

MADDO WANTS TO WRECK BANK IT IS DECLARED

Secretary of Treasury, With John Skelton Williams, Comptroller of Currency, Defendants in Proceedings Started by District of Columbia Institution

By Trouble With Williams, It Is Alleged, Depository Incurred Enmity of Cabinet Officer, and He Now Is Using His Position to Vent Vindictiveness

Washington, April 12.—Secretary McAdoo of the treasury, and Comptroller of the Currency John Skelton Williams were made defendants today in proceedings begun in the District of Columbia supreme court by the Riggs National bank of Washington, D. C., which alleged that these officials have conspired and conspired to wreck that institution.

Temporary and permanent injunctions to halt the alleged conspiracy and to prevent the comptroller from making what the bank charges are unlawful demands for special reports of various kinds are sought.

One Injunction Granted. One portion of the prayer seeks to restrain John Burke, treasurer of the United States, from payment into the treasury of \$50,000, declared to be due the bank as interest on \$1,000,000 of United States bonds deposited with the comptroller against its note circulation.

The bank's bill, which contains thirty-seven specific allegations designed to show that the comptroller has adopted unusual and legally questionable tactics in dealing with the institution. It recites that evidence of an unusual desire for information concerning the bank was shown by Mr. Williams shortly after he assumed the office more than a year ago, and has continued ever since.

Personal Malice Said Motive. "Meaning thereby," the bill adds, "that from that time on the power of the treasury department was used for the destruction of the plaintiff bank in order to satisfy a personal malice and ill-will of said defendants, Williams and McAdoo, and shortly afterwards the said defendants, Williams and McAdoo, began a series of persecutions against the plaintiff bank for the purpose of impairing or destroying its said business, thereby proscribing their high public office and violating their oaths in order to vent their personal vindictiveness against the officers of the plaintiff bank."

Withdrew Government Funds. Subsequently, it is alleged, government deposits amounting to over \$1,200,000 were withdrawn from the bank. These withdrawals were brought about by Secretary McAdoo, it is charged, at a time when the European war and the business depression in the United States had made banks husband their resources, and "in a deliberate attempt to wreck the plaintiff bank."

Shady Transactions—Williams. Comptroller Williams, in a statement tonight, said that recent investigation of the affairs of the Riggs bank had revealed conditions important enough to turn the matter over to the department of justice and that Louis D. Brandeis had been engaged by the government as special counsel in the case. He declared the bank was solvent. He said the bank officers showed unwillingness to disclose the true nature of the transactions engaged in. He said the whole purpose of his department was to make the bank conform to the law, thus making the institution safe to both shareholders and depositors.

Tax Measure Aimed at Range Towns Is Passed by Minnesota Senate. St. Paul, Minn., April 12.—The Minnesota senate, by a vote of thirty-nine to seven, late today passed the "range towns" tax limitation measure, restricting municipal expenditures in cities and villages of the third and fourth class to \$25 per capita per annum. The bill, drawn for the purpose of curbing a regime of alleged municipal extravagance in towns and villages on the Mesaba Iron range, where the mining companies pay approximately ninety per cent. of the taxes on a valuation of many millions, has been one of the sensational features of the legislature.

HUERTA ENTERS U.S. ON HIS OATH TO LEAVE SOON

Former Provisional President of Mexico, for Nearly a Year an Exile in Spain, Swears He Is Here to Attend to Private Business But Will Not Stay Long

Deposed Dictator of Southern Republic Disclaims Any Intention of Proceeding to His Native Land—"It Is a Pleasure to Be in the United States," He Says

New York, April 12.—General Victoriano Huerta, former provisional president of Mexico, who, for nearly a year, has been an exile in Spain, arrived here today on the Spanish steamship Antonio Lopez from Cadiz, General Huerta was passed by United States immigration officials as a transient alien, after he had declared under oath that he would do nothing that would in any way involve the neutrality of the United States.

The former president said that he had come to the United States partly for pleasure and partly to attend to some personal business connected with family matters. He swore that he had no intention of going to Mexico or to Cuba. The length of his stay here, he said, was indefinite, but he would return to Spain, possibly sailing from New York early in May.

While submitting to be photographed in every desired pose he declined to say anything as to his mission, agreeing to meet newspapermen at his hotel here Friday morning. Regarding this appointment he said: "I understand that my presence in this country creates in you a desire to know my views about affairs in Mexico, and I promise to satisfy your wishes to the best of my ability. I beg you, gentlemen, to remember that no interview with me should be considered as authentic unless it carries my personal signature."

General Huerta was accompanied by General Jose Delgado, who has been his private secretary for ten years, and by Abraham Ratner, a personal friend of the general, who declared himself as an American citizen, giving his residence as New York.

Greeted Fondly at Pier. There were no Mexicans to meet him at quarantine. On the pier, however, he was greeted by a number of men who have been identified with Mexican affairs to greet General Huerta affectionately, embracing him and being in turn embraced. As he came down the gangway two Mexicans, standing nearby, lifted their hats and exclaimed: "Viva Huerta!"

No demonstration was made, however, as General Huerta took his departure in a taxi with his friends. Among those at the pier was Captain George J. Head of the Texas national guard, the man who delivered to Huerta in June, 1913, the ultimatum of Governor O. B. Colquhoun of Texas, that if a single Texan was harmed by his letters flying over the border his general and commanding officers would be held to personal account. Captain Head said that he was here to meet General Huerta simply as a friend.

Mr. Ratner said that the general might go to Washington before returning to Spain, and, to his knowledge, General Huerta had not seen General Porfirio Diaz while he was abroad.

"Salute American People." At all appearances Huerta has changed but little since he left Mexico. Pressed for an interview, he said: "It is a pleasure for me to be again in the United States and it gives me an opportunity to admire once more the greatness of the American people whom I salute through their press. It is nothing strange that on stepping on United States territory I should consider my first duty to salute this great nation as many of its citizens have been and are my personal friends."

PARDON WAS MISREAD TO MEAN WRONG MAN

Thomas M. Riley, of Everton, Mo., Released from Canadian Prison, Not Thomas Riley

Ottawa, Ont., April 12.—Through a clerical error the authorities of the penitentiary at Kingston, Ont., released from custody Thomas M. Riley, serving a term for manslaughter, on a pardon intended for Thomas Riley, also serving time for manslaughter, who was announced here tonight. This mistake was discovered when a clergyman at London, Ont., received a letter from the freed Riley, now living in Everton, Mo., thanking him for his efforts to secure the pardon.

The surprised clergyman had made no efforts to secure Riley's release and started an inquiry which revealed that the pardon was for Thomas Riley, serving a seven year term for killing his wife at Hamilton, Ont., and was granted on the ground of Riley's ill health. Instead it freed Thomas M. Riley, serving a fifteen year term for the killing of a bartender in London, Ont.

It was announced that the government intends to rectify the mistake by releasing Thomas Riley. An effort will be made to locate Thomas M. Riley and compel him to serve out his time.

Riley Thought It Bonafide. Everton, Mo., April 12.—Thomas Riley, convicted of murdering George Blackburn, a bartender in London, Ont., returned to his home here April 5. He told friends he had been pardoned from Canada and did not intend to return. Authorities here said there was no attempt made in Everton to obtain pardon for Riley and his return was a surprise to them as well as to Riley's relatives who, they believed, know nothing of the error of the Canadian prison officials.

Headmaster of Eton Stirs Storm. His Utterance on Score of Britain's Duty to Germans Not Approved of.

London, March 25.—(Correspondence of the Associated Press.)—Dr. Lytton, headmaster of Eton, in an address in St. Margaret's church on the grounds of Westminster Abbey, has declared it to be England's duty to extend the principles of Christian charity to Germany, and as the result he is being assailed on all sides as an unpatriotic and a foolish visionary.

Such dangerous and pernicious stuff as was put forward by the headmaster of Eton," comments the Globe, "almost induces a desire for a muzzling order. While the newspapers are hidden by the censor to walk with the utmost circumspection, Dr. Lytton, in his articles and speeches, is in particular offending the press where these are concerned."

We are going to act as a Christian nation, we are bound to apply to Germany the principle of Christian charity on a scale to which we have never aspired before. Our obligation is so to act that the German hatred of us shall be removed; that sixty million fellow creatures shall be saved from the ruin of a poisoned Germany; that at the end of the war we say we are not going to part with a single inch of territory or a single privilege, all I can say is we are abandoning the principle of Christianity."

At the end of the war, Dr. Lytton explained, Germany will be filled with vindictive rage against England. To avert this, England must prove kind and generous. Germans believe that the English preach morals and never act on them, so England must prove her loftiness of view to the Germans. "It may be," he continued, "that we are fighting for our existence as an empire, but from whatever point we may view the objective of the war, surely we must, as Christian people, acknowledge that if the effect of it is to make sixty people hate us the war will have been an entire failure."

Hungary's Fate Is Hanging in the Balance; Czar's Men Gain Rapidly in Carpathians. Joffre Expected to Renew Attack Soon.

RUSSIANS NEAR GOAL AS BATTLE DRAWS TO END

HUNGARY, ON OTHER SIDE OF CARPATHIANS, IS THREATENED. MOVE ALREADY IS STARTED

TROOPS OF CZAR POURING OUT ON SLOPES OF BES-KID MOUNTAINS. LULL ON WESTERN FRONT

ANOTHER ATTEMPT TO OUST GERMAN FORCES IS EXPECTED SOON.

London, April 12, 10:30 p. m.—With the capture by the Russians of almost all of one chain of mountains the battle of the Carpathians, which has lasted upward of eighty days, is apparently reaching a termination over one extensive front and the Russians are said to be leaving at various points by railroads and roads and along the rivers and streams down the southern slopes toward the plains of Hungary. This movement, if it continues successfully, will, in the view of the Russian military authorities, compel the retirement, with little or no fighting, of the Austrians and Germans who are still north of the Carpathians, to the east of Zuck pass and in eastern Galicia and Bukovina.

The battle which has been so successfully conducted by the Russians, was, from all accounts, one of the fiercest of the war, and the manner in which the Russians overcame the difficulties of mountain fighting in mid-winter has been the subject of praise by those who witnessed the operations, or are acquainted with the country traversed.

Watch Next French Move. London, April 12, 10:30 p. m.—The first phase of the battle of the Woeyve also apparently has come to an end, and interest now centers on the next move of General Joffre, the French commander, in his effort to compel the Germans to release their hold on St. Mihiel and that part of the plain of the Woeyve included in their wedge. The capture of Les Eparges was, in the opinion of British military critics, a long step in the direction desired by the allies, but they place even more importance on the advance from Remigneville toward Triancourt in the south, as the latter town is a railway center from which the force at St. Mihiel draws its supplies.

This battle has not as yet proved the prelude to a general offensive in the west, as was expected. This is probably due to the fact that, instead of moving troops from other points along the line to assist the army of the Woeyve, the Germans have brought their reinforcements from the interior of Germany, or perhaps right from the eastern front and consequently the situation remains comparatively quiet on the western front.

Huge Forces Meet Russians. Petrograd, via London, April 13, 2:55 a. m.—The London Gazette and other newspapers today publish semi-official details concerning the operations in the Carpathians. Five independent Austrian armies, it is said, are operating against the Russians, who are advancing into the Hungarian plains.

GERMAN SUBMARINES SINK ANOTHER SHIP. London, April 12, 10:30 p. m.—German submarines have again been showing activity and besides the Harpalyce, which, according to one member of her crew, according to another steamer, was torpedoed, they have attacked since Saturday the British liner Wayfarer, the French steamer Frederic Frank and the little steamer President. The Wayfarer reached Queenstown in a sinking condition. The Frederic Frank was towed into Plymouth and the President was still afloat when her crew of ten left her.

SUMMARY OF THE WAR NEWS

In the eastern war theater the Russians are declared to be in possession of nearly all the important positions in the Carpathians and are reported to be moving down the western slopes and in a fair way to invade Hungary. A general calm again prevails in the western theater. The French statement says that all German attempts to recover Les Eparges have been repulsed. Reports persist of heavy firing in the North sea, but no explanation is forthcoming. The British steamer Wayfarer has been towed into Queenstown and beached with a great rent in her side caused by a German torpedo.

TERRE HAUTE MAYOR IS GIVEN SIX YEARS

Convicted of Election Fraud, He and Three Others Receive Severe Sentences.

Indianapolis, April 12.—Four men convicted in the Terre Haute election fraud trial and sentenced by Judge Anderson today to the federal penitentiary at Fort Leavenworth, Kans., received their commitment papers late today and were given until Sunday to begin the trip to prison. The other sixteen, including Mayor Donn M. Roberts, who received prison sentences and appeal, and the eighty-seven who were given sentences ranging from one day to six months in the Indianapolis jail were in jail here tonight.

AMERICAN STEAMER ON ROCKS OFF JAPAN NOT BADLY DAMAGED

Seattle, Wash., April 12.—The Great Northern steamship Minnesota, which struck a rock last night off Iwajima, Japan, near the southwestern entrance to the Inland sea, appears not to have been greatly damaged, according to dispatches from Captain Garlick, of the Minnesota. All of the passengers, many of them Americans, have been removed, men taken to Kobe. Captain Garlick's dispatch said there was hope of getting the steamer off at high tide.

