

NOON PAPER SEES PERIL IN PACIFIC WITH JAPS

ator Doubts if the Empire Old Survive Should the Mith- Country Be Drawn Into a ht for a Principle Bitterly agonized in the Colonies.

se "America Seeks Suprem- in Pacific, the Saturday ew Urges That Britain d by Its Alliance—Wash- on Awaits Tokio's Reply.

on, May 23.—The powerful Eng- an just appear to be avaking possibilities of the alliance be- Great Britain and Japan and to timent which the British colonies old in the event of war between and the United States.

igh it believes the possibility of s-king out of Great Britain party to it through her alliance pan to be vague, the Spectator s: "We doubt whether the em- old survive such an outrage eelings of a large and important s white population.

rt Proceedings Indicated. nton, May 23.—Probably as a the anxiety in Japan over the t of the emperor, no instructions n received at the Japanese em- make the expected further re- sions to the United States govern- anding the California alien land- gal proceedings of some sort o- be indicated, both parties de- use that means of settlement ue, and the question apparently up which side falls the re- Saturday, May 24.—A bulletin s morning announced that the re of the emperor was 992 de- s pulse was 76 and respiration rament officials say the emper- a favorable night, that his s morning is satisfactory.

er Luncheon at New York. rk, May 23.—Expressions of between the United States and d hopes of continued friendly e were voiced by speakers today ehn given by the Japanese. S- george W. Guthrie, of Pittsburg, ointed ambassador to Japan, e the Japanese emperor and the e of the United States were e grape juice.

the speakers was Professor T. of the University of Chicago, e of the California legislation, yena thought, was the race is not the least doubt that the e of California has stirred deep- e of the Japanese people.

ca His Nation's Godfather. ca introduced Japan to the e thus opened the way for her e career during the last half e. When Japan was struggling eak off the yoke of old tra- e when diplomacy was an e science, "America was among e to recognize the justice of her e. When we fought Russia, e gave us ungrudgingly her moral eal support. To crown all, e first affixed a seal to the treaty e us tariff autonomy and full e of our equality with the e.

the wish for now is not soeth- e, but the substance of justice, e, before, every reason to believe e: Wilson will not cease his e til an adjustment satisfactory epanese people is made. To the ean ambassador to the mika- e. I beg to express my ardent e he will find, after the present e, the truth of the Japan- e. After the rain the ground eader."

Film Tabooed at Seattle. Wash., May 23.—A moving ma illustrating "the war of eep Japan and the United e introducing Theodore Roose- e. Woodrow Wilson as partic- e had been extensively ad- e one of the principal theatres e forbidden to be shown today. e Seattle board of censors had e film. It is said to have re- e Japanese in an unfavorable e. The city officials took the view e could stir up race feeling.

OR OF ARTS DECREE AT YALE COSTS OVER \$4,000. ven, Conn., May 23.—The aver- to the members of the present e of getting a bachelor of arts e Yale was \$4,370. Statistics e from figures submitted by the e seniors show that the averages e four years were: Freshmen e; sophomore, \$1,052; junior, e; senior, \$1,162.

MAN AT SAN FRANCISCO WALKED ABOUT FOUR DAYS WITH A BROKEN NECK.

San Francisco, May 23.—Encased in a plaster cast, Paul V. Parker, of Napa, is hanging by his neck in a hospital here and there he will continue to hang until he is well.

Injured five days ago in a street car collision, the man walked the streets four days with a broken neck and didn't know it. An examination yesterday showed that he had a bad fracture of a vertebra. Only the muscles were holding the neck in place, and the movement of a sixteenth of an inch of the broken bone probably would have caused death.

STEAMPIPE EXPLOSION ON U. S. NAVAL CRAFT IS FATAL TO THREE MEN.

San Diego, Calif., May 23.—Richard Curtis Smith, oiler, and H. S. Bock, chief machinist mate, are dead and Alma Miller, oiler, who risked his life in an attempt to save Bock, is in a dying condition tonight, as the result of an explosion on the United States torpedo boat destroyer Stewart today. The accident occurred twenty-eight miles off port, during a speed test, when a steam pipe in the engine room blew out.

STATUE OF LINCOLN FOR ENGLISH PARK

One of Victoria at Washington Also Is Planned as a Feature of the Peace Jubilee.

New York, May 23.—Plans for the erection of a statue of Queen Victoria in Washington, the presentation of a statue of Abraham Lincoln to the British people, and the holding of a historical costume ball, all in connection with the celebration in 1914-1915 of one hundred years of peace among English-speaking races, were worked out at a meeting today of the American committee in charge of preparations for the event.

It was given out that the statue of Queen Victoria will be erected under the direction of a committee of women, whose names will be announced later. The movement to present a statue of Abraham Lincoln to the British people was inspired partly by the admiration which the British delegates who recently visited this country expressed for a statue of Lincoln in Chicago. The committee plans that this statue will be of heroic size and shall be done by one of the best sculptors in America.

SPIT BALL BAD FOR ED WALSH.

Chicago, May 23.—Excessive use of the spit ball has injured Ed Walsh's digestion and has thus affected his condition, so that he has not yet reached his best form this year, according to Dr. James H. Blair, club physician of the Chicago Americans, in a report made today on the pitcher's condition. Walsh is quoted as saying that his condition is far from right. According to the doctor, saliva needed for Walsh's digestion has been used on the ball, but with care the pitcher may be in his old-time form in a month.

WAITRESS PAID WELL AND LIKES HER WORK

But Conditions in St. Louis Laundries Are Shocking. It Also Is Testified.

St. Louis, May 23.—That the work of a waitress is the best employment for a girl, and that the girls in St. Louis laundries work in such intense heat that they often faint at their work, came out in testimony here today before the wage investigation committee of the Missouri senate.

A woman employed at the Gem restaurant in St. Louis said she was paid \$7 a week, and that her tips averaged \$1 a day. She lived with her cousin, who works at the same restaurant during the noon lunch hour. She says the cousin \$3 a week for taking care of her eleven-year-old daughter.

"I've managed well," she said. "I don't and think twice before I buy. I work ten hours a day. Our room costs \$2.50 and it is good enough for a working girl. I am in it only at night. I get all my meals at the restaurant. I manage to have a suit for Sunday and a suit for work. My employer treats me well. I have a little bank account."

GRAND JURY FINDS THE KIRBYS OPERATED A CONFIDENCE GAME.

Chicago, May 23.—Indictments against William T. Kirby, former president of the defunct Kirby Savings bank; his wife, Mrs. Margaret Kirby, and his nephew and cashier, Daniel J. Kirby, were voted today. The three are charged with operating a confidence game.

Joseph F. Triska, president of the Slave-American bank, was the complaining witness named in the indictment. He told the jury he had cashed a draft for \$10,000 for Kirby against the Stockmen's Trust & Savings bank, when Kirby had only \$600 in the bank.

JUDGE GARY SAYS: LET US FEEL ASSURED

Steel Corporation's Head Urges That President Wilson's Utterance That Honesty Has Nothing to Fear Be Accepted to Mean Just What It Indicates.

He Speaks at Meeting of the Iron & Steel Institute—Business Is Checked Somewhat, He Admits, but He Is Optimistic—He Assails the Income Tax Proposition

New York, May 23.—E. H. Gary, chairman of the United States Steel corporation, quoted President Wilson at the annual meeting today of the American Iron & Steel Institute as saying that honesty had nothing to fear from the Democratic administration, and added: "Let us accept that statement coming from President Wilson to mean just what he said, and let us feel assured."

EX-GOVERNOR HADLEY COMING TO MARQUETTE

Former Executive of Missouri Will Be a Witness for Theodore Roosevelt.

Kansas City, Mo., May 23.—Herbert S. Hadley, former governor of Missouri, was given tonight when the trial witness for Theodore Roosevelt in the latter's suit against George A. Newett, which will begin at Marquette, Mich., next Monday. "I received a telegram from Colonel Roosevelt today, saying that I will be put on the stand next Wednesday," Mr. Hadley said.

HAGERTY'S STORY OF COMING TRIAL

C. D. Hagerty, the staff man assigned to cover the trial for the Associated Press, yesterday put the following story on the wires: When Marquette erected a big, sandstone courthouse a few years ago and topped it with certain architectural flourishes, there were critics who declared that a building at half the price would have sufficed for any emergency the county would ever be called upon to meet in the way of dispensing justice.

SOME FINANCIERS TIMID.

"I have not any doubt that at the present time there is a disposition on the part of some of the leading financiers of the country, and perhaps those whose influence is needed to carry on the best interests of the country, to withdraw their financial support from extensions of various kinds, and that we are feeling the effect to some extent."

YOUNG ILLINOIS FARMER SWALLOWS POISON WHEN REJECTED BY SWEETHEART.

Joliet, Ill., May 23.—Standing before Martha Jones, who had rejected him, on the school house in which she teaches now, Edward Elmer Angeson, twenty-four years old, swallowed poison today. His death is momentarily expected. The tragedy is the climax of a romance begun four years ago, when both were students in the high school.

VALUABLE TAPESTRIES USED TO MAKE PANTS FOR CARETAKER AND HIS SON.

Paris, May 23.—The loss of some precious Gobelin tapestries which were presented to the museum at Pan fifty years ago and which were valued at several thousand dollars have at last been explained by the confession of the caretaker that he and his little boy have been wearing some of the tapestries as lining for their trousers. The caretaker declared he believed the tapestries were worthless, so he took them home to his wife. She selected a woodland scene to turn into neither garments for him and their son.

MONEY AWARDED COLLEGES.

New York, May 23.—The General Education board today appropriated \$857,000 for the benefit of sixteen colleges and educational institutions in various parts of the country. The board's appropriations include one to Northwestern University, Evanston, Ill., which is given \$100,000.

THIS WEEK'S BANK CLEARINGS.

New York, May 23.—Bradstreet's bank clearings report for the week ending May 22 shows an aggregate of \$3,160,076,000, as against \$3,322,991,000 in the corresponding week last year.

The Weather

Washington, May 23.—The following is the weather bureau's forecast for Upper Michigan: Fair, Saturday and probably Sunday; somewhat cooler, Saturday night; moderate winds becoming northwest.

COLLAPSE OF A BALCONY INJURES MANY YOUNG FOLKS IN AKRON (OHIO) SCHOOL.

Akron, O., May 23.—Fifteen students of the Central High school were seriously injured and scores were badly cut and bruised here today when a temporary balcony which had been erected in the auditorium of the school building collapsed. The majority of the injured were girls, many of them sustaining broken arms and legs.

The students were rehearsing the oratorio "Samson," which was to have been given tonight when the accident occurred. More than three hundred boys and girls seated in the balcony were precipitated to the floor, a fall of twenty feet, and it was with difficulty that they were extricated from the entangled mass of debris and bodies.

Former Executive of Missouri Will Be a Witness for Theodore Roosevelt.

Kansas City, Mo., May 23.—Herbert S. Hadley, former governor of Missouri, was given tonight when the trial witness for Theodore Roosevelt in the latter's suit against George A. Newett, which will begin at Marquette, Mich., next Monday.

CHICAGO PRODUCE QUOTATIONS.

Chicago, May 23.—Butter, lower, creameries, 24 1/2 to 27 cents. Eggs, unchanged; receipts, 18,021 cases. Poultry, lower; chickens, alive, 16 cents; springs, alive, 16.

OLD GUARDMEN CAN'T SEE NEED OF CONVENTION

Republican Reactionaries Will Fight the Conciliation Movement at Meeting of the National Executive Committee Today—Will Urge a Policy of Delay.

Indicating the Standpat Attitude, Senator Gallinger Styles Reorganization Scheme a "Foolish Thing"—However Progressives Will Urge the Plan Strongly.

Washington, May 23.—The Republican national executive committee, which meets here tomorrow at the call of Charles D. Hilles, chairman of the national committee, primarily will consider the advisability of calling an early meeting of the national committee for the purpose of strengthening the party lines preparatory to the next congressional campaign.

Before determining to call the national committee, itself, together it will be decided whether the time is ripe for the beginning of organization for the future, or whether it might be better to wait until the present Democratic administration has proceeded farther on its way; until after the opposition tariff law has been written into the statutes and its effect on the country ascertained.

UNCLE JOE SAYS THAT MANN'S THE GOAT NOW

In Capital Again, as Jaunty as Ever, He Gloats Over Troubles of Minority Leader.

Washington, May 23.—"Uncle Joe" Cannon, former speaker of the house, is back in his old haunts as jaunty as ever, wearing the inevitable carnation in the lapel of his coat and with the same rakish tilt to his big black cigar that has made him famous. He is here to attend a meeting of the Lincoln Memorial commission, in which both he and former Senator Cullom, of Illinois, retained membership after their retirement from public life with the incoming of the present congress.

The former speaker, who is in great spirits, already has taken occasion to gloat over the troubles of his former colleague, Representative Mann of Illinois, minority leader of the house. Mr. Mann was Mr. Cannon's floor lieutenant during all the time the former speaker wielded the gavel and earned the title of "czar."

WISCONSIN EDUCATOR IS A VICTIM OF PNEUMONIA.

Madison, Wis., May 23.—Francis Thompson Harvard, professor of mining and metallurgy at the University of Wisconsin, died today of pneumonia, aged thirty-five years. He was a graduate of the Freiberg Royal school of Mines, Germany. He came to Wisconsin in 1909.

BELIEVES PRESIDENT MADE A MISTAKE

Veto of U. S. Trade, Avers ex-Minister Calhoun.

Chicago, May 23.—William J. Calhoun, retiring minister to China, in a speech here tonight described President Wilson's attitude toward "dollar diplomacy" as the proposed Chinese loan as a last opportunity. He said participation in that loan offered a chance for trade expansion in the far Pacific, "but we are now making absolutely no effort for that great trade."

RODEL WHIPS KEARNS, COFFEY DEFEATS FLYNN, IN BOUTS AT NEW YORK.

New York, May 22.—Two heavyweight boxing matches were staged at Madison Square Garden tonight. George Rodel, "the Boer," besting Soldier Kearns, an eight out of ten rounds and Jim Coffey, the "Dublin Giant," out-punching Jim Flynn, of Pueblo, after a hard session. Coffey exhibited much cleverness, Flynn at times standing still while Coffey rained a shower of lefts and rights to his face and head. Flynn did a lot of rushing and worked mostly for the body, having his opponent backing away during the last round, but Coffey's cleverness at long distance work was too much for the Western man. Coffey weighed 193 pounds and Flynn 191.

