

MURDER LAID TO MEXICANS STIRS BORDER

Americans in Southern California Are Aroused to a High Pitch by the Killing of Frank Johnstone, Postmaster at Tecate—Every Man in Region Arms Himself.

United States Troops Patrol the Boundary and Across the Line Rurales Perform Similar Duty—Governor is Asked to Demand the Extradition of the Outlaws.

Sau Diego, Calif., March 16.—Although no proclamation was issued today, mutual law was in effect along the border for miles each side of Tecate, Calif., following the destruction by fire of the general store containing the United States postoffice and customs office and the murder of Postmaster Frank Johnstone Saturday night by three men, declared to be Mexicans.

Munitions Ordered from San Diego. All last night the border was patrolled by American troops from Fort Rosecrans. Across the line, not many hundred feet, Mexican rurales performed guard duty. Every man within a radius of ten miles of Tecate is fully armed and rifles and ammunition have been ordered from this city.

Governor Hiram W. Johnson was asked today to make formal demands upon Governor Francisco Vazquez of Lower California for the delivery of the Mexicans suspected of having killed Johnstone.

Anti-Mexican feeling in the vicinity of Tecate is aroused to fever heat. Railroad construction workers blamed.

Washington, March 16.—Members of a railroad construction gang killed Postmaster Frank V. Johnstone and burned the postoffice at Tecate, Calif., Saturday night, according to a report to the war department late today. None of the men has been apprehended.

Satisfied that no Mexican federal soldiers or officials were involved and that the crime was not political, the state department officials announced that the affair would be handled in the ordinary way. Every effort will be made to procure the arrest of the murderers and have them returned to California under extradition proceedings.

Federals Claim a Decisive Victory. Laredo, Tex., March 16.—The decisive defeat of a column of Constitutionalists troops, on the way, it is reported, to take part in the proposed attack on Monterey, Mex., is reported in official advices received tonight at the federal headquarters at Nuevo Laredo. The battle is said to have taken place at Bustamante canyon. The rebels were utterly routed, with a loss of about five hundred men, killed, captured or wounded, according to the dispatch. The federal losses were not stated. Bustamante canyon is about midway between Laredo and Monterey.

In their flight, the Constitutionalists are said to have left behind large quantities of arms and ammunition and the federals claim the capture of many wagons carrying arms and supplies and one hundred loaded pack animals. The rebels, reported to be part of those marching against Monterey, were moving toward Morales, Nuevo Leon. Who commanded the forces engaged was not stated.

Villa Sends to Juarez for Aviator. El Paso, Tex., March 16.—General Villa today telegraphed to Captain Salinas, the rebel aviator, whose monoplane has been undergoing repairs at Juarez, to have his machine at Chihuahua within the next twenty-four hours.

It was learned that the regular tri-weekly passenger service between Juarez and Chihuahua had been temporarily abandoned. The trains are said to be needed for transporting troops south from Chihuahua.

These two facts were taken by the rebel officials at Juarez to indicate that General Villa is anxious to begin his attack on Torreon. Sensational reports of big battles and great loss of life in dynamited trains were denied in official circles and by correspondents of the Associated Press at Chihuahua.

Grave Dissension in Carranza Ranks. Nogales, Ariz., March 16.—On account of purported lack of sympathy with General Carranza personally, Ricardo Gayou, Constitutionalist consul here, was summarily dismissed today. This is the latest development in the anti-Carranza plot.

Mmanuel Bouilla, ex-minister of finance in the rebel provisional cabinet, is at liberty today. He and Alberto Pena, former Mexican state senator, were arrested Saturday on the charge that they had been conspiring against Carranza. Pena was not released.

Opposition to Carranza is developing, it is said here, and it is also reported that only his friends are allowed to hold office.

Four Kinds of Money Circulating. Douglas, Ariz., March 16.—Four kinds of money are circulating now in the Mexican territory controlled by the Mexican Constitutionalists. These are United States currency, the fiat issues of the rebel government, Sonora state's and "Villa money," the latter that is issued at Chihuahua at the instance of the rebel military commander. United States money takes precedence in value.

Merchants in Sonora, to protect themselves and at the same time observe the laws requiring the acceptance of the rebel currency issues, have established a sliding scale of prices.

One More American Victim. Juarez, Mex., March 16.—Oscar Allen, an American, was found dead recently

at Pearson, Chihuahua, with his head split by an axe. This was reported to Consul Thomas Edwards, who at once began an investigation.

Allen was a Texan, a native of Corpus Christi, where his father had served as sheriff. He had been employed as a watchman by the Madera company, Ltd. Another watchman of this company had been killed previously in a similar manner.

LONDON CHEMISTS SUCCEED IN MAKING WHOLESOME MILK FROM THE PRODUCT OF A BEAN

London, Tuesday, March 17.—The Times describes the discovery in a London chemical laboratory of a process of manufacturing synthetically a pure and wholesome milk of high nutritive value on a basis of casein, obtained from the soya bean. Excellent cheese and butter, the Times says, have been made from this synthetic milk.

BOMB EXPLOSION INJURES AUSTRALIAN OFFICIALS.

Melbourne, Australia, March 16.—Two government commissioners, named Lee and Hastie, were seriously injured today by the explosion of a dynamite bomb. The bomb was exploded in a room in the government building when the explosion occurred. There is no clue.

MILITANT IN MALE GARB IS ARRESTED IN COMMONS.

London, March 16.—A suffragette giving the name of Catherine Wilson was arrested in the lobby of the house of commons tonight. She was dressed in male attire and had a dog whip secreted in her sleeve. It is supposed that she was waiting to attack members of the government.

MUCH STRIFE IN RANKS OF WOMAN SUFFRAGISTS

Deluge of Telegrams to the Senate Urge Both an Early Vote and a Postponement.

Washington, March 16.—With various factions in the woman suffrage movement pulling at cross-purposes in attempting to influence the senate as to when it should vote on the resolution proposing a constitutional amendment to extend suffrage to women, the fate of that resolution was still in doubt tonight.

After Senator Ashurst had submitted to the senate a deluge of telegrams from suffrage leaders, some urging an immediate vote on the resolution, others insisting that the vote be postponed until after the national suffragist demonstration, planned for May 2, and still others pleading that the vote be delayed until the end of the session, the amendment was ordered taken up for discussion again tomorrow as unfinished business.

Champions of the resolution admit that it will not receive the necessary two-thirds majority.

GREAT GAPS IN THE EARTH OPENED BY SUNDAY'S QUAKE IN HONDO ISLAND, JAPAN.

Tokyo, March 16.—Eighty-three persons, according to the official estimate, were killed by the earthquake yesterday in the prefecture of Akita, island of Honshu. Eye-witnesses describe the flight of the inhabitants of the stricken zone. They declare that entire families were crushed to death. Great gaps appeared in the earth and every house and the towns of Omagari, Yokote and Linnme were wrecked or damaged. Five hundred persons were injured and many are missing.

Twelve Hundred Dead in Russia. St. Petersburg, March 16.—The latest estimates of loss of life in the storm Saturday over the sea of Azov places the casualty list at twelve hundred.

BANDIT BAND IN CHINA TERRORIZES COUNTRYSIDES.

Pekin, March 16.—Reports have been received from missionaries describing the ravages of White Wolf's bandit band. Fifteen hundred inhabitants of Laehowkow have been killed and four hundred subjected to tortures to compel them to disclose hidden treasures. Many women and girls have been mutilated or murdered. Property to the value of millions of dollars has been looted.

COL. ROOSEVELT TO FINANCE SOUTH AMERICA EXPLORATION.

New York, March 16.—Upon his return to this country, Theodore Roosevelt will finance an expedition to enter South America to complete the exploration work that he is carrying on there now, according to correspondence received from him and made public today by the American Museum of Natural History.

NOTED BRITISHER IS KILLED IN AUTOMOBILE ACCIDENT.

Edinburgh, Scotland, March 16.—Sir John Murray, naturalist and oceanographer, was killed today near his home here in a motor car accident which occurred while his daughter Rhoda was driving. The machine fell over a high bank. Miss Murray was seriously injured.

POWERS FORMING NEW ALLIANCE?

St. Petersburg, Tuesday, March 17.—The Novoye-Vremya publishes an extraordinary report to the effect that negotiations are proceeding for the regrouping of the powers. It is asserted that Germany will join Russia, France and Great Britain.

FRENCH AVIATOR IS DROWNED.

San Sebastian, Spain, March 16.—Hanoulle, a French aviator, was drowned here today when he fell into the sea with his aeroplane. The accident was caused by the fracture of the rudder.

The population of Ireland has been almost halved in seventy-five years.

PARIS WOMAN KILLS AS ACT OF VENGEANCE

Gaston Calmette, Editor of the Figaro, Is Shot and Mortally Wounded by the Wife of M. Caillaux, Minister for Finance—Three Bullets Lodge in Body.

Tragedy the Culmination of a Campaign the Newspaperman Had Carried on for Weeks Against the Cabinet Official—Murderer in Jail, Sorry Her Aim Was True

Paris, March 16.—Gaston Calmette, editor of the Figaro, was shot today by Mme. Henriette Caillaux, wife of Joseph Caillaux, the French minister for finance. He died tonight.

Mme. Caillaux went to the office of the Figaro to carry out an act of vengeance against M. Calmette, who had been waging a bitter campaign against the minister for finance. She fired at least three times. M. Calmette being wounded in the chest, in the side and in the abdomen.

While the editor was being transported to a hospital, he said, repeatedly: "I have done my duty. I have done my duty."

Woman Submits to Arrest.

Having committed the deed, Mme. Caillaux submitted to arrest, and while employees in the Figaro office were taking the pistol from her hands she said: "Since there is no justice in this country, I take upon myself an act of justice. Take me where you will."

Mme. Caillaux was at once removed to a police station, where she underwent a preliminary examination, the substance of which was communicated to the press at her desire. The prisoner said, "for what I was obliged to do. I had no intention of killing M. Calmette and I would be happy to know that he will recover. I desired only to teach him a lesson."

At the moment of the attack, M. Calmette was preparing to leave his office in the company of Paul Bourget, the author. He excused himself to receive Mme. Caillaux, who fired almost at once.

Pistol Concealed in Muff.

In her statement to the police, Mme. Caillaux explained that the campaign against her husband had become intolerable, and she had determined to stop it. She consulted an eminent lawyer, who advised her that legal proceedings would be futile—that they were often worse in the case of an innocent than in the case of the guilty. She decided then to take the law into her own hands. She bought a revolver, drove to the Figaro office and sent in her card.

M. Calmette was most polite and asked what he could do for her. "It is needless for me to pretend that I am making a friendly call," I answered. Then, losing all control of myself at the thought of the humiliations inflicted on my husband by this man, I drew my revolver from my muff and fired all the cartridges. M. Calmette was surprised at the first report, and tried to take shelter behind the desk, Mme. Caillaux told the police.

Mme. Caillaux was formally charged with attempted homicide and removed to prison. Later the charge was changed to homicide. It was officially announced tonight that M. Caillaux had tendered his resignation from the ministry for finance, but Premier Doumergue had withheld his decision until tomorrow. Mme. Caillaux is the minister's third wife. She is thirty-nine years old.

Serious Charges Made by Editor.

The personal campaign of Calmette against Joseph Caillaux began on Jan. 12, and since then the attacks against the finance minister have been a daily feature of the paper. The fact that the campaign was instituted on the eve of the opening of the last session of the present chambers of deputies created intense interest in the charges.

Among these charges, M. Calmette asserted that M. Caillaux had offered to pay \$1,200,000 to M. Schneider, the legal representative of Marcel Prieu, who had entered claim against the government on condition that 80 per cent. of that amount should be turned over to the Radical party's campaign fund for the coming elections.

M. Prieu was a French merchant of Brazil. Thirteen of his ships were seized by the Brazilian government in 1880, on the charge that the customs regulations had been evaded. Eventually, Brazil paid to the French government an indemnity of \$3,000,000. M. Prieu's claim to this was repeatedly rejected, but his heirs in 1899 formed a syndicate to prosecute the claim.