WANTS MORE SHELLS; "THEY SAVE THE MEN," SAYS GENERAL FRENCH

London, April 13, 3:45 a. m.—A statement from Field Marshal Sir John French, commander of the British expeditionary forces on the continent, which was read at a recruiting meeting held here last night, urged the necessity for more munitions, and said: "I want to round the enemy and go on pounding them, regardless of shells, regardless of what number of shells are used, because by doing so I am saving the lives of our gallant men. The more ammunition the less danger to our men in pushing advances. I know that when the time comes for the great move we can break through the Germans."

CANADIAN DISGUISED TO ENTER THE STATES ALLEGE AUTHORITIES

Battle Creek, Mich., April 12.—On the charge of being in this country illegally Edward Mashell, superintendent of the M. Rumely plant, was taken into custody today. Immigration Officer Faber claims Mashell not only entered this country in violation of the alien labor law, but also brought with him a dozen men from Toronto, Can., disguised as a baseball team.

RAE TANZER'S SISTERS INDICTED FOR PERJURY IN JAMES OSBORNE CASE

New York, April 12.—Dora and Rose Tanzer, sisters of Rae Tanzer, were today indicted for perjury by the federal grand jury which has been investigating the charge that Rae Tanzer used the mails in an attempt to defraud James W. Osborne. The indictment charges that Dora and Rose Tanzer committed perjury by identifying James W. Osborne as the man who had called upon their sister at the Tanzer home.

TWO MINERS KILLED; ONE FATALLY INJURED IN ACCIDENT AT C. & H.

Houghton, Mich., April 12.—[Special.]—Two men were killed outright, one fatally injured and three seriously hurt at the No. 6, South Hecla, shaft of the Calumet & Hecla Mining company yesterday afternoon. The men were members of a track crew and were "cutting out" north of the shaft at the sixty-third level, over a mile underground. They were caught in a heavy fall of ground. The dead are John Bronzo and Anton Krizmanic. Mike Zalas will die.

JUDGE LINDSEY CLEARED OF MISCONDUCT CHARGE; HIS ACCUSER IS INDICTED

Denver, Colo., April 12.—Judge Ben R. Lindsey of the Denver juvenile court was exonerated of all charges of misconduct in a report of the county grand jury, filed late today. Frank L. Ross was indicted on a charge of criminal libel in connection with affidavits reflecting upon the character of Judge Lindsey.

The palace of Nero had three elevators.

RAIDER CAPTAIN MUST TAKE SHIP TO SEA HE SAYS

KRONPRINZ'S COMMANDER REITERATES HE IS IN A HURRY TO LEAVE.

REPAIRS BADLY NEEDED

GERMAN CONVERTED CRUISER, IN U. S. PORT, IS NOT IN SHAPE YET.

NAVIGATOR A "FOXY" ONE

BRITISH OFFICER DECLARES THIERFELDER USED SOME VERY CLEVER RUSES.

Newport News, Va., April 12.—The German merchant raider Kronprinz Wilhelm will not be permitted to go into drydock at the shipyard here until Lieutenant Captain Thierfelder, her commander, makes formal request for time to complete such repairs as he deems necessary to make his vessel seaworthy. Captain Thierfelder, told Collector Hamilton he could not do so before tomorrow.

Experts from Newport News who examined the ship today found her leaking slightly and her boilers in bad condition. Unofficially it was learned that the vessel would require extensive repairs. That was taken to indicate the ship eventually might be forced to intern.

The German captain, however, is insistent that he must hasten to repair his ship and return upon his work as a merchant raider. He discharged today officers and men of the British ships Tamar and Coleby, whom he brought here, and they were transferred to the British steamer Cassandria, which sailed tonight for England.

Captain Described as "Foxy."

W. H. Matthews, first officer of the British steamer Tamar, told of Captain Thierfelder's ruses to escape capture on several occasions. At one time, he said, a steamer was sighted and chased only to be disclosed as a British cruiser. The Wilhelm went full speed astern immediately, running backward for half an hour. "Captain Thierfelder is a pretty foxy chap," said Matthews. "His idea was to keep his ship head-on to the other vessel in order to prevent the other vessel from counting his funnels or making out anything else about the cruiser which could not be seen from a head-on view. After running full speed astern for half an hour, he turned and went full speed, the steamer quivering like a leaf under the strain. At daybreak the hostile vessel was nowhere in sight."

INSURGENTS SUCCEED IN ELECTING THEIR MAN TO ROCK ISLAND BOARD

Chicago, April 12.—Insurgent stockholders of the Chicago, Rock Island & Pacific railroad at a meeting here today succeeded in electing Nathan L. Amster, of Boston, one of their leaders, to the board of directors. Amster was one of four new directors, while the others being W. E. Roosevelt, William J. Matheson and Charles Hayden, all of New York. The three others had the backing of the Sheldon committee, which represented the majority stockholders and the faction in control of the board. There are thirteen members altogether, four of whom will be succeeded next October. The minority faction said they were pleased over the election of Mr. Amster and declared the fight for control and reorganization had only begun.

AVIATOR KILLED BY FALL FROM PLANE HE DEvised

Washington, April 12.—Cecil Malcolm Pool, an aviator, was killed at College Park, Maryland, near here today, while making a test flight in an aeroplane of his own invention. The machine fell three hundred feet. The cause of the accident has not been determined. Pool was the first man to fly across the Andes mountains in South America. He was twenty-two years old and came here from Los Angeles, where his mother lives.

ARMY SURGEON LIKELY WILL ACCEPT PROFFER

Washington, April 12.—Surgeon General Gorgas of the army probably will accept the offer of the Rockefeller foundation that he become its general advisor as to public sanitation and control of epidemics. The foundation desires General Gorgas to take charge of the fight against the epidemic of typhus in Serbia and it was learned tonight that officials here believe he will do so.

THE LAST RAIDER.

The Kronprinz Wilhelm, which followed the Prinz Friedrich Bittel into Newport News, is the last of the German raiders to hold the high seas. That the Wilhelm will interfere there is no room to doubt, for the odds against her successfully putting to sea again are too great to justify the risk.

The Wilhelm closed her eight months raiding with a record of fourteen vessels, estimated, with their cargoes, to be worth \$7,000,000, destroyed, and prisoners taken to nearly twice the number of her crew. She was so insufficiently armed that she could not have survived a meeting with the least of the allies' warships, for she carried but four guns, and two of these were taken from one of the ships that she made captive.

That she should have held the seas for so long is due to the sheer ability and resourcefulness of her officers and crew. No blunders were made on the Wilhelm. She was carefully kept away from the points of danger and still sufficiently in the routes of trade so that now and then she was able to cut out a prize.

One of the most creditable things to the account of the Germans in the war has been the masterly handling of the handful of raiding ships that have cost the enemy so dear.

A BELATED COMPLAINT.

One of the interesting developments on the diplomatic side of the war situation is the belated protest of the German government at the free sale by this country to the allies of munitions of war. It is a trade that has been in progress for several months, and a trade which some weeks ago the German government was represented as finding no fault with, because it was sanctioned by international practice. That it should be the occasion of a protest now must mean either that it has pressed with unexpected severity on the German armies, or that for reasons of their own the Germans have decided on an aggressive diplomatic policy with regard to this country.

One of the complaints of the Germans—and there is a certain measure of justice in it—is the fact that our government hasn't used our free trade with the allies in munitions—which are invaluable to them because they could be obtained in no other market—to exact from them a certain freedom of commerce with the dual alliance. This possible course has received much unofficial discussion in this country, but no serious official consideration. Officially, we are content to establish a basis for future claims by strong representations to the allies on the rights of neutrals. Beyond this the administration clearly has no purpose to go.

It is clear that out of the war there is to come in Germany a bitterness against America and Americans that will be comparable only with the bitterness felt towards the British. Of this we have already had many evidences, among them the fact that it was judged expedient, to avoid possible embarrassing episodes, to withdraw from Germany the American military attaches, and the caustic and unrestrained articles that have been appearing in the German newspapers.

From the beginning it was inevitable that much feeling should be aroused against our country in either camp. The thing that was certain to occasion it was our trade in munitions. The only question open was which belligerent would be aggrieved. If we departed from international practice and denied our markets to all belligerents, it would have been the allies. As we abided by international practice, and our own precedents, it has come to be Germany.

A NATIONAL MENACE.

Drug addiction is very common in this country, and constitutes a menace to the nation. The abuse of narcotic drugs involves economic, social, moral and public health questions that collectively constitute one of the most serious problems before the people of the United States today.

In New York and several other states, drug addiction is regarded as a disease, and these states have provided a systematic treatment for those addicted to the use of drugs, while in Michigan such a person may be adjudged incompetent and a guardian appointed. A law recently enacted in Tennessee permits the sale of narcotics to drug addicts registered according to the law. Similar laws exist in other states, but the New York law for treatment of drug addicts is considered the better measure and in principle it is largely followed in Michigan.

In order to bring about uniformity in the enactment of anti-narcotic laws, those who are interested in the subject should make a careful comparative

study of the existing laws to determine why they are inadequate. Statistics should be compiled showing the nature and extent of the use of habit forming drugs, and earnest efforts should be made to secure uniform corrective legislation.

The solution of the drug problem will be well worth the thought, time and expense required.

Six weeks ago there would not have been a chance that the Michigan Wisconsin league would be filled out by two teams from the copper country. Now there is fair promise that it can be done. The improved prospects for baseball in the copper country are due to the improved outlook for the copper market. More men have been placed in the copper mines and wages have been increased. Business in the copper country is gaining rapidly and there is promise of one of the best sustained periods of copper production enjoyed in recent years. The district is optimistic, and the baseball promoters are receiving attention that would have been denied them but a few weeks ago. The league president suggests invasion of the copper country as a preliminary to entering Marquette county to secure, another year, an eight team league. The organization is to be affiliated with organized baseball, a marked advantage compared with "bush" league ball. Experience with the latter brand in the U. P. has not been reassuring. It was far too expensive, the amount of work asked of the hired men considered. The proposed league will have a seven day a week schedule. Attendance on week days may not be good, but at least the hired men will be kept in practice and out of mischief. That's something.

When a county goes dry, the next question is whether the sale of intoxicants is actually to be stopped. Or will blind pigs be permitted to flourish? That is now the question in Iron, as in other counties that went dry in the recent election. In Iron the dregs organized a welfare association to conduct their campaign, and this association is to be continued. It now proposes to send a delegation, which will include some of the strongest men in the county, to the next meeting of the board of supervisors to give notice that it expects the authorities, and particularly the sheriff, to enforce the law to the letter. They will be given to understand that, if they fail, the consequence of the failure will be on their own heads. Among the members of the welfare association are men who would have no difficulty at all bringing the wrath of the governor down on delinquent officials. Therefore the officials will probably not be derelict. A healthy public opinion is all that is required to bring about the enforcement of any law.

Over 800 voters, more than voted for any other candidate, cast their ballots for Smith for mayor in the recent Escazaba election, but the council finds that Smith received but two votes, for the reason that the slips used in voting for him were in such form as to make the ballots on which they were placed void, as far as the office of mayor was concerned. The council's decision in the matter is said to be final. From the point of view of Smith and his friends it is to be regretted that he and his advisers were not at more trouble to ascertain how the slips should be prepared to make them legal. They had the election in their hands, the issue shows, but sacrificed victory to lack of attention to this detail. It is illustrative of the degree of carelessness that characterizes most of our elections. They are accompanied by interminable blundering, of one kind or another.

Representative Kimmerling has introduced a bill that would make interstate shipment of alcoholic liquors into dry counties illegal. On its face it appears to be a dry measure, yet there are many who contend that it would work out to the advantage of the wets. As a dry measure it would be ineffective, for liquors could still go into dry counties in interstate shipments, which the state is powerless to regulate. It would, thus, be effective principally to transfer the traffic from brewers and whiskey jobbers in the state to those outside the state. This being the case, its virtues appear hard to discern.

Over 800 voters at Escazaba wanted Alderman Smith for mayor. That they did not have their way about it is not their fault, but that of Alderman Smith, himself, and of the men who counseled with him in regard to the details of getting his candidacy before the public.

BRAVE ALSATIANS.

In an officer's letter from the front dealing with the terrible battles in the eastern theater of war the following occurs, says the semi-official Cologne Gazette:

"It will interest you that among my best and bravest men (in the artillery) are the Alsatians. One evening during a battle the general charged me to in-

vestigate personally, accompanied by a patrol, if G. was occupied by the Russians. I called for volunteers, giving them to understand that we could be cut off and that none of us might come back. Immediately ten men stepped forward, all Alsatians. I could have stormed hordes with them. And none of them would have left me in the lurch. The Alsatian element forms the best possible stone in the German wall that lets no Russian through."

Experience.
The Belgians, having had experience with both diets, seem to feel convinced that they will live longer by sticking to the butter-milk feeding than by varying the bill of fare to include shrapnel and bullets.—Pittsburg Dispatch.

