

BUTTE ENJOYS DAY MARKED BY NO TURBULENCE

Miners of Both Factions Go to Work Without Being Asked to Show Their Union Cards—Federation Leaders Driven to Shelter Saturday Keep Under Cover

Trouble Is, However, in Prospect Tomorrow, When Men Will Vote on Crucial Issue—Gov. Stewart Takes Steps to Procure Federal Troops in Case of Need.

Washington, June 15.—Governor Stewart of Montana, telegraphed President Wilson today, asking that federal troops be sent to restore order in the Butte copper mine district.

Butte, Mont., June 15.—"We have not asked that any troops be sent to Butte, and at the present there is no condition in Butte or in Montana that requires the intervention of state or federal troops," said Governor S. V. Stewart here late today.

"I have been in communication with county and city officers during the day, with leaders of both factions of the laboring men, and with mine operators. In my opinion, the situation is much better and I doubt whether there will be any necessity for outside interference from any source."

"No call has been made for federal troops or for the mobilization of state troops," said the governor. "There has been an interchange of communications with Washington, relative to the possibility of obtaining federal troops in case a contingency should arise."

State Executive's Action Surprises. Butte, Mont., June 15.—Governor S. V. Stewart took up with Washington today the possibility of procuring federal troops in case they are needed in connection with the trouble now existing in the Butte union of the Western Federation of Miners.

The first news to this effect came from Washington and surprised most of those who heard it, because it followed a quiet day. The insurgent faction of the miners went to work, as did the conservatives, without being asked, as is customary, to show their union cards, and the union officials driven to shelter in the rioting Saturday remained under cover.

The governor, who arrived here early today from Helena and vigorously denied a report that he had ordered the militia mobilized, also denied a report that he had actually appealed for troops, explaining that his inquiry was "as to their availability" in case a contingency should arise. He insisted that the exchanges today with Washington were "merely precautionary," and declared that "at present there is no condition in Butte or in Montana that requires intervention of state or federal troops."

Trouble May Come Tomorrow. So far as outward conditions in Butte were observable tonight, they appeared to confirm the governor's declaration as to the status of the movement. Wednesday, however, comes a balloting on the question, "Shall we refuse to show Western Federation cards at all work places?" This balloting inevitably will precipitate a meeting of the two thousand or more insurgent union men who are rebelling mainly at the continuation of the strike benefit assessments and perhaps seven thousand of the conservatives.

The nearest federal troops are at Fort George Wright, Spokane and Yellowstone, Wyo.

FATE OF THE SPRINGFIELD AND CREW STILL UNKNOWN; SEARCHERS RETURN BAFLED.

Portland, Ore., June 15.—Oregon's vast area of mountain forests still held secret tonight the fate of the balloon Springfield. Whether Pilot Roy Donaldson and his aid, Wilbur Henderson, were alive or dead remained a mystery which every effort has failed to solve since the balloon with three others disappeared from here Thursday in a long distance race under the auspices of the Aero Club of America.

There was no doubt in the minds of those acquainted with aeronomics that the balloon by this time had alighted, the only question being whether the aeronomist had landed safely and whether they would be able to find their way back to civilization. A party of searchers, which today penetrated the Sandy River country toward Mount Hood, tonight reported no sign of the balloon.

FAST FIELD IN PROSPECT FOR TODAY'S POLO MATCH ON MEADOWBROOK FIELD.

Hempstead, N. Y., June 15.—Following the rain of the early morning and clearing skies this afternoon polo enthusiasts tonight predicted a fast field for the

second game of the international cup match tomorrow afternoon on the Meadowbrook field. Light practice was indulged in by both the American and British teams when the sun came out late today.

The members of the challenging team, who have one leg of the cup as the result of the defeat of the Meadowbrook four last Saturday, were in fine fettle. The Americans today reconstructed their lineup for tomorrow's game, hoping that a better result will be attained.

MODERN WOODMEN MEET IN BATTLE IN SESSION AT TOLEDO.

Toledo, O., June 15.—The battle between the Modern Woodmen of America administration and insurgents began today before the credentials committee. The insurgent leaders declared if their bid Middle West delegations are not seated they will either bolt or carry their fight to the courts, as soon as the committee reports.

The credentials committee will not be ready to report until tomorrow. The insurgents expect to be defeated in the committee, and are preparing accordingly. Their course of action, if there be any, will take the form of an injunction suit, it is expected.

SUPREME COURT DENIES BAIL TO HARRY K. THAW.

Washington, June 15.—Harry K. Thaw was today denied release on bail, pending the consideration by the supreme court of his extradition from New Hampshire to New York.

NATION'S HEAD NAMES NEW BANKING BOARD

Washington, June 15.—The organization of the new national banking and currency system entered its last stages today when President Wilson nominated the five men who, serving with the secretary of the treasury and the comptroller of the currency ex-officio, will constitute the federal reserve board.

Charles S. Hamlin, of Boston, was nominated for the two-year term; Paul Warburg, of New York, for four years; Thomas D. Jones, of Chicago, for six years; W. P. G. Harding, of Birmingham, Ala., for eight years, and A. C. Miller, of San Francisco, for ten years.

President Wilson will select one of the men named today to be governor of the board. It is generally expected that Mr. Jones or Mr. Hamlin will be chosen for the post.

ALTON B. PARKER RAPS THE COLONEL

Former Jurist Refers in Speech at Yale to Threatened Seizure of Coal Mines.

New Haven, Conn., June 15.—"Something is radically wrong in the mental processes of the electorate or else patriotism is at its last gasp when, with hardly a whisper of protest, a retired chief executive may brag to representatives of the people of his treasonable scheme to intrude upon state rights and by establishing a military receivership over coal mines, pending a strike, admitting otherwise the constitutional principle that he had well considered that his defense might be impeachable if committed to an impartial court."

Mr. Taft Defends the Courts. Cambridge, Mass., June 15.—The unbridled exercise of the limitations upon lusty action of a majority of the electorate, now interposed by the vested prerogatives of the supreme court of the United States and by the machinery for amending the constitution, was defended by former President William Howard Taft in an oration before members of the Phi Beta Kappa fraternity of Harvard University here today.

Mr. Taft's defense of these limitations had immediate references to charges urged by certain political leaders to qualify existing personal and property rights and increase governmental control over the individual. He attacked the recall of judicial decisions and the proposal that the judgment of the supreme court in construing and enforcing the constitution may be subject to a reversal by a plurality vote at any biennial election.

Trades Unions Scored. Mr. Taft attacked the trades unions for their championing of the Clayton bill, pending before congress, exempting them from the operation of the Sherman anti-trust law, and for their support of the strikers in Colorado. "We find," he said, "many labor organizations insisting that the arm of the courts be weakened so that lawless violence on their part may be an effective instrumentality to gain their industrial ends. Indeed, we find actual rebellion against state author-

RAIN OF REMARKABLE VIOLENCE CREATES YAWNING PITS AT PARIS; PAVEMENTS COLLAPSE. PEDESTRIANS ARE ENGULFED, EVEN A TAXICAB.

Paris, June 15.—A thunderstorm of phenomenal violence raged over Paris for three hours this evening. It caused loss of life and enormous damage to property. The rain flooded the streets and caused the bursting of sewers.

In the central fashionable quarter of the city a street caved in, engulfing several pedestrians. The number of victims is not known, owing to the danger of approaching the immense pits resulting from the collapse of sidewalks and roadways. The police estimate the victims at seven at least.

The most serious cave-in occurred at the junction of the Rue la Boetie and the Faubourg Saint Honore. When the storm was at its height five hundred square feet of the roadway heaved up and sank, carrying with it a number of persons who had taken shelter under the awning of a cafe.

About the same time a large fragment of the roadway in the Place Saint Augustin suddenly collapsed. A passing taxicab was engulfed. Eye-witnesses saw a woman's hand waving from the vehicle and the head of the chauffeur as the taxicab disappeared. Almost immediately a great block of stone fell upon the vehicle.

Almost at the beginning of the storm the roadway at the junction of the Rue Tronchet, the Rue Aubier and the Boulevard Haussmann, one of the busiest parts of Paris, disappeared, leaving an opening thirty feet long and fifteen feet wide, into which the water from a broken main poured in a torrent. A pedestrian fell into the cavity, but was rescued.

A sewer burst alongside the subway in the Rue de Rivoli, putting it out of commission. One that burst in the Rue Boissy-D'Anglais carried away many feet of the pavement and flooded the new subway line.

NOTICE GOES TO CARRANZA FROM THE MEDIATORS

Rebel Chief Is Told He Can Be Represented in the Conference Only by Agreeing to a Truce and the Consideration of the Entire Mexican Problem. Terms He Proposes Are Rejected—No Headway Is Made With Task of Choosing the New President—Constitutionalists Badly Defeated in Zacatecas Battle.