Among the other accusations, it was charged that the minister had exerted pressure on the judges to postpone the trial of Henri Rochette, who was arrested in Paris in 1908 on the charge of swindling on an enormous scale, thus enabling him to flee to Mexico. M. Caillaux was also charged with authorizing the quotation on the Bourse of questionable foreign loans, whereby vast sums were lost by French investors.

Publication of Letter Is Climax.

M. Caillaux contended himself with issuing categorical denials. But on March 13 the Figaro printed a facsimile of a letter from M. Caillaux to an intimate friend dated "the senate July 16, 1901."

At the time Caillaux was minister for finance in which he said he had been successful in crushing the income tax, although seemingly he was defending the tax. This brought matters to a climax, and it was understood that the finance minister intended to take proceedings against M. Calmette for publishing a private letter without authority, either from the sender or the receiver.

The Weather

Washington, March 16.—The following is the weather bureau's forecast for Upper Michigan: Cloudy, Tuesday, clearer in the west portion; Wednesday, fair.

MUSTN'T FRIGHTEN CAPITAL, WARNS PROF. WM. H. TAFT IN MINNEAPOLIS ADDRESS.

Minneapolis, March 16.—The people of this country have put their stamp of approval on the over-enthusiasm of corporations and restraint of trade by the trusts," former President William H. Taft told the Minneapolis Association of Office Men at a banquet here tonight. The ex-president, however, emphasized that the zeal of the reformers should not extend to the extent of frightening capitalists from investing their money in legitimate trade, and that the government should play fair with capital. "Labor needs capital and capital needs labor," he said.

The former president's address before the law school of the University of Minnesota, late today, dealt largely with the application of the common law and the restraint of the boycott in labor troubles.

MAYOR GILL MAKES HIS PLEDGES GOOD

Ministerial Association's Candidate for City Executive Is Named Chief of Police.

Seattle, Wash., March 16.—Hiram Gill took the oath of office as mayor of Seattle today. Seating himself at the desk from which he was torn by the recall three years ago, Mayor Gill's first act was the appointment of Austin E. Griffiths, late candidate of the Seattle Ministerial association for the mayoralty, as chief of police. This was the reply of the mayor to assertions that incoming would result in an "open town."

Seattle, Wash., March 16.—Hiram Gill took the oath of office as mayor of Seattle today. Seating himself at the desk from which he was torn by the recall three years ago, Mayor Gill's first act was the appointment of Austin E. Griffiths, late candidate of the Seattle Ministerial association for the mayoralty, as chief of police. This was the reply of the mayor to assertions that incoming would result in an "open town."

While the editor was being transported to a hospital, he said, repeatedly: "I have done my duty. I have done my duty."

This brought matters to a climax, and it was understood that the finance minister intended to take proceedings against M. Calmette for publishing a private letter without authority, either from the sender or the receiver.

DEFIANT STAND IS ASSUMED BY MOTHER JONES

Released from the Trinidad Hospital and Conveyed to Denver Under Military Escort, the Mine Workers' Aged Agitator Says She Will Return to Strike Zone.

Her Departure from the Camp Is Attended With Secrecy and There Are Conflicting Reports About It—She Will Go Where She Wills, Declares the Woman.

Denver, Colo., March 16.—"I will go back to Trinidad before the end of the week." This was the declaration made here tonight by "Mother" Mary Jones, the eighty-two-year-old leader of the striking coal miners who was released last night from the Trinidad hospital, where she had been a military prisoner since Jan. 12, and brought to Denver. The manner in which she left the camp was attended with great secrecy.

"I fully expect to be arrested and returned to prison when I reach the strike zone, but no governor nor president can make me abandon my constitutional rights as a citizen to go where I please. So long as I live, I shall refuse to submit to military despotism."

The woman made this statement after an interview with Governor Ammons late today. She reached Denver this morning.

Mystery About Her Trip.

There is a radical difference between the statements of "Mother" Jones and the state authorities as to the manner in which she left the hospital. The strike agitator declares she simply was deported; that she was brought to Denver under military escort, and at state expense her health was given her consent to leaving the strike zone.

Governor Ammons and Adjutant General John Chase said that "Mother" Jones had expressed willingness to come to Denver, leaving the strike zone, if Governor Ammons would grant her an interview. According to the version of the officials, she came to Denver of her own accord, when it was intimated the interview would be granted.

Horace N. Hawkins, attorney for the strikers, entered the controversy with the statement that he had told the governor "Mother" Jones had not asked for an interview, but that she would call upon the state executive if he invited her to do so. Attorney Hawkins declared that the governor had then invited the woman to call upon him, and that she had accepted his invitation.

The conference between "Mother" Jones and Governor Ammons was attended by John R. Lawson and John McLennan, strike leaders; Attorney Hawkins and Claude Fairchild, the governor's private secretary.

Woman Grills State Executive.

"Mother" Jones told the governor that she held him responsible for her imprisonment and other events in the history of the strike, which she declared discreditable to the state, and that she had been deported against her will. She said she would return to Trinidad whenever she pleased.

The governor replied that he hoped she would not violate the law or do anything to cause disorder in the strike zone. There was a lengthy argument over constitutional rights and the authority of the militia to make arrests.

In the course of the interview with the governor the strike leaders served notice that they would make an effort to restore the lower Forbes tent colony, where tents recently were taken down by the militia.

Attorney Hawkins declared it his opinion that the authorities had brought "Mother" Jones here and released her to block an appeal to the supreme court in the application for a writ of habeas corpus, recently denied by District Judge A. W. McHardie at Trinidad. Hawkins said that if "Mother" Jones returned to Trinidad and was arrested he would be sure to have proceedings directly in the supreme court.

Mother Jones Explains "Trick."

Tonight "Mother" Jones, speaking of the events leading up to her departure from the hospital, said: "Three or four days ago Colonel Davis, who is in charge of the Trinidad division of the militia, came to me and asked me if I would go to Denver with him to talk to Governor Ammons, who he said had expressed a desire to interview me. I told him that I would be willing to go."

"Upon arriving in Denver I was taken to a hotel and did not know I was not a prisoner until Horace Hawkins told me. I was astonished. I had been tricked into coming to Denver, for Governor Ammons himself admitted today he had no idea of seeing me here."

"I know now it was all a trick to keep the appeal of my habeas corpus petition from reaching the supreme court where it would have been heard tomorrow. I am no longer a prisoner and there is no longer need for habeas corpus, think these tyrants."

KILLS WIFE, SHOOT HIMSELF. BECAUSE MEF. WASN'T READY.

St. Louis, Mo., March 16.—Because she had not prepared dinner at the exact hour at which he called for it, Henry Setz, a wealthy farmer of St. Louis county, tonight shot and killed his wife while she was hanging clothes in their backyard. He then carried her into the kitchen and shot himself twice while standing over her body. Physicians say he will die before morning.

NO EXTRA NIPissing DIVIDEND.

New York, March 16.—The Nipissing Mines company today failed to declare the extra dividend of 2 1/2 per cent, which it has regularly distributed since 1903. The usual quarterly dividend of 3 per cent, will be paid, it was announced.

INJUNCTION COMPANY GETS WILL, IT IS BELIEVED, FORCE STRIKERS BACK TO WORK.

Terre Haute, Ind., March 16.—The service maintained here today by the Terre Haute, Indianapolis & Eastern Traction company, whose employees went on a strike Saturday night, ceased at dark when the patrolmen guarding the cars were withdrawn by the city officials. No passengers were carried during the day, the patrolmen having been instructed not to permit any persons to enter the cars.

Just what result would come from the granting of an injunction in the federal court at Indianapolis is today, prohibiting the union employees from going on a strike, neither the labor leaders nor officials of the company would say. It is believed, however, that under the ruling of Judge Baker all union men must return to work.

IOWA MINE WORKERS REFUSE INDORSEMENT TO THE SOCIALIST PARTY.

Des Moines, Ia., March 16.—District No. 13 of the United Mine Workers of America, in convention here, today declined to go on record as indorsing the Socialist party as the workmen's party. The convention refused to enter the political field when it voted down a resolution presented by James Fisher, of Albia, Ia., declaring that the time had come for the workers to unite politically as well as industrially.

MAHONEY STILL IN DANGER.

Chicago, March 16.—Charles E. Mahoney, vice president of the Western Federation of Miners, who was operated on here a week ago for appendicitis, is weak and in danger of complications, according to his physicians.

ENGINE MEN ASK INCREASE OF PAY

Conference at Chicago Begins Discussion of Demands of Western Railroad Employes.

Chicago, March 16.—An increase in wages is being sought by the firemen and engineers on fifty-eight railroads west of Chicago, according to a statement made today at a conference of representatives of the men and the railroads.

Warren E. Stone, president of the Brotherhood of Locomotive Engineers, represents the men and P. P. Morrissey, vice president of the Chicago, Burlington & Quincy railroad, and officials of twelve other roads are representing the railroads.

The firemen and engineers gave notice last October that they wished to negotiate a new wage agreement. The negotiations, it is expected, will continue for a month.

CHAS. P. TAFT REFUSES TO SELL STOCK IN CUBS FOR \$750,000 IN CASH.

Cincinnati, March 16.—Charles P. Taft, majority stockholder of the Chicago National league baseball club, today refused an offer of \$750,000 in cash for the Cubs, made by John T. Conroy and Frank D. Mayer, representing a syndicate of Chicago capitalists, who desired to purchase. The price that Mr. Taft has asked for the club was not announced.

Mr. Mayer, in speaking of the offer, said: "We have reached our limit and any further overtures must come from Mr. Taft. The outlay in purchasing the club will be approximately \$1,250,000, inasmuch as a new grandstand is a necessity. I doubt whether the club would be a paying investment on half that sum, if the grandstand were not erected. I do not mean by this, however, that we have given up hope of obtaining the Cubs."

FOUR WOMEN ON THE JURY TRYING LAWRENCE DUKE ON CHARGE OF MANSLAUGHTER.

Seattle, Wash., March 16.—The jury was completed and taking of testimony was begun today in the trial of Lawrence Duke, son of Brodie Duke, the millionaire tobacco manufacturer, charged with manslaughter for causing the death of Henry N. Farr, a saloon keeper, when Duke's automobile ran into Farr's machine near Riverside, eight miles south of Seattle, the night of Oct. 13, 1913.

The state is attempting to prove that Duke was intoxicated when he drove his car into the Farr party, which was standing on the roadside repairing a punctured tire. The defense asserts that the accident was caused by the breaking of the steering gear on Duke's automobile. There are four women on the jury.

EMBEZZLEMENT IS CHARGED AGAINST TWO DETROIT MEN.

Detroit, March 16.—Thomas J. Fitzpatrick, until recently manager of the Grand River avenue branch of the Central Savings bank of this city, and Lyman D. Burnett, proprietor of a Detroit horse market, were taken into custody this afternoon in connection with the alleged embezzlement of more than \$25,000 from the branch bank. According to the assistant prosecuting attorney, the embezzlement is said to have grown out of Fitzpatrick's attempts to cover Burnett's alleged overdrafts. The latter insists that is innocent of wrongdoing.

GRAND TRUNK RAILROAD FINED.

Danville, Ills., March 16.—The Grand Trunk railroad today pleaded guilty in the United States district court to charges of accepting and receiving commissions in freight rates on coal and conspiracy to violate the interstate commerce law, and was fined \$1,000 each on five counts by Judge F. M. Wright.

JAMES GORDON BENNETT ILL.

London, March 16.—James Gordon Bennett, owner of the New York Herald, is seriously ill aboard his yacht at Suez, according to a dispatch received here tonight. Mr. Bennett is reported to be suffering from a severe fever.

CURRENT PRODUCE QUOTATIONS.

Chicago, March 16.—Butter was steady today; creameries, 22 to 26@26 1/2; eggs, lower; receipts, 13,500 cases; eggs at mark, cases included, 19@20; cents; ordinary firsts, 19 1/2@20; firsts, 20@20 1/2; poultry, calves, lower; springs, 10 1/2; cents; hogs, 15.

Elgin, Ills., March 16.—Butter in the Elgin market today was called weak, at 20 1/2 cents.

Cables linking British and North American ports convey about 30,000,000 words a year.

