

LIGHT IS SHED ON SUGAR RIGHT AT WASHINGTON

Senators Investigating the Charge of Lobbying Learn That Both Free Traders and Protectionists Maintain Offices—Mr. Ransdell of Louisiana the Chief Witness.

Southern Admits Planters of His State Have Active Organization, but Avers Much Greater Sum Is Spent by Refiners Anxious There Be No Tariff Duty.

Washington, June 4.—Ramifications of the sugar tariff fight being conducted outside the halls of congress gave the senate "lobby" investigating committee a busy two hours late this afternoon.

The activity of the sugar tariff forces was partly responsible for President Wilson's statement that powerful lobbying influences are at work in Washington to effect changes in the tariff bill.

Senator Ransdell discussed briefly the organized activity of the Louisiana sugar cane growers, but believed little money had been spent, as compared with the amount spent by Claus Spreckles, the Federal Sugar Refining company and Frank C. Lowrey, of New York, said to be an employee of that company.

The investigating committee will finish the testimony of senators tomorrow and then will begin hearing outsiders. President Wilson had not sent any communications to the committee up to tonight.

The senators who testified at tonight's session were: Thornton of Louisiana, Simmons of North Carolina, Sheppard of Texas, Sterling of Delaware, Stone of Missouri, Stensop of Virginia and Lewis of Illinois.

JAPAN'S REPLY RELATIVE TO THE CALIFORNIA ISSUE IS HANDED TO MR. BRYAN

Washington, June 4.—Japan's rejoinder to the United States' reply to her protest against the California anti-alien land law, delivered personally by Ambassador Chinda to Secretary Bryan late today, sets out why the Tokyo government continues to regard the Webb law as discriminatory against the Japanese; in derogation of the equality of treatment prescribed by international law, and a violation of the treaty of 1911.

Nothing in the nature of an ultimatum is contained in the note. It contains tone is to invite further discussion of the controverted points, and it contains nothing tending to make up a final issue. Secretary Bryan and the ambassador agreed that no details should be made public.

INCOME TAX PROVISION, FOUND UNCONSTITUTIONAL, IT IS TO BE AMENDED.

Washington, June 4.—Before the senate acts on the Underwood tariff bill the income tax provision will be amended to remedy a defect, which, it was discovered today, would make the measure unconstitutional.

MOYER'S LABOR UNION THREATENS TO CLOSE GUGGENHEIM SMELTERS.

El Paso, Tex., June 4.—Threats to close every smelter in the Southwest and northern Mexico are made in a written declaration signed by Charles Moyer, president of the Western Federation of Miners. The announcement was sent to striking employes of the El Paso smelter by Charles Tamer, national organizer of the federation. Moyer could not remain here to deliver personally his message and hurried to Denver. The federation declares that it intends to unionize every Guggenheim smelter or close down the plants.

G. O. P. LEADER MANN GOES TO CHICAGO TO WORK IN HIS GARDEN.

Washington, June 4.—"I am going to work in my garden; to get into my overalls and old shoes and dig around my plants and flowers," said Republican Leader Mann of the house as he left today for Chicago for a brief vacation. Mr. Mann, who has rarely missed a day in the house for years, spends most of

CLEVELAND BOY DROWNS WHEN BIG FISH DRAGS HIM FROM BOAT IN LAKE ERIE.

Cleveland, O., June 4.—Dragged from his rowboat by a big fish, Hugh E. Walker, seventeen years old, became entangled in his fishing line and was drowned several hundred yards off shore in Lake Erie today.

PECULIAR MONOPOLY CHARGED AGAINST OWNER OF NEW YORK BUILDING.

New York, June 4.—A daily ascent of thirty-seven flights of stairs to carry water to tenants of a Broadway skyscraper is an incident of a dispute over an allegedly monopoly granted to a certain spring water company for the supply of drinking water to the occupants of the building. The company operating the building, it is alleged, gave one water concern the exclusive right to use the elevators.

DRYS AND THE WETS BREAK ABOUT EVEN

Illinois House Passes Favorably Upon Some Liquor Bills, Unfavorably Upon Others.

Springfield, Ill., June 4.—The wet and dry forces broke about even today in the Illinois house, when a vote was taken on various liquor measures. The wets defeated the county option bill, sixty-five to seventy-seven, but the dries succeeded in passing their residence district bill, which the Cook county wets declare is more harmful than county option, for they declare that under its provisions Chicago wards could be gerrymandered by blocks into dry territory.

JACK JOHNSON SENTENCED TO JOLIET PRISON

Term of a Year and a Day in the Penitentiary, Together With a Fine of \$1,000, Is the Punishment Meted Out for His Violation of the White Slave Law.

Chicago, June 4.—Jack Johnson, the negro heavyweight champion pugilist, today was sentenced to one year and one day in the state penitentiary at Joliet and fined \$1,000 for violation of the Mann "white slave" act.

Sentence was pronounced on Johnson after Federal Judge Carpenter had denied a motion for a new trial made by counsel for the negro. Johnson obtained two weeks' time in which to prepare a writ of error and the bonds for \$30,000, on which he has been at liberty since his conviction, were allowed to stand.

Half a dozen deputy United States marshals, who had grouped themselves about Johnson in anticipation of resistance when the prison sentence was given, left the room when Judge Carpenter announced that the fighter could continue temporarily at liberty.

The sentence to the state penitentiary is the result of a recent order from Washington that all persons convicted in the federal court in this district should be sent to the state prison, owing to the crowded condition of the federal penitentiary at Leavenworth, Kas.

Johnson left the court room declaring that he would not give up his fight for liberty and honor. He has been at liberty since his conviction, but he has been at liberty since his conviction, but he has been at liberty since his conviction.

Case Is Heard Unexpectedly.

The arguments for a new trial came up as a surprise. The case had not been set previously, and the proceedings began with the unexpected appearance in the court room of Johnson and his lawyer.

It has been hard to determine what punishment should be meted out in this case," said Judge Carpenter, in passing sentence. "We have had many cases where violations of the Mann act have been punished with a fine only. We have had other cases where defendants have been sentenced to one or two years in the penitentiary.

