PRICE FIVE CENTS.

## TAMMANY IS GIVEN A BAD DEFEAT Mitchel Is Chosen Mayor by 75,000 and Carries Almost All the Fusion Can- didates to Victory With Him.

## SULZER WINS A SEAT IN THE LOWER HOUSE

### Some Notable Gains Are Made by the Republicans, Not Only in the Empire Commonwealth, but in the Central States--Chas. F. Murphy's Organization Loses Control of the Albany Assembly--Walsh, Democrat, Triumphs in Massachusetts, With Bird, Progressive, Running Second and the Legislature Still Dominated by the G. O. P.--Administration Forces on Top in Jersey--Politics of the New Members of Congress Is Unchanged from the Last Election.

Election returns at an early hour today showed a notable triumph for the Democrats in Massachusetts, where the governor and state ticket were chosen in a four-sided fight; the selection of a Democratic governor and the state ticket in Virginia, without a contest; the ascendancy of fusion over Tammany in New York city, with indications of a Republican victory for the New York assembly and judicial ticket, and a Democratic victory for the state ticket in New Jersey.

In Maryland, a Democratic senator was chosen. The Democracy triumphed also in the Twentieth New York congressional district, where Jacob H. Cantor was elected; in the Thirteenth New York, where George W. Loft succeeds the late "Tim" Sullivan, and in the Third Maryland district, where Charles P. Coady was the choice of the voters. In the Third Massachusetts district, Calvin D. Paige, Republican, was elected.

The Republicans recorded gains in the municipal elections held in various cities in the Central states. In Cincinnati, the late returns indicate the election of Judge F. S. Spiegel, Republican, over Mayor Henry T. Hunt, Democrat. A Republican gain resulted in Cleveland when Mayor Newton B. Baker's reelection as a Democrat was thought to be assured by a majority greatly under that of two years ago, when it was seventeen thousand.

A Republican was elected mayor of Toledo.

The municipal election in Indianapolis resulted in a Democratic victory.

The voting of women in more than a score of towns in southern Illinois resulted in a slight increase of prohibition territory, the votes of the women being overwhelmingly in favor of the "dry" tickets.

At Philadelphia, the "reform" forces lost to the Republicans.

New York, Nov. 5.—Fusion carried New York city today, electing John P. Roy Mitchell mayor by approximately seventy-five thousand and retaining control of the important board of estimate by a safe margin.

Tammany Hall saw its nominee for the mayoralty, Judge Edward E. McCall, go down to defeat by one of the biggest pluralities ever given against a candidate of the organization, and it looked near midnight as if it might not even save the New York county office out of the wreckage.

"By not recognizing either him or anyone connected with him, I am going to do all I can to drive him out of business," said Mitchell.

A foregone conclusion of the balloting today was the reelection of Charles S. Whitman in the district attorneyship. He was a candidate on nearly all the many tickets.

Tammany Saves Little Out of the Wreck

Apparently with the exception of a few seats in the districts which usually go Democratic, almost all the fusion tickets succeeded in electing one of its nominees—Maurice E. Connelly, for borough president of Queens, the fusionists elected borough presidents in Brooklyn, the Bronx and Richmond and apparently have pulled through their candidate for president of the borough of Manhattan.

The results thus indicated would leave Tammany but one vote out of sixteen in the board of estimate, which controls the city's purse. A fusion majority in the board of aldermen also seems assured.

In the Sixth assembly district, William Sulzer, recently deposed as governor, was elected on the Progressive ticket, while the Tammany leaders early conceded the election of Mitchell, but it was not until nearly 11 o'clock that they would concede the board of estimate to fusion.

Disaster Reluctantly Admitted.

"It looks as if we lost everything," Secretary Thomas Smith, of Tammany Hall, finally admitted.

At the same time Samuel S. Koenig, chairman of the Republican committee, claimed the election of the entire fusion ticket in the greater city and the New York county ticket as well.

Charles F. Murphy, leader of Tammany Hall, followed shortly with a brief statement. "The result speaks for itself," he said. "Mr. Mitchell has been elected by a plurality of the voters. His opponents join in the wish that he may have a successful administration and hope that it will be of substantial benefit to the city."

Former Judge McCall, the Tammany candidate, retired early. He took the announcement of his defeat calmly, when his campaign manager called the candidate on the telephone and told him the returns spelled Mitchell by a big majority.

"Is that so?" said Judge McCall. "I have been playing golf all day, and I am tired. I will send a telegram of congratulation to Mr. Mitchell and go back to bed."

Mitchel to Drive Murphy Out.

Mayor-elect Mitchell declared the result was not a personal triumph, but a victory for the cause of good government. "I shall be mayor for all the people of New York, and not for any faction, division, or party," he declared, in a statement. "I have but one ambition, and that is to make New York city the best governed city in America."

"To Judge McCall, I extend my sincere personal greetings. He has reaped the fruits of the success of the consequence of intolerable conditions of a cor-

### WHITE HOUSE OCCUPANT WEARS A GENIAL SMILE OVER NEWS FROM POLLS

Washington, Nov. 4.—Washington failed to get up much comment today on the election returns. President Wilson returned to the White House tonight wearing a genial smile of satisfaction over the returns from Massachusetts, Maryland, New York and New Jersey. The president watched the New Jersey returns closely for the final confirmation of the success for the Democratic ticket for which he has spoken and voted.

The chairman of the congressional committee—Representative Woods, of Ohio, Republican, and Representative Doremus, of Michigan, Democrat—paid little attention to the early returns. They were interested particularly in the results of the congressional elections in the Third Massachusetts, the Thirtieth and Twentieth New York and the Third Maryland districts, which were slow in coming in.

### SERIOUS RIOTING MARKS GARY (IND.) BALLOTING; OFFICIAL BADLY INJURED

Gary, Ind., Nov. 4.—Despite the presence of one hundred deputy sheriffs mustered in to preserve order, rioting attended the municipal election here today. Dr. Frank W. Smith, corner of Broadway and Second streets, was killed, but the police failed to find any trace of him. The rioting resulted in a call on the governor for troops. The governor, however, refused.

### CITIZENS' CANDIDATE SUCCESSFUL

Gary, Ind., Nov. 4.—Mayor Thomas Knotts, Democrat, late tonight conceded that he had been defeated by Roosevelt O. Johnson, the Citizens' candidate.

### WOMEN HELP CLOSE FORTY SALOON DOORS

Three Out of Four Cities in Southern Illinois Go in Favor of Prohibition.

Springfield, Ill., Nov. 4.—Women swarmed to the polls today in twenty-five southern Illinois municipalities, and with the single exception of Duquoin, dealt severely with the saloons. It was their first opportunity to vote directly against the saloon and Prohibition.

### NEW JERSEY VOTE SHOWS BIG CHANGE

Trenton, N. J., Wednesday, Nov. 5.—Late returns indicate that James F. Fielder, Democrat, for governor, has a plurality over Stokes, Republican, of twenty thousand and may go above that figure.

### TRENTON, N. J., NOV. 4.—INDICATIONS POINT TO THE ELECTION OF JAMES F. FIELDER, DEMOCRAT, FOR GOVERNOR, BY A PLURALITY OF ABOUT THIRTY THOUSAND OVER EDWARD C. STOKES, REPUBLICAN.

The surprising feature of the election is the light vote cast for Everett Colby, the Progressive candidate. Colby's vote probably will not exceed forty thousand, as compared with 145,000 received a year ago by Colonel Roosevelt for president.

### MR. WILSON WIRES CONGRATULATIONS

Washington, Nov. 4.—Just before midnight President Wilson sent this telegram to James F. Fielder:

"My warmest congratulations. You did not need to call off the hounds."

### TOLEDO, O., NOV. 4.—FORMER STATE SENATOR CARL KELLER, REPUBLICAN, WILL BE THE NEXT MAYOR OF TOLEDO, ACCORDING TO THE LATEST RETURNS.

Mayor George J. Karb, Democrat, has been reelected in Columbus.

### BLAIR LEE GIVEN SENATORIAL TOGA

Maryland Democratic Candidate's Plurality Estimated at Thirty-Five Thousand.

Baltimore, Md., Nov. 4.—Based on incomplete returns from this city, but which are regarded as a sure indication of the final result, State Senator Blair Lee, Democrat, has been elected to the United States senate to fill the unexpired term of the late Isadore Raynor by an estimated plurality of thirty-seven thousand over the former Congressman Thomas Parran, Republican, and former United States Senator George L. Wellington, Progressive.

### BELL, DEMOCRAT, CHOSEN MAYOR OF INDIANAPOLIS; BULL MOOSE RUNS SECOND

Indianapolis, Nov. 4.—In the mayoralty election here today, Joseph E. Bell, Democrat, carried the city by a plurality of 8,438. His vote was 22,224. Dr. W. H. Johnson, Progressive, was second with 14,766. Charles A. Bookwalter, Republican and former mayor, polled 13,315 votes.

### NOMINEE OF THE G. O. P. IN THIRD MASSACHUSETTS

Fitchburg, Mass., Nov. 4.—Calvin D. Paige, of South Bridge, Republican, was chosen to succeed the late William H. Wilder, Republican, in the special election today in the Third congressional district. The total vote gave Mr. Paige a majority of 155. The vote was: Paige, Republican, 11,827; O'Connell, Democrat, 10,872; Marshall, Progressive, 2,205.

### CINCINNATI REPUBLICAN BY UPWARDS OF 3,000; WHOLE TICKET TRIUMPHS.

Cincinnati, O., Nov. 4.—The Democratic campaign committee at 11 o'clock conceded the election of Judge Frederick Spiegel, Republican candidate for mayor, and the entire Republican city ticket by pluralities of more than three thousand.

## GOVERNOR FOSS RUNS POORLY IN THE BAY STATE

Of the Four Candidates for the Gubernatorial Office, He Polls the Smallest Count—Bird, Progressive, Is Second to Walsh, Winner by 60,000 Votes.

In New Jersey, the Third Party Nominee, Everett Colby, Falls Far Behind Both Fielder and Stokes—Plurality of the Democratic Candidate 20,000 or More.

Boston, Mass., Nov. 4.—David L. Walsh a Democrat, was elected governor today by a plurality estimated at fifty thousand. The remainder of the state ticket was in doubt when three-fourths of the election districts had reported shortly before midnight. The Democratic leaders claimed a complete victory for state offices and the returns as far as tabulated seemed to support this claim. The legislature continues Republican in both branches.

Mr. Walsh, who succeeds Governor Foss, after one term as lieutenant governor, was elected to his present office a year ago by nearly two hundred thousand votes, the greatest number ever received by a Democratic candidate for that office.

The second feature of the election was the big vote polled by Charles S. Bird, Progressive candidate, who appeared to have a slight lead over Congressman Augustus P. Gardner, Republican, for second place.

General Foss, originally a Republican and three times elected as governor by the Democrats, polled the smallest vote of the four leading candidates.

New Jersey Vote Shows Big Change.

Trenton, N. J., Wednesday, Nov. 5.—Late returns indicate that James F. Fielder, Democrat, for governor, has a plurality over Stokes, Republican, of twenty thousand and may go above that figure.

