

GUNBOATS OF HUERTA SAIL TO TAMPIOCO ONLY TO STEAM AWAY AGAIN

Threatened Crisis Is Averted When Order for Blockade of Port Is Rescinded. TERMS MADE ARE NOT ANNOUNCED

Washington's Peace Plan Is Submitted to Mediators—It Is Said to Give the Rebels a Big Share in Proposed New Government—Reports Dictator Intends to Resign Shortly Are Revived at Vera Cruz.

BULLETIN.

Washington, June 8.—Rear Admiral Badger called the navy department line...

Huerta to Quit Soon, Refugees Say. Vera Cruz, June 8.—The announcement of the proposed suspension of the blockade of Tampico...

Washington's Fears Dispel. Washington, June 8.—General Huerta's order today, suspending the order of blockade of Tampico...

American Peace Plan Presented. Niagara Falls, Ont., June 8.—Through Justice Lamar and Frederick W. Lehmann, the United States government today presented to the three South American mediators a complete plan for the pacification of Mexico...

While details of the peace plan are necessarily withheld until there is a final agreement, it is known that a large share in the new provisional government will be given to the Constitutionalists. The general plan has already been made public.

The mediators announced tonight they will make public tomorrow all the correspondence that has passed between them and General Carranza or his agents. No explanation was made of the decision to give out the several notes, beyond

DETROIT BANDIT GIVEN LENGTHY TERM IN IONIA.

Detroit, June 8.—Edwin Von Walden, twenty-year-old son of parents who are said to be known socially in their home city, Cincinnati, was today sentenced to five to ten years' imprisonment in the Ionia reformatory for holding up a night clerk in a Detroit downtown hotel last March. The robber obtained \$300.

HEAT WAVE GRIPS WIDESPREAD AREA

Mercury at Washington Climbs to 96—Chicago Sizzles in Temperature of 92.

Washington, June 8.—Most of the country east of the Missouri river, and south of the Great Lakes sweltered today in a wave of heat that sent temperatures up to points between 90 and 96. Only the extreme eastern cities of New York and the New England states blessed with cooling winds escaped.

HORSES AT PARIS WADE THROUGH DRIFTS OF SNOW

Paris, June 8.—Two and a half inches of snow and hail fell in one district of Paris this evening, and there was witnessed the amazing spectacle of horses struggling through snow on a June day in the avenue Des Champs Elysees. The air had in a wintry chill, the temperature being forty degrees Fahrenheit, and here and there quantities of the snow lay throughout the night where it had drifted.

Illinois Clerics Pray for Rain.

Chicago, June 8.—Several deaths and scores of prostrations were reported today as a result of the record-breaking heat wave that gripped the Central Western states, extending to the Atlantic seaboard.

SEVERE STORMS IN THE WEST.

Huron, S. D., June 8.—Eight tornadoes about ten miles north and northwest of Wessington this afternoon damaged farm buildings. Particulars are not obtainable. Storms near Shenfield and southeast of Huron also did much damage. Heavy rains have fallen here, nine inches in a week, and the town is flooded.

THAT BECOMING THE BRITISH ATTITUDE, AROUSED BY THE ACTIONS OF THE WOMEN.

London, June 8.—"Let them die," is becoming a rather popular slogan in connection with the "hunger striking" suffragettes, since the public has become so profoundly resentful of the actions of the militant women.

HUNDREDS OF MACCABEES AT BAY CITY MEETING.

Bay City, Mich., June 8.—The national camp review of the Knights of the Modern Maccabees began here today, with more than a thousand delegates in attendance. Several hundred women representatives to the great high branch also are holding their annual convention. It is expected that the proposed amalgamation of the Knights of the Modern Maccabees with the Maccabees of the World will be endorsed before the convention closes.

GOLF TOURNAMENT OPENS.

Kansas City, Mo., June 8.—Despite a wind which was blowing a small gale and a parching sun, fifteen golfers beat or tied bogey—eighty-two—in the opening qualifying round of the trans-Mississippi Golf association's annual tournament on the Evaston Golf club course here today. Interest today centered in the play of Harry G. Legg of Minneapolis, four times winner in the tournament. He led the field with a score of seventy-seven for the eighteen holes, five strokes under bogey.

LASSEN EMITTING STEAM IN COLUMN 700 FEET IN HEIGHT

Red Bluff, Calif., June 8.—At 4:30 o'clock this afternoon a column of steam seven hundred feet high shot out of Mount Lassen. It is reported the mountain is emitting fire. Lassen, which is at the foot of the Cascade range, and in a vast volcanic field, began to steam last Monday. The mountain quieted down after a day or so.

MINNETONKA ELECTRIC CAR STRUCK AN AUTOMOBILE AT BROOKSIDE.

Minnetonka electric car struck an automobile at Brookside, two miles from the city limits. The dead were Charles Hendrickson, a contractor, and Otto Hendrickson and John Specht, carpenters. All lived at Brookside.

AUTHOR OF HYMN, "HOME, SWEET HOME," BORN 123 YEARS AGO.

"Home, Sweet Home" was being sung for the first time just ninety-one years ago. The song came from the operatic stage. Its author, John Howard Payne, posed as a dramatic critic in New York when he was only fourteen years of age before maturity; he was successful on the stage; then came twenty years of varying success abroad as actor, manager and playwright.

THE WEATHER

Washington, June 8.—The following is the weather bureau's forecast for Upper Michigan: Increasing cloudiness, Tuesday; thunder showers and cooler by night or on Wednesday; moderate south winds, becoming variable.

WRESTLER WESTERGAARD DEFEATED BY ZBYSZKO.

Duluth, Minn., June 8.—Stanislaus Zbyszko, the Polish heavyweight wrestler, defeated Jesse Westergaard, of Iowa, in straight falls here tonight. The first fall, on a body hold, came after forty-nine minutes of wrestling. The second, on an arm and bar lock, required only twenty seconds.

SPEAKS HARSHLY OF WM. J. BRYAN

Mr. Britton Would Fine or Imprison Public Men Who Lecture for Pay.

Washington, June 8.—Secretary Bryan's lecture tours cropped up in the house again today, when Representative Britton, Republican, of Illinois, introduced a bill to make it a penal offense for any cabinet officer, head or clerk of a government department to lecture for pay, other than actual hotel and traveling expenses, and to prevent senators or representatives from lecturing for pay while congress is in session.

Mr. Britton launched in a statement accompanying his bill a broadside in which he spared no political party and included Senator La Follette and Representative Murdock. "This bill was prepared last September, but was not introduced when Secretary Bryan formally declared that he would lecture no more during the period," said Mr. Britton. "The recent announcement from Philadelphia that several members of congress and the distinguished secretary of state had signed contracts for a period of lectures beginning July 1 is responsible to my bill."

HUSBAND'S CHARGES HAVE NO SUPPORT

Eager Crowd at the Trial of Schumann-Heink's Divorce Suit Is Disappointed.

THAW'S COUNSEL ASK SUPREME COURT FOR HIS FREEDOM ON BAIL

Washington, June 8.—Harry K. Thaw's fight for freedom reached the supreme court of the United States today when former Governor Stone, of Pennsylvania, as counsel, asked for Thaw's release on bail, pending a final decision of the proceedings by which the state of New York seeks to return the noted prisoner to Matteawan from his refuge

FEDERAL CONTROL OVER RAILROADS IS HELD PRE-EMINENT

Government Is Successful in Effort to Shatter the Trade Wall of Texas. WINS ADMISSION FOR OUTSIDERS

FIRST OCEAN SHIP IS SENT THROUGH THE GATUN LOCKS

Panama, June 8.—The first passage through the Gatun locks by an ocean liner was successfully carried out today by the Panama railroad steamship Alliance, a vessel of 4,000 tons. The trip was made a test of the working of the electric towing locomotives in handling a large vessel. The operation passed off without an incident, the time required being about one hour and a half each way. A large crowd of spectators witnessed the vessel's passage.

BUMPER GRAIN CROPS THIS SEASON IS FORECAST OF GOVERNMENT EXPERTS.

Washington, June 8.—Nine hundred million bushels of wheat—almost half of the average world's production and a new record for the United States—is the prospective total yield of the farms of the country this year, the department of agriculture announced today in its June crop report. The enormous crop will be 137,000,000 bushels more than ever was grown before in the United States in any one year. There also will be large yields of oats and barley, probably second in size in the history of the nation.

EAGER CROWD AT THE TRIAL OF SCHUMANN-HEINK'S DIVORCE SUIT IS DISAPPOINTED.

Chicago, June 8.—William Rapp's defense against the divorce suit of his wife, Mrs. Schumann-Heink, ceased suddenly this afternoon, with the testimony of only two witnesses, and the case was given over to the attorneys for argument.

DETECTIVES IN THE THROG ASSEMBLED AT MADRID AS COL. T. ROOSEVELT ARRIVES.

Madrid, June 8.—Colonel Theodore Roosevelt arrived this afternoon on his first visit to Spain, completing his journey to attend the wedding of his son, Kermit Roosevelt, and Miss Belle W. Willard, daughter of the American ambassador to Spain.