KELLEY LOSING GREAT BULK OF HIS FOLLOWERS

Only 300 of the Original 1,500 Men Remain in the Camp of the Unemployed on the Sacramento River and the March Will Be Abandoned, It Is Believed.

Wind-Driven Sands Cause a Rapid Dispersal of the Forces During the Night, and Lack of Food Helps—Only a Little Bread Contributes the Day's Contributions.

Sacramento, Calif., March 16.—A strong north wind last night did more to solve the problem presented by "General" Kelley's army of unemployed than any human agency has been able to accomplish.

Si Williams left yesterday morning for Crystal Falls, on a brief business mission.

Born, this morning, March 17, to Mr. and Mrs. Frank H. Withey, 315 High street, a son.

Mrs. M. Galenstein and daughter, of Sault Ste. Marie, are visiting Mr. and Mrs. T. P. Lindsay.

An all-day session of St. Paul's guild at the Guild Hall will be held Wednesday for the purpose of making choir gowns.

Mrs. J. M. Rogers, of Ishpeming, is visiting friends in the city. She will be the guest of the Study club this afternoon.

A meeting of the auxiliary to the Brotherhood of Railway Conductors will be held in Keough's Hall this afternoon at 2:30 o'clock.

M. E. Schlabach, United States post-office inspector, left last evening for an extended trip through the Western states, on official business.

Mr. and Mrs. C. L. Johnson, who have been visiting at the home of John Sharland, West Hewitt avenue, have returned to their home in Minneapolis.

Mr. and Mrs. Joseph F. Anderson are in Chicago, where Mrs. Anderson is to undergo an operation shortly. Their two children accompanied them.

Rev. D. Stanley Shaw arrived in Marquette yesterday afternoon from the Soo. He will preach at the Presbyterian church every night this week, except Saturday.

Phil Hopkins has returned to the city from Peoria, Ill., where he had been for the last several weeks. He was summoned there because of the serious illness of his mother, whose condition is now greatly improved.

All bills against the county must be turned in to County Clerk Frank G. Jenks by tomorrow afternoon for presentation to the auditing committee, which meets next Saturday morning. The March meeting of the supervisors will be held on the 25th.

The horned owl from Presque Isle has been on exhibition in the window of Manhard's hardware store for the last few days and has attracted much attention. Sunday evening a stuffed owl also placed in the window for the amusement of the passers-by was torn to pieces in a few minutes by the vicious attacks of the bird.

Miss Catherine Frei, of the Marquette Millinery company, has arrived home from the east, where she studied the spring millinery styles and purchased stock.

While in Chicago she engaged Miss Ethel Clark as a trimmer. Miss Clark has had experience in the east and comes highly recommended. She is already in the city and, with Miss Frei is preparing for the Marquette Millinery company's annual spring opening.

Crows Are Seen—A harbinger of spring has been seen in Marquette the last few days, this in the presence of a number of crows. The birds have been seen in various parts of the city. The crows go south late in the fall and return early in the spring.

Travelogue Postponed—Because of the St. Patrick's Day program at the Baraga auditorium this evening the travelogue on Ireland, to be given by Mrs. Rushmore, of the Normal faculty, at the Peter White public library has been postponed a week, until next Tuesday evening.

M. B. A. Dance—On the evening of April 15, the Marquette lodge of the Modern Woodmen of America will give a dancing party in Bureau's Hall. A committee to make the arrangements was appointed at a recent meeting. Behan's orchestra will furnish the music.

Plans Here Soon—The plans for the Roman Catholic diocesan orphanage to be erected here will be received from the architects Thursday. Notices inviting bids from contractors are being sent out. These will be opened and considered April 15, and it is planned to let the contract so that work on the building can be commenced before May 1.

Many Heard Dr. Shaw—A full house greeted Rev. D. Shaw, of the Soo, at the Presbyterian church last evening in the first of the union revival meetings. Ten persons who heard Dr. Shaw later declared their intention to lead a Christian life. All the pastors of the churches concerned were much pleased with the outlook for a successful campaign.

Screening House About Completed—The progress at the coal dock being built for James Pickands & Co. has been rapid the last several weeks. The large screening house is about finished. The conveyor, which will carry the coal from the unloading derricks to the screening house, is in place and a large part of the machinery has been installed in the building.

Has Prize Baby—Mr. and Mrs. Joe Rogers, of Lansing, are the parents of a prize baby. In a contest conducted by the Woman's Home Companion at Lansing, in which 500 babies were entered, there little one was one of three tied for first place. The judges figured that the three leading babies scored 955. Joe Rogers is a son of Rev. J. Rogers, of Ishpeming.

Feature at Grand Theater—Today the Grand is offering a realistic "crook" drama, "Officer John Donovan," a two-reel Vitagraph play. Among the players in the cast are Leo Delaney, Van Dyke Brooke, Kate Price and Norma Talmadge. The other pictures of today's program are "Little Ned," an Essanay drama, featuring Francis X. Bushman, and "Her Wayward Son," a Lubin drama. There will be two matinees with three performances in the evening.

Runaway Causes Scare—A team of horses owned by the Lake Superior Ice company was the cause of some excitement on North Third street yesterday morning at about 10 o'clock. The horses

were hitched to an ice wagon and they ran their mad race for several blocks. In front of the residence of E. R. Touch the wagon struck a pole carrying telephone wires, which was broken off at the ground by the impact. Electric light and telephone wires became entangled, and both services were impaired until the damage was repaired. Neither of the horses was injured.

Family Reunion—Last Sunday a reunion of the family of Mrs. Jane Mitchell occurred at 615 Spruce street. There were present Albert Mitchell, of Los Angeles, Cal., Arthur Mitchell, of Duluth, Will Mitchell, of Milwaukee, Mrs. I. Powell, Mrs. George Sherman and Edward Mitchell, of Marquette. Sunday was the first time the family had been together in ten years. Mrs. Mitchell has been seriously ill over two months, but is now somewhat improved. She is eighty years of age.

Plans to Open Store—A. C. Richards, wife and family have arrived in the city from Fond du Lac, Wis., and have again taken up their residence at 534 Bluff street. Mr. Richards was the proprietor of the Marquette Decorating company, whose establishment he closed and left the city last August. He lived here for a period of three years. Mr. Richards intends to reopen a store here as soon as he can obtain a suitable location. He has already taken a contract to paint the cars of the street railway company.

GALLUP LEASES THEATER.

Manager of Grand Will Have New House in Doncker Building.

H. S. Gallup, who a month ago purchased the Grand theater from J. C. Woodworth, has closed a lease with Fred Donckers for the new picture house that will occupy the building he will erect on Washington street, adjoining his block on the west. Excavating for the structure has been started and building operations will be pushed to early completion. The theater will probably be ready for occupancy early in June.

The entire front portion of the building, two stories, will be given over to the theater, and in addition to the seating on the first floor the house will be provided with a balcony that will seat about seventy-five persons. The seating capacity of the house, which will be 25x90 feet, will be about 400. The theater will be equipped with comfortable chairs and will be attractively decorated. It will be planned as an exclusive picture house and there will be no stage. The structure will be fireproof and will be one of the most attractive picture houses in the upper peninsula. J. M. Pyens is the architect. Mr. Gallup will pursue the same policy that has made the Grand such a popular house, and will present attractive films, with an occasional feature.

After this week Mr. Gallup will devote his time entirely to the Grand. He has many friends and is popular in the city, and pleasure will be felt that he has obtained a lease on the new house.

"GO-TO-CHURCH" SUNDAY.

Marquette Clergymen Express Pleasure at Success of the Movement.

"The attendance and interest at all the services Sunday, as a result of the 'Go-to-Church' campaign more than met our expectations and more than repaid all efforts expended. As an example last Sunday is invaluable. As an impulse it should be potent for years to come. Get the habit."

"E. M. MARTINSON,"

"First Baptist Church."

"I am very much pleased at the outcome. My highest expectations were fulfilled. In our church the people were not organized for a personal canvass and the pastor could not find time to make a single call in the interest of the movement. We depended entirely upon the press publicity for results. Regardless of this, and notwithstanding the fact that there is sickness in many Methodist homes throughout the city, the congregation filled all available space and overflowed into the vestibule of the church."

"WALTER H. SMITH,"

"I am glad to say that I consider the 'Go-to-Church' campaign in our city an unqualified success. Anticipating an unusual attendance, provision was made for as many people as could possibly be admitted into the church. Even so, there were numbers turned away at both morning and evening services. I am informed that it was the largest crowd ever gathered inside the Presbyterian church. There were no unusual features in the program presented, and it is hoped that the casual attendants may consider every Sunday's services as worth while as yesterday's."

"Yours truly,"

"PLATTE T. AMSTUTZ,"

SPECIAL NOTICE.
Just received a handsome line of Spring and Summer woollens for suits and overcoats, made to your special measure by the wellknown firm of Hirsch, Wickerwire company. Try us once and be convinced. L. GETZ, Clothing Department. (3-4-14)

NOTICE.

Notice is hereby given that members of Marquette union, 817, Brotherhood of Painters, will not hang paper other than that bought at Marquette stores or from members handling wallpaper sample books. On and after May 1, 1914, the union wage scale will be increased from 40 cents to 45 cents an hour, nine hours to constitute a day's work.

LEARN TO USE GENUINE GAS COKE AND SAVE MONEY.

It takes nearly two ton of high-grade Pennsylvania coal to make one ton of coke. That is why you get fifty bushels of coke to twenty-seven bushels of coal in a ton. All the dust, dirt, soot, tar, gas, sulphur, smoke, etc., have been removed at the gas plant. Genuine Gas Coke is the pure carbon which remains. Coke will not give good results unless properly handled. It requires less draft than coal and the furnace should always be kept full of coke whether you want a hot fire or not.

To hold fire over night shut flue damper and all bottom drafts and open charging door. (2-18-14.)

ST. PATRICK'S DAY TO BE OBSERVED BY A. O. H.

Rev. John Dumphy, of St. Paul, Will Speak at Ishpeming Banquet This Evening.

Today, March 17, is the anniversary of Ireland's patron saint, and it will be fittingly observed by the Ishpeming division of the Ancient Order of Hibernians.

The Hibernians will assemble at St. John's hall at 8:30 o'clock this morning and will march to church in a body.

At the banquet in the evening Rev. John Dumphy, of St. Paul, will be the principal speaker, and will take as his subject, "Are the Irish Unfit for Self-Government?"

Address: "Are the Irish Unfit for Self-Government?"—Rev. John Dumphy. Overture—Orchestra.

CAUGHT IN MISSOULA, MONT. Mikko Majalla, Charged With Grand Larceny, Will Be Brought Here.

After having evaded the efforts of the officers to locate him for more than two years, Mikko Majalla, formerly of this city, was arrested Sunday in Missoula, Mont., on the charge of grand larceny.

Y.M.C.A. ENTERTAINMENT WEDNESDAY EVENING

Basketball Game, Drills and Other Features Are Included in the Program.

For the purpose of aiding the Athletic club of the Ishpeming High school to meet the payment for the use of the Y. M. C. A. gymnasium, an entertainment will be given tomorrow evening in the gymnasium.

The basketball game will doubtless be the feature. There is keen rivalry between the high school team and the "Y" five for the championship of the city.

Plans for the minstrel performance to be given by the Y. M. C. A. at the Ishpeming theater in April are progressing. A meeting of the soloists and end men will be held tonight at 8 o'clock for practice.

NOT AFFECTED BY RULING. Underwriters Notify Byrns' Insurance Agency, of This City, to That Effect.

That they are not affected by the recent ruling of Commissioner John T. Winslip relative to non-resident agents, non-resident-brokers and underwriters' agencies is the statement of several of the underwriters' companies represented by the Byrns' Insurance agency of this city.

Lower State Notes. PONTIAC—Charles Otz created a sensation when he toured the saloons with \$500 in one dollar bills, claiming he possessed \$10,000.

TRAVERSE CITY—Stanley Gerloski, foreman of the boiling department of the Oval Wood Dish company, slipped and fell into a tank of boiling water, scalding himself in a serious manner from the waist down.