The circumstances in this case have been aggravating. The life of the defendant, by his own admissions, has not been a moral one. The defendant is one of the best known men of his race and his example has been far-reaching. He is sentenced to a year and a day in the Joliet penitentiary and that he shall be fined \$1,000."

The court denied a request of counsel

WIFE PROCURES FREEDOM FOR DYING HUSBAND IN PRISON FOR SHOOTING HER.

Milwaukee, June 4.—A fight against time that a dying convict might spend his last few moments surrounded by his wife and children, began in Municipal Judge Backus' court today, when Mrs. Anna Bartelt convinced the court that her husband is dying of consumption.

Woman Who Stops King's Entry Injures Self and Jockey; Favorite, Finishing First, Is Disqualified and Victory Awaited Rank Outsider; One Horse Shot.

Epsom, England, June 4.—Today's race for the Derby, the "blue ribbon" of the British turf, was one of the most sensational on record. It was made memorable by a daring, militant suffragette outrage, in which a woman was terribly injured while trying to stop King George's horse, Ammer, when the animal was running at full speed; by the disqualification for bumping of Cranaghan, the favorite, after the horse had finished first, and by the award of the race, with its stakes of \$32,500, to a rank outsider—Aboyeur, a hundred to one shot. King George and Queen Mary were witnesses of these exciting incidents, which caused consternation.

Suffragette Kicked by Horse.

Just as the fifteen horses were turning into the stretch, a woman rushed out of the crowd and threw herself in front of Ammer and another horse, Agadir. She apparently hoped to interfere with the race by seizing Ammer's reins and placing not only herself in danger, but also the two jockeys. Fortunately, the horses were at the end of the string. Agadir passed in safety and unhurt, but the woman managed to cling to Ammer's rein and brought down both horse and rider.

Colt Breaks Leg and Is Killed.

A third sensational incident occurred when the lay case, Felix, broke his leg at the finish, directly in front of the grandstand, gave his jockey a bad fall and had to be killed in the presence of the king and queen.

After such an exciting afternoon, the sight of a monoplane flying about the course failed to produce even a thrill.

The stewards stated this evening that they did not disqualify Cranaghan simply because of bumping, but because they were satisfied his jockey had unduly interfered with other horses.

MILITANTS AT LONDON FORCE CHURCHILL TO CUT ADDRESS SHORT.

London, June 4.—Winston Churchill, first lord of the admiralty, who is the particular object of suffragette animosity, was compelled, on account of many interruptions, to cut short his speech in introducing Commander Evans at Queen's Hall tonight. Commander Evans delivered a lecture on the British South Polar expedition in which Captain Scott and others lost their lives.

During the few minutes Mr. Churchill spoke, a dozen suffragettes raised disturbances and were ejected. Several men who assisted in the disorder were treated with scant mercy by the sturdy stewards. Premier Asquith attended the lecture, but discreetly refrained from appearing until the first lord of the admiralty had finished.

M. BRIAND SERIOUSLY HURT.

Evreux, France, June 4.—The former premier, Aristide Briand, had a narrow escape from death today when his automobile was struck by another car and dashed against a tree. Mr. Briand's shoulder was dislocated and he was cut severely about the face and hands by broken glass.

DYING FOR 15 YEARS MIKE MURPHY PASSES

Famous Trainer of Athletes Expires at Philadelphia at the Age of 53.

Philadelphia, June 4.—Michael C. Murphy, famous as a developer of athletes, died here this afternoon. Death was due to a complication of diseases. Never a robust man, "Mike" Murphy had been practically dying for the past fifteen years. About eight years ago he was at death's door, but he pulled through and was later able to render great service in his chosen calling.

Murphy was born in Natick, Mass., in 1860 and early in life became prominent as a trainer of athletes. He had charge of the American team at three Olympic meets, the last being the victorious team of last year.

Many of the best college athletes in America were developed by Murphy. Through his wonderful knowledge of the conditioning of men was due his selection as the trainer in charge of the three foreign invasions, all of which turned out successful.

Murphy became physical director of Yale in 1887. He had three years of practice at Yale and in 1890 accepted the offer of the Detroit Athletic club to become its trainer, but after three years returned to Yale. Later he came to the University of Pennsylvania. He remained in Philadelphia four years and then went back to Yale, but returned here in 1905 and had been at the University of Pennsylvania ever since.

Murphy never had a team finish worse than third in intercollegiate track competitions, and for five years straight he won the championship for Pennsylvania. Before he was twenty-five years old he became the trainer of John L. Sullivan. After one year with the great fighter, Murphy conceived the idea of finding a man able to defeat Sullivan. He searched for a year through the wilds of Canada and his lumber camps of the Great Northwest, but he failed to find the man.

GUARDS EJECT SOLONS UNRULY IN PARLIAMENT

Chamber of Deputies at Budapest Holds the Most Violent Session of Its Turbulent Career—Ex-Premier Is Whacked over the Head With a Sword.

Prime Minister Defeated in a Libel Suit, He Resigns With His Cabinet—Disorder Precedes His Announcement—Soldiers Used to Quiet the Fearful Din.

Budapest, June 4.—The announcement in the chamber of deputies today of the resignation of the Hungarian premier, Dr. Ladislav von Lukacs, and his cabinet, was preceded by scenes of uproar and violence surpassing any yet witnessed in this turbulent house.

The authorities, anticipating trouble, closed the approaches to the parliament building to the public by strong bodies of infantry and cavalry supported by a machine gun.

When Count Tisza, the speaker, and the premier entered the chamber they were greeted by the opposition with shouts, jeers and insulting epithets. After several unavailing attempts to obtain quiet, the speaker ordered the expulsion of several opposition deputies and summoned the guards to eject them.

The appearance of the guards started a pandemonium. One guard seized Deputy Leher by the collar and called him offensive names.

"You scoundrel! This is indecent," exclaimed Count von Hedeqvist, the former premier, addressing Captain Gere, commander of the guards. Gere drew his sabre and struck the count twice on the head.

His face streaming with blood, the ex-premier staggered and fell into the arms of a friend. Cries of "murder" resounded through the hall. The fury of the opposition deputies was almost uncontrolable until it was ascertained that the injuries of the count were not serious.

At length, the opposition leader succeeded in quieting his followers and the sitting was resumed. The premier then announced the resignation of his cabinet, a statement which was greeted with outbursts of jubilation by the opposition.

