

HARSH CENSURE BESTOWED UPON MINE MANAGERS

Michigan Copper Companies' Refusal to Recognize the Western Federation Branded as "un-American" in Statements Made by Congressional Investigators.

Six Thousand Strikers Living Miserably Out in the Snow, Says Mr. Taylor—Jas. MacNaughton "Boss"—Mr. Howell Dissents from Views of the Chairman.

Washington, March 12.—The refusal of the Michigan copper mining companies to recognize the miners' union was denounced as "un-American" by Chairman Taylor and members of the house investigating committee upon their return today from their trip to the strike district.

Representative Taylor described James MacNaughton, vice president and general manager of the Calumet & Hecla mining company, as "the boss of that great region."

The committee will, within a few days, send an expert to Boston to go over the books of the Calumet & Hecla company. It will then John Mitchell next week, and then will allow the companies and the strikers fifteen days in which to file briefs.

Michigan Situation Held Deplorable. "About six thousand miners are still on strike in Michigan, and living miserably out in the snow," said Representative Taylor. "Their condition is critical."

"The labor unions of the United States, including the Western Federation of Miners, are spending \$300,000 a week for the strikers who are still living in the companies' houses though not paying rent. The mine owners are proposing to eject them."

"The mine owners insist that the miners must not only tear up their union cards and renounce their union affiliations, but enter into a solemn pledge that they will never again join the Federation of Miners, an attitude which denies the strikers the constitutional right to belong to a union, just as the companies have the right to organize among themselves."

"The nine operators substantially have agreed to all demands except the federation recognition. The men offer to go back to work under the open shop plan, but the operators will not agree to this."

"There were nine thousand strikers who belonged to the union. Many of them have left the copper country, some have gone to other fields, a few have surrendered their union cards and have gone back to work. About six thousand remain."

Will Recommend Legislation. The committee's report will recommend legislation to prevent the shipping of armed men into a state under the orders of mine operators and the domination of municipal governments.

"The companies," said Chairman Taylor, "have the right not to recognize the union and the men have the right to belong to a union. It is an un-American proposition to deny a man the right to belong to some organization."

"The Western Federation of Miners is a distinctly metalliferous organization. These strikers could belong to no other such organization, and the denial of their right to its membership means a denial of their right to belong to any union."

"The Citizens' Alliance, the organization of citizens, is working along the line of driving the Western Federation of Miners off the map."

"The Waddell-Mahon corporation brought a large number of strike breakers into the strike territory. It furnished things, the Asher organization likewise furnished things. The Burns agency sent men in there."

Guards Told to Make Trouble. "These people have shipped a lot of men in there with instructions that if there is no excitement they must produce excitement, but if there is already plenty of excitement not to cause any more."

"These fellows have created trouble. They have no responsibility, and have been made deputy sheriffs and allowed to carry guns."

"The majority of the investigating committee will agree in recommending to congress a federal law to prohibit corporations from shipping armed men from one state to another. This will be on the ground that they are trouble makers."

"The committee probably will make some other recommendations concerning working conditions of large enterprises like the Calumet & Hecla corporation, which on an investment of \$1,200,000 has in the last fifty years paid \$125,000,000 in dividends and reinvested \$75,000,000 more out of proceeds."

Mr. Howell Dissents. Representative Howell, a Republican member of the committee, dissented emphatically from Chairman Taylor's views relative to the investigation.

Mr. Howell said tonight that on the whole the "disturbance has been controlled by the state and mine authorities with good judgment" and that the miners' welfare and interests had been liberally considered at all times.

The mines are now running with practically full shifts, and liberal wages are being paid the men.

Governor Thinks Men Ready to Return.

Lansing, Mich., March 12.—Governor Ferris today expressed the opinion that Michigan's copper mine strike would soon be settled, if President Moyer of the Western Federation of Miners would allow the strikers to decide the proposition by a referendum vote.

"I believe the men would return to their former positions if obstacles are not thrown in their way by the strike leaders," said the governor. "At least a referendum vote would be a real test of the strength of the opposing elements and would show up existing conditions."

Congressmen's Report as Expected.

The governor said he had expected the special investigating committee would send representatives to Lansing, before its work was completed, and look into the information that had been gathered by Governor Ferris and his assistants.

He said the report as indicated at Washington today was what he had expected.

NO CHANGE IN STRIKE, SAY MINERS' LEADERS

Struggle Still on and Will Continue On, Is Declaration in the Copper Country.

Houghton, Mich., March 12.—William Rickard, president of the Calumet union of the Western Federation of Miners, and Charles E. Hietela, secretary of the Hancock district unions, both said today that the statements made by Charles H. Moyer, president of the federation, at Chicago Wednesday have made no difference in the situation. "There is no change," said Mr. Hietela at the Hancock mine headquarters this afternoon. "The strike is still on and it will be on."

It had been announced in Chicago that a member of the executive council of the federation would be in the copper country today, but Secretary Hietela said today that he had not seen the member and did not arrive in the copper country until the afternoon of the 11th.

Secretary Hietela said today that there are no national officers in the copper country. Dan Sullivan of Hancock, district president, is the man in principal charge of the strike, with the assistance of Hietela and Rickard.

Mr. Rickard announced in Calumet today that he and the other copper country presidents would not call a referendum vote on the question of going back to work until they received further instructions from President Moyer and the other members of the executive council.

Loss of Income Feared. One official of the Western Federation in the copper country, a man who does not care to be quoted, says that he is convinced it is only a question of finances. The federation heads are willing to prolong the strike as long as they can get funds to carry it on.

This official is doubtful if funds will be forthcoming much longer. Despite President Moyer's denial of the purport of his Chicago statement and the belief of the copper country federalists that the strike is still on, it is "a question of dollars and cents" that the Moyer admission has dealt the strike and the Western Federation a severe blow throughout the United States.

Wide publicity has been given Governor's admission of defeat and it is through the labor organizations throughout the country will refuse to make such contributions to a cause practically declared lost.

COLORADO MILITIA EXPLAINS INCIDENTS

General Chase Wires the President in Answer to Protests of Mine Workers.

Trinidad, Colo., March 12.—General John Chase, commanding the Colorado National Guard, under instructions from Governor E. M. Ammons tonight sent a telegram to President Wilson, answering a message sent by John White, Frank J. Hayes and William Green, officers of the United Mine Workers of America, to the president in which the union officials asked for federal intervention in the Colorado coal strike and protested against the incarceration of "Mother" Jones and the removal of her to the Forbes colony. The message to President Wilson says:

"I am directed by the governor of Colorado to inform the president of the United States that one Mary Jones, alias 'Mother' Jones, is and always has been at entire liberty to leave the disturbed district, but insists on remaining avowedly to make incendiary speeches. She is confined with comfort in a pleasant room in a large church hospital as a necessary precaution in view of her history elsewhere."

"On March 8, a non-union miner was atrociously murdered near the union tent colony at Forbes in the strike zone, to which colony the murderers were easily tracked. This murder was significant just at this time. At the urgent request of the sheriff, all of the inhabitants of this small colony were arrested—sixteen men. There were no women nor children. The tents were ordered removed to forestall further outbursts."

"The silence that military rule and necessity enjoin I am directed to break that the president may be advised."

Three Strike Leaders Arrested.

Trinidad, Colo., March 12.—As a result of a further investigation into the death of Neil Smith, the non-union coal miner whose body was found on a railroad track near Safford Monday, a detail of cavalry today at Forbes took into custody John Kotzmann, William Watson and Joseph Hill, the latter president of the Forbes miners' union. All are strikers.

Adjutant General Chase announced today that the order given on Tuesday, when tents in the lower colony at Forbes were torn down and residents of the upper colony were told they must leave within forty-eight hours, has been modified. "The tents which were taken down will remain down," the general said, "but those encamped will not be molested unless further trouble occurs."

ST. LOUIS RUINS YIELD BODIES.

St. Louis, Mo., March 12.—Eight bodies were recovered today from the ruins of the Missouri Athletic club, destroyed by fire Monday morning, bringing the total number recovered to eighteen. Of these, eleven have been identified. The bodies of thirteen are believed to be in the ruins, making the total death toll thirty-one.

KELLEY'S ARMY MUST DISPERSE, IS THE DICTUM

Conferring at Sacramento, the Sheriffs of Four Counties Deliver an Ultimatum to the 600 or 700 Men Still in Camp at the Gates of the Capital City.

Jobless Told They Can't March Anywhere and Must Scatter—Fares Will Be Paid Up to Fifty Miles—Unemployed Will Reply Today—Their Attitude Defiant.

Sacramento, Calif., March 12.—After wrestling all day with the problem of the unemployed, the sheriffs and district attorneys of four California counties—Sacramento, Yolo, Colusa and Contra Costa—reached an agreement which was delivered today as a joint ultimatum.

The six or seven hundred men remaining of the "army" of the unemployed which left San Francisco last week under "General" Charles Kelley on a proposed transcontinental march to Washington, D. C., must disperse at once. If they are willing to scatter peacefully in bands of not more than fifty, the citizens' committee of Sacramento will pay their fares to any point within a radius of fifty miles. They will not be permitted to march in a mass anywhere, either out of or to any point in the state; and if they are not willing to disband, the authorities will be forced "to take other measures."

A committee of two, representing the "army," replied that the men could come to no decision before tomorrow. Roughly, the action decided on by the authorities for tomorrow, should the men refuse to move, is to "cut out" bunches of twenty, thirty or fifty men, as bunch-punchers cut out bunches of cattle, herd them to the railroad tracks and bundle them into cars.

Marchers Issue a Manifesto. A manifesto from the publicity committee of the "army," delivered to the newspapers, says:

"We, the army of the unemployed, encamped in Yolo county, have united our forces and are determined to stand firm in our demands that we will move only on condition that all our men are released from jails and hospitals and we get transportation east. If these demands are refused, we absolutely refuse to move from our present position."

"We do not intend breaking laws, or to cause violence, but we demand justice for the men in jail, and that we must have. All the unions of the Pacific coast are responding readily to our appeals for help and we are preparing for a long, hard struggle to win here a year if necessary to win."

A deserter from the army of the unemployed, who slipped through the sentries guarding the Sacramento side of the river, brought word tonight that the men were fashioning clubs and will meet force tomorrow with force. Pick handles were used against them in the last battle which ended in their rout.

Kelley Lieutenant Beligerent. San Francisco, March 12.—"We are going to get food to the unemployed army in Yolo county if we have to send it through the hands of our men," declared J. S. Wightman, a representative of "General" Kelley, here today.

"The treatment of these men has been one of the most brutal chapters in the history of labor," Wightman continued. "Yesterday I saw the sheriff of Sacramento county order a river in an automobile load of bread that had been supplied by labor unions."

WORKLESS ONES BALK AT TILLING THE SOIL ON NEW YORK STATE FARMS.

New York, March 12.—Within a few hours from the time the free labor bureau of the state department of agriculture closed for the day, after making plans to send jobless men to state farms, several hundred of the unemployed, gathered at an open air meeting tonight heard the efforts of Governor Glynn to give them work.

"The governor tells us there is work for us to do on the farms of the state," said Joseph O'Carroll, a leader of the workless, "but the government will not reply I tell the governor to go home and god himself. We want none of it. If there is any decent work, paying a man's wages, I and you are here to get that work and we will grasp the opportunity. Shoveling snow and planting potatoes are not in our line."

Boston Exchange Invaded. Boston, March 12.—A small army of the unemployed invaded the Chamber of Commerce today, demanding shelter and food. Trades had closed for the day, but the unexpected arrival of the workless ones caused excitement. Police reserves were called and the party, which included about one hundred and fifty men, led by Morrison I. Swift, was ejected without violence.

ATKINS' NERVES SHATTERED BY WIFE'S MANY ATTEMPTS TO PUT END TO HER LIFE.

New York, March 12.—Herman E. Atkins, a Brooklyn engraver, today began a strike for separation against his wife on the ground that his nerves were shattered by her repeated attempts to commit suicide. Twenty-three times, alleged Atkins, Mrs. Atkins vainly attempted to take her life. "After she had exhausted all the recognized means, she devised a few of her own, which included sitting at an open window in her night clothes to bring on pneumonia."

WESTINGHOUSE IS A VICTIM OF HEART DISEASE

Originator of the Air Brake That Bears His Name and That Was Rejected by Commodore Vanderbilt as the Device of a Fool Dies in New York, Aged 68.

His First Invention When a Boy of Fifteen a Rotary Engine—Companies He Founded Now Employ 50,000 Persons and Are Capitalized at \$200,000,000.

New York, March 12.—George Westinghouse, a foremost figure in the world of engineering and inventor of the air-brake that bears his name, died late today at his residence in this city of heart disease. He was in his sixty-eighth year. The funeral services will take place Saturday.

Mr. Westinghouse became an inventor at fifteen, when he produced a rotary engine. Four years later he constructed a device for replacing derailed steam cars. Then, when twenty-one years old, he sought the financial backing of Commodore Cornelius Vanderbilt for his now famous air-brake.

"Do you mean to tell me you can stop a railroad train by wind?" demanded the commodore. "Well, yes. Inasmuch as air is wind, I suppose you are right," spoke the youth.

"I have no time to waste on fools," said the commodore. Westinghouse sought and found capital elsewhere and manufactured his invention.

Genius Extends to Various Lines. Mr. Westinghouse did not confine his genius to railroading. His inventions and improvements had to do with railway signaling; the development of the alternating current system for electric lighting and power; devices for safety and for economically conveying natural gas over long distances and using it for work with information that Benton was killed by Fierro.