Trenton, N. J., Nov. 4.—Indications point to the election of James F. Fielder, Democrat, for governor, by a plurality of about thirty thousand over Edward C. Stokes, Republican.

The surprising feature of the election is the light vote cast for Everett Colby, the Progressive candidate. Colby's vote probably will not exceed forty thousand, as compared with 145,000 received a year ago by Colonel Roosevelt for president.

Fielder's vote in the returns at hand is running slightly below that received by Woodrow Wilson a year ago, which was 179,280.

Stokes' vote probably will exceed one hundred and fifty thousand, as compared with 88,833 received by Taft last year. Stokes apparently has carried Essex county, the home of Colby and also the home of former Senator James Smith, Jr., and former Democratic State Chairman Nugent, whom Fielder on the stump accused of working against him.

Mr. Wilson Wires Congratulations.

Washington, Nov. 4.—Just before midnight President Wilson sent this telegram to James F. Fielder:

"My warmest congratulations. You did not need to call off the hounds."

TOLEDO, O., NOV. 4.—FORMER STATE SENATOR CARL KELLER, REPUBLICAN, WILL BE THE NEXT MAYOR OF TOLEDO, ACCORDING TO THE LATEST RETURNS.

Mayor George J. Karb, Democrat, has been reelected in Columbus.

### BLAIR LEE GIVEN SENATORIAL TOGA

Maryland Democratic Candidate's Plurality Estimated at Thirty-Five Thousand.

Baltimore, Md., Nov. 4.—Based on incomplete returns from this city, but which are regarded as a sure indication of the final result, State Senator Blair Lee, Democrat, has been elected to the United States senate to fill the unexpired term of the late Isadore Raynor by an estimated plurality of thirty-seven thousand over the former Congressman Thomas Parran, Republican, and former United States Senator George L. Wellington, Progressive.

### BELL, DEMOCRAT, CHOSEN MAYOR OF INDIANAPOLIS; BULL MOOSE RUNS SECOND

Indianapolis, Nov. 4.—In the mayoralty election here today, Joseph E. Bell, Democrat, carried the city by a plurality of 8,438. His vote was 22,224. Dr. W. H. Johnson, Progressive, was second with 14,766. Charles A. Bookwalter, Republican and former mayor, polled 13,315 votes.

### NOMINEE OF THE G. O. P. IN THIRD MASSACHUSETTS

Fitchburg, Mass., Nov. 4.—Calvin D. Paige, of South Bridge, Republican, was chosen to succeed the late William H. Wilder, Republican, in the special election today in the Third congressional district. The total vote gave Mr. Paige a majority of 155. The vote was: Paige, Republican, 11,827; O'Connell, Democrat, 10,872; Marshall, Progressive, 2,205.

### CINCINNATI REPUBLICAN BY UPWARDS OF 3,000; WHOLE TICKET TRIUMPHS.

Cincinnati, O., Nov. 4.—The Democratic campaign committee at 11 o'clock conceded the election of Judge Frederick Spiegel, Republican candidate for mayor, and the entire Republican city ticket by pluralities of more than three thousand.

## HUERTA STILL IS SILENT AS TO HIS INTENTIONS

No Meeting of His Cabinet Has Been Held to Consider the Demands of the United States That He Step Out and He Preserves an Enigmatical Reserve.

Washington Warns That Unless He Retires, It Will Issue a Mandate Which, if Ignored, Will Cause a Request to Congress for Power to Take Stern Action.

Mexico City, Nov. 4.—The undertone of conversation at the national palace to night carried rumors regarding President Huerta's attitude in the face of Washington's demands that he retire, but the president himself preserved an enigmatical reserve.

Huerta's intimates are familiar with the terms of the communication, which they regard as practically mandatory. The memorandum from the administration at Washington states that unless General Huerta retires immediately and thereafter has nothing to do with the conduct of affairs, or the formation of a new government, the president of the United States will issue an ultimatum which, if rejected, will cause him to call upon congress to authorize him to use sterner methods.

### Dictator Given No Choice

The language used caused Huerta's friends to regard the American communication in itself as conclusive, since General Huerta is given no choice regarding further participation in Mexico's official affairs.

General Huerta is reminded that the United States is anxious to avoid trouble as much for the welfare of Mexico as to preserve international peace. He is finally urged to abandon power and to do so immediately, since the American government, it is indicated, will tolerate no further temporizing.

The report that Washington had sent a new communication to General Huerta spread throughout the city, but aroused only casual interest. The special cabinet meeting called by the president for today was not held. This is taken as an indication that he is not yet ready to discuss the Washington demands with his ministers.

### Plans of Washington Kept Secret

Washington, Nov. 4.—The Mexican situation was the subject of widespread comment in Washington today. But the day's developments in official quarters added little of a definite or tangible nature concerning the exact status of affairs.

The reports from Mexico City that a new and somewhat summary move had been made by the United States toward the elimination of General Huerta brought no response from the state department or other official circles, beyond a brief statement from Secretary Bryan that no "ultimatum" had been presented. Whether some other communication, less than district attorney by about forty thousand majority.

### Warm Contest at Pittsburg

An unusually bitter contest in Pittsburg resulted in the election of Joseph C. Armstrong as mayor over Stephen G. Porter, a member of congress.

### BUFFALO'S EXECUTIVE HIS OWN SUCCESSOR

Buffalo, N. Y., Nov. 4.—Louis P. Fuhrman, Democrat, was today reelected mayor by a plurality of about sixty-five hundred.

### VIRGINIA'S POLL ONE-SIDED

Richmond, Va., Nov. 4.—The entire state Democratic ticket, headed by Henry C. Stuart for governor, was elected today. The legislature is overwhelmingly Democratic.

### ROOSEVELT GOES TO ARGENTINA

Montevideo, Nov. 4.—After spending twelve hours in Montevideo, Colonel Theodore Roosevelt left tonight for Buenos Ayres. During his brief visit here, the colonel was the guest of the president of the republic, who gave a banquet in his honor.

### Abilene, Tex., Nov. 4.—Rain caused the cancellation of the ball game between the New York Giants and Chicago White Sox here today.

drastic than an ultimatum, had been presented, Mr. Bryan declined to state, maintaining that the government should be free to shape its course of action on such affairs, without defining each step through the press.

### President Resolved Huerta Must Go

In well-informed quarters it was admitted that negotiations have been proceeding in pursuance of President Wilson's determination to procure the elimination of Huerta as a factor in Mexico. That this involved the delivery to the Mexican authorities of another communication was also admitted, though it was said this communication did not partake of the nature of an ultimatum.

President Wilson left early to cast his vote in New Jersey, returning late this evening.

### London Expects Armed Intervention

London, Wednesday, Nov. 5.—The evening papers, in editorials on the Mexican situation, express the belief that, although the report of the nature of the Washington communication might be inaccurate, President Wilson will ultimately be driven to intervention.

The Times says: "If President Wilson can procure a firm and honest government in Mexico without a preliminary season of bloodshed and chaos, he will perform a very remarkable diplomatic feat."

The London Chronicle says: "Whether or not a formal ultimatum has been sent, the effect is the same. Huerta must surrender, or the United States must undertake a Mexican war, and it is quite unlikely that Huerta will yield. The European nations, although they have great interests there, cannot conceivably contemplate going to war with Mexico, but are ready to give their sympathy and passive support to the United States."

### Porfirio Diaz Going to Miami, Fla.

Miami, Fla., Nov. 4.—Porfirio Diaz, former president of Mexico, will live in Miami this winter, according to Rafael Ruessga, Mexican consul here, who says he has leased a home for Diaz near Senator Bryan's place. Senor Ruessga says the exile will arrive here early in December with his family.

### U. S. Battleships at Vera Cruz

Vera Cruz, Nov. 4.—The third division of the United States Atlantic fleet, comprising four battleships, arrived here at 6 o'clock this evening.

## PRESIDENT OF CHINA BECOMES A DICTATOR

### Drastic Decree Expels from Parliament All Members of Party Hostile to Executive.

Peking, Nov. 4.—The struggle between the Chinese parliament and President Yuan Shi Kih has brought about on the part of the latter drastic action which may have a serious effect on parliamentary government. Presidential proclamations issued at midnight expelled the Kwo Ming Tang party, numbering more than three hundred members, from parliament.

The proclamations recount the difficulties with which the government has been struggling since the Manchian regime, and describe the disasters which it is claimed are certain to follow if parties, such as the Kwo Ming Tang, are permitted to exist.

The Kwo Ming Tang party was formerly headed by Dr. Sun Yet Sen, the first provisional president of China, who is now in exile. Members of the party have continued to fight in parliament for the curtailment of Yuan Shi Kih's authority.

At the various legations the opinion is held that only by strong action can the president prevent the disruption of China by her own people.

### ROOSEVELT GOES TO ARGENTINA

Montevideo, Nov. 4.—After spending twelve hours in Montevideo, Colonel Theodore Roosevelt left tonight for Buenos Ayres. During his brief visit here, the colonel was the guest of the president of the republic, who gave a banquet in his honor.

### Abilene, Tex., Nov. 4.—Rain caused the cancellation of the ball game between the New York Giants and Chicago White Sox here today.

## Copper Country Strikers Show Renewed Energy

### Parades Held Throughout the District, Calumet Excepted, Involve More Men and Are Attended With More Enthusiasm Than Noted for Some Time Past.

Houghton, Mich., Nov. 4.—[Special.]—The strikers in the copper country seemed to take heart again today. There was more evidence of active strike energy, more and larger parades throughout the district. Two reasons for this are given.

Sheriff Cruise said this afternoon that the unusually enthusiastic parade at South Range was the result of a distribution of coal among the strikers by the Western Federation of Miners.

A second reason for the revival of enthusiasm is the announcement of the proposed establishment of "cost" stores by a map named Hennessey, in agent for the Western Federation.

Half-Ton of Coal per Family.

It is not learned that coal was distributed at any other point than the South Range district, but there three cars have been paraded out at the rate of half a ton per family. One car was distributed at Painesdale Saturday and two at South Range Monday. In the latter case, miners went to South Range from Painesdale and hauled their allotment of coal back three miles with all sorts of wagons.

The "cost" store plan is not well explained as yet, but it is understood that Hennessey is establishing a number of stores about the strike zone, intending to sell goods at bare cost. Sheriff Cruise has advised to the effect that fifteen carloads of provisions and other goods for the equipment of these stores are on the way to the district.

These two developments served today at least to revive the drooping spirits of the strike and they paraded throughout the district, except at the Calumet & Hecla, in greater numbers and with more of a show of enthusiasm than has been the case for some time.

At Calumet, with the exception of last Sunday, parading seems to be a thing of the past. It is claimed there are not now two hundred former employees of the Calumet & Hecla actually on strike. The parade at Calumet last Sunday was not a Calumet parade. It was a Keweenaw county parade. Street cars jammed full of humanity hauled people from Keweenaw county into Calumet for hours before this parade. The bulk of the paraders in Calumet in several weeks past have been from Keweenaw county.

Few Finns Returning to Work.

It must be admitted that in spite of the apparent wavering of Wolverine strikers a few days ago, Wolverine being supposed to indicate somewhat the trend of opinion in Keweenaw county, which it adjoins, the strike in Keweenaw county is nearly as vigorous now as it ever was. It is true there is less violence and that the Mobawik is preparing to hoist rock, but the strikers are almost as numerous as at the start.