CONGRESS OF CHAMBERS OF COMMERCE WILL CONSIDER WORLD-WIDE PROJECTS. DELEGATES IN PARIS FROM MANY LANDS.

Paris, June 8.—Many thousands of millions of dollars engaged in industry and commerce in the leading nations of the world are represented at the sixth International Congress of Chambers of Commerce and Commercial and Industrial Associations, which was called together here today. Its business sessions are to last from June 8 to June 10 and during that period are down for discussion many questions of prime interest and paramount importance to the trade and commercial relations of the entire globe.

THAW'S COUNSEL ASK SUPREME COURT FOR HIS FREEDOM ON BAIL

Washington, June 8.—Harry K. Thaw's fight for freedom reached the supreme court of the United States today when former Governor Stone, of Pennsylvania, as counsel, asked for Thaw's release on bail, pending a final decision of the proceedings by which the state of New York seeks to return the noted prisoner to Matteawan from his refuge

TOURNAMENT PLANS IN CHIEF'S HANDS

Original Contests Will Be Introduced if Running Teams Do Not Materialize.

That the officers of the Upper Peninsula Firemen's association have confidence in Chief John Lacey's ability to arrange an entertainment program that will be highly satisfactory to the members of the various departments...

SUNDAY'S GAME LOST BY "BONEHEAD" PLAYS

Ishpeming's Players Are Highly Pleased With Treatment Accorded Them at Escanaba.

In contrast to Saturday's contest, which was snappy and almost errorless, the Sunday game between the Ishpeming and Escanaba baseball teams at Escanaba was replete with "bonehead" plays on Ishpeming's part.

Enumeration is finished. School Census Taken, but Figures Are Not Yet Available.

The enumerators appointed by the board of education several weeks ago to take the school census of Ishpeming have finished their work and the statistics are now in the hands of Superintendent E. E. Scribner.

EXHIBITS YESTERDAY. Many Persons Inspected Displays at the High School.

Yesterday at the Ishpeming High school was given over to the annual exhibitions of the work of the students in manual training and domestic science.

SUCCESSFUL MEN

No More Cracked Collars

Not if Laundered by Needham Bros.' Laundry Because

We mould them into shape while wet, leave an "easyslip" tie space and finish the top without friction.

Our Collars are laundered by an entirely new method and will wear four times as long as when done in the old way. Above cut illustrates our new method of finishing collars.

The Needham Bros. Laundry. Dyers and Cleaners of all Kinds of Wearing Apparel and Household Goods, Etc. ISHPEMING, MICHIGAN PHONE 27

Secretary T. J. Flynn was instructed to ascertain within the next few days how many running teams would take part in track races. If the number is not sufficient to warrant a first-class exhibition, Mr. Lacey will arrange to substitute a program in which the members of every department attending will have a chance to participate.

The visiting officials spent two days in the city. On Sunday they attended the memorial exercises and visited the cemetery with the members of the Ishpeming department.

Mr. Lacey intends to call meetings of the Ishpeming committees within the next few days to arrange the details of the tournament.

The festivities will open Wednesday afternoon with a parade in which all of the firemen will participate.

This will be the first time in the history of upper peninsula tournaments that a parade will disband in the headquarters of the home organization; in fact, there are very few fire buildings in the peninsula that can accommodate a considerable number of persons in the apparatus room.

Mayor Chatfield, of Escanaba, opened Sunday's contest by pitching out the ball to August Homestead of this city, who received it. Preceding the game, the players, headed by a brass band, marched to the park and paraded around the field.

Isaac Schram, manager of the Escanaba team, will be in Ishpeming next week and with the Ishpeming directors will arrange the games to be played here during the celebrations this summer.

Isaac Schram, manager of the Escanaba team, will be in Ishpeming next week and with the Ishpeming directors will arrange the games to be played here during the celebrations this summer.

TODAY'S PICTURE PROGRAM. "The Salvation of Nance O'Shaughnessy," a Selig drama in two parts, will be shown today at the Ishpeming theater.

ISHPEMING BRIEFS.

D. Fred Charlton, of Marquette, was an Ishpeming business caller yesterday. The Misses Margaret Benedict and Anna Guido spent the week-end in Gwinn.

Miss Celestine Lynch left yesterday morning for Portland, Oregon, where she will spend some time.

A residence at Diorite, owned by R. P. Bronson, was damaged by fire the latter part of last week. The loss was small.

Miss Laura LaBrecche, who has been teaching school near the Soo, has arrived here to spend the summer at her home.

Ashton Byrns has gone to the Soo, where he will enter the employ of the Soo Lumber company. Mrs. Byrns will soon join him there.

Mr. and Mrs. Harry Davis and daughter, of Marquette, spent Sunday at the home of Edward O'Keefe. They have returned from Duluth, where they attended the Davis-Courtney wedding.

JOHN MAKI TELLS OF ST. LAWRENCE DISASTER

Home from Quebec, Where He Looked for Bodies of Wife and Child, Who Perished.

John Maki, whose wife and child were lost in the Empress of Ireland wreck, has returned from Quebec, where he conducted an unsuccessful search for their bodies.

John Maki, who arrived in Quebec last Tuesday, in company with Messrs. Hakala, Eskola and Clayton, I went to the station of the Canadian Pacific railroad to inspect the bodies. On the first day we saw about two hundred bodies, laid out in hastily built coffins, but none of us was able to locate any relatives.

"I gave descriptions of my wife and child and photographs to the American consul, who is now looking after the interests of all American citizens who lost relatives and friends in the disaster. He will notify me if the bodies are found.

ISHPEMING BRIEFS.

James S. Carr, of Escanaba, was an Ishpeming business caller yesterday.

Mrs. Theodore Seefeld, of Milwaukee, is visiting her mother, Mrs. Joseph Remillard.

William P. Belden left last evening for Milwaukee, to be gone a short time on business.

B. L. Sherman and J. D. Sherman, of Marquette, spent yesterday in Ishpeming on business.

Steven Terill and George Drew went to Gwin Sunday, spending the day as the guests of friends.

Phillip Collins, son of Patrick Collins, deputy marshal, was operated on Sunday at the Ishpeming hospital.

H. J. Conradson leaves today for Gwin and Escanaba, where he will spend two weeks on a business mission.

Several of the members of the faculty of the Ishpeming High school were entertained Sunday at the Braastad camp, Toal lake.

Frank Brown, of Michigamme, Albert Rich, of Beacon, and Fred Thebert, of Clarksburg, were Ishpeming business visitors yesterday.

Miss Mabel Lawrey has returned from Detroit, where she is a student at the Conservatory of Music. She will spend the vacation here.

Mrs. Ed Johnson of Virginia, Minn., is here for a visit with her husband's parents, Mr. and Mrs. J. L. Johnson. Her daughter is with her.

Leo Remillard left last night for Chicago to spend a few days. Saturday he will join the degree team of the Modern Woodmen of America, on its way to the encampment at Toledo.

Coroner William Prin returned yesterday afternoon from Marquette, where he was called on account of the accidental drowning of Harry Beaton in Dead river. No inquest will be held.

Mr. and Mrs. S. H. Collick leave tomorrow for Toledo, where Mr. Collick will attend the encampment of the forer teams of the Modern Woodmen of America. He will act as chief of the postal service. The Ishpeming degree team will leave Saturday of this week.

The second installment of the Perils of Pauline will be shown today at the Lyric theater. Three reels of these pictures will be shown. In addition "A Model Young Man," a Vitagraph comedy, will be included in the program, and there will be matinees at 3 and 4 o'clock.

Arthur Trathen, who is now in Detroit, has written a friend here praising the pictures shown at the Ishpeming theater. He says, "I have visited a number of theaters in Detroit, but the picture shows have to go some to come up to the Ishpeming theater, at that."

The common council will meet this morning as a board of review. The assessment rolls will be reviewed. The sessions will be continued daily until the work has been completed. The council met last evening, when further action relative to the proposed Third ward sewer was taken.

London, which has never yet had an ambulance, has at last ordered six of them, and expects them to do all the work for the entire city. In case of past accidents the policemen have had to commandeer the nearest wagon, depending on the generosity of the driver, as they were not able to offer him anything.

COMFORTING TO STOUT PEOPLE.

Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy, gassy taste. A stout person who uses them constantly will really feel thinned out and more comfortable as a result of their use. For sale by All Dealers.

MANY OBSERVED MEMORIAL.

Practically every member of the Ishpeming fire department turned out Sunday for the firemen's Memorial Day services. In full uniform, the men paraded to the Presbyterian church, where at 10 o'clock a sermon particular to the occasion was preached by Rev. M. M. Allen. At 1:30 o'clock the members of the department again assembled at the fire hall, whence they marched to the Ishpeming cemeteries, where the graves of comrades who had passed away were decorated.

The Maxwell \$750 Car

More Automobile for the Money Than You'll Find in Many Cars Selling for \$1,000 or More.

