THE DAILY MINING JOURNAL.

NUMBER 8730. MARQUETTE, MICH., THURSDAY, DECEMBER 4, 1913. PRICE FIVE CENTS.

VILLA BOASTS HE WILL SOON BE AT CAPITAL

About Christmas Time, Avers the Rebel Military Commander, He Will Have Twenty Thousand Men Surrounding Mexico City—Says People There Will Join Him

Peacefully Occupying Territory Abandoned by Huerta's Troops, the Constitutional Army Proceeds Southward—Camps 115 Miles Distant from the Border.

Juarez, Mex., Dec. 3.—A new era began in northern Mexico today, marked by the peaceful occupation by the rebels of the territory abandoned by Huerta's federal troops.

With two thousand rebels, General Francisco Villa, enroute from Juarez to the evacuated city of Chihuahua, passed through Ahumada, eighty-five miles south of the border and camped at Montezuma, thirty miles farther south. Five thousand more rebels will join him on the way and, with a combined force of seven thousand men, he will enter the state capital, there to establish what he calls the temporary military headquarters of the Constitutional party. So far the rebels and federals have had no parleys of any character, and General Villa said he did not think Huerta's federal forces would expect clemency from him. No word was reached today from the fleeing federal generals and the band of civilian refugees. The rebels expressed the belief that, after escorting the civilians to the border, the officers might retreat to Nuevo Leon state, as General Orozco and Salazar are under indictment in the United States for violation of the neutrality laws.

"I will have twenty thousand men surrounding Mexico City about Christmas time," said General Villa. "Our numbers will increase as we march southward and by the time we reach the capital of the republic the people in the city will be ready to join us."

WILSON MESSAGE DOES NOT WORRY HUERTA, APPARENTLY; WON'T YIELD, HE REPEATS.

Mexico City, Dec. 3.—The enunciation of Washington's policy appears not to alarm President Huerta, especially since he long ago abandoned hope of anything but opposition from the United States. He said today:

"I have no intention of yielding. Should this fighting in Mexico continue for years, I shall continue to do my part in it, if I am still alive."

General Huerta declared that the country is self-supporting and that, for the time being, if made necessary, would enable him to resist indefinitely.

No Proposition from Wilhelmina.

Senor Moleno, minister of foreign affairs, tonight denied that Queen Wilhelmina, of Holland, had proposed in behalf of the powers any plan for the elimination from the Mexican government of President Huerta. The diplomatic representatives here also deny any knowledge of such a step.

It is understood that the representatives of the powers here have notified the policy of the United States, which includes the isolation of the Huerta administration financially. Assurances are given that all foreigners in Mexico, irrespective of nationality, will receive the same protection from the United States as Americans.

Rebel Activities Reported.

Unconfirmed reports have been received that Zatecas has been attacked and Sautico threatened by the rebels. Another report says that the garrison at Monterey has mutinied. There is no direct communication between Mexico City and Monterey. The developments with respect to Chihuahua and the departure from that town of the federal forces have not been published here.

ZELAYA IS RELEASED FROM JAIL ON CONDITION HE DEPART FOR EUROPE

New York, Dec. 3.—Jose Santos Zelaya, the former Nicaraguan president, who was arrested here a week ago at the instance of his government, which charged him with the murder of two countrymen in 1907, was released from the Tombs today, after the federal authorities here had received word from the state department that Nicaragua had withdrawn its application for his extradition.

Two conditions were imposed upon Zelaya, to both of which he agreed. Zelaya, his government stipulated, must not mix in Central American politics again, and must leave the United States for Spain within a reasonable time.

Friends of Zelaya crowded about him with congratulations, when United States Commissioner Shields told him he was a free man. "I am very thankful for the sympathy that the American people have shown me," Zelaya said. "I knew that I would find justice in the United States so I am not surprised."

MAILED-FIST RULE IN ALSACE AROUSES STORM IN REICHSSTAG; MINISTERS ON THE DEFENSIVE.

Berlin, Dec. 3.—Coming direct from a conference with the emperor, the German war minister, Erich von Falkenhayn, delivered a vigorous speech in the reichstag today on the interpellation regarding the disturbed conditions at Zabern, in Alsace. His speech was devoted to defending the action of the military at that town, where army officers on several occasions have used strong measures to check disorders. He was constantly interrupted by expressions of disapproval.

weg. The chancellor's speech likewise was constantly interrupted. Representatives of all the parties except the conservatives bitterly attacked the action of the military men. The Clerical, Herr Fehrnberg, declared it a shame that the efforts of forty years towards conciliation had been rendered of no avail.

The Progressives proposed a vote of non-approval of the government. This was seconded by representatives of all parties, with the exception of the Conservatives. A vote will be taken Thursday. The indications are that it will be passed by a very large majority.

SYLVIA PANKHURST SAYS THE MILITANTS WILL MAKE MINISTERS FEAR FOR LIVES.

London, Dec. 3.—Miss Sylvia Pankhurst, at a meeting of militants held here tonight to institute the establishment of the suffragette army, said:

"If we have the courage to stand together, none will be able to stand against us. We will make ourselves a terror to Westminster. We will make the cabinet ministers shiver in their shoes until they are afraid for their very lives."

Miss Patterson, who presided, said that if the police arrested Mrs. Kammelle Pankhurst at Plymouth tomorrow on her arrival from the United States, she would be sorry for Plymouth. The suffragettes there, she declared, would show no respect for property.

MANY INVESTIGATIONS FOLLOW BOSTON FIRE

Loss of 28 Lives in Cheap Hotel Is Productive of Eight Separate Inquiries.

Boston, Dec. 3.—The fire which cost the lives of twenty-eight homeless men in the Arcadia Hotel, a low-priced lodging house here, early today had become the subject of eight separate investigations by nightfall. Scores of these were aimed at determining where lay the responsibility for the conditions which made the loss of life so large, and others were directed toward devising measures to protect hundreds of other men forced by circumstances to seek shelter in similar places.

Most important of the inquiries was that begun by the grand jury. Directed by District Attorney Pelletier, the jury men paid a visit to the hotel, where the ruins were still smoldering. They saw the remains of the building, which were piled in a general dormitory, on the fifth floor, and narrow, box-like rooms on floors below in which privacy was obtained by inmates for a few cents more than was paid for the dormitory occupants. The cause of the fire was not determined.

Later the jury went to the morgue, where the medical examiner pointed out that in nearly every instance death had been caused by suffocation. None of the victims had been identified. Search of the bodies revealed the financial condition of the men, only \$1.47 being gathered from the effects of all the victims.

Homeless Men Roam Streets.

Several hundred human derelicts roamed the streets tonight, without a place to sleep. Mayor Fitzgerald ordered a limit placed on the number of guests to be accommodated by each lodging house and many were left without a place to go. It was estimated tonight that more than five thousand men in poor circumstances resort to these low-priced lodging houses each night.

BINGHAM BETTING ON FATE OF LOPEZ

Odds Are Laid Against Bandit Being Alive—Mine Will Be Searched Friday.

Bingham, Utah, Dec. 3.—Behind its double bulletheads, the Utah-Apex mine still held secret tonight the fate of Ralph Lopez, slayer of six men.

The smelges that were ignited Monday continued to pour their poisonous gases into the upper workings, until late tonight, when they were allowed to die out. Searchers will enter the mine tomorrow.

Many still hold that there was a possibility that Lopez was barricaded safely from the approach of the gases, or that he even may have escaped through some unwatched exit before the fumes became overpowering. This resolved itself into a betting proposition today, and many wagers were laid at two to one against his being alive.

Bingham, Dec. 3.—Although arrangements had been made to let the smelges die out, the sheriff late tonight decided to continue their use until tomorrow.

TO SETTLE A SUIT IN COURT, JUDGE ORDERS COURT OF BRICKS

Milwaukee, Dec. 3.—One way of settling a dispute as to the number of bricks furnished by one concern for the use of another is to ascertain by count, even after they have been laid. So decreed Civil Judge J. E. Cordes today in adjudging a case for two weeks to permit the computation.

A heating contractor was sued for a small balance due on a bill for 8,000 bricks used in installing a boiler in a hospital at Waupun. Payment was withheld, because of an alleged shortage of eight hundred bricks.

With one man's word as good as another, the court suggested itself as the only solution.

TRAIN THIEVES IN EUROPE PROCURE \$87,500 FROM SAFE.

Vevey, Belgium, Dec. 3.—A package containing \$87,500 in German bank notes was extracted from the mid car of the express train which left Brussels for Cologne last night. The money had been forwarded by the National Bank of Belgium to a bank at Cologne and was placed in a safe, which was forced open by the thieves. No trace of the robbers has been found.

MANN HAS IDEA BILL'S PASSAGE PORTENDS WAR

Action of the Administration in Putting Army Volunteer Measure Through the House After a Pendency of Years Is Significant, Thinks Republican Leader

Situation Is, He Fears, Like That When McKinley Was Voted \$50,000,000 Prior to Clash With Spain—Legislation Authorizes President to Organize Regiment

Washington, Dec. 3.—After a discussion into which Republican Leader Mann injected the Mexican situation, the house today passed the Hay army volunteer bill that has been talked of at the Capitol for many years.

The bill, which now goes to the senate, would put war volunteer forces on an equal footing with the regular army. It would provide that whenever, in the president's judgment, war is imminent, the president may organize volunteer regiments. The men, instead of enlisting for a short period, would enlist "for the war." The volunteer force thus formed would supplement the existing National Guard or militia.

Representative Mann said that of course Chairman Hay, of the military committee, and the administration and all others connected with the bill would vigorously deny that the measure was presented now because the government is preparing for a war with Mexico. He recalled that just before the Spanish war the senate committee presented a bill to put \$50,000,000 in President McKinley's hands.

Think Same Situation Exists Now.

"I took a minute then to say," added Mr. Mann, "that at least there was one man in the house who was not attempting to deceive himself, while all the others had said that this was not in preparation of war but to prevent war. I fear that the same situation arises now."

"I should greatly regret war with Mexico," Mr. Mann continued. "I have no complaint to make of the president's attitude in his dealings with Mexico, although I confess I can see no end to the road which he is now pursuing. He said yesterday that the Huerta government in Mexico would fall soon. Very likely."

"I think any government in Mexico which does not receive the moral support of our government will not last a great length of time, and I doubt whether any government in Mexico constituted by the so-called Constitutionalists, or any other revolutionists, will last without the support of our government."

PROSECUTOR WHITMAN EXPECTS INDICTMENT OF HIGH POLICE OFFICER.

New York, Dec. 3.—A high police official will be indicted next week, it is expected by District Attorney Whitman as the result of the stories of witnesses he will produce before the grand jury in his investigations of the alleged wire-tapping and fortune-telling graft by the police. Dominick Riley, a former police captain, was indicted yesterday on a charge of accepting \$10,000 in connection with an alleged conspiracy between police and wire-tappers.

The inquiry was not resumed before the jury today, but an assistant prosecutor examined several persons who appeared voluntarily. The testimony on which Mr. Whitman will depend in requesting the indictment of the high official probably will come from these persons and not from any informer within the police department.

McGuire to Return, He Says.

Havana, Dec. 3.—James K. McGuire, ex-mayor of Syracuse, who is under indictment in New York for soliciting a campaign contribution from a corporation, arrived here today on the steamer Buenos Ayres from Porto Rico. He expressed his intention of proceeding to New York to answer the charge.

ROBBERS IN MANITOBA KILLS MANAGER OF BANK AND ESCAPES WITH \$10,000.

Plum Couler, Man., Dec. 3.—A masked bandit this afternoon held up the Bank of Montreal branch here, stole \$10,000 in currency, shot and killed the bank manager, H. M. Arnsdahl, when Arnsdahl attempted to follow him, and escaped in a stolen automobile. Mounted police and citizens followed the bandit's automobile trail to the hills, but a great distance from town, and are believed to have surrounded him.

BOXERS WILLARD AND MORRIS STAGE A POOR EXHIBITION.

New York, Dec. 3.—In a ten-round bout here tonight Jesse Willard of Kansas, defeated Karl Morris of Oklahoma. Willard had eight of the ten rounds, one was fairly even and the other, the third, went to Morris. Willard weighed 235½ pounds, and Morris 224½. The bout was disappointing, as both men were slow and there was a good deal of wrestling and lugging, with very few clean blows.

CHICAGO PRODUCE QUOTATIONS.

Chicago, Dec. 3.—Butter was unchanged in price in the market here today; creameries were quoted at 22½¢ to 24 to 33 cents. Eggs, unchanged; receipts, 3,484 cases; eggs at market, cases included, 30¢/36¢; ordinary firsts 35¢/37¢; firsts, 36¢/37¢. Poultry, alive higher; springs, 13½¢; fowls, 14¢; turkeys, 15¢.

The Weather

Washington, Dec. 3.—The following is the weather bureau's forecast for Upper Michigan: Cloudy; Thursday; Friday, probably fair; light to moderate winds, becoming variable.

CORNELL EDITORS WHO ISSUE OBJECTIONABLE NUMBER ARE EXPELLED FROM UNIVERSITY.

Ithaca, N. Y., Dec. 3.—Austin G. Parker, of Helena, Mont., and Archibald B. Johnston, of Pittsburgh, Pa., editor-in-chief and art editor, respectively, of the Cornell Widow, the college humorist monthly, have been expelled from Cornell University, it was announced tonight, because of the objectionable character of the "temptation number" of the Widow, issued several weeks ago. Five thousand copies of the issue were printed. They sold out rapidly, netting, it is said, about \$2,000. The student body is aroused over the dismissal of Parker and Johnston. The class standing of the two was excellent and the two were to have been graduated next June.

MISSING CHILDREN FOUND.

Minneapolis, Dec. 3.—Fired by what they saw in a moving picture performance at the Grand Opera house, two children, aged thirteen and twelve years, set out last Monday on a camping expedition at Lake Minnetonka. Although the distance is more than twenty miles, they made the trip on foot, carrying provisions and cooking utensils. They were found living in a small house at the lake tonight. Believing that they had been kidnapped, their parents and the police had searched for them since their disappearance, but the fact had been kept from the public until late today.

TELLS HOW GOSSIP SADDENED HIS HOME

Crippled Husband of Pretty Mrs. Richardson Turns Sneering Into Sympathy.

Waukegan, Ill., Dec. 3.—The story of how small town gossip saddened a happy home, told on the witness stand here today by John Richardson, the crippled husband of the woman who was ridden on a rail to Volo, near here, last summer, left the assemblage which crowded the small courtroom thoughtful and subdued. Six women are the defendants.

There were smiles when the husband with his twisted limbs hobbled with the assistance of a stout stick from the side of his pretty wife to the witness chair, but there was none when he had told his story. It was a simple story of love and trust and loyalty; there was neither malice nor resentment in it.

"I don't know why they gossiped about my wife and me because she was so pretty," said the witness. "We were happy together. I thought that if she went away, the gossip would stop, and I was going to borrow money when the women attacked her. I was helpless; I am a cripple, and I couldn't move from my chair when they took her and put her on the rail. I managed to get into my wheel chair, but I couldn't follow her."

