

THE DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY The Mining Journal Company, Limited.

Issued daily except on Sundays. Contains Associated Press dispatches, and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per year, by mail, \$6.00 Per month, by carrier, .60

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

MONDAY, MARCH 23, 1914.

ENDORSES JAMES.

Ishpeming Iron Ore shares with The Mining Journal the view that while there are no lack of persons in the Twelfth district who do not like Senator James, because of his consistent record as a progressive, his advocacy of the nomination for president of Colonel Roosevelt last year and his subsequent advocacy of his election as a Progressive, he has a pretty clear run for the Republican nomination for congress.

"Senator James is well known to the people of this section, as he has been in politics for a number of years and has always been right up in the front ranks where the fighting was heaviest," says the Iron Ore. "He was particularly active in the last legislature and was instrumental in getting a number of important bills passed. He has always been a friend of the laboring man, but took a firm stand against the Western Federation of Miners in the copper country, knowing well that such an organization could bring nothing but harm to the miners of the region. He has never been known to ride the fence, but comes out like a man and takes a stand without asking advice from anyone.

"It is not likely that Senator James will have any great opposition for the Republican nomination, as he is well thought of in the several mining districts of this part of the state. There are some who do not look upon him with favor and might like to see someone else enter the race, but it is our opinion that these persons are far in the minority and will lend their support when the time comes."

TO ELECT A P. M.

Postmaster General Burleson has given notice that the department will not attempt to reach a decision in the bitter fight that has been waged over the appointment of postmaster at Keweenaw, O., and that the voters must choose the man of the opposing candidates who will handle their mail.

In these days, when the demand is being made by "short ballot" advocates that the voters shall be relieved of the responsibility of electing many officials they are now called on to choose, this decision of the postmaster general is a reactionary one. And it will be hailed with but scant approval.

The theory of calling on the laudable voters to settle patronage contests that may look too formidable to the congressmen, or to some other official who should choose between the aspirants, may be excellent. But in practice the plan does not work out very well.

It was tried once in Marquette. Four years ago Representative Young conceived the idea that a good way out of the necessity of making a troublesome decision between three candidates for the postoffice here was to throw the responsibility on the voters.

The result was a dreary fiasco that left the congressman worse off than he would have been if he had met the responsibility himself and that played a considerable part in causing him to lose his own county in 1912, and thus in embarrassing his defeat.

The interest the rank and file of voters take in these patronage fights can easily be overestimated. They care very little whether Tom, Dick or Harry gets the preferred seat at the pie counter, and their disposition is to resent a proposal that they shall take on themselves the burden of deciding a contest that precedent has led them to believe should be disposed of in some other way.

As long as patronage is a prize of politics let the men who have been dispensing it continue to meet their responsibilities. The voter, with the increasing demands that are being made upon him, already has far too many civic duties to attend to.

THE AMERICAN TOWN.

People are familiar with the tendency of population to leave the country and crowd the cities. They are less conversant with the fact that towns in recent years have been losing inhabitants even more rapidly than the open country.

The point was emphasized at a recent lumbermen's convention. It was shown that in nine states nearly 7,000 towns had lost population during the last census period, while the population of the whole country was increasing 21 per cent. Of the 777 county seats in these nine states, 217 lost in spite of the advantages these governmental centers have over their rivals in the gathering of people.

Strangely enough, as the figures show, the decline of towns was most marked in the richest sections of these nine states. "What is the matter with Kansas?" used to be the question. "What is the matter with Kentucky?" the Louisville Courier-Journal is now asking. What is the matter with the American town? one might add.

President Wilson says he would like to knock around a bit. He should reflect that his predecessor knocked around over forty-seven states, but it didn't get him anything.

A CALL TO OSBORN.

Discussing the question whether Chase S. Osborn may finally turn up as a candidate for governor this year, the Manifest Pioneer-Tribune remarks: "The Republican party needs a strong and influential leader and candidate for the governorship, such as Osborn is. The party could be triumphant next November with Osborn as its standard bearer, irrespective of whom the Democrats would place in the field. He is too important a factor in Michigan politics to hibernate indefinitely or to lie dormant. As much as he may be disinclined to get into the fray from a personal viewpoint, yet the fact remains that a vast majority of the rank and file believe in his political honesty, like the fearlessness and frankness that dominated his first term as governor, and admire the manner in which he filled the office. It is hoped that Mr. Osborn will forego the pleasure he finds in visiting every nook and cranny of this good old world of ours sufficiently to re-enter the political arena and assist the party that honored him in bringing order out of chaos."

STATE PRESS

Mexico's vital statistics show that so many have died of natural causes there since Porfirio Diaz went away.—Bay City Times.

An 11-year-old deaf mute runaway from the Flint school was finally caught by a constable. Here's one instance where gun shows weren't needed by an officer.—Lansing State Journal.

Dr. M. S. Rice says we have become the most profane nation on earth, living in Detroit where they make the automobiles. Dr. Rice means for some sort of personal responsibility.—Grand Rapids Press.

Of course the Texas rangers did not cross the border to get Vergara's body. Who ever heard of their doing anything as tame as that?—Adrian Times.

One way for E. O. Wood to accomplish something for his party would be to get his own gang of Democrats in Wayne county to get out for once and support the Democratic state ticket.—Detroit Times.

A LAUGH OR TWO

An Insult.

"You say you left Boston on the 16th?" queried the lawyer.

"And returned on the 28th?"

"Yes, sir."

"What were you doing in the interim?"

"I never was in a single place!" he replied, indignantly, with heightened color.

A Traveling Tommy.

A little girl whose father was a commercial traveler sat on the porch holding a kitten and, creeping up close, her mother heard this: "Kitty," said the young miss, "I know your mamma ain't know all your little brothers 'n' sisters, but I ain't ever seen your papa"—then after a brief pause—"I spee' he must be a traveling man."

Honesty on a Furlough.

A professing Christian sold a bad quality of hay to a certain colonel, who rebuked him, and the church member whined, "I am a soldier, too." "You!" ejaculated the colonel, in a tone of disgust. "What kind of a soldier are you?" "Yes,um, me," replied the said colonel, "it's all right. Mah wife don't need any watching. She'll wuk jes' as hard as if I was dah."—Lippincott Herald.

Everybody Works but Father.

Mrs. Capron saw old Uncle Timothy starting away on a fishing expedition, and knowing how hard his wife worked, thought it a good time to reproach him for his laziness.

"Timothy," she said, "do you think it's right to leave your wife at the wash tub while you pass your time fishing?" "Yes,um, me," replied the old colored man, "it's all right. Mah wife don't need any watching. She'll wuk jes' as hard as if I was dah."—Lippincott Herald.

The Mean Men.

"I suppose that when you women in the East are given the right to vote you'll be like the woman I heard of," "Colonel," said Mr. Henpeck, rather sarcastically.

"Why, what did she do?" inquired Mrs. Henpeck.

"Oh, she just stood in front of the polling place one afternoon sobbing: 'What do you think of those men? The polls don't close for two hours yet, and they won't let me change my vote!'" said Mr. Henpeck with a grin.

Deceived.

An accident had occurred. A staying had given away, and two carpenters working on it fell to the ground. One was seriously injured; the other, unhurt, immediately went to his assistance. The usual crowd quickly gathered.

One woman asked in a loud voice, "Where is the other man that was hurt?"

"Here he is, holding the injured man."

"Oh, yes! See how his cheek is puffed out!"

The uninjured man turned his head toward the excited woman and said, "Madam, for your information, that's a good chew of tobacco."—Judge.

Certain Donkeys Barred.

A successful agricultural show is carried on each year in a certain village in the south of Ireland. Among the many competitions for the encouragement of thrift and cleanliness is one for the best turned out donkey and cart. The prize for this was usually won by the local

TIMELY QUIPS

Goody!

Astronomical almanacs say that the big dipper is going to disappear. Very well. This is the age of the sanitary individual drinking cup.—Chicago News.

Let Go.

A learned professor has discovered that the earth is solid clear through. That will reassure a lot of people who have hesitated to get down their full weight.—Cleveland Plaindealer.

Get Right!

Explanation that the "e" in Goethals' name is the joker, put there to fool you, may remind you that the accepted way to pronounce the name of the canal builder is "Go-thols."—Pittsburgh Dispatch.

Much in a Name.

Governor Colquhoun's statement that a man foully murdered by Mexicans was an American citizen is doubtless true, but it would be more convincing if the victim's name had been Peter Smith, instead of Clemente Vergara.—Kansas City Journal.

Not So Fast.

Talking about revision of football rules at this time of year seems a good deal like trying to decide what one would like for breakfast before dinner is swallowed.—Cleveland Plaindealer.

Patriotism.

From Constantine the word is that an "almost fanatical patriotism" has been inspired by Turkey's purchase of a dreadnaught. There's nothing like battleships for creating a sort of patriotism.—Springfield Republican.

EDITORIAL OPINION

Wellesley's Young Women.

A woman's college consists not of its buildings, but of its young womanhood. That is why Mrs. Henry E. Durant, the widow of the founder of Wellesley college, had reason to rejoice as she beheld against the flames that consumed its great College Hall the splendidly ordered ranks of young women, brave and self-controlled, roused by their leaders and descending in safety without panic and with displays of heroism seldom shown by men in like emergencies. It was an hour of triumph, not of disaster.

The spirit that makes Wellesley will rear new buildings, better equipped and safeguarded than the fire-trap that lies in ruins.

Without the panic-stirring cry of "Fire!" but with the self-possessed order "Put on your wraps," Miss Moffat and Miss Donnell rescued the hundreds of sleeping students, teachers, and maids, after sounding the alarm. Then the fire brigade, headed by Miss Arthur, marshaled quietly through smoke-filled corridors and past the flaming entrance to the main exit. Four minutes had passed, and the roll-call disclosed eight missing. Back through the smoke the monitors rushed and brought the eight to safety.

They were disciplined, prepared, cool. The fathers, mothers, sisters, and brothers of these young women must feel that they vindicated the cause of a higher education.—New York Times.

Mine Safety.

According to the report for the year 1913 of Director Holmes of the bureau of mines, during the few years since the beginning of mine-safety investigations there has been a marked increase in the general interest taken by miners, mine owners and the general public in questions relating to mine safety, and a marked decrease in the number of fatalities and injuries, notwithstanding the increase in the number of men employed in the mines. The bureau has endeavored to organize and lead in the movement for mine safety, and in addition to its investigations has disseminated a large amount of information on accident prevention. In this work it has had the co-operation of state officials as well as miners and mine owners.