It is said also that the commission has gathered evidence that Colonel Fidel Avila, in command of the garrison at Juarez, ordered the execution of Gustav Hirsch, a German-American, who was tried as a spy, but whose case no verdict was rendered. Rebel officers have denied that he was killed.

Fierro's cruelty is a matter of notoriety. He was in Villa's office when Benton was killed and is said to be a distant relative of the rebel chief.

City Prison Gives Huerta Recruits. Mexico City, March 12.—The enforcement of the levy for troops has been much more drastic than usual in the last few days. Large numbers of men were taken today from the streets in the suburbs and loaded into a waiting train for Cuernavaca. In one levy nine hundred prisoners, taken from the city prisons, some of them notorious criminals, were enlisted as "volunteers."

SENATORS RESUME THE LOBBY PROBE

Big Interests Fighting Repeal of the Free Tolls Provision, the Committee Hears.

Washington, March 12.—The renewal of the lobby inquiry by the senate investigating committee today turned towards reports that there is organized opposition in Washington, backed by influential forces, against the proposed repeal of the tolls exemption provision of the Panama canal act.

Today the committee examined Clarence W. DeKnight, a Washington lawyer, who admitted activity on behalf of certain concerns in favor of tolls exemption when the bill was passed, but flatly denied knowledge of any lobbying efforts to prevent the passage of the bill.

Tonight the committee issued a subpoena for Dr. James B. Scott, secretary for the Carnegie Endowment for International Peace, whose name entered into a debate in the senate several weeks ago between Senators Root and O'Gorman. When the extension of the general arbitration treaty with Great Britain was under consideration, involving the tolls issue, Senator O'Gorman charged that the Carnegie endowment had for its prime motive, not the promotion of international peace but the formation of a British-American alliance.

Former Admiral Bowles Involved. Today Attorney DeKnight admitted having devoted his efforts for fifteen years to urging legislation in behalf of various interests. He also admitted having entered into a contract with Fore River Shipbuilding company commercialized view. Sentence was deferred until the next term of court and Jackson was freed on bail of \$1,000.

In commenting on the ease from the bench, Judge Niles is quoted as saying: "A case now pending before the United States supreme court will determine whether the Mann act is to be construed to only prevent commercialized vice or whether it applies to any other immoral purposes. I will be guided by that decision at the next term of court."

Jackson, fifty years old and married, pleaded guilty to bringing Anna Davis from Alabama to Meridian for immoral purposes.

UNITED STATES EXPRESS TO QUIT. New York, March 12.—The stockholders of the United States Express

THE WEATHER

Washington, March 12.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy and warmer, Friday; Saturday, unsettled.

BIRTHS OF TWINS COMPLETE AN ODD CHAIN OF EVENTS IN THE LIVES OF TWO COUPLES.

Lancaster, Pa., March 12.—The birth today of twins—in both cases a boy and a girl—in the households of Rev. Nathan B. Verger, of Rothbarstown, and Rev. E. Landis, of this city, has called attention to a series of like parables which is extraordinary.

Both ministers are Lutherans and have been friends from boyhood. They entered college at the same time and were roommates for four years. They were graduates in the same class and were stationed at Lutheran churches in the same county. They were married on the same day and the wedding trips were taken together.

The wives of the clergymen were girlhood friends. They entered the normal school together. Like their husbands, both were graduates in the same class and both took up the profession of teaching, which they abandoned at the same time to become brides.

WOLGAST UNABLE TO DEFEAT RITCHIE

Honors in Boxing Bout at Milwaukee for the Lightweight Title Are About Even.

Milwaukee, March 12.—Willie Ritchie, of California, tonight retained the lightweight pugilistic championship. Ad Wolgast, of Cadillac, Mich., being unable to defeat the man who took the premier honors from him nearly two years ago. No decision is permitted in Wisconsin on the ten-round bouts allowed under the boxing law, but newspaper decisions were about equally divided between calling tonight's fight a draw and giving a victory by a shade to Ritchie. Some of the opinions as to the victory of Ritchie were changed to a decision that the fight was a draw when, after the contest, C. A. Mortie, a member of the state boxing commission, declared that Ritchie had fouled Wolgast in the seventh round, sending the former champion to the floor.

The champion outboxed the Michigan boy in five rounds, and in the seventh round had Wolgast backing away from his punches. Wolgast sank to one knee when Ritchie landed a shower of blows on his stomach and took the count of four. He rushed at the champion, but Ritchie danced away from him. Twice during the boxing contest in Wisconsin, Referee Stout for his rough work in the clinches. In the eighth and ninth rounds, Ritchie clearly outboxed the "Dutchman."

Wolgast rushed at the champion at the opening of the tenth and sent his right and left fists to Ritchie's face and body, but the east boy did not give ground and met Wolgast with right and left jabs to the jaw. Both boys were fighting fiercely when the bell rang.

The crowd was the largest that ever witnessed a boxing contest in Wisconsin. Both boys weighed in at 5 o'clock, the champion tipping the beam at 125 pounds and Wolgast at 134½. Ritchie was a ten to seven favorite.

HIS ESTATE VALUED AT TWENTY MILLIONS

Geo. W. Vanderbilt Leaves Practically His Entire Fortune to Wife and Daughter.

New York, March 12.—The will of George W. Vanderbilt, filed here today, leaves the entire estate, estimated at \$20,000,000, to the widow and only daughter, Cornelia.

Minor bequests, providing annuities aggregating \$5,500 a year, are made in favor of certain relatives. There are no public bequests.

Biltmore, Mr. Vanderbilt's world-famous estate in North Carolina, is left to his daughter, Cornelia, now twelve years old. She also receives \$5,000,000 in cash.

The widow receives the estate at Bar Harbor, Me., the Vanderbilt home in Washington; \$250,000 in cash; a life interest in a trust fund of \$1,000,000, and part of the real estate in North Carolina.

Mr. Vanderbilt's valuable collections of paintings and books go to his wife and daughter.

The famous Vanderbilt mansion in New York was the property of George Vanderbilt only during his lifetime. The works were valued at a million and a half, was built by William B. Vanderbilt and reverts to Cornelia Vanderbilt, George's nephew. For the last nine years the house has been leased to Henry C. Frick. It contains paintings and art objects, valued at more than \$1,000,000, which go with the house.

"WHITE SLAVER" WON'T BE SENTENCED TILL LAW IS GIVEN ITS FINAL TEST.

Meridian, Miss., March 12.—Federal Judge Niles today refused to sentence W. W. Jackson, who had pleaded guilty of violating the Mann white slave act but who showed to the satisfaction of the court that he had not been guilty of commercialized vice. Sentence was deferred until the next term of court and Jackson was freed on bail of \$1,000.

In commenting on the ease from the bench, Judge Niles is quoted as saying: "A case now pending before the United States supreme court will determine whether the Mann act is to be construed to only prevent commercialized vice or whether it applies to any other immoral purposes. I will be guided by that decision at the next term of court."

Jackson, fifty years old and married, pleaded guilty to bringing Anna Davis from Alabama to Meridian for immoral purposes.

ENVOY PAGE IS ASKED TO MAKE AN EXPLANATION

Assertions Reported Uttered by U. S. Ambassador in an Address at London Cause the Senate to Pass a Resolution Directing the Institution of an Inquiry.

References to the Panama Canal and the Monroe Doctrine Arouse Mr. Chamberlain in Particular—His Motion Adopted at Once and Without Debate.

Washington, March 12.—Walter Hines Page, American ambassador to Great Britain, was made the target of inquiry today in a resolution adopted by the senate, calling upon the secretary of state to investigate reported public assertions by the ambassador relative to the Monroe doctrine and the Panama canal.

Senator Chamberlain, aroused over reports of a speech by Ambassador Page last night in London before the Associated Chambers of Commerce, introduced the resolution, and his request for immediate consideration resulted in its adoption without debate.

Envoy Asked for Evidence. The resolution requests the secretary of state to procure for the use of the senate a copy of Ambassador Page's address and to call upon the ambassador for evidence upon which he based the reported statement that "it added greatly to the pleasure of the people of the United States in the building of the Panama canal to know that the British would profit most by its use."

Particular request is made for a verbatim report of that portion of the ambassador's address in which he is reported to have defined the Monroe doctrine as meaning merely that the United States would prefer that no European governments would gain more land in the new world.

After the resolution had been adopted, senators heard of dispatches from London saying the ambassador's speech was delivered extemporaneously late in the evening and was not reported verbatim and quoting Mr. Page as explaining that his reference to the British use of the Panama canal was in a light vein.

President Wilson today indicated that the Monroe doctrine was as much a part of the American foreign policy today as a hundred years ago. He did not express an opinion concerning the speech, but when asked whether he considered the Monroe doctrine obsolete replied he had not heard that it was "falling in any way."

It was recalled today that Senator Chamberlain last November introduced a petition of protest against reported remarks by Ambassador Page that the United States was English and the English ruled and the obligation of government and civilization rests with the people who speak the language of Shakespeare.

CONGRESSMAN DENOUNCES PINCHOT FOR LAND TRADES WITH RAILROAD COMPANIES.

Washington, March 12.—Gifford Pinchot, former chief forester, was charged in the house today by Representative Humphrey, Republican, of Washington, with favoring, as chief forester of the United States, a land exchange transaction with the Santa Fe railroad that was "the greatest and most outrageous looting of the public domain in our history."

"I challenge any man to show," Mr. Humphrey declared, "that Mr. Pinchot ever protested against the land exchange which the Santa Fe railroad received 1,200,000 acres of the best public land in exchange for a like number of acres of unimproved and utterly worthless land which was estimated by the railroad to be worth from fifteen to eighteen cents an acre."

The congressman also charged Mr. Pinchot with responsibility for a similar purported deal with the Northern Pacific railroad.

MR. BRYAN AGREES TO HELP JAPS IN MEXICO MIGRATE TO NEW FIELD.

Washington, March 12.—Secretary Bryan has promised the Japanese ambassador to obtain permission for the passage of about one hundred and fifty Japanese through American territory from El Paso, Tex., to Calexico, on the extreme northwest corner of the Mexican state of Sonora. These Japanese, reduced to an extremity by lack of work, owing to military operations in northern Mexico, will seek employment as cotton pickers on the west coast. The ambassador made it plain that no colonization scheme was involved.

General Scott's Course Upheld. The war department is watching with keen interest the outcome of the efforts of the Mexican military prisoners near Fort Bliss to procure their liberty, through writs of habeas corpus, and General Scott is fully sustained in his determination to resist these efforts as far as he legally can.

HOSTILE DEMONSTRATIONS FORCE JACK JOHNSON TO END A VISIT TO SWEDEN.

Stockholm, Sweden, March 12.—Jack Johnson, the American negro pugilist, who was to have engaged in wrestling matches with Jess Peterson and others in Stockholm, has been forced to leave Sweden, owing to the hostile demonstrations against him.

BENTON NOT KILLED BY VILLA, IS REPORT

Carranza Investigation Said to Indicate Major Fierro as the Briton's Executioner.

El Paso, Tex., March 12.—Information that the evidence thus far gathered by the Carranza commission indicated Major Rudolf Fierro as the slayer of William S. Benton, a British subject, assumed importance tonight with the arrival of American passengers from Chihuahua with reports, not confirmed, that Fierro had been arrested, charged with the murder of two Mexican railroad men. Whether Fierro really has been arrested is only a report, but the information is regarded as probably correct by those who have been conversant with the fact that the commission started work with information that Benton was killed by Fierro.

It is said also that the commission has gathered evidence that Colonel Fidel Avila, in command of the garrison at Juarez, ordered the execution of Gustav Hirsch, a German-American, who was tried as a spy, but whose case no verdict was rendered. Rebel officers have denied that he was killed.

Fierro's cruelty is a matter of notoriety. He was in Villa's office when Benton was killed and is said to be a distant relative of the rebel chief.

City Prison Gives Huerta Recruits. Mexico City, March 12.—The enforcement of the levy for troops has been much more drastic than usual in the last few days. Large numbers of men were taken today from the streets in the suburbs and loaded into a waiting train for Cuernavaca. In one levy nine hundred prisoners, taken from the city prisons, some of them notorious criminals, were enlisted as "volunteers."

SENATORS RESUME THE LOBBY PROBE

Big Interests Fighting Repeal of the Free Tolls Provision, the Committee Hears.

Washington, March 12.—The renewal of the lobby inquiry by the senate investigating committee today turned towards reports that there is organized opposition in Washington, backed by influential forces, against the proposed repeal of the tolls exemption provision of the Panama canal act.

Copper Country

ERECT MONUMENT TO DOUGLASS HOUGHTON

Keweenaw Historical Society to Unite With Home Fortnightly Club in Project.

The Keweenaw Historical society... The first announcement of the purpose of the Houghton Light Infantry to give a pretentious ball the night of Easter Monday, April 13, was made yesterday by Lieutenant T. S. Smith...

The suggestion was made by President John T. Reeder in an annual address. Mr. Reeder said that the Fortnightly club had decided some time ago to erect near the point at which Dr. Houghton met his death, near Eagle River, a memorial but that the club thought it only proper that the historical society be given an opportunity to share in the enterprise.

The site suggested for the monument is a triangular plot formed by the junction of the two roads leading to Eagle River. A deed to the ground already has been given by the Cliff Mining company. It was decided by unanimous vote of the historical society to take an equal share in the enterprise with the Fortnightly club and to defray half of the expense.

