

TWO COACHES ARE PLUNGED INTO A RIVER

Eight Immigrants from Scotland Die in the Wreck of the Canadian Pacific's Winnipeg Express Near Ottawa—More Than a Score of Persons Are Injured.

Grain Elevator Explosion and Fire at Buffalo Grows in Horror—List of the Dead Likely to Exceed Half a Hundred—Police Begin an Investigation.

Ottawa, Ont., June 25.—Eight persons were killed and more than twenty were injured this afternoon in a wreck of the westbound Winnipeg Express on the Canadian Pacific railway.

Two colonists' cars, crowded with immigrants newly arrived from Glasgow and bound for the West, skidded on the embankment and plunged into the Ottawa river.

In these cars the eight known victims—four men, three women and a child—met death. Their bodies were recovered and search was continued for others. Of the injured, the condition of several is critical.

The accident, due to spreading rails, occurred three miles east of this city. Four cars and the locomotive remained on the track, but in addition to the colonist cars which fell in the river two cars were thrown on the land side of the embankment and another, a first-class coach, was whipped across the track at right angles. The train crew, with the exception of the conductor, escaped unhurt.

Buffalo Disaster Grows in Horror.

Buffalo, N. Y., June 25.—With seventeen men known to be dead, eighteen missing and a score in hospitals for whose recovery no hope is entertained, the ultimate total of the victims of the fire and explosion here yesterday will likely exceed half a hundred. Nine of the sixty taken to hospitals died today.

The police working with the company officials in checking up the list of employees tonight revised their estimate of twenty-eight missing by reducing it to eighteen. It has been established that these men were in the mill, and the police feel certain that they are still alive.

Firemen pumped tons of water on the smoldering ruins all day, and tonight it is believed the debris will have sufficiently cooled by morning to permit a thorough search. A wrecking company has been engaged to remove the mangled steel and concrete piled sixty feet high, beneath which the victims are believed to lie. Two bodies are visible lying on an elevated portion, but the intense heat from the debris thwarted all efforts to reach them today.

The police department today instituted an investigation into the fire horror, and will report its findings to the district attorney.

LEWIS H. SEVERANCE, STANDARD OIL BARON, DIES AT CLEVELAND.

Cleveland, O., June 25.—Lewis H. Severance, one of the organizers of the Standard Oil company and noted throughout the country for his gifts to colleges and missionary schools, died tonight at the home of his son-in-law here.

Mr. Severance arrived in Cleveland last Tuesday from New York, where he had made his home for several years, to attend the annual meetings of the boards of trustees of Wooster, Oberlin and Western Reserve colleges. Each of these institutions has been the recipient of large gifts from Mr. Severance. Acute intestinal trouble developed soon after his arrival here.

In the earlier years of the existence of the Standard Oil company, Mr. Severance was a close associate of John D. Rockefeller. Several years ago he withdrew from active participation in the company's affairs.

PRINCESS-ARTIST DEMANDS \$25,000 FOR PAINTING PORTRAIT OF MILLIONAIRE JAS. HAGGIN.

New York, June 25.—Suit was filed today against James B. Haggin, millionaire mining man and horseman, by Princess Vilma J. Wolf-Parlaggi, noted as a portrait painter to royalty, claiming \$25,000, alleged to be the price agreed upon for a portrait of Mr. Haggin painted by the princess. Counsel for the portrait painter said he understood Mr. Haggin's reason for not paying the bill was that he never understood \$25,000 was to be the price charged. The princess, however, the lawyer declared, is quite positive that was the amount agreed upon before the horseman began to sit for his portrait on May 1. The canvas hangs at present in Mr. Haggin's residence here.

MINERS' UNION ORDERS A STRIKE OF DIGGERS IN THE NEW RIVER FIELD.

Charleston, W. Va., June 25.—An official call for a strike of miners in the New River coal field was issued late tonight from the headquarters of the United Mine Workers of America. Fifteen thousand men are employed in that field. The strike order is effective July 1. Miners are also expected to strike tomorrow in the Cabin Creek fields, while the conditions in the Paint district are very uncertain.

PONTIUS MADE CAPTAIN OF MICHIGAN'S BASEBALL TEAM.

Ann Arbor, Mich., June 25.—Miller H. Pontius of Circleville, O., today was elected captain of the Michigan baseball

team for 1914. Pontius, a senior law student, is first baseman and has played both baseball and football on Michigan teams for two years.

Today, Pennsylvania defeated Michigan, 1 to 0, in a great pitchers' battle between Rindley and Sisler. Today's victory gives Pennsylvania the year's series, two games to one.

MARY JOBE, NEW YORK, TO STUDY INDIAN LIFE IN FAR NORTHERN WILDS.

New York, June 25.—Into practically unexplored regions of northern British Columbia and southeastern Alaska, where as yet uncivilized Indian tribes have never seen the face of a white woman, Miss Mary L. Jobe, professor of history in the Normal college in this city, will start a week hence from Prince Rupert, B. C., accompanied only by two Indian guides. Miss Jobe, a veteran of several exploring expeditions, announced her plans tonight. She will start west tomorrow.

The young woman said the purpose of her expedition was largely ethnological, that she expected to study the traditions, habits, ceremonies and language of the Athabaskan or "carrier" tribe of Indians along the Skeena and Peace rivers.

Miss Jobe's outfit will be the conventional mountain climbing outfit worn by men.

COL. ROOSEVELT SOON TO LEAVE FOR ARIZONA FOR TWO MONTHS' STAY.

New York, June 25.—The Grand Theodore Roosevelt has set for his departure to the Arizona desert on the Grand Canyon of the Colorado river is July 8, it was learned today. The colonel proposes to hide himself from politics and political attacks for two months, beyond the reach of telegraph and telephone communication. His sons Quentin and Archie will accompany him.

TRUSTEES WILL TAKE CARNEGIE'S MILLION

M. E. Bishops Have Nothing to Do With Vanderbilt, Avers Board Member.

St. Louis, June 25.—"The Vanderbilt University medical school will accept Andrew Carnegie's million-dollar endowment, despite all statements to the contrary," said a member of the board of trustees of Vanderbilt, who returned to St. Louis tonight from Nashville, Tenn., where the board met to act on the steel magnate's offer.

"As a matter of fact, the board on June 19 voted to take the money and the board of bishops of the Methodist Episcopal church, South, has nothing to do with it," Mr. Rand said. "The Methodist bishops are not running Vanderbilt University, although they want to."

Mr. Rand said the attitude of the bishops was not so broad as it ought to be. Their intentions, he believes, were to control the university, regardless of all consequences.

The board of bishops now has a suit in court to have the affairs of the university turned over to it. It claims the endowment of Cornelius Vanderbilt was given to the Methodist church and not to the university. The institution has always been controlled by the board of trustees.

"This board is made up of men of all denominations, who are representatives in their chosen line of endeavor, and we do not propose to let a denomination control the policy of the university," said Mr. Rand. "While under the influence of Methodism to a large degree, Vanderbilt is not making a bid for recognition as a Methodist school."

BULGARS WORSTED IN A FIGHT WITH SERBS

Belgrade Excited at Reports That War Has Begun—Casualties Exceed 500.

Belgrade, Serbia, June 25.—A force of Bulgarian troops attacked the Serbian positions at Zletovo, in Macedonia, at 1 o'clock this morning. The attack, according to official information, was unprovoked.

After desperate fighting, the Bulgarians broke and fled, leaving behind many dead and wounded and abandoning all the positions they had seized in Serbian territory.

The Bulgarian attack on the Serbians has created a dangerous state of excitement here. The newspapers published special editions declaring in large type, "War Has Begun." The streets and cafes are filled with excited crowds.

According to advices here twelve thousand Bulgarian troops, with five hundred bomb-throwers, attacked the Serbian position at Zletovo. Eventually the Serbians charged with fixed bayonets all along the line, and the Bulgarians hurriedly retreated. The combined losses exceeded five hundred men.

ENGLISH COURT CONVICTS AN ALLEGED GERMAN SPY.