INDIANAPOLIS CLERGYMEN SUBMIT PROPOSAL LOOKING TO SETTLEMENT OF STRIKE

Indianapolis, Ind., Dec. 3.—Ministers of Indianapolis took a hand in the teachers' strike when they submitted a proposition at the union meeting late today. The ministers proposed to obtain a statement of facts from the union and to meet with the teachers to discuss the situation. They would have published, so that the citizens would know the cause of the trouble. In this way they hope to bring the team owners and teamsters together.

The question of calling a general strike has been not over at a meeting of the central labor union strike committee tomorrow night.

Only one person, a boy of eighteen, was injured seriously today. He was shot in the leg by strike-breakers on a wagon. A negro, shot in a riot yesterday, died today.

EUGENICS WEDDING IN KANSAS.

Toledo, Kas., Dec. 3.—After presenting articles of their physical fitness to wed, and ordering the word "obey"

WOMEN CALL FOR ACTION BY NATION'S HEAD

National Suffrage Association in Session at Washington Urges President Wilson to Send to Congress a Special Message Advocating Ballot for Gentle Sex.

Legislators and Other Men Prominent in Public Life Tell at Night Session of the Convention Why They Favor Equal Rights—Think It for Country's Good.

Washington, Dec. 3.—The adoption of a resolution calling upon President Wilson to send to congress immediately a special message advocating an amendment to the Constitution giving the suffrage to women featured today's sessions of the National American Woman's Suffrage association in convention here.

The suffragists began their activities today with a hearing at the Capitol before the house rules committee, urging the creation of a house woman's suffrage committee. They closed with a night session at which senators and representatives in congress told why women should be accorded the right of suffrage.

When Dr. Anna Howard Shaw, president of the association, learned that a number of delegates were going to the Capitol tomorrow to hear the anti-suffragists when the latter appear before the house rules committee, she announced from the platform that she hoped not a single delegate would go. "Your business is here," she declared.

Prominent Men Express Views.

At the night session Representative Bryan, of Washington, said the people of his state and other Western states were disappointed and were going to express their disappointment because the president did not consider the question of suffrage important enough to put it in his message to congress. He spoke of the president's message as a splendid state paper, but said the West was not so much interested in the civic rights of the Filipinos as in an amendment to the Constitution for the enfranchisement of women.

Representative Victor Murdock, of Kansas, declared that he was for suffrage, "not for what the ballot may do for women, but for what women may do for the ballot in this country." He said that women were particularly needed in the fight against special privileges.

"I believe in the right of women to vote," said Gifford Pinchot, former government forester. "But I am interested in their right to vote far less than I am in the need of the nation that they shall vote. Women ought to vote, because all of us—men, women and children—will be better off when they do vote."

SEEKER OF FEDERAL JOB OFFERS MADDO A BONUS.

Washington, Dec. 3.—Secretary McAdoo today declined an invitation from a correspondent, whose name he would not make public, to appoint him a revenue collector in return for a present of one-third of his first annual salary that goes with the office.

"I will give you \$100 just as soon as appointed, and the rest just as soon as I can have a public sale," wrote the job seeker.

"There is no place for you in the treasury department," wrote Mr. McAdoo in reply. "Such an offer as this shows your unfitness for public office or public trust of any kind. The best service I can render to you is to advise you to revise your moral standard."

AMERICAN EXPRESS COMPANY CUTS QUARTERLY DIVIDEND.

New York, Dec. 3.—The rivalry between the parcel post and the express companies was reflected today in the reduction of the quarterly dividend of the American Express company to two per cent. Previously, the quarterly dividend had been at a rate of three per cent.

Proposed Move Against Trickery.

New York, Dec. 3.—The New York Stock exchange is considering the adoption of measures requiring corporations whose stock is listed with the exchange to make immediate announcement of the declaration of their dividends. Decision to take the matter up came, it was stated today, as a result of the delay in announcement of a dividend recently by a corporation, whose stock in the meantime dropped more than thirteen points because of the liquidation of stockholders who believed no dividend had been declared.

COPPER COUNTRY ENJOYS DAY OF PEACE

Strike Situation Is Quiet, After Tuesday's Stirring Incidents—The Operators Fast Filling the Places of Men Now Idle, According to the Citizens' Alliance Publication—Miners from the Iron Regions Seeking Work, It Is Stated.

Houghton, Mich., Dec. 3.—[Special.]—Following the stirring incidents of Tuesday night at Painesdale, this was a very quiet day throughout the strike district. There were few parades and none of them resulted in disorders.

Out of the arrest of fourteen men at Painesdale, Tuesday night, only four prosecutions result. The men arrested and charged with offenses are George Swigley, who is said to have shot at Deputy Sheriff Cheloid and others in an automobile, and three of the men arrested in Tuomela's boarding house. Two of the latter were charged with assault with intent to murder and one with carrying concealed weapons.

The officers collected four rifles, four shotguns and eleven revolvers in the Tuomela house, but only one case was a weapon found on the person of anyone and the possession of a weapon in a house is not an offense. The other ten men were released from custody and the weapons were returned to them.

Plenty of Workers Available.

The third number of Truth, the organ of the Citizens' Alliance, was published today. From it the following, showing the position of the mining companies, is taken:

"Through the Copper Country Commercial club and the Citizens' Alliance the business men and citizens have tendered their assistance to the workmen now in strike in this district. Some of the workmen have a notion that this means that the mines cannot be operated unless the men now on strike return to work and that the mining companies are pressing the business men into this service. As a matter of fact, the mining companies have reached a point where all of their plans for bringing their forces up to the number employed before the strike are being made without depending upon a single man now on strike.

miners of the southern Colorado coal fields formally rejected the strike settlement proposition made to them by Governor Ammons. The vote was made known tonight, when union officials notified Secretary of Labor Wilson of the outcome of the referendum. Secretary Wilson in turn notified Governor Ammons.

Secretary Wilson stated tonight that he would remain in Denver a few days longer, in an attempt to procure another conference between the operators and striking employees and, failing, he would return to Washington and lay his report of the strike situation before President Wilson.

Trades Union Conference Called.

The call for a conference of all trades unions of Colorado, to be held in Denver Dec. 10, issued today, has created much speculation among employees of labor in the state.

The formal call for a convention was issued today by John McLennan, president, and W. T. Hickey, secretary of the state federation of labor.

The convention is called to consider the question of calling a statewide sympathetic strike, in support of the miners.

SOUP KITCHENS IN PROSPECT IN THE WINDY CITY

Report Submitted by a Committee to a Conference of Charitable Workers at Chicago Indicates a Fear That the Hard Times of 1907-08 May Be Repeated.

With Thousands of Men in Idleness, the Western Metropolis Is Faced With a Crisis, It Is Stated—Applications for Aid Swamp Alms-Giving Societies.

Chicago, Dec. 3.—Chicago is facing a crisis, caused by an army of thousands of unemployed men, indicating that the hard times of 1907-08 may be repeated, according to a report of the committee on homeless men, submitted today at a meeting of representatives of charitable organizations.

These organizations have been swamped with applications for work and shelter, and the report demands instant action by the city to meet the situation. A large number of men ordinarily engaged on construction work of the railroads are without employment, because of the retrenchment policy of most of the roads. The stagnation of the steel industry is another cause.

Flood of Hindu Labor Feared.

Vancouver, B. C., Dec. 3.—Immigration officials of the United States are busy with efforts to frustrate the plans of a secret organization, with headquarters at Manila, to flood the Pacific coast states with Hindu laborers, according to Anthony Caminetti, commissioner general of immigration. Mr. Caminetti left here today for Seattle, after having conferred yesterday with British Columbia officials at Victoria.

Mr. Caminetti said that arrangements had been made at Manila to send the East Indians from the Philippines with certificates obtained from the insular government. On the strength of these certificates, a party of five Hindus gained admission to the United States at San Francisco, establishing a precedent, he said, and preparations were made at once for sending forward an army of laborers in the same way.

A dispatch from Ottawa today says the Dominion government is considering a new solution of the Hindu problem in British Columbia. Japanese immigration, as well as the Hindu movement, to Canada is showing signs of increasing.

FLOODS IN TEXAS DUE TO HEAVY RAINS DRIVE THOUSANDS FROM HOMES.

Dallas, Tex., Dec. 3.—With three rivers—the Trinity, Brazos and Colorado—and innumerable small streams out of their banks as the result of torrential rains, which began Monday night and still continue, the flood situation in central Texas has assumed serious proportions. Within a territory two hundred miles in length and one hundred miles in width, almost all of the lowlands are under water; approximately fifteen thousand persons have been driven from their homes, and scores have been rescued from tree-tops and floating wreckage. Several railroads have been forced to suspend operations, and much damage has been done to property. Rumors of loss of life have not been verified except at Belton, where five persons were drowned.

FROGS CROAKING IN PONDS, REPORTS SOUTH DAKOTA CITY.

Pierre, S. D., Dec. 3.—The Indians of this vicinity are predicting there will be "no winter" this season. From December weather prevails all over the Dakotas, with warm rains and the thermometer well above freezing. In this city, frogs are croaking in the ponds and the landscape has the general appearance of spring.

AMERICAN EXPRESS COMPANY CUTS QUARTERLY DIVIDEND.

New York, Dec. 3.—The rivalry between the parcel post and the express companies was reflected today in the reduction of the quarterly dividend of the American Express company to two per cent. Previously, the quarterly dividend had been at a rate of three per cent.

THE DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY
The Mining Journal Company, Limited.

Issued daily except on Sundays. Contains Associated Press dispatches, and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES:
Per year, by mail, \$6.00 Per month, by carrier, .60

Entered as small matter of the second class in the postoffice at Marquette, Mich.

THURSDAY, DECEMBER 4, 1913.

LET IT SIMMER.

With regard to the forthcoming filing of petitions, the primary and the election of commissioners, the situation is simmering. It's well. The simmering process should, in fact, continue for some days, while the voters and possible candidates get the perspective of what's ahead and what's to be done.

The new officers in the city government will be no sinecures. The compensation will be merely nominal. If they are properly filled, the men who occupy them will have to give the city service which would be worth ten times as much to a private corporation with business of equal importance to handle.

Five men will have to attend to all the matters heretofore looked after by twenty men on four municipal boards, a council of ten aldermen and a mayor. They will be called on to decide questions of policy that will at times present puzzling problems, to administer in the lighting and the water plants, large businesses and to legislate wisely for the city.

Obviously, the demands that will be made on the commissioners will be heavy indeed—and they will be poorly compensated. To be qualified for the office a man should have had either experience in municipal administration or experience in executive handling of considerable enterprises. And he should also have a practical common sense that will assure that his views on legislative matters will be sound.

The most substantial thing that any member of the new government will be able to get out of office will be the praise of fellow citizens that is given to men who bring first-class ability to public service and who acquit themselves worthily. For the man not well qualified to take an active part in it, the new form of government will have no end of pitfalls. There will have to be close analysis of the work of the commission, in protection of the public interest. Persons who might seek and gain place without power to give the kind of service required would find the sum total of their experience a most unpleasant remembrance in the succeeding years of their unoffical life.

WILSON IN THE COUNTRY.

Under the above headline the genial and politically astute Sam Blythe, writing in the current number of a popular weekly, affirms, both on information and belief, that President Wilson is very strong, indeed, in the country; that confidence in his wisdom and righteousness of purpose is general, irrespective of party lines, and that his fellow citizens are willing to give him a fair chance to demonstrate his ability to make himself their useful and effective servant. The President, Mr. Blythe asserts, is much stronger than the Democratic party, which he is unable to see is at all stronger than it has usually been of late years.

But Mr. Blythe goes much further with his paper than a discussion of "Wilson in the Country." He also touches on the absorbing question of who is likely to unite the anti-Democratic elements in 1916. His conclusions can be indicated, by a few quotations: "Back of all the moil and clamor and turmoil stands Colonel Roosevelt, not only as the possible but—as at this time—a highly probable solution."

Where is the citizen who has the popular appeal to make opposition to Mr. Wilson—if Mr. Wilson shall continue as well as he has begun—more than a farce? There is not a big Republican—a presidential Republican—in sight. There is not a near-Progressive who has any popular appeal. Where is the man?"

Mr. Blythe thinks he is just now in South America. "In one of his speeches in New York he (Roosevelt) said he would not abandon the principles of the Progressive party—nor will he. Nor will anybody else who wants to do anything politically in this country. And by the same token the old outfit of Republicans will adopt these principles."

Mr. Roosevelt need not give up his party to take over the remnants of the other party. Nor need there be any fear that the Old Guardsters will not be glad enough to acquiesce in any such program. They can do nothing as it stands; and they will be willing to take Mr. Roosevelt and bear with him as best they may for the few benefits that will accrue to themselves from being again in the following of a majority party."

Thus writes Sam Blythe. Sam is not an infallible oracle, but often he's right. And, in any event, one man's guess is just now as good as another's as to what will happen when we get around to 1916.

FOR NATIONAL PRIMARY.

President Wilson in his message this week announced himself favorable to the next logical development of the primary system, a national primary, in which the voters shall have the right to say directly what candidates they want to represent the several parties.

The President would not wholly eliminate the national convention, but he would greatly change its identity. He would preserve it for the purpose of enunciating party policies and giving form to party platforms, but instead of having it composed of delegates specially named to attend it he would have its membership consist of "the nominees for congress, the nominees for the vacant seats in the senate of the United States, the senators whose terms have not yet closed, the national committees and the candidates for the presidency themselves, in order that platforms may be framed by those responsible to the people for carrying them into effect."

President Wilson is right when he asserts a belief that he does not misinterpret the wishes of the people of this subject. The vitality and force of the demand for reform in methods of naming candidates for president is shown by the manner in which the arch standpatters in the Republican party have been compelled to give way to the demands of the men who, like Cummins, demand sweeping changes in the procedure provided for conventions.

President Wilson merely proposes that there shall be no half way steps in conferring on the people the power to say who shall be privileged to appear before them as contestants for the highest office in their gift. He would dispose at once of all the roundabout methods it is now planned to introduce to work out that result. And why not?

In light of the fact that during the recent canvass of the matter here the voters of Marquette were solemnly informed by some persons that the commission form of government was not gaining ground, a certain interest attaches to the following Philadelphia dispatch printed under date Dec. 1:

Commission form of government went into effect in a majority of the cities of Pennsylvania today, the bicameral system of select and common councils going out of existence. Hereafter the affairs of these municipalities will be conducted by a common council of five men, one of whom is the mayor. With the exception of Philadelphia, Pittsburgh, Scranton and three or four smaller cities operating under special charters all cities in the state are affected by the new commission law passed by the last legislature.

The five councilmen will pass all ordinances and also enforce them. The executive and administrative powers of the city will be distributed between five departments, public affairs, accounts and finance, public safety, streets and public improvements and parks and public property. The mayor will be the superintendent of public affairs.

When a great state like Pennsylvania, by one comprehensive statute, adopts the commission form of government for all of its lesser cities it appears that the gentlemen who earnestly inform us that commission government is not gaining ground are looking not much further than the end of their respective noses.