President Reeder explained that he has already been decided to make the monument of an immense boulder, which will be suitably inscribed. The huge stone will be set upon a base made up of the principal rocks of the region, forming a truly distinctive monument to the memory of the man who first classified the minerals of the copper country.

At the annual meeting of the Historical society, Secretary-Treasurer John A. Doelle made his annual report, showing that with comparatively limited funds, but with the co-operation of an earnest membership, the organization is gradually acquiring a valuable collection of historical material.

An interesting figure at the meeting was Francis Jucker, the scholarly aged resident of Jacobsville one of the pioneers of the copper country. Mr. Jucker makes frequent visits to Houghton, a village that he visited first in probably the first year of its existence. Few of the persons present at the meeting had ever seen this veritable treasury of copper country lore. Secretary Doelle read an interesting paper on early day experiences, written by Mr. Jucker, who begged off from the reading.

The meeting was attended by one hundred persons, the majority of them old residents of the copper country. Every part of the region was represented and the indication is that the Keweenaw Historical society is a growing organization and one that will effectively carry out its purpose.

President Reeder announced the organization of the Michigan Historical commission, a new state department with which this society will affiliate. In the event that the Keweenaw Historical society should ever become inactive, the commission provides a method of continuing the work begun by the society and of preserving its collected material.

WILL TRAVEL IN SPECIAL CAR.

Thirty-Six Slovenians of Calumet to Attend Meeting at Ely.

A special car has been engaged to take the delegates from the Calumet societies affiliated with the National Slovenian congress. Mr. Ely, Minn., will attend the annual convention of the organization next week. Three of the Calumet delegates left Wednesday evening and thirty-three will leave Sunday night. This will be the biggest delegation ever sent from Calumet to the national convention of the union. It is probable that the Calumet societies will invite the organization to meet next in the copper country.

HELPFUL WORDS.

From a Marquette Citizen. Does your back lame and painful? Is it aches especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get prompt weaker. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors who and recommend them. Read this Marquette testimony. Dan Reynolds, 524 E. Hewitt Ave., Marquette, Mich., says: "I could hardly straighten after stooping on account of pains in my back. I was also bothered a great deal by headaches and dizzy spells. Doan's Kidney Pills gave me relief from all these troubles, and since then I haven't been bothered to amount to anything. I am just as pleased to publicly recommend Doan's Kidney Pills today as I was when I gave a statement some years ago." For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

UNIVERSITY EXTENSION LECTURE.

Professor B. M. Wenley will speak in the assembly room of the Hancock High school the evening of March 30. He has chosen for his topic, "The Schools in the American Community." This will be the last of the university extension lectures in the district this season. The first lecture was given some time ago by Professor W. D. Henderson and it is regretted that more could not be scheduled.

MEMBER OF REGULAR ARMY.

H. J. Botvidson, who is visiting with his parents and other relatives and friends in the copper country, has just completed his third enlistment in the United States Signal corps. He came to Calumet from Texas City, near the Mexican border, where he has been on duty for some months. Mr. Botvidson is a native of Calumet.

MINE STRIKE CASES TODAY.

The cases of the score or more rioting members of the Western Federation of Miners arrested at Ahmeek some time ago on the charge of preventing men from going to work at the mines at their homes and of later attacking members of the mounted police will be heard today in the court of Justice Medlyn. So also will the case of Nicholas Weyerker, charged by a member of the mounted police with felonious assault.

FIRE DESTROYS "CLIFF VIEW."

Fire this week at the old Cliff location, Keweenaw county, destroyed the cottage known as "Cliff View" and which was furnished some time ago by several Calumet young people and had been a popular place for summer outings. How the fire originated is unknown. The furnishings of the building were destroyed.

TAKE SODA FOR SOURNESS, GAS OR INDIGESTION

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach much like garbage sours in a can, forming acid fluids of a gaseous which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, gas, gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

To get instant relief he tells us to get a package of 10 grain Sodagen tablets at any pharmacy and take one or two tablets anytime, followed by a tumbler of water which promptly neutralizes this irritating acid; stops fermentation; absorbs the gases and sweetens the entire digestive system.

A local downtown druggist states that these 10 grain Sodagen tablets are an old favorite antacid constantly prescribed because of their harmlessness, being simply a compound of Soda, Calcium Carbonate and Magnesia, U.S.P.

WILL REST IN BERMUDA.

A. F. Rees Leaves for Tropical Isle for Needed Recreation.

Allen F. Rees, senior counsel for the Calumet & Hecla Mining company, accompanied by Mrs. Rees, left yesterday from Chicago for Bermuda to take a much needed rest.

Mr. Rees has been uninterruptedly busy since the 23d of July, 1913, the opening of the mine workers' strike, with the legal propositions and situations growing out of the industrial warfare. He has been the outpost of the mining companies' forces and was as near to a physical breakdown during the investigation as a man well could be. He suffered seriously with a bronchial affection and refused to see a physician for fear that he would be ordered prematurely to stop work and take treatment. The conclusion of the Chicago hearing, with Meyer's announcement following closely upon it, gives Mr. Rees an opportunity to take his greatly needed rest.

The only members of the copper country party at the investigation in Chicago to return home yesterday were James O'Donnell and W. A. Pritchard, of the sheriff's secret service. Mr. O'Donnell severed his connection with the sheriff's office yesterday afternoon and left at once for New York to resume his ordinary duties as a member of the Waddell & Mabon agency. His departure is about as convincing a sign as any that the strike is over.

ELKS HAVE GOOD BOWLERS.

Calumet Lodge Will Enter a Team in the Annual Tournament.

The Calumet lodge of Elks will enter a strong team in the annual tournament of the Upper Peninsula Bowling association, which is to be held at Calumet the week of March 23. The Elks have always taken a great interest in the sport and have had leagues for the last three or four years. Some of the best bowlers of the community are members of the lodge. Among those mentioned for places on the team are Sol Sander, Chester A. Fisher, Frank Distel, J. Dolan, J. A. Minnar, Cesar Borgo, George Kemp, Pierce Roberts, George Hall, J. A. Barbeau and others. Some of the Boston market Aradianians will probably will enter the tournament. Pierce Roberts is with the Commercial team, champions of the Calumet-Laureum-Lake league, while Alce Barbeau is with the Ahmeek team of the Commercial league. The big game of the district, and conducting preliminary matches in preparation for the tournament. Judging from reports of the scores being bowled by some of the iron country teams, however, the copper country bowlers will have to do great work if they expect to win the most of the prizes.

TO ARGUE THE TONNAGE TAX.

Judge L. C. Holden and M. L. Wiley of the Soo the Speakers.

The Chippewa county grange has announced for March 20 at Sault Ste. Marie a meeting at which the feature will be a debate on the tonnage tax measure proposed by the state grange to the state legislature.

UNIVERSITY EXTENSION LECTURE.

Professor B. M. Wenley will speak in the assembly room of the Hancock High school the evening of March 30. He has chosen for his topic, "The Schools in the American Community." This will be the last of the university extension lectures in the district this season. The first lecture was given some time ago by Professor W. D. Henderson and it is regretted that more could not be scheduled.

MEMBER OF REGULAR ARMY.

H. J. Botvidson, who is visiting with his parents and other relatives and friends in the copper country, has just completed his third enlistment in the United States Signal corps. He came to Calumet from Texas City, near the Mexican border, where he has been on duty for some months. Mr. Botvidson is a native of Calumet.

MINE STRIKE CASES TODAY.

The cases of the score or more rioting members of the Western Federation of Miners arrested at Ahmeek some time ago on the charge of preventing men from going to work at the mines at their homes and of later attacking members of the mounted police will be heard today in the court of Justice Medlyn. So also will the case of Nicholas Weyerker, charged by a member of the mounted police with felonious assault.

FIRE DESTROYS "CLIFF VIEW."

Fire this week at the old Cliff location, Keweenaw county, destroyed the cottage known as "Cliff View" and which was furnished some time ago by several Calumet young people and had been a popular place for summer outings. How the fire originated is unknown. The furnishings of the building were destroyed.

SUCCEEDS SELDEN B. CRARY.

R. E. Odgers to Become Cashier of Hubbell Bank—Mr. Crary Praised.

The following resolution was passed Tuesday at a meeting of the directors of the Hubbell bank: "Resolved That the board of directors of the First National bank of Hubbell unite this time we issue our expression of appreciation of the services rendered by Selden B. Crary the retiring cashier and manager, in building up the bank and bringing it to its present high standing, and that the board extend to Mr. Crary its best wishes for his future success."

On the first of April Selden B. Crary, who has been the cashier and manager since the bank's organization, is to become general agent of the Detroit Life Insurance company at Calumet. Mr. Crary carries with him the best wishes of the board of directors. He will be succeeded by Richard E. Odgers, savings teller of the First National bank of Calumet. Mr. Odgers has been connected with the First National of Calumet for the last fifteen years and has had a thorough training in banking. He comes highly recommended and we consider ourselves fortunate in obtaining his services."

SCHOOL HONORS AWARDED.

Go to Hancock High School Students Ranking Highest in Studies.

The award of honors to ten of the graduates who will finish their high school courses at Hancock next June is announced by Principal Johnson. The standings given out are the averages compiled from the time the six students ranking the highest will participate in the class day exercises. Yolande Elwood is the valedictorian, although it is optional with her whether she selects this honor or delivers the class will or the valedictory.

Thirty-one students will be graduated next June, one of the largest classes in the history of the school. The 1913 class holds the record as being the largest, forty-two having been awarded diplomas last June.

The Norman W. Haire and Captain Treavor cups are in the possession of Mohawk at present. The Haire trophy goes to the team capturing the league championship several years ago. Cutting the league to six teams from eight gave the team of the town an opportunity to strengthen their elevens.

Delegates to the annual meeting are expected from Mohawk, Painesdale, Quincy-Mesnard, Tamarack, Kearsarge and Wolveter. These teams constituted the league a year ago and it is generally understood the arrangement was the most satisfactory that has obtained since the inception of the organization several years ago. Cutting the league to six teams from eight gave the team of the town an opportunity to strengthen their elevens.

The Norman W. Haire and Captain Treavor cups are in the possession of Mohawk at present. The Haire trophy goes to the team capturing the league championship several years ago. Cutting the league to six teams from eight gave the team of the town an opportunity to strengthen their elevens.

NO TIME FOR CRICKET.

New Working Schedule at Mines Causes Players Much Concern.

While not for a month yet will show have disappeared, the cricket prospects for the coming season are under discussion among the Englishmen, and followers of the game there in general. Because of the new working schedule at the mines the men on the day shift must work on Saturday until 3:30 o'clock, instead of noon, as previously, and the night shift must work Saturday nights. The Englishmen, who shall cricket be played? It seems impossible to have league cricket under these conditions. However the mining company has always stood back of the Painesdale team and it is probable that the problem will get solved and the game which the Englishmen so much prize will be played again this season. It has been suggested by some to play on Sundays. It is not probable that this will be done, however. There is a great prejudice among the Cornish people against Sunday sports. Cricket on Sunday is the one English sport which almost as much out of place as card-playing in church. No kind of sport whatsoever is played in Cornwall on Sunday and it is not likely that the Cornish boys will start the practice over here."

League's Annual Meeting Shortly.

Sometime within the next two weeks Secretary Rogers of the Copper Country league will send to the teams in the circuit last season notices calling attention to the annual meeting. It is expected the annual meeting will take place in Hancock as usual, that city being the most centrally located. Dis-

TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

New York Stocks.

The market at New York was pretty much of a professional affair. Firmness and weakness were displayed at the same period. There was some realizing and speculative selling in Canadian Pacific, which served to impart an appearance of irregularity in other quarters. The pressure on Steel was indicated by reports to the effect that an unfavorable analysis to the company's affairs was likely to be made public, but such reports lacked confirmation and seemed to be largely in the nature of rumors of a kind calculated to precipitate outside liquidation.

Right Back at You, Men, Right Back

If You Can Get As Good A Tailored-To-Measure Suit From Me For \$20 As You Want to Wear—And You Needn't Take It When Done If It Isn't—Why Pay More?

Men, I say again, I'll measure you for a suit of clothes, diagram your form and figure on a chart that gets every bump and angle in your make-up on record, have it tailored according to your whims and wishes by the fashionable Continental Tailoring Co., Chicago, and when it's done if you like it you pay \$20 and if you don't like it you pay nothing.

There's a proposition clear as noon-day sun. There's a proposition simple as A-B-C. You can't dodge around it, jump over it, crawl under it or dash around the end. If you are a sensible, show-me, stand-up-and-deliver man you'll try out that offer some day so why not today?

I take your measure on the wonderful Form Chart of the Continental Tailoring Co., Chicago's most fashionable tailoring house. It goes to Chicago and there in the Continental Tailoring Co.'s cutting and fitting room they can reproduce your figure with every angle and bump. The celebrated Continental Tailor then fits your suit, tailors it carefully and it has got to fit you and suit you when it comes back to me, or you keep your money.

There's just one slant to my proposition—a suit of clothes from the cloth you like for \$20; a suit of clothes that fits the way you want it to fit for \$20; a suit of clothes that hangs as you wish it to hang for \$20; a suit of clothes tailored and designed in the style you prefer for \$20—for if it isn't all that when done, why, man, you keep your money in your pocket and go your way, and that's all. Now, come on—you'd be stone blind to your own interests if you didn't at least try such an offer out.

AUSTRALIA WANTS AMERICANS.

Engineers in Demand for Irrigation Projects, Lecturer Asserts.

