Sunday at the Churches Methodist Episcopal. The Palm Sunday sermon at the morning service, 11 o'clock, will be on the subject, 'Christ's Triumph Progress.' The sermon at the evening service, commencing at 7:30 o'clock, will be on the subject, 'Hope for the Hopeless.' The Sunday school and the adult Bible class will convene at 9:45 in the morning. At 2:30 o'clock in the afternoon the county house gospel workers will meet at the church. At the Epworth league devotional meeting, held at 6:45 p. m., the topic for consideration is, 'The North American Indian.' During passion week special services will be held every evening, commencing promptly at 7:30. The sermon subjects for the week are as follows: Monday, 'A Day of Authority'; Tuesday, 'A Day of Conflict'; Wednesday, 'A Day of Retirement'; Thursday, 'A Day of Sorrow'; Friday, 'A Day of Suffering.' Interest in the special Lenten services continues to grow. Last evening the congregation was considerably larger than any of the preceding services. Satisfaction is also expressed that these evangelistic Easterlike services are conducted on a sane and substantial basis, without any attempt at undue excitement or sensationalism. At present these meetings are being held in the parlors of the church, but next week Thursday and Friday the services will be conducted in the auditorium of the church. On Thursday evening, the sacrament of the Lord's Supper will be administered. Presbyterian. Sunday school at 9:45. 'Some people do not know that a fine time is possible in a Sunday school,' the announcement for the meeting says. 'Come and join one of our organized classes and find out. There's a class for you.' The church session will meet at 10:30, to receive those who are to unite with the church. These persons will be publicly welcomed at the morning worship at 11 o'clock. The service is the regular quarterly communion. All members of the church are urged to be present. Junior Christian Endeavor at 4 o'clock, and Senior Christian Endeavor at 6:30 p. m. Evening worship at 7:30 o'clock. The pastor will preach a sermon appropriate to Palm Sunday. First Baptist. Sunday school session begins promptly at 9:45 a. m. Interesting tales of missionary enterprise in foreign lands are related and the Easter music is being practiced, therefore please be on time. The Bible class welcomes all adults in the pastor's study. Morning worship, 11 a. m., with sermon on 'The Socialism of the New Birth.' Junior B. Y. P. U., 3 p. m.; senior young people's meeting, 6:45 p. m.; evening service, 7:30, 1st sermon on 'The Most Important Question in the World.' Thursday evening, 7:30, prayer service and preparation for the celebration of the Lord's supper on Easter Sunday. All friends are urged to be present at these services, and all strangers are most cordially welcome. Swedish Lutheran. Carl E. Lundgren, pastor. Morning worship at 10 o'clock. Subject of sermon, 'The Lord's Table.' Sunday school at 11:30 o'clock. Evening service at 7:30. Subject of the passion meditation, 'In the High Priest's Palace.' There will be passion meditations the first three evenings of the week. The Lord's supper will be celebrated Thursday evening, and services will be held Good Friday evening. All the evening services during the week begin at 7:45 o'clock. German Lutheran. Services Sunday at 10 a. m.; Sunday school at 11:15. The quarterly meeting of the congregation will be held Wednesday evening at 7:29 o'clock. St. Paul's Episcopal. Children's service and Sunday school at 9:45 a. m.; morning prayer and sermon by the rector at 11 a. m.; evening prayer and sermon at 7:30 p. m. First Church of Christ, Scientist. Services will be held Sunday at 11 o'clock. WESTERN ENTERPRISE. The new states have not hesitated to experiment. It is well to see these experiments in summary. Oregon was the first state to adopt the recall, the direct election of senators, the preferential preference primary, to pass an extensive ten-hour law for women and to put into effect the minimum wage law for women. California and Washington were first to adopt the eight-hour law for women. California was the first state in scientific budget making. Washington was first to abolish private employment bureaus and is first in the efficiency of public schools. Oregon was third to provide for the initiative and the referendum and was first to develop them. Oregon was second to adopt the direct primary and California was second to put into effect a law requiring the reporting of industrial diseases. There were only two states to precede the Pacific coast states in creating workers' pensions. In adopting other 'social legislation,' while not the first, second or third states, Washington, Oregon and California were in a small leading group

UNITED VERDE EXTENSION JEROME VERDE NEW CORNELIA We called attention to United Verde Extension when it was selling for fifty cents a share. In less than a year (and during war times) it was sold from fifty cents to above \$3. Jerome Verde adjoins United Verde Extension and is under option to the latter company, and in its option is exercised according to the terms. Jerome should sell for one-quarter what Verde Extension is selling for. Jerome Verde closes 26 cents bid, 28 cents asked. ## BREITUNG MAKES FORMAL STATEMENT

Cities Documentary Evidence to Show That Novelty Has No Just Claim.