Niagara Falls, Ont., June 15.—The three North American mediators formally advised General Carranza by telegram tonight that they would not admit his representatives to the conference here unless an armistice were declared and internal as well as international phases of the Mexican problem accepted as the scope of mediation.

Carranza's Terms Spurned. "This action follows the receipt of a note from Rafael Zubaran, special representative of Carranza in Washington, announcing the appointment of Constitutional delegates to the mediation, at which, according to the view of the Constitutional chief, "it is sought to settle the international conflict which has arisen between the United States and the Mexican republic."

The mediators told General Carranza they feared he "had not duly considered" an armistice and that his representatives should discuss the entire Mexican problem. Their notification was sent to General Carranza at Saltillo.

The Carranza communications were barely mentioned at the conference, which was devoted entirely to the question of selecting a provisional president to succeed General Huerta. Absolutely no headway was made.

Rebels Worsted at Zacatecas. Mexico City, June 15.—Telegraphic reports received at the capital today from Zacatecas say that the losses of the Constitutionalists in the battle at that place are estimated at three thousand. General Barron, who commanded the federal forces, has been promoted to the rank of general of division.

El Paso, Tex., June 15.—News of Constitutional reverses at Zacatecas was received here today from the south, as well as in press dispatches from Mexico City. In an effort to take the city, General Nater's troops were repulsed with heavy losses. No information on the number of dead and wounded in the Constitutional side was given out, but it is understood that the losses were unignominiously heavy.

It is maintained by certain trades unions and supported by contributions openly solicited from their sympathizers the country over.

Mr. Taft met the raised objection to the machinery for amending to the federal constitution as very difficult by saying that amendments which do not arouse sectional differences cannot easily be defeated. The superiority of procedure of construction of the country's laws with the help of the supreme court rather than at a biennial election was urged by the speaker and the need for some such tribunal grew greater, not less, he said, in the developing of society in its modern form.

SEX LECTURES A SUCCESS ELLA FLAGG YOUNG TELLS THE WOMEN'S CONVENTION.

Chicago, June 15.—Ella Flagg Young this afternoon told the delegates to the biennial convention of the General Federation of Women's Clubs that sex lectures to the school children were a success.

"The girls, enlightened, left the lecture halls with uplifted chins, in consciousness of the womanhood that was in them, instead of with smirks of ignorance," declared Mrs. Young, who is superintendent of the Chicago public schools.

Dean Walter T. Sumner pleaded passionately for a higher standard of morality for the male and drew barrowing pictures of the misery brought about by men who "have their fling" before "settling down" with some pure wife. No nominations were made at the forenoon session, and as no opposing ticket was named from the floor Mrs. Percy V. Pennybacker will be re-elected president tomorrow.

WAR IN BALKANS APPARENTLY IS CLOSE AT HAND

Turkey Is Expected to Ignore the Greek Demand or Refuse to Comply With It—The Powers, Meanwhile, Seem Unable to Arrive at Any Agreement. With International Clash Threatened, Albanian Revolt Grows Serious—Moslems Attacking the Capital Are Temporarily Repulsed—Fighting Is Desperate.

London, Tuesday, June 16.—The London morning papers extend congratulations to President Wilson on the signing of the Panama tolls exemption repeal bill.

The Mail says: "The president has done a fine thing in the right way. We believe that the American people will see in his act another proof that they have the good fortune to be governed by a great man."

The London Chronicle says: "It will increase President Wilson's personal ascendancy, remove what would be a deplorable source of diplomatic difficulty and restore to the great republic its full credit as a treaty-keeping nation."

The Post, under the caption "The Large Thing," says: "It is a hard-won triumph for President Wilson, who exposed himself to the charge of seeking to purchase British friendship by the sacrifice of American interests. It is therefore necessary for Englishmen to pay a tribute to the statesman who did not hesitate to risk his personal popularity and political prestige in doing what he believed to be right and just."

At the outbreak of the fighting, the insurgents gained an advantageous position, but after Colonel Thompson, the Dutch commander of theendarmerie, had been killed, Prince William placed himself at the head of the defenders and succeeded in silencing the rifle and artillery fire of the attacking force after three hours fighting. The casualties among the battle were numerous.

Although the fighting ceased, two forces of insurgents remained in close proximity to the town and a renewal of the attack was feared.

Great Powers Sending Warships. London, June 15.—Great Britain has ordered a warship to proceed at once to Durazzo, to insure the safety of Prince William and his family. The other powers are also sending warships.

FOURTEEN CHURCHES BURNED DURING THE STRIKE IN ITALY; OTHERS DAMAGED OR LOOTED. Rome, June 15.—Church property suffered severely during the riots accompanying the recent general strike in Italy, according to reports presented to the pope today. These show that fourteen churches were burned and thirty-nine damaged, while twenty-three others were looted.

Work was resumed generally today at Ravenna, Forli, Cesena, Rimini, Lugo, Faenza and Parma. In other districts, the authorities were gradually succeeding in restoring order.

TRADING IN STOCKS IS SLOW. PRICE TENDENCY DOWNWARD; RATE DECISION IS AWAITED. New York, June 15.—The judgment of the speculative community as to stock market probabilities was held in abeyance today, and price movements were narrow. No progress was made toward clearing up the questions which overhang the market, blocking the way for bulls and bears alike. Just when the rates case decision will be announced remains as much of a puzzle as ever. The drift today was downward, but the movement did not attain important proportions.

MOUNT LASSEN IS QUIET; MAN STRUCK BY BOULDERS IS IN SERIOUS CONDITION.

Mineral, Calif., June 15.—Mount Lassen was quiet today, following its demonstration of yesterday and last night when smoke, steam, ashes, gases and boulders were hurled from its newly created craters.

W. J. Rushing, United States forest supervisor here, has changed his mind it regard to the nature of the recent eruption. He said tonight he believed it was of a volcanic nature. Previously he had expressed the belief that it was merely the opening up of an unusually large geyser.

E. E. Phelps and F. A. Tipple, who were within two hundred feet of the great gush of ashes and steam that almost killed Lance Graham yesterday morning, saw no flames. Graham, before he was rescued, was buried in ashes, but neither by the ash nor by the rocks that crushed him was he burned. His condition is serious.

D. DAVENPORT, PITCHER, JUMPS TO THE FEDERALS. St. Louis, June 15.—Pitcher Dave Davenport of the Cincinnati Nationals signed a three-year contract with the St. Louis Federal league team today, according to a statement made here tonight by Willis Johnson, business manager of the St. Louis team. Mr. Johnson said the details of Davenport's contract or that of Armando Marsans, the Cincinnati outfielder, who jumped to the St. Louis Federals yesterday, would not be made public at present.

London Newspapers Congratulate Mr. Wilson on Repeal of the Tolls Exemption. Washington, June 15.—President Wilson today signed the Panama tolls exemption repeal bill. There was no ceremony at the signing.

London, Tuesday, June 16.—The London morning papers extend congratulations to President Wilson on the signing of the Panama tolls exemption repeal bill.

The Mail says: "The president has done a fine thing in the right way. We believe that the American people will see in his act another proof that they have the good fortune to be governed by a great man."

PRESIDENT IS BOUND TO PUT BILLSTHROUGH

Mr. Wilson Announces He Will Use Every Influence to Procure the Enactment of His Trust Program at This Session—Plotters at Work, He Believes. He Has an Idea There Exists a Deliberate Campaign to Get for Business "a Rest from Legislation," and He Holds It Responsible for Industrial Depression.

Washington, June 15.—President Wilson came out today with a flat declaration that, despite what he characterized as a deliberate campaign by certain interests for an adjournment of congress and the postponement of the administration's trust legislation program, he would use every influence to get the pending bills through the senate at this session.

The president disclosed his belief that an organized distribution of circular letters and telegrams which have been brought in by friends of the administration. One of the letters was circulated by the Simmons Hardware company of St. Louis, under date of June 9. Just prior to that date President Wilson had offered to E. C. Simmons, president of that company, a place on the federal reserve board. Today it was announced that Mr. Simmons had declined the appointment. The White House officials, however, denied that the Simmons letter had to do with the declaration.

One of the letters made public purported to have been sent out by the Pictorial Review company of New York, and was signed by W. P. Ahmelt, president. It accompanied a prepared letter protesting against trust legislation, praying for a freight rate increase and suggesting an adjournment of congress, with the further suggestion that the recipient mail copies to the president, members of congress, the interstate commerce commission and other officials in Washington.

ROADS NOT PAID ENOUGH FOR CARRYING THE MAILS, HOLDS EX-SENATOR BOURNE. Washington, June 15.—"I am thoroughly convinced that for carrying the mails, the railroads should be paid a rate that will give them the same returns, per car-mile, that they get on an average from passenger traffic," said former Senator Jonathan Bourne, Jr., chairman of the joint congressional committee on railway mail pay, today.