It is a significant fact that not a Finnish miner or trapper, as far as can be learned, has returned to work in a Keweenaw county mine. It can be said, however, that nine Finnish strikers returned to work at Quincy Monday, and this may be the advance guard of a returning army of Finns, providing the efforts of Finnish businessmen bear fruit.

Some trouble is expected in the Keweenaw district when the mines there commence importing men. It is understood that this influx will start this week.

Funds Mismanaged, Charges Ryan.

Mismanagement of funds is charged by T. J. Ryan, head of the Lead (S. D.) union, in his testimony in the suit brought against President Charles Meyer of the Western Federation in the matter of a foreclosure of a mortgage by the Butte union on the Lead union's hall. Mr. Ryan testified that \$425,000 was paid out at Lead to locked-out miners as benefits during the labor trouble there. He also stated that large additional sums intended for this purpose had never been accounted for and did not reach the source judged.

# Copper Country

## REFUSES TO POSTPONE TRIALS OF DEPUTIES

### Judge Orders Case Arising from Seeberville Tragedy Set for Hearing Nov. 25.

In the circuit court yesterday morning Judge O'Brien refused to grant a motion for a continuance of the trials of the six deputy sheriffs charged with the murder of Abner T. Ryan and Steve Patrick at Seeberville Aug. 14. Judge O'Brien at first set one week from next Monday as the time for the commencement of the joint, or separate trials, but later changed the date to Nov. 25.

The hearing on the motion for continuance was made by Messrs. Galbraith, McCormack and Watson, attorneys for the defense, occupied the entire morning session of the court. In the absence of Mr. Galbraith, chief counsel, Mr. Watson made the affirmative argument. He based the motion for continuance on three propositions:

The absence of a material witness.

The violent bias and prejudice existing in the county.

The insufficiency of the time of preparation afforded the attorneys for the defense.

In support of these propositions he advanced affidavits by Thomas Haleigh, one of the defendants, and Mr. Galbraith. The material witness referred to was named as Joseph Callahan, who is now in New York and unable to attend the trial at this time.

George H. Nichols, assistant prosecutor, conducted the argument against the motion. He offered affidavits by Prosecuting Attorney Lucas against the possibility of Callahan's evidence being material, and of G. L. Perrault and Justices of the Peace Charles R. Little, David Armit and William F. Fisher, against the question of bias and prejudice. On the sufficiency of time for preparation Mr. Nichols showed that Mr. Galbraith had attended the inquest and examination, for both of which all the testimony had been taken on Sept. 23.

In his argument, Mr. Watson said that the possibility of a change of venue might be suggested as a course for the defense, in view of the alleged prejudice. He said he did not desire to advance this plea, as he believed in the right of the neighbors and peers. He considered the desire of the prosecution for an immediate trial to be a mere "railroading" of the cases, hasty trials for the convenience of the prosecution.

### Judge O'Brien's Ruling.

In ruling against the motion, Judge O'Brien said he did not believe that due diligence had been shown in the attempts to produce Callahan. There had been time enough to get him here, in reference to the time of preparation to the lawyers for the defense, the court believed that the two months since the inquest attended by Mr. Galbraith was ample. He admitted that a certain amount of prejudice exists as a result of the strike, but jurors holding such sentiments could be challenged for cause. He believed there could be no material change in sentiment by January, the time of the next term. He believed no showing had been made to justify a continuance and he ordered the cases to trial one week from next Monday, later amending the date to Nov. 25.

### FAWN IS SENT TO GRAND RAPIDS.

### Young Deer Taken Several Weeks Ago Is Shipped by Warden.

Deputy Game and Fish Warden Willson has forwarded to the state board of parks and recreation at Grand Rapids the fawn in confiscated several weeks ago near Misery Bay. The fawn was shipped a few days ago, following an order to that effect from State Game and Fish Warden Oates.

## BOARD TO HEAR CHARGES.

### L'Anse School Officers Set Friday for McKindles-Jackson Case.

A meeting of the board of education of L'Anse township, Baraga county, will be held Friday for the purpose of giving consideration to the charges made by Mrs. Elizabeth McKindles against Principal Joseph Jackson of the L'Anse High school. Mrs. McKindles asserts that Mr. Jackson inflicted on her son Norman, seventeen years of age, a student, cruel and unnecessary punishment. She charges that, for an infraction of the school rules, the boy was whipped with a rubber hose and that he fainted under the punishment, probably, it is contended, because the hose struck a wound remaining from an appendicitis operation to which the boy had submitted within a year.

### WOMAN RECEIVES SENTENCE.

### Mrs. Eva Pearce Will Spend at Least a Year in House of Correction.

Mrs. Eva Pearce of Lake Linden, the young woman who was arraigned before Judge O'Brien in the circuit court Monday afternoon on a charge of being disorderly and disorderly, third offense, to which charge she entered a plea of guilty, was brought before the court yesterday morning for sentence.

Judge O'Brien told the woman that he had investigated her case and he believed for her own good as well as for the good of the community she should spend some time in the Detroit house of correction. He sentenced her to that institution for a minimum term of one year and a recommended maximum of one year and six months. The woman received the sentence without evidence of interest. It is understood that it was her wish to be restrained, in the hope that absence from temptation might aid her in accomplishing her desire to reform.

### VETERAN LAWYER HONORED.

### Jeremiah Finnegan Heads Houghton County Bar Association.

The annual meeting of the Houghton County Bar association was held in the court room of the county building Monday night at the adjournment of the morning session of the circuit court. The bar was well represented, virtually the entire membership being present. The following officers were elected:

President—Jeremiah T. Finnegan.

First Vice President—Joseph F. Hamblitz.

Secretary—Treasurer—Albert E. Peterman.

The old executive committee was re-elected.

In assuming the office of president, Mr. Finnegan, now the oldest member of the bar in point of service, spoke feelingly of the appreciation of the judiciary and of the pride that had long been his in the opportunity to be one of such a company as is this bar. He paid a high tribute to his professional associates in Houghton county, for their fidelity to the best principles of the profession, their legal integrity, their knowledge of the law. He spoke of the bar of Houghton county as being one of the most learned and able in the state of Michigan.

George H. Nichols, Iowa, temporarily associated with the Houghton county bar as assistant prosecuting attorney, was elected to honorary membership. He made a happy little speech of acceptance of the honor.

### SUNDAY SCHOOL CONFERENCE.

A conference of Sunday school leaders of the Houghton district will take place this afternoon at the home of August F. Macdonald, East Hancock. The question of a district rally will be discussed. The officers of the district are August F. Macdonald, president; Hugh E. Johnson, vice president; William Anderson, secretary. The meeting will be the first of a series to take place this fall and winter. The league comprises Sunday schools in Hancock, Dollar Bay, Houghton, Chassel, Huron, town and Pevabie.

### WILL NAME A VILLAGE CLERK.

The regular November session of the Houghton village council will take place tomorrow afternoon at 4 o'clock. The principal business scheduled for transaction will be the appointment of a village clerk to succeed the late Mortimer O'Sullivan. The board has been deliberate in selecting a man for the office and no intimation of the lucky applicant has been permitted to leak out.

### TO LOCATE IN DETROIT.

Louis Houde has sold his barber shop, located in the Hancock postoffice building, and left yesterday for Detroit, where he expects to locate. He had worked in different shops in the copper country before going into business for himself. His family will join him later.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes out to me to be senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and that he has authorized me to sell for him the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that may be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1913.

A. W. GLEASON, Notary Public and acts directly upon the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all druggists. Take HALL'S Family Pills for constipation.

## MRS. UNSWORTH'S FUNERAL.

### Interment at Lake View Cemetery, After Services This Afternoon.

The funeral of the late Mrs. George Unsworth of Calumet, who died Sunday, will take place this afternoon from Christ church to Lake View cemetery. Mrs. Unsworth had been a resident of Calumet for a quarter of a century. She was born in Genesee, Can., in 1841. On Oct. 12, 1882, she was married at Hancock to George Unsworth, now an engineer for the Calumet & Hecla Mining company. She is survived by her husband, five daughters and one son. The daughters and son are Mrs. Fred Messner, Mrs. Thomas Allen, the Misses Edith, Maybelle and Mildred and George Unsworth, Jr.

## FUNERAL OF THOMAS COUCH.

### Remains of Late Redrigger Man to Be Interred This Afternoon.

The remains of the late Thomas Couch, who died suddenly at Redrigger Sunday, will be interred today, after funeral services at the Redrigger Congregational church. Mr. Couch had suffered previous attacks of heart disease but latterly had given no indication of the affection and Saturday night was in good health. Mr. Couch had retired before his husband and the latter was alone on the first floor when he started to ascend the stairs, so that the exact circumstances of the death will not be made known. Mr. Couch is survived by Mrs. Couch, two sons, William and George of Redrigger and two daughters, Mrs. J. J. Dunham of Superior, Wis., and Mrs. George Wilkins of Moline, Ill. He was a native of Brezge, Cornwall. With Mrs. Couch he went to Hancock thirty-three years ago, later removed to Marquette and subsequently came back to the copper country. He located at Atlantic, at which location he lived for twenty years. He removed to Redrigger eight years ago.

## BISHOP BURT COMING.

### M. E. Church Head to Conduct Conventions in Upper Peninsula.

Rev. W. E. Marvin, superintendent of the Houghton district, has completed arrangements for the coming of Bishop Burt, head of the Methodist Episcopal church in Michigan, to the upper peninsula to conduct three sub-district conventions. The conventions will take place at Marquette, Ironwood and Calumet. Bishop Burt will be in Marquette Nov. 21, Ironwood two days later and in the copper country Nov. 23.

Bishop Burt was for eight years a representative of the Methodist Episcopal church in Europe, with headquarters at Zurich, Switzerland. He bears from the king of Italy the order of St. Lazarus. Bishop Burt is serving his first year as bishop in Michigan and will continue in this capacity for the next general conference three years hence, when he will be returned to this state or sent to another territory.

## Excellent Response to Appeal.

District Superintendent Marvin said yesterday that the churches of the district had responded excellently to his appeal in behalf of the copper country Methodist Episcopal pastors affected by the strike. Calumet is in the lead, with a subscription of \$100. Noganue is second, with \$80; Lake Linden contributed \$50; Hancock, \$25; East Hancock, \$25; and other churches gave from \$5 to \$20. Only half of the churches have yet made their returns to the district superintendent.

## TRINITY ORGAN RECITAL.

### Mr. Beymer Will Offer Interesting Program at Houghton Tonight.

Paul Allen Beymer, organist and choir-master of Trinity church, Houghton, will give an organ recital in that church to-night at 8:15 o'clock. While no admission will be charged, a collection for the benefit of the choir fund will be taken up. Mr. Beymer will play the following numbers:

Benediction.....Karg-Elert  
Benediction (chorus magnus).....Dubois  
Evensong.....Johannsson  
Schlerzo (canon).....Johannsson  
March nuptiale.....Fonkles  
Barcarolle (Love of Hoffman, Offenbach)  
Capriccio.....Kinder  
Jersusalem the Golden.....Spark  
Song.....Nava  
The Ride of the Valkyries.....Wagner

## A MILE OF RUBBER HEEL.

That Will Be the Effect of a New Atlantic City Plan.

