Probable Murder Mystifies.

What was probably a murder was dis-

vered when the body of an unknown an was found in the woods north of akefield, on the road to Thomaston. he discovery was made by Miles Finnegan, of Ramsay, who with another nan was surveying. A few rods from he road Mr. Finnegan saw a man's foot ticking out from a pile of brush. He ound the man was dead. The authoriies at Wakefield took the body to the illage. The man was evidently a voodsman. There were a severe bruise on his forehead and several deep cuts in is neck, evidently made with a knife, and which are supposed to have been he cause of death. He had a bag filled vith woodsmen's clothes and a bottle of whiskey, but there was nothing on or thout the body by which it could be dentified. The prosecuting attorney and he sheriff have since been investigatng the case, but as yet no clue has been found, nor anything which would aid in identifying the man. It is thought the man was murdered by comsanions who were traveling along the coad with him and his body was thrown nto the brush heap.

> > 5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing? Hopgnon, Mr.-"I had pains in both sides and such a soreness 1. I could scarcely straighten up at times. My back ached and I

was so nervous I could not sleep, and I thought I never would be

any better until I submitted to an operation, but I commenced taking

Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."-Mrs. HAYWARD SOWERS, Hodgdon, Me. 2. Charlotte, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying

fine health."-Mrs. Rosa Sims, 16 Winona St., Charlotte, N. C. 3. Hanover, Pa.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT,

196 Stock St., Hanover, Pa. 4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. Laura A. Griswold, 2300 Blk. East William Street, Decatur, Ill.

5. CLEVELAND, OHIO. -"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medi-

An Announcement of Interest To Men Who Like Good Clothes

We are pleased to announce to our many patrons that, owing to the reduced cost of woolens, on account of the tariff revision, we are able to sell you clothes this spring for less money than ever before.

Heretofore we could not make a satisfactory suit of clothes for less than \$35.00. But we can now sell you as good a suit for \$30.00 as we used to sell for \$35.00 and there is the same relative saving on the higher priced goods.

To the regular, satisfied wearers of Crawford made clothes it is unnecessary to say anything about the kind of garments we make. To those we have not had the pleasure of serving, we guarantee the best of workmanship, materials, and a perfect fit.

There is a satisfaction in feeling when you slip on a new suit that not one of your friends has a better fitting or more

stylish suit than you.

Our suits have an up-to-dateness and hang to them that marks a man as a well dressed man.

Our extensive line of Spring and Summer Woolens are now ready. Drop in and see the latest fabrics.

The Greatest Thing That Ever Happened In Ishpeming.

Slashed To Pieces

and find out for yourself just what is happening in your town. Perhaps you already know of this wonderful SMASH-UP at the Ishpeming Cloak & Suit Co.

It is the greatest thing that ever happened any where around here, and we are proving it every day to the entire satisfaction of the enormous crowds that pack this great little shop with the great big bargains.

It's a fact that we have 'em all on the jump -why? Simply because we are almost giving fine merchandise away. No sane merchant would try to compete with the prices at which we are selling every article in our store, because we are selling CHEAPER than he could buy it himself and by a wide margin at that.

Now then, don't let anything keep you away from this sale. We are doing something different nearly every day, that is we are marking down and rearranging stocks so it will pay you to keep an eye on us and see what we are doing.

Everything in the store is going at giveaway prices. Hurry and get your share.

Go-to-Church Mar. 15

I Would Go to Church

1. Because I am r spiritual beand the fairest attention to the needs of the soul, and the church is the only agency with the speeifle mission to minister to those

2. Because all that is best in my own life and in the lives of my fellowmen; the finer graces, the fairer ideals, the noblest influences of life; and those most important institutions of education, penevolence, amelioration, reform, rescue; were all given to the world through the Church, and are doday maintained by those noble sentiments which are cultivated only by the Church: and I want to be not merely a pen sioner, but a promoter, of all that

3. Because, democracy and human brotherhood, have been inculcated not by kings but by the Church, and have been exemplified not in political or other organizations so much and so consistently as in Church-associations.

4. Because the vitality and of fectiveness of the Church depend upon the high maintenance of nterest and attendance at its services of divine worship. A Christian civilization depends upon the Christian Church, and the Church depends upon its loyal adherents. When the worshipper leaves, the worship ceases, the Cchurch dies, and the sentiments and civilization it supported per sh.