Uncle Joe Cannon has broken the silence that has of late surrounded his private life to remark that the achievements of Woodrow Wilson as the czar of congress far surpass his own humble efforts in the same line, whereupon the New York Globe remarks: "Public opinion is now and ever will be in need of political leadership. It wants men of influence to arise and to use their powers of persuasion to the uttermost. A political leader, at a given time, may seem to have all the power of a boss. Good, not harm, is done as long as the power is based on free consent and on the strength of causes the leader has at heart. Gladstone was not a boss. Asquith is not a boss. Roosevelt is not a boss. President Wilson is not a boss and never will be. Whoever heard of a boss concerned about getting legislation in the public interest or anxious for a discussion of the merits of measures?"

At one time the gibe of Uncle Joe might have seemed to have point. Now it only provokes an indulgent smile over an old man's inability to perceive the distinction between bossing and leading."

"That the mining companies are anxious to rein their old employes, or as many of them as they can induce to stay with them, is evident in the extraordinary efforts being made to induce the strikers to return to work," the Houghton Gazette comments. "Further evidence of this desire is shown in the hesitancy indicated by each employing company in bringing in new workmen. That the companies are now anxious to have as many of their old employes return to their work before further importations are necessary is known to everyone acquainted with the facts of the local conditions. And that no discrimination is to be shown toward strikers who return to work simply because of previous membership in the Western Federation of Miners is the announced policy of every mining company in the district. The situation as it is put up to the comparatively limited number of men who continue on strike is simply this: The companies have granted practically everything demanded by the men excepting recognition of the Western Federation. Does the striker continue to think more of the desire to contribute to the support of the outside agitator than he does of his own interest and the interest of his family?"

Marquette overwhelmingly voted to try the new charter, in reality the commission form of government. We have been hearing much about this form of municipal management for a number of years. Now, remarks the Houghton Gazette, we shall have a chance to observe it at close range. The Marquette experiment will be watched with much interest by every town in the upper peninsula.

For an affair with a broken back, the copper country strike hangs on amazingly.—St. Ignace Republican-News.

It seems to be taking Senator Huerta longer than four women to say goodbye.—Port Huron Times Herald.

Since the selection of Governor Tener as league candidate, boys may look up on a governorship as a stepping stone to baseball honors.—Grand Rapids Press.

Maybe if that wedding had been set for a month or two earlier, the President would have whipped the currency bill through the special session, after all.—Muskegon Chronicle.

The desperate battles reported between the Mexicans, in which from one to four are alleged to have been killed, must remind some of our good G. A. R. veterans of the casualties of a cavalry squad out after oats in '63.—Lansing State Journal.

Narrow Escape.

Mrs. Youngmother threw down her Sunday paper, in which she had just read that 400 years hence people would have only four toes. Turning, she looked at Precious, who sat playing with his tin blocks. "As I gazed at baby a horrible thought struck her. She caught up Precious and hugged him to her breast.

"Oh, John," she cried in hushed tones. "Just think! If Precious had been born 400 years later he would have only eight toes to play with!"—Woman's Home Companion.

Making an Example.

When Willie's father came home to supper there was a vacant chair at the table. "Well, where's the boy?" "William is upstairs in bed." The answer came with painful precision from the sad-faced mother.

"Why, wh-what's up? Not sick, is he?" (An anxious pause.) "It grieves me to say, Robert, that our son, your son—has been heard swearing on the street. I heard him." "Swearing! Scott! I'll teach him to swear." And he started upstairs in the dark. Half way he stumbled and came down with his chin on the top step.

Getting Desperate.

"Maggie," said Jack, whose mind was made up to propose—and after they had talked about everything else for the last hour—"wasn't I here on Sawdust night?" "Aye, Jock, I dare say ye were." "And wasn't I here on Monday night?" "Aye, so ye were." "And I was here on Tuesday night?" "Aye, ye did happen here on Tuesday night."

"And I was here on Wednesday night?" "Aye, so ye were, Jock, so ye were." "And I was here on Thursday night?" "I'll no deny that ye were, Jock." "And I was here on Friday night?" "Aye, I'm thinking that's so." "Aye, this is Saturday night, and I'm here again!" "Weel, what for no? Ye are vera welcome." "Maggie" (desperately), "d'ye no begin to smell a rat?"—New York Globe.

EDITORIAL OPINION

A Heavier Toll.

The latest bulletin issued by the interstate commerce commission shows a steady increase in the number of railroad accidents during the quarter which ended June 30, last, as compared with the same period a year ago. There were 124 more accidents. One hundred and forty more persons were killed and 8,283 more injured. About 70 per cent of the accidents were caused by imperfect equipment. About 15 per cent were due to broken rails. The total number of fatalities during the first quarter of this year was 2,555 and the number of persons injured 49,911. This is the slaughter compared with which the casualties due to fighting in Mexico appear insignificant.

Is government regulation holding the railroads down too closely, or are they sacrificing safety in an effort to keep dividends up to what they used to be?—Cleveland Leader.

There has been no sadder prophet since Jonah than Prof. Fred N. Scott of the University of Michigan, who was pathetic, because helpless, describing for the national convention of teachers of English the "evil that comes from the newspapers." "What this academic type discloses is, self, and when consideration is given to the fact that a mind so narrow is charged with the duty of broadening the horizon of young people, we almost fall into despair of the republic."

"The newspaper comes into the home every day," said Mr. Scott—to select merely one paragraph from his address. "If a man came into our homes and used vile language, talked slang and scandal, we would eject him, but the newspaper tells filthy stories and is just as bad as the bad man and is tolerated."

Into the cloistered precincts of Mr. Scott's life there should come only Walter Pater and the only window in his wall should look into a rose garden. The fragrance of his thoughts and the serenity of his mood should never receive even the suggestion of the world without where pain and work, sin and saintliness are woven into the fabric. But Mr. Scott, in a cloister protected from indignant censure and guarded from the crudities of a gun, has a wife, and there is or ought to be something else in that term, and there ought to be in the character of the man who assumes the title restraints which would make such ill-considered, untruthful statements impossible of his utterance.—Chicago Tribune.

The Navy.

In recommending that our navy, before 1920, be so increased as to include forty-eight battleships of the line, and the construction for next year shall include four dreadnoughts, sixteen destroyers, and eight sub-marines, as well as minor craft, the Navy General Board, of which Admiral Dewey is president, is careful to explain that it "recognizes conditions as they exist and the futility of hoping that the ships and men its policy calls for will be provided by 1920."

While the report signed by the admiral is addressed to the secretary of the navy, and is attached by him to his report to President Wilson, the navy board's remarks are obviously intended for all the American people.

At the very first of his term he will agree with the board that certain established policies of this country must be upheld; that we must continue, in short, to avoid entangling alliances; that the Monroe Doctrine must not be abandoned; that we must have exclusive military control of the Panama canal and its contiguous waters. To accomplish this much, leaving out of consideration any problems we may have to contend with in the far East, it is obvious that we must have an efficient and modern navy. As the result of our battleships, the Indiana, Massachusetts, Oregon, and Iowa, are entirely out of date, and the four new dreadnoughts asked for immediately would only take the places of those vessels, Congressional opposition to the upbuilding of the navy, however, is as strong as ever, and it seems now that there must be a hot

The Railway Rate Question.

Railroads east of the Mississippi and north of the Ohio are trying to persuade the interstate commerce commission to allow them to increase freight rates 5 per cent. Two years ago the same roads asked to be allowed to advance rates 10 per cent, but were refused. The case has been much discussed and the federal justice department will be awaiting with interest.

In general it seems that the larger shippers are agreeable to the proposed increase, but the smaller ones are presenting voluminous evidence to disprove the charges. The public, which is really the party chiefly interested next to the railway owners, seems not to be definitely represented.

President Willard of the Baltimore & Ohio, in opening the argument for the petitioners, said that unless the government permitted this rate advance, the time was fast coming when the government would be obliged to take the roads and operate them. Whether this was intended as a threat does not appear. It would not seem a very serious alternative.

On the other hand, there is no general inclination to starve the railroads by keeping rates below the point at which they will produce sufficient revenue. The public is fair and wishes to give transportation companies, like all other public utilities, a square deal. The commerce commission, representing the public, is inspired by no other motive.

Talk that punitive action is contemplated by the government is nonsense. Railway managers imagine a good many things when it comes to public regulation and one of them seems to be that people and government are in a kind of conspiracy to starve them into bankruptcy.

The public has confidence in the commerce commission which stands a wall protecting it against possible extortion. If the managers can make a good case the rate increase will be allowed; they cannot well ask for more favor than that.—Cleveland Plain Dealer.

LOWER STATENOTES

ANN ARBOR—An attempt at burglary took place at Wahr's State street bookstore. The intruders removed a pane of glass in the skylight and entered the rear part of the store. They were evidently frightened away, for money in the cash drawer was untouched.

LANSING—State Treasurer Haarer says it will be necessary to borrow money this month in order to pay the running expenses of the state. At the beginning of December business there was \$404,544.68 in the general fund, and it is expected that this will be sufficient to liquidate all obligations until the January tax receipts are available.

MARSHALL—Alleging that her husband, Earl Witham, of Lee township, had kidnapped her youngest daughter, Bernice, Mrs. Witham has asked the police to arrest him. Witham recently started suit for divorce. He is believed to have spirited the child away on horseback. Witham was arrested a year ago on a charge of drawing a gun on his wife, but was released after his wife withdrew the complaint.

PONTIAC—David R. Devine, much-married man, was sentenced to serve from two and one-half to five years at Jackson when he pleaded guilty to a charge of bigamy preferred by his Pontiac wife, Eleanor Mae Nolan, whom he married three years ago. Devine is alleged to have married Jennie Raynor at Newark, G., several months ago and is also said to have wives in Chicago, Philadelphia and New York. He was formerly employed here and in Detroit as a telegrapher.

MUSKOGON—Delivering an ultimatum that unless the full amount of the bonus, \$289,000, was raised by January 1, no attempt would be made to build the proposed Muskegon to Manistee interurban, Promoter Sidney M. Well at a meeting of the trustees of the road expressed himself as far from satisfied with the money so far secured. He refused to accept the money so far raised and will not put up a cent. Mr. Well at first intended to withdraw any offers he had made when it became known that the bonus fund was several thousands of dollars below the \$289,000, but he was prevailed upon to extend the time a month. The exact amount so far paid into the trustees is not yet known. An effort will be made to secure the money.

SAGINAW—Arg E. Richardson, unknown in the political world of Saginaw, was elected mayor of Saginaw over the incumbent, Albert T. Tausend, by about 1,200 votes. Although it was only a primary election, the candidate, according to the new city charter, who received more than half of the votes cast, is elected. The vote, although heavy, did not exceed the charter election, which was held November 15, at which the people repudiated the former incumbent and elected Richardson as a graduate from St. Ambrose High school and the Northern Normal at Marquette. For several years she has been a teacher in the Ironwood schools. The bridegroom is an old Ironwood boy upon whom fortune has smiled and who has "made good" in the Western country. He is a son of Mrs. Mary Murphy and comes from one of the pioneer families of Ironwood.

LANSING—The Hillsdale county school commissioners were not long in making arrangements to change the school house which was too small for twenty people. The commissioners notified Dr. R. L. Dixon, the secretary of the University of Michigan, that they would vote the funds for an addition to the school which would not until next spring, when a new building would be erected. The condition of affairs at the school was reported to Dr. Dixon last week and he very promptly served notice on the commissioners that the school was a menace to public health and a nuisance. The room was 18 by 20, with

fit in Washington this winter to secure two new ships.

The report of Secretary Daniels reviews the year's work of the navy and all its branches. He, too, believes in a navy fit to command worldwide respect as the surest guarantee of peace, and he has great faith in his plan to strengthen the navy by improving its personnel. It is an idea of Mr. Daniels to make the navy "a great university with college extensions afloat and ashore." The idea was generally commended, but the greatest need of the United States Navy in the present crisis, with new responsibilities of the most serious character burdening the government, is more battleships of the most approved patterns.—New York Times.

HOLLAND—Eugene Lyons and John Duall, twelve and eight years old, came to grief at Fennville after trying to imitate the career of "Diamond Dick" The boys "hopped" a freight train at Waverly, and later were apprehended at Fennville, where they were placed in a hotel. They tied the bed sheets together and slid to safety from a second-story window. The father, James Lyons, of H. Dalton, about breakfast time and asked for a rig "to take an old lady to a train." They got the rig, but when they drove upon the streets, Judge Steadman pursued and captured them.

GRAND RAPIDS—Directors of the United Light and Railways company will hold their quarterly meeting in Chicago Monday, December 23, at the regular quarterly dividends of 1 1/2 per cent on the first preferred stock and three-fourths of 1 per cent on the second preferred stock will be declared. The dividends will be paid without reduction for taxes, assessments or government charges. The company, through its properties, served a population of 455,935 and the value of the properties, subject to the mortgage, are estimated at \$29,095,000, against a total bonded debt under prior securities of \$22,002,100. Upwards of \$2,000,000 has been extended on the properties in improvements since July 1, 1912, and since that year the total number of stockholders has increased to over 1,000. Equity as measured by the total market value of the securities junior to the first and refunding bonds is approximately \$12,000,000.

BENTON HARBOR—A house that is doomed to what the dwelling of Sam Goldstein has become since it became known that the residence contains a leper, son of Goldstein's wife by a former marriage. Persons are forsaking the neighborhood, as though the black plague had broken out. The street wherein the house stands, once a well traveled thoroughfare, is now almost deserted. Children on their way to school shun the "leper's house" and go blocks out of their way. Goldstein, owner of a small grocery, has been practically wiped out. Not a customer has appeared since the money went out. "We have spent all the money we have," said Goldstein. "Now the worst has come, they know what Jacob has." "I go with the boy," is the defiant word which Mrs. Goldstein sent to the local board of health. When health officials called to see the boy they searched the house in vain. They were about to go when the chairman of the board closed the door and in a coterie in semi-darkness lay the victim, blind, a terrifying sight.

Installing Heavier Rails. The Chicago & Northwestern has an extra crew at work putting down ninety-pound rails on the double-track main line between Ironwood and Hurley and on the main line and passing track in the Ironwood yards. Heavier rails will also be laid in the yard at Ironwood on the main spurs leading to several of the mining properties.

Finied for Shooting Trout. Seward Burns and Robert Skinkins, two lower Michigan hunters, were up in justice court at the Soo the other day on a charge of shooting trout. Each offender was punished by a fine of \$10 and costs. The men were taken to the city by two deputy sheriffs of the county. It is alleged they used explosives in capturing trout in the vicinity of Wellers Siding.

Sparrow Season is Open. Monday, Dec. 1, marked the opening of the sparrow bounty season in Michigan. The state pays a bounty of two cents per head on each English sparrow killed, the reward going to the county clerk through the county clerk and city, village or township registrar. The bounty will be paid on all sparrows slain during December, January and February. Many upper peninsula boys have commenced the warfare on the little birds.

Northern Normal Graduate a Bride. At Ironwood last week, Miss Laura Brogan, eldest daughter of Martin L. Brogan, North street, and Patrick H. Murphy of Enderby, British Columbia were united in marriage at St. Ambrose church. The ceremony was performed by Rev. Father Moriarty. The bride was attended by her sister, Miss Mary Brogan, as bridesmaid, the best man being Cornelius Murphy, brother of the bridegroom. Following the ceremony, a wedding breakfast was served at the home of the bride's parents. Mr. and Mrs. Murphy departed later for St. Paul to remain a short time before going to their home at Enderby. The bride spent nearly all her life in Ironwood. She is a graduate from St. Ambrose High school and the Northern Normal at Marquette. For several years she has been a teacher in the Ironwood schools. The bridegroom is an old Ironwood boy upon whom fortune has smiled and who has "made good" in the Western country. He is a son of Mrs. Mary Murphy and comes from one of the pioneer families of Ironwood.