EDITORIAL OPINION
The Latest "Neutrality" Effort.
Some eastern newspapers have been carrying a full page paid appeal to the American people, industries, and workmen not to manufacture, sell or ship powder, shrapnel or shot of any kind or description to any of the warring nations of Europe or to Japan. Manufacturers are requested to suspend at once the making of powder and bullets for use abroad, and workmen are asked to go on record against the manufacture of ammunition, "even at the sacrifice of their positions." This appeal is based entirely upon humanitarian arguments and is signed by a long array of editors and publishers of Polish, Austrian, Russian, French, Slovak, Italian, Spanish, Yiddish and other national sheets in this country. It seems significant that no avowedly German publication is represented, and one cannot avoid the suspicion that this omission is intentional and is a part of a studied attempt to make the movement appear non-partisan.

Non-partisan it may be in the minds of many who have signed the petition, but non-partisan it scarcely can be in the minds of those of the inner circle who stand behind it as its prime promoters. A general favorable response to the request of these editors would result only in one way, to the distinct advantage of the German cause. Which observation is in no way made as a criticism, but merely as the statement of a conviction.

Whether this latest movement for "peace" is legitimate let the individual decide. This, however, may be said: The newest effort to cut off the shipment of arms and ammunition to Great Britain and France is more clever in conception than any that have preceded it. In the past attempts, some of them very offensive, have been made to obtain results by trying to bulldoze the executive department in Washington into promulgating an untenable interpretation of international law, no matter the government for not meeting demands and expectations, by issuing inflammatory and hysterical bulletins, by endeavoring to draw the matter into partisan politics. Such methods have been worse than useless. The present campaign is the first sensible one, the first one with any subtlety of method the country has seen.

Whether it will be successful is another question. It will not be easy to persuade manufacturers to quit a lucrative business or workmen to leave good jobs in support of a merely abstract government for not meeting demands and expectations, by issuing inflammatory and hysterical bulletins, by endeavoring to draw the matter into partisan politics. Such methods have been worse than useless. The present campaign is the first sensible one, the first one with any subtlety of method the country has seen.

Whether this latest movement for "peace" is legitimate let the individual decide. This, however, may be said: The newest effort to cut off the shipment of arms and ammunition to Great Britain and France is more clever in conception than any that have preceded it. In the past attempts, some of them very offensive, have been made to obtain results by trying to bulldoze the executive department in Washington into promulgating an untenable interpretation of international law, no matter the government for not meeting demands and expectations, by issuing inflammatory and hysterical bulletins, by endeavoring to draw the matter into partisan politics. Such methods have been worse than useless. The present campaign is the first sensible one, the first one with any subtlety of method the country has seen.

Whether it will be successful is another question. It will not be easy to persuade manufacturers to quit a lucrative business or workmen to leave good jobs in support of a merely abstract government for not meeting demands and expectations, by issuing inflammatory and hysterical bulletins, by endeavoring to draw the matter into partisan politics. Such methods have been worse than useless. The present campaign is the first sensible one, the first one with any subtlety of method the country has seen.

Copper Country

CALUMET PEOPLE LIKE MOLL'S PLAN

Sentiment Is Favorable to Putting a Team in Proposed Two-State Ball League.

If a good, live manager can be procured to handle the team, Calumet will likely see first-class league baseball the coming summer. Calumet fans and business men of the community like the plan of C. F. Moll of Milwaukee to organize a circuit composed of Calumet, Houghton, Escanaba, Menominee-Marquette, Green Bay and Oshkosh.

Calumet has had varied experience in baseball. In the old Northern-Copper league the jumps were not only too long, but the salary list was too high, for the Northern was a Class B league. Then, having a poor team in Calumet, the league failed to give the fans what they wanted in the line of sport.

Now comes Mr. Moll with his plan, a plan which looks good to the general run of the fans and to the businessmen in general. But little or nothing has been done to organize the proposed club and something must be done at once, it is understood, if Calumet is to get into the league at all. It is understood Mr. Moll is taking the proposal up with businessmen with hopes of a fair measure of success.

Calumet has two baseball grounds, Athletic Park, in the Calumet location, where weekday and Saturday ball can be played, and Laurium Driving Park, where Sunday ball has been played in years past. Both have good diamonds and large outfields. Both are provided with good, roomy grandstands and bleachers and both are well lighted. Calumet's only expense, therefore, will be in procuring the franchise and the team, and a team can be gotten together easily. A good manager is the first requisite, of course.

Among Calumet players there are half a dozen or so who will undoubtedly try to make the team.

Bert Larson of Calumet has reported to the St. Paul club of the American association as a member of the regular pitching staff. Larson pitched six games with St. Paul the latter part of last season.

Emil Pertunen and Alfred Harvey of the 1914 Alamek team in the Calumet & Hecla league will play this season with the Terra Haute team in the Indiana-Tribble league.

The Tamarack baseball team will have an entertainment at the Tamarack school the evening of April 30 for the purpose of raising funds.

TOWNSHIP BOARD MEETS.

The Portage township board met yesterday morning for the purpose of making the annual appointments and granting saloon licenses. There were no changes in the appointments, which are as follows:

Attorney—Joseph E. Hambitzer.
Health Officer—Dr. G. A. Conrad.
Special Officer at Hurotown—Charles Cosby.
Superintendent and Sexton of Forest Hill Cemetery—Hugo Krelwitz.
The board granted liquor licenses to the following:

Steve Woydziak, Fred and William Mutter, and Alfred A. Haefler, Hurotown.
John Gramuth, Halfway.
Fred Herlevich, Charles Marold, and John Messner, Dodgeville.
Matt Gasparich, Superior.
Haefler succeeds A. V. Uch in Hurotown and Messner takes the saloon of Joseph Marvar at Dodgeville.

Saloon Licenses Granted—No Change in the Appointments.

German Coffee Cake

Made Without Yeast
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

There is no warm bread quite as appropriate for Sunday morning breakfast as German Coffee Cake, yet it is seldom made by housewives who do not bake their own bread. If K.C. double raisin baking powder is used it will be just as good as if raised with yeast and it will have the further advantage of being fresh and warm. Save this recipe and try it next Sunday.

K C German Coffee Cake

Two and one-fourth cups sifted flour;
3 level teaspoons K.C. Baking Powder;
1 level teaspoon salt; 2
tablespoons melted butter;
2 tablespoons sugar;
1 egg, milk.

Sift dry ingredients together, beat the egg, add milk and butter to the egg to make one and one-quarter cups; stir all together with inverted spoon to a stiff batter. Turn into biscuit pan and spread even. Brush top lightly with melted butter. Sprinkle sugar and ground cinnamon over the top. Bake in moderate oven.

Dutch Apple Cake or Prune Kuchen can be made with this same batter by covering the top with pared and sliced apples, or cooked prunes with the pits removed, skin sides down. Dredge with sugar and cinnamon the same as for Coffee Cake.

"The Cook's Book" contains 90 such delicious recipes. You can secure a copy free by sending the colored certificate packed in 25-cent cans of K.C. Baking Powder to the Jacques Mig. Co., Chicago, being sure to write your name and address plainly.

FAILS TO GAIN SEAT ON THE COUNTY BOARD

Victor Brander Subjected to Violence, It Also Is Reported from Maple Ridge.

Victor Brander, the stormy petrel of upper peninsula socialism, is in trouble again, judging from the reports reaching Hancock anti-socialists regarding his activities at Maple Ridge, Delta county. Victor went to Maple Ridge when it was made rather plain to him that his presence in Houghton county was not looked upon as particularly desirable by certain of the citizenry.

At Maple Ridge Brander again displayed his tendencies as an opportunist. He was never heard of in Houghton county till the strike of 1913 broke out and then he was much in evidence. After leaving Houghton county Brander thought that the leaven of socialism had reached such a stage of expansion in Maple Ridge that it would elevate him into the office of supervisor after a residence measured in days.

The vote Monday, April 5, was forty-nine for Brander to 259 for his opponent, whose name was not received here.

But the bitterness of defeat was not the only sorrow in Victor's cup. It is reported here that on the day before election he was made the occasion of a hostile demonstration, including personal violence, and that a similar incident had him as central figure on the day following election. Originally, Brander was a mild sort of a socialist, but like a lot of others who permit unrest and fancied wrongs to stew in their minds he is becoming more active, if reports and rumors are to be given any credence.

The farmers of Maple Ridge, who have been cutting bolts for the Oshkosh (Wis.) Excelsior company, are reported to have lured their standing with the company through fostering Brander and his ideas to the extent that the company refuses to do business with them longer. There is a belief among copper country people acquainted with the situation in Maple Ridge that ere long Victor Brander will move once more.

Anti-Socialist Meeting.

The first annual meeting of the Hancock branch of the Copper Country Anti-Socialist organization took place at North Star hall Sunday afternoon. Officers were elected, annual reports submitted and there was a discussion of plans to wage a membership campaign. The club now has more than 250 active members who are paying dues, and a approximately 100 honorary members. It is planned to increase the club's membership by 50 per cent. before the end of another year.

John Lindros, a student at Suomi college, was the principal speaker Sunday. Mr. Lindros acquired a reputation as an orator several weeks ago when he spoke at the county demonstration of the organization in Calumet. In his remarks Sunday he urged the club to continue its work and thereby rid the district of an element that attempts at every opportunity to foment discontent among a class of people that wish to live the orderly life of good citizens.

The question of the annual county convention was not discussed, this being a matter that rests with the central committee. The officers elected Sunday follow:

President—Samuel Turja.
Vice President—Abram Ojala.
Secretary—William Freewick.
Assistant Secretary—Alex Strong.
Treasurer—Andrew Braun.
Directors—The officers and Emil Saastoinen and William Johnson.

Officers at Calumet.

The Calumet branch of the Anti-Socialist league elected officers Sunday as follows:

President—N. A. Lempea.
Vice President—Oscar Keckonen.
Financial Secretary—John Kivela.
Recording Secretary—Dr. O. H. Sorvel.
Treasurer—H. A. Kittil.
Executive Board—William N. Soub, Daniel Hirvela and Andrew Jetta.
The society entertained a petition from Mohawk to organize a branch there.

Arrangements shortly will be made for the first anniversary banquet of the Calumet branch.

FORM RELIEF COMMITTEE.

Secretary of State Committee for Relief of Belgians Coming.

Secretary George Price of the Copper Country Commercial club yesterday received a communication from W. E. Burton of Detroit, secretary of the Michigan committee for the relief of the Belgians, stating that Mr. Burton will be in the copper country shortly to organize the relief work here.

Mr. Burton said in his letter that the copper country is one of the districts in the state that as yet formed a relief organization. A Michigan ship will be sent to the relief of the Belgians and other European war sufferers the coming summer, and it is expected that every county in the state will contribute its share.

The idea of contributing potatoes has been advanced by Mr. Burton in an effort to obtain funds. His idea is to have every county in the state ship potatoes to some central market, where they can be sold and distributed. The potatoes could be sold at a little below the market price and the proceeds devoted to the fund for the war sufferers.

It is expected that Mr. Burton will arrive in Houghton some time this week and will start at once to form an organization. The Michigan association is affiliated with the National Association for the Relief of the Belgians.

MAJOR VANDERCOOK RESIGNS.

News of particular interest to the copper country companies of the Michigan National Guard comes from Lansing, that Major Roy C. Vandercok, adjutant general, has resigned to enter the service of the Pere Marquette. Major Vandercok is popular in this district, and his resignation will be learned with regret by the officers and the rank and file of these companies.

JEAN MARGARET FISHER.

Miss Jean Margaret, daughter of James T. Fisher, cashier of the Laurium State Savings bank, died Sunday morning, after a short illness with meningitis. She was seventeen years of age, a girl of fine mental attainments and of much promise. The funeral is to take place from the Fisher home this afternoon.

DEATH OF MICHAEL ROURKE.

Late Hancock Man a Copper Country Resident a Half a Century.

Michael Rourke, seventy-two years of age, of Hancock, died Sunday evening about 9 o'clock, following an illness that covered several months. Mr. Rourke had been a resident of the city for fifty-two years, going directly to Hancock from Ireland in the early days of the town. He is survived by two sons and four daughters. The sons are Michael of Duluth and Jeremiah of San Francisco, the latter a consulting engineer for various copper companies in the West. The daughters are Mrs. Michael Messner of Atlantic, Julia and Mary of Hancock and Hannah of Bay City. Three brothers of Mr. Rourke are Richard of Hancock, John of Minnesota and Thomas of North Dakota. All the children with the exception of Michael were home when the end came. Michael is expected this morning.

Going to Hancock a young man, Mr. Rourke procured a position in the old Hancock mine remaining there two years. Taking advantage of an opportunity to obtain employment at the old Lake Superior smelter, he was promoted steadily until he was made head refiner. Mr. Rourke worked in the smelter for thirty-five years. Of late he had lived a retired life.

AWARDED A BRONZE MEDAL.

Raymond Mihli has been awarded the bronze medal offered through Mrs. L. L. Hubbard by the Colonial Daughters of America to the Houghton High school student writing the best essay

on any subject dealing with the betterment of the town. Forty members of the senior class prepared essays on the subject, and they were assessed on by members of the faculty of the Michigan College of Mines. Mr. Mihli chose for his subject, "Why Houghton Needs a New High School."

VARIOUS MUNICIPAL MATTERS.

Supervisors Meet Today—Healey to Houghton Council—Duncan Contest.

There will be a regular meeting of the Houghton county board of supervisors this morning. Routine business is all that is slated for discussion, other than the election of a chairman to succeed A. D. Edwards.