The activity of the bureau has resulted in increased efforts on the part of mine labor organizations and mining engineers to improve mine practice and better equip the mines with safety devices and rescue appliances. For instance, at present there are several thousand sets of, besides auxiliary equipment for fire-fighting, rescue stations have been provided at which groups of men have been instructed in the use of apparatus and in mine rescue work. This work is also conducted by private agencies and by the mine operators and the Red Cross; but the demands on the bureau for such

LOWER STATE NOTES

ALMA—Three suits in circuit court have been started against the Union Telephone company to prevent the collection of an advance fee of fifty cents a month from each subscriber. It has been the claim of the company that its finances are in such condition that it is necessary to make this collection.

LANSING—State officials are wondering how the specific tax levied against the United States Express company can be collected since that corporation has been dissolved. The express company owes the state \$8,636.94 for 1912 and \$5,839.63 for 1913. The Ann Arbor railroad has failed to pay its 1912 tax amounting to \$146,922.10.

FLINT—An order has been issued by Judge Wisner in the circuit court requiring the five aldermen who voted against the submission of the proposed new charter at the spring election to appear in court and show cause for their action. The five aldermen voted against the submission of the charter after petitions had been signed bearing the number required by law.

MONROE—Dr. Orrin J. Fay, fifty years old, for the last twenty-five years a practicing physician of the village of Carleton, arrested on complaint of Sheriff George Reimer on the charge of cruelty to horses, pleaded guilty in a justice court and was sentenced by Judge Bechtel to the Detroit House of Correction for sixty-five days. It is alleged Fay virtually starved his horse to death.

OWOSSO—A dividend of 5 per cent has been declared on claims against the defunct Fox & Mason Furniture company, of Corunna, amounting to \$90,000. There are additional contested claims, amounting to \$40,000 on which a hearing will be held in the referee's court at Bay City in May. If these are not allowed, Trustee L. A. Sandorhoff says, creditors will get at least 12 per cent on the dollar altogether.

ANN ARBOR—What is perhaps the most unique claim ever filed against the city was filed by Gouling & Wickel, druggists, who ask the city to reimburse them for \$27 worth of awning which the squirrels gnawed to pieces. The city protects the squirrels, which are a feature of Ann Arbor, running about the streets by the hundreds, and the druggists allege that because they were prohibited by the city from shooting the pests and thus saving their property the city can be held responsible for the damage.

ADRIAN—The block system averted a wreck on the Lake Shore & Michigan Southern when the drawbar of a freight pulled away on route from Cadmus to Adrian. The brakes on the rear end were broken, and the train was drawn into Adrian. In the meantime the rear cars remained on the main line. Fast mail train No. 32, due to arrive here at 7:51, was between Hillsdale and Cadmus at the time. It was then that the block signal worked, as the fast mail was not allowed to leave Cadmus until the freight reached the station. The mail is supposed to make any stops between Hillsdale and Adrian.

GRAND RAPIDS—The kind of potatoes best to grow to get the largest yield per acre in Michigan, consideration of improved marketing and types of fertilizer were taken up by the Michigan Potato Growers' association, C. W. Waid, field agent for the Michigan Agricultural college, declared that Michigan was now equal to any state in the raising of potatoes. Mr. Waid says indications are that considerable damage has been done to the peach crop in Michigan, and serious loss to the raspberry, York state crop by the severe winter, while a considerable proportion of the Ohio crop has been killed.

LANSING—Dr. A. F. Roberts, of Flint, medical officer of the M. N. G. during the recent strike at Calumet, may not receive compensation from the state, which he has made application for. The state industrial accident bureau has the attorney general for an opinion in the case and has been informed that such cases do not come under the workman's compensation law. If there is any redress for Dr. Roberts, it would have to be given under an old law, and the fact that he was not a member of the injured would seem even to prevent him recovering compensation from the state under the old law. Dr. Roberts received an injury while on duty, which afterwards resulted in blood poisoning.

Summing Up the Situation.

A special correspondent of the New York Sun makes this vital diagnosis of the current situation in Mexico: "For a year Huerta has maintained himself in the presidency in defiance of President Wilson's mandate; and at the end of that year—during which President Wilson has sought to discourage and weaken him—he finds himself stronger than ever, more favorably regarded by the nations of Europe, with a larger and better equipped and better disciplined army and—by comparison with atrocious Villa and Zapata and future Carranza—he has gained greatly in the estimation of his own country."

In spite of the financial embargo—which has been the worst industrial part of President Wilson's policy of non-recognition—Huerta has been able to obtain funds with which to run his government and increase his army. Although there may be no immediate prospect of his putting down the revolt, there is still less prospect of a rebel triumph.

It would still be notably proper for the government of the United States to "recognize" the government of President Huerta—as it should have been recognized a year ago—and thus put the moral force of American sympathy behind the only possible savior of the situation.

Perhaps history is to repeat itself. For twelve months the United States has refused recognition to Huerta. For fourteen months it withheld its recognition to Porfirio Diaz. We never regretted our "recognition" of Diaz when given; and the Herald continues to incline to the very positive opinion that we would be equally satisfied with belated recognition of the one man who can probably save us from the burdens of intervention.—Grand Rapids Herald.

CLASSIFIED WANT DIRECTORY

WANTED—An experienced man to take charge of highway construction work two or three teams. Contact near Keaton, Mich. Address, O. R. Conner, Keaton, Mich. 3-21-2w.

WANTED—Six well-dressed men; a good business proposition. Call for F. W. Banker, Clifton Hotel. 3-20-3d.

WANTED—First-class coat maker, sack coats \$9. J. L. Walton, Marquette, Mich. 3-17-1f.

WANTED—A girl for housework, 1025 North Front street. 3-13-1f.

WANTED—A good saleslady. Inquire A. L. Hueter. 3-6-1f.

FOR RENT.

FOR RENT—Five rooms and good basement, 215 W. Hewitt. 3-14-1f.

TO RENT—Very desirable corner store in the Cole block, corner Third and Bluff streets. Also four-room flat in same building. Marquette County Savings Bank or James T. Gellie. 3-4-1f.

FOR RENT—Seven-room house, corner of High and Crescent streets. Hot water heat, all modern conveniences. Apply to John Robertson. 3-6-1f.

FOR SALE.

FOR SALE—House and lot. Enquire 135 Rock street. 3-21-1w.

FOR SALE—House and lot, 225 W. Ridge street. Enquire the premises. 3-19-1f.

FOR SALE—Five-passenger Buick, used one season. In good condition. Now being overhauled. For information apply to E. Reynolds, 608 East Ridge street. 3-12-1f.

NOTICE.

Notice is hereby given that I, John D. Ross, as the legal owner of bounty land warrant No. 14355, for 300 acres, issued under Act of March 3, 1855, in the name of William Hall, and that said warrant having been lost, I have made application to the commissioner of pensions for a duplicate. JOHN D. ROSS.

NOTICE TO HEATING CONTRACTORS.

Sealed proposals for the heating of the administration building of the Northern State Normal school, at Marquette, Michigan, will be received by Hon. Fred L. Keeler, Secretary, State Board of Education, Lansing, Michigan, on or before Wednesday, March 25th, 1914.

Revised plans, specifications and instructions to bidders heretofore made by the State Board of Education, Lansing, Mich., and at the offices of the architects at Marquette, Mich., and at Milwaukee, Wis.

The right to reject any and all bids is reserved. CHARLOTTE & KUENZLI, Architects. (3-12-10)

NOTICE OF SPECIAL ASSESSMENT.

To Arthur H. Palmer, Arthur F. Baker, Henry J. Theriault, J. E. Lautner, J. M. Longyear, and to all other persons interested.

Take Notice, That the roll of the special assessment heretofore made by the acting assessor for the purpose of defraying that part of the cost which the commission decided should be paid and borne by special assessment for the construction of a twelve-inch sewer, with lampole and Ys, in Hermitage street, from the main-hole in Third street to the manhole in Prospect Avenue, is now on file in my office for public inspection.

Notice is also hereby given that the commission of assessors of the City of Marquette will meet at the City Hall in said city on Monday, the 6th day of April, A. D. 1914, at 7:30 o'clock P. M. for the said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated, Marquette, Mich., March 19th, 1914. DANIEL S. DONOVAN, City Clerk.

LANSING—Dr. A. F. Roberts, of Flint, medical officer of the M. N. G. during the recent strike at Calumet, may not receive compensation from the state, which he has made application for. The state industrial accident bureau has the attorney general for an opinion in the case and has been informed that such cases do not come under the workman's compensation law.

CLIO—Visitors to the Durian Stock Farm, owned by John Anderson, report that the herd of cows on the farm has been intoxicated during the winter months as a result of feeding on ensilage. It is said the cows are sluggish in their actions and that when they make an attempt to hurry, they stagger. The fact that Genesee county, in which the farm is located, is "dry" causes visitors to wonder if it is legitimate for the farmer to permit his cows to become "habitual drunkards" through the use of ensilage. It is not believed, however, that the condition of the cows is in any way injured by the use of the intoxicant, as the feed is not highly concentrated, and the animals at present would make excellent beef. According to reports, the ensilage creates in the cows an appetite for more of the food, and the cows only become intoxicated after they have devoured an extra large feeding.

EYESIGHT AND AUTOMOBILES.

Owing to the rapidly increasing numbers of automobiles, and for business as well as pleasure purposes, every state should require that all applicants for a license to drive a motor vehicle pass an eyesight test. All railroads and many electric car line companies require such a test. Yet, in the great majority of states the prospective driver of an automobile need only affirm in his application that he has no physical or mental infirmities. When one stops to consider that a railroad engineer drives over a steel track, guarded by signals and watchmen, and over a route with which he is thoroughly familiar, whereas the autoist drives over any road he chooses, not protected by lights and signals, and in some cases traveling almost as rapidly as a locomotive, it is plainly imperative that he possess as good eyesight as the man in the engine cab. If one eye is highly defective the field of vision is greatly impaired and the driver less able to maneuver his car in an emergency. Paris, Munich and other European cities have seen the necessity of such an examination of the eyes of all taxi-drivers and are strict in the enforcement of this protective measure. It is more than likely that defective vision is next in order of frequency to the overuse of alcoholic drinks as a cause of automobile accidents. We can, also, shield, protect, pedestrians and drivers of vehicles from injury to a much greater degree than we do. Each appli-

# Copper Country

## WESTERN FEDERATION KEEPS UP THE STRIKE

### Warfare Against Copper Country Mining Companies Enters Upon Ninth Month.

The strike of the Western Federation of Miners in the copper country entered upon its ninth month today. It is the copper country contention that the strike has ceased to exist as a tangible thing, but as long as the Western Federation continues to keep it officially in operation it will be an occasion for misgiving and it is recognized that it still has latent possibilities for harm.

