

HINTS GIVEN HUERTA PLANS TO SURRENDER

Mexico City Reports Some Basis for the Belief That in Due Time and in a Manner Designed to Save His Prestige He Will Yield the Reins.

Certain Negotiations With Washington Are Said by Government Officials to Be in Progress—High-Handed Practice in the Congress Arouses Speculation.

Mexico City, Nov. 21.—The bulk of the evidence at hand continues to indicate that General Huerta is unalterably determined not to accede to the demands of the United States government for his elimination as president of Mexico, but there is some basis for the belief that he may at last give in, but in such a manner as to leave the impression that he acted of his own free will, defying Washington to the last.

Despotic Practice in Parliament.

Autocratic parliamentary practice in the chamber of deputies this afternoon gave rise to considerable speculation. The roll of members was called, and it was plainly evident that the number necessary for a quorum was present, but Colonel Victor Corral, presiding in the absence of Eduardo Tamami, the speaker, who was said to be ill, looked the deputies straight in the eyes and declared there was no quorum. Not a deputy protested, and the chamber stood adjourned until tomorrow.

It was suggested that this action might be part of a plan to bring about the death of congress and thus split hairs with the Washington government, which, through John Lind and insisted that this new legislative body should not come into existence.

Under the law, should there be a quorum three times in succession, the house would be automatically dissolved, one Mexican, speaking upon the subject for today's adjournment, suggested that it was merely a time-saving device, adding, "Time for Huerta today is fine spun gold." It is not believed, however, that the no-quorum rule will be carried out indefinitely and it is the general opinion that was used today merely as a matter of sparing for time.

Negotiations Reported Resumed.

Government officials are authority for the statement that there has been an instituted between Nelson O'Shanghnessy, the American charge d'affaires, and Mexico certain negotiations. Confirmation of this is not obtainable at the embassy and in government circles all details are refused.

PETROLEUM TANKS WILL BE PROTECTED

Washington in Receipt of Reassuring Advice from the Rebel General at Tuxpam.

Washington, Nov. 21.—Rear Admiral Fletcher, commanding the American fleet on the east coast of Mexico, late today cabled the navy department a message he had received from General Aguilar, the Constitutional leader, who has occupied the vicinity of Tuxpam, giving assurances that the American and other extensive oil interests in that territory will be protected.

Admiral Fletcher is under orders to take such steps as may be necessary to protect foreign lives and property, reports from Tuxpam having indicated that the Constitutionalists were threatening to destroy the tanks of British oil interests. This led to talk of the possibility of the landing of marines or bluejackets from the American battleships.

Officials here think that General Aguilar's message means there will be no trouble from complications as a result of Aguilar's occupation of the oil fields territory. The destruction of the tanks would have endangered the lives of many Americans and other foreigners. Two British cruisers have been ordered to the scene, but in the meantime the United States has been asked to guard British interests.

Madero Board U. S. Warship.

Frequent conferences today between Secretary Bryan, Counselor John Bassett Moore and Acting Secretary Roosevelt and two visits by the secretary of state to the White House, accompanied by Mr. Roosevelt, were the outward marks of the deep interest felt in official circles in the Mexican situation. It developed that the welfare of the two Madero brothers and their relatives who had sought asylum in the American consulate at Vera Cruz was the feature of these conferences.

Late in the day the navy department received a cablegram from Admiral Fletcher, announcing that "Daniel Madero and five companions were received this morning on board the Louisiana as refugees." It was said at the department that no special instructions had been given in regard to the treatment of the refugees, though the admiral had been told to confer with John Lind, who last evening had been authorized by President Wilson himself to extend protection to the Maderos.

NATHAN STRAUS RETIRES FROM ACTIVE BUSINESS.

New York, Nov. 21.—To devote himself entirely to humanitarian work, Nathan Straus, long a leading figure in the mercantile world, has retired from active business, it was announced tonight.

BOMB FACTORY FOUND IN RAID AT CALCUTTA.

Calcutta, Nov. 21.—A police raid on a suspected house in Calcutta today led to the arrest of four men and the discovery of a bomb factory. A quantity of correspondence found in the building is believed to give a clue to the inner circle of an anarchistic conspiracy which resulted in many recent outrages, including the attempt to kill the viceroy with a bomb at Delhi last December.

PLOT AGAINST GOVERNMENT DISCOVERED AT SHANGHAI.

London, Saturday, Nov. 22.—A dispatch to the Daily Telegraph from Shanghai says the foreign authorities there have discovered documents which reveal a plot of wide ramifications to overthrow the Peking government. The correspondent says the documents show that the revolutionists were promised the assistance of troops stationed at various ports. Six of the plotters have been arrested.

SCOUT CRUISER CHESTER TAKES MADEROS TO CUBA.

Vera Cruz, Nov. 21.—Evaristo and Daniel Madero and the other members of their party, who took refuge in the American consulate last night, and today were placed on board the United States battleship Rhode Island, were later transferred to the scout cruiser Chester, which sailed at 8 o'clock tonight under orders to proceed to Havana.

OUTLOOK PREDICTS WAR WITH MEXICO

London Journal Thinks U. S. Will Take Up Arms for the "Money Grubbers."

London, Saturday, Nov. 22.—Under the heading "A Money Grubbers' War," the Outlook today publishes a bitter attack on the United States government, which says, "there is in busy preparation, if certain forces can accomplish it, a crime against civilization, against humanity. At any moment we may hear of its first overt stage, with which the ensuing slaughter of tens of thousands of young Americans and half-American peasants, the devastation of humble towns and rural country-sides, the sufferings of the helpless and the innocent and the outpouring of millions of money."

"And all for what or for whom? Wars have been waged for military ambition; but who is the Napoleon of the United States? They have been due to colonial expansion; but half the states are sparsely populated, and they have been fought for liberty—and what wars have we seen lately sheltering under this claim?"

"But there is no pretense of this of any of the historic reasons here. A war between the United States and Mexico, if it arises, will be the first war waged solely for private greed—the first money grubbers' war."

Peril Facing British Colonies.

After saying that the United States has been robbing territory from its neighbors for sixty years and gave rise to weak states to obsequious dependents through the Monroe doctrine, "which means anything it is required to mean," the Outlook predicts that American dollars will give revolutions in Trinidad and Jamaica, as it alleges they did in Panama, and predicts the annexation of the northern Mexican states.

"If the guides of American opinion, among whom we refrain from mentioning Mr. Wilson," the article says, in conclusion "get their way in a few weeks, perhaps days, Jim Smith of Virginia will be cutting the throat of Leon Ramirez of Morelos in the sacred name of the oil trusts and the band of Wall street hyenas."

J. HAYS HAMMOND POKES AT MR. BRYAN

Wouldn't Invest a Cent in Foreign Land While Commoner Is in Office.

Worcester, Mass., Nov. 21.—John Hays Hammond, mining expert, speaking here tonight at the final session of the Clark University conference on Latin-America, declared that he would not invest a cent in a foreign country as long as William J. Bryan is secretary of state. He said that any man who would make such an investment is lacking in sense.

"A nation that does not protect its citizens and investors is unworthy of the name of a nation," declared Mr. Hammond, after saying that honest working men, encouraged to locate in Mexico, are forced to throw away the savings of a lifetime.

"They are told to get out, flee the country where their oil is located," said Mr. Hammond.

"Mr. Hammond declared, however, that he does not favor intervention in Mexico."

LILAC TREES BUDDING, SO WARM IS WEATHER EXPERIENCED AT CHICAGO

Chicago, Nov. 21.—Balmier weather accompanied by a southwest wind reaching a velocity of forty miles an hour continued today in the lake region. Abnormally high temperatures were reported throughout the Mississippi and Ohio valleys.

The thermometer here today registered seventy-two—the warmest the weather has ever been at this time of the year. Lilac buds are bursting. Trees were planted in South Chicago.

The highest temperature reported in the central division of the weather bureau was at Springfield, Ill., where it was seventy-six.

LABOR IS WITH MR. WILSON IN PRESENT CRISIS

American Federation in Annual Convention at Seattle Commends the National Administration's Policy Looking to a Peaceful Adjustment in Mexico.

It Refuses to Condemn a Resort to Arms, for the Reason That Armed Intervention Might Be Desirable—Huerta Denounced by Mr. Gompers as an Assassin.

Seattle, Wash., Nov. 21.—The American Federation of Labor refused today to adopt a resolution condemning intervention in Mexico, on the ground that such intervention might be justifiable and desirable. The convention unanimously adopted the following resolution:

"The American Federation of Labor condemns attempts being made by Americans and foreign corporations and certain jingo newspapers to force armed intervention by the United States government in Mexico, and urges upon the president of the United States the continuance of a policy looking to a peaceful adjustment of the conflict among the Mexican people, and that the president and secretary of the American Federation of Labor be instructed to transmit the position of the federation upon that matter to the president of the United States."

John Mitchell begged the convention not to hamper President Wilson. While he was a peace advocate, he believed that sometimes there are conditions which justify war.

President Gompers eulogized Madero, denounced Huerta as an assassin and pointed out the importance of maintaining the Monroe doctrine. He continued:

"Interests honestly as well as dishonestly have been invested in Mexico and these interests are protected by the countries in which the holders reside or are subjects. If we say to Germany or England, 'Hands off; this is an American affair,' we must keep our house in order."

"One of two alternatives confront us—to make Mexican conditions habitable and tolerable, or foreign countries will intervene to overthrow the Monroe doctrine and fast it to the four winds."

"President Wilson has approached this subject in a statesmanlike way. We ought to strengthen his hands in trying to find a peaceful solution of the problem; but I don't think we ought to enable Huerta to say that organized labor will not permit intervention and that he may go on with his bloody revolution."

All the other speakers denounced Huerta and praised Madero. The main question was brought up after the convention had adopted a strong declaration in favor of international peace.

MANILA A ROPE SOLD IN HARDWARE STORES

That One Answer to Question Asked at Normal School Entrance Examination.

Oakbrook, Wis., Nov. 21.—What students, entering normal schools do or do not know in the way of general information was brought out during an examination by the board of state affairs, concluded today. Following are some of the questions and answers:

Q. Who is Jane Addams? A. Jane Addams is a famous actress. Q. Where is Tasmania? A. In Indianapolis. Q. Where is Hamburg? A. In Illinois. Q. What and where is Manila? A. Manila is a rope found in a hardware store. Q. What was the era of good feeling? A. The whisky rebellion. Q. Who was Captain Scott? A. He was the head digger of the Panama canal.

THIS MARITAL QUESTION AT KANSAS CITY TOO DEEP FOR BACHELOR JUDGE BLAND.

Kansas City, Nov. 21.—Whether or not a man has a right to suggest which side of the bed his wife shall occupy was a question too deep for Judge Ewing Bland, a bachelor, to decide when S. P. Thomas was brought before him in police court here today. Thomas was arrested upon allegations that he had kicked his wife from one side of the bed to the other. "She was on my side of the bed," Thomas explained to the court. "She lay there all doubled up and would not move over."

CROWN PRINCE BORIS MYSTERIOUSLY ABSENT FROM BULGARIAN CAPITAL.

London, Saturday, Nov. 22.—The Daily Mail's Vienna correspondent today repeats the report that King Ferdinand of Bulgaria is about to abdicate and connects with it mysterious rumors concerning Crown Prince Boris, who has left Sophia. According to some reports, the crown prince departed from the capital because he had received threatening letters, while others have it that he has gone to a sanitarium in Hungary, owing to a nervous breakdown.

The Weather

Washington, Nov. 21.—The following is the weather bureau's forecast for Upper Michigan: Cold and generally fair, Saturday, with moderate west winds; Sunday, probably fair.

\$250,000 FIRE AT DETROIT.

Detroit, Nov. 21.—Fire which destroyed a three-story brick building at 274-290 Wight street tonight caused a loss of \$250,000 to the five manufacturing firms that occupied the structure.

M'COMBS ELIMINATES THE BULL MOOSE PARTY

Wilson Campaign Manager Says G. O. P. Will Be Democracy's Chief Rival in 1916.

Washington, Nov. 21.—William F. McCombs, chairman of the Democratic national committee, after a conference today with President Wilson announced that he believed the Republican party would be the chief contender with the Democratic party for the presidency in 1916.

"The recent elections," said Mr. McCombs, "have served to strengthen a conviction I have had since the last national election—that much of the Progressive party would be absorbed either by the Democratic or Republican parties, and that the next national political conflict would find the Republican party the principal opponent of the Democracy."

Mr. McCombs and the president discussed the general political situation for more than an hour. As to his own future, Mr. McCombs reiterated that he sought no public office and that he would not be the ambassador to France.

JOHN H. MARBLE DIES SUDDENLY

Attack of Acute Indigestion Is Fatal to Interstate Commerce Commissioner.

Washington, Nov. 21.—John H. Marble, a member of the interstate commerce commission, died here tonight, following an attack of acute indigestion by which he was stricken yesterday in Philadelphia.

The commissioner returned home last night from Philadelphia, where he had been conducting the commission's investigation of anthracite coal-carrying railroads. He had been taken suddenly ill, and his condition was so serious that it was decided to bring him home.

Mr. Marble had been connected with the interstate commerce commission for a number of years and was thoroughly trained in its intricate workings. He first came in 1906 as confidential clerk to Franklin K. Lane, now secretary of the interior. Shortly afterward he was made attorney in charge of the division of prosecutions. Later he was appointed secretary of the commission, to succeed Edward A. Moseley. In this capacity he acted as legal adviser to the commission.

Mr. Marble succeeded Mr. Lane when the latter entered President Wilson's cabinet and had been active in the commission's cases, particularly in criminal prosecutions. During the Lorimer investigation in the senate he was given a leave of absence to appear as counsel for the investigating committee.

Mr. Marble was forty-six years old. Before coming here he practiced law and engaged in newspaper work on the Pacific coast.

COPPER COUNTRY STRIKE IN PROGRESS FOUR MONTHS TOMORROW

Excepting an Occasional Rifle Shot from the Darkness of the Night, Conditions at Present Are Quiet—A Shocking Tragedy Missed by Inches When Two Bullets Are Sent Whizzing Through the Dwelling House of a South Range Mine Worker.