Winchester, Eng., June 25.—Dr. William Klara, a German dentist, residing at Portsmouth, was found guilty here today on the charge of espionage at Portsmouth, England's chief naval station. He was sentenced to five years penal servitude. Torpedoes and submarines, it developed at the trial, were the special subjects of Klara's research.

STEAMER ROGERS RELEASED.

Sault Ste. Marie, Mich., June 25.—After lightening 5,000 tons of its iron ore cargo, the steamer William A. Rogers was released this afternoon from its stranded position on Round island.

SENATORS O.K. TARIFF POLICY OF PRESIDENT

Free Wool at Once and Free Sugar in 1916 Are Proposals Definitely Written Into the Revision Bill at a Caucus of the Democratic Members.

Approval of the Schedules Insisted Upon by the Nation's Executive Comes After Prolonged Discussion—In Each Instance the Negative Vote Is Six.

Washington, June 25.—Free sugar in 1916 and free raw wool are now established in the tariff revision bill, having been approved late today by the Democratic caucus of the senate, after a two days' fight. The sugar schedule, practically as it passed the house, was approved, forty to six. Free raw wool, just as it passed the house, except the senate caucus by a vote of forty-one to six.

This ratification of President Wilson's tariff policy, he having insisted upon the wool and sugar propositions before the ways and means committee in the beginning, came after a long series of developments, since the tariff bill passed the house, in which the president has been an active participant.

When the fight of the anti-free sugar and anti-free wool Democrats was getting hot, the president issued a public statement declaring that any suggestion of compromise on his wool and sugar schedule ideas was absolutely out of the question, and later he stirred all the administration leaders to action when he made his charge about the existence in Washington of an "insidious lobby," the investigation of which has brought results regarded as favorable to the tariff bill.

Those Who Voted Negatively. The six Democratic senators who voted against free sugar on the final vote approving the schedule were Messrs. Hitchcock, of Nebraska; Newlands, of Nevada; Randall and Thornton, of Louisiana; Shafroth, of Colorado, and Walsh, of Montana. The six who opposed free raw wool to the end were Senators Chamberlain, of Oregon; Newlands, of Nevada; Randall and Thornton, of Louisiana, and Shafroth and Walsh.

No attempt was made in the caucus today to bind the members to the action of the caucus. The question will come up when the entire bill has been passed upon. Some members will fight it, but the administration leaders said tonight.

CURTIS GUILD ROBBED AT A HOTEL IN PARIS.

Paris, June 25.—Curtis Guild, who recently resigned his post as United States ambassador at St. Petersburg, was robbed here of \$1,000 in cash and a letter of credit for \$50,000. He is staying at a hotel in Paris. Mr. Guild does not attach any importance to the theft and will not postpone his departure for the United States tomorrow on the Cincinnati.

The cash and letter of credit were placed in an unlocked drawer of the ambassador's dressing table four days ago. He discovered the theft this morning. He understood that \$44,000 of the letter of credit had been cashed already, and Mr. Guild has telegraphed to his bankers to stop payment on the rest. He is unable to remember whether he spent some of the \$1,000 himself.

JUDGE LOVETT SUSPECTS PLOT WAS IN MAKING

Chairman of the Union Pacific Board Tells the Lobby Investigators of a Reputed Conspiracy to Discredit the Merger Dissolution Plan in Congress.

To Prevent Unpleasant Debate, He Says, Persistent Efforts Were Made to Induce the Company to Hire Edward Lauterbach to "Grease the Wheels."

Washington, June 25.—Robert S. Lovett, chairman of the board of directors of the Union Pacific Railway company, told the senate "lobby" investigating committee tonight that a long continued and determined effort had been made to have Edward Lauterbach, a New York lawyer, retained by his company to "grease the wheels" in Washington and prevent unpleasant agitation in congress against the dissolution plan of the Union Pacific-Southern Pacific system, ordered by the supreme court and now before the department of justice.

Negotiator Posed as Congressman.

Judge Lovett made no charge that any corrupt methods had been used to procure the employment of Lauterbach. He did swear, however, that someone purporting to be Congressman Rindan of New York over the telephone had urged the retention of the New Yorker and had suggested the likelihood of difficulties in congress which might be averted by his employment as counsel.

A similar telephone conversation had taken place, he said, between a man also representing himself as Mr. Rindan and Maxwell Everts, counsel for the Southern Pacific.

Otto H. Kahn, of Kahn, Loeb & Co., a New York banking house, interested in the Union Pacific, the witness added, had had several conversations with Lauterbach personally and in which the lawyer had referred to what might be expected from the "radical element" in relation to the dissolution plans of the two railroads.

"Scheme" of "Radical Element."

"Mr. Kahn reported to me," said Judge Lovett, "that Mr. Lauterbach said in substance that a motion was about to be made, I think in the house of representatives, to oppose proposed dissolution, or the disposition of the stock of the Southern Pacific which is now held by the Union Pacific, and that it probably would also involve a reopening of the 'money trust' inquiries and

some other matter that have been more or less discussed.

"He said that a radical party, as he called them, or the radical faction, were about to commence these efforts, and that they were going to make a point about common banking control. He mentioned some of the congressmen who would lead in this, and indicated that he might be very helpful in the matter and that his services were available if desired."

"Congressman Henry of Texas was mentioned," said the witness, "as the leader of the radical faction, as he called it. I should like to state in that connection, however, that I have known Mr. Henry for a great many years and I never believed for a moment that there was any connection between this gentleman and Congressman Henry."

Mr. Lovett said he had made no effort to determine whether it was actually Congressman Rindan who had telephoned to him and to Mr. Everts. He had not doubted it, he said, until he learned recently that many Wall street financial men had been repeatedly called up by men who falsely represented themselves to be congressmen.

Believes Conspiracy Existed.

Judge Lovett said he ignored the efforts to have Lauterbach employed until he became convinced that a conspiracy had been formed that might succeed in holding up the Union Pacific-Southern Pacific dissolution plans until after July 1. The dissolution plan must be arranged before that date, he added, to avoid a receivership of the stock of the Southern Pacific which the Union Pacific now owns.

"I believe there was a conspiracy here," said Judge Lovett, "to try to force us to employ someone we did not want to employ, and that the conspirators, after trying various methods, were about to go into the newspapers and create opposition in congress to the plan for dissolution that was about to be carried out."

Judge Lovett was asked who he believed the conspirators were. He named Lauterbach and the man who represented himself to be Congressman Rindan. "I believe," the witness added, "and my associates on the executive committee believed that there was another individual in New York, who was the most active agent in it, but I did not come in contact with him, nor did anyone else on the executive committee."

Judge Lovett did not give the man's name and the committee did not ask for it.

Thinks Financial Article Inspired.

Judge Lovett said the first publication which convinced him that efforts were being made to misrepresent the Harrison roads in the dissolution case was in a financial news sheet of high standing in New York. He said the character of the article convinced him that a systematic effort was being made to inspire opposition in congress.

The committee will call Lewis Cass LeMay, lawyer of New York, who was referred to by Judge Lovett as having received a telephone message from a pseudo congressman. Mr. Lovett is said to have learned the identity of his interviewer.

Lauterbach's Explanation.

New York, June 25.—Edward Lauterbach at his home tonight denied having spoken to Representative Rindan regarding the Union Pacific matter.

"I know Mr. Rindan very slightly and have never seen nor spoken to him in ten years," he said. "I have never spoken to Judge Lovett on the subject of Union Pacific. The only persons I have talked to about it are Otto H. Kahn and Paul D. Cravath, the latter having called me up about a fortnight ago, saying someone had suggested that I be retained."

HERRINGTON IS SUSPENDED FROM OFFICE

San Francisco Special Agent Who Demanded Removal of Attorney General McReynolds Ceases to Draw Pay from the Government, Pending an Explanation, However He Holds Himself Vindicated by President's Action in Ordering Immediate Trial of the Now Famous Cases and He Files Still Other Charges.

Washington, June 25.—Clayton Herrington, special agent of the department of justice at San Francisco, who sent President Wilson a telegram Sunday night, appealing for the removal from office of Attorney General McReynolds, his official superior, because of the circumstances of the resignation of United States Attorney McNab, was suspended without pay tonight by A. B. Bielaski, chief of the bureau of investigation of this department of justice.

