

CONGRESSMEN HEAR TESTIMONY IN BEHALF OF COPPER MINES

General Manager MacNaughton Is on the Stand at Houghton for Three Hours and Will Be a Witness Today Again.

HE MAKES STRONG PRESENTATION OF THE CASE OF THE OPERATORS

Low Percentage of the Mineral in the Rock and the Extreme Depth of the Workings Require the Exercise of Every Economy, It Is Pointed Out, and It Is Maintained That Labor Is Treated Fairly--Western Federation Alien to the Region and Has No Interest in It, Says Attorney A. F. Rees in an Extended Opening Statement.

Houghton, Mich., March 2.—The deterioration of the quality of the rock and the extreme depth at which copper is now mined in this district require that every facility for reducing the cost of production be employed.

Mr. MacNaughton said that the companies contemplated doing away with the two-man drill altogether. "Are the companies complying with the state law requiring miners to work within 150 feet of each other?" asked Chairman Taylor.

Mr. MacNaughton explained the contract system of pay in vogue here since mining started, being the system outlined in Cornish mines.

Mr. MacNaughton said he could imagine a condition such as described by a striker who testified that if he made big pay on one contract he was given less favorable terms on the next.

Right to Appeal Long in Vogue. "There are some seven hundred and fifty or eight hundred mine bosses," the mining man said.

One-Man Drill Economic Necessity. Mr. MacNaughton said the use of the one-man drill is an economic necessity.

eighty pounds and upwards. Continuing on the Calumet & Hecla subject, Mr. Rees said: "If mining was done in the same way and expenses were as great as they were ten or fifteen years ago, and without improved efficiency and lessened costs, nearly all of the mines would have gone out of existence."

Men Deceived by Alien Agitators. The district was referred to as the "best in the world" by Mr. Rees, who said that old employes, businessmen and practically every person who has ever visited the region will bear out the statement.

The Calumet & Hecla never had labor trouble of any kind since 1871, when a trammers' strike occurred, Mr. Rees added, "and that strike was settled quickly."

"The Western Federation is alien to this territory; it has no interest here. It has nothing to gain by coming in here, except that it is a pretty prosperous community. The miners have large savings accounts, they own their own homes. These alien agitators and organizers came in about 1907 and began to work on organizing. They filled up the men with promises what the federation would do for them—things that were absolutely impossible. The men were led on to believe and were taught from day to day, from year to year, the doctrine of discontent. Their constitution teaches that there is a constant war between capital and labor. They engendered by false teachings, a degree of discontent."

Membership Far in the Minority. "Because of the letter of Meyer—'Don't strike until you are stronger'—it is evident they were not strong enough to justify a strike or to justify the federation to represent our employes. We will offer proof along this line—that the Western Federation did not represent 25 per cent of the employes of the district and not 10 per cent of the employes of the Calumet & Hecla company."

Attorney Rees related the lawlessness which prevailed during the first three days of the strike and the events leading up to the calling of the troops. Outbreaks when the names reopened, and picketing and assaults also were recalled, and a general review of murders and attacks upon workmen was presented to the congressmen.

The Daily and Jane murders at Painesdale, which resulted in a spontaneous uprising of the citizens to demand the restoration of order, were given brief attention, as was the Meyer deportation, which occurred when the federation's president refused to permit relatives of the victims of the Italian hall disaster to accept proffered aid of the citizens who had subscribed \$25,000 for relief work.

Continuing his reference to the Meyer incident, Attorney Rees quoted Bishop Williams of Marquette, who said the action of the citizens was evidence of the greatest self-restraint ever known to him. Mr. Rees added: "The only expression of sentiment among the people of all classes was one of regret that they were not there to help."

pointed in the most lurid terms the Citizens Alliance as being responsible for that disaster and aroused hatred to such an extent that it became unbearable." Before concluding his address, Mr. Rees said: "If this committee were jurors and we were trying a case, we would rest because of lack of evidence. We believe the showing has been one showing a lack of conditions and grievances justifying a strike or anything else. But we desire that the committee should have all the facts before them."

KING GEORGE'S CONCESSION TO HIS OWN FARM LABORERS CAUSES TROUBLE FOR TENANTS.

Norfolk, England, March 2.—The recent act of King George in raising the wages of the laborers on the royal farms in Norfolk and granting them a Saturday half-holiday has caused a strike of the farm laborers on the royal estate at Sandringham, the Westera Federation farmers declined to follow his example, although they had been advised to do so by the royal landlord. The laborers on the king's own farms are greatly in sympathy with the strikers.