RITCHIE AND RIVERS TO FIGHT.

Los Angeles, Calif., May 23.—A battle for the lightweight championship between Willie Ritchie, the title holder, and Joe Rivers, of this city, to be held in San Francisco July 4, was assured today by announcement of Rivers' manager.

PHILADELPHIA DELEGATION HEADED BY MAYOR VISITS FARM SCHOOL AT MADISON.

Madison, Wis., May 23.—Mayor Rudolph Blankenburg of Philadelphia and the rest of the Eastern delegation here to study advanced educational methods were long today. During the morning they took a "short-hand" course at the state agricultural college and heard Professor R. A. Moore tell how boys are kept on the farm by showing them how to make so much money that they will not leave.

LEADING PARTY MEN OF EMPIRE STATE URGE BARNES' RETIREMENT.

New York, May 23.—A number of leading Republicans of the state strongly favored the removal of William Barnes, Jr., as chairman of the state committee, in speeches tonight at a conference and dinner attended, among others, it was given out, by a majority of the members of the state committee, held at the Republican club.

Newspapermen were not admitted, but, according to Herbert Parsons, "straight-from-the-shoulder" talks were made, urging the selection of a man, as yet unnamed, to take Mr. Barnes' place.

PROF. TAFT ATTACKS THE RECALL OF JUDGES AND OF COURT DECREES

New Haven, Conn., May 23.—The recall of judicial decisions and of judges was denounced by Professor William H. Taft in a lecture at Yale today as "hair trigger to the bottom" and as an "instrumentality giving great power to bosses and the muck-raking press."

The recall of judges the former president declared to be "obnoxious justice," because "under this legalized terrorism independent action of the judiciary would be impossible."

Mr. Taft advocated increases ranging from four to five thousand dollars in the salaries of the justices of the supreme court and the fixing of the age of retirement at seventy years.

WESTERNERS' DESERTION WOULD LEAVE THE LINE-UP A TIE, IN THE EVENT THE ONLY AVOVED PROGRESSIVE SIDES WITH THE REPUBLICANS—AN INTERESTING SITUATION.

Washington, May 23.—Wool and sugar, the stumbling blocks of the tariff, held the attention of senate finance sub-committees and senators in general today.

Great interest was attached to a statement made by Senator Walsh, of Montana, condemning the proposition to put wool and sugar on the free list, which gave rise to a report that he might join in with Senators Ransdall and Thornton of Louisiana and vote against the bill. In that case, the senate Democratic majority being only six, the vote on the tariff bill would be a tie, necessitating the vote of Vice President Marshall to pass it. Should this develop, there are some Democrats who believe that Senator Poindexter, of Washington, the only avowed Progressive in the senate, will vote with them on the bill. This would give away for another Democrat to desert in the final vote.

MAKER OF WOOLENS HAS A HEARING.

William Whitman, always a leader of the woolen interests in tariff consideration, had an interesting hour with Senator Stone's sub-committee, attacking the woolen manufacturers schedule. Asked if free raw wool would not prove beneficial to his interests, Mr. Whitman said it might eventually. At present, he said, his company had on hand a large supply of raw wool, bought under tariff rates, and it would be at a disadvantage in working this off while other manufacturers were buying and manufacturing with wool purchased on a free-of-duty basis. He declared that foreign manufacturers had enormous amounts of woolen goods stacked away ready to put on the American market as soon as the proposed bill becomes a law.

PIG IRON REPORTED FREE-LISTED.

An important change in the bill as it passed the house, it was reliably reported today, has been made by Senator Stone in the tariff committee schedule. The committee is declared to have decided to put pig iron and ferro-manganese on the free list. The Underwood bill levies a 10 per cent. duty on pig iron and 15 per cent. on ferro-manganese, used in the manufacture of steel.

BANK CHECKS BECOME EVIDENCE AT BOSTON.

Boston, May 23.—Two checks, one of which was in payment of "expenses incurred during the strike at Lawrence," were traced to the offices of the American Woolen company at the dynamite conspiracy trial here today. The checks were issued upon the authority of President William M. Wood, and were payable to Frederick E. Atteaux, a dye manufacturer, who, with Wood and Dennis J. Collins, is charged with conspiring to plant dynamite at Lawrence to discredit the striking textile operatives during the trouble of 1912.

PAYMENT IN CONNECTION WITH THE LAWRENCE STRIKE IS TRACED TO WOOLEN COMPANY.

One was a check for \$605, issued March 22, 1912, the voucher for which explained that the payment was for expenses incurred during the strike. The voucher corresponding with a second check, issued June 26, 1912, for \$2,100, showed that it was a consideration "in full for all claims and demands to date."

WALL STREET MARKET SAGS; PENNSYLVANIA UNDER 110.

New York, May 23.—Speculation today lacked the vitality to carry further the upward movement of stocks yesterday, and the effect of the day's trading on the average of quoted values was negligible. The list opened fractionally lower and, although there was no pronounced pressure, stocks sagged generally during the forepart of the day. Subsequently the market moved upward slowly, cancelling the early losses in most cases. There was renewed liquidation in some quarters of the list. Pennsylvania declined to 109 1/2, the low price for the movement.

TARIFF MAY REQUIRE VOTE OF MARSHALL

Senator Walsh of Montana Appears Likely to Join Louisiana Colleagues in Opposition to the Underwood Bill—He Condemns Free Wool and Free Sugar.

Washington, May 23.—Wool and sugar, the stumbling blocks of the tariff, held the attention of senate finance sub-committees and senators in general today.

Great interest was attached to a statement made by Senator Walsh, of Montana, condemning the proposition to put wool and sugar on the free list, which gave rise to a report that he might join in with Senators Ransdall and Thornton of Louisiana and vote against the bill. In that case, the senate Democratic majority being only six, the vote on the tariff bill would be a tie, necessitating the vote of Vice President Marshall to pass it. Should this develop, there are some Democrats who believe that Senator Poindexter, of Washington, the only avowed Progressive in the senate, will vote with them on the bill. THE DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY

The Mining Journal Company, Limited

Issued daily except on Sundays. Contains Associated Press dispatches, and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES:

Per year, by mail, \$6.00 Per month, by carrier, .60

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

SATURDAY, MAY 24, 1913.

ONE-CENT LETTER POSTAGE.

Postmaster General Burleson has declared himself in favor of one-cent letter postage, which makes it a moral certainty that the reduction will take place during his administration of the postal department, says the Saginaw News.

The merits of one-cent letter postage are now generally conceded. The arguments in favor of it are many. Put briefly, they are that one-cent rate will promote the general intelligence and improve the social relations of the people; that it will advance the business interests of the country by lowering the cost of communication; that the increase of mail matter which the reduction will bring will defray the cost of handling and transportation.

By converting the postoffice from a political into a business institution, by curtailing the franking and certain abused privileges and by instituting other reforms, not only one-cent letter postage will be possible, but the whole service will be improved and cheapened. Mr. Burleson has it in his power to perform a notable public work and his able management of the department thus far indicates that he will do it.

A NOTABLE COMPLIMENT.

One of the greatest compliments ever paid to the University of Wisconsin, or for that matter to any other university in the land, was the matriculation there this week of Rudolph Blankenburg, the mayor, and nearly 100 members of the City club of Philadelphia for a three days' course in municipal economy.

The easterners have gone to the University of Wisconsin for their brief sojourn for the reason that, of all the institutions of higher learning in the country Wisconsin has made the greatest progress in relating its work to community interests and civic development. The bonds between it and the state and between it and the cities and smaller political divisions of the state are more intimate than those that exist between any other university and the people it serves.

Senator La Follette in no small measure is responsible for this development of the University of Wisconsin. He early found in its ardent student body much enthusiastic personal support and many eager missionaries to carry his revolutionary campaign to the people of the state.

Whether the charge against the city hall in interest and bonds and other expenses is \$95,000 or in excess of \$100,000 is merely a matter of bookkeeping. In any event it is clear that the charge is plenty large enough.

It is, however, still possible for the supreme court to give Attorney General Fellows the last laugh.

LEGISLATURE THE JUDGE.

The five judges of the circuit court of Wayne county who sat on the municipal ownership case in which the issue arose unanimously agreed this week that the Verrier law, passed during the receding session of the legislature, is constitutional.

The judges hold that the legislature is, under the constitution, the sole judge of when a proposed law shall be given immediate effect. The principal opinion, written by Judge Hosmer and agreed in by his associates, has this to say: "I agree with Judge Hally that the Verrier bill was printed as required by the constitution, that the question as to whether it was immediately necessary for the preservation of the public peace, health and safety was for the legislature, and not for the courts; that it is the duty of the legislature to fix the general bonding limit of the city, etc., etc."

This opinion of the Wayne county judges coincides with the opinion of former Attorney General Kuhn, now a supreme justice, given at the time the presidential primary bill before the special session of the legislature last year was at stake. If the supreme court upholds the five judges of Wayne in their view that the question of immediate effect is one wholly within the decision of the legislature, the contention of the supporters of the immediate effect presidential primary bill last year that there was no constitutional, or legal, barrier in the way of giving the voters of Michigan a direct expression on the candidates for president last April will be shown to have been wholly correct.

The legislature of Michigan in its special sessions of last year exercised a profound influence on political development in this country. Had the demand of the voters for an immediate effect primary law not been thwarted by hypocritical scruples about the constitutionality of the measure, Roosevelt would have swept Michigan early in April, as he subsequently swept it in November. Instead of that, he would have had thirty delegates from Michigan at the Chicago convention. Not only that, but the moral effect of his victory in an staunchly Republican state as Michigan would have broken down all effective opposition to his nomination. If an obdurate minority in the Michigan senate had not refused the voters an immediate effect presidential primary law there could hardly have been a split in the Republican party, but it would have been transformed into a party of true progress by the peaceful process of assimilation.

It is also interesting to recall that the most effective opponent of the proposal to give the presidential primary bill immediate effect last year, Senator Murtha, is the member of the upper house whose eloquence and resourceful leadership was largely responsible for the inclusion of the immediate effect clause in the Verrier law. Murtha would hear of nothing else. In opposing immediate effect for the presidential primary Murtha was actuated by a personal motive. Governor Osborn would have gained greatly in prestige through the passage of such a bill, and Murtha, who never forgets either friend or foe, was determined that Governor Osborn's prestige should be in no manner enhanced while he had either strength or a vote to prevent it.

No situation, as clearly appears in the light of developments, was more deterministic of the course of the political currents in 1912 than the two special sessions of the Michigan legislature in which the fight for an immediate effect presidential primary bill was staged. And perhaps no other one thing had more to do with the outcome of that fight than the forces at work because of the hatred that Senator Murtha entertained for Governor Osborn. It is on such things, small in themselves and remote from the formally set stage of action, that great national dramas often turn.

The outlook at Detroit for getting a satisfactory charter revision out of the kind of a charter commission the city has saddled itself with is so indifferent that the newspapers profess themselves decidedly pessimistic on the subject. However, they are jamming away in the hope of imbuing the commission with the progressive spirit. And there are not lacking signs that they are making some real progress. The backs of some of the most ardent standpatters appear to be weakening a bit.

Senator Root and Boss Barnes, of New York, have come to the parting of the ways. At the Chicago convention they backed away at the same job, Root as permanent chairman and Barnes in the recesses of the cloak rooms, and they complemented one another's efforts admirably. The split has come on the question whether or not there shall be

an early interim convention of the G. O. P. Barnes, with the other reactionary members of the Republican national committee, is against it. Root has pooled his strength with the Cummins-Borah crowd. It's a good sign. Men like Barnes have lasted as long as they have largely through their ability to put respectable and able men like Root forward as lay leaders, while they have been controlling factors in every great party decision.

No great amount of success can be encountered in trying to blind the public to the fact that the real importance of "high finance at the city hall" is its showing of a lack of correlation between two bodies in the city government both of which are supposed, and expected, to have an eye single to the taxpayers' interest. It is principally valuable in lending point to the contention that responsibility is too greatly divided in our present form of city government. Too many cooks spoil the broth, as the old saying goes.

The Houghton Gazette says the copper country would hate to have to take up collections and give charity balls to keep the soup houses going in the iron country if its worst fears about the Democratic tariff are realized. That necessity is remote. The iron country will doubtless be able to support all the soup houses it will need. Besides if we get to the soup house stage, the C. C. will doubtless be amply busy looking after the home market.

The interest of the public in the panic of 1893, being academical, is mighty slim. The public is principally interested in not having any panic in 1913, or in any of the succeeding three years. And the public expects the bankers and big business men to do all in their power to insure a continuity of satisfactory business conditions.

Professor Taft admits to having obtained legal training at the expense of the people. There are bound to be unkind paragraphs who will say "presidential training, ditto."

Chicago has declared "war" against needless noises. If it is like most of the similar wars undertaken in Chicago it will be all forgotten at the end of the second week.

STATE PRESS.

Aviator Atwood is flying too high to suit his wife, so she is asking for a divorce.—Pontiac Press-Gazette.

A Detroit milkman was arrested for taking off the caps of his bottles and drinking the cream. He was probably saving his meal ticket.—Lansing State Journal.

Testimony given by speeders in police courts show that there isn't an automobile in town capable of making more than twelve miles an hour.—Detroit News.

Stop that invigorating feast from the pen of Lew Rowley? Not much; the senate recognizes "hot stuff" when it succeeds in getting past the doorkeeper.—Saginaw News.

Governor Ferris didn't intend to sign the automobile tax bill, but did it by mistake. If his friends and admirers had voted as carelessly as that he might never have been elected.—Grand Rapids Press.

The self-appointed go-betweens who are so solicitous of the welfare of the Bull Moosees that they want them to join the Republican party, are found to be office seeking Republicans when the smoke clears away. The door is wide open, but will the runaway crowd return?—Bay City Times.

A LAUGH OR TWO

A Glad Consent. "Do you consent to my marriage to Sam, father?" "Yes, my daughter," said old Jacobs, "but I can not let you leave me. You are mine only child, and you and Samuel must live here and do old folks. You can have that second story front room for twenty dollars a week."—Lippincott's Magazine.