This action, it is said, is to give Mr. Herrington an opportunity to explain his telegram. If the explanation is not satisfactory, the officials declare that his special agent probably will be summarily dealt with.

Formerly Served on the Bench.

Mr. Herrington is a former judge, and is in charge of the federal government's bureau of investigation at San Francisco. He helped District Attorney McNab to prepare the Diggins-Caminetti white slave cases, and the postponement of the trial of which resulted in McNab's resignation and his sensational charges against the attorney general.

President Wilson today recommended to Attorney General McReynolds the names of Francis J. Heney, Matt J. Sullivan, Thomas Hayden and others for appointment as special prosecutors in the Caminetti-Diggs white slave cases and the Western mail company coal customs cases. No final selections were made.

Herrington Makes New Accusations.

San Francisco, June 25.—Clayton Herrington, federal investigator of white slave cases for the United States department of justice, who gathered the evidence in the Diggins-Caminetti white slave cases and who called upon the president to remove Attorney General McReynolds from office for his action in delaying the trials, was suspended from office today on an order from Washington.

First prior to receiving this notification, Mr. Herrington had dispatched the following night letter to President Wilson:

"As a citizen of California, I charge that officials in the department of justice and of commerce and labor, in disregard of the judgments of the courts in violation of the law, have prevented the deportation of French prostitutes in this state. I demand an investigation of these matters, complete information as to which is on the files at Washington. On March 14 Secretary Wilson was informed about some of these cases."

Holds Himself Vindicated.

In a public statement issued tonight Mr. Herrington said:

"The president approved in words the way that Attorney General McReynolds has dealt with the Diggins-Caminetti and Western Fuel cases. He disappointed in deed by ordering the immediate trial of all the defendants, including those McReynolds tried to save. He ought, therefore, to dismiss McReynolds and retain McNab."

"To sustain a Washington official, whose decision he overruled, and blame another for doing what he, himself, has ordered done is not only inconsistent and unjust, but is a humiliating evasion of the responsibility of his high station."

"McReynolds' explanation is even more pitiable. He protests that he is 'profoundly conscious that his actions were free from unworthy motives.' So was Lord Bacon, who accepted bribes, because it would not influence him."

"New Attorney General Needed."

"There are influences other than financial ones, McReynolds' excuse is that the 'facts were not fresh in his memory,' and he blamed McNab for not jogging it a second time. McReynolds needs a better memory as badly as the president needs a better attorney general."

"However my object has been accomplished. The attorney general has been compelled to order these cases for trial forthwith, and the sinister influences to which he had yielded have been frustrated."

DIGGS AND CAMINETTI INDICTED AT SACRAMENTO ON NEW SERIOUS CHARGE.

Sacramento, Calif., June 25.—Marry L. Diggs, former state architect, and Drew Caminetti, son of A. Caminetti, immigration commissioner, were indicted by the county grand jury here last night, charged with the abandonment of their minor children and eloping to Reno with Martha Warrington and Lois Norris, Sacramento girls. The man are under federal indictment in San Francisco, accused of violation of the Mann white slave act.

The county indictment was placed on secret file, as neither Diggs nor Caminetti were in custody, and was not made public until today. Bench warrants have been issued for their arrest. They are out of the city, it is understood. They are at liberty on \$10,000 bonds each on the white slave charges.

ADDITIONAL JURY IS DRAWN.

Judge Orders New Venue—Hautala Case Still on Trial.

Judge O'Brien on Tuesday afternoon ordered the drawing of a new venire of twenty men to supplement the numerically weakened regular panel of the fine term.

The court has been in session pretty continuously since May 26 and for various reasons the jury has been reduced, making the new venire necessary.

Two of the men called on the new venire could not report and they are beyond the power of the court to make them answer the call.

The court was occupied all day with the case of Hemming Hautala vs. the Lake Superior Copper company, a suit for damages for the loss of a finger.

STEELHEAD SALMON IN LAKE SUPERIOR

Catching of a Second One Believed to Indicate Propagation Is Successful.

The second steel head salmon reported as being caught in Lake Superior was brought to Houghton yesterday by Jacob Karppi of Portage Entry, a commercial fisherman.

It happens that during the week John C. Mann of Houghton, a member of the Michigan fish commission, received from Seymour Bower of Detroit, superintendent for the commission, an inquiry regarding this fish.

Mr. Mann is now of the belief that the planted fish are beginning to show themselves. They have been developing in the deep waters of Lake Superior and are now attaining a size that warrants them in moving.

Good Fishing Is Reported.

Both sporting and commercial fishing seems to be better this summer than for some years past. Every day fine catches of brook trout, lake bass and even grayling are reported.

All of this good fishing must be traced back to the work of the Michigan fish commission. Without the propagated fish put into the streams it is doubtful that body there would be a fish obtainable in these waters today.

Norton et al. a suit in chancery which has been pending in United States district and circuit court the last fourteen years, was begun and ended yesterday in the court room of the federal building. Judge Clarence W. Sessions sitting. Judge Sessions is here to attend the

first meeting of the Francis M. Moore consistory as a leader in the Grand Rapids consistory, which is exemplifying the work. He arranged with the attorneys, C. F. Button, for the complainant, and A. B. Eldredge, for the defendant, both of this city, to have their arguments ready to be presented to him upon his visit in connection with the consistory work.

Will Attend Funeral—Miss Lennie Knowles was called to Detroit Tuesday afternoon in response to a message reporting the death of William H. Dwyer, formerly a resident of this city. Mr. Dwyer was thirty years of age, single and the oldest son of Thomas Dwyer. He left Marquette four years ago. Beside his father, the young man is survived by three sisters, the Misses Ada, Laura and Bernice, and one brother, James Dwyer.

Establishes New Record—Harry Flora, the copper country's most expert, professional player and an instructor, who spent yesterday at the Town and Country club, established a new record by covering the course in thirty-six, while playing a round with Dr. Thomas Cunningham. Considering that yesterday was Mr. Flora's first acquaintance with the links, this record is considered remarkable. It is believed he will have no trouble today in taking a record of thirty-three or thirty-four. Mr. Flora met many members of the club yesterday and gave twelve or fifteen lessons to new players. He will remain at the club today, to continue his lessons and to instruct any players who may not have had an opportunity to see him yesterday. Previous to Mr. Flora's establishing the record of thirty-six, the club record was forty.

**FIRST CONSISTORY DEGREE CONFERRED**

Masonic Meeting Last Evening One of a Major Importance—150 Charter Members.

The first ceremonial of the new Francis M. Moore consistory was held last evening in the Masonic hall in the opera house block, when the twentieth degree, that designated as Master ad Vitam, or Masters for Life, was put on by the De Witt Clinton consistory, of Grand Rapids. During the day work in the preliminary degrees, commencing with the council of the Princes of Jerusalem, including the degrees fifteenth and sixteenth, and followed by the chapter of the Rose Croix, seventeenth and eighteenth degrees, was put on by the upper peninsula Scottish Rite bodies. The casts of characters in all of this work, including the consistory degree, were as scheduled in the program.

As predicted, the class upon whom the consistory degree was conferred numbered 150 and more than 150 other eligible Masons, candidates for degrees in future sessions, signed the petition for a charter. The opening work in the consistory is being done under dispensation. This morning at 10 o'clock work on the twentieth degree will take place. After dinner the twenty-first, twenty-ninth and thirty-second degrees will be conferred. The intervening degrees will be communicated.

Following the exemplification of the thirty-second degree, the consistory banquet will be held on the second floor of Fraternity Hall. The dinner will be served at 6:30 o'clock. It is urged that all candidates appear for their work promptly that the events may all take place today on schedule to enable the evening's pleasure to start on time and not be marred by interruption. Places will be laid for three hundred guests. It will be by all odds one of the most auspicious dinners ever given in Marquette in point of attendance, the menu and the personnel of the guests. Some of the most brilliant and influential men in the state will be present, and a program of post prandial speaking in which a notable group of men will participate has been arranged. The Calumet & Hecla orchestra has been engaged to furnish music.