The premier resigned owing to the acquittal of Deputy Deszes in a suit for criminal libel brought against him for accusing the premier of corruption in connection with some contracts with the Bank of Hungary.

No passengers have applied for passage from this port as yet. With the opening of the regular passenger schedule, there will be no more "straightback" freighters into Marquette, unless cargoes pile up in the lower lake ports faster than the three passenger steamers can handle them. The first boat east is the Octorara, leaving here June 10. June 11 the steamer, Boston, of the Tionesta, will arrive, and on the 14th the Juniata will be here, westbound. From that date the boats will continue to arrive in the same order the rest of the season at intervals of three and four days, alternately. The Tionesta leaves Buffalo on its first passenger trip on Saturday and the Juniata next Tuesday.

TWO JUNE WEDDINGS.

Miss Anna Watt and Miss Jennie Taylor are First Brides this Month.

At 7:30 o'clock yesterday morning Miss Anna Watt, daughter of Mr. and Mrs. Robert Steele, and Gerry Ongie, for the last two years a resident of Marquette, but formerly of Ishpeming, were united in marriage at St. Peter's cathedral, Mgr. Pinton officiating. The bride was attended by Miss Katherine Munro. Clarence Watt, a brother of the bride, acted as best man. Miss Watt was attired in a gown of silver-striped marquisette over yellow messaline and wore white satin slippers and hat of white maline, trimmed with aigrettes. The bridesmaid wore pink messaline.

The bridal party were served with breakfast at the home of Mr. and Mrs. Steele, Palm street, following the services at the cathedral. From 7 to 9 o'clock last evening a large number of invited guests called at the home and were received by the happy couple and their relatives. The home was prettily decorated. Ground pine, ferns, white roses, pink carnations and violets were used.

Mrs. Ongie was formerly chief operator for the Michigan State Telephone company in the Marquette exchange. Courteous, attentive and efficient, she was popular with the subscribers and was held in high esteem by the management. Mr. Ongie is employed by the L. S. & L. railway company. The couple will reside at 322 Rock street.

Tuesday evening at the home of Charles J. Hartman, 629 High street, Miss Jennie Taylor, of this city, and Milton Leitner, of Rhineland, Wis., were united in marriage. The ceremony was performed in the presence of numerous friends and relatives. Rev. Bates G. Burt, rector of St. Paul's Episcopal cathedral, conducted the service. Miss Bernice Taylor, a sister of the bride, was the bridesmaid and Elwin Stensrud, of Michigan, was best man. The bride was dressed in an embroidered gown.

At the close of the ceremony, which took place about 8:30 o'clock, the guests enjoyed dancing and refreshments. Last evening Mr. and Mrs. Leitner left on the 5:30 o'clock train for their future home in Rhineland, where Mr. Leitner has a position as sawyer in a large lumber mill.

EPISCOPAL CONVENTION.

Annual Meeting of the Marquette Diocese at the Soo.

The opening services of the eighteenth annual convention of the Episcopal diocese of Marquette were held yesterday in St. James church at the Soo. The meeting has brought together some of the prominent clergymen of the upper peninsula and its importance is augmented by the presence of Bishop G. Mott Williams of this city, who has returned from Europe and who is expected in Marquette Friday. The convention will continue in session today.

The convention was called to order by Rev. J. E. Curzon, of Chicago, former rector of Trinity church, Houghton. The convention speaker is Rev. Arthur T. Lord, formerly of the Soo and now of St. James church, Milwaukee, who arrived in the Lock City Tuesday. Bishop Williams arrived at the Soo yesterday at noon. He at once took charge of the convention. Below is the program, up to last evening:

Celebration of holy communion at 7:30 o'clock.

Morning prayer, 9:30 o'clock.

Opening of convention at 10 o'clock.

Luncheon served in the parlors of the church at noon.

Business session at 2 o'clock.

Rev. Mr. Lord delivered the sermon at the evening service at 7:30 o'clock.

Holy communion yesterday morning was celebrated by Rev. W. Reid Cross, of Trinity church, Houghton.

Tuesday, the Women's auxiliary met at the Soo. Below is the program of the convention:

Celebration of holy communion at 10:4 o'clock.

Address by Rev. Canon Sanborn of Munising.

Luncheon in the church parlors at noon.

Business session, beginning at 2:30 o'clock.

COMMITTEE HAS CITY BUDGET IN THE MAKING

Total Amount to Be Raised by Taxation This Year Will Not Be Excessive.

The council finance committee has been busy of late making up the general fund budget for submission to the council at its meeting next Monday night. At this meeting the general budget will be acted upon. It is understood that the budgets of the municipal commissions, now in the hands of the committee for consideration, will be recommended for passage without change, the boards having made a careful estimate of the work they are to undertake. The park, cemetery and street commission, for instance, asks \$2,000 less than last year and contemplates spending about \$7,000 of its appropriation for general work.

The general fund appropriation will undoubtedly be larger than last year, when it was but slightly in excess of \$23,000. The drafts for extraordinary expense the last year were considerably above the amount set aside for general council purposes. Consequently it was necessary from time to time to borrow money from the board. Profiting by the experience, there is not likely to be any attempt this year to economize at the expense of the general fund. The members of the finance committee, however, are reticent in talking of this item

of the budget. Tuesday they had a session with R. P. Byrne, city treasurer, at which various matters concerning the estimated expense for the coming year were considered. As the budget stands at present, without the general fund appropriation, the city fathers will be called upon to spread \$112,250, on the tax roll, covering the following items:

For public school purposes \$ 55,000
Fire and water fund 25,150
Park, cemetery and street fund 26,500
Police fund 5,600
Total \$112,250
The school board originally asked for \$90,000. It was at first thought that bonds would fall due this year. This was found to be in error, but before the resolution could be changed it got into the hands of the aldermen at Monday night's session and was acted upon. The finance committee, however, will change the figures before the budget is submitted for final acceptance next Monday night. The total budget, it is believed, will not be much less than those of former years. The police commission, however, asks for less than a year ago.

