

REBEL LEADER PICKS UP REINS AT CHIHUAHUA

General Francisco Villa Formally Enters Rich and Populous City and Assumes Military Command Over Much of Northern Mexico—Is Given an Ovation.

In Striking Contrast Is the Arrival of Huerta's Fleeing Officers and Soldiers, and Accompanying Civilians at Border Line—Trail Strewn With Valuables.

Juarez, Mex., Dec. 8.—Assuming military command over a large area of northern Mexico, following the defeat and flight of the federal troops, General Francisco Villa, the rebel leader, today occupied Chihuahua, the state capital, evacuated by Huerta's federal troops. An official report of the rebel leader's occupation of the city with his army was received at the military headquarters here, through a message carried by courier.

The dispatch to Juarez says that General Villa's entry to the city was attended by an ovation, but no great ceremony. Only the usual announcement of a change of government, by the ringing of church bells and the blowing of whistles, took place. General Villa said he would lose no time in preparing for his proposed campaign southward, which he said would extend to the City of Mexico.

Fleeing Caravan at Border Line.

Presidio, Tex., Dec. 8.—The complete rout of Huerta's federal army in northern Mexico, with the frantic flight of his generals for safety on the border and the demoralization of the imperial troops, was established with the arrival today at Ojinaga, Mex., opposite Presidio, of the civilians and soldiers who deserted Chihuahua city.

In the remarkable hezira, which struggled for eight days over the 185-mile trail through the desert and endured great hardships, were General Mercado, Huerta's deposed military governor and commander of the federal troops in the north; General Pascual Orozco, General Salazar and his subordinate officers. They had deserted their posts in fear of General Francisco Villa's rebel army, and virtually had surrendered to the rebels Chihuahua, the state capital, and the largest of the far north cities. Along with them came soldiers with what property they could carry, men, women and children, representing some of the richest families in the republic.

Witnesses viewing the oncoming throng from the hills at Ojinaga reported that the refugees were scattered in a thin line for several miles into the interior and that the dusty confusion of broken-down wagons and disabled artillery and the mingling of disheartened soldiers and famished civilians as they slowly moved over the desert presented a spectacle of despair. The fear of being unable to keep pace with the escorting army, of being lost on the desert, or caught by the rebels, added to the misery of so precipitate a flight and kept the refugees in almost a continuous frenzy.

Many Forced to Abandon Treasures.

The arrival of the caravan in a panic, but unsmothered by the rebels, formed one of the most tragic incidents of the present revolution. Many who had stashed out in vehicles later marched on foot. Scores who attempted to carry their treasures had to abandon them, through weariness, so that their tracks were literally strewn with discarded impediments, clothing, trinkets and valued trinkets which they had hoped to carry to safety.

It was impossible to estimate the number of refugees, but observers said they would total several thousand. Whether the federal officers and the soldiers would attempt to seek refuge in the United States was not made known on their arrival. It was believed that they probably would remain on the Mexican side, so long as they were not pressed by the rebels.

Presidio, Tex., Dec. 8.—The civilian refugees began to cross over to the American side late tonight. On information that the federal troops might attempt to cross, all the United States cavalry at nearby border points came to Presidio, but none of the federals crossed over.

MEXICO CITY HEARS AGAIN THAT PRESIDENT'S FAMILY IS ON ITS WAY TO SEACOAST.

Mexico City, Dec. 8.—Provisional President Huerta's family is again reported to have left the capital. A report, apparently well founded, current here today, was to the effect that the members of the president's household had gone to Guadalupe, the capital of the state of Jalisco, whence it was said they would go to Pacific port of Manzanillo, in the state of Colima.

SHORT LIFE IS PREDICTED FOR PARIS' NEW CABINET.

Pais, Dec. 8.—Senator Gaston Doumergue succeeded in forming a new cabinet today. The cabinet comprises Radicals, Radical-Socialists and Socialists and Moderates. The Paris press receives the announcement of the formation of the new cabinet with disapproval, and predicts a short life for it.

MISSING LAKE STEAMERS ARE BELIEVED TO BE SAFE

Cleveland, O., Dec. 8.—The alarm in marine circles and of the owners of the lake steamers Turret Caps and J. A. McKee for the safety of the ships, reported missing in the storm, was lessened this afternoon when it was learned

that both had passed Port Huron, down-bound, in safety. They have not since been heard from, but are believed to be safe.

WOMAN TAKES HIS DARE; PLUNGES KNIFE INTO HEART OF BALTIMORE SPORTING MAN

Baltimore, Md., Dec. 8.—While seated with a woman companion at a table in a restaurant here late tonight, Joseph Meyers, known in sporting circles as "Buffalo" Meyers, took a knife from his pocket, barefaced his chest and, handing the knife to the woman, dared her to stab him. The woman drove the knife into the man's heart, helped him to the street and then fled. Meyers died shortly afterward. It was said the couple had quarreled earlier in the night.

MICHIGAN-BUILT BOAT CAN TRAVEL FASTER THAN ONE MILE IN A MINUTE

Algonac, Mich., Dec. 8.—An Algonac firm, builders of several Baby Reliance motor boats, has just completed a new model craft which has developed a speed of more than a mile a minute. In its preliminary test, the boat covered a seven-mile measured course in six minutes and twenty seconds. The new boat, which has not yet been named, probably will be entered in speed contests next summer throughout the country.

ARCHBISHOP OF MONTREAL PUTS BAN ON TWO OPERAS

Montreal, Dec. 8.—Monsignor Bruchesi Romo, Catholic archbishop of Montreal, announced today that he had forbidden the production by the Canadian Opera company in his diocese of the operas "Thais" and "Louise." The archbishop objects to "Thais" because in it a monk is made to hold an unseemly affection for a courtesan. "Louise," he contends is objectionable, on the grounds that it deals with free love.

HARRY THAW APPLIES FOR BAIL.

Concord, N. H., Dec. 8.—Harry K. Thaw, who is refusing efforts to extradite him to New York on charges of conspiracy in connection with his escape from Matteawan, applied for bail today. His petition will be heard tomorrow by Judge Aldrich, in the United States court. Sheriff Cruise, who is in charge of New York's case, will appear in opposition. Thaw is at present in custody, pending the decision of the United States court on his appeal for a writ of habeas corpus.

Two Purported Assassins Under Arrest in the Copper Country

Charged With Shooting Into the Painesdale House in Which Three Men Were Killed, Thomas Rossman and Isaac Grassnowich Are in the Custody of Sheriff Cruise—A Double Murder in Similar Manner Narrowly Averted at Mohawk—Mass Meetings to Be Held Tomorrow Will, It Is Indicated, Give the Western Federation Agitators Twenty-Four Hours to Quit the District—The Citizens in Deadly Earnest—Public Funerals of the Victims of the Latest Dastardly Outrage Arranged for Wednesday.

Houghton, Mich., Dec. 8.—[Special.]—Charged with having murdered Arthur and Harry Jane and Thomas Dally at Painesdale Sunday morning, Isaac Grassnowich and Thomas Rossman of Painesdale, arrested last night, were taken before Justice Little at Houghton this evening and arraigned. The men pleaded not guilty. Justice Little set the hearing for Dec. 18th and remanded the pair to the county jail, as the charge against them is not bailable. Sheriff Cruise refused to discuss the details of the shocking tragedy or the nature of the evidence against the men already under arrest. When they were returned to the jail this evening, the two alleged murderers asked that their attorney, E. E. LeGendre, of Calumet counsel for the Western Federation of Miners, be sent for.

The pitch of excitement and enthusiasm for law and order attained by the citizens of Houghton and Keweenaw counties Sunday, following the Painesdale murders, was rather heightened, than lessened today. The entire district is aroused to demand some sort of plan of action from the meetings to be held Wednesday afternoon at various places in Houghton county, notably at the Houghton Amphitheatre and the Calumet armory.

The plan suggested is that these meetings pass resolutions notifying the Western Federation's paid agitators, who are blamed for the outlawry in the copper country, that they have twenty-four hours in which to get out of the region, failing in which they will be put out bodily by the most convenient and quickest means. The citizens are in deadly earnest about this. The cry is, "The agitators must go."

The following are listed as the most prominent agitators at present in the district:

- Yanco Tersich and J. C. Lowmyer, members of the executive board of the Western Federation of Miners.
- Carlo Treseo, Italian orator and red flag advocate; reported under indictment at Paterson, N. J.
- Ben Goggia, alias Goggin, Italian orator and riot inciter.
- Max Oppman, Hungarian agitator.
- Albert Dorosa, Italian agitator; said to possess a New York police record.
- Frank Aalton, Finnish socialist agitator and orator.
- Peter Jeddia, Italian organizer.
- Joseph Rickard, Finnish socialist and president of the Calumet union.
- Mikko, Finnish organizer.
- President Moyer, Vice President Mahoney and Guy Miller, of the executive board of the Western Federation, are not now in the district.

More Disorders Yesterday.

It is stated that at the small meetings held Sunday in Calumet the foreign-speaking orators advised their auditors of strikers that the coming two weeks would be the hardest in the history of the strike. Just what was meant by this assertion is not known, but it is taken to mean that the fortnight now ensuing to be marked by some important development from the viewpoint

SIXTY WOMEN PAY A VISIT TO THE PRESIDENT

Dr. Shaw the Leader of a Delegation That Requests Action by Executive in the Direction of National Equal Suffrage—Callers Not Altogether Discouraged.

Mr. Wilson is Unable to Advise Congress to Pass the Proposed Amendment, but Indicates Sympathy With the Cause—Favors the Suggested House Committee.

Washington, Dec. 8.—Woman suffrage—the question which has vigorously projected itself on the political forum—confronted President Wilson today in the persons of sixty delegates of the National American Women's Suffrage association, the sixty forming a delegation that requested that he use his influence with congress to obtain the ballot for the women of the nation.

The president told his callers that whatever may be his personal views, he had made it a rule never to urge anything on congress that had not been the subject of "organic consideration" by the Democratic party, of which he considered himself the spokesman. The president said that when members of congress consulted him, he would freely give his views, and he added that, having already been asked his opinion about the organization of a standing committee in the house to consider woman suffrage, he had expressed himself in favor of such a committee.

Dr. Shaw Satisfied.

Some of the members of the delegations were disappointed, but some felt encouraged. Dr. Anna Howard Shaw expressed the view that the president's endorsement of the idea of a special committee was all that could be expected. The president nodded pleasantly to the women as they formed a circle around

him and Dr. Shaw stepped forward. Dr. Shaw appealed to the president "in the spirit of justice" to urge upon congress by message to pass an amendment to the federal constitution, to be submitted to the states, that would give women the right to vote throughout the land.

The president listened in silence. He had not been asked for his own views and he did not give them. On the proposal to send a message to congress, he cited his rule of adhering to party policies, intimating that when consulted by members of congress he might give his views freely.

There was a pause, after the president finished speaking, and Dr. Shaw resumed. "Since we are not members of any political party," she asked, "who is going to speak for us? There is no one to speak for us."

"I realize that," interjected the president. "Unless we speak for ourselves."

"And you do that very admirably," rejoined Mr. Wilson, and a general laugh broke the solemnity of the occasion.

"Some Shake Hands, Others Don't."

"I should like to shake hands with as many of you as I can," added the president, and several women stepped forward. Others hung back and drifted out of the office. Those who stayed behind spoke cordially to the president of his courtesy in receiving the delegation, after his illness, and some referred to having voted for him in suffrage states.

JUDGE J. E. OWENS UPHOLDS WOMEN'S UNWRITTEN RIGHT TO KEEP AGE A SECRET.

Chicago, Dec. 8.—County Judge John E. Owens here today formally entered an order that women officials may qualify for office in Cook county, without telling their ages.

"Are you of lawful age is all the question that is necessary," said Judge Owens. "Women from the beginning of time have hesitated about revealing their age, and this unwritten right of women to that secret may as well be observed."

DUE TO A WATER FAMINE, CINCINNATI SCHOOLS CLOSED.

Cincinnati, Dec. 8.—Schools were ordered closed today and great inconvenience is being caused by a water famine, due to the bursting of one of the main supply pipes Saturday. The central portion of the city and many of the suburbs tonight are without water, with an inadequate supply, and the situation is becoming worse.

V. STEFFANSSON SUFFERS LOSS IN FAR NORTH

Staunch Little Whaling Craft of the Explorer, the Karluk, is Adrift in an Ice Pack in Arctic Circle, Its Whereabouts Unknown to Expedition's Leader.

Heavy Gales Spring Up While Many of the Party are Ashore, and in the Morning the Vessel is Missing—Ship is Manned by a Crew of Twenty-Five Men.

Ottawa, Ont., Dec. 8.—Somewhere within the confines of the Arctic circle drifts Viljalmar Steffansson's staunch little vessel, the Karluk, safely frozen in an ice pack. But the leader of the expedition is not with his vessel, and is unaware of its whereabouts, according to a dispatch received from the explorer himself today by the Canadian government.

Steffansson's message states that, believing the Karluk safe in the ice in West longitude 147, fifteen miles off shore, he took a party ashore with him to hunt. This was on Sept. 29. The next day heavy gales sprang up and then a fog. When the weather cleared, the Karluk was not in sight and had undoubtedly been carried away by the wind, which drove the ice pack off shore. So far the search for the Karluk has been unsuccessful, but as there is a crew of twenty-five men on board no anxiety is felt for its welfare.

Schooner Sacks Wrecked in November.