The Houghton council yesterday appointed James T. Healey, a prominent real estate and insurance man, to succeed Trustee A. Cronellier, resigned. The village appointments offered no changes. The interest centered in the candidacy of former Trustee Cronellier for the office of superintendent of public works, but T. H. Gibson was appointed.

The clerkship contest in Duncan township was settled Saturday by drawing lots. Marvin Brown winning over Ole Naslund. This situation came about as a result of a demand for a recount. Naslund receiving one more vote than Brown at the election April 5. When the ballots were reviewed, it was found that 118 votes were cast for each candidate, Brown receiving 14 in No. 1 precinct and 104 in No. 2, while Naslund received 12 in No. 1 and 102 respectively. The contestants concluded to draw lots, and Brown won.

There will be no recount in Hancock township, the limit having expired Thursday night. The contestant was Matt Mattson who declared that Thomas Major, the clerk, was not chosen according to the election laws. He based his claim on the fact that Major ran on slips, several of which were so large as to cover the name of the candidate for treasurer. Notice of the demand for a recount was filed with County Clerk Kaiser, but no report has been received by him.

DEPUTIES GO HUNTING.

Demented Man Reported Roaming in Woods—Another Larceny Charge.

Deputies Sheriff Vivian and Hosking left yesterday for a hunt in the woods of Laid township. The hunt at this unseasonable time is for a man reported to be demented and roaming in the woods. The man is John Wild, a former employe of the Worcester Lumber company of Chassell. He was reported to the sheriff yesterday by several farmers and the officers were sent out on a round him up. Deputies Vivian and Hosking expect plenty of trouble in locating the man. The woods are still full of snow, and traveling is difficult.

Another theft believed to implicate Lily Skwiercz, at present held in the county jail on a charge of larceny, was reported to the sheriff's office yesterday. W. E. Pope, a salesman employed by the National Cash Register company, reported the theft of two 800 suits from his room in the Roberts' rooming house on Houghton street. Mr. Pope was preparing to leave for Kansas City this week and had occasion to go through his trunk, when he discovered the loss. The matter was reported to the sheriff. Lily Skwiercz was employed at the Roberts' house as a waitress. Mr. Pope advised she can throw some light on the theft. The girl will be tried at the coming term of circuit court.

HOUGHTON RIFLE CLUB.

Scores Made in the Regular Weekly Shoot Saturday Night.

The regular weekly shoot of the Houghton Rifle club was held on the club range Saturday night. F. H. Batchelder led the field in the first shoot with a score of 72 out of a possible 75. In a second shoot, Batchelder and Nancarrow tied for first place, with 71 points each.

The following scores were made:

Name	Prone	Standing	High	Total
Batchelder	24	21	25	70
Feldman	21	21	25	67
Hodgson	24	22	23	69
Peterson	21	24	23	68

FOND DU LAC INTERESTED.

Offers to Place Markers Along Chicago-to-Copperdom Highway.

Copper country motorists are not the only ones interested in the proposed Chicago-to-copperdom highway. The project has met with hearty approval in all towns along the proposed route. An effort will be made to have the copper country end of the road put in first-class condition this year. There is a strong possibility that Baraga county will improve its share of the road also.

Hundreds of motorists in the lower peninsula are planning on making the trip to the copper country this summer to attend the encampment of the Michigan Knights Templar, and practically all of them expect to make the trip by way of Chicago.

A communication has been received by the Copper Country Commercial club from the secretary of the Fond du Lac (Wis.) Businessmen's association. The Fond du Lac association offers to put up markers on the route, if the copper country club will furnish them.

STOP THAT EGZEMA NOW

Instant Relief from that Awful Itching and Burning Pain.

NOX-EMA Does It. There is No Case of Skin Disease, Scaly Skin, Chafing, Chapped Hands, Itching Piles, Which NOX-EMA Will Not Instantly Relieve and Quickenly Heal. Why Suffer Longer?

Send for Free Trial Package—2c Stamp.

It's useless and foolish to stand the tortures, the needless itching, the burning pain of Eczema, when one application of Nox-ema will give instant relief.

Salt Rheum, chapped hands, chafed skin, ulcers, old sores, burns, scalds, sunburn or any of all skin troubles quickly yield to the use of Nox-ema.

No matter how obstinate your case may be—no matter how many remedies have failed, you will find instant relief in the use of Nox-ema. It does the business. All itching and burning stop at once and the tortured skin begins to heal at once.

Nox-ema is sold at 1.00 per package by most druggists or by mail against one receipt of 2c. Address Houghton Laboratories, Milwaukee, Wis. It is sure to give you instant relief if you never found it before.

THE DAILY MINING JOURNAL.

FINE WORK OF CHORAL CLUB.
New Organization Pleases on First Appearance at Auto Show.

The Copper Country Choral club of thirty voices, whose first appearance was made Saturday evening at the automobile show in the Colosseum rink at Calumet, greatly pleased the thousand people who heard the men sing. The chorus is exceptionally well balanced and is made up of the best known male singers of the district. The club's second appearance will be in the Sons of St. George war relief concert at the Calumet M. E. church April 23.

DISCONTINUE CHARITIES.

Hancock Association Feels That It Has Served Its Purpose.

It is highly probable that at a meeting of the officers and directors of the Hancock Association of Charities this week the question of discontinuing the relief work the association undertook early last fall will be considered. With industrial conditions in the district on a normal basis and summer near here at hand, it is not believed the services of the association are as necessary as during the winter months.

The report of the secretary for the month of March, made public yesterday, shows that compared with other months the association has been appealed to for assistance by a smaller number of persons. When the association was organized, a hard winter faced the district, and it was held that if sufficient help could be extended to carry the poor people through until spring they would then probably be in a position to care for themselves. That the association has accomplished its purposes is apparent.

The Cowboys of the Sky. Buck Up with Peerless

When you're slinging rivets five hundred feet in the air, you get that old he-feeling that life is full of good stuff. There's pep and ginger in the game. "Cowboys of the sky" is what they call these keen, alert, structural iron men. And when they like to "buck up" a bit—well, they go for good, full-bodied, rich

PEERLESS Long Cut Tobacco

Put PEERLESS in a pipe and it goes right to the spot with the man who knows real tobacco. Chew it and you get the limit of tobacco enjoyment.

PEERLESS is made especially to suit the sturdy man who wants a natural, full-bodied smoke, or a natural-sweet, satisfying chew.

PEERLESS has been the same fine old satisfying tobacco for 50 years. It is made today just as it was half a century ago, of leaf aged three to five years, which makes it mellow and smooth. It never varies, is always just right because a large reserve stock of leaf is carried to protect this famous old brand.

Stick PEERLESS into your overalls for a week's trial—and you'll always stick to it. Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Packs.

THE AMERICAN TOBACCO COMPANY

Mining News

COPPER RANGE.

The Copper Range company's ownership of Baltic, Trimonountain and one-half of the Champion mine should return larger net profits during the current twelve months than have ever heretofore been shown, and this takes into account the possibility that copper may sell no higher than 16 cents per pound during the remainder of the year. In fact the prediction is made that for the year to end Dec. 31 Copper Range will show larger net profits than were shown during the year in which copper sold up to 25 cents per pound. The company is just beginning to realize the results toward which it has been striving during the past two years, in which period the property had to con-

California Expositions

Here's the chance you've been waiting for—an opportunity to visit California at slight expense.

It's doubly interesting this year, because of the great world's fairs at San Francisco and San Diego.

The Santa Fe is the only line to both Expositions.

Let me send you our illustrated prospectus, containing guide book and Exposition folders and tell you about the cheap fares on the Santa Fe.

LOW fares

From the viewpoint of brokerage commissions, if for no other, it is hoped at Boston that the proposition to increase the shares of the Alamek Mining company from 50,000 to 200,000 will succeed. All indications point in that direction. Director Chabourne, who is the leading spirit in the proposal to increase the stock, is daily in receipt of replies from the shareholders endorsing the suggestion. Mr. Chabourne hopes to receive the endorsement of at least 20,000 shares in addition to the 24,512 shares owned by Calumet & Hecla. A few dissenting letters have been received, but they represent in the aggregate a small amount of stock. The dissenters are in the main not strongly opposed to the change, but merely prefer

CHICAGO PRODUCE QUOTATIONS.

Chicago, April 12.—Butter prices at Chicago today were higher. Creameries were quoted at 22¢ per cent. Eggs were higher. Receipts totaled 16,962 cases. At mark, cases included, eggs sold at 18¢ per cent; ordinary firsts, 18½¢; firsts, 19½¢. Poultry, alive, was steady. Fowls were quoted at 15½¢ cents and springs at 17½¢.

City Brevities

Today's weather: Fair with rising temperature. Yesterday's temperatures: Seven a. m. 27 degrees; noon 29; 7 p. m. 28; highest 34 degrees; lowest 26.

Today is payday and the stores will be open this evening. The Royal Neighbors will meet at 2:30 o'clock this afternoon.

J. Brewer, of South St. Marie, was a visitor in the city Sunday. The Knights of Columbus will meet tonight at their club rooms.

James Hosking, of Munising, spent Sunday and yesterday in the city. John Thomas, of Ishpeming, was a business caller in Marquette yesterday.

E. J. Lohmiller, of Escanaba, was a business caller in Marquette yesterday. J. A. Smith, of Trumountain, spent yesterday in Marquette on a business mission.

Bruno Primeau is home from Anu Arbor to spend the spring vacation at his home. Born yesterday, to Mr. and Mrs. Philip Balwinsky, 437 Blenheim avenue, a daughter.

The meeting of the Visiting Nurse association will be held this afternoon at 2:30 o'clock. Harry Vivian, of Ansonia, Mich., is visiting at the home of Allen Cowden, East Michigan street.

P. J. Hansen and F. M. Lee, of Munising, were visitors in Marquette Sunday and yesterday. Miss Stelle Patrick returned yesterday from Big Bay, where she has been visiting the last few days.

W. W. Walker, general manager of the South Shore railway, was in Marquette yesterday afternoon. Mrs. Marguerite C. Read left last night for Portland, Me., for an extended visit with relatives.

Miss Mildred Kellen is home from the University of Michigan for a visit with her mother, Mrs. H. E. Kellan. A meeting of Superior five, No. 217, L. O. T. M. M., will be held tonight at 7:30 o'clock in Fraternity Hall.

Mrs. Thomas Broad, of Stambaugh, who had been the guest of Mrs. Allen Gowden, left for her home last evening. Mrs. D. C. Peacock and children, who have been visiting with Marquette relatives the last few weeks, have left for their home in Brainerd, Minn.

Ed Stehlin, of Hancock, has arrived in Marquette to take a position as bookkeeper for the Standard Oil company. The Misses Mary Bilkey and Ada Burt of Ishpeming, who were guests at the home of E. W. Wright over the week-end, have returned to their home.

C. J. Neault, who was formerly employed at Siegel's grocery and now traveling for the Day-Bergwall & company, left last night for Milwaukee. R. C. Foglund has accepted a position as second mate of the steamer Andas, one of the fleet of the Cleveland-Cliffs iron company.

Miss Elizabeth Begole, who has been visiting her parents, Mr. and Mrs. F. H. Begole, the last two weeks, has returned to Kenosha, Wis., where she attends school. Archie Heta, of this city, one of the keepers of the DeCoeur light station left Marquette yesterday to begin the season's work. He will be joined in a short time by Mrs. Heta.

A meeting of the Marquette Motor club, called for 8 o'clock last night in the land room of the city hall, adjourned because a quorum was not present. Another meeting will be called at an early date.

M. E. Schlabach, post-office inspector, arrived in the city yesterday from Elgin, Ill., where he has been on official business. He is here for the April term of the United States district court, which convenes today.

Mr. and Mrs. Herman O'Connor, of Holton, Mich., arrived in Marquette yesterday. Mr. Holton was recently appointed United States marshal and is here for the April term of the United States district court, which convenes this morning.

Householders who desire the services of men for house-cleaning work may obtain the labor by applying to the Salvation Army headquarters. The Army has a number of men who desire employment and they may be engaged by telephoning 361-W.

Rev. Dr. Stalker, of Calumet, who has been in Marquette the last few days and is here for the April term of the United States district court, which convenes today, preached Sunday morning at the Baptist church in the absence of the pastor, the Rev. Mr. Mattinson.

A special program will be presented at a meeting of the "M" club of the Marquette High school Friday night. It will be held in the assembly hall of the school. Mrs. Louis Vierling will sing and Mrs. E. G. Rushmore will give several readings. There will be music by the high school orchestra.

Delegates to the Lake Superior presbytery meeting here left for their homes yesterday. The delegates to the annual convention of the Women's Home and Foreign Missionary societies for the upper peninsula have also departed from the city. Both meetings were highly successful in point of both attendance and interest.

W. F. Raven, upper peninsula field agent of the Michigan Agricultural college, arrived in the city yesterday afternoon. During the last few weeks he has been in charge of the special farm train which toured the peninsula, stopping at many farming communities. The exhibits aboard the cars were viewed by many hundreds, and the lectures and demonstrations aboard the cars were heard with great interest.

Tickets on Sale Today—Tickets for the three-act farce comedy, "Potash and Perlmutter," which plays the Marquette Opera House Saturday, will go on sale at Bigelow's at 8:30 o'clock this morning. Reservations will be made for both matinee and evening performances. The matinee will be at 3:30 o'clock.

