

REVOLUTIONIST CHIEFS IN NORTHERN MEXICO SPLIT INTO FACTIONS

Two Governments Will Rule, One Under Villa, the Other Under Carranza.

SUBORDINATES TAKING SIDES

Conqueror of Torreon Will Operate Independently in Central Zone—The Forces West and East Loyal to Constitutional Executive—With Capital Taken Differences Will Be Adjusted, Latter Says—Break at Niagara May Come Today.

BULLETIN.

Washington, June 18.—Representative Kent, of California, told the president and Secretary Bryan today that he had telegraphic information from Mexico that General Carranza was about to leave his headquarters and flee to Laredo, Tex. Mr. Kent did not give the name of his informant.

BULLETIN.

El Paso, Tex., June 18.—General Carranza tonight advised General Villa's agent here that the difficulty between himself and Villa had been adjusted by Carranza giving his permission for Villa to proceed south to Mexico City, regarding the appointment of General Natera as head of the new central zone. Carranza said that the forces of General Natera in the west and General Gonzalez in the east would work independently of Carranza's troops. The constitutionalist commander concluded by saying that the misunderstanding between himself and Villa and any further misunderstandings with any of the leaders would be left for adjustment when the three armies meet before the national capital. In the meantime, General Villa will conduct his own military and civil offices in his territory.

Breach Between Leaders Complete.

El Paso, Tex., June 18.—The split between Carranza and Villa, has been complete, it is learned on the highest authority. But Villa will proceed with his army south toward Mexico City, disregarding General Natera, whose appointment by Carranza as head of the new central zone evidently caused the open breach between the northern zone commander and the Constitutional commander-in-chief.

This for the first time made clear the relations between Carranza and Villa. It was said officially that Villa's forceful taking over of the Carranza's territory at the entrance to a tanger station plan to oust all Carranza elements in the territory Villa dominates. While not declaring that he is under Carranza's orders, Villa is known to have told his chief that he will take the central strip of country leading to Mexico City, while Carranza's other divisional commanders can do likewise down the east and west coasts. According to this arrangement, there would be two distinct governments, both military and civil, in the northern half of Mexico, led by the revolutionists. One would be Villa's strip, which not only his military leaders, but his own appointed civil officials, would hold office. The other would be that di-

rected by Carranza in his capacity as military and political chief of the movement from his capital at Saltillo.

It is not doubted that General Alvaro Obregon, commander of the western military zone, and General Pablo Gonzalez, in the east, will remain firm adherents of the Carranza party. Villa already is reported to have taken over some of the petty leaders of the central zone territory to the south of Torreon. The news that General Natera, whose troops have been requisited by the federalists at Zacatecas, had come north to visit Villa was taken as significant. Previous to his appointment as a zone commander, blocking Villa's movement, Natera had been a staunch Villa man. It also was learned today that General Chao, who some time ago had been reported ousted by Villa as governor of Chihuahua, has joined Villa with a column of troops from Parral, although having been ordered by Carranza to proceed for Saltillo.

How the Split Came About.

The authoritative narrative of what took place between Carranza and Villa is as follows:

On Saturday, Carranza ordered Villa to send five thousand men to the assistance of Natera, under command of one of Villa's generals.

General Villa replied that he was going to Zacatecas, himself, with his entire army. Carranza asked Villa to obey his orders, which would have placed Villa's forces under Carranza's command, in whose zone Zacatecas is located.

After this exchange of telegrams, Villa proffered his resignation. Carranza asked that his successor be appointed at once. Then followed the conference of fourteen generals under Villa, who declined to accept any new leader. Villa then told Carranza that he was going to move south, as he previously had announced. The exchange of notes ended. Villa took over the Carranza offices and put his own men in them. Among the national officers arrested at Juarez was Carranza's treasurer-general, who had been engaged in issuing a new series of Constitutional money. This money, to the amount of more than \$1,000,000 was confiscated by Villa's troops.

Villa Says Great Work Will Go On.

Torreon, Mex., June 18.—General Villa today issued the following statement regarding his relation with General Carranza.

"I have received today many telegrams from different newspapers in the United States, asking what is the matter between Carranza and myself. I already have said that there is nothing between Carranza and myself which has in any way altered our military policy. I now will even go further and say that there never will be any differences between General Carranza and me in any shape or form that will interfere with the work by the Constitutionalists.

"It would be the object of folly for any of the leaders to impede or in any way hamper the great work of our cause, now that we are almost within reach of our goal."

American Plan Defended.

Niagara Falls, Ont., June 17.—The American delegation to the mediation conference tonight made public a statement in reply to the statement given out last night by the Mexican delegation in criticism of the American plan for the establishment of a provisional government in Mexico with a Constitutional at its head. The suggestions that President Wilson had any intent to destroy the electoral liberty of Mexico are branded as "utterly repudiated."

"It would be easy to write an agreement which many would consider desirable, but unless the most excellent of plans and the most excellent of men are accepted by the Constitutionalists, we would have only a paper plan perfect

in form and just in expression, but wholly ineffective to procure peace in war-torn Mexico. To bring that war to a close, to restore peace and constitutional government, is the aim of the president, and that end can be attained only by consulting the just wishes of the Constitutionalists, who if not in numerical majority are now the dominant force in the country.

"In answer to the contention that there could be no fair elections conducted by a provisional government, of which a Constitutionalist was provisional president, the answer of the

Americans calls attention to the fact that in the past the elections in Mexico have been under the supervision of a single cabinet minister representing the dominant party. By analogy, the next election should be supervised by only one officer representing the dominant Constitutional party. The American plan seeks to avoid the just criticism against the method and contemplates that this, the most important election in the history of Mexico, shall be supervised by the representatives of both parties.

"It is wholly incorrect to assume that

thus supervised the election will be unfairly conducted, and you may rest assured that all the influence the United States legitimately can use will be exerted to maintain a honest election."

Mediation Appears Hopeless.

While the American delegates have not entirely lost hope of the possibility of a change in sentiment at tomorrow's meeting, the general feeling today was that mediation could not last much longer on account of the irreconcilable position now taken by the American and Huerta delegates.

SONS OF THE REVOLUTION TO CELEBRATE GEORGE WASHINGTON'S JOURNEY OF 1775 WITH PILGRIMAGE OVER HISTORIC ROUTE

New York, June 18.—The route which Washington covered in his journey of 1775 to take command of the American army will be marked by a special pilgrimage under the auspices of the National Society of the Sons of the American Revolution, starting from Philadelphia this week.

"The glittering cavalcade," which escorted General Washington to Cambridge and which Irving has said "was the gaze and wonder of every town and village," took nine days to make in a hurry a journey which could easily be accomplished by rail today between breakfast and dinner, but the proposed pilgrimage will be a leisurely one by automobile, starting as Washington did on June 23 and concluding with ceremonies at Cambridge on July 3—the day Washington took formal command of the army.

It is expected that more than a hundred participants will make the ten-day journey all the way from Philadelphia to Cambridge, and that over some stretches the party will be augmented to several hundred. It is proposed to make special visits to historic spots of revolutionary days, and here and there to place a new tablet or dedicate some other memorial

to Washington.

The idea was presented by the George Washington chapter of Springfield, Mass., at the congress of the national society in Chicago in May last year, and it was resolved that it be carried out, with Henry F. Ponderson, of Springfield, as chief marshal of the pilgrimage. A committee of members from Pennsylvania, New Jersey, New York, Connecticut, and Massachusetts was appointed to co-operate.

Washington's departure for New England was taken just a week after the Continental congress at Philadelphia had, by unanimous vote, on June 12, 1775, made choice of him to be commander-in-chief of the forces raised and to be raised in defense of American liberty. The first skirmishes at Lexington and Concord in April had been answered throughout New England by the despatch of large volunteer forces to Cambridge. A motly-garbed and poorly equipped but enthusiastic and patriotic army of twenty thousand men had assembled for the siege of Boston.

Washington's commission was signed the very day that the battle of Bunker Hill was fought. The proposal that he should be allowed \$500 a month for his

pay and expenses was adopted by the congress, but he contended that he desired no pay. He would keep an account of his expenses and these only should be met by congress. On the night of June 22 the hurried arrangements for Washington's departure had been completed and a farewell dinner was given in his honor at Philadelphia. In commemoration of this event the Sons of the Revolution will hold a banquet at Philadelphia on the night of June 22 and start, as Washington did, the next morning for New York.

The Philadelphia Troop of Light Horse, whose standard was the first flag on which thirteen stripes appeared emblematic of the thirteen colonies, acted as Washington's escort. The first night's stop is believed to have been at Trenton, where the automobile pilgrimage will first stop. The dedication of historic tablets will be part of the exercises there, as it will be at practically every place where the party stops. By way of New Brunswick and other New Jersey points, the party will move on to New York, timing their arrival to that of Washington at 4 o'clock in the afternoon.

(Continued on Page Five.)

COLONEL SAYS HE WON'T RUN FOR GOVERNOR

Southampton, June 18.—"I will make just one reference to politics. I will not run for governor of New York." Colonel Roosevelt today momentarily broke his rule of silence in regard to politics, in order to make this declaration while he was proceeding on board the tender to embark on the Imperator for New York.

BUTTE TO HAVE NEW UNION OF MINE WORKERS

Members in Revolt Against the Western Federation Take Steps to Form an Organization of Their Own—Leaders of I. W. W. Prominent in Proceedings.

Card System Balloted Upon by the Insurgents Is, It Is Announced, Voted Out of Existence, 6,349 to 243—Talk of Compromise No Longer Heard.

Butte, Mont., June 18.—Miners in revolt against the Western Federation of Miners, the Butte union and the national organization, took the first steps today to organize an independent union without affiliation with any other order. The plan of organization will be disclosed at a general mass meeting to be held Sunday.

The executive committee of fifteen of the insurgents who called today's meeting and had it under control reported to the insurgent miners that the card system which prevailed at the mines had been voted out of existence. The voting on the question, as announced today, was 6,348 in favor of abolishing the card showing, while 243 ballots were recorded in favor of the cards.

There was carried a motion to have the stories of the reporters for the newspapers passed on by a committee of the insurgents before the stories are printed. The committee named by the meeting to examine the reports of the newspapermen is headed by James B. Bradley, who is recognized as one of the leaders of the Butte organization of the Industrial Workers of the World.

Compromise Movement Futile. Earlier in the day, men interested in the factional troubles of the miners had hoped to bring about a compromise. At the meeting, however, no talk of compromise was made and each speaker, in turn, before the assembly, advocated acting independently of the old organized labor bodies.

The executive committee read to the insurgents extracts from papers found in the safe of the Butte union, which was dynamited. Two of the letters related to a plan for insurance which had been voted down in 1912. One letter, evidently from an insurance company, assured one official of the union \$250 monthly in the event the insurance proposal carried a d during the life of the contract. Two other members of the union, according to the letter, were offered \$125, under like conditions.

After having been closed for thirty-six hours, the saloons were allowed to reopen today.

UNCLE IKE NOW AGED 85, WEARS A POSEY

Washington, June 18.—"Uncle Ike" Stephenson, Wisconsin's senior senator, celebrated his eighty-fifth birthday today by appearing in the senate chamber wearing a bright red sash.

The annual coal production of Nova Scotia exceeded 7,000,000 tons for the first time last year.

DOLLARVILLE FIRE MAKES HOMELESS SCORES OF PERSONS

Newberry, Mich., June 18.—Nearly two hundred persons were rendered homeless in the village of Dollarville, Luce county, by a fire which destroyed a theater, a grocery store, a hotel and a boarding house this afternoon. The blaze started in the theater when a moving picture machine exploded. No one was injured.

ATTORNEY CLAIMS HEINZE IS DYING

Chicago, June 18.—Two more companies headed by Charles B. Munday, president of the LaSalle Street Trust & Savings bank, closed their doors today, just as Patrick J. Loney, attorney general, was filing in the courts here a petition asking the appointment of a receiver for the LaSalle street bank and charging that the bank was wholly and hopelessly insolvent. The latest institutions to be shut by the bank were here last Friday were the People's bank of East Alton and the Litchfield Mill & Elevator company.

Copper Magnate Cannot Appear in Court, Says Jerome—Justice Will Investigate.