For this reason any movement that appears in the direction of inducing the remaining strikers to call the thing off for good and all is welcomed, even though the movement be fruitless. There was some hope on Saturday in the announcement that Oscar J. Larson of Duluth, former prosecuting attorney of Houghton county, editor of the industrial Finnish daily Paivieitit, had come to the copper country to address a mass meeting of his compatriots for the purpose of advising the personal solicitation of strikers to return to work. There is no doubt of the potency of Mr. Larson's words with men of his nationality and it was distinctly a disappointment when he denied the rumor of his purpose in coming to the copper country.

Mr. Larson would make such a speech if he thought it would do any good and he undoubtedly considered it in company with a number of Finnish businessmen, they deciding the effort would be fruitless. It is understood now the businessmen are going to try a campaign of personal solicitation with their striking countrymen. As the Finns appear to be in the majority in the remaining strikers there is no doubt that the success of this movement would wipe out the last traces of the industrial struggle that has so sorely tried the copper country for the last eight months.

### The Strike in the Courts.

The strike will make its appearance in the circuit court again this morning when Judge O'Brien will hear the arguments on two motions bearing on strike prosecutions. One motion is to quash the indictments against Meyer and others. The other is for a change of venue in strike cases.

The hearing in the case of Anton Pechauer, charged by Anton Gregor of Ahmeek with making threats to kill, was completed Saturday in the court of Justice Melvin of Ahmeek, and Pechauer was bound over to the Keweenaw circuit court for trial at the same time. Pechauer threatened to kill him and his family because Gregor, who formerly was a member of the Western Federation, returned to work at the Ahmeek mine.

Pechauer also faces another charge, on which he has been bound over to circuit court. In this case he is accused by Mounted Policeman Kennedy of assault with intent to kill. It is claimed that Pechauer was one of the two or three strikers who are said to have knocked Kennedy from his horse during the last Ahmeek riots. Kennedy was taken to the hospital with rocks and bricks which the policeman was on the ground.

Nicholas Weyerker, formerly justice of the peace of Ahmeek and now in charge of the federation store at Ahmeek village, has also been bound over to the circuit court for trial at the same time. Weyerker is charged by Mounted Policeman Burns with threatening and is held in bonds in the amount of \$2,000. Prosecutor Hamilton desired to have this case dismissed when it came into justice court, but because a case brought by Weyerker against the same policeman and sent to the circuit court for trial the justice refused to dismiss the Weyerker case.

### Notes of the Strike.

Sergeant Gruesler has been placed in command of the Keweenaw mounted police, succeeding Sergeant J. O. Porter, who has returned to Detroit.

At the Mohawk mine more than five hundred men are now employed. The normal number of employees is about 650. New men are reporting for work at this mine almost daily.

Agents for the Western Federation have been circulating a report that 180 men have quit at the Ahmeek mine. Investigation proves this story to be absolutely without truth and also that many of the old employees, men who have been members of the Western Federation, are going back to work each week. This morning a large number of Ahmeek village men will return to work in the mine.

### MISSION AT ST. PATRICK'S.

Rev. Fathers Kelly and Eugene, Passionist missionaries, yesterday opened at St. Patrick's church in Hancock a preaching mission. It will continue for two weeks. The missionaries are known to the people of the district.

### YOUTH IN OLD AGE

Possible With Proper Care.

A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him and, thus at ninety he is in the fullness of maturity.

What if you have seen sixty, or even seventy birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If perchance, your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired blood-lacking organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic, Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. The Stafford Drug Co., Marquette; also the F. P. Tillson Drug Co., Ishpeming, and J. E. O'Donoghue, Negaunee.

P. S. Ezema Sufferers! We guarantee our new kidney remedy, Saxo.

## DEATH OF MRS. JAMES TAMBLYN.

### Young Winona Matron Was One of First Atlantic Graduates.

Mrs. James Tamblin of Winona died Friday afternoon at the Copper Range hospital in Trimountain, where she had lingered between life and death for several weeks. She was thirty-five years old and is survived by her husband and four children, among whom are twin girls one month old. Her mother, Mrs. Elizabeth Polglase, lives at Winona and a brother at Butte, Mont.

Mrs. Tamblin, formerly Bessie Polglase, lived in Atlantic previous to her marriage. She was a member of the graduating class of 1897, the first class of graduates from the Adams township High school, at that time in Atlantic. There were eight members in the class. The others were Michael Messner, Jr., Kate Bartlett, Frank Piper, Clemens Stienle, William Nanarrows and Alice and Thomas Burdue, all of whom are living with the exception of Thomas Burdue. Among the members of the class and the people of the community in general Bessie Polglase, always of a happy and amiable disposition, was a favorite.

The remains were taken to the home of Thomas Tamblin, in Atlantic. The funeral will be conducted from there with services in the Atlantic church, probably this afternoon.

## DEATH OF J. A. DANIELSON.

### Oldest C. & H. Employee—In the Copper Country Sixty-Two Years.

Death removed one of the earliest of the pioneers of the Lake Superior copper country when John A. Danielson, who lived in the copper region for more than sixty-two years, answered on Saturday the last call.

Mr. Danielson was ill but a few hours, suffering a violent attack of heart trouble Friday afternoon, following an experience with a spirited horse. He was eighty-two years of age and was active his entire life up to the day before his death. He had enjoyed the best of health.

Mr. Danielson was born in Canada in 1832, came to the copper country sixty-two years ago and for forty-six years was an employee of the Calumet & Hecla Mining company, being for the latter years of his active service general surface foreman.

## SEEKING RELATIVES HERE.

### Tacoma Authorities Wish to Learn Residence of Late William Brooks.

William Brooks, evidently formerly of Calumet, is dead at Tacoma, Wash., and his body is held there to await the pleasure of relatives who are supposed to be living in Calumet. C. C. Mellingor Co., funeral directors, of Tacoma, write as follows:

"William Brooks, who has been in Tacoma for some time, died suddenly at one of the hospitals on March 15. Two letters found in his room were written to him from nieces, Lucile and Sarah, living at Calumet, Mich. But the nieces did not write their surnames or give the home, fortunately, club of Calumet after the intervention, since both France and Spain were ready to take up the work and France had definitely decided to obtain a permanent hold on Great Britain left the field to Napoleon III.

The afternoon tango had become wearisome to the young society, and the dowagers of society were reluctant to take up the new dance, but the craze has now become general among the old ladies who do not intend to forego quickly the new lease which it has given them on youth. In the woe of the young diplomats, for the dowagers are giving countless afternoon dances to which they all are invited.

It would be fatal to the social careers of the young men to disregard them. The diplomats are the selected victims, not only because they are the natural dancing men, but because they have their afternoon free.

The dances have increased so that many of the diplomats attend one daily. One young diplomat complains that neither age nor weight can keep the enthusiastic dancers off the floor and he declares if he is, in tangoing with a dowager weighing 200 pounds and who in years has reached almost the allotted span, is not earning his salary he would like to know why not.

Bethnal Green, which the Liberals lost in the recent bye-election, is the thirtieth seat that the Unionists have gained from the Coalition since the general election of December, 1910. Of these seats three have been lost to the Laborites, so that the Liberals themselves are ten less than they were immediately after the general election. The membership of the house of commons after the general election and now is:

General Election.	Nov.	
Unionists	272	285
Liberals	273	292
Labor	42	89
Nationalists	76	76
Independent Nationalists	8	8

Three of the seats lost by the Liberals, Reading, Midlothian and Bethnal Green, were lost because of the presence of a third candidate, and the Unionist mem-

## DOUGLASS HOUGHTON MONUMENT.

### Fortnightly Club and Historical Society Name Committees.

President John T. Reeder of the Keweenaw Historical society announced Saturday night that the society and the Fortnightly club of Calumet had appointed committees to take charge of the Douglass Houghton monument enterprise. The committees follow:

Historical society—John A. Duelle, F. W. Nichols, Dr. A. F. Fischer, Reeder, T. J. Turner.

Fortnightly club—Rev. J. A. TenBroek, W. J. Galbraith, Dr. John McRae, Rev. L. K. Long, L. W. Killmar.

The joint committee named Mr. Reeder as chairman and E. S. Grierson of Calumet as secretary.

The committee will provide the funds for the proposed monument and now makes a request of the public for suggestions as to its nature.

## TOURNAMENT OPENS TODAY.

### Annual Meeting of the U. P. Bowling Association at Calumet.

The annual tournament of the Upper Peninsula Bowling association will open at the Calumet club, in Calumet, this afternoon. The playing is expected to continue through the week.

The iron country towns represented will be Marquette, Ishpeming, Negaunee, Crystal Falls, Iron River, Ironwood and Bessemer. Ishpeming expects to have twenty men including Gray and McCulloch, who are challengers for extra honors as doubles and singles champions. H. O. Bell of Ishpeming, who will act as general manager of the tournament, arrived in Calumet Saturday noon and the members of the tournament committee at once got to work on the tournament schedule.

## Copper Country Sports.

"Bill" Dabbs of Gwin, here last week with the basketball team of that Marquette city, expects to locate in Calumet and to take a place as catcher or first baseman on the Engineers' baseball team. M. H. Sather, O. Olson, J. Sather, H. Robare and E. Lindberg of Gwin, returned to Gwin Saturday. The team lost to the College of Mines and defeated the Engineers while in the copper country. Dabbs and A. W. Hammer remained in Calumet for a short visit with friends.

The basketball team of Company A, Engineers, closed its basketball season as far as home games are concerned with the match with Gwin. The attendance was poor and as there is no indication that the attendance at the game proposed between the Engineers and Marquette for next Friday night would be any better the team will play no more home games. A game may be played with the L'Anse team at L'Anse the Saturday night after Easter. The Engineers have had a good season in games away from home, but the games

## BRITISHERS THE VICTIMS OF MANY OUTRAGES IN MEXICO IN STORMY TIMES YEARS AGO.

London, March 22.—The situation which Great Britain is facing as a result of the shooting of William S. Benton in Mexico not only is not novel, but even almost unimportant compared to the events of 1859-62. A list of outrages committed during those three years before the British government joined France and Spain in the expedition which led to the sacking of Maximilian's Austria upon the Mexican throne has been brought forward in part as follows:

Dr. Duval, a British subject who was arrested in April, 1859, by the Clerical General Marquez, while attending to wounded British subjects, was shot at Tacubaya, was shot without trial.

