

DISPATCHES INDICATE VILLA AND CARRANZA HAVE PARTED COMPANY

Ominous Split Threatening Anarchy in Northern Mexico Apparently Has Taken Place.

INTERVENTION AGAIN IN SIGHT

Another General Fighting Zacatecas Battle, Conqueror of Torreon Resigns—He Seizes the Telegraphs and Notifies Commanders to Report to Him—At Niagara Falls, Pessimism Reigns—Conference Is Deadlocked, Hopelessly, It Seems.

BULLETIN.

Laredo, Tex., June 16.—It was reported in official circles here today that Francisco Villa has tendered his resignation as second chief of the Constitutional army to become governor of the state of Chihuahua, succeeding Fidel Avila, who is temporarily acting in that post.

BULLETIN.

El Paso, Tex., June 16.—Reports that General Villa had resigned as commander of the northern military zone were confirmed partly here today. Carranza's offices at Juarez were confiscated by Villa supporters tonight.

Commanders Summoned to Torreon. El Paso, Tex., June 16.—General Villa tendered his resignation to General Carranza within the fiscal week, it became known tonight.

General Villa tonight ordered all commanders of garrisons throughout the territory to report at once at Torreon. This order was accepted unconditionally by observers here.

Just after the bureau had announced to the American press the receipt of a message from the front about Zacatecas, Ornelas' soldiers and officers decided that no paper be touched.

Peace-Makers Ready to Quit. Niagara Falls, Ont., June 16.—Justice Lamar and Frederick W. Lehman, the American delegates to the mediation conference, went to Buffalo today and talked for four hours with Rafael Zubaran and Luis Cabera, personal representatives of General Carranza.

The question of the supervision of the telegraph, heretofore a service of national ownership, long has been disputed between the Villa and Carranza elements, according to authentic reports.

The Americans returned to Niagara Falls feeling that, so far as the political pacification of Mexico is concerned, mediation had accomplished nothing, and probably the end of the conference was very near. The next full conference is set for Friday. Until then, little will

EXTENSIVE HAVOC WROUGHT BY STORM IN FRENCH CAPITAL

Paris, June 16.—The known death toll from yesterday's tempest tonight stands at eight. Eight other persons are missing, so far as is known, and several were injured through the collapse of sections of Paris streets.

One of the finest quarters of Paris can hardly be recognized, so extensive was the wreckage caused by the storm. Public opinion has been strongly aroused by the disaster, and the press is unanimous in its attacks on the authorities, who, it is pointed out, have permitted the capital to be honeycombed by subways and electric water and gas mains without a semblance of supervision.

Most of the principals here incline to the view that Friday's session may be the last. The three mediating plenipotentiaries have practically abandoned the hope of solving Mexico's internal problem, the Huerta delegates are resolute in their determination not to accept a Constitutional partisan for the provisional presidency, and there appears tonight no feasible way of keeping all elements in the conference much longer.

Villa's Action Causes a Stir. Despatches of the forcible seizure by a Villa official of the telegraph office at Juarez, held previously by Carranza officials, created a stir. The Huerta delegates said it plainly showed the correctness of their repeated warnings that a lack of cohesion in the Constitutional ranks would lead to anarchy in the north.

The atmosphere here is wholly pessimistic. The American delegates declined to discuss in detail their trip to Buffalo. Mr. Lehman made a special trip across the river to urge the newspaper not to treat the trip of the American commissioners to Buffalo in a light vein.

Tax on Food Is Lifted at Vera Cruz. Vera Cruz, June 16.—Vera Cruz went on the free trade list today when Colonel Porter, in charge of civil affairs, issued orders that until June 25 all foodstuffs imported from any port should be admitted here without the payment of duty.

HARRY SPENCER TO DIE, DECREES HIGH TRIBUNAL. Springfield, Ills., June 16.—The judgment of the lower court sentencing Harry Spencer to death for the murder of Michael Bezyat was affirmed by the supreme court today.

SAYS POLICEMEN OF FUTURE WILL USE AEROPLANES. Grand Rapids, Mich., June 16.—The aviator policeman patrolling a beat in the air will be an addition to the police forces of metropolitan cities before many years, according to Charles Sebastian, chief of police of Los Angeles, who spoke before the convention of the International Association of Police Chiefs here today.

Chief Sebastian declared that aircraft will become as useful to police forces of the future as they are to the army today. He cited several incidents which occurred in California, these concerning bandits who had escaped from prisons and were fleeing to safety across deserts. Had aeroplanes been used to trail them, the robbers would have been located in a short time, Mr. Sebastian said.

Paris, June 16.—The first appearance in the chamber of deputies today of the new premier, Rena Viviani, was auspicious. A vote of confidence in the ministry was adopted, 362 to 139. Later another motion, stating explicitly the confidence of the chamber in the new cabinet, was adopted, 370 to 137.

SEARCHING PARTIES FIND NO CLUE TO WHEREABOUTS OF BALLOON SPRINGFIELD.

Portland, Ore., June 16.—Little hope was held out tonight that Roy Donaldson and Wilbur Henderson, who left here last Thursday in the balloon Springfield, in a race with three other balloons, would be found alive. Mindful of the narrow escapes from death of the crews of the Uncle Sam, Million Population Club and Kansas City III, searching parties vigorously pushed their explorations today and arrangements were made tonight for even more extensive operations for tomorrow.

POLICE AT DETROIT CAN FIND NO TRACE OF REV. L. PATMONT.

Detroit, Mich., June 16.—After investigating scores of rumors as to the whereabouts of Rev. Louis R. Patmont, of Westville, Ills., who disappeared here last night, the police this afternoon searched frantically for the house where the missing "local option" worker has been residing, and then admitted the mystery was still as deep as ever.

POLO TROPHY WILL CROSS OCEAN AGAIN

Britishers Win the Second and Deciding Match by Score of 4 Goals to 2 3/4.

Meadowbrook Club, Westbury, L. I., June 16.—The international polo emblem of the world's championship, will cross the ocean again, having been won here today by the English team in the second game of the series by a score of 4 to 2 3/4.

Although the American defenders made a desperate last-ditch stand, they were not quite equal to winning and thus forcing the challengers into a third and deciding contest. Their thrilling rushes, both individually and as a team, in the closing minutes of the struggle aroused the hotly clamoring spectators to a frenzy and no previous international polo struggle ever closed under such tense conditions.

Victors Carried About the Field. After the victory was clinched today, the large English contingent showed unusual enthusiasm. The successful players were lifted from their tired ponies and carried about the field. After they had escaped to don blauknet suits, they were escorted to the clubhouse by a big delegation of Englishmen carrying small Union Jacks and there they were congratulated by hundreds of English and American polo enthusiasts.

The rival players were toasted out of the challenge cup and Lord Wimborne, on behalf of the Hurlingham club, said that he hoped the Americans would challenge for the trophy in 1915. The speaker said that if the Americans went to England he could assure them of the same warm welcome and display of sportsmanship and courtesy that had marked the English team's reception and stay in this country.

OLYMPIC CONGRESS BARS FINNS UNLESS THEY COMPETE AS RUSSIANS.

Paris, June 16.—Finland was wiped off the Olympic map today when the International Olympic congress voted to bar the German definition of an Olympic nation. Under this definition, Finland cannot enter as a separate country. The opinion was expressed by some of the delegates that Finland was likely to withdraw entirely from the games, rather than compete under the Russian flag. The delegates from the United States abstained from voting on the question.

PORTAGE LAKE CLUB WINS SECOND PLACE

Copperdome Golfers Gain Distinction in Tom Morris Match—Cleveland Is First.

Chicago, June 16.—The Cleveland Country club today won the Tom Morris memorial golf cup, with a score of forty-seven up to par for the eight players. This was far better than any other score returned, although more teams finished up to par this year than in previous contests.

Nearly sixty clubs in the Western Golf association competed today in the annual event. The Los Angeles Country club, which won the trophy last year, finished this year with one up. A new plan of setting the par figures to be played against accounted for the better scores. The par for the course of the victorious club was 92, under the arrangement, which was based on average scores rather than distance.

NEW MINISTRY AT PARIS GIVEN DEPUTIES' APPROVAL.

Paris, June 16.—The first appearance in the chamber of deputies today of the new premier, Rena Viviani, was auspicious. A vote of confidence in the ministry was adopted, 362 to 139. Later another motion, stating explicitly the confidence of the chamber in the new cabinet, was adopted, 370 to 137.

T. ROOSEVELT TELLS TALE TO PACKED HOUSE

Royal Geographic Society's Theater at London Is too Small to Accommodate the Crowd Anxious to Hear the Colonel's Story of His Adventures in Brazil.

Fashionably Dressed Holders of Cherished Cards of Admission Struggle With Police When Unable to Get In—Lecture Like That Given at Washington.

London, June 16.—Colonel Theodore Roosevelt appeared before the Royal Geographic society tonight to tell the members and many of the most conspicuous men in London's public life how he put the "David river" on the map of Brazil.

The society's theater in Burlington Gardens was packed to suffocation. The house seats only seven hundred, but the society issued more than a thousand cards, while, at the same time, it refused hundreds of applications. The result was close crowding, while two or three hundred persons, including many prominent people who had come a long distance, with cherished cards were unable to get in.

The police had plenty to do in keeping back the disappointed men and women in evening dress who waved their cards and shouted their names and claims for consideration. The street was blocked with automobiles, and an hour after the lecture began silk-hatted groups in London rushes like a football line upon the barred doors, fiercely criticizing the arrangements.

SPEAKER RAISES A LAUGH.

The lecture was mainly a repetition of that delivered in Washington in May. The colonel paid a tribute to Brazilian explorers and raised a laugh by saying: "There are still plenty other things there besides my river to be put on the map."

Mr. Roosevelt had been requested to give the members of the society personal details of his adventures, and he served them up in a most interesting way. He had photographs and you will agree with me they are typical American girls, daughters of respectable and prosperous parents. But it is only fair to say that a great many are poor, coarse and ignorant, with a wide knowledge of evil and little conception of good.

HUNDREDS OF POLICEMEN GUARD BRITISH MONARCHS AT THE ASCOT RACE COURSE

London, June 16.—James A. De Rothschild's Broadwood, a four-year-old, bred in the United States, today won the Ascot stakes, the principal race on the first day of the Royal Ascot meeting. The stakes are valued at \$10,000. The distance is two miles.

Never before have such precautions been taken to guard members of the royal family from the suffragettes as were taken today at the Ascot race course. The opening of the leading sportsman's artery was marked by one thousand London policemen and hundreds of detectives from Scotland Yard assembled on the historic course. The six-mile route from Windsor Castle to the course was lined all the way by policemen.

PRINCE WILLIAM'S ARMY DRIVES BACK THE MOSLEMS ATTACKING ALBANIA CAPITAL.