An speaking entirely for mail transportation in no manner for the joint committee. My conclusions have been reached after many months' study of the subject.

"The deterioration in mail transportation by railroads are frequency, regularity, speed and safety. Mail is carried almost entirely on passenger trains, and primarily controls the frequency, speed and regularity and, to a great extent, the safety of railroad passenger transportation. Hence, everything that is necessary for increased volume of passenger traffic is a relatively corresponding benefit to the mail in its transportation over the railroads.

"The postoffice department has advanced the theory that the mail shall not bear its relative proportion of expensive terminals, ticket agents and many other things appertaining to the passenger service, but I assert this contention is not sound. The volume of passenger business depends on all of these things and they are necessary to the increase of passenger business and, hence, necessary for mail transportation. If the government should pay its relative proportion.

"With these premises and deductions I again assert that my own conviction is that the government should at least pay a car-mile rate equivalent to the average passenger car-mile rate for the last five years, assuming the passenger car-mile rate to be a just rate, namely, a little more than twenty-five cents per car-mile. If my premises are sound, my deductions are certainly syllogistical.

"The duty of our committee is to determine as far as it is possible to determine what is a just compensation to be paid to the railroads for the carriage of mail. The apparent aim of the postoffice department has been to evolve a method by which the railroad mail pay could be reduced.

"Government is formed for the protection of its citizens and the preservation of their personal and property rights. It ought to set an example for all the people and should, therefore, itself do justice to each individual in society.

and of what Newnam reported. I invested \$20,000 in the stock," said Senator Overman.

"This all goes to show what happens to a Democrat when he gets to fooling with the gold standard," remarked Senator Chilton. "It would have been all right if we had just stuck to 16 to 1. I want the senate to make a prompt investigation, and if there is anything to ensure me for, I am ready to take my medicine."

SENATORS PROPOSE AN INVESTIGATION. Congressional Stationery Used, It Appears, to Boost a North Carolina Gold Mine. Washington, June 15.—There was opened in the senate today a way for an investigation of the use of senate stationery and the alleged employment of government officials in connection with the promotion of a North Carolina gold mine.

Senator Overman, one of those mentioned in connection with the mine, introduced a resolution calling for an inquiry, and it was endorsed by Senator Chilton, another senator whose name figured in the same way. The resolution was referred to a committee.

GIVE HIGH PRAISE TO AMERICAN EXECUTIVE

Washington, June 15.—President Wilson today signed the Panama tolls exemption repeal bill. There was no ceremony at the signing.

London, Tuesday, June 16.—The London morning papers extend congratulations to President Wilson on the signing of the Panama tolls exemption repeal bill.

The Mail says: "The president has done a fine thing in the right way. We believe that the American people will see in his act another proof that they have the good fortune to be governed by a great man."

The London Chronicle says: "It will increase President Wilson's personal ascendancy, remove what would be a deplorable source of diplomatic difficulty and restore to the great republic its full credit as a treaty-keeping nation."

### HANCOCK ALUMNI OUTING.

High School Association Charters Plowboat for Lake Trip.

The annual outing of the Hancock High School Alumni association will be June 23. The steamer Plowboat has been chartered to take the party to the canal, where a whitfish dinner will be served.

### MORRIS MEMORIAL GOLF.

Portage Lake Team Plays in Special Match—President's Trophy Result.

The Tom Morris Memorial golf match of the Western Golf association, in which the Portage Lake club has a team entered, will be played by the latter team over its own course this afternoon.

### NO GOLF ON JULY FOURTH.

Portage Lake Golf Club Asks Canadians to Postpone Visit.

The members of the Portage Lake Golf Club have not forgotten that they once were boys. The club gives employment to a number of youngsters as caddies during the summer and the boys like the work, but the players do not intend that the little fellows shall be cheated out of their jobs.

### TAG DAY RECEIPTS, \$1,107.42.

Good Will Farm Profits by Saturday's Charitable Enterprise.

The tag day receipts Saturday by Good Will Farm totaled \$1,107.42, according to a compilation announced yesterday by Mrs. Donaldson, superintendent of the institution.

(From Gen. F. Ruez, Ishpeming.)

BOSTON COPPERS.

The supreme court yesterday failed to announce any important decisions.

Supervisor Hamar Wonders at the Carelessness of Taxpayers.

Supervisor E. A. Hamar of Chassell thought the carelessness of taxpayers in the townships of the rural tax district.

Spelled Every Word Correctly.

At the annual closing exercises of the Franklin schools last Friday afternoon, Mamie Leppanen, one of this year's graduates, won first honors in the spelling contest.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

GET RID OF THE TORMENT OF RHEUMATISM.

Remember how spry and active you were before you had rheumatism, backache, swollen, aching joints and stiff, painful muscles?

THE PINK OF HEALTH is every woman's right; but many are troubled with sallow complexions, headaches, backaches, low spirits—until they learn that sure relief may be found in BEECHAM'S PILLS.

# "All Aboard" for Peerless

Nothing like a good satisfying chew to keep your nerves steady and your head clear. Street car men are about the busiest lot of fellows on earth. Starting—stopping—watching traffic—taking care of passengers—something's going on every minute.

It would be a tough job for them if they didn't have their PEERLESS to smooth out the kinks; but it's "All Aboard for the Contentment Avenue Line" when they use this rich, mellow, satisfying tobacco.

## PEERLESS Long Cut Tobacco

is made from pure Southern Kentucky tobacco, aged from three to five years so as to bring out its full, ripe flavor and rich fragrance. It was made right fifty years ago—and it's been made right ever since.

Most sturdy, live men won't use any other brand, once they've tried PEERLESS—because no other brand has the snap and taste of PEERLESS. It gives you big, juicy satisfaction such as you get out of a good square meal.

"Mind your step"—get aboard PEERLESS for a week's trial of chewing and smoking, and you'll never stop. Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Pails.

THE AMERICAN TOBACCO COMPANY

did not make known its findings in the intermountain rate case and nothing special was forthcoming from the interstate commerce commission relative to the rate case.

MINING NEWS

TUOLUMNE.

The Tuolumne Copper Mining company is shipping about two cars of ore daily, and during the past five or six months has managed to meet expenses.

RETURN FROM PEMING.

Alderman and Mrs. J. E. O'Neil of Hancock and Captain and Mrs. John O'Neil of Quincy returned yesterday from Ishpeming, where on Sunday they witnessed the celebration of his first mass by Rev. Father O'Neil, a relative, Rev. Father Holland of Hancock, who also attended, assisted at the ceremony.

ANACONDA.

The figures of the Anaconda Copper Mining company, filed in Butte for the twelve months ended June 1, do not give evidence of any striking economies during this period.

## WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

Today's weather: Fair and cool. Yesterday's temperatures: Seven a. m., 46 degrees; noon, 52; 7 p. m., 52. Highest, 55 degrees; lowest, 46.

R. J. Goodman, Jr., of Ishpeming, was a Marquette visitor yesterday.

Mrs. William Lemere, of Sands River, was a business visitor here yesterday.

Harry E. Geush, of Minneapolis, called on acquaintances here yesterday.

Miss Ida Blackwell is spending a two weeks' vacation with friends at St. Ignace.

Mrs. Hanna M. Dawe, a former resident of this city, is here calling on friends.

Frank Niemi left yesterday afternoon for Helsingfors, Finland. He will sail on the steamer Virginia.

Mr. and Mrs. William Leininger and family returned to Ishpeming yesterday, after spending Sunday with friends in this city.

The supervisors will meet Friday, June 19. All bills against the county must be presented before Wednesday, June 17.

Miss Hazel Ames, a teacher in the Marquette High school, left last night for Stoughton, Wis., where she will spend the summer.

Jalmer Theodore Skoog and Esther Emily Peterson, of Ishpeming, secured a marriage license at the county clerk's office yesterday.

G. W. Gehrand, for the past six years superintendent of schools of Marquette, left last night at 5:30 for Madison, Wis., where he will take up summer study at the University of Wisconsin.

The parochial school children will be given a picnic on the beach Thursday by the Knights of Columbus. The children will attend 8 o'clock mass at St. Peter's cathedral before going to the scene of the festivities.

Rymer Van Evertz returned yesterday from Madison, Wis., where he is a student in the agricultural department of the University of Wisconsin. He will spend the summer at the home of his father, John R. Van Evertz.

The general meeting of the Women's Welfare club, which was to be held at the city hall tomorrow, has been postponed one week. Warden James Bus was the branch visitor, who was to address the club, has been called out of the city.

F. H. Wallace, of Duluth, is in Marquette, conducting demonstrations of Roman Meal products. Last week he exhibited at Delf's and Murray's. He will make the rounds of all the groceries during the next few days. The new food takes well wherever tried.

More Petitions Out—Another candidate for county office has been added to the list already announced. Petition were circulated among the voters of Marquette yesterday for James Matthews, of Cornishtown, for mine inspector.

