

HUERTA MUST QUIT, ADVISERS ARE NOTIFIED

Only on Assurances of the Dictator Will Retire Forthwith Will Parleys Be Reopened—This Washington's Reply to a Request for a Renewal of the Negotiations.

Developments in Mexico City Today Are Awaited Eagerly—Whether Newly-Elected Congress Will Meet in Disregard of U. S. Wishes Is Crucial Point.

Mexico City, Saturday, Nov. 15.—Nelson O'Shaughnessy, American charge d'affaires, admitted last night having received a long cablegram from Washington. He declined to make known its import.

Washington, Nov. 14.—Instructions were sent to Charge O'Shaughnessy, at Mexico City, tonight, indicating the extent to which the United States government will go in reopening the negotiations with those counselors of Provisional President Huerta who, earlier in the day, sought to renew the parleys.

The anxiety shown by these officials, as close to General Huerta, as the officials, who expected that some definite assurances relative to compliance with the American demand that the new congress be eliminated would be forthcoming quickly.

The position of the American government, however, is that unless something definite is promised by the Huerta officials the resumption of the negotiations would be fruitless. Chairman Bacon, of the foreign relations committee, declared tonight that the only course which the negotiations could be reopened would be the complete surrender of Huerta.

Though the executive officials continued to be optimistic over the support that they were getting from the great powers abroad, they did not discuss the situation in Mexico, beyond indicating again that Huerta's elimination was inevitable.

Mediation With Rebels Not Intended.

Despatches from the Constitutional headquarters at Nogales, Sonora, announcing General Carranza's absolute refusal to accept any "transaction" with foreign nations looking toward a regulation of Mexico's internal affairs, was not commented upon by government officials here. It was suggested in some quarters that General Carranza's declaration was intended chiefly to allay any feeling in Mexico that he was entering into alliances with the United States a situation that might be made an issue if it is realized here, and develop discord among his followers.

The Washington administration, however, through William Bayard Hale, it is stated on the authority of persons in President Wilson's confidence, has never offered mediation or any other interference with a view toward regulating internal affairs in Mexico. The sole purpose of the parleys through Mr. Hale, it is pointed out, has been to obtain assurances of protection for all foreign interests, in the event that the embargo on arms is lifted.

Huerta Only "Half-Convicted"

Mexico City, Nov. 14.—President Huerta's attitude toward the demands of the United States that he make way for a new government is that of one only half convinced, notwithstanding the fact that a few of his closest friends are urging that he accede. Those friends of Huerta who now are convinced that the United States government is not bluffing believe they will yet be able to bring about the desired changes in time to prevent a complete rupture of diplomatic relations. This conviction is based upon the fact that Washington has not put into effect its implied threat to remove the embassy or announce any new course of action.

Sir Lionel Carden, the British minister has conveyed to General Huerta an assurance that the British government is disposed to back the United States morally.

Huerta is said to be considering his own elimination tonight, although this has always been denied whenever the direct question is put in any connected with the government.

Congress Due to Meet Today.

Tomorrow is the day fixed for the preliminary meeting of congress, and tonight there appears to be no reason to believe that it will not convene, notwithstanding the demand of the United States that it shall not do so. The meeting set for tomorrow is for nothing more than organization, after which, following the usual custom, there will be a lapse of some days before the body meets in formal session to listen to the president's message.

It has been represented to Huerta that the United States doubtless will regard this preliminary meeting as seriously as it would were it the formal day of opening, since it will indicate the intention of the Mexican government to defy Washington in this regard. Those who now line up against Huerta admit, however, that his position is a perplexing one, since the law provides that the resignation of the president must be made to congress. The only congress in Mexico today is in jail, and Huerta does not feel justified in compounding his humiliation, friends say, by sending his resignation to the penitentiary.

Advisers of Huerta, who are sending an emissary to treat with Mr. O'Shaughnessy, insist that this last demand of the United States is an unreasonable one, since if the new congress is permitted to

meet, then there will be a body to which Huerta may send his resignation in due form and maintain his dignity.

O'Shaughnessy's Movements Watched.

Mr. O'Shaughnessy has preserved a consistent silence. There is in all Mexico no man more carefully watched by personal friends as well as by government agents to see that he does not leave town and thus confirm by act the over-taken rumor that he has been recalled.

A question which has been put to Mr. O'Shaughnessy innumerable times by representatives of the government who have called upon him since Mr. Lind passed out of the difficulty is regarding the identity of the man who could be named to succeed Huerta. If Huerta does vacate the presidency, it is more than probable that his successor will be someone hitherto not identified with national politics or rebel movements.

The financial situation has not improved. Silver is difficult to procure except in small amounts. It is no secret that the funds in the treasury are sufficient to enable the government to live only hand to mouth.

MEXICAN REBELS WANT NO FOREIGN INTERFERENCE; THEY DESIRE ONLY ARMS.

Nogales, Sonora, Mex., Nov. 14.—"We will accept no transaction with nor the interference of any nation to regulate Mexico's internal affairs."

This declaration—the most explicit and definite the revolutionary leader has yet uttered—was made by General Carranza today, after his second conference with President Wilson's special envoy, William Bayard Hale.

"The only thing which we ask and which we are trying to obtain from the United States is the free importation of arms into Mexico," General Carranza said.

An Exodus from Mexico City.

Mexico City, Nov. 14.—The proprietors of business houses here are ordering their employes to leave the capital and proceed to Vera Cruz.

Nelson O'Shaughnessy, the American charge d'affaires, refused tonight to give information of any character concerning the situation between the United States and Mexico.

SPENCER DOOMED TO THE GALLOWES

Jury Convicts Mrs. Rexroat's Murderer in Short Order—It Is Out Two Hours.

Chicago, Nov. 14.—Henry Spencer, confessed slayer of Mrs. Mildred Allison Rexroat, a dancing teacher, tonight at Wheaton, DuPage county, was found guilty of murder. The death penalty was fixed by the jury, which returned a verdict after little more than two hours' deliberation. The first ballot was seven to one for the death penalty, and the second ballot was unanimous in favor of sending Spencer to the gallows.

Spencer was arrested Oct. 5, accused of having lured Mrs. Rexroat to Wayne, Ill., and placing her body on the railroad tracks, after he had shot her to death. Mrs. Rexroat's body was found early in the morning of Sept. 27. Directly after his arrest, Spencer began a wholesale confession, in which he declared he had murdered twenty-nine persons, most of them women, and nearly all for the purposes of robbery. Although the police proved that Spencer could not have committed many of these murders, they still maintain the belief that he killed at least one or two women in addition to the dancing teacher.

Insanity Dodge Fails of Purpose.

Ever since his arrest Spencer has insisted that he be given the extreme penalty. When his trial began Monday, his attitude in the courtroom was one of such violence that Prosecutor Hadley saw in it a well-defined attempt to establish the belief that the defendant was insane. The jury, however, refused to be moved by these efforts.

Spencer was the only witness to take the stand for the defense. He testified today and for fifteen minutes held the attention of the court while he cursed and reviled his own counsel and the state's attorney. The man broke into another stream of profanity when he heard the verdict read and then fainting in his chair.

"They'll hang me. They got me! They got me! How does the jury know I wasn't insane? I was insane! I am crazy!" the prisoner shouted.

In the absence of Spencer's counsel, Judge Shusser entered the usual action for a new trial and set the hearing for a week from Saturday.

Burr Harris, Negro, Found Guilty.

Los Angeles, Calif., Nov. 14.—Burr Harris, a young negro, was found guilty here today of murder in the first degree for having killed Mrs. Rebecca P. Gay, a Christian Science practitioner, by crushing her skull with a piece of pipe in her office in a downtown building two months ago. Harris will be sentenced next Tuesday. Harris confessed that he had murdered Mrs. Gay in order to rob her.

ODD-AMOUNT COINS URGED AS A MEANS OF REDUCING THE HIGH COST OF LIVING.

New York, Nov. 14.—Revival of the "shipplaster" and the coinage of two and one-half cent, three-cent and twelve and one-half-cent pieces as a method of cutting down the cost of living are advocated in resolutions adopted tonight at a Cooper Union meeting under the auspices of the People's Institute. The resolutions urge that the facilities now extended by the parcel post be widened as rapidly as possible and that in this connection twenty-five-cent and fifty-cent bills be issued for the payment of small accounts through the mails now paid by stamps or money orders. The issue of the new odd-amount denominations of coins is urged as likely to reduce materially the cost of many articles.

TAFT SCOUTS IDEA OF WAR WITH NIPPON

Only Danger of an Armed Combat, the Former President Declares in an Address at Washington, D. C., Is in This Country's Injustice to the Japanese.

Acts Like Those of 'Thoughtless' California People Should Be Curbed, He Thinks—Says Also the Talk of Freeing Filipinos Is at This Time Very Foolish.

Washington, Nov. 14.—Asserting that the Japanese government had faithfully kept its treaty obligations by keeping its coolie labor from American shores, former President Taft in an address before the National Geographical society here tonight declared that the United States government must keep faith with Japan by not discriminating against its people.

"And," he said, "no matter what the reckless and unjust acts of thoughtless people in California or elsewhere may be, they should be restrained."

Before a distinguished gathering of scientists and government officials, the former president scouted the probability of war between Japan and the United States, saying that it was the last thing the statesmen of Japan desired.

Oriental Fighting Only for Trade.

"The only danger of war," Mr. Taft added, "is in our injustice to the Japanese. They are fighting the battle for trade and not for conquest or further acquisition of territory, at least in this direction. All we have to do to avoid other than business rivalry is to treat them as we would wish to be treated."

Critics who have spoken of the probability of an armed conflict between the two countries and of the landing of a great Japanese force on the California coast, the speaker declared, proceeded on an assumption that never in fact will be realized.

"The transportation of any army five thousand miles across the trackless waste of the Pacific, with all the chances of attack upon the troops that would have to carry them," Mr. Taft said, "is an idle dream, and the Japanese would not deal in idle dreams, even if they coveted our country, as they do not."

Speaking of the Philippines problem, Mr. Taft declared that it would take at least two generations for the Philippines to become fitted for self-government and said that for the American government to promise within any definite time to give them independence was "very foolish."

Chats With President Wilson.

Mr. Taft visited the White House offices today. "I just came to pay my respects," he said to Assistant Secretary Forster. "Please take my card to the president and tell him so. I know he is a busy man, and I don't want to trouble him." President Wilson, however, directed that his predecessor be ushered in at once. The two men chatted for a few minutes, after greeting each other heartily.

As the former president walked out, he was surrounded by many old friends. "I am becoming more pleased each day with the dignity of a college professor's life," he declared.

BANDIT ROBS TRAIN NEAR SAN FRANCISCO

San Francisco, Nov. 14.—A highway train held up Southern Pacific passenger No. 5 from Chicago, near Richmond, across the bay from San Francisco, tonight. Five passengers, the Pullman conductor and porter in the last car of the train and a brakeman were the only persons robbed. Near Oakland, the bandit jumped from the train and escaped.