Durazzo, Albania, June 16.—Another attack on the Albanian capital was made by Muslem insurgents today, but Prince William's army drove them back to the insurgents retreated all along the line.

GREEK REFUGEES REPORT A MASSACRE.

Athens, Greece, June 16.—Greek refugees from Asia Minor to-day reported a massacre of Greeks by Turks of one hundred Greeks, including priests, old men and children, in the town of Phloki, twenty-five miles northwest of Smyrna. They declare that the bodies of the massacred people were thrown into wells.

NORMAL CONDITIONS ARE RESTORED IN ITALY; STRIKERS BACK TO WORK.

Rome, Italy, June 16.—Italy, which last week was facing revolutionary risings in various parts of the kingdom, has apparently come back to a normal state of affairs. The threatened strike of the railwaymen and the general strike, which included only a comparatively small part of the working people, seem to have come to a definite end and a resumption of work everywhere has served to re-establish normal conditions. Immense material damage has been done; a few persons have been killed, and many injured. Possibly fifty of those caught red-handed in acts of violence have already been convicted, and many others under arrest are awaiting sentence.

MINNESOTA CANDIDATES RUNNING NECK TO NECK IN THE PRIMARY CONTEST.

St. Paul, Minn., June 16.—Governor Adolph O. Eberhart and W. E. Lee, the so-called anti-machine candidate, are running a neck-to-neck race for the Republican nomination for governor, judging from returns received up to midnight from Minnesota's state-wide primary election today.

Although Congressman W. S. Hammond had been conceded the Democratic gubernatorial nomination in most political circles, his opponent, Daniel Lawler, pulled a heavy vote in the Twin Cities and at midnight overcame a lead gained by his opponent earlier in the evening.

Hugh T. Halbert, Progressive candidate for the gubernatorial nomination, has a safe lead over E. N. Westerlund and probably has been nominated.

GIVES PLAIN TALK BEFORE CLUB WOMEN

Geo. J. Kneeland, a Speaker at Chicago, Makes a Plea for Misguided Girls.

Chicago, June 16.—George J. Kneeland did some very plain and unexpected talking to the delegates to the General Federation of Women's Clubs, in convention here, today and left them wiled but enlightened. Mr. Kneeland, is director of the department of investigation of the American Social Hygiene association. His remarks were based on statistics gathered by his department.

Mr. Kneeland's agents in the last year have gathered complete histories of three hundred young women whom he said today were "well started on the downward path." Contrary to the general impression and the reports of some investigators that the majority of the girls are feeble-minded or sub-normal, Mr. Kneeland said that the majority are intelligent.

"Some of them," Mr. Kneeland asserted, facing the delegates squarely, "come from such homes as yours. We have photographs and you will agree with me they are typical American girls, daughters of respectable and prosperous parents. But it is only fair to say that a great many are poor, coarse and ignorant, with a wide knowledge of evil and little conception of good."

All through the reports of the agents the speaker found certain characteristics towards home and parents; they are suspicious and scornful of boy friends, whom they call "hookers and stragglers," they prefer to meet strangers, and married men. "They shrink from exposure, and while they present an innocent and demure front to their friends they show themselves in their true colors to strangers," said the speaker.

Mr. Kneeland said that dancing and impassioned love scenes on the stage intensified the sex appeal. He told the women they could help save these misguided girls. "You can make some effort to find these girls in your home town. They are there. Then, having found them, you can attach yourself to them with bands of love and understanding. But, you say: 'I don't know how to begin. I don't know how to get toward them, or what to say.' Yet you do. The way to know them is to study your own heart, remember the days of your own youth. The influences that protected you will in the end save them," he said.

Mrs. Percy V. Pennybaker of Texas was re-elected president, and the entire ticket of the nominating committee was elected without opposition.

Miss Margaret Woodrow Wilson, daughter of the president, led the delegates in the singing of Elwin Markham's song, "Brotherhood."

WILL DON THE TOGA AS FATHER DID BEFORE HIM

Johnson Camden, Horse Breeder and Capitalist, Is Appointed Senator from Kentucky.

Frankfort, Ky., June 16.—Governor McCreary today signed the commission of Johnson N. Camden of Versailles as United States senator from Kentucky, to fill the vacancy caused by the recent death of Senator W. O. Bradley. Mr. Camden will serve until November, when a senator will be elected to fill out Bradley's term, which expires March 4, 1915.

Johnson Newton Camden was born Jan. 5, 1865, at Cambridge, W. Va., the son of J. N. Sr., and Anne Thompson Camden. His father was one of the developers of coal, gas and traction interests in his native state and was United States senator from West Virginia from 1881 to 1887 and from 1893 to 1895. J. N. Camden, Jr., was educated at Phillips Andover academy and the Virginia Military academy at Lexington, Va., afterward attending the Columbia Law school, New York city. He entered upon his active business career with the Ohio River railroad, a line built by his father. Later he became president of a railroad construction company which built the Monongahela River railroad.

BUTTE MAYOR WIRES WASHINGTON THERE'S NO NEED FOR TROOPS

City Is Quite and Its Executive Hopeful Miners Will Patch Up Differences.

MILLIONS WILLED TO ST. LOUIS FOR GREAT INSTITUTION. St. Louis, June 16.—The foundation for one of the greatest hospitals and medical schools in the world was laid for St. Louis University in the will of the late Dr. James Campbell, railroad financier, which was filed for probate here. The entire estate, valued at about forty million dollars, eventually goes to the university.

1,600 acres near Versailles and became a breeder of thoroughbred horses. Many racing horses that became noted on the tracks were bred at "Springhill." Later Mr. Camden was associated with John C. Mayo and C. W. Watson in eastern Kentucky development companies. Mr. Camden holds offices in coal companies at Versailles, Ky., Parkersburg, W. Va., and New York and is a director in banks at Parkersburg and Lexington and of the Parkersburg, Marietta & Interturban Railroad company. He was one of the chief figures in assembling the electrical railroad properties in Ashland, Ky., Huntington, W. Va., and Fronton, O., known as the Camden Interstate railway, of which he was the first president.

Mr. Camden entered politics in 1911. He served on both the executive and financial committees of the Democratic party in that year. He is a member of the state racing commission, recently appointed, and was largely instrumental in procuring the passage of the bill providing for such a commission in Kentucky.

Mr. Camden was married in 1888 to Miss Susanna Preston Hart, of Woodford county, Ky. They have two daughters.

WOODMAN'S RATE ISSUE WAITS ON THE OUTCOME OF FACTIONAL CONFERENCES. Toledo, O., June 16.—Whether the insurance rate question will come up on the floor of the convention of the Modern Woodmen of America, in session here, was not definitely decided at the close of today's session.

Insurgent delegates contended that their views of the changes in rates will be accepted, while administration followers are equally certain that all traces of insurgency will be suppressed. The administration leaders asserted that the threatened rate war will go down in the history of the order as something that did not materialize at the 1914 convention.

Little was accomplished at today's session. Developments which will create a stir in the encampment are expected to come with the completion of the business which is now being transacted by the insurgents and administration adherents, sitting as separate bodies.

WARREN M'ARRICK, LONG-MISSING YOUNGSTER, IS FOUND DEAD IN RIVER.

Philadelphia, Pa., June 16.—The mystery surrounding the whereabouts of seven-year-old Warren M'arrick, who disappeared from his home here on March 12, was solved today when the boy's body was found floating in the Delaware river. The police are convinced that the lad accidentally fell into the Schuylkill river, near his home, the body being washed down to the Delaware.

Although at the time young M'arrick disappeared detectives who investigated the case reported that they believed he had been accidentally drowned, thousands of clues were run down in an effort to apprehend possible kidnapers.

ALASKA VOLCANO IS BELIEVED IN ERUPTION AGAIN

Seward, Alaska, June 16.—A light fall of sulphur dust here last night has caused the belief that Mount Katmai, the great volcano on the Alaska peninsula, is again in eruption.

HOUSE BLOCKS THE SCHEME TO SELL OLD BATTLESHIPS.

Washington, June 17.—The plans of the navy department to sell the battleships Idaho and Mississippi to some European power and build a modern dreadnought with the money were blocked today in the house. Such formidable opposition to the proposal developed that Chairman Padgett of the naval committee conferred with department officials and announced that it would not be pressed.

Redding, Calif., June 16.—Two identical reports received here late today said that Mount Lassen is smoking heavily today from a new vent on the south slope.

Huetter's Bring the Latest Fashions in Dresses to Marquette

Favored By Us Because They Reveal Such Marked Good Style

Spring Dresses that are at once inclusive of everything exclusive—models, fabrics and colors.

at \$2.98 \$3.75 \$6.00 \$7.50

Pretty, new ideas in materials, showing late novelties in weave, in pattern and in shade. If you covet that graceful, willowy appearance you want a dress from Huetters.

Noteworthy Reductions Coats, Suits, Skirts and Hats

\$15.00 Coats and Suits at \$12.75	Skirts up to \$3.00 now \$3.95

DORIS I. BOWRON, Secretary.

Take a Can Home With You

Try it in your next baking. You will be astonished—delighted—at the result. Notice how everything is uniformly and perfectly baked—tender—fluffy—and light. This happy condition is no exception with Calumet. It's the rule.

Calumet is moderate in price, economical in use—absolutely pure. All grocers sell Calumet—lots of it.

RECEIVED HIGHEST AWARDS
World's Pure Food Exposition, Chicago, Ill.
Paris Exposition, France, March, 1912.

GREAT SUMS WAGERED ON ENGLAND'S DERBY.

London, June 16.—Gambling on the Derby—recently won by an American horse—is believed to have attracted more money this year than ever. The first prize of the Calcutta sweepstake lottery, which is the most popular method of risking one's money, amounted this year to about \$360,000. Ten years ago the investments in this lottery warranted a prize of only \$100,000. The prize as it now stands is probably the largest offered by any reliable form of existence.

The Calcutta Turf club started this lottery as a mere club affair many years ago, but when the sale of tickets was thrown open to all applicants the investments rapidly grew until this year saw them coming from all parts of Europe, all the British colonies and the Orient.

The London stock exchange had a sweepstake this year which offered a first prize of \$12,500. This also was originally a friendly affair among members, but it has become a public business. Members subscribe for batches of tickets and sell them to outsiders at a premium. At par value of \$5 the tickets brought five-sixteenths premium this year.

Nearly all the London clubs have their Derby favorites. One point (\$5) is the favorite price for a chance, but in some wealthy clubs there are five-pound tickets as well, while in the less opulent club houses chances may be taken for one dollar. Many of the gamblers are men who know nothing about racing, and in some clubs practically every member has a small investment. Even the king's name is put down at the clubs to which he belongs.