New York, June 18.—F. Augustus Heinze, the copper magnate, is dying at his home in this city, according to a statement made in court today by his counsel, William Travers Jerome. Mr. Jerome appeared in an attempt to reopen the case in which a judgment for \$275,000 was obtained against his client. Mr. Jerome said Mr. Heinze was suffering with liver trouble, and was so subject to hemorrhage that he could not leave his home. Supreme Court Justice Erlanger said he would go to Heinze's home and ascertain his condition.

The judgment against Heinze was obtained by default by Edwin Gould and William Nelson Cromwell. It was for a promissory note, given after the panic of 1907 in part payment for stock of the Mercantile National bank, which Heinze took over.

Alton B. Parker appeared for Messrs. Gould and Cromwell today, opposing the motion to reopen the case. "I would like to have your honor go in person to be sure that nobody plays possum on us," he said, "for in my long experience in such cases I know that any man who does not want to be examined can have hemorrhages galore."

WALL STREET BEARS FIND SUPPLY OF STOCKS SCARCE; PRICES FIRM ALL AROUND.

New York, June 18.—A better showing

EXAMINATIONS SHOW THE KAISER WILHELM NEAR A TRAGIC FATE

Not only was the decline of the previous two days checked, but the list moved up. Yet while the advance was general, there were only a few instances in which it exceeded fractions. The firm tone of the market was due in a measure to repurchases by traders who sold during the earlier days of the week. There was a marked scarcity of offerings, which resulted in the raising of bids all around.

WHEELSMAN TESTIFIES THE LOST EMPRESS HAD FAULTY STEERING GEAR.

Quebec, Que., June 18.—Assertions by James F. Galway, a quartermaster, that the Empress of Ireland did not steer well, that her wheel "jammed" only a few hours before the collision which sent her to the bottom of the St. Lawrence river, and a denial of these claims by officers of the lost Canadian Pacific liner were the cardinal points in the mass of testimony heard today by the dominion commission investigating the wreck.

Galway said that he had had other trouble with the wheel in the river on the night of the disaster between 10 and 12 o'clock. It had jammed, he said, for about three minutes. He insisted that he had reported the matter to Second Officer Williams, who was on the bridge and who was lost in the wreck.

"I told Mr. Williams that if the steering gear was not changed there would be a collision," he said. Galway underwent a severe cross-examination. It was intimated during the proceedings that an attempt had been made to get him out of the country without testifying. This was denied by the Canadian Pacific officials.

Ship Will Be Salvaged. During the day it was announced that a contract to salvage the Empress had been let. It is believed that two months will be required to complete this work. It has not yet been decided whether an attempt will be made to raise the sunken hull, after the bodies and valuable cargo have been removed.

TWO MORE FAILURES FOLLOW GLOSSING OF THE LORIMER-MUNDAY BANK.

Chicago, June 18.—Two more companies headed by Charles B. Munday, president of the LaSalle Street Trust & Savings bank, closed their doors today, just as Patrick J. Loney, attorney general, was filing in the courts here a petition asking the appointment of a receiver for the LaSalle street bank and charging that the bank was wholly and hopelessly insolvent. The latest institutions to be shut by the bank were here last Friday were the People's bank of East Alton and the Litchfield Mill & Elevator company.

Sensational Conditions Alleged.

In the bill for a receiver for the LaSalle bank, its president, William Lorimer, was listed with having loaned \$802,299.40 to concerns in which he was interested. Munday was listed as having made loans of \$610,572.88 to companies in which he was interested.

QUIMET IS OUTPLAYED IN THE COMPETITION FOR BRITISH GOLF TITLE.

Prestwick, Scotland, June 18.—Francis Quimet, American open champion at golf, was eliminated today as a factor for first place in the competition for the British open championship.

Quimet's aggregate score for two rounds of the course was 165. Harry Vardon, who has been five times open champion, led the field at the end of the second round, with an aggregate of 159.

CHICAGO PRODUCE QUOTATIONS.

Chicago, June 18.—Butter prices in the Chicago market were unchanged today; creameries, 20@27 cents. Eggs, unchanged; receipts, 11,386 cases; eggs at mark, cases included, 16@18 cents; ordinary firsts, 17@17 1/2; firsts, 18@18 1/2. Poultry, alive, higher; fowls, 15 cents.

Big Liner Now at Southampton With Two Great Rents Below Her Waterline.

SEA FILLS TWO COMPARTMENTS

Collision With the Incomore Al-most a Duplicate of the Crash Fatal to the Empress of Ireland and So Terrific That Life Belts Were Distributed to the Passengers—Good Construction, Able Seamanship, and Fair Weather Cheat Ocean

London, June 18.—Fog, which has been settling and lifting intermittently over different parts of the Irish coast for two days, has caused an unprecedented number of accidents to shipping. The North German Lloyd company has been the principal sufferer.

Steamer Buclow Fast on Rocks.

While the North German Lloyd company's straggle at London and Southampton were busy docking the Kaiser Wilhelm II, which was badly ripped in a collision with the Incomore yesterday, and debarking her passengers, they received a second shock in the news that the company's steamer Buclow, from Yokohama, with more than three hundred passengers, had struck her nose tightly into the rocks of Blackner bay and was held there fast. This accident was without loss of life, as in the case of the Kaiser Wilhelm, because the sea was perfectly smooth.

Kaiser Wilhelm Near Disaster.

The divers' examinations of the Kaiser Wilhelm II and the passengers' stories show that good construction as well as good management and fair weather saved her from a tragic fate. She lies at Southampton docks with two rents in her side, twenty-four and eighteen feet long, below the water line, with two compartments flooded. The Incomore, which cut into the Kaiser Wilhelm yesterday afternoon, has been docked, with her bows badly damaged. The collision means a duplication of that between the Empress of Ireland and the Storstad, and promises to furnish the courts with a similar controversy to settle. The Kaiser Wilhelm's boats were swung out and life belts were distributed to the passengers, so terrific was the collision.

TRAIN ON SCOTTISH LINE PLUNGES INTO A TRENCH; PASSENGERS LOSE LIVES.

London, June 18.—Three women are known to have been drowned and it is feared that a dozen other persons are missing today when a passenger train went through a chert and into a trench at Carr bridge, twenty-eight miles south of Inverness, Scotland. A thunder storm, which raged over the north of England and Scotland, was responsible for the accident. The train from Perth was derailed crossing the culvert and the culvert, which had become undermined, collapsed. The passenger coaches fell into the water.

Washington, June 18.—The following is the weather bureau's forecast for Upper Michigan: Showers, Friday, cooler in east portion; Saturday, probably fair; moderate to fresh north to northeast winds.

HUNGER STRIKE OF SYLVIA PANKHURST BRINGS THE PREMIER TO HIS KNEES; HE WILL RECEIVE A WOMEN'S DEPUTATION

London, June 18.—Premier Asquith has capitulated to the suffragettes. He has consented to receive a deputation of East End working women in Downing street Saturday morning.

Miss Sylvia Pankhurst's attempt to carry out her threat of a hunger strike at the entrance to the house of commons until the premier yielded to the demand that he listen to a delegation of women was largely responsible for the prime minister's decision. The efforts of James Keir Hardie, the Socialist independent member of parliament, and George Lansbury, an ex-member, helped the English suffragette leader to bring the premier to his knees. The victory is a distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of East End women to Westminster to demand the audience which Mr. Asquith now has promised.

Halloway jail opened its doors tonight to release Miss Pankhurst, who was weak and pale, after her eighth successive hunger strike, but still determined. She drove to Westminster at once in a motor car with a woman

chaffeur and rebuffed Mr. Hardie's efforts to persuade her to go home. She was sitting on the steps of the central entrance to parliament house, propped up with cushions and supported in the arms of friends, when Mr. Lansbury came out with the news that Premier Asquith had surrendered.

The premier apparently acted to save Miss Pankhurst from death by starvation.

WAR CLOUDS IN BALKANS APPEAR TO BE PASSING; TURKEY MAKING AMENDS.

London, June 18.—Turkish naval officers have arrived in England on a mission for the purchase of coal and transport vessels, in preparation for a possible war between Turkey and Greece. The Greece-Turkey situation, however, has improved. Turkey has replied in a conciliatory spirit to the Greek note demanding that the persecution of Greek residents of Asia Minor cease and insisting upon reparation for injuries already inflicted. She has further invited the powers to send agents to Asia Minor to

make a thorough investigation of the Greek allegations. Germany already has agreed to this proposal, and the meantime a court-martial at Smyrna has sentenced forty-seven persons to terms of imprisonment, varying from three to five years, for pillaging the Greeks and has dismissed several officials responsible for the disorders.

ST. PETERSBURG DENIES LIFE OF CZAR WAS ATTEMPTED; TRAIN WRECK ACCIDENTAL.

St. Petersburg, June 18.—It is officially stated that the wreck of the postal train at Tschelnow while preceding the imperial train bearing the emperor and the imperial family from Kishinev to St. Petersburg was due to a defect in the locomotive. The locomotive of the mail train, as well as three freight cars, was thrown off the tracks and three employees suffered injuries. The report that the accident was brought about by an attempt to kill the members of the Russian imperial family was officially declared unfounded. One report was that a bomb had wrecked the postal train.

A. JOHANSEN, PUZZLED SCANDINAVIAN, IS LIBERATED. SHANGHAIED AT NAGASAKI HE FOUND HIMSELF IN SAN QUENTIN FOR CRIME HE NEVER HEARD OF

San Francisco, June 18.—Shanghaied on the water front of Nagasaki, Japan, carried in irons across the Pacific on the United States army transport Sheridan, and, under a name he could not pronounce, thrust into San Quentin penitentiary to serve three years for a crime he never had heard of, Albert Johansen, a round-eyed, puzzled Scandinavian sailor-man, was given his liberty today by the United States district court, with the partial concurrence of the United States attorney and the warden of San Quentin.

The prisoner's story was short. He was drinking one night last month in a round-eyed, puzzled Scandinavian sailor-man, was given his liberty today by the United States district court, with the partial concurrence of the United States attorney and the warden of San Quentin.

The prisoner's story was short. He was drinking one night last month in a round-eyed, puzzled Scandinavian sailor-man, was given his liberty today by the United States district court, with the partial concurrence of the United States attorney and the warden of San Quentin.

The belief of federal officials is that Rogers got the deputy in whose charge he had been placed, drunk, slipped a drug into Johansen's drink and personally delivered him late at night on board the Sheridan, turning over to a petty officer the papers he had stolen from the drunken deputy and receiving in person the acknowledgment for his own delivery.

Grimes, or Rogers, served a year in San Quentin for forgery. When released he won the interest of Captain Robert Dollar, a leading merchant of San Francisco in the China trade, who sent him to China to a clerical position. Soon Rogers was posing as Captain Dollar's son. He began to pass bad checks, was caught and convicted and sentenced at Shanghai to three years in the Scandinavian's cellmate changed to be a fellow countryman, and through him he got a hearing. Today Johansen

was given the album of prisoners' portraits and asked if he could find anybody in it he remembered. As soon as he came on Rogers' portrait, he said: "That's one of the men I drank with in Nagasaki."

The belief of federal officials is that Rogers got the deputy in whose charge he had been placed, drunk, slipped a drug into Johansen's drink and personally delivered him late at night on board the Sheridan, turning over to a petty officer the papers he had stolen from the drunken deputy and receiving in person the acknowledgment for his own delivery.

Right Man a Prisoner in Japan.

San Francisco, June 18.—Peter A. Grimes, alias Rogers, convicted forger, who is believed to have dragged Albert Johansen in a Nagasaki saloon and substituted the Norwegian sailor for himself just before the transfer under guard to the transport Sheridan, has been apprehended near Nagasaki by the Japanese authorities and is now in custody, according to information received from Washington by United States District Attorney John W. Preston tonight. Mr. Preston was told tonight that Grimes could not be extradited from Japan, but that the Japanese government had given assurance that it would prosecute the forger. Originally, Grimes was convicted in the treaty court at Shanghai and it was at Nagasaki, where he had been taken with an officer of the Shanghai court, on his way to the United States, that he made the substitution with Johansen. Wireless messages have been received in Germany from the Cape of Good Hope, 6,000 miles distant, clearly and distinctly.

Copper Country

ALEX J. GROESBECK IS VISITOR HERE

Republican Gubernatorial Candidate in Copperdom on an Acquaintance Trip.

The biennial gubernatorial campaign in Michigan made its first appearance in Houghton yesterday with the arrival of Alex. J. Groesbeck of Detroit, candidate for the Republican nomination. Mr. Groesbeck is here on an acquaintance trip, not for the purpose of making speeches, just to meet Republicans and give them a chance to see what he looks like.

