any return whatever on the new ea ital invested but saved even less fro gross earnings as return upon the orig nal property investment than they were able to show before this large additional xpenditure was made."

New Legislation Burdensome.

In these three years, the Pennsylvania. ew York Central and the Baltimore & hio systems increased their property in estment \$423,537,000, according to M Villard's figures. While their combined ross earnings increased \$108,000,000 the et operating income was 88.673,507 less in 1913 than in 1910, notwithstanding Earnings Now Not Commensurate the expenditure of \$422,000,000 for imrovements. Mr. Willard also called attention to

he increases in wages and taxes and the burdens imposed by legislative enetment," such as extra crews, liability ment Presented at Washington. and compensation acts and other conditions. He called attention to the fact that since 1910 the wage payments by the railways affected had greatly in Presidents Willard and Delano creased-largely as a result of mediation Independently, a Probe by Conand arbitration proceedings-and that the award just announced by the arbitrators would give the conductors and train nen \$6,000,000 per annum additiona The effect of the so-called full crew laws ures Showing Reduced Profits. alone had caused increased the expense of these carriers more than \$7,000,000 per annum. The railways affected paid Washington, Nov. 24.-That railroad \$54,494,171 in the way of taxes for 1913 arnings are not commensurate with the this being \$11.579,187 more than in 1910 he asserted. The three larger railroad systems paid in taxes \$31,216,000 in 1913, this being \$7,854,000 more than for 1910.

Tomorrow the railroad companies will continue to present testimony and when this is all in, by Wednesday at the latest. the commission will adjourn the hearing until the middle of December, or early in January. At that time the shippers and general public will be given an opportunity to present their side of the case. In the meantime, Louis D. Brandeis, counsel for the commission, will investigate the claims of the railroads.

COST OF LIVING THE SUBJECT

Promising Criminal Prosecution if Evidence of a Cold Storage Monopoly Is Unearthed, Attorney General McReynolds Begins Inquiry in Big Cities.

gress Into the Meat Question Is Threatened-This Prompted by the Fact That the Navy Saves Money by Buying from Australia

Washington, Nov. 24,-Another federal nvestigation into the high cost of fivng, promising criminal prosecutions, if Attorney General McReynolds can find an alleged cold storage conspiracy, got inder way today, and a congressional nvestigation of a different phase of the ost-of-living problem was threatened. While special agents of the deportnent of justice are sifting charges that ggs, poultry and dairy products are being piled up in cold storage to maintain high prices, and even force them higher, Representative Britten, of Illinois. is preparing to ask for a congressional investigation into the prices of meat.

Australian Beef Bought Cheaply. The proposition for a meat investigaon is prompted by an announcement hat the navy had bought nearly three indred thousand pounds of Australian fresh beef at a half a cent a pound ower than the best prices of American packers and one hundred and twenty housand pounds of canned corned beef from Australian packers at eight cents a pound less than the lowest price in the United States. The price paid was 11.90 cents a pound for the fresh beef

and 15.37 cents for the corned product. Announcing his intention to ask for a congressional investigation of the ountry are concentrated largely in New ton declared he wanted to develop why

food products kept in cold storage for nore than ninety days. He contends its enactment into law would go far toward solving the cold storage question.

Agents at Work in Large Cities. Agents of the department of instice

took up their work today in all the principal cities. They will report particularly on eggs and dairy products and will attempt to make an estimate of the quantities in cold storage and how long they have been there.

Statstics gathered by agents of the department of labor and made public here from month to month show that measure—that is, it will withdraw from in all the principal industrial centers of needed by the average working man's family have steadily been soaring for the last twenty years and recently have passed high price marks that have been unprecedented. THE COMMON SENSE VIEW.

To The Mining Journal's way of ers will the quicker come to a decision as in support of his plan for patching up a will disregard all discussion of what it that a ticket should be named next year may, or may not, have done in Des on which the Republicans and the Moose Moines, or in any other city, and seek by would both have representation. Very use of their own native common sense to interesting to be sure, but has the senadetermine what it may be able to accom- tor noticed any Republican leaders busy-

There's an old saying that "figures any Progressives, either? don't lie, but liars figure." It suggests that much of what may be said both for and against commission government by men in Des Moines, or in any other city, is a sort of special pleading such as we have had some examples of in the course of the pending controversy in Marquette. And it is clear that no person at a distance can decide where the truth lies between the extreme advocates of commission government and its extreme opponents.