Estimate of Proposed Work.
The park, cemetery and street commission has prepared a report showing the expected income from property under its control, the receipts being derived from the sale of burial lots in Park cemetery and fee privileges granted at Presque Isle. The expected income foots up \$1,200. The estimated amount of money needed by this commission for the ensuing year for rebuilding streets, for special repair work and for the construction of concrete curbs and gutters, according to the report, is about \$6,800, covering the following items:

—For Rebuilding Streets—	
Fourth street, from Bluff street to Ridge street	\$ 672 00
Third street, from Hewitt avenue to Crescent street (east side)	562 50
Hewitt avenue, from Pine street to 100 feet west of High (north side)	286 50
Ohio street, from Third street to Front street	1,005 00
Lincoln avenue, from Washington street to Bluff street	787 50
Front street, south of Washington street, 300 feet	650 00
Front street, from Hewitt avenue to Crescent street	1,340 00
Total for rebuilding streets	\$5,304 25
—Special Repairing of Streets—	
Rock street, from Fifth street to Seventh	\$ 250 00
Bluff street, from Park avenue to Lincoln avenue	250 00
Total	\$ 500 00
—Concrete Curb and Gutters—	
In Champion street, east side, from Blumberg avenue to Genesee street	\$ 216 00
In Blumberg avenue, from Division street to Champion street	172 50
In Bluff street, from Front to Baker street	92 50
In Ridge street, from Front to Pine street	337 50
In Fourth street, from Bluff to Ridge street	165 00
Total for concrete curb and gutters	\$ 983 50

STORM OF LIQUIDATION SENDS WALL STREET PRICES TO NEW LOW QUOTATIONS.

New York, June 4.—The irregularity and heaviness which have been the distinguishing features of the stock market recently culminated during the first two hours today in an avalanche of liquidation greater than any witnessed for many months and that carried the prices of important issues to the lowest quotations registered in a considerable period of time.

The movement centered largely about such representative stocks as Union Pacific, Reading, Great Northern preferred, Northern Pacific, Lehigh Valley, United States Steel, Amalgamated Copper and American Smelting. Numerous other stocks of less prominence also felt the force of the impact, which resulted in an overturn of five hundred thousand shares by noon. The sales for foreign accounts were estimated at twenty-five thousand shares and would have exceeded that figure but for the fact that Europe bought rather liberally later as the prices receded.

Among the many causes which contributed to the movement may be cited the distrust engendered by the St. Louis & San Francisco railroad receivership; discouragement at the apparent inability of the Union Pacific and Southern Pacific roads to arrive at a satisfactory solution of their troubles; the recent liquidation in Canadian Pacific, bespeaking extreme financial tension across the northern border, and over-night dispatches from Washington indicating that the administration intends to renew the action against so-called trusts, more particularly the tobacco interests.

The decline was partly checked upon advices from Washington that all reports respecting government prosecutions were premature.

ST. PAUL HEARS WINCHELL IS TO HEAD NORTHERN PACIFIC

St. Paul, June 4.—A rumor that B. L. Winchell, one of the receivers of the Frisco road, would be appointed president of the Northern Pacific railroad to succeed Howard Elliott gained circulation here tonight, following a short conference between James J. Hill and Mr. Winchell. "I do not care to discuss the matter," Mr. Hill told the Associated Press, when asked concerning the rumor. Mr. Winchell also declined to give out the nature of his talk with Mr. Hill.

ONE WORD SPOKEN TO GIRL COSTS A MILWAUKEEAN \$25.

Milwaukee, June 4.—Just one word spoken after a wait of two years cost Max Schuster \$25 in district court here today. Two years ago Schuster saw Miss Tena Safer on a street car and ever since then he has trailed and watched her daily. Miss Safer appealed to the police, but was told that nothing could be done until the man spoke to her. Today he rushed up to her on a crowded street and yelled "hello." The sudden greeting frightened Miss Safer. The girl screamed and fainted and the police arrested Schuster.

DOYLE ELECTED PRESIDENT.

St. Paul, June 4.—Edward W. Doyle, banking commissioner of Michigan, was elected president and Atlantic City, N. J., was selected as the next meeting place, at the annual convention of the

National Association of Supervisors of State Banks, which closed here tonight.

ST. LOUIS MANUFACTURER SAYS FOREIGN WORKERS SPURN WELFARE PROJECTS.

St. Louis, June 4.—That foreigners who were employed in factories opposed suggestions regarding the betterment of their health was testified today by George F. Pittman, general manager of the St. Louis Cordage mills, who was a witness before the Missouri senate wage investigation committee. Ninety per cent. of his foreign employees are opposed to suggestions regarding their health, he said. He told of the establishment by the committee of an outing place where the mill employees could spend Sunday. The plan was a failure, he said, because the girls said their men friends would not go, as only soft drinks were served there.

AMUNDSEN TO TAKE TWO HYDROAEROPLANES TO SOUTH POLAR REGION.

Cleveland, O., June 4.—Two hydroaeroplanes will accompany the party headed by Captain Roald Amundsen, the explorer, on his expedition which starts from San Francisco for the South pole this fall, it was stated by Captain Amundsen here tonight. His assistants will be instructed in the manipulation of machines which are being built to carry two passengers and five hundred pounds of fuel and supplies. "Suppose we got within three hundred miles of the pole," said Captain Amundsen. "The rest of our journey could be accomplished with the hydroaeroplane."

ELEVEN ANNAPOLIS SENIORS DUE TO BE WEEDED OUT; ONE IS CLASS PRESIDENT.

Annapolis, Md., June 4.—On account of physical deficiencies or unsatisfactory conduct, eleven members of the graduating class of the naval academy next Friday either will have their diplomas withheld or will resign immediately upon receiving them. Three members of the class will be allowed another physical examination in the fall and may become officers. Three others whose conduct was unsatisfactory will not receive their diplomas until later.

AT THE PICTURE HOUSES.