Houghton, Mich., Nov. 21.—[Special].—Again today, quiet prevailed in the copper country. The condition was a repetition of the condition every day since last Monday, the occasion of the latest great disorder.

Barring an occasional shot from the darkness by a skulking striker, as was the case again last night at Baltic, to show the ill feeling against the occupant of some house, there has been little to record in the chronology of the strike, which on Sunday, next, will have completed a third of a year of its desperate course.

But the silence and inactivity of the strikers is not looked upon with equanimity by the mining companies and the peace officers. The hill has served rather to enhance vigilance than to relax it. Such mysterious doings as are said to be taking place every morning in the Italian hall at Calumet, the strike headquarters, are regarded by the authorities with suspicion.

Each day for several days past, after the strikers have returned from their morning parades at Calumet, they gather in the Italian hall and from the second floors of buildings across the street, it is claimed, they can be seen in military drill. Ordinarily it was no one's business if a crowd of men got together to practice military exercises, but in the existing circumstances the suggestion carried by the reported practice is not a pleasant one to the authorities. The suspicion held by the peace officers is that trouble is brewing.

There was no news other than this today, excepting the report that twelve

M'GUIRE TELLS OF GRAFT IN THE EMPIRE STATE

Bonding Agent for Contractors on Public Work Makes Interesting Revelations When Quizzed by Whitman—Admits Getting Commissions on Materials Purchased

Chas. G. Murphy, Jr., Nephew of the Tammany Leader, His Partner in Business and Sharer of the Profits—He Acknowledges Soliciting Campaign Donations.

New York, Nov. 21.—George H. McGuire, the Syracuse bonding agent who state highway and barge canal contracts, is partner of Charles G. Murphy, Jr., nephew of the leader of Tammany Hall. He testified today at the "John Doe" inquiry into highway graft and said he had an agreement with Murphy to divide all the bonding business they obtained.

Further, McGuire confessed to having attempted to hold up at least three asphalt companies for \$5,000 contributions to the state Democratic committee, in return for getting them contracts from the state. McGuire was to get a commission at one cent a gallon for all the asphalt the companies sold to the state or to contractors, he said, and the companies were to charge the contributions against the commission.

Two of the companies—the Warner-Quinn company and the Union Oil company, of California—did not contribute, the witness said. Whether the third—the Barber Asphalt company—contributed, McGuire said he didn't know, but the Barber company got the contract which he had received a total of \$1250 from Arthur S. Johnson sales agent of the Barber company, but insisted that these were not commissions but money given him as a campaign contribution to Governor Sulzer.

McGuire said it was possible that he had also sought a contribution from the United States Asphalt company under the same terms. That company paid him \$601 in commissions on materials which the company had sold to the repair department of the state highway commission, and still owed him money, he said, and so did the Wadsworth Stone & Paving company and the Barber company. Last year he received commissions also on sales made to the state by the Alston Cement company, the Dryden Cement company, the Kentucky Rock Asphalt company and the Knickerbocker Cement company, he testified.

Is Quizzed by Grand Jury.

Before he took the stand, McGuire went before the grand jury and was questioned, it was understood, as to the part his brother James K. McGuire played in the sharing of commissions. James K., the witness explained, sailed for South America several days ago, but he thought he would be able to have him return. Jas. K. McGuire is a former partner of Syracuse, James K. McGuire again denied that in company with his brother he had seen Governor Sulzer and John N. Carlisle, commissioner of highways, at Cooperstown, N. Y., on July 5 last, and discussed specifically a tender which the Barber Asphalt company would obtain state contracts to the exclusion of all other companies. He was not sure, however, but that he might have talked with Mr. Sulzer at a later date.

McGuire admitted having "suggested" to a representative of the Barber concern that it should make a \$5,000 campaign contribution to the Democratic state committee, in return for getting a state

contract. He testified that he had had a similar conversation with the New York agent of the Union Oil company. "Did you know it was a crime to solicit these contributions?" asked Mr. Whitman. "I never knew it was a crime to solicit these commissions," replied McGuire.

The witness denied that the Barber company had made seven payments of commissions to him during the last year, although Mr. Whitman informed him that the company's sale agent, Johnson, had so asserted.

Contractors Tell of Contributing.

McGuire was pressed on the stand by Edward P. Burgard, a Buffalo contractor and chairman of the Democratic general committee of Erie county. Burgard testified that he had a \$2,500,000 state barge canal contract and two smaller road contracts. He had contributed \$1,000 personally to the Democratic state committee in 1911, and in 1912 had turned over \$6,000 as contributions from other contractors. This money, he said, had been given to him by Reeves Smith, of Fulton, N. Y. The checks therefor were drawn to the order of Norman E. Mack, he said.

Three more state contractors testified today to having given campaign contributions to Everett P. Fowler, the alleged Tammany "bagman" now under indictment on charges of extortion. The inquiry will resume Monday.

MORE WONDERS TO CREDIT OF WIRELESS

Voice Is Carried 4,000 Miles; Beats of Paris Clock Are Heard at Washington.

Berlin, Nov. 21.—The transmission of a wireless telephonic communication over a distance of nearly four thousand miles from a point in Hannover to New Jersey was accomplished on Oct. 27 by a German wireless company. A report of the fact was submitted today to the German Shipbuilding society. Earlier attempts had proved that clearly emitted tones were audible and finally a spoken message was transmitted and distinctly received.

Washington, Nov. 21.—Three weeks of patient experimentation culminated in success last night, when the United States naval observatory here heard the beats of the Paris observatory clock as transmitted by radio signals from the Eiffel tower to the great naval radio station at Arlington. The "beats" were compared with those of the Washington clock for some minutes.

Now Used in Train Dispatching.

Scranton, Pa., Nov. 21.—The practical ability of wireless telegraphy for the operation of railroad trains in transit was determined between this city and Binghamton, N. Y., this afternoon, when the Scranton and Binghamton wireless stations of the Lackawanna railroad were able to keep in touch constantly with the Limited, the fastest train on the road.

YOUNG WOMAN CLERK QUESTIONS CREDIT OF WORLD'S RICHEST MAN.

Cleveland, O., Nov. 21.—"Please have these charges to John D. Rockefeller of Forest Hill," said the richest man in the world today to a young woman clerk in a downtown department store from whom he had made some purchases. The saleswoman, confessing that she did not know Mr. Rockefeller of Forest Hill, telephoned the head of the credit department.

Of course Mr. Rockefeller was accommodated, and the young woman clerk who had questioned his credit blushed and was much comforted. Mr. Rockefeller smilingly reassured her, however, and said that her cautiousness deserved approval by her employers.

T. ROOSEVELT GOES TO CHILE.

Mendoza, Argentina, Nov. 21.—Colonel Theodore Roosevelt left here today for Santiago, Chile.

CABINET ENJOY IN COLORADO TO TRY FOR PEACE

Secretary of Labor Wilson in Denver to Use His Influence in Effort to End the Coal Strike—Operators' Attitude Blocks Negotiations, Temporarily at Least

Employers Object to Make-Up of Miners' Committee and Refuse to Go Into Conference With the Men—Trinidad Situation Tense, Following Thursday's Murder.

Denver, Colo., Nov. 21.—Secretary of Labor W. B. Wilson arrived in Denver shortly before noon today, to use his influence in an effort to end the strike of the Colorado coal miners. He was entertained at luncheon by Governor E. M. Ammons. Detailed plans for federal activity in the strike situation have not yet been made.

Operators Boycott Miners' Committee.

Denver, Colo., Nov. 21.—The coal mine operators late tonight expressed their disapproval of the personnel of the committee of mine workers which had been selected for the proposed conference with the operators, Governor Ammons and Secretary of Labor Wilson, and refused to meet with the men.

The activities of Secretary of Labor Wilson today were confined to a study of the subjects which led up to the strike. Trinidad Situation Alarms.

Trinidad, Colo., Nov. 21.—The military authorities today directed their efforts to gathering evidence regarding the killing of George W. Belcher, a detective, who was shot down here last night. Louis Zancelli, an Italian miner, who is being held, maintains his innocence. A membership card in the United Mine Workers of America was found in his clothing, following his arrest. Thirty or more persons, including eye-witnesses, union leaders and officers, have been examined by the military authorities.

The authorities express concern over the tense situation that has developed as a result of the shooting. Union miners today were more conspicuous in the streets than at any time since the militia was called out and several arrests followed incendiary remarks by union sympathizers.

General Chase did not announce today the personnel of the military commission which will pass judgment on crimes growing out of the strike.

LEARNED IMMIGRANT FAILS TO PROVE HE CAN SUPPORT HIMSELF HERE.

New York, Nov. 21.—Proficiency in seven languages would not, in the opinion of the immigration authorities, necessarily fit a man to support himself in the United States. Although Lucien Canale, less than a year an immigrant, proved that he spoke all of those, and seven Shagglelets besides, he was detained at Ellis island today, pending further inquiry.

BODIES OF TWO SAILORS WASH ASHORE NEAR SOO.

Sault Ste. Marie, Mich., Nov. 21.—The bodies of two of the three members of the crew of the steamer Nottingham who lost their lives during the recent disastrous storm on the Great Lakes were washed ashore near here today. The men lost their lives when their vessel stranded off Parisian island.

Congressional Investigation.

"There already has been a full and impartial investigation of conditions. If the question comes before the senate for consideration I shall so state," writes Senator Reed Smoot, of Utah, in a letter to the Copper Country Commercial club, acknowledging the receipt of a copy of its report covering the strike in this district.

That Congressman MacDonald's resolution calling for an investigation by congress may not have an easy progress through the house either is indicated in a letter received by the club from Hon. Albert Johnson of the Second Washington district, who says:

"More than a hundred letters have been received in the last two days from members of both houses of congress, acknowledging the receipt of the commercial club's report. They, without exception, express a deep interest in the subject and promise the matter careful consideration. Many have written personal letters, expressing appreciation of the work of the Copper Country Commercial club and the evident fairness of its report."

All the witnesses testified that the in-

 Entered as mail matter of the second class in the postoffice at Marquette, Mich.
 SATURDAY, NOVEMBER 22, 1913.

MR. BROWN'S ZEAL.
 One thing about Mr. Brown's zeal for the defeat of the proposed charter that has impressed The Mining Journal has been his readiness to speak for men who have not seen fit to speak for themselves on the subject. He has, in some of his writings, resented the proposals of the new charter, and assertions by some of its advocates, as an attack on men who have served efficiently on municipal boards in the past or who may still be among their members.

But no single member of any board, past or present, has expressed the opinion that his integrity or good sense has been assailed. On the contrary, some of the men who have been most useful members of these boards are frank advocates of the proposed change in government.

Of the same general character was Mr. Brown's raising of the point that the proposed elimination of the library board might be regarded in the nature of a breach of contract with the dead, the late Peter White, the founder of the present public library.

But if this proposal involved any disrespect to the memory of the late Mr. White are there not those in the city who were close to him who would quickly resent it?

On these counts Mr. Brown is zealous where the men directly concerned are unconcerned and acquiescent.

Mr. Brown cannot be surprised if such extreme manifestations of zeal gain general acceptance for a view that his enthusiasm of opposition has run away with something of his discretion, and that, therefore, even on those legal points which a layman cannot understand his objections may well be taken with a liberal measure of salt.

IT'S PASSING STRANGE.

The last feature of the proposed commission charter that should be attacked is its provision for direct nominations. Unfortunately direct nominations must be somewhat more cumbersome than the system they replace.

Offsetting this is the inestimable advantage they confer in making the will of the masses of the voters, instead of the will of the bosses, and near-bosses, predominant.

They have worked effectively in the state and county. No reason exists why they should not work effectively in the city. At this late day, it is passing strange to find men carping at the proposal to extend the scope of direct primaries that surround nominations with the same guarantees now given election results.

The system they would replace in Marquette is not particularly simple, and its operation has been productive of much of the bad feeling that has been out of our municipal elections. As is well known, it has meant a preliminary fight for the first nominations. In close contests days of campaigning to get the voters lined up for the caucuses and then to get them out to the caucuses have been necessary. Considerable expenditures of money have been made even before the first convention has been held. And both caucuses and conventions have, on occasions, been attended by serious abuses.

The old system is simple only because it is a system surrounded by no safeguards to protect the rights of the individual voter and to prevent the participation of men who have no right to take part in the deliberations of the bodies for which it provides. It is, therefore, simple principally for the reason that it is inadequate and at bottom unsound.

For this system the new charter proposes to substitute a plan under which there will be, because there can be, no chicanery, no dishonest voting and no locus pocus by double dealing caucus chairmen. The slightly increased demands it may make on the voter will be far more than compensated for by the certainty with which it will secure representative results and the decisiveness with which it will put an end to cheap political trickery.

THE PRESS DISAPPROVES.

The pronouncement of the Federation of Labor at Seattle on the state militia has earned the almost unanimous disapproval of the Michigan press, and of the press generally in the country.

The Michigan newspapers freely express the view that the declaration of the labor men is an outrage and an insult to the dignity of the state that cannot be resented in too strong terms.

The Federation delegates were doubtless led to give their official sanction to it by utterances of leaders like Walker, the man who first gave form to the charges and who, through Frank Morrison, the secretary of the Federation of Labor, secured their general circulation in the country. On what slender basis Walker made these charges is shown by his failure to make any showing of fact to General Abbey, when the general promised to proceed summarily against all offenders.

Considering the difficulty of the service, the taunts, jibes and hard treatment they were subjected to, the state troops acquitted themselves in the copper district in a manner reflecting on them the highest credit, and the Federation's challenge will be accepted without hesitancy by patriotic citizenship. It was accepted by Governor Ferris at Kalamazoo this week, when he spoke at the dedication of a \$50,000 armory. "I don't believe," he said, "a single citizen can justly find fault with the work done by the National guard. They have rendered the state of Michigan a service which up to this hour has not been appreciated. I do not say it because my feelings are hurt, but because I want the people of Michigan to think.

weenaw, Baraga, Marquette, Alger, Delta, Menominee, Dickinson and Iron counties will have one of the most comprehensive road systems to be found in the state, and it will be easy to get to and fro between them. Parts of the highways will be, for a few years, comparatively rough, but again much of them will be the best roadway to be found anywhere in the country, and the worst of it will be passable without danger to machine or limb. The completion of this system will greatly increase the number of summer visitors to the district. It will be of economic as well as social importance. Baraga county should fall in line and contribute its share to the desired development.