E. N. Breitung, owner of the Dacia, has issued a statement in which he denies in detail the claim of Egon von Novelty to a 40 percent interest in the ship, and publishes documentary evidence that on the face of it seems to cut the ground from under Novelty. Mr. Breitung also says that the H. O. Schundler, whom Novelty asserts represented him in the negotiations concerning the Dacia, did not take employment with him after the purchase of the Dacia was completed.

Further points in Mr. Breitung's statement were flat denials that he himself had any dealings with any person or corporation except the Hamburg-American Line in the purchase; that he offered Mr. von Novelty a commission of \$500 upon the ship's obtaining American registry and \$10,000 after she sailed, or in general that he offered to pay anybody any commissions at all; that any one but himself has any share in the title of the vessel, either by legal form or through a gentlemen's understanding; and that there was any agreement attached to the purchase restricting the future use of the Dacia to trade with Germany, Austria or neutral countries.

Mr. von Novelty had alleged that he had had to sign an agreement to this effect when he contracted for the purchase of the Dacia. William G. Sichel, Vice Director of the Hamburg-American Line, denied this point blank.

**Documents Made Public.**  
 The following documents, says the New York Times, bearing on the transfer were quoted by Mr. Breitung, who said that the "value received" mentioned in the assignment was to be received from Schundler, though the transfer was made to Breitung:

Dec. 16, 1914.  
 Messrs. E. V. Novelty & Co., 115 Broadway, New York.

Dear Sirs: We hereby confirm our agreement to sell to you for immediate delivery our SS. Dacia, now lying at Port Arthur, Texas, upon the following terms and conditions:

The purchase price of the ship is one hundred sixty-five thousand (165,000) dollars plus the actual cost of all movable equipment on board, coal stores and supplies, of all of which an inventory is to be made immediately. You agree to pay to us today ten per cent. (10 percent) of the amount specified above—i. e., sixteen thousand five hundred (16,500) dollars—and you further agree to pay the balance of the purchase price within seven (7) days from the date hereof.

It is further understood and agreed that, if you fail to obtain the American registry for this ship, we will pay back to you all amounts you have paid to us.

Kindly signify your approval of the above understanding by affixing your signature to a copy of this letter, which we inclose herewith. Yours faithfully,

HAMBURG-AMERICAN LINE.  
 W. G. Sichel, Vice Director.

Encl.  
 We hereby approve of and agree to

the terms and conditions of the above agreement.

 By Egon von Novelty  
 Sidney Hoey.

Witness: Wm. B. Dwyer.  
 For value received we hereby assign all our rights, title, and interest in and to the foregoing agreement to Mr. Edward N. Breitung of the City of New York.

**Letters Dunning Schundler.**  
 Two letters dated Jan. 11 and 15 are quoted, purporting to show that Mr. von Novelty was dunning Mr. Schundler for the money due him for the transfer—at that time for a total of \$500, as the sailing of the Dacia, which was to make the remainder of the commission fall due, had not yet taken place.

After complaining to Mr. Breitung about the slowness of payment, said the Breitung statement, Novelty and Hoey finally signed the following statement admitting that they were no longer connected with the Dacia:

Jan. 6, 1915.  
 E. V. Novelty & Co., of New York, N. Y., herewith declare that they have nothing to do with the steamship Dacia, at this date either at Port Arthur, Texas, or at Galveston, Texas, or en route from Port Arthur, Texas, to Galveston, Texas.