"An American Invasion." The Marquette Opera House is offering regularly every evening six reels of motion pictures, including and featuring the kinemaolor films, the second program of which was put on last evening. Friday and Saturday "An American Invasion" will be the feature picture. This comprises two complete reels, "Daffodils and Narcissi," showing specimens of spring flowers reproduced in their natural colors; a Selig comedy, "Love in the Ghetto"; a Vitagraph drama, "A Fighting Chance," and a Lubin drama, "The Birth Mark," make up the licensed picture program. "An American Invasion" is light and entertaining. The plot runs about as follows: "It was not a foreign army which invaded the kingdom of Sustania, but a beautiful American girl with her mother. Into the half-ruined kingdom she

brings the breath of youth and freedom. The heir to the throne has grown tired of the dusty castle and is leading the simple life in a cottage in the woods. His constant companion is a small book, the Declaration of Independence of America. Into this wild wood wanders the American girl and is followed by the villain. A stone in her slipper causes her much pain, and she removes it, only to see the villain at her side. Frightened, she runs away, bumping into the prince. It is a case of love at first sight, and together they read the Declaration of Independence. The prince accepts a little flag of the land of the free. The villain hastens to the pompous king with his news. Furious, the ruler of Sustania signs an order for the arrest of the prince and the expulsion of the Americans from his kingdom. The prince escapes, is stowed away in a trunk, and put into the stateroom of the American, and there the ship's chaplain marries the fair invader to the heir to a throne."

JIM HAM WILL SHAVE 'EM. Senator Will Remove Pink Whiskers in Hot Weather.

Washington, June 4.—This is to be a gloomy summer. Sorrow will prevail on the radio and everyone will be a grooch. Is the world coming to an end? No. Is Bryan going to take a drink? Probably not.

Senator James Hamilton Lewis of Illinois, whose pink whiskers have shed radiance on Michigan avenue, Broadway, Piccadilly, the Champs Elysees and Pennsylvania avenue, is going to shave 'em off as soon as the weather gets warm. "Thereby," says Senator Lewis, "I shall deprive the newspapersmen of a favorite subject for humorous articles."

HIKE TO TEST RAW DIET. Transcontinental Walk Will Be Made Without Cooked Food.

New York, June 3.—Harry Sain, twenty-one, member of the Irish-American Athletic club of this city, will leave Coney island on a hike for San Francisco some day soon in an effort to prove that a man can thrive on an uncooked diet though taking violent exercise. His food on the tramp will consist of cereals, raw oatmeal, vegetables, fruit and nuts, washed down with water and an occasional glass of milk. He expects to finish the trip by September.

FALSE TEETH SURPRISE. Molars in Jaw Without Tooth Plates Seen in London.

London, June 3.—The work of an American dentist, Dr. E. J. Greenfield of Wichita, Kas., is astonishing London. Dr. Greenfield has successfully demonstrated his new method of settling false teeth in the mouth. An artificial root takes the place of the plate, not used. The artificial root used is a hollow lathe-turned cylinder of platinum, encased with twenty-four carat gold. The bony tissue of the jaw is united in and

neither difficult nor complicated and can be performed in a few minutes.

TWO LONG WORDS.

The longest word in the French language is said to be "anticonstitutionnellement" and the longest word in the English language, "antitransubstantiationism." The old saying, "Brevity is the soul of wit," still holds good, however, particularly with poor spellers, observes the Boston Globe.

Mary Chilton
Coffee Spoon Tete-a-tete Tongs

Tradition states that after a long and tedious voyage the Mayflower dropped anchor in Plymouth bay. A few days later the boat was lowered and the Pilgrims were carried to the shore. In the first boat was bright-eyed, light-hearted Mary Chilton, who in spite of the deprivations and inconveniences of the voyage had remained hopeful, bright and joyous. One thing worthy of notice is that eagerness to be first on the American strand prompted her, like a young heroine, to leap from the boat and wade ashore.

The "Mary Chilton" in sterling silver is suggestive of the simple grace and dignity of Colonial times and it is fitting that it should bear the name of the maiden to whom tradition has romantically given the honor of being the first white woman to land on New England soil—MARY CHILTON.

COUNCIL INVITES PYTHIANS HERE

Members of Zenith Lodge Have Backing of City Officials and Business Men.

The city council last evening unanimously adopted a resolution inviting the officers and members of the Michigan grand lodge of the Knights of Pythias, also the officers and members of the Upper Peninsula Pythian league, to hold their annual convention in this city, Ishpeming, in 1913. The aldermen have assured the members of Zenith lodge that they will co-operate with them in every way necessary to entertain their visiting brothers.

The members of the board of directors of the Ishpeming Co-operative society, Rev. J. A. Kuhl, pastor, and the board of trustees of St. John's church, petitioned the council to macadamize South Main street from the rear of the Meyers and the city hall properties to the southern end of the Co-operative property. This improvement would not cost much as there is less than a block in the stretch referred to.

Victor Holmgren, the street commissioner, was reappointed for the ensuing year, on recommendation of the board of public works.

F. Braastad asked the council to extend the water main north from the cemetery a distance of 600 feet to his property. Mr. Braastad will bear all of the expense in connection with the improvement, and will also pay for the water used. The petition was referred to the committee on water works and the board of public works.

Residents of D. E. and Adams streets petitioned the council to improve these thoroughfares, which are located in the Lake Superior Iron company's subdivision. The petition was referred to the committee on streets and highways, together with the board of public works.

Residents of West Cedar street asked the council to place an arc light on that thoroughfare. The petition was referred to the committee on street lighting.

ELKS TO ENTERTAIN EXECUTIVE OFFICER

Grand Exalted Ruler Will Be Guest of Ishpeming Lodge This Evening.

Thomas B. Mills, grand exalted ruler of the Benevolent & Protective Order of Elks, will be the guest of the Ishpeming lodge at an informal meeting and supper this evening in the Anderson hall. Mr. Mills has spent the past week or more visiting lodges in the lower peninsula and today he will visit members of the order in Marquette.

The members of the Marquette and Negaunee lodges have been invited to attend the meeting, and it is expected that there will be large delegations present from both cities. The Marquette members will make the trip by special train, arriving here about 8 o'clock.

Members of the Ishpeming lodge are requested to assemble in their club rooms at 7:45, to act as escort to the grand exalted ruler, who will this evening have dinner with one of the members of the lodge.

The entertainment in honor of the lodge's distinguished guest will begin at 9 o'clock. A. J. Yungbluth, a past exalted ruler of the lodge, will act as toastmaster, and the program will be as follows:

Address of Welcome—A. T. Devino, exalted ruler of Ishpeming lodge.
Good of the Order—Exalted Ruler of Marquette lodge.
Elks of the Upper Peninsula—Ed J. Butler.

