

WAR WITH MEXICO FORGES TO FRONT AS A POSSIBILITY

Huerta Instigates a Crisis Threatening Abrupt Termination of Mediation.

ORDERS MAY ON BLOCKADE DUTY

Gunboats Are Sent to Tampico to Bottle Up the Port and Seize Ship Taking Munitions to Constitutionalists—United States Will Resist, It Is Indicated—Outcome May Be a March to the Southern Capital

BULLETIN.

Tampico, June 7.—In anticipation of an attack on the city by the gunboats Zaragoza and Bravo, the work of erecting fortifications at the mouth of the river here is being rushed. Five heavy guns already have been placed. Steps also are being taken to block the channel of the river, should such a measure be deemed necessary.

Washington, June 7.—Another crisis in the Mexican difficulty faced by the Washington government tonight—a situation fraught with perils for mediation and with possibilities that might precipitate actual warfare between the United States and Mexico.

General Huerta has brought about the new crisis by ordering his gunboats to blockade the port of Tampico and to seize a cargo of munitions en route there for the Mexican Constitutionalists on board the steamer Antilla from New York, flying the Cuban flag. Huerta has notified the powers of the intent to blockade the port, and that he purposes seizing the cargo consigned to the belligerents against his sovereignty as commander of war.

United States Will Resist.

The purpose of the United States to suppress the attempt to blockade and prevent interference with the Antilla was indicated tonight when Secretary Daniels issued an official statement in announcing that while no new orders had been given Rear Admiral Badger, there had been no change in the policy of the government in reference to its desire that the port of Tampico shall be open to all commerce. The statement follows:

"The navy department has issued no new orders to Admiral Badger since the Mexican gunboats were reported to be leaving Puerto, Mex. The department has at no time contemplated furnishing a convoy to the Antilla or any other ship, nor have any orders in effect relating to Tampico will do when issued. No order whatever has been received as to whether or not the warships of other nations have been notified of the blockade at Tampico, or what their attitude would be toward such a blockade. There has been no change in the policy of the government in reference to its desire that the port of Tampico shall be open to all commerce."

Contraband of War Included?

As to whether "all commerce" in this instance included contraband of war, no official of the government will discuss. So far as known, the only orders relating to Tampico have been issued to Admiral Badger on May 18 in the form of a message informing him that while it was not believed the Huerta gunboats would return to Tampico it was deemed advisable that the commanders of American naval vessels understand that the government desires that there be no interference with commerce at that port.

That an attempt to carry out the Huerta blockade decree will be made was verified today by Admiral Badger in a report to the navy department from Vera Cruz, announcing that the Mexican gunboats Zaragoza and Bravo, which left Puerto, Mex., last night, had passed Vera Cruz and were steaming toward Tampico. The American cruiser Tacoma and the gunboat Sacramento are following the Huerta ships. What the American warships will do when the commanders of Huerta's ships attempt to seize the Antilla, when she arrives at Tampico on Wednesday, no official in Washington would say tonight.

Officials Stirred to Action.

When the message from Admiral Badger reached Washington, it immediately was communicated to President Wilson, Secretary of the Navy Daniels and Secretary of State Bryan. Secretary Daniels hastened from church to his office, but denied himself to interviewers. No official information was obtainable from the White House.

The president conferred over the telephone with cabinet officials, and also received important messages from the American delegates to the mediation conference at Niagara Falls. Those were believed to have a bearing on the im-

COLONEL ROOSEVELT DEPARTS FROM PARIS FOR SPANISH CAPITAL.

Paris, June 7.—Colonel Theodore Roosevelt today continued his journey to Madrid, where next Tuesday he will attend the wedding of his son Kermit to Miss Belle Willard, daughter of the American ambassador to Spain. In Colonel Roosevelt's party are Mrs. Nicholas Longworth, Miss Katherine Page, daughter of Walter Hines Page, United States ambassador to Great Britain, who is to be a bridesmaid, and Oscar S. Straus, former ambassador to Turkey.

U. S. SUPREME COURT IS DUE TO FILE TODAY IMPORTANT OPINIONS.

Washington, June 7.—More than two score opinions are expected to be determined by the supreme court tomorrow. These promises to be the next to the last decisions given by the tribunal until next October. Several important rate and anti-trust suits which have been before the court for months may be included in the cases decided. It is expected that many of the opinions to be presented to the court, and this will be the last day such motions will be received.

The docketing of the appeal in the Harry K. Thaw extradition case has led to the belief that his attorneys, including the day either make an application to Justice Holmes or the entire court for Thaw's release from custody of the New Hampshire state officials, pending the consideration of his case by the supreme court.

HONOR CONVICTS CAPTURE TWO OF THEIR NUMBER WHO ESCAPE FROM LEAVENWORTH

Leavenworth, Kans., June 7.—Two prisoners, members of the disciplinary battalion under the honor system at the military prison at Fort Leavenworth, who attempted to escape, were captured today by fellow members of the battalion and returned to the custody of the commandant, John W. Hughes and Walter Ayres, taking advantage of the opportunity offered at a ball game yesterday, slipped through a crowd of spectators to freedom. The other members of the battalion were filled with wrath at the breach of honor of the two, and upon volunteering their services to return the men a score of them were sent out to search the surrounding country. After a search of several hours, the fugitives were found hidden in the woods.

MOTORCYCLE RACER KILLED.

Chicago, June 7.—Charles Balke, of Los Angeles, Calif., a motorcycle racer who had won many events in races throughout the country, was killed today when the cycle he was riding at more than sixty miles an hour crashed into a steam roller on an exhibition track here. Balke's neck was broken.

TORNADO IN SOUTH DAKOTA.

Cannistota, S. D., June 7.—A tornado injured four persons and did much damage to farm property in this vicinity last night. It traveled almost due north and swept everything in its path for about eight miles. Barns and outbuildings and crops were demolished.

Cornell University recently dedicated a forestry building in connection with the state college of agriculture.

ROCKEFELLER ESTATE IS PUT UNDER GUARD

Fifteen Deputies in Pay of the County Go on Duty at Pocantico Hills.

Tarrytown, N. Y., June 7.—To guard against the molestation of John D. Rockefeller and his family at Pocantico Hills, thought to be threatened through recent attempts at demonstration and discussion here in connection with the Colorado strike developments, fifteen deputies from the White Plains county jail were placed today on the Rockefeller estate, after a conference between Mr. Rockefeller and Sheriff Doyle. These deputies will be paid by the county. The sheriff said tonight that he regarded the situation at Pocantico Hills as "acute." Mr. Rockefeller attended church at Pocantico hills today.

WESTINGHOUSE STRIKERS KEEP CORDON OF PICKETS ABOUT THE VARIOUS PLANTS

Pittsburg, June 7.—There was no change today in the situation in the Turtle Creek valley, where ten thousand employees of the Westinghouse Electric & Manufacturing company, the Westinghouse Machine company and the Victor Meter company are on strike. Strikers pickets kept a cordon around the various plants today.

YACHT RACES IN SEA TO START THIS WEEK

All-Summer Series of Matches Will Determine Defender of America's Cup.

Washington, June 7.—The following is the weather bureau's forecast for Upper Michigan: Fair Monday and probably Tuesday; moderate winds mostly south.

CHURCH IN WALES DISESTABLISHED, AFTER FIGHT LASTING MANY YEARS. HOUSE OF LORDS MADE POWERLESS BY BILL LIMITING PEERS' VETO POWER.

London, June 7.—By the passage of the bill to disestablish the Church of England in Wales the Liberals reaped the first fruits of the parliament act which they passed to limit the veto power of the house of lords. It is forty years since the non-conformists of Wales commenced the movement to have the church disestablished so far as their principality is concerned and just under twenty years since a Liberal government in England and the house of commons the first bill to carry out the wishes of these nonconformists.

Like many Liberal measures since, this first disestablishment bill, passed by the house of commons by a majority of forty-four in a house of 504, was thrown out by the house of lords. Not until H. H. Asquith, who, as home secretary, introduced that first bill, became prime minister and undertook the huge task of curbing the power of the upper chamber, was there any hope of a bill to disestablish the church becoming a law, so strongly are the lords on the side of the establishment church in all matters of the kind. Now, however, they have to bow to the inevitable. Under the parliament act, the bill having passed the house of commons three times becomes law no matter what attitude the house of lords takes. It has been long known by those who desired the disestablishment of the church. In the first debate on the bill introduced by Mr. Asquith in 1895 the opposition was led by Mr. Balfour, who also spoke against the present measure, and the then home secretary had to face all the then big guns of the Conservative party. He had on his side, however, Joseph Chamberlain, then a strong advocate of disestablishment, but now, with all his followers, an opponent of it. Mr. Asquith's labor on that occasion, as that of many of his successors in after years, was wasted. As soon as the bill reached the lords it was thrown out without any consideration. Now the lords are powerless, except to make suggestions for amendments, which are not likely to receive much consideration from the Welsh

members of the house of commons, their Liberal supporters, both non-conformist and churchmen, and, above all, the Irish Nationalists, who voted regularly for the bill, perhaps not so much because they like its principle as because of a desire to get out of the way to give a clear road for the home rule measure.

While home rule has attracted more attention, on account of the opposition of a portion of Ulster, the Welsh church bill has created almost as much feeling between the two political parties and the Liberal Unionists, the Welsh Liberal, and with one or two exceptions all members of the house of commons from the principality are Liberals, were busy early and late urging the passage of the bill and supporting candidates in constituencies throughout the kingdom pledged to vote for it. The bishops and their supporters were just as busy. In every bye-election, organizations opposed to disestablishment entered the constituency to fight candidates who favored the bill, and Liberal churchmen were particularly urged to go against their party in this measure. All this has counted heavily against the government and several bye-elections have been influenced by it. Mr. Asquith has, however, gone steadily forward, endeavoring to carry out the pledges he gave the Welshmen twenty years ago to disestablish the church when it was in his power to do so.

Now that the disestablishment bill has been passed it is believed that all the old animosities aroused by it will be buried. The government, at any rate, has taken the first step toward that happy conclusion by appointing a non-partisan commission to carry out the provisions of Sir Henry Primrose, a civil servant of long and distinguished service, who is a member of the Episcopal church of Scotland; Sir William Fleisher, a chartered accountant, member of the Church of England, and Sir Herbert Roberts, a Welsh non-conformist member of the house of commons. The functions of the commission will be judicial, administrative and actuarial.

LONDON MILITANTS CREATE TURMOL IN CATHOLIC CHURCHES

Disorder Is Caused at Westminster and in House of Worship at Brompton.

WOMEN EJECTED ONLY BY FORCE

Public's Growing Hostility to the Suffragettes Has Result in Assaults on Open-Air Meetings—Speakers Mobbed—Police Save Them from Duckings and Beatings—Strange Young Man Found in King's Palace.

CONSUMPTION OF MATCHES ON THE WANE IN GERMANY; MAKERS WOULD SELL WORKS

Berlin, June 7.—The match is losing ground. A few years ago the German factories were supplying an average of 2,000 matches for each person each day. The use of electricity and the invention of automatic igniting devices have so reduced the consumption of matches, the manufacturers say, that the rate of use is now only 1,250 matches per person each day. The manufacturers, also depressed by the heavy taxes which have been levied upon their industry, are urging the government to take over their factories and establish a state monopoly in matches. The purchase would require some \$10,000,000.

MOTION PICTURE PLAYS OF BIBLICAL OCCURRENCES PROHIBITED IN PRUSSIA.

Berlin, June 7.—There must be no Biblical films in Prussia, according to a ruling of the highest administrative court of the kingdom. The Berlin police president had prohibited the production of a film which gave some scenes from the life and sufferings of Christ. The court sustained the action of the police, on the ground that the Christian religion is a part of the public order which the police are bound to uphold. The court also held that such a film grossly wounds the sensibilities of religious people, particularly in view of the fact that it is given along with light and humorous productions.

NEWLY INVENTED DEVICE MAKES SAFE ROBBER TAKE PHOTOGRAPH OF HIS SELF.

Berlin, June 7.—Automatic photography of safe-robbers at work is declared to have been perfected by a German inventor. The invention is based upon the oscillations of a quartz-silver, by means of which an electrical contact is made. The slightest concussion or tampering with the safe or wires will prove sufficient to complete the circuit and put the hidden camera in operation. At the same time the device sets off a flood of light for the picture taking and starts the burglar alarms ringing. The robber, when caught, will be confronted with a snap-shot of his own taking to establish his identity.

PRESIDENT POINCARÉ STILL UNSUCCESSFUL IN FINDING A PREMIER.