E. V. Novelty & Co., rendered service to H. O. Schundler in bringing the matter of the steamship Dacia to his attention, which service he recognizes; and E. V. Novelty & Co., have agreed to accept from H. O. Schundler such compensation as he thinks proper. The amount of such compensation is to be absolutely determined by H. O. Schundler, and the amount determined upon by him is hereby declared by E. V. Novelty & Co., to be conclusive and satisfactory to them, whatever it may be.

E. V. Novelty & Co. have no claim of any kind upon the steamship Dacia, or any other person whatever, in this matter.

E. V. NOVELTY & CO.,  
 Signed by Egon von Novelty.  
 Signed by E. V. NOVELTY & CO.,  
 By SIDNEY HOEY.

The above statement is correct.  
 Signed by H. O. SCHUNDLER.  
 All signatures witnessed by M. Stanley Tweedle.

After this, says Mr. Breitung, Mr. von Novelty called several times on Mr. Schundler and said that he thought he was entitled to more than had been agreed upon. When he could obtain no more, according to the Breitung statement, he entered suit through Ralph James M. Bullowa after another firm of lawyers had refused to handle the case.

In corroboration of Mr. Breitung's denial that there was any agreement that the Dacia should be used only for trade with Germany, Austria, or neutrals, Mr. Sichel issued the following statement:

"I have never made with Mr. Novelty or his firm or with H. O. Schundler or with Mr. Breitung or with any one else any agreement, written or verbal, or had any understanding, either direct or indirect, by which the free use of the steamship Dacia was in any way restricted."

### FEEDING SUGAR TO STOCK.

waste of mineral resources in which the whole public has an interest. Also it is a direct factor in lowering the average of human vitality. Statistics show that there are more persons subject to bronchial and nasal troubles in a smoky city than in a clean one, and that pneumonia and typhoid fever are more fatal in a smoky atmosphere. Most of the trouble is caused by the carbon monoxide and sulphur dioxide gases in the smoke. These gases also destroy vegetation, ruin draperies, cause deterioration of buildings, and render smoke corrupted cities generally unsightly. It is claimed that the smoke nuisance costs the country \$600,000,000 a year, and that the damage done by smoke in the large cities of the United States would build in every city of over 100,000 a structure equal to the Congressional library, maintain the army and navy for a year, and build the capitol at Washington.

### NEW EARTH FACTS.

New details are continually being added by geologists to the known history of the earth, including the development of plants and animals. However, that history which is recorded in the rocks is still fragmentary like a badly mutilated book. One of the great defects in the record in the Atlantic and Gulf coastal plain regions of the country is the absence of the later part of the cretaceous and the early part of the eocene chapters—perhaps 8,000,000 to 10,000,000 years ago. A report recently issued by the geological survey as Professional Paper 90-J, entitled "The Cretaceous-Eocene Contact in the Atlantic and Gulf Coastal Plain," by L. W. Stephenson, discusses this missing part of the record and shows that the break must cover a very long period of time. It is known that at that time the continents were at least as large as and probably larger than they are now, and oceans were accordingly smaller. Any rocks that were then formed in the sea seem to have been washed away.

Hundreds of kinds of plants and animals that lived before and hundreds that lived after this great period are known, but not one which lived during the period. Strange to say, few, if any of the species which existed before the unknown period lived through it. It is like a play in which the places of one act remain the same as in the preceding but the characters are all new, and yet many of the new players resemble the old ones so much that one is compelled to admit that they are close relatives. In each of the states bordering the Atlantic ocean, south of New York, and the Gulf of Mexico, are

found rocks that were then formed in the sea seem to have been washed away.

Perfect combustion and smokeless combustion are, according to this authority, practically synonymous terms. Dense smoke is nothing but wasted fuel. It is a waste to the plant owner, and a

### BEGONIAS AS INK ERADICATORS.

There are few women who at one time or other have not had a growing pot of Begonia sempervivens in their window brightening their room. But probably not one woman in a hundred knows that the leaves of this plant have the power of removing ink spots from linen. The doubtless may easily convince herself by pouring ink on a white cloth and immediately rubbing the spot with the leaves of this begonia until the ink is nearly removed, and then washing it with warm water and soap. On the return from the next laundry trip the spot will be gone. This advice comes all the way from the Russian province of Iavonia, where the begonia is popularly known as Tintes pulke, ink flower.—New York Evening Sun.