The message received today was dated Oct. 30, from Point Barrow, Alaska, and was sent overland from there to Circle, whence it was despatched on Dec. 5. The message also says: "The schooner Sacks and southern party are safely at Collins point. The schooner Delvidere, with a cargo of freight and provisions, is within

forty miles near the international boundary. I am planning an ice-expedition from the 145th meridian to the McKenzie delta, making surveys and taking soundings for steamer routes."

The power schooner Mary Sachs, which Steffansson said in his message of Oct. 30 was safe at Collins point, was wrecked in the ice off the Arctic coast of Alaska some time previous to Nov. 28, the date on which a letter was received at Nome, Alaska, from the captain of the vessel, telling of her loss. The ice crushed the schooner into small pieces, and all provisions and scientific instruments were lost. The latter gave no details. As nothing was said of any injury to the men on the Mary Sachs, it was presumed that they were safe.

STEAMER RIO GRANDE INCIDENT MYSTIFIES ATLANTIC COAST.

Washington, Dec. 8.—Futile efforts were made tonight by the revenue cutter service and wireless stations along the south Atlantic coast to clear up the mystery surrounding the wireless report, picked up last night, announcing the transfer of 107 passengers from the Mallory liner Rio Grande during a fire at sea yesterday.

Officials of the Mallory line say the Rio Grande carries passengers only in emergencies and could not have aboard such a number as the reports said had been transferred, and that the British steamship Swamora, reported as the rescue ship, was at her wharf in Baltimore at the time.

The revenue cutters Seminole and Onondaga today reported the Rio Grande proceeding under the power of her own steam from Brunswick, Ga., where she is due tomorrow morning. The Seminole's dispatch said: "All safe on the Rio Grande; no more assistance required; under her own steam." That from the Onondaga added: "Information is that the fire on the steamer Rio Grande is extinguished." Neither gave any details of the trouble aboard the liner, nor did they throw any light on the passenger transfer mystery.

PARAGUAY CHIEF GIVES T. R. A RIVER EXCURSION.

Asuncion, Paraguay, Dec. 8.—Colonel Theodore Roosevelt enjoyed a river excursion today, in the company of the president of the republic.

Mrs. Roosevelt in Panama.

Panama, Dec. 8.—Mrs. Theodore Roosevelt, who has been visiting the South American republics with Colonel Roosevelt, arrived here this afternoon from Callao, Peru. Mrs. Roosevelt will view the Pacific end of the canal tomorrow.

Colorado Case Being Investigated.

The indictments against Colorado strikers and the evidence on which the federal grand jury acted, reached the department of justice today, and were at once laid before G. C. Todd, the attorney general's assistant who is in charge of legal proceedings on the case. Todd will have the evidence closely and report to Attorney General McReynolds, who will decide whether it is sufficient to warrant prosecution. In the meantime, warrants have been sworn out for the indicted men, though they will not be served, pending a decision as to the merits of the grand jury's finding that the Sherman act was violated.

Although official comment upon the action of the grand jury was lacking today, it was understood that the department is doubtful if the anti-trust act is the proper resort in this case and is inclined to hold that the regulation of such a strike is a matter for the state authorities and the state courts. While they know that one argument made to the grand jury was that the miners were conspiring to die up interstate commerce, they are not inclined to believe such a contention could be proved.

When the Colorado cases first were brought to the attention of the department by United States District Attorney Kelly, of Denver, and there was talk of indictments under the Sherman act, the department took the position that the grand jury should not be asked to act, unless the evidence warranted a strong case could be made out. Mr. Kelly is a hold-over, appointed by former President Taft in 1912, but there was little disposition tonight to criticize the action of the jury in his district. So far as the officials know, in not pressing for indictments on evidence which Washington was inclined to believe, after a preliminary look, to be insufficient, Mr. Kelly carried out instructions to the letter.

MAIL TRAFFIC BY AEROPLANE IS AN EXPERIMENT PROPOSED BY CONGRESSIONAL COMMITTEE

Washington, Dec. 8.—A practical trial of government ownership of railway mail cars is proposed in a bill approved today by the house postoffice committee. The measure would appropriate \$100,000 to be used by the postmaster general in buying and operating a number of cars, as an experiment.

The committee also voted to report favorably on a bill to appropriate \$100,000 for experiments in carrying the mail by aeroplane.

MR. SMITH, OF MICHIGAN, TESTIFIES IN THE CONTEST INVOLVING HIS HOUSE SEAT.

Washington, Dec. 8.—Representative J. M. D. Smith, of Michigan, Republican, testified today in his own behalf before a house elections committee in the contest being made for his seat by C. A. Carney, Democrat. Attorney General Grant Fellows, of Michigan, counsel for Carney, testified in his behalf before the committee to point out any fraud and detailed what he characterized as discrepancies in the contestant's claims.

SCHOOLS FOR EMIGRANTS IS SUGGESTION IN ITALY

Rome, Dec. 8.—The government was interrogated in the chamber of deputies today regarding the exclusion from the United States of illiterate immigrants, with special reference to what measures it intended to take in the way of a remedy. It was stated in behalf of the government that intervention in the internal affairs of the United States was impossible. It was suggested that the only means to combat exclusion is through diplomatic influence and by establishing schools in Italy for emigrants.

Chicago, Dec. 8.—At a dinner tonight, Mrs. W. W. Kimball announced the purchase of a Rembrandt for \$110,000. The painting was a part of the Budapest collection of the Rembrandts. It was a likeness of Rembrandt's father, and was painted in 1630.

LABOR UNIONS NOT FREE FROM PROSECUTIONS

Immunity Clause in the Sundry Civil Bill Relates Only to a Certain \$300,000 Fund Allowed for Special Counsel, It Is Pointed Out at the White House.

Miners Accused in Colorado of Violating Anti-Trust Law Will Be Proceeded Against, Provided Investigation Shows Case Strong Enough—This Latter Is Doubtful

Washington, Dec. 8.—President Wilson looks upon the recent indictment of officers of the United Mine Workers of Pueblo, Colo., as an answer to the criticisms that the sundry civil bill exempts labor unions from the operation of the Sherman anti-trust law.

At the same time the president made it clear today that the initiative in the prosecution came neither from the department of justice, nor the United States attorney at Pueblo, but was taken by the federal grand jury itself.

When asked if the department of justice would take a hand in the case, in view of the sundry bill's provision exempting labor unions from prosecution through the use of a certain \$300,000 fund, President Wilson recalled to his visitors the memorandum he wrote when he signed the bill and reiterated that the special fund affected was only for employing special counsel and did not affect the ordinary processes of the department of justice.

Colorado Case Being Investigated.

The indictments against Colorado strikers and the evidence on which the federal grand jury acted, reached the department of justice today, and were at once laid before G. C. Todd, the attorney general's assistant who is in charge of legal proceedings on the case. Todd will have the evidence closely and report to Attorney General McReynolds, who will decide whether it is sufficient to warrant prosecution. In the meantime, warrants have been sworn out for the indicted men, though they will not be served, pending a decision as to the merits of the grand jury's finding that the Sherman act was violated.

Although official comment upon the action of the grand jury was lacking today, it was understood that the department is doubtful if the anti-trust act is the proper resort in this case and is inclined to hold that the regulation of such a strike is a matter for the state authorities and the state courts. While they know that one argument made to the grand jury was that the miners were conspiring to die up interstate commerce, they are not inclined to believe such a contention could be proved.

When the Colorado cases first were brought to the attention of the department by United States District Attorney Kelly, of Denver, and there was talk of indictments under the Sherman act, the department took the position that the grand jury should not be asked to act, unless the evidence warranted a strong case could be made out. Mr. Kelly is a hold-over, appointed by former President Taft in 1912, but there was little disposition tonight to criticize the action of the jury in his district. So far as the officials know, in not pressing for indictments on evidence which Washington was inclined to believe, after a preliminary look, to be insufficient, Mr. Kelly carried out instructions to the letter.

STERNE MEASURES NEEDED.

The prompt challenge by the citizenry of the copper country to the cold-blooded murder done by the assassins responsive to the influence of the Western Federation of Miners makes clear that aggressive steps will be taken to rid the district of numerous leaders and their numerous followers.

The Mining Journal believes the time has come when violators of the injunction that the strikers shall refrain from unlawful acts should be dealt with in a manner that will uphold the dignity of the courts and put something of fear of the law in the hearts of men who have no respect for the law that does not arise from fear.

The Mining Journal has realized that any attempt to enforce the injunction by fines or imprisonment would finally result in placing on the county the burden of holding in custody hundreds of violators. And this would be a difficult task to do.

The Mining Journal is not in sympathy with radical conduct by the courts. It does not believe they should ally themselves with either faction in a labor dispute. It does not believe that, as was done in Paterson, N. J., the courts should seek to revive a statute to punish labor leaders, and it believes that courts should rule liberally on all questions involving the rights of assemblage and of free speech.

Judge O'Brien has given abundant trial to the easiest and most complacent manner of dealing with the men who have assailed the dignity of his court. It has failed. Unless the judge is to have a considerable responsibility for future disorders in the counties within his jurisdiction it appears that he will now have to resort to stern measures in the hope that they will prove more efficacious in discouraging crime and the impudent flouting of the tribunal of which he is the responsible head.

It will require a careful reading to warrant a final opinion as to the comparative value of the majority report of the Democrats with reference to the lobbying probe and the minority report of Representative MacDonald, but there is that in the brief news announcement of the latter's findings to suggest that they will include some pertinent observations that it would be too bad not to have embodied in the record.

STATE PRESS

They are investigating the hook worm in South Carolina. But what really ails South Carolina is Governor Blewett—Port Huron Times-Herald.

There is a story going around to the effect that the managers of the Panama exposition in San Francisco have rented the bones of Columbus and will bring them from Santo Domingo for display at the world's fair. This is probably a fake originally by some alleged joker.

Twenty-three Pennsylvania cities yesterday passed from the old council plan to the commission form of government. Bad news for the aldermen of Michigan cities. The movement grows by leaps and bounds.—Adrian Times.

If the senate does not stuff the president's stocking with the currency bill it is to be "kept in" at Christmas. A true schoolmaster's penalty.—Kalamazoo Gazette.

The resignation of Mayor Shanks of Indianapolis awakens no regrets in the hearts of the potato combine, though it may cause a perceptible sinking in the stomachs of the poorer classes in that city.—Jackson Patriot.

The White House bridegroom did not lack friends, as a barrel of apples, and one of potatoes were included in the gifts.—Pitt Journal.

STATE POLITICS.

Announcement is made that L. D. Dickinson, of Eaton county, is a candidate for lieutenant governor in the primaries of 1914. Mr. Dickinson was formerly a state senator and before that a representative, and in 1910 he was a candidate for lieutenant governor, along with N. C. Rice, of St. Joseph, now a member of the state board, and J. Q. Ross of Muskegon. The "wet" vote was generally cast for Ross and he won the divided field, though it is recorded that Mr. Dickinson carried forty-seven of the eighty-three counties of the state.

Mr. Dickinson was interested in primary law legislation, and stood for progressive measures. He favored the nomination of Colonel Roosevelt in 1912, but remained regular after the split. He is a man of excellent ability, is well thought of below the straits and it is expected that his wide acquaintance will make him an important factor in the primaries.

A Washington story reports Postmaster General Barleson as tearing the mask off the Michigan patronage situation by the Michigan Democratic National Committee. The Democratic national chairman, is insisting that the terms of an agreement which he reached with E. O. Wood, national committeeman for Michigan, while the Baltimore convention was in session, shall be carried out.

The G. O. M. and Mrs. Gladstone were the guests of a pious Quaker family, and one morning Mrs. Gladstone, reacting the breakfast-table first, found her hair, she said, "just about as white as around, and I knew I'd be drowned if I didn't jump in after him. So I did and swam out to him, and turned him over to make sure he wasn't Lloyd George, and then pulled him out."—New York Evening Post.

The present condition of unrest in regard to Ireland reminds me of a similar time many years ago, says a correspondent in the London Daily Citizen, which everybody was on the verge of expecting to know the intentions of the Gladstone cabinet.

"The G. O. M. and Mrs. Gladstone were the guests of a pious Quaker family, and one morning Mrs. Gladstone, reacting the breakfast-table first, found her hair, she said, "just about as white as around, and I knew I'd be drowned if I didn't jump in after him. An Example for Wives. The present condition of unrest in regard to Ireland reminds me of a similar time many years ago, says a correspondent in the London Daily Citizen, which everybody was on the verge of expecting to know the intentions of the Gladstone cabinet.

Hunting News. In Connecticut a hunter mistook a boy for a plover and peeped him with shot. Some of those Connecticut boys must be fearfully and wonderfully made.—Cleveland Plain Dealer.

True. Atlantic City's mayor wants everybody to stop eating eggs until the price drops. By that time the fruit will surely be ripe.—New York Tribune.

Ob, Very! However awkward he may be, a bridegroom is necessary at a wedding.—Chicago News.

Aeronautical. French aviators continue to loop loops and describe vertical circles. French undertakers continue to look for increased business.—Chicago Record Herald.

Musical Hint. "A girl in a Milwaukee school of music strikes a perfect high G." Still almost any girl can do that when a mouse is in sight.—Cleveland Leader.

Scientific Lore. A scientist states that there are 2,400 varieties of snakes. Counting the Scotch plaid kinds, that always dance attendance on pink elephants.—Cleveland Plain Dealer.

Mean Thing! When a fellow tells a girl he's ready to die for her, it's mean for her to tell him to go to hell.—New Orleans Picayune.