**Seventy Petitions for Shrine.**

It was reported last evening by officers of Ahmed temple, Order of the Nobles of the Mystic Shrine, that seventy petitions for admittance to this body affiliated with Masonry had been received so far and there are still some prospective candidates to be heard from. The semi-annual meeting will be held tomorrow and it promises to be one of the most enjoyable Shrine meetings here in years. The usual size of a class is twenty to thirty candidates, and occasionally this number has arisen to fifty, but seventy candidates to be initiated at the meeting tomorrow evening eclipses everything. An especially enjoyable feature of the meeting will be participation of the Grand Rapids Scottish Rite quartette in the work. The quartette has made a most favorable impression since here.

There will be a larger gathering of Masons in Marquette today and tomorrow than has ever before been in this city. Practically the entire membership of the Shrine will attend Friday's meeting, attracted in part because of the presence of so many distinguished Masons. A large number of these are members of other temples.

### NEW PLAN FRAMED BY UNION PACIFIC

Prospects of an Agreement for Dissolution "Good," Says Mr. McReynolds.

Washington, June 25.—Attorney General McReynolds, at the conclusion of a four-hours conference with Robert S. Lovett, chairman of the board of the Union Pacific, and Paul D. Cravath, counsel, announced today that "there were good prospects" of an agreement for the dissolution of the Union Pacific merger.

The attorney general said that while the negotiations were still in a transient state, he believed that a plan of dissolution satisfactory to the government would be evolved. He would not discuss details at this time.

The new plan contemplates the disposition of the entire \$126,000,000 of Southern Pacific stock held by the Union Pacific. If an agreement is reached, the plan will be presented to the United States court for the Eighth circuit before July 1.

The new plan of dissolution, like all the recent plans submitted, does not contemplate disturbing the Southern Pacific's present control of the Central Pacific.

Attorney General McReynolds has announced that he probably will institute a suit as a separate proceeding to compel the separation of the Southern Pacific and Central Pacific.

### STOCK MARKET IS DULL; DAY'S GAINS WIPED OUT DURING THE FINAL HOUR.

New York, June 25.—The strong tone of the stock market earlier in the week was lacking today. The movements of prices were within narrow limits. Some further progress upward was made, with railroad stocks showing to the best advantage, but in the last hour the market pitched downward and the gains were eliminated.

Speculative interest centered in Union Pacific. Buying was influenced by the expectation that the Washington authorities would approve the dissolution plan. Just before the close came the long-awaited news from Washington of the attorney general's announcement that an agreement had been reached. The news failed to stimulate the market, apparently having been discounted by the recent rise.

Cable reports that fresh hostilities had broken out in the Balkans were partly responsible for the heavy tone of the market at the close.

### MARYLAND PROGRESSIVE RESIGNS HIS POSITION AS NATIONAL COMMITTEEMAN.

Baltimore, June 25.—Colonel E. C. Carrington, Jr., of this city, today sent his resignation as national committeeman for the Progressive party for Maryland to former Senator Dixon, chairman of the national committee, at New York. In his letter, Colonel Carrington says his resignation does not indicate he is any less a Progressive than when he was working for the election of Colonel Roosevelt, but he adds: "There have arisen in this state local conditions which threaten to give the Democratic party absolute control for many years in Maryland, and a renunciation of the Progressives and Republicans here is absolutely necessary to prevent this. In order that I may not seem to be in a false position, I take this action."

**BATTLE NEWSPAPERMEN ARE ACCQUITTED ON CHARGE OF LIBELLING A SOCIALIST.**  
Seattle, Wash., June 25.—Colonel Alden J. Bletten, editor of the Seattle Times, and his son, Clarence B. Bletten,

managing editor of the paper, were found not guilty of criminal libel by a jury in the superior court today.

The defendants were accused of having libelled Joseph Jarvis, a Socialist, by publishing last October an article alleging that Jarvis had absconded with funds belonging to the Socialist party. The verdict was returned on the instructions of Superior Judge Humphries.

When it was learned that the statement regarding Jarvis was incorrect, an offer was made to publish a retraction, but this was rejected by Jarvis. Judge Humphries rebuked Jarvis for refusing to accept the publication of a retraction, and said that if every newspaperman who made a mistake were sent to jail there would not be room enough to hold them.

**TAKES SIX TO ARREST HIM.**  
New York, June 25.—Peter Fox, an Irishman entered a Hungarian restaurant on Second avenue and ordered some corned beef. The waiter brought a Spanish omelette. Fox said he would not eat the omelette because he had not ordered it. A lively argument ensued in a fight, in which the omelette narrowly missed the waiter's face.

Fox, according to the police, began to toss the furniture about, much to the discomfort of the restaurant proprietor, who ran outside and blew a whistle. This brought Policemen King and Muldoon.

"It will take six cops to arrest me," said Fox, and he proved it. He played shuttlecock with the two policemen until four others arrived in a patrol wagon.

"Don't worry," said Fox to the policemen. "I made you see stars, but you'll probably get stars for it."

**RESTORES NOTED PAINTING.**  
Philadelphia, June 25.—Carlo Dole's masterpiece, "Salome with the Head of John the Baptist," missing for centuries is hanging in Memorial Hall this city. The discovery has just been made through the restoration of the painting by Pasquale Farina. For nine years this painting of the greatest artist of his period has hung a dim and dingy paint covered nondescript entitled "Youth and Love."

In 1904 John G. Johnson presented it to the city. Johnson engaged Farina to restore some of the works of art in the city gallery. The famous restorer realized Dole's name was sacred subjects for his theme. Little by little the colors were removed and there was revealed Dole's most treasured work. It had long years ago to Cardinal Fisher at the Vatican in Rome. How it came to be disguised probably will remain forever a mystery.

## GRAND OFFER

We are now offering to the housekeepers of Ishpeming and Negaunee a Gas Stove at \$8—installed complete ready for cooking.  
This stove is exactly the same style that is being sold for \$16 to \$18, only the oven is 2 inches smaller—finish and equipment of this stove is exactly like our \$18 stove.  
A family of 5 people can and are now cooking all their meals on these stoves at a cost of 8 cents per day.  
To use these modern stoves brings the cost of preparing meals below what coal or wood would cost and saves dirt and worry.  
Should be glad to have you call and inspect our line of Gas Ranges.

### Mining News

#### OLD DOMINION.

At the present rate of production Old Dominion should output during 1913 at least 33,000,000 pounds of copper (against 27,000,000 in 1912), of which probably less than 2,000,000 pounds will represent custom ores. Up to the end of April, the output since Jan. 1 was 11,000,000 pounds, of which but 600,000 pounds came from custom ores. Net earnings were about \$900,000, or at the rate of \$8 per share, against present dividends of \$5. The above earnings were made on copper averaging 15 1/2 cents per pound, so that unless the metal breaks below 15 cents there is no reason to expect any reduction in the dividend. Costs have shown a very appreciable decrease thus far in 1913 as compared with 1912, the average for the first four months having been approximately 9 1/2 cents per pound, although at present they are fractionally below this figure.

## Ishpeming Department

### ISHPEMING PIONEERS TO HAVE BADGES

All Persons Who Have Lived Here Prior to 1880 Can Get Them at Secretary's Office.

All of the older business blocks in Ishpeming are to be decorated with banners for the Home-Coming and Fourth of July celebration bearing the names and occupants of the building when it was first constructed. It is thought that this feature will bring back memories of the early days not only to the home owners, but also to many of the pioneers still living here. The banners are now being printed and will be placed on the buildings opposite the Oliver office, on South Pine street.

The arrangement committee has also decided to provide all Ishpeming pioneers, both men and women, who have lived in the city since prior to 1880, with badges on which will be printed "Ishpeming Pioneer." The old citizens are asked to call at the office of Ed. J. Butler, the secretary, in the theater building, for the badges. Their distribution will be started today. Each home owner will be provided with a neat souvenir celluloid badge, on which there will be appropriate printing, also a picture of the new first hall. These badges will be given to the home owners when they register at the Y. M. C. A. building.