Mr. Groesbeck is accompanied by William R. Oates of Marquette, formerly of Calumet, state game and fish warden. They arrived in the early hours of yesterday morning, being conveyed to Houghton from Lansing by John O. Maxey in the latter's automobile.

Demonstration at L'Anse.

Mr. Groesbeck has just covered Marquette county, the first visited in the upper peninsula. There he was received warmly by Republicans generally, but at L'Anse the warmth of his reception was such as to move him to speech. The L'Anse Republicans hastily got up a banquet at which he had the leading business men attended, and there was a thick aura of Groesbeck sentiment over the whole affair. Mr. Groesbeck could do nothing less than to break his rule and make a speech.

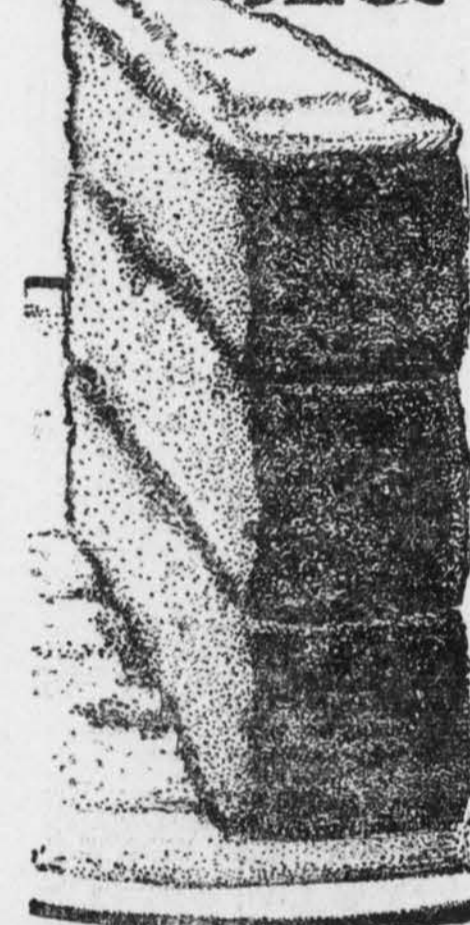

Mr. Groesbeck is satisfied with the outlook. He is confident he will be the Republican selection for the race against Governor Ferris this fall. He says that he is certain he will carry Wayne county in the primary and that elsewhere he has met with such kindly sentiment that he cannot but be encouraged in continuing the pursuit of his ambition.

Mr. Oates Enthusiastic.

Mr. Oates does not indulge in the temperate opinions characteristic of Mr. Groesbeck. The state game warden is certain his Detroit friend will carry the state primary and he also is certain that Republicanism is going to triumph in Michigan this fall.

"The people of the upper peninsula, particularly of the copper country, do not take their politics as seriously as do the people of the lower peninsula," said Mr. Oates. "People up here may think there is nothing much to this get-together movement, but it is a serious matter in the lower peninsula. The Republican selection for the race against Governor Ferris this fall. He says that he is certain he will carry Wayne county in the primary and that elsewhere he has met with such kindly sentiment that he cannot but be encouraged in continuing the pursuit of his ambition."

Good To the Last Slice

When Made With Calumet Pastry is good to look at, good to eat. Always light, fluffy, tender and wholesome. Calumet is the one baking powder that is high in quality and moderate in price.

IN COPPER REGION FOR SIX DECADES

O. W. Robinson and Thos. Beahan, Pioneers, Will Today Observe Anniversary of Arrival.

O. W. Robinson of Chassell and Thomas Beahan of Hurontown will today celebrate the sixtieth anniversary of their arrival in the copper country. They landed at Eagle River June 19, 1854, from the old steamer Baltimore and with the exception of six years spent in the West by Mr. Robinson they have lived continuously in the copper country.

The copper country has seen virtually its entire history as a mining region within the span of the lives of these two old pioneers since their arrival in the district. It will be seen that there is little mining history to be written in this region before their arrival, because it was only ten years before, 1844, that old Fort Wilkins at Copper Harbor was established as an outpost for the protection of fur traders from the Indians.

Mr. Robinson was a youth of nineteen when he arrived in the copper country. Mr. Beahan was a few years younger. One was a New England boy, the other an Irish immigrant. Both came to Lake Superior to seek their fortunes, and it is strange that fully half a century had elapsed before they became aware that they had arrived in the same spot. It is that the boys of pioneers they very likely are the only ones now alive.

Mr. Robinson's History.

Mr. Robinson was born in New England and has been said, reached the copper country in 1854 at the age of nineteen. He went on to Ontonagon in the Baltimore, his landing at Eagle Harbor being for only a short time. He remained in the copper country till 1856 and then went West for six years, working in Hannock in 1862 to take a position with the Quincy Mining company, in which employ he remained till 1873 he organized the Sturgeon River Lumber company, with mills at Hancock. In 1887 these mills were removed to Chassell and there operated by Mr. Robinson's company till the expiration of the charter, thirty years, when the business was sold to the Worcester Lumber company, and Mr. Robinson retired, 1902.

Mr. Robinson organized the township of Chassell, naming it for John Chassell, the first bank cashier of Houghton county. Politically, Mr. Robinson always has been a Republican. He cast his first vote for John C. Fremont in 1856 and helped organize the Republican party in Houghton county in 1864. He was a delegate to the Republican national convention of 1902 and served one term as representative and one as senator in the Michigan legislature, leaving the senate in 1899 to become lieutenant governor, which office he held for four years.

Mr. Robinson is seventy-nine years of age, a vigorous veteran. He is spending the days of his retirement in his beautiful home at Chassell, and his only activity these days is in behalf of the agricultural development of Houghton county and the upper peninsula.

Mr. Beahan's Life Story.

Thomas Beahan was born in County Cork, Ireland, Jan. 6, 1837. He came directly to Eagle Harbor from Ireland at the age of seventeen and engaged at once in the miners' trade, which he followed continuously till his retirement twelve years ago.

Mr. Beahan worked for a year in Keweenaw county, or over the winter of '54 and '55, and in the latter year he went to Ontonagon, where he worked as a miner till 1857, when he went to Portage Lake, risking the trip in the steamer General Taylor. He worked first at the Portage mine for Sheldon & Douglass. The property shut down that fall of '57 and has not been worked since, excepting at short intervals. There were other mines operating at Portage Lake, including the Quinn, but Mr. Beahan says that the Isle Royale was the only mine that had a regular payroll and he elected to work for that company.

By saying that the Isle Royale was the only mine that had a regular payroll, Mr. Beahan meant that the other mines paid off only when they would quit for good. The company would give out small sums in cash from time to time, and would send money for the miners to the old country, but mostly they paid in store orders and the Isle Royale was more attractive as a place to work.

Mr. Beahan was married in 1858 and he still lives in the cottage at Hurontown to which he took his bride. Mr. Beahan died in 1895. The only surviving children are Eugene, who lives with his father at Hurontown, and Simon. J. Beahan, the copper publicist, who now makes his home in Detroit.

Mr. Beahan physically and mentally is a fine type of the old copper country pioneer. He carries his seventy-seven years easily and is mentally as keen as in the days of his youth. He is a repository of the old mining lore of the district. Politically he is as widely at variance with his fellow pioneer, Mr. Robinson, as he was in his occupation. Mr. Robinson chose lumbering, Mr. Beahan mining. Mr. Robinson is a Republican, Mr. Beahan a Democrat.

The paths of these pioneers first crossed at Detroit in that June of 1854 when they took passage at Detroit in the old steamer Northener for the Soo. At the latter place they portaged across the site of the present locks and went aboard the steamer Baltimore, in which they reached Eagle Harbor.

HENDRICKSON FUNERAL SUNDAY.

The body of Oscar F. Hendrickson, the young Calumet soldier who died at Vera Cruz, arrived in Calumet last night. It will lie in state at the home of the parents, under military guard of the Calumet Engineers, till Sunday when a full military funeral will be carried out. Details will be announced today.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

B. SIEGEL & CO.
CORNER WOODWARD & STATE STS.
DETROIT, MICH.

A \$350,000 TIMBER DEAL.

D. J. Norton of Ontonagon Sells to the Fuller Company, Chicago.

D. J. Norton of Ontonagon, head of the D. J. Norton Lumber company, yesterday confirmed a rumor current the past week that he has sold all his Ontonagon county lumber and timber interests to the Fuller Lumber company of Chicago.

Mr. Norton says that the deal includes his mill at Ontonagon and about 125,000,000 feet of standing timber. The deal involves \$350,000.

The seller stated yesterday that he understood that the Fuller people will erect a modern mill at Ontonagon, though he is not in a position to make the statement with authority.

AT "THE PLACE WORTH WHILE."

Sidway Is Going to Celebrate the Fourth of July Right Royally.

It would be a strained metaphor to say that the eagle will scream at Sidway on the Fourth of July, because the national bird of that bustling village of Houghton county is the Royle of Houghton county. But the American rooster will crow at Sidway on Independence day and the American eagle in all seriousness has nothing on chanticleer when it comes to making a noise in the world.

The people of Sidway have arranged a celebration that will hum from early morn'g till the cream separator has been washed at night. Beginning with a chorous salute to the flag at sunrise, the celebration will offer a comic parade, patriotic exercises in which Supervisor Andrew G. Johnston will be orator of the day; horse, automobile and bicycle races, baseball and track sports and the most stupendous display of fireworks ever attempted by a town of less than twenty thousand inhabitants.

The following are the celebration officers and committees:

Grand marshal—Theodore Rooflof.
Aid—John J. Desboro.
Secretary—P. J. Ferguson.
Treasurer—John C. Gronholt.
Executive committee—W. S. Prickett, E. W. Mackey, P. J. Ferguson, J. K. Gronholt, B. C. Halstead, Finnner, J. C. Kirtland, J. A. Juttner, W. S. Prickett, R. P. Knize, Amusements—P. A. Pequet, E. J. Barrow, J. K. Gronholt, J. J. Raymond, Thomas Desboro.

CANADIAN ADVOCATE COMING.

Hector Laferte of Quebec to Assist in St. John's Day Fete.

Postmaster E. J. Dube of Houghton was advised yesterday that Hon. Hector Laferte of Quebec, the French-Canadian advocate who is to be the principal speaker at the St. Jean Baptiste Day celebration of copper country French-Canadian societies in Hancock June 24, will arrive in Houghton next Monday.

Mr. Laferte will be a guest at the Douglas House.

The expected visitor is one of the most brilliant young lawyers and orators in the province of Quebec. He will be the honored guest of the French-Canadian societies of the copper country and the members of these are looking forward with much pleasure to his coming.

BUYS FARM FOR \$12,000.

Thrifty Employee of the Calumet & Hecla Becomes a Landlord.

They called him a "scab" because he remained at work, because he was satisfied with conditions existing in the copper country mines and refused to heed the pleadings of agitators to go on strike.

The "him" referred to is Victor Kokko, who has worked for the Calumet & Hecla Mining company for twenty years. Kokko was a miner part of the time and then progressed work as a brakeman on a rock train for the same company. Each month he set aside a few dollars and eventually a portion of this was invested in dividend-paying stocks.

Each month the bank account grew larger, and finally Kokko felt that in another year he would be able to buy a farm and work for himself. But the strike was called and for a few days he looked as though his dreams of years were to be postponed for a time at least. However Kokko remained at work. His goal was in sight and Kokko did not propose letting it vanish. It took real nerve to remain at his post, but the man possessed the backbone and stick.

On Wednesday of this week Kokko realized his ambition. Through Emil Peltonemi, a dealer in Hancock, Kokko purchased the Walter Jamison farm of 200 acres near Rockland. The consideration was \$12,000 and Kokko had the money to close the deal. One hundred acres is under cultivation. The deal includes farm buildings and implements. Kokko is preparing to move his family to the farm this week. He is satisfied that his investment is a good one.

Another Excursion Arranged.

The third excursion to the Hecla lands near Pequaung will be made by copper country Finns Sunday, June 28. The party will be made up of forty

Markets

[From Geo. F. Bues, Ishpeming.]

BOSTON COPPERS.

All trading at Boston practically was suspended, apparently waiting for the rate decision, only scattered selling being in evidence, with practically no new buying in sight. Reports from Washington indicated that the rate decision will not be handed down this week. Closing prices follow:

New York Stocks.