New York, March 12.—American engineers are in demand in Australia to supervise great irrigation projects and Americans are settling in that country in large numbers, according to F. M. Cutlack, a lecturer of Adelaide. Here on his way to London, he said that immense arid tracts of Australian lands would be reclaimed when the big irrigation schemes now underway are finished.

Cutlack said that Captain Johnson, an engineer of the United States army, had constructed nine locks in the Murray river, from its mouth to the borders of New South Wales and Victoria, providing navigation for the transportation of fruit and farm products. The locking of the river has provided ample water for the irrigation of more than 250,000 acres of land which hitherto has been unproductive except for grazing purposes.

Cutlack said that a dam with a capacity of 35,000,000 cubic feet of water has been constructed in the mountains at the headwaters of the Murrumbidgee river. This dam, next to the Assouan dam, in Egypt, according to Cutlack, is the largest in the world. From this dam water runs down the bed of the river 200 miles to Borehole, where it is diverted onto Yanko Plains, formerly an immense sheep station 300,000 acres of which is irrigable land. The entire tract of 700,000 acres is to be irrigated at an early date.

According to Cutlack, two tons of alfalfa can be raised to the acre in Australia, with seven crops annually. The export of wool aggregates about \$150,000,000 a year, the number of sheep being 90,000,000.

SCHOOL BOYS WILL FARM.

Waterville, Wash., March 12.—Douglas county is combining scientific farming with the regular course in its high school. A. L. Rogers of Waterville is responsible for this innovation in public schools, which is a firm believer in utilizing the schoolhouse and public utilities to the fullest extent all the time. He combats the custom only to allow the use of schoolhouses and grounds for scientific purposes for which they were originally intended, which, he argues, does not give the greatest possible use of such investment. He cites as an illustration that James J. Hill discovered locomotives did not need to rest, as the contraction and expansion occasioned by allowing them to cool off damaged them more than if they were kept in operation, so Mr. Hill hired extra crews and worked the locomotives day and night, thus doubling their usefulness.

The same principle applies to the public schools, Mr. Rogers contends. He believes the schools are turning out young men with education that is not practical. So Douglas county has taken advantage of a recently enacted state law which permits counties of Washington to accept the United States government appropriation of \$100 a

PUTS AN END TO BACKACHE MAKES WEAK KIDNEYS STRONG

A Few Doses Give Relief, Help Lifeless Organs Regain Health, Strength and Activity.

It is useless, dangerous, and unnecessary to be tortured with the digging, twisting pains of backache and rheumatism, or to suffer with disagreeable kidney and bladder disorders any longer. The new discovery, Croxone, provides a remedy which every sufferer can now depend upon promptly and surely to relieve all such misery and bring about a speedy cure.

Croxone cures those troubles because it quickly overcomes the very cause of the disease. It soaks right into the stopped up, inactive kidneys, through the membranes and linings; cleans out the little filtering glands; neutralizes and dissolves the poisonous uric acid and makes the kidneys filter and sift from the blood all the waste and poisonous matter that clog the system and cause such troubles.

It does not matter whether you have back aches symptoms or the most chronic, aggravated, case of kidney, bladder trouble, or rheumatism that it is possible to imagine, for the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You will find it different from all other remedies. There is nothing else on earth like it. It starts to work the minute you take it, and relieves you the first time you use it, and all the misery and suffering that go with such troubles end.

You can secure an original package of Croxone from any first class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

MURRAY'S GROCERY Furnishes Your Table Complete

City Brevities

GO TO CHURCH—MARCH 15.

The Red Cross Legion will meet this evening in Owl's Hall.

J. A. Moler, of Calumet, was a Marquette caller yesterday.

J. O. Linton, East Lansing, left yesterday afternoon for his home.

Mrs. James Eade, of Ishpeming, is visiting with Marquette relatives.

A union prayer service will be held this evening at the Presbyterian church.

Thomas Tracey, of Humboldt, was among the business visitors in the city yesterday.

Miss Ethel Terrill, of Ishpeming, is visiting at the home of E. A. Williams, Third street.

The Baptist Ladies' Aid society will meet this afternoon at 1 o'clock in the church parlors.

Mrs. Charles Cole, 142 West Arch street, left last evening for Chicago and points on a business trip.

H. A. Heyn, of Ishpeming, was a Marquette business visitor yesterday.

A. H. Munroe, of the Soo, was a business visitor also.

The Home-Missionary society of the M. E. church will meet this afternoon at 3 o'clock with Mrs. H. H. Fellow, 921 North Fourth street.

J. G. Reynolds, who has spent the past several weeks at Ormond, Fla., arrived home yesterday morning to give his attention to some business matters.

The Women's society of the Presbyterian church will meet this afternoon at 3 o'clock with Mrs. Allen, East Ridge street. It will be a missionary meeting.

Charles A. Johnson is here for a few days at the home of the Sharland, 222 West Hewitt avenue. He is on his way from New York to Minneapolis. He is a resident of the latter city.

At a recent meeting of the Marquette union of painters and decorators it was voted to increase the wage scale from forty to forty-five cents an hour. The change will take effect May 1.

All persons who are to sing in the chorus or play in the orchestra during the special meetings at the Presbyterian church are requested to gather at the church this evening no later than 7:15 o'clock. The service will commence at 7:30.

Mr. and Mrs. Henry Johnson left yesterday afternoon for Grand Rapids to visit with relatives a few weeks, before returning to their home in Lexington. They spent the last three months visiting their daughter, Mrs. M. J. Reed, Crescent street.

Tonight at the Presbyterian church there will be a song and praise service led by the chorus and orchestra, under the direction of Rev. Platte Amstutz. All persons are invited to be present and participate. There will be a number of musical features.

Miss Frances Russell will leave this evening for New York, where she plans to remain the next few months. Miss Russell has resigned her position in the English department at the Northern State Normal. The courses she has had will hereafter be given by Mr. Parker.

The lower court of the Knights of King Arthur has chosen Aubrey Young, Otto Lund and Roy Brown as delegates to the second annual upper peninsula club's conference, which is to be held in Escanaba March 20, 21 and 22. Other boys' organizations of the city have previously chosen representatives.

Sold Chevrolet Car—The Cloverland Auto company yesterday sold a Chevrolet five passenger car to S. R. Rose. Mr. Rose will continue to drive his Mitchell sixty, which he purchased last season.

Burtless Making Headway—J. E. Burtless, who was recently operated on for goitre at St. Luke's hospital, is convalescing at home. The operation was wholly successful and Mr. Burtless has been making satisfactory progress. He will be out in a few weeks.

Front to Be Rebuilt—Within two weeks or so the work of remodeling the front of Tonella & Son's store, South Front street, will be commenced. The new front will be similar in design to that provided recently for the stores occupied by the Kelly Hardware company and the improvement will be one that will give Tonella & Son one of the most attractive stores in the city.

Good Program Today—Mary Fuller will appear in the two-reel feature picture, "A Tudor Princess," at the Grand theater today. Charles Ogle, Ben F. Wilson and Robert Brower are among the other stars in the cast. The picture is a romance of the times of Henry VIII, the Eighth, relating to the love affairs of Mary, the sister of the king. "Andy Plays Hero," an Edison comedy, and "The Living Wage," a Selig drama, are the other pictures on the program.

Sell Livery Business—Hugh and James Stewart have sold the Pioneer livery on Baraga avenue to William McVannell and John Fancher. The business, which was previously owned by Joel Gillett, has been in possession of the Stewarts for over twenty years. Hugh Stewart of late years has been giving more and more of his attention to his farm in Western Canada, and plans to reside there in the future. James Stewart, who has also spent much time in Canada, will likewise locate there.

INSURE WITH PETER WHITE & CO NOTICE

At the last meeting held by the bricklayers, masons and plasterers of Marquette, it was decided to raise the wages after May 1st to 65 cents an hour, and eight hours.

(Signed) BRICKLAYERS, MASONS AND PLASTERERS. (3-11-34)

BIG SALE ON SHEET MUSIC.

Fifty of the most popular selections, latest song hits, on sale at Grinnell Bros' Music House at 5 cents per copy. Call and select some of these most popular numbers. (3-12-21.)

Get some fine colors in varnish to re-touch your automobile. Geill has it in small cans, it works beautifully. (3-12-31.)

Guaranteed tuning at Grinnell Bros' Music House. (1-14-1f)

ELKS CHOOSE OFFICERS.

Annual Meeting Held in Lodge Rooms Last Evening.

At the annual meeting of the Marquette lodge of Elks last evening, officers for 1914 were elected, as follows:

Exalted Ruler—Thomas P. Carey. Esteemed Leading Knight—Eber F. Rydholm.

Esteemed Loyal Knight—John E. Horgren. Esteemed Lecturing Knight—Oswald E. Barber.

Secretary—Dan S. Donovan. Treasurer—Joseph F. Neidhart.

Tiler—Fred W. House. Trustee—Henry Bitters. Representative to Grand Lodge—F. G. Jenks.

Alternate—Ernest H. Bush. After the election a supper was served. Practically the entire membership was present for the Elks' temple were discussed, but no definite action was taken, this having been deferred until the next meeting, two weeks hence.

RE-ORGANIZATION EFFECTED.

Women's Welfare League Held Its First Meeting Yesterday.

At a re-organization meeting yesterday afternoon, the name of the Women's Political league was changed to the Women's Welfare league and a new constitution and by-laws were adopted.

Eighty women were present at the meeting, which was held in the assembly room of the city hall. The gathering was representative. The following officers were chosen for 1914:

President—Mrs. A. T. Roberts. Recording Secretary—Mrs. E. P. Monfeth.

Financial Secretary—Mrs. J. A. Peate. Treasurer—Miss C. E. Maxwell.

Five vice presidents, one from each precinct of the city, will be chosen at a session to be held two weeks from yesterday. These persons will work individually and each will have entire charge of any work that may be conducted in her precinct.

The activities of the organization will be confined to the betterment of social, economic and civic conditions, but no definite program has as yet been mapped out.

D. A. R. COMMEND MOVEMENT.

At a meeting of the Marquette chapter of the Daughters of the American Revolution this week, a resolution was adopted favoring the Go-to-Church-Sunday movement. It follows: "Resolved, That we, the Daughters of the American Revolution, earnestly desiring that all men should honor the God of our Fathers, commend the 'Go-to-Church-Sunday' movement."

MISSOURI GIRL STUDENT DECLARED "ALMOST PERFECT"

St. Louis, Mo., March 12.—Miss Eugenia Godbey, eighteen years old, daughter of Professor and Mrs. Walker A. Godbey, has been declared to be of practically perfect physical proportions by physical examiners of the St. Louis Teachers' college.

Miss Godbey is less than the average height, but her measurements have been pronounced to be in almost perfect proportion. She weighs 122 pounds, is 5 feet 2 inches tall and has a 34 bust measure.

Miss Godbey, who is athletic and spends her summers at her parents' summer home at Caledonia, in the Ozarks, where she motors, swims and climbs mountains, was graduated from the high school last January and recently entered the teachers' college.

A requirement of the college is that each applicant shall undergo a physical examination. If there is any grave physical disability the applicant is rejected.

It was after such an examination that Miss Godbey was told she is almost perfect.

An extraordinary film, showing the making and working of the British army, is being exhibited in London. Twenty-five thousand officers and men figure in the film. An immediate result of the exhibition is the enrolling of recruits for the army, recruiting officers being stationed at the theaters where the films are displayed.

"GO-TO-CHURCH ON MARCH 15th." INVESTMENT

A municipal bond is a good thing to own—safe, pays a good rate of interest, easily converted into cash or used as collateral. Small economies and savings will soon enable you to make such an investment, sooner than you think.

If you will determine to stop the careless spending of money, and will adopt our

System for Saving

it will be easy to make the small regular deposits on our Red Card, and the results will prove very surprising and satisfactory to you.

## HUHTA TELLS OF THE PAINESDALE MURDER

He and Three Others, He Testifies, "Shot Up" the House Where Three Men Died.

Houghton, Mich., March 12.—John Huhta, former secretary of the South Range union of the Western Federation of Miners, told on the stand in Justice Eickens' court at Hancock this afternoon a story of the assassination of Thomas Daly and Henry and Arthur Jane at Painesdale the morning of Dec. 7. He was testifying in the examination of himself, Nick Verbanac, Hjalmer Jalonen and Joseph Juntinen on the charge of murder.

Huhta told in substance the same story he told in the statement he made to Sheriff Cruise Feb. 26. A summary of his testimony follows:

Huhta went to the South Range from Cobalt, Ont., the latter part of last May to work at the Baltic mine. He had joined the Western Federation of Miners in Cobalt a short time before leaving there. He struck with the other members of the federation in July and in August was made a member of the relief committee of the South Range union at a salary of \$1 a day and \$3 a week benefits. He roomed with Nick Verbanac at the house of a family named Sepala in South Range village.

Huhta said that on the night of Dec. 6 he had gotten home sometime before midnight and shortly afterward Nick Verbanac came in and said: "Take your gun and come with me. Ask no questions." Huhta took his rifle, a gun of 25-35 calibre, he testified, and went with Verbanac.

The men walked along the county road through a locality unfamiliar to Huhta, until they arrived at a gully near Painesdale. There they met two men, Hjalmer Jalonen and Joseph Juntinen. The four then took a short cut and came out near a house. All four, Huhta said, fired at the house with their guns and then separated. Huhta went home. Shortly afterward Verbanac returned. They did not discuss the shooting.

Took Empty Shells With Him.