Negaunee Elks—Exalted ruler of Negaunee lodge.
Vocal Solo—Arvid Hult.
Our Own Lodge—Prosecuting Attorney M. J. Kennedy.

Address—Thomas B. Mills, grand exalted ruler.

TO REMODEL BUILDING.

Robbins Block on Cleveland Avenue Will Be Enlarged.

The Robbins building, on Cleveland avenue, opposite the Mine Workers' hall, is to be remodeled and enlarged. The interior of the first floor will be considerably changed, and an addition twelve feet in depth will be erected at the rear. The structure will be brick veneered and will be provided with a basement.

Two store rooms will be fitted up on the ground floor and modern plate glass fronts will be put in. The second floor rooms will be fitted up for living purposes. A heating plant and other modern conveniences will be installed. The warehouse at the rear will also be improved, and will be at the disposal of the tenants of the store rooms. The location is a very desirable one, being less than a half block off Main street.

A WORKER APPRECIATES THIS.

Wm. Morris, a resident of Florence, Oregon, says: "For the last fourteen years my kidneys and bladder incapacitated me for all work. About eight months ago I began using Foley Kidney Pills, and they have done what other medicines failed to do, and now I am feeling fine. I recommend Foley Kidney Pills." For sale by All Druggists.

SOUTH SHORE GRANTS SPECIAL NORMAL RATE

Ishpeming and Negaunee Students in Summer School to Make Trip for Fifty Cents.

The D. S. S. & A. railway company is to grant a fifty-cent daily rate between Ishpeming and Negaunee and Marquette during the sessions of the Normal summer school, June 30 to Aug. 8.

This concession by the South Shore will be greatly appreciated by Ishpeming and Negaunee young people who plan to attend the summer school, many of whom will live home during the summer school, making the round trip daily.

As the train schedule stands, the students can enroll in regular credit class work and have up to 5:30 in the evening to prepare their work for the next day. As a result of the special rates, the students attending from Ishpeming and Negaunee and who will take their lunch with them, will have a weekly expense of approximately \$2.50, exclusive of their tuition. The reduced rate will be good only on the early morning return on any train on the date of sale of tickets, last summer the regular rate was eighty-eight cents.

The Normal summer school offers a number of special opportunities to students and teachers not offered during the regular school year. It is expected that there will be at least from thirty to forty Ishpeming and Negaunee students and teachers who will make the trip to Marquette daily, during the summer season. During the past week summer school bulletins have been mailed each member of the graduation class.

Speaking of the advantages of attending the summer school, an Ishpeming teacher yesterday said: "It is advisable for any one contemplating a life, limited or district school certificate course to attend the summer school. The Normal students say attendance during the summer makes the work of the fall term much easier. All students are allowed to work for twenty-four weeks credit, which credit will be accepted on life and limited certificate courses. Students who hope to obtain good positions nowadays must have either a life or limited certificate, and the best way is to let the boy and girl begin the work on credit for these certificates as soon after graduation as possible."

TAKING INSTRUCTIONS IN FIRST AID WORK

Mine Employees Greatly Interested in Demonstrations by Rescue Car Crew.

The mine safety and rescue car, assigned by the federal bureau of mines to the district comprising Michigan, Minnesota and Wisconsin, and which is now located on the siding opposite the Oliver Iron Mining company's office, is being visited daily by a class of nineteen men representing the Oliver Iron Mining company and the Jones & Laughlin company. The men are being given practical instruction in mine rescue work and first aid to the injured by Messrs. Higgins, Grove and Steidle. Another class of twenty men will be given instruction next week, after which the car will leave for Gwinn, to remain a week.

The course of instruction covers two weeks and includes all branches of mine rescue work. The car is provided with telephone connections, so that any information desired concerning dates and demonstrations can be obtained without difficulty.

A cage of canary birds is one of the features of the car's equipment. These birds cannot survive in air that is only one-tenth enough impure to kill a man. Therefore mine rescue parties, carrying their helmets with them into a mine, also take along a canary. When that bird begins to show signs of distress, the men don their helmets and send the bird back to the surface to be revived.

The life line is another novel feature of the car's equipment. A rescue party, entering a mine filled with smoke, is given one end of this line, which is wound on a reel. When they wish to return to the surface, they merely follow this line back. A stretcher on which an injured man can be strapped and kept from being hurt by the jolting while he is being carried over rough ground is also carried.

One of the important phases of the work of the car's crew is the organization of safety committees. These committees continue the work of the car experts after the car has gone. The mine safety committee, composed of the superintendents, managers and heads of the departments, are expected to keep up interest in the work.

Social meetings, remarks, discussion and presentation of papers by the various members, occasional visits to the different mines in co-operation with the management and occasional competitive meets are the methods used by the safety committees in keeping up interest in the work.

Safety committees already have been organized at Iron River, Crystal Falls, Iron Mountain and Ironwood.

A public demonstration of mine rescue work and first aid to the injured will be given at the Ishpeming Y. M. C. A. tomorrow evening at 7:30 o'clock.

TWO MORE ARRESTED.

Ed Kirleman and Pohn Lehtinen Said to Have Fished in Lake Sally.

Two Ishpeming young men were arraigned before Judge West Monday morning, following the signing of complaints against them for fishing in Lake Sally by LaRoy E. Greenman, son of the assistant watchman. They are Ed Kirleman and John Lehtinen. Kirleman pleaded guilty and was fined \$5 and costs, amounting in all to \$8.50. It could not be proved that Lehtinen fished in the lake, but he admitted that he was preparing to fish.

Four other Ishpeming young men were brought before Judge West Monday morning, charged with violations of the same city ordinance. They were Sven Kroghdahl, James Beer, Rudolph Anderson and Adolph Anderson. Kroghdahl pleaded guilty and will pay the fine and costs. Mr. Beer has requested a hearing, which was set for June 9. The cases against the other two young men have not yet been disposed of.

TELEPHONE COMPANY IS HANDICAPPED

Remodelling of System Urges Difficult Work—Mr. Baker Urges Patience on Public.