The names and address of all home owners will be recorded in a bound book that will later be placed in the Ishpeming library for future reference.

About a dozen or fifteen of Ishpeming's oldest citizens, representing the Irish, English, Scandinavian and French nationalities, who were the original pioneers of the city, will be given a place of honor in the parade, occupying carriages. A banner bearing the word "Pioneer" will be displayed on the carriages.

**Children's Parade.**  
Miss V. Winifred Lacey, who has general charge of the children's parade, to be given next Wednesday evening, starting at 7 o'clock, has appointed marshals for the different wards to assist with the work. The prizes, which are on exhibition in Anderson's jewelry store, have also been decided on.

The board of education has been asked to grant the use of the high school for the children to form in parade. If this privilege is granted, the line of march will be from the school on Division street west to Main street, on Main to Cleveland avenue, on Cleveland avenue to Third and on Third to the school entrance to the school building.

- The following young ladies will assist with the final arrangements for the girls' and boys' parade:
- First ward—The Misses Cronin and Donahoe.
  - Second ward—Misses Sliney and Keese.
  - Third ward—Misses Millon, Lundahl, Felch, Matthews and Newett.
  - Fourth ward—Misses Lemin, Collick and Erkola.
  - Fifth ward—Misses Bronson, Goodman and Nelson.
  - Sixth ward—Misses Benedict, Lioret and Chapman.
  - Seventh ward—Misses Redmond, Dawson and Cullen.
  - Eighth ward—Misses Braastad, Gustafson and Egan.
  - Ninth ward—Misses Burke, Laughlin and Chase.

The ward committees will within the next few days invite from four to six larger girls to act as assistant marshals in the parade. They will march on either side of the parade and assist in taking care of the children in line.

#### Girls' Doll Parade.

The prizes which are now on exhibition in Anderson's store are:

- First prize, best appearing decorated doll cart, chain and locket; second prize, best appearing girl carrying doll, gold chain and locket; third prize, best appearing decorated doll cart, stage set; fourth prize, best appearing twins, two signet rings.

The contest has been learned that many twin children will take part in the parade and that there may also be triplets in line. If triplets march they will be given a special prize.

#### Overall Parade.

The prizes for the overall parade are:

- First prize, silver watch and chain; second prize, silver watch and chain; third prize, best appearing overall boy stone set ring; third prize, best appearing express wagon float, signet ring.

It is the intention of several of the boys to arrange miniature floats on their express wagons or on little wheel barrows. One boy is now building a cage afloat in which he will have several prize roosters and he expects to be able to teach the birds to crow continuously while on parade.

#### REMOVE NOXIOUS WEEDS.

Notice is hereby given that all noxious weeds growing on any land in the township of Tilden, county of Marquette, or within the limits of any highway passing by or through such lands must be cut down and destroyed on or before the first day of July, nineteen hundred and thirteen. Failure to comply with this notice on or before the date mentioned or within ten days thereafter shall make the parties so failing liable for the costs of cutting same and an additional levy of ten per centum of such, to be levied and collected against the property in the same manner as other taxes are levied and collected.

Dated, June 25, 1913.

Commissioner of Highways of the  
Township of Tilden, County of  
Marquette. 6-26-13

#### MOST CHILDREN HAVE WORMS

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kikapoo Worm Killer, a pleasant candy lozenge, which expels worms, reg-

### TWO SEPARATE PARADES.

Automobile Display Will Be Feature of July 4 Doings.

The committee in charge of the parade for the Fourth of July has received so many promises of floats from business men, mine workers and others that it has decided to have an automobile parade in the afternoon, and not in connection with the parade in the morning. It is expected there will be an unusually large number of autos in line and it is already certain the morning parade will be from two to three miles in length. The parade will be divided into different divisions.

The committee has decided to ask out-of-town people to serve as judges for both parades. This will assure not only that the prizes will be awarded strictly on their merits, but interest in the celebration will be created among out-of-town people. The morning parade will start at 10:30 o'clock, moving from the grounds opposite the Oliver office, on South Pine street.

Several of the business concerns are already working on their floats and a number have also completed plans for their automobile decorations. The committee will be pleased to have car owners in other parts of the county take part in the parade. Several have already sent word they will do so.

Louis Erickson & Son have been given the contract to erect a stand in the city square. The stand will be fourteen by fourteen feet and will be ready for use on Tuesday, when the week's festivities will begin. There will be band concerts five evenings during the week and on Tuesday evening there will be a demonstration of first aid work by teams from the Cleveland-Cliffs Iron company's mines, under direction of William Conibear, the corporation's mine inspector.

Mayor Barnett and other city officials have been tendered a special invitation to take part in the parade. They will occupy carriages near the head of the procession.

The committee on sports will be assisted by the members of the Ishpeming fire department in directing the foot races and other contests that will take place the afternoon of the Fourth. A special meeting of the department was held Monday evening, when Chief Lacey, who is chairman of the sports committee, announced his sub-committees. The firemen will also assist in taking care of the halloo assemblies, two of which will be given on the Fourth.

#### TIED FOR FIRST PLACE.

Ishpeming and Negaunee Teams Lead Marquette County League.

Following the games Tuesday afternoon at Union Park, in which Marquette was defeated by Ishpeming and Gwinn lost to the Negaunee nine, the standings of the four teams which compose the Marquette County Baseball league are as follows:

	W.	L.	P.C.
Ishpeming	4	2	.667
Negaunee	4	2	.667
Gwinn	2	4	.333
Marquette	2	4	.333

In Tuesday's contest, Ishpeming played an errorless game, the best that has been put up in the league this year. The quality of ball that all four teams are playing has, in fact, improved since the beginning of the season and more interest is now being shown. Next Sunday afternoon Negaunee will meet Gwinn at the latter's grounds. Marquette will play Ishpeming at Union Park.

#### LUNCHEON ON THE FOURTH.

The members of the Ladies' guild of Grace Episcopal church will serve luncheon in the Guild hall on the Fourth between 11 and 2 o'clock. Ice cream will also be on sale during the afternoon and evening.

## MILITANT PARSON SUBDUES COWBOYS

Rev. A. F. Glover, of Colorado, With a Pistol, Marches Dozen to Jail.

De Beque, Colo., June 25.—The militant preacher did not vanish from the earth with the death of old Peter Cartwright and his heroic contemporaries. The Rev. A. F. Glover, who is only twenty-three years old, pastor of the First Methodist church of this city, is just now the hero of the hour. More than that, he is the one man in twenty years who has been able to successfully interfere with cowboys who attempt periodically to shoot up the town in old-fashioned style.

When all was over, the jail was filled with a dozen cowboys arrested by Rev. Glover, and at a mass meeting of citizens it was decided to back up the minister in any steps he might take, as chairman of the police committee of the town council, to cope with attempts of other cattle men to release their imprisoned friends.

**Form Vigilance Committee.**  
An old-time vigilance committee was appointed to call on Abe Ong. The committee was instructed to order Ong from town under menace of tar and feathers. It is said Ong has threatened to kill the Rev. Glover.

"I'll shoot on sight," the minister said, when informed of the alleged threat, "and convert him in the hospital."

The trouble started when the cowboys on the spring roundup rode into town looking for whisky and trouble from the Rev. Mr. Glover. After drinking to a point where the town marshal's star looked to them like a red flag to a bull, they started the time-honored play of "shooting" up the town.

Dashing up and down the street, their horses flecked with foam, they regaled themselves with shooting into the air and cursing whoever might appear on the street. It was the most exciting demonstration since De Beque was a frontier town. The cowboys were from the Western Garfield County range.

Attracted by the shooting, Rev. Mr. Glover, who was in his study preparing a sermon on David's contest with Goliath, rushed to Main street. Marshal George R. Noble was unable to quell the riot. The cowboys started to fight among themselves. The young minister dashed back to his apartments and got his Colt's automatic, with which he is a good shot. Back to the scene of conflict he ran, revolver in hand.

"What does this mean?" he demanded of the leader.

"Who the h— are you?" inquired several "bad" men.