Wisconsin's Plight. In Wisconsin a would-be normal school pupil was asked in the entrance examination: "Who is Jane Addams?" She wrote: "Jane Addams is a famous actress." Just see what Senator LaFollette has done for the state.—Chicago Inter Ocean.

Overwhelming Trade. Business had been bad at the crossroads grocery. Bankers may talk about the state of industrial depression in their national conventions, but nothing could be much worse than the way Mr. Briggs' best customers all seemed to have abandoned him.

Harq to Please. A good story is told of Provost Hawkins, an old son of Oxley college, Oxford, who was never happy unless he could find some fault to criticize in the undergraduate who came before him.

Pape's Diapepsin Ends All Stomach Distress in Five Minutes—Time It! If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula printed on each of the fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapepsin" is harmless; tastes like candy, though each box will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever get it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

The Hon. Gus Gardner, of Massachusetts, has changed his mind about not running for congress again and steering his political career with the sole purpose of running for governor in 1914. He has announced that he will stand for his present seat. He was doubtless helped to this decision by the apathy with

The Quickest, Simplest Cough Remedy. Easily and Cheaply Made at Home. Saves You \$2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 hours. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly, takes a teaspoonful every one, two, or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in guaiac and other natural healing elements.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada. It is applied to the throat by means of a sprayer, but never successfully, or money promptly refunded, goes with this preparation.

Announcement is made that L. D. Dickinson, of Eaton county, is a candidate for lieutenant governor in the primaries of 1914.

Mr. Dickinson was formerly a state senator and before that a representative, and in 1910 he was a candidate for lieutenant governor, along with N. C. Rice, of St. Joseph, now a member of the state board, and J. Q. Ross of Muskegon.

The G. O. M. and Mrs. Gladstone were the guests of a pious Quaker family, and one morning Mrs. Gladstone, reacting the breakfast-table first, found her hair, she said, "just about as white as around, and I knew I'd be drowned if I didn't jump in after him. So I did and swam out to him, and turned him over to make sure he wasn't Lloyd George, and then pulled him out."

Another Georgia town has voted in favor of saloons. If we are going to stand for our women folk wearing slaw skirts and slit skirts and transpire skirts and our younger women learning to dance the tango, the bunny hug, the bear dance, the half center, the buzzard hop and the puppy huddle, and so on down the line, then the men folk might just as well have their saloons and the whole pluck go to hell together.

Governors in the Making. Lansing is rapidly developing opinions about candidates for governor in 1914. Lansing is always developing opinions.

The quarterly report of the city treasurer was presented and read by the committee on finance and taxation.

On the Way Together. Another Georgia town has voted in favor of saloons. If we are going to stand for our women folk wearing slaw skirts and slit skirts and transpire skirts and our younger women learning to dance the tango, the bunny hug, the bear dance, the half center, the buzzard hop and the puppy huddle, and so on down the line, then the men folk might just as well have their saloons and the whole pluck go to hell together.

Overwhelming Trade. Business had been bad at the crossroads grocery. Bankers may talk about the state of industrial depression in their national conventions, but nothing could be much worse than the way Mr. Briggs' best customers all seemed to have abandoned him.

Harq to Please. A good story is told of Provost Hawkins, an old son of Oxley college, Oxford, who was never happy unless he could find some fault to criticize in the undergraduate who came before him.

Pape's Diapepsin Ends All Stomach Distress in Five Minutes—Time It! If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula printed on each of the fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes.

MILLIE MINE LEASE AND EQUIPMENT FOR SALE AT AUCTION. ON DEC. 29TH, 1913, AT 10 O'CLOCK A. M., AT THE MINING OFFICE ON M. PROPERTY, IRON MOUNTAIN, MICHIGAN.

This valuable property, comprising 60 acres of ore bearing lands is bounded on the north by the Chapin mine, and on the east by the Wagoner mine. These lands are well known mines having developed large bodies of Bessemer and non-Bessemer ore up to and including the 100-foot level, and recent reports estimate that large quantities of ore can be obtained from the Millie from these levels within the life of the lease, which expires in 1918.

Responsible purchaser may distribute 75 per cent of payments semi-annually over three years. For particulars address J. MCGREGOR, Superintendent, the Dessau Mining Company, Iron Mountain, Mich. 12-4-tf

Minutes Mean Dollars IN TREATING ANIMALS. Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that every hour counts when a horse is in pain.

Minutes Mean Dollars. Humphreys' Veterinary Remedy. This is just how Humphreys' Veterinary Remedy is made. It is made from the best of the most valuable medicinal plants and minerals that God has put upon this earth.

Copper Country

SILVER TROPHY FOR BEST HOCKEY TEAM

James MacNaughton's Gift Will Be Emblematic of the United States Championship.

Charles E. Webb of Houghton, president of the American Hockey association, the new governing organization for amateur hockey in the United States, yesterday announced the tender of a silver cup trophy, to represent the championship of the association, by James MacNaughton, vice president and general manager of the Calumet & Hecla Mining company.

Mr. MacNaughton made the tender more than a month ago, but it was not announced by the association for various reasons. The tender was accepted at that time.

The donor has left entirely with the governing board of the association all details regarding the style of cup and the conditions under which it is to be played for. In effect, Mr. MacNaughton said: "Pick out a suitable cup and send me the bill."

Mr. Webb said that Mr. MacNaughton intimated that he would be anxious to invest not less than \$1,000 in the trophy, because he would want the cup to be one worthy of the honor that its possession will represent. With this carte blanche, the board of governors of the association is proceeding. The cup will be designed specially and the rules governing the play for its possession will be in accordance with the best sporting and hockey traditions.

Mr. Webb was not prepared to say yesterday just when the cup would be manufactured and delivered.

SUPERVISORS MEET TODAY.

The December meeting of the Houghton county board of supervisors will be held this morning in the county building. The board will take up the matter of redistricting the county into legislative districts.

It is not unlikely that at this meeting Sheriff Cruise, in line with his expression at the Calumet indignation meeting, will ask the county board to authorize extraordinary expenditures to suppress disorder by strikers.

HANCOCK BOWLING SCORES.

Indications are that new records in the Hancock bowling doubles will be established this month. The bowlers are getting more in trim. December scores are:

Pelto, 602; Silven, 329; total, 1,132.
 Hood, 597; Pelto, 611; total, 1,118.
 Frenette, 580; Pelto, 582; total, 1,162.
 G. Mitchell, 544; C. Silven, 328; total, 1,172.
 Rodde, 542; G. Mitchell, 508; total, 1,350.

FIRST LECTURE IS SET FOR FEBRUARY

Copper Country Schedule for the University Extension Course Is Approved.

Superintendent John A. Doelle of the Houghton schools, acting for the Copper Country Superintendents' Round Table, has submitted to Professor W. D. Henderson, manager of the University of Michigan extension lecture course, a schedule of the dates for lectures in the copper country. Professor Henderson yesterday approved the schedule.

The schedule includes lectures by Professor Henderson and Professor Robert M. Wenley. It follows:

Professor Henderson:
 Monday, Feb. 2, evening, L'Anse.
 Tuesday, Feb. 3, evening, Houghton.
 Wednesday, Feb. 4, afternoon, Painesdale.
 Thursday, Feb. 4, evening, Hancock.
 Friday, Feb. 5, afternoon, Dollar Bay.
 Friday, Feb. 6, afternoon, Calumet.
 Friday, Feb. 6, evening, Lake Linden.
 Professor Wenley:
 Monday, March 30, evening, Hancock.
 Tuesday, March 31, afternoon, Houghton.
 Wednesday, Apr. 1, afternoon, Painesdale.
 Wednesday, Apr. 1, evening, Calumet.
 Thursday, April 2, evening, Lake Linden.
 Friday, April 3, evening, L'Anse.

The selection of these lecturers is made because they have been in the district before and so pleased the public that it was decided to invite them again, in the hope that their former pleasing impression might have the effect of increasing interest in the course.

Professor Henderson lectures generally on psychological subjects. Professor Wenley is one of the most noted philosophers in the United States. Both men are eloquent. Their subjects have not as yet been announced.

ODD FELLOWS ELECT OFFICERS.

Pilgrim Lodge Chooses Heads for the Coming Twelvemonth.

The following officers were elected at the annual meeting of Pilgrim lodge, Independent Order of Odd Fellows, of Houghton:

Past Grand—Paul Carah.
 Noble Grand—John Wallen.
 Vice Grand—Cy Wedge.
 Secretary—William Snowden.
 Financial Secretary—Edmund F. Major.
 Treasurer—Edward Stockett.
 The trustees will be elected in the latter part of December.

SPEAKS A WORD FOR TUCKER.

Capt. McCormick Says Fellow Livesaver Merits Equal Praise.

Though Captain Thomas C. McCormick, keeper of the Portage Lake life-saving station, has not as yet received the letter of commendation written him by Secretary of the Treasury McAdoo, he has been advised through unofficial channels of the action of his chief and he says that the pleasure he will take in its receipt will be lessened if Captain Charles Tucker of the Eagle Harbor station is not shown the same appreciation.

The act for which Captain McCormick and his crew are commended by the secretary of the treasury was the rescue of the crew of the steamer L. C. Waldo, which went on Gull rock in the big storm early in November. The Waldo still is on the rocks and may eventually be a total loss. Captain McCormick said yesterday: "I will not be satisfied if Captain Tucker does not get the same praise. I believe in giving the other fellow his due, and Tucker had as much to do with the rescue as I did. As a matter of fact, Tucker did well to be at the scene at all, as he has a mighty hard place to get out of at Eagle Harbor."

Captain McCormick said yesterday that the storm of Sunday was as bad as the big storm in which the Waldo was wrecked, the wind attaining a velocity of sixty miles an hour. He says it is fortunate that practically no shipping is out on Lake Superior or there might have been a repetition of the disasters. Captain McCormick is now awaiting orders to close his station for the winter.

WILL PLAY GOLF INDOORS.

Portage Lake Club Equipment Is Installed at Houghton.

Harry Flora, professional instructor for the Portage Lake Golf club, yesterday fitted up in the basement of the Masonic temple at Houghton the club's indoor golf game, and it will be ready for the players this morning. Mr. Flora says that this game gives the players the same opportunity as the outdoor game, all but the walk. He speaks of it as particularly adapted to teaching golf to women. As the long walks of the regulation course are not necessary women may learn the fine points of the game without fatigue and one winter's course at the indoor game is guaranteed to make out of any woman such an ardent devotee that thereafter she will not mind the walk on the outdoor course in the least.

With this indoor game every play in golf is possible. The equipment consists of a canvas net with nine numbered pockets, permitting straight and angle drives and long and short drives. The pockets are arranged in three series of three. Obviously it requires a longer

FREE

FOR A FEW DAYS ONLY

A Genuine FRENCH BRIAR PIPE

To Every Purchaser of a 50 cent Glass Humidor of LUCKY STRIKE Tobacco

This FREE pipe is unusual! Made of imported French Briar Root, finely grained, and polished to a wonderful, satin smoothness. Bit is the very best vulcanite. Easiest pipe in the world to "break in" and grows sweeter every day you smoke it. (Only one to each customer.) The LUCKY STRIKE Humidor jar, of beautiful crystal glass, is the handsomest, most practical tobacco container ever designed. Nickeled clasps (an exclusive patented feature) insure top being always tightly in place. The hollow top contains the sponge. When emptied of LUCKY STRIKE, present the empty jar to your wife. Its artistic design, beauty and utility will make it a welcome addition to her dressing table.

LUCKY STRIKE

Roll Cut Tobacco

LUCKY STRIKE has given greater delight to more millions of smokers than any other tobacco in the world—because it has been the best for fifty years. Men wise in experience will tell you they've stuck to LUCKY STRIKE all their days because nothing ever equaled LUCKY STRIKE fragrance and flavor. And nothing ever can, because LUCKY STRIKE—the original Burley brand—is the pick, the absolute unqualified best—of the world's supply of Burley tobacco. Millions of smokers now use LUCKY STRIKE in cigarettes, "rolling their own" and getting new, hitherto unknown delight. The enormous use of LUCKY STRIKE for cigarettes is due to the discovery by smokers everywhere that it gives the only true tobacco taste, a rich spicy fragrance and sweet, clean flavor, which prove a revelation after ready-made cigarettes.

In 5c and 10c tins, and 50c and \$1.00 Glass Humidors

FREE

Dealers have only a limited supply of these French Briar Pipes and cannot obtain more; so don't delay or you may be disappointed. Look today for Free Offer sign in dealer's window—get a 50c Glass Humidor of LUCKY STRIKE—and ask for French Briar Pipe Free.

THE AMERICAN TOBACCO COMPANY

Special Notice to Dealers: We want every dealer in Marquette to be supplied with these French Briar Pipes. All dealers who have not yet secured a supply of these French Briar Pipes can do so by telephoning Otto J. Saichek at the Clifton Hotel between 12:30 and 1:30 P. M. today. Phone No. 53.

drive to put the ball in one of the upper pockets as the course of the ball is higher in a long drive. Having attained a pocket with a drive the player finds on that pocket printed directions for the number of shots with other clubs that are required before the putt. All shots but the putt are toward the net. The putting course is a strip of carpet, the hole being sunk in the floor at the end of the course.

The whole course, which is twenty-five feet in length, is enclosed in a mesh net to protect walls and to keep the balls out of the "rough."

SERVICES WELL ATTENDED.

Feast of the Immaculate Conception Celebrated by Catholics.