Regarding the complaint by the Ishpeming Advancement association of hand service by the Michigan State Bell Telephone company, K. S. Baker, the district manager, yesterday admitted that the service is not of the best, but he strongly asserted that he and his assistant are doing everything in their power to remedy its defects. The Marquette County Telephone company's plant, which was taken over by the Michigan State company early in January, was, he asserted, in a much more dilapidated condition than was generally realized, and it will take some time to put the reconstructed plan on a satisfactory working basis. Ninety per cent of the lines of the Marquette County Telephone company are ground lines and they have been causing continuous trouble ever since the plant was taken over, Mr. Baker said.

The overhauling of the plants is a big job, but the company will provide good service as soon as possible. Some weeks ago engineers put in ten weeks in Ishpeming, making maps for the proposed new lines and estimates of the cost. After their estimates were completed, the chief engineers of the company had to make a careful study of them, to determine the appropriation that would be needed to finish the job. The necessary appropriation has been allowed, and it will not be long before a reorganized force will be at work rebuilding the Ishpeming system.

It is the company's intention, Mr. Baker said, to give its subscribers in this end of the county first class service, but before this can be done it will be necessary to rebuild almost the entire system. Mr. Baker expressed the belief that the new system will be completed before the close of the year. He said he was glad the officers and members of the Ishpeming Advancement association had braced the matter, as he wishes to make clear that his company means to provide the improved service at as early a date as possible.

Mr. Baker suggested that when subscribers have trouble talking over one line, they should ask the central for better connections, or another line.

WOMAN IN TERRIBLE STATE

Finds Help in Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio. "I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong."

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. CARGO OF SKELETONS GOING TO CHINA. Some time within the next six months a ship will leave San Pedro with the most curious and gruesome cargo that ever left southern California. The cargo will consist of the remains of between 3,000 and 6,000 Chinese, who had died in this country during the last fifty years. It will be the largest single removal of human remains in the world's history, and the preparations have been carried forward so quietly that no comment has been made.

Nearly a year ago the Chinese Consolidated Benevolent association of San Francisco, sometimes known as the Chinese Six companies, took out permits for the removal of the remains of the Chinese who are buried in California, and up to this time more than 5,000 skeletons have been exhumed and prepared for shipment.

The bones are carefully wrapped, each in a separate piece of soft cloth, in order that they may not be defiled by handling nor injured by undue friction, and are then placed in a tin box and carefully sealed. On the outside of the box are placed characters giving the name and the family of the deceased and the village, district and province from which he came.

When a Chinese leaves home to enter another country and seek fortune he goes in a totally different way than does a man of any other nationality. There is in it the spark of adventure and the ancient Chinese makes no effort to maintain his station in the country to which he goes. Scholars and poets sometimes work in kitchens and over laundry tubs in order to get the wealth necessary to return to their land and lead their proper position there. Until late years there were no Chinese who did not fully intend to return, so their fellows felt that they were only doing their duty in sending the remains back to relatives and thus ending the pilgrimage. M'HLUGH CASE IS ON TRIAL

Much Interesting Testimony Has Already Been Taken—Prosecution Offers but Two Witnesses—First Witness for the Defense Was Also Heard Yesterday.

All Other Liquor Actions Continued—Jurors Are Prejudiced and Panel Is Exhausted—Three New Veniremen Summoned to Fill Vacancies in This Last Case.

After almost two hours had been spent yesterday afternoon in circuit court in getting a jury to hear the case of the People vs. Charles McHugh, charged with selling liquor to minors, and when it was found necessary to summon Carl Tonella, Frank Mulvey and Alec LaVallee as extra veniremen to complete the panel, Judge Flannigan ordered all other liquor cases continued until next term. Every venireman had been called to sit on liquor cases and all had been prejudiced to some extent by the testimony of the four young men who are the principal witnesses for the prosecution.

The McHugh case was called at 2 o'clock, following the conclusion of the Lango case, shortly before noon, when, after deliberating about half an hour, the jury found Lango, who is a resident of Ely township, guilty of having sold liquor without a license. Judge Flannigan fined him \$100 with \$25 costs.

Judge Flannigan believes that after having heard the testimony of the witnesses in one of the liquor cases, jurors are prejudiced from sitting on other cases in which the same witnesses appear. Now that twelve men have sat on the Christian case and twelve more are sitting on the McHugh case, the panel is pretty well exhausted.

The situation is a particularly trying one, inasmuch as there is a great volume of criminal business to come before the court before the May term is closed.

The cases of the People vs. Peter Catto, charged with innocent exposure and of the People vs. Paul Dexter, charged with bastardy, have been set for trial Tuesday.

The issue of fact case of Wanless & King vs. the City of Marquette has been set for trial Monday and will be called when court convenes at 2 p. m. Judge Flannigan will spend the week-end at his home in Norway.

Prosecutor Uses but Two Witnesses.

Gregory Caven and Wilmer Harkin were the only witnesses for the prosecution of the McHugh case, and both of these took the stand yesterday afternoon. David J. Caven, father of Gregory Caven, was called to the stand by Prosecutor Kennedy and questioned concerning his son's age. He testified that the young man would be seventeen years of age in September.

In his opening statement to the jury, W. T. Potter, attorney for McHugh, announced that he would prove an alibi for McHugh by showing that on Saturday Feb. 15, the defendant was not on duty in Hartvig's saloon between 7:30 and 8:45 o'clock, the time at which the offense of selling liquor to Gregory Caven is alleged to have been committed. He said he would show that McHugh had gone to supper shortly after 6 o'clock and had remained away from the saloon until about 8:30. He then dropped in merely to visit, and to be on hand in case he was wanted as an assistant to the barkeeper who relieved him, Steven Drolet. When court adjourned at 5 p. m., Drolet had just left the stand after direct and cross-examination.

Young Men Give Much Evidence.

Wilmer Harkin was the first witness for the prosecution. He testified that at 7:30 o'clock the Saturday night in question he had met Caven at the corner of Front and Washington streets, and after having money changed for them in a drug store, they proceeded at once to Hartvig's saloon. Upon entering they stepped to the bar and were served several glasses of beer apiece, he said. McHugh was at the farther end of the bar and a second barkeeper served them. Finally they went to a table in a booth across the room from the bar and pressed the button. Then Harkin said, McHugh served them with beer. Five or more glasses were served them by McHugh as they sat in the booth. When they left the saloon, he said, they went directly to Charles L. Christian's saloon, and after spending some time here they went to Paddy & Archie's buffet. In each place they were served, and in the latter saloon both Harkin and Caven testified that they had been served about ten glasses of beer apiece.