Hamlet in the Taal. "It can hardly be expected that 'Post-Impressionism' will be confined to pictures in the future. A friend of mine writes me from South Africa that some genius out there has done 'Hamlet' in the Taal and quotes the following example, which seems to me extremely post-impressionistic. Here it is: Hamlet—wie is u? Ghost—Ik is enna spook. Hamlet—Wies spook is u? Ghost—Ik is yo papa's spook.—New York Sun.

Ups and Downs. Governor Emmett O'Neal, of Alabama, met Private John Allen in New Orleans. "John," said the governor, "this cotton market looks right good to me, I think I'll buy a little this morning and make some money."

A Delicate Matter. A man who had purchased a fine looking horse soon discovered that the animal was blind, and after several weeks he succeeded in disposing of her, as the defect did not seem to lessen her speed or detract from her general appearance. The next day the new owner of the horse appeared. "Say, you know that mare you sold me?" he began, "she's stone blind!" "I know it," replied the past owner with an easy air. "You didn't say anything to me about it," said the purchaser, his face red with anger. "Well, you see," replied the other,

THE DAILY MINING JOURNAL

What He Wanted It For. "I wish I had money enough to get married," he remarked. She looked down and blushed. "And what would you do with the money, asking looking hard at a little design on the carpet. "I would spend it traveling," he replied. And the thermometer fell ten degrees.—Lippincott's Magazine.

Before Fame Came. A widely addressed campaign speaker in Nebraska, who had been billed to make the principal address at a political meeting in Lincoln, was obliged at the last moment to cancel his appointment. William Jennings Bryan was chosen to fill the vacant place. Mr. Bryan, however, knowing that he was to act as substitute for an older and more popular man, was rather nervous. His apprehension was increased when the chairman announced him in the following manner: "Fellow citizens: This here's the substitute for our gallant, I admired leader, unfortunately taken sick; I don't know what this gent can do; but time was short 'n we had to take what we could get."

Club Kick. The house committee of a New York club, recently received this unique complaint: "I have the honor to inform you that I lunched at the club this afternoon and had as my guests three gentlemen, all well-known gourmets. Among other things an omelet was served. It contained only three flies. As an old member of the club, jealous of its reputation, I naturally found this very embarrassing, as, in order to make an equitable division of the omelet, it was necessary either to divide a fly—a nice bit of carving, as you must concede—or forego a fly myself. I beg to suggest that in the future, when an omelet is served for four persons, it should either be with (a) four flies or (b) no flies at all."—Everybody's Magazine.

MUSKOGON—After working for ten hours over Francis Root, of Flint, who was found overcome by gas at a local building house, Dr. A. A. Smith gave up hope for the young man's life. For ten hours artificial respiration was sustained in Root's body with the aid of a pulmonary. A group of men worked without a halt in keeping the blood in circulation by rubbing and slapping the skin and moving the limbs.

BATTLE CREEK—The fifth annual convention of Michigan laundrymen resulted in the election of Charles Chisley of Detroit to succeed John H. Ryan of Kalamazoo as president. The other officers elected for the ensuing year are: First vice president, Oscar Buerchel, Battle Creek; second vice president, S. A. Williams, Marquette; secretary, F. J. Wallensperger, Detroit; treasurer, Eugene Stewart, Battle Creek. The convention will meet next year in Bay City.

LANSING—The case of the Duluth, South Shore & Atlantic railway, which is opposing the order of the state to grant a two-cent passenger fare on its line in the upper peninsula, is scheduled to be taken up in the United States district court at Lansing on Tuesday. The road is contesting the constitutionality of the Michigan two-cent fare law, and pending a decision of the matter is charging the old rate of three cents a mile, but issuing a coupon calling for a rebate of one cent a mile to the holder if the court holds that the law is valid.

MUSKOGON—That the city of Muskegon has used for street paving purposes the money of the city by getting an auxiliary pumping station. It was shouted by Superintendent W. W. Bridgen, of the board of public works, who saw a guy wire controlling a derrick break. The men heeded the warning and clambered out of their ditch just as the derrick, weighing several tons, fell into the spot they had just left with such force that it embedded itself deeply in the earth. Bridgen happened along just at the right time while making a tour of inspection. Ordinarily the seven would have been killed or maimed without warning.

LANSING—The state board of pardons has made public the report of the first three months of the present year, compiled under the supervision of E. Clark Austin, new secretary of the board, who has started the new system of letting the public know just where the board is at and what it has accomplished. In past years a yearly report has been gotten out, which gave the public little information. The report shows that there have been ten meetings of the board at the various prisons during the first three months of the present year, at which the cases of 418 prisoners were considered. Of this number 178 were given paroles, with average lengths of 108 months each. During the same period there were 227 prisoners received, the various prisons under the indeterminate sentence law, or forty-nine more received than paroled, showing the prison population as not having increased materially during the quarter. Secretary Austin also shows that there are on an average 604 prisoners on parole and that thirty violated their paroles during the three months. Five per cent of parole violations is considered a low number. Prisoners paroled have earned during the last three months \$64,268.01, or an average per man per month of \$35.52. The board is considered a remarkable one and also goes to show that the pardon board has evolved a system of keeping tab on the parole prisoners whereby the board can at a glance ascertain whether a prisoner is working or not. These reports are all filed with the secretary of the pardon board.

BATTLE CREEK—One little word "fun" saved seven lives at the Verona Mills, where the city is building an auxiliary pumping station. It was shouted by Superintendent W. W. Bridgen, of the board of public works, who saw a guy wire controlling a derrick break. The men heeded the warning and clambered out of their ditch just as the derrick, weighing several tons, fell into the spot they had just left with such force that it embedded itself deeply in the earth. Bridgen happened along just at the right time while making a tour of inspection. Ordinarily the seven would have been killed or maimed without warning.

LANSING—The state board of pardons has made public the report of the first three months of the present year, compiled under the supervision of E. Clark Austin, new secretary of the board, who has started the new system of letting the public know just where the board is at and what it has accomplished. Five per cent of parole violations is considered a low number. Prisoners paroled have earned during the last three months \$64,268.01, or an average per man per month of \$35.52. The board is considered a remarkable one and also goes to show that the pardon board has evolved a system of keeping tab on the parole prisoners whereby the board can at a glance ascertain whether a prisoner is working or not. These reports are all filed with the secretary of the pardon board.

Salaries and Fees. Not much is taken? granted in these days, people are asking why. As a result office holding has lost some of its charm and the public is saved some money. Some New Yorkers are demanding to know why that right the sheriff of New York county makes from \$70,000 to \$75,000 a year, seeming to think that a sheriff by habits of thrift ought to be able to live on the \$12,000 a year of his stipulated salary. The question is impertinent from the standpoint of the official, but highly pertinent from the standpoint of the public treasury.

Here, it is considered a remarkable one and also goes to show that the pardon board has evolved a system of keeping tab on the parole prisoners whereby the board can at a glance ascertain whether a prisoner is working or not. These reports are all filed with the secretary of the pardon board.

WONDERFUL SKIN SALVE. Bucklen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. J. T. Sossaman, publisher of News, of Cornelius, N. C., writes that one box helped his serious skin ailment after other remedies failed. Only 25c Recommended by The Stafford Drug Co.

UPPER PENINSULA

Makes Many Shingles. The Shaver shingle mill at St. Ignace is running full blast and from 65,000 to 75,000 shingles are turned out every day by the two machines in operation. The mill is one of the best of its class in the peninsula and has stock enough in sight to keep it in commission until the snow flies.

Chick Has Four Legs. A fluffy chick that boasts of four legs was hatched at Escanaba this week at the henery of Herman Leisner. The little freak was turned over to P. J. Buras, who will make an earnest effort to raise the chicken, which up to this time appears to be strong and active and gives promise of surviving. The extra pair of legs and feet are attached to a bony appendage projecting out from the body directly behind the normal pair of legs. The legs and feet are perfectly formed and are equipped with all of the usual joints, although they remain motionless as the newly hatched chick waddles about its nest.

Believes Fire Was Purposely Set. The new cottage of Frank Graham, Jr., of St. Ignace, located at Graham's point, was burned to the ground at an early hour in the morning. Mr. Graham is satisfied that the fire was the work of incendiaries, as he left the building the night before after having made a thorough examination of the premises to assure himself that everything was all right. The building was being wired and worked on in the building all that day. The fire started in the basement and spread rapidly. The loss is in the neighborhood of \$800, with not a cent of insurance. Mr. Graham expects to rebuild as soon as possible.

Escanaba Pythians Name Delegates. O. J. Rollins and Charles Follo have been elected to represent the Escanaba lodge of Knights of Pythians at the upper peninsula Pythian reunion to be held in Marquette early in June. The lodge will not send a team to take part in the degree contest, but in addition to the delegates it is probable a number of the members will go to the queen city to attend the reunion. On Tuesday evening of next week the members of the Escanaba lodge will meet at their hall at 6:30 o'clock, when an elaborate supper will be served. Following the supper a class of ten candidates will receive the esquire and knight ranks of the order.

Will Sing His First Mass in Escanaba. Rev. Father Boniface, formerly John Klingler and son of Mrs. John Klingler of Escanaba, will say mass at St. Joseph's church in that city on Sunday, June 16, for the first time. Rev. Father Boniface is now completing his course in the Franciscan seminary at Oldenburg, Ind., and will be formally ordained to the priesthood there Friday, June 13. He will leave at once for Escanaba to offer his first mass in his home city and in the church in which he received his first religious instruction. Father Boniface left Escanaba thirteen years ago and has been pursuing courses of study to prepare himself for the priesthood since that time. He was a student at Cincinnati and Louisville and at the seminary at Oldenburg. Since leaving Escanaba Father Boniface has visited his home only once, that being the occasion of the death of his father. In addition to his mother he has a large number of relatives there. Elaborate preparations will be made at St. Joseph's for the first mass of the young man. A large number of visiting priests will be present, among them Father Boniface received his first communion. A special musical program is being arranged.

SALESMAN WANTED—Wholesale dry goods house wishes experienced salesman to sell full line of upper peninsula trade. Must reside in territory. Apply, giving full details. All correspondence confidential. Box 15, care Mining Journal, Marquette. 5-24-13

As an illustration of what the bible output of the Oxford university press involves, it is said that the skins of 100,000 animals are used every year for the covers of Oxford bibles alone, and 400,000 sheets of gold are required for the gilt lettering.

City Brevities

Today's weather: Generally fair. Yesterday's temperatures: Seven a. m., 51 degrees; noon, 50; 7 p. m., 54. Highest, 54 degrees; lowest, 43.

Harry Schmidt, of St. Ignace, was in Marquette yesterday.

S. W. Shaull left yesterday for Grand Rapids, on a business mission.

The Boosters' club will give a dancing party this evening in Bureau's Hall.

George O. Schroeder, of Islipening, was a visitor in the city Thursday evening.

Mrs. M. M. Stierle went to Negaunee yesterday afternoon to visit her mother, Mrs. H. E. Wood.

Mrs. Charles H. Rivers, who has been seriously ill the last several weeks, is convalescing rapidly.

A. B. Eldredge left yesterday for Detroit, on business connected with the South Shore rate case.

F. D. Davis, upper peninsula manager of the Detroit Life Insurance company, was a business visitor in Marquette yesterday.

The United Commercial Travelers will have baseball practice at the north end of Third street this afternoon at 2 o'clock.

Mrs. M. K. Reynolds left yesterday afternoon for Grand Island, where she will spend the weekend at the Jopling cottage.

Mrs. C. R. Brown and granddaughter, Miss Gladys Brown, left yesterday for Saginaw, for a several weeks' visit with friends and relatives.

Miss Sabina Barabe, daughter of County Treasurer Joseph Baraba, returned to her home in Negaunee last evening, after spending the week in Marquette.

A. L. Farwell, of Chicago, arrived in the city yesterday morning to join his daughter and a party of friends who came up two days ago to go to Huron Mountain club.

On the occasion of his oldest daughter's birthday, Edward Ledger Thursday evening entertained a party of about twenty-five of the family friends at his home in North Marquette. Music and dancing furnished amusement.

Thomas McPartland, formerly weighmaster for the South Shore railway, leaves tomorrow for Hudson, Minn., to take a position on the Chicago, St. Paul, Minneapolis & Omaha railway. Mr. McPartland is an old resident of Marquette.

Miss Veronica Foley, formerly of Negaunee, who is now a resident of Spokane, Wash., and who is visiting her former home in this county, spent Thursday and yesterday visiting Marquette friends and returned to Negaunee in the afternoon.

Marriage licenses were issued by the county clerk yesterday to Alex Soderstrom and Miss Anna Alima Sundholm, of Negaunee; to William Cox, of Negaunee, and Miss Edith Johnson, of Houghton; and to Clarence Christian Jensen, of Negaunee, and Miss Agnes Gillis, of Spaulding.

Charles Refaille left yesterday afternoon for Calumet to visit his father, who was injured a short time ago while employed about the surface of the Calumet and Hecla mines. The older Mr. Refaille is seventy-four years old and the physicians state that the injury which affected his spine will confine him to his bed four or five weeks, his son is worried over his condition.

Installed Electric Piano—J. E. O'Donoghue, of Negaunee, returned to Marquette yesterday from Minising, where he installed a Wurlitzer electric piano in the candy kitchen of Samuel Latkas. Mr. O'Donoghue on Thursday installed a similar machine in the front street candy kitchen of A. J. Latkas.

Invitations Out Soon—Mr. and Mrs. Robert Steels, of 114 Palm street, will shortly send out invitations for the wedding of their daughter, Miss Anna Watt, to Gerry Ferdinand Ongie, which is to take place Wednesday morning, June 4, at 7:30 o'clock in St. Peter's cathedral. In the evening, from 7 until 9 o'clock a reception will be held at the home.

Cemetery Service Re-Established—The Marquette City & Presque Isle Railway company will commence tomorrow to operate street cars to Holy Cross cemetery regularly on Sunday and Wednesday afternoons. The service will be similar to that of the past season, the cars operating only when the weather warrants it. The first car will connect at the Wright street switch with the car which leaves the corner of Front street and Baraga avenue at 1:30 p. m. The last car will connect with that leaving Presque Isle at 4:55 p. m.