But the sound sense inherent in most men should make clear to them that the departments. It is, in effect, a great busi- career consistently and with the respect self. ness conducted under direction of four or of the voters of his district, five foremen, responsible to four or five For be it known that the Republicans Apparently there has now been suffito its own affairs and with no concern ner lacking in material which can be pretty well befuddled as to what he may ation for the railway mail service." asserted, such a higgledy-piggledy plan of gressive principles who enjoy the highest gets to the polls. organization would send any competitive respect of the voters stood by the old industry to the bankruptcy court in jig party last fall, though mourning the time, and from there over the hills to the blundering management that had thrown

Crystal Falls, appeared as attorney for defense, asked that the attorneys for the defense might have a conference with the court. This conference, in Judge youngest as well as oldest inhabitant O'Brien's chambers, consumed twenty minutes, at which time the judge reappeared and ordered a recess till 1:45 o'clock, after cantioning the talesmen

READY FOR THE BIG RUSH.

Postmaster Rogers Completes Organizing Force for Holidays.

not to discuss the case.

The last touches to the arrangements for handling the volume of business expected at the Hancock postoffice during Christmas week were applied yesterday morning. Postmaster Rogers has arranged for additional manual help and he will also employ a horse and vehicle late Captain Cliffe, Mr. Jeffery's uncle to deliver packages.

From Dec. 22 until the end of Christmas week parcel post deliveries will be made with a horse, and if it is found necessary to continue the arrangement for a longer time, such will be done. The postmaster believes that with the regular force, augmented by the other help, he will be enabled to meet all de-

"The public can aid us in makin prompt deliveries by sending presents early," said the postmaster vesterday. "If our office is not crowded with outgoing pacages, the staff will have more time to give attention to delivery. We are prepared to give good service and we ask the co-operation of the public."

SEWER IS COMPLETED.

Public Improvement at Hancock Cost Approximately \$7,000.

Hancock Mining company, which was completed yesterday morning. The work was done by Sheridan & Co. and cost approximately \$7,000. Twenty-seven hundred feet of trunk sewer was laid: it consists of 20 to 27-inch pipe. Eight-inch pipe is being used for the cross streets, alleys and for house connections. The trunk line connects with the sewer in Scott street and will take care of the storm water from White being at Sandusky, O. The owner of street; it also will serve as an outlet for the steamer, the Hawgood Transportathe water from the old shaft at the Hancock mine. It is a combination sanitary and storm sewer system, equipped with catch basins to care for street drainage The sewer does away with the old wooden launder extending beneath the coal yards near the Mineral Range station.

hawk Mining company, has resigned and is to be succeeded by Richard Trevathan of Atlantic. John Trevarrow, head mining captain of the Mohawk, also has resigned. Captain Trevarrow's successor has not yet been named.

Coughs and Colds Forerun Sickness

and should have immediate efficient treatment with SCOTT'S EMULSION because physical power is reduced or the cold would not exist.

Drugged pills and alcoholic but Scott's Emulsion drives out the colds, warms the body by enriching the blood, and strengthens the lungs.

Nothing equals or compares with Scott's Emulsion in building the forces to prevent bron-chitis, grippe or pneumonia. Avoid Aicohoile Substitutes. How to Make the Best Cough Remedy at Home

A Family Supply at Small Cost and Fully Guaranteed.

from a book written by one P. H. Ryan, of Des Moines, the question at once arises, "Who is this Mr. Ryan?"

To answer that question a Marquette man wrote to the secretary of the National Municipal league, an organization which is entirely free from bias and which is recognized as the authority in matters of municipal investigation and three hours.

Make a plain syrup by mixing one pint of granulated sugar and ½ pint of warm water and stir for 2 minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

research. Calvin Rogers Woodruff, secretary of this league, writes as follows:
"I do not think Mr. Ryan's book to which you refer is very seriously considered by students of the problem. Mr. Ryan does not seem to be very well-known among those who have given most study to the question, nor does bronchial asthma, whooping cough and The effectiveness of this simple remedy

This method of making cough remedy to the old system of affairs."

James R. Hanna, mayor of Des Moines writes: "Mr. Ryan who has at some time studied law and most valuable concentrated compound of Norway white pine extract, and is rich in guaranteed.

LARGER FORCE ON GENERAL MANAGER TELEPHONE WORK HAS RESIGNED

Crew Employed on Reconstruction
Here Increased by Men Sent
from Negaunee.

W. D. Cantillion Began Work
Winona, Minn, 1897-1901; assistant superintendent at Chicago, 1891-1892; general superintendent, 1902-6; general manager since Nov. 1, 1910.