For ten minutes Rev. Mr. Glover tried moral suasion in an attempt to induce them to leave town. They ordered him to "beat it, kid, or we'll shoot your head off."

Whirling fiercely on the group the minister whipped out his revolver and advanced.

"Right about face," he shouted, and, without leveling his revolver, gave them a tongue lashing.

**Took Them to Jail.**  
"I'm going to see right now who is running this town," he ended. "You men are going to jail."

"God have pity on your weakness," he continued, before the march to the jail was started. "Would that I had your bootlegging betrayer with you. Men who sell liquor to moral weaklings like yourselves are lower than beasts. Now, march. Left, right, left, right. Step lively! The first man who balks will be plugged full of lead."

Down the street, like a flock of sheep, not one made resistance. Two of the bolder men looked back once to face the muzzle of the pistol and instantly quailed.

At the jail, with the aid of the town marshal, the young minister searched and disarmed the cowboys. The whisky bottles were broken and their guns unloaded. Swearing and cursing, they were locked behind the bars, where Glover kept them until they had sobered up. They were fined \$10 and costs by

**DROPS DEAD AT WEDDING.**  
Sister of Bride Waves Farewell and Falls at Gate.

Middletown, O., June 25.—Miss Hettie Will, twenty-four, living near Springfield, dropped dead while waving farewell to her sister Reba, who had just been married to Fred Kosagale. Throughout the wedding ceremony the girl showed signs of deep emotion. When bride and groom drove away amid a shower of rice she followed them to the gate and waved her handkerchief as long as she could see them. When she turned to re-enter the house she reeled and fell. When her mother reached her she was dead. The sisters were inseparable since early girlhood and were often taken for twins. Grief over the separation is thought to have hastened death.

#### All Richards Seriously Ill.

Seized with a stroke of paralysis, Alf Richards lies seriously ill at his home at the Soo. Mr. Richards was stricken after he had completed a lunch trip from his cabin on Sugar Island to the Soo, making it necessary to carry him from the Great Lakes tug dock to his home. The physician has demanded absolute quiet for his patient, and no one outside of members of the family is admitted to the sick room.

#### Record Shipment.

The Superior Veneer & Co. company of Munising recently loaded and shipped to L. S. Chase, of Richfield Springs, N. Y., a fifty-foot furniture car loaded with cheese boxes, hoops and rinds. The car weighed 80,000 pounds. It contained material for 42,000 cheese boxes, complete, which would contain 2,400,000 pounds of cheese. Allowing twenty tons to 40,000 pounds to each car, 120 cars will be required to transport the cheese which these boxes will contain.

#### Work Begun on Big Electric Plant.

The Sturgeon River Land & Development company has procured the consent of the Michigan state railway commission to issue \$8,700,000 worth of bonds and has started work on the construction of a hydroelectric plant in Covington township. J. K. Cronholm, chief engineer, has had all the preliminary surveying made. Clearing away the timber is being done and a spur is being run from the South Shore railroad near Waukegan, N. Y., to the main dam. The principal storage reservoir will form a lake about six miles long and a mile and a half wide, with an average depth of twenty-two feet. The power house

#### Druggist Pleaded Guilty.

Dr. Leland Moss, druggist, of McMillan, pleaded guilty before Circuit Judge Ford to a charge of selling poisons in a manner contrary to law, and was released under suspended sentence until the October term of circuit court. The statute imposes a penalty for this offense of three months to one year's imprisonment or a fine of \$50 to \$300. The arrest grew out of the fatality that occurred at McMillan when Robert Milne drank carbolic acid out of a bottle, mistaking it for whisky. It is said the bottle did not contain a serrated stopper.

#### Feud Culminates in a Shooting.

As the result of a feud of long standing, reports the Escanaba Press, Joseph Blondeau, an Oser farmer, shot and slightly wounded Napoleon Cota, a neighbor. The shooting was reported to Sheriff Curran and he made a trip to the scene by automobile. Blondeau was conveyed to the city and locked up in the county jail. Cota came to the city to have the wound from a 38-55 rifle bullet dressed by a physician. According to Blondeau, Cota went to the farmer's home, Blondeau ordered Cota to stop and when he did not do so he fired a shot into the ground. As Cota continued to advance toward the house, Blondeau shot again, sending a bullet through the fleshy portion of Cota's leg.

#### Lightning Responsible for Fire.

A loss estimated at \$7,800, without insurance, resulted from a fire which for a time threatened the total destruction of all the buildings on the Nine Mile farm near Menominee. The blaze was caused by lightning firing the wood shed, the flames spreading to the large farm house and ice house, reducing all three buildings to ashes. When the wood shed, which was eight feet from the house, was struck, kerosene oil stored in the shed exploded and caused the flames to gain considerable headway before discovery. Joseph Stangor, who has charge of the farm, assisted by sixteen employees made a desperate effort to save the house. The men were successful only in saving some of the furniture. Because of a favorable wind the barns containing herds of valuable Jersey cattle and the granary were not damaged. The Nine Mile farm is owned by Charles I. Cook, who purchased the property about five years ago from the Stephenson estate.

#### County's Only Representative.

Benoit Lachance will be the only Mackinac county representative at the Gettysburg reunion of veterans who took part in the memorable and deciding battle of the Civil War. Judge Lachance enlisted in a private in Houghton, Aug. 6, 1861, and at the Gettysburg engagement was sergeant-major, having been promoted to that position from the ranks, his promotion being due to bravery on the field of battle. The judge took part in the following engagements: Battle of Leesburg, Va., 1861; battles of Harper's Ferry, Bull Run Heights, Charles town and Winchester, Va., in the spring of 1862. He then went to the Army of the Potomac and participated in the battles at Peninsula, Va., Hampton Roads, Little Bethel, Big Bethel, York Town, West Point, Whitehouse Landing, Fair Oaks, the Seven Days' fight, Second Bull Run, Antietam, both Fredericksburgs, where his regiment led the forlorn hope in pontoon boats, and in all of the other engagements in which the Army of the Potomac took part up to the siege of Petersburg. The last battle in which he participated was at Ream's Station, where he received his discharge on Sept. 3, 1864. After his discharge the judge went to Mackinac Island, where he was married on Sept. 27, 1864. He has since been a resident of the island, during which time he has held a number of important offices, among which are United States marshal, judge of probate by appointment from Governor Crosswell and another term by election, and county agent. He has probably held the office of justice of the peace longer than any resident of the state, having first been elected in 1897, a position he still holds and has continuously since his first election. His present tenure of office does not expire until 1916. The judge was wounded once and several times came out of engagements with his clothing riddled with bullets.

### MARQUETTE AUTO PLUNGES INTO DITCH

#### Two Occupants Painfully Injured and Others Suffer Minor Scratches and Bruises.

A Chalmers "40" car, owned by the Cloverland Auto company, at Marquette, and driven by Fred Rowe, one of their chauffeurs, ran into a ditch along the Marquette county road Tuesday evening and injured several of the occupants of the car, who were bound from Marquette to Negaunee after attending a picnic at Presque Isle Tuesday afternoon. The accident occurred on the steep hill near the point where the Lake Superior & Ishpeming railway crosses the road. Six Negaunee Finnish residents and two boys, whose names could not be learned, were the occupants of the car. Two of the men were quite badly hurt and were taken to Negaunee. The others suffered only minor scratches and bruises.

#### NOTES OF MINING NEWS.

An official of the Lake Copper company says: "Two years ago the management was severely criticized for selling treasury stock of the company at \$55 a share, but subsequent events in the market show the board exercised good judgment in selling this stock at the time and at the price it did."

The excellent showing of copper in the laterals from the bottom of the mine at the Wyandot continues, it is reported. The copper is largely small mass material. It is said to be the best showing of the Wyandot ever displayed and seems to indicate the possibility of the Wyandot eventually pulling out of the hole.

At the annual meeting of the Lake Copper company, President Payne expressed the opinion that the time would come when twelve-pound rock at Lake Superior would be mined at a profit, and many of the properties now looked on with disfavour owing to the comparatively low yield of copper per ton of rock would ultimately have considerable value.