JUDGE S. S. COOPER ISSUES INJUNCTION

Strikers in Ontonagon County Restrained from Interfering with Mining Operations.

Houghton, Mich., March 2.—[Special.]—Judge Samuel S. Cooper of the Thirty-second judicial circuit today issued an injunction restraining the Western Federation of Miners from interfering with the operations of the employees of the mines of Ontonagon county. The injunction was issued in Houghton this morning while the judge was on his way to Ontonagon from his home in Ironwood to open a term of the Ontonagon county circuit court.

The injunction bill, which is signed by Elton W. Walker, superintendent of the Mass Consolidated mine and the Lake mine, and Thomas H. Bennett, superintendent of the South Lake, North Lake, Inland and Algoma properties, sets forth that the Western Federation of Miners, through its officers and members, has interfered with the operations of the mines of Ontonagon county, Michigan, and that the interests of foreigners generally in Mexico.

The president spoke deplorably of armed intervention, but at the same time pointedly referred to the size and the power of a country like the United States as being sufficient warrant for a calm and patient course while compliance with the American demands was being sought.

Upon Great Britain's attitude toward the Benton case depends largely the extent to which the United States will become involved. Should England show an inclination to let the Benton case await final adjudication at a time when a firm government is established in Mexico, the United States will not feel called upon to challenge General Carranza's specific refusal to supply the Washington administration with information about Benton's death.

QUIZZERS DO NOT HEAR MOTHER MARY JONES

With Court Case Pending, Miners Decide Not to Present Woman as a Witness.

Trinidad, Colo., March 2.—The attorneys for the United Mine Workers of America have decided not to jeopardize the cause of their clients in the courts for the sake of procuring evidence for use before the congressional strike investigating committee. This was indicated late today when, with the stage set for hearing the testimony of "Mother" Mary Jones, E. P. Costigan, for the second time, temporarily withdrew his request for her appearance.

The final trial session of the investigation occupied about ten minutes. The committee will go to Walsenburg tomorrow and begin hearings there. Congressman Violate Safety Rule. Before the brief closing session today, Representatives Byrnes, Sutherland and Evans made a personal inspection of the workings of the Delagua mine, the latest producing property in Colorado.

On the way out, the congressmen were loaded into two empty coal cars on the electric tram track. Huddled on the coal-littered floor, they ducked their heads to avoid roof timbers and electric wires, as the cars jolted rapidly from the cross entry into the main entry and toward the distant daylight. At one point the tram train was met by a com-

PRESIDENT IS READY TO TAKE ACTION SWIFTLY

Should Necessity Arise, Mr. Wilson Lets It Be Known, the Administration Is Prepared to Move in the Mexican Situation Decisively and Effectively.

Gravity of Affairs Is Now Such That, Deplorable as Such a Course Would Be, It Is Admitted Intervention Is a Possibility—Attitude of London Crucial.

Washington, March 2.—President Wilson revealed to those who discussed Mexican affairs with him today that he fully realized the gravity of the situation resulting from the killing of William S. Benton, a British subject, the reported murderer of Gustavo Sanchez and Clemente Vergara, American citizens, and General Carranza's denial of the right of the United States to look after the interests of foreigners generally in Mexico.

The president spoke deplorably of armed intervention, but at the same time pointedly referred to the size and the power of a country like the United States as being sufficient warrant for a calm and patient course while compliance with the American demands was being sought.

Upon Great Britain's attitude toward the Benton case depends largely the extent to which the United States will become involved. Should England show an inclination to let the Benton case await final adjudication at a time when a firm government is established in Mexico, the United States will not feel called upon to challenge General Carranza's specific refusal to supply the Washington administration with information about Benton's death.

Representations have, it is understood, been made to General Carranza, through American Consul Simplic, at Nogales, and on their outcome depends whether or not the expedition which had planned to go to Chihuahua, soon will be approved to examine Benton's body and carry out its commission. The Washington administration, however, is taking it for granted that arrangements, authorized by General Villa for the departure of the commission to Chihuahua, soon will be approved to examine Benton's body and carry out its commission.

DECLARE EGGS WILL BE CHEAPER HENCEFORTH

Never Again Will Unduly High Prices Be Seen, Say Dealers—Imports Given Credit.

Kansas City, Mo., March 2.—Foreign-laid eggs at the high price of living a real blow, according to dealers attending the sixth annual meeting of the Missouri Car Lot Egg Shippers' association here. Speakers at today's session told of the competition of the imported product and declared egg prices in the United States were unlikely to again reach the high figures that ruled recently.