The Saturday night when these events are supposed to have taken place was the Saturday night, the witness testified, when the boys entered and robbed Paddy & Archie's saloon, taking \$48 from the till of the cash register. The attorney for the defendant made a great point of this fact and questioned the witnesses closely concerning the part each took in the episode.

If Mr. Potter was eager to discredit their testimony in the minds of the jurors, Prosecutor Kennedy was none the less anxious to show that no promises of immunity from punishment for burglary had been made the four young men in order to extract evidence for the saloon cases.

Discuss Behavior Freely.

Both Harkin and Caven were willing witnesses. They discussed freely their behavior on the night in question, and told calmly, and without evident concern, the story of their misdemeanors. Caven testified to having been in a party to several other acts of the burglary of the Washington street saloon. Harkin said he had never been in any other saloons. Caven testified that Harkin had nothing to do with the planning of the saloon robbery, but that he fell in with the plan when he was informed about it.

Steven Drolet was the star witness for the defense. He testified that on the Saturday in question his hours had been from 6:30 a. m. to 12:30 p. m., and from 6:30 p. m. to closing time. Drolet testified that on Feb. 16 he had come in at 6:20 p. m. and had relieved McHugh, who left at once for his boarding house and who did not return until after 8

PLANS FOR NEW HOSE HOUSE ARE EXHIBITED

Structure at Front and Prospect Streets to Be Picturesque but Practical.

The water board met yesterday morning at 11 o'clock to look over preliminary plans for a new engine house to be proposed to erect on the city's lot at the corner of Prospect and Front streets. The sketches were prepared by Charlton & Kuenzli. Aside from this, little other than routine business was considered.

The meeting was originally called for last evening, but because Mr. Charlton had planned to leave last evening for Milwaukee to visit the office of his partner, Mr. Kuenzli, and was desirous of taking the sketches with him, that working plans with specifications may be prepared at once, the commissioners decided to hold their meeting earlier.

The preliminary plans provide for a two-story structure with a gabled roof and hose tower. The exterior dimensions will be 71 by 3 feet. The apparatus room, on the first floor, will be 24 by 32 feet, there will be four mechanical stalls for fire horses, and one box stall. A room for coats and boots will also be provided. The hose tower will be high enough to allow of hanging lengthwise fifty-foot sections of hose. The tower will be located at one of the rear corners.

The second floor will contain a recreation room and a roomy dormitory. Two extra bedrooms will be provided, also a handsomely appointed shower bath and wash-room. In one portion of the second floor there will be an instrument room where the fire alarm instruments, batteries and distributing system will be housed.

The plan is original, gotten up especially for the Marquette fire department, and it is unlikely there will be a similar hose house anywhere in the country. The building will be square and plain, but in order that it shall not be "disagreeable blot on the landscape" for the residents of the neighborhood the board has given instructions that it be made as picturesque as possible.

The walls up to the second floor line at least will be of artist pressed brick, while the upper part of the structure will be finished with stucco. From a practical standpoint, the building will be large enough to house two pieces of apparatus used in regular service and there will be plenty of spare room for reserve apparatus, such as, for instance, a fire engine. It is the idea of the board to equip the new engine house with every modern contrivance, that the company operating through this station may be as efficient as that of hose house No. 1, on Spring street.

The question of cost has not been much discussed of late. The original estimate was \$8,000, but it is believed the board will soon agree that a larger expenditure will be necessary, in order to complete the building according to the specifications the members insist upon. At any rate the building is to be a permanent and very much needed improvement and it is not the policy of the board to be parsimonious in matters of this kind.

The board has heard the plaintiff in this highly interesting breach of promise suit will be Mrs. D. F. Charlton. The luckless defendant is Peter Plepels. The witnesses will be Miss Margaret Conklin, Miss Ada Mapes, Dr. Boyer, Ernest Pearce and Morgan Jopling.

The jury to be impaneled, if the lawyers do not kill each other before the trial begins, will be constituted as follows: John Van Evert, John Mangum, S. S. Ormsbee, D. F. Charlton, Frank J. Russell, A. O. Stafford, Nels Fiodin, J. H. Godwin, R. C. Young, J. C. Gannon, Major Burt and George Shiras.

Altogether this mock trial promises to be one of the events of the season, both in the interest attaching to it and in the crowd that will attend.

MOCK COURT TRIAL AT THE OPERA HOUSE

Interesting Particulars of Novel Event to Be Conducted Next Monday.

Since the announcement was made in these columns that a mock court trial was to be held at the opera house Monday evening, June 3, under the auspices of St. Paul's guild of the Episcopal church, there has been much curiosity to know "who 'tis". The secret is going to be let out right here and now and the public can begin to look forward to the merry event.

No wonder there is deep interest when so important a question is at stake as whether the affections of a fair woman shall be trifled with, her tender heart rent asunder and her future blighted, with no redress whatever. That this mock court trial will be no light affair will be clearly seen, and here comes the list of participants.

In the honor, the judge, will be, Hon. D. H. Ball; the clerk, O. E. Brown; the court officer, W. W. Osband; crier, Earl Braeegrudge; the plaintiff's attorney, Colonel A. V. Newton of Worcester, Mass.; the defendant's attorney, John Tracy.

The heart-broken plaintiff in this highly interesting breach of promise suit will be Mrs. D. F. Charlton. The luckless defendant is Peter Plepels. The witnesses will be Miss Margaret Conklin, Miss Ada Mapes, Dr. Boyer, Ernest Pearce and Morgan Jopling.

The jury to be impaneled, if the lawyers do not kill each other before the trial begins, will be constituted as follows: John Van Evert, John Mangum, S. S. Ormsbee, D. F. Charlton, Frank J. Russell, A. O. Stafford, Nels Fiodin, J. H. Godwin, R. C. Young, J. C. Gannon, Major Burt and George Shiras.