CADILLAC—The funeral of the sixteen-months-old child of William Cook, of Haring, was nearly broken up when the home of Robert Brown, half a mile distant, was seen burning.

FLINT—James W. Perkins, the eighteen-year-old boy who attempted to commit suicide because he was disappointed in a love affair, is hovering between life and death.

LAPEER—A municipal printing plant is in prospect here if the aldermen who are disgruntled with the prices asked by the two Lapeer newspapers for publishing the council proceedings are able to gain sufficient support to put the measure through.

KALAMAZOO—More than 600 western Michigan farmers, who attended the annual rural life and progress conference at the Western Normal, were advised by H. W. Focht, of Washington, that the best way to keep their boys and girls on the farm was to build up the rural schools.

BATTLE CREEK—City Attorney Howard W. Cavanaugh, against whom the charge was recently made that he suppressed a report from the supreme court, practically saying that he was holding office illegally, has assumed a confident attitude and refuses to attend a meeting of the city commission, to tell whether or not he received the report which the clerk of the supreme court says was mailed him.

SAGINAW—The fight for the Saginaw east side postoffice appointment on April 15, which is between Frederick L. Eaton and Charles E. Lown, shifted to Washington when National Committeeman E. O. Wood and Lown arrived there, Wood had Eaton's petitions and filed them, Prosecutor Devereaux has sent Postmaster General Burleson a protest against Lown, claiming he was disloyal to the party.

that the charter compelled them to publish the proceedings. Hence the agitation for the municipal press.

SAGINAW—The fight for the Saginaw east side postoffice appointment on April 15, which is between Frederick L. Eaton and Charles E. Lown, shifted to Washington when National Committeeman E. O. Wood and Lown arrived there, Wood had Eaton's petitions and filed them, Prosecutor Devereaux has sent Postmaster General Burleson a protest against Lown, claiming he was disloyal to the party.

LANSING—Many Michigan stock breeders are antagonistic to the tuberculosis test, fearing that it would mean the infection of the animals in their respective herds. This sentiment has been encountered frequently by members of the sanitary livestock commission in various parts of the state.

GAS SUFFOCATION RESULTS IN DEATH

Mrs. Paul Sign, of Michigamme, Was Unconscious for Period of Four Weeks.

Unconscious for a period of more than four weeks as a result of having been overcome by coal gas, Mrs. Paul Sign, of Michigamme, one of the pioneer residents of that village, died Sunday at her home there. She was sixty-eight years of age, and she went to Michigamme twenty years ago. The funeral will be held this morning at 10 o'clock from the Catholic church, and interment will take place in Lakeview cemetery.

Five weeks ago Mrs. Sign and her granddaughter, Miss Edith Tredeau, of Michigamme, fourteen years of age, were completely overcome by gas that escaped from a coal stove, and for a time it was not believed that either would recover. The girl regained consciousness in a few days, however, and her condition is now normal. For a week Mrs. Sign was unconscious, and then was conscious for a short time. Her condition gradually became worse, and she was unconscious for a month before she died.

Had it not been for her advanced age it is believed that Mrs. Sign would have recovered, as in the case of her granddaughter, who was subjected to the poisonous gas for the same length of time.

Mrs. Sign is survived by her husband, who lives in Michigamme; one daughter, Mrs. Michael Tredeau, and one son, Adolph Remeau, also of that village. She was well known in Michigamme, and was known to some Ishpeming persons.

FUNERAL OF THOMAS COUGHLIN.

Thomas, Jr., and Frank Coughlin, of Virginia, Minn., were here to attend the funeral of Thomas Coughlin, which was held yesterday morning at 9 o'clock from St. John's church. The six sons of Mr. Coughlin, four of whom live in Ishpeming, were the pall bearers. Thomas Coughlin left last evening for his home in Virginia, and Frank, also of that city, will leave Tuesday. The visit of the former is the second that he has made here in twenty years, Mr. Coughlin having come here for a short time three years ago. Miss Nora Coughlin, a daughter, of St. Paul, will return to her home the latter part of the week. A large number of out-of-town people were here for the funeral, among whom were Mrs. William Realy, of Munising, and Mr. and Mrs. John Fisher, of Escanaba.

ISHPEMING IN BRIEF.

Miss Eva Deaire is visiting relatives and friends in Escanaba for a few days.

B. H. Olmsted, of Gwinn, spent Saturday and Sunday in the city, visiting with friends.

Mrs. C. M. Leonard and daughter, Seville, of Gwinn, spent the week-end in the city, the guests of relatives.

David Gagnon, of this city, has received word of the death of his brother, Mathias Gagnon, in Lawrence, Mass. The end came Saturday.

The infant son of William Sleeman, North Second street, died yesterday morning. The child was one week old. The funeral will be held tomorrow.

The funeral of the late Thomas Coughlin was held yesterday morning at 9 o'clock from St. John's church, with interment in the Ishpeming cemetery.

Ed P. Schilling, the Detroit architect who drew the plans for St. John's parochial school in this city, was in Ishpeming over the week-end and consulted with the members of the Ishpeming Advancement association relative to the plans for remodeling the Nelson House.

Miss Ingeborg Braastad, daughter of F. Braastad, sustained a fracture of a bone in the lower part of her leg yesterday afternoon, when she fell on a slippery walk on High street.

This evening at the Ishpeming High school the girls' domestic science class of the eighth grade will entertain the high school faculty at a luncheon. It is to be a St. Patrick's Day affair.

Gus Wallin yesterday signed a complaint against Eugene Rock, of this city, charging him with assault and battery. The case is set for trial this morning at 9 o'clock before Judge J. D. West.

William Sellwood leaves today for his home in Salt Lake City, Utah, after a visit with his sister, Mrs. Sam Rodgers. He was recently called to Duluth by the death of the late Captain Joseph Sellwood.

Simon Olson, who recently arrived in the city from Arizona and Mexico, where he had been for the last month in company with George Denn, has accepted a position with F. Braastad & Co., where he was employed formerly.

John Hooper, of South Main street, left last evening for Chisholm, Minn., where he will visit with his sons, Will and Thomas. He was accompanied by his niece, Miss Marion Jewell, of Neenah, who will also visit in Chisholm.

Upper Peninsula

Norway Man an Inventor.

John Lojgren, of Norway, seems to have an inventive brain. He has already procured several patents and is making application for improvements on some of the originals. His latest invention is a little article for household use, combining six or seven different tools. Among these are a hammer, a tack drawer, two screwdrivers, a can opener and a bottle opener. It is also handy for opening boxes.

TO Build Six Miles of Road.

The Iron county road commissioners have authorized the construction of six additional miles of highway this year. Five will be on the Beechwood and one on the Anasua road. The construction of the five miles on the Beechwood route will bring iron within six miles of the Gogebic line. The report was that three miles would be asked for, but when Engineer Burridge suggested five all the commissioners agreed. Calls for bids will be made at once and the grading will be done during the summer.

Membership Campaign Successful.

One thousand and seventy persons were enrolled as members of the Delta County Fair association as a result of the contest waged by the "Pumpkins" and "Spuds" for ten days. The two cliques met at the Hotel Edgington at an informal supper, paid for by the losers, and the count was made. It was disclosed that the Pumpkins were the winners. The money, \$1,070, was turned over to the treasurer of the society. Of the new members the Pumpkins recruited 599, while the Spuds procured 471. Honors for individual work went to Arthur Peterson, who annexed 104 men to the enrollment. He was a member of the Pumpkins. C. E. Snyder, for the Spuds, obtained 100 members.

Log Crushes a Boy to Death.

Thrown from a log which he was playing in company with several other children, Maurice Sandstrom, seven years old, son of John Sandstrom, Gladstone, was crushed to death. Knowing of a pile of logs on the side track leading to the Whybrow coal shed, the children thought it an ideal place to play. For some time they were engaged in chasing each other over the pile. One huge log rested on the side of the embankment and at the edge of an embankment and, poised on this, the Sandstrom child laughingly called to the others to follow. No sooner had he called than the log started to roll down the bank. With a cry of fright he was thrown ahead of the log and in its path, the log passing entirely over the child's body. Only a murmured groan escaped the lips.

Iron River's Election Results.

Arthur W. Quirt was elected president of the village of Iron River over Michael Kelly at the municipal election by the narrow margin of eleven votes. President Kelly asked for a recount of the ballots, but, says the Iron River Reporter, he did not do so in writing nor within the time specified by law according to the ruling of Village Attorney Emb. Mr. Kelly said he did not ask for a recount in the hopes of changing the announced vote, but for the purpose of getting legal light on what constitutes a mutilated ballot, what invalidates a ballot and what is a "distinguishing mark." These points were all raised by the election board when the ballots were counted and upon the legal advice of Prosecuting Attorney A. J. Watten thirty-two or thirty-three ballots were thrown out. According to members of the board there were eighteen votes for Kelly and five votes for Quirt which contained two lines drawn through a name. Prosecuting Attorney Watten said two lines made a "distinguishing mark" and therefore invalidated the ballots. Had it not been for this point and the ruling which caused the ballots to be thrown out Kelly would have been re-elected. With the exception of the People's ticket won out. Timothy Malton on the Citizens' ticket was elected treasurer over Zygmunt Zyskowsky. The following were the votes received by other candidates: For clerk, Frank Smart 289, Frank Cossette 154; assessor, Arthur Ames 263, Peter Helgemo 165; trustees, Edward Bies 242, Leon Johnson 223, Merwyn Hayes 227, John McHale 164, David M. Youngs 210, James Long 180. There were 514 votes cast at the election, the largest number ever polled in the village. Of this number 159 were straight votes for the People's ticket, 87 for the Citizens' ticket and 28 for the Socialist party.

PLAIN TRUTH THAT'S WORTH MONEY.

Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. P. Monahan, Menomonie, Wis., says "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. For sale by all druggists.

"DON'T WAIT! HURRY! HURRY! HURRY! IS THE WORD!"

COME HERE TODAY AT NINE A. M.

ISHPEMING CLOAK & SUIT CO.

Quickly selling out. Every morning when the store opens you'll find greater Bargains than the day before. Many of the best items are still here, "overlooked in our cabinets." We find a lot of fine Fur Coats, Neck Pieces and Muffs; also a lot of real snappy Suits and Coats. Had we noticed them last week we could have easily gotten \$12.95 for these rich \$25 and \$30 Coats. Mr. Gruenheck from Fond du Lac came here this morning and says mark them all \$5.00, and so it is in the rush we overlooked many good things and all that can be said now is:

"SELL AND REPEAT"

Sell at any price, but sell and get through at the earliest possible moment. BARGAINS! BARGAINS! BARGAINS! Such Bargains will never happen again. If you were not here yesterday, then surely come today. Your owe it to yourself to save all the money you can.

Here is a list of new mark-downs, all the way through. Garments that were marked down from \$25 are now \$5, etc. Study every item and don't wait and later regret that you missed your opportunity. Look through this list and see how many items that you can use to advantage. We have a chance to sell out the whole lot but prefer to let you have the benefit of the savings.

THAT'S THE STUFF THAT MAKES YOU FEEL LIKE A TWO YEAR OLD

RIGHT YOU ARE MISTER FARMER, ITS THE REAL TOBACCO CHEW

THE FARMER AND THE GOOD JUDGE

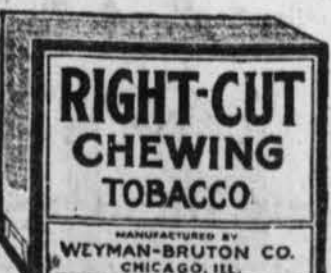

ONE 10-cent pouch of "Right-Cut," the Real Tobacco Chew, lasts longer than twice the money will buy in the old kind.

It's a new blend and a new cut. Old, mellow, sappy leaf--cut short and fine so you get all the substance of it without chewing. Sweetened and seasoned just enough for you to enjoy the pure, rich tobacco flavor.

The Real Tobacco Chew 10 Cents a Pouch

ASK your dealer today. If he doesn't sell "Right-Cut," send us 10 cents in stamps. We'll send you a pouch.

We guarantee it to be pure chewing tobacco and better than the old kind.