"W. J. Towne, general superintendent, will succeed Mr. Strickland as as-

The Michigan State Bell Telephone ompany, which has for the past several road work as switchman in the Escanaveeks had men at work overhauling its weeks had men at work overhauling its system in this end of the county, preparatory to the complete abandonment of the Marquette County Telephone company's service, yesterday increased its force in Ishpeming, as a crew of about fifteen men, which had been employed in Negaunee, was transferred here. Twenty, five men or more are now busy on contract the Peninsula division of the Chicago & Northwestern Railway company, finally becoming general manager of the road, has resigned because of ill Fealth.

Mr. Cantillion started railroading as a switchmen in 1875, but after working in the yards at Escanaba for a short time was discharged because he allowed an

struction work here.

The work in Negaunee has not been finished, but the plant there is now in much better condition than the Ishperming plant, and the big crew will be kept here until the outside work is finished. If the weather is not rough through December, it is expected that the outside work in Ishperming will be finished by the first of the year. Practically all of the Bell telephones are now cut into the new cables, and the County 'phones will be cut in at once. It is expected that this work will be finished by the outside improvements are completed, so that the contained as general manager of the North-life of the company will be finished by the outside improvements are completed, so that the contained as general manager of the North-life of the contained and a section of the success that discovers the allowed and ore car to run over the end of one of the docks. A short time later he re-entered comments as follows on the success that discovers the difference of the success that discovers the difference of the success that the success that discovers the decigned as depth of fifty feet, the drill ore car to run over the end of one of the docks. A short time later he re-entered one can to run over the end of one of the decigned A. St. Clair, formerly of this city, has met with in drilling operations on the Menominee range:

"George A. St. Clair, of the St. Clair by the success that discovers will be can be dead one considerable exploratory work in this very satisfactory results, was a visitor here this week. Mr. St. Clair did considerable to be will be put down."

"W. D. Cantillion, formerly of this stactory results, was a visitor here this week. Mr. St. Clair did considerable will be put down."

"W. D. Cantillion, formerly of this week. so that the company will be in a tion to close the County central station on or about the first of the year.

The company's Ishpeming headquarters will remain in the Thoney block, on South Main street. The Marquette Coun ty station is in the Miners' bank building. As soon as the County telephone are all cut into the new cables the workmen will begin removing the equipment

from the Marquette County office.

Those who have Bell telephones have noticed an improvement in the service the past few days, since the last of the lines were cut into the new cables. Little noise is now heard, but it will be impossible to eliminate the disturbances on the County lines until the transfers to the new cables have been made. Manager Simons yesterday said that

but few complaints about the service are now received, as the subscribers realize that the work is being pushed along as rapidly as possible.

The number of subscribers in both Ish

peming and Negaunee is increasing, although no soliciting is being done. Last week eight new telephones, were installed in Negaunee and three in Ishpeming. There are now about 650 subscribers in this city and 450 in Negaunee.

Upper Peninsula

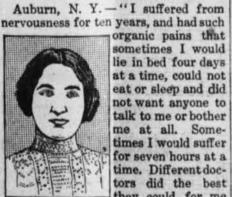

Smokers Neglect Home Product.

With the forty persons employed in the manufacture of cigars in Escanaba, which includes the strippers and owners of the eight factories, it is evident that the smokers in that city do not wholly patronize home industry. The total pay roll of the factories, which includes the salaries of the owners, is less than \$500 a week and less than two million cigars a year are made. A Mirror representative who visited the shops was greatly surpprised to learn how little the home manufacturer is patronized, All of the shops, with the exception of one small one, employ union labor, the men working eight hours each day. All the factories are well lighted and well kept.

a clean, healthy appearance. There are forty-five different brands of cigars made in Escanaba. Among the makers there is a great difference of opinion as to the percentage of home cigars that are smoked in the city. One

Has kept Joseph W. Spiers in health for so long a time that he recommends Duffy's Pure Malt Whiskey to anyone who wants a good medicine

"I have been using Duffy's Pure Malt Whiskey for a long time and find it to be a very good remedy-the best I have ever used, and I can recommend it to my friends, also anyone who wants a good medicine."—Joseph W. Spiers, Postmaster, McNeill, Miss.

The words of commendation this wonderful tonic stimulant receives from people holding responsible positions in life has done more to spread the truths of its benefits to mankind than anything we can say in print. Word-of-mouth advertising is something which cannot be bought for money, and is the most valuable. For years Duffy's Pure Malt Whiskey has received more of this voluntary. free-will testimony from person to person in sheer gratitude for the good it has done them than any other rem-edy in the world, and the reason is not hard to fathom.

has been before the public for half a century and its medicinal value is undoubted. It is an absolutely pure distillation of carefully malted grain. Overworked men and delicate women will find in Duffy's Pure Malt Whiskey the health and strength-giving properties that are so necessary to them. It is prescribed by doctors and recognized as a family medicine recognized as a family

icine everywhere.