### UNITED VERDE EXTENSION.

It is expected that United Verde Extension will encounter the ore body at its 1400-foot level very soon. This ore body is making an unusually good showing at the 1200.

### NIPISSING.

The Nipissing Mines' regular quarterly dividend of 5 per cent. is payable April 20. Books close March 31 and reopen April 19. The financial statement of the company shows cash, ore and bullion on hand totaling \$1,398,000, against \$1,396,000 three months ago. Of the total, \$455,267 was cash compared with \$437,524 in December. Nipissing has been carrying a large amount of silver in London, where the advantage of that market over New York has been repeatedly demonstrated in price received.

### WINONA.

The annual report of the Winona Copper company shows a balance of assets Dec. 31, 1914, of \$92,648, compared with a balance the previous year of \$74,508. President Charles J. Paine, Jr., says: "In the early months of 1914 the refining department in the mill was aiding materially in the saving of the finely disseminated copper in the rock and the cost of producing copper was slowly working down month by month when the European war broke out and it was thought advisable to completely shut down the mine in August. In October a tributing arrangement was made whereby some thirty-five of the best of our former employees were able to work certain stopes on the third, fourth and fifth levels from number three shaft." A summary of the 1914 operations follows: Rock stamped, tons..... 123,339 Product of mineral, lbs..... 2,239,170 Yield of mineral per ton of rock stamped, lbs..... 18,146 Yield of copper per ton of rock stamped, lbs..... 10,96 Price received per pound for 771,442 lbs. copper sold, cents..... 14.2

Sharp contests marked the Republic and Michigan township caucuses at which the foregoing candidates were nominated and in Republic, although there will be but one ticket in the field, it is expected several candidates will make the run for offices on slips. The result of a caucus at Eagle Mills yesterday could not be learned last evening.

At Michigan Dr. I. Sicotte, the present supervisor, was opposed by Frank L. Brown. The vote was: Sicotte, 87; Brown, 57. Mr. Schwendeman was named for clerk by acclamation, but received the nomination for justice of the peace over James F. Scandlon by only five votes, 68 to 63. John P. Sundberg was nominated for township treasurer by acclamation. E. M. Stenrud defeated G. Hickey for membership on the board of review by forty-one votes. The votes for constables were: Henning Strom, 55; I. Allen, 72; J. Frederickson, 67; J. Diedrich, 65, and O. Chantlois, 29.

MRS. MARTELL'S SISTER PASSES.  
Mrs. Charles Martell went to Escanaba yesterday in response to a message advising her of the demise of her sister, Mrs. Ambrose Clement, who died unexpectedly. Mrs. Clement was known in Negaunee. Her death is reported by the Escanaba Press as follows: "Suddenly stricken while seated in a chair at the family home at 1514 Ludington street yesterday afternoon, Mrs. Ambrose Clement passed away before a physician could be summoned. Mrs. Clement had not enjoyed good health for some time, but latterly her condition was thought to be improving. She was seated in her home, visiting with a neighbor, when she suddenly fell forward. Members of the family were called and the stricken woman was carried to the bed, where she died before a physician could reach the house. Mrs. Clement had made her home in this city for many years and was widely and favorably known. She was forty years of age and is survived by her husband, three daughters and three sons. One daughter resides at Minot, N. D. One son lives in Detroit. Both are expected to reach the city tomorrow. Funeral services will be conducted at St. Anne's church at 9 o'clock Saturday morning. Interment will be at St. Anne's cemetery."

### UNFAVORABLE WAR RUMORS WEAKEN THE WHEAT MARKET

Chicago, March 26.—Assertions that the Turks had disagreed with the Germans and that Roumania and Bulgaria were about to take a hand in the war put the wheat market today under a good deal of selling pressure. As a result prices closed weak. Final prices were: May wheat, 149; July wheat, 119; May corn, 71½; July corn, 74½; May oats, 57½; July oats, 54.

### CHICAGO PRODUCE QUOTATIONS.

Chicago, March 26.—Butter quotations on the Chicago exchange today were higher. Creameries were quoted at 28½ to 29½ cents. Eggs were lower. Receipts totalled 12,200 cases. At market, cases included, eggs sold for 17½ to 18½; ordinary firsts, 17 to 17½; firsts, 17½ to 18½. Poultry alive, was unsettled. Fowls sold for 15 to 15½ cents and springs for 17.