Paris, June 7.—The ministerial crisis today was as far from solution as ever, despite the strenuous exertions of President Poincaré. The exacting difficulty in finding a premier is declared in many quarters to be due to the skillful maneuvers of the Radicals against the president, with the object of forcing him to resign or to capitulate to them. President Poincaré, it is stated, is resolved to do neither of these things. The situation is being watched with growing anxiety throughout the country, as the national defense is considered at stake.

SIZZLING HOT AT CLEVELAND.

Cleveland, O., June 7.—Five persons were prostrated by heat here today. The mercury rose to 95 degrees at 4 o'clock in the afternoon.

FIND NEW USE FOR RADIUM.

Berlin, June 7.—It may soon become a fashion to tip off one's lightning rods with radium. German experimenters have found that a very small quantity of it—two milligrams—electroplated upon a small copper disc gives a marked increase in electrical attraction. Lightning rods thus equipped have been thoroughly tried out in the laboratory and have also worked satisfactorily in the open air. At the prevailing prices it is estimated the radium two-milligram equipment would cost about \$500.

Disorder Is Caused at Westminster and in House of Worship at Brompton.

WOMEN EJECTED ONLY BY FORCE

Public's Growing Hostility to the Suffragettes Has Result in Assaults on Open-Air Meetings—Speakers Mobbed—Police Save Them from Duckings and Beatings—Strange Young Man Found in King's Palace.

London, June 7.—Suffragettes for the first time today invaded Catholic churches and created scenes by attempting to harangue the congregations. Worship was disturbed in both Westminster cathedral and the church of the Oratory, Brompton.

Westminster Pulpit Invaded. Father Bernard Vaughan had just taken his place in the pulpit in Westminster cathedral during the evening service when a woman rushed up the steps into another pulpit and, waving her arms toward the altar, shrieked: "In the presence of the blessed sacrament I protest against the forcible ejection of women."

The suffragette was well dressed and apparently a woman of refinement. Murmurs of protest at the sacrilege ran through the edifice. One of the women worshippers tried to persuade the suffragette to descend from the pulpit, but she remained there, waving her arms and yelling incoherently until the verges, finally, pulled her down the steps and led her to the door of the cathedral. There she was turned over to the police. She declined to give her name.

Great Disorder in Brompton Church. A band of militant suffragettes interrupted the midday mass in the Church of the Oratory by chanting: "Give us Emmeline Pankhurst and all our noble prisoners, open the eyes of this church and of the priest to put an end to the torture; in the name of the blessed Joan of Arc hear them in their hour of need."

A scene of great disorder ensued. Struggling fiercely and shouting loudly, the suffragettes were forced by verges and male parishioners down the aisle to the door and then into the street. Only two of the suffragettes were arrested. They also refused to give their names.

The growing hostility of the part of the public toward the militant suffragettes was shown today by assaults on several open-air meetings. Speakers were mobbed and stands were torn down. The women were saved by the police from duckings or beatings.

Intruder in King's Palace.

A sensational incident of the day was the discovery of an intruder—a young man who gave his name as Harry Pike—in Buckingham palace, where the royal family spent Sunday. In the early hours of the morning, Pike entered the palace, as he explained afterward, to prove that entrance easily could be effected despite the heavy guard of soldiers. He scaled the wall and wandered through the corridors for some time. Once he was near the queen's apartments.

Pike was finally discovered and overpowered in the servants' quarters. He will be arraigned tomorrow on a charge of having been found on enclosed premises for unlawful purposes. This is the only offense provable against him, so far as is known at present.

CADDIES GO ON STRIKE; ASSAULT CLUB MEMBERS.

Bronxville, N. Y., June 7.—One hundred caddies at the Sivanoy Country club here struck for higher pay today. Resisting attempts of members to eject them from the club grounds for interfering with the work of the new boys who were called in, the caddies wielded golf clubs freely, several members of the club sustaining cuts and bruises in the encounter. Deputies from the White Plains county jail, who had been summoned to assist the club members, arrived after the strikers had disappeared.

MONDAY, JUNE 8, 1914.

IN THE EMPIRE STATE.

Colonel Roosevelt has returned several negatives to the proposal that he shall run for governor of New York as the Progressive candidate this year, but the demand that he do so continues unabated and is given force by the urgency of many leaders of strong character and usually sound judgment. It is also indicated that while the colonel has shown marked disinclination to undertake this task, he has not positively, and finally, told his intimates that he will not, under any circumstances, make the race.

As far as election statistics throw light on the subject, it is a confused light. For Job Hedges in 1912 444,105 votes were cast and 393,183 for Oscar S. Straus, the Progressive nominee. On the face of things, it would appear that Colonel Roosevelt should be sufficiently stronger than Straus to give him a much larger vote than was cast for the Bull Moose candidate in 1912. The Republican enrollment in New York state is, however, 526,000, and the Progressive enrollment 111,000. While this need not mean all that it appears on the face to mean, it is still a condition to be taken account of. Many Progressives would prefer to have the colonel keep out of the New York contest, so that he may give more attention to other elections of the fall and so that he will be available in 1916 without having participated in any election in the interval.

The New York fight would perhaps be a difficult one for him to win. He has always been stronger in the Middle West than in the East, and his friend Barnes and Barnes' associates would throw themselves into the struggle against him with more energy than they have ever before put into a contest of the kind.

What the immediate issue will be is doubtful, but comment of the Bull Moose leaders in the state the past few days has made clear their strong determination not to endorse Whitman, but to put forth the strongest Bull Moose ticket they can name, no matter what the outcome may be. The mature utterance of Colonel Roosevelt on the general questions involved thus becomes a matter of great interest. It will doubtless be forthcoming shortly after his return from the continent.

OPENED TO EXPLOITATION. Conservation of natural resources in the United States will be set back a full generation if the decision of District Judge Dooling in the California oil case is allowed to stand.

By the decision one million acres of oil lands are restored to entry. These are claimed by the Standard Oil company and the Midwest Oil company, a subsidiary of the Southern Pacific. The tract was withdrawn from entry during the Taft administration, the clinching argument in favor of withdrawal being its proximity to the coast and consequent availability for purposes of naval supply. Recent developments in the construction of oil-burning vessels point to the economic necessity of the government possessing an independent source of supply as close as possible to tide-water.

Aside from this particular case, however, the decision is far-reaching in its possibilities. If accepted as a precedent all withdrawals of land from the public domain by executive action, under authority of congress, may be overruled as illegal. This would open to private exploitation vast areas of mineral and forest lands in the western states, rendering null and void the earnest conservation efforts of past administrations.

much to expect, that at that time Mr. Osborn will outline with more definiteness just what he thinks of the political situation, and what part he expects to take in it. In any event, the large number of politicians who now find themselves up in the air hope to be able to begin getting back to earth on the morning of the 11th.

The situation in the Eleventh district is one leaving no doubt that whatever reason Mr. Yelland is seeking the Republican nomination for, it cannot be for the reason that he expects to win it. It's a fight between Bayliss and Scott. Mr. Yelland's persistence in the campaign can do no more than injure Bayliss' chances without in any manner helping himself.

The council gave the Ishpeming fire department \$500 with which to help arrange for adequate entertainment of the visitors who will attend their tournament. The Ishpeming public will come in on the big show, and the money will be well spent. The appropriation is typical of Ishpeming's "pull together" spirit.

The Grand Rapids Bull Moose are represented as very desirous of having Mr. Osborn run as the Progressive candidate for governor. However, all that has been written and said by the ex-governor on this subject indicates that he intends to approach his work as a harmonizer from the G. O. P. side of the fence.

The secretary of state doubtless considered, as he arranged his second annual chautauqua itinerary, that the second plunge into the sea of newspaper criticism would hardly be as unpleasant as the first.

The British militants show an undiminished resolve to make or break themselves. There's no doubt about their having the courage of their convictions.

Marquette is to have an unusually long summer this year. Now's the time to write your out-of-town friends that it is an ideal summer resort.

The Canadian and Colorado authorities were of one mind with regard to the classification in which "Mother" Jones properly belongs.

The ladies, the Lord bless 'em, are now almost overwhelmed by the nice things the men candidates say about 'em in the suffrage states.

It's not dog days, but precious little is happening about this vicinity. Can't Mayor Bogale and the commission start something?

It pays to advertise. That's why, doubtless, Mayor Lloyd is doing his best to put the good town of Menominee on the map.

The operation of the "cat and mouse" law apparently acts on the British militants like oil thrown to the flames.

No more excitement over the "River of Doubt." It's taken as quite a matter of course.

Fine growing weather.

Copper Country

IRON COUNTY TOWNS ROYAL ENTERTAINERS

Excursion to Western Menominee Range a Rousing Success—Visitors Are Feted.

The copper country excursionists to Iron River, who also were excursionists to Crystal Falls, the latter being an unscheduled feature, had such a good time Saturday that they threw time table considerations to the winds and did not reach home until nearly midnight. The excursion was a great success. The copper country visitors had nothing to sell, but they did want to know the iron country better. The trip was so great a success that there already is talk of a similar trip to Marquette and Ishpeming.

When the Copper Range special pulled out of Houghton in the morning there was an attendance of 152 members. Of this number eighty-seven came from Calumet and Laurium. The journey through to Crystal Falls was made on schedule time. President William A. Paine of the Copper Range Consolidated joined the party at Painesdale. At Sibley a short stop was made and the Calumet & Hecla band played a brief concert program at the station to the evident delight of the townspeople. Here W. S. Prickett joined the party.

Union Club Receives Visitors. When Amasa was reached a committee from the Union club of Iron River and Stambaugh met the train and extended the hospitality of the club to the visitors. This committee consisted of John McEla, W. S. Coe and E. H. O'Brien. When Crystal Falls was reached a short stop was made and some forty automobiles were in waiting. The Crystal Falls citizens invited as many members of the party as cared to make the trip to Iron River by auto to do so. The majority of the copper country people availed themselves of this opportunity and likewise had a fine chance to get a close view of Crystal Falls. The auto trip to Iron River, covering a distance of sixteen miles of the finest gravel road and with delightful scenery all along the journey, was a feature that was much enjoyed.

Iron River an Automobile Town. At Iron River the whole town was on hand to greet the visitors. The arrangements of the Union club, for the entertainment of the visitors were ideal. Automobiles were provided for the entire party—and it might be stated in passing that there are more automobiles in Iron River than in any town of the same population in the country—and a visit to a number of the mines and mine locations in the vicinity was made. There was a brief stop at the Rogers mine, where the visitors had a chance to see the iron mining methods in progress.

Band and Quartet Make Hit. While the copper country people were making this automobile trip the Calumet & Hecla band played a concert and the band never had a more appreciative audience. Every number was applauded. H. King and Cowley, in their rendition of the "Holy City" with the band in accompaniment, made a particular hit.

CONCLAVE BIG EVENT FOR COPPER COUNTRY

Knights Templar Convention in 1915 Will Attract Hundreds of Prominent Men.

The selection of Houghton county as the place of holding the 1915 convclave of the Michigan grand commandery of Knights Templar may not have been given more than a passing thought by the average citizen, but a little consideration will show that it is an event of general importance to the copper country.

This convclave will bring to the region next June just about one thousand of the representative citizens of the lower peninsula of Michigan, to say nothing of an equally representative delegation from the upper peninsula commanderies. Membership in the Knights Templar carries with it the evidence of some little importance in a community. The membership has a pretty high standard of citizenship. The members generally are high in the business and professional life in their community. Thus the copper country will be seen next summer, probably for the first time, by fully one thousand men whose opinion and influence is to be valued.

C. J. McGee, past commander of Palestine commandery, who attended the Lansing convclave last week, at which convclave the choice of Houghton county for 1915 was made, makes the announcement that the convclave for next year is to be well attended. Without seeking it, Mr. McGee has the assurance from such commanderies as those of Detroit, Grand Rapids, Ann Arbor, Port Huron, Kalamazoo, Muskegon and Lidington that they will come with marching delegations. Detroit commandery will bring its famous drill team. A conservative estimate by Mr. McGee put the number of visiting Knights at one thousand, and with their ladies it can be seen that the visitors will be numerous.

Gordon R. Campbell, grand commander, will shortly announce a general convclave committee for 1915. This committee will be of the state and it will appoint sub-committees in the copper country. The convclave city usually spends the entire year in preparation, as the gathering will involve many enter-

tainment features. Montrose and Palestine commanderies will follow this tradition and will begin active preparations almost immediately.

The convclave will open June 8. It is to be held in both Houghton and Calumet and while the definite division of interest has not been made it is expected there will be a parade in each town, the one in Houghton being to escort the grand officers to headquarters at the Masonic temple, where the business sessions very probably will take place.