"Never again will eggs be retailed in this country at unreasonable prices," said F. M. Heggie, of Chicago. "Dealers are willing to take small profits now to keep out the foreign eggs. Thousands of cases are coming into New York from Siberia, Austria and Russia proper. Siberia alone exports ten million cases of thirty dozen eggs each year. The importation of Chinese eggs on the Pacific coast is a fact. There is real competition for the home-laid eggs. The result is a lower average of prices."

The high prices last summer were due to the fact that the extreme heat halted the production and the dealers were forced to go to cold storage. Those who made good money then made it through accident.

death should come to him, as directing head of the revolution, through the diplomatic agents of Great Britain. This had been explained as his stand in the major in the last communication to the state department at Washington, which had asked and had been refused information about the Benton case.

In a statement issued by Ysidro Fabella, acting secretary of foreign relations, General Carranza's stand was given as follows: "General Villa has received orders from Mr. Carranza not to deal in business of an international character. In view of this order, General Villa suspended all negotiations with the American and English representatives and suspended the pass for the commission to go from Juarez to view the body of Benton."

EQUAL SUFFRAGE ISSUE IS GIVEN FIRST PLACE ON CALENDAR OF THE SENATE

Washington, March 2.—Action by the senate within a few days on the proposed woman suffrage constitutional amendment seemed assured tonight, after a day of debate during which the measure was made the "unfinished business." An immediate vote seemed imminent at one time when there was a chorus of demands for a roll call, but Senator Shafer and others held up the vote.

Senator Shafer's speech in favor of the amendment drew forth hostile inquiries from Senators Bryan and Aldrich. Senators Clark, of Wyoming, and Works expressed doubt as to the propriety of the federal government forcing equal suffrage upon states that did not desire such. Senator Borah declared the amendment should not be adopted, if it was not to be enforced in the Southern states.

GRAFT INVESTIGATION IS DEALT HARD BLOW

On Technical Grounds, Court Dismisses Indictment Against Tammany "Bagman."

New York, March 2.—The indictment charging Everett P. Fowler, the so-called Tammany bagman, with extortion, was dismissed today by Supreme Court Justice Vernon M. Davis. Fowler, it was charged, had obtained a political contribution of \$250 from Seneca P. Hall of Cortland, N. Y., who was competing for state highway contracts.

The indictment charged Fowler with extortion in New York county. His attorney, Martin W. Littleton, demurred, on the ground that if the facts in the indictment constituted a crime, the crime was not committed in New York county, but either in Cortland county, where Fowler had his office in the city of Syracuse, or in Onondaga county, where Fowler had his office in the city of Syracuse. Mr. Littleton argued that the crime could not be committed concurrently in three counties at one time, and on this ground Justice Davis sustained the demurrer and dismissed the indictment.

It was reported that District Attorney Whitman would appeal, because if the decision were allowed to stand much of his work in the state graft investigation would be nullified. Many of the alleged crimes brought to light by Mr. Whitman have had their origin in counties outside of New York, and it is alleged that the money in question finally reached its destination in New York county.

THE WEATHER

Washington, March 2.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer, Tuesday; Wednesday, fair.

STORM IN EAST IS MOST COSTLY IN MANY YEARS

Not Since the Memorable Blizzard of 1888 Has Greater Damage Been Caused in the Atlantic Coast Region—Wire Companies the Principal Sufferers.

Wind, Snow, Rain and Sleet Wreak Havoc from Cleveland on the West and Baltimore on the South to the Canadian Border—New York City Is Snowbound.

New York, March 2.—With temperatures rising and fair weather promised, New York and vicinity tonight began to emerge from the storm which railroad and telegraph companies declare has been the most destructive in this region of the country since the memorable blizzard of 1888.

Reports from other cities showed the damage caused by wind, snow, rain and sleet to be widespread. From Cleveland on the west and Baltimore on the south to the Canadian and Nova Scotia borders, the storm has been general. In New England, further damage is expected from the rivers and streams, swollen by melting ice and snow. In and near New York, ten persons perished yesterday and today, and several fatalities were reported elsewhere.

Calder got the impression from the president that he was determined to try every peaceful means at his disposal to solve the Mexican problem, but that he realized certain eventualities might mean a drastic course. He spoke with a firmness that showed his determination not to be stampeded into action by radical speeches in congress, but with a hint that when the necessity arose the American government could be expected to move decisively and effectively.

British Attitude Highly Important. Upon Great Britain's attitude toward the Benton case depends largely the extent to which the United States will become involved. Should England show an inclination to let the Benton case await final adjudication at a time when a firm government is established in Mexico, the United States will not feel called upon to challenge General Carranza's specific refusal to supply the Washington administration with information about Benton's death.