Perhaps the thing that disturbs social Washington is the terrible thought that the next capital "Who's Who?" will be based on those present at the Wilson wedding. It's hard for ordinary working mortals, busy with what useful things they can find to do from day to day, to understand the crucial importance of the contents of these "Who's Whos" to persons who are leading their lives out on money piled up by others.

One again we are informed that the Huerta government is "tottering." However, much as this has been its chronic condition for the past several weeks, there's no reason to expect any new developments of particular importance.

Referring to the decision of the voters of Saginaw in favor of commission government, the Grand Rapids Press comments: "Commission government and the manager plan hereafter will compete for public attention. On January 1 of this year 253 cities of this country, with a combined population of about 5,000,000, were operating under the commission form which Saginaw has chosen. The manager plan is still young, but in the end it may record just as large a growth. Either is better than the old 'misgovernment'."

The Young Men's Republican club in New York city voted this week that in the opinion of its members the G. O. P. would be made more effective and shipshape if William Barnes, Jr., were made to walk the plank. William, Jr., replies that the juveniles of the Young Men's Republican club are sadly lacking in understanding of the fundamental principles of this great government of ours.

All of which is about as convincing as this sort of exchange usually is. To the mad, gentlemen!

In Washington, in addition to informing his superiors that they could have his resignation as collector of revenue on demand, Mr. McLeod also informed them that he is a candidate for the Republican nomination for governor of Michigan.

In view of the manner in which Alex Groesbeck has been pre-empting the front page of late this is likely to be forgotten unless Mr. McLeod lays stress on it on every possible occasion.

Announcement is made that his forthcoming visit to the southern states will mark the opening of Senator La Follette's campaign for the Republican nomination for the presidency in 1916. Senator La Follette is another of those tragic figures in the story of American affairs who is destined to take an unsatisfying long to be president to the grave with him.

Sassy Progressives in Kansas decide to go it alone. They don't expect to win, but they have no doubt at all that they will be able to regard their licking philosophically. It's these chaps who aren't particular whether they win or not who play the very hob with the ordinary rules of figuring out the possibilities of political action.

The principal difference between Representative Thomas, of Kentucky, speaking in their home town for weeks at a time, had precious little to tell about what was going on in the woods. But that is all changed now. The ideal of real service has come to be generally accepted in the department. The deputies realize that they are paid to beat through the brush and round up violators, and are not singled out to receive a monthly salary just because they are "good fellows," or happen to be on terms of intimacy with a lot of other "good fellows." It is highly to the credit of State Warden Oates that the department never displayed more of the outward signs of efficiency than it does in the month of November, Year of Our Lord, 1913.

The supervisors of Midland county propose to test the constitutionality of the law that gives the state tax commission a right to review the work of the boards of equalization. The commission this week submitted to the board an equalization of Midland materially different from the equalization the supervisors has agreed on, but they tabled it. Speaker Currie, of the house of representatives, who was instrumental in securing a review of the supervisors' work, will, it is reported, appeal to the supreme court for an order requiring the board to adopt the commission's figures. It is predicted that the issue involved will be pushed to an early determination.

The leading interests in the county of Baraga ought to be able to bury their differences, get their heads together and arrange a program of road development that will open up the copper country to Marquette, Menominee, Iron, Dickinson, Delta and Alger counties, and vice versa. When Baraga supplies the missing links of highway Houghton, Ontonagon, Ke-

Uncle Sam's navy is getting some advertising these days. The visits of the bluejackets to Rome, Pompeii and other historical places probably will have no depressing effects at the recruiting offices.—Grand Rapids Press.

The president of Olivet college declares that religion is an index to humanity. How would he classify the man who never enters a church until when he is assured of getting a second helping of real oyster soup for a quarter.—Lansing State Journal.

left to go fishing for sticky-backs in the canal—where there ain't none.

"All the rest of it! Why, there wasn't but nine inches left to myself, and how was I going to make a telephone of that?"—Strand Magazine.

His Notion of a Mean Man.
 "In my early days I was traveling across Iowa by stagecoach," said a drummer. "It took several days. The stage driver with whom I went was popular along the route; and he had a dog that went by the name of 'mean'—and he was a mean dog."

"The dog wasn't with him on this trip inasmuch as she was about to assume the duties of maternity. At every stopping-place he was asked about the dog, and when he disclosed the reason for the dog's absence, he was universally urged to give the inquirer one of the forthcoming pups."

"By the time we reached Council Bluffs he had promised about forty pups."

"Look here!" I said. "That dog of yours will not have more than five or six pups at the most—and you have promised forty of them?"

"Well, son," he said, "I'd you ever stop to think that it's a mighty mean man who won't promise a man is a pup?"

Some of the upper peninsula press that persistently treated Congressman MacDonald's candidacy as a joke in the campaign last year are still in a somewhat sulky condition and have already relegated him to the discard pile after the 1914 election, still one year away.

Those newspapers should wake up to the fact that Mr. MacDonald is something more than a driver of a sales car down at Washington. He has done some very creditable work on some very important committees, and he is far from being the ineffectual personage into which he is being transformed by the Journal.

The Journal doesn't know whether or not Mr. MacDonald will be a candidate for re-nomination and reelection. However, we venture the prediction that he will turn out to be about the same kind of a man that he was a year ago, if he goes into the campaign.

Without entering into any discussion of the Progressive principles for which Mr. MacDonald stands, the Journal will remark:

That Mr. MacDonald is one of the cleanest, squarest men in the upper peninsula; that his record, both as a private citizen and as a public official, will stand the closest investigation;

That he is sincere in his desire to promote legislation which he believes will advance civilization and put into effect the "square deal";

That he has the courage of his convictions, and whatever else he is or is not, he is not a moral or political coward;

That he will not bring any discredit upon his district by any act of his at Washington.

The Journal would suggest to the upper peninsula editors that they, in all fairness and honesty to the readers of their newspapers, should closely follow Mr. MacDonald's record in congress, and then if they find anything to criticize, do it honestly. At the present they are talking from prejudice and ignorance.—Escanaba Journal.

A Slur On the Nation.
 Horrifying charges against the American militia have been made by the American Federation of Labor. A resolution calling for a congressional investigation of the miners' strike in upper Michigan, adopted by the delegates to the convention of the federation in Seattle, contains this clause:

"Whereas, 2,500 militia have been sent into the strike district and these soldiers have driven their horses over men, women, and children, beating them with guns, bayonets, and swords, and outraging women and girls—

Carefully Select Your Fur Garments

We sell at more moderate prices, give better quality and produce better styles than other fur dealers, because we are manufacturers and importers, and the volume of our business is the largest of any fur house in the Northwest.

Also a complete line of millinery for ladies and gentlemen's fur coats, automobile and auto accessories, and small fur pieces for evening wear.

It will pay you to come to Milwaukee and see this splendid assortment of fashionable and stylish furs for garments and small fur pieces. Remodeling and alteration of furs receive unusually careful attention.

Also a complete line of millinery for ladies and gentlemen's hats, etc. Outfits for men and women.

 Leaves Gwin 6:10 a.m.
 For M. M. & S. E. Ry. stations to Marquette 4:15 p.m.
 Leaves Gwin 4:25 p.m.

THE BEST REWARD.
 Gratitude given or received is one of the best things in the world. We need more of it. It is the best reward. Yet I have never read any satisfactory account of what it so gloriously means, writes Richard C. Cabot in the Atlantic. Its value begins just where the value of pay ends. Thanks are personal, and attempt to fit an adequate response to the particular service performed. Pay is an impersonal coin which has been handed out to many before it reaches you, and will go to many others when it leaves you. It is your right and you are not grateful for it. But thanks are a free gift and enrich the giver. There is no nobler art than the art of expressing one's gratitude in fresh, unbacked, unexaggerated terms which answer devotion with fresh devotion, fancy with fine fancy, clarity with sincerity. Artists who get their reward only in money and in the state of mind of chattering hands are restless for something more individual. They want to be intimately understood and beautifully answered. For such gratitude they look to brother artists, to the few who really understand. They find their best reward—and even this leaves something wanting.

SAVED HIS FOOT.
 H. D. Ely, of Banam, O., suffered from horrible ulcers on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Buck-Pain's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. Recommended by The Stafford Drug Co.

RUB BACKACHE AWAY WITH TOLD TIME OIL

Rub Pain Right Out With a Small Trial Bottle of "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into your back, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn or discolor the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints!

IS CHILD CROSS, FEVERISH, SICK

Look, Mother! If Tongue Is Coated, Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, and your little one becomes cross, half-sick, feverish, doesn't eat, sleep or act naturally, breath is bad, system full of cold has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

STOMACH MISERY GAS, INDIGESTION

"Pape's Diapsin" Fixes Sick, Sour, Gassy Stomachs in Five Minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no flatulency, bloating, foul breath or headache.

Pape's Diapsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Please, for your sake, get a large fifty-cent case of Pape's Diapsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without worry. It was just thinking of my poor old pal, Tommy. He's bringing coconuts!"—Young's Magazine.

What Became of It.
 "Want more string," said Mrs. Hopper, as she drew her arms out of the washtub. "Anybody might think I was made of string, the way you go on. Why, I gave you a great, long piece only yesterday. Can't you think what you do with all the string?"

"Well, mother," said Dick, "I know what I did with that piece. First you took half of it back again."

"I don't want no impertinence. If parcels have to be done up, whose fault's that?"

"Then Tom took half of what was

EXPLAINS PREDICTIONS OF WEATHER BUREAU

Observer Cowdrick of Houghton Believes the Forecasts Reasonably Accurate.

The United States weather bureau has been under a heavier fire of adverse criticism in the last two weeks than at any time since it failed to forecast the storm that almost made a failure of President Taft's inaugural ceremonies more than five years ago.

The present criticism is due to the charges that the disastrous marine storm of two weeks ago was not forecast or at least that the proper storm warnings were not given. Weather Observer Cowdrick of Houghton is holding no brief for the individual forecasters of the service, because he says they are fallible like other men, but he believes the service as a whole is successful and that it makes reasonably accurate forecasts.

Mr. Cowdrick offered yesterday's weather as a good example of conditions on which to base judgment of the bureau. He announced at 10 o'clock yesterday night that instructions from the forecasters at Washington had displayed a northeast storm warning, with the forecast of a severe northeast storm over Lake Superior for yesterday or last night. Errors in the weather forecasting game had the temerity to suggest to the weather observer that yesterday's warm weather and heavy rain showed the forecast of the previous night to have been faulty. But Mr. Cowdrick insisted that those conditions sustained the forecast.

Meteorology is not an exact science, but it is none the less a collection and comparison of facts, and this collection and comparison of facts shows the weather bureau that a storm always moves toward rain and high temperature, unless some unforeseen condition intervenes, this unforeseen condition factor being what makes it impossible for meteorology to be an exact science. Barring such condition a weather forecast intelligently made will work out like a demonstration of Euclid.

All of the conditions prefatory to the storm forecast Thursday night were present yesterday. The storm should have been over Lake Superior and the copper country last night. The temperature yesterday brought November's average temperature at Houghton up to an unusually high place. The average temperature for November at 7 a. m. since the establishment of the station has been 32. The temperature at 7 o'clock yesterday morning was 46 and it raised to 52 at 9 o'clock and went still higher during the day.

Canadian Weather Inquiry.

It is announced by Canadian newspapers that the Canadian government is about to begin an inquiry into the service of the Canadian weather bureau. In case of such an investigation it is probable that Captain Tom Paddington of the Merchants Mutual line steamer Turret Chief, which was wrecked six miles east of Copper Harbor, November 11, and whose crew will be called upon to testify, Captain Paddington was probably the first of the captains of any of the wrecked boats to make the claim that the weather bureau did not give storm warnings or that the warnings were not set when he sailed past the weather stations the day the storm started. Paddington made his claims at Calumet to reporters for copper country papers and representatives of the Associated Press, and Cleveland, Detroit, Milwaukee and other papers.

ASSIGNED TO WASHINGTON.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty to all suffering women to tell what Lydia E. Pinkham's Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired morning that I could scarcely get around. It seemed most impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., 233 Central Bldg., Lowell, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Dr. suffered not for four years, but for four months, but tried Buckner. He live and my red. Best raises and Only 25c.

DRIVE COPPER SPIKE DEC. 1.

Copper Range Railroad Will Operate Extension on That Date.

Announcement is made by the Copper Range railroad that service over the new Painesdale extension will go into effect Dec. 1. All tariffs and time cards have been changed to accord with the new route, beginning on that date.

The extension is now completed and the track is laid. But the prospect is for favorable ballasting weather up to Dec. 1 and General Manager Bolles is giving Chief Engineer Batchelder that much leeway in order that the construction may be perfected.

It may be that the ceremony of "driving the copper spike" to commemorate the most important construction undertaken by the road in several years will be a theory only. It will be if the weather conditions on Dec. 1 are unfavorable to such an outdoor demonstration of the Painesdale joy in being linked with the main line of the road. But if the weather conditions permit there will be some such ceremony.

SAVE WALDO AND TURRET CHIEF.

Capt. Sinclair, Marine Underwriter, Says Boats Can Be Released.

Captain S. I. Sinclair of Duluth, the well-known marine underwriter's adjuster, returned Thursday afternoon in the tug Dan Hebard from an inspection of the wrecks of the L. C. Waldo and Turret Chief, the latter on the beach at Copper Harbor, the Waldo on a reef at Gull Rock.

Captain Sinclair says that both steamers are in good condition and that they can be released this fall. The Chief can be freed in two days, with good weather. The Waldo will be a longer job, as she will have to be lightered. Contrary to the belief of Captain Duddleson, her master, the Waldo is not broken amidship, only a few plates being buckled.