PUGILIST JOHNNY COULON NOT HEARD FROM LATELY.

Chicago, Nov. 14.—Friends of Johnny Coulon, the bantamweight champion, are anxious about his safety, as he has not been heard from since he left the city for the lakes. Coulon has been hunting in the storm-swept region of Canada for several months, and until recently had written regularly to members of his family here and to friends.

THINKSAPE OFFSHOOT OF PRIMITIVE MAN

Dr. Williams Estimates That Human Race Is at Least 500,000 Years Old.

New York, Nov. 14.—Dr. J. Williams, of London, eminent authority of anthropology and geology, arrived today from Liverpool with fifteen skulls of pre-historic man, one of which he estimated to be five hundred thousand years old. This skull was found by workmen near Folkstone, Eng. His extensive and discovery have confirmed Dr. Williams in the belief that mankind is at least half a million years old.

Dr. Williams said that the finding of these ancient skulls and other human bones did not disprove, in his opinion, the popular theory of evolution, but altered it in some degree. Instead of man being a descendant of the ape, Dr. Williams said, these skulls tend to confirm the belief that the anthropoid ape was an offshoot of primitive man. One of the chief distinctions between the skulls of men and those of apes, he said, was to be found in the teeth.

The Weather

Washington, Nov. 14.—The following is the weather bureau's forecast for Upper Michigan: Fair Saturday and Sunday; light to moderate variable winds.

NEW YORK TEACHER WINS FIGHT FOR REINSTATEMENT.

New York, Nov. 14.—Mrs. Bridget C. Peixotto, a school teacher, discharged a month ago by the board of education for neglect of duty in being absent nearly a year on sick leave, has been successful in her battle for reinstatement. Supreme Court Justice Seabury today issued a writ of mandamus directing the board to restore to Mrs. Peixotto her position. Her case was selected to test the board's ruling that married women teachers must not obtain leaves of absence to permit them to bear children.

JURY HOLDS WOMAN'S HANDS ARE WORTH FIFTY THOUSAND.

Hartford, Conn., Nov. 14.—Miss Gertrude N. Garretty was today awarded \$50,000 damages in the superior court for the loss of both hands. Her hands were burned and later amputated as the result of a short circuit being formed when she pulled a chain to light an incandescent light. An electric light company and a telephone company, joint defendants, admitted liability.

BOARD OF REGENTS VOTES NEGATIVELY

University's Governors Decide Michigan Shall Not Rejoin Western Conference.

Ann Arbor, Mich., Nov. 14.—The University of Michigan will not return to the Western Athletic conference. The university board of regents so decided this afternoon. With one member absent and one voting in the negative, the board adopted the following resolution: "This board deems inexpedient, under present conditions, a return of Michigan to the Western conference and deems undesirable the continued agitation of the subject on campus."

The board also voted to support the wishes to express its sense of appreciation to those members of the conference who have invited Michigan's return and it hopes that there may be fostered in all educational institutions a high standard of sportsmanship and manhood.

"The board believes that the present status of athletics at Michigan is, in many respects, satisfactory, but will welcome and, as far as expedient, cooperate in any change in college athletics that will further the object for which the conference was originally founded."

Check Made Payable to Mack. Hull told his story to the grand jury today and produced documentary evidence to support it. This included letters from William H. Kelly, Democratic committeeman of Onondaga county, inviting him to meet Fowler in Syracuse; his check for the \$250, made out to the order of Norman E. Mack, chairman of the Democratic state committee, and a letter from Arthur A. McLean, treasurer of the committee, acknowledging the contributions "towards the legitimate expenses" of the committee in the pending campaign.

A contribution was made on Oct. 31, 1911, but District Attorney Whitman has been unable to find a record of it in McLean's statement of the campaign contributions to the committee as required by the corrupt practices act.

Hull said further that he saw seven or eight other contractors waiting outside his office, when he left Fowler.

SOLDIERS SOUTH OF CALUMET ARE TO LEAVE FOR HOME TODAY.

Cavalry Troops A and B to Depart, the Only National Guard Contingent Remaining in the Copper Country Will Be the Artillery Force in Keweenaw--Strikers Show a Spurt of Unusual Activity and There Is Renewed Violence--A Break in the Ranks at Painesdale and Allouez.

Houghton, Mich., Nov. 14.—[Special.] Cavalry troop "A," of the 10th Cavalry, Calumet, and troop "B," of South Haven, located at Quincy and Baltic, will leave for their homes tomorrow, pulling out of Calumet at 11 o'clock. They have been on strike duty continually for four months and have given very effective service.

General Abbey, commanding the Michigan brigade, who arrived in Calumet today from a visit at his home in Katahdin, does not believe that the strike situation in the district south of Calumet longer requires the presence of troops. He believes that the sheriff's forces can take care of any trouble that may occur. There will be no cutting down of the size of the military force north of Calumet, however, as the strikers in that locality still display a belligerent spirit and the Wolverine and Mohawk companies are about to import more than a thousand men.

Captain McCormick of Lansing is in charge of the troops, consisting of artillery, in the country north of Calumet and after Monday will become military commander of the district. The brigades headquarters at Calumet will probably be closed the first of the week, General Abbey returning home Monday. The general stated tonight that although the copper desires to have all of the troops removed from the region as quickly as possible, the strikers' demands will not be taken out until the district is thoroughly pacified. This may mean that the artillerymen will have to stay all winter.

Two Developments Held Significant.

Copper country people opposed to the strike and anxious to see industrial and business conditions restored to a normal basis find some comfort in two developments today—one the return to work of striking miners at the Allouez and the Champion, the other the apparent revival of violence on the part of the Western Federation.

The men returning to work—actual strikers were twenty-nine Lithuanians at Painesdale, resuming their old places at the Champion, and nine employees of the Allouez. These mines are at the extremities of the strike zone, showing that the leaves of the "back-to-work" movement is not an eruption confined to one particular locality.

The renewal of violence is taken by the strike opponents as an indication that the Western Federation is endeavoring to revive the enthusiasm of its followers. The arrest of ninety-seven men and eleven women at Painesdale, a assault on Deputy Sheriff Taylor at Han-

BAGMAN FOR TAMMANY IN LAW'S MESHES

Graft Investigation in Empire State Ensnared the First Reputed Culprit—Everett Fowler, a Murphy Henchman, Is Indicted on Charge of Extortion.

Seneca P. Hull, a Contractor on Public Work, Swears He Was Forced to Donate to Democratic Fund and Supports His Claim With Documentary Evidence.

New York, Nov. 14.—Everett P. Fowler, of Kingston, N. Y., who was described by John A. Hennessy, graft investigator for former Governor Sulzer, as the Tammany "bagman" for contributions from state highway contractors, was indicted today on a charge of extortion.

Fowler is accused of forcing Seneca P. Hull, a highway contractor, of Cortland, N. Y., and an enrolled Republican, to give \$250 as a Democratic campaign contribution, under threat that the work on Hull's \$25,500 state road contract in Cortland county would not be approved by the state highway inspectors and that his pay would be held up.

The indictment is the first growing out of the inquiry by District Attorney Whitman into the charges of graft in the state highway department made by Mr. Hennessy during his recent election campaign against Tammany Hall and reported by him as a witness at the district attorney's "John Doe" inquiry. More indictments, which may include conspiracy as well as extortion, are expected.

Check Made Payable to Mack.

Hull told his story to the grand jury today and produced documentary evidence to support it. This included letters from William H. Kelly, Democratic committeeman of Onondaga county, inviting him to meet Fowler in Syracuse; his check for the \$250, made out to the order of Norman E. Mack, chairman of the Democratic state committee, and a letter from Arthur A. McLean, treasurer of the committee, acknowledging the contributions "towards the legitimate expenses" of the committee in the pending campaign.

A contribution was made on Oct. 31, 1911, but District Attorney Whitman has been unable to find a record of it in McLean's statement of the campaign contributions to the committee as required by the corrupt practices act.

Hull said further that he saw seven or eight other contractors waiting outside his office, when he left Fowler.

PITCHER RUBE WADDELL, ILL WITH TUBERCULOSIS, LEAVES FOR SAN ANTONIO

Minneapolis, Nov. 14.—In spite of his belief of a week ago that he was suffering only from a slight attack of bronchitis, George E. Waddell, famous as a baseball pitcher, left here tonight to begin a battle with tuberculosis at San Antonio, Tex. His physician said tonight that Waddell's chances for recovery are slight. Even under the most favorable circumstances, he said, it is doubtful if "Rube" will ever be able to pitch another game.

CHICAGO AMERICANS BEAT GIANTS AT SAN FRANCISCO.

San Francisco, Nov. 14.—McGraw's National league champions lost today to the Chicago Americans, 2 to 3. The White Sox and their allies made three runs in the ninth inning, when Fromme was hit for two runs and driven to the bench. He was relieved by Tesreau, who allowed Schalk, the first man up, to double to center, scoring Evans with the winning tally.

The score: R. H. E. New York ... 000001001—7 1 Chicago ... 00000003—3 8 1 Batteries—Fromme, Tesreau and Wingo; Leverenz, Benz and Schalk.

DEAD CAT IS THROWN AT MINISTER BIRRELL

John Redmond and Wife, Also Assailed by Suffragets, Are Deluged With Flour.

London, Nov. 14.—Augustine Birrell, chief secretary for Ireland, addressing an assemblage at Bristol, was subjected to suffragette disturbances tonight. A dead cat thrown at Mr. Birrell set the meeting in an uproar and when the offenders were ejected a general fight ensued.

Mr. and Mrs. Redmond Attacked.

Newcastle, Eng., Nov. 14.—John Redmond, the Irish leader, and his wife were attacked by a suffragette today while on a train at Durham. The suffragette entered the compartment where Mr. and Mrs. Redmond were seated and after declaring that the Irish leader had not done enough for the women of Ireland, struck him on the head and Mrs. Redmond on the back. She then scattered the contents of a bag of flour over Mr. and Mrs. Redmond. A train attendant forcibly ejected the woman from the train and handed her over to the police.

Ferdinand's Abdication Reported Near at Hand.

London, Saturday, Nov. 15.—The Daily Telegraph asserts that despite official denial, King Ferdinand of Bulgaria will abdicate within a few months, perhaps a few weeks. It says his downfall is due to the king having offended Russia by seeking Austria's assistance against Serbia.

As shown by the accession of the twenty-nine Lithuanians at Painesdale today. It is expected that the Wolverine and Mohawk, in Keweenaw county, will import fully one thousand miners and trammers within the next week or so. These will bring up the mine operating force of the entire district pretty well up to the normal.

Disquieting rumors have been coming out of the Keweenaw district the last few days and both the civil and the military authorities have been preparing for serious trouble of any sort. It is well known that the Mohawk and Wolverine are to import men because the strikers show little or no inclination to return to work. The Wolverine has a crew of perhaps fifty at present, and the Mohawk force is even smaller. It is not the desire of the Stanton interests to keep these mines closed all winter, and they are to bring in men.