A British subject named J. L. Innes was hunted through the mountains about Oaxaca with a price on his head.

British Vice Consul Bodmer was shot dead on his own balcony while trying to save a Mexican.

Prince John, the nine-year-old son of King George, jumped on a bench in St. James park when he was five and shouted at the top of his voice "Votes for Women." A crowd immediately gathered and it took an embarrassed nurse some time to get her charge back to Buckingham Palace.

Prince John seems to enjoy life much as do other boys of his age. He has gathered, doubtless from his eldest brothers, who bring it from the public schools, university and navy, a lot of slang, and has horrified his mother by his very apt use of it. Recently while motoring with the queen he was rebuked for his uses of the word "kids" as applied to children. At that he thought the thing was overdone, and pointed out that all boys talked about "kids" and "what else would a fellow call them." The queen gave it up.

## SLAVERY IN THE COLONIES IS DEFENDED BY GOVERNOR OF GERMAN EAST AFRICA.

Berlin, March 22.—A brief defending slavery for the colonies, declaring that its immediate abolition would lead to native risings, is handed in by the Governor of German East Africa, Herr Schme, in response to a resolution passed by the Reichstag last year, calling for the termination of household slavery by January 1, 1920. Dr. Schme has reported that there are about 185,000 slaves in the colony at present. Many of the captives in war as late as 1905 and 1906 while others are being imported even today from Portuguese East Africa and British Cape Colony. But the number is steadily growing less.

A law passed a few years ago liberating further restrictive measures by which many are able to buy their liberty from sums ranging from \$2 to \$15 and in addition many owners are voluntarily giving their slaves freedom.

The governor predicts that slavery practically will have ceased to exist within a few years. He says that in 1930 and pleads against setting any fixed date for a general emancipation, which he declares would ruin many plantation owners, provoke rebellion among the native farmers and cost the government at least \$2,000,000 to indemnify the owners for the loss of their property.

The governor says arguments that had a familiar ring in the United States sixty years ago. He says that the negro by no means lacks the lack of personal liberty as a hardship, that the slavery population in that time had the same labor exacted as light, that they are given certain days each week to cultivate their own little garden. By a general emancipation the aged slaves, who are now fed and sheltered by their owners when no longer able to work, would be thrown destitute upon the world.

In discussion of the report in the Budget Committee of the Reichstag the Socialists and Clericals sharply criticized the attitude of the government toward the planters, who are seeking a cheap supply of labor. Advertisements from colonial newspapers, offering to sell or buy slaves were read by the Socialists, who declared that the government was governing and even promoting the slave trade.

A clerical leader alleged that German planters organize regular markets to get labor for their plantations. Dr. Solf, secretary of State for the Colonies admitted that the law has been interpreted so as to justify compulsory recruitment of natives for the plantations and that grave infringements of the law

## WANTED TO KNOW.

### The Truth About Grape-Nuts Food.

It doesn't matter so much what you hear about a thing, it's what you know which, they heard. It was true.

"My breakfast usually consisted of oatmeal, steak, or chops, bread, coffee and some fruit."

"Hearing so much about Grape-Nuts, I concluded to give it a trial and find out if all I had heard it was true."

"So I began with Grape-Nuts and cream, soft boiled eggs, toast, a cup of postum and some fruit. Before the end of the first week I was rid of the acidity of the stomach and felt much relieved."

"By the end of the second week, all traces of indigestion had disappeared and I was in first rate health once more. Before beginning this course of diet, I never had any appetite for lunch, but now I can enjoy the meal at noon time."

Name given by Postum Co., Battle Creek, Mich., "The Road to Well-being" in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## A CLEAR COMPLEXION

### Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Wellknown Ohio Physician.

Dr. E. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few wellknown vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c per box. The Olive Tablet Co., Columbus, Ohio.

## GENUINE "BULL" DURHAM SMOKING TOBACCO

### (Enough for forty hand-made cigarettes in each 5-cent sack)

From Panama to Klondike, from Broadway to Manila, pure, ripe, mellow "Bull" Durham tobacco is smoked by more millions of men than all other high-grade tobaccos combined. The fragrant aroma and satisfying flavor of "Bull" Durham hand-made cigarettes afford complete, healthful and lasting enjoyment.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Book of cigarette papers, will both be mailed to you, free, on postal request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY

## WORLD'S EGG-LAYING RECORD.

The Oregon Agricultural college hen that broke the world's egg-laying record a short time ago—this record being 282 eggs—by laying 291 eggs, has just finished her full year with 303 eggs to her credit. This record is all the more remarkable in view of the fact that it was the hen's first twelve months of laying. She is still in excellent condition, and shows no signs of ending her wonderful performance.

The Oregon hen was not pampered nor petted during the time she was making her record. She was fed and housed in a way that would be entirely practicable in commercial poultry raising.

"The purpose of the Oregon station work was not mainly to secure high records," said Professor James Dryden, "but to demonstrate, through a series of years, what active breeding will do in the way of increasing the egg yield."

The champion was only five and a half months old when she began her record performance. Her dam was a cross-bred Barred Plymouth Rock and White Leghorn, and her sire was a son of her dam and a White Leghorn.

The previous high record of 282 eggs was made by a hen at the Ontario Agricultural college in 1911. Last year the Missouri poultry station produced a hen that laid 281 eggs. Reports from other stations indicate that the record made by the Oregon hen will not be approached this year. The average egg yield per hen in the United States is seventy.

## DUTCH JUSTICE.

A learned and capable jurist has asserted that the French method of legal procedure, which, contrary to our own, presumes an indicted person guilty until he is proved innocent, comes nearer dispensing actual justice than our system, says the Sioux City Tribune. But in Holland the courts have, in some respects, a better system than that of the French. The accused in every case has the benefit of the doubt, and circumstantial evidence as the only foundation for a plea of conviction is in disfavor.

The Dutch do not have juries and there is no battle of wits among counsel. All questions, whether by the prosecution or the attorneys for the accused, are put to the witness through the judge after he has weighed the justice of the interrogation. This feature of their system has some pronounced advantages over our own. It eliminates the practice of confusing the witness or the accused by misleading questions. It renders impossible the abominable practice in our courts known as the "browbeating" of witnesses, which unfortunately is permitted to go to an extent that causes the intelligent observer's blood to boil at times. It makes the solemn business

## "The Makings" of the Panama Canal

"Bull" Durham in fresh, fragrant, hand-made cigarettes has proved a constant source of comfort and inspiration to the army of tireless workers in the Canal zone. Keen-eyed surveyors, resourceful engineers, sturdy section-bosses, bronzed army officers, all "roll their own" in the stress of work under a tropic sun, or in the balmy, restful evenings under the stars in Panama City and Colon.

Whenever men go forth to do men's work in the rough corners of the world, most of the luxuries of civilization they leave behind them; but one luxury, the most satisfying of all, they carry with them—

**CHINESE ARE GOOD FIGHTERS.**

Till within the last two years or so, the general impression was that the Chinese soldier was intended to run away. The revolution of 1911 dissipated some of this absurdity. The events of the present year have dispersed the remainder. It is now recognized that there is no finer material than that which could be selected from among the sturdy of China's sons, says the Chinese National Review. Nor is there any province lacking. Nothing is wanted but training, arms of precision, good leading and a good cause. With these China could well hold her own. The improvements that have been made during recent years in such things can be appreciated only by those who know what the old troops, from the Bannermen downward, were like.

**City Brevities**

Yesterday's temperatures: Seven a. m. 13 degrees; noon, 24; 7 p. m., 24. Highest, 28 degrees; lowest, 7.

Mrs. P. W. Phelps left last evening for Chicago on a brief business trip.

J. A. Malhoit left for Chicago last evening on a several days' purchasing trip.

S. W. Shaull arrived home Saturday morning from a business trip to Chicago.

Mrs. M. A. Doty, of Munising, spent the week-end in the city, the guest of friends.

D. H. Ball left Saturday evening for New York, to be gone on business for a few days.

Will Mullaly returned to Onota yesterday afternoon, after a two days' visit at his home.

E. D. Swift, of Chicago, is spending a few days with his mother, Mrs. A. Swift, North Front street.

Miss Ruth Desjardins, who is teaching school at Manistique, spent the week-end at her home here.

M. W. Jopling, who accompanied Mrs. Jopling and children East a week ago, arrived home Saturday morning.

Mr. and Mrs. E. L. Stewart have returned from a two weeks' trip to Chicago, Milwaukee and Duluth, where they visited with friends.

The Misses Florence Ward and Marie Flannigan have returned from Escanaba, where they visited for two days at the home of Mrs. A. E. Herron.

W. H. Richmond left Saturday morning for Grand Rapids, where he will spend a few days on business for the Lake Superior & Ishpeping railway.

Miss Ethel Young, daughter of R. C. Young, has returned from the University of Chicago, where she is a student, and will spend the Easter vacation at her home.

Mrs. S. Johnson, of Gladstone, was in the city Saturday and Sunday, the guest of her sister, Miss Ruth Beneshok, a student at the Northern State Normal school.

Elwin Schauer, of this city, a student of law at the University of Chicago, has returned to spend the Easter vacation at the home of his parents, Mr. and Mrs. L. S. Schauer.

A meeting of the auditing committee of the board of supervisors was held Saturday morning at 11 o'clock at the court house. The board will meet Wednesday morning at 11 o'clock.

John Harland has gone to Cleveland to attend the annual meeting of the Pittsburgh Steamship company. He met Mrs. Harland and son in Chicago, and they accompanied him to the Ohio city.

W. F. Morgan and John Harland, dock agents for the L. S. & I. and South Shore railways, respectively, have gone to Cleveland to attend an annual meeting of the marine men, at which business connected with the one movement next season will be discussed.

Mrs. Andrew Steele, a sister of Thomaston, attended the funeral of Mrs. Catherine Carey here yesterday. She will return home today. Mrs. Steele, who formerly lived here, was accompanied by her son James. Mr. Steele left for Thomaston last night.

Rev. Walter H. Smith, pastor of the Methodist Episcopal church of this city, a brother-in-law of Rev. D. Stanley Shroy, who is now conducting revival services here, was in the Soo Sunday, a guest at the Methodist parsonage. He preached in the Central Methodist church there yesterday.