An early mass for the benefit of workmen and a high mass at a later hour for others were celebrated yesterday morning in the Catholic churches of the copper country, in observance of the Feast of the Immaculate Conception. Both services were well attended, the sacrament of holy communion being received by scores of people. In their Sunday sermons the priests had placed special emphasis on the importance of the occasion and urged their parishioners to attend.

Special Jubilee Ended.

Midnight last night marked the completion of the observance of the jubilee decreed among the Roman Catholic churches of the world by Pope Pius in commemoration of the edict of freedom granted the church by the Roman emperor, Constantine the Great, whereby persecution of Christians was forbidden. The jubilee began the first Sunday after Easter. By yesterday—all members of

the faith who could possibly do so had visited the churches and made the jubilee, which consisted of a certain number of visits, going to confession and receiving communion. Prayers for the pope and the intention of the church also had been prescribed, as well as the giving of alms to charity. For those who observed the requirements a special indulgence was granted. Hundreds of Catholics in the copper country joined in the celebration. Many who could not make the jubilee early in the year did so yesterday and this morning they will receive holy communion.

Mining News

ANACONDA.

The Berkeley mine of the Anaconda, which had been closed for some time for repairs, has resumed operations, after having received a general overhauling. The West Steward, has been closed down and it is likely that it will be three months before it again starts up. The engine and machinery will be gone over and put in first-class condition. The West Steward was producing 600 tons of ore a day and this amount will be fully made up by the Berkeley and some of the other mines. A large amount of work is going on in and around the Washoe smelter in the way of improvements to further increase the capacity of the plant and a reduction in the cost of treating the ore. Work on the construction of the slime concentrating plant is also in progress, but it will be next spring before the slime concentrator will be ready for operation. The three buildings to be erected will be of steel and the greater part of the material required is now on the ground.

BUTTE-BALLAKLAVA.

President I. Freimuth, of the Butte-Ballaklava Copper company, in a statement to stockholders, says: "Having effected an amicable settlement of the litigation between the company and the Anaconda Copper Mining company relative to the ownership of what is known as the 'Jesse' vein, I wish to state that shortly after I was elected to the presidency the Butte-Ballaklava company began an investigation into the litigation pending between the company and the Anaconda. I became satisfied that the directors and the stockholders, as well as the public, had not been correctly informed and that there in fact existed a serious controversy as to the ownership of the principal vein of the Ballaklava mine. As a result of this investigation I decided to open negotiations with the

"A Shine In Every Drop"

Get a Can Today

Anaconda the result of which has been to effect a compromise. I consider this compromise eminently fair to both companies, as there not only existed a serious doubt as to the ownership of the vein but the physical conditions of the vein were such that only by the expenditure of a large amount of work could the true facts be ascertained and even then the results of litigation would be doubtful. My investigation has completely satisfied me that the Anaconda company acted in good faith in making a claim of ownership to the disputed vein and instigating litigation. I am satisfied that neither the Anaconda company nor any of its officials took any action in the matter which was either unjustified or which they could have avoided, and that

any representation that the company or its officials had any ulterior purpose in view to injure the Ballaklava company or deprive it of any property that rightfully belonged to it or by the manipulation of the stock market or otherwise to gain any advantage, was wholly unfounded and unwarranted."

GUARDING AGAINST CROUP.

The best safeguard against croup is a bottle of Foley's Honey and Tar Compound in the house. P. H. Ginn, Middleton, Ga., writes: "My children are very susceptible to croup, easily catch cold. I give them Foley's Honey and Tar Compound and in every instance they get prompt relief and are soon cured. We keep it at home and prevent croup." For sale by all Druggists.

They will gladly tell you what relief it gives from Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Dr. J. J. Gordon, a well-known Detroit physician, says: "Musterole is invaluable in my practice and my home."

Get MUSTEROLE Today for Lumbago!

It's an amazingly quick relief. And it's so easy to use.

You just rub MUSTEROLE in briskly, and presto, the pain is gone—a delicious, soothing comfort comes to take its place.

MUSTEROLE is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Doctors and nurses use MUSTEROLE and recommend it to their patients.

Surety and Purity in Your Baking

That's what you want, and that's what Calumet is guaranteed to give you—

It is sure in perfect leavening and raising qualities, in wholesomeness, in purity.

Perfectly raised, melting-tender biscuits, cake, muffins, griddle cakes, are bound to result from its use.

Calumet goes farther than other baking powders—and it's moderate in cost.

Insist on it at your grocers.

City Brevities
 Today's weather: Generally fair with slowly rising temperatures. Yesterday's temperatures: Seven a. m., 21 degrees; noon, 31; 7 p. m., 29. Highest, 34 degrees; lowest, 19.
 Arlington Ham went to Ishpeming Sunday, visiting at his home there.
 W. H. Needham, of Big Bay, was a Marquette business caller yesterday.
 The Visiting Nurse association will meet this afternoon at 3:30 o'clock in the Harlow block.
 A wolf bounty was paid yesterday morning by the county treasurer to Richard Nyman, of Republic.
 The Royal Neighbors will hold a meeting this afternoon, when officers will be chosen for the ensuing year.
 Miss Christine Plaa returned yesterday morning from Ishpeming, where she spent the week-end at her home.
 Miss Edna Lindstrom, who has been visiting with Ishpeming relatives and friends, returned to Marquette last evening.
 The monthly meeting of the superintendents of the poor will be held this morning at 11 o'clock at the court house.
 Mrs. Thomas Devonshire returned to the city yesterday, after spending the week-end in Munising with her husband and friends.
 Nels Cadarette, engineer of the South Shore railway, left last evening for his home in Duluth, having spent the past few days here.
 A meeting of the Marquette council, Knights of Columbus, will be held this evening in their lodge rooms, in the Doncker's block.
 Miss Ethel Warnberg, of Ishpeming, who visited over the week-end at the home of Andrew Forbes, Front street, left for her home yesterday morning.
 St. Paul's Guild will hold its annual sale of fancy articles, rugs, homemade cooking and novelties Thursday afternoon from 3 to 6 o'clock. Tea will be served during the afternoon.
 Miss Anna Murphy, of Ishpeming, who has been visiting Mrs. Christ Meyers for the last two weeks, will return to her home this morning. She will be accompanied by Mrs. Meyers, who will visit in Ishpeming.
 The exhibit of the state board of health at the Peter White public library was removed yesterday and shipped to another upper peninsula city. The exhibit was viewed by many Marquette persons.
 Red Cross legion, No. 209, will hold a card party following its regular meeting Thursday evening in the Owl's hall. Card playing will begin at 8:30 o'clock. There will be dancing and refreshments. The public is invited.
 The weekly story hour for children from the first to the fourth grades will be held at the Peter White public library this afternoon at 4 o'clock. Thursday there will be a story hour for children from the fifth to the eighth grades, inclusive.
 A feature picture—The Grand theater is today offering "The Battle of Fort Laramie," a feature picture in two reels, depicting the Indian attack on the fort. A Pathe weekly is included in the day's program.
 Invitations Issued Today—Invitations for the second of the series of dancing parties to be given by the Marquette lodge of the Knights of Pythias in Fraternity hall on December 17 will be issued today.
 Price Correction—A typographical error in an advertisement of the Paris Fashion yesterday morning gave the selling price on \$7.50 kimonos as \$1.19 and \$1.50 serpentine crepe kimonos as \$2.50. The correct prices are printed in the Paris Fashion advertisement this morning.
 Preparing Liturgical Mass—Professor August Espe, who is directing the choir at St. Peter's cathedral, is preparing a liturgical mass for Christmas, in obedience to instructions from Rome. The organization of a male choir, the first of its kind here, has recently been completed.
 D. A. R. Meeting—Marquette chapter, Daughters of the American Revolution, will meet this afternoon at the Peter White Public Library. The work of the chapter this year, has been largely sociological. At today's meeting Mrs. Beaman will speak on "Child Welfare; Labor and Legislation."
 Opens Two Nights' Engagement—The Hematite City Four, an Ishpeming male quartette, which appeared at the Ishpeming theater a short time ago, scoring a hit, will this evening open a two days' engagement at the Marquette Opera House. The quartette was booked last evening by Manager Morgan Jouling.
 Swimming Pool to Be Used—As a feature of the carnival to be given at Guild Hall, Thursday and Friday, the Guild Hall swimming pool will be open to women Thursday and Friday afternoons and it may be used by the men Thursday and Friday evenings. Girls will have the privileges of the pool Saturday morning, and boys on the afternoon of the same day.
 Lighthouse Boat Leaves—The U. S. lighthouse tender, Amaranthe, which has been in port since Saturday evening, left yesterday morning for Huron Island, where the keeper of the light and his men will be picked up. The boat will then proceed to other lights in western Lake Superior. The boat brought the crews of the Granite and Stannard rock lights to this port Saturday.
 St. Jean Baptist Meeting—The Society St. Jean Baptist held a meeting last evening at Bureau's Hall at which it elected as its president for the ensuing year Edward N. Archambeau. Lunch was served by the ladies of the members, and this was followed by speeches by the president and J. H. Primmont. Klamert's band pleasantly surprised the members by playing several selections.
 Fair Weather in Sight—The snow and wind storm which struck Marquette Saturday night and which continued throughout Sunday, has now moved to Maine, causing snow in several of the eastern states, accompanied by freezing temperatures. H. R. Patrick, the local weather observer, says, "There is lots of fair weather in sight, with slowly rising temperatures. The winds will be southerly."
 A Word of Warning—A Marquette clergyman submits the following to The Mining Journal: "A young man repre-

Upper Peninsula
 Its Camps Employing 200 Men.
 The Britton Cooperage company of Green Bay is carrying on extensive operations at Rubicon, Ontonagon county. It has 200 men in the camps at present and expects to keep them until the first of July. The logs are shipped to Green Bay to be manufactured. A large part of the supplies for the camps are bought in Ontonagon.
 Food for Sagola Saws.
 The Sagola Lumber company will operate only two camps this winter, but will employ a number of jobbers. All told, about 200 men will be employed in cutting logs for the company. The company camps are west of Sagola and east of Witbeck. Secretary Flanagan says that the input will run about 700,000 feet each month or about 6,000,000 feet for the season. The timber is delivered at the mill pond as fast as cut.
 Soo Liquor Man Is Acquitted.
 At the Soo last week, the jury called in the case of the People versus Gust Macki, charged with selling liquor to Indians, after deliberating nearly two hours, brought in a verdict declaring the defendant was not guilty. This was one of the most important cases at this term, for there are twenty-eight other bartenders and saloon keepers in the city who are waiting to be tried on the same charge. Attorneys Larmouth and Sullivan acted for the defendant and Prosecuting Attorney Green for the people.
 New Cedar Company Planned.
 A subsidiary concern that will assume charge of the Escanaba Manufacturing company's cedar interests will be formed this week. Officers of the corporation are now working on the plan. The Escanaba Manufacturing company owns extensive tracts of cedar in the surrounding district and a tract of 2,500 acres was recently purchased. This latter is near Carney, where lumbering operations are already under way. The company will probably establish a yard in Escanaba and will both buy and sell all sorts of cedar products.
 Injured Year After Father.
 Within the space of a year, fate has dealt hard with the Desjardin family, 315 McLeod street, Menominee. Felix Desjardin, aged sixteen, was taken to St. Joseph's hospital on Thursday with a badly smashed right hand as the result of being caught in the feed rollers of a lath mill. The amputation of the third and fourth fingers was necessary. Just a year ago his father suffered serious injuries to his foot when it was fractured in the same mill. Desjardin was laid up for a long time.
 THE MAN WHO NEGLECTS HIMSELF
 When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep are all symptoms that will disappear with the regular use of Foley Kidney Pills. They put the kidneys and bladder in a clean, strong and healthy condition. For sale by All Druggists.
 Guaranteed tuning work, repairing, etc. Leave orders at Grinnell Bros. (12-3-11).

senting a New York city institution of an ostensibly religious character is in the city canvassing for religious works represented as bible studies. Their danger lies in their subtlety and their apparent altruism. They are part of a gigantic money-making scheme, and they have not the endorsement of the clergy."
 Entertainment At Normal—Tomorrow evening the several classes in the expression department of the Northern State Normal school, under the direction of Mrs. Edie Gay Rushmore, will present four farces. The proceeds of the entertainment will go to the Student Girls' league. The farces are, namely, "American Beauties," "Mary Brown," "Scene from 'The School for Scandal,'" and "A Chinese Dummy." The entertainment is to commence at 8:15 o'clock.
 Institute Was Successful—The Baraga County Teachers' institute, held at Baraga Dec. 4 and 5, was successful in every way. Ex-President Jones, of the Ypsilanti Normal school, and Miss Proudfoot, critic teacher at the Northern State Normal in this city, were the principal speakers. Professor Jones' first lecture, "A Day With a Genius," pointed out how beneficial results may be obtained in school work. The topic of his second lecture was, "Personal Recollections of James Whitecomb Riley." Both were greatly appreciated. The subject of Miss Proudfoot's lecture was "The Universal Mother," which was followed by a talk on the reading of "Hiawatha." Many of her suggestions proved of great help to the teachers at the meeting.

RALPH LOPEZ'S FATE CONTINUES UNCERTAIN

Sheriffs Do Not Know Whether Man Is Alive or Dead in Mine or Has Escaped.

Bingham, Utah, Dec. 8.—After a day filled with many alarms, the search for Ralph Lopez, Mexican gunman, developed tonight into a waiting game, with no decision as to what the next step would be.

Greek Miner Reports a Hold-Up.