In Brief—

A full 5-passenger car; 4-cylinder, 25 horsepower motor, cone clutch; sliding gear transmission; 3/4 floating rear axle; left drive; center control; 56 inch tread; 103 inch wheel base; 30x3 1/2 inch tires, front and rear; actual weight 1685 lbs.

Or to Go Into Detail—

Motor

Motor cast en bloc; 3 3/8 inch bore; 4 1/2 inch stroke; adjustable valves completely enclosed. Extremely large crank shaft for this size motor; all bearings of bronze with babbitt lining.

Simms high-tension magneto furnishes spark direct to plugs. No coil, therefore no vibrators to get out of order. Zephyr carburetor—Atomizer type; no springs to get out of adjustment; Ideal hot and cold air supply controlled from dash to suit starting and running, no matter what the temperature.

Splash lubrication system, made positive in its action by slow moving plunger pump.

Transmission

Selective type transmission—three speeds forward and one reverse. Main drive shaft has Hyatt roller bearings at front end; bronze bushing with babbitt lining at rear. Adjustable cone clutch lined with motobestos—takes hold firmly yet without sudden gripping.

Control

Left drive; 16 inch steering wheel; Gemmer irreversible steering gear. Spark and throttle control rods enclosed in steering column and operated beneath steering wheel. Foot throttle or accelerator pedal with foot rest.

Transmission control lever in center of car is operated by right hand. Emergency brake lever at right of control lever. Clutch and service brake pedals are adjustable. Contracting (service) and expanding (emergency) brakes actuate on 11 1/2 inch brake drums bolted to rear wheels. "Safety First," surely!

Springs and Frame

Easy riding is assured by four springs of semi-elliptic type. Front springs, 32 inches long; rear 40 inches long fixed at front and shackled at rear and mounted on a rocking seat.

The frame tapers from 33 7-16 inches at rear to 28 inches in front—this insures that body rests solidly its complete length.

Body and Equipment

Handsome streamline body—protected from mud and dirt by fully enclosed fenders and convex filler aprons; aluminum hood rest; beaded doors and concealed door handles; scuffing plates; tire holder; two side and one rear oil lamps; 10 1/2 inch gas head lights supplied by a Prest-O-Lite tank.

Perfectly fitted top, with envelope and Jiffy storm curtains; adjustable windshield; Stewart Speedometer; large water filler cap on radiator—or, as you must have noticed the Maxwell "25" at \$750 comes to you with complete equipment ready for driving—No extras to make the first cost really more than it would appear.

Baseball

Athletics Again Head the American League Percentage Column. Baker's Home Run, Scoring Collins Also, Defeats the Tigers, 4 to 5. St. Louis Beats Washington in Ten-Inning Game Lasting 3 1/2 Hours. Naps Out-hit Red Sox, but Lose; White Sox Blank the Yankees. Wagner Registers His 2,999th Base Hit in Major League Baseball. Tesreau in Fine Form; Holds the Cardinals to Three Safeties.

YESTERDAY'S GAMES.

AMERICAN LEAGUE.
Boston, 11; Cleveland, 8.
Cleveland, June 8.—Boston walked and latted its way to a victory over Cleveland today. Five Naps pitchers were helpless to withstand the attack. Bedient was not in good form, but as the Red Sox managed to keep the lead he was allowed to finish.
Score: R. H. E.
Cleveland . . . 022010021—8 14 2
Boston . . . 013041002—11 11 0
Batteries: Bowman, Blanding, Mitchell, Callahan, James and Bassler; Bedient and Carrigan. Two-base hits—Speaker, Gardner (2) and Lewis; Boston; Turner and Jackson, Cleveland. Three-base hits—Wood and Jackson, Cleveland; Scott, Boston.
Chicago, 1; New York, 0.
Chicago, June 8.—Chicago today made it two straight from New York, shutting out the visitors. The game was a pitchers' battle between Russell and Fisher. The Sox scored the winning run in the eighth, when Bodie tripled.

the only clean hit of the game—and scored on Schalk's single.
Score: R. H. E.
New York . . . 000000000—0 2 0
Chicago . . . 000000001—1 2 0
Batteries: Fisher and Nunezmaker; Russell and Schalk. Three-base hit—Bodie, Chicago.
Philadelphia, 5; Detroit, 4.
Detroit, June 8.—Baker's home run in the fourth, which scored Collins, helped Philadelphia to defeat Detroit here today. It was a hard-fought struggle in which each team used two pitchers and in which extra bases and errors came with men on bases.
Score: R. H. E.
Detroit . . . 022020010—5 9 2
Philadelphia . . . 010010020—4 9 0
Batteries: Wyckoff, Plank and Lapp; Cavet, Main and Stange. Three-base hits—McInnis, Philadelphia; Veach, Detroit. Home run—Baker, Philadelphia.
St. Louis, 8; Washington, 7.
St. Louis, June 8.—Wares' triple with Leary on third ended what probably was the longest contest played in a major league this season. The hit came in the tenth, when one was out, and gave St. Louis a victory over Washington, after three hours and thirty-five minutes of interesting playing.
Score: R. H. E.
Washington . . . 0002211010—7 13 3
St. Louis . . . 0220012001—8 13 2
Batteries: Shaw, Ayers, Bentley and Henry and A. Smith; Hock, Mitchell, James and Agnew and Crossin. Two-base hits—Pratt, St. Louis; Morgan, McBride, Foster (2) and Milan, Washington. Three-base hits—C. Walker and Wares, St. Louis.