The artillery forces at Ahmeek and Mohawk have been armed with Springfield rifles and provided with ammunition, although in the past the soldiers have had only their riot sticks, batons and clubs. They are also ready for any emergency, while Sheriff Healy and his force of deputies are well prepared.

Mitchell Urges Congressional Inquiry.

Seattle, Wash., Nov. 14.—The delegates to the American Federation of Labor held a brief session this morning and spent the afternoon on an excursion to the Puget Sound navy yards. John Mitchell, acting president of the mining department of the federation, has introduced a resolution, which after recounting the grievances of the striking copper miners of Michigan, demands a congressional investigation of the strike and the conditions leading up to it. Another resolution, offered by John Mitchell, gives indorsement to the Colorado strike.

President Charles H. Moyer, of the Western Federation of Miners, who has been attending the convention as a delegate, left for the East in haste today. It is said that he will go direct to the Michigan copper strike district. Most of the strikers are members of the Western Federation of Miners.

Soldiers at Trinidad Seize Arms.

Trinidad, Colo., Nov. 14.—Militarymen here this morning seized a quantity of arms and ammunition at an express office, consigned to a Trinidad hardware firm. Adjutant General Chase has prohibited the importation or sale of any arms or ammunition in the strike mine.

Importations Neating the End.

It is not believed that very many more men will be brought in from outside to work in the mines in Houghton county, excepting possibly the Isle Royale. The latter now has two shafts in operation and has about doubled its strike production, raising from 300 tons a day to 600. No. 4 shaft was put in operation this week, half of the old miners from No. 2 being put into the new shaft, with a number of the imported men. The Isle Royale is one of the dangerous strike centers and very few of the old employees are working. The company probably will bring in several hundred men.

The Calumet & Hecla is full-handed, the Quincy nearly so and the indications are that the Copper Range Consolidated will not require any additions from the outside, as there is a tendency toward a sharp break in the ranks of the strikers.

M. F. GOLDBERG

Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphreys' 500 page Veterinary Manual will prove so valuable to you. It is by F. Humphreys, M. D., V. M., and teaches how to diagnose and give proper treatment. This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphreys' Homeopathic Medicine Company, 124 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the final, every owner should have it. It will cost you but a post card by writing for it now.

City Brevities

Today's weather: Fair. Yesterday's temperatures: Seven a. m., 32 degrees; noon, 32; 7 p. m., 31; highest, 33; lowest, 29.

Marquette news will be found on pages 4, 8 and 10 this morning.

Mrs. J. Macke, of Ishpeming, is visiting here.

P. G. Teeple left yesterday for Ewen, on a deer-hunting trip.

Bert Cons left yesterday for Lawson, on a several days' deer hunt.

Mrs. William Becker, East Prospect street, and son, are visiting in Duluth.

Miss Salomae Benik, of Ontonagon, is visiting friends and relatives in Marquette.

Miss Alice Stewart is here from Duluth, to visit her parents over the holidays.

Mrs. Peter Stuer is in Glenwood, Wis., called there by the serious illness of her father.

Dr. William B. Lonn arrived home yesterday morning from Chicago, where he attended the annual congress of American surgeons.

E. C. Anthony, of Negaunee, and W. H. Johnston, of Ishpeming, are attending a meeting of the board of control for the Marquette prison here.

F. G. Truscott has been confined to his home for the past two weeks, nursing a sprained ankle and other injuries, the result of a fall from a stepladder.

The dancing party given by the Elks last evening in Fraternity hall, the first of a series of six, was well attended, and was successful in every way. Refreshments were served. The next dance will be given Dec. 3.

Carl Meecke arrived home yesterday from a successful hunt near Princeton. He made his headquarters at Joe La-Rochelle's camp. He brought in two deer, one 150-pound buck and a doe. Mrs. Meecke was out for a week.

R. C. Young left last evening for Chicago to spend two days visiting his daughter, who is attending the Chicago university. From Chicago Mr. Young will go to Washington, D. C., to attend a convention of civil engineers.

A. D. McMillan, the representative of the Town Development company who has been acting as temporary secretary for the Commercial club for the past several weeks, left last evening for Louisville, Ky., where he will participate in a campaign to be conducted by the company.

The Christian Endeavor society of the Presbyterian church will organize a study club. The first subject to be taken up will be the one of immigration. All persons interested in it and who would like to join the club are invited to attend a meeting at the Presbyterian church Monday evening.

Fair Weather—Fair weather is in sight for Marquette for the next few days, according to the weather man. The expression "fair weather," however, does not necessarily mean warmer temperatures. It only means calm weather.

Mrs. Allie Dead—Mrs. George Allie, mother of Reuben Allie, formerly employed by The Mining Journal as Associated Press operator, died yesterday in Three Rivers, Wis., according to word received in this city last evening. No details are known here.

Tickets Out for Junior Dance—Tickets for the annual prom given by the junior class of the high school have been issued. The dance will be held Nov. 28 in Fraternity Hall, with the Ideal orchestra playing the music. The hall will be decorated with the colors of the class, maroon and gold.

Violated Veterinary Law—Fred Stewart, of Chatham, Thursday paid a fine and costs amounting to \$17, when he pleaded guilty before Justice of the Peace Meeker, at Munising, to violating the veterinary law. He had practiced as a veterinarian without being registered and, it is said, had been doing this for several years.

Joint Installation—A joint installation of the newly-elected officers of the Marquette and Ishpeming councils, Knights of Columbus, will be held this evening in Bureau's Hall. Joseph La-Billois, of Menominee, district deputy, will be the installing officer. Lunch will be served at the Knights' clubrooms on Washington street, following the installation.

Eleven-Reel Matinee—An eleven-reel matinee and the regular vaudeville act will be put on at the matinee at the Marquette Opera House this afternoon. The show will open with two reels of pictures, then the "Ross Kids" will appear, followed by the three reels of dancing pictures, and then the other six reels will be shown. Owing to the length of the performance, the entertainment will start at 2:30 o'clock.

Moved to Munising—The Kirkfish five and ten cent store, which has been conducted on Third street, in the Cole building, has been moved where at 6 o'clock the store will be established next week in the Weiss block. The closing of the Marquette store was due to the advent of the Woolworth business here. The smaller store could not stand the competition.

Fall Bulletin Service—Yesterday J. H. Primeau, Jr., completed arrangements for a full bulletin service on the progress of the Michigan-Pennsylvania game at Ann Arbor for the gathering of U. of M. men in Marquette this afternoon. The headquarters of the party will be made at Kouch's hall where at 6 o'clock the Cloverleaf cafe will serve a Dutch lunch. It is expected that there will be thirty or more U. of M. men, representing all parts of the county, present.

Dodge Marshal's Order—The order recently given by Marshal John Manning that children are not to coast on hills crossing Washington street is being obeyed. But the youngsters have a way of getting around that order. They stand up and slide on the sidewalks, using their feet instead of sleds. This is going to be stopped too, though. There can be no sliding on any of the hills where either the children or pedestrians will be endangered, even if feet instead of sleds are used.

Saturday Music Club—The Saturday Music club will meet with Mrs. V. G. Halby, 516 Spruce street this afternoon at 3:30 o'clock. The general subject will be Scandinavian popular music and the following program will be given: National hymn, the club; Berceuse, Grieg;

Miss Proudfoot: "My Song Shall Be Thine, Sweet Springtime," Grieg; Miss Retallic; violin, Auden Fruhling, Mrs. Reeman; Schmetterling, Grieg, Mrs. Wabby; duet; Elverhoi, Kublan, Mrs. Boyer and Mrs. Halby.

Given New Term—William Andrews, a parole violator, is back in the Marquette prison to serve a new term. Andrews was sent up from Genesee county for from two and a half to five years, with a recommendation that he be held for five years for larceny from a dwelling on the daytime. His parole period was about up, and as he could have been held for but a few months for the violation the prison officials recommended that he be prosecuted for his latest offense. His new term will not begin until Jan. 16.

Wedding Dec. 3—Mr. and Mrs. T. M. Wells of Negaunee have issued cards announcing the approaching marriage of their daughter, Miss Ruth Snow Wells to Dr. Thomas Cunningham, of Marquette, on December 3 at St. John's Episcopal church at Negaunee at half-past four in the afternoon. The wedding will be largely attended by Marquette friends of the parties, and for their accommodation a special train will be run over the South Shore line, leaving Marquette at 3:35 p. m. and leaving Negaunee on the return at 5:20 p. m.

Left for Russia—Julius Tausig, a convict at the Marquette prison sent up from Wayne county, was released this week on the order of Governor Ferris, on the condition that he should leave the country and not return until the period of his maximum term had expired. Tausig's old mother is in a dying condition in Russia, and he was released so that he might see her again. He left for Montreal where he will sail on an ocean liner. Tausig had an excellent prison record, and that influenced the governor in granting him unusual clemency.

Old Resident Passes—Silas Robinson, for many years a resident of Marquette and for the last several years of Skandia, West Branch township, died at St. Mary's hospital at 2 o'clock this morning, following a four weeks' illness. He was fifty years old. Mr. Robinson is survived by his wife, eight children, his father and mother and two brothers. The children are: Owen, Demmon, Gayne, Rexford, Frank, Ross, Silas and Edwin. The brothers are William and Demmon. The funeral will probably be held Monday from the home of John O'Neill, 140 Champion street.

The Ross Kids' Muscles—Although they are but fourteen and fifteen years of age, the two Ross kids, the vaudeville attraction at the opera house, have muscles both in their arms and backs that many young men would be proud of. The little fellows have been trained in gymnasium work since they were babies, and have been in vaudeville for over two years. It is not only their clever boxing that pleases, but their wonderful display of endurance as well. They start out with rope jumping and exercising springs, keeping this up for four minutes. Then they take turns at the punching bag, and keep the bag swinging for seven minutes, winding up with a three round bout. They get little or no rest from the time they go on the stage.

Discussions of City Charter

To the Editor of The Mining Journal: A serious defect, as I view it, in the proposed charter is that no limit is placed on the amount which the members of the commission may pay themselves for their services. This may easily reach \$1,000 a year and can legally be made \$14,000 if enough meetings are held and attended.

The average annual expense for all the pay of all ten of the aldermen for attendance on council and committee meetings in this city for the past three years has been but \$204.33, an average for each alderman of \$20.43 a year.

Chapter 3, Sec. 6, of the new charter provides that "The said mayor and commissioners shall receive out of the city treasury each the sum of \$3 for each and every meeting of the commission actually attended by them." They are required to hold at least one regular meeting each week. There is no limitation whatever on the number of regular or special meetings they may hold, at \$3 each.