While the sheriffs were in council to act on a plan to resume smudging the mine, a report that a Greek miner had been robbed by Lopez in a lower level broke up the meeting and sent them hurrying to the scene.

Pete Koras came out of a tunnel late today with the announcement that Lopez had shoved a six-shooter into his ribs and relieved him of his tobacco and candles. Directly afterward, Koras asked the newspaper photographers to take his picture, as they did when he told of a similar experience over a week ago. The sheriffs arrived at this moment and arrested him, for investigation.

Bulkheads Are Erected Again.

Believing that Lopez is still alive in the mine, where he took refuge on Nov. 27, Sheriff Smith today ordered all the deputies out of the workings, to prevent a needless sacrifice of lives, and had bulkheads erected a second time in most of the exits. If smudging operations are not resorted to, it is probable the closed tunnel mouths will be guarded until there is no doubt left that Lopez either is dead or has escaped, before a thorough search of the mine is resumed.

HIS BILL IS AIMED AT HUMAN VULTURES

Congressman McKellar Wants Uncle Sam Put in Charge of Cold Storage Trade.

Washington, Dec. 8.—"Voracious vultures of the market places" and "plunder-bird of food sharks" were characterizations applied to cold storage speculators who corner perishable foodstuffs to boost prices by Representative McKellar, of Tennessee, when he spoke today, championing his bill for federal regulation of the cold storage business. Saying that his proposed legislation was not designed to injure the cold storage business as such, he declared:

"The drastic features of the bill are aimed only at the corrupt and dishonest, at the gamblers and speculators, at the voracious vultures, who stand around in the market places and reap where they have not sown and fatten on other people's food. I do not believe any member of this great house will stand up for any such plunder-bird of food sharks."

The McKellar bill, which would prescribe both prison terms and heavy fines for violation of its terms, would make it illegal to ship adulterated and misbranded food products into interstate commerce and would limit the periods in which food products may be held in storage without becoming adulterated.

PRESIDENT SURPRISES THE CAPITOL GUIDES

Woodrow Wilson a Sightseer in the Legislative Halls of the Nation.

Washington, Dec. 8.—President Wilson went to the Capitol today, not to deliver a message or to confer personally with members of congress, but to gaze after the fashion of the tourist and sightseer at the nation's legislative halls. He was accompanied only by his physician and the Capitol guides, not knowing whether or not the distinguished visitor cared for their attentions, stood in awe-struck hesitation at a distance.

"There's the president of the United States," announced some of the guides to the groups of tourists they were leading about.

"I don't believe it; he's at the White House," said one woman. She stepped forward to make sure, in the gaze of Mr. Wilson and in her embarrassment, shook hands. Others came up, but soon the president slipped away through the crowd to Statuary Hall. He continued his stroll throughout the building and then went into the Capitol grounds.

Mr. Wilson wore no overcoat, and one woman he passed remarked audibly to another, "He should not be out without an overcoat."

The president was warmly clothed, however. He took the walk on the advice of his physician, who thought the president needed the fresh air.

PROHIBITIONISTS TRY NEW LINE OF ACTION

To Force One of the Big Parties to Declare for Cold Water is Plan of Leaders.

Kansas City, Mo., Dec. 8.—A new campaign for national prohibition legislation, which an effort will be made to enlist the support of every temperance league and anti-liquor society in the United States, was outlined here today by Charles J. Hall, a temperance lecturer. Mr. Hall and Eugene Chaffin, former presidential candidate of the Prohibition party, are on a speaking tour in support of the movement.

"The movement probably will mean

the death of the prohibition party, said Mr. Hall. "There will be no need for that party when one of the big parties has been forced to put the prohibition provision in its platform. We do not care anything for the name of the party. It is prohibition we want, and all its prohibitionists will be absorbed in the first party that declares for national prohibition."

CURRENCY BILL MAKES SUCH PROGRESS IN SENATE EARLY PASSAGE IS PREDICTED.

Washington, Dec. 8.—With the debate on the currency bill under way in earnest, the Democratic senate leaders tonight grew optimistic and expressed the belief that the measure would be passed well before the Christmas holidays. Some of the administration supporters even declared they hoped for a final vote on the bill before the senate adjourned next Saturday night, and it was considered practically certain that congress would be in a position to take the usual holiday recess from about Dec. 20 to Jan. 5.

The currency debate progressed rapidly today and cleared the atmosphere materially.

The Weather

Washington, Dec. 8.—The following is the weather bureau's forecast for Upper Michigan: Fair, Tuesday and Wednesday; moderate west winds.

WALL STREET IS MORE CHEREFUL

Statement Quoting Attorney General Is Fulcrum on Which Stocks Are Lifted.

New York, Dec. 8.—A better feeling prevailed on the stock exchange today. During the fore part of the session there was a general advance. Realizing sales and the weakness of special stocks later brought on a reaction.

The explanation generally advanced for today's upturn was that traders had placed a bullish interpretation upon a statement attributed to Attorney General McKeen. The attorney general was quoted as saying that the government would seek to avoid dissolution suits against corporations, settling problems where possible without recourse to the courts.

in domestic consumption, exports having increased slightly.

Grains Decline in Value.

Chicago, Dec. 8.—An unexpected increase of the visible supply swept away an advance today in wheat. Corn and oats also closed lower. Final quotations were: December wheat, 88 1/2; May, 91 1/2; December corn, 71; May, 70 1/2; standard oats, 41 1/2 @ 42 1/2.

CARPENTIER WHIPS WELLS IN SHORT ORDER AT LONDON; WINS \$20,000 IN 73 SECONDS

London, Dec. 8.—Georges Carpentier, of France, knocked out Bombardier Wells, of England, in the first round of a contest at the National Sporting club tonight for the heavyweight championship of Europe. The actual time of fighting was one minute and thirteen seconds.

Carpentier made it a hurricane affair, concentrating his attack on Wells' weakest point—his stomach—and soon had the Englishman groggy. Then, with a tremendous swing to the jaw, followed by a smashing left and right to the ribs, Carpentier sent Wells down for the count. Throughout the brief contest the Englishman did not strike one effective blow.

The fight was for a purse of \$15,000 and a side stake of \$5,000.

McFarland Outpoints Jack Britton. Milwaukee, Wis., Dec. 8.—Paaky McFarland outpointed his old enemy, Jack Britton, also of Chicago, in an unsatisfactory ten-round, no decision boxing

contest before sixty-five hundred spectators here tonight. McFarland had the better of six rounds, while four were even and one was Britton's.

Both in the eighth and ninth, Paaky and Jack groggy, but was unable to put his man out. Britton at times fought McFarland to a standstill, and even boxed him, but this was only in flashes. Throughout the battle McFarland smiled at the spectators, and seemed to be content with a lead over his lighter opponent.

The crowd jeered the boxers during most of the contest, and there were numerous cries of "Put 'em out," "Stop the bout!" Comparatively few heavy blows were struck, and the spectators felt the arena far from thinking they had their money's worth.

Britton was cheered when it was announced that he weighed in at 3 o'clock at 135 pounds. Paaky's weight was not announced, but it was reported that he weighed 146 pounds, and he looked it.

The fight was the first in Milwaukee's big auditorium and the receipts were reported as being well over \$10,000.

EX-CONGRESSMAN SIBLEY WEDS FIRST WIFE'S NIECE.

Franklin, Pa., Dec. 8.—Former Congressman Joseph G. Sibley, of Pennsylvania, and Miss Ida L. Rew, of this city, were married at the Sibley home, near here, last Saturday evening, according to a formal announcement made today. Miss Rew was a favorite niece of the first Mrs. Sibley and is aged thirty-eight. Mr. Sibley is sixty-three years old.

LOSS OF LIFE IN TEXAS IS GREATLY INCREASED

Reports Now Estimate 150 Persons Are Dead, With Many Others in Danger.

Houston, Tex., Dec. 8.—The number of known dead in the flood which has spread over the lowlands in half a dozen counties in south central Texas reached one hundred and fifty tonight, with several thousand refugees marooned in half-flooded cotton gins and dwelling houses, safe from the water for the time being, but suffering from hunger and exposure.

Four-fifths of the dead were negro farmhands, as are that portion of the marooned. Of the dead, the greater number lost their lives in the vicinity of Bryan, where a thirty-mile stretch of levees along the Brazos river crumbled. The Brazos crest tonight destroyed a dam near Richmond and flooded a state prison farm. The prisoners had been removed.

Hempstead, in Waller county, from which reports up to tonight had been meagre, reported twenty drowned and dozens missing. Reports from half a dozen other small towns in Waller and adjoining counties advanced the total fatalities to one hundred and fifty in all. The great danger tonight was freezing

and starvation. For the second successive night, few were forecast over the thirty-mile district about Bryan, where eight hundred persons, mostly negroes, are marooned, with little food or fire.

The Changing Age

Girls and boys from 14 to 19 years of age undergo physical changes which tax their strength to the utmost and the strain is always apparent from pale cheeks, colorless lips, and tired bodies—sometimes eruptions of the skin and the utter lack of the ambition and animation with which their younger years were filled.

Budding into womanhood and manhood, with the duties of school or business, demands concentrated nourishment which is readily convertible into red blood corpuscles, energy and strength, and the very best thing for this changing age is the medical nutriment in Scott's Emulsion—it possesses the rare blood-making properties of cod liver oil in a predigested form; hypophosphites for the nervous system, with the healing, soothing qualities of pure glycerine.

Its nourishing force promotes assimilation, yields direct returns in abundant, red blood, fills hollow cheeks, tones the nerves, makes all good food do good, and does it in a natural easy manner. The sustaining nourishment in Scott's Emulsion is so helpful to this changing age that it should never be neglected—every druggist has it.

24-111 Scott & Bowne, Bloomfield, N. J.

Ishpeming Department
 (Additional Ishpeming on Page Seven.)

NO PREMIUMS UNTIL LATE NEXT SUMMER

Subscribers to "Art" Assert That Agent Here Last August Deceived Them.

This Sum Has Been Asked for the Erection of Proposed Post-office Building Here.

The fact that the postoffice department has asked for an appropriation of \$20,000 for a new postoffice building in Ishpeming, is taken to indicate that the erection of the proposed structure may be started next summer. It will be built on the former site of the S. Johnson & Co.'s mercantile establishment, corner Bank and Second streets, a property that was purchased by the government from F. Braastad & Co. some three weeks ago.

Within the past few weeks, C. A. Barabe, the city engineer, has taken soundings of the ground upon which the building will rest, acting on the request of the supervising architect of the postal department. The proposed building will be two stories in height, with basement, and will be constructed either of solid brick or stone.

Little information was contained on the sketch, received by Mr. Barabe. The dimensions were not shown, but it is assumed that the building will be of fair size, as the postoffice will require ample quarters. It is thought that an appropriation in addition to the \$20,000 now proposed will be voted by congress later.

Mr. Barabe found that the soil at the proposed site will support a solid building. About four feet of loose rock and earth, a fill put in some years ago, surmounts about three feet of black muck. The bottom of the foundation would be some three feet in the sand, as the basement would be nine or ten feet in height.

The building now occupying the site, which is now used as a roller skating rink will likely be torn down. It is not in good condition and it is too large to be moved, except in sections.

Marquette County Gas & Electric Co.

Ishpeming subscribers to "The Art Publishers" offer, which included a premium of furniture, assert that the premiums made them are not being lived up to, and several have discontinued their payments.

J. B. Frevor, who solicited the subscriptions here last August, assured the subscribers that the premiums would be delivered not later than Nov. 15, and he left each subscriber a book containing pictures of the premiums that would be furnished.

An Ishpeming man who is dissatisfied with the outlook for the premium has written several letters to the company. The replies have acknowledged that when Mr. Frevor misrepresented them when he promised that the premiums would be delivered by Nov. 15. They say there is no promise to that effect in the contract, and they assert that the premiums will not be delivered until the twelve monthly payments of \$1 each have been completed. The first payments were made in August.

Frevor is a smooth talker and he caught a number of Ishpeming people. One of the men who figures that he has been "stung" yesterday said that he would not have subscribed unless Mr. Frevor had promised positively that the premiums would be delivered in November. Many of the subscribers thought the beautiful pieces of furniture pictured in the book they were given would make nice Christmas presents. As the premiums shown are worth as much as the total amount paid for the publication, the subscribers felt that they were getting a bargain.

An Ishpeming man intimated to the company in one letter that he would make an attempt to recover the money he had paid in, as he felt he had been defrauded. In reply, he was assured that while he may know his own business best, the company will safeguard its interests and that his implied threat will have no bearing on the treatment given him or others by its offers. It was further stated that the company stands ready to carry out its contracts in every particular, but that it cannot recognize any verbal promises made by agents.

All the letters received here are signed "The Art Publishers." The Ishpeming man carrying on the correspondence asked why some member of the firm did not sign his name to the correspondence. The reply to this inquiry was as follows:

"You ask us why we do not sign our original name, 'The Art Publishers' is the original name of this publication; in other words, 'The Art Publishers' is the art department of the Union Book & Publishing company and we can assure you that we are not trying to hide ourselves behind any name, as you would impute in your letter."

The names of several firms with which the Art company is doing business are given as evidence to show that they are purchasing furniture and fulfilling their contracts.

APPROPRIATION OF \$20,000 LIKELY

Absolute Satisfaction Is What You Get

WHEN YOU BUY YOUR OVERCOAT FROM GATELY-WIGGINS CO.