The big parade and the drill features will be given in Calumet, where the spacious streets and the level character of the town make them possible. It also is not unlikely that the convclave banquet will be given in Calumet.

Charter Special Steamers. At least three steamers have been chartered already of have been spoken for by southern Michigan delegations. The possibility of water transportation to the convclave appeals to the knights from below the Straits. Especially attractive rates are to be arranged for steamer and railroad travel, and while the knights will have to travel farther to the copper country than they ever traveled before to a state convclave the expense will not be heavy.

The copper country is an unknown land to the majority of lower Michigan people. The strike last year made them curious to know this district better. The convclave gives the copper country an opportunity to show itself in its true light to hundreds of leading citizens of the Straits-separated southern part of the state.

NEW JERSEY'S GOVERNOR HERE.

Woodrow Wilson's Successor Passenger in the Octoara.

The passenger season on Portage lake opened Saturday afternoon with the arrival of the Anchor line steamer Octoara. Chief among the passengers was Governor J. F. Fielder of New Jersey, who with Mrs. Fielder is making a tour of the lakes. The governor was given an opportunity to see something of the copper country by H. S. Voadell, a fellow passenger, who placed an automobile at his disposal, and he availed himself of the opportunity so thoroughly that he was beyond the reach of interviewers during his short stay.

"KNOW THYSELF" IN HANCOCK.

City Council Is Going to Give the City Streets an Inspection.

Mayor Ojala and the members of the city council of Hancock have decided to take a look at the city. They are all residents of many years, but like the majority of the people of the copper country, they do not know the names of many of the older streets. This is a striking copper country characteristic. The Hancock council spends more or less money now and then on improvements to the streets of the city and the members finally have decided to go over the streets and see if the improvements actually have been made and if proposed improvements are necessary. They will devote all of Wednesday to inspecting the city. It would not be astonishing if they learned a whole lot about the place and, above all, they will be setting a good example.

NOTES OF THE CHURCHES.

Dr. Charles Bayard Mitchell of Chicago is the principal figure this week in the exercises in honor of the dedication of the redecorated and remodelled Calumet M. E. church. Dr. Mitchell lectured Saturday night and at both services yesterday occupied the pulpit. Other exercises during the week will enlist the assistance of a number of copper country pastors. The Calumet Salvation Army last

RIPLY-DOLLAR BAY ROAD.

Houghton County Road Commission Lets Important Contract.

The Houghton county road commission has signed with the Smith, Byers & Sparks company a contract for the construction of the Ripley-Dollar Bay road. The contractors have already started operations. The road will extend from the Hancock approach to the Portage lake bridge to Dollar Bay. It will be twenty-four feet wide and will be of tar and gravel construction, a new type of road for this district, though in effect a macadam road made of naturally crushed rock.

The contractors began operations on the old engine house and the brick smokstack of the old Lake Superior Smelting company's plant near the bridge in Ripley. This old smokstack was a landmark in Ripley and there was some regret at its destruction, but this regret had a tinge of joy because the new road has been a great necessity in Ripley for years. The tearing down of the old structures was for the purpose of straightening and widening the road.

COPPER COUNTRY SPORTS.

C. & H. Baseball—Independent League Meeting—High School Meet.

In the Calumet & Hecla league, Saturday the following were the scores: Portage, 2001000000-3 8 1. Lake Linden, 01000000-1 6 2. Batteries: Wagner and Miller; Glessner and Parks. Umpire, Werner.

R. H. E. Calumet, 001002011000-5 9 5. Hecla, 020010101000-5 9 3. Batteries: Foley and Chaille; Chaput and Noranger. Umpire, Sniawick.

The league standings follow: Calumet, 2 1 667. Hecla, 2 1 667. Lakes, 2 2 500. Portage, 2 2 500. Hubble, 2 2 500. Amnoco, 2 2 500.

A meeting of the representatives of the four teams of the Houghton County Independent Baseball league will be held at the Calumet Light Guard armory at 8 o'clock this evening for the purpose of selecting a league secretary, drawing up the rules by which the league is to be governed and deciding upon the forfeits, the selection of a league trophy, the completion of the schedule and the possible admission of a Keweenaw county team. The Lake, Calumet and Laurium teams are in favor of admitting a fifth team, which will give the players of each team one Sunday in every three weeks to themselves.

For the first time in three years, the Houghton High school, the permanent holder of the upper peninsula track meet trophy, lost to its chief opponent in all track meets, Hancock, in the copper country track meet at the Hancock Driving park Saturday afternoon. Hancock scored 58 points, Houghton 40 and Calumet 6. Elden McElym of Hancock was easily the star athlete, scoring individually twenty-six points and sharing in the five won by the team which ran the half-mile relay in 1:29.1, considered the copper country record for that event. Lionel Worthington of Houghton scored twenty-one points. He broke the running broad jump record, jumping 20 feet, 10 inches. Besides the records in the broad jump and relay events, the general work of the teams fell considerably below last year's records. Con-

The National "Makings" Enough "Bull" Durham Tobacco is sold in a year to make approximately 12 billion cigarettes—about the same number as all brands of ready-made cigarettes in this country combined—and the sales are steadily growing. Millions of experienced smokers prefer the cigarettes they roll for themselves from "Bull" Durham tobacco to any kind they can buy ready made. Cigarettes hand-made from "Bull" Durham possess a fresh, fragrant aroma that is irresistibly attractive—a rich, smooth flavor that is wonderfully satisfying. GENUINE "BULL" DURHAM SMOKING TOBACCO (Enough for forty hand-made cigarettes in each 5-cent sack) Get a 5-cent sack at the nearest dealer's today—"roll your own"—and enjoy the most satisfying luxury in the world. Sold wherever good tobacco is sold—and you can always get it fresh. FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Book of cigarette papers, will both be mailed to you, free, on postal request. Address "Bull" Durham, Durham, N. C. THE AMERICAN TOBACCO COMPANY

considerable discussion arose over the results of the shutout event, Chynoweth of Houghton trying Mette of Hancock in the first try. After a worthy battle lasting nearly three-quarters of an hour, the rule book settled the argument by allowing the two men to throw out their tie. This time Chynoweth easily won, throwing the shot 26-8, falling, however, nine inches below the copper country record he made last year.

FIREMEN'S MEMORIAL DAY.

The Houghton and Houghton fire departments observed yesterday as firemen's memorial Sunday. A parade to Forest Hill cemetery, the decorating of firemen's graves and an address by Rev. William Reid Cross made up the exercises.

Markets

(From Geo. F. Ruez, Ishpeming.)

BOSTON COPPERS.

The market had a sudden rally Saturday, due to a story of the report of the interstate commerce commission would be made public after the close. The rally extended from one to three points with the closing at the highest. A 81 assessment has been called on Winona. Closing prices at Boston Saturday follow: Adv. 1 1/2, 2 1/2, 3 1/2, 4 1/2, 5 1/2, 6 1/2, 7 1/2, 8 1/2, 9 1/2, 10 1/2, 11 1/2, 12 1/2, 13 1/2, 14 1/2, 15 1/2, 16 1/2, 17 1/2, 18 1/2, 19 1/2, 20 1/2, 21 1/2, 22 1/2, 23 1/2, 24 1/2, 25 1/2, 26 1/2, 27 1/2, 28 1/2, 29 1/2, 30 1/2, 31 1/2, 32 1/2, 33 1/2, 34 1/2, 35 1/2, 36 1/2, 37 1/2, 38 1/2, 39 1/2, 40 1/2, 41 1/2, 42 1/2, 43 1/2, 44 1/2, 45 1/2, 46 1/2, 47 1/2, 48 1/2, 49 1/2, 50 1/2, 51 1/2, 52 1/2, 53 1/2, 54 1/2, 55 1/2, 56 1/2, 57 1/2, 58 1/2, 59 1/2, 60 1/2, 61 1/2, 62 1/2, 63 1/2, 64 1/2, 65 1/2, 66 1/2, 67 1/2, 68 1/2, 69 1/2, 70 1/2, 71 1/2, 72 1/2, 73 1/2, 74 1/2, 75 1/2, 76 1/2, 77 1/2, 78 1/2, 79 1/2, 80 1/2, 81 1/2, 82 1/2, 83 1/2, 84 1/2, 85 1/2, 86 1/2, 87 1/2, 88 1/2, 89 1/2, 90 1/2, 91 1/2, 92 1/2, 93 1/2, 94 1/2, 95 1/2, 96 1/2, 97 1/2, 98 1/2, 99 1/2, 100 1/2.

New York Stocks.

The well-liquidated state of the New York list was demonstrated by the course of prices at the week-end. Reports were industriously circulated to the effect that the decision in the Eastern rate cases would be handed down over Saturday, and such rumors produced more or less consternation among speculative sellers, with the result that an aggressive covering movement was inaugurated and prices responded easily in view of the limited amount of long

Upper Peninsula

Plow Unearths Copper. While Normal Cosgrove was plowing in his father's farm near Baraga this day he unearthed a chunk of lead ore weighing nearly 350 pounds. The metal is valued as close to \$50.

Cattle on Cut-Over Lands.

The Lake Superior Iron & Chemical company has had shipped to Newberry nearly two hundred head of cattle. The animals will be pastured on cut-over land. Feeding on the luxuriant growth of wild grasses the cattle fatten quickly and are killed to furnish meat for the company's camps.

Little Hen Lays Big Egg.

Sometime ago the Menominee Herald-Leader published an item stating that a hen had laid an egg measuring seven inches around one way and 4 1/2 inches the other way. Right here in this township a small black hen recently laid a large white egg which measured 7 1/2 inches by 6 1/2 inches. Chas. G. Swanson is the owner of the hen and will back this statement.—Stephenson Journal.

Will Have Big Cherry Orchard.

John Darrow of Rapid River has completed the work of setting out five hundred cherry trees. This is the beginning of experimental work in fruit growing in that vicinity. In all about thirteen acres was fenced with woven wire. The balance of the area thus enclosed will be planted to trees next spring. The holes, for setting the trees were all made with dynamite, a separate shot being made for each. Another summer currant, gooseberry, raspberry and blackberry bushes will be planted between rows and every part of the enclosure utilized.

Heads Alabama Telephone Company.

W. R. Burns of Muncising has been elected president of the St. Clair County (Alabama) Telephone & Telegraph company, capitalized at \$25,000. Whitt one exception officers of the concern are the same as those of the Muncising Telephone & Electric company. St. Clair county, Alabama, which had 28,000 population two years ago and is growing one of the few Union counties during the Civil war. It has several Republican county officers. The company of which Mr. Burns is president has four telephone exchanges in St. Clair county and 176 miles of toll lines. It also controls the toll lines in the northern half of Shelby county, Alabama, where it has established a new exchange. The head-quarters of the company is at Pell City, a place of 2,500 population, in an agricultural and iron district. Mr. Burns has disposed of his interest in the Central market at Muncising to his partner, Oliver Shampine. He retains his interest in the Muncising Telephone & Electric company and will spend as much time in

Amusing as his interests in Alabama will permit. He sees almost unlimited possibilities for the extension of the telephone business in the southern states.

Shipping Suckers to the East.

Trombley & St. Germain of L'Anse au Loup shipped more than three tons of fish, most of this going to New York city. The firm intends to extend its operations. So far it has been catching only suckers, but there is a good market for these in the East.

Future Fruit King.

J. H. Hunter of Newberry will have within a few years one of the finest fruit farms in northern Michigan. During the last two years he has planted upwards of two thousand trees, winter apples, cherries, plums, etc. The region has been proved to be without a rival in the production of all the harder fruits, but it is only of late years that public attention has been drawn to the opportunities awaiting those who will give their time and attention to this new industry in Cloverland.

Garbage Collected for Cent a Day.

A new garbage ordinance has gone into effect at Iron River and it will be rigidly enforced. The village council has purchased a closed wagon for the collection of refuse and the householders have provided themselves with covered garbage cans. Regular collection of garbage will be made twice a week. The charge is thirty cents a month, or one sent a day. This price includes the removal of everything that is placed in the garbage cans. All property owners and occupants are required to keep their premises free from refuse, ashes and litter of any kind, which may all be placed in the cans with the garbage.

DO NOT EXPERIMENT.

You Won't Make No Mistake if You Follow This Marquette Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness, and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time. Doan's Kidney Pills are a good remedy to use. No need to experiment. It has acted effectively in many cases in Marquette. Follow the advice of a Marquette citizen.