A great advantage claimed for the new plan is, that ready access can be had to the commission and action obtained at any time. Frequent meetings of the commission will be found necessary for the transaction of the extensive and varied legislative and business affairs now separately conducted each in its particular branch, by the common council, the park, cemetery and street commission; the light and power commission; the board of fire and water commissioners; and the trustees of the Peter White public library. In addition will be the discharge of many new duties which are authorized and required of the commission under the new charter. All this may be found to require daily regular sessions, and the proper accommodation of the public may make it necessary even to hold evening sessions.

City Treasurer Robert P. Byrne tells of a court in Maryland, of three judges, any one of whom may conduct the business of the court, each of the three being paid \$6 for every day a court session is held. It so happens, he says, that the court holds a session each day of the year, except Sundays, the judges taking turns on opening Fourth of July, Christmas, and other holidays, whether there is any court business to conduct or not. So, a "busy" commission might find it "necessary" to hold meetings forenoon, afternoon and evenings, at \$3 per meeting each; involving a possible expense that may be made to run up to \$14,000 a year. Of course, this is an extreme not likely to be realized, and is only cited to show what is possible should had men get control.

This unchecked power to pay themselves so liberally will be one of the strongest of bids to "bad" men to seek the offices, as well as men from a class who cannot earn so much anywhere else. Sooner or later human nature may assert itself, the "wolves" may invade a fold, and we may have a commission giving a continuous performance of regular meetings, and in a perfectly "legal" manner, too. They would be held indeed if they could not make some kind of pretense or showing of "necessity" for every one of their frequent meetings.

As it now is, men sometimes run for office and publish platforms announcing themselves for or against certain measures; and when elected find reasons or excuses for disregarding their pre-election promises to the people. Now suppose such men get control of the commission, would it be safe to predict they would not forget their pre-election "views" and vote for plenty of regular meetings and draw their "per meeting" compensation.

There is likewise no limitation on the number of days registrars may work at \$3 per day. These are new appointive officers in each precinct with yearly terms of office, "to take charge of and care for the registration of electors in that precinct at all elections held during his term of office" and are to be paid \$3 per day "for each day actually engaged in their work." Over-zealous registrars might, with none to say them nay, "work" the city almost at their sweet will, at \$3 per day on this job.

GEORGE P. BROWN.

J. C. Cannon, chairman of the charter commission, is in receipt of a communication from the mayor of Des Moines, relative to the effect of commission government on taxation as experienced in that Iowa city. The communication follows:

Mr. J. C. Cannon, Marquette, Mich.

Dear Sir: I have your communication concerning Mr. Ryan's assertion that taxes are higher under commission government than under the old system. The tax rate from 1900 to 1907 inclusive being the last eight years under the old form averaged 39.5 mills for city purposes. During the first five years under commission government it averaged 27 mills, or 2 1/2 mills lower than under the old form. Not only so, but under commission government we have during these five years paid in cash out of current revenues for permanent improvements over \$500,000. This of course, is in addition to taking care of all our current expenses which the old form of government was never able to do. They kept running behind from year to year, and then issued bonds to make up the deficits. One of the first things done by the commission government was to take up \$180,000 of these debts with the issue of bonds. The tax for the coming year has been lowered another five mills. This is not, however, so much of a reduction in taxation as in equalization. We introduced the Somoers system thereby getting all assessments on the same basis. While this reduced a great many actual assessments, yet on the whole, it increased the valuation because of tax evasions, which were un-

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. MARTINDALE LOOKS TO UPPER PENINSULA

Candidate for G. O. P. gubernatorial Nomination Expects Big Vote in This Region.

Lansing, Mich., Nov. 14.—Secretary of State Frederick C. Martindale, candidate for the Republican nomination for governor, expects to launch his campaign in the upper peninsula within the next few months.

In the primaries last year Mr. Martindale carried a majority of the counties beyond the straits, and his friends in lower Michigan believe that he will do even better in the northern country in the primaries of 1914. Since he was defeated for the nomination by Amos Musselman a year ago, Mr. Martindale has received thousands of letters urging him to make the race again, and the assurances of support from every county in the state are so flattering that his friends declared today their confidence that he will win next year by an overwhelming majority.

State political leaders argue that Mr. Martindale will hold the eighty thousand votes he received in the gubernatorial race a year ago, and that inasmuch as he has the benefit of his last campaign to aid him his vote will be even larger next year. They point out that Mr. Martindale is better and more favorably known than any other candidate the Republican party could present and that he has no factional lights on his hands to mar the party's success at the election.

Mr. Martindale's strength in Wayne county saved the Republican state ticket with the exception of governor, last year and his Detroit friends assert that he will carry Wayne county in the primary next August by a big plurality.

NOTICE

Water rates on all metered services for the three months ending Oct. 31, 1913 are due and payable. If not paid on or before Nov. 15, 1913, water will be shut off and the penalty of \$2.00 will be charged for again turning on the water. BOARD OF PUBLIC WORKS.

WARNING AGAINST TIGHT CORSETS

Surgeons at Chicago See Woman Provided With New Orifice for the Stomach.

Chicago, Nov. 14.—Tight corsets on women and tight belts for men are constant causes of serious ailments of the stomach, according to surgeons who saw Dr. Herbert Patterson, of London, today perform an operation to provide a new outlet for a stomach to replace a badly abused pylorus which had become inactive.

The operation was on a woman and the inertness of the pylorus, surgeons said, was chiefly due to tight corsets. Dr. Patterson cut the intestine a few inches below the pylorus, made a hole in the side of the stomach, nearest the intestine, and produced a new pylorus. College boys who wear belts tightly strapped around the abdomen take equally grave chances of stomach disorders, according to the physicians.

Next Congress in London, Eng.

Dr. John B. Murphy, of Chicago, was chosen president of the Clinical Congress of Surgeons of North America at the annual election, London, Eng., was chosen for the 1914 meeting, which will begin on July 26.

MOST WALL STREET STOCKS HIGHER AT CLOSE OF DAY

New York, Nov. 14.—At the end of a day of mixed price movements and considerable confusion in speculative sentiment, the principal Wall street stocks this evening showed net gains of fair proportions. Business was almost entirely professional and traders concerned themselves primarily with attempting to interpret the news from Mexico in terms of stock market quotations. New Haven was again weak, reaching a new low level, at 75 1/4.

Bradstreet's bank clearings report for the week ending Nov. 13 shows an aggregate of \$3,417,808,000, as against \$3,855,458,000 in the corresponding week last year.

Wheat Down; Other Grains Up.

Chicago, Nov. 14.—Heaviness pervaded the wheat market today the greater part of the time. The other articles all showed a net gain. Closing prices were: December wheat, 86; May, 90 1/2;

RARE GOLD COINS STOLEN AT BALTIMORE ARE FOUND

New York, Nov. 14.—Detectives from Baltimore, armed with a writ of replevin, today broke open a safe deposit box in the vault of a New York trust company and recovered about \$17,500 worth of the rare gold coins stolen recently from the \$80,000 collection of Wando Newomer, a banker of Baltimore.

Otto H. Houst, an electrician, was arrested in Kingston, N. Y., yesterday charged with the theft of these and other coins of the banker's collection. According to the police, he confessed and revealed the hiding place of his spoils. The officers made no attempt to get possession of nearly \$10,000 worth of rare silver coins, stolen from the banker as the thief, it developed, presumably finding them too bulky to handle and dispose of readily, threw them into the Hudson river from a ferryboat.

INTEREST IN ANNUAL BOWLING TOURNAMENT

Ishpeming Men Will Next Week Organize Two Teams for Upper Peninsula Meet.

"Ishpeming bowlers are already showing interest in the Upper Peninsula bowling tournament, to be held in Calumet next March," said H. O. Bell, manager of the Empire alleys, yesterday. "Two teams that will immediately go into training for the upper peninsula contests will be organized next week from among the best bowlers in the city. We have enough material to organize three first-class five-men teams."

"I am informed that the Calumet bowlers are already organizing teams for the tournament."

"Ishpeming will be represented by some excellent bowlers and I will be disappointed if the Ishpeming men return home without some of the prizes. We will ask the delegates to the convention to give us next year's tournament. It was understood when the league was organized that the tournaments would be held alternately between the Iron and Copper districts. As Ishpeming now has the only alleys in the county of sufficient size to handle the tournament, we will probably get the 1914 meet."

"Crystal Falls has new alleys and I understand that they, also, intend to send one or two goods teams to this year's tournament. If Crystal Falls is in a position to handle the upper peninsula meet next year, I do not believe that the Ishpeming bowlers would oppose the claims of that town. Otherwise we will ask for the meeting."

Much Interest in City League.

"The participants in the city league are greatly interested in the contests and look for an exciting finish. All of the scheduled games, with the exception of one, have been rolled this week, in spite of the fact that some of the bowlers have been in the woods deer hunting."

"A new three-men team, to be known as the 'Blue Points,' is after the scalp of the 'Noysters' and 'Crabs.' They have authorized me to issue a challenge to both these teams. The names of the bowlers on the 'Blue Points' team will not be made known until they appear for their first contest on the alleys."

PROPOSES BASEBALL LEAGUE.

Buffalo Man Writes Secretary of Escanaba Business Men's Association.

Hugh Shannon, of Buffalo, has written W. J. Clark, secretary of the Escanaba Business Men's association, saying that he and others propose to organize a baseball league that will include Ishpeming, Calumet, Marquette, Sault Ste. Marie, Escanaba, Marinette, Ironwood and Ashland.

The Escanaba Press, in commenting on Shannon's letter, calls him a dreamer, considering the plan impracticable. The Press says several of the cities mentioned have never given a team proper support and that it would be impossible to interest copper country fans, because of the strike in that section.

Mr. Shannon's letter to Secretary Clark is as follows:

"The writer associated with several other well-known baseball men is contemplating organizing the Copper Country baseball league. We are figuring on forming a six club circuit from the following eight cities: Ishpeming, Calumet, Marquette, Sault Ste. Marie, Escanaba, Marinette, Ironwood and Ashland. I believe with a small salary limit this league will be a big success. I would like to ascertain whether there is an enclosed park in your city and if there is would you please send me the owners' name and address. I will appreciate an immediate reply as we are figuring on having a meeting in the near future and would like to get all the cities lined up before we meet. Any further information you can give me as to Escanaba as a baseball town will be much appreciated. Hoping to hear from you in the near future, I am,

Yours very truly,
HUGH SHANNON,
Pixford Ave, Buffalo, N. Y.
CUTTING SCRAPE.

Andrew Ekola is being held in jail awaiting a hearing Monday morning in Judge West's court on a complaint of assault made by Jacob Annala, whom he while in an intoxicated condition, attacked with a knife, in Mike Kumpul's saloon on Pearl street, Thursday even-

ing. Annala who is employed in the saloon, received a number of painful, but not serious, cuts about the head and face. Ekola, was also badly used up, but his injuries were not serious enough to keep him out of jail. It is expected that he will be bound over to the circuit court for trial, as his offence is punishable by a term in prison.

HAS GOOD AVERAGE.

International Committee of Y. M. C. A. Reports on Ishpeming Branch.