The Quality is There
The Style is There
The Price is Right
 The Workmanship is Perfect and the Fit is Correct

Such garments as these are the results of our careful buying methods. When we purchase our garments, we do not follow the old method of selecting twice a year, and buy for months at a time. We are constantly in the market, our buyers are constantly watching to secure the new things as fast as they are produced.

This gives you the latest creations and the newest goods brought out by the leading Eastern Makers of Clothing.

For style, comfort and all around satisfaction we can readily say the coats we are showing this season are better than any we have had in many a year. A fact most strikingly evidenced in our popular priced lines. For instance we offer for your selection seventy-five men's handsome tailored overcoats at \$15.

You will find in this lot a diversity of styles, plain velvet collar and military collar coats, in rich blacks, beautiful plain oxford grays, straight and diagonal stripes and checks, browns and tans in the latest weaves. **ALL PRICED AT \$15.00.**

Ishpeming Department

HOLIDAY SHOPPERS ARE BUYING EARLY

Business Opens Up as if Christmas Trade This Year Might Set a Record.

That the holiday business will reach its usual proportion in Ishpeming is shown by the good trade the merchants already report. Holiday shopping started earlier than usual, but most of the merchants were well prepared for it as they have found that persons make their selections of gifts fully thirty days before Christmas.

A number of the merchants have not yet put out their fully holiday lines, but they will all be on display before the end of the week. As the men employed at the mines are now being paid, the holiday rush will be in full swing by Saturday night. The Oliver Iron Mining company will pay for the first half of the month prior to Christmas, on the 22nd, 23rd, and 24th. The distribution of this extra money will help the holiday trade considerably.

The Cleveland-Cliffs and Pittsburg & Lake Angeline Iron companies will pay as usual, after Christmas.

Ishpeming merchants look for considerable outside trade this year. The business coming in from surrounding cities and towns has increased every year of late. The lines carried by some of the leading Ishpeming merchants are complete, and people in the smaller towns find trading here to their advantage. As a rule, many persons come from points along the Lake Superior & Ishpeming line as far as Munising and the Swanzeey range, while holiday shoppers also come to Ishpeming from points as far west as L'Anse and Baraga.

The change in the weather has been welcomed by the merchants dealing in winter goods. Trade in these lines had been unusually light, but there was an improved demand yesterday.

"Our holiday trade up to this time indicates that business here will establish a new record," a merchant said yesterday. "If the trade keeps between now and Christmas as it has since the first of the month, our business will be heavier than last year, which was our banner season. We have already had to replenish our stock in certain lines. The demand for dolls, and especially novelties, was never before as good as this season. In this season's stock are included dolls that are exact reproductions of posing babies. They are expensive but they are in big demand."

WAS A BIG SUCCESS.

Members of Zenith lodge, Knights of Pythias, are well pleased with the results of the fair they held the last four evenings of last week in Braastad's hall, as they will realize a larger sum than they anticipated. It will not now be necessary for them to raise much more money to defray the expenses of the grand lodge and Upper Peninsula Pythian league conventions, to be held here in September next. In the neighborhood of 1,000 persons attended the fair Saturday night.

WILL REPEAT ENTERTAINMENT.

"The Lamentable Tragedy of Julius Caesar," admirably presented by members of the Girls' Literary society of the high school Friday evening, will be repeated tonight at 7:30 o'clock, in the First Methodist Episcopal church, under auspices of the Queen Esther circle. The admission will be ten cents. There will be a sale of fancy articles and candy, starting at 4 o'clock.

TWO-REEL PICTURE TONIGHT.

The Pan-American Male quartet, which opened a three days' engagement at Ishpeming theater last evening, was well received in a program of harmony selections. Included in tonight's picture program will be an Edison comedy, "Caste," in two reels. Other pictures will be a Patheplay drama, "The Price of Jealousy," and a Lubin drama, "In the Tolls."

CANNOT MAKE ICE.

Sunday, when the temperature dropped to six degrees above zero, the city employees who will have charge of the municipal ice rink felt certain that they would be able to begin making ice, but it was so warm yesterday that it was useless to attempt to do anything at the rink. All of the lakes in and near the

McNeal	157 126 152 435
Harris	197 147 147 491
Totals	354 319 324 997

Team No. 1 won three straight. Teams 2 and 8 will meet this evening.

The Diorte teams will bowl in Ishpeming Friday night. There will be matches in both the five-men and two-men divisions.

Ed McGuire, Johnny Murray, "Pop" Geelan and Walter McCutcheon will bowl Dec. 15 in the first of a series of matches to decide the five-back championship of the county. Tom Mahoney, Mike Nelson, Jim Gleason, Jack Lacey and Dennis Hickey will, it is said, take part in the series.

ISHPEMING IN BRIEF.

A. Paulson, of Calumet, was a business visitor in Ishpeming, yesterday.

A daughter has been born to Mr. and Mrs. Hercules Williams, 739 Wabash street.

Miss Carlyon Hedstrom, of Negaunee, and Harold Chase, of this city, yesterday entered the day school of the Ishpeming business college.

A new front is being placed in the corner store room of the Voelker brownstone building, which was used as a moving picture theater until last spring.

The Ishpeming division of the Ladies' Auxiliary to the Ancient Order of Hibernians will elect officers for the ensuing year at the meeting to be held this evening, in the Anderson hall.

The five helmet-crews of the Oliver Iron Mining company are finishing their monthly practice at the mines of the Marquette range. The practice work is usually supervised by members of the company's safety committee. The crew at the mines in Negaunee held its practice yesterday.

Thomas Redmond left Sunday night for Arizona, where he will take a diamond drill job for the Sullivan Machinery company, of Chicago. Mr. Redmond had charge of drilling operations in Mexico prior to a few months ago. He expects to do drill contracting in Mexico, as soon as this class of work can be resumed.

Jacob Liukku, who has been working at the Cleveland Lake mine, left yesterday for Valparaiso, Ill., where he will take a university course. Mr. Liukku came to this country from Finland a year ago and has been working in the mines ever since. He completed a business course in a Finnish college before coming to America.

About fifty members of the Ishpeming lodge of Elks attended the memorial services in the society's club rooms in the Anderson block, Canada street, Sunday afternoon. The rooms have been supplied with electric bells and other comforts and some attractive pictures have been hung. New dining room furniture has been purchased, and chairs have been ordered for the billiard and pool room.

Special twenty-nine-cent apron sale Wednesday at Sellwood's. 12-8-24

Upper Peninsula

Hunter's Wound Is Mortal.

Joseph Black, Sr., a wealthy business man of Shawano, Wis., died at Mercy hospital, Iron River, last week, following an operation which he underwent when his foot was amputated. Mr. Black had been a patient at the hospital for a week, he having accidentally shot himself in the foot while hunting in company with his son, Joseph Black, Jr., Robert Williams and H. M. Sanderson of Shawano and Leslie J. Perry of Gillett, Wis. His foot seemed to be healing, and it looked for a time as though he would soon recover. He was sixty-five years old.

Important Iron River Deal.

The largest business deal completed here for several months was closed when A. T. Wooster purchased the interest of his partner, A. F. Jones, in the Boyington House, the consideration being \$21,000 says the Iron River Reporter. The new proprietor plans to bring an experienced hotel man here about the first of the year to take charge of the house and later intends to replace the present frame structure with a four-story modern brick hotel building, to cost upwards of \$100,000. Mr. Wooster is in Portage, his home town, winding up some business affairs, after which he will return to the Boyington. Mr. and Mrs. Jones will leave for Baraboo, Wis., where they will spend the winter. Mr. Jones expects to return in the spring and engage in some other business.

CATARH CAN NOT BE CURED

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

M. A. KAHN

The Hudson Six-54, \$2250 (f.o.b. Detroit, Mich.)

HUDSON Six Upkeep Less Than a Four

At one time all Sixes were big, powerful, extravagant. Now we build them in smaller sizes, and by a different method. Thus we have secured all the wonderful advantage of six cylinders, yet have not increased the gasoline consumption. A HUDSON Six will cost you less for gasoline, oil, tires and general upkeep than will a Four of equal power. In a score of contests we have proved this under average road conditions.

Until you drive a HUDSON Six you cannot realize its great advantage. Its smoothness and flexibility are an insurance as well as a delight. HUDSON Sixes are preferred because of high quality combined with moderate price. The Six-54 has four forward speeds, 13 1/2 inch wheel-base, motor 4 1/2 x 5 1/2, developing 55 horse-power. Made in Phaeton at \$2250 and Sedan at \$3100. The Six-40 has 123 inch wheel-base, motor 3 1/2 x 5 1/2, developing 47 horse-power, gives 13 to 17 miles to the gallon of gasoline, and is, we think, the easiest riding car on the market. The Six-40 in Phaeton and Roadster at \$1750, and in Cabriolet at \$1950. All cars, of course, are electrically started and lighted, left side drive, center control, gasoline tank in cowled dash. Catalog on request. Demonstrations as arranged. Prices f. o. b. Detroit, Mich.

PULMOTOR WILL BE PURCHASED BY BOARDS

Will Be Kept for Use in Cases of Apparent Drowning and Asphyxiation.

The light and power commission and the water board have decided upon the purchase of a pulmomotor for the resuscitation of drowned and asphyxiated persons, and those suffering from severe electric shocks. The water board has had the purchase of the device under consideration for some weeks, and at the meeting yesterday afternoon the matter was laid before the members of the light and power commission. It was referred to Charles Rettalie, the superintendent, with power to act.

As was brought out at yesterday's meeting, there have been several instances within the past few months, when, if the city had owned a pulmomotor, lives could possibly have been saved. The price of the device, with the extra oxygen cylinders, is \$185, and the boards will purchase and use it jointly. It has been thoroughly demonstrated to be an efficient and invaluable means of resuscitating persons who have been overcome. It operates automatically and forces oxygen into the lungs, producing artificial respiration.

FREE PIPES WITH LUCKY STRIKE

A Fine French Briar Given Away With Each Humidor.

A man never can have "too many" pipes. In fact, it is better for the pipe, for the tobacco and for the smoker's tongue, if he has, say, half a dozen good briars and smokes them "in rotation." A new pipe for each new smoke doesn't allow the heat of previous smokes to accumulate and gives you a cool, fresh sensation.

Here is some good news to pipe collectors. The American Tobacco Company is offering two pipes for a few days with each one dollar humidor of Lucky Strike tobacco.

These pipes are the regulation fifty-cent French Briar—the first-class, first-quality pipe that is found always in the dealer's stock. So that, on this free offer, the purchaser is really getting half again the value of his money. Lucky Strike is considered by thousands and thousands of smokers the best pipe tobacco on the market. It has a flavor and fragrance of its own, quite unlike that of any other smoking tobacco.

MOTHER! NO USE TAKING CHANCES

If Child Is Cross, Feverish, Costive, Give "California Syrup of Figs."

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

NEWARK HEARS NO POISON WAS FOUND ON THE NEEDLE USED BY WOMAN'S ASSAILANT.

Newark, N. J., Dec. 8.—An examination of the needle found in the Lyric theater and with which the police claim that Armand Negro stabbed Mrs. Marjorie Graff in the arm failed to show any signs of poison, according to reports today. By agreement between the prosecution and counsel for Negro, the case will be reopened tomorrow, when Judge Fahm is expected to consent to a reduction of bail from \$20,000 to a nominal figure, unless the police are able to produce strong evidence of the guilt of the accused student.

COLORED LIQUIDS DRUNK AT NEW YORK WEDDING IS FATAL TO CHILDREN.

New York, Dec. 8.—Of five children who, guests at a wedding ceremony on the East side, last night found half-filled bottles of liquor and drank from them, two died tonight. The other three may not live. The dead are Rose Alinano, seven, and her two-year-old brother Frank. A sister of the two is among the other victims. The police took charge of various colored liquids that were served at the wedding. It is assumed that an analysis will show they contained a poison of some sort.

Markets [From Geo. F. Huez, Ishpeming.]

BOSTON COPPERS.

Higher London prices failed to create any large demand for the coppers Monday morning and prices were unchanged throughout the session. Copper Range and Granby were fractionally higher, while North Butte was slightly lower. The big banking interests are talking more encouragingly. The passing of the currency bill will relieve that element of doubt, and the best of opinion seems to be that President Wilson intends to follow a sane policy in regard to trust prosecution and the encouragement of big business.

The Boston market was again very dull. The copper producers' report showed an increase in the surplus of 15,363,947 pounds, which was about as expected. It has no effect on the market for copper shares. Shattuck declared the regular dividend of fifty cents, payable Jan. 29 to holders of record Dec. 31.

A message from Boston says: "A prominent local financier who returned from New York last Saturday says there are evidences of improvement in the general situation of the copper industry, not gained sufficient ground to give it the tempo of stability. Attorney General McKeen's evident turn of front towards prosecution of corporations is believed here to reflect fear on the part of the administration at Washington that the matter has been carried too far."

Monday's closing prices at Boston were as follows:

New York Stocks.

The weakness in New Haven, due to the large decrease in the November net earnings, and the strength in Canadian Pacific, due to a report that a financial plan favorable to the stockholders, will be announced soon, were the features in the New York market Monday. New Haven broke from 78 1/2 to 75 1/2 and Canadian Pacific, which closed Saturday at 226, advanced to 229 1/2.

The total sales in New York Monday were 257,700 shares. Final prices follow:

Gwinn

PICTURE SHOWS PLANNED FOR CLUB

Gwinn Association Plans Changes to Provide Additional Entertainment.