Mrs. Leonard Richer, 405 Rock St., Marquette, Mich., says: "One of my family had kidney and bladder weakness and had little control over the kidney secretions at night. We tried remedy after remedy and spent a great deal of money but nothing brought relief until Doan's Kidney Pills were used. They improved her health and acted beneficially in every way. The public endorsement I gave Doan's Kidney Pills some years ago still holds good. I still think they are the best kidney remedy any one can buy. The one of our family who took them has not been bothered by her kidneys or back since." For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Their First Breakfast It's a wise bride that doesn't attempt too much for that breakfast. She can escape cooking in a hot kitchen; avoid rich greasy foods, and have a good breakfast just the same, by serving Post Toasties. Toasties are choicest bits of Indian Corn perfectly cooked, delicately flavoured, rolled paper-thin and toasted to a crisp, appetizing brown. This food comes in tightly sealed packages, ready for instant serving with cream and sugar—also delicious with fresh berries. Light, wholesome, nutritious and temptingly good for the "first breakfast" and the countless meals that will follow— Sold by Grocers everywhere.

City Brevities

J. P. Bushong, of Gladstone, was a Marquette visitor over Sunday.

Ralph Hammond spent the week-end visiting his parents at Wells, Mich.

Mr. and Mrs. A. E. Moore spent yesterday fishing at Lake Independence.

J. P. Jackson, and wife, of Milwaukee were week-end visitors in Marquette.

Mrs. Nelson Aubian, of Lake Linden, visited relatives in Marquette over Sunday.

W. W. Blake Arkool, manager of the Embalgard dairy at Big Bay, spent yesterday visiting friends in Marquette.

Morris E. Steven returned to Marquette Saturday from New Era, where he has been engaged as a school teacher.

Mrs. John Parker left last night for Duluth, where she will spend two weeks as the guest of her daughter, Mrs. C. F. Rowe.

Miss Edith Vivian, who is studying to be a nurse at the West Side hospital, Duluth, spent yesterday with friends in Marquette.

Born, to Mr. and Mrs. F. H. Vandenberg, at St. Mary's hospital at 11 o'clock last evening, a son; weight, eleven pounds.

Miss Elsie Scott, who is training for a nurse at Columbia hospital, Milwaukee, is visiting her parents in Marquette on a three weeks' vacation.

Mrs. Dan Keough left Saturday for Saginaw to attend the state convention of the Maccabees, which opens there Tuesday. Before returning to this city she will visit in New York and Cleveland. She will be absent from the city four weeks.

Confirms Many—Bishop Eis, of Marquette, yesterday confirmed 376 young persons in the three Catholic churches of Escanaba. They were all received in breaking classes. At high mass at St. Patrick's church the bishop was escorted by Company A. St. Patrick's battalion.

Tigers Tie Tanners—At the end of ten innings of hard battling at Wetmore yesterday afternoon, the Munising Tanners and the Wetmore Tigers each had eight runs to their credit, and the game was called off. The Wetmore team challenges any amateur team for a game any time.

Singer Is Here—Edward Lankow, an opera singer, was one of the passengers on the steamer Octorara, which arrived here Saturday. Mr. Lankow will spend the summer camping near the city. Later in the season he will be joined by L. A. Torrens, a Chicago music master, and a class of pupils.

Four Boats for Ore—The United States Steel corporation steamer Bessemer cleared Saturday with 5,812 tons of Buffalo-Cameo ore for Cleveland. The W. C. Franz will arrive here Tuesday with coal, and Thursday will load 5,000 tons of American crushed ore. The Mariposa of the Steel corporation is due here Thursday.

Made the Dirt Fly—For three hours Saturday afternoon, a group of about fifty members of the first troop of Marquette Boy Scouts, headed by Dr. R. W. Main, city health officer, conducted a terrific onslaught on the rubbish pile in the vacant lots at the top of the West Ridge street hill. Several such campaigns are planned for this summer.

To Inspect Reserves—Lieutenant Johnson of the Michigan State naval board will inspect the Marquette battalion, Michigan Naval Reserve, in this city Sunday. The inspection will be made in the afternoon. He will be accompanied by the commanding officer, who has been notified of the coming inspection. The inspection is in accordance with a new ruling designed to learn whether the reserves are up to the standard required in the regular service.

Octorara Arrives—Seven bridal couples from Detroit, Erie and Cleveland, and Governor and Mrs. J. E. Fielder, of New Jersey, were among the seventy-five passengers on the Anchor Lite steamer, Octorara, which arrived here Saturday on her initial trip of the season. She carried 150 tons of freight, including a five-passenger Hippodrome for W. R. Gates, state game warden. The Octorara is due here again at 5 o'clock Tuesday afternoon and will leave at 5:30 down-bound.

Puddle Dog Act—Gangler's White Poodles, a comedy dog act, will be the vaudeville attraction at the Marquette Opera House Monday and Tuesday of this week. The pictures for tonight are as follows: "Blatney Bill and His Pal's Legacy," a Melies farce comedy; "Tested by Fire," a Selig drama; "Winky Willy's Arithmetic," a Melies comedy, and "The Coward and the Man," an Edison drama. "Chelsea 7750," a Famous Players production, will be the motion picture bill Tuesday. The high school commencement exercises will be held Wednesday evening.

INSURE WITH PETER WHITE & CO DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube, when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, Ohio. Sold by druggists. Take Hall's Family Pills for constipation.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by All Dealers.

COMFORTING TO STOUT PEOPLE. Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy, gassy taste. A stout person who uses them constantly will really feel thinner out and more comfortable as a result of their use. For sale by All Dealers.

PARKER A GOOD SHOT.

Does Remarkable Work With Gun and Revolver at Rifle Range.

Thomas Parker, crack sharpshooter, gave a remarkable exhibition of handling firearms before an assemblage at the Marquette Gun club's rifle range near Presque Isle yesterday forenoon. Mr. Parker has a unique repertoire of feats with low and high power rifles and revolvers. One of the most difficult of his performances with the high power rifle is in bottle breaking. Mr. Parker places two bottles, one on top of the other, strikes with a pump-loading gun breaks the bottom bottle and then shatters the top one before it falls to the stand after the bottom bottle has been shot out from under it. The trick is said to be one of the most difficult in fancy shooting.

Another performance was the demolition of oranges and cans of tomatoes in the air with high power 22-caliber rifles. The bullets from these rifles hit a common can of tomatoes with such force that, although only a small hole is made where the bullet strikes, the whole can is split open and falls to the ground a mass of tin. Mr. Parker also showed remarkable marksmanship in shooting small coins and buttons. In this connection also he uses a washer, tossing it into the air and piercing the steel with high power bullets.

Several members of the Gun club, including Howard Hall, were at the range and, following the exhibition, a practice trap shooting match was staged. Mr. Hall, in this match, did some remarkable work. He defeated Mr. Parker by three scores, counting twenty-three points to the latter's twenty. H. J. Waterbury scored the next highest number of points, a total of seventeen. Dr. M. S. Bean scored thirteen points, and W. O. Johnson, nine.

The scores were better than was expected, considering that it was the first formal shoot this summer. An attempt will be made to revive the interest in the sport during the summer months, and if sufficient enthusiasm is manifested the Marquette club will organize a team to represent it in upper peninsula tournaments. A few years ago the Marquette Gun club had a rifle team that defeated the crack shooters at the Soo and made a strong bid for the honors of the peninsula.

TO TRY TO COLLECT DELINQUENT TAXES

City Wants the Personal Property Taxes on the Municipal Books Since 1892.

There are several individuals and concerns owing Marquette \$3,200, and Marquette is going to get that sum, too, that is, if those delinquent can possibly be made to pay their obligations. Since 1892, delinquent personal property taxes have been outstanding on the city's books. Each year the amount has increased slightly, and now the aggregate has gone beyond the \$3,000 mark. Mayor Begele thinks that it is time to do something. He has ordered the city controller to prepare a list of the delinquents. This list has been placed in the hands of the city attorney, and now the city's collecting agency is about to get busy.

For the most part the taxes have fallen behind in personal property because the property owners protested at the assessment roll. Each year when the assessment roll was audited, the same people, and more, than the year before, to collect the taxes they were uncollectible by the usual methods. The city has avoided taking legal steps to bring in the money of the delinquents, and because in each instance the taxes were comparatively small items of themselves, they were let go after a few attempts to collect, and were carried on the books for years.

A few firms that owed the city personal property tax have moved out of town or have gone bankrupt. The city attorney is exerting every effort to get into communication with this class of delinquents, in an effort to make them pay up. He has succeeded in communicating with several of the firms that have moved out of town, and from a number he has received promise of payment. Several that still remain in the city have also been notified that they must settle.

All told, there is a list of between seventy-five and 100 delinquents that will be looked up and from which taxes will be collected if that is possible.

VOLCANIC ACTIVITY WANING, HE THINKS

But the Hope Dr. Perret Holds Out for Japan is a Matter of Centuries.

Tokio, June 7.—Dr. Frank A. Perret, the American volcanist, has come to the conclusion that the volcanic and earthquake activity which has been the source of continual worry and frequent devastation in Japan is on the wane. But the hope he holds out is not for immediate cessation of these troubles. It is a matter of centuries.

Dr. Perret is one of the few scientists who devote their whole time to the study of the earth's convulsions. He represents the Volcanic Research society of Springfield, Mass., and the Volcanological Institute of Naples, spending most of his time under the shadow of Vesuvius. He came here last February to visit the scene of the volcanic eruption on the island of Sakurajima, the month previously, when Sakurajima's molten lava caused a great loss of life and property. Details of an accident which befell him during Dr. Perret's investigations make it appear that he had a very narrow escape from death on Sakurajima in March. He was taking notes of a lava flow when suddenly a small crater, only sixty feet from where he was standing, burst forth with a terrible explosion, sending a column of lava and red-hot rock thousands of feet into the air. A tongue of lava struck one of Dr. Perret's knees and several stones burned in to his flesh. That his injuries were not more serious or even fatal, was due only to the fact that he was able to shelter himself behind a large boulder. I have taken many chances," he said, "but certainly I have never been so near death as I was at Sakurajima."

While the full report of his investiga-

From will not be drawn up until later, Dr. Perret is convinced that the study of volcanic and seismic conditions in Japan has been well worth while. For one thing, he said, "it adds to our knowledge of the mode of action of exploding lava in causing a horizontal blast, which is one of the most destructive of all volcanic manifestations, as was shown at St. Pierre, Martinique, in 1902, when thirty thousands persons lost their lives." Speaking of the general situation, he continued: "We must remember that volcanoes form a constructive means for the up-

A Block of Stores of which Marquette may well be proud

ROSE'S ARCADE TONELLA & SON SCHOCH & HALLAM PETERSON KELLY HARDWARE CO. THE PARIS FASHION

A row of stores that exhibit by their fronts the progressive spirit that makes them foremost in anticipating and supplying the needs of their host of satisfied customers.

Such stores as these should and do appeal to every person who has pride in the appearance of our city and a desire to make a more beautiful and desirable place to live in.

Especially credit is due these merchants and property owners who through their live interest and determination to be ever in the van have made possible this attractive block of stores.

If this block is not in the path of your daily travel make it a point to walk over our way.

The service you get in these stores will interest you, perhaps even more than their new appearance.

The Paris Fashion "STYLE AUTHORITY SHOP." MARQUETTE.

# Downward Revision of Prices on All Our Spring Suits, Coats and Dresses for Women and Misses

You can now buy at Huetter's a handsome suit, coat, dress or hat, the style and quality of which are assured, and you'll pay for it considerably less than it was marked a month ago.

In order to effect a quick disposal of our stock of Spring suits, coats, dresses and hats, we have lowered prices. We did not reduce prices merely a few cents, but cut them deeply. These are all new garments and were made for this Spring's wear. Following is the scale of prices now prevailing:

### All Street Skirts Reduced

- Smart new skirts selling at \$5.00 now .....\$3.95
- Tailored serge skirts selling at \$7.50 now .....\$5.95
- Handsome dressy skirts selling at \$9.00 now .....7.75
- Fine Crepe and Gaberdian skirts selling at \$10.00 now .....\$8.75

### New Spring Suits Reduced

- Suits that were \$15.00, now .....\$13.75
- Suits that were \$18.50 now .....16.75
- Suits that were \$25.00 now .....21.75
- Suits that were \$27.50 now .....23.75
- Suits that were \$35.00 now .....31.75
- Suits that were \$40.00 now .....33.75

### New Spring Coats Reduced

- Coats that were \$10.00 now .....\$ 7.75
- Coats that were \$15.00 now .....13.75
- Coats that were \$18.50 now .....16.75
- Coats that were \$25.00 now .....21.75
- Coats that were \$27.50 now .....23.75
- Coats that were \$35.00 now .....31.75

### Trimmed Hats Reduced

- Hats up to \$6.50 .....now \$2.95
- Hats up to \$12.50 .....now \$4.95

White hats are not included.