Despite much conflicting talk relative to the Eastern rate cases and the mixed advice as to the status of affairs in Mexico, the stock list, after fluctuating in a rather nervous manner during the major portion of the session, closed firm Thursday on scattered short covering and moderate buying for foreign account. Sentiment in Europe has vastly improved as a consequence of the gold importations, and the weekly statements of the banks on the other side were highly satisfactory. A heavy accumulation of credits at our reserve centers is still in progress and seems to be slowly but surely lending cheer to commercial interests, which are finding little difficulty in obtaining necessary accommodations. The Rio Tinto mine is being shut down, because of renewed labor troubles. Closing prices in New York Thursday were:

CAN'T KEEP IT SECRET.

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by All Dealers.

The surface of the Caspian sea has been gradually sinking since 1910, until now navigation has been impeded at several points.

The Sunkist Orange

With the Different Flavor

Ask for "Sunkist Valencias"

The Valencia Sunkist is the California Summer Orange—a sweet, juicy, luscious fruit, ripened on the tree.

Easy to peel, and practically seedless.

Some are dark in exterior appearance, some lighter in color. But all are a deep red inside and sparkling with healthful juice.

Oranges are picked in California every day in the year, and the Late Valencia is one of the very finest ever grown.

Glove-picked, tissue-wrapped, shipped right from the tree—you get it fresh with the real tree-ripened flavor.

Don't buy merely "oranges." Buy the Sunkist Valencias. See what you are missing in not getting this brand.

Try These Lemons, Too

Use Sunkist Lemons to serve with fish and meats. Use the juice wherever you now use vinegar. These are the best looking and the best lemons sold. Juicy, fully flavored and practically seedless. There's a vast difference in different brands of lemons. Try "Sunkist" and see.

Beautiful Rogers Silver in Exchange for Wrappers

Go buy a dozen each of Sunkist oranges and Lemons and save the wrappers bearing the Sunkist trademark. Then send in the coupon below and find out how to exchange the wrappers for beautiful Rogers Silverware for your table.

California Fruit Growers Exchange
139 N. Clark Street, Chicago

Mail us this coupon and we will send you our complimentary 40-page recipe book, showing over 110 ways of using Sunkist Oranges and Lemons. You will also receive our illustrated premium book which tells you how to trade Sunkist wrappers for beautiful table silver. Send this coupon or call at above address.

City Brevities

Today's weather: Unsettled; probably local showers. Yesterday's temperature: Seven a. m. 63 degrees; noon 65; 7 p. m. 47; highest 72 degrees; lowest 45.

Born to Mr. and Mrs. Fred Durocher, 111 Genesee street, a girl. Miss Antoinette Aubin, of Lake Linden, is visiting her sister, Mrs. Roy Kelly.

There will be no meeting of the Women's society of the Presbyterian church this week.

Dr. W. H. Morse is in the city. He will be at Dr. Bottom's office for several weeks.

Mrs. Albert St. Cyr and son spent the day in Ishpeming, visiting Mrs. St. Cyr's sister, Mrs. James Brewer.

Miss Marion Marotte arrived home last evening from Detroit, where she spent a ten days' vacation.

William Cassler, of Charlotte, Me., yesterday filed application at the United States land office for homestead lands.

The Ladies Aid society of the Baptist church will meet this afternoon at the home of Mrs. Jane Smith, High street.

Miss Pearl E. LeVeque arrived home yesterday from Tacoma, Wash., where she has been teaching school the past year.

The Ladies Aid society of the Methodist church will meet this afternoon at 2:30 o'clock with Mrs. Thomas Hooper, 502 East Hewitt avenue.

A considerable decrease in the circulation of the Peter White Public Library is shown by the May report of the librarian. The average daily circulation was 106 books.

The members of the Badger patrol, First Marquette troop, Boy Scouts of America, will assemble at the home of the patrol leader Saturday at 1 o'clock, fully equipped for a hike.

The annual picnic of the Women's society of the Presbyterian church will be held Friday, June 26, at Presque Isle. Those who intend to be present are requested to notify Mrs. T. Price, 216 W. Michigan street on or before Tuesday.

A linen shower was given last evening for Miss Della Bittner, daughter of Mrs. Pauline Bittner, at the Bittner home at 413 West Bluff street. Thirty-five young women were present. Miss Bittner's son is to be married to Joseph Gravel.

The Munising City baseball team and the Marquette Shamrocks will play Sunday at Munising. Smith and Downey will be the battery for the Shamrocks. The Munising team will play a return game with the Shamrocks at the fair grounds June 27.

Miss Emily Miller, of Escanaba, and Arthur Bastien, of Marquette, were married in Escanaba Monday. They came to Marquette that afternoon. From here they will go to Buffalo, Niagara Falls and Detroit, on a wedding trip. They will make their home in Detroit.

Illustrated Lecture—Rev. C. J. Anderson will deliver an illustrated lecture in the Swedish M. E. church tomorrow evening at 7:45 on the theme, "A Round Trip in the Land of the Midnight Sun." There will be no admission charge, and the public is invited to be present.

Baraga School Commencement—This evening the excellent commencement program prepared by the graduates and students of the Baraga High school will be given at the high school auditorium. The principal address will be delivered by Father Moriarty, for several years attached to St. Peter's cathedral.

Act Takes Well—The Three Kratons, presenting a hoop trick act, "School Days in Hoopland," pleased large assemblages at the Marquette Opera House last evening. "Two Girls," a Selig drama, "Slippery Slim and the Stork," an Essanay Western comedy, and "The Estrangement," a Selig drama.

are the pictures for tonight. Saturday, at matinees in the morning and afternoon and at the evening performances, the ninth installment of the "Adventures of Kathlyn" will be shown. The morning matinee will start at 10 a. m.

Invaded Opera House—Members of the graduating class of the Northern State Normal to the number of thirty-five last evening invaded the opera house at the second performance. Equipped with a drum and whistles and horns, they marched past the doorman, who welcomed them courteously. The young women were escorted to seats at one side of the house. While the motion pictures were being shown, the girls gave their class yells, and when a slide reading "Greetings, Con-Eds, Congratulations and Best Wishes" was flashed on the screen pandemonium reigned.

INSURE WITH PETER WHITE & CO

Upper Peninsula

Riley Now City Attorney.

Attorney H. J. Rushton has resigned as city attorney of Escanaba and Attorney T. J. Riley appointed as his successor. The resignation came as a complete surprise to the aldermen. It was accepted without comment.

Plant to Be Moved to Ironwood.

A crew of men from the Prescott Iron Works of Menominee is dismantling the mill of the Van's Harbor Land & Lumber company at Van's Harbor. The equipment will be removed to Ironwood, where a plant is to be constructed by a company made up in the main of former officials of the old corporation.

Will Collect City's Garbage.

At Escanaba, Walter Johnson, until this week a member of the city fire department has been awarded the contract for collecting and disposing of the city's garbage for \$1248 a year or \$208 a month. Mr. Johnson's bid was the lowest of several proposals submitted and the recommendation of the committee to award the contract to him was unanimously accepted by the aldermen.

Chief Meiers to Attend Convention.

William Meiers, chief of the Escanaba fire department, will go to Saginaw to attend the annual convention of the Michigan Firemen's association, from June 23 to June 26. An invitation was read to the council and the members of the council police and fire committee recommended that Chief Meiers be sent at the expense of the city. The chief was allowed \$65 to pay his expenses.

Killing Frost at Escanaba.

Frost that appeared in this vicinity last night did considerable damage in gardens in the city and the surrounding district, reports the Escanaba Press. At the city school gardens the loss was severe. Practically all of the tomatoes were killed, all celery plants blighted and many potato plants badly injured. The potatoes, however, it is thought, will grow again and will soon be as though the frost had not occurred.

Ruth Stack Is Bride of Chicagoan.

In the presence only of relatives and close friends Miss Ruth Stack, daughter of J. K. Stack, was married at Escanaba Wednesday to Charles D. Carey of Chicago. The ceremony was at St. Joseph's church at 11:30 o'clock. Rev. Father Julius officiating. The bride was attended only by her sister, Miss Helen Stack. William Carey, a brother, was groomsmen. The bride wore a gown of white tulle, draped with chiffon and trimmed with ribbons and rose point lace. In the evening the bridal couple left for a wedding trip through the East. Later they will go to Chicago where they will make their home. Among those from outside points to attend the wedding were Mr. and Mrs. William P. Carey, William Carey, Clarence Francis and Catherine Carey, Daniel Young, Mrs. Manning and Edward Stafford of Chicago and Mrs. W. S. King and Mrs. H. Atkinson of Green Bay.

Big Boat Takes Ore.

The largest ore carrier ever to take a cargo from the docks at Escanaba was the steamer William Grant Gordon of the Canada Steamship line, of Montreal. Captain Neil Campbell, master. The monster new vessel, on her maiden trip, cleared from the Northwestern docks this week with 12,000 gross tons or 14,119 net tons of ore for Port Colborne, Canada. The ship left port drawing 19 feet, 9 1/2 inches of water. Had the vessel been loaded for South Chicago, making it possible to load her to a depth of twenty-one feet, she could have carried an additional 1,300 tons, the greatest cargo ever taken from the port. The Gordon, which is the largest vessel on the Great Lakes, is 625 feet long and has a beam of 59 feet, 2 1/2 inches.

Cornerstone to Be Laid With Ceremony.

The cornerstone of the new St. Francis hospital at Escanaba will be laid Sunday afternoon, with impressive services. Various organizations of the city will participate. Monsignor Pinten of Marquette will formally lay the cornerstone. Rev. Father Barth, pastor of St. Patrick's church, will deliver the sermon and Dr. O. B. Lambert will deliver the address of the afternoon. The line of march will be made up of a corps of patrolmen, the Military band, the priests and the organizations of every Catholic church of the city. At 2:45 o'clock the parade will be started at St. Anne's church, where the members of the Institute Jacques Cartier, the Canada and Artisan societies will fall in line. Headed by a corps of police and the Military band, together with the officers of the day, J. A. Allo, Wilfred LaBelle and Dr. William Firkus, in full white uniform, the parade will march down Elmore street to St. Joseph's church, where the Foresters and the Austrian society will join the procession. Thence the parade will march down Wells avenue to Jennie street and up Jennie to St. Patrick's church, where the Ancient Order of Hibernians, the Knights of Columbus, Foresters and the members of St. Patrick's Boys Brigade will fall in line. From St. Patrick's the march will extend to the front of the grounds of the St. Francis hospital.

The popularity of the product of the Marquette City Dairy is due to its excellent herd of cattle and modern dairy equipment.

And while the congressmen are about it they would do well to look into all the forms of the insidious control of newspapers, which are becoming more prevalent and more insidious all the time.—Chicago Tribune.

It is to be hoped that congress, having learned the identity of the hidden wire puller, will be on its guard against the project. The Red Sox have class enough to carry them to the top. It isn't as if the 1912 club was wrecked. The manager is gone, but no one ever considered Jake Stahl a Mack or a McGraw. Carrigan has some hitters, some fielders and a pitching staff that isn't very far below the one Stahl led in 1912. The Red Sox have the same outfield today that won for them two years back; Tris Speaker, Duffy Lewis and Harry Hooper. This trio doesn't run second to a single outfield in the American league. Tris Speaker hasn't hit his stride as yet. He isn't hitting 'em to the fences, but he is certain to get on his high gear soon, and should be reever along with Joe Wood, beware of the Boston machine.

Ishpeming Department

SPECIAL RATE ANNOUNCED.

South Shore Railway Offers Inducements to Students and Teachers.

It is of interest to students and teachers who expect to attend the Northern State Normal summer session that the D. S. S. & A. will place in effect a fifty-cent return rate applying from Ishpeming and Negaunee. Tickets will be sold for train No. 119 Monday to Friday, inclusive, of each week, during the period June 29 to Aug. 7. The tickets are valid for return passage on any train on the date of issue.

This special rate was granted for the first time last summer and it worked out most satisfactorily to the company, the majority of the students and teachers making the daily trip. By looking over the schedule of classes students and teachers will find they can, in the majority of cases, arrange their work so that the desired subjects can be taken and the trip made daily. The students will always find the Normal faculty interested and most obliging in assisting them to arrange their classes. Further information will be issued by the D. S. S. & A. through James Maney, general passenger agent, of Duluth.

ISHPEMING TO GLADSTONE.

Baseball Schedule Has Been Changed, Owing to Ceremonies at Escanaba.