A stockholder of Lake facetiously remarks: "I am glad to see an official of Lake quoted as saying that at the value it was above when it sold at 94 1/2. It is not often that officials of a company give such an exact appraisal of stocks, and as I paid only 39 for my Lake I feel greatly relieved, even though I have to pay an assessment of \$1 per share."

At the Inspiration Consolidated the idleness enforced in the main transportation tunnel by the Keystone union has had no effect upon any other portion of the workings. The usual rate of work is being maintained in the blocking out of the Colorado ore body, which will be worked by the caving system. Work at the mill site and on the railroad grade between the mine and mill site is proceeding rapidly and the grading for the crushers at the main east and west shafts is almost complete.

S. J. Gormly, formerly in charge of the smelter at Cerro de Pasco, is conducting an elaborate series of tests at Hayden, Ariz., to determine the exact result of the treatment of Ray Consolidated by the American Smelting & Refining smelter at that place. The result of the tests will be the basis of a new long-term contract between Ray Consolidated and the smelting company. The tests, which include fire and gases, will cover a period of about sixty days, being half finished to date.

### LINCOLN SHOOTING RETOLD BY WITNESS

#### Oklahoman Drank with J. Wilkes Booth Shortly Before He Fired Fatal Bullet.

Tulsa, Okla., June 25.—Lorenzo Chubbuck, one of the caretakers at Sand Springs Park, a local suburban resort, is one of the few men living who witnessed the assassination of President Abraham Lincoln. He was sitting fourth from the lower right-hand box, well in the front, in Ford's theater on the night of the tragedy. Chubbuck tells an interesting story of his experience.

"I was working in the agricultural department in Washington," he said, "and was lodging at the Hotel House in Ninth street. Isaac Newton was commissioner of agriculture. One of my friends was James Ferguson, who conducted a saloon in a building adjoining Ford's theater. On the day of the assassination Ferguson asked me to go with him to Ford's theater that night. I had no wish to go, but finally consented to accompany a young woman who was a relative of Ferguson.

"Late in the afternoon I was standing on the sidewalk in front of the saloon talking to Ferguson, when John Wilkes Booth rode up on horseback. Booth and Ferguson were well acquainted. Booth was riding a fine chestnut horse, and asked us what we thought of his mount. He invited us to drink with him, and we remained in the saloon probably fifteen minutes. Booth left the saloon and rode away, and I went to my boarding house and got ready to go to the theater.

"My seat gave me a full view of the president's box, which was gayly decorated with flags. During a shifting of the scenery Ferguson leaned over and said to me:

"There goes Booth over yonder. I wonder where he can be going?"

"I looked and saw Booth entering the rear of President Lincoln's box. In a second or two there was the report of a pistol. Ferguson exclaimed, 'My God! Booth has shot the president!'

"For a slight period of time before the echo of the shot had scarcely died away there was no demonstration on the part of the audience. Booth passed in front of the dying president, stepped upon the railing of the box, and made a jump for the stage. His foot did not clear the long strip of flag design hanging on the front of the box, and he landed heavily, but did not fall. He showed, however, a marked limp as he escaped through the wing.

"The audience grew wildly excited. Ferguson and I took our ladies to a place of security in an upstairs room in the theater, and then joined the crowd of excited men that was entering Ferguson's saloon, where the assassin was thought to have hidden himself. Many of the men had pistols and rifles. Ferguson got on top of the bar and told the men that John Wilkes Booth had done the shooting, and that he was not in the saloon, but probably had escaped on horseback. The police soon took charge of the saloon, drove everybody out, and securely fastened the doors. Because of Ferguson's acquaintance with Booth, both he and I were locked up, to insure our being present at Booth's examination, if he should be captured. Afterward we were vouchered for and given our liberty.

"I was rooming with a man who was running a tubboat up and down the Potomac river. One night he came in rather late and woke me up, saying that he had brought the body of Booth to Washington. I asked him what he thought of the body. 'Well,' he replied, 'they took it to the prison in the navy yard, tore up the floor of a cell and buried it below.' A day or two later he took me down to the navy yard and showed me a cell where there were some boards standing against the window on the inside.' He said Booth was buried in that cell."

Chubbuck was daily in attendance at the trial of the conspirators, and feels that Mrs. Surratt was unfairly dealt with when she was hanged for her connection with the assassination.

"I have always felt that her complicity was measured by the mere fact that the real conspirators used her house as headquarters for their plotting; it was generally thought that she believed the president was to be kidnapped, but not

### Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is absolutely necessary. That is just how Humphreys' Veterinary Remedy is so valuable to you. It is by F. Humphreys, M. D., V. S., and it is the only remedy that will cure and give proper treatment.

This book will give you hundreds of dollars and costs nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedy. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphreys-Homoeopathic Medicine Company, 125 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a postcard by writing for it now.

physically harmed. If her trial had not come at the moment when the public was so intensely excited, I doubt that she would have been hanged. I witnessed the parting between Mrs. Surratt and her daughter, shortly before the mother was led to the scaffold and executed. The scene was so tragic that it lingers constantly in my memory. The daughter believed implicitly that her mother was guiltless. With their arms thrown about each other, both sobbing hysterically, they clung to each other until forced apart by the guards, and while being torn from each other's embrace, they fought for the last kiss, for the last touch, for the last fervent look and goody, moments filled with a greater agony than one can imagine."

The average man would rather help out with the unwell chorus than play second violin.

# COMMISSION FINISHES WORK

### Assessed Valuation of the City of Marquette Is Raised \$1,993,532 Over Figures of the Controller and the Board of Review—The Tax Rate Will Be High.

### Property Holders Will This Year Pay About \$15.05 a Thousand, Which Is Almost \$2 Higher Than Last Year, Due to Heavy Budget—Commission Did Well.

The state tax commission, which concluded its work in Marquette yesterday and turned over the assessment roll to the controller, has raised the assessed valuation of real and personal property in the city from \$9,060,565, the original figures of the controller and the board of review, to \$11,054,107. This is an increase of \$1,993,532.

While the controller has not as yet officially computed the city tax rate, an estimate made by dividing the amount of the budget by the assessed valuation shows that it will be about \$15.05 on each thousand dollars of valuation. This is \$2.84 a thousand higher than last year, when the figure was \$12.20, and is due to the fact that there is an increase of \$55,937.24 in the budget this year. When last year the cost of running the city was but \$10,420.76, it will require \$106,358 to cover the expense contemplated for this year.

As a result of the commission's visit to the city, the general taxpayer will bear a burden that in reality is 20 per cent. lower than it would have been had the assessed valuation as determined by the controller and the board of review been used to establish the rate. In order to fairly understand the benefit that has been realized, the rate on the assessed valuation means to the general property owners, whose assessments have been subjected to but slight change, except for a few hundred dollars' boost in a comparatively small number of instances, the tax rate as it would have been, had not the revaluation been made, must be considered.

### Rate Might Have Been Exceedingly High.

With a budget of \$106,358 spread over a roll showing a valuation of \$9,060,565, the rate would have been 18.36 a thousand. In other words, using the board of review's figures as a basis for determining the tax rate, this would have been 3.52 a thousand higher than the rate determined by the figures of the state tax commission.

### Figures to Stand for Three Years.

Almost half of the increase in real property is assessed against the Pioneer iron company. The figures showing the increase in the valuation of this company's Marquette city holdings and of other corporation-owned real property which stood the greatest boost were published in a recent issue of The Mining Journal.

The corrected tax roll yesterday was handed to Controller Primeau by S. G. Horton, who is at the head of the commission's work in Marquette county, with a certificate showing that the figures as approved by the commissioners are final. The clerical force employed by the commission was at once turned over to Controller Primeau and will spend a day or two helping him to prepare the assessment and tax rolls for the final accounting before the city taxes are apportioned. This was done out of courtesy to Mr. Primeau, who has given the commission's men able assistance through the weeks and months they have been stationed here.

The assessed valuation determined by the tax commission will stand for three years, that is, it may not be reduced within that period without the consent of the commissioners, who would be obliged to hold a formal review here and to make an examination of the property for which the reduction was asked. The city assessors may, however, raise the assessment whenever they see fit. The justice of this is obvious. Improvements, additions and new construction are going on at all times and the growth of the city naturally increases the value of real estate from year to year. Property values in a certain locality might double before another year passes.