EARLY-DAY WALL PAPERS ON EXHIBITION IN FRANCE

Paris, June 16.—An exhibition of wall-papers manufactured in France between 1795 and 1815 has just been opened at the Malmaison, the country house near Paris which Napoleon annexed to Josephine. The French wall-paper industry met its Waterloo simultaneously with Napoleon, and also at the hands of an Englishman. A Londoner, John Williams, invaded the French market after the imperial downfall and opened a wall paper factory in Paris. He turned out papers imitating marble, agate, and grained wood so much more highly finished than the work of the French makers that he drove the latter out of business. The work of the earlier French manufacturers, however, as now exhibited, was most elaborate. Many designs are practically colored wood engravings, possessing real value as works of art.

Rare Old Signs Rescued.

M. Georges Cair, curator of the Carnavalet Museum, treasure house of Parisian antiquities, has just arranged an exhibition of old signs rescued from under the pick of the demolisher. Some are examples of exquisite iron work. Others are delightfully quaint, such as the sign of the old Latin Quarter which announces that he "works quickly and silently." Following the name of a herald in the same old world district is the request that he be not mistaken "for the other imposter living across the street." A Belleville store proclaimed itself "a raw and cooked port butcher." Among signs intentionally facetious is that of a little cafe which stood opposite the gate of Parisian cemetery, announcing to passers that they would be "more comfortable here than across the street."

Amusing Placards Tickle Salon Visitors.

Visitors on the opening days of the salon of the Society of French Artists were confronted at regular intervals in the sculpture section with large notices bearing the name of "Benoite de Kicks." Crowds gathered around these placards, which provided a fine opportunity for the display of the humorous comment characteristic of the Parisians. The authorities, who were the last of all to notice that something was wrong, had the notices hastily removed. They had been put up at the Horse show held in the same building before the salon opened.

AMERICA BEST CUSTOMER IN PARIS PEARL MARKET.

Paris, June 16.—Americans are the world's greatest purchasers of pearls, according to statistics published in Paris, which claims to be the leading market for this ornament. Yearly purchases of pearls by the United States amount to about \$6,000,000. France for its own needs, spends about \$5,000,000. England is next, buying to the extent of \$4,000,000; Germany, Italy, Russia and other nations follow proportionately.

SCALY PSORIASIS ON ARMS AND LIMBS

Small Dots Grew Larger, Scales Formed, Looked Horrible, Cuticura Soap and Ointment Cured.

Troop H, 6th U. S. Cavalry, Camp McCoy, Sparta, Wis.—"I was troubled with psoriasis for nearly two years. Portions of my arms and limbs were affected mostly with it. It appeared in scaly form, breaking out in very small dots and gradually grew larger and white scales formed when about the size of an ordinary match-head. The looks of it was horrible, which made it very unpleasant for me. It itched a little at times.

"I tried several remedies, but the trouble seemed to grow worse instead of better, and I tried several treatments which cured me for a month, but it always broke out again. One day a friend saw the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. They helped me, so I purchased two more boxes of Cuticura Ointment and some Cuticura Soap and they completely cured me. It took three months for Cuticura Soap and Ointment to complete my cure." (Signed) Walter Mahony, Oct. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

Gossip from London

Sex Equality in Divorce Suits.

London, June 16.—The findings of the recent royal commission on divorce, so far as both majority and minority reports agreed, have been incorporated in a bill introduced into parliament by Lord Gorell, former president of the divorce court. The most radical departure is a provision that the sexes shall be on an equality before the divorce court. Under the existing law, a wife must prove both misconduct and cruelty on the part of her husband, while a husband need only to prove misconduct in order to get a divorce. The new clause provides that any married person may dissolve marriage upon proving that the other party thereto has committed adultery. The bill also provides that a judicial separation may be granted on the ground of habitual drunkenness, which includes intoxication by drugs.

A Paradise for Suffragettes.

An anonymous jokesmith recently spent several shillings to have his fling against the militant suffragettes by irregular columns of advertisement in the personal or "gony" column of a morning newspaper: "Scion of noble family has island for sale—Wild scenery and precipitous cliffs; single gun on adjacent mainland would dominate any possible place of disembarkation. Ideal for colonization by suffragettes. Though advertiser is Conservative, he would gladly come to bargain terms with present government or high-minded philanthropist with country's weal at heart."

Odors Give Judges Headaches.

Judges of the criminal courts who have been criticized for playing golf on Sundays have found the excuse that Sunday odors and gases of the New Bailey, as the court buildings are called, drive them to get all the fresh air possible in the time they have free from court. A century ago the Old Bailey was notorious for its odors. The New Bailey is little improvement. The poor ventilation has caused many a judge's headache and undoubtedly many prisoners have suffered an extra heavy sentence because of judicial irritation.

Boy Assistants for Car Conductors.

Boy conductors will be placed on some of the municipal street cars as an experiment. Much opposition was expected from the union to which the street car men belong, but when it was explained that the boys would only assist the regular conductors and that as far as possible they would be selected from the families of street car employes, no protest was raised. It is almost impossible for the conductor of a double deck street car to collect fares and watch his stops without neglecting one or the other and the boy assistants will be expected to relieve the regular conductor of part of his duties. The boys will be tried out on the Tooley street line, which runs to Greenwich through one of the most thickly populated districts of London.

Big Cricket Games This Month.

The hundredth anniversary of the organization of the Marylebone Cricket club, the supreme legislative body of the English national game, is to be celebrated this month at Lord's, the club's headquarters in London. The club was founded by Thomas Lord, a well-known cricketer of those days, who acquired the grounds at St. John's Wood, which now bear his name. The first recorded match on the grounds, was held in June 1814 and to celebrate this a cricket festival will open on June 22. The first match of the festival will be between the English cricket eleven and the cricket team of South Africa and the team representing the rest of England; the second match, which is anticipated will be attended by King George, will be between the army and the navy.

UPPER PENINSULA.

Former Calumet Man Loses Life.

Word from the Northern Ontario Light and Power company of Cobalt reports the death by drowning of George Rowe, formerly of Calumet. The deceased, who was a middle-aged man and had been a resident of Cobalt but a short time, lived in Calumet for a number of years. He is survived by a wife and four children, William J., George, Emma and May Rowe, who are at present at Tamarack, and one sister, Mrs. Barlette of Toronto. Details of the accident are meager. It is not known whether Rowe's death was the result of an accident while at work, or whether he was drowned while swimming or boating.

Pastor's Chickens Work Well.

Rev. S. Benson, pastor of the Presbyterian church has a flock of twenty-four hens which he believes are record layers, says the St. Ignace Enterprise. The pastor is a practical man and does not believe in keeping dead stock on his hands; that is, stock that will not at least pay their keep. So last February he opened a journal and made daily note of what the hens were doing. The journal he still continues and the first of this month, after exactly four months, he struck a balance and found that it was on the right side of the ledger; in fact a surprising record was shown. The twenty-four biddies showed that they had been constantly on the job, bringing forth 1,050 large eggs and in between times hatching out eighty young chicks. The hens are not blue-ringed stock, but as pedigree goes, but when it comes to laying they are entitled to credit.

NOTES OF MINING NEWS.

There are no promising nickel mines in the United States, the domestic production being byproducts of copper refineries.

A recent government report shows that wages of farm laborers have increased more than those of city workmen in the last twenty years.

The latest fad in London is cubic notepaper, which is perfectly black. The writer uses ink which is either pure white or a violet color.

Representatives of the Belgian government are trying to drive an automobile the length of Africa from the Cape of Good Hope to Cairo.

Oxford University will send out an expedition of English scientists, with a Polish girl for a guide, to study the origin of the native tribes of Siberia.

Mining News

The last four months' net earnings of the Nipissing Mines company approximated \$610,000, while dividend requirements at the 20 per cent regular annual rate were but \$375,000. The summer's hydraulicicking has started on territory hitherto untouched, but the work has not progressed sufficiently to determine values. Underground development work, according to mine advisers, continues of a satisfactory nature.

BRADEN COPPER.

The Braden Copper Mines company in May procured the best results from mill operations thus far this year, with a recovery of 75.36 per cent. This compares with 69.90 per cent in the preceding month and 72.18 per cent in March. The production of 2,480,000 pounds in May was exceeded but once, the April output having been 2,720,000 pounds. The improved recovery was all the more noteworthy as the ore ran but 2.11 per cent copper, against 2.35 per cent in April. Last month 70,477 tons were treated, comparing with 82,902 tons in April and 98,020 tons in January. Costs, which went down to about 9 1/2 cents early in the year, have since risen, due chiefly to smelter troubles. Inability to keep the smelter in constant operation has tended to restrict operations and increase costs per unit of output. At present the Braden product goes through the Straits of Magellan to European market points at a forty-two-shilling freight rate. Steamship companies operating over this route have signified an intention to reduce rates.

SHANNON.

Shannon is a low grade, high cost producer, and to make any substantial profit copper must sell at or above fifteen cents. Shannon is now earning a little money, which is being applied to the retirement of bonds of the Shannon-Arizona railway. From \$600,000 the issue has been reduced to \$292,000. The extinguishment of the balance will be a slow process so long as copper remains at fourteen cents; the question of resumption of dividends is a remote possibility. There probably is not more than two years ore blocked out ahead for Shannon. This is not a new condition, as the character of the ground does not warrant large reserves. It does, however, contribute to the uncertainty of Shannon's situation. There is, however, a considerable tonnage of low grade ore which has not been mined. With the recent improvements in metallurgy the management hopes that this ore can some day be treated by Shannon at a fair profit.

WHEAT PITCHES DOWNWARD.

Chicago, June 16.—Increased hedging sales of wheat and the fact that the first crop to reach here loaded from the new crop had arrived earlier in the season than ever before known made the market today pitch heavily down grade. Final quotations for the session follow: July wheat, 83 1/2 cents; September, 81 1/2; July corn, 70 1/2; September, 67 1/2; standard oats, 40 1/2 @ 41.

In Armenia there is a copper mine that has been worked continuously since prehistoric time.

While the excellence of the values and the very low prices have made this mid-season clearance unusually successful—depleting in many instances our entire assortment, yet there are scores of beautiful new and stylish suits, coats and frocks still here.

There are a few of those excellent **Silk Dresses \$17.50** worth \$22.50 and \$32.50 for

\$15 is what we have priced another lot of **Silk Dresses** that sold as high as \$30.

A big collection of beautiful new style **Silk Coats**

These are the same values that brought from \$17.50 to \$19.50 earlier in the season.

Now to clean them out quick we offer them at **\$10.75**

A number were delayed in getting alterations last week but now we are in a better position to handle them promptly.

The Paris Fashion

"Style Authority Shop"

TO THE PUBLIC:

THE State of New York, through its Department of Insurance, has completed the examination of the Metropolitan Life Insurance Company which it is required by law to make every three years. The Chief Examiner, in concluding the report, said: "The treatment by this Company of its policy-holders in the prompt payment of their claims, in the voluntary payment of millions of dollars in bonuses, and in its social welfare work—are features of the Company's business which deserve commendation."