Tomorrow morning the Ishpeming baseball team will leave for Gladstone for the series of week-end games. Ishpeming was scheduled to meet Gladstone at Union Park, but the change in schedule was necessary, owing to the ceremonies at Escanaba because of the laying of the cornerstone for the new St. Francis hospital.

The Negaunee team was to play at Escanaba this week, but the games have been transferred to Union Park. The change was announced yesterday by Manager Geelan, of the Ishpeming nine. Gladstone continues in the cellar position in the league, but the team has been strengthened during the past week by the addition of three new players, who will be in the line-up Saturday and Sunday.

FEATURE PICTURE TODAY.

"Soldiers of Fortune," a six-reel motion picture production by the All Star Feature corporation, with Dustin Farnum, will be shown at the Ishpeming theater today. There will be a matinee at 2:30 o'clock. The evening shows will begin at 7 o'clock.

ISHPEMING IN BRIEF.

Gordon Jaedeeke went to Michigan last evening, on a business mission. E. A. Lassar, of Marquette, was a business caller in Ishpeming yesterday. Mr. and Mrs. L. Anderson, of Calderwood, Mich., are here for a few days' visit. Rev. J. G. Haller has returned from the lower peninsula, where he spent the past week. Miss Minnie Witt entertained Tuesday for Miss Gibbs, who is visiting with Ishpeming friends. Mr. and Mrs. Ed Weidler and daughter, Emma, have gone to Ashland, Wis., to remain over Sunday. Thomas Pascoe has left for his home in Cornwall, England, where he will spend his vacation with his parents. He has been in this country for seven

years. He sailed on the steamer "Andania" from Montreal.

Mrs. T. F. Donahue, of Butte, Mont., a former resident, is here for a visit with friends and relatives.

Posters advertising Negaunee's Fourth of July and Homecoming celebration have been distributed in Ishpeming.

Rain fell heavily yesterday afternoon for a short time. It was the first rain that has occurred in the last twenty-two days.

Jerome Russell, who has been attending the University of Michigan at Ann Arbor, has returned to Ishpeming, to spend the summer at his home.

The Ishpeming fire department has received two new teams, which are being given a tryout. A team will be purchased shortly for regular use.

Mr. and Mrs. Louis Apostle, of Iron River, formerly of Ishpeming, are here for a few days' visit with friends. Mr. Apostle now has a candy and ice cream store in Iron River.

Mr. and Mrs. E. C. Shimoude, High street, entertained Wednesday evening for Mr. and Mrs. Charles Eickler, who arrived here last week from Cleveland. A party of about twenty guests was present.

HENRY KOSKI AFRAID OF CITIZENS' ALLIANCE HE SWEARS AT L'ANSE.

L'Anse, Mich., June 18.—[Special.]—The defense in the Henry Koski case, the last Houghton county strike case to be tried in the Baraga county circuit court before the Moyer case opens July 6, rested this afternoon. The defendant, financial secretary of the South Range union of the Western Federation of Miners, is charged with assault with intent to murder Deputy Sheriff Timothy Driscoll Dec. 10 at South Range.

Koski's defense is that he was frightened when the officers appeared at his door in the night and asked admittance with a search warrant. He had heard the Citizens' Alliance was going to "railroad" the union officials out of the district. Two strikers had taken refuge in his house, in fear of their lives from the Citizens' Alliance men gathered about the premises.

The prosecution admitted that the search warrant that Driscoll and the other officers were attempting to serve was illegal. But, the prosecution contends, Koski had been informed the men were officers, that he knew their mission and that he could not be acting in good faith when he shot through the door, could not feel that he was defending his life.

Koski, his wife and another occupant of the house testified for the defense, along the lines indicated. The arguments to the jury will be made tomorrow morning and the case will go to the jury at noon.

WILL CELEBRATE HISTORIC JOURNEY

Sons of the Revolution to Make Pilgrimage Over Washington's Route of 1775.

(Continued from Page One.)

afternoon of June 25. The tablet will be placed at the site of Colonel Anthony Lispenard's residence, where Washington lunched after crossing the Hudson from Hoboken. This is in the vicinity of the present Canal street, in what is now part of the down-town section of New York but which was then outside of the settled portion of the city. The New York Provincial congress presented Washington with a complimentary address, to which he replied.

The reading of these documents will be part of the celebration which the Sons of the Revolution will conduct at the sub-treasury on Wall street, which was the site of the meeting place of the Provincial congress, on Friday, June 26, next. A feature will also be an address by former President General C. A. Pugsley. A banquet will be held in New York that evening, to be addressed by the present president general, Rogers Clark Ballard Thurston, of Louisville, Ky.

Washington moved on toward Boston on June 26, as the pilgrims will do, presumably over the old post road, halting for the night at Kingsbridge and continuing next day to Fairfield. The Washington party arrived in New Haven on June 28 and reviewed a militia company of Yale students on the green. Washington lodged that night "at the house of the late Isaac Beers," corner of Chapel and College streets, at the site of which, now occupied by a hotel, the present pilgrims will dedicate a memorial tablet.

The present party will proceed on Monday, the 29th, to Wethersfield, visiting the home of Silas Deane, where Washington was entertained, and halt for the night at Hartford. At Springfield the next day a tablet will be placed on the site of Parson's tavern, where Washington stopped. On Wednesday the journey will be continued through Palmyer and Brookfield to Worcester, and the next day through other historic towns to Watertown and Cambridge.

On the third of July, the day on which Washington drew his sword as commander-in-chief of the armies, the Sons of the Revolution will conclude their ceremonies with appropriate exercises at Cambridge.

NICARAGUAN PACT HELD SUSPICIOUS

Senators Look Into Treaty Granting Large Rights in Exchange for Cash.

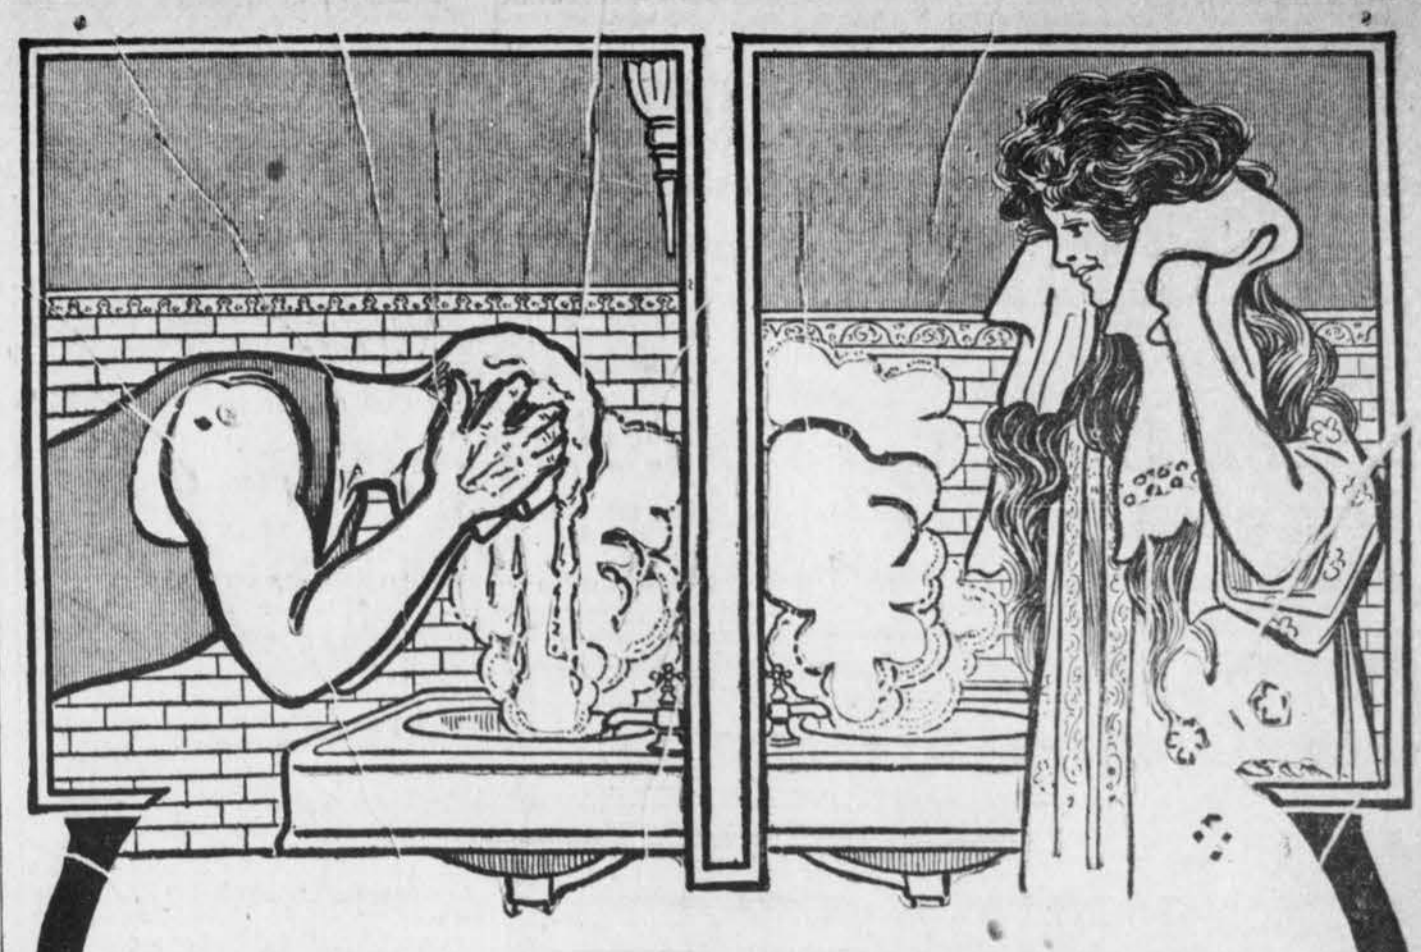

Washington, June 18.—A sweeping investigation of the relations between the Nicaraguan government and American bankers interested in the republic and the part the American state department may have played in Nicaraguan affairs probably will be undertaken by the senate foreign relations committee before the committee indorses the proposed trade treaty with Nicaragua.

Secretary Bryan and Charles A. Douglass, attorney for the Nicaraguan government, were before the committee today, discussing this treaty, which would give the United States inter-oceanic canal rights and naval bases in exchange for \$3,000,000 and the practical establishment of a protectorate over Nicaragua.

American Bankers Dominate. Mr. Bryan, when questioned, said that American bankers own 51 per cent. of the stock of the Nicaraguan railway and that the other 49 per cent. was hypothecated for \$1,000,000 to the same bankers and is now in danger of being sold under foreclosure proceedings. He said part of the \$3,000,000 might be used to prevent such foreclosure and allow Nicaragua to retain a large interest in her railroads.

Mr. Bryan said that the same bankers control 51 per cent. of the stock of the Nicaraguan national bank. Members of the committee are said to be anxious to learn how Nicaragua turned over her railroads and her national bank to American financiers and whether most of the \$3,000,000 is to go into Nicaragua's treasury or be subject to handling by politicians and others.

Mr. Douglass declared that he believed the money would go to the Nicaraguan government without question. Wm. Alden Smith Suspects Intrigue. Senator Smith, of Michigan, who al-

"Quick-as-a-Wink" Hot Water

the "Pittsburg" way provides unlimited convenience in the home. Steaming hot water for the bath, shave or massage, is available any hour, day or night, instantly at a turn of the faucet. The ordinary conveniences of the toilet become luxurious when the hot water supply is unlimited; as it is with a

"Pittsburg" Automatic

gas water heater in the house. Kitchen and laundry needs are fully provided for without the discomforts of overheated stoves, or slow heating water backs. Hot water the "Pittsburg" way costs about ten cents per hundred gallons and is instantly available in bath, kitchen or laundry every hour of the 24. Let us demonstrate the "Pittsburg" for you?