R. J. Wise, general secretary of the Young Men's Christian association, has received from the international committee of the Y. M. C. A., with headquarters in New York, a report on the standing of the Ishpeming organization, with reference to its educational work.

The international committee each year sends to every branch "educatograph," which contains a diagram showing how it stands with reference to educational work. The object is to influence the association to increase their activities along educational lines.

The report considers seven items: "Library books drawn," "lectures and talks," "educational club members," "students and class work," "budget, 12 1/2 per cent. of total annual current expense," "tuition receipts per student per year" and "international certificates per 100 students a year."

As the Ishpeming organization has no library, no credit is given for book reading; 100 per cent. is given for lecture talks; 250 per cent. for club members; 84 per cent. for students in class work; 52 per cent. for annual current expenses; 25 per cent. for tuition receipts; and 225 per cent. for international certificates.

Mr. Wise said that in a general way the report is better than the one received last year. The percentage of students at work this year in special classes is not as large as last year, when some 250 students were enrolled.

NEARLY EVERY CHILD HAS WORMS

Paleness, at times, a flushed face, unnatural hunger, picking the nose, great thirst, etc. are indications of worms. Kickapoo Worm Killer is a reliable, thorough medicine for the removal of all kinds of worms from children and adults. \$35,000 SPENT ON SCHOOL PROPERTY

St. John's Parish Is Bringing Extensive Improvement Program to a Close.

The illustration printed herewith shows the appearance the exterior of St. John's parochial school and sisters' dwelling will have when the work now in progress is finished. It was prepared from the sketch by the architects, Edward A. Schilling and Edward C. Van Leyen, of Detroit.

ST. JOHN'S SCHOOL AND SISTERS'DWELLING.

school will be ready for use by the first of the year. The sisters' dwelling will not be ready until some time later. The improvements at the two buildings will cost approximately \$35,000. Rev. J. A. Kouf, pastor of St. John's church, yesterday said that to defray the expense about \$10,000 has been secured from the sale of lots in the old cemetery plot. The parishioners of St. John's and St. Joseph's churches have contributed approximately \$5,000, and the property is bonded for \$10,000, making \$25,000 available. There remains \$10,000 to be raised. The school structure contains four class rooms on the first and four on the second floor and a large assembly hall on the third floor. In the basement there

are playrooms for boys and girls, and modern lavatories. The hall, which will be much larger and more convenient than formerly. The stage has been removed, making it the second largest hall in the city. Additional ante-rooms and parlor rooms have been provided. The school will be heated by steam and a modern ventilating system has been installed. Within two weeks or so the plasterers will finish their work on both buildings. The sisters' dwelling will have twenty rooms on three floors, in addition to the basement.

ALUMNI TO MEET TODAY.

The alumni of the University of Michigan will meet this afternoon at 3 o'clock in Keough's hall, Marquette, to hear the returns from the Michigan-Pennsylvania football game. At 6 o'clock a Dutch lunch will be served, after which there will be a social session.

his return from the hospital, a great deal of the preliminary work in connection with the Upper Peninsula league meeting will fall on Mr. Blackney. Mr. Olson is also chairman of the general committee in charge of the convention.

SPECIAL MUSICAL SERVICE.

The monthly musical service will be held at the Presbyterian church Sunday evening at 7 o'clock, with special selections from Gaul's Holy City, as follows: "God Be Merciful".....Biery Chorus Choir "A New Heaven and a New Earth".....Mr. Austin and Choir "These Are They".....Miss Mohr "They Shall Hunger No More".....Mrs. Austin and Miss Martin "Holy Rest".....Biery Chorus Choir

HAD LONG WALK.

A strike breaker, who was taken to the copper country, from Chicago one day last week, arrived in Ishpeming yesterday, having walked the entire distance from Houghton. He was without money and he showed the effects of his long tramp. He found a countryman who gave him food and bought him a ticket for Chicago. The man said he worked

was manager of the Bay City team in the Southern Michigan league last season.

Fred Portance of Escanaba, who travels for Hummer, Keeling & Co., wholesale druggists, was in the city yesterday.

Mrs. L. H. Kellan, of Evanston, Ill., and Mrs. Abel Olson, of Houghton, are in the city visiting their sister, Mrs. John N. Olson.

James Malloy, Jr. is here from Texas on a visit to relatives. Mrs. Malloy and their baby have been in the city for several weeks past.

Claud Fisher, Teddy Kennedy, Jim Gleason, Jay Gallery, Pat Reidy, and Percy Chapman will go to Sanda today on a rabbit hunting trip. They expect to be gone until Monday.

Jay Holland, who has been in charge of the meat market at the Humboldt store for the past year, has resigned, and has taken a position as meat cutter with the Hughes Mercantile company.

Ishpeming council, Knights of Columbus, Monday evening will consider a plan of opening club rooms. It is expected that a special committee appointed some time ago by Grand Knight H. G. O'Keefe will report favorably on the subject.

William Burder, one of Ishpeming's pioneer residents, was stricken at his home on Euclid street Thursday afternoon with apoplexy. His son John, of Calumet, was called and is now in the city. Mr. Burder is seventy-six years old.

George F. Thoney and wife left Thursday evening for Milwaukee and Chicago, to be away a week or so. While in Milwaukee Mr. Thoney will consult Dr. Schneider relative to his hearing, which has been impaired for the past two years or so.

Rev. J. G. Haller will occupy his pulpit in the First Methodist Episcopal church tomorrow morning and evening. His topic in the evening will be "The Parting Kiss," or "The Earth's Sad Farewell." This is the last in a series of evening sermons on "Bible Kisses."

The reed organ in use at the Ishpeming M. E. church prior to the installation of the pipe organ has been purchased by the Palmer Methodist Episcopal church society and will be used in the Palmer church tomorrow for the first time. An Ishpeming lay preacher will conduct the religious services.

The meeting tomorrow afternoon at 3:30 o'clock in the Y. M. C. A. will be conducted by the boys' department. Talks will be given by Principal Davis of the high school and Harry Bottrell. Ray Thomas will play a piano solo and the Y. M. C. A. orchestra will be heard. All the older boys in the city are invited to attend.

Mrs. H. Harvey went to Gwinn last evening, to spend a few days visiting with her son, Sidney, and family. Sidney sustained a fracture of his leg while at work as a timber framer at the Stephenson mine Thursday afternoon. A. Goulette, brother-in-law of Mr. Harvey, will go to Gwinn tonight, to visit him.

Mining News

AMALGAMATED.

Thomas W. Lawson was on the witness stand for over an hour at Boston this week in the suit of Peter Geddes et al. against the Anaconda company, Alice Gold & Silver company, J. W. Allen, W. D. Thornton, A. C. Carson and E. S. Ferry, which seeks to annul the sale of the Alice to the Anaconda. The hearing at Boston was held to get the testimony of Mr. Lawson and Albert C. Burrage, United States Senator Walsh of Montana, for the petitioners, questioned Mr. Lawson at length regarding the plans at the time of the formation of the Amalgamated company. Asked what his business was, Mr. Lawson replied: "Farmer, author and banker." He said he participated in the original organization of the Amalgamated company, being associated with the late H. H. Rogers and A. C. Burrage. The Amalgamated was formed in 1899, he said, but conferences had been held as far back as 1896. He cited the different companies it was proposed to consolidate at the time the consolidation was for the purpose of more advantageous and profitable conduct of the copper business. It was planned to purchase all producing companies, including the Rio Tinto mine, he said, wherever possible, through the acquisition of a majority of the stock.

Mr. Lawson related how the United Metals Selling company was formed by the formation of this company was in line with the general scheme, continuing all the way through. It would have been very essential to have the marketing of the whole product of the mines controlled or owned by the consolidated company, as the very foundation and idea of the scheme was control of the metal, as it would have enabled us to have established and held the metal at a fair price.

Senator Walsh asked Mr. Lawson why, at the formation of the Amalgamated company, it did not immediately acquire the Boston & Montana and Butte & Boston properties. Mr. Lawson replied: "We had intended to have the Boston & Montana and Butte & Boston the first stocks to be absorbed, but in the meantime Mr. Rogers had been able to acquire from Marcus Daly control of the Anaconda property, control of which had not been originally contemplated until after the Boston & Montana and Butte & Boston properties had been arranged for. That would have necessitated a larger amount of capital at the start, and Mr. Rogers and Mr. Rockefeller and other associates thought it inadvisable, so it was decided to bring the contemplated company to the public in sections, and what was to have been the first section was shifted to the second."

"Had you and your associates acquired control of the Boston & Montana at that time?" asked Senator Walsh. "No," replied Mr. Lawson, "but we could speak for control of it."

Senator Walsh: "Who was the master mind in the consolidation?" "H. H. Rogers," replied Mr. Lawson. "On whose suggestion did he become interested?" asked the senator. "On my suggestion," replied the witness.

A MAKER OF HEALTH.

A good honest medicine like Foley's Kidney Pills gives health to many families. Mrs. O. Palmer, 635 Willow St., Green Bay, Wis., was seriously ill with kidney and bladder trouble. Mr. Palmer writes: "My wife is rapidly recovering her health and strength, due solely to the use of Foley's Kidney Pills." For sale by All Dealers.

Overcoats

Are Conspicuous Things

In winter an old suit can hide under a good overcoat.

If your old overcoat looks as if it felt ashamed, come in here and look over our big array of shawl or convertible collar coats, with or without belt-back in Chinchillas, Fancy Cassimeres, Meltons and Kerseys—short and long models.

Worth your while to come in and look.

We are still showing a very complete line of Mackinaws for Men, Women and Children.

NO TATTOO MARKS.

King George, I am informed on good authority, has cautioned the prince of Wales against being tattooed, says a writer in London Life. His majesty years ago, when he was duke of York,

had some elaborate Japanese designs tattooed on his arms and chest and peevishly is said to take great pride in the artistic excellence of these skin pictures. Queen Mary, however, dislikes the practice and it is owing to her influence that he has cautioned the prince of Wales not to walk in his father's footsteps so far as tattooing is concerned. It is a curious coincidence that the czar, who bears such a resemblance to his majesty that he may be described as his "double," was tattooed with similar designs by the same artist who had the honor of designing the puncture pictures on King George.

CANDIDATES TOO NUMEROUS

Oversupply of Congressional Material Causes Acute Political Indigestion in Chippewa County, and the Problem of Elimination Is a Difficult One.

Joseph Bayliss, One of the Men "Mentioned" in Connection With the Office, Was Marquette Visitor Yesterday—Two Lower State Men Are in the Field.

More candidates aspire to congress in the Eleventh district than in any other district in the state.

Mr. Bayliss is a member of the state house of representatives. He is more than that, for he is one of the most popular figures in politics in his home county of Chippewa.

At that Mr. Bayliss is not yet an active candidate for congress, and he does not appear to be particular whether he becomes one or not.

Advertisement for KONDON'S Catarrhal Jelly, describing its benefits for various ailments.

gets into the field, he will take both feet along with him.