Work Is Progressing—The work of remodeling the front of the Jacob Rose store has been making slow progress the last week, owing to bad weather. The difficult part of the task of transforming the fronts of both the clothing and shoe department into an arcade, is, however, about to be completed. This is the installation of the eighteen-inch beams which will support the front arch. Two of these have been placed under the front wall of the building in each of the openings that formerly contained the display windows. With good luck from this time on, the improvement can be completed within schedule time. Business is being conducted unhindered within the store and the public is cordially invited to inspect the special bargains offered during the period of remodeling.

Ball Game Sunday—Tomorrow afternoon at 2:30 o'clock at the fairgrounds, the Marquette baseball team will play a game with the Republic nine. There will be special street car service and as this is the first regular game to be played at home a large attendance is expected. The team is badly in need of financial support. As it is the only organization that is now representing this city on the diamond, and so far it has been supported by the committee which has had baseball affairs under consideration, the team is likely to represent the extent of Marquette's baseball activity this year. The line-up that will probably be used in tomorrow's game is: Scholtus and Jeanson, pitchers; Richardson, catcher; Johnson, first base; Eckstrom, second base; Bastien, shortstop; Boyer, third base; Biopelle, left field; Devine, centerfield; Smith or Gauthier, right field.

Senior Class Entertains—The senior class of the Northern State Normal school entertained last evening at a dancing party given at the Town and Country club. Forty couples, students and their friends, were in attendance. A delightful evening was spent, the merriment lasting from 9 until 12 o'clock. A delectable luncheon was served. A Mar-

quette orchestra furnished music. The spacious rooms of the clubhouse had been tastefully decorated in the class colors, orange and black. The party was chaperoned by the Misses Mosler and Proudfoot and Professors Brown and Jordan, all of the Normal faculty. It was agreed by all the guests that the party was one of the prettiest functions that has ever been given during the busy and interesting weeks of the spring term and was one of the important events of the social calendar of the few weeks preceding commencement.

INSURE WITH PETER WHITE & CO. SUNDAY AT THE CHURCHES.

German Lutheran—English services will be held Sunday at 7:30 p. m. Rev. W. Koepke will preach.

First Church of Christ, Scientist—Services will be held tomorrow morning at 10:30 o'clock in the Opera House block. The subject of this week's lesson is, "Soul and Body."

Methodist Episcopal—Memorial services will be observed in the morning at 11 o'clock. Members of Albert Jackson post, G. A. R., with other war veterans, and Woman's Relief Corps, No. 188, will attend in a body. This service will begin promptly on the hour. Special music suitable to the occasion will be given by the quartet. Evening preaching service at 7:30. Sunday school at 9:45. Bible study classes for adults at 10.

The pastor will lead the Epworth league meeting at 6:45 o'clock.

Presbyterian—The Sunday school, and the men's and women's Bible classes will meet at the usual hours. Public worship at 11; sermon theme, "War and Peace," in recognition of Memorial Day. The junior, intermediate and senior Christian Endeavor societies will meet at 4, 5 and 6:30 o'clock, respectively. Evening worship at 7:30; sermon theme, "Beware What Ye Hear."

The following program was given by the Ygdrasil Literary society on Wednesday evening of this week:

- Violin Solo—Mrs. Benan.
- Current Events—Cecil Robbins.
- Debate—Ostris vs. Ygdrasil.

Resolved, That all cities with over ten thousand population should have the commission form of government.

- Ygdrasil—Mildred Lelzer and Fannie Dawson.
- Gairis—Hazel Suneson and Helen Herseid.
- Reading—Maude Sensiba.
- Vocal Solo—Carl Boswell.
- Story—Lorna MacDonald.
- Piano Duet—Fanny Brown and Ella Corbett.

On Tuesday afternoon of this week, at the thimble party conducted by the Student Girls' league, the following program was given:

- Piano Duet—Fanny Brown and Ella Corbett.
- Vocal Solos—Miss Hamby.
- Piano Solo—Miss Proudfoot.

At the conclusion of the program the annual election of officers was held. Miss Florence Markham was elected president, Ruth Desjardins vice president, Gerda Anderson second vice president, Maysie Stratton secretary, and Maude Sensiba treasurer.

The Student Girls' league consists of President Kaye, Miss Hill, Miss McCallum and Mrs. Rushmore.

On Friday, Decoration Day, the Normal school will be closed to enable students to take part in any of the Memorial services and also to allow students who so wish to visit their homes.

Miss Larson, head of the department of music, will conduct the annual concert on Tuesday, June 3. The program is as follows:

- Cantata, Legend of Bregenz—W. Bendall
- Normal Glee Club.
- Piano duet, Opus 4—Moszkowski
- Jean Mommis and Mary Kern.
- Violin solo, Andante from Concerto No. 7 de Beriot
- Mrs. Benan.
- Semi chorus, List the Cherubim Host.
- Gaul
- Requiem solo—Rev. P. T. Amstutz.
- Aria, Robert in the Sabot
- Meyerbeer
- Miss Sophia Linton.
- Piano Solo, Caprice Espagnol
- Moszkowski
- Miss Adaline Van Eever.
- Baritone Solo, "Song of Thanksgiving"
- Allisen
- Rev. P. T. Amstutz.
- Piano duet, Concerto Opus 25 No. 7.
- Mendelssohn
- (a) Molti allegro con fuoco.
- (b) Andante
- Miss Van Eever and Miss Mathews.
- Soprano Solo, Le Saran Rose—Arditi
- Mrs. Alton T. Roberts.
- Piano Solo, Sixth Rhapsody—Liszt
- Miss Ethel Hamby.
- Vocal duets from "Hansel and Gretel"
- Humperdinck
- (a) Dance Duet.
- (b) Evening Prayer.
- Mrs. Roberts and Miss Ross.
- Soprano Solo, "The Song of the Pealder"
- German
- Miss Flora Redalle.
- Piano quartet, Rakoczy March—Liszt
- Mrs. Boyer, Mrs. Webb, Miss Ross and Miss Connell.

The English department has recently made a valuable addition to its equipment, in the form of a radio-television, for the purpose of reflecting pictures of any kind upon a screen. The light used is the electric arc, the power being increased by a small rheostat. The room has been fitted with black opaque window shades and an excellent white opaque screen for the reflected image. A reversing mirror is attached to the machine, so that the image is in the same order as the original picture and the print of inscriptions can be read perfectly from any part of the room. The machine stands on a stand made for the purpose, at a distance of eighteen feet from the screen, and can throw an image eight feet square. Pictures six by seven inches can be used. Altogether it is very satisfactory. The image formed being almost as clear and sharp as the picture from which it is projected. The apparatus is simple in operation; one of the boys from the eighth grade who has special aptitude for electricity has managed it most of the time. The machine will be in daily use by the English department and by others as occasion arises. During the past three weeks, many lectures have been given with its aid. The English lake district was shown before the class in English literature. The children of the fourth, fifth and sixth grades were taken on a trip through Yellowstone Park and those from the seventh and eighth grades had two talks on England. On Wednesday and Thursday afternoon the children of the eighth

TRADE SECRETS—No. 6.

A grocery man that kept no groceries in his store would not do very much business in his line—would he? And he must carry a stock that meets the demands of his customers. He would lose a lot of money, carry a lot of dead goods, if he didn't. You cannot do business without a bank account. For whatever you do that is your business. And to attain to the greatest success you must do business with a Bank that gives you personal service. Whatever your walk in life may be, whether you are a hold carrier, or a millionaire, the Marquette National Bank gives you perfect, individual banking service and seeks to make you a more successful man or woman.

MARQUETTE NATIONAL BANK
Marquette, Mich.

When you are looking for us, be sure and look for the two words MARQUETTE NATIONAL. If you don't see these two words—it is not our Bank.

Jacob Rose
Clothing, Furnishings, Hats, Etc.

304 FRONT STREET

Marquette, Michigan.

The third week of our remodeling operations has progressed slowly, due to inclement weather, but the hardest slowest part, the placing of the large iron beams over our clothing store, has been successfully accomplished. The laying out of the arcade entrances and the placing of the large plate glass for the windows will follow rapidly and the novel arrangement will be clearly developed within another week's time. While our display windows in our shoe and clothing stores are out of commission for the present it does not in the least detract from the quality of our merchandise inside our stores and our customers will find entrance through our shoe store door free and unhampered, courteous salesmen to carry out their wishes and rightly priced merchandise to satisfy their needs.

grade of the Marquette city schools contributed the audience. The literature classes of this grade number more than one hundred boys and girls. As they are studying Scott's "The Lady of the Lake," the tales to the children concerned Sir Walter Scott, his life and the scenes connected with him and his poems, especially the one now being studied. Among the views were pictures of Abbotsoford, Melrose abbey, Edinburgh, Dryburgh abbey and Stirling and many of the Trossachs, those wild and picturesque mountains, passes and lakes. As the classes number so many pupils, the children were divided into two sections. They were accompanied by Miss Atfield, principal of the Ely school; Miss Campbell and Miss Siegel, teachers of English in the grades, and Miss Rowe.

Atlantic City had 1,043 population in 1879. Now it has 50,000 residents and at times has 300,000 visitors.

Higher prices for tin have led to the extensive use of aluminum foil for wrapping tobacco in England.

PLAN TO SCRUTINIZE AGENTS AND SOLICITORS

Commercial Club Will Endeavor to Prevent Mulcting of Marquette People.

The officers of the Marquette Commercial club are making arrangements to oversee soliciting and canvassing in Marquette, with the purpose of preventing towns people from giving their money to unauthorized solicitors or from investing in merchandise for which they are inveigled into paying two prices.

The plan is to authorize a secret committee of the club to investigate the merits of any selling proposition brought to Marquette business men and Marquette homes, and to ascertain if the solicitors who appear in the city at frequent intervals asking aid for various benevolent projects, are properly accredited. To such agents or solicitors who make out a good case for themselves cards will be issued, indicating that their credentials have been looked into by the club's committee and have been found to be all they were represented to be.

Improperly accredited solicitors and agents who exact extortionate prices for the article they have to sell are believed to take a heavy tribute out of Marquette each year. A notable example was the recent thorough canvass of the city for the Sweeper Vac device. Two or three hundred sales of this device were made at \$12 each, and at the time Marquette householders were falling over themselves to invest at \$12 per, the same sweeper was selling at \$3 and \$4 less in nearby places. On this deal alone well over \$1,000 excess profits were levied on Marquette householders.

"The success of the plan we have in mind will depend to a large measure on the public. We, of course, propose no interference with reputable agents known to people with whom they deal, but there are many persons working 'get-rich-quick' schemes whose methods will not stand inspection. If residents of the city will make a rule not to buy from any unknown agents, or to give money to solicitors not endorsed by the Commercial club, we would be able to strike out this abuse in a few months, and would doubtless save the people of the city large sums annually. We are hopeful of the fullest co-operation of the public with this work. If we obtain it the plan should be of great advantage."

After Potato Warehouse.

The officers of the club are now endeavoring to secure the erection of a potato warehouse in Marquette. A Chicago commission firm is shortly to send a representative here to look over the ground, and as there is a fine potato growing territory tributary to Marquette the members of the club believe a warehouse will ultimately be built. Farmers operating near the city now find difficulty in storing all their surplus product and, therefore, in marketing it to the best advantage. A warehouse would be a great boon to them. Several such houses have been erected in upper peninsula towns of late months.

E. B. Spear & Sons are distributing Anchor Line time cards in the offices and hotels of the city, giving the intended

Forty Years Building a Great Factory

The little room on South Water Street, Chicago, before the big Chicago fire of 1871, where the Jeffery business started before the great fire of 1871.

Rambler Motor Cars

The Jeffery works at Kenosha, Wisconsin, where 96 per cent of all Cross Country parts are made.

IN a little one-room shop on South Water Street, Chicago, before the big Chicago fire of 1871, Thomas B. Jeffery, with two helpers, a man and a boy, laid the foundation for the great organization behind the Cross Country car.

In forty years from this modest beginning, twenty-one of which were devoted to building up the bicycle industry, this organization has grown, until today five million dollars are invested in the Jeffery factory equipment alone, and every dollar's worth of it is paid for.

EVERY intelligent man and woman in America surely recalls the fact that the Rambler bicycle was the most popular bicycle of its type during the days of bicycle progress.

Fifteen employes of this company have been in the organization for twenty years and over; fifteen from fifteen to twenty years; twenty-one from ten to fifteen years, and three hundred and thirty-three from one to five years.

THE factory ground area today is one hundred and four acres and the floor area twenty-five acres.

Ask your banker what the name of Jeffery stands for in the motor car industry and consider well before you choose a car the standing and experience of the maker.

A beautiful four-color reproduction of the Cross Country, from an oil painting by R. Philip Brainard, is ready for mailing. See the Cross Country by all means, at any Jeffery branch or dealer's display room, but send for the picture anyway.

The Thomas B. Jeffery Company

Main Office and Works, Kenosha, Wisconsin

LAKE SIDE IRON WORKS
Marquette, Michigan.

THE RIGHT START

The young man who starts his business career and his savings account at the same time, starts right. He undoubtedly has hopes of being "his own boss" some day; and to do this he has two things to do—he must learn his business thoroughly and save up his capital at the same time. If he will commence his account early in life and deposit regularly thereafter, his money will be increasing of itself and at the same time take none of his time to look after it; and when he is ready to start for himself his own savings account will furnish the capital.

The difficulty is not so much in getting a start as in resolving to START and ADHERE MANFULLY to the resolution. Too many young men have not the patience—the self denial—the disposition to sow and wait for the harvest. They lack the courage to make the start—to come down to hard-pan—to live within their means. Let every young man remember that for every dollar he saves now he will have \$30.00 in his pocket when he has reached seventy-five years.

NEW PRAY BILL WILL MAKE DRY COUNTIES DRY.

