at Eagle Mills told him to get out of the car. After he had complied with their request, Jarvi claims the young men "went through him" and relieved him of the money. His faculties were not so befogged, he says, but he knew that he was not in Negaunee and he told the driver to proceed. He was kept out of the car, he asserts, and told to go about his business. The car was driven away, leaving him alone in the road.

Jarvi found his way home and after thinking about the matter for twenty-four hours, at the end of which time he had gotten over his spree, he came to Marquette to obtain redress. After spending a part of one day and an evening here, he says he made sure of the identity of the men with whom he had ridden. He then sought out Justice Byrne and had the complaints issued. The specific charge is larceny from the person.

The episode has given rise to many stories that differ either slightly, or wholly, from the truth. One that has gained considerable circulation credits Jarvi with having rented a horse and buggy for his trip.

Theatrical

Seat Sale Is Open.

The advance sale for Blanche Bates' latest play, "The Witness for the Defense," is in progress. A large number of seats have already been reserved. Much interest has been displayed in the attraction, which is to be presented at the Marquette Opera House tomorrow evening. Charles Frohman, under whose management Miss Bates will appear, has given the play a magnificent production, one that is fully keeping with the merit of the famous actress who is appearing in the stellar role. The picturesque quality of India is accentuated in the first act setting and it contrasts strikingly with the beauty of the Sussex country brought out on the canvas in the following scenes.

The story of the play, as previously outlined, is complex and fraught with absorbing dramatic interest. It opens in the hills of India with a background such as Rudyard Kipling might have prepared. The story is that of an unhappy woman, the wife of a civil service officer, made desperate by her brute of a husband. In a passion and in self defense, she kills him, but is acquitted of the crime. A lover of her happy, youthful days suspects her of the deed, but does not actually know that she

In a scene of great intensity, the woman tells the truth to this man, who has twice shielded her. He insists that she tell her fiancé. Complying, in fear and trembling, she does so, only to find that the man of her choice has suspected the truth and its utterance makes no difference in his love for her. Miss Bates' artistic achievement in the part is believed to be the greatest of her histrionic progress.

This is the second to the last week of vaudeville, probably for all time. On June 2 the management introduces two reels of kinemacolor pictures to take the place of vaudeville. Unless the public demands a continuance of the vaudeville service, the change will be permanent. The programs will consist of five reels of motion picture, at least until the house is opened after the closed season. THE RIGHT START

The young man who starts his business career and his savings account at the same time, starts right. He undoubtedly has hopes of being "his own boss" some day; and to do this he has two things to do—he must learn his business thoroughly and save up his capital at the same time. If he will commence his account early in life and deposit regularly thereafter, his money will be increasing of itself and at the same time take none of his time to look after it; and when he is ready to start for himself his own savings account will furnish the capital.

The difficulty is not so much in getting a start as in resolving to START and ADHERE MANFULLY to the resolution. Too many young men have not the patience—the self denial—the disposition to sow and wait for the harvest. They lack the courage to make the start—to come down to hard-pan—to live within their means. Let every young man remember that for every dollar he saves now he will have \$30.00 in his pocket when has he reached seventy-five years.

You, Mr. Husband---This Is For You

This ad was written for that busy fellow who forgets the comforts of those at home.

How do you feel when your breakfast is late?

Kind of grouchy, eh? Well, it is aggravating to have the cook oversleep herself. Then to add insult to injury, the old coal range balks.

The cook, to hurry matters, dumps on an armful of wood, which only serves to fill the house full of smoke, which doesn't improve your temper a little bit. Let us suggest that right now. This very day, you **ORDER A GAS RANGE**. Then your breakfast will never be late, nor will your other meals. A gas range is always ready. It's willing--it's cheap. TULLY MINE WILL BE BIG PRODUCER

Menominee Range Property, in Which Ishpeming Man Is Interested, Looks Well.

That the Tully mine, formerly known as the Houlihan, in which John H. Quinn of this city is financially interested, will be a big producer is evident from the following reference to the work being done there in the current issue of The Iron River-Stambaugh Reporter:

"The Tully mine, operated by the Corrigan-McKinney Co., and located a few miles southeast of this city, is being developed rapidly, about 225 men being employed at the present time. This spring the company has erected forty-seven new dwellings, at the average cost of \$1,000 for each cottage, for the accommodation of its employees. As the mines are being developed men are being taken on until the present finds the need of more shelter for them. Negotiations are being made for the purchase of an additional 100 acres suitable for building purposes when forty more cottages will be erected. At the present time there are sixty-five cottages at the location, all of which are occupied.

"A 50x42 extension to the boiler house is being built and as soon as completed four Tomahawk boilers will be installed.

"A machine shop, 42x144, is rapidly going up. Besides the old machinery, two new lathes, planer, pipe cutter and saw will be added. The blacksmith shop will be fitted out with a new steam hammer.