At a meeting of the board of directors of the Gwinn club last week there was a discussion of plans that will be presented to William G. Magner, president of the Cleveland-Cliffs Iron company, for providing a permanent stationary picture theater in the clubhouse. The board plans to dismantle the pool and billiard room and to move the tables to the lobby and reading rooms, to tear out the wall on the south side of the building and thus to make room for a moving picture machine. Stationary seats would be put in to accommodate 185 persons. Mr. Mather is heartily in favor of the plan. In fact it was on his sugges-

tion that the board took the matter up. A first-class moving picture machine will be purchased and a competent operator will be employed. The booth will be built of fireproof material.

Shows will be run on two evenings a week, matinee, for the children on Saturday afternoons. The programs will be made up of the latest scenic, comedy and dramatic pictures.

GWINN BRIEFS.

Mrs. Charles Hocking visited in Marquette Saturday.

A. E. Larson spent the weekend at his home in Negaunee.

Peter Koski returned Saturday from a business visit in Ishpeming.

John Abraham has returned from a few days' business visit in Marquette.

Will Williams has returned from Powers, where he spent the past summer.

Dr. B. H. Olmstead has returned from a visit with friends in Washburn, Wis.

Miss Mary Outhwaite, of Ishpeming, is visiting with Dr. C. M. Leonard and family.

W. H. Moulton, of Ishpeming, was a business visitor in Gwinn for a few days last week.

Victor Carlson, the contractor, has a large crew of men at work on the captain's office which he is building for the

Cleveland-Cliffs Iron company at the Cyr mine.

M. J. Flaa returned to Princeton Monday, after a visit with his parents in Ishpeming.

Mr. and Mrs. George Abraham, of New Swaney, are rejoicing over the birth of a daughter.

Dr. A. Erickson has returned to his home in Republic, after a visit with Gwinn friends.

Miss Carrie Jory has returned from a week's visit with her sister, Mrs. A. Buzzo, in Negaunee.

Miss Hannah Herwas has returned to her home in Gwinn, after a week's visit with relatives in Ishpeming.

James Dabb, underground sample picker at the Stephenson mine, is confined to his home by illness.

J. A. Peterson has returned to Marquette, after spending a week visiting with Gwinn relatives and friends.

Miss Marie Nelson has returned to her home in Ishpeming, after a visit with her uncle, John Lehman, and family.

The members of the Tionesta club entertained their friends with a dancing party in Quayle's hall Friday evening.

The annual election of officers of the board of directors of the Gwinn club will be held at the clubhouse Saturday evening.

G. R. Jackson, W. R. Meyers and H. Weinstein spent the latter part of last week in Marquette, in attendance at the Masonic convocation.

Mrs. E. C. Thompson returned Saturday to her home in Ishpeming, after a week's visit with her parents, Mr. and Mrs. W. S. Nelson.

Mr. and Mrs. A. Dobbs, of Ishpeming, visited a few days last week at the home of their daughter, Mrs. Joseph Robare, at Little Lake.

C. A. Barabee, Wilfred Isabell and Thomas Ekman, of Ishpeming, spent Friday in Marquette, on business for the Oliver Iron Mining company.

The fourteen-month-old child of Louis Bonnetti, of Princeton, died Friday morning. The funeral was held in the afternoon, with interment in the Gwinn cemetery.

A baseball game was scheduled to take place Sunday between the Gwinn City team and a pickup nine, but had to be postponed on account of the change in the weather.

The members of the Young Ladies' Aid society of the Gwinn Methodist Episcopal church met Friday evening in the church. The Misses Ellen Nyquist and May Noel served the refreshments.

Mrs. George Barry has returned to her home, after a few days' visit with her parents, Mr. and Mrs. J. E. Suss, at Negaunee. She was accompanied by her sister, Miss Annetta Suss, who will visit with her for a short while.

Rev. H. Anderson, of Marinette, Wis., district superintendent of the Swedish Mission churches in Michigan and Wisconsin, and Rev. John Boostrom, of Bark River, conducted services in the Gwinn Methodist church Wednesday evening.

The members of the Gwinn district fire department have completed arrangements for their annual ball on New Year's night in the clubhouse. Landahl's orchestra of four pieces will furnish the music. Supper will be served at midnight at the Gwinn Hotel.

Harry Bray, one of the oldest employees of the Cleveland-Cliffs Iron company in the Gwinn district, is confined to his home at the Austin location with asthma, and his condition is said to be serious. His daughter, Mrs. A. E. Sanders, of Detroit, has been called home.

Negaunee Department

MORE MEN TAKEN ON AT MINES HERE

Cleveland-Cliffs Iron Company Increases Forces at the Maas and the Negaunee.

The working forces at the Cleveland-Cliffs Iron company's Negaunee and Maas mines are being increased, in the neighborhood of 100 more men having been taken on since the first of the month. These men were formerly employed at other mines operated by the company, where curtailments have been made. Most of them came from the Lake mine, in Ishpeming, and others coming from the Gwinn district.

The working plan at the Lake was recently changed from two shifts to a single shift, and as a result over 100 men had to be laid off. Some of them were transferred to the company's properties in the North Lake district, and the remainder were given places here.

Negaunee mine now has a force of between 600 and 650 men, and there are nearly 300 at the Maas. These are the largest forces ever employed at the properties. Both mines are being developed rapidly and it is expected that the number of men at work will be further increased as the underground operations advance. Because of the increased activity at these mines, the output in 1914 will be the largest in their history.

The Negaunee and the Maas are considered by mining men to be the best equipped mines in the district. Both have complete electrical hoisting, haulage, lighting and pumping plants.

At the Maas a force of men is now employed building houses and sumps on the third level for the installation of underground electrical pumps.

The Negaunee and Maas are working two eight hour shifts.

LOCAL LACONICS.

R. C. Lowe was up from Marquette yesterday.

Walter Crisp spent the weekend visiting with friends in Diorite.

Everett Sterling went to Marquette yesterday, on a business mission.

A. Salavin, of Marquette, was a business visitor in the city yesterday.

Charles Haines has returned to Diorite after spending Sunday in the city.

Lewis A. Rose, of Escanaba, was a business visitor in the city yesterday.

Napoleon Vizeanu arrived home Sunday from a two weeks' visit in Canada.

F. G. Elmer was up from Green Bay yesterday, on a short visit with friends.

Timothy Curran has returned to his home in Escanaba after a few days' visit in the city with friends.

Mr. and Mrs. George J. Maas and son, Will, left last evening for San Antonio, Tex., where they will spend the winter.

The funeral of the late W. M. Webb was held yesterday afternoon from the Episcopal church, and was largely attended.

R. S. Walker, who has been in the city the past few days on business for the M. A. Hanna company, has returned to Duluth.

Peter Barasa's new home on Main street, which is being built by Erickson & Son, the Ishpeming contractor, is going up rapidly, and it will be enclosed in a few days.

Gust Harju was sentenced to serve fifteen days in the county jail yesterday on a drunk and disorderly charge. He was taken to Marquette in the afternoon by Officer John Rook.

The members of the Negaunee lodge of Elks held their annual memorial services in the lodge rooms in the Perkins block Sunday afternoon. After the services T. A. Thoren gave an address.

The fire helmet crews at the Oliver Iron Mining company's mines here practiced yesterday afternoon. The men are rapidly becoming proficient in the use of the helmets and in general rescue work.

Swanson Bros. have a crew of men employed installing a boiler in the parsonage of the Methodist Episcopal church. The boiler in the basement of the church has been used to heat the parsonage for a number of years.

John Gundry, a former well-known Negaunee man, now living in Stambaugh, who has been confined to his home for the past three weeks with an attack of the grip, has informed friends here that he is recovering and expects to resume work in a few days.

Thomas Dally, the boarding house keeper who was fatally wounded early Sunday morning at his home in Painesdale, when he, with two others, was shot by unknown persons, is a cousin of Joseph and George Moore of this city. The latter went to Painesdale yesterday morning to attend the funeral.

Superintendent Chris Hansen, of the board of public works, had a crew of men at work yesterday putting up the portable change and rest rooms at the playgrounds, for use in connection with the ice rink. The plat on which the rink will be built has been put in the best of condition and is ready for flooding as soon as the weather becomes cold enough.

Mrs. Ida Kinsman, who recently resigned her position as domestic science teacher in the schools of Anderson, Ind., in order to take treatment for her health, has left there to consult a Chicago specialist. She was accompanied by her sister, Miss Mabel Jackson, who has spent the past week visiting with her. Mrs. Kinsman and Miss Jackson are expected to arrive in the city in a few days. Mrs. Kinsman will spend the winter here with her parents, Mr. and Mrs. R. G. Jackson.

NOT BEYOND HELP AT 87.

Sleep-disturbing bladder weakness, stiffness in joints, weak, inactive kidney action and rheumatic pains are all evidence of kidney trouble. Mrs. Mary A. Dean, 47 E. Walnut St., Taunton, Mass., writes: "I have passed my 87th birthday, and thought I was beyond the reach of medicine, but Foley Kidney Pills have proved most beneficial in my case."

For sale by All Druggists.

REPUBLIC BANK IN NEW QUARTERS

Building Recently Completed in Up-the-Road Town Is Modern and Attractive.

The Republic State bank now occupies the new building erected for it during the past summer on one of the most prominent corners in the business district of the town. It occupies the former site of the old Pascoe House.

The foundation is of concrete and the structure is of solid brick, as are the center piers. The exterior walls are of pressed brick and are surmounted by galvanized iron cornices. The window sills are of dark blue Bedford cut stone.

The vault has two stories, one in the basement, and is built of concrete, with heavy wire cable reinforcement. Its interior is lined with hollow tile. The basement floor of the vault is a three-inch thickness of concrete.

The floors of the building, with the exception of the lobby which is of tile are of seasoned hard maple. The walls and ceilings are finished with two coats of plaster, with a finishing coat of wood float. The bases are imitation tile, and the vestibule walls to a height of four feet, are finished with a special cement and blocked off to resemble tile.

The furniture harmonizes with the general finishings. Metal grill work surmounts the counter.

The roof of the building, guaranteed for ten years, is provided with gutters and down spouts. The building is wired for electricity and has complete plumbing equipment and a hot water heating system.

The building was designed by Derrick Hubert, of Menominee, who was also the superintendent of construction.

Although the bank has been organized less than two years it has been clearly demonstrated that the commercial interests of Republic appreciate it, as it is being well supported.

MOVED TO NEW BUILDING.

The Finnish Workmen's association store at Republic has been moved into the building recently erected for the association at Park City. It is a frame structure, twenty-four by fifty-six feet, and is one of the finest store buildings in Republic. Electric lights will be installed this week and it is expected that they will be in use for the first time Saturday evening.

The Finnish Workmen's association was organized in 1907 and the store is conducted along the co-operative lines. Three clerks and one tenmaster are now employed. Walter Erickson is the manager.

TO DANCE AT MICHIGAN.

Members of Mt. Shasta tent, Knights of the Modern Maccabees, of Michigan, are arranging for their annual New Year's ball. The arrangement committee is composed of S. T. McKertcher, chairman; Daniel Rahilly, W. J. Milroy, E. M. Stover and Eskel Anderson.

At a recent meeting of the tent the following officers were elected for the ensuing year:

Commander—P. H. Trezise.
Chancellor—E. M. Stensrud.
Secretary—Daniel Rahilly.
Finance Keeper—G. J. Schwandeman.
Record Keeper—W. J. Milroy.
Chaplain—J. Mayo.
Master-at-Arms—G. Anderson.
Sentinel—Eskel Anderson.

Upper Peninsula

Cow Owners Get Damages.

Two civil cases were tried in Justice Campbell's court at L'Anse last week. John Elfinan, keeper of the Baraga county poor farm, and Edward Robillard, residing the South Shore railroad for two cows and a calf killed at Brennan's landing last April and July. Each asked for \$60. The trial lasted all day. Presenting Attorney Brennan representing Baraga county and Mr. Robillard and Attorney O'Connell representing the South Shore railroad. Judge Campbell rendered judgment in favor of the plaintiffs.

Arbutus in Full Bloom.

Showing the result of the exceptional weather conditions that had prevailed for two weeks, until Sunday, P. E. Genesee of Escanaba returned to that city from the Danforth road late last week with a large bunch of arbutus in full bloom. While not as plentiful as in the spring the delicate little flowers were to be found in considerable number. Fanny beds in many parts of the city were in full bloom and in many yards shrubs were budding and showing the shoots of green leaves. One man claimed that on Thursday he picked ripe wild strawberries near the yards of the National Pole company.

Escanaba Girl a Heroine.

Miss May Lenway, an Escanaba girl now serving as a nurse at Trinity hospital in Milwaukee, distinguished herself when she discovered a fire in the nurses' home, adjoining the hospital, and after warning twenty sleeping nurses of their danger turned in a general fire alarm.

Miss Lenway was serving in the operating room of the hospital when in glancing out of the window she saw smoke pouring from the third floor of the nurses' home. She quickly gave the alarm to the sleepers and by their quick action in using fire extinguishers the blaze was under control when the firemen reached the scene. Miss Lenway is the nurse who attended Colonel Theodore Roosevelt when he was shot in Milwaukee.

Escanaba Ore Shipments.