Lansing, Mich., May 23.—Judging from the letters and numbers of requests for copies of the Pray bill passed at the last session of the legislature, it has state that the "dry" put through one of the most drastic anti-liquor bills that has been placed on the statute books of Michigan in many years. As a result of the passage of this bill, after Aug. 15, drinking in clubs in local option counties will become a thing of the past, as violators are liable for a fine of \$500 and imprisonment for six months. Whenever a person residing in a local option county has a consignment of

liquor shipped to him, the name and address of both the consignor and the consignee shall appear on the outside of the package. On the outside must be printed the kind and quantity of the liquor and a statement of its intended use. Any person accepting a consignment of liquor upon which appears a false statement, knowing that the statement is false, is liable to a fine of \$500. The railroads and express companies are required to keep records of these names, the brand of liquor and the date of receipt and delivery, under penalty of \$500. It requires more than a century for a cedar tree to grow large enough to yield a thirty-foot telephone pole.

You, Mr. Husband---This Is For You

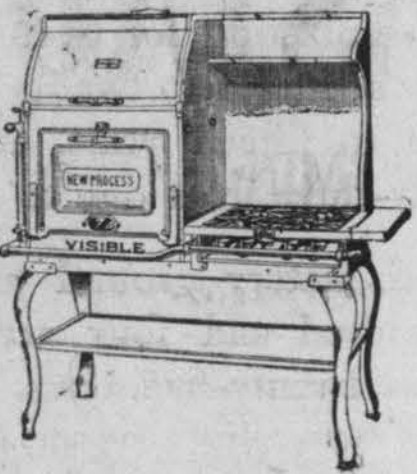

This ad was written for that busy fellow who forgets the comforts of those at home.

How do you feel when your breakfast is late?

Kind of grouchy, eh? Well, it is aggravating to have the cook oversleep herself. Then to add insult to injury, the old coal range balks.

The cook, to hurry matters, dumps on an armful of wood, which only serves to fill the house full of smoke, which doesn't improve your temper a little bit. Let us suggest that right now. This very day, you OREER A GAS RANGE. Then your breakfast will never be late, nor will your other meals. A gas range is always ready. It's willing--it's cheap. Call and see our Gas Range, for your comfort and economy.

MARQUETTE COUNTY GAS & ELECTRIC CO.

NEWEST DANCE IS "THE SWAM"

Chicago, May 22.—Animal dances (temporarily with decency) now will receive recognition. From Florida has come the Palm Beach swam. Its exaggerated, and dancing masters have decided to "let 'em have it" and make it the rage in summer steps.

The swam is naughty—just naughty enough to be nice—with all the shoulder movements and the entrancing swing of the grizzly bear and the bunny bug, but with the step and the time of a good, old-fashioned waltz.

Here's the reason—subrosa—for its advent: The dancing masters have been forced to bow to the public clamor for something "raggy" and something new. They agreed to it at their regular monthly meeting.

Two months ago they threw up their hands and cried in horror. "Nix on that animal stuff," said one. "Nix, nix," came the masters' chorus.

Right there they placed the ban upon all the slow drag terpsichorean pastimes. And then, at their second meeting, Howard Stroble, engineer at the Dock street plant of the Eastern Pennsylvania Power company, Easton, died at the Eastern hospital this afternoon from burns. He was alone in the basement of the plant when an explosion of gasoline occurred, setting fire to his clothing. Without stopping to beat out the fire he ran to the engine room and shut off the steam. Then he ran to an alarm box and sent in a fire alarm.

He returned to the plant and refused to enter an ambulance until he had directed the firemen how to shut off the various electric switches and stop the generators so that the machinery would not be damaged. He collapsed as he was entering the ambulance. The damage to the plant by the fire will not exceed \$25, Philadelphia Press.

FOR SALE—Two seated buggy. Inquire Lavigne & Sons, Phone No. 882-L. 5-22-13.

FOR RENT—Five rooms, with bath in connection, and other conveniences, 117 Barnum street. 5-22-13.

FOR SALE—Two lots, corner South Third and East Superior street. Alex. Paul, 217 East Division street. 5-15-13.

FOR SALE—One two-seated double carriage, good as new; one open buggy; two sets double harness; one single harness; all in good condition. John P. Outwater. 5-17-13.

ORRINE CURES WHISKEY AND BEER HABIT

ORRINE is the standard remedy and is everywhere recognized as the most successful and reliable home treatment for the "Drink Habit." It is highly praised by thousands of women, because it has restored their loved ones to lives of sobriety and usefulness, and the weekly wages which at one time were spent for "Drink" are now used to purchase the necessities and many comforts for home. Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE at our store, and is no benefit is obtained after a trial the money will be refunded. Can be given secretly.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder, absolutely tasteless and odorless, given as booklet telling all about ORRINE, directly in food or drink; ORRINE No. 2, in pill form, is for those who desire to.

Costs only \$1.00 per box. Ask for free trials voluntary treatment.

WILKINS BROTHERS IN GOOD POSITIONS

Two Former Ishpeming Young Men Are With the Layne-Bowler Corporation.

G. H. Wilkins and his brother, Will, both of whom were born in Ishpeming and are well known here, have taken important positions. The former is now field superintendent and inspector for the Layne & Bowler corporation of Los Angeles, one of the large machinery manufacturing firms of the West, and Will has been appointed private secretary to the manager of the Deering Flour works, at Moline, Ills.

The Wilkins boys are sons of Charles Wilkins, a former well-known resident, who is now master mechanic of one of the big mining companies in the copper country. They are grandsons of Mrs. Bickle of High street. Will completed a business course at the Ishpeming Business college last June, having here to take a position as stenographer with the Deering company.

That the new position of G. H. Wilkins is an important one is evident from the following: He is in charge of his company in the district where he is to be in charge, from the Santa Ana Daily Register of the 14th:

"One of the most striking evidences of the rapid development of Orange county, especially along agricultural and horticultural lines, is found in the fact that the Layne & Bowler corporation, of Los Angeles, is establishing a branch office and supply depot in Santa Ana.

"The Layne & Bowler corporation manufactures pumping plant machinery and oil and well services. The Layne & Bowler pump is a household word among irrigators, and nowhere is it better or more favorably known than in Orange county.

"W. R. Shipley, who represents the Layne & Bowler corporation in the Southern California territory south and east of Los Angeles, said today that Orange county is the cream of his territory. 'The water and soil conditions of Orange county,' said Mr. Shipley, 'are ideal for pumping operations, and the economic and engineering problems involved are generally better understood here than in most sections. Also, business conditions here are very satisfactory.'

"The Layne & Bowler corporation is maintaining a temporary office in the Central building, opposite the city hall, on South Main street, and is making arrangements to establish a supply depot in this city where repairs and new parts for its machinery may be promptly obtained.

"G. H. Wilkins is to be field superintendent and inspector for Orange county, with headquarters in this city, and everything possible is to be done to serve the patrons of the Layne & Bowler corporation in this territory.

"At present," said Mr. Shipley, 'our greatest difficulty is to supply the demand for our machinery, but we hope soon to be able to take every requirement. We expect to take the best possible care of our installations, and they are so numerous that we found it is absolutely necessary to establish a headquarters here and to put a competent field superintendent and inspector in this territory.'

AS PLEASING AS EVER

Savage's "Prince of Pilsen" Pleases Minneapolis Audience.

The Minneapolis Journal of last Monday said of Henry V. Savage's production of "The Prince of Pilsen," which will be the attraction at Ishpeming theater next Wednesday evening:

"The Prince of Pilsen" is one of the musical comedies of a decade ago that has survived. The chief merit of "The Prince of Pilsen" lies in its music, which is in Gustav Luder's happiest and most tuneful vein. For delightful melody "The Message of the Violets" is famous, while the "Stein Song" and "Heidelberg" are fine examples of swelling choral harmony, sung a capella by the chorus.

The whole score is a real achievement in light composition.

"The Frank Pixley story, based on the ancient device of mistaken identity, generates a number of funny situations and permits the delineation of a comic character by 'less' Dandy than has become a classic. Whether 'The Prince of Pilsen' would be a success without Mr. Dandy may be a question. The stage caricature of the German-American has become so hackneyed that a creation like Hans Wagner is a refreshing surprise. It never lacks the human quality, despite the absurdities into which it strays. Mr. Dandy's singing of 'In Zinninat' is a triumph of drollery, while his involuntary abductions in the fountain evoke as much hysterical laughter as ever."

COMMITTEE MET.

The finance committee for homecoming week and the same Fourth celebration this year met yesterday afternoon in the council room of the city hall for the purpose of discussing plans for the event. In the absence of George A. Newett, chairman of the committee, A. J. Yungbluth, served as temporary chairman. Howard J. O'Keefe was chosen secretary of the finance committee.

\$2,000 has been set as the minimum sum to be expended for the celebration and it is expected that it will cost considerably more. The committee will be divided into the sub-committees, who will solicit among the different classes of business and professional men. Persons who know the names and addresses of persons formerly residing in Ishpeming are requested to turn them into the general secretary at the Mining Journal office.

When I consider what some looks have done for the world, and what they are doing, how they keep our hope, awaken new courage and faith, soothe pain, give an ideal life to those whose hours are cold and hard, bind together distant ages and foreign lands, create new worlds of beauty, bring down truth from heaven, I give eternal blessings for this gift, and thank God for books.—James Freeman Clark.

BOYS TO BE GIVEN SWIMMING LESSONS

Physical Department of Y. M. C. A. Will Start a Two Weeks' Campaign June 14.

The physical department of the Young Men's Christian association will undertake to teach every boy in the community how to swim. The instructions will be continued for two weeks, from June 14 to the 28th.

The names of boys who do not belong to the association will be secured and representatives of the Y. M. C. A. will induce them to attend the swimming lessons. Paul Leonhardt, the physical director, will be in charge of the work. He is an expert swimmer and has had much experience in this line.

The teaching of swimming has become an important work in the Young Men's Christian association, and every branch of the organization in the country is making a specialty of it. Several hundred boys, as well as a number of men, have been taught to swim at the Ishpeming Y. M. C. A. pool, have volunteered to assist Mr. Leonhardt. The time for giving the instructions will be announced in a few days.

The association is well equipped to handle large classes during the instruction period. There are several hundred lockers in the basement, provided with complete equipment. Anything that will be needed to make the "swimming school" a success will be done by the officers of the organization.

ISHPEMING IN BRIEF.

A daughter was born yesterday to Mr. and Mrs. John Sullivan.

Earl Leininger spent yesterday at his camp two miles from Clarksburg.

John L. Bradford and wife have returned from the lower peninsula.

The Finnish band will give a dance in the Heineman hall this evening.

Dolma Mongeau was here yesterday from Nesteria on a business mission.

John Lammi, of Marquette, was among the business visitors in Ishpeming yesterday.

Mrs. Henry Anderson is visiting with relatives and friends in Marquette for a week.

Mrs. J. K. Osborn entertained at her home on West Barnum street yesterday afternoon.

Miss Wilma Lepala, of Duluth, is in Ishpeming to visit friends here for the next two months.

Miss Edith Vivian has gone to Duluth, where she will study trained nursing at a Duluth hospital.

Henry Anderson, Arnold Grip, and Arthur Johnson have gone to Chicago, where they will visit for a week.

Miss Agnes Hendrickson, of Humboldt, who is a teacher in the public schools there, is in Ishpeming for a short vacation.

Mr. and Mrs. A. J. Yungbluth will leave this afternoon for Cleveland, O. Twenty members will be initiated into Sir Humphrey Davey lodge, Sons of St. George, next Thursday evening. Officers will also be elected for the ensuing term and the grand lodge officers will be voted on.

Henry Loth, a former Ishpeming man, who is now treasurer of the Post Printing company, Chicago, spent yesterday in Ishpeming. He left last evening for Champion on a visit to his sister, Mrs. Charles Roll.

The funeral of the late Mrs. Victor Holm will be held this afternoon at 2 o'clock. Services will be conducted at the house, 426 West Empire street, by Rev. Swan Magnusson, pastor of the Swedish Methodist church.

Auss Dorothy Blumenthal, daughter of Samuel Blumenthal, a former well-known business man of Ishpeming now located at Phoenix, Ariz., is to be graduated from the high school in that city next month. A number of friends of the family here have received cards from her.

The Cleveland-Cliffs Iron company has platted the fields along the street from the East to the new York property, into lots about an acre in size, to be leased for truck farming. This ground has been used by Ishpeming farmers for some years past. Streets have been laid out and the different lots are being fenced in.

Rev. C. H. Rutledge, who arrived home a few years ago from Detroit, is packing his household goods, preparatory to moving his family to that city, where they will reside in the future. He has sold his home at 842 North Pine street, to Richard Quayle of Gwin, whose son-in-law, C. H. Hawes, Jr., and wife, will occupy it. The Rutledge family expect to leave here a week from tomorrow.

One hundred members of the First Methodist Episcopal church congregation will serve supper in the parlors of the church the evening of Decoration Day, May 30. The supper will commence at five o'clock. All the men will be uniformed in white. Special music will be furnished by E. R. Bellows, of Grinnell Bros. Twenty-five cents will be charged for adults and fifteen cents for children.

L. Erickson & Son, who were some time ago awarded the contract for the erection of Joseph Gill's new residence, will begin work on the foundation next week. The concern is working a large force of men this summer. The firm has a contract for the remodeling of the building formerly owned by W. S. Nelson, at the corner of Pine and Ridge streets, under the property of the Cleveland-Cliffs Iron company. The dwelling will be occupied by E. E. White and wife. Erickson & Son are also remodeling Mrs. Andrew Nelson's dwelling, corner of Cleveland avenue and Fourth streets, and within a few days they will break ground for the foundation for a new five-room house for Carl Lehman.

OSBORN PLAN BEING TRIED.

Prisons Buy Supplies from the Lowest Bidders.

Lansing, May 23.—One of the propositions advocated by Chase S. Osborn during his single term as governor of Michigan, was a central purchasing board to buy all the supplies for the various state institutions. He made this recommendation to the legislature, but the policy was not adopted, as the lawmakers believed that it would pave the way for too many questionable transactions.

However, the proposition is being tried out in some of the Michigan institutions on a small scale, and is said to be successful. At least, board members who have been in Lansing recently, say the present plan is superior to the old system.

Under the plan that has been adopted by the penal institutions each prison makes an inventory to determine the supplies that are needed. Then the order is launched and bids are secured on the whole order. By purchasing in large quantities it has been proved that much better prices have been secured, and it is said that this has resulted in quite a large saving.

Warden Simpson to Enter Bid.

Warden Simpson of Jackson prison announces that he is preparing to enter a bid for the canned goods used at the various state institutions. He claims that he can sell cheaper than other producers, and that the state will profit in two ways. The prison goods will have a ready market and the other state institutions will gain by the reduction.