WEYMAN-BRUTON COMPANY 59 Union Square, New York

Gwinn Department

WILL SOON BE READY.

A portable steel booth, part of the clubhouse moving picture theater equipment, has arrived and will be installed at once. The machine and chairs are expected before the end of the week. Indirect lighting has been provided in the theater and the stage is finished. Three reels of pictures will be run at each show and an admission of five and ten cents will be charged. The first few shows will be given free for club members. The club orchestra will furnish the music.

GWINN BRIEFS.

J. R. Quick, of Dorrice, is visiting with Captain Bone and family.

Miss Mollie Gleason, of Ishpeming, is visiting with Gwinn relatives.

Mr. and Mrs. Wilfred Tonsignault are rejoicing over the birth of a son.

Miss Fay Willis is spending a few days as the guest of friends at Marquette.

Mrs. John Ellis has returned from a week's visit with relatives in Marquette.

Miss Catherine Wright spent the weekend in Marquette, visiting with her folks.

Oscar Nyquist spent Saturday and Sunday in Marquette, visiting with relatives.

Peter Koski left last evening for Chicago, where he will spend a week on business.

Miss Gertrude Montrie, domestic science instructor at the Gwinn High school, has returned from a few days' visit at her home in Ishpeming.

Mrs. D. R. MacIntyre, son, Dougal, and daughter, Ann, have returned from a two months' visit with her parents, General and Mrs. Charles King, at Milwaukee.

Frank Fagerberg was tendered a birthday surprise by about twenty-five of his friends at his home at the Gwinn mine location Saturday evening.

Dr. B. H. Olmstead, who for the past two years has been assistant to Dr. D. R. MacIntyre at the Gwinn hospital, left Saturday afternoon for Calumet, where he will take a position on the staff of the Calumet & Hecla hospital. Wednesday evening an enjoyable party was given in Dr. Olmstead's honor at Quayle's hall. A stag party was given for him Friday evening.

Hub Robare, who, with Mr. and Mrs. Hanning Blomquist, will leave in a few weeks for the Mesaba range, was given a farewell surprise Saturday evening in Quayle's hall. About thirty-five were present. Dancing was enjoyed and a lunch was served. Chester Kinder, on behalf of Mr. Robare's friends, presented him with a gold watch fob. Mrs. Peter Robare and daughter, who have been visiting with Mr. and Mrs. Blomquist for the past two weeks, will accompany them to Minnesota.

The members of the Gwinn club basketball team will leave Thursday morning for Calumet, where they will meet the Calumet Y. M. C. A. five in the evening. Friday evening the team will play the Calumet Engineers and Satur-

day the Michigan College of Mines, Charles Isaacson will act as manager on the trip and the following players will be taken: Martin Sather, Hub Robare and Oscar Olson, guards; John Sather, Ednar Lindberg and A. U. Hammar, forwards; William Dabb, center.

Rev. Nickolson, pastor of the Methodist Episcopal church at Rockland, was operated on Wednesday at the Gwinn hospital for appendicitis. He is doing nicely and expects to be able to return to his home in a few weeks. Mrs. Nickolson and Alvin Garlue accompanied him to Gwinn.

Upper Peninsula

Dairies Inspected by Women.

The dairies of Escanaba were visited last week by a committee from the Women's club, who made a tour of inspection in company with Dr. W. J. Firkus, city veterinarian. In every dairy the women went over it in a thorough manner. What their findings have been will be made public in a report which will be turned in to the president later.

Interesting Liquor Case.

County Treasurer Reynolds was at Iron River last week as a witness in a liquor violation case on trial in Judge Scott's court, says the Crystal Falls Drill. The case is interesting from the fact that it opens up some law questions that the supreme court will probably be called upon to settle. A "brewery agent" was arrested in Iron River for selling liquor to individuals. The law provides that such agents shall sell only to retail liquor dealers. Rans Hammond of Iron Mountain is attorney for the defendant and he maintains the agent is selling for the brewery, and that the license paid by the brewery (said license allowing the brewery to sell at retail) also allows persons selling for it throughout the state to sell at retail; in short, Mr. Hammond claims that it is the brewery and not the agent that is making the sale. The case was continued, but it is practically certain the matter will be taken up higher and a decision obtained on the law points at issue.

Family Suffers from Loathsome Disease.

Conditions shocking to a degree were discovered by County Truant Officer Adam J. Henry at the home of J. La Belle, three and a half miles north of Perkins, reports the Escanaba Press. Five members of the family of ten are suffering from a loathsome disease and not any member has ever been treated by a physician. The father, the oldest daughter, the third oldest daughter, a son and the babe are infected and their condition is serious. The ends of the fingers of the oldest daughter, eighteen years of age, have dropped off while others have terrible sores that have penetrated the ears, hands and other parts of their bodies. Truant Officer Henry was acquainted with the conditions existing in the family by the teacher in the school district. Mr.

Henry went to the place accompanied by the health officer of the township. After making an inspection Mr. Henry ordered the township official to procure the services of a physician at once to visit the house and take such action as was thought necessary. The truant officer learned that the disease had existed in the family for a number of years, but because of straightened financial conditions they had never been able to consult a physician.

County May Hire Farm Expert.

Delegations representing the Gogebic County Grange and the commercial clubs of Ironwood, Bessemer and Wakefield appeared before the board of supervisors last week and offered arguments, and presented petitions asking the "county fathers" to engage a farm expert to assist in the development of the agricultural resources of the Gogebic region. A strong plea was made by John V. Brennan of Ironwood, his argument being a reflection of the sentiment held by the Ironwood Commercial club. Robert A. Heidemann of Ironwood also spoke in favor of the plan, and told of the benefits derived from the introduction of the farm expert system into Oneida county, Wisconsin, where conditions are similar to those in Gogebic county. Petitions presented by members of the granges and by farmers and business men were presented. After some discussion of the matter by the supervisors, the proposition was referred to a joint committee composed of the county board's committees on finance and judiciary, with instructions to procure data relative to the probable expense of maintaining the department and submit a report at an adjourned meeting to be held on April 3. Steps were taken by the board to protect the county's mineral right interest in sundry descriptions of land in Ironwood and Wakefield townships and to procure the removal of the same from the assessment rolls. The board also adopted a resolution instructing the county treasurer to "make a monthly report to the board of all persons receiving aid from the so-called widow's pension fund.

Banks to Finance Dairy Farms.

The three banks of the Iron River district have agreed to finance the dairy industry in Iron county. Agreement was reached when representatives of the banks, businessmen, R. G. Hoopgangner, the county agricultural expert, and others interested in dairying met to discuss the venture. The money is now available. The details of the method of buying and selling cows to farmers on the installment plan and handling the bank funds will be worked out and conducted through a co-operative association composed of a wide range of stockholders. Subscriptions are in \$10 shares and may be had at any of the three banks—the Commercial of Stambaugh and the First National and Miners' State of Iron River. All the cows purchased will be high grade or registered stock. The cows will be sold to farmers on easy installments and in such a manner that a cow may be allowed to really pay for herself. Farmers may have all the cows they are able properly to feed and care for, and the only requirement is that they must adopt modern methods of dairying and bring their dairies up to the highest standard of efficiency. Applications for cows may be made through any of the banks. County Agriculturalist Hoopgangner or J. W. Byers, president of the Iron County Farmers Institute,

and they will be investigated and arrangements made for delivery at the earliest possible date. In addition to the purchase of dairy cows the association will buy several carloads of beef cattle, which will be pastured during the summer and butchered for the home markets in the fall and winter. Enough pasture that has hitherto come to waste is available for 200 or 300 head of beef cattle.

ROCKEFELLER PAYS GOVERNMENT MEN

Agricultural Department Agents Under Obligation to Oil King—McLaughlin Protests.

Washington, March 16.—That the department of agriculture carries on its rolls 600 men who are paid by the government the magnificent salary of \$1 a year was the rather astounding revelation made by Congressman James McLaughlin of Michigan during the consideration of the agricultural appropriation bill. The remainder of the salaries of these men who pretend to represent the government in all the work they do is paid by the general education board which receives its money from John D. Rockefeller.

While not making the direct claim that this money is tainted Mr. McLaughlin strenuously opposed this arrangement and offered an amendment to provide that the government should pay the full salary of these employees. Mr. McLaughlin's amendment provided that "hereafter no part of this or any other appropriation shall be used in paying salaries or expenses of officers, agents, collaborators or other employees who are paid in part by contributions of money from any source outside the state where they do their work." His amendment would also provide that the secretary of agriculture should not employ any person unless his expenses were paid only by the United States or partly by the government and partly by the state of an association within the state where he does his work.

Under Rockefeller Control?

The men who are paid under this arrangement are sent out to do what is known as farm demonstration work in the various states. Mr. McLaughlin's amendment would increase the government appropriation for this work from \$400,000 to \$518,000 in order that the government might pay the full amount of the salaries and have full control over the men.

"There is a well-founded suspicion that the donor of this money and the secretary of the board, who directs its contribution, are seeking to employ their own men or men of their own kind who will go about the country bearing the stamp of the department of agriculture and ostensibly working for the department while they are really employed by Mr. Rockefeller and are disseminating ideas and doctrines favorable to him and to his methods of business," was the way Mr. McLaughlin explained it.

Should Be Independent.

"The people of the United States ought not to carry on the government by co-operation with any man or set of men and this congress ought not to be

deceived by an offer of large sums of money from a private source when the money has a string attached to it in such a way as to arouse suspicion of the motives of the person who offers it. Under this arrangement the secretary of the general education board assumes to dictate or asks the privilege of selecting the men who the department to clothe them with the dignity and authority of agents of the government."

Mr. McLaughlin said he did not know just the manner in which these 600 men were paid nor just how the bookkeeping of the department was done. He did know, however, that the money coming from Mr. Rockefeller was paid into the funds of the agricultural department and then paid out to its employees. Mr. McLaughlin's amendment did not pass. It is said that later during the session Mr. Lever, the Democratic chairman of the agricultural committee, will introduce a bill to make a change in this practice.

PURE FABRIC BILL IS BEING OPPOSED

Lindquist, Father of the Measure, Says Corporations Are Hit—People Favor It.

Washington, March 16.—Who is behind the curtain? Who is hiding there and directing the light now being made in the open against Congressman Lindquist's universally desired pure fabric bill? is the question in the minds of his congressional colleagues when quietly discussing among themselves the merits of the bill framed by the Michigan statesman, with the idea of insuring that the materials of shoes and products that enter into use as wearing apparel shall be all genuine fabrics and shall be all that their sellers pretend. Congressman Lindquist says:

"In the Feb. 23 issue of Greater New York, a publication edited by the Merchants' Association, is a whole column devoted to my pure fabric bill and headed in large headlines, 'Vote to Oppose Lindquist's Bill.' The Association will seek the defeat of Fabric Adulteration Measures." They state that they will take steps to present the attitude of the association to congress.

Source of the Opposition.

"I have made an investigation as to who this association is composed of, which is so bitterly opposed to my bill, namely:

"The president of the Rogers, Peet Clothing company, the president of the Brooklyn Bridge Cold Storage company, the treasurer of the Pantosote Leather company, the president of a large China and Japan trading company, the vice president of the R. & G. Corset company, and the president of the American Locomotive company.

"These persons represent only large corporations, and, inasmuch as this bill is framed for the purpose of protecting the consumer against permitting the big corporations from adulterating their merchandise under false pretenses, it is quite evident to me that if my bill became a law it would protect the public against paying a genuine price for adulterated goods."

"The very fact that these big cor-

All Clogged Up? Here's Quick Relief

A Simple Remedy to Correct Constipation Before It Becomes Chronic.

MR. H. W. FENSTERMAKER.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salts, mineral waters, pills and similar things. They have temporary relief in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of Mr. H. W. Fenstermaker, Siegfried, Pa. He says he has had wonderful results from the use of Dr. Caldwell's Syrup Pepsin, that, in fact, he has never found a remedy so good, and he is glad

MAKING SLOW PROGRESS

New Orleans, March 16.—Dr. A. J. McKelway, Southern secretary of the National Child Labor committee, in an address at the National Child Labor Conference here tonight deplored the slow progress being made in the movement.