The Superintendent of Insurance, the Hon. William Temple Emmet, in approving the report, wrote an extended review from which we make extracts:

THE COMPANY'S GROWTH AND MANAGEMENT.

"The administrative officers of the Company * * * have so increased the assets of the Company as to make these equal the resources of many states and even nations. They have at the same time steadily cheapened the cost of insurance to policy-holders, both by direct means and by the distribution of bonuses."

"They have extended the Company's business to such an extent as to bring it into contact now with approximately one-eighth of the population of the United States."

"That this notable growth has involved no sacrifice of efficiency in the handling of administrative details, but, on the contrary, has been the direct result of constantly increasing efficiency, is shown by the comparatively small losses sustained by the Company in proportion to the large investments made."

ITS POLICY-HOLDERS SATISFIED.

"The fact that the percentage of lapses due to the abandonment of their insurance by policy-holders is constantly decreasing, speaks eloquently to the same effect."

"This last mentioned development is perhaps the most convincing evidence which could be offered that the Company's policy-holders are, broadly speaking, very well satisfied indeed with what they get in return for the premiums they pay. A very remarkable showing altogether."

ITS SOCIAL SERVICE.

"This Company waited for no changes in existing law before striking out as a pioneer among insurance companies along the pathway of social service on a huge scale. For years it has maintained for its policy-holders a nursing service upon a great scale; this has latterly become a veritable marvel of efficiency and practical helpfulness."

"Leaving out of consideration the mere numbers of those who have been directly benefited by these activities, I think that the example which the Metropolitan has set to other great business organizations by its early recognition of the new responsibilities attaching to all business enterprises which have attained a certain size, is one of the most beneficial of recent occurrences in the field of American business. For years it has through its publications upon the question of health conservation been serving multitudes of people as a sort of University of beneficial instruction upon this most important subject."

ABREAST OF MODERN THOUGHT.

"This great institution, having so very recently been under our critical scrutiny and presenting so many admirable illustrations of what an efficient and enlightened modern business organization on a large scale can do in the way of keeping abreast of modern thought, seems to be in a position where I may properly use it as an illustration of that private initiative and enterprise are at their best still capable of doing the finest possible work in fields from which, latterly, all the talk has been that these agencies should be compelled to retire."

Assets, \$447,829,229.00 Liabilities, \$414,244,327.51
Largest amount of insurance in force of any company in the world \$2,816,504,462.00

A VISIT TO ISADORA DUNCAN.

It Was Not Without Great Difficulty That the Interviewer Coaxed a Few Words From the Dancer.

In a most interesting book which he calls "Second Nights," Arthur Ruhl has grouped his experiences and impressions while writing dramatic criticisms for Collier's Weekly. Here is his description of a visit paid to Isadora Duncan:

for an instant across his huddled form—who knew nothing of dancing, nothing of art, nothing. Why don't they send a sculptor? He might understand what I am aiming at, what I have been working all these years to do. One comes back to one's own country and one hopes for a little sympathy and recognition, and one either isn't noticed at all or you write nothing but twaddle. Yes, there is one person in Philadelphia and one in the Boston Transcript. They write beautifully of my art."

Ask Ruhl how much inspiration he would get from a premiere danseuse standing at the end of her toe? Could you imagine a ballet in the Parthenon? And yet I heard Ruhl played in the Parthenon? Again Miss Duncan turned to the poet as to one who spoke her own language. "It was quite—quite perfect. You know, the rhythm of the music and the rhythm of the columns—"

IRISH LOYALTY.
A common cry against Irish home rule is that Ulster will be punished for the crime of loyalty and the disloyal will be rewarded. This is a specious but fallacious plea.

ECZEMA MISERY

Yields to our Saxo Salve
Baxter, Pa.—"I suffered terribly from eczema so that my skin would crack open. Doctors' remedies failed to give me any relief, but Saxo Salve helped me right away and I am nearly well. I never found anything to equal Saxo Salve for eczema."—Mrs. MAURICE WANK, Baxter, Pa.
If we cannot cure your skin trouble with Saxo Salve and Saxo Soap, we will buy back the empty tube.

for an instant across his huddled form—who knew nothing of dancing, nothing of art, nothing. Why don't they send a sculptor? He might understand what I am aiming at, what I have been working all these years to do. One comes back to one's own country and one hopes for a little sympathy and recognition, and one either isn't noticed at all or you write nothing but twaddle. Yes, there is one person in Philadelphia and one in the Boston Transcript. They write beautifully of my art."

DEAFNESS CANNOT BE CURED
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have ringing, humming, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

BOAT CALL MISTAKEN FOR DISTRESS SIGNAL

That Appears Cause of the Confusion Resulting in Reported Disaster to the Siberia.

"Tokio, May 16.—[Correspondence.]—Some light has been thrown upon the "wireless" mystery of the reported stranding of the Pacific Mail steamer Siberia May 1 off the coast of Formosa, yet not enough to say that the mystery has been cleared. While people of two hemispheres were in dread that the vessel had sunk, and a dozen warships were searching vainly, the Siberia sailed into Manila bay, saying that there had not been any accident whatsoever. The company officials here believe that the confusion was caused by the signal of the Persia being mistaken for the international distress signal "S O S" while the Siberia was giving her position to the Persia and they explain in detail their reasoning. But the Japanese operator at the Ozesaki land station insists that he really heard the distress signal which he claimed to come from the Siberia. He said he did not think the signal "S O S" (the name of the Persia) could be mistaken by a trained operator for "S O S."

Siberia's Silence Puzzles.

Having found this explanation in an effort to get a solution of the mystery that surrounded this disaster, it does not explain the silence of the Siberia on May 1, after the reported accident when throughout the day the high power apparatus on the Japanese and Formosa coasts and on the British warships Minotaur and Yarmouth, as well as on the American warships W. C. C. Under this theory, the spacing between the dashes must have been irregular or shortened by the dots being lengthened.

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Sweaty Feet Spread Out Gloriously in a Bath of "TIZ."
"Just couldn't wait to take my hat off!"

These weary, shoe-crinkled, aching burning feet, your shoes off and then put on, corn-pestered, blisters-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk; and then they'll take another dive at that "TIZ" bath.

What's Doing in Baseball World

Manager Chance has shifted Lesie Nunamaker, a former Red Sox catcher, to first, in an attempt to gain a little batting strength. Nunamaker had batted weakly for the New Yorks this season.

If Washington had kept Bert Nichol years ago, instead of releasing him because he didn't hit in the first half dozen games, Griffith might by this time have had just the additional batting power he has needed to win the flag.

A new star is shining in the baseball firmament. It is the person of Clarence Walker, left fielder of the St. Louis Browns. Early last year he began the work of compelling American association pitchers to forget their calling and it was while a member of the Kansas City team that he really caught the light.

Once before, he had been a member of the Washington Americans, but was out held for more than a short time. The St. Louis owners passed over players and cash to the amount of \$10,000 for Walker's contract and this spring the

young man really began to assert his place. Now he's leading the league in hitting and he has been setting a pace that is hard to follow. Walker has played in fifty games this spring and he owns a batting average of .357, or slightly better. He has smashed out thirty-two doubles, eight triples and two home runs, and has hit for a total of ninety-five bases, which is only a few less than Sam Crawford's mark, the best in the league.

A bathhouse for dogs which has just been founded in one of the most elegant quarters of Paris gives notice to the public in these words: "Baths for dogs. Electric drying room with warm air. Special shampoos. Perfumed bath. Antiseptic shearing. Nests kept warm while waiting."

There's The Best And Biggest Automobile Lozier Ever Made— That Light Six—and at \$3250

SEVERAL LOZIER DISTRIBUTORS were visiting the Lozier factory in Detroit and a group of them were discussing various matters of Lozier policy with President Gilbert.

A TESTER IN A NEW SIX drove out of the yard and as he passed the administration building on his way to make the final test on a completed car, about to be shipped to some lucky buyer, the President, indicating the silent beauty, exclaimed enthusiastically— the words that head this ad.

"THAT'S A REMARKABLE STATEMENT," said one. "And the more you analyze it the more remarkable is the fact," responded the President.

"LOZIER HAS ALWAYS MADE big, powerful, expensive cars. Formerly the business was what might be termed a 'Custom Made one.' By that I mean that there was no standard model. Standard chassis, yes. But too many of them. And a special body was made for almost every buyer.

"THE ENORMOUS COST of new tool equipment for, and the tremendous overhead that goes with, the making of a multiplicity of models made it necessary to charge accordingly.

"FOR \$5000 and \$6000—and any price the buyer wanted to pay for the special 'job' he wanted, Lozier made wonderful cars. The cars that made the Lozier reputation—made Loziers the recognized standards of perfection.

"BUT THE BUYER PAID MORE than the intrinsic value of the product—albeit the manufacturer made no more than a fair profit, and hardly that.

"THE NEW LOZIER POLICY, inaugurated a year ago, was to confine the product to just two chassis models—a six and a four—and a few standard body designs with standard finish and trimming for all of them.

"AND TO SET A PRICE on that product that the introduction of sound commercial principles would make possible.

"THERE GOES THE RESULT," concluded the President, as another of the latest series, seven-passenger sixes, glided out of the yard. Its final test trip.

MULL THAT OVER—that statement of the President of the Lozier Company, inspired by the sight of the car that he considers the crowning achievement of long years of striving towards an ideal.

ANALYZE THE ASSERTION, "The Best and the Biggest Automobile Lozier ever made."

YOU'LL OBJECT to the last part of the sentence, although, of course, you will concede the first. The best, because in all the progress that has been made in the production of cars that would STAY good Lozier has led the way; and, being the higher priced of the two Lozier models, it can be said with truth and without in the least disparaging the other.

BUT "THE BIGGEST?" you say. Lozier has made seventy horse power cars—and this Light Six is not rated so high. Answer: it is relatively higher—power in proportion to weight. So he could also have said the most powerful—but that would have called for an explanation, since not all persons differentiate between efficiency and mere power.

BY "BIGGEST" HE MEANT passenger capacity—naturally. This six, which we term the "Light" Six, is a big seven-passenger car. Those expensive, high-powered Loziers were four-passenger only.

"LIGHT" IS A RELATIVE TERM. This big six is 500 pounds lighter than other high-class sixes—we do not, of course, recognize the kind of lightness that amounts to flimsiness.

THINK IT OVER—that sterling remark of President Gilbert's. And then come in and let us show you a lot of other things he might have said about features in which the Lozier Six excels.

THAT MIGHT HAVE BEEN YOUR CAR—that identical one that, passing his window on its way to some fortunate buyer, inspired the remark.