Prayer Meeting Today—There will be a prayer meeting in the Presbyterian church this morning at 10 o'clock, with Mr. Martinson leading. Those who are especially interested in the success of the revival services are urged to be present.

A Musical Attraction—Bobby Van Horn and the Clark Sisters, in a singing act, will be offered at the Marquette Opera House the first half of the week. They are now appearing at the latter place a week ago, and proved to be a good drawing card. Their musical numbers are new.

Will Furnish Slag for Streets—Under a contract negotiated with the Lake Superior Iron & Chemical company, the city of Ashland will continue the use of furnace slag in the building of its streets. It is estimated the cost of the material to the municipality will approximate \$11,500 a year. The slag will be furnished from the Ashland furnace of the company.

Unusual Feature Picture—"Wrecked in Mid-Air," a three-reel feature picture, portraying an exciting fight between an aeroplane and automobile in the air, will be shown at the Grand theater today. Matinees will be held at 3 and 4 o'clock. The other pictures in today's program will be "The Perplexed Bridegroom" and "Decoration Day at the Old Soldiers' Home."

Emanuel Dupraw Dies—Emanuel Dupraw, aged sixty-five years, passed away yesterday morning at the home of his daughter, Mrs. Francis Sims, 423 East Hewitt avenue, after an extended illness. He is survived by his wife, four daughters and eight sons, most of whom will be here for the funeral, which will be held tomorrow morning at 9 o'clock from St. John's church. Interment will take place in Holy Cross cemetery.

Travelogue Tonight—Mrs. E. G. Rushmore, of the Northern State Normal school faculty, will deliver a travelogue at the Peter White Public Library this evening at 8 o'clock. The address will be on "Ireland," and will be illustrated by stereoscopic views. The talk was to have been given tomorrow night, but was advanced one day owing to the presentation of "Officer 666" at the Marquette Opera House on that evening.

Will Play Calumet Y. M. C. A.—The Marquette City basketball team will play the Calumet "Y" five during its stay in the copper country the latter part of this week, word to this effect having been received by the Marquette boys last evening. The game with the Calumet Engineers to have been played on that evening has been cancelled. Saturday night the Marquette team will play the Michigan College of Mines at Houghton.

Denials Are Repeated—The press of both New York and Chicago, as well as other cities, continue to give considerable space to the reported Breitung-Kleist marriage. The story is denied by Mr.

Breitung, who is quoted as attributing the reports to a case of mistaken identity, and who is said to have hired a firm of lawyers to learn how they came to be given form. Mr. Breitung, who was in Chicago, left the latter part of last week for New York.

**Commission Meets Tonight**—The commission will hold its weekly meeting this evening. As pretty nearly all the floating jobs have now been disposed of, lessened galleries will likely be taken, falling off of interest in the proceedings. So far the commission has drawn a considerable attendance of interested citizens, but at the last few meetings the attendance has been steadily falling off. No business of particular importance is set for this evening.

**Introducing New Food Product**—Thomas H. Wallace, formerly of Champion, was in the city Saturday, interviewing the grocers regarding a new food product made in Duluth and which he is introducing to the trade. It is called "Roman Meal," and is made from wheat, rye and flax. It is not a breakfast food, but a health flour. E. Larson, the Washington street baker, will make bread of the material and supply the Marquette trade. However bread is only one of the products of this meal. It is used for cakes and pastry as well.

**SCHOOL OFFICERS TO MEET.**

Will Gather at Courthouse Here Thursday, April 2.

School officers of Marquette county will meet at the courthouse here on Thursday, April 2, according to word that has been sent by Fred L. Keeler, state superintendent of public instruction, to A. E. Sterne, county commissioner of schools. G. N. O'Connell, deputy state superintendent of public instruction, will be present to preside at the meeting, and it is expected that all the boards in the county will be represented.

Under the terms of the present school laws, each board of education can send one delegate who may receive \$2 per day and expenses while in attendance upon the meeting. Mr. Sterne has sent notices to school officers in the county, asking them to be present at the session, which will be held at 10 o'clock in the morning.

**INSURE WITH PETER WHITE & CO.**

**SALESWOMAN WANTED AT THE PARIS FASHION.**

We have a position open to an able saleslady arding very good salary, especially to one who is versed in the line of Coats, Suits and Dresses.

The position open is to be filled at once and we would prefer it to be taken by some one from Marquette or near-by.

This should be attractive not only to those who are looking for work, but as well to any young woman desiring rapid advancement. Applications will be received at once, The Paris Fashion, 3-21-14.

**LEARN TO USE GENUINE GAS COKE AND SAVE MONEY.**

It takes nearly two ton of high-grade Pennsylvania coal to make one ton of coke. This is why you get fifty bushels of coke to twenty-seven bushels of coal in a ton. All the dust, dirt, soot, tar, gas, sulphur, smoke, etc., have been removed at the gas plant. Genuine Gas Coke is the pure carbon which remains.

Coke will not give good results unless properly handled. It requires less draft than coal and the furnace should always be kept full of coke whether you want a hot fire or not.

To hold fire over night shut the damper and all bottom drafts and open charging door. (2-18-14)

**THE FORTY YEAR TEST.**

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by All Dealers.

**SMOKELESS TORPEDO BOATS.**

The United States navy department aims to develop to perfection the smokeless torpedo boat destroyer, just as the navies of all the other nations are trying to do. A recent test gave results most gratifying to the officials. It was shown during the annual speed tests of the third and fourth groups, including ten vessels. The Jonett exceeded her contract speed by averaging 32.9 on a two hours run. The Beale, of the "sea hornets," carried off the smokeless honor, scoring 100 per cent. She ran for four hours with absolutely no smoke showing from her funnels.

**UNNAMED HEROINES.**

When war with the Indian tribes of the Northwest broke out in 1790, the white settlers joined the army of Governor Arthur St. Clair, who was appointed general-in-chief. Among these were about a hundred women who accompanied their husbands rather than stay at home with the prospect of being sur-

**Save! Save! Save!**

No matter how much you earn, if you spend it all the result is the same—helplessness. If you spend your money, that's the end of it; if you save a part of your money, that's the BEGINNING of it.

If You are Subject to Colds This Editorial will Interest You.

A Great Majority of People Get One or More Colds Every Season and It is of Vital Interest to All to Learn How to Avoid and Relieve Colds Quickly, Since Colds are Said to be Contagious.

Some people think colds are only caught through exposure. This in return is contradicted by the fact that Arctic explorers are peculiarly free from colds. It is more generally accepted that colds are the result of civilized life, due to super-heated rooms and a very rapid change in temperature which causes the nerve centers to be depressed, and still more largely due to contagion—one member of a family imparting a cold to another by sneezing or coughing.

A cold means nothing if relieved quickly. That such a purpose may be accomplished, a quick aid to a cold is an essential. A remedy especially devised to relieve colds quickly is PERUNA.

PERUNA contains such ingredients that have an especially beneficial influence upon the inflamed mucous membranes and the quicker these mucous membranes are given the benefit of a remedy like PERUNA, the quicker the relief and the less contagion.

A neglected cold may become a serious menace to one's own life, and far worse, may endanger one's family.

We insure our homes against fire, our lives against death. Why should we not insure ourselves against colds if possible by having a medicine in the family chest that can be used at once?

PERUNA is a reliable household remedy for colds and should be in every home, for there should be a desire to combat a cold as quickly as possible. This is enlightened hygiene.

People who are feeble and run down are more subject to colds than persons in normal health. Such persons need outdoor life and PERUNA to help build up a strong constitution. If you have a poor appetite that is often a warning that you probably need a tonic like Peruna for Peruna aids the digestive organs. When your appetite is fair and work and exercise do not quickly tire you, your susceptibility to colds diminishes very much.

Persons who object to liquid medicines can now obtain PERUNA TABLETS.

PARIS GOVERNMENT WANTS BIGGER SHARE OF PROFITS FROM LEGALIZED GAMBLING.

Paris, March 22.—Legalized gambling in France has increased so enormously that the government has decided it ought to get a greater share of the profits. Under an act passed in 1907 the state has been getting 15 per cent of the gross receipts. A parliamentary commission has brought in a recommendation that from the gross incomes of gambling casinos the state should have 3 per cent on incomes less than \$2,000,000, or 20 per cent on incomes exceeding \$1,000,000, according to a graduated scale.

One hundred and thirty-three casinos were authorized by the ministry of the interior last season to have baccarat, the mechanical racing horses, whist, bridge, bezique, cards and piquet. The book figures before the commission show that the casinos in France at summer resorts and springs took in about \$10,000,000 profit during a single season.

Enghien, which is within seven and one-half miles from Paris, had about one-fifth of the whole, or \$2,000,000. One hundred fifty trains a day run from Paris during the short holiday season, and the opponents of gambling affirm that hundreds of young men and women from Paris become bankrupt at the tables every season. The municipal casino at Nice, owned by the city, took in \$1,600,000 and paid nearly all the expenses of the local administration. A second casino at Nice, under a license of the minister of the interior, won for its proprietors \$427,000. There were a number of little resorts which were run at a loss.

Public gambling revenues, according to the official figures, have increased about four-fold since 1907. These figures do not include 4,000 clubs in France where gambling is allowed and for which the state also takes a percentage of the profits, nor the Pari-Mutuel machines at race courses which last season took bets of about \$80,000,000.

Some of the newspapers in reapproaching the cabinet for trying to take

more "tainted" money relate that one of the wealthiest proprietors of casinos in France began as a dishwasher in a restaurant, and that his income is now \$400,000 a year, besides that from his accumulations which amount to \$6,000,000. Another proprietor who was a house painter is reputed to have a fortune of \$4,000,000.

The little Helvetic republic is fast becoming one of the great money powers of the world. It is estimated that twenty Swiss banks have capital amounting to considerably more than the banking capitals of the national and state banks in New York city.

Andre E. Savonin, one of the French students of finance who have investigated causes for the rise of the Swiss financial power, declares that it is due largely to a steady migration of French capital which has been going on for years and which recently has been prompted particularly by new taxes in France. Another reason is that Switzerland is a neutral territory among European powers and its bankers are frequently the negotiators of enormous loans, the bulk of the capital being drawn from France.

The new prefect of police, Celestin Hennion, has completed his first year in office with a record widely commended in Paris. He has forced high police officials who formerly sat in state in their offices to go out and personally supervise the training of policemen on duty in the streets, which has worked to the improvement of the entire force.