"For ten years," Dr. McKelway said, "the National Child Labor committee has been discussing child labor and we are still far from the standard set by the vision of our generation, while on the side of law enforcement we have just begun to make progress. It is too much the habit of our American thinking people to regard the passing of a law as the remedy for every abuse."

"North Carolina has for ten years had a nominal twelve-year age limit for working children, but until Jan. 1 of this year no attempt was made to enforce the law. Indeed, it is such a safe thing to violate this law that insurance companies, believing there is no extra risk involved insure corporations employing children against damage suits for accidents to children regardless of the child labor laws."

"Obedience to law is a mark of civilization; the violation of law is a characteristic of the barbarian, and where law is concerned with the protection of childhood against wrong its violation sinks below barbarian into savagery. Yet it is a shameful fact that our Southern states appropriate more for the care of cotton, cattle, hogs and sheep than they do for children."

Winter's Chills Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

"Every Picture Tells a Story"

Spring is Breaking; Backs are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs:--lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

MARQUETTE PEOPLE TESTIFY

Genesee Street

Mrs. John Holland, 118 Genesee street, Marquette, says: "One of my family used to be troubled by backache most of the time. He had sharp, shooting pains in his back when he tried to straighten after stooping and sharp twinges often caught him in the sides. He was annoyed by dizzy spells and too frequent passages of the kidney secretions. He tried several remedies but without much relief until he took Doan's Kidney Pills. When he found that they were helping him he used several boxes and since he has not been troubled at all."

Arch Street

Peter Dotsch, 216 E. Arch St., Marquette, says: "My kidneys were weak and the kidney secretions were filled with sediment. The action of the kidneys was irregular and passed with pain. My back ached and whenever I lifted anything or stooped over it caused sharp pains. I had headaches and usually felt all tired out in the morning. As soon as I used Doan's Kidney Pills they made me feel better, and continued use made me well. I publicly endorsed Doan's Kidney Pills after they helped me so much, and I am only too glad to confirm that statement now. Recently I used a box of Doan's Kidney Pills for kidney weakness caused by a cold and they did just as much for me as they did when I first took them."

W. Crescent Street

Mrs. Hattie Parker, 175 W. Crescent St., Marquette, says: "For several years I had headaches and pains in the small of my back. My kidneys were inactive and I lost so much strength that I could not get around to do my housework. I was treated by doctors but got little relief until I began using Doan's Kidney Pills. Two or three boxes made me feel better in every way. I publicly recommended Doan's Kidney Pills several years ago and I am willing to confirm all I then said about them. They are certainly a kidney medicine. Since I gave my first testimonial I have taken Doan's Kidney Pills for colds in my kidneys and they have always done me just as much good as they did at first."

E. Hewitt Avenue

Dan Reynolds, 524 East Hewitt avenue, Marquette, says: "I could hardly straighten after stooping on account of pains in my back. I was also bothered a great deal of headaches and dizzy spells. Doan's Kidney Pills gave me relief from all these troubles, and since then I haven't been bothered to amount to anything. I am just as pleased to publicly recommend Doan's Kidney Pills today as I was when I gave a testimonial some years ago."

Rock Street

Mrs. S. Desotell, 206 Rock street, Marquette, says: "You may continue to use the endorsement I gave Doan's Kidney Pills some years ago. Nothing has occurred to change my opinion of them. It is only five years since I learned of Doan's Kidney Pills and found them so good in relieving backache and pains in my loins. Since then I have always recommended them, and I will continue to do so."

E. Hewitt Avenue

Mrs. Dan Reynolds, 524 E. Hewitt Ave., Marquette, says: "For a long time my back ached constantly. When I tried to straighten after stooping sharp pains caught me in my sides. When I got up in the morning I always felt tired and I ached all over. I had severe headaches and dizzy spells and I was extremely nervous. The action of my kidneys was irregular. Whenever I caught cold it settled on my kidneys, making me feel worse. Someone advised me to try Doan's Kidney Pills. I took them after I had used several other remedies without benefit. A couple of boxes greatly relieved me, and I have had very little trouble since."

DOAN'S KIDNEY PILLS

Sold at all druggist and general stores, 50c a box, or mailed on receipt of price by FOSTER-MILBURN CO., Buffalo, N. Y.

First National Bank, Negaunee, Mich.

CAPITAL AND SURPLUS \$200,000.00.

SYSTEM IN MONEY MATTERS

This is encouraged by a savings account in the First National Bank, because when you make regular deposits you find that you plan your expenditures and keep better track of them.

Maintaining a savings account not only encourages thrift, but it is good training for larger success and usually leads on to financial independence.

Mining News

THE PORPHYRIES.

D. C. Jackling, returning to Salt Lake from the Ray Consolidated and Chino Copper properties, says that both mines are in excellent physical condition. At the Ray an average production of 8,000 tons is being made daily, from which an output of about 6,000,000 pounds of copper monthly is being produced. It will probably be a year or more before this output is increased. Later on it is expected that a larger and higher grade tonnage will be placed in sight; then the output will be raised to probably as much as 10,000 tons daily. Each of the eight sections of the concentrator are being operated regularly, the returns in the leads being about 1.9 per cent copper. Chino is producing about the same amount of copper as Ray, and both properties are, like Utah Copper, finished propositions. The construction has been completed and the ores developed are well ahead of extraction. In about two weeks Colonel Jackling will go to the Alaska Gold properties to make an inspection.

OSCEOLA.

Production cut practically in halves, costs jacked up almost three cents per pound, notwithstanding an improvement in the copper content of the rock treated, were Osceola's unwilling tribute to the Western Federation strike during the 1913 year. Earnings were naturally a shining mark for this combination of adverse circumstances, declining from \$1,163,000, or \$12.50 per share in 1912, to \$381,967, or \$4 per share, in 1913. Lower price for copper was, of course, a factor, but the toll in "deferred earnings" is heavy, nevertheless, with the major effects of the strike now a matter of history, Osceola stockholders may take satisfaction in the better grade of rock coming from the North and South Keams branches, the former in particular, where the copper content was 14.52 pounds per ton last year against 12.81 in 1912. The Osceola branch, however, largely nullified the improvement, with a drop from 12.8 pounds in 1912 to 9.97 in 1913. The cost of production of 20.75 cents turned this department into a losing proposition, although in 1912, even with the higher-priced copper, only \$26,000 was contributed by the Osceola side. This again brings up the question of how Osceola will fare when the South Keams is exhausted—in 1911 it was estimated to have a productive career remaining of but six years. At least one-third of the profitable rock may now be assumed to have been taken out of South Keams, so that in the not distant future the North Keams must be the mainstay of the property. Fortunately, however, this branch has a considerable life before it—over forty years—and its improved rock last year is encouraging. It is to be borne in mind, however, that at the time of the Calumet & Hecla consolidation the Keams lode in the Osceola branch was estimated to contain 229,000,000 pounds of copper extractable at a cost of 11 1/2 cents per pound. There are no indications, however, that productive activities here are a nearby probability. Financially, Osceola remains strong, notwithstanding its payment of dividends of \$339,000 in excess of earnings last year. Its surplus of \$1,549,000 on Dec. 31 last, or \$16 per share, should be ample for all needs.

OLD DOMINION.

The reduction in the Old Dominion dividend is not surprising in view of the uncertain tone of the copper market, although with the metal at 14 1/2 cents Old Dominion with its enlarged production can earn about \$5 per share, the rate which has been prevailing for some time past and which is now cut to \$4. This assumes an output of 36,000,000 pounds per annum and a cost of 9 1/2 cents per pound. Although Old Dominion's February output of 3,066,000 pounds was a high record, officials believe that the improvement in underground conditions of late will make it possible to maintain such a production. A factor which also had to be considered in declaring the dividend was that although the company in 1913 earned by a small margin the \$5 per share paid in dividend, the cash resources were considerably reduced by the \$5,500,000 spent for construction and the acquisition of new property. The greater part of Old Dominion's construction has been completed, and probably \$150,000 will cover the requirements this year, so that last year's reduction in quick assets should promptly be made up, provided there is no further recession in the price of copper.

NOTES OF MINING NEWS.

The unwatering of the South Lake shaft has been completed and sinking will be resumed at once. The calling of an assessment of \$1 on Mass Mining will bring the paid-up capital of that company up to \$24 a share, par value \$25. Stockholders can be called upon to pay only \$1 more in assessments. Advice from the Victoria are that the twenty-fourth level, the lowest in the mine, has been advanced fifty-five feet all right. The tenth level is wider and much better, while the fifteenth level is improving. The advance in New Arcadian copper shares is due to the continuance of a good showing of copper in drifting on the vein recently encountered in driving a crosscut on the 750-foot level. The vein is about fifteen feet wide, and the showing is "rich"—at least for a Lake Superior copper mine. The company is not abundantly supplied with cash, but the assessment of fifty cents per share, paid July 1 last on the 150,000 shares, is expected to carry the development work along for some months. Then another assessment will be called. The recent weakness in Mayflower is due to the fear that the stock will shortly be a candidate for assessment honors. The company has about \$11,000 in cash on hand, which at the present rate of expenditure of, say, \$3,000 a month ought to last almost until mid-year. An assessment, therefore, is not

an immediate possibility. Old Colony has about \$8,000 on hand and is spending about the same amount per month as Mayflower, so that its finances will have to be rehabilitated by a contribution of \$1 per share to stockholders within the next two or three months.

Shattuck-Arizona Copper will pay a quarterly dividend of fifty cents April 29 to stockholders of record March 31. The directors at their December meeting declared dividends a year ahead, payable in quarterly installments of fifty cents each.

MICHIGAN CASES OF LEPROSY.

United States Surgeon General Calls Attention to Bay City Cases.

Washington, March 16.—Michigan had two cases of leprosy during the year 1913 according to the annual report of the surgeon general of the United States public health service which has just been made public. The report says that two states, Massachusetts and Louisiana, have established institutions for the segregation and care of lepers. Some states like Michigan attempt to control their movements by confining them to their own premises. Other states ignore them entirely. There are comparatively few cases of this disease in this country but the report says if the number is to be kept small and the burden of an increasing number of lepers is not to be placed on future generations segregation is necessary.

Both cases of leprosy in Michigan were in Bay City. Both were Russians. The first, Herman Henschel, had lived in Bay City for nineteen years and before that in Cape Colony. His father and brother died of this disease. The patient is now quarantined in his home in Bay City.

The second victim, Samuel Izen, worked about Bay City as a trunk dealer for three years. He was first quarantined at his home. Later he was quarantined by the city health department. He escaped and was caught in Buffalo, and detained there. He escaped a second time and his present whereabouts is unknown.

HOW SHOULD A PERSON PRONOUNCE "LOS ANGELES"?

Los Angeles, March 16.—Pronouncing "Los Angeles" has become a momentous question at Polytechnic High school since the order of the board of education that the pupils of the schools of this city should pronounce the name according to Castilian Spanish.

In "The Poly Optimist," the official journal of the school, the pronunciation of this city's name is given several ways. The journal accuses Superintendent Francis of pronouncing it "Loss Angeles." Miss Helen D. Geis, Spanish teacher of the school, is quoted as saying that it should be pronounced "Loee An-hee-less." That was the original name. But Mrs. Gertrude Parsons, head of the musical department, says the most musical name is "Loee Ang-hel-lus." However, Miss Kate E. Smith, vice principal of the school, declares that the name should be "Loee Ang-loss," as that of the "L" in first.

The editor of the journal, Frank Taylor, has started a postoffice box to get the opinions of the 2,000 Polytechnic students on the best and easiest way to pronounce the name. In expressing the attitude of the students regarding the pronunciation of this city's name the Optimist says: "Help! Help!"

The New York Edison company has perfected an apparatus for eliminating the smoke and cinder nuisance at its great Waterside station. The smoke from the boiler plant, laden with soot and cinders, is driven at high speed through a sheet of water, by means of which practically all of the material which constitutes a nuisance is deposited in a big water tank. The recent test showed an average efficiency of extraction of 95 per cent.