Attends Veterinary Meet—Dr. A. W. Deadman has returned to attend the thirteenth annual meeting of the Wolverine Veterinary association. He will be in Lansing about a week. Dr. Menhennett, of Ishpeming, will take charge of Dr. Deadman's work during his absence.

Trout Lake Routed—The Newberry baseball team overwhelped the Trout Lake aggregation at Newberry Sunday afternoon by a score of 35 to 11. The home nine scored twelve runs in the first inning. The remainder of the game was an uninteresting accumulation of tallies. Newberry plays Manistique next Sunday and a much better contest is looked for.

Wellknown Here—W. G. Sharpe of Elyria, O., whose appointment to be an ambassador to France has been announced, is a member of congress, and has many Marquette friends, as he has been a frequent visitor to the city. Last summer he and his wife spent several weeks here. Mr. Sharpe has long been a prominent figure in the Democratic party. His Marquette friends are well pleased to learn of the important recognition that has been given him.

Talking Merger—The Queen City and Superior tents of Maccabees are considering the matter of consolidation into one organization. The change will take effect after the great camp, K. O. T. M. M., has become a part of the supreme tent, Maccabees of the World, in Detroit. The two Marquette tents believe that much money can be saved by the proposed merger. Pete Marquette camp, composed of an entirely French membership, will, it is thought, not be affected by the change.

Inspection Today—Lieutenant E. F. Johnson, of the Great Lakes Training school, Chicago, will arrive in Marquette today to inspect the equipment and members of the Marquette battalion, Michigan Naval Reserve. Captain Roy Rydholm requests every member to turn out for the inspection, as upon the result will mean whether this battalion will be pronounced fit for service in the regular navy. Lieutenant Johnson will inspect the equipment in the morning and the battalion this afternoon.

School Census Increases—The Misses Anna Ware, Nellie Murphy, Margaret Layne, Nellie O'Keefe and Mary Deasy, who under the direction of Miss Kate Wallace have made a census, report more school children in the city this year than last year. The result of the count is as follows: First precinct, boys 424, girls 392; Second, boys 230, girls 195; Third, boys 264, girls 233; Fourth, boys 298, girls 428; Fifth, boys 435, girls 456; totals, boys 1,571; girls 1,724, grand total of 3,481.

Singers Please—Cutting and Zuida, in a dancing and piano playing act at the Marquette Opera House, pleased large assemblies last evening. They have a refined act and are congenial entertainers. The male member of the team does some good work at the piano. Wednesday, "Toss of D'Ubervilles," with Mrs. Fiske in the leading role, will be shown. Thursday, the attraction will be "The Hated Animal" or "The Man Who Disappeared," with Mark McDermott in the leading role, the second of a series of remarkable detective pictures.

Chance for Summer Job—Postmaster Rymer is making an attempt to interest the graduates of the high school, and other institutions, in taking the civil service examination for the position of clerk-carrier for the Marquette office,

which is to be held here June 27. During the summer months many of the regular clerks will be allowed vacations, and as there is a limited number on the available list for positions in the post-office, it is desired to increase it. Those who pass the examination may be called upon from time to time during the next two months to help out for a few days at a time.

INSURE WITH PETER WHITE & CO

Upper Peninsula

Doctor's Fees Sliced in Two.

As a result of a resolution passed by the Menominee county board of supervisors the physicians of the city and county hereafter will not be allowed more than \$5 for professional visits to county charges ill with contagious disease. Heretofore it has been customary for the physicians to charge \$10 for the first professional visit and to charge their regular fee for each additional call. The resolution cuts that in two, for but \$5 will be allowed city physicians for the first visit to the patients, while the county physicians will be permitted to charge the same, with an addition of \$1 for each mile traversed in reaching the patients.

Iron River Tax Rate Lowered.

The tax levy for the village of Iron River has been fixed at six-eighths of one per cent by the council. This will give a revenue of approximately \$16,500, practically the same amount raised last year, although the rate is one-eighth lower than that fixed in 1913. This is accounted for by the increase in property valuation, which is about \$600,000 more than last year. The valuation last year was \$1,800,000 in round numbers, and this year it is \$2,204,915. Of the total amount raised for the village of Iron River, \$11,924.57 will be for the general fund and \$5,512.29 for the street repair fund. The waterworks is more than self sustaining, the revenue from that source now being about \$8,000 a year.

Dynamiters Assessed Heavy Fines.

Four men and a boy were arrested by Game Warden Gould for dynamiting fish in Hageman lake. They were caught in the act and upon their plea of guilty before Judge Curley at Iron River the men were each fined \$50 and costs. The boy was turned over to the probate court and later was released by Judge Ritze on probation. Complaint had been made to Game Warden Gould about fish dynamiters, but he had difficulty locating them. The other day he heard that a party was at Hageman lake and he swooped down upon them. Several bushels of dead fish were found where the dynamite had exploded. The men arrested were 'ino Songi, John Tomato, Lawrence 'Seto and Sam Angeli. The boy, John 'Mitreana, is seventeen years old. Judge 'Curley issued a warning that hereafter dynamiters will be given jail sentences.

'ronwood Man Seeks Menominee Post.

With President M. J. Doyle and Trustee Charles A. Spies engaging in several heated controversies, the Menominee board of education in a special meeting considered more than thirty applications for the office of superintendent of the schools, recently vacated because of the sudden death of John N. Davis. No decision was arrived at, although it was decided that probably not more than six of the applications would be investigated. Among these was that of John V. Bryant, of Ironwood, superintendent of schools there, who is one of the men who particularly impressed the members of the board. Mr. Bryant furnished excellent references and he likely make a personal visit to the city in a few days. Another favored J. M. Frost of Muskegon, who has served as school head there for eleven years. Mr. Frost will also be asked to make a personal visit to the city. A third man who is going to be considered is Guy D. Smith of Fond du Lac. Harmony in the board was lacking when a vote was taken on the resolution offered by Mr. Doyle to pay Miss Clara McCrary, a teacher, the balance between the regular amount paid for services and what she was docked, owing to an illness. Commissioners Wilcox and Doyle voted in favor of the resolution, while Commissioners Spies, Prescott and Simpson took a negative stand. Mr. Doyle's plea in behalf of the young woman was to pay her the sum of \$11.50, which was deducted from her check because of a period of illness. He stated that the young woman had outlined and directed the work of her kindergarten room at the Roosevelt school from her sick bed and it was an extraordinary case that should be given attention. The meeting came to an abrupt close after it was decided that Director Spies should employ the janitors of the schools through-

SAYS SULPHUR DRIVES ECZEMA FROM THE SKIN

Use like cold cream to instantly stop itching and clear the skin.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth. He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated parts the same as you would any cold cream. For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destroying property. It is not only parasiticidal, but also a powerful antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and in is often years later before any eruption again appears on the skin.

BOYS WILL BE BOYS

But to be a man start early with a comprehensive understanding of the SCHEME OF LIFE

Nothing builds character more effectively than persistent economy and the habit of saving. We welcome the accounts of young men and encourage them to make regular savings deposits no matter how small. We allow 3% compounded semi-annually.

What's Doing in Baseball World

Red Ames has won seven and lost four this year for the Cincinnati Reds. This record would have kept him with the Giants this year if he had made it last year.

Clark Griffith says that Walter Johnson will be with the Senators in 1915 no matter how big a salary the Feds offer him or what terms they may be suggesting to him.

Luderns made a freak home run the other day against the Pirates. He hit the ball so hard that it stuck in the wall in center field, and a small boy had to climb and pull it out.

George Stallings says it is a 100-to-1 shot that the luck will soon change for the Braves. Everything has been moving so badly for the Boston men that it can not be any worse.

The funny stuff of Albroek and Schaefer causes a lot of amusement. Albroek has his stuff down finer than he did last year, and Germany has added much new stuff since his trip around the world.

Melvin Gallia, a pitcher for the Kansas City association team, who was sent there on an optional agreement, has been recalled by Manager Clark Griffith of Washington. Gallia will join the Washington team in about a month.

The Meiji Japanese baseball team of Tokyo, Japan, will arrive in Seattle July 2, and tour the United States, playing in all fifty games. The tour will be under the direct management of Nat. C. Strong, New York city, who has so successfully toured all the foreign teams through the states.

Connie Mack recently paid his respects to the Federals. He said they are dying. "I understand they are losing \$1,000 a day. But some of them have consciences at that. They have reduced the price to twenty-five cent in Brooklyn. They know they play twenty-five-cent baseball, and they won't overcharge."

If there is a single competent pitching staff in the American association at present it is pretty hard to discover in the underbrush of bases on balls and the seraggy growth of base hits. Proof that hurlers are not going good is shown by the large number of runs scored by each team. It's a record year for heavy scores.