The last cargo for the shipping season of 1913 at Escanaba was taken from the docks when the steamer Olana cleared from the Northwestern piers Thursday afternoon for South Chicago. Statistics issued by the Northwestern and St. Paul officials show that the total amount of ore forwarded from Escanaba this year was 3,208,010 tons, eclipsing in the hammer record of 1912 by 183,285 tons. The total shipments from the Northwestern

NEGAUNEE, MICHIGAN.

are Abram Abramson, John Gust Ahonen, Elias Luoma, Eaver A. Harju, John Makinen, Alex Aho, Frank Talo, Jacob Anderson, Richard Talo and Sam Holl. The capital stock is \$10,000, divided into two thousand shares of five dollars each. No shareholder may own more than forty shares. The shares are being readily sold to the farmers in the surrounding country and to many residents of the city. When one-half of the capital stock is subscribed, a store and warehouse in Ironwood will be leased and the concern will begin business. Steps have already been taken to procure a manager. Although the formation of a co-operative trading concern in Ironwood has long been talked of, this is the first actual move to establish an institution of the kind there.

Co-Operative Company Formed. The Finnish Co-Operative Trading company of Ironwood has been organized by well-known men of that city and vicinity, "for the purpose of conducting a general wholesale and retail merchandise business, which business shall include the buying and selling of all sorts of timber and farming products, and also farm implements." The incorporators

Georgetown, Texas, J. A. Kimbro, says: "For several years past Foley's Honey and Tar Compound has been my household remedy for all coughs, colds and lung troubles. It has given permanent relief in a number of cases of obstinate coughs and colds." Contains no opiates. Refuse substitutes. For sale by All Druggists.

Head-Work

Wins

But mental activity is dependent for its success-making results, upon the way both body and brain cells are fed. Right feeding isn't a matter of quality—most persons actually eat too much. But the selection of the right kind of food helps wonderfully to make men and women active and successful.

The fact is, some every-day articles of food are so lacking in certain food values as to make their common use more or less a menace to physical and mental well-being. (Constipation and a run-down physical condition are readily traced to this lack.)

Particularly is this true of food made from white flour, which is robbed of most of the mineral phosphates of the grain when the bran-coat is thrown out in the milling process. Scientists have long recognized this menace to health, and many people are waking up to it.

Grape-Nuts

FOOD

made from the whole wheat and malted barley, retains the mineral phosphates, as well as all other nutritive values of the grains. Grape-Nuts, as the cereal part of one's diet, perfectly supplies what white flour foods lack.

Grape-Nuts is long baked, most easily digested, and is ready-to-eat direct from the package—fresh, crisp and delicious.

"There's a Reason" for Grape-Nuts

Sold by grocers everywhere.

HOLIDAY SHOPPERS

and other things too numerous to mention. You will find our prices down to "rock bottom", so we can save you some money.

J. J. WENTELA

LAYMEN VIEWS WILL BE ASKED

Bureau of Research of the Upper Peninsula Educational Association Has an Important Inquiry as to the Grade Schools Planned for the Coming Year.

Men in All Professions, Businesses and Walks of Life Will Be Requested to Present Their Opinions as to How Education Can Be Made More Efficient.

Active work in connection with a layman's survey of the grade schools of the upper peninsula will be undertaken immediately after the holidays by the bureau of research of the Upper Peninsula Educational Association.

Its purpose is to get the layman's viewpoint of the work the schools are doing, and his suggestions of how they may be made more efficient. The composite advice of the layman of the upper peninsula will then be considered, and if in the view of the bureau of research he has pointed the way to improvement, his ideas will be embodied in recommendations for changes in the methods and curricula that will be presented to the membership of the Upper Peninsula association at its next annual meeting in Houghton.

The layman's survey is the work mapped out for the second year's activities of the bureau of research. The last survey, conducted last year, and which was embodied in a detailed and valuable report presented to the Upper Peninsula association at Ishpeming, dealt with the preparation of the teachers in the graded schools, the curricula, the physical condition of the schools and the complications of the work of effective instruction caused by the presence in the schools of so many diverse races.

It was the first systematic effort to state the upper peninsula school problem in definite terms, and the work is generally regarded by educators as of much value. Persons interested in securing a report of this initial survey may obtain it by applying to Dr. Gilbert Brown, of the Northern State Normal school, the secretary of the bureau of research.

The bureau is composed of J. H. Kaye, principal of the Northern Normal, chairman; Jesse Hubbard, commissioner of Menominee county; E. Scribner, superintendent of the Ishpeming schools; J. A. Doelle, superintendent of the Houghton schools, and Dr. Brown.

Plans Soon to Be Outlined.

Plans for the layman's survey will be outlined shortly after the holidays. They have been agreed on tentatively, and shortly after the first of the year Dr. Brown, who will be in charge, will actively undertake securing the views of representative laymen in all walks of life. Probably at the direct solicitation of members of the bureau, professional men, merchants, both large and small, journeymen in all trades and men in all walks of life will be asked to outline frankly what they think of the graded school system, and to express their views of what can be done to make it more effective to prepare the children either for work or for further education.

It is proposed to seek information under four heads, namely, moral conditions, physical and health, industrial and cultural. To guide the inquiry as far as that is judged expedient, various questions will be asked, but the persons whose opinions are sought will be encouraged to express themselves frankly in a general way about the problem of efficiency in the schools. The inquiry will embrace all of the fifteen counties of the upper peninsula.

The survey is not being made because of any particular criticism directed against the grade schools of the district, but it reflects the desire of the bureau and the officers of the Upper Peninsula association to bring the public in as close touch as possible with the schools, and to give recognition to the public's views of how they should be conducted.

It is generally believed that some important recommendations about the work in the grade schools will result from the survey.

Will Be Thoroughly Discussed.

The report of the bureau of research will be considered in committee of the whole at the 1914 gathering of upper peninsula teachers, and it is expected that it will also be discussed by the outside educators who will be secured to address the meeting.

Mr. Kaye recently brought the plan of the proposed survey to the attention of Dean Russell, of the Columbia University Teachers' college. In commenting on it, Dean Russell said he believed it was the first survey of the kind ever undertaken in this country. He also expressed the view that it should be of great practical value.

TOPICS ANNOUNCED.

Women's Home Missionary Society Prepares Programs.

The Women's Home Missionary society of the First Methodist church has outlined the topics for its meetings during the forepart of 1914. The work being the subject: January, "Beginnings"; February, "Development"; March, "Additional European Elements"; April, "Tendencies"; May, "Asiatic Influences"; and June, "Inspiring Agencies." The meetings will be held on the second Friday in each month.

The work of the local auxiliary during the year past has been extensive. A Spanish-speaking girl has been supported at a school in Arizona and the Queen Esther circle, a branch of the auxiliary, has paid for the education of a student in Kentucky. The circle will sell holy wreaths during the holiday season to raise money to carry on its work. In 1912 the auxiliary, with its two branches, raised about \$220 for the promotion of its work, which was the second largest amount raised in the Houghton district. The Sunday school of the church is now contributing to the support of a student in Porto Rico.

LOST—Watch; open face, gold case; Rockford movement. Lost Dec. 5. Please notify this office. Suitable reward. 12-9-21.

POSTPONEMENT NOT GRANTED.

Captains Setunsky and McKinnon Are Refused Further Time.

Captain Louis Setunsky, of the ill-fated barge Plymouth, and Captain Donald McKinnon, of the tug Martin, have been refused a postponement of their hearing on the charge of violating the navigation laws, which is set for Dec. 11 and 12 before Inspectors York and Gooding in this city. The application for further time was made last week, on the ground that the defendants desired to procure additional witnesses. Following a recent investigation, it was found by the inspectors that the two men were guilty of no criminal negligence in leaving the barge Plymouth at the mercy of the storm, as the tug was in a sinking condition at that time.

The steamboat inspectors now have under consideration several cases, in which investigations will be made within a short time. At present the cases are in embryo state and little is known in regard to them.

FIRST TAXES PAID.

New Law Imposes Tax on Secured Debts, Other Than Mortgages.

The first taxes paid in Marquette county under the act imposing a tax upon secured debts other than mortgages and liens were paid yesterday to B. W. Wright, deputy county treasurer. The law was enacted by the last legislature. The tax paid yesterday was \$175 on \$33,000 worth of bonds.

The tax amounts to one-half of one per cent. One-half of this amount is remitted to the state and the balance to the county. The county treasurer is required to keep a separate account of the tax paid and to forward a report to Lansing on the first of every month. Section 4 of the enactment states that "secured debts upon which said specific tax shall be paid shall be exempt from further general taxes under the laws of this state."

VAN EVERA WILLING TO GO ON COMMISSION

Was One of Original Advocates of Commission Plan—Outlines His Views.

John R. Van Evera, one of the original supporters of the movement to give Marquette a new charter and one of the strongest advocates of the commission plan, who has since the election been urged by many persons to become a candidate for a place in the new city government, and through the help of the new plan effective yesterday announced that he would stand for election to the proposed governing body.

Other men who have signified a willingness to serve on the commission are William Fassbender, the present mayor, and J. E. Sherman, for many years a member of the light and power commission, who likewise have been urged by many to enter the field and who have been assured of strong support. Other possible candidates are being discussed, and there is little doubt that the voters will have a field of good candidates to choose from in the election that will be held January 28.

Mr. Van Evera outlined his views of what membership on the new governing board should entail. The Mining Journal last evening, and both Messrs. Sherman and Fassbender have expressed themselves about as much in the same lines. "As has often been asserted," Mr. Van Evera said, "I regard the work that will confront the commissioners who will take over the government of the city as a business problem that should be taken up by the men in charge of the government much as any other business problem should be taken up. The commissioners, I believe, should be a harmonious board of directors who will seek to procure for the people of Marquette the most economical and businesslike handling of their affairs, and the largest possible results for each dollar of expenditure."

"The administration of the four or five departments for which the department provides should, I believe, be closely coordinated and the government should be administered as one organic whole, with the commissioners all pulling in harmony to secure the common good. Comprehensive plans for public administration, looking forward for a period of years and laid out so as to meet the needs of all parts of the city regarded as a whole, should, in my opinion, be made, so that the expenditures in each succeeding year will dovetail into those of the year before and there will be steady progress in accordance with some well thought plan."

"I believe in the establishment of a practical civil service in Marquette which will make good service as the principal test of office holding and that will seek for the good of the whole community to minimize mere politics. I realize that the men chosen for the commission will have to give generously of their time and such ability as they possess to the city, with no thought of personal advantage. If the voters want me on the terms I have indicated I will be pleased to serve."

WILL MEET IN GWINN.

Triennial Gathering of Modern Woodmen Will Be Held in February.

A meeting of the Marquette lodge of the Modern Woodmen of America was held Saturday evening, when delegates were chosen to the county convention, to be held in Gwinn, early in February. This convention will name representatives to attend the state camp of the lodge, which is held once every three years. Officers of the Marquette lodge for the ensuing year were elected as follows:

Venerable Counsel—John Hanson.
Worthy Advisor—Harry Quarters.
Banker—James Jamieson.
Clerk—A. W. Moore.
Escort—W. J. Walsh.
Watchman—Paul C. Christenson.
Sentry—W. Crutcher.
Trustee—W. A. Ross.

WOULD DISCARD SURGERY.

Chicago Expert Says Trend Is to Get Away from the Knife.

Milwaukee, Dec. 8.—"The newest thing in surgery is that we are trying to get away from it, and it is through original research work that we already have accomplished wonders, and hope for still greater things," declared Dr. John B. Murphy of Chicago, addressing the convention of Soo railway system physicians and surgeons here. "Serums and anti-toxins are superseding the knife and the saw," continued Dr. Murphy. He declared that rheumatism was a germ infection.

AMERICANS DRUG USERS.

Philadelphia, Dec. 8.—"If morphine using is not checked the nation will degenerate to something worse than monkeydom," declared Dr. B. C. Keister, a specialist of Roanoke, Va., before a meeting of scientists and specialists here. According to Dr. Keister, the United States is now next to China in the use of opium and its derivatives. "Twenty per cent of the medical profession," the speaker continued "are now victims of the morphine habit."

Dr. Keister said the medical and criminal records of the country indicated that a complete abolition of the manufacture of habit forming drugs, including alcohol, would mean 5 per cent less homicides, 60 per cent less suicides and 33 per cent less lunacy. He said the loss to medicine, whatever it might be, from the prohibition of morphine, alcohol, opium and cocaine, would be worth while in view of the possible benefits.

Dr. Keister said 400,000 pounds of opium are consumed in the United States annually. He urged national legislation to prohibit the manufacture and importation of drugs and alcoholic beverages.

Suffered for Five Years

with bowel trouble and obtained only temporary relief until a friend recommended **Duffy's Pure Malt Whiskey** when the results were marvelous. Mr. Fred O. Smith desires his letter be given the widest publicity so that others may be restored to perfect health as he has been. "I suffered for five years with a very bad form of bowel trouble and could get but slight temporary relief. I was induced by a friend to try Duffy's Pure Malt Whiskey. The result was marvelous."

"I am feeling fine and trust many more may use your splendid product and be restored to health again, as I have. "I hope you will give this letter the widest publicity so others having a similar trouble may find relief as I have, for it is the remedy I had long sought."—Fred O. Smith, 14 Linwood Street, Roxbury, Mass.

Duffy's Pure Malt Whiskey

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, much of the illness would be avoided. When people get sick they blame different causes, but if they would only stop and think, the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, help the stomach to digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves. Sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers, \$1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet on application. The Duffy Malt Whiskey Co., Rochester, N. Y.

DO YOUR XMAS SHOPPING EARLY

Right now you can have your Christmas Goods on Credit. Pay us a little each month and you will not miss the many friends you want to remember.

M. F. GOLDBERG

Cash or Credit.

Christmas Cards. Toys and Games for Children.