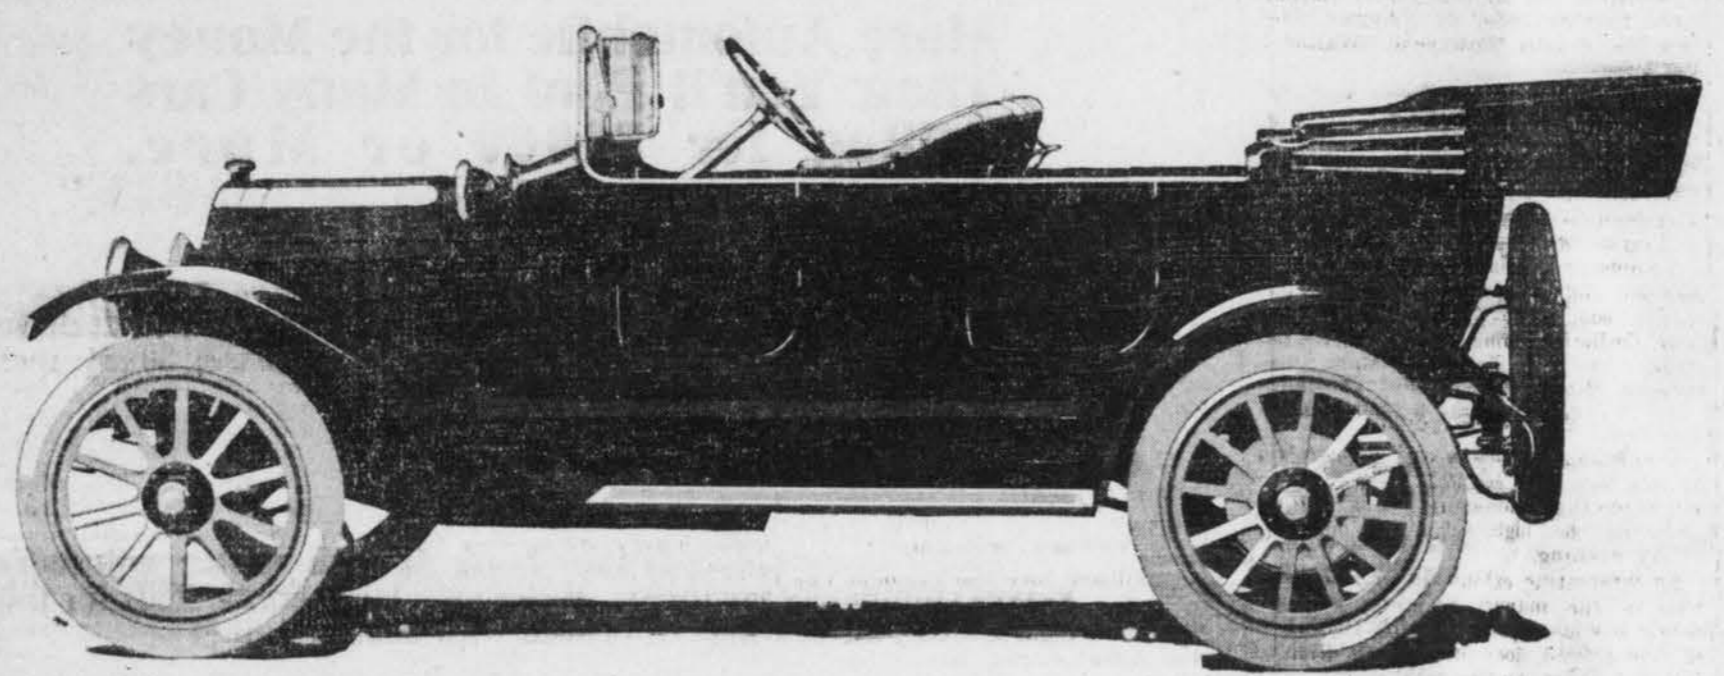

NATIONAL LEAGUE.
Pittsburg, 7; Philadelphia, 5.
Philadelphia, June 8.—A batting rally by Pittsburg in the eighth defeated Philadelphia today. Hyatt's single sending in one run and Jim Kelley's double driving in two more in that inning, Wagner's single—his first hit of the series—made his record for his major league career 2,999 base hits.
Score: R. H. E.
Pittsburg . . . 0000030130—7 12 1
Philadelphia . . . 011001110—5 11 2
Batteries: Harmon, McQuillan, Gibson and Coleman; Alexander and Killifer.
Cincinnati, 3; Boston, 2.
Boston, June 8.—Nicholl's home run and singles by Berghammer and Clark in the ninth enabled Cincinnati to win a pitchers' battle from Boston here today.
Score: R. H. E.
Cincinnati . . . 001000002—3 6 0
Boston . . . 001100000—2 4 2
Batteries: Benton and Clark; James and Gowdy. Three-base hit—Deal, Boston. Home run—Nicholl, Cincinnati.
Chicago, 3; Brooklyn, 2.
Brooklyn, June 8.—Chicago entered the ninth a run behind today, but won from Brooklyn. After Saier had reached first on a fielder's choice and Zimmerman had singled, Cordeiro, who batted in place of Schulte, scored Saier on a single. Smith's throw to the plate to catch Zimmerman on Sweeney's infield blow was too late, Zimmerman scoring the winning run.
Score: R. H. E.
Chicago . . . 001000002—3 6 2
Brooklyn . . . 010000000—2 5 2
Batteries: Pierce, Humphries and

FEDERAL LEAGUE.
Buffalo, 8; Kansas City, 7.
Kansas City, June 8.—Four hits, a base on balls, an infield out and a fly gave Buffalo four runs in the ninth and enabled the visitors to defeat Kansas City.
Score: R. H. E.
Buffalo . . . 200000024—8 14 1
Kansas City . . . 070000000—7 9 2
Batteries: Moore, Moran and Blair; Stone, Cullop and Eastley.
Pittsburg, 3; St. Louis, 2.
St. Louis, June 8.—A home run by Lennox in the sixth gave Pittsburg a lead that St. Louis could not overcome, and the visitors won today's game.
Score: R. H. E.
Pittsburg . . . 100010010—3 10 1
St. Louis . . . 000010001—2 9 1
Batteries: Walker and Berry; Kempfer, Willett and Hartley.
Indianapolis, 15; Baltimore, 5.
Indianapolis, June 8.—Indianapolis four Baltimore's pitchers easy here today, and scored fifteen runs on as many hits.
Score: R. H. E.
Baltimore . . . 001001300—5 8 3
Indianapolis . . . 220121160—15 13 1
Batteries: Wilhelm, Yount and Jacklitsch; Falkenberg and Hariden.
Chicago, 4-7; Brooklyn, 3-10.
Chicago, June 8.—Chicago lost a chance to take first place in the Federal league here today. This was by spitting a double header with Brooklyn while Baltimore was losing to Indianapolis. Chicago won the first game through the batting base running and doubling of Harrell. In the second game, both teams hit the ball hard, but Chicago fielded poorly and bunched hits in the tenth gave Brooklyn a victory.
First game: Score: R. H. E.
Brooklyn . . . 200000010—3 12 2
Chicago . . . 01102000—4 7 0
Batteries: Somers and Owen; McGuire and Wilson.
Second game: Score: R. H. E.
Brooklyn . . . 2301000013—10 12 1
Chicago . . . 0500000101—7 8 6
Batteries: Lafitte, Marion and Seaton and Land; Fisk, Watson, Lang and Block and Wilson.

MAXWELL "35"

A Car for the Man Who Wants Power, Reliability, Good Looks and at the Same Time Low Up-Keep Cost

You'll find every desirable feature in the Maxwell "35" and several you will not find embodied in any other car and anywhere near its price

Motor of ample power to take car with full load anywhere, any time.
The motor in the Maxwell "35" is of the "bloc" type with 4-inch bore and 4 1/4-inch stroke, developing full 35 horsepower. Adjustable valves completely enclosed. Three-bearing, chrome nickel steel crankshaft. Two inch connecting rod bearings. All bearings of nickel, babbitt cast. Splitdorf dual ignition, independent of the starting and lighting system. Splash oiling system insures proper lubrication of every moving part of the motor; oil reservoir operated by vacuum system maintains constant oil level in crank case. Holley single adjustment carburetor, with hot and cold air supply controlled from dash to suit changes in temperature.

Transmission of well known make and acknowledged to be the most reliable
The transmission is mounted on the rear axle and is the dependable Covert-selective type, three speeds forward and one reverse. All gears of heat-treated nickel steel. Noiseless roller bearings. Clutch is of adjustable cone type; leather faced with spring plungers for easy engagement. No jerky starting as a ride in the "35" will prove.

Much depends upon the steering gear and control parts of a car
You can depend absolutely upon the reliability of the Maxwell "35" steering and control mechanism. The steering gear is the famous "Barnes" make (there's nothing better manufactured) located on the left side and mounted rigidly to side member of frame and firmly braced at the dash. Spark and throttle control rods enclosed in steering post and operated on top of steering wheel. Accelerator operated by right foot. Gear shift lever is in center of car and is operated by right hand. Emergency brake lever alongside operates 13 1/2 inch expanding brake. Clutch and service brake pedals are both adjustable. The foot (service) brake controls 14-inch contracting brake acting on brake drums bolted to rear wheels.

The easy riding qualities of this car unsurpassed
You'll experience no fatigue, no matter how far you travel in a Maxwell "35." Long 36 1/2-inch semi-elliptic front springs together with the 42-inch three-quarter elliptic rear springs supplemented by soft, deep upholstering provide comfortable riding qualities that are hard to equal. 33x4-in tires also add their share to the comfort-giving features of this car.

A starting and lighting system that is in keeping with all the other good points of this model
The electric starting and lighting equipment of the Maxwell "35" is known as the Deaco independent system. The generator and starter motor are separate units. We have no hesitancy in stating that there is not a better starter on any car than that used on the model "35."

Other worthy features of this splendid motor car
Weston-Mott rear axle; clear-vision windshield; electric head, side and tail lights; electric horn; speedometer; and spare tire carrier at rear.

The body of the "Maxwell '35" like all other Maxwell bodies was designed by Bruce Ott, who is recognized as the foremost automobile body designer in the industry. There is beauty in its every line and curve; it is finely upholstered and of ample proportions. A demonstration in this sterling quality Maxwell will substantiate our every claim for it and prove that no car in the field around its price is better made. May we show you its many points of superiority?

Maxwell "35" Roadster, with complete equipment

Cunningham Auto Co., Woodward Ave. Detroit, Michigan

The New Perfection Range With the "Fireless Cooker" Oven

It is the triumph of the NEW PERFECTION line, a splendid range with a cabinet top and an insulated THERMOS oven that stops the loss of heat by radiation, a fault common to all other stoves.

This keeping the heat out of the kitchen and in the oven saves fuel. One burner does the work of two. You can have intense, quick heat, or slow and steady, as you want it.

After thorough heating the THERMOS oven holds heat six or seven hours, which makes it the most perfect and convenient fireless cooker ever invented. The cabinet top has a spacious warming shelf, there is space behind the burner for keeping food hot. And don't overlook the special NEW PERFECTION broiler, supplied with this range, which broils on both sides at once, increasing tenderness and flavor.

Keeps the kitchen cool. Best of all, it's cheap, durable, clean, convenient.

For best results use Perfection Oil. Valuable Cook Book, 5 Cents. This sum is simply to cover mailing charges. Address: STANDARD OIL COMPANY, Chicago, Ill. (AN INDIANA CORPORATION) (171)

Martha Washington Comfort Shoes

Insist on getting the genuine

Martha Washington Comfort Shoes

THERE are many cheap imitations of the famous Martha Washington Comfort Shoe. Don't let the dealer deceive you.

The genuine Martha Washington has the Mayer trade mark and name "Martha Washington" stamped on the sole. Look for these marks. The style, fit, comfort and wearing qualities of the Martha Washington Comfort Shoe place it in a class all by itself.

If your dealer does not handle the genuine Martha Washington, we will supply you.

F. Mayer Boot & Shoe Co., Milwaukee, Wisconsin

If you are Subject to Colds This Editorial will Interest You.

A Great Majority of People Get One or More Colds Every Season and It is of Vital Interest to All to Learn How to Avoid and Relieve Colds Quickly, Since Colds are Said to be Contagious.

Some people think colds are only caught through exposure. This in return is contradicted by the fact that Arctic explorers are peculiarly free from colds. It is more generally accepted that colds are the result of civilized life, due to super-heated rooms and a very rapid change in temperature which causes the nerve centers to be depressed, and still more largely due to contagion—one member of a family imparting a cold to another by sneezing or coughing.