### What's Doing in Baseball World

Father J. J. Murphy, a popular Catholic priest of Oregon, formerly a member of the Detroit American league baseball team, died at Baker, Ore., last week. He was forty-three years old. From college he went to the major league baseball club and won honors, later retiring to take up the priesthood.

Out on the Pacific coast is where the old-time baseball players stage the real comebacks. The air seems to be a tonic for ball players who, because of their age, have been discarded from other leagues. The prize comeback on the coast this season is Earnest Mohler, one of the few good southpaw basemen ever in the game. Mohler has been playing for over twenty years and has been thrown on the scrap heap any number of times. Last year it was the Portland club that gave him his walking papers.

### ALMOST CRAZY With Itching—Cured by Saxo Salve

Endicott, N. Y.,—"I suffered from a severe skin affection so I could not sleep. I was almost crazy with itching. I would scratch and almost tear myself to pieces. I tried a great many remedies without relief, but one tube of Saxo Salve cured me. I recommend it wherever I go."

A. L. MORAN, Endicott, N. Y.

If we can't cure your skin trouble with our Saxo Salve and Saxo Soap we will buy back the empty tube.

The Stafford Drug Co., Marquette, also F. P. Tillson Drug Co., Ishpeming, and J. E. O'Donoghue, Negaunee, Mich.

without any check on his services. The previous year it was San Francisco; this year he was grabbed in a desperate pinch by Sacramento from the railroad job he had obtained, and has made good with such a whoop that his position is as secure.

Armando Marsans, of the Cincinnati Reds has been suspended on a charge of causing dissension among the team. This action by Manager Herzog followed receipt of letters from the Cuban outfielder and Dave Davenport, a young pitcher, that they would quit the club unless given new contracts. Both wrote Herzog that, as their contracts lacked mutuality they would play only ten or more days unless given new documents, club to answer in two days. Davenport was excused in the belief that he was led into the matter by Marsans.

Of the half dozen men who have stolen bases into double figures in the National league, one club can claim three. Cincinnati has in Herzog and Marsans a double tie, with Lee Magee of St. Louis for first place, each with eleven. Moran of the Phillies leads the Cubs, and Lobortz of the Phillies each have ten. But the three Red thieves have thirty-two bags between them, which is one of the reasons why Cincinnati is "up there."

The record: Herzog, Cincinnati, 11; Magee, St. Louis, 11; Marsans, Cincinnati, 11; Lobortz, Philadelphia, 10; Good, Chicago, 10; Moran, Cincinnati, 10.

McGraw may not have a world's series machine able to cope with Mack's people, but no one can take away from him the credit for assembling a cluster of rough-riding troopers for a pennant campaign. He has a ball club that through several years has cut its way to the lead in hostile territory and has come on from behind on the road. The Giants are sure to do as well on the road as at home, and a few reverses have never been able to throw

them back. They get another start and keep on coming. All of which is due to wonderful organization, and to the make-up of a club that, while not brilliant, is well balanced, powerful in no one department and weak in none, but equally arranged on offense and defense, and generally out there in the game with the just stirred up.

The St. Louis "Feds" claim that Mickey Doolan and Otto Knabe are the hardest pair in the business to circumvent on the keystone sack. They are up to the old tricks they practiced with the Phillies. Mickey and Otto take it as a personal insult every time an opposing player attempts to steal second. Knabe's specialty is blocking off runners and Doolan's long suit is gaffing leg with spikes. By the time the baserunner gets by he is more fit for a cot in a hospital than to continue playing ball.

Charlie Herzog of the Cincinnati Reds seems to be stretching a favorite axiom of John McGraw's to the limit. Jawn J. always says: "Keep them throwing," meaning, of course, to take daring chances for another base. Herzog is going farther, and, with Moran as the chief protagonist, is constantly trying for a flock of bases. Cobb style. Again and again this spring Moran has come all the way from second on an infield out, and not long ago he came home from first on a single. The merry play has worn nearly every time, and even when a runner has been headed off the man following on the track has advanced so far that he had a great chance to score on any play immediately after.

SHAKE OFF YOUR RHEUMATISM.

Now is the time to get rid of your rheumatism. Try a twenty-five cent bottle of Chamberlain's Liniment and see how quickly your rheumatic pains disappear. Sold by All Dealers.

## TELLS SENIORS OF THE ART OF LIVING

Baccalaureate Address Delivered at High School Last Night by Rev. W. H. Smith.

Rev. Walter H. Smith, of the Methodist church, preached the baccalaureate address before the members of the Senior class of the Marquette High school and their parents and friends in the auditorium of the high school last evening. The hall was filled to capacity. Mr. Smith took as his subject "The Art of Living." His remarks were inspiring.

Preceding the address, a double quartet composed of Signa Gilling, Estelle Patrick, Gladys Dunlop, Grace Zerbe, William Morris, Chester Pearce, Marjorie Horroon and Felch Pendill, sang "The Lost Chord" and "Evening Wind." The baccalaureate exercises were impressive. During the concluding words of the sermon, the seniors stood, and at the close, the entire assembly sang the first and last verses of "America."

Mr. Smith's address was, in substance, as follows:

"Among all the arts known to man there is none that is at once so vital and so significant as the art of living. We do not minimize any other art when we say that the art of producing character is the chief art possible to mankind. Beside the art of living all other arts are at best but secondary and supplementary. It may be truly said that all art is productive of character, but the art of living works from within outward, and not from without inward, and hence the art of living which deals directly with the spirit of man is fundamental. There can be no art equal to the art which is dedicated solely to the production of a new life.

"The past has given us our ideals. The art of living would teach us to work out the ideal in the real. The past has given us the New Testament epistles. The art of living would seek to develop living epistles to be known and read by all. We often hear it said that the present has no Shakespeare, no Milton, no Raphael. The art of living would take the ideals of these men of the past and work them out in the realities of the present.

"The twentieth century may produce no Milton with their epic poems but it will produce many men who will live the life of a poet. The twentieth century may not produce a single Raphael, but it will produce thousands of women who will live the Madonna life. And it is a greater thing to live one Madonna life than to be a Raphael and paint twenty-two. The twentieth century may produce no Millet who can paint his \$100,000 Angelus but it will, under the art of living, produce its hundreds of thousands who will in home and shop and field, remember the vesper hour as the old church bell rings out, reverently lay aside their work and enter, by prayer and devotion, into the very presence of the Lord. There can be no question that the twentieth century will not produce its fountain of youth, but it will produce its millions of men and women, who under the art of living will have learned the secret of turning dollars into character. Multi-millionaires there will be, but not of the financial kind. True riches will be theirs. They will be able to give, nor rust can corrupt, nor thieves break through and steal. Treasures, beside which gold and silver weigh light as punk.

Misers Are Passing.

"How utterly lacking in the ideal has been the ambition and the effort of the nineteenth century, with its gross spirit of commercialism. At the very beginning of the twentieth century we are witnessing a revolution from such crass devotion. The time is not far removed when it will be considered a disgrace for men to hoard money. The miser will be considered a creature of the past, or himself for tomorrow's portion. Esau, who lightly sold his sonship with God for a miserable mess of red pottage. False stewards, crafty and cunning, imposing on the goodness of God, originally ignorant of the purpose and mercy of the Lord. Whiffole idolaters whose god is their belly and whose worship is mammon. The twentieth century will have scant praise for such folk. Already the finger of scorn is being leveled in their direction.

"You must not misunderstand me here, for I do not understand me here, when I say, 'Toil, and economy, and industry, will not necessarily come into disrepute. But the toil and economy and industry that is dedicated to the god of mammon will be valued at their true worth. The toil and industry that is consecrated to the hoarding of much yellow metal will be recognized as one of the crudest forms of the prostitution of God-given powers. The man who uses his superior education to take advantage of the weak, defenseless, ignorant and unfortunate will be classed with those who do piracy on the

high seas or rob and plunder at the point of the gun. The art of living which seeks to embody the ideals of the past in the realities of the present, stands markedly opposed to the prostitution of the powers of life to such vulgar ends. The fine art of living must forever be classed in an infinitely higher realm than the mechanical or industrial arts. The one may be consecrated to the lowest possible ideal, the other always and everywhere stands for the highest ideal wrought out in the real.

All Artists of Living.

"Not all may become musicians, or artists, or poets. The great mass of folks can never hope to excel in these fields of human endeavor. They must for the most part be content to enjoy the mastery of others in those directions. But all may be artists of living. It is not given to many to be an Angelo and see the angel in the stone, but all may be artists of living and produce the Christ life for the uplift and edification of their fellow men. Many of us can become a Beethoven or a Mozart or a Rossini and produce musical compositions that will electrify, and move our fellowmen. But we can, each one, thrill men by bringing them into touch with a life that is in harmony with the divine music. We are strangely men in which the radiations of a personality that is being played upon by the power of the Holy Spirit.

"In conclusion, may I remind you that all of the arts have their masters. Great outstanding figures who easily lead their fellows in the especial realm in which they are master. So, too, the art of living has its master. He who said, 'I am come that they may have life and that they may have it more abundantly,' is supreme master in the art of living. He may never have put chisel to stone nor brush to canvas, he may never have sung a note or struck the sounding board, but in the art of living He is master without a rival. He lived to be but thirty-three years of age but all the centuries have not been able to improve upon Him. Jesus could say with the authority of achievement, 'Follow me.'

"Oh ye young hearts, learn early to value the privilege of sitting at the feet of the master of the art of living. Let Jesus share your thoughts, your plans, your ambitions. Commune with Him. Talk with your God. Let the Master of Life help you in planning your life. Let Him help you in working out the plan. Let Him mould and beautify your character. It is considered a great privilege to sit at the feet of the masters of music and poetry and elocution and painting. Fabulous sums are annually spent by countless thousands who are eager to sit at the feet of these masters. It is of infinitely greater value to sit at the feet of the master of the art of living, and to learn of Him how to build your life. Give yourself to Him and He in turn will give Himself to you."

### Upper Peninsula

#### Ontonagon County Heaviest Taxpayer.

Auditor General Fuller has completed a set of tables showing the per capita tax for every county in Michigan for 1913, based upon the valuation, the tax levied and the average rate per \$1,000 of assessed valuation. Ontonagon county paid the highest per capita tax in the state, having settled at the rate of \$1.49 for each person. The next four in order from highest to lowest are: Wayne, \$28.86; Kent, \$17.19; Bay, \$14.21; Calhoun, \$20.11; Genesee, \$17.36; Houghton, \$18.70; Ingham, \$19.63; Kalamazoo, \$18.90; Marquette, \$23.37, and Saginaw, \$14.35.

#### This Barber's Record Unique.

Thirty-three years old and more than half that time in business, with only one vacation and that for three days, is the record of Edward Corbell, Lake Linden barber. Mr. Corbell, furthermore, has never been farther from home than Marquette by rail and the only other cities he has ever visited are Hancock, Fort Arthur and Fort William, the two latter as a result of an excursion by water two years ago. The vacation of three days was registered several years ago when a party of fishermen went to the north shore in a tug. The visit to Marquette was made sixteen years ago. "I started in business twenty-seven years ago," said Corbell, "and in that average no less than \$25 a week." To even conjecture at the number of men Mr. Corbell has shaved or whose hair he has cut is said to be an impossibility, although it runs high into the thousands. During these twenty-seven years he has never missed being in his shop one Saturday. Mr. Corbell is village treasurer, serving his second term. He has raised a large family and is giving them a good education.

#### Michigan State Highway Department.

NOTICE OF BRIDGE LETTING.

Sealed proposals will be received by mail at the office of the State Highway Commissioner, Lansing, until June 12, 1914, for building two 80-foot approach spans with 18-foot roadway on State Trunk Line for crossing bridge crossing Whitefish River, Section 20-41 N., 21 W., Masonville Township, Delta County, and also for building two 40-foot approach spans with 20-foot roadway on State Trunk Line crossing Scotch Creek, Section 19, 44 N., 21 W., Mathias Township, Alger County, Michigan.

For inspection of bridge site, plans, specifications, instructions to bidders, and proposal blanks for the Whitefish River bridge see R. E. Mason, county engineer, Escanaba, and for Scotch Creek bridge see L. E. Adams, county engineer, Munising, or write to this office.

Separate bids will be received for either bridge on:

1. Concrete foundations.
2. Reinforced concrete floor.

Certified check amounting to 5 per cent of each proposal will be required with each bid.