CROUP AND COUGH REMEDY. Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Rochester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At The Stafford Drug Co.

that he has completely lost his mind and will be found in that condition.

ON DEC. 20TH, 1913, AT 11 O'CLOCK A. M., AT THE MINE OFFICE ON THE PROPERTY, IRON MOUNTAIN, MICHIGAN.

This valuable property, comprising 69 acres of heavily timbered land, is bounded on the north by the Chapin mine and on the east by the Walpole mine. This important and well located tract contains a large body of Bessemer and non-Bessemer ore to be shipped to the mill, and the mill is equipped and in working order. Royalties range from 10 to 25 cents per ton according to grade. Repaid royalties amounting to over \$33,000 go with the sale.

Responsible purchaser may distribute 75 per cent of payments semi-annually over three years.

For particulars address S. J. MCGRIGOR, Superintendent, the Hanson Mining Company, Iron Mountain, Mich.

NOTICE TO TAXPAYERS.

City Treasurer's Office, Marquette, Mich., Dec. 1, 1913. Notice is hereby given that the general tax roll of the city of Marquette, with all regular taxes, state, county and municipal, for the year 1913, has been prepared and deposited with me and is now in my office in the City Hall, and that the amount of taxes therein assessed and specified, is due, and may be paid to me at any time during the collection period of three months, ending on the 28th day of February, 1914.

All state and county taxes paid to me on or before the 28th day of February, 1914, will be charged, and on all such taxes paid to me on or after the 28th day of February, 1914, a collection fee of one per cent will be charged, and on all such taxes paid to me on or after the 28th day of February, 1914, a collection fee of four per cent will be charged. On all municipal taxes paid on or after Dec. 1, 1913, a collection fee of three per cent will be charged.

R. P. BYRNE, City Treasurer.

HUMPHREYS'

These remedies are scientifically and carefully prepared prescriptions; used for many years by Dr. Humphreys in his private practice, and for nearly sixty years by the people with satisfaction.

Copper Country

WHO OWNS THE COPPER MINES?

WM. MURRAY PRAISES THE TRACTION SERVICE

Grand Rapids Attorneys Find Grants Regular and Cite Ruling of Judge Severns.

Man Who Rode on First Trolley Car Ever Run Likes Copper System.

The struggle for supremacy between the copper mining companies and their former employees, which has been waged for more than four months, has brought to notice again the old question of who legitimately holds the titles to thousands of acres of mineral lands in northern Michigan.

William H. Murray of Philadelphia sat in a street car on the way to Houghton from Calumet yesterday. Mr. Murray rode no differently from other passengers who spent their time reading the advertisements on the cards above the windows or gazed silently out the window, drinking in the scenery.

Two months ago the question of land titles was taken up by Charles G. Turner and Adolph A. Ellis, attorneys in Grand Rapids, with a view to determining the present status of the case.

The extension is from Toivola to Painesdale, bringing the latter town, as well as Trumont, Balfie and South Range, into the main line route of the Copper Range.

In a lengthy statement Mr. Turner says he finds that in the suit started in 1896 by John W. Powers, district attorney for the western district of Michigan under Grover Cleveland, Judge Severns a few years later, on briefs submitted, dismissed the bill. That closes the matter so far as legal action is concerned except that the court might be induced to allow a bill to re-open the case.

The officials found the roadbed of the extension in excellent state. The construction work has been aided by exceedingly favorable weather for several weeks and careful ballasting has been possible, so that the new track rides like that of a long used railroad.

History of the Case. The history of the case, according to Mr. Turner's findings, is intensely interesting.

The extension is from Toivola to Painesdale, bringing the latter town, as well as Trumont, Balfie and South Range, into the main line route of the Copper Range.

"The first grant of land was made by the thirty-eighth congress on March 3, 1865," he said.

The officials found the roadbed of the extension in excellent state. The construction work has been aided by exceedingly favorable weather for several weeks and careful ballasting has been possible, so that the new track rides like that of a long used railroad.

"And, provided further that no lands designated by the United States as mineral before the passage of the act shall be included within this grant, which was approved in July, 1866. In another act, which provided for a road grant it is expressly provided that mineral lands shall not be included."

The annual hazard and entertainment of the Young Women's Sodality of Hancock.

"In 1854, some years prior to the passage of the two above acts, congress passed an act in which it says that where such law does not convey the fee simple title to the lands or require patents to be issued therefor, the lists of such lands which have been, or may hereafter be, certified by the commissioner of the general land office, under the seal of his office, either as originals or copies of the originals, or records, shall be regarded as conveying the fee simple of all lands embraced in such lists."

Searches Records to 1847. Mr. Turner went to Lansing where the early state records were searched as far back as 1847, which included all the lands now owned by mines in and around Bessemer, Ironwood, Norway and other localities, and here he learned that the records showed clear.

"The only question, in my mind, is what the word 'designated' means in the original grant, and the government land office has explained that the 'field notes' are the guide," said Mr. Turner.

Stations Damaged by Vandals. It may be stated that the Houghton County Traction company is offering a reward for information that will lead to the arrest and conviction of parties that have in any way contributed toward the destruction of stations along its line.

During the time George G. Covell was district attorney the bill filed against the companies by Mr. Powers, in 1896, came on for hearing. Briefs were filed according to the court's records, and an order made by Judge Severns dismissing the case.

NEW BOWLING RECORD. All scores for two-men teams rolling on the Mitchell bowling alleys at Hancock were smashed Tuesday evening when Pelt and Silven tallied a total of 1,162 pins in three games.

"We had in view the filing of a bill similar to the one filed by Mr. Powers, regarding that the case had been gone into and a court order made throwing the case out. All that could be done now would be to file a bill in review of the case," said Mr. Turner.

PLAIN SPEECH PLAN ADOPTED. Telephone Service at Houghton Undergoes a Distinct Improvement.

The search of the records shows that Secretary of Labor Wilson, who spoke only by innuendoes in discussing titles to the mineral land had only small grounds to stand on, as the question was gone into thoroughly by Mr. Turner and Mr. Ellis.

EPWORTH LEAGUE ELECTION. The Epworth league of the Hurontow M. E. church has elected the following officers: President, Russell Barry; first vice, Miss Alita Biscombe; second, Miss Elizabeth Moyle; third, Miss Louis Carnow; fourth, Miss Edith Colenso; secretary, William Mills; treasurer, Charles Liff; organist, Miss Alita Biscombe. Rev. J. B. Oatey, the pastor, promises for the chapter an active season and a growth that will make it one of the most successful Epworth leagues in the Houghton district.

NOTES OF MARINE NEWS. The tug D. L. Hebard, of Pequaming, was in Hancock yesterday, on its way home from Port William, to which port it had towed a scow of lumber, shipped by Hebard & Son.

SHORTENS WORKING DAY. Edward Uleath, the leading Calumet building contractor and lumber and fuel dealer, yesterday announced that he had reduced the working day of his employees to nine hours. Mr. Uleath employs about one hundred men.

When the Children Cough Use MUSTEROLE!

it is, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, sore Muscles, Chills, Frosted Feet and Colds of the Chest (it prevents Pneumonia).

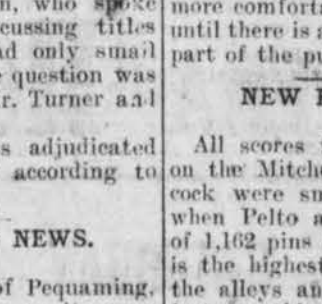

No telling how soon the symptoms may develop into croup. And then's when you're glad you have a jar of MUSTEROLE at hand to give prompt, sure relief.

At your druggist's in 25c and 50c jars, and special large hospital size for \$2.50. Accept no substitutes.

As first aid and a certain remedy there's nothing like MUSTEROLE. Thousands of mothers mail you a jar, postage prepaid.

If your druggist cannot supply you send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

It is the remedy for adults, too. Re-bromchitis, I found Musterole the best Beves Sore Throat, Bronchitis, Tonsil-thing I ever used.

OFFICER WRIGHT ACQUITTED.

Justice Little Finds Deputy Did Not Assault Woman Prisoner.

Deputy Sheriff Jack Wright was yesterday acquitted by Justice Little of Houghton on the charge of assault and battery, preferred by Mary Stimmie Dodgeville, Wright was arrested after he had addressed the woman for some unusual activity in connection with the pro-strike sympathies.

The cases of Bianchi, Granich, Fenorell and Hendrickson, charged with various offenses in connection with the Quincy riot of Nov. 17, have been postponed till Dec. 20 by Justice Little.

In this court today Frank Gorshe, a Quincy striker, will be arraigned for examination on a charge of assault with intent to murder, he having shot Deputy Sheriff Barker during the Quincy riot referred to.

FIRST TRAIN OVER EXTENSION. Copper Range Officials Go Over New Track in Special Coaches.

The first train run over the Copper Range Railroad company's new extension was a special, which made the trip Tuesday afternoon, bearing a party of officials of the road for purposes of inspection.

The extension is from Toivola to Painesdale, bringing the latter town, as well as Trumont, Balfie and South Range, into the main line route of the Copper Range.

The officials found the roadbed of the extension in excellent state. The construction work has been aided by exceedingly favorable weather for several weeks and careful ballasting has been possible, so that the new track rides like that of a long used railroad.

HOUGHTON CLUB RECEPTIONS. Women Will Entertain Friday Afternoons Through the Winter.

Announcement was made yesterday by the Houghton club that a series of Friday afternoon receptions would be held at the club throughout the winter, beginning tomorrow.

The annual hazard and entertainment of the Young Women's Sodality of Hancock.

Stations Damaged by Vandals. It may be stated that the Houghton County Traction company is offering a reward for information that will lead to the arrest and conviction of parties that have in any way contributed toward the destruction of stations along its line.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three times a day.

This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract.

It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has the Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

COPPER COUNTRY DEATHS. Old Calumet Resident, Prominent Mass City Woman, Detroit Man.

Mrs. Joseph Chynoweth, of Sixth street, Calumet, died late Tuesday night, death coming suddenly through heart failure, aggravated by the effects of a fall.

James H. Thomas of Houghton yesterday received from Detroit advice of the death of Thomas Matthews, his brother-in-law, in that city.

Mrs. Charles Nara of Mass City, wife of the active partner in that place of the firm of Nara, Thomas and John Melman of Mass City, died yesterday morning at St. Joseph's hospital, Hancock, after a long illness.

Upper Peninsula Prosperous Rural Bank. The Bank of Pickford, which serves a thriving farming community in Chippewa county, is growing at a steady rate.

Stomach Troubles Disappear. Stomach, liver and kidney troubles, weak nerves, lame back and female ill disappear when Electric Bitters are used.

SMOKERS keep changing from one brand to another—until they come to MECCA. Then they become permanent smokers of this famous Turkish Blend, because MECCA always affords them perfect satisfaction.

That is how MECCA has built up its present enormous sales. The brand seldom loses an old smoker, and is constantly gaining new ones—the sales are growing steadily, month by month.

The keen, concentrated competition directed at MECCA, has helped greatly to increase the MECCA sales—because this competition has induced smokers to make comparisons.

Try MECCA, in the new foil package of 20—and learn the quality that makes MECCA the largest selling brand in America. Try it today!

RUB SORE, LAME BACK STOPS PAIN AT ONCE

Rub Backache Away With Small Trial Bottle of Old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for sixty years.

Markets

[From Geo. F. Rues, Ishpeming.]

All classes of stocks were decidedly stronger Wednesday, the buying coming partly from short covering and partly from investors who are slowly gaining confidence. Money is expected to be much easier after the first of the year and it seems reasonable to expect a fair-sized rally in the dividend paying stocks.

The Boston coppers were slow to get in line with the advance in New York, but near the close many buying orders were coming in and there is expectation the rally will continue on Thursday. Closing prices at Boston were as follows:

Table with 2 columns: Stock Name and Price. Includes titles like U. Apex, U. Con., U. S. Com., etc.

under the direct management of Cashier D. Beacom. F. H. Taylor is president and W. H. Best and H. P. Hossack vice president. Fred Taylor, W. D. Hossack, G. F. Taylor and the officers comprise the board of directors. The bank was established seven years ago.

Herring Season Nearing Close. In the supply of herring in Lake Superior diminishing? This is a question that is causing commercial fishermen along Keweenaw point considerable concern.

Has Made Good at Farming. Twelve years ago Nelson Bouvier purchased 160 acres within a mile of Ewen for \$475. Today, it is said, the property would easily bring \$16,000, but the land is not for sale.

City Brevities

Today's weather: Cloudy and unsettled.

Yesterday's temperatures: Seven a. m., 37 degrees; noon, 41; seven p. m., 39; highest, 43; lowest, 36.

H. E. Perkins, of Big Bay, was in Marquette yesterday.

Marshal M. H. Trearrow, was down from Ishpeming yesterday.

Miss Mabel Jackson was down from Negaunee yesterday afternoon.

Captain James H. Rough, of Negaunee, was a Marquette visitor yesterday.

Mr. and Mrs. E. E. Brigham, of Munising, spent yesterday in the city.

The Marquette Commercial club will today issue the first of its monthly bulletins.

Joseph C. Thomas, of Michigan, was here yesterday, visiting with friends.

Joseph Barabe, county treasurer, was down from Negaunee yesterday on a business mission.

Rev. Hartley Canfield, pastor of the Mitchell Methodist church, Negaunee, was a Marquette visitor yesterday.

V. S. Hillyer, of Ishpeming, superintendent of the county road commission, spent yesterday in Marquette on business.

Phil Levine, of Negaunee, has been in the city for the past two days, attending the consistory meeting of the Scottish Rite Masons.

William Newcombe, Richard Yelland, Irving H. Argall and T. A. Thoren, of Negaunee, were Marquette visitors yesterday, attending circuit court.

Busy Queen Hive of the Maccabees will hold a meeting this afternoon at 2 o'clock in Keough's hall. The annual election of officers will take place.

Rev. R. T. T. Hicks, of Negaunee, and Rev. C. G. Zeigler, of Ishpeming, came to the city last evening to attend the meeting of the Francis M. Moore consistory, Scottish Rite Masons.

The marriage of Miss Marcelline Belmont, daughter of Henry Belmont, Bluff street, to Noel Beidel, of Cleveland, will be solemnized this afternoon at the parsonage of the French Catholic church.

Dr. N. J. Robbins, of Negaunee, county physician, was a Marquette business visitor yesterday, having been summoned as a witness in the case of the People vs. Mursu and Boyer in circuit court.

Otto C. Davidson came over from Iron Mountain last evening to attend the meeting of the Francis M. Moore consistory. He left last night for Duluth, accompanied by W. H. Johnston, of Ishpeming.

James H. McNeil, of Beloit, Wis., principal of the Marquette high school for the past five years, is in the city for a few days, and is in attendance at the meetings of the Francis M. Moore consistory.