Atlantic City, N. J., Nov. 3.—The boardwalk is to be rubber coated. The city rulers, figuring on cutting down the expense of frequent replacing of the pine planks, have arranged for experiments with a rubber coating on the wooden sections. If the result is good they will coat the entire boardwalk with the mixture.

Unofficial experiments have proved that the planks thus coated not only live longer but are easier on the feet. The commissioners think the rubber will cure what is known as "boardwalk feet," a condition that develops among visitors.

## ENDS BACKACHE AND KIDNEY DISORDERS

### Croxone Helps Lifeless Organs Regain Health, Strength and Activity.

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains of backache or suffer disagreeable kidney and bladder disorders when Croxone is guaranteed to promptly and surely relieve all such misery.

Croxone masters these troubles because it quickly reaches the cause of the ailment, and works directly into the stopped up, inactive kidneys, through the membranes and linings; cleans out the little filtering glands; neutralizes and dissolves the poisonous uric acid and makes the kidneys filter and sift from the blood the waste and poisons which clog the system and cause such troubles.

It does not matter whether you have but slight symptoms or a chronic, aggravated case, it is practically impossible to take Croxone without results.

An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if you are not entirely satisfied the very first time you use it.

## BAD COLD? YOUR HEAD STUFFED?

### 'Pape's Cold Compound' Gives Quick Relief—Contains No Quinine.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge of nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing your nose! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents. The dry drug store. It gets without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

## Upper Peninsula

### Advertisers Building Church.

The Seventh Day Adventists have commenced the erection of a house of worship at L'Anse. The building will be 30x32, one story.

### New Variety of Potato.

"Cloverland" is a new variety of potatoes raised this year by Matt Egerer of L'Anse. Mr. Egerer finished digging his crop last week, getting 600 bushels from not quite two acres of ground. He captured first prize at the copper county fair last month.

### Tobacco Grown at Newberry.

The Newberry News has a sample of tobacco grown on H. L. Harris' colony farm at that village. The plant looks large and thrifty, is well watered and is said by those who are qualified to judge to be a good quality of tobacco. Mr. Harris claims that tobacco can be produced in this region as well as in the warmer climes.

### His Neck Was Broken.

Alex McMillan was killed last week while working on the highway being built east of Newberry to McPhos. He was driving a team and it is supposed was thrown from the wagon when it struck a rut. No one was near him when the accident occurred. He was found dead, lying alongside the wagon with the reins still grasped in his hands. An examination showed that his neck was broken.

### Former Upper Michigan Boy.

Mare Atkinson, son of Claude M. Atkinson, has been appointed by Governor Wilson to the postmaster at Crosby, Minn. Mare is editor of the Crosby Crucible, a paper which is yet in its first year but which stands in the first rank of Minnesota weeklies. Old-timers in Crystal Falls remember Mare as a small boy; an active little fellow who won and kept friends. He is a young man now and justifies the promising prophecies made of him.

### Christmas Trees for City Market.

It is probable that more than one hundred decorated Christmas trees will be shipped within the next few weeks from Dickinson county points north of Iron Mountain to the South, East and West. Frank Cleveland, who has been engaged in the business for a number of years, has already commenced operations west of Chicago. He expects to ship more than thirty-five thousand trees, nearly all spruce. There are a number of operators at work north of Channing. Considerable quantities of evergreen boughs are also shipped.

### Renowned Family of Hunters.

The upper peninsula has no family more renowned for its hunting proclivities and ability than the Vanderpool family, asserts the Crystal Falls Drill. Mrs. Frank Vanderpool was one of the first women in the country to regularly go on a deer hunting expedition and year after year she has "tried her luck." She will be in the woods again this fall; will leave shortly so as to be on the ground when the season opens. Just to let her mother-in-law know that she is not the only woman of the family who can use a gun with deadly effect, Mrs. C. A. Vanderpool reports, killing two partridges with one shot one day last week at Elmwood, where her husband is agent for the Northwest.

### Wells Man Accidentally Killed.

Stepping in front of the gun of his companion who was shooting at a stake in the river near Groos Sunday afternoon, Paul A. Hellett, a well-known barber of Wells, met almost instant death when the bullet tore through his body. In company with J. McPherson, Walter Hicks and J. R. Lopert and his two sons, Hellett was out on a little hunting expedition. Just north of the Soo line bridge and near Groos all were standing in the road shooting at a stake in the

river. Hellett had a 22-calibre rifle, while his companion, Lopert, had a 30-30 gun. Hellett took several shots at the stake in the river with his little gun and then handed it to McDonald to have a trial. He then took Lopert's gun and fired several times into the river, handed the gun back and just as his friend, McDonald, was firing his, stepped in front of the barrel, gave a scream, gasped, "My God I am shot" and sank to the earth, to die about three minutes later. McDonald was one of Hellett's most intimate friends and is nearly distraught over the affair. Hellett's wife is also nearly frantic with grief, but with her little son is bearing up bravely in the trouble. Hellett was about twenty-four years of age and during his residence in Wells for the past three years had formed a large circle of friends. He purchased the barber shop about three years ago and by his genial personality has won himself a big business and had become highly respected by a great number of people. The body was taken to Oconto, Wis., for interment.

### Soo Wants to Play for State Title.

The Soo High school football team's victory over the Houghton Highs not only increased home admiration for the prowess of the boys, but it enticed many of the fans to encourage the team to go after greater honors, comments the Soo Times. That the team is having overcome the strongest teams in the upper peninsula, is now entitled to compete for the championship of the state, is the belief of many of the businessmen, and as an evidence of their good faith they have offered to advance \$250 for the purpose of bringing the winning team of the lower Michigan schools to the Soo. The proposition was made to Coach Barber. Taking Houghton into camp by the score of 27-0 gives the Soo the undisputed championship of the upper peninsula. The only team which might be inclined to compete with the Soo for this title would be Menominee, but its season record hardly justifies the belief that it is as strong as some of the other teams of the state. Menominee defeated Ishpeming by a much smaller score than did the Soo, and that was done after three of Ishpeming's fastest men were disabled. The Soo people fervently supported the boys for their efforts to bring the crock copper country team over one thousand tickets very soon, a great many at fifty cents apiece, so the enterprise was a financial success.

## Mining News

### FIRST NATIONAL.

It was planned some weeks ago to make a test of the so-called Hall process for the elimination of fumes at the First National smelter, but a change in equipment had to be made at the last moment. The expected try-out, therefore, was not made, and the company is now partially reconstructing the plant and expects to have the test about Dec. 15. The remainder of the plant is in readiness so that production of copper could be resumed immediately thereafter. However, if the Hall process should fail there will be another vexatious delay while some other experiment is devised. First National has closed down for many months on account of this smelter trouble and considerable money has been spent in attempts to solve it, but thus far without success. With the present financial overture, First National should be able to operate profitably with copper even considerably under present prices.

### INCOME OF THE PORPHYRIES.

The Utah Copper company is paying \$3 per share in dividends and earning the same amount. This ample margin over dividend requirements has led to the expectation of an increase and, while such action on the part of the directors is not imminent, Utah should be the first of the porphyry companies to increase its dividend. The stock has, therefore, probably partly discounted the increase, which has automatically lowered the yield to the investor. In a lesser degree the same argument holds true of Chino, which is paying 83 per cent per annum and earning nearer 83. Utah Copper has over 300,000,000 tons of ore yet to be mined, with an indicated life of forty-five years; Nevada's ore reserves are sufficient for approximately fifteen years, Miami's for twenty years. Ray Consolidated, which yields the third highest return, is not so well entrenched as to earnings as are Utah and Chino—it is earning \$2.50 per share and paying \$1.50—but it has over 800,000,000 tons of ore in reserve, with indicated life of nearly thirty years. Miami and Nevada are earning their dividends by good margins, but their shorter indicated years by productivity mitigate against them in the stock market valuation. In view of the increasing discrimination which copper share investors are exercising it is seen that the longer tenure of life of Utah, Chino and Ray entitles them to precedence over Miami and Nevada in the mind of the prospective purchaser.

### LAKE SUPERIOR STRIKE.

Unmistakable evidence that the strike in the Lake Superior copper district is on the verge of a break-up is indicated by the fact that practically all the operating companies are being approached by their men with tentative proposals of conditions under which the mines may be opened, comments the Boston News Bureau. The following are the important features of an interview which took place between a mine manager and representatives of employees:

Q.—Will all employees be permitted to come back to work?

A.—A few men probably would not be given work, but they would be no discrimination on account of having been a member of the union, nor would any nationality be discriminated against.

Q.—Will an eight-hour shift for underground men be put in effect?

A.—This is the intention of all companies, not later than Jan. 1, 1914.

Q.—Will an increase in wages be made?

A.—Not at this time, but miners will necessarily be paid for additional time they work. They are now working twenty-four shifts per month on account of the four Saturday half-holidays. But when the eight-hour shifts go into effect they will work six full shifts per week, which will make twenty-six shifts per month on the average. This gives them two additional shifts which they will be paid for and for which we get work in return.

Q.—Will an increase of twenty-five cents a day be given to all surface men?

A.—No, not at this time. This is about what has been agreed upon by the companies but the rate of pay at the various mines will be governed by local conditions. Trimmers will be given an opportunity to earn more, and at the same time the companies will get additional work.

### AMERICAN TYPE TO CHANGE.

"The American of fifty years hence will be as different from the American of today as the latter is from the American of 1850.

"The United States is in process of fusing itself. All the nations which enter into it are being melted, amalgamated, boiled down into a race which will be the most intelligent, the most advanced and quite probably the shortest lived the world has ever seen.

"The Westerner, the cowboy, the miner and cattle owner of your far West, is more typical of the breezy freedom which will characterize the American of 1965 than is the Easterner of today, for the Easterner is as yet a composite man in the making from many races.

"Your customs of divorce, dress and religious teaching, which are not so far removed as might appear at first glance, all have an immensely important bearing on this new citizen of the United States, who is being produced under your very eyes."

These are the opinions of Mariano Alarcon, one of the foremost of living Spanish authors, who is making a tour of the United States preparatory to writing a volume of essays on "The Greatest Country in the World and Her People." He is an intense admirer of America. He has written six notable books—four novels and two volumes of essays—and a number of pamphlets, all of which are widely read wherever Spanish is understood.

One of his books, "El Narrador de los Paraboles" ("The Speaker of Parables"), had a first edition sale of 50,000 copies in Spain alone and has more than doubled this record in other Spanish speaking nations. Senor Alarcon is having this book, which is a collection of essays, translated into English. This is his second visit to what he calls "the greatest country in the world."

His criticisms of the United States are frank and the faults he finds are overbalanced by the good points he has observed. His advice to the American nation is simple:

"Watch your women and your poor."

The American woman he finds is delightful, but frequently too bold.