All bids will be considered informal and the right reserved to reject any or all bids.

FRANK F. ROGERS,  
State Highway Commissioner,  
6-8-21 Michigan,  
6-8-21

#### NOTICE.

The board of review of Richmond township will hold session on Tuesday and Wednesday, June 9 and 10, for the purpose of hearing the public with regard to the assessments on the tax rolls, 6-5-4.

When you want painting or paper hanging done call up C. A. Lawrence, Phone 925-J, 6-4-1f.

Guaranteed tuning at Grinnell Bros' Music House, (1-14-1f)

#### YESTERDAY'S GAMES.

AMERICAN LEAGUE.  
Chicago, 4; New York, 0.  
Chicago, June 7.—Faber held New York to three hits today, while Chicago bunched hits off Meffale in the second and sixth innings. The visitors were shut out. Only three New York players reached second base, and none passed it.

Score: R. H. E.  
New York . . . 00000000—0 3 1  
Chicago . . . 01000300—4 7 0  
Batteries: MeHale, Caldwell and Nunemaker; Faber and Schalk. Two-base hits—Collins and Weaver (2), Chicago.

Detroit, 4; Philadelphia, 1.  
Detroit, June 7.—By hitting Bush and Pennock hard and often today, Detroit again defeated Philadelphia. Schang was spiked in the right hand when Third Baseman Moriarty stole home in the seventh, and Lapp replaced him.

Score: R. H. E.  
Philadelphia . . . 00001000—1 8 1  
Detroit . . . 20010010—4 10 2  
Batteries: L. Bush, Pennock and Schang and Lapp; Coveleskie and Stange. Two-base hits—Barry and Murphy; Philadelphia; Kavanagh and Moriarty, Detroit.

Boston, 2; Cleveland, 1.  
Cleveland, June 7.—Bunched hits and a double steal by Leftfielder Lewis and First Baseman Gandrin gave Boston the game over Cleveland in the first inning today. In the ninth inning, with two down, Second Baseman Olson tripled to the wall in center, fast fielding by Speaker keeping him from scoring.

Score: R. H. E.  
Cleveland . . . 10000000—1 5 0  
Boston . . . 20000000—2 6 0  
Batteries: James, Bowman and O'Neill and Bassler; Foster and Cady. Three-base hit—Olson, Cleveland.

St. Louis, 3; Washington, 2.  
St. Louis, June 7.—Ayres went in to pitch in the tenth inning of today's game just in time to be charged with defeat, for in this session Leary tripled and Agnew singled, scoring the run that

DIPLOMAS WILL BE AWARDED THURSDAY

Commencement Week at High School Opens Today With Exhibits by Students.

The high school career of the class of 1914 of the Ishpeming High school will be brought to a successful close Thursday evening with the awarding of diplomas. The commencement exercises will be held at the Ishpeming theater at 8 o'clock. Tomorrow evening at 8 o'clock the class will conduct class day exercises in the auditorium of the high school building. The public is invited to attend. The programs, as announced Saturday by Principal Davis, are as follows:

Class Day Program. President's address—Archie Joseph Lemire. Class history—Gladys Hooper. Vocal solo, "Nightingale Song," Nevin Julia Jeffery. Faculty notes—William Francis Small. Class poem—Margaret Rogers. Piano solo, "Guirlandes," Godard—Carl Gustav Olson. Class will—Mary Eva Gronberg. Junior response—Holburn Bryden. Vocal solo, "Hill O' Shyke," Harris—Hazel Bernice Martin. Class prophecy—Hazel May Frye. Marian Bargh and Edith Theresa Haglund. Gittatory—Alice Gladys Keese. Presentation of memorial—Agnes Parsons. Class song—Words by George Stanley Barnett, music from "Stubbhorn Cinderella."

At 10 o'clock tomorrow morning the planting of the ivy will take place at the high school building. The ivy oration will be delivered by Miss Adelle Lioret. Commencement Exercises. Thursday night's program at the Ishpeming theater will be: Theme, suggested by the song "My Country 'Tis of Thee." Music—High School orchestra. Invention—Dr. J. G. Haller. Oration, with salutatory, "My Country 'Tis of Thee"—Cecilia Nanna Kettunen. Oration, "Sweet Land of Liberty"—George Stanley Barnett. Song, "Summer Roses," Geibel—Girls' Glee club. Oration, "Of Thee I Sing"—Blanche Louise Miners. Oration, "Land Where My Fathers Died"—Wilfred Everett Viant. Song, "The Flag of Freedom," Rhye—Herbert—The Glee clubs. Oration, "Land of the Pilgrims' Pride"—Lempi Johannes Anderson. Oration, "From Every Mountain Side"—Roy Stansbury. Song, "Summer Days"—Boys' Glee club. Oration, "Let Freedom Ring"—Martha W. Pantin. Oration, with valedictory, "Author of Liberty"—Patrick Joseph Lyons. Presentation of diplomas.

Class Banquet Saturday. The Senior class held their annual banquet Saturday evening at the high school. Supper was served by the students of the domestic science department. The evening's program was: Vocal solo—Miss Hazel Martin. The Cooks—Stanley Barnett. The Faculty—Paul Cooley. Class Pin—Miss Margaret Rogers. Class Play—Miss Marian Bargh. Our Orators and Debaters—William Small. Our High School Life—Hazel Frye. Our Prospects—Robert Potter. Our Class Counselor—Patrick Lyons. Vocal solo—Miss Julia Jeffery. Today the week will open with the exhibits of the manual training and domestic science departments, the manual training display in the manual training building and the domestic science exhibit in the sewing room of the domestic science department. The displays, it is said, will be the best and most complete ever. Homer P. Yntest, instructor in the manual training department, and Miss Neville, at the head of the domestic science department, are in charge of the exhibits.

FORMER RESIDENT DIES.

Samuel J. Pearce Passed Away Last Tuesday in Butte, Mont. After an illness of two months, Samuel J. Pearce, sixty years old, died last Tuesday at his home in Butte, Mont., where he had lived for a number of years. Mr. Pearce, with his family, left Ishpeming from fifteen to twenty years ago for the Homestake mine, Black Hills, South Dakota, where he was employed as a miner. From there he went to Butte. He was at one time employed at Ishpeming mines and the American mine at Diorite. Mr. Pearce was a member of Trelawney lodge, Sons of St. George, and the lodge yesterday was notified of his death by Mrs. Pearce. Thomas Hancock, of Ishpeming, is a brother of Mrs. Pearce. Mr. Pearce was well-known here. He is survived by several daughters and sons, among them Mrs. William Richards, of this city.

INJURED IN RUNAWAY.

Modest Robare, brother of Napoleon Robare, was injured in a runaway last week, near the Escanaba river. He is now confined at his homestead near there, with several broken ribs and other injuries as a result. Robare was taking some furniture to his homestead, when the wagon accidentally was tipped over, frightening the horses. Robare clung to the reins and was dragged a considerable distance. The horses ran as far as the Winthrop swamp.

KLEIST TO CHANGE ACT.

Paul Kleist, pantomimist, who was at the Ishpeming theater the latter part of last week, will continue playing here the first three days of this week, and will introduce a number of new feats, fully as mysterious as those shown last week. His act delighted the patrons of the theater and some of his stunts were a source of great marvel. Today's pictures will be "The Barber of Seville," a three-reel production by the Kleine company, and Pathe's Weekly news review.

ISHPEMING PLAYS FAST BALL AT ESCANABA

Won Saturday's Game by Score of 3 to 1—Dropped Sunday's Contest, 3 to 8.

In the fastest game that has been played this season in the Marquette-Delta county baseball league, the Ishpeming nine Saturday defeated Escanaba by a score of 3 to 1. The game was a pitchers' battle between Garland and Swanson. Walsh started on the mound for Escanaba but was taken out in the first. Both Garland and Swanson were given good support. A number of sensational plays were made. Escanaba defeated Ishpeming yesterday, 8 to 3. Mahoney pitched for Ishpeming.

BASEBALL HERE TO GET GOOD SUPPORT

"Pop" Geelan Made Manager of Ishpeming Team at Meeting Friday Evening.

The Ishpeming baseball team in the Marquette-Delta county league is to receive good support this season was shown at a meeting of the directors and fans at the fire hall Friday evening. Committees to solicit funds and to consider the salaries were named, and they will start active work at once. "Pop" Geelan was the unanimous choice of the fans for manager of the team. As a starter a subscription sheet was passed around to the fans present, and

The Escanaba Press says of Saturday's game: "Inability to hit in pinches made Escanaba drop the first home game of the Marquette-Delta county league schedule at South Park yesterday to the classy Ishpeming aggregation. In the second inning the game was a class exhibition of baseball, and was marked by tight pitching, sensational fielding and many close plays. A lad who answers to the name of Swanson and has not counted over nineteen summers, stood Escanaba's veteran sluggers on their heads and took liberties with them such as was anything but polite. He let them down with four hits and struck out seven batters. Freddie Olmsted, real comeback hitter of the league, got two of Escanaba's hits, and Ernie Bourke in the second inning connected for a double that counted Escanaba's single tally of the game. Carl Walsh started for Escanaba and in the first inning showed that he was not in form for the day and Garland was hurried to the hill. The young hurler pitched wonderfully tight ball through the remaining eight innings, allowing but five hits. He struck out eight. The fielding sensation of the game was furnished by Bourke in the left field when he robbed Geelan in the sixth inning of what looked like a certain two bagger. "A meet rally was started in the ninth when Aronson, the first man up connected for a blow but was called out at first by the umpire for interference by a coacher with the runner. Umpire Shanahan holding that under the new rules a coacher is not allowed to touch a runner at either the first or third sacks. Swanson tightened up after that initiation into big league umpiring and easily retired the next two men."

FIRES DESTROY NESTS.

Partridge hunting will not be as good this fall as in the past. This is the belief of Ed F. Sandberg, ranger for the Northern Forest Protective association. The recent forest fires that have swept through this section have destroyed many of the nests, and it is expected that the birds will be unusually scarce this fall.

AT THE LYRIC.

"The Price of Silence," a Kleine-Celo feature in two parts, "The Mystery of the Ladder of Light," Edison drama, and "The Golden Patch," Selig comedy, will be included in the program at the Lyric theater today. The second installment of "The Perils of Pauline" will be shown Tuesday. Reprints of this installment can be had at the theater.

TO OBSERVE FLAG DAY.

Elks Will Hold Ritualistic Service at Ishpeming Theater.

Sunday afternoon, June 14, the Ishpeming lodge, Benevolent and Protective Order of Elks, will hold their Flag Day observance at the Ishpeming theater. The Elks' ritualistic service will be held, which has been used annually for a number of years. The lodge's flag day service this year will be open to the public, for the first time in the history of the Ishpeming lodge. Children, unless accompanied by their parents, will not be admitted to the exercises. Souvenir flags will be distributed to all present.

Lundahl's orchestra will furnish a program of special music. There will be vocal solos by Miss Aina Mohr, of Ishpeming, and Fred C. Bennett, of Negaunee, and a recitation by Miss Lorraine Barnaby. The exercises will begin at 2:30 o'clock.

SUCCESSFUL MEN

tell us that saving money was one of the most pleasant experiences of their lives. Are you enjoying some of this kind of experience? You will if you have an account with the Miners' National Bank and make regular weekly deposits. 3 per cent interest paid on Savings Accounts and Time Certificates.

The Miners' National Bank ISHPEMING, MICH.

A good-sized sum was signed up. The number of directors was increased. The committee on salaries will confer with the manager of the team, and a schedule for the payment of the players will be arranged. The various committees are:

Committee on Soliciting Funds—A. C. Braastad, E. J. Butler, August Hendrickson, Herbert Swanson, John Burke, Jr., William Anderson and Erick Hoyseth.

Committee on Salaries—T. J. Heard, chairman, Martin Parison, H. L. Ramsdell, and Joseph Leffler.