According to the officials of the Giants, Yankees and Dodgers, there has been no decrease in their business this season. The Yankees have played to splendid crowds recently, especially in their contests with the Athletics and White Sox. There may be a slump in the attendance in other cities, but not in New York and Brooklyn.

In discussing a report from Chicago to the effect that there would be a shakeup in the Chicago Cub's official staff and that Manager Jack Hendricks of the Indians would succeed Hank O'Day as Cub pilot, Hendricks announced that he had not been approached with such a proposition and further said in part: "I am a director and stockholder in the Indianapolis American Association club and under a six-year contract to manage the team, hence the Cubs will have to get along without me for some time to come."

"What do I think about the Naps?" repeated Connie Mack. "I see Cleveland has lost sixteen games by one run. I have thought enough of the Naps to be certain if Chapman had been in the game, the Naps would have won fourteen of them. I think the addition of that young man would make that much difference. The Naps are sure to clinch. They can't stay in last place all year. Of that I am convinced. And by the way, I see all Cleveland is worrying about Nap Lajpik's hitting. Well, they need not worry. That old boy will be hitting when he is sixty."

Disgusted at the small attendance at their games this year, a delegation of

players representing practically the entire Montreal International league club called on President Samuel Lichtenhein and requested that they either be sold or transferred to some club in another league. The action of the players came as a climax to the general dissatisfaction that has been felt ever since the season opened and the invasion of the Federal league in Baltimore and Buffalo cut down the International league attendance in those cities, which formerly were strongholds. Lichtenhein refused to give the players a definite answer. The Federal league took some of the Montreal club's best players and the reorganized club has been in a rut almost since the season opened. The few star players left are said to have become disgusted with their mediocre associates.

NOTICE

### Ishpeeming Department

#### COMPLAINTS MADE AGAINST VALUATIONS

Many Property Owners Presented Grievances to Board of Review Yesterday.

Complaints against valuations placed on real and personal property in Ishpeeming by the state tax commission were heard upon the board of review in public meetings. From the time that the board convened at 9 o'clock until late yesterday afternoon there was some one in waiting to present his grievances. The board has no power either to lower or increase the valuations placed on real property by the state tax commission, but it can act in matters affecting personal property. A number of complaints about personal valuations were presented yesterday and taken under advisement. The board will be in session for several days.

The following letter from Orlando F. Barnes, George H. Horton and Thomas D. Kearney, the members of the state tax commission, shows the limitations that have been recently placed on the board of review:

"Chairman Board of Review: You are hereby requested to read the following official communication to your board of review. It is our duty at this time to call the attention of the members of such boards to the laws governing their official duties. The constitution and laws of this state require that all assessments shall be upon property at its true cash value. Section 116 of the general tax law reads, in part as follows: 'If any board whose duty it is to review the assessment of an assessing officer shall wilfully assess property at more or less than its true cash value, the members voting in favor of such action shall severally be guilty of a misdemeanor and on conviction shall be punished by imprisonment in the county jail not exceeding six months, or by a fine not exceeding \$300, at the discretion of the court.'

"Amendments made in 1913 to the general tax law require the board of state tax commissioners to institute proceedings to secure the enforcement of this law.

"It is not the intention of this board to assume that any reviewing officer is intending to violate the law, but it is proper to declare that we shall enforce the law fully and completely against all assessing and reviewing officers, regardless of what practice may have prevailed in the past, and re-assess wherever assessments are not at true cash value."

Affidavits Filed.

Accordingly, upon the presentation of a complaint regarding the valuation placed on real property by the state tax commission last year, the board of review had the protesting taxpayer sign an affidavit to the effect that the valuation placed on his property was unjust. These will be referred by the board to the commission. It is expected that representatives of the tax commission will be in Ishpeeming within the next few days, when the complaints will be brought to their attention.

Recently the commission has rectified some of its errors in the valuation of Ishpeeming property, entitling taxpayers to rebates on their last taxes. Unless the taxpayer can conclusively convince a representative of the state commission that an error has been made, there is little likelihood that a decrease in the valuation will be allowed.

The state tax commission has assumed practically all of the authority of the local officials in tax matters, and its word is final. The board of review still has the power to exempt widows and others unable to pay taxes, however, and a number were placed on the exemption list yesterday morning.

Among the complaints made to the board of review yesterday were those of Ishpeeming merchants regarding the valuations placed by the commission on their stocks of merchandise. Many alleged inequalities were brought to the attention of the board of review. The following are the valuations placed on stocks of merchandise in the principal Ishpeeming stores, which were the basis for the contentions yesterday:

J. L. Bradford Co.	\$20,000
Myers Mercantile Co.	30,000
Co-Operative Stores	40,000
Sellwood & Co.	11,500
Hughes Mercantile Co.	13,000
Johnson Bros. Co.	15,000
F. Braastad & Co.	67,000
Gately-Wiggins Co.	10,000
Ishpeeming Store Co.	13,500
Peter Koski & Co.	18,000
M. A. Kuhn	13,000

**RUN OVER BY AUTO.**

Joseph McNamara, Aged Twelve, Escapes Without Serious Injury.

Joseph McNamara, a twelve-year-old lad, was struck by a Ford car driven by Ephraim Lidberg early last evening. While he was considerably bruised, he suffered no serious injuries. The accident occurred on Cleveland avenue at about 7 o'clock.

The boy was crossing the street, going to the baseball grounds on the south side, and was struck when about in the center of the road. Mr. Lidberg is a brother of Miss Helen Lidberg, who recently purchased a car, and he was learning to drive. The wheels of the car did not pass over the boy, but the youngster was caught underneath and was dragged a considerable distance before released. He was taken to the Ishpeeming hospital. His head was bruised and one of his legs was cut.

The boy is the son of the late Tim McNamara, who died in Mexico some time ago. He lives on East Cleveland avenue. The accident occurred near his home.

**DON'T LOSE SLEEP COUGHING AT NIGHT.**

Take Foley's Honey and Tar Compound. It glides down your throat and spreads a healing, soothing coating over the inflamed tickling surface. That's immediate relief. #### ISHPEEMING'S DEATH RATE THE LOWEST

Only Three Deaths Occurred Here in April, Bulletin of Vital Statistics Shows.

Ishpeeming again in April had the distinction of having the lowest death rate in the state, according to the bulletin of vital statistics, received here yesterday. In that month there were only three deaths in the city, equivalent to an annual death rate of 2.8 per one thousand estimated population. Hancock, Norway, Bessemer and Gladstone are the four upper peninsula cities that have low death rates for April, and all are considerably above that of Ishpeeming. During April 326 deaths occurred in the upper peninsula, which corresponds with an annual death rate of 11.1 per estimated one thousand population.

There were 3,539 deaths reported to the department of state during the month. This number corresponds to an annual death rate of 14.4 per estimated one thousand population. There were 412 deaths more than the month preceding.

As compared with the month immediately preceding, an increase is noted in the number of deaths returned from violence. A slight decrease is noted in the number of deaths returned from tuberculosis of the lungs. Two deaths occurred at the state hospital for the insane at Newberry.

The department received reports of 5,741 births during April. This is a rate of 23.4 per estimated one thousand population. A decrease of 557 births is noted as compared with March, 1914.

The April bulletin gives some timely advice relative to the use of toy pistols on the Fourth of July. The state law prohibits the furnishing of any pistol or gun to any child under the age of thirteen years. The bulletin says: 'It is well at this time, just before the Fourth of July, to take a 'stitch in time' in the way of prevention rather than to be obliged to mourn the fatal results a few weeks later of the unrestricted use of that pernicious enemy of the patriotic American youth, the deadly, treacherous blank-cartridge toy pistol.'

"Some cities have passed ordinances upon this subject. It is well to pass them and to enforce them. There is also a general State law which has been on the statute books for nearly thirty years, which appears to cover the subject pretty thoroughly: 'The People of the State of Michigan enact: 'Section 1. That no person shall sell,

give, or furnish to any child under the age of thirteen years, any cartridge of any form or material, or any pistol, gun, or other mechanical contrivance, specially arranged or designated for the explosion of the same.

"Section 2. Any person violating any of the provisions of the foregoing section, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than ten dollars, nor more than fifty dollars, and costs of prosecution, or imprisonment in the county jail not less than ten days nor more than ninety days, or both such fine and imprisonment in the discretion of the court.

"Section 3. It shall be unlawful for any person under the age of thirteen years, to have in possession, or use any of the articles named in section one of this act.

"This law, if enforced, would undoubtedly save many of the more unfortunate victims who annually succumb in Michigan to one of the most horrible deaths known to medical science."

**DEATH OF MRS. SMITH.**

Ishpeeming Woman Passed Away After Illness With Heart Trouble.