Chemist Knows Duffy's Virtue

That's why he refused to accept a substitute and was willing to wager money that Duffy's Pure Malt Whiskey is absolutely pure. Its well-known reputation as a promoter of longevity is again in evidence:

MR. BEN J. KISTER

"After nine years I am back in Colorado again and I am still using Duffy's Pure Malt Whiskey. In Cincinnati I met with an interesting experience. You'll remember I am a Chemist and I know the virtues of Duffy's. I suggested to a friend that he try it. We went to a wholesale liquor store where he traded and asked for it, and were advised that we didn't want Duffy's, but a substitute was suggested. I broke in then and told him he did not know what he was saying, that Duffy's was the best whiskey and tonic made. He replied by saying there was no fused oil in such a whiskey. While I am not a betting man, I offered to wager \$100 or \$500 that there was fused oil in the two he mentioned. A few days later when I called at his store, he said, 'I give up—you're right; I am going to have Duffy's in my store.' And that is where my friend and his friends have been buying it ever since. I am now nearly seventy years old, but as strong and hardy as a young man of twenty-five. Duffy's Pure Malt Whiskey has helped me to keep my age."—Ben J. Kister, 1646 Arapahoe St., Denver, Colo.

Duffy's Pure Malt Whiskey

complies with every purity test demanded by the U. S. Pharmacopoeia and never hesitates to give its unqualified approval whenever an ideal stimulant is required in the treatment of disease. Physicians prescribe it freely to those who have passed the age of middle life and feel satisfied that it is only this stimulant that enables them to continue the active life which they lead. Duffy's Pure Malt Whiskey is a food tonic that rapidly feeds the starved tissues, enriches the blood, and rehabilitates the nervous system upon whose strength and vigor all bodily vitality depends. Thousands of men and women in all walks of life have testified to the efficacy of Duffy's in restoring them to perfect health, and its popularity today is world-wide. It makes the old feel young and keeps the young strong and vigorous. Don't be misled by substitutes; insist on the original. Get Duffy's and keep well. Sold by most druggists, grocers and dealers. \$1.00 a large bottle. Valuable medical booklet and doctor's advice sent free. The Duffy Malt Whiskey Co., Rochester, N. Y.

GRAIN MARKETS ARE HIGHER.

Chicago, June 18.—Huge sales for export gave the wheat market today an upward swing. Corn and oats also gained. Final quotations follow: July wheat, 83 cents; September, 81 3/4; July corn, 69 1/2; September, 67 1/4; standard oats, 40 1/2 @ 41.

LOWER STATENOTES

ANN ARBOR—Two sorority houses were entered probably by the same prowlers who entered the Alpha Chi Omega house last Friday night. The Alpha Epsilon Ota sorority a medical society, was entered and also the Gamma Phi Beta sorority on Washburn avenue. The men or men were frightened away at both houses.

BABY CURED

Of Eczema by Saxo Salve. Maspeth, L. I. — "My dear little baby's face was covered with eczema and the constant itching was so great it kept him awake most of the time. I tried different remedies without relief until I tried Saxo Salve, and now my baby's face is well."—Mrs. H. COFFRE, Maspeth, L. I.

FLINT—After endangering the lives of many persons in the busiest section downtown a horse belonging to a visiting farmer, ended a gallop with an excited somersault directly over the head of 6-year-old Brush Nash. The horse hit the rear of the buckboard in which the lad was seated and executed the flip without touching the buggy, and landing on "all fours" in front of the rig. Prior to this, the horse had trampled upon and severely injured Lawrence Bishop, aged 14.

CADILLAC—The Grand Rapids & Indiana railroad is reducing the number of its employes between Cadillac and Mackinaw City. Engineers are taking the place of firemen and firemen who have worked steadily for years are being laid off. Conductors are being reduced to brakemen, and brakemen are idle. Local officers of the company say they do not know how many men have been affected. One official declares all the old men will be back on the job within

KALAMAZOO—Trustees of Kalamazoo college this afternoon held their annual meeting and considered plans for the erection of a new library building. Although it was not decided to put up the structure during the coming year, it will be the next building erected. They also received the announcement that some friend of the school who wished his name withheld would donate \$50,000 to the college if another \$50,000 was raised by the school before June 1, 1915. The board decided to accept.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

Fashion Suit Co.'s Fifth Annual June Sale

BEGINS TODAY--SALE WILL CONTINUE FOR FIFTEEN DAYS

This sale is an annual event with us. Every year we conduct a big Mid-Season Sale during the month of June.

SAVING OF MANY DOLLARS

Long established allegiance with the leading manufacturers in all parts of the country, coupled with our enormous outlet, rank The Fashion Suit Co. among the largest buyers and sellers of good merchandise outside of the big cities, thus securing for us buying advantages that make possible such values as are contained in this sale. The newest and best of everything at a saving of a fourth, third, and even a half. That's the story of The Fashion Suit Co.'s Fifth Annual June Sale beginning the 19th day of this month. The most sensational Sale ever conducted by The Fashion Suit Co.

Don't miss this sale! You'll never have a better opportunity to save money. Bring your friends.

WANTED—American girl at Owl Cafe. Phone 538-W. 6-14-14.

Walter Johnson looks like one of the prize hard luck pitchers of the season. Already he has lost as many games as he dropped all of last season, in some cases he was hit, but in several instances it was the inability of his team to get him any runs, rather than his own poor work, that caused his defeat. The Washington star has been shut out at least four times this season, and three of these sets of blanks were bestowed by youngsters whose managers started them in preference to wasting one of the vets.

Ishpeeming Department,
(Additional Ishpeeming on Page 5.)

\$750,000 REDUCTION FOR ISHPEMING MINES

Tax Commission Revised Its Figures on a Number of the Properties Here.

Reductions in the valuations of Ishpeeming mining properties, aggregating \$750,000, or something less than five per cent. of last year's roll, which ran \$15,500,000, have been authorized by the state tax commission. The reductions were not unexpected, as it had been reported for some time that substantial decreases were to be made shortly.

Although the valuations of some of the Ishpeeming properties were changed but little, a few received appreciable reductions from the figures. The Salisbury property of the Cleveland Cliffs Iron company received the most substantial cut, its assessment having been decreased by about 50 per cent. The Lake Superior Hematite mine of the Oliver Iron Mining company, and the Lake Angelina property, owned by the Pittsburg & Lake Angelina Mining company, were two other properties that were accorded substantial reductions.

The net decrease in the amount of the roll will be \$691,956, several new items having been added, they aggregating approximately \$89,000.

The board of review, which has been in session since Monday, has heard many complaints from property owners regarding high valuations. These complaints will be referred to the commission.

Unless the commission allows decreases in the valuations of general property here, the taxes here the coming year will be heavy. The rate last year was \$2.69 per \$100 valuation, the highest it had been in some time, and with the reductions now authorized in the mining properties it is practically assured that the rate will be still higher the coming year.

The board of review adjourned yesterday afternoon after a four days' public session.

FIFTEEN FROM LAURIUM.

That Number Will Represent Department at Firemen's Tournament.

The Ishpeeming fire department has been asked to arrange for accommodations for fifteen members of the Laurium department during the upper peninsula firemen's tournament in August.

Unless a sufficient number of the departments in the upper peninsula to assure spirited events send notice that they will enter running teams, it is likely that the proposed races, will be abandoned. At the recent meeting here of the executive committee of the association, Secretary Thomas J. Flynn, of Neegaunee, was instructed to find out how many teams would be entered.

REGARDING SEWER ASSESSMENT.

Property Owners Who Have Paid Previously Will Not Be Assessed.

Some doubt exists in the minds of some of the property owners in the S. S. Curry's and Cleveland Iron Mining company's second addition regarding the assessments to be levied for the proposed new third ward sewer. Many of the property owners have previously paid assessments for the construction of laterals. These will not again be assessed for the building of the new sewer. Only one lot in the S. S. Curry's addition will be assessed for the improvement. The greater number to be assessed live in the mining company's addition.

During the past few days inquiries have been made regarding the proposed construction. A number of taxpayers were highly indignant, believing that they were again to be assessed for sewer construction.

TAX COLLECTOR HERE.

J. R. McDonald, of Hubbell, deputy collector of internal revenue, was in Ishpeeming the forepart of the week, investigating the cases of those who will be compelled to pay an income tax. The tax must be paid before the first of next month.

Mr. McDonald has been ordered to investigate all cases carefully and to educate the public to the seriousness of violating the law, and to cause arrests where only absolutely necessary. The department wants all returns complete, to avoid any embarrassment for individuals.

RUN OVER BY TRAIN.

Bernard Hickey, an Ishpeeming young man, was seriously injured Tuesday at Houghton, where he was run over by a train. He is now at a hospital at Hancock, and it is believed he has a chance of recovering. Hickey was boarding a train for Ishpeeming, when he missed his footing and fell under the wheels. One of his feet was crushed and he was hurt internally.

Enter Mrs. Voelker's vocal and sight reading classes and prepare for entrance to Normal music school in the fall. 6-19-14.

"I'm going to get some sleep," he said. "No money on earth would induce me to manage a tailend ball club. Never again."

GOLDEN EAGLES ARE TO MEET IN ISHPEMING

The extension committee of the Knights of the Golden Eagle has decided upon Ishpeeming as the place in which to hold the grand lodge meeting this year, and delegates from all the lodges in the state, together with the officers of the grand lodge, will assemble here on Aug. 11 for a two days' session. The Calumet commandery of the order will attend the meeting, it is expected. Men from every part of the state will be present. The Ishpeeming order will begin at once to make preparations for the gathering and the entertainment of the visiting delegates.

The decision to meet in Ishpeeming was reached because the Upper Peninsula Firemen's tournament will be held here the same week. The delegates will be in session the first two days of the week, and will likely remain over to attend the tournament.

The first session will be held at 10 o'clock in the morning of the opening day. Suitable music will be provided, and there will be speakers from among the delegates and the members of the Ishpeeming lodge. John W. Ashlee, of Detroit, grand chief of the lodge, will be among them. Lake Superior Castle, as the Ishpeeming lodge is known, will conduct a reception for the delegates in the afternoon of the first day, which will be followed by a public meeting. Sports will be included in the two days' program.

Lake Superior Castle now has about 125 members, and the Ladies of the Golden Eagle, an auxiliary, has a membership of eighty to ninety. The latter will look after some of the arrangements for the grand lodge session. The hall in which the meetings will be held has not yet been decided upon, but it will probably be either the Millon or the Swedish Home Hall. There are seven large lodges of the order in the state, and each will be represented at the gathering.

PERSONALITY

in business is equally as important as stability. We believe that courtesy is a valuable asset to any institution, and this we offer you coupled with safe, sane and conservative financial practice. Your account is invited.

HARVARD'S OARSMEN ARE PICKED TO WIN

Crimson and the Blue Meet day on the Thames—Yale's System Is Uncertain.

New London, Conn., June 18.—On the eve of the forty-eighth regatta between the crews of Harvard and Yale universities the same uncertainty prevails that has marked the night before the annual aquatic contest on the Thames river. For the last few years, Harvard's crews have been favored to win, but it is conceded that the Yale combination composed of the two powerful oarsmen contains possibilities that cannot be disregarded. In fact, it

is the tried and proven coaching system of the Crimson navy as opposed to the Yale experimental methods that causes the Cambridge crews to stand as popular choices tonight. For the past six years Harvard's varsity eights have decisively defeated the Blue oarsmen, and some seasons the varsity four and freshman eights have followed suit, sweeping the river under the coaching of Jim Wray. During this period of Crimson success the Yale coaching policy has undergone several changes, none of which has been productive of victory. Under the circumstances, it is but natural that Harvard's crews should be favorites in the waning, even though the odds are slight. Veteran oarsmen, however, have not lost sight of the fact that the Eli crew, especially the varsity eight, have been coming fast during the past few weeks of practice on the Thames and that physically there is little to choose between the rowing squads of the two universities. Considering the varsity four-mile race alone, it is believed that

PLANS OUTLINED FOR CHILDREN'S DAY

Young Folks Will Be Well Entertained on Second Day of Homecoming Celebration.

Extensive preparations are being made by the committee in charge of Young Children's day, which will be given Friday, July 3, the day to be devoted exclusively to the children.

Different events will occur on the several business streets, and the free attractions will be shown during the afternoon and evening.

The races will be run in classes, the contestants to be grouped according to weight. During the contests the girls and boys must wear ribbons showing their classes. Prize winners will be weighed after the contests, and they are found to have competed in the races, they will forfeit all prizes.

For the children's day the committee will carefully enforce the traffic regulations and automobiles, carriages and street cars will be kept off from the street during the races. The police and fire department will assist in keeping the street clear of traffic. All fire crackers, fireworks and other explosives will be tabooed.

The children's parade in the evening will be one of the features of the celebration, and upwards of 1,000 children will take part. For some time before the schools were closed the teachers, with the aid of the physical training department, drilled the grade scholars and a number of pretty formations and drills will be shown.