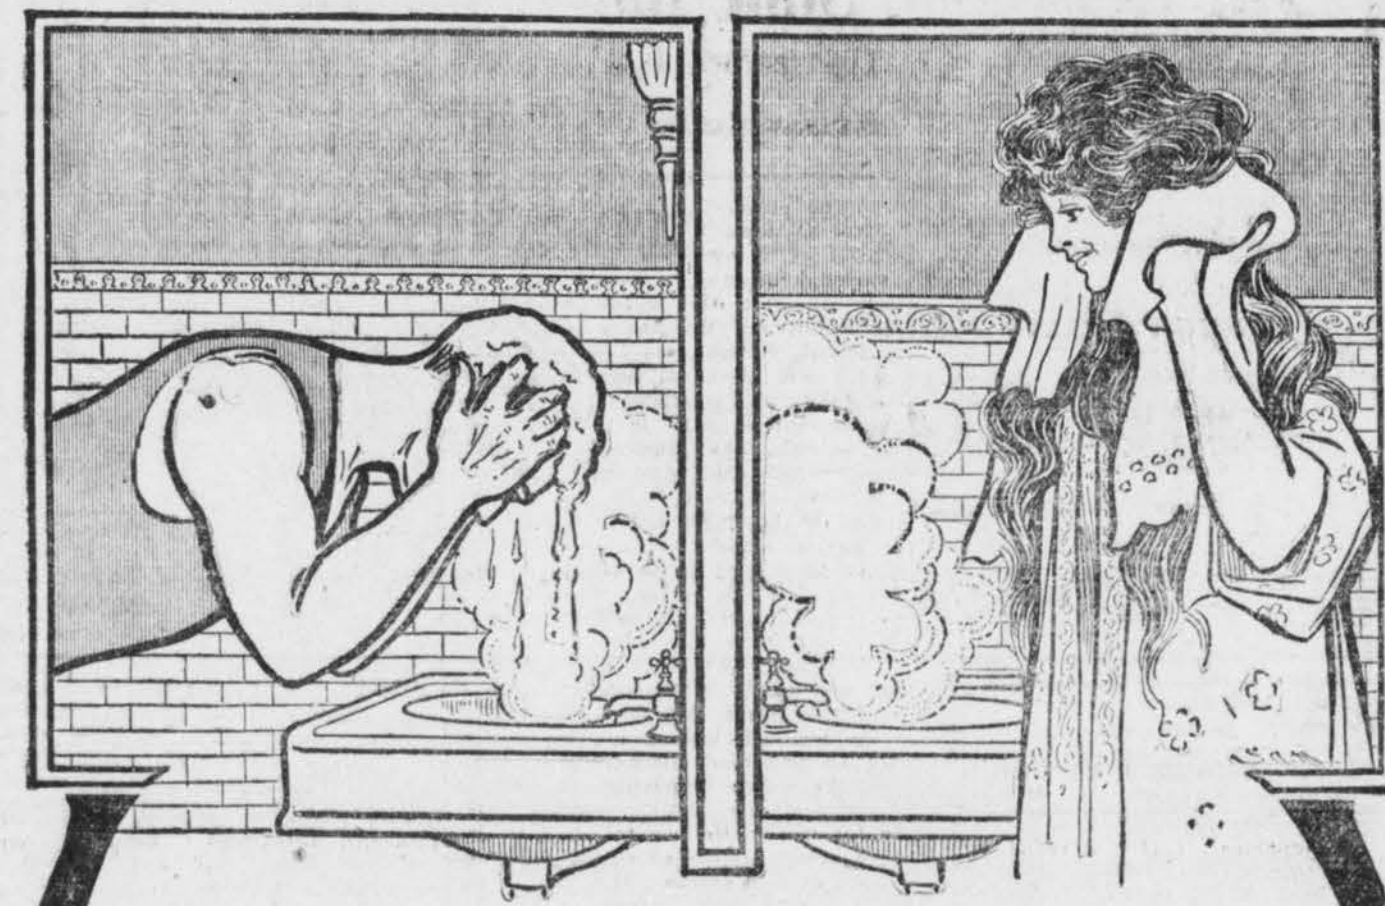

Board of Directors—John Lacey, Erwin "Pop" Geelan, Arvid Braastad, E. Keese, Len Johnson, William Hoover, August Hendrickson, Thomas Clancy, Charles Kruse, H. L. Ramsdell, George Wanek, Julius Johnson, A. J. Yntest, Martjn Paulino, John Talo, William Anderson, Bert Treilbeck, James Blackney, Joseph Leffler, Emil Olson, Linn Eggen, Waldred Viking, Oscar Lindberg, John Kanderlin, John Hendrickson, Henry Watters, Russell Bettison, "Doc" Freward, Frank Olson, Harry Kalin and Erick Hoyseth. New uniforms for the team will be ordered at once, and they will be ready for the games next week.

LOST WIFE AND CHILD.

John Maki Finds No Trace of Relatives Lost in Empress of Ireland Wreck.

John Maki, who left Ishpeming last Tuesday for Quebec, has wired here that he has found no trace of his wife and child, who were aboard the steamer Empress of Ireland, which went down in the St. Lawrence river a week ago Friday. Mr. Maki made a thorough search at Rimouski and Quebec.

In his telegram he said he had been unable to learn whether the bodies of Miss Selma Porri and Matt Maki, who were also aboard the steamer, were among those found. He will remain in Quebec for a short time before leaving for Ishpeming.

"Quick-as-a-Wink" Hot Water

the "Pittsburg" way provides unlimited convenience in the home. Steaming hot water for the bath, shave or massage, is available any hour, day or night, instantly at a turn of the faucet. The ordinary conveniences of the toilet become luxurious when the hot water supply is unlimited; as it is with a

"Pittsburg" Automatic

gas water heater in the house. Kitchen and laundry needs are fully provided for without the discomforts of overheated stoves, or slow heating water backs. Hot water the "Pittsburg" way costs about ten cents per hundred gallons and is instantly available in bath, kitchen or laundry every hour of the 24. Let us demonstrate the "Pittsburg" for you?

## GAVE ADVICE TO GRADUATING CLASS

Rev. C. G. Biegler, of Grace Episcopal Church, Delivered Baccalaureate Yesterday.

At the morning service at Grace Episcopal church yesterday, Rev. C. G. Biegler, the pastor, delivered the baccalaureate address of the 1914 class of the Ishpeming High school, which will be graduated this week. In opening Mr. Ziegler quoted from the Bible: "Ecclesiastes 7:11: Wisdom is as good as inheritance, yea, more excellent is it for them that see the sun. For wisdom is a defense, even as money is a defense; but the excellency of knowledge is that wisdom preserveth the life of him that hath it."

### Poor vs. Rich.

"All men are created equal." Are they? The average individual dates his creation from his birth. Here is one, born the son of a millionaire. He is brought up in the lap of luxury. He never knows what it means to be hungry, cold, and despised by a host of superiors. He never knows a want that is not immediately satisfied. He is given every opportunity. He is able to follow any occupation that he chooses.

## LYRIC THEATER

MONDAY

### "THE PRICE OF SILENCE"

Kleine-Celio Feature in two parts

### "The Mystery of the Ladder of Light"

Special Feature Tues. June 9th - 3 reels

### "The Perils of Pauline"

Second installment. Reprints of this installment can be secured at the theater. The most interesting part of the story starts in this installment. Don't miss it. Every installment a complete chapter.

Beginning Monday June 15 every Mon. night will be prize night. Save your coupons.

## Negaunee Department

### GLADSTONE TEAM DEFEATED TWICE

Negaunee the Winner of Both Saturday's and Sunday's League Games.

Team	W.	L.	P.C.
Ishpeming	3	1	750
Escanaba	3	1	750
Negaunee	2	2	500
Gladstone	0	4	000

Hitting when hits meant runs, the Negaunee team won over the Gladstone team yesterday in a whirlwind eighth inning rally, counting five tallies and defeating Gladstone, 9 to 6. The game was attended by a large crowd. Both teams played first-class ball until the fourth inning, when Negaunee commenced to boot the ball around and the visitors annexed three runs on only one hit. In the sixth Gladstone tallied three runs on two hits and four errors.

Collins, on the mound for Negaunee, allowed six hits and struck out six men. He pitched a masterly game, and the pitcher of the Day (O. J. Cline) of the Central league, was touched up for eleven hits by Negaunee. Both twirlers worked hard and had it not been for the errors behind them the game would have been a pitchers' battle.

Negaunee took the lead in the first inning, when Heinonen, who started with Ford in the hitting got to first on a single and went to second on Dyer's sacrifice bunt, scoring on Ford's single. The side went out on Heinonen's single, White and Dabb. Both teams were blanked in the second, when only three men faced each pitcher. Negaunee made three runs in its half of the third after Collins, the first man up, went out on a grounder to Boyer. Heinonen singled and stole second and Dyer was hit by a pitched ball. The three men negotiated a double steal, scoring on Ford's single. White flew out to Bresnahan. Dabb drew a pass, Holman singled, scoring Ford. Peel flew out to Gravelle.

When Gladstone scored three runs in the fourth, Gravelle, the first up, was safe on first when Heinonen juggled his fast grounder, was safe on second when White let Peel's throw get by and came home on a passed ball. Raasch drew a pass, Boyer whiffed and Olmsted went to first on a grounder by Dabb, both scoring on McGee's single. Portrais and Cannon were easy outs to the infield. Three more runs were brought in by Gladstone in its half of the sixth. Forster, who had replaced Raasch, singled; Boyer fanned and Olmsted went to first when Collins fumbled a high bouncer. McGee singled, scoring Forster and Olmsted, and McGee came home when

perhaps, say that we wish we were at the same stage in the journey ourselves. If we are given the matter further thought, perhaps we shall revise our statement. How many of us, my friends, can honestly say that we should do better if we had another star? Whatever our position, however humble, there are others less favored than we are, and if we are to have the best of us, we must admit that we do not owe everything to our own efforts and our own merits, but owe much to the favor of man and still more to the love and guidance of God. Let this confession be an encouragement to these young people. Life's battle is on. Fight the good fight of faith; not otherwise can victory be won; and, above all things, do not expect victory too soon, nor let the field of battle in time of discouragement. The world's great have all had their dark hours—the greatest and noblest of them all. He who calls himself the Son of man, He whom we call the Son of God, He who won the greatest of all victories, was a man of sorrows and acquainted with grief. Young man and young woman, all had their dark hours—the greatest and noblest of them all. He who calls himself the Son of man, He whom we call the Son of God, He who won the greatest of all victories, was a man of sorrows and acquainted with grief.

Portrais hit a long fly to Ford. The latter made a nice return, but Peel let the ball get by him. The inning ended the scoring for Gladstone.

With Negaunee two runs behind in the eighth, Ford doubled and went to third when White hit to Olmsted, who deflected the ball long enough to allow the runner to reach first. On the throw to Gravelle to catch Ford, who had headed for third, the third baseman dropped the ball. Dabb fanned, Holman singled, scoring Ford. "Red" Heidensohn, who has the reputation of breaking up more games than any other player that ever wore a Negaunee uniform, went in as pinch hitter in place of Peel. He responded with a clean single, scoring White and tying the score. Holman went to third on the play, and on the next ball pitched Heidensohn went down to second. With two men on base and the crowd wild with excitement, Fredrickson singled and Holman came home, Collins fanned, but Heinonen, the next man up, repeated his former performance and singled, bringing Heidensohn home. The side was retired when Dyer hit an easy grounder to Olmsted who threw him out to Boyer.

Saturday's Game.  
With Pitcher Leaf in fine form, Negaunee won Saturday's game from Gladstone by the score of 6 to 2. The home team had the game its own way after the third inning, when the players began to solve Calder's riddles.

Only a small crowd attended. The game was, however, better than either of last week's contests. White, the new second baseman, and Dabb, the first sacker, showed up well and contributed their share towards the victory. White plays a fast fielding game and is good with the willow.

Heinonen was the star for Negaunee, having three hits out of four trips to the plate, and he stole three bases. Leaf let the visiting sluggers down with four hits and kept them well scattered. Calder was fouled for twelve hits. The visitors scored their first run then, and did it without a hit. McDonald was hit by a pitched ball, stole second and went to third when Heinonen singled, stole second and came home on Ford's single. In the next frame Peel, the first man up, singled and scored on infield errors. Heinonen again tallied in the fifth. He singled, stole second and came home on Dabb's single. In the sixth, Negaunee obtained three runs on an error, a sacrifice fly and four hits, two of which were for two bases. In the next two innings the home team got a hit in each inning, but the men in both cases were caught off the bases.

The summary follows:  
Gladstone—A. B. R. H. P. O. A. E.  
Bresnahan, 3b.....4 0 0 3 2 2  
Raasch, 2b.....4 0 0 4 1 2

MISS MAULLIFFE HONORED.  
At the county convention of the Ladies' auxiliary to the Ancient Order of Hibernians, held yesterday afternoon in Lovin's Hall, Miss Nellie Maulliffe of this city, who has served as county president for the last two years, was selected to attend the national convention of the order. The convention will be held at Norfolk, Va., in August. Miss Maulliffe has been an efficient president. The officers of the different lodges who attended yesterday's meeting reported that their divisions had had large increases in membership the last year. The order throughout the county is in a most flourishing condition.