Mrs. Joseph M. Smith, aged sixty-three years, died Saturday after a three years' illness with heart trouble. Mrs. Smith had been a resident of Ishpeeming for twenty-two years and was well known here. The funeral will be held tomorrow afternoon at 2 o'clock from the home at 403 South Second street. Services will be conducted at the First Methodist Episcopal church, Rev. J. G. Haller officiating.

Mrs. Smith was born at Perranwell, Cornwall, England, in 1851. In 1877 she

was married to James Teddy, and two sons, William J. and Frederick T. Teddy, survive. In 1892, some time after the death of her first husband, who held a position in the mines in India, she came to the United States and settled in Ishpeeming. In December, 1892, she was married to Joseph M. Smith, one of Ishpeeming's pioneer residents, who survives her.

William, one of her sons, holds a position with the Miami Electric Light and Power company at Miami, Fla. Frederick, the other son, is engineer in charge of construction for the Tennessee Copper company at Ducktown, Tenn. He arrived in Ishpeeming Friday morning in response to a call. A sister, Mrs. John M. Stephens, is a resident of Ishpeeming.

Mr. and Mrs. Murdock McDonald; Mrs. Alice Pryor, of Virginia, Minn., relatives of Mrs. Smith's will be here for the funeral.

**FUNERAL OF MRS. SHEA.**

Funeral services for the late Mrs. Michael Shea, who died Saturday at St. Mary's hospital, Marquette, will be held this morning at 9 o'clock from St. John's church. Interment will be in Ishpeeming cemetery. For more than thirty-five years Mrs. Shea lived in Ishpeeming, and she was well known here. She is survived by nine children—Ellsworth, Giles, Joseph, Frances, Alice, Mrs. Michael Burns of Negaunee, John, Will and Clarence.

A large number of boys gathered at the Y. M. C. A. yesterday morning for the opening of the swimming campaign, which will be continued for the next two weeks. Classes in swimming were conducted throughout the day, and the youngsters showed much interest. Several learned to swim the length of the pool yesterday morning, but others

**ENTERTAINING PROGRAM.**

The Flag Day exercises of the Ishpeeming lodge of Elks at the Ishpeeming theater Sunday evening were thoroughly enjoyed by a large audience. The members of the lodge marched to the theater in a body. The stage was prettily decorated with flags and bunting. Lundahl's orchestra opened the program with a rousing national air, which was followed by the introductory exercises by the exalted ruler and officers of the lodge. The prayer was read by Chaplain P. H. Devine. Miss Verda Mohr sang "Song, Spirit Flower," and was heartily applauded. The flag recital was delivered by H. L. Ramsdell, and this was followed by the altar services. "Auld Lang Syne" was sung by the officers and members of the lodge. Miss Lorraine Barnaby recited the Elks' tribute to the flag in a manner that won much applause. Lundahl's orchestra played, "Southern Airs." Frederick Bennett, of Negaunee, sang a bass solo, "Beyond the Gates of Paradise," and that was greatly appreciated. Bro. M. J. Kennedy was the speaker of the evening, delivering an address appropriate to the day. Gov. Innes delivered the salute to the flag. The program closed with the singing of "America."

### Upper Peninsula

New High School Proposed.

It is likely that the board of education of Saint Ste. Marie will vote to submit to the people the proposition of bonding the city for the amount necessary to erect a high school on the property at the corner of Spruce and Julinstone streets, which the board now owns. Although the board has taken no

formal vote, one of the members stated that he believes a majority favored such a proposition and it would probably come at a meeting this week. It is the plan, if the people vote in favor of a new school, to erect a strictly modern building, which will contain a gymnasium, manual training department and a laboratory, besides the usual offices and classrooms. The present high school building is not only poorly equipped, but is too small to accommodate the large number of students.

**Jury in Fire Case Disagree.**  
Upon complaint of Deputy Game and Fire Warden McMahon, James Chosa appeared before Judge Markle at Baraga, charged with having set fire to 175 tiers of wood belonging to Roe Hearter of Keweenaw Bay, the wood being valued at \$218. The jury disagreed the testimony and then visited the scene of the fire, after which it reported a failure to disagree.

**Garbage Collection at the Soo.**  
The first step toward establishing a system to take care of the refuse and garbage in the Soo was taken by the council when it authorized the ordinance committee and the city attorney to draw up an ordinance. Health Officer Griffin made a few impressive remarks on the garbage situation in the city. He said the present system was inadequate and was dangerous to the general health.

**St. Ignace Child Drowns.**  
Hazel Gill, three or four years of age, the daughter of Thomas Gill, was drowned at St. Ignace Friday afternoon. The child was found by the mother in the water beside a dock and at the place where a plank crosses to a crib where a boat is moored. Mrs. Gill said the child was out of her sight about half an hour. The little one had been playing about the dock.

### NEGAUNEE UP WITH LEAGUE LEADERS

Tie With Ishpeming and Escanaba for First Place in Percentage Column.

	W.	L.	P.C.
Negaunee	4	2	.667
Ishpeming	4	2	.667
Escanaba	4	2	.667
Gladstone	0	6	.000

By winning Sunday's game from Gladstone a score of 3 to 2 Negaunee advanced from second place in the percentage column of the Marquette-Delta league to a tie with Ishpeming and Escanaba for first place.

Gleisner, of Lake Linden, was on the mound for Negaunee Sunday and showed himself to be a strong pitcher. He struck out thirteen men and was touched for only seven hits. He also secured two safe wallops off Calder and Buckman, the Gladstone pitchers, and one of them went for three bases, scoring two runs. Gleisner himself was later soundly hit by Heidenson.

Calder, who opened the game for Gladstone, was driven from the box in the second inning and Buckman replaced him. In two innings Calder yielded four hits, and in seven Buckman allowed six to the Negaunee men, one being a three-bagger by Gleisner and another a two-base drive by Heidenson.

Negaunee scored first in the second inning, getting three runs on a base on balls and three hits. White, the first man up, drew a pass and was sacrificed to second by Hocking, who laid down a nice bunt. Dyer singled and White came home. Dabb singled, advancing Dyer to third, but Dyer was thrown out when he tried to come home on Fredrickson's grounder to Gravelle. Dabb and Fredrickson scored when Gleisner hit a long single to right field.

With the exception of the fifth and seventh innings Gladstone went down in one two three out. In the fifth the Gladstone men got two runs by two hits, a base on balls and a batter who was hit by a pitched ball. Their third run came in the seventh, on a two-base hit by Gravelle, and a single by McDonald.

Negaunee got a run in the fourth when Hocking hit safely. He was advanced to third on infield outs, and came home on Fredrickson's sacrifice. Heinenon scored in the fifth after reaching first on an error, and stealing second. He came home on Ford's single.

In the sixth the Negaunee bunch gathered three more runs. Dabb got life on Gravelle's error. Fredrickson was hit by a pitched ball and both were scored by Gleisner's three-base hit. The latter came home on Heidenon's double. The next run came in the eighth, when Heinenon hit safely, stole second and came home when McDonald laid a pitched ball get by him.

Next Saturday and Sunday the Negaunee team will go to Escanaba to battle with the Sandy City nine for the league leadership.

The summary of the game follows:

	A. B. R.	H.	P. O.	A. E.		
Negaunee	3	5	2	1	0	0
Heinenon	3	0	1	0	1	0
Peel	3	0	1	0	1	0
Ford	3	0	1	0	0	0
White	3	1	1	1	1	0
Hocking	3	1	1	0	0	0
Dyer	3	0	1	1	0	0
Dabb	3	2	1	8	0	1
Fredrickson	3	2	2	2	0	0
Gleisner	3	4	1	2	0	3
Heidenson	3	2	0	1	5	0

	Totals	A. B. R.	H.	P. O.	A. E.	
Gladstone	36	9	10	27	7	2
Rancho	35	0	1	2	2	2
Gravelle	36	4	1	2	2	2
McGee	36	4	0	1	6	1
Olsted	36	1	0	2	1	0
Forest	36	4	0	0	0	0
Boyer	36	3	1	1	0	0
Portais	36	4	0	0	1	0
McDonald	36	0	0	0	6	1
Calder	36	0	0	0	0	0
Buckman	36	4	0	0	0	1

### LOCAL LACONICS.

The employees of the Rolling Mill mine were paid yesterday.

Dr. A. L. Anderson has returned from a week's visit at Detroit.

Miss Irma Eithor has gone to Houghton, to spend two weeks visiting with relatives.

Albert Bice, who has been sick since December, is able to be out with the aid of crutches.

Joseph Brisson has returned from Du-luque, Ia., where he has attended St. Joseph's college.

Eugene Houle and John Gaffney have gone to Houghton, to spend a week visiting with relatives.

William J. Pomeroy, of Cornwall, Eng., arrived here Saturday on an extended visit with relatives.

Miss Helen Hanson, who teaches school at Princeton, is home to spend her vacation with her parents.

Miss Bessie Pelmar has returned to her home at Humboldt, after a few day's visit with friends here.