Huhta testified that he fired nine shots at the house and then picked up his shells, as they were of unusual calibre and might easily be traced. The witness said that Verbanac was armed with one of five rifles that he owned. Huhta did not know which one. In firing at the house no orders were given, all fired in the general direction of the house, the witness swore.

Prosecuting Attorney Lucas asked Huhta why he fired at the house, and he said: "The main idea was to scare the scabs."

Asked if he had taken part in other shootings, Huhta said that "Nick" had made a reference to a matter of the kind in November but he did not go and he did not think "Nick" did. That reference was, Huhta said: "Let's go out on No. 2 hill and take a shot at the men coming out of the shaft." Huhta said that Verbanac's guns often were missing from the room. One night Verbanac came in and exhibited four revolvers.

Asked as to any other plans for shooting, Huhta said that in the latter part of November there was a plot to arm every striker with a gun to clean out the South Range, starting at Painesdale and going clear through. This plot never was attempted.

The witnesses at the morning session were Mrs. Daly, widow of one of the

# Great Remodeling Sale of Furniture

## FURNISH YOUR HOME NOW AND SAVE MONEY

In just a few weeks the contractors will begin tearing out the front of our big store for the purpose of putting in a new modern front and show windows. Our store is crowded with an up-to-date line of furniture, three floors full of overflowing with high class house furnishing goods that must be moved to make room for the workmen. ### AMERICAN SUGAR SHARES AT LOWEST PRICE IN YEARS; EXPRESS ISSUES WEAK ALSO

New York, March 12.—Bullish speculators apparently lost all interest in the stock market today, and it sagged of its own weight. Canadian Pacific touched a figure three points under yesterday's close. Norfolk Southern dropped five points, owing to uncertainty as to the continued payment of dividends. American Sugar dropped to 97, the lowest figure since 1908. Express shares sagged sharply, following the further cut in the American Express dividend.

New Spring Styles now being shown by us.

THE PARIS FASHION "Style Authority Shop" Marquette, Michigan

been terrorizing the family seated at a table calmly eating a sandwich. McGuire yelled "Hands up!" The "man" turned, and McGuire almost fell over when he saw it was an ape. The ape was taken to the police station, where it was claimed by its owner, Alfred Drownisky, animal trainer, who explained the ape had escaped from his room in the night.

### GRASS WIDOWS WORTHY OF PENSIONS FROM START? WOMEN DISAGREE ABOUT IT.

New York, March 12.—Grass widows should not be pensioned, declared Miss Grace Strachan, president of the Interborough Association of Women Teachers, speaking today before the state commission appointed at Albany last year to report a plan for pensioning widowed mothers with dependent children. "They should not be pensioned," Miss Strachan continued, "for the simple reason that such a plan would encourage a good many men to leave their wives. Many husbands haven't the heart to leave their wives, because they don't know how the wives will live without them. With the state stepping in, things would be different." Miss Alice Robbins, president of the Brooklyn Neighborhood Guild, differed with Miss Strachan. "Grass widows should be supported," she declared. "They should be helped by the state, because many women who are known as grass widows have run away from drunken, dissipated and worthless husbands."

### TOMB OF OSIRIS IS LOCATED.

London, March 12.—Professor E. Naville, in a letter published in the Times on excavations of the Egypt exploration expedition at Abydos, expresses the belief that they have found "what Greek authors called the tomb of Osiris where the head of the god is supposed to be preserved."

The excavation began at the door which Professor Petrie discovered two years ago. The doorway, Professor Naville thinks, was the entrance to a passage leading to a subterranean chapel under the temple of Seti I. "We should never have suspected what we found," he continues. "Between the doorway and the temple is a complete sanctuary, evidently of the time of the Pyramids. It is rectangular. The inclosure wall is twelve feet thick and consists of two different cases, the outer one of rough limestone and the inner one of large hard red sandstone. The enclosed space is divided into three naves, parallel to the long side. The division is made by huge pillars of Assuan granite.

"What shows it was the burial place of Osiris are the texts on the walls, the

end of the book which may be called 'The Book of the Underworld.' "It is not impossible that we may still find some concealed chamber or some hidden passage leading to a well, though this is not very probable."

### ANACONDA COPPER COMPANY SEEKS SAFETY IN MINES.

Butte, Mont., March 12.—"Safety first" is the title of a small pamphlet which the Anaconda Copper Mining Company has delivered into the hands of every underground employe of the company this week. For several years officials of the company have been devoting time and money in an effort to reduce to the lowest possible limit the number of accidents in the mines, and in furtherance of that object the pamphlet has been printed and distributed. It contains suggestions as to the crowding of cages, keeping a careful lookout for winzes, manways or other openings, trolley wires, lights, missed holes, insufficient

timbering and explosives. "Never go to work after drinking liquor, and if you must drink, stay at home." This is one of the first suggestions in the booklet. It is pointed out that the best materials and most approved appliances are provided and that no employe should take any risk with faulty material or dangerous apparatus. As a further protection the company requests every employe to notify the shift boss or foreman of any dangerous conditions known to exist in any of the properties. Suggestions from employes that will further tend to safety are requested by the company. Another pamphlet has been issued for distribution among the shift bosses and foremen and relates to the safety and health of the men. The duties of the officials named are set forth in case of accidents and it is urged that proper attention be given to the enforcement of the rules and regulations regarding signals, protecting mine shafts, cages and sanitary conditions.

### PRODUCE PRICES AT CHICAGO.

Chicago, March 12.—The prices of butter in the Chicago market were unchanged today, creameries still being quoted at 22@27 cents. Eggs lower; receipts, 7,966 cases; eggs at mark, cases included, 23@24 1/2 cents; ordinary birds, 23 1/2@24; firsts, 24 1/2. Poultry, alive, unchanged; springs, 17 cents; fowls, 15.

### BEARS CONTROL WHEAT MARKET.

Chicago, March 12.—Although wheat at times today made a show of strength,

slain men: Dr. Watterman of Painesdale, F. W. Denton, general manager of the Copper Range Consolidated, and Deputy Sheriff Lucas. They told of the shooting and of the subsequent investigation, all of which facts had previously been related in published stories of the deaths and of the subsequent inquest.

### SUFFRAGE IN SIGHT FOR DANISH WOMEN.

Copenhagen, March 12.—An agreement reached today between the Socialist, Radical and Moderate parties, which control majorities in both houses of parliament, assured the passage of a con-

stitutional reform bill, under the provisions of which all elective property qualifications are abolished and suffrage is granted women.

### PRESIDENT WILSON SIGNS ALASKAN RAILROAD BILL.

Washington, March 12.—President Wilson today signed the bill authorizing the expenditure of \$35,000,000 for the construction of a government-owned railroad in Alaska.

"I feel that we have at least reached out the hand of real helpfulness and brotherhood to Alaska, which will now link it to us by many bonds that will be valuable to both sides," said the pres-

ident, in a short speech.

Secretary Lane directly afterward had a long talk with the president about the selection of engineers for the task. Though Colonel Goethals had been mentioned for the work, it is unlikely that he will be through with the Panama canal in time for the present undertaking, which Mr. Lane intends to get into operation at once.

### BURGLAR IS RUNAWAY APE.

Akron, O., March 12.—When Patrolman Frank McGuire with drawn revolver crept into the kitchen at the home of Miss Leah Simmons early in the morning he saw a burglar who had

**Lower State Notes**

**ANN ARBOR**—Margaret E. Jones, formerly of Detroit, and who was connected with the university hospital at one time, has been appointed matron to succeed Miss Edna Schwalm, who was ordered deported by the department of labor for alleged violation of the contract labor law.

**SAGINAW**—The police have been asked to find relatives of Patrick Lowney, wealthy Texas railroad man, who died recently, leaving a large fortune to a sister, supposedly in Saginaw or eastern Michigan.

**ALPENA**—Cigarettes are responsible in a great measure for the death of George A. Smith, the sixteen-year-old lad who was found in the street Sunday in an unconscious condition, and who died that night without regaining consciousness. This is the opinion of Coroner Small who is investigating the death. Smith was known to be an inveterate cigarette smoker.

**GRAND RAPIDS**—S. Edward Shepard, "under-the-tow" and principal heir to the Shepard estate, is the defendant in a suit for \$60,000 damages for breach of promise filed by Mrs. Jessie M. Preble. Mrs. Preble, who has been married twice, alleges that Shepard promised to marry her last July, and failed to keep his word. Both are prominent in Grand Rapids society.

**FLINT**—Myrtle Edwards, twenty-two years old, swallowed a bottle of ink in an attempt to commit suicide in a downtown rooming house. Her ability to obtain work to pay some small bills for whose settlement creditors were pressing was the reason given by a girl friend for her action. Prompt work by a physician soon placed her out of danger.

**ANN ARBOR**—It has been announced that Professor William Howland, for thirteen years head of the vocal department of the University School of Music, would resign at the close of the year, and take up a residence in Detroit where he will establish a studio. Professor Howland's work has been recognized by famous critics. He has been teaching in Detroit for some time.

**LAPEER**—Superintendent of Schools U. F. Wilson tendered his resignation to the board of education to take effect later, at a date not specified. Superintendent Wilson has been offered a position on the faculty at the Ypsilanti State Normal college. He has been here three years and in that time has been instrumental in making many improvements in the Lapeer school system. He established domestic science and manual training courses, engaged ten additional teachers and was instrumental in having the high school rebuilt.

**Ishpeming Department**

**SPRING ELECTION AROUSES INTEREST**

Is Expected That Dr. G. G. Barnett Will Again Be a Candidate for Mayor.

Although the municipal election is only three weeks distant and a mayor and ten aldermen, one from each ward, are to be chosen, none of the incumbents of the offices, or others, have as yet formally announced their candidacies. Nevertheless, some interest is being shown in matters of politics, and a number of persons are referred to as possible candidates. It is believed that Mayor G. G. Barnett will be a candidate for re-election, and a number of his friends are already at work in his interest. He has served effectively in the office for two terms, and his good work seems to be fully appreciated by the voters. It is generally held that it would be a difficult task to find a man that could render the city better service than Mayor Barnett has given.

Besides the governing body, a city recorder and treasurer are to be chosen by the electors. Richard H. Olds, the present recorder, has given excellent service, having attended to his duties faithfully during the four years that he has held the office. It seems to be the prevailing opinion that no one is better fitted to fill the office than Mr. Olds. In the election two years ago he had a majority of 872 votes, and it is safe to say that he is equally popular with the electors now.

The terms of the following aldermen expire this spring: Patrick Cronin, first ward; D. John Simey, second; John S. Olson, third; Eric A. Hedstrom, fourth; James B. Quayle, fifth; Charles H. Trewhen sixth; Charles T. Kruse, seventh; Thomas Lucas, eighth; Thomas P. Quinlan, ninth; and Albert Ayotte, tenth.

While none of the chairman have declared their intentions of seeking the office for another term, it is believed that all will be candidates for re-election. The majority of those whose terms expire have served for many years and have given their best efforts to the city's business.

Saturday, March 28, is registration day, and the polls will be open from 7 o'clock in the morning until 8 o'clock that evening. The election will occur on April 6.

**LOW DEATH RATE IN ISHPEMING**

Only Ten Deaths in January, Equivalent to a Rate of 10 Per 1,000 Population

Ishpeming is among the few cities of the state where the death rate is less than 10.0 per estimated one thousand population, according to the current Bulletin of Vital Statistics. During January ten deaths were recorded here, a rate of 9.1. The rate would have been even smaller except for deaths of non-residents at Ishpeming hospitals. The Bulletin also indicates that being included among the cities of the upper peninsula having had high birth rates. During January the rate here was 24.5 per estimated one thousand population. Bessemer had for the month, the highest birth rate of any city in the state, a rate of 30.0.

In January 3,426 deaths were reported to the department of state. This number corresponds to an annual death rate of 13.5 per estimated one thousand population, and was an increase of 435 deaths as compared with the preceding month. By ages there were 693 deaths of infants under one year of age; 198 deaths of children aged one to four years; and 1,133 deaths of elderly persons aged sixty-five years and over.

Important causes of death were as follows: Tuberculosis of the lungs, 183; other forms of tuberculosis, 33; typhoid fever, 10; diphtheria and croup, 50; scarlet fever, 19; measles, 17; whooping cough, 31; pneumonia and bronchopneumonia, 403; diarrhea, enteritis under two years, 60; meningitis, 20; influenza, 51; septicaemia, 17; cancer, 189; and violence, 171. In addition to the above important causes, three deaths were returned from tetanus.

As compared with the month immediately preceding, an increase is noted in the number of deaths returned from tuberculosis of the lungs, other forms of tuberculosis, septicaemia, scarlet fever, whooping cough, pneumonia and enteritis, influenza and cancer. A slight decrease is noted in the number of deaths from typhoid fever, diphtheria and croup, meningitis, and violence. Eight deaths were reported from the state hospital for the insane at Newberry.

The bulletin reports the births for the month at 3,139. This is an increase as to an annual birth rate of 20.5 per estimated one thousand population. A decrease of 278 births is noted. The upper peninsula death rate was 11.0 during January as compared with 14.5 a year ago. Three hundred and thirty-five births were recorded in the peninsula, and 668 births.

The state board of health has, in the past, been caused considerable unnecessary work by the registrars not recording and entering the date of filing on certificates, the day such certificates are received by them. Registrars should record certificates immediately upon their receipt, giving their consecutive registered numbers and not failing to enter the date of filing on each certificate as soon as it is recorded.