"A two story supply house, 50x32, will be ready for occupancy this week, and will house all the supplies needed for the mines.

"A large basement is being dug underneath the office building, a good foundation will be put in and the office will be equipped with a large steel vault.

"The contract will be let in the near future for a dry house, 50x42, with a concrete floor and also for a barn, 31x42. In about three weeks a new shaft house will be erected. The power house is equipped with an Ingersoll Rand compressor, said to be the largest on the range. A new generator has also been added. About 400 feet east of the main buildings a drop shaft through 186 feet of quick sand is being constructed. Work was commenced Feb. 9 of this year and now a depth of 146 feet has been reached. All that is done is to shovel out the sand and pump out water, the timbers and pipes being added from the top as the shaft is sunk. As soon as rock is struck drilling will be begun and when a sufficient depth has been reached drifts will be extended and ore taken out.

"At the present about 5,000 tons of ore a month are being mined at the Baker, while at the Tully only developing work is being done.

"The Tully and Baker mine locations are very attractive ones, close to a good school and near enough to Stambaugh and Iron River to permit easy access to either place whenever desired. The roads are in good condition, but the present summer will find them given still more attention. With all the developing work going on the Corrigan-McKinney property is an important labor employing concern and have hopes of growing still larger."

Armed with the death of his cousin, John C. Sullivan, of Detroit. For more than half a century Mr. Sullivan was the proprietor of a cigar factory on Cadillac square and he was one of the characters of that city. In a recent issue of the Detroit News was said:

"Cigar maker, soldier, scholar and philanthropist, Mr. Sullivan was a unique figure in Detroit life. He was small of stature, but was imputed to be by friends in touch with his activities a veritable dynamo of indomitable power and enthusiasm.

"Two years ago Mr. Sullivan fell ill of natural causes. Senility and a stroke of apoplexy incurred eleven weeks ago confined him to his bed and hastened his death. He was a member of the Detroit Lodge of Elks, the Detroit branch of the Knights of Equity, and St. Andrew's society."

DIED IN DETROIT.

John Sullivan, Relative of D. E. Sullivan, of Ishpeming, Passes Away.

BROTHER DIES.

Mrs. James Richards has been informed of the death in Chicago of her oldest brother, William Pryor Waldon, due to bronchitis, following an illness of two months. Mr. Waldon is survived by a widow, one son, a brother and six sisters. The sisters are—Mrs. James Richards, of Ishpeming; Mrs. Poty Richard, of Hancock; Mrs. Joseph Richards, of Centennial; Mrs. R. C. Treloar, of Superior, Wis.; and Mrs. Charles Waldon, of Marquette. Mr. Waldon was formerly a resident of Houghton and Keweenaw counties, and is well remembered by many of the old residents in that district. He left the copper country forty years ago.

ARRANGEMENTS MADE FOR ANNUAL EXHIBIT

Work of Manual Training Students Will Be Shown During Second Week of June.

Homer P. Yutzy, head of the manual training department of the Ishpeming public schools, has arranged to have the annual exhibit of the department's work during the second week in June. The articles that will be shown are now about completed, and they will include exhibits from every department, including wood-working, drafting, brick-laying, plumbing, machinery and blacksmithing. It is proposed to hold the exhibit in the manual training rooms and have two classes in session during both the afternoon and evening.

The work in the wood-working department has been largely in oak furniture, and many of the articles turned out are pretentious. Dining chairs, morris chairs, sewing chairs, writing desks, library tables, lamp stands, bread boards, umbrella racks, talourets will be included in the exhibit.

Miss Hay, who is in charge of the domestic science work, is also planning the annual exhibit, which will probably be held at the same time as that of the manual training exhibit.

BLAKES' CIRCUS TONIGHT.

Blakes' Circus, by far the best vaudeville attraction ever booked at Ishpeming theatre, will fill a three-days' engagement, starting tonight. As this act will be of special interest to the children, matinees will be given each day after school. The evening performances will begin at 7:15 o'clock. The circus includes trained ponies, monkeys and dogs, and Mand, the famous kicking mule, which creates more amusement than a dozen clowns could furnish.

BYRNS' INSURANCE AGENCY.

Ishpeming Young Men Engage in Business, With Offices in Jenks' Block.

Ashton V. and William N. Byrns, sons of Charles J. Byrns, are preparing to engage in the insurance business, with offices in the Jenks' block, in the rooms formerly occupied by Dr. R. E. Drace. The firm will do business under the name of the Byrns' Insurance Agency, and it will have the backing of C. J. Byrns, who on the first of July will assume charge of the Equitable Life Assurance association's business in Michigan.