### Fairness of Appraisals Undisputed.

While there was much complaint on the part of the corporations whose property was so largely increased on the assessment rolls, this was rather not the grounds that their plans were not earning adequate profit, than because of unjust appraisal. E. M. Twiss, chief examiner for the commission, who has given Marquette county considerable attention during the entire campaign here, which began about the first of the year, saw

to it that a careful examination of the city was made. As a result, no appraisals have been disputed. Even those who are hardest hit by the increase and whose property heretofore has been undervalued, acknowledge the fairness of the appraisal. In every instance of largely increased valuation, the commission's experts made the estimates which were used to substantiate the sworn statements of the corporations.

## GRANGE PICNIC.

Agriculturalists of Marquette and Alger Counties at Chatham.

About two hundred agriculturists of the counties of Alger and Marquette attended the annual joint county grange picnic held yesterday at Chatham. The party assembled in the grove of the state experimental farm, where at noon a dinner was served. The Munising band furnished music all day. A large number of people went from Munising and Tremont in automobiles. Mrs. G. Sherman Collins and Mrs. L. B. Stewart, of Munising, favored the party with vocal solos. F. H. Vandenberg acted as president of the day.

Among those called upon to speak was Grand Master Ketcham of the state grange, who was a guest of honor. Mr. Ketcham spoke highly of the work of the last legislature. He declared the upper peninsula was notably strong in that session and singled out Senator W. Frank James of Hancock as being the member he considered to be the strongest man in the senate as far as the state grange was concerned. Robert Blenhuber gave a talk on "Marketing Potatoes," and F. H. Vandenberg spoke on dairying. Mrs. George Leiphart, of Munising, addressed the farmers on poultry raising. H. B. Freeman, also of Munising, former prosecuting attorney of Alger county, gave an address, as did President Kaye of the Northern State Normal.

## MISS HAZEL PRICE WEDS DR. H.S. BUFFUM

### Former Instructor at Normal College United in Marriage to Marquette Girl.

Beneath a canopy of groundpine and balsam boughs, suspended in the parlor of the house, which was artistically decorated with evergreens, bridal wreath and sweet peas, Hazel May Price, daughter of Thomas Price, 216 West Michigan street, was last evening united in marriage at the home of her parents to Hugh Straight Buffum, formerly head of the department of pedagogy in the Northern State Normal school and now a member of the faculty of a Southern college.

The ceremony took place at 8 o'clock. The wedding march from Lohengrin was played by the Misses Hazel Brown and Ethel Young, at the piano. The bride advanced on the arm of her father. She was gowned in crepe de meteor, with shadow and net and carried a cap of shadow lace. She was accompanied by the bridesmaid, Miss Daisy Shaul. The ribbon bearers were the Misses Ethel Price and Ruth Sinclair. Under the evergreen canopy stood the bridegroom and his best man, Harry Price, a brother of the bride.

The new Presbyterian ceremony was used. Rev. J. M. Rogers, of Ishpeming, officiating. The service was witnessed by about one hundred guests.

After the ceremony a short musical program was enjoyed. Rev. Platt T. Amstutz, of the Presbyterian church, sang a solo, "If I But Knew"; Miss Ruth Sinclair played a piano selection; Llewellyn Drake and Rev. Mr. Amstutz gave a vocal duet, "The Talisman," and Miss Ethel Price sang "The Slumber Boat."

The Misses Nina Drake, Mary Watt, Gertrude Kraft, Pearl Lewis, Ethel Shaul, Ruth Young and Lois Donaldson, young girl friends of the bride, attired in pink and white, served the guests with a delightful repast. The refreshments consisted of punch, ice cream, coffee and assorted cakes.

Dr. and Mrs. Buffum, who have a large number of friends in this city, were the recipients of a large number of beautiful and costly presents, principally cut glass, silver and linen. Following the musical program, the couple staid away, and up to a late hour last evening their whereabouts were unknown except to their most intimate friends and members of the family, who refused to divulge the secret. It is believed they are at a summer cottage not from the city.

## BOARD MEETS.

### Supervisors Transact Little But Routine Business, However.

The county board of supervisors held a brief meeting yesterday at noon in the court house. The employment of a "motor cop," for whom a salary of \$85 a month was appropriated, was authorized. The appointment of the officer will be left entirely in the hands of Sheriff Mohrney. The officer will ride a motor cycle and prosecute violators.

Johnson & Hedman were awarded a contract for the erection of a cottage for employes at the Morgan Heights sanatorium, on a bid of \$4,804.70, including plumbing. Four bids were presented. Although the price of the lowest bid was higher by more than \$1,000 than the \$3,000 appropriated for the building, the committee which considered the bids prior to the meeting was assured that the cottage could not be erected within the quality they demanded for \$3,000. The difference between the contract price and the appropriation will be made up out of the general fund.

## SHUNS WATER FOR YEARS.

### Millionaire's Son Doesn't Drink, Lives on Nuts and Fruit.

Hemet, Cal., June 25.—Charles Reickhoff, of this place, has not taken water for four years. Neither has he taken intoxicants nor any liquid save by absorbing the juice of fruits. Some years ago, Reickhoff, who is the son of a millionaire living at Orange City, la., determined to try a health cure of his own invention. He has lived in the open air every possible moment and has eaten nothing but nuts and fresh fruit. He says he is in perfect health.

## UPHOLDS PICTURE IN NUDE.

### Toledo's Mayor Says Nastiness Is in The Minds of Defamers.

Toledo, O., June 25.—"September Morn," barred from the windows of many cities, will be viewed by Toledoans without interference. It is a copy of a painting showing a maiden in the nude stepping into a stream.

"Are you going to order the picture suppressed, Mr. Mayor?" asked a reporter.

"Certainly not. All this hysteria about the picture came from the fact that a policeman in Chicago saw something evil in it, and ordered it suppressed. I believe when the law was appealed to, the action of the policeman was not upheld. Policemen are not authorized to act as moral censors or art critics. The picture was not in the picture; it was in the policeman's mind. Law does not require policemen to act as snout hounds."

## DELVALLE STUDYING MEXICO.

El Paso, Tex., June 25.—R. F. Delvalle of Los Angeles, who, Washington dispatches say, is to be the next American ambassador to Mexico, is here conferring with American citizens and Mexicans of both rebel and federal tendencies. From here he is going to Eagle Pass to confer with Carranza. He has been to Sonora, conferring with rebel leaders. As to his mission he said:

"I have no official capacity except that given by my passport, which constitutes the whole of my official documents. I am an individual peace messenger to Mexico. I am conversant with the views of President Wilson and Secretary Bryan, and it is with their consent that I am going to Mexico."

"I am going as a friend of the Mexican people to tell them if they wish the assistance of the United States in this crisis I will be glad to submit their wishes to Washington. Politically, I am in sympathy with the president and secretary of state, and I go with their knowledge and consent."

"I am studying the situation at first hand in order to give them the benefit of my information and knowledge of the country and its people. I will talk with whoever wishes to talk with me about the Mexican affairs, wherever and whenever they desire. My one idea is to get every bit of information I can."

## BIDS ON COAL.

## TO THE FISHERMEN.

The "South Shore" early morning Express train of Sundays stops at Gordon, Sand River, Deerton, Onota, Rock River, An Train, Westmore and Creighton. The night express of Sundays will stop at same points to pick you up. Special low excursion fares. A golden opportunity for capturing the funny tribe.

## LET'S GET RIGHT DOWN TO COMMON SENSE

The purchase of your summer suit is an investment—you can't afford to make a mistake.

You want to get the greatest possible value for your money in style, fabric and service.

You ought to get it and the best way to what you pay for is to investigate before you spend.

We want you to investigate because if you do you are absolutely certain to buy your summer suit and haberdashery at this store and that means money to both of us.

Doesn't this sound reasonable. Put us to a test—let us show you.

Satisfaction is guaranteed in all our dealings.