At the present time and during the next year extensive building operations will be carried on by some of the state institutions, and there is a deal wanted to purchase all the lumber in one consignment, which it is sure would result in an enormous saving.

PEAT FOR BURNING WHEN COAL FAILS

Substitute Covers Area of Eleven Thousand Square Miles in the United States.

Washington, May 23.—If the deposits of coal in the United States ever become exhausted the consumer may fall back on peat, a fuel supply as yet undeveloped. It is estimated that the peat deposits in this country cover an area of at least 11,000 square miles and that they contain the enormous total of 13,000,000,000 tons. Peat has been in extensive use in many of the countries of Europe, notably Ireland, Holland, Germany, Russia, France and Austria, for several centuries.

In the United States peat deposits are found in the New England and other northern states, along the Atlantic coast, in Texas and on the Pacific coast. In parts of Massachusetts and Rhode Island may still be seen traces of abandoned peat bogs from which early colonial settlers obtained their fuel supply. As means of transportation increased coal came into gradual use, and finally caused the mining of peat to be discontinued almost entirely.

Peat is partly decomposed and disintegrated vegetable matter. Its origin is similar to that of coal, though the period of time required for its formation is considerably less. It varies in color from brown to black and in texture is coarse and porous or light and spongy. When exposed to the air for drying it crumbles and is therefore difficult to transport for any distance unless converted into briquets.

Peat abounds only in wet or marshy lands. The beds are nearly always found below the surface of the ground, and for that reason the cost of mining is comparatively small. No expensive machinery is required for taking it out, and there are no attending dangers, as in the case of coal mining.

For commercial purposes it is converted, in its plastic state, into briquets by machinery. After drying in the open air for several days the briquets are ready for shipment. A ton of peat thus treated commands about half the price of a ton of coal, but it is said that even the best grade of coal has not twice the heating value of peat.

PEAT ABOUNDS ONLY IN WET OR MARSHY LANDS. The beds are nearly always found below the surface of the ground, and for that reason the cost of mining is comparatively small.

NO EXPENSIVE MACHINERY IS REQUIRED FOR TAKING IT OUT, AND THERE ARE NO ATTENDING DANGERS, AS IN THE CASE OF COAL MINING.

FOR COMMERCIAL PURPOSES IT IS CONVERTED, IN ITS PLASTIC STATE, INTO BRIQUETS BY MACHINERY. AFTER DRYING IN THE OPEN AIR FOR SEVERAL DAYS THE BRIQUETS ARE READY FOR SHIPMENT.

A TON OF PEAT THUS TREATED COMMANDS ABOUT HALF THE PRICE OF A TON OF COAL, BUT IT IS SAID THAT EVEN THE BEST GRADE OF COAL HAS NOT TWICE THE HEATING VALUE OF PEAT.

HAVE YOU A FRIEND AFFLICTED WITH ASTHMA?

Frank S. Archibald, of West Swansey, N. H., writes:—For the past five years I have suffered with Asthma almost constantly. I was so nervous at times, I could hardly remain in my school. This disease coupled with the nervous strain to which teachers are always subjected made life almost unbearable. During a visit to my home in Hillsdale, Mr. Mann, a local druggist, called my attention to your White Wine of Tar Syrup. At first I was skeptical as I had tried almost everything with no permanent help. Finally I took home a bottle and the cure it effected seems almost miraculous to me after my former repeated disappointments.

I want to recommend your remedy to everyone who has been afflicted as I was for five years and I shall be glad to reply to enquiries regarding my case.

POWERS TAKES THE LEGISLATURE TO TASK

Lansing, May 23.—Because the legislature did not enact certain laws which he deemed necessary and for the people's welfare Labor Commissioner Powers takes that body to task in a section of his annual report dealing with the legislation passed and the bills which failed.

The legislature did not pass the bill bringing women employed in canneries under the protection of the department, nor was any limitation placed on the number of hours which they may be employed. He states that department investigation shows that women were employed from seventy to eighty-four hours per week in some canneries last fall.

By law other women are limited to fifty-four hours a week. One employee worked 115 hours one week, or nine

teen hours a day. It is said that some managers of canneries were willing a limitation should be fixed by law, but "the zeal of their legislative friends was greater than the inclination of those of the canners who were willing that some limitation should be provided."

"It was surprising that several very desirable amendments to the present labor laws should have been denied. The legislature was asked to include the employees of telegraph and telephone companies in the list of those to whom the law limiting the hours of labor of women should apply. So far as is known there was no opposition to this amendment by those affected and no good reason appears to exist why this amendment should not have been approved and provided."

At the close of last year about 10 per cent. of the roads of the United States could be classed as improved, a gain of 1 1/2 per cent. in three years.

Ishpeming Department

BOARD ENGAGES SCHOOL TEACHERS

Most of the Present Corps in the Ishpeming Schools Will Be Back for Next Year.

The board of education of the Ishpeming public schools has issued contracts for the coming year, and it is not expected that there will be many resignations between now and the opening of the schools in September.

The complete list of teachers, prepared by Fred Tomson, the secretary of the board, is as follows:

- E. E. Scribner, superintendent; R. P. Davis, principal; Mrs. Nellie Krogman, Edna E. Hudson, O. Fern Keiffer, Eleanor Blanchard, Theodore Nelson, Matthew Mitchell, A. R. Watson, Estelle Rhinehart, Flora Braastad, W. C. Plummer, Wilhelmina Hoyseth, Harriet C. Neat, Helen Adudell, Guy H. Ringle, Mrs. J. M. P. Brown, H. P. Yutzy, Leonard Flan, Henry Hanson, Clyde Mitchell, Anna Schurtz, Winifred Cooley, Dorothy Egor, Jean M. Hay, Louise M. Stone, Elizabeth Bamford, Mary Maloney, Anna Lacey, Nina McDowell, Elizabeth Carlson, Katherine Laughlin, Margaret Malloy, Bridget Laughlin, Margaret Connors, Alice Dodie, Signe Peterson, Nelly Connolly, Zillah Dyson, Katherine Cullen, Olive Trebbleck, Millicent Thomas, Marie Olsen, Margaret Connolly, V. Winifred Lacey, Beatrice Sedgwick, Lottie Gibbs, Chrissie Trebbleck, Nellie Kellgren, Marie Grotte, Olga Grotte, Nellie Wood, Louise Persons, Olga Grund, Cora

Bonnallack, Myrtle Rowe, Lillian Fisher, Rosabel Robinson, Cora Richards, Mildred Lundahl, Olga Girzi, Agnes Eman, Millicent Parks, Leonora Laughlin, Elsie Warnberg, Elsie Mudge, Gertrude Crabb, Ada McDowell, Ida Hanson, Ruth Warnberg, Ella Nelson, Alice Hansen, Ethel Jenkins, Anna Creagan, Flora Lemire, Nora Casey, Ida Burke, Margaret Cronin, Elizabeth Moriarity, Olga Eggan, Nellie Fisher, Mary Earle, Myrtle Johnson, Anna Welsh, Helen Sullivan.

Jessie Chapman, clerk. Janitors—M. E. Lally, Thomas Jeffrey, Otto Warnberg, Richard Coles, William Davidson, Emil Werner, Mrs. Oscar Forsberg, Mrs. Phoebe LeBoeuf, Andrew M. Anderson and Thomas Nelson.

SPECIAL MUSIC SUNDAY EVENING.

The following musical program will be given at the First Methodist Episcopal church Sunday evening:

- "I Lay My Sins on Jesus".....Ashford Choir.
- "All Thy Works".....Porter Choir.
- Organ solo, selected.....Miss Cornish.
- "Rock of Ages".....Tremberth Choir.
- "I Was Glad".....Fawcett Choir.

WILL CELEBRATE IN MARQUETTE.

The L'Union Canadian Francaise society of Ishpeming has accepted an invitation from the French society of Marquette to visit that city this summer day, June 24. The Ishpeming band has been engaged for the occasion and it is expected that in the neighborhood of 300 members, together with their families, will attend the reunion. A parade will be a feature of the celebration, and it is the plan of the members of the

Ishpeming organization to make as fine a showing as possible.

TO INSPECT PROPERTIES.

J. B. Laughlin, of Pittsburg, and W. G. Pollock, of Cleveland, president and secretary-treasurer, respectively, of the Pittsburg & Lake Angeline Iron company, will arrive in the city Monday on their annual visit of inspection of the company's properties. While here they will look over the mines with Captain Thomas Walters, who has general supervision of the Jones & Laughlin properties in the Lake Angeline region.

ISHPEMING IN BRIEF.

where they will visit for a week or ten days.

Mrs. William Kraus, of Negaunee, who was operated on at the Ishpeming hospital last week for appendicitis, has returned to her home.

John Mohr and George Hayden have gone to Mr. Mohr's camp on the Escanaba river, where they will remain until Monday morning.

The funeral of the six-month-old son of Oscar Salo, 157 E. Terrace street, who died Wednesday, will be held tomorrow afternoon from the home.

Mr. and Mrs. J. Ring and family and Miss Nina Blomgren went to Marquette yesterday, where they attended the funeral of the late Mrs. J. Johnson.

Work was started yesterday on the concrete foundation for the labor temple, to be erected on Pearl street, on the former site of the Milwaukee house.

The fire department was called out Thursday afternoon to extinguish a small chimney blaze at the residence of D. McCarthy, on West Superior street.

Sidney G. Vigo, an engineer in the employ of the L. E. Meyers company, is in the city for a few days, doing special work for the Marquette County Gas & Electric company.

A delivery team of F. Braastad & Co. ran away yesterday afternoon on Cleveland avenue, causing no little excitement. The contents of the wagon were

spilled along the street, but no damage was done to the wagon.

Miss Matilda Gustafson has returned from Chicago and will visit with her parents on Empire street. She is studying trained nursing at the Augustana hospital, Chicago.

DICK WILL ENTER SENATORIAL RACE

Ohio Statesman Decides to Make an Attempt to Return to Nation's Capital.

Washington, May 23.—Former Senator Charles Dick of Akron definitely has decided to run for the Republican nomination in the Ohio senatorial primary next May. He is making known his intention in letters sent to his old political lieutenants throughout the state.

Dick believes the passage of a Democratic tariff bill will give the Republicans a good fighting chance in Ohio next year. In addition the former senator has great confidence in his own ability as a political organizer. He seems to believe that the man with the best organization will have a decided advantage in a statewide primary contest.

Actuated by this belief, he is starting early the work of putting together an organization for the senatorial campaign.

As Dick and his friends size up the political horizon in the Buckeye state there are certain to be four and probably more candidates for the Republican senatorial nomination. They believe that, in addition to Senator Burton, seeking reelection, Myron T. Herrick, former governor, and State Chairman Harry M. Daugherty will go after the nomination. Warren G. Harding, defeated for governor by Judson Harmon in 1910, also is looked upon as a possible candidate.

The men on whom Dick is relying for information concerning sentiment in Ohio are reported, so it is stated, that Senator Burton is the least to be feared. These reports say that Daugherty must be regarded as formidable from an organization standpoint because, it is stated, the state chairman by virtue of his position has the advantage of strong personal friends entrenched in county organizations all over the state.

With regard to Colonel Herrick, it is anticipated by the friends of Dick that the former governor will make a direct appeal to the rural vote on the basis of his work for the establishment by the federal government of a farm credit system.

Washington has heard also that, failing to get a diplomatic post, Mayor Brand Whitlock of Toledo will seek a seat in congress. This, it is stated, is contingent on the withdrawal of Representative Isaac Sherwood.

House's Only Civil War Veteran.

General Sherwood is not in the best of health and the protracted sessions of congress are wearing on him heavily. He insists he is through with public life. General Sherwood, now the only Civil War veteran in the house of representatives, was elected originally to the forty-third congress, entering in the same year that former Speaker Joseph G. Cannon began his legislative career. General Sherwood came back in the

Sixtieth congress and is now one of the most active members of the Sixty-third congress, despite his age. In his desire to retire from congress General Sherwood is influenced in no small degree by the ill health of Mrs. Sherwood.

THE FIRST SEWING MACHINE.

The earliest attempt at sewing by machinery of which there is any authentic record was in 1755, in which year a machine was patented in England by Charles F. Weisenthal. In this machine the stitch was formed by a needle, having two points with an eye at mid-length, which passed completely through the goods in imitation of hand sewing. This was followed by an English patent dated July 17, 1790, granted to Thomas Saint, for a machine that embodied several features which are employed in the modern sewing machine, namely, an overhanging arm, a horizontal cloth plate, a vertically reciprocating needle, and a feeding device, notched at the lower end, pushed a loop of thread through a hole previously made by an awl. The loop thus formed was held beneath the goods and the next loop was passed through it, thus making what is known as the chain stitch.

In 1804 an Englishman named Duncan made a chain-stitch machine that employed two hooked needles, and in 1830 a Frenchman named Barthelemy Thiommier invented a machine which embodied the Saint principles with the exception that the loop of thread was pulled instead of pushed through the fabric.—Examiner J. J. Darby of the

Patent office.

BEST MEDICINE FOR COLDS.

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00 Guaranteed by The Stafford Drug Co.

MUST PAY TAX.

Holders of Mortgages Given Prior to
Jan. 1, 1912, Must See to This.

Joseph H. Primeau, register of deeds,
finds that not many persons who have
only a cursory knowledge of the law
realize that before they may discharge,
sell or dispose of mortgages given before
Jan. 1, 1912, they must pay the mortgage
tax, as provided in section 8 of Act No.
91, of the public acts of 1911.

Since Jan. 1, 1912, when the mortgage
law went into effect all mortgage taxes
have had to be paid when the deeds
were recorded. Yesterday a typical case
the discharge of a mortgage given prior
to 1912 was brought to Mr. Primeau's
attention. He found it hard to con-
vince the mortgagee of the provision of
the law until he had shown him the sec-
tion of Act 91 particularly applicable to
his case. The law provides that before
a mortgage can be discharged the treas-
urer's certificate of the payment of the
tax must be presented, and that this
certificate shall be equivalent to an
affidavit.