A cold means nothing if relieved quickly. That such a purpose may be accomplished, a quick aid to a cold is an essential. A remedy especially devised to relieve colds quickly is PERUNA.

PERUNA contains such ingredients that have an especially beneficial influence upon the inflamed mucous membranes and the quicker these mucous membranes are given the benefit of a remedy like PERUNA, the quicker the relief and the less contagion.

A neglected cold may become a serious menace to one's own life, and far worse, may endanger one's family.

We insure our homes against fire, our lives against death. Why should we not insure ourselves against colds if possible by having a medicine in the family chest that can be used at once?

PERUNA is a reliable household remedy for colds and should be in every home, for there should be a desire to combat a cold as quickly as possible. This is enlightened hygiene.

People who are feeble and run down are more subject to colds than persons in normal health. Such persons need outdoor life and PERUNA to help build up a strong constitution. If you have a poor appetite that is often a warning that you probably need a tonic like Peruna for Peruna aids the digestive organs. When your appetite is fair and work and exercise do not quickly tire you, your susceptibility to colds diminishes very much.

Persons who object to liquid medicines can now obtain PERUNA TABLETS.

First National Bank, Negaunee, Mich.

CAPITAL AND SURPLUS \$200,000.00.

YOU'RE IN A RUT

financially, if your income and outgo just about balance, with a tendency toward the wrong side of the ledger.

Get out of that deadly rut by spending a little less than you earn, and adding a sum weekly to your savings balance.

Remember Negaunee's Home Coming Celebration July 2, 3 and 4.

DO YOU KNOW--

- THAT--the NEGAUNEE STATE BANK sells money orders. THAT--their money orders are payable in all parts of the world. THAT--you can save time and money by using them.

The Negaunee State Bank

CAPITAL \$50,000 SURPLUS (earned) \$5,000

Lower State Notes

STANDISH--Henry Grady & Son, contractors of Twinning, this county, while drilling a well near Turner, struck salt and nearly pure oil at 200 feet. At 197 feet gas was struck. There is much excitement in the eastern part of the county and land values have taken a big jump.

LANSING--Based on the school census which has just been furnished under the direction of the superintendent of public instruction, the primary school population for the coming year will be practically \$7.25 per capita. Last year it was \$7.41. The total school population of the state is 869,289. The population in Detroit is 1,305,644 and in Grand Rapids 59,352.

GRAND RAPIDS--Attorneys for Victor L. Palmer, former treasurer of the Michigan Buggy company at Kalamazoo and recently sentenced to two years at Leavenworth, for using the mails to defraud creditors, have withdrawn their notice of appeal before United States Judge Sessions, and Palmer will start for prison to serve his sentence as soon as the 60 days' stay, allowed by Judge Sessions, expires.

EAST LANSING--After having been on a leave of absence for more than a year, and drawing half pay for the greater portion of that time, Professor J. Fred Baker, head of the department of forestry at the Michigan Agricultural College, is leaving in his resignation to the state board of agriculture. After a trip through Europe Mr. Baker is in Heidelberg and will go from there to Munich before returning to accept a position at a state university.

LANSING--Commissioner Glasgow, of the railroad commission, wants some way to prevent a public concern putting its state taxes into a bond issue. "We have had a number of railroads and other public service corporations who come here and ask for bond issues to pay their outstanding debts. In several cases we have found that those debts chiefly are taxes that are due," says Mr. Glasgow. "I do not think it right and the commission is of the same opinion. Only a short time ago the Ann Arbor road was here after a new bond issue. They had in their list of what the money was needed for just two years' taxes. It may be good business from the railroad standpoint and I guess it is."

LANSING--The talk of a general purchasing agent for the state has been revived at the capitol, chiefly through a contract for coal made some days ago by the superintendent of state property, Charles Pierce. He has been acting as a state purchasing agent of electrical supplies for two years, and a deal which he has just completed in coal for the capitol for next winter has revived the oft-repeated scheme of making one man the purchasing agent for all of the state institutions. Governor Ferris is taking an interest in the question also. Last winter--the first in which the state ran its own boilers in the capitol and furnished its own heat--Mr. Pierce made many things in the heating problem. He saved money for the state over the old contracts for heating, which were given to local concerns, and expects to save more by watching the coal market. A few days ago he was enabled to contract for 1,200 tons of coal at a price considerably below what the state paid last winter. The University of Michigan and several others of the larger institutions use much more coal than the capitol, and so far they have been unable to get the price as low as has Mr. Pierce. Governor Ferris is said to be seriously considering suggesting to the legislature a proposition along this line.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Use It Like a Cold Cream and Dry Eczema Eruptions Right Up.

The moment you apply bold-sulphur to an itching or broken out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphide made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin.

While not always establishing a permanent cure yet, in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold creams. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with torturous itching.

SAY "NO" WHEN YOU OUGHT TO.

Chauncey M. Depew, reviewing his eightieth birthday, says: "I have found the best insurance policy is the ability to say no. Many of my friends have died before their time, because they could not resist the appetites which destroyed them. Abstinence is hard at first, requires will power and self-denial, but abstinence soon converts desire into joy after the joy of victory and confidence in that manspring of life--the will."

"Horace Greeley once said to me after the payment of notes he had induced had swept away years of savings, 'Chauncey, I want you to have a law passed making it a felony, punishable with life imprisonment, for a man to put his name on the back of another man's paper.' As I lament about one-quarter of my earnings gone that way because of my inability to say no, and without any benefit to my friends, I sympathize with Mr. Greeley."

Gwinn

CHILDREN AND FLAG DAY SUNDAY.

The congregation of the Gwinn Methodist Episcopal church will observe Children's and Flag Day Sunday, Sunday, June 14, at 11 o'clock and in the afternoon at 3 o'clock. Rev. Stephens will take as his theme in the morning, "The Child and the State" and in the afternoon, "The Child and the Church." At the church in the evening at 7 o'clock a program will be given by the teachers and pupils of the Sunday school. Offerings will be taken.

GWINN BRIEFS.

Joe Amel went to Ishpeming Sunday to visit with relatives. Mr. and Mrs. Otto Still visited Sunday with friends at Marquette.

Steve Terrill, of Ishpeming, spent Sunday as the guest of Gwinn friends. Anton Silas, of Ishpeming, visited Sunday with his son, Anton, and family.

A dance will be given at Goodman's hall at Little Lake next Saturday evening. George Koski spent Saturday and Sunday at Ishpeming, visiting with relatives.

Charles Isaacson and Clarence Garrett spent Sunday at the Escanaba river, fishing.

H. A. St. John, of Marquette, spent Sunday in Gwinn. He made the trip in his automobile.

The Misses Anna Guido and Margaret Benedict, of Ishpeming, were the guests of Gwinn friends Sunday.

Mrs. E. C. Thompson, of Ishpeming, is visiting with her parents, Mr. and Mrs. W. S. Nelson, for a few days.

Carl Fores and Arthur Berryman went to Negaunee Sunday, to attend the Negaunee-Badstone base ball game.

William Myers, engineer in charge at the Gwinn mine, has gone to his home at Louisville, Ky., to spend a few weeks visiting.

A number of forest fires are reported as raging near Princeton. They are the worst near the farms of Martin Ekild, James Treiblock and Jack Polhman.

William Treiblock has returned to his home at Princeton, to spend his vacation with his parents. He is a student at the Stout Institute at Menomonee, Wis.

J. I. Keeton, chief clerk for the Cleveland-Cliffs Iron company's Gwinn and Princeton mines, spent yesterday at Ishpeming, on business for the company, that placed in stock piles. Officers here declare that a tonnage tax bill will be presented before the next legislature, despite statements to the contrary. Petitions are being sent out providing for the Torres system of land transfers. The grange is circulating about 3,000 petitions. The method is through the initiative and in case the legislature fails to pass the act as presented by the grange, it will go to the people for a referendum vote.

LANSING--The talk of a general purchasing agent for the state has been revived at the capitol, chiefly through a contract for coal made some days ago by the superintendent of state property, Charles Pierce. He has been acting as a state purchasing agent of electrical supplies for two years, and a deal which he has just completed in coal for the capitol for next winter has revived the oft-repeated scheme of making one man the purchasing agent for all of the state institutions. Governor Ferris is taking an interest in the question also. Last winter--the first in which the state ran its own boilers in the capitol and furnished its own heat--Mr. Pierce made many things in the heating problem. He saved money for the state over the old contracts for heating, which were given to local concerns, and expects to save more by watching the coal market. A few days ago he was enabled to contract for 1,200 tons of coal at a price considerably below what the state paid last winter. The University of Michigan and several others of the larger institutions use much more coal than the capitol, and so far they have been unable to get the price as low as has Mr. Pierce. Governor Ferris is said to be seriously considering suggesting to the legislature a proposition along this line.

"Bill" Dabb, who for several seasons held down the first base position on the Gwinn baseball team, has joined the Negaunee team of the Marquette-Delta County league.

Eskel Landine, of Ishpeming, will in the next few days open a tailoring establishment in Gwinn. He will carry a complete line of samples and will do cleaning and pressing.