Many Candidates in Chippewa.

At the moment Chippewa county is suffering from acute political indigestion resulting from an oversupply of congressional material.

What is needed at the Soo, and what the various candidates are seeking to obtain, is the elimination of all but one of the Chippewa aspirants.

The past few weeks have been filled with negotiations between the several prospective candidates in an attempt to put on a plan by which the Republicans can unite on one man.

In the Other Counties.

Outside of Chippewa Senator Wood, of Manistique, has been referred to as an aspirant, but it is now thought likely that he will seek reelection to his present office.

In the lower state counties of the district two candidates have appeared. They are Representative Hinckley, of Emmet county, and Senator Scott, of Alpena.

of straightening out before any such thing is possible.

Looks to Upper Peninsula.

According to early indications the upper peninsula vote will be a prize much sought by the Republican candidates for governor.

A telegram received by The Mining Journal yesterday contained the statement that Secretary Martindale would begin his upper peninsula campaign within a few months.

TAKES NEW POSITION.

G. C. Dow Is Woods Superintendent for Big Bay Company.

G. C. Dow, for the past few years, while he has been woods superintendent for the Lake Superior Iron & Chemical company, a resident of Marquette, has resigned his position with that concern to take up similar duties with the Brunswick, Balke, Colander company.

His resignation as an employe of the Lake Superior Iron & Chemical company is said to have been due to the fact that he did not like certain proposed readjustments following on the reversion of the company, recently announced.

Northern Normal Notes

Miss Catherine Shea, who was a student at the Normal in 1903, visited the school on Thursday.

Miss Mildred Unsworth, who was called home to Calumet last week on account of the death of her mother, has resumed her work at school.

Miss Marion MacDonell, who received a grade school certificate in August, has accepted a position as teacher in the Pickford schools.

Miss Julia Gill, one of the senior girls, was summoned to her home at Beacon the latter part of last week, owing to the death of her father.

E. A. Cleasby, from the federal department at Washington, gave an address to the school at assembly on Thursday morning, speaking upon "Birds and Their Economic Value to Agriculture."

Thursday morning at assembly, Miss Grace A. Spalding, head of the art department, gave an interesting illustrated talk on "Florence." Miss Spalding is particularly qualified to speak of this city in Italy, as she studied there for a number of months.

The Student Girls' League annual party, which was to have been given Tuesday of this week, was postponed until next Tuesday. It is expected that every student in the school will be present.

The Ostris society is making rapid strides in its membership this year, and it is unusually active.

TODAY IS TO WITNESS BIG GRIDIRON BATTLES

Games Both East and West Will Have Decided Bearing on Year's Championships.

Chicago, Nov. 14.—The football season of 1913 has reached its climax. On the outcome of three big battles tomorrow, representative eleven of the Central states have staked their year's ambition, Chicago and Minnesota contending for the conference championship.

New York, Nov. 14.—Football games which will have a decided bearing on the final ranking of Eastern college eleven for the season of 1913 form the feature of tomorrow's games.

Detroit, Mich., Nov. 14.—Coach Brooke this afternoon drove the University of Pennsylvania football team through a snappy football practice at the Detroit Country club.

Ann Arbor, Mich., Nov. 14.—The University of Michigan football team was given the lightest possible workout this afternoon, in its final preparation for tomorrow's game with Pennsylvania.

SMELTER FUMES CASE ENDED.

Washington, Nov. 14.—The supreme court today dismissed the suit of the Montana farmers, who had been defeated in lower courts, in their fight for relief from the fumes of the Anaconda copper smelter, near Butte, which they alleged ruined their crops and lands.

MIKE GIBBONS DEFEATS ROWAN.

New York, Nov. 14.—Mike Gibbons, of St. Paul, defeated Marty Rowan, of Brooklyn, in the second round of what was to have been a ten-round bout in Brooklyn tonight.

DYNAMITE CAP FOUND IN MILWAUKEE FIRE DEBRIS; A WIRE ATTACHED TO IT.

Milwaukee, Wis., Nov. 14.—A dynamite cap was this afternoon found at the scene of the Goodyear Rubber company fire which caused the death of nine firemen three weeks ago.

Children Do Grow Sturdy On Grape-Nuts

Members of the district attorney's force refused to discuss the significance of the find until a further investigation had been made.

FURS WANTED!

All kinds of raw furs purchased by me at market price. Call or write, W. H. BROUNELL, Harris House, Newberry, Mich. 11-15-11.

ASSAIL SYSTEM IN NEW YORK PRISONS

Two Women Who Serve Self-Imposed Terms Find Room for Much Reform.

Auburn, N. Y., Nov. 14.—Miss Madeline Z. Doty and Miss Elizabeth C. Watson, the former a member of the state commission on prison reform and the latter an investigator formerly with the national child labor committee and state factory investigation commission, having completed a study of the women's prison here, during which they underwent secret self-imprisonment similar to that followed by Thomas Osborne recently in the men's prison, tonight spoke of the investigation. Unlike Mr. Osborne, however, they did not make known their identity while in prison.

Washington, Nov. 14.—President Wilson late today instructed Assistant Commissioner Hangar, of the board of mediation and conciliation, to proceed at once to New Orleans to aid in settling the strike of the Southern Pacific railway operating employes.

PRESIDENT WILSON SENDS ENVOY TO TRY FOR PEACE ON THE SOUTHERN PACIFIC

New Orleans, Nov. 14.—Except for two transcontinental passenger trains, traffic on the Southern Pacific railway in Louisiana is tied up by the strike of engineers and trainmen.

WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CONCRETE FLOORS FALL TO BASEMENT

Ten Men Believed to Have Met Death in Collapse of Iowa Building.

Cedar Rapids, Ia., Nov. 14.—With a roar that was heard for blocks, the rear forty feet of a seven-story building, nearly completed, collapsed here at 3:20 o'clock this afternoon, carrying with it fourteen men who were working on the concrete roof slab. Four have been taken from the ruins, severely injured, and the others are believed to be buried beneath a huge mass of concrete and twisted steel used in the reinforcements.

The concrete for the seventh floor was poured two weeks ago and the roof slab over the remaining portion of the building was just in place. A portion of it gave way and fell to the sixth floor, where the concrete had not hardened. This gave way and in two or three seconds all the floors beneath had been cut straight down and were lying in a huge pile in the basement. It may take all night and all day tomorrow to remove the debris and recover the bodies.

Upper Peninsula

Found Dead in His Saloon.

Jonas Johnson, of Baraga, was found dead in his place of business last Monday by Deputy Sheriff Burt Cosgrove. Mr. Cosgrove on trying to enter the building found the door locked. The door was forced open and the body of Johnson was found lying on the floor behind the bar. An inquest was held. The verdict was that death was due to natural causes. Johnson was sixty-eight years of age and a widower. He leaves three sons. He was a pioneer resident of Baraga and was engaged in the saloon business for a great many years.

Playgrounds for Escanaba.

The Escanaba school board has accepted the offer of the Escanaba chapter of the Daughters of the American Revolution to assist in installing playgrounds at each of the ward schools of the city. It is proposed to set off a portion of each of the grounds for this purpose, and as fast as funds will permit to erect playground apparatus. Other organizations in the city are expected to cooperate with the D. A. R. in this movement. It is probable that the first playgrounds will be established at the Webster school in North Escanaba, owing to the fact that the children of that part of town cannot take full advantage of the city park. The work will probably begin in the spring.

Cloverland Advertised.

Colonel Chas. W. Mott, secretary and manager of the Upper Peninsula Development bureau, was an Escanaba visitor during the week. Colonel Mott had just completed a swing around the counties of Cloverland, which included all of its principal cities. Accompanying him was G. E. Vandereok, staff representative of the Evening Wisconsin, Milwaukee, who has been writing a series of articles covering the industrial and farm conditions of each district visited. "I visited Escanaba on a similar mission some years ago," said Mr. Vandereok, "and your transformed city is a revelation to me. Ten years has certainly worked a wonderful change. I am impressed by the fact that you have presented a foundation that will make your city the largest industrial center in the peninsula country. You have the largest population now, I understand. You are not depending upon any one particular line here. Your mills and factories represent only one side of your commercial prosperity. In addition, you have a most excellent farm development, which is yearly growing better. When all is said that can be said about this big area of country, its wealth of timber and mines, the true value of your farms will be the factor to identify you. Timber and mineral wealth are subject to the change of conditions. The farms are here as a perpetual asset of your wealth. It is a resource that can be developed into incalculable value. Escanaba, for in-

Upper Peninsula

Miss Ryan Kills a Deer.

Probably the first deer killed by a Soo hunter was that which Annie L. Ryan, daughter of James R. Ryan, got at an early hour Monday morning, the first day of the season. Miss Ryan is in camp at Copper Harbor, Keweenaw point, in which vicinity she shot the deer. For the last few years Miss Ryan has gone to the woods in search of game and has never returned without a deer.

Non-Resident Hunters Fined.

At Iron Mountain this week three non-resident hunters were fined \$37.30 for shooting deer out of season. They were Frank Wright, Eli B. Marshall and J. A. J. Ryan, all of Iron Mountain. Theirs was an expensive trip, as they also had to pay \$25 each for licenses. Game Warden Andrews made the arrest. The hunting was done near Witch Lake.

Will Name Probation Officer.

Chippewa county will have a probation officer in the near future. He will be appointed by Judge Louis H. Feal. This officer cannot act as a member of any police force, or as deputy sheriff or constable. He may act, however, as parole officer for any penal or reformatory institution in the state, when he is requested to do so. It is his duty to keep in close touch with all who are out on probation and if any violate any of the provisions of the law to cause their arrest. The salary is fixed by the board of supervisors and is paid from the county treasury. Outside of the general county probation officer, a judge in police court may appoint a probation officer who attends only to persons who are put on probation from that court.

Sugar Beets a Successful Crop.

More than twenty years ago when the sugar beet industry was first started it was thought that sugar beet growing would be restricted to southern latitudes, such as the states of Ohio, Indiana and Nebraska, writes J. F. Wojta, of Menominee. It was contended that the soils in the upper peninsula of Michigan and upper Wisconsin were too cold, that the winters were too long and the growing season too short. However experience has demonstrated differently. Today the upper peninsula of Michigan and northeastern Wisconsin make the best showing wherever sugar beets are grown for the factory. From the scientific standpoint and from the habits of the plant, we have every reason to believe that the farther north beets can be grown, the sweeter they will become and the more sugar they will contain. Long sunny warm days in the early spring and summer and the tolerably cool nights in the fall, when the beets have matured, are the essential factors in the development of high sugar in the beet. Why, then, should not the sugar beet be extended northward? There is no good reason why we as a

nation should be importing nearly all the sugar we consume while we have a soil and climate well suited to the production of sugar beets. Only the very best results that one can find anywhere can be obtained from the partially developed yet reasonably priced farms of the upper peninsula of Michigan. If sugar beets can be grown better or as well on \$30 or \$40-an-acre land as they can be grown on \$100 or \$150-acre land, it is clear that the margin for obtaining greater success is in favor of the cheaper land, when all other things are equal. Why not buy cheaper lands in our latitude and raise sugar beets and other crops. Some day the public press will awaken to the fact that agricultural extension in territory, as far as the quality and quantity of the product is concerned, lies in the virgin northern lands, and the agricultural experts, too, will tell the public where the best and safest places for home-making are. The time is ripe in these times of progressive thought and effort that home-seeking readers be given ample information about undeveloped and uncultivated lands, where home-making has its least hazards and its greatest rewards.