Several northern New Jersey cities were in darkness again tonight. Jersey City and Newark were without fire protection and men patrolled the streets with lanterns, prepared to sound an alarm by telephone. In Newark, schools and factories were closed. Several thousand men and women were thrown out of work.

The first steamers to arrive since Sunday morning reached Quarantine today. Much Loss of Life at Philadelphia. Philadelphia, March 2.—Eastern Pennsylvania, Delaware and southern New Jersey are gradually recovering from the effects of the blizzard which raged from early yesterday until nearly nightfall today. Thirteen deaths due to the storm were reported from this city and vicinity.

Two Coal Barges Are Missing. Providence, R. I., March 2.—Fears that nine lives were lost on the coal-laden barges Frank Penhollow and Josephus, which were torn loose from the tug Edgar E. Luckenbach of the Fire Island lightship in last night's gale, were expressed here tonight. The tow was bound to this city from Norfolk. Both barges were old and sea-faring men here believed that they foundered quickly with all hands.

HYGIENE EXPERT LAYS TO TIGHT CORSETS HALF OF AMERICA'S DIVORCES. Boston, March 2.—Fifty per cent of the divorces in this country are caused by tight corsets, Dr. Manolo E. Dumas said tonight at the opening session of the hygienic fashion institute. In explanation, she said that the corsets first caused indigestion, then headaches and backaches, and later sympathetic ailments that extended even to the feet. "The result is a sour disposition, fertile ground for sowing the seeds of divorce," the speaker declared. "The institute discerned that fashion again will favor the thin woman and that garments will follow natural lines."

A Staple Medicine for Every Family

No Self-Respecting Group of People Should Be Without a Good Family Laxative.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given, the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort.

LAWRENCE A. WRIGHT.

Thousands of good American homes are never without it, among them the home of Mrs. C. A. Wright, 1831 Pasadena Ave., Long Beach, Cal. She had considerable trouble raising little Lawrence, three years old, but after regulating his bowels with small doses of Dr. Caldwell's Syrup Pepsin he began to thrive and she has had no further trouble with him. They use it generally in her home.

Stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally as they are too great a shock to any average system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Ishpeming Department

PROGRAM ANNOUNCED.

"Father and Son" Banquet at Y. M. C. A. Tomorrow Evening.

The "Father and Son" banquet at the Ishpeming Y. M. C. A. tomorrow evening will commence at 6:30 o'clock. On its conclusion the entire building will be opened to the guests. Games will be played in the gymnasium, the pool and billiard tables may be used and the swimming tank will be open.

The supper, which will be served by the ladies of the Swedish Mission, First Methodist, Episcopal, Presbyterian, and Swedish Lutheran churches will take place in the boys' department of the "Y" building. Following is the speaking program for the evening: "Father and Son"—William P. Belden. "The Boys"—W. C. Plummer. "Mother"—John Shand. "Dad"—Robert Potter.

Mayor G. G. Barnett has also been invited to speak at the banquet.

CRIMINAL CHARGE.

John Linarville, of Ishpeming, was arraigned before Judge J. D. Westing at 10 o'clock yesterday afternoon on the charge of carrying concealed weapons. He is alleged to have assaulted Tony Coduti with a revolver in the alley between Main and First streets near Division street. He is held under the city ordinance prohibiting the carrying of concealed weapons. The arrest was made by Officer Olds.

TRAVEL TOURS AT LIBRARY.

Nine new Underwood stereoscopic travel tours have recently been received at the Carnegie public library, making twelve sets of the tours that are now on the shelves. The new sets are England, Ireland, Panama, Japan, Germany,

tain just how many members will make the trip.

FINE COMEDY ACT.

An acrobatic act that is a surprise from start to finish is offered by the Savoy and their bull dogs at the Ishpeming theater the first half of this week. The unusual performance was witnessed last evening by two good-sized audiences. There is much in the performance that is not attempted by other so-called dog acts. The bulls are clever and they are busy from the time the curtain goes up until the finish of the act. A hilarious finish is the ball game, during which the audience is given many opportunities to laugh. The act will be seen again tonight and tomorrow afternoon and evening.

ISHPEMING IN BRIEF.

Al Hager, of Marquette, was an Ishpeming business caller yesterday.

J. B. Melody, of the Soo, was among the Ishpeming visitors yesterday.

Al Hocking, of Republic, spent yesterday in the city, on a business mission.