Miss Majorie Pulver, of Superior, Wis., formerly a resident of Marquette, and Oscar Fensker, of that city, were united in marriage last Saturday. Announcements of the wedding have been received by Marquette friends.

Spencer Jacobs, formerly a Marquette resident, Mrs. Jacobs and child are visiting with Marquette friends. They left here five years ago. Mr. Jacobs is now working with the Northern Pacific railway, running between Paradise, Mont. and Spokane, Wash. He resides in the latter city.

Rod Campbell, of Houghton, is here for the consistory of the Scottish Rite Masons, which will close this evening. Mr. Campbell is a former Marquette resident, he having been employed here by the DuPont Powder company, for which concern he is now working in the copper country. He will be in Marquette for about four days.

Died at St. Luke's—Miss Mabel Welland, aged seventeen years, died last evening at St. Luke's hospital after a brief illness.

Rehearsal This Morning—Members of the east for the nineteenth degree of the Scottish Rite are requested to meet in the dressing room of the Masonic temple at 9 o'clock this morning for preparation and a final rehearsal.

Leave for Sand River—Many of the woodsmen, who have been about the city for the past few days, but who were unable to procure work, yesterday afternoon for Sand River and Newberry. Nearly fifty went east on the afternoon train.

Board Finishes Work—D. N. Travis, of Flint, and N. C. Rise, of St. Joseph, members of the boards of pardons, finished the work of a three days' session at the Marquette prison yesterday and left for their homes. They granted only a small number of paroles.

Continued Mild Weather—A continuance of the present spell of mild weather is the prediction of the Marquette weather bureau, although it cannot be said how long the present balmy winds will continue to blow. The past two weeks has furnished the mildest November and December weather ever recorded at the Marquette office.

Wedded at Negaunee—Dr. Thomas M. Cunningham, of this city, and Miss Ruth S. Wells, of Negaunee, were united in marriage yesterday afternoon at 4:30 o'clock at St. John's Episcopal church, Negaunee. The Marquette friends of the couple went to Negaunee by special train, leaving here shortly after 3 o'clock, returning at about 9 o'clock.

Will Choose Representatives—This evening at the city hall a meeting of the grocers, butchers and saloonmen will be held, and each group will elect three men to represent them in the ways and means committee of the Marquette Commercial club. J. C. Gannon, president of the club, will preside at the session, which will be held in the band room.

New Gallery Open—William C. Kepler has moved to his new studio on Front street, north of the Marquette club, and is now open for business there. The equipment of his studio was yesterday moved from his former rooms in the Adams block, South Front street. The second floor of the building will be occupied by Shelby B. Jones, who will today move from North High street.

The Great Nikko Troupe—A clever Japanese acrobatic act, "The Great Nikko Troupe," will be seen at the Marquette Opera House Thursday, Friday and Saturday of this week. Takeo, one of the three members of the troupe, is said to be the only man in the world who can walk on his head. He jumps

down a flight of stairs, step by step, without supporting himself with his hands.

Miss Proudfoot Will Assist—Miss Proudfoot, one of the teachers of the Normal training school, will on Thursday and Friday assist Dr. L. H. Jones, formerly principal of the Ypsilanti Normal, in conducting a Teachers' Institute in Baraga county. Miss Proudfoot will read stories from the "Hiawatha Industrial Reader," of which she is the author, and which is to be published by the Rand, McNally company.

Normal Play Tonight—This evening in the assembly room of the Northern State Normal school, Wm. B. Yeats' Irish drama, "The Land of the Heart's Desire," will be presented by the students in the expression department, under the direction of Mrs. Edlie G. Rushmore. The entertainment will commence at 8:15 o'clock. Preceding the play, there will be a program of Irish musical and literary numbers by the students of the school.

Declaration Is Amended—William P. Belden, of Ishpeming, attorney for the Pioneer Iron company, has filed an amendment to the original declaration in the suit of that company against the city of Marquette for the recovery of \$25,000 in taxes, which will enable the company to carry the suit to the supreme court, provided that it can be shown that there was an invasion of the constitutional rights of the company by the city.

"Freckles" at Opera House—"Freckles," a dramatization of a novel of the same name by Gene Stratton-Porter, was well attended at the opera house last evening. It is neither a powerful nor an impressive play and nothing occurs in its three acts to stir interest to any marked degree, but it tells a pretty, if not important, story, and was seemingly well received. The cast is fully adequate for the play. A Scotch character part taken by Francis Owen was the most worthy piece of acting.

Called First Grand Jury—A Kalamazoo press dispatch says: "The second grand jury called to serve in Kalamazoo county since the settlement of this place in 1829 has begun its investigation. Although the first was thirty-nine years ago, Charles R. Brown, of Niles, who was then circuit judge of this district, is still living. His son, George P., is city attorney in Marquette. Nine indictments were returned by the grand jury thirty-nine years ago for alleged liquor violations."

Concert Tomorrow Morning—The Oriental Scottish Rite Consistory quartette, of Chicago, and their organist and director, consisting of Messrs. Charles M. Kirk, Frank Barnard, William J. Oliver, Arthur Ranous, and W. O. Smith, will give solo and quartette numbers at the Methodist Episcopal church tomorrow morning at 10:30 o'clock. No admission charge will be made, the entertainment being a courtesy to the ladies of the Masonic homes of the city. Ladies who are not connected through relatives with the Masonic fraternity desire to attend, they will be welcome. The program will be brief. The quartette has been engaged for the meetings of the Francis M. Moore consistory and the Ahmed Shrine this week.

ATMOMATIC SPARK ADVANCE.

At the present stage in the development of the motor car more or less attention is being paid to refinements that make the driving of a car simpler and safer. The 1914 Cadillac, for which Asire & Palmer are the agents, has several improvements that illustrate this point. One is its automatic spark advance. Without this device the driver must manipulate his spark lever according to his own best judgment of the engine's requirements. It is not alone a question of speed. Sometimes heavy going puts a drag on the engine that necessitates manipulation of the spark lever. With the device this is frequently nothing more than good guessing. The Cadillac's automatic spark advance takes this task of guessing from the driver and makes the action positive, automatic, according to the engine's needs.

This is accomplished by a ring governor which automatically advances and retards the spark according to the demands of various loads and various speeds. It thus automatically prevents the injuries which are possible by too much advance or too much retard.

INSURE WITH PETER WHITE & CO

TRIFLES AND TROUBLES

If you pay no attention to trifles some day you will have lots of troubles which will demand your attention. The seashore is built up of sands—the mighty ocean of drops—an ear of corn of many grains—the fortunes of our rich men of single dollars. There are no trifles in the universe of God.

TREASURY HEAD MAKES PLEA FOR LIFESAVERS

Pension System Is Urged by Secretary McAdoo—Other Legislation as Well.

Washington, Dec. 3.—In a report to congress today, Secretary of the Treasury McAdoo says that the new tariff law has not been in force a sufficient length of time to make possible an accurate estimate of its ultimate revenue-producing powers. He asks congress to impose a nominal tax of one per cent. proof gallon on all alcohol withdrawn for denaturation. Mr. McAdoo asks also legislation requiring every dealer in leaf tobacco to make an inventory of stock Jan. 1 of each year and make a report of his transactions quarterly or monthly; he requests also that every dealer be required to give bond.

Proposes Flat Nominal Tax on Oleo. The present oleomargarine law is declared to be unsatisfactory and the government is said to lose more taxes from illicit practices in oleomargarine than through moonshine stills. The difference in the tax on colored and uncolored "oleo" is held responsible for the loss and congress is asked to impose a flat nominal tax without any difference for color, with provision for individual stamped or original packages of certain sizes adequately marked and safeguarded. The law governing the sale of adulterated butter is declared to have brought about unfortunate conditions through the difficulty of its just enforcement.

The secretary recommends the construction of four additional revenue cutters and the consolidation of the revenue cutter and lifesaving services into one organization, to be known as the Coast guard. Such a consolidation, the secretary says, would increase the efficiency of each service, with the idea that the new Coast guard should become a first naval reserve in time of war. The increase in cost would be about \$400,000. In this connection, Secretary McAdoo recommends the passage of legislation for the retirement of lifesavers on pension, and declares that unless some such measure is made a law the efficiency of the service will be impaired and it will become increasingly difficult to obtain good men. He gives point to his argument by showing that the average cutter and lifesaving property saved 4,423 lives in 1913 and salvaged property worth more than \$16,000,000.

Wants Cutters for Big Rivers. The establishment of revenue cutter headquarters at Louisville or Cincinnati, at St. Louis or some other point on the upper Mississippi and at Helena, Ark., or Vicksburg, Miss., is urged as a measure for the saving of life in the floods time in the Ohio and Mississippi valleys. Three light draught cutters to cost about \$80,000 each are recommended. With the rivers at normal stage they would be used in patrol to enforce the navigation and motor boat laws.

The report refers to the requirement of April 30, 1913, that banks which hold government deposits pay interest at 2 per cent., declaring that it means an annual revenue of \$2,000,000 to the government and showing that if such a regulation had been made in 1897 the government would now have received in interest more than \$20,000,000. The income tax is not dwelt upon at length, but the report estimates that 425,000 individuals are subject to it and that corporations not heretofore subject to tax will number about 150,000.

Urges Greater Safety at Sea. International action to prevent such disasters at sea as resulted in the sinking of the Titanic is urged. "The important maritime nations should unite," says the secretary, "in defining lanes of travel across the North Atlantic to avoid all danger of icebergs during the months of April, May and June of each year, and compel steamship companies to observe them. This would result in increasing to some extent the time of ocean passages, but it would, on the other hand, insure immunity from the dangers of icebergs during this season. The steamship companies should not be permitted to jeopardize needlessly human life for the purpose of shortening the trans-Atlantic journey by a few hours, at a cost of comparatively few dollars, but if they are they should be compelled to maintain an effective ice patrol at their own cost." The question is to be taken up by the International Conference on Safety at Sea, now in session in London.

Tuberculosis "Cures" Given Test. Speaking of scientific research by the public health service, the report says: "On account of the announcements of discoveries of alleged cures for tuberculosis and their bearing on public health, important investigations of them have been undertaken. Studies of the Friedmann treatment were sufficiently advanced by May 16, 1913, to justify a report that the observations made up to that time did not warrant the confidence in the remedy which had been inspired by wide-spread publicity. The investigation is being continued, as are studies of other preparations claimed as cures."

LOUISIANA SUITS AGAINST BIG SUGAR COMPANY ASK DAMAGES TOTALLING \$100,000,000

New Orleans, Dec. 3.—With the filing in federal court here today of fifty-eight suits against the American Sugar Refining company, asking \$33,879,397 damages under the Sherman law, the total number of cases brought here within the last two weeks against the big sugar corporation was increased to 130, the total seeking damages aggregating more than \$100,000,000. The actions brought today are almost identical with the first suits filed two weeks ago by Wogan Bros., charging the American company with being a monopoly and with having manipulated the sugar market to the detriment of the complainants, all of whom are Louisiana sugar planters, manufacturers or dealers.

DUE CHIEFLY TO BUYING TO COVER SHORT CONTRACTS. PRICES OF STOCKS ADVANCE

New York, Dec. 3.—Trading became animated in the last hour of today's stock market and prices moved up vigorously. The undertone was firm throughout. The final quotations for the representative shares showed gains of two points in some instances. Short cover-

ing apparently was the main factor. Bearish news was ignored. The market has been giving no head recently to the steady outpouring of unfavorable reports concerning industrial and financial conditions, probably because their influence had been discounted.

Grains at Chicago Higher All Around. Chicago, Dec. 3.—Hessian fly damage spreading to Missouri and reports that unseasonable warmth had brought the winter crop in Texas and Oklahoma dangerously near to the jointing stage led to a rally today in wheat. The other leading staples all showed net gain. Closing prices were: December wheat, 87 1/4; the May, 90 1/4; December corn, 71 1/4; the May, 70 1/4; standard oats, 40 1/4.

WITNESS NOT SURE CRAIG WAS THE MAN

Identification in Important Particular Is Not Established at Knabe Murder Trial.

Shelbyville, Ind., Dec. 3.—One of the props fell from under the state's case today when Harry W. Haskett failed to identify positively Dr. William B. Craig as the man he saw coming out of the arcaway of the Indianapolis apartment house in which Dr. Helene Knabe lived on the night of the latter's death, Oct. 23, 1911.

Haskett, testifying at the trial of Dr. Craig for the murder of Dr. Knabe, gave evidence that he saw a man for a few moments, and then said: "He looks like the man." "Later the witness was asked: 'Are you willing to swear positively that Dr. Craig is the man you saw coming out of the passageway?'" "I am not," was Haskett's reply. The state scored a victory when the court admitted the testimony of Dr. Otto Wagner, former superintendent of the Indiana Veterinary college, in regard to a conversation he had with Dr. Craig concerning Dr. Knabe on Sept. 29, 1911. Dr. Wagner declared that he had spoken to Dr. Craig and Dr. A. H. Roberts about giving up their lecture hours at the school on that day, in order to permit Dr. Knabe to address the students. He said that Dr. Roberts had readily agreed. "When I put the question to Dr. Craig," said the witness, "he arose with a show of irritation and said, 'Oh, tell her to go to Hades.' I told him that I could not carry any such message as that."

Dr. Wagner testified that Dr. Craig and Dr. Knabe previously had been good friends. It is said that there are 40 "psychological clinics" in the United States for the purpose of studying and classifying mentally defective children.

H. SPENCER, MURDERER, SCORES SHERIFF BECAUSE EGGS ARE DENIED HIM.

Chicago, Dec. 3.—Henry Spencer, sentenced to be hanged Dec. 19 for the murder of Mrs. Mildred Allison-Rexroat today expressed two desires—one that his body be cremated and the ashes scattered in front of the courthouse, where he was tried; the other for eggs. Owing to the high price of the latter, Sheriff Kahn has eliminated them from the menu of the jail at Wheaton, where Spencer is confined. Spencer upbraided the sheriff for limiting the diet of a man who "has only sixteen days left to eat in."

The prisoner, who was fond of dancing the tango, and thus met Mrs. Mildred Allison-Rexroat, a teacher of the dance, is composing a piece of music for the dance.

WORKS ON INDEX OF STARS.

Miss Cannon, Harvard Astronomer, Cataloging Lights of the Heavens.

Boston, Dec. 3.—When Miss Annie J. Cannon, at the head of the world's biggest star photographic library, completes her three-year task of cataloging star plates at the Harvard Astronomical observatory, the old nurse jungle. "Twinkle, twinkle, little star. How I wonder what you are—" will go out of commission. For Miss Cannon's work, now being awaited with interest by all the great astronomers, will, when finished, tell what the stars are made of, as well as locate and tabulate their motions in the heavens.

Just now there is worldwide interest in the task of this noted Harvard worker, who "dissects" and catalogues 200 star spectra a day, that is 5,000 a month, and who 18 months hence will have completed the indexing of 240,000 stars—all the more visible orbits of the universe.