Stall. In the contest for the cup the
seniors won three straight games. Pro-
fessors Hebb and Magers gave short ad-
dresses on various phases of the meet
and showed its value to the school and
to the peninsula and evinced the enthu-
siasm of the students. Hon. L. L.
Wright, state superintendent of public
instruction, was introduced by President
Kaye and received an ovation from the
students. Mr. Wright gave a short ad-
dress, which was received with much
pleasure and approval.

The Training school will have only one
daily session during the summer, meet-
ing from 9 o'clock until 12. During the
summer the critic teachers will have
charge of the rooms and will do all of
the teaching, thus making it of especial
value of those who come to the summer
school as a school of observation. A
limited number of extra students can
be taken during the summer school in
the grades of the training school and
also for next year. Parents who desire
to send their children to the Normal
can notify President Kaye and seats for
them will be reserved in the order in
which application is made until all are
taken. The Training school supplies text
books free and, beside the regular sub-
jects, work will be given in domestic
science, sewing and manual training.

Normal Notes

L. L. Wright of Lansing, state superin-
tendent of public instruction, spent Wed-
nesday and Thursday of this week at
the Normal.

The members of the executive board
of the Student Girls' league are plan-
ning to have supper together at Presque
Isle next Monday.

The Junior class will give its annual
party and reception on Friday, June 13.
This function is considered the great
social event of the academic year.

On Wednesday evening of next week
the Junior Student Girls' league mem-
bers will give a garden party to the
senior members of the league. The event
will be conducted in the society rooms
at the Normal. All are to come in fancy
dress, either dressing as gardeners or to
represent some flower.

The assembly on Thursday morning
was conducted by Professor D. F. Stull
and had for its purpose interesting all
students in the upper peninsula high
school track meet which will take place
in Marquette Saturday, May 31. Gradu-
ates from various high schools in the
peninsula sat together and at different
parts of the program they gave their
high school yells, in preparation for wel-
coming their home teams at the track
meet. The program also included Nor-
mal songs and yells. The girls who com-
posed the senior basketball team, which
this year won the silver cup, were pre-
sented with the trophy by Professor

New members for the Phi Epsilon so-
ciety have been nominated by the Phi
Epsilon committee of the faculty and
are now being voted upon by the mem-
bers of the society. Twelve per cent
of the graduating classes of the Normal
may be recommended for membership.
The members who have just been nomi-
nated are from the classes graduating
in December, March, June and August.
The nomination is based upon scholar-
ship, teaching ability, professional spir-
it, social qualities, loyalty to the Nor-
mal and initiative. Sixteen students
have been nominated this spring. The
annual meeting of the society will take
place Saturday evening, June 21. The
society is a purely honor society similar
to the Phi Beta Kappa of the colleges
and the universities.

During the visit of State Superinten-
dent L. L. Wright this week, Mr. Wright,
Architect Charlton and President Kaye
have gone carefully over the plans for
the new building. The plans have been
fully agreed upon with the exception of
the details which will be necessary to
make the rooms suited to the special
purposes to which they are to be put.
In the structure there will be a large
assembly hall, two stories high, 96 by
78 feet, with a large stage and with
large galleries at the base and sides.
It will seat from 1,500 to 2,000 persons.
The gymnasium, which will be the largest
in the upper peninsula, will be two
stories high, with a running track and
galleries. There will also be a library,
118 by 39 feet, and about fifteen class
rooms, together with administration
offices. The building will be well sup-
plied with the most approved cloak
rooms and toilets. The plans are being
worked out as rapidly as possible and
as soon as they are completed and the
negotiations under the contract will be
let and work will begin. It is expected
that construction will commence during
the early summer.

BETTER THAN SPANKING

Spanking does not cure children of bed-
wetting. There is a constitutional cause
for this trouble. Mrs. M. Summers, Box
W, Notre Dame, Ind., will send free to any
mother her successful home treatment, with
full instructions. Send no money, but
write her today if your children trouble you
in this way. Don't blame the child, the
chances are it can't help it. This treatment
also cures adults and aged people troubled
with urine discharges by day or night.

SPRING STYLES

We extend to all our friends
a Spring greeting and with
it a renewed welcome to this

Clothes Pin
Bag with
Every

Wash Tub

Be sure you get down here early to-
morrow—it's the opening day for our
special sale of Cream City Wash Tubs—and
with every Cream City Wash Tub we sell, we
are going to give away—absolutely free the
most useful present you ever saw—a fine, big
Clothes Pin Bag—filled with 36 clothes pins
of extra good quality. Can you imagine a
more useful gift? It's something you can use
week after week—ties around your waist—
keeps clothes pins at your fingers' ends and
saves you many, many extra steps on wash-
day—and it will last for years.

And remember, it doesn't cost you one cent
tomorrow. It's given to you—free—if you buy a
Cream City Wash Tub at the

Special Price—85c

You can't get a better Tub than the famous Cream City Red Banded Tubs—and the one
we're selling tomorrow at this special price of 85c is a "daisy." Extra strong to stand the
wear and tear—extra heavily galvanized—leak-proof, rust-proof and wear-proof. We know
it will give you better satisfaction than any other kind. It is the best Tub you can buy at
any price, but during this sale we have reduced the price to 85c and you get the Handy
Clothes Pin Bag with 36 Clothes Pins free.

Come in early. We can only sell one Tub to a person—the supply is
limited—we can't get more from the manufacturers (Gendler,
Paeschke & Frey Co., of Milwaukee) to sell at this price after
this lot is sold. And it's your only chance to get this fine Cream
City Tub at the special figure of 85c—and the free Clothes
Pin Bag and Clothes Pins. Come early.

BELIEVES WOMEN BEST LAW GUARDS

Female Police Officer at New York Declares That Men Are Naturally Cowards.

New York, May 22.—Men are naturally cowards and women are not. Therefore, there ought to be a law keeping men from being policemen and letting their wives take their places. If they haven't wives, their sisters or mothers could be fitted up to do the work of seeing that the law is respected. This is the opinion of Mrs. Astrid Wolfe, who is the only woman in the city registered on the police roster as a night watchman with all the powers of a special policeman. Mrs. Wolfe lives at 12 West Eighth street, which is a studio building. She has the care of this building and also two others near by and for the five years in which she has guarded the three structures she never has failed to make an arrest when necessary, or lost a prisoner when once she announced he was under arrest.

Such a thing as fear is an unknown quantity to Mrs. Wolfe. She is a rather small woman, less than thirty years old, and was born in Sweden, but came here to be a watchman," she said. "I like the work. Women always are better watchmen than men, anyway. I decided to be a watchman a little more than five years ago. I am a widow and have a little girl who is now almost as big as I am, but Lillian had to have an education and I thought I would stay right here in New York and see that she got it. She is ten years old now and perhaps she will follow me in this trade.

Women are more alert than men. They notice things that a man would not. I have keys to all the studios when their owners are away, and I wager that if there was anything misplaced in them I would know it just as quick as the owners or tenants. I never had to capture a burglar for none has the nerve to come into the buildings which I guard. I had a few disorderly boys arrested though, and every time I made an arrest I got a conviction.

Hava Color in Your Cheeks—Be Better Looking—Try Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—had taste in your mouth—a lazy, no-god feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—prepared by Dr. Edwards after 17 years of study with his patients. These Olive Tablets oil the bowels—yet have no oily taste. They are a vegetable compound mixed with olive oil. If you want a clear pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Olive Tablets act on the liver and bowels—calomel—yet have no dangerous after effects. They start the bile on a do-over—constipation. That's why millions of boxes are sold annually at 10c and 25c per box. Every little Olive Tablet has a movement all its own. Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O.

DESERT LURE MAKES MOSLEM OF WOMAN

Mrs. Hugo Mansfield, a Talented Denverite, Died Among the Cult in Distant Sahara.

Denver, May 23.—"She was always a strange girl—talented, brilliant, beautiful and sweet, but strange," said Mrs. Leo Ruschenberg, of Lowell boulevard, speaking of her niece, Mrs. Hugo Mansfield, wife of a famous musician of San Francisco. News of Mrs. Mansfield's death, among the Moslems in the Sahara desert, had reached the aunt. Her tomb is in the "Garden of Allah," near Tunis, in the midst of the great desert whose wildness, solitude and solemnity she loved. Reared a Christian, educated as a Catholic, she died a Mohammedan, as faithful as ever turned eyes toward Mecca.

"When she was a little girl, her mother, my sister, noticed her natural aptitude for the dramatic and was entirely willing that she should be taught," said Mrs. Ruschenberg. "At the age of seven she created a great sensation in the part of Little Buttercup, at the California Opera House. For a year or so she was the rage. She was called an infant prodigy, and so she was. "But my sister found it would cost more than she could afford to pay to make the operatic star out of her that she wished her to be, and so, after having sent her to a convent, where she remained three years, she turned her attention to developing her talent for instrumental music.

"She was placed under the tutelage of Professor Hugo Mansfield, whose fame was great, and the result was that within six months, at the age of seventeen, she was married to her instructor, who was twenty-seven years her senior. "Well, you can imagine the rest. Her husband and she 'got along,' as the saying is, but never congenial. She gave herself over to solitude and the study of Arabic. Why she did this no one knows, but it seems that somehow the call of the desert was strong for her—too strong to be resisted; and although there was never any formal separation from her husband, she started for the Orient in 1908, and was next heard from in letters telling briefly of her travels in the great Sahara desert, studying the religion of the Arabs.

"The next we know she had become a devout follower of Allah. She explored the wild South region south of El-Oued, and, with her caravan of natives, penetrated into places where no white woman had ever been. She mingled with the wild Bedouins and warlike tribes and was received among them with a deference that amounted to devotion.

ASKS NEW TRIAL FOR M'GREGOR.

Bad Axe, Mich., May 23.—George M. Clark and Joseph Walsh have filed with the supreme court a bill of exceptions in the case of Dr. Robert A. MacGregor, who is serving a life sentence in Jackson prison for the poisoning of Seyrl Sparling, containing 132 assignments of error. The writ was made returnable this week, but the prosecution has not been able to prepare its answer and the court has extended the return date to June 21. Neither the defense nor the prosecution anticipates any action by the court before the October term. If the court sustains a sufficient number of the assignments of error a motion for a new trial will be made by the defense.

Mrs. Sparling, who is charged with complicity in the death of her son, Seyrl, is out on bail awaiting trial. Ray Sparling, brother of Seyrl, is seriously ill with symptoms similar to those which preceded the death of his brother, and friends of MacGregor hold that the illness of Ray proves the contention of MacGregor that Seyrl died from hereditary disease.

UPPER PENINSULA YEOMEN IN REVOLT

Delegates From This Part of State Will Ask for a Separate Jurisdiction.

The members of the Brotherhood of American Yeomen in Negaunee are showing much interest in the fight that started at the state meeting of the society a few weeks ago in Menominee. The upper peninsula men have been in control of the state organization ever since it was perfected, but at the Menominee meeting the lower peninsula members endeavored to oust the old officers and secure control of the convention. It was stated by representatives from the upper peninsula homesteads that the lower peninsula representatives were attempting to seat delegates who had no right to vote in the convention, as they were not regularly qualified, inasmuch as they did not have certificates of election from the secretary of the state organization.

It appears that several new homesteads were organized in the lower peninsula and delegates were chosen before the organizations were recognized by the state officers. The fight for control of the convention started the minute that the meeting was called to order and some of those who were representing the opposing factions almost came to blows. The lower peninsula men finally bolted and held a convention of their own. The upper peninsula men also held a convention and the treasurer of the organization, who had the funds in his possession, could not be found to pay the mileage and per diem of the delegates. It was assumed, however, that he paid the claims of the lower peninsula delegates, as it was ascertained later that he was in sympathy with that faction.

The upper peninsula members now propose to nullify away from the members in the lower part of the state and form a jurisdiction of their own. They claim they would be satisfied to affiliate with the homesteads in Northern Wisconsin in case the national officers consider the upper peninsula jurisdiction too small for a separate organization.

ELECTION TODAY.

A commission to revise the charter will be chosen today by the voters of the city. The polls will be open from seven a. m. until five p. m. The candidates are:

Commissioners-at-large—Frank A. Bell, Dr. H. W. Sheldon, Thomas Connors and John W. Elliott. Ward Commissioners—First ward, Thomas Griddle; Second ward, George J. Haupt; Third ward, Edward C. Anthony; Fourth ward, T. M. Wells and Fifth ward, August P. Johnson. It is not expected that one-ninth of the vote will be cast, owing to the lack of opposition.

SENT UP FOR THIRTY DAYS.

Napoleon Visna, proprietor of the Montreal House, Thursday swore out a warrant for the arrest of John Mattson, who attempted to avoid paying his board bill. When arraigned before Judge Arndt he pleaded guilty and was sent to the county jail for thirty days. On the previous evening he boarded the blind baggage of the Northwestern passenger train, which was leaving for Escanaba, and rode as far as Little Lake, where Deputy Sheriff E. N. Bodemus was waiting for him. He was brought back to Negaunee yesterday.

HIGH SCHOOLERS PLAY.

This afternoon at Union Park baseball teams representing the Tappan and Negaunee high schools, will meet. The game is scheduled for 2:30 o'clock. It will be the third of the series between the two schools, Negaunee having won

Negaunee Department

the two previous contests. Admission charges of fifteen and twenty-five cents will be made. The game was originally to have been played last Saturday, but was postponed because of the inclement weather.

ISAAC SILBERG DIES.

Wellknown Republic Merchant Passed Away Early Thursday Morning.

Isaac Silberg, a part owner of the Republic Store company, a resident of Republic for nearly thirty years, died early Thursday morning at his home there. He was fifty-six years of age and was one of the prominent Finnish citizens of that town. The funeral arrangements have not been definitely made, but the funeral will probably be held tomorrow afternoon. The cause of his death was heart failure.

LOCAL LAONICS.

Dan Burkes of Green Bay, was in Negaunee yesterday on business. W. A. Garner has gone to Cleveland, where he will visit his parents for a week. J. E. O'Donoghue, proprietor of the Recal drug store, was in Menominee on business yesterday.

Mr. and Mrs. J. C. Woodworth of Marquette, were visitors in Negaunee and Ishpeming yesterday. L. N. Theobald, of Humbolt, was a business visitor in Negaunee Thursday afternoon and evening. Anna, the thirteen year old daughter of Matt Pykora, of Palmer, was operated on at the Negaunee hospital yesterday. A marriage license was issued by Judge Alpine yesterday morning to Alex Soderstrom and Anno Simuloh, both of Negaunee.