G. N. Hodgkins, of Marquette, was an Ishpeming business caller yesterday.

Mrs. W. P. Belden and son William are spending a few days in Milwaukee.

A meeting of the board of trustees of the Carnegie public library will be held this afternoon.

The birth of a son to Mr. and Mrs. John Tuttle, 124 Davis street, was recorded yesterday.

Frank Heindel, manager of N. E. Skud estate, leaves tomorrow for Chicago and New York on his spring purchasing trip.

Thursday night will be ladies' night at the Ishpeming Ski club's headquarters. There will be dancing and a lunch will be served.

Thomas LeMun, deputy sheriff at Gwinn, brought Joe Steffano to this city yesterday. He was arrested for being drunk and disorderly.

A meeting of the Ishpeming Ministers' association was held yesterday afternoon, it being the first gathering since the recent organization.

The Ishpeming lodge of Elks will hold a session this evening. Officers will be elected. There will be an initiation and refreshments will be served.

Rev. Lewis Keast leaves tomorrow morning for Iron Mountain, where he is called because of the death of a relative. He will return to Ishpeming Saturday.

The funeral of the late Capt. Gill will be held this afternoon at 2 o'clock from the home. Rev. Lewis Keast, pastor of the Salisbury Methodist church, will conduct the services.

The first division of the Ladies' Aid society of the First Methodist church will give a ten-cent social at the home of Mrs. Thomas Tripp, South First street, Wednesday afternoon at 2:30 o'clock.

Roy Matthews returned yesterday from Duluth, where he attended the funeral of the late Captain Joseph Sellwood. Mr. and Mrs. Richard Matthews will arrive here from Duluth the latter part of the week.

The officers of the Ishpeming Ski club desire all those who have bills against the organization on account of the tournament to send them to Peter Handberg, the secretary, before Friday. The auditing committee will meet that evening.

A meeting of the Minstrel show committee of the Ishpeming Y. M. C. A. will be held Thursday evening at 8 o'clock instead of Tuesday night, as was previously announced. Detailed plans for the show will be outlined at that time.

A. H. Swanson, the contractor, has about completed the construction of a concrete foundation for Joseph H. Gill's store. One of the rooms in the basement is to be used for the manufacture of the ice cream, and the other for storage.

E. L. Gingrass and Mrs. E. Copp, of Milwaukee, were visitors in Ishpeming yesterday on their way to the Michigan gold mine at Dexter, called there by the serious illness of their mother, Mrs. Gingrass, who was taken sick the latter part of last week.

Ed. J. Butler left last evening for Chicago and Milwaukee on business in connection with the Ishpeming theater and the Star theater at Negaunee. He was accompanied by Morgan W. Jopping, of Marquette, manager of the Marquette Opera House.

John Hendrickson, manager of the Ishpeming store of Gately-Wiggins, leaves today for Calumet, where he will select the lines of spring goods for the store here. Samples are forwarded to the Calumet store, and the various managers select their goods there.

Interest in the checker tournament at the Ishpeming Y. M. C. A. is at a high pitch. Teams Nos. 1 and 2 are now tied with a score of 157 points. They are captained by Al Johnson and Will St. John. Team No. 2 was considerably behind two weeks ago, but has picked up considerably.

John Adams, of Fond du Lac, Wis., advertising manager for J. F. Gruenbeck, owner of the Ishpeming Cloak and Suit Company, is in the city to take charge of a sale that is to be conducted shortly. Mr. and Mrs. S. Ree, who had charge of the Ishpeming store, recently resigned, and the entire stock will be disposed of.

The Mining Journal printers' bowling team desires a game with the Ishpeming printers, the match to take place next Saturday evening, if possible. As The Mining Journal team is composed of men in the mechanical department, it wishes to be matched against only men in that department of the Ishpeming printing establishments.

Upper Peninsula

Porter Dies Under Wheels of Train.

Missing his footing when he leaped for the step of a dining car at Engadine, Charles Russell, a porter on the car from Minneapolis, was thrown under the wheels of a Soo Line passenger train and instantly killed. When the train was enroute to the Soo that morning the axle of the dining car broke at Engadine and the car was set off at that siding. Russell, the porter was left with the car while the train proceeded on its way to the Soo. At night the train returned from the Soo and while it stopped at the Engadine station Russell went over and talked with the porter of the Pullman. Soon the train started and as the Pullman car pulled past the dining car Russell attempted to spring

from the vestibule to the other car. He missed his mark and rolled under the wheels of the moving train. The wheels passed over his body, twice cutting it in two. The train was brought to a stop and the remains were picked up and taken to Manistique.

Will Rebuild Newberry Hotel.