Sold in sealed bottles only by most druggists, grocers and dealers, \$1.00 a large bottle. If in need of advice, write our Medical Department.

OF GENERAL ELECTRIC CO

Schnectady, N. Y., Nov. 24.—It was otted tonight to call out all union worknen at the plant of the General Electric mpany here tomorrow morning. Trade union officials, in a statement announcing the strike, said twelve thousand mer will be affected by the order.

CHAIRMAN GARY DENIES THE GARY OR OTHER PLANTS WILL SUSPEND OPERATIONS.

New York, Nov. 24.—Rumors that the Sary (Ind.) plant of the United States Steel corporation is to suspend operaions in the near future, because of dull business, were denied tonight by Judge Elbert H. Gary, chairman of the board We have no plans for closing any of our plants," Judge Gary said. "I hope business will improve, but I have no special information on which I could base an opinion."

STOCKMEN TURN TABLES ON A WOULD-BE ROBBER; GET THE DROP ON HIM

Elk River, Minn., Nov. 24.-A man giv his name as George Moulton, of Fair field. Aa., is in jail here, having been arrested after a purported attempt to hold up the passengers in a coach attached to a Northern Pacific stock train Moulton, it is claimed, entered today. the car, locked the doors, drew a revolver and commanded the passengers, all of them stockmen, to hold up their hands The stockmen were also armed and got the drop on the intruder.

WOMAN'S NEGLIGENCE TO BLAME FOR CLOSING OF DES MOINES SALOONS

Des Moines, Ia., Nov. 24.-The failure of Miss Bessie Cohen, a stenographer to ascertain definitely whether her notarial commission had been renewed, was the direct cause of the saloons of Des Moines being closed under the supreme court decision, according to developments

The court declared that Miss Cohen who took the affidavits of nearly two thousand signers of the saloon consent petition in 1910, was without authority to act as notary. It appeared that Miss Cohen had applied for a renewal of her commission, but had neglected to file the indorsement of a public official as required by law. About the time she was aking affidavits, her application was reurned by the governor's office, but thinking it was her commission, she did not take the trouble to open the en

The nearly two thousand names thu eliminated from the consent petition, which the court decided must be based on the last city election, instead of the general election, caused it to be insufficient, and the saloons were closed.

FLOWER STORE TO

Frank Ashleman Will Start Business in the Tracy Building on Iron Street.

Frank Ashleman, who has been emloyed at the Negaunce greenhouses, has signed his position, and will open a lower store tomorrow in the building owned by the Tracy estate, adjoining the Negaunee National bank. The store oom is being completely redecorated and a new plate glass front will be put in today.

Mr. Ashleman announces that he will arry all varieties of cut flowers, roses, arnations, violets and all other flowers n bloom at this season of the year. Narissus, a popular flower at this time will be among those placed on display. An abundance of ferns and palms will be kept on hand, also many varieties of potted plants.

The business will not be connected in ny way with the Negaunce greenhouses Mr. Ashleman says. The store will be known as the "City Flower Store."

Homes Have All Been Removed from

WORK IS FINISHED.

Negaunee Mine Field. Andrew Lindquist has about finished he repair work on a number of homes that were recently moved from the Negaunce mine field, near the old city ceme tery, to East Main street and the new street along the old right-of-way of the South Shore railway. All the houses have been put in first class order and nearly all are now occupied. The removal of the dwellings was due

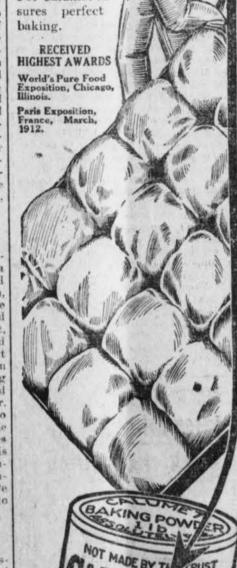

to the extension of mining overations under that portion of the field, endangering the ground.

CAMERON DAM PICTURES.

Mining News

ANACONDA.

The federal court in Montana will no ear the case of the minority holders of he Alice company against the Anacond ompany until next February. An effort was made to have the case set for tria but at the instance of the Alice pre estants there was an objection on th ground that one of the persons neede at the hearing was ill and unable to be present. The judge said that he won not be able to take the case up until the February term of court. There is sai o be a desire on the part of the Ans conda to settle the questions involved as to the legality of the sale of the roperty and the right of the Alice stock holders to sell the property withou unanimous consent, in order that mining perations may be resumed. Months age t was thought that work would be start ed up in the Lexington which adjoin the Alice and which it is understood now controlled by John D. Ryan, but as since been deemed inadvisable unt he matters in connection with the Alic

COPPER RANGE.