"THE BEST AND BIGGEST CAR LOZIER EVER MADE"—may be yours if your order is in before our allotment, which is all too small, has been exhausted.

COME AND SEE—and ride in it—that magnificent Lozier Six.

SAYS TITLES ARE SOLD.

Liebkecht Reveals New Scandal for Prussians to Talk About.

Berlin, June 16.—Karl Liebkecht, the Socialist leader and member of the reichstag, whose revelations last year resulted in the conviction of a number of Krupp officials and army officers of bribery, has again unearthened affairs that are engaging the attention of the prosecuting attorney and seem likely to result in criminal prosecutions.

Liebkecht charges—and supports his charges with strong evidence—that trafficking in titles on a commission basis is carried on in Prussia, and that certain titles are, or were up to two years ago, granted for money considerations. The minister of education has made a public denial of the latter part of the accusations, declaring that titles, or at least that of professor, are not to be had for money. He has, however, directed an investigation of the other charges, and in a low under way.

Liebkecht tried to make his disclosures at the conclusion of his speech in the reichstag on the armaments trust, but was ruled out of order by the speaker. Two or three days later he published the first installment of his charges in the Vorwaerts, the central organ of the Socialist party. It had to do with the late General von Lindenau, one of the most distinguished military men in the empire. Von Lindenau was for a long time chief of the great general staff; he was appointed governor of Metz shortly before his death, and it is declared that he might have become Prussian war minister had he lived. He enjoyed the especial confidence and esteem of the emperor.

Trafficked for Years, Is Charge. Liebkecht published extracts from official documents showing that the general left debts exceeding \$250,000 and practically no assets. He also published a copy of a letter from the general to a certain physician, acknowledging the receipt of a large sum of money, "to be repaid in case you do not receive the title of professor within one year." In a further article, Liebkecht declared flatly that von Lindenau had for years dealt in orders and titles.

The non-Socialist press found it impossible to deny the probative force of Liebkecht's documents, but declared that the case was a "solitary, sad instance." Thereupon Liebkecht published a facsimile of a letter from a certain Dr. Ludwig to an unnamed physician, dealing with the obtaining of the title of professor for the latter. In this letter, written more than two years ago, Ludwig declared that the matter was difficult and expensive, the cost being "higher for foreigners than for Germans, higher for Jews than for Gentiles." The following conditions, he said, must be observed:

"(1) You must, in order to observe the proprieties, submit a printed treatise. This need not be exhaustive, it is only a matter of form. For example, you publish an article in a scientific magazine and then have copies printed of it as a monograph, or you can make printed an article written especially for this purpose. This is only a matter of form, so that it can be said that you have pushed some scientific article.

"(2) In a certain quarter you will pay \$10,000, and \$375 as commission."

Publishes Still More Letters. Liebkecht followed this article up with two other letters of Ludwig's, one dealing with the obtaining of the title of professor, the other that of court dentist. The former, Ludwig wrote, involves meeting "high financial demands." The latter would cost from \$2,000 to \$2,500.

The disclosures, painful enough in themselves to the average German, are especially painful to all non-Socialists; for not only do they come from a Socialist, but Dr. Ludwig is vice president of the Imperial Association for Combating Socialism. The Socialists naturally display no very lively sorrow about the unmasking of one of their chief enemies.

Liebkecht also charges that in 10 persons hungering for the title of professor were taken to the royal palace and received by a trusted financial official of the empire, through whom all dealings took place. This official, he says, is no longer in service, what he calls "the title and orders tariff," it puts the price of the Red Eagle, fourth class, at \$2,000 for academicians and \$3,000 for others; commercial councillor, \$2,500, provided the application goes through the regular channels, \$15,000 if the matter is expedited; \$2,750 for appointment as "purveyor to the emperor," and \$75,000 to \$100,000 for elevation to the nobility in Prussia. In Coburg, he says, the price is only \$62,500. Liebkecht does not support this list with any evidence, and it is probably fantastic.

DONT BE MISLED.

Marquette Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried. Use a tested kidney remedy. Begin with Doan's Kidney Pills.

Used in kidney trouble 50 years. Recommended here and everywhere. A Marquette citizen's statement forms convincing proof.

It's local testimony—it can be investigated. Mrs. J. J. Cleary, 322 Rock St., Marquette, Mich., says: "One of my family had a bad attack of kidney trouble and could hardly straighten. Doan's Kidney Pills relieved him right away. Since then he has used them several times when he has taken cold in his kidneys and they have always helped him just as much as they did at first. I publicly endorse Doan's Kidney Pills some years ago. I can only repeat that they are a grand medicine for kidney troubles."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York sole agents for the United States. Remember the name—Doan's—and take no other.

Returns from the several American consulates and agencies in Australia show an aggregate export trade to the United States during 1913 to the value of \$13,159,170, compared with \$10,098,747 in 1912; to the Philippine islands, \$2,759,604, compared with \$3,001,113; to the Hawaiian islands, \$514,960, compared with \$377,748.

Poland last year produced 9,250 short tons of zinc.

in the third, and Daubert, who argued with Quigley in Smith's behalf, was put out of the game. Score: R. H. E. Cincinnati, 1, 0, 0 4 1 0 0 0 2 0—7 9 1 Brooklyn, 0, 4 0 0 0 0 0 0 0—4 8 2 Batteries: Yingling, Ames and Clarke; Allen, Reulbach and O. Miller. Two-base hits—O. Miller and Wheat, Brooklyn. Three-base hit—Wheat, Brooklyn. Home runs—Clarke and Bates, Cincinnati.

New York, 3; Chicago, 0. New York, June 16.—New York evened the series with Pittsburg by winning today's game. It was Tesreau's second shut-out over Pittsburg this season. Meyers was hit on the ankle by a foul tick in the fifth, and retired. Score: R. H. E. Pittsburg, 0, 0 0 0 0 0 0 0—0 5 3 New York, 3, 0 0 0 0 2 1 0—3 7 0 Batteries: Harmon and Gibson; Tesreau and Meyers and McLean. Two-base hit—Mowrey, Pittsburg. Home run—Robertson, New York.

St. Louis, 4; Philadelphia, 3. Philadelphia, June 16.—Philadelphia made a rally in the ninth today, but could not overcome St. Louis' lead, and lost. With one run needed to tie the score and runners on third and second, with two out, Peritt ended the game by striking out Burns, a pinch hitter. Score: R. H. E. Philadelphia, 0, 0 1 0 0 0 0 0—1 6 4 St. Louis, 4, 2 0 1 7 2 0 1—14 20 1 Batteries: Suggs, Ridgeway, Conley and Boucher and Jackitsch; Packard and Eastley.

Kansas City, 14-3; Baltimore, 1-3. Kansas City, June 16.—The home players were hitting today, and as a result won two games from Baltimore. Score: R. H. E. Baltimore, 0, 0 0 0 1 0 0 0—1 6 4 Kansas City, 2, 0 1 7 2 0 1—14 20 1 Batteries: Suggs, Ridgeway, Conley and Boucher and Jackitsch; Packard and Eastley.

Baltimore, 11; Indianapolis, 3. Kansas City, 10; Chicago, 7. Philadelphia, 10; Chicago, 7. Cleveland, 2; Washington, 1.

Detroit, 3; New York, 0. Detroit, June 16.—Holding New York to four hits, Coveleskie pitched his second shut-out game within a week today, and Detroit won the third consecutive game from New York. During the day Manager Chance was notified that he has been indefinitely suspended because of his argument with the umpire in last Sunday's game.

Boston, 2; St. Louis, 0. St. Louis, June 16.—With men on bases today, Foster was invincible, and Boston won from St. Louis. Score: R. H. E. Boston, 1, 0 0 0 0 1 0 0—2 8 1 St. Louis, 0, 0 0 0 0 0 0 0—0 5 3 Batteries: Foster and Cady; Weidman, Baumgartner and Agnew and Leary. Two-base hits—Yerkes and Lewis, Boston; E. Walker, St. Louis.

Cincinnati, 7; Brooklyn, 4. Brooklyn, June 16.—Cincinnati defeated Brooklyn today. Clark knocked a home run to center in the fourth and home runs, who batted for Uler in the eighth, put the ball over the right field wall with Nichol on second. Umpire Quigley refused to get out of Smith's line of vision while Smith was batting.

Pittsburg, 3; Chicago, 2. Chicago, June 16.—Pittsburg and Chicago each staged a rally in the tenth inning of today's game, but the former scored three runs to the latter's two in the extra round, and won the game. A three-base hit by Oakes was the deciding factor. Score: R. H. E. Pittsburg, 0, 0 0 0 0 0 1 0 0 3—4 13 1 Chicago, 2, 0 0 0 0 0 1 0 0 2—3 7 2 Batteries: Dickson and Berry; Watson and Wilson.

Indianapolis, 4; Buffalo, 1. Indianapolis, June 15.—Falkenberg held Buffalo safe, after the first, and Indianapolis won here today. Kechnie's batting was a feature. Score: R. H. E. Indianapolis, 1, 0 0 0 0 0 0 0 0—4 10 0 Buffalo, 1, 0 0 0 0 0 0 0 0—1 6 3 Batteries: Anderson, Brown and Blair; Falkenberg and Rariden.

AMERICAN ASSOCIATION. Kansas City, 3; Columbus, 2. Milwaukee, 6; Cleveland, 12. Minneapolis, 9; Indianapolis, 2. St. Paul, 3; Louisville, 4. Second game: St. Paul, 10; Louisville, 2.

Upper Peninsula. Smuggled Chinese Get Away. A sensation was created at the depot when Conductor Sharp discovered in the express car two Chinese stowaways, says the Gladstone Delta. The conclusion was plain—that they had concealed themselves in the car at the Canadian Soo in order to obtain unlawful entry into the United States. The conductor promptly turned the key on them and went to summon an officer, some delay ensued, and on Sharp's return the almost-evident ones seemed to have evaporated. They had gone from a room which seemed to have no exit except the still locked door. The federal authorities will investigate.

Ironwood's Telephone Building. Bright prospects for the future growth of Ironwood are seen in plans of the Michigan State Telephone company to improve and enlarge its facilities. A modern exchange, equipped with the latest improved type of switchboards, will be built this year. The proposed improvements will cost \$40,000. The office will serve subscribers in both Ironwood and Hurley. The telephones now in use will be replaced by crankless instruments. The office will be a modern two-story structure of brick. It will be of colonial design, with stone column doorway and iron balconies in front of

Take Plenty of Time to Eat. There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by All Dealers.

No Other Like It In the World! YOU'LL never find a cowboy without "the makings." A sack of "Bull" is a part of every soldier's equipment. The familiar round tag hangs from the blouse pockets of all Uncle Sam's Jack Tars. And in the officers' mess on every battleship and at every military post you'll find an open sack of "Bull" Durham, inviting everyone to roll for himself a fresh, fragrant "Bull" Durham cigarette—the kind that brings healthful enjoyment and lasting satisfaction to more millions of men than all brands of ready-made cigarettes combined!