Board of Review—The board of review of Marquette will convene at the city hall April 19, and on every succeeding

day that week, for the purpose of reviewing the assessment rolls of real and personal property for the present year.

Will Display Warnings—The display of storm and small craft warnings will be resumed by the Marquette office of the weather bureau on April 16. The bureau soon will issue the daily weather bulletins, which are published during the season of navigation.

Recent Births—Births reported recently to the city clerk are: A daughter to Mr. and Mrs. George J. Poman, 604 Baraga avenue; a daughter to Mr. and Mrs. Frank Soucy, 229 West Washington street; a son to Mr. and Mrs. Harlow A. Clark, South Fourth street; and a daughter to Mr. and Mrs. Joseph LaMoria, 325 West Park street.

Tug Passes Inspection—The tug Theora, of the Parker Fish company, examined yesterday by United States Inspectors York and Gooding, passed the inspection, and will today start out for the fishing grounds. The inspectors the last week have been engaged in examining vessels at the Soo and Manistique, and the Theora was delayed in waiting for inspection. The Parker company today will set the first nets of the season for trout and whitefish.

Entertained Their Friends—Mr. and Mrs. William Gaball entertained about forty of their friends Saturday night the occasion having been the twentieth anniversary of their wedding. Cards were played. Mrs. Dexter and Mr. Sandie won the first prizes and Mrs. Magusett and Andrew Forbes, second prizes. The Pythian Sisters and friends of the couple presented them with a

beautiful reading lamp and several pieces of china. Light refreshments were served.

Typoid Reported—Albert Johnson, foreman of the South Shore repair train, is suffering from an attack of typhoid fever. The case was reported to the health department yesterday. Mr. Johnson lives at 518 North Third street. It is believed the disease was contracted while at Marquette, Ga. Mr. Johnson, who also is suffering with the disease, contracted it near Munising. The health department has ascertained.

School Board Meeting—The question of purchasing the lot to the east of the Reidering building on East Ridge street, known as the South Shore property and now held by Dr. J. O. von Zellen, was considered by the board of education at an informal meeting yesterday afternoon at 5 o'clock. The matter will receive formal action at a regular meeting Wednesday or Friday. At that time also the teachers for the coming year will be engaged, and further action relative to the proposed new school building will be taken.

Tax Statements Due—The city assessor is sending notices to property owners or holders who have not made sworn statements as prescribed by law. The law requires that every person owning property or holding property for the use of another shall execute and deliver to the city assessor a true and correct written statement, under oath, in form prescribed by law, of all taxable personal property. The notice says: "If you have no property which is not exempt from taxation, you are required to forthwith take, subscribe and file with said assessor an oath, in form required by law, that you have no property or effects liable to taxation."

INSURE WITH PETER WHITE & CO. KNIGHTS TEMPLAR OFFICERS. Annual Election of Lake Superior Commandery Held Last Night.

At the annual convocation of Lake Superior commandery No. 29, Knights Templar, held last night at Masonic Hall, the following officers were elected:

for the ensuing year: Harvey B. Hatch, eminent commander; W. H. Schweitzer, generalissimo; G. A. Carlson, captain general; C. E. Brainerd, senior warden; O. H. Olson, junior warden; J. H. Kaye, prelate; W. A. Erich, recorder; W. J. Ellison, treasurer; Louis Pondill, standard bearer; P. S. Wilson, sword bearer; F. J. Schultze, warden; F. E. Stolpe, sentinel.

Nothing in Law for Election of Senator

Verdier of Grand Rapids Also Finds Presidential Primary Is Unconstitutional

Lausling, April 12.—But for State Senator Leonard D. Verdier, chairman of the senatorial judiciary committee, the present session of the legislature would have closed, leaving Michigan without a semblance of a law for the election of United States senator and a presidential primary law as ineffective as though none ever had been enacted.

The Grand Rapids state senator is famous for his careful study of legislation and comparison of proposed legislation with existing laws and he remained over a day in Lausling to delve into the primary law and bills amending these laws. In going over State Senator Covell's bill providing machinery for the election of United States senators in event of vacancy the Grand Rapids man was amazed to discover that Michigan has no senatorial election law. Recently the United States constitution was amended to provide for direct election of United States senators, but Michigan failed to provide a law in keeping with this change in the federal constitution. Senator Verdier immediately drafted a bill providing for the election of United States senators just as governors are elected.

Going a little farther into election legislation, Senator Verdier discovered another glaring omission. The presidential primary about which so much has been claimed in Michigan is absolutely valueless. This bill provided for a primary election of enrolled party voters. Now two years ago the primary law was amended to eliminate party enrollment but no amendment to make the presidential primary conform was passed or introduced. The result is that the presidential primary stands with an enrollment qualification and the basic law specifically eliminates the enrollment.

Senator Verdier then drafted a second bill amending the presidential primary to make it conform to the general primary law. These two bills will be given the right of way through the house and senate.

THE MOTORCYCLE IN WAR. Those little motorcycles—we call them the wasps, for they it is that sting us into action, a cavalry officer wrote to the London Times. You're snugly between the blankets and you hear the snorting and buzzing of one coming up the road. You hope he goes on—but no, he's stopped outside headquarters, you hold your breath if he proceeds at once; it's an ill-omen, as he wants no rest but his resuscitated outcrop, and his "turn out"—full parade marching order, first line transports and all. He waits, and after five minutes wriggles on his road coughing and snorting and sparking, and it's all right and you can go to sleep again. The wasps—the beggars always get you on the hop—those are the D. R.'s, or dispatch riders, through whom all our orders come.

GOING AWAY THIS SUMMER?

SURELY you want to go away for change. You want to send the wife and kiddies somewhere, to join the merry pilgrimage of friends and others on pleasure bent this summer. You need a change yourself.

You Can If You Plan, Now Open an account here. Call it your vacation fund. Add to it regularly for a few weeks; have the wife and children save, too. Then soon your dreams of an ideal outing will come true.

Hupmobile

CAR OF THE AMERICAN FAMILY

Ask the Woman Who Drives

One woman who drives a Hupmobile, spoke for all others when she said: "I feel when I am driving the Hupmobile as though I were a part of the car—or as though it were a part of me."

She meant, of course, that the Hupmobile responded immediately to every impulse or direction she gave it.

She meant that it is always as easily and completely under her control as her own movements.

She meant that she always feels safe and sure and secure, because she always knows exactly what the Hupmobile will do under any and all circumstances.

A woman knows, for instance, that the Hupmobile motor will not stall—and because it can not, therefore it's safest.

She knows the turning radius of the Hupmobile is remarkably small for a car of its length. That makes it easy to handle.

With a wheelbase of 119 inches, the Hupmobile will circle in a 40-foot street.

The motor is so flexible that she gets along with a minimum of gear shifting.

The steering is so easy that a child can guide the car almost without effort.

The driving seat is made with a scientific regard for her comfort—with a high, restful back, and the seat cushion tilted at precisely the right angle.

She gives no thought to emergencies which might require repairs, because she knows that repairs are so few and far between that they can safely be forgotten.

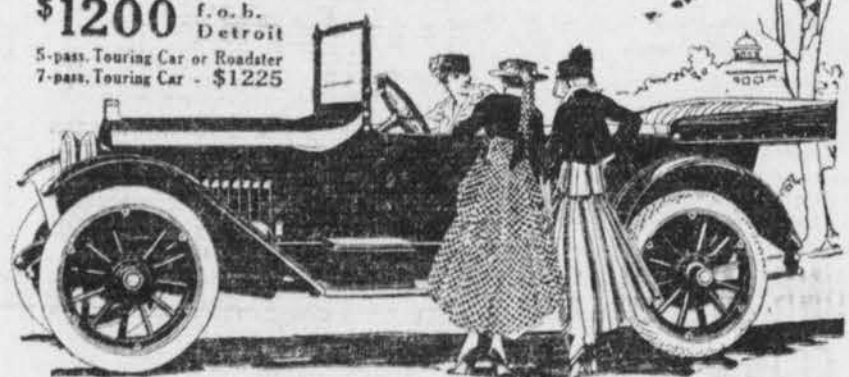

The Hupmobile is always a source of pleasure to the woman who drives—or the woman who rides.

That's why in every Hupmobile home there's a woman who is a Hupmobile enthusiast.

Let us give the Hupmobile merit-test at your convenience.

NEW YORK EASY PREY TO HOSTILITIES

Senator Tillman Says Enemy Could Wreck Skyscrapers in Half an Hour.

Washington, April 12.—"A fleet of English or German battleships making an attack on New York could destroy several billion dollars' worth of skyscrapers in a half hour's bombardment, and steam away again with but little damage, as far as the defense is concerned." That was the statement of Senator Benjamin B. Tillman, of South Carolina, chairman of the senate naval affairs committee, in an interview.

MORE STRENGTH FOR OLD PEOPLE

Mrs. Hutchison—Eighty-One Years Old—Uses No Other Tonic but Vinol and Recommends It to Friends.

Greenville, S. C.—"It is with pleasure I tell others of the great benefit I have derived from Vinol, for the past several years. I am 81 years old and find Vinol gives me strength, a healthy appetite and overcomes nervous disorders. Vinol is the only tonic reconstructer I have used for several years. I have recommended it to a great many of my friends and it has always proved satisfactory."—Mrs. M. A. HUTCHISON, Greenville, S. C.

Such cases as the above are constantly coming to our attention. If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

It is the tissue building, curative elements of the cod's livers, aided by the blood making strengthening properties of tonic iron contained in Vinol, that makes it so successful in building up strength for old people, delicate children and for all run-down conditions. Vinol is also a most successful remedy for chronic coughs, colds and bronchitis. If it fails to benefit any one who tries it we return your money.

The Stafford Drug Co., Marquette, Mich. By F. P. Tillson Drug Co., Ishpeming, and in Neegaunee by J. E. O'Donoghue, druggist, and all leading drug stores everywhere.

NEW YORK MAN FINDS LONG LOST BROTHER.

Harry Robinson, Insurance Man, Ends Successful Search After 28 Years.

Chicago, Cal., April 12.—A search for a lost brother that has lasted for a number of years, and which has carried him to all parts of the United States, ended recently at the Morrison hotel in Forest ranch, when Harry Robinson, wealthy insurance man, with offices in New York city and a home in Chicago, located his brother, Garrett Robinson, whom he had not seen for twenty eight years.

TAKE CARE OF THE CHILDREN

A lingering cold, distressing cough, sleepless nights, a raw, inflamed throat lead to a run-down condition in which the child is not able to resist contagious diseases. Foley's Honey and Tar is truly healing and prompt in action. It relieves coughs, colds, croup and whooping cough. Contains no opiates. Sold everywhere.

STOCKS MARK RECORDS ON N. Y. FREE MARKET

War Contracts Boost Prices of Securities in Some Industries.

New York, April 11.—The anticipated activity and strength of the stock market fully materialized. The general undertone on the stock exchange has been exceedingly strong, some prices reaching record levels, while a few receded under the temptation to take handsome profits.

In some of the industrials, particularly those in receipt of war contracts, there have been violent advances, which exposed the wide margin of their reactions. On the other hand, a few of the industrials are feeling the effects of prolonged trade stagnation, which have already caused the reduction or passing of dividends. These unfavorable conditions have, however, exerted their full effect, and the market is now chiefly occupied in discounting the war movement and the approach of peace.

Export Trade Enormous.

Our own foreign trade has been seriously disturbed by the war than is generally supposed. "Imports are going steadily behind, thus swelling the excess of exports. The latter would also have shrunk considerably had it not been for the large shipments of food products, war materials and the partial recovery in cotton shipments. During the seven months ending Jan. 31, these remarkable decreases occurred in our exports: Cotton, \$275,000,000; machinery, \$64,000,000; steel products, \$59,000,000; copper and manufactures thereof, \$35,000,000; mineral oils, \$11,000,000; tobacco, \$10,000,000; naval stores, \$7,000,000; electric machinery, \$5,000,000, and cotton goods, \$4,000,000. These losses were almost entirely due to the war. They were partly offset during the same period by increases of \$199,000,000 in breadstuffs, \$24,000,000 in horses and mules, \$12,000,000 in leather, \$10,000,000 in wool manufactures, and large shipments of war materials.

A further list of the effect of the war upon our foreign trade is illustrated by decreases of \$215,000,000 in our exports to Germany, \$29,000,000 to Belgium, \$10,000,000 to Russia, \$11,000,000 to Austria-Hungary and \$38,000,000 to Canada; while our exports to Great Britain increased \$45,000,000 to Italy \$40,000,000, and to France \$33,000,000. At the moment export demands for grain and cotton appear to have reached their apex and are temporarily at least on the wane. This of course would tend to keep down the big foreign credit balance here and encourage more normal conditions in foreign exchange.

\$200,000,000 Stays at Home.

Heavy shipments in war materials are forcing into the international trade account. Another important factor which will have to be taken into account in the annual remittances for tourists, usually estimated at about \$200,000,000. This sum will not be sent abroad this year, but will remain at home, much of it to be distributed among American railroads, hotels and summer resorts.