# OPPOSE BILL FOR FISH TAXATION

### Marquette Commercial Fishermen Say That Levy on Each Ton Caught Would Be Useless and Needless—Revenue to State Would Be \$60,000 Annually.

### Work of Federal Government in Fish Propagation Has Been Exceedingly Successful and Satisfactory—Proposed Plan Is Looked Upon as an Interference

Marquette commercial fishermen, along with others throughout the state, are strongly opposed to the so-called tonnage tax on fish, a bill providing which was recently introduced in the legislature. The bill proposes a tax on all fish shipped from Michigan points to markets outside the state. The commercial fishermen take the stand that it is useless and needless taxation. The purported object of the bill has been stated to be the propagation of fish.

#### Criticizes the Bill.

J. August Anderson, of the Anderson Fish company, which operates the tug Columbia out of this port, yesterday pointed out some of the objections to the proposed measure, against which so strong a protest is being directed. "The federal government is doing excellent work in the propagation of fish, and I see no reason why the state should interfere," said Mr. Anderson. "I look upon the bill as imposing needless and useless taxation. The government collects the eggs in the fall, hatches them, and plants the fry free of charge. The commercial fishermen ask no more. The Gansser bill proposes that a tax of \$1 to \$2 a ton be paid on fish, which would bring the state a revenue of \$60,000 annually. We would get no direct return from the money paid out, as far as we can see. Some of the fishermen ship to markets within the state and would thus be exempt from the tax. There would be nothing to prevent those shipping to outside points to first send the consignments to a commission agent within the state, and thus evade the law. "We ship 75 per cent of our fish to Chicago and other points without the state. The fish so shipped is that which cannot be disposed of locally. The local market is limited, and fish that come under the rough classification cannot be sold here."

#### Asked to Oppose Measure.

The Marquette fishermen are united in their opposition to the measure, and have written Senator Roberts and Representative Ewing, of this district, asking that they vote against the proposed enactment. The Gansser bill divides fish into two classifications, "rough" and "choice" fish. "Choice" fish are whitefish, lake trout and wall-eyed pike. All others, which include herring, constituting a large bulk of the shipments from Marquette, are "rough." On the latter the stamp tax would be five cents for one hundred pounds, and on the choice fish ten cents a hundred pounds.

#### Season Starts Soon.

The tugs Columbia, of the Anderson Fish company, and the Theora, of the Parker Fish company, have been overhauled and are ready for the opening of the season. The season will begin in about three weeks, unless unusually cold weather should be experienced. Nets will be laid as soon as the ice has cleared sufficiently so that there will be no danger of the loss of the nets. Both fish companies have been engaged for a number of weeks past with the repairing of nets and other equipment. Trout and whitefish are the first fish caught in the spring.

## MAN IS RUN DOWN BY L. S. & I. TRAIN

### Victim of Fatality Believed to Be Victor North—Identity Is Not Definite.

A Finnish man of middle age, believed from a card found in the pocket to be Victor Fabian North, was fatally injured when he was struck by the Lake Superior & Ishpeming passenger train near Forestville late yesterday afternoon. Death occurred while the sufferer was being conveyed on the train to the city. The man was lying along the track when sighted by the engineer. The train could not be stopped in time to prevent striking him. The head was badly injured, but the body was not mutilated. The accident occurred at about 4:30 o'clock.

The last time the man was seen was earlier in the afternoon, when he boarded a freight train and rode as far as Forestville, evidently with the intention of going to Norton's logging camp. An inquest will be held at Bager's undertaking rooms at 8 o'clock this morning. Coroner Prin, of Ishpeming, will preside.

The police department is making an endeavor to locate relatives or friends of the dead man. It is believed that he has stayed in Marquette at various times.