Both young men have had experience in the insurance business. They have at times acted as deputies for the Modern Woodmen of America, and have also represented the Inter-Ocean Life & Accident Company. The business of the Inter-Ocean Company in this district has for some time past been looked after by Will Byrns, and the firm will continue to represent this company. Ashton will also continue as the Marquette territory agent of the Mitchell Automobile Company, which he has represented for the past year or so.

The firm has the agency for several companies and will write fire accident, life, plate glass, boiler and automobile insurance. They also have secured the agency for the Southern Surety Company of St. Louis, Mo., which issues surety and fidelity bonds.

SPECIAL MEETING CALLED.

FOR SALE—One two-seated double car. Fine, good as new; one open buggy; two sets double harness; one single harness; all in good condition. John P. Outwater. 5-17-11.

today. He is now pastor of the Methodist church at Pawabic, Mich.

Miss L. S. Dodge has returned to Ishpeming from her home in Republic, where she had been visiting since Friday.

Dr. Henry Cunningham will not make his usual trip to Ishpeming this week. He is going to attend a surgical clinic at Detroit.

Miss Margaret Conway, a student at the Northern State Normal school, spent Saturday and Sunday with her mother in this city.

Stanley Williams, who is attending the Northern State Normal school at Marquette, spent Saturday and Sunday visiting in Ishpeming.

S. L. Ring, representing the Stein-Block company, will be at L. W. Atkins & Co.'s store today, to show samples and taking orders for fall suits and overcoats.

Mrs. Anton Stark, of Diorite, formerly a resident of Ishpeming, will leave this morning for Cleveland, O., and other eastern points, where she will visit during the summer months.

The Twin City Temple of Pythian Sisters will hold a meeting tomorrow evening at 7:30 o'clock in the Old Fellows' hall. The officers and Degree staff are requested to meet in the afternoon at 2:30 o'clock.

Al F. Beeton, who has been working in the accounting department of Swift & Co. in Chicago the past two months, arrived home yesterday. He will leave within a few days for St. Paul, to arrange to take a new position.

Captains James Stephens and Alfred Collick, of this city, and J. H. Roub, of Negaunee, arrived home yesterday morning from West Baden, Ind., where they spent the past two weeks. They saw the ball game in Chicago Saturday, Chance day, and were close to the temporary grand stand that collapsed, resulting in the injury of several spectators.

Grandma Wallace, of North Third street, celebrated the ninety-third anniversary of her birth last Thursday. A number of friends called to extend their congratulations, and many others sent flowers. Mrs. Wallace reads the papers daily without the aid of glasses and she discusses all current topics. Mrs. Wallace lives with her daughters, Mesdames Pascoe and Hamilton.

REXALL'S WIN GAME.

The Rexall baseball team of Negaunee defeated the Ishpeming Giants in a closely contested game yesterday afternoon on the Oliver diamond, by a score of 9 to 7. Gonlette, former twirler of the Ishpeming league team, was on the mound for the Giants, and Gleason wore the mask. Roberts twirled for Negaunee and Leslie Gaffney was behind the plate. Roberts had twelve strikes-outs, a hit, a double and Gonlette, Negaunee had nine hits, including three two-baggers, and Ishpeming had eight bingles, included a three-base slout. The game was witnessed by a large crowd.

WILL SEND DELEGATES.

Word has been received that Hancock will be represented at the conference of the Finnish Lutheran churches, to be held in Ishpeming from June 12-16, by eleven delegates. It is expected that representatives of nearly every Finnish Lutheran church in the upper peninsula will send delegates. The delegates from Hancock will be Rev. M. Pesonan, Isaac Wargelin, Victor Frankila, John Akren, Eli Merijarvi, Lydia Kangas, Joseph Salmu, Sophia Johnson, John Leinonen, Matti Salminen and John Pipo.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Marquette People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys.

Here is Marquette evidence to prove their worth.

Daniel Reynolds, Summit St., Marquette, Mich., says: "My experience with kidney remedies has convinced me that Doan's Kidney Pills are the best on the market. I suffered from backache and pains in my head. I was also subject to dizzy spells. Mornings I arose feeling all tired out and I had but little strength. I finally used Doan's Kidney Pills, procured from The Stafford Drug Co. and they restored me to good health. I have had no return attack of kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

STEIN-BLOCK MAN HERE TODAY.

S. L. Rin, the well known representative of the Stein-Block company, will be with us today, with a large and most complete line of the up-to-the-minute patterns for fall and winter suits and overcoats. All regular patrons and others are invited to call and inspect Mr. Rin's lines. He will be here today only. 5-19-11. L. W. ATKINS & CO.

MAY BREAK LAST YEAR'S RECORDS

Copper Country High Schools, Winners of First Annual Upper Peninsula Track and Field Meet, Will Not Walk Away With the Laurels This Season.

Iron Range Teams Are Working Hard in Preparation for Event to Take Place Here Saturday, May 31—Much Enthusiasm All Through Northern Michigan.