Further evidences are coming to the surface that the war has affected affairs here. Quite a number of instances prove that earnings are making better reports and net results are more promising. This is true both as to some of the eastern properties and also as to lines running through the south, which were temporarily crippled by the backward cotton movement. The western roads have been materially aided by agricultural prosperity, and the transcontinental roads expect to benefit by the large travel which the Pacific Coast exhibition will attract this year.

U. S. WILL MAKE DYES.

Washington, April 12.—American chemical companies are bending every effort toward supplying textile mills and other industries using artificial dyes with home products to replace German dyestuffs, shut off by the European war.

COCONUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid coconut oil (which is pure and entirely greaseless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifid coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

The simpler dyes, which heretofore was purchased in Germany at a cost of \$12,000,000 annually, will be turned out in the United States. The more complicated chemicals, however, will require a greater length of time to develop.

Thomas H. Norton, U. S. commercial agent, estimates that American coke ovens are wasting annually \$100,000,000 in by-products that could be saved and employed in other industries, it having been preferred heretofore to spend upon German chemicals rather than to develop an American dyestuff supply. The American coke industry, he states, could produce twenty times as much coal tar as the world needs for dyes.

Upper Peninsula

Verdict of Jury Is Manslaughter.

The circuit court jury in the case of Victor Anderson, charged with having caused the death of Oscar Johnson at Iron Mountain, returned a verdict of manslaughter after hearing out nearly thirteen hours. Shortly before the verdict was reached the jury asked permission to go to the saloon of Emil Carlson, where the tragedy took place, and the request was granted.

Will Be Interpreter in Kentucky.

Justice of the Peace Charles O. Jackola of Calumet has been requested to act as interpreter in the Webster county circuit court at Dixon, Kentucky, during the trial of William Hellenis against the Western Kentucky Coal company. The case appears to be a personal injury suit and is apparently attracting a deal of attention.

Majorities Whittled Down.

While they did not carry the city election for the principal offices last week, the Democrats of St. Ignace take satisfaction in the fact that the majorities of the Republicans a year ago were whittled down. The winners this spring, in addition to Mayor Walter G. Wing, re-elected, were: Clerk, Clarence W. Rogers; treasurer, Eustache L. LaRoque; supervisors, Wm. McCauley, Thomas Taylor, John Murray, Louis Goudreau; aldermen, C. Eric Johnson, Fred H. Johnson, John L. White and Frank Wheeler, tied, James LeFevre. Last year Mayor Wing was given a majority of seventy-nine, Clerk Rogers 103 and Treasurer Highstone eighty-one. This spring the largest majority recorded is forty-six. Messrs. Murray, Goudreau, Amotte and LeFevre are Democrats, the other candidates Republicans.

See City Offices in Eager Quest.

Although the out-going council at the Soo cannot take action on applications for positions with the municipality, it has been flooded with them. The new council will hold its first meeting next Monday night. For the office of sanitary inspector and meat inspector, there are four applicants: S. W. Kirvan, Thomas A. Leigh, Robert Prosser and D. Armstrong. Mr. Armstrong is seeking reappointment. Mr. Kirvan's application has attached to it a petition signed by fifty of the Soo's most prominent businessmen. There are five important appointments to be made this year. The officials whose terms expire are: City Attorney Francis T. McDonald, City Engineer C. H. McIlhenny,

Restrictions Put on Burning of Brush.

Farmers in Calumet township, Houghton county, who desire to burn brush and refuse in clearing lands must hasten to get the work completed, if they are planning to do so this spring. Last fall the township passed an ordinance prohibiting the starting of such fires during the spring months, after April 15, without the express permission of the township authorities. Inasmuch as Thursday is April 15, not much time remains for such work. The purpose of the township board is to place restrictions which will prevent the indiscriminate starting of fires which have been a fruitful cause of forest fires in recent years. The board does not intend to prohibit the starting of fires completely, and when proper application is made, and conditions warrant, it will grant permission. It will be necessary for the farmers to have ample forces on hand to prevent the spreading of the fires, however.

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Relieves Sourness, Gas, Heartburn, Dyspepsia in Five Minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite. It makes you take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

Fire Chief Henry O'Jibway, Superintendent of Streets P. Brady, and Water Commissioner Kenneth McLay.

Curfew to Ring at Rockland. Rockland will have a curfew beginning May 1. All children under sixteen years of age found on the streets after 9 o'clock without legal guardians will be placed in jail to spend the rest of the night. On the second offense, a fine of \$10 will be imposed upon the parents. The law is to be enforced.

Cremeries to Be Enlarged.

A. J. Buss has given to Paul Sauter a contract to erect a two-story addition to the Buss creamery at Ironwood. The addition, which will be of solid brick and concrete, will be 32,500 feet in size and will be used exclusively for creamery and storage purposes. When the addition is completed, the Buss creamery will have floor space amounting to 6,360 square feet. Increasing business makes more room necessary.

Matchwood Hen Is Champion.

What we believe to be the champion hen for the laying of large eggs in these parts is a barred Plymouth Rock, one year old, owned by Mrs. William Vivant of Matchwood, says the Even Press. The egg measures 6 1/2 x 7 1/2 inches and is the fourth large egg laid by this hen. The egg is now on exhibition at this office—for a short time only, as we do not intend to let anything like this spoil at the present price.

1,600 Tulips in Village Garden.

Red Jackey's municipal "green," a little plot of ground owned by the village, will soon present a scene of splendor. Last fall 1,600 Holland tulip bulbs were planted in the center of the plot by John Bastian, the caretaker, and under the influence of the warm rays of the sun the last few days little green shoots have just broken through the ground. It is estimated it will be about a week or ten days, if the weather continues favorable, before the spot will be a veritable mass of colored blossoms.

Ontonagon County Board.

There are two new members on the Ontonagon board of supervisors, John C. Hall of Greenwood township and George Hardes of Interior township. The board now stands: Bergland—Ed Erickson. Bohemia—E. Ronsson. Carp Lake—J. H. Wilcox. Greenwood—John C. Hall. Haight—C. E. Peck. Interior—George Hardes. Matchwood—D. A. Kooker. McMillan—J. F. Foglesong. Ontonagon—Wm. Krohn. Rockland—Joseph Bebeau. Stannard—N. Pelkko.

Mayor and Council at Odds to Last.

The year's tension between the council and the mayor of Crystal Falls was continued to the last moment, as was evidenced when Mr. Gaffney appointed an assessor and a city attorney and neither was confirmed. Aside from this, says the Drill, Harry Fraser, who was deposed from his office by Mayor Gaffney and to succeed whom no appointee was named, put in a bill for services amounting to \$550 and had it passed upon favorably by the council. The mayor's choice for assessor was J. E. Fidd. Mr. Gaffney appointed Hon. M. H. Moriarty as city attorney. Neither Mr. Udd nor Mr. Moriarty sought the nominations. Mr. Fraser's bill for \$550 was for attorney fees.

Copperdom to Have Clean-Up Day.

The Copper Country Commercial club, co-operating with the state fire marshal's department, has fixed May 3 as cleanup day. A campaign will be conducted in every town and it is hoped to make the effort a bigger success than has ever attended a similar movement in the district. Pamphlets containing suggestions relative to cleaning, painting and otherwise improving the appearance of the home and town will be distributed among 16,000 copper country residents, and 2,000 buttons bearing the slogan, "Clean up, paint up, live up," will be distributed among the school children. Community contests have been suggested, and it is likely the businessmen of each town will offer prizes in this connection.

Demands Sheriff Enforce Laws.

The Iron County Welfare association has decided at a meeting held at Iron River to dispense with the services of a manager and put the entire responsibility for the enforcement of the laws up to the sheriff. The county becomes dry May 1. The meeting was attended by a delegation from Crystal Falls which included D. M. Ross, Supt. W. D. Hill, Captain W. J. Richards, Chas. H. Watson, Frank Scadden, Harry Anderson, Isaac Anderson, John Soderman, Andrew Ostrand, H. Poulson, Rev. M. Coombe and Rev. Mr. Davis. The question of the ability or of the inclination of the sheriff to enforce the laws was brought up and it was decided that a delegation should attend the next meeting of the county board and the matter be then taken up with that body and the sheriff direct. Baxter Brown, who managed the campaign for the

MAKES HIM FEEL LIKE HE

"I suffered from kidney ailment for two years," writes Mrs. M. A. Bridges, Robinson, Miss. "I commenced Foley's Kidney Pills about ten months ago. I am 61 years of age and feel like a 16-year-old girl." Foley's Kidney Pills invigorate weak and deranged kidneys, relieve backache, rheumatism and bladder trouble. Sold everywhere.

Farm Experts Shows His Worth.

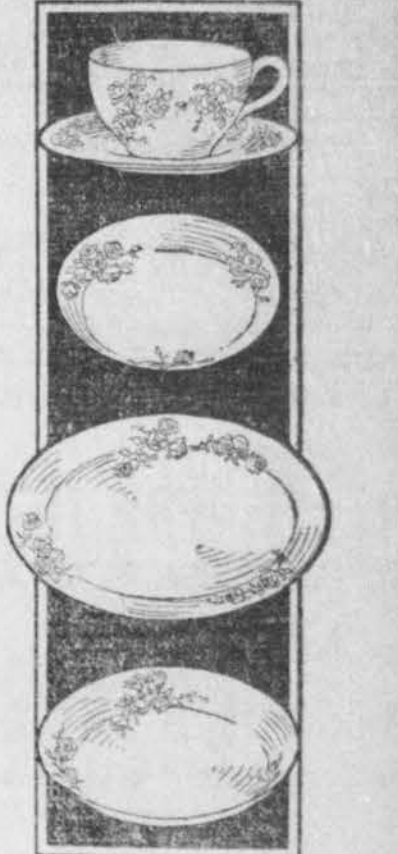

County Agriculturalist Hoopergarner made a lucky discovery when, while inspecting potatoes at the farm of John Johnson in Mastodon township, he discovered a number of tubers affected with powdery scab, reports the Crystal Falls Drill. This is the dread potato disease that caused a federal quarantine to be placed upon the state of Maine and part of New York. Mr. Johnson got his seed from Milwaukee last spring and it is supposed that the disease came with that seed, for it has been discovered at no other place in the county. Mr. Hoopergarner is making especial effort to locate more of the disease, but to date has found none other. The affliction was discovered just in time, for had the seed been planted and the disease spread through the county it is certain an embargo would have been placed upon Iron county potatoes. A sample of the diseased potatoes was sent to Washington, D. C., and to Lansing.

County Board Loses Many Members.

Out of a total membership of twenty-five, fewer than one-half of the supervisors who constituted the board of supervisors of Gogebic county in the past year were re-elected last week. Of the old members re-elected, three are from the city of Ironwood, three from the

You Get These Genuine China Dishes FREE

If you check up the number of bottles used you will find Foley's Honey and Tar in greater demand than any other cough medicine. It is safe, prompt and effective for colds, croup, hoarseness, bronchial coughs, throat trouble and la grippe. It contains no opiates and is the preferred cough medicine for children. Sold everywhere.

About three weeks ago one of J. H. Dickson's roosters got into a fight and came home all bloody and eyes closed and one of the hens became despondent and jumped on the piling fence and hung herself, but her sister broke her neck and I doctored the rooster and got him all right, and the next week, he got into a fight again and came home all done up, and so the same hen saw him and went to the same place and hung her self again, but this time we failed to see her in time, as she was alone when I doctored the rooster and got him dressed her. We had her for dinner. This hen was laying every day. Mr. Dickson and my father subscribe for your paper, and they were both witnesses to this.—Hernando Co, Memphis Commercial Appeal.

CHAUTAUQUA TO BE HELD IN JULY

Proposed Dates, 21st to 26th, Are Approved by Committee of Business Men.

The Lincoln Lyceum Bureau has notified the business men who signed the guarantee contract that the Ishpeming chautauqua will be held here in July, opening on the 21st, and closing on the 26th. The committee yesterday approved these dates.

An organization, with Frank P. Needham as chairman and E. J. Townsend as secretary, was effected. The committee will meet again next month, when P. C. Marcellus, the bureau's representative, will be here. Steps will then be taken to sell tickets and make other preliminary arrangements for the chautauqua.

Yesterday Mr. Needham was instructed to appoint two committees, one to secure grounds and to arrange for the necessary lights and the other on entertainment. About forty of the Ishpeming business men have signed the contract, each agreeing to subscribe \$10 to meet the deficit, if the receipts are not sufficient to defray the expenses.

The committee believes that the chautauqua will be a financial success this year, as it is expected that there will be considerable improvement in industrial conditions before July.

Secretary Townsend was instructed to write the bureau for details of the program. A tentative program was submitted some weeks ago, but it is expected that a number of changes will be made.

CONCERT AND DANCE.

Members of Tabitha Club Will Entertain at the Anderson Hall.