Miss Eva Hooper has gone to Big Rapids, where she will attend the Ferris Institute during the summer months.

Another of the Famous Players' features will be shown at the Star theater Thursday evening. It is the "Soldiers of Fortune" with Dustin Farnum, the

star, in the leading role. The original New York cast will be seen in the picture.

Joseph Vercellino, who spent the past few days here visiting with his folks, has returned to his home at Duluth.

John Maitland, a brother of Alexander Maitland of this city, is here from Lorain, Ohio, on a visit with his daughter, Mrs. C. L. Sporely.

The Misses Mayme Osier and Ruth Swanson have returned to their homes at Marquette, after a few days' visit with Negaunee relatives.

Mrs. Peter Trotter and son, George, who visited here last week with her mother, Mrs. Mary Sheehy have returned to their home at Chicago.

Births recorded in the city yesterday were as follows: Mr. and Mrs. Joseph Denofri, Cherry street, a son; Frank Peterson and wife, Buffalo hill, a daughter.

The Wawanowin Golf club will entertain with a card party tomorrow afternoon at 3 o'clock. Negaunee members who desire to reserve tables are asked to notify Mrs. C. V. R. Townsend or Miss Wintets.

Charles Leaf and William Mitchell spent Sunday at the Michigan river trout fishing and returned with a big catch. Several fish weighed over two pounds. Mr. Leaf landed a pickerel which tipped the scales at eight pounds and was over three feet long.

H. W. Jackson left yesterday for Holland, Mich., where he will attend the state convention as a delegate from the Ishpeming Aerie of the Order of Eagles. He is a candidate for the office of state trustee. At the conclusion of the convention he will go to Detroit, to spend a few days visiting with his brother, Robert W. Jackson.

Mrs. Jacob Anderson and children have gone to Newberry to attend the commencement exercises of the Newberry High school Thursday. Mr. Anderson's sister, Mary S. Anderson, and brother, August E. Anderson, are members of the graduating class. Mrs. Anderson will spend two weeks visiting there before returning.

Santaneli, the hypnotist, who is appearing at the Star theater the first three days of this week, will offer a complete change of program again tonight and tomorrow evening in both his hypnotic and magical entertainments. As a special feature tonight, he will offer the famous "Anna Eva Fay" spirit cabinet act. Two reels of high class pictures will also be shown.

Mrs. M. J. Doyle left Saturday evening for Chicago, where she will join her son, Kenneth, and together they will proceed to Valparaiso, Ind., where he holds a responsible position with the Grand Trunk Railway company. Mr. Doyle is a graduate of the Negaunee High school and last January he completed a business course at the Ferris Institute at Big Rapids. After finishing school he took a position with the Grand Trunk at Battle Creek and a month ago was promoted to the position of private

gas water heater in the house. Kitchen and laundry needs are fully provided for without the discomforts of overheated stoves, or slow heating water backs. Hot water the "Pittsburg" way costs about ten cents per hundred gallons and is instantly available in bath, kitchen or laundry every hour of the 24. Let us demonstrate the "Pittsburg" for you?

MARQUETTE COUNTY GAS & ELECTRIC CO.

# WOULD AMEND CITY CHARTER

### W. J. Small and J. C. Gannon Suggest Repeal of Entire Chapter Dealing With Schools and the Sections Relating to Franchises, Candidates' Petitions and Recall

### Residents of Furnace Location Are Denied Extension of Pound Limits—Boys May Be Made Happy With Much Wanted Backstop—Negaunee Invitation Accepted.

A varied program, ranging from an amendment to the city charter down to the proposition of giving the boys who want to play baseball in Washington Park a wire backstop, came before the municipal commission at its meeting last night.

The thirty or more residents of the furnace location who wished to have the pound limits extended to Hawley street were denied their petition. The petition had been submitted at the preceding meeting and referred to the department of public affairs. Since that time Mayor Begole has conducted a personal investigation of the conditions in that part of the city, and he reported himself averse to extending the limits of the pound.

Many people in the furnace location have cattle, and as the pasturage there is good the animals are allowed to feed freely over the grounds. Another reason why Mr. Begole did not favor extending the limits of the pounds was because, if extended, the services of another man to look after affairs would be required and this would mean an expenditure of about \$80 a month.

### Youngsters Also Make Plea.

A petition from residents and property owners on Spring street, asking the installation of cluster lights on that thoroughfare, was referred to the commissioner of light and power.

The petition of the youngsters for the installation of the backstop in Washington Park, to prevent their baseball being thrown into the street, and also to prevent the children running into the street after it, was referred to the department of public works.

Communications were received from the Negaunee common council and the League of Municipalities, each inviting the mayor and commission to take part in affairs which each is arranging. City Clerk Dan Donovan was instructed to send the invitation to participate in the Negaunee home-coming parade. Mayor Begole said that he thought it a good idea for the officials and citizens of one town to help out another in the time of celebration. "The commission will gladly join in the parade, and I heartily hope that many of the citizens will give their support to help make the home-coming at Negaunee a decided success," he said.

Mr. Donovan was also instructed to send in the name of this city for membership in the League of Municipalities. Charles Rettalic was officially named as the representative of Marquette city at the meeting of this body in Bay City next week.

### Ask Too Late.

A belated communication from the Northern Land company, asking the commission to have the pole line for the Cleveland-Cliffs iron company electrical emergency service erected along some other route than the boulevard. The officials of the company state that they had for years endeavored to beautify the boulevard, but had constantly met with obstacles. The pole line has already been erected. The communication was laid on the table.

City Assessor Anderson submitted the assessment roll for a six-inch tile sewer in Sixth and Ridge streets. July 6 was set as the date for reviewing the roll.

### Charter Amendments Proposed.

W. J. Small and J. C. Gannon, members of the charter commission, who were appointed by the city commission to investigate amendments to the charter, suggested six. These were referred to the city attorney to look up and report upon at the next meeting.

It was suggested that Section 2 of Chapter 5, which requires that a candidate for any office in a municipal election shall file with the city clerk a request and an affidavit showing his eligibility for the office, be repealed. The same suggestion was made regarding the entire Chapter 32, which relates to schools, and Section 19 of Chapter 33, regarding franchises, and which reads as follows:

"Neither the mayor nor any other member of the Board of Commissioners, nor any elective or appointive employee of the city, shall be directly or indirectly in the employ of any person, company or corporation holding or seeking to hold any franchise of the city of Marquette, or shall receive directly or indirectly, any wage, commission, fee, favor or payment from any such franchise holder, and a violation of this section shall ipso facto render vacant the position held by the person so violating it, and shall be punished as bribery."

### More Names For Recall.

In Section 3 of Chapter 8, which provides for the recall of an office holder, it was suggested that the petitions for the recall of any one holding a public office shall bear the names of twenty-five, instead of twenty, per cent of all of the voters cast for mayor or commissioner at the last previous election, and shall be signed by qualified electors in each precinct of the city. A slight change was also suggested in Chapter 12 dealing with the wording of ordinances and their titles.

It is proposed to amend Section 6 of Chapter 30 to read as follows: "The assessor shall make such changes, additions and corrections, as he is directed

to make by the board of review, and when the assessment roll is completed he shall make the annual tax roll and deliver the said tax roll to the city treasurer, with the warrant attached, signed by himself and the mayor, not later than the first day of July."

City Clerk Dan Donovan reported that \$8 had been collected as license fees during the week.

The bills were allowed and ordered paid. Allan S. Wickson was, on the recommendation of Chief McIntosh, appointed a member of the police force.

### WILL ATTEND TWO MEETS.

Charles Rettalic Has Been Named a Delegate to Bay City and Detroit.

Charles Rettalic, superintendent of the electric lighting department, leaves today for Detroit, where he will attend the annual convention of the Michigan Electrical Association, to be held there from June 17 to 20. On his way back, Mr. Rettalic will stop off at Bay City and represent Marquette at the annual gathering of the Michigan League of Municipalities.

The convention of electricians will be held aboard a boat between Detroit and Buffalo. There will be morning and afternoon sessions on shipboard and some of the most noted men in electrical work in the country will deliver addresses. There will also be a talk by a professor of the University of Michigan. The most advanced methods of electric lighting and the utilization of power will be discussed.

### WILL VIEW THE CITY FROM FLAT CAR TOPS

### Unusual Sight-Seeing Tour of Marquette Industries Planned by Commercial Club.

Seated in chairs on flat cars the members of the Commercial Club will take a "Sight-Seeing" tour on June 24. The board of directors of the club, at a regular meeting yesterday noon, outlined plans for the novel trip, which was suggested by Secretary E. A. Daley. A factory manufacturing establishment in the city will be visited, and at each a brief sketch of the work that is being done will be given by one of the members of the club. Following the tour an open air meeting will be held.