By many simple devices he has also reduced the congestion of traffic on the principal boulevards, and he is now working in behalf of the Paris horses, notorious all over the world over an unrelentingly and otherwise abused. A special committee has been appointed with full executive powers, not only in the streets but to inspect stables, building yards and other places where horses are used. With new regulations governing the treatment of horses, the prefect hopes to make the now frequent complaints of cruelty among the rarest of entries on the police books.

MICHIGAN'S "AGGIES" WIN THE RIFLE SHOOT WITH NEW HIGH RECORD.

Washington, March 22.—The Michigan Agricultural college has won the national indoor rifle shooting championship having won every match of the series just closed and establishing a new intercollegiate record of 994 out of a possible 1,000 points. Second place was taken by the Massachusetts "Aggies," who suffered only one defeat. Iowa State University takes third.

In class "C" the Washington state college carried off the honors, with eleven straight victories. Cornell University and the United States Naval academy tied for second place.

PARADERS AT SEATTLE CELEBRATE PASSAGE OF ALASKAN RAILROAD BILL.

Seattle, Wash., March 22.—The passage of the Alaskan railroad bill by congress was celebrated here and at many points in Alaska last night. It was the occasion also of the vernal equinox, which means for Alaska the approach of the long days of sunshine and the unlocking of the frozen rivers.

In Seattle a long parade, the most picturesque ever seen here, moved through the principal streets. Steamers bound for Alaska are unable to take all the people who apply for passage. Two thousand men have gone north since the railroad bill was passed.

UNIVERSITY OF NEBRASKA ADOPTS SIMPLIFIED SPELLING

Lincoln, Neb., March 22.—A uniform system of simplified spelling is to be used in all university publications at the University of Nebraska. This was the decision of the university senate, following a long discussion in which some of the governing body insisted on some drastic changes. A style book will be drafted by a committee, to be used next fall for the first time. Faculty members desiring more radical changes than those adopted were given permission to introduce them in departmental work.

A FITTING ROOM MONOLOGUE.

Sample of the Conversation Handed Out by Some Women Customers.

"I hope you're a good fitter. This is the very first ready-made dress I've ever had in my life, and I never should have dreamed of such a thing as getting this only a friend told me about the ladies' saving, and I just thought I'd come and look, and really didn't expect to find a thing."

"I never wore such a cheap dress, but really, this isn't so bad. It will at least do for common. There are so many times I don't care to put on one of my good dresses."

"Please don't draw that in too much at the waist. A friend in New York writes me that you just can't get things too sloppy this season. Be careful about the line in the back. You know people always notice if they aren't just right; they can stare so at your back. And I'm always fussy about a skirt—especially over the hips. I really don't care so much about the waist, but if a skirt isn't absolutely perfect there the whole dress is wrong."

"I wonder who Madame Chargez would say if she should see me in this. You know for years she has made all my clothes. Of course you don't know it, but she has."

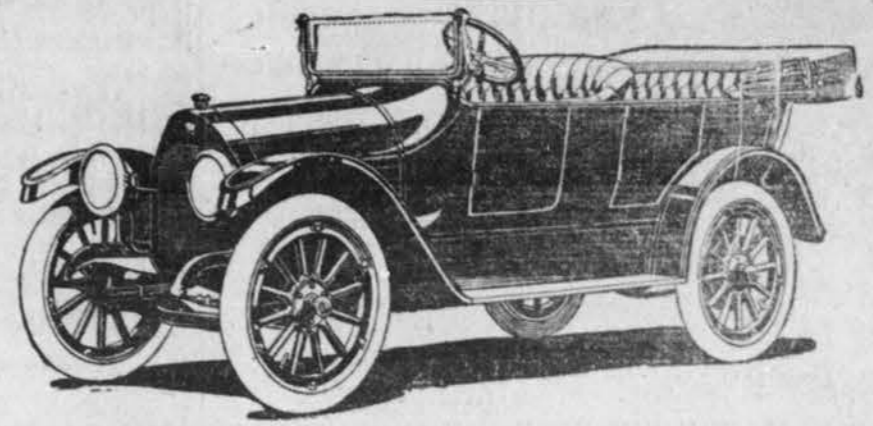

"A woman who lives near us boasts of never getting a thing made to order. She says it's too big a nuisance having one's sewing done in the house and she can't be bored by spending so much time at the tailor's and dressmaker's. Just fancy! The neighbors all call her the Ready-Made woman. Now please see that this fits perfectly, as I'd hate to have the neighbors talk about ME."

"The hem? Well, I don't want the dress too long—and I don't want it too short. I leave that to you. But be sure to get it just right. My husband is so particular. That's another reason I want you to take pains with this. One time Madame Chargez made a dress he didn't like."

"A well-known authority states that a 10-grain Sodagen tablet taken any time followed by a tumbler of water instantly neutralizes these stomach acids; stops fermentation, absorbs the gases and sweetens the entire digestive tract. He says any pharmacist can supply a package of 10-grain Sodagen tablets, as they are constantly prescribed for stomach acidity because of their harmlessness to the digestive organs, being composed of Soda, Calcium Carbonate and Magnesia U. S. P.

are curable. All who mean suffering and danger. The internal Dr. Leonard's HEM-ROID tablets produce amazing results by attacking the INTERNAL CAUSE. The piles are dried up and permanently disappear in three to five days. DR. LEONARD'S CO., Buffalo, N. Y. (free booklet)

Sold by Stafford Drug Co. and all druggists.

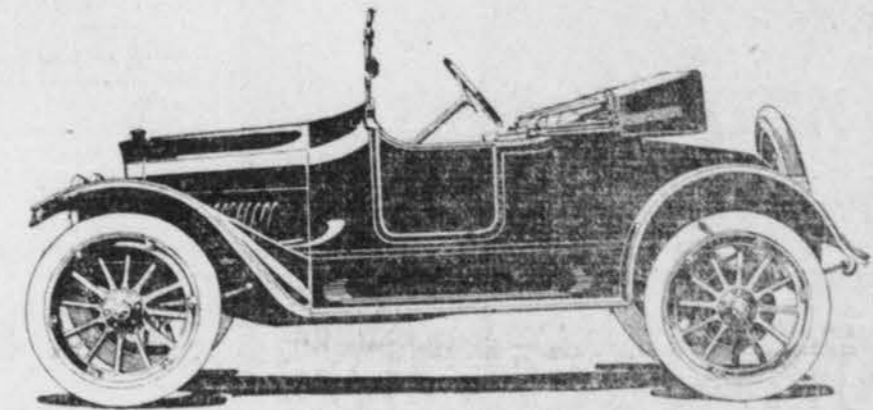

Can a Car Stay New Five Years?

Mr. R. E. Olds Says That REO the Fifth Should Do That.

Mr. S. J. Mitchell, who sells REO the Fifth, says that Mr. R. E. Olds is the greatest extremist in America today regarding well-built cars. In a late announcement he says, "Men buy REO the Fifth on past records. And it will always be so. What men say of new cars counts for little. All new cars run well. I am building each year for what men will say after it has run five years. I owe all my success to building cars which stay new."

This is the factory which puts each new model to a test of 16,000 miles. At the end of that test the car is taken apart and inspected. If any vital part shows more than slight evidence of wear, that part is displaced, in the entire output by a part which won't show wear.

This 10,000 miles of reckless driving is considered equal to five years' average use. And Mr. Olds figures that REO the Fifth, with proper care, should show up in five years just as well as these test cars.

SAMUEL J. MITCHELL, Dealer

CHALMERS, REO, SAXON and ARGO ELECTRIC CARS

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.

2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound and I gladly say that I am now enjoying fine health."—Mrs. ROSS SIMS, 16 Winona St., Charlotte, N. C.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILTY, 196 Stock St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITT, 7305 Madison Av., Cleveland, O.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Advertisement for Scott's Emulsion for rheumatism, featuring an illustration of a woman carrying a large fish on her back. Text includes: 'TO RELIEVE RHEUMATISM the body-waste producing uric acid must be gradually arrested and the blood purified. Correct diet is essential. Abstain from tea and anything containing alcohol; eat meat only once a day and take SCOTT'S EMULSION after every meal. SCOTT'S EMULSION makes new blood free from the poisonous products which irritate the joints and muscles; its medicinal force relieves the enlarged, stiffened joints; and more, SCOTT'S EMULSION stimulates the forces to expel the poisonous acids by its concentrated nourishing properties. Physicians everywhere prescribe Scott's Emulsion for rheumatism.'

J. NORRIS, NEWSPAPERMAN, DIES.

New York, March 22.—John Norris, widely known newspaper man, long business manager of the New York Times and leader of the American Newspaper Publishers' association's campaign for free paper and wood pulp, is dead at his home in Brooklyn. He had been in poor health for several months.

Market (From Geo. F. Rhea, Indianapolis)

BOSTON COPPERS.

Shorts covered freely Saturday, causing an active and higher opening, but stocks were well supplied and the net result of the day's operations was unimportant. Closing prices at Boston follow:

Table of market prices for various commodities including copper, tin, and other metals. Columns include item names and prices.

New York Stocks.

The stock list at New York Saturday reacted moderately on selling which seemed to be largely in the nature of profit taking. The declines, however, except in the instance of a few specialties, were not significant and of sufficient extent to produce the impression that the rise which started Friday has culminated. Interest was centered in the New Haven conference, but the news was meagre. The supreme court will, after its session of Monday, adjourn until April 6. While important decisions have been expected for a long time, there is no assurance at present that the findings in cases of vital interest to the financial community will be made known.

A Good Exchange For a Headache

Exchange your headache for a package of our Headache Powders. Relieve yourself of brain-thumping, nerve-racking, and all other annoying symptoms that attend a splitting headache. One powder will ordinarily relieve a severe headache, but even in the worst cases no more than two powders are necessary. You are perfectly safe when you take our headache powders, as they do not interfere with your heart or any other vital organs. As powders they are much more quickly assimilated by the system than are tablets or capsules. 25 cents a box; trial, 10 cents.

**FOUR HUNDRED BOYS WERE IN ATTENDANCE ASKS CO-OPERATION OF PUBLIC SCHOOLS**

**Ishpeming Delegates Given Rousing Reception at the Escanaba Conference.**  
**State Superintendent Requests That Teachers Promote "Safety First" Movement.**

More than four hundred boys, representing nearly every part of the upper peninsula, attended the second annual upper peninsula boys' conference, brought to a successful close in Escanaba last evening. Ishpeming was among the best represented cities at the gathering, more than twenty delegates from here having been present.