W. D. Calverley made the trip to the wrecks with Captain Sinclair. He says the Chief is high and dry on the beach and apparently undamaged. The Waldo is a sad looking steamer, because of the wrecking of her hull. All of the wooden structures above her deck are smashed into splinters, otherwise she seems to be unimpaired.

Captain Sinclair was advised Thursday evening that the owners of the two steamers already had let contracts for their release, the Turret Chief to the Great Lakes Towing company and the Waldo to the Reid Wrecking company.

LOCKED IN BANK VAULT.

Hancock Cashier a Prisoner While Bolts Are Being Tested.

When Superintendent Friedel, in charge of the construction work at the First National bank at Hancock, wanted to test the bolts that lock the vault, Cashier Thompson happened to be inspecting the vault's interior and the superintendent asked him if he did not wish to remain inside for a minute or two. Mr. Thompson agreed.

"The feeling that comes over you when made a prisoner in a vault of that kind cannot be described," said Mr. Thompson yesterday. "I knew it was for a short time only, but I felt a chill running up and down my spine." Though the vault is a large one, there is no chance of getting out alive if kept inside for more than two hours. It is estimated that it would take at least twenty-four hours to drill through the heavy doors or sides of the vault before it could be opened, should the combination fail to work.

REUNION AT HURONTOWN.

Alumni of Copperdome's "University" Will Gather Dec. 2.

The new Hurontown school building has been completed. Today the furniture and equipment of the old building will be moved into the new and next Monday the teachers and pupils will go up their work in the modern structure.

It was announced some time ago that on next Tuesday there would be a housewarming social in the new building and a reunion of former teachers and pupils of the "University" at Hurontown, as the old building had been called lovingly by many of its former pupils. But it has been found impossible to carry out the plan on the date set and Superintendent Doelle announces a postponement to the following Tuesday, Dec. 2.

There are a large number of former pupils and teachers of the U. of H. in Houghton county towns and County School Commissioner William Bath, himself a former teacher in the old school, is taking an interest in getting them together for the reunion. The affair is to take place on the afternoon of Dec. 2, at 2:30 o'clock. It is probable that a program and luncheon will be arranged, so it is considered a fairly in Hurontown that Simon J. Healan, the copper publicist, now of New York, is the most eminent alumnus of the U. of H. An effort is being made to induce him to come to Houghton to attend the gathering.

BOUND OVER FOR TRIAL.

Justice Medlyn of Ahmeek has bound over to circuit court for trial Matt Kikka, charged with assault with intent to kill Jacob Heitela at the Mackay logging camp at Agate Harbor. Kikka was examined. He has been taken to the county jail at Eagle River. Heitela is at the Mohawk hospital. He has knife wounds in the right shoulder and about the face and head.

HARD TO GET MEN FOR WORK.

Andre Fornis of Ojibway, who has charge of the road work of Keweenaw county, as chief engineer, said while in Calumet this week that little was being done in that department, because of the difficulty of obtaining labor. The weather is cold and it is hard to induce men to take outdoor work, such as running lines, cutting brush, etc. Keweenaw county has made plans for extensive work on the through county road, which is being straightened.

WILL OPEN HOCKEY SEASON.

The hockey season in Michigan will open at Detroit, with Cleveland and Detroit playing two games in that city Dec. 1 and 2. A return series will be played in Cleveland Dec. 5 and 6. Detroit and Cleveland were the bitterest of hockey contenders last year. This year, with a strong lineup of men over before, including one or two former copper country men and with Bill Pascoe of Calumet training them, the Detroiters expect to clean up the Forest City seven. Cleveland has such old men in the game as Poland, Winters, Elder and Chapman.

PAIN IN BACK AND RHEUMATISM.

Torment thousands of people daily. Don't be one of these sufferers when for so little cost you can get well rid of the cause. Foley's Kidney Pills begin their good work from the very first dose. They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. For sale by all Dealers.

HEALTH is the Most Important

No one can tell good baking powder from bad merely by the appearance; the price is some guide, but not an infallible one; some cheap brands may raise the dough, yet contain unwholesome ingredients.

There is one safe, sure way, —to follow the official reports of the

U. S. GOVERNMENT ANALYSTS, AND THE RECOMMENDATIONS OF THE HIGHEST AUTHORITIES ON HYGIENE AND THE BEST HOUSEKEEPERS EVERYWHERE

Mitchell.

APPLY FOR NATURALIZATION.

County Clerk Kaiser at Houghton yesterday posted three petitions for full naturalization, to be heard in the May term of the circuit court. The applicants are: Mike Lankola, Ripley, Oshkosh, Wis.; Oskar Tapani, Painesdale, Oshkosh, Wis.; and

ANSWER MINISTER TO PREACH.

Dr. J. W. Sutherland of Lansing, Mich., will preach Sunday evening in the Calumet Congregational church. Dr. Sutherland comes to the copper country to attend

CRUST ON HEAD ITCHED AND BURNED

So Would Wake Up Nights and Cry, Head Bare in Spots. Cured Entirely in Six Weeks by Cuticura Soap and Cuticura Ointment.

Rockford, Ia.—"My little girl had a hard crust form on her head. Her head had a scab on it and it itched and burned so she would wake up nights and cry. Then it formed into sores and then it turned into a dry crust, and when I combed her hair great greasy would come out. Her head was bare of hair in spots. "Then I used Cuticura Soap and Ointment and they cured her entirely in six weeks and her hair came in lovely. At that time she was about ten years old and now she is twenty-six and has never had any more trouble." (Signed) Mrs. H. J. Wady, Dec. 14, 1912.

PAINFUL ITCHING AND BURNING

260 Jackson St., Milwaukee, Wis.—"My trouble began with small speckles on my chest, arms and legs. Later it took the form of little blisters which caused painful itching and burning. In the day I was tormented by the itching which irritated the eruption and in the night I lost rest from the itching. I used Cuticura Soap and Ointment finding relief in the first day of treatment. In one week I was well." (Signed) Joseph Cassone, Nov. 30, 1912. For treating poor complexion, red, rough hands and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. Sold everywhere. Label sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." *Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

MacDonald Outlines His Views on Strike Situation.

The following correspondence is published at the request of Representative Macdonald as explanatory of his resolution calling for an inquiry into the copper country strike:

Hancock, Mich., Nov. 5, 1913. Hon. Wm. J. Macdonald, Washington, D. C.

Dear Sir: We people here in Hancock are very much puzzled over the stand you have taken on the so-called strike now raging in our midst. Personally, I would say that I voted for you and thought you would always work for the benefit of the copper country. From various newspaper reports which I have read lately it seems as if your support is with the Western Federation.

Just why you should take such a stand against the working men of this district, the business men, the mining companies and in fact the welfare of the entire community and lend your aid to a foreign labor corporation or labor trust, whichever you may call it, is very hard to understand.

You received heavy support in Hancock and in Houghton county, but now you seem to be working against the interests of the workingmen and all others who voted for you. The Western Federation is a political organization, of course, but it does not belong to the Progressive party, in fact the leaders have sternly commanded their humble followers to vote the straight socialist ticket, which makes your position a very queer one.

Regarding the investigation of the strike, would you say that you can get all the facts regarding the same working conditions, etc., from the report of the Copper Country Commercial club if you so desire. Further, if you investigate the matter of the one-man machine, you will find that these machines are used quite extensively in the Calumet and Arizona mine, and the miners there do not seem to object to them. There is no reason why the mines of the copper country should be behind the times when it comes to installing mechanical improvements.

In closing, would you say we have the reports we have read about you have been false, and that you are still the friend of the copper country that you were always supposed to be.

I hope I have not taken up too much of your time with this intrusion. I am yours very respectfully, (Signed) A. S. RICHARDS.

Nov. 18, 1913.

Mr. A. S. Richards, Hancock, Michigan.

Dear Mr. Richards: Replying to your letter of the 5th inst., in which you say you are surprised at my attitude as gathered from the newspaper reports upon the strike situation in the copper country. I am very glad to receive this letter as it seems to me to typify a somewhat prevalent misunderstanding of the conditions. If you have gathered the impression from any newspaper sources, that I have taken a stand against the workingmen of the district, your source of information is very much at fault. I believe that everyone in the district understands that I have no connection or affiliation with the Western Federation of Miners. I was, however, elected to congress to represent the people of the district, and elected upon a platform of open and unimpeachable statements made by me during the campaign that told plainly what I stood for. Among other things which I believe I made plainest was that I would not be dominated by the corporate influences which have controlled our district for so many years, where their interests would be in conflict with what I believed to be the interests of the people generally.

I understand, of course, what it means to be under the pressure of the tremendous corporate influences that have for so long controlled all the activities of the upper peninsula and how difficult it is for men to stand upright and assert themselves, and exert the independence of action and of thought that belong of right to all free American citizens; but I believe that the disposition to exert independence is becoming very much stronger among our people as a whole, and, for one, am going to do all that I can to bring this about.

Your letter seems to me to be an example of what these powerful influences can do in the way of creating an atmosphere and moulding public sentiment to their ends. Of course, we who are familiar with local conditions understand that the activities of the Copper Country Commercial club and the Citizens Alliance are simply an illustration of the influence that I mean. The condition in the copper country, as in many other sections of the country at this time, has been brought about because there is something fundamentally wrong in our law and in our industrial system; and it is incumbent upon anyone upon whom any official responsibility is placed to honestly exert himself to find a remedy for these conditions, and when it is found, to have the courage to assert it and to endeavor to secure its enactment, if possible, in the form of remedial legislation. Any man in an official position who would attempt to play "neat politics" or to trifle with a condition so grave, involving, as it does, the life and welfare of so many

(Signed) W. J. MACDONALD.

A MAKER OF HEALTH.

A good honest medicine like Foley Kidney Pills gives health to many families. Mrs. O. Palmer, 635 Willow St., Green Bay, Wis., was seriously ill with kidney and bladder trouble. Mr. Palmer writes: "My wife is rapidly recovering her health and strength, due solely to the use of Foley Kidney Pills." For sale by all Dealers.

Miner's Rheumatism

is caused from working in dampness; the blood becomes thin and watery from lack of fresh air. Your blood must be purified and your general health improved.

The greatest physicians prescribe SCOTT'S EMULSION because its medicinal nourishment quickly improves the quality of the blood to relieve the lame muscles and stiffened joints, and its wonderful oil-food strengthens the organs of the body to expel the poisonous acids which cause the trouble.

Scott's Emulsion drives out the rheumatic aches and pains and keeps them out. Refuse substitutes for the genuine Scott's Emulsion. EVERY DRUGGIST HAS IT.

Every Woman Appreciates the Charm and Comfort of a Fair Face

It has been said that beauty is a grace beyond the reach of art. Beauty cannot be created—once nature's charms are gone. But a woman can remain beautiful by using approved methods of retaining the freshness of her complexion. The skin must be fed, and the best thing for this purpose is

NYAL'S FACE CREAM.

It is an excellent skin food and tissue builder. It is quickly absorbed by the pores, removes impurities, rounds out the muscles and makes the skin fair and firm. It is perfectly harmless and is delightfully perfumed, so as to make its use a delight and comfort. Price, 25 and 50 cents.

Today's weather: Local snows and colder.
 Yesterday's temperatures: Seven a. m., 49 degrees; noon, 59; 7 p. m., 58. Highest, 62 degrees; lowest, 42.

V. D. Simar, of Houghton, was in Marquette yesterday, on business.

Leo Ring left last evening for Duluth where he will visit a few days.

The G. I. A. to the B. of L. E. will hold a fifteen cent card party in Keough's hall Tuesday.

Mrs. Mapes and Miss Ada Mapes left last evening for Milwaukee and Chicago for a visit of some weeks.

The dancing party given by the Kappa Alpha Pi last evening in Fraternity Hall was largely attended. Peter Behan's orchestra furnished the music.

Dancing will commence at 8:30 o'clock this evening and will continue until 1:30 at the bi-monthly party at Guild Hall. Refreshments will be served.

C. A. Grinnell, of Detroit, a member of the firm of Grinnell Bros., has shot a deer on his hunting trip to the upper peninsula this year, according to a letter received at the Marquette branch of the Grinnell stores by E. R. Bellows, manager. Mr. Grinnell was here a few days ago.

While no definite word has yet been received from them, it is expected that Mr. and Mrs. M. J. Sherwood, who are returning from Mesa, Ariz., with the remains of their son Jack, who passed away there early in the week following an operation, will arrive in Marquette tomorrow morning. They are expected to reach Chicago today.

The funeral of Mrs. Peter Cooney, who died suddenly early in the week and was held yesterday. It was attended besides Marquette friends of the family by John Brockart, Mrs. L. Brockart, Mrs. C. Menter, Mrs. Henry Cole and Mrs. Joseph Lewis, of Gladstone and Albert Hampton, Thomas Hampton and Mrs. Richard Hampton, of Ishpeming.

House Night Wednesday—There will be a house night at the Marquette club Wednesday of next week.

Matinee Today—An eight reel matinee will be given this afternoon at the Marquette Opera House, with the vaudeville act, Ergott's Lilliputians. The Lilliputians last evening again pleased two capacity houses with their acrobatic and gymnastic novelty act.

Will Meet Next Week—A meeting of the Matinee Racing club will be held some evening next week, when the petition to be presented at the next meeting of the city council, asking for the use of Lake Shore drive as a speedway this winter, will be drawn up.

Sixty-six Registered—Sixty-six voters registered yesterday in the five wards of the city, in preparation for the election on the proposed commission charter, at week from today, as follows: First ward, nine; second, sixteen; Third, twelve; Fourth, twelve; Fifth, seven.

Only One "Legit"—Due to the strike in the copper country, making it difficult to procure stockings, only one legitimate attraction is so far slated to appear at Marquette this year. It is "Freckles," on Dec. 3. Whether other legitimate shows will come here later in the season cannot be said as yet.