"There is a difference," he says, "between self-confidence and boldness. It probably is right that woman should vote and the women of the United States seem to be getting the vote much more successfully and by much safer methods than those of England. But it is not right that woman whose virtue and modesty are above reproach should dress themselves in the clothing of the half world simply to show to men that they are really as beautiful as the demimondaine. The question of the dress of your women is far deeper than you Americans seem to realize and it has an important bearing on the children to be born of these women, who must take up the burdens and the control of your nation in generations to come.

"Then there are your poor. The government must provide some means for them to meet the increased cost of life in the United States or they will become sources of endless trouble for the governing power. I do not pretend to say how this can be done, but I am convinced that socialism is not the remedy. Neither does the church of whatever denomination offer a solution of the problem. The cessation of immigration from Europe to the United States, which probably will come by 1965, will add in the solving of the problem of the poor unless the lower classes break out in some sort of civil war worse than strikes before that time."

## The Gift Problem

is quickly solved by a visit to "Peacock's" when you are in Chicago. Unique and practical articles in jewelry, silver and kindred lines—one of the largest, most carefully selected stocks in America.

Our great purchasing power, the experience of our buyers and the exclusiveness of our lines are all in your favor. Variety cannot be equalled nor the prices matched by any small store. Our reputation of over three-quarters of a century standing is your guarantee of satisfaction and quality.

For convenience of those who shop by correspondence, our big 224 page illustrated Buyers Guide will be sent free on request.

The cessation of immigration from Europe to the United States, which probably will come by 1965, will add in the solving of the problem of the poor unless the lower classes break out in some sort of civil war worse than strikes before that time."

**Sloan's Liniment** is a speedy, reliable remedy for lameness in horses and farm stock. Here's proof.

Lameness Cure  
"I had a horse sprain his shoulder by pulling, after he was so lame he could not carry foot at all. I got a bottle of your Liniment and put it on four times, and in three days he showed no lameness at all, and made a thirty mile trip today."—Water B. Storfer, La Salle, Ill.

For Splint and Thrush  
"I have used Sloan's Liniment on a fine mare for splint and cured her. It makes the third horse I've cured. Have recommended it to my neighbors for thrush and they say it is fine. I find it the best Liniment I ever used. I keep hand your cure in my house for myself and neighbors, and I can certainly recommend it for Colic."—E. E. Smith, Melrose, Pa.

**SLOAN'S LINIMENT** is a quick, safe remedy for poultry roup, canker and bumble-foot. Try it.

For Roup and Canker  
"Sloan's Liniment is the speediest and surest remedy for poultry roup and canker in the world. It is a sure cure in the windpipe."—E. E. Smith, Melrose, Pa.

At all Dealers, 25c., 50c., & \$1.00.

Today's weather: Fair and warmer. Yesterday's temperatures: Seven a. m., 29 degrees; noon, 40; 7 p. m., 36. Highest, 41 degrees; lowest, 29.

Edgar Raich, of Birch, was here yesterday on a business trip.

H. G. Schumacher will leave for Kalamazoo this morning on business.

I. J. Pearce, of Calumet, was a Marquette business visitor yesterday.

Miss Florence Archambault is in Escanaba, visiting Mrs. Neil Barkley for a few weeks.

A dancing party to which the public is invited will be conducted in Buren's Hall tonight.

Mrs. John Harland arrived home yesterday from Detroit, where she spent the summer visiting her parents.

A special meeting of the W. C. T. U. will be held this afternoon with Mrs. R. F. Brunner, 203 East Park street, at 3 o'clock.

A surprise has been arranged for the members who will attend the meeting of the G. L. A. to the B. of L. E. this afternoon at 3 o'clock.

The funeral of the late Mrs. James Borglund, of Carlshend, who died last Saturday, will be held at 2 o'clock this afternoon from the home at Carlshend.

A chicken pie supper will be served at the Swedish Lutheran church this evening in connection with the bazaar being conducted by the young women of the Dorcas society.

M. J. Kennedy, prosecuting attorney, was down from Ishpeming yesterday to conduct the case for the state against Thomas McElroy, charged with murdering William Norton.

Mr. and Mrs. T. C. Sheridan left last evening for Chicago to attend the funeral of the late Timothy Nester. Mrs. Sheridan is a sister of the deceased.

The funeral of the late Mrs. Fred Brassard, who died Sunday, will take place this morning at 9 o'clock with services at St. John's church. Interment will be in Holy Cross cemetery.

Dancing will begin at 8:15 o'clock Saturday evening at the regular bi-monthly dancing party at the Guild Hall and will continue until 11:15 instead of 11:30, as usual. Refreshments will be served.

Superior Hive, L. O. T. M. M. will hold a meeting tomorrow afternoon at 2:30 o'clock at Fraternity hall. It is hoped that there will be a large number of the members present to assist in the reception of a class of candidates.

Sheriff Fred J. Collins, of Muskegon county, and Harry Cooper, one of his deputies, arrived in the city yesterday with John M. Krier, given from three to ten years, and John W. Carlyle, five to fifteen years, for statutory offenses, in charge.

Nearly Sold Out—Nearly all of the seats for the Lyman H. Howe travel festival at the opera house, tonight and tomorrow night, have been sold. This is not an unusual thing, however, the management declares, as every year when the Howe pictures come here, the S. L. O. sign is hung out.

Housecleaning Days Are Here—The regular period for housecleaning, which comes as regularly as "moving day," has arrived for Marquette housewives. Since Monday rugs and bedding have been aired on clotheslines in the backyard, and many husbands have been forced to sit down to the evening meal at the kitchen table.

Interest in Elections—For the first time since the national election last fall The Mining Journal was besieged last evening with requests for news about the elections. The principal interest was shown in the mayoralty fight in New York. A number of long distance calls were received from persons desirous of knowing how the voting had resulted. Without exception the inquiries gave evidence that their sympathies were strongly against Tammany.

Professor McElhaney Will Play—Professor E. C. McElhaney, successor to Frank Trombly as leader of the Ideal orchestra, will play at the Grand theater tonight with violin and traps. Five reels of pictures will be shown. They are "Across the Chasm," Pathe western; "The Green Eye of the Yellow God," Edison drama; "Bronche Billy Refrains," Essanay western; and "Her Present Reward" and "His Reward," Lubin comedies.

Interest Shown in Lecture—Nearly every seat in the Marquette Opera House was taken yesterday afternoon when Mlle. Nadje, "The Perfect Woman" give a lecture to women on how to reduce weight, and how to diet and keep in good physical condition. Mlle. Nadje has a pleasing English accent, a well modulated voice, and is a clever talker. She pleased everyone with her sound advice, and with her manner of giving it. She concluded a two days' engagement at the theater last evening, playing to two large audiences.

Nearly Three Hours Late—The number of lower state hunters that crossed the straits was so large yesterday that the westbound South Shore train last time steadily getting their baggage off at the numerous stopping places, and it was nearly three hours late into Marquette. This train will now be unable to make its schedule time until after the hunting season is well advanced. This is one of the regular fall experiences in railroading in the upper peninsula. By all accounts more hunters than ever before will come from the lower peninsula to kill deer north of the straits.

Trombly Made Impression—Frank Trombly who recently went to Escanaba to take the leadership of a fourteen piece orchestra, was one of the performers at the first concert given by the new Escanaba Military band Monday night and was well received. The Escanaba Press said of him: "Frank Trombly, the newly engaged director of the Escanaba Military Band orchestra, appeared in the first special number with a violin solo. At this, his first appearance before an Escanaba audience, Mr. Trombly displayed his knowledge of the violin and in his rendering of the solo won the instant admiration of the local music lovers. Since last night Mr. Trombly's reputation as a violinist is made in this city."

Entertainment A Success—One of the most pleasing programs recently offered by Marquette talent was presented last evening in the parlors of the Methodist church to a capacity audience. Over thirty people took part in the entertain-

ment, among them Mrs. Jeanette Jewell Kellogg, a reader of note in the East, Rev. Platte T. Amstutz, George Tucker and Miss Flora Reallie. Mr. Tucker sang the part in the Sextette from Lucia taken by Del Harta, when the latter appeared here some time ago. The other five parts were taken by those who sang with Del Harta. The Kitchen Symphony was the popular feature. Over twenty-five persons were required for the act, each using some kitchen utensil, but the combination sounds was harmonious. Mrs. Fred Kern, Miss Hazel Bowron and Miss Florence Brown, accompanists, did splendidly, and Miss Gladys Schlabach's vocal solo was heartily applauded. A piano duet by Miss Brown and Mrs. W. H. Smith was one of the most pleasing numbers. Much credit for the success of the concert is due Mesdames Boreason and Smith, who had the program in charge. Mrs. Kellogg left last night for Duluth and Minneapolis, where she is to fill a number of engagements as a reader.

### INSURE WITH PETER WHITE & CO. ORTIE M'MANIGAL IS GIVEN FREEDOM

Due to "Poor Health," It Is Explained, Dynamiter Is Released from Jail.

Los Angeles, Cal., Nov. 4.—"The poor health" of Ortie McManigal, the confessed dynamiter, was the official reason given today by District Attorney John D. Fredericks for ordering what is believed to be the permanent release from the county jail of the nutried co-worker of the McNamara brothers and chief witness against the thirty-three labor union officials who were sentenced at Indianapolis to the federal penitentiary for complicity in a nation-wide dynamite conspiracy.

"McManigal has been in poor health for some time," said Mr. Fredericks today, "and he has been taken out of jail on the advice of a physician. He will be returned when he has recovered."

"He may be back in a few days, a few weeks, or a few months," was the answer. "Will he positively return at some time?" Mr. Fredericks closed the interview without replying.

According to jail attendants, McManigal's appetite and constantly increasing girth and weight indicated that his ill health might have been due to over-eating. They said, however, that he had actually gone to a hospital, but that it was to have a surgical operation performed, to remove from his forehead a scar by which he feared former associates might recognize him.

### MONEY WAS ALL THAT HENNING WAS AFTER

He Admits in Court That He Agreed to Barter His Wife's Name and Honor.

Chicago, Nov. 4.—John C. Henning testified today that he had agreed for money to lend his wife's name and honor to a suit for alienation of affection which suit he brought against Clarence F. Funk, general manager of the International Harvester company. He admitted he had an understanding with Attorney Daniel Donahue, who is on trial with Isaac Steifel, a detective, for alleged conspiracy to defame Mr. Funk.

"That's about right," was Henning's reply to an inquiry of whether money was all he was after.

The witness said he did not tell his wife that the suit was based on a charge that Mr. Funk had known her. Henning said he told her he was to be the plaintiff in a suit against the alienation of her affections. "She asked me what else there was to it, and I said that I could not say," Henning said.

The witness stated that he did not know why he did not tell his wife just how her name was to be used. When asked why he signed the statement making charges against Mr. Funk, Henning said: "Donahue said the case would never go to trial. He said that Funk wouldn't dare fight."

**COLORADO SOLDIERS IN COAL FIELD INOCULATED AGAINST TYPHOID FEVER**  
Trinidad, Colo., Nov. 4.—The general order to inoculate every member of the Colorado National Guard to render the soldiers immune to typhoid fever was put into effect today. Several companies have been exposed to the disease at the Ludlow coal colony, where five cases had developed among the strikers within the last few days.