**GRINNELL BROS. VIOTROLA DEPARTMENT.**

As we are the largest music dealers in the United States, doing a very extensive business, buying our Viotrolas in car load shipments, we are in a position at all times to supply our trade with anything in this line more so than the small dealer. At present we have a complete line of Viotrolas and record sets at Grinnell Bros. Music House and let us demonstrate to you the excellent tone of these Viotrolas sent on very easy terms. (3-12-24.)

**BOWLING MATCH HARD FOUGHT.**

Teams 4 and 5 of the Businessmen's league clashed at the Empire Bowling alleys last night in one of the hardest-fought matches of the season. The scores follow:

Team No. 4—  
Dyer ..... 196 191 164 531  
H. O. Bell (sub) .. 157 218 201 576  
Hanst ..... 111 190 158 468  
Totals ..... 464 608 523 1595

Team No. 5—  
A. Waters ..... 223 194 163 580  
Burke (sub) ..... 133 153 161 447  
Erickson ..... 166 179 215 560  
Totals ..... 522 526 539 1587

Teams No. 5 won two out of three games. Team No. 4 excelled in total pins. The score of 608 is the first "600" count yet made in any of the league games.

Tonight Teams 8 and 9, 8 and 10 and 2 and 6 will bowl.

F. Braastad & Co. are the first to announce a reduction in the price of eggs. Their price has been reduced to 25 cents per dozen. 3-13-24.

**AN EXCELLENT HARMONY ACT.**

Bobby Van Horn and the Clark Sisters who opened an engagement at the Ishpeming theater last evening, were enthusiastically greeted by well-filled houses. Their numbers have a snap and go that is exceptionally pleasing. Today's pictures are "An Unseen Terror," a powerful two-reel Kalem feature; "How They Struck Oil," and "Out Blocked." Biograph comedies and "Wais," a Biograph drama. Tomorrow the third series of "The Adventures of Kathlyn" pictures will be included in the program.

**"CASCARETS" FINE FOR THE BOWELS**

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and free? Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

**DEVOTIONAL EXERCISES CLOSE.**

Priests from All Parts of Upper Peninsula Return Home.

More than 1,200 persons made their Easter duty at St. John's church during the forty hours' devotional exercises, which closed yesterday morning at 8 o'clock. Rev. Father J. A. Keul was in charge of the services, which were conducted by priests from every part of the upper peninsula. Those who assisted were Fathers Bordas, of Ishpeming; Bucholtz and Dingfelder, of Negaunee; Crocker, of Hermansville; Wachter, of Gwin; Fillion, of Spaulding; Stengel, of Palatka; and Moriarty, of Ironwood. The choir of the church rendered special music throughout the services.

**SEASON WELL ADVANCED.**

Conditions for Lumbering Have of Late Been Excellent.

Reports from lumber companies indicate that with a few days more of wintry weather lumbering operations will wear an end, as most of the cut has now been delivered at the landings. Most of the operators seem to be well satisfied with the season's cut, although the early part of the winter was marked by unusual thaws.

Pushing the work with day and night forces, the lumbermen have removed a large quantity of logs from the woods in the two weeks past. Some jobbers have already commenced to break camp. Where the work is not yet finished advantage is being taken of every possible moment to rush the cut of timber to the landings.

**TECHNICAL WORKS AT LIBRARY.**

Today there will be placed on the shelves of the Carnegie Public Library a consignment of books on electrical and mechanical subjects, just received. The list follows:

Koester—Hydro-Electric Developments and Engineering.  
Koester—Steam-Electric Power Plants

**MRS. W. W. AKE**

Tells Others How to Get Strong and Well.

Mrs. W. W. Lake of Aberdeen, Miss., says: "The gripe had left me in a weak, run-down condition from which I suffered for some time. I tried different remedies but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you. The Standard Drug Co., Marquette, also The E. P. Tibson Drug Co., Ishpeming, and J. E. Donoghue, Negaunee, call and investigate Grinnell Bros. Music House.

P. S. Stop scratching, our Saxe Salve stops itching. We guarantee it.

**SUNDAY SERVICE.**

Sunday evening there will be a program of special music at the Presbyterian church, commencing at 7:30 o'clock. The public is cordially invited to attend. The numbers will be as follows:

"God Is a Spirit" ..... Bennett  
Choir  
"The Lord Is Exalted" ..... West  
Choir  
"Calm as the Night" ..... Goetz  
Mr. and Mrs. Leslie Austin.  
"The Sun Shall Be No More Thy Light by Day" ..... Woodward  
Choir  
"One Sweetly Solemn Thought" ..... Ambrose  
Choir.

Spring is coming. Eggs reduced to 25 cents per dozen at Braastad's. 3-13-24.

**GRINNELL BROS. PIANO DEPARTMENT.**

Another wonderful bargain this week on one of our beautiful tone Alrich pianos, regular price \$300. If this instrument is purchased this week we will make a slashing cut in the regular price to \$155, placing it in your home on very easy payments of \$10.00 cash and \$8.00 per month. Call and investigate Grinnell Bros. Music House. (3-12-24.)

**ISHPEMING IN BRIEF.**

Mrs. T. F. Nugent, of Milwaukee, is in the city, visiting with friends.

J. J. Malley, of Houghton, was an Ishpeming business visitor yesterday.

Arthur Smedman is spending a few days in Hancock, the guest of friends.

Bert Heard, of Munising, is in the city for a few days' visit at his home.

Mrs. H. S. Thompson, of Beacon, spent Wednesday in the city, the guest of friends.

John Forslem left Wednesday evening for Chicago, to spend a few days on a business mission.

The Women's Missionary society of the Presbyterian church will be entertained this afternoon by Mrs. T. A. Felch.

The funeral of the infant son of Mr. and Mrs. Thomas Ikkel, 590 Jasper street, who died Wednesday, was held yesterday afternoon.

Matt Koski will leave Monday for Finland, where he will visit with relatives and friends for several months before returning to Ishpeming.

Clarence Gussett arrived in the city Wednesday evening from Virginia, Minn., where he has been employed, and will visit his parents at the Salisbury location.

The Duluth branch of Swift & Co. this week sent cards announcing the opening of their new branch house at Fargo, N. D., throughout the upper peninsula. E. E. Taylor will manage the house.

Captain William Blewett, a former resident here, arrived here from Mackinac, Ont., where he has been located for the past six months. He is in charge of one of the tale mining properties there.

The Fireside club will meet at the Ishpeming Y. M. C. A. at 3:30 o'clock Sunday afternoon, when the members will be addressed by James Russell, of Marquette. His subject will be "Prison Reform."

Carpenters are now working on the shaft for the electric elevator that is to be installed in the Braastad store. The re-arrangement of the several departments of the store is now in progress, and will be finished shortly.

The following births were recorded yesterday: A son to Mr. and Mrs. William R. Sleeman, 512 North Second street; a daughter to Mr. and Mrs. Louis Trudelle, 128 Excelsior street; a son to Mr. and Mrs. John Moreau, 105 York street.

George Dunstan, son of Captain J. H. Dunstan, of the Salisbury mine, who recently was graduated from a school at Ann Arbor, has accepted a position as stenographer in the claim and tracer department of the American Express company at Detroit.

Mrs. C. M. Talcen and Mrs. Carl Tellefsen leave this afternoon for Detroit, where they will make their homes permanently. Mrs. Talcen's son, Carl, and Mrs. Tellefsen's son, Carl, are employed in the factory of the Ford Auto company, and both are benefited by the profit-sharing plan.

**EH? AUTOMATIC TANGO?**

Sure, Says Youngstown Park Manager, Machine Will Aid You.

Youngstown, O., March 12.—The tango, lummy lug and all other dance novelties will be provided for the amusement of patrons of Idora park, the coming season. Ability to execute the fantastic steps will not be necessary.

By mechanical arrangement, the park manager says, it will be possible for those seeking such diversions to enjoy all the pleasures of the dances as well as those skilled in their execution.

A platform drawn by endless cable and caused to rotate and vibrate will furnish those standing upon it the delights of the new dances, it is declared.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out the olive-colored tablets. These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or cathartics. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Company, Columbus, O.

Down goes prices. Eggs reduced to 25 cents per dozen at Braastad's. 3-13-24.

Fresh eggs, 25 cents per dozen, at Braastad's. 3-13-24.

**Lower State Notes**

**ANN ARBOR**—Margaret E. Jones, formerly of Detroit, and who was connected with the university hospital at one time, has been appointed matron to succeed Miss Edna Schwalm, who was ordered deported by the department of labor for alleged violation of the contract labor law.

**SAGINAW**—The police have been asked to find relatives of Patrick Lowney, wealthy Texas railroad man, who died recently, leaving a large fortune to a sister, supposedly in Saginaw or eastern Michigan.

**ALPENA**—Cigarettes are responsible in a great measure for the death of George A. Smith, the sixteen-year-old lad who was found in the street Sunday in an unconscious condition, and who died that night without regaining consciousness. This is the opinion of Coroner Small who is investigating the death. Smith was known to be an inveterate cigarette smoker.

**GRAND RAPIDS**—S. Edward Shepard, "under-the-tow" and principal heir to the Shepard estate, is the defendant in a suit for \$60,000 damages for breach of promise filed by Mrs. Jessie M. Preble. Mrs. Preble, who has been married twice, alleges that Shepard promised to marry her last July, and failed to keep his word. Both are prominent in Grand Rapids society.

**FLINT**—Myrtle Edwards, twenty-two years old, swallowed a bottle of ink in an attempt to commit suicide in a downtown rooming house. Her ability to obtain work to pay some small bills for whose settlement creditors were pressing was the reason given by a girl friend for her action. Prompt work by a physician soon placed her out of danger.

**ANN ARBOR**—It has been announced that Professor William Howland, for thirteen years head of the vocal department of the University School of Music, would resign at the close of the year, and take up a residence in Detroit where he will establish a studio. Professor Howland's work has been recognized by famous critics. He has been teaching in Detroit for some time.

**LAPEER**—Superintendent of Schools U. F. Wilson tendered his resignation to the board of education to take effect later, at a date not specified. Superintendent Wilson has been offered a position on the faculty at the Ypsilanti State Normal college. He has been here three years and in that time has been instrumental in making many improvements in the Lapeer school system. He established domestic science and manual training courses, engaged ten additional teachers and was instrumental in having the high school rebuilt.

**CASCARETS**

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and free? Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

### Two-Year Contract With Educator?

Whether or not the Escanaba board of education will again enter into a long-term contract with a superintendent for the public schools is the question that is confronting the members. At a meeting of the board a resolution submitted proposed to engage the services of Superintendent F. E. King for a period of two years. In compliance with the wishes of some of the members action was deferred until the next meeting.

### Theater Will Be Enlarged.

By a contract awarded to Contractor John S. Lindsay an addition of forty feet will be made to the Royal theater, Escanaba, which will increase the seating capacity of that playhouse to more than five hundred. The building will make the entire seating in a receding line, thus giving to the Royal a metropolitan air. A steam heating plant will replace the hot air furnace. The indirect lighting system will be used throughout the house.

### Graft a Shin Bone on Arm.

One of the most remarkable operations ever performed at Escanaba was that to which John Ross, a woodsman, recently submitted at St. Francis hospital. The bones of the arm had been crushed as the result of an accident. The bones refused to unite and an unusual operation was resorted to. A piece of bone of the requisite length was cut from the man's shin and placed in the arm to take the place of the crushed

## Substitution and Cut Prices usually go hand in hand

They comprise the greatest evils that are practised on an unsuspecting public. Do you know why dealers attempt to sell you their own article or something "just as good" in place of what you call for? It's a matter of profit—they make more money on that article regardless of your health. It is not fair to your judgment nor to us as manufacturers, who have told you through truthful advertising the immense amount of good

## Duffy's Pure Malt Whiskey

has done for others and will do for you. The retailer (and there are many of them) who gives you what you ask for without quibble, is the one who has your interest, as well as his own in mind—he should get your business. You feel comfortable while trading with him. We do not approve of price cutting—for cut prices, along with substitution, means destruction—not competition. But—if prices are cut to attract your attention—insist on what you ask for. Get Duffy's and benefit yourself—don't help the dealer who tries to fool you by accepting an unadvertised, and possibly an unworthy product. Remember—The concern that can advertise a reliable article year in and year out for many years, has something of worth to sell you or they couldn't advertise. Duffy's Pure Malt Whiskey is sold in sealed packages—never in bulk. The Company signature is on the label—the Company name blown in the bottle. Get the Genuine. Sold by most druggists, grocers and dealers at \$1.00 a bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

### NEW DULUTH PLANT GOING UP SLOWLY

U. S. Steel Corporation Has Had Many Adverse Conditions to Contend With.

Less money is now being spent by the United States Steel corporation in new construction than at any period since its organization, thirteen years ago. Though such is the case, it is intimated that the work upon the building of the plant at Duluth, Minn., will not be curtailed in any way, but it will not be proceeded to completion as early a date as possible.

A number of Negaunee people own lots in the townsite at New Duluth, where the Steel corporation is building its new plant, and the announcement that the work on the plant will not be pushed will be received favorably.

Marquette county people, in general, are heavy real estate holders at New Duluth and they have been patiently waiting for the completion of the new steel plant.

The Steel corporation up to a year or two ago had been expending between \$10,000,000 and \$50,000,000 annually on new work and in improving its plants. In 1912, however, its expenditures were less than \$15,000,000, and they were also far below the average last year.