Hurt By Fall—Robert "Sonny" Anderson, thirteen-year-old son of Mrs. Charles Anderson, of South Marquette, was injured yesterday afternoon when he fell from the top of the iron framework from which the swinging rings are suspended at the playgrounds at the corner of Front and Bluff streets. He was unconscious for some minutes after the fall but suffered no serious hurts.

Preparing for Dance—All members of the Marquette fire department are requested to attend a special meeting to be held in Fraternity Hall Sunday morning. The work of decorating in the hall will be started Sunday afternoon, in preparation for the annual ball to be given by the department Thanksgiving eve. Practically all other arrangements for the affair have been completed. An innovation in the decorations is promised.

Will Soon Be Finished—It is expected that the work the light and power commission has had under way at the Silver lake dam the past several weeks, under direction of J. D. Sherman, will soon be finished. Charles Retelle will inspect the progress on the job over the weekend. He has been informed that excellent progress has been made this week. The weather has been particularly favorable to concrete work and Mr. Sherman's force has made the most of it.

The Storm Blew Up—After disentangling the technical phraseology of the weather observer, in explaining why Marquette and the rest of the upper peninsula was not visited by another storm yesterday, as predicted, it was learned that the storm didn't show up because the "high" disappeared. High pressure had been reported from the northwest, which would cause a storm on the upper lakes from the northeast. Storm warnings were ordered up Thursday.

McMillan Is Trustee—In the case of John W. Dewey, of Munising, whose bankruptcy was recently caused by the filing of an involuntary petition in U. S. court in Marquette, H. H. McMillan, cashier of the People's State bank at Munising, has been appointed trustee. The liabilities scheduled amount to \$7,000 and the assets consist of stock and fixtures given a value of \$2,000 and accounts amounting to \$3,500. The failure is charged to inability to collect accounts.

Leg Was Broken—Al Runyons, who looks after the Honolulu farm southwest of the city, is in St. Mary's hospital suffering with a broken leg received as a result of the struggles of a fractious horse to break loose from a wagon yesterday morning. Runyons was driving the animal near the Sambrook mill in South Marquette yesterday morning when it became frightened and commenced to kick. Runyons' injury was sustained while he endeavored to quiet the animal. He was taken to the hospital in the ambulance.

At the Grand—An eight-reel matinee will be given at the Grand theater this afternoon. The program is: "The Struggle," Essayay Western (Broncho Billy); "Pathe Weekly"; "The Contents of the Suitcase," a comedy; "The Chief-tain's Sons," Biograph Indian drama; "The Call," a two-reel Vitagraph featuring Miss Edith Story and E. K. Lincoln; "A Woman in the Ultimate," a thrilling

Lower State Notes

KALAMAZOO—Just after the military parade preceding the dedication of the armory had ended, Joseph Holland, a deserter from the regular army at Houston, Tex., walked into the jail and gave himself up. He had spent spellbound in the street during the parade. He will be taken to Chicago.

LANSING—One of the cows in the Michigan Agricultural college dairy herd apparently became so enthusiastic over the record of the Aggie football team that, in an endeavor to simulate it, she presented the college with a world's record for her breed. In the "Who's Who" of the cow world, she is known as College Bravura II, and her breed number in the brown Swiss register, is 2577. She produced 19,304.6 pounds of milk during the last year, which tested 4.02 per cent and made 1,000.5 pounds of butter, a new world's record for this strain.

LANSING—According to O. M. Barnes, of the state tax commission, certain public service corporations, assessed on an ad valorem basis, are due for substantial boosts in valuation, when the tentative assessment is made public, Jan. 15, while the assessments of other corporations will be materially decreased. The force of the state tax commission is working now on the tentative assessment of the railroads, telegraph and telephone companies. Some of the railroads in the upper peninsula that were big money makers during the days when the lumbering industry was at its height will probably have their valuation reduced in many instances.

LANSING—Application has been made to the state railroad commission by the Michigan & Chicago Railway company for authority to issue \$3,000,000 in bonds and \$750,000 capital stock for the purpose of constructing an electric line from Owosso to Saginaw and acquiring an electric line nearly completed from Saginaw to Bay City. The railroad commission has set Nov. 25 as a day of hearing on the application. The Michigan & Chicago railway has before made application to the commission to construct electric lines in various parts of the state and the last application is taken as evidence that connections between their various contemplated lines will be made.

DETROIT—During a conference at Washington with W. H. Osborn, commissioner of internal revenue, Malcolm J. McLeod, of this city, informed that official that his resignation as collector of internal revenue for the eastern district of Michigan might be considered available whenever the treasury department is ready to receive it. "It will not be necessary to file charges against me to get me to vacate the office," said Mr. McLeod. "I am ready to turn over the office just as soon as my Democrat successor is appointed." Mr. McLeod told the commissioner that he is a candidate for the Republican gubernatorial nomination in Michigan. He discussed with him some of the problems of the new income tax which are bothering the collectors of the country. Mr. McLeod called on Secretary of the Treasury McAdoo for a moment.

LANSING—When is a circuit court commissioner? This is one of the most vexing problems that has confronted the Democratic administration since Governor Ferris came to the executive office. In the election last fall William L. Mason and Joseph J. O'Connor were opposing candidates for circuit court commissioner of Baraga county. The county clerk certified the election of Mason to the secretary of state. Shortly after the election Mason disappeared, and is thought to have drowned. The governor named O'Connor for the vacancy and newspaper dispatches carried notice of the appointment to the upper peninsula. Promptly there came a letter to the governor from O'Connor in which he stated that he did not have to be appointed, as he had already been elected, Secretary of State Martindale, and the county clerk of Baraga, have the records showing Mason's election. Until the controversy is settled, the commission will be held.

THANKSGIVING DAY RATE.

The M., M. & S. E. Railway will sell round trip tickets on Thanksgiving Day for a fare and a third, between all stations. Tickets between Marquette and Negaunee or Ishpeming will be 5 cents for the round trip. All tickets good for return on first train Saturday, Nov. 29th. Tickets on sale Nov. 26th, 27th and 28th. H. A. St. John, G. P. A. 11-22-1w.

EUGENE V. DEBS SQUARES LAST OF DEBT INCURRED IN THE BIG STRIKE OF 1894.

Denver, Colo., Nov. 21.—Eugene V. Debs, Socialist party leader, announced today that the last of the indebtedness incurred in financing the American Railway union strike of 1894 has just been paid. Mr. Debs said that he personally had paid \$29,000, raising the money by writing and lecturing.

FOOTBALL HONORS IN THE BALANCE

Climax of the Season Both on Western and Eastern Grid-irons Today.

Chicago, Nov. 21.—Four big games will wind up the football championship campaign in the Central states tomorrow. Leading in the race for the Western conference title, Chicago must defeat Wisconsin to have her honors unchallenged, for should Wisconsin win she will claim an equal standing with the Maroons and Minnesota in the race. Minnesota, at the same time, must win from Illinois to maintain her place next to Chicago. Tomorrow's games include:

- Wisconsin vs. Chicago.
- Minnesota vs. Illinois.
- Purdue vs. Indiana.
- Iowa vs. Nebraska.
- Northwestern vs. Ohio State.
- Kansas vs. Missouri.
- Beloit vs. Lake Forest.
- Notre Dame vs. Christian Brothers.
- Ames vs. Drake.

Blue vs. Crimson at Harvard.

New York, Nov. 21.—The Harvard stadium is the mecca toward which all faithful football followers in the East will turn tomorrow. On the green turf of that arena will come to the climax of the gridiron season—the meeting of Harvard and Yale.

There is much interest and rivalry in the Wesleyan-Trinity, Syracuse-Carlisle, Lehigh-Lafayette, Stevens-Rutgers, Army-Springfield and Navy-New York University games, but the fame and tradition of the gridiron classic at Cambridge overshadows all other contests of the day. In the eight games to date this season, Harvard has rolled up a total of 210 points to her opponents' sixteen.

FORMER AID IN HIS FIGHT TO KEEP SEAT SEEKS \$49,000 FROM SENATOR STEPHENSON.

Washington, Nov. 21.—Senator Isaac Stephenson, of Wisconsin, was sued for \$49,000 in the district court here today by Rodney Sackett, a former executive clerk of the senate, who alleges that Mr. Stephenson employed him to settle claims arising from his campaign of 1908. Sackett also alleges that he rendered important aid in the defense of Senator Stephenson when the senate investigated his right to a seat in that body in 1911. He says he was constantly in touch with the senator's witnesses, "refreshing their memories" and rendering other services of value because of his intimate knowledge with the facts about the campaign.

MEXICAN IN UTAH ENDS FOUR LIVES

Kills a Fellow Countryman, Then Three Officers—Now a Fugitive in the Hills.

Salt Lake City, Nov. 21.—Chief of Police Grant, of Bingham, and Deputy Sheriff Whitbeck and Neff-Jensen were killed in a battle with Ralph Lopez, a Mexican, near Saratoga Springs, Utah, late today. Lopez is wanted in Bingham for the murder of a countryman early this morning. After slaying the three officers, Lopez fled into the hills, where he is being searched for tonight, with the prospect of another fight if he is overtaken.

The murder for which Lopez is wanted was committed near a mine at Bingham early this morning, when the man shot and killed John Walker. Deputy Sheriff Whitbeck called upon him to surrender, and was answered by a bullet which killed him. Lopez then turned his gun on Chief Grant, killing him. Deputy Jensen, while trying to defend his comrades, received a wound from which he died soon afterward.

Shortly before 6 o'clock tonight, the fugitive was found hiding in a clump of bushes at Saratoga Springs, about forty miles south of this city. Deputy Sheriff Whitbeck called upon him to surrender, and was answered by a bullet which killed him. Lopez then turned his gun on Chief Grant, killing him. Deputy Jensen, while trying to defend his comrades, received a wound from which he died soon afterward.

PUNISHED BY HIS TEACHER, SCHOOL BOY SHOOTS HIMSELF.

Knoxville, Tenn., Nov. 21.—Because his teacher refused to allow him to return to school after being sent home yesterday for a breach of discipline, Arthur Evans, sixteen years of age, stepped outside the school building near Harriman, Tenn., today and shot himself through the head. Physicians say he will die.

800 CANAL PASSAGES.

ANDREW E. PETERSON WATSON & PALMER'S OLD STAND

FATHER'S DEATH BRINGS RICHES TO ODD-JOB MAN LIVING AT MINNEAPOLIS.

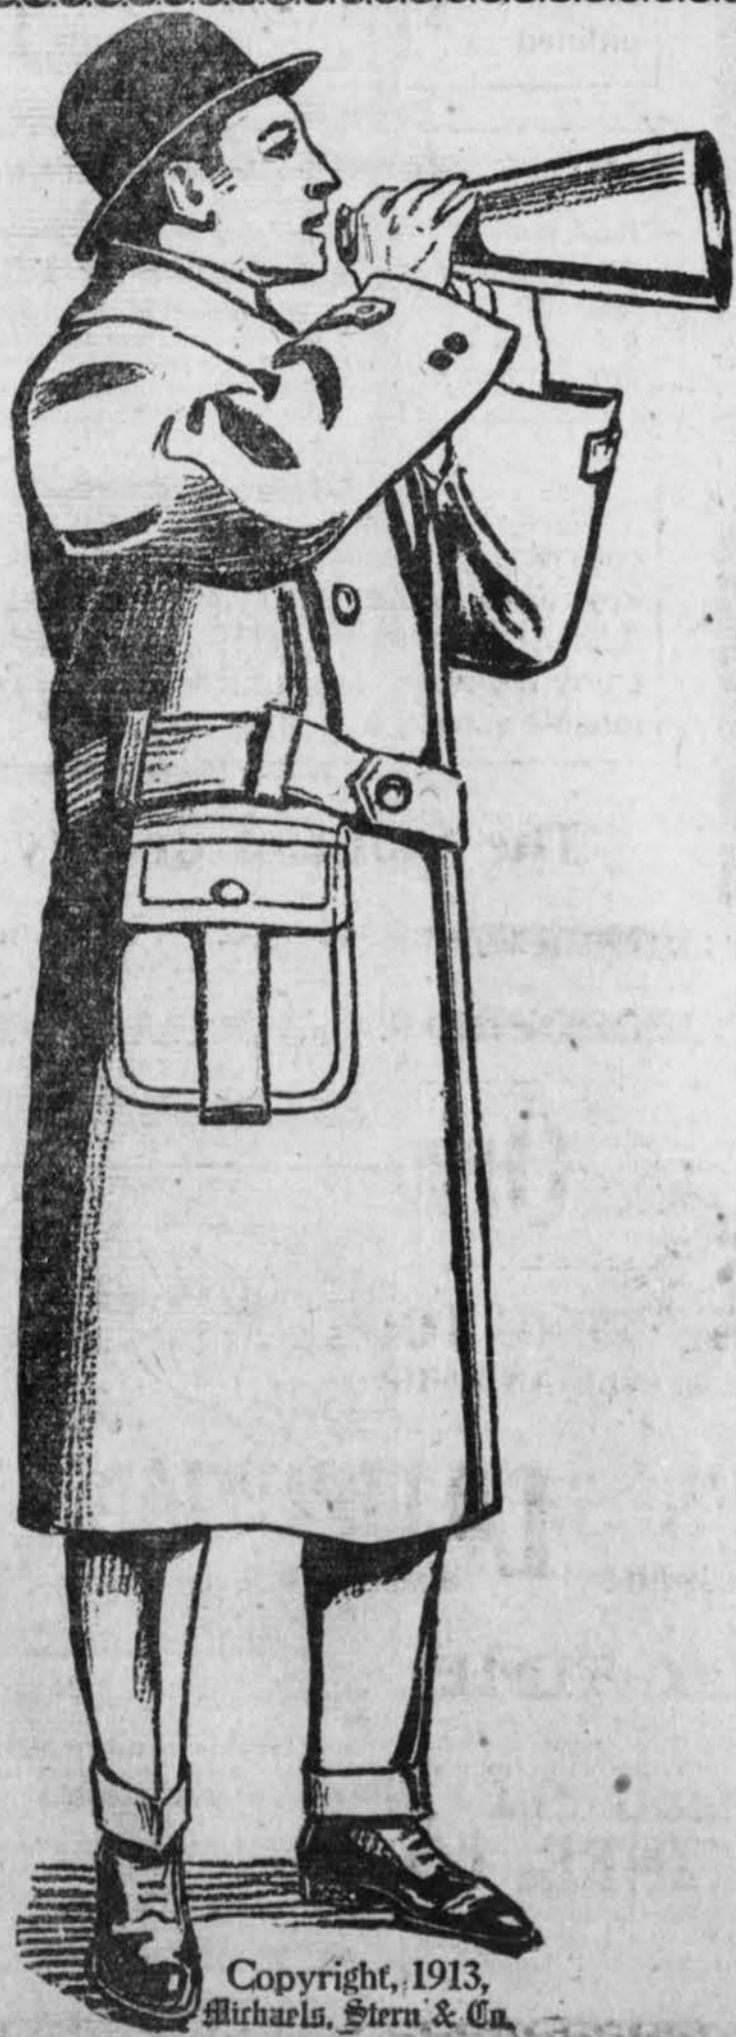

Minneapolis, Nov. 21.—Walter Lilly, who has been living in a small shack here for several years,eking out an existence by doing odd jobs, will come into possession of considerable wealth, left him by his father, who died a year ago at Milwaukee. This information was brought to Lilly late today by Julius O. Roehr, court commissioner of Milwaukee, who had been seeking the man. Lilly's whereabouts had not been known for many years. Lilly does not know how much money he will get and the attorney could not tell him. Mr. Roehr said there was a considerable amount of real estate to be disposed of, and that Lilly would receive one-fifth of it. Lilly, who is fifty years old, said he had not seen his father in twenty-five years.