There will be three moving picture entertainments at the clubhouse this week. Shows will be given today, tomorrow and Friday. Two performances will be given in the evening and a matinee in the afternoon.

Mr. and Mrs. George Goodman and B. J. Goodman, Jr., of Little Lake, attended the dance given at the clubhouse by the Gwinn basketball association Saturday. Mr. Goodman entertained with a number of French dialect stories between dances.

It is reported that Captain John Phillips, who has been night captain at the Stephenson mine for the past two years, has been appointed by the Cleveland-Cliffs company to take the captaincy of the Athens mine at Negaunee. The Athens is a new property and is just being opened up.

ROSY AND PLUMP.

Good Health from Right Food.

"It's not a new food to me," remarked a Va. man, in speaking of Grape-Nuts.

"About twelve months ago my wife was in very bad health, could not keep anything on her stomach. The Doctor recommended milk, half water, but it was not sufficiently nourishing."

"A friend of mine told me one day to try Grape-Nuts and cream. The result was really marvelous. My wife soon regained her usual strength and today is as rosy and plump as when a girl of sixteen."

"These are plain facts and nothing I could say in praise of Grape-Nuts would exaggerate in the least the value of this great food."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pks. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Negaunee Department

LARGE CLASS TO BE GRADUATED

Forty Students Will Take Part in Commencement Exercises at High School.

Commencement week at the Negaunee High school opened yesterday with the baccalaureate services for the Class of '14, held in the auditorium of the high school last evening. Rev. R. T. T. Hicks, pastor of St. John's Episcopal church, delivered the baccalaureate address to the class, which numbers forty, and is one of the largest that has ever been graduated from the school.

Wednesday evening at the high school auditorium the class play, "The Senior," will be presented. It is a comedy of college life in three acts. An admission of twenty-five and fifteen cents will be charged.

Commencement exercises will be held at the high school Thursday evening, when the address will be given by A. B. Storms, of Indianapolis, Ind., a man widely known in education circles. The program is as follows:

"Silver Star Overture"--High School orchestra.

"Love's Old Sweet Song"--High School chorus.

Address--A. B. Storms.

"A June Day"--Girls' Glee club. Solo--Eugene Houck.

Awarding of Diplomas.

"Last Night"--Boys' Glee club. Selection--High School orchestra.

The members of the class are as follows:

Scientific Course--Ruth Elizabeth Anderson, Martha Gertrude Arnett, Harry Wheeler Biscombe, Henry Carroll, Paul Marie Cushing, Edith Mildred Dunstan, Adolph W. Fredrickson, Nannie B. Fredstrom, John M. Gaffney, Ivy Bertha Hansen, Hazel M. Haupt, L. Eugene Houck, Agnes Elvira Johnson, Bertha Lowenstein, Ida J. Smedman, Kathryn Louise Sterling, Ethel M. Thomas, Fredrick de Peyster Townsend, Walter J. Williams.

Language course--Louis Clara Baillargeon, Ella M. Dowd, Irma E. Eicher, Olive R. Flory, Tema M. Hytonen, Ina G. Lahti, Alice Marion Lee, Thora Oliva Peterson, Marguerite C. Roman, Dorothy Elizabeth Wasmoth.

Commercial Course--William Leslie Bowden, John Ellsworth Doty, Rudolph J. Erickson, Emil Johnson, Hilmer T. Leaf, Leslie R. Lehman, Edwin A. Lindstrom, Ida May Perkins, Mark Guy Roberts, Myrtle Veran.

Alumni Reception.

The annual reception and dance given by the Negaunee Alumni association in honor of the graduating class will be given in the high school gymnasium Friday evening.

An interesting exhibition of the work done in the manual training and domestic science departments will be given on the ground floor of the high school and in the art department on the third floor on Wednesday and Thursday afternoon and evening of next week. The public is cordially invited.

At a meeting of the Alumni association the following officers and committees were elected:

President--Melvin Elliott. Vice President--Margaret Boney. Secretary and Treasurer--Fred Beauclair.

Refreshment Committee--Clara Miller, Flossie Goodman and Myrtle Lehman. Decorative and Favor Committee--Sara Lovenstein, Bessie Cushing and Grace Miller.

Arrangement Committee--John McNabb.

The Star theater orchestra has been engaged to furnish the music.

ELECTED OFFICERS.

Iron Mountain lodge of Odd Fellows and Jackson Rebecca lodge have elected officers for the ensuing year as follows:

Noble Grand--William Ford. Vice Grand--Chester Peterson. Recording Secretary--Fred Staple. Financial Secretary--David Grigg.

Treasurer--R. G. Jackson. Representatives to Grand Lodge--Arthur Kelly and Fred Ware.

Alternates--John Lenton and John Nyquist.

Jackson Rebecca Lodge--Noble Grand--Mrs. Ruben Taylor. Vice Grand--Mrs. Fred Staple. Recording Secretary--Miss Elizabeth Boche.

Financial Secretary--William Ford. Treasurer--Edward Pridoux. Representative to Assembly--Mrs. John Nyquist.

Alternate--Mrs. Chris Hansen.

AT THE ROYAL THEATER.

The sixth installment of "The Perils of Pauline" is the headliner of the motion picture program at the Royal Theater today. A number of other exceptionally good films will be shown. There will be a matinee at 2:30 o'clock this afternoon. The first evening performance will start at 7:15 o'clock. "Our Mutual Girl" will be shown Wednesday.

CITROLAX! CITROLAX! CITROLAX!

First--get the name down pat--then buy it of your druggist. Just the very best thing for constipation, sick headache, sour stomach, lazy liver, sluggish, constipated bowels. The pleasantest, surest, nicest laxative you ever used. Tastes good--like lemonade. Acts promptly, without pain or nausea. Gives you the most satisfactory flushing you have ever had. For sale by All Dealers.

GET RID OF THE TORMENT OF RHEUMATISM.

Remember how spry and active you were before you had rheumatism, backache, swollen, aching joints and stiff, painful muscles? Want to feel that way again? You can--just take Foley Kidney Pills. For they quickly clear the blood of the poisons that cause your pain, misery and tormenting rheumatism. For sale by All Dealers.

NEGAUNEE LINEUP DEFINITELY CHOSEN

Hereafter, It Is Announced, Ball Team Will Carry No More Than Eleven Men.

Manager Al Willman of the Negaunee baseball club has decided upon the final line-up for the team. Hereafter not more than eleven men will be carried. Mr. Willman finds that by carrying eleven men he can reduce the expenses considerably. He has given all of the players who tried out for positions a chance to make good, and should any of those assigned to places fail to do good work the men who are being let go will be given the preference.

The line-up of the team hereafter will be: Peel and Heidenson, catchers; Leaf and Collins, pitchers; Dabb, first base; White, second base; Holman, third base; Heinonen, shortstop; Ford, right field; Dyer, centerfield; Fredrickson, left field.

Manager Willman is on the look-out for a first-class left-handed pitcher, and as he has lines on several men it is thought one will be engaged before the team goes to Gladstone next Saturday and Sunday.

In the four games already played Negaunee has a team batting average of .333, an exceptional mark. Ford leads in the hitting, with an average of .647. Heinonen comes second, with .578.

The individual averages follow:

Table with columns: Name, A.B., H., P.C. Rows include Ford, Heinonen, White, Heidenson, Dabb, Dyer, Hawke, Tall, Fredrickson, Peel, Collins, Leaf, Hosking.

VAUDEVILLE PLEASERS.

Henry Santrey and the Sherwood sisters, the vaudeville attraction at the Star theater, pleased two large houses last evening with their clever singing and dancing and burlesque musical comedy act. Tonight the management offers an Essanay comedy, entitled "A Hot Time in Snakeville." Another feature will be a Vitagraph two-reel picture, "Old Reliable." On Thursday, the Famous Players production of "Paid in Full" will be shown.

LOCAL LACONICS.

Dr. B. J. Miller was in Marquette yesterday, on business.

George Deegan of Marquette was in the city yesterday, on business.

Mrs. William Jory and daughter Gerrie, of Gwinn, visited in the city yesterday.

Miss Lillian Larson has returned to her home at Little Lake, after spending a few days here with relatives.

Mrs. Mark Eddy and daughters, Clara and Andra, of Virginia, Minn., are visiting at the home of R. J. Skewes of Palmer.

Miss Eilee Lacombe returned yesterday from Gwinn, where she spent several days at the home of her uncle, Oscar Johnson.

The women of the Bethany society of the Swedish Lutheran church will hold an ice cream social in the Sundberg block next Saturday evening.

J. P. Miller left yesterday for Detroit to attend the Knights of Columbus convention as a delegate from the Ishpeming council. He will visit at Ann Arbor, before returning.

Mr. and Mrs. George Maas and son William have arrived home from San Antonio, Tex., where they spent the winter. They visited for some time at Milwaukee, before returning here.

No invitations will be issued for the Alumni association dance and reception which will be given at the high school Friday evening. A general invitation is extended those who have attended former high school parties.