E. D. Davis, of Escanaba, was a Negaunee visitor yesterday. Mr. Davis was formerly superintendent of the Negaunee public schools. Mr. and Mrs. John Nesbitt have returned from California, where they have spent the winter. They will live in Negaunee during the summer months.

Dan Shea returned Thursday evening from Los Angeles, Cal., where he has spent the winter months with his brother, John Shea, who now lives there. The interior of the McKenize flats, corner of Main street and McKenize avenue, is being entirely redecorated. Men started work on the building Thursday.

Announcement is made of the coming marriage of John Kujala and Miss Elsie Pelto, of Negaunee. The wedding will be held some day during the middle of June. R. C. Young, of Marquette, chief engineer of the Lake Superior and Ishpeming and Marquette, Munising and Southeastern railways, spent Thursday in Negaunee on a business mission.

Mrs. Edward Perry and daughter have gone to eastern Canada, where Mrs. Perry will join her husband, who is employed in railroad work. They will reside in Canada permanently. Howard Gilbert will leave early tomorrow morning for Iron Mountain on his new Harley-Davidson motorcycle. He expects to make the trip to Iron Mountain and return in one day. The choir of the Mitchell Methodist church is now preparing for a concert and entertainment, which will be given on the evening of Decoration Day, May 30. Announcements of the coming concert have been set out among the residents of the city.

A double wedding was held in Judge Alpine's office last evening when Oscar Kotanen and Miss Ida Wiitala and Leander Soyring and Miss Lydia Myllyharju, all of Negaunee, were united in marriage. The ceremony was performed at 8 o'clock by Judge Alpine.

Miss Alma Gustafson, of this city, who has been studying to be a trained nurse in Chicago, was operated on there last Sunday. Her brother, H. Gustafson, is also in Chicago and will accompany his sister home, as soon as she has recovered from the effects of the operation. The Epworth league of the Mitchell Methodist church will conduct its anniversary observances in the parlors of the church this evening. A literary and musical program has been prepared, which will include an address by Rev. Hartley Canfield, pastor of the church.

The work of raising the old Presbyterian church, which was purchased by the school trustees several months ago, on the site of which the new manual training school will be built, has been completed. The brick and lumber from the old building is now being removed. Services will be held at the Mitchell Methodist church tomorrow at the following hours. Morning services at 10:30 o'clock and evening services at 7 o'clock. Two weeks from tomorrow the Negaunee lodge of Odd Fellows will celebrate the anniversary of the founding of the lodge by attending church in a body.

Rev. R. T. Hicks, pastor of the Episcopal church, makes the following announcement of services for tomorrow: Holy communion at eight a. m.; morning prayer and sermon at 10:30 o'clock; Sunday school at 11:45 o'clock and evening service at 7:30 o'clock. The vestry of the church will meet after the morning service.

The dancing party given by the Young men's Catholic club in Kirkwood's hall Thursday evening was one of the social successes of the spring and was attended by nearly one hundred couples. Dancing was commenced after 9 o'clock and continued until midnight, when lunch was served to the guests of the club. Trombley's orchestra, of Marquette, furnished music for the occasion.

Generosity should never exceed ability. Constant squandering or frittering away everything earned will make the richest man poor. A Savings Account means generosity for you are providing for the future of your home and family. 3 per cent keeps your account growing.

KEARNEY AND BARNES HERE

Members of State Tax Commission Arrived Last Evening to Size Up Situation in Marquette and to Plan for Future Meetings—In Upper Peninsula One Week.

Have Been in Dickinson, Iron and Gogebic Counties With Dr. Allen, State Geologist, Who Will Work on Mine Valuations Here the Early Part of June.

Orlando P. Barnes and Thomas D. Kearney, state tax commissioners, arrived in Marquette last evening and will spend today in the city for the purpose of visiting the assessing officers, becoming acquainted with the people and to take cognizance of the work that has been done in this county leading up to the general review of assessments for the purpose of revising general property, which will be done at a session of the commission to be held sometime before the boards of review meet to pass upon the tax rolls. It is partly for the purpose of arranging a date for this session that the commissioners are here. The third member of the commission, George B. Horton, is busy in the lower part of the state, but inasmuch as two commissioners have the power to act with the same authority as three, Marquette is really receiving a visit from "the commission."

Commissioners Barnes and Kearney came from similar missions in Dickinson, Iron and Gogebic, having arrived in the upper peninsula one week ago Thursday. The purpose of the visit to these counties, which were revisited a year ago, was to correct any mistakes that may have crept into the past work of the commission in these counties. The commission apparently made a clean record in these counties, however, as the visiting commissioners report that the people are highly pleased with the work and are now looking to cooperate with the commission wherever possible to assist in bringing property assessments to cash value.

Will Look Over Work.

The men who have worked in Marquette county the last three months have the work of examination of property well under way, in fact more than half completed. The work in Baraga county, which is the only other county in the peninsula to be examined this year, is not so far advanced. The examination of Marquette city property is completed and that of Negaunee city is nearly completed. The work in Ishpeming city has not yet been touched, but in the timber and wild lands it has been going on steadily and, with the exception of the farm properties, the townships have been pretty thoroughly covered.

While in Marquette Commissioners Barnes and Kearney will look over some properties. They are accompanied by E. M. Twiss, chief examiner for the commission. Dr. R. C. Allen, state geologist, accompanied the party to the Iron, Dickinson and Gogebic counties and is still there, working on the valuation of some of the mining properties. His work just now consists of giving assistance to the assessing officers. He has with him a capable mining engineer employed by the state. His coming to the upper peninsula is in line with the recent decision of the board to aid the supervisors and assessors who have property in their districts with which they are not familiar, such as public utilities, mines and corporation property, by sending men who are experts in one thing or another to assist them.

Working On New Plan.

Dr. Allen is working out a plan for a systematic and equitable assessment of mining properties that will change as the condition of the property changes and which will be based on the detailed reports from the mining companies and from personal examination. This valuation will be on a basis of reports covering the condition of mines for five years back. Dr. Allen expects to come to Marquette county to take up the mining property valuations at a later date, probably early in June.

The commission plans to pay a visit to Baraga county in about a month. Commissioners Barnes and Kearney will leave this afternoon for Lansing. There is much work to be accomplished and it has been planned out in such a way that every day counts, giving the commissioners little time to themselves. At this time work is going on in twelve counties of the state, ten of which are in the lower peninsula. The work in Oakland, Jackson, Calhoun, Saginaw and Bay counties is well under way, in fact, near completion, and in the other counties the commission is working with the supervisors.

Co-Operating With Local Offices.

The tax commission realizes that the reassessment of any county is a duplication of the work of local assessors and recognizes that it cannot be done as cheaply as by the supervisors themselves. The commission is therefore endeavoring to encourage the supervisors to bring their assessments to cash value. By the passage of two laws—one giving the commission general supervision of all assessing officers and further giving the commissioners the power to prefer charges to the governor against any assessing officer who does not, in their judgment, obey the law regarding valuations, and another giving the supervisors the power of direct appeal to the tax commission when they have grievances against the boards of equalization—the last legislature has broadened the scope of the commission's work.

SOO CANAL PASSAGES.

Sault Ste. Marie, Mich., May 23.—[Special.]—The following upbound vessels have passed the canal the last twenty-four hours: Manitoba, 9:20; last night; Montana, 10; Volvin, midnight; Arcadius, 1:20; this morning; George Peavey, Snyder, 3:30; Hubbard, Walter Seranton, 4; Senator, 5; Dinky, 7:30; Howe, 8; John Reiss, 8:30; Venus, Constitution, 10; McIntosh, 10:30; Burnham, Morgan, 11:30; Walsh, noon; Livingston, Chatwick, 1 this afternoon; Wm. Livingstone, Aedman, 2; Harvard, 2:30; Sahara, Tollev, Godfrey, Saxon,

Alberta, 3:30; Dan Hanna, Zillah, Miztec Pestigo Mary Elphicke, 5:30; Coles House, 7:30; Scott, Block, 9.

ATHLETIC MEET TODAY.

High School Classes Will Contest in Track and Field Events for Trophy.

The annual inter-class field and track meet of the Marquette High school will take place this afternoon at 2 o'clock at the fair grounds. Arrangements have been made for a special car to meet the 1:30 car at the junction at the furnace location and the service will be continued during the afternoon. D. E. Stull of the Normal school faculty will act as starter and referee and will be assisted by several of the school teachers and students. The meet will determine the possession of the Peter White athletic trophy. It will also determine who will represent the school at the upper peninsula track meet next Saturday.

The cup is now held by the Senior class and a determined fight is on between this class and the Junior class for its possession. Both classes have strong teams and the rivalry will be keen. The Sophomore team is not regarded as a strong contender, while the possibilities of the Freshmen are as yet little known. The meet will be identical with that of next week, with the exception of the elimination of the one and two-mile relay races, the numerical size of all teams in today's events not permitting of those races being run. A half-mile relay will be substituted.

COMMISSIONERS TO BE ELECTED TODAY

Much Interest, if Little Enthusiasm, in Choosing of Men Who Will Revise Charter.

Though the majority of the electorate of Marquette may not realize it—owing to the lack of enthusiasm due to the fact there will be no contests worthy of note—today is a special election day in this city and at the close of the polls this afternoon at 5 o'clock, eight commissioners to revise the municipal charter will have been chosen. Ten candidates have entered the field, but there has been no strife in the Second ward, the only one in which there is a ward contest, or among the four candidates running at large.

The polls will open at 7 o'clock, with the usual hours of election in charge. Each ballot will contain the names of the ward candidates for the ward in which it is to be cast, also the names of the four candidates at large. The city election commissioners have passed upon the petitions of all the candidates. While enthusiasm has been lacking, there has, however, been no dearth of quiet interest in the election.

Theatrical

A box at the Marquette Opera House is being reserved for former President Theodore Roosevelt and his party for Tuesday evening when the comic opera "The Chinese of Normandy" will be staged by students of the Marquette High school. Mr. Roosevelt has been notified by wire of the reservation and requested to honor the opera by his presence, but as yet no word has been received in reply. It is expected that he will arrive in Marquette Monday.

If the ex-president accepts the invitation it is possible that he will make a brief address during one of the intermissions of the performance. The request to do this was included in the invitation, but it is not improbable that even should he decline to talk the demand from the house will be so urgent that he will be forced to an appearance on the stage. Preparations for decorating the box are now being considered, and this would be done immediately upon receipt of Col. Roosevelt's acceptance of the invitation.

The play is now on its last lap of preparation. The costumes which were expected yesterday from Milwaukee were delayed in transmission and should be here this morning, in which case the first dress rehearsal will be held at the opera house today. The advance seat sale opens this morning at Bigelow's book store, but only parquet and box seats are to be had. The students during the week have disposed of tickets for balcony and gallery seats and both floors have been completely sold out. The students being secured to expedite the sale of these tickets, Mr. McNeil, who is acting as business manager, has requested holders of these tickets to make their seat reservations as soon as possible, because of the heavy demand.

NEWSPAPER MEN HERE.

C. D. Hagerly and Jay Hayden the Advance Guard of the Scribers. C. D. Hagerly, of Chicago, representing the Associated Press, and Jay Hayden, of the staff of the Detroit News, arrived in Marquette yesterday, the advance guard of the newspaper men who will report the Roosevelt-Wever trial. It is believed there will be ten or a dozen outside correspondents here on that special day. The staff of the correspondent field did not succeed in turning up any news regarding the case that was not old news, however, as the rival counsel is keeping its counsel pending the beginning of the trial.

FOR THE WEAK AND NERVOUS.

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Blinvaert, of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50¢ and \$1.00. Recommended by The Stafford Drug Co.

HELD TO CIRCUIT COURT.

Examination of Young Men Charged With Larceny Is Discontinued.

Upon being called yesterday afternoon in Justice Byrne's court, the examination of Leo Rivers and Howard Stewart, charged with larceny from the person of Oscar Jarvi, was discontinued at the request of the young men's attorney, who said that it was useless to proceed further with it in view of the attitude of the prosecuting attorney—that it would have to go to the jury no matter what evidence the defense submitted. Justice Byrne thereupon bound the young men over to circuit court, and they will be tried in the September term.

By agreement between the prosecuting attorney and C. W. Dunton, of Manistique, attorney for the defendant, the case of the People vs. Elizabeth Dismio, charged with attempted arson, was set for examination next week, the day to be fixed later. Upon arraignment of Miss Dismio earlier in the week the examination was set for yesterday afternoon. The prosecution will ultimately fall to the hands of C. A. Palmer, state fire marshal, who will come here in the near future, upon the solicitations of the

insurance agents, to investigate the case. The examination of Carl Roberts, of Chocoma, charged with having caused the bushfire which destroyed property in the township, and who was arrested on the complaint of E. D. Mosher, state forestry warden, has been postponed indefinitely.

STAGE IS SET.

Arrangements for the Roosevelt-Wever Trial Completed Yesterday.

Arrangements for the Roosevelt-Wever trial, which will probably be the most largely attended of any court proceedings ever held in Marquette county, were completed yesterday. The stage is set and the court officials are awaiting only the arrival of the cast. Four special tables and added seats have been placed within the bar in the court room to accommodate the attorneys and the newspaper men and a few extra chairs have been placed in the aisles among the spectators' seats. The balcony is to be left open and it is planned to seat here the women who may wish to attend.

A third table has been added to the two tables regular reserved for the attorneys and two smaller tables, each seating four persons, have been placed adjoining them at right angles. Two small tables, with room for two persons at each have been placed just behind the railing. The four extra tables will be reserved for the newspapermen. Sheriff Moloney has made no unusual preparations for the policing of the court house, other than that bailiffs will watch the doors, that the court room may not be crowded beyond its seating capacity. An orderly crowd is expected. Curiosity will bring hundreds to the building who will not have patience to remain through the long and tedious legal procedure.

Preparation for summoning the extra panel of fifty veniremen are completed, but, with few exceptions, the men will not be notified until the last possible moment. Sheriff Moloney will doubtless serve most of the summonses today. Upon the recommendation of Judge Flannigan great secrecy has been observed in drawing the jury men.