Miners' Consumption

often follows a hard cold or cough because the lungs are weakened from inhaling tiny particles of dust, and because they work without fresh air or sunshine.

SCOTT'S EMULSION is the strengthening food- tonic that every miner needs—its nourishing powers makes the blood rich and active; it peculiarly strengthens the lungs, makes healthy flesh and strong muscles.

SCOTT'S EMULSION is the most strengthening food- tonic known and is free from alcohol or narcotics. Miners who take SCOTT'S EMULSION avoid sickness and disease, but must insist on SCOTT'S.

Negaunee Department

LEHTO RETURNS TO WRESTLING GAME

Popular Finnish Champion Now Seeking Matches With Fast Men in Duluth.

Carl Lehto, the American-Finnish wrestling champion who is well known in Negaunee, having wrestled here on numerous occasions, but who has been out of the wrestling game for the past year, is being urged strongly by the Finns of Duluth to take on some good matches. He has been working out for some time and shortly expects to be in as good condition as ever. Lehto will make his first appearance in a preliminary at the wrestling game for the past year at the Zenith City Athletic club at the Lyceum theater there.

In a letter to a friend here Lehto said: "I believe I will be better than ever before and I am going on in the role of a preliminary wrestler merely to show the public that I am in excellent condition and willing to meet them as they come. Waino Ketonen, the Finnish middle-weight champion, is in Duluth now and I want to arrange a match with him. I think that I can win back my honors in the light-heavyweight class, and you can be assured that I am going after them strong."

Lehto at the time of his retirement was conceded to be the best light-heavyweight wrestler in the United States and he met and defeated some of the best mat stars in the country. He has had matches with Zybzo, Hockenschmidt, Dr. Roller, Kid Cutler, Westergard and several other well known grapplers. In most of his matches with the big fellows he put up game lights and Zybzo, the Pole, who is considered the champion since Gotsch's retirement, had his hands full with him. It took the Pole over an hour to throw Lehto.

LOCAL LACONICS.

Don Smith went to Escanaba yesterday, on business.

Joseph E. Snow went to Gwinn yesterday on business.

L. J. Patek, of Ironwood, called on friends in the city yesterday.

Will Davey has returned from a few days' visit with relatives in Calumet.

L. E. Niles, of Gladstone, is spending a few days in the city, on business.

Carl and Oscar Franzer, of Escanaba, are in the city visiting with friends.

The employees of the Chicago & North-western railway were paid yesterday.

George Goodman, of Little Lake, was a business call in the city yesterday.

Charles Mink left yesterday morning for a business trip to Milwaukee and Chicago.

James Brew, of Iron River, is spending a few days visiting with friends in the city.

Mr. and Mrs. Roy Mayea have returned from a visit with relatives at Marquette.

Mrs. William Heikkila, who visited here last week, has returned to her home in Houghton.

Ernest Hawke spent yesterday at Humboldt, on business for the Breitung Mining company.

Miss Mayme Thilaut has gone to St. Louis, Mo., where she will spend some time visiting with friends.

Fred Haines, who spent the past two years in Milwaukee, returned to his home in Escanaba last evening.

Dr. B. J. Miller arrived home yesterday morning from a week's business trip to Milwaukee and Chicago. He will be at his office today.

Miss Eva Anderson, of Snow street, has gone to Marquette to take a position as trimmer in the millinery establishment of Mrs. Adams.

Miss Aurelia LaBelle, who has visited during the last few days with Miss Philippa Yelland, returned to her home in Escanaba last evening.

The annual meeting of the city council will be held this evening. The reports of the city recorder and city treasurer will be presented.

Thomas Gribble, Napoleon Markowy and C. L. Spoley arrived home yesterday from the latter's camp at Little Lake, where they spent the weekend.

Fred Thomas, who has been confined to his home for the past two weeks with rheumatism, is able to be around again. He expects to be able to resume work next week.

Munzio Manzolli paid a fine and costs yesterday morning in Judge William Verlan's court for carrying concealed weapons. John Lucrelli was fined for disorderly conduct.

Mrs. John Forstrom and two grand-children, who spent the past three weeks in the city visiting with Mrs. Frank Anderson, returned to their homes in Calumet yesterday.

Morris Lindquist will leave in a few days for Chicago, where he will take a position as freight checker in the Chicago & Northwestern Railway company's Grand Avenue station.

Negaunee members of the Ispsing council of the Knights of Columbus are requested to attend a meeting that will be held next Sunday afternoon at 3 o'clock in St. John's hall.

"The Big Horn Massacre," a two reel Kalem drama, will be the feature at the Star theater tonight at a Vitagraph comedy, "The Gold Game and the Bonnet," and a Lubin drama, "A Christmas Story," will be included in tonight's program. Manager Butler has booked another feature for next Thursday in "The Third Degree," a two reel picture.

It is said to have had a phenomenal run in the city picture houses. The admission for Thursday's feature will be ten and twenty cents.

MUCH MISERY.

With pain and misery by day, sleep-disturbing bladder weakness at night, tired, nervous run-down men and women everywhere are glad to know that Foley Kidney Pills restore health and strength, and the regular action of kidneys and bladder. For sale by all druggists.

LAITINEN STILL AT LARGE.

Man Who Forged \$75 Check Has Not Yet Been Arrested.

Willie Laitinen, who decamped from Maple Ridge last Friday, after he had forged a check for \$75, has not yet been arrested by the Negaunee police yesterday. Ferdinand Hirvonen, one of Laitinen's chums and who accompanied him when he left Maple Ridge, was arrested by Marshal Newcombe yesterday, but he did not give the authorities any clue as to Laitinen's whereabouts. Sheriff Tim Curran, of Delta county, who here yesterday afternoon from Escanaba, and took Hirvonen and Kalle Yllinen to Escanaba, where they will be lodged in jail until the officers can locate Laitinen.

Laitinen, who has been in the country less than two years, is said to be untrustworthy and has been in trouble continuously ever since he came from Finland. At Ishpeming over a year ago he killed a neighbor's cow and sold the meat. It is said that he is also wanted in Massachusetts.

Marshal Newcombe is of the opinion that Laitinen is in hiding either here or at Ishpeming.

PROGRAM TONIGHT.

The members of the Girls' Drama club of the Negaunee High School will give an interesting St. Patrick's Day program at the high school auditorium at 7:30 this evening.

The program will be the following: Piano solo, "Come Back to Erin"..... Elaine Ethier.

Life of St. Patrick..... Catherine McDonald.

Irish poem, "Finnegan and Flannigan"..... Ella Dowd.

Irish story..... Katherine Sterling.

Poem, "Shall Emmett's Epitaph Be Written"..... Pauline Cushing.

Piano solo, "When I Dream of Old Erin"..... Hazel Haupt.

WILL PLAY BENEFIT GAME.

A basketball game for the benefit of the Gwinn club team, which will make a tour of the copper country this week to play games with the Calumet Y. M. C. A., the Engineers and the Mining College team at Houghton, will be played tomorrow night at the Gwinn clubhouse between the Gwinn High school and the High school alumni teams. An admission of ten cents will be charged.

After the basketball, a volley ball game will be played between the Stephen and Smith mine teams, both of which are in the running for the Gwinn district championship.

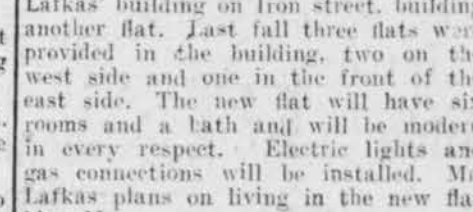

For the basketball game the teams will line-up as follows:

Alumni—Harold Eagerberg, center; John Sather and Elmar Lindberg, forwards; Roy Goodman and Carl Oien, guards.

High School—Harry Johnson, center; Ralph Koski and Victor Laundre, forwards; Clyde Trudgen and Richard Herwas, guards.

BUILDING NEW FLAT.

Andrew Lindquist, the contractor, has a crew of men employed at John D. Lafkas' building on Iron street, building another flat. Last fall three flats were completed in the building, two on the west side and one in the front of the east side. The new flat will have six rooms and a bath and will be modern in every respect. Electric lights and gas connections will be installed. Mr. Lafkas plans on living in the new flat himself.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish once-fourth as often, yet your stove will be brighter, cleaner and better looking than it has been since you first bought it. Use Black Silk Stove Polish.

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Use it on your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will be satisfied with the cleanest of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, enamel and brass bright and clean from rusting by using BLACK SILK AIR-DRYING ENAMEL. Wash with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, brass or tin. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

Black Silk Stove Polish Works STERILIZING, ILLINOIS

Use Black Silk Stove Polish on your parlor stove, kitchen stove or gas stove. Use it on your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will be satisfied with the cleanest of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

Dogs Kill Two Pet Deer.

Dogs that invaded the fair grounds killed two of the deer that have been the pride of the people of Iron River. The deer were chased by dogs early in the morning. That afternoon the big buck and a fawn born last spring were found so badly hit that they died. The lone doe that is left seems to feel the loss and shows her grief in many ways. She goes to the gate when anyone is near and exhibits no signs of the timidity towards human beings that exists when the family were together. The loss of the deer has started a campaign against unlicensed and vicious dogs. Farmers who have sheep have joined in the efforts to have such dogs exterminated and efforts will be made this summer to induce a rigid enforcement of the law.

Boys' Conference Plans.

Plans for the boys' conference at Escanaba the last two days of this week have been made and there is little left for the different committees to do except to work out minor details. On Friday night a supper will be given at Peterson's Hall. This will be served by the women of the St. Stephen's Episcopal church. The officials of the organization will be served with a dinner by the women of the Baptist church Saturday noon and on Saturday night suppers will be held in the Methodist, Presbyterian and Swedish Lutheran churches, different divisions of the members of the conference attending the different suppers. Saturday night the boys will go to Peterson's Opera House, where there will be speaking and a moving picture entertainment. Several films appropriate for the meeting have been procured and they will be shown at intervals during the evening. It is estimated that fully three hundred boys will arrive in Escanaba to attend the big meeting and everyone in the city is showing a disposition to help make their stay pleasant.

Postoffice Appointment Popular.

News of the appointment of M. Hoban as postmaster of St. Ignace to succeed Frederick Krueger was received here with no surprise. Mr. Hoban's nomination had been conceded for the last year; in fact, since he made the announcement of his candidacy shortly after the fall election of 1912. The appointment is decidedly popular. Mr. Hoban is a Mackinac county product and all his life has been spent within its confines. He was born on Mackinac Island, removing to St. Ignace and entering the employ of the Martel-Puraine company in February, 1881. In 1881 he was elected register of deeds and served one term. In the meantime the death of County Clerk John Biddle left a vacancy in that office and Mr. Hoban was appointed to the place by Judge Jos. H. Steere in March, 1886. He was elected by the people as clerk at the November election in 1888 and was continued in office for ten years. In the spring of 1901 Mr. Hoban was elected supervisor of the Second ward of his city, a position he has continued to occupy since that time. He served as chairman of the board during the years 1907-8-9-10 and 13 and is the present chairman.

Accused Under the Mann Law.

The United States attorney at Milwaukee has decided not to release Frank Sciotto to the Dickinson county authorities just at present, as was the expectation. The United States grand jury will convene in Milwaukee on April 14 and the federal attorney will endeavor to obtain his indictment under the Mann law. In case an indictment is not procured, Sciotto will be delivered to the Michigan authorities and returned to Iron Mountain for prosecution. Recent developments in the case resulted in this last decision. Sheriff Dykes was successful in procuring extradition papers from Governor Ferris and the approval of Governor Ferris only to be confronted with the refusal of the United States officials to deliver the man. Sciotto is still in jail at Milwaukee. It is charged that Sciotto, who is a middle-aged man, induced Mary De Fio, a fourteen-year-old school girl at Iron Mountain, to leave home with him. Upon reaching Milwaukee, the couple

DR. R. C. MAIN IS GIVEN AN OFFICE

Was Appointed Last Night by Unanimous Action of Commission to Take Charge of Marquette's "Full Time" Health Service—Begins Work at Once.

Had Recommendation of Marquette Physicians Appointed to Help Organize the Department and His Training Has Qualified Him for Important City Post.