Must Be Good for a Year.

Among the statutes passed by the last state legislature is the probation law. This was used in Judge Rimmel's justice court at the Soo for the first time this week, when Victor Johnson, charged with felonious assault upon two Ekerman men, was paroled. After investigation, the court reduced the charge to that of assault and battery. Johnson is now out on probation for six months. Just this time he is required to abstain from liquor and avoid saloons, care for the support of those dependent upon him, and pay \$1 a month to the court. This money goes into the fund for the payment of the probation officer. If any of the specific conditions are violated, the offender may be arrested and taken before the judge, who pronounces sentence without giving any trial.

Barge Believed Lost, With Crew.

The barge Plymouth, owned by the McKinnon & Scott Transportation company, with aboard a crew of six, is believed to have gone down with all hands during the severe storm that swept Lake Michigan and played havoc with shipping everywhere on the Great Lakes. The position of the barge when last seen by the crew of the tug Martin, which was in charge of the barge, was that it was seeking shelter behind Sugar Island, was about one mile southeast of Gull island and about twelve miles northeast of Death's Door. The barge had been in tow of the tug. The following men, for whom little hope is now entertained, were aboard the barge: "CHRIST KEENAN, of Menominee, United States custodian of the barge, representing the United States marshal's office. AXEL LARSEN, of Marinette, inspector for the C. J. Langel company and acting master of the barge. JAMES SABOTA, of Menominee, assistant cook. HENRY KASOK, of Menominee. CLYDE JESSUP, of Grayling, Mich. JOHNSON, of Marinette. CLIFFORD BICHAINNE, of Marinette. Keenan was well known in Menominee, having served for the last year as an undersheriff. He had a wife and four children. Larson had a wife and one child. Sabota was a young man and Margaret Olive, being aboard the Martin. When the two barge crews tied up the crews of both lived and ate aboard the Plymouth, where Miss Olive Sabota to assist her. When under way Miss Olive went aboard the tug to cook, while the young man remained aboard the barge. Kasok, Jessup, Duchaine and Johnson were single men.

HUN'S LUMBER BARONS.

Washington, Nov. 14.—"Become a Philippines' lumber king" is the burden of an invitation extended by the bureau of insular affairs to bidders who, if successful, will have to show a certified check for at least \$50,000 before they can go to the islands and assume timber royalty. The government has 95,000 acres of timber, containing approximately 2,000,000,000 board feet of lumber, which it wants cut and marketed. It is willing to grant a twenty-year concession. "In the four principal types of forest embraced in the area," say officials, "much valuable material can be secured from even the least desirable type, and the most valuable type will, according to figures, provide a handsome profit." The prospectus declares the area "presents ideal logging conditions," and points out that China and Japan afford markets for virtually all the lumber produced. The successful bidder must have funds to begin work at once. The bids are to be opened in Manila, Dec. 10, but the bureau is willing to postpone the award until all bids mailed here have been received in the islands.

Birmingham, Ala., F. L. Willis, suffered greatly from asthma and bronchitis.

"He writes: 'I got no relief until I took Foley's Honey and Tar Compound. It entirely removed those choking sensations, and never failed to produce an easy and comfortable condition of the throat and lungs.' For sale by All Dealers.

Negaunee Department

CAPT. JAMES HARVEY DIES IN CORNWALL

Was Pioneer Mining Man of Marquette Range—Left Here Seventeen Years Ago.

Word has been received here of the death of Captain James Harvey in a hospital at Penzance, Cornwall, Eng., following a severe illness of many months. Captain Harvey was one of the pioneer mining men of the upper peninsula, he having been employed at the old Jackson mine in this city for many years, and later having worked at the Lake Angelina mine in Ishpeming. His family left here seventeen years ago for Cornwall and only a short time later he went to the mining fields of South Africa, where recently he was employed as mine inspector for the Johannesburg Mining company.

In an accident a few months ago Captain Harvey suffered injuries that led to his death. Fractures of a leg resulted in blood poisoning. Operations were performed in an effort to save his life, and when all hopes were given up, he was taken to his home in Cornwall. He had been there four months when he passed away. Captain Harvey is survived by his wife and one daughter, who are living in Cornwall. Mrs. Martha Reynolds, of Cork street, is a sister of Captain Harvey. He was fifty-eight years of age.

INSTITUTE IN AUGUST.

Straits District of Epworth League Will Be Invited.

At the recent Epworth league meeting a resolution inviting the Straits district to join the Houghton district for the summer institute at Lake Michigan next year was passed. The institute will be held the latter part of August.

Rev. H. H. Mallinson, of Lake Linden, president of the district of the league, has been made upper peninsula member of the state cabinet. He has also become a member of the league lecture corps and will deliver eight lectures during the winter in various parts of the state. The receipts from the lectures will go toward the building fund of Albion college, where a new \$40,000 laboratory is soon to be erected.

RETURNED FROM CONFERENCE.

Rev. James Stanaway, district missionary of the American Sunday School union, attended a conference of the missionaries of the Lakes district in Chicago this week. While in Chicago Rev. Stanaway addressed the young men students of the Moody Bible school.

LOCAL LACONICS.

Will Yates left Thursday evening for Calumet, on a business mission.

Miss Eva Simmons, of Champion, visited with Negaunee friends yesterday.

A daughter was born to Mr. and Mrs. Clark Dixon, Clark street, Wednesday.

Swan Pilo returned yesterday morning from a business trip to Marquette.

Miss Anna Sullivan left this week for Iron Mountain, for a visit with relatives.

Mrs. M. C. Quinn went to Marquette yesterday afternoon for a brief visit with friends.

R. A. Werner, of Marquette, spent Thursday in the city, on a business mission.

F. J. Schweitzer, of Marquette, was among the business visitors in the city yesterday.

Albert Lique, of Hibbing, Minn., is here for a visit with his parents, Mr. and Mrs. S. Lique.

Mr. and Mrs. C. P. Thurston, of Chicago, were Negaunee visitors Thursday and yesterday.

E. J. Townsend went to the Dexter mine near North Lake on a business mission yesterday.

Mrs. H. E. Wood went to Marquette yesterday morning for a brief visit with relatives and friends.

Louis A. Swanson, of the firm of Swanson Bros., went to Marquette yesterday afternoon on a business mission.

Miss Marion Pellow returned to Negaunee Thursday morning from Chicago, where she visited with friends for several days.

Mrs. Adolph Miller, of Crystal Falls, who has been visiting Negaunee relatives and friends, returned to her home Thursday evening.

C. G. Grifley, of Rochester, Mich., a former Negaunee resident, who established the Iron Herald, is a visitor here for a few days.

J. H. Heek, of Hancock, of James Pickands company, was a Negaunee business visitor Thursday, calling at the Negaunee office.

H. H. Mader and C. C. Wiggins, members of the faculty of the Negaunee high school, left last evening on a few days' deer hunting trip.

The altar guild of St. John's Episcopal church will be entertained this evening by Miss Mildred Andrus at the home of her parents, Main street.

Leslie Gaffney has returned from Chicago, where he received instructions in railway mail clerk work, he having passed an examination for that service.

The ladies' guild of St. John's Episcopal church met yesterday afternoon in the guild hall, the hostesses being Mrs. F. V. Anderson and Mrs. J. E. Williams, and irritable and cause rheumatism, so the kidneys can filter it from the blood and drive it out of the system.

Croxone is believed to be the most remarkable preparation ever known for the prompt relief and cure of rheumatism, kidney troubles, and bladder disorders. It is entirely different from other remedies. It is so prepared that it is practically impossible to take it without results. Relief follows the first few doses, and you will be surprised how quickly stiff, sore, swollen joints, and muscles, rheumatic pains, and all such misery ends.

An original package of Croxone costs but a trifle, and every druggist recommends and sells it on a positive money-back guarantee. Three doses a day, for a few days, is often all that is ever needed to overcome the worst backache or most annoying urinary disorders.

CAPT. DAVIS WAS A VISITOR HERE

Former Negaunee Man Is Now Superintendent of Gogebic Range Properties.

Captain William Davis, of Wakefield, a resident of Negaunee prior to 1884, and now superintendent of the Brotherton and Sunny Lakes mines of Pickands Mather Co., was a visitor here Thursday. He departed last evening for his home, after looking up old acquaintances here and in Ishpeming. Captain Davis' last visit here occurred shortly after he moved from Ishpeming in 1892. During his stay, he inspected machinery at several Negaunee mines.

Captain Davis, came to Negaunee with his parents, when he was a young boy, and he lived here until 1884, when he moved to Ishpeming, where he resided until 1892. During his early residence in Negaunee he lived at the Jackson location. From Ishpeming he went to Menominee and from there to the Gogebic range, being promoted to the superintendency of the Brotherton and Sunny Lake mines. For some time he was in charge of the surface work at the Ladington mine at Iron Mountain.

A mechanic by trade, Captain Davis has made a study of mining machinery. In fact the principal object of his visit here was inspecting machinery at the Negaunee mines, as the Pickands Mather Co. is planning the installation of new machinery at the Gogebic range properties.

During his short stay Capt. Davis looked up many old friends, and he noted the many changes that have taken place during the past twenty years.

CONTAMINATION IS SHOWN.

Large Amount of Sediment Gathers In South Jackson Water Tank.

That Teal Lake water contains an unusually large amount of sediment was shown recently when the water tank at the South Jackson crusher was emptied. It measures fourteen feet in diameter and is sixteen feet deep. When it was emptied the bottom was found to be covered with at least six inches of mud. Eleven fish, some measuring from three to four inches in length, which had made their way through the water mains, were found in the tank.

Now is the time to order your chin-chilla overcoat.

Peterson & Willers, ladies' and men's tailors, Negaunee, 10-27-tf

THE MOST SKILLFUL BAKERS

Are in command of our ovens. We spend too much money and time in getting the finest of flour and other materials to risk our baking to unskilled help. So our bread, rolls, cakes and pastry are baked as well as they are mixed. How well that is only the eating of some will prove. Eat some today.

General Bakery

529 W. Iron St. Negaunee.

the meeting of the Negaunee chapter of the Epworth league, to be held this evening, reports on the recent institute will be read.

The Woods-Ralton trio, which appeared in a comedy musical act at the Star theater Thursday and last evening, gave an entertainment of high class. They will be seen again this evening.