The members of the Tabitha club invite their friends to attend their concert and dance this evening in the Anderson hall. The entertainment will commence at 8 o'clock and the admission will be twenty-five cents. The following program will be given under direction of Mrs. George Voelker: Selection, Apple Blossoms; Hayden's Orchestra; Group of Songs, "One I Love," French "I Know a Little Nook"; Vannah Mrs. R. A. Burke; Reading, Toussant Overture; Miss Emma Toussaint; Tenor Solo, The Erl King; Schubert; Dr. E. G. Robbins; H. W. Petrie; Piano Solo, Au Revoir; Lichner; Rhea Skud; Soprano Solo, My Heart at Thy Sweet Voice, from Opera of "Samson and Delilah"; Saint Saens; Mrs. Henry Holm; Violin Solo, Recreant, from Jocelyn; Harry Bottrell; Bass Solo, The Sea Is Calling Me; Mr. Fred C. Bennett; Reading, Kate Shelly; Hall; Mrs. Will Hebbard; Recitative and Aria, "Roberto, to the adoro"; Meyerberg; From Opera Robert II Diavolo; Mrs. R. A. Burke; Soprano Solo and Chorus, Innamorato; Rossini; From Stabat Mater; Mrs. Henry Holm, Soloist; Sopranos Misses Louise Lior, Louise Routhier; Altos, Misses Adele Lior, Emma Toussaint; Tenors, Messrs. Hall and Levesneur; Basses, Messrs. Lior and Bettison.

ISHPEMING IN BRIEF.

Arvid Hendrickson, who has been a student at the University of Michigan, Ann Arbor, since last fall, arrived home yesterday.

Mrs. George Voelker announces the opening of her mid-spring term in vocal culture and piano for Tuesday of next week, April 20.

Mrs. John Lemm, Jr., was tendered a social surprise Saturday afternoon at her home, 144 Barr street, by a number of her lady friends.

The members of the Woman's Home Missionary society of the M. E. church will meet with Mrs. James Treiblock, North Third street, this afternoon, at 2:30 o'clock.

Members of the Young Men's Christian association interested in tennis are asked to meet in the secretary's office this afternoon at 5:15 o'clock to organize a club for the coming season.

"Dick" Johns, a former resident, who has lived at Gwin for the past several years, left last night for Butte, Mont., where he has a job in sight. He was accompanied here from Gwin by Sid Harvey and Will Lavers.

Mrs. Andrew Sandberg, who spent the past two weeks visiting her son, Charles, and family in Chicago, arrived home Sunday. Mrs. Sandberg's son, Arthur, who travels in the west, spent a week or more with her in Chicago.

The funeral of the late James El. Rott, who died in Two Harbors last Friday, was held yesterday afternoon from the home of his father-in-law, William C. Uren, of East Division street, under direction of the Ishpeming Masonic society.

Dudley McLaughlin and Miss Anna Turney, of Cleveland, O., who visited Edward Coughlin and family last week, have departed for their home. Mr. McLaughlin and Miss Turney are soon to be married. She is a well-known milliner of Cleveland. Mrs. Coughlin entertained with a dinner for them Sunday. Covers were laid for twenty.

Mrs. John McDonald entertained in honor of Mr. McLaughlin and Miss Turney, Sunday evening.

Now is the time to join the mid-spring term in vocal culture and piano, which commences Tuesday, April 20, Mrs. George Voelker. (4-13-15)

Mrs. Voelker's mid-spring term in vocal culture and piano opens Tuesday, April 20.

O'DAY IS PLAYING SENSATIONAL BALL

Former Ishpeming Man Is a Fixture on Second With St. Joseph, Mo., Team.

"Hank" O'Day, the former Ishpeming ball player who was known here as "Bill Clark," is proving a sensation with the St. Joseph, Mo., league team, and he has already "cinched" the second base position. The St. Joseph squad is composed of twenty-nine players, but a number of them will be let go before the season is far advanced.

In two games against the Indianapolis team of the American association, played last week, O'Day was the star. The first game was a tie, 1 to 1, up to the ninth inning. O'Day came to bat in the last session, with a man on second, and hit the ball for two bases, sending in the winning run.

In the second game, which was won by Indianapolis by a score of 9 to 2, O'Day made four of the six hits credited to his team. He also had two putouts and four assists to his credit and played an errorless game. He heads the batting list.

In a letter received yesterday by Steve Simons, former manager of the Ishpeming team, O'Day writes that he has made some impression and he hopes to continue the good work. The St. Joe News Press gave him a big sendoff for his playing in the first game, which was won by his two-base hit, and its reference to his work in the second game was as follows:

"Hank O'Day was the cynosure of all eyes by his exhibition of batting strength that is surpassed this training season only by the work of Frank Withrow last Saturday in reaping three triples and a single off Kansas City. O'Day certainly had the opposing pitchers figured out, for he was the only drummer who could hit them. Out of five times up O'Day got four hits, which amounted to two-thirds of the Hollanders' swat."

Pittsburgh Wanted O'Day.

Last season a scout from the Pittsburgh team spent ten days at Moosejaw, Can., where O'Day was playing second base in the Canadian league, looking him over. O'Day did not know that the scout had been there until after he had left the city. He was favorably impressed with O'Day's playing, but he reported that O'Day was too light and too small for the team.

TWO DEATHS AT KENTON.

Mrs. Helen Granger, one of Kenton's best-known residents, died Saturday night from a complication of diseases, from which she had been suffering for some time. She was sixty-seven years of age and is survived by her husband, four sons and three daughters. The body was shipped to Eau Claire.

Wis., where the family formerly lived, for burial. The family moved from there to Kenton some fifteen years ago. Mrs. Elizabeth Hanby, another well-known resident of Kenton, died Sunday morning at the home of a friend, Mrs. Mowen, on a farm two and one-half miles outside the town. Mrs. Hanby left Kenton Saturday afternoon to walk to the Mowen home. She collapsed from heart weakness soon after reaching the house and died a few hours later. Mrs. Hanby was fifty-six years of age and is survived by her husband. The funeral was held at Kenton yesterday.

NOT OFFENSIVE TO JEWS.

"Potash and Perlmutter" Said to Be Best Jewish Play Ever Produced.

The American Hebrew, in a long glowing description of "Potash and Perlmutter," the offering at the Ishpeming theater tomorrow evening, said: "There is nothing mean about Abner, nothing cringing about Mavrus. This is the good quality of the play from the Jewish point of view, and there is no reason to be ashamed in any way of this presentation of the business and home character of these very human personalities. The high-brow votaries of culture may hold their pompadour boxes to their nostrils, but New York Jewry will, for many a month to come, laugh at and with Abner and Mavrus. New York has not seen for a long time a Jewish play of such an attractive kind as 'Potash and Perlmutter.' While it hits off the more laughable characteristics of the ordinary type of the Jewish clothing manufacturer, it does justice to his sterling and human qualities. It is full of good-natured laughs and thus fulfills the chief aim of the up-to-date farce."

VOELKER-STARK NUPTIALS.

Well-known Young Couple United in Marriage Yesterday Morning.

"America," the spectacular production at the New York Hippodrome, will be shown this afternoon and evening at Ishpeming theater. Much interest is shown in this picture, which is in

Responsible Methods

Our conception of Ideal Service is a service that offers to patrons every accommodation consistent with security and strength.

Every transaction is subjected to careful consideration and is guided in spirit as well as in letter by the laws and ideals of responsible banking methods.

Long experience with the commercial and financial needs of Ishpeming has enabled our officers to guide this intensive service for the best interests of all patrons.

Nearly All Men

Are About to Buy Their New Spring and Summer Suits.

Every man wants the best for the money, and every good store endeavors to give the best for the money.

There is no way in which the men's suits we are now showing could, humanly speaking, be made better for the price.

There may, indeed, be other suits equally as good, but, candidly, we do not know of them.

We have reason to know, however, that our specifications for the making of men's ready-to-wear suits demand more from tailors than do most other stores.

The more we see of these Spring Suits for Men and Young Men

the better satisfied we are that extra care upon which we insist has been exercised in the making of them.

These suits this year are sincerely believed to be the best we have ever accomplished in having clothes made better without adding to their prices.

Ours are Popular Prices --- \$15.00 to \$25.00

TURN SOLDIERS INTO FARMERS.

With praiseworthy provision, the Colonial institute has been busy itself with the inevitable problem of the employment of former soldiers after the war.

Earl Grey, who presided over a recent meeting of the institute which was called to consider this matter, said:

"In the opinion of some of the best authorities the ranks of the unemployed may be increased suddenly at the end of the war by 200,000 men or more, who, if no satisfactory employment is found for them, will be a source of weakness and danger to the state.

"The meeting over which I presided passed a resolution requesting the council of the institute to appoint a committee to look into the whole question and to consider the best steps to be taken with the view of securing the co-operation of the imperial and dominion governments in a joint scheme for settling former soldiers and sailors with their families upon the land.

"My own views are that there should be, if possible, a central registry in Lon-

don of the lands available for settlement in all parts of the empire, including the United Kingdom, so that former soldiers and sailors should be able to ascertain the conditions on which land might be obtainable in various parts of the empire.

"If the various self-governing provinces and states and dominions would agree to pool their available lands in some joint scheme for the benefit of the men who have risked their lives for the empire, the prospect before us would be less gloomy than it is at present.

"As to the cost," said Earl Grey, "it should be infinitesimal compared with our war expenditure."—London Chronicle.

BETHLEHEM STEEL AGAIN MAKES A NEW HIGH RECORD

New York, April 12.—Irregularity which bordered upon reaction towards the close was the dominant note of today's stock market. In the final hour Bethlehem Steel once more became the center of a feverish buying movement, which sent the price up to 125, all of eight points above its previous record figure. The stock closed at 124, a net gain for the day of sixteen points. As

COUNCIL GRANTS LIQUOR LICENSES

Permits Given O. Rule and O. LaCombe in Place of I. Walkama and H. Heisel.

The applications of eighteen of the twenty saloon keepers engaged in business in Negaunee were favorably acted upon by the common council at its meeting last evening. Isaac Walkama and Henry Heisel were the dealers to whom licenses were refused. The applications of Oral J. LaCombe and O. Rule were accepted instead. The licenses will take effect May 1.

Prior to a year ago, Mr. LaCombe was one of the city's best known saloonmen. Last year he lost his license by a vote of five to six, after his application had been considered twice. Mr. Rule will conduct a saloon in the stand now occupied by Henry Heisel. He has been employed by the latter for the last year.

GRANDMOTHER KNEW

There Was Nothing So Good For Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Hayfever, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frost Bites, Cuts of the Chest (it often prevents Pneumonia).

At your drugist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

WHEAT MARKET FIRMER BUT CLOSURE UNSETTLED

Chicago, April 12.—Bulls had the advantage today in wheat. Exporters were buying new crop futures, and it was apparent that cargoes of the old crop would soon be moving freely over the great lakes. The market closed unsettled. Final prices were: May wheat, 157 1/2; July wheat, 124; May corn, 73 1/2; July corn, 76; May oats, 57 1/2; July, 54.

Mining News

OSCEOLA.

President Agassiz of the Osceola Mining company says:

"There has been a good deal of comment lately as to the low yield of copper per ton of rock from the North Kearsarge branch of the Osceola Consolidated Mining company, the inference rather being that when the South Kearsarge branch is worked out the Osceola Consolidated would have to face getting the bulk of its product from ground which yielded only about 12 1/2 pounds of copper to the ton. Copper content per ton of rock is necessarily a variable quantity, as shown by the results of the last six years, as follows:

Year	Lbs. copper per ton of rock
1909	16.85
1910	14.88
1911	12.58
1912	12.81
1913	14.52
1914	12.42

"The yield for the past four or five years has been lower than for the time previous to 1910, owing to the fact that for the years 1907 to 1909 there were a number of rich stopes in No. 1 which contributed largely to the high copper returns at that time. These stopes have now been worked out. However, the workings in No. 4 have not reached the depth necessary to encounter the rich ground found by Allouez and Almek.

"The management sees no reason at this time to modify its estimate made in 1910 that the North Kearsarge would probably last in the neighborhood of forty years and have an average yield of 14 1/2 pounds of copper to the ton. Owing to improved methods of milling and lower mining costs, it is possible to mine at a profit rock of a grade that

ROBBER ARRESTED.

Nick Pelto, Who Entered Residence at Diorite, a Bad Character.

Deputy Sheriff Charles Brown, of Diorite, yesterday took Nick Pelto, of that place, to the county jail at Marquette, to await the opening of the May term of circuit court, during which he will be tried for burglary.

Pelto returned to Diorite Saturday afternoon, after having been ordered out of the township by the deputy sheriff. About 4:30 p. m. he broke into and burglarized the home of Frank Priztle, taking a gold watch valued at \$50 and \$30 in cash. He was arrested that night, and the watch and \$20 of the money was found on his person. Pelto waived examination before Justice of the Peace S. Aho, of Diorite. Diorite residents are of the opinion that Pelto was concerned in several robberies and other depredations committed there within the past year.

LOCAL LACONICS.

L. J. Patok, of Ironwood, is in the city.

R. S. Archibald went to Marquette yesterday.

Sheriff Moloney was here from Marquette yesterday.

George Rodell spent yesterday on business at Marquette.

J. M. Edgerton was a business caller at Marquette yesterday.

Charles Brown, deputy sheriff at Diorite, was in the city yesterday.

Thomas Pellow has gone to Detroit, to spend a few days on business.

Oscar Huber, of Champion, was a business visitor in the city yesterday.

A meeting of the Owls society will be held Wednesday evening at 8 o'clock in Williams hall.

W. D. King, proprietor of King's Inn, departed yesterday for a few weeks visit at Detroit.

Harry W. Jackson has returned from a few days business visit at Escanaba and Gladstone.

Dr. John Winter, who spent a few days here visiting with relatives, has returned to Duluth.