In a circular to Copper Range stock olders, enclosing the report of strike conditions prepared by the Copper Cour ry Commercial club, President William A. Paine says: "On July 23, last, a strik of the employes of all the copper minir companies in the Lake Superior distri was forced upon us by the Western Fed ration of Miners. The real purpose he strike was to obtain recognition the Western Federation. For a while th trike resulted in the total suspension of perations at all the mines. After three four weeks' idleness, the work of re uming operations was actively con nenced and while normal production ha ot yet been reached at our mines, stead rogress is being made in this direction The report of an investigation of strikonditions, by a committee of the Cop er Country Commercial club of Michi an, presented to his excellency. Hon Woodbridge N. Ferris, governor of Mich igan is sent to the stockholders, in the elief that the facts therein presented vill fully justify the management in the ninds of the stockholders for the posiion they have taken, even though it has esulted in a loss of four months of profable operation.'

LAKE COPPER COMPANY.

Operations at Lake Copper compan ave recently been suspended, the pump withdrawn and the mine is being allowed o fill with water. Except that the shut lown further defers the time when Lake an have an opportunity to show it worth operating under reasonably fair olders should not be disturbed by the resent state of affairs. When the Lake uperior miners' strike was first called in uly last, operations at the Lake prop rty were suspended, but with better onditions prevailing throughout the dis trict, a small force of men was recently out to work on development work. I was very quickly demonstrated, how ever, that this work must be done under such handicaps that the expense involved was far too large to compensate for the results obtained. The directors therefore tock the position that the stockholders interests would be better conserved if no attempt were made to operate until the strike is definitely out of the way and a normal supply of labor could be had. Lake needs, in the minds of the di-

rectors, far better conditions under which

Commercial Credit is a business commodity, it is the main stock in trade of the Negaunee National Bank. In selling credit the bank exercises the same scrupulous care as the jobbers, manufacturer and retailer, it must know first that the credit customer has basis of responsibility.

The first essential to a credit footing at this bank is acquaintance, usually acquired through the maintainance of a checking account.

Urges Systematic Patrol.

fenses are uncovered in such procedure vice given the public. I wouldn't give the game is already destroyed. By the up the service to return to the old system of the offender, he is more often tem if I had to pay twice as much a and care for babies, together with picture I actually have to nay." than not incited to hatred of the law and month as I actually have to pay." the officers of the law, whereas if the game was protected by an adequate patrol system the warden would have been in the field and the violation perbeen in the field and the violation perbeck. the officers of the law, whereas if the Mr. Salinsky explained that all the detil the close of the game hunting sea- they now receive. deputies continually in the woods will, I when extra service is required. believe, advance game protection immeasurably beyond the stage of efficiency it has now reached.

"The game laws for 1913 make the open season for the rabbit from Sept. 1 to March 1. I have more compassion for the rabbit than for any other wild animal. It is the most persecuted. It is driven by hounds and is both shot and trapped. It is the prey of all voracious animals and birds. It is waylaid and ambushed by wildcat, lynx, fox, fisher and marten. It is pounced upon by the timber wolf and is traifed to its lair by the mink and weasel. It fills more empty stemach then any other wild food animal and yet the open season for rabbit allows six months' hunting in which to hasten its extermination

"Rabbits are not fit to kill in Septem ber, as they are poor in flesh and many are but half grown. Oct I would be plenty early enough to open the sesson and then the rabbit hunters would not be tempted to hunt partridge. The rabbit season should also close with the deer

Favors Buck Law.

"I advocate greater protection for the does, and we will have to have it if the deer are to be preserved. I believe the restriction on the hunters should be increased and that they should each be allowed but one deer, and that a buck.

As I am a trapper of many years' experience I should at least be credited with some knowledge in relation to this the business man, phase of the Taws. The season for all skunk is the only animal that is prime No. 1. Old mink are fairly good, Females and young mink are No. 2. The fox, fisher, marten, otter, beaver and otter is not fit to kill until Dec. 1. The open season for the fur animals should not begin earlier than Nov. 15.

"The muskrat season closes April 15 and the beaver season May 15. It is on rats should elese April 15.

"I think the law should provide for a Bros., 6:30. trappers' license on all fur bearing animals. This would have a tendency to SCHMIDT'S TRIAL IS POSTPONED, wish music, stop trapping by amateurs in September and October. The resident hunters' license for small game should be universal. aries of their county.