Charles H. Richardson, of Marquette, representative to the legislature from this district, was a Negaunee business caller yesterday, distributing copies of the 1913 Michigan Manual among his friends.

This week a number of Negaunee Finnish women, connected with the Negaunee Socialist organization, have solicited funds throughout the business district for the aid of the strikers in the copper country.

The first issue of the "Echo," the monthly paper issued by the students of the Negaunee high school under the direction of C. C. Wiggins, commercial instructor, was distributed yesterday. Copies were placed on sale at the drug stores.

The meetings of the Catholic club have been discontinued by Father Boehm until new rooms are secured. The room formerly used by the club in St. Paul's school has been turned into a school room, owing to the increase in the number of pupils.

Mrs. W. J. Allen will leave within a short time for Bisbee, Ariz., where she will join her husband, who is employed by the Calumet & Arizona Mining company. Mr. Allen left Negaunee last February. Mrs. Allen will remain in Arizona only during the winter months.

An inquest will be held this morning at 9 o'clock in Judge Verkan's court to investigate into the death of the late Charles Fronzen, who was killed Tuesday afternoon by being struck by a Northwestern passenger train. The funeral will also be held this morning at 9 o'clock from St. Paul's church, with interment in the Negaunee cemetery.

BELL'S INVENTION HAUNTS HIM.

Doctor Bell has a strong aversion to the ringing of a telephone bell—the great invention for which he is responsible, says Glenn Curtis in "Aviation Book." I occasionally went into his room and found the bell stuffed with paper or wound around with towels. "Little did I think when I invented this thing," said Doctor Bell one day, when he had been awakened by the jingling of the bell, that it would rise up to mock and annoy me."

HARD TO BEAR.

It was sentence day in the court of general sessions. A long, incongruous line of prisoners formed in the aisle, each offender awaiting his summons to the bar of justice, relates the New York Tribune. Save for the voice of the clerk, a dignified and solemn stillness reigned in the courtroom.

"John D. Rockefeller to the bar," called the clerk in a shrill voice.

All heads craned in surprise at the mention of the well known name to see who its possessor could be. A large, burly negro, one of the blackest of his race, walked slowly to the bar.

"Is your name John D. Rockefeller?"

Save Time!

Time lost because of headaches, lassitude and depressions of biliousness, is worse than wasted. Bilio-ness yields quickly to the safe, certain home remedy—

BEECHAM'S PILLS

Sold everywhere. In boxes, 10c., 25c.

inquired the judge, as he looked sternly at the big negro, who wore something more than the suspicion of a smile. "It sure is, your honor," replied the prisoner. "I couldn't help it. Dat name has been a great burden to me all ma life."

AFTER SICKNESS OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

For forty years the best physicians have relied on the wholesome predigested nourishment in SCOTT'S EMULSION which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright.

Scott's Emulsion sets in action the very forces that promote health. Its purity, richness and strength has stood the test of forty years.

SMITH'S OARS ON EAST SHORE

Dan Johnston Found Wreckage from Missing Ore Carrier Between Chocolay and Shot Point Yesterday Morning, Leaving No Doubt That She Foundered.

Oars and Pike Pole Bore Name of Steamer and Much Other Wreckage Was Noted—She Probably Went Down Sunday Night as Headed for Keweenaw.

When Dan Johnston, a land locker, brother of Wm. Johnston, secretary of the city water board, returned to Marquette early yesterday afternoon carrying an oar marked "Henry B. Smith" and reported the finding of two other oars and a pike pole similarly marked on the beach between Chocolay and Shot Point all lingering hope that the Smith might have weathered the storm and might be limping, badly disabled, into some port, disappeared.

There can now be no doubt that the Smith went down either Sunday night, of some time Monday, in a vain attempt to breast the storm that caused such havoc among the lake shipping. The mute testimony of the oar Mr. Johnston brought to town leaves no question of her fate, and suggests a story of certain death slowly overtaking a brave captain and crew. It will never be written, however, for there's no survivor to tell where the Smith went down or how long she struggled against the storm after her doom was sealed by the waters that rushed over her, opened her hatches and gradually forced the hull deeper and deeper into the waves. Whether, in a last attempt to gain the land, her frail boats were launched will never be told. If they were, and succeeded in clearing the hull, they could have lasted but a few minutes in the hungry seas.

Probably Sunk Sunday Night.

The Smith foundered at some point north of Marquette. The final disaster probably overtook her while Capt. Owens was seeking to bring her into the comparatively mild water under the east shore of Keweenaw point. In all probability the men who left Marquette harbor on the Smith Sunday evening did not live to see the dawn of the following day. The storm reached the greatest intensity of the three days' blow Sunday night.

The finding of wreckage east of Marquette makes it probable that the body in a life belt sighted by an oiler on the Frontenac as that steamer was on its way to Marquette Wednesday was the body of a member of the Smith's crew. It was sighted about eleven miles south-east of Marquette, and was floating in the path the wreckage found on the east shore must have taken.

The report of the finding of the wreckage of the Smith sent out by The Min-

ing Journal was the first definite news of the fate of the steamer, though since Thursday little hope of her safety has been entertained. The owners, W. A. and A. H. Hawgood, of Cleveland, have been exerting every effort to obtain some news of the Smith, but up to last night, when they were informed of the discovery of oars that had come from her deck boats, they had been wholly unsuccessful.

Patrolled East Shore.
Mr. Johnston yesterday patrolled the east shore from Chocolay to Shot Point a distance of some eight or nine miles walking both down and back. Both ways he scanned the shore closely for wreckage, and in many places noted small fragments of the upper works of a steamer east of Chocolay and from there to Shot Point he encountered considerable wreckage. In all he found four oars. Two of them were broken and the owners that the steamer bore the name "Henry B. Smith." Mr. Johnston also found fragments of a pike pole. On the larger fragment was the lettering "B. Smith," the piece broken from it having evidently carried the name "Henry." The oars and the pike pole were painted a drab color. Pieces of the deck houses painted white were in evidence among the wreckage. The largest piece of wreckage Mr. Johnston found was about seven feet square and was evidently a section of one of the deck houses. It also was painted white. All of the wreckage bore evidences of having been on the shore for some days. It was probably washed in Monday.

Risk Too Great.
While there is something of a disposition to shoulder off the blame for the Smith's fatal trip on the insistence of the owners that the steamer make time, not all of the marine men agree that this is fair. One of their number last evening said:

"This is of course a delicate question, and I would not want to be quoted on it. Naturally the owners want dispatch, but they don't want any more dispatch than is consistent with safety. I can't help but believe that the loss of the Smith is due primarily to a fatal error in judgment. The storm could not have been underestimated. The weather bureau was still giving the most alarming warnings. The strength and seaworthiness of the Smith must, therefore, have been overestimated. It's a serious thing even to have to think of allotting the blame for such a terrible disaster." The Smith was 565 feet long, 55-foot beam and 30-foot depth. She had thirty-two hatches and was built in Cleveland in 1908.

CIRCUIT COURT DEC. 1.

Murder Case Most Interesting of Prospective Criminal Trials.

Several interesting cases will come up for trial at the December term of circuit court, which opens Dec. 1. The most important will probably be that of Thomas McElroy, charged with murdering William Norton at the latter's camp. The evidence against McElroy is purely circumstantial. McElroy has not yet retained counsel, and Judge Flannigan will probably have to appoint an attorney to defend him, as he is without means. In this event, there is a possibility that the trial may be delayed considerably, in order that the attorney for McElroy may prepare a defense. The case may be adjourned until the next term of

court, but it is thought unlikely that this will be necessary. The civil calendar is expected to be a large one, as cases continued from the September term will come up, and several more suits have been started. At least five personal injury suits are already slated for trial.

MAKE PLANS FOR BISHOP'S VISIT

Noted Methodist Divine Will Be in Marquette on November 20 and 22.

The coming visit of Bishop Burt, of Buffalo, is creating great interest in Methodist church circles, not only in this city, but throughout Marquette and neighboring counties. It is expected that the ministers and large delegations of laymen will be present from Ishpeming, Negaunee, Republic, Champion, Gwinn and other nearby cities.

Bishop Burt is regarded as an authority on modern church work in Europe, as he has spent the larger part of his life in the Episcopal supervision of the Methodist church activities on that continent.

His lecture on "Modern Italy," which he will give here on Friday evening of next week, has caused much comment in the larger cities of this country which have been fortunate enough to secure his services.

The church supper on Thursday evening and program which follows will be open to the members of the Methodist congregation only.

All of the Friday sessions, including the evening lecture by the bishop, will be open to the public. No admission will be charged.

Members and friends of the other churches are cordially invited to attend all the Friday services. The program for the bishop's visit is to be as follows:

- Thursday—
- 6:30. Church supper.
- 7:30. Program.
- 7:30. Piano solo, Miss Brown; address, Rev. Marvin; vocal solo, Miss Retaili; lecture, "The Experiences of a Methodist bishop in the courts of Europe," Bishop Burt.
- 8:45. Quarterly conference.
- Friday Morning—
- 9:00. Devotions—Rev. Lewis Keast.
- 9:15. Disciplinary Method of Church Finance—Rev. J. G. Haller.
- 10:15. Table talk—Bishop William Burt.
- 11:15. Question Drawer, conducted by District Superintendent, participated in by everybody present.
- 12:00. Adjournment.
- Friday Afternoon—
- 1:30. Devotions—Rev. T. E. Callister.
- 1:45. Disciplinary Provisions for Child Training—Rev. Wm. B. Coombe.
- 2:45. Table talk—Bishop Burt.
- 3:45. Pastoral Evangelism—Rev. Wm. Edmunds.
- 4:45. Adjournment.
- 5:30. Lunch served to members of convention by the Ladies of Marquette church.
- 7:30. Devotions—Rev. W. H. Smith.
- 7:45. Address, "Modern Italy"—Bishop Burt.

LANPHER

Fur Lined Overcoats and Fur Caps

A fur lined overcoat is one of life's luxuries, and a necessity as well for the physician, motorist, or any man that is out of doors a great deal during extreme cold weather.

We are showing some beautiful fur lined coats in all sizes, priced at

\$45 TO \$125

Fur Caps

Persian Lamb and Beaver priced at

\$5 TO \$25

Cheaper Furs and Fur Lined Caps, priced at **50c to \$5.00**

No matter what the price may be, however, every coat is generously cut and well lined with dependable furs that will in all probability outlast the buyer.

No furs that will not wear are used in our overcoats, nor are there any linings made up of small pieces; only whole skins have been used.

The shells are beautifully and artistically tailored.

and—
we are always ready and pleased to show you.

DAINTINESS COUNTS WHEN BUYING PERFUMES

You will appreciate the daintiness and refinement of our perfumes. They are not "loud" odors but are the true spirit of the flower. A fraction of a drop is enough to lend an atmosphere of charm and elegance. A variety of odors to select from. We feature Ricksecker's and other such domestic and imported perfumes. A fine present for yourself or others. 50c to \$2.00 the ounce.