COPPER STOCKS, HEAVY, ARE DRAG ON WHOLE LIST IN WALL STREET MARKET.

New York, Nov. 21.—There was little to distinguish today's stock market from the sleepy sessions which have preceded it this week, although the tone was better. The firmer tone was due chiefly to the strong technical position which induced shorts to cover whenever they were able to procure stocks at recessions. The heaviness of the coppers acted as a drag on the whole list. The break in London metal prices was followed by the report that some producers were offering copper in the domestic market at fifteen cents.

Wheat at Chicago Is Lower.

Chicago, Nov. 21.—Wheat closed weak and lower here today, mainly on official figures largely reducing the loss in Argentina. Final prices were: December wheat, 86 1/2; May, 90 1/2 @ 90 1/2; Decem-

WILL HOLD GENERAL MEETING SHORTLY

Directors of Marquette Commercial Club Held Important Session Yesterday.

The directors of the Commercial club yesterday decided to hold, at an early date, a general meeting of the members, for the purpose of making them acquainted with Edward A. Daley, the new secretary, and putting before them a number of matters which should receive their attention. To arrange for this meeting a committee, of which A. E. Archambeau, A. H. Meyers and F. H. Vandenberg are the members, was named. A date for the gathering will be fixed at the next meeting of the directors.

Within a short time, or as soon as the necessary arrangements can be made, members of the club will be supplied each month with copies of an official paper—name yet to be decided on—which will give them official information concerning the plans of the directors and officers for the work of the organization. It is desired to have the membership closely in touch with what is being done, and it is believed that the proposed paper, which will be compact in size and can be printed at small expense, will serve as an effective means to this end.

The directors also decided yesterday to proceed, without delay, with the organization of the proposed ways and means committee of the club provided for in the constitution. This committee is regarded as one of the most important that will be formed. It will consist of three members from each trade group represented in the membership, and will be expected to canvass matters of interest and make specific recommendations to the directors and officers. The committee will have no executive powers, but at the same time it is expected that it will be one of the most important factors in the club's growth.

Since Mr. Daley's arrival in the city he has been busy familiarizing himself with the work done by the temporary organization and meeting the directors of the club. He now has the situation pretty well sized up and is prepared to take up, with the officers, an aggressive program.

Various committees of the organization have inquired in hand and some important matters are beginning to take definite form.

SELDEN CRARY RESIGNS.

Will Leave Hubbell Bank to Become District Insurance Agent.

Selden B. Crary, formerly of Marquette, cashier and organizer of the Hubbell First National bank, has tendered his resignation to the directors of that institution. The resignation becomes effective the first of next April, when Mr. Crary will become district agent of the Detroit Life Insurance company, with headquarters at Calumet.

Following the presentation of Mr. Crary's resignation the directors prevailed upon him to remain as cashier until the above mentioned date. A committee consisting of President Opal and Directors Gillet and Benedict was authorized to receive applications for the position of cashier, the committee to make its report and recommendations shortly after the first of the year.

Mr. Crary organized the First National bank of Hubbell in March, 1909, going there from Calumet, where he had been cashier of the Calumet State bank for three years. Mr. Crary left the Calumet institution when control of the institution passed to the Calumet First National. Previous to locating in Calumet, Mr. Crary was assistant cashier of the Marquette First National, working nine days to that position from messenger boy. He was connected with the Marquette institution for ten years.

The insurance field will not be new work for Mr. Crary, as he was agent of the Calumet State bank agency, disposing of the business when he located in Hubbell. He is a member of the Crary & McKee General Insurance agency of Hubbell.

The Hubbell institution has prospered during Mr. Crary's service as cashier, paying its first dividend April 1, 1912, and from the earnings quarterly dividends have been paid regularly since. The bank is capitalized at \$25,000, with surplus and profits of \$30,000. Its last

PRODUCE PRICES AT CHICAGO.

Chicago, Nov. 21.—Butter here today was unchanged in price, creameries at 22 1/2 to 32. Eggs, unchanged; receipts, 4,340 cases; eggs at mark, cases in-

statement showed resources of \$214,000. The appointment of Mr. Crary as district agent of the Detroit Life Insurance company was made this week by M. E. O'Brien of Detroit, president of the company. Mr. O'Brien has been in the copper country for several days, one of the reasons of his visit being to prevail upon Mr. Crary to accept the appointment.

BISHOP BURT TALKED.

Addressed Large Gathering at Methodist Church Last Evening.

Discussing the work of the Methodist church in Italy, Bishop William Burt, of Buffalo, a Methodist church worker of renown in Europe and the United States, last evening addressed a gathering of people at the Marquette Methodist church that taxed the capacity of the building. An invitation had been extended to pastors and congregations of all the other churches in the city to attend, and it was generally accepted.

Yesterday was a busy day for the bishop. In the morning he gave a "round table" talk on the various questions in church work, followed by discussions and papers. At noon the members of the Women's Home Missionary society served dinner at the church. In the afternoon several papers were read, followed by an address by Bishop Burt. His topic was, "Methodism in Europe."

Bishop Burt has been engaged in church work in Europe for more than twenty-six years, and was a resident bishop at Zurich, Switzerland, for eight years. He will leave this morning for Ironwood, to conduct a sub-district conference there, going from Ironwood to Calumet. He will return to Buffalo for Thanksgiving.

Northern Normal Notes

The N. S. N. calendar which is published annually by the Student Girls' League is to be placed on sale at the Normal school on Monday, the price for all that are bought or reserved before Thanksgiving being twenty-five cents. The calendar for 1914 is planned by Miss Eleanor Rankin, a Normal graduate of 1910, and is exceptionally pretty. A conventional design of pine trees forms a frame on the cover, on which is embossed in olive and gold the N. S. N. seal; and on each of the nine pages of the calendar the design of pine trees forms a frame within which are arranged the calendar months, appropriate quotations, and fourteen beautiful pictures of scenes about Marquette. As this is an especially attractive and artistic calendar, it is expected that there will be a great demand for it. It is a desirable Christmas gift.

The Oeiris Literary society held its regular meeting in the society rooms on Monday night of this week. The following program was given:

- Piano solo—Miss Reidy.
- Normal School song of 1912.
- Three Two-Minute Speeches—The Misses Alma Baril, Margaret Smydra and Helen Horschelid.
- Vocal solo—Miss Mae Goggin.
- Essay—Miss Marby Goldburn.
- Piano solo—Miss Reidy.
- Critic Report—Mr. Brown.

Several members of the faculty were entertained at dinner on Wednesday of this week by the domestic science department. The following menu was prepared and served by the girls of the department:

- Roast Turkey
- Mashed Potato
- Jelly
- Nuts
- Celery
- Turnip
- Butter
- Cheese Wafers
- Chocolate Pudding
- Coffee

The following program was given at the Student Girls' League party Tuesday afternoon:

- Piano solo—Catherine McEie.
- Reading—Rhea Archambeau.
- "Basketball Situation for the Coming Year"—Florence O'Neil, Senior captain; Elsie Anderson, Junior captain.
- Wedding Chimes—Lucia Reidy.
- Wedding of Juniors and Seniors.
- Grand march.
- Refreshments.

These parties are given twice each month by the league and are attended by practically all of the student body.

President James H. Kaye and Professor Brown will attend a meeting of the Upper Peninsula Bureau of Research at Islepening today. The bureau consists of the following members: Superintendent E. E. Seribner, Islepening; Commissioner Jesse Hubbard, Menominee; Superintendent J. A. Duell, Houghton; Superintendent J. V. Brennan, Ironwood; President James H. Kaye, chairman, and Professor Gilbert L. Brown, of the Normal school, secretary. The meeting is to map out the work of the bureau for the coming year.

The Senior class met for organization Thursday afternoon. Miss Maude Senziba was chosen temporary chairman and Miss Gerda Anderson secretary. A nominating committee was appointed. It consists of the Misses Ruth Beneshok, Florence O'Neil, Irene Barron and Etna McIntosh. The election of officers will take place within a few days.

Miss Linton has recently added thirty-five pieces of orchestral music to the Northern Normal collection. These selections are from the leading composers of the world. They will not only prove valuable to the teaching of music, but will provide interesting music for assembly and other occasions.

Professor Spooner, head of the department of mathematics, gave an interesting talk at Assembly Thursday morning. He spoke of his experience in the Grand Canyon of the Colorado. Professor Spooner illustrated his talk with views which he himself had photographed and developed.

The Junior and Senior basketball teams are practicing regularly, in preparation for the coming class games. The first match of this nature will probably be played two weeks from next Friday.

Miss McCallum, head of the department of home economics, gave a reception last evening at her home on Ohio street.

Marquette County Savings Bank

MARQUETTE, MICHIGAN

The years before us can be made prosperous and happy by work, hopeful planning and that steadfast optimism that builds, not merely bridges over for the time being. The road to prosperity, lies before, not behind us, and so if you have been planning to begin saving a portion of your earnings you had better take advantage of the present and DO IT NOW.

ONE DOLLAR OPENS AN ACCOUNT

We pay 3% interest on all sums left three full calendar months. Deposits made on or before the 5th of any month draw interest from the 1st of the same month.

Sunday at the Churches

First Church of Christ, Scientist—Services will be held Sunday at 11 o'clock at the new quarters of the church, corner of Blaker and Ridge streets. The subject of the week's lesson is "Soul and Body."

Another Appeal Likely.

Henry Gamble, former Grand Marais Man, Gets Big Judgment.

How to Use Peruna for Coughs and Colds

If Peruna were used at the beginning of every cold, coughs would generally be prevented. After the cough begins Peruna will generally stop it just as quickly as it ought to be stopped. To stop a cough before all of the expectation has been removed is to do great injury. After the expectation has been properly removed the cough will stop itself. That is the only proper way to stop a cough.

PERNA

PERNA is a remedy in such cases for thirty or forty years. As a rule, a person who uses one bottle of it is always afterwards an enthusiastic advocate of Peruna. Peruna itself is a means of selling more Peruna than all advertisements put together. Those who object to liquid medicines can now obtain Peruna Tablets.

NEW PAY SYSTEM NOT LIKED BY ALL

POULTRY ORDERS HEAVY THIS YEAR

Over 40,000 Pounds Will Be Sold in County for Thanksgiving Feasts, Is Said.

Residents of Marquette county who will eat poultry dinners next Thursday, Thanksgiving day, will make away with approximately 40,000 pounds, this being the estimate of a representative of a packing concern which supplies from 75 to 80 per cent of the turkeys, chickens, ducks and geese sold in the retail markets of the county.

"The demands for poultry, especially turkeys, increases yearly," the salesman said yesterday. "The wholesale prices are now practically the same as prevailed last Thanksgiving, and there will be little or no difference in the retail prices. The retailers, as a rule, make but a small margin of profit on their poultry, and besides they have to take a chance in having some left over."

"The Thanksgiving poultry stock this year will be excellent, if what we have already received is a fair sample, but the Christmas poultry is always better than that received for Thanksgiving as the birds are then larger and fatter. Christmas poultry also usually brings a better price than the Thanksgiving stock."

"If the soft weather continues up to Thanksgiving there will be some cheap poultry in the buying centers of the Northwest, but it will come into the market too late to benefit the consumers in the country districts, as they will be supplied two or three days before the holiday. Soft weather would cause heavy losses for those who hold their poultry until a day or two before Thanksgiving."

"The finest quality turkeys this year average between twenty-one and twenty-two cents a pound wholesale; spring chickens from seventeen to seventeen and a half, with hens a cent or so higher; geese from sixteen to seventeen cents, and ducks from seventeen to eighteen cents. All our poultry is dressed and in fine condition."

"The 40,000 pounds of poultry sold in the county, Ishpeming will take approximately 15,000 pounds, Marquette about the same quantity, and the other places in the county the remaining 10,000 pounds."

ISHPEMING IN BRIEF.

Gene Rock and "Doc" Frewer will spend Sunday hunting in the Greenwood district.

The Pythian Sisters will hold a meeting Monday evening at 7:30 o'clock. Important business will be transacted.

Miss Olive Lewis has returned to her home in Cleveland, O., after a two weeks' visit with William Whale and family, and other relatives.

G. R. Jackson, superintendent of the Cleveland-Cliffs Iron company's mines at Lewins and Ishpeming, is a business visitor in the city yesterday.

Ted Murray and Albert Beurling have been engaged as watchmen to guard the home of Mrs. A. Emborn, on First street, on account of her daughter being confined there with smallpox.