How the Work Is Done. If you go over to the Harvard observatory on Huron avenue, Cambridge, enter at the rear of the main building and go up a flight of stairs, through the hallway to an office on the right, you will find a little woman with pleasant gray eyes sitting inside, probably at one of the broad, flat-topped desks near a window, bending over a negative photographic plate, placed over a mirror upon which the light of the sky falls. Glean over her shoulder at the markings on this plate and for a minute you will wonder at the curious reproductions that are spread across the developed film substance. They are small, straight, transparent bands, perhaps an eighth to a half of an inch long, in the dark background of the glass, crossed, as you will see, if you look closely, by very fine lines. It is these last tiny lines that Miss Cannon is studying especially. They reveal the constitution of the star whose spectrum they cross.

Each of the little bands is a star spectrum reproduced on the plate by means of a prism, which, when the

Heat Regulator And Time Attachment

Makes Temperature Right DAY AND NIGHT Saves 1-3 to 1-2 your coal bill. One in operation at my store.

E. J. SINK

STEAM & HOT WATER HEATING, PLUMBING ETC. MARQUETTE, MICH.

photograph is taken, is placed in front of the object glass of the telescope to imprint the spectrum rather than the star upon the plate.

Miss Cannon, through her star spectra work, has come to be the most distinguished woman astronomical worker in the world. She was born in Dover, Del., studied at Radcliffe, and 17 years ago became connected with the Harvard observatory. When Mrs. Whilomena P. Fleming died Miss Cannon was appointed to succeed her, and now with 15 assistants she is making the first catalogue ever compiled of all the visible star spectra of the sky.

DR. HOBSON'S OINTMENT HEALS ITCHY ECZEMA.

The constantly itching, burning sensation and other disagreeable forms of eczema, tetter, salt rheum and skin eruptions promptly cured by Dr. Hobson's Eczema Ointment. Geo. W. Fitch of Mendota, Ill., says: "I purchased a box of Dr. Hobson's Eczema Ointment. Have had Eczema ever since the Civil war, have been treated by many doctors, none have given the benefit that one box of Dr. Hobson's Eczema Ointment has." Every sufferer should try it. We're so positive it will help you we guarantee it or money refunded. Price, 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis.

ARKANSAS DIAMONDS.

Since the discovery of diamonds in Arkansas on Aug. 1, 1906, 1,375 stones, aggregating 550 carats, have been found there.

VICTROLAS, VICTROLAS, VICTROLAS

There is no doubt in the minds of the musical world, that the Victrola is the most wonderful piece of mechanism ever invented. Let The Rexall Store Settle Your Christmas Gift Problems

If you knew how more than 7,000 leading druggists in the United States, Canada and Great Britain have organized co-operatively in order to buy and manufacture in enormous quantities, you would understand better why The Rexall Store in your town can sell you the articles shown on these pages at such low prices. Make up your Christmas list from these suggestions, go to The Rexall Store and see the goods. We know that if you do you will want to buy them, because they mean sensible and satisfactory gifts at prices which you can afford.

Sweetness

HERE is a hint to you, gallant gentlemen, and to you, fair maids and matrons, whose slightest preference expressed will govern many a choice of Christmas remembrance—just two words—important to remember and potent in delightful suggestion,

Liggett's Chocolates

Meaning a day or so of pleasure, of sharing with the home folks and friends; this is what makes Christmastide complete.

Liggett's Chocolates are as good as the best and purest ingredients and the skill of expert confectioners can produce.

Liggett's come in a wide assortment of delicious flavors and blends and nut and fruit centers. The chocolate coating is the finest that can be made.

In handsome, ribbon-tied embossed boxes, sold at only one store in your town, The Rexall Store. A few suggestions—ask to see them.

Liggett's Chocolates, Assorted. In pounds up to five-pound boxes.

Liggett's Fruit Cordials, Chocolate Coated. In pounds.

Liggett's Butter Milk Bitter Sweets. In pounds.

Liggett's Mocha Package. In "more than-a-pound boxes.

Liggett's Dutch Box Chocolates. In pounds.

Prices, pounds 80c and \$1.00

Christmas Gifts Week begins today at all THE REXALL STORE

Remembrance

CAN you imagine a more acceptable gift than a great, big, beautiful box of writing paper, a hundred sheets of paper and a hundred envelopes, in white or any one of six different exquisite tints—different sizes for different kinds of letters—all tied with ribbon to match the tints—the whole box enclosed in a glaucine wrapper that keeps it clean and fresh till opened? This is not ordinary, cheap-quality-just-for-holiday-trade paper—it is the

Symphony Lawn Writing Paper

—stylish, of best quality, exquisite in finish and goodness.

Here is a perfect gift—one that will give pleasure and be useful for months to come.

Symphony Lawn is correct from the fashionable viewpoint. Your use of it stamps you as one who possesses refinement and good taste.

You may have Symphony Lawn in clear, pure white, or in the following tints:

Old Lavender, Twilight Gray, Surf Green, Boudoir Blue, Shell Pink, Champagne

—and you may have it in smaller boxes also, if you wish.

Costs you from 50c to \$2.00, according to quantity in the box and style of border you select.

Fragrance

IF you know some one who loves violets, and if you could bring arms and baskets and automobiles full of violets and literally smother her with their soft petals and divine fragrance—then you would not be able to give as much pleasure as you can by a gift of one or several of the

Violet Dulce

Perfumes and Toilet Preparations

Because in them are the lasting fragrance of choicest, freshest violets—their sweetness captured and imprisoned in extracts and toilet waters and sachets, and other dainty toilet accessories, that give pleasure every day throughout the year.

Here, then, is a perfect gift that can give true pleasure.

Violet Dulce is made especially for us in Southern France, under the supervision of our own expert. For a single ounce of the essence from which it is made more than two tons of the wonderfully-sweet Parma Violets are required.

Violet Dulce Perfumes and Toilet Preparations are made in our own perfume laboratories in Boston, which are said to be the finest and most up-to-date in the world.

Some Gift Suggestions:

- Violet Dulce Extract, ounce, 50c. Violet Dulce Sachet, ounce, 50c. Violet Dulce Toilet Water, 75c and \$1.25. Violet Dulce Talcum Powder, 25c. Violet Dulce Complexion Powder, 50c. Violet Dulce Liquid Complexion Powder, 50c and \$1.00. Violet Dulce Complexion Powder (in cake form), 35c. Violet Dulce Dry Rouge (Theatrical No. 18), 10c and 20c. Violet Dulce Toilet Soap, the cake, 25c. Violet Dulce Cold Cream, 25c and 50c. Violet Dulce Vanishing Cream, 50c.

In the Saturday Evening Post on January 10 will appear "Rexall Ad-Vantage No. 5" on Maximun Rubber Goods.

THESE CHRISTMAS GIFTS ARE SOLD ONLY AT

WHEAT FROM ARGENTINA
MUST PAY TARIFF DUTY, IS WASHINGTON RULING.

Washington, Dec. 3.—Hopes that the most of living might be reduced by free importations of wheat, flour and other wheat products from the Argentine republic went glimmering today, when Assistant Secretary Hamlin sent notice to collectors of customs that the retaliatory duty on wheat and its products must be enforced against Argentina and most of the other nations of the world.

Under the new tariff law, wheat and its products are to be admitted free from countries which admit such products free from the United States. Argentina imposes a duty on semolina, a product of wheat, and although both the president and the congress of that nation are understood here to favor a repeal of this provision of their tariff law, that action has not been taken.

300 CANAL PASSAGES.

Sault Ste. Marie, Mich., Dec. 3.—(Special.)—The following boats, up-bound, have passed the canals the past week:

LOST—Young black and tan bound, with white paws and breast; left ear split. Toward. Return to John Trethewey, North Lake. 12-3-13.

Mack, 1 this afternoon; Oliver, 1:30; Hemlock, 2; Allegheny, Hoyt, 3; Cadillac, 4; Paine, 5; Jenkins, 8.

THE MAN WHO NEGLECTS HIMSELF

When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley's Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition. For sale by all Druggists.

RIVAL CLAIMANTS TO ESTATE
SEE "BROTHER" LAID IN GRAVE.

Morose, Mass., Dec. 3.—"Fresno Dan" an "Idaho Dan" each of whom claims to be Daniel Blake Russell, heir to half the estate of the late Daniel Russell, today followed to the grave the body of William C. Russell, the central figure in the famous will controversy and the man whom each claimant called "brother."

"Idaho Dan," whose claim has been denied by both court and family, was not admitted to the house, but followed the hearse to the cemetery.

Ishpeming Department

COUNCIL APPROVES NEBRASKA HILL PLAT

Cleveland-Cliffs Iron Company Has Spent Much Money There the Past Two Years.

The council last evening, acting favorably on a request from the Cleveland-Cliffs Iron company, approved the plat of the Cleveland Iron Mining company's fifth addition, which includes Nebraska hill.

The Cleveland-Cliffs Iron company has spent a considerable sum in the addition the past two years, having rebuilt streets and put in concrete walks and gutters. The plat was approved by a unanimous vote.

The municipal police court had the smallest volume of business in November it has ever reported, the receipts on account of fines and costs having been only \$47.40. The court has had eleven years, and the smallest previous month's receipts were about \$80. The sum collected last month on account of fines was \$13; costs in criminal cases, \$18.14 and in civil cases, \$16. From the total \$13 was deducted as fines paid the county treasurer, leaving the net receipts only \$84.40.

The committee on claims and accounts reported expenditures for November of \$6,043.49, in which was included the official pay roll, \$2,916.94. The bills payable from the different funds and the pay rolls were as follows: Highway, \$37.20; water, \$97.70; sewer, \$21.15; library, \$987.80; cemetery, \$168.35; police, \$4.90; street lighting, \$1,172.06; fire, \$476.92; general, \$399.00. Pay roll: Official, \$1,618.40; highway, \$688.34; water, \$579.28 and sewer, \$39.83.

Mrs. M. E. Smeltz, 228 Houghton street, and Mrs. E. Johnson, 818 Walash street, petitioned the council to be exempted from the payment of water taxes. Both petitions were referred to the committee on water works.

OPENED LAST EVENING.

Fair by Ishpeming Pythians Will Continue Through the Week.

Zenith lodge, Knights of Pythias, opened a four day fair last evening in Braastad's Hall, with several hundred persons present. The room is attractively decorated with dark red and green crepe paper, the booths being trimmed in lighter colors. The booths are filled with fancy and useful articles, purchased from the local merchants, most of them suitable for holiday gifts.

Entertainment features will be introduced each evening. Last night there was a "moonlight dance." It had to be repeated several times, on request. The German band, composed entirely of members of the lodge, directed by Arnt Schoenberg, leader of the Ishpeming and Y. M. C. A. bands, was the center of attraction, both on the street and in the hall. The bandmen pulled off some amusing stunts, especially while playing the comedy selections. The members of the organization are experienced in hand work and some of their selections were admirably played.

Refreshments, including coffee, sandwiches, etc., are being served from one of the booths. Lundahl's orchestra is furnishing music for the dancing, which starts at 9 o'clock, continuing each night until 12.

The proceeds of the fair will be placed in the fund being raised to pay the expenses of the grand lodge and Upper Peninsula Pythian lodge conventions, to be held here next September.

RECITAL SATURDAY EVENING.

A recital will be given Saturday evening at 8:15 o'clock in the Voelker brownstone building, under direction of Leslie Austin. The program will be as follows:

Morning: Dance of the Imps..... Grieg
Dance of the Imps..... Grieg
Miss Lida Bronson.

ATTENDED FUNERAL.

Mrs. Sarah Wallace, of North Third street, arrived home Tuesday evening from Houghton, where she attended the funeral of the late Captain John Drake, who died last week from pneumonia at his home in Hibbing, Minn., after a short illness. Mr. Drake's wife was formerly Miss Wallace, who taught school in Lambolt's years ago, and whose people are well-known in Houghton, where they have resided for years past. Captain Drake was a graduate of the Michigan College of Mines and was in the employ of the Oliver Mining company at Ironwood for four or five years until last spring, when he resigned to take the superintendency of the Bonnett mine at Hibbing. His parents live in California.

CANDIDATES NAMED.

The stockholders of the Ishpeming Co-operative society will hold their annual election Dec. 27, when two directors will be chosen for three-year terms and two auditors for two years each. The nominees for director are John D. Shand and William H. Trathen and for auditor H. H. Oids and W. H. Beckerleg.

ISHPEMING IN BRIEF.

A. W. Myers, of the A. W. Myers Mercantile company, is here from Milwaukee, to remain several days.

Tonight will be the first ladies' night at the Ishpeming Ski club house. A large attendance is expected.

Mrs. Robert H. Shields and son, Robert, of Houghton, are visiting her sister.

HIBERNIANS ELECT OFFICERS.

At a meeting of Division No. 1, Ancient Order of Hibernians Tuesday evening, the following officers were elected for the ensuing year:

President—Dennis Harrington.
Vice President—P. J. O'Brien.
Recording Secretary—P. G. Gleason.
Financial Secretary—Patrick Cronin.
Treasurer—Jerry Harrington.

The installation will take place at the first meeting in January, when the president will announce his appointees for the offices of trustee, sentinel and sergeant-at-arms. A lunch was served Tuesday night.

JONES & LAUGHLINS ENTER THE CUYUNA

Company Will Conduct Operations on Tract Owned by Former Ishpeming Man.

The Jones & Laughlins company has taken an option for an extended period on four tracts of mineral land owned by Thomas Feigh, of Duluth, a former Ishpeming man, in the Cuyuna district. The tract is regarded as one of the most promising in the Cuyuna ranges. The ore contains a higher percentage of metallic iron than most ores in the field and much of it lies so close to surface that it can be mined by steam shovel.

The Jones & Laughlins and other interests have been negotiating for an option on Mr. Feigh's land for some months past.

The Feigh tracts adjoin the Pennington mine on the west and southwest.

The diamond drill reports indicate 3,250,000 tons of ore on the four Feigh tracts. Of this 1,750,000 tons can be taken out by open mining, after stripping 3,125,000 cubic yards of overburden.

The entrance of the Jones & Laughlins company into the Cuyuna field is regarded as a most important development. The officials of the Northern Pacific railroad assisted in securing the option.

In view of the several other deals that have been closed on the Cuyuna range within the past few months, it is thought that the attention of the large furnace companies is being directed more and more to this new source of ore supply. Other large companies that have recently entered that field are the Pittsburgh Steel company and the Inland Steel company, both of which will, within a few years, be extensive producers. Within a few weeks drilling crews have been started at work on the range.

Among the operators now putting down shafts are the Cuyuna-Duluth Iron company, the Cuyuna Mills-Lacs Iron company and the Duluth-Brainerd Iron company. The Cuyuna-Duluth Iron company has sunk a shaft 300 feet, and it is expected that it will produce 200,000 tons next year. The Cuyuna Mills-Lacs Iron company will endeavor to secure an output of 200,000 tons in 1914.

The Jones & Laughlins company will shortly begin preparing for mining operations on the Feigh tract. The shaft will not be started this winter. A considerable tonnage can be obtained next season through open-pit mining and the management will probably direct its attention to the overburden and the construction of buildings, during the winter months.

CHECKER TOURNAMENT.

Unusual Interest Shown in Contests at Y. M. C. A.

The games in the checker tournament at the Y. M. C. A. building are being followed with much interest. Including the games Tuesday evening, the score was 72 to 64 in favor of the "Mugs." The games between Alfred Johnson and Will St. John, who rank among the best players in Marquette county, attracted much attention. Johnson won all three.