Advertisement for Bull Durham cigarettes featuring an illustration of a cowboy on a horse and a sack of Bull Durham tobacco. Text includes "No Other Like It In the World!", "YOU'LL never find a cowboy without 'the makings.'", and "FREE An Illustrated Booklet, showing correct way to 'Roll Your Own' Cigarettes, and a Book of cigarette papers, will both be mailed to you, free, on postal request." The American Tobacco Company.

CLEANING

This is the season of the year when you want everything about the house looking spick and span. Have you thought of your rugs, or the dresses, suits, quilts, etc., that are too good to discard? We can clean them, making them look as good as new. Our cleaning and dyeing process is up-to-the minute. Give us a trial.

We are also making a specialty of family washing, at prices that are right.

Needham Bros.' Laundry
Ishpeming, Mich. Division Street

CALUMET & HECLA.
Although the combination of strike and heavy construction was largely responsible for the slump in Calumet & Hecla's production and profits during 1913 a further drop in the copper content of the rock from both the conglomerate and Osceola lodes was a factor. This, of course, has been a feature of Calumet & Hecla operations for several years, as evidenced by the drop from 100,000,000 pounds, the record production in 1906, to 67,800,000 pounds in 1912, the last year of uninterrupted operation. Had it not been for the strike Calumet's production in 1913 would undoubtedly have been about 60,000,000 pounds. In the first six months but 39,000,000 pounds were produced. Apparently, therefore, the strike cut production down about 50 per cent in the last six months. The following table shows Calumet's production and costs for the past five years:

Year	Production	Cost
1913	39,000,000	14.25c
1912	67,800,000	9.86c
1911	74,130,977	8.52c
1910	72,659,545	8.96c
1909	89,096,995	8.28c

FOR RENT—Warehouse for storing autos, rigs, household goods, etc. New building, concrete floor, connected with city sewer. Inquire Stephen Simons, 114 East Pearl street. 6-15-14.

WANTED—American girl at Owl Cafe. Phone 180-W. 5-14-14.

Learn to Swim at the "Y" June 15 to June 29.

To Get Full Value For Your Money and Perfect Satisfaction With Your Coal and Wood Order From CONSOLIDATED FUEL & LUMBER CO.

In connection with last year's costs and their relation to earnings it is fair to point out that the construction item amounted to 1 1/2 cents per pound, or say \$700,000. About a quarter of a cent is Calumet & Hecla's "normal" construction charge and it was indeed unfortunate that last year, of all years, they should be so heavy; but with the completion of the leaching plant, etc., this year they will again drop back. In fact 1913 was higher than this year is expected to be. It is patent, however, that even the greatest economy and efficiency would have hardly resulted in less than a 10-15-cent cost last year in view of the decline in the grade of rock. A two-pound drop is something to be reckoned with, particularly as the larger decline was in the conglomerate by far the major producer. The following table gives recovery from both lodes and average for each for the past five years (pounds copper per ton of rock):

Year	Conglomerate	Osceola	Avg.
1913	27.85	14.31	22.11
1912	29.73	15.08	22.48
1911	30.38	15.89	25.47
1910	30.12	15.82	25.77
1909	33.14	18.00	28.18

On the above showing the company has, of course, a comfortable margin of profit under ordinary conditions, but 1913 was extraordinary; hence "C. & H." had its first taste of adversity in many years.

NOTICE TO THE PUBLIC.
Hereafter the Fashion Suit company and the Boston Shoe company will be open Wednesday and Saturday evenings only of every week, whether pay days or not, which gives the public a chance to do their shopping. (5-12-14.)

Ishpeming Department

TO VOTE ON BONDS FOR THIRD WARD SEWER

Council Last Evening Decided to Hold Special Election on Proposed \$30,000 Issue.

By the adoption of a resolution at last night's meeting, the common council authorized the holding of a special election for the submission of the question of bonding the city for \$30,000 to build the Third ward sewer, which has been contemplated for some time. There will be a special assessment on all property that will be directly benefited by the improvement. The proposed sewer is to be built in the S. S. Curry addition and the westerly portion of the Cleveland Iron Mining company's second addition, together with all laterals that must be constructed. According to the resolution the bonds would be payable in installments of not exceeding \$4,000 each year, with interest at 5 per cent. The board of public works and the council committee on sewers have prepared the plans for the construction of the improvement and a diagram of the district to be benefited by the sewer, which have been duly approved by the council. Another resolution adopted by the council last night sets forth the district to be benefited upon which the special assessment will be levied.

Will Participate in Celebration.
The Ishpeming council and city officials will join with Negaunee on the Fourth of July in celebrating their homecoming week. The invitation extended from the Negaunee mayor and council has been accepted. The communication from the Negaunee council follows: "Dear Sir—The common council of the city of Negaunee at its regular meeting held on the 14th inst., instructed the undersigned to extend a cordial invitation to the city officials of Ishpeming to join with us in the monster parade to take place in this city on July 4, next. The details for the parade have not been decided upon as yet, but you will have notice thereof through the daily press. "It is unnecessary to add that we confidently expect that the citizens of Ishpeming generally will be our guests during homecoming week, and especially at the grand climax on the glorious Fourth. "By order of the common council of the city of Negaunee."
"JOHN BURNS, "City Recorder."

When Ishpeming celebrated the Fourth a year ago, the Negaunee council and city officials were in line, and aided in making the event a success. The Ishpeming officials will therefore co-operate with Negaunee in every way to make their homecoming week one to be remembered, and they have assured the Negaunee council that they will be pleased to take part in the procession on the Fourth.

MARRIED IN ESCANABA.
Walter Wicklund, of Ishpeming, and Miss Edith Thayer, of Escanaba, were married Monday evening in Escanaba at the home of O. E. Starrine, 919 Escanaba avenue. The ceremony was performed by Rev. C. A. Lund. Miss Edna Starrine and Otto Starrine were the witnesses. A supper was served following the wedding. The couple will reside in Ishpeming in a short time, and will make their home here.

RETURN FROM CLEVELAND.
Mr. and Mrs. Carl Eickler arrived in Ishpeming Saturday afternoon from Marquette, having made the trip from Cleveland to Marquette on the steamer Pontiac, of the Cleveland Cliffs Iron company fleet. Mr. Eickler was married in Cleveland on June 10 to Miss Valma Semple at the home of the bride's father, Seward Semple. They will make their home in Ishpeming on North Pine street. Upon their arrival here Saturday they found that their friends had been at work at the home and had decorated in an elaborate manner. Mr. Eickler is employed in the Ishpeming office of the Cleveland Cliffs Iron company.

ATTENDING GROCERS' CONVENTION.
H. G. O'Keefe, of the Carpenter-Cook company, has gone to Minneapolis, where he is attending a meeting of the National Wholesale Grocers' association. A number of the upper peninsula wholesale grocers are in attendance at the gathering, as follows: Ed M. Lebbin, Hancock; A. M. Walsh, Houghton; J. V. Folvard, Houghton; W. M. Gander, Menominee; J. G. Cannon, Marquette; Ed Stevens, Sault Ste. Marie; and Dan Ryan, Escanaba.

AT ISHPEMING THEATER.
"A Romance of the Everglades," a two-part Edison drama, will be shown this evening at the Ishpeming theater. The other pictures on the program will be "Whiffle's New Profession," a Pathe comedy; "Old Streets of Cairo, Egypt," scientific; and "When a Woman Guides," a Biograph drama. The Three Kratons, now appearing in vaudeville at the theater, close their engagement tonight. The next, "School Days in Hoopland," is a distinct novelty.

CARNIVAL COMING.
A carnival to show at Union Park will visit Ishpeming within the next two weeks, as the agent has signed an agreement to pay the city license fee of \$25 a day. No dates of the business yet. A number of the business men are protesting against the show.

Mrs. Voelker's midsummer term opens June 15, continuing to Aug. 20. 6-11-14

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.
Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by All Dealers.

MORIN-SALADIN.

Ishpeming Young People Married at St. Joseph's Church Yesterday.

Miss Louise Morin and Herman J. Saladin, Ishpeming young people, were married at 9 o'clock yesterday morning at St. Joseph's church by Rev. Father P. Borda. Miss Rose Morin, a sister of the bride, and Arnold Saladin, a brother of the bridegroom, were the attendants. The couple will make their home in Detroit, where Mr. Saladin has been employed for the past month as a pharmacist, previously working in Ishpeming. They left for Detroit on the 4 o'clock train this morning.

RECHABITES COMING.

Next Annual District Convention Will Be Held in Ishpeming.
At the annual district convention of the Independent Order of Rechabites in Calumet Ishpeming was tentatively decided upon as the place of the next convention. The following officers for the district were named: Past Chief Ruler—John Spurr, Calumet. Shepherd—Miss Clyde Vivian, Calumet. Chief Ruler—William H. Thomas, Calumet. Secretary—Samuel Carter, Calumet. Treasurer—Alfred Richards, Calumet. Levite—John Dohs, Ishpeming. Plans for instituting a tent of the order in Detroit were considered, but it was decided to defer action until fall, as the present hot weather is unfavorable for the organization of a lodge.

FAMOUS PICTURE FRIDAY.

"Soldiers of Fortune" Will Be Shown at Ishpeming Theater.
For those who seek the exciting and the scenically beautiful there is in store a treat with the coming presentation of the six-part motion picture version of Richard Harding Davis' world-wide known play, "Soldiers of Fortune," which will be shown at the Ishpeming theater Friday, matinee and night. Dustin Farnum, probably the foremost of American actors in public favor, is to be seen in the leading role, and in his support there appears a cast of Broadway favorites.

The picture was produced at Santiago, Cuba, under the personal direction of Augustus Thomas, the famous playwright and dramatist, who had in his co-operation none other than the author, Richard Harding Davis. In order to exactly perfect the scenes which inspired Mr. Davis in his writing, the aid of the entire Cuban army and part of the American navy was enlisted for the big ensemble numbers.

MAY REQUIRE IMPROVEMENT.

South Shore Road May Have to Build Iron Fence Along Right-of-Way.
Apropos of a communication sent to the Ishpeming Advancement association regarding the improvement of railroad property within the city limits,

Will Head Ironwood Schools.
E. T. Dunfield, of Chehalis, Wash., has been hired by the board of education as superintendent of the public schools of Ironwood for the year 1914-15.

Widow Sues for Big Insurance.
Milwaukee newspapers report that Mrs. Frederick E. Woodbury has instituted suit against a number of casualty companies to enforce the payment of accident insurance, amounting to \$10,000, carried by her late husband, who was accidentally killed in "D" shaft of the Newport mine in Ironwood last winter.