H. L. Ramsdell and family have moved into the Leonard Johnson property on Ely street, they having formerly lived in the dwelling owned by James Jackson, at the rear of his residence, corner Maple and Ridge streets.

Mrs. Alex James, formerly Miss Edith Rodgers of this city, who was married last week on the Mesaba range, is in the city on a visit with relatives. Mr. James has returned to Iron River and his wife will join him there in a week or so.

Trembath Bros. have completed redecorating the interior of the rooms in the C. L. Anderson block, on Canada street, that have been leased by the Ishpeming Elks. The lodge will take possession about the first of the month.

Professor Leslie Austin is planning a series of music recitals for the winter months. The first will be given shortly after Thanksgiving. Mr. Austin has moved his studio to the second floor of the Voelker brownstone block, corner Main street and Cleveland avenue.

The choir of Grace Episcopal church, of forty voices, will assist with the program at the men's meeting tomorrow afternoon at 3:30 o'clock in the lobby of the Young Men's Christian association. Miss Minnie Cornish will sing a vocal solo and there will be other musical numbers.

Miss Anna Creagan, who has been teaching in the second grade in the central school for several years past, has succeeded Mrs. George Winter, formerly Miss Signe Peterson, as seventh grade teacher in the grade school. Miss Treloar of the Winthrop, takes Miss Creagan's place in the Central building.

Mrs. John Dobbs has returned from a visit with her son, Edward, and family, at Minneapolis, Minn. She was accompanied by her little grandson. Her daughter, Miss Mayme Dobbs, will leave tonight for Minneapolis, to spend the winter visiting with her brother and family.

H. O. Bell, the manager, has purchased a set of small bowling balls for the Empire alleys, and a number of the bowlers have already taken up the "five back" game. Mr. Bell made the highest ten-pin score rolled on the alleys this season Thursday evening, when he put down 257 pins. He followed it up with a score of 222.

C. S. Stevenson of Denver, Colo., is the Cleveland-Cliffs Iron company's new instructor in the school for miners, established more than a year ago. Mr. Stevenson is a graduate of the Ohio State university at Columbus, and since completing his college course, some six or seven years ago, he has been engaged in mining, particularly in safety work.

An eight-reel matinee will be given this afternoon at 2:30 o'clock at Ishpeming theatre. The pictures will include "Playing the Pipers," a Vitagraph comedy; "Fate Fashions a Letter," a Selig drama; "The Mexican Gambler," a Pathology drama; "The Smuggler's Last Deal," a Kalem drama and views of the world's series baseball game. The Donnellys will conclude their engagement tonight.

GOOD BOWLING LAST NIGHT.

In its match with team No. 1 at the Empire bowling alleys last evening, team No. 7 established several records for the league season to date. It rolled the highest total yet registered, 1,907; it made the best count for a single game to date, 597, and it won further distinction when one of its members bowled the best individual score registered so far, 575. The team defeated the opposing trio decisively, taking all three games and excelling in the total score to the extent of 149 pins. The scores follow:

Team No. 7	Tot.
Lundin	176 189 186 511
Thompson	161 170 244 575
Heuchler	189 125 167 481
Totals	526 484 597 1607
Team No. 1	Tot.
Fitzpatrick	167 170 152 489
H. Watters	168 150 171 489
Martin	185 138 151 474
Totals	520 478 474 1467

OLSON DOING WELL.

Dr. V. H. Vandeventer, who accompanied John S. Olson of the A. W. Myers Mercantile company to Columbia hospital, Milwaukee, a week ago, arrived home yesterday morning. For a few days Mr. Olson was in a critical condition,

but Dr. Vandeventer reports that he is now getting along nicely and that if he does not have any setbacks he will be able to leave his bed in about three weeks. He will probably be home in from four to five weeks.

SPECIAL SERVICES.

Ministers from Out of City Assisting at Mission Church.

Special services are being held in the Evangelical Mission church, Bank street. They were opened Thursday evening, and the final service will be held Sunday evening. Rev. Martin, of Marquette, Wis., Rev. Hansen, of Norway, and Rev. Hultman, of Neenah, are assisting. Services tomorrow will be held in the morning at the usual hour, in the afternoon, following the funeral services over the body of the late M. Bryngelson of 741 East Empire street, who died Wednesday, and in the evening at the usual hour.

PLAYS IN HARD LUCK.

Former Resident, Detained in Mexico, Just Recovering from Pneumonia.

Arthur Waite, who has been trying for several weeks to get out of Mexico to return to Ishpeming, where Mrs. Waite has been awaiting his arrival for the past two months or more, has had more than his share of hard luck. In a letter received by Mrs. Waite this week, he said that he was just recovering from an attack of pneumonia and that he had been confined to a hospital for two or three weeks. This letter was written about a week before Secretary of State W. J. Bryan wired relatives here for money to get him out of Mexico.

On his way into Mexico, less than a year ago, Mr. Waite was robbed and was held up for some time enroute awaiting money to take him to his destination. The last heard of him he was at Tampico, where his case was being looked after by the United States consul.

WOODMEN TO CAMP.

Members of the degree team of Hemitite camp, Modern Woodmen of America, will attend the triennial head camp encampment in Toledo, O., in June. The team has attended every head camp meeting in the past fifteen years or so. The encampments are usually attended by from 6,000 or 7,000 who include many men who have had army training. Their military work is first class.

The Ishpeming team will give a ball in Braastad's hall on New Year's eve and the money realized will be used to help pay the expenses of the trip. Other plans for raising money are being worked out, and the members expect to have sufficient money on hand by the first of June to meet all the expenses of the trip.

A special meeting of the team will be held tomorrow morning at 10 o'clock in Swenson Bros. meat market on Cleveland avenue, for the appointment of committees for the annual New Year's ball.

VARIETY SOCIAL.

The members of the Women's Home Missionary society of the First Methodist Episcopal church will hold a "variety" social at Mrs. Henry Phillips' home, 333 West Division street, Tuesday afternoon at 2 o'clock. A short program will be given and a variety lunch served. The committee extends an invitation to the public to attend. The charge will be ten cents.

BRAASTAD & COMPANY
START A PREMIUM DISCOUNT PLAN

Will Give the S. & H. Green Trading Stamps.

Today Braastad & Co. open a premium display on their second floor. It is attractively filled with valuable premiums which are given free to those who save the S. & H. stamps.

This plan is operated by the Sperry & Hutchinson company, a corporation of New York. In a talk with Mr. Kennedy, who is organizing the plan in this section, he said the Sperry & Hutchinson company has a paid-in capital of \$1,000,000 and operate their plan in over seven hundred cities. He also said that this company has contracts with numerous manufacturers, whereby it exchanges their coupons in trademarks for S. & H. stamps and by this the customers can get a collection of trading stamps quickly.

Another feature, he says, in aiding the stamp saver, is that the merchants are giving the stamps free, one with each ten-cent purchase, and all or any of these stamps can be placed in the same book.

When one thinks of the successful business the different soap clubs are doing in this section, it seems that this plan will be the means of keeping down much of the cost at home.

Makes Inquiry About Fortune.

Chief of Police Joseph Trudell of Red Jacket has received a communication from a woman in Sultan, Washington, making inquiry about the treasure box and fortune, the tale of the discovery and losing of which caused a sensation recently in the Torch Lake towns. The woman is of the opinion the box was the property of her brother, who has been lost for many years. The letter follows:

"Sultan, Wash., Nov. 14.

"Dear Sir—I am writing you a few lines of inquiry by request of the Baurendon Publishing company of Dawson, Iowa, relative to the finding of the hidden treasure box by two twelve-year-old boys at Lake Linden, Mich., a short time ago. I believe this to be the property of my brother, Tolef Johnson, who lived in the copper country and was a woodsman. I have not heard from him directly since he left the copper country to go to Alaska, although it was reported to me he struck it rich in that section.

"My brother brought such a strong box from Norway twenty-five or thirty years ago and from the best information at hand he left it in the copper country.

"If you can locate it or get any information concerning the whereabouts of my brother, I would appreciate it highly and would be willing to pay for it.

"MRS. O. K. JOHNSON.

Chief Trudell, who has not been connected with the official investigation of the treasure box mystery in any way, can offer little information concerning it. However it would appear there was no connection between the box Johnson is said to have had and the one found by the boys and then stolen from their hiding place. Some of the old woodsmen of the copper country remember a Tolef Johnson, who worked in the woods for a number of years and who died about six years ago. They state that this man went west, possibly to Alaska, during the Yukon gold rush, but that he returned a few months later and it was supposed he was unsuccessful in his quest for gold. Chief Trudell will conduct further investigations and will report his findings to Mrs. Johnson.

Upper Peninsula

Trout Gets Jewel Badge.

At a meeting of North Star campment, No. 51, I. O. O. F., at the S-o this week, P. C. P. James A. Trout was presented with a jewel badge on behalf of Amity lodge, No. 234, of Detroit, in which Mr. Trout holds his subordinate membership. These jewels are given only to members who have been in good standing in the order for at least twenty-five years. Mr. Trout was initiated

Kills "Biggest" Deer.

Thomas Miller of Escanaba has returned to the city after a four days' hunt with a deer claimed to be the biggest buck killed in the upper peninsula this season and one of the biggest ever seen in that district. The buck tipped the scales at 218 pounds and had a magnificent spread of horns. Mr. Miller, who is employed by the Bink Wholesale Lumber company, also brought down a buck weighing 175 pounds.

Will Stage Dickens Story.

The Iron Mountain high school will present "The Cricket on the Hearth," a drama in three acts by Charles Dickens, at the high school auditorium Saturday, Dec. 9. This is one of the most difficult dramas the school has undertaken; it has no support in the way of spectacular costumes or scenic effects. Each student will be given two complimentary tickets—a total of six hundred. A small fee will be charged for all other tickets.

Storm's Victim Is Buried.

The capacity of St. Patrick's church at Escanaba was taxed when services for the dead were celebrated over the body of Ernest J. Patton, son of J. E. Patton and who was a member of the crew of the steamer Charles S. Price which went down in Lake Huron during the terrific storm a fortnight ago. The large number of people in attendance reflected the city's sorrow in the untimely death of the young man and its sympathy with the grief-stricken parents. Inquisitive services were conducted by Rev. Father Barth and following the mass the body was escorted to its final resting place at St. Joseph's cemetery. Among out-of-town relatives who attended were: Mr. and Mrs. J. F. Boyle, son Patton and daughter Isabelle, of Fond du Lac; Mr. McNellis, Marinette; Louis Gibbs and daughter, Lola, of Iron River; Mr. and Mrs. Joseph Beauchamp and daughter Ruth, of Nahma; Fred Cota and Ovid Cota and daughter, of Garden.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism, and Serious Diseases Follow.

The kidneys get clogged up, the same as the bowels do. Then they become sluggish, and only filter or strain out a part of the waste or poisonous matter, all the rest remaining in the blood and poisoning the system. As soon as you notice the first indications of backache, pains in the sides, or aches around the kidneys, or if the urine is light and pale, dark colored, cloudy, thick, or has an offensive odor, burns, is scalding or irritable in passage, take a little Croxon three times a day and end these troubles before they become more serious.

There is no more effective remedy known for the prompt relief and cure of Kidney, bladder troubles and rheumatism than Croxon. It soaks right into the kidneys through the walls and lining; cleans out the clogged up pores; neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles, and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drive it out of the system. A few days' use of this new scientific preparation is often all that is ever needed to end the worst backache, or overcome the most annoying urinary disorders.

You will find Croxon entirely different from other remedies. It is so prepared that it is practically impossible to take it without results. An original package costs but a trifle, and all druggists are authorized to return the purchase price if it should fail in a single case.

LOCAL LACONICS.

M. T. Thorsen, of Escanaba, spent yesterday in the city, on a business mission. Peter Rasmussen will return today from a purchasing trip in Chicago and Milwaukee.

Mr. and Mrs. Michael Haley, of Harris, Mich., are here for a visit with Mr. and Mrs. Phil Hogan.

P. Lucas Thursday installed an electric motor in his blacksmith shop on South Silver street.

Dr. and Mrs. H. W. Sheldon and Mr. and Mrs. W. A. Garner went to Muncie yesterday morning.

The barber shops will be closed Thanksgiving day, but will be open late on the preceding evening.

Ross Ronan of Palmer, who has visited relatives and friends in Duluth, arrived in Negaunee yesterday morning.

Miss Myrtle Jennings and Miss Ethel Thomas left last evening for Marquette to visit with friends over the week-end.

Levine Bros. have received a consignment of suits from New York City that will be placed on sale today.

Harry Davidson, who has been visiting in Chicago for the past several days returned to Negaunee Thursday morning.

Harry Trevarrow returned yesterday from a ten days' hunting trip near Bergland, bringing a good-sized buck and a doe with him.

Miss Elizabeth Dowd left yesterday afternoon for a rural district near Muncie, where she has been engaged to teach in the schools.

A special business meeting of the Fourth league of the Mitchell Methodist church will be held this evening at 7:30 o'clock in the league rooms.

Miss Alma Bellstrom, daughter of Mr. and Mrs. Alfred Bellstrom, has accepted a position as teacher in the new town of Alpha, near Crystal Falls.

W. B. Pattison, superintendent of the Negaunee properties of the Breiting interests, returned yesterday morning from a business visit to Duluth.

B. E. Eddy, who has been in Duluth on business, returned to Negaunee yesterday morning. He is employed by the Duluth Diamond Drilling company.

Rev. Hartley Canfield went to Marquette yesterday morning to attend the sub-district convention of the Methodist church, with Bishop Burt presiding.

Captain William Corkhill, Benjamin Lease and Matt Pukala, of Palmer, returned Thursday morning from Chicago, where they went to purchase horses.

Mr. and Mrs. Andrew P. Johnson and Miss Nancy Scholten left last evening for Waukesha, Wis., where Mrs. Johnson goes in an effort to improve her health.

Captain John Ellis, of Austin, was a Negaunee visitor Thursday. He moved his family this week from the Austin location to the new Mackinac and Gardner location, near Gwinn.