The sanitary measures caused a temporary cessation in the work of disarming the strikers and the deputies. It is

### WHEAT MARKET DEPRESSED

Chicago, Nov. 4.—Lower grades and fine weather all over the domestic belt depressed wheat prices here today. Closing prices were: December wheat, 84 1/2 @ 85; the May, 89 1/2 @ 90 1/2; December corn, 69 1/2 @ 69 3/4; the December, 69 1/2 @ 69 3/4; the May, 70 1/2 @ 70 3/4; standard oats, 39 1/2 @ 40 1/4.

### WRESTLER FRED BELL DEFEATS MIKE YOKEL IN BOUT AT DULUTH

Duluth, Minn., Nov. 4.—Fred Bell, light heavyweight wrestler of Marshall, Wis., defeated Mike Yokel, of Salt Lake City, in two straight falls here tonight. Bell won the first fall, after one hour and eleven minutes of the hardest kind of grappling and tossed his lighter opponent in eleven minutes for the second fall.

### DAWSON HORROR FOUND DUE TO COAL DUST EXPLOSION

Dawson, N. M., Nov. 4.—"Coal dust was the predominant force" in the explosion that wrecked mine No. 2 of the Stag Canon Fuel company Oct. 22 and resulted in the deaths of 263 men, according to a statement issued today by R. H. Bedford, state mine inspector. It has not been found what ignited the dust. The statement declared that gas played little, if any, part in the explosion.

### PRODUCE PRICES AT CHICAGO

Chicago, Nov. 4.—Butter was easier in the Chicago market today, creameries at 22 1/2 @ 31 cents; eggs, steady, unchanged; receipts, 4,975 cases; eggs at mark, cases included, 25 @ 28 cents; ordinary firsts 26 @ 29; firsts, 30. Poultry, alive, easier; springs, 12 cents; fowls, 11; turkeys, 15

### C. O. BURNS

In 1890 was a commercial traveler, with his headquarters at San Francisco. He earned a good salary. By extra work he often added to it. But one day the thought flashed suddenly in his mind: "I'm not saving a cent." He started in to save by putting coins in a toy-savings bank. Sometimes it was a quarter, or a dollar, or a gold piece when he was "flush." He was providing against the future. He was the man who started the little metal savings-bank idea. His business has grown so that now he employs several hundred trained solicitors. You can open an account with \$1.00. We pay you interest at the rate of 3 per cent a year. We calculate it monthly—compound it twice a year. A bank account is a never-failing friend.

### MARQUETTE NATIONAL BANK

Marquette, Mich.

When you are looking for us, be sure and look for the two words MARQUETTE NATIONAL. If you don't see these two words—it is not our Bank.

### JACOB ROSE

GEORGE F. RUEZ BROKER

MEMBER OF BOSTON STOCK EXCHANGE. STOCKS, BONDS, GRAIN. Office: Jenks Block 106 FRONT STREET Ishpeming, Mich. TELEPHONE 882.

WARMTH AT WILL Bright, Cheerful Heater Which Kills the Chill of Winter.

Quick Heat. No Odor. No Unburned Gas. A Cheerful Yellow Flame.

Don't Dress in a Cold Room; Try a Reznor Gas Heater.

The golden glow of a Reflector Gas Heater is mighty full of comfort.

Call at our office and see one in operation.

Marquette County Gas & Electric Co.

ISHPEMING IN BRIEF.

R. H. Corbett, of Houghton, attended to business here yesterday. Dr. Henry Holm and wife are rejoicing over the birth of a daughter.

Jake Levine of Champion, was a business visitor in the city yesterday. Mr. and Mrs. William J. Hebbard are rejoicing over the birth of a son.

Dr. J. W. Sears, of Duluth, was a business visitor in the city yesterday. James Tobin and Thomas Redmond spent yesterday in Marquette on business.

Mrs. C. W. Jarvis will entertain the members of the Whist club this afternoon. Mrs. Fred Weeks, of Marquette, visited yesterday with O. H. Sievert and family.

Colonel A. H. Boyd left last evening for a few days' business trip to the Menominee range. J. E. Bertling, who represents the Sullivan Machinery company of Chicago,

with headquarters in this city, has returned from a business visit to Escanaba.

The members of the Bridge club will meet this afternoon with Mrs. W. W. Graff at North Lake.

George M. Ross, inspector for the Hartford Boiler Insurance company, is here for a few days.

Mrs. George Houlihan, of Green Bay, Wis., is in the city on a visit with James Mooney and wife.

Earl Leininger has gone to Doriot, where he has taken a position with the American & Boston Mining company.

The girls' club of the Episcopal church will meet this evening, with Miss Gertrude Crab, at her home on Chas. street.

Eugene G. Ramberg, who has been employed for some time past as a barber at Houghton, is home for a visit with his folks.

Nelson Morris branch meat house in Ishpeming will be closed this afternoon owing to the funeral of Edward Morse in Chicago.

The members of the D. F. B. C. will conduct a dancing party Saturday afternoon in the Anderson hall. The admission will be twenty-five cents a couple.

Louis Erickson & Son will today complete putting in a plate glass front in the August Henriksen estate's business block, on Cleveland avenue.

Oscar "Buckeye" Anderson, who is employed as a steel worker in and near Chicago, is in the city on a visit with his folks. This is Mr. Anderson's first visit to this city since leaving here five years ago.

Ed Harper and Arthur West challenge the winners of the checker tournament which is now being played at the Y. M. C. A. They are particularly desirous of meeting Alfred Johnson, who now holds the lead in the percentage column at the "Y."

The Cleveland-Cliffs Iron company's paydays for the last half of October will be as follows: Lake, Hard Ore and Cliffs shafts mines, Wednesday, the 12th; Salisbury, and North Lake district, the 13th; Negaunee district, 14th and Gwin district the 15th.

George Voelker is replacing the front in the corner store room in his brownstone block, corner Main street and Cleveland avenue. This room was formerly used as a moving picture theater. The new front will be similar to the one in the store in the south side of the building.

CAUSE OF INSOMNIA. The most common cause of insomnia is disorders of the stomach and constipation. Chamberlain's Tablets correct these disorders and enable you to sleep. For sale by All Dealers.

TRAVERSE CITY MAN AFTER BALL PLAYERS

"Pop" Geelan and Edmund Mack Asked to Sign With Lower Peninsula Team.

George Brooks, manager and part owner of the Traverse City baseball team, of the Southern Michigan league, was in Ishpeming yesterday endeavoring to induce "Pop" Geelan and Edmund Mack to sign contracts for next season.

The Traverse City team finished second in the league last season, Manistee winning the pennant. There were six teams in the league. Boyce City team finished third; Ludington fourth; Muskegon, fifth and Cadillac, last.

Mr. Brooks is seeking to line up a winning team for next season. Mack played in Traverse City a few seasons ago, before signing a contract with Marquette. He says it is one of the best baseball towns in Michigan, outside of Detroit. Swick, Young, Aronson and Ryan, all former Marquette county players, were members of the Traverse City team last season. Mr. Brooks was pleased with the playing of all these men and it is understood that they can return next year, though they have not yet signed contracts. Mack believes that he will be able to play in his old time form next season, as he is not now suffering from the effects of a fractured ankle, sustained five years ago, while he was playing in the New York State league. He received the injury sliding into third base. His ankle has bothered him ever since.

Mr. Brooks told the Ishpeming men that "Zeek" Tallion, who formerly played with Negaunee, and Marquette mines, has been sold by the Marquette management to the Columbus team for \$2,000. Tallion did excellent work last year with Manistee. He headed the batting list and his fielding average was also exceptionally high. He was responsible for winning a good many games for the pennant winners, and he could usually be counted on to get a safe hit when one was needed.

It is not expected that there will be any league baseball in Marquette county next season. If there is no baseball here and Geelan signs a contract with Traverse City or another league team he will put a man in charge of his business during his absence.

EXPECTS TO BREAK RECORDS. Virginia Ski Club Planning for National Tournament.

A meeting of members of the Ski club in Virginia, Minn., where the tenth annual tournament of the National Ski association will be held in February, has called for this week, to undertake arrangements for the big event.

The Virginia tournament will be one of the most successful in the history of the National association, and that it will bring together one of the biggest crowds of riders and followers of the game ever assembled in a city of similar size, is the belief of the officials of the Virginia club.

Plans are being made to move the big steel ski slide from its present location on the Iron Range hill to a new site on the line of the electric railway between Eveleveth and Gilbert. This is said to be a model site, and when completed will be one of the finest structures of its kind in the world. Officers of the club are already receiving considerable correspondence regarding the coming tournament, and it is fully expected that there will be in the neighborhood of 300 riders for the big event.

Jaimes Lind, who has spent the past year at Eveleveth, Minn., and home a few weeks' visit. He intends spending a week in the woods deer hunting before returning to the Mesaba. His brother, David Lind, who is employed at the Virginia mine, near Eveleveth, is shipping back, expects to visit here as soon as the shipping season is wound up.

ECZEMA ITCHED TERRIBLY ON HANDS

White Little Spots. Scratching Made Them Worse. Cuticura Soap and Ointment Cured.

1261 Marion Place, Chicago, Ill. — "I had eczema for four or five years. One day I went into the house and saw some white little spots on my hands. A week later I saw that the spots began opening and in their places came deep holes. Later it took the form of some red little spots. These spots itched me terribly and every night when I was asleep I always used to scratch and make the spots worse and made some new spots. The trouble caused loss of sleep. My hands cost my father a fortune. I used remedies for three and one-half years but they made no improvement. I used Cuticura Soap and Ointment two times a day, in the morning and at night before going to sleep. Cuticura Soap and Ointment afforded relief in one or two weeks, and it only took two months before the cure was complete." (Signed) Clement Levinson, Nov. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free with 3¢ p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

WORKING COMMITTEES HAVE BEEN NAMED

Ishpeming Pythians Have Arrangements for 1914 Rencion Actively Under Way.

That the officers and active members of Zenith lodge, Knights of Pythias, are determined to make the grand lodge convention and Upper Peninsula Pythian league-reunion here next summer a rousing success is evident from the systematic and enthusiastic way they are going about the preliminary arrangements. The Ishpeming Pythians feel so certain that the executive board of the Michigan grand lodge will decide at its meeting next Tuesday in Detroit to hold the 1914 convention in Ishpeming that they have already started to raise funds for the event. Grand Chancellor Vandewalker strongly favors holding the 1914 meeting here and he has assured the Ishpeming members that he will do everything in his power to secure the convention for the city.

The full membership of the different committees appointed to take charge of convention affairs is as follows: —Executive Committee—

Chairman—John S. Olson. Secretary—J. A. Blackney. Transportation—William Watters. Finance—A. L. Johnson. Decorating—Eric W. Hall. Reception—William Hooper. Entertainment—Thor Orem. Program—O. W. Nichols. Membership—Prof. Scribner, city; William Millman, Negaunee. Accommodations—Rev. C. Ziegler. Uniforms—Rex Chandler, city; J. A. Blackney and Printing—J. A. Blackney.