Bride of a Month a Widow.
John Johnson, employed by Butler Bros. on the tapping job at the Wakefield mine, Gogebic county, was killed Saturday night. He was at work on the boom of one of the steam shovels when the boom-engine started and Johnson was caught in the machinery. He was thirty years old, and leaves a young widow to whom he was married a month ago.

Lucy County Boy Badly Injured.
Charles Canson, young son of Henry Canson, was run over by a motorcar loaded wagon at McMillan and was seriously injured. The little fellow fell off the wagon and one of the wheels passed over his body. His shoulder

Accused of Violating Liquor Law.

John Smith, proprietor of the Barnes hotel, was arrested Sunday on the charge of being in his barroom that day, says the Marquette Pioneer-Tribune. Chief of Police Peterson, when passing the hotel, noticed that the curtains were drawn across the barroom windows and thinking that all was not as it should be entered the hotel and walked into the barroom. The door being unlocked, he found Smith supplying a customer with a drink of liquor. Smith waived examination in Justice Teeple's court and was bound over to the circuit court in the sum of \$250, which was promptly furnished.

BUSINESSMEN MAKE PROTEST TO BOARD

Will Seek to Have Assessments Reduced Proportionately to Mining Companies.

A committee of business men yesterday made formal protest of their tax assessments to the city council and Mayor William S. Hegaton, sitting as a board of review. The commission has authorized a two and a half million decrease on the mines in and near Negaunee without reducing the general property assessments accordingly.

The business interests have united in an effort to have the taxes reduced and have engaged counsel to appear before the state tax commission. The taxpayers protest on the ground that they are assessed one hundred cents on the dollar, while the depression in the mining industry has decreased in like proportion to the value of the mines.

The business men are aware that the mining companies have sold very little ore this season and assert that the reduction given the companies is just, but they hold that the city goes up and down with the mining industry and that the business men and property owners are entitled to proportionate reductions.

An effort will be made to have the members of the state tax commission come here, and a plea will be made for reductions in valuations in general property. When the commission comes here the council will present the arguments for the taxpayers.

The board of review was in session yesterday and many taxpayers called and protested that their properties were assessed too high. The members of the board will make a personal investigation of the different properties and when the tax commission comes here they will be asked to inspect them.

"SOLDIERS OF FORTUNE."

The Star theater will present Thursday the latest work of the master makers of motion pictures, the All Star Feature Corporation, in Richard Harding Davis' great story of love and adventure, "Soldiers of Fortune."

Under the personal direction of Art Gordon, director-general of the All Star company, who is also dramatist of the play, the picture has been produced in Cuba, amid the identical scenes which inspired Mr. Davis in his writing. Through the personal efforts of Messrs. Thomas and Davis, the cooperation of the entire Cuban Army and part of the U. S. Navy was secured with the result that there is excitement enough to satisfy the most craving. The production is in six reels.

LOCAL LAONICS.

Oral J. Lacombe went to Marquette yesterday on business.

Will Yates is spending a few days in the copper country on business.

Dr. R. A. Burke, of Diorite, was a business caller in the city yesterday.

Sheriff James Moloney, of Marquette, was in the city on business yesterday.

Miss Agnes Frisk has gone to Marquette, to spend a few days on business.

Matthew Johnson, of Duluth, is spending a few days in the city on business.

Miss Eva Feigel, of Marquette, is the guest of her sister, Mrs. Ted Butler, for a few days.

Charles Peto of the Buffalo Hill location is having an addition built to his residence.

Miss Annetta Bellstrom has gone to Escanaba, to spend several days visiting with relatives.

Miss Treloar will leave today for Detroit, where she will visit for several weeks with friends.

Walter Fredrickson has returned to Munising, after spending a few days here visiting with his folks.

John Larson, of Cornish, has purchased a team of heavy draught horses from Sandy Johnson.

Mrs. J. H. Rough has gone to Park Falls, Wis., to visit with her daughter, Mrs. J. C. Kirkpatrick. Mr. and Mrs.

Kirkpatrick are the parents of twin daughters, born last Saturday.

James T. Fisher, of Laurium, was a business caller in the city yesterday.

Bennett Andrews will leave tomorrow for his native place in England, to spend several months visiting.

Miss Ruth Steele has gone to Iron River, where she will spend the next few weeks visiting with relatives.

ROBERTS-BOWDEN.

Popular Negaunee Young People United in Marriage Yesterday Afternoon.

Miss Libbie Roberts, daughter of Thomas H. Roberts and George S. Bowden, wellknown and popular Negaunee young people, were united in marriage yesterday afternoon at 5 o'clock at the home of the bride's parents at the Cornishtown location by Rev. Hewson, pastor of the Mitchell Methodist church.

The bride was attended by her sister Mary and John T. Bowden, who arrived home Monday from Evanston, Ill., where he is a student at the Garrett Biblical Institute, attended his brother as best man. William Bath, Jr., played Mendelssohn's wedding march as the bridal party entered the parlor, where the ceremony was performed.

The bride was dressed in a gown of cream de meteor trimmed with shadow lace and pearls and carried yellow roses. Miss Mary Roberts, the bridesmaid, wore a gown of pink silk and carried a bouquet of pink roses.

At 6 o'clock a wedding dinner was served to over 100 guests and Mr. and Mrs. Bowden left on the early train this morning for Niagara Falls, Detroit and Buffalo on a honeymoon trip. Mr. and Mrs. Bowden are among the city's most popular young people, both having been born and raised here. They will make their home at Ishpeming, where he holds a responsible position with the Cleveland-Cliffs Iron company as clerk at the North Lake mine.

Barabe-Lacombe.

Miss Amelia Barabe and Peter Lacombe were married yesterday morning at 6 o'clock at St. Paul's church by Rev. H. A. Buehholz. They were attended by Miss Florence Archambeau, of Marquette, and Joseph Barabe, Jr., of this city. They departed on the early morning Northwestern train for Green Bay. On their return they will make their home on Brown avenue. Mrs. Lacombe is the oldest daughter of Joseph Barabe and was born and raised here and has a large circle of friends. Mr. Lacombe is employed at the Negaunee mine and is wellknown.

PROGRAM AT THE STAR.

Professor Santanelli, who has been furnishing the vaudeville at the Star theater for the first part of this week, will conclude his engagement tonight with a unique hypnotic performance. Thursday "Soldiers of Fortune," a six-reel Famous Players Feature production, will be shown. Another installment of the Kathlyn pictures is booked for Friday.

FEATURES AT THE ROYAL.

Two big features, one of them a big-class military picture, will be shown at the Royal theater tonight. A comedy film will also be thrown on the screen. Friday night "At Risk of Her Life," a special feature for benefit night, will be on the bill.

SHAKE OFF YOUR RHEUMATISM.

Now is the time to get rid of your rheumatism. Try a twenty-five cent bottle of Chamberlain's Liniment and see how quickly your rheumatic pains disappear. Sold by All Dealers.

There are 41,924 miles of electric railway track in the United States.

FIRST BORN CHILDREN.

The eldest child was found, by the investigation of the German scientist, Dr. Vaerting, to have by far the best chance of turning out distinguished, says Havlock Ellis in Harper's Weekly. The third son has the next best chance, and then the second, the comparatively bad position of the second being attributed to the too brief interval which often follows the birth of the first child. He also notes that, of all the professions, the clergy come beyond comparison first as the parents of distinguished sons (who are, however, rarely of the highest degree of eminence), lawyers following, while officers in the army and physicians scarcely figure at all. Vaerting is inclined to see in this order, especially in the predominance of the clergy, the favorable influence of an unexhausted reserve of energy, and a habit of chastity on intellectual procreancy. This is one of his main conclusions.

Copper at fourteen cents a pound shows a decline from the high point of the year of about a cent a pound. That the decline has not been more precipitate is undoubtedly due to the very strong statistical position of the metal. At the beginning of the year the world's surplus stock of the red metal totaled 157,500,000 pounds, in round figures. On the first of June it was approximately 600,000 pounds less, showing no substantial change since Jan. 1.

gas water heater in the house. Kitchen and laundry needs are fully provided for without the discomforts of overheated stoves, or slow heating water backs. Hot water the "Pittsburg" way costs about ten cents per hundred gallons and is instantly available in bath, kitchen or laundry every hour of the 24. Let us demonstrate the "Pittsburg" for you?

MARQUETTE COUNTY GAS & ELECTRIC CO.

GROESBECK IS U. P. VISITOR

Pleased With Reception He Has Been Accorded in District So Far and Optimistic Over Outlook for Campaign—W. R. Oates Will Accompany Him on Trip.

He Vouches for Workability of Law Which Provides for Direct Election of Party Committees, Regardless of Statement Made by the Attorney General.

A. J. Groesbeck, of Detroit, chairman of the Republican state central committee and candidate for the Republican nomination for governor, arrived in Marquette yesterday on the first leg of a trip that he expects will take him into every county in the upper peninsula. On this trip, or on most of it, he will be accompanied by W. R. Oates, state game and fish warden, who will introduce him generally to the voters and assist him in laying the groundwork of his campaign in the district.

Last evening Mr. Groesbeck expressed himself as optimistic over the outlook for his campaign and confident that the year will see a drawing together of the Republican and Progressive voters in opposition to the Democrats. "I would not be a candidate for governor, he asserted, unless I had the backing of the strong political elements in Wayne county, my home county, and felt assured that the primary result there will send me out into the state with a big lead.

"For the rest, I am well pleased with the progress of my campaign and the reports from different counties of the state are most encouraging. I am well pleased with my reception in the upper peninsula as far as I have gone with the trip, and look forward to a pleasant week's journey through the district. I note in the state generally a strong tendency of the Progressives and Republicans to draw together in opposition to the Democrats on the basis of the progressive record of the Republican legislature, and I am convinced that this tendency will grow more pronounced as the weeks pass.

On the score of Mr. Groesbeck's prospects in the upper peninsula, Mr. Oates spoke with considerable definiteness, saying that his inquiries in the district had convinced him that he would have an excellent vote.

Law Is Workable.
According to Mr. Groesbeck—and because of his official position in the party his views are important—the law providing for the direct election of party committees is workable.

"That," he was reminded, "Attorney General Fellows says it is unconstitutional and not workable."
"I can't help that," he replied. "I see no reason why it cannot be made to work. The present committees will have to call the fall conventions, as they must be called prior to the primary. At the primary the committees can be elected, as was the intent of the legislature. When the new committee is organized and its chairman is elected, it will ratify the action of the old committee in calling the convention. As far as I can see, that is all there is to it, and I am sure the committee will be elected."

Mr. Groesbeck's view of the matter practically coincides with that of the Democratic state chairman, Mr. Shields, who has announced that he favors assuming that the law is constitutional and workable until the court declares the contrary.