John Horrigan, Jr., will leave this morning for Ironwood, where he will be employed. His father, formerly the Negaunee manager of the Standard Oil company, now lives there.

A special mass for the Italian members of St. Paul's church will be held Sunday morning at 8 o'clock. These masses will be celebrated on all but the third Sunday of every month.

Mr. and Mrs. Oscar Field arrived home yesterday morning from Chicago, where Mrs. Field recently submitted to an operation at one of the Chicago hospitals. Her condition is somewhat improved. Mr. and Mrs. Field were accompanied by their daughter, Mrs. August Heikkila.

Services will be held tomorrow at St. John's Episcopal church at the following hours: Holy communion, 8 a. m.; morning prayer and sermon, 10:30; Sunday school, 11:45; evening prayer and sermon, 7:30. A Thanksgiving service will be held Thursday morning, the hour to be announced later.

The subjects at the Mitchell Methodist church Sunday will be: Morning, "The Movement for Personal Evangelism." Evening, "Christ and the Church, a Plea for Church Attendance." The Methodist Brotherhood will hold a prayer meeting in the afternoon at 3:15 o'clock. The Epworth league will hold a special business meeting this evening.

The Negaunee public schools will be closed from Wednesday afternoon until Monday morning, Dec. 1, for the annual Thanksgiving vacation. A musical program is now being arranged by Mrs. Marden, instructor in music, for Wednesday afternoon in the high school assembly room. There will be selections by the high school orchestra and glee clubs and other musical numbers.

MORE BOTTLES SOLD EACH YEAR.

It is easy to understand why an increasing number of bottles of Foley's Honey and Tar Compound is sold yearly. Thos. Verran, 236 Edward street, Houghton, Mich., gives an excellent reason when he writes: "Foley's Honey and Tar Compound has always proved an effective remedy, quickly relieving tickling in the throat, and stopping the cough with no bad after effects." For sale by All Dealers.

Negaunee Department

FORMER RESIDENT DIES IN BUFFALO

V. J. Newman, a Pioneer Here, Has Passed Away—Served in Navy in '60s.

V. J. Newman, who has resided in Buffalo, N. Y., for several years past, but who during the 70's and 80's was a resident of Negaunee, has passed away there. Mr. Newman was about seventy years of age, and had been in good health up to about two months ago. He is well remembered by many of the older residents of the city.

Mr. Newman spent his early days in England, having been born at Portsmouth. When nine years of age he entered the British navy, in the gunnery service. He later became an instructor in this work. Shortly after the outbreak of the Civil war, he resigned his British commission and came to the United States. He entered the federal navy in 1862, and saw active service at sea.

Following the close of the war Mr. Newman was a student of telegraphy in Chicago. He came to the Lake Superior region as a station agent and telegraph operator for the Marquette, Houghton & Ontonagon railway, and had a position at Greenwood, near Ishpeming, where a blast furnace was in operation at the time. Mr. Newman was also railroad and express agent at Ishpeming for eight years, later coming to this city, where he was agent until about 1885. He then entered the coal and wood business.

After leaving Negaunee Mr. Newman resided successfully at Appleton, Wis., Muskegon, Mich., St. Paul, Milwaukee, Chicago and Philadelphia, finally locating in Buffalo, where he purchased a home. He spent his winters in the South. Mr. Newman was married in 1867. Mrs. Newman passed away in Buffalo about five years ago. Mr. Newman is survived by one daughter, Mrs. M. A. Gibbs, of Buffalo, who was a member of the first graduating class of the Negaunee High-school.

M. E. CHURCH SERVICES.

At the morning service at the M. E. church tomorrow, Rev. Hartley Canfield, the pastor, will preach on "Christ and the Church, or a Plea for Church Attendance." In the evening his sermon theme will be "The 'Win-My-Clung' Movement or Personal Evangelism." Members of the congregation want so Marquette yesterday to hear the address by Bishop Burt, who is in attendance at a gathering of Methodists from this district.

SCHOOL WILL BE COMPLETED APRIL 1

Work on New Manual Training School Has Progressed Favorably of Late.

Negaunee's new manual training school, now being erected by Hinkley & Lambeau, the Green Bay contractors, will be completed on or shortly before April 1, it is expected, as the work has been progressing favorably the past ten days.

The reinforced concrete floor on the second story was finished yesterday afternoon, after some delay because of freezing weather. It is being heated by six salamanders on the floor beneath and will set in a short time. It is expected that work on the brick walls will be resumed a week from Monday.

There is little interior work to be done in the building, as the walls will be brick and the floor in most of the rooms will be concrete. With the enclosing of the structure, little will remain to be done, with the exception of the laying of the concrete floor on the first story and the placing of the window frames.

The erection of the school has been under way for several months, and many unavoidable delays have been met with. With the completion of the structure on or before April 1, it is possible that the building may be used a short time before the close of school in the latter part of June.

BELIEVE TERRY WAS SHOT.

Searchers Found No Trace of Missing Hunter Thursday.

Ten searchers who Thursday scoured the woods near Northland, in the southern part of Marquette county, in an effort to find William Terry, who has been missing since Sunday, failed to get any trace of the man. The searchers are almost unanimous in the opinion that Terry was shot by a careless hunter who afterwards hid the body of the unfortunate man. The party was headed by Deputy Game Warden Herman Leisner, of Escanaba, and the entire day was spent in the woods.

The searching party included the father of Terry, who has now given up hope of finding his son alive. The search will be continued for several days in hopes that the body may be recovered.

SHIPPING IS NEARLY AT END

Last Boats Will Leave Marquette for Lower Lake Ports Early Next Week, It Is Expected—Both Railways Handled Less Ore Than They Did Last Year.

Is Estimated That the November Storm Caused Loss on the Great Lakes of \$10,000,000—U. S. Cutter Tuscarora Helped Save the Wm. Nottingham at Whitefish.

Within a few days inter-lake navigation will come to a close in Marquette. The last boat that will be dispatched from the L. S. & I. dock will be sent out today or tomorrow. It is expected that the South Shore will clear the last ore carrier for the lower lake ports early next week.

Both the L. S. & I. and the South Shore will close the season with one shipment somewhat behind those of last year. The deficiency of the L. S. & I. will be in the neighborhood of 60,000 tons. Both the L. S. & I. and South Shore could have handled much larger tonnages than have actually been shipped had they been pressed, but despite its early promise the season has been somewhat slack at this port, though the total movement from Lake Superior will establish a record, it is said.

The weather the past ten days, following the unprecedented sales of the 8th, 9th and 10th, has been one of the mildest spells for November that has been experienced in several years, and after it got squared away following the storm the lake shipping was able to make excellent time and quick deliveries. Because of the prolonged mild spell it is asserted that November, despite the storm, will show an average of better weather for the shipping than the same month in any recent year.

Loss About \$10,000,000.

It is now estimated that the loss in the recent storm will run not far short of \$10,000,000. The toll of lives in the storm is now placed at 251.

President William Livingstone of the Lake Carriers' association, says that it will take months to figure up the money losses to anywhere near the exact figures. "Personally I know of losses in a comparatively few cases that reach nearly \$2,000,000," he said. "That is loss covered by insurance and the companies will be hard hit in taking care of all they will have to face. I know personally also of \$600,000 in losses that will fall upon the owners of boats who carried no insurance.

"Besides these cases there are others not reported with which, of course, I could not be familiar. Then there are the great number of Canadian owned ships that were lost or badly damaged, of which we have no record either as to their value, their insurance or their damage.

"In addition to the cases where boats were lost entirely or were on the rocks

The Old Charter Has Been Condemned. Shall the New Be Adopted?

Property owners have to pay for government in the form of taxes. Officers levy these taxes and spend them.

If the new charter gives us greater liberty in electing officers, then it certainly is an advance over the old. We say that in this regard the new charter is more democratic, and a distinct advance over the old, because in the new all ward lines are done away with and all officers are elected at large. Under the old charter a council of ten members and the various boards decide the money to be raised, and spend same. An elector has the privilege of voting for two of them only, besides the mayor. Thus the money is controlled by officials for whom a taxpayer has not been permitted to vote.

Under the new charter a taxpayer has the right to vote for every man who is going to take his money and spend it. Mr. Taxpayer, how do you like the system of having the amount of your tax fixed and spent by men you have never had a chance to vote for?

Again, under the ward system the councilmen for one ward are apt to trade with the councilmen from another, this often resulting in spending money that there was really no necessity for. Who has not heard the remark regarding some candidate for alderman, "O, well, he is good enough for an alderman?"

Electing officers at large will certainly call for men of greater ability, so long as to have attracted public attention because of the great damage and loss of life that resulted, there are scores of other boats that were damaged in a lesser degree.

"It doesn't take much to damage a boat so that \$50,000 or \$100,000 is needed to repair it. Many boats, when examined in drydock may have to be nearly rebuilt. It will take weeks and perhaps months to ascertain just how much damage was done in cases of this sort. The losses, both to owners and to insurance companies will be enormous."

These Ships Total Losses.

The current number of the Iron Trade Review contains the following authentic list of the ships that foundered or that were wrecked in such a manner that they cannot be saved:

Vessel.	Tons.	Valuation.
Str. Louisiana	2,800	\$ 20,000
Str. L. C. Waldo	7,000	175,000
Str. Wexford	2,800	80,000
Str. Turret Chief	3,100	80,000
Str. H. M. Hanna, Jr.	3,500	325,000
Str. Matou	3,104	70,000
Str. Leaffield	3,500	80,000
Str. Argus	7,000	136,000
Str. Hydrus	7,000	136,000
Str. Chas. S. Price	9,000	340,000
Str. Isaac M. Scott	9,000	340,000
Str. Jas. Caruthers	9,500	350,000
Str. John A. McLean	7,500	240,000
Str. Henry B. Smith	10,000	350,000
Str. Regina	3,000	80,000
Bge. Plymouth	600	5,000
Bge. Halsted	500	5,000
Lightship No. 82	20,000	12,000
Tug Lafayette	12,000	12,000

The losses on the above vessels make up but the smaller part of the total loss

in the storm, for more vessels were stranded and partially wrecked than foundered or were cast so high on the shores that they cannot be taken off. The steamer Major, for instance, which was abandoned in Whitefish bay Thursday of last week, in a secondary storm following the principal blow, has been taken into the sea, but it is said that she is so badly damaged that it will not pay to repair her. The Nottingham, cast on the shoals of Parisien island in Whitefish bay, is also in hard shape and will need an expensive rebuild.

Tuscarora Stood By.

Captain Shea, of the U. S. revenue cutter Tuscarora, in port yesterday, and which was to clear last night for Manitowish island to look over the wreck of the Waldo, told an interesting story of the service given by the Tuscarora in getting off the steamer Nottingham.

"We were ordered out of Milwaukee to the scene of the wreck of the Waldo at Manitowish island on the 10th," Captain Shea said, "and left in the evening in the teeth of a heavy blow. We soon learned, however, that there was nothing for us to do for the Waldo, but we found plenty of work in Whitefish bay. When we arrived there Wednesday night the Nottingham was in great distress. She had been forced on the shoals, and was pounded by the waves until her bottom was badly torn. We stood by her Thursday. Toward evening the gale freshened into such a heavy blow that we deemed it absolutely necessary to take off the crew. We ran the nose of the Tuscarora right up to the side of the Nottingham and held it there by the power of the engine. Then, as opportunity offered, we took the crew off, one by one. Where the ram of the Tuscarora was held against the plates of the Nottingham they were forced in eight inches, but none of them gave way.

"Thursday we rescued a derrick barge being used to lighter the Nottingham that had broken away and was drifting on shore. We stood by the Nottingham until she was finally released Monday of this week. Our wireless was crackling much of the time informing the station at the Soo what was needed for the Nottingham, and I figure that we were of material assistance in saving the ship. Her bottom was so badly torn that extra pumps had to be placed aboard her to keep her afloat."

On leaving Whitefish bay Captain Shea took the Tuscarora on a scout to Caribou and Michipicoten islands, and crossed to Marquette from the north shore. He found no evidence of wrecks on the north shore. Captain Shea expects to get back to Milwaukee about the middle of next week. The Tuscarora is now making two feet of water an hour, as a result of the racking she received in taking off the crew of the Nottingham, and she will require an overhauling when she goes out of commission.

TWO CONTRACTS LET.

Pickands & Co. Make Further Plans for New Coal Dock.

James Pickands & Co. have let two additional contracts for work on the proposed new coal dock that will occupy the site of the merchandise dock now used by F. B. Spear & Sons.

The Webster Manufacturing company of Tiffin, O., will install the belt conveyor system that will carry the coal from the dock, where it will be taken from the vessels, to the screening house and the storage sheds of the present plant.

The contract for the removal and re-erection of the present hoisting equipment of the company has been let to the Mead-Morrison Manufacturing company, of Cambridge, Mass.

These contracts involve an expenditure of about \$40,000, and the entire improvement to be undertaken by the company will cost about \$100,000.

The contract for rebuilding the part of the Spear merchandise dock that will be utilized by James Pickands & Co. was some weeks ago given to J. A. Verville, of Hancock, and some preliminary work has already been done looking to an active start with the job. It will be under way within a few weeks.

There remains to be let only the contract for the screenings bin, a structure 30x40x50 feet to be built at the land end of the dock. It will receive the screenings of the mine run coal that is given this treatment. This contract will probably be let to some Marquette builder.

Work on the dock structure will be pushed with all speed once it is started, as it will be necessary to complete the docking of the new structure before work on the other contracts in connection with the plant can be pushed to advantage.

The Stafford Drug Co. sell the Genuine Concord Port wine at \$1 for full quart. Sold only for medicinal purposes, a good blood builder. 11-7-41.

Bank By Mail If You Wish

You need not always come to town to transact your business with us. If you have a check on this or any other bank in this vicinity, endorse it on the back, place it in an envelope and address to this bank. The mail will bring it to us and we will credit your account and mail you a receipt. We want your banking business — and we want to make it easy for you to transact it, in fact, we want to make ourselves useful to you in anything pertaining to finance.