Superintendent Schurtz will have charge of the children's parade. At the close of the parade a list of prizes in a few days, and will make a canvass of the city to enlist the mothers' aid in preparing special decorations.

The children who will enter for the races and sports will be classed as follows: Class A, sixty pounds or less, red ribbon; Class B, sixty to eighty pounds, white ribbon; Class C, eighty to ninety-five pounds, blue ribbon; Class D, 95 to 110 pounds, green ribbon; Class E, 110 to 125 pounds, yellow ribbon; Class F, 125 pounds and upward, black ribbon.

The program will commence at 9:30 in the morning on East 10th street, when the boys and girls' foot races will be held. For the boys' races prizes of \$1, fifty and twenty-five cents will be offered in each class. The boys' and girls' wagon races will be a novelty, open only to classes A and B. A boy will pull a wagon with a girl passenger. The prizes will be \$1.50, \$1, and fifty cents.

In the afternoon at 1 o'clock a dog race will be held on East 10th street, the prizes to range from \$2 to fifty cents. The dogs will be hitched to wagons or carts and the drivers will not be allowed to use whips. A boy's race on stilts will be the next event in the afternoon, and will be held on West 10th street. The boys will be required to furnish their own stilts and the only requirement will be that the foot rests are at least twelve inches from the ground. Another novelty race will be the boys' promenade. By 7 o'clock a night and a day rope contest will be held in the afternoon, at the conclusion of the races, after which there will be a scramble for 1,000 pennies.

ACCUSED OF DYNAMITING RIVER.

Peter Bassi, Joe Peruchetti, Frank Fareuzina and Gabriel Gombotto were arrested Wednesday evening by Marshal Nowomine, on complaint of John Rough, deputy game warden, charged with dynamiting the East branch of the Escanaba river, in Forsyth township, and killing hundreds of fish. The quartet were given a short hearing before Judge Irving H. Argall and were let out on bonds of \$200 each. They will be given a preliminary hearing Monday afternoon. Dynamiting rivers is a circuit court offense, and Warden Rough will push the case. The same four men were arrested two weeks ago for having a stock of dynamite in their possession and paid fines and costs amounting to \$85.

Whether Walter Johnson will be a member of the Washington team next season is still a matter of doubt. Walter has refused to accept the terms Griffith offered him, though these would give him a substantial increase over the amount he is drawing now, reputed to be \$12,000. Griffith has not only agreed to increase the figure, but will make the contract irrevocable for a period of years, yet Johnson has not signified a willingness to sign it. He takes the position that it will be to his interest to wait. Neither has Johnson accepted a proposition from the Wards, owners of the Brooklyn Federal league club, nor made a figure that he would accept. Jim Delehanty and Bill Bradley, however, told Walter to Ward, and Ward told him that he could name his own figure, if he was willing to sign a contract, and it is hinted that a proposition was made to hand him a \$20,000 bonus the moment he affixed his signature to a contract.

WANTED—A competent girl for general housework. Apply at 115 Brown avenue or phone 68-J. 6-18-14

WANTED—At once, painters and paper hangers. J. W. Elliott, Negaunee. 5-27-14

INQUEST TOMORROW.

Coroner William Prin, of Ishpeming, will conduct an inquest into the death of William Krantz, who was fatally injured when he was struck by a falling pipe at the Breitung mine Wednesday afternoon. The inquest will be held tomorrow in Judge William VerVan's office, and the jury will be composed of Charles H. Jennings, Ed Dionne, M. J. Curley, Judge VerVan, Ruben Taylor and John Rock. The proceedings will open at 9 o'clock.

LOCAL LACONICS.

Mrs. Ted Butler visited yesterday at Marquette.

Miss Edna Crane visited with friends at Marquette yesterday.

Elmer Martell, of Superior, Wis., is here on a visit with his folks.

J. J. Houseman has returned from a business visit to Maple Ridge.

Amelia, the three year old daughter of J. D. Lafkas, is seriously ill.

Thomas J. Kitte, of Hancock, was a business visitor in the city yesterday.

Mrs. M. C. Quinn has gone to the copper country, to spend two weeks visiting with relatives.

Peter Apostle, of Iron River, is spending a few days here, visiting with John Lafkas and family.

C. E. Pangborn, of Palmer, has gone to Oconto, Wis., to spend several days visiting with relatives.

Miss Jennie Anderson will leave today for Houghton, where she will spend two weeks visiting with relatives.

John Poalis, of Iron River, is spending a few days visiting with John and Angelo Lafkas and their families.

Mrs. C. V. R. Townsend and niece, Miss Morrill, have gone to Grand Island, to spend a few days, camping.

The fire department was called out Wednesday evening at 10:30 because of a false alarm turned in from Snow street.

Mrs. Eric Hoyd has concluded a visit with her daughter, Mrs. Edward Bernard, and has returned to her home at Chatham.

Freddie Olmsted captain of the Escanaba baseball team, has returned to his home, after spending a few days here on business.

Mr. and Mrs. John Hosking are rejoicing over the birth of a daughter.

Mr. Hosking is a member of the Negaunee baseball team.

Raymond Emerson, who has been attending the University of Michigan at Ann Arbor, is home to spend the summer with his folks.

Richard Cushing, mascot of the Negaunee baseball team, was operated on for appendicitis at Dr. Robbins' hospital Wednesday evening.

Harry Biscoe, who was a member of this year's graduating class at the Negaunee High school, has gone to Houghton, where he has obtained a position.

The members of the Brotherhood of American Yeomen will give a social dancing party at Levine's hall Wednesday evening, July 1. An admission of twenty-five cents will be charged.

Mr. and Mrs. Phil Levine will go to Houghton today to attend the graduating exercises of the Houghton high school this evening. Their nephew, Archie Levine, will be one of the graduates.

John Burke, of Ishpeming, yesterday delivered a five-passenger Overland touring car to S. E. Mitchell. The machine is the only Overland in Negaunee. Mr. Burke drove the car up from Menominee yesterday.

Mrs. M. E. Gaffney and children of Nashua, Minn., have arrived here to attend the homecoming celebration. They were accompanied by Mrs. T. E. Gaffney, who has spent some time there visiting with them.

Christ Hansen, who lives on the county road, has in his possession a bunch of keys which the owner can have by calling on him. He found them on the county road and thinks that an automobile party must have lost them.

A dance will be given at the Labor Temple tomorrow evening, commencing

STAR THEATER

THE COOL PLACE

TONIGHT

"KATHLYN"

and Three Other GOOD PICTURES

SHOWS AT 7, 8:30 AND 9:30 FIVE AND TEN CENTS

Two Kathlyn Matinees Saturday Afternoon, 1:30 & 3:30

Don't Forget The Big Musical Treat Monday Night Only—Special Music By a Seven-Piece Orchestra.

at 8 o'clock and continuing until 12. Anderson's orchestra will furnish the music and an admission of fifty cents will be charged for men. Women will be admitted free.

The marble and stone for the new front of Levine Bros' building, which had been delayed in transit, was received yesterday, and the marbles will commence work tomorrow morning, all will not be possible, however, to finish the work before the home coming celebration.

The tenth series of the "Adventures of Kathlyn" pictures will be shown at the Star theater at three performances this evening. Besides the Kathlyn pictures, three good subjects will be shown. The first performance this evening will commence at 7 o'clock and three shows will be given. Two Kathlyn matinees will be given tomorrow afternoon. The first show will begin at 1:30 and the second at 3:30.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, sent for circulars, free.

U. P. YOUNG MEN SHOWED UP WELL

Gerald Farrell, of Marquette, and Walter McCauley, of Calumet, Who Had No Special Preparation, Passed Exceptional Examinations for Annapolis.

Congressman MacDonald Says Credit Is Reflected on Schools of the District—Member of Twelfth Is Making Preliminary Plans for a Thorough Canvass.

"I am proud of the two upper peninsula young men, Gerald Farrell, of Marquette, and Walter McCauley, of Calumet, who passed the examinations for the naval academy at Annapolis, after I had designated them for first choice for the two appointments within my gift."

"McCauley is a graduate of the Calumet High school and Farrell of the Marquette High school. Farrell also did some work in preparation for the examination at the Northern Normal. But neither of them tutored under special and outside their work in the local schools they had only the questions given in former examinations to prepare them to write their examination papers. Under the circumstances, their excellent showing is one their friends can well be proud of."

Representative MacDonald is somewhat apprehensive that McCauley may have trouble passing the physical examination, as his eyes have been somewhat affected of late. Mr. MacDonald believes, to his persistent study for the examinations. In case he fails to pass muster at this time, Mr. MacDonald will seek to have him re-examined, as he feels confident that his trouble is of a passing nature. Farrell is also at the academy to take the physical examinations.

Will Make Thorough Campaign. Mr. MacDonald expects to visit Ishpeming and Negaunee today, and will then leave for the copper country. His present trip to the district will consume about a week, and is not primarily political in its nature, he having been called home partly on business concerns. Mr. MacDonald has not in mind making any extended canvass of the district until after the primary election, but he will devote the time intervening before election to a thorough campaign.

The adjournment of congress, Mr. MacDonald says, is not generally expected until about sixty days hence, although the members are very desirous of getting away, as President Wilson is insistent on much additional legislation. When the session is over Mr. MacDonald will lay his plans for a canvass of the district that he may make a thorough one. He will deliver a large number of addresses and will take other means to present his views to the voters of the district.

"Much misrepresentation of my course and my purposes has reached the public through the newspapers, and it will be my aim as far as lays in my power to correct it, and make it clear why I took the course that I did. I acted as seemed best I should under the circumstances, under tremendous pressure alike from opponents and friends."

and now I am going to come home and tell the voters about it, man to man." Although the newspapers of the district have been very bitter with regard to him and although he has powerful opposition in all the counties, Mr. MacDonald is not at all dismayed at the outlook. He has received, he says, substantial assurances of support from influential leaders among the rank and file of voters, and counts on his own personal appeal to remove what he says is serious misunderstanding of the position he took.

As a general political proposition, it is contended by many observers that MacDonald looks up a stronger candidate now than he appeared to be some weeks ago. Then it was a popular assumption that he would not be much of a factor in the election. But there is said to be a powerful undercurrent in his favor among the workmen, with little relation to party affiliations, and it is predicted in many quarters that he will poll a large vote.

Jim Fisher in Town. Another Marquette political visitor yesterday was James T. Fisher, of Calumet, candidate for congress on the Republican ticket against Senator W. Frank James, of Hancock. Mr. Fisher met a number of his Marquette friends, and was introduced by them to other Marquette men. Mr. Fisher plans to give his canvass considerable personal attention in the next few weeks.

Another Marquette political visitor yesterday was James T. Fisher, of Calumet, candidate for congress on the Republican ticket against Senator W. Frank James, of Hancock. Mr. Fisher met a number of his Marquette friends, and was introduced by them to other Marquette men. Mr. Fisher plans to give his canvass considerable personal attention in the next few weeks.

Grass Has Been Burned Up During the Past Week or So—Potatoes Said to Be Safe.

According to Marquette men acquainted with conditions in the farming districts in this and neighboring counties, the rains that set in yesterday came too late to save the hay crop, which they say, except in sections that are unusually favorable, is turned out, and will not be worth the cutting. The present rains terminate a three weeks' dry spell that has, the past week or more, been viewed by the farmers with much apprehension. If rain had fallen a week ago, the hay would have been saved, but it has burned up rapidly the past several days. The farmers also have felt somewhat apprehensive about their potatoes, but there is still plenty of time to make this crop, if the weather conditions from now on are favorable. So far the loss of the hay is the most serious damage that is reported.

The rains are welcomed, also, for the reason that they will again make conditions in the woods safe. While there has been no serious fires the past few days, it has been due more to good fortune and the precautions taken by the large force of forest rangers and deputies of the forest department than to favorable conditions. The woods have been as dry as tinder, and if fires had become firmly seated they would have been certain to have run through a wide expanse of country.

The season to date is commented on as one of the most unusual in many years. The May and June weather has been exceptionally fine, and assures that the summer will be the most favorable that has been enjoyed in many years.

O. E. Haer, of the Landscape Department of Will O. Doollittle, Munising, is in Marquette for the summer. Those desiring any work such as pruning or treatment of trees, shrubbery and hedges, grading, lawn work, etc., can leave orders with E. R. Tauch, the florist, and they will receive attention. 6-18-3t.