Mayor Begole last evening appointed—and the commissioners confirmed his selection—Dr. R. C. Main, a resident of the city the past several weeks, to be the city's "full time" health officer, at a salary of \$2,000 a year. Dr. Main will at once enter on the discharge of his duties, which will embrace oversight of the sanitation of the city, certain duties with regard to the sanitation of the dairies, medical inspection of the schools and medical service in connection with charity cases that come to the attention of the city officials of the Visiting Nurse association.

Dr. Main had the endorsement of the committee of physicians recently appointed by the commission for the purpose of aiding in an inquiry into the "full time" health service plan, and his appointment is generally acceptable to the medical fraternity of the city. By all accounts, he is well qualified for the work. He has specialized in bacteriological study and has had extensive hospital experience, as well as experience in general practice.

Commenting on the appointment of Dr. Main last night, Mayor Begole addressed the commission and those present at the session as follows:

The Mayor's Remarks.
"In connection with the appointment of Dr. Main as full time health officer, city physician and dairy inspector, I wish to say a few words to the commission, as well as to the citizens of Marquette."

"In making the changes that we have and combining the health department with that of dairy inspection, dairy commission following out a well defined plan tending to unify these two departments with the view of saving money and furnishing better service."

"In taking this action the commission wishes to be distinctly understood as offering no adverse criticism whatever of the services rendered the city by Dr. Flynn and Dr. Deadman during the past year. Taking into consideration the system under which they worked we have been obtaining good results. I believe I am safe in making the statement that the health of the people of Marquette today is and for the past year has been as good, and perhaps better, than in any one year in the last decade."

"No man in Marquette values or appreciates more than I do the excellent work done by Dr. Deadman. It has been largely an educational and constructive nature. It has worked, at times, under serious handicaps, but by persistent efforts and the use of his well known courtesy and tact he has succeeded in convincing the dairymen that it is not only right that the people of Marquette should have good and pure milk, but that it is money in their pockets to furnish it."

Demand for Good Dairies.
"In the past we have been too prone to think that because our producers and forefathers did a thing in a certain way, that that way must be the best way; but we have gradually come to the realization of the fact that their way is not the best way, that it is often not even a good way. This has resulted in a demand all over the country for cleaner milk, healthier cows, pure food and absolutely pure water. This progressive attitude will have for its ultimate conclusion better health, longer life and consequently increased happiness."

"If we wish to know the effect, if we are obedient men, we will not only look into the faces of our school children and there see a riper, healthier and bigger boned race; growing up in Marquette."

"I bespeak for Dr. Main, and feel confident he will have it, the co-operation of all the physicians in Marquette in his new duties as 'full time' health officer."

Had Physicians' Endorsement.
"On the subject of the appointment, the physicians' committee of which Dr. Cunningham was chairman, addressed the commission as follows:

"Your Physicians' committee, in the matter of health department reorganization plans, respectfully report as follows: We have received from Chicago, Detroit, and Ann Arbor various applications for the office of full time health officer; also we have the application of Dr. Main of Marquette. We have received a number of very good letters of endorsement from prominent Chicago physicians of Dr. Main's qualifications for the office, and feel that on the strength of them, we can recommend him to you as a competent physician for the required work, and accordingly do so recommend his appointment."

Dr. Main's education was obtained in part at the University of Illinois, where he received a bachelor's degree from the College of Science afterwards teaching in the institution for a year and pursuing research work. In 1906 he received an honorary commission as captain in the national guard of the state in recognition of constructive work he did in the cadet regiment at the university, and in 1907 he received the M. A. degree at the Illinois institution. In 1907-10 Dr. Main attended the Harvard medical school and did work at the Massachusetts general hospital and at the Free Hospital for Women at Brookline, Mass. He took his doctor's degree at Rush Medical college, Chicago, in 1911 and began practice as house physician at the Children's Memorial hospital. From there he went to the Michael Reese hospital, Chicago, as interne for the two years recently ended. The men Dr. Main worked under in the course of his medical education gave him the highest endorsements.

"The appointment of Dr. Main as health officer and the decision that the Marquette health department is to be put on a 'full time' basis follows consideration of the matter over a period of several weeks, during which the 'full time' plan has been strongly urged by the physicians and by The Mining Journal. Mayor Begole was at first inclined to question its practicability, but his independent inquiry into the matter convinced him that the recommendations of the physicians were sound and that he has been one of the most enthusiastic advocates of the plan. He now believes its adoption will be the means of working out great benefits for the city. He expects to give the health officer his fullest co-operation and intends personally to give considerable attention to the details."

tion of the matter over a period of several weeks, during which the "full time" plan has been strongly urged by the physicians and by The Mining Journal. Mayor Begole was at first inclined to question its practicability, but his independent inquiry into the matter convinced him that the recommendations of the physicians were sound and that he has been one of the most enthusiastic advocates of the plan. He now believes its adoption will be the means of working out great benefits for the city. He expects to give the health officer his fullest co-operation and intends personally to give considerable attention to the details."

By adopting the "full time" health officer plan Marquette takes a place as the most enterprising small city of the state in the matter of modern steps to safeguard the public health, for Detroit is now said to be the only other city in Michigan that has a "full time" health officer.

Marquette physicians are greatly pleased at the outcome of their effort to give the city an adequate health service, and they predict that excellent things will come of it.

NEW CHIEF IS HEAD OF POLICE

E. E. McIntosh Appointed by Commission Last Evening to Replace John Manning, After Commissioner Werner Had Protested Against the Intended Change.

Said He Believed Old Official Was Entitled to Chance to Do Board's Work—Stand of Commissioner Sink Surprises—Moshier Was Considered by Mayor.

The meeting of the commission last evening gained its spice from the fact that the mayor and the commissioners pulled the police situation out of the fire where it has been lodged since they took office, and, after fixing the salary of the chief at \$1,200, replaced John Manning, the head of the force for the past eight years, by E. E. McIntosh. This action was taken after Commissioner Werner had formally protested against the intention of the commission, asserting that Marshal Manning was entitled, as far as he could see, to the same consideration shown other heads of departments by the commission, a chance to do its work. Considerable surprise was occasioned by the failure of Commissioner Sink to follow the lead of Mr. Werner, for he had asserted himself in favor of the retention of Mr. Manning and had said that he proposed to vote in open meeting against any proposal to replace him.

As the cards were played, Mr. McIntosh was made chief by the votes of Commissioners Sherman, Pearce and Sink, Mayor Begole not having been called on to vote on the question. The disposal of the marshalship last evening was something of a surprise, and the issue was not at all to the liking of Mr. Manning's friends, who had hoped that he would be retained. As far as they commented on the action of the board last night, they expressed Commissioner Werner's view that their feeling that Mr. Manning was entitled to more consideration was no reflection on Marshal McIntosh.

Mayor for a Change.
Though the vote of Commissioner Sink for a change in the department made it unnecessary for Mayor Begole to go on record in the matter, the propelling force that landed the old marshal outside the office and installed Marshal McIntosh in his place was the mayor's.

Since the new government took hold some six weeks ago the police situation has been given considerable of the mayor's thought. He offered the marshalship to E. D. Moshier, the deputy game warden, a man well qualified for the post, but then was unable to deliver on the contract, for Commissioners Sink and Werner were opposed to this appointment from the beginning, and finally it is said, Commissioner Sherman made clear that he would not ratify it.

The suggestion that Moshier should be made marshal caused the hair nearly to leave the heads of one or two figures of local politics who laid heavy siege to Mayor Begole and Commissioner Sherman on the proposition, and finally sewed the mayor up so that he could not put the contemplated appointment across. Martin Ford, a former police officer, was also an applicant for the post, but did not receive serious consideration. Mr. McIntosh submitted his application recently and the action last evening shows that a majority was finally lined up for him.

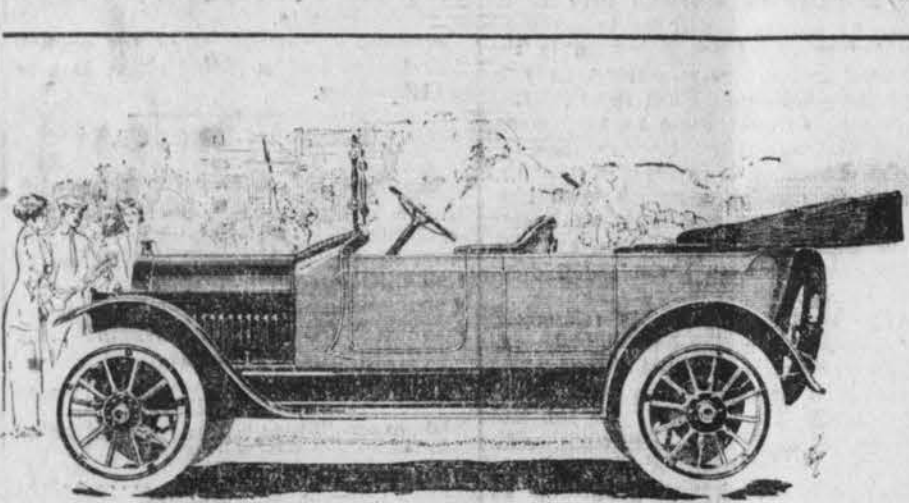

Mayor Begole was very desirous of preventing a split on the commission on the office, and this was largely the reason why he did not insist on sending in Mr. Moshier's name.

McIntosh Former Officer.
Marshal McIntosh formerly occupied the office to which he is now appointed, and is well acquainted with its duties and well qualified to give good service in the place. Whatever disappointment is felt at the action of the commission will not reflect any disapproval of his appointment, for he should make an excellent marshal, particularly in view of the fact that the policing of the city will in the future be much easier than it has been at any time in the past.

The change in the office of marshal was the cause of much comment last evening and will be a live topic of discussion today. It will be regretted in a large circle and its fairness will be questioned by practically all of Mr. Manning's friends, who take the position that Commissioner Werner assumed last evening that his work entitled him to be continued in office. They will question the good faith of the change.

This nameplate represents the utmost in motor car value. Jeffery cars are built not assembled There is a vast difference.

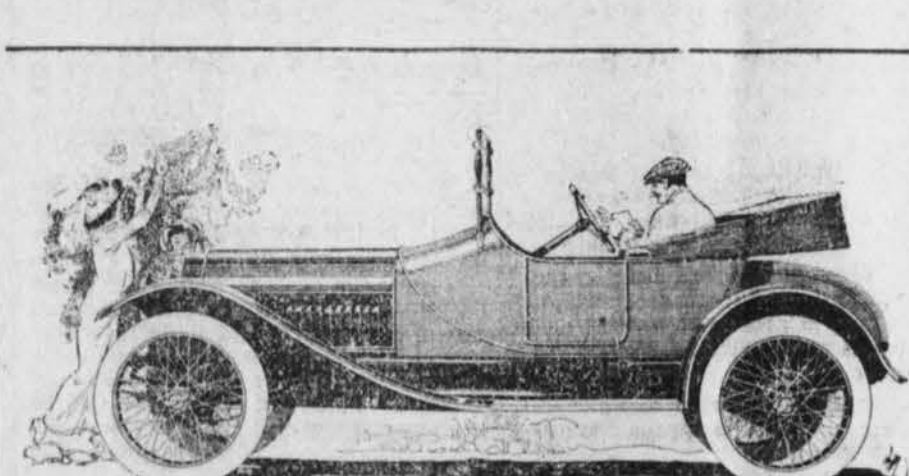

JEFFERY FOUR \$1,550

Call and see this car now on display. America's first High Grade, Powerful, Light, Moderate-Priced Car. The most economical and comfortable car built.

JEFFERY SIX \$2,250

Jeffery Cars—From nothing to 40 miles in 20 seconds. It will travel without vibration 25 miles per hour on low, 40 on second, 50 on direct and 55 on fourth. You can speed the car up 40 miles per hour, shut off the motor and coast half a mile.

JEFFERY ROADSTER Six cylinder \$2,250 Four cylinder \$1,550

Jeffery cars are equipped with the U. S. L. lighting and starting system. This is the most expensive starter on the market.

We will be pleased to give further details concerning these cars.