## HONORS IN CONTEST ARE WELL DIVIDED

### Miss Marion Hathway, of Marquette, Took First Place in Oratory Last Night.

Ishpeming and Marquette divided the honors at the sub-district oratorical and declamatory contest at the Marquette High school last night. Miss Marion Hathway won first award in oratory, and Miss Freda Fine second in declamation. Clarence Beaglehole, of Ishpeming, took first place in declamation. Edward Dunstan, also of the Hematite city, was awarded second place in oratory. The attendance was not large, the assembly hall not being filled. In the opinion of many persons, the contest attained a standard materially higher than that of a year ago. Every one of the numbers was meritorious. The orations were judged on both thought and composition and delivery. Miss Hathway's "American Materialism" obtained the three first selections of the judges as to thought and composition, and she received two first and one second place for delivery. Last year Miss Hathway also made an excellent showing, obtaining all of the six first selections of the judges. Edward Dunstan, winner of the second place in oratory, spoke on "Universal Peace." In the judges' vote, he received three second selections for thought and composition, and second, fourth and fifth for delivery. Clarence Beaglehole, of Ishpeming, had the unanimous selection of the judges for first place. Miss Fine, of Marquette, received the three selections for second place.

In the order of the places given in the final summing up, the names of the contestants and their subjects follow:

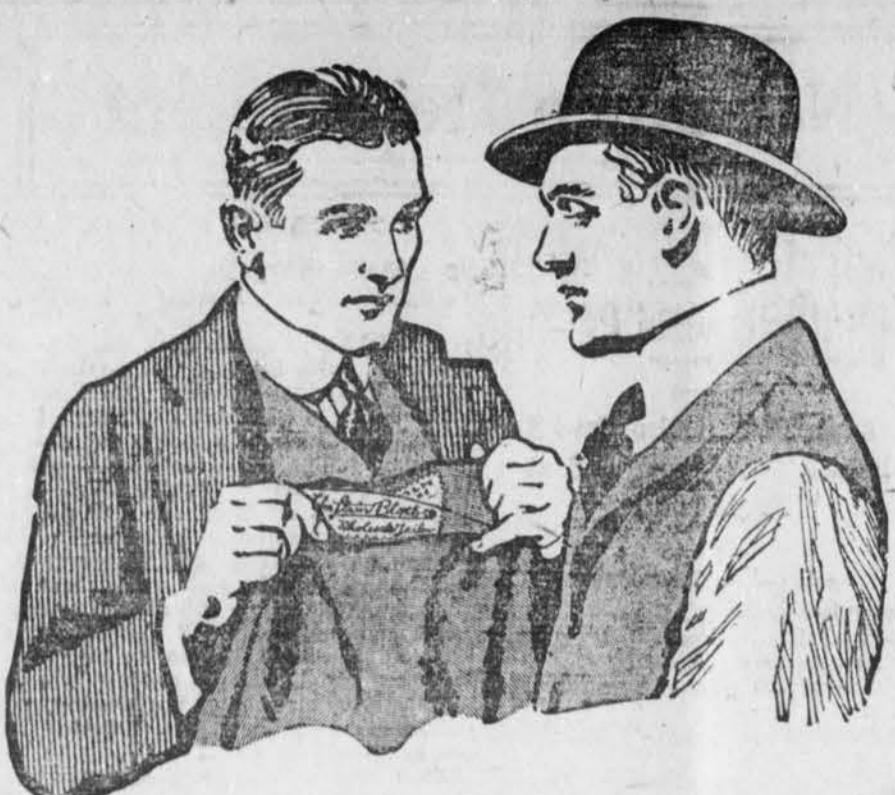

- Orations— "American Materialism"—Marion Hathway, Marquette. "Universal Peace"—Edward Dunstan, Ishpeming. "Yellow Journalism"—Courval Earle, Munising. "Michigan's Great Statesman"—Morgan Quinn, Negaunee. "Prison Reform"—James Fasligh, Newberry.
- Declamations— "The Star Spangled Banner"—Clarence Beaglehole, Ishpeming. "Give Me Liberty or Give Me Death"—Freda Fine, Marquette. "No Room for Mother"—William Dokey, Negaunee. "The Speech on the Murder of Joseph White"—Helen Seymour, Newberry.

The program opened with a selection by the boys' glee club. The girls' quartet of the high school sang following the program of orations, and the high school orchestra played at the conclusion of the speaking.