Duncan Campbell of Newberry has announced his intention of erecting a new hotel on the site of the old McLeod Hotel, destroyed by fire two weeks ago. The building will be three-stories of brick, and operations will be begun as soon as plans can be prepared and the ruins of the old hotel cleared away. This is welcome news to the people of the community. Newberry has long felt the need of proper hotel facilities, and with the destruction of the old hotel the sit-

uation became acute. Mr. Campbell proposes erecting a structure capable of handling a largely increased trade, equipped with all the modern conveniences and furnished right up to the minute.

Another Industry for Manistique.

Another factory was added to the growing list of industries of Manistique when a deal was closed between Frank Sherke, of the lower peninsula, and the Commercial club to locate a woodworking plant in that city. This is the second factory located within a month and while it is not as large as the flooring factory to be located there in the spring, it will give employment to twenty-five to thirty men and will work the year round. The new company, which will have an investment of about \$25,000,

will manufacture broom handles, chair rounds and other like products. It will use maple, beech and birch as its raw products and much of this timber will be purchased from the farmers. The company will require about five acres of ground. With this concern established the farmer will find a market for both hard and soft wood bolts in Manistique, as the Goodville Bros. box factory buys all the soft wood that can be obtained.

Making Paper Again.

Protected by a temporary roof and with the leathers which went through the recent fire patched up for temporary use, the Manistique Paper company was again making paper in just one month from the date of the fire which it was feared would cause a suspension

of manufacturing for at least sixty days. The fire loss was \$30,000. Eight new beaters have been ordered.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.

IF IT'S THE REAL TOBACCO CHEW, I'LL SWAP THAT'S WHAT IT IS, MY BOY

THE HUNTER AND THE GOOD JUDGE

"RIGHT-CUT", the Real Tobacco Chew, is made out of mellow, sappy leaf tobacco, blended so that a small quantity makes a rich, satisfying chew.

Cut right—so it gives up all its tobacco substance and flavor. Just turning it over without chewing satisfies. And "Right-Cut" lasts—you need not take another chew so often.

The Real Tobacco Chew

10 Cents a Pouch

ASK your dealer today. If he doesn't sell "Right-Cut," send us 10 cents in stamps. We'll send you a pouch.

We guarantee it to be pure chewing tobacco and better than the old kind.

(Additional Ishpeming on Page 5)

CAPT. JOHN H. GILL HAS ANSWERED CALL

Wellknown Ishpeming Mining Man Passes After an Illness of Several Months.

Captain John H. Gill, who had been ill and confined to his home the greater part of the past three months, passed away Sunday, stomach trouble having been the cause of his death. He was expected by his relatives and friends, as his condition had been precarious for two weeks or more.

Captain Gill was born in Cornwall, England, March 5, 1865. He came to this country when he was sixteen years of age, locating in Pennsylvania, where he worked in the coal mines. He remained there a year, when he came to Ishpeming and started work in one of the Cleveland-Cliffs Iron company's properties as a miner. He was a capable workman, having been skilled in all branches of underground work. He had been in the employ of the company but a comparatively short time when the officials saw in him a man worthy of promotion, and he was made shift boss, soon advancing to a captaincy. Captain Gill was in charge of underground work at the company's Moro mine for a number of years, until it was closed down less than two years ago, when he was transferred to the Cliffs shafts mine, where he had since held the position of assistant to Capt. Duncan Campbell.

Mr. Gill was a quiet, unassuming man, who had many staunch friends among his mine associates and others. He lived in the Fourth ward for many years, and during the last four years of his residence there was a member of the city council. He concluded his second term in 1912, when he moved to his present home on West Division street.

Mr. Gill is survived by his widow and nine children. Two of his sons reside in California. His oldest son, George, is home from there, having been called to the city two weeks ago because of his father's serious condition.

The funeral will be held this afternoon, with services at the house, conducted by Rev. Lewis Keast, pastor of the Salisbury Methodist church.

MRS. TREVARTHEN DIES.

Aged Resident of Beacon Passed Away Sunday Morning.

Mrs. Elizabeth Trevarthen, of Beacon, aged eighty-three years, and one of the pioneers of the western end of the county, passed away at her home at 7 o'clock Sunday morning, after an illness of short duration. She had resided at Beacon since 1875, and previously lived in Humboldt. She went to that place in 1869. Her first place of residence in this country was Eagle Harbor, to which place she went from her home in England.