MINE TO CURTAIL FORCES.  
The Cleveland-Cliffs Iron company will lay off one hundred and fifty men at the Negaunee mine today. Work on the night shift will be discontinued indefinitely. This also was done last week at the company's Stephenson mine at Gwin, although most of the men affected in that instance were transferred to other properties. The officials of the company give as the reason for the curtailment the general depression of the ore market. As soon as the trade picks up the men most likely will be restored to the payroll.

VAUDEVILLE TONIGHT.  
Henry Santrey and the Sherwood Sisters will open a three days' engagement at the Star theater tonight. They present singing and dancing act entitled, "A Musical Comedy Revue." Mr. Santrey is the possessor of a fine baritone voice. For several seasons he was a member of large opera companies. The pictures tonight will be "The Delayed Special," an exciting railroad drama by the Kalem company, and "The Refrigerator Car's Captive," a Kalem drama in two parts.

LOCAL LACONICS.  
August Allen has returned from a business visit to Duluth.

Jay Hayward of Maple Ridge was in the city Saturday, on business.

Rev. James Crosbie of Vulcan, who was ordained into the priesthood at the ordination services conducted in connection with the Episcopalian diocesan convention, held Wednesday and Thursday in this city, celebrated his

## BODIES OF DROWNED VIEWED BY HUNDREDS

Negaunee's Six Victims of Steamship Disaster Will Rest in Cemetery Here.

Hundreds of persons viewed the remains of Mrs. Sofia Markela, Mrs. Mary Hakela, Toime Markela, Edwin Hannula, Antti Heikkila and Vieno Heikkila, victims of the Empress of Ireland disaster, at Dawe's undertaking parlors Saturday and yesterday.

The bodies were received here on the midnight train from Quebec, Friday, accompanied by Arvo Markela, the only one of the four Markela children to be saved, and Alex Hakela, who had gone to the Canadian city to identify the body of his wife.

The funerals of five of the drowned will take place today and tomorrow. That of Edwin Hannula was held yesterday. The funeral of Mrs. Markela and her little daughter will be held this afternoon from the Finnish Lutheran church. Mrs. Markela and Antti Heikkila and his daughter Vieno will be buried tomorrow afternoon.

Arvo Markela, the fourteen-year-old boy, who was one of three Negaunee passengers on the ship to be saved, cannot swim. He owes his life to the fact that he managed to climb onto a log after jumping from the vessel. He had floated about for almost an hour when he drifted to an capsized lifeboat, to which several persons were clinging. He tried to climb onto the boat, but was so exhausted that he sank twice and was going down for the third time when he caught onto the boat and was pulled up to safety.

The boy said that just as soon as he heard the crash of the collision he accompanied his mother and the other children to the upper decks. As the boat boats near them, they were no life-rafts lowered. He saw his mother and the other children to the upper decks. As the boat boats near them, they were no life-rafts lowered. He saw his mother and the other children to the upper decks. As the boat boats near them, they were no life-rafts lowered.

Young Markela declared Saturday that the Empress of Ireland was going at full speed at the time of the disaster and that to his knowledge the vessel was not anchored at the time. He said there was no fog, and that he could see the stars in the sky when he came on deck. He asserted also that during the time he was on deck, before he leaped into the water, he only saw two life-rafts lowered.

Kalle Vitalla, also of Negaunee, who was a passenger on the Ireland and was reported to be missing, saved himself by clinging to the top of one of the masts. When the ship went down he was thrown far enough away from the wreck to be able to swim to a lifeboat near by. He left Quebec on another boat for Finland a few days afterward. He is going to his old home to be married and intends to return here in the fall.

Henry Clayton, who left here a week ago for Quebec, to look for the body of his brother-in-law, James McVeagh, was unsuccessful in finding any trace of the man and has returned home.

first usher at the 8 o'clock services at St. John's church yesterday morning.

Miss Larne Villen has departed for Los Angeles, Cal., where she will locate.

Mrs. M. Kollan has gone to Green Bay to spend several days on the guest of relatives.

A. C. Sness and son Andrew spent Saturday and yesterday at their camp at Little Lake.

Mr. and Mrs. Louis Leininger have gone to Staunton, to spend several days with relatives.

Miss Beatrice Crane has gone to Fond du Lac, Wis. She will spend several days there with relatives.

Miss Marion McDonald arrived home Saturday from Sault Ste. Marie, where she taught school last year.

Fred Yorke has shipped his household goods to Pensacola, Wis. He goes there to locate on a farm.

Patrick Reidy, Jr., has departed for Russia. He will do diamond drill work there for the Sullivan Machinery company.

Samuel Collins, Sr., expects to leave next week for his native place in England, where he will spend several months.

Mr. and Mrs. Herman Bergerson, who spent the last week at Duluth, visiting with relatives, are expected to arrive home today.

John A. Wasmuth has gone to Denver, Col., where he will visit for a week or so with his son Arthur, who has spent the winter there. Arthur will accompany him home.

Paul Barasa, Henry Choquette, Sidney Northey, Charles Wasmuth, John McNabb, James McAlliffe and John Baska spent Saturday and yesterday at Barasa's camp at Little Lake.

Mrs. M. E. Arland, who recently disposed of her millinery business in this city and has since been visiting with her sister, Mrs. Smith, at Warsaw, Ind., left that city yesterday for Los Angeles, Cal., where she will locate. Her sister accompanies her.

# CRAMPS CAUSE BOY TO DROWN

### Harry Boyce, in Great Part Support of His Foster Mother, Is Seized While Taking First Swim of the Season at Stone's Mill in Dead River Late Yesterday.

### Body Recovered Three Hours Later by Life Saver With Grappling Hooks—Was Returning from Second Fishing Trip He Ever Took—Coroner Summoned

Seized with a cramp in Dead river while he was swimming near Stone's mill, about four miles east of Marquette, late yesterday afternoon, Harry Boyce, twenty years old, of Hewitt avenue, was drowned. His body was taken from the river about three hours afterwards by Dan Shulson, a surman at the United States Lifesaving station. It was conveyed to Tonella's morgue, where it will be viewed by Coroner Phin of Ishpeming this morning.

### Unable to Assist.

Before sinking to the bottom, Boyce threw up his hands and uttered the one word "Ben," calling to his chum, who was sitting on the shore. Young Gorman could do nothing except run for help. He bolted for the road, where he overtook Harold Lawrence, Howard Reynolds and William Richards. The four rushed to the spot, but were unable to see the body and did not attempt going into the stream after it.

### Supported Foster-Mother.

Outside of pension, Boyce was the only support of a widowed foster mother, who all but collapsed at word of the boy's untimely and tragic end. The young man had made his home with her since he was an infant, and had just attained the age when he could provide for her. She sat in a chair in the dining room of her home yesterday afternoon, where at word of the accident she had left off preparing the boy's supper, and frantically awaited news from the scene.

### Second Fishing Trip.

Young Boyce had spent practically all his life in this city. He was a tinsmith in the employ of Dan Clark, who conducts a shop on Ohio street. According to his foster mother, it was the second fishing trip he had ever taken.

### CAID OF THANKS.

We wish to thank many friends and acquaintances who sent flowers and extended sympathy during our late bereavement. Especially do we thank the German Aid and the B. M. & P. L. union for the kindness shown during the sickness and death of our husband and father.

### MRS. AMELIA BUR and Family.

### ATTENTION LADIES.

J. D. Thomas, of the Oak Park Rug company, is in the Iron county for one week. Any lady having old carpets to make into rugs, drop me a postal card. I will do the work cheaper than anyone else. J. D. Thomas, Negaunee, P. O., Gen. Del. or phone 165, S. S. Thomas, 6-8-31.

For painting, paper hanging or tinting ask C. A. Lawrence for prices. Phone 125-J. 6-4-14

## FOSTER GETS CONTRACT.

### Milwaukee Concern to Erect the Elks' Temple in This City.

At a meeting of the building committee held Saturday night, the Elks let the contract for the erection of their temple to the Foster Construction company of Milwaukee, which is now building the new St. Luke's hospital. The contract for the plumbing was awarded to E. J. Sink.

### HOT DAY; NO WATER.

Washington and Third Street Residents Go Dry While Leak Is Plugged.

Residents on Third street and in the blocks along Washington street had to go thirsty yesterday. Although the sun was shining brightly, they had to forgo the crystal aqua because the water in the Washington street main was shut off to give the waterworks department chance to fix a small leak near the corner of Washington and Third streets. Superintendent Johnson said he hated to do it, but he had let the leak go as long as he could and it had to be fixed.

### MAY WORK VAGRANTS ON CITY'S STREETS

### Mayor Begole Believes in Feeding Floaters Only if They Work for It.

To date thus far, June has set a record on the score of arrests for vagrancy in this city. The police department believes that a remnant of Kelley's army has broken loose from the ranks and has wandered into this region. Every day from six to eight "vags" fall into the arms of the patrolmen, some of them on purpose, for they think that if "pinched" they are good for one or two meals anyway. But here is one of the saddest of the wanderers' disappointments. No meals are forthcoming in the Marquette lockup—no, sir. Mayor Begole and Chief of Police McIntosh both clamp down the lid on any food being brought into the cells.

In the cell room, the officials believe, is the place where the vagrants should be taken and kept until it is time to arraign them before the bar of justice. Then, the subsequent action is their forcible ejection from the city. "There is plenty of work for them in the farming country," said Mr. Begole, "Marquette don't want to be bothered with them."

### MRS. CRASIE THIER DEAD.

### End Came at St. Mary's Hospital at 10:30 O'Clock Last Night.

### THAT TERRIBLE BACKACHE

From which so many women suffer is a condition of organic trouble. It deals with other symptoms such as headaches, nervousness, and depression, that nature requires assistance. For forty years Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, has been the one effective remedy in such cases. It speedily removes the cause and restores the system to a healthy normal condition.

### NOTICE.

I have just returned to the city and have opened up my paint shop again and I can do your painting and paper hanging on short notice. Call 925-J for good work.

## WATER SYSTEM IS LAID IN CEMETARY

### Chapel and Grounds at the Holy Cross Burying Place Are Also Improved.

The laying of the water mains and laterals connecting the lots in the east portion of Holy Cross cemetery with the city water mains, the first step towards beautifying the cemetery has been completed. The cathedral parish is having the work done.

Thirteen hundred feet of two-inch main has been laid in the east portion of the cemetery below the frost line. Connected with the mains is about 1,000 feet of three-quarter inch laterals running on the surface of the ground two hydrants in each of the cemetery blocks.

### BAND CONCERT ENJOYED.

### Klamert's Gave Fine Program at Lakeside Park Last Night.

Lakeside Park was thronged last night with listeners to a concert being given by Klamert's band. It was the first public appearance of the organization this year. An exceptionally fine program was given. Eighteen members were present. Klamert is the leader. Eight selections, including two steps, waltzes, marches and overtures, were played.

### REVIEW PIONEER PLANT ON JUNE 18

### State Tax Commission Apparently Is Much Impressed With Recent Showing.

Indicating that the assessment of the property of the Pioneer Iron company in North Marquette may be reduced, a message received yesterday by City Attorney Brown from Secretary Burgess of the state tax commission advises that that body has set June 18 as the date for a review of the case. In the meantime, an examination of the property will be made by state tax commission officials.

## Some Clothing reminds us of

old P. T. Barnum's sacred white elephant—you remember the part whitewash played in his production.

So when you see all-wool clothes advertised at \$9.98 or some other catch price, look for—"whitewash."

—because the process of producing good clothes to sell at such figures hasn't been discovered—yet—and won't be for some time to come.

### Stein-Bloch AND Kuppenheimer Clothes

Their quality, aside from being self-evident, is guaranteed on our old-time basis of: Satisfaction or your money back.

DETROIT—A difficult situation in connection with the completion of the large Detroit General hospital, the construction of which has recently been suspended because of lack of funds, was seemingly cleared up when Henry Ford, manufacturer, offered to take over the buildings and property and complete the institution as planned. His offer was accepted by the hospital board of trustees. Four hundred thousand dollars had been expended on the project when lack of funds became a serious difficulty. Arrangements were made recently, in view of this situation, for the trustees to turn the hospital over to the city and allow it to become a municipal affair. Mr. Ford, one of the leaders in the planning of the hospital, however, did not approve this scheme and his offer to take over the whole affair resulted. It was announced that Mr. Ford will return to the contributors the \$400,000 already expended on the hospital. In so doing he is given clear title to the property and buildings. It is estimated that it will cost Mr. Ford \$250,000 additional money before the institution is ready for the first patient and between \$1,000,000 and \$2,000,000 to complete the hospital as planned by the trustees.