Membership Committee, City—Prof. Scribner, chairman; J. H. Williams, Jas. B. Quayle, Wm. Jenkin, J. B. Pearce, Fred Oberg, J. A. Anderson, A. H. Watters, Wm. Cox, Richard Trembath, I. L. Lallierstad, Alfred Knudsen, Ed Williams, Wm. Quayle, North Second street; Wm. Quayle, East Vine street; Adolph Almqvist, W. O. H. Shimmin, Thos. J. Robbins, Thos. Troger, Emil Erickson, Thos. E. Keadle, Henry Wheeler, O. W. Fisher, James Kellow, A. G. Anderson, Jno. Skewis, Vernon Dunstan, Oscar Harris, E. J. Tonkin, C. F. Seecombe, Geo. Sandlie, F. E. Johnson, Thos. Garrett, C. R. Holbrook, C. H. Ramquist, Arthur Trathen, E. E. Reisinger, G. Dahlstrom, Jas. E. Eade, Henry Wheeler, O. W. Fisher, E. J. Seecombe, Wm. Richards, Arvid Eggen, Albert Pryor, W. Lamphire, W. J. Betts, Carl Bjork, Jalmar Handberg, Peter Carlson, Geo. Pearce, Otto Schadi, Walter H. James, Jno. A. Egan, Wm. H. E. Maddock, Ed. Lindholm, A. G. Stevens, Melville Hendra, Wm. Prin, Jr., W. R. DEATH OF PIONEER RESIDENT. Winthrop Man, Wellknown Here, Passed Away Yesterday Morning.

Daniel McCarthy, one of the pioneer residents of the Winthrop location and also one of the oldest residents of the county, passed away yesterday morning after having been in poor health for a year or more. He recently celebrated his eighty-third birthday.

Mr. McCarthy was a native of Ireland and he immigrated from that country fifty years ago, going to California, where he remained for four years. Then he went to the copper country. He spent three years there before he took up his residence in Ishpeming. He did his first work as a miner here in the New York mine, leaving there to accept a position in the Saginaw, under the late Captain P. T. Tracey. He remained at the Saginaw during the years that the late Samuel Mitchell conducted operations there, and when the property closed down he moved to the Winthrop to enter the employ of the St. Clair brothers, who were operating the Winthrop mine. After the Winthrop was taken over by the Oliver J. Mining company he remained with that position until two years ago, when he retired.

Mr. McCarthy is survived by his widow, four sons and three daughters. His sons are Patrick, John D. and Timothy McCarthy, all living at the Winthrop, and Daniel, residing in the west. The daughters are Mrs. William Dorin of Chicago, who was called to the city recently because of her father's illness; Mrs. Fred Brunell of the Swaney range; and another married daughter, Mary, who resides in Florida.

The funeral will be held tomorrow morning at 9 o'clock from St. John's church.

TRAIN CREWS ARE CALLED TO ILLINOIS

Peninsula Division Men Summoned for Service on New Peoria Division.

A number of the engineers, firemen, conductors and brakemen employed on the Peninsula division of the Chicago & Northwestern Railway system have been called for service on the new Peoria division, now being completed.

Some weeks ago the officials sent word to the engineers, firemen, conductors and brakemen of the various divisions that if they desired to make a change they could make application for the new jobs. They were assured that in case they were selected they would not have to leave their present positions, unless they wanted to. Practically all of the employees who Monday received word that they could make the change if they desired will visit the new system.

Practically all of the employees who have been summoned to the new division have been working on trains coming into Ishpeming. Several of them are now either working on ore or freight trains on this end of the line. John Trotter, who is the oldest engineer in point of service on the Peninsula division to be called to Peoria, heads the list of engineers. If there are no other men selected from other divisions Mr. Trotter will be the senior engineer of the new division, if he accepts the call. This would give him the best passenger run on the division. Mr. Trotter is at present pulling the freight, that arrives in Ishpeming every night and departs the following morning. Practically all of the older employees have homes in Escanaba and it is a question how many of them will decide to leave their present positions.

The engineers called are John Trotter, Edward Hendry, Joseph Hill, Thomas Falkes, George Jublan, Solomon Scott, John Clifford, George Buckley, Frank Buell, Fred Groth, Thomas Sheehan, Christ Buckley, James Finch, James McFarland, T. C. Carsons, No. 1, H. J. Lyons and John Mchenna.

The firemen who have an opportunity to make a change are Ed Hedston, Ole Peterson, Arthur Fischer, Robert Star, Alex. Anderson, Eric Johnson, Charles Pariseau, James Mayo, James DeCromer and C. McCarthy.

The brakemen are Jacob Belert, Leo Frink, William Rose and Herbert Bagley.

Continually Greater Grows the Demand for the Splendid GRINNELL BROS.

OWN MAKE PIANO

—because in the selection of each and every piece of material used, and in every operation of manufacture from first to last, there is this aim in view—to build a Piano that will be distinctly a credit to the House of Grinnell as manufacturers, and which will, in your home, through its superb tone, its wonderful durability and beauty, always justify in fullest extent the wisdom of your choice.

Made in Detroit, and more of them sold in Michigan in the last 5 years than all other high-grade makes combined.

We back it with an UNLIMITED GUARANTEE, and sell at FACTORY TO YOU PRICE. The Grinnell Payment Plan will fully meet your purchasing requirements. Write Today for Catalog—sent postpaid, together with Booklet of Purchasers. THE QUALITY YOU OBTAIN IN THE GRINNELL BROS. (own make) PIANO CANNOT BE MATCHED ANYWHERE ELSE IN THE COUNTRY AT OUR PRICE!

# NESTER WELL KNOWN FIGURE

### Former Marquette Man Who Passed Away in Chicago Played Important Part in Upper Peninsula Affairs from 1885 to Year 1901—Active in Politics.

### Favored Way for Building of Marquette & Southeastern Railway by Promoting Deal for Sale of Munising Railway and Munising Land Co. to the C. C. I. Co.

The Mining Journal's dispatch telling of the death in Chicago of Timothy Nester was read with great regret by many Marquette friends and his passing will be learned with sorrow by acquaintances throughout the upper peninsula.

Although it is many years since Mr. Nester was permanently a resident of this city and the northern peninsula, his friends have maintained their interest in his career and have kept close track of his activities. Lately, for some two years, Mr. Nester had been indisposed and retired from active life.

In his day he was a prominent factor in upper peninsula politics and a Democratic politician in Michigan. He was a man of great ability, with a rare genius as an organizer and a friend-making faculty that always stood him in good stead.

In his career in the upper peninsula he made several fortunes in operations of various kinds, but usually lost them in new ventures. His managerial ability did not compare with his undoubted capacity for promotion. If it had it would have died a very wealthy man.

#### In Local Politics.

Mr. Nester came to Marquette in 1885 from Ontonagon and was a resident of the city for the greater part of twenty years. His interest in public affairs was keen and he at one time concerned himself in local politics. He was the unanimous selection of the voters for mayor in 1887, and served in the office for one term.

In 1890 he was again a candidate for mayor, but this time he was opposed by John M. Longyear, and the campaign that was waged by the supporters of the two men was one that is still talked about by the political wheelbarrows of other days. It was organized down to the last voter, and the canvass was attended by keen interest. The Nester men carried three wards of the five of which the city was then composed, but lost the election. The details of the vote in this early election follow:

Longyear	Nester
First	70 109
Second	136 205
Third	213 48
Fourth	190 187
Fifth	212 73
	701 622

In the same election the following aldermen were chosen: First ward, John Connors; second, Joel Gillett; third, James Pennell; fourth, J. P. Mack; fifth, John Johnson.

Mr. Nester was not again a candidate for mayor in Marquette, but he continued to take an active interest in local politics, and he was also regarded as one of the Democratic leaders of the upper peninsula.

#### A Friend of Tarsney.

In the minds of many of the early residents of Marquette and the district Mr. Nester will always be associated with Tim Tarsney, of Detroit, a prominent attorney of that city and at one time a congressman from the Saginaw district. Nester and Tarsney were great friends in the early days and were associated in a number of enterprises. Tarsney was one of the leading Democrats of the state when he was at the height of his powers, and he and Mr. Nester were frequently heard from the same platform. Mr. Tarsney was a speaker of considerable power, and in physical characteristics there was much in common between the two men. On the stump they were sledgemen and opponents and there was a saying that when the "Two Tins" got into action together the fur was sure to fly.

#### Active in Business.

During his active life in the upper peninsula Mr. Nester was engaged in many enterprises, chiefly having to do with lumber, and he operated, in one way or another, over a wide extent of territory. He built the Nester block here in association with Robert Morrison and E. H. Scott, of La Porte, Ind., and was one of the promoters of the street railway. He built the residence property on West Washington street now used as a clubhouse by the Town and Country club. He occupied this house for a few years before his departure from Marquette, but it was never finished. At the time of its erection Mr. Nester was heavily interested in lands out on West Washington and Bluff streets and by building a pretentious residence he hoped to encourage the growth of the city in that direction. Mr. Nester's holdings in that part of the city later passed to the late Peter White.

#### Big Deal With C. C. I. Co.

The most important deal with which Mr. Nester was identified in this part of the state was the sale to the Cleveland-Cliffs Iron company of the Munising Land company and the Munising railway in 1901. This sale paved the way for the building of the Marquette & Southeastern railway, giving Marquette and Munising direct connections and resulting in the development of the Cleveland-Cliffs Iron company railways far beyond their original proportions. With the Land company title to 84,000 acres of well timbered land passed.

Mr. Nester went to Munising some half dozen years before this sale was made and promoted important undertakings in Alger county, in association with Messrs. Morrison and Scott, La Porte, Ind., capitalists, and others. Eventually the Scott-Morrison interests, though in a minority, became dominant in the county, and at the time of the sale

to the Cleveland-Cliffs Iron company Mr. Morrison was president both of the railway and the Land company.

The Scott-Morrison interests were not desirous of selling, but Mr. Nester had rounded up the majority stockholders who desired to liquidate the old companies, and was, it is said, in a position to force a sale. He was generally understood to have been a heavy winner as a result of the deal. It paved the way to a marked development at Munising and also, through the construction of the Marquette & Southeastern, was of great benefit to Marquette.

#### Unfortunate Tractor Venture.

The final years of Mr. Nester's active life were crowded with business misfortunes in which he suffered losses that involved practically all he had made in earlier successful deals. The last enterprise in which he had a prominent part was a proposed interurban railway from Saginaw to Detroit, by way of Flint. In this enterprise he was associated with Tim Tarsney, of Detroit, and Tom Sullivan, of Munising, who had recently obtained a cash settlement of long standing litigation with the Ross estate that gave him nearly \$100,000. The railroad was not run out according to the bright pictures of its prospector, and all parties originally interested in the enterprise are said to have taken heavy losses. Further than that, some bitter litigation arose in the adjustment of the affairs of the "Two Tins" road, as it was called.

It is several years since Mr. Nester paid his last visit to Marquette, but he frequently saw old Marquette friends, and his interest in the city and the upper peninsula continued up to the time of his death. Mr. Nester was a man of interesting personality and engaging traits, and no end of interesting stories in which he is the central figure are related by old residents of the district. Mr. Nester is survived by his wife, two daughters, Mrs. Howard Haven and Mrs. James P. Duffey and a son, Arthur S. Nester, all of Chicago.