The large amount of money, amounting to approximately \$200,000,000 expended by the corporation in new construction since 1901 has been of less benefit to its shareholders than to consumers and wage earners, it is said. It has enabled the corporation to decrease the cost of its output, but employees are drawing larger wages. Within the last year or two the price of steel products are figured to have averaged \$5 and \$6 a ton below what they were up to 1907. Returns show that the corporation made less money last year on an estimated output of 13,500,000 tons than it did when it was producing about 9,000,000 tons annually.

Conditions Adverse.

The United States Steel company has had more adverse conditions to contend with during the last five years than any other concern in the country. Among them the following are enumerated by the Wall Street Journal:

"Suit of the government to dissolve the corporation. "Increase in taxes since organization from around \$2,000,000 to close to \$11,000,000. "Cancellation of the Hill ore lease, which weakened the corporation's standing in the matter of raw supplies. "Increased wages, which have added between \$30,000,000 and \$40,000,000 to the annual expenses of the corporation. "The line ruling, which may deprive the Steel corporation of \$7,000,000 of revenue annually. "Forced reduction of freight rates on ore carried by Steel corporation roads. "New trust legislation, which may force radical changes in United States corporation law, even if the government suit is decided in its favor. "Expenses of the corporation have increased close to \$7,000,000 annually through pensions, profit-sharing, sanitary and welfare work, etc. "Delay in decision of interstate commerce commission in a matter of increased freight rates, which has forced down prices and made it more difficult for the steel companies in this country to advance quotations."

### ELKS ELECT OFFICERS.

Officers were elected by members of the Negaunee lodge of Elks at a meeting held Wednesday evening as follows: Exalted Ruler—Ernest P. Klein. Esteemed Leading Knight—Michael Burns. Esteemed Lecturing Knight—Walter Hansen. Esteemed Loyal Knight—Harry Tremblath. Secretary—Christ Hansen. Treasurer—Thomas Pascoe. Inner Guard—Godfrey Trotochaud. Tiler—H. G. Muck. Trustee—T. C. Yates. Ed Laughlin was chosen to represent the lodge at the grand lodge meeting which will be held in Denver, Colo., in July. Last evening about twelve members of the Negaunee lodge accompanied the members of the Ishpeming lodge to Escanaba, where an inspection of the Escanaba lodge was conducted by District Deputy E. J. Heindel of Ishpeming. A banquet was served for the visitors at the New Delta hotel.

### WON CLOSE GAME.

Team No. 10 defeated team No. 14 in a close game at the Palace arena Wednesday night by forty-eight points. The details of the scores follow: Team No. 10—J. Price 152 156 137 445 Hegaton 160 127 159 446 F. Pascoe 134 143 132 409 Total 1,300 Team No. 14—Peterson 187 132 118 437 Vincent 151 122 158 428 Henriekson 139 117 131 387 Total 1,252

### ITALY'S GROWTH.

Boston, March 12.—It was figured only a few years ago that Italy could stand a population of 32,500,000 and could not sustain a population of 33,000,000. Therefore, Italy sent out, largely to North and South America, every year 500,000 emigrants. Today Italy is sustaining a population of thirty-six million and is sending out 600,000 emigrants a year, of which 150,000 assist in harvesting the crops of France, Austria and Germany. The return flow from these countries and from America is having a tremendous effect upon Italy, which is today from a business standpoint the most actively prosperous country in Europe. The returned emigrant from America has taught the Italian the use of milk, butter and meat, which not many years ago were almost unknown among the working classes in Italy. It is likewise the return flow of money from the Italian emigrant that enabled Italy to carry on its war with Turkey without borrowing in the markets of the world. It is estimated that Italian emigrants send home and take home one hundred millions a year.

### "KATHLYN" PICTURES TONIGHT.

The third series of "The Adventures of Kathlyn" pictures will be shown at the Star tonight. The first performance will commence at 7 o'clock. Tomorrow afternoon two matinees will be given, one at 1:30 and the second at 3:30. The Yaltas, society dancers, featuring the hesitation waltz and the tango, pleased two large audiences last evening. The act will be shown again this evening and at tomorrow's performance. The prices today and tomorrow will be five and ten cents.

### PILES

are curable. All kinds mean suffering and danger. The CAUSE is always internal. L. E. HEM-ROID TABLETS produce amazing results by attacking the INTERNAL CAUSE. The pills are dried up and perspiration cured. 24 days' treatment, \$1.00.

DR. LEON HEM-ROID CO., Buffalo, N. Y. (Tree logo)

Sold by Stafford Drug Co. and all druggists.

### THREATENED TO KILL FAMILY.

Palmer Young Man, Suspected of Insanity, Will Be Taken to Marquette.

Marshal William Newcombe was called to Palmer Wednesday night by Jacob Peura to arrest Nestor Peura, his son, who made threats to kill all of the members of the family. Young Peura, who is twenty-one years old, and had been acting queerly, did not become violent until Wednesday evening, when he killed a cat. When he was reprimanded he told the family to get out of the house, because he was going to kill them next. He went to the barn and attacked some of the livestock with an axe, but his father disarmed him. Peura was confined in the city jail yesterday and will be taken to Marquette today, to be examined.

### SOPHOMORES WON PENNANT.

The inter-class basketball games played between four high school teams was won by the sophomores with a percentage of .833. Out of six games they lost only one, in which the seniors defeated them by a small score. The percentages of the teams follow:

Sophomores	5	1	.833
Juniors	4	3	.571
Seniors	3	3	.500
Freshmen	0	5	.000

### LOCAL LACONICS.

O. J. Lacombe spent yesterday in Marquette, on business.

Adolph Fredrickson is confined to his home on Snow street with tonsillitis.

William Penrose, the milk dealer, yesterday purchased a new delivery horse.

Howard Manning is confined to his home on Ridge street, with an attack of the grip.

The members of the C. I. C. club met last evening at the home of Miss Ida Perkins, Bluff street.

Andrew Kronquist will in a few days begin work remodeling his house at his farm at Green Creek.

Marshal Newcombe took two men to Marquette yesterday, to serve terms of sixty days in the county jail.

C. E. Zane, a representative of the F. W. Watson Paint company, of Chicago, is spending a few days in the city on business.

Rev. Hartley Cansfield and family left yesterday afternoon for Owosso, where Mr. Cansfield will take the pastorate of the Methodist church.

Miss Amelia Gauthier, who spent the past three weeks in the city visiting with her uncle, M. Gauthier, and family, Lincoln street, has returned to her home in Escanaba.

Thomas Gribble and C. L. Sporely, of Negaunee, F. E. Keese, and Con Murphy, of Ishpeming, and Frank Jenks, of Marquette, will spend the weekend at Sporely's camp at Little Lake.

Mrs. J. S. Barrett has received from the Knights of the Modern Maccabees society a check for \$1,000, the insurance benefit of her late husband, Captain John Barrett, who lost his life in the Negaunee mine fire.

Joseph, the twelve year old son of Thomas W. Beard, of Bluff street, died early yesterday morning from typhoid fever. The family are recent arrivals from England. The funeral will probably be held Sunday afternoon, with interment in the Ishpeming cemetery.

The hearing of Mrs. Elizabeth Fashion, who is charged with attempting to poison her husband, James Fashion, was adjourned yesterday afternoon until Tuesday afternoon, in order to allow Dr. N. G. Robbins to make an analysis of the coffee which is said to have contained the poison.

William Trotochaud has purchased the harness shop of William Schunk, of Marquette, and will take charge of it Monday. Mr. Trotochaud is an experienced harness maker and has been employed for the past five years by his brother, Godfrey Trotochaud, in his shop here. Mr. Trotochaud has ordered a complete new stock of leather and harness goods.

### CHRONIC STOMACH TROUBLE CURED.

There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle. "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by All Dealers.

### THE MOTHERS' FAVORITE.

A cough medicine for children should be harmless. It should be pleasant to take. It should be effective. Chamberlain's Cough Remedy is all of this and is the mothers' favorite everywhere. For sale by All Dealers.

### CHAMBERLAIN'S TABLETS FOR CONSTIPATION.

For constipation, Chamberlain's Tablets are excellent. Easy to take, mild and gentle in effect. Give them a trial. For sale by All Dealers.

## Lower State Notes

LANSING—Attorney General Fellows holds that a caucus for nominating candidates for office must be held in one place. In Northport there has apparently been a custom of holding caucuses for nominating township officers at two separate points. The telephone has been instrumental in aiding the caucus, it is said. Omens was a point where part of the caucus would be held and the remainder at Northport. One body of politicians at Northport would place a name in nomination, inform the Omens end of their selection and if it was concurred in the nomination was made.

CHEBOYGAN—Joe Tarjeit was arrested and is held pending inquiry into the mysterious death of his father, Julius Tarjeit, prominent Alverno farmer, last week. Joe Tarjeit is unmarried and lived at home, assisting his father with the farm work. It is alleged that he and his father had a disagreement regarding his intended marriage to a young woman of this county. It is also alleged that he has acted extremely nervous since his father's death, and has questioned the right of the coroners to make the rigid investigation which they are now conducting. The stomach and heart of the deceased man are in the hands of Ann Arbor surgeons for examination.

ANN ARBOR—An attack on the county good road system as adopted by the voters of Washtenaw county last spring was made at a meeting of Pomona grange by H. A. Hodge, a prominent farmer. Mr. Hodge stated that the attitude of the grange generally toward state reward roads has been distinctly hostile, citing instances where grangers in Maine and Pennsylvania defeated propositions to bond the state for good roads. "The grange was the pioneer in the fight for good roads," said Mr. Hodge, "but we do not want the movement diverted toward building scenic highways and boulevards for tourists instead of giving the farmer a chamberlain to market."

WANTS LONGER STAY IN PRISON

Peter Pelinski Rebels at Their Decree When Officers Inform Him That He Will Have to Be Turned Out Tomorrow, and Says They Have Made a Mistake

Convict of Seventy-Years, Terrorized at Thought of Going Out Into World, Also Asked That Another Man Be Released in His Place—Here Twelve Years.

The population of the Marquette prison yesterday was 334 convicts. Of the 334, 333 were ready to swap their boots and everything else they possessed to get out, but the 334th was bemoaning what he conceives to be a decree that he must face the outside world tomorrow.

He is known at the prison for convenience's sake as No. 1338. The prison records give his name as Peter Pelinski. He was sent to Jackson in May, 1909, with a twenty years sentence for murder in the second degree. He was then fifty-six years of age. He was then transferred, with a large number of other prisoners, from Jackson to Marquette. He had not distinguished himself for good behavior at Jackson, but his prison record here has not been a bad one. Although he has had to be humored somewhat and nursed along, Pelinski has managed to keep out of serious trouble. During the course of his twelve years in the Marquette prison he has worked in the kitchen.

Pelinski was getting along comfortably and happily enough until early this week, when the officers of the prison informed him that his time would be up Saturday and that he would have to make preparations for his departure. Then brooding care entered into his life and in the interval he has been tremendously downcast. Various ingenious plans by which he might be permitted to remain have been worked out by him, and submitted to the consideration of the officers. One was the somewhat unique, but unfortunately impractical, suggestion that he, Pelinski, should remain at the prison and that in his place should be released another member of the kitchen force to whom he has taken a fancy. Pelinski brought out this suggestion visibly buoyed up with hope, and was correspondingly downcast when the officers rejected it.

Says Mistake Is Made. Now Pelinski continues to insist that he doesn't want to go, and if he can help it, that he won't go. The officers have made a mistake, he says. His term is not yet out by two years. Pelinski is not greatly to be blamed. Seventy years of age, friendless, with most of his relatives dead and those who are living indifferent to him, it is perhaps not to be wondered at that he thinks with terror of leaving the only home he has known for a dozen years and venturing forth into a world in which he faced none to whom he has grappled with it, difficulties in the full prime of his strength.

But Pelinski will have to fare forth Saturday. Whatever the prison officials think of the peculiar situation—and they are not unanimous in their opinion—they have no choice but to discharge him, for they have no authority for holding convicts whose time is up, even if they want to stay. The present program, therefore, with regard to Pelinski is to see that he is decently clothed and supplied with a ticket back to Bay county, whence he came. The prison officials will do this, and they will send word to the ray county authorities of the peculiar circumstances surrounding the case. They can do no more.

Four Released Yesterday. By the release of four convicts at the prison yesterday the prison population was reduced to a number from the largest propositions it has ever attained, 338, a number that taxes the capacity of the institution. The men let go yesterday were paroled this week by the board of pardons, and they will

followed within the next few days by six additional prisoners to whom similar clemency was extended. The new members of the board of pardons who paid their first visit to the Marquette prison this week, Messrs. Schneider and Brucker, commented that the ends of the convicts confined here show that they are men sentenced for more serious offenses than the average of the convicts in the prisons at Jackson and Ionia. But they asserted that, notwithstanding this, the conduct cards showed that they established exceptionally good records of behavior. The men paroled from the Marquette prison make good in about the same proportion as those released from the other prisons, despite the fact that as a rule they are more confined offenders.

PRETTY HOME WEDDING.

Flossie Dowrick and Thomas Tippett Married Last Night.

At the home of the bride's parents last evening, Miss Flossie Dowrick, of this city, and Thomas Tippett, of Hancock, were united in marriage. Rev. Walter H. Smith, pastor of the Methodist Episcopal church, officiating. The couple will leave this afternoon for Eastern points, after which they will visit at Duluth. They will make their home in this city. Mr. Tippett is employed by the Gannon Grocery company. The ceremony was performed in the parlor of the home, which was prettily decorated. Miss Pearl Tippett, of Hancock, a sister of the bridegroom; James H. Eade, of Ishpeming, a brother of the bride; Miss Ida Cayer, of Marquette, and James Paul, of Hancock, were the attendants of the couple. The nuptial vows were said at 8 o'clock. The bride was dressed in a gown of pineapple cloth from the Philippine islands. The couple were the recipients of many gifts. Among the hundred or more guests were many from Negaunee and Ishpeming who returned home on the late train. Following the ceremony a wedding supper was served in the dining room.