The funeral of Mrs. Mary Hakala, drowned when the Empress of Russia sank in the St. Lawrence a week ago last Friday, will be held this afternoon. The funeral of Mrs. Sofia Markela and daughter Toine took place yesterday.

The work of replacing the pipe from which the spring water is carried from the Cyr street tap to the Jackson street tap was begun yesterday. Christ Hansen, superintendent of the board of public works, suggests that the people obtain the spring water from the tap on Cyr street.

The Negaunee mine baseball team defeated the Ishpeming Rivals on the latter's grounds Sunday afternoon by the score of 9 to 7. The Maas mine team

was defeated by the prison nine at Marquette Saturday, 4 to 0. Anderson and Harris were the battery for the Negaunee nine team. The Harper brothers were in the points for the Rivals.

Andrew Seass and son Andrew returned home yesterday from Little Lake, where they spent the week-end at the Seass camp.

A. J. Bice, who has the agency in Michigan for clay pipes made in England, has received a large consignment of the goods and will begin to distribute them to the trade shortly. Mr. Bice sells a large quantity of pipes every year. He receives orders from points as far as Arizona. In the recent shipment he received twenty different designs.

A Chinese lad dropped his ball in a narrow hole and could not get it out. So he potted water in the hole, thinking that he would float the ball to the surface. As the ball was slightly heavier than water, it remained on the bottom. Then he thought of mixing salt with the water, so he knew that salt water would float denser objects than fresh. This he did, and was rewarded with the floating ball.

This particular fact is demonstrated at the mouths of rivers. Objects rolling along the bottom of a fresh river, too heavy to come to the top, will rise when they are carried out to sea. The general rule also applies to floating bodies. For instance, a ship with a cargo on the sea will sink sometimes a foot on entering a fresh water port. On the other hand, if she leaves a fresh water port with her cargo, she will rise when entering the ocean. So a ship may be loaded apparently too much at a wharf and still be all right on the waves.

In building a dam the fact of salt water's being heavier than fresh must be taken into consideration, and the dam for the same height must be a good deal stronger; this too without taking into consideration the beating of waves, etc.

MIXING THE TAGORES.

A letter received from Mr. Tagore corrects a curious and damaging error into which Prince William of Sweden has been led in his recent travel book, "Where the Sun Shines." According to the Boston Transcript, in one chapter the prince speaks of a visit to Calcutta and to the art schools of the imperial

museum, where, he says, he conversed with the director, "the poet, Rabindranath Tagore." "When we talked of politics and of India today," he adds, "fire shone in the poet's eyes, and one saw in them that hatred of England had grown like a smoking volcano, ready to erupt at any moment." Upon this Mr. Tagore comments: "I never met the prince in my life, and his description and his diagnosis are interesting, but not accurate. Evidently he met my nephew, the artist, but those who know him are aware that he is a Hindu of the mildest type--not capable of harboring hatred in his mind, not even against art critics." The letter closes by saying that his writer is going to take a boat trip for a few weeks, to be away from letters and postoffices and congratulations. "The only course left to me is to take to nomadic life, and have for the present no fixed address."

BRUSH FIRE DOES DAMAGE

Logs and Cordwood Destroyed and Set of Camps of the Cleveland-Cliffs Iron Company Wiped Out Near Rumley Valley Yesterday—Many Men Fighting the Blaze.

Clouds of Smoke Are Visible from Marquette, and in the Evening Flames Illuminate the Shore of Lake—Spark from Passing Engine Is Said to Be Responsible.

A brush fire breaking out at 11:30 o'clock yesterday morning, slashing about three miles northwest of the Rumley valley, six miles from the hamlet of Rumley, destroyed about 1,000 cords of four-inch cordwood, a set of woods camps of the Cleveland-Cliffs Iron company, some flat cars loaded with cordwood and several hundred scattered logs and stumps, and a brick yard, was still raging at a late hour last night. A crew of about one hundred men, recruited from among the wood choppers and employes of the state forestry department and the Northern Forest Fire Protective association, fought the fire continuously yesterday afternoon and last night.

Fight With Dirt.

At 3 o'clock this morning the crew was almost doubled, and there was instituted an energetic effort to subdue the flames before the break of day and while the wind had waned somewhat. The men fought the fire with dirt yesterday afternoon and during the first part of last night, but owing to the heat of the day and the impetus the blaze was given by the wind they were unable to make much headway against it.

The fire was discovered in the northern part of Section 17 of 46-22 of the Rumley location. Within an hour it had attained such proportions that the wood choppers dropped their work in the woods nearby and made a concerted effort to prevent the spread of the flames. The fire made a steady headway against their efforts during the afternoon and by evening had spread over an area three hundred acres wide and was burning in Section 8, where it was centered late last night.

Sparks Held Responsible.

The fire is supposed to have originated from sparks from a locomotive. At 12 o'clock last night the fire was fanned by a northerly wind. The crews were keeping up the fight against it and were satisfied that if the wind did not change and blow from the north-west the flames would be kept well out of the green timber. Superintendent Brigham and his assistant, S. W. Hyde, of the Cleveland-Cliffs camps, spent yesterday afternoon in the vicinity of the fire and reported to F. B. Wyman, secretary of the Northern Forest Fire Protective association, last night that some of the company's stored logs and stumps had suffered from the blaze and one entire camp had been wiped out. They were unable to place an estimate on the loss.

Considerable Damage Reported.

State forestry warden W. R. Oates, said here last night that according to information received from Deputies Koepf and Marks, the latter of Mount Pleasant, the damage would be between \$100,000 and \$150,000. No casualties were reported, and the fire during yesterday and last night was traveling in a direction that the homes of the Cleveland-Cliffs employes in the Rumley valley location were not in danger.

Smoke from the fire was plainly visible from Marquette yesterday afternoon. A steady volume poured over the horizon and by evening had increased

greatly in proportion. The fire could be seen plainly from the lower harbor late in the evening.

DEATH OF MRS. O'HALLARON.

Resident of Marquette for Thirty Years Attained Age of 84.

Mrs. Mary O'Hallaron, eighty-four years old, died at 4:30 o'clock yesterday morning. The end came at the home of the daughter, Mrs. John Donohue, 217 Ridge street, after an illness extending over a period of two years.

Mrs. O'Hallaron was born in Ireland. She came to Marquette from Brooklyn, N. Y., more than thirty years ago. Mrs. Donohue is the only immediate relative surviving.

Funeral services will be held at 8:30 o'clock Wednesday morning at St. Peter's cathedral. Interment will be in Holy Cross cemetery.

DROWNED BOY'S FUNERAL.

Will Take Place This Afternoon from Home of C. A. Muhlhauser.

Funeral services for Harry Boyce, the young man who was drowned Sunday afternoon while swimming in Deau river, will be held at 3 o'clock this afternoon at the home of C. A. Muhlhauser, Third street.

Cotner Prin, of Ishpeming, viewed the remains at Tonella's morgue yesterday morning. He declared that an inquest was unnecessary.

SHIP INSPECTORS TO MOVE TO POSTOFFICE

Uncle Sam Wants All Departments Housed in His Own Building.

Some time this month the United States steamship inspectors, who are now located in the Marquette County Savings bank building, will move to the federal building, and will take the two offices formerly occupied by the special deputy customs collector. The task of removing the furniture and counters in the customs office was started yesterday.

When this change is made all of the government offices in the city, with the exception of the weather bureau, will be housed in the federal building. Uncle Sam is figuring on saving some office rent.

The steamship inspectors formerly had offices in the federal building, but in March, 1905, had to give them up to allow the customs collector more room. They were housed for almost six years in the Peter White estate building, and about three and one half years ago they moved to their present quarters.

When, about a year ago, the customs district of Superior was wiped out, the pressure on the federal building was relieved, and the steamship inspectors were ordered by the department to investigate the advisability of returning to that structure. They were ordered to make the change a few days ago.

The federal building will be a much more convenient location for the office, because it has close relations with the customs house. All of the certificates issued by the inspectors are filed with the deputy customs collector.

William A. Jellison, deputy collector of customs, will be transferred to the office in the western end of the building, formerly occupied by the collector.

NOTICE.

The board of review of Richmond township will hold session on Tuesday and Wednesday, June 9 and 10, for the purpose of hearing the public with regard to the assessments on the tax rolls, 6-3-14.

What arrangement have you made for your hot water this summer? The most economical and convenient way to heat water is with a gas water heater. Ask your neighbor who has one and then phone the Gas company. 6-6-14.

WANT MORE LIGHTS, TO DRIVE OUT TRAMPS

Municipal Commission Is Petitioned for Illumination on Palm Street.

On the petition of residents near the Pioneer furnace in North Marquette, the council last night were extended by the municipal commission from the furnace location north to Hawley street, near the barns of the Marquette & Presque Isle Railway company.

The request of residents of Palm street for the installation of an electric light at the foot of that thoroughfare was granted. The property owners claim that the locality now to be illuminated is a rendezvous for tramps and loafers. Charles Retaillic, superintendent of the electric light department, had made an investigation of the district, and he submitted a report favoring the granting of the municipal commission from the furnace location north to Hawley street.