The standings of the participants at the close of last week were as follows:

P. W. J. D. P. C.					
Rev. M. M. Allen	21	4	36	1	590
J. H. Williams	15	7	7	1	500
S. Libby	27	14	12	1	535
James Trembath	15	9	6	6	690

W. St. John	6	5	1	1	363
J. A. Nicholls	21	10	11	1	474
Alfred Johnson	6	5	1	1	833

ISHPEMING IN BRIEF.

A. W. Myers, of the A. W. Myers Mercantile company, is here from Milwaukee, to remain several days.

Tonight will be the first ladies' night at the Ishpeming Ski club house. A large attendance is expected.

Mrs. Robert H. Shields and son, Robert, of Houghton, are visiting her sister.

KONDON'S CATARRH JELLY

This fine, old-fashioned, jelly-like substance is made from a snowflake plant, and is the most effective remedy for all cases of catarrh of the bladder, urethra, and prostate. It is a purely vegetable preparation, and is entirely free from any harmful or irritating ingredients. It is a purely vegetable preparation, and is entirely free from any harmful or irritating ingredients.

Mrs. W. M. Argall, of North Fifth street, for a few days.

Miss Bernadette Butler, who spent the past three weeks at Loretto, on the Menominee range, visiting Mrs. C. H. Baxter, arrived home last evening.

Members of Bonnetville chapter, Order Eastern Star, will attend a special meeting of Nequanees chapter this evening. They will leave here on the 7:30 car.

Miss Viola Lidberg, who visited her mother and other relatives here for a week, has returned to Crystal Falls, where she is engaged in the millinery business.

Miss Katherine Burt was given a social surprise by a large number of her school girl friends Saturday afternoon at the home of her parents, Mr. and Mrs. Charles Burt, North Maple street, the occasion being her fourteenth birthday.

The members of the Queen Esther circle of the First Methodist Episcopal church will conduct a sale of fancy articles and candy next Tuesday evening, commencing at 7:30 o'clock, in the church parlors. A program will be given before the sale.

Mrs. J. H. Quinn, of this city, and Mrs. M. C. Scully, of Marquette, arrived home last evening from a visit with the latter's mother in Gratiot, Wis. They returned by the way of Loretto, Mich., where they spent a few days visiting Mrs. C. H. Baxter, daughter of Mrs. Scully.

Miss Minnie Shaney, who a week ago arrived home from Seattle, where she spent a year or more, has since been confined to her room with a severe attack of asthma. Miss Shaney went west to get relief from the trouble and she was free of it until her return to Ishpeming.

The Boy Scouts will meet at the Y. M. C. A. rooms Saturday evening, at 8 o'clock, for supper. Following there will be games in the gymnasium until 8 o'clock, when the floor will be given over to the Y. M. C. A. and Rivals baseball teams. It is expected that about 100 boys will partake of supper.

Peter Saltness, who was for several years employed with the mercantile firm of S. Johnson & Co., leaving here about twenty years ago for Boyd, Minn., is in the city, to remain some time. Mr. Saltness has for years been conducting a retail meat business in Boyd, but before leaving there for Ishpeming he rented the market until May 1.

Officers of the Ishpeming Ski club announce that their offer of \$25 reward for information leading to the arrest of persons damaging their club house will not apply in the case of the damage done there Sunday last. It will, however, be cheerfully paid for information that will pave the way for arrests in cases of all offenses of similar kind in the future.

George Jencke, who accompanied his mother and brother, Clarence, to Chicago the day before Thanksgiving, is confined to the Presbyterian hospital in that city, suffering from stomach trouble. Mrs. Jencke has informed her son Gordon, that an operation will not be necessary, but that George will have to remain in the hospital for at least two weeks.

Charles DeFur and Lillian Estes, presenting a miniature musical comedy skit, will be the vaudeville attraction at Ishpeming theater tonight, tomorrow and Saturday. Tonight's picture program will include a "Western Sister's Devotion," an "Essany" drama; "The Last Crooked Deal," a Lubin drama; "Poker Paid," and "That Isn't John," All Druggists.

SOME ARE NEVER THANKFUL.

There is a difference between a thankful and an unthankful man: the one is always pleased in the good he has done and the other only in what he has received; but there are some men who are never thankful.—A. Monod.

NO STOMACH MISERY, INDIGESTION, GAS, SOURNESS—PAPE'S DIAPEPSIN

Time It! In Five Minutes Your Sick, Nauseated Stomach Feels Fine—Ends Dyspepsia.

Sour, sick, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes stomach distress go in five minutes. If your stomach is in a revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so

needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless stomach preparation which truly belongs in every home.

ARE USING MACHINERY.

Farmers Are Purchasing Many New Implements for Their Places.

J. N. Ikkela, the blacksmith, who is the Negaunee agent for a number of farm machinery houses, reports a larger business in farm implements and machinery during the past season than in any previous year during the past ten.

The farmers are finding out that they can increase their yearly profits by investing in good machinery, which does their work. Mr. Ikkela said yesterday. He has already placed orders for two carloads of machinery to be delivered in the spring. His sales are not confined to the Finnish farmers, but he gets orders from many different nationalities.

The Royal Agricultural Society of Michigan and Palmer this year raised over 15,000 bushels of oats. Three large threshing machines were kept busy during the greater part of the fall.

OFFICERS CHOSEN.

At a meeting of the Blue Lodge, No. 202, F. & A. M., Tuesday evening officers for the ensuing year were elected. An installation will be held jointly with the Negaunee Chapter, No. 108, Royal Arch Masons, either during the latter part of this month or after the first of the year. The Royal Arch Masons will elect officers Tuesday evening. Following are the officers chosen by the Blue Lodge: Worshipful Master—P. S. Wilson. Senior Warden—W. L. Stanaway. Junior Warden—J. J. Houseman. Treasurer—T. M. Wells. Secretary—A. H. Knight.

UNCLE TOM'S CABIN COMING.

Dan McDonald, manager of the opera house, has booked Harmount's Uncle Tom's Cabin company for Monday next. The company carries a band and a concert will be given on the streets in the evening. Harmount's has the reputation of being one of the best Uncle Tom's Cabin shows on the road. A special quartet of colored musicians is carried.

WILL ELECT OFFICERS.

The members of St. Paul's court, Catholic Order of Foresters, will elect officers at their meeting this evening. Plans for a campaign for new members will also be considered. St. Paul's court now has fifty-one members and it is thought the list can be largely increased in a few months.

Upper Peninsula

Will Examine Books of Justices.

Charles D. Symonds, of Powers, former representative of Menominee county in the state legislature and candidate for the senate in the last primary election, has been engaged by a committee of the Delta board of supervisors to make an audit of the dockets of the justices of the county. Attorney Symonds has already undertaken his work at Escanaba. He will examine the dockets of all of the justices of the country for a period extending back six years.

Pioneer Merchant Retires.

E. B. Williams of Ironwood has sold his extensive stock of hardware and stoves to E. A. Gamble and Frank Mroczak. The firm name will be Gamble & Mroczak. The new owners have leased the building for a term of years and will continue the business at the old stand. The sale marks the retirement from active life of one of Ironwood's real pioneers. E. B. Williams went to that city in the spring of 1886, and in May of that year opened his store.

Soo Taxes Higher This Year.

The tax rolls at the Soo have been turned over by City Assessor Ripley to City Treasurer Sam C. Taylor for collection. The city taxes are considerably higher than last year. Last year the total tax on \$1,000 was \$26.85, while this year it amounts to \$32.15, a difference of \$5.30. Not only are the city taxes much higher this year, but also all of the township taxes through Chippewa county. This is due to the fact that the state tax this year is about \$20,000 higher than last year, the county tax \$22,000 higher and the school tax \$9,400 higher.

Lingering Illness Ends in Death.

After an illness of six years, Mrs. Sam C. Taylor, wife of City Treasurer Taylor, died at her home in Negaunee yesterday. Mrs. Taylor suffered from tuberculosis and, although she visited nearly every part of the United States in hopes of obtaining relief, she was unable to find any place in which her condition was much improved. For the past few months she had been failing rapidly and for several days previous to her death she was unconscious most of the time. Before her illness, Mrs. Taylor was popular in church work and society circles. She was thirty-eight years old. Her maiden name was Edie Jane Johnston. Her husband and two daughters, Marjorie and Audrey, aged twelve and eleven years old; two sisters, Mrs. J. H. Elson of Melroe, Ohio, and Mrs. Glenn Darling of Warsaw, Ohio, and two brothers, Herman of Melroe, Ohio, and Charles of Warsaw, Ohio, survive.

Negaunee Department

PROPOSED CHARTER HAS BEEN PRINTED

Will Be Placed in Hands of Voters to Prepare Them for Forthcoming Election.

Negaunee's proposed commission charter will tomorrow be issued in printed form, so that the electors of the city will have an opportunity to familiarize themselves with its provisions prior to the election in February.

Much interest is already shown in the questions raised by the charter. It will be strongly opposed in some quarters, and it is said that certain influential men will do their best to defeat it.

The members of the charter commission did their work with much care, and they believe that if the new instrument is adopted municipal affairs will be handled to better advantage than ever before.

It is provided that the executive and administrative powers and authority of the city shall be distributed between six departments, public safety, finance, water supply, public utilities, streets and public improvements and sewers and drainage.

The mayor is to be the commissioner of the departments of finance and public safety, and the commission, at its first regular meeting after the election of its members, shall designate by majority vote on commissioner to have charge of water supply and public utilities, streets and public improvements and of sewers and drainage.

The mayor, as commissioner of the department of finance and public safety, shall have under his special charge the assessment and collection of taxes of every kind, and the collection of all revenues belonging to the city from whatever source the same may be derived, except as provided in Section 4 of this charter.

Other provisions are: "The commission shall meet on the first Monday in May of each year and appoint by majority vote the following officers: A city clerk, city treasurer, and city attorney, who shall hold their respective offices for one year, or until such time as they may be removed from office by the commission or until their successors are appointed and qualified."

Relating to the saloons is the following section: "The commission may by ordinance limit the number of places where intoxicating liquors may be sold and for which licenses may be issued; the terms and conditions upon which such licenses may be granted; restrict the territory within which said places where intoxicating liquors may be sold, shall be located; prescribe rules and regulations for the conducting of said places where intoxicating liquors may be sold, and the conditions upon which said licenses may be annulled, revoked, or canceled. And may also by resolution prescribe the location of said places where intoxicating liquors may be sold, within the proper territory. All subject to the constitution and the general laws of the state."

LOCAL LACONICS.

W. D. Wendroff spent yesterday in Marquette.

The council will hold its December meeting this evening.

Miss Ella Baker visited with friends in Marquette yesterday.

L. O'Leary, of Hancock, is in the city for a few days on business.

John Pakkainin, of Hancock, spent yesterday in the city on business.

J. J. Summers, of Houghton, was a business visitor in the city yesterday.

Ed Jurvi, of Red Jacket, is in the city on a few days' visit with relatives.

L. C. Renkey and William Birk, of Baraga, visited with friends in the city yesterday.

A three-reel special feature picture, "Twenty Years in Sing Sing," will be shown at the Star theater today.

Miss Mable Jackson and Miss Gertrude Bleer left yesterday afternoon for a week's visit with friends in Detroit.

August Allen, manager of the Star theater, arrived home yesterday morning from a few days' business trip to Chicago.

Mrs. William Kneebone has returned to her home in Republic, after a few days' visit with her mother, Mrs. William Gilbert.

O. L. Raymond and A. G. Gerdel have returned to their homes in Escanaba after spending a few days visiting with Negaunee friends.

Mrs. Baptiste Barasa, who a few days ago was reported as being seriously ill at the home of her daughter, Mrs. Henry Weber, in Chicago, is getting along nicely, and her recovery is looked for.

Mrs. Walter Dunlap and children will leave tomorrow morning for Port Washington, Wis., where they will make their home. Mr. Dunlap, who was for a number of years agent for the Chicago & Northwestern railway at Cascade Junction, was advanced to the agent's position at Port Washington.

YOUNG WOMEN: NUMBER SURPRISING.

The number of young women who suffer with weak back, dizzy and nervous spells, dull headache and weariness is surprising. Kidney and bladder ills cause these troubles, but if Foley Kidney Pills are taken as directed relief follows promptly, and the ills disappear. Contains no habit-forming drugs. For sale by All Druggists.

whenever they shall deem the same a public improvement; and if in so doing it shall be necessary to use or take private property, the same may be taken in the manner provided by the general laws of the state for taking private property for public use. The expense of such improvement may be paid by special assessments upon the property adjacent to or benefited by such improvement, in the manner in this charter provided for levying and collecting special assessments; or in the discretion of the commission, a portion of such costs and expenses may be paid by special assessments as aforesaid, and the balance from the general fund.

"When the commission shall deem it advisable to vacate, discontinue or abolish any street, alley or public ground, or any part thereof, they shall by resolution so declare, and in the same resolution shall appoint a time, not less than four weeks thereafter, when they shall meet and hear objections thereto; notice of such meeting, with a copy of said resolution, shall be published for not less than two weeks before the time appointed for such meeting, in one of the newspapers of the city."

Ward Boundaries Defined.

The new charter defines the boundaries of the five wards of the city as follows:

"The First ward shall embrace all that portion of said city described as follows: All the territory in said city west of Cyr street and west of a line extending through the center of Cyr street north and south to the limits of said city.

"The Second ward shall be all the territory east of the center of Cyr street and the line drawn north and south through the center of the same, and west of Teal Lake avenue, and north of Jackson and Main streets.

"The Third ward shall embrace all that territory south of Jackson and Main streets and east of Cyr street and said line drawn south through the center of the same and west of Teal Lake avenue and west of a line drawn through the center of Teal Lake avenue and extended southerly to the limits of the city.

"The Fourth ward shall embrace all that territory north of Main street and east of Teal Lake avenue.

"The Fifth ward shall embrace all that territory south of Main street and east of Teal Lake avenue and east of the line drawn through the center of Teal Lake avenue and extended southerly to the limits of the city."

Abolishes Board of Public Works.

The provision referring to the board of public works is as follows:

"The board of public works of the city of Negaunee as heretofore existing is hereby abolished and all its rights, powers and duties shall hereafter vest in, and be exercised by the commission of the city of Negaunee, and all regulations of the said board shall remain in full force and effect until amended, altered, or repealed by the commission elected under this charter, and said board of public works shall remain in office until the commission has been elected and qualified under this charter."

Relating to the saloons is the following section:

"The commission may by ordinance limit the number of places where intoxicating liquors may be sold and for which licenses may be issued; the terms and conditions upon which such licenses may be granted; restrict the territory within which said places where intoxicating liquors may be sold, shall be located; prescribe rules and regulations for the conducting of said places where intoxicating liquors may be sold, and the conditions upon which said licenses may be annulled, revoked, or canceled. And may also by resolution prescribe the location of said places where intoxicating liquors may be sold, within the proper territory. All subject to the constitution and the general laws of the state."

WELLS-GUNNINGHAM NUPTIALS YESTERDAY

Popular Negaunee Girl Married to Marquette Man at St. John's Church.