LABOR AGENT WAS LET GO THIS WEEK

Testimony in Meola Case in Iron County Showed That Man Shot in Self Defense.

As a result of the preliminary hearing in the case of the People vs. Leonard Meola, held on a charge of assault with intent to kill, before Justice Davidson in Iron county Tuesday, the defendant was discharged. Meola, who was a labor agent for the copper county mines, and who at the time of the alleged assault was seeking to hire men in Iron county, shot and seriously wounded Joseph Scolari. The case attracted widespread attention in the upper peninsula, for it looked as if it was another angle of the copper county strike. This, however, has been disproved, for it has been made clear that the assault on Meola was committed solely with intent to rob.

At the hearing before Judge Davidson J. H. Galbraith, of Calumet, and C. H. Watson, of Crystal Falls, appeared for Meola, and A. J. Wallen conducted the case for the people. Scolari, the complainant, was the principal witness, and the story he told that not only freed Meola of all blame, but made it pretty certain that Scolari and Artie Galli, his companion on the night of the shooting, will be held for circuit court on the same charge on which Meola was arraigned, and will probably be sent to the Marquette prison. Although Scolari was informed by Prosecuting Attorney Wallen that he need not testify if he feared incriminating himself, he told a connected and uncontradicted story that showed that he and Galli had entered into a deliberate plot to waylay and rob Meola, with the hope of getting the large sum of money they assumed he had on his person to be used in sending men hired for the mines to the copper country. It had been agreed between the men

that Galli would lead Meola to some secluded spot, and that Scolari would strike him down. Then Galli was to rob him. This plot was carried out in part. Meola was induced to go with the men to the St. Paul depot at Crystal Falls. At what he thought was an opportune time, Scolari struck him on the head with a beer bottle, but the blow failed to open him. Meola drew his revolver and stung fire. Two shots took effect in Scolari's body, one in the chest and the other in a lung. The men fled without ceremony. Scolari represented that Galli later upbraided him for his failure to manage his part of the plot successfully, saying "I told you to wait until we got to a dark place and I told you to hit him with a club." The hearings of Scolari and Galli have been set for March 25. Galli is a member of the Western Federation, but Scolari is not. Galli was insistent that Scolari strike down Meola, & is said, because he desired to hit certain that the Western Federation would not be mixed up in the case, if it should follow that they would be arrested for the assault.

UNUSUAL DIVORCE CASE.

First Wife of Alois Dober Wants Old Decree Set Aside.

One of the most unusual divorce cases that has ever been forced to a hearing in the upper peninsula has claimed the attention of Judge O'Brien, in Iron county, Tuesday. In this case, Mrs. Dober, of Duluth, from whom Alois Dober obtained a decree of divorce some twenty-eight years ago, is seeking to have the decree annulled. The decree was granted in Menominee county, which at that time embraced considerable of the present Dickinson county, including Iron Mountain. The judge who heard Mr. Dober's plea for a divorce was Claudius B. Grant, of Marquette, later of the supreme bench and now residing at Detroit. The decree was granted on the grounds of desertion. Mr. Dober showing that his wife had left him. First notice of the fight to annul the decree was given at Menominee recently when Mrs. Dober, by her attorney, appeared before Judge Flannigan, at Menominee, with a petition setting forth the reasons for her action, which were, in brief, that the proceedings were understood by her and therefore she did not appear to contest the case. Judge Flannigan for personal reasons did not care to hear the petition, and arranged to have it presented before Judge O'Brien.

It is intimated that if Judge O'Brien should grant the petition to reopen the case the petitioner will file a cross-bill for divorce. Should the decree be annulled various complications are almost certain to ensue, and Mrs. Dober No. 1, it is said, will be entitled to one-third of the estate of Mr. Dober, which is now much larger than it was when he lunched on matrimonial seas with her. Then he was laboring with little more than a laboring man with little to boast of in the way of the world's goods. Now he is the fee owner of the land in Iron county on which the Dober mine, operated by the Oliver Iron Mining company is located, and he is said to have a large income in royalties. The case, which has aroused great interest on the Menominee range, where Mr. Dober is a well-known resident, will be taken under advisement by Judge O'Brien and it is not certain when he will return a decision in it.

NOTICE.

Notice is hereby given that members of Marquette union, 817, Brotherhood of Painters, will not hang paper other than that bought at Marquette stores or from members handling wallpaper sample books. On and after May 1, 1914, the union wage scale will be increased from 40 cents to 45 cents an hour, nine hours to constitute a day's work.

STEAM PUMPS USED.

Electric Plant at Water Station Out of Commission for a Short Time. As a result of an unusual accident—one not anticipated when the commission was figuring on the various ways in which the electric pumps might be laid up—the new plant at the water works was out of commission for a short time yesterday morning, and the steam pumps were hastily put at work. A sleigh, heavily loaded with a steel beam, crashed into one of the poles of the special line to the pumping station at the foot of the Crescent streets, bringing it to the ground, along with the electric wires, and shutting off the current temporarily. It is to guard against all emergencies of this kind that the city commission recently entered into an agreement with the Cleveland-Cliffs Iron company to extend its transmission line from the Pio-

ALL CANDIDATES TO FILE ACCOUNTS

Attorney General Makes Ruling of Wide Scope With Regard to Elections Law.

Attorney General Fellows has just handed down an opinion that, if it is sustained by the courts, will greatly broaden the scope of the corrupt practices law and the requirement of publicity for the expenses of candidates for office. Heretofore it has been generally held that the only candidates amenable to the provisions of these laws were those standing for state office, but Mr. Fellows holds that they apply with equal force to all candidates, whether for township, city or county offices, and that they all must take strict account of the expenses. The provisions of the corrupt practices act also apply, the attorney general holds, to all elections in which matters like local option and the issuance of bonds are passed on. The attorney general's opinion will probably meet the greatest approval for county office. These men have heretofore not made public their expenditures in seeking the nominations for which they filed, but reluctant as they may be to do so in the future, in the light of the attorney general's opinion, they will dislike to "take a chance on being called to account for failure to comply with the requirements of the law. In some cases the county offices have been the cause of lively primary contests in which the candidates made considerable expenditures, much more, considering the number of voters to be reached, than candidates for governor are now permitted to make.

The question was brought before Mr. Fellows by an inquiry from Grand Rapids in which it was sought to ascertain whether the title of the act covered cities where charters prescribed the filing of expenses for certain offices. Mr. Fellows holds that it does. "The specific references to primary election and to cities removes any possible doubt as to whether or not the measure was intended to apply to elections of the character suggested," he says. "The opinion is a long one, but it is based chiefly on the intention of the legislature. Mr. Fellows takes the position that the legislature intended, as is set forth in the title, to purify the ballot, and for that reason argues that every election in the state is covered by the act.

The purpose of the measure clearly appears. It was intended to limit campaign expenses. Coupled together the provisions of the measure require that all expenses shall be reported, either by the candidate or by the treasurer of the political committee acting in his behalf, and in order that such accounts and statements shall contain all the campaign expenses of the particular candidate, it is provided in substance, that no one may contribute any money for the campaign except to the candidate or his committee. It is obvious that any interpretation other than this would nullify the purposes of the act and would render unavailing the limitation sought to be imposed by the first section upon the amount to be expended by any candidate for election expenses."

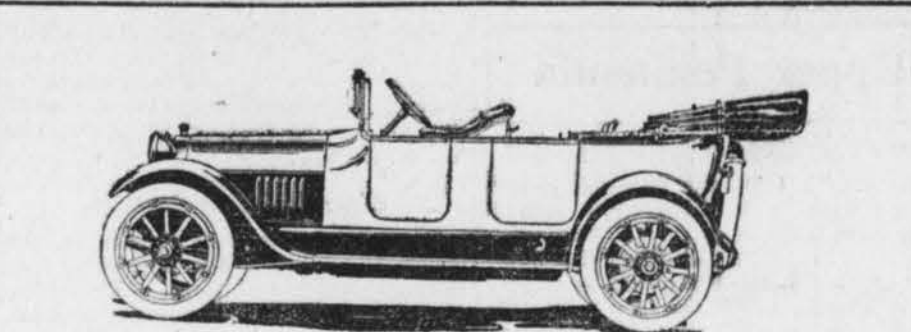

CARD OF THANKS.

The family of the late Thomas Lenhart wish to thank their many kind friends at Big Bay for their kind sympathy and assistance during the illness and death of Mr. Lenhart. Their kindness will never be forgotten. M. L. LENHART, OLIVER LENHART, MRS. THOMAS LENHART.

Debate! Gwinn Basketball Team Last Night at Fraternity Hall. The Marquette City basketball team scored another victory last evening at Fraternity Hall. It won from the Gwinn Clubhouse team by the score of 43 to 15. Marquette has not lost a game the present season. Next Friday and Saturday the Gwinn team will go to the copper country, where games will be played with the Calumet Engineers, the Michigan College of Mines and other organizations.

You can't afford to delay buying your new car much longer. Spring is here. Now, if ever, you want your car. If you are on the fence, decide now. The best selling cars will soon be gone. This is true of the Chalmers Master "Six"—the fastest selling "Six" of 1914. This great new car has literally taken the country by storm. Here is the one car you will surely want to see before you decide on any. We have been told repeatedly that the Master "Six" is the greatest automobile value on the market. Here are five big reasons for an opinion which is almost universal among six-cylinder enthusiasts.

- 1. The Master "Six" is a Real Six. It is not a near "Six," not an imitation. But the newest product of the big Chalmers factory. And above all else, you want a "Six." All the brains and money back of the highest priced cars—those that sell at \$5,000 to \$6,000—are devoted to building "Sixes." This year just about all cars above \$3,000 are "Sixes." The problem for the Chalmers engineers was to build a "Six" with the silence, luxury, smoothness, flexibility of the high-priced "Sixes"—at a medium price. "Six" is their answer. Only with quantity production and most efficient manufacturing is such a "Six" possible. If we built the Master "Six" in hundreds instead of in thousands its price would be from \$3,000 to \$5,500 instead of \$2,750. No other type of car can equal the silence, smoothness, flexibility and luxury of the Master "Six." These qualities are built into the Chalmers. No auxiliary mechanism is needed to help out the Master "Six." The Chalmers Standard Road Test is the proof.
- 2. Chalmers design gives most service at lowest cost of upkeep. It took two years of hard work to produce the Master "Six" motor. It is a genuine long stroke, T-belt motor—Chalmers built. That means all moving parts enclosed for silence and cleanliness; fuel needles that never "stick"; function street valves of diamond hardness for long wear; large oval cams for smoothness and quietness; it means every part built and fitted with microscopic accuracy. The Master "Six" motor is non-stallable. Made so by the powerful, ever-ready Chalmers-Dodge starter. Move a single switch and the motor starts; and keeps running until you wish it to stop.
- 3. The Chalmers Master "Six" is truly a manufactured car. And that is the only kind you will want to buy. Practically every part of the Master "Six" is built complete in Chalmers shops. That means that one company—and none is stronger than Chalmers—guarantees the whole car. It means most careful workmanship and right inspection. It means quality and service which assure years of extra wear.
- 4. The 1914 motor shows proved the Chalmers Master Car of the year.
- 5. The Chalmers Master "Six" is truly a manufactured car. And that is the only kind you will want to buy. Practically every part of the Master "Six" is built complete in Chalmers shops. That means that one company—and none is stronger than Chalmers—guarantees the whole car. It means most careful workmanship and right inspection. It means quality and service which assure years of extra wear.

SAMUEL J. MITCHELL MARQUETTE, MICHIGAN. GRINNELL BROS. VICTROLA DEPARTMENT. As we are the largest music dealers in the United States, doing a very extensive business, buying our Victrolas in car load shipments, we are in a position at all times to supply our trade with anything in this line more so than the small dealer. At present we have a complete line of Victrolas and records. Call at Grinnell Bros. Music House and let us demonstrate to you the excellent tone of these Victrolas sent on very easy terms. (3-12-21.) Go-to-Church Mar. 15

I believe in the church because its doors are open to, and it is the friend of, the ignorant, the weak, the poor, the oppressed, the suffering, the unfortunate, the friendless, the sinful, the sorrowing, old age, tender childhood, and defenseless womanhood. I believe in the church because it is the lively foe of carelessness, indifference, intolerance, sluggishness, shallowness, vanity, prejudice, superstition, ignorance, envy, greed, hypocrisy, lying, self-indulgence, white-slavery, liquor lust, murder, and war. I believe in the church because it has given to the race its present moral standard, a conception of the ideal, a knowledge of immortality, a hope of heaven, a vision of redeemed society, a fellowship of the spiritually minded, a consciousness of God. I believe in the church because it has given to the race a wonderful hymnody, the sacred scripture, the inspired Bible, the missionary propaganda, the roll of martyrs, the perfect Christ, the fellowship of God. I go to church to have my mind informed; my heart consoled; my conscience sensitized; my body refreshed and my soul renewed. I go to church to help myself, my neighbors, my church, and my God. I go to church because I want, insofar as I can, to repay my moral obligations, to do my duty, to live as becometh a child of immortality, and to do honor to my Father which is in Heaven. A LOCAL METHODIST.