Residents of Spring street have petitioned the commission for the installation of an electric light in front of the fire station. The commissioners will investigate.

A resolution submitted by Commissioner Werner, providing for an assessment for the extension of a sewer in Hematite street, was passed. The cost of the improvement fell somewhat below the estimate.

A resolution ordering a special assessment of \$450 on Ridge street property to pay for the installation of a sewer in that thoroughfare, was also passed. The request of the Jones furnace interests for the use of the city water was granted. The cost of the extension of the service to the furnace location will, it is estimated, be \$1,750.

The hills for the week were allowed and ordered paid. The business officer reported a collection of \$27.50 during the week. The contract for the publication of official matter of the city was awarded to the Chronicle.

J. H. PRIMEAU IMPROVING.

Marquette Man Injured in Detroit Resting Easily at Grace Hospital.

Joseph H. Primeau, Sr., who was injured by the collapse of a false wall in Detroit recently, is much improved, according to a letter received by the family from Joseph H. Primeau, Jr., yesterday. Mr. Primeau is confined to Grace hospital. The cuts on his head have healed nicely, but he is still suffering from several broken ribs and a wrenched knee.

Bruno C. Primeau will leave this afternoon for Detroit and will return with his father until he has improved sufficiently to be removed to his home in this city on an Anchor Line steamer. Mr. Primeau has been in the hospital eleven days. No internal injuries have developed, and it is thought he will have recovered sufficiently within a fortnight to be brought home.

ANNUAL CLASS EXERCISES.

Seniors of the Marquette High School Will Entertain Tonight.

The senior class exercises of the Marquette High school will be held at 8:15 o'clock this evening in the auditorium of the school. It will be the last formal gathering of the class before the commencement, which is to be held tomorrow evening at the opera house.

The class historian, Mildred Magers, will review the history of the Class of '14 thoroughly, noting the accomplishments of each of its members. Marjorie Borronson, class prophet, has the list of future vocations of each of the seniors mapped out.

The exercises promise to be unusually interesting. The program is as follows: Piano Solo—Estelle Patrick. President's Address—Harold E. Spion. Class History—Mildred Magers. Vocal Solo—Iven Chamberlain. Address of Junior—J. J. Morrison. Class Prophet—Marjorie Borronson. Vocal Duet—Estelle Patrick, Signa Gilling.

HOUSES; ROOMS; BOARD.

Commercial Club Wants to Know Who Has These Accommodations.

For the convenience of strangers and persons desiring to make a change in their place of dwelling, the Commercial club is preparing a revised list of houses and rooms for rent and of places where board may be procured. All persons having such accommodations are requested to notify Secretary E. A. Daley, stating the price and conditions.

The club has had an increased demand for information along this line the last two weeks. There are a great many people from the lower states coming to the city for a vacation of a week or two, and there also is a good demand for permanent residences. The club is anxious to have the information as soon as possible.

NOTICE OF BRIDGE LETTING.

Sealed proposals will be received by mail at the office of the State Highway Commissioner, Lansing, until June 12, 1914, for building two 80-foot approach spans with 18-foot roadway on State Trunk Line for present bridge crossing Whitefish River, Section 20-41 N., 24 W., Masonville Township, Delta County, and also for building one 40-foot 1-span bridge with 20-foot roadway on State Trunk Line crossing Scotch Creek, Section 19, 41 N., 22 W., Mathias Township, Alger County, Michigan.

For inspection of bridge site, plans, specifications, instructions to bidders and proposal blanks for the Whitefish River bridge see E. P. Higgs, county engineer, Escanaba, and for Scotch Creek bridge see L. E. Adams, county engineer, Munising. Write to either office for information.

Separate bids will be received for either bridge on: 1. Plain concrete foundations. 2. Reinforced concrete floor. Certified check amounting to 5 per cent of each proposal will be required with each bid.

All bids will be considered informal and the right reserved to reject any or all bids. FRANK F. ROGERS, State Highway Commissioner, Lansing, Michigan. 6-8-14.

For painting, paper hanging or tinting ask C. A. Lawrence for prices. Phone 925-J. 6-4-14

DRIVERS MUST BE CAREFUL.

Horses Said to Have Done Much Damage to Trees by Chewing Bark.

Drivers of delivery wagons are cautioned by the chief of police to tie their horses while the animals are standing in front of dwellings. This is to prevent them chewing the bark on the trees.

Several complaints of trees being damaged by horses chewing the bark have been made to Mr. McIntosh. Some of the property owners have threatened to prosecute the owners of the horses. Along Front street, it is reported that several trees have been seriously damaged and the owners fear the trees will be killed.

Mr. McIntosh warns the drivers that unless they are careful he will be forced to take action against them.

PREPARE FOR INSPECTION.

Passing Means Pay for Officers and Members of Naval Reserves.

In order to successfully pass the inspection by Lieutenant Johnson, of the United States navy department, to be held in this city June 10, the Marquette battalion of the Michigan naval reserves is placing special stress on drilling and equipment. The inspection will be to determine whether the reserves are sufficiently equipped and capable of service in the regular navy and eligible to come under the appropriation for "arming and equipping the naval militia." This is the first year that any money has been available for the pay, transportation and subsistence of the men and officers of this division, when engaged in actual service afloat or on shore, and will undoubtedly stimulate interest in the division and increase the efficiency. The inspector will determine which divisions of the state are and which are not entitled to the annual allotment of funds from the appropriation.

Lieutenant Roy Rydholm, of the Marquette battalion, reported yesterday the bill of lading for the shipment of the navy yard at New York of an allotment of new Springfield rifles, belts, bayonets and canteens.

The members of the battalion are anxious to pass the coming inspection and are taking up the drill work earnestly. The first heat drill of the season was held last night in the lower harbor. About twenty men were out, and were put through a stiff rowing practice.

DEFEATED MUNISING IN OPENER.

Newberry Team Made Good Showing in Game Played Sunday.

Newberry opened the baseball season Sunday by defeating Munising, 11 to 5. Although the weather was sulfoacting, Ludlow pitched a fine game. Smith, Newberry's catcher, gave a performance behind the bat that was easily the feature of the game.

In the first inning Shorty Reynolds started things by tapping the ball for a three-bagger, with two men on, and got home on a wild throw over third. In the last inning, seeing that the game was cinched, Flynn, the manager, put in John Reardon, recruit pitcher, and let him warm up. Jack didn't disappoint the fans, and he is likely to have a berth with the regular squad.

There was a large attendance, assuring good support for the team. The players have been working the past two weeks, and have erected two dugouts and a ticket office. The grandstand has been repaired and the grounds are now in excellent order.

Newberry's lineup is as follows: A. Ludlow, pitcher; L. Smith, catcher; Lanktree, first base; G. McDonald, second base; H. Reynolds, shortstop; O. Flynn, third base; L. Young, left field; S. Newmark, center field; P. Hedron, right field; J. Reardon, pitcher; W. Stephens, center field; Reiter, pitcher.

The official scorers are: O. Flynn, captain-manager; S. Newmark, secretary-treasurer; E. Nilander, official scorekeeper.

MIDDLE WEST WANTS HELP.

Three More States in That Region Apply for Harvest Funds.

Postmaster Byrne yesterday received a communication from the bureau of immigration, department of labor, stating that the department had received applications from Kansas, Missouri and North Dakota concerning the need of harvest hands in those states and urging him to advise the unemployed of Marquette and vicinity that work may be procured.

In Kansas, according to the letter, forty thousand men are needed. The wages will range upward from \$2 a day and board. The most of the men will be needed from ninety to 120 days. Seekers for work may go directly to the towns in the wheat belt and will be distributed among the farmers by district employment bureaus. Information regarding the work in that state may be had by communicating with W. J. O'Brien, director of the State Free Employment bureau at Topeka.

Thirty thousand men are needed in Missouri, where wages ranging from \$2 to \$2.50 a day, according to experience, will be paid. Employment will be afforded from three to six months, beginning June 15. The State Free Employment offices at St. Louis, or John T. Fitzpatrick, labor commissioner, Jefferson City, will furnish directions.

The harvest help in South Dakota will be needed about July 15. In this state, the wages will range from \$2 to \$3.50 a day and board. Considerable of the former wheat acreage in South Dakota is now in alfalfa and corn, and a large percentage of the help will be needed for husking. Charles McAffree, commissioner of immigration, Pierre, S. D., will furnish information.

"CHELSEA 7750" TODAY.

Gripping Detective Story of Famous Players Series at Opera House.

Starting with a matinee at 4 o'clock this afternoon, "Chelsea 7750," a Famous Players feature film, will be shown at the Marquette Opera House. Henry E. Dixey will be seen in the leading role. He is supported by Laura Sawyer and Hans Peters, stars of the motion picture realm.

The play has to do with the underworld. Starting with a pursuit by detectives of a gang of trained and resourceful counterfeiters, it leads on to many thrilling climaxes. The mystery and fascination of the submerged half lives through it all. Mr. Dixey, who is one of the foremost favorites of the American stage, will be seen as a clever sleuth.