## CITY POWER NOW RUNS STREET CARS

### Rotary Converter Placed in Commission Yesterday—Retailer Suffers Severe Burn.

The rotary converter installed at the power station of the Marquette City & Presque Isle Railway company to transmit the city alternating electric current into a direct current, so that it may be used for the operation of the street cars, was tested yesterday and found to give satisfactory results.

While putting the apparatus in service last evening, Charles Retallic, superintendent of the light and power commission, suffered a severe and painful burn of the right hand, which required the attention of a physician and which will partially incapacitate him for a number of days.

Mr. Retallic had thrown in the switch that turned the current into the converter. He glanced at the volt meter, and noted that it failed to register any current. Thinking that something was amiss with the apparatus and intending to investigate, he threw out the switch. A blinding flash of electricity followed this action. Over 400 volts danced across the switchboard, and Mr. Retallic's hand was burned from the finger tips back to the wrist before he realized what had happened. The full current entered the switchboard as soon as he threw the switch in, but the volt meter, for some reason, had failed to register it. Mr. Retallic's injury was painful, but it is expected that the burns will heal within a few days.

The rotary converter installation at the power house represents an investment of \$2,500. The converter's outside dimension is about five feet and it is about two feet through. The manufacturers express the belief that it will so equalize the burden of handling the street cars that the lighting service will be in no manner interfered with. This claim was apparently made good last evening, when the lights were steady even when all the cars were being operated.

Mr. Retallic will make extensive experiments with the new apparatus until it is determined just what effect its operation has on the general lighting service of the city.

#### WANT MUNICIPAL RINK.

It is urged that Marquette make provision for outdoor winter sports.

The Mining Journal last evening received a "petition in boots" in the form of a delinquent schoolman who urged that Marquette should at least do as much as Ishpeming and Negaunee in encouraging winter sports by establishing a municipal rink. There are hundreds of skaters in the city, they said, who have to look for their skateing spots on the chance that the boys will remain frozen over, and free of snow long enough to give the skaters an inning. Some winters, owing to unfavorable weather, there is no skating on the bay at all, and the best ice furnishes skating for only a small part of the winter season.

"What the skaters would like to see the council do is make arrangements to flood some level piece of ground conveniently located in the city, and keep it in condition for skating throughout the winter months. It is suggested that J. M. Longyear would probably give permission to flood Longyear field, near the city pumping station, and it is said that there are other suitable places for a rink in the city. The expense of maintenance, it is asserted, would be small compared with the advantages for the public.

#### SOO CANAL PASSAGES.

Sault Ste. Marie, Mich., Nov. 4.—[Special.]—The following boats, up-bound, have passed the canal the past twenty-four hours: Leonard Miller, Mead, 8:30; last night; Kenora, 10; Samson, 10:30; Centurion, Yuma, 11:30; Frick, midnight; Carrothers, 1:1; Oll, 1:30; Superior, 2:30; Schiller, 4:00; Ordian, 5; Wolvin, 6; Empress, Fort William, 7; William Livingstone, 7:30; Sheridan, 9; Sawyer, Langell, Moore Arena, 10; Walden, 10:30; Corvax, 11:30; Keeswin, noon; Monroe Smith Linden, 1 this afternoon; Canadiana Agnew, 2:30; Barnum, 4:30; Walsh, 5; Crescent City, 5; steel Wolf, 5:30; Rochester, Sheale, 6.

See our imported woollens and prices before ordering your new fall suit and coat. Peterson & Willers, ladies' tailors, Negaunee, Mich. (10-23-14).

## M'ELROY HEARING NOW IN PROGRESS

### Stories Related by Witnesses at Norton Inquest Repeated in Judge Byrne's Court.

At yesterday's session in Justice Byrne's court in the hearing in the case of Thomas McElroy, charged with the murder of William Norton at a camp near Big Bay the evening of Oct. 18, the same ground covered in the coroner's inquest on Oct. 23 was gone over, principally for the benefit of McElroy, who had demanded the examination. He was a close and keen follower of the testimony, and, though not represented by counsel, interjected questions of his own into the proceedings. These were not, however, of any particular importance, they relating to what the witnesses had heard the Big Bay doctor say about Norton's body being practically without bruises.

The hearing was not completed yesterday, and may be continued for a few days. The notes on the testimony of the Big Bay witnesses are being transcribed and they will sign their statements today. Dr. Harkin will appear later in the proceeding to repeat the medical testimony he gave at the inquest.

The witnesses heard yesterday were Herman Jackson, Philip Gagnon and Ed Genord, and they told substantially the same stories they related to the members of the coroner's jury.

Jackson, who was closest to Norton when he fell to the ground in the dusk of the October evening, again reiterated his statement that he had seen no blow struck and had heard no quarrel between the men. Gagnon, who was immediately behind Jackson, a few feet from the men, corroborated Jackson's story. Genord repeated his recital at the inquest to the effect that through the open door of the sleeping camp he had heard McElroy and Norton quarreling in high pitched voice as they came down the road, that their angry conversation suddenly terminated and that a few moments later he heard Jackson and Gagnon calling for help. He also testified to hearing McElroy say to Jackson, "Let him die," when Jackson told him that Norton was apparently dying and asked what had happened.

The hearing is regarded as a formality by the officers, as there is abundant evidence to warrant holding McElroy to circuit court. That is the disposition that will finally be made of the case. McElroy is without friends here and will be held in jail pending trial at the December term, when Judge Flaunigan will appoint an attorney to look after his interests.

## POSE AS FISHERMEN; GET MOONSHINERS

### United States Revenue Men Make Arrests in Dangerous Locality in Alabama.

Birmingham, Ala., Nov. 4.—For the first time in the history of the extensive moonshine operations in the island bound Muscle Shoals in the Tennessee river near Florence in north Alabama, United States revenue officers made several arrests there. They captured four moonshiners after a carefully laid and dangerous plot.

Revenue Agents W. M. Chenault and W. G. Corning made the captures. The prisoners, who were carried to Huntsville to be tried before a United States commissioner, are Harvey Polle, G. W. Hammond, J. W. Marks and William Harrison.

Full of Peril. The place where the arrests were made is one of the most dangerous in the country for revenue officers owing to its peculiar location and natural defenses for moonshining operations. For years plans and plots have been made by revenue agents to capture operators while stills were running, and daring methods have been tried in vain.

Some sharp battles have been fought, but the moonshiners invariably got the best of it because of their location. Steamers plying the Tennessee river in that locality have done a big wildcat business.

The Muscle Shoals islands are in the middle of the river some distance from shore. Plenty of cypress in the way of trees and undergrowth protects the operators. A clear view can be had of any one undertaking to reach the place by swimming or by skiff. Here the current is furious and the shoals treacherous. Only expert boatmen can make the trip successfully.

Bel Gives Warning. Outlook with fieldglasses get a sweeping view of the river on all sides and report anything that looks suspicious coming from shore. This means of protection was supplemented by an under water communication with land, whence warnings frequently are given by an alarm bell. By these means moonshiners are able to make their escape in time to avoid arrest.

The two revenue men dressed as fishermen and when near the islands purposely capsized the boat. Then both men swam to the islands at the nearest point, apparently to avoid the swift current between them and the shore. This was not regarded as suspicious, and not until the four moonshiners were covered with revolvers did they realize they had been tricked.

## FORESTERS FIGHTING FIRES TO BE SHOWN IN MINIATURE AT CONSERVATION CONGRESS.

Washington, Nov. 2.—Every phase of the workings and management of the national forests will be shown in miniature at the fifth national conservation congress, which will meet here Nov. 18 to 23. It was announced that there will be foresters riding the trails and fighting fires, herders showing how sheep and cattle are grazed in the forest, and even realistic rain storms. Forest rangers, fresh from the trail, and others in charge of the work will be in charge of the work. The management of the nation's forests will be on hand to explain. The exhibit will include an interesting display of many other instruments used by woodmen in their work.

There's time for everything, but just now it is time to buy common-sense underclothing.

That underclothing is Stephenson & Lewis Underwear. There is nothing better under the sun.

More wool, more wear, more length, more breadth, more comfort. No scratch, no tear after wash-day—and every garment is guaranteed satisfactory to wearer.

## STEPHENSON UNDERWEAR

South Bend, Ind. We have them in regular and stouts, all weights and prices.

## Ormsbee & Atkins

Marquette's Largest Clothiers and Haberdashers. Nester Block, Marquette.

## HOW WAYNE COUNTY BUILDS ITS ROADS

### Its System of Concrete Highways Is Said to Be the Finest in the World.

Detroit, Nov. 4.—So much interest has been expressed throughout the country by city, state and county officials, farmers, automobile owners and others as to the concrete highways to be built by the Lincoln Highway association that some facts have been collected relative to them for general distribution.

Wayne county, Michigan, in which Detroit is situated, is credited with having the finest system of concrete roadways in the world. They are over 100 miles in length and are to be the model for the Lincoln highway. There are many reasons for their selection. The upkeep expense is less than 25 per cent per year, which includes the cleaning of ditches and the cutting of weeds along the roadside, and they are always smooth and dustless.

Practically every government report that has been issued during the past five years has told of the failure of the ordinary macadam road to withstand the traffic of the present day. In New York state the maintenance expense has gone as high as \$1,000 per mile per year. And within a few years these highways have had to be completely rebuilt.

The concrete highway, which originally costs a third more, is practically permanent. But several conditions which must be observed govern the building of concrete roads. In the first place they must be placed honestly as to the proportion of gravel, sand and cement; they must be "cured," that is, watered, and allowed to stand for several weeks before being used, and they must be built under good weather conditions. When these conditions are met the concrete highway will last for many years without being touched.

"The Story of a Country Road" is the title of a booklet that Edward N. Hines, county road commissioner here, is distributing which tells just how the concrete road is made.

"We prepare and shape the subgrade roll it hard with a 10-ton roller and lay the concrete right on the natural sub-soil," writes Mr. Hines. "Side rails are used and when the concrete has become sufficiently hard to remove the rail the finishers pare off the outer edges to prevent a sharp dividing line between the concrete and the gravel shoulders.

## Bank By Mail If You Wish

You need not always come to town to transact your business with us. If you have a check on this or any other bank in this vicinity, endorse it on the back, place it in an envelope and address to this bank. The mail will bring it to us and we will credit your account and mail you a receipt. We want your banking business—and we want to make it easy for you to transact it, in fact, we want to make ourselves useful to you in anything pertaining to finance.

## FIRST NATIONAL BANK

Marquette, Michigan  
DESIGNATED UNITED STATES DEPOSITORY  
Capital, surplus and undivided profits, \$250,000. Send for our booklet, "Modern Banking."

## We Have Heard of a Man Who Bought a Horse for \$5.00 and had to pay \$10.00 to have him buried, within a few hours.

Another paid \$500 for a sound horse that proved to be worth the price.

## Who Made the Best Deal of the Two?

Some people look at the price only when buying merchandise. A low price does not always mean a bargain—it is not the price that you pay that counts—all depends upon the one thing:

## ARE THE GOODS WORTH THE PRICE THAT YOU PAY?

We claim that we cannot be undersold in Marquette or elsewhere, quality being considered, of course. We buy direct from the manufacturers, for cash only. Therefore we are in a position to meet all competition.