Mrs. Con Curran and children are here from Green Bay, Wis., on an extended visit with relatives.

George Barry, who spent the week-end here visiting with Joseph E. Stuess and family, has returned to Grinn.

Two men were sent to Marquette yesterday by local justices to serve terms in the county jail for being vagrants.

Paul Bell, who is a student at the University of Michigan, is home to spend the spring vacation visiting with his folks.

George Price, teamster for J. H. Sawbridge & Son, is confined to his home on Peck street with a severe attack of the grip.

J. H. Sawbridge & Son advertise in this issue special prices on felt mattresses, a large stock of which has just been received.

William Davey left yesterday for Maple Ridge, to spend a few days on business for the Consolidated Fuel and Lumber company.

Miss Cassie McPherson, who has been visiting with C. A. Johnson and family for the past two weeks, has returned to her home at Duluth.

Joe Aker has returned from Iron Mountain, where he spent a few days on business for the Peter Schloenbaffen Brewing company.

Miss Lillian Boucier, night operator of the Michigan State Telephone company, is confined to her home on Case street on account of illness.

Rev. H. A. Buchholz, pastor of St. Paul's Catholic church, has gone to Escanaba, having been called there because of the death of his sister, Mrs. Ahernstein.

Clyde Lundahl has returned to Escanaba, after spending a few days visiting with S. S. Thomas and family. Mrs. Lundahl will remain here some time longer, visiting with her parents.

William A. Kenny, of Lakeside, and Mrs. Lucinda Fields, of Appleton, Wis., were married last Friday evening at the Methodist Episcopal church by Rev. R. L. Hewson.

Miss Agnes Hewson and Maynard Fields were the attendants.

Mr. and Mrs. William H. Nicholas, who are among the oldest residents of Palmer, were surprised by about twenty of their friends at their home Saturday evening. The occasion was Mrs. Nicholas' seventieth birthday, and she was given a number of beautiful presents.

Raleigh Baum, the former Escanaba baseball player, who played last season with the Cadillac team of the Southern Michigan league, has gone to Keokuk, Ia., where he will be a member of the league team. Baum is well known to Negaunee fans, he having been a member of the Escanaba team in the Marquette & Delta county league.

A woman who wore a polometer for one month found she had walked 400 miles during her household duties.

Smith was easy for Newark and retired in the sixth.

Score: R. H. E. Newark 0 11122000 8 10 1 Baltimore 200002001 3 14 2 Batteries: Kaiserling and Hohn; Smith, Stagg, William and Owens.

Chicago, April 12.—St. Louis-Chicago game postponed on account of rain.

OUR "SHINY" OFFER—THIS AND 5 CENTS.

Don't Miss This. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Sold everywhere.

23 LICENSES ARE GRANTED

Commission Follows Out the Recommendations of Commissioner Pearce, Published a Week Ago—Few Changes Made in the Present List of Saloon Men.

Removal of Sand and Gravel from the Beach Between Picnic Rocks and Hewitt Avenue Will Be Prohibited, in Order to Protect the Lake Shore Boulevard.

Adopting the recommendations of Commissioner Pearce, of the department of accounts and finances, to whom the applications were referred two weeks ago, the city commission last night granted twenty-three retail and two wholesale liquor licenses. One license was awarded to John H. Manning, who will occupy the stand of the late Fred Thoney. Another was granted to Zigmunt Sobotka. Mr. Sobotka will establish himself in business at the saloon now conducted by Martin Rustenhoven. Joseph Marier was given the permit to conduct the Hotel Marquette sample room in lieu of John H. Lewis, proprietor of the hotel. Mr. Lewis has not applied for a renewal of his license. William Rice, of Rice & Jaworski, will conduct the business now conducted by the firm and, likewise, William Kerola takes the license formerly issued to Kerola & Matson.

Following are the names of the dealers to whom licenses will be issued for the present year:

- August Anderson.
- Harry F. Bending.
- Peter Boyer.
- Ernest H. Bush.
- Charles L. Christian.
- Timothy J. Foley.
- Doris E. Fontaine.
- Joseph Forwick.
- Andrew Hartvig.
- Anton Johnson.
- William Kerola.
- Frank LaDonte, Sr.
- John J. Dutmer and Henry J. Duttmer.

mer. John Larson. Charles H. Lockhart. John H. Manning. Joseph Marier. William Rice. Zigmunt Sobotka. Daniel E. Sullivan. Philip Trombly. Louis Vierling. Leander Winkka. F. Bending & company (wholesale). Upper Peninsula Brewing company (wholesale).

Will Save Shore Line.

The commission last night took steps to save the Lake Shore boulevard from the havoc of wave action. The commission enacted an ordinance prohibiting the removal of sand from the beach between Picnic rocks and Hewitt avenue. Heavy penalty is provided for violation. The city officials intend that the ordinance shall be rigidly enforced. The removal of sand has resulted in much damage along the shore the last two years. The enactment follows:

"Whereas, for many years past, contractors, framers and others have made a practice of removing beach sand in large quantities from the shore of Lake Superior from Picnic Rocks to Hewitt avenue, and this practice has resulted in the disappearance of the sand bar connecting the first and second picnic rocks, thus exposing the said lake shore, Lake Shore boulevard and other streets to great damage from storms. That it shall be unlawful for any person, firm or corporation to remove or carry away earth or sand from any portion of the shore of Lake Superior between the said Picnic rocks and the south line of Hewitt avenue. Any violation of this ordinance shall be punished by a fine not exceeding one hundred dollars for each offense, or by imprisonment in the county jail for a period not exceeding ninety days, or by both such fine and imprisonment in the discretion of the court."

Other Business.

A request from the board of directors of St. Luke's hospital that a concrete curbing be laid in the street extending to the hospital building was referred to the department of public works. Eighteen liquor licenses were presented by the city clerk and were referred to the commissioner of accounts and finances. Fees collected by the city clerk during the week past amounted to \$12.25. The city employees in the city hall will have Saturday afternoons off from May 13 to Oct. 15. A resolution closing the city building at noon on Saturdays during that time was adopted by the commission.

A petition from Alex Belmore and five residents of Harrison street for a sewer line that street was referred to the commissioner of public works. Frank Burrows was given a permit to operate a peanut and popcorn wagon during the summer months. At the conclusion of its regular business, the commissioners canvassed the votes cast at the election April 5.

ROYAL ARCANUM PROGRAM.

Musical Entertainment at Guild Hall Night of April 26.

A music program in which some of the best Marquette talent will take part has been arranged by a committee of the Royal Arcanum for presentation at the spring festival in Guild Hall April 26. Following the program there will be general dancing and a dancing contest. Refreshments will be served from booths by the Visiting Nurse association and the South Marquette Reading club, two of the city's charitable organizations. The program for the festival follows:

- Overture.....Orchestra
- Peter Behan, conductor.
- Vocal solo.....Howard Ulrich, accompanied by Mr. Behan, cellist.
- Piano solo.....Earl Richardson.
- Vocal solo.....Fred Bennett, Ishpeming.
- Duet, violin and cello.....Alex Finlay and Peter Behan.
- Vocal solo.....Mrs. Louis Vierling.
- Overture.....Orchestra
- Vocal solo.....Mrs. Louis Vierling.
- Quartet selections.....Langran Ford, tenor; Gordon Tucker, Frank Denny and Lawrence Tucker, Earl Richardson, accompanist.
- Special number.....The Great Keeno, Handuff King.

CONVENTION FOR DIOCESE JUNE 9-10

Episcopalians of the Upper Peninsula Will Meet This Year in Marquette.

The twentieth annual convention of the Episcopal diocese of Marquette will be held at St. Paul's church June 9 and 10. On the same days will be held the annual meeting of the Woman's Auxiliary of the diocese. In the Marquette diocese, which includes all of the upper peninsula, excepting Mackinac Island, are twenty-three parishes, each of which is entitled to representation in the convention to the extent of its clergy and three lay delegates. Bishop G. Mott Williams, who is at the head of the diocese, will preside.

The two conventions will bring together probably one hundred and fifty persons from every part of upper Michigan, and it will be the most important gathering of Episcopalians in Marquette in a number of years.

The present officers of the diocese and the auxiliary, all of whom will be here for the conventions, follow:

—Diocese—
Secretary—Rev. J. E. Crosbie, rector of St. John's church, Munising.
Chancellor—Judge J. W. Stone, Marquette.
Missionary Treasurer—Thornton A. Green, Ontonagon.
Missionary—Rev. William Poyser, Crystal Falls.
Arch Deacon—Rev. J. E. Curzon, Menominee.
Treasurer—Peter W. Phelps, Marquette.
—Auxiliary—
President—Mrs. Austin Farrell, Marquette.
First Vice President—Mrs. Thomas Bailey, Sault Ste. Marie.
Second Vice President—Mrs. H. L. Ramsdell, Ishpeming.
Third Vice President—Mrs. C. R. Colingwood, Houghton.
Secretary and Treasurer—Mrs. Bates G. Bart, Marquette.
President of United Offering—Mrs. M. M. Duncan, Ishpeming.
President of Junior Auxiliary—Mrs. C. V. R. Townsend, Negaunee.

CHIEF JOHNSTON VEXED.

With Gasoline Tank Dry, His Ford Machine Refuses to Answer to Alarm.

For about five minutes yesterday noon, William Johnston, chief of the fire department, was about as vexed a person as one could imagine. At 11:55 o'clock a call came from alarm box 24, in South Marquette, and the chief hastened from the city hall to the No. 1 hose house on Spring street to get his recently acquired Ford car. Men at the station had pushed the machine down the incline to the street, and it was waiting there for Mr. Johnston when he arrived. The chief cranked the machine several times, but was unable to get even a wheeze out of the engine. He tried other means to get the "specky critter" on its way. But it was impossible. About to give up in exasperation, a hurried examination of the gasoline tank revealed to the chief the cause of the trouble. The car was pushed back into the hose house, the tank filled, and in a few minutes the car was on its way.

BOYS GOT A DUCKING.

Three Marquette Youngsters Broke Through Ice at Picket Lake.

Howard Dolf, Clifford Ekstrom and Wilhelm Beckman, three Marquette boys, while returning from camp near Mangum Sunday, had a chilly experience when they broke through the ice of Picket lake, south of this city. They were not a great distance from shore, and their cries for help were heard by a member of the party who was a short distance in the lead. He returned to their assistance and succeeded in getting them out of the water.

If you are planning on repairing, raising or building your home, let me figure on it. I also put in concrete foundations. Jerry Anderson, 446 Rock St. Telephone 919-W. 4-10-1w

ALGER COUNTY "WETS" DEMAND A RECOUNT

Canvass Yesterday of Votes Cast April 5 Shows "Drys" in the Lead by Two.

The "wets" of Alger county yesterday filed a petition for a recount of the votes cast in the recent "local option" contest in six precincts. They took this action following a meeting of the board of supervisors, sitting as a board of canvassers, at which it was announced that the election had been won by the "drys" by two votes. It was previously reported the county had gone "dry" by a single vote. The recount will be commenced today.

Both sides have prepared to contest vigorously. William P. Belden, of Ishpeming, and a Lansing attorney have been engaged as counsel by the "drys." Attorney Stuart, of Munising, and counsel from Chicago will represent the "wets."

The precincts in which a recount is asked are: AuTrain township, Onota township, Rock River, Munising township precinct No. 2, Limestone township, and Mathias township.

PLANNING FOR THE YEAR.

Activities of Salvation Army Being Outlined by Officers in Charge.

Captain and Mrs. Albert Shaw, assisted by Lieutenant Dermody, of the Marquette Salvation Army corps, are preparing their plans for the year's work. Captain and Mrs. Shaw have about completed their first year of duty with the Marquette corps.

NO. 10 IN POOR FORM.

Team No. 1 of the Elks-City League Wins Three Straight Games.

Teams No. 1 and 10, two of the bottom-notchers in the Elks-City Bowling league, rolled three interesting games last night, No. 1 taking them all, each by a small margin. In total pins, No. 1 led by sixty-one. Tonight teams No. 3 and 5 bowled. Last evening's scores follow:

Team No.	1	2	3	4	5	6	7	8	9	10	Total
Jenks	209	161	192	362							
Byrens	152	137	168	457

Theatrical

Marquette Opera House.

Lane, Harper and Lane, the trio now staging a comedy singing, talking and piano act at the Marquette Opera house, gave two pleasing performances last night. They will be at the theater today and tomorrow. Their singing is good, and the act as a whole is well above the average. The Pathé weekly will be the feature of the program today. It includes views of a New York fire scene, the Harvard rowing crew, Caruso, the famous tenor, the prominent Chicago men, formerly newboys, selling papers in the streets in a recent crusade. An unusual picture will be "Colonel Heza Liar," a cartoon, and "This Is the Life," a Pathé comedy. Tomorrow the opera house will present "The Adventures of a Boy Scout," in five reels, for which the Marquette Boy Scouts are selling tickets.

Delft Theater.

"The Man from Home," a Jesse L. Lasky feature, with Charles Richman, the recent star in "Help Wanted," will be presented at the Delft theater this afternoon and tonight. "The stage presentation of this play met with success and the motion picture production likewise has enjoyed popularity," says

Great Scott! Look!

SPECIAL PRICE \$12.50