The Ishpeming, Marquette, and copper county delegations arrived in Escanaba at 11 o'clock Friday morning, with banners flying from the sides of the coaches. They were met by committees of Escanaba boys, who escorted them to the First Presbyterian church, where they registered.

The opening session, with practically all of the delegates present, was held at 4:30 o'clock, and was called to order by Walfrid Elson, of this city, the retiring president of the conference. Roy Mallman, of Escanaba, is the president of the conference for 1914. Saturday evening it was decided that the 1915 conference should be held in Calumet, which city worked diligently for the honor. Marquette, Menominee, and the Soo were the other aspirants. The vote was Calumet, 124; Marquette, 96; Menominee, 72; and Sault Ste. Marie, 66. The Marquette boys tried hard to land the conference, but as the 1913 conference was held in this city it was decided to award the honor to the copper country.

**Meeting Largely Attended.**

Friday afternoon the auditorium of the Presbyterian church was packed with boys. Every seat of the church was occupied, and never before had a more inspiring scene been seen in Escanaba. Every boy, serious minded and alert, listened attentively to the opening address of Walfrid Elson, of this city, the retiring president who conducted the convention in an admirable manner. J. A. Van Dis, state secretary of the Y. M. C. A., was heard in a delightful talk, taking as his topic, "Why," at this meeting. Mr. Van Dis dwelt particularly on boys' problems. He said in part: "Someone has said, 'Somewhere down the years he is waiting for you, the man you ought to be.' I fully appreciate the every day lesson of your boys' gathered here, and that little saying seems to have a greater meaning to me than I believe the most of us understand."

Following the benediction, the nominating committee filed out to designate the officers for the coming year. Benjamin Copland acting for Escanaba, and securing a unanimous vote for Roy Mallman for the presidency in 1915. James Sharpe, of the Soo, was chosen vice president; Ralph Larson, Hancock, secretary; and Albert Tregone, of Tamarack Mills, treasurer.

The next gathering of the boys was held Friday evening in the Peterson hall, when they gathered for the complimentary banquet in honor of the visitors. Rev. Bates G. Burt, of Marquette, a member of the executive committee of the conference, was introduced as toastmaster, and delivered a pleasing address.

**Ishpeming Boy Spoke.**

At the Saturday morning session in the Presbyterian church Robert Potter, of this city, presented a paper, "How a Boy Can Be of Service in School." It was well prepared and was listened to with interest. Other papers telling of various activities in which young men may be of service were delivered. The early part of the afternoon was given over to recreation. There were two series of basketball games, in which several cities participated. The Soo won first place and Marquette came second.

"Dimmy" Upton, coach of the Grand Rapids High school, was one of the principal speakers at the conference, and one who appealed particularly to the boys. Mr. Upton spoke Saturday evening on "The Boy at Home." Never before had this topic been treated in the light that Mr. Upton portrayed it. He started off by displaying an especial talent for story telling, and getting his audience in a highly humorous mood, he would then turn it to serious things.

**CITY ELECTION.**

Notice is hereby given that the next ensuing Annual City Elections will be held in the several wards of the city of Ishpeming, state of Michigan, on Monday, April 6, A. D. 1914. At the places in the several wards of said city as indicated below, viz:

First Ward—New Fire Hall, Lake St.  
Second Ward—Lake Superior Old Office.  
Third Ward—Basement Grammar School.  
Fourth Ward—No. 2 House House.  
Fifth Ward—No. 4 Hose House.  
Sixth Ward—Erick Anderson's Store.  
Seventh Ward—James Callow's Store.  
Eighth Ward—High School Building.  
Ninth Ward—Basement Ridge Street School.  
Tenth Ward—No. 3 Hose House.

At which election the following officers are to be chosen, viz.: One Mayor, one Recorder, one City Treasurer, one Supervisor, one Alderman (full term), one Alderman (to fill vacancy) Sixth Ward, one Constable.

**Women Electors.** In accordance with the Constitution of the state of Michigan, and the statutes of said state relating thereto, should there be any proposition or propositions to vote upon at said election involving the direct expenditure of public money or the issue of bonds, every woman who possesses the qualifications of male electors and owns property, or who owns property jointly with her husband or with any other person, or who owns property on contract and pays taxes thereon, all such property being located somewhere within the district or territory to be affected by the result of said election, will be entitled to vote upon such proposition, or propositions, provided her name is duly registered in the voting precinct above designated.

The Polls of said election will open at 7 o'clock a. m. and will remain open until 5 o'clock p. m. of said day of election.

Dated this 12th day of March, A. D. 1914.

RICHARD H. OLDS,  
Recorder.

**ARGENTINE BEEF HERE.**

Frozen Quarters at Slightly Lower Cost Fail to Create Demand.

Ishpeming meat dealers are noting improved market conditions and hope for lower prices. Stock-fed cattle are selling for easier prices than a year ago and with Argentine cattle on the market, competition may force prices still lower. While consumers have not been generally aware of the fact, they have been purchasing steaks cut from the quarters of South American cattle. The market price of such cattle, however, is not sufficiently low to create any special demand, and as a result this grade of beef has not been shipped to this section in large quantities.

The Argentine meat received in this district consists entirely of frozen hind quarters from which the plate and shank has been removed, leaving nothing but the shuck and ribs.

**ISHPEMING IN BRIEF.**

Mrs. N. Thompson, of North First street, was tendered a surprise one day last week by a number of her lady friends. Lunch was served and several musical numbers were rendered.

The members of the Women's Home Missionary society of the First Methodist Episcopal church will conduct a social at the home of Mrs. David Johnson, Ridge street, tomorrow afternoon at 2:30 o'clock. An offering will be taken for missionary work.

The women of the Norwegian Lutheran church will conduct a bazaar in the church on Wednesday and Thursday afternoon and evening of this week. A large assortment of useful and fancy articles have been made by the women and will be sold at reasonable prices. Lunch will be served.

Ten thousand yards embroideries, remarkable values, at one-half cents per yard, today at Braastad's. 3-20-31.

for unsafe practices. Practice it every minute. The following should be warned against: Walking on railroad bridges or tracks; walking around the ends of lowered gates; crawling under the gates; loitering around railroad stations and cars; jumping on or off trains, cars or engines; crawling under, between or over cars; crossing tracks without stopping, looking and listening to see whether a train is coming; playing on or around turn tables. Never take chances. The safe course is always the best and it is the quickest in the long run.

The following plan, outlined in the circular received by Mr. Sterne, in connection with the prevention of accidents is being carried out in the Saginaw schools:

Through the courtesy of the Saginaw Valley Traction company, Mr. and Mrs. Hughes of Los Angeles visited each of the schools and addressed the pupils on the subject of Safety First. They also presented the pupils with blotters with safety rules of travel printed on them. A pennant was given to each school with the words "American Safety League" printed on it. A celluloid button was given to each pupil on which were printed the same words. Each teacher was requested to give talks to the pupils on the prevention which occur to pupils in their rooms. At the end of the year these accidents are to be reported to the superintendent and a bulletin will be issued at the beginning of the next year describing these accidents and indicating how they could have been prevented. Teachers in the lower grades are expected to warn their pupils daily in regard to dangers on the streets. It is planned to have safety rules printed on book covers which will be furnished to the children.

**INJURED AT LAKE SHAFT.**  
Thomas Lucas, Shift Boss, Suffers Fractured Leg Friday Evening.

Struck by a falling piece of ore, Thomas Lucas, shift boss at the Lake shaft of the Cleveland Cliffs Iron company, suffered a severe fracture of a leg at about 10 o'clock Friday evening. Mr. Lucas was watching two miners at work when a large piece of ore came down, passing between the two men, and striking him on the leg, breaking the bone between the knee and the ankle. He was taken to the Ishpeming hospital, where the fractured bone was set. He was later removed to his home.

**DEATH OF MRS. KROON.**

Mrs. Kroon, wife of Charles Kroon, a farmer in the Green Garden district, died Saturday morning at Dr. Holme's hospital on Division street, where she submitted to an operation two weeks ago last Friday. Mrs. Kroon became critically ill three weeks ago yesterday and was removed to the hospital when it was decided an operation was necessary. She was thirty-one years of age and, besides her husband, is survived by five children. The funeral will be held tomorrow afternoon with services at the Mission church.

### PARCEL POST RULES SOON EFFECTIVE

New Regulations of Postoffice Department Are Received at Ishpeming Office.

Postmaster James Clancey has received amendments and extracts from the parcel post rules and regulations which emphasize certain points of general interest at this time of the year. These rules cover the transportation of eggs, poultry, vegetables, fruits and various perishable products and also communications sent with fourth class matter. These points are covered as follows:

Section 458, postal laws and regulations, edition of 1913, is amended by the addition of the following paragraph: "When the sender desires that a parcel of fourth-class matter, on which postage is fully prepaid, with stamps affixed at the rate for that class, be accompanied with a communication which is not a permissible inclosure at the fourth-class rate, the communication may be placed in an envelope, and after the full amount of postage at the first-class rate is affixed to the envelope, it may be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The envelope shall be addressed to correspond with the address on the parcel. Parcels to which such communications are attached shall in all cases be treated as fourth-class mail."

bottoms to prevent the escape of anything from the package and so constructed as properly to protect the contents. Such packages to be marked 'eggs, this side up,' and to be transported outside of mail bags. Section 1629. Mail matter shall not be carried outside of the regular mail bags except second-class matter marked for outside delivery as provided in Section 1613 or matter the character, form or weight of which prevents it from being carried in the mail bags or makes it liable to damage mail."

NEW BOOKS AT LIBRARY. Large Number of Volumes Are to Be Placed on Shelves.