#### CITIZENS' CONVENTION.

A mass convention of the electors of the city of Marquette will be held in the band room in the city hall, in said city, on Saturday, March 27, 1915, at 7:30 p. m., for the purpose of nominating candidates for the offices of Justice of the Peace and constable, to be elected in said city on April 5, 1915. ## WILL TAKE CHARGE OF CRISPS POINT STATION

### Daniel Shelson, of Marquette Coast Guard, Is Given Well-Merited Promotion.

Daniel Shelson, No. 1 surferman, who has served twenty years at the Marquette coast guard station, has been promoted to warrant officer. He left Marquette March 22 to take charge of the Crisps coast guard station, located thirty-eight miles east of Grand Marais. The Crisps point station is one of the important on Lake Superior, and is located on one of the most dangerous parts of the lake's shore. Mr. Shelson's appointment is a valued promotion. The coast guard, formerly the lifesaving service, is now a part of the military forces of the government, and will operate as a part of the navy, subject to the orders of the secretary of the navy in time of war or when the president shall direct. One of the important duties of the coast guard is the enforcement of government harbor regulations, especially anchorage laws. The membership app. Register of March 6 had the following items:

"By a clause in the river and harbor bill just passed the secretary of war is authorized to prepare regulations to govern the anchorage of vessels in any harbor in the United States, and the secretary of the treasury is authorized to enforce such regulations through the medium of the coast guard. This applies to anchorage laws of all important harbors, and the enforcement of the anchorage regulations with the service which his best fitted for this duty."

## JUSTICE OF THE PEACE ENTERS GUILTY PLEA

### Game Wardens Mosher and Marks Uncover Law Violations in Mackinac County.

Deputy Game Wardens Mosher of Marquette and Marks of Munising have as their record for the present week the uncovering of two flagrant violations of the law in Mackinac county. Sunday the wardens arrested Elmer Rapin, a justice of the peace at Brevort Lake settlement, for spearing fish in Brevort lake and on the following day at the same place they took into custody Frank Gilbert, charged with killing deer and having venison in his possession. Both men pleaded guilty before Justice Ignatius Gready, at St. Ignace, Thursday, and each paid a fine of \$25 and the costs of court. A special act of the legislature prohibits the spearing of fish in Brevort lake and prohibits the erection of fish houses along its shores. It is the only lake in the upper peninsula so covered by an enactment. The wardens claim that a "spy" system is in force in the Brevort Lake country, and it is only by strategy that the deputies are able to obtain evidence against violators. Brevort Lake is eleven miles from St. Ignace, but is not easily accessible. It is reached by the way of Allenville.

The deputies got off the train on the opposite side from the station, and hid until everyone had left. Then they made their way through the woods to the lake. They came upon Gilbert in a cabin three miles across the lake. Venison was found and it is said the man admitted having killed a deer March 8. Rapin was first sighted on the ice of the lake. He was arrested after a chase which took the wardens a mile into the woods.

#### CHORUS WILL SING SACRED CANTATA

"Seven Last Words of Christ" at St. Paul's Church Good Friday Night.

"The Seven Last Words of Christ" composed by Theodore Dubois, will be sung at St. Paul's Episcopal church on the evening of Good Friday by a chorus of thirty-five voices. The chorus has been preparing the cantata for the last four weeks. Dubois is one of the foremost musicians of the modern French school. The presentation of the cantata is probably the most ambitious work that has yet been undertaken by any choral organization in Marquette. The words are from the Gospel narrative of the crucifixion, the seven last utterances of Christ being given by the solo voices. The derivative cries and taunts of the multitude and the prayers of the faithful about the cross are expressed through the medium of the chorus. The composer has utilized all the best resources of solo and choral effects and modern harmonic richness to give dramatic and yet wholly reverent expression to the varied sentiments of the words. Miss Flora Retalle will sing the soprano solos, the Rev. Platte T. Amstutz the baritone, and Lyman F. Whitney, of Calumet, will sing the tenor. The two former need, of course, no introduction to Marquette people. Mr. Whitney is recently of Boston, where he was schooled for the operatic stage. He is said to possess a voice of remarkable range and quality. Miss Florence Brown, organist of St. Paul's church, will accompany the singing, and will play all the instrumental numbers of the cantata. The public is cordially invited to attend the service next Friday evening at 7:30.