Mrs. Trevarthen is survived by five sons and three daughters. They are Mrs. Joseph H. Gill, of Ishpeming, Elizabeth J. Gill, of Beacon, Mrs. W. Trezise, of Swaney, Thomas, of Calumet, Richard, of Virginia, Minn., William Henry, of Swaney, John, of Quinnesec, Mich., and James, of Vancouver, B. C. Her husband was killed at the Champion mine in 1883 by falling from the skip to the bottom of the shaft. William Boudry,

a timberman, was also killed at that time. The funeral will be held in Ishpeming Wednesday, Rev. T. L. Collister, of Beacon, will conduct the services. All of the children will be here for the funeral with the exception of James Trevarthen.

AUTOISTS INTERESTED IN PROPOSED HIGHWAY

Favor the Building of Connecting Road Between Iron and Gogebic Counties.

Automobile owners in Ishpeming and Negaunee are taking much interest in the campaign now being conducted in Gogebic county for the completion of the trunk line road between that county and Iron county. The building of twelve to fourteen miles of highway in Iron county and the construction of from four to five miles in Gogebic county would provide a through road between the western end of the upper peninsula and Marquette, Delta, Alger and Menominee counties. The project is one that has been under consideration for months.

In addition to the benefit to be derived by automobile owners from the completion of the trunk line road, a large undeveloped agricultural country would be opened up, and the road would also give the settlers in the district traversed an opportunity to get to and from the markets. Gogebic county accomplished much road building last year in the direction of Iron River, and the trunk line road in Iron county was pushed westward. Gogebic county has signified its willingness to complete its portion of the road, if Iron county will undertake the remainder of the work.

The completion of the trunk road would give an outlet to a vast territory of lakes and summer resorts in Vilas county, Wisconsin, and in Gogebic county,

ty, in addition to many miles of good automobile roads that lead in all directions to the north, west and south of that district. It would also give a direct route from Chicago and Milwaukee to all parts of the upper peninsula, and would do much towards increasing the tourist traffic to this district.

ISHPEMING HIGH SCHOOL WINS.

The Ishpeming high school basketball team defeated the Newberry high school team Friday evening by the narrow margin of six points, the score having been 32 to 26. The first half ended with a score of 17 to 17. The Ishpeming team was crippled by the absence of Porter, the star center. This game Newberry the tipoff from the center throughout the game. The Newberry boys played great team work at times, but the Ishpeming players were far superior basket shooters, several good shots being recorded. With but one minute to play the score stood 26 to 26, but the Ishpeming boys made three baskets in the last minute of play.

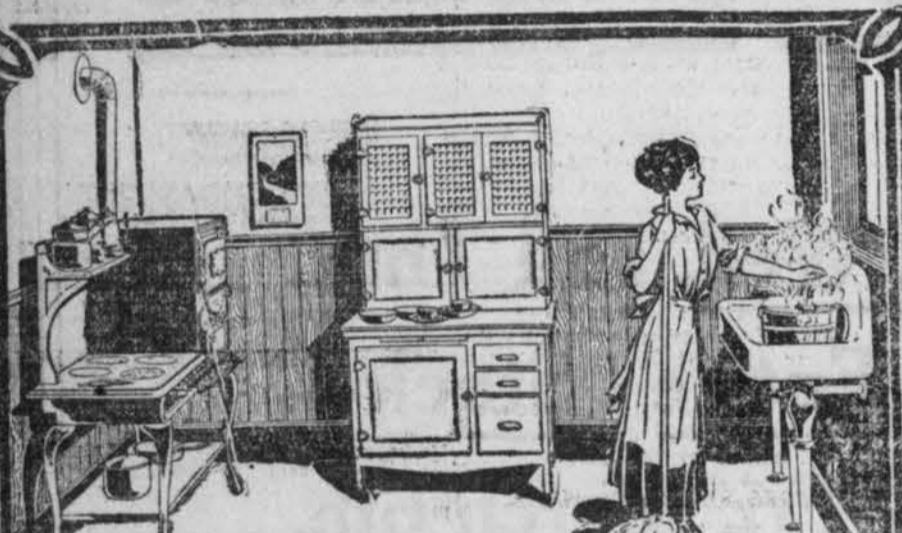

The Ishpeming team lined up as follows: Hendrickson, center; Cooley and Magnuson, forwards; Chapman and Gastafson, guards.

After the game the team was tendered a chicken supper by the Boys' club of the Newberry high school.

DELEGATES TO CONFERENCE.

Within the past few days additional delegates from various Ishpeming clubs and societies have been chosen to attend the Upper Peninsula Boys' conference, which is to be held in Escanaba March 20-22. Nearly every boys' organization in the city will be represented. The McCabe Memorial club, Ishpeming high school club, Swedish Mission church, Ishpeming Y. M. C. A., the Trium club of the Presbyterian and the Episcopal church have recently chosen delegates.