The marriage of Miss Ruth S. Wells to Dr. Thomas M. Gunningham, of Marquette, occurred yesterday afternoon at 4:30 o'clock in St. John's church before a concourse of friends that filled the auditorium. Miss Rena Maitland, of Negaunee, was maid of honor and Frank J. Jenkinson, of Marquette, was the groomsmen.

The strains of the wedding march, played by C. J. Shaddick, of Ishpeming, announced the coming of the bridal party, which entered the church escorted by the ushers, Messrs. Tracey, Garvin and Hyde of Marquette and Joseph Blake, of Chicago. Miss Maitland walked in advance of the bride, who advanced up the main aisle with her father, T. M. Wells. They were met at the altar by the bridegroom and the groomsmen. The impressive Episcopal marriage service, read by Rev. R. T. T. Flicks, the rector, united the contracting parties.

The bride wore her mother's wedding gown, of white satin and brocade velvet. The veil was of tulle, caught up with duchess lace that was worn by the bride's grandmother at her wedding. The bride carried a shower bouquet of lilies of the valley, and the only jewelry she wore was a pendant set with pearls and diamonds, with a platinum chain, a gift from the bridegroom.

The maid of honor was attired in a pink brocade and chiffon gown and black lace hat, and carried Killarney roses.

After the ceremony Dr. and Mrs. Gunningham went to the home of Mr. and Mrs. Wells, where they remained until their departure on the Chicago & Northwestern evening train for a month's honeymoon trip to Pinehurst, N. C.

The bride was born in Negaunee. After she was graduated from the Negaunee high school, she attended Ferry Hall seminary at Lake Forest, Ill. Dr. Gunningham is a Columbia college man and for many years has resided in Marquette, where he has an extensive practice.

Among the guests at the wedding were a large party of Marquette friends, who came to the city by special train.

HAVE GONE TO ITALY.

John Lacasotto, Pasqual Maranca, Conte Leonard, Bucco Romano and Mrs. Margaret Laonville and two children have left for their native places in Italy. They expect to visit in their old homes during the winter months, and all will return to Negaunee in the spring.

NOT BEYOND HELP AT 87.

Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive kidney action and rheumatic pains are all evidence of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Taunton, Mass., writes: "I have passed my 87th birthday, and thought I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case." For sale by All Druggists.

Pulling Against Handicaps

The average man has about all he can do to get ahead without bucking the setbacks to mind and body from

Coffee Drinking

Coffee isn't a food. Anything not a food which is taken into the system makes the eliminative processes work overtime to throw it off. Often the unprofitable thing, when taken regularly, accumulates faster than it can be eliminated, and becomes a destroyer.

Besides, coffee contains caffeine, a subtle, poisonous drug—about 2 1/4 grains to the cup. It is well known that caffeine frequently causes heart trouble, nervousness, sleeplessness and biliousness—serious handicaps to progress and comfort.

If something is hindering your efforts, try the simple test of leaving off coffee ten days and using Postum.

If after a few days you begin to feel better—sleep well, nerves steady up and brain gets clear, you will know how to avoid that kind of trouble.

Postum made only of prime wheat and a small per cent of New Orleans molasses, is a pure food-drink—wholesome, nourishing and delicious. It is absolutely free from caffeine or any other drug.

Postum now comes in two forms.

Regular Postum—Must be well boiled to bring out its delightful flavor and food value.

Instant Postum—(the new form) is a soluble powder. A teaspoonful stirred in a cup of hot water makes a delicious beverage instantly. Add sugar and cream to taste.

"There's a Reason" for POSTUM

Sold by grocers everywhere.

SCHOOLCRAFT REPORTS MOOSE

Deputy Game Wardens See Tracks of Two of the Animals and Trapper Gets Sight of One of Pair—Probably Traveled West from Chippewa County.

Albino Deer Killed by Lower State Hunter Shipped Across Straits—Number of Non-Residents Who Joined Hunt Showed a Large Increase This Year.

The batch of reports received yesterday by W. H. Oates, the state game warden, contained two unusual items of news of interest to the hunters. One was the story of the sighting of a moose in Schoolcraft county, in Crayton township, near Twin lakes; the other was a report of the transfer at the straits of an albino deer shot toward the close of the hunting season by Charles Wallace, of Lawrence, Van Buren county.

The albino was pure white. Mr. Oates is informed, and a perfect specimen. It is a rare thing for a hunter to kill an albino deer, and there are many skeptical persons who insist that "there ain't no such animal," and that all the alleged albinos are given a peroxide treatment, or otherwise doctored out of all semblance to what a white brought up deer should be. But this albino, Mr. Oates is assured, is the real thing. It is understood that it will be mounted, the approved method of disposing of all white deer.

Of the presence of moose in Schoolcraft county there is no less doubt, as circumstantial reports about them have been received from Deputies Leggett and Vizza. The deputies saw tracks of two moose, and they also encountered a trapper who had seen one of the animals. It is believed that the moose found their way into the upper peninsula by swimming from Canada across the St. Mary's river, below the rapids. Moose are frequently seen in Chippewa county, but it is not often that they work their way as far west as Schoolcraft.

Last year, however, a moose was killed in Schoolcraft by a party of lower Michigan hunters, Washtenaw county men. As these animals are protected, when the game wardens learned of it they undertook the task of working up a case against the guilty hunters. It was carried out with great success, and resulted in each of three Washtenaw county men being fined \$100 and costs. It was a pretty expensive moose.

Non-Resident Hunters Increase.

The number of non-resident hunters who visited the upper peninsula this year showed a considerable increase over the record of last season. From his Marquette office State Game Warden Oates issued permits to 151 hunters of this class to send to their homes the one deer they are permitted by law to take out of the state. Last year the aggregate of non-resident hunters was only fifty-six. The increase is, of course, largely to be attributed to the fact that now if a non-resident pays \$25 for the privilege of shooting in Michigan he is allowed to send home a trophy of the chase.

"I regard this as an excellent feature of the law," Mr. Oates commented yesterday. "Most of these non-resident hunters are good sportsmen, and they spend their money freely. They are the class of hunters we should be glad to have take part in the annual hunt, for they will give it an economic significance that will be of great value to the state, if we only keep up our supply of game by wise restrictive measures."

Nearly 4,000 Crossed Straits.

A sufficient number of lower Michigan men crossed the straits for the annual deer hunt to make up a good sized army, judged by Mexican standards. The record kept by Deputy Charles E. Pettit, stationed there during the season, and for some days previous, places the strength of the invaders at 3,942. They represented every county in the lower part of the state, it is said. Their average kill was something better than one deer to a hunter, the count of carcasses sent south having shown 7,826. Mr. Oates is now procuring all the data he can on the kill for the fifteen upper peninsula counties. It is believed to have been something in excess of 10,000 deer.

In a number of respects the season was unfavorable. The prolonged southerly wind made hunting difficult, and furthermore it made it practically impossible to keep carcasses for very long after the deer were killed. Many of the deer shipped long distances were probably spoiled before they were received at their destination, as considerable of the meat was none too fresh when it was sent out.

A. O. H. ELECTION.

The annual election of Division No. 4, Ancient Order of Hibernians, was held last evening in Kosong's Hall. The following were chosen:

President—Ed Connors.
Vice President—Charles Boyle.
Financial Secretary—William Herron.
Treasurer—John J. Boyle.
Recording Secretary—John C. Harrington.

GRINNELL BROS. PIANO BARGAINS.

At present we have in our store five pianos which have been rented, good as new, which may be purchased at exceptionally low prices as follows: Schaefer piano oak case, regular price \$350, now \$275. Huntington piano, regular price \$315, now \$265. Mendelssohn piano oak case, regular price, \$275, now \$240. Clayton piano oak case, regular price \$250, now \$215. Willard walnut case, regular \$230, now selling at \$175. Call and select one of these pianos at a price on very reasonable payments, of \$10 down, \$6 to \$8 per month. Don't delay. 10-3-2t.

The Stafford Drug Co. sell the Genuine Concord Port wine at \$1 for full quart. Sold only for medicinal purposes, a good blood builder. 11-7-4t.

Guaranteed tuning work, repairing, etc. Leave orders at Grinnell Bros. (12-3-4t).

MOMENTO OF BATTLE.

Shattered Shell Picked Up on Field of Juarez Received Here.

Displayed in the window of A. E. Archambeau's store is a shattered shrapnel shell that dealt out death in the recent battle of Juarez, in the revolution in Mexico. It was sent to The Mining Journal as a momento of the battle by John J. Behrendt, a former resident of the city, who now lives at El Paso, Texas.

The shell was something over two inches in diameter and about six inches high. It is now shattered out of all resemblance to its original form as a result of the explosion that hurled its contents of small bullets into the ranks of the Federalists. For it was a Constitutionalist shell, and was hurled at the Federals from a distance of four miles by a Schneider-Carnet rifle, a piece of ordnance of French manufacture. Its calibre was .80 millimeter, and Mr. Behrendt writes: "The loss of life from this one shell was twenty-eight, actual count on the Constitutionalist side." The shell was picked up on the morning of Nov. 25.

GOOD MEN REQUIRED FOR BIG BUSINESS

Large Sums of Money Handled in Marquette Show Size of Municipal Enterprise.

Urging the necessity of enlisting the services of the best men who can be secured for the work to administer Marquette's municipal government, Mr. Hill submits the following statement to The Mining Journal:

To the people of Marquette: This is not merely to the electors of Marquette; it is to all of the people.

The various departments of our city government, including the schools, during the twelve years ending in March last have expended an average of \$227,000 per year. In arriving at these figures I did not have access to the figures for 1908, but I assume that they would be substantially the same as the average of the other eleven.

I call attention to these figures in no critical spirit whatever. I merely wish to indicate the extent of the city's business. The entire of this huge business is now, under the new charter, to come under the control of a single body, the commission, composed of five men. We are all partners in this business. Each section of the city contains some of these partners. It is desirable so far as possible for each considerable section of the city to have one of the partners residing there a member of this governing body.

But we are all partners in one business, not a confederation of a number of groups of partners. Each one is interested equally with every other individual partner, no matter how distantly located in the city. It is not a mere sum of money wisely expended and the most benefit, comfort and safety possible purchased with it.

Were any one of us to choose a manager of a business of such magnitude in which we were interested, we would try to select a man capable of handling such a business. Now capability, to handle such a business consists of two elements, brains and experience.

MEETING A NOTABLE ONE.

Second Gathering of F. M. Moore Consistory Closes Tonight.

What has been one of the most notable Masonic gatherings ever held in this part of the state will close this evening when Scottish Rite Masons from all parts of the upper peninsula, as well as from the lower part of the state, will prepare to return to their homes, following the closing of the second meeting of the Francis M. Moore consistory.

Tomorrow afternoon the annual meeting of Ahmed Temple, Order of the Mystical Shrine, will open. It will bring approximately 300 Shrines to Marquette from all over the upper peninsula.

Last evening the seventeenth and eighteenth degrees, or the chapter of Rose Croix was exemplified and this morning today's sessions will open with work in the degree of the Grand Pontiff. This afternoon the twenty-first degree, or the degree of the Patriarch Noahites, will be interpreted, followed at 3:30 o'clock by the thirty-second degree, or the degree of the Sublime Princess of the Royal Secret.

At 6:30 o'clock tonight there will be a banquet in the new Masonic dining hall in the Colonial building, at which several hundred will be present.

FOR SALE AT A BARGAIN.

One Perkins hand machine.
One Perkins class B cutoff machine.
One Perkins Double knee bolter.
Three Perkins packing frames, all in good condition.
C. HANSEN,
11-13-20-27-12-4. Roseton, Mich.

FOHRMAN CASE IS NOW BEFORE COURT

Prosecuting Attorney Kennedy Makes Sensational Assertion at Opening of Trial.

Alleging in his opening statement to the jury that he had been offered money to drop the prosecution, Michael J. Kennedy, Ishpeming prosecuting attorney, yesterday opened the case of the People vs. James N. Fohrman, of Ishpeming, who is charged with a statutory offense, also felonious assault. The case has been looked forward to with interest by many, owing to the prominence of the persons involved, and the assertion of the prosecutor came as a complete surprise. The jury was impaneled, after the noon recess, not without some difficulty, many of the veniremen having formed some opinion as to the guilt of the defendant.

Bond Forfeited.

The bond of \$2,000 for the appearance of George Weibler, charged with a statutory offense in connection with the Fohrman case, has been forfeited, owing to his non-appearance. The bond was put up by Ishpeming relatives of Weibler. It is said that he has left the state, and his whereabouts are unknown to the officers.

Mursu Acquitted.

Edward Mursu, of Negaunee, tried on the charge of having committed a felonious assault on John Jetter during a drunken brawl some two months ago, was acquitted. The case against Mursu was largely circumstantial, although the preponderance of the evidence was against him. Barney Boyer, Mursu's companion, was found guilty of simple assault, and was released on probation for a term of ninety days. The judge gave him much good advice before he left the court room.

SUPERVISOR COMPLAINS.

Some Townships Not Keeping Roads Open, It Is Charged.

Maintaining that some of the townships in the county did not keep roads open properly during the winter months, in accordance with a resolution passed by the board of supervisors in October, 1912, Supervisor W. S. Ewing yesterday urged the supervisors at their December session to rescind the former resolution and to provide that the county take hold of the work, as in previous years. The resolution to which Mr. Ewing referred was passed on the recommendation of the county road commission, but although some of the townships have looked after the work and have kept the roads open others have seriously neglected it.

J. H. Kaye Re-Appointed.

James H. Kaye, president of the Northern State Normal school, was re-appointed a member of the county board of school examiners.

The expenditures of the county road board for the month of November were as follows:

Poor House account	\$ 798.48
Temporary relief 1st Dis.	434.65
Temporary relief 2nd Dis.	2,049.25
Temporary relief 3rd Dis.	529.09
Total	\$3,811.47

The post house has been put in good condition at a cost of about \$75 and may now be used during the winter months.

GRINNELL BROS. PLAYER-PIANOS.

In purchasing a Player-Piano for your home, you have an instrument that can be operated even by the smallest child and too, one that can be played by hand as well. There are great many very good educational features about the Player that you will not find in the common straight piano, which are quiet essential to those who are trying to cultivate their voice. We are in a position to give you your choice of fourteen different makes of high-grade Players from \$350 up to \$1,000. The largest and most complete line carried by any music house in the state. We will be pleased to have you call at our store and let us demonstrate to you the wonderful trial qualities of these pianos. Courtesy to all is our motto. 12-3-2t.

GUARDING AGAINST CROUP.

The best safeguard against croup is a bottle of Foley's Honey and Tar Compound in the house. P. H. Ginn, Middleton, Ga., writes: "My children are very susceptible to croup, easily catch cold. I give them Foley's Honey and Tar Compound and in every instance they get prompt relief and are soon cured. We keep it at home and prevent croup." For sale by All Druggists.

Particular Men Are Always Welcome at Ormsbee & Atkins

This house of good clothes is known as a store where a man can get what he wants when he wants it.

We're the store for the man who wants to have confidence in the rightness of the clothes he buys.

The store for the man who doesn't judge clothes or bargains by mere printed prices but the sort of suit, overcoat or haberdashery he is offered for his money.

Won't you step in just for a peep at the new winter wearables?