During the last week or so many inquiries concerning the records made last year in the first upper peninsula high school track and field meet held in this city have been received, indicating that there is much interest in the second annual event, which is to be conducted Saturday, May 31, at the fair grounds under the auspices of the Northern State Normal school.

Concerning Rules. For the benefit of the schools that are preparing entrants, also that those who may be interested spectators the day of the meet may understand the conditions under which the events are carried on, the following extracts from the rules are given.

Each competitor in the running high jump shall be allowed three trial jumps at each height and if on the third trial he shall fail, he shall be declared out of competition. The best four shall each have three more trial jumps.

Track Events— Fifty yard dash, Houghton—5 4-5 seconds. 440 yard run, Hancock—56 3-5 seconds. 100 yard dash, Houghton—10 3-5 seconds. Half-mile run, Hancock—22 minutes, 13 3-5 seconds.

Field Events— Shot put, Houghton—37 feet, 8 1-2 inches. Discus throw, Houghton—91 feet, 4 inches. Hammer throw, Hancock—113 feet, 3 inches. Running broad-jump, Houghton—17 1-2 feet.

As the record shows, the copper country teams took almost everything last year, and this was due to the fact that the men were accomplished athletes through much practice and training.

Activity in Marquette. The increased interest in track and field work and the resulting activity along these lines brought about by the institution of the upper peninsula meet as an annual affair are clearly shown in the Marquette High school.

William W. Woodbridge Passed Away Saturday After Brief Illness. William W. Woodbridge, of 914 Lee street, passed away Saturday morning at the age of fifty-eight years after an illness of about ten days with pleurisy.

OLD RESIDENT DIES. William W. Woodbridge Passed Away Saturday After Brief Illness. William W. Woodbridge, of 914 Lee street, passed away Saturday morning at the age of fifty-eight years after an illness of about ten days with pleurisy.

Twelve Schools Have Entered. Professor DeForrest Stull, of the Normal, who has the preparations for the meet in charge and who was the motivating spirit in establishing the annual event, has already received assurances that at least fifteen high schools will send contestants this year.

are undecided as to representation, and about twenty other high schools have not as yet indicated whether they will enter or not. All are, however, wholly in favor of the upper peninsula meet and give it their unqualified moral support.

The management of the events will be in charge of ten officials, who have yet to be chosen. The meet will be governed, as last year, by the rules of the Amateur Athletic union. The referee will be invested with the full powers given him in Rule 11—the settling of all questions not governed by the regular rules of the union, if necessary, of the order of events as laid down in the official program, and the disqualifying of any competitors whose conduct he considers unbecoming.

MRS. ROBT. R. FRENCH HAS PASSED AWAY

Pioneer Resident Died Saturday Afternoon at Her Home, After Long Illness.

Mrs. Robert R. French, wife of the former street commissioner of this city and mother of Elmer C. French, Marquette agent for the American Express company, and who was a pioneer resident of Marquette, passed from life Saturday afternoon at 4:30 o'clock at her home at the corner of Michigan and Pine streets, after an extended illness. Mrs. French suffered a paralytic stroke a year ago last Easter and while she recovered from its effects to some extent, her health gradually failed her. The last few weeks she had been confined to her bed.

On New Year's Day, 1867, she was married and the couple started housekeeping on Washington street, on the site of the present Marquette Opera House. Two children were born to them, Elmer C. French and Miss Jessie French, both residing in the city. Besides her husband and her two children, Mrs. French leaves a sister, Mrs. Sarah Macey, now living in Hildings, Minn. Her father was the roadmaster of the Marquette, Houghton & Ontonagon railway. Both parents have been dead for many years. Mrs. French resided in this city continuously after coming here and was educated in the Marquette public schools. In her younger days she was a talented singer and for twelve or fifteen years sang soprano in the Methodist church choir, of which church she had been a lifelong member.

Will be Filed Today. Petitions for Charter Commissioners Are Ready for Submission.

Petitions for J. C. Cannon, C. E. Brown, E. H. Bush and W. J. Small, candidates for election as commissioners-at-large to prepare a revised charter for Marquette, were completed Saturday, and will be filed today. The petitions carry in excess of 250 names of voters, over fifty for each ward, and it is said that they have been checked over to see whether they complied with the requirements of the law. Eusebe Bertrand, who considered running for the commission and obtained petitions, decided not to seek election. As far as could be learned last evening, no petitions for candidates for commissioner-at-large other than those for the men named would be filed, though the past few days there has been talk of other candidates.

PETITIONS BEING CIRCULATED. Council Will Be Asked to Reopen Eastern Trunk Sewer Roll.

Petitions are now being circulated among property owners in the eastern trunk sewer assessment district asking the council to reopen the present roll with the purpose of correcting its alleged inequalities and providing for spreading part of the cost of the improvement over the property of the entire city.