Miss Ryan wishes to announce the organizing of ladies' and also children's classes in Physical Culture and Folk dancing. Phone Austin Studio, 297W., or 103 Main St., Vaelker Block. (2-26-1wk.)

THE SANITARY ALL GAS KITCHEN

Picture to yourself this kitchen in operation—the Ruud Automatic Gas Water Heater in the basement—without any attention—save the turn of a faucet, supplying you with unlimited, inexpensive, pure hot water. How convenient for cleaning and scrubbing—and time-saving to start your various cooking operations.

Think of the modern Gas Range—especially equipped for any mode of cooking—heat easily regulated to a "just right" temperature—no dirt—no ashes—no excessive labor, and all this comfort and convenience at a low cost for gas.

The best demonstration of the merits of these "comfort makers" is to see them in operation at our showroom or a postal will bring you complete information by return mail.

Marquette County Gas & Electric Company.

This is the greatest and most liberal offer ever extended to the housekeepers of Marquette County. BEGINNING TOMORROW MORNING and continuing for a limited time we will give this 100-piece Handsome Old Dutch Delft Blue and Gold Dinner Set FREE to every customer making a purchase of \$100.00, or a 50-piece Set of the same design and quality to every customer making a purchase of \$50.00. We will also sell this elegant dinnerware in sets of 50 or 100 pieces outright at special prices of \$7.75 for the 50-piece set, or \$15.00 for the 100-piece set. We absolutely guarantee this ware, and will replace free any broken or imperfect pieces. The sets are made by one of the best potteries in America, guaranteed Semi-Porcelain.

The decoration of these sets is the famous old Dutch Under-the-Glaze Flow Blue, richly chased in real Coin Gold, exactly the same as Uncle Sam uses in making his Double Eagle (\$20.00) Gold Pieces. This combination of the pure white color of the best imported clay, the rich shade of the deep blue and neat gold edge makes these sets both pleasing to the eye and gives you a Dinner Service that could not be duplicated for less than \$18.00 for the 100-piece set in any store in the city.

Now is the time to take advantage of this Great FREE Offer if you are in need of anything in the line of Furniture, Carpets, Rugs, Lace Curtains, Tapestry Curtains, Stoves, Ranges or Bedding, you may never have another opportunity to secure a Dinner Set so easily.

"FRAGMENTS OF FORTUNE"

That is what small coins have been called. The millions of such "fragments" that are spent carelessly would, if conserved, make many a substantial fortune.

See to it that you do not throw away the small sums which, saved and deposited in this bank at 3% compound interest, in time would give you a really worth while bank account.

MINER OVERTAKEN BY RUN OF SAND

John Juhula, Wellknown Finn, Victim of Accident at Maas Yesterday Morning.

John Juhula, a miner, was instantly killed at the Maas mine yesterday morning by a cave-in of quicksand. Juhula, with five other miners, was working on a sub-level sixty feet below the first level.

The sand, however, was rushing down the level at such a rate that they realized that escape in this direction was impossible, so they started to go back down the ladder into the sub-level.

The sand, however, was rushing down the level at such a rate that they realized that escape in this direction was impossible, so they started to go back down the ladder into the sub-level.

Officials of the mine entered the level and rescued the men with the aid of a raft. Charles Radigan, a miner, was slightly hurt when he fell from a ladder in his haste to get out of danger.

An official of the Cleveland-Cliffs Iron company yesterday said that much praise should be given Thomas Curtis, who warned the men of the danger, for the probable saving of several lives.

KALEVA DAY IS OBSERVED HERE

Negaunee Finns Were Entertained by Program in Local Society's Meeting Place.

The members of the Knights of Kaleva society of Ishpeming and Negaunee celebrated Kaleva day in their hall, in the Williams block, Sunday evening.

The society was first organized fifteen years ago in Red Lodge, Mont. The membership, composed of the most influential Finns in the country, is now about 3,000.

The order is organized upon lines somewhat similar to those of the Masons and Odd Fellows, and its secret work is given in nine degrees, three of which are in the first rank.

At a meeting of the Chevalier de Lafayette society Sunday afternoon the members voted to accept the invitation of the Iron Mountain lodge to attend the annual celebration of the society there June 24.

LOCAL LACONICS

Howard Pascoe, of Diorite, visited Sunday with friends in the city. Henry Lehman, of Alpha, spent Sunday in the city visiting with his family.