For painting, paper hanging or tinting ask C. A. Lawrence for prices. Phone 925-J. 6-16-ft.

MANGUM NOT TO RUN FOR SENATOR

And There Is a Strong Presumption That A. T. Roberts of Marquette Will.

There's an old saying that it is necessary to go away from home to get the news. The Detroit Journal says: "Word from Marquette is to the effect that John D. Mangum, until recently postmaster of that city, has decided not to be a candidate for the state senate in the Thirty-first district, on the Republican ticket. He is busy getting new industries to locate in Marquette, and his success along this line has resulted in his fellow townsmen wanting him to stick on the 'boosting' job."

"Alton T. Roberts, of Marquette, again being urged to get into the race. He announced some time ago that he would not make the run, but his friends are trying to get him to change his mind. Thus far 'Stony' Monroe, of Ironwood, who served five terms in the house, but who has been in retirement for the past five years, is the only avowed candidate for the place."

As far as Mr. Roberts is concerned, it is reported with considerable definiteness that he has decided to become a candidate, and that formal announcement to that effect will be made at the psychological moment. Strong presumption is lent this report by the fact that Mr. Mangum has definitely decided not to enter the field, because he and Mr. Roberts pull together in politics, and if the latter were not an aspirant for the senatorial office it is likely that Mr. Mangum would be.

Speaking of Mr. Grossbeck's visit to Marquette, the Detroit Journal says: "He was accompanied by State Game Warden William R. Oates, who will manage his campaign in the upper peninsula, and met many prominent residents of Marquette."

Major Oates, who was a Ball Mooser in 1912, has many friends throughout the upper peninsula, of which he is a resident, and will introduce Mr. Grossbeck at meetings to be held in Ishpeming, Negaunee and copper country towns during the next few days. "Reports from the upper peninsula declare that sentiment for Grossbeck has increased there rapidly of late, and that if Osborn enters the race even stronger support will come to Grossbeck in the counties north of the Straits."

LUMBER MILL BURNED. Dalton Company's Plant at New Dalton Almost Wholly Destroyed.

Fire, starting in the boiler room of the Dalton Lumber company's mill at New Dalton Wednesday night, almost wholly destroyed the building, causing a loss of \$25,000. The insurance amounts to \$15,000.

For a time the lumber yards were threatened, but a favorable wind and effective work by the men fighting the flames saved that part of the plant. The company will rebuild as soon as the loss is adjusted by the insurance company.

FIVE GRADUATED. Commencement Held at St. John's Parochial School Wednesday Evening.

Five students received their graduation medals at the commencement exercises of St. John's parochial school Wednesday evening. In his commencement address on "True Education," Rev. Father Buchholz, of Negaunee, declared that crimes and divorces are the direct result of lack of religious training. He contended there is dire need for religious instruction in the public schools. Rev. Father Jodry gave a short talk to the graduates.

A French drama, "Les Jumes Capitifs," was presented by the students of the school and received merited applause. The graduates are: Miles Alva Boudin, Mabel Lemire, Blanche Theriault, Loretta Perrin and Anna Neault.

DELIVERED BACCALAUREATE. Father Powers Principal Speaker at Exercises at Coleraine.

Of Father W. J. Powers, a former Marquette man, a Coleraine, Minn., dispatch in the Duluth Herald says: "The union baccalaureate service was held last evening at the high school auditorium. Rev. Father Powers of Virginia delivered an inspiring address to the graduating class and their friends. He was assisted by the ministers of the local churches, and an excellent musical program was rendered under the direction of Miss August, the supervisor of music."

The program: Voluntary, Miss Ramsdell; quartet, "Lead Kindly Light," Miss August, Miss Anderson, Miss Williams, Mrs. Gillette; prayer, Rev. Thomas B. Shorts; response, "Father, Breathe an Evening Blessing," chorus; solo, "Out of the Depths," Mr. Jennings; scripture lesson, Rev. Robert A. von Thurn; hymn, "Praise to God, Immortal Praise," audience standing; sermon, theme, "Life's Ideals," Rev. W. J. Powers, Virginia; chorus, "Hallelujah," benediction, Rev. Father Larrigan."

RAIN MARS PICNIC. Annual Outing of Parochial School Children Held Yesterday.

Rain early yesterday afternoon marred what would have been a delightful day for the children of the parochial schools. It was their annual picnic, given by the Knights of Columbus. The children assembled in front of the French school, on Washington street at 7:30 a. m., and headed by Klamert's band, marched to the beach at the foot of Hewitt avenue and Crescent street. More than five hundred youngsters were in line, each carrying a small American flag. Pop corn, peanuts and candy were served at the picnic grounds.

During the short time the children were on the beach they enjoyed themselves thoroughly with games, playing in the shallow water and eating all the good things that appeal to "kiddies."

What arrangement have you made for your hot water this summer? The most economical and convenient way to heat water is with a gas water heater. Ask your neighbor who has one and then phone the Gas company. 6-6-1f.

BIG WET AND DRY FIGHT IS OUTLINED

Campaign in 1915, It Is Said, Will Eclipse All Others in Recent Years.

The biggest "wet" and "dry" battle ever witnessed in Michigan will be staged next spring, according to plans already made by leaders of the two factions in the annual local option fights.

At least 30 counties, considerably more than one-third of the whole state, will be involved. Between now and the end of the year several more may be added to the list, and it would not be at all surprising if fully half of the 83 counties in Michigan were to vote on the "wet" and "dry" proposition next April.

Plans for these battles are laid far in advance always, but seldom has the line been so clearly indicated so many months in advance as it is now. The big showing made by the "drys" last April is responsible chiefly for this.

The "wets" deny that the "drys" made any gain in April, unless the supreme court rules Wexford and Ogemaw counties "dry" on technicalities that have nothing to do with the "wets" in those counties. If the court "dries up" these counties the "wets" will concede the loss of two in their total. But the capture of Ingham, including the city of Lansing, by the big majority of 1,200, still remains an incentive to the "drys" to start campaigns in other big counties.

After Big Counties. They are planning to go after several of them and half a dozen upper peninsula counties as well. To date the "wets" have held the upper peninsula solid. Eighteen "wet" counties is the present total in which the Anti-Saloon league has determined to begin campaigns Sept. Grand M. Hudson of the league said Tuesday.

"Campaigns will be started by us in three large southwestern counties Kalamazoo, Berrien and Calhoun," he said. "In the northwestern section of the state we will go after Mason, Lake, Manistee, Grand Traverse, Leelanau and Emmet; in the upper peninsula, Chippewa, Schoolcraft, Lapeer, Alger, Mackinac and Delta, and in the eastern part of the state, Lapeer, Tuscola and Iosco."

"We also are starting campaigns now to make many incorporated municipalities 'no-licensing' as the amendment we secured to the Warner-Cranston law provides that towns may refuse any licenses, even though they are located in 'wet' counties."

Of the "wet" counties to be aimed at only five ever have been "drys." They are Calhoun, Emmet, Lapeer, Tuscola and Iosco. All of them went back into the "wet" column after being "dry" or awhile.

Wets Also Busy. The "wets" also are busy and have petitions out now in 12 counties to call elections there next spring in an effort to swing them out of the "dry" list.

At present 33 of the 83 counties of the state are "dry" and the total will be 35 if the supreme court affirms the position of the "drys" in the Wexford and Ogemaw cases now pending. The big battle will be in full swing all during the session of the legislature, next winter and it is feared by both sides that the extent of the fight may have some influence on the lawmakers. The legislative session probably will last until after the April election, but it is a certainty that the campaign will have the lawmakers in a nervous condition through most of the session.

HAS HAD NO LETTERS. Secretary O'Reilly of School Board Makes Statement About Playgrounds.

Referring to an editorial in yesterday's issue of "The Mining Journal," James O'Reilly, secretary of the school board, asserts that he has received no letter from Mayor Begole, or the commission, suggesting a meeting to discuss the playgrounds movement, nor any request, direct or indirect, for such a meeting. He replies, "Not it is patent to all that the matter of physical instruction in the schools is in abeyance because we have no gymnasium in which to conduct the work, and physical instruction and supervision of recreational work appear to go together."

MIDSUMMER DAY. St. Jean Baptiste Society Planning for Observance at Presque Isle.

Plans for the observance of Midsummer day, June 24, by St. Jean de Baptiste society at Presque Isle are rapidly taking form, and the officials anticipate one of the pleasantest programs ever arranged under the society's direction. The members will meet at their hall at 8 o'clock in the morning to attend mass at St. John's church, at 9 o'clock, after which they will return to the hall and disband, going to their homes to join their families before moving on to Presque Isle for a basket picnic. There will be dancing at the pavilion all afternoon and various other amusements for the entertainment of the members. In the evening the society's annual ball will be held at Fraternity hall. It will be called a "carpation" party, and the principal feature will be the grand march led by the officers of the society. Refreshments will be served during the evening by the members of the Charity club.

NOTICE. I have just returned to the city and have opened up my paint shop again and I can do your painting and paper hanging on short notice. Call 925-J for good work. CHAS. A. LAWRENCE. Cor. Fourth and Hewitt. 6-4-1f.

For milk, cream, butter and butter-milk of superior quality call up the Marquette City Dairy. The most modern practical dairy in the state. 6-15-1mo.

WILL TRAVEL IN AUTOS. Plans for "Seeing Marquette" Tour Have Been Changed.

Because the railroads did not like to incur the risk that would be involved in handling the "Seeing Marquette" tour of members of the Commercial club and other business men and interested persons on flatcars, the tourists to be seated thereon on chairs, Secretary Daley announces a change in the plans. The tour will be made by auto, leaving the city hall at 9 o'clock next Wednesday morning, when members of the club are urged to be present with their friends. All the principal plants about the city will be visited, and the party will be sold many interesting things about their operation. Arrangements for the tour are in the hands of Secretary Daley, and he is hopeful that there will be at least twenty-five machines at the services of the party.

OPPOSES THE PURCHASE. The Editor of The Mining Journal—It is perfectly plain to me that the city neither wants nor needs the Grace furniture property. We hoped that with the advent of commission government the city affairs would be run like any sound business proposition; and we hope so still. But just imagine a business house issuing bonds to buy something for which it had no definite use! Going in debt is worthy of deep consideration even when we expect to make something out of it. But to go into debt when we are not able to assign any solid reason is irresponsible and childish. It is the old story of Thompson with a "p." A lady bought at an auction a door plate marked Thompson. Her name was Thompson with or without the "p." She thought perhaps she might have a daughter and that the possible daughter might grow up and marry a man whose name was Thompson, with a "p." Then the door plate would be handy to have in the house. That is all I see in the Grace furniture proposition. The property has no value unless we know what we are going to do with it. If it had value for dead purposes, it would have been developed long ago. But it looks like dead property. The city has absolutely no use for a dock. If we had a ferry to any place in particular it might be different. But the only kind of traffic which could use a dock of that size is local traffic and there is no local traffic and none coming. I have owned dock property for years. It is well improved. But it is worth less now than it was in 1890, though continually occupied. G. MOTT WILLIAMS.

A lady bought at an auction a door plate marked Thompson. Her name was Thompson with or without the "p." She thought perhaps she might have a daughter and that the possible daughter might grow up and marry a man whose name was Thompson, with a "p." Then the door plate would be handy to have in the house. That is all I see in the Grace furniture proposition. The property has no value unless we know what we are going to do with it. If it had value for dead purposes, it would have been developed long ago. But it looks like dead property. The city has absolutely no use for a dock. If we had a ferry to any place in particular it might be different. But the only kind of traffic which could use a dock of that size is local traffic and there is no local traffic and none coming. I have owned dock property for years. It is well improved. But it is worth less now than it was in 1890, though continually occupied. G. MOTT WILLIAMS.

OPPOSES THE PURCHASE. The Editor of The Mining Journal—It is perfectly plain to me that the city neither wants nor needs the Grace furniture property. We hoped that with the advent of commission government the city affairs would be run like any sound business proposition; and we hope so still. But just imagine a business house issuing bonds to buy something for which it had no definite use! Going in debt is worthy of deep consideration even when we expect to make something out of it. But to go into debt when we are not able to assign any solid reason is irresponsible and childish. It is the old story of Thompson with a "p." A lady bought at an auction a door plate marked Thompson. Her name was Thompson with or without the "p." She thought perhaps she might have a daughter and that the possible daughter might grow up and marry a man whose name was Thompson, with a "p."