Mrs. Nellie Brayton, librarian of the Carnegie Public library, has received more than a hundred books of the latest fiction and non-fiction, which will be placed on the shelves shortly. During the month past the library has added a large number of new works. The list follows: Anderson—Betty Standish. Angelotti—The Bergundian. Barnes—Patricia Plays a Part. Bindlow—The Intriguers. Cooke—Wellesley Stories. Curtis—The Congress Woman. Dalrymple—Diane of the Green Van. Deland—County Cousins. Drummond—True Detective Stories. Greene—Pickett's Gap. Gunter—Prince Karl. Hatch—The Strange Disappearance of Eugene Comstock. Hornblow—The Price. Harre—The Eternal Maiden. Jepson—The House on the Mall. LeClerq—The Enchanting Mysteries of Kathleen Carter. Lincoln—Cap'n Dan's Daughter. Lee—Cap'n Joe's Sister. Lucas—The Slow Coach. McCutcheon—Black Is White. Marshall—The Middle Wall. Marshall—The Writing on the Wall. Moffatt—The Battle. Anonymous—Overland Red. Phillips—From the Angle of Seventeen. Raleigh—The Sins of Society. Rowe—The Primal Lure. Remington—John Ermin of the Yellowstone. Savage—The Merry Widow. Underwood—A Living Legacy. Upward—The International Spy. Vane—John Ward, M.D. Vachell—Blinds Down. Van Westrum—The Devil. Pryor—The Colonel's Story. Lucas—Mister Ingleside. Walter—The Wolf. Wells—Anybody But Ann. —Non-Fiction— Adams—You Can. Anderson—Checkers. Baker—Pictures of Swedish Life. Ball—The Art of the Photoplay. Birge—The Awakening of the Desert. Daly—Canzoni. Davis—A Ranch of Roses. Gifford—Newdework. Gossp—Chess. Hill—A New Southern Cook Book. Lawson—Modern Greek Folklore and Ancient Greek Religion. Mannix—Memoirs of Li-Hung-Chang. Kittell—The Historians and the English Reformation. Nye—Remarks. Rlys—The Plays of Euripides in English; two volumes. Robertson—The French Academy. Plumptre—The Tragedies of Sophocles. # Negaunee Department

## EARLY SETTLER DIED YESTERDAY

Henry Pascoe, Resident Here Fifty Years, Succumbs to Paralytic Stroke.

Henry Pascoe, aged eighty-two years, a pioneer resident of Negaunee, died yesterday afternoon at 5:30 o'clock, after a brief illness. He had lived here for more than fifty years, and was one of the best known persons in the city. Mr. Pascoe suffered a paralytic stroke at 6 o'clock yesterday morning. No hope then was held out for his recovery. His wife, aged eighty-four years, survives him, also two sons, William and Thomas, and two daughters, Mrs. Thomas H. Roberts and Mrs. E. A. Eddy, all of whom live in Negaunee. He had twenty-two grandchildren and twenty-one great-grandchildren. Most of these dwell in this city.

## DIED FROM PNEUMONIA.

Robert H. Grigg died shortly after noon Saturday at King's Inn, from pneumonia, from which he had suffered for the past two weeks. He was thirty years old and survived by his parents, who live in Australia. Mr. Grigg had been a resident of Hancock prior to his coming to Negaunee and was a member of the branch of the Foresters of America. He came to Negaunee shortly after the beginning of the copper country strike and worked at the Negaunee mine. W. H. Backell, of Hancock, was notified of his death.

## WON AND LOST.

The members of the Negaunee eighth grade basketball team played their eighth and tenth games at the Ishpeming High school at the Ishpeming Y. M. C. A. Saturday afternoon. The Negaunee boys defeated the Ishpeming eighth grade by a score of 16 to 6. The Ishpeming tenth grade team defeated the Negaunee boys by a score of 18 to 8. For Negaunee Arthur Heiser was the star. He made most of the points for his team and was a strong player on defense. Lawrence Butler played a strong game at forward for the Ishpeming eighth grade team. The Negaunee High school second team won from the Ishpeming Alumni team at the high school Friday night by the score of 22 to 16.

## LOCAL LACONICS

Joseph Bessola has departed for a visit to his native home in Italy. Sheriff Moloney, of Marquette, was a business caller in the city Saturday. R. D. Kellow, of Houghton, spent Saturday in the city, as the guest of friends. John Korpi, of Duluth, is spending a few days in the city, visiting with friends. Mrs. Ida T. Scott, of Manistique was a visitor with friends in the city Saturday. Mrs. Henry Fish, of Escanaba, is visiting with her mother, Mrs. Bean, of Case street. Cornelius Pigott is here from Cherokee, Ia., on a visit with his brother, Thomas Pigott, at Sands, who is seriously ill. Ole Johnson, a pioneer resident of Negaunee, has been seriously ill at his home on Lincoln street for the past few days. Miss Jennie Stromer has taken a position at Ishpeming with F. Braastad & Co. She will work in the ladies' suit department. The members of "The Fire Hundred club" will meet this evening with Mr. and Mrs. George Haupt, at their home on Pioneer avenue. The employees at the Oliver Iron Mining company's Stigmiller mine at Princeton will be paid Thursday. The Queen mine employees will be paid Saturday. The Misses Ruby Trathen, Ethel Neely and Viola Williamson, who attend the Normal at Marquette, spent the weekend in the city, visiting with their folks. Mr. and Mrs. Louis Miller left Saturday for Mount Clemens, where he will receive treatment for rheumatism. Mr. Miller will visit in Detroit before returning. About twenty young people enjoyed a straw tie party to Stromer's farm, near Eagle Mills, Saturday night. The party has been an annual event for the past few years. Miss Anna Demarse, who spent the past three weeks at Fisk's Millinery house, Chicago, studying the spring styles, has taken a position as trimmer with Mrs. Smith, the milliner. The party given Friday evening by the members of the Eastern Star for the Masons was attended by about 150 members of both societies. Cards were played, after which there was dancing, with music furnished by the Star theater orchestra. Orr Schurtz and Oscar Goulge won the gentlemen's prizes in the card games. "The Smuggler's Son," a two reel Cines picture, will be presented at the Star theater tonight. Other pictures will be a Patie Weekly and "The Spirit of Christmas," a Vitaphone drama. No pictures will be shown Wednesday, as the theater has been engaged for a concert to be given by T. Hurri a celebrated Finnish tenor, who will sing in Finnish, Italian, French and English.

## TO ESCANABA THIS WEEK.

The members of the high school basketball team will go to Escanaba Friday night to play the high school team of that city. The game was to have been played last week, but was postponed because of the Boys' Conference being held there. A number of rooters will accompany the team. The Negaunee boys won a game, played here some time ago, from Escanaba.

## A DOCTOR IN AN EMERGENCY

Our Ever Ready Medicine Cabinet will afford immediate relief, prevent serious illness and reduce your doctor bills. This cabinet contains carefully selected and propounded general purpose remedies, guaranteed under the pure food law, such as: Ointments for all aches, pains, sprains, etc. Corn Spots for corns, bunions, callous, etc. Laxative Tablets for headaches, bowels, etc. Pile Ointments for all kinds of piles, etc. Bronchial Tablets for all throat and lung affections. Laxative Herb Teas for liver, kidney, bowels, etc. Cold Tablets for Grippe, colds, coughs, etc. Digestive Tablets for indigestion, dyspepsia, etc. Healing Ointments for cuts, burns, bruises, etc. Catarrh Balm for catarrh, etc. All safe to use, with full directions and instructions as to symptoms and treatment of same. This cabinet is a work of art and an ornament suitable for the best household. When a preparation has become exhausted the same can be duplicated. The regular price of this cabinet is \$3.00 but we are placing on the market for a short time only as an introductory offer a number of these cabinets for \$1.99. Send now before offer is withdrawn. THE HAMILTON DRUG CO. Dayton, Ohio.

## MAY RESUME WORK AT KLOMAN MINE

Indications Now Favorable for Resumption at Old Property Near Republic.

It is thought by mining men here that the Kroman mine, at Republic, may be reopened this spring, or during the summer. The mine has a deposit of ore which is said to be marketable, and recently George A. Finney, of Chicago, and Thoburn Gibson, of Amasa, spent a few days at the mine looking it over. No announcement has been made regarding plans for the resumption of work at the property, but it is believed that negotiations to that end are underway, and that when work is once again resumed it will be under more favorable conditions than have characterized any of the efforts to work the mine during the past ten years. It is understood that the various interests concerned in the ownership and leaseholds have effected an arrangement by which one of the large title and trust companies of Chicago is in a position to guarantee the title. It is asserted that as a result of this company's guarantee three advance payments have been made by the interests that contemplate putting this property in condition to become a producer. The Kroman mine was reopened three years ago by the Jones interests, of Iron Mountain, and a Jones furnace was erected for the treating of the ore, but nothing came of the operations. Since the Jones people ceased operations the property has been idle. The opening of the Kroman would mean a business revival that would do much good. The Republic mine is working steadily, but there is plenty of room for the town to grow, and should the Kroman project materialize it is expected that a number of additional workmen and their families will have to be brought in. Iron River Shipments to Be Heavy. The mines in and near Iron River are beginning to get in readiness for the coming shipping season and it is expected that they will ship more ore than in any previous year. Last year there were forty-four shipping mines on the Menominee range, eighteen located at Iron River and Stambaugh. Twelve mines worked full force in the Crystal Falls district. The tonnage shipped last season from the range was 4,965,604 tons as compared with 4,711,440 tons in 1912. The mining men in the Iron River district are anxiously waiting for the opening of navigation, and when the first boats begin to arrive the shipping season will start with a push, as a number of the companies have already sold cargoes for this year.

A LAPLAND MINE.

The richest, and probably the largest, iron ore mine in the world is located at Kirna, Lapland, in latitude 63½ degrees north, which is about the same as the northernmost boundary of Alaska. The climate is somewhat milder than in Alaska, and these mines are worked the year round. About 1,600 men are employed and the equipment is all of the most modern machinery obtainable. Machine tools for the repair shop, air compressors and rock drills and several of the largest steam and electric shovels are of American make. The plant is at present operated by steam power, the coal supply coming from England and Spitzbergen, but the electrification of the mines is in progress, and this power will be used exclusively as soon as the new power plant of the state of Sweden, now under construction at Porjus Falls, is completed. The transmission line is completed and it is expected that the power station will be ready to deliver current early in 1914. One hundred and fifty thousand horsepower will be the capacity of this station, and it will be transmitted over a distance of 150 miles.—Dundee Advertiser.

## READING FOR BOYS.

Our young barbarians are primitive beings. Life to them is a picture theater of physical activities. Action is all. They would rather sail a boat or kick a ball than read a book; and when they are ejected into reading by a flaming wrapper or a color plate, it is not for ideas or aesthetic impressions. As Stevenson said long ago, "Eloquence and thought, character and conversation were but obstacles to brush aside as we dug blithely after a certain sort of incident, like a pig for truffles." Not for potatoes or other homely food; to the boy the merely real spells dullness. "A day of my life at school" is simply boring. The healthy boy lingers and thirsts for incidents and situations outside his experience, so ardent indeed that he will weave into the sad texture of ordinary things the bright-hued threads of romance.—Herbert Strang in T. P.'s Weekly, London.

## CHRONIC STOMACH TROUBLE CURED.

There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle! "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medi-