In County Today.
Mr. Groesbeck and Mr. Oates will spend today in the western end of the county and from here they will go to the copper country for a few days' stay.

What arrangement have you made for your hot water this summer? The most economical and convenient way to heat water is with a gas water heater. Ask your neighbor who has one and then phone the Gas company. 6-6-14.

NEGAUNEE THIEF SOUGHT.

Plunders Bicycle Shop and It Is Thought to Have Come Here.
Gaining entrance into the bicycle shop of Albert Balsstrom in Negaunee at 11:30 o'clock last night by breaking the lock of the front door, a burglar procured a .38-calibre revolver and two dozen knives and razors. He made good his getaway, and it is thought left town on the late freight bound for Marquette. The Negaunee chief of police notified the police of this city and a close watch was kept on the train as it pulled in here early this morning. The fugitive had apparently dropped off before the train reached the city, as no trace of him could be found.

CITY'S CASH BALANCE.

Report of Accountant Anderson Shows That on June 15 It Was \$46,218.90.
The total cash balance of the city of Marquette on June 15 was \$46,218.90. This is the showing disclosed in a report compiled by Chief Accountant Anderson. It is the first report since the installation of the new method of book-keeping.

In addition to the balance on hand, the city has \$62,575.88 in receivable accounts. The city cash during May was hoisted considerably by the receipt of \$12,000 from the county for liquor taxes. The balance at this time compares favorably with that of a year ago. During the next two months, when the city taxes begin to come in, a still better showing will be made.

ENDS GRATIFYING YEAR.

Report of Visiting Nurse Association Shows Much Accomplished.
A substantial increase over the work done by the association last year is shown by the report of the Visiting Nurse association for the fiscal year ending June 1. The disbursements were \$1,718.18, of which \$449.81 was expended by the relief committee.

The following officers have been elected for the coming year: Mrs. Harry Hornbogen, president; Mrs. F. B. Sperry, vice president; Mrs. M. J. Shroywood, treasurer; Miss Rose Wallace, secretary. Mrs. H. R. Harris is chairman of the finance committee, and Mrs. Austin Farrel chairman of the relief committee.

The report for the twelve months ended May 31, last, shows the following:
Total number families visited..... 120
Total number children visited..... 241
Visits made..... 2927
Office calls..... 512
Tonics given..... 11
Prescriptions filled..... 17
Other medicines..... 69
Gowns given..... 1429
Shoes and rubbers, pairs..... 209
Employment found for..... 81
Servants used for cleaning, etc. (weekly)..... 13
Families given immediate relief..... 2
Sent to hospitals..... 2
Sent to Sanitarium..... 2
Sent to County House..... 1
Linen loaned, pieces..... 95
Sick room necessities loaned..... 28
Surgical appliances furnished..... 15
Eye glasses furnished, pairs..... 9
Dolls furnished..... 4
For all money and for all assistance given in way of professional services and supplies, the association is grateful.

500 CANAL PASSAGES.

Sault Ste. Marie, Mich. June 16.—Upbound vessels passing the canals the last twenty-four hours were: The Crowe, 8 last night; Cole, 9; Ronsseler, 9:30; Frick, 10; Bone, Kalkaska, midnight, small Hanna, 1:30 this morning; Hill, Smeaton, Sierra, 2; Sonoma, 3:30; Steinbrenner, 4; Jay Morse, 5; Cuddy, 10:30; Dan Hanna, Athabasca, noon; Harmonic, 12:30 this afternoon; Superior City, Krupp, Paipooze, 1; Duinn, 6.

NOTICE.

I have just returned to the city and have opened up my paint shop again and I can do your painting and paper hanging on short notice. Call 925-J for good work.
CHAS. A. LAWRENCE,
Cor. Fourth and Hewitt.

RESERVES SATISFY FEDERAL INSPECTOR

Lieutenant Johnson, of Chicago, Makes Creditable Mark for Marquette Battalion.

"Everything and everybody in first-class condition." That was the comment made by Lieutenant E. F. Johnson, of the Great Lakes Naval Training school, Chicago, upon completing the inspection of the Marquette battalion, Michigan Naval Reserves, yesterday. The equipment, drill work and general bearing of the entire company was up to his expectations, and a creditable mark for the reserves of this city is to be recorded in the books of the navy department.

The new equipment, a full navy outfit, including seventy guns, canteens, belts, first aid pockets, bayonets and seabirds, arrived yesterday. The battalion is now the best equipped in the peninsula. A set of training boats was acquired last year, and the equipment of the entire company is now practically brand new. Until yesterday, Marquette ranked next to Escanaba in point of equipment; now it leads the peninsula.

Lieutenant Johnson spent yesterday morning inspecting the boats, guns and uniforms. In the evening a large number of the reserves turned out for the personal inspection. Their number was swelled by the presence of several members of the Gwinna contingent. The company was put through a short drill and did commendable work. Lieutenant Austin Gwinna, had charge of the members from that place.

The first practice of the Marquette battalion with the new equipment will be held Thursday evening. The new Springfield rifles are of the 1906 model and of U. S. 24 caliber. They are a high speed gun and have automatic sights, arranged to make allowance for the drift of the bullet and shoot perfectly at a distance of more than 300 yards. The guns of this style are six inches shorter than the old style gun, but the bayonets are six inches longer. The canteens are of aluminum and will hold a quart of water.

Lieutenant Johnson leaves this morning for Hancock, where he will inspect the battalion there today.

COMMENDS METROPOLITAN.

Superintendent William T. Emmet, in Review, Praises Company.

The report of the New York State department of insurance on the results of its triennial examination of the Metropolitan Life Insurance company has just been published. Under the law, revised by former Governor Hughes, this examination must be made every three years. In an extended review of the report, William Temple Emmet, superintendent of the department, not only made an analysis of the company's condition as a business corporation, but of its activities along the lines of social service among industrial workers, their dealing with health, education and the conservation of human life. He points out that the company, now having more than thirteen million policies outstanding, has assumed such proportions that it is practically brought into immediate contact with the needs of every three-fourth of the population of the United States. The company's policies are held by a great many Marquette people.

Vacation Time Is Coming BUY INDESTRUCTO BAGGAGE

A trunk, Bag or Suit-case that will give you just a little more service and satisfaction than you have ever known before.

Indestructo trunks have proven that they travel further without repair than any other trunk made.

If you should buy an Indestructo trunk to day it would be guaranteed for five years at the hardest kind of wear you could give it.

Indestructo baggage carries an air of dignity and refinement that points you out as one who knows and demands the very best of travel comfort.

See the line of Indestructo Trunks and Suitcases today

for the presiding officer of a legislative body. It is most unlikely that he will be mentioned as a candidate for the office when the new reichstag, which will convene in the autumn, elects its president and two vice presidents. Candidate has it that the next session's president likely to be a member of the Clerical or Center party.

REICHSTAG FAILS TO PASS MANY BILLS

Closing the Session With Much Important Legislation Pending Mystifies Germany.

Berlin, June 16.—The action of the government in closing the reichstag, instead of adjourning it, has furnished a conundrum which the political experts have not yet been able to answer. The government's object is not known, and its action wondered at the more because it meant the extinction of numerous pending measures desired by the government, most of which were certain to be passed, and on all of which much hard work had been done. Equally mysterious was the government's covert threat to dissolve the reichstag, making new elections necessary, if it adopted, as it seemed for a time likely to do, a Socialist measure providing an increase in pay of 24 yearly for certain post office employees. Even the newspapers friendly to the government ridiculed the idea of going to the people on an issue so trivial.

Foremost among the measures thrown into the waste-basket by the closing of the reichstag was the petroleum bill. Others to suffer the same fate were the measures to regulate bookmaking, to define the rights and duties of aviators, to establish a juvenile court, to sharpen the laws against "filth in word and picture," to regulate Sunday employments, to establish a colonial court, to amend the business law, the new exercise bill, and many others. Against this list of uncompleted work the accomplishments of the late reichstag are very small. So long as it had to deal with broad national questions, such as the armament and taxation bills, where the non-Socialist parties were united against the Socialists, the work went ahead smoothly, but as soon as these were out of the way, shifting alliances of factions prevented any real work being accomplished.

Not all the blame for the little done during the long session rests upon the reichstag. So monarchial a paper as the Taegliche Rundschau sharply criticizes the government's "doctrinarianism," passing the blame of the paralysis "and its stubbornness." It declares also that from the first there was a lack of intelligent direction of affairs on the side of the government. It is also a fact that the ministers of various departments on many occasions failed to show the tact necessary for dealing with the representatives of the people, and on more than one occasion made unfortunate blunders.

Another source of the reichstag's weakness was its presidency. Herr Kaempf, the chief presiding officer, is an estimable and able man, but even his own party—the Progressives or Radicals—was not satisfied with his conduct of the affairs of the house. He exhibited a lack of resolution and decisiveness fatal

COUNTRIES TO JOIN IN PRESERVING GAME

Protection of the Elephant and Rhinoceros Is Purpose of International Conference.

London, June 16.—An "elephant and rhinoceros congress," in which delegates representing all of the great powers directly interested in Africa have participated, has finished a week's sitting at the foreign office, and as a result it is probable that effective action will be taken to preserve these animals from extinction in Africa.

The conference met at the suggestion of W. Woodham, game warden of British East Africa, who pointed out that the elephant and rhinoceros were in greater danger of extermination than any other species of big game in Africa. Delegates came from Germany, Belgium, Spain, France, Italy and Portugal, all of which countries have colonies in the African continent.

Although the proceedings of the conference will not be divulged until the delegates have reported to their home governments, it is understood that the most important item in the plans of the meeting was the formation and maintenance of absolute sanctuaries for the elephant and rhinoceros in suitable localities. The shooting of these animals would then be permitted only on license, the conditions of which would be made as nearly identical as possible in the different territories. Absolute protection for the rhinoceros would be given for a number of years and the standard weight for ivory for export would be raised to twenty-two pounds.

The various laws in the different territories have not only proven vexatious to the hunter, but have given refuge to the poacher and illicit ivory dealer. Every year the need for adequate protection grows more urgent. Both the elephant and rhinoceros take long to attain maturity and, like the American bison and elk, seem unable to protect themselves from the modern hunter. They breed slowly and the stock is becoming dangerously reduced. Herds have been wiped out because of their occasional raids on plantations, a course which Selous, the great game hunter, declares unnecessary, for the killing of their leaders would effectively frighten away the rest of the herd. But the greatest destruction has been due to ivory hunting in the case of the elephant, and horns, hide and meat in the case of the rhinoceros.

When you want painting or paper hanging done call up C. A. Lawrence, Phone 925-J, 6-16-14.

For painting, paper hanging or tinting ask C. A. Lawrence for prices. Phone 925-J, 6-16-14.