The directors will ask the city commission to issue a bond in the amount of \$100,000 for the purchase of the old Grace furnace dock site to a vote of the people at the election next fall. They will also take up with the commission the project of repairing the road between the city limits and Sandus. It is said that much business that otherwise would come to this city, from the farmers living in that community, now goes to Negaunee because the roads leading to Marquette are in bad condition.

### MAY HAVE TYPHOID.

### Gus Larson, of Crystal Falls, Is Taken Ill Shortly After Arriving Here.

Within a few hours after he had arrived in the city Saturday, Gus Larson, a teamster, who gives his home as Crystal Falls, and who had been working in Virginia, Minn., for the past several months, was taken seriously ill. He was removed to St. Mary's hospital yesterday, and was under the care of Dr. R. C. Main, city health officer.

When he was taken down, Larson applied to Chief of Police McIntosh for permission to rest in the cell room at the city hall. He remained there all afternoon in great pain, but refused to allow Mr. McIntosh to call a doctor. Saturday night his condition became more serious, and he was ordered removed to the hospital. Dr. Main believes the man has typhoid fever.

His father, Matt Larson, of Palmer, has been notified.

# FAVOR ESTABLISHMENT OF CENTRAL DELIVERY

### Merchants Like the Proposition Outlined to Them by E. A. Daley Last Night.

Much enthusiasm toward the project of establishing a central delivery system in Marquette was manifested among the merchants who attended the meeting held in the band room of the city hall last night for the purpose of discussing the workings of the system. Another meeting will be held Monday evening, June 22, when an attempt will be made to obtain the presence of every meat dealer and grocer in the city and take definite action.

E. A. Daley, secretary of the Commercial club, spoke to the merchants present in regard to the project and read several papers which would tend to show that the system is a time saver, an expense reducer and, most important of all, seems to be a big factor in solving the high cost of living problem. He showed that in other places the system has reduced the merchants' expenses from 40 to 60 per cent and, consequently, gives greater leeway for the merchant to offer the ultimate consumer better prices.

The merchants of this city have not gone into the details of the system, but those present last night favored organizing a stock company among themselves to carry on the work, in preference to having a private corporation do it. Central delivery plants in other cities have an earning ability of \$500 a month, which in the case proposed here would revert to the merchants in dividends.

Some of the merchants realize that much money has been wasted here each year through unsystematic delivery methods, and those who attended the meeting last night will endeavor to bring every merchant in the city to a realization of this fact.

A. H. Meyer presided at the meeting.

### MRS. FISKE COMING.

### Will Take Leading Role in Famous Players' Film at Opera House.

"Tess of the D'Urbervilles," by Thomas Hardy, with Mrs. Fiske in the role of "Tess," a production of the Famous Players Film company, will be shown at the opera house tomorrow at a matinee and at evening performances.

The story of "Tess of the D'Urbervilles" runs somewhat as follows: John Durbeyfield, lazy and slothful always, on the strength of a discovery by Parson Tringham that he is a descendant of the ancient and knightly family of the D'Urbervilles, abandons himself to a life of ease and indolence. Tess, his eldest daughter, is sent to claim relationship with the D'Urbervilles. She is betrayed by Alec D'Urberville and returns home. Tess is eventually married to Angel Clare. She relates her fall from grace to him, and he casts her by in scorn. She again meets D'Urberville and is found by Clare some time later in the former's home in luxury. In a fit of anger, she kills D'Urberville and flees with Angel. Her crime is detected, and, hopelessly, she surrenders herself to the law. She spends the remainder of her life in anguish, a martyr to man's wrong.

### SOO CANAL PASSAGES.

Sault Ste. Marie, Mich., June 15.—Upbound vessels passing the canals the last twenty-four hours were: The Renown and oil barge, 9:30 last night; Peter White, Roman, 11; Ford, midnight; Oleott, 12:30 this morning; Sawyer, 1; Hamiltonian, Fitch, Maitland, 1:30; Mary Elphicke, Perkins, 4; Flagg, Warner, 6; Yates, Bixby, 6:30; John Reiss, 7; Dickson, Verona, 8; E. L. Wallace, 9:30; Presque Isle, 10; Watt, Roehling, Northern King, 11; Durston, 11:30; Widener, noon; Calumet, Wilpen, Mary Boyce, 12:30 this afternoon; Dimley, 1:30; Leonard Miller, Middlesex, 1:30; Kopp, 2; Maritana, Maguette, Alghelny, 6; Castalia, 6:30; Sopor, Randolph Warner, Thompson, 7; Palmer, 7:30.

For milk, cream, butter and butter-milk of superior quality call up the Marquette City Dairy, the most modern practical dairy in the state. 6-15-1mo.

# IS INSPECTING RIGHTS OF WAY

### John A. Higgins Is Looking Over Railways for the State Forestry Department.

John A. Higgins, inspector of locomotives and of railroad rights of way for the game, fish and forestry department, was here yesterday, in the course of a trip of the upper peninsula, conferring with his chief, W. R. Bates, who recently ordered a close inspection of the present condition of rights of way, with the hope of further reducing the forest fire hazard. Mr. Higgins will, before his present tour is completed, travel over all the railroads in the forest belts and where that is necessary he will urge that the rights of way be cleared up, under penalty of the law.

Most of the important railroads in the forest belts keep their rights of way in good condition. Mr. Higgins said yesterday that the conditions on some of the logging railroads leave much to be desired. These operators are frequently careless about cleaning, and consequently the conditions they tolerate are a constant menace to the surrounding timber, as the likelihood that they will start a fire from sparks from passing locomotives is great. Wherever conditions are bad the department will insist on their correction. It expects to find the operators willing to co-operate with it in reducing the forest fire hazard, and does not expect to have to resort to legal action.

Mr. Higgins left the city yesterday afternoon, to pursue his investigations.

# SAYS MARTINDALE LEADS BELOW STRAITS

### Don A. Hayden, Now Resident of Lansing, Comments on Martindale's Political.

From all indications Frederick C. Martindale, candidate for nomination for governor on the Republican ticket, will carry the lower peninsula, according to Donald A. Hayden, a former upper peninsula newspaper man, who is spending his vacation in the north this year. Mr. Hayden, whose home is in Ishpeming, has been a member of the editorial staffs of the Detroit Free Press and The State Journal at Lansing for the last two years.

Hayden says that visitors to Lansing from various counties of the lower peninsula concede Martindale's nomination by a substantial majority. "They point to the fact that his acquaintance gained in the primary contest of two years ago is a big asset in his favor," he asserts. "Then, too, he served two terms as a member of the house and two terms as a member of the senate, in addition to his three terms as secretary of state. Republican leaders below the straits, when expressing the belief that Martindale will be victorious, point to the fact that he led the state ticket by 15,000 votes in the campaign of 1912. They declare further that it was due largely to Martindale's popularity in Wayne county that the Republican ticket was saved from defeat. They also point out that while Martindale is, and always has been, a staunch Republican his platform is of a nature to satisfy even the most exacting Progressives.

"Such men as A. C. Carton, present land commissioner, George A. Prescott, former secretary of state, J. J. Dolan, of the state board of agriculture, are supporting the candidacy of Mr. Martindale. He already has 10,000 signatures attached to his petition, more than twice the number required to place his name on the primary ballot.

"In the primary campaign of two years ago Mr. Martindale carried practically every county in the upper peninsula and his friends in the southern part of the state are expecting him to repeat the performance this year. In Wayne county such men as Homer Warner, former postmaster and one of the state metropolis' best known business men, and Stanley Anderson, president of the Detroit Federation of Labor, are working together for Mr. Martindale's nomination, and they predict a sweeping victory for him in Wayne county."

### CALUMET & HECLA.

Calumet & Hecla's 1913 report forcibly emphasizes how advantageous is a good-sized surplus when untoward events prevent a normal accumulation of earnings. Calumet & Hecla earned about \$14 per share and paid in dividends \$32, stockholders thus sharing in previously accumulated earnings to the extent of \$1,800,000. The net over-luminating statement of "cash and quick assets" shows the surplus was reduced by about \$4,200,000, or from \$10,716,000 to \$6,516,000. Turning first to earnings, the figure of \$14 per share is arrived at in the following manner:

Profit of 1.52 per pound on 45,000,000 pounds of copper	\$ 684,000
Dividends from sub-companies in excess of interest on notes	716,379
Total	1,400,379
Per share	14

Strictly speaking, Calumet & Hecla's earnings were not even \$14 per share last year, for the reason that dividends from sub-companies were largely in excess of equity in sub-company earnings. This equity amounted to \$310,000, so that looked at in a cold-blooded way Calumet's own earnings and equity in earnings were as per the following:

Profit from own operations	\$684,000
Equity in sub-company actual earnings	\$310,000
Total	\$994,000
Less note interest	199,000
Leaving net from all sources	795,000
Per share	8

Except, of course, as showing how far the pendulum may swing in one direction, the preceding figures are not of
